TITLE II—JOB OPPORTUNITIES AND BASIC SKILLS TRAINING PROGRAM

SEC. 201. ESTABLISHMENT AND OPERATION OF PROGRAM.

42 USC 602.

(a) **STATE PLAN REQUIREMENT.**—Section 402(a)(19) of the Social Security Act is amended to read as follows:

“(19) provide—

“(A) that the State has in effect and operation a job opportunities and basic skills training program which meets the requirements of part F;

“(B) that—

“(i) the State will (except as otherwise provided in this paragraph or part F), to the extent that the program is available in the political subdivision involved and State resources otherwise permit—

“(I) require all recipients of aid to families with dependent children in such subdivision with respect to whom the State guarantees child care in accordance with section 402(g) to participate in the program; and

“(II) allow applicants for and recipients of aid to families with dependent children who are not required under subclause (I) to participate in the program to do so on a voluntary basis;

“(ii) in determining the priority of participation by individuals from among those groups described in clauses (i), (ii), (iii), and (iv) of section 403(1)(2)(B), the State will give first consideration to applicants for or recipients of aid to families with dependent children within any such group who volunteer to participate in the program;

“(iii) if an exempt participant drops out of the program without good cause after having commenced participation in the program, he or she shall thereafter not be given priority so long as other individuals are actively seeking to participate; and

“(iv) the State need not require or allow participation of an individual in the program if as a result of such participation the amount payable to the State for quarters in a fiscal year with respect to the program would be reduced pursuant to section 403(1)(2);

“(C) that an individual may not be required to participate in the program if such individual—

“(i) is ill, incapacitated, or of advanced age;

“(ii) is needed in the home because of the illness or incapacity of another member of the household;

“(iii) subject to subparagraph (D)—

“(I) is the parent or other relative of a child under 3 years of age (or, if so provided in the State plan, under any age that is less than 3 years but not less than one year) who is personally providing care for the child, or

“(II) is the parent or other relative personally providing care for a child under 6 years of age, unless the State assures that child care in accordance with section 402(g) will be guaranteed and that participation in the program by the parent or relative will not be required for more than 20 hours a week;

“(iv) works 30 or more hours a week;

“(v) is a child who is under age 16 or attends, full-time, an elementary, secondary, or vocational (or technical) school;

“(vi) is pregnant if it has been medically verified that the child is expected to be born in the month in which such participation would otherwise be required or within the 6-month period immediately following such month; or

“(vii) resides in an area of the State where the program is not available;

“(D) that, in the case of a family eligible for aid to families with dependent children by reason of the unemployment of the parent who is the principal earner, subparagraph (C)(iii) shall apply only to one parent, except that, in the case of such a family, the State may at its option make such subparagraph inapplicable to both of the parents (and require their participation in the program) if child care in accordance with section 402(g) is guaranteed with respect to the family;

“(E) that—

“(i) to the extent that the program is available in the political subdivision involved and State resources otherwise permit, in the case of a custodial parent who has not attained 20 years of age, has not successfully completed a high-school education (or its equivalent), and is required to participate in the program (including an individual who would otherwise be exempt from participation in the program solely by reason of subparagraph (C)(iii)), the State agency (subject to clause (ii)) will require such parent to participate in an educational activity; and

“(ii) the State agency may—

“(I) require a parent described in clause (i) (notwithstanding the part-time requirement in subparagraph (C)(iii)(II)) to participate in educational activities directed toward the attainment of a high school diploma or its equivalent on a full-time (as defined by the educational provider) basis,

“(II) establish criteria in accordance with regulations of the Secretary under which custodial parents described in clause (i) who have not attained 18 years of age may be exempted from the school attendance requirement under such clause, or

“(III) require a parent described in clause (i) who is age 18 or 19 to participate in training or work activities (in lieu of the educational activities under such clause) if such parent fails to make good progress in successfully completing such educational activities or if it is determined (prior to any assignment of the individual to such educational activities) pursuant to an educational assessment that participation in such educational activities is inappropriate for such parent;

“(F) that—

“(i) if the parent or other caretaker relative or any dependent child in the family is attending (in good standing) an institution of higher education (as defined in section 481(a) of the Higher Education Act of 1965), or a school or course of vocational or technical training (not less than half time) consistent with the individual's employment goals, and is making satisfactory progress in such institution, school, or course, at the time he or she would otherwise commence participation in the program under this section, such attendance may constitute satisfactory participation in the pro-

gram (by that caretaker or child) so long as it continues and is consistent with such goals;

“(ii) any other activities in which an individual described in clause (i) participates may not be permitted to interfere with the school or training described in that clause;

“(iii) the costs of such school or training shall not constitute federally reimbursable expenses for purposes of section 403; and

“(iv) the costs of day care, transportation, and other services which are necessary (as determined by the State agency) for such attendance in accordance with section 402(g) are eligible for Federal reimbursement;

“(G) that—

“(i) if an individual who is required by the provisions of this paragraph to participate in the program or who is so required by reason of the State’s having exercised the option under subparagraph (D) fails without good cause to participate in the program or refuses without good cause to accept employment in which such individual is able to engage which is offered through the public employment offices of the State, or is otherwise offered by an employer if the offer of such employer is determined to be a bona fide offer of employment—

“(I) the needs of such individual (whether or not section 407 applies) shall not be taken into account in making the determination with respect to his or her family under paragraph (7) of this subsection, and if such individual is a parent or other caretaker relative, payments of aid for any dependent child in the family in the form of payments of the type described in section 406(b)(2) (which in such a case shall be without regard to clauses (A) through (D) thereof) will be made unless the State agency, after making reasonable efforts, is unable to locate an appropriate individual to whom such payments can be made; and

“(II) if such individual is a member of a family which is eligible for aid to families with dependent children by reason of section 407, and his or her spouse is not participating in the program, the needs of such spouse shall also not be taken into account in making such determination;

“(ii) any sanction described in clause (i) shall continue—

“(I) in the case of the individual’s first failure to comply, until the failure to comply ceases;

“(II) in the case of the individual’s second failure to comply, until the failure to comply ceases or 3 months (whichever is longer); and

“(III) in the case of any subsequent failure to comply, until the failure to comply ceases or 6 months (whichever is longer);

“(iii) the State will promptly remind any individual whose failure to comply has continued for 3 months, in

Day care.
Transportation.

writing, of the individual's option to end the sanction by terminating such failure; and

“(iv) no sanction shall be imposed under this subparagraph—

“(I) on the basis of the refusal of an individual described in subparagraph (C)(iii)(II) to accept employment, if the employment would require such individual to work more than 20 hours a week, or

“(II) on the basis of the refusal of an individual to participate in the program or accept employment, if child care (or day care for any incapacitated individual living in the same home as a dependent child) is necessary for an individual to participate in the program or accept employment, such care is not available, and the State agency fails to provide such care; and

“(H) the State agency may require a participant in the program to accept a job only if such agency assures that the family of such participant will experience no net loss of cash income resulting from acceptance of the job; and any costs incurred by the State agency as a result of this subparagraph shall be treated as expenditures with respect to which section 403(a)(1) or 403(a)(2) applies;”

(b) **ESTABLISHMENT AND OPERATION OF PROGRAM.**—Title IV of such Act is further amended by adding at the end the following new part:

“PART F—JOB OPPORTUNITIES AND BASIC SKILLS TRAINING PROGRAM

“PURPOSE AND DEFINITIONS

42 USC 681.

“**SEC. 481. (a) PURPOSE.**—It is the purpose of this part to assure that needy families with children obtain the education, training, and employment that will help them avoid long-term welfare dependence.

“(b) **MEANING OF TERMS.**—Except to the extent otherwise specifically indicated, terms used in this part shall have the meanings given them in or under part A.

“ESTABLISHMENT AND OPERATION OF STATE PROGRAMS

42 USC 682.
Regulations.

“**SEC. 482. (a) STATE PLANS FOR JOB OPPORTUNITIES AND BASIC SKILLS TRAINING PROGRAMS.**—(1)(A) As a condition of its participation in the program of aid to families with dependent children under part A, each State shall establish and operate a job opportunities and basic skills training program (in this part referred to as the ‘program’) under a plan approved by the Secretary as meeting all of the requirements of this part and section 402(a)(19), and shall, in accordance with regulations prescribed by the Secretary, periodically (but not less frequently than every 2 years) review and update its plan and submit the updated plan for approval by the Secretary.

“(B) A State plan for establishing and operating the program must describe how the State intends to implement the program during the period covered by the plan, and must indicate, through cross-references to the appropriate provisions of this part and part A, that the program will be operated in accordance with such provision of law. In addition, such plan must contain (i) an estimate of the

number of persons to be served by the program, (ii) a description of the services to be provided within the State and the political subdivisions thereof, the needs to be addressed through the provision of such services, the extent to which such services are expected to be made available by other agencies on a nonreimbursable basis, and the extent to which such services are to be provided or funded by the program, and (iii) such additional information as the Secretary may require by regulation to enable the Secretary to determine that the State program will meet all of the requirements of this part and part A.

“(C) The Secretary shall consult with the Secretary of Labor on general plan requirements and on criteria to be used in approving State plans under this section.

“(D)(i) Not later than October 1, 1992, each State shall make the program available in each political subdivision of such State where it is feasible to do so, after taking into account the number of prospective participants, the local economy, and other relevant factors.

“(ii) If a State determines that it is not feasible to make the program available in each such subdivision, the State plan must provide appropriate justification to the Secretary.

“(2) The State agency that administers or supervises the administration of the State's plan approved under section 402 shall be responsible for the administration or supervision of the administration of the State's program.

“(3) Federal funds made available to a State for purposes of the program shall not be used to supplant non-Federal funds for existing services and activities which promote the purpose of this part. State or local funds expended for such purpose shall be maintained at least at the level of such expenditures for the fiscal year 1986.

“(b) ASSESSMENT AND REVIEW OF NEEDS AND SKILLS OF PARTICIPANTS; EMPLOYABILITY PLAN.—(1)(A) The State agency must make an initial assessment of the educational, child care, and other supportive services needs as well as the skills, prior work experience, and employability of each participant in the program under this part, including a review of the family circumstances. The agency may also review the needs of any child of the participant.

“(B) On the basis of such assessment, the State agency, in consultation with the participant, shall develop an employability plan for the participant. The employability plan shall explain the services that will be provided by the State agency and the activities in which the participant will take part under the program, including child care and other supportive services, shall set forth an employment goal for the participant, and shall, to the maximum extent possible and consistent with this section, reflect the respective preferences of such participant. The plan must take into account the participant's supportive services needs, available program resources, and local employment opportunities. The employability plan shall not be considered a contract.

“(2) Following the initial assessment and review and the development of the employability plan with respect to any participant in the program, the State agency may require the participant (or the adult caretaker in the family of which the participant is a member) to negotiate and enter into an agreement with the State agency that specifies such matters as the participant's obligations under the program, the duration of participation in the program, and the activities to be conducted and the services to be provided in the

course of such participation. If the State agency exercises the option under the preceding sentence, the State agency must give the participant such assistance as he or she may require in reviewing and understanding the agreement.

“(3) The State agency may assign a case manager to each participant and the participant’s family. The case manager so assigned must be responsible for assisting the family to obtain any services which may be needed to assure effective participation in the program.

“(c) PROVISION OF PROGRAM AND EMPLOYMENT INFORMATION.—(1) The State agency must ensure that all applicants for and recipients of aid to families with dependent children are encouraged, assisted, and required to fulfill their responsibilities to support their children by preparing for, accepting, and retaining such employment as they are capable of performing.

“(2) The State agency must inform all applicants for and recipients of aid to families with dependent children of the education, employment, and training opportunities, and the support services (including child care and health coverage transition options), for which they are eligible, the obligations of the State agency, and the rights, responsibilities, and obligations of participants in the program.

“(3) The State agency must—

“(A) provide (directly or through arrangements with others) information on the types and locations of child care services reasonably accessible to participants in the program,

“(B) inform participants that assistance is available to help them select appropriate child care services, and

“(C) on request, provide assistance to participants in obtaining child care services.

“(4) The State agency must inform applicants for and recipients of aid to families with dependent children of the grounds for exemption from participation in the program and the consequences of refusal to participate if not exempt, and provide other appropriate information with respect to such participation.

“(5) Within one month after the State agency gives a recipient of aid to families with dependent children the information described in the preceding provisions of this paragraph, the State agency must notify such recipient of the opportunity to indicate his or her desire to participate in the program, including a clear description of how to enter the program.

“(d) SERVICES AND ACTIVITIES UNDER THE PROGRAM.—(1)(A) In carrying out the program, each State shall make available a broad range of services and activities to aid in carrying out the purpose of this part. Such services and activities—

“(i) shall include—

“(I) educational activities (as appropriate), including high school or equivalent education (combined with training as needed), basic and remedial education to achieve a basic literacy level, and education for individuals with limited English proficiency;

“(II) job skills training;

“(III) job readiness activities to help prepare participants for work; and

“(IV) job development and job placement; and

“(ii) must also include at least 2 of the following:

“(I) group and individual job search as described in subsection (g);

“(II) on-the-job training;

“(III) work supplementation programs as described in subsection (e); and

“(IV) community work experience programs as described in subsection (f) or any other work experience program approved by the Secretary.

“(B) The State may also offer to participants under the program (i) postsecondary education in appropriate cases, and (ii) such other education, training, and employment activities as may be determined by the State and allowed by regulations of the Secretary.

“(2) If the State requires an individual who has attained the age of 20 years and has not earned a high school diploma (or equivalent) to participate in the program, the State agency shall include educational activities consistent with his or her employment goals as a component of the individual's participation in the program, unless the individual demonstrates a basic literacy level, or the employability plan for the individual identifies a long-term employment goal that does not require a high school diploma (or equivalent). Any other services or activities to which such a participant is assigned may not be permitted to interfere with his or her participation in an appropriate educational activity under this subparagraph.

