(2) WRITTEN AGREEMENT.—The written agreement to provide information to the foreign government under this subsection shall include a commitment by the foreign government to protect information exchanged under this subsection from disclosure unless and until the sponsor gives written permission for disclosure or the Secretary makes a declaration of a public health emergency pursuant to section 319 of the Public Health Service Act (42 U.S.C. 247d) that is relevant to the information.

(3) INFORMATION EXCHANGE.—The Secretary may provide to a foreign government that has been certified under paragraph (1) and that has executed a written agreement under paragraph (2) information referenced in section 10501(10) of this title in only the following circumstances:

(A) Information concerning the inspection of a facility may be provided to a foreign government if—

(i) the Secretary reasonably believes, or the written agreement described in paragraph (2) establishes, that the government has authority to otherwise obtain the information; and

(ii) the written agreement executed under paragraph (2) limits the recipient's use of the information to the recipient's civil regulatory purposes.

(B) Information not described in subparagraph (A) may be provided as part of an investigation, or to alert the foreign government to the potential need for an investigation, if the Secretary has reasonable grounds to believe that a drug has a reasonable probability of causing serious adverse health consequences or death to humans or animals.

(4) EFFECT OF SUBSECTION.—Nothing in this subsection affects the ability of the Secretary to enter into any written agreement authorized by other provisions of law to share confidential information.

**§ 17509. Existence of jurisdiction**

In any action to enforce the requirements of this subtitle respecting a device, tobacco product, food, drug, or cosmetic, the connection with interstate commerce required for jurisdiction in the action shall be deemed to exist.

**§ 17510. Consolidated administrative and laboratory facility**

(a) AUTHORITY.—The Secretary, in consultation with the Administrator of the General Services Administration, shall enter into contracts for the design, construction, and operation of a consolidated FDA administrative and laboratory facility.

(b) AWARDING OF CONTRACT.—

(1) SOLICITATION.—The Secretary shall solicit contract proposals under subsection (a) from interested parties.

(2) REVIEW OF PROPOSALS; CONSIDERATIONS.—In awarding contracts under subsection (a), the Secretary shall review the proposals and give priority to those alternatives that are the most cost effective for the Federal Government and that allow for the use of donated land, federally owned property, or lease-purchase arrangements.

(3) NET COST SAVINGS REQUIRED.—A contract under this subsection shall not be entered into unless the contract results in a net cost savings to the Federal Government over the duration of the contract, as compared to the Government purchase price including borrowing by the Secretary of the Treasury.

(c) DONATIONS.—In carrying out this section, the Secretary shall have the power, in connection with real property, buildings, and facilities, to accept on behalf of the FDA gifts or donations of services or property, real or personal, as the Secretary determines to be necessary.

**§ 17511. Automation of FDA**

The Secretary, acting through the Commissioner, shall automate appropriate activities of the FDA to ensure timely review of activities regulated under this subtitle.

**§ 17512. Conflicts of interest**

(a) DEFINITIONS.—In this section:

(1) ADVISORY COMMITTEE.—The term ''advisory committee'' means an advisory committee under chapter 10 of title 5 that provides advice or recommendations to the Secretary regarding activities of the FDA.

(2) FINANCIAL INTEREST.—The term ''financial interest'' means a financial interest under section 208(a) of title 18.

(b) RECRUITMENT FOR ADVISORY COMMITTEES.—

(1) IN GENERAL.—The Secretary shall—

(A) develop and implement strategies on effective outreach to potential members of advisory committees at universities, colleges, other academic research centers, professional and

medical societies, and patient and consumer groups;

(B) seek input from professional medical and scientific societies to determine the most effective informational and recruitment activities;

(C) at least every 180 days, request referrals for potential members of advisory committees from a variety of stakeholders, including—

(i) product developers, patient groups, and disease advocacy organizations; and

(ii) relevant—

(I) professional societies;

(II) medical societies;

(III) academic organizations; and

(IV) governmental organizations; and

(D) in carrying out subparagraphs (A) and (B), take into account the levels of activity (including the numbers of annual meetings) and the numbers of vacancies of the advisory committees.

(2) RECRUITMENT ACTIVITIES.—The recruitment activities under paragraph (1) may include—

(A) advertising the process for becoming an advisory committee member at medical and scientific society conferences;

(B) making widely available, including by using existing electronic communications channels, the contact information for the FDA point of contact regarding advisory committee nominations; and

(C) developing a method through which an entity receiving funding from the National Institutes of Health, the Agency for Healthcare Research and Quality, the Centers for Disease Control and Prevention, or the Veterans Health Administration can identify a person that the FDA can contact regarding the nomination of individuals to serve on advisory committees.

(3) EXPERTISE.—In carrying out this subsection, the Secretary shall seek to ensure that the Secretary has access to the most current expert advice.

(c) DISCLOSURE OF DETERMINATIONS AND CERTIFICATIONS.—Notwithstanding section 13109(a)(2) of title 5, the following shall apply:

(1) FIFTEEN OR MORE DAYS IN ADVANCE.—As soon as practicable, but (except as provided in para-

graph (2)) not later than 15 days prior to a meeting of an advisory committee to which a written determination as referred to in section 208(b)(1) of title 18 or a written certification as referred to in section 208(b)(3) of title 18 applies, the Secretary shall disclose (other than information exempted from disclosure under section 552 or 552a of title 5) on the FDA website—

(A) the type, nature, and magnitude of the financial interests of the advisory committee member to which the determination or certification applies; and

(B) the reasons of the Secretary for the determination or certification, including, as appropriate, the public health interest in having the expertise of the member with respect to the particular matter before the advisory committee.

(2) LESS THAN 30 DAYS IN ADVANCE.—In the case of a financial interest that becomes known to the Secretary less than 30 days prior to a meeting of an advisory committee to which a written determination as referred to in section 208(b)(1) of title 18 or a written certification as referred to in section 208(b)(3) of title 18 applies, the Secretary shall dis-

close (other than information exempted from disclosure under section 552 or 552a of title 5) on the FDA website, the information described in subparagraphs (A) and (B) of paragraph (1) as soon as practicable after the Secretary makes the determination or certification, but not later than the date of the meeting.

(d) PUBLIC RECORD.—The Secretary shall ensure that the public record and transcript of each meeting of an advisory committee includes the disclosure required under subsection (c) (other than information exempted from disclosure under section 552 or 552a of title 5).

(e) ANNUAL REPORT.—

(1) IN GENERAL.—Not later than February 1 of each year, the Secretary shall submit to the Committee on Appropriations and the Committee on Health, Education, Labor, and Pensions of the Senate, and the Committee on Appropriations and the Committee on Energy and Commerce of the House of Representatives, a report that describes, with respect to the fiscal year that ended on September 30 of the previous year—

(A) the number of individuals nominated for participation at meetings for each advisory committee, the number of individuals so nomi-

nated, and willing to serve, the number of vacancies on each advisory committee, and the number of individuals contacted for service as members on each advisory committee meeting for each advisory committee who did not participate because of the potential for the participation to constitute a disqualifying financial interest under section 208 of title 18;

(B) the number of individuals contacted for service as members for each advisory committee meeting for each advisory committee who did not participate because of reasons other than the potential for the participation to constitute a disqualifying financial interest under section 208 of title 18;

(C) the number of members attending meetings for each advisory committee; and

(D) the aggregate number of disclosures required under subsection (d) and the percentage of individuals to whom the disclosures did not apply who served on the advisory committee.

(2) PUBLIC AVAILABILITY.—Not later than 30 days after submitting any report under paragraph (1) to the congressional committees specified in

paragraph (1), the Secretary shall make each such report available to the public.

(f) PERIODIC REVIEW OF GUIDANCE.—Not less than once every 5 years, the Secretary shall—

(1) review guidance of the FDA with respect to advisory committees regarding disclosure of conflicts of interest and the application of section 208 of title 18; and

(2) update the guidance as necessary to ensure that the FDA receives appropriate access to needed scientific expertise, with due consideration of the requirements of section 208 of title 18.

(g) GUIDANCE ON REPORTED DISCLOSED FINANCIAL INTEREST OR INVOLVEMENT.—The Secretary shall issue guidance that describes how the Secretary reviews the financial interests and involvement of advisory committee members that are disclosed under subsection (c) but that the Secretary determines not to meet the definition of a disqualifying interest under section 208 of title 18 for the purposes of participating in a particular matter.

**§ 17513. Policy on the review and clearance of scientific articles published by FDA employees**

(a) DEFINITION OF ARTICLE.—In this section, the term ''article'' means a paper, poster, abstract, book, book chapter, or other published writing.

(b) POLICIES.—The Secretary, through the Commissioner, shall establish and make publicly available clear written policies to implement this section and govern the timely submission, review, clearance, and disclaimer requirements for articles.

(c) TIMING OF SUBMISSION FOR REVIEW.—If an officer or employee, including a Staff Fellow or a contractor who performs staff work, of the FDA is directed by the policies established under subsection (b) to submit an article to the supervisor of the officer or employee, or to some other official of the FDA, for review and clearance before the officer or employee may seek to publish or present the article at a conference, the officer or employee shall submit the article for the review and clearance not less than 30 days before submitting the article for publication or presentation.

(d) TIMING FOR REVIEW AND CLEARANCE.—The supervisor or other reviewing official shall review the article and provide written clearance, or written clearance on the condition of specified changes being made, to the officer

or employee not later than 30 days after the officer or employee submitted the article for review.

(e) NON-TIMELY REVIEW.—If, 31 days after the submission under subsection (c), the supervisor or other reviewing official has not cleared or has not reviewed the article and provided written clearance, the officer or employee may consider the article not to have been cleared and may submit the article for publication or presentation with an appropriate disclaimer as specified in the policies established under subsection (b).

(f) EFFECT.—Nothing in this section shall be construed as affecting any restrictions on the publication or presentation provided by other provisions of law.

**§ 17514. Hiring authority for scientific, technical, and professional personnel**

(a) IN GENERAL.—The Secretary may, notwithstanding title 5 governing appointments in the competitive service, appoint outstanding and qualified candidates to scientific, technical, or professional positions, including cross-cutting operational positions, that support the development, review, and regulation of medical products and the regulation of food and cosmetics. The positions shall be within the competitive service.

(b) COMPENSATION.—

(1) IN GENERAL.—Notwithstanding any other provision of law, including any requirement with respect to General Schedule pay rates under subchapter III of chapter 53 of title 5, and consistent with the requirements of paragraph (2), the Commissioner may determine and set—

(A) the annual rate of pay of any individual appointed under subsection (a); and

(B) for purposes of retaining qualified employees, the annual rate of pay for any qualified scientific, technical, or professional personnel appointed to a position described in subsection (a) before December 13, 2016.

(2) LIMITATION.—The annual rate of pay established pursuant to paragraph (1) may not exceed the amount of annual compensation (excluding expenses) specified in section 102 of title 3.

(3) PUBLIC AVAILABILITY.—The annual rate of pay provided to an individual in accordance with this section shall be publicly available information.

(c) REPORT ON WORKFORCE PLANNING.—

(1) IN GENERAL.—Not later than 18 months after December 29, 2022, the Secretary shall submit a report on workforce planning to the Committee on Health, Education, Labor, and Pensions of the Sen-

ate and the Committee on Energy and Commerce of the House of Representatives that includes—

(A) an updated analysis of the workforce needs at the FDA and the Secretary's strategic plan for addressing the needs, including through use of the authority under this section;

(B) an analysis of how the Secretary has used the authorities provided under this section, and a plan for how the Secretary will use the authority under this section, and other applicable hiring authorities, for employees of the FDA; and

(C) an updated recruitment and retention plan for hiring qualified scientific, technical, and professional candidates, which may include the use of—

(i) recruitment through nongovernmental recruitment or placement agencies;

(ii) recruitment through academic institutions;

(iii) recruitment or hiring bonuses, if applicable;

(iv) recruitment using targeted direct hiring authorities; and

(v) retention of qualified scientific, technical, and professional employees using the authority under this section, or other applicable authorities of the Secretary.

(2) RECOMMENDATIONS.—The report under paragraph (1) may include the recommendations of the Commissioner that would help the FDA to better recruit and retain qualified individuals for scientific, technical, or professional positions at the agency.

**§ 17515. Strategic Workforce Plan and report**

(a) IN GENERAL.—Not later than September 30, 2023, and at least every 4 years thereafter, the Secretary shall develop, begin implementation of, and submit to the appropriate committees of Congress and post on the FDA website, a coordinated strategy and report to provide direction for the activities and programs of the Secretary to recruit, hire, train, develop, and retain the workforce needed to fulfill the public health mission of the FDA, including to facilitate collaboration across centers, to keep pace with new biomedical, technological, and scientific advancements, and to support the development, review, and regulation of medical products. Each report shall be known as the ''Food and Drug Administration Strategic Workforce Plan''.

(b) USE OF THE FOOD AND DRUG ADMINISTRATION STRATEGIC WORKFORCE PLANS.—Each center within the FDA shall develop and update, as appropriate, a strategic plan that will be informed by the Food and Drug Administration Strategic Workforce Plans developed under subsection (a).

(c) CONTENTS OF THE FOOD AND DRUG ADMINISTRATION STRATEGIC WORKFORCE PLAN.—Each Food and Drug Administration Strategic Workforce Plan under subsection (a) shall—

(1) include agency-wide human capital strategic goals and priorities for recruiting, hiring, training, developing, and retaining a qualified workforce for the FDA;

(2) establish specific actions the Secretary will take to achieve the strategic goals and priorities and address the workforce needs of the FDA in the forthcoming fiscal years;

(3) identify challenges and risks the Secretary will face in meeting its strategic goals and priorities, and the actions the Secretary will take to overcome those challenges and mitigate those risks;

(4) establish performance measures, benchmarks, or other elements that the Secretary will use to measure and evaluate progress in achieving the

strategic goals and priorities and the effectiveness of the strategic goals and priorities; and

(5) define functions, capabilities, and gaps in the FDA workforce and identify strategies to recruit, hire, train, develop, and retain the workforce.

(d) CONSIDERATIONS.—In developing each Food and Drug Administration Strategic Workforce Plan under subsection (a), the Secretary shall consider—

(1) the number of employees (including senior leadership and non-senior leadership employees) eligible for retirement, the expertise of those employees, and the employing center of those employees;

(2) the vacancy and turnover rates for employees with different types of expertise and from different centers, including any changes or trends related to the rates;

(3) the results of the Federal Employee Viewpoint Survey for employees of the FDA, including any changes or trends related to the results;

(4) rates of pay for different types of positions, including rates for different types of expertise within the same field (such as differences in pay between different medical specialists), and how the rates of pay impact the ability of the Secretary to achieve the

strategic goals and priorities described in subsection (c);

(5) the statutory hiring authorities used to hire FDA employees, and the time to hire across different hiring authorities; and

(6) any other timely and relevant information, as the Secretary determines appropriate.

(e) EVALUATION OF PROGRESS.—Each Food and Drug Administration Strategic Workforce Plan issued pursuant to subsection (a), with the exception of the first Food and Drug Administration Strategic Workforce Plan, shall include an evaluation of—

(1) the progress the Secretary has made, based on the performance measures, benchmarks, and other elements that measure successful recruitment, hiring, training, development, and retention activities; and

(2) whether actions taken in response to the previous Food and Drug Administration Strategic Workforce Plan improved the capacity of the FDA to achieve the strategic goals and priorities described in subsection (c)(1).

(f) ADDITIONAL CONSIDERATIONS.—The Food and Drug Administration Strategic Workforce Plan issued in fiscal year 2023 shall address the effect of the COVID–

19 pandemic on hiring, retention, and other workforce challenges for the FDA, including protecting the workforce during public health emergencies.

**§ 17516. Reporting requirements for biosimilar biological products**

(a) IN GENERAL.—Not later than 120 days after the end of each fiscal year for which fees are collected under subchapter VIII of chapter 179 of this title, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report concerning—

(1) the number of applications for approval filed under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)); and

(2) the percentage of applications described in paragraph (1) that were approved by the Secretary.

(b) ADDITIONAL INFORMATION.—As part of the performance report described in subsection (a), the Secretary shall include an explanation of how the FDA is managing the biological product review program to ensure that the user fees collected under subchapter II of chapter 179 of this title are not used to review an application under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)).

# Chapter 177—Colors

See.
17701. Listing and certification of color additives for foods, drugs, devices, and cosmetics.

## § 17701. Listing and certification of color additives for foods, drugs, devices, and cosmetics

(a) UNSAFE COLOR ADDITIVES.—

(1) IN GENERAL.—A color additive shall, with respect to any particular use (for which it is being used or intended to be used or is represented as suitable) in or on food, drugs, devices, or cosmetics, be deemed unsafe for the purposes of the application of section 11102(c), 13101(a)(2)(D), or 17111(f) of this title, as the case may be, unless—

(A)(i) there is in effect, and the color additive and the use are in conformity with, a regulation issued under subsection (b) listing the color additive for the use, including any provision of the regulation prescribing the conditions under which the color additive may be safely used; and

(ii) the color additive—

(I) is from a batch certified, in accordance with regulations issued pursuant to subsection (c), for the use; or

(II) has, with respect to the use, been exempted by the Secretary from the requirement of certification; or

(B) the color additive and the use of the color additive conform to the terms of an exemption that is in effect pursuant to subsection (f).

(2) EFFECT OF REGULATIONS ON WHETHER ARTICLE IS ADULTERATED.—While there are in effect regulations under subsections (b) and (c) relating to a color additive or an exemption pursuant to subsection (f) with respect to the color additive, an article shall not, by reason of bearing or containing the color additive in all respects in accordance with the regulations or the exemption, be considered adulterated—

(A) within the meaning of section 11102(a)(1) of this title if the article is a food; or

(B) within the meaning of section 17111(b) of this title if the article is a cosmetic other than a hair dye (as defined in section 17111(a) of this title).

(3) DIRECT CONTACT WITH BODY REQUIRED.—A color additive for use in or on a device shall be

subject to this section only if the color additive comes in direct contact with the body of a human or other animal for a significant period of time.

(4) DESIGNATION OF COLOR ADDITIVES IN OR ON DEVICES.—The Secretary may by regulation designate the uses of color additives in or on devices that are subject to this section.

(b) LISTING OF COLORS; ADVISORY COMMITTEES.—

(1) DEFINITION OF TOLERANCE LIMITATION.—In this subsection, the term ''tolerance limitation'' means a specification as to the maximum quantity or quantities of a color additive that may be used or permitted to remain in or on an article in or on which the color additive is used.

(2) IN GENERAL.—The Secretary shall, by regulation, provide for separately listing color additives for use in or on food, color additives for use in or on drugs or devices, and color additives for use in or on cosmetics, if and to the extent that the color additives are suitable and safe for any such use when employed in accordance with the regulations.

(3) LISTING FOR GENERAL USE.—

(A) IN GENERAL.—The regulations under paragraph (2) may list any color additive for use generally in or on food, or in or on drugs

or devices, or in or on cosmetics, if the Secretary finds that the color additive is suitable and may safely be employed for the general use.

(B) LIMITED USES.—If the data before the Secretary do not establish that the color additive satisfies the requirements for listing the color additive on the applicable list pursuant to subparagraph (A), or if the proposal is for listing the color additive for a more limited use or uses, the regulations may list the color additive only for any more limited use or uses for which it is suitable and may safely be employed.

(4) CONDITIONS OF SAFE USE.—The regulations shall, to the extent considered necessary by the Secretary to ensure the safety of the use for which a particular color additive is listed, prescribe the conditions under which the color additive may be safely employed for the use, including—

(A) tolerance limitations;

(B) specifications as to the manner in which the color additive may be added to or used in or on an article; and

(C) directions or other labeling or packaging requirements for the color additive.

(5) SAFE USE.—

(A) DATA SHOWING SAFE USE REQUIRED.—The Secretary shall not list a color additive under this section for a proposed use unless the data before the Secretary establish that the use, under the conditions of use specified in the regulations, is safe.

(B) COLOR ADDITIVES EXEMPT AS FOOD ADDITIVES.—A color additive shall be deemed to be suitable and safe for the purpose of listing under this subsection for use generally in or on food, while there is in effect a published finding of the Secretary declaring the color additive exempt from the term ''food additive'' because of its being generally recognized by qualified experts as safe for its intended use, as provided in section 10101(a)(20) of this title.

(6) FACTORS FOR DETERMINING SAFE USE.—

(A) IN GENERAL.—In determining, for the purposes of this section, whether a proposed use of a color additive is safe, the Secretary shall consider, among other relevant factors—

(i) the probable consumption of, or other relevant exposure from, the color additive and of any substance formed in or

on food, drugs or devices, or cosmetics because of the use of the color additive;

(ii) the cumulative effect, if any, of the color additive in the diet of humans or animals, taking into account the same or any chemically or pharmacologically related substance or substances in the diet;

(iii) safety factors that, in the opinion of experts qualified by scientific training and experience to evaluate the safety of color additives for the use or uses for which the color additive is proposed to be listed, are generally recognized as appropriate for the use of animal experimentation data; and

(iv) the availability of any needed practicable methods of analysis for determining the identity and quantity of—

(I) the pure dye and all intermediates and other impurities contained in the color additive;

(II) the color additive in or on any article of food, drug or device, or cosmetic; and

(III) any substance formed in or on the article because of the use of the color additive.

(B) CANCER-INDUCING ADDITIVES.—

(i) IN GENERAL.—A color additive—

(I) shall be deemed unsafe, and shall not be listed, for any use that will or may result in ingestion of all or part of the color additive, if—

(aa) the color additive is found by the Secretary to induce cancer when ingested by a human or animal; or

(bb) the color additive is found by the Secretary, after tests that are appropriate for the evaluation of the safety of color additives for use in food, to induce cancer in humans or animals; and

(II) shall be deemed unsafe, and shall not be listed, for any use that will not result in ingestion of any part of the color additive, if, after tests that are appropriate for the evaluation

of the safety of color additives for the use, or after other relevant exposure of a human or animal to the color additive, it is found by the Secretary to induce cancer in humans or animals.

(ii) EXCEPTION.—Clause (i)(I) shall not apply with respect to the use of a color additive as an ingredient of feed for animals that are raised for food production, if the Secretary finds—

(I) that, under the conditions of use and feeding specified in proposed labeling and reasonably certain to be followed in practice, the color additive will not adversely affect the animals for which the feed is intended; and

(II) that no residue of the color additive will be found (by methods of examination prescribed or approved by the Secretary by regulations, which regulations shall not be subject to subsection (d))—

(aa) in any edible portion of the animals after slaughter; or

(bb) in any food yielded by or derived from any such living animal.

(C) REFERRAL TO ADVISORY COMMITTEE FOR REPORT AND RECOMMENDATIONS.—

(i) IN GENERAL.—

(I) REQUEST FOR REFERRAL.—In any proceeding for the issuance, amendment, or repeal of a regulation listing a color additive, whether commenced by a proposal of the Secretary on the Secretary's own initiative or by a proposal contained in a petition, the petitioner, or any other person that will be adversely affected by the proposal or by the Secretary's order issued in accordance with paragraph (1) of section 17501(e) of this title if placed in effect, may request, within the time specified in subclause (IV), that the petition or order on the petition, or the Secretary's proposal, be referred to an advisory committee for a report and recommendations with respect to any matter arising under

subparagraph (B) that is involved in the proposal or order and that requires the exercise of scientific judgment.

(II) APPOINTMENT AND REFERRAL.—On a request under subclause (I), or if the Secretary within the time specified in subclause (IV) considers such a referral necessary, the Secretary—

(aa) shall immediately appoint an advisory committee under subparagraph (D); and

(bb) shall refer to the advisory committee, together with all the data before the Secretary, the matter arising under subparagraph (B) for study of the matter and for a report and recommendations on the matter.

(III) CONSULTATION WITH ADVISORY COMMITTEE.—A person that has filed a petition or that has requested the referral of a matter to an advisory committee pursuant to this subpara-

graph, as well as representatives of the Department, shall have the right to consult with the advisory committee in connection with the matter referred to the advisory committee.

(IV) TIME.—The request for referral under this subparagraph, or the Secretary's referral on the Secretary's own initiative, may be made at any time before, or within 30 days after, publication of an order of the Secretary acting on the petition or proposal.

(ii) REPORT AND RECOMMENDATIONS.—

(I) CERTIFICATION.—Within 60 days after the date of the referral, or within an additional 30 days if the advisory committee considers the additional time necessary, the advisory committee shall, after independent study of the data furnished to the advisory committee by the Secretary and other data before the advisory committee, certify to the Secretary—

(aa) a report and recommendations; and

(bb) all underlying data and a statement of the reasons or basis for the recommendations.

(II) COPY TO BE SUPPLIED BY SECRETARY.—A copy of the items described in items (aa) and (bb) of subclause (I) shall be promptly supplied by the Secretary to any person that has filed a petition, or that has requested the referral to the advisory committee.

(III) ACTION BY SECRETARY.—Within 30 days after the certification, and after giving due consideration to all data then before the Secretary, including the report, recommendations, underlying data, and statement, and to any prior order issued by the Secretary in connection with the matter, the Secretary shall by order confirm or modify any order previously issued or, if no such prior order has been

issued, shall by order act on the petition or other proposal.

(iii) REMOVAL OF CANCER-INDUCING COLOR ADDITIVE FROM LISTING.—

(I) CONDITIONS.—Subclause (II) applies if—

(aa) by reason of subparagraph (B), the Secretary has initiated a proposal to remove from listing a color additive previously listed pursuant to this section; and

(bb) a request has been made for referral of the proposal to an advisory committee.

