AMENDMENTS

2014—Pub. L. 113-235, §1301(c), substituted “Director of the Government Publishing Office” for “Public Printer” in section catchline and text.

CHANGE OF NAME

“Government Publishing Office” substituted for “Government Printing Office” in text on authority of section 1301(b) of Pub. L. 113-235, set out as a note preceding section 301 of this title.

§ 308. Disbursing officer; deputy disbursing officer; certifying officers and employees

(a) The Director of the Government Publishing Office shall appoint from time to time a disbursing officer of the Government Publishing Office (including the Office of the Superintendent of Documents) who shall be under the direction of the Director of the Government Publishing Office. The disbursing officer shall (1) disburse moneys of the Government Publishing Office only upon, and in strict accordance with, vouchers certified by the Director of the Government Publishing Office or by an officer or employee of the Government Publishing Office authorized in writing by the Director of the Government Publishing Office to certify such vouchers, (2) make such examination of vouchers as may be necessary to ascertain whether they are in proper form, certified, and approved, and (3) be held accountable accordingly. However, the disbursing officer shall not be held accountable or responsible for any illegal, improper, or incorrect payment resulting from any false, inaccurate, or misleading certificate, the responsibility for which, under subsection (c) of this section, is imposed upon a certifying officer or employee of the Government Publishing Office.

(b)(1) Upon the death, resignation, or separation from office of the disbursing officer, the accounts of the disbursing officer may be continued, and payments and collection may be made in the name of the disbursing officer, by any individual designated as a deputy disbursing officer by the Director of the Government Publishing Office, for a period of time not to extend beyond the last day of the second month following the month in which the death, resignation, or separation occurred. Accounts and payments shall be allowed, audited, and settled, and checks signed in the name of the former disbursing officer by a deputy disbursing officer shall be honored in the same manner as if the former disbursing officer had continued in office.

(2) A former disbursing officer of the Government Publishing Office or the estate of the disbursing officer may not be subject to any legal liability or penalty for the official accounts or defaults of the deputy disbursing officer acting in the name or in the place of the former disbursing officer. Each deputy disbursing officer is responsible for accounts entrusted to the deputy disbursing officer under paragraph (1) of this subsection, and the deputy disbursing officer is liable for any default occurring during the service of the deputy disbursing officer under such paragraph.

(c)(1) The Director of the Government Publishing Office may designate in writing officers and employees of the Government Publishing Office to certify vouchers for payment from appropria-

tions and funds. Such officers and employees shall (A) be responsible for the existence and correctness of the facts recited in the certificate or other voucher or its supporting papers and for the legality of the proposed payment under the appropriation or fund involved, (B) be responsible and accountable for the correctness of the computations of certified vouchers, and (C) be accountable for, and required to make restitution to, the United States for the amount of any illegal, improper, or incorrect payment resulting from any false, inaccurate, or misleading certificate made by such officer or employee, as well as for any payment prohibited by law or which did not represent a legal obligation under the appropriation or fund involved. However, the Comptroller General of the United States, may, at the discretion of the Comptroller General, relieve such certifying officer or employee of liability for any payment otherwise proper whenever the Comptroller General finds that (i) the certification was based on the official records and that such certifying officer or employee did not know, and by reasonable diligence and inquiry could not have ascertained, the actual facts, or (ii) when the obligation was incurred in good faith, the payment was not contrary to any statutory provision specifically prohibiting payments of the character involved, and the United States has received value for such payment. The Comptroller General shall relieve such certifying officer or employee of liability for an overpayment for transportation services made to any common carrier covered by section 3726 of title 31, whenever the Comptroller General finds that the overpayment occurred solely because the administrative examination made prior to payment of the transportation bill did not include a verification of transportation rates, freight classifications, or land grant deductions.

(2) The liability of such certifying officers or employees shall be enforced in the same manner and to the same extent as provided by law with respect to the enforcement of the liability of disbursing and other accountable officers. Such certifying officers and employees shall have the right to apply for and obtain a decision by the Comptroller General on any question of law involved in a payment on any vouchers presented to them for certification.

VEGETABLE INK PRINTING

Pub. L. 103-348, Oct. 6, 1994, 108 Stat. 3133, as amended by Pub. L. 113-235, div. H, title I, §1301(b), (d), Dec. 16, 2014, 128 Stat. 2537, provided that:

“SECTION 1. SHORT TITLE.

“This Act may be cited as the ‘Vegetable Ink Printing Act of 1994.’”

“SEC. 2. FINDINGS AND PURPOSES.

“(a) FINDINGS.—The Congress finds the following:

“(1) More than 95 percent of Federal printing involving documents or publications is performed using lithographic inks.

“(2) Various types of oil, including petroleum and vegetable oil, are used in lithographic ink.

“(3) Increasing the amount of vegetable oil used in a lithographic ink would—

“(A) help reduce the Nation’s use of nonrenewable energy resources;

“(B) result in the use of products that are less damaging to the environment;

“(C) result in a reduction of volatile organic compound emissions; and

“(D) increase the use of renewable agricultural products.

“(4) The technology exists to use vegetable oil in lithographic ink and, in some applications, to use lithographic ink that uses no petroleum distillates in the liquid portion of the ink.

“(5) Some lithographic inks have contained vegetable oils for many years; other lithographic inks have more recently begun to use vegetable oil.

“(6) According to the Government Publishing Office, using vegetable oil-based ink appears to add little if any additional cost to Government printing.

“(7) Use of vegetable oil-based ink in Federal Government printing should further develop—

“(A) the commercial viability of vegetable oil-based ink, which could result in demand, for domestic use alone, for 2,500,000,000 pounds of vegetable crops or 500,000,000 pounds of vegetable oil; and

“(B) a product that could help the United States retain or enlarge its share of the world market for vegetable oil-ink.

“(b) PURPOSE.—The purpose of this Act is to require that all lithographic printing using ink containing oil that is performed or procured by a Federal agency shall use ink containing the maximum amounts of vegetable oil and materials derived from other renewable resources that—

“(1) are technologically feasible, and

“(2) result in printing costs that are competitive with printing using petroleum-based inks.

“SEC. 3. FEDERAL PRINTING REQUIREMENTS.

“(a) GENERAL RULE.—Notwithstanding any other law, and except as provided in subsection (b), a Federal agency may not perform or procure lithographic printing that uses ink containing oil if the ink contains less than the following percentage of vegetable oil:

“(1) In the case of news ink, 40 percent.

“(2) In the case of sheet-fed ink, 20 percent.

“(3) In the case of forms ink, 20 percent.

“(4) In the case of heat-set ink, 10 percent.

“(b) EXCEPTIONS.—

“(1) EXCEPTIONS.—Subsection (a) shall not apply to lithographic printing performed or procured by a Federal agency, if—

“(A) the head of the agency determines, after consultation with the Director of the Government Publishing Office and within the 3-year period ending on the date of the commencement of the printing or the date of that procurement, respectively, that vegetable oil-based ink is not suitable to meet specific, identified requirements of the agency related to the printing; or

“(B) the Director of the Government Publishing Office determines—

“(i) within the 3-month period ending on the date of the commencement of the printing, in the case of printing of materials that are printed at intervals of less than 6 months, or

“(ii) before the date of the commencement of the printing, in the case of printing of materials that are printed at intervals of 6 months or more; that the cost of performing the printing using vegetable oil-based ink is significantly greater than the cost of performing the printing using other available ink.

“(2) NOTICE TO CONGRESS.—Not later than 30 days after making a determination under paragraph (1)(A), the head of a Federal agency shall report the determination to the Committee on Government Operations [now Committee on Oversight and Government Reform] and the Committee on House Administration of the House of Representatives, and the Committee on Rules of the Senate.

“(c) FEDERAL AGENCY DEFINED.—In this Act, the term ‘Federal agency’ means—

“(1) an executive department, military department, Government corporation, Government-controlled corporation, or other establishment in the executive branch of the Government (including the Executive Office of the President), or any independent regulatory agency; and

“(2) an establishment or component of the legislative or judicial branch of the Government.”

NATIONAL POLICY ON PERMANENT PAPERS

Pub. L. 101-423, Oct. 12, 1990, 104 Stat. 912, as amended by Pub. L. 113-235, div. H, title I, §1301(b), (d), Dec. 16, 2014, 128 Stat. 2537, provided that:

“Whereas it is now widely recognized and scientifically demonstrated that the acidic papers commonly used for more than a century in documents, books, and other publications are self-destructing and will continue to self destruct;

“Whereas Americans are facing the prospect of continuing to lose national, historical, scientific, and scholarly records, including government records, faster than salvage efforts can be mounted despite the dedicated efforts of many libraries, archives, and agencies, such as the Library of Congress and the National Archives and Records Administration;

“Whereas nationwide hundreds of millions of dollars will have to be spent by the Federal, State, and local governments and private institutions to salvage the most essential books and other materials in the libraries and archives of government, academic, and private institutions;

“Whereas paper manufacturers can produce a sufficient supply of acid free permanent papers with a life of several hundred years, at prices competitive with acid papers, if publishers would specify the use of such papers, and some publishers and many university presses are already publishing on acid free permanent papers;

“Whereas most Government agencies do not require the use of acid free permanent papers for appropriate Federal records and publications;

“Whereas librarians, publishers, and other professional groups have urged the use of acid free permanent papers;

“Whereas even when books are printed on acid free permanent paper this fact is often not made known to libraries by notations in the book or by notations in standard bibliographic listings; and

“Whereas there is an urgent need to prevent the continuance of the acid paper problem in the future: Now, therefore, be it

“*Resolved by the Senate and House of Representatives of the United States of America in Congress assembled,*

“SECTION 1. It is the policy of the United States that Federal records, books, and publications of enduring value be produced on acid free permanent papers.

“SEC. 2. The Congress of the United States urgently recommends that—

“(1) Federal agencies require the use of acid free permanent papers for publications of enduring value produced by the Government Publishing Office or produced by Federal grant or contract, using the specifications for such paper established by the Joint Committee on Printing;

“(2) Federal agencies require the use of archival quality acid free papers for permanently valuable Federal records and confer with the National Archives and Records Administration on the requirements for paper quality;

“(3) American publishers and State and local governments use acid free permanent papers for publications of enduring value, in voluntary compliance with the American National Standard;

“(4) all publishers, private and governmental, prominently note the use of acid free permanent paper in books, advertisements, catalogs, and standard bibliographic listings; and

“(5) the Secretary of State, Librarian of Congress, Archivist of the United States, and other Federal officials make known the national policy regarding acid free permanent papers to foreign governments and appropriate international agencies since the acid paper problem is worldwide and essential foreign materials being imported by our libraries are printed on acid papers.

“SEC. 3. The Librarian of Congress, the Archivist of the United States, and the Director of the Government Publishing Office shall jointly monitor the Federal Government’s progress in implementing the national policy declared in section 1 regarding acid free permanent papers and shall report to the Congress regarding such progress on December 31, 1991, December 31, 1993, and December 31, 1995. In carrying out the monitoring

(a) The order by either House of Congress to print a document or report shall signify the “usual number” of copies for binding and distribution among those entitled to receive them. A greater number may not be printed unless ordered by either House, or as provided by this section. When a special number of a document or report is ordered printed, the usual number shall also be printed, unless already ordered.

(b) The “usual number” of documents and reports shall be one thousand six hundred and eighty-two copies, which shall be printed at one time and distributed as follows:

Of the House documents and reports, unbound—to the Senate document room, one hundred and fifty copies; to the office of the Secretary of the Senate, ten copies; to the House document room, not to exceed five hundred copies; to the office of the Clerk of the House of Representatives, twenty copies; to the Library of Congress, ten copies, as provided by section 1718 of this title.

(c) Of the number printed, the Director of the Government Publishing Office shall bind a sufficient number of copies for distribution as follows:

But a State library or designated depository entitled to documents that may prefer to have its documents in unbound form, may do so by notifying the Superintendent of Documents to that effect prior to the convening of each Congress.

(d) The usual number of reports on private bills, concurrent or simple resolutions, may not be printed. Instead there shall be printed of each Senate report on a private bill, simple or concurrent resolution, in addition to those required to be furnished the Library of Congress, three hundred and forty-five copies, which shall be distributed as follows: to the Senate document room, two hundred and twenty copies; to the Secretary of the Senate, fifteen copies; to the House document room, one hundred copies; to the Superintendent of Documents, ten copies; and of each House report on a private bill, simple or concurrent resolution, in addition to those for the Library of Congress, two hundred and sixty copies, which shall be distributed as follows: to the Senate document room, one hundred and thirty-five copies; to the Secretary of the Senate, fifteen copies; to the House document room, one hundred copies; to the Superintendent of Documents, ten copies.

§ 1307. National Oceanic and Atmospheric Administration: nautical products, sale and distribution

(a)(1) All nautical products created or published by the National Oceanic and Atmospheric Administration shall be sold at such prices as the Secretary of Commerce shall establish annually, in accordance with the provisions of this subsection. The Secretary shall publish annually the prices at which nautical products are sold to the public.

(2)(A) Subject to subparagraph (B) of this paragraph, the prices of nautical products may be increased over a period of not less than three years after the date of enactment of this section so as to recover all costs attributable to data base management, compilation, printing, and distribution of such products. § 1505. Documents to be published in Federal Register

(a) PROCLAMATIONS AND EXECUTIVE ORDERS; DOCUMENTS HAVING GENERAL APPLICABILITY AND LEGAL EFFECT; DOCUMENTS REQUIRED TO BE PUBLISHED BY CONGRESS. There shall be published in the Federal Register—

(1) Presidential proclamations and Executive orders, except those not having general applicability and legal effect or effective only

against Federal agencies or persons in their capacity as officers, agents, or employees thereof;

(2) documents or classes of documents that the President may determine from time to time have general applicability and legal effect; and

(3) documents or classes of documents that may be required so to be published by Act of Congress.

For the purposes of this chapter every document or order which prescribes a penalty has general applicability and legal effect.

(b) DOCUMENTS AUTHORIZED TO BE PUBLISHED BY REGULATIONS; COMMENTS AND NEWS ITEMS EXCLUDED. In addition to the foregoing there shall also be published in the Federal Register other documents or classes of documents authorized to be published by regulations prescribed under this chapter with the approval of the President, but comments or news items of any character may not be published in the Federal Register.

(c) SUSPENSION OF REQUIREMENTS FOR FILING OF DOCUMENTS; ALTERNATE SYSTEMS FOR PROMULGATING, FILING, OR PUBLISHING DOCUMENTS; PRESERVATION OF ORIGINALS. The suspensions shall remain in effect until revoked by the President, or by concurrent resolution of the Congress. The President shall establish alternate systems for promulgating, filing, or publishing documents or classes of documents affected by such suspensions, including requirements relating to their effectiveness or validity, that may be considered under the then existing circumstances practicable to provide public notice of the issuance and of the contents of the documents. The alternate systems may, without limitation, provide for the use of regional or specialized publications or depositories for documents, or of the press, the radio, or similar mediums of general communication. Compliance with alternate systems of filing or publication shall have the same effect as filing with the Office or publication in the Federal Register under this chapter or other law or regulation. With respect to documents promulgated under alternate systems, each agency shall preserve the original and two duplicate originals or two certified copies for filing with the Office when the President determines that it is practicable.

§ 1507. Filing document as constructive notice; publication in Federal Register as presumption of validity; judicial notice; citation

A document required by section 1505(a) of this title to be published in the Federal Register is not valid as against a person who has not had actual knowledge of it until the duplicate originals or certified copies of the document have been filed with the Office of the Federal Register and a copy made available for public inspection as provided by section 1503 of this title. Unless otherwise specifically provided by statute, filing of a document, required or authorized to be published by section 1505 of this title, except in cases where notice by publication is insufficient in law, is sufficient to give notice of the contents of the document to a person subject to or

affected by it. The publication in the Federal Register of a document creates a rebuttable presumption—

(1) that it was duly issued, prescribed, or promulgated;

(2) that it was filed with the Office of the Federal Register and made available for public inspection at the day and hour stated in the printed notation;

(3) that the copy contained in the Federal Register is a true copy of the original; and

(4) that all requirements of this chapter and the regulations prescribed under it relative to the document have been complied with.

The contents of the Federal Register shall be judicially noticed and without prejudice to any other mode of citation, may be cited by volume and page number.

A notice of hearing or of opportunity to be heard, required or authorized to be given by an Act of Congress, or which may otherwise properly be given, shall be deemed to have been given to all persons residing within the States of the Union and the District of Columbia, except in cases where notice by publication is insufficient in law, when the notice is published in the Federal Register at such a time that the period between the publication and the date fixed in the notice for the hearing or for the termination of the opportunity to be heard is—

(1) not less than the time specifically prescribed for the publication of the notice by the appropriate Act of Congress; or

(2) not less than fifteen days when time for publication is not specifically prescribed by the Act, without prejudice, however, to the effectiveness of a notice of less than fifteen days where the shorter period is reasonable.

(a) The cost of printing, reprinting, wrapping, binding, and distributing the Federal Register and the Code of Federal Regulations, and, except as provided in subsection (b), other expenses incurred by the Government Publishing Office in carrying out the duties placed upon it by this chapter shall be charged to the revolving fund provided in section 309. CLASSIFIED NATIONAL SECURITY INFORMATION

For provisions authorizing Archivist to review, downgrade, and declassify information of former Presidents under control of Archivist pursuant to this section, see Ex. Ord. No. 13526, §3.5(b), Dec. 29, 2009, 75 F.R. 718, set out as a note under section 3161 of Title 50, War and National Defense.

§ 2108. Responsibility for custody, use, and withdrawal of records

(a) The Archivist shall be responsible for the custody, use, and withdrawal of records transferred to him. When records, the use of which is subject to statutory limitations and restrictions, are so transferred, permissive and restrictive statutory provisions with respect to the ex-

amination and use of records applicable to the head of the agency from which the records were transferred or to employees of that agency are applicable to the Archivist and to the employees of the National Archives and Records Administration, respectively. Except as provided in subsection (b) of this section, when the head of a Federal agency states, in writing, restrictions that appear to him to be necessary or desirable in the public interest with respect to the use or examination of records being considered for transfer from his custody to the Archivist, the Archivist shall, if he concurs,¹ impose such restrictions on the records so transferred, and may not relax or remove such restrictions without the written concurrence of the head of the agency from which the material was transferred, or of his successor in function, if any. In the event that a Federal agency is terminated and there is no successor in function, the Archivist is authorized to relax, remove, or impose restrictions on such agency's records when he determines that such action is in the public interest. Statutory and other restrictions referred to in this subsection shall remain in force until the records have been in existence for thirty years unless the Archivist by order, having consulted with the head of the transferring Federal agency or his successor in function, determines, with respect to specific bodies of records, that for reasons consistent with standards established in relevant statutory law, such restrictions shall remain in force for a longer period. Restriction on the use or examination of records deposited with the National Archives of the United States imposed by section 3 of the National Archives Act, approved June 19, 1934, shall continue in force regardless of the expiration of the tenure of office of the official who imposed them but may be removed or relaxed by the Archivist with the concurrence in writing of the head of the agency from which material was transferred or of his successor in function, if any.

(b) With regard to the census and survey records of the Bureau of the Census containing data identifying individuals enumerated in population censuses, any release pursuant to this section of such identifying information contained in such records shall be made by the Archivist pursuant to the specifications and agreements set forth in the exchange of correspondence on or about the date of October 10, 1952, between the Director of the Bureau of the Census and the Archivist of the United States, together with all amendments thereto, now or hereafter entered into between the Director of the Bureau of the Census and the Archivist of the United States. Such amendments, if any, shall be published in the Register.

"REGULATIONS RELATING TO PUBLIC ACCESS

"SEC. 104. (a) The Archivist shall, within ninety days after the date of enactment of this title [Dec. 19, 1974], submit to each House of the Congress a report proposing and explaining regulations that would provide public access to the tape recordings and other materials referred to in section 101. For the purposes of this subsection, continuity of session is broken only by an adjournment of Congress sine die, but the days on which either House is not in session because of an adjournment of more than three days to a day certain are excluded.

Any such challenge shall be treated by the court as a matter requiring immediate consideration and resolution, and such challenge shall have priority on the docket of such court over other cases.

“(b) If, under the procedures established by subsection (a), a judicial decision is rendered that a particular provision of this title, or a particular regulation issued under the authority granted by this title, is unconstitutional or otherwise invalid, such decision shall not affect in any way the validity or enforcement of any other provision of this title or any regulation issued under the authority granted by this title.

§ 2112. Presidential archival depository

(a)(1) When the Archivist considers it to be in the public interest, the Archivist may—

(ii) maintain, operate, and protect the depository as a part of the national archives system; and

(C) accept, for and in the name of the United States, gifts offered for the purpose of making

any physical or material change or addition to a Presidential archival depository.

(2) The Archivist shall promulgate architectural and design standards applicable to Presidential archival depositories in order to ensure that such depositories (A) preserve Presidential records subject to chapter 22 of this title and papers and other historical materials accepted for deposit under section 2111 of this title and (B) contain adequate research facilities.

(3) Prior to accepting and taking title to any land, facility, or equipment under subparagraph (A) of paragraph (1), or prior to entering into any agreement under subparagraph (B) of such paragraph or any other agreement to accept or establish a Presidential archival depository, the Archivist shall submit a written report on the proposed Presidential archival depository to the President of the Senate and the Speaker of the House of Representatives. The report shall include—

(A) a description of the land, facility, and equipment offered as a gift or to be made available without transfer of title;

(B) a statement specifying the estimated total cost of the proposed depository and the amount of the endowment for the depository required pursuant to subsection (g) of this section;

(C) a statement of the terms of the proposed agreement, if any;

(D) a general description of the types of papers, documents, or other historical materials proposed to be deposited in the depository to be created, and of the terms of the proposed deposit;

(E) a statement of any additional improvements and equipment associated with the development and operation of the depository, an estimate of the costs of such improvements and equipment, and a statement as to the extent to which such costs will be incurred by any Federal or State government agency;

(G) a certification that such facility and equipment (whether offered as a gift or made available without transfer of title) comply with standards promulgated by the Archivist pursuant to paragraph (2) of this subsection.

(4) Prior to accepting any gift under subparagraph (C) of paragraph (1) for the purpose of making any physical or material change or addition to a Presidential archival depository, or prior to implementing any provision of law requiring the making of such a change or addition, the Archivist shall submit a report in writing on the proposed change or addition to the President of the Senate and the Speaker of the House of Representatives. The report shall include—

(A) a description of such gift;

(B) a statement specifying the estimated total cost of the proposed physical or material change or addition and the amount of the deposit in an endowment for the depository required pursuant to subsection (g) of this section in order to meet the cost of such change or addition;

(C) a statement of the purpose of the proposed change or addition and a general de-

scription of any papers, documents, or historical materials proposed to be deposited in the depository as a result of such change or addition;

(D) a statement of any additional improvements or equipment for the depository associated with such change or addition;

(E) an estimate of the increase in the total annual cost to the United States of maintaining, operating, and protecting the depository that will result from such change or addition; and

(F) a certification that the depository, and the equipment therein will, after such change or addition, comply with the standards promulgated by the Archivist pursuant to paragraph (2) of this subsection.

(5) The Archivist may not—

(A) accept or take title to land, a facility, or equipment under subparagraph (A) of paragraph (1) for the purpose of creating a Presidential archival depository;

(B) enter into any agreement under subparagraph (B) of such paragraph or any other agreement to accept or establish a Presidential archival depository; or

(C) accept any gift under subparagraph (C) of such paragraph for the purpose of making any physical or material change to a Presidential archival depository,

until the expiration of a period of 60 days of continuous session of Congress beginning on the date on which the Archivist transmits the report required under paragraph (3) of this subsection with respect to such Presidential archival depository or the report required under paragraph (4) of this subsection with respect to such change or addition, as the case may be.

(b) When the Archivist considers it to be in the public interest, he may deposit in a Presidential archival depository papers, documents, or other historical materials accepted under section 2111 of this title, or Federal records appropriate for preservation.

(c) When the Archivist considers it to be in the public interest, he may exercise, with respect to papers, documents, or other historical materials deposited under this section, or otherwise, in a Presidential archival depository, all the functions and responsibilities otherwise vested in him pertaining to Federal records or other documentary materials in his custody or under his control. The Archivist, in negotiating for the deposit of Presidential historical materials, shall take steps to secure to the Government, as far as possible, the right to have continuous and permanent possession of the materials. Papers, documents, or other historical materials accepted and deposited under section 2111 of this title and this section are subject to restrictions as to their availability and use stated in writing by the donors or depositors, including the restriction that they shall be kept in a Presidential archival depository. The restrictions shall be respected for the period stated, or until revoked or terminated by the donors or depositors or by persons legally qualified to act on their behalf. Subject to the restrictions, the Archivist may dispose by sale, exchange, or otherwise, of papers, documents, or other materials which the

Archivist determines to have no permanent value or historical interest or to be surplus to the needs of a Presidential archival depository. Only the first two sentences of this subsection shall apply to Presidential records as defined in section 2201(2) of this title.

(d) When the Archivist considers it to be in the public interest, he may cooperate with and assist a university, institution of higher learning, institute, foundation, or other organization or qualified individual to further or to conduct study or research in historical materials deposited in a Presidential archival depository.

(e) When the Archivist considers it to be in the public interest, he may charge and collect reasonable fees for the privilege of visiting and viewing exhibit rooms or museum space, or for the occasional, non-official use of rooms and spaces (and services related to such use), in a Presidential archival depository.

(f) When the Archivist considers it to be in the public interest, he may provide reasonable office space in a Presidential archival depository for the personal use of a former President of the United States.

(g)(1) When the Archivist considers it to be in the public interest, the Archivist may solicit and accept gifts or bequests of money or other property for the purpose of maintaining, operating, protecting, or improving a Presidential archival depository. The proceeds of gifts or bequests, together with the proceeds from fees or from sales of historical materials, copies or reproductions, catalogs, or other items, having to do with a Presidential archival depository, shall be paid into an account in the National Archives Trust Fund and shall be held, administered, and expended for the benefit and in the interest of the Presidential archival depository in connection with which they were received, and for the same purposes and objects, including custodial and administrative services for which appropriations for the maintenance, operation, protection, or improvement of Presidential archival depositories might be expended.

(2) The Archivist shall provide for the establishment in such Trust Fund of separate endowments for the maintenance of the land, facility, and equipment of each Presidential archival depository, to which shall be credited any gifts or bequests received under paragraph (1) that are offered for that purpose. Income to each such endowment shall be available to cover the cost of facility operations, but shall not be available for the performance of archival functions under this title.

(3) The Archivist shall not accept or take title to any land, facility, or equipment under subparagraph (A) of subsection (a)(1), or enter into any agreement to use any land, facility, or equipment under subparagraph (B) of such subsection for the purpose of creating a Presidential archival depository, unless the Archivist determines that there is available, by gift or bequest for deposit under paragraph (2) of this subsection in an endowment with respect to such depository, an amount for the purpose of maintaining such land, facility, and equipment equal to—

(A) the product of—

(i) the total cost of acquiring or constructing such facility and of acquiring and installing such equipment, multiplied by
(ii) 20 percent; plus

(B)(i) if title to the land is to be vested in the United States, the product of—

(I) the total cost of acquiring the land upon which such facility is located, or such other measure of the value of such land as is mutually agreed upon by the Archivist and the donor, multiplied by
(II) 20 percent; or

(ii) if title to the land is not to be vested in the United States, the product of—

(I) the total cost to the donor of any improvements to the land upon which such facility is located (other than such facility and equipment), multiplied by
(II) 20 percent; plus

(C) if the Presidential archival depository will exceed 70,000 square feet in area, an amount equal to the product of—

(i) the sum of—

(I) the total cost described in clause (i) of subparagraph (A); plus

(II) the total cost described in subclause (I) or (II) of subparagraph (B)(i), as the case may be, multiplied by

(ii) the percentage obtained by dividing the number of square feet by which such depository will exceed 70,000 square feet by 70,000.

(4) If a proposed physical or material change or addition to a Presidential archival depository would result in an increase in the costs of facility operations, the Archivist may not accept any gift under subparagraph (C) of paragraph (1) for the purpose of making such a change or addition, or may not implement any provision of law requiring the making of such a change or addition, unless the Archivist determines that there is available, by gift or bequest for deposit under paragraph (2) of this subsection in an endowment with respect to such depository, an amount for the purpose of maintaining the land, facility, and equipment of such depository equal to the difference between—

(A) the amount which, pursuant to paragraph (3) of this subsection, would have been required to have been available for deposit in such endowment with respect to such depository if such change or addition had been included in such depository on—

(i) the date on which the Archivist took title to the land, facility, and equipment for such depository under subparagraph (A) of subsection (a)(1); or

(ii) the date on which the Archivist entered into an agreement for the creation of such depository under subparagraph (B) of such paragraph,

as the case may be; minus

(B) the amount which, pursuant to paragraph (3) of this subsection, was required to be available for deposit in such endowment with respect to such depository on the date the Archivist took such title or entered into such agreement, as the case may be.

(5)(A) Notwithstanding paragraphs (3) and (4) (to the extent that such paragraphs are inconsistent with this paragraph), this subsection shall be administered in accordance with this paragraph with respect to any Presidential archival depository created as a depository for the papers, documents, and other historical materials and Presidential records pertaining to any President who takes the oath of office as President for the first time on or after July 1, 2002.

(B) For purposes of subparagraphs (A)(ii), (B)(i)(II), and (B)(ii)(II) of paragraph (3) the percentage of 60 percent shall apply instead of 20 percent.

(C)(i) In this subparagraph, the term “base endowment amount” means the amount of the endowment required under paragraph (3).

(ii)(I) The Archivist may give credits against the base endowment amount if the Archivist determines that the proposed Presidential archival depository will have construction features or equipment that are expected to result in quantifiable long-term savings to the Government with respect to the cost of facility operations.

(II) The features and equipment described under subclause (I) shall comply with the standards promulgated by the Archivist under subsection (a)(2).

(III) The Archivist shall promulgate standards to be used in calculating the dollar amount of any credit to be given, and shall consult with all donors of the endowment before giving any credits. The total dollar amount of credits given under this paragraph may not exceed 20 percent of the base endowment amount.

(D)(i) In calculating the additional endowment amount required under paragraph (4), the Archivist shall take into account credits given under subparagraph (C), and may also give credits against the additional endowment amount required under paragraph (4), if the Archivist determines that construction features or equipment used in making or equipping the physical or material change or addition are expected to result in quantifiable long-term savings to the Government with respect to the cost of facility operations.

(ii) The features and equipment described under clause (i) shall comply with the standards promulgated by the Archivist under subsection (a)(2).

(iii) The Archivist shall promulgate standards to be used in calculating the dollar amount of any credit to be given, and shall consult with all donors of the endowment before giving any credits. The total dollar amount of credits given under this paragraph may not exceed 20 percent of the additional endowment amount required under paragraph (4).

§ 2204. Restrictions on access to Presidential records

(a) Prior to the conclusion of a President's term of office or last consecutive term of office, as the case may be, the President shall specify durations, not to exceed 12 years, for which access shall be restricted with respect to information, in a Presidential record, within one or more of the following categories:

(1)(A) specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy and (B) in fact properly classified pursuant to such Executive order;

(2) relating to appointments to Federal office;

(3) specifically exempted from disclosure by statute (other than sections 552 and 552b of title 5, United States Code), provided that such statute (A) requires that the material be withheld from the public in such a manner as

to leave no discretion on the issue, or (B) establishes particular criteria for withholding or refers to particular types of material to be withheld;

(4) trade secrets and commercial or financial information obtained from a person and privileged or confidential;

(5) confidential communications requesting or submitting advice, between the President and the President's advisers, or between such advisers; or

(6) personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

(b)(1) Any Presidential record or reasonably segregable portion thereof containing information within a category restricted by the President under subsection (a) shall be so designated by the Archivist and access thereto shall be restricted until the earlier of—

(A)(i) the date on which the former President waives the restriction on disclosure of such record, or

(ii) the expiration of the duration specified under subsection (a) for the category of information on the basis of which access to such record has been restricted; or

(B) upon a determination by the Archivist that such record or reasonably segregable portion thereof, or of any significant element or aspect of the information contained in such record or reasonably segregable portion thereof, has been placed in the public domain through publication by the former President, or the President's agents.

(2) Any such record which does not contain information within a category restricted by the President under subsection (a), or contains information within such a category for which the duration of restricted access has expired, shall be exempt from the provisions of subsection (c) until the earlier of—

(A) the date which is 5 years after the date on which the Archivist obtains custody of such record pursuant to section 2203(d)(1);¹ or

(B) the date on which the Archivist completes the processing and organization of such records or integral file segment thereof.

(3) During the period of restricted access specified pursuant to subsection (b)(1), the determination whether access to a Presidential record or reasonably segregable portion thereof shall be restricted shall be made by the Archivist, in the Archivist's discretion, after consultation with the former President, and, during such period, such determinations shall not be subject to judicial review, except as provided in subsection (e) of this section. The Archivist shall establish procedures whereby any person denied access to a Presidential record because such record is restricted pursuant to a determination made under this paragraph, may file an administrative appeal of such determination. Such procedures shall provide for a written determination by the Archivist or the Archivist's designee, within 30 working days after receipt of such an appeal, setting forth the basis for such determination.

(c)(1) Subject to the limitations on access imposed pursuant to subsections (a) and (b), Presidential records shall be administered in accordance with section 552 of title 5, United States Code, except that paragraph (b)(5) of that section shall not be available for purposes of withholding any Presidential record, and for the purposes of such section such records shall be deemed to be records of the National Archives and Records Administration. Access to such records shall be granted on nondiscriminatory terms.

(2) Nothing in this Act shall be construed to confirm, limit, or expand any constitutionally-based privilege which may be available to an incumbent or former President.

(d) Upon the death or disability of a President or former President, any discretion or authority the President or former President may have had under this chapter, except section 2208, shall be exercised by the Archivist unless otherwise previously provided by the President or former President in a written notice to the Archivist.

(e) The United States District Court for the District of Columbia shall have jurisdiction over any action initiated by the former President asserting that a determination made by the Archivist violates the former President's rights or privileges.

(f) The Archivist shall not make available any original Presidential records to any individual claiming access to any Presidential record as a designated representative under section 2205(3) of this title if that individual has been convicted of a crime relating to the review, retention, removal, or destruction of records of the Archives.

EXECUTIVE ORDER NO. 13233

Ex. Ord. No. 13233, Nov. 1, 2001, 66 F.R. 56025, which related to further implementation of the Presidential Records Act, was revoked by Ex. Ord. No. 13489, § 6, Jan. 21, 2009, 74 F.R. 4671, set out below.

EX. ORD. NO. 13489. PRESIDENTIAL RECORDS

Ex. Ord. No. 13489, Jan. 21, 2009, 74 F.R. 4669, provided: By the authority vested in me as President by the Constitution and the laws of the United States of America, and in order to establish policies and procedures governing the assertion of executive privilege by incumbent and former Presidents in connection with the release of Presidential records by the National Archives and Records Administration (NARA) pursuant to the Presidential Records Act of 1978, it is hereby ordered as follows:

SECTION 1. *Definitions.* For purposes of this order:

(a) "Archivist" refers to the Archivist of the United States or his designee.

(b) "NARA" refers to the National Archives and Records Administration.

(c) "Presidential Records Act" refers to the Presidential Records Act, 44 U.S.C. 2201–2207.

(d) "NARA regulations" refers to the NARA regulations implementing the Presidential Records Act [of 1978], 36 C.F.R. Part 1270.

(e) "Presidential records" refers to those documentary materials maintained by NARA pursuant to the Presidential Records Act, including Vice Presidential records.

(f) "Former President" refers to the former President during whose term or terms of office particular Presidential records were created.

(g) A "substantial question of executive privilege" exists if NARA's disclosure of Presidential records might impair national security (including the conduct of foreign relations), law enforcement, or the deliberative processes of the executive branch.

(h) A "final court order" is a court order from which no appeal may be taken.

SEC. 2. *Notice of Intent to Disclose Presidential Records.*

(a) When the Archivist provides notice to the incumbent and former Presidents of his intent to disclose Presidential records pursuant to section 1270.46 of the NARA regulations, the Archivist, using any guidelines provided by the incumbent and former Presidents, shall identify any specific materials, the disclosure of which he believes may raise a substantial question of executive privilege. However, nothing in this order is intended to affect the right of the incumbent or former Presidents to invoke executive privilege with respect to materials not identified by the Archivist. Copies of the notice for the incumbent President shall be delivered to the President (through the Counsel to the President) and the Attorney General (through the Assistant Attorney General for the Office of Legal Counsel). The copy of the notice for the former President shall be delivered to the former President or his designated representative.

(b) Upon the passage of 30 days after receipt by the incumbent and former Presidents of a notice of intent to disclose Presidential records, the Archivist may disclose the records covered by the notice, unless during that time period the Archivist has received a claim of executive privilege by the incumbent or former President or the Archivist has been instructed by the incumbent President or his designee to extend the time period for a time certain and with reason for the exten-

sion of time provided in the notice. If a shorter period of time is required under the circumstances set forth in section 1270.44 of the NARA regulations, the Archivist shall so indicate in the notice.

SEC. 3. *Claim of Executive Privilege by Incumbent President.* (a) Upon receipt of a notice of intent to disclose Presidential records, the Attorney General (directly or through the Assistant Attorney General for the Office of Legal Counsel) and the Counsel to the President shall review as they deem appropriate the records covered by the notice and consult with each other, the Archivist, and such other executive agencies as they deem appropriate concerning whether invocation of executive privilege is justified.

(b) The Attorney General and the Counsel to the President, in the exercise of their discretion and after appropriate review and consultation under subsection (a) of this section, may jointly determine that invocation of executive privilege is not justified. The Archivist shall be notified promptly of any such determination.

(c) If either the Attorney General or the Counsel to the President believes that the circumstances justify invocation of executive privilege, the issue shall be presented to the President by the Counsel to the President and the Attorney General.

(d) If the President decides to invoke executive privilege, the Counsel to the President shall notify the former President, the Archivist, and the Attorney General in writing of the claim of privilege and the specific Presidential records to which it relates. After receiving such notice, the Archivist shall not disclose the privileged records unless directed to do so by an incumbent President or by a final court order.

SEC. 4. *Claim of Executive Privilege by Former President.*

(a) Upon receipt of a claim of executive privilege by a living former President, the Archivist shall consult with the Attorney General (through the Assistant Attorney General for the Office of Legal Counsel), the Counsel to the President, and such other executive agencies as the Archivist deems appropriate concerning the Archivist's determination as to whether to honor the former President's claim of privilege or instead to disclose the Presidential records notwithstanding the claim of privilege. Any determination under section 3 of this order that executive privilege shall not be invoked by the incumbent President shall not prejudice the Archivist's determination with respect to the former President's claim of privilege.

(b) In making the determination referred to in subsection (a) of this section, the Archivist shall abide by any instructions given him by the incumbent President or his designee unless otherwise directed by a final court order. The Archivist shall notify the incumbent and former Presidents of his determination at least 30 days prior to disclosure of the Presidential records, unless a shorter time period is required in the circumstances set forth in section 1270.44 of the NARA regulations. Copies of the notice for the incumbent President shall be delivered to the President (through the Counsel to the President) and the Attorney General (through the Assistant Attorney General for the Office of Legal Counsel). The copy of the notice for the former President shall be delivered to the former President or his designated representative.

SEC. 5. *General Provisions.* (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) authority granted by law to a department or agency, or the head thereof; or

(ii) functions of the Director of the Office of Management and Budget relating to budget, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

SEC. 6. *Revocation.* Executive Order 13233 of November 1, 2001, is revoked.

BARACK OBAMA.

(B) A former President or the incumbent President may extend the period under subparagraph (A) once for not more than 30 additional days (excepting Saturdays, Sundays, and legal public holidays) by filing with the Archivist a statement that such an extension is necessary to allow an adequate review of the record.

MANAGING GOVERNMENT RECORDS

Memorandum of President of the United States, Nov. 28, 2011, 76 F.R. 75423, provided:

Memorandum for the Heads of Executive Departments and Agencies

SECTION 1. *Purpose.* This memorandum begins an executive branch-wide effort to reform records management policies and practices. Improving records management will improve performance and promote openness and accountability by better documenting agency actions and decisions. Records transferred to the National Archives and Records Administration (NARA) provide the prism through which future generations will understand and learn from our actions and decisions. Modernized records management will also help executive departments and agencies (agencies) minimize costs and operate more efficiently. Improved records management thus builds on Executive Order 13589 of November 9, 2011 (Promoting Efficient Spending), which directed agencies to reduce spending and focus on mission-critical functions.

When records are well-managed, agencies can use them to assess the impact of programs, to reduce redundant efforts, to save money, and to share knowledge within and across their organizations. In these ways, proper records management is the backbone of open Government.

Decades of technological advances have transformed agency operations, creating challenges and opportunities for agency records management. Greater reliance on electronic communication and systems has radically increased the volume and diversity of information that agencies must manage. With proper planning, technology can make these records less burdensome to manage and easier to use and share. But if records management policies and practices are not updated for a digital age, the surge in information could overwhelm agency systems, leading to higher costs and lost records.

We must address these challenges while using the opportunity to develop a 21st-century framework for the management of Government records. This framework will provide a foundation for open Government, leverage information to improve agency performance, and reduce unnecessary costs and burdens.

SEC. 2. *Agency Commitments to Records Management Reform.* (a) The head of each agency shall:

(i) ensure that the successful implementation of records management requirements in law, regulation, and this memorandum is a priority for senior agency management;

(ii) ensure that proper resources are allocated to the effective implementation of such requirements; and

(iii) within 30 days of the date of this memorandum, designate in writing to the Archivist of the United States (Archivist), a senior agency official to supervise the review required by subsection (b) of this section, in coordination with the agency’s Records Officer, Chief Information Officer, and General Counsel.

(b) Within 120 days of the date of this memorandum, each agency head shall submit a report to the Archivist and the Director of the Office of Management and Budget (OMB) that:

(i) describes the agency’s current plans for improving or maintaining its records management program, particularly with respect to managing electronic records, including email and social media, deploying cloud-based services or storage solutions, and meeting other records challenges;

(ii) identifies any provisions, or omissions, in relevant statutes, regulations, or official NARA guidance that currently pose an obstacle to the agency’s adoption of sound, cost-effective records management policies and practices; and

(iii) identifies policies or programs that, if included in the Records Management Directive required by section 3 of this memorandum or adopted or implemented by NARA, would assist the agency’s efforts to improve records management.

The reports submitted pursuant to this subsection should supplement, and therefore need not duplicate, information provided by agencies to NARA pursuant to other reporting obligations.

SEC. 3. *Records Management Directive.* (a) Within 120 days of the deadline for reports submitted pursuant to section 2(b) of this memorandum, the Director of OMB and the Archivist, in coordination with the Associate Attorney General, shall issue a Records Management Directive that directs agency heads to take specific steps to reform and improve records management policies and practices within their agency. The directive shall focus on:

(i) creating a Government-wide records management framework that is more efficient and cost-effective;

(ii) promoting records management policies and practices that enhance the capability of agencies to fulfill their statutory missions;

(iii) maintaining accountability through documentation of agency actions;

(iv) increasing open Government and appropriate public access to Government records;

(v) supporting agency compliance with applicable legal requirements related to the preservation of information relevant to litigation; and

(vi) transitioning from paper-based records management to electronic records management where feasible.

(b) In the course of developing the directive, the Archivist, in coordination with the Director of OMB and the Associate Attorney General, shall review relevant statutes, regulations, and official NARA guidance to identify opportunities for reforms that would facilitate improved Government-wide records management practices, particularly with respect to electronic records. The Archivist, in coordination with the Director of OMB and the Associate Attorney General, shall present to the President the results of this review, no later than the date of the directive's issuance, to facilitate potential updates to the laws, regulations, and policies governing the management of Federal records.

(c) In developing the directive, the Director of OMB and the Archivist, in coordination with the Associate Attorney General, shall consult with other affected agencies, interagency groups, and public stakeholders.

SEC. 4. *General Provisions.* (a) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(b) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) authority granted by law to a department or agency, or the head thereof; or

(ii) functions of the Director of OMB relating to budgetary, administrative, or legislative proposals.

(c) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

SEC. 5. *Publication.* The Archivist is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

Amendment by Pub. L. 98-497 effective Apr. 1, 1985, see section 301 of Pub. L. 98-497, set out as a note under section 2102 of this title.

§ 3303a. Examination by Archivist of lists and schedules of records lacking preservation value; disposal of records

(a) The Archivist shall examine the lists and schedules submitted to the Archivist under section 3303 of this title. If the Archivist determines that any of the records listed in a list or schedule submitted to the Archivist do not, or will not after the lapse of the period specified, have sufficient administrative, legal, research, or other value to warrant their continued preservation by the Government, the Archivist may, after publication of notice in the Federal Register and an opportunity for interested persons to submit comment thereon—

(1) notify the agency to that effect; and

(2) empower the agency to dispose of those records in accordance with regulations promulgated under section 3302 of this title.

(b) Authorizations granted under lists and schedules submitted to the Archivist under section 3303 of this title, and schedules promulgated by the Archivist under subsection (d) of this section, shall be mandatory, subject to section 2909 of this title. As between an authorization granted under lists and schedules submitted to the Archivist under section 3303 of this title and an authorization contained in a schedule promulgated under subsection (d) of this section, application of the authorization providing for the shorter retention period shall be required, subject to section 2909 of this title.

(c) The Archivist may request advice and counsel from the Committee on Oversight and Government Reform of the House of Representatives and the Committee on Homeland Security and Governmental Affairs of the Senate with respect to the disposal of any particular records under this chapter whenever the Archivist considers that—

(1) those particular records may be of special interest to the Congress; or

(2) consultation with the Congress regarding the disposal of those particular records is in the public interest.

However, this subsection does not require the Archivist to request such advice and counsel as a regular procedure in the general disposal of records under this chapter.

(d) The Archivist shall promulgate schedules authorizing the disposal, after the lapse of specified periods of time, of records of a specified form or character common to several or all agencies if such records will not, at the end of the periods specified, have sufficient administrative, legal, research, or other value to warrant their further preservation by the United States Government.

(e) The Archivist may approve and effect the disposal of records that are in the Archivist's legal custody, provided that records that had been in the custody of another existing agency

may not be disposed of without the written consent of the head of the agency.

(f) The Archivist shall make an annual report to the Congress concerning the disposal of records under this chapter, including general descriptions of the types of records disposed of and such other information as the Archivist considers appropriate to keep the Congress fully informed regarding the disposal of records under this chapter.

“(3) section 205 or 407 of the Department of the Energy Organization Act of 1977 (42 U.S.C. 7135, 7177).

“(e) SECTION 201 OF CONGRESSIONAL BUDGET ACT OF 1974 [2 U.S.C. 601].—This title, including amendments made by this title, shall not be construed to limit any authorities of the Congressional Budget Office to work (consistent with laws governing the confidentiality of information the disclosure of which would be a violation of law) with databases of Designated Statistical Agencies (as defined in section 522), either separately or, for data that may be shared pursuant to section 524 of this title or other authority, jointly in order to improve the general utility of these databases for the statistical purpose of analyzing pension and health care financing issues.

“(f) PREEMPTION OF STATE LAW.—Nothing in this title shall preempt applicable State law regarding the confidentiality of data collected by the States.

“(h) CONSTRUCTION.—Nothing in this title shall be construed as restricting or diminishing any confidentiality protections or penalties for unauthorized disclosure that otherwise apply to data or information collected for statistical purposes or nonstatistical purposes, including, but not limited to, section 6103 of the Internal Revenue Code of 1986 (26 U.S.C. 6103).

“(i) AUTHORITY OF CONGRESS.—Nothing in this title shall be construed to affect the authority of the Congress, including its committees, members, or agents, to obtain data or information for a statistical purpose, including for oversight of an agency’s statistical activities.

“SUBTITLE A—CONFIDENTIAL INFORMATION PROTECTION
“SEC. 511. FINDINGS AND PURPOSES.

“(a) FINDINGS.—The Congress finds the following:

“(1) Individuals, businesses, and other organizations have varying degrees of legal protection when providing information to the agencies for strictly statistical purposes.

“(2) Pledges of confidentiality by agencies provide assurances to the public that information about individuals or organizations or provided by individuals or organizations for exclusively statistical purposes will be held in confidence and will not be used against such individuals or organizations in any agency action.

“(3) Protecting the confidentiality interests of individuals or organizations who provide information under a pledge of confidentiality for Federal statistical programs serves both the interests of the public and the needs of society.

“(4) Declining trust of the public in the protection of information provided under a pledge of confidentiality to the agencies adversely affects both the accuracy and completeness of statistical analyses.

“(5) Ensuring that information provided under a pledge of confidentiality for statistical purposes receives protection is essential in continuing public cooperation in statistical programs.

“(b) PURPOSES.—The purposes of this subtitle are the following:

“(1) To ensure that information supplied by individuals or organizations to an agency for statistical purposes under a pledge of confidentiality is used exclusively for statistical purposes.

“(2) To ensure that individuals or organizations who supply information under a pledge of confidentiality to agencies for statistical purposes will neither have that information disclosed in identifiable form to anyone not authorized by this title nor have that information used for any purpose other than a statistical purpose.

“(3) To safeguard the confidentiality of individually identifiable information acquired under a pledge of confidentiality for statistical purposes by controlling access to, and uses made of, such information.

“SEC. 512. LIMITATIONS ON USE AND DISCLOSURE OF DATA AND INFORMATION.

“(a) USE OF STATISTICAL DATA OR INFORMATION.—Data or information acquired by an agency under a pledge of confidentiality and for exclusively statistical purposes shall be used by officers, employees, or agents of the agency exclusively for statistical purposes.

“(b) DISCLOSURE OF STATISTICAL DATA OR INFORMATION.—

“(1) Data or information acquired by an agency under a pledge of confidentiality for exclusively sta-

tistical purposes shall not be disclosed by an agency in identifiable form, for any use other than an exclusively statistical purpose, except with the informed consent of the respondent.

“(2) A disclosure pursuant to paragraph (1) is authorized only when the head of the agency approves such disclosure and the disclosure is not prohibited by any other law.

“(3) This section does not restrict or diminish any confidentiality protections in law that otherwise apply to data or information acquired by an agency under a pledge of confidentiality for exclusively statistical purposes.

“(c) RULE FOR USE OF DATA OR INFORMATION FOR NON-STATISTICAL PURPOSES.—A statistical agency or unit shall clearly distinguish any data or information it collects for nonstatistical purposes (as authorized by law) and provide notice to the public, before the data or information is collected, that the data or information could be used for nonstatistical purposes.

“(d) DESIGNATION OF AGENTS.—A statistical agency or unit may designate agents, by contract or by entering into a special agreement containing the provisions required under section 502(2) for treatment as an agent under that section, who may perform exclusively statistical activities, subject to the limitations and penalties described in this title.

“SEC. 513. FINES AND PENALTIES.

“Whoever, being an officer, employee, or agent of an agency acquiring information for exclusively statistical purposes, having taken and subscribed the oath of office, or having sworn to observe the limitations imposed by section 512, comes into possession of such information by reason of his or her being an officer, employee, or agent and, knowing that the disclosure of the specific information is prohibited under the provisions of this title, willfully discloses the information in any manner to a person or agency not entitled to receive it, shall be guilty of a class E felony and imprisoned for not more than 5 years, or fined not more than \$250,000, or both.

“SUBTITLE B—STATISTICAL EFFICIENCY

“SEC. 521. FINDINGS AND PURPOSES.

“(a) FINDINGS.—The Congress finds the following:

“(1) Federal statistics are an important source of information for public and private decision-makers such as policymakers, consumers, businesses, investors, and workers.

“(2) Federal statistical agencies should continuously seek to improve their efficiency. Statutory constraints limit the ability of these agencies to share data and thus to achieve higher efficiency for Federal statistical programs.

“(3) The quality of Federal statistics depends on the willingness of businesses to respond to statistical surveys. Reducing reporting burdens will increase response rates, and therefore lead to more accurate characterizations of the economy.

“(4) Enhanced sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics for exclusively statistical purposes will improve their ability to track more accurately the large and rapidly changing nature of United States business. In particular, the statistical agencies will be able to better ensure that businesses are consistently classified in appropriate industries, resolve data anomalies, produce statistical samples that are consistently adjusted for the entry and exit of new businesses in a timely manner, and correct faulty reporting errors quickly and efficiently.

“(5) The Congress enacted the International Investment and Trade in Services Act of 1990 [probably means the International Investment and Trade in Services Survey Act, Pub. L. 94-472, as amended by Pub. L. 101-533, which is classified to 22 U.S.C. 3101 et seq.] that allowed the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor

Statistics to share data on foreign-owned companies. The Act not only expanded detailed industry coverage from 135 industries to over 800 industries with no increase in the data collected from respondents but also demonstrated how data sharing can result in the creation of valuable data products.

“(6) With subtitle A of this title, the sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics continues to ensure the highest level of confidentiality for respondents to statistical surveys.

“(b) PURPOSES.—The purposes of this subtitle are the following:

“(1) To authorize the sharing of business data among the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics for exclusively statistical purposes.

“(2) To reduce the paperwork burdens imposed on businesses that provide requested information to the Federal Government.

“(3) To improve the comparability and accuracy of Federal economic statistics by allowing the Bureau of the Census, the Bureau of Economic Analysis, and the Bureau of Labor Statistics to update sample frames, develop consistent classifications of establishments and companies into industries, improve coverage, and reconcile significant differences in data produced by the three agencies.

“(4) To increase understanding of the United States economy, especially for key industry and regional statistics, to develop more accurate measures of the impact of technology on productivity growth, and to enhance the reliability of the Nation’s most important economic indicators, such as the National Income and Product Accounts.

“SEC. 522. DESIGNATION OF STATISTICAL AGENCIES.

“For purposes of this subtitle, the term ‘Designated Statistical Agency’ means each of the following:

“(1) The Bureau of the Census of the Department of Commerce.

“(2) The Bureau of Economic Analysis of the Department of Commerce.

“(3) The Bureau of Labor Statistics of the Department of Labor.

“SEC. 523. RESPONSIBILITIES OF DESIGNATED STATISTICAL AGENCIES.

“The head of each of the Designated Statistical Agencies shall—

“(1) identify opportunities to eliminate duplication and otherwise reduce reporting burden and cost imposed on the public in providing information for statistical purposes;

“(2) enter into joint statistical projects to improve the quality and reduce the cost of statistical programs; and

“(3) protect the confidentiality of individually identifiable information acquired for statistical purposes by adhering to safeguard principles, including—

“(A) emphasizing to their officers, employees, and agents the importance of protecting the confidentiality of information in cases where the identity of individual respondents can reasonably be inferred by either direct or indirect means;

“(B) training their officers, employees, and agents in their legal obligations to protect the confidentiality of individually identifiable information and in the procedures that must be followed to provide access to such information;

“(C) implementing appropriate measures to assure the physical and electronic security of confidential data;

“(D) establishing a system of records that identifies individuals accessing confidential data and the project for which the data were required; and

“(E) being prepared to document their compliance with safeguard principles to other agencies authorized by law to monitor such compliance.

“SEC. 524. SHARING OF BUSINESS DATA AMONG DESIGNATED STATISTICAL AGENCIES.

“(a) IN GENERAL.—A Designated Statistical Agency may provide business data in an identifiable form to another Designated Statistical Agency under the terms of a written agreement among the agencies sharing the business data that specifies—

“(1) the business data to be shared;

“(2) the statistical purposes for which the business data are to be used;

“(3) the officers, employees, and agents authorized to examine the business data to be shared; and

“(4) appropriate security procedures to safeguard the confidentiality of the business data.

“(b) RESPONSIBILITIES OF AGENCIES UNDER OTHER LAWS.—The provision of business data by an agency to a Designated Statistical Agency under this subtitle shall in no way alter the responsibility of the agency providing the data under other statutes (including section 552 of title 5, United States Code (popularly known as the Freedom of Information Act), and section 552b of title 5, United States Code (popularly known as the Privacy Act of 1974 [Pub. L. 93-579, see Short Title note set out under section 552a of Title 5, Government Organization and Employees])) with respect to the provision or withholding of such information by the agency providing the data.

“(c) RESPONSIBILITIES OF OFFICERS, EMPLOYEES, AND AGENTS.—Examination of business data in identifiable form shall be limited to the officers, employees, and agents authorized to examine the individual reports in accordance with written agreements pursuant to this section. Officers, employees, and agents of a Designated Statistical Agency who receive data pursuant to this subtitle shall be subject to all provisions of law, including penalties, that relate—

“(1) to the unlawful provision of the business data that would apply to the officers, employees, and agents of the agency that originally obtained the information; and

“(2) to the unlawful disclosure of the business data that would apply to officers, employees, and agents of the agency that originally obtained the information.

“(d) NOTICE.—Whenever a written agreement concerns data that respondents were required by law to report and the respondents were not informed that the data could be shared among the Designated Statistical Agencies, for exclusively statistical purposes, the terms of such agreement shall be described in a public notice issued by the agency that intends to provide the data. Such notice shall allow a minimum of 60 days for public comment.

“SEC. 525. LIMITATIONS ON USE OF BUSINESS DATA PROVIDED BY DESIGNATED STATISTICAL AGENCIES.

“(a) USE, GENERALLY.—Business data provided by a Designated Statistical Agency pursuant to this subtitle shall be used exclusively for statistical purposes.

“(b) PUBLICATION.—Publication of business data acquired by a Designated Statistical Agency shall occur in a manner whereby the data furnished by any particular respondent are not in identifiable form.

“SEC. 526. CONFORMING AMENDMENTS.

“(a) DEPARTMENT OF COMMERCE.—[Amended section 176a of Title 15, Commerce and Trade.]

“(b) TITLE 13.—[Enacted section 402 of Title 13, Census.]”

WAIVER OF PAPERWORK REDUCTION

Pub. L. 101-508, title IV, §4711(f), Nov. 5, 1990, 104 Stat. 1388-187, provided that: “Chapter 35 of title 44, United States Code, and Executive Order 12291 [formerly set out as a note under section 601 of Title 5, Government Organization and Employees] shall not apply to information and regulations required for purposes of carrying out this Act [see Tables for classification] and implementing the amendments made by this Act.”

EX. ORD. NO. 13556. CONTROLLED UNCLASSIFIED INFORMATION

Ex. Ord. No. 13556, Nov. 4, 2010, 75 F.R. 68675, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. Purpose. This order establishes an open and uniform program for managing information that requires safeguarding or dissemination controls pursuant to and consistent with law, regulations, and Government-wide policies, excluding information that is classified under Executive Order 13526 of December 29, 2009, or the Atomic Energy Act, as amended.

At present, executive departments and agencies (agencies) employ ad hoc, agency-specific policies, procedures, and markings to safeguard and control this information, such as information that involves privacy, security, proprietary business interests, and law enforcement investigations. This inefficient, confusing patchwork has resulted in inconsistent marking and safeguarding of documents, led to unclear or unnecessarily restrictive dissemination policies, and created impediments to authorized information sharing. The fact that these agency-specific policies are often hidden from public view has only aggravated these issues.

To address these problems, this order establishes a program for managing this information, hereinafter described as Controlled Unclassified Information, that emphasizes the openness and uniformity of Government-wide practice.

SEC. 2. Controlled Unclassified Information (CUI).

(a) The CUI categories and subcategories shall serve as exclusive designations for identifying unclassified information throughout the executive branch that requires safeguarding or dissemination controls, pursuant to and consistent with applicable law, regulations, and Government-wide policies.

(b) The mere fact that information is designated as CUI shall not have a bearing on determinations pursuant to any law requiring the disclosure of information or permitting disclosure as a matter of discretion, including disclosures to the legislative or judicial branches.

(c) The National Archives and Records Administration shall serve as the Executive Agent to implement this order and oversee agency actions to ensure compliance with this order.

SEC. 3. Review of Current Designations.

(a) Each agency head shall, within 180 days of the date of this order:

(1) review all categories, subcategories, and markings used by the agency to designate unclassified information for safeguarding or dissemination controls; and

(2) submit to the Executive Agent a catalogue of proposed categories and subcategories of CUI, and proposed associated markings for information designated as CUI under section 2(a) of this order. This submission shall provide definitions for each proposed category and subcategory and identify the basis in law, regulation, or Government-wide policy for safeguarding or dissemination controls.

(b) If there is significant doubt about whether information should be designated as CUI, it shall not be so designated.

SEC. 4. Development of CUI Categories and Policies.

(a) On the basis of the submissions under section 3 of this order or future proposals, and in consultation with affected agencies, the Executive Agent shall, in a timely manner, approve categories and subcategories of CUI and associated markings to be applied uniformly throughout the executive branch and to become effective upon publication in the registry established under subsection (d) of this section. No unclassified information meeting the requirements of section 2(a) of this order shall be disapproved for inclusion as CUI, but the Executive Agent may resolve conflicts among categories and subcategories of CUI to achieve uniformity and may determine the markings to be used.

(b) The Executive Agent, in consultation with affected agencies, shall develop and issue such directives as are necessary to implement this order. Such directives shall be made available to the public and shall provide policies and procedures concerning marking,

safeguarding, dissemination, and decontrol of CUI that, to the extent practicable and permitted by law, regulation, and Government-wide policies, shall remain consistent across categories and subcategories of CUI and throughout the executive branch. In developing such directives, appropriate consideration should be given to the report of the interagency Task Force on Controlled Unclassified Information published in August 2009. The Executive Agent shall issue initial directives for the implementation of this order within 180 days of the date of this order.

(c) The Executive Agent shall convene and chair interagency meetings to discuss matters pertaining to the program established by this order.

(d) Within 1 year of the date of this order, the Executive Agent shall establish and maintain a public CUI registry reflecting authorized CUI categories and subcategories, associated markings, and applicable safeguarding, dissemination, and decontrol procedures.

(e) If the Executive Agent and an agency cannot reach agreement on an issue related to the implementation of this order, that issue may be appealed to the President through the Director of the Office of Management and Budget.

(f) In performing its functions under this order, the Executive Agent, in accordance with applicable law, shall consult with representatives of the public and State, local, tribal, and private sector partners on matters related to approving categories and subcategories of CUI and developing implementing directives issued by the Executive Agent pursuant to this order.

SEC. 5. Implementation.

(a) Within 180 days of the issuance of initial policies and procedures by the Executive Agent in accordance with section 4(b) of this order, each agency that originates or handles CUI shall provide the Executive Agent with a proposed plan for compliance with the requirements of this order, including the establishment of interim target dates.

(b) After a review of agency plans, and in consultation with affected agencies and the Office of Management and Budget, the Executive Agent shall establish deadlines for phased implementation by agencies.

(c) In each of the first 5 years following the date of this order and biennially thereafter, the Executive Agent shall publish a report on the status of agency implementation of this order.

SEC. 6. General Provisions.

(a) This order shall be implemented in a manner consistent with:

(1) applicable law, including protections of confidentiality and privacy rights;

(2) the statutory authority of the heads of agencies, including authorities related to the protection of information provided by the private sector to the Federal Government; and

(3) applicable Government-wide standards and guidelines issued by the National Institute of Standards and Technology, and applicable policies established by the Office of Management and Budget.

(b) The Director of National Intelligence (Director), with respect to the Intelligence Community and after consultation with the heads of affected agencies, may issue such policy directives and guidelines as the Director deems necessary to implement this order with respect to intelligence and intelligence-related information. Procedures or other guidance issued by Intelligence Community element heads shall be in accordance with such policy directives or guidelines issued by the Director. Any such policy directives or guidelines issued by the Director shall be in accordance with this order and directives issued by the Executive Agent.

(c) This order shall not be construed to impair or otherwise affect the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, and legislative proposals.

(d) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(e) This order shall be implemented subject to the availability of appropriations.

(f) The Attorney General, upon request by the head of an agency or the Executive Agent, shall render an interpretation of this order with respect to any question arising in the course of its administration.

(g) The Presidential Memorandum of May 7, 2008, entitled “Designation and Sharing of Controlled Unclassified Information (CUI)” is hereby rescinded.

BARACK OBAMA.

MAKING IT EASIER FOR AMERICA’S SMALL BUSINESSES AND AMERICA’S EXPORTERS TO ACCESS GOVERNMENT SERVICES TO HELP THEM GROW AND HIRE

Memorandum of President of the United States, Oct. 28, 2011, 76 F.R. 68049, provided:

Memorandum for the Heads of Executive Departments and Agencies

As I outlined in my State of the Union address to the Congress on January 25, 2011, winning the future in the global economy will require a Government that wisely allocates its scarce resources to maximize efficiency and effectiveness so that it can best support American competitiveness, innovation, and job growth. If we are to thrive in the global economy, and make America the best place on Earth to do business, we need to equip our Government with the tools necessary to support innovation and job growth in the 21st century.

Accordingly, we must make it easier for businesses to access the full range of Government programs and services without having to waste effort navigating their way through the Federal bureaucracy. At the same time, we must further streamline and coordinate Federal programs to reduce costs and provide customer-oriented service.

Businesses looking for assistance from the Federal Government should feel like they are interacting with one entity, rather than a number of separate, albeit linked, components. This means adopting a “No Wrong Door” policy that uses technology to quickly connect businesses to the services and information relevant to them, regardless of which agency’s website, call center, or office they go to for help.

In addition, a business’s interactions with the Federal Government should be individualized and efficient. If the private sector can allow consumers to customize interactions so that they receive only the information they want, in the form they want it, so can the Federal Government.

Today, I am directing a first wave of changes focused on both small businesses and businesses of all sizes that want to begin or increase exporting (exporters), because those businesses help drive economic growth and have the most to gain from Federal assistance. We plan to use the resulting improvements as a model for future reforms so that, in time, all businesses and all citizens receive the highest level of customer service when they interact with the Federal Government.

Accordingly, I direct the following:

(1) All executive departments and agencies (agencies) shall work with a Steering Committee co-chaired by the Federal Chief Information Officer, Assistant to the President and Chief Technology Officer, and Chief Performance Officer (the Co-Chairs) to carry out the directives in this memorandum within 90 days of the date of this memorandum, unless a provision of this memorandum expressly states otherwise. The Steering Committee shall include senior policy and technical representatives, appointed by the heads of their respective agencies, from the Departments of State, Defense, Agriculture, Commerce, and Veterans Affairs, the Small Business Administration (SBA), the General Services Administration (GSA), the Export-Import Bank, and other agencies designated by the Co-Chairs. The Co-Chairs and representatives from the Department of Commerce and SBA shall serve as the Executive Committee of the Steering Committee, which shall coordinate the strategy, design, development, launch, and operation of BusinessUSA, a common, open, online plat-

form and web service with dedicated resources that will, as a first step, disseminate core information regarding the Federal Government’s programs and services relevant to small businesses and exporters.

(2) Agencies shall work with the Steering Committee to develop and launch an introductory version of BusinessUSA. BusinessUSA shall be designed, tested, and built with the active feedback of U.S. businesses and relevant online communities. To the extent appropriate, practicable, and permitted by law, the BusinessUSA platform shall integrate related State and local government services as well as those of private sector partners.

(3) Agencies shall make information regarding their small business and export programs and services accessible through BusinessUSA. To accomplish this in a uniform fashion, the Steering Committee shall develop a common set of standards for content available through BusinessUSA, which shall identify the types of programs and services to be included initially on BusinessUSA and a structure for organizing and presenting such information. These standards shall be used by all agencies in the creation, presentation, and delivery of information regarding their programs and services, to the extent practicable and permitted by law.

(4) Agencies shall also work with the Steering Committee to develop new content for BusinessUSA that synthesizes information available across agencies to better serve small businesses and exporters. Among other things, agencies shall work together to aggregate on the BusinessUSA platform statistical, demographic, and other raw Government datasets of particular interest to small businesses and exporters, making Government data more easily accessible and spurring innovative uses of the data through business-oriented web or mobile applications.

(5) Agencies shall integrate BusinessUSA, including ready access to the BusinessUSA website, into their current websites, call centers, and field offices to ensure that small businesses and exporters have access to the wide range of Government programs and services at each entry point into the Federal Government. During the year following the date of this memorandum, agencies shall work with GSA and the Office of Management and Budget to enhance the centralized call center for responding to public questions about Federal programs and services (1-800-FED-INFO) to add expertise with Government programs and services for small businesses and exporters.

(6) (a) Nothing in this memorandum shall be construed to impair or otherwise affect:

(i) authority granted by law or Executive Order to an agency, or the head thereof; or

(ii) functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) BusinessUSA shall be operated by a single hosting agency under the Executive Committee’s coordination. To the extent permitted by law, agencies shall reimburse the hosting agency for the cost of establishing, maintaining, and operating BusinessUSA.

(c) This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(7) The Director of the Office of Management and Budget is authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

EX. ORD. NO. 13073. YEAR 2000 CONVERSION

Ex. Ord. No. 13073, Feb. 4, 1998, 63 F.R. 6467, as amended by Ex. Ord. No. 13127, June 14, 1999, 64 F.R. 32793, provided:

The American people expect reliable service from their Government and deserve the confidence that critical government functions dependent on electronic systems will be performed accurately and in a timely manner. Because of a design feature in many electronic systems, a large number of activities in the public and private sectors could be at risk beginning in the year 2000. Some computer systems and other electronic devices will misinterpret the year “00” as 1900, rather than 2000. Unless appropriate action is taken, this flaw, known as the “Y2K problem,” can cause systems that support those functions to compute erroneously or simply not run. Minimizing the Y2K problem will require a major technological and managerial effort, and it is critical that the United States Government do its part in addressing this challenge.

Accordingly, by the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* (a) It shall be the policy of the executive branch that agencies shall:

(1) assure that no critical Federal program experiences disruption because of the Y2K problem;

(2) assist and cooperate with State, local, and tribal governments to address the Y2K problem where those governments depend on Federal information or information technology or the Federal Government is dependent on those governments to perform critical missions;

(3) cooperate with the private sector operators of critical national and local systems, including the banking and financial system, the telecommunications system, the public health system, the transportation system, and the electric power generation system, in addressing the Y2K problem; and

(4) communicate with their foreign counterparts to raise awareness of and generate cooperative international arrangements to address the Y2K problem.

(b) As used in this order, “agency” and “agencies” refer to Federal agencies that are not in the judicial or legislative branches.

SEC. 2. *Year 2000 Conversion Council.* There is hereby established the President’s Council on Year 2000 Conversion (the “Council”).

(a) The Council shall be led by a Chair who shall be an Assistant to the President, and it shall be composed of one representative from each of the executive departments and from such other Federal agencies as may be determined by the Chair of the Council (the “Chair”).

(b) The Chair shall appoint a Vice Chair and assign other responsibilities for operations of the council as he or she deems necessary.

(c) The Chair shall oversee the activities of agencies to assure that their systems operate smoothly through the year 2000, act as chief spokesperson on this issue for the executive branch in national and international fora, provide policy coordination of executive branch activities with State, local, and tribal governments on the Y2K problem, and promote appropriate Federal roles with respect to private sector activities in this area.

(d) The Chair and the Director of the Office of Management and Budget shall report jointly at least quarterly to me on the progress of agencies in addressing the Y2K problem.

(e) The Chair shall identify such resources from agencies as the Chair deems necessary for the implementation of the policies set out in this order, consistent with applicable law.

SEC. 3. *Responsibilities of Agency Heads.* (a) The head of each agency shall:

(1) assure that efforts to address the Y2K problem receive the highest priority attention in the agency and that the policies established in this order are carried out; and

(2) cooperate to the fullest extent with the Chair by making available such information, support, and assistance, including personnel, as the Chair may request to support the accomplishment of the tasks assigned herein, consistent with applicable law.

(b) The heads of executive departments and the agencies designated by the Chair under section 2(a) of this order shall identify a responsible official to represent the head of the executive department or agency on the Council with sufficient authority and experience to commit agency resources to address the Y2K problem.

SEC. 4. *Responsibilities of Interagency and Executive Office Councils.* Interagency councils and councils within the Executive Office of the President, including the President’s Management Council, the Chief Information Officers Council, the Chief Financial Officers Council, the President’s Council on Integrity and Efficiency, the Executive Council on Integrity and Efficiency, the National Science and Technology Council, the National Performance Review, the National Economic Council, the Domestic Policy Council, and the National Security Council shall provide assistance and support to the Chair upon the Chair’s request.

SEC. 5. *Information Coordination Center.* (a) To assist the Chair in the Y2K response duties included under section 2(c) of this order, there shall be established the Information Coordination Center (ICC) in the General Services Administration.

(b) At the direction of the Chair, the ICC will assist in making preparations for information sharing and coordination within the Federal Government and key components of the public and private sectors, coordinating agency assessments of Y2K emergencies that could have an adverse affect on U.S. interests at home and abroad, and, if necessary, assisting Federal agencies and the Chair in reconstitution processes where appropriate.

(c) The ICC will:

(1) consist of officials from executive agencies, designated by agency heads under subsection 3(a)(2) of this order, who have expertise in important management and technical areas, computer hardware, software or security systems, reconstitution and recovery, and of additional personnel hired directly or by contract, as required, to carry out the duties described under section 5 of this order;

(2) work with the Council and the Office of Management and Budget to assure that Federal efforts to restore critical systems are coordinated with efforts managed by Federal agencies acting under existing emergency response authorities.

(d) The Chair of the President's Council on Year 2000 Conversion shall designate a Director of the ICC.

SEC. 6. *Judicial Review.* This Executive order is intended only to improve the internal management of the executive branch and does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies, or instrumentalities, its officers or employees, or any other person.

WILLIAM J. CLINTON.

§ 3507. Public information collection activities; submission to Director; approval and delegation

(B) evaluated the public comments received under section 3506(c)(2);

(D) published a notice in the Federal Register—

(i) stating that the agency has made such submission; and

(ii) setting forth—

(I) a title for the collection of information;

(II) a summary of the collection of information;

(III) a brief description of the need for the information and the proposed use of the information;

(IV) a description of the likely respondents and proposed frequency of response to the collection of information;

(V) an estimate of the burden that shall result from the collection of information; and

(VI) notice that comments may be submitted to the agency and Director;

(2) the Director has approved the proposed collection of information or approval has been inferred, under the provisions of this section; and

(3) the agency has obtained from the Director a control number to be displayed upon the collection of information.

(b) The Director shall provide at least 30 days for public comment prior to making a decision under subsection (c), (d), or (h), except as provided under subsection (j).

(c)(1) For any proposed collection of information not contained in a proposed rule, the Director shall notify the agency involved of the decision to approve or disapprove the proposed collection of information.

(2) The Director shall provide the notification under paragraph (1), within 60 days after receipt or publication of the notice under subsection (a)(1)(D), whichever is later.

(3) If the Director does not notify the agency of a denial or approval within the 60-day period described under paragraph (2)—

(A) the approval may be inferred;

(B) a control number shall be assigned without further delay; and

(C) the agency may collect the information for not more than 1 year.

(d)(1) For any proposed collection of information contained in a proposed rule—

(A) as soon as practicable, but no later than the date of publication of a notice of proposed rulemaking in the Federal Register, each agency shall forward to the Director a copy of any proposed rule which contains a collection of information and any information requested by the Director necessary to make the determination required under this subsection; and

(B) within 60 days after the notice of proposed rulemaking is published in the Federal Register, the Director may file public comments pursuant to the standards set forth in section 3508 on the collection of information contained in the proposed rule;

(2) When a final rule is published in the Federal Register, the agency shall explain—

(A) how any collection of information contained in the final rule responds to the comments, if any, filed by the Director or the public; or

(B) the reasons such comments were rejected.

(3) If the Director has received notice and failed to comment on an agency rule within 60 days after the notice of proposed rulemaking, the Director may not disapprove any collection of information specifically contained in an agency rule.

(4) No provision in this section shall be construed to prevent the Director, in the Director's discretion—

(A) from disapproving any collection of information which was not specifically required by an agency rule;

(B) from disapproving any collection of information contained in an agency rule, if the agency failed to comply with the requirements of paragraph (1) of this subsection;

(C) from disapproving any collection of information contained in a final agency rule, if the Director finds within 60 days after the publication of the final rule that the agency's response to the Director's comments filed under paragraph (2) of this subsection was unreasonable; or

(D) from disapproving any collection of information contained in a final rule, if—

(i) the Director determines that the agency has substantially modified in the final rule the collection of information contained in the proposed rule; and

(ii) the agency has not given the Director the information required under paragraph (1) with respect to the modified collection of information, at least 60 days before the issuance of the final rule.

(5) This subsection shall apply only when an agency publishes a notice of proposed rule-making and requests public comments.

(6) The decision by the Director to approve or not act upon a collection of information contained in an agency rule shall not be subject to judicial review.

(e)(1) Any decision by the Director under subsection (c), (d), (h), or (j) to disapprove a collection of information, or to instruct the agency to make substantive or material change to a collection of information, shall be publicly available and include an explanation of the reasons for such decision.

(2) Any written communication between the Administrator of the Office of Information and Regulatory Affairs, or any employee of the Office of Information and Regulatory Affairs, and an agency or person not employed by the Federal Government concerning a proposed collection of information shall be made available to the public.

(3) This subsection shall not require the disclosure of—

(A) any information which is protected at all times by procedures established for information which has been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept secret in the interest of national defense or foreign policy; or

(B) any communication relating to a collection of information which is not approved under this subchapter, the disclosure of which could lead to retaliation or discrimination against the communicator.

(f)(1) An independent regulatory agency which is administered by 2 or more members of a commission, board, or similar body, may by majority vote void—

(A) any disapproval by the Director, in whole or in part, of a proposed collection of information of that agency; or

(B) an exercise of authority under subsection (d) of section 3507 concerning that agency.

(2) The agency shall certify each vote to void such disapproval or exercise to the Director, and explain the reasons for such vote. The Director shall without further delay assign a control number to such collection of information, and such vote to void the disapproval or exercise shall be valid for a period of 3 years.

(g) The Director may not approve a collection of information for a period in excess of 3 years.

(h)(1) If an agency decides to seek extension of the Director's approval granted for a currently approved collection of information, the agency shall—

(A) conduct the review established under section 3506(c), including the seeking of comment from the public on the continued need for, and burden imposed by the collection of information; and

(B) after having made a reasonable effort to seek public comment, but no later than 60 days before the expiration date of the control number assigned by the Director for the currently approved collection of information, submit the collection of information for review and approval under this section, which shall include an explanation of how the agency has used the information that it has collected.

(2) If under the provisions of this section, the Director disapproves a collection of information contained in an existing rule, or recommends or instructs the agency to make a substantive or material change to a collection of information contained in an existing rule, the Director shall—

(A) publish an explanation thereof in the Federal Register; and

(B) instruct the agency to undertake a rule-making within a reasonable time limited to consideration of changes to the collection of information contained in the rule and thereafter to submit the collection of information for approval or disapproval under this subchapter.

(3) An agency may not make a substantive or material modification to a collection of information after such collection has been approved by the Director, unless the modification has been submitted to the Director for review and approval under this subchapter.

(i)(1) If the Director finds that a senior official of an agency designated under section 3506(a) is sufficiently independent of program responsibility to evaluate fairly whether proposed collections of information should be approved and has sufficient resources to carry out this responsibility effectively, the Director may, by rule in accordance with the notice and comment provisions of chapter 5 of title 5, United States Code, delegate to such official the authority to approve proposed collections of information in specific program areas, for specific purposes, or for all agency purposes.

(2) A delegation by the Director under this section shall not preclude the Director from reviewing individual collections of information if the Director determines that circumstances warrant such a review. The Director shall retain authority to revoke such delegations, both in general and with regard to any specific matter. In acting for the Director, any official to whom approval authority has been delegated under this section shall comply fully with the rules and regulations promulgated by the Director.

(j)(1) The agency head may request the Director to authorize a collection of information, if an agency head determines that—

(A) a collection of information—

(i) is needed prior to the expiration of time periods established under this subchapter; and

(ii) is essential to the mission of the agency; and

(B) the agency cannot reasonably comply with the provisions of this subchapter because—

(i) public harm is reasonably likely to result if normal clearance procedures are followed;

(ii) an unanticipated event has occurred; or

(iii) the use of normal clearance procedures is reasonably likely to prevent or disrupt the collection of information or is reasonably likely to cause a statutory or court ordered deadline to be missed.

(2) The Director shall approve or disapprove any such authorization request within the time requested by the agency head and, if approved, shall assign the collection of information a control number. Any collection of information conducted under this subsection may be conducted without compliance with the provisions of this subchapter for a maximum of 180 days after the date on which the Director received the request to authorize such collection.

FINDINGS AND PURPOSES

Pub. L. 107–347, § 2, Dec. 17, 2002, 116 Stat. 2900, provided that:

“(a) FINDINGS.—Congress finds the following:

“(1) The use of computers and the Internet is rapidly transforming societal interactions and the relationships among citizens, private businesses, and the Government.

“(2) The Federal Government has had uneven success in applying advances in information technology to enhance governmental functions and services, achieve more efficient performance, increase access to Government information, and increase citizen participation in Government.

“(3) Most Internet-based services of the Federal Government are developed and presented separately, according to the jurisdictional boundaries of an individual department or agency, rather than being integrated cooperatively according to function or topic.

“(4) Internet-based Government services involving interagency cooperation are especially difficult to develop and promote, in part because of a lack of sufficient funding mechanisms to support such interagency cooperation.

“(5) Electronic Government has its impact through improved Government performance and outcomes within and across agencies.

“(6) Electronic Government is a critical element in the management of Government, to be implemented as part of a management framework that also addresses finance, procurement, human capital, and other challenges to improve the performance of Government.

“(7) To take full advantage of the improved Government performance that can be achieved through the use of Internet-based technology requires strong leadership, better organization, improved interagency collaboration, and more focused oversight of agency compliance with statutes related to information resource management.

“(b) PURPOSES.—The purposes of this Act [see Tables for classification] are the following:

“(1) To provide effective leadership of Federal Government efforts to develop and promote electronic Government services and processes by establishing an Administrator of a new Office of Electronic Government within the Office of Management and Budget.

“(2) To promote use of the Internet and other information technologies to provide increased opportunities for citizen participation in Government.

“(3) To promote interagency collaboration in providing electronic Government services, where this collaboration would improve the service to citizens by integrating related functions, and in the use of internal electronic Government processes, where this collaboration would improve the efficiency and effectiveness of the processes.

“(4) To improve the ability of the Government to achieve agency missions and program performance goals.

“(5) To promote the use of the Internet and emerging technologies within and across Government agencies to provide citizen-centric Government information and services.

“(6) To reduce costs and burdens for businesses and other Government entities.

“(7) To promote better informed decisionmaking by policy makers.

“(8) To promote access to high quality Government information and services across multiple channels.

“(9) To make the Federal Government more transparent and accountable.

“(10) To transform agency operations by utilizing, where appropriate, best practices from public and private sector organizations.

“(11) To provide enhanced access to Government information and services in a manner consistent with laws regarding protection of personal privacy, national security, records retention, access for persons with disabilities, and other relevant laws.”

BUILDING A 21ST CENTURY DIGITAL GOVERNMENT

Memorandum of President of the United States, May 23, 2012, 77 F.R. 32391, provided:

Memorandum for the Heads of Executive Departments and Agencies

The innovative use of technology is fundamentally transforming how the American people do business and live their daily lives. Exponential increases in computing power, the rise of high-speed networks, and the growing mobile revolution have put the Internet at our fingertips, encouraging innovations that are giving rise to new industries and reshaping existing ones.

Innovators in the private sector and the Federal Government have used these technological advances to fundamentally change how they serve their customers. However, it is time for the Federal Government to do more. For far too long, the American people have been forced to navigate a labyrinth of information across different Government programs in order to find the services they need. In addition, at a time when Americans increasingly pay bills and buy tickets on mobile devices, Government services often are not optimized for smartphones or tablets, assuming the services are even available online.

On April 27, 2011, I issued Executive Order 13571 (Streamlining Service Delivery and Improving Customer Service), requiring executive departments and agencies (agencies) to, among other things, identify ways to use innovative technologies to streamline their delivery of services to lower costs, decrease service delivery times, and improve the customer experience. As the next step toward modernizing the way Government works, I charged my Federal Chief Information Officer (CIO) with developing a comprehensive Government-wide strategy to build a 21st century digital Government that delivers better digital services to the American people.

Today, the CIO is releasing that strategy, entitled “Digital Government: Building a 21st Century Platform to Better Serve the American People” (Strategy), which provides agencies with a 12-month roadmap that focuses on several priority areas. The Strategy will enable more efficient and coordinated digital service delivery by requiring agencies to establish specific, measurable goals for delivering better digital services; encouraging agencies to deliver information in new ways that fully utilize the power and potential of mobile and web-based technologies; ensuring the safe and secure delivery and use of digital services to protect information and privacy; requiring agencies to establish central online resources for outside developers and to adopt new standards for making applicable Government information open and machine-readable by default; aggregating agencies’ online resource pages for developers in a centralized catalogue on www.Data.gov; and requiring agencies to use web performance analytics and customer satisfaction measurement tools on all “.gov” websites.

Ultimately, this Strategy will ensure that agencies use emerging technologies to serve the public as effectively as possible. As a Government, and as a trusted provider of services, we must never forget who our customers are—the American people.

In order to ensure that agencies make the best use of emerging technologies in serving the public, I hereby direct each agency to take the following actions:

(1) implement the requirements of the Strategy within 12 months of the date of this memorandum and comply with the timeframes for specific actions specified therein; and

(2) within 90 days of the date of this memorandum, create a page on its website, located at [www.\[agency\].gov/digitalstrategy](http://www.[agency].gov/digitalstrategy), to publicly report progress in meeting the requirements of the Strategy in a machine-readable format.

This memorandum shall be implemented consistent with applicable law and subject to the availability of appropriations, and with appropriate protections for privacy and civil liberties.

The Director of the Office of Management and Budget is authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.
