Each such lease may be for such duration and each such lease or contract of sale may be made on such terms (including type of use) as the Commission or such other agency deems advisable in the public interest: *Provided*, That each such lease or contract of sale shall contain, among other provisions, a national security clause, and each such lease shall contain provisions for the recapture of the tank cars leased by the Government and the termination of the lease, if the President determines that the national interest so requires. Any of such tank cars not under lease or contract of sale to non-Federal lessees or purchasers may be transferred without charge by the Commission or such agency to any Government department or agency upon request, for such use as the Commission or such agency deems advisable and subject to national security and recapture provisions of the type hereinabove provided for in this section running in favor of the Commission or other agency transferring the tank car or cars.