(II) SECRETARIAL ACTION.—If items (aa) and (bb) of subclause (I) are met, the Secretary may not act by order on the proposal described in subclause (I)(aa) until the advisory committee has made a report and recommendations to the Secretary under clause (ii) and the Secretary has considered the recommendations, unless the Secretary finds that emergency

conditions exist necessitating the issuance of an order notwithstanding this clause.

(D) ADVISORY COMMITTEE.—

(i) COMPOSITION.—

(I) IN GENERAL.—The advisory committee referred to in subparagraph (C) shall be composed of experts selected by the National Academy of Sciences, qualified in the subject matter referred to the advisory committee, and of adequately diversified professional background.

(II) INABILITY OR REFUSAL OF NATIONAL ACADEMY OF SCIENCES TO ACT.—In the event of the inability or refusal of the National Academy of Sciences to act, the Secretary shall select the members of the advisory committee.

(ii) SIZE.—The Secretary shall determine the size of the advisory committee.

(iii) COMPENSATION AND TRAVEL EXPENSES RELATING TO MEETINGS AND CONFERENCES.—

(I) IN GENERAL.—A member of any advisory committee established under this subtitle, while attending conferences or meetings of the member's advisory committee or otherwise serving at the request of the Secretary, shall be entitled to receive compensation at rates to be fixed by the Secretary but at rates not exceeding the daily equivalent, at the time of service, of the maximum rate payable under section 5376 of title 5, including travel time.

(II) SERVICE AWAY FROM HOME OR REGULAR PLACE OF BUSINESS.—While away from the member's home or regular place of business, the member may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for individuals in the Government service employed intermittently.

(iv) EFFECT OF OTHER LAWS RELATING TO APPOINTMENT AND COMPENSATION.—The member shall not be subject to

any other law regarding the appointment and compensation of employees of the United States.

(v) CLERICAL AND OTHER ASSISTANCE.—The Secretary shall furnish the advisory committee with adequate clerical and other assistance, and shall by rules and regulations prescribe the procedure to be followed by the advisory committee.

(7) PROPOSED USE TO PROMOTE DECEPTION OR TO RESULT IN MISBRANDING OR ADULTERATION.—The Secretary shall not list a color additive under this subsection for a proposed use if the data before the Secretary show that the proposed use would promote deception of the consumer in violation of this subtitle or would otherwise result in misbranding or adulteration within the meaning of this subtitle.

(8) TOLERANCE LIMITATIONS.—If, in the judgment of the Secretary, a tolerance limitation is required in order to ensure that a proposed use of a color additive will be safe, the Secretary—

(A) shall not list the color additive for the use if the Secretary finds that the data before the Secretary do not establish that the color ad-

ditive, if used within a safe tolerance limitation, would achieve the intended physical or other technical effect; and

(B) shall not fix the tolerance limitation at a level higher than the Secretary finds to be reasonably required to accomplish the intended physical or other technical effect.

(9) FACTORS FOR DETERMINING WHICH USES A COLOR ADDITIVE IS TO BE LISTED.—If, having regard to the aggregate quantity of color additive likely to be consumed in the diet or to be applied to the human body, the Secretary finds that the data before the Secretary fail to show that it would be safe and otherwise permissible to list a color additive (or pharmacologically related color additives) for all the uses proposed for the color additive and at the levels of concentration proposed, the Secretary shall, in determining for which use or uses the color additive (or the related color additives) shall be or remain listed, or how the aggregate allowable safe tolerance for the color additive or color additives shall be allocated by the Secretary among the uses under consideration, take into account, among other relevant factors (and subject to the paramount criterion of safety)—

(A) the relative marketability of the articles involved as affected by the proposed uses of the color additive (or of the related color additives) in or on the articles, and the relative dependence of the industries concerned on the uses;

(B) the relative aggregate amounts of the color additive that the Secretary estimates would be consumed in the diet or applied to the human body by reason of the various uses and levels of concentration proposed; and

(C) the availability, if any, of other color additives suitable and safe for 1 or more of the uses proposed.

(c) CERTIFICATION OF COLORS.—

(1) IN GENERAL.—The Secretary shall, by regulation, provide—

(A) for the certification, with safe diluents or without diluents, of batches of color additives listed pursuant to subsection (b) and conforming to the requirements for the color additives established by regulations under subsection (b) and this subsection; and

(B) for exemption from the requirement of certification in the case of any such color addi-

tive, or any listing or use of the color additive, for which the Secretary finds the requirement not to be necessary in the interest of the protection of the public health.

(2) COLOR ADDITIVES EXEMPT AS FOOD ADDITIVES.—With respect to any use in or on food for which a listed color additive is deemed to be safe by reason of subsection (b)(5)(B), the requirement of certification shall be deemed not to be necessary in the interest of public health protection.

(d) PROCEDURE FOR ISSUANCE, AMENDMENT, OR REPEAL OF REGULATIONS.—

(1) IN GENERAL.—The provisions of subsections (e), (f), and (g) of section 17501 of this title shall, subject to the provisions of subsection (b)(5)(C), apply to and in all respects govern proceedings for the issuance, amendment, or repeal of regulations under subsection (b) or (c) (including judicial review of the Secretary's action in the proceedings) and the admissibility of transcripts of the record of the proceedings in other proceedings, except that—

(A) if the proceeding is commenced by the filing of a petition, notice of the proposal made by the petition shall be published in general

terms by the Secretary within 30 days after the filing, and the Secretary's order (required by section 17501(e)(1) of this title) acting on the proposal shall, in the absence of prior referral (or request for referral) to an advisory committee, be issued within 90 days after the date of the filing, except that the Secretary may (prior to the 90th day), by written notice to the petitioner, extend the 90-day period to such time (not more than 180 days after the date of filing of the petition) as the Secretary considers necessary to enable the Secretary to study and investigate the petition;

(B) any report, recommendations, underlying data, and reasons certified to the Secretary by an advisory committee appointed pursuant to subsection (b)(5)(D) shall be made a part of the record of any hearing if relevant and material, subject to the provisions of section 556(d) of title 5;

(C) the Secretary's order after public hearing (acting on objections filed to an order made prior to hearing) shall be subject to the requirements of section 11111(g)(3)(B) of this title; and

(D) the scope of judicial review of the order shall be in accordance with paragraphs (2)(D) and (3) of section 11111(h) of this title.

(2) HEARING.—The advisory committee shall designate a member to appear and testify at any hearing described in paragraph (1)(B) with respect to the report and recommendations of the advisory committee on request of the Secretary, the petitioner, or the officer conducting the hearing, but this shall not preclude any other member of the advisory committee from appearing and testifying at the hearing.

(e) FEES.—The admitting to listing and certification of color additives, in accordance with regulations prescribed under this subtitle, shall be performed only on payment of such fees, which shall be specified in the regulations, as may be necessary to provide, maintain, and equip an adequate service for the purposes.

(f) EXEMPTIONS.—The Secretary shall by regulations (issued without regard to subsection (d)) provide for exempting from the requirements of this section any color additive or any specific type of use of the color additive, and any article of food, drug or device, or cosmetic bearing or containing the color additive, intended solely for inves-

tigational use by qualified experts if, in the Secretary's opinion, the exemption is consistent with the public health.

# Chapter 179—Fees

17976. Definitions.
17977. Authority to assess and use OTC monograph fees.
17978. Reauthorization; reporting requirements.

# Subchapter I—Freedom of Information Fees

### § 17901. Recovery and retention of fees for freedom of information requests

(a) IN GENERAL.—The Secretary, acting through the Commissioner, may—

(1) set and charge fees, in accordance with section 552(a)(4)(A) of title 5, to recover all reasonable costs incurred in processing requests made under section 552 of title 5 for records obtained or created under this subtitle or any other Federal law for which responsibility for administration has been delegated to the Commissioner by the Secretary;

(2) retain all fees charged for the requests; and

(3) establish an accounting system and procedures to control receipts and expenditures of fees received under this section.

(b) USE OF FEES.—

(1) NOT FOR OTHER PURPOSE.—The Secretary and the Commissioner shall not use fees received under this section for any purpose other than funding the processing of requests described in subsection (a)(1).

(2) NOT FOR REDUCTION OF OTHER FUNDS.—The fees shall not be used to reduce the amount of

funds made to carry out other provisions of this subtitle.

(c) WAIVER OF FEES.—Nothing in this section supersedes the right of a requester to obtain a waiver of fees pursuant to section 552(a)(4)(A) of title 5.

# Subchapter II—Fees Relating to Drugs

### § 17906. Definitions

(a) DEFINITIONS.—In this subchapter:

(1) ACTIVE.—The term ''active'', with respect to a commercial investigational new drug application, means such an application to which information was submitted during the relevant period.

(2) ADJUSTMENT FACTOR.—The term ''adjustment factor'' applicable to a fiscal year is the Consumer Price Index for all urban consumers (all items; United States city average) for October of the preceding fiscal year divided by the Index for October 1996.

(3) AFFILIATE.—The term ''affiliate'' means a business entity that has a relationship with a second business entity if, directly or indirectly—

(A) 1 business entity controls, or has the power to control, the other business entity; or

(B) a third party controls, or has power to control, both of the business entities.

(4) COSTS OF RESOURCES ALLOCATED FOR THE PROCESS FOR THE REVIEW OF HUMAN DRUG APPLICATIONS.—The term ''costs of resources allocated for the process for the review of human drug applications'' means the expenses, in connection with the process for the review of human drug applications, for—

(A) officers and employees of the FDA, contractors of the FDA, advisory committees, and costs related to the officers, employees, and committees and to contracts with the contractors;

(B) management of information, and the acquisition, maintenance, and repair of computer resources;

(C) leasing, maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, scientific equipment, and other necessary materials and supplies; and

(D) collection of fees under section 17907 of this title and accounting for resources allo-

cated for the review of human drug applications and supplements.

(5) FINAL DOSAGE FORM.—The term ''final dosage form'' means, with respect to a prescription drug product, a finished dosage form that is approved for administration to a patient without substantial further manufacturing (such as capsules, tablets, or lyophilized products before reconstitution).

(6) HUMAN DRUG APPLICATION.—

(A) IN GENERAL.—The term ''human drug application'' means an application for—

(i) approval of a new drug submitted under section 13503 of this title; or

(ii) licensure of a biological product under section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)).

(B) EXCLUSIONS.—The term ''human drug application'' does not include—

(i) a supplement to an application under subparagraph (A);

(ii) an application with respect to whole blood or a blood component for transfusion;

(iii) an application with respect to a bovine blood product for topical application licensed before September 1, 1992;

(iv) an application with respect to an allergenic extract product licensed before October 1, 2022;

(v) an application with respect to a standardized allergenic extract product submitted pursuant to a notification to the applicant from the Secretary regarding the existence of a potency test that measures the allergenic activity of an allergenic extract product licensed by the applicant before October 1, 2022;

(vi) an application with respect to an in vitro diagnostic biologic product licensed under section 351 of the Public Health Service Act (42 U.S.C. 262);

(vii) an application with respect to a large volume parenteral drug product approved before September 1, 1992;

(viii) an application for a licensure of a biological product for further manufacturing use only; or

(ix) an application or supplement submitted by a State or Federal Government entity for a drug that is not distributed commercially.

(C) INCLUSIONS.—The term ''human drug application'' includes an application for licensure, as described in subparagraph (A)(ii), of a large volume biological product intended for single dose injection for intravenous use or infusion.

(7) PERSON.—The term ''person'' includes an affiliate of the person.

(8) PRESCRIPTION DRUG ESTABLISHMENT.—

(A) IN GENERAL.—The term ''prescription drug establishment'' means a foreign or domestic place of business—

(i) which is at 1 general physical location consisting of 1 or more buildings, all of which are within 5 miles of each other; and

(ii) at which 1 or more prescription drug products are manufactured in final dosage form.

(B) MANUFACTURED.—In this paragraph, the term ''manufactured'' does not include packaging.

(9) PRESCRIPTION DRUG PRODUCT.—

(A) IN GENERAL.—The term ''prescription drug product'' means a specific strength or potency of a drug in final dosage form—

(i) for which a human drug application has been approved;

(ii) that may be dispensed only under prescription pursuant to section 13103(a) of this title; and

(iii) that is—

(I) on the list of products described in section 13511(h)(1) of this title (not including the discontinued section of the list); or

(II) on a list, created and maintained by the Secretary, of products approved under human drug applications under section 351 of the Public Health Service Act (42 U.S.C. 262) (not including the discontinued section of the list).

(B) EXCLUSIONS.—The term ''prescription drug product'' does not include—

(i) whole blood or a blood component for transfusion;

(ii) a bovine blood product for topical application licensed before September 1, 1992;

(iii) an allergenic extract product licensed before October 1, 2022;

(iv) a standardized allergenic extract product submitted pursuant to a notification to the applicant from the Secretary regarding the existence of a potency test that measures the allergenic activity of an allergenic extract product licensed by the applicant before October 1, 2022;

(v) an in vitro diagnostic biologic product licensed under section 351 of the Public Health Service Act (42 U.S.C. 262);

(vi) a biological product that is licensed for further manufacturing use only; or

(vii) a drug that is not distributed commercially and is the subject of an ap-

plication or supplement submitted by a State or Federal Government entity.

(C) INCLUSIONS.—The term ''prescription drug product'' includes a large volume biological product intended for single dose injection for intravenous use or infusion.

(D) REQUEST TO PLACE PRODUCT IN DISCONTINUED SECTION OF SPECIFIED LISTS.—

(i) IN GENERAL.—If a written request to place a product in the discontinued section of either of the lists referenced in subparagraph (A)(iii) is submitted to the Secretary on behalf of an applicant, and the request identifies the date the product is, or will be, withdrawn from sale, then for purposes of assessing the prescription drug program fee under section 17907(a)(2) of this title, the Secretary shall consider the product to have been included in the discontinued section on the later of—

(I) the date the request was received; or

(II) if the product will be withdrawn from sale on a future date, the

future date when the product is withdrawn from sale.

(ii) PRODUCT CONSIDERED WITHDRAWN FROM SALE.—For purposes of this subparagraph, a product is considered withdrawn from sale once the applicant ceases its own distribution of the product, whether or not the applicant orders recall of all previously distributed lots of the product, except that a routine, temporary interruption in supply does not render a product withdrawn from sale.

(10) PROCESS FOR THE REVIEW OF HUMAN DRUG APPLICATIONS.—The term ''process for the review of human drug applications'' means the following activities of the Secretary with respect to the review of human drug applications and supplements:

(A) The activities necessary for the review of human drug applications and supplements.

(B) The issuance of action letters that approve human drug applications or that set forth in detail the specific deficiencies in the applications and, where appropriate, the actions necessary to place the applications in condition for approval.

(C) The inspection of prescription drug establishments and other facilities undertaken as part of the Secretary's review of pending human drug applications and supplements.

(D) Activities necessary for the review of applications for licensure of establishments subject to section 351 of the Public Health Service Act (42 U.S.C. 262) and for the release of lots of biologics under the section.

(E) Monitoring of research conducted in connection with the review of human drug applications.

(F) Postmarket safety activities with respect to drugs approved under human drug applications or supplements, including the following activities:

(i) Collecting, developing, and reviewing safety information on approved drugs, including adverse event reports.

(ii) Developing and using improved adverse-event data-collection systems, including information technology systems.

(iii) Developing and using improved analytical tools to assess potential safety

problems, including access to external databases.

(iv) Implementing and enforcing section 13515 of this title and section 13516 of this title.

(v) Carrying out section 13512(e) of this title.

(11) SKIN-TEST DIAGNOSTIC PRODUCT.—

(A) IN GENERAL.—The term ''skin-test diagnostic product'' means a product—

(i) for prick, scratch, intradermal, or subcutaneous administration;

(ii) expected to produce a limited, local reaction at the site of administration (if positive), rather than a systemic effect;

(iii) not intended to be a preventive or therapeutic intervention; and

(iv) intended to detect an immediate-type or delayed-type skin hypersensitivity reaction to aid in the diagnosis of—

(I) an allergy to an antimicrobial agent;

(II) an allergy that is not to an antimicrobial agent, if the diagnostic

product was authorized for marketing prior to October 1, 2022; or

(III) an infection with fungal or mycobacterial pathogens.

(B) INCLUSIONS.—The term ''skin-test diagnostic product'' includes positive and negative controls required to interpret the results of a product described in subparagraph (A).

(12) SUPPLEMENT.—The term ''supplement'' means a request to the Secretary to approve a change in a human drug application that has been approved.

(b) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17907. Authority to assess and use drug fees**

(a) TYPES OF FEES.—The Secretary shall assess and collect fees in accordance with this section as follows:

(1) HUMAN DRUG APPLICATION FEE.—

(A) IN GENERAL.—Each person that submits a human drug application shall be subject to a fee as follows:

(i) A fee established under subsection (c)(6) for a human drug application for which clinical data (other than bioavailability or bioequivalence studies) with

respect to safety or effectiveness are required for approval.

(ii) A fee established under subsection (c)(6) for a human drug application for which clinical data (other than bioavailability or bioequivalence studies) with respect to safety or effectiveness are not required for approval. The fee shall be half of the amount of the fee established under clause (i).

(B) PAYMENT.—The fee required by subparagraph (A) shall be due on submission of the application.

(C) EXCEPTION FOR PREVIOUSLY FILED APPLICATION.—If a human drug application (which was submitted by a person that paid the fee for the application) was accepted for filing and was not approved or was withdrawn prior to approval (without a waiver), the submission of a human drug application for the same product by the same person (or the person's licensee, assignee, or successor) shall not be subject to a fee under subparagraph (A).

(D) REFUND OF FEE IF APPLICATION REFUSED FOR FILING OR WITHDRAWN BEFORE

FILING.—The Secretary shall refund 75 percent of the fee paid under subparagraph (B) for any application that is refused for filing or withdrawn without a waiver before filing.

(E) FEES FOR APPLICATIONS PREVIOUSLY REFUSED FOR FILING OR WITHDRAWN BEFORE FILING.—A human drug application that was submitted but was refused for filing, or was withdrawn before being accepted or refused for filing, shall be subject to the full fee under subparagraph (A) upon being resubmitted or filed over protest, unless the fee is waived or reduced under subsection (d).

(F) EXCEPTION FOR DESIGNATED ORPHAN DRUG.—A human drug application for a prescription drug product that has been designated as a drug for a rare disease or condition pursuant to section 13902 of this title shall not be subject to a fee under subparagraph (A), unless the human drug application includes an indication for other than a rare disease or condition.

(G) REFUND OF FEE IF APPLICATION WITHDRAWN.—

(i) IN GENERAL.—If an application is withdrawn after the application was filed,

the Secretary may refund the fee or a portion of the fee if no substantial work was performed on the application after the application was filed.

(ii) SOLE DISCRETION.—The Secretary shall have the sole discretion to refund a fee or a portion of the fee under this subparagraph.

(iii) REVIEWABILITY.—A determination by the Secretary concerning a refund under this paragraph shall not be reviewable.

(H) EXCEPTION FOR SKIN-TEST DIAGNOSTIC PRODUCTS.—A human drug application for a skin-test diagnostic product shall not be subject to a fee under subparagraph (A).

(2) PRESCRIPTION DRUG PROGRAM FEE.—

(A) IN GENERAL.—

(i) ANNUAL PAYMENT.—

(I) PERSON NAMED AS APPLICANT TO PAY FEE.—Except as provided in subparagraphs (B) and (C), each person that is named as the applicant in a human drug application, and that, after September 1, 1992,

had pending before the Secretary a human drug application or supplement, shall pay the annual prescription drug program fee established for a fiscal year under subsection (c)(6) for each prescription drug product that is identified in such a human drug application approved as of October 1 of the fiscal year.

(II) DATE DUE.—The fee under clause (i) shall be due on the later of the first business day on or after October 1 of each fiscal year or the first business day after the enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section.

(III) PAYMENT TO BE ONCE PER PRODUCT PER FISCAL YEAR.—The fee shall be paid only once for each product for a fiscal year in which the fee is payable.

(ii) SPECIAL RULE FOR PREVIOUSLY DISCONTINUED DRUG PRODUCTS.—If a drug product that is identified in a human

drug application approved as of October 1 of a fiscal year is not a prescription drug product as of that date because the drug product is in the discontinued section of a list referenced in section 17906(a)(9)(A)(iii) of this title, and on any subsequent day during the fiscal year the drug product is a prescription drug product, then except as provided in subparagraphs (B) and (C), each person that is named as the applicant in a human drug application with respect to the drug product, and that, after September 1, 1992, had pending before the Secretary a human drug application or supplement, shall pay the annual prescription drug program fee established for a fiscal year under subsection (c)(6) for the prescription drug product. The fee shall be due on the last business day of the fiscal year and shall be paid only once for each prescription drug product described in this clause for a fiscal year in which the fee is payable.

(B) EXCEPTION FOR CERTAIN PRESCRIPTION DRUG PRODUCTS.—A prescription drug

program fee shall not be assessed for a prescription drug product under subparagraph (A) if the prescription drug product is—

(i) a large volume parenteral product (a sterile aqueous drug product packaged in a single-dose container with a volume greater than or equal to 100 mL, not including powders for reconstitution or pharmacy bulk packages) identified on the list compiled under section 13511(h) of this title;

(ii) pharmaceutically equivalent (as defined in section 314.3 of title 21, Code of Federal Regulations (or any successor regulation)) to another product on the list of products compiled under section 13511(h) of this title (not including the discontinued section of the list); or

(iii) a skin-test diagnostic product.

(C) LIMITATION.—A person that is named as the applicant in an approved human drug application shall not be assessed more than 5 prescription drug program fees for a fiscal year for prescription drug products identified in the approved human drug application.

(b) FEE REVENUE AMOUNTS.—

(1) IN GENERAL.—For each of the fiscal years 2023 through 2027, fees under subsection (a) shall, except as provided in subsections (c), (d), (f), and (g), be established to generate a total revenue amount under subsection (a) that is equal to the sum of—

(A) the annual base revenue for the fiscal year (as determined under paragraph (3));

(B) the dollar amount equal to the inflation adjustment for the fiscal year (as determined under subsection (c)(1));

(C) the dollar amount equal to the strategic hiring and retention adjustment for the fiscal year (as determined under subsection (c)(2));

(D) the dollar amount equal to the capacity planning adjustment for the fiscal year (as determined under subsection (c)(3));

(E) the dollar amount equal to the operating reserve adjustment for the fiscal year, if applicable (as determined under subsection (c)(4));

(F) the dollar amount equal to the additional direct cost adjustment for the fiscal year (as determined under subsection (c)(5)); and

(G) an additional dollar amount, for each fiscal year, of—

(i) $25,097,671 for fiscal year 2024;

(ii) $14,154,169 for fiscal year 2025;

(iii) $4,864,860 for fiscal year 2026; and

(iv) $1,314,620 for fiscal year 2027.

(2) TYPES OF FEES.—Of the total revenue amount determined for a fiscal year under paragraph (1)—

(A) 20 percent shall be derived from human drug application fees under subsection (a)(1); and

(B) 80 percent shall be derived from prescription drug program fees under subsection (a)(2).

(3) ANNUAL BASE REVENUE.—For purposes of paragraph (1), the dollar amount of the annual base revenue for a fiscal year shall be—

(A) for fiscal year 2023, $1,151,522,958; and

(B) for fiscal years 2024 through 2027, the dollar amount of the total revenue amount established under paragraph (1) for the previous fiscal year, not including any adjustments made under paragraph (4) or (5) of subsection (c).

(c) ADJUSTMENTS; ANNUAL FEE SETTING.—

(1) INFLATION ADJUSTMENT.—

(A) IN GENERAL.—For purposes of subsection (b)(1)(B), the dollar amount of the inflation adjustment to the annual base revenue for each fiscal year shall be equal to the product of—

(i) the annual base revenue for the fiscal year under subsection (b)(1)(A); and

(ii) the inflation adjustment percentage under subparagraph (B).

(B) INFLATION ADJUSTMENT PERCENTAGE.—The inflation adjustment percentage under this subparagraph for a fiscal year is equal to the sum of—

(i) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid with respect to

the positions for the first 3 years of the preceding 4 fiscal years, multiplied by the proportion of personnel compensation and benefits costs to total costs of the process for the review of human drug applications for the first 3 years of the preceding 4 fiscal years; and

(ii) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Arlington-Alexandria, DC–VA–MD–WV; Not Seasonally Adjusted; All items; Annual Index) for the first 3 years of the preceding 4 years of available data multiplied by the proportion of all costs other than personnel compensation and benefits costs to total costs of the process for the review of human drug applications for the first 3 years of the preceding 4 fiscal years.

(2) STRATEGIC HIRING AND RETENTION ADJUSTMENT.—For each fiscal year, after the annual base revenue established in subsection (b)(1)(A) is adjusted for inflation in accordance with paragraph (1), the Secretary shall further increase the fee rev-

enue and fees by $4,000,000 for each of fiscal years 2024 through 2027.

(3) CAPACITY PLANNING ADJUSTMENT.—

(A) IN GENERAL.—For each fiscal year, after the annual base revenue established in subsection (b)(1)(A) is adjusted in accordance with paragraphs (1) and (2), the annual base revenue shall be adjusted further for the fiscal year, in accordance with this paragraph, to reflect changes in the resource capacity needs of the Secretary for the process for the review of human drug applications.

