established or maintained upon the species, type, or grade of livestock killed by any slaughterer, nor upon the types of slaughtering operations, including religious rituals, employed by any slaughterer; nor shall any requirements or regulations be established or maintained relating to the allocation or distribution of meat or meat products unless, and for the period for which, the Secretary of Agriculture shall have determined and certified to the President that the over-all supply of meat and meat products is inadequate to meet the civilian or military needs therefor: *Provided*, That nothing in this Act shall be construed to prohibit the President from requiring the grading and grade marking of meat and meat products."

No agreement shall be entered into by the United States limiting total United States consumption of any material unless such agreement authorizes domestic users in the United States to purchase the quantity of such material allocated to other countries participating in the International Materials Conference and not used by any such participating country. Nothing contained in this Act shall impair the authority of the President under this Act to exercise allocation and priorities controls over materials (both domestically produced and imported) and facilities through the controlled materials plan or other methods of allocation."

"(b) (1) There is hereby created, in the present Economic Stabilization Agency, or any successor agency, a Wage Stabilization Board (hereinafter in this subsection referred to as the 'Board'), which shall be composed, in equal numbers, of members representative of the general public, members representative of labor, and members representative of business and industry. The number of offices on the Board shall be established by Executive order.

**Members.**

"(2) The members of the Board shall be appointed by the President, by and with the advice and consent of the Senate. The President shall designate a Chairman and Vice Chairman of the Board from among the members representative of the general public.

"(3) The term of office of the members of the Board shall terminate on May 1, 1953. Any member appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall be appointed for the remainder of such term.

"(4) Each member representative of the general public shall receive compensation at the rate of \$15,000 a year, and while a member of the Board shall engage in no other business, vocation, or employment. Each member representative of labor, and each member representative of business and industry, shall receive \$50 for each day he is actually

For the purposes of this Act, stabilization of wages, salaries, and other compensation means prescribing maximum limits thereon. Except as provided in clause (B) of this paragraph, the Board shall have no jurisdiction with respect to any labor dispute or with respect to any issue involved therein. Labor disputes, and labor matters in dispute, which do not involve the interpretation or application of such regulations or policies shall be dealt with, if at all, insofar as the Federal Government is concerned, under the conciliation, mediation, emergency, or other provisions of laws heretofore or hereafter enacted by the Congress.

“(6) Paragraph (5) of this subsection shall take effect thirty days after the date on which this subsection is enacted. (a) Any person who is aggrieved by the denial or partial denial of his protest may, within thirty days after such denial, file a complaint with the Emergency Court of Appeals specifying his objections and praying that the regulation or order protested be enjoined or set aside in whole or in part. A copy of such complaint shall forthwith be served on the President, who shall certify and file with such court a transcript of such portions of the proceedings in connection with the protest as are material under the complaint. Such transcript shall include a statement setting forth, so far as practicable, the economic data and other facts of which the President has taken official notice. Upon such filing, the court shall have exclusive jurisdiction of the proceeding and of all questions determined therein, and shall have power to grant such temporary relief or restraining order as it deems just and proper; to permanently enjoin or set aside, in whole or in part, the regulation or order or the amendment of or supplement to the regulation or order protested; to make and enter upon the pleadings, evidence, testimony, and proceedings set forth in such transcript a decree enforcing, modifying, and enforcing as so modified, or setting aside in whole or in part the order of the President; to dismiss the petition; or to remand the proceeding to the President for further action in accordance with the court's decree: *Provided*, That the regulation or order may be modified or rescinded by the President at any time notwithstanding the pendency of such complaint. No objection to such regulation or order, and no evidence in support of any objection thereto, shall be considered by the court, unless such objection shall have been set forth by the complainant in the protest or such evidence shall be contained in the transcript. The findings of the President with respect to questions of fact, if supported by substantial evidence on the record considered as a whole, shall be conclusive. If application is made to the court by either party for leave to introduce additional evidence which was either offered to the President and not admitted, or which could not reasonably have been offered to the President or included by the President in such proceedings, and the court determines that such evidence should be admitted, the court shall order the evidence to be presented to the President. The President shall promptly receive the same, and such other evidence as he deems necessary or proper, and thereupon he shall certify and file with the court a transcript thereof and any modification made in the regulation or order as a result thereof; except that on request by the President, any such evidence shall be presented directly to the court.