“(3) Notwithstanding any other provision of this section, the Secretary shall permit up to 5 States to provide services under the program, on a voluntary or mandatory basis, to non-custodial parents who are unemployed and unable to meet their child support obligations. Any State providing services to non-custodial parents pursuant to this paragraph shall evaluate the provision of such services, giving particular attention to the extent to which the provision of such services to those parents is contributing to the achievement of the purpose of this part, and shall report the results of such evaluation to the Secretary.

Reports.

“(e) **WORK SUPPLEMENTATION PROGRAM.**—(1) Any State may institute a work supplementation program under which such State, to the extent it considers appropriate, may reserve the sums that would otherwise be payable to participants in the program as aid to families with dependent children and use such sums instead for the purpose of providing and subsidizing jobs for such participants (as described in paragraph (3)(C) (i) and (ii)), as an alternative to the aid to families with dependent children that would otherwise be so payable to them.

“(2)(A) Notwithstanding section 406 or any other provision of law, Federal funds may be paid to a State under part A, subject to this subsection, with respect to expenditures incurred in operating a work supplementation program under this subsection.

“(B) Nothing in this part, or in any State plan approved under part A, shall be construed to prevent a State from operating (on such terms and conditions and in such cases as the State may find to be necessary or appropriate) a work supplementation program in accordance with this subsection and section 484.

“(C) Notwithstanding section 402(a)(23) or any other provision of law, a State may adjust the levels of the standards of need under the State plan as the State determines to be necessary and appropriate for carrying out a work supplementation program under this subsection.

“(D) Notwithstanding section 402(a)(1) or any other provision of law, a State operating a work supplementation program under this subsection may provide that the need standards in effect in those areas of the State in which such program is in operation may be different from the need standards in effect in the areas in which such program is not in operation, and such State may provide that the need standards for categories of recipients may vary among such categories to the extent the State determines to be appropriate on the basis of ability to participate in the work supplementation program.

“(E) Notwithstanding any other provision of law, a State may make such further adjustments in the amounts of the aid to families with dependent children paid under the plan to different categories of recipients (as determined under subparagraph (D)) in order to offset increases in benefits from needs-related programs (other than the State plan approved under part A) as the State determines to be necessary and appropriate to further the purposes of the work supplementation program.

“(F) In determining the amounts to be reserved and used for providing and subsidizing jobs under this subsection as described in paragraph (1), the State may use a sampling methodology.

“(G) Notwithstanding section 402(a)(8) or any other provision of law, a State operating a work supplementation program under this subsection (i) may reduce or eliminate the amount of earned income to be disregarded under the State plan as the State determines to be necessary and appropriate to further the purposes of the work supplementation program, and (ii) during one or more of the first 9 months of an individual’s employment pursuant to a program under this section, may apply to the wages of the individual the provisions of subparagraph (A)(iv) of section 402(a)(8) without regard to the provisions of subparagraph (B)(ii)(II) of such section.

“(3)(A) A work supplementation program operated by a State under this subsection may provide that any individual who is an eligible individual (as determined under subparagraph (B)) shall take a supplemented job (as defined in subparagraph (C)) to the extent that supplemented jobs are available under the program. Payments by the State to individuals or to employers under the work supplementation program shall be treated as expenditures incurred by the State for aid to families with dependent children except as limited by paragraph (4).

“(B) For purposes of this subsection, an eligible individual is an individual who is in a category which the State determines should be eligible to participate in the work supplementation program, and who would, at the time of placement in the job involved, be eligible for aid to families with dependent children under an approved State plan if such State did not have a work supplementation program in effect.

“(C) For purposes of this section, a supplemented job is—

“(i) a job provided to an eligible individual by the State or local agency administering the State plan under part A; or

“(ii) a job provided to an eligible individual by any other employer for which all or part of the wages are paid by such State or local agency.

A State may provide or subsidize under the program any job which such State determines to be appropriate.

“(D) At the option of the State, individuals who hold supplemented jobs under a State’s work supplementation program shall be

exempt from the retrospective budgeting requirements imposed pursuant to section 402(a)(13)(A)(ii) (and the amount of the aid which is payable to the family of any such individual for any month, or which would be so payable but for the individual's participation in the work supplementation program, shall be determined on the basis of the income and other relevant circumstances in that month).

“(4) The amount of the Federal payment to a State under section 403 for expenditures incurred in making payments to individuals and employers under a work supplementation program under this subsection shall not exceed an amount equal to the amount which would otherwise be payable under such section if the family of each individual employed in the program established in such State under this subsection had received the maximum amount of aid to families with dependent children payable under the State plan to such a family with no income (without regard to adjustments under paragraph (2)) for the lesser of (A) 9 months, or (B) the number of months in which such individual was employed in such program.

“(5)(A) Nothing in this subsection shall be construed as requiring the State or local agency administering the State plan to provide employee status to an eligible individual to whom it provides a job under the work supplementation program (or with respect to whom it provides all or part of the wages paid to the individual by another entity under such program), or as requiring any State or local agency to provide that an eligible individual filling a job position provided by another entity under such program be provided employee status by such entity during the first 13 weeks such individual fills that position.

“(B) Wages paid under a work supplementation program shall be considered to be earned income for purposes of any provision of law.

Wages.

“(6) Any State that chooses to operate a work supplementation program under this subsection shall provide that any individual who participates in such program, and any child or relative of such individual (or other individual living in the same household as such individual) who would be eligible for aid to families with dependent children under the State plan approved under part A if such State did not have a work supplementation program, shall be considered individuals receiving aid to families with dependent children under the State plan approved under part A for purposes of eligibility for medical assistance under the State plan approved under title XIX.

“(7) No individual receiving aid to families with dependent children under a State plan shall be excused by reason of the fact that such State has a work supplementation program from any requirement of this part relating to work requirements, except during periods in which such individual is employed under such work supplementation program.

“(f) COMMUNITY WORK EXPERIENCE PROGRAM.—(1)(A) Any State may establish a community work experience program in accordance with this subsection. The purpose of the community work experience program is to provide experience and training for individuals not otherwise able to obtain employment, in order to assist them to move into regular employment. Community work experience programs shall be designed to improve the employability of participants through actual work experience and training and to enable individuals employed under community work experience programs to move promptly into regular public or private employment. The facilities of the State public employment offices may be utilized to find

employment opportunities for recipients under this program. Community work experience programs shall be limited to projects which serve a useful public purpose in fields such as health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety, and day care. To the extent possible, the prior training, experience, and skills of a recipient shall be used in making appropriate work experience assignments.

“(B)(i) A State that elects to establish a community work experience program under this subsection shall operate such program so that each participant (as determined by the State) either works or undergoes training (or both) with the maximum number of hours that any such individual may be required to work in any month being a number equal to the amount of the aid to families with dependent children payable with respect to the family of which such individual is a member under the State plan approved under this part, divided by the greater of the Federal minimum wage or the applicable State minimum wage (and the portion of a recipient's aid for which the State is reimbursed by a child support collection shall not be taken into account in determining the number of hours that such individual may be required to work).

“(ii) After an individual has been assigned to a position in a community work experience program under this subsection for 9 months, such individual may not be required to continue in that assignment unless the maximum number of hours of participation is no greater than (I) the amount of the aid to families with dependent children payable with respect to the family of which such individual is a member under the State plan approved under this part (excluding any portion of such aid for which the State is reimbursed by a child support payment), divided by (II) the higher of (a) the Federal minimum wage or the applicable State minimum wage, whichever is greater, or (b) the rate of pay for individuals employed in the same or similar occupations by the same employer at the same site.

“(C) Nothing contained in this subsection shall be construed as authorizing the payment of aid to families with dependent children as compensation for work performed, nor shall a participant be entitled to a salary or to any other work or training expense provided under any other provision of law by reason of his participation in a program under this subsection.

“(D) Nothing in this part or in any State plan approved under this part shall be construed to prevent a State from operating (on such terms and conditions and in such cases as the State may find to be necessary or appropriate) a community work experience program in accordance with this subsection and subsection (d).

“(E) Participants in community work experience programs under this subsection may perform work in the public interest (which otherwise meets the requirements of this subsection) for a Federal office or agency with its consent, and, notwithstanding section 1342 of title 31, United States Code, or any other provision of law, such agency may accept such services, but such participants shall not be considered to be Federal employees for any purpose.

“(2) After each 6 months of an individual's participation in a community work experience program under this subsection, and at the conclusion of each assignment of the individual under such program, the State agency must provide a reassessment and revision, as appropriate, of the individual's employability plan.

“(3) The State agency shall provide coordination among a community work experience program operated pursuant to this subsection, any program of job search under subsection (g), and the other employment-related activities under the program established by this section so as to insure that job placement will have priority over participation in the community work experience program, and that individuals eligible to participate in more than one such program are not denied aid to families with dependent children on the grounds of failure to participate in one such program if they are actively and satisfactorily participating in another. The State agency may provide that part-time participation in more than one such program may be required where appropriate.

“(4) In the case of any State that makes expenditures in the form described in paragraph (1) under its State plan approved under section 482(a)(1), expenditures for the operation and administration of the program under this section may not include, for purposes of section 403, the cost of making or acquiring materials or equipment in connection with the work performed under a program referred to in paragraph (1) or the cost of supervision of work under such program, and may include only such other costs attributable to such programs as are permitted by the Secretary.

“(g) **JOB SEARCH PROGRAM.**—(1) The State agency may establish and carry out a program of job search for individuals participating in the program under this part.

“(2) Notwithstanding section 402(a)(19)(B)(i), the State agency may require job search by an individual applying for or receiving aid to families with dependent children (other than an individual described in section 402(a)(19)(C) who is not an individual with respect to whom section 402(a)(19)(D) applies)—

“(A) subject to the next to last sentence of this paragraph, beginning at the time such individual applies for aid to families with dependent children and continuing for a period (prescribed by the State) of not more than 8 weeks (but this requirement may not be used as a reason for any delay in making a determination of an individual’s eligibility for such aid or in issuing a payment to or on behalf of any individual who is otherwise eligible for such aid); and

“(B) at such time or times after the close of the period prescribed under subparagraph (A) as the State agency may determine but not to exceed a total of 8 weeks in any period of 12 consecutive months.

In no event may an individual be required to participate in job search for more than 3 weeks before the State agency conducts the assessment and review with respect to such individual under subsection (b)(1)(A). Job search activities in addition to those required under the preceding provisions of this paragraph may be required only in combination with some other education, training, or employment activity which is designed to improve the individual’s prospects for employment.

“(3) Job search by an individual under this subsection shall in no event be treated, for any purpose, as an activity under the program if the individual has participated in such job search for 4 months out of the preceding 12 months.

“(h) **DISPUTE RESOLUTION PROCEDURES.**—Each State shall establish a conciliation procedure for the resolution of disputes involving an individual’s participation in the program and (if the dispute involved is not resolved through conciliation) shall provide an oppor-

tunity for a hearing with respect to the dispute, which hearing may be provided through a hearing process established for purposes of resolving disputes with respect to the program or through the provision of a hearing pursuant to section 402(a)(4); but in no event shall aid to families with dependent children be suspended, reduced, discontinued, or terminated as a result of a dispute involving an individual's participation in the program until such individual has an opportunity for a hearing that meets the standards set forth by the United States Supreme Court in *Goldberg v. Kelly*, 397 U.S. 254 (1970).

Alaska.

“(i) SPECIAL PROVISIONS RELATING TO INDIAN TRIBES.—(1) Within 6 months after the date of the enactment of the Family Support Act of 1988, an Indian tribe or Alaska Native organization may apply to the Secretary to conduct a job opportunities and basic skills training program to carry out the purpose of this subsection. If the Secretary approves such tribe's or organization's application, the maximum amount that may be paid to the State under section 403(1) in which such tribe or organization is located shall be reduced by the Secretary in accordance with paragraph (2) and an amount equal to the amount of such reduction shall be paid directly to such tribe or organization (without the requirement of any nonfederal share) for the operation of such program. In determining whether to approve an application from an Alaska Native organization, the Secretary shall consider whether approval of the application would promote the efficient and nonduplicative administration of job opportunities and basic skills training programs in the State.

“(2) The amount of the reduction under paragraph (1) with respect to any State in which is located an Indian tribe or Alaska Native organization with an application approved under such paragraph shall be an amount equal to the amount that bears the same ratio to the maximum amount that could be paid under section 403(1) to the State as—

“(A) the number of adult members of such Indian tribe receiving aid to families with dependent children bears to the number of all such adult recipients in the State, or

“(B) the number of adult Alaska Natives receiving aid to families with dependent children who reside within the boundaries of such Alaska Native organization bears to the number of all such adult recipients in the State of Alaska.

“(3) The job opportunities and basic skills training program set forth in the application of an Indian tribe or Alaska Native organization under paragraph (1) need not meet any requirement of the program under this part or under section 402(a)(19) that the Secretary determines is inappropriate with respect to such job opportunities and basic skills training program.

“(4) The job opportunities and basic skills training program of any Indian tribe or Alaska Native organization may be terminated voluntarily by such tribe or Alaska Native organization or may be terminated by the Secretary upon a finding that the tribe or Alaska Native organization is not conducting such program in substantial conformity with the terms of the application approved by the Secretary, and the maximum amount that may be paid under section 403(1) to the State within which the tribe or Alaska Native organization is located (as reduced pursuant to paragraph (1)) shall be increased by any portion of the amount retained by the Secretary with respect to such program (and not payable to such tribe or Alaska Native organization for obligations already incurred). The

reduction under paragraph (1) shall in no event apply to a State for any fiscal year beginning after such program is terminated if no other such program remains in operation in the State.

“(5) For purposes of this subsection, an Indian tribe is any tribe, band, nation, or other organized group or community of Indians that—

“(A) is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians; and

“(B) for which a reservation (as defined in paragraph (6)) exists.

“(6) For purposes of this subsection, a reservation includes Indian reservations, public domain Indian allotments, and former Indian reservations in Oklahoma.