(B) METHODOLOGY.—

(i) IN GENERAL.—For purposes of this paragraph, the Secretary shall employ the capacity planning methodology utilized by the Secretary in setting fees for fiscal year 2021, as described in the notice titled ''Prescription Drug User Fee Rates for Fiscal Year 2021'' published in the Federal Register on August 3, 2020 (85 Fed. Reg. 46651).

(ii) WORKLOAD CATEGORIES; INCLUSIONS.—The workload categories used in applying the methodology in forecasting

shall include only the activities described in that notice and, as feasible, additional activities that are directly related to the direct review of applications and supplements, including—

(I) additional formal meeting types;

(II) the direct review of post-marketing commitments and requirements;

(III) the direct review of risk evaluation and mitigation strategies; and

(IV) the direct review of annual reports for approved prescription drug products.

(iii) WORKLOAD CATEGORIES; EXCLUSIONS.—Subject to the exceptions in clause (ii), the Secretary shall not include any non-core review activities (including those activities that the Secretary referenced for potential future use in the notice described in clause (i), but did not utilize in setting fees for fiscal year 2021) as workload cat-

egories in applying the methodology in forecasting.

(C) LIMITATION.—An adjustment under this paragraph shall not result in fee revenue for a fiscal year that is less than the sum of the amounts under subparagraphs (A), (B), and (C) of subsection (b)(1).

(D) PUBLICATION IN FEDERAL REGISTER.—The Secretary shall publish, in the Federal Register notice under paragraph (6), the fee revenue and fees resulting from the adjustment and the methodologies under this paragraph.

(4) OPERATING RESERVE ADJUSTMENT.—

(A) INCREASE.—The Secretary shall, in addition to adjustments under paragraphs (1), (2), and (3), further increase the fee revenue and fees if the increase is necessary to provide for operating reserves of carryover user fees for the process for the review of human drug applications for each fiscal year in at least the following amounts:

(i) For fiscal year 2024, at least 9 weeks of operating reserves.

(ii) For fiscal year 2025 and subsequent fiscal years, at least 10 weeks of operating reserves.

(B) DECREASE.—If the Secretary has carryover balances for the process in excess of 14 weeks of the operating reserves, the Secretary shall decrease the fee revenue and fees to provide for not more than 14 weeks of the operating reserves.

(C) NOTICE OF RATIONALE.—If an adjustment under subparagraph (A) or (B) is made, the rationale for the amount of the increase or decrease (as applicable) in fee revenue and fees shall be contained in the annual Federal Register notice under paragraph (6) establishing fee revenue and fees for the fiscal year involved.

(5) ADDITIONAL DIRECT COST ADJUSTMENT.—

(A) INCREASE.—The Secretary shall, in addition to adjustments under paragraphs (1), (2), (3), and (4), further increase the fee revenue and fees, for each of fiscal years 2024 through 2027, by the amount set forth in clauses (i) through (iv) of subparagraph (B), as applicable, multiplied by the Consumer Price Index for urban consumers (Washington-Arling-

ton-Alexandria, DC–VA–MD–WV; Not Seasonally Adjusted; All Items; Annual Index) for the most recent year of available data, divided by the Index for 2021.

(B) APPLICABLE AMOUNTS.—The amounts referred to in subparagraph (A)(ii) are the following:

(i) For fiscal year 2024, $60,967,993.

(ii) For fiscal year 2025, $35,799,314.

(iii) For fiscal year 2026, $35,799,314.

(iv) For fiscal year 2027, $35,799,314.

(6) ANNUAL FEE SETTING.—The Secretary shall, not later than 60 days before the start of each fiscal year—

(A) establish, for each fiscal year, human drug application fees and prescription drug program fees under subsection (a), based on the revenue amounts established under subsection (b) and the adjustments provided under this subsection; and

(B) publish the fee revenue and fees in the Federal Register.

(7) LIMIT.—The total amount of fees charged, as adjusted under this subsection, for a fiscal year may not exceed, for the fiscal year, the total costs of resources allocated for the process for the review of human drug applications.

(d) FEE WAIVER OR REDUCTION.—

(1) IN GENERAL.—The Secretary shall grant to a person that is named as the applicant in a human drug application a waiver from or a reduction of 1 or more fees assessed to that person under subsection (a) if the Secretary finds that—

(A) the waiver or reduction is necessary to protect the public health;

(B) the assessment of the fee would present a significant barrier to innovation because of limited resources available to the person or other circumstances; or

(C) the applicant involved is a small business submitting its first human drug application to the Secretary for review.

(2) CONSIDERATIONS.—In determining whether to grant a waiver or reduction of a fee under paragraph (1), the Secretary shall consider only the circumstances and assets of the applicant involved and any affiliate of the applicant.

(3) RULES RELATING TO SMALL BUSINESSES.—

(A) DEFINITION OF SMALL BUSINESS.—In paragraph (1)(C), the term ''small business'' means an entity that has fewer than 500 employees, including employees of affiliates, and that does not have a drug product that has been approved under a human drug application and introduced or delivered for introduction into interstate commerce.

(B) WAIVER OF APPLICATION FEE.—The Secretary shall waive under paragraph (1)(C) the application fee for the first human drug application that a small business or its affiliate submits to the Secretary for review. After a small business or its affiliate is granted the waiver, the small business or its affiliate shall pay application fees for all subsequent human drug applications submitted to the Secretary for review in the same manner as an entity that does not qualify as a small business.

(e) EFFECT OF FAILURE TO PAY FEES.—A human drug application or supplement submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for filing by the Sec-

retary until all such fees owed by the person have been paid.

(f) LIMITATIONS.—

(1) IN GENERAL.—Fees under subsection (a) shall be refunded for a fiscal year beginning after fiscal year 1997 unless appropriations for salaries and expenses of the FDA for the fiscal year (excluding the amount of fees appropriated for the fiscal year) are equal to or greater than the amount of appropriations for the salaries and expenses of the FDA for fiscal year 1997 (excluding the amount of fees appropriated for the fiscal year) multiplied by the adjustment factor applicable to the fiscal year involved.

(2) AUTHORITY.—If the Secretary does not assess fees under subsection (a) during any portion of a fiscal year because of paragraph (1) and if at a later date in the fiscal year the Secretary may assess the fees, the Secretary may assess and collect the fees, without any modification in the rate, for human drug applications and prescription drug program fees at any time in the fiscal year notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

(3) LIMITATION.—The authorities under section 17906(a)(4)(C) of this title shall include only expenditures for leasing and necessary scientific equipment.

(g) CREDITING AND AVAILABILITY OF FEES.—

(1) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Subject to paragraph (2)(C), fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts.

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salaries and expenses with fiscal year limitation. The sums transferred shall be available solely for the process for the review of human drug applications.

(2) COLLECTIONS AND APPROPRIATION ACTS.—

(A) IN GENERAL.—The fees authorized by this section—

(i) subject to subparagraph (C), shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation, for the fiscal year; and

(ii) shall be available, for each fiscal year, to defray the costs of resources allocated for the process for the review of human drug applications (including the costs for an additional number of full-time equivalent positions in the Department to be engaged in the process for the review of human drug applications), only if the sum of the amounts allocated by the Secretary for the costs, excluding costs paid from fees collected under this section, plus other costs for the maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, and other necessary materials and supplies in connection with the process for the review of human drug applications, is no less

than the amount allocated for the costs, excluding the costs paid from fees collected under this section, for fiscal year 1997, multiplied by the adjustment factor.

(B) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (A)(ii) in any fiscal year if the costs funded by appropriations and allocated as described in subparagraph (A)(ii)—

(i) are not more than 3 percent below the level specified in subparagraph (A)(ii); or

(ii)(I) are more than 3 percent below the level specified in subparagraph (A)(ii), and fees assessed for the fiscal year following the subsequent fiscal year are decreased by the amount in excess of 3 percent by which the costs fell below the level specified in the subparagraph; and

(II) are not more than 5 percent below the level specified in the subparagraph.

(C) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for the

fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

(3) AUTHORIZATION OF APPROPRIATIONS.—For each of the fiscal years 2023 through 2027, there is authorized to be appropriated for fees under this section an amount equal to the total revenue amount determined under subsection (b) for the fiscal year, as adjusted or otherwise affected under subsection (c).

(h) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

(i) WRITTEN REQUESTS FOR WAIVERS, REDUCTIONS, EXEMPTIONS, AND RETURNS; DISPUTES CONCERNING FEES.—To qualify for consideration for a waiver or reduction under subsection (d), an exemption under subsection (k), or the return of any fee paid under this section, including if the fee is claimed to have been paid in error, a person shall—

(1) not later than 180 days after the fee is due, submit to the Secretary a written request justifying the waiver, reduction, exemption, or return; and

(2) include in the request any legal authorities under which the request is made.

(j) CONSTRUCTION.—This section may not be construed to require that the number of full-time equivalent positions in the Department, for officers, employees, and advisory committees not engaged in the process for the review of human drug applications, be reduced to offset the number of officers, employees, and advisory committees engaged in the process for the review of human drug applications.

(k) ORPHAN DRUGS.—

(1) EXEMPTION.—A drug designated under section 13902 of this title for a rare disease or condition and approved under chapter 135 of this title or under section 351 of the Public Health Service Act (42 U.S.C. 262) shall be exempt from prescription drug program fees under this section, if the drug—

(A) meets the public health requirements contained in this subtitle as the requirements are applied to requests for waivers for prescription drug program fees; and

(B) is owned or licensed and is marketed by a company that had less than $50,000,000 in gross worldwide revenue as determined under paragraph (2).

(2) EVIDENCE OF QUALIFICATION.—An exemption under paragraph (1) applies with respect to a drug only if the applicant involved submits a certification that the applicant's gross annual revenues did not exceed $50,000,000 for the last calendar year ending prior to the fiscal year for which the exemption is requested. The certification shall be supported by—

(A) tax returns submitted to the Internal Revenue Service; or

(B) as necessary, other appropriate financial information.

(l) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17908. Reauthorization; reporting requirements**

(a) PERFORMANCE REPORT.—

(1) CONTENT.—

(A) IN GENERAL.—Not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Com-

mittee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report concerning—

(i) the progress of the FDA in achieving the goals identified in the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140) during the fiscal year and the future plans of the FDA for meeting the goals, including the status of the independent assessment described in the letters; and

(ii) the progress of the Center for Drug Evaluation and Research and the Center for Biologics Evaluation and Research in achieving the goals, and future plans for meeting the goals, including, for each review division—

(I) the number of original standard new drug applications and biologics license applications filed per fiscal year for each review division;

(II) the number of original priority new drug applications and biologics license applications filed per fiscal year for each review division;

(III) the number of standard efficacy supplements filed per fiscal year for each review division;

(IV) the number of priority efficacy supplements filed per fiscal year for each review division;

(V) the number of applications filed for review under accelerated approval per fiscal year for each review division;

(VI) the number of applications filed for review as fast track products per fiscal year for each review division;

(VII) the number of applications filed for orphan-designated products per fiscal year for each review division;

(VIII) the number of breakthrough designations for a fiscal year for each review division; and

(IX) the number of investigational new drug applications submitted per fiscal year, including for each review division.

(B) CONSTRUCTION.—Nothing in subparagraph (A)(ii) shall be construed to authorize the disclosure of information that is prohibited from disclosure under section 10501(10) of this title or section 1905 of title 18 or that is subject to withholding under section 552(b)(4) of title 5.

(2) INCLUSION.—The report under this subsection for a fiscal year shall include information on all previous cohorts for which the Secretary has not given a complete response on all human drug applications and supplements in the cohort.

(3) REAL TIME REPORTING.—

(A) IN GENERAL.—Not later than 30 calendar days after the end of each quarter of each fiscal year for which fees are collected under this subchapter, the Secretary shall post the data described in subparagraph (B) on the FDA website for the quarter and on a cumulative basis for the fiscal year, and may remove

duplicative data from the annual performance report under this subsection.

(B) DATA.—The Secretary shall post the following data in accordance with subparagraph (A):

(i) The number and titles of draft and final guidance on topics related to the process for the review of human drug applications, and whether the guidance documents were issued as required by statute or pursuant to a commitment under the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140).

(ii) The number and titles of public meetings held on topics related to the process for the review of human drug applications, and whether the meetings were required by statute or pursuant to a commitment under the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140).

(iii) The number of new drug applications and biological licensing applications approved.

(iv) The number of new drug applications and biological licensing applications filed.

(v) For fiscal years 2023 and 2024, of the meeting requests from sponsors for which the Secretary has determined that a face-to-face meeting is appropriate, the number of face-to-face meetings requested by sponsors to be conducted in person (in such manner as the Secretary shall prescribe on the FDA website), and the number of those in-person meetings granted by the Secretary, with both numbers disaggregated by the relevant agency center.

(4) RATIONALE FOR PDUFA PROGRAM CHANGES.—The Secretary shall include in the annual report under paragraph (1)—

(A) data, analysis, and discussion of the changes in the number of individuals hired as agreed on in the letters described in section 1001(b) of the Prescription Drug User Fee

Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140) and the number of remaining vacancies, the number of full-time equivalents funded by fees collected pursuant to section 17907 of this title, and the number of full-time equivalents funded by budget authority at the FDA by each division within the Center for Drug Evaluation and Research, the Center for Biologics Evaluation and Research, the Office of Regulatory Affairs, and the Office of the Commissioner;

(B) data, analysis, and discussion of the changes in the fee revenue amounts and costs of resources allocated for the process for the review of human drug applications, including identifying—

(i) drivers of the changes; and

(ii) changes in the average total cost per full-time equivalent in the prescription drug review program;

(C) for each of the Center for Drug Evaluation and Research, the Center for Biologics Evaluation and Research, the Office of Regulatory Affairs, and the Office of the Commissioner, the number of employees for whom time

reporting is required and the number of employees for whom time reporting is not required; and

(D) data, analysis, and discussion of the changes in the average full-time equivalent hours required to complete review of each type of human drug application.

(5) ANALYSIS.—For each fiscal year, the Secretary shall include in the report under paragraph (1) an analysis of the following:

(A) The difference between the aggregate number of human drug applications filed and the aggregate number of approvals, accounting for—

(i) the applications filed during 1 fiscal year for which a decision is not scheduled to be made until the following fiscal year; and

(ii) the aggregate number of applications for each fiscal year that did not meet the goals identified in the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140).

(B) Relevant data to determine whether the Center for Drug Evaluation and Research and the Center for Biologics Evaluation and Research have met performance enhancement goals identified in the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140) for the applicable fiscal year.

(C) The most common causes and trends of external or other circumstances affecting the ability of the Center for Drug Evaluation and Research, the Center for Biologics Evaluation and Research, Office of Regulatory Affairs, and the FDA to meet the review time and performance enhancement goals identified in the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140).

(b) FISCAL REPORT.—Not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report

on the implementation of the authority for the fees during the fiscal year and the use, by the FDA, of the fees collected for the fiscal year.

(c) CORRECTIVE ACTION REPORT.—For each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit a corrective action report to the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives and the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate. The report shall include the following information, as applicable:

(1) GOALS MET.—For each fiscal year, if the Secretary determines, based on the analysis under subsection (a)(5), that each of the goals identified in the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140) for the applicable fiscal year have been met, the corrective action report shall include recommendations on ways in which the Secretary can improve and streamline the human drug application review process.

(2) GOALS MISSED.—For any of the goals identified in the letters described in section 1001(b) of

the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 136 Stat. 2140) for the applicable fiscal year that the Secretary determines to not have been met, the corrective action report shall include—

(A) a detailed justification for the determination and a description, as applicable, of the types of circumstances and trends under which human drug applications that missed the review goal time were approved during the first cycle review, or application review goals were missed; and

(B) with respect to performance enhancement goals that were not achieved, a description of efforts the FDA has put in place for the fiscal year in which the report is submitted to improve the ability of the agency to meet each such goal for the fiscal year.

(d) ENHANCED COMMUNICATION.—

(1) COMMUNICATIONS WITH CONGRESS.—Each fiscal year, as applicable and requested, representatives from the Centers with expertise in the review of human drugs shall meet with representatives from the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on En-

ergy and Commerce of the House of Representatives to report on the contents described in the reports under this section.

(2) PARTICIPATION IN CONGRESSIONAL HEARING.—Each fiscal year, as applicable and requested, representatives from the FDA shall participate in a public hearing before the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, to report on the contents described in the reports under this section. The hearing shall occur not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter.

(e) PUBLIC AVAILABILITY.—The Secretary shall make the reports required under subsections (a) and (b) available to the public on the FDA website.

(f) REAUTHORIZATION.—

(1) CONSULTATION.—In developing recommendations to present to Congress with respect to the goals, and plans for meeting the goals, for the process for the review of human drug applications for the first 5 fiscal years after fiscal year 2027, and for the reauthorization of this subchapter for the fiscal years, the Secretary shall consult with—

(A) the Committee on Energy and Commerce of the House of Representatives;

(B) the Committee on Health, Education, Labor, and Pensions of the Senate;

(C) scientific and academic experts;

(D) health care professionals;

(E) representatives of patient and consumer advocacy groups; and

(F) the regulated industry.

(2) PRIOR PUBLIC INPUT.—Prior to beginning negotiations with the regulated industry on the reauthorization of this subchapter, the Secretary shall—

(A) publish a notice in the Federal Register requesting public input on the reauthorization;

(B) hold a public meeting at which the public may present its views on the reauthorization, including specific suggestions for changes to the goals referred to in subsection (a);

(C) provide a period of 30 days after the public meeting to obtain written comments from the public suggesting changes to this subchapter; and

(D) publish the comments on the FDA website.

(3) PERIODIC CONSULTATION.—Not less frequently than once every month during negotiations with the regulated industry, the Secretary shall hold discussions with representatives of patient and consumer advocacy groups to continue discussions of their views on the reauthorization and their suggestions for changes to this subchapter as expressed under paragraph (2).

(4) UPDATES TO CONGRESS.—The Secretary, in consultation with regulated industry, shall provide regular updates on negotiations on the reauthorization of this subchapter to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives.

(5) PUBLIC REVIEW OF RECOMMENDATIONS.—After negotiations with the regulated industry, the Secretary shall—

(A) present the recommendations developed under paragraph (1) to the congressional committees specified in the paragraph;

(B) publish the recommendations in the Federal Register;

(C) provide for a period of 30 days for the public to provide written comments on the recommendations;

(D) hold a meeting at which the public may present its views on the recommendations; and

(E) after consideration of the public views and comments, revise the recommendations as necessary.

(6) TRANSMITTAL OF RECOMMENDATIONS.—Not later than January 15, 2027, the Secretary shall transmit to Congress the revised recommendations under paragraph (4), a summary of the views and comments received under the paragraph, and any changes made to the recommendations in response to the views and comments.

(7) MINUTES OF NEGOTIATION MEETINGS.—

(A) PUBLIC AVAILABILITY.—The Secretary shall make publicly available, on the public FDA website, minutes of all negotiation meetings conducted under this subsection between the FDA and the regulated industry, not later than 30 days after each such negotiation meeting.

(B) CONTENT.—The minutes described under subparagraph (A) shall summarize, in sufficient detail, any substantive proposal made by any party to the negotiations as well as significant controversies or differences of opinion during the negotiations and their resolution.

(g) REPEAL OF SECTION.—This section is repealed on January 31, 2028.

# Subchapter III—Fees Relating to Devices

### § 17916. Definitions

(a) IN GENERAL.—In this subchapter:

(1) ADJUSTMENT FACTOR .—The term ''adjustment factor'' applicable to a fiscal year is the Consumer Price Index for all urban consumers (all items; United States city average) for October of the preceding fiscal year divided by the Index for October 2021.

(2) AFFILIATE.—The term ''affiliate'' means a business entity that has a relationship with a second business entity (whether domestic or international) if, directly or indirectly—

(A) 1 business entity controls, or has the power to control, the other business entity; or

(B) a third party controls, or has power to control, both of the business entities.

(3) ANNUAL FEE.—The term ''annual fee'', for periodic reporting concerning a class III device, means the annual fee associated with periodic reports required by a premarket application approval order.

(4) COSTS OF RESOURCES ALLOCATED FOR THE PROCESS FOR THE REVIEW OF DEVICE APPLICATIONS.—The term ''costs of resources allocated for the process for the review of device applications'' means the expenses, in connection with the process for the review of device applications, for—

(A) officers and employees of the FDA, contractors of the FDA, advisory committees, and costs related to the officers, employees, and committees and to contracts with the contractors;

(B) management of information, and the acquisition, maintenance, and repair of computer resources;

(C) leasing, maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, scientific

equipment, and other necessary materials and supplies; and

(D) collection of fees and accounting for resources allocated for the review of premarket applications, premarket reports, supplements, submissions, and de novo classification requests.

(5) DE NOVO CLASSIFICATION REQUEST.—The term ''de novo classification request'' means a request made under section 13140(h)(2)(A) of this title with respect to the classification of a device.

(6) ESTABLISHMENT SUBJECT TO A REGISTRATION FEE.—The term ''establishment subject to a registration fee'' means an establishment that is registered (or is required to register) with the Secretary under section 13136 of this title because the establishment is engaged in the manufacture, preparation, propagation, compounding, or processing of a device.

(7) PERSON.—The term ''person'' includes an affiliate of the person.

(8) PREMARKET APPLICATION.—

(A) IN GENERAL.—The term ''premarket application'' means—

(i) an application for approval of a device submitted under section 13142(c) of

this title or section 351 of the Public Health Service Act (42 U.S.C. 262); or

(ii) a product development protocol described in section 13142(f) of this title.

(B) EXCLUSIONS.—The term ''premarket application'' does not include a supplement, a premarket report, or a premarket notification submission.

(9) PREMARKET NOTIFICATION SUBMISSION.—The term ''premarket notification submission'' means a report submitted under section 13136(k) of this title.

(10) PREMARKET REPORT.—The term ''premarket report'' means a report submitted under section 13142(c)(2) of this title.

(11) PROCESS FOR THE REVIEW OF DEVICE APPLICATIONS.—The term ''process for the review of device applications'' means the following activities of the Secretary with respect to the review of premarket applications, premarket reports, supplements, premarket notification submissions, and de novo classification requests:

(A) The activities necessary for the review of premarket applications, premarket reports,

supplements, and premarket notification submissions.

(B) The issuance of action letters that allow the marketing of devices or that set forth in detail the specific deficiencies in the applications, reports, supplements, or submissions and, where appropriate, the actions necessary to place them in condition for approval.

(C) The inspection of manufacturing establishments and other facilities undertaken as part of the Secretary's review of pending premarket applications, premarket reports, and supplements.

(D) Monitoring of research conducted in connection with the review of the applications, reports, supplements, submissions, and de novo classification requests.

(E) Review of device applications subject to section 351 of the Public Health Service Act (42 U.S.C. 262) for an investigational new drug application under section 13510 of this title or for an investigational device exemption under section 13152(g) of this title and activities conducted in anticipation of the submission of the

applications under section 13510 or 13152(g) of this title.

(F) The development of guidance, policy documents, or regulations to improve the process for the review of premarket applications, premarket reports, supplements, premarket notification submissions, and de novo classification requests.

(G) The development of voluntary test methods, consensus standards, or mandatory performance standards under section 13141 of this title in connection with the review of the applications, reports, supplements, submissions, or requests and related activities.

(H) The provision of technical assistance to device manufacturers in connection with the submission of the applications, reports, supplements, submissions, or requests.

(I) Any activity undertaken under section 13140 or 13142(i) of this title in connection with the initial classification or reclassification of a device or under section 13142(b) of this title in connection with any requirement for approval of a device.

(J) Evaluation of postmarket studies required as a condition of an approval of a premarket application or premarket report under section 13142 of this title or a premarket application under section 351 of the Public Health Service Act (42 U.S.C. 262).

(K) Compiling, developing, and reviewing information on relevant devices to identify safety and effectiveness issues for devices subject to premarket applications, premarket reports, supplements, premarket notification submissions, or de novo classification requests.

(12) REQUEST FOR CLASSIFICATION INFORMATION.—The term ''request for classification information'' means a request made under section 13140(i) of this title for information respecting the class in which a device has been classified or the requirements applicable to a device.

(13) SUPPLEMENT.—

(A) IN GENERAL.—The term ''supplement'', with respect to a panel-track supplement, a 180-day supplement, a real-time supplement, or an efficacy supplement, means a request to the Secretary to approve a change in a device for which—

(i) an application or report has been approved under section 13142(d) of this title, or an application has been approved under section 351 of the Public Health Service Act (42 U.S.C. 262); or

(ii) a notice of completion has become effective under section 13142(f) of this title.

(B) PANEL-TRACK SUPPLEMENT.—The term ''panel-track supplement'' means a supplement to an approved premarket application or premarket report under section 13142 of this title that requests a significant change in design or performance of the device, or a new indication for use of the device, and for which substantial clinical data are necessary to provide a reasonable assurance of safety and effectiveness.

(C) ONE-HUNDRED-EIGHTY-DAY SUPPLEMENT.—The term ''180-day supplement'' means a supplement to an approved premarket application or premarket report under section 13142 of this title that is not a panel-track supplement and requests a significant change in

components, materials, design, specification, software, color additives, or labeling.

