

EXPLANATION OF H.R. 5335, TO MAKE TECHNICAL AMENDMENTS TO UPDATE STATUTORY REFERENCES TO PROVISIONS RECLASSIFIED TO TITLE 34, UNITED STATES CODE.

Purpose and Summary

H.R. 5335 makes technical amendments to update statutory references to provisions reclassified to title 34, United States Code. The amendments are required because title 34, United States Code, was editorially established to set forth more clearly the provisions relating to crime control and law enforcement.

Background

On September 1, 2017, title 34, United States Code, was editorially established to set forth more clearly the provisions relating to crime control and law enforcement. No statutory text was altered in this reorganization. The provisions were merely transferred from one place to another in the United States Code. This change was necessary to improve the organizational structure of the material in the United States Code. The Office of the Law Revision Counsel has prepared the bill and submitted it to the Committee on the Judiciary as part of the Office's ongoing responsibility under section 285b of title 2, United States Code, to maintain the United States Code and assist the Committee in the revision and codification of Federal statutes.
