(ii) each outlying area may use up to five percent of the amount it receives under this section for any fiscal year or $35,000, whichever is greater.

(B) Funds described in subparagraph (A) may also be used for the administration of subchapter III of this chapter, if the State educational agency is the lead agency for the State under that subchapter.

(G) To supplement other amounts used to develop and implement a Statewide coordinated services system designed to improve results for children and families, including children with disabilities and their families, but not to exceed one percent of the amount received by the State under this section. This system shall be coordinated with and, to the extent appropriate, build on the system of coordinated services developed by the State under subchapter III of this chapter.

(H) For subgrants to local educational agencies for the purposes described in paragraph (4)(A).

(4)(A) Subgrants to local educational agencies for capacity-building and improvement

In any fiscal year in which the percentage increase in the State's allocation under this section exceeds the rate of inflation (as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor), each State shall reserve, from its allocation under this section, the amount described in subparagraph (B) to make subgrants to local educational agencies, unless that amount is less than $100,000, to assist them in providing direct services and in making systemic change to improve results for children with disabilities through one or more of the following:

(i) Direct services, including alternative programming for children who have been expelled from school, and services for children in correctional facilities, children enrolled in State-operated or State-supported schools, and children in charter schools.

For each fiscal year, the amount referred to in subparagraph (A) is—

(i) the maximum amount the State was allowed to retain under paragraph (1)(A) for the prior fiscal year, or for fiscal year 1998, 25 percent of the State's allocation for fiscal year 1997 under this section; multiplied by

(ii) the difference between the percentage increase in the State's allocation under this section and the rate of inflation, as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

(5) Report on use of funds

As part of the information required to be submitted to the Secretary under section 1412 of this title, each State shall annually describe—

(A) how amounts retained under paragraph (1) will be used to meet the requirements of this subchapter;

(B) how those amounts will be allocated among the activities described in paragraphs (2) and (3) to meet State priorities based on input from local educational agencies; and

(C) the percentage of those amounts, if any, that will be distributed to local educational agencies by formula.

(g) Subgrants to local educational agencies

(1) Subgrants required

Each State that receives a grant under this section for any fiscal year shall distribute any funds it does not retain under subsection (f) of this section (at least 75 percent of the grant funds) to local educational agencies in the State that have established their eligibility under section 1413 of this title, and to State agencies that received funds under section 614A(a) of this Act for fiscal year 1997, as then in effect, and have established their eligibility under section 1413 of this title, for use in accordance with this subchapter.

(2) Allocations to local educational agencies

(A) Interim procedure

For each fiscal year for which funds are allocated to States under subsection (d)(2) of this section, each State shall allocate funds under paragraph (1) in accordance with section 611(d) of this Act, as in effect prior to June 4, 1997.

(B) Permanent procedure

For each fiscal year for which funds are allocated to States under subsection (e) of this section, each State shall allocate funds under paragraph (1) as follows:

(i) Base payments

The State shall first award each agency described in paragraph (1) the amount that agency would have received under this section for the base year, as defined in subsection (e)(2)(A) of this section, if the State had distributed 75 percent of its grant for that year under section 611(d), as then in effect.

(ii) Allocation of remaining funds

After making allocations under clause (i), the State shall—

(I) allocate 85 percent of any remaining funds to those agencies on the basis of the relative numbers of children enrolled in public and private elementary and secondary schools within the agency's jurisdiction; and

(II) allocate 15 percent of those remaining funds to those agencies in accordance with their relative numbers of children living in poverty, as determined by the State educational agency.

(3) Former chapter 1 State agencies

(A) To the extent necessary, the State—

(i) shall use funds that are available under subsection (f)(1)(A) of this section to ensure that each State agency that received fiscal year 1994 funds under subpart 2 of part D of chapter 1 of title I of the Elementary and Secondary Education Act of 1965 receives, from the combination of funds under subsection (f)(1)(A) of this section and funds provided under paragraph (1) of this subsection, an amount equal to—

(I) the number of children with disabilities, aged 6 through 21, to whom the agency was providing special education and related services on December 1 of the fiscal year for which the funds were appropriated, subject to the limitation in subparagraph (B); multiplied by

(II) the per-child amount provided under such subpart for fiscal year 1994; and

(ii) may use those funds to ensure that each local educational agency that received fiscal year 1994 funds under that subpart for children who had transferred from a State-operated or State-supported school or program assisted under that subpart receives, from the combination of funds available under subsection (f)(1)(A) of this section and funds provided under paragraph (1) of this subsection, an amount for each such child, aged 3 through 21 to whom the agency was providing special education and related services on December 1 of the fiscal year for which the funds were appropriated, equal to the per-child amount the agency received under that subpart for fiscal year 1994.

(B) The number of children counted under subparagraph (A)(i)(I) shall not exceed the number of children aged 3 through 21 for whom the agency received fiscal year 1994 funds under subpart 2 of part D of chapter 1 of title I of the Elementary and Secondary Education Act of 1965.

(4) Reallocation of funds

If a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all children with disabilities residing in the area served by that agency with State and local funds, the State educational agency may

reallocate any portion of the funds under this subchapter that are not needed by that local agency to provide a free appropriate public education to other local educational agencies in the State that are not adequately providing special education and related services to all children with disabilities residing in the areas they serve.

(h) Definitions

For the purpose of this section—

(1) the term ''average per-pupil expenditure in public elementary and secondary schools in the United States'' means—

(A) without regard to the source of funds—

(i) the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the determination is made (or, if satisfactory data for that year are not available, during the most recent preceding fiscal year for which satisfactory data are available) of all local educational agencies in the 50 States and the District of Columbia); plus

(ii) any direct expenditures by the State for the operation of those agencies; divided by

(B) the aggregate number of children in average daily attendance to whom those agencies provided free public education during that preceding year; and

(2) the term ''State'' means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

(i) Use of amounts by Secretary of the Interior

(1) Provision of amounts for assistance

(A) In general

The Secretary of Education shall provide amounts to the Secretary of the Interior to meet the need for assistance for the education of children with disabilities on reservations aged 5 to 21, inclusive, enrolled in elementary and secondary schools for Indian children operated or funded by the Secretary of the Interior. The amount of such payment for any fiscal year shall be equal to 80 percent of the amount allotted under subsection (c) of this section for that fiscal year.

(B) Calculation of number of children

In the case of Indian students aged 3 to 5, inclusive, who are enrolled in programs affiliated with the Bureau of Indian Affairs (hereafter in this subsection referred to as ''BIA'') schools and that are required by the States in which such schools are located to attain or maintain State accreditation, and which schools have such accreditation prior to October 7, 1991, the school shall be allowed to count those children for the purpose of distribution of the funds provided under this paragraph to the Secretary of the Interior. The Secretary of the Interior shall be responsible for meeting all of the requirements of this subchapter for these children, in accordance with paragraph (2).

(C) Additional requirement

With respect to all other children aged 3 to 21, inclusive, on reservations, the State educational agency shall be responsible for ensuring that all of the requirements of this subchapter are implemented.

(2) Submission of information

The Secretary of Education may provide the Secretary of the Interior amounts under paragraph (1) for a fiscal year only if the Secretary of the Interior submits to the Secretary of Education information that—

(A) demonstrates that the Department of the Interior meets the appropriate requirements, as determined by the Secretary of Education, of sections 1412 (including monitoring and evaluation activities) and 1413 of this title;

(B) includes a description of how the Secretary of the Interior will coordinate the provision of services under this subchapter with local educational agencies, tribes and tribal organizations, and other private and Federal service providers;

(C) includes an assurance that there are public hearings, adequate notice of such hearings, and an opportunity for comment afforded to members of tribes, tribal governing bodies, and affected local school boards before the adoption of the policies, programs, and procedures described in subparagraph (A);

(D) includes an assurance that the Secretary of the Interior will provide such information as the Secretary of Education may require to comply with section 1418 of this title;

(E) includes an assurance that the Secretary of the Interior and the Secretary of Health and Human Services have entered into a memorandum of agreement, to be provided to the Secretary of Education, for the coordination of services, resources, and personnel between their respective Federal, State, and local offices and with State and local educational agencies and other entities to facilitate the provision of services to Indian children with disabilities residing on or near reservations (such agreement shall provide for the apportionment of responsibilities and costs including, but not limited to, child find, evaluation, diagnosis, remediation or therapeutic measures, and (where appropriate) equipment and medical or personal supplies as needed for a child to remain in school or a program); and

(F) includes an assurance that the Department of the Interior will cooperate with the Department of Education in its exercise of monitoring and oversight of this application, and any agreements entered into between the Secretary of the Interior and other entities under this subchapter, and will fulfill its duties under this subchapter.

Section 1416(a) of this title shall apply to the information described in this paragraph.

(3) Payments for education and services for Indian children with disabilities aged 3 through 5

(A) In general

With funds appropriated under subsection (j) of this section, the Secretary of Edu-

cation shall make payments to the Secretary of the Interior to be distributed to tribes or tribal organizations (as defined under section 450b of title 25) or consortia of the above to provide for the coordination of assistance for special education and related services for children with disabilities aged 3 through 5 on reservations served by elementary and secondary schools for Indian children operated or funded by the Department of the Interior. The amount of such payments under subparagraph (B) for any fiscal year shall be equal to 20 percent of the amount allotted under subsection (c) of this section.

(B) Distribution of funds

The Secretary of the Interior shall distribute the total amount of the payment under subparagraph (A) by allocating to each tribe or tribal organization an amount based on the number of children with disabilities ages 3 through 5 residing on reservations as reported annually, divided by the total of those children served by all tribes or tribal organizations.

(C) Submission of information

To receive a payment under this paragraph, the tribe or tribal organization shall submit such figures to the Secretary of the Interior as required to determine the amounts to be allocated under subparagraph (B). This information shall be compiled and submitted to the Secretary of Education.

(D) Use of funds

The funds received by a tribe or tribal organization shall be used to assist in child find, screening, and other procedures for the early identification of children aged 3 through 5, parent training, and the provision of direct services. These activities may be carried out directly or through contracts or cooperative agreements with the BIA, local educational agencies, and other public or private nonprofit organizations. The tribe or tribal organization is encouraged to involve Indian parents in the development and implementation of these activities. The above entities shall, as appropriate, make referrals to local, State, or Federal entities for the provision of services or further diagnosis.

(E) Biennial report

To be eligible to receive a grant pursuant to subparagraph (A), the tribe or tribal organization shall provide to the Secretary of the Interior a biennial report of activities undertaken under this paragraph, including the number of contracts and cooperative agreements entered into, the number of children contacted and receiving services for each year, and the estimated number of children needing services during the 2 years following the one in which the report is made. The Secretary of the Interior shall include a summary of this information on a biennial basis in the report to the Secretary of Education required under this subsection. The Secretary of Education may require any additional information from the Secretary of the Interior.

The Secretary of the Interior shall develop and implement a plan for the coordination of services for all Indian children with disabilities residing on reservations covered under this chapter. Such plan shall provide for the coordination of services benefiting these children from whatever source, including tribes, the Indian Health Service, other BIA divisions, and other Federal agencies. In developing the plan, the Secretary of the Interior shall consult with all interested and involved parties. It shall be based on the needs of the children and the system best suited for meeting those needs, and may involve the establishment of cooperative agreements between the BIA, other Federal agencies, and other entities. The plan shall also be distributed upon request to States, State and local educational agencies, and other agencies providing services to infants, toddlers, and children with disabilities, to tribes, and to other interested parties.

(5) Establishment of advisory board

To meet the requirements of section 1412(a)(21) of this title, the Secretary of the Interior shall establish, not later than 6 months after June 4, 1997, under the BIA, an advisory board composed of individuals involved in or concerned with the education and provision of services to Indian infants, toddlers, children, and youth with disabilities, including Indians with disabilities, Indian parents or guardians of such children, teachers, service providers, State and local educational officials, representatives of tribes or tribal organizations, representatives from State Interagency Coordinating Councils under section 1441 of this title in States having reservations, and other members representing the various divisions and entities of the BIA. SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1412, 1413, 1416, 1419, 1443, 1453, 1474, 1484 of this title.

§ 1412. State eligibility

(a) In general

A State is eligible for assistance under this subchapter for a fiscal year if the State demonstrates to the satisfaction of the Secretary that the State has in effect policies and procedures to ensure that it meets each of the following conditions:

(1) Free appropriate public education

(A) In general

A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have been suspended or expelled from school.

(B) Limitation

The obligation to make a free appropriate public education available to all children with disabilities does not apply with respect to children:

(i) aged 3 through 5 and 18 through 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children in those age ranges; and

(ii) aged 18 through 21 to the extent that State law does not require that special education and related services under this subchapter be provided to children with disabilities who, in the educational placement prior to their incarceration in an adult correctional facility:

(I) were not actually identified as being a child with a disability under section 1401(3) of this title; or

(II) did not have an individualized education program under this subchapter.

(2) Full educational opportunity goal

The State has established a goal of providing full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal.

(3) Child find

(A) In general

All children with disabilities residing in the State, including children with disabilities attending private schools, regardless of

the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.

(B) Construction

Nothing in this chapter requires that children be classified by their disability so long as each child who has a disability listed in section 1401 of this title and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under this subchapter.

(4) Individualized education program

An individualized education program, or an individualized family service plan that meets the requirements of section 1436(d) of this title, is developed, reviewed, and revised for each child with a disability in accordance with section 1414(d) of this title.

(5) Least restrictive environment

(A) In general

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(B) Additional requirement

(i) In general

If the State uses a funding mechanism by which the State distributes State funds on the basis of the type of setting in which a child is served, the funding mechanism does not result in placements that violate the requirements of subparagraph (A).

(ii) Assurance

If the State does not have policies and procedures to ensure compliance with clause (i), the State shall provide the Secretary an assurance that it will revise the funding mechanism as soon as feasible to ensure that such mechanism does not result in such placements.

(6) Procedural safeguards

(A) In general

Children with disabilities and their parents are afforded the procedural safeguards required by section 1415 of this title.

(B) Additional procedural safeguards

Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

(7) Evaluation

Children with disabilities are evaluated in accordance with subsections (a) through (c) of section 1414 of this title.

(8) Confidentiality

Agencies in the State comply with section 1417(c) of this title (relating to the confidentiality of records and information).

(9) Transition from subchapter III to preschool programs

Children participating in early-intervention programs assisted under subchapter III of this chapter, and who will participate in preschool programs assisted under this subchapter, experience a smooth and effective transition to those preschool programs in a manner consistent with section 1437(a)(8) of this title. By the third birthday of such a child, an individualized education program or, if consistent with sections 1414(d)(2)(B) and 1436(d) of this title, an individualized family service plan, has been developed and is being implemented for the child. The local educational agency will participate in transition planning conferences arranged by the designated lead agency under section 1437(a)(8) of this title.

(10) Children in private schools

(A) Children enrolled in private schools by their parents

(i) In general

To the extent consistent with the number and location of children with disabilities in the State who are enrolled by their parents in private elementary and secondary schools, provision is made for the participation of those children in the program assisted or carried out under this subchapter by providing for such children special education and related services in accordance with the following requirements, unless the Secretary has arranged for services to those children under subsection (f) of this section:

(I) Amounts expended for the provision of those services by a local educational agency shall be equal to a proportionate amount of Federal funds made available under this subchapter.

(II) Such services may be provided to children with disabilities on the premises of private, including parochial, schools, to the extent consistent with law.

(ii) Child-find requirement

The requirements of paragraph (3) of this subsection (relating to child find) shall apply with respect to children with disabilities in the State who are enrolled in private, including parochial, elementary and secondary schools.

(B) Children placed in, or referred to, private schools by public agencies

(i) In general

Children with disabilities in private schools and facilities are provided special education and related services, in accordance with an individualized education program, at no cost to their parents, if such children are placed in, or referred to, such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this subchapter or any other applicable law requiring the provision of special education and related services to all children with disabilities within such State.

(ii) Standards

In all cases described in clause (i), the State educational agency shall determine whether such schools and facilities meet standards that apply to State and local educational agencies and that children so served have all the rights they would have if served by such agencies.

(C) Payment for education of children enrolled in private schools without consent of or referral by the public agency

(i) In general

Subject to subparagraph (A), this subchapter does not require a local educational agency to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made a free appropriate public education available to the child and the parents elected to place the child in such private school or facility.

(ii) Reimbursement for private school placement

If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private elementary or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made a free appropriate public education available to the child in a timely manner prior to that enrollment.

(iii) Limitation on reimbursement

The cost of reimbursement described in clause (ii) may be reduced or denied—

(I) if—

(aa) at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

(bb) 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in division (aa);

(II) if, prior to the parents' removal of the child from the public school, the public agency informed the parents, through the notice requirements described in section 1415(b)(7) of this title, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

(III) upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(iv) Exception

Notwithstanding the notice requirement in clause (iii)(I), the cost of reimbursement may not be reduced or denied for failure to provide such notice if—

(I) the parent is illiterate and cannot write in English;

(II) compliance with clause (iii)(I) would likely result in physical or serious emotional harm to the child;

(III) the school prevented the parent from providing such notice; or

(IV) the parents had not received notice, pursuant to section 1415 of this title, of the notice requirement in clause (iii)(I).

(11) State educational agency responsible for general supervision

(A) In general

The State educational agency is responsible for ensuring that—

(i) the requirements of this subchapter are met; and

(ii) all educational programs for children with disabilities in the State, including all such programs administered by any other State or local agency—

(I) are under the general supervision of individuals in the State who are responsible for educational programs for children with disabilities; and

(II) meet the educational standards of the State educational agency.

(B) Limitation

Subparagraph (A) shall not limit the responsibility of agencies in the State other than the State educational agency to provide, or pay for some or all of the costs of, a free appropriate public education for any child with a disability in the State.

(C) Exception

Notwithstanding subparagraphs (A) and (B), the Governor (or another individual pursuant to State law), consistent with State law, may assign to any public agency in the State the responsibility of ensuring that the requirements of this subchapter are met

with respect to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons.

(12) Obligations related to and methods of ensuring services

(A) Establishing responsibility for services

The Chief Executive Officer or designee of the officer shall ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each public agency described in subparagraph (B) and the State educational agency, in order to ensure that all services described in subparagraph (B)(i) that are needed to ensure a free appropriate public education are provided, including the provision of such services during the pendency of any dispute under clause (iii). Such agreement or mechanism shall include the following:

(i) Agency financial responsibility

An identification of, or a method for defining, the financial responsibility of each agency for providing services described in subparagraph (B)(i) to ensure a free appropriate public education to children with disabilities, provided that the financial responsibility of each public agency described in subparagraph (B), including the State Medicaid agency and other public insurers of children with disabilities, shall precede the financial responsibility of the local educational agency (or the State agency responsible for developing the child's IEP).

(ii) Conditions and terms of reimbursement

The conditions, terms, and procedures under which a local educational agency shall be reimbursed by other agencies.

(iii) Interagency disputes

Procedures for resolving interagency disputes (including procedures under which local educational agencies may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(iv) Coordination of services procedures

Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subparagraph (B)(i).

(B) Obligation of public agency

(i) In general

If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy or pursuant to subparagraph (A), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in sections 1401(1) relating to assistive technology devices, 1401(2) relating to assistive technology services, 1401(22) relating to related services, 1401(29) relating to supplementary aids and services, and 1401(30) of this title relating to transition services) that are necessary for ensuring a free appropriate public education to children with disabilities within the State, such public agency shall fulfill that obligation or responsibility, either directly or through contract or other arrangement.

(ii) Reimbursement for services by public agency

If a public agency other than an educational agency fails to provide or pay for the special education and related services described in clause (i), the local educational agency (or State agency responsible for developing the child's IEP) shall provide or pay for such services to the child. Such local educational agency or State agency may then claim reimbursement for the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism described in subparagraph (A)(i) according to the procedures established in such agreement pursuant to subparagraph (A)(ii).

(C) Special rule

The requirements of subparagraph (A) may be met through—

(i) state[1] statute or regulation;

(ii) signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

(iii) other appropriate written methods as determined by the Chief Executive Officer of the State or designee of the officer.

(13) Procedural requirements relating to local educational agency eligibility

The State educational agency will not make a final determination that a local educational agency is not eligible for assistance under this subchapter without first affording that agency reasonable notice and an opportunity for a hearing.

(14) Comprehensive system of personnel development

The State has in effect, consistent with the purposes of this chapter and with section 1435(a)(8) of this title, a comprehensive system of personnel development that is designed to ensure an adequate supply of qualified special education, regular education, and related services personnel that meets the requirements for a State improvement plan relating to personnel development in subsections (b)(2)(B) and (c)(3)(D) of section 1453 of this title.

(15) Personnel standards

(A) In general

The State educational agency has established and maintains standards to ensure

[1] So in original. Probably should be capitalized.

that personnel necessary to carry out this subchapter are appropriately and adequately prepared and trained.

(B) Standards described

Such standards shall—

(i) be consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services;

(ii) to the extent the standards described in subparagraph (A) are not based on the highest requirements in the State applicable to a specific profession or discipline, the State is taking steps to require retraining or hiring of personnel that meet appropriate professional requirements in the State; and

(iii) allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulations, or written policy, in meeting the requirements of this subchapter to be used to assist in the provision of special education and related services to children with disabilities under this subchapter.

(C) Policy

In implementing this paragraph, a State may adopt a policy that includes a requirement that local educational agencies in the State make an ongoing good-faith effort to recruit and hire appropriately and adequately trained personnel to provide special education and related services to children with disabilities, including, in a geographic area of the State where there is a shortage of such personnel, the most qualified individuals available who are making satisfactory progress toward completing applicable course work necessary to meet the standards described in subparagraph (B)(i), consistent with State law, and the steps described in subparagraph (B)(ii) within three years.

(16) Performance goals and indicators

The State—

(A) has established goals for the performance of children with disabilities in the State that—

(i) will promote the purposes of this chapter, as stated in section 1400(d) of this title; and

(ii) are consistent, to the maximum extent appropriate, with other goals and standards for children established by the State;

(B) has established performance indicators the State will use to assess progress toward achieving those goals that, at a minimum, address the performance of children with disabilities on assessments, drop-out rates, and graduation rates;

(C) will, every two years, report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under subparagraph (A); and

(D) based on its assessment of that progress, will revise its State improvement plan under part A of subchapter IV of this chapter as may be needed to improve its performance, if the State receives assistance under that part.

(17) Participation in assessments

(A) In general

Children with disabilities are included in general State and district-wide assessment programs, with appropriate accommodations, where necessary. As appropriate, the State or local educational agency—

(i) develops guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in State and district-wide assessment programs; and

(ii) develops and, beginning not later than July 1, 2000, conducts those alternate assessments.

(B) Reports

The State educational agency makes available to the public, and reports to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following:

(i) The number of children with disabilities participating in regular assessments.

(ii) The number of those children participating in alternate assessments.

(iii)(I) The performance of those children on regular assessments (beginning not later than July 1, 1998) and on alternate assessments (not later than July 1, 2000), if doing so would be statistically sound and would not result in the disclosure of performance results identifiable to individual children.

(II) Data relating to the performance of children described under subclause (I) shall be disaggregated—

(aa) for assessments conducted after July 1, 1998; and

(bb) for assessments conducted before July 1, 1998, if the State is required to disaggregate such data prior to July 1, 1998.

(18) Supplementation of State, local, and other Federal funds

(A) Expenditures

Funds paid to a State under this subchapter will be expended in accordance with all the provisions of this subchapter.

(B) Prohibition against commingling

Funds paid to a State under this subchapter will not be commingled with State funds.

(C) Prohibition against supplantation and conditions for waiver by Secretary

Except as provided in section 1413 of this title, funds paid to a State under this subchapter will be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of State or local educational agencies) expended for special education and related services provided to children with disabilities under this subchapter and in no case to

supplant such Federal, State, and local funds, except that, where the State provides clear and convincing evidence that all children with disabilities have available to them a free appropriate public education, the Secretary may waive, in whole or in part, the requirements of this subparagraph if the Secretary concurs with the evidence provided by the State.

(19) Maintenance of State financial support

(A) In general

The State does not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

(B) Reduction of funds for failure to maintain support

The Secretary shall reduce the allocation of funds under section 1411 of this title for any fiscal year following the fiscal year in which the State fails to comply with the requirement of subparagraph (A) by the same amount by which the State fails to meet the requirement.

(C) Waivers for exceptional or uncontrollable circumstances

The Secretary may waive the requirement of subparagraph (A) for a State, for one fiscal year at a time, if the Secretary determines that—

(i) granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or

(ii) the State meets the standard in paragraph (18)(C) of this section for a waiver of the requirement to supplement, and not to supplant, funds received under this subchapter.

(D) Subsequent years

If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), the financial support required of the State in future years under subparagraph (A) shall be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

(E) Regulations

(i) The Secretary shall, by regulation, establish procedures (including objective criteria and consideration of the results of compliance reviews of the State conducted by the Secretary) for determining whether to grant a waiver under subparagraph (C)(ii).

(ii) The Secretary shall publish proposed regulations under clause (i) not later than 6 months after June 4, 1997, and shall issue final regulations under clause (i) not later than 1 year after June 4, 1997.

(20) Public participation

Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

(21) State advisory panel

(A) In general

The State has established and maintains an advisory panel for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the State.

(B) Membership

Such advisory panel shall consist of members appointed by the Governor, or any other official authorized under State law to make such appointments, that is representative of the State population and that is composed of individuals involved in, or concerned with, the education of children with disabilities, including—

(i) parents of children with disabilities;

(ii) individuals with disabilities;

(iii) teachers;

(iv) representatives of institutions of higher education that prepare special education and related services personnel;

(v) State and local education officials;

(vi) administrators of programs for children with disabilities;

(vii) representatives of other State agencies involved in the financing or delivery of related services to children with disabilities;

(viii) representatives of private schools and public charter schools;

(ix) at least one representative of a vocational, community, or business organization concerned with the provision of transition services to children with disabilities; and

(x) representatives from the State juvenile and adult corrections agencies.

(C) Special rule

A majority of the members of the panel shall be individuals with disabilities or parents of children with disabilities.

(D) Duties

The advisory panel shall—

(i) advise the State educational agency of unmet needs within the State in the education of children with disabilities;

(ii) comment publicly on any rules or regulations proposed by the State regarding the education of children with disabilities;

(iii) advise the State educational agency in developing evaluations and reporting on data to the Secretary under section 1418 of this title;

(iv) advise the State educational agency in developing corrective action plans to address findings identified in Federal monitoring reports under this subchapter; and

(v) advise the State educational agency in developing and implementing policies

relating to the coordination of services for children with disabilities.

(22) Suspension and expulsion rates

(A) In general

The State educational agency examines data to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

(i) among local educational agencies in the State; or

(ii) compared to such rates for nondisabled children within such agencies.

(B) Review and revision of policies

If such discrepancies are occurring, the State educational agency reviews and, if appropriate, revises (or requires the affected State or local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of behavioral interventions, and procedural safeguards, to ensure that such policies, procedures, and practices comply with this chapter.

(b) State educational agency as provider of free appropriate public education or direct services

If the State educational agency provides free appropriate public education to children with disabilities, or provides direct services to such children, such agency—

(1) shall comply with any additional requirements of section 1413(a) of this title, as if such agency were a local educational agency; and

(2) may use amounts that are otherwise available to such agency under this subchapter to serve those children without regard to section 1413(a)(2)(A)(i) of this title (relating to excess costs).

(c) Exception for prior State plans

(1) In general

If a State has on file with the Secretary policies and procedures that demonstrate that such State meets any requirement of subsection (a) of this section, including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Act Amendments of 1997, the Secretary shall consider such State to have met such requirement for purposes of receiving a grant under this subchapter.

(2) Modifications made by State

Subject to paragraph (3), an application submitted by a State in accordance with this section shall remain in effect until the State submits to the Secretary such modifications as the State deems necessary. This section shall apply to a modification to an application to the same extent and in the same manner as this section applies to the original plan.

(3) Modifications required by Secretary

If, after the effective date of the Individuals with Disabilities Education Act Amendments of 1997, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), or there is a new interpretation of this chapter by a Federal court or a State's highest court, or there is an official finding of noncompliance with Federal law or regulations, the Secretary may require a State to modify its application only to the extent necessary to ensure the State's compliance with this subchapter.

(d) Approval by Secretary

(1) In general

If the Secretary determines that a State is eligible to receive a grant under this subchapter, the Secretary shall notify the State of that determination.

(2) Notice and hearing

The Secretary shall not make a final determination that a State is not eligible to receive a grant under this subchapter until after providing the State—

(A) with reasonable notice; and

(B) with an opportunity for a hearing.

(e) Assistance under other Federal programs

Nothing in this chapter permits a State to reduce medical and other assistance available, or to alter eligibility, under titles V and XIX of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq.] with respect to the provision of a free appropriate public education for children with disabilities in the State.

(f) By-pass for children in private schools

(1) In general

If, on December 2, 1983, a State educational agency is prohibited by law from providing for the participation in special programs of children with disabilities enrolled in private elementary and secondary schools as required by subsection (a)(10)(A) of this section, the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to such children through arrangements which shall be subject to the requirements of such subsection.

(2) Payments

(A) Determination of amounts

If the Secretary arranges for services pursuant to this subsection, the Secretary, after consultation with the appropriate public and private school officials, shall pay to the provider of such services for a fiscal year an amount per child that does not exceed the amount determined by dividing—

(i) the total amount received by the State under this subchapter for such fiscal year; by

(ii) the number of children with disabilities served in the prior year, as reported to the Secretary by the State under section 1418 of this title.

(B) Withholding of certain amounts

Pending final resolution of any investigation or complaint that could result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates would be necessary to pay the cost of services described in subparagraph (A).

(C) Period of payments

The period under which payments are made under subparagraph (A) shall continue until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(10)(A) of this section.

(3) Notice and hearing

(A) In general

The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for at least 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why such action should not be taken.

(B) Review of action

If a State educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the Secretary's action, as provided in section 2112 of title 28.

(C) Review of findings of fact

The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(D) Jurisdiction of court of appeals; review by United States Supreme Court

Upon the filing of a petition under subparagraph (B), the United States court of appeals shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

SECTION REFERRED TO IN OTHER SECTIONS

§ 1413. Local educational agency eligibility

(a) In general

A local educational agency is eligible for assistance under this subchapter for a fiscal year if such agency demonstrates to the satisfaction of the State educational agency that it meets each of the following conditions:

(1) Consistency with State policies

The local educational agency, in providing for the education of children with disabilities within its jurisdiction, has in effect policies, procedures, and programs that are consistent with the State policies and procedures established under section 1412 of this title.

(2) Use of amounts

(A) In general

Amounts provided to the local educational agency under this subchapter shall be expended in accordance with the applicable provisions of this subchapter and—

(i) shall be used only to pay the excess costs of providing special education and related services to children with disabilities;

(ii) shall be used to supplement State, local, and other Federal funds and not to supplant such funds; and

(iii) shall not be used, except as provided in subparagraphs (B) and (C), to reduce the level of expenditures for the education of children with disabilities made by the local educational agency from local funds below the level of those expenditures for the preceding fiscal year.

(B) Exception

Notwithstanding the restriction in subparagraph (A)(iii), a local educational agency may reduce the level of expenditures where such reduction is attributable to—

(i) the voluntary departure, by retirement or otherwise, or departure for just cause, of special education personnel;

(ii) a decrease in the enrollment of children with disabilities;

(iii) the termination of the obligation of the agency, consistent with this subchapter, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the State educational agency, because the child—

(I) has left the jurisdiction of the agency;

(II) has reached the age at which the obligation of the agency to provide a free appropriate public education to the child has terminated; or

(III) no longer needs such program of special education; or

(iv) the termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

(C) Treatment of Federal funds in certain fiscal years

(i) Notwithstanding clauses (ii) and (iii) of subparagraph (A), for any fiscal year for which amounts appropriated to carry out section 1411 of this title exceeds $4,100,000,000, a local educational agency may treat as local funds, for the purpose of such clauses, up to 20 percent of the amount of funds it receives under this subchapter that exceeds the amount it received under this subchapter for the previous fiscal year.

(ii) Notwithstanding clause (i), if a State educational agency determines that a local educational agency is not meeting the requirements of this subchapter, the State educational agency may prohibit the local educational agency from treating funds received under this subchapter as local funds under clause (i) for any fiscal year, only if it is authorized to do so by the State constitution or a State statute.

(D) Schoolwide programs under title I of the ESEA

Notwithstanding subparagraph (A) or any other provision of this subchapter, a local educational agency may use funds received under this subchapter for any fiscal year to carry out a schoolwide program under section 1114 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6314], except that the amount so used in any such program shall not exceed—

(i) the number of children with disabilities participating in the schoolwide program; multiplied by

(ii)(I) the amount received by the local educational agency under this subchapter for that fiscal year; divided by

(II) the number of children with disabilities in the jurisdiction of that agency.

(3) Personnel development

The local educational agency—

(A) shall ensure that all personnel necessary to carry out this subchapter are appropriately and adequately prepared, consistent with the requirements of section 1453(c)(3)(D) of this title; and

(B) to the extent such agency determines appropriate, shall contribute to and use the comprehensive system of personnel development of the State established under section 1412(a)(14) of this title.

(4) Permissive use of funds

Notwithstanding paragraph (2)(A) or section 1412(a)(18)(B) of this title (relating to commingled funds), funds provided to the local educational agency under this subchapter may be used for the following activities:

(A) Services and aids that also benefit nondisabled children

For the costs of special education and related services and supplementary aids and services provided in a regular class or other education-related setting to a child with a disability in accordance with the individualized education program of the child, even if one or more nondisabled children benefit from such services.

(B) Integrated and coordinated services system

To develop and implement a fully integrated and coordinated services system in accordance with subsection (f) of this section.

(5) Treatment of charter schools and their students

In carrying out this subchapter with respect to charter schools that are public schools of the local educational agency, the local educational agency—

(A) serves children with disabilities attending those schools in the same manner as it serves children with disabilities in its other schools; and

(B) provides funds under this subchapter to those schools in the same manner as it provides those funds to its other schools.

(6) Information for State educational agency

The local educational agency shall provide the State educational agency with information necessary to enable the State educational agency to carry out its duties under this subchapter, including, with respect to paragraphs (16) and (17) of section 1412(a) of this title, information relating to the performance of children with disabilities participating in programs carried out under this subchapter.

(7) Public information

The local educational agency shall make available to parents of children with disabilities and to the general public all documents relating to the eligibility of such agency under this subchapter.

(b) Exception for prior local plans

(1) In general

If a local educational agency or State agency has on file with the State educational agency policies and procedures that demonstrate that such local educational agency, or such State agency, as the case may be, meets any

requirement of subsection (a) of this section, including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Act Amendments of 1997, the State educational agency shall consider such local educational agency or State agency, as the case may be, to have met such requirement for purposes of receiving assistance under this subchapter.

(2) Modification made by local educational agency

Subject to paragraph (3), an application submitted by a local educational agency in accordance with this section shall remain in effect until it submits to the State educational agency such modifications as the local educational agency deems necessary.

(3) Modifications required by State educational agency

If, after the effective date of the Individuals with Disabilities Education Act Amendments of 1997, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), or there is a new interpretation of this chapter by Federal or State courts, or there is an official finding of noncompliance with Federal or State law or regulations, the State educational agency may require a local educational agency to modify its application only to the extent necessary to ensure the local educational agency's compliance with this subchapter or State law.

(c) Notification of local educational agency or State agency in case of ineligibility

If the State educational agency determines that a local educational agency or State agency is not eligible under this section, the State educational agency shall notify the local educational agency or State agency, as the case may be, of that determination and shall provide such local educational agency or State agency with reasonable notice and an opportunity for a hearing.

(d) Local educational agency compliance

(1) In general

If the State educational agency, after reasonable notice and an opportunity for a hearing, finds that a local educational agency or State agency that has been determined to be eligible under this section is failing to comply with any requirement described in subsection (a) of this section, the State educational agency shall reduce or shall not provide any further payments to the local educational agency or State agency until the State educational agency is satisfied that the local educational agency or State agency, as the case may be, is complying with that requirement.

(2) Additional requirement

Any State agency or local educational agency in receipt of a notice described in paragraph (1) shall, by means of public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency.

(3) Consideration

In carrying out its responsibilities under paragraph (1), the State educational agency shall consider any decision made in a hearing held under section 1415 of this title that is adverse to the local educational agency or State agency involved in that decision.

(e) Joint establishment of eligibility

(1) Joint establishment

(A) In general

A State educational agency may require a local educational agency to establish its eligibility jointly with another local educational agency if the State educational agency determines that the local educational agency would be ineligible under this section because the local educational agency would not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

(B) Charter school exception

A State educational agency may not require a charter school that is a local educational agency to jointly establish its eligibility under subparagraph (A) unless it is explicitly permitted to do so under the State's charter school statute.

(2) Amount of payments

If a State educational agency requires the joint establishment of eligibility under paragraph (1), the total amount of funds made available to the affected local educational agencies shall be equal to the sum of the payments that each such local educational agency would have received under section 1411(g) of this title if such agencies were eligible for such payments.

(3) Requirements

Local educational agencies that establish joint eligibility under this subsection shall—

(A) adopt policies and procedures that are consistent with the State's policies and procedures under section 1412(a) of this title; and

(B) be jointly responsible for implementing programs that receive assistance under this subchapter.

(4) Requirements for educational service agencies

(A) In general

If an educational service agency is required by State law to carry out programs under this subchapter, the joint responsibilities given to local educational agencies under this subsection shall—

(i) not apply to the administration and disbursement of any payments received by that educational service agency; and

(ii) be carried out only by that educational service agency.

(B) Additional requirement

Notwithstanding any other provision of this subsection, an educational service agency shall provide for the education of children with disabilities in the least restrictive envi-

ronment, as required by section 1412(a)(5) of this title.

(f) Coordinated services system

(1) In general

A local educational agency may not use more than 5 percent of the amount such agency receives under this subchapter for any fiscal year, in combination with other amounts (which shall include amounts other than education funds), to develop and implement a coordinated services system designed to improve results for children and families, including children with disabilities and their families.

(2) Activities

In implementing a coordinated services system under this subsection, a local educational agency may carry out activities that include—

(A) improving the effectiveness and efficiency of service delivery, including developing strategies that promote accountability for results;

(B) service coordination and case management that facilitates the linkage of individualized education programs under this subchapter and individualized family service plans under subchapter III of this chapter with individualized service plans under multiple Federal and State programs, such as title I of the Rehabilitation Act of 1973 [29 U.S.C. 720 et seq.] (vocational rehabilitation), title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (Medicaid), and title XVI of the Social Security Act [42 U.S.C. 1381 et seq.] (supplemental security income);

(C) developing and implementing interagency financing strategies for the provision of education, health, mental health, and social services, including transition services and related services under this chapter; and

(D) interagency personnel development for individuals working on coordinated services.

(3) Coordination with certain projects under Elementary and Secondary Education Act of 1965

If a local educational agency is carrying out a coordinated services project under title XI of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 8401 et seq.] and a coordinated services project under this subchapter in the same schools, such agency shall use amounts under this subsection in accordance with the requirements of that title.