(D) REAL-TIME SUPPLEMENT.—The term ''real-time supplement'' means a supplement to an approved premarket application or premarket report under section 13142 of this title that requests a minor change to the device, such as a minor change to the design of the device, software, sterilization, or labeling, and for which the applicant has requested and the agency has granted a meeting or similar forum to jointly review and determine the status of the supplement.

(E) EFFICACY SUPPLEMENT.—The term ''efficacy supplement'' means a supplement to an approved premarket application under section 351 of the Public Health Service Act (42 U.S.C. 262) that requires substantive clinical data.

(14) THIRTY-DAY NOTICE.—The term ''30-day notice'' means a notice under section 13142(d)(5) of this title that is limited to a request to make modifications to manufacturing procedures or methods of manufacture affecting the safety and effectiveness of the device.

(b) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17917. Authority to assess and use device fees**

(a) TYPES OF FEES.—

(1) IN GENERAL.—The Secretary shall assess and collect fees in accordance with this section.

(2) PREMARKET APPLICATION, PREMARKET REPORT, SUPPLEMENT, AND SUBMISSION FEE, AND ANNUAL FEE FOR PERIODIC REPORTING CONCERNING A CLASS III DEVICE.—

(A) IN GENERAL.—Except as provided in subparagraph (B) and subsections (d) and (e), each person that submits any of the following shall be subject to a fee established under subsection (c) for the fiscal year involved in accordance with the following:

(i) A premarket application.

(ii) For a premarket report, a fee equal to the fee that applies under clause (i).

(iii) For a panel-track supplement, a fee equal to 80 percent of the fee that applies under clause (i).

(iv) For a 180-day supplement, a fee equal to 15 percent of the fee that applies under clause (i).

(v) For a real-time supplement, a fee equal to 7 percent of the fee that applies under clause (i).

(vi) For a 30-day notice, a fee equal to 1.6 percent of the fee that applies under clause (i).

(vii) For an efficacy supplement, a fee equal to the fee that applies under clause (i).

(viii) For a premarket notification submission, a fee equal to 4.5 percent of the fee that applies under clause (i).

(ix) For a request for classification information, a fee equal to 1.35 percent of the fee that applies under clause (i).

(x) For periodic reporting concerning a class III device, an annual fee equal to 3.5 percent of the fee that applies under clause (i).

(xi) For a de novo classification request, a fee equal to 30 percent of the fee that applies under clause (i).

(B) EXCEPTIONS.—

(i) HUMANITARIAN DEVICE EXEMPTION.—An application under section 13152(m) of this title is not subject to any fee under subparagraph (A).

(ii) FURTHER MANUFACTURING USE.—A fee shall not be required under subparagraph (A) for the submission of a premarket application under section 351 of the Public Health Service Act (42 U.S.C. 262) for a product licensed for further manufacturing use only.

(iii) STATE OR FEDERAL GOVERNMENT SPONSORS.—A fee shall not be required under subparagraph (A) for a premarket application, premarket report, supplement, premarket notification submission, or de novo classification request submitted by a State or Federal Government entity unless the device involved is to be distributed commercially.

(iv) PREMARKET NOTIFICATIONS BY THIRD PARTIES.—A fee shall not be required under subparagraph (A) for a premarket notification submission reviewed by

an accredited person pursuant to section 13155 of this title.

(v) PEDIATRIC CONDITIONS OF USE.—

(I) IN GENERAL.—A fee shall not be required under subparagraph (A) for a premarket application, premarket report, premarket notification submission, or de novo classification request if the proposed conditions of use for the device involved are solely for a pediatric population. A fee shall not be required under subparagraph (A) for a supplement if the sole purpose of the supplement is to propose conditions of use for a pediatric population.

(II) SUBSEQUENT PROPOSAL OF ADULT CONDITIONS OF USE.—In the case of a person that submits a premarket application or premarket report for which, under subclause (I), a fee under subparagraph (A) is not required, any supplement to the application that proposes conditions of use

for any adult population is subject to the fee that applies under subparagraph (A) for a premarket application.

(C) PAYMENT.—The fee required by subparagraph (A) shall be due on submission of the premarket application, premarket report, supplement, premarket notification submission, 30-day notice, request for classification information, periodic reporting concerning a class III device, or de novo classification request. Applicants submitting portions of applications pursuant to section 13142(c)(4) of this title shall pay the fees on submission of the first portion of the applications.

(D) REFUNDS.—

(i) APPLICATION REFUSED FOR FILING.—The Secretary shall refund 75 percent of the fee paid under subparagraph (A) for any application, report, or supplement that is refused for filing.

(ii) APPLICATION WITHDRAWN BEFORE FILING DECISION.—The Secretary shall refund 75 percent of the fee paid under subparagraph (A) for any applica-

tion, report, or supplement that is withdrawn prior to the filing decision of the Secretary.

(iii) APPLICATION WITHDRAWN BEFORE FIRST ACTION.—After receipt of a request for a refund of the fee paid under subparagraph (A) for a premarket application, premarket report, or supplement that is withdrawn after filing but before a first action, the Secretary may return some or all of the fee. The amount of the refund, if any, shall be based on the level of effort already expended on the review of the application, report, or supplement.

(iv) MODULAR APPLICATIONS WITHDRAWN BEFORE FIRST ACTION.—The Secretary shall refund 75 percent of the application fee paid for an application submitted under section 13142(c)(4) of this title that is withdrawn before a second portion is submitted and before a first action on the first portion.

(v) LATER WITHDRAWN MODULAR APPLICATIONS.—If an application submitted under section 13142(c)(4) of this title is

withdrawn after a second or subsequent portion is submitted but before any first action, the Secretary may return a portion of the fee. The amount of refund, if any, shall be based on the level of effort already expended on the review of the portions submitted.

(vi) SOLE DISCRETION TO REFUND.—The Secretary shall have the sole discretion to refund a fee or portion of the fee under clause (iii) or (v). A determination by the Secretary concerning a refund under clause (iii) or (v) shall not be reviewable.

(3) ANNUAL ESTABLISHMENT REGISTRATION FEE.—

(A) IN GENERAL.—Except as provided in subparagraph (B), each establishment subject to a registration fee shall be subject to a fee for each initial or annual registration under section 13136 of this title.

(B) EXCEPTION.—

(i) IN GENERAL.—No fee shall be required under subparagraph (A) for an establishment operated by a State or Federal

governmental entity or an Indian tribe (as defined in the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5301 et seq.)), unless a device manufactured by the establishment is to be distributed commercially.

(ii) SMALL BUSINESSES FEE WAIVER.—

(I) DEFINITION OF SMALL BUSINESS.—In this clause, the term ''small business'' means an entity that reported $1,000,000 or less of gross receipts or sales in its most recent Federal income tax return for a taxable year, including the returns of all of its affiliates.

(II) WAIVER.—The Secretary may grant a waiver of the fee required under subparagraph (A) for the annual registration (excluding the initial registration) of an establishment for a year, beginning on October 1, 2024, if the Secretary finds that the establishment is a small business and that paying the fee for the year represents

a financial hardship to the establishment as determined by the Secretary.

(III) FIRMS SUBMITTING TAX RETURNS TO THE INTERNAL REVENUE SERVICE.—

(aa) IN GENERAL.—The establishment shall support its claim that it meets the definition under subclause (I) by submission of a copy of its most recent Federal income tax return for a taxable year, and a copy of the returns of its affiliates, which show an amount of gross sales or receipts that is less than the maximum established in subclause (I).

(bb) CERTIFICATION; TRUE AND ACCURATE COPY.—The establishment, and each of the affiliates, shall certify that the information provided is a true and accurate copy of the actual tax forms they submitted to the Internal Revenue Service.

(cc) NO AFFILIATES.—If no tax forms are submitted for any affiliate, the establishment shall certify that the establishment has no affiliates.

(IV) FIRMS NOT SUBMITTING TAX RETURNS TO THE INTERNAL REVENUE SERVICE.—

(aa) IN GENERAL.—In the case of an establishment that has not previously submitted a Federal income tax return, the establishment and each of its affiliates shall demonstrate that it meets the definition under subclause (I) by submission of a signed certification, in such form as the Secretary may direct through a notice published in the Federal Register, that the establishment or affiliate meets the criteria for a small business and a certification, in English, from the national taxing authority, if extant, of the country in which the es-

tablishment or, if applicable, affiliate is headquartered.

(bb) CERTIFICATION FROM TAXING AUTHORITY.—The certification from the taxing authority shall bear the official seal of the taxing authority and shall provide the establishment's or affiliate's gross receipts or sales for the most recent year in both the local currency of the country and in United States dollars, the exchange rate used in converting the local currency to dollars, and the dates during which these receipts or sales were collected.

(cc) STATEMENT RELATING TO AFFILIATES.—The establishment shall submit a statement signed by the head of the establishment's firm or by its chief financial officer that the establishment has submitted certifications for all of its affiliates, or that the establishment has no affiliates.

(V) REQUEST FOR WAIVER.—An establishment seeking a fee waiver for a year under this clause shall submit supporting information to the Secretary at least 60 days before the fee is required pursuant to subparagraph (C). The decision of the Secretary regarding whether an entity may receive the waiver for the year is not reviewable.

(C) PAYMENT.—The fee required under subparagraph (A) shall be due once each fiscal year, on the later of—

(i) the initial or annual registration (as applicable) of the establishment under section 13136 of this title; or

(ii) the first business day after the date of enactment of an appropriations Act providing for the collection and obligation of fees for the year under this section.

(b) FEE AMOUNTS.—

(1) IN GENERAL.—Subject to subsections (c), (d), (e), and (h), for each of fiscal years 2023 through 2027, fees under subsection (a) shall be derived from the base fee amounts specified in para-

graph (2), to generate the total revenue amounts specified in paragraph (3).

(2) BASE FEE AMOUNTS SPECIFIED.—For purposes of paragraph (1), the base fee amounts specified in this paragraph are as follows:

| Fee Type | Fiscal Year 2023 | Fiscal Year 2024 | Fiscal Year 2025 | Fiscal Year 2026 | Fiscal Year 2027 |
|---|---|---|---|---|---|
| Premarket Application | $425,000 | $435,000 | $445,000 | $455,000 | $470,000 |
| Establishment Registration | $6,250 | $6,875 | $7,100 | $7,575 | $8,465 |

(3) TOTAL REVENUE AMOUNTS SPECIFIED.—For purposes of paragraph (1), the total revenue amounts specified in this paragraph are as follows:

(A) $312,606,000 for fiscal year 2023.

(B) $335,750,000 for fiscal year 2024.

(C) $350,746,400 for fiscal year 2025.

(D) $366,486,300 for fiscal year 2026.

(E) $418,343,000 for fiscal year 2027.

(c) ANNUAL FEE SETTING; ADJUSTMENTS.—

(1) IN GENERAL.—The Secretary shall, 60 days before the start of each fiscal year, establish fees under subsection (a), based on amounts specified under subsection (b) and the adjustments provided under this subsection, and publish the fees, and the rationale for any adjustments to the fees, in the Federal Register.

(2) INFLATION ADJUSTMENTS.—

(A) ADJUSTMENT TO TOTAL REVENUE AMOUNTS.—The Secretary shall adjust the total revenue amount specified in subsection (b)(3) for the fiscal year by multiplying the amount by the applicable inflation adjustment under subparagraph (B) for the year.

(B) APPLICABLE INFLATION ADJUSTMENT.—The applicable inflation adjustment is the product of—

(i) the base inflation adjustment under subparagraph (C) for the fiscal year; and

(ii) the product of the base inflation adjustment under subparagraph (C) for each of the fiscal years preceding the fiscal year, beginning with fiscal year 2022.

(C) BASE INFLATION ADJUSTMENT.—

(i) IN GENERAL.—Subject to further adjustment under clause (ii), the base inflation adjustment for a fiscal year is the sum of 1 plus—

(I) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid

with respect to the positions for the first 3 years of the preceding 4 fiscal years, multiplied by 0.60; and

(II) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Arlington-Alexandria, DC–VA–MD–WV; Not Seasonally Adjusted; All items; Annual Index) for the first 3 years of the preceding 4 years of available data multiplied by 0.40.

(ii) LIMITATIONS.—For purposes of subparagraph (B), if the base inflation adjustment for a fiscal year under clause (i)—

(I) is less than 1, the adjustment shall be deemed to be equal to 1; or

(II) is greater than 1.04, the adjustment shall be deemed to be equal to 1.04.

(D) ADJUSTMENT TO BASE FEE AMOUNTS.—For each of fiscal years 2023 through 2027, the Secretary shall—

(i) adjust the base fee amounts specified in subsection (b)(2) for the fiscal year by multiplying the amounts by the applicable inflation adjustment under subparagraph (B) for the year; and

(ii) if the Secretary determines necessary, increase (in addition to the adjustment under clause (i)) the base fee amounts, on a uniform proportionate basis, to generate the total revenue amounts under subsection (b)(3), as adjusted for inflation under subparagraph (A).

(3) VOLUME-BASED ADJUSTMENTS TO ESTABLISHMENT REGISTRATION BASE FEES.—For each of fiscal years 2023 through 2027, after the base fee amounts specified in subsection (b)(2) are adjusted under paragraph (2)(D), the base establishment registration fee amounts specified in the subsection shall be increased, as the Secretary estimates is necessary in order for total fee collections for the fiscal year to generate the total revenue amounts, as adjusted under paragraph (2).

(4) PERFORMANCE IMPROVEMENT ADJUSTMENT.—

(A) GOALS DEFINED.—For purposes of this paragraph, the terms ''Presubmission Written Feedback goal'', ''De Novo Decision goal'', ''510(k) decision goal'', ''510(k) Shared Outcome Total Time to Decision goal'', ''PMA decision goal'', and ''PMA Shared Outcome Total Time to Decision goal'' refer to the goals identified by the same names in the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147).

(B) IN GENERAL.—For each of fiscal years 2025 through 2027, after the adjustments under paragraphs (2) and (3), the base establishment registration fee amounts for the fiscal year shall be increased to reflect changes in the resource needs of the Secretary due to improved review performance goals for the process for the review of device applications identified in the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147), as the Secretary determines necessary to achieve an increase in total fee collections for

the fiscal year equal to the following amounts, as applicable:

(i) For fiscal year 2025, the product of—

(I) the amount determined under subparagraph (C)(i)(I); and

(II) the applicable inflation adjustment under paragraph (2)(B) for the fiscal year.

(ii) For fiscal year 2026, the product of—

(I) the sum of the amounts determined under clauses (i)(II), (ii)(I), and (iii)(I) of subparagraph (C); and

(II) the applicable inflation adjustment under paragraph (2)(B) for the fiscal year.

(iii) For fiscal year 2027, the product of—

(I) the sum of the amounts determined under clauses (i)(III), (ii)(II), and (iii)(II) of subparagraph (C); and

(II) the applicable inflation adjustment under paragraph (2)(B) for the fiscal year.

(C) AMOUNTS.—

(i) PRESUBMISSION AMOUNT.—For purposes of subparagraph (B), with respect to the Presubmission Written Feedback goal, the amounts determined under this subparagraph are as follows:

(I) For fiscal year 2025, $15,396,600 if the goal for fiscal year 2023 is met.

(II) For fiscal year 2026:

(aa) $15,396,600 if the goal for fiscal year 2023 is met and the goal for fiscal year 2024 is not met.

(bb) $36,792,200 if the goal for fiscal year 2024 is met.

(III) For fiscal year 2027:

(aa) $15,396,600 if the goal for fiscal year 2023 is met and the goal for each of fiscal years 2024 and 2025 is not met.

(bb) $36,792,200 if the goal for fiscal year 2024 is met and the goal for fiscal year 2025 is not met.

(cc) $40,572,600 if the goal for fiscal year 2025 is met.

(ii) DE NOVO CLASSIFICATION REQUEST AMOUNT.—For purposes of subparagraph (B), with respect to the De Novo Decision goal, the amounts determined under this subparagraph are as follows:

(I) For fiscal year 2026, $6,323,500 if the goal for fiscal year 2023 is met.

(II) For fiscal year 2027:

(aa) $6,323,500 if the goal for fiscal year 2023 is met and the goal for fiscal year 2024 is not met.

(bb) $11,765,400 if the goal for fiscal year 2024 is met.

(iii) PREMARKET NOTIFICATION AND PREMARKET APPROVAL AMOUNT.—For purposes of subparagraph (B), with re-

spect to the 510(k) decision goal, 510(k) Shared Outcome Total Time to Decision goal, PMA decision goal, and PMA Shared Outcome Total Time to Decision goal, the amounts determined under this subparagraph are as follows:

(I) For fiscal year 2026, $1,020,000 if the 4 goals for fiscal year 2023 are met.

(II) For fiscal year 2027:

(aa) $1,020,000 if the 4 goals for fiscal year 2023 are met and 1 or more of the 4 goals for fiscal year 2024 are not met.

(bb) $3,906,000 if the 4 goals for fiscal year 2024 are met.

(D) PERFORMANCE CALCULATION.—For purposes of this paragraph, performance of the following goals shall be determined as specified in the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147) and based on data available, as follows:

(i) The performance of the Pre-submission Written Feedback goal shall be based on data available as of—

(I) for fiscal year 2023, March 31, 2024;

(II) for fiscal year 2024, March 31, 2025; and

(III) for fiscal year 2025, March 31, 2026.

(ii) The performance of the De Novo Decision goal, 510(k) decision goal, 510(k) Shared Outcome Total Time to Decision goal, PMA decision goal, and PMA Shared Outcome Total Time to Decision goal shall be based on data available as of—

(I) for fiscal year 2023, March 31, 2025; and

(II) for fiscal year 2024, March 31, 2026.

(5) HIRING ADJUSTMENT.—

(A) IN GENERAL.—For each of fiscal years 2025 through 2027, after the adjustments under paragraphs (2), (3), and (4), if applicable, if the number of hires to support the process for the review of device applications falls

below the thresholds specified in subparagraph (B) for the applicable fiscal years, the base establishment registration fee amounts shall be decreased as the Secretary determines necessary to achieve a reduction in total fee collections equal to the hiring adjustment amount under subparagraph (C).

(B) THRESHOLDS.—The thresholds specified in this subparagraph are as follows:

(i) For fiscal year 2025, the threshold is 123 hires for fiscal year 2023.

(ii) For fiscal year 2026, the threshold is 38 hires for fiscal year 2024.

(iii) For fiscal year 2027, the threshold is—

(I) 22 hires for fiscal year 2025 if the base establishment registration fees are not increased by the amount determined under paragraph (4)(B)(i); or

(II) 75 hires for fiscal year 2025 if the base establishment registration fees are increased by the amount determined under paragraph (4)(B)(i).

(C) HIRING ADJUSTMENT AMOUNT.—The hiring adjustment amount for fiscal year 2025 and each subsequent fiscal year is the product of—

(i) the number of hires by which the hiring goal specified in subparagraph (D) for the fiscal year before the prior fiscal year was not met;

(ii) $72,877; and

(iii) the applicable inflation adjustment under paragraph (2)(B) for the fiscal year for which the hiring goal was not met.

(D) HIRING GOALS.—The hiring goals for each of fiscal years 2023 through 2025 are as follows:

(i) For fiscal year 2023, 144 hires.

(ii) For fiscal year 2024, 42 hires.

(iii) For fiscal year 2025:

(I) 24 hires if the base establishment registration fees are not increased by the amount determined under paragraph (4)(B)(i).

(II) 83 hires if the base establishment registration fees are in-

creased by the amount determined under paragraph (4)(B)(i).

(E) NUMBER OF HIRES.—For purposes of this paragraph, the number of hires for a fiscal year shall be determined by the Secretary as set forth in the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147).

(6) OPERATING RESERVE ADJUSTMENT.—

(A) IN GENERAL.—For each of fiscal years 2023 through 2027, after the adjustments under paragraphs (2), (3), (4), and (5), if applicable, if the Secretary has operating reserves of carryover user fees for the process for the review of device applications in excess of the designated amount in subparagraph (B), the Secretary shall decrease the base establishment registration fee amounts to provide for not more than the designated amount of operating reserves.

(B) DESIGNATED AMOUNT.—Subject to subparagraph (C), for each fiscal year, the designated amount in this subparagraph is equal to the sum of—

(i) 13 weeks of operating reserves of carryover user fees; and

(ii) 1 month of operating reserves maintained pursuant to paragraph (8).

(C) EXCLUDED AMOUNT.—For the period of fiscal years 2023 through 2026, a total amount equal to $118,000,000 shall not be considered part of the designated amount under subparagraph (B) and shall not be subject to the decrease under subparagraph (A).

(7) LIMIT.—The total amount of fees charged, as adjusted under this subsection, for a fiscal year may not exceed, for the fiscal year, the total costs of resources allocated for the process for the review of device applications.

(8) SUPPLEMENT.—

(A) IN GENERAL.—The Secretary may use unobligated carryover balances from fees collected in previous fiscal years to ensure that sufficient fee revenues are available in the fiscal year referred to in paragraph (7), so long as the Secretary maintains unobligated carryover balances of not less than 1 month of operating reserves for the first month of the next fiscal year.

(B) NOTICE TO CONGRESS.—Not later than 14 days before the Secretary anticipates the use of funds described in subparagraph (A), the Secretary shall provide notice to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives.

(d) SMALL BUSINESSES; FEE WAIVER AND FEE REDUCTION REGARDING PREMARKET APPROVAL FEES.—

(1) IN GENERAL.—

(A) DEFINITION OF SMALL BUSINESS.—In this paragraph, the term ''small business'' means an entity that reported $30,000,000 or less of gross receipts or sales in its most recent Federal income tax return for a taxable year, including the returns of all of its affiliates.

(B) FEE WAIVER.—The Secretary shall grant a waiver of the fee required under subsection (a) for 1 premarket application, or 1 premarket report, if the Secretary finds that the applicant involved is a small business submitting its first premarket application to the

Secretary, or its first premarket report, respectively, for review.

(C) FEE REDUCTION.—In addition, if the Secretary finds that, for subsequent premarket applications, premarket reports, and supplements, the applicant involved is a small business, the fees specified in clauses (i) through (vii), (ix), (x), and (xi) of subsection (a)(2)(A) may be paid at a reduced rate in accordance with paragraph (2)(C).

(2) RULES RELATING TO PREMARKET APPROVAL FEES.—

(A) DEFINITION.—In this paragraph, the term ''small business'' means an entity that reported $100,000,000 or less of gross receipts or sales in its most recent Federal income tax return for a taxable year, including the returns of all of its affiliates.

(B) EVIDENCE OF QUALIFICATION.—

(i) IN GENERAL.—An applicant shall pay the higher fees established by the Secretary each year unless the applicant submits evidence that it qualifies for a waiver of the fee or the lower fee rate.

(ii) FIRMS SUBMITTING TAX RETURNS TO THE INTERNAL REVENUE SERVICE.—

(I) IN GENERAL.—The applicant shall support its claim that it meets the definition under subparagraph (A) by submission of a copy of its most recent Federal income tax return for a taxable year, and a copy of the returns of its affiliates, which show an amount of gross sales or receipts that is less than the maximum established in subparagraph (A).

(II) CERTIFICATION OF INFORMATION.—The applicant, and each of the affiliates, shall certify that the information provided is a true and accurate copy of the actual tax forms they submitted to the Internal Revenue Service. If no tax forms are submitted for any affiliate, the applicant shall certify that the applicant has no affiliates.

(iii) FIRMS NOT SUBMITTING TAX RETURNS TO THE INTERNAL REVENUE SERVICE.—

(I) IN GENERAL.—In the case of an applicant that has not previously submitted a Federal income tax return, the applicant and each of its affiliates shall demonstrate that it meets the definition under subparagraph (A) by submission of a signed certification, in such form as the Secretary may direct through a notice published in the Federal Register, that the applicant or affiliate meets the criteria for a small business and a certification, in English, from the national taxing authority, if extant, of the country in which the applicant or, if applicable, affiliate is headquartered.

(II) CERTIFICATION REQUIREMENTS.—The certification from the taxing authority shall bear the official seal of the taxing authority and shall provide the applicant's or affiliate's gross receipts or sales for the most recent year in both the local currency of the country and in United States dollars, the exchange rate used in con-

verting the local currency to dollars, and the dates during which these receipts or sales were collected. The applicant shall also submit a statement signed by the head of the applicant's firm or by its chief financial officer that the applicant has submitted certifications for all of its affiliates, or that the applicant has no affiliates.

(C) REDUCED FEES.—If the Secretary finds that the applicant involved meets the definition under subparagraph (A), the fees established under subsection (c)(1) may be paid at a reduced rate of—

(i) 25 percent of the fee established under the subsection for a premarket application, a premarket report, a supplement, periodic reporting concerning a class III device, or a de novo classification request; and

(ii) 50 percent of the fee established under the subsection for a 30-day notice or a request for classification information.

(D) REQUEST FOR FEE WAIVER OR REDUCTION.—

(i) SUBMISSION DEADLINE.—An applicant seeking a fee waiver or reduction under this subsection shall submit supporting information to the Secretary at least 60 days before the fee is required pursuant to subsection (a).

(ii) REVIEWABILITY OF DECISION.—The decision of the Secretary regarding whether an entity qualifies for such a waiver or reduction is not reviewable.

(e) SMALL BUSINESSES; FEE REDUCTION REGARDING PREMARKET NOTIFICATION SUBMISSIONS.—

(1) DEFINITION OF SMALL BUSINESS.—In this subsection, the term ''small business'' means an entity that reported $100,000,000 or less of gross receipts or sales in its most recent Federal income tax return for a taxable year, including the returns of all of its affiliates.

(2) IN GENERAL.—If the Secretary finds that the applicant involved is a small business, the fee specified in subsection (a)(2)(A)(viii) may be paid at a reduced rate in accordance with paragraph (3)(B).

(3) RULES RELATING TO PREMARKET NOTIFICATION SUBMISSIONS.—

(A) EVIDENCE OF QUALIFICATION.—

(i) IN GENERAL.—An applicant shall pay the higher fees established by the Secretary each year unless the applicant submits evidence that it qualifies for the lower fee rate.

(ii) FIRMS SUBMITTING TAX RETURNS TO THE INTERNAL REVENUE SERVICE.—

(I) IN GENERAL.—The applicant shall support its claim that it meets the definition under paragraph (1) by submission of a copy of its most recent Federal income tax return for a taxable year, and a copy of the returns of its affiliates, which show an amount of gross sales or receipts that is less than the maximum established in paragraph (1).

(II) CERTIFICATION OF INFORMATION.—The applicant, and each of the affiliates, shall certify that the information provided is a true and accurate copy of the actual tax forms they submitted to the Internal Revenue Service. If no tax forms are submitted for any affiliate, the applicant shall

certify that the applicant has no affiliates.

(iii) FIRMS NOT SUBMITTING TAX RETURNS TO THE INTERNAL REVENUE SERVICE.—

(I) IN GENERAL.—In the case of an applicant that has not previously submitted a Federal income tax return, the applicant and each of its affiliates shall demonstrate that it meets the definition under paragraph (1) by submission of a signed certification, in such form as the Secretary may direct through a notice published in the Federal Register, that the applicant or affiliate meets the criteria for a small business and a certification, in English, from the national taxing authority, if extant, of the country in which the applicant or, if applicable, affiliate is headquartered.

(II) CERTIFICATION REQUIREMENTS.—The certification from the taxing authority shall bear the official seal of the taxing authority and shall

provide the applicant's or affiliate's gross receipts or sales for the most recent year in both the local currency of the country and in United States dollars, the exchange rate used in converting the local currency to dollars, and the dates during which these receipts or sales were collected. The applicant shall also submit a statement signed by the head of the applicant's firm or by its chief financial officer that the applicant has submitted certifications for all of its affiliates, or that the applicant has no affiliates.

(B) REDUCED FEES.—If the Secretary finds that the applicant involved meets the definition under paragraph (1), the fee for a premarket notification submission may be paid at 25 percent of the fee that applies under subsection (a)(2)(A)(viii), and as established under subsection (c)(1).

(C) REQUEST FOR REDUCTION.—

(i) SUBMISSION DEADLINE.—An applicant seeking a fee reduction under this subsection shall submit supporting infor-

mation to the Secretary at least 60 days before the fee is required pursuant to subsection (a).

(ii) REVIEWABILITY OF DECISION.—The decision of the Secretary regarding whether an entity qualifies for such a reduction is not reviewable.

(f) EFFECT OF FAILURE TO PAY FEES.—

(1) NO ACCEPTANCE OF SUBMISSIONS.—A premarket application, premarket report, supplement, premarket notification submission, 30-day notice, request for classification information, periodic reporting concerning a class III device, or de novo classification request submitted by a person subject to fees under subsections (a)(2) and (a)(3) shall be considered incomplete and shall not be accepted by the Secretary until all the fees owed by the person have been paid.

(2) NO REGISTRATION.—Registration information submitted under section 13136 of this title by an establishment subject to a registration fee shall be considered incomplete and shall not be accepted by the Secretary until the registration fee under subsection (a)(3) owed for the establishment has been paid. Until the fee is paid and the registration is

complete, the establishment is deemed to have failed to register in accordance with section 13136 of this title.

(g) CONDITIONS.—

(1) PERFORMANCE GOALS; TERMINATION OF PROGRAM.—With respect to the amount that, under the salaries and expenses account of the FDA, is appropriated for a fiscal year for devices and radiological products, fees may not be assessed under subsection (a) for the fiscal year, and the Secretary is not expected to meet any performance goals identified for the fiscal year, if—

(A) the amount so appropriated for the fiscal year, excluding the amount of fees appropriated for the fiscal year, is more than 1 percent less than $398,566,000 multiplied by the adjustment factor applicable to the fiscal year; or

(B) fees were not assessed under subsection (a) for the previous fiscal year.

(2) AUTHORITY.—If the Secretary does not assess fees under subsection (a) during any portion of a fiscal year because of paragraph (1) and if at a later date in the fiscal year the Secretary may assess the fees, the Secretary may assess and collect the

fees, without any modification in the rate for premarket applications, supplements, premarket reports, premarket notification submissions, 30-day notices, requests for classification information, periodic reporting concerning a class III device, de novo classification requests, and establishment registrations at any time in the fiscal year, notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

(3) LIMITATION.—The authorities under section 17916(a)(4)(C) of this title shall include only leasing and necessary scientific equipment.

(h) CREDITING AND AVAILABILITY OF FEES.—

(1) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Subject to paragraph (2)(C), fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriation Acts.

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to be appropriated to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA

salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salaries and expenses with fiscal year limitation. The sums transferred shall be available solely for the process for the review of device applications.

(2) COLLECTIONS AND APPROPRIATION ACTS.—

(A) IN GENERAL.—The fees authorized by this section—

(i) subject to subparagraph (C), shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation, for the fiscal year; and

(ii) shall be available, for each fiscal year, to defray the costs of resources allocated for the process for the review of device applications (including the costs for an additional number of full-time equivalent positions in the Department to be engaged in the process for the review of device applications), only if the sum of the amounts allocated by the Secretary for the costs, excluding costs paid from fees collected

under this section, plus other costs for the maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture and other necessary materials and supplies in connection with the process for the review of device applications, is no less than the amount allocated for the costs, excluding the costs paid from fees collected under this section, for fiscal year 2009 multiplied by the adjustment factor.

(B) COMPLIANCE.—

(i) IN GENERAL.—The Secretary shall be considered to have met the requirements of subparagraph (A)(ii) in any fiscal year if the costs funded by appropriations and allocated as described in subparagraph (A)(ii)—

(I) are not more than 3 percent below the level specified in subparagraph (A)(ii); or

(II)(aa) are more than 3 percent below the level specified in subparagraph (A)(ii), and fees assessed for a subsequent fiscal year are decreased

by the amount in excess of 3 percent by which the costs fell below the level specified in the subparagraph; and

(bb) are not more than 5 percent below the level specified in subparagraph (A)(ii).

(ii) MORE THAN 5 PERCENT.—To the extent the costs are more than 5 percent below the specified level in subparagraph (A)(ii), fees may not be collected under this section for that fiscal year.

(C) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for the fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

(3) AUTHORIZATION OF APPROPRIATIONS.—

(A) IN GENERAL.—For each of fiscal years 2023 through 2027, there is authorized to be appropriated for fees under this section an amount equal to the revenue amount determined under subparagraph (B), less the amount of reductions determined under subparagraph (C).

(B) REVENUE AMOUNT.—For purposes of this paragraph, the revenue amount for each fiscal year is the sum of—

(i) the total revenue amount under subsection (b)(3) for the fiscal year, as adjusted under paragraphs (2) and (3) of subsection (c); and

(ii) the performance improvement adjustment amount for the fiscal year under subsection (c)(4), if applicable.

(C) AMOUNT OF REDUCTIONS.—For purposes of this paragraph, the amount of reductions for each fiscal year is the sum of—

(i) the hiring adjustment amount for the fiscal year under subsection (c)(5), if applicable; and

(ii) the operating reserve adjustment amount for the fiscal year under subsection (c)(6), if applicable.

(i) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

(j) WRITTEN REQUESTS FOR REFUNDS.—To qualify for consideration for a refund under subsection (a)(2)(D), a person shall submit to the Secretary a written request for the refund not later than 180 days after the fee is due.

(k) CONSTRUCTION.—This section may not be construed to require that the number of full-time equivalent positions in the Department, for officers, employees, and advisory committees not engaged in the process for the review of device applications, be reduced to offset the number of officers, employees, and advisory committees engaged in the process for the review of device applications.

(l) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17918. Reauthorization; reporting requirements**

(a) REPORTS.—

(1) PERFORMANCE REPORT.—

(A) IN GENERAL.—

(i) GENERAL REQUIREMENTS.—For each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Represent-

atives annual reports concerning the progress of the FDA in achieving the goals identified in the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147) during the fiscal year and the future plans of the FDA for meeting the goals.

(ii) ADDITIONAL INFORMATION.—

(I) IN GENERAL.—The annual report under this subparagraph shall include the progress of the Center for Devices and Radiological Health in achieving the goals, and future plans for meeting the goals, including—

(aa) the number of premarket applications filed under section 13142 of this title per fiscal year for each review division;

(bb) the number of reports submitted under section 13136(k) of this title per fiscal year for each review division;

(cc) the number of expedited development and priority review

designations under section 13144 of this title per fiscal year;

(dd) the number of investigational device exemption applications submitted under section 13152(g) of this title per fiscal year, including for each review division; and

(ee) the number of expedited development and priority review requests and designations under section 13144 of this title per fiscal year, including for each review division.

(II) CONSTRUCTION.—Nothing in this clause shall be construed to authorize the disclosure of information that is prohibited from disclosure under section 10501(10) of this title or section 1905 of title 18 or that is subject to withholding under section 552(b)(4) of title 5.

(iii) REAL TIME REPORTING.—

(I) IN GENERAL.—Not later than 30 calendar days after the end of the

second quarter of fiscal year 2023, and not later than 30 calendar days after the end of each quarter of each fiscal year thereafter, the Secretary shall post the data described in subclause (II) on the FDA website for the quarter and on a cumulative basis for the fiscal year, and may remove duplicative data from the annual report under this subparagraph.

(II) DATA.—The Secretary shall post the following data in accordance with subclause (I):

(aa) The number and titles of draft and final guidance on topics related to the process for the review of devices, and whether the guidance documents were issued as required by statute or pursuant to the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147).

(bb) The number and titles of public meetings held on topics related to the process for the review of devices, and if the meetings were required by statute or pursuant to a commitment under the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147).

(iv) RATIONALE FOR MDUFA PROGRAM CHANGES.—The Secretary shall include in the annual report under clause (i)—

(I) data, analysis, and discussion of the changes in the number of individuals hired as agreed on in the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147) and the number of remaining vacancies, the number of full-time equivalents funded by fees collected pursuant to

section 17917 of this title, and the number of full time equivalents funded by budget authority at the FDA by each division within the Center for Devices and Radiological Health, the Center for Biologics Evaluation and Research, the Office of Regulatory Affairs, and the Office of the Commissioner;

(II) data, analysis, and discussion of the changes in the fee revenue amounts and costs of resources allocated for the process for the review of device applications, including identifying—

(aa) drivers of the changes; and

(bb) changes in the average total cost per full-time equivalent in the medical device review program;

(III) for each of the Center for Devices and Radiological Health, the Center for Biologics Evaluation and Research, the Office of Regulatory Af-

fairs, and the Office of the Commissioner, the number of employees for whom time reporting is required and the number of employees for whom time reporting is not required; and

(IV) data, analysis, and discussion of the changes in the average full-time equivalent hours required to complete review of medical device application types.

(v) ANALYSIS.—For each fiscal year, the Secretary shall include in the report under clause (i) an analysis of the following:

(I) The difference between the aggregate number of premarket applications filed under section 13142 of this title and aggregate reports submitted under section 13136(k) of this title and the aggregate number of major deficiency letters, non-approvable letters, and denials for the applications issued by the agency, accounting for—

(aa) the number of applications filed and reports submitted during 1 fiscal year for which a decision is not scheduled to be made until the following fiscal year; and

(bb) the aggregate number of applications for each fiscal year that did not meet the goals as identified by the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147) for the applicable fiscal year.

(II) Relevant data to determine whether the Center for Devices and Radiological Health has met performance enhancement goals identified by the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136

Stat. 2147) for the applicable fiscal year.

(III) The most common causes and trends for external or other circumstances affecting the ability of the Center for Devices and Radiological Health, the Office of Regulatory Affairs, or the FDA to meet review time and performance enhancement goals identified by the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147).

(B) PUBLICATION.—With regard to information to be reported by the FDA to industry on a quarterly and annual basis pursuant to the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147), the Secretary shall make the information publicly available on the FDA website not later than 60 days after the end of each quarter or 120 days after the end of each fiscal year, respectively, to which the information applies.

This information shall include the status of the independent assessment identified in the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147).

(C) UPDATES.—The Secretary shall include in each report under subparagraph (A) information on all previous cohorts for which the Secretary has not given a complete response on all device premarket applications and reports, supplements, and premarket notifications in the cohort.

(2) CORRECTIVE ACTION REPORT.—For each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit a corrective action report to the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives and the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate. The report shall include the following information, as applicable:

(A) GOALS MET.—For each fiscal year, if the Secretary determines, based on the analysis under paragraph (1)(A)(v), that each of the

goals identified by the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147) for the applicable fiscal year have been met, the corrective action report shall include recommendations on ways in which the Secretary can improve and streamline the medical device application review process.

(B) GOALS MISSED.—For each of the goals identified by the letters described in section 2001(b) of the Medical Device User Fee Amendments of 2022 (Public Law 117–180, div. F, title II, 136 Stat. 2147) for the applicable fiscal year that the Secretary determines to not have been met, the corrective action report shall include—

(i) a justification for the determination;

(ii) a description of the types of circumstances, in the aggregate, under which applications or reports submitted under section 13142 of this title or notifications submitted under section 13136(k) of this title missed the review goal times but were

approved during the first cycle review, as applicable;

(iii) a summary and any trends with regard to the circumstances for which a review goal was missed; and

(iv) the performance enhancement goals that were not achieved during the previous fiscal year and a description of efforts the FDA has put in place for the fiscal year in which the report is submitted to improve the ability of the agency to meet each of those goals for the fiscal year.

(3) ENHANCED COMMUNICATION.—

(A) COMMUNICATIONS WITH CONGRESS.—Each fiscal year, as applicable and requested, representatives from the Centers with expertise in the review of devices shall meet with representatives from the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives to report on the contents described in the reports under this section.

(B) PARTICIPATION IN CONGRESSIONAL HEARING.—Each fiscal year, as applicable and

requested, representatives from the FDA shall participate in a public hearing before the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, to report on the contents described in the reports under this section. The hearing shall occur not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter.

(4) FISCAL REPORT.—For fiscal years 2023 through 2027, not later than 120 days after the end of each fiscal year during which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, a report on the implementation of the authority for the fees during the fiscal year and the use, by the FDA, of the fees collected during the fiscal year for which the report is made.

(5) PUBLIC AVAILABILITY.—The Secretary shall make the reports required under paragraphs (1) and (2) available to the public on the FDA website.

(b) REAUTHORIZATION.—

(1) CONSULTATION.—In developing recommendations to present to Congress with respect to the goals, and plans for meeting the goals, for the process for the review of device applications for the first 5 fiscal years after fiscal year 2027, and for the reauthorization of this subchapter for the fiscal years, the Secretary shall consult with—

(A) the Committee on Energy and Commerce of the House of Representatives;

(B) the Committee on Health, Education, Labor, and Pensions of the Senate;

(C) scientific and academic experts;

(D) health care professionals;

(E) representatives of patient and consumer advocacy groups; and

(F) the regulated industry.

(2) PRIOR PUBLIC INPUT.—Prior to beginning negotiations with the regulated industry on the reauthorization of this subchapter, the Secretary shall—

(A) publish a notice in the Federal Register requesting public input on the reauthorization;

(B) hold a public meeting at which the public may present its views on the reauthoriza-

tion, including specific suggestions for changes to the goals referred to in subsection (a)(1);

(C) provide a period of 30 days after the public meeting to obtain written comments from the public suggesting changes to this subchapter; and

(D) publish the comments on the FDA website.

(3) PERIODIC CONSULTATION.—Not less frequently than once every month during negotiations with the regulated industry, the Secretary shall hold discussions with representatives of patient and consumer advocacy groups to continue discussions of their views on the reauthorization and their suggestions for changes to this subchapter as expressed under paragraph (2).

(4) UPDATES TO CONGRESS.—The Secretary, in consultation with regulated industry, shall provide regular updates on negotiations on the reauthorization of this subchapter to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives.

(5) PUBLIC REVIEW OF RECOMMENDATIONS.—After negotiations with the regulated industry, the Secretary shall—

(A) present the recommendations developed under paragraph (1) to the congressional committees specified in paragraph (1);

(B) publish the recommendations in the Federal Register;

(C) provide for a period of 30 days for the public to provide written comments on the recommendations;

(D) hold a meeting at which the public may present its views on the recommendations; and

(E) after consideration of the public views and comments, revise the recommendations as necessary.

(6) TRANSMITTAL OF RECOMMENDATIONS.—Not later than January 15, 2027, the Secretary shall transmit to Congress the revised recommendations under paragraph (4), a summary of the views and comments received under paragraph (4), and any changes made to the recommendations in response to the views and comments.

(7) MINUTES OF NEGOTIATION MEETINGS.—

(A) PUBLIC AVAILABILITY.—The Secretary shall make publicly available, on the public FDA website, minutes of all negotiation meetings conducted under this subsection between the FDA and the regulated industry, not later than 30 days after each such negotiation meeting.

(B) CONTENT.—The minutes described under subparagraph (A) shall summarize, in sufficient detail, any substantive proposal made by any party to the negotiations as well as significant controversies or differences of opinion during the negotiations and their resolution.

(c) REPEAL OF SECTION.—This section is repealed on January 31, 2028.

# Subchapter IV—Fees Relating to Animal Drugs

### § 17926. Definitions

(a) IN GENERAL.—For purposes of this subchapter:

(1) ADJUSTMENT FACTOR.—The term ''adjustment factor'' applicable to a fiscal year refers to the formula set forth in section 17906(a)(2) of this title with the base or comparator month being October 2002.

(2) AFFILIATE.—The term ''affiliate'' has the meaning given the term in section 17906(a) of this title.

(3) ANIMAL DRUG APPLICATION.—

(A) IN GENERAL.—The term ''animal drug application'' means—

(i) an application for approval of any new animal drug submitted under section 13703(a) of this title; or

(ii) an application for conditional approval of a new animal drug submitted under section 14502 of this title.

(B) EXCLUSION.—The term ''animal drug application'' does not include a new animal drug application submitted under section 13703(b) of this title or a supplemental animal drug application.

(4) ANIMAL DRUG ESTABLISHMENT.—The term ''animal drug establishment'' means a foreign or domestic place of business that is at 1 general physical location consisting of 1 or more buildings all of which are within 5 miles of each other, at which 1 or more animal drug products are manufactured in final dosage form.

(5) ANIMAL DRUG PRODUCT.—The term ''animal drug product'' means each specific strength or potency of a particular active ingredient or ingredients in final dosage form marketed by a particular manufacturer or distributor, which is uniquely identified by the labeler code and product code portions of the National Drug Code, and for which an animal drug application or a supplemental animal drug application has been approved.

(6) ANIMAL DRUG SPONSOR.—The term ''animal drug sponsor'' means an applicant named in an animal drug application that has not been withdrawn by the applicant and for which approval has not been withdrawn by the Secretary, or a person that has submitted an investigational animal drug submission that has not been terminated or otherwise rendered inactive by the Secretary.

(7) COSTS OF RESOURCES ALLOCATED FOR THE PROCESS FOR THE REVIEW OF ANIMAL DRUG APPLICATIONS.—The term ''costs of resources allocated for the process for the review of animal drug applications'' means the expenses, in connection with the process for the review of animal drug applications, for—

(A) officers and employees of the FDA, contractors of the FDA, advisory committees consulted with respect to the review of specific animal drug applications, supplemental animal drug applications, or investigational animal drug submissions, and costs related to the officers, employees, committees, and contractors, including costs for travel, education, and recruitment and other personnel activities;

(B) management of information and the acquisition, maintenance, and repair of computer resources;

(C) leasing, maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, scientific equipment, and other necessary materials and supplies; and

(D) collection of fees under section 17927 of this title and accounting for resources allocated for the review of animal drug applications, supplemental animal drug applications, and investigational animal drug submissions.

(8) FINAL DOSAGE FORM.—

(A) IN GENERAL.—The term ''final dosage form'' means, with respect to an animal drug

product, a finished dosage form that is approved for administration to an animal without substantial further manufacturing.

(B) INCLUSION.—The term ''final dosage form'' includes animal drug products intended for mixing in animal feeds.

(9) INVESTIGATIONAL ANIMAL DRUG SUBMISSION.—The term ''investigational animal drug submission'' means—

(A) the filing of a claim for an investigational exemption under section 13711 of this title for a new animal drug intended to be the subject of an animal drug application or a supplemental animal drug application; or

(B) the submission of information for the purpose of enabling the Secretary to evaluate the safety or effectiveness of an animal drug application or supplemental animal drug application in the event of their filing.

(10) PERSON.—The term ''person'' includes an affiliate of the person.

(11) PROCESS FOR THE REVIEW OF ANIMAL DRUG APPLICATIONS.—The term ''process for the review of animal drug applications'' means the following activities of the Secretary with respect to the

review of animal drug applications, supplemental animal drug applications, and investigational animal drug submissions:

(A) The activities necessary for the review of animal drug applications, supplemental animal drug applications, and investigational animal drug submissions.

(B) The issuance of action letters that approve animal drug applications or supplemental animal drug applications or that set forth in detail the specific deficiencies in animal drug applications, supplemental animal drug applications, or investigational animal drug submissions and, where appropriate, the actions necessary to place the applications, supplements or submissions in condition for approval.

(C) The inspection of animal drug establishments and other facilities undertaken as part of the Secretary's review of pending animal drug applications, supplemental animal drug applications, and investigational animal drug submissions.

(D) Monitoring of research conducted in connection with the review of animal drug applications, supplemental animal drug applica-

tions, and investigational animal drug submissions.

(E) The development of regulations and policy related to the review of animal drug applications, supplemental animal drug applications, and investigational animal drug submissions.

(F) Development of standards for products subject to review.

(G) Meetings between the agency and the animal drug sponsor.

(H) Review of advertising and labeling prior to approval of an animal drug application or supplemental animal drug application, but not after the application has been approved.

(I) The activities necessary for implementation of the United States and European Union Mutual Recognition Agreement for Pharmaceutical Good Manufacturing Practice Inspections, and the United States and United Kingdom Mutual Recognition Agreement Sectoral Annex for Pharmaceutical Good Manufacturing Practices, and other mutual recognition agreements, with respect to animal drug products subject to review, including implementation

activities prior to and following product approval.

(12) SUPPLEMENTAL ANIMAL DRUG APPLICATION.—The term ''supplemental animal drug application'' means—

(A) a request to the Secretary to approve a change in an animal drug application that has been approved; or

(B) a request to the Secretary to approve a change to an application approved under section 13704(b) of this title for which data with respect to safety or effectiveness are required.

(b) REPEAL OF SECTION.—This section is repealed on October 1, 2028.

**§ 17927. Authority to assess and use animal drug fees**

(a) TYPES OF FEES.—The Secretary shall assess and collect fees in accordance with this section as follows:

(1) ANIMAL DRUG APPLICATION AND SUPPLEMENT FEE.—

(A) IN GENERAL.—Each person that submits an animal drug application or a supplemental animal drug application shall be subject to a fee as follows:

(i) A fee established in subsection (c) for an animal drug application, except an

animal drug application subject to the criteria set forth in section 13705(d) of this title.

(ii) A fee established in subsection (c), in an amount that is equal to 50 percent of the amount of the fee under clause (i), for—

(I) a supplemental animal drug application for which safety or effectiveness data are required;

(II) an animal drug application subject to the criteria set forth in section 13705(d) of this title; and

(III) an application for conditional approval under section 14502 of this title of a new animal drug for which an animal drug application submitted under section 13703(a) of this title has been previously approved under section 13705(a) of this title for another intended use.

(B) PAYMENT.—The fee required by subparagraph (A) shall be due on submission of the animal drug application or supplemental animal drug application.

(C) EXCEPTIONS FOR PREVIOUSLY FILED APPLICATION OR SUPPLEMENT.—

(i) IN GENERAL.—If an animal drug application or a supplemental animal drug application was submitted by a person that paid the fee for the application or supplement, was accepted for filing, and was not approved or was withdrawn (without a waiver or refund), the submission of an animal drug application or a supplemental animal drug application for the same product by the same person (or the person's licensee, assignee, or successor) shall not be subject to a fee under subparagraph (A).

(ii) PREVIOUSLY SUBMITTED APPLICATION FOR CONDITIONAL APPROVAL.—In the case of an animal drug application submitted by a person under section 13703(a) of this title, where the person (or the person's licensor, assignor, or predecessor-in-interest) previously submitted an application for conditional approval under section 14502 of this title for the same product and paid the applicable fee under subparagraph (A), the application under section

13703(a) of this title shall not be subject to a fee under subparagraph (A) if submitted within the timeframe specified in section 14502(i) of this title.

(D) REFUND OF FEE IF APPLICATION REFUSED FOR FILING.—The Secretary shall refund 75 percent of the fee paid under subparagraph (B) for any animal drug application or supplemental animal drug application that is refused for filing.

(E) REFUND OF FEE IF APPLICATION WITHDRAWN.—

(i) IN GENERAL.—If an animal drug application or a supplemental animal drug application is withdrawn after the application or supplement was filed, the Secretary may refund the fee or portion of the fee paid under subparagraph (B) if no substantial work was performed on the application or supplement after the application or supplement was filed.

(ii) SOLE DISCRETION.—The Secretary shall have the sole discretion to refund the fee under this paragraph.

(iii) REVIEWABILITY.—A determination by the Secretary concerning a refund under this paragraph shall not be reviewable.

(2) ANIMAL DRUG PRODUCT FEE.—

(A) IN GENERAL.—

(i) PERSON.—A person described in this clause is a person—

(I) that is named as the applicant in an animal drug application or supplemental animal drug application for an animal drug product that has been submitted for listing under section 13136 of this title; and

(II) that, after September 1, 2003, had pending before the Secretary an animal drug application or supplemental animal drug application.

(ii) REQUIREMENT TO PAY ANNUAL FEE.—Each person described in clause (i) shall pay for each such animal drug product the annual fee established in subsection (c).

(B) PAYMENT; FEE DUE DATE.—The fee under subparagraph (A) shall be payable for

the fiscal year in which the animal drug product is first submitted for listing under section 13136 of this title, or is submitted for relisting under section 13136 of this title if the animal drug product has been withdrawn from listing and relisted. After the fee is paid for that fiscal year, the fee shall be due each subsequent fiscal year that the product remains listed, on the later of—

(i) the first business day after the date of enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section; or

(ii) January 31 of each year.

(C) LIMITATION.—The fee under subparagraph (A) shall be paid only once for each animal drug product for a fiscal year in which the fee is payable.

(3) ANIMAL DRUG ESTABLISHMENT FEE.—

(A) IN GENERAL.—

(i) PERSON.—A person described in this clause is a person—

(I) that owns or operates, directly or through an affiliate, an animal drug establishment;

(II) that is named as the applicant in an animal drug application or supplemental animal drug application for an animal drug product that has been submitted for listing under section 13136 of this title; and

(III) that, after September 1, 2003, had pending before the Secretary an animal drug application or supplemental animal drug application.

(ii) REQUIREMENT TO PAY ANNUAL FEE.—Each person described in clause (i) shall be assessed an annual establishment fee as established in subsection (c) for each animal drug establishment listed in its approved animal drug application as an establishment that manufactures the animal drug product named in the application.

(B) PAYMENT; FEE DUE DATE.—The annual establishment fee shall be assessed in each fiscal year in which the animal drug product named in the application is assessed a fee under

paragraph (2) unless the animal drug establishment listed in the application does not engage in the manufacture of the animal drug product during the fiscal year. The fee under this paragraph for a fiscal year shall be due on the later of—

(i) the first business day after the date of enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section; or

(ii) January 31 of each year.

(C) LIMITATION.—An establishment shall be assessed only 1 fee per fiscal year under this section.

(4) ANIMAL DRUG SPONSOR FEE.—

(A) IN GENERAL.—A person shall be assessed an annual sponsor fee as established under subsection (c) if the person—

(i) meets the definition of an animal drug sponsor within a fiscal year; and

(ii) after September 1, 2003, had pending before the Secretary an animal drug application, a supplemental animal

drug application, or an investigational animal drug submission.

(B) PAYMENT; FEE DUE DATE.—The fee under this paragraph for a fiscal year shall be due on the later of—

(i) the first business day after the date of enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section; or

(ii) January 31 of each year.

(C) LIMITATION.—Each animal drug sponsor shall pay only 1 fee each fiscal year under this paragraph.

(b) FEE REVENUE AMOUNTS.—

(1) IN GENERAL.—Subject to subsections (c), (d), (f), and (g), for each of fiscal years 2024 through 2028, the fees required under subsection (a) shall be established to generate a total revenue amount of $33,500,000.

(2) TYPES OF FEES.—Of the total revenue amount established for a fiscal year under paragraph (1)—

(A) 20 percent shall be derived from fees under subsection (a)(1);

(B) 27 percent shall be derived from fees under subsection (a)(2);

(C) 26 percent shall be derived from fees under subsection (a)(3); and

(D) 27 percent shall be derived from fees under subsection (a)(4).

(c) ANNUAL FEE SETTING; ADJUSTMENTS.—

(1) ANNUAL FEE SETTING.—Not later than 60 days before the start of each fiscal year beginning after September 30, 2023, the Secretary shall—

(A) establish for that fiscal year animal drug application fees, supplemental animal drug application fees, animal drug sponsor fees, animal drug establishment fees, and animal drug product fees based on the revenue amounts established under subsection (b) and the adjustments provided under this subsection; and

(B) publish the fee revenue amounts and fees in the Federal Register.

(2) INFLATION ADJUSTMENT.—

(A) IN GENERAL.—For fiscal year 2025 and subsequent fiscal years, the revenue amounts established in subsection (b) shall be adjusted by the Secretary by notice, published in the Federal Register, for a fiscal year, by

multiplying the revenue amounts by an amount equal to the sum of—

(i) 1;

(ii) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid with respect to the positions for the first 3 of the preceding 4 fiscal years for which data are available, multiplied by the average proportion of personnel compensation and benefits costs to total FDA costs for the first 3 years of the preceding 4 fiscal years for which data are available; and

(iii) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Arlington-Alexandria, DC–MD–VA–WV; not seasonally adjusted; all items less food and energy; annual index) for the first 3 years of the preceding 4 years for which data are available multiplied by the average proportion of all costs other than personnel compensation and benefits costs to total FDA costs for the first 3 years of

the preceding 4 fiscal years for which data are available.

(B) COMPOUNDED BASIS.—The adjustment made each fiscal year after fiscal year 2025 under this paragraph shall be applied on a compounded basis to the revenue amount calculated under this paragraph for the most recent previous fiscal year.

(3) WORKLOAD ADJUSTMENTS.—

(A) IN GENERAL.—For fiscal year 2025 and subsequent fiscal years, after the fee revenue amounts established under subsection (b) are adjusted for inflation in accordance with paragraph (2), the fee revenue amounts shall be further adjusted for the fiscal year to reflect changes in the workload of the Secretary for the process for the review of animal drug applications, subject to subparagraph (B). With respect to the adjustment—

(i) the adjustment shall be determined by the Secretary based on a weighted average of the change in the total number of animal drug applications, supplemental animal drug applications for which data with respect to safety or effectiveness are

required, manufacturing supplemental animal drug applications, investigational animal drug study submissions, and investigational animal drug protocol submissions submitted to the Secretary;

(ii) the adjustment shall be made for each fiscal year that the adjustment determined by the Secretary is greater than 3 percent, except for the first fiscal year that the adjustment is greater than 3 percent; and

(iii) the Secretary shall publish, in the Federal Register notice under paragraph (1), the amount of the adjustment and the supporting methodologies.

(B) RULE OF APPLICATION.—The workload adjustments under this paragraph shall not result in fee revenues for a fiscal year that are less than the fee revenues for that fiscal year established under subsection (b), as adjusted for inflation under paragraph (2).

(4) OPERATING RESERVE ADJUSTMENT.—

(A) IN GENERAL.—For fiscal year 2025 and each subsequent fiscal year, after the fee revenue amount established under subsection

(b) is adjusted in accordance with paragraphs (2) and (3), the Secretary shall—

(i) increase the fee revenue amount for the fiscal year, if necessary to provide an operating reserve of not less than 12 weeks; or

(ii) if the Secretary has an operating reserve in excess of the number of weeks specified in subparagraph (C) for that fiscal year, the Secretary shall decrease the fee revenue amount to provide not more than the number of weeks specified in subparagraph (C) for that fiscal year.

(B) CARRYOVER USER FEES.—For purposes of this paragraph, the operating reserve of carryover user fees for the process for the review of animal drug applications does not include carryover user fees that have not been appropriated.

(C) NUMBER OF WEEKS OF OPERATING RESERVES.—The number of weeks of operating reserves specified in this subparagraph is—

(i) 22 weeks for fiscal year 2025;

(ii) 20 weeks for fiscal year 2026;

(iii) 18 weeks for fiscal year 2027; and

(iv) 16 weeks for fiscal year 2028.

(D) PUBLICATION.—If an adjustment to the operating reserve is made under this paragraph, the Secretary shall publish, in the Federal Register notice under paragraph (1), the rationale for the amount of the adjustment and the supporting methodologies.

(5) LIMIT.—The total amount of fees charged, as adjusted under this subsection, for a fiscal year may not exceed, for the fiscal year, the total costs of resources allocated for the process for the review of animal drug applications.

(d) FEE WAIVER OR REDUCTION; EXEMPTIONS FROM FEES.—

(1) DEFINITION OF SMALL BUSINESS.—In this subsection, the term ''small business'' means an entity that has fewer than 500 employees, including employees of affiliates.

(2) WAIVER OR REDUCTION.—The Secretary shall grant a waiver from or a reduction of 1 or more fees assessed under subsection (a) if the Secretary finds that—

(A) the assessment of the fee would present a significant barrier to innovation because of limited resources available to the person or other circumstances;

(B) the fees to be paid by the person will exceed the anticipated present and future costs incurred by the Secretary in conducting the process for the review of animal drug applications for the person;

(C) the animal drug application or supplemental animal drug application is intended solely to provide for use of the animal drug in—

(i) a Type B medicated feed (as defined in section 558.3(b)(3) of title 21, Code of Federal Regulations (or any successor regulation)) intended for use in the manufacture of Type C free-choice medicated feeds; or

(ii) a Type C free-choice medicated feed (as defined in section 558.3(b)(4) of title 21, Code of Federal Regulations (or any successor regulation));

(D) the animal drug application or supplemental animal drug application is intended sole-

ly to provide for a minor use or minor species indication; or

(E) the sponsor involved is a small business submitting its first animal drug application to the Secretary for review.

(3) USE OF STANDARD COSTS.—In making the finding in paragraph (2)(B), the Secretary may use standard costs.

(4) RULES FOR SMALL BUSINESSES.—

(A) WAIVER OF APPLICATION FEE.—The Secretary shall waive under paragraph (2)(E) the application fee for the first animal drug application that a small business or its affiliate submits to the Secretary for review. After a small business or its affiliate is granted the waiver, the small business or its affiliate shall pay application fees for all subsequent animal drug applications and supplemental animal drug applications for which safety or effectiveness data are required in the same manner as an entity that does not qualify as a small business.

(B) CERTIFICATION.—The Secretary shall require any person that applies for a waiver under paragraph (2)(E) to certify their quali-

fication for the waiver. The Secretary shall periodically publish in the Federal Register a list of persons making the certifications.

(5) EXEMPTION FROM FEES.—Fees under paragraphs (2), (3), and (4) of subsection (a) shall not apply with respect to any person that is the named applicant or sponsor of an animal drug application, supplemental animal drug application, or investigational animal drug submission if the application or submission involves the intentional genomic alteration of an animal that is intended to produce a drug, device, or biological product subject to fees under section 17907, 17917, 17952, or 17962 of this title.

(e) EFFECT OF FAILURE TO PAY FEES.—

(1) ANIMAL DRUG APPLICATION; SUPPLEMENTAL ANIMAL DRUG APPLICATION.—An animal drug application or supplemental animal drug application submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for filing by the Secretary until all fees owed by the person have been paid.

(2) INVESTIGATIONAL ANIMAL DRUG SUBMISSION.—An investigational animal drug submission under section 17926(9)(B) of this title that is sub-

mitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for review by the Secretary until all fees owed by the person have been paid.

(3) DISCONTINUANCE OF REVIEW.—The Secretary may discontinue review of any animal drug application, supplemental animal drug application, or investigational animal drug submission from a person if the person has not submitted for payment all fees owed under this section by 30 days after the date on which they are due.

(f) ASSESSMENT OF FEES.—

(1) LIMITATION.—Fees may not be assessed under subsection (a) for a fiscal year unless appropriations for salaries and expenses of the FDA for the fiscal year (excluding the amount of fees appropriated for the fiscal year) are equal to or greater than the amount of appropriations for the salaries and expenses of the FDA for fiscal year 2003 (excluding the amount of fees appropriated for the fiscal year) multiplied by the adjustment factor applicable to the fiscal year involved.

(2) AUTHORITY.—If the Secretary does not assess fees under subsection (a) during any portion of a fiscal year because of paragraph (1) and if at a

later date in the fiscal year the Secretary may assess the fees, the Secretary may assess and collect the fees, without any modification in the rate, for animal drug applications, supplemental animal drug applications, investigational animal drug submissions, animal drug sponsors, animal drug establishments, and animal drug products at any time in the fiscal year notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

(g) CREDITING AND AVAILABILITY OF FEES.—

(1) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Subject to paragraph (2)(C), fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts.

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to be appropriated to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salary and expenses with fiscal

year limitation. The sums transferred shall be available solely for the process for the review of animal drug applications.

(2) COLLECTIONS AND APPROPRIATION ACTS.—

(A) IN GENERAL.—The fees authorized by this section—

(i) subject to subparagraph (C), shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation for the fiscal year; and

(ii) shall be available to defray increases in the costs of resources allocated for the process for the review of animal drug applications (including increases in the costs for an additional number of full-time equivalent positions in the Department to be engaged in the process for the review of animal drug applications) to the extent that those costs exceed the costs (excluding costs paid from fees collected under this section) for fiscal year 2003 multiplied by the adjustment factor.

(B) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (A)(ii) in any fiscal year if the costs funded by appropriations and allocated for the process for the review of animal drug applications—

(i) are not more than 3 percent below the level specified in subparagraph (A)(ii); or

(ii)(I) are more than 3 percent below the level specified in subparagraph (A)(ii), and fees assessed for the fiscal year following the subsequent fiscal year are decreased by the amount in excess of 3 percent by which the costs fell below the level specified in subparagraph (A)(ii); and

(II) are not more than 5 percent below the level specified in subparagraph (A)(ii).

(C) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for the fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

(3) AUTHORIZATION OF APPROPRIATIONS.—For each of the fiscal years 2024 through 2028, there is authorized to be appropriated for fees under this section an amount equal to the total revenue amount established under subsection (b) for the fiscal year, as adjusted or otherwise affected under subsection (c).

(4) EXCESS COLLECTIONS.—If the sum total of fees collected under this section for a fiscal year exceeds the amount of fees authorized to be appropriated for the fiscal year under paragraph (3), the excess collections shall be credited to the appropriations account of the FDA as provided in paragraph (1).

(h) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

(i) WRITTEN REQUESTS FOR WAIVERS, REDUCTIONS, AND REFUNDS.—To qualify for consideration for a waiver or reduction under subsection (d), or for a refund of any fee collected in accordance with subsection (a), a person shall submit to the Secretary a written request for

the waiver, reduction, or refund not later than 180 days after the fee is due.

(j) CONSTRUCTION.—This section may not be construed to require that the number of full-time equivalent positions in the Department, for officers, employees, and advisory committees not engaged in the process for the review of animal drug applications, be reduced to offset the number of officers, employees, and advisory committees engaged in the process for the review of animal drug applications.

(k) ABBREVIATED NEW ANIMAL DRUG APPLICATIONS.—The Secretary shall—

(1) to the extent practicable, segregate the review of abbreviated new animal drug applications from the process for the review of animal drug applications; and

(2) adopt other administrative procedures to ensure that review times of abbreviated new animal drug applications do not increase from their current level due to activities under the user fee program.

(l) REPEAL OF SECTION.—This section is repealed on October 1, 2028.

**§ 17928. Reauthorization; reporting requirements**

(a) PERFORMANCE REPORT.—Beginning with fiscal year 2024, not later than 120 days after the end of each

fiscal year during which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report concerning the progress of the FDA in achieving the goals identified in the letters described in section 2301(b) of the Animal Drug User Fee Amendments of 2023 (Public Law 118–15, div. B, title III, subtitle A, chapter 1, 137 Stat. 86) toward expediting the animal drug development process and the review of the new and supplemental animal drug applications and investigational animal drug submissions during the fiscal year, the future plans of the FDA for meeting the goals, the review times for abbreviated new animal drug applications, and the administrative procedures adopted by the FDA to ensure that review times for abbreviated new animal drug applications are not increased from their current level due to activities under the user fee program.

(b) FISCAL REPORT.—Beginning with fiscal year 2024, not later than 120 days after the end of each fiscal year during which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the

House of Representatives a report on the implementation of the authority for the fees during the fiscal year and the use, by the FDA, of the fees collected during the fiscal year for which the report is made.

(c) PUBLIC AVAILABILITY.—The Secretary shall make the reports required under subsections (a) and (b) available to the public on the FDA website.

(d) REAUTHORIZATION.—

(1) CONSULTATION.—In developing recommendations to present to Congress with respect to the goals, and plans for meeting the goals, for the process for the review of animal drug applications for the first 5 fiscal years after fiscal year 2028, and for the reauthorization of this subchapter for the fiscal years, the Secretary shall consult with—

(A) the Committee on Health, Education, Labor, and Pensions of the Senate;

(B) the Committee on Energy and Commerce of the House of Representatives;

(C) scientific and academic experts;

(D) veterinary professionals;

(E) representatives of patient and consumer advocacy groups; and

(F) the regulated industry.

(2) PRIOR PUBLIC INPUT.—Prior to beginning negotiations with the regulated industry on the reauthorization of this subchapter, the Secretary shall—

(A) publish a notice in the Federal Register requesting public input on the reauthorization;

(B) hold a public meeting at which the public may present its views on the reauthorization, including specific suggestions for changes to the goals referred to in subsection (a);

(C) provide a period of 30 days after the public meeting to obtain written comments from the public suggesting changes to this subchapter; and

(D) publish the comments on the FDA website.

(3) PERIODIC CONSULTATION.—Not less frequently than once every 4 months during negotiations with the regulated industry, the Secretary shall hold discussions with representatives of veterinary, patient, and consumer advocacy groups to continue discussions of their views on the reauthorization and their suggestions for changes to this subchapter as expressed under paragraph (2).

(4) PUBLIC REVIEW OF RECOMMENDATIONS.—After negotiations with the regulated industry, the Secretary shall—

(A) present the recommendations developed under paragraph (1) to the congressional committees specified in the paragraph;

(B) publish the recommendations in the Federal Register;

(C) provide for a period of 30 days for the public to provide written comments on the recommendations;

(D) hold a meeting at which the public may present its views on the recommendations; and

(E) after consideration of the public views and comments, revise the recommendations as necessary.

(5) TRANSMITTAL OF RECOMMENDATIONS.—Not later than January 15, 2028, the Secretary shall transmit to Congress the revised recommendations under paragraph (4), a summary of the views and comments received under the paragraph, and any changes made to the recommendations in response to the views and comments.

(6) MINUTES OF NEGOTIATION MEETINGS.—

(A) PUBLIC AVAILABILITY.—Before presenting the recommendations developed under paragraphs (1) through (5) to Congress, the Secretary shall make publicly available, on the FDA website, minutes of all negotiation meetings conducted under this subsection between the FDA and the regulated industry.

(B) CONTENT.—The minutes described under subparagraph (A) shall summarize any substantive proposal made by any party to the negotiations as well as significant controversies or differences of opinion during the negotiations and their resolution.

(e) REPEAL OF SECTION.—This section is repealed on January 31, 2029.

# Subchapter V—Fees Relating to Generic New Animal Drugs

## § 17936. Definitions

(a) IN GENERAL.—In this subchapter:

(1) ABBREVIATED APPLICATION.—

(A) IN GENERAL.—The term ''abbreviated application'' means an abbreviated application for the approval of any generic new animal drug submitted under section 13703(b) of this title.

(B) EXCLUSION.—The term ''abbreviated application'' does not include a supplemental abbreviated application.

(2) ADJUSTMENT FACTOR.—The term ''adjustment factor'' applicable to a fiscal year is the Consumer Price Index for all urban consumers (all items; United States city average) for October of the preceding fiscal year divided by—

(A) for purposes of section 17937(f)(1) of this title, the Index for October 2002; and

(B) for purposes of section 17937(g)(2)(A)(ii) of this title, the Index for October 2007.

(3) COSTS OF RESOURCES ALLOCATED FOR THE PROCESS FOR THE REVIEW OF ABBREVIATED APPLICATIONS.—The term ''costs of resources allocated for the process for the review of abbreviated applications'' means the expenses, in connection with the process for the review of abbreviated applications, for—

(A) officers and employees of the FDA, contractors of the FDA, advisory committees consulted with respect to the review of specific abbreviated applications, supplemental abbreviated applications, or investigational submis-

sions, and costs related to the officers, employees, committees, and contractors, including costs for travel, education, and recruitment and other personnel activities;

(B) management of information, and the acquisition, maintenance, and repair of computer resources;

(C) leasing, maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, scientific equipment, and other necessary materials and supplies; and

(D) collection of fees under section 17937 of this title and accounting for resources allocated for the review of abbreviated applications, supplemental abbreviated applications, and investigational submissions.

(4) FINAL DOSAGE FORM.—

(A) IN GENERAL.—The term ''final dosage form'' means, with respect to a generic new animal drug product, a finished dosage form that is approved for administration to an animal without substantial further manufacturing.

(B) INCLUSION.—The term ''final dosage form'' includes generic new animal drug products intended for mixing in animal feeds.

(5) GENERIC NEW ANIMAL DRUG.—The term ''generic new animal drug'' means a new animal drug that is the subject of an abbreviated application.

(6) GENERIC NEW ANIMAL DRUG PRODUCT.—The term ''generic new animal drug product'' means each specific strength or potency of a particular active ingredient or ingredients in final dosage form marketed by a particular manufacturer or distributor, which is uniquely identified by the labeler code and product code portions of the national drug code, and for which an abbreviated application or a supplemental abbreviated application has been approved.

(7) GENERIC NEW ANIMAL DRUG SPONSOR.—The term ''generic new animal drug sponsor'' means either an applicant named in an abbreviated application that has not been withdrawn by the applicant and for which approval has not been withdrawn by the Secretary, or a person that has submitted an investigational submission that has not been termi-

nated or otherwise rendered inactive by the Secretary.

(8) GENERIC INVESTIGATIONAL NEW ANIMAL DRUG MEETING REQUEST.—The term ''generic investigational new animal drug meeting request'' means a request submitted by a generic new animal drug sponsor to meet with the Secretary to discuss an investigational submission for a generic new animal drug.

(9) INVESTIGATIONAL SUBMISSION.—The term ''investigational submission'' means—

(A) the filing of a claim for an investigational exemption under section 13711 of this title for a generic new animal drug intended to be the subject of an abbreviated application or a supplemental abbreviated application; or

(B) the submission of information for the purpose of enabling the Secretary to evaluate the safety or effectiveness of a generic new animal drug in the event of the filing of an abbreviated application or supplemental abbreviated application for the drug.

(10) PERSON.—The term ''person'' includes an affiliate of the person (as the term is defined in section 17906(a) of this title).

(11) PROCESS FOR THE REVIEW OF ABBREVIATED APPLICATIONS.—The term ''process for the review of abbreviated applications'' means the following activities of the Secretary with respect to the review of abbreviated applications, supplemental abbreviated applications, and investigational submissions:

(A) The activities necessary for the review of abbreviated applications, supplemental abbreviated applications, and investigational submissions.

(B) The issuance of action letters that approve abbreviated applications or supplemental abbreviated applications or that set forth in detail the specific deficiencies in abbreviated applications, supplemental abbreviated applications, or investigational submissions and, where appropriate, the actions necessary to place the abbreviated applications, supplemental abbreviated applications, or investigational submissions in condition for approval.

(C) The inspection of generic new animal drug establishments and other facilities undertaken as part of the Secretary's review of pending abbreviated applications, supplemental ab-

breviated applications, and investigational submissions.

(D) Monitoring of research conducted in connection with the review of abbreviated applications, supplemental abbreviated applications, and investigational submissions.

(E) The development of regulations and policy related to the review of abbreviated applications, supplemental abbreviated applications, and investigational submissions.

(F) Development of standards for products subject to review.

(G) Meetings between the agency and the generic new animal drug sponsor.

(H) Review of advertising and labeling prior to approval of an abbreviated application or supplemental abbreviated application, but not after the application has been approved.

(I) The activities necessary for exploration and implementation of the United States and European Union Mutual Recognition Agreement for Pharmaceutical Good Manufacturing Practice Inspections, and the United States and United Kingdom Mutual Recognition Agreement Sectoral Annex for Pharmaceutical Good

Manufacturing Practices, and other mutual recognition agreements, with respect to generic new animal drug products subject to review, including implementation activities prior to and following product approval.

(12) REQUEST TO ESTABLISH A GENERIC INVESTIGATIONAL NEW ANIMAL DRUG FILE.—The term ″request to establish a generic investigational new animal drug file″ means the submission to the Secretary of a request to establish a generic investigational new animal drug file to contain investigational submissions for a generic new animal drug.

(13) SUPPLEMENTAL ABBREVIATED APPLICATION.—The term ''supplemental abbreviated application'' means a request to the Secretary to approve a change in an approved abbreviated application.

(b) REPEAL OF SECTION.—This section is repealed on October 1, 2028.

**§ 17937. Authority to assess and use generic new animal drug fees**

(a) TYPES OF FEES.—The Secretary shall assess and collect fees in accordance with this section as follows:

(1) ABBREVIATED APPLICATION FEE.—

(A) IN GENERAL.—Each person that submits an abbreviated application shall be subject

to a fee as established in subsection (c) for such an application.

(B) PAYMENT.—The fee required by subparagraph (A) shall be due on submission of the abbreviated application.

(C) EXCEPTIONS.—

(i) PREVIOUSLY FILED APPLICATION.—If an abbreviated application was submitted by a person that paid the fee for the abbreviated application, was accepted for filing, and was not approved or was withdrawn (without a waiver or refund), the submission of an abbreviated application for the same product by the same person (or the person's licensee, assignee, or successor) shall not be subject to a fee under subparagraph (A).

(ii) CERTAIN ABBREVIATED APPLICATIONS INVOLVING COMBINATION ANIMAL DRUGS.—An abbreviated application subject to the criteria in section 13705(d) of this title shall be subject to a fee equal to 50 percent of the amount of the abbreviated application fee established in subsection (c).

(D) REFUND OF FEE IF ABBREVIATED APPLICATION IS REFUSED FOR FILING.—The Secretary shall refund 75 percent of the fee paid under subparagraph (B) for any abbreviated application that is refused for filing.

(E) REFUND OF FEE IF APPLICATION WITHDRAWN.—

(i) IN GENERAL.—If an abbreviated application is withdrawn after the abbreviated application was filed, the Secretary may refund the fee or portion of the fee paid under subparagraph (B) if no substantial work was performed on the abbreviated application after the abbreviated application was filed.

(ii) SOLE DISCRETION.—The Secretary shall have the sole discretion to refund the fee under this subparagraph.

(iii) REVIEWABILITY.—A determination by the Secretary concerning a refund under this subparagraph shall not be reviewable.

(2) GENERIC NEW ANIMAL DRUG PRODUCT FEE.—

(A) IN GENERAL.—A person shall pay the annual fee established in subsection (c) for each generic new animal drug product for which an abbreviated application or supplemental abbreviated application has been submitted for listing under section 13136 of this title if the person—

(i) is named as the applicant in the abbreviated application or supplemental abbreviated application for the generic new animal drug product; and

(ii) after September 1, 2008, had pending before the Secretary an abbreviated application or supplemental abbreviated application.

(B) PAYMENT; FEE DUE DATE.—The fee under subparagraph (A) shall be payable for the fiscal year in which the generic new animal drug product is first submitted for listing under section 13136 of this title, or is submitted for relisting under section 13136 of this title if the generic new animal drug product has been withdrawn from listing and relisted. After the fee is paid for that fiscal year, the fee shall be due each subsequent fiscal year that the product remains listed, on the later of—

(i) the first business day after the date of enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section; or

(ii) January 31 of each year.

(C) LIMITATION.—The fee under subparagraph (A) shall be paid only once for each generic new animal drug product for a fiscal year in which the fee is payable.

(3) GENERIC NEW ANIMAL DRUG SPONSOR FEE.—

(A) IN GENERAL.—A person shall be assessed an annual generic new animal drug sponsor fee as established under subsection (c) if the person—

(i) meets the definition of a generic new animal drug sponsor within a fiscal year; and

(ii) after September 1, 2008, had pending before the Secretary an abbreviated application, a supplemental abbreviated application, or an investigational submission.

(B) PAYMENT; FEE DUE DATE.—The fee under subparagraph (A) shall be due each fiscal year on the later of—

(i) the first business day after the date of enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section; or

(ii) January 31 of each year.

(C) AMOUNT OF FEE.—Each generic new animal drug sponsor shall pay the fee under subparagraph (A) only once per year, as follows:

(i) One hundred percent of the amount of the generic new animal drug sponsor fee published for that fiscal year under subsection (c) for an applicant with more than 6 approved abbreviated applications.

(ii) Seventy-five percent of the amount of the generic new animal drug sponsor fee published for that fiscal year under subsection (c) for an applicant with more than 1 and fewer than 7 approved abbreviated applications.

(iii) Fifty percent of the amount of the generic new animal drug sponsor fee published for that fiscal year under subsection (c) for an applicant with 1 or fewer approved abbreviated applications.

(4) GENERIC INVESTIGATIONAL NEW ANIMAL DRUG FILE FEE.—

(A) IN GENERAL.—

(i) NEW FILE REQUEST.—Each person that submits a request to establish a generic investigational new animal drug file on or after October 1, 2023, shall be assessed a fee as established under subsection (c).

(ii) NEW SUBMISSION TO ESTABLISHED FILE.—Each person that makes a submission to a generic investigational new animal drug file on or after October 1, 2023, where the file was established prior to October 1, 2023, shall be assessed a fee for the first submission on or after October 1, 2023, as established under subsection (c).

(B) PAYMENT.—

(i) NEW FILE REQUEST.—The fee required by subparagraph (A)(i) shall be due on submission of the request to establish the generic investigational new animal drug file.

(ii) NEW SUBMISSION TO ESTABLISHED FILE.—The fee required by subparagraph (A)(ii) shall be due on the first submission to the generic investigational new animal drug file.

(C) EXCEPTIONS.—

(i) TERMINATING AN EXISTING GENERIC INVESTIGATIONAL NEW ANIMAL DRUG FILE.—If a person makes a submission to the generic investigational new animal drug file to terminate that file, the person shall not be subject to a fee under subparagraph (A)(ii) for that submission.

(ii) TRANSFERRING AN EXISTING GENERIC INVESTIGATIONAL NEW ANIMAL DRUG FILE.—If a person makes a submission to the generic investigational new animal drug file to transfer that file to a different generic new animal drug sponsor, the person shall not be subject to a fee

under subparagraph (A)(ii) for that submission.

(b) FEE REVENUE AMOUNTS.—

(1) IN GENERAL.—Subject to subsections (c), (d), (f), and (g), for each of fiscal years 2024 through 2028, the fees required under subsection (a) shall be established to generate a total revenue amount of $25,000,000.

(2) TYPES OF FEES.—Of the total revenue amount established for a fiscal year under paragraph (1)—

(A) 20 percent shall be derived from fees under subsection (a)(1) and fees under subsection (a)(4);

(B) 40 percent shall be derived from fees under subsection (a)(2); and

(C) 40 percent shall be derived from fees under subsection (a)(3).

(c) ANNUAL FEE SETTING; ADJUSTMENTS.—

(1) ANNUAL FEE SETTING.—The Secretary shall establish, not later than 60 days before the start of each fiscal year, for that fiscal year—

(A) abbreviated application fees that are based on the revenue amounts established under subsection (b), the adjustments provided

under this subsection, and the amount of fees anticipated to be collected under subsection (a)(4) during that fiscal year;

(B) generic new animal drug sponsor fees, and generic new animal drug product fees, based on the revenue amounts established under subsection (b) and the adjustments provided under this subsection; and

(C) a generic investigational new animal drug file fee of $50,000 for each request or submission described in subsection (a)(4)(A).

(2) INFLATION ADJUSTMENT.—

(A) IN GENERAL.—For fiscal year 2025 and subsequent fiscal years, the revenue amounts established under subsection (b) shall be adjusted by the Secretary by notice, published in the Federal Register, for a fiscal year, by multiplying the revenue amounts by an amount equal to the sum of—

(i) 1;

(ii) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid with respect to the positions for the first 3 of the pre-

ceding 4 fiscal years for which data are available, multiplied by the average proportion of personnel compensation and benefits costs to total FDA costs for the first 3 of the preceding 4 fiscal years for which data are available; and

(iii) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Arlington-Alexandria, DC–MD–VA–WV; not seasonally adjusted; all items less food and energy; annual index) for the first 3 of the preceding 4 years for which data are available multiplied by the average proportion of all costs other than personnel compensation and benefits costs to total FDA costs for the first 3 of the preceding 4 fiscal years for which data are available.

(B) COMPOUNDED BASIS.—The adjustment made each fiscal year after fiscal year 2025 under this paragraph shall be applied on a compounded basis to the revenue amount calculated under this paragraph for the most recent previous fiscal year.

(3) WORKLOAD ADJUSTMENTS.—

(A) IN GENERAL.—For fiscal year 2025 and subsequent fiscal years, after the fee revenue amounts established under subsection (b) are adjusted for inflation in accordance with paragraph (2), the fee revenue amounts shall be further adjusted for each such fiscal year to reflect changes in the workload of the Secretary for the process for the review of abbreviated applications, subject to subparagraphs (B) and (C). With respect to the adjustment—

(i) this adjustment shall be determined by the Secretary based on a weighted average of the change in the total number of abbreviated applications, manufacturing supplemental abbreviated applications, investigational generic new animal drug study submissions, investigational generic new animal drug protocol submissions, requests to establish a generic investigational new animal drug file, and generic investigational new animal drug meeting requests submitted to the Secretary;

(ii) if the workload adjustment calculated by the Secretary under clause (i) exceeds 25 percent, the Secretary shall use 25 percent for the adjustment; and

(iii) the Secretary shall publish in the Federal Register the fees resulting from this adjustment and the supporting methodologies.

(B) REDUCTION OF WORKLOAD-BASED INCREASE BY AMOUNT OF CERTAIN EXCESS COLLECTIONS.—For each of fiscal years 2026 through 2028, if application of the workload adjustment under subparagraph (A) increases the fee revenue amounts otherwise established for the fiscal year under subsection (b), as adjusted for inflation under paragraph (2), the fee revenue increase shall be reduced by the amount of any excess collections, as described in subsection (g)(4), for the second preceding fiscal year, up to the amount of the fee revenue increase.

(C) RULE OF APPLICATION.—The workload adjustments under this paragraph shall not result in fee revenues for a fiscal year that are less than the fee revenues for that fiscal

year established under subsection (b), as adjusted for inflation under paragraph (2).

(4) FINAL YEAR ADJUSTMENT.—

(A) IN GENERAL.—For fiscal year 2028, the Secretary may, in addition to other adjustments under this subsection, further increase the fees under this section, if such an adjustment is necessary, to provide for up to 3 months of operating reserves of carryover user fees for the process for the review of abbreviated applications for the first 3 months of fiscal year 2029.

(B) ADJUSTMENT NOT AUTHORIZED.—If the FDA has carryover balances for the process for the review of abbreviated applications in excess of 3 months of the operating reserves, an adjustment under this paragraph shall not be made.

(C) RATIONALE.—If an adjustment under this paragraph is necessary, the rationale for the amount of the increase shall be contained in the annual notice setting fees for fiscal year 2028.

(5) LIMIT.—The total amount of fees charged, as adjusted under this subsection, for a fiscal year,

may not exceed, for the fiscal year, the total costs of resources allocated for the process for the review of abbreviated applications.

(d) FEE WAIVER OR REDUCTION.—The Secretary shall grant a waiver from, or a reduction of, 1 or more fees assessed under subsection (a) where the Secretary finds that the generic new animal drug is intended solely to provide for a minor use or minor species indication.

(e) EFFECT OF FAILURE TO PAY FEES.—

(1) ABBREVIATED APPLICATIONS.—An abbreviated application submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for filing by the Secretary until all fees owed by the person have been paid.

(2) INVESTIGATIONAL SUBMISSIONS.—An investigational submission that is submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for review by the Secretary until all fees owed by the person have been paid.

(3) GENERIC INVESTIGATIONAL NEW ANIMAL DRUG FILE.—A request to establish a generic investigational new animal drug file that is submitted by a person subject to fees under subsection (a) shall

be considered incomplete and shall not be accepted for action by the Secretary until all fees owed by the person have been paid.

(4) DISCONTINUANCE OF REVIEW.—The Secretary may discontinue review of any abbreviated application, supplemental abbreviated application, or investigational submission from a person if the person has not submitted for payment all fees owed under this section by 30 days after the date on which they are due.

(f) ASSESSMENT OF FEES.—

(1) LIMITATION.—Fees may not be assessed under subsection (a) for a fiscal year unless appropriations for salaries and expenses of the FDA for the fiscal year (excluding the amount of fees appropriated for the fiscal year) are equal to or greater than the amount of appropriations for the salaries and expenses of the FDA for fiscal year 2003 (excluding the amount of fees appropriated for the fiscal year) multiplied by the adjustment factor applicable to the fiscal year involved.

(2) AUTHORITY.—If the Secretary does not assess fees under subsection (a) during any portion of a fiscal year because of paragraph (1) and if at a later date in the fiscal year the Secretary may assess

the fees, the Secretary may assess and collect the fees, without any modification in the rate, for abbreviated applications, generic new animal drug products, generic new animal drug sponsors, and generic investigational new animal drug files at any time in the fiscal year notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

(g) CREDITING AND AVAILABILITY OF FEES.—

(1) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Subject to paragraph (2)(C), fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts.

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to be appropriated to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salary and expenses with fiscal year limitation. The sums transferred shall be

available solely for the process for the review of abbreviated applications.

(2) COLLECTIONS AND APPROPRIATION ACTS.—

(A) IN GENERAL.—The fees authorized by this section—

(i) subject to subparagraph (C), shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation for the fiscal year; and

(ii) shall be available to defray increases in the costs of resources allocated for the process for the review of abbreviated applications (including increases in the costs for an additional number of full-time equivalent positions in the Department to be engaged in the process for the review of abbreviated applications) to the extent that those costs exceed the costs (excluding costs paid from fees collected under this section) for fiscal year 2008 multiplied by the adjustment factor.

(B) COMPLIANCE.—The Secretary shall be considered to have met the requirements of sub-

paragraph (A)(ii) in any fiscal year if the costs funded by appropriations and allocated for the process for the review of abbreviated applications—

(i) are not more than 3 percent below the level specified in subparagraph (A)(ii); or

(ii)(I) are more than 3 percent below the level specified in subparagraph (A)(ii), and fees assessed for the fiscal year following the subsequent fiscal year are decreased by the amount in excess of 3 percent by which the costs fell below the level specified in subparagraph (A)(ii); and

(II) are not more than 5 percent below the level specified in subparagraph (A)(ii).

(C) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for the fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

(3) AUTHORIZATION OF APPROPRIATIONS.—For each of the fiscal years 2024 through 2028, there is

authorized to be appropriated for fees under this section an amount equal to the total revenue amount established under subsection (b) for the fiscal year, as adjusted or otherwise affected under subsection (c).

(4) EXCESS COLLECTIONS.—If the sum total of fees collected under this section for a fiscal year exceeds the amount of fees authorized to be appropriated for the fiscal year under paragraph (3), the excess collections shall be credited to the appropriations account of the FDA as provided in paragraph (1).

(5) RECOVERY OF COLLECTION SHORTFALLS.—The amount of fees otherwise authorized to be collected under this section shall be increased—

(A) for fiscal year 2026, by the amount, if any, by which the amount collected under this section and appropriated for fiscal year 2024 falls below the amount of fees authorized for fiscal year 2024 under paragraph (3);

(B) for fiscal year 2027, by the amount, if any, by which the amount collected under this section and appropriated for fiscal year 2025 falls below the amount of fees authorized for fiscal year 2025 under paragraph (3); and

(C) for fiscal year 2028, by the amount, if any, by which the amount collected under this section and appropriated for fiscal years 2026 and 2027 (including estimated collections for fiscal year 2027) falls below the amount of fees authorized for those fiscal years under paragraph (3).

(h) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

(i) WRITTEN REQUESTS FOR WAIVERS, REDUCTIONS, AND REFUNDS.—To qualify for consideration for a waiver or reduction under subsection (d), or for a refund of any fee collected in accordance with subsection (a), a person shall submit to the Secretary a written request for the waiver, reduction, or refund not later than 180 days after the fee is due.

(j) CONSTRUCTION.—This section may not be construed to require that the number of full-time equivalent positions in the Department, for officers, employees, and advisory committees not engaged in the process for the review of abbreviated applications, be reduced to offset the

number of officers, employees, and advisory committees engaged in the process for the review of abbreviated applications.

(k) REPEAL OF SECTION.—This section is repealed on October 1, 2028.

**§ 17938. Reauthorization; reporting requirements**

(a) PERFORMANCE REPORTS.—Beginning with fiscal year 2024, not later than 120 days after the end of each fiscal year during which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report concerning the progress of the FDA in achieving the goals identified in the letters described in section 2311(b) of the Animal Generic Drug User Fee Amendments of 2023 (Public Law 118–15, div. B, title III, subtitle A, chapter 2, 137 Stat. 90) toward expediting the generic new animal drug development process and the review of abbreviated applications, supplemental abbreviated applications, and investigational submissions during the fiscal year.

(b) FISCAL REPORT.—Beginning with fiscal year 2024, not later than 120 days after the end of each fiscal year during which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee

on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report on the implementation of the authority for the fees during the fiscal year and the use, by the FDA, of the fees collected during the fiscal year for which the report is made.

(c) PUBLIC AVAILABILITY.—The Secretary shall make the reports required under subsections (a) and (b) available to the public on the FDA website.

(d) REAUTHORIZATION.—

(1) CONSULTATION.—In developing recommendations to present to Congress with respect to the goals, and plans for meeting the goals, for the process for the review of abbreviated applications for the first 5 fiscal years after fiscal year 2028, and for the reauthorization of this subchapter for the fiscal years, the Secretary shall consult with—

(A) the Committee on Energy and Commerce of the House of Representatives;

(B) the Committee on Health, Education, Labor, and Pensions of the Senate;

(C) scientific and academic experts;

(D) veterinary professionals;

(E) representatives of patient and consumer advocacy groups; and

(F) the regulated industry.

(2) PRIOR PUBLIC INPUT.—Prior to beginning negotiations with the regulated industry on the reauthorization of this subchapter, the Secretary shall—

(A) publish a notice in the Federal Register requesting public input on the reauthorization;

(B) hold a public meeting at which the public may present its views on the reauthorization, including specific suggestions for changes to the goals referred to in subsection (a);

(C) provide a period of 30 days after the public meeting to obtain written comments from the public suggesting changes to this subchapter; and

(D) publish the comments on the FDA website.

(3) PERIODIC CONSULTATION.—Not less frequently than once every 4 months during negotiations with the regulated industry, the Secretary shall hold discussions with representatives of veterinary, patient, and consumer advocacy groups to continue discussions of their views on the reauthorization and their suggestions for changes to this subchapter as expressed under paragraph (2).

(4) PUBLIC REVIEW OF RECOMMENDATIONS.—After negotiations with the regulated industry, the Secretary shall—

(A) present the recommendations developed under paragraph (1) to the congressional committees specified in paragraph (1);

(B) publish the recommendations in the Federal Register;

(C) provide for a period of 30 days for the public to provide written comments on the recommendations;

(D) hold a meeting at which the public may present its views on the recommendations; and

(E) after consideration of the public views and comments, revise the recommendations as necessary.

(5) TRANSMITTAL OF RECOMMENDATIONS.—Not later than January 15, 2028, the Secretary shall transmit to Congress the revised recommendations under paragraph (4), a summary of the views and comments received under paragraph (4), and any changes made to the recommendations in response to the views and comments.

(6) MINUTES OF NEGOTIATION MEETINGS.—

(A) PUBLIC AVAILABILITY.—Before presenting the recommendations developed under paragraphs (1) through (5) to Congress, the Secretary shall make publicly available, on the FDA website, minutes of all negotiation meetings conducted under this subsection between the FDA and the regulated industry.

(B) CONTENT.—The minutes described under subparagraph (A) shall summarize any substantive proposal made by any party to the negotiations as well as significant controversies or differences of opinion during the negotiations and their resolution.

(e) REPEAL OF SECTION.—This section is repealed on January 31, 2029.

# Subchapter VI—Fees Relating to Food

### § 17946. Definitions

In this subchapter:

(1) REINSPECTION.—The term ''reinspection'' means—

(A) with respect to domestic facilities (as defined in section 11117(a) of this title), 1 or more inspections conducted under section 17504 of this title subsequent to an inspection

conducted under section 17504 of this title that identified noncompliance materially related to a food safety requirement of this subtitle, specifically to determine whether compliance has been achieved to the Secretary's satisfaction; and

(B) with respect to importers, 1 or more examinations conducted under section 20101 of this title subsequent to an examination conducted under section 20101 of this title that identified noncompliance materially related to a food safety requirement of this subtitle, specifically to determine whether compliance has been achieved to the Secretary's satisfaction.

(2) REINSPECTION-RELATED COSTS.—The term ''reinspection-related costs'' means all expenses, including administrative expenses, incurred in connection with—

(A) arranging, conducting, and evaluating the results of reinspections; and

(B) assessing and collecting reinspection fees under this subchapter.

(3) RESPONSIBLE PARTY.—The term ''responsible party'' has the meaning given the term in section 11119(a)(2) of this title.

**§ 17947. Authority to collect and use fees**

(a) IN GENERAL.—For each fiscal year, the Secretary shall, in accordance with this section, assess and collect fees from—

(1) the responsible party for each domestic facility (as defined in section 11117(a) of this title) and the United States agent for each foreign facility subject to a reinspection in the fiscal year, to cover reinspection-related costs for the year;

(2) the responsible party for a domestic facility (as defined in section 11117(a) of this title) and an importer that does not comply with a recall order under section 11125 of this title or under section 11114(f) of this title in the fiscal year, to cover food recall activities associated with the order performed by the Secretary, including technical assistance, follow-up effectiveness checks, and public notifications, for the year;

(3) each importer participating in the voluntary qualified importer program under section 20106 of this title in the year, to cover the administrative costs of the program for the year; and

(4) each importer subject to a reinspection in the fiscal year, to cover reinspection-related costs for the year.

(b) ESTABLISHMENT OF FEES.—

(1) IN GENERAL.—Subject to subsections (c) and (d), the Secretary shall establish the fees to be collected under this section for each fiscal year, based on the methodology described under paragraph (2), and shall publish the fees in a Federal Register notice not later than 60 days before the start of each fiscal year.

(2) FEE METHODOLOGY.—

(A) FEES.—Fee amounts established for collection—

(i) under subsection (a)(1) for a fiscal year shall be based on the Secretary's estimate of 100 percent of the costs of the reinspection-related activities (including by type or level of reinspection activity, as the Secretary determines applicable) described in subsection (a)(1) for the year;

(ii) under subsection (a)(2) for a fiscal year shall be based on the Secretary's estimate of 100 percent of the costs of the activities described in subsection (a)(2) for the year;

(iii) under subsection (a)(3) for a fiscal year shall be based on the Secretary's estimate of 100 percent of the costs of the

activities described in subsection (a)(3) for the year; and

(iv) under subsection (a)(4) for a fiscal year shall be based on the Secretary's estimate of 100 percent of the costs of the activities described in subsection (a)(4) for the year.

(B) OTHER CONSIDERATIONS.—

(i) VOLUNTARY QUALIFIED IMPORTER PROGRAM.—In establishing the fee amounts under subparagraph (A)(iii) for a fiscal year, the Secretary shall provide for the number of importers that have submitted to the Secretary a notice under section 20106(d) of this title informing the Secretary of the intent of the importer to participate in the program under section 20106 of this title in the fiscal year.

(ii) CREDITING OF FEES.—In establishing the fee amounts under subparagraph (A) for a fiscal year, the Secretary shall provide for the crediting of fees from the previous year to the next year if the Secretary overestimated the amount of fees needed to carry out the activities, and con-

sider the need to account for any adjustment of fees and such other factors as the Secretary determines appropriate.

(iii) PUBLISHED GUIDELINES RELATING TO BURDEN ON SMALL BUSINESS.—

(I) IN GENERAL.—The Secretary shall publish in the Federal Register a proposed set of guidelines in consideration of the burden of fee amounts on small business.

(II) CONSIDERATION INCLUSIONS.—The consideration may include reduced fee amounts for small businesses.

(III) PUBLIC COMMENT.—The Secretary shall provide for a period of public comment on the guidelines.

(IV) ADJUSTMENT OF FEE SCHEDULE.—The Secretary shall adjust the fee schedule for small businesses subject to the fees only through notice and comment rulemaking.

(3) USE OF FEES.—The Secretary shall make all of the fees collected pursuant to clauses (i), (ii), (iii), and (iv) of paragraph (2)(A) available to pay

solely for the costs referred to in clauses (i), (ii), (iii), and (iv) of paragraph (2)(A), respectively.

(c) LIMITATIONS.—

(1) IN GENERAL.—Fees under subsection (a) shall be refunded for a fiscal year unless the amount of the total appropriations for food safety activities at the FDA for the fiscal year (excluding the amount of fees appropriated for the fiscal year) is equal to or greater than the amount of appropriations for food safety activities at the FDA for fiscal year 2009 (excluding the amount of fees appropriated for the fiscal year), multiplied by the adjustment factor under paragraph (3).

(2) AUTHORITY.—If the Secretary does not assess fees under subsection (a) for a portion of a fiscal year because paragraph (1) applies and if at a later date in the fiscal year, paragraph (1) ceases to apply, the Secretary may assess and collect the fees under subsection (a), without any modification to the rate of the fees, notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

(3) ADJUSTMENT FACTOR.—

(A) IN GENERAL.—The adjustment factor described in paragraph (1) shall be the total

percentage change that occurred in the Consumer Price Index for all urban consumers (all items; United States city average) for the 12-month period ending June 30 preceding the fiscal year, but the adjustment factor shall not be negative.

(B) COMPOUNDED BASIS.—The adjustment under subparagraph (A) made each fiscal year shall be added on a compounded basis to the sum of all adjustments made each fiscal year after fiscal year 2009.

(4) LIMITATION ON AMOUNT OF CERTAIN FEES.—

(A) IN GENERAL.—Notwithstanding any other provision of this section and subject to subparagraph (B), the Secretary may not collect fees in a fiscal year such that the amount collected—

(i) under subsection (a)(2) exceeds $20,000,000; and

(ii) under paragraphs (1) and (4) of subsection (a) exceeds $25,000,000 combined.