“(7) For purposes of this subsection—

“(A) an Alaska Native organization is any organized group of Alaska Natives eligible to operate a Federal program under Public Law 93-638 or such group's designee;

“(B) the boundaries of an Alaska Native organization shall be those of the geographical region, established pursuant to section 7(a) of the Alaska Native Claims Settlement Act, within which the Alaska Native organization is located (without regard to the ownership of the land within the boundaries);

“(C) the Secretary may approve only one application from an Alaska Native organization for each of the 12 geographical regions established pursuant to section 7(a) of the Alaska Native Claims Settlement Act; and

“(D) any Alaska Native, otherwise eligible or required to participate in a job opportunities and basic skills training program, residing within the boundaries of an Alaska Native organization whose application has been approved by the Secretary, shall be eligible to participate in the job opportunities and basic skills training program administered by such Alaska Native organization.

“(8) Nothing in this subsection shall be construed to grant or defer any status or powers other than those expressly granted in this subsection or to validate or invalidate any claim by Alaska Natives of sovereign authority over lands or people.

“(2) the employment or assignment of a participant or the filling of a position when (A) any other individual is on layoff from the same or any equivalent position, or (B) the employer has terminated the employment of any regular employee or otherwise reduced its workforce with the effect of filling the

vacancy so created with a participant subsidized under the program; or

“(3) any infringement of the promotional opportunities of any currently employed individual.

Funds available to carry out the program under this part may not be used to assist, promote, or deter union organizing. No participant may be assigned under section 482 (e) or (f) to fill any established unfilled position vacancy.

“(d)(1) The State shall establish and maintain (pursuant to regulations jointly issued by the Secretary and the Secretary of Labor) a grievance procedure for resolving complaints by regular employees or their representatives that the work assignment of an individual under the program violates any of the prohibitions described in subsection (c). A decision of the State under such procedure may be appealed to the Secretary of Labor for investigation and such action as such Secretary may find necessary.

“(2) The State shall hear complaints with respect to working conditions and workers' compensation, and wage rates in the case of individuals participating in community work experience programs described in section 482(f), under the State's fair hearing process. “(e) The State agency shall use the services of each private industry council to identify and provide advice on the types of jobs available or likely to become available in the service delivery area (as defined in the Job Training Partnership Act) of the council, and shall ensure that the State program provides training in any area for jobs of a type which are, or are likely to become, available in the area.

“INITIAL STATE EVALUATIONS

42 USC 686.

“SEC. 486. (a) With the objective of—

“(1) providing an in-depth assessment of potential participants in the program under this part in each State, so as to furnish an accurate picture on which to base estimates of future demands for services in conducting such program and to improve the efficiency of targeting under such program,

“(2) assuring that training for recipients of aid under such program will be realistically geared to labor market demands and that the program will produce individuals with marketable skills, while avoiding duplication and redundancy in the delivery of services, and

Effective date.

“(3) otherwise assuring that States will have the information needed to carry out the purposes of the program, each State may undertake and carry out an evaluation of demographic characteristics of potential participants in the program under this part within the 12-month period beginning on the date of the enactment of the Family Support Act of 1988. Such evaluation shall be carried out in each State by the agency which administers the State's program approved under section 402.

“(b) In carrying out the evaluation under subsection (a) the State shall give particular attention to the current and anticipated demands of the labor market or markets within the State, the types of training which are needed to meet those demands, and any changes in the current service delivery systems which may be needed to satisfy the requirements of the program under this part.

“(c) The evaluation shall be structured so as to produce accurate and usable information on the age, family status, educational and literacy levels, duration of eligibility for aid to families with dependent children, and work experience of the individuals and families who are potential participants in the program under this part, including the actual numbers of such individuals and families in each such category.

“(d) The Secretary of Health and Human Services, in consultation with the Secretary of Labor, shall provide each State with such technical assistance and data as it may need in order to carry out its evaluation under subsection (a); and each State shall transmit its evaluation to the Secretary by the close of the 12-month period specified in such subsection. The Secretary of Health and Human Services shall take such evaluations into account in developing performance standards.

“(e) As used in this section, the term ‘potential participants’ with respect to any State's program under this part means collectively all individuals in such State who are recipients of aid to families with dependent children under part A and who are members of the target populations identified in section 403(1)(2).”

42 USC 603.

(c) SEPARATE FUNDING FOR JOBS PROGRAM; FEDERAL FINANCIAL PARTICIPATION.—(1) Section 403 of such Act is amended by adding at the end the following new subsection:

“(k)(1) Each State with a plan approved under part F shall be entitled to payments under subsection (l) for any fiscal year in an amount equal to the sum of the applicable percentages (specified in such subsection) of its expenditures to carry out the program under part F (subject to limitations prescribed by or pursuant to such part or this section on expenditures that may be included for purposes of determining payment under subsection (l)), but such payments for any fiscal year in the case of any State may not exceed the limitation determined under paragraph (2) with respect to the State.

“(2) The limitation determined under this paragraph with respect to a State for any fiscal year is—

“(A) the amount allotted to the State for fiscal year 1987 under part C of this title as then in effect, plus

“(B) the amount that bears the same ratio to the amount specified in paragraph (3) for such fiscal year as the average monthly number of adult recipients (as defined in paragraph (4)) in the State in the preceding fiscal year bears to the average monthly number of such recipients in all the States for such preceding year.

“(3) The amount specified in this paragraph is—

“(A) \$600,000,000 in the case of the fiscal year 1989,

“(B) \$800,000,000 in the case of the fiscal year 1990,

“(C) \$1,000,000,000 in the case of each of the fiscal years 1991, 1992, and 1993,

“(D) \$1,100,000,000 in the case of the fiscal year 1994,

“(E) \$1,300,000,000 in the case of the fiscal year 1995, and

“(F) \$1,000,000,000 in the case of the fiscal year 1996 and each succeeding fiscal year,

reduced by the aggregate amount allotted to all the States for fiscal year 1987 pursuant to part C of this title as then in effect.

“(4) For purposes of this subsection, the term ‘adult recipient’ in the case of any State means an individual other than a dependent child (unless such child is the custodial parent of another dependent child) whose needs are met (in whole or in part) with payments of aid to families with dependent children.

“(5) None of the funds available to a State for purposes of the programs or activities conducted under part F shall be used for construction.”

(2) Section 403 of such Act (as amended by paragraph (1) of this subsection) is further amended by adding at the end the following new subsection:

“(1)(A) In lieu of any payment under subsection (a), the Secretary shall pay to each State with a plan approved under section 482(a) (subject to the limitation determined under section 482(i)(2)) with respect to expenditures by the State to carry out a program under part F (including expenditures for child care under section 402(g)(1)(A), but only in the case of a State with respect to which section 1108 applies), an amount equal to—

“(i) with respect to so much of such expenditures in a fiscal year as do not exceed the State’s expenditures in the fiscal year 1987 with respect to which payments were made to such State from its allotment for such fiscal year pursuant to part C of this title as then in effect, 90 percent; and

“(ii) with respect to so much of such expenditures in a fiscal year as exceed the amount described in clause (i)—

“(I) 50 percent, in the case of expenditures for administrative costs made by a State in operating such a program for

such fiscal year (other than the personnel costs for staff employed full-time in the operation of such program) and the costs of transportation and other work-related supportive services under section 402(g)(2), and

“(II) the greater of 60 percent or the Federal medical assistance percentage (as defined in section 1118 in the case of any State to which section 1108 applies, or as defined in section 1905(b) in the case of any other State), in the case of expenditures made by a State in operating such a program for such fiscal year (other than for costs described in subclause (I)).