"(b) The Emergency Court of Appeals is hereby continued for the purpose of the exercise of the jurisdiction granted by this title, with the powers herein specified, together with the powers heretofore granted by law to such court which are not inconsistent with the provisions of this title. The court shall have the powers of a district court with respect to the jurisdiction conferred on it by this title. So far as

The court in which the proceeding is pending shall grant such leave with respect to any objection which it finds is made in good faith and with respect to which it finds there is reasonable and substantial excuse for the defendant's failure to present such objection in a protest filed in accordance with section 407 of this title. Upon the filing of a complaint pursuant to and within thirty days from the granting of such leave, the Emergency Court of Appeals shall have jurisdiction to enjoin or set aside in whole or in part the provision of the regulation or order complained of or to dismiss the complaint. #### “SUSPENSION OF CONTROLS

“SEC. 412. It is hereby declared to be the policy of the Congress that the President shall use the price, wage, and other powers conferred by this Act, as amended, to promote the earliest practicable balance between production and the demand therefor of materials and services, and that the general control of wages and prices shall be terminated as rapidly as possible consistent with the policies and purposes set forth in this Act; and that pending such termination, in order to avoid burdensome and unnecessary reporting and record keeping which retard rather than assist in the achievement of the

purposes of this Act, price or wage regulations and orders, or both, shall be suspended in the case of any material or service or type of employment where such factors as condition of supply, existence of below ceiling prices, historical volatility of prices, wage pressures and wage relationships, or relative importance in relation to business costs or living costs will permit, and to the extent that such action will be consistent with the avoidance of a cumulative and dangerous unstabilizing effect. It is further the policy of the Congress that when the President finds that the termination of the suspension and the restoration of ceilings on the sales or charges for such material or service, or the further stabilization of such wages, salaries, and other compensation, or both, is necessary in order to effectuate the purposes of this Act, he shall by regulation or order terminate the suspension."

SEC. 115. Section 503 of the Defense Production Act of 1950, as amended, is hereby amended by adding at the end thereof the following: "It is the sense of the Congress that, by reason of the work stoppage now existing in the steel industry, the national safety is imperiled, and the Congress therefore requests the President to invoke immediately the national emergency provisions (sections 206 to 210, inclusive) of the Labor-Management Relations Act, 1947, for the purpose of terminating such work stoppage."

SEC. 116. (a) Section 601 of the Defense Production Act of 1950, as amended, is hereby repealed. The heading of title VI of the Defense Production Act of 1950, as amended, is amended to read as follows: "TITLE VI—CONTROL OF REAL ESTATE CREDIT", and the subheading of such title is amended to read as follows: "This title authorizes the regulation of real estate construction credit only". The table of contents in the first section of the Defense Production Act of 1950, as amended, is amended by striking out "consumer and".

(b) Title VI of the Defense Production Act of 1950, as amended, is amended by adding at the end thereof the following new section:

"SEC. 607. Notwithstanding the provisions of sections 602 and 605 of this title, the authority of the President which is derived from said sections to impose credit regulations relative to residential property shall not be exercised with respect to extensions of credit made during any 'period of residential credit control relaxation', as that term is herein defined, in such manner as to impose any down payment requirement in excess of 5 per centum of the transaction price. The President shall cause to be made estimates of the number of permanent, non-farm, family dwelling units, the construction of which has been started during each calendar month and, on the basis of such estimates, he shall cause to be made estimates of the annual rate of construction starts during each such month, after making reasonable allowance for seasonal variations in the rate of construction. If for any three consecutive months the annual rate of construction starts so found for each of the three months falls to a level below an annual rate of 1,200,000 starts per year, the President shall cause to be published in the Federal Register an announcement of the beginning of a 'period of residential credit control relaxation', which period shall begin not later than the first day of the second calendar month following such three consecutive months. Each such relaxation period may be terminated by the President at any time after the annual rate of construction starts thereafter estimated for each of any three consecutive months exceeds the level referred to in the preceding sentence."

(c) Section 708 of the Defense Production Act of 1950, as amended, is amended by adding at the end thereof the following new subsection:
