The Administrator may require that such payment be made as a single payment or as a series of payments.

**(E) Risk management**

If a qualified high loss reserve PCL fails to meet the requirement of subparagraph (F)(iii) during any period for which an election is in effect under subparagraph (A) and such failure continues for 180 days, the requirements of paragraphs (2), (4), and (6) shall apply to such PCL as of the end of such 180-day period and such PCL shall make the contribution to its loss reserve described in subparagraph (D). ### § 697f. Prepayment of development company debentures

#### (a) In general

##### (1) Prepayment authorized

Subject to the requirements set forth in subsection (b) of this section, an issuer of a debenture purchased by the Federal Financing Bank and guaranteed by the Administration under

this chapter may, at the election of the borrower (in the case of a loan under section 697 of this title) or the issuer (in the case of a small business investment company) and with the approval of the Administration, prepay such debenture in accordance with the provisions of this section.

**(2) Procedure**

**(A) In general**

In making a prepayment under paragraph (1)—

(i) the borrower (in the case of a loan under section 697 of this title) or the issuer (in the case of a small business investment company) shall pay to the Federal Financing Bank an amount that is equal to the sum of the unpaid principal balance due on the debenture as of the date of the prepayment (plus accrued interest at the coupon rate on the debenture) and the amount of the repurchase premium described in subparagraph (B); and

(ii) the Administration shall pay to the Federal Financing Bank the difference between the repurchase premium paid by the borrower under this subsection and the repurchase premium that the Federal Financing Bank would otherwise have received.

**(B) Repurchase premium**

**(i) In general**

For purposes of subparagraph (A)(i), the repurchase premium is the amount equal to the product of—

(I) the unpaid principal balance due on the debenture on the date of prepayment; and

(II) the applicable percentage rate, as determined in accordance with clauses (i) and (iii).

**(ii) Applicable percentage rate**

For purposes of clause (i)(II), the applicable percentage rate means—

(III) with respect to a 20-year term loan, 10.5 percent; and

(IV) with respect to a 25-year term loan, 11.5 percent.

**(iii) Adjustments to applicable percentage rate**

The percentage rates described in clause (ii) shall be increased or decreased by the Administration by a factor not to exceed one-third, if the same factor is applied in each case and if the Administration determines that an adjustment is necessary, based on the number of borrowers having given notice of their intent to participate, in order to make the program (including the amounts appropriated for this purpose under Public Law 103-317) result in no substantial net gain or loss of revenue to the Federal Financing Bank or to the Administration. Amounts collected in excess of the amount necessary to ensure revenue

neutrality shall be refunded to the borrowers.

**(b) Requirements**

For purposes of subsection (a) of this section, the requirements of this subsection are that—

To cover the cost of loan packaging, processing, and other administrative functions, a development company that provides refinancing under subsection (b)(2) of this section may impose a one-time loan processing fee, not to exceed 0.5 percent of the principal amount of the loan.

**(4) New debentures**

Issuers of debentures under subchapter III of this chapter may issue new debentures in accordance with such subchapter in order to prepay existing debentures as authorized in this section.

**(5) Preliminary notice****(A) In general**

The Administration shall use certified mail and other reasonable means to notify each eligible borrower of the prepayment program provided in this subchapter. Each preliminary notice shall specify the range and dollar amount of repurchase premiums which could be required of that borrower in order to participate in the program. In carrying out this program, the Administration shall provide a period of not less than 45 days following the receipt of such notice by the borrower during which the borrower must notify the Administration of the borrower's intent to participate in the program. The Administration shall require that a borrower who gives notice of its intent to participate to make an earnest money deposit of \$1,000 which shall not be refundable but which shall be credited toward the final repurchase premium.

**(B) "Borrower" defined**

For purposes of this paragraph, the term "borrower", in the case of a small business investment company or a specialized small business investment company, means "issuer".

**(6) Final notice**

Based upon the response to the preliminary notice under paragraph (5), the Administration shall make a final computation of the necessary prepayment premiums and shall notify each qualified respondent of the results of such computation. Each qualified respondent shall be afforded not less than 4 months to complete the prepayment.

**(e) Definitions**

For purposes of this section—

(1) the term "issuer" means—

### § 713a-4. Obligations of Commodity Credit Corporation; issuance; sale; purchase; redemption; etc.

With the approval of the Secretary of the Treasury, the Commodity Credit Corporation is authorized to issue and have outstanding at any one time, bonds, notes, debentures, and other similar obligations in an aggregate amount not exceeding \$30,000,000,000. Such obligations shall be in such forms and denominations, shall have such maturities, shall bear such rates of interest, shall be subject to such terms and conditions, and shall be issued in such manner and sold at such prices as may be prescribed by the Commodity Credit Corporation, with the approval of the Secretary of the Treasury. Such obligations shall be fully and unconditionally

guaranteed both as to interest and principal by the United States, and such guaranty shall be expressed on the face thereof, and such obligations shall be lawful investments and may be accepted as security for all fiduciary, trust, and public funds the investment or deposit of which shall be under the authority or control of the United States or any officer or officers thereof. In the event that the Commodity Credit Corporation shall be unable to pay upon demand, when due, the principal of, or interest on, such obligations, the Secretary of the Treasury shall pay to the holder the amount thereof which is authorized to be appropriated, out of any money in the Treasury not otherwise appropriated, and thereupon to the extent of the amount so paid the Secretary of the Treasury shall succeed to all the rights of the holders of such obligations. The Secretary of the Treasury, in his discretion, is authorized to purchase any obligations of the Commodity Credit Corporation issued hereunder, and for such purpose the Secretary of the Treasury is authorized to use as a public-debt transaction the proceeds from the sale of any securities hereafter issued under chapter 31 of title 31 and the purposes for which securities may be issued under such chapter are extended to include any purchases of the Commodity Credit Corporation's obligations hereunder. The Secretary of the Treasury may at any time sell any of the obligations of the Commodity Credit Corporation acquired by him under this section. All redemptions, purchases, and sales by the Secretary of the Treasury of the obligations of the Commodity Credit Corporation shall be treated as public-debt transactions of the United States. No such obligations shall be issued in excess of the assets of the Commodity Credit Corporation, including the assets to be obtained from the proceeds of such obligations, but a failure to comply with this provision shall not invalidate the obligations or the guaranty of the same: *Provided*, That this sentence shall not limit the authority of the Corporation to issue obligations for the purpose of carrying out its annual budget programs submitted to and approved by the Congress pursuant to chapter 91 of title 31. The Commodity Credit Corporation shall have power to purchase such obligations in the open market at any time and at any price.

**(c) Rules and regulations**

The program shall be operated under such rules and regulations issued by the Secretary as the Secretary deems necessary to ensure, among other things, that—

(1) payments may be made under the program only on the quantity of dairy products sold by an entity for export in any year that is in addition to, and not in place of, any export sales of dairy products that the entity would otherwise make in the absence of the program;

(2) to the extent practicable, dairy products sold for export under the program will not displace commercial export sales of United States dairy products by other exporters;

(3) the maximum volume of dairy product exports allowable consistent with the obligations of the United States under the Uruguay Round Agreements approved under section 3511 of title 19 is exported under the program each year (minus the volume sold under section 1163 of this Act during that year), except to the extent that the export of such a volume under the program would, in the judgment of the Secretary, exceed the limitations on the value permitted under subsection (f); and

(4) payments may be made under the program for exports to any destination in the world for the purpose of market development, except a destination in a country with respect to which shipments from the United States are otherwise restricted by law.

**(d) Payments under program to be made in cash or commodities**

(1) The regulations issued by the Secretary may provide for payments under the program to be made in cash or in commodities of equal value that are available in Commodity Credit Corporation stock.

(2) If payments in commodities are authorized, such payments shall be made through the issuance of generic certificates redeemable in commodities.

(3) If generic certificates issued in accordance with the program provided for by this section are exchanged for dairy products owned by the Commodity Credit Corporation, the regulations issued by the Secretary shall ensure that—

(A) such dairy products, or an equal quantity of other dairy products, will be sold for export by the entity; and

(B) any such export sales by the entity—

(i) will be in addition to, and not in place of, export sales of dairy products that the entity would otherwise make under the program or in the absence of the program; and

(ii) to the extent practicable, will not displace commercial export sales of United States dairy products by other exporters.

**(e) Payment rates; publication in Federal Register or other public announcement**

(1) The payments made under the program shall be made at a rate or rates established or approved by the Secretary, taking into consideration, among other things the type of product to be exported, the domestic price of dairy products, the world price of the dairy products, and any additional amount that may be required to assist in the development of world markets for United States dairy products.

(2) Any such rate established or approved by the Secretary shall be published in the Federal Register or publicly announced through other appropriate means, and shall be at a level or levels as will encourage the exportation of United States dairy products by entities.

**(f) Required funding**

**(1) Funds and commodities**

Except as provided in paragraph (2), the Commodity Credit Corporation shall in each year use money and commodities for the program under this section in the maximum amount consistent with the obligations of the United States under the Uruguay Round Agreements approved under section 3511 of title 19, minus the amount expended under section 1163 of this Act during that year.

est therein for the purpose of providing storage adequate to carry out effectively and efficiently any of the Corporation's programs, or of securing or discharging obligations owing to the Corporation, or of otherwise protecting the financial interests of the Corporation: *Provided*, That the authority contained in this subsection shall not be utilized by the Corporation for the purpose of acquiring real property, or any interest therein, in order to provide storage facilities for any commodity unless the Corporation determines that existing privately owned storage facilities for such commodity in the area concerned are not adequate: *Provided further*, That no refrigerated cold storage facilities shall be constructed or purchased except with funds specifically provided by Congress for that purpose: *And provided further*, That any contract entered into by the Corporation for the use of a storage facility shall provide at least that (1) the rental rate charged for an extended term in excess of one year shall be at an annual rate less than that which is charged for a one-year contract, (2) any obligation of the Corporation to pay for the use of any space in a facility shall be relieved to the extent that the Corporation does not use the space and payment is made by another person for the use of such space, and (3) if the Corporation determines that it no longer needs the space reserved in the facility, the Corporation may be relieved, for the remaining term of the contract, of its obligations to an extent and in a manner that will provide significant savings to the Corporation while permitting the owner of the facility reasonable time to lease such space to another person: *And provided further*, That nothing contained in this subsection shall limit the duty of the Corporation, to the maximum extent practicable consistent with the fulfillment of the Corporation's purposes and the effective and efficient conduct of its business, to utilize the usual and customary channels, facilities, and arrangements of trade and commerce in the warehousing of commodities: *And provided further*, That to encourage the storage of grain on farms, where it can be stored at the lowest cost, the Corporation may make loans to grain growers needing storage facilities when such growers shall apply to the Corporation for financing the construction or purchase of suitable storage, and these loans shall be deducted from the proceeds of price support loans or purchase agreements made between the Corporation and the growers, except that the Secretary shall make such loans in areas in which the Secretary determines that there is a deficiency of such storage. To encourage the alleviation of natural resource conservation problems that reduce the productive capacity of the Nation's land and water resources or that cause degradation of environmental quality, the Corporation may, beginning December 22, 1981, make loans to any agricultural producer for those natural resource conservation and environmental enhancement measures that are recommended by the applicable county and State committees established under section 590h(b) of title 16 and are included in the producer's conservation plan approved by the local soil and water conservation district; such loans shall be for a period not to exceed ten years at a rate

Notwithstanding any other provision of law, the Commodity Credit Corporation shall, to the maximum extent practicable, in consultation with the Secretary of State, and upon terms and conditions prescribed or approved by the Secretary of Agriculture, accept strategic and critical materials produced abroad in exchange for agricultural commodities acquired by the Corporation. Insofar as practicable, in effecting such exchange of goods, the Secretary shall: (1) use normal commercial trade channels; (2) take action to avoid displacing usual marketings of United States agricultural commodities and the products thereof; (3) take reasonable precautions to prevent the resale or transshipment to other countries, or use for other than domestic use in the importing country, of agricultural commodities used for such exchange; and (4) give priority to commodities easily storable and those which serve as prime incentive goods to stimulate production of critical and strategic materials. The Corporation may solicit bids from, and utilize, private trading firms to effect such exchange of goods. The determination of the quantities and qualities of such materials which are desirable for stock piling and the determination of which materials are strategic and critical shall be made in the manner prescribed by section 3 of the Strategic and Critical Materials Stock Piling Act [50 U.S.C. 98b]. Strategic and critical materials acquired by Commodity Credit Corporation in exchange for agricultural commodities shall, to the extent approved by the President, be transferred to the stock pile provided for by the Strategic and Critical Materials Stock Piling Act [50 U.S.C. 98 et seq.]; and in the same fiscal year such materials are transferred to the stock pile the Commodity Credit Corporation shall be reimbursed for the strategic and critical materials so transferred to the stock pile from the funds made available for the purpose of the Strategic and Critical Materials Stock Piling Act, in an amount equal to the fair market value, as determined by the Secretary of the Treasury, of the material transferred to the stock pile. If the volume of petroleum products (including crude oil) stored in the Strategic Petroleum Reserve is less than the level prescribed under section 6234 of title 42, the Corporation shall, to the maximum extent practicable and with the approval of the Secretary of Agriculture, make available annually to the Secretary of Energy, upon the request of the Secretary of Energy, a quantity of agricultural products owned by the Corporation with a market value at the time of such request of at least \$300,000,000 for use by the Secretary of Energy in acquiring petroleum products (including crude

oil) produced abroad for placement in the Strategic Petroleum Reserve through an exchange of such agricultural products. The terms and conditions of each such exchange, including provisions for full reimbursement to the Commodity Credit Corporation, shall be determined by the Secretary of Energy and the Secretary of Agriculture. Nothing contained herein shall limit the authority of the Commodity Credit Corporation to acquire, hold, or dispose of such quantity of strategic and critical materials as it deems advisable in carrying out its functions and protecting its assets: *Provided*, That, notwithstanding any other provision of law, where a grain storage facility owned by the Corporation is not needed by the Corporation and, upon being offered for sale no person offers to pay the minimum price set by the Corporation for such facility for use in connection with storage or handling of agricultural commodities, then the Corporation may, without declaring such facility to be excess property, sell it by bids at not less than such minimum price to any public or private nonprofit agency or organization for use for the purposes of such agency or organization. This provision shall apply also to facilities which on the effective date of this Act have been declared excess to the needs of the Commodity Credit Corporation but have not been claimed by any other Government agency, or surplus to the needs of the Government but not disposed of pursuant to the provisions of chapters 1 to 11 of title 40 and division C (except sections 3302, 3307(e), 3501(b), 3509, 3906, 4710, and 4711) of subtitle I of title 41.

The Corporation shall at all times reserve a sufficient amount of its authorized borrowing power which, together with other funds available to the Corporation, will enable it to purchase, in accordance with its contracts with lending agencies, notes, or other obligations evidencing loans made by such agencies under the Corporation's programs.

(j) Shall determine the character of and the necessity for its obligations and expenditures and the manner in which they shall be incurred, allowed, and paid.

(k) Shall have authority to make final and conclusive settlement and adjustment of any claims by or against the Corporation or the accounts of its fiscal officers.

(l) May make such loans and advances of its funds as are necessary in the conduct of its business.

(m) Shall have such powers as may be necessary or appropriate for the exercise of the powers specifically vested in the Corporation, and all such incidental powers as are customary in corporations generally; but any research financed by the Corporation shall relate to the conservation or disposal of commodities owned or controlled by the Corporation and shall be conducted in collaboration with research agencies of the Department of Agriculture. Notwithstanding any other provision of this subchapter,

the Corporation may, in the exercise of its power to remove and dispose of surplus agricultural commodities, export, or cause to be exported, not to exceed such amounts of commodities owned by the Corporation as will enable the Corporation to finance research and development of external combustion engines using fuel other than that derived from petroleum and petroleum products. The total value of commodities exported annually for the purposes of the research authorized by the preceding sentence may not exceed \$30,000,000.

#### SHORT TITLE

Act Feb. 22, 1935, which is classified to this chapter, is popularly known as the “Hot Oil Act” and also as the “Connally Hot Oil Act”.

#### § 715a. Definitions

As used in this chapter—

(1) The term “contraband oil” means petroleum which, or any constituent part of which, was produced, transported, or withdrawn from storage in excess of the amounts permitted to be produced, transported, or withdrawn from storage under the laws of a State or under any regulation or order prescribed thereunder by any board, commission, officer, or other duly authorized agency of such State, or any of the products of such petroleum, except petroleum or any of its constituent parts, title to which has been acquired by a State pursuant to its laws.

(Feb. 22, 1935, ch. 18, § 2, 49 Stat. 30; Pub. L. 89-644, Oct. 13, 1966, 80 Stat. 890.)

#### AMENDMENTS

1966—Pub. L. 89-644 inserted provisions in par. (1) exempting petroleum or any of its constituent parts, title to which has been acquired by a State pursuant to its laws.

#### § 715b. Interstate transportation of contraband oil forbidden

The shipment or transportation in interstate commerce from any State of contraband oil produced in such State is prohibited. For the purposes of this section contraband oil shall not be deemed to have been produced in a State if none of the petroleum constituting such contraband oil, or from which it was produced or derived, was produced, transported, or withdrawn from storage in excess of the amounts permitted to be produced, transported, or withdrawn from storage under the laws of such State or under any regulation or order prescribed thereunder by any board, commission, officer, or other duly authorized agency of such State.

(Feb. 22, 1935, ch. 18, § 3, 49 Stat. 31.)

#### § 715c. Suspension of operation of section 715b of this title

Whenever the President finds that the amount of petroleum and petroleum products moving in interstate commerce is so limited as to be the cause, in whole or in part, of a lack of parity between supply (including imports and reasonable withdrawals from storage) and consumptive demand (including exports and reasonable additions to storage) resulting in an undue burden on or restriction of interstate commerce in pe-

troleum and petroleum products, he shall by proclamation declare such finding, and thereupon the provisions of section 715b of this title shall be inoperative until such time as the President shall find and by proclamation declare that the conditions which gave rise to the suspension of the operation of the provisions of such section no longer exist. If any provision of this section or the application thereof shall be held to be invalid, the validity of application of section 715b of this title shall not be affected thereby.

(Feb. 22, 1935, ch. 18, § 4, 49 Stat. 31.)

##### **(b) Certificate of clearance for petroleum and petroleum products**

Whenever the President finds it necessary or appropriate for the enforcement of the provisions of this chapter he shall require certificates of clearance for petroleum and petroleum products moving or to be moved in interstate commerce from any particular area, and shall establish a board or boards for the issuance of such certificates. A certificate of clearance shall be issued by a board so established in any case where such board determines that the petroleum or petroleum products in question does not constitute contraband oil. Denial of any such certificate shall be by order of the board, and only after reasonable opportunity for hearing. Whenever a certificate of clearance is required for any area in any State, it shall be unlawful to ship or transport petroleum or petroleum products in interstate commerce from such area unless a certificate has been obtained therefor.

##### **(c) Review of order of denial of certificate of clearance**

Any person whose application for a certificate of clearance is denied may obtain a review of the order denying such application in the United States District Court for the district wherein the board is sitting by filing in such court within thirty days after the entry of such order a written petition praying that the order of the board be modified or set aside, in whole or in part. A copy of such petition shall be forthwith served upon the board, and thereupon the board shall certify and file in the court a transcript of the record upon which the order complained of was entered. Upon the filing of such transcript, such court shall have jurisdiction to affirm, modify, or set aside such order, in whole or in part. No objection to the order of the board shall be considered by the court unless such objection shall have been urged before the board. The finding of the board as to the facts, if supported by

evidence, shall be conclusive. The judgment and decree of the court shall be final, subject to review as provided in sections 1254, 1291, and 1292 of title 28.

(Feb. 22, 1935, ch. 18, § 5, 49 Stat. 31.)

The proceedings in such cases shall conform as nearly as may be to proceedings in rem in admiralty, except that either party may demand a trial by jury of any issue of fact joined in any such case, and all such proceedings shall be at the suit of and in the name of the United States. (Feb. 22, 1935, ch. 18, § 7, 49 Stat. 32.)

#### **§ 715g. Refusal of carrier to accept shipment without certificate of clearance; certificate as justifying acceptance of shipment**

##### (a) Necessity of regulation in public interest

As disclosed in reports of the Federal Trade Commission made pursuant to S. Res. 83 (Seventieth Congress, first session) and other reports made pursuant to the authority of Congress, it is declared that the business of transporting and selling natural gas for ultimate distribution to the public is affected with a public interest, and that Federal regulation in matters relating to the transportation of natural gas and the sale thereof in interstate and foreign commerce is necessary in the public interest.

##### (b) Transactions to which provisions of chapter applicable

The provisions of this chapter shall apply to the transportation of natural gas in interstate commerce, to the sale in interstate commerce of natural gas for resale for ultimate public consumption for domestic, commercial, industrial,

or any other use, and to natural-gas companies engaged in such transportation or sale, and to the importation or exportation of natural gas in foreign commerce and to persons engaged in such importation or exportation, but shall not apply to any other transportation or sale of natural gas or to the local distribution of natural gas or to the facilities used for such distribution or to the production or gathering of natural gas.

**(c) Intrastate transactions exempt from provisions of chapter; certification from State commission as conclusive evidence**

The provisions of this chapter shall not apply to any person engaged in or legally authorized to engage in the transportation in interstate commerce or the sale in interstate commerce for resale, of natural gas received by such person from another person within or at the boundary of a State if all the natural gas so received is ultimately consumed within such State, or to any facilities used by such person for such transportation or sale, provided that the rates and service of such person and facilities be subject to regulation by a State commission. The matters exempted from the provisions of this chapter by this subsection are declared to be matters primarily of local concern and subject to regulation by the several States. A certification from such State commission to the Federal Power Commission that such State commission has regulatory jurisdiction over rates and service of such person and facilities and is exercising such jurisdiction shall constitute conclusive evidence of such regulatory power or jurisdiction.

**(d) Vehicular natural gas jurisdiction**

The provisions of this chapter shall not apply to any person solely by reason of, or with respect to, any sale or transportation of vehicular natural gas if such person is—

- (1) not otherwise a natural-gas company; or
- (2) subject primarily to regulation by a State commission, whether or not such State commission has, or is exercising, jurisdiction over the sale, sale for resale, or transportation of vehicular natural gas.

#### (d) Construction with other laws

Except as specifically provided in this chapter, nothing in this chapter affects the rights of States under—

(1) the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.);

(1) To receive all applications for permits for the construction, operation, maintenance, or connection, at the borders of the United States, of facilities for the transmission of electric energy between the United States and a foreign country.

(2) To receive all applications for permits for the construction, operation, maintenance, or connection, at the borders of the United States, of facilities for the exportation or importation of natural gas to or from a foreign country.

(3) Upon finding the issuance of the permit to be consistent with the public interest, and, after obtaining the favorable recommendations of the Secretary of State and the Secretary of Defense thereon, to issue to the applicant, as appropriate, a permit for such construction, operation, maintenance, or connection. The Secretary of Energy shall have the power to attach to

the issuance of the permit and to the exercise of the rights granted thereunder such conditions as the public interest may in its judgment require.

(b) In any case wherein the Secretary of Energy, the Secretary of State, and the Secretary of Defense cannot agree as to whether or not a permit should be issued, the Secretary of Energy shall submit to the President for approval or disapproval the application for a permit with the respective views of the Secretary of Energy, the Secretary of State and the Secretary of Defense.

### § 717b-1. State and local safety considerations

#### (a) Promulgation of regulations

The Commission shall promulgate regulations on the National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) pre-filing process within 60 days after August 8, 2005. An applicant shall comply with pre-filing process required under the National Environmental Policy Act of 1969 prior to filing an application with the Commission. The regulations shall require that the pre-filing process commence at least 6 months prior to the filing of an application for authorization to construct an LNG terminal and encourage applicants to cooperate with State and local officials.

#### (b) State consultation

The Governor of a State in which an LNG terminal is proposed to be located shall designate the appropriate State agency for the purposes of consulting with the Commission regarding an application under section 717b of this title. The Commission shall consult with such State agency regarding State and local safety considerations prior to issuing an order pursuant to section 717b of this title. For the purposes of this section, State and local safety considerations include—

- (1) the kind and use of the facility;
- (2) the existing and projected population and demographic characteristics of the location;
- (3) the existing and proposed land use near the location;
- (4) the natural and physical aspects of the location;
- (5) the emergency response capabilities near the facility location; and
- (6) the need to encourage remote siting.

#### (c) Advisory report

The State agency may furnish an advisory report on State and local safety considerations to the Commission with respect to an application no later than 30 days after the application was filed with the Commission. Before issuing an order authorizing an applicant to site, construct, expand, or operate an LNG terminal, the Commission shall review and respond specifi-

cally to the issues raised by the State agency described in subsection (b) of this section in the advisory report. This subsection shall apply to any application filed after August 8, 2005. A State agency has 30 days after August 8, 2005 to file an advisory report related to any applications pending at the Commission as of August 8, 2005.

#### (d) Inspections

The State commission of the State in which an LNG terminal is located may, after the terminal is operational, conduct safety inspections in conformance with Federal regulations and guidelines with respect to the LNG terminal upon written notice to the Commission. The State commission may notify the Commission of any alleged safety violations. The Commission shall transmit information regarding such allegations to the appropriate Federal agency, which shall take appropriate action and notify the State commission.

#### (e) Emergency Response Plan

(1) In any order authorizing an LNG terminal the Commission shall require the LNG terminal operator to develop an Emergency Response Plan. The Emergency Response Plan shall be prepared in consultation with the United States Coast Guard and State and local agencies and be approved by the Commission prior to any final approval to begin construction. The Plan shall include a cost-sharing plan.

(2) A cost-sharing plan developed under paragraph (1) shall include a description of any direct cost reimbursements that the applicant agrees to provide to any State and local agencies with responsibility for security and safety—

- (A) at the LNG terminal; and
- (B) in proximity to vessels that serve the facility.

### § 717c. Rates and charges

#### (a) Just and reasonable rates and charges

All rates and charges made, demanded, or received by any natural-gas company for or in connection with the transportation or sale of natural gas subject to the jurisdiction of the Commission, and all rules and regulations affecting or pertaining to such rates or charges, shall be just and reasonable, and any such rate or charge that is not just and reasonable is declared to be unlawful.

#### (b) Undue preferences and unreasonable rates and charges prohibited

No natural-gas company shall, with respect to any transportation or sale of natural gas subject to the jurisdiction of the Commission, (1) make or grant any undue preference or advantage to

any person or subject any person to any undue prejudice or disadvantage, or (2) maintain any unreasonable difference in rates, charges, service, facilities, or in any other respect, either as between localities or as between classes of service.

**(c) Filing of rates and charges with Commission; public inspection of schedules**

Under such rules and regulations as the Commission may prescribe, every natural-gas company shall file with the Commission, within such time (not less than sixty days from June 21, 1938) and in such form as the Commission may designate, and shall keep open in convenient form and place for public inspection, schedules showing all rates and charges for any transportation or sale subject to the jurisdiction of the Commission, and the classifications, practices, and regulations affecting such rates and charges, together with all contracts which in any manner affect or relate to such rates, charges, classifications, and services.

**(d) Changes in rates and charges; notice to Commission**

Unless the Commission otherwise orders, no change shall be made by any natural-gas company in any such rate, charge, classification, or service, or in any rule, regulation, or contract relating thereto, except after thirty days' notice to the Commission and to the public. Such notice shall be given by filing with the Commission and keeping open for public inspection new schedules stating plainly the change or changes to be made in the schedule or schedules then in force and the time when the change or changes will go into effect. The Commission, for good cause shown, may allow changes to take effect without requiring the thirty days' notice herein provided for by an order specifying the changes so to be made and the time when they shall take effect and the manner in which they shall be filed and published.

**(e) Authority of Commission to hold hearings concerning new schedule of rates**

Whenever any such new schedule is filed the Commission shall have authority, either upon complaint of any State, municipality, State commission, or gas distributing company, or upon its own initiative without complaint, at once, and if it so orders, without answer or formal pleading by the natural-gas company, but upon reasonable notice, to enter upon a hearing concerning the lawfulness of such rate, charge, classification, or service; and, pending such hearing and the decision thereon, the Commission, upon filing with such schedules and delivering to the natural-gas company affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such schedule and defer the use of such rate, charge, classification, or service, but not for a longer period than five months beyond the time when it would otherwise go into effect; and after full hearings, either completed before or after the rate, charge, classification, or service goes into effect, the Commission may make such orders with reference thereto as would be proper in a proceeding initiated after it had become effective. If the proceeding has not been concluded

and an order made at the expiration of the suspension period, on motion of the natural-gas company making the filing, the proposed change of rate, charge, classification, or service shall go into effect. Where increased rates or charges are thus made effective, the Commission may, by order, require the natural-gas company to furnish a bond, to be approved by the Commission, to refund any amounts ordered by the Commission, to keep accurate accounts in detail of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts were paid, and, upon completion of the hearing and decision, to order such natural-gas company to refund, with interest, the portion of such increased rates or charges by its decision found not justified. At any hearing involving a rate or charge sought to be increased, the burden of proof to show that the increased rate or charge is just and reasonable shall be upon the natural-gas company, and the Commission shall give to the hearing and decision of such questions preference over other questions pending before it and decide the same as speedily as possible.

**(f) Storage services**

(1) In exercising its authority under this chapter or the Natural Gas Policy Act of 1978 (15 U.S.C. 3301 et seq.), the Commission may authorize a natural gas company (or any person that will be a natural gas company on completion of any proposed construction) to provide storage and storage-related services at market-based rates for new storage capacity related to a specific facility placed in service after August 8, 2005, notwithstanding the fact that the company is unable to demonstrate that the company lacks market power, if the Commission determines that—

(A) market-based rates are in the public interest and necessary to encourage the construction of the storage capacity in the area needing storage services; and

(B) customers are adequately protected.

(2) The Commission shall ensure that reasonable terms and conditions are in place to protect consumers.

(3) If the Commission authorizes a natural gas company to charge market-based rates under this subsection, the Commission shall review periodically whether the market-based rate is just, reasonable, and not unduly discriminatory or preferential.

AMENDMENTS

2005—Subsec. (f). Pub. L. 109-58 added subsec. (f).

1962—Subsec. (e). Pub. L. 87-454 inserted "or gas distributing company" after "State commission", and struck out proviso which denied authority to the Commission to suspend the rate, charge, classification, or

service for the sale of natural gas for resale for industrial use only.

**ADVANCE RECOVERY OF EXPENSES INCURRED BY NATURAL GAS COMPANIES FOR NATURAL GAS RESEARCH, DEVELOPMENT, AND DEMONSTRATION PROJECTS**

Pub. L. 102-104, title III, Aug. 17, 1991, 105 Stat. 531, authorized Federal Energy Regulatory Commission, pursuant to this section, to allow recovery, in advance, of expenses by natural-gas companies for research, development and demonstration activities by Gas Research Institute for projects on use of natural gas in motor vehicles and on use of natural gas to control emissions from combustion of other fuels, subject to Commission finding that benefits, including environmental benefits, to both existing and future ratepayers resulting from such activities exceed all direct costs to both existing and future ratepayers, prior to repeal by Pub. L. 102-486, title IV, §408(c), Oct. 24, 1992, 106 Stat. 2882.

**§ 717c-1. Prohibition on market manipulation**

It shall be unlawful for any entity, directly or indirectly, to use or employ, in connection with the purchase or sale of natural gas or the purchase or sale of transportation services subject to the jurisdiction of the Commission, any manipulative or deceptive device or contrivance (as those terms are used in section 78j(b) of this title) in contravention of such rules and regulations as the Commission may prescribe as necessary in the public interest or for the protection of natural gas ratepayers. Nothing in this section shall be construed to create a private right of action.

(June 21, 1938, ch. 556, §4A, as added Pub. L. 109-58, title III, §315, Aug. 8, 2005, 119 Stat. 691.)

**§ 717d. Fixing rates and charges; determination of cost of production or transportation**

**(a) Decreases in rates**

Whenever the Commission, after a hearing had upon its own motion or upon complaint of any State, municipality, State commission, or gas distributing company, shall find that any rate, charge, or classification demanded, observed, charged, or collected by any natural-gas company in connection with any transportation or sale of natural gas, subject to the jurisdiction of the Commission, or that any rule, regulation, practice, or contract affecting such rate, charge, or classification is unjust, unreasonable, unduly discriminatory, or preferential, the Commission shall determine the just and reasonable rate, charge, classification, rule, regulation, practice, or contract to be thereafter observed and in force, and shall fix the same by order: *Provided, however,* That the Commission shall have no power to order any increase in any rate contained in the currently effective schedule of such natural gas company on file with the Commission, unless such increase is in accordance with a new schedule filed by such natural gas company; but the Commission may order a decrease where existing rates are unjust, unduly discriminatory, preferential, otherwise unlawful, or are not the lowest reasonable rates.

**(b) Costs of production and transportation**

The Commission upon its own motion, or upon the request of any State commission, whenever it can do so without prejudice to the efficient

and proper conduct of its affairs, may investigate and determine the cost of the production or transportation of natural gas by a natural-gas company in cases where the Commission has no authority to establish a rate governing the transportation or sale of such natural gas.

(June 21, 1938, ch. 556, §5, 52 Stat. 823.)

**§ 717e. Ascertainment of cost of property**

**(a) Cost of property**

The Commission may investigate and ascertain the actual legitimate cost of the property of every natural-gas company, the depreciation therein, and, when found necessary for rate-making purposes, other facts which bear on the determination of such cost or depreciation and the fair value of such property.

**(b) Inventory of property; statements of costs**

Every natural-gas company upon request shall file with the Commission an inventory of all or any part of its property and a statement of the original cost thereof, and shall keep the Commission informed regarding the cost of all additions, betterments, extensions, and new construction.

(June 21, 1938, ch. 556, §6, 52 Stat. 824.)

**§ 717f. Construction, extension, or abandonment of facilities**

**(a) Extension or improvement of facilities on order of court; notice and hearing**

Whenever the Commission, after notice and opportunity for hearing, finds such action necessary or desirable in the public interest, it may by order direct a natural-gas company to extend or improve its transportation facilities, to establish physical connection of its transportation facilities with the facilities of, and sell natural gas to, any person or municipality engaged or legally authorized to engage in the local distribution of natural or artificial gas to the public, and for such purpose to extend its transportation facilities to communities immediately adjacent to such facilities or to territory served by such natural-gas company, if the Commission finds that no undue burden will be placed upon such natural-gas company thereby: *Provided,* That the Commission shall have no authority to compel the enlargement of transportation facilities for such purposes, or to compel such natural-gas company to establish physical connection or sell natural gas when to do so would impair its ability to render adequate service to its customers.

**(b) Abandonment of facilities or services; approval of Commission**

No natural-gas company shall abandon all or any portion of its facilities subject to the jurisdiction of the Commission, or any service rendered by means of such facilities, without the permission and approval of the Commission first had and obtained, after due hearing, and a finding by the Commission that the available supply of natural gas is depleted to the extent that the continuance of service is unwarranted, or that the present or future public convenience or necessity permit such abandonment.

**(c) Certificate of public convenience and necessity**

(1)(A) No natural-gas company or person which will be a natural-gas company upon completion of any proposed construction or extension shall engage in the transportation or sale of natural gas, subject to the jurisdiction of the Commission, or undertake the construction or extension of any facilities therefor, or acquire or operate any such facilities or extensions thereof, unless there is in force with respect to such natural-gas company a certificate of public convenience and necessity issued by the Commission authorizing such acts or operations: *Provided, however,* That if any such natural-gas company or predecessor in interest was bona fide engaged in transportation or sale of natural gas, subject to the jurisdiction of the Commission, on February 7, 1942, over the route or routes or within the area for which application is made and has so operated since that time, the Commission shall issue such certificate without requiring further proof that public convenience and necessity will be served by such operation, and without further proceedings, if application for such certificate is made to the Commission within ninety days after February 7, 1942. Pending the determination of any such application, the continuance of such operation shall be lawful.

(B) In all other cases the Commission shall set the matter for hearing and shall give such reasonable notice of the hearing thereon to all interested persons as in its judgment may be necessary under rules and regulations to be prescribed by the Commission; and the application shall be decided in accordance with the procedure provided in subsection (e) of this section and such certificate shall be issued or denied accordingly: *Provided, however,* That the Commission may issue a temporary certificate in cases of emergency, to assure maintenance of adequate service or to serve particular customers, without notice or hearing, pending the determination of an application for a certificate, and may by regulation exempt from the requirements of this section temporary acts or operations for which the issuance of a certificate will not be required in the public interest.

(2) The Commission may issue a certificate of public convenience and necessity to a natural-gas company for the transportation in interstate commerce of natural gas used by any person for one or more high-priority uses, as defined, by rule, by the Commission, in the case of—

(A) natural gas sold by the producer to such person; and

(B) natural gas produced by such person.

**(d) Application for certificate of public convenience and necessity**

Application for certificates shall be made in writing to the Commission, be verified under oath, and shall be in such form, contain such information, and notice thereof shall be served upon such interested parties and in such manner as the Commission shall, by regulation, require.

**(e) Granting of certificate of public convenience and necessity**

Except in the cases governed by the provisos contained in subsection (c)(1) of this section, a

certificate shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operation, sale, service, construction, extension, or acquisition covered by the application, if it is found that the applicant is able and willing properly to do the acts and to perform the service proposed and to conform to the provisions of this chapter and the requirements, rules, and regulations of the Commission thereunder, and that the proposed service, sale, operation, construction, extension, or acquisition, to the extent authorized by the certificate, is or will be required by the present or future public convenience and necessity; otherwise such application shall be denied. The Commission shall have the power to attach to the issuance of the certificate and to the exercise of the rights granted thereunder such reasonable terms and conditions as the public convenience and necessity may require.

**(f) Determination of service area; jurisdiction of transportation to ultimate consumers**

(1) The Commission, after a hearing had upon its own motion or upon application, may determine the service area to which each authorization under this section is to be limited. Within such service area as determined by the Commission a natural-gas company may enlarge or extend its facilities for the purpose of supplying increased market demands in such service area without further authorization; and

(2) If the Commission has determined a service area pursuant to this subsection, transportation to ultimate consumers in such service area by the holder of such service area determination, even if across State lines, shall be subject to the exclusive jurisdiction of the State commission in the State in which the gas is consumed. This section shall not apply to the transportation of natural gas to another natural gas company.

**(g) Certificate of public convenience and necessity for service of area already being served**

Nothing contained in this section shall be construed as a limitation upon the power of the Commission to grant certificates of public convenience and necessity for service of an area already being served by another natural-gas company.

**(h) Right of eminent domain for construction of pipelines, etc.**

When any holder of a certificate of public convenience and necessity cannot acquire by contract, or is unable to agree with the owner of property to the compensation to be paid for, the necessary right-of-way to construct, operate, and maintain a pipe line or pipe lines for the transportation of natural gas, and the necessary land or other property, in addition to right-of-way, for the location of compressor stations, pressure apparatus, or other stations or equipment necessary to the proper operation of such pipe line or pipe lines, it may acquire the same by the exercise of the right of eminent domain in the district court of the United States for the district in which such property may be located, or in the State courts. The practice and procedure in any action or proceeding for that purpose in the district court of the United States shall conform as nearly as may be with the prac-

tice and procedure in similar action or proceeding in the courts of the State where the property is situated: *Provided*, That the United States district courts shall only have jurisdiction of cases when the amount claimed by the owner of the property to be condemned exceeds \$3,000.

#### TRANSFER OF FUNCTIONS

Enforcement functions of Secretary or other official in Department of Energy and Commission, Commissioners, or other official in Federal Energy Regulatory Commission related to compliance with certificates of public convenience and necessity issued under this section with respect to pre-construction, construction, and initial operation of transportation system for Canadian and Alaskan natural gas transferred to Federal Inspector, Office of Federal Inspector for Alaska Natural Gas Transportation System, until first anniversary of date of initial operation of Alaska Natural Gas Transportation System, see Reorg. Plan No. 1 of 1979, §§ 102(d), 203(a), 44 F.R. 33663, 33666, 93 Stat. 1373, 1376, effective July 1, 1979, set out under section 719e of this title. Office of Federal Inspector for the Alaska Natural Gas Transportation System abolished and functions and authority vested in Inspector transferred to Secretary of Energy by section 3012(b) of Pub. L. 102-486, set out as an Abolition of Office of Federal Inspector note under section 719e of this title. Functions and authority vested in Secretary of Energy subsequently transferred to Federal Coordinator for Alaska Natural Gas Transportation Projects by section 720d(f) of this title.

#### § 717g. Accounts; records; memoranda

##### (a) Rules and regulations for keeping and preserving accounts, records, etc.

Every natural-gas company shall make, keep, and preserve for such periods, such accounts, records of cost-accounting procedures, correspondence, memoranda, papers, books, and other records as the Commission may by rules and regulations prescribe as necessary or appropriate for purposes of the administration of this chapter: *Provided, however*, That nothing in this chapter shall relieve any such natural-gas company from keeping any accounts, memoranda, or records which such natural-gas company may be required to keep by or under authority of the laws of any State. The Commission may prescribe a system of accounts to be kept by such

natural-gas companies, and may classify such natural-gas companies and prescribe a system of accounts for each class. The Commission, after notice and opportunity for hearing, may determine by order the accounts in which particular outlays or receipts shall be entered, charged, or credited. The burden of proof to justify every accounting entry questioned by the Commission shall be on the person making, authorizing, or requiring such entry, and the Commission may suspend a charge or credit pending submission of satisfactory proof in support thereof.

##### (b) Access to and inspection of accounts and records

The Commission shall at all times have access to and the right to inspect and examine all accounts, records, and memoranda of natural-gas companies; and it shall be the duty of such natural-gas companies to furnish to the Commission, within such reasonable time as the Commission may order, any information with respect thereto which the Commission may by order require, including copies of maps, contracts, reports of engineers, and other data, records, and papers, and to grant to all agents of the Commission free access to its property and its accounts, records, and memoranda when requested so to do. No member, officer, or employee of the Commission shall divulge any fact or information which may come to his knowledge during the course of examination of books, records, data, or accounts, except insofar as he may be directed by the Commission or by a court.

##### (c) Books, accounts, etc., of the person controlling gas company subject to examination

The books, accounts, memoranda, and records of any person who controls directly or indirectly a natural-gas company subject to the jurisdiction of the Commission and of any other company controlled by such person, insofar as they relate to transactions with or the business of such natural-gas company, shall be subject to examination on the order of the Commission.

(June 21, 1938, ch. 556, § 8, 52 Stat. 825.)

#### § 717h. Rates of depreciation

##### (a) Depreciation and amortization

The Commission may, after hearing, require natural-gas companies to carry proper and adequate depreciation and amortization accounts in accordance with such rules, regulations, and forms of account as the Commission may prescribe. The Commission may from time to time ascertain and determine, and by order fix, the proper and adequate rates of depreciation and amortization of the several classes of property of each natural-gas company used or useful in the production, transportation, or sale of natural gas. Each natural-gas company shall conform its depreciation and amortization accounts to the rates so ascertained, determined, and fixed. No natural-gas company subject to the jurisdiction of the Commission shall charge to operating expenses any depreciation or amortization charges on classes of property other than those prescribed by the Commission, or charge with respect to any class of property a percentage of depreciation or amortization other than that prescribed therefor by the Commission. No

such natural-gas company shall in any case include in any form under its operating or other expenses any depreciation, amortization, or other charge or expenditure included elsewhere as a depreciation or amortization charge or otherwise under its operating or other expenses. Nothing in this section shall limit the power of a State commission to determine in the exercise of its jurisdiction, with respect to any natural-gas company, the percentage rates of depreciation or amortization to be allowed, as to any class of property of such natural-gas company, or the composite depreciation or amortization rate, for the purpose of determining rates or charges.

**(b) Rules**

The Commission, before prescribing any rules or requirements as to accounts, records, or memoranda, or as to depreciation or amortization rates, shall notify each State commission having jurisdiction with respect to any natural-gas company involved and shall give reasonable opportunity to each such commission to present its views and shall receive and consider such views and recommendations.

(June 21, 1938, ch. 556, §9, 52 Stat. 826.)

**§ 717i. Periodic and special reports**

**(a) Form and contents of reports**

Every natural-gas company shall file with the Commission such annual and other periodic or special reports as the Commission may by rules and regulations or order prescribe as necessary or appropriate to assist the Commission in the proper administration of this chapter. The Commission may prescribe the manner and form in which such reports shall be made, and require from such natural-gas companies specific answers to all questions upon which the Commission may need information. The Commission may require that such reports shall include, among other things, full information as to assets and liabilities, capitalization, investment and reduction thereof, gross receipts, interest due and paid, depreciation, amortization, and other reserves, cost of facilities, cost of maintenance and operation of facilities for the production, transportation, or sale of natural gas, cost of renewal and replacement of such facilities, transportation, delivery, use, and sale of natural gas. The Commission may require any such natural-gas company to make adequate provision for currently determining such costs and other facts. Such reports shall be made under oath unless the Commission otherwise specifies.

**(b) Unlawful conduct**

It shall be unlawful for any natural-gas company willfully to hinder, delay, or obstruct the making, filing, or keeping of any information, document, report, memorandum, record, or account required to be made, filed, or kept under this chapter or any rule, regulation, or order thereunder.

(June 21, 1938, ch. 556, §10, 52 Stat. 826.)

**§ 717j. State compacts for conservation, transportation, etc., of natural gas**

**(a) Assembly of pertinent information; report to Congress**

In case two or more States propose to the Congress compacts dealing with the conservation, production, transportation, or distribution of natural gas it shall be the duty of the Commission to assemble pertinent information relative to the matters covered in any such proposed compact, to make public and to report to the Congress information so obtained, together with such recommendations for further legislation as may appear to be appropriate or necessary to carry out the purposes of such proposed compact and to aid in the conservation of natural-gas resources within the United States and in the orderly, equitable, and economic production, transportation, and distribution of natural gas.

**(b) Assembly of information relative to operation of compact; report to Congress**

It shall be the duty of the Commission to assemble and keep current pertinent information relative to the effect and operation of any compact between two or more States heretofore or hereafter approved by the Congress, to make such information public, and to report to the Congress, from time to time, the information so obtained, together with such recommendations as may appear to be appropriate or necessary to promote the purposes of such compact.

**(c) Availability of services, etc., of other agencies**

In carrying out the purposes of this chapter, the Commission shall, so far as practicable, avail itself of the services, records, reports, and information of the executive departments and other agencies of the Government, and the President may, from time to time, direct that such services and facilities be made available to the Commission.

(June 21, 1938, ch. 556, §11, 52 Stat. 827.)

**§ 717k. Officials dealing in securities**

It shall be unlawful for any officer or director of any natural-gas company to receive for his own benefit, directly or indirectly, any money or thing of value in respect to the negotiation, hypothecation, or sale by such natural-gas company of any security issued, or to be issued, by such natural-gas company, or to share in any of the proceeds thereof, or to participate in the making or paying of any dividends, other than liquidating dividends, of such natural-gas company from any funds properly included in capital account.

(June 21, 1938, ch. 556, §12, 52 Stat. 827.)

**§ 717l. Complaints**

Any State, municipality, or State commission complaining of anything done or omitted to be done by any natural-gas company in contravention of the provisions of this chapter may apply to the Commission by petition, which shall briefly state the facts, whereupon a statement of the complaint thus made shall be forwarded by the Commission to such natural-gas company, which shall be called upon to satisfy the

complaint or to answer the same in writing within a reasonable time to be specified by the Commission.

(June 21, 1938, ch. 556, §13, 52 Stat. 827.)

### **§ 717m. Investigations by Commission**

#### **(a) Power of Commission**

The Commission may investigate any facts, conditions, practices, or matters which it may find necessary or proper in order to determine whether any person has violated or is about to violate any provisions of this chapter or any rule, regulation, or order thereunder, or to aid in the enforcement of the provisions of this chapter or in prescribing rules or regulations thereunder, or in obtaining information to serve as a basis for recommending further legislation to the Congress. The Commission may permit any person to file with it a statement in writing, under oath or otherwise, as it shall determine, as to any or all facts and circumstances concerning a matter which may be the subject of investigation. The Commission, in its discretion, may publish in the manner authorized by section 825k of title 16, and make available to State commissions and municipalities, information concerning any such matter.

#### **(b) Determination of adequacy of gas reserves**

The Commission may, after hearing, determine the adequacy or inadequacy of the gas reserves held or controlled by any natural-gas company, or by anyone on its behalf, including its owned or leased properties or royalty contracts; and may also, after hearing, determine the propriety and reasonableness of the inclusion in operating expenses, capital, or surplus of all delay rentals or other forms of rental or compensation for unoperated lands and leases. For the purpose of such determinations, the Commission may require any natural-gas company to file with the Commission true copies of all its lease and royalty agreements with respect to such gas reserves.

#### **(c) Administration of oaths and affirmations; subpoena of witnesses, etc.**

For the purpose of any investigation or any other proceeding under this chapter, any member of the Commission, or any officer designated by it, is empowered to administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, contracts, agreements, or other records which the Commission finds relevant or material to the inquiry. Such attendance of witnesses and the production of any such records may be required from any place in the United States or at any designated place of hearing. Witnesses summoned by the Commission to appear before it shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

#### **(d) Jurisdiction of courts of United States**

In case of contumacy by, or refusal to obey a subpoena issued to, any person, the Commission may invoke the aid of any court of the United States within the jurisdiction of which such investigation or proceeding is carried on, or where

such person resides or carries on business, in requiring the attendance and testimony of witnesses and the production of books, papers, correspondence, memoranda, contracts, agreements, and other records. Such court may issue an order requiring such person to appear before the Commission or member or officer designated by the Commission, there to produce records, if so ordered, or to give testimony touching the matter under investigation or in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof. All process in any such case may be served in the judicial district whereof such person is an inhabitant or wherever he may be found or may be doing business. Any person who willfully shall fail or refuse to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, contracts, agreements, or other records, if in his or its power so to do, in obedience to the subpoena of the Commission, shall be guilty of a misdemeanor and upon conviction shall be subject to a fine of not more than \$1,000 or to imprisonment for a term of not more than one year, or both.

#### **(e) Testimony of witnesses**

The testimony of any witness may be taken at the instance of a party, in any proceeding or investigation pending before the Commission, by deposition at any time after the proceeding is at issue. The Commission may also order testimony to be taken by deposition in any proceeding or investigation pending before it at any stage of such proceeding or investigation. Such depositions may be taken before any person authorized to administer oaths not being of counsel or attorney to either of the parties, nor interested in the proceeding or investigation. Reasonable notice must first be given in writing by the party or his attorney proposing to take such deposition to the opposite party or his attorney of record, as either may be nearest, which notice shall state the name of the witness and the time and place of the taking of his deposition. Any person may be compelled to appear and depose, and to produce documentary evidence, in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the Commission, as hereinbefore provided. Such testimony shall be reduced to writing by the person taking deposition, or under his direction, and shall, after it has been reduced to writing, be subscribed by the deponent.

#### **(f) Deposition of witnesses in a foreign country**

If a witness whose testimony may be desired to be taken by deposition be in a foreign country, the deposition may be taken before an officer or person designated by the Commission, or agreed upon by the parties by stipulation in writing to be filed with the Commission. All depositions must be promptly filed with the Commission.

#### **(g) Witness fees**

Witnesses whose depositions are taken as authorized in this chapter, and the person or officer taking the same, shall be entitled to the same fees as are paid for like services in the courts of the United States.

Among other things, such rules and regulations may define accounting, technical, and trade terms used in this chapter; and may prescribe the form or forms of all statements, declarations, applications, and reports to be filed with the Commission, the information which they shall contain, and the time within which they shall be filed. Unless a different date is specified therein, rules and regulations of the Commission shall be effective thirty days after publication in the manner which the Commission shall prescribe. (June 21, 1938, ch. 556, §16, 52 Stat. 830.)

#### § 717p. Joint boards

##### (a) Reference of matters to joint boards; composition and power

The Commission may refer any matter arising in the administration of this chapter to a board to be composed of a member or members, as determined by the Commission, from the State or each of the States affected or to be affected by such matter. Any such board shall be vested with the same power and be subject to the same duties and liabilities as in the case of a member of the Commission when designated by the Commission to hold any hearings. The action of such board shall have such force and effect and its

proceedings shall be conducted in such manner as the Commission shall by regulations prescribe. The Board shall be appointed by the Commission from persons nominated by the State commission of each State affected, or by the Governor of such State if there is no State commission. Each State affected shall be entitled to the same number of representatives on the board unless the nominating power of such State waives such right. The Commission shall have discretion to reject the nominee from any State, but shall thereupon invite a new nomination from that State. The members of a board shall receive such allowances for expenses as the Commission shall provide. The Commission may, when in its discretion sufficient reason exists therefor, revoke any reference to such a board.

##### (b) Conference with State commissions regarding rate structure, costs, etc.

The Commission may confer with any State commission regarding rate structures, costs, accounts, charges, practices, classifications, and regulations of natural-gas companies; and the Commission is authorized, under such rules and regulations as it shall prescribe, to hold joint hearings with any State commission in connection with any matter with respect to which the Commission is authorized to act. The Commission is authorized in the administration of this chapter to avail itself of such cooperation, services, records, and facilities as may be afforded by any State commission.

##### (c) Information and reports available to State commissions

The Commission shall make available to the several State commissions such information and reports as may be of assistance in State regulation of natural-gas companies. Whenever the Commission can do so without prejudice to the efficient and proper conduct of its affairs, it may, upon request from a State commission, make available to such State commission as witnesses any of its trained rate, valuation, or other experts, subject to reimbursement of the compensation and traveling expenses of such witnesses. All sums collected hereunder shall be credited to the appropriation from which the amounts were expended in carrying out the provisions of this subsection.

(June 21, 1938, ch. 556, §17, 52 Stat. 830.)

#### § 717q. Appointment of officers and employees

The Commission is authorized to appoint and fix the compensation of such officers, attorneys, examiners, and experts as may be necessary for carrying out its functions under this chapter; and the Commission may, subject to civil-service laws, appoint such other officers and employees as are necessary for carrying out such functions and fix their salaries in accordance with chapter 51 and subchapter III of chapter 53 of title 5.

(June 21, 1938, ch. 556, §18, 52 Stat. 831; Oct. 28, 1949, ch. 782, title XI, §1106(a), 63 Stat. 972.)

#### CODIFICATION

Provisions that authorized the Commission to appoint and fix the compensation of such officers, attor-

neys, examiners, and experts as may be necessary for carrying out its functions under this chapter “without regard to the provisions of other laws applicable to the employment and compensation of officers and employees of the United States” are omitted as obsolete and superseded.

As to the compensation of such personnel, sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the Classification Act of 1923 and all other laws or parts of laws inconsistent with the 1949 Act. The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, §8(a), 80 Stat. 632, and reenacted as chapter 51 and subchapter III of chapter 53 of Title 5, Government Organization and Employees. Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

Such appointments are now subject to the civil service laws unless specifically excepted by those laws or by laws enacted subsequent to Executive Order 8743, Apr. 23, 1941, issued by the President pursuant to the Act of Nov. 26, 1940, ch. 919, title I, §1, 54 Stat. 1211, which covered most excepted positions into the classified (competitive) civil service. The Order is set out as a note under section 3301 of Title 5.

“Chapter 51 and subchapter III of chapter 53 of title 5” substituted in text for “the Classification Act of 1949, as amended” on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5.

#### AMENDMENTS

1949—Act Oct. 28, 1949, substituted “Classification Act of 1949” for “Classification Act of 1923”.

#### REPEALS

Act Oct. 28, 1949, ch. 782, cited as a credit to this section, was repealed (subject to a savings clause) by Pub. L. 89-554, Sept. 6, 1966, §8, 80 Stat. 632, 655.

### § 717r. Rehearing and review

#### (a) Application for rehearing; time

Any person, State, municipality, or State commission aggrieved by an order issued by the Commission in a proceeding under this chapter to which such person, State, municipality, or State commission is a party may apply for a rehearing within thirty days after the issuance of such order. The application for rehearing shall set forth specifically the ground or grounds upon which such application is based. Upon such application the Commission shall have power to grant or deny rehearing or to abrogate or modify its order without further hearing. Unless the Commission acts upon the application for rehearing within thirty days after it is filed, such application may be deemed to have been denied. No proceeding to review any order of the Commission shall be brought by any person unless such person shall have made application to the Commission for a rehearing thereon. Until the record in a proceeding shall have been filed in a court of appeals, as provided in subsection (b) of this section, the Commission may at any time, upon reasonable notice and in such manner as it shall deem proper, modify or set aside, in whole or in part, any finding or order made or issued by it under the provisions of this chapter.

#### (b) Review of Commission order

Any party to a proceeding under this chapter aggrieved by an order issued by the Commission in such proceeding may obtain a review of such order in the court of appeals of the United

States for any circuit wherein the natural-gas company to which the order relates is located or has its principal place of business, or in the United States Court of Appeals for the District of Columbia, by filing in such court, within sixty days after the order of the Commission upon the application for rehearing, a written petition praying that the order of the Commission be modified or set aside in whole or in part. A copy of such petition shall forthwith be transmitted by the clerk of the court to any member of the Commission and thereupon the Commission shall file with the court the record upon which the order complained of was entered, as provided in section 2112 of title 28. Upon the filing of such petition such court shall have jurisdiction, which upon the filing of the record with it shall be exclusive, to affirm, modify, or set aside such order in whole or in part. No objection to the order of the Commission shall be considered by the court unless such objection shall have been urged before the Commission in the application for rehearing unless there is reasonable ground for failure so to do. The finding of the Commission as to the facts, if supported by substantial evidence, shall be conclusive. If any party shall apply to the court for leave to adduce additional evidence, and shall show to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for failure to adduce such evidence in the proceedings before the Commission, the court may order such additional evidence to be taken before the Commission and to be adduced upon the hearing in such manner and upon such terms and conditions as to the court may seem proper. The Commission may modify its findings as to the facts by reason of the additional evidence so taken, and it shall file with the court such modified or new findings, which is supported by substantial evidence, shall be conclusive, and its recommendation, if any, for the modification or setting aside of the original order. The judgment and decree of the court, affirming, modifying, or setting aside, in whole or in part, any such order of the Commission, shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

#### (c) Stay of Commission order

The filing of an application for rehearing under subsection (a) of this section shall not, unless specifically ordered by the Commission, operate as a stay of the Commission’s order. The commencement of proceedings under subsection (b) of this section shall not, unless specifically ordered by the court, operate as a stay of the Commission’s order.

#### (d) Judicial review

##### (1) In general

The United States Court of Appeals for the circuit in which a facility subject to section 717b of this title or section 717f of this title is proposed to be constructed, expanded, or operated shall have original and exclusive jurisdiction over any civil action for the review of an order or action of a Federal agency (other than the Commission) or State administrative agency acting pursuant to Federal law to

issue, condition, or deny any permit, license, concurrence, or approval (hereinafter collectively referred to as “permit”) required under Federal law, other than the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.).

**(2) Agency delay**

The United States Court of Appeals for the District of Columbia shall have original and exclusive jurisdiction over any civil action for the review of an alleged failure to act by a Federal agency (other than the Commission) or State administrative agency acting pursuant to Federal law to issue, condition, or deny any permit required under Federal law, other than the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.), for a facility subject to section 717b of this title or section 717f of this title. The failure of an agency to take action on a permit required under Federal law, other than the Coastal Zone Management Act of 1972, in accordance with the Commission schedule established pursuant to section 717n(c) of this title shall be considered inconsistent with Federal law for the purposes of paragraph (3).

**(3) Court action**

If the Court finds that such order or action is inconsistent with the Federal law governing such permit and would prevent the construction, expansion, or operation of the facility subject to section 717b of this title or section 717f of this title, the Court shall remand the proceeding to the agency to take appropriate action consistent with the order of the Court. If the Court remands the order or action to the Federal or State agency, the Court shall set a reasonable schedule and deadline for the agency to act on remand.

**(4) Commission action**

For any action described in this subsection, the Commission shall file with the Court the consolidated record of such order or action to which the appeal hereunder relates.

**(5) Expedited review**

The Court shall set any action brought under this subsection for expedited consideration.

(June 21, 1938, ch. 556, § 19, 52 Stat. 831; June 25, 1948, ch. 646, § 32(a), 62 Stat. 991; May 24, 1949, ch. 139, § 127, 63 Stat. 107; Pub. L. 85-791, § 19, Aug. 28, 1958, 72 Stat. 947; Pub. L. 109-58, title III, § 313(b), Aug. 8, 2005, 119 Stat. 689.)

#### § 717t-2. Natural gas market transparency rules

##### (a) In general

(1) The Commission is directed to facilitate price transparency in markets for the sale or transportation of physical natural gas in interstate commerce, having due regard for the public interest, the integrity of those markets, fair competition, and the protection of consumers.

(2) The Commission may prescribe such rules as the Commission determines necessary and appropriate to carry out the purposes of this section. The rules shall provide for the dissemination, on a timely basis, of information about the availability and prices of natural gas sold at wholesale and in interstate commerce to the Commission, State commissions, buyers and sellers of wholesale natural gas, and the public.

(3) The Commission may—

(A) obtain the information described in paragraph (2) from any market participant; and

(B) rely on entities other than the Commission to receive and make public the information, subject to the disclosure rules in subsection (b) of this section.

(4) In carrying out this section, the Commission shall consider the degree of price transparency provided by existing price publishers and providers of trade processing services, and shall rely on such publishers and services to the maximum extent possible. The Commission may establish an electronic information system if it determines that existing price publications are not adequately providing price discovery or market transparency.

##### (b) Information exempted from disclosure

(1) Rules described in subsection (a)(2) of this section, if adopted, shall exempt from disclosure information the Commission determines would, if disclosed, be detrimental to the operation of an effective market or jeopardize system security.

(2) In determining the information to be made available under this section and the time to make the information available, the Commission shall seek to ensure that consumers and competitive markets are protected from the adverse effects of potential collusion or other anti-competitive behaviors that can be facilitated by untimely public disclosure of transaction-specific information.

**(c) Information sharing**

(1) Within 180 days of August 8, 2005, the Commission shall conclude a memorandum of understanding with the Commodity Futures Trading Commission relating to information sharing, which shall include, among other things, provisions ensuring that information requests to markets within the respective jurisdiction of each agency are properly coordinated to minimize duplicative information requests, and provisions regarding the treatment of proprietary trading information.

(2) Nothing in this section may be construed to limit or affect the exclusive jurisdiction of the Commodity Futures Trading Commission under the Commodity Exchange Act (7 U.S.C. 1 et seq.).

**(d) Compliance with requirements**

(1) The Commission shall not condition access to interstate pipeline transportation on the reporting requirements of this section.

(2) The Commission shall not require natural gas producers, processors, or users who have a de minimis market presence to comply with the reporting requirements of this section.

**(e) Retroactive effect**

(1) Except as provided in paragraph (2), no person shall be subject to any civil penalty under this section with respect to any violation occurring more than 3 years before the date on which the person is provided notice of the proposed penalty under section 717t-1(b) of this title.

(2) Paragraph (1) shall not apply in any case in which the Commission finds that a seller that has entered into a contract for the transportation or sale of natural gas subject to the jurisdiction of the Commission has engaged in fraudulent market manipulation activities materially affecting the contract in violation of section 717c-1 of this title.

(June 21, 1938, ch. 556, §23, as added Pub. L. 109-58, title III, §316, Aug. 8, 2005, 119 Stat. 691.)

**§ 717x. Conserved natural gas****(a) Determination of entitlement**

(1) For purposes of determining the natural gas entitlement of any local distribution company under any curtailment plan, if the Com-

mission revises any base period established under such plan, the volumes of natural gas which such local distribution company demonstrates—

(A) were sold by the local distribution company, for a priority use immediately before the implementation of conservation measures, and

(B) were conserved by reason of the implementation of such conservation measures,

shall be treated by the Commission following such revision as continuing to be used for the priority use referred to in subparagraph (A).

(2) The Commission shall, by rule, prescribe methods for measurement of volumes of natural gas to which subparagraphs (A) and (B) of paragraph (1) apply.

**(b) Conditions, limitations, etc.**

Subsection (a) of this section shall not limit or otherwise affect any provision of any curtailment plan, or any other provision of law or regulation, under which natural gas may be diverted or allocated to respond to emergency situations or to protect public health, safety, and welfare.

**(c) Definitions**

For purposes of this section—

(1) The term “conservation measures” means such energy conservation measures, as determined by the Commission, as were implemented after the base period established under the curtailment plan in effect on November 9, 1978.

(2) The term “local distribution company” means any person engaged in the transportation, or local distribution, of natural gas and the sale of natural gas for ultimate consumption.

(3) The term “curtailment plan” means a plan (including any modification of such plan required by the Natural Gas Policy Act of 1978 [15 U.S.C. 3301 et seq.]) in effect under the Natural Gas Act [15 U.S.C. 717 et seq.] which provides for recognizing and implementing priorities of service during periods of curtailed deliveries.

CODIFICATION

Section was enacted as part of the Public Utility Regulatory Policies Act of 1978, and not as part of the Natural Gas Act which comprises this chapter.

DEFINITIONS

For definitions of terms used in this section, see section 2602 of Title 16, Conservation.

**§ 717y. Voluntary conversion of natural gas users to heavy fuel oil**

**(a) Transfer of contractual interests**

(1) In order to facilitate voluntary conversion of facilities from the use of natural gas to the use of heavy petroleum fuel oil, the Commission shall, by rule, provide a procedure for the approval by the Commission of any transfer to any person described in paragraph 2(B)(i), (ii), or (iii) of contractual interests involving the receipt of natural gas described in paragraph 2(A).

(2)(A) The rule required under paragraph (1) shall apply to—

(i) natural gas—

(I) received by the user pursuant to a contract entered into before September 1, 1977, not including any renewal or extension thereof entered into or on or after such date other than any such extension or renewal pursuant to the exercise by such user of an option to extend or renew such contract;

(II) other than natural gas the sale for resale or the transportation of which was subject to the jurisdiction of the Federal Power Commission under the Natural Gas Act [15 U.S.C. 717 et seq.] as of September 1, 1977;

(III) which was used as a fuel in any facility in existence on September 1, 1977.

(ii) natural gas subject to a prohibition order issued under section 717z of this title.

(B) The rule required under paragraph (1) shall permit the transfer of contractual interests—

(i) to any interstate pipeline;

(ii) to any local distribution company served by an interstate pipeline; and

(iii) to any person served by an interstate pipeline for a high priority use by such person.

(3) The rule required under paragraph (1) shall provide that any transfer of contractual interests pursuant to such rule shall be under such terms and conditions as the Commission may prescribe. Such rule shall include a requirement for refund of any consideration, received by the person transferring contractual interests pursuant to such rule, to the extent such consideration exceeds the amount by which the costs actually incurred, during the remainder of the period of the contract with respect to which such contractual interests are transferred, in direct association with the use of heavy petroleum fuel oil as a fuel in the applicable facility exceeds the price under such contract for natural gas, subject to such contract, delivered during such period.

(4) In prescribing the rule required under paragraph (1), and in determining whether to approve any transfer of contractual interests, the Commission shall consider whether such transfer of contractual interests is likely to increase demand for imported refined petroleum products.

**(b) Commission approval**

(1) No transfer of contractual interests authorized by the rule required under subsection (a)(1) of this section may take effect unless the Commission issues a certificate of public convenience and necessity for such transfer if such natural gas is to be resold by the person to whom

such contractual interests are to be transferred. Such certificate shall be issued by the Commission in accordance with the requirements of this subsection and those of section 7 of the Natural Gas Act [15 U.S.C. 717f], and the provisions of such Act [15 U.S.C. 717 et seq.] applicable to the determination of satisfaction of the public convenience and necessity requirements of such section.

(2) The rule required under subsection (a)(1) of this section shall set forth guidelines for the application on a regional or national basis (as the Commission determines appropriate) of the criteria specified in subsection (e)(2) and (3) of this section to determine the maximum consideration permitted as just compensation under this section.

**(c) Restrictions on transfers unenforceable**

Any provision of any contract, which provision prohibits any transfer of any contractual interests thereunder, or any commingling or transportation of natural gas subject to such contract with natural gas the sale for resale or transportation of which is subject to the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.], or terminates such contract on the basis of any such transfer, commingling, or transportation, shall be unenforceable in any court of the United States and in any court of any State if applied with respect to any transfer approved under the rule required under subsection (a)(1) of this section.

**(d) Contractual obligations unaffected**

The person acquiring contractual interests transferred pursuant to the rule required under subsection (a)(1) of this section shall assume the contractual obligations which the person transferring such contractual interests has under such contract. This section shall not relieve the person transferring such contractual interests from any contractual obligation of such person under such contract if such obligation is not performed by the person acquiring such contractual interests.

**(e) Definitions**

For purposes of this section—

(1) The term “natural gas” has the same meaning as provided by section 2(5) of the Natural Gas Act [15 U.S.C. 717a(5)].

(2) The term “just compensation”, when used with respect to any contractual interests pursuant to the rule required under subsection (a)(1) of this section, means the maximum amount of, or method of determining, consideration which does not exceed the amount by which—

(A) the reasonable costs (not including capital costs) incurred, during the remainder of the period of the contract with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section, in direct association with the use of heavy petroleum fuel oil as a fuel in the applicable facility, exceeds

(B) the price under such contract for natural gas, subject to such contract, delivered during such period.

For purposes of subparagraph (A), the reasonable costs directly associated with the use of

heavy petroleum fuel oil as a fuel shall include an allowance for the amortization, over the remaining useful life, of the undepreciated value of depreciable assets located on the premises containing such facility, which assets were directly associated with the use of natural gas and are not usable in connection with the use of such heavy petroleum fuel oil.

(3) The term “just compensation”, when used with respect to any intrastate pipeline which would have transported or distributed natural gas with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section, means an amount equal to any loss of revenue, during the remaining period of the contract with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section, to the extent such loss—

(A) is directly incurred by reason of the discontinuation of the transportation or distribution of natural gas resulting from the transfer of contractual interests pursuant to the rule required under subsection (a)(1) of this section; and

(B) is not offset by—

(i) a reduction in expenses associated with such discontinuation; and

(ii) revenues derived from other transportation or distribution which would not have occurred if such contractual interests had not been transferred.

(4) The term “contractual interests” means the right to receive natural gas under contract as affected by an applicable curtailment plan filed with the Commission or the appropriate State regulatory authority.

(5) The term “interstate pipeline” means any person engaged in natural gas transportation subject to the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.].

(6) The term “high-priority use” means any use of natural gas (other than its use for the generation of steam for industrial purposes or electricity) identified by the Commission as a high priority use for which the Commission determines a substitute fuel is not reasonably available.

(7) The term “heavy petroleum fuel oil” means number 4, 5, or 6 fuel oil which is domestically refined.

(8) The term “local distribution company” means any person, other than any intrastate pipeline or any interstate pipeline, engaged in the transportation, or local distribution, of natural gas and the sale of natural gas for ultimate consumption.

(9) The term “intrastate pipeline” means any person engaged in natural gas transportation (not including gathering) which is not subject to the jurisdiction of the Commission under the Natural Gas Act.

(10) The term “facility” means any electric powerplant, or major fuel burning installation, as such terms are defined in the Powerplant and Industrial Fuel Use Act of 1978 [42 U.S.C. 8301 et seq.].

(11) The term “curtailment plan” means a plan (including any modification of such plan

required by the Natural Gas Policy Act of 1978 [15 U.S.C. 3301 et seq.]), in effect under the Natural Gas Act or State law, which provides for recognizing and implementing priorities of service during periods of curtailed deliveries by any local distribution company, intrastate pipeline, or interstate pipeline.

(12) The term "interstate commerce" has the same meaning as such term has under the Natural Gas Act.

**(f) Coordination with this chapter**

(1) Consideration in any transfer of contractual interests pursuant to the rule required under subsection (a)(1) of this section shall be deemed just and reasonable for purposes of sections 4 and 5 of the Natural Gas Act [15 U.S.C. 717c, 717d] if such consideration does not exceed just compensation.

(2) No person shall be subject to the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.] as a natural gas-company (within the meaning of such Act) or to regulation as a common carrier under any provision of Federal or State law solely by reason of making any sale, or engaging in any transportation, of natural gas with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section.

(3) Nothing in this section shall exempt from the jurisdiction of the Commission under the Natural Gas Act [15 U.S.C. 717 et seq.] any transportation in interstate commerce of natural gas, any sale in interstate commerce for resale of natural gas, or any person engaged in such transportation or such sale to the extent such transportation, sale, or person is subject to the jurisdiction of the Commission under such Act without regard to the transfer of contractual interests pursuant to the rule required under subsection (a)(1) of this section.

(4) Nothing in this section shall exempt any person from any obligation to obtain a certificate of public convenience and necessity for the sale in interstate commerce for resale or the transportation in interstate commerce of natural gas with respect to which contractual interests are transferred pursuant to the rule required under subsection (a)(1) of this section.

**(g) Volume limitation**

No supplier of natural gas under any contract, with respect to which contractual interests have been transferred pursuant to the rule required under subsection (a)(1) of this section, shall be required to supply natural gas during any relevant period in volume amounts which exceed the lesser of—

(1) the volume determined by reference to the maximum delivery obligations specified in such contract;

(2) the volume which such supplier would have been required to supply, under the curtailment plan in effect for such supplier, to the person, who transferred contractual interests pursuant to the rule required under subsection (a)(1) of this section, if no such transfer had occurred; and

(3) the volume actually delivered or for which payment would have been made pursuant to such contract during the 12-calendar-

month period ending immediately before such transfer of contractual interests.

DEFINITIONS

For definitions of terms used in this section, see section 2602 of Title 16, Conservation.

**§ 717z. Emergency conversion of utilities and other facilities**

**(a) Presidential declaration**

The President may declare a natural gas supply emergency (or extend a previously declared emergency) if he finds that—

(1) a severe natural gas shortage, endangering the supply of natural gas for high-priority uses, exists or is imminent in the United States or in any region thereof; and

(2) the exercise of authorities under this section is reasonably necessary, having exhausted other alternatives (not including section 3363 of this title) to the maximum extent practicable, to assist in meeting natural gas requirements for such high-priority uses.

**(b) Limitation**

(1) Any declaration of a natural gas supply emergency (or extension thereof) under subsection (a) of this section, shall terminate at the earlier of—

(A) the date on which the President finds that any shortage described in subsection (a) of this section does not exist or is not imminent; or

(B) 120 days after the date of such declaration of emergency (or extension thereof).

(2) Nothing in this subsection shall prohibit the President from extending, under subsection (a) of this section, any emergency (or extension thereof) previously declared under subsection (a) of this section, upon the expiration of such declaration of emergency (or extension thereof) under paragraph (1)(B).

**(c) Prohibitions**

During a natural gas emergency declared under this section, the President may, by order,

prohibit the burning of natural gas by any electric powerplant or major fuel-burning installation if the President determines that—

(1) such powerplant or installation had on September 1, 1977 (or at any time thereafter) the capability to burn petroleum products without damage to its facilities or equipment and without interference with operational requirements;

(2) significant quantities of natural gas which would otherwise be burned by such powerplant or installation could be made available before the termination of such emergency to any person served by an interstate pipeline for use by such person in a high-priority use; and

(3) petroleum products will be available for use by such powerplant or installation throughout the period the order is in effect.

**(d) Limitations**

The President may specify in any order issued under this section the periods of time during which such order will be in effect and the quantity (or rate of use) of natural gas that may be burned by an electric powerplant or major fuel-burning installation during such period, including the burning of natural gas by an electric powerplant to meet peak load requirements. No such order may continue in effect after the termination or expiration of such natural gas supply emergency.

**(e) Exemption for secondary uses**

The President shall exempt from any order issued under this section the burning of natural gas for the necessary processes of ignition, startup, testing, and flame stabilization by an electric powerplant or major fuel-burning installation.

**(f) Exemption for air-quality emergencies**

The President shall exempt any electric powerplant or major fuel-burning installation in whole or in part, from any order issued under this section for such period and to such extent as the President determines necessary to alleviate any imminent and substantial endangerment to the health of persons within the meaning of section 7603 of title 42.

**(g) Limitation on injunctive relief**

(1) Except as provided in paragraph (2), no court shall have jurisdiction to grant any injunctive relief to stay or defer the implementation of any order issued under this section unless such relief is in connection with a final judgment entered with respect to such order.

(2)(A) On the petition of any person aggrieved by an order issued under this section, the United States District Court for the District of Columbia may, after an opportunity for a hearing before such court and on an appropriate showing, issue a preliminary injunction temporarily enjoining, in whole or in part, the implementation of such order.

(B) For purposes of this paragraph, subpoenas for witnesses who are required to attend the District Court for the District of Columbia may be served in any judicial district of the United States, except that no writ of subpoena under the authority of this section shall issue for wit-

nesses outside of the District of Columbia at a greater distance than 100 miles from the place of holding court unless the permission of the District Court for the District of Columbia has been granted after proper application and cause shown.

**(h) Definitions**

For purposes of this section—

(1) The terms “electric powerplant”, “powerplant”, “major fuel-burning installation”, and “installation” shall have the same meanings as such terms have under section 8302 of title 42.

(2) The term “petroleum products” means crude oil, or any product derived from crude oil other than propane.

(3) The term “high priority use” means any—

(A) use of natural gas in a residence;

(B) use of natural gas in a commercial establishment in amounts less than 50 Mcf on a peak day; or

(C) any use of natural gas the curtailment of which the President determines would endanger life, health, or maintenance of physical property.

(4) The term “Mcf”, when used with respect to natural gas, means 1,000 cubic feet of natural gas measured at a pressure of 14.73 pounds per square inch (absolute) and a temperature of 60 degrees Fahrenheit.

**(i) Use of general terms**

In applying the provisions of this section in the case of natural gas subject to a prohibition order issued under this section, the term “petroleum products” (as defined in subsection (h)(2) of this section) shall be substituted for the term “heavy petroleum fuel oil” (as defined in section 717y(e)(7) of this title) if the person subject to any order under this section demonstrates to the Commission that the acquisition and use of heavy petroleum fuel oil is not technically or economically feasible.

### § 719. Congressional findings

The Congress finds and declares that—

(1) a natural gas supply shortage exists in the contiguous States of the United States;

(2) large reserves of natural gas in the State of Alaska could help significantly to alleviate this supply shortage;

(3) the expeditious construction of a viable natural gas transportation system for delivery of Alaska natural gas to United States markets is in the national interest; and

(4) the determinations whether to authorize a transportation system for delivery of Alaska natural gas to the contiguous States and, if so, which system to select, involve questions of the utmost importance respecting national energy policy, international relations, national security, and economic and environmental impact, and therefore should appropriately be addressed by the Congress and the President in addition to those Federal officers and agencies assigned functions under law pertaining to the selection, construction, and initial operation of such a system.

(Pub. L. 94-586, § 2, Oct. 22, 1976, 90 Stat. 2903.)

#### EXPIRATION DATE

Section 20 of Pub. L. 94-586 provided that: "This Act [this chapter] shall terminate in the event that no decision of the President takes effect under section 8 of this Act [section 719f of this title], such termination to occur at the end of the last day on which a decision could be, but is not, approved under such section."

#### SHORT TITLE

Section 1 of Pub. L. 94-586 provided that: "This Act [enacting this chapter and provisions set out as notes under this section and section 1651 of Title 43, Public Lands] may be cited as the 'Alaska Natural Gas Transportation Act of 1976'."

#### ANTITRUST STUDY

Section 19 of Pub. L. 94-586 directed Attorney General of United States to conduct a thorough study of antitrust issues and problems relating to production and transportation of Alaska natural gas and, not later than six months after Oct. 22, 1976, to complete such study and submit to Congress a report containing his findings and recommendations with respect thereto.

### § 719a. Congressional statement of purpose

The purpose of this chapter is to provide the means for making a sound decision as to the selection of a transportation system for delivery of Alaska natural gas to the contiguous States

for construction and initial operation by providing for the participation of the President and the Congress in the selection process, and, if such a system is approved under this chapter, to expedite its construction and initial operation by (1) limiting the jurisdiction of the courts to review the actions of Federal officers or agencies taken pursuant to the direction and authority of this chapter, and (2) permitting the limitation of administrative procedures and effecting the limitation of judicial procedures related to such actions. To accomplish this purpose it is the intent of the Congress to exercise its constitutional powers to the fullest extent in the authorizations and directions herein made, and particularly with respect to the limitation of judicial review of actions of Federal officers or agencies taken pursuant thereto.

(Pub. L. 94-586, § 3, Oct. 22, 1976, 90 Stat. 2903.)

### § 719c. Federal Power Commission reviews and reports

#### (a) Proceedings: suspension, vacation or removal of suspension; issuance of certificate of convenience and necessity

(1) Notwithstanding any provision of the Natural Gas Act or any other provision of law, the Commission shall suspend all proceedings pending before the Commission on October 22, 1976, relating to a system for the transportation of Alaska natural gas as soon as the Commission determines to be practicable after such date, and the Commission may refuse to act on any application, amendment thereto, or other requests for action under the Natural Gas Act relating to a system for the transportation of Alaska natural gas until such time as (A) a decision of the President designating such a system for approval takes effect pursuant to section 719f

of this title, (B) no such decision takes effect pursuant to section 719f of this title, or (C) the President decides not to designate such a system for approval under section 719f of this title and so advises the Congress pursuant to section 719e of this title.

(2) In the event a decision of the President designating such a system takes effect pursuant to this chapter, the Commission shall forthwith vacate proceedings suspended under paragraph (1) and, pursuant to section 719g of this title and in accordance with the President's decision, issue a certificate of public convenience and necessity respecting such system.

(3) In the event such a decision of the President does not take effect pursuant to this chapter or the President decides not to designate such a system and so advises the Congress pursuant to section 719e of this title, the suspension provided for in paragraph (1) of this subsection shall be removed.

**(b) Recommendation; submittal to President; rule for presentation of data, views, and arguments; Federal agency cooperation**

(1) The Commission shall review all applications for the issuance of a certificate of public convenience and necessity relating to the transportation of Alaska natural gas pending on October 22, 1976, and any amendments thereto which are timely made, and after consideration of any alternative transportation system which the Commission determines to be reasonable, submit to the President not later than May 1, 1977, a recommendation concerning the selection of such a transportation system. Such recommendation may be in the form of a proposed certificate of public convenience and necessity, or in such other form as the Commission determines to be appropriate, or may recommend that no decision respecting the selection of such a transportation system be made at this time or pursuant to this chapter. Any recommendation that the President approve a particular transportation system shall (A) include a description of the nature and route of the system, (B) designate a person to construct and operate the system, which person shall be the applicant, if any, which filed for a certificate of public convenience and necessity to construct and operate such system, (C) if such recommendation is for an all-land pipeline transportation system, or a transportation system involving water transportation, include provision for new facilities to the extent necessary to assure direct pipeline delivery of Alaska natural gas contemporaneously to points both east and west of the Rocky Mountains in the lower continental United States.

(2) The Commission may, by rule, provide for the presentation of data, views, and arguments before the Commission or a delegate of the Commission pursuant to such procedures as the Commission determines to be appropriate to carry out its responsibilities under paragraph (1) of this subsection. Such a rule shall, to the extent determined by the Commission, apply, notwithstanding any provision of law that would otherwise have applied to the presentation of data, views, and arguments.

(3) The Commission may request such information and assistance from any Federal agency

as the Commission determines to be necessary or appropriate to carry out its responsibilities under this chapter. Any Federal agency requested to submit information or provide assistance shall submit such information to the Commission at the earliest practicable time after receipt of a Commission request.

**(c) Report; public availability; factors to be discussed**

The Commission shall accompany any recommendation under subsection (b)(1) of this section with a report, which shall be available to the public, explaining the basis for such recommendation and including for each transportation system reviewed or considered a discussion of the following:

(1) for each year of the 20-year period which begins with the first year following October 22, 1976, the estimated—

(A) volumes of Alaska natural gas which would be available to each region of the United States directly, or indirectly by displacement or otherwise, and

(B) transportation costs and delivered prices of any such volumes of gas by region;

(2) the effects of each of the factors described in subparagraphs (A) and (B) of paragraph (1) on the projected natural gas supply and demand for each region of the United States and on the projected supplies of alternative fuels available by region to offset shortages of natural gas occurring in such region for each such year;

(3) the impact upon competition;

(4) the extent to which the system provides a means for the transportation to United States markets of natural resources or other commodities from sources in addition to the Prudhoe Bay Reserve;

(5) environmental impacts;

(6) safety and efficiency in design and operation and potential for interruption in deliveries of Alaska natural gas;

(7) construction schedules and possibilities for delay in such schedules or for delay occurring as a result of other factors;

(8) feasibility of financing;

(9) extent of reserves, both proven and probable and their deliverability by year for each year of the 20-year period which begins with the first year following October 22, 1976;

(10) the estimate of the total delivered cost to users of the natural gas to be transported by the system by year for each year of the 20-year period which begins with the first year following October 22, 1976;

(11) capability and cost of expanding the system to transport additional volumes of natural gas in excess of initial system capacity;

(12) an estimate of the capital and operating costs, including an analysis of the reliability of such estimates and the risk of cost overruns; and

(13) such other factors as the Commission determines to be appropriate.

**(d) Recommendation not based upon Canadian pipeline system decision**

The recommendation by the Commission pursuant to this section shall not be based upon the

fact that the Government of Canada or agencies thereof have not, by then rendered a decision as to authorization of a pipeline system to transport Alaska natural gas through Canada.

**(e) Transportation system: recommendation, submittal to President; environmental impact statement: submittal to President**

If the Commission recommends the approval of a particular transportation system, it shall submit to the President with such recommendation (1) an identification of those facilities and operations which are proposed to be encompassed within the term "construction and initial operation" in order to define the scope of directions contained in section 719g of this title and (2) the terms and conditions permitted under the Natural Gas Act [15 U.S.C. 717 et seq.], which the Commission determines to be appropriate for inclusion in a certificate of public convenience and necessity to be issued respecting such system. The Commission shall submit to the President contemporaneously with its report an environmental impact statement prepared respecting the recommended system, if any, and each environmental impact statement which may have been prepared respecting any other system reported on under this section.

(1) As soon as practicable after July 1, 1977, but not later than September 1, 1977, the President shall issue a decision as to whether a transportation system for delivery of Alaska natural gas should be approved under this chapter. If he determines such a system should be so approved, his decision shall designate such a system for approval pursuant to section 719f of this title and shall be consistent with section 719c(b)(1)(C) of this title to assure delivery of Alaska natural gas to points both east and west of the Rocky Mountains in the continental United States. The President in making his decision shall take into consideration the Commission's recommendation pursuant to section 719c of this title, the report under section 719c(c) of this title, and any comments submitted under section 719d of this title; and his decision to designate a system for approval shall be based on his determination as to which system, if any, best serves the national interest.

(2) The President, for a period of up to 90 additional calendar days after September 1, 1977, may delay the issuance of his decision and transmittal thereof to the House of Representatives and the Senate, if he determines (A) that there exists no environmental impact statement prepared relative to a system he wishes to consider or that any prepared environmental impact statement relative to a system he wishes to consider is legally or factually insufficient, or (B) that the additional time is otherwise necessary to enable him to make a sound decision on an Alaska natural gas transportation system. The President shall promptly, but in no case any later than September 1, 1977, notify the House of

Representatives and the Senate if he so delays his decision and submit a full explanation of the basis of any such delay.

(3) If, on or before May 1, 1977, the President determines to delay issuance and transmittal of his decision to the House of Representatives and the Senate pursuant to paragraph (2) of this subsection, he may authorize a delay of not more than 90 days in the date of taking of any action specified in sections 719c and 719d of this title. The President shall promptly notify the House of Representatives and the Senate of any such authorization of delay and submit a full explanation of the basis of any such authorization.

(4) If the President determines to designate for approval a transportation system for delivery of Alaska natural gas to the contiguous States, he shall in such decision—

(A) describe the nature and route of the system designated for approval;

(B) designate a person to construct and operate such a system, which person shall be the applicant, if any, which filed for a certificate of public convenience and necessity to construct and operate such system;

(C) identify those facilities, the construction of which, and those operations, the conduct of which, shall be encompassed within the term "construction and initial operation" for purposes of defining the scope of the directions contained in section 719g of this title, taking into consideration any recommendation of the Commission with respect thereto; and

(D) identify those provisions of law, relating to any determination of a Federal officer or agency as to whether a certificate, permit, right-of-way, lease, or other authorization shall be issued or be granted, which provisions the President finds (i) involve determinations which are subsumed in his decision and (ii) require waiver pursuant to section 719f(g) of this title in order to permit the expeditious construction and initial operation of the transportation system.

(5) Repealed. Pub. L. 102-486, title XXX, § 3012(a), Oct. 24, 1992, 106 Stat. 3128.

(6) If the President determines to designate for approval a transportation system for delivery of Alaska natural gas to the contiguous States, he may identify in such decision such terms and conditions permissible under existing law as he determines appropriate for inclusion with respect to any issuance or authorization directed to be made pursuant to section 719g of this title.

##### (b) **Transmittal to Congress**

The decision of the President made pursuant to subsection (a) of this section shall be transmitted to both Houses of Congress and shall be considered received by such Houses for the purposes of this section on the first day on which both are in session occurring after such decision is transmitted. Such decision shall be accompanied by a report explaining in detail the basis for his decision with specific reference to the factors set forth in sections 719c(c) and 719d(a) of this title, and the reasons for any revision, modification of, or substitution for, the Commission recommendation.

##### (c) **Financial analysis**

The report of the President pursuant to subsection (b) of this section shall contain a finan-

cial analysis for the transportation system designated for approval. Unless the President finds and states in his report submitted pursuant to this section that he reasonably anticipates that the system designated by him can be privately financed, constructed, and operated, his report shall also be accompanied by his recommendation concerning the use of existing Federal financing authority or the need for new Federal financing authority.

**(d) Views and objectives involving intergovernmental and international cooperation**

In making his decision under subsection (a) of this section the President shall inform himself, through appropriate consultation, of the views and objectives of the States, the Government of Canada, and other governments with respect to those aspects of such a decision that may involve intergovernmental and international cooperation among the Government of the United States, the States, the Government of Canada, and any other government.

**(e) Decision effective as provided in section 719f of this title; financing authority unaffected**

If the President determines to designate a transportation system for approval, the decision of the President shall take effect as provided in section 719f of this title, except that the approval of a decision of the President shall not be construed as amending or otherwise affecting the laws of the United States so as to grant any new financing authority as may have been identified by the President pursuant to subsection (c) of this section.

## PART II. OTHER PROVISIONS

### SEC. 201. EXECUTIVE POLICY BOARD

The Executive Policy Board for the Alaska Natural Gas Transportation System, hereinafter the "Executive Policy Board", which shall be established by executive order, shall advise the Federal Inspector on the performance of the Inspector's functions. All other functions assigned, or which could be assigned pursuant to the Decision, to the Executive Policy Board are hereby transferred to the Federal Inspector.

### SEC. 202. FEDERAL INSPECTOR AND AGENCY AUTHORIZED OFFICERS

(a) The Agency Authorized Officers shall be detailed to and located within the Office. The Federal Inspector shall delegate to each Agency Authorized Officer the authority to enforce the terms, conditions, and stipulations of each grant, permit, or other authorization issued by the Federal agency which appointed the Agency Authorized Officer. In the exercise of these enforcement functions, the Agency Authorized Officers shall be subject to the supervision and direction of the Federal Inspector, whose decision on enforcement matters shall constitute "action" for purposes of Section 10 of the Act (15 U.S.C. 719h).

(b) The Federal Inspector shall be responsible for coordinating the expeditious discharge of nonenforcement activities by Federal agencies and coordinating the compliance by all the Federal agencies with Section 9 of the Act (15 U.S.C. 719g). Such coordination shall include requiring submission of scheduling plans for all permits, certificates, grants or other necessary authorizations, and coordinating scheduling of system-related agency activities. Such coordination may include serving as the "one window" point for filing for and issuance of all necessary permits, certificates, grants or other authorizations, and, consistent with law, Federal government requests for data or information related to any application for a permit, certificate, grant or other authorization. Upon agreement between the Federal Inspector and the head of any agency, that agency may delegate to the Federal Inspector any statutory function vested in such agency related to the functions of the Federal Inspector.

(c) The Federal Inspector and Agency Authorized Officers in implementing the enforcement authorities herein transferred shall carry out the enforcement policies and procedures established by the Federal agencies which nominally administer these authorities, except where the Federal Inspector determines that such policies and procedures would require action inconsistent with Section 9 of the Act (15 U.S.C. 719g).

(d) Under the authority of Section 15 of the Act (15 U.S.C. 719m), the Federal Inspector will undertake to obtain appropriations for all aspects of the Federal Inspector's operations. Such undertaking shall include appropriations for all of the functions specified in the Act and in the general terms and conditions of the Decision as well as for the enforcement activities of the Federal Inspector. The Federal Inspector will consult with the various Federal agencies as to resource requirements for enforcing their respective permits and other authorizations in preparing a unified budget for the Office. The budget shall be reviewed by the Executive Policy Board.

### SEC. 203. SUBSEQUENT TRANSFER PROVISION

(a) Effective upon the first anniversary of the date of initial operation of the Alaska Natural Gas Transportation System, the functions transferred by Section 102 of this Plan shall be transferred to the agency which performed the functions on the date prior to date the

provisions of Section 102 of this Plan were made effective pursuant to Section 205 of this Plan.

(b) Upon the issuance of the final determination order by the Director of the Office of Management and Budget for the transfers provided for by subsection (a) of this section, the Office and the position of Federal Inspector shall, effective on the date of that order, stand abolished.

### SEC. 204. INCIDENTAL TRANSFERS

So much of the personnel, property, records and unexpended balances of appropriations, allocations and other funds employed, used, held, available, or to be made available in connection with the functions transferred under this Plan, as the Director of the Office of Management and Budget shall determine, shall be transferred to the appropriate agency or component at such time or times as the Director of the Office of Management and Budget shall provide, except that no such unexpended balances transferred shall be used for purposes other than those for which the appropriation was originally made. The Director of the Office of Management and Budget shall provide for the terminating of the affairs of the Office and the Federal Inspector upon their abolition pursuant to this Plan and for such further measures and dispositions as such Director deems necessary to effectuate the purposes of this Plan.

### SEC. 205. EFFECTIVE DATE

This Plan shall become effective at such time or times as the President shall specify, but not sooner than the earliest time allowable under Section 906 of Title 5 of the United States Code, except that the provisions of Section 203 shall occur as provided by the terms of that Section.

[Pursuant to Ex. Ord. No. 12142, June 21, 1979, 44 F.R. 36927, this Reorg. Plan is effective July 1, 1979].

[For abolition of Office of the Federal Inspector for the Alaska Natural Gas Transportation System and transfer of functions and authority, see section 3012(b) of Pub. L. 102-486, set out as an Abolition of Office of Federal Inspector note above.]

### MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I am submitting to you today Reorganization Plan No. 1 of 1979 to create the Office of Federal Inspector for the Alaska Natural Gas Transportation System and establish the position of Federal Inspector. Creation of this Office and the transfer of appropriate Federal enforcement authority and responsibility is consistent with my September 1977 Decision and Report to the Congress on the Alaska Natural Gas Transportation System. This decision was approved by the Congress November 2, 1977.

The Alaska Gas Transportation System is a 4,748-mile pipeline to be constructed in partnership with Canada. Canada completed legislation enacting a similar transfer last year and has already appointed an official to coordinate its activities prior to and during pipeline construction. The Northwest Alaska Pipeline Company has been selected to construct the pipeline, with completion scheduled in late 1984. Estimated construction costs are \$10-\$15 billion, to be financed by private investment.

Natural gas is among the Nation's most valuable fuels. It is in the national interest to bring Alaskan gas reserves to market at the lowest possible price for consumers. Construction of a gas pipeline from the Prudhoe Bay reserves in Alaska through Canada to points in the West and Midwest United States will provide a system which will deliver more Alaskan natural gas at less cost to a greater number of Americans than any alternative transportation system. Every effort must be made to ensure timely completion of the pipeline at the lowest possible cost consistent with Federal regulatory policies.

As a result of our experience in construction of the Trans-Alaska Oil Pipeline, we recognize the need for

the Federal Government to be in a strong position to manage its own role in this project through prompt, coordinated decisionmaking in pre-construction approval functions and in enforcing the terms and conditions of the permits, certificates, leases, and other authorizations to be issued by various Federal agencies. We must avoid duplicating the delays and cost escalations experienced in the construction of the Trans-Alaska Pipeline System. The Plan I am submitting would establish clear responsibility for the efficient functioning of Federal enforcement activities by assigning the Federal Inspector authority to carry out these responsibilities.

The Alaska Natural Gas Transportation Act of 1976 [15 U.S.C. 719 et seq.] only provided for monitoring the construction of the pipeline. The Plan transfers to the Federal Inspector the authority to supervise the enforcement of terms and conditions of the permits and other authorizations, including those to be issued by the Departments of Agriculture, Interior, Transportation, and Treasury, and the Environmental Protection Agency, the Federal Energy Regulatory Commission, and the U.S. Army Corps of Engineers. The Plan provides for the Federal Inspector to coordinate other Federal activities directly related to the pipeline project. Federal agencies retain their authority to issue permits and related authorizations, but enforcement of the terms and conditions of these authorizations is transferred to the Federal Inspector. Transfer of enforcement authority from Federal agencies to the Federal Inspector is limited in scope to their participation in this project and in duration to the pre-construction, construction, and initial operation phases of the project.

The Decision and Report to the Congress recommended an Executive Policy Board with policy-making and supervisory authority over the Federal Inspector. I plan to sign an Executive Order upon approval of this Plan by the Congress which will create an Executive Policy Board which will be only advisory, but which will enhance communication and coordinate among Federal agencies and with the Federal Inspector. The Plan modifies the Decision and Report in that regard. The Federal Inspector will use the policies and procedures of the agencies involved in exercising the transferred enforcement responsibilities to the maximum extent practicable. The Board provides the opportunity for agencies to contribute to the policy deliberations of the Inspector and exercises an oversight role to insure that pipeline activities are carried on within existing regulatory policy. The Board is required to review the budget of the Office of the Federal Inspector and periodically report to me on the progress of construction and on major problems encountered. I am convinced that the Federal Inspector must have authority commensurate with his responsibilities.

Each of the provisions of this proposed reorganization would accomplish one or more of the purposes set forth in Section 901(a) of Title 5 of the United States Code. The appointment and compensation of the Federal Inspector is in accordance with the provisions of the Alaska Natural Gas Transportation Act of 1976 [15 U.S.C. 719 et seq.], and the Reorganization Act of 1977. The provisions for appointment and pay in this Plan are necessary by reason of a reorganization made by the Plan. The rate of compensation is comparable to rates for similar positions within the Executive Branch. This reorganization will result in a reduction in the cost of construction for the pipeline system and ultimately in savings to American consumers. A small increase in cost to the Federal government will result from the creation of the Office of the Federal Inspector. The Plan requires that the Office and the position of Federal Inspector will be abolished upon the first anniversary date after the pipeline becomes operational.

JIMMY CARTER.

THE WHITE HOUSE, April 2, 1979.

EX. ORD. NO. 12142, ALASKA NATURAL GAS  
TRANSPORTATION SYSTEM

Ex. Ord. No. 12142, June 21, 1979, 44 F.R. 36927, provided:

By the authority vested in me as President by the Constitution and laws of the United States of America, including Section 301 of Title 3 of the United States Code and Sections 201 and 205 of Reorganization Plan No. 1 of 1979 [set out above], it is hereby ordered as follows:

1-101. Reorganization Plan No. 1 of 1979 [set out above], not having been disapproved by Congress (S. Res. 126, 125 Cong. Rec. S 6563-64 (May 23, 1979); H. Res. 199, 125 Cong. Rec. H 3950-51 (May 31, 1979)), shall be effective on July 1, 1979.

1-102. In accord with Section 201 of that Plan, there is hereby established the Executive Policy Board for the system for the transportation of Alaska natural gas ("the System") as such system is defined in the Alaska Natural Gas Transportation Act of 1976 (15 U.S.C. 719 et seq.).

1-103. The Board shall consist of the Secretaries of the Departments of Agriculture, Energy, Labor, Transportation, and the Interior, the Administrator of the Environmental Protection Agency, the Chief of Engineers of the United States Army, and the Chairman of the Federal Energy Regulatory Commission. Additional members may be elected to the Board by vote of a majority of the members. The Board will by majority vote elect a Chairman to serve for a one-year term.

1-104. The Board shall perform the following functions:

(a) Advise the Federal Inspector for the Alaska Natural Gas Transportation System (the "Federal Inspector") established by Reorganization Plan No. 1 of 1979, on policy issues in accord with applicable law and existing Departmental or Agency policies.

(b) Provide advice, through the Federal Inspector, to the officers representing and exercising the functions of the Federal Departments and Agencies that concern the System ("Agency Authorized Officers").

(c) Advise the Federal Inspector and the Agency Authorized Officers on matters concerning enforcement actions.

(d) At least every six months, assess the progress made and problems encountered in constructing the System and make necessary recommendations to the Federal Inspector.

1-105. The Federal Inspector shall keep the Board informed of the progress made and problems encountered in the course of construction of the System.

1-106. Whenever the Federal Inspector determines that implementation of Departmental or Agency enforcement policies and procedures would require action inconsistent with Section 9 of the Alaska Natural Gas Transportation Act of 1976 [15 U.S.C. 719g], the Federal Inspector shall issue a written statement of such determination including a complete factual and legal basis for the determination. A copy of each statement shall be forwarded promptly to the Board and made available to the public by the Federal Inspector.

1-107. After written notice of a proposed enforcement action is given by the Federal Inspector, the Federal Inspector will be subject to the rules of procedure for ex parte contacts as reflected in the guidelines and policies of Departments and Agencies from which the specific enforcement authority is transferred.

1-108. The Federal Inspector and all employees of the Office of the Federal Inspector shall be subject to the provisions of Executive Order No. 11222 concerning standards of conduct for Federal employees. The Federal Inspector shall issue standards of conduct, pursuant to the Order, for the Office of the Federal Inspector.

1-109. To the extent permitted by law, each Department and Agency shall cooperate with and furnish necessary information and assistance to the Board in the performance of its functions.

1-110. This Order shall be effective on July 1, 1979.

JIMMY CARTER.

**§ 719f. Congressional review****(a) Effectiveness of decision designating transportation system for approval upon enactment of joint resolution**

Any decision under section 719e(a) of this title or subsection (b) of this section designating for approval a transportation system for the delivery of Alaska natural gas shall take effect upon enactment of a joint resolution within the first period of 60 calendar days of continuous session of Congress beginning on the date after the date of receipt by the Senate and House of Representatives of a decision transmitted pursuant to section 719e(b) of this title or subsection (b) of this section.

**(b) New decision: statement of reasons for proposal; transmittal to Congress**

If the Congress does not enact such a joint resolution within such 60-day period, the President, not later than the end of the 30th day following the expiration of the 60-day period, may propose a new decision and shall provide a detailed statement concerning the reasons for such proposal. The new decision shall be submitted in accordance with section 719e(a) of this title and transmitted to the House of Representatives and the Senate on the same day while both are in session and shall take effect pursuant to subsection (a) of this section. In the event that a resolution respecting the President's decision was defeated by vote of either House, no new decision may be transmitted pursuant to this subsection unless such decision differs in a material respect from the previous decision.

**(c) Sessions of Congress**

For purposes of this section—

(1) continuity of session of Congress is broken only by an adjournment sine die; and

(2) the days on which either House is not in session because of an adjournment of more than 3 days to a day certain are excluded in the computation of the 60-day calendar period.

**(d) Rules under rulemaking powers of Congress; change of rules; "resolution" defined; referral to Congressional committees; debate limitation; motion for consideration of resolution; debate on resolution; nondebatable motions and appeals from procedural decisions**

(2) For purposes of this chapter, the term "resolution" means (A) a joint resolution, the resolving clause of which is as follows: "That the House of Representatives and Senate approve

the Presidential decision on an Alaska natural gas transportation system submitted to the Congress on \_\_\_\_\_, 19 \_\_, and find that any environmental impact statements prepared relative to such system and submitted with the President's decision are in compliance with the Natural<sup>1</sup> Environmental Policy Act of 1969."'; the blank space therein shall be filled with the date on which the President submits his decision to the House of Representatives and the Senate; or (B) a joint resolution described in subsection (g) of this section.

(3) A resolution once introduced with respect to a Presidential decision on an Alaska natural gas transportation system shall be referred to one or more committees (and all resolutions with respect to the same Presidential decision on an Alaska natural gas transportation system shall be referred to the same committee or committees) by the President of the Senate or the Speaker of the House of Representatives, as the case may be.

(4)(A) If any committee to which a resolution with respect to a Presidential decision on an Alaska natural gas transportation system has been referred has not reported it at the end of 30 calendar days after its referral, it shall be in order to move either to discharge such committee from further consideration of such resolution or to discharge such committee from consideration of any other resolution with respect to such Presidential decision on an Alaska natural gas transportation system which has been referred to such committee.

(B) A motion to discharge may be made only by an individual favoring the resolution, shall be highly privileged (except that it may not be made after the committee has reported a resolution with respect to the same Presidential decision on an Alaska natural gas transportation system), and debate thereon shall be limited to not more than 1 hour, to be divided equally between those favoring and those opposing the resolution. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion was agreed to or disagreed to.

(C) If the motion to discharge is agreed to or disagreed to, the motion may not be made with respect to any other resolution with respect to the same Presidential decision on an Alaska natural gas transportation system.

(5)(A) When any committee has reported, or has been discharged from further consideration of, a resolution, but in no case earlier than 30 days after the date of receipt of the President's decision to the Congress, it shall be at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of the resolution. The motion shall be highly privileged and shall not be debatable. An amendment to the motion shall not be in order, and it shall not be in order to move to reconsider the vote by which the motion was agreed to or disagreed to.

(6)(A) Motions to postpone, made with respect to the discharge from committee, or the consideration of a resolution and motions to proceed to the consideration of other business, shall be decided without debate.

(B) Appeals from the decision of the Chair relating to the application of the rules of the Senate or the House of Representatives, as the case may be, to the procedures relating to a resolution shall be decided without debate.

**(e) Presidential finding respecting and supplementation or modification of environmental impact statement; submittal to Congressional committees**

The President shall find that any required environmental impact statement relative to the Alaska natural gas transportation system designated for approval by the President has been prepared and that such statement is in compliance with the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.]. Such finding shall be set forth in the report of the President submitted under section 719e of this title. The President may supplement or modify the environmental impact statements prepared by the Commission or other Federal officers or agencies. Any such environmental impact statement shall be submitted contemporaneously with the transmittal to the Senate and House of Representatives of the President's decision pursuant to section 719e(b) of this title or subsection (b) of this section.

The committees in each House of Congress to which a resolution has been referred under subsection (d)(3) of this section shall conduct hearings on the Council's report and include in any report of the committee respecting such resolution the findings of the committee on the legal and factual sufficiency of any environ-

mental impact statement submitted by the President relative to any system designated by him for approval.

**(g) Waiver; submittal to Congress**

(1) At any time after a decision designating a transportation system is submitted to the Congress pursuant to this section, if the President finds that any provision of law applicable to actions to be taken under subsection (a) or (c) of section 719g of this title require waiver in order to permit expeditious construction and initial operation of the approved transportation system, the President may submit such proposed waiver to both Houses of Congress.

**§ 719g. Transportation system certificates, rights-of-way, permits, leases, or other authorizations**

**(a) Earliest practicable date for issuance or grant of authorizations**

To the extent that the taking of any action which is necessary or related to the construction and initial operation of the approved transportation system requires a certificate, right-of-way, permit, lease, or other authorization to be issued or granted by a Federal officer or agency, such Federal officer or agency shall—

(1) to the fullest extent permitted by the provisions of law administered by such officer or agency, but

(2) without regard to any provision of law which is waived pursuant to section 719f(g) of this title issue or grant such certificates, permits, rights-of-way, leases, and other authorizations at the earliest practicable date.

**(b) Expedition and precedence of actions on applications or requests**

All actions of a Federal officer or agency with respect to consideration of applications or requests for the issuance or grant of a certificate, right-of-way, permit, lease, or other authorization to which subsection (a) of this section applies shall be expedited and any such application or request shall take precedence over any similar applications or requests of the Federal officer or agency.

**(c) Required terms and conditions**

Any certificate, right-of-way, permit, lease, or other authorization issued or granted pursuant to the direction under subsection (a) of this section shall include the terms and conditions re-

**(d) Additions to, and amendment or abrogation of authorizations; exception**

Any Federal officer or agency, with respect to any certificate, permit, right-of-way, lease, or other authorization issued or granted by such officer or agency, may, to the extent permitted under laws administered by such officer or agency add to, amend or abrogate any term or condition included in such certificate, permit, right-of-way, lease, or other authorization except that with respect to any such action which is permitted but not required by law, such Federal officer or agency, notwithstanding any such other provision of law, shall have no authority to take such action if the terms and conditions to be added, or as amended, would compel a change in the basic nature and general route of the approved transportation system or would otherwise prevent or impair in any significant respect the expeditious construction and initial operation of such transportation system.

**(e) Appropriate terms and conditions**

Any Federal officer or agency to which subsection (a) of this section applies, to the extent permitted under laws administered by such officer or agency, shall include in any certificate, permit, right-of-way, lease, or authorization issued or granted those terms and conditions identified in the President's decision as appropriate for inclusion except that the requirement to include such terms and conditions shall not limit the Federal officer or agency's authority under subsection (d) of this section.

**§ 720a. Issuance of certificate of public convenience and necessity**

**(a) Authority of the Commission**

Notwithstanding the Alaska Natural Gas Transportation Act of 1976 (15 U.S.C. 719 et seq.),

the Commission may, in accordance with section 7(c) of the Natural Gas Act (15 U.S.C. 717f(c)), consider and act on an application for the issuance of a certificate of public convenience and necessity authorizing the construction and operation of an Alaska natural gas transportation project other than the Alaska natural gas transportation system.

**(b) Issuance of certificate**

**(1) In general**

The Commission shall issue a certificate of public convenience and necessity authorizing the construction and operation of an Alaska natural gas transportation project under this section if the applicant has satisfied the requirements of section 7(e) of the Natural Gas Act (15 U.S.C. 717f(e)).

**(2) Considerations**

In considering an application under this section, the Commission shall presume that—

- (A) a public need exists to construct and operate the proposed Alaska natural gas transportation project; and
- (B) sufficient downstream capacity will exist to transport the Alaska natural gas moving through the project to markets in the contiguous United States.

**(c) Expedited approval process**

Not later than 60 days after the date of issuance of the final environmental impact statement under section 720b of this title for an Alaska natural gas transportation project, the Commission shall issue a final order granting or denying any application for a certificate of public convenience and necessity for the project under section 7(c) of the Natural Gas Act (15 U.S.C. 717f(c)) and this section.

**(d) Prohibition of certain pipeline route**

No license, permit, lease, right-of-way, authorization, or other approval required under Federal law for the construction of any pipeline to transport natural gas from land within the Prudhoe Bay oil and gas lease area may be granted for any pipeline that follows a route that—

- (1) traverses land beneath navigable waters (as defined in section 1301 of title 43) beneath, or the adjacent shoreline of, the Beaufort Sea; and
- (2) enters Canada at any point north of 68 degrees north latitude.

**(e) Open season**

**(1) In general**

Not later than 120 days after October 13, 2004, the Commission shall issue regulations governing the conduct of open seasons for Alaska natural gas transportation projects (including procedures for the allocation of capacity).

**(2) Regulations**

The regulations referred to in paragraph (1) shall—

- (A) include the criteria for and timing of any open seasons;
- (B) promote competition in the exploration, development, and production of Alaska natural gas; and

**§ 720l. Sense of Congress concerning natural gas demand**

It is the sense of Congress that—

(1) North American demand for natural gas will increase dramatically over the course of the next several decades;

(2) both the Alaska Natural Gas Pipeline and the Mackenzie Delta Natural Gas project in Canada will be necessary to help meet the increased demand for natural gas in North America;

(3) Federal and State officials should work together with officials in Canada to ensure both projects can move forward in a mutually beneficial fashion;

(4) Federal and State officials should acknowledge that the smaller scope, fewer permitting requirements, and lower cost of the Mackenzie Delta project means it will most likely be completed before the Alaska Natural Gas Pipeline;

(5) natural gas production in the 48 contiguous States and Canada will not be able to meet all domestic demand in the coming decades; and

(6) as a result, natural gas delivered from Alaskan North Slope will not displace or reduce the commercial viability of Canadian natural gas produced from the Mackenzie Delta or production from the 48 contiguous States.

(Pub. L. 108-324, div. C, §114, Oct. 13, 2004, 118 Stat. 1264.)

**§ 720m. Sense of Congress concerning Alaskan ownership**

It is the sense of Congress that—

(1) Alaska Native Regional Corporations, companies owned and operated by Alaskans, and individual Alaskans should have the opportunity to own shares of the Alaska natural gas pipeline in a way that promotes economic development for the State; and

(2) to facilitate economic development in the State, all project sponsors should negotiate in good faith with any willing Alaskan person that desires to be involved in the project.

#### § 720n. Loan guarantees

##### (a) Authority

(1) The Secretary may enter into agreements with 1 or more holders of a certificate of public convenience and necessity issued under section 720a(b) of this title or section 719g of this title or with an entity the Secretary determines is qualified to construct and operate a liquefied natural gas project to transport liquefied natural gas from Southcentral Alaska to West Coast States, to issue Federal guarantee instruments with respect to loans and other debt obligations for a qualified infrastructure project.

(2) Subject to the requirements of this section, the Secretary may also enter into agreements with 1 or more owners of the Canadian portion of a qualified infrastructure project to issue Federal guarantee instruments with respect to loans and other debt obligations for a qualified infrastructure project as though such owner were a holder described in paragraph (1).

(3) The authority of the Secretary to issue Federal guarantee instruments under this section for a qualified infrastructure project shall expire on the date that is 2 years after the date on which the final certificate of public convenience and necessity (including any Canadian certificates of public convenience and necessity) is issued for the project. A final certificate shall be considered to have been issued when all certificates of public convenience and necessity have been issued that are required for the initial transportation of commercially economic quantities of natural gas from Alaska to the continental United States.

##### (b) Conditions

(1) The Secretary may issue a Federal guarantee instrument for a qualified infrastructure project only after a certificate of public convenience and necessity under section 720a(b) of this title or an amended certificate under section 719g of this title has been issued for the project, or after the Secretary certifies there exists a qualified entity to construct and operate a liquefied natural gas project to transport liquefied natural gas from Southcentral Alaska to West Coast States. In no case shall loan guarantees be issued for more than one qualified project.

(2) The Secretary may issue a Federal guarantee instrument under this section for a qualified infrastructure project only if the loan or other debt obligation guaranteed by the instrument has been issued by an eligible lender.

(3) The Secretary shall not require as a condition of issuing a Federal guarantee instrument under this section any contractual commitment

or other form of credit support of the sponsors (other than equity contribution commitments and completion guarantees), or any throughput or other guarantee from prospective shippers greater than such guarantees as shall be required by the project owners.

(4) Such loan guarantee may be utilized only by the project chosen by the Federal Energy Regulatory Commission as the qualified project.

##### (c) Limitations on amounts

(1) The amount of loans and other debt obligations guaranteed under this section for a qualified infrastructure project shall not exceed 80 percent of the total capital costs of the project, including interest during construction.

(2) The principal amount of loans and other debt obligations guaranteed under this section shall not exceed, in the aggregate, \$18,000,000,000, which amount shall be indexed for United States dollar inflation from October 13, 2004, as measured by the Consumer Price Index, except that the total amount of principal that may be guaranteed for a qualified liquefied natural gas project may not exceed a principal amount in which the cost of loan guarantees, as defined by section 661a(5) of title 2, exceeds \$2,000,000,000.

##### (d) Loan terms and fees

(1) The Secretary may issue Federal guarantee instruments under this section that take into account repayment profiles and grace periods justified by project cash flows and project-specific considerations. The term of any loan guaranteed under this section shall not exceed 30 years.

(2) An eligible lender may assess and collect from the borrower such other fees and costs associated with the application and origination of the loan or other debt obligation as are reasonable and customary for a project finance transaction in the oil and gas sector.

##### (e) Regulations

The Secretary may issue regulations to carry out this section.

##### (f) Authorization of appropriations

There are authorized to be appropriated such sums as may be necessary to cover the cost of loan guarantees under this section, as defined by section 661a(5) of title 2. Such sums shall remain available until expended.

##### (g) Definitions

In this section:

**SUBCHAPTER I—FEDERAL ENERGY ADMINISTRATION**

**§ 761. Congressional declaration of purpose**

**(a) Objectives**

The Congress hereby declares that the general welfare and the common defense and security require positive and effective action to conserve scarce energy supplies, to insure fair and efficient distribution of, and the maintenance of fair and reasonable consumer prices for, such supplies, to promote the expansion of readily usable energy sources, and to assist in develop-

ing policies and plans to meet the energy needs of the Nation.

**(b) Necessity for reorganization**

The Congress finds that to help achieve these objectives, and to assure a coordinated and effective approach to overcoming energy shortages, it is necessary to reorganize certain agencies and functions of the executive branch and to establish a Federal Energy Administration.

**(c) Creation of Federal Energy Administration**

The sole purpose of this chapter is to create an administration in the executive branch, called the Federal Energy Administration, to vest in the Administration certain functions as provided in this chapter, and to transfer to such Administration certain executive branch functions authorized by other laws, where such transfer is necessary on an interim basis to deal with the Nation's energy shortages.

All orders, determinations, rules, regulations, permits, contracts, certificates, licenses, and privileges—

(1) which have been issued, made, granted, or allowed to become effective by the President, by any Federal department or agency or official thereof, or by a court of competent jurisdiction, in the performance of functions which are transferred under this chapter, and

(2) which are in effect at the time this chapter takes effect,

shall continue in effect according to their terms until modified, terminated, superseded, set aside, or revoked by the President, the Administrator, other authorized officials, a court of competent jurisdiction, or by operation of law.

#### (b) Pending proceedings; orders, appeals, payments

This chapter shall not affect any proceeding pending, at the time this chapter takes effect, before any department or agency (or component thereof) regarding functions which are transferred by this chapter; but such proceedings, to the extent that they relate to functions so transferred, shall be continued. Orders shall be issued in such proceedings, appeals (except as provided in section 766(i)(2) of this title) shall be taken therefrom, and payments shall be made pursuant to such orders, as if this chapter had not been enacted; and orders issued in any such proceedings shall continue in effect until modified, terminated, superseded, or revoked by a duly authorized official, by a court of competent jurisdiction, or by operation of law. Nothing in this subsection shall be deemed to prohibit the

discontinuance or modification of any such proceeding under the same terms and conditions, and to the same extent, that such proceeding could have been discontinued if this chapter had not been enacted.

#### (c) Commencement of suits before effective date

Except as provided in subsection (e) of this section—

(1) the provisions of this chapter shall not affect suits commenced prior to the date this chapter takes effect, and

(2) in all such suits proceedings shall be had, appeals taken, and judgments rendered, in the same manner and effect as if this chapter had not been enacted.

#### (d) Litigation; abatement prohibition; Federal parties

No suit, action, or other proceeding commenced by or against any officer in his official capacity as an officer of any department or agency, functions of which are transferred by this chapter, shall abate by reason of the enactment of this chapter. No cause of action by or against any department or agency, functions of which are transferred by this chapter, or by or against any officer thereof in his official capacity shall abate by reason of the enactment of this chapter. Causes of actions, suits, actions, or other proceedings may be asserted by or against the United States or such official as may be appropriate and, in any litigation pending when this chapter takes effect, the court may at any time, on its own motion or that of any party, enter any order which will give effect to the provisions of this section.

#### (e) Substitution of parties

If, before the date on which this chapter takes effect, any department or agency, or officer thereof in his official capacity, is a party to a suit, and under this chapter any function of such department, agency, or officer is transferred to the Administrator, or any other official, then such suit shall be continued as if this chapter had not been enacted, with the Administrator, or other official as the case may be, substituted.

#### (f) Judicial review; other requirements respecting notices, hearings, action upon record, and administrative review; conflicting provisions

Final orders and actions of any official or component in the performance of functions transferred by this chapter shall be subject to judicial review to the same extent and in the same manner as if such orders or actions had been made or taken by the officer, department, agency, or instrumentality in the performance of such functions immediately preceding the effective date of this chapter. Any statutory requirements relating to notices, hearings, action upon the record, or administrative review that apply to any function transferred or delegated by this chapter shall apply to the performance of those functions by the Administrator, or any officer or component of the Administration. In the event of any inconsistency between the provisions of this subsection and section 766 of this title, the provisions of section 766 of this title shall govern.

**(g) References in other laws deemed references to transferee offices or officers**

With respect to any function transferred by this chapter and performed after the effective date of this chapter, reference in any other law to any department or agency, or any officer or office, the functions of which are so transferred, shall be deemed to refer to the Administration, Administrator, or other office or officers in which this chapter vests such functions.

**(h) Presidential functions, authorities, and delegations unaffected**

Nothing contained in this chapter shall be construed to limit, curtail, abolish, or terminate any function of the President which he had immediately before the effective date of this chapter; or to limit, curtail, abolish, or terminate his authority to perform such function; or to limit, curtail, abolish, or terminate his authority to delegate, redelegate, or terminate any delegations of functions.

**(i) References to other provisions deemed references to such provisions as amended or supplemented**

Any reference in this chapter to any provision of law shall be deemed to include, as appropriate, references thereto as now or hereafter amended or supplemented.

## SHORT TITLE

Section 1(a) of Pub. L. 93-319 provided that Pub. L. 93-319 [enacting this chapter, enacting sections 1857c-10 and 1857f-6f of Title 42, The Public Health and Welfare, and amending sections 1857b-1, 1857c-5, 1857c-8, 1857c-9, 1857d-1, 1857f-1, 1857f-6e, 1857f-7, 1857h-5, and 1857l of Title 42] may be cited as the "Energy Supply and Environmental Coordination Act of 1974".

**§ 792. Coal conversion and allocation****(a) Powerplant and fuel burning installations**

The Federal Energy Administrator—

(1) shall, by order, prohibit any powerplant, and

(2) may, by order, prohibit any major fuel burning installation, other than a powerplant,

from burning natural gas or petroleum products as its primary energy source, if the requirements of subsection (b) of this section are met and if (A) the Federal Energy Administrator determines such powerplant or installation on June 22, 1974, had, or thereafter acquires or is designed with, the capability and necessary

plant equipment to burn coal, or (B) such powerplant or installation is required to meet a design or construction requirement under subsection (c) of this section.

**(b) Prerequisites to issuance or effectiveness of orders prohibiting use of natural gas or petroleum products as primary energy source**

The requirements referred to in subsection (a) of this section are as follows:

(1) An order under subsection (a) of this section may not be issued with respect to a powerplant or installation unless the Federal Energy Administrator finds (A) that the burning of coal by such plant or installation, in lieu of petroleum products or natural gas, is practicable and consistent with the purposes of this chapter, (B) that coal and coal transportation facilities will be available during the period the order is in effect, and (C) in the case of a powerplant, that the prohibition under subsection (a) of this section will not impair the reliability of service in the area served by such plant. Such an order shall be rescinded or modified to the extent the Federal Energy Administrator determines that any requirement described in subparagraph (A), (B), or (C) of this paragraph is no longer met; and such an order may at any time be modified if the Federal Energy Administrator determines that such order, as modified, complies with the requirements of this section.

(2)(A) Before issuing an order under subsection (a) of this section which is applicable to a powerplant or installation for a period ending on or before June 30, 1975, the Federal Energy Administrator (i) shall give notice to the public and afford interested persons an opportunity for written presentations of data, views, and arguments, (ii) shall consult with the Administrator of the Environmental Protection Agency, and (iii) shall take into account the likelihood that the powerplant or installation will be permitted to burn coal after June 30, 1975.

(B) An order described in subparagraph (A) of this paragraph shall not become effective until the date which the Administrator of the Environmental Protection Agency certifies pursuant to section 1857c-10(d)(1)(A)<sup>1</sup> of title 42 is the earliest date that such plant or installation will be able to comply with the air pollution requirements which will be applicable to it. Such order shall not be effective for any period certified by the Administrator of the Environmental Protection Agency pursuant to section 1857c-10(d)(3)(B)<sup>1</sup> of title 42.

(3)(A) Before issuing an order under subsection (a) of this section which is applicable to a powerplant or installation after June 30, 1975 (or modifying an order to which paragraph (2) applies, so as to apply such order to a powerplant or installation after such date), the Federal Energy Administrator shall give notice to the public and afford interested persons an opportunity for oral and written presentations of data, views, and arguments.

(B) An order (or modification thereof) described in subparagraph (A) of this paragraph

shall not become effective until (i) the Administrator of the Environmental Protection Agency notifies the Federal Energy Administrator under section 1857c-10(d)(1)(B)<sup>1</sup> of title 42 that such plant or installation will be able on and after July 1, 1975, to burn coal and to comply with all applicable air pollution requirements without a compliance date extension under section 1857c-10(c)<sup>1</sup> of title 42, or (ii) if such notification is not given, the date which the Administrator of the Environmental Protection Agency certifies pursuant to section 1857c-10(d)(1)(B)<sup>1</sup> of title 42 is the earliest date that such plant or installation will be able to comply with all applicable requirements of such 1857c-10<sup>1</sup> of title 42. Such order (or modification) shall not be effective during any period certified by the Administrator of the Environmental Protection Agency under section 1857c-10(d)(3)(B)<sup>1</sup> of title 42.

**(c) Construction and design of powerplants or other major fuel burning installations**

The Federal Energy Administrator may require that any powerplant or other major fuel burning installation in the early planning process (other than a combustion gas turbine or combined cycle unit) be designed and constructed so as to be capable of using coal as its primary energy source. No powerplant or other major fuel burning installation may be required under this subsection to be so designed and constructed, if the Administrator determines that (1) in the case of a powerplant to do so is likely to result in an impairment of reliability or adequacy of service, or (2) an adequate and reliable supply of coal is not expected to be available. In considering whether to impose a design and construction requirement under this subsection, the Federal Energy Administrator shall consider the existence and effects of any contractual commitment for the construction of such facilities and the capability of the owner to recover any capital investment made as a result of any requirement imposed under this subsection.

**(d) Allocation of coal**

The Federal Energy Administrator may, by rule or order, allocate coal (1) to any powerplant or major fuel-burning installation to which an order under subsection (a) of this section has been issued, or (2) to any other person to the extent necessary to carry out the purposes of this chapter.

**(e) Definitions**

For purposes of this section:

(1) The term "powerplant" means a fossil-fuel fired electric generating unit which produces electric power for purposes of sale or exchange.

(2) The term "coal" includes coal derivatives.

**(f) Expiration of authority; effective dates**

(1) Authority to issue orders or rules under subsections (a) through (d) of this section shall expire at midnight, December 31, 1978. Such a rule or order may take effect at any time before January 1, 1985.

(2) Authority to amend, repeal, rescind, modify, or enforce such rules or orders shall expire

<sup>1</sup> See References in Text note below.

at midnight, December 31, 1984; but the expiration of such authority shall not affect any administrative or judicial proceeding which relates to any act or omission which occurred prior to January 1, 1985.

#### COMPLIANCE ORDERS

Pub. L. 95-95, title I, §112(b), Aug. 7, 1977, 91 Stat. 709, repealed section 119 of the Clean Air Act, which was classified to section 1857c-10 of Title 42, The Public Health and Welfare, and which related to the Administrator's authority to deal with the energy shortage. Section 112(b) of Pub. L. 95-95 provided that:

"(1) Section 119 of such Act [section 1857c-10 of Title 42, The Public Health and Welfare] is hereby repealed. All references to such section 119 [section 1857c-10 of Title 42] or subsections thereof in section 2 of the Energy Supply and Environmental Coordination Act of 1974 (Public Law 93-319) [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act [Pub. L. 93-319, June 22, 1974, 88 Stat. 246], shall be construed to refer to section 113(d) of the Clean Air Act [section 7413(d) of Title 42] and to paragraph (5) thereof in particular. Any certification or no-

tification required to be given by the Administrator of the Environmental Protection Agency under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act, shall be given only when the Governor of the State in which is located the source to which the proposed order under section 113(d)(5) of the Clean Air Act [section 7413(d)(5) of Title 42] is to be issued gives his prior written concurrence.

"(2) In the case of any major stationary source to which any requirement is applicable under section 113(d)(5)(B) of the Clean Air Act [section 7413(d)(5)(B) of Title 42] and for which certification is required under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act [Pub. L. 93-319], the Administrator of the Environmental Protection Agency shall certify the date which he determines is the earliest date that such source will be able to comply with all such requirements. In the case of any plant or installation which the Administrator of the Environmental Protection Agency determines (after consultation with the State) will not be subject to an order under section 113(d) of the Clean Air Act [section 7413(d) of Title 42] and for which certification is required under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act [Pub. L. 93-319], the Administrator of the Environmental Protection Agency shall certify the date which he determines is the earliest date that such plant or installation will be able to burn coal in compliance with all applicable emission limitations under the implementation plan.

"(3) Any certification required under section 2 of the Energy Supply and Environmental Coordination Act of 1974 [this section] or any amendment thereto, or any subsequent enactment which supersedes such Act [Pub. L. 93-319], or under this subsection may be provided in an order under section 113(d) of the Clean Air Act [section 7413(d) of Title 42]."

### § 793. Protection of public health and environment

#### (a) Distribution of low sulfur fuel

Any allocation program provided for in section 792 of this title or in the Emergency Petroleum Allocation Act of 1973 [15 U.S.C. 751 et seq.],<sup>1</sup> shall, to the maximum extent practicable, include measures to assure that available low sulfur fuel will be distributed on a priority basis to those areas of the United States designated by the Administrator of the Environmental Protection Agency as requiring low sulfur fuel to avoid or minimize adverse impact on public health.

#### (b) Study of chronic effects of sulfur oxide emissions among exposed populations

In order to determine the health effects of emissions of sulfur oxides to the air resulting from any conversions to burning coal to which section 119<sup>1</sup> of the Clean Air Act [42 U.S.C. 1857c-10] applies, the Department of Health and Human Services shall, through the National Institute of Environmental Health Sciences and in cooperation with the Environmental Protection Agency, conduct a study of chronic effects among exposed populations. The sum of \$3,500,000 is authorized to be appropriated for such a study. In order to assure that long-term

<sup>1</sup> See References in Text note below.

studies can be conducted without interruption, such sums as are appropriated shall be available until expended.

**(c) Major Federal actions significantly affecting the quality of the human environment**

(1) No action taken under the Clean Air Act [42 U.S.C. 7401 et seq.] shall be deemed a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.].

(2) No action under section 792 of this title for a period of one year after initiation of such action shall be deemed a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act of 1969 [42 U.S.C. 4321 et seq.]. However, before any action under section 792 of this title that has a significant impact on the environment is taken, if practicable, or in any event within sixty days after such action is taken, an environmental evaluation with analysis equivalent to that required under section 102(2)(C) of the National Environmental Policy Act [42 U.S.C. 4332(2)(C)], to the greatest extent practicable within this time constraint, shall be prepared and circulated to appropriate Federal, State, and local government agencies and to the public for a thirty-day comment period after which a public hearing shall be held upon request to review outstanding environmental issues. Such an evaluation shall not be required where the action in question has been preceded by compliance with the National Environmental Policy Act by the appropriate Federal agency. Any action taken under section 792 of this title which will be in effect for more than a one-year period or any action to extend an action taken under section 792 of this title to a total period of more than one year shall be subject to the full provisions of the National Environmental Policy Act, notwithstanding any other provision of this chapter.

competitiveness of agriculture, business, and industry, and reasonable price stability as provided in section 1022b(b) of this title.

**(b) Full opportunities for employment**

The Congress further declares and establishes as a national goal the fulfillment of the right to full opportunities for useful paid employment at fair rates of compensation of all individuals able, willing, and seeking to work.

**(c) Inflation**

The Congress further declares that inflation is a major national problem requiring improved government policies relating to food, energy, improved and coordinated fiscal and monetary management, the reform of outmoded rules and regulations of the Federal Government, the correction of structural defects in the economy that prevent or seriously impede competition in private markets, and other measures to reduce the rate of inflation.

**(d) Coordination of Federal policies and programs**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to improve the coordination and integration of the policies and programs of the Federal Government toward achievement of the objectives of such Act through better management, increased efficiency, and attention to long-range as well as short-range problems and to balancing the Federal budget.

**(e) Federal controls**

The Congress further declares that, although it is the purpose under the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to seek diligently and to encourage the voluntary cooperation of the private sector in helping to achieve the objectives of such Act, no provisions of such Act or this chapter shall be used, with respect to any portion of the private sector of the economy, to provide for Federal Government control of production, employment, allocation of resources, or wages and prices, except to the extent authorized under other Federal laws.

**(f) Expansion of private employment**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to maximize and place primary emphasis upon the expansion of private employment, and all programs and policies under such Act shall be in accord with such purpose. Toward this end, the effort to expand jobs to the full employment level shall be in this order of priority to the extent consistent with balanced growth—

(1) expansion of conventional private jobs through improved use of general economic and structural policies, including measures to encourage private sector investment and capital formation;

(2) expansion of private employment through Federal assistance in connection with the priority programs in such Act;

(3) expansion of public employment other than through the provisions of section 206 of such Act [15 U.S.C. 3116]; and

(4) when recommended by the President under section 206 of such Act [15 U.S.C. 3116] and subject to the limitations in such section, the creation of employment through the methods set forth in such section.

**(g) Trade deficits**

The Congress further declares that trade deficits are a major national problem requiring a strong national export policy including improved Government policies relating to the promotion, facilitation, and financing of commercial and agricultural exports, Government policies designed to reduce foreign barriers to exports through international negotiation and agreement, Federal support for research, development, and diffusion of new technologies to promote innovation in agriculture, business, and industry, the elimination or modification of Government rules or regulations that burden or disadvantage exports and the national and international competitiveness of agriculture, business, and industry, the reexamination of anti-trust laws and policies when necessary to enable agriculture, business, and industry to meet foreign competition in the United States and abroad, and the achievement of a free and fair international trading system and a sound and stable international monetary order.

**(h) Balanced Federal budget**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to achieve a balanced Federal budget consistent with the achievement of the medium-term goals specified in section 1022a of this title.

**(i) Investment needs of private enterprise**

The Congress further declares that it is the continuing policy and responsibility of the Federal Government, in cooperation with State and local governments, to use all practical means consistent with other essential considerations of national policy to provide sufficient incentives to assure meeting the investment needs of private enterprise, including the needs of small and medium sized businesses, in order to increase the production of goods, the provision of services, employment, the opportunity for profit, the payment of taxes, and to reduce and control inflation. To the extent it is reasonably possible to do so, private enterprise investments in depressed urban and rural areas should be promoted to reduce the high levels of unemployment that exist there.

**(j) Reliance on private sector**

The Congress further declares that it is the purpose of the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.] to rely principally on the private sector for expansion of economic activity and creation of new jobs for a growing labor force. Toward this end, it is the purpose of this chapter to encourage the adoption of fiscal policies that would establish the share of the gross national product accounted for by Federal outlays at the lowest level consistent with national needs and priorities.

In its work under this chapter and the Full Employment and Balanced Growth Act of 1978 [15 U.S.C. 3101 et seq.], the Council is authorized and directed to seek and obtain the cooperation of the various executive and independent agencies in the development of specialized studies essential to its responsibilities.

REFERENCES IN TEXT

The Full Employment and Balanced Growth Act of 1978, referred to in subsec. (e), is Pub. L. 95-523, Oct. 27,

1978, 92 Stat. 1887, as amended, which is classified principally to chapter 58 (§3101 et seq.) of this title. For complete classification of this Act to the Code, see Short Title note set out under section 3101 of this title and Tables.

CODIFICATION

In subsec. (a), provisions that fixed the compensation of members of the Council have been omitted as obsolete. The positions of chairman and members of the Council are under the Executive Schedule, see sections 5313 and 5315 of Title 5, Government Organization and Employees.

In subsec. (b), provisions that authorized the Council to fix the compensation of such specialists and other experts as may be necessary for the carrying out of its functions under this chapter, without regard to "the Classification Act of 1923, as amended", were omitted as obsolete. Sections 1202 and 1204 of the Classification Act of 1949, 63 Stat. 972, 973, repealed the 1923 Act and all laws or parts of laws inconsistent with the 1949 Act. While section 1106(a) of the 1949 Act provided that references in other laws to the 1923 Act should be held and considered to mean the 1949 Act, it did not have the effect of continuing the exceptions contained in this subsection because of section 1106(b) which provided that the application of the 1949 Act to any position, officer, or employee shall not be affected by section 1106(a). The Classification Act of 1949 was repealed by Pub. L. 89-554, Sept. 6, 1966, §8(a), 80 Stat. 632 (of which section 1 revised and enacted Title 5, Government Organization and Employees, into law). Section 5102 of Title 5 contains the applicability provisions of the 1949 Act, and section 5103 of Title 5 authorizes the Office of Personnel Management to determine the applicability to specific positions and employees.

"Chapter 51 and subchapter III of chapter 53 of title 5" substituted in subsec. (b) for "the Classification Act of 1949" on authority of Pub. L. 89-554, §7(b), Sept. 6, 1966, 80 Stat. 631, the first section of which enacted Title 5.

AMENDMENTS

1978—Subsec. (a). Pub. L. 95-523, §110(a)(1), inserted "full" after "policy to promote".

Subsec. (c)(4). Pub. L. 95-523, §110(a)(2), inserted "including small and larger business" after "free competitive enterprise" and inserted "full" after "and to maintain".

Subsec. (e). Pub. L. 95-523, §110(a)(3), (4), inserted in par. (1) "and shall consult with the board or boards established under section 1022f of this title" after "as it deems advisable" and after par. (2) inserted provisions authorizing and directing the Council to seek and obtain the cooperation of executive and independent agencies in the development of specialized studies essential to its responsibilities.

1961—Subsec. (f). Pub. L. 87-49 struck out provisions which limited the appropriations for salaries of the members and officers and employees of the Council to not more than \$345,000 for each fiscal year.

1949—Subsec. (b). Act Oct. 28, 1949, substituted "Classification Act of 1949" for "Classification Act of 1923".

REPEALS

Act Oct. 28, 1949, ch. 782, cited as a credit to this section, was repealed (subject to a savings clause) by Pub. L. 89-554, Sept. 6, 1966, §8, 80 Stat. 632, 655.

#### SUBCHAPTER I—THE PRINCIPAL REGISTER

### § 1051. Application for registration; verification

#### (a) Application for use of trademark

(1) The owner of a trademark used in commerce may request registration of its trademark on the principal register hereby established by paying the prescribed fee and filing in the Patent and Trademark Office an application and a verified statement, in such form as may be prescribed by the Director, and such number of specimens or facsimiles of the mark as used as may be required by the Director.

(2) The application shall include specification of the applicant's domicile and citizenship, the date of the applicant's first use of the mark, the date of the applicant's first use of the mark in commerce, the goods in connection with which the mark is used, and a drawing of the mark.

(3) The statement shall be verified by the applicant and specify that—

(A) the person making the verification believes that he or she, or the juristic person in whose behalf he or she makes the verification, to be the owner of the mark sought to be registered;

(B) to the best of the verifier's knowledge and belief, the facts recited in the application are accurate;

(C) the mark is in use in commerce; and

(D) to the best of the verifier's knowledge and belief, no other person has the right to use such mark in commerce either in the identical form thereof or in such near resemblance thereto as to be likely, when used on or in connection with the goods of such other person, to cause confusion, or to cause mistake, or to deceive, except that, in the case of every application claiming concurrent use, the applicant shall—

(i) state exceptions to the claim of exclusive use; and

(ii) shall<sup>1</sup> specify, to the extent of the verifier's knowledge—

(I) any concurrent use by others;

(II) the goods on or in connection with which and the areas in which each concurrent use exists;

(III) the periods of each use; and

(IV) the goods and area for which the applicant desires registration.

(4) The applicant shall comply with such rules or regulations as may be prescribed by the Director. The Director shall promulgate rules prescribing the requirements for the application and for obtaining a filing date herein.

#### (b) Application for bona fide intention to use trademark

(1) A person who has a bona fide intention, under circumstances showing the good faith of such person, to use a trademark in commerce may request registration of its trademark on the principal register hereby established by paying the prescribed fee and filing in the Patent and Trademark Office an application and a verified statement, in such form as may be prescribed by the Director.

<sup>1</sup> So in original. The word "shall" probably should not appear.

(2) The application shall include specification of the applicant's domicile and citizenship, the goods in connection with which the applicant has a bona fide intention to use the mark, and a drawing of the mark.

(3) The statement shall be verified by the applicant and specify—

(A) that the person making the verification believes that he or she, or the juristic person in whose behalf he or she makes the verification, to be entitled to use the mark in commerce;

(B) the applicant's bona fide intention to use the mark in commerce;

(C) that, to the best of the verifier's knowledge and belief, the facts recited in the application are accurate; and

(D) that, to the best of the verifier's knowledge and belief, no other person has the right to use such mark in commerce either in the identical form thereof or in such near resemblance thereto as to be likely, when used on or in connection with the goods of such other person, to cause confusion, or to cause mistake, or to deceive.

Except for applications filed pursuant to section 1126 of this title, no mark shall be registered until the applicant has met the requirements of subsections (c) and (d) of this section.

(4) The applicant shall comply with such rules or regulations as may be prescribed by the Director. The Director shall promulgate rules prescribing the requirements for the application and for obtaining a filing date herein.

**(c) Amendment of application under subsection (b) to conform to requirements of subsection (a)**

At any time during examination of an application filed under subsection (b) of this section, an applicant who has made use of the mark in commerce may claim the benefits of such use for purposes of this chapter, by amending his or her application to bring it into conformity with the requirements of subsection (a) of this section.

**(d) Verified statement that trademark is used in commerce**

(1) Within six months after the date on which the notice of allowance with respect to a mark is issued under section 1063(b)(2) of this title to an applicant under subsection (b) of this section, the applicant shall file in the Patent and Trademark Office, together with such number of specimens or facsimiles of the mark as used in commerce as may be required by the Director and payment of the prescribed fee, a verified statement that the mark is in use in commerce and specifying the date of the applicant's first use of the mark in commerce and those goods or services specified in the notice of allowance on or in connection with which the mark is used in commerce. Subject to examination and acceptance of the statement of use, the mark shall be registered in the Patent and Trademark Office, a certificate of registration shall be issued for those goods or services recited in the statement of use for which the mark is entitled to registration, and notice of registration shall be published in the Official Gazette of the Patent and Trademark Office. Such examination may in-

clude an examination of the factors set forth in subsections (a) through (e) of section 1052 of this title. The notice of registration shall specify the goods or services for which the mark is registered.

(2) The Director shall extend, for one additional 6-month period, the time for filing the statement of use under paragraph (1), upon written request of the applicant before the expiration of the 6-month period provided in paragraph (1). In addition to an extension under the preceding sentence, the Director may, upon a showing of good cause by the applicant, further extend the time for filing the statement of use under paragraph (1) for periods aggregating not more than 24 months, pursuant to written request of the applicant made before the expiration of the last extension granted under this paragraph. Any request for an extension under this paragraph shall be accompanied by a verified statement that the applicant has a continued bona fide intention to use the mark in commerce and specifying those goods or services identified in the notice of allowance on or in connection with which the applicant has a continued bona fide intention to use the mark in commerce. Any request for an extension under this paragraph shall be accompanied by payment of the prescribed fee. The Director shall issue regulations setting forth guidelines for determining what constitutes good cause for purposes of this paragraph.

(3) The Director shall notify any applicant who files a statement of use of the acceptance or refusal thereof and, if the statement of use is refused, the reasons for the refusal. An applicant may amend the statement of use.

(4) The failure to timely file a verified statement of use under paragraph (1) or an extension request under paragraph (2) shall result in abandonment of the application, unless it can be shown to the satisfaction of the Director that the delay in responding was unintentional, in which case the time for filing may be extended, but for a period not to exceed the period specified in paragraphs (1) and (2) for filing a statement of use.

**(e) Designation of resident for service of process and notices**

If the applicant is not domiciled in the United States the applicant may designate, by a document filed in the United States Patent and Trademark Office, the name and address of a person resident in the United States on whom may be served notices or process in proceedings affecting the mark. Such notices or process may be served upon the person so designated by leaving with that person or mailing to that person a copy thereof at the address specified in the last designation so filed. If the person so designated cannot be found at the address given in the last designation, or if the registrant does not designate by a document filed in the United States Patent and Trademark Office the name and address of a person resident in the United States on whom may be served notices or process in proceedings affecting the mark, such notices or process may be served on the Director.

In that event renewal may be effected on the supplemental register under the provisions of section 9 of this Act [section 1059 of this title].

“Marks registered under previous Acts may, if eligible, also be registered under this Act [this chapter].

“SEC. 47. The prosecution of such applications so amended and the grant of registrations thereon shall be proceeded with in accordance with the provisions of this Act [this chapter]. If such amendments are not made, the prosecution of said applications shall be proceeded with and registrations thereon granted in accordance with the Acts under which said applications were filed, and said Acts are hereby continued in force to this extent and for this purpose only, notwithstanding the foregoing general repeal thereof.

“(b) In any case in which an appeal is pending before the United States Court of Customs and Patent Appeals or any United States Circuit Court of Appeals or the United States Court of Appeals for the District of Columbia or the United States Supreme Court at the effective date of this Act [July 5, 1947], the court, if it be of the opinion that the provisions of this Act [this chapter] are applicable to the subject matter of the appeal, may apply such provision or may remand the case to the Commissioner [now Director] or to the district court for the taking of additional evidence or a new trial or for reconsideration of the decision on the record as made, as the appellate court may deem proper.”

**§ 1052. Trademarks registrable on principal register; concurrent registration**

No trademark by which the goods of the applicant may be distinguished from the goods of others shall be refused registration on the principal register on account of its nature unless it—

(a) Consists of or comprises immoral, deceptive, or scandalous matter; or matter which may disparage or falsely suggest a connection with persons, living or dead, institutions, beliefs, or national symbols, or bring them into contempt, or disrepute; or a geographical indication which, when used on or in connection with wines or spirits, identifies a place other than the origin of the goods and is first used on or in connection with wines or spirits by the applicant on or after one year after the date on which the WTO Agreement (as defined in section 3501(9) of title 19) enters into force with respect to the United States.

(b) Consists of or comprises the flag or coat of arms or other insignia of the United States, or of any State or municipality, or of any foreign nation, or any simulation thereof.

(c) Consists of or comprises a name, portrait, or signature identifying a particular living individual except by his written consent, or the name, signature, or portrait of a deceased President of the United States during the life of his widow, if any, except by the written consent of the widow.

(d) Consists of or comprises a mark which so resembles a mark registered in the Patent and Trademark Office, or a mark or trade name previously used in the United States by another and not abandoned, as to be likely, when used on or in connection with the goods of the applicant, to cause confusion, or to cause mistake, or to deceive: *Provided*, That if the Director determines that confusion, mistake, or deception is not likely to result from the continued use by more than one person of the same or similar marks under conditions and limitations as to the mode or place of use of the marks or the goods on or in connection with which such marks are used, concurrent registrations may be issued to such persons when they have become entitled to use such marks as a result of their concurrent lawful use in commerce prior to (1) the earliest of the filing dates of the applications pending or of any registration issued under this chapter; (2) July 5, 1947, in the case of registrations previously issued under the Act of March 3, 1881, or February 20, 1905, and continuing in full force and effect on that date; or (3) July 5, 1947, in the case of applications filed under the Act of February 20, 1905, and registered after July 5, 1947. Use prior to the filing date of any pending application or a registration shall not be required when the owner of such application or registration consents to the grant of a concurrent registration to the applicant.

Concurrent registrations may also be issued by the Director when a court of competent jurisdiction has finally determined that more than one person is entitled to use the same or similar marks in commerce. In issuing concurrent registrations, the Director shall prescribe conditions and limitations as to the mode or place of use of the mark or the goods on or in connection with which such mark is registered to the respective persons.

(e) Consists of a mark which (1) when used on or in connection with the goods of the applicant is merely descriptive or deceptively misdescriptive of them, (2) when used on or in connection with the goods of the applicant is primarily geographically descriptive of them, except as indications of regional origin may be registrable under section 1054 of this title, (3) when used on or in connection with the goods of the applicant is primarily geographically deceptively misdescriptive of them, (4) is primarily merely a surname, or (5) comprises any matter that, as a whole, is functional.

(f) Except as expressly excluded in subsections (a), (b), (c), (d), (e)(3), and (e)(5) of this section, nothing in this chapter shall prevent the registration of a mark used by the applicant which has become distinctive of the applicant's goods in commerce. The Director may accept as prima facie evidence that the mark has become distinctive, as used on or in connection with the applicant's goods in commerce, proof of substantially exclusive and continuous use thereof as a mark by the applicant in commerce for the five years before the date on which the claim of distinctiveness is made. Nothing in this section shall prevent the registration of a mark which, when used on or in connection with the goods of the applicant, is primarily geographically deceptively misdescriptive of them, and which became distinctive of the applicant's goods in commerce before December 8, 1993.

A mark which would be likely to cause dilution by blurring or dilution by tarnishment under section 1125(c) of this title, may be refused registration only pursuant to a proceeding brought under section 1063 of this title. A registration for a mark which would be likely to cause dilution by blurring or dilution by tarnishment under section 1125(c) of this title, may be canceled pursuant to a proceeding brought under either section 1064 of this title or section 1092 of this title.

**§ 1057. Certificates of registration****(a) Issuance and form**

Certificates of registration of marks registered upon the principal register shall be is-

sued in the name of the United States of America, under the seal of the United States Patent and Trademark Office, and shall be signed by the Director or have his signature placed thereon, and a record thereof shall be kept in the United States Patent and Trademark Office. The registration shall reproduce the mark, and state that the mark is registered on the principal register under this chapter, the date of the first use of the mark, the date of the first use of the mark in commerce, the particular goods or services for which it is registered, the number and date of the registration, the term thereof, the date on which the application for registration was received in the United States Patent and Trademark Office, and any conditions and limitations that may be imposed in the registration.

**(b) Certificate as prima facie evidence**

A certificate of registration of a mark upon the principal register provided by this chapter shall be prima facie evidence of the validity of the registered mark and of the registration of the mark, of the owner's ownership of the mark, and of the owner's exclusive right to use the registered mark in commerce on or in connection with the goods or services specified in the certificate, subject to any conditions or limitations stated in the certificate.

**(c) Application to register mark considered constructive use**

Contingent on the registration of a mark on the principal register provided by this chapter, the filing of the application to register such mark shall constitute constructive use of the mark, conferring a right of priority, nationwide in effect, on or in connection with the goods or services specified in the registration against any other person except for a person whose mark has not been abandoned and who, prior to such filing—

(1) has used the mark;

(2) has filed an application to register the mark which is pending or has resulted in registration of the mark; or

**(e) Surrender, cancellation, or amendment by owner**

Upon application of the owner the Director may permit any registration to be surrendered for cancellation, and upon cancellation appropriate entry shall be made in the records of the United States Patent and Trademark Office.

Upon application of the owner and payment of the prescribed fee, the Director for good cause may permit any registration to be amended or to be disclaimed in part: *Provided*, That the amendment or disclaimer does not alter materially the character of the mark. Appropriate entry shall be made in the records of the United States Patent and Trademark Office and upon the certificate of registration.

**(f) Copies of United States Patent and Trademark Office records as evidence**

Copies of any records, books, papers, or drawings belonging to the United States Patent and Trademark Office relating to marks, and copies of registrations, when authenticated by the seal of the United States Patent and Trademark Office and certified by the Director, or in his name by an employee of the Office duly designated by the Director, shall be evidence in all cases wherein the originals would be evidence; and any person making application therefor and paying the prescribed fee shall have such copies.

**(g) Correction of United States Patent and Trademark Office mistake**

Whenever a material mistake in a registration, incurred through the fault of the United States Patent and Trademark Office, is clearly disclosed by the records of the Office a certificate stating the fact and nature of such mistake shall be issued without charge and recorded and a printed copy thereof shall be attached to each printed copy of the registration and such corrected registration shall thereafter have the same effect as if the same had been originally issued in such corrected form, or in the discretion of the Director a new certificate of registration may be issued without charge. All certificates of correction heretofore issued in accordance with the rules of the United States Patent and Trademark Office and the registrations to which they are attached shall have the same force and effect as if such certificates and their issue had been specifically authorized by statute.

**(h) Correction of applicant's mistake**

Whenever a mistake has been made in a registration and a showing has been made that such mistake occurred in good faith through the fault of the applicant, the Director is authorized to issue a certificate of correction or, in his discretion, a new certificate upon the payment of the prescribed fee: *Provided*, That the correction does not involve such changes in the registration as to require republication of the mark.

**§ 1060. Assignment**

(a)(1) A registered mark or a mark for which an application to register has been filed shall be assignable with the good will of the business in which the mark is used, or with that part of the good will of the business connected with the use of and symbolized by the mark. Notwithstanding the preceding sentence, no application to register a mark under section 1051(b) of this title shall be assignable prior to the filing of an amendment under section 1051(c) of this title to bring the application into conformity with section 1051(a) of this title or the filing of the verified statement of use under section 1051(d) of this title, except for an assignment to a successor to the business of the applicant, or portion thereof, to which the mark pertains, if that business is ongoing and existing.

(2) In any assignment authorized by this section, it shall not be necessary to include the good will of the business connected with the use of and symbolized by any other mark used in the business or by the name or style under which the business is conducted.

(3) Assignments shall be by instruments in writing duly executed. Acknowledgment shall be prima facie evidence of the execution of an assignment, and when the prescribed information reporting the assignment is recorded in the United States Patent and Trademark Office, the record shall be prima facie evidence of execution.

(4) An assignment shall be void against any subsequent purchaser for valuable consideration without notice, unless the prescribed information reporting the assignment is recorded in the United States Patent and Trademark Office within 3 months after the date of the assignment or prior to the subsequent purchase.

(5) The United States Patent and Trademark Office shall maintain a record of information on assignments, in such form as may be prescribed by the Director.

(b) An assignee not domiciled in the United States may designate by a document filed in the United States Patent and Trademark Office the name and address of a person resident in the United States on whom may be served notices or process in proceedings affecting the mark. Such notices or process may be served upon the person so designated by leaving with that person or mailing to that person a copy thereof at the address specified in the last designation so filed. If the person so designated cannot be found at the address given in the last designation, or if the assignee does not designate by a document filed in the United States Patent and Trademark Office the name and address of a person resident in the United States on whom may be served notices or process in proceedings affecting the mark, such notices or process may be served upon the Director.

AMENDMENTS

2002—Subsecs. (a), (b). Pub. L. 107-273 amended subsecs. (a) and (b) generally, in subsec. (a) substituting pars. (1) to (5) for substantially identical undesignated provisions, and in subsec. (b) adding provisions relating to service on Director if assignee does not designate name and address of a person resident in the United States on whom may be served notices or process.

1999—Pub. L. 106-43, §6(a)(2), (3), which directed the amendment of this section by substituting “mark.” for “mark,” in the first sentence and striking out a second period at the end of the third sentence, could not be executed because “mark,” and the second period did not appear subsequent to amendment by Pub. L. 105-330. See 1998 Amendment note below.

Subsec. (a). Pub. L. 106-113, §1000(a)(9) [title IV, §4732(b)(1)(B)], substituted “Director” for “Commissioner” in last sentence.

Pub. L. 106-43, §6(a)(1), which directed the amendment of the penultimate sentence of this section by substituting “assignment” for “subsequent purchase”, was executed by making the substitution for “subsequent purchase” in two places in the penultimate sentence of subsec. (a), after “date of the” and “prior to the”, to reflect the probable intent of Congress.

Subsec. (b). Pub. L. 106-113, §1000(a)(9) [title IV, §4732(b)(1)(B)], substituted “Director” for “Commissioner” in last sentence.

1998—Pub. L. 105-330 amended section catchline and text generally. Prior to amendment, text read as follows:

“A registered mark or a mark for which application to register has been filed shall be assignable with the goodwill of the business in which the mark is used, or with that part of the goodwill of the business connected with the use of and symbolized by the mark. However, no application to register a mark under section 1051(b) of this title shall be assignable prior to the filing of the verified statement of use under section 1051(d) of this title, except to a successor to the business of the applicant, or portion thereof, to which the mark pertains, if that business is ongoing and existing. In any assignment authorized by this section it shall not be necessary to include the goodwill of the business connected with the use of and symbolized by any other mark used in the business or by the name or style under which the business is conducted. Assignments shall be by instruments in writing duly executed. Acknowledgment shall be prima facie evidence of the execution of an assignment and when recorded in the Patent and Trademark Office the record shall be prima facie evidence of execution. An assignment shall be void as against any subsequent purchaser for a valuable consideration without notice, unless it is recorded in the Patent and Trademark Office within three months after the date thereof or prior to such subsequent purchase. A separate record of assignments submitted for recording hereunder shall be maintained in the Patent and Trademark Office.

“An assignee not domiciled in the United States shall be subject to and comply with the provisions of section 1051(e) of this title.”

1988—Pub. L. 100-667 substituted “. However, no application to register a mark under section 1051(b) of this title shall be assignable prior to the filing of the verified statement of use under section 1051(d) of this

title, except to a successor to the business of the applicant, or portion thereof, to which the mark pertains, if that business is ongoing and existing. In any assignment authorized by this section" for "and in any such assignment" in first par., and "1051(e)" for "1051(d)" in last par.

1975—Pub. L. 93-596 substituted "Patent and Trademark Office" for "Patent Office".

1962—Pub. L. 87-772 substituted provisions which require a separate record of assignments to be kept in the Patent Office, for provisions which required the Commissioner to keep such record, and eliminated provisions permitting the cancellation of any assigned registration at any time if the registered mark is being used by, or with the permission of, the assignee so as to misrepresent the source of the goods or services in connection with which the mark is used.

### § 1064. Cancellation of registration

A petition to cancel a registration of a mark, stating the grounds relied upon, may, upon pay-

ment of the prescribed fee, be filed as follows by any person who believes that he is or will be damaged, including as a result of a likelihood of dilution by blurring or dilution by tarnishment under section 1125(c) of this title, by the registration of a mark on the principal register established by this chapter, or under the Act of March 3, 1881, or the Act of February 20, 1905:

(1) Within five years from the date of the registration of the mark under this chapter.

(2) Within five years from the date of publication under section 1062(c) of this title of a mark registered under the Act of March 3, 1881, or the Act of February 20, 1905.

(3) At any time if the registered mark becomes the generic name for the goods or services, or a portion thereof, for which it is registered, or is functional, or has been abandoned, or its registration was obtained fraudulently or contrary to the provisions of section 1054 of this title or of subsection (a), (b), or (c) of section 1052 of this title for a registration under this chapter, or contrary to similar prohibitory provisions of such prior Acts for a registration under such Acts, or if the registered mark is being used by, or with the permission of, the registrant so as to misrepresent the source of the goods or services on or in connection with which the mark is used. If the registered mark becomes the generic name for less than all of the goods or services for which it is registered, a petition to cancel the registration for only those goods or services may be filed. A registered mark shall not be deemed to be the generic name of goods or services solely because such mark is also used as a name of or to identify a unique product or service. The primary significance of the registered mark to the relevant public rather than purchaser motivation shall be the test for determining whether the registered mark has become the generic name of goods or services on or in connection with which it has been used.

(4) At any time if the mark is registered under the Act of March 3, 1881, or the Act of February 20, 1905, and has not been published under the provisions of subsection (c) of section 1062 of this title.

(5) At any time in the case of a certification mark on the ground that the registrant (A) does not control, or is not able legitimately to exercise control over, the use of such mark, or (B) engages in the production or marketing of any goods or services to which the certification mark is applied, or (C) permits the use of the certification mark for purposes other than to certify, or (D) discriminately refuses to certify or to continue to certify the goods or services of any person who maintains the standards or conditions which such mark certifies:

*Provided*, That the Federal Trade Commission may apply to cancel on the grounds specified in paragraphs (3) and (5) of this section any mark registered on the principal register established by this chapter, and the prescribed fee shall not be required. Nothing in paragraph (5) shall be deemed to prohibit the registrant from using its certification mark in advertising or promoting recognition of the certification program or of

the goods or services meeting the certification standards of the registrant. Such uses of the certification mark shall not be grounds for cancellation under paragraph (5), so long as the registrant does not itself produce, manufacture, or sell any of the certified goods or services to which its identical certification mark is applied.

## REORGANIZATION PLAN NO. 5 OF 1950

Amendment by Pub. L. 85-609 as subject to Reorganization Plan No. 5 of 1950, see note set out under section 1067 of this title.

**§ 1071. Appeal to courts**

**(a) Persons entitled to appeal; United States Court of Appeals for the Federal Circuit; waiver of civil action; election of civil action by adverse party; procedure**

(1) An applicant for registration of a mark, party to an interference proceeding, party to an opposition proceeding, party to an application to register as a lawful concurrent user, party to a cancellation proceeding, a registrant who has filed an affidavit as provided in section 1058 of this title or section 1141k of this title, or an applicant for renewal, who is dissatisfied with the decision of the Director or Trademark Trial and Appeal Board, may appeal to the United States Court of Appeals for the Federal Circuit thereby waiving his right to proceed under subsection (b) of this section: *Provided*, That such appeal shall be dismissed if any adverse party to the proceeding, other than the Director, shall, within twenty days after the appellant has filed notice of appeal according to paragraph (2) of this subsection, files notice with the Director that he elects to have all further proceedings conducted as provided in subsection (b) of this section. Thereupon the appellant shall have thirty days thereafter within which to file a civil action under subsection (b) of this section, in default of which the decision appealed from shall govern the further proceedings in the case.

(2) When an appeal is taken to the United States Court of Appeals for the Federal Circuit, the appellant shall file in the United States Patent and Trademark Office a written notice of appeal directed to the Director, within such time after the date of the decision from which the appeal is taken as the Director prescribes, but in no case less than 60 days after that date.

(3) The Director shall transmit to the United States Court of Appeals for the Federal Circuit a certified list of the documents comprising the record in the United States Patent and Trademark Office. The court may request that the Director forward the original or certified copies of such documents during pendency of the appeal. In an ex parte case, the Director shall submit to that court a brief explaining the grounds for the decision of the United States Patent and Trademark Office, addressing all the issues involved in the appeal. The court shall, before hearing an appeal, give notice of the time and place of the hearing to the Director and the parties in the appeal.

(4) The United States Court of Appeals for the Federal Circuit shall review the decision from which the appeal is taken on the record before the United States Patent and Trademark Office. Upon its determination the court shall issue its mandate and opinion to the Director, which shall be entered of record in the United States Patent and Trademark Office and shall govern the further proceedings in the case. However, no final judgment shall be entered in favor of an applicant under section 1051(b) of this title before the mark is registered, if such applicant cannot prevail without establishing constructive use pursuant to section 1057(c) of this title.

**(b) Civil action; persons entitled to; jurisdiction of court; status of Director; procedure**

(1) Whenever a person authorized by subsection (a) of this section to appeal to the United States Court of Appeals for the Federal Circuit is dissatisfied with the decision of the Director or Trademark Trial and Appeal Board, said person may, unless appeal has been taken to said United States Court of Appeals for the Federal Circuit, have remedy by a civil action if commenced within such time after such decision, not less than sixty days, as the Director appoints or as provided in subsection (a) of this section. The court may adjudge that an applicant is entitled to a registration upon the application involved, that a registration involved should be canceled, or such other matter as the issues in the proceeding require, as the facts in the case may appear. Such adjudication shall authorize the Director to take any necessary action, upon compliance with the requirements of law. However, no final judgment shall be entered in favor of an applicant under section 1051(b) of this title before the mark is registered, if such applicant cannot prevail without establishing constructive use pursuant to section 1057(c) of this title.

(2) The Director shall not be made a party to an inter partes proceeding under this subsection, but he shall be notified of the filing of the complaint by the clerk of the court in which it is filed and shall have the right to intervene in the action.

(3) In any case where there is no adverse party, a copy of the complaint shall be served on the Director, and, unless the court finds the expenses to be unreasonable, all the expenses of the proceeding shall be paid by the party bringing the case, whether the final decision is in favor of such party or not. In suits brought hereunder, the record in the United States Patent and Trademark Office shall be admitted on motion of any party, upon such terms and conditions as to costs, expenses, and the further cross-examination of the witnesses as the court imposes, without prejudice to the right of any party to take further testimony. The testimony and exhibits of the record in the United States Patent and Trademark Office, when admitted, shall have the same effect as if originally taken and produced in the suit.

(4) Where there is an adverse party, such suit may be instituted against the party in interest as shown by the records of the United States Patent and Trademark Office at the time of the decision complained of, but any party in inter-

est may become a party to the action. If there are adverse parties residing in a plurality of districts not embraced within the same State, or an adverse party residing in a foreign country, the United States District Court for the Eastern District of Virginia shall have jurisdiction and may issue summons against the adverse parties directed to the marshal of any district in which any adverse party resides. Summons against adverse parties residing in foreign countries may be served by publication or otherwise as the court directs.

### § 1092. Publication; not subject to opposition; cancellation

#### (a) Applications; services; materials

The Director shall establish fees for the filing and processing of an application for the registration of a trademark or other mark and for all other services performed by and materials furnished by the Patent and Trademark Office re-

Fees established under this subsection may be adjusted by the Director once each year to reflect, in the aggregate, any fluctuations during the preceding 12 months in the Consumer Price Index, as determined by the Secretary of Labor. Changes of less than 1 percent may be ignored. No fee established under this section shall take effect until at least 30 days after notice of the fee has been published in the Federal Register and in the Official Gazette of the Patent and Trademark Office.

**(b) Waiver; Indian products**

The Director may waive the payment of any fee for any service or material related to trademarks or other marks in connection with an occasional request made by a department or agency of the Government, or any officer thereof. The Indian Arts and Crafts Board will not be charged any fee to register Government trademarks of genuineness and quality for Indian products or for products of particular Indian tribes and groups.

### § 1114. Remedies; infringement; innocent infringement by printers and publishers

(1) Any person who shall, without the consent of the registrant—

(a) use in commerce any reproduction, counterfeit, copy, or colorable imitation of a registered mark in connection with the sale, offering for sale, distribution, or advertising of any goods or services on or in connection with which such use is likely to cause confusion, or to cause mistake, or to deceive; or

(b) reproduce, counterfeit, copy, or colorably imitate a registered mark and apply such reproduction, counterfeit, copy, or colorable imitation to labels, signs, prints, packages, wrappers, receptacles or advertisements intended to be used in commerce upon or in connection with the sale, offering for sale, distribution, or advertising of goods or services on or in connection with which such use is likely to cause confusion, or to cause mistake, or to deceive,

shall be liable in a civil action by the registrant for the remedies hereinafter provided. Under subsection (b) hereof, the registrant shall not be entitled to recover profits or damages unless the acts have been committed with knowledge that such imitation is intended to be used to cause confusion, or to cause mistake, or to deceive.

As used in this paragraph, the term "any person" includes the United States, all agencies and instrumentalities thereof, and all individuals, firms, corporations, or other persons acting for the United States and with the authorization and consent of the United States, and any State, any instrumentality of a State, and any officer or employee of a State or instrumentality of a State acting in his or her official capacity. The United States, all agencies and instrumentalities thereof, and all individuals, firms, corporations, other persons acting for the United States and with the authorization and consent of the United States, and any State, and any such instrumentality, officer, or employee, shall be subject to the provisions of this chapter in the same manner and to the same extent as any nongovernmental entity.

(2) Notwithstanding any other provision of this chapter, the remedies given to the owner of a right infringed under this chapter or to a person bringing an action under section 1125(a) or (d) of this title shall be limited as follows:

(A) Where an infringer or violator is engaged solely in the business of printing the mark or violating matter for others and establishes that he or she was an innocent infringer or innocent violator, the owner of the right infringed or person bringing the action under section 1125(a) of this title shall be entitled as against such infringer or violator only to an injunction against future printing.

(B) Where the infringement or violation complained of is contained in or is part of paid advertising matter in a newspaper, magazine, or other similar periodical or in an electronic communication as defined in section 2510(12) of title 18, the remedies of the owner of the right infringed or person bringing the action under section 1125(a) of this title as against the publisher or distributor of such newspaper, maga-

zine, or other similar periodical or electronic communication shall be limited to an injunction against the presentation of such advertising matter in future issues of such newspapers, magazines, or other similar periodicals or in future transmissions of such electronic communications. The limitations of this subparagraph shall apply only to innocent infringers and innocent violators.

(C) Injunctive relief shall not be available to the owner of the right infringed or person bringing the action under section 1125(a) of this title with respect to an issue of a newspaper, magazine, or other similar periodical or an electronic communication containing infringing matter or violating matter where restraining the dissemination of such infringing matter or violating matter in any particular issue of such periodical or in an electronic communication would delay the delivery of such issue or transmission of such electronic communication after the regular time for such delivery or transmission, and such delay would be due to the method by which publication and distribution of such periodical or transmission of such electronic communication is customarily conducted in accordance with sound business practice, and not due to any method or device adopted to evade this section or to prevent or delay the issuance of an injunction or restraining order with respect to such infringing matter or violating matter.

(D)(i)(I) A domain name registrar, a domain name registry, or other domain name registration authority that takes any action described under clause (i) affecting a domain name shall not be liable for monetary relief or, except as provided in subclause (II), for injunctive relief, to any person for such action, regardless of whether the domain name is finally determined to infringe or dilute the mark.

(II) A domain name registrar, domain name registry, or other domain name registration authority described in subclause (I) may be subject to injunctive relief only if such registrar, registry, or other registration authority has—

(aa) not expeditiously deposited with a court, in which an action has been filed regarding the disposition of the domain name, documents sufficient for the court to establish the court's control and authority regarding the disposition of the registration and use of the domain name;

(bb) transferred, suspended, or otherwise modified the domain name during the pendency of the action, except upon order of the court; or

(cc) willfully failed to comply with any such court order.

(ii) An action referred to under clause (i)(I) is any action of refusing to register, removing from registration, transferring, temporarily disabling, or permanently canceling a domain name—

(I) in compliance with a court order under section 1125(d) of this title; or

(II) in the implementation of a reasonable policy by such registrar, registry, or authority prohibiting the registration of a domain name that is identical to, confusingly similar to, or dilutive of another's mark.

(iii) A domain name registrar, a domain name registry, or other domain name registration authority shall not be liable for damages under this section for the registration or maintenance of a domain name for another absent a showing of bad faith intent to profit from such registration or maintenance of the domain name.

(iv) If a registrar, registry, or other registration authority takes an action described under clause (ii) based on a knowing and material misrepresentation by any other person that a domain name is identical to, confusingly similar to, or dilutive of a mark, the person making the knowing and material misrepresentation shall be liable for any damages, including costs and attorney's fees, incurred by the domain name registrant as a result of such action. The court may also grant injunctive relief to the domain name registrant, including the reactivation of the domain name or the transfer of the domain name to the domain name registrant.

(v) A domain name registrant whose domain name has been suspended, disabled, or transferred under a policy described under clause (ii)(II) may, upon notice to the mark owner, file a civil action to establish that the registration or use of the domain name by such registrant is not unlawful under this chapter. The court may grant injunctive relief to the domain name registrant, including the reactivation of the domain name or transfer of the domain name to the domain name registrant.

(E) As used in this paragraph—

(i) the term "violation" means a person who violates section 1125(a) of this title; and

(ii) the term "violating matter" means matter that is the subject of a violation under section 1125(a) of this title.

(3)(A) Any person who engages in the conduct described in paragraph (11) of section 110 of title 17 and who complies with the requirements set forth in that paragraph is not liable on account of such conduct for a violation of any right under this chapter. This subparagraph does not preclude liability, nor shall it be construed to restrict the defenses or limitations on rights granted under this chapter, of a person for conduct not described in paragraph (11) of section 110 of title 17, even if that person also engages in conduct described in paragraph (11) of section 110 of such title.

(B) A manufacturer, licensee, or licensor of technology that enables the making of limited portions of audio or video content of a motion picture imperceptible as described in subparagraph (A) is not liable on account of such manufacture or license for a violation of any right under this chapter, if such manufacturer, licensee, or licensor ensures that the technology provides a clear and conspicuous notice at the beginning of each performance that the performance of the motion picture is altered from the performance intended by the director or copyright holder of the motion picture. The limitations on liability in subparagraph (A) and this subparagraph shall not apply to a manufacturer, licensee, or licensor of technology that fails to comply with this paragraph.

(C) The requirement under subparagraph (B) to provide notice shall apply only with respect

to technology manufactured after the end of the 180-day period beginning on April 27, 2005.

(D) Any failure by a manufacturer, licensee, or licensor of technology to qualify for the exemption under subparagraphs (A) and (B) shall not be construed to create an inference that any such party that engages in conduct described in paragraph (11) of section 110 of title 17 is liable for trademark infringement by reason of such conduct.

### § 1115. Registration on principal register as evidence of exclusive right to use mark; defenses

#### (a) Evidentiary value; defenses

Any registration issued under the Act of March 3, 1881, or the Act of February 20, 1905, or of a mark registered on the principal register provided by this chapter and owned by a party to an action shall be admissible in evidence and shall be prima facie evidence of the validity of the registered mark and of the registration of the mark, of the registrant’s ownership of the mark, and of the registrant’s exclusive right to use the registered mark in commerce on or in connection with the goods or services specified in the registration subject to any conditions or limitations stated therein, but shall not pre-

clude another person from proving any legal or equitable defense or defect, including those set forth in subsection (b) of this section, which might have been asserted if such mark had not been registered.

**(b) Incontestability; defenses**

To the extent that the right to use the registered mark has become incontestable under section 1065 of this title, the registration shall be conclusive evidence of the validity of the registered mark and of the registration of the mark, of the registrant's ownership of the mark, and of the registrant's exclusive right to use the registered mark in commerce. Such conclusive evidence shall relate to the exclusive right to use the mark on or in connection with the goods or services specified in the affidavit filed under the provisions of section 1065 of this title, or in the renewal application filed under the provisions of section 1059 of this title if the goods or services specified in the renewal are fewer in number, subject to any conditions or limitations in the registration or in such affidavit or renewal application. Such conclusive evidence of the right to use the registered mark shall be subject to proof of infringement as defined in section 1114 of this title, and shall be subject to the following defenses or defects:

(1) That the registration or the incontestable right to use the mark was obtained fraudulently; or

(2) That the mark has been abandoned by the registrant; or

(3) That the registered mark is being used by or with the permission of the registrant or a person in privity with the registrant, so as to misrepresent the source of the goods or services on or in connection with which the mark is used; or

(4) That the use of the name, term, or device charged to be an infringement is a use, otherwise than as a mark, of the party's individual name in his own business, or of the individual name of anyone in privity with such party, or of a term or device which is descriptive of and used fairly and in good faith only to describe the goods or services of such party, or their geographic origin; or

(5) That the mark whose use by a party is charged as an infringement was adopted without knowledge of the registrant's prior use and has been continuously used by such party or those in privity with him from a date prior to (A) the date of constructive use of the mark established pursuant to section 1057(c) of this title, (B) the registration of the mark under this chapter if the application for registration is filed before the effective date of the Trademark Law Revision Act of 1988, or (C) publication of the registered mark under subsection (c) of section 1062 of this title: *Provided, however*, That this defense or defect shall apply only for the area in which such continuous prior use is proved; or

(6) That the mark whose use is charged as an infringement was registered and used prior to the registration under this chapter or publication under subsection (c) of section 1062 of this title of the registered mark of the registrant, and not abandoned: *Provided, however*, That

this defense or defect shall apply only for the area in which the mark was used prior to such registration or such publication of the registrant's mark; or

(7) That the mark has been or is being used to violate the antitrust laws of the United States; or

(8) That the mark is functional; or

(9) That equitable principles, including laches, estoppel, and acquiescence, are applicable.

#### REPEAL AND EFFECT ON EXISTING RIGHTS

Repeal of inconsistent provisions, effect of this chapter on pending proceedings and existing registrations and rights under prior acts, see notes set out under section 1051 of this title.

### § 1116. Injunctive relief

#### (a) Jurisdiction; service

The several courts vested with jurisdiction of civil actions arising under this chapter shall have power to grant injunctions, according to the principles of equity and upon such terms as the court may deem reasonable, to prevent the violation of any right of the registrant of a mark registered in the Patent and Trademark Office or to prevent a violation under subsection (a), (c), or (d) of section 1125 of this title. Any such injunction may include a provision directing the defendant to file with the court and serve on the plaintiff within thirty days after the service on the defendant of such injunction, or such extended period as the court may direct, a report in writing under oath setting forth in detail the manner and form in which the defendant has complied with the injunction. Any such injunction granted upon hearing, after notice to the defendant, by any district court of the United States, may be served on the parties against whom such injunction is granted anywhere in the United States where they may be found, and shall be operative and may be enforced by proceedings to punish for contempt, or otherwise, by the court by which such injunction was granted, or by any other United States district court in whose jurisdiction the defendant may be found.

#### (b) Transfer of certified copies of court papers

The said courts shall have jurisdiction to enforce said injunction, as provided in this chapter, as fully as if the injunction had been granted by the district court in which it is sought to be enforced. The clerk of the court or judge granting the injunction shall, when required to do so by the court before which application to

enforce said injunction is made, transfer without delay to said court a certified copy of all papers on file in his office upon which said injunction was granted.

#### (c) Notice to Director

It shall be the duty of the clerks of such courts within one month after the filing of any action, suit, or proceeding involving a mark registered under the provisions of this chapter to give notice thereof in writing to the Director setting forth in order so far as known the names and addresses of the litigants and the designating number or numbers of the registration or registrations upon which the action, suit, or proceeding has been brought, and in the event any other registration be subsequently included in the action, suit, or proceeding by amendment, answer, or other pleading, the clerk shall give like notice thereof to the Director, and within one month after the judgment is entered or an appeal is taken the clerk of the court shall give notice thereof to the Director, and it shall be the duty of the Director on receipt of such notice forthwith to endorse the same upon the file wrapper of the said registration or registrations and to incorporate the same as a part of the contents of said file wrapper.

#### (d) Civil actions arising out of use of counterfeit marks

(1)(A) In the case of a civil action arising under section 1114(1)(a) of this title or section 220506 of title 36 with respect to a violation that consists of using a counterfeit mark in connection with the sale, offering for sale, or distribution of goods or services, the court may, upon ex parte application, grant an order under subsection (a) of this section pursuant to this subsection providing for the seizure of goods and counterfeit marks involved in such violation and the means of making such marks, and records documenting the manufacture, sale, or receipt of things involved in such violation.

(B) As used in this subsection the term "counterfeit mark" means—

(i) a counterfeit of a mark that is registered on the principal register in the United States Patent and Trademark Office for such goods or services sold, offered for sale, or distributed and that is in use, whether or not the person against whom relief is sought knew such mark was so registered; or

(ii) a spurious designation that is identical with, or substantially indistinguishable from, a designation as to which the remedies of this chapter are made available by reason of section 220506 of title 36;

but such term does not include any mark or designation used on or in connection with goods or services of which the manufacture<sup>1</sup> or producer was, at the time of the manufacture or production in question authorized to use the mark or designation for the type of goods or services so manufactured or produced, by the holder of the right to use such mark or designation.

(2) The court shall not receive an application under this subsection unless the applicant has given such notice of the application as is reason-

able under the circumstances to the United States attorney for the judicial district in which such order is sought. Such attorney may participate in the proceedings arising under such application if such proceedings may affect evidence of an offense against the United States. The court may deny such application if the court determines that the public interest in a potential prosecution so requires.

(3) The application for an order under this subsection shall—

(A) be based on an affidavit or the verified complaint establishing facts sufficient to support the findings of fact and conclusions of law required for such order; and

(B) contain the additional information required by paragraph (5) of this subsection to be set forth in such order.

(4) The court shall not grant such an application unless—

(A) the person obtaining an order under this subsection provides the security determined adequate by the court for the payment of such damages as any person may be entitled to recover as a result of a wrongful seizure or wrongful attempted seizure under this subsection; and

(B) the court finds that it clearly appears from specific facts that—

(i) an order other than an ex parte seizure order is not adequate to achieve the purposes of section 1114 of this title;

(ii) the applicant has not publicized the requested seizure;

(iii) the applicant is likely to succeed in showing that the person against whom seizure would be ordered used a counterfeit mark in connection with the sale, offering for sale, or distribution of goods or services;

(iv) an immediate and irreparable injury will occur if such seizure is not ordered;

(v) the matter to be seized will be located at the place identified in the application;

(vi) the harm to the applicant of denying the application outweighs the harm to the legitimate interests of the person against whom seizure would be ordered of granting the application; and

(vii) the person against whom seizure would be ordered, or persons acting in concert with such person, would destroy, move, hide, or otherwise make such matter inaccessible to the court, if the applicant were to proceed on notice to such person.

(5) An order under this subsection shall set forth—

(A) the findings of fact and conclusions of law required for the order;

(B) a particular description of the matter to be seized, and a description of each place at which such matter is to be seized;

(C) the time period, which shall end not later than seven days after the date on which such order is issued, during which the seizure is to be made;

(D) the amount of security required to be provided under this subsection; and

(E) a date for the hearing required under paragraph (10) of this subsection.

(6) The court shall take appropriate action to protect the person against whom an order under

this subsection is directed from publicity, by or at the behest of the plaintiff, about such order and any seizure under such order.

(7) Any materials seized under this subsection shall be taken into the custody of the court. For seizures made under this section, the court shall enter an appropriate protective order with respect to discovery and use of any records or information that has been seized. The protective order shall provide for appropriate procedures to ensure that confidential, private, proprietary, or privileged information contained in such records is not improperly disclosed or used.

(8) An order under this subsection, together with the supporting documents, shall be sealed until the person against whom the order is directed has an opportunity to contest such order, except that any person against whom such order is issued shall have access to such order and supporting documents after the seizure has been carried out.

(9) The court shall order that service of a copy of the order under this subsection shall be made by a Federal law enforcement officer (such as a United States marshal or an officer or agent of the United States Customs Service, Secret Service, Federal Bureau of Investigation, or Post Office) or may be made by a State or local law enforcement officer, who, upon making service, shall carry out the seizure under the order. The court shall issue orders, when appropriate, to protect the defendant from undue damage from the disclosure of trade secrets or other confidential information during the course of the seizure, including, when appropriate, orders restricting the access of the applicant (or any agent or employee of the applicant) to such secrets or information.

(10)(A) The court shall hold a hearing, unless waived by all the parties, on the date set by the court in the order of seizure. That date shall be not sooner than ten days after the order is issued and not later than fifteen days after the order is issued, unless the applicant for the order shows good cause for another date or unless the party against whom such order is directed consents to another date for such hearing. At such hearing the party obtaining the order shall have the burden to prove that the facts supporting findings of fact and conclusions of law necessary to support such order are still in effect. If that party fails to meet that burden, the seizure order shall be dissolved or modified appropriately.

(B) In connection with a hearing under this paragraph, the court may make such orders modifying the time limits for discovery under the Rules of Civil Procedure as may be necessary to prevent the frustration of the purposes of such hearing.

(11) A person who suffers damage by reason of a wrongful seizure under this subsection has a cause of action against the applicant for the order under which such seizure was made, and shall be entitled to recover such relief as may be appropriate, including damages for lost profits, cost of materials, loss of good will, and punitive damages in instances where the seizure was sought in bad faith, and, unless the court finds extenuating circumstances, to recover a reasonable attorney's fee. The court in its discretion

may award prejudgment interest on relief recovered under this paragraph, at an annual interest rate established under section 6621(a)(2) of title 26, commencing on the date of service of the claimant's pleading setting forth the claim under this paragraph and ending on the date such recovery is granted, or for such shorter time as the court deems appropriate.

### § 1117. Recovery for violation of rights

#### (a) Profits; damages and costs; attorney fees

When a violation of any right of the registrant of a mark registered in the Patent and Trademark Office, a violation under section 1125(a) or (d) of this title, or a willful violation under section 1125(c) of this title, shall have been established in any civil action arising under this chapter, the plaintiff shall be entitled, subject to the provisions of sections 1111 and 1114 of this title, and subject to the principles of equity, to recover (1) defendant's profits, (2) any damages sustained by the plaintiff, and (3) the costs of the action. The court shall assess such profits

and damages or cause the same to be assessed under its direction. In assessing profits the plaintiff shall be required to prove defendant's sales only; defendant must prove all elements of cost or deduction claimed. In assessing damages the court may enter judgment, according to the circumstances of the case, for any sum above the amount found as actual damages, not exceeding three times such amount. If the court shall find that the amount of the recovery based on profits is either inadequate or excessive the court may in its discretion enter judgment for such sum as the court shall find to be just, according to the circumstances of the case. Such sum in either of the above circumstances shall constitute compensation and not a penalty. The court in exceptional cases may award reasonable attorney fees to the prevailing party.

**(b) Treble damages for use of counterfeit mark**

In assessing damages under subsection (a) for any violation of section 1114(1)(a) of this title or section 220506 of title 36, in a case involving use of a counterfeit mark or designation (as defined in section 1116(d) of this title), the court shall, unless the court finds extenuating circumstances, enter judgment for three times such profits or damages, whichever amount is greater, together with a reasonable attorney's fee, if the violation consists of—

(1) intentionally using a mark or designation, knowing such mark or designation is a counterfeit mark (as defined in section 1116(d) of this title), in connection with the sale, offering for sale, or distribution of goods or services; or

(2) providing goods or services necessary to the commission of a violation specified in paragraph (1), with the intent that the recipient of the goods or services would put the goods or services to use in committing the violation.

In such a case, the court may award prejudgment interest on such amount at an annual interest rate established under section 6621(a)(2) of title 26, beginning on the date of the service of the claimant's pleadings setting forth the claim for such entry of judgment and ending on the date such entry is made, or for such shorter time as the court considers appropriate.

**(c) Statutory damages for use of counterfeit marks**

In a case involving the use of a counterfeit mark (as defined in section 1116(d) of this title) in connection with the sale, offering for sale, or distribution of goods or services, the plaintiff may elect, at any time before final judgment is rendered by the trial court, to recover, instead of actual damages and profits under subsection (a) of this section, an award of statutory damages for any such use in connection with the sale, offering for sale, or distribution of goods or services in the amount of—

(1) not less than \$1,000 or more than \$200,000 per counterfeit mark per type of goods or services sold, offered for sale, or distributed, as the court considers just; or

(2) if the court finds that the use of the counterfeit mark was willful, not more than \$2,000,000 per counterfeit mark per type of

goods or services sold, offered for sale, or distributed, as the court considers just.

**(d) Statutory damages for violation of section 1125(d)(1)**

In a case involving a violation of section 1125(d)(1) of this title, the plaintiff may elect, at any time before final judgment is rendered by the trial court, to recover, instead of actual damages and profits, an award of statutory damages in the amount of not less than \$1,000 and not more than \$100,000 per domain name, as the court considers just.

**(e) Rebuttable presumption of willful violation**

In the case of a violation referred to in this section, it shall be a rebuttable presumption that the violation is willful for purposes of determining relief if the violator, or a person acting in concert with the violator, knowingly provided or knowingly caused to be provided materially false contact information to a domain name registrar, domain name registry, or other domain name registration authority in registering, maintaining, or renewing a domain name used in connection with the violation. Nothing in this subsection limits what may be considered a willful violation under this section.

**§ 1125. False designations of origin, false descriptions, and dilution forbidden**

**(a) Civil action**

(1) Any person who, on or in connection with any goods or services, or any container for goods, uses in commerce any word, term, name, symbol, or device, or any combination thereof, or any false designation of origin, false or misleading description of fact, or false or misleading representation of fact, which—

(A) is likely to cause confusion, or to cause mistake, or to deceive as to the affiliation, connection, or association of such person with another person, or as to the origin, sponsorship, or approval of his or her goods, services, or commercial activities by another person, or

(2) As used in this subsection, the term "any person" includes any State, instrumentality of a State or employee of a State or instrumentality of a State acting in his or her official capacity. Any State, and any such instrumentality, officer, or employee, shall be subject to the provisions of this chapter in the same manner and to the same extent as any nongovernmental entity.

(3) In a civil action for trade dress infringement under this chapter for trade dress not registered on the principal register, the person who asserts trade dress protection has the burden of proving that the matter sought to be protected is not functional.

**(b) Importation**

Any goods marked or labeled in contravention of the provisions of this section shall not be imported into the United States or admitted to entry at any customhouse of the United States. The owner, importer, or consignee of goods refused entry at any customhouse under this section may have any recourse by protest or appeal that is given under the customs revenue laws or may have the remedy given by this chapter in cases involving goods refused entry or seized.

**(c) Dilution by blurring; dilution by tarnishment**

**(1) Injunctive relief**

Subject to the principles of equity, the owner of a famous mark that is distinctive, inherently or through acquired distinctiveness, shall be entitled to an injunction against another person who, at any time after the owner's mark has become famous, commences use

of a mark or trade name in commerce that is likely to cause dilution by blurring or dilution by tarnishment of the famous mark, regardless of the presence or absence of actual or likely confusion, of competition, or of actual economic injury.

**(2) Definitions**

(A) For purposes of paragraph (1), a mark is famous if it is widely recognized by the general consuming public of the United States as a designation of source of the goods or services of the mark's owner. In determining whether a mark possesses the requisite degree of recognition, the court may consider all relevant factors, including the following:

(i) The duration, extent, and geographic reach of advertising and publicity of the mark, whether advertised or publicized by the owner or third parties.

(ii) The amount, volume, and geographic extent of sales of goods or services offered under the mark.

(iii) The extent of actual recognition of the mark.

(iv) Whether the mark was registered under the Act of March 3, 1881, or the Act of February 20, 1905, or on the principal register.

(B) For purposes of paragraph (1), "dilution by blurring" is association arising from the similarity between a mark or trade name and a famous mark that impairs the distinctiveness of the famous mark. In determining whether a mark or trade name is likely to cause dilution by blurring, the court may consider all relevant factors, including the following:

(i) The degree of similarity between the mark or trade name and the famous mark.

(ii) The degree of inherent or acquired distinctiveness of the famous mark.

(iii) The extent to which the owner of the famous mark is engaging in substantially exclusive use of the mark.

(iv) The degree of recognition of the famous mark.

(v) Whether the user of the mark or trade name intended to create an association with the famous mark.

(vi) Any actual association between the mark or trade name and the famous mark.

(C) For purposes of paragraph (1), "dilution by tarnishment" is association arising from the similarity between a mark or trade name and a famous mark that harms the reputation of the famous mark.

**(3) Exclusions**

The following shall not be actionable as dilution by blurring or dilution by tarnishment under this subsection:

(A) Any fair use, including a nominative or descriptive fair use, or facilitation of such fair use, of a famous mark by another person other than as a designation of source for the person's own goods or services, including use in connection with—

(i) advertising or promotion that permits consumers to compare goods or services; or

(ii) identifying and parodying, criticizing, or commenting upon the famous mark owner or the goods or services of the famous mark owner.

(B) All forms of news reporting and news commentary.

(C) Any noncommercial use of a mark.

**(4) Burden of proof**

In a civil action for trade dress dilution under this chapter for trade dress not registered on the principal register, the person who asserts trade dress protection has the burden of proving that—

(A) the claimed trade dress, taken as a whole, is not functional and is famous; and

(B) if the claimed trade dress includes any mark or marks registered on the principal register, the unregistered matter, taken as a whole, is famous separate and apart from any fame of such registered marks.

**(5) Additional remedies**

In an action brought under this subsection, the owner of the famous mark shall be entitled to injunctive relief as set forth in section 1116 of this title. The owner of the famous mark shall also be entitled to the remedies set forth in sections 1117(a) and 1118 of this title, subject to the discretion of the court and the principles of equity if—

(A) the mark or trade name that is likely to cause dilution by blurring or dilution by tarnishment was first used in commerce by the person against whom the injunction is sought after October 6, 2006; and

(B) in a claim arising under this subsection—

(i) by reason of dilution by blurring, the person against whom the injunction is sought willfully intended to trade on the recognition of the famous mark; or

(ii) by reason of dilution by tarnishment, the person against whom the injunction is sought willfully intended to harm the reputation of the famous mark.

**(6) Ownership of valid registration a complete bar to action**

The ownership by a person of a valid registration under the Act of March 3, 1881, or the Act of February 20, 1905, or on the principal register under this chapter shall be a complete bar to an action against that person, with respect to that mark, that—

(A)(i) is brought by another person under the common law or a statute of a State; and

(ii) seeks to prevent dilution by blurring or dilution by tarnishment; or

(B) asserts any claim of actual or likely damage or harm to the distinctiveness or reputation of a mark, label, or form of advertisement.

**(7) Savings clause**

Nothing in this subsection shall be construed to impair, modify, or supersede the applicability of the patent laws of the United States.

**(d) Cyberpiracy prevention**

(1)(A) A person shall be liable in a civil action by the owner of a mark, including a personal

name which is protected as a mark under this section, if, without regard to the goods or services of the parties, that person—

(i) has a bad faith intent to profit from that mark, including a personal name which is protected as a mark under this section; and

(ii) registers, traffics in, or uses a domain name that—

(I) in the case of a mark that is distinctive at the time of registration of the domain name, is identical or confusingly similar to that mark;

(II) in the case of a famous mark that is famous at the time of registration of the domain name, is identical or confusingly similar to or dilutive of that mark; or

(III) is a trademark, word, or name protected by reason of section 706 of title 18 or section 220506 of title 36.

(B)(i) In determining whether a person has a bad faith intent described under subparagraph (A), a court may consider factors such as, but not limited to—

(I) the trademark or other intellectual property rights of the person, if any, in the domain name;

(II) the extent to which the domain name consists of the legal name of the person or a name that is otherwise commonly used to identify that person;

(III) the person's prior use, if any, of the domain name in connection with the bona fide offering of any goods or services;

(IV) the person's bona fide noncommercial or fair use of the mark in a site accessible under the domain name;

(V) the person's intent to divert consumers from the mark owner's online location to a site accessible under the domain name that could harm the goodwill represented by the mark, either for commercial gain or with the intent to tarnish or disparage the mark, by creating a likelihood of confusion as to the source, sponsorship, affiliation, or endorsement of the site;

(VI) the person's offer to transfer, sell, or otherwise assign the domain name to the mark owner or any third party for financial gain without having used, or having an intent to use, the domain name in the bona fide offering of any goods or services, or the person's prior conduct indicating a pattern of such conduct;

(VII) the person's provision of material and misleading false contact information when applying for the registration of the domain name, the person's intentional failure to maintain accurate contact information, or the person's prior conduct indicating a pattern of such conduct;

(VIII) the person's registration or acquisition of multiple domain names which the person knows are identical or confusingly similar to marks of others that are distinctive at the time of registration of such domain names, or dilutive of famous marks of others that are famous at the time of registration of such domain names, without regard to the goods or services of the parties; and

(IX) the extent to which the mark incorporated in the person's domain name registra-

tion is or is not distinctive and famous within the meaning of subsection (c).

(i) Bad faith intent described under subparagraph (A) shall not be found in any case in which the court determines that the person believed and had reasonable grounds to believe that the use of the domain name was a fair use or otherwise lawful.

(C) In any civil action involving the registration, trafficking, or use of a domain name under this paragraph, a court may order the forfeiture or cancellation of the domain name or the transfer of the domain name to the owner of the mark.

(D) A person shall be liable for using a domain name under subparagraph (A) only if that person is the domain name registrant or that registrant's authorized licensee.

(E) As used in this paragraph, the term "traffics in" refers to transactions that include, but are not limited to, sales, purchases, loans, pledges, licenses, exchanges of currency, and any other transfer for consideration or receipt in exchange for consideration.

(2)(A) The owner of a mark may file an in rem civil action against a domain name in the judicial district in which the domain name registrar, domain name registry, or other domain name authority that registered or assigned the domain name is located if—

(i) the domain name violates any right of the owner of a mark registered in the Patent and Trademark Office, or protected under subsection (a) or (c) of this section; and

(ii) the court finds that the owner—

(I) is not able to obtain in personam jurisdiction over a person who would have been a defendant in a civil action under paragraph (1); or

(II) through due diligence was not able to find a person who would have been a defendant in a civil action under paragraph (1) by—

(aa) sending a notice of the alleged violation and intent to proceed under this paragraph to the registrant of the domain name at the postal and e-mail address provided by the registrant to the registrar; and

(bb) publishing notice of the action as the court may direct promptly after filing the action.

(B) The actions under subparagraph (A)(ii) shall constitute service of process.

(C) In an in rem action under this paragraph, a domain name shall be deemed to have its situs in the judicial district in which—

(i) the domain name registrar, registry, or other domain name authority that registered or assigned the domain name is located; or

(ii) documents sufficient to establish control and authority regarding the disposition of the registration and use of the domain name are deposited with the court.

(D)(i) The remedies in an in rem action under this paragraph shall be limited to a court order for the forfeiture or cancellation of the domain name or the transfer of the domain name to the owner of the mark. Upon receipt of written notification of a filed, stamped copy of a complaint filed by the owner of a mark in a United States

district court under this paragraph, the domain name registrar, domain name registry, or other domain name authority shall—

(I) expeditiously deposit with the court documents sufficient to establish the court's control and authority regarding the disposition of the registration and use of the domain name to the court; and

(II) not transfer, suspend, or otherwise modify the domain name during the pendency of the action, except upon order of the court.

(ii) The domain name registrar or registry or other domain name authority shall not be liable for injunctive or monetary relief under this paragraph except in the case of bad faith or reckless disregard, which includes a willful failure to comply with any such court order.

(3) The civil action established under paragraph (1) and the in rem action established under paragraph (2), and any remedy available under either such action, shall be in addition to any other civil action or remedy otherwise applicable.

(4) The in rem jurisdiction established under paragraph (2) shall be in addition to any other jurisdiction that otherwise exists, whether in rem or in personam.

### § 1126. International conventions

#### (a) Register of marks communicated by international bureaus

The Director shall keep a register of all marks communicated to him by the international bureaus provided for by the conventions for the protection of industrial property, trademarks, trade and commercial names, and the repression of unfair competition to which the United States is or may become a party, and upon the payment of the fees required by such conventions and the fees required in this chapter may place the marks so communicated upon such register. This register shall show a facsimile of the mark or trade or commercial name; the name, citizenship, and address of the registrant; the number, date, and place of the first registration of the mark, including the dates on which application for such registration was filed and granted and the term of such registration; a list of goods or services to which the mark is applied as shown by the registration in the country of origin, and such other data as may be useful concerning the mark. This register shall be a continuation of the register provided in section 1(a) of the Act of March 19, 1920.

#### (b) Benefits of section to persons whose country of origin is party to convention or treaty

Any person whose country of origin is a party to any convention or treaty relating to trademarks, trade or commercial names, or the repression of unfair competition, to which the United States is also a party, or extends reciprocal rights to nationals of the United States by law, shall be entitled to the benefits of this section under the conditions expressed herein to the extent necessary to give effect to any provision of such convention, treaty or reciprocal law, in addition to the rights to which any owner of a mark is otherwise entitled by this chapter.

#### (c) Prior registration in country of origin; country of origin defined

No registration of a mark in the United States by a person described in subsection (b) of this section shall be granted until such mark has been registered in the country of origin of the applicant, unless the applicant alleges use in commerce.

For the purposes of this section, the country of origin of the applicant is the country in which he has a bona fide and effective industrial or commercial establishment, or if he has not such an establishment the country in which he is domiciled, or if he has not a domicile in any of the countries described in subsection (b) of this section, the country of which he is a national.

**(d) Right of priority**

An application for registration of a mark under section 1051, 1053, 1054, or 1091 of this title or under subsection (e) of this section, filed by a person described in subsection (b) of this section who has previously duly filed an application for registration of the same mark in one of the countries described in subsection (b) of this section shall be accorded the same force and effect as would be accorded to the same application if filed in the United States on the same date on which the application was first filed in such foreign country: *Provided, That*—

(1) the application in the United States is filed within six months from the date on which the application was first filed in the foreign country;

(2) the application conforms as nearly as practicable to the requirements of this chapter, including a statement that the applicant has a bona fide intention to use the mark in commerce;

In like manner and subject to the same conditions and requirements, the right provided in this section may be based upon a subsequent regularly filed application in the same foreign country, instead of the first filed foreign application: *Provided, That* any foreign application filed prior to such subsequent application has been withdrawn, abandoned, or otherwise disposed of, without having been laid open to public inspection and without leaving any rights outstanding, and has not served, nor thereafter shall serve, as a basis for claiming a right of priority.

**(e) Registration on principal or supplemental register; copy of foreign registration**

A mark duly registered in the country of origin of the foreign applicant may be registered on the principal register if eligible, otherwise on the supplemental register in this chapter provided. Such applicant shall submit, within such time period as may be prescribed by the Director, a true copy, a photocopy, a certification, or a certified copy of the registration in the country of origin of the applicant. The application must state the applicant's bona fide intention to use the mark in commerce, but use in commerce shall not be required prior to registration.

**(f) Domestic registration independent of foreign registration**

The registration of a mark under the provisions of subsections (c), (d), and (e) of this section by a person described in subsection (b) of this section shall be independent of the registration in the country of origin and the duration, validity, or transfer in the United States of such registration shall be governed by the provisions of this chapter.

**(g) Trade or commercial names of foreign nationals protected without registration**

Trade names or commercial names of persons described in subsection (b) of this section shall be protected without the obligation of filing or registration whether or not they form parts of marks.

**(h) Protection of foreign nationals against unfair competition**

Any person designated in subsection (b) of this section as entitled to the benefits and subject to the provisions of this chapter shall be entitled to effective protection against unfair competition, and the remedies provided in this chapter for infringement of marks shall be available so far as they may be appropriate in repressing acts of unfair competition.

**(i) Citizens or residents of United States entitled to benefits of section**

Citizens or residents of the United States shall have the same benefits as are granted by this section to persons described in subsection (b) of this section.

### § 1127. Construction and definitions; intent of chapter

In the construction of this chapter, unless the contrary is plainly apparent from the context—

The United States includes and embraces all territory which is under its jurisdiction and control.

The word “commerce” means all commerce which may lawfully be regulated by Congress.

The term “principal register” refers to the register provided for by sections 1051 to 1072 of this title, and the term “supplemental register” refers to the register provided for by sections 1091 to 1096 of this title.

The term “person” and any other word or term used to designate the applicant or other entitled to a benefit or privilege or rendered liable under the provisions of this chapter includes a juristic person as well as a natural person. The term “juristic person” includes a firm, corporation, union, association, or other organization capable of suing and being sued in a court of law.

The term “person” also includes the United States, any agency or instrumentality thereof, or any individual, firm, or corporation acting for the United States and with the authorization and consent of the United States. The United States, any agency or instrumentality thereof, and any individual, firm, or corporation acting for the United States and with the authorization and consent of the United States, shall be subject to the provisions of this chapter in the same manner and to the same extent as any non-governmental entity.

The term “person” also includes any State, any instrumentality of a State, and any officer or employee of a State or instrumentality of a

State acting in his or her official capacity. Any State, and any such instrumentality, officer, or employee, shall be subject to the provisions of this chapter in the same manner and to the same extent as any nongovernmental entity.

The terms “applicant” and “registrant” embrace the legal representatives, predecessors, successors and assigns of such applicant or registrant.

The term “Director” means the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office.

The term “related company” means any person whose use of a mark is controlled by the owner of the mark with respect to the nature and quality of the goods or services on or in connection with which the mark is used.

The terms “trade name” and “commercial name” mean any name used by a person to identify his or her business or vocation.

The term “trademark” includes any word, name, symbol, or device, or any combination thereof—

- (1) used by a person, or
- (2) which a person has a bona fide intention to use in commerce and applies to register on the principal register established by this chapter,

to identify and distinguish his or her goods, including a unique product, from those manufactured or sold by others and to indicate the source of the goods, even if that source is unknown.

The term “service mark” means any word, name, symbol, or device, or any combination thereof—

- (1) used by a person, or
- (2) which a person has a bona fide intention to use in commerce and applies to register on the principal register established by this chapter,

to identify and distinguish the services of one person, including a unique service, from the services of others and to indicate the source of the services, even if that source is unknown. Titles, character names, and other distinctive features of radio or television programs may be registered as service marks notwithstanding that they, or the programs, may advertise the goods of the sponsor.

The term “certification mark” means any word, name, symbol, or device, or any combination thereof—

- (1) used by a person other than its owner, or
- (2) which its owner has a bona fide intention to permit a person other than the owner to use in commerce and files an application to register on the principal register established by this chapter,

to certify regional or other origin, material, mode of manufacture, quality, accuracy, or other characteristics of such person’s goods or services or that the work or labor on the goods or services was performed by members of a union or other organization.

The term “collective mark” means a trademark or service mark—

- (1) used by the members of a cooperative, an association, or other collective group or organization, or

- (2) which such cooperative, association, or other collective group or organization has a bona fide intention to use in commerce and applies to register on the principal register established by this chapter,

and includes marks indicating membership in a union, an association, or other organization.

The term “mark” includes any trademark, service mark, collective mark, or certification mark.

The term “use in commerce” means the bona fide use of a mark in the ordinary course of trade, and not made merely to reserve a right in a mark. For purposes of this chapter, a mark shall be deemed to be in use in commerce—

- (1) on goods when—
  - (A) it is placed in any manner on the goods or their containers or the displays associated therewith or on the tags or labels affixed thereto, or if the nature of the goods makes such placement impracticable, then on documents associated with the goods or their sale, and
  - (B) the goods are sold or transported in commerce, and

- (2) on services when it is used or displayed in the sale or advertising of services and the services are rendered in commerce, or the services are rendered in more than one State or in the United States and a foreign country and the person rendering the services is engaged in commerce in connection with the services.

A mark shall be deemed to be “abandoned” if either of the following occurs:

- (1) When its use has been discontinued with intent not to resume such use. Intent not to resume may be inferred from circumstances. Nonuse for 3 consecutive years shall be prima facie evidence of abandonment. “Use” of a mark means the bona fide use of such mark made in the ordinary course of trade, and not made merely to reserve a right in a mark.

- (2) When any course of conduct of the owner, including acts of omission as well as commission, causes the mark to become the generic name for the goods or services on or in connection with which it is used or otherwise to lose its significance as a mark. Purchaser motivation shall not be a test for determining abandonment under this paragraph.

The term “colorable imitation” includes any mark which so resembles a registered mark as to be likely to cause confusion or mistake or to deceive.

The term “registered mark” means a mark registered in the United States Patent and Trademark Office under this chapter or under the Act of March 3, 1881, or the Act of February 20, 1905, or the Act of March 19, 1920. The phrase “marks registered in the Patent and Trademark Office” means registered marks.

The term “Act of March 3, 1881”, “Act of February 20, 1905”, or “Act of March 19, 1920”, means the respective Act as amended.

A “counterfeit” is a spurious mark which is identical with, or substantially indistinguishable from, a registered mark.

The term “domain name” means any alphanumeric designation which is registered with or

assigned by any domain name registrar, domain name registry, or other domain name registration authority as part of an electronic address on the Internet.

The term “Internet” has the meaning given that term in section 230(f)(1) of title 47.

Words used in the singular include the plural and vice versa.

The intent of this chapter is to regulate commerce within the control of Congress by making actionable the deceptive and misleading use of marks in such commerce; to protect registered marks used in such commerce from interference by State, or territorial legislation; to protect persons engaged in such commerce against unfair competition; to prevent fraud and deception in such commerce by the use of reproductions, copies, counterfeits, or colorable imitations of registered marks; and to provide rights and remedies stipulated by treaties and conventions respecting trademarks, trade names, and unfair competition entered into between the United States and foreign nations.

extension of protection to the United States based on that international registration. Such an application shall be treated as if it had been filed on the international registration date or the date of recordal of the request for extension of protection with the International Bureau, whichever date applies, and, if the extension of protection enjoyed priority under section 1141g of this title, shall enjoy the same priority. Such an application shall be entitled to the benefits conferred by this subsection only if the application is filed not later than 3 months after the date on which the international registration was canceled, in whole or in part, and only if the application complies with all the requirements of this chapter which apply to any application filed pursuant to section 1051 or 1126 of this title.

**§ 1193. Flammability standards or regulations**

**(a) Proceedings by Commission for determination**

Whenever the Commission finds on the basis of the investigations or research conducted pursuant to section 1201 of this title that a new or amended flammability standard or other regulation, including labeling, for a fabric, related material, or product may be needed to protect the public against unreasonable risk of the occurrence of fire leading to death or personal injury, or significant property damage, it shall institute proceedings for the determination of an appropriate flammability standard (including conditions and manner of testing) or other regulation or amendment thereto for such fabric, related material, or product.

**(b) Necessary findings; effective date; exemptions**

Each standard, regulation, or amendment thereto promulgated pursuant to this section shall be based on findings that such standard, regulation, or amendment thereto is needed to adequately protect the public against unreasonable risk of the occurrence of fire leading to death, injury, or significant property damage, is reasonable, technologically practicable, and appropriate, is limited to such fabrics, related materials, or products which have been determined to present such unreasonable risks, and shall be stated in objective terms. Each such standard, regulation, or amendment thereto, shall become effective twelve months from the date on which such standard, regulation, or amendment is promulgated, unless the Commission finds for good cause shown that an earlier or later effective date is in the public interest and publishes the reason for such finding. Each such standard or regulation or amendment thereto shall exempt fabrics related materials, or products in inventory or with the trade as of the date on which the standard, regulation, or amendment thereto, becomes effective except that, if the Commission finds that any such fabric, related material, or product is so highly flammable as to be dangerous when used by consumers for the purpose for which it is intended, it may under such conditions as the Commission may prescribe, withdraw, or limit the exemption for such fabric, related material, or product.

**(c) Collection of information by Commission; confidential status of trade secrets and related information; disclosure of confidential information**

The Commission may obtain from any person by regulation or subpoena issued pursuant thereto such information in the form of testimony, books, records, or other writings as is pertinent to the findings or determinations which it is required or authorized to make pursuant to this chapter. All information reported to or otherwise obtained by the Commission or its representative pursuant to this subsection which information contains or relates to a trade secret or other matter referred to in section 1905 of title 18, shall be considered confidential for the purpose of that section, except that such information may be disclosed to other officers or employees concerned with carrying out this chap-

ter or when relevant in any proceeding under this chapter. Nothing in this section shall authorize the withholding of information by the Commission or any officer or employee under its control, from the duly authorized committees of the Congress.

**(d) Applicability of section 553 of title 5; oral presentation**

Standards, regulations, and amendments to standards and regulations under this section shall be made in accordance with section 553 of title 5, except that interested persons shall be given an opportunity for the oral presentation of data, views, or arguments in addition to an opportunity to make written submissions. A transcript shall be kept of any oral presentation.

**(e) Judicial review; additional information before Commission; applicability of sections 701 to 706 of title 5; finality of judgment; survival of action**

(1) Any person who will be adversely affected by any such standard or regulation or amendment thereto when it is effective may at any time prior to the sixtieth day after such standard or regulation or amendment thereto is issued file a petition with the United States court of appeals for the circuit wherein such person resides or has his principal place of business, for a judicial review thereof. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commission or other officer designated by him<sup>1</sup> for that purpose. The Commission thereupon shall file in the court the record of the proceedings on which the Commission based the standard or regulation, as provided in section 2112 of title 28.

(2) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Commission, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Commission, and to be adduced upon the hearing, in such manner and upon such terms and conditions as to the court may seem proper. The Commission may modify its findings, or make new findings, by reason of the additional evidence so taken, and it shall file such modified or new findings, and its recommendations, if any, for the modification or setting aside of its original standard or regulation or amendment thereto, with the return of such additional evidence.

(3) Upon the filing of the petition referred to in paragraph (1) of this subsection, the court shall have jurisdiction to review the standard or regulation in accordance with chapter 7 of title 5 and to grant appropriate relief as provided in such chapter. The standard or regulation shall not be affirmed unless the findings required by the first sentence of subsection (b) of this section are supported by substantial evidence on the record taken as a whole. For purposes of this paragraph, the term "record" means the standard or regulation, any notice published with respect to the promulgation of such standard or

<sup>1</sup> So in original. Probably should be "it".

regulation, the transcript required by subsection (d) of this section of any oral presentation, any written submission of interested parties, and any other information which the Commission considers relevant to such standard or regulation.

(4) The judgment of the court affirming or setting aside, in whole or in part, any such standard or regulation of the Commission shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

(5) The remedies provided for in this subsection shall be in addition to and not in substitution for any other remedies provided by law.

**(f) Transcript of proceedings**

A certified copy of the transcript of the record and proceedings under subsection (e) shall be furnished by the Commission to any interested party at his request, and payment of the costs thereof, and shall be admissible in any criminal, exclusion of imports, or other proceeding arising under or in respect of this chapter, irrespective of whether proceedings with respect to the standard or regulation or amendment thereto have previously been initiated or become final under subsection (e) of this section.

**(g) Promulgation of regulation; commencement of proceeding; publication of prescribed notice of proposed rulemaking**

A proceeding for the promulgation of a regulation under this section for a fabric, related material, or product may be commenced by a notice of proposed rulemaking or by the publication in the Federal Register of an advance notice of proposed rulemaking which shall—

(1) identify the fabric, related material, or product and the nature of the risk of injury associated with the fabric, related material, or product;

(2) include a summary of each of the regulatory alternatives under consideration by the Commission (including voluntary standards);

(3) include information with respect to any existing standard known to the Commission which may be relevant to the proceedings, together with a summary of the reasons why the Commission believes preliminarily that such standard does not eliminate or adequately reduce the risk of injury identified in paragraph (1);

(4) invite interested persons to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days or more than 60 days after the date of publication of the notice), comments with respect to the risk of injury identified by the Commission, the regulatory alternatives being considered, and other possible alternatives for addressing the risk;

(5) invite any person (other than the Commission) to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days after the date of publication of the notice), an existing standard or a portion of a standard as a proposed regulation.<sup>2</sup>

(6) invite any person (other than the Commission) to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days after the date of publication of the notice), a statement of intention to modify or develop a voluntary standard to address the risk of injury identified in paragraph (1) together with a description of a plan to modify or develop the standard.

The Commission shall transmit such notice within 10 calendar days to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Energy and Commerce of the House of Representatives.

**(h) Voluntary standard; publication as proposed regulation; prerequisites for reliance by Commission**

(1) If the Commission determines that any standard submitted to it in response to an invitation in a notice published under subsection (g)(5) of this section if promulgated (in whole, in part, or in combination with any other standard submitted to the Commission or any part of such a standard) as a regulation, would eliminate or adequately reduce the risk of injury identified in the notice provided under subsection (g)(1) of this section, the Commission may publish such standard, in whole, in part, or in such combination and with nonmaterial modifications, as a proposed regulation under this section.

(2) If the Commission determines that—

(A) compliance with any standard submitted to it in response to an invitation in a notice published under subsection (g)(6) of this section is likely to result in the elimination or adequate reduction of the risk of injury identified in the notice, and

(B) it is likely that there will be substantial compliance with such standard,

the Commission shall terminate any proceeding to promulgate a regulation respecting such risk of injury and shall publish in the Federal Register a notice which includes the determination of the Commission and which notifies the public that the Commission will rely on the voluntary standard to eliminate or reduce the risk of injury, except that the Commission shall terminate any such proceeding and rely on a voluntary standard only if such voluntary standard is in existence. For purposes of this section, a voluntary standard shall be considered to be in existence when it is finally approved by the organization or other person which developed such standard, irrespective of the effective date of the standard. Before relying upon any voluntary standard, the Commission shall afford interested persons (including manufacturers, consumers, and consumer organizations) a reasonable opportunity to submit written comments regarding such standard. The Commission shall consider such comments in making any determination regarding reliance on the involved voluntary standard under this subsection.

(3) The Commission shall devise procedures to monitor compliance with any voluntary standards—

(A) upon which the Commission has relied under paragraph (2) of this subsection;

<sup>2</sup>So in original. Probably should be "regulation; and".

(B) which were developed with the participation of the Commission; or

(C) whose development the Commission has monitored.

**(i) Publication of proposed rule by Commission; preliminary regulatory analysis; contents; transmission of notice by Commission to Committees**

No regulation may be proposed by the Commission under this section unless the Commission publishes in the Federal Register the text of the proposed rule, including any alternatives, which the Commission proposes to promulgate, together with a preliminary regulatory analysis containing—

(1) a preliminary description of the potential benefits and potential costs of the proposed regulation, including any benefits or costs that cannot be quantified in monetary terms, and an identification of those likely to receive the benefits and bear the costs;

(2) a discussion of the reasons any standard or portion of a standard submitted to the Commission under subsection (g)(5) of this section was not published by the Commission as the proposed regulation or part of the proposed regulation;

(3) a discussion of the reasons for the Commission's preliminary determination that efforts proposed under subsection (g)(6) of this section and assisted by the Commission as required by section 2054(a)(3) of this title would not, within a reasonable period of time, be likely to result in the development of a voluntary standard that would eliminate or adequately reduce the risk of injury identified in the notice provided under subsection (g)(1) of this section; and

(4) a description of any reasonable alternatives to the proposed regulation, together with a summary description of their potential costs and benefits, and a brief explanation of why such alternatives should not be published as a proposed regulation.

The Commission shall transmit such notice within 10 calendar days to the appropriate Congressional committees. Nothing in this subsection shall preclude any person from submitting an existing standard or portion of a standard as a proposed regulation.

**(j) Final regulatory analysis; contents; publication; judicial review of regulation**

(1) The Commission shall not promulgate a regulation under this section unless it has prepared a final regulatory analysis of the regulation containing the following information:

(A) A description of the potential benefits and potential costs of the regulation, including costs and benefits that cannot be quantified in monetary terms, and the identification of those likely to receive the benefits and bear the costs.

(B) A description of any alternatives to the final regulation which were considered by the Commission, together with a summary description of their potential benefits and costs and a brief explanation of the reasons why these alternatives were not chosen.

(C) A summary of any significant issues raised by the comments submitted during the

public comment period in response to the preliminary regulatory analysis, and a summary of the assessment by the Commission of such issues.

The Commission shall publish its final regulatory analysis with the regulation.

(2) The Commission shall not promulgate a regulation under this section unless it finds (and includes such finding in the regulation)—

(A) in the case of a regulation which relates to a risk of injury with respect to which persons who would be subject to such regulation have adopted and implemented a voluntary standard, that—

(i) compliance with such voluntary standard is not likely to result in the elimination or adequate reduction of such risk of injury; or

(ii) it is unlikely that there will be substantial compliance with such voluntary standard;

(B) that the benefits expected from the regulation bear a reasonable relationship to its costs; and

(C) that the regulation imposes the least burdensome requirement which prevents or adequately reduces the risk of injury for which the regulation is being promulgated.

(3)(A) Any regulatory analysis prepared under subsection (i) of this section or paragraph (1) shall not be subject to independent judicial review, except that when an action for judicial review of a regulation is instituted, the contents of any such regulatory analysis shall constitute part of the whole rulemaking record of agency action in connection with such review.

(B) The provisions of subparagraph (A) shall not be construed to alter the substantive or procedural standards otherwise applicable to judicial review of any action by the Commission.

**(k) Petition to initiate rulemaking**

The Commission shall grant, in whole or in part, or deny any petition under section 553(e) of title 5 requesting the Commission to initiate a rulemaking, within a reasonable time after the date on which such petition is filed. The Commission shall state the reasons for granting or denying such petition. The Commission may not deny any such petition on the basis of a voluntary standard unless the voluntary standard is in existence at the time of the denial of the petition, the Commission has determined that the voluntary standard is likely to result in the elimination or adequate reduction of the risk of injury identified in the petition, and it is likely that there will be substantial compliance with the standard.

(3) Any civil penalty under this subsection may be compromised by the Commission. (a), (b), and (c), is act Sept. 26, 1914, ch. 311, 38 Stat. 717, as amended, which is classified generally to subchapter I (§ 41 et seq.) of chapter 2 of this title. For complete classification of this Act to the Code, see section 58 of this title and Tables.

AMENDMENTS

2008—Subsec. (e)(1). Pub. L. 110-314, § 217(a)(3)(A), (B), substituted “\$100,000” for “\$5,000” and “\$15,000,000” for “\$1,250,000”.

Subsec. (e)(2). Pub. L. 110-314, § 217(b)(1)(C)(i), substituted “nature, circumstances, extent, and gravity” for “nature and number” and “absence of injury,” for “absence of injury, and” and inserted “, and such other factors as appropriate” before period at end.

Subsec. (e)(3). Pub. L. 110-314, § 217(b)(1)(C)(ii)(III), which directed insertion of “, and such other factors as appropriate” before the period, was executed by making the insertion before period at end of second sentence, to reflect the probable intent of Congress.

Pub. L. 110-314, § 217(b)(1)(C)(ii)(II), which directed the substitution of “absence of injury,” for “absence of injury, and”, could not be executed because “absence of injury, and” did not appear in par. (3).

Pub. L. 110-314, § 217(b)(1)(C)(ii)(I), substituted “nature, circumstances, extent, and gravity” for “nature and number”.

Subsec. (e)(5)(B). Pub. L. 110-314, § 217(a)(3)(C), which directed the substitution of “December 1, 2011,” for

<sup>1</sup> So in original. The word “and” probably should not appear.

“December 1, 1994,” in par. (6)(B) of subsec. (e)(1), was executed by making the substitution in par. (5)(B) of subsec. (e) to reflect the probable intent of Congress because subsec. (e) does not contain a par. (6).

1990—Subsec. (a). Pub. L. 101-608, §118(b), inserted at end “In the case of an attorney general of a State alleging a violation of a standard or regulation under section 1193 of this title that affects or may affect such State or its residents, such attorney general may bring a civil action for an injunction to enforce the requirement of such standard or regulation. The procedural requirements of section 2073 of this title shall apply to any such action.”

Subsec. (e). Pub. L. 101-608, §115(c), added subsec. (e). 1967—Subsec. (c). Pub. L. 90-189, §4(a), inserted “, including provisions for maintenance of records relating to fabrics, related materials, and products.” after “rules and regulations” and inserted sentence making violations of such rules and regulations unlawful and an unfair method of competition and an unfair and deceptive act or practice, in commerce, under the Federal Trade Commission Act.

Subsec. (d)(1). Pub. L. 90-189, §4(b), substituted “product, fabric or related material” for “article of wearing apparel or fabric”.

Subsec. (d)(2). Pub. L. 90-189, §4(b), substituted “or territory or with the District of Columbia or the Commonwealth of Puerto Rico” for “, Territory, or possession or with the District of Columbia”.

#### (a) Temporary injunction; venue

Whenever the Commission has reason to believe that any person is violating or is about to violate section 1192 of this title, or a rule or regulation prescribed under section 1194(c) of this title, and that it would be in the public interest to enjoin such violation until complaint under the Federal Trade Commission Act [15 U.S.C. 41 et seq.] is issued and dismissed by the Commission or until order to cease and desist made thereon by the Commission has become final within the meaning of the Federal Trade Commission Act or is set aside by the court on review, the Commission may bring suit in the district court of the United States for the district in which such person resides or transacts business, or, if such person resides or transacts busi-

Whenever such proceedings involving identical products, fabrics, or related materials are pending in two or more jurisdictions, they may be consolidated for trial by order of any such court upon application seasonably made by any party in interest upon notice to all other parties in interest. Any court granting an order of consolidation shall cause prompt notification thereof to be given to other courts having jurisdiction in the cases covered thereby and the clerks of such other courts shall transmit all pertinent records and papers to the court designated for the trial of such consolidated proceedings.

#### (c) Application by defendant for representative sample of seized materials

In any such action the court, upon application seasonably made before trial, shall by order allow any party in interest, his attorney or agent, to obtain a representative sample of the product, fabric, or related material seized.

#### (d) Disposal of condemned materials

If such products, fabrics, or related materials are condemned by the court they shall be disposed of by destruction, by delivery to the owner or claimant thereof upon payment of court costs and fees and storage and other proper expenses and upon execution of good and sufficient bond to the effect that such products, fabrics, or related materials will not be disposed of until properly and adequately treated or processed so as to render them lawful for introduction into commerce, or by sale upon execution of good and sufficient bond to the effect that such products, fabrics, or related materials will not be disposed of until properly and adequately treated or processed so as to render them lawful for introduction into commerce. If such products, fabrics, or related materials are disposed of by sale the proceeds, less costs and charges, shall be paid into the Treasury of the United States. This chapter shall not apply to any fabric, related material, or product which is to be exported from the United States, if such fabric, related material, or product, and any container in which it is enclosed, bears a stamp or label stating that such fabric, related material, or product is intended for export and such fabric, related material, or product is in fact exported from the United States; unless the Commission determines that exportation of such fabric, related material, or product presents an unreasonable risk of injury to persons residing within the United States; except that this chapter shall apply to any fabric, related material, or product manufactured for sale, offered for sale, or intended for shipment to any installation of the United States located outside of the United States.

**(b) Imports intended for export; risk of injury to residents of United States**

This chapter shall not apply to any fabric, related material, or product which is imported into the United States for dyeing, finishing, other processing, or storage in bond, and export from the United States, if such fabric, related material, or product, and any container in which it is enclosed, bears a stamp or label stating that such fabric, related material, or product is intended for export, and such fabric, related material, or product is in fact exported from the United States, unless the Commission determines that exportation of such fabric, related material, or product presents an unreasonable risk of injury to persons residing within the United States; except that this chapter shall apply to any such imported fabric, related material, or product manufactured for sale, offered for sale, or intended for shipment to any installation of the United States located outside of the United States.

**(c) Statement of exportation: filing period, information; notification of foreign country; petition for minimum filing period; good cause**

Not less than thirty days before any person exports to a foreign country any fabric, related

material, or product that fails to conform to an applicable flammability standard or regulation in effect under this chapter, such person shall file a statement with the Commission notifying the Commission of such exportation, and the Commission, upon receipt of such statement, shall promptly notify the government of such country of such exportation and of the basis for such flammability standard or regulation. Any statement filed with the Commission under the preceding sentence shall specify the anticipated date of shipment of such fabric, related material, or product, the country and port of destination of such fabric, related material, or product, and the quantity of such fabric, related material, or product that will be exported, and shall contain such other information as the Commission may by regulation require. Upon petition filed with the Commission by any person required to file a statement under this subsection respecting an exportation, the Commission may, for good cause shown, exempt such person from the requirement of this subsection that such a statement be filed no less than thirty days before the date of the exportation, except that in no case shall the Commission permit such a statement to be filed later than the tenth day before such date.

**(d) Authority to prohibit exports**

Notwithstanding any other provision of this section, the Consumer Product Safety Commission may prohibit, by order, a person from exporting from the United States for purpose of sale any fabric or related material that the Commission determines is not in conformity with an applicable standard or rule under this chapter, unless the importing country has notified the Commission that such country accepts the importation of such fabric or related material, provided that if the importing country has not so notified the Commission within 30 days after the Commission has provided notice to the importing country of the impending shipment, the Commission may take such action as is appropriate with respect to the disposition of the fabric or related material under the circumstances.

L. 110-314, §204(c)(2)(F), which directed the substitution of “Commission” for “Consumer Product Safety Commission (hereinafter in this section referred to as the ‘Commission’) in section 15 (15 U.S.C. 1202)”, was executed by making the substitution for “Consumer Product Safety Commission (hereinafter in this section referred to as the ‘Commission’)” to reflect the probable intent of Congress.

Subsecs. (d), (e). Pub. L. 110-314, §221(b), added subsecs. (d) and (e).

1978—Subsec. (a). Pub. L. 95-631, §8(a)(1), made chapter applicable to exports when the Commission deter-

mines that exportation presents an unreasonable risk of injury to persons residing within the United States.

Subsec. (b). Pub. L. 95-631, §8(a)(2), made chapter applicable to imports intended for export when the Commission determines that exportation presents an unreasonable risk of injury to persons residing within the United States.

Subsec. (c). Pub. L. 95-631, §8(a)(3), added subsec. (c).

**§ 1203. Preemption of Federal standards**

**(a) Standards or regulations designed to protect against same risk as State standards or regulations; identical State standards**

Except as provided in subsections (b) and (c) of this section, whenever a flammability standard or other regulation for a fabric, related material, or product is in effect under this chapter, no State or political subdivision of a State may establish or continue in effect a flammability standard or other regulation for such fabric, related material, or product if the standard or other regulation is designed to protect against the same risk of occurrence of fire with respect to which the standard or other regulation under this chapter is in effect unless the State or political subdivision standard or other regulation is identical to the Federal standard or other regulation.

**(b) State standards or regulations which afford a higher degree of protection**

The Federal Government and the government of any State or political subdivision of a State may establish and continue in effect a flammability standard or other regulation applicable to a fabric, related material, or product for its own use which standard or other regulation is designed to protect against a risk of occurrence of fire with respect to which a flammability standard or other regulation is in effect under this chapter and which is not identical to such standard or other regulation if the Federal, State, or political subdivision standard or other regulation provides a higher degree of protection from such risk of occurrence of fire than the standard or other regulation in effect under this chapter.

**(c) Exemption for State standards or regulations; requirements; determination of burden on interstate commerce; notice and hearing**

(1) Upon application of a State or political subdivision of a State, the Commission may, by regulation promulgated in accordance with paragraph (2), exempt from subsection (a) of this section, under such conditions as may be prescribed in such regulation, any flammability standard or other regulation of such State or political subdivision applicable to a fabric, related material, or product subject to a standard or other regulation in effect under this chapter, if—

(A) compliance with the State or political subdivision requirement would not cause the fabric, related material, or product to be in violation of the standard or other regulation in effect under this chapter, and

(B) the State or political subdivision standard or other regulation (i) provides a significantly higher degree of protection from the risk of occurrence of fire with respect to which the Federal standard or other regulation is in

effect, and (ii) does not unduly burden interstate commerce.

In determining the burden, if any, of a State or political subdivision flammability standard or other regulation on interstate commerce the Commission shall consider and make appropriate (as determined by the Commission in its discretion) findings on the technological and economic feasibility of complying with such flammability standard or other regulation, the cost of complying with such flammability standard or other regulation, the geographic distribution of the fabric, related material, or product to which the flammability standard or other regulation would apply, the probability of other States or political subdivisions applying for an exemption under this subsection for a similar flammability standard or other regulation, and the need for a national, uniform flammability standard or other regulation under this chapter for such fabric, related material, or product.

(2) A regulation under paragraph (1) granting an exemption for a flammability standard or other regulation of a State or political subdivision of a State may be promulgated by the Commission only after it has provided, in accordance with section 553(b) of title 5, notice with respect to the promulgation of the regulation and has provided opportunity for the oral presentation of views respecting its promulgation.

**(d) Flammability standards or regulations**

In this section, a reference to a flammability standard or other regulation for a fabric, related material, or product in effect under this chapter includes a standard of flammability continued in effect by section 11 of the Act of December 14, 1967 (Public Law 90-189).

“(2) the term ‘Commission’ means the Consumer Product Safety Commission.”

1976—Pub. L. 94-284 substituted provisions which permitted the use of flammability standards or regulations not identical with the standards or regulations in effect under this chapter provided that the standards or regulations used afford a higher degree of protection from the risk of the occurrence of fire than the standards or regulation under this chapter, and which permitted the Commission, by regulation promulgated in accordance with section 553 of title 5, to grant an exemption for a flammability standard or other regulation of a State or political subdivision of a State, for the prior supremacy of chapter provision.

PREEMPTION

The provisions of this section establishing the extent to which the Flammable Fabrics Act (15 U.S.C. 1191 et seq.) preempts, limits, or otherwise affects any other Federal, State, or local law, any rule, procedure, or regulation, or any cause of action under State or local law not to be expanded or contracted in scope, or limited, modified or extended in application, by any rule or regulation under the Flammable Fabrics Act, or by reference in any preamble, statement of policy, executive branch statements, or other matter associated with the publication of any such rule or regulation, see section 231 of Pub. (1) within the ninety calendar days of continuous session of the Congress which occur after the date of the promulgation of such regulation, both Houses of the Congress adopt a concurrent resolution, the matter after the resolving clause of which is as follows (with the blank spaces appropriately filled): “That the Congress disapproves the flammability regulation which was promulgated under the Flammable Fabrics Act by the Consumer Product Safety Commission with respect to \_\_\_\_\_ and which was transmitted to the Congress on \_\_\_\_\_ and disapproves the regulation for the following reasons: \_\_\_\_\_”; or

(2) within the sixty calendar days of continuous session of the Congress which occur after the date of the promulgation of such regulation, one House of the Congress adopts such concurrent resolution and transmits such resolution to the other House and such resolution is not disapproved by such other House within the thirty calendar days of continuous session of the Congress which occur after the date of such transmittal.

**(c) Presumptions from Congressional action or inaction**

Congressional inaction on, or rejection of, a concurrent resolution of disapproval under this section shall not be construed as an expression of approval of the regulation involved, and shall not be construed to create any presumption of validity with respect to such regulation.

**(d) Continuous session of Congress**

For purposes of this section—

(1) continuity of session is broken only by an adjournment of the Congress sine die; and

(1)(A) Any substance or mixture of substances which (i) is toxic, (ii) is corrosive, (iii) is an irritant, (iv) is a strong sensitizer, (v) is flammable or combustible, or (vi) generates pressure through decomposition, heat, or other means, if such substances or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children.

(B) Any substances which the Commission by regulation finds, pursuant to the provisions of section 1262(a) of this title, meet the requirements of subparagraph (1)(A) of this paragraph.

(C) Any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the Commission determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health.

(D) Any toy or other article intended for use by children which the Commission by regulation determines, in accordance with section 1262(e) of this title, presents an electrical, mechanical, or thermal hazard.

(E) Any solder which has a lead content in excess of 0.2 percent.

(2) The term “hazardous substance” shall not apply to pesticides subject to the Federal Insecticide, Fungicide, and Rodenticide Act [7 U.S.C. 136 et seq.], nor to foods, drugs and cosmetics subject to the Federal Food, Drug, and Cosmetic Act [21 U.S.C. 301 et seq.], nor to substances intended for use as fuels when stored in containers and used in the heating, cooking, or refrigeration system of a house, nor to tobacco and tobacco products, but such term shall apply to any article which is not itself a pesticide within the meaning of the Federal Insecticide, Fungicide, and Rodenticide Act but which is a hazardous substance within the meaning of subparagraph (1) of this paragraph by reason of bearing or containing such a pesticide.

(3) The term “hazardous substance” shall not include any source material, special nuclear material, or byproduct material as defined in the Atomic Energy Act of 1954, as amended [42 U.S.C. 2011 et seq.], and regulations issued pursuant thereto by the Atomic Energy Commission.

(g) The term “toxic” shall apply to any substance (other than a radioactive substance) which has the capacity to produce personal injury or illness to man through ingestion, inhalation, or absorption through any body surface.

(h)(1) The term “highly toxic” means any substance which falls within any of the following categories: (a) Produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, at a single dose of fifty milligrams or less per kilogram of body weight, when orally administered; or (b) produces death within fourteen days in half or more than half of a group of ten or more laboratory white rats each weighing between two hundred and three hundred grams, when inhaled continuously for a period of one hour or less at an atmospheric concentration of two hundred parts per million by volume or less of gas or vapor or two milligrams per liter by volume or less of mist or dust, provided such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or (c) produces death within fourteen days in half or more than half of a group of ten or more rabbits tested in a dosage of two hundred milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for twenty-four hours or less.

(2) If the Commission finds that available data on human experience with any substance indicate results different from those obtained on animals in the above-named dosages or concentrations, the human data shall take precedence.

(i) The term “corrosive” means any substance which in contact with living tissue will cause destruction of tissue by chemical action; but shall not refer to action on inanimate surfaces.

(j) The term “irritant” means any substance not corrosive within the meaning of subparagraph (i) of this section which on immediate, prolonged, or repeated contact with normal living tissue will induce a local inflammatory reaction.

(k) The term “strong sensitizer” means a substance which will cause on normal living tissue through an allergic or photodynamic process a hypersensitivity which becomes evident on re-application of the same substance and which is designated as such by the Commission. Before designating any substance as a strong sensitizer, the Commission, upon consideration of the frequency of occurrence and severity of the reaction, shall find that the substance has a significant potential for causing hypersensitivity.

(l)(1) The terms “extremely flammable”, “flammable”, and “combustible” as applied to any substance, liquid, solid, or the content of a self-pressurized container shall be defined by regulations issued by the Commission.

(2) The test methods found by the Commission to be generally applicable for defining the flammability or combustibility characteristics of any such substance shall also be specified in such regulations.

(3) In establishing definitions and test methods related to flammability and combustibility, the Commission shall consider the existing definitions and test methods of other Federal agencies involved in the regulation of flammable and combustible substances in storage, transportation and use; and to the extent possible, shall establish compatible definitions and test methods.

(4) Until such time as the Commission issues a regulation under paragraph (1) defining the term “combustible” as applied to liquids, such term shall apply to any liquid which has a flash point above eighty degrees Fahrenheit to and including one hundred and fifty degrees, as determined by the Tagliabue Open Cup Tester.

(m) The term “radioactive substance” means a substance which emits ionizing radiation.

(n) The term “label” means a display of written, printed, or graphic matter upon the immediate container of any substance or, in the case of an article which is unpackaged or is not packaged in an immediate container intended or suitable for delivery to the ultimate consumer, a display of such matter directly upon the article involved or upon a tag or other suitable material affixed thereto; and a requirement made by or under authority of this chapter that any word, statement, or other information appear on the label shall not be considered to be complied with unless such word, statement, or other information also appears (1) on the outside container or wrapper, if any there be, unless it is easily legible through the outside container or wrapper and (2) on all accompanying literature where there are directions for use, written or otherwise.

(o) The term “immediate container” does not include package liners.

(p) The term “misbranded hazardous substance” means a hazardous substance (including a toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in such manner as to be susceptible of access by a child to whom such toy or other article is entrusted) intended, or packaged in a form suitable, for use in the household or by children, if the packaging or labeling of such substance is in violation of an applicable regulation issued pursuant to sec-

tion 1472 or 1473 of this title or if such substance, except as otherwise provided by or pursuant to section 1262 of this title, fails to bear a label—

(1) which states conspicuously (A) the name and place of business of the manufacturer, packer, distributor or seller; (B) the common or usual name or the chemical name (if there be no common or usual name) of the hazardous substance or of each component which contributes substantially to its hazard, unless the Commission by regulation permits or requires the use of a recognized generic name; (C) the signal word “DANGER” on substances which are extremely flammable, corrosive, or highly toxic; (D) the signal word “WARNING” or “CAUTION” on all other hazardous substances; (E) an affirmative statement of the principal hazard or hazards, such as “Flammable”, “Combustible”, “Vapor Harmful”, “Causes Burns”, “Absorbed Through Skin”, or similar wording descriptive of the hazard; (F) precautionary measures describing the action to be followed or avoided, except when modified by regulation of the Commission pursuant to section 1262 of this title; (G) instruction, when necessary or appropriate, for first-aid treatment; (H) the word “poison” for any hazardous substance which is defined as “highly toxic” by subsection (h) of this section; (I) instructions for handling and storage of packages which require special care in handling or storage; and (J) the statement (i) “Keep out of the reach of children” or its practical equivalent, or, (ii) if the article is intended for use by children and is not a banned hazardous substance, adequate directions for the protection of children from the hazard, and

(2) on which any statements required under subparagraph (1) of this paragraph are located prominently and are in the English language in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on the label.

The term “misbranded hazardous substance” also includes a household substance as defined in section 1471(2)(d) of this title if it is a substance described in paragraph (1) of subsection (f) of this section and its packaging or labeling is in violation of an applicable regulation issued pursuant to section 1472 or 1473 of this title.

(q)(1) The term “banned hazardous substance” means (A) any toy, or other article intended for use by children, which is a hazardous substance, or which bears or contains a hazardous substance in such manner as to be susceptible of access by a child to whom such toy or other article is entrusted; or (B) any hazardous substance intended, or packaged in a form suitable, for use in the household, which the Commission by regulation classifies as a “banned hazardous substance” on the basis of a finding that, notwithstanding such cautionary labeling as is or may be required under this chapter for that substance, the degree or nature of the hazard involved in the presence or use of such substance in households is such that the objective of the protection of the public health and safety can be adequately served only by keeping such substance, when so intended or packaged, out of the channels of interstate commerce: *Provided*, That the Commission, by regulation, (i) shall exempt

from clause (A) of this paragraph articles, such as chemical sets, which by reason of their functional purpose require the inclusion of the hazardous substance involved or necessarily present an electrical, mechanical, or thermal hazard, and which bear labeling giving adequate directions and warnings for safe use and are intended for use by children who have attained sufficient maturity, and may reasonably be expected, to read and heed such directions and warnings, and (ii) shall exempt from clause (A), and provide for the labeling of, common fireworks (including toy paper caps, cone fountains, cylinder fountains, whistles without report, and sparklers) to the extent that it determines that such articles can be adequately labeled to protect the purchasers and users thereof.

(2) Proceedings for the issuance, amendment, or repeal of regulations pursuant to clause (B) of subparagraph (1) of this paragraph shall be governed by the provisions of subsections (f) through (i) of section 1262 of this title, except that if the Commission finds that the distribution for household use of the hazardous substance involved presents an imminent hazard to the public health, it may by order published in the Federal Register give notice of such finding, and thereupon such substance when intended or offered for household use, or when so packaged as to be suitable for such use, shall be deemed to be a "banned hazardous substance" pending the completion of proceedings relating to the issuance of such regulations.

(r) An article may be determined to present an electrical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture may cause personal injury or illness by electric shock.

(s) An article may be determined to present a mechanical hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness (1) from fracture, fragmentation, or disassembly of the article, (2) from propulsion of the article (or any part or accessory thereof), (3) from points or other protrusions, surfaces, edges, openings, or closures, (4) from moving parts, (5) from lack of insufficiency of controls to reduce or stop motion, (6) as a result of self-adhering characteristics of the article, (7) because the article (or any part or accessory thereof) may be aspirated or ingested, (8) because of instability, or (9) because of any other aspect of the article's design or manufacture.

(t) An article may be determined to present a thermal hazard if, in normal use or when subjected to reasonably foreseeable damage or abuse, its design or manufacture presents an unreasonable risk of personal injury or illness because of heat as from heated parts, substances, or surfaces.

Subsec. (n). Pub. L. 89-756, §2(b), enlarged term “label” to include, where the article is unpackaged or is packaged in an immediate container not intended or suitable for delivery to the ultimate consumer, a display of written, printed or graphic matter directly upon the article involved or upon a tag or other suitable material affixed thereto.

"(b)(1)(A) Except as provided in paragraphs (2) and (3), if a hazardous substance or its packaging is subject to a cautionary labeling requirement under section 2(p) or 3(b) [subsec. (p) of this section or section 1262(b) of this title] designed to protect against a risk of illness or injury associated with the substance, no State or political subdivision of a State may establish or continue in effect a cautionary labeling requirement applicable to such substance or packaging and designed to protect against the same risk of illness or injury unless such cautionary labeling requirement is identical to the labeling requirement under section 2(p) or 3(b) [subsec. (p) of this section or section 1262(b) of this title].

"(B) Except as provided in paragraphs (2), (3), and (4), if under regulations of the Commission promulgated under or for the enforcement of section 2(q) [subsec. (q) of this section] a requirement is established to protect against a risk of illness or injury associated with a hazardous substance, no State or political subdivision of a State may establish or continue in effect a requirement applicable to such substance and designed to protect against the same risk of illness or injury unless such requirement is identical to the requirement established under such regulations.

"(2) The Federal Government and the government of any State or political subdivision of a State may estab-

lish and continue in effect a requirement applicable to a hazardous substance for its own use (or to the packaging of such a substance) which requirement is designed to protect against a risk of illness or injury associated with such substance and which is not identical to a requirement described in paragraph (1) applicable to such substance (or packaging) and designed to protect against the same risk of illness or injury if the Federal, State, or political subdivision requirement provides a higher degree of protection from such risk of illness or injury than the requirement described in paragraph (1).

"(3)(A) Upon application of a State or political subdivision of a State, the Commission may, by regulation promulgated in accordance with subparagraph (B), exempt from paragraph (1), under such conditions as may be prescribed in such regulation, any requirement of such State or political subdivision designed to protect against a risk of illness or injury associated with a hazardous substance if—

"(i) compliance with the requirement would not cause the hazardous substance (or its packaging) to be in violation of the applicable requirement described in paragraph (1), and

"(ii) the State or political subdivision requirement (I) provides a significantly higher degree of protection from such risk of illness or injury than the requirement described in paragraph (1), and (II) does not unduly burden interstate commerce.

In determining the burden, if any, of a State or political subdivision requirement on interstate commerce the Commission shall consider and make appropriate (as determined by the Commission in its discretion) findings on the technological and economic feasibility of complying with such requirement, the cost of complying with such requirement, the geographic distribution of the substance to which the requirement would apply, the probability of other States or political subdivisions applying for an exemption under this paragraph for a similar requirement, and the need for a national, uniform requirement under this Act [this chapter] for such substance (or its packaging).

"(B) A regulation under subparagraph (A) granting an exemption for a requirement of a State or political subdivision of a State may be promulgated by the Commission only after it has provided, in accordance with section 553(b) of title 5, United States Code, notice with respect to the promulgation of the regulation and has provided opportunity for the oral presentation of views respecting its promulgation.

"(4) Paragraph (1)(B) does not prohibit a State or a political subdivision of a State from establishing or continuing in effect a requirement which is designed to protect against a risk of illness or injury associated with fireworks devices or components thereof and which provides a higher degree of protection from such risk of illness or injury than a requirement in effect under a regulation of the Commission described in such paragraph."

L. 86-613, set out above, establishing the extent to which the Federal Hazardous Substances Act [see Short Title note above] preempts, limits, or otherwise affects any other Federal, State, or local law, any rule, procedure, or regulation, or any cause of action under State or local law not to be expanded or contracted in scope, or limited, modified or extended in application, by any rule or regulation under the Federal Hazardous Substances Act, or by reference in any preamble, statement of policy, executive branch statements, or other matter associated with the publication of any such rule or regulation, see section 231 of Pub. L. 110-314, set out as a note under section 2051 of this title.]

#### SMALL BALLS AS BANNED HAZARDOUS SUBSTANCES

Pub. L. 103-267, title I, §101(b), June 16, 1994, 108 Stat. 725, provided that: "A small ball—

"(1) intended for children under the age of 3 years of age, and

"(2) with a diameter of 1.75 inches or less,

shall be considered a banned hazardous substance under section 2(q) of the Federal Hazardous Substances Act (15 U.S.C. 1261(q)).”

[Section 101(b) of Pub. L. 103-267, set out above, effective Jan. 1, 1995, see section 101(d) of Pub. L. 103-267, set out as an Effective Date note under section 1278 of this title.]

## § 1262. Declaration of hazardous substances

### (a) Rulemaking

#### (1) In general

Whenever in the judgment of the Commission such action will promote the objectives of this chapter by avoiding or resolving uncertainty as to its application, the Commission may by regulation declare to be a hazardous substance, for the purposes of this chapter, any substance or mixture of substances, which it finds meets the requirements of section 1261(f)(1)(A) of this title.

#### (2) Procedure

Proceedings for the issuance, amendment, or repeal of regulations under this subsection and the admissibility of the record of such proceedings in other proceedings, shall be governed by the provisions of subsections (f) through (i) of this section.

### (b) Reasonable variations or additional label requirements

If the Commission finds that the requirements of section 1261(p)(1) of this title are not adequate for the protection of the public health and safety in view of the special hazard presented by any particular hazardous substance, it may by regulation establish such reasonable variations or additional label requirements as it finds necessary for the protection of the public health and safety; and any such hazardous substance intended, or packaged in a form suitable, for use in the household or by children, which fails to bear a label in accordance with such regulations shall be deemed to be a misbranded hazardous substance.

### (c) Exemption from requirements by regulation

If the Commission finds that, because of the size of the package involved or because of the minor hazard presented by the substance contained therein, or for other good and sufficient reasons, full compliance with the labeling requirements otherwise applicable under this chapter is impracticable or is not necessary for the adequate protection of the public health and safety, the Commission shall promulgate regulations exempting such substance from these requirements to the extent it determines to be consistent with adequate protection of the public health and safety.

### (d) Exemption from requirements of this chapter of substances or containers adequately regulated by other provisions of law

The Commission may exempt from the requirements established by or pursuant to this chapter any hazardous substance or container of a hazardous substance with respect to which it finds that adequate requirements satisfying the purposes of this chapter have been established by or pursuant to any other Act of Congress.

### (e) Regulation of toys or articles intended for use by children

(1) A determination by the Commission that a toy or other article intended for use by children presents an electrical, mechanical, or thermal hazard shall be made by regulation in accordance with the procedures prescribed by section 553 (other than clause (B) of the last sentence of subsection (b) of such section) of title 5 unless the Commission elects the procedures prescribed by subsection (e) of section 371 of title 21, in which event such subsection and subsections (f) and (g) of such section 371 of title 21 shall apply to the making of such determination. If the Commission makes such election, it shall publish that fact with the proposal required to be published under paragraph (1) of such subsection (e).

(2) If, before or during a proceeding pursuant to paragraph (1) of this subsection, the Commission finds that, because of an electrical, mechanical, or thermal hazard, distribution of the toy or other article involved presents an imminent hazard to the public health and it, by order published in the Federal Register, gives notice of such finding, such toy or other article shall be deemed to be a banned hazardous substance for purposes of this chapter until the proceeding has been completed. If not yet initiated when such order is published, such a proceeding shall be initiated as promptly as possible.

(3)(A) In the case of any toy or other article intended for use by children which is determined by the Commission, in accordance with section 553 of title 5, to present an electrical, mechanical, or thermal hazard, any person who will be adversely affected by such a determination may, at any time prior to the 60th day after the regulation making such determination is issued by the Commission, file a petition with the United States Court of Appeals for the circuit in which such person resides or has his principal place of business for a judicial review of such determination. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commission or other officer designated by him<sup>1</sup> for that purpose. The Commission shall file in the court the record of the proceedings on which the Commission based its determination, as provided in section 2112 of title 28.

(B) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there was no opportunity to adduce such evidence in the proceeding before the Commission, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Commission in a hearing or in such other manner, and upon such terms and conditions, as to the court may seem proper. The Commission may modify its findings as to the facts, or make new findings, by reason of the additional evidence so taken, and it shall file such modified or new findings, and its recommendation, if any, for the modification or setting aside of its original determination, with the return of such additional evidence.

(C) Upon the filing of the petition under this paragraph, the court shall have jurisdiction to

<sup>1</sup> So in original. Probably should be “it”.

review the determination of the Commission in accordance with subparagraphs (A), (B), (C), and (D), of paragraph (2) of the second sentence of section 706 of title 5. If the court ordered additional evidence to be taken under subparagraph (B) of this paragraph, the court shall also review the Secretary's<sup>2</sup> determination to determine if, on the basis of the entire record before the court pursuant to subparagraphs (A) and (B) of this paragraph, it is supported by substantial evidence. If the court finds the determination is not so supported, the court may set it aside. With respect to any determination reviewed under this paragraph, the court may grant appropriate relief pending conclusion of the review proceedings, as provided in section 705 of title 5.

(D) The judgment of the court affirming or setting aside, in whole or in part, any such determination of the Commission shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification, as provided in section 1254 of title 28.

**(f) Commencement of proceeding for promulgation of regulation; notice**

A proceeding for the promulgation of a regulation under section 1261(q)(1) of this title classifying an article or substance as a banned hazardous substance or a regulation under subsection (e) of this section may be commenced by the publication in the Federal Register of an advance notice of proposed rulemaking which shall—

(1) identify the article or substance and the nature of the risk of injury associated with the article or substance;

(2) include a summary of each of the regulatory alternatives under consideration by the Commission (including voluntary standards);

(3) include information with respect to any existing standard known to the Commission which may be relevant to the proceedings, together with a summary of the reasons why the Commission believes preliminarily that such standard does not eliminate or adequately reduce the risk of injury identified in paragraph (1);

(4) invite interested persons to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days or more than 60 days after the date of publication of the notice), comments with respect to the risk of injury identified by the Commission, the regulatory alternatives being considered, and other possible alternatives for addressing the risk;

(5) invite any person (other than the Commission) to submit to the Commission, within such period as the Commission shall specify in the notice (which period shall not be less than 30 days after the date of publication of the notice), an existing standard or a portion of a standard as a proposed regulation under section 1261(q)(1) of this title or subsection (e) of this section; and

(6) invite any person (other than the Commission) to submit to the Commission, within such period as the Commission shall specify in

the notice (which period shall not be less than 30 days after the date of publication of the notice), a statement of intention to modify or develop a voluntary standard to address the risk of injury identified in paragraph (1) together with a description of a plan to modify or develop the standard.

The Commission shall transmit such notice within 10 calendar days to the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Energy and Commerce of the House of Representatives.

**(g) Publication of standard; termination of proceeding for promulgation of regulation; monitoring of compliance**

(1) If the Commission determines that any standard submitted to it in response to an invitation in a notice published under subsection (f)(5) of this section if promulgated (in whole, in part, or in combination with any other standard submitted to the Commission or any part of such a standard) as a regulation under section 1261(q)(1) of this title or subsection (e) of this section, as the case may be, would eliminate or adequately reduce the risk of injury identified in a notice provided under subsection (f)(1) of this section, the Commission may publish such standard, in whole, in part, or in such combination and with nonmaterial modifications, as a proposed regulation under such section or subsection.

(2) If the Commission determines that—

(A) compliance with any standard submitted to it in response to an invitation in a notice published under subsection (f)(6) of this section is likely to result in the elimination or adequate reduction of the risk of injury identified in the notice, and

(B) it is likely that there will be substantial compliance with such standard,

the Commission shall terminate any proceeding to promulgate a regulation under section 1261(q)(1) of this title or subsection (e) of this section, respecting such risk of injury and shall publish in the Federal Register a notice which includes the determination of the Commission and which notifies the public that the Commission will rely on the voluntary standard to eliminate or reduce the risk of injury, except that the Commission shall terminate any such proceeding and rely on a voluntary standard only if such voluntary standard is in existence. For purposes of this section, a voluntary standard shall be considered to be in existence when it is finally approved by the organization or other person which developed such standard, irrespective of the effective date of the standard. Before relying upon any voluntary standard, the Commission shall afford interested persons (including manufacturers, consumers, and consumer organizations) a reasonable opportunity to submit written comments regarding such standard. The Commission shall consider such comments in making any determination regarding reliance on the involved voluntary standard under this subsection.

(3) The Commission shall devise procedures to monitor compliance with any voluntary standards—

<sup>2</sup> So in original. Probably should be "Commission's".

(A) upon which the Commission has relied under paragraph (2) of this subsection;

(B) which were developed with the participation of the Commission; or

(C) whose development the Commission has monitored.

**(h) Publication of proposed rule together with preliminary regulatory analysis**

No regulation under section 1261(q)(1) of this title classifying an article or substance as a banned hazardous substance and no regulation under subsection (e) of this section may be proposed by the Commission unless the Commission publishes in the Federal Register the text of the proposed rule, including any alternatives, which the Commission proposes to promulgate, together with a preliminary regulatory analysis containing—

(1) a preliminary description of the potential benefits and potential costs of the proposed regulation, including any benefits or costs that cannot be quantified in monetary terms, and an identification of those likely to receive the benefits and bear the costs;

(2) a discussion of the reasons any standard or portion of a standard submitted to the Commission under subsection (f)(5) of this section was not published by the Commission as the proposed regulation or part of the proposed regulation;

(3) a discussion of the reasons for the Commission's preliminary determination that efforts proposed under subsection (f)(6) of this section and assisted by the Commission as required by section 2054(a)(3) of this title would not, within a reasonable period of time, be likely to result in the development of a voluntary standard that would eliminate or adequately reduce the risk of injury identified in the notice provided under subsection (f)(1) of this section; and

(4) a description of any reasonable alternatives to the proposed regulation, together with a summary description of their potential costs and benefits, and a brief explanation of why such alternatives should not be published as a proposed regulation.

The Commission shall transmit such notice within 10 calendar days to the appropriate Congressional committees. Nothing in this subsection shall preclude any person from submitting an existing standard or portion of a standard as a proposed regulation.

**(i) Publication of final regulatory analysis with regulation; required findings; judicial review**

(1) The Commission shall not promulgate a regulation under section 1261(q)(1) of this title classifying an article or substance as a banned hazardous substance or a regulation under subsection (e) of this section unless it has prepared a final regulatory analysis of the regulation containing the following information:

(A) A description of the potential benefits and potential costs of the regulation, including costs and benefits that cannot be quantified in monetary terms, and the identification of those likely to receive the benefits and bear the costs.

(B) A description of any alternatives to the final regulation which were considered by the

Commission, together with a summary description of their potential benefits and costs and a brief explanation of the reasons why these alternatives were not chosen.

(C) A summary of any significant issues raised by the comments submitted during the public comment period in response to the preliminary regulatory analysis, and a summary of the assessment by the Commission of such issues.

The Commission shall publish its final regulatory analysis with the regulation.

(2) The Commission shall not promulgate a regulation under section 1261(q)(1) of this title classifying an article or substance as a banned hazardous substance or a regulation under subsection (e) of this section unless it finds (and includes such finding in the regulation)—

(A) in the case of a regulation which relates to a risk of injury with respect to which persons who would be subject to such regulation have adopted and implemented a voluntary standard, that—

(i) compliance with such voluntary standard is not likely to result in the elimination or adequate reduction of such risk of injury; or

(ii) it is unlikely that there will be substantial compliance with such voluntary standard;

(B) that the benefits expected from the regulation bear a reasonable relationship to its costs; and

(C) that the regulation imposes the least burdensome requirement which prevents or adequately reduces the risk of injury for which the regulation is being promulgated.

(3)(A) Any regulatory analysis prepared under subsection (h) of this section or paragraph (1) shall not be subject to independent judicial review, except that when an action for judicial review of a regulation is instituted, the contents of any such regulatory analysis shall constitute part of the whole rulemaking record of agency action in connection with such review.

(B) The provisions of subparagraph (A) shall not be construed to alter the substantive or procedural standards otherwise applicable to judicial review of any action by the Commission.

**(j) Petition to initiate rulemaking**

The Commission shall grant, in whole or in part, or deny any petition under section 553(e) of title 5 requesting the Commission to initiate a rulemaking, within a reasonable time after the date on which such petition is filed. The Commission shall state the reasons for granting or denying such petition. The Commission may not deny any such petition on the basis of a voluntary standard unless the voluntary standard is in existence at the time of the denial of the petition, the Commission has determined that the voluntary standard is likely to result in the elimination or adequate reduction of the risk of injury identified in the petition, and it is likely that there will be substantial compliance with the standard.

#### (b) Exceptions

No person shall be subject to the penalties of subsection (a) of this section, (1) for having violated section 1263(c) of this title, if the receipt, delivery, or proffered delivery of the hazardous substance was made in good faith, unless he refuses to furnish on request of an officer or employee duly designated by the Commission, the name and address of the person from whom he purchased or received such hazardous substance, and copies of all documents, if any there be, pertaining to the delivery of the hazardous substance to him; or (2) for having violated section 1263(a) of this title, if he established a guarantee or undertaking signed by, and containing the name and address of, the person residing in the United States from whom he received in good faith the hazardous substance, to the effect that the hazardous substance is not a misbranded hazardous substance or a banned hazardous substance within the meaning of those terms in this chapter; or (3) for having violated subsection (a) or (c) of section 1263 of this title with respect to any hazardous substance shipped or delivered for shipment for export to any foreign country, in a package marked for export on the outside of the shipping container and labeled in accordance with the specifications of the foreign purchaser and in accordance with the laws of the foreign country, but if such hazardous substance is sold or offered for sale in domestic commerce or if the Commission determines that exportation of such substance presents an unreasonable risk of injury to persons residing within the United States, this clause shall not apply.

involved, except that the maximum civil penalty shall not exceed \$15,000,000 for any related series of violations. A violation of section 1263(e) of this title shall constitute a separate violation with respect to each failure or refusal to allow or perform an act required by section 1263(e) of this title; and, if such violation is a continuing one, each day of such violation shall constitute a separate offense, except that the maximum civil penalty shall not exceed \$15,000,000 for any related series of violations.

(2) The second sentence of paragraph (1) of this subsection shall not apply to violations of subsection (a) or (c) of section 1263 of this title—

If it appears from the examination of such samples or otherwise that such hazardous substance is a misbranded hazardous substance or banned hazardous substance or in violation of section 1263(f) of this title, then such hazardous substance shall be refused admission, except as provided in subsection (b) of this section. The Secretary of the Treasury shall cause the destruction of any such hazardous substance refused admission unless such hazardous substance is exported, under regulations prescribed by the Sec-

Not less than thirty days before any person exports to a foreign country any misbranded hazardous substance or banned hazardous substance, such person shall file a statement with the Commission notifying the Commission of such exportation, and the Commission, upon receipt of such statement, shall promptly notify the government of such country of such exportation and the basis upon which such substance is considered misbranded or has been banned under this chapter. **(e) Hearing; representative of class**

An order under subsection (a), (b), or (c) of this section may be issued only after an opportunity for a hearing in accordance with section 554 of title 5, except that, if the Commission determines that any person who wishes to participate in such hearing is a part of a class or participants who share an identity of interest, the Commission may limit such person's participation in such hearing to participation through a single representative designated by such class (or by the Commission if such class fails to designate such a representative).

(1) continuity of session is broken only by an adjournment of the Congress sine die; and

(2) the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded in the computation of the periods of continuous session of the Congress specified in subsection (b) of this section.

AMENDMENTS

2008—Pub. L. 110-314, which directed the substitution of “Commission” for “Consumer Product Safety Commission” in this section, was executed by making the substitution in subsec. (a), before “shall transmit”, but not in subsec. (b)(1), to reflect the probable intent of Congress.

EFFECTIVE DATE

Section applicable with respect to consumer product safety rules under chapter 47 of this title and regulations under this chapter and chapter 25 of this title promulgated after Aug. 13, 1981, see section 1215 of Pub. L. 97-35, set out as an Effective Date of 1981 Amendment note under section 2052 of this title.

**§ 1277. Labeling of art materials**

**(a) Regulation status of standard D-4236 of American Society for Testing and Materials**

On and after the last day of the 2-year period beginning on November 18, 1988, the requirements for the labeling of art materials set forth in the version of the standard of the American Society for Testing and Materials designated D-4236 that is in effect on November 18, 1988, and as modified by subsection (b) of this section shall be deemed to be a regulation issued by the Commission under section 1262(b) of this title.

**(b) Requirements applicable to standard D-4236**

The following shall apply with respect to the standard of the American Society for Testing and Materials referred to in subsection (a) of this section:

(1) The term “art material or art material product” shall mean any substance marketed or represented by the producer or repackager as suitable for use in any phase of the creation of any work of visual or graphic art of any medium. The term does not include economic poi-

sons subject to the Federal Insecticide, Fungicide, and Rodenticide Act [7 U.S.C. 136 et seq.] or drugs, devices, or cosmetics subject to the Federal Food, Drug, and Cosmetics Act [21 U.S.C. 301 et seq.].

(2) The standard referred to in subsection (a) of this section as modified by this subsection applies to art materials intended for users of any age.

(3) Each producer or repackager of art materials shall describe in writing the criteria used to determine whether an art material has the potential for producing chronic adverse health effects. Each producer or repackager shall be responsible for submitting to the Commission these criteria and a list of art materials that require hazard warning labels under this section.

(4) Upon the request of the Commission, a producer or repackager of art materials shall submit to the Commission product formulations and the criteria used to determine whether the art material or its ingredients have the potential for producing chronic adverse health effects.

(5) All art materials that require chronic hazard labeling pursuant to this section must include on the label the name and address of the producer or repackager of the art materials and an appropriate telephone number and a statement signifying that such art materials are inappropriate for use by children.

(6) If an art material producer or repackager becomes newly aware of any significant information regarding the hazards of an art material or ways to protect against the hazard, this new information must be incorporated into the labels of such art materials that are manufactured after 12 months from the date of discovery. If a producer or repackager reformulates an art material, the new formulation must be evaluated and labeled in accordance with the standard referred to in subsection (a) of this section as modified by this subsection.

(7) If the Commission determines that an art material in a container equal to or smaller than one fluid ounce (30 ml) (if the product is sold by volume) or one ounce net weight (28 g) (if the product is sold by weight) has the potential for producing chronic adverse health effects with customary or reasonably foreseeable use despite its small size, the Commission may require the art material to carry a label which conveys all the information required under the standard referred to in subsection (a) of this section as modified by this subsection for art materials in a container greater than one fluid ounce or one ounce net weight. If the information cannot fit on the package label, the Commission shall require the art material to have a package insert which conveys all this information. If the art material has a package insert, the label on the product shall include a signal word in conformance with paragraph 5 of the standard referred to in subsection (a) of this section, a list of potentially harmful or sensitizing components, and the statement “see package insert before use”. For purposes of this subsection, the term “package insert” means a display of written, printed, or graphic matter

upon a leaflet or suitable material accompanying the art material. This requirement is in addition to, and is not meant to supersede, the requirement of paragraph 5.8 of the standard designated D-4236.

(8) In determining whether an art material has the potential for producing chronic adverse health effects, including carcinogenicity and potential carcinogenicity, a toxicologist shall take into account opinions of various regulatory agencies and scientific bodies.

**(c) Revisions incorporated into standard D-4236; notice and hearing; amendment; opportunity for comment; transcript of proceedings**

If the Commission determines that a revision proposed by the American Society for Testing and Materials is in the public interest, it shall incorporate the revision into the standard referred to in subsection (a) of this section as modified by subsection (b) of this section after providing notice and an opportunity for comment. If at any time the Commission finds that the standard referred to in subsection (a) of this section as modified by subsection (b) of this section is inadequate for the protection of the public interest, it shall promulgate an amendment to the standard which will adequately protect the public interest. Such final standard shall be promulgated pursuant to section 553 of title 5, except that the Commission shall give interested persons an opportunity for the oral presentation of data, views, or arguments, in addition to an opportunity to make written submissions. A transcript shall be kept of any oral presentation.

**(d) Guidelines for determining chronically hazardous art materials; issuance; public hearing; scope of criteria; review; amendment**

(1) Within 1 year of November 18, 1988, the Commission shall issue guidelines which specify criteria for determining when any customary or reasonably foreseeable use of an art material can result in a chronic hazard. In developing such guidelines the Commission shall conduct a public hearing and provide reasonable opportunity for the submission of comments.

(2) The guidelines established under paragraph (1) shall include—

(A) criteria for determining when art materials may produce chronic adverse health effects in children and criteria for determining when art materials may produce such health effects in adults,

(B) criteria for determining which substances contained in art materials have the potential for producing chronic adverse health effects and what those effects are,

(C) criteria for determining the bio-availability of chronically hazardous substances contained in art materials when the products are used in a customary or reasonably foreseeable manner, and

(D) criteria for determining acceptable daily intake levels for chronically hazardous substances contained in art materials.

Where appropriate, criteria used for assessing risks to children may be the same as those used for adults.

(3) The Commission shall periodically review the guidelines established under paragraph (1) to

determine whether the guidelines reflect relevant changes in scientific knowledge and in the formulations of art materials, and shall amend the guidelines to reflect such changes.

**(e) Informational and educational materials; development and distribution**

The Commission shall develop informational and educational materials about art materials and shall distribute the informational and educational materials to interested persons.

**(f) Injunctions**

The Commission may bring an action under section 1267 of this title to enjoin the purchase of any art material required to be labeled under this chapter which is for use by children in pre-kindergarten, kindergarten, or grades 1 through 6.

A manufacturer, importer, distributor, or private labeler that provides such a product to a retailer shall inform the retailer of any cautionary statement requirement applicable to the product.

**(ii) Retailer's requirement to inquire**

A retailer is not in violation of subparagraph (A) if the retailer requested information from the manufacturer, importer, distributor, or private labeler as to whether the cautionary statement required by subparagraph (A) applies to the product that is the subject of the advertisement and the manufacturer, importer, distributor, or private labeler provided false information or did not provide such information.

**(C) Display**

The cautionary statement required by subparagraph (A) shall be prominently displayed—

2008—Subsecs. (c) to (e). Pub. L. 110-314 added subsec. (c) and redesignated former subsecs. (c) and (d) as (d) and (e), respectively.

## EFFECTIVE DATE

Section 101(d) of Pub. L. 103-267 provided that: “Subsections (a) and (b) [enacting this section and provisions set out as a note under section 1261 of this title] shall take effect January 1, 1995, and section 24 of the Federal Hazardous Substances Act [this section] shall apply only to products entered into commerce on or after January 1, 1995.”

## REGULATIONS

Section 101(c) of Pub. L. 103-267 provided that: “The Consumer Product Safety Commission (hereinafter referred to as the ‘Commission’) shall promulgate regulations, under section 553 of title 5, United States Code, for the implementation of this section [enacting this section and provisions set out as notes under this section and section 1261 of this title] and section 24 of the Federal Hazardous Substances Act [this section] by July 1, 1994, or the date that is 6 months after the date of enactment of this Act [June 16, 1994], whichever occurs first. Subsections (f) through (i) of section 3 of the Federal Hazardous Substances Act (15 U.S.C. 1262) shall not apply with respect to the issuance of regulations under this subsection.”

## PREEMPTION

Section 101(e) of Pub. L. 103-267 provided that:  
“(1) IN GENERAL.—Subject to paragraph (2), a State or political subdivision of a State may not establish or enforce a requirement relating to cautionary labeling of small parts hazards or choking hazards in any toy, game, marble, small ball, or balloon intended or suitable for use by children unless such requirement is identical to a requirement established by amendments made by this section to the Federal Hazardous Substances Act [enacting this section] or by regulations promulgated by the Commission.

“(2) EXCEPTION.—A State or political subdivision of a State may, until January 1, 1995, enforce a requirement described in paragraph (1) if such requirement was in effect on October 2, 1993.”

**§ 1278a. Children’s products containing lead; lead paint rule****(a) General lead ban****(1) Treatment as a banned hazardous substance**

Except as expressly provided in subsection (b) beginning on the dates provided in para-

graph (2), any children’s product (as defined in section 3(a) of the Consumer Product Safety Act (15 U.S.C. 2052(a))) that contains more lead than the limit established by paragraph (2) shall be treated as a banned hazardous substance under the Federal Hazardous Substances Act (15 U.S.C. 1261 et seq.).

**(2) Lead limit****(A) 600 parts per million**

Except as provided in subparagraphs (B), (C), (D), and (E), beginning 180 days after August 14, 2008, the lead limit referred to in paragraph (1) is 600 parts per million total lead content by weight for any part of the product.

**(B) 300 parts per million**

Except as provided by subparagraphs (C), (D), and (E), beginning on the date that is 1 year after August 14, 2008, the lead limit referred to in paragraph (1) is 300 parts per million total lead content by weight for any part of the product.

**(C) 100 parts per million**

Except as provided in subparagraphs (D) and (E), beginning on the date that is 3 years after August 14, 2008, subparagraph (B) shall be applied by substituting “100 parts per million” for “300 parts per million” unless the Commission determines that a limit of 100 parts per million is not technologically feasible for a product or product category. The Commission may make such a determination only after notice and a hearing and after analyzing the public health protections associated with substantially reducing lead in children’s products.

**(D) Alternate reduction of limit**

If the Commission determines under subparagraph (C) that the 100 parts per million limit is not technologically feasible for a product or product category, the Commission shall, by regulation, establish an amount that is the lowest amount of lead, lower than 300 parts per million, the Commission determines to be technologically feasible to achieve for that product or product category. The amount of lead established by the Commission under the preceding sentence shall be substituted for the 300 parts per million limit under subparagraph (B) beginning on the date that is 3 years after August 14, 2008.

**(E) Periodic review and further reductions**

The Commission shall, based on the best available scientific and technical information, periodically review and revise downward the limit set forth in this subsection, no less frequently than every 5 years after promulgation of the limit under subparagraph (C) or (D) to require the lowest amount of lead that the Commission determines is technologically feasible to achieve. The amount of lead established by the Commission under the preceding sentence shall be substituted for the lead limit in effect immediately before such revision.

**(3) Application**

Each limit set forth in paragraph (2) (except for the limit set forth in subparagraphs (A)

and (B)) shall apply only to a children's product (as defined in section 3(a) of the Consumer Product Safety Act (15 U.S.C. 2052(a))) that is manufactured after the effective date of such respective limit.

**(b) Exclusion of certain materials or products and inaccessible component parts**

**(1) Functional purpose exception**

**(A) In general**

The Commission, on its own initiative or upon petition by an interested party, shall grant an exception to the limit in subsection (a) for a specific product, class of product, material, or component part if the Commission, after notice and a hearing, determines that—

(i) the product, class of product, material, or component part requires the inclusion of lead because it is not practicable or not technologically feasible to manufacture such product, class of product, material, or component part, as the case may be, in accordance with subsection (a) by removing the excessive lead or by making the lead inaccessible;

(ii) the product, class of product, material, or component part is not likely to be placed in the mouth or ingested, taking into account normal and reasonably foreseeable use and abuse of such product, class of product, material, or component part by a child; and

(iii) an exception for the product, class of product, material, or component part will have no measurable adverse effect on public health or safety, taking into account normal and reasonably foreseeable use and abuse.

**(B) Measurement**

For purposes of subparagraph (A)(iii), there is no measurable adverse effect on public health or safety if the exception described in subparagraph (A) will result in no measurable increase in blood lead levels of a child. The Commission may adopt an alternative method of measurement other than blood lead levels if it determines, after notice and a hearing, that such alternative method is a better scientific method for measuring adverse effect on public health and safety.

**(C) Procedures for granting exception**

**(i) Burden of proof**

A party seeking an exception under subparagraph (A) has the burden of demonstrating that it meets the requirements of such subparagraph.

**(ii) Grounds for decision**

In the case where a party has petitioned for an exception, in determining whether to grant the exception, the Commission may base its decision solely on the materials presented by the party seeking the exception and any materials received through notice and a hearing.

**(iii) Admissible evidence**

In demonstrating that it meets the requirements of subparagraph (A), a party

seeking an exception under such subparagraph may rely on any nonproprietary information submitted by any other party seeking such an exception and such information shall be considered part of the record presented by the party that relies on that information.

**(iv) Scope of exception**

If an exception is sought for an entire product, the burden is on the petitioning party to demonstrate that the criteria in subparagraph (A) are met with respect to every accessible component or accessible material of the product.

**(D) Limitation on exception**

If the Commission grants an exception for a product, class of product, material, or component part under subparagraph (A), the Commission may, as necessary to protect public health or safety—

(i) establish a lead limit that such product, class of product, material, or component part may not exceed; or

(ii) place a manufacturing expiration date on such exception or establish a schedule after which the manufacturer of such product, class of product, material, or component part shall be in full compliance with the limit established under clause (i) or the limit set forth in subsection (a).

**(E) Application of exception**

An exception under subparagraph (A) for a product, class of product, material, or component part shall apply regardless of the date of manufacture unless the Commission expressly provides otherwise.

**(F) Previously submitted petitions**

A party seeking an exception under this paragraph may rely on materials previously submitted in connection with a petition for exclusion under this section. In such cases, petitioners must notify the Commission of their intent to rely on materials previously submitted. Such reliance does not affect petitioners' obligation to demonstrate that they meet all requirements of this paragraph as required by subparagraph (C)(i).

**(2) Exception for inaccessible component parts**

**(A) In general**

The limits established under subsection (a) shall not apply to any component part of a children's product that is not accessible to a child through normal and reasonably foreseeable use and abuse of such product, as determined by the Commission. A component part is not accessible under this subparagraph if such component part is not physically exposed by reason of a sealed covering or casing and does not become physically exposed through reasonably foreseeable use and abuse of the product. Reasonably foreseeable use and abuse shall include swallowing, mouthing, breaking, or other children's activities, and the aging of the product.

**(B) Inaccessibility proceeding**

Within 1 year after August 14, 2008, the Commission shall promulgate a rule provid-

ing guidance with respect to what product components, or classes of components, will be considered to be inaccessible for purposes of subparagraph (A).

**(C) Application pending CPSC guidance**

Until the Commission promulgates a rule pursuant to subparagraph (B), the determination of whether a product component is inaccessible to a child shall be made in accordance with the requirements laid out in subparagraph (A) for considering a component to be inaccessible to a child.

**(3) Certain barriers disqualified**

For purposes of this subsection, paint, coatings, or electroplating may not be considered to be a barrier that would render lead in the substrate inaccessible to a child, or to prevent absorption of any lead into the human body, through normal and reasonably foreseeable use and abuse of the product.

**(4) Certain electronic devices**

If the Commission determines that it is not technologically feasible for certain electronic devices, including devices containing batteries, to comply with subsection (a), the Commission, by regulation, shall—

(A) issue requirements to eliminate or minimize the potential for exposure to and accessibility of lead in such electronic devices, which may include requirements that such electronic devices be equipped with a child-resistant cover or casing that prevents exposure to and accessibility of the parts of the product containing lead; and

(B) establish a schedule by which such electronic devices shall be in full compliance with the limits in subsection (a), unless the Commission determines that full compliance will not be technologically feasible for such devices within a schedule set by the Commission.

**(5) Exception for off-highway vehicles**

**(A) In general**

Subsection (a) shall not apply to an off-highway vehicle.

**(B) Off-highway vehicle defined**

For purposes of this section, the term “off-highway vehicle”—

(i) means any motorized vehicle—

(I) that is manufactured primarily for use off public streets, roads, and highways;

(II) designed to travel on 2, 3, or 4 wheels; and

(III) that has either—

(aa) a seat designed to be straddled by the operator and handlebars for steering control; or

(bb) a nonstraddle seat, steering wheel, seat belts, and roll-over protective structure; and

(ii) includes a snowmobile.

**(6) Bicycles and related products**

In lieu of the lead limits established in subsection (a)(2), the limits set forth for each respective material in the notice of the Commis-

sion entitled “Notice of Stay of Enforcement Pertaining to Bicycles and Related Products”, published June 30, 2009 (74 Fed. Reg. 31254), shall apply to any metal component part of the products to which the stay of enforcement described in such notice applies, except that after December 31, 2011, the limits set forth in such notice shall not be more than 300 parts per million total lead content by weight for any metal component part of the products to which such stay pertains.

**(7) Exclusion of certain used children’s products**

**(A) General exclusion**

The lead limits established under subsection (a) shall not apply to a used children’s product.

**(B) Definition**

In this paragraph, the term “used children’s product” means a children’s product (as defined in section 3(a) of the Consumer Product Safety Act (15 U.S.C. 2052(a)) that was obtained by the seller for use and not for the purpose of resale or was obtained by the seller, either directly or indirectly, from a person who obtained such children’s product for use and not for the purpose of resale. Such term also includes a children’s product that was donated to the seller for charitable distribution or resale to support charitable purposes. Such term shall not include—

(i) children’s metal jewelry;

(ii) any children’s product for which the donating party or the seller has actual knowledge that the product is in violation of the lead limits in this section; or

(iii) any other children’s product or product category that the Commission determines, after notice and a hearing.

For purposes of this definition, the term “seller” includes a person who lends or donates a used children’s product.

**(8) Periodic review**

The Commission shall, based on the best available scientific and technical information, periodically review and revise the regulations promulgated pursuant to this subsection no less frequently than every 5 years after the first promulgation of a regulation under this subsection to make them more stringent and to require the lowest amount of lead the Commission determines is technologically feasible to achieve.

**(c) Application with ASTM F963**

To the extent that any regulation promulgated by the Commission under this section (or any section of the Consumer Product Safety Act [15 U.S.C. 2051 et seq.] or any other Act enforced by the Commission, as such Acts are affected by this section) is inconsistent with the ASTM F963 standard, such promulgated regulation shall supersede the ASTM F963 standard to the extent of the inconsistency.

**(d) Technological feasibility defined**

For purposes of this section, a limit shall be deemed technologically feasible with regard to a product or product category if—

(1) a product that complies with the limit is commercially available in the product category;

(2) technology to comply with the limit is commercially available to manufacturers or is otherwise available within the common meaning of the term;

(3) industrial strategies or devices have been developed that are capable or will be capable of achieving such a limit by the effective date of the limit and that companies, acting in good faith, are generally capable of adopting; or

(4) alternative practices, best practices, or other operational changes would allow the manufacturer to comply with the limit.

**(e) Pending rulemaking proceedings to have no effect**

The pendency of a rulemaking proceeding to consider—

(1) a delay in the effective date of a limit or an alternate limit under this section related to technological feasibility,

(2) an exception for certain products or materials or inaccessibility guidance under subsection (b) of this section, or

(3) any other request for modification of or exemption from any regulation, rule, standard, or ban under this Act or any other Act enforced by the Commission,

shall not delay the effect of any provision or limit under this section nor shall it stay general enforcement of the requirements of this section.

**(f) More stringent lead paint ban**

**(1) In general**

Effective on the date that is 1 year after August 14, 2008, the Commission shall modify section 1303.1 of its regulations (16 C.F.R. 1301.1) by substituting “0.009 percent” for “0.06 percent” in subsection (a) of that section.

**(2) Periodic review and reduction**

The Commission shall, no less frequently than every 5 years after the date on which the Commission modifies the regulations pursuant to paragraph (1), review the limit for lead in paint set forth in section 1303.1 of title 16, Code of Federal Regulations (as revised by paragraph (1)), and shall by regulation revise downward the limit to require the lowest amount of lead that the Commission determines is technologically feasible to achieve.

**(3) Methods for screening lead in small painted areas**

In order to provide for effective and efficient enforcement of the limit set forth in section 1303.1 of title 16, Code of Federal Regulations, the Commission may rely on x-ray fluorescence technology or other alternative methods for measuring lead in paint or other surface coatings on products subject to such section where the total weight of such paint or surface coating is no greater than 10 milligrams or where such paint or surface coating covers no more than 1 square centimeter of the surface area of such products. Such alternative methods for measurement shall not permit more than 2 micrograms of lead in a total weight of 10 milligrams or less of paint or other surface

coating or in a surface area of 1 square centimeter or less.

**(4) Alternative methods of measuring lead in paint generally**

**(A) Study**

Not later than 1 year after August 14, 2008, the Commission shall complete a study to evaluate the effectiveness, precision, and reliability of x-ray fluorescence technology and other alternative methods for measuring lead in paint or other surface coatings when used on a children’s product or furniture article in order to determine compliance with part 1303 of title 16, Code of Federal Regulations, as modified pursuant to this subsection.

**(B) Rulemaking**

If the Commission determines, based on the study in subparagraph (A), that x-ray fluorescence technology or other alternative methods for measuring lead in paint are as effective, precise, and reliable as the methodology used by the Commission for compliance determinations prior to August 14, 2008, the Commission may promulgate regulations governing the use of such methods in determining the compliance of products with part 1303 of title 16, Code of Federal Regulations, as modified pursuant to this subsection. Any regulations promulgated by the Commission shall ensure that such alternative methods are no less effective, precise, and reliable than the methodology used by the Commission prior to August 14, 2008.

**(5) Periodic review**

The Commission shall, no less frequently than every 5 years after the Commission completes the study required by paragraph (4)(A), review and revise any methods for measurement utilized by the Commission pursuant to paragraph (3) or pursuant to any regulations promulgated under paragraph (4) to ensure that such methods are the most effective methods available to protect children’s health. The Commission shall conduct an ongoing effort to study and encourage the further development of alternative methods for measuring lead in paint and other surface coating that can effectively, precisely, and reliably detect lead levels at or below the level set forth in part 1303 of title 16, Code of Federal Regulations, or any lower level established by regulation.

**(6) No effect on legal limit**

Nothing in paragraph (3), nor reliance by the Commission on any alternative method of measurement pursuant to such paragraph, nor any rule prescribed pursuant to paragraph (4), nor any method established pursuant to paragraph (5) shall be construed to alter the limit set forth in section 1303 of title 16, Code of Federal Regulations, as modified pursuant to this subsection, or provide any exemption from such limit.

**(7) Construction**

Nothing in this subsection shall be construed to affect the authority of the Commis-

sion or any other person to use alternative methods for detecting lead as a screening method to determine whether further testing or action is needed.

**(g) Treatment as a regulation under the FHSA**

Any ban imposed by subsection (a) or rule promulgated under subsection (a) or (b) of this section, and section 1303.1 of title 16, Code of Federal Regulations (as modified pursuant to subsection (f)(1) or (2)), or any successor regulation, shall be considered a regulation of the Commission promulgated under or for the enforcement of section 2(q) of the Federal Hazardous Substances Act (15 U.S.C. 1261(q)).

(2) if it is a demand for production of documentary material—

(A) describe the class or classes of documentary material to be produced thereunder with such definiteness and certainty as to permit such material to be fairly identified;

(B) prescribe a return date or dates which will provide a reasonable period of time within which the material so demanded may be assembled and made available for inspection and copying or reproduction; and

(C) identify the custodian to whom such material shall be made available; or

(3) if it is a demand for answers to written interrogatories—

(A) propound with definiteness and certainty the written interrogatories to be answered;

(B) prescribe a date or dates at which time answers to written interrogatories shall be submitted; and

(C) identify the custodian to whom such answers shall be submitted; or

(4) if it is a demand for the giving of oral testimony—

(A) prescribe a date, time, and place at which oral testimony shall be commenced; and

(B) identify an antitrust investigator who shall conduct the examination and the custodian to whom the transcript of such examination shall be submitted.

Any such demand which is an express demand for any product of discovery shall not be returned or returnable until twenty days after a copy of such demand has been served upon the person from whom the discovery was obtained.

#### (c) Protected material or information; demand for product of discovery superseding disclosure restrictions except trial preparation materials

(1) No such demand shall require the production of any documentary material, the submission of any answers to written interrogatories, or the giving of any oral testimony, if such material, answers, or testimony would be protected from disclosure under—

(A) the standards applicable to subpoenas or subpoenas duces tecum issued by a court of the United States in aid of a grand jury investigation, or

(B) the standards applicable to discovery requests under the Federal Rules of Civil Procedure, to the extent that the application of such standards to any such demand is appropriate and consistent with the provisions and purposes of this chapter.

(2) Any such demand which is an express demand for any product of discovery supersedes any inconsistent order, rule, or provision of law (other than this chapter) preventing or restraining disclosure of such product of discovery to any person. Disclosure of any product of discovery pursuant to any such express demand does not constitute a waiver of any right or privilege, including without limitation any right or privilege which may be invoked to resist discovery of trial preparation materials, to which the person making such disclosure may be entitled.

**(d) Service; jurisdiction**

(1) Any such demand may be served by any antitrust investigator, or by any United States marshal or deputy marshal, at any place within the territorial jurisdiction of any court of the United States.

(2) any such demand or any petition filed under section 1314 of this title may be served upon any person who is not to be found within the territorial jurisdiction of any court of the United States, in such manner as the Federal Rules of Civil Procedure prescribe for service in a foreign country. To the extent that the courts of the United States can assert jurisdiction over such person consistent with due process, the United States District Court for the District of Columbia shall have the same jurisdiction to take any action respecting compliance with this chapter by such person that such court would have if such person were personally within the jurisdiction of such court.

**(e) Service upon legal entities and natural persons**

(1) Service of any such demand or of any petition filed under section 1314 of this title may be made upon a partnership, corporation, association, or other legal entity by—

(A) delivering a duly executed copy thereof to any partner, executive officer, managing agent, or general agent thereof, or to any agent thereof authorized by appointment or by law to receive service of process on behalf of such partnership, corporation, association, or entity;

(B) delivering a duly executed copy thereof to the principal office or place of business of the partnership, corporation, association, or entity to be served; or

(C) depositing such copy in the United States mails, by registered or certified mail, return receipt requested, duly addressed to such partnership, corporation, association, or entity at its principal office or place of business.

(2) Service of any such demand or of any petition filed under section 1314 of this title may be made upon any natural person by—

(A) delivering a duly executed copy thereof to the person to be served; or

(B) depositing such copy in the United States mails by registered or certified mail, return receipt requested, duly addressed to such person at his residence or principal office or place of business.

**(f) Proof of service**

A verified return by the individual serving any such demand or petition setting forth the manner of such service shall be proof of such service. In the case of service by registered or certified mail, such return shall be accompanied by the return post office receipt of delivery of such demand.

**(g) Sworn certificates**

The production of documentary material in response to a demand served pursuant to this section shall be made under a sworn certificate, in such form as the demand designates, by the person, if a natural person, to whom the demand is

directed or, if not a natural person, by a person or persons having knowledge of the facts and circumstances relating to such production, to the effect that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the demand is directed has been produced and made available to the custodian.

**(h) Interrogatories**

Each interrogatory in a demand served pursuant to this section shall be answered separately and fully in writing under oath, unless it is objected to, in which event the reasons for the objection shall be stated in lieu of an answer, and it shall be submitted under a sworn certificate, in such form as the demand designates, by the person, if a natural person, to whom the demand is directed or, if not a natural person, by a person or persons responsible for answering each interrogatory, to the effect that all information required by the demand and in the possession, custody, control, or knowledge of the person to whom the demand is directed has been submitted.

**(i) Oral examinations**

(1) The examination of any person pursuant to a demand for oral testimony served under this section shall be taken before an officer authorized to administer oaths and affirmations by the laws of the United States or of the place where the examination is held. The officer before whom the testimony is to be taken shall put the witness on oath or affirmation and shall personally, or by someone acting under his direction and in his presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed. When the testimony is fully transcribed, the officer before whom the testimony is taken shall promptly transmit a copy of the transcript of the testimony to the custodian.

(2) The antitrust investigator or investigators conducting the examination shall exclude from the place where the examination is held all other persons except the person being examined, his counsel, the officer before whom the testimony is to be taken, and any stenographer taking such testimony. The provisions of section 30<sup>1</sup> of this title shall not apply to such examinations.

(3) The oral testimony of any person taken pursuant to a demand served under this section shall be taken in the judicial district of the United States within which such person resides, is found, or transacts business, or in such other place as may be agreed upon by the antitrust investigator conducting the examination and such person.

(4) When the testimony is fully transcribed, the antitrust investigator or the officer shall afford the witness (who may be accompanied by counsel) a reasonable opportunity to examine the transcript; and the transcript shall be read to or by the witness, unless such examination and reading are waived by the witness. Any changes in form or substance which the witness desires to make shall be entered and identified upon the transcript by the officer or the anti-

<sup>1</sup> See References in Text note below.

trust investigator with a statement of the reasons given by the witness for making such changes. The transcript shall then be signed by the witness, unless the witness in writing waives the signing, is ill, cannot be found, or refuses to sign. If the transcript is not signed by the witness within thirty days of his being afforded a reasonable opportunity to examine it, the officer or the antitrust investigator shall sign it and state on the record the fact of the waiver, illness, absence of the witness, or the refusal to sign, together with the reason, if any, given therefor.

(5) The officer shall certify on the transcript that the witness was duly sworn by him and that the transcript is a true record of the testimony given by the witness, and the officer or antitrust investigator shall promptly deliver it or send it by registered or certified mail to the custodian.

(6) Upon payment of reasonable charges therefor, the antitrust investigator shall furnish a copy of the transcript to the witness only, except that the Assistant Attorney General in charge of the Antitrust Division may for good cause limit such witness to inspection of the official transcript of his testimony.

(7)(A) Any person compelled to appear under a demand for oral testimony pursuant to this section may be accompanied, represented, and advised by counsel. Counsel may advise such person, in confidence, either upon the request of such person or upon counsel's own initiative, with respect to any question asked of such person. Such person or counsel may object on the record to any question, in whole or in part, and shall briefly state for the record the reason for the objection. An objection may properly be made, received, and entered upon the record when it is claimed that such person is entitled to refuse to answer the question on grounds of any constitutional or other legal right or privilege, including the privilege against self-incrimination. Such person shall not otherwise object to or refuse to answer any question, and shall not by himself or through counsel otherwise interrupt the oral examination. If such person refuses to answer any question, the antitrust investigator conducting the examination may petition the district court of the United States pursuant to section 1314 of this title for an order compelling such person to answer such question.

(B) If such person refuses to answer any question on grounds of the privilege against self-incrimination, the testimony of such person may be compelled in accordance with the provisions of Part V of title 18.

(8) Any person appearing for oral examination pursuant to a demand served under this section shall be entitled to the same fees and mileage which are paid to witnesses in the district courts of the United States.

### § 1313. Custodian of documents, answers and transcripts

**(b) Production of materials**

Any person, upon whom any demand under section 1312 of this title for the production of documentary material has been duly served, shall make such material available for inspection and copying or reproduction to the custodian designated therein at the principal place of business of such person (or at such other place as such custodian and such person thereafter may agree and prescribe in writing or as the court may direct, pursuant to section 1314(d)<sup>1</sup> of this title) on the return date specified in such demand (or on such later date as such custodian may prescribe in writing). Such person may upon written agreement between such person and the custodian substitute copies for originals of all or any part of such material.

**(c) Responsibility for materials; disclosure**

(1) The custodian to whom any documentary material, answers to interrogatories, or transcripts of oral testimony are delivered shall take physical possession thereof, and shall be responsible for the use made thereof and for the return of documentary material, pursuant to this chapter.

(2) The custodian may cause the preparation of such copies of such documentary material, answers to interrogatories, or transcripts of oral testimony as may be required for official use by any duly authorized official, employee, or agent of the Department of Justice under regulations which shall be promulgated by the Attorney General. Notwithstanding paragraph (3) of this subsection, such material, answers, and transcripts may be used by any such official, employee, or agent in connection with the taking of oral testimony pursuant to this chapter.

(3) Except as otherwise provided in this section, while in the possession of the custodian, no documentary material, answers to interrogatories, or transcripts of oral testimony, or copies thereof, so produced shall be available for examination, without the consent of the person who produced such material, answers, or transcripts, and, in the case of any product of discovery produced pursuant to an express demand for such material, of the person from whom the discovery was obtained, by any individual other than a duly authorized official, employee, or agent of the Department of Justice. Nothing in this section is intended to prevent disclosure to either body of the Congress or to any authorized committee or subcommittee thereof.

(4) While in the possession of the custodian and under such reasonable terms and conditions as the Attorney General shall prescribe, (A) documentary material and answers to interrogatories shall be available for examination by the person who produced such material or answers, or by any duly authorized representative of such person, and (B) transcripts of oral testimony

If any documentary material has been produced in the course of any antitrust investigation by any person pursuant to a demand under this chapter and—

### § 1314. Judicial proceedings

#### (a) Petition for enforcement; venue

Whenever any person fails to comply with any civil investigative demand duly served upon him under section 1312 of this title or whenever satisfactory copying or reproduction of any such material cannot be done and such person refuses to surrender such material, the Attorney General, through such officers or attorneys as he may designate, may file, in the district court of the United States for any judicial district in which such person resides, is found, or transacts business, and serve upon such person a petition for an order of such court for the enforcement of this chapter.

#### (b) Petition for order modifying or setting aside demand; time for petition; suspension of time allowed for compliance with demand during pendency of petition; grounds for relief

(1) Within twenty days after the service of any such demand upon any person, or at any time before the return date specified in the demand, whichever period is shorter, or within such period exceeding twenty days after service or in excess of such return date as may be prescribed in writing, subsequent to service, by any antitrust investigator named in the demand, such person may file and serve upon such antitrust investigator, and in the case of any express demand for any product of discovery upon the person from whom such discovery was obtained, a petition for an order modifying or setting aside such demand—

(A) in the district court of the United States for the judicial district within which such person resides, is found, or transacts business; or

(B) in the case of a petition addressed to an express demand for any product of discovery, only in the district court of the United States for the judicial district in which the proceeding in which such discovery was obtained is or was last pending.

(2) The time allowed for compliance with the demand in whole or in part as deemed proper and ordered by the court shall not run during the pendency of such petition in the court, except that such person shall comply with any portions of the demand not sought to be modified or set aside. Such petition shall specify each ground upon which the petitioner relies in seeking such relief and may be based upon any failure of such demand to comply with the provisions of this chapter, or upon any constitutional or other legal right or privilege of such person.

**(c) Petition for order modifying or setting aside demand for production of product of discovery; grounds for relief; stay of compliance with demand and of running of time allowed for compliance with demand**

Whenever any such demand is an express demand for any product of discovery, the person from whom such discovery was obtained may file, at any time prior to compliance with such express demand, in the district court of the United States for the judicial district in which the proceeding in which such discovery was obtained is or was last pending, and serve upon any antitrust investigator named in the demand and upon the recipient of the demand, a petition for an order of such court modifying or setting aside those portions of the demand requiring production of any such product of discovery. Such petition shall specify each ground upon which the petitioner relies in seeking such relief and may be based upon any failure of such portions of the demand to comply with the provisions of this chapter, or upon any constitutional or other legal right or privilege of the petitioner. During the pendency of such petition, the court may stay, as it deems proper, compliance with the demand and the running of the time allowed for compliance with the demand.

**(d) Petition for order requiring performance by custodian of duties; venue**

At any time during which any custodian is in custody or control of any documentary material or answers to interrogatories delivered, or transcripts of oral testimony given by any person in compliance with any such demand, such person, and, in the case of an express demand for any product of discovery, the person from whom such discovery was obtained, may file, in the district court of the United States for the judicial district within which the office of such custodian is situated, and serve upon such custodian a petition for an order of such court requiring the performance by such custodian of any duty imposed upon him by this chapter.

Any disobedience of any final order entered under this section by any court shall be punished as a contempt thereof.

Not later than 24 months after June 22, 2009, the Secretary shall issue regulations that require color

graphics depicting the negative health consequences of smoking to accompany the label statements specified in subsection (a)(1). The Secretary may adjust the type size, text and format of the label statements specified in subsections (a)(2) and (b)(2) as the Secretary determines appropriate so that both the graphics and the accompanying label statements are clear, conspicuous, legible and appear within the specified area.

Pub. L. 111-31, div. A, title II, § 202(b), June 22, 2009, 123 Stat. 1845, provided that this section, as amended by section 201 of Pub. L. 111-31, is further amended by adding at the end the following:

Any such disclosure shall be in accordance with the methodology established under such regulations, shall conform to the type size requirements of subsection (b) of this section, and shall appear within the area specified in subsection (b) of this section.

(2) *Resolution of differences*

Any differences between the requirements established by the Secretary under paragraph (1) and tar and nicotine yield reporting requirements established by the Federal Trade Commission shall be resolved by a memorandum of understanding between the Secretary and the Federal Trade Commission.

(3) *Cigarette and other tobacco product constituents*

In addition to the disclosures required by paragraph (1), the Secretary may, under a rulemaking conducted under section 553 of title 5, prescribe disclosure requirements regarding the level of any cigarette or other tobacco product constituent including any smoke constituent. Any such disclosure may be required if the Secretary determines that disclosure would be of benefit to the public health, or otherwise would increase consumer awareness of the health consequences of the use of tobacco products, except that no such prescribed disclosure shall be required on the face of

any cigarette package or advertisement. Nothing in this section shall prohibit the Secretary from requiring such prescribed disclosure through a cigarette or other tobacco product package or advertisement insert, or by any other means under the Federal Food, Drug, and Cosmetic Act.

**§ 1351. Declaration of purpose**

Congress finds that wider diffusion and more effective application of science and technology in business, commerce, and industry are essential to the growth of the economy, to higher levels of employment, and to the competitive position of United States products in world markets. The Congress also finds that the benefits of federally financed research, as well as other research, must be placed more effectively in the hands of American business, commerce, and industrial establishments. The Congress further finds that the several States through cooperation with universities, communities, and industries can contribute significantly to these purposes by providing technical services designed to encourage a more effective application of science and technology to both new and established business, commerce, and industrial establishments. The Congress, therefore, declares that the purpose of this chapter is to provide a national program of incentives and support for the several States individually and in cooperation with each other in their establishing and maintaining State and interstate technical service programs designed to achieve these ends.

(Pub. L. 89-182, §1, Sept. 14, 1965, 79 Stat. 679.)

##### SHORT TITLE

Section 1 of Pub. L. 89-755 provided: "That this Act [enacting this chapter] may be cited as the 'Fair Packaging and Labeling Act'."

##### § 1452. Unfair and deceptive packaging and labeling; scope of prohibition

###### (a) Nonconforming labels

It shall be unlawful for any person engaged in the packaging or labeling of any consumer commodity (as defined in this chapter) for distribution in commerce, or for any person (other than a common carrier for hire, a contract carrier for hire, or a freight forwarder for hire) engaged in the distribution in commerce of any packaged or labeled consumer commodity, to distribute or to cause to be distributed in commerce any such commodity if such commodity is contained in a package, or if there is affixed to that commodity a label, which does not conform to the provisions of this chapter and of regulations promulgated under the authority of this chapter.

###### (b) Exemptions

The prohibition contained in subsection (a) of this section shall not apply to persons engaged in business as wholesale or retail distributors of consumer commodities except to the extent that such persons (1) are engaged in the packaging or labeling of such commodities, or (2) prescribe or specify by any means the manner in which such commodities are packaged or labeled.

(Pub. L. 89-755, §3, Nov. 3, 1966, 80 Stat. 1296.)

##### § 1453. Requirements of labeling; placement, form, and contents of statement of quantity; supplemental statement of quantity

###### (a) Contents of label

No person subject to the prohibition contained in section 1452 of this title shall distribute or cause to be distributed in commerce any packaged consumer commodity unless in conformity with regulations which shall be established by

the promulgating authority pursuant to section 1455 of this title which shall provide that—

(1) The commodity shall bear a label specifying the identity of the commodity and the name and place of business of the manufacturer, packer, or distributor;

(2) The net quantity of contents (in terms of weight or mass, measure, or numerical count) shall be separately and accurately stated in a uniform location upon the principal display panel of that label, using the most appropriate units of both the customary inch/pound system of measure, as provided in paragraph (3) of this subsection, and, except as provided in paragraph (3)(A)(ii) or paragraph (6) of this subsection, the SI metric system;

(3) The separate label statement of net quantity of contents appearing upon or affixed to any package—

(A)(i) if on a package labeled in terms of weight, shall be expressed in pounds, with any remainder in terms of ounces or common or decimal fractions of the pound; or in the case of liquid measure, in the largest whole unit (quarts, quarts and pints, or pints, as appropriate) with any remainder in terms of fluid ounces or common or decimal fractions of the pint or quart;

(ii) if on a random package, may be expressed in terms of pounds and decimal fractions of the pound carried out to not more than three decimal places and is not required to, but may, include a statement in terms of the SI metric system carried out to not more than three decimal places;

(iii) if on a package labeled in terms of linear measure, shall be expressed in terms of the largest whole unit (yards, yards and feet, or feet, as appropriate) with any remainder in terms of inches or common or decimal fractions of the foot or yard;

(iv) if on a package labeled in terms of measure of area, shall be expressed in terms of the largest whole square unit (square yards, square yards and square feet, or square feet, as appropriate) with any remainder in terms of square inches or common or decimal fractions of the square foot or square yard;

(B) shall appear in conspicuous and easily legible type in distinct contrast (by topography, layout, color, embossing, or molding) with other matter on the package;

(C) shall contain letters or numerals in a type size which shall be (i) established in relationship to the area of the principal display panel of the package, and (ii) uniform for all packages of substantially the same size; and

(D) shall be so placed that the lines of printed matter included in that statement are generally parallel to the base on which the package rests as it is designed to be displayed; and

(4) The label of any package of a consumer commodity which bears a representation as to the number of servings of such commodity contained in such package shall bear a statement of the net quantity (in terms of weight or mass, measure, or numerical count) of each such serving.

(5) For purposes of paragraph (3)(A)(ii) of this subsection the term “random package” means a package which is one of a lot, shipment, or delivery of packages of the same consumer commodity with varying weights or masses, that is, packages with no fixed weight or mass pattern.

(6) The requirement of paragraph (2) that the statement of net quantity of contents include a statement in terms of the SI metric system shall not apply to foods that are packaged at the retail store level.

#### (b) Supplemental statements

No person subject to the prohibition contained in section 1452 of this title shall distribute or cause to be distributed in commerce any packaged consumer commodity if any qualifying words or phrases appear in conjunction with the separate statement of the net quantity of contents required by subsection (a) of this section, but nothing in this subsection or in paragraph (2) of subsection (a) of this section shall prohibit supplemental statements, at other places on the package, describing in nondeceptive terms the net quantity of contents: *Provided*, That such supplemental statements of net quantity of contents shall not include any term qualifying a unit of weight or mass, measure, or count that tends to exaggerate the amount of the commodity contained in the package.

### § 1454. Rules and regulations

#### (a) Promulgating authority

The authority to promulgate regulations under this chapter is vested in (A) the Secretary of Health and Human Services (referred to hereinafter as the “Secretary”) with respect to any consumer commodity which is a food, drug, device, or cosmetic, as each such term is defined by section 321 of title 21; and (B) the Federal Trade Commission (referred to hereinafter as the “Commission”) with respect to any other consumer commodity.

#### (b) Exemption of commodities from regulations

If the promulgating authority specified in this section finds that, because of the nature, form, or quantity of a particular consumer commodity, or for other good and sufficient reasons, full compliance with all the requirements otherwise applicable under section 1453 of this title is impracticable or is not necessary for the adequate protection of consumers, the Secretary or the Commission (whichever the case may be) shall promulgate regulations exempting such commodity from those requirements to the extent and under such conditions as the promulgating authority determines to be consistent with section 1451 of this title.

#### (c) Scope of additional regulations

Whenever the promulgating authority determines that regulations containing prohibitions or requirements other than those prescribed by section 1453 of this title are necessary to prevent the deception of consumers or to facilitate value comparisons as to any consumer commodity, such authority shall promulgate with respect to that commodity regulations effective to—

(1) establish and define standards for characterization of the size of a package enclosing

any consumer commodity, which may be used to supplement the label statement of net quantity of contents of packages containing such commodity, but this paragraph shall not be construed as authorizing any limitation on the size, shape, weight or mass, dimensions, or number of packages which may be used to enclose any commodity;

(2) regulate the placement upon any package containing any commodity, or upon any label affixed to such commodity, of any printed matter stating or representing by implication that such commodity is offered for retail sale at a price lower than the ordinary and customary retail sale price or that a retail sale price advantage is accorded to purchasers thereof by reason of the size of that package or the quantity of its contents;

(3) require that the label on each package of a consumer commodity (other than one which is a food within the meaning of section 321(f) of title 21) bear (A) the common or usual name of such consumer commodity, if any, and (B) in case such consumer commodity consists of two or more ingredients, the common or usual name of each such ingredient listed in order of decreasing predominance, but nothing in this paragraph shall be deemed to require that any trade secret be divulged; or

(4) prevent the nonfunctional-slack-fill of packages containing consumer commodities.

For purposes of paragraph (4) of this subsection, a package shall be deemed to be nonfunctionally slack-filled if it is filled to substantially less than its capacity for reasons other than (A) protection of the contents of such package or (B) the requirements of machines used for enclosing the contents in such package.

#### (d) Development by manufacturers, packers, and distributors of voluntary product standards

Whenever the Secretary of Commerce determines that there is undue proliferation of the weights or masses, measures, or quantities in which any consumer commodity or reasonably comparable consumer commodities are being distributed in packages for sale at retail and such undue proliferation impairs the reasonable ability of consumers to make value comparisons with respect to such consumer commodity or commodities, he shall request manufacturers, packers, and distributors of the commodity or commodities to participate in the development of a voluntary product standard for such commodity or commodities under the procedures for the development of voluntary products standards established by the Secretary pursuant to section 272 of this title. Such procedures shall provide adequate manufacturer, packer, distributor, and consumer representation.

#### (e) Report and recommendations to Congress upon industry failure to develop or abide by voluntary product standards

If (1) after one year after the date on which the Secretary of Commerce first makes the request of manufacturers, packers, and distributors to participate in the development of a voluntary product standard as provided in subsection (d) of this section, he determines that such a standard will not be published pursuant

to the provisions of such subsection (d), or (2) if such a standard is published and the Secretary of Commerce determines that it has not been observed, he shall promptly report such determination to the Congress with a statement of the efforts that have been made under the voluntary standards program and his recommendation as to whether Congress should enact legislation providing regulatory authority to deal with the situation in question.

(Pub. L. 89-755, §5, Nov. 3, 1966, 80 Stat. 1298; Pub. L. 96-88, title V, §509(b), Oct. 17, 1979, 93 Stat. 695; Pub. L. 102-245, title I, §107(a)(1), (2), Feb. 14, 1992, 106 Stat. 13; Pub. L. 102-329, §§1(1), (2), 3, Aug. 3, 1991, 106 Stat. 847, 848.)

### § 1472. Special packaging standards

#### (a) Establishment

The Commission,<sup>1</sup> may establish in accordance with the provisions of this Act, by regulation,

<sup>1</sup> Comma retained in amendment by Pub. L. 97-414.

standards for the special packaging of any household substance if it finds that—

(1) the degree or nature of the hazard to children in the availability of such substance, by reason of its packaging, is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using, or ingesting such substance; and

(2) the special packaging to be required by such standard is technically feasible, practicable, and appropriate for such substance.

#### (b) Considerations

In establishing a standard under this section, the Commission shall consider—

(1) the reasonableness of such standard;

(2) available scientific, medical, and engineering data concerning special packaging and concerning childhood accidental ingestions, illness, and injury caused by household substances;

(3) the manufacturing practices of industries affected by this Act; and

(4) the nature and use of the household substance.

#### (c) Publication of findings, reasons, and citation of statutory authorizations

In carrying out this Act, the Commission shall publish its findings, its reasons therefor, and citation of the sections of statutes which authorize its action.

#### (d) Limitation

Nothing in this Act shall authorize the Commission to prescribe specific packaging designs, product content, package quantity, or, with the exception of authority granted in section 1473(a)(2) of this title, labeling. In this case of a household substance for which special packaging is required pursuant to a regulation under this section, the Commission may in such regulation prohibit the packaging of such substance in packages which it determines are unnecessarily attractive to children.

#### (e) Cost-benefit analysis not required

Nothing in this Act shall be construed to require the Consumer Product Safety Commission, in establishing a standard under this section, to prepare a comparison of the costs that would be incurred in complying with such standard with the benefits of such standard.

### § 1473. Conventional packages, marketing

#### (a) Noncomplying packages for elderly or handicapped persons; labeling statements

For the purpose of making any household substance which is subject to a standard established under section 1472 of this title readily available to elderly or handicapped persons unable to use such substance when packaged in compliance with such standard, the manufacturer or packer, as the case may be, may package any household substance, subject to such a standard, in packaging of a single size which does not comply with such standard if—

(1) the manufacturer (or packer) also supplies such substance in packages which comply with such standard; and

(2) the packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"; except that the Commission may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

#### (b) Noncomplying packages for substances dispensed pursuant to orders of medical practitioners

In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

#### (c) Exclusive use of special packaging; necessary circumstances

In the case of a household substance subject to such a standard which is packaged under subsection (a) of this section in a noncomplying package, if the Commission determines that such substance is not also being supplied by a manufacturer (or packer) in popular size packages which comply with such standard, it may, after giving the manufacturer (or packer) an opportunity to comply with the purposes of this Act, by order require such substance to be packaged by such manufacturer (or packer) exclusively in special packaging complying with such standard if it finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this Act.

If the Commission makes such election, it shall publish that fact with the proposal required to be published under paragraph (1) of such subsection (e).

#### (b) Judicial review; petition; record; additional evidence; jurisdiction of court of appeals; scope of review; relief pending review; finality of judgment; review by Supreme Court

(1) In the case of any standard prescribed by a regulation issued in accordance with section 553 of title 5, any person who will be adversely affected by such a standard may, at any time prior to the 60th day after the regulation prescribing such standard is issued by the Commission, file a petition with the United States Court of Appeals for the circuit in which such person resides or has his principal place of business for a judicial review of such standard. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commission or other officer designated by it for that purpose. The Commission shall file in the court the record of the proceedings on which the Commission based its standard, as provided in section 2112 of title 28.

(2) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there was no opportunity to adduce such evidence in the proceeding before the Commission, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Commission in a hearing or in such other manner, and upon such terms and conditions, as to the court may seem proper. The Commission may modify its findings as to the facts, or make new findings, by reason of the additional evidence so taken, and it shall file such modified or new findings, and its recommendation, if any, for the modification or setting aside of its original standard, with the return of such additional evidence.

(3) Upon the filing of the petition under paragraph (1) of this subsection the court shall have jurisdiction to review the standard of the Commission in accordance with subparagraphs (A), (B), (C), and (D) of paragraph (2) of section 706 of title 5. If the court ordered additional evidence to be taken under paragraph (2) of this sub-

section, the court shall also review the Commission's standard to determine if, on the basis of the entire record before the court pursuant to paragraphs (1) and (2) of this subsection, it is supported by substantial evidence. If the court finds the standard is not so supported, the court may set it aside.

(4) With respect to any standard reviewed under this subsection, the court may grant appropriate relief pending conclusion of the review proceedings, as provided in section 705 of such title 5.

(5) The judgment of the court affirming or setting aside, in whole or in part, any such standard of the Commission shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification, as provided in section 1254 of title 28.

(Pub. L. 91-601, §5, Dec. 30, 1970, 84 Stat. 1671; Pub. L. 92-573, §30(a), Oct. 27, 1972, 86 Stat. 1231.)

#### EFFECTIVE DATE OF REPEAL

Repeal effective Aug. 13, 1981, see section 1215 of Pub. L. 97-35, set out as an Effective Date of 1981 Amendment note under section 2052 of this title.

#### § 1476. Preemption of Federal standards

##### (a) Exception for identical State standards

Except as provided in subsections (b) and (c) of this section, whenever a standard established by the Commission under this Act applicable to a household substance is in effect, no State or political subdivision thereof shall have any authority either to establish or continue in effect, with respect to such household substance, any standard for special packaging (and any exemption therefrom and requirement related thereto) which is not identical to the standard established under section 1472 of this title (and any exemption therefrom and requirement related thereto) of this Act.

##### (b) Federal or State standards which afford a higher degree of protection

The Federal Government and the government of any State or political subdivision of a State may establish and continue in effect, with respect to a household substance for its own use, a standard for special packaging or related requirement which is designed to protect against a risk of illness or injury with respect to which a standard for special packaging or related requirement is in effect under this Act and which

is not identical to such standard or requirement if the Federal, State, or political subdivision standard or requirement provides a higher degree of protection from such risk of illness or injury than the standard or requirement in effect under this Act.

##### (c) Exemption for State standards; requirements; determination of burden on interstate commerce; notice and hearing

(1) Upon application of a State or political subdivision of a State, the Commission may, by regulation promulgated in accordance with paragraph (2), exempt from subsection (a) of this section, under such conditions as may be prescribed in such regulation, any standard for special packaging or related requirement of such State or political subdivision applicable to a household substance subject to a standard or requirement in effect under this Act if—

(A) compliance with the State or political subdivision standard or requirement would not cause the household substance to be in violation of the standard or requirement in effect under this Act, and

(B) the State or political subdivision standard or requirement (i) provides a significantly higher degree of protection from the risk of illness or injury with respect to which the Federal standard or requirement is in effect, and (ii) does not unduly burden interstate commerce.

In determining the burden, if any, of a State or political subdivision standard or requirement on interstate commerce the Commission shall consider and make appropriate (as determined by the Commission in its discretion) findings on the technological and economic feasibility of complying with such standard or requirement, the cost of complying with such standard or requirement, the geographic distribution of the household substance to which the standard or requirement would apply, the probability of other States or political subdivisions applying for an exemption under this subsection for a similar standard or requirement, and the need for a national, uniform standard or requirement under this Act for such household substance.

(2) A regulation under paragraph (1) granting an exemption for a standard or requirement of a State or political subdivision of a State may be promulgated by the Commission only after it has provided, in accordance with section 553(b) of title 5 notice with respect to the promulgation of the regulation and has provided opportunity for the oral presentation of views respecting its promulgation.

The Department of Commerce and Labor, as an Executive Department, with a Secretary of Commerce and Labor as the head thereof, was established by act Feb. 14, 1903, ch. 552, 32 Stat. 825, and by section 4 of that act, the Department of Labor was placed under the jurisdiction and made a part of the Department of Commerce and Labor with various other offices, bureaus, and branches of the public service also transferred to and placed under the jurisdiction of the Department so established. #### MESSAGE OF THE PRESIDENT

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 5 of 1950, prepared in accordance with the Reorganization Act of 1949 and providing for reorganizations in the Department of Commerce. My reasons for transmitting this plan are stated in an accompanying general message.

After investigation I have found and hereby declare that each reorganization included in Reorganization

Plan No. 5 of 1950 is necessary to accomplish one or more of the purposes set forth in section 2(a) of the Reorganization Act of 1949.

I have found and hereby declare that it is necessary to include in the accompanying reorganization plan, by reason of reorganizations made thereby, provisions for the appointment and compensation of an Administrative Assistant Secretary of Commerce. The rate of compensation fixed for this officer is that which I have found to prevail in respect to comparable officers in the executive branch of the Government.

The taking effect of the reorganizations included in this plan may not in itself result in substantial immediate savings. However, many benefits in improved operations are probable during the next years which will result in a reduction in expenditures as compared with those that would be otherwise necessary. An itemization of these reductions in advance of actual experience under this plan is not practicable.

HARRY S. TRUMAN.

THE WHITE HOUSE, March 13, 1950.

FEDERAL MARITIME BOARD, AND MARITIME FUNCTIONS  
OF SECRETARY OF COMMERCE

Section 307 of Reorg. Plan No. 21 of 1950, eff. May 24, 1950, 15 F.R. 3178, 64 Stat. 1273, set out in the Appendix to Title 5, Government Organization and Employees, provided that the functions transferred by the provisions of that Plan should not be subject to the provisions of Reorg. Plan No. 5 of 1950, set out above. Said Reorg. Plan No. 21 of 1950 created, within the Department of Commerce, the Federal Maritime Board, and the Maritime Administration, the latter, with a Maritime Administrator at its head. It abolished the United States Maritime Commission, transferring some of its functions and some of the functions of its Chairman to said Federal Maritime Board. It transferred the remainder of the functions of that Commission and its Chairman to the Secretary of Commerce, with power vested in him to authorize their performance by said Maritime Administrator.

EXECUTIVE ORDER No. 13339

Ex. Ord. No. 13339, May 13, 2004, 69 F.R. 28037, as amended by Ex. Ord. No. 13403, §3, May 12, 2006, 71 F.R. 28543, which established in the Department of Commerce a President's Advisory Commission on Asian Americans and Pacific Islanders, was superseded by Ex. Ord. No. 13515, §4(a), Oct. 14, 2009, 74 F.R. 53638, set out below.

EX. ORD. NO. 13515. INCREASING PARTICIPATION OF ASIAN  
AMERICANS AND PACIFIC ISLANDERS IN FEDERAL PROGRAMS

Ex. Ord. No. 13515, Oct. 14, 2009, 74 F.R. 53635, as amended by Ex. Ord. No. 13585, §4, Oct. 7, 2011, 76 F.R. 62282, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* The more than 16 million Asian Americans and Pacific Islanders (AAPIs) across our country have helped build a strong and vibrant America. The AAPI communities represent many ethnicities and languages that span generations, and their shared achievements are an important part of the American experience. They have started businesses and generated jobs, including founding some of our Nation's most successful and innovative enterprises. The AAPI communities have made important contributions to science and technology, culture and the arts, and the professions, including business, law, medicine, education, and politics.

While we acknowledge the many contributions of the AAPI communities to our Nation, we also recognize the challenges still faced by many AAPIs. Of the more than a million AAPI-owned businesses, many firms are small sole-proprietorships that continue to need assistance to access available resources such as business develop-

ment counseling and small business loans. The AAPI community also continues to face barriers to employment and workplace advancement. Specific challenges experienced by AAPI subgroups include lower college-enrollment rates by Pacific Islanders than other ethnic groups and high poverty rates among Hmong Americans, Cambodian Americans, Malaysian Americans, and other individual AAPI communities. Additionally, one in five non-elderly AAPIs lacks health insurance.

The purpose of this order is to establish a President's Advisory Commission on Asian Americans and Pacific Islanders and a White House Initiative on Asian Americans and Pacific Islanders. Each will work to improve the quality of life and opportunities for Asian Americans and Pacific Islanders through increased access to, and participation in, Federal programs in which they may be underserved. In addition, each will work to advance relevant evidence-based research, data collection, and analysis for AAPI populations and subpopulations.

SEC. 2. *President's Advisory Commission on Asian Americans and Pacific Islanders.* There is established in the Department of Education the President's Advisory Commission on Asian Americans and Pacific Islanders (Commission).

(a) *Mission and Function of the Commission.* The Commission shall provide advice to the President, through the Co-Chairs of the Initiative, on: (i) the development, monitoring, and coordination of executive branch efforts to improve the quality of life of AAPIs through increased participation in Federal programs in which such persons may be underserved; (ii) the compilation of research and data related to AAPI populations and subpopulations; (iii) the development, monitoring, and coordination of Federal efforts to improve the economic and community development of AAPI businesses; and (iv) strategies to increase public and private-sector collaboration, and community involvement in improving the health, education, environment, and well-being of AAPIs.

(b) *Membership of the Commission.* The Commission shall consist of not more than 20 members appointed by the President. The Commission shall include members who: (i) have a history of involvement with the AAPI communities; (ii) are from the fields of education, commerce, business, health, human services, housing, environment, arts, agriculture, labor and employment, transportation, justice, veterans affairs, and economic and community development; (iii) are from civic associations representing one or more of the diverse AAPI communities; or (iv) have such other experience as the President deems appropriate. The President shall designate one member of the Commission to serve as Chair, who shall convene regular meetings of the Commission, determine its agenda, and direct its work.

(c) *Administration of the Commission.* The Co-Chairs of the Initiative shall designate an Executive Director for the Commission. The Department of Education shall provide funding and administrative support for the Commission to the extent permitted by law and within existing appropriations. Members of the Commission shall serve without compensation, but shall be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in the Government service (5 U.S.C. 5701-5707). Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.) (the "Act"), may apply to the administration of the Commission, any functions of the President under the Act, except that of reporting to the Congress, shall be performed by the Secretary of Education, in accordance with the guidelines issued by the Administrator of General Services.

(d) *Termination Date.* The Commission shall terminate 2 years from the date of this order, unless renewed by the President.

SEC. 3. *White House Initiative on Asian Americans and Pacific Islanders.* There is established the White House Initiative on Asian Americans and Pacific Islanders (Initiative), a Federal interagency working group whose members shall be selected by their respective

agencies. The Secretary of Education and a senior official to be designated by the President from the membership of the Initiative shall serve as Co-Chairs of the Initiative. The Executive Director of the Commission established in section 2 of this order shall also serve as the Executive Director of the Initiative and shall report to the Co-Chairs on Initiative matters.

(a) *Mission and Function of the Initiative.* The Initiative shall work to improve the quality of life of AAPIs through increased participation in Federal programs in which AAPIs may be underserved. The Initiative shall advise the Co-Chairs on the implementation and coordination of Federal programs as they relate to AAPIs across executive departments and agencies.

(b) *Membership of the Initiative.* In addition to the Co-Chairs, the Initiative shall consist of senior officials from the following executive branch departments, agencies, and offices:

- (i) the Department of State;
  - (ii) the Department of the Treasury;
  - (iii) the Department of Defense;
  - (iv) the Department of Justice;

  - (xxiv) the Domestic Policy Council;
  - (xxv) the Office of Science and Technology Policy;
- and
- (xxvi) other executive branch departments, agencies, and offices as the President may, from time to time, designate.

At the direction of the Co-Chairs, the Initiative may establish subgroups consisting exclusively of Initiative members or their designees under this section, as appropriate.

(c) *Administration of the Initiative.* The Department of Education shall provide funding and administrative support for the Initiative to the extent permitted by law and within existing appropriations. The Co-Chairs shall convene regular meetings of the Initiative, determine its agenda, and direct its work.

(d) *Federal Agency Plans and Interagency Plan.* Each executive department and agency designated by the Initiative shall prepare a plan (agency plan) for, and shall document, its efforts to improve the quality of life of Asian Americans and Pacific Islanders through increased participation in Federal programs in which Asian Americans and Pacific Islanders may be underserved. Where appropriate, this agency plan shall address, among other things, the agency's efforts to:

- (i) identify Federal programs in which AAPIs may be underserved and improve the quality of life for AAPIs through increased participation in these programs;
- (ii) identify ways to foster the recruitment, career development, and advancement of AAPIs in the Federal Government;
- (iii) identify high-priority action items for which measurable progress may be achieved within 2 years to improve the health, environment, opportunity, and well-being of AAPIs, and implement those action items;
- (iv) increase public-sector, private-sector, and community involvement in improving the health, environment, opportunity, and well-being of AAPIs;

(v) foster evidence-based research, data-collection, and analysis on AAPI populations and subpopulations, including research and data on public health, environment, education, housing, employment, and other economic indicators of AAPI community well-being; and

(vi) solicit public input from AAPI communities on ways to increase and improve opportunities for public participation in Federal programs considering a number of factors, including language barriers.

Each agency, in its plan, shall provide appropriate measurable objectives and, after the first year, shall provide for the assessment of that agency's performance on the goals set in the previous year's plan. Each agency plan shall be submitted to the Co-Chairs by a date to be established by the Co-Chairs. The Co-Chairs shall review the agency plans and develop for submission to the President a Federal interagency plan to improve the quality of life of AAPIs through increased participation in Federal programs in which such persons may be underserved. Actions described in the Federal interagency plan shall address improving access by AAPIs to Federal programs and fostering advances in relevant research and data.

#### SEC. 4. *General Provisions.*

(a) This order supersedes Executive Order 13125 of June 7, 1999, and Executive Order 13339 of May 13, 2004.

(b) The heads of executive departments and agencies shall assist and provide information to the Commission, consistent with applicable law, as may be necessary to carry out the functions of the Commission. MESSAGE OF THE PRESIDENT<sup>1</sup>

To the Congress of the United States:

I transmit herewith Reorganization Plan No. 4 of 1970, prepared in accordance with chapter 9 of title 5 of the United States Code. The plan would transfer to the Secretary of Commerce various functions relating to the oceans and atmosphere, including commercial fishery functions, and would establish a National Oceanic and Atmospheric Administration in the Department of Commerce. My reasons for transmitting this plan are stated in a more extended accompanying message.

After investigation, I have found and hereby declare that each reorganization included in Reorganization Plan No. 4 of 1970 is necessary to accomplish one or more of the purposes set forth in section 901(a) of title 5 of the United States Code. In particular, the plan is responsive to section 901(a)(1), "to promote the better execution of the laws, the more effective management of the executive branch and of its agencies and functions, and the expeditious administration of the public business;" and section 901(a)(3), "to increase the efficiency of the operations of the Government to the fullest extent practicable."

The reorganizations provided for in the plan make necessary the appointment and compensation of new officers as specified in section 2 of the plan. The rates of compensation fixed for these officers are comparable to those fixed for other officers in the executive branch who have similar responsibilities.

<sup>1</sup>For additional Message of the President see Reorganization Plan No. 3 of 1970, Title 5, Appendix, Government Officers and Employees.

The reorganization plan should result in the more efficient operation of the Government. It is not practical, however, to itemize or aggregate the exact expenditure reductions which will result from this action.

RICHARD NIXON.

THE WHITE HOUSE, July 9, 1970.

EX. ORD. NO. 13577. ESTABLISHMENT OF THE SELECTUSA INITIATIVE

Ex. Ord. No. 13577, June 15, 2011, 76 F.R. 35715, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of

America, and in order to support private-sector job creation and enhance economic growth by encouraging and supporting business investment in the United States, it is hereby ordered as follows:

SECTION 1. *Policy.* Business investment in the United States by both domestic and foreign firms, whether in the form of new equipment or facilities or the expansion of existing facilities, is a major engine of economic growth and job creation. In an era of global capital mobility, the United States faces increasing competition for retaining and attracting industries of the future and the jobs they create. My Administration is committed to enhancing the efforts of the United States to win the growing global competition for business investment by leveraging our advantages as the premier business location in the world.

As a place to do business, the United States offers a hardworking, diverse, and educated workforce, strong protection of intellectual property rights, a predictable and transparent legal system, relatively low taxes, highly developed infrastructure, and access to the world’s most lucrative consumer market. We welcome both domestic and foreign businesses to invest across the broad spectrum of the U.S. market.

The Federal Government lacks the centralized investment promotion infrastructure and resources to attract business investment that is often found in other industrialized countries. Currently, States and cities are competing against foreign governments to attract business investment. Our Nation needs to retain business investment and pursue and win new investment in the United States by better marketing our strengths, providing clear, complete, and consistent information, and removing unnecessary obstacles to investment.

SEC. 2. *SelectUSA Initiative.* (a) *Establishment.* There is established the SelectUSA Initiative (Initiative), a Government-wide initiative to attract and retain investment in the American economy. The Initiative is to be housed in the Department of Commerce. The mission of this Initiative shall be to facilitate business investment in the United States in order to create jobs, spur economic growth, and promote American competitiveness. The Initiative will provide enhanced coordination of Federal activities in order to increase the impact of Federal resources that support both domestic and foreign investment in the United States. In providing assistance, the Initiative shall work to maximize impact on business investment, job creation, and economic growth. The Initiative shall work on behalf of the entire Nation and shall exercise strict neutrality with regard to specific locations within the United States.

(b) *Functions.*

(i) The Initiative shall coordinate outreach and engagement by the Federal Government to promote the United States as the premier location to operate a business.

(ii) The Initiative shall serve as an ombudsman that facilitates the resolution of issues involving Federal programs or activities related to pending investments.

(iii) The Initiative shall provide information to domestic and foreign firms on: the investment climate in the United States; Federal programs and incentives available to investors; and State and local economic development organizations.

(iv) The Initiative shall report quarterly to the President through the National Economic Council, the Domestic Policy Council, and the National Security Staff, describing its outreach activities, requests for information received, and efforts to resolve issues.

(c) *Administration.* The Department of Commerce shall provide funding and administrative support for the Initiative through resources and staff assigned to work on the Initiative, to the extent permitted by law and within existing appropriations. The Secretary of Commerce shall designate a senior staff member as the Executive Director to lead the Initiative. The Executive Director shall coordinate activities both within the Department of Commerce and with other executive departments and agencies that have activities relating to business investment decisions.

(d) *Federal Interagency Investment Working Group.*

(i) There is established the Federal Interagency Investment Working Group (Working Group), which will be convened and chaired by the Initiative's Executive Director, in coordination with the Director of the National Economic Council.

(ii) The Working Group shall consist of senior officials from the Departments of State, the Treasury, Defense, Justice, the Interior, Agriculture, Commerce, Labor, Veterans Affairs, Health and Human Services, Housing and Urban Development, Transportation, Energy, Education, and Homeland Security, the Environmental Protection Agency, the Small Business Administration, the Export-Import Bank of the United States, the Office of the United States Trade Representative, the Domestic Policy Council, the National Economic Council, the National Security Staff, the Office of Management and Budget, and the Council of Economic Advisers, as well as such additional executive departments, agencies, and offices as the Secretary of Commerce may designate. Senior officials shall be designated by and report to the Deputy Secretary or official at the equivalent level of their respective offices, departments, and agencies.

(iii) The Working Group shall coordinate activities to promote business investment and respond to specific issues that affect business investment decisions.

(iv) The Department of Commerce shall provide funding and administrative support for the Working Group to the extent permitted by law and within existing appropriations.

(e) *Department and Agency Participation.* All executive departments and agencies that have activities relating to business investment decisions shall cooperate with the Initiative, as requested by the Initiative's Executive Director, to support its objectives.

SEC. 3. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) authority granted by law to an executive department, agency, or the head thereof, or the status of that department or agency within the Federal Government; or

(ii) functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

BARACK OBAMA.

## SUBCHAPTER I—CONSUMER CREDIT COST DISCLOSURE

## PART A—GENERAL PROVISIONS

**§ 1601. Congressional findings and declaration of purpose****(a) Informed use of credit**

The Congress finds that economic stabilization would be enhanced and the competition among the various financial institutions and other firms engaged in the extension of consumer credit would be strengthened by the informed use of credit. The informed use of credit results from an awareness of the cost thereof by consumers. It is the purpose of this subchapter to assure a meaningful disclosure of credit terms so that the consumer will be able to compare more readily the various credit terms available to him and avoid the uninformed use of credit, and to protect the consumer against inaccurate and unfair credit billing and credit card practices.

**(b) Terms of personal property leases**

The Congress also finds that there has been a recent trend toward leasing automobiles and other durable goods for consumer use as an alternative to installment credit sales and that these leases have been offered without adequate

cost disclosures. It is the purpose of this subchapter to assure a meaningful disclosure of the terms of leases of personal property for personal, family, or household purposes so as to enable the lessee to compare more readily the various lease terms available to him, limit balloon payments in consumer leasing, enable comparison of lease terms with credit terms where appropriate, and to assure meaningful and accurate disclosures of lease terms in advertisements.

## EXCEPTIONS IN AREAS WHERE MAJOR DISASTER EXISTS

L. 103-76, set out as a note under section 4008 of Title 12, Banks and Banking.

## ADJUSTMENTS FOR INFLATION

Pub. L. 111-203, title X, §1100E(b), July 21, 2010, 124 Stat. 2111, provided that: "On and after December 31, 2011, the Bureau [of Consumer Financial Protection] shall adjust annually the dollar amounts described in sections 104(3) and 181(1) of the Truth in Lending Act [15 U.S.C. 1603(3), 1667(1)] (as amended by this section), by the annual percentage increase in the Consumer Price Index for Urban Wage Earners and Clerical Workers, as published by the Bureau of Labor Statistics, rounded to the nearest multiple of \$100, or \$1,000, as applicable."

**§ 1604. Disclosure guidelines****(a) Promulgation, contents, etc., of regulations**

The Bureau shall prescribe regulations to carry out the purposes of this subchapter. Except with respect to the provisions of section 1639 of this title that apply to a mortgage referred to in section 1602(aa)<sup>1</sup> of this title, such regulations may contain such additional requirements, classifications, differentiations, or other provisions, and may provide for such adjustments and exceptions for all or any class of transactions, as in the judgment of the Bureau are necessary or proper to effectuate the purposes of this subchapter, to prevent circumvention or evasion thereof, or to facilitate compliance therewith.

**(b) Model disclosure forms and clauses; publication, criteria, compliance, etc.**

The Bureau shall publish a single, integrated disclosure for mortgage loan transactions (including real estate settlement cost statements) which includes the disclosure requirements of this subchapter in conjunction with the disclosure requirements of the Real Estate Settlement Procedures Act of 1974 [12 U.S.C. 2601 et seq.] that, taken together, may apply to a transaction that is subject to both or either provisions of law. The purpose of such model disclosure shall be to facilitate compliance with the disclosure requirements of this subchapter and the Real Estate Settlement Procedures Act of 1974, and to aid the borrower or lessee in understanding the transaction by utilizing readily understandable language to simplify the technical nature of the disclosures. In devising such forms, the Bureau shall consider the use by creditors or lessors of data processing or similar automated equipment. Nothing in this subchapter may be construed to require a creditor or lessor to use any such model form or clause prescribed by the Bureau under this section. A creditor or lessor shall be deemed to be in compliance with the disclosure provisions of this subchapter with respect to other than numerical disclosures if the creditor or lessor (1) uses any appropriate model form or clause as published

by the Bureau, or (2) uses any such model form or clause and changes it by (A) deleting any information which is not required by this subchapter, or (B) rearranging the format, if in making such deletion or rearranging the format, the creditor or lessor does not affect the substance, clarity, or meaningful sequence of the disclosure.

**(c) Procedures applicable for adoption of model forms and clauses**

Model disclosure forms and clauses shall be adopted by the Bureau after notice duly given in the Federal Register and an opportunity for public comment in accordance with section 553 of title 5.

**(d) Effective dates of regulations containing new disclosure requirements**

Any regulation of the Bureau, or any amendment or interpretation thereof, requiring any disclosure which differs from the disclosures previously required by this part, part D, or part E of this subchapter or by any regulation of the Bureau promulgated thereunder shall have an effective date of that October 1 which follows by at least six months the date of promulgation, except that the Bureau may at its discretion take interim action by regulation, amendment, or interpretation to lengthen the period of time permitted for creditors or lessors to adjust their forms to accommodate new requirements or shorten the length of time for creditors or lessors to make such adjustments when it makes a specific finding that such action is necessary to comply with the findings of a court or to prevent unfair or deceptive disclosure practices. Notwithstanding the previous sentence, any creditor or lessor may comply with any such newly promulgated disclosure requirements prior to the effective date of the requirements.

**(f) <sup>2</sup> Exemption authority****(1) In general**

The Bureau may exempt, by regulation, from all or part of this subchapter all or any class of transactions, other than transactions involving any mortgage described in section 1602(aa)<sup>1</sup> of this title, for which, in the determination of the Bureau, coverage under all or part of this subchapter does not provide a meaningful benefit to consumers in the form of useful information or protection.

**(2) Factors for consideration**

In determining which classes of transactions to exempt in whole or in part under paragraph (1), the Bureau shall consider the following factors and publish its rationale at the time a proposed exemption is published for comment:

(A) The amount of the loan and whether the disclosures, right of rescission, and other provisions provide a benefit to the consumers who are parties to such transactions, as determined by the Bureau.

(B) The extent to which the requirements of this subchapter complicate, hinder, or make more expensive the credit process for the class of transactions.

(C) The status of the borrower, including—

<sup>1</sup> See References in Text note below.

<sup>2</sup> So in original. No subsec. (e) has been enacted.

(i) any related financial arrangements of the borrower, as determined by the Bureau;

(ii) the financial sophistication of the borrower relative to the type of transaction; and

(iii) the importance to the borrower of the credit, related supporting property, and coverage under this subchapter, as determined by the Bureau;

(D) whether the loan is secured by the principal residence of the consumer; and

(E) whether the goal of consumer protection would be undermined by such an exemption.

**(g) Waiver for certain borrowers**

**(1) In general**

The Bureau, by regulation, may exempt from the requirements of this subchapter certain credit transactions if—

(A) the transaction involves a consumer—

(i) with an annual earned income of more than \$200,000; or

(ii) having net assets in excess of \$1,000,000 at the time of the transaction; and

(B) a waiver that is handwritten, signed, and dated by the consumer is first obtained from the consumer.

**(2) Adjustments by the Bureau**

The Bureau, at its discretion, may adjust the annual earned income and net asset requirements of paragraph (1) for inflation.

**(i)<sup>3</sup> Authority of the Board to prescribe rules**

Notwithstanding subsection (a), the Board shall have authority to prescribe rules under this subchapter with respect to a person described in section 5519(a) of title 12. Regulations prescribed under this subsection may contain such classifications, differentiations, or other provisions, as in the judgment of the Board are necessary or proper to effectuate the purposes of this subchapter, to prevent circumvention or evasion thereof, or to facilitate compliance therewith.

### § 1605. Determination of finance charge

#### (a) "Finance charge" defined

Except as otherwise provided in this section, the amount of the finance charge in connection with any consumer credit transaction shall be determined as the sum of all charges, payable directly or indirectly by the person to whom the credit is extended, and imposed directly or indirectly by the creditor as an incident to the extension of credit. The finance charge does not include charges of a type payable in a comparable cash transaction. The finance charge shall not include fees and amounts imposed by third party closing agents (including settlement agents, attorneys, and escrow and title companies) if the creditor does not require the imposition of the charges or the services provided and does not retain the charges. Examples of charges which are included in the finance charge include any of the following types of charges which are applicable:

- (1) Interest, time price differential, and any amount payable under a point, discount, or other system or additional charges.
- (2) Service or carrying charge.
- (3) Loan fee, finder's fee, or similar charge.
- (4) Fee for an investigation or credit report.
- (5) Premium or other charge for any guarantee or insurance protecting the creditor against the obligor's default or other credit loss.
- (6) Borrower-paid mortgage broker fees, including fees paid directly to the broker or the lender (for delivery to the broker) whether such fees are paid in cash or financed.

#### (b) Life, accident, or health insurance premiums included in finance charge

Charges or premiums for credit life, accident, or health insurance written in connection with any consumer credit transaction shall be included in the finance charges unless

- (1) the coverage of the debtor by the insurance is not a factor in the approval by the creditor of the extension of credit, and this fact is clearly disclosed in writing to the person applying for or obtaining the extension of credit; and
- (2) in order to obtain the insurance in connection with the extension of credit, the person to whom the credit is extended must give specific affirmative written indication of his desire to do so after written disclosure to him of the cost thereof.

#### (c) Property damage and liability insurance premiums included in finance charge

Charges or premiums for insurance, written in connection with any consumer credit transaction, against loss of or damage to property or against liability arising out of the ownership or use of property, shall be included in the finance charge unless a clear and specific statement in writing is furnished by the creditor to the per-

son to whom the credit is extended, setting forth the cost of the insurance if obtained from or through the creditor, and stating that the person to whom the credit is extended may choose the person through which the insurance is to be obtained.

#### (d) Items exempted from computation of finance charge in all credit transactions

If any of the following items is itemized and disclosed in accordance with the regulations of the Bureau in connection with any transaction, then the creditor need not include that item in the computation of the finance charge with respect to that transaction:

- (1) Fees and charges prescribed by law which actually are or will be paid to public officials for determining the existence of or for perfecting or releasing or satisfying any security related to the credit transaction.
- (2) The premium payable for any insurance in lieu of perfecting any security interest otherwise required by the creditor in connection with the transaction, if the premium does not exceed the fees and charges described in paragraph (1) which would otherwise be payable.
- (3) Any tax levied on security instruments or on documents evidencing indebtedness if the payment of such taxes is a precondition for recording the instrument securing the evidence of indebtedness.

#### (e) Items exempted from computation of finance charge in extensions of credit secured by an interest in real property

The following items, when charged in connection with any extension of credit secured by an interest in real property, shall not be included in the computation of the finance charge with respect to that transaction:

- (1) Fees or premiums for title examination, title insurance, or similar purposes.
- (2) Fees for preparation of loan-related documents.
- (3) Escrows for future payments of taxes and insurance.
- (4) Fees for notarizing deeds and other documents.
- (5) Appraisal fees, including fees related to any pest infestation or flood hazard inspections conducted prior to closing.
- (6) Credit reports.

#### (f) Tolerances for accuracy

In connection with credit transactions not under an open end credit plan that are secured by real property or a dwelling, the disclosure of the finance charge and other disclosures affected by any finance charge—

- (1) shall be treated as being accurate for purposes of this subchapter if the amount disclosed as the finance charge—
  - (A) does not vary from the actual finance charge by more than \$100; or
  - (B) is greater than the amount required to be disclosed under this subchapter; and
- (2) shall be treated as being accurate for purposes of section 1635 of this title if—
  - (A) except as provided in subparagraph (B), the amount disclosed as the finance charge does not vary from the actual finance charge

by more than an amount equal to one-half of one percent of the total amount of credit extended; or

(B) in the case of a transaction, other than a mortgage referred to in section 1602(aa)<sup>1</sup> of this title, which—

(i) is a refinancing of the principal balance then due and any accrued and unpaid finance charges of a residential mortgage transaction as defined in section 1602(w)<sup>1</sup> of this title, or is any subsequent refinancing of such a transaction; and

(ii) does not provide any new consolidation or new advance;

if the amount disclosed as the finance charge does not vary from the actual finance charge by more than an amount equal to one percent of the total amount of credit extended.

Section 2(f) of Pub. L. 104-29 provided that:

“(1) REPORT.—

“(A) IN GENERAL.—Not later than 6 months after the date of the enactment of this Act [Sept. 30, 1995], the Board of Governors of the Federal Reserve System shall submit to the Congress a report containing recommendations on any regulatory or statutory changes necessary—

“(i) to ensure that finance charges imposed in connection with consumer credit transactions more accurately reflect the cost of providing credit; and

“(ii) to address abusive refinancing practices engaged in for the purpose of avoiding rescission.

“(B) REPORT REQUIREMENTS.—In preparing the report under this paragraph, the Board shall—

“(i) consider the extent to which it is feasible to include in finance charges all charges payable directly or indirectly by the consumer to whom credit is extended, and imposed directly or indirectly by the creditor as an incident to the extension of credit (especially those charges excluded from finance charges under section 106 of the Truth in Lending Act [15 U.S.C. 1605] as of the date of the enactment of this Act), excepting only those charges which are payable in a comparable cash transaction; and

#### § 1606. Determination of annual percentage rate

##### (a) “Annual percentage rate” defined

The annual percentage rate applicable to any extension of consumer credit shall be determined, in accordance with the regulations of the Bureau,

(1) in the case of any extension of credit other than under an open end credit plan, as

(A) that nominal annual percentage rate which will yield a sum equal to the amount of the finance charge when it is applied to the unpaid balances of the amount financed, calculated according to the actuarial method of allocating payments made on a debt between the amount financed and the amount of the finance charge, pursuant to which a payment is applied first to the accu-

<sup>1</sup> See References in Text note below.

mulated finance charge and the balance is applied to the unpaid amount financed; or

(B) the rate determined by any method prescribed by the Bureau as a method which materially simplifies computation while retaining reasonable accuracy as compared with the rate determined under subparagraph (A).

(2) in the case of any extension of credit under an open end credit plan, as the quotient (expressed as a percentage) of the total finance charge for the period to which it relates divided by the amount upon which the finance charge for that period is based, multiplied by the number of such periods in a year.

**(b) Computation of rate of finance charges for balances within a specified range**

Where a creditor imposes the same finance charge for balances within a specified range, the annual percentage rate shall be computed on the median balance within the range, except that if the Bureau determines that a rate so computed would not be meaningful, or would be materially misleading, the annual percentage rate shall be computed on such other basis as the Bureau may by regulation require.

**(c) Allowable tolerances for purposes of compliance with disclosure requirements**

The disclosure of an annual percentage rate is accurate for the purpose of this subchapter if the rate disclosed is within a tolerance not greater than one-eighth of 1 per centum more or less than the actual rate or rounded to the nearest one-fourth of 1 per centum. The Bureau may allow a greater tolerance to simplify compliance where irregular payments are involved.

**(d) Use of rate tables or charts having allowable variance from determined rates**

The Bureau may authorize the use of rate tables or charts which may provide for the disclosure of annual percentage rates which vary from the rate determined in accordance with subsection (a)(1)(A) of this section by not more than such tolerances as the Bureau may allow. The Bureau may not allow a tolerance greater than 8 per centum of that rate except to simplify compliance where irregular payments are involved.

**(e) Authorization of tolerances in determining annual percentage rates**

In the case of creditors determining the annual percentage rate in a manner other than as described in subsection (d) of this section, the Bureau may authorize other reasonable tolerances.

(1) section 8 of the Federal Deposit Insurance Act [12 U.S.C. 1818], by the appropriate Federal banking agency, as defined in section 3(q) of the Federal Deposit Insurance Act (12 U.S.C. 1813(q)), with respect to—

(A) national banks, Federal savings associations, and Federal branches and Federal agencies of foreign banks;

(B) member banks of the Federal Reserve System (other than national banks), branches and agencies of foreign banks (other than Federal branches, Federal agencies, and insured State branches of foreign banks), commercial lending companies owned or controlled by foreign banks, and organizations operating under section 25 or 25A of the Federal Reserve Act [12 U.S.C. 601 et seq., 611 et seq.]; and

(C) banks and State savings associations insured by the Federal Deposit Insurance Corporation (other than members of the Federal Reserve System), and insured State branches of foreign banks;

(3) part A of subtitle VII of title 49, by the Secretary of Transportation, with respect to any air carrier or foreign air carrier subject to that part;

(4) the Packers and Stockyards Act, 1921 [7 U.S.C. 181 et seq.] (except as provided in section 406 of that Act [7 U.S.C. 226, 227]), by the Secretary of Agriculture, with respect to any activities subject to that Act;

by the Bureau, with respect to any person subject to this subchapter.

**(b) Violations of this subchapter deemed violations of pre-existing statutory requirements; additional agency powers**

For the purpose of the exercise by any agency referred to in subsection (a) of this section of its powers under any Act referred to in that subsection, a violation of any requirement imposed under this subchapter shall be deemed to be a violation of a requirement imposed under that Act. In addition to its powers under any provision of law specifically referred to in subsection (a) of this section, each of the agencies referred to in that subsection may exercise, for the purpose of enforcing compliance with any requirement imposed under this subchapter, any other authority conferred on it by law.

**(c) Overall enforcement authority of the Federal Trade Commission**

Except to the extent that enforcement of the requirements imposed under this subchapter is specifically committed to some other Government agency under any of paragraphs (1) through (5) of subsection (a), and subject to subtitle B of the Consumer Financial Protection Act of 2010 [12 U.S.C. 5511 et seq.], the Federal Trade Commission shall be authorized to enforce such requirements. For the purpose of the exercise by the Federal Trade Commission of its functions and powers under the Federal Trade Commission Act [15 U.S.C. 41 et seq.], a violation of any requirement imposed under this subchapter shall be deemed a violation of a requirement imposed under that Act. All of the functions and powers of the Federal Trade Commission under the Federal Trade Commission Act are available to the Federal Trade Commission to enforce compliance by any person with the requirements under this subchapter, irrespective of whether that person is engaged in commerce or meets any other jurisdictional tests under the Federal Trade Commission Act.

**(d) Rules and regulations**

The authority of the Bureau to issue regulations under this subchapter does not impair the authority of any other agency designated in this section to make rules respecting its own procedures in enforcing compliance with requirements imposed under this subchapter.

**(e) Adjustment of finance charges; procedures applicable, coverage, criteria, etc.**

(1) In carrying out its enforcement activities under this section, each agency referred to in subsection (a) or (c) of this section, in cases where an annual percentage rate or finance charge was inaccurately disclosed, shall notify the creditor of such disclosure error and is authorized in accordance with the provisions of this subsection to require the creditor to make an adjustment to the account of the person to whom credit was extended, to assure that such person will not be required to pay a finance charge in excess of the finance charge actually disclosed or the dollar equivalent of the annual percentage rate actually disclosed, whichever is lower. For the purposes of this subsection, except where such disclosure error resulted from a

willful violation which was intended to mislead the person to whom credit was extended, in determining whether a disclosure error has occurred and in calculating any adjustment, (A) each agency shall apply (i) with respect to the annual percentage rate, a tolerance of one-quarter of 1 percent more or less than the actual rate, determined without regard to section 1606(c) of this title, and (ii) with respect to the finance charge, a corresponding numerical tolerance as generated by the tolerance provided under this subsection for the annual percentage rate; except that (B) with respect to transactions consummated after two years following March 31, 1980, each agency shall apply (i) for transactions that have a scheduled amortization of ten years or less, with respect to the annual percentage rate, a tolerance not to exceed one-quarter of 1 percent more or less than the actual rate, determined without regard to section 1606(c) of this title, but in no event a tolerance of less than the tolerances allowed under section 1606(c) of this title, (ii) for transactions that have a scheduled amortization of more than ten years, with respect to the annual percentage rate, only such tolerances as are allowed under section 1606(c) of this title, and (iii) for all transactions, with respect to the finance charge, a corresponding numerical tolerance as generated by the tolerances provided under this subsection for the annual percentage rate.

(2) Each agency shall require such an adjustment when it determines that such disclosure error resulted from (A) a clear and consistent pattern or practice of violations, (B) gross negligence, or (C) a willful violation which was intended to mislead the person to whom the credit was extended. Notwithstanding the preceding sentence, except where such disclosure error resulted from a willful violation which was intended to mislead the person to whom credit was extended, an agency need not require such an adjustment if it determines that such disclosure error—

(A) resulted from an error involving the disclosure of a fee or charge that would otherwise be excludable in computing the finance charge, including but not limited to violations involving the disclosures described in sections 1605(b), (c) and (d) of this title, in which event the agency may require such remedial action as it determines to be equitable, except that for transactions consummated after two years after March 31, 1980, such an adjustment shall be ordered for violations of section 1605(b) of this title;

(B) involved a disclosed amount which was 10 per centum or less of the amount that should have been disclosed and (i) in cases where the error involved a disclosed finance charge, the annual percentage rate was disclosed correctly, and (ii) in cases where the error involved a disclosed annual percentage rate, the finance charge was disclosed correctly; in which event the agency may require such adjustment as it determines to be equitable;

(C) involved a total failure to disclose either the annual percentage rate or the finance charge, in which event the agency may require such adjustment as it determines to be equitable; or

(D) resulted from any other unique circumstance involving clearly technical and nonsubstantive disclosure violations that do not adversely affect information provided to the consumer and that have not misled or otherwise deceived the consumer.

In the case of other such disclosure errors, each agency may require such an adjustment.

(3) Notwithstanding paragraph (2), no adjustment shall be ordered—

(A) if it would have a significantly adverse impact upon the safety or soundness of the creditor, but in any such case, the agency may—

(i) require a partial adjustment in an amount which does not have such an impact; or

(ii) require the full adjustment, but permit the creditor to make the required adjustment in partial payments over an extended period of time which the agency considers to be reasonable, if (in the case of an agency referred to in paragraph (1), (2), or (3) of subsection (a) of this section), the agency determines that a partial adjustment or making partial payments over an extended period is necessary to avoid causing the creditor to become undercapitalized pursuant to section 38 of the Federal Deposit Insurance Act [12 U.S.C. 1831o];

(B) the<sup>2</sup> amount of the adjustment would be less than \$1, except that if more than one year has elapsed since the date of the violation, the agency may require that such amount be paid into the Treasury of the United States, or

(C) except where such disclosure error resulted from a willful violation which was intended to mislead the person to whom credit was extended, in the case of an open-end credit plan, more than two years after the violation, or in the case of any other extension of credit, as follows:

(i) with respect to creditors that are subject to examination by the agencies referred to in paragraphs (1) through (3) of subsection (a) of this section, except in connection with violations arising from practices identified in the current examination and only in connection with transactions that are consummated after the date of the immediately preceding examination, except that where practices giving rise to violations identified in earlier examinations have not been corrected, adjustments for those violations shall be required in connection with transactions consummated after the date of examination in which such practices were first identified;

(ii) with respect to creditors that are not subject to examination by such agencies, except in connection with transactions that are consummated after May 10, 1978; and

(iii) in no event after the later of (I) the expiration of the life of the credit extension, or (II) two years after the agreement to extend credit was consummated.

(4)(A) Notwithstanding any other provision of this section, an adjustment under this subsection may be required by an agency referred

to in subsection (a) or (c) of this section only by an order issued in accordance with cease and desist procedures provided by the provision of law referred to in such subsections.

(B) In case of an agency which is not authorized to conduct cease and desist proceedings, such an order may be issued after an agency hearing on the record conducted at least thirty but not more than sixty days after notice of the alleged violation is served on the creditor. Such a hearing shall be deemed to be a hearing which is subject to the provisions of section 8(h) of the Federal Deposit Insurance Act [12 U.S.C. 1818(h)] and shall be subject to judicial review as provided therein.

(5) Except as otherwise specifically provided in this subsection and notwithstanding any provision of law referred to in subsection (a) or (c) of this section, no agency referred to in subsection (a) or (c) of this section may require a creditor to make dollar adjustments for errors in any requirements under this subchapter, except with regard to the requirements of section 1666d of this title.

(6) A creditor shall not be subject to an order to make an adjustment, if within sixty days after discovering a disclosure error, whether pursuant to a final written examination report or through the creditor's own procedures, the creditor notifies the person concerned of the error and adjusts the account so as to assure that such person will not be required to pay a finance charge in excess of the finance charge actually disclosed or the dollar equivalent of the annual percentage rate actually disclosed, whichever is lower.

(7) Notwithstanding the second sentence of subsection (e)(1), subsection (e)(3)(C)(i), and subsection (e)(3)(C)(ii) of this section, each agency referred to in subsection (a) or (c) of this section shall require an adjustment for an annual percentage rate disclosure error that exceeds a tolerance of one quarter of one percent less than the actual rate, determined without regard to section 1606(c) of this title, with respect to any transaction consummated between January 1, 1977, and March 31, 1980.

(1) Except as provided in subsection (e) of this section, this part and parts B and C of this sub-

chapter, do not annul, alter, or affect the laws of any State relating to the disclosure of information in connection with credit transactions, except to the extent that those laws are inconsistent with the provisions of this subchapter and then only to the extent of the inconsistency. Upon its own motion or upon the request of any creditor, State or other interested party which is submitted in accordance with procedures prescribed in regulations of the Bureau, the Bureau shall determine whether any such inconsistency exists. If the Bureau determines that a State-required disclosure is inconsistent, creditors located in that State may not make disclosures using the inconsistent term or form, and shall incur no liability under the law of that State for failure to use such term or form, notwithstanding that such determination is subsequently amended, rescinded, or determined by judicial or other authority to be invalid for any reason.

(2) Upon its own motion or upon the request of any creditor, State, or other interested party which is submitted in accordance with procedures prescribed in regulations of the Bureau, the Bureau shall determine whether any disclosure required under the law of any State is substantially the same in meaning as a disclosure required under this subchapter. If the Bureau determines that a State-required disclosure is substantially the same in meaning as a disclosure required by this subchapter, then creditors located in that State may make such disclosure in compliance with such State law in lieu of the disclosure required by this subchapter, except that the annual percentage rate and finance charge shall be disclosed as required by section 1632 of this title, and such State-required disclosure may not be made in lieu of the disclosures applicable to certain mortgages under section 1639 of this title.

**(b) State credit charge statutes**

Except as provided in section 1639 of this title, this subchapter does not otherwise annul, alter or affect in any manner the meaning, scope or applicability of the laws of any State, including, but not limited to, laws relating to the types, amounts or rates of charges, or any element or elements of charges, permissible under such laws in connection with the extension or use of credit, nor does this subchapter extend the applicability of those laws to any class of persons or transactions to which they would not otherwise apply. The provisions of section 1639 of this title do not annul, alter, or affect the applicability of the laws of any State or exempt any person subject to the provisions of section 1639 of this title from complying with the laws of any State, with respect to the requirements for mortgages referred to in section 1602(aa)<sup>1</sup> of this title, except to the extent that those State laws are inconsistent with any provisions of section 1639 of this title, and then only to the extent of the inconsistency.

**(c) Disclosure as evidence**

In any action or proceeding in any court involving a consumer credit sale, the disclosure of the annual percentage rate as required under this subchapter in connection with that sale

<sup>1</sup> See References in Text note below.

may not be received as evidence that the sale was a loan or any type of transaction other than a credit sale.

**(d) Contract or other obligations under State or Federal law**

Except as specified in sections 1635, 1640, and 1666e of this title, this subchapter and the regulations issued thereunder do not affect the validity or enforceability of any contract or obligation under State or Federal law.

**(e) Certain credit and charge card application and solicitation disclosure provisions**

The provisions of subsection (c) of section 1632 of this title and subsections (c), (d), (e), and (f) of section 1637 of this title shall supersede any provision of the law of any State relating to the disclosure of information in any credit or charge card application or solicitation which is subject to the requirements of section 1637(c) of this title or any renewal notice which is subject to the requirements of section 1637(d) of this title, except that any State may employ or establish State laws for the purpose of enforcing the requirements of such sections.

Subject to subsection (b) of this section, a creditor or lessor shall disclose to the person who is obligated on a consumer lease or a consumer credit transaction the information required under this subchapter. In a transaction involving more than one obligor, a creditor or lessor, except in a transaction under section 1635 of this title, need not disclose to more than one of such obligors if the obligor given disclosure is a primary obligor.

AMENDMENTS

2010—Pub. L. 111-203 substituted “Bureau” for “Board”.

EFFECTIVE DATE OF 2010 AMENDMENT

Amendment by Pub. L. 111-203 effective on the designated transfer date, see section 1100H of Pub. L. 111-203, set out as a note under section 552a of Title 5, Government Organization and Employees.

**§ 1634. Effect of subsequent occurrence**

**§ 1635. Right of rescission as to certain transactions**

**(a) Disclosure of obligor’s right to rescind**

Except as otherwise provided in this section, in the case of any consumer credit transaction (including opening or increasing the credit limit for an open end credit plan) in which a security interest, including any such interest arising by operation of law, is or will be retained or acquired in any property which is used as the principal dwelling of the person to whom credit is extended, the obligor shall have the right to rescind the transaction until midnight of the third business day following the consummation of the transaction or the delivery of the information and rescission forms required under this section together with a statement containing the material disclosures required under this subchapter, whichever is later, by notifying the creditor, in accordance with regulations of the Bureau, of his intention to do so. The creditor shall clearly and conspicuously disclose, in accordance with regulations of the Bureau, to any obligor in a transaction subject to this section the rights of the obligor under this section. The creditor shall also provide, in accordance with regulations of the Bureau, appropriate forms for the obligor to exercise his right to rescind any transaction subject to this section.

**(b) Return of money or property following rescission**

When an obligor exercises his right to rescind under subsection (a) of this section, he is not

liable for any finance or other charge, and any security interest given by the obligor, including any such interest arising by operation of law, becomes void upon such a rescission. Within 20 days after receipt of a notice of rescission, the creditor shall return to the obligor any money or property given as earnest money, downpayment, or otherwise, and shall take any action necessary or appropriate to reflect the termination of any security interest created under the transaction. If the creditor has delivered any property to the obligor, the obligor may retain possession of it. Upon the performance of the creditor’s obligations under this section, the obligor shall tender the property to the creditor, except that if return of the property in kind would be impracticable or inequitable, the obligor shall tender its reasonable value. Tender shall be made at the location of the property or at the residence of the obligor, at the option of the obligor. If the creditor does not take possession of the property within 20 days after tender by the obligor, ownership of the property vests in the obligor without obligation on his part to pay for it. The procedures prescribed by this subsection shall apply except when otherwise ordered by a court.

**(c) Rebuttable presumption of delivery of required disclosures**

Notwithstanding any rule of evidence, written acknowledgment of receipt of any disclosures required under this subchapter by a person to whom information, forms, and a statement is required to be given pursuant to this section does no more than create a rebuttable presumption of delivery thereof.

**(d) Modification and waiver of rights**

The Bureau may, if it finds that such action is necessary in order to permit homeowners to meet bona fide personal financial emergencies, prescribe regulations authorizing the modification or waiver of any rights created under this section to the extent and under the circumstances set forth in those regulations.

**(e) Exempted transactions; reapplication of provisions**

This section does not apply to—

(1) a residential mortgage transaction as defined in section 1602(w)<sup>1</sup> of this title;

(2) a transaction which constitutes a refinancing or consolidation (with no new advances) of the principal balance then due and any accrued and unpaid finance charges of an existing extension of credit by the same creditor secured by an interest in the same property;

(3) a transaction in which an agency of a State is the creditor; or

(4) advances under a preexisting open end credit plan if a security interest has already been retained or acquired and such advances are in accordance with a previously established credit limit for such plan.

**(f) Time limit for exercise of right**

An obligor’s right of rescission shall expire three years after the date of consummation of

<sup>1</sup> See References in Text note below.

the transaction or upon the sale of the property, whichever occurs first, notwithstanding the fact that the information and forms required under this section or any other disclosures required under this part have not been delivered to the obligor, except that if (1) any agency empowered to enforce the provisions of this subchapter institutes a proceeding to enforce the provisions of this section within three years after the date of consummation of the transaction, (2) such agency finds a violation of this section, and (3) the obligor's right to rescind is based in whole or in part on any matter involved in such proceeding, then the obligor's right of rescission shall expire three years after the date of consummation of the transaction or upon the earlier sale of the property, or upon the expiration of one year following the conclusion of the proceeding, or any judicial review or period for judicial review thereof, whichever is later.

**(g) Additional relief**

In any action in which it is determined that a creditor has violated this section, in addition to rescission the court may award relief under section 1640 of this title for violations of this subchapter not relating to the right to rescind.

**(h) Limitation on rescission**

An obligor shall have no rescission rights arising solely from the form of written notice used by the creditor to inform the obligor of the rights of the obligor under this section, if the creditor provided the obligor the appropriate form of written notice published and adopted by the Bureau, or a comparable written notice of the rights of the obligor, that was properly completed by the creditor, and otherwise complied with all other requirements of this section regarding notice.

**(i) Rescission rights in foreclosure**

**(1) In general**

Notwithstanding section 1649 of this title, and subject to the time period provided in subsection (f) of this section, in addition to any other right of rescission available under this section for a transaction, after the initiation of any judicial or nonjudicial foreclosure process on the primary dwelling of an obligor securing an extension of credit, the obligor shall have a right to rescind the transaction equivalent to other rescission rights provided by this section, if—

(A) a mortgage broker fee is not included in the finance charge in accordance with the laws and regulations in effect at the time the consumer credit transaction was consummated; or

(B) the form of notice of rescission for the transaction is not the appropriate form of written notice published and adopted by the Bureau or a comparable written notice, and otherwise complied with all the requirements of this section regarding notice.

**(2) Tolerance for disclosures**

Notwithstanding section 1605(f) of this title, and subject to the time period provided in subsection (f) of this section, for the purposes of exercising any rescission rights after the initiation of any judicial or nonjudicial foreclosure

process on the principal dwelling of the obligor securing an extension of credit, the disclosure of the finance charge and other disclosures affected by any finance charge shall be treated as being accurate for purposes of this section if the amount disclosed as the finance charge does not vary from the actual finance charge by more than \$35 or is greater than the amount required to be disclosed under this subchapter.

**(3) Right of recoupment under State law**

Nothing in this subsection affects a consumer's right of rescission in recoupment under State law.

**(4) Applicability**

This subsection shall apply to all consumer credit transactions in existence or consummated on or after September 30, 1995.

### § 1637. Open end consumer credit plans

#### (a) Required disclosures by creditor

Before opening any account under an open end consumer credit plan, the creditor shall disclose to the person to whom credit is to be extended each of the following items, to the extent applicable:

(1) The conditions under which a finance charge may be imposed, including the time period (if any) within which any credit extended may be repaid without incurring a finance charge, except that the creditor may, at his election and without disclosure, impose no such finance charge if payment is received after the termination of such time period. If no such time period is provided, the creditor shall disclose such fact.

(2) The method of determining the balance upon which a finance charge will be imposed.

(3) The method of determining the amount of the finance charge, including any minimum or fixed amount imposed as a finance charge.

(4) Where one or more periodic rates may be used to compute the finance charge, each such rate, the range of balances to which it is applicable, and the corresponding nominal annual percentage rate determined by multiplying the periodic rate by the number of periods in a year.

(5) Identification of other charges which may be imposed as part of the plan, and their method of computation, in accordance with regulations of the Bureau.

(6) In cases where the credit is or will be secured, a statement that a security interest has been or will be taken in (A) the property purchased as part of the credit transaction, or (B) property not purchased as part of the credit transaction identified by item or type.

(7) A statement, in a form prescribed by regulations of the Bureau of the protection provided by sections 1666 and 1666i of this title to an obligor and the creditor's responsibilities under sections 1666a and 1666i of this title. With respect to one billing cycle per calendar year, at intervals of not less than six months or more than eighteen months, the creditor shall transmit such statement to each obligor to whom the creditor is required to transmit a statement pursuant to subsection (b) of this section for such billing cycle.

(8) In the case of any account under an open end consumer credit plan which provides for any extension of credit which is secured by the consumer's principal dwelling, any information which—

(A) is required to be disclosed under section 1637a(a) of this title; and

(B) the Bureau determines is not described in any other paragraph of this subsection.

#### (b) Statement required with each billing cycle

The creditor of any account under an open end consumer credit plan shall transmit to the obligor, for each billing cycle at the end of which there is an outstanding balance in that account or with respect to which a finance charge is imposed, a statement setting forth each of the following items to the extent applicable:

(1) The outstanding balance in the account at the beginning of the statement period.

(2) The amount and date of each extension of credit during the period, and a brief identification, on or accompanying the statement of each extension of credit in a form prescribed by the Bureau sufficient to enable the obligor either to identify the transaction or to relate it to copies of sales vouchers or similar instruments previously furnished, except that a creditor's failure to disclose such information in accordance with this paragraph shall not be deemed a failure to comply with this part or this subchapter if (A) the creditor maintains procedures reasonably adapted to procure and provide such information, and (B) the creditor responds to and treats any inquiry for clarification or documentation as a billing error and an erroneously billed amount under section 1666 of this title. In lieu of complying with the requirements of the previous sentence, in the case of any transaction in which the creditor and seller are the same person, as defined by the Bureau, and such person's open

end credit plan has fewer than 15,000 accounts, the creditor may elect to provide only the amount and date of each extension of credit during the period and the seller's name and location where the transaction took place if (A) a brief identification of the transaction has been previously furnished, and (B) the creditor responds to and treats any inquiry for clarification or documentation as a billing error and an erroneously billed amount under section 1666 of this title.

(3) The total amount credited to the account during the period.

(4) The amount of any finance charge added to the account during the period, itemized to show the amounts, if any, due to the application of percentage rates and the amount, if any, imposed as a minimum or fixed charge.

(5) Where one or more periodic rates may be used to compute the finance charge, each such rate, the range of balances to which it is applicable, and, unless the annual percentage rate (determined under section 1606(a)(2) of this title) is required to be disclosed pursuant to paragraph (6), the corresponding nominal annual percentage rate determined by multiplying the periodic rate by the number of periods in a year.

(6) Where the total finance charge exceeds 50 cents for a monthly or longer billing cycle, or the pro rata part of 50 cents for a billing cycle shorter than monthly, the total finance charge expressed as an annual percentage rate (determined under section 1606(a)(2) of this title), except that if the finance charge is the sum of two or more products of a rate times a portion of the balance, the creditor may, in lieu of disclosing a single rate for the total charge, disclose each such rate expressed as an annual percentage rate, and the part of the balance to which it is applicable.

(7) The balance on which the finance charge was computed and a statement of how the balance was determined. If the balance is determined without first deducting all credits during the period, that fact and the amount of such payments shall also be disclosed.

(8) The outstanding balance in the account at the end of the period.

(9) The date by which or the period (if any) within which, payment must be made to avoid additional finance charges, except that the creditor may, at his election and without disclosure, impose no such additional finance charge if payment is received after such date or the termination of such period.

(10) The address to be used by the creditor for the purpose of receiving billing inquiries from the obligor.

(11)(A) A written statement in the following form: "Minimum Payment Warning: Making only the minimum payment will increase the amount of interest you pay and the time it takes to repay your balance.", or such similar statement as is established by the Bureau pursuant to consumer testing.

(B) Repayment information that would apply to the outstanding balance of the consumer under the credit plan, including—

(i) the number of months (rounded to the nearest month) that it would take to pay the

entire amount of that balance, if the consumer pays only the required minimum monthly payments and if no further advances are made;

(ii) the total cost to the consumer, including interest and principal payments, of paying that balance in full, if the consumer pays only the required minimum monthly payments and if no further advances are made;

(iii) the monthly payment amount that would be required for the consumer to eliminate the outstanding balance in 36 months, if no further advances are made, and the total cost to the consumer, including interest and principal payments, of paying that balance in full if the consumer pays the balance over 36 months; and

(iv) a toll-free telephone number at which the consumer may receive information about accessing credit counseling and debt management services.

(C)(i) Subject to clause (ii), in making the disclosures under subparagraph (B), the creditor shall apply the interest rate or rates in effect on the date on which the disclosure is made until the date on which the balance would be paid in full.

(ii) If the interest rate in effect on the date on which the disclosure is made is a temporary rate that will change under a contractual provision applying an index or formula for subsequent interest rate adjustment, the creditor shall apply the interest rate in effect on the date on which the disclosure is made for as long as that interest rate will apply under that contractual provision, and then apply an interest rate based on the index or formula in effect on the applicable billing date.

(D) All of the information described in subparagraph (B) shall—

(i) be disclosed in the form and manner which the Bureau shall prescribe, by regulation, and in a manner that avoids duplication; and

(ii) be placed in a conspicuous and prominent location on the billing statement.

(E) In the regulations prescribed under subparagraph (D), the Bureau shall require that the disclosure of such information shall be in the form of a table that—

(i) contains clear and concise headings for each item of such information; and

(ii) provides a clear and concise form stating each item of information required to be disclosed under each such heading.

(F) In prescribing the form of the table under subparagraph (E), the Bureau shall require that—

(i) all of the information in the table, and not just a reference to the table, be placed on the billing statement, as required by this paragraph; and

(ii) the items required to be included in the table shall be listed in the order in which such items are set forth in subparagraph (B).

(G) In prescribing the form of the table under subparagraph (D), the Bureau shall em-

ploy terminology which is different than the terminology which is employed in subparagraph (B), if such terminology is more easily understood and conveys substantially the same meaning.

(12) REQUIREMENTS RELATING TO LATE PAYMENT DEADLINES AND PENALTIES.—

(A) LATE PAYMENT DEADLINE REQUIRED TO BE DISCLOSED.—In the case of a credit card account under an open end consumer credit plan under which a late fee or charge may be imposed due to the failure of the obligor to make payment on or before the due date for such payment, the periodic statement required under subsection (b) with respect to the account shall include, in a conspicuous location on the billing statement, the date on which the payment is due or, if different, the date on which a late payment fee will be charged, together with the amount of the fee or charge to be imposed if payment is made after that date.

(B) DISCLOSURE OF INCREASE IN INTEREST RATES FOR LATE PAYMENTS.—If 1 or more late payments under an open end consumer credit plan may result in an increase in the annual percentage rate applicable to the account, the statement required under subsection (b) with respect to the account shall include conspicuous notice of such fact, together with the applicable penalty annual percentage rate, in close proximity to the disclosure required under subparagraph (A) of the date on which payment is due under the terms of the account.

(C) PAYMENTS AT LOCAL BRANCHES.—If the creditor, in the case of a credit card account referred to in subparagraph (A), is a financial institution which maintains branches or offices at which payments on any such account are accepted from the obligor in person, the date on which the obligor makes a payment on the account at such branch or office shall be considered to be the date on which the payment is made for purposes of determining whether a late fee or charge may be imposed due to the failure of the obligor to make payment on or before the due date for such payment.

(c) Disclosure in credit and charge card applications and solicitations

(1) Direct mail applications and solicitations

(A) Information in tabular format

Any application to open a credit card account for any person under an open end consumer credit plan, or a solicitation to open such an account without requiring an application, that is mailed to consumers shall disclose the following information, subject to subsection (e) of this section and section 1632(c) of this title:

(i) Annual percentage rates

**(8) Applications from underage consumers**

**(A) Prohibition on issuance**

No credit card may be issued to, or open end consumer credit plan established by or on behalf of, a consumer who has not attained the age of 21, unless the consumer has submitted a written application to the card issuer that meets the requirements of subparagraph (B).

**(B) Application requirements**

An application to open a credit card account by a consumer who has not attained

the age of 21 as of the date of submission of the application shall require—

The Bureau may by regulation provide for fewer disclosures than are required by paragraph (1) in the case of an account which is renewable for a period of less than 6 months.

**(e) Other rules for disclosures under subsections (c) and (d)**

**(1) Fees determined on the basis of a percentage**

If the amount of any fee required to be disclosed under subsection (c) or (d) of this section is determined on the basis of a percentage of another amount, the percentage used in making such determination and the identification of the amount against which such percentage is applied shall be disclosed in lieu of the amount of such fee.

**(2) Disclosure only of fees actually imposed**

If a credit or charge card issuer does not impose any fee required to be disclosed under any provision of subsection (c) or (d) of this section, such provision shall not apply with respect to such issuer.

**(f) Disclosure of range of certain fees which vary by State allowed**

If the amount of any fee required to be disclosed by a credit or charge card issuer under paragraph (1)(B), (3)(B)(i)(II), (4)(B), or (4)(C)(i)(II) of subsection (c) of this section varies from State to State, the card issuer may disclose the range of such fees for purposes of subsection (c) of this section in lieu of the amount for each applicable State, if such disclosure includes a statement that the amount of such fee varies from State to State.

**(g) Insurance in connection with certain open end credit card plans**

**(1) Change in insurance carrier**

Whenever a card issuer that offers any guarantee or insurance for repayment of all or part of the outstanding balance of an open end credit card plan proposes to change the person providing that guarantee or insurance, the card issuer shall send each insured consumer written notice of the proposed change not less than 30 days prior to the change, including notice of any increase in the rate or substantial decrease in coverage or service which will result from such change. Such notice may be included on or with the monthly statement provided to the consumer prior to the month in which the proposed change would take effect.

**(2) Notice of new insurance coverage**

In any case in which a proposed change described in paragraph (1) occurs, the insured consumer shall be given the name and address of the new guarantor or insurer and a copy of the policy or group certificate containing the basic terms and conditions, including the premium rate to be charged.

**(3) Right to discontinue guarantee or insurance**

The notices required under paragraphs (1) and (2) shall each include a statement that the consumer has the option to discontinue the insurance or guarantee.

The Bureau shall define, in regulations, what constitutes a "substantial decrease in coverage or service" for purposes of paragraph (1).

**(h) Prohibition on certain actions for failure to incur finance charges**

Nothing in this subsection shall prohibit a creditor from terminating an account for inactivity in 3 or more consecutive months.

**(i) Advance notice of rate increase and other changes required****(1) Advance notice of increase in interest rate required**

**(2) Advance notice of other significant changes required**

In the case of any credit card account under an open end consumer credit plan, a creditor shall provide a written notice of any significant change, as determined by rule of the Bureau, in the terms (including an increase in any fee or finance charge, other than as provided in paragraph (1)) of the cardholder agreement between the creditor and the obligor, not later than 45 days prior to the effective date of the change.

**(3) Notice of right to cancel**

Each notice required by paragraph (1) or (2) shall be made in a clear and conspicuous manner, and shall contain a brief statement of the right of the obligor to cancel the account pursuant to rules established by the Bureau before the effective date of the subject rate increase or other change.

**(4) Rule of construction**

Closure or cancellation of an account by the obligor shall not constitute a default under an existing cardholder agreement, and shall not trigger an obligation to immediately repay the obligation in full or through a method that is less beneficial to the obligor than one of the methods described in section 1666i-1(c)(2) of this title, or the imposition of any other penalty or fee.

**(j) Prohibition on penalties for on-time payments****(1) Prohibition on double-cycle billing and penalties for on-time payments**

Except as provided in paragraph (2), a creditor may not impose any finance charge on a credit card account under an open end consumer credit plan as a result of the loss of any time period provided by the creditor within which the obligor may repay any portion of the credit extended without incurring a finance charge, with respect to—

(A) any balances for days in billing cycles that precede the most recent billing cycle; or

(B) any balances or portions thereof in the current billing cycle that were repaid within such time period.

**(2) Exceptions**

Paragraph (1) does not apply to—

(A) any adjustment to a finance charge as a result of the resolution of a dispute; or

(B) any adjustment to a finance charge as a result of the return of a payment for insufficient funds.

**(k) Opt-in required for over-the-limit transactions if fees are imposed****(1) In general**

In the case of any credit card account under an open end consumer credit plan under which an over-the-limit fee may be imposed by the creditor for any extension of credit in excess of the amount of credit authorized to be extended under such account, no such fee shall be charged, unless the consumer has expressly elected to permit the creditor, with respect to such account, to complete transactions involving the extension of credit under such account in excess of the amount of credit authorized.

**(2) Disclosure by creditor**

No election by a consumer under paragraph (1) shall take effect unless the consumer, before making such election, received a notice from the creditor of any over-the-limit fee in the form and manner, and at the time, determined by the Bureau. If the consumer makes the election referred to in paragraph (1), the creditor shall provide notice to the consumer of the right to revoke the election, in the form prescribed by the Bureau, in any periodic statement that includes notice of the imposition of an over-the-limit fee during the period covered by the statement.

**(3) Form of election**

A consumer may make or revoke the election referred to in paragraph (1) orally, electronically, or in writing, pursuant to regulations prescribed by the Bureau. The Bureau shall prescribe regulations to ensure that the same options are available for both making and revoking such election.

**(4) Time of election**

A consumer may make the election referred to in paragraph (1) at any time, and such election shall be effective until the election is revoked in the manner prescribed under paragraph (3).

**(5) Regulations**

The Bureau shall prescribe regulations—

(A) governing disclosures under this subsection; and

(B) that prevent unfair or deceptive acts or practices in connection with the manipulation of credit limits designed to increase over-the-limit fees or other penalty fees.

**(6) Rule of construction**

Nothing in this subsection shall be construed to prohibit a creditor from completing an over-the-limit transaction, provided that a consumer who has not made a valid election under paragraph (1) is not charged an over-the-limit fee for such transaction.

**(7) Restriction on fees charged for an over-the-limit transaction**

With respect to a credit card account under an open end consumer credit plan, an over-the-limit fee may be imposed only once during a billing cycle if the credit limit on the account is exceeded, and an over-the-limit fee, with respect to such excess credit, may be imposed only once in each of the 2 subsequent billing

cycles, unless the consumer has obtained an additional extension of credit in excess of such credit limit during any such subsequent cycle or the consumer reduces the outstanding balance below the credit limit as of the end of such billing cycle.

**(l) Limit on fees related to method of payment**

With respect to a credit card account under an open end consumer credit plan, the creditor may not impose a separate fee to allow the obligor to repay an extension of credit or finance charge, whether such repayment is made by mail, electronic transfer, telephone authorization, or other means, unless such payment involves an expedited service by a service representative of the creditor.

**(m) Use of term “fixed rate”**

With respect to the terms of any credit card account under an open end consumer credit plan, the term “fixed”, when appearing in conjunction with a reference to the annual percentage rate or interest rate applicable with respect to such account, may only be used to refer to an annual percentage rate or interest rate that will not change or vary for any reason over the period specified clearly and conspicuously in the terms of the account.

**(n) Standards applicable to initial issuance of subprime or “fee harvester” cards**

**(1) In general**

If the terms of a credit card account under an open end consumer credit plan require the payment of any fees (other than any late fee, over-the-limit fee, or fee for a payment returned for insufficient funds) by the consumer in the first year during which the account is opened in an aggregate amount in excess of 25 percent of the total amount of credit authorized under the account when the account is opened, no payment of any fees (other than any late fee, over-the-limit fee, or fee for a payment returned for insufficient funds) may be made from the credit made available under the terms of the account.

**(2) Rule of construction**

No provision of this subsection may be construed as authorizing any imposition or payment of advance fees otherwise prohibited by any provision of law.

**(o) Due dates for credit card accounts**

**(1) In general**

The payment due date for a credit card account under an open end consumer credit plan shall be the same day each month.

**(2) Weekend or holiday due dates**

If the payment due date for a credit card account under an open end consumer credit plan is a day on which the creditor does not receive or accept payments by mail (including weekends and holidays), the creditor may not treat a payment received on the next business day as late for any purpose.

**(p) Parental approval required to increase credit lines for accounts for which parent is jointly liable**

No increase may be made in the amount of credit authorized to be extended under a credit

card account for which a parent, legal guardian, or spouse of the consumer, or any other individual has assumed joint liability for debts incurred by the consumer in connection with the account before the consumer attains the age of 21, unless that parent, guardian, or spouse approves in writing, and assumes joint liability for, such increase.