“(B) With respect to the amount for which payment is made to a State under subparagraph (A)(i), the State’s expenditures for the costs of operating a program established under part F may be in cash or in kind, fairly evaluated.

“(2)(A) Notwithstanding paragraph (1), the Secretary shall pay to a State an amount equal to 50 percent of the expenditures made by such State in operating its program established under part F (in lieu of any different percentage specified in paragraph (1)(A)) if less than 55 percent of such expenditures are made with respect to individuals who are described in subparagraph (B).

“(B) An individual is described in this paragraph if the individual—

“(i)(I) is receiving aid to families with dependent children, and

“(II) has received such aid for any 36 of the preceding 60 months;

“(ii)(I) makes application for aid to families with dependent children, and

“(II) has received such aid for any 36 of the 60 months immediately preceding the most recent month for which application has been made;

“(iii) is a custodial parent under the age of 24 who (I) has not completed a high school education and, at the time of application for aid to families with dependent children, is not enrolled in high school (or a high school equivalency course of instruction), or (II) had little or no work experience in the preceding year; or

“(iv) is a member of a family in which the youngest child is within 2 years of being ineligible for aid to families with dependent children because of age.

“(C) This paragraph may be waived by the Secretary with respect to any State which demonstrates to the satisfaction of the Secretary that the characteristics of the caseload in that State make it infeasible to meet the requirements of this paragraph, and that the State is targeting other long-term or potential long-term recipients.

“(D) The Secretary shall biennially submit to the Congress any recommendations for modifications or additions to the groups of individuals described in subparagraph (B) that the Secretary determines would further the goal of assisting long-term or potential long-term recipients of aid to families with dependent children to achieve self-sufficiency, which recommendations shall take into account the particular characteristics of the populations of individual States.

“(3)(A) Notwithstanding paragraph (1), the Secretary shall pay to a State an amount equal to 50 percent of the expenditures made by such State in a fiscal year in operating its program established under part F (in lieu of any different percentage specified in para-

graph (1)(A)) if the State's participation rate (determined under subparagraph (B)) for the preceding fiscal year does not exceed or equal—

- “(i) 7 percent if the preceding fiscal year is 1990;
- “(ii) 7 percent if such year is 1991;
- “(iii) 11 percent if such year is 1992;
- “(iv) 11 percent if such year is 1993;
- “(v) 15 percent if such year is 1994; and
- “(vi) 20 percent if such year is 1995.

“(B)(i) The State's participation rate for a fiscal year shall be the average of its participation rates for computation periods (as defined in clause (ii)) in such fiscal year.

“(ii) The computation periods shall be—

- “(I) the fiscal year, in the case of fiscal year 1990,
- “(II) the first six months, and the seventh through twelfth months, in the case of fiscal year 1991,
- “(III) the first three months, the fourth through sixth months, the seventh through ninth months, and the tenth through twelfth months, in the case of fiscal years 1992 and 1993, and
- “(IV) each month, in the case of fiscal years 1994 and 1995.

“(iii) The State's participation rate for a computation period shall be the number, expressed as a percentage, equal to—

“(I) the average monthly number of individuals required or allowed by the State to participate in the program under part F who have participated in such program in months in the computation period, plus the number of individuals required or allowed by the State to participate in such program who have so participated in that month in such period for which the number of such participants is the greatest, divided by

“(II) twice the average monthly number of individuals required to participate in such period (other than individuals described in subparagraph (C)(iii)(I) or (D) of section 402(a)(19) with respect to whom the State has exercised its option to require their participation).

For purposes of this subparagraph, an individual shall not be considered to have satisfactorily participated in the program under part F solely by reason of such individual being registered to participate in such program.

“(C) Notwithstanding any other provision of this paragraph, no State shall be subject to payment under this paragraph (in lieu of paragraph (1)(A)) for failing to meet any participation rate required under this paragraph with respect to any fiscal year before 1991.

“(D) For purposes of this paragraph, an individual shall be determined to have participated in the program under part F, if such individual has participated in accordance with such requirements, consistent with regulations of the Secretary, as the State shall establish.

“(E) If the Secretary determines that the State has failed to achieve the participation rate for any fiscal year specified in the numbered clauses of subparagraph (A), he may waive, in whole or in part, the reduction in the payment rate otherwise required by such subparagraph if he finds that—

“(i) the State is in conformity with section 402(a)(19) and part F;

“(ii) the State has made a good faith effort to achieve the applicable participation rate for such fiscal year; and

“(iii) the State has submitted a proposal which is likely to achieve the applicable participation rate for the current fiscal year and the subsequent fiscal years (if any) specified therein.

“(4)(A)(i) Subject to subparagraph (B), in the case of any family eligible for aid to families with dependent children by reason of the unemployment of the parent who is the principal earner, the State agency shall require that at least one parent in any such family participate, for a total of at least 16 hours a week during any period in which either parent is required to participate in the program, in a work supplementation program, a community work experience or other work experience program, on-the-job training, or a State designed work program approved by the Secretary, as such programs are described in section 482(d)(1). In the case of a parent under age 25 who has not completed high school or an equivalent course of education, the State may require such parent to participate in educational activities directed at the attainment of a high school diploma (or equivalent) or another basic education program in lieu of one or more of the programs specified in the preceding sentence.

“(ii) For purposes of clause (i), an individual participating in a community work experience program under section 482 shall be considered to have met the requirement of such clause if he participates for the number of hours in any month equal to the monthly payment of aid to families with dependent children to the family of which he is a member, divided by the greater of the Federal or the applicable State minimum wage (and the portion of such monthly payment for which the State is reimbursed by a child support collection shall not be taken into account in determining the number of hours that such individual may be required to work).

“(B) The requirement under subparagraph (A) shall not be considered to have been met by any State if the requirement is not met with respect to the following percentages of all families in the State eligible for aid to families with dependent children by reason of the unemployment of the parent who is the principal earner:

“(i) 40 percent, in the case of the average of each month in fiscal year 1994,

“(ii) 50 percent, in the case of the average of each month in fiscal year 1995,

“(iii) 60 percent, in the case of the average of each month in fiscal year 1996, and

“(iv) 75 percent in the case of the average of each month in each of the fiscal years 1997 and 1998.

“(C) The percentage of participants for any month in a fiscal year for purposes of the preceding sentence shall equal the average of—

“(i) the number of individuals described in subparagraph (A)(i) who have met the requirement prescribed therein, divided by

“(ii) the total number of principal earners described in such subparagraph (but excluding those in families who have been recipients of aid for 2 months or less if, during the period that the family received aid, at least one parent engaged in intensive job search).

“(D) If the Secretary determines that the State has failed to meet the requirement under subparagraph (A) (determined with respect to the percentages prescribed in subparagraph (B)), he may waive, in whole or in part, any penalty if he finds that—

“(i) the State is operating a program in conformity with section 402(a)(19) and part F,

“(ii) the State has made a good faith effort to meet the requirement of subparagraph (A) but has been unable to do so because of economic conditions in the State (including significant numbers of recipients living in remote locations or isolated rural areas where the availability of work sites is severely limited), or because of rapid and substantial increases in the caseload that cannot reasonably be planned for, and

Rural areas.

“(iii) the State has submitted a proposal which is likely to achieve the required percentage of participants for the subsequent fiscal years.”

(d) STATE EXPENDITURES TO CARRY OUT INITIAL EVALUATIONS.—Section 403(a)(3)(D) of such Act (as amended by section 202(b)(4) of this Act) is further amended by inserting “(including any amounts expended by the State to carry out initial evaluations under section 486(a))” after “such expenditures”.

42 USC 1396s.

“**EXTENSION OF ELIGIBILITY FOR MEDICAL ASSISTANCE**

“**SEC. 1925. (a) INITIAL 6-MONTH EXTENSION.**—

42 USC 1396r-6.

“(1) **REQUIREMENT.**—Notwithstanding any other provision of this title, each State plan approved under this title must provide that each family which was receiving aid pursuant to a plan of the State approved under part A of title IV in at least 3 of the 6 months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of, or income from, employment of the caretaker relative (as defined in subsection (e)) or because of section 402(a)(8)(B)(ii)(II) (providing for a time-limited earned income disregard), shall, subject to paragraph (3) and without any reapplication for benefits under the plan, remain eligible for assistance under the plan approved under this title during the immediately succeeding 6-month period in accordance with this subsection.

“(2) **NOTICE OF BENEFITS.**—Each State, in the notice of termination of aid under part A of title IV sent to a family meeting the requirements of paragraph (1)—

“(A) shall notify the family of its right to extended medical assistance under this subsection and include in the notice a description of the reporting requirement of subsection (b)(2)(B)(i) and of the circumstances (described in paragraph (3)) under which such extension may be terminated; and

“(B) shall include a card or other evidence of the family's entitlement to assistance under this title for the period provided in this subsection.

“(3) **TERMINATION OF EXTENSION.**—

“(A) **NO DEPENDENT CHILD.**—Subject to subparagraphs (B) and (C), extension of assistance during the 6-month period described in paragraph (1) to a family shall terminate (during such period) at the close of the first month in which the family ceases to include a child who is (or would if needy be) a dependent child under part A of title IV.

the child is described in clause (i) or (v) of section 1905(a), the State may not discontinue such assistance under such subparagraph until the State has determined that the child is not eligible for assistance under the plan.

“(4) SCOPE OF COVERAGE.—

“(A) IN GENERAL.—Subject to subparagraph (B), during the 6-month extension period under this subsection, the amount, duration, and scope of medical assistance made available with respect to a family shall be the same as if the family were still receiving aid under the plan approved under part A of title IV.

“(ii) the State shall treat the coverage under such an employer plan as a third party liability (under section 1902(a)(25)).

Payments for premiums, deductibles, coinsurance, and similar expenses under this subparagraph shall be considered, for purposes of section 1903(a), to be payments for medical assistance.

“(b) ADDITIONAL 6-MONTH EXTENSION.—

“(1) REQUIREMENT.—Notwithstanding any other provision of this title, each State plan approved under this title shall provide that the State shall offer to each family, which has received assistance during the entire 6-month period under subsection (a) and which meets the requirement of paragraph (2)(B)(i), in the last month of the period the option of extending coverage under this subsection for the succeeding 6-month period, subject to paragraph (3).

Information described in clause (iii)(I) shall be subject to the restrictions on use and disclosure of information provided under section 402(a)(9). Instead of terminating a family's extension under clause (iii)(I), a State, at its option, may provide for suspension of the extension until the month after the month in which the family reports information required under paragraph (2)(B)(ii), but only if the family's extension has not otherwise been terminated under subclause (II) or (III) of clause (iii). The State shall make determinations under clause (iii)(III) for a family each time a report under paragraph (2)(B)(ii) for the family is received.

“(B) **NOTICE BEFORE TERMINATION.**—No termination of assistance shall become effective under subparagraph (A) until the State has provided the family with notice of the grounds for the termination, which notice shall include (in the case of termination under subparagraph (A)(iii)(II), relating to no continued earnings) a description of how the family may reestablish eligibility for medical assistance under the State plan.

“(C) **CONTINUATION IN CERTAIN CASES UNTIL REDETERMINATION.**—

“(i) **DEPENDENT CHILDREN.**—With respect to a child who would cease to receive medical assistance because of subparagraph (A)(i) but who may be eligible for assistance under the State plan because the child is described in clause (i) or (v) of section 1905(a), the State may not discontinue such assistance under such subparagraph until the State has determined that the child is not eligible for assistance under the plan.

“(ii) **MEDICALLY NEEDY.**—With respect to an individual who would cease to receive medical assistance because of clause (ii) or (iii) of subparagraph (A) but who may be eligible for assistance under the State plan because the individual is within a category of person

for which medical assistance under the State plan is available under section 1902(a)(10)(C) (relating to medically needy individuals), the State may not discontinue such assistance under such subparagraph until the State has determined that the individual is not eligible for assistance under the plan.

“(4) COVERAGE.—

“(A) IN GENERAL.—During the extension period under this subsection—

“(i) the State plan shall offer to each family medical assistance which (subject to subparagraphs (B) and (C)) is the same amount, duration, and scope as would be made available to the family if it were still receiving aid under the plan approved under part A of title IV; and

“(ii) the State plan may offer alternative coverage described in subparagraph (D).

“(B) ELIMINATION OF MOST NON-ACUTE CARE BENEFITS.—At a State's option and notwithstanding any other provision of this title, a State may choose not to provide medical assistance under this subsection with respect to any (or all) of the items and services described in paragraphs (4)(A), (6), (7), (8), (11), (13), (14), (15), (16), (18), (20), and (21) of section 1905(a).

“(C) STATE MEDICAID ‘WRAP-AROUND’ OPTION.—At a State's option, the State may elect to apply the option described in subsection (a)(4)(B) (relating to ‘wrap-around’ coverage) for families electing medical assistance under this subsection in the same manner as such option applies to families provided extended eligibility for medical assistance under subsection (a).

“(D) ALTERNATIVE ASSISTANCE.—At a State's option, the State may offer families a choice of health care coverage under one or more of the following, instead of the medical assistance otherwise made available under this subsection:

“(i) ENROLLMENT IN FAMILY OPTION OF EMPLOYER PLAN.—Enrollment of the caretaker relative and dependent children in a family option of the group health plan offered to the caretaker relative.

“(ii) ENROLLMENT IN FAMILY OPTION OF STATE EMPLOYEE PLAN.—Enrollment of the caretaker relative and dependent children in a family option within the options of the group health plan or plans offered by the State to State employees.

“(iii) ENROLLMENT IN STATE UNINSURED PLAN.—Enrollment of the caretaker relative and dependent children in a basic State health plan offered by the State to individuals in the State (or areas of the State) otherwise unable to obtain health insurance coverage.

“(iv) ENROLLMENT IN HMO.—Enrollment of the caretaker relative and dependent children in a health maintenance organization (as defined in section 1903(m)(1)(A)) less than 50 percent of the membership (enrolled on a prepaid basis) of which consists of individuals who are eligible to receive benefits under this title (other than because of the option offered under this clause). The option of enrollment under this clause is in addition to, and not in lieu of, any enroll-

ment option that the State might offer under subparagraph (A)(i) with respect to receiving services through a health maintenance organization in accordance with section 1903(m).

If a State elects to offer an option to enroll a family under this subparagraph, the State shall pay any premiums and other costs for such enrollment imposed on the family and may pay deductibles and coinsurance imposed on the family. A State's payment of premiums for the enrollment of families under this subparagraph (not including any premiums otherwise payable by an employer and less the amount of premiums collected from such families under paragraph (5)) and payment of any deductibles and coinsurance shall be considered, for purposes of section 1903(a)(1), to be payments for medical assistance.

“(E) PROHIBITION ON COST-SHARING FOR MATERNITY AND PREVENTIVE PEDIATRIC CARE.—

“(i) IN GENERAL.—If a State offers any alternative option under subparagraph (D) for families, under each such option the State must assure that care described in clause (ii) is available without charge to the families through—

“(I) payment of any deductibles, coinsurance, and other cost-sharing respecting such care, or

“(II) providing coverage under the State plan for such care without any cost-sharing,

or any combination of such mechanisms.

“(ii) CARE DESCRIBED.—The care described in this clause consists of—

“(I) services related to pregnancy (including prenatal, delivery, and post partum services), and

“(II) ambulatory preventive pediatric care (including ambulatory early and periodic screening, diagnosis, and treatment services under section 1905(a)(4)(B)) for each child who meets the age and date of birth requirements to be a qualified child under section 1905(n)(2).

“(5) PREMIUM.—

“(A) PERMITTED.—Notwithstanding any other provision of this title (including section 1916), a State may impose a premium for a family for additional extended coverage under this subsection for a premium payment period (as defined in subparagraph (D)(i)), but only if the family's average gross monthly earnings (less the average monthly costs for such child care as is necessary for the employment of the caretaker relative) for the premium base period exceed 100 percent of the official poverty line (as defined by the Office of Management and Budget, and revised annually in accordance with section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

“(B) LEVEL MAY VARY BY OPTION OFFERED.—The level of such premium may vary, for the same family, for each option offered by a State under paragraph (4)(D).

“(C) LIMIT ON PREMIUM.—In no case may the amount of any premium under this paragraph for a family for a month in either of the premium payment periods described

in subparagraph (D)(i) exceed 3 percent of the family's average gross monthly earnings during the premium base period (as defined in subparagraph (D)(ii)).

"(D) DEFINITIONS.—In this paragraph:

"(i) A 'premium payment period' described in this clause is a 3-month period beginning with the 1st or 4th month of the 6-month additional extension period provided under this subsection.

"(ii) The term 'premium base period' means, with respect to a particular premium payment period, the period of 3 consecutive months the last of which is 4 months before the beginning of that premium payment period.

"(c) APPLICABILITY IN STATES AND TERRITORIES.—

"(1) STATES OPERATING UNDER DEMONSTRATION PROJECTS.—In the case of any State which is providing medical assistance to its residents under a waiver granted under section 1115(a), the Secretary shall require the State to meet the requirements of this section in the same manner as the State would be required to meet such requirement if the State had in effect a plan approved under this title.

SEC. 405. CBO STUDY ON IMPLEMENTATION OF NATIONAL MINIMUM PAYMENT STANDARD.

(a) **IN GENERAL.**—The Congressional Budget Office shall conduct a study on the implementation of the amendments proposed by section 101 of the bill introduced in the Senate of the United States during the 100th Congress and designated S. 862 (relating to the requirement of a minimum payment standard under part A of title IV of the Social Security Act with a Federal matching rate of 90 percent).

(b) **DESCRIPTION OF STUDY.**—The study conducted under subsection (a) shall assess the extent to which—

(1) the goal of budget neutrality may be preserved by repealing the programs included in, but not limited to, the programs described in the amendments proposed by section 301 of the bill described in subsection (a) over a more gradual period of time in conjunction with corresponding increases (up to 90 percent) in the Federal matching rates under part A of title IV, and title XIX, of the Social Security Act; and

(2) the effects on local governments of repealing Federal programs could be mitigated by providing, over a period of time that corresponds with more gradual increases in the Federal matching rates under such part A and title XIX, general revenue supplements to those localities with the lowest levels of fiscal capacity and pass-throughs to units of local government.

(c) **REPORT TO CONGRESS.**—The Congressional Budget Office shall report on the results of the study conducted under this section not later than 12 months after the date of the enactment of this Act.

(d) **AUTHORIZATION OF APPROPRIATIONS.**—There are authorized to be appropriated such sums as may be necessary to carry out this section.

42 USC 602 note.

(a) **IN GENERAL.**—The Secretary of Health and Human Services shall enter into a contract or arrangement with the National Academy of Sciences for the study of a new national system of welfare benefits for low-income families with children, giving particular attention to what an appropriate national minimum benefit might be and how it should be calculated. The study shall give consideration to alternative minimum benefit proposals including proposals for benefits based on a family living standard, on weighted national median income, on State median income, and on the poverty level, and shall take into account the probable impact of a national minimum benefit on individuals and on State and local governments.

Contracts.

(b) **METHODOLOGY.**—(1) The study under this section shall include the development of a uniform national methodology which could be used to calculate State-specific family living standards and benefits based on other minimum benefit proposals.

(2) The methodology so developed shall be designed to identify a single uniform measure suitable for application in each State, and shall—

(A) take into account actual living costs in each State while permitting variances in such costs as between the different geographic areas of the State;

(B) take into account variations in actual living costs in each State for families of different sizes and composition; and

(C) specify an effective process for reassessing and updating both the methodology and the resulting family living standards and benefits based on other minimum benefit policies at least once every 4 years.

(3) The methodology so developed shall reflect the costs of basic necessities including housing, furnishings, food, clothing, transportation, utilities, and other maintenance items; and the study shall take into account variations in costs for different geographic areas of the State where such costs may be substantially different, and variations in costs for families of different sizes and composition.

(c) OTHER CONSIDERATIONS; PROGRESSION TO PROPOSED MINIMUM BENEFIT LEVELS.—In order to assess the implications of States moving to a new system of welfare benefits, the study shall include an analysis of the relationship between a State's fiscal capacity and other circumstances and constraints and the application of a full family living standard or other minimum benefit policy. The study shall propose a formula designed to achieve a uniform progression from the level of assistance currently being provided for low-income families with children under the AFDC program, the food stamp program, and the low-income energy assistance program, by each State, to a level based on the full family living standard or other minimum benefit policy for that State. For this purpose the Secretary shall define the term "low-income families with children" in a manner which reflects all families that include dependent children as defined for purposes of the AFDC program.

(d) REPORT AND RECOMMENDATIONS.—The Academy shall report its recommendations resulting from the study under this section to the Secretary no later than 24 months after the date of the enactment of this Act; and the Secretary shall promptly transmit such recommendations to the Congress.

(e) AUTHORIZATION OF FUNDS.—There are authorized to be appropriated such sums as may be necessary to carry out this section.