(g) School-based improvement plan

(1) In general

Each local educational agency may, in accordance with paragraph (2), use funds made available under this subchapter to permit a public school within the jurisdiction of the local educational agency to design, implement, and evaluate a school-based improvement plan that is consistent with the purposes described in section 1451(b) of this title and that is designed to improve educational and transitional results for all children with disabilities and, as appropriate, for other children consistent with subparagraphs (A) and (B) of subsection (a)(4) of this section in that public school.

(2) Authority

(A) In general

A State educational agency may grant authority to a local educational agency to permit a public school described in paragraph (1) (through a school-based standing panel established under paragraph (4)(B)) to design, implement, and evaluate a school-based improvement plan described in paragraph (1) for a period not to exceed 3 years.

(B) Responsibility of local educational agency

If a State educational agency grants the authority described in subparagraph (A), a local educational agency that is granted such authority shall have the sole responsibility of oversight of all activities relating to the design, implementation, and evaluation of any school-based improvement plan that a public school is permitted to design under this subsection.

(3) Plan requirements

A school-based improvement plan described in paragraph (1) shall—

(A) be designed to be consistent with the purposes described in section 1451(b) of this title and to improve educational and transitional results for all children with disabilities and, as appropriate, for other children consistent with subparagraphs (A) and (B) of subsection (a)(4) of this section, who attend the school for which the plan is designed and implemented;

(B) be designed, evaluated, and, as appropriate, implemented by a school-based standing panel established in accordance with paragraph (4)(B);

(C) include goals and measurable indicators to assess the progress of the public school in meeting such goals; and

(D) ensure that all children with disabilities receive the services described in the individualized education programs of such children.

(4) Responsibilities of the local educational agency

A local educational agency that is granted authority under paragraph (2) to permit a public school to design, implement, and evaluate a school-based improvement plan shall—

(A) select each school under the jurisdiction of such agency that is eligible to design, implement, and evaluate such a plan;

(B) require each school selected under subparagraph (A), in accordance with criteria established by such local educational agency under subparagraph (C), to establish a school-based standing panel to carry out the duties described in paragraph (3)(B);

(C) establish—

(i) criteria that shall be used by such local educational agency in the selection of an eligible school under subparagraph (A);

(ii) criteria that shall be used by a public school selected under subparagraph (A) in the establishment of a school-based standing panel to carry out the duties described

in paragraph (3)(B) and that shall ensure that the membership of such panel reflects the diversity of the community in which the public school is located and includes, at a minimum—

(I) parents of children with disabilities who attend such public school, including parents of children with disabilities from unserved and underserved populations, as appropriate;

(II) special education and general education teachers of such public school;

(III) special education and general education administrators, or the designee of such administrators, of such public school; and

(IV) related services providers who are responsible for providing services to the children with disabilities who attend such public school; and

(iii) criteria that shall be used by such local educational agency with respect to the distribution of funds under this subchapter to carry out this subsection;

(D) disseminate the criteria established under subparagraph (C) to local school district personnel and local parent organizations within the jurisdiction of such local educational agency;

(E) require a public school that desires to design, implement, and evaluate a school-based improvement plan to submit an application at such time, in such manner, and accompanied by such information as such local educational agency shall reasonably require; and

(F) establish procedures for approval by such local educational agency of a school-based improvement plan designed under this subsection.

(5) Limitation

A school-based improvement plan described in paragraph (1) may be submitted to a local educational agency for approval only if a consensus with respect to any matter relating to the design, implementation, or evaluation of the goals of such plan is reached by the school-based standing panel that designed such plan.

(6) Additional requirements

(A) Parental involvement

In carrying out the requirements of this subsection, a local educational agency shall ensure that the parents of children with disabilities are involved in the design, evaluation, and, where appropriate, implementation of school-based improvement plans in accordance with this subsection.

(B) Plan approval

A local educational agency may approve a school-based improvement plan of a public school within the jurisdiction of such agency for a period of 3 years, if—

(i) the approval is consistent with the policies, procedures, and practices established by such local educational agency and in accordance with this subsection; and

(ii) a majority of parents of children who are members of the school-based standing panel, and a majority of other members of the school-based standing panel, that designed such plan agree in writing to such plan.

(7) Extension of plan

If a public school within the jurisdiction of a local educational agency meets the applicable requirements and criteria described in paragraphs (3) and (4) at the expiration of the 3-year approval period described in paragraph (6)(B), such agency may approve a school-based improvement plan of such school for an additional 3-year period.

(h) Direct services by State educational agency

(1) In general

A State educational agency shall use the payments that would otherwise have been available to a local educational agency or to a State agency to provide special education and related services directly to children with disabilities residing in the area served by that local agency, or for whom that State agency is responsible, if the State educational agency determines that the local education[1] agency or State agency, as the case may be—

(A) has not provided the information needed to establish the eligibility of such agency under this section;

(B) is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a) of this section;

(C) is unable or unwilling to be consolidated with one or more local educational agencies in order to establish and maintain such programs; or

(D) has one or more children with disabilities who can best be served by a regional or State program or service-delivery system designed to meet the needs of such children.

(2) Manner and location of education and services

The State educational agency may provide special education and related services under paragraph (1) in such manner and at such locations (including regional or State centers) as the State agency considers appropriate. Such education and services shall be provided in accordance with this subchapter.

(i) State agency eligibility

Any State agency that desires to receive a subgrant for any fiscal year under section 1411(g) of this title shall demonstrate to the satisfaction of the State educational agency that—

(1) all children with disabilities who are participating in programs and projects funded under this subchapter receive a free appropriate public education, and that those children and their parents are provided all the rights and procedural safeguards described in this subchapter; and

(2) the agency meets such other conditions of this section as the Secretary determines to be appropriate.

[1] So in original. Probably should be ''educational''.

(j) Disciplinary information

The State may require that a local educational agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit such statement to the same extent that such disciplinary information is included in, and transmitted with, the student records of nondisabled children. The statement may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child. If the State adopts such a policy, and the child transfers from one school to another, the transmission of any of the child's records must include both the child's current individualized education program and any such statement of current or previous disciplinary action that has been taken against the child.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1411, 1412, 1419, 1476 of this title; title 29 sections 725, 2212.

§ 1414. Evaluations, eligibility determinations, individualized education programs, and educational placements

(a) Evaluations and reevaluations

(1) Initial evaluations

(A) In general

A State educational agency, other State agency, or local educational agency shall conduct a full and individual initial evaluation, in accordance with this paragraph and subsection (b) of this section, before the initial provision of special education and related services to a child with a disability under this subchapter.

(B) Procedures

Such initial evaluation shall consist of procedures—

(i) to determine whether a child is a child with a disability (as defined in section 1401(3) of this title); and

(ii) to determine the educational needs of such child.

(C) Parental consent

(i) In general

The agency proposing to conduct an initial evaluation to determine if the child qualifies as a child with a disability as defined in section 1401(3)(A) or 1401(3)(B) of this title shall obtain an informed consent from the parent of such child before the evaluation is conducted. Parental consent for evaluation shall not be construed as consent for placement for receipt of special education and related services.

(ii) Refusal

If the parents of such child refuse consent for the evaluation, the agency may continue to pursue an evaluation by utilizing the mediation and due process procedures under section 1415 of this title, except to the extent inconsistent with State law relating to parental consent.

(2) Reevaluations

A local educational agency shall ensure that a reevaluation of each child with a disability is conducted—

(A) if conditions warrant a reevaluation or if the child's parent or teacher requests a reevaluation, but at least once every 3 years; and

(B) in accordance with subsections (b) and (c) of this section.

(b) Evaluation procedures

(1) Notice

The local educational agency shall provide notice to the parents of a child with a disability, in accordance with subsections (b)(3), (b)(4), and (c) of section 1415 of this title, that describes any evaluation procedures such agency proposes to conduct.

(2) Conduct of evaluation

In conducting the evaluation, the local educational agency shall—

(A) use a variety of assessment tools and strategies to gather relevant functional and

developmental information, including information provided by the parent, that may assist in determining whether the child is a child with a disability and the content of the child's individualized education program, including information related to enabling the child to be involved in and progress in the general curriculum or, for preschool children, to participate in appropriate activities;

(B) not use any single procedure as the sole criterion for determining whether a child is a child with a disability or determining an appropriate educational program for the child; and

(C) use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(3) Additional requirements

Each local educational agency shall ensure that—

(A) tests and other evaluation materials used to assess a child under this section—

(i) are selected and administered so as not to be discriminatory on a racial or cultural basis; and

(ii) are provided and administered in the child's native language or other mode of communication, unless it is clearly not feasible to do so; and

(B) any standardized tests that are given to the child—

(i) have been validated for the specific purpose for which they are used;

(ii) are administered by trained and knowledgeable personnel; and

(iii) are administered in accordance with any instructions provided by the producer of such tests;

(C) the child is assessed in all areas of suspected disability; and

(D) assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.

(4) Determination of eligibility

Upon completion of administration of tests and other evaluation materials—

(A) the determination of whether the child is a child with a disability as defined in section 1401(3) of this title shall be made by a team of qualified professionals and the parent of the child in accordance with paragraph (5); and

(B) a copy of the evaluation report and the documentation of determination of eligibility will be given to the parent.

(5) Special rule for eligibility determination

In making a determination of eligibility under paragraph (4)(A), a child shall not be determined to be a child with a disability if the determinant factor for such determination is lack of instruction in reading or math or limited English proficiency.

(c) Additional requirements for evaluation and reevaluations

(1) Review of existing evaluation data

As part of an initial evaluation (if appropriate) and as part of any reevaluation under this section, the IEP Team described in subsection (d)(1)(B) of this section and other qualified professionals, as appropriate, shall—

(A) review existing evaluation data on the child, including evaluations and information provided by the parents of the child, current classroom-based assessments and observations, and teacher and related services providers observation; and

(B) on the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine—

(i) whether the child has a particular category of disability, as described in section 1401(3) of this title, or, in case of a reevaluation of a child, whether the child continues to have such a disability;

(ii) the present levels of performance and educational needs of the child;

(iii) whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and

(iv) whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the individualized education program of the child and to participate, as appropriate, in the general curriculum.

(2) Source of data

The local educational agency shall administer such tests and other evaluation materials as may be needed to produce the data identified by the IEP Team under paragraph (1)(B).

(3) Parental consent

Each local educational agency shall obtain informed parental consent, in accordance with subsection (a)(1)(C) of this section, prior to conducting any reevaluation of a child with a disability, except that such informed parent consent need not be obtained if the local educational agency can demonstrate that it had taken reasonable measures to obtain such consent and the child's parent has failed to respond.

(4) Requirements if additional data are not needed

If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability, the local educational agency—

(A) shall notify the child's parents of—

(i) that determination and the reasons for it; and

(ii) the right of such parents to request an assessment to determine whether the child continues to be a child with a disability; and

(B) shall not be required to conduct such an assessment unless requested to by the child's parents.

(5) Evaluations before change in eligibility

A local educational agency shall evaluate a child with a disability in accordance with this

section before determining that the child is no longer a child with a disability.

(III) beginning at least one year before the child reaches the age of majority under State law, a statement that the child has been informed of his or her rights under this chapter, if any, that will transfer to the child on reaching the age of majority under section 1415(m) of this title; and

(viii) a statement of—

(I) how the child's progress toward the annual goals described in clause (ii) will be measured; and

(II) how the child's parents will be regularly informed (by such means as periodic report cards), at least as often as parents are informed of their nondisabled children's progress, of—

(aa) their child's progress toward the annual goals described in clause (ii); and

(bb) the extent to which that progress is sufficient to enable the child to achieve the goals by the end of the year.

(B) Individualized education program team

The term ''individualized education program team'' or ''IEP Team'' means a group of individuals composed of—

(i) the parents of a child with a disability;

(ii) at least one regular education teacher of such child (if the child is, or may be, participating in the regular education environment);

(iii) at least one special education teacher, or where appropriate, at least one special education provider of such child;

(vii) whenever appropriate, the child with a disability.

(2) Requirement that program be in effect

(A) In general

At the beginning of each school year, each local educational agency, State educational agency, or other State agency, as the case may be, shall have in effect, for each child with a disability in its jurisdiction, an individualized education program, as defined in paragraph (1)(A).

(B) Program for child aged 3 through 5

In the case of a child with a disability aged 3 through 5 (or, at the discretion of the State educational agency, a 2 year-old[1] child with a disability who will turn age 3 during the school year), an individualized family service plan that contains the material described in section 1436 of this title, and that is developed in accordance with this section, may serve as the IEP of the child if using that plan as the IEP is—

(i) consistent with State policy; and

(ii) agreed to by the agency and the child's parents.

(3) Development of IEP

(A) In general

In developing each child's IEP, the IEP Team, subject to subparagraph (C), shall consider—

(i) the strengths of the child and the concerns of the parents for enhancing the education of their child; and

(ii) the results of the initial evaluation or most recent evaluation of the child.

(B) Consideration of special factors

The IEP Team shall—

(i) in the case of a child whose behavior impedes his or her learning or that of others, consider, when appropriate, strategies, including positive behavioral interventions, strategies, and supports to address that behavior;

(ii) in the case of a child with limited English proficiency, consider the language needs of the child as such needs relate to the child's IEP;

(iii) in the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child;

(iv) consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and

(v) consider whether the child requires assistive technology devices and services.

(C) Requirement with respect to regular education teacher

The regular education teacher of the child, as a member of the IEP Team, shall, to the extent appropriate, participate in the development of the IEP of the child, including the determination of appropriate positive behavioral interventions and strategies and the determination of supplementary aids and services, program modifications, and support for school personnel consistent with paragraph (1)(A)(iii).

(4) Review and revision of IEP

(A) In general

The local educational agency shall ensure that, subject to subparagraph (B), the IEP Team—

(i) reviews the child's IEP periodically, but not less than annually to determine whether the annual goals for the child are being achieved; and

(ii) revises the IEP as appropriate to address—

(I) any lack of expected progress toward the annual goals and in the general curriculum, where appropriate;

(II) the results of any reevaluation conducted under this section;

(6) Children with disabilities in adult prisons

(A) In general

The following requirements do not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:

(i) The requirements contained in section 1412(a)(17) of this title and paragraph (1)(A)(v) of this subsection (relating to par-

ticipation of children with disabilities in general assessments).

(ii) The requirements of subclauses (I) and (II) of paragraph (1)(A)(vii) of this subsection (relating to transition planning and transition services), do not apply with respect to such children whose eligibility under this subchapter will end, because of their age, before they will be released from prison.

(B) Additional requirement

If a child with a disability is convicted as an adult under State law and incarcerated in an adult prison, the child's IEP Team may modify the child's IEP or placement notwithstanding the requirements of section 1412(a)(5)(A) of this title and subsection (d)(1)(A) of this section if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(e) Construction

Nothing in this section shall be construed to require the IEP Team to include information under one component of a child's IEP that is already contained under another component of such IEP.

(f) Educational placements

Each local educational agency or State educational agency shall ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

(2) Requirements

Such procedures shall meet the following requirements:

(3) Limitation on conduct of hearing

A hearing conducted pursuant to paragraph (1) may not be conducted by an employee of the State educational agency or the local educational agency involved in the education or care of the child.

(g) Appeal

(i) Administrative procedures

(1) In general

(A) Decision made in hearing

A decision made in a hearing conducted pursuant to subsection (f) or (k) of this section shall be final, except that any party involved in such hearing may appeal such decision under the provisions of subsection (g) of this section and paragraph (2) of this subsection.

(B) Decision made at appeal

A decision made under subsection (g) of this section shall be final, except that any party may bring an action under paragraph (2) of this subsection.

(2) Right to bring civil action

(A) In general

Any party aggrieved by the findings and decision made under subsection (f) or (k) of this section who does not have the right to an appeal under subsection (g) of this section, and any party aggrieved by the findings and decision under this subsection, shall have the right to bring a civil action with respect to the complaint presented pursuant to this section, which action may be brought in any State court of competent jurisdiction or in a district court of the United States without regard to the amount in controversy.

(B) Additional requirements

In any action brought under this paragraph, the court—

(iii) basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate.

(3) Jurisdiction of district courts; attorneys' fees

(A) In general

The district courts of the United States shall have jurisdiction of actions brought under this section without regard to the amount in controversy.

(B) Award of attorneys' fees

In any action or proceeding brought under this section, the court, in its discretion, may award reasonable attorneys' fees as part of the costs to the parents of a child with a disability who is the prevailing party.

(C) Determination of amount of attorneys' fees

Fees awarded under this paragraph shall be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded under this subsection.

(D) Prohibition of attorneys' fees and related costs for certain services

(i) Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under this section for services performed subsequent to the time of a written offer of settlement to a parent if—

(I) the offer is made within the time prescribed by Rule 68 of the Federal Rules of

Civil Procedure or, in the case of an administrative proceeding, at any time more than 10 days before the proceeding begins;

(II) the offer is not accepted within 10 days; and

(III) the court or administrative hearing officer finds that the relief finally obtained by the parents is not more favorable to the parents than the offer of settlement.

(ii) Attorneys' fees may not be awarded relating to any meeting of the IEP Team unless such meeting is convened as a result of an administrative proceeding or judicial action, or, at the discretion of the State, for a mediation described in subsection (e) of this section that is conducted prior to the filing of a complaint under subsection (b)(6) or (k) of this section.

(E) Exception to prohibition on attorneys' fees and related costs

Notwithstanding subparagraph (D), an award of attorneys' fees and related costs may be made to a parent who is the prevailing party and who was substantially justified in rejecting the settlement offer.

(F) Reduction in amount of attorneys' fees

Except as provided in subparagraph (G), whenever the court finds that—

(i) the parent, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;

(ii) the amount of the attorneys' fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;

(iii) the time spent and legal services furnished were excessive considering the nature of the action or proceeding; or

(iv) the attorney representing the parent did not provide to the school district the appropriate information in the due process complaint in accordance with subsection (b)(7) of this section;

the court shall reduce, accordingly, the amount of the attorneys' fees awarded under this section.

(G) Exception to reduction in amount of attorneys' fees

The provisions of subparagraph (F) shall not apply in any action or proceeding if the court finds that the State or local educational agency unreasonably protracted the final resolution of the action or proceeding or there was a violation of this section.

(j) Maintenance of current educational placement

Except as provided in subsection (k)(7) of this section, during the pendency of any proceedings conducted pursuant to this section, unless the State or local educational agency and the parents otherwise agree, the child shall remain in the then-current educational placement of such child, or, if applying for initial admission to a public school, shall, with the consent of the parents, be placed in the public school program until all such proceedings have been completed.

(k) Placement in alternative educational setting

(1) Authority of school personnel

(A) School personnel under this section may order a change in the placement of a child with a disability—

(i) to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 school days (to the extent such alternatives would be applied to children without disabilities); and

(ii) to an appropriate interim alternative educational setting for the same amount of time that a child without a disability would be subject to discipline, but for not more than 45 days if—

(I) the child carries a weapon to school or to a school function under the jurisdiction of a State or a local educational agency; or

(II) the child knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function under the jurisdiction of a State or local educational agency.

(B) Either before or not later than 10 days after taking a disciplinary action described in subparagraph (A)—

(i) if the local educational agency did not conduct a functional behavioral assessment and implement a behavioral intervention plan for such child before the behavior that resulted in the suspension described in subparagraph (A), the agency shall convene an IEP meeting to develop an assessment plan to address that behavior; or

(ii) if the child already has a behavioral intervention plan, the IEP Team shall review the plan and modify it, as necessary, to address the behavior.

(2) Authority of hearing officer

A hearing officer under this section may order a change in the placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 days if the hearing officer—

(A) determines that the public agency has demonstrated by substantial evidence that maintaining the current placement of such child is substantially likely to result in injury to the child or to others;

(B) considers the appropriateness of the child's current placement;

(C) considers whether the public agency has made reasonable efforts to minimize the risk of harm in the child's current placement, including the use of supplementary aids and services; and

(D) determines that the interim alternative educational setting meets the requirements of paragraph (3)(B).

(3) Determination of setting

(A) In general

The alternative educational setting described in paragraph (1)(A)(ii) shall be determined by the IEP Team.

(B) Additional requirements

Any interim alternative educational setting in which a child is placed under paragraph (1) or (2) shall—

(i) be selected so as to enable the child to continue to participate in the general curriculum, although in another setting, and to continue to receive those services and modifications, including those described in the child's current IEP, that will enable the child to meet the goals set out in that IEP; and

(ii) include services and modifications designed to address the behavior described in paragraph (1) or paragraph (2) so that it does not recur.

(4) Manifestation determination review

(A) In general

If a disciplinary action is contemplated as described in paragraph (1) or paragraph (2) for a behavior of a child with a disability described in either of those paragraphs, or if a disciplinary action involving a change of placement for more than 10 days is contemplated for a child with a disability who has engaged in other behavior that violated any rule or code of conduct of the local educational agency that applies to all children—

(i) not later than the date on which the decision to take that action is made, the parents shall be notified of that decision and of all procedural safeguards accorded under this section; and

(ii) immediately, if possible, but in no case later than 10 school days after the date on which the decision to take that action is made, a review shall be conducted of the relationship between the child's disability and the behavior subject to the disciplinary action.

(B) Individuals to carry out review

A review described in subparagraph (A) shall be conducted by the IEP Team and other qualified personnel.

(C) Conduct of review

In carrying out a review described in subparagraph (A), the IEP Team may determine that the behavior of the child was not a manifestation of such child's disability only if the IEP Team—

(i) first considers, in terms of the behavior subject to disciplinary action, all relevant information, including—

(I) evaluation and diagnostic results, including such results or other relevant information supplied by the parents of the child;

(II) observations of the child; and

(III) the child's IEP and placement; and

(ii) then determines that—

(I) in relationship to the behavior subject to disciplinary action, the child's IEP and placement were appropriate and the special education services, supplementary aids and services, and behavior intervention strategies were provided consistent with the child's IEP and placement;

(II) the child's disability did not impair the ability of the child to understand the impact and consequences of the behavior subject to disciplinary action; and

(III) the child's disability did not impair the ability of the child to control the behavior subject to disciplinary action.

(5) Determination that behavior was not manifestation of disability

(A) In general

If the result of the review described in paragraph (4) is a determination, consistent with paragraph (4)(C), that the behavior of the child with a disability was not a manifestation of the child's disability, the relevant disciplinary procedures applicable to children without disabilities may be applied to the child in the same manner in which they would be applied to children without disabilities, except as provided in section 1412(a)(1) of this title.

(B) Additional requirement

If the public agency initiates disciplinary procedures applicable to all children, the agency shall ensure that the special education and disciplinary records of the child with a disability are transmitted for consideration by the person or persons making the final determination regarding the disciplinary action.

(6) Parent appeal

(A) In general

(i) If the child's parent disagrees with a determination that the child's behavior was not a manifestation of the child's disability or with any decision regarding placement, the parent may request a hearing.

(ii) The State or local educational agency shall arrange for an expedited hearing in any case described in this subsection when requested by a parent.

(B) Review of decision

(i) In reviewing a decision with respect to the manifestation determination, the hearing officer shall determine whether the public agency has demonstrated that the child's behavior was not a manifestation of such child's disability consistent with the requirements of paragraph (4)(C).

(ii) In reviewing a decision under paragraph (1)(A)(ii) to place the child in an interim alternative educational setting, the hearing officer shall apply the standards set out in paragraph (2).

(7) Placement during appeals

(A) In general

When a parent requests a hearing regarding a disciplinary action described in paragraph (1)(A)(ii) or paragraph (2) to challenge the interim alternative educational setting or the manifestation determination, the child shall remain in the interim alternative educational setting pending the decision of

the hearing officer or until the expiration of the time period provided for in paragraph (1)(A)(ii) or paragraph (2), whichever occurs first, unless the parent and the State or local educational agency agree otherwise.

(B) Current placement

If a child is placed in an interim alternative educational setting pursuant to paragraph (1)(A)(ii) or paragraph (2) and school personnel propose to change the child's placement after expiration of the interim alternative placement, during the pendency of any proceeding to challenge the proposed change in placement, the child shall remain in the current placement (the child's placement prior to the interim alternative educational setting), except as provided in subparagraph (C).

(C) Expedited hearing

(i) If school personnel maintain that it is dangerous for the child to be in the current placement (placement prior to removal to the interim alternative education setting) during the pendency of the due process proceedings, the local educational agency may request an expedited hearing.

(ii) In determining whether the child may be placed in the alternative educational setting or in another appropriate placement ordered by the hearing officer, the hearing officer shall apply the standards set out in paragraph (2).

(8) Protections for children not yet eligible for special education and related services

(A) In general

A child who has not been determined to be eligible for special education and related services under this subchapter and who has engaged in behavior that violated any rule or code of conduct of the local educational agency, including any behavior described in paragraph (1), may assert any of the protections provided for in this subchapter if the local educational agency had knowledge (as determined in accordance with this paragraph) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

(B) Basis of knowledge

A local educational agency shall be deemed to have knowledge that a child is a child with a disability if—

(i) the parent of the child has expressed concern in writing (unless the parent is illiterate or has a disability that prevents compliance with the requirements contained in this clause) to personnel of the appropriate educational agency that the child is in need of special education and related services;

(ii) the behavior or performance of the child demonstrates the need for such services;

(iii) the parent of the child has requested an evaluation of the child pursuant to section 1414 of this title; or

(iv) the teacher of the child, or other personnel of the local educational agency, has expressed concern about the behavior or performance of the child to the director of special education of such agency or to other personnel of the agency.

(C) Conditions that apply if no basis of knowledge

(i) In general

If a local educational agency does not have knowledge that a child is a child with a disability (in accordance with subparagraph (B)) prior to taking disciplinary measures against the child, the child may be subjected to the same disciplinary measures as measures applied to children without disabilities who engaged in comparable behaviors consistent with clause (ii).

(ii) Limitations

If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under paragraph (1) or (2), the evaluation shall be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency shall provide special education and related services in accordance with the provisions of this subchapter, except that, pending the results of the evaluation, the child shall remain in the educational placement determined by school authorities.

(9) Referral to and action by law enforcement and judicial authorities

(A) Nothing in this subchapter shall be construed to prohibit an agency from reporting a crime committed by a child with a disability to appropriate authorities or to prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

(B) An agency reporting a crime committed by a child with a disability shall ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom it reports the crime.

L. 103–382, title III, §314(a)(1), Oct. 20, 1994, 108 Stat. 3936, related to procedural safeguards, prior to the general amendment of subchapters I to IV of this chapter by Pub. L. 105–17.

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1401, 1411, 1412, 1413, 1414, 1418, 1419, 1439, 2328, 4304 of this title.

§1416. Withholding and judicial review

(a) Withholding of payments

(1) In general

Whenever the Secretary, after reasonable notice and opportunity for hearing to the State educational agency involved (and to any local educational agency or State agency affected by any failure described in subparagraph (B)), finds—

(A) that there has been a failure by the State to comply substantially with any provision of this subchapter; or

(B) that there is a failure to comply with any condition of a local educational agency's or State agency's eligibility under this subchapter, including the terms of any agreement to achieve compliance with this subchapter within the timelines specified in the agreement;

the Secretary shall, after notifying the State educational agency, withhold, in whole or in part, any further payments to the State under this subchapter, or refer the matter for appropriate enforcement action, which may include referral to the Department of Justice.

(2) Nature of withholding

If the Secretary withholds further payments under paragraph (1), the Secretary may determine that such withholding will be limited to programs or projects, or portions thereof, affected by the failure, or that the State educational agency shall not make further payments under this subchapter to specified local educational agencies or State agencies affected by the failure. Until the Secretary is satisfied that there is no longer any failure to comply with the provisions of this subchapter, as specified in subparagraph (A) or (B) of para-

graph (1), payments to the State under this subchapter shall be withheld in whole or in part, or payments by the State educational agency under this subchapter shall be limited to local educational agencies and State agencies whose actions did not cause or were not involved in the failure, as the case may be. Any State educational agency, State agency, or local educational agency that has received notice under paragraph (1) shall, by means of a public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency.

(b) Judicial review

(1) In general

If any State is dissatisfied with the Secretary's final action with respect to the eligibility of the State under section 1412 of this title, such State may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings upon which the Secretary's action was based, as provided in section 2112 of title 28.

(2) Jurisdiction; review by United States Supreme Court

Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

(3) Standard of review

The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(c) Divided State agency responsibility

For purposes of this section, where responsibility for ensuring that the requirements of this subchapter are met with respect to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons is assigned to a public agency other than the State educational agency pursuant to section 1412(a)(11)(C) of this title, the Secretary, in instances where the Secretary finds that the failure to comply substantially with the provisions of this subchapter are related to a failure by the public agency, shall take appropriate corrective action to ensure compliance with this subchapter, except—

(1) any reduction or withholding of payments to the State is proportionate to the total funds allotted under section 1411 of this title to the State as the number of eligible children with disabilities in adult prisons under the supervision of the other public agency is proportionate to the number of eligible individuals with disabilities in the State under the supervision of the State educational agency; and

(2) any withholding of funds under paragraph (1) shall be limited to the specific agency responsible for the failure to comply with this subchapter.

The Secretary shall provide grants under this section to assist States to provide special education and related services, in accordance with this subchapter—

(1) to children with disabilities aged 3 through 5, inclusive; and

(2) at the State's discretion, to 2-year-old children with disabilities who will turn 3 during the school year.

(b) Eligibility

A State shall be eligible for a grant under this section if such State—

(1) is eligible under section 1412 of this title to receive a grant under this subchapter; and

(2) makes a free appropriate public education available to all children with disabilities, aged 3 through 5, residing in the State.

(c) Allocations to States

(1) In general

After reserving funds for studies and evaluations under section 1474(e) of this title, the Secretary shall allocate the remaining amount among the States in accordance with paragraph (2) or (3), as the case may be.

(2) Increase in funds

If the amount available for allocations to States under paragraph (1) is equal to or greater than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

(A)(i) Except as provided in subparagraph (B), the Secretary shall—

(I) allocate to each State the amount it received for fiscal year 1997;

(II) allocate 85 percent of any remaining funds to States on the basis of their relative populations of children aged 3 through 5; and

(III) allocate 15 percent of those remaining funds to States on the basis of their relative populations of all children aged 3 through 5 who are living in poverty.

(ii) For the purpose of making grants under this paragraph, the Secretary shall use the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.

(B) Notwithstanding subparagraph (A), allocations under this paragraph shall be subject to the following:

(i) No State's allocation shall be less than its allocation for the preceding fiscal year.

(ii) No State's allocation shall be less than the greatest of—

(I) the sum of—

(aa) the amount it received for fiscal year 1997; and

(II) the sum of—

(aa) the amount it received for the preceding fiscal year; and

(bb) that amount multiplied by the percentage by which the increase in the funds appropriated from the preceding fiscal year exceeds 1.5 percent; or

(III) the sum of—

(aa) the amount it received for the preceding fiscal year; and

(bb) that amount multiplied by 90 percent of the percentage increase in the amount appropriated from the preceding fiscal year.

(iii) Notwithstanding clause (ii), no State's allocation under this paragraph shall exceed the sum of—

(I) the amount it received for the preceding fiscal year; and

(II) that amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated.

(C) If the amount available for allocations under this paragraph is insufficient to pay those allocations in full, those allocations shall be ratably reduced, subject to subparagraph (B)(i).

(3) Decrease in funds

If the amount available for allocations to States under paragraph (1) is less than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

(A) If the amount available for allocations is greater than the amount allocated to the States for fiscal year 1997, each State shall be allocated the sum of—

(i) the amount it received for fiscal year 1997; and

(ii) an amount that bears the same relation to any remaining funds as the increase the State received for the preceding fiscal year over fiscal year 1997 bears to the total of all such increases for all States.

(B) If the amount available for allocations is equal to or less than the amount allocated to the States for fiscal year 1997, each State shall be allocated the amount it received for that year, ratably reduced, if necessary.

(4) Outlying areas

The Secretary shall increase the fiscal year 1998 allotment of each outlying area under section 1411 of this title by at least the amount that that area received under this section for fiscal year 1997.

(d) Reservation for State activities

(1) In general

Each State may retain not more than the amount described in paragraph (2) for administration and other State-level activities in accordance with subsections (e) and (f) of this section.

(2) Amount described

For each fiscal year, the Secretary shall determine and report to the State educational

agency an amount that is 25 percent of the amount the State received under this section for fiscal year 1997, cumulatively adjusted by the Secretary for each succeeding fiscal year by the lesser of—

(A) the percentage increase, if any, from the preceding fiscal year in the State's allocation under this section; or

(B) the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(e) State administration

(1) In general

For the purpose of administering this section (including the coordination of activities under this subchapter with, and providing technical assistance to, other programs that provide services to children with disabilities) a State may use not more than 20 percent of the maximum amount it may retain under subsection (d) of this section for any fiscal year.

(2) Administration of subchapter III

Funds described in paragraph (1) may also be used for the administration of subchapter III of this chapter, if the State educational agency is the lead agency for the State under that subchapter.

(f) Other State-level activities

Each State shall use any funds it retains under subsection (d) of this section and does not use for administration under subsection (e) of this section—

(1) for support services (including establishing and implementing the mediation process required by section 1415(e) of this title), which may benefit children with disabilities younger than 3 or older than 5 as long as those services also benefit children with disabilities aged 3 through 5;

(2) for direct services for children eligible for services under this section;

(3) to develop a State improvement plan under part A of subchapter IV of this chapter;

(4) for activities at the State and local levels to meet the performance goals established by the State under section 1412(a)(16) of this title and to support implementation of the State improvement plan under part A of subchapter IV of this chapter if the State receives funds under that part; or

(5) to supplement other funds used to develop and implement a Statewide coordinated services system designed to improve results for children and families, including children with disabilities and their families, but not to exceed one percent of the amount received by the State under this section for a fiscal year.

(g) Subgrants to local educational agencies

(1) Subgrants required

Each State that receives a grant under this section for any fiscal year shall distribute any of the grant funds that it does not reserve under subsection (d) of this section to local educational agencies in the State that have established their eligibility under section 1413 of this title, as follows:

(A) Base payments

The State shall first award each agency described in paragraph (1) the amount that agency would have received under this section for fiscal year 1997 if the State had distributed 75 percent of its grant for that year under section 619(c)(3), as then in effect.

(B) Allocation of remaining funds

After making allocations under subparagraph (A), the State shall—

(i) allocate 85 percent of any remaining funds to those agencies on the basis of the relative numbers of children enrolled in public and private elementary and secondary schools within the agency's jurisdiction; and

(ii) allocate 15 percent of those remaining funds to those agencies in accordance with their relative numbers of children living in poverty, as determined by the State educational agency.

(2) Reallocation of funds

If a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all children with disabilities aged 3 through 5 residing in the area served by that agency with State and local funds, the State educational agency may reallocate any portion of the funds under this section that are not needed by that local agency to provide a free appropriate public education to other local educational agencies in the State that are not adequately providing special education and related services to all children with disabilities aged 3 through 5 residing in the areas they serve.

(h) Subchapter III inapplicable

Subchapter III of this chapter does not apply to any child with a disability receiving a free appropriate public education, in accordance with this subchapter, with funds received under this section.

(i) "State" defined

For the purpose of this section, the term ''State'' means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

§ 1431. Findings and policy

(a) Findings

The Congress finds that there is an urgent and substantial need—

(1) to enhance the development of infants and toddlers with disabilities and to minimize their potential for developmental delay;

(2) to reduce the educational costs to our society, including our Nation's schools, by minimizing the need for special education and related services after infants and toddlers with disabilities reach school age;

(3) to minimize the likelihood of institutionalization of individuals with disabilities and maximize the potential for their independently living in society;

(4) to enhance the capacity of families to meet the special needs of their infants and toddlers with disabilities; and

(5) to enhance the capacity of State and local agencies and service providers to identify, evaluate, and meet the needs of historically underrepresented populations, particularly minority, low-income, inner-city, and rural populations.

(b) Policy

It is therefore the policy of the United States to provide financial assistance to States—

(1) to develop and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency system that provides early intervention services for infants and toddlers with disabilities and their families;

(2) to facilitate the coordination of payment for early intervention services from Federal, State, local, and private sources (including public and private insurance coverage);

(3) to enhance their capacity to provide quality early intervention services and expand and improve existing early intervention services being provided to infants and toddlers with disabilities and their families; and

(4) to encourage States to expand opportunities for children under 3 years of age who would be at risk of having substantial developmental delay if they did not receive early intervention services.

(5) Procedures to protect the rights of the infant or toddler whenever the parents of the infant or toddler are not known or cannot be found or the infant or toddler is a ward of the State, including the assignment of an individual (who shall not be an employee of the State lead agency, or other State agency, and who shall not be any person, or any employee of a person, providing early intervention services to the infant or toddler or any family member of the infant or toddler) to act as a surrogate for the parents.

(6) Written prior notice to the parents of the infant or toddler with a disability whenever the State agency or service provider proposes to initiate or change or refuses to initiate or change the identification, evaluation, or placement of the infant or toddler with a disability, or the provision of appropriate early intervention services to the infant or toddler.

(7) Procedures designed to ensure that the notice required by paragraph (6) fully informs the parents, in the parents' native language, unless it clearly is not feasible to do so, of all procedures available pursuant to this section.

(8) The right of parents to use mediation in accordance with section 1415(e) of this title, except that—

(b) Services during pendency of proceedings

During the pendency of any proceeding or action involving a complaint by the parents of an infant or toddler with a disability, unless the State agency and the parents otherwise agree, the infant or toddler shall continue to receive the appropriate early intervention services currently being provided or, if applying for initial services, shall receive the services not in dispute.

The amount of such payment for any fiscal year shall be 1.25 percent of the aggregate of the amount available to all States under this subchapter for such fiscal year.

(2) Allocation

For each fiscal year, the Secretary of the Interior shall distribute the entire payment received under paragraph (1) by providing to each tribe, tribal organization, or consortium an amount based on the number of infants and toddlers residing on the reservation, as determined annually, divided by the total of such children served by all tribes, tribal organizations, or consortia.

(3) Information

To receive a payment under this subsection, the tribe, tribal organization, or consortium shall submit such information to the Secretary of the Interior as is needed to determine the amounts to be distributed under paragraph (2).

(4) Use of funds

The funds received by a tribe, tribal organization, or consortium shall be used to assist States in child find, screening, and other procedures for the early identification of Indian children under 3 years of age and for parent training. (5) Reports

To be eligible to receive a grant under paragraph (2), a tribe, tribal organization, or consortium shall make a biennial report to the Secretary of the Interior of activities undertaken under this subsection, including the number of contracts and cooperative agreements entered into, the number of children contacted and receiving services for each year, and the estimated number of children needing services during the 2 years following the year in which the report is made. The Secretary of the Interior shall include a summary of this information on a biennial basis to the Secretary of Education along with such other information as required under section 1411(i)(3)(E) of this title. (A) one-half of one percent of the remaining amount described in paragraph (1); or

(3) Special rule for 1998 and 1999

(A) In general

(4) Ratable reduction

(A) In general

If the sums made available under this subchapter for any fiscal year are insufficient

to pay the full amounts that all States are eligible to receive under this subsection for such year, the Secretary shall ratably reduce the allotments to such States for such year.

(B) Additional funds

If additional funds become available for making payments under this subsection for a fiscal year, allotments that were reduced under subparagraph (A) shall be increased on the same basis they were reduced.

PART A—STATE PROGRAM IMPROVEMENT GRANTS FOR CHILDREN WITH DISABILITIES

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in sections 1408, 1409, 1411, 1412, 1418, 1419, 1421, 1424a, 1461, 1491n of this title.

§ 1451. Findings and purpose

(a) Findings

The Congress finds the following:

(1) States are responding with some success to multiple pressures to improve educational and transitional services and results for children with disabilities in response to growing demands imposed by ever-changing factors, such as demographics, social policies, and labor and economic markets.

(2) In order for States to address such demands and to facilitate lasting systemic change that is of benefit to all students, including children with disabilities, States must involve local educational agencies, parents, individuals with disabilities and their families, teachers and other service providers, and other interested individuals and organizations in carrying out comprehensive strategies to improve educational results for children with disabilities.

(3) Targeted Federal financial resources are needed to assist States, working in partnership with others, to identify and make needed changes to address the needs of children with disabilities into the next century.

(4) State educational agencies, in partnership with local educational agencies and other individuals and organizations, are in the best position to identify and design ways to meet emerging and expanding demands to improve education for children with disabilities and to address their special needs.

(5) Research, demonstration, and practice over the past 20 years in special education and related disciplines have built a foundation of knowledge on which State and local systemic-change activities can now be based.

(6) Such research, demonstration, and practice in special education and related disciplines have demonstrated that an effective educational system now and in the future must—

(A) maintain high academic standards and clear performance goals for children with disabilities, consistent with the standards and expectations for all students in the educational system, and provide for appropriate and effective strategies and methods to ensure that students who are children with disabilities have maximum opportunities to achieve those standards and goals;

(B) create a system that fully addresses the needs of all students, including children with disabilities, by addressing the needs of children with disabilities in carrying out educational reform activities;

(C) clearly define, in measurable terms, the school and post-school results that children with disabilities are expected to achieve;

(D) promote service integration, and the coordination of State and local education, social, health, mental health, and other services, in addressing the full range of student needs, particularly the needs of children with disabilities who require significant levels of support to maximize their participation and learning in school and the community;

(E) ensure that children with disabilities are provided assistance and support in making transitions as described in section 1474(b)(3)(C) of this title;

(F) promote comprehensive programs of professional development to ensure that the persons responsible for the education or a transition of children with disabilities possess the skills and knowledge necessary to address the educational and related needs of those children;

(G) disseminate to teachers and other personnel serving children with disabilities research-based knowledge about successful teaching practices and models and provide technical assistance to local educational agencies and schools on how to improve results for children with disabilities;

(H) create school-based disciplinary strategies that will be used to reduce or eliminate the need to use suspension and expulsion as disciplinary options for children with disabilities;

(I) establish placement-neutral funding formulas and cost-effective strategies for meeting the needs of children with disabilities; and

(J) involve individuals with disabilities and parents of children with disabilities in planning, implementing, and evaluating systemic-change activities and educational reforms.

(b) Purpose

The purpose of this part is to assist State educational agencies, and their partners referred to in section 1452(b) of this title, in reforming and improving their systems for providing educational, early intervention, and transitional services, including their systems for professional development, technical assistance, and dissemination of knowledge about best practices, to improve results for children with disabilities.

SUBPART 1—IMPROVING EARLY INTERVENTION, EDUCATIONAL, AND TRANSITIONAL SERVICES AND RESULTS FOR CHILDREN WITH DISABILITIES THROUGH COORDINATED RESEARCH AND PERSONNEL PREPARATION

SUBPART REFERRED TO IN OTHER SECTIONS

This subpart is referred to in section 1461 of this title.

§ 1471.[1] Findings and purpose

(a) Findings

The Congress finds the following:

(1) The Federal Government has an ongoing obligation to support programs, projects, and activities that contribute to positive results for children with disabilities, enabling them—

(A) to meet their early intervention, educational, and transitional goals and, to the maximum extent possible, educational standards that have been established for all children; and

(B) to acquire the skills that will empower them to lead productive and independent adult lives.

(2)(A) As a result of more than 20 years of Federal support for research, demonstration projects, and personnel preparation, there is an important knowledge base for improving results for children with disabilities.

(B) Such knowledge should be used by States and local educational agencies to design and implement state-of-the-art educational systems that consider the needs of, and include, children with disabilities, especially in environments in which they can learn along with their peers and achieve results measured by the same standards as the results of their peers.

(3)(A) Continued Federal support is essential for the development and maintenance of a coordinated and high-quality program of research, demonstration projects, dissemination of information, and personnel preparation.

(B) Such support—

(i) enables State educational agencies and local educational agencies to improve their educational systems and results for children with disabilities;

(ii) enables State and local agencies to improve early intervention services and results for infants and toddlers with disabilities and their families; and

(iii) enhances the opportunities for general and special education personnel, related services personnel, parents, and paraprofessionals to participate in pre-service and in-service training, to collaborate, and to improve results for children with disabilities and their families.

(4) The Federal Government plays a critical role in facilitating the availability of an adequate number of qualified personnel—

(A) to serve effectively the over 5,000,000 children with disabilities;

(B) to assume leadership positions in administrative and direct-service capacities related to teacher training and research concerning the provision of early intervention services, special education, and related services; and

(C) to work with children with low-incidence disabilities and their families.

(5) The Federal Government performs the role described in paragraph (4)—

(A) by supporting models of personnel development that reflect successful practice, including strategies for recruiting, preparing, and retaining personnel;

(B) by promoting the coordination and integration of—

(i) personnel-development activities for teachers of children with disabilities; and

[1] Another section 1471 of this title is set out in subchapter VIII of this chapter following this subchapter.

(ii) other personnel-development activities supported under Federal law, including this subpart;

(C) by supporting the development and dissemination of information about teaching standards; and

(D) by promoting the coordination and integration of personnel-development activities through linkage with systemic-change activities within States and nationally.

(b) Purpose

The purpose of this subpart is to provide Federal funding for coordinated research, demonstration projects, outreach, and personnel-preparation activities that—

(1) are described in sections 1472 through 1474 of this title;

(2) are linked with, and promote, systemic change; and

(3) improve early intervention, educational, and transitional results for children with disabilities.

(Pub. L. 91–230, title VI, § 671, as added Pub. L. 105–17, title I, § 101, June 4, 1997, 111 Stat. 135.)

§ 1471.[1] Congressional findings and policy

(a) Findings

The Congress finds that there is an urgent and substantial need—

(1) to enhance the development of infants and toddlers with disabilities and to minimize their potential for developmental delay,

(2) to reduce the educational costs to our society, including our Nation's schools, by minimizing the need for special education and related services after infants and toddlers with disabilities reach school age,

(3) to minimize the likelihood of institutionalization of individuals with disabilities and maximize the potential for their independent living in society,

(4) to enhance the capacity of families to meet the special needs of their infants and toddlers with disabilities, and

(5) to enhance the capacity of State and local agencies and service providers to identify, evaluate, and meet the needs of historically underrepresented populations, particularly minority, low-income, inner-city, and rural populations.

(b) Policy

It is therefore the policy of the United States to provide financial assistance to States—

(1) to develop and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency program of early intervention services for infants and toddlers with disabilities and their families,

(2) to facilitate the coordination of payment for early intervention services from Federal, State, local, and private sources (including public and private insurance coverage), and

(3) to enhance their capacity to provide quality early intervention services and expand and improve existing early intervention services being provided to infants and toddlers with disabilities and their families.

(A) For the first fiscal year, each tribe or tribal organization shall receive an amount proportionate to the amount of weighted student units for special education programs for BIA operated or funded schools serving such reservation generated under the formula established under section 2008[2] of title 25, divided by the total number of such students in all BIA operated or funded schools.

(B) For each fiscal year thereafter, each tribe or tribal organization shall receive an amount based on the number of infants and toddlers residing on the reservation as determined annually divided by the total of such children served by all tribes or tribal organizations.

(3) To receive a payment under this paragraph, the tribe or tribal organization shall submit such figures to the Secretary of the Interior as are needed to determine the amounts to be allocated under paragraph (2).

(4) The funds received by a tribe or tribal organization shall be used to assist States in child find, screening, and other procedures for the early identification of Indian children aged 0–2, inclusive, and for parent training. Such funds may also be used to provide early intervention services in accordance with this subchapter. These activities may be carried out directly or through contracts or cooperative agreements with the BIA, local educational agencies, and other public or private nonprofit organizations. The tribe and tribal organization is encouraged to involve Indian parents in the development and implementation of these activities. (5) To be eligible to receive a grant pursuant to paragraph (2), the tribe or tribal organization shall make a biennial report to the Secretary of the Interior of activities undertaken under this subsection, including the number of contracts and cooperative agreements entered into, the number of children contacted and receiving services for each year, and the estimated number of children needing services during the 2 years following the one in which the report is made. The Secretary of the Interior shall include a summary of this information on a biennial basis to the Secretary of Education along with such other information as required under section 1411(f)(3)(D) of this title. The Secretary of Education may require any additional information from the Secretary of the Interior.

(1) Except as provided in paragraphs (3), (4), and (5) from the funds remaining for each fiscal year after the reservation and payments under subsections (a) and (b) of this section, the Secretary shall first allot to each State an amount that bears the same ratio to the amount of such remainder as the number of infants and toddlers in the State bears to the number of infants and toddlers in all States.

(2) For fiscal year 1995 only, the Secretary shall allot $34,000,000 of the remaining funds described in paragraph (1) among the States in proportion to their relative numbers of infants and toddlers with disabilities who—

(A) are counted on December 1, 1994; and

(B) would have been eligible to be counted under section 1221(c)(1) of the Elementary and Secondary Education Act of 1965 (as such section was in effect on the day preceding October 20, 1994).

(3) Except as provided in paragraphs (4) and (5), no State shall receive an amount under this section for any fiscal year that is less than the greater of—

(B) If, for fiscal year 1998 or 1999, the number of infants and toddlers in any State, as determined under paragraph (1), is less than the number of infants and toddlers so determined for fiscal year 1994, the amount determined under subparagraph (A) for that State shall be reduced by the same percentage by which the number of those infants and toddlers so declined.

(5)(A) If the sums made available under this subchapter for any fiscal year are insufficient to pay the full amounts that all States are eligible to receive under this subsection for such year, the Secretary shall ratably reduce the allocations to such States for such year.

(B) If additional funds become available for making payments under this subsection for such fiscal year, allocations that were reduced under subparagraph (A) shall be increased on the same basis as such allocations were reduced.

(6) For the purpose of paragraph (1)—

§ 1491a. Findings, purposes, and policy

(a) Findings

The Congress makes the following findings:

(1) It is in the best interest of our Nation to preserve, strengthen, and maintain the family.

(2) Families are the greatest natural resource available to their children and are the major providers of support, care, and training of their children.

(3) Families of children with disabilities enrich the lives of all citizens through the contributions of such families to the economic, health, and social fabric of their community, State, and Nation.

(4) A growing number of families are searching for ways to empower themselves to raise their children with disabilities at home and in their communities. Supporting such families to enable them to care for their children with disabilities at home is efficient and can be cost-effective.

(5) Children, including children with disabilities, benefit from enduring family relationships in a nurturing home environment.

(6) Many families experience exceptionally high financial outlays and significant physical and emotional challenges in meeting the special needs of their children with disabilities.

(7) There are financial disincentives for families to care for their children with disabilities at home.

(8) Most families of children with disabilities do not have access to family-centered and family-directed services to support such families in their efforts to care for their children with disabilities at home.

(9) There is a need in each State for a comprehensive, coordinated, interagency system of family support for families of children with disabilities that is family-centered and family-directed, is easily accessible, avoids duplication, uses existing resources more efficiently, and prevents gaps in services to families in all areas of the State.

(10) The goals of the Nation properly include the goal of providing families of children with disabilities the family support necessary to accomplish the following:

(A) To support the family.

(B) To enable families of children with disabilities to nurture and enjoy their children at home.

(C) To enable families of children with disabilities to make informed choices and decisions regarding the nature of services, supports, and resources made available to such families.

(b) Purposes

The purposes of this subchapter are as follows:

(1) To provide financial assistance to the States to support systems change activities designed to assist each State to develop and implement, or expand and enhance, a family-centered and family-directed, culturally competent, community-centered, comprehensive, statewide system of family support for families of children with disabilities that is designed to—

(A) ensure the full participation, choice and control of families of children with dis-

abilities in decisions related to the provision of such family support for their family;

(B) ensure the active involvement of families of children with disabilities in the planning, development, implementation, and evaluation of such a statewide system;

(C) increase the availability of, funding for, access to, and provision of family support for families of children with disabilities;

(D) promote training activities that are family-centered and family-directed and that enhance the ability of family members of children with disabilities to increase participation, choice, and control in the provision of family support for families of children with disabilities;

(E) increase and promote interagency coordination among State agencies, and between State agencies and private entities that are involved in carrying out activities under section 1491g of this title; and

(F) increase the awareness of laws, regulations, policies, practices, procedures, and organizational structures, which facilitate or impede the availability or provision of family support for families of children with disabilities.

(2) To enhance the ability of the Federal Government to—

(A) identify Federal policies that facilitate or impede family support for families of children with disabilities, and that are consistent with the principles in subsection (c) of this section;

(B) provide States with technical assistance and information relating to the provision of family support for families of children with disabilities;

(C) conduct an evaluation of the program of grants to States; and

(D) provide funding for model demonstration and innovation projects.

(c) Policy

It is the policy of the United States that all programs, projects, and activities receiving assistance under this subchapter shall be family-centered and family-directed and shall be carried out in a manner consistent with the following principles:

(1) Family support for families of children with disabilities must focus on the needs of the entire family.

(2) Families of children with disabilities should be supported in determining their needs and in making decisions concerning necessary, desirable, and appropriate services.

(3) Families should play decisionmaking roles in policies and programs that affect the lives of such families.

(4) Family needs change over time and family support for families of children with disabilities must offer options that are flexible and responsive to the unique needs and strengths and cultural values of individual families.

(5) Family support for families of children with disabilities is proactive and not solely in response to a crisis.

(6) Families must be supported in their efforts to promote the integration and inclusion of their children with disabilities into all aspects of community life.

(7) Family support for families of children with disabilities should promote the use of existing social networks, strengthen natural sources of support, and help build connections to existing community resources and services.

(8) Youth with disabilities should be involved in decisionmaking about their own lives, consistent with the unique strengths, resources, priorities, concerns, abilities, and capabilities of each such youth.

(9) Services and supports must be provided in a manner that demonstrates respect for individual dignity, personal responsibility, self-determination, personal preferences, and cultural differences of families.

(d) Rule of construction

Nothing in this subchapter shall be construed to prevent families from choosing an out-of-home placement for their children with disabilities, including institutional placement for such children.

(Pub. L. 91–230, title VI, § 702, as added Pub. L. 103–382, title III, § 315, Oct. 20, 1994, 108 Stat. 3937.)

§ 1682. Federal administrative enforcement; report to Congressional committees

No such rule, regulation, or order shall become effective unless and until approved by the President. Compliance with any requirement adopted pursuant to this section may be effected (1) by the termination of or refusal to grant or to continue assistance under such program or activity to any recipient as to whom there has been an express finding on the record, after opportunity for hearing, of a failure to comply with such requirement, but such termination or refusal shall be limited to the particular political entity, or part thereof, or other recipient as to whom such a finding has been made, and shall be limited in its effect to the particular program, or part thereof, in which such noncompliance has been so found, or (2) by any other means authorized by law: *Provided, however*, That no such action shall be taken until the department or agency concerned has advised the appropriate person or persons of the failure to comply with the requirement and has determined that compliance cannot be secured by voluntary means. In the case of any action terminating, or refusing to grant or continue, assistance because of failure to comply with a requirement imposed pursuant to this section, the head of the Federal department or agency shall file with the committees of the House and Senate having legislative jurisdiction over the program or activity involved a full written report of the circumstances and the grounds for such action. No such action shall become effective until thirty days have elapsed after the filing of such report.

SUBCHAPTER I—EQUAL EDUCATIONAL OPPORTUNITIES

PART 1—POLICY AND PURPOSE

§ 1701. Congressional declaration of policy

(a) Entitlement to equal educational opportunity; neighborhood as appropriate basis

The Congress declares it to be the policy of the United States that—

(1) all children enrolled in public schools are entitled to equal educational opportunity without regard to race, color, sex, or national origin; and

(2) the neighborhood is the appropriate basis for determining public school assignments.

(b) Purpose

In order to carry out this policy, it is the purpose of this subchapter to specify appropriate remedies for the orderly removal of the vestiges of the dual school system.

(Pub. L. 93–380, title II, § 202, Aug. 21, 1974, 88 Stat. 514.)

EFFECTIVE DATE

Chapter effective on and after sixtieth day after Aug. 21, 1974, see section 2(c) of Pub. L. 93–380, set out as a note under section 1221–1 of this title.

SHORT TITLE

Section 201 of title II of Pub. L. 93–380 provided that: ''This title [enacting this chapter and section 1228 of this title and amending section 1608 of this title] may be cited as the 'Equal Educational Opportunities Act of 1974'.''

§ 1702. Congressional findings

(a) Dual school systems as denial of equal protection; depletion of financial resources of local educational agencies; transportation of students; inadequacy of guidelines

The Congress finds that—

(1) the maintenance of dual school systems in which students are assigned to schools solely on the basis of race, color, sex, or national origin denies to those students the equal protection of the laws guaranteed by the fourteenth amendment;

(2) for the purpose of abolishing dual school systems and eliminating the vestiges thereof, many local educational agencies have been required to reorganize their school systems, to reassign students, and to engage in the extensive transportation of students;

(3) the implementation of desegregation plans that require extensive student transportation has, in many cases, required local educational agencies to expend large amounts of funds, thereby depleting their financial resources available for the maintenance or improvement of the quality of educational facilities and instruction provided;

(4) transportation of students which creates serious risks to their health and safety, disrupts the educational process carried out with respect to such students, and impinges significantly on their educational opportunity, is excessive;

(5) the risks and harms created by excessive transportation are particularly great for children enrolled in the first six grades; and

(6) the guidelines provided by the courts for fashioning remedies to dismantle dual school systems have been, as the Supreme Court of the United States has said, ''incomplete and imperfect,'' and have not established, a clear, rational, and uniform standard for determining the extent to which a local educational agency is required to reassign and transport its students in order to eliminate the vestiges of a dual school system.

(b) Necessity of Congress to specify appropriate remedies for elimination of dual school systems

For the foregoing reasons, it is necessary and proper that the Congress, pursuant to the powers granted to it by the Constitution of the United States, specify appropriate remedies for the elimination of the vestiges of dual school systems, except that the provisions of this chapter are not intended to modify or diminish the authority of the courts of the United States to enforce fully the fifth and fourteenth amendments to the Constitution of the United States.

(Pub. L. 93–380, title II, § 203, Aug. 21, 1974, 88 Stat. 514.)

PART 2—UNLAWFUL PRACTICES

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in section 1710 of this title.

§ 1703. Denial of equal educational opportunity prohibited

No State shall deny equal educational opportunity to an individual on account of his or her race, color, sex, or national origin, by—

(a) the deliberate segregation by an educational agency of students on the basis of race, color, or national origin among or within schools;

(b) the failure of an educational agency which has formerly practiced such deliberate segregation to take affirmative steps, consistent with part 4 of this subchapter, to remove the vestiges of a dual school system;

(c) the assignment by an educational agency of a student to a school, other than the one closest to his or her place of residence within the school district in which he or she resides, if the assignment results in a greater degree of segregation of students on the basis of race, color, sex, or national origin among the schools of such agency than would result if such student were assigned to the school closest to his or her place of residence within the school district of such agency providing the appropriate grade level and type of education for such student;

(d) discrimination by an educational agency on the basis of race, color, or national origin in the employment, employment conditions, or assignment to schools of its faculty or staff, except to fulfill the purposes of subsection (f) below;

(e) the transfer by an educational agency, whether voluntary or otherwise, of a student from one school to another if the purpose and effect of such transfer is to increase segregation of students on the basis of race, color, or national origin among the schools of such agency; or

(f) the failure by an educational agency to take appropriate action to overcome language barriers that impede equal participation by its students in its instructional programs.

(Pub. L. 93–380, title II, § 204, Aug. 21, 1974, 88 Stat. 515.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 7402 of this title.

§ 1704. Balance not required

The failure of an educational agency to attain a balance, on the basis of race, color, sex, or national origin, of students among its schools shall not constitute a denial of equal educational opportunity, or equal protection of the laws.

(Pub. L. 93–380, title II, § 205, Aug. 21, 1974, 88 Stat. 515.)

§ 1705. Assignment on neighborhood basis not a denial of equal educational opportunity

Subject to the other provisions of this subchapter, the assignment by an educational agency of a student to the school nearest his place of residence which provides the appropriate grade level and type of education for such student is not a denial of equal educational opportunity or of equal protection of the laws unless such assignment is for the purpose of segregating students on the basis of race, color, sex, or national origin, or the school to which such student is assigned was located on its site for the purpose of segregating students on such basis.

(Pub. L. 93–380, title II, § 206, Aug. 21, 1974, 88 Stat. 515.)

PART 3—ENFORCEMENT

§ 1706. Civil actions by individuals denied equal educational opportunities or by Attorney General

An individual denied an equal educational opportunity, as defined by this subchapter may institute a civil action in an appropriate district court of the United States against such parties, and for such relief, as may be appropriate. The Attorney General of the United States (hereinafter in this chapter referred to as the ''Attorney General''), for or in the name of the United States, may also institute such a civil action on behalf of such an individual.

(Pub. L. 93–380, title II, § 207, Aug. 21, 1974, 88 Stat. 516.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1708, 1709, 1710 of this title.

§ 1707. Population changes without effect, per se, on school population changes

When a court of competent jurisdiction determines that a school system is desegregated, or that it meets the constitutional requirements, or that it is a unitary system, or that it has no vestiges of a dual system, and thereafter residential shifts in population occur which result in school population changes in any school within such a desegregated school system, such school population changes so occurring shall not, per se, constitute a cause for civil action for a new plan of desegregation or for modification of the court approved plan.

(Pub. L. 93–380, title II, § 208, Aug. 21, 1974, 88 Stat. 516.)

§ 1708. Jurisdiction of district courts

The appropriate district court of the United States shall have and exercise jurisdiction of proceedings instituted under section 1706 of this title.

(Pub. L. 93–380, title II, § 209, Aug. 21, 1974, 88 Stat. 516.)

§ 1709. Intervention by Attorney General

Whenever a civil action is instituted under section 1706 of this title by an individual, the Attorney General may intervene in such action upon timely application.

(Pub. L. 93–380, title II, § 210, Aug. 21, 1974, 88 Stat. 516.)

§ 1710. Civil actions by Attorney General; notice of violations; certification respecting undertaking appropriate remedial action

The Attorney General shall not institute a civil action under section 1706 of this title before he—

(a) gives to the appropriate educational agency notice of the condition or conditions which, in his judgment, constitute a violation of part 2 of this subchapter; and

(b) certifies to the appropriate district court of the United States that he is satisfied that such educational agency has not, within a reasonable time after such notice, undertaken appropriate remedial action.

(Pub. L. 93–380, title II, § 211, Aug. 21, 1974, 88 Stat. 516.)

PART 4—REMEDIES

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in section 1703 of this title.

§ 1712. Formulating remedies; applicability

In formulating a remedy for a denial of equal educational opportunity or a denial of the equal protection of the laws, a court, department, or agency of the United States shall seek or impose only such remedies as are essential to correct particular denials of equal educational opportunity or equal protection of the laws.

(Pub. L. 93–380, title II, § 213, Aug. 21, 1974, 88 Stat. 516.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1715 of this title.

§ 1713. Priority of remedies

In formulating a remedy for a denial of equal educational opportunity or a denial of the equal protection of the laws, which may involve directly or indirectly the transportation of students, a court, department, or agency of the United States shall consider and make specific findings on the efficacy in correcting such denial of the following remedies and shall require implementation of the first of the remedies set out below, or of the first combination thereof which would remedy such denial:

(a) assigning students to the schools closest to their places of residence which provide the appropriate grade level and type of education for such students, taking into account school capacities and natural physical barriers;

(b) assigning students to the schools closest to their places of residence which provide the appropriate grade level and type of education for such students, taking into account only school capacities;

(c) permitting students to transfer from a school in which a majority of the students are of their race, color, or national origin to a school in which a minority of the students are of their race, color, or national origin;

(d) the creation or revision of attendance zones or grade structures without requiring transportation beyond that described in section 1714 of this title;

(e) the construction of new schools or the closing of inferior schools;

(f) the construction or establishment of magnet schools; or

(g) the development and implementation of any other plan which is educationally sound and administratively feasible, subject to the provisions of sections 1714 and 1715 of this title.

(Pub. L. 93–380, title II, § 214, Aug. 21, 1974, 88 Stat. 517.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in sections 1714, 1715 of this title.

§ 1714. Transportation of students

(a) Limitation to school closest or next closest to place of residence

No court, department, or agency of the United States shall, pursuant to section 1713 of this title, order the implementation of a plan that would require the transportation of any student to a school other than the school closest or next closest to his place of residence which provides the appropriate grade level and type of education for such student.

(b) Health risks; impingement on educational process

No court, department, or agency of the United States shall require directly or indirectly the transportation of any student if such transportation poses a risk to the health of such student or constitutes a significant impingement on the educational process with respect to such student.

(c) School population changes resulting from population changes

When a court of competent jurisdiction determines that a school system is desegregated, or that it meets the constitutional requirements, or that it is a unitary system, or that it has no vestiges of a dual system, and thereafter residential shifts in population occur which result in school population changes in any school within such a desegregated school system, no educational agency because of such shifts shall be required by any court, department, or agency of the United States to formulate, or implement any new desegregation plan, or modify or implement any modification of the court approved desegregation plan, which would require transportation of students to compensate wholly or in part for such shifts in school population so occurring.

(Pub. L. 93–380, title II, § 215, Aug. 21, 1974, 88 Stat. 517.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1713 of this title.

§ 1715. District lines

In the formulation of remedies under section 1712 or 1713 of this title the lines drawn by a State, subdividing its territory into separate school districts, shall not be ignored or altered except where it is established that the lines were drawn for the purpose, and had the effect, of segregating children among public schools on the basis of race, color, sex, or national origin.

(Pub. L. 93–380, title II, § 216, Aug. 21, 1974, 88 Stat. 518.)

SECTION REFERRED TO IN OTHER SECTIONS

This section is referred to in section 1713 of this title.

§ 1716. Voluntary adoption of remedies

Nothing in this subchapter prohibits an educational agency from proposing, adopting, requiring, or implementing any plan of desegregation, otherwise lawful, that is at variance with the standards set out in this subchapter nor shall any court, department, or agency of the United States be prohibited from approving implementation of a plan which goes beyond what can be required under this subchapter, if such plan is voluntarily proposed by the appropriate educational agency.

(Pub. L. 93–380, title II, § 217, Aug. 21, 1974, 88 Stat. 518.)

§ 1717. Reopening proceedings

A parent or guardian of a child, or parents or guardians of children similarly situated, transported to a public school in accordance with a court order, or an educational agency subject to a court order or a desegregation plan under title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.] in effect on August 21, 1974, and intended to end segregation of students on the basis of race, color, or national origin, may seek to reopen or intervene in the further implementation of such court order, currently in effect, if the time or distance of travel is so great as to risk the health of the student or significantly impinge on his or her educational process.

§ 2001. Congressional statement of findings

The Congress finds that—

because a high regard for the public trust and a lively exercise of political talents were outstanding characteristics of the thirty-third President of the United States;

because a special interest of the man from Independence in American history and a broad knowledge and understanding of the American political and economic system gained by study and experience in county and National Government culminated in the leadership of America remembered for the quality of his character, courage, and commonsense;

because of the desirability of encouraging young people to recognize and provide service in the highest and best traditions of the American political system at all levels of government, it is especially appropriate to honor former President Harry S Truman through the creation of a perpetual education scholarship program to develop increased opportunities for young Americans to prepare and pursue careers in public service.

(B) 1.5 percent for the purpose of carrying out section 2313 of this title, of which—

(i) 1.25 percent shall be for the purpose of carrying out section 2313(b) of this title; and

(ii) .25 percent shall be for the purpose of carrying out section 2313(c) of this title; and

(C) .2 percent for the purpose of carrying out section 2311a of this title.

(2) Subject to the provisions of paragraph (3), from the remainder of the sums appropriated pursuant to section 2302(a) and (b) of this title, the Secretary shall allot to each State for each fiscal year—

(A) an amount which bears the same ratio to 50 percent of the sums being allotted as the product of the population aged fifteen to nineteen inclusive, in the State in the fiscal year preceding the fiscal year for which the determination is made and the State's allotment ratio bears to the sum of the corresponding products for all the States;

(B) an amount which bears the same ratio to 20 percent of the sums being allotted as the product of the population aged twenty to twenty-four, inclusive, in the State in the fiscal year preceding the fiscal year for which the determination is made and the State's allotment ratio bears to the sum of the corresponding products for all the States;

(C) an amount which bears the same ratio to 15 percent of the sums being allotted as the product of the population aged twenty-five to sixty-five, inclusive, in the State in the fiscal year preceding the fiscal year for which the determination is made and the State's allotment ratio bears to the sum of the corresponding products for all the States; and

(3)(A)(i) Notwithstanding any other provision of law and subject to clause (ii), for any fiscal year for programs authorized by subchapter II of this chapter or part B of subchapter III of this chapter, no State shall receive less than the payments made to the State for each such program for fiscal year 1985 under Public Laws 98–619 and 99–88. Amounts necessary for increasing such payments to States to comply with the preceding sentence shall be obtained by ratably reducing the amounts to be paid to other States, but no such amount shall be reduced to an amount which is less than the amount a State received under the Act[1] for each such program for fiscal year 1985.

(ii) If for any fiscal year the amount appropriated for programs authorized by subchapter II of this chapter or part B of subchapter III of this chapter and available for allotment under this section is insufficient to satisfy the provisions of clause (i), the payments to all States for each such program shall be ratably reduced as necessary.

ceive more than 150 percent of the payments made to the State for each program authorized by subchapter II of this chapter, or part A, B, C, D, or E[2] of subchapter III of this chapter for the preceding fiscal year.

(C) In the case of the Virgin Islands, the minimum allotment for all programs under this chapter shall not be less than $200,000.

(ii) The amount calculated under this clause shall be determined by multiplying—

(I) the number of individuals in the State counted under paragraph (2) in the preceding fiscal year; by

(II) 150 percent of the national average per pupil payment made with funds available under this section for that year.

(iii) Notwithstanding the provisions of clauses (i) and (ii), no State shall be allotted an amount under this section in any fiscal year that is less than the amount such State is allotted in the fiscal year 1991.

(b) Reallotments

If the Secretary determines that any amount of any State's allotment under subsection (a) of this section for any fiscal year will not be required for such fiscal year for carrying out the program for which such amount has been allotted, the Secretary shall make such amount available for reallotment. Any such reallotment among other States shall occur on such dates during the same year as the Secretary shall fix, and shall be made on the basis of criteria established by regulation. No funds may be reallotted for any use other than the use for which they were appropriated. Any amount reallotted to a State under this subsection for any fiscal year shall remain available for obligation during the succeeding fiscal year and shall be deemed to be part of its allotment for the year in which it is obligated.

(c) Allotment ratios

(1) The allotment ratio for any State shall be 1.00 less the product of—

(A) 0.50; and

(B) the quotient obtained by dividing the per capita income for the State by the per capita income for all the States (exclusive of Puerto Rico and the Virgin Islands), except that (i) the allotment ratio in no case shall be more than 0.60 or less than 0.40 and (ii) the allotment ratio for Puerto Rico and the Virgin Islands shall be 0.60.

(2) The allotment ratios shall be promulgated by the Secretary for each fiscal year between October 1 and December 31 of the fiscal year preceding the fiscal year for which the determination is made. Allotment ratios shall be computed on the basis of the average of the appropriate per capita incomes for the three most recent consecutive fiscal years for which satisfactory data are available.

(3) The term ''per capita income'' means, with respect to a fiscal year, the total personal income in the calendar year ending in such year, divided by the population of the area concerned in such year.

(4) For the purposes of this section, population shall be determined by the Secretary on the basis of the latest estimates available to the Department.

SUBPART 1—WITHIN-STATE ALLOCATION

§ 2341. Distribution of funds to secondary school programs

(a) General rule

Except as otherwise provided in this section and section 2341b of this title, each State shall distribute funds available in any fiscal year for secondary school vocational education programs to local educational agencies within the State as follows:

(1) From 70 percent of such funds, each local educational agency shall be allocated an amount that bears the same relationship to such 70 percent as the amount such local educational agency was allocated under section 1124 or such section's predecessor authority of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6333] in the preceding fiscal year bears to the total amount received under such section by local educational agencies in the State in such year.

(2) From 20 percent of such funds, each local educational agency shall be allocated an amount that bears the same relationship to such 20 percent as the number of students with handicaps who have individualized education programs under section 1414(a)(5)[1] of this title served by such local educational agency in the preceding fiscal year bears to the total number of such students served by local educational agencies in the State in such year.

(3) From 10 percent of such funds, each local educational agency shall be allocated an amount that bears the same relationship to such 10 percent as the number of students enrolled in schools and adults enrolled in training programs under the jurisdiction of such local educational agency in the preceding fiscal year bears to the number of students enrolled in schools and adults enrolled in training programs under the jurisdiction of all local educational agencies in the State in such year.

(b) Minimum grant amount

(1) Except as provided in paragraph (2), no local educational agency shall be eligible for a grant under this part unless the amount allocated to such agency under subsection (a) of this section is not less than $15,000. poses of meeting the minimum grant requirement of this paragraph.

(2) The State may waive the application of paragraph (1) in any case in which the local educational agency—

(A) is located in a rural, sparsely-populated area; and

(B) demonstrates that the agency is unable to enter into a consortium for purposes of providing services under this part.

(3) Any amounts which are not allocated by reason of paragraph (1) or paragraph (2) shall be redistributed to local educational agencies that meet the requirements of paragraph (1) or paragraph (2) in accordance with the provisions of this section.

(c) Limited jurisdiction agencies

(1) In applying the provisions of subsection (a) of this section, no State board receiving assistance under this chapter shall allocate funds to a local educational agency that serves only elementary schools, but shall distribute such funds to the local or regional educational agency which provides secondary school services to secondary school students in the same attendance area.

(2) The amount to be allocated under paragraph (1) to a local educational agency that has jurisdiction only over secondary schools shall be determined based on the number of students that entered such secondary schools in the previous year from the elementary schools involved.

(d) Allocations to area vocational education schools and intermediate educational agencies

(1) The State shall distribute funds available for secondary school vocational education programs to the appropriate area vocational education school or intermediate educational agency in any case in which—

(A) the area vocational education school or intermediate educational agency and the local educational agency concerned—

(i) have formed or will form a consortium for the purpose of receiving funds under this section; or

(ii) have entered into or will enter into a cooperative arrangement for such purpose; and

(B)(i) the area vocational education school or intermediate educational agency serves an approximately equal or greater proportion of students with handicaps and students who are economically disadvantaged than the proportion of such students attending the secondary schools under the jurisdiction of all of the local educational agencies sending students to the area vocational education school or the intermediate educational agency; or

(ii) the area vocational education school, intermediate educational agency, or local educational agency demonstrates that it is unable to meet the criterion described in clause (i) due to the lack of interest by students described in clause (i) in attending vocational education programs in that area school or intermediate educational agency.

(2) If an area vocational education school or intermediate educational agency meets the requirements of paragraph (1), then—

(A) the amount that would otherwise be distributed to the local educational agency shall be allocated to the area vocational education school, the intermediate educational agency, and the local educational agency based on each school's or entity's relative share of students described in paragraph (1)(B)(i) who are attending vocational education programs that meet the requirements of section 2342 of this title (based, if practicable, on the average enrollment for the prior 3 years); or

(B) such amount may be allocated on the basis of an agreement between the local educational agency and the area vocational education school or intermediate educational agency.

(3)(A) For the purposes of this subsection, the State may determine the number of economically disadvantaged students attending vocational education programs on the basis of eligibility for any of the following:

(i) Free or reduced-price meals under the National School Lunch Act [42 U.S.C. 1751 et seq.].

(ii) The State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.].

(iii) Benefits under the Food Stamp Act of 1977 [7 U.S.C. 2011 et seq.].

(iv) Services under title I of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.].

(v) Other indices of economic status including estimates of such indices, if the State demonstrates to the satisfaction of the Secretary that such indices are more representative of such number.

(B) If a State elects to use more than 1 factor described in subparagraph (A) for purposes of making the determination described in such subparagraph, the State shall ensure that the data used is not duplicative.

(4) The State board shall establish an appeals procedure for resolution of any dispute arising between a local educational agency and an area vocational education school or an intermediate educational agency with respect to the allocation procedures described in this section, including the decision of a local educational agency to leave a consortium.

(5) Notwithstanding the provisions of paragraphs (1), (2), (3), and (4) any local educational agency receiving an allocation which is not sufficient to conduct a program which meets the requirements of section 2342(c) of this title is encouraged to—

(A) form a consortium or enter into a cooperative agreement with an area vocational education school or intermediate educational agency offering programs that meet the requirements of section 2342(c) of this title and that are accessible to economically disadvantaged students and students with handicaps served by such local educational agency; and

(B) transfer such allocation to the area vocational education school or intermediate educational agency.

PART REFERRED TO IN OTHER SECTIONS

This part is referred to in sections 2302, 2392 of this title.

§ 2394. Findings and purpose

(a) Findings

The Congress finds that—

(1) rapid technological advances and global economic competition demand increased levels of skilled technical education preparation and readiness on the part of youths entering the workforce;

(2) effective strategies reaching beyond the boundaries of traditional schooling are necessary to provide early and sustained intervention by parents, teachers, and educational institutions in the lives of students;

(3) a combination of nontraditional school-to-work technical education programs, using state-of-the-art equipment and appropriate technologies, will reduce the dropout rate for high school students in the United States and will produce youths who are mature, responsible, and motivated to build good lives for themselves;

(4) the establishment of systematic technical education articulation agreements between secondary schools and postsecondary educational institutions is necessary for providing youths with skills in the liberal and practical arts and in basic academics, including literacy instruction in the English language, and with the intense technical preparation necessary for finding a position in a changing workplace;

(5) by the year 2000 an estimated 15,000,000 manufacturing jobs will require more advanced technical skills, and an equal number of service jobs will become obsolete;

(6) more than 50 percent of jobs that are developing will require skills greater than those provided by existing educational programs;

(7) dropout rates in urban schools are 50 percent or higher, and more than 50 percent of all Hispanic youth drop out of high school; and

(8) employers in the United States pay an estimated $210,000,000,000 annually for formal and informal training, remediation, and lost productivity as a result of untrained and unprepared youth joining, or attempting to join, the workforce of the United States.

(b) Purpose

It is the purpose of this part—

(1) to provide planning and demonstration grants to consortia of local educational agencies and postsecondary educational institutions, for the development and operation of 4-year programs designed to provide a tech-prep education program leading to a 2-year associate degree or a 2-year certificate; and

(2) to provide, in a systematic manner, strong, comprehensive links between secondary schools and postsecondary educational institutions.

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in sections 1221, 5899, 6104 of this title.

SUBCHAPTER I—GENERAL PROVISIONS

§ 3401. Congressional findings

The Congress finds that—

(1) education is fundamental to the development of individual citizens and the progress of the Nation;

(2) there is a continuing need to ensure equal access for all Americans to educational opportunities of a high quality, and such educational opportunities should not be denied because of race, creed, color, national origin, or sex;

(3) parents have the primary responsibility for the education of their children, and States, localities, and private institutions have the primary responsibility for supporting that parental role;

(4) in our Federal system, the primary public responsibility for education is reserved respectively to the States and the local school systems and other instrumentalities of the States;

(5) the American people benefit from a diversity of educational settings, including public and private schools, libraries, museums and other institutions, the workplace, the community, and the home;

(6) the importance of education is increasing as new technologies and alternative approaches to traditional education are considered, as society becomes more complex, and as equal opportunities in education and employment are promoted;

(7) there is a need for improvement in the management and coordination of Federal education programs to support more effectively State, local, and private institutions, students, and parents in carrying out their educational responsibilities;

(8) the dispersion of education programs across a large number of Federal agencies has led to fragmented, duplicative, and often inconsistent Federal policies relating to education;

(9) Presidential and public consideration of issues relating to Federal education programs is hindered by the present organizational position of education programs in the executive branch of the Government; and

(10) there is no single, full-time, Federal education official directly accountable to the President, the Congress, and the people.

''(b) Funds available to any department or agency (or any official or component thereof), the functions or offices of which are transferred to the Secretary or the Department by this Act [see Short Title note below], may, with the approval of the Director of the Office of Management and Budget, be used to pay the compensation and expenses of any officer appointed pursuant to this title [this section and section 602 of Pub. § 3402. Congressional declaration of purpose

The Congress declares that the establishment of a Department of Education is in the public interest, will promote the general welfare of the United States, will help ensure that education issues receive proper treatment at the Federal level, and will enable the Federal Government to coordinate its education activities more effectively. Therefore, the purposes of this chapter are—

(1) to strengthen the Federal commitment to ensuring access to equal educational opportunity for every individual;

(2) to supplement and complement the efforts of States, the local school systems and other instrumentalities of the States, the private sector, public and private educational institutions, public and private nonprofit educational research institutions, community-based organizations, parents, and students to improve the quality of education;

(3) to encourage the increased involvement of the public, parents, and students in Federal education programs;

(4) to promote improvements in the quality and usefulness of education through federally supported research, evaluation, and sharing of information;

(5) to improve the coordination of Federal education programs;

(6) to improve the management and efficiency of Federal education activities, especially with respect to the process, procedures, and administrative structures for the dispersal of Federal funds, as well as the reduction of unnecessary and duplicative burdens and constraints, including unnecessary paperwork, on the recipients of Federal funds; and

(7) to increase the accountability of Federal education programs to the President, the Congress, and the public.

§ 3403. Relationship with States

(a) Rights of local governments and educational institutions

It is the intention of the Congress in the establishment of the Department to protect the rights of State and local governments and public and private educational institutions in the areas of educational policies and administration of programs and to strengthen and improve the control of such governments and institutions over their own educational programs and policies. The establishment of the Department of Education shall not increase the authority of the Federal Government over education or diminish the responsibility for education which is reserved to the States and the local school systems and other instrumentalities of the States.

(b) Curriculum, administration, and personnel; library resources

No provision of a program administered by the Secretary or by any other officer of the Department shall be construed to authorize the Secretary or any such officer to exercise any direction, supervision, or control over the curriculum, program of instruction, administration, or personnel of any educational institution, school, or school system, over any accrediting agency or association, or over the selection or content of library resources, textbooks, or other instructional materials by any educational institution or school system, except to the extent authorized by law.

(c) Funding under pre-existing programs

The Secretary shall not, during the period within eight months after May 4, 1980, take any action to withhold, suspend, or terminate funds under any program transferred by this chapter by reason of the failure of any State to comply with any applicable law requiring the administration of such a program through a single organizational unit.

EX. ORD. NO. 12900. EDUCATIONAL EXCELLENCE FOR HISPANIC AMERICANS

Ex. Ord. No. 12900, Feb. 22, 1994, 59 F.R. 9061, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to advance the development of human potential, to strengthen the Nation's capacity to provide high-quality education, and to increase opportunities for Hispanic Americans to participate in and benefit from Federal education programs, it is hereby ordered as follows:

SECTION 1. There shall be established in the Department of Education the President's Advisory Commission on Educational Excellence for Hispanic Americans (Commission). The Commission shall consist of not more than 25 members, who shall be appointed by the

President and shall report to the Secretary of Education (Secretary). The Commission shall comprise representatives who: (a) have a history of involvement with the Hispanic community; (b) are from the education, civil rights, and business communities; or (c) are from civic associations representing the diversity within the Hispanic community. In addition, the President may appoint other representatives as he deems appropriate.

SEC. 2. The Commission shall provide advice to the President and the Secretary on: (a) the progress of Hispanic Americans toward achievement of the National Education Goals and other standards of educational accomplishment; (b) the development, monitoring, and coordination of Federal efforts to promote high-quality education for Hispanic Americans; (c) ways to increase State, private sector, and community involvement in improving education; and (d) ways to expand and complement Federal education initiatives. The Commission shall provide advice to the President through the Secretary.

SEC. 3. There shall be established in the Department of Education the White House Initiative on Educational Excellence for Hispanic Americans (Initiative). The Initiative shall be an interagency working group coordinated by the Department of Education and shall be headed by a Director, who shall be a senior level Federal official. It shall provide the staff, resources, and assistance for the Commission and shall serve the Secretary in carrying out his or her responsibilities under this order. The Initiative is authorized to utilize the services, personnel, information, and facilities of other Federal, State, and local agencies with their consent, and with or without reimbursement, consistent with applicable law. To the extent permitted by law and regulations, each Federal agency shall cooperate in providing resources, including personnel detailed to the Initiative, to meet the objectives of this order. The Initiative shall include both career civil service and appointed staff with expertise in the area of education, and shall provide advice to the Secretary on the implementation and coordination of education and related programs across Executive agencies.

SEC. 4. Each Executive department and each agency designated by the Secretary shall appoint a senior official, who is a full-time officer of the Federal Government and responsible for management or program administration, to report directly to the agency head on activity under this Executive order and to serve as liaison to the Commission and the Initiative. To the extent permitted by law and to the extent practicable, each Executive department and designated agency shall provide any appropriate information requested by the Commission or the staff of the Initiative, including data relating to the eligibility for and participation by Hispanic Americans in Federal education programs and the progress of Hispanic Americans in relation to the National Education Goals. Where adequate data is not available, the Commission shall suggest the means of collecting the data.

SEC. 5. The Secretary, in consultation with the Commission, shall submit to the President an Annual Federal Plan to Promote Hispanic American Educational Excellence (Annual Federal Plan, or Plan). All actions described in the Plan shall be designed to help Hispanic Americans attain the educational improvement targets set forth in the National Education Goals and any standards established by the National Education Standards and Improvement Council. The Plan shall include data on eligibility for, and participation by, Hispanic Americans in Federal education programs, and such other aspects of the educational status of Hispanic Americans as the Secretary considers appropriate. This Plan also shall include, as an appendix, the text of the agency plans described in section 6 of this order. The Secretary, in consultation with the Commission and with the assistance of the Initiative staff, shall ensure that superintendents of Hispanic-serving school districts, presidents of Hispanic-serving institutions of higher education, directors of educational programs for Hispanic Americans, and other appropriate individuals are given the opportunity to comment on the proposed Annual Federal Plan. For purposes of this order, a ''Hispanic-serving'' school district or institution of higher education is any local education agency or institution of higher education, respectively, whose student population is more than 25 percent Hispanic.

SEC. 6. As part of the development of the Annual Federal Plan, each Executive department and each designated agency (hereinafter in this section referred to collectively as ''agency'') shall prepare a plan for, and shall document, both that agency's effort to increase Hispanic American participation in Federal education programs where Hispanic Americans currently are underserved, and that agency's effort to improve educational outcomes for Hispanic Americans participating in Federal education programs. This plan shall address, among other relevant issues: (a) the elimination of unintended regulatory barriers to Hispanic American participation in Federal education programs; (b) the adequacy of announcements of program opportunities of interest to Hispanic-serving school districts, institutions of higher education, and agencies; and (c) ways of eliminating educational inequalities and disadvantages faced by Hispanic Americans. It also shall emphasize the facilitation of technical, planning, and development advice to Hispanic-serving school districts and institutions of higher education. Each agency's plan shall provide appropriate measurable objectives for proposed actions aimed at increasing Hispanic American participation in Federal education programs where Hispanic Americans currently are underserved. After the first year, each agency's plan also shall assess that agency's performance on the goals set in the previous year's annual plan. These plans shall be submitted by a date and time to be established by the Secretary.

SEC. 7. The Director of the Office of Personnel Management, in consultation with the Secretary and the Secretary of Labor, to the extent permitted by law, shall develop a program to promote recruitment of Hispanic students for part-time, summer, and permanent positions in the Federal Government.

SEC. 8. I have determined that the Commission shall be established in compliance with the Federal Advisory Committee Act, as amended (5 U.S.C. App.). Notwithstanding any other Executive order, the responsibilities of the President under the Federal Advisory Committee Act, as amended, shall be performed by the Secretary, in accordance with the guidelines and procedures established by the Administrator of General Services.

SEC. 9. *Administration*. (a) Members of the Commission shall serve without compensation, but shall be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in the Government service (5 U.S.C. 5701–5707).

(b) The Commission and the Initiative shall obtain funding for their activities from the Department of Education.

(c) The Department of Education shall provide such administrative services for the Commission as may be required.

SEC. 10. Executive Order No. 12729 is revoked.

CHAPTER REFERRED TO IN OTHER SECTIONS

This chapter is referred to in section 3489 of this title.

§ 3601. Congressional statement of findings and purposes

(a) The Congress finds that—

(1) exposure to asbestos fibers has been identified over a long period of time and by reputable medical and scientific evidence as significantly increasing the incidence of cancer and other severe or fatal diseases, such as asbestosis;

(2) medical evidence has suggested that children may be particularly vulnerable to environmentally induced cancers;

(3) medical science has not established any minimum level of exposure to asbestos fibers which is considered to be safe to individuals exposed to the fibers;

(4) substantial amounts of asbestos, particularly in sprayed form, have been used in school buildings, especially during the period 1946 through 1972;

(5) partial surveys in some States have indicated that (A) in a number of school buildings materials containing asbestos fibers have become damaged or friable, causing asbestos fibers to be dislodged into the air, and (B) asbestos concentrations far exceeding normal ambient air levels have been found in school buildings containing such damaged materials;

(6) the presence in school buildings of friable or easily damaged asbestos creates an unwarranted hazard to the health of the school children and school employees who are exposed to such materials;

(7) the Department of Health and Human Services and the Environmental Protection Agency, as well as several States, have attempted to publicize the potential hazards to school children and employees from exposure to asbestos fibers, but there is no systematic program for identifying hazardous conditions in schools or for remedying those conditions;

(8) because there is no Federal health standard regulating the concentration of asbestos fibers in noncommercial workplace environments such as schools, school employees and students may be exposed to hazardous concentrations of asbestos fibers in the school buildings which they use each day;

(9) without an improved program of information distribution, technical and scientific assistance, and financial support, many local educational agencies and States will not be able to mitigate the potential asbestos hazards in their schools; and

(10) the effective regulation of interstate commerce for the protection of the public health requires the establishment of programs under this chapter to identify and mitigate hazards from exposure to asbestos fibers and materials emitting such fibers.

(b) It is the purpose of this chapter to—

(1) direct the Secretary of Education to establish a task force to assist States and local educational agencies to ascertain the extent of the danger to the health of school children and employees from asbestos materials in schools;

(2) require States receiving administrative funds for any applicable program (as defined under section 1221(c)(1)(A)[1] of this title) to

[1] See References in Text note below.

prepare a plan describing the manner in which information relating to programs established under this chapter shall be distributed to local educational agencies;

(3) provide scientific, technical, and financial assistance to State educational agencies and local educational agencies to enable them to conduct an asbestos detection program to identify asbestos hazards in schools;

(4) provide loans to local educational agencies for the mitigation of asbestos hazards which constitute an imminent hazard to the health and safety of school children and employees; and

(5) assure that no employee of any local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools.

(Pub. L. 96–270, § 2, June 14, 1980, 94 Stat. 487.)

(a) Establishment; composition; membership; chairman; appointment; vacancies

(1) There is established a task force to be known as the Asbestos Hazards School Safety Task Force (hereinafter in this chapter referred to as ''Task Force''). The Task Force shall be composed of ten members, who shall be appointed by the Secretary within 30 days after June 14, 1980, as follows:

Members of the Task Force shall be individuals who have knowledge of the medical problems associated with exposure to asbestos, or individuals who are familiar with procedures for the following activities: the containment or removal of asbestos from buildings; the replacement of asbestos materials removed from school buildings with other appropriate building materials; and the restoration of such buildings to conditions comparable to those existing before such containment or removal was carried out.

(2) The Secretary shall designate a chairman of the Task Force from among its members.

(3) Members shall be appointed for the life of the Task Force. Any vacancy in the Task Force shall be filled in the same manner in which the original appointment was made.

(b) Meetings; quorum; hearings

(1) The Task Force shall meet, no later than 30 days after the appointment of its members, at the call of the chairman of the Task Force.

(2) Five members of the Task Force shall constitute a quorum for purposes of conducting the business of the Task Force, but a lesser number may hold hearings.

(c) Compensation; travel expenses

(1) Members of the Task Force who are not full-time officers or employees of the Federal Government shall receive compensation at a rate determined by the Secretary, but not to exceed the daily equivalent of the maximum annual rate of pay in effect for grade GS–16 of the General Schedule, for each day (including traveltime) during which they are engaged in the performance of the duties of the Task Force.

(2) While away from their homes or regular places of business in the performance of the duties of the Task Force, all members of the Task Force shall be allowed travel expenses, including per diem in lieu of subsistence, in the same manner as persons employed intermittently in the Government service are allowed expenses under section 5703 of title 5.

(d) Availability of Department of Education personnel; use of mails

(1) Upon request of the Task Force, the Secretary shall make available to the Task Force personnel of the Department of Education to assist the Task Force in carrying out its duties.

(2) The Task Force may use the United States mails in the same manner and upon the same conditions as other departments and agencies of the United States.

(e) Duties

The duties of the Task Force shall include—

(1) the compilation of medical, scientific, and technical information explaining—

(A) the health and safety hazards associated with asbestos materials; and

(B) the means of identifying, sampling, and testing materials suspected of emitting asbestos fibers;

(2) the distribution of the information described in paragraph (1) (in any appropriate form such as pamphlets, reports, or instructions) to State educational agencies and to local educational agencies for the purpose of assisting such agencies in carrying out activities described in this chapter;

(3) the review of applications for grants and loans under sections 3604 and 3605 of this title, and the submission to the Secretary of recommendations respecting the approval or disapproval of such applications;

(4) the review of any guidelines established by the Environmental Protection Agency for identifying those schools in which exposure to

asbestos fibers constitutes a health problem and for taking appropriate corrective actions at such schools, in order to determine whether any modifications of such guidelines should be recommended to the Secretary under paragraph (5); and

(5) providing the Secretary with assistance in formulating standards and procedures under section 3606 of this title by—

(A) submitting to the Secretary relevant information concerning the results of the review made under paragraph (4) of this subsection; and

(B) recommending such modifications to the guidelines referred to in such paragraph as the Task Force considers appropriate.

In carrying out its duties under this subsection, the Task Force shall avoid, to the maximum extent practicable, duplicating similar activities undertaken by the Environmental Protection Agency.

(f) Termination

The Task Force shall cease to exist at the end of the 180-day period beginning on the date that the authority of the Secretary to make loans under section 3605 of this title has expired.

(2) The Secretary shall provide the Task Force with a copy of any application submitted to the Secretary under paragraph (1).

(3) No grant may be awarded by the Secretary under this section for asbestos hazards detection programs conducted before June 14, 1980, unless the applicant has submitted an application to the Secretary—

No grant may be awarded under this section for any asbestos hazards detection program completed before January 1, 1976.

(4) After reviewing the application submitted under this section, together with any recommendations made by the Task Force, the Secretary shall determine the amount of any grant to be awarded under this section. Local and State educational agencies receiving grants under this section shall file a report with the Secretary, not later than 120 days after the award of such grant, describing the detection activities which were undertaken, the results of the asbestos detection program, and plans for mitigating any imminent hazards which were detected by the testing. The report shall include a detailed accounting of the funds used to carry out the detection program.

(d) Availability of appropriated funds for education and technical assistance programs

During the period in which grants may be made under this section, not more than 20 percent of the funds appropriated to carry out this section may be made available by the Secretary to the Task Force to conduct education and technical assistance programs related to the detection of asbestos hazards in school buildings and the implementation of appropriate actions to mitigate such hazards.

SUBCHAPTER V—ASBESTOS SCHOOL HAZARD ABATEMENT

CROSS REFERENCES

Detection and control of asbestos hazards in schools, see section 3601 et seq. of this title.

SUBCHAPTER REFERRED TO IN OTHER SECTIONS

This subchapter is referred to in title 15 section 2646.

§ 4011. Findings and purpose

(a) Findings

The Congress finds that—

(1) exposure to asbestos fibers has been identified over a long period of time and by reputable medical and scientific evidence as significantly increasing the incidence of cancer and other severe or fatal diseases, such as asbestosis;

(2) medical evidence has suggested that children may be particularly vulnerable to environmentally induced cancers;

(3) medical science has not established any minimum level of exposure to asbestos fibers which is considered to be safe to individuals exposed to the fibers;

(4) substantial amounts of asbestos, particularly in sprayed form, have been used in school buildings, especially during the period 1946 through 1972;

(5) partial surveys in some States have indicated that (A) in a number of school buildings materials containing asbestos fibers have become damaged or friable, causing asbestos fibers to be dislodged into the air, and (B) asbestos concentration far exceeding normal ambient air levels have been found in school buildings containing such damaged materials;

(6) the presence in school buildings of friable or easily damaged asbestos creates an unwarranted hazard to the health of the school children and school employees who are exposed to such materials;

(7) the Department of Health and Human Services and the Environmental Protection Agency, as well as several States, have attempted to publicize the potential hazards to school children and employees from exposure to asbestos fibers, but there is no systematic program for remedying hazardous conditions in schools;

(8) because there is no Federal health standard regulating the concentration of asbestos fibers in noncommercial workplace environments such as schools, school employees and students may be exposed to hazardous concentrations of asbestos fibers in the school buildings which they use each day;

(9) without a program of information distribution, technical and scientific assistance, and financial support, many local educational agencies and States will not be able to mitigate the potential asbestos hazards in their schools; and

(10) the effective regulation of interstate commerce for the protection of the public health requires the establishment of programs under this subchapter to mitigate hazards from exposure to asbestos fibers and materials emitting such fibers.

(b) Purpose

It is the purpose of this subchapter to—

(1) direct the Administrator of the Environmental Protection Agency to establish a program to assist States and local educational agencies to ascertain the extent of the danger to the health of school children and employees from asbestos materials in schools;

(2) provide continuing scientific and technical assistance to State and local agencies to enable them to identify and abate asbestos hazards in schools;

(3) provide financial assistance for the abatement of asbestos threats to the health and safety of school children or employees; and

(4) assure that no employee of any local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools.

(Pub. L. 98–377, title V, § 502, Aug. 11, 1984, 98 Stat. 1287; Pub. L. 101–637, § 14(a)(2), (b)(1), (2), Nov. 28, 1990, 104 Stat. 4594, 4595.)

AMENDMENTS

1990—Pub. L. 101–637, § 14(a)(2), made technical amendment to section catchline.

Subsecs. (a), (b). Pub. L. 101–637, § 14(b)(1), (2), inserted headings.

SHORT TITLE OF 1990 AMENDMENT

Section 1 of Pub. L. 101–637 provided that: ''This Act [enacting section 2656 of Title 15, Commerce and Trade, amending this section, sections 4012 to 4022 of this title, and sections 2643, 2646, and 2647 of Title 15, enacting provisions set out as notes under this section and sections 2646 and 2656 of Title 15, and amending provisions set out as a note under this section] may be cited as the 'Asbestos School Hazard Abatement Reauthorization Act of 1990'.''

SHORT TITLE

Section 501 of title V of Pub. L. 98–377, as amended by Pub. L. 101–637, § 14(a)(1), Nov. 28, 1990, 104 Stat. 4594, provided that: ''This title [enacting this subchapter] may be cited as the 'Asbestos School Hazard Abatement Act of 1984'.''

FINDINGS AND PURPOSES

Section 2 of Pub. L. 101–637 provided that:

''(a) FINDINGS.—Congress finds the following:

''(1) The Environmental Protection Agency has estimated that more than forty-four thousand school buildings contain friable asbestos, exposing more than fifteen million school children and one million five hundred thousand school employees to unwarranted health hazards.

''(2) All elementary and secondary schools are required by the Asbestos Hazard Emergency Response Act [of 1986, see Short Title of 1986 Amendment note set out under section 2601 of Title 15, Commerce and Trade] to inspect for asbestos, develop an asbestos management plan, and implement such plan.

''(3) The Environmental Protection Agency has estimated it will cost local education agencies more than $3,000,000,000 to comply with the Asbestos Hazard Emergency Response Act.

''(4) Without a continuing program of information assistance, technical and scientific assistance, training, and financial support, many local educational agencies will be unable to carry out sufficient response actions to prevent the release of asbestos fibers into the air.

''(5) Without the provisions of sufficient financial support, the cost to local educational agencies of implementing asbestos response actions may have an adverse impact in their educational mission.

''(6) The effective regulation of interstate commerce for the protection of human health and the environment requires the continuation of programs to mitigate hazards of asbestos fibers and materials emitting such fibers.

''(b) PURPOSES.—The purposes of this Act [see Short Title of 1990 Amendment note above] are the following:

''(1) To direct the Environmental Protection Agency to maintain a program to assist local schools in carrying out their responsibilities under the Asbestos Hazard Emergency Response Act.

''(2) To provide continuing scientific and technical assistance to State and local agencies to enable them to identify and abate asbestos health hazards.

''(3) To provide financial assistance to State and local agencies for training of persons involved with inspections and abatement of asbestos, for conducting necessary reinspections of school buildings, and for the actual abatement of asbestos threats to the health and safety of school children or employees.

''(4) To assure that no employee of a local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools.''

§ 4401. Findings

The Congress finds that—

(1) Indian art and culture and Native Hawaiian art and culture have contributed greatly to the artistic and cultural richness of the Nation;

(2) Indian art and culture and Native Hawaiian art and culture occupy a unique position in American history as being our only native art form and cultural heritage;

(3) the enhancement and preservation of this Nation's native art and culture has a fundamental positive influence on the American people;

(4) although the encouragement and support of Indian and Native Hawaiian arts and crafts are primarily a matter for private, local, and Indian and Native Hawaiian initiative, it is also an appropriate matter of concern to the Federal Government;

(5) it is appropriate and necessary for the Federal Government to support research and scholarship in Indian art and culture and Na-

tive Hawaiian art and culture and to complement programs for the advancement of such art and culture by tribal, private, and public agencies and organizations;

(6) current Federal initiatives in the area of Indian art and culture and Native Hawaiian art and culture are fragmented and inadequate; and

(7) in order to coordinate the Federal Government's effort to preserve, support, revitalize, and disseminate Indian art and culture and Native Hawaiian art and culture, it is desirable to establish—

(A) a national Institute of American Indian and Alaska Native Culture and Arts Development, and

(B) a program for Native Hawaiian culture and arts development.

§ 4425. Endowment programs

(a) Program enhancement endowment

(1)(A) From the total amount appropriated for this subsection pursuant to section 4451(a) of this title, funds may be deposited into a trust fund maintained by the Institute at a federally insured banking or savings institution.

(B) The President of the Institute shall provide—

(i) for the deposit into the trust fund referred to in subparagraph (A)—

(I) of a capital contribution by the Institute in an amount equal to the amount of each Federal contribution; and

(II) any earnings on the funds deposited under this paragraph; or

(ii) for the reservation for the sole use of the Institute of any noncash, in-kind contributions of real or personal property, which property may at any time be converted to cash, which shall be deposited as a capital contribution into the trust fund referred to in subparagraph (A).

(C) If at any time the Institute withdraws any capital contribution (as described in subparagraph (B)(i)) made by the Institute to the trust fund referred to in subparagraph (A) or puts any property (as described in subparagraph (B)(ii)) to a use which is not for the sole benefit of the Institute, an amount equal to the value of the Federal contribution shall be withdrawn from such trust fund and returned to the Treasury as miscellaneous receipts.

(2) Interest deposited into the trust fund pursuant to paragraph (1)(B)(ii) may be periodically withdrawn and used, at the direction of the Board or its designee, to defray any expense associated with the operation of the Institute, including the expense of operations and maintenance, administration, academic and support personnel, community and student services programs, and technical assistance.

(3) For the purpose of complying with the contribution requirement of paragraph (1)(B), the Institute may use funds or in-kind contributions of real or personal property fairly valued which are made available from any private or tribal source, including interest earned by the funds invested under this subsection. In-kind contributions shall be other than fully depreciable property or property which is designated for addition to the permanent collection of the Museum and shall be valued according to the procedures established for such purpose by the Secretary of the Treasury. For purposes of this paragraph, all contributions, including in-kind and real estate, which are on-hand as of November 29, 1990 and which have been received after June 2, 1988, but which have not been included in computations under this provision shall be eligible for matching with Federal funds appropriated in any fiscal year. All funds transferred to the Institute by the Secretary of the Treasury after June 2, 1988, shall be deemed to have been properly transferred as of July 23, 1992.

(4) Amounts appropriated under section 4451(a) of this title for use under this subsection shall be paid by the Secretary of the Treasury to the Institute as a Federal capital contribution equal to the amount of funds or the value of the in-kind contributions which the Institute demonstrates have been placed within the control of, or irrevocably committed to the use of, the Institute as a capital contribution of the Institute in accordance with this subsection.

(b) Capital improvement endowment

(1) In addition to the trust fund established under subsection (a) of this section, funds may be deposited into a trust fund maintained by the Institute at a federally insured banking or savings institution from the amount reserved for this subsection pursuant to section 4451(a) of this title for the purpose of establishing a separate special endowment for capital improvement (hereafter in this subsection referred to as the ''capital endowment fund'') to pay expenses associated with site selection and preparation, site planning and architectural design and planning, new construction, materials and equipment procurement, renovation, alteration, repair, and other building and expansion costs of the Institute.

(2) The President of the Institute shall provide for the deposit into the capital endowment fund of a capital contribution by the Institute in an amount equal to the amount of each Federal contribution and any earnings on amounts in the capital endowment fund.

(3) Funds deposited by the Institute as a match for Federal contributions under paragraph (5) shall remain in the capital endowment fund for a period of not less than two years. If at any time the Institute withdraws any capital contribution to the capital endowment fund before the funds have been deposited for this two-year period, an equal amount of the Federal contribution shall be withdrawn from the capital endowment fund and returned to the Treasury as miscellaneous receipts. At the end of the two-year period, the entire principal and interest of the funds deposited for this period, including the Federal matching portion, shall accrue, without reservation, to the Institute and may be withdrawn, in whole or in part, to defray expenses associated with capital acquisition and improvement of the Institute referred to in paragraph (1).

(4) For the purpose of complying with the contribution requirement of paragraph (2), the Institute may use funds which are available from

any private, non-Federal governmental, or tribal source.

(5) Subject to paragraph (3), amounts appropriated under section 4451(a) of this title for use under this subsection shall be paid by the Secretary of the Treasury to the Institute as a Federal capital contribution equal to the amount which the Institute demonstrates has been placed within the control of, or irrevocably committed to the use of, the Institute and is available for deposit as a capital contribution of the Institute in accordance with this subsection.

(6) For the purpose of complying with the contribution requirement in this subsection, the Institute may use funds or in-kind contributions of real or personal property. For the purposes of this paragraph, all contributions, in-kind and real estate, which are held by the Institute beginning on November 29, 1990, and which were received after June 2, 1988, but which have not been included in their entirety in computations under this section shall be eligible for matching Federal funds appropriated in any year.

(c) General administrative provisions

(1) Funds in the trust funds described in subsections (a) and (b) of this section shall be invested under the same conditions and limitations as funds are invested under section 1065(c)(2) of this title and the regulations implementing such section (as such regulations were in effect at the time the funds are invested).

(2) No part of the net earnings of the trust funds established under this section shall inure to the benefit of any private person.

(3) Any amounts deposited in a trust fund authorized under subsection (a) of this section may be used to secure loans procured for the purposes of constructing or improving Institute facilities.

Such special obligations shall be issued only if the Secretary determines that the purchase of other interest-bearing obligations of the United States, or of obligations guaranteed as to both principal and interest by the United States or original issue or at the market price, is not in the public interest.

(c) Sale and redemption of obligations

§ 5501. Findings and policy

(a) Findings

The Congress finds that—

(1) Threats to human health and environmental quality are increasingly complex, involving a wide range of conventional and toxic contaminants in the air and water and on the land.

(2) There is growing evidence of international environmental problems, such as global warming, ocean pollution, and declines in species diversity, and that these problems pose serious threats to human health and the environment on a global scale.

(3) Environmental problems represent as significant a threat to the quality of life and the economic vitality of urban areas as they do the natural balance of rural areas.

(4) Effective response to complex environmental problems requires understanding of the natural and built environment, awareness of environmental problems and their origins (including those in urban areas), and the skills to solve these problems.

(5) Development of effective solutions to environmental problems and effective implemen-

tation of environmental programs requires a well educated and trained, professional work force.

(6) Current Federal efforts to inform and educate the public concerning the natural and built environment and environmental problems are not adequate.

(7) Existing Federal support for development and training of professionals in environmental fields is not sufficient.

§ 5812. National Education Goals

The Congress declares that the National Education Goals are the following:

(1) School readiness

(A) By the year 2000, all children in America will start school ready to learn.

(B) The objectives for this goal are that—

(i) all children will have access to high-quality and developmentally appropriate preschool programs that help prepare children for school;

(ii) every parent in the United States will be a child's first teacher and devote time each day to helping such parent's preschool child learn, and parents will have access to the training and support parents need; and

(iii) children will receive the nutrition, physical activity experiences, and health care needed to arrive at school with healthy minds and bodies, and to maintain the mental alertness necessary to be prepared to learn, and the number of low-birthweight babies will be significantly reduced through enhanced prenatal health systems.

(2) School completion

(A) By the year 2000, the high school graduation rate will increase to at least 90 percent.

(B) The objectives for this goal are that—

(i) the Nation must dramatically reduce its school dropout rate, and 75 percent of the students who do drop out will successfully complete a high school degree or its equivalent; and

(ii) the gap in high school graduation rates between American students from minority backgrounds and their non-minority counterparts will be eliminated.

(3) Student achievement and citizenship

(A) By the year 2000, all students will leave grades 4, 8, and 12 having demonstrated competency over challenging subject matter including English, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography, and every school in America will ensure that all students learn to use their minds well, so they may be prepared for responsible citizenship, further learning, and productive employment in our Nation's modern economy.

(B) The objectives for this goal are that—

(i) the academic performance of all students at the elementary and secondary level will increase significantly in every quartile, and the distribution of minority students in each quartile will more closely reflect the student population as a whole;

(ii) the percentage of all students who demonstrate the ability to reason, solve problems, apply knowledge, and write and communicate effectively will increase substantially;

(iii) all students will be involved in activities that promote and demonstrate good citizenship, good health, community service, and personal responsibility;

(iv) all students will have access to physical education and health education to ensure they are healthy and fit;

(v) the percentage of all students who are competent in more than one language will substantially increase; and

(vi) all students will be knowledgeable about the diverse cultural heritage of this Nation and about the world community.

(4) Teacher education and professional development

(A) By the year 2000, the Nation's teaching force will have access to programs for the continued improvement of their professional skills and the opportunity to acquire the knowledge and skills needed to instruct and prepare all American students for the next century.

(B) The objectives for this goal are that—

(i) all teachers will have access to preservice teacher education and continuing professional development activities that will provide such teachers with the knowledge and skills needed to teach to an increasingly diverse student population with a variety of educational, social, and health needs;

(ii) all teachers will have continuing opportunities to acquire additional knowledge and skills needed to teach challenging subject matter and to use emerging new methods, forms of assessment, and technologies;

(iii) States and school districts will create integrated strategies to attract, recruit, prepare, retrain, and support the continued professional development of teachers, administrators, and other educators, so that there is a highly talented work force of professional educators to teach challenging subject matter; and

(iv) partnerships will be established, whenever possible, among local educational agencies, institutions of higher education, parents, and local labor, business, and professional associations to provide and support programs for the professional development of educators.

(5) Mathematics and science

(A) By the year 2000, United States students will be first in the world in mathematics and science achievement.

(B) The objectives for this goal are that—

(i) mathematics and science education, including the metric system of measurement, will be strengthened throughout the system, especially in the early grades;

(ii) the number of teachers with a substantive background in mathematics and science, including the metric system of measurement, will increase by 50 percent; and

(iii) the number of United States undergraduate and graduate students, especially women and minorities, who complete degrees in mathematics, science, and engineering will increase significantly.

(6) Adult literacy and lifelong learning

(A) By the year 2000, every adult American will be literate and will possess the knowledge and skills necessary to compete in a global economy and exercise the rights and responsibilities of citizenship.

(B) The objectives for this goal are that—

(i) every major American business will be involved in strengthening the connection between education and work;

(ii) all workers will have the opportunity to acquire the knowledge and skills, from basic to highly technical, needed to adapt to emerging new technologies, work methods, and markets through public and private educational, vocational, technical, workplace, or other programs;

(iii) the number of quality programs, including those at libraries, that are designed to serve more effectively the needs of the growing number of part-time and midcareer students will increase substantially;

(iv) the proportion of the qualified students, especially minorities, who enter college, who complete at least two years, and who complete their degree programs will increase substantially;

(v) the proportion of college graduates who demonstrate an advanced ability to think critically, communicate effectively, and solve problems will increase substantially; and

(vi) schools, in implementing comprehensive parent involvement programs, will offer more adult literacy, parent training and lifelong learning opportunities to improve the ties between home and school, and enhance parents' work and home lives.

(7) Safe, disciplined, and alcohol- and drug-free schools

(A) By the year 2000, every school in the United States will be free of drugs, violence, and the unauthorized presence of firearms and alcohol and will offer a disciplined environment conducive to learning.

(B) The objectives for this goal are that—

(i) every school will implement a firm and fair policy on use, possession, and distribution of drugs and alcohol;

(ii) parents, businesses, governmental and community organizations will work together to ensure the rights of students to study in a safe and secure environment that is free of drugs and crime, and that schools provide a healthy environment and are a safe haven for all children;

(iii) every local educational agency will develop and implement a policy to ensure that all schools are free of violence and the unauthorized presence of weapons;

(iv) every local educational agency will develop a sequential, comprehensive kindergarten through twelfth grade drug and alcohol prevention education program;

(v) drug and alcohol curriculum should be taught as an integral part of sequential, comprehensive health education;

(vi) community-based teams should be organized to provide students and teachers with needed support; and

(vii) every school should work to eliminate sexual harassment.

(8) Parental participation

(A) By the year 2000, every school will promote partnerships that will increase parental involvement and participation in promoting the social, emotional, and academic growth of children.

(B) The objectives for this Goal are that—

(i) every State will develop policies to assist local schools and local educational agencies to establish programs for increasing partnerships that respond to the varying

needs of parents and the home, including parents of children who are disadvantaged or bilingual, or parents of children with disabilities;

(ii) every school will actively engage parents and families in a partnership which supports the academic work of children at home and shared educational decisionmaking at school; and

(iii) parents and families will help to ensure that schools are adequately supported and will hold schools and teachers to high standards of accountability.

§ 5881. Findings

The Congress finds that—

(1) all students can learn and achieve to high standards and must realize their potential if the United States is to prosper;

(2) the reforms in education from 1977 through 1992 have achieved some good results, but such reform efforts often have been limited to a few schools or to a single part of the educational system;

(3) leadership must come from teachers, related services personnel, principals, and parents in individual schools, and from policymakers at the local, State, tribal, and national levels, in order for lasting improvements in student performance to occur;

(4) simultaneous top-down and bottom-up education reform is necessary to spur creative and innovative approaches by individual schools to help all students achieve internationally competitive standards;

(5) strategies must be developed by communities and States to support the revitalization of all local public schools by fundamentally changing the entire system of public education through comprehensive, coherent, and coordinated improvement in order to increase student learning;

(6) parents, teachers, and other local educators, and business, community, and tribal leaders must be involved in developing systemwide improvement strategies that reflect the needs of their individual communities;

(7) State and local education improvement efforts must incorporate strategies for providing all students and families with coordinated access to appropriate social services, health care, nutrition, and early childhood education, and child care to remove preventable barriers to learning and enhance school readiness for all students;

(8) States and local educational agencies, working together, must immediately set about developing and implementing such systemwide improvement strategies if our Nation is to educate all children to meet their full potential and achieve the National Education Goals described in subchapter I of this chapter;

(9) State and local systemic improvement strategies must provide all students with effective mechanisms and appropriate paths to the work force as well as to higher education;

(10) businesses should be encouraged—

(A) to enter into partnerships with schools;

(B) to provide information and guidance to schools based on the needs of area businesses for properly educated graduates in general and on the need for particular workplace skills that the schools may provide;

(C) to provide necessary education and training materials and support; and

(D) to continue the lifelong learning process throughout the employment years of an individual;

(11) schools should provide information to businesses regarding how the business community can assist schools in meeting the purposes of this chapter;

(12) institutions of higher education should be encouraged to enter into partnerships with schools to provide information and guidance to schools on the skills and knowledge graduates need in order to enter and successfully complete postsecondary education, and schools should provide information and guid-

ance to institutions of higher education on the skills, knowledge, and preservice training teachers need, and the types of professional development educators need in order to meet the purposes of this chapter;

(13) the appropriate and innovative use of technology, including distance learning, can be very effective in helping to provide all students with the opportunity to learn and meet high standards;

(14) Federal funds should be targeted to support State and local initiatives, and to leverage State and local resources for designing and implementing systemwide education improvement plans;

(15) all students are entitled to participate in a broad and challenging curriculum and to have access to resources sufficient to address other education needs; and

(16) quality education management services are being utilized by local educational agencies and schools through contractual agreements among local educational agencies or schools and businesses providing quality education management services.