(B) EXCEPTION.—If a domestic facility (as defined in section 11117(a) of this title) or an

importer becomes subject to a fee described in paragraph (1), (2), or (4) of subsection (a) after the maximum amount of fees has been collected by the Secretary under subparagraph (A), the Secretary may collect a fee from the facility or importer.

(d) CREDITING AND AVAILABILITY OF FEES.—

(1) AVAILABILITY FOR OBLIGATION.—Fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in appropriations Acts.

(2) AVAILABLE UNTIL EXPENDED.—The fees are authorized to remain available until expended.

(3) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses account without fiscal year limitation to the appropriation account for salaries and expenses with fiscal year limitation. The sums transferred shall be available solely for the purpose of paying the operating expenses of the FDA employees and contractors performing activities associated with fees under subsection (a).

(e) COLLECTION OF FEES.—

(1) IN GENERAL.—The Secretary shall specify in the Federal Register notice described in sub-

section (b)(1) the time and manner in which fees assessed under this section shall be collected.

(2) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under this section within 30 days after it is due, the fee shall be treated as a claim of the United States Government subject to provisions of subchapter II of chapter 37 of title 31.

(f) ANNUAL REPORT TO CONGRESS.—Not later than 120 days after each fiscal year for which fees are assessed under this section, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report to include a description of fees assessed and collected for each such year and a summary description of the entities paying the fees and the types of business in which the entities engage.

(g) AUTHORIZATION OF APPROPRIATIONS.—For each fiscal year, there is authorized to be appropriated for fees under this section an amount equal to the total revenue amount determined under subsection (b) for the fiscal year, as adjusted or otherwise affected under the other provisions of this section.

# Subchapter VII—Fees Relating to Generic Drugs

## § 17951. Definitions

(a) IN GENERAL.—In this subchapter:

(1) ABBREVIATED NEW DRUG APPLICATION.—

(A) IN GENERAL.—The term ''abbreviated new drug application'' means an application submitted under section 13511 of this title, an abbreviated application submitted under section 507 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 357) (as in effect on November 20, 1997), or an abbreviated new drug application submitted pursuant to regulations in effect prior to the implementation of the Drug Price Competition and Patent Term Restoration Act of 1984 (Public Law 98–417, 98 Stat. 1585).

(B) EXCLUSIONS.—The term ''abbreviated new drug application'' does not include an application—

(i) for a positron emission tomography drug; or

(ii) submitted by a State or Federal governmental entity for a drug that is not distributed commercially.

(2) ACTIVE PHARMACEUTICAL INGREDIENT.—The term ''active pharmaceutical ingredient'' means—

(A) a substance, or a mixture when the substance is unstable or cannot be transported on its own, intended—

(i) to be used as a component of a drug; and

(ii) to furnish pharmacological activity or other direct effect in the diagnosis, cure, mitigation, treatment, or prevention of disease, or to affect the structure or any function of the human body; or

(B) a substance intended for final crystallization, purification, or salt formation, or any combination of those activities, to become a substance or mixture described in subparagraph (A).

(3) ADJUSTMENT FACTOR.—The term ''adjustment factor'' means a factor applicable to a fiscal year that is the Consumer Price Index for all urban consumers (all items; United States city average) for October of the preceding fiscal year divided by the Index for October 2011.

(4) AFFILIATE.—The term ''affiliate'' means a business entity that has a relationship with a second business entity if, directly or indirectly—

(A) 1 business entity controls, or has the power to control, the other business entity; or

(B) a third party controls, or has power to control, both of the business entities.

(5) CONTRACT MANUFACTURING ORGANIZATION FACILITY.—The term ''contract manufacturing organization facility'' means a manufacturing facility of a finished dosage form of a drug approved pursuant to an abbreviated new drug application, if the manufacturing facility is not identified in an approved abbreviated new drug application held by the owner of the facility or an affiliate of the owner or facility.

(6) FACILITY.—

(A) IN GENERAL.—The term ''facility'' means a business or other entity—

(i) under 1 management, either direct or indirect; and

(ii) at 1 geographic location or address engaged in manufacturing or processing an active pharmaceutical ingredient or a finished dosage form.

(B) EXCLUSION.—The term ''facility'' does not include a business or other entity whose only manufacturing or processing activities are 1 or more of the following: repackaging, relabeling, or testing.

(C) GEOGRAPHIC LOCATION.—For purposes of subparagraph (A), separate buildings within close proximity are considered to be at 1 geographic location or address if the activities in them are—

(i) closely related to the same business enterprise;

(ii) under the supervision of the same local management; and

(iii) capable of being inspected by the FDA during a single inspection.

(D) MULTIPLE MANAGEMENT.—If a business or other entity otherwise meets the definition of a facility under this paragraph but for being under multiple management, the business or other entity is deemed to constitute multiple facilities, 1 per management entity, for purposes of this paragraph.

(7) FINISHED DOSAGE FORM .—The term ''finished dosage form'' means—

(A) a drug product in the form in which it will be administered to a patient, such as a tablet, capsule, solution, or topical application;

(B) a drug product in a form in which reconstitution is necessary prior to administration to a patient, such as oral suspensions or lyophilized powders; or

(C) any combination of an active pharmaceutical ingredient with another component of a drug product for purposes of production of a drug product described in subparagraph (A) or (B).

(8) GENERIC DRUG SUBMISSION.—The term ''generic drug submission'' means an abbreviated new drug application, an amendment to an abbreviated new drug application, or a prior approval supplement to an abbreviated new drug application.

(9) HUMAN GENERIC DRUG ACTIVITIES.—The term ''human generic drug activities'' means the following activities of the Secretary associated with generic drugs and inspection of facilities associated with generic drugs:

(A) The activities necessary for the review of generic drug submissions, including review of drug master files referenced in the submissions.

(B) The issuance of—

(i) approval letters that approve abbreviated new drug applications or supplements to the applications; or

(ii) complete response letters that set forth in detail the specific deficiencies in abbreviated new drug applications and, if appropriate, the actions necessary to place the applications in condition for approval.

(C) The issuance of letters related to Type II active pharmaceutical drug master files that—

(i) set forth in detail the specific deficiencies in the submissions, and if appropriate, the actions necessary to resolve those deficiencies; or

(ii) document that no deficiencies need to be addressed.

(D) Inspections related to generic drugs.

(E) Monitoring of research conducted in connection with the review of generic drug submissions and drug master files.

(F) Postmarket safety activities with respect to drugs approved under abbreviated new

drug applications or supplements, including the following activities:

(i) Collecting, developing, and reviewing safety information on approved drugs, including adverse event reports.

(ii) Developing and using improved adverse-event data-collection systems, including information technology systems.

(iii) Developing and using improved analytical tools to assess potential safety problems, including access to external databases.

(iv) Implementing and enforcing section 13515 of this title and section 13516 of this title to the extent that those activities relate to abbreviated new drug applications.

(v) Carrying out section 13512(e) of this title.

(G) Regulatory science activities related to generic drugs.

(10) POSITRON EMISSION TOMOGRAPHY DRUG.—The term ''positron emission tomography drug'' has the meaning given the term ''compounded positron emission tomography drug'' in section

10101(a)(9) of this title, except that subparagraph (A)(ii) of that section does not apply.

(11) PRIOR APPROVAL SUPPLEMENT.—The term ''prior approval supplement'' means a request to the Secretary to approve a change in the drug substance, drug product, production process, quality controls, equipment, or facilities covered by an approved abbreviated new drug application when that change has a substantial potential to have an adverse effect on the identity, strength, quality, purity, or potency of the drug product as these factors may relate to the safety or effectiveness of the drug product.

(12) RESOURCES ALLOCATED FOR HUMAN GENERIC DRUG ACTIVITIES.—The term ''resources allocated for human generic drug activities'' means the expenses for—

(A) officers and employees of the FDA, contractors of the FDA, advisory committees, and costs related to the officers and employees and to contracts with the contractors;

(B) management of information, and the acquisition, maintenance, and repair of computer resources;

(C) leasing, maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, scientific equipment, and other necessary materials and supplies; and

(D) collection of fees under section 17952 of this title and accounting for resources allocated for the review of abbreviated new drug applications and supplements and inspection related to generic drugs.

(13) TYPE II ACTIVE PHARMACEUTICAL INGREDIENT DRUG MASTER FILE.—The term ''Type II active pharmaceutical ingredient drug master file'' means a submission of information to the Secretary by a person that intends to authorize the FDA to reference the information to support approval of a generic drug submission without the submitter having to disclose the information to the generic drug submission applicant.

(b) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17952. Authority to assess and use human generic drug fees**

(a) TYPES OF FEES.—Beginning in fiscal year 2023, the Secretary shall assess and collect fees in accordance with this section as follows:

(1) ONE-TIME BACKLOG FEE FOR ABBREVIATED NEW DRUG APPLICATIONS PENDING ON OCTOBER 1, 2012.—

(A) IN GENERAL.—Each person that owns an abbreviated new drug application that is pending on October 1, 2012, and that has not received a tentative approval prior to that date, shall be subject to a fee for each such application, as calculated under subparagraph (B).

(B) METHOD OF FEE AMOUNT CALCULATION.—The amount of each 1-time backlog fee shall be calculated by dividing $50,000,000 by the total number of abbreviated new drug applications pending on October 1, 2012, that have not received a tentative approval as of that date.

(C) NOTICE.—Not later than October 31, 2012, the Secretary shall publish in the Federal Register a notice announcing the amount of the fee required by subparagraph (A).

(D) FEE DUE DATE.—The fee required by subparagraph (A) shall be due not later than 30 calendar days after the date of the publication of the notice specified in subparagraph (C).

(2) DRUG MASTER FILE FEE.—

(A) IN GENERAL.—Each person that owns a Type II active pharmaceutical ingredient drug master file that is referenced on or after October 1, 2012, in a generic drug submission by any initial letter of authorization shall be subject to a drug master file fee.

(B) ONE-TIME PAYMENT.—If a person has paid a drug master file fee for a Type II active pharmaceutical ingredient drug master file, the person shall not be required to pay a subsequent drug master file fee if that Type II active pharmaceutical ingredient drug master file is subsequently referenced in generic drug submissions.

(C) NOTICE.—Not later than 60 days before the start of each of fiscal years 2023 through 2027, the Secretary shall publish in the Federal Register the amount of the drug master file fee established by this paragraph for the fiscal year.

(D) AVAILABILITY FOR REFERENCE.—

(i) IN GENERAL.—Subject to subsection (g)(2)(C), for a generic drug submission to reference a Type II active pharmaceutical ingredient drug master file, the drug master file shall be deemed available for reference by the Secretary.

(ii) CONDITIONS.—A drug master file shall be deemed available for reference by the Secretary if—

(I) the person that owns a Type II active pharmaceutical ingredient drug master file has paid the fee required under subparagraph (A) within 20 calendar days after the applicable due date under subparagraph (E); and

(II) the drug master file has not failed an initial completeness assessment by the Secretary, in accordance with criteria to be published by the Secretary.

(iii) LIST.—The Secretary shall make publicly available on the FDA website a list of the drug master file numbers that

correspond to drug master files that have successfully undergone an initial completeness assessment, in accordance with criteria to be published by the Secretary, and are available for reference.

(E) FEE DUE DATE.—

(i) IN GENERAL.—Subject to clause (ii), a drug master file fee shall be due on the earlier of—

(I) the date on which the first generic drug submission is submitted that references the associated Type II active pharmaceutical ingredient drug master file; or

(II) the date on which the drug master file holder requests the initial completeness assessment.

(ii) LIMITATION.—No fee shall be due under subparagraph (A) for a fiscal year until the later of—

(I) 30 calendar days after publication of the notice provided for in subparagraph (C); or

(II) 30 calendar days after the date of enactment of an appropria-

tions Act providing for the collection and obligation of fees for the year under this section.

(3) ABBREVIATED NEW DRUG APPLICATION FILING FEE.—

(A) IN GENERAL.—Each applicant that submits an abbreviated new drug application shall be subject to a fee for each such submission in the amount established under subsection (d).

(B) NOTICE.—Not later than 60 days before the start of each of fiscal years 2023 through 2027, the Secretary shall publish in the Federal Register the amount of the fees under subparagraph (A) for the fiscal year.

(C) FEE DUE DATE.—The fees required by subparagraphs (A) and (F) shall be due not later than the date of submission of the abbreviated new drug application or prior approval supplement for which the fee applies.

(D) REFUND OF FEE IF ABBREVIATED NEW DRUG APPLICATION IS NOT CONSIDERED TO HAVE BEEN RECEIVED, IS WITHDRAWN PRIOR TO BEING RECEIVED, OR IS NO LONGER RECEIVED.—

(i) ABBREVIATED NEW DRUG APPLICATIONS NOT CONSIDERED TO HAVE BEEN RECEIVED OR WITHDRAWN PRIOR TO BEING RECEIVED.—The Secretary shall refund 75 percent of the fee paid under subparagraph (A) for any abbreviated new drug application that the Secretary considers not to have been received within the meaning of section 13511(f)(1) of this title for a cause other than failure to pay fees, or that has been withdrawn prior to being received within the meaning of section 13511(f)(1) of this title.

(ii) ABBREVIATED NEW DRUG APPLICATIONS NO LONGER RECEIVED.—The Secretary shall refund 100 percent of the fee paid under subparagraph (A) for any abbreviated new drug application if the Secretary initially receives the abbreviated new drug application under section 13511(f)(1) of this title and subsequently determines that an exclusivity period for a listed drug should have prevented the Secretary from receiving the abbreviated new drug application, such that the abbreviated

new drug application is no longer received within the meaning of section 13511(f)(1) of this title.

(E) FEE FOR AN ABBREVIATED NEW DRUG APPLICATION THE SECRETARY CONSIDERS NOT TO HAVE BEEN RECEIVED OR HAS BEEN WITHDRAWN.—An abbreviated new drug application that was submitted and that the Secretary considers not to have been received, or that has been withdrawn, shall, on resubmission of the application or a subsequent new submission following the applicant's withdrawal of the application, be subject to a full fee under subparagraph (A).

(F) ADDITIONAL FEE FOR ACTIVE PHARMACEUTICAL INGREDIENT INFORMATION NOT INCLUDED BY REFERENCE TO TYPE II ACTIVE PHARMACEUTICAL INGREDIENT DRUG MASTER FILE.—An applicant that submits a generic drug submission on or after October 1, 2017, shall pay a fee, in the amount determined under subsection (d)(2), in addition to the fee required under subparagraph (A), if—

(i) the submission contains information concerning the manufacture of an ac-

tive pharmaceutical ingredient at a facility by means other than reference by a letter of authorization to a Type II active pharmaceutical drug master file; and

(ii) a fee in the amount equal to the drug master file fee established in paragraph (2) has not been previously paid with respect to the information.

(4) GENERIC DRUG FACILITY FEE AND ACTIVE PHARMACEUTICAL INGREDIENT FACILITY FEE.—

(A) IN GENERAL.—Facilities identified in at least 1 generic drug submission that is approved to produce a finished dosage form of a human generic drug or an active pharmaceutical ingredient contained in a human generic drug shall be subject to fees as follows:

(i) GENERIC DRUG FACILITY.—Each person that owns a facility that is identified in at least 1 generic drug submission that is approved to produce 1 or more finished dosage forms of a human generic drug shall be assessed an annual fee for each such facility.

(ii) ACTIVE PHARMACEUTICAL INGREDIENT FACILITY.—Each person that owns

a facility that is identified in at least 1 generic drug submission in which the facility is approved to produce 1 or more active pharmaceutical ingredients or in a Type II active pharmaceutical ingredient drug master file referenced in at least 1 such generic drug submission, shall be assessed an annual fee for each such facility.

(iii) FACILITIES PRODUCING BOTH ACTIVE PHARMACEUTICAL INGREDIENTS AND FINISHED DOSAGE FORMS.—Each person that owns a facility identified in at least 1 generic drug submission that is approved to produce both 1 or more finished dosage forms subject to clause (i) and 1 or more active pharmaceutical ingredients subject to clause (ii) shall be subject only to the fee attributable to the manufacture of the finished dosage forms for that facility.

(B) AMOUNT.—The amount of fees established under subparagraph (A) shall be established under subsection (d).

(C) NOTICE.—Within the timeframe specified in subsection (d)(1), the Secretary shall publish in the Federal Register the amount of

the fees under subparagraph (A) for the fiscal year.

(D) FEE DUE DATE.—For each of fiscal years 2023 through 2027, the fees under subparagraph (A) for the fiscal year shall be due on the later of—

(i) the first business day on or after October 1 of each such year; or

(ii) the first business day after the enactment of an appropriations Act providing for the collection and obligation of fees for the year under this section for the year.

(5) GENERIC DRUG APPLICANT PROGRAM FEE.—

(A) IN GENERAL.—A generic drug applicant program fee shall be assessed annually as described in subsection (b)(2)(E).

(B) AMOUNT.—The amount of fees established under subparagraph (A) shall be established under subsection (d).

(C) NOTICE.—Within the timeframe specified in subsection (d)(1), the Secretary shall publish in the Federal Register the amount of the fees under subparagraph (A) for the fiscal year.

(D) FEE DUE DATE.—For each of fiscal years 2023 through 2027, the fees under subparagraph (A) for the fiscal year shall be due on the later of—

(i) the first business day on or after October 1 of each such fiscal year; or

(ii) the first business day after the date of enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section for the fiscal year.

(6) DATE OF SUBMISSION.—For purposes of this subtitle, a generic drug submission or Type II active pharmaceutical ingredient drug master file is deemed to be ''submitted'' to the FDA—

(A) if it is submitted via an electronic gateway of the FDA, on the day when transmission to that electronic gateway is completed, except that a submission or master file that arrives on a weekend, Federal holiday, or day when the FDA office that will review that submission is not otherwise open for business shall be deemed to be submitted on the next day when that office is open for business; or

(B) if it is submitted in physical media form, on the day it arrives at the appropriate designated document room of the FDA.

(b) FEE REVENUE AMOUNTS.—

(1) IN GENERAL.—

(A) FISCAL YEAR 2023.—For fiscal year 2023, fees under subsection (a) shall be established to generate a total estimated revenue amount under subsection (a) of $582,500,000.

(B) FISCAL YEARS 2024 THROUGH 2027.—

(i) IN GENERAL.—For each of the fiscal years 2024 through 2027, fees under paragraphs (2) through (5) of subsection (a) shall be established to generate a total estimated revenue amount under the subsection that is equal to the base revenue amount for the fiscal year under clause (ii), as adjusted pursuant to subsection (c).

(ii) BASE REVENUE AMOUNT.—The base revenue amount for a fiscal year referred to in clause (i) is equal to the total revenue amount established under this paragraph for the previous fiscal year, not including any adjustments made for the

previous fiscal year under subsection (c)(3).

(2) TYPES OF FEES.—In establishing fees under paragraph (1) to generate the revenue amounts specified in paragraph (1) for a fiscal year, the fees shall be derived from the fees under paragraphs (2) through (5) of subsection (a) as follows:

(A) Five percent shall be derived from fees under subsection (a)(2) (relating to drug master files).

(B) Thirty-three percent shall be derived from fees under subsection (a)(3) (relating to abbreviated new drug applications).

(C) Twenty percent shall be derived from fees under subsection (a)(4)(A)(i) (relating to generic drug facilities). The amount of the fee for a contract manufacturing organization facility shall be equal to 24 percent of the fee for a facility that is not a contract manufacturing organization facility. The amount of the fee for a facility located outside the United States and territories of the United States shall be $15,000 higher than the amount of the fee for a facility located in the United States and territories of the United States.

(D) Six percent shall be derived from fees under subsection (a)(4)(A)(ii) (relating to active pharmaceutical ingredient facilities). The amount of the fee for a facility located outside the United States and territories of the United States shall be $15,000 higher than the amount of the fee for a facility located in the United States, including territories of the United States.

(E)(i) Thirty-six percent shall be derived from fees under subsection (a)(5) (relating to generic drug applicant program fees). For purposes of this subparagraph, if a person has affiliates, a single program fee shall be assessed with respect to that person, including its affiliates, and may be paid by that person or any one of its affiliates. The Secretary shall determine the fees as follows:

(I) If a person (including its affiliates) owns at least 1 but not more than 5 approved abbreviated new drug applications on the due date for the fee under this subsection, the person (including its affiliates) shall be assessed a small business generic drug applicant program fee equal to $^1/_{10}$ of

the large size operation generic drug applicant program fee.

(II) If a person (including its affiliates) owns at least 6 but not more than 19 approved abbreviated new drug applications on the due date for the fee under this subsection, the person (including its affiliates) shall be assessed a medium-size operation generic drug applicant program fee equal to ⅖ of the large-size operation generic drug applicant program fee.

(III) If a person (including its affiliates) owns 20 or more approved abbreviated new drug applications on the due date for the fee under this subsection, the person (including its affiliates) shall be assessed a large-size operation generic drug applicant program fee.

(ii) For purposes of this subparagraph, an abbreviated new drug application shall be deemed not to be approved if the applicant has submitted a written request for withdrawal of approval of the abbreviated new drug application by April 1 of the previous fiscal year.

(c) ADJUSTMENTS.—

(1) INFLATION ADJUSTMENT.—For fiscal year 2024 and subsequent fiscal years, the revenues established in subsection (b) shall be adjusted by the Secretary by notice, published in the Federal Register, for a fiscal year, to equal the base revenue amount for the fiscal year (as specified in subsection (b)(1)(B)(ii)) multiplied by an amount equal to the sum of—

(A) 1;

(B) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid with respect to the positions for the first 3 years of the preceding 4 fiscal years multiplied by the proportion of personnel compensation and benefits costs to total costs of human generic drug activities for the first 3 years of the preceding 4 fiscal years; and

(C) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Arlington-Alexandria, DC–VA–MD–WV; Not Seasonally Adjusted; All items; Annual Index) for the first 3 years of the preceding 4 years of available data multiplied by the proportion of all costs other

than personnel compensation and benefits costs to total costs of human generic drug activities for the first 3 years of the preceding 4 fiscal years.

(2) CAPACITY PLANNING ADJUSTMENT.—

(A) IN GENERAL.—Beginning with fiscal year 2024, the Secretary shall, in addition to the adjustment under paragraph (1), further increase the fee revenue and fees under this section for a fiscal year, in accordance with this paragraph, to reflect changes in the resource capacity needs of the Secretary for human generic drug activities.

(B) CAPACITY PLANNING METHODOLOGY.—The Secretary shall establish a capacity planning methodology for purposes of this paragraph, which shall—

(i) be derived from the methodology and recommendations made in the report titled ''Independent Evaluation of the GDUFA Resource Capacity Planning Adjustment Methodology: Evaluation and Recommendations'' announced in the Federal Register on August 3, 2020 (85 Fed. Reg. 46658); and

(ii) incorporate approaches and attributes determined appropriate by the Secretary, including approaches and attributes made in the report described in clause (i), except that in incorporating the approaches and attributes, the workload categories used in forecasting resources shall only be the workload categories specified in section VIII.B.2.e. of the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155).

(C) LIMITATIONS.—

(i) IN GENERAL.—An adjustment under this paragraph shall not result in fee revenue for a fiscal year that is less than the sum of the amounts under subsection (b)(1)(B)(ii) (the base revenue amount for the fiscal year) and paragraph (1) (the dollar amount of the inflation adjustment for the fiscal year).

(ii) ADDITIONAL LIMITATION.—An adjustment under this paragraph shall not exceed 3 percent of the sum described in

clause (i) for the fiscal year, except that the limitation shall be 4 percent if—

(I) for purposes of a fiscal year 2024 adjustment, the Secretary determines that during the period from April 1, 2021, through March 31, 2023—

(aa) the total number of abbreviated new drug applications submitted was greater than or equal to 2,000; or

(bb) 35 percent or more of abbreviated new drug applications submitted related to complex products (as that term is defined in section XI of the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155));

(II) for purposes of a fiscal year 2025 adjustment, the Secretary determines that during the period from

April 1, 2022, through March 31, 2024—

(aa) the total number of abbreviated new drug applications submitted was greater than or equal to 2,300; or

(bb) 35 percent or more of abbreviated new drug applications submitted related to complex products (as that term is defined in section XI of the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155));

(III) for purposes of a fiscal year 2026 adjustment, the Secretary determines that during the period from April 1, 2023, through March 31, 2025—

(aa) the total number of abbreviated new drug applications submitted was greater than or equal to 2,300; or

(bb) 35 percent or more of abbreviated new drug applications submitted related to complex products (as that term is defined in section XI of the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155)); and

(IV) for purposes of a fiscal year 2027 adjustment, the Secretary determines that during the period from April 1, 2024, through March 31, 2026—

(aa) the total number of abbreviated new drug applications submitted was greater than or equal to 2,300; or

(bb) 35 percent or more of abbreviated new drug applications submitted related to complex products (as that term is defined in section XI of the letters described in section 3001(b) of

the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155)).

(D) PUBLICATION IN FEDERAL REGISTER.—The Secretary shall publish, in the Federal Register notice referred to in subsection (a), the fee revenue and fees resulting from the adjustment and the methodology under this paragraph.

(3) OPERATING RESERVE ADJUSTMENT.—

(A) IN GENERAL.—For fiscal year 2024 and each subsequent fiscal year, the Secretary may, in addition to adjustments under paragraphs (1) and (2), further increase the fee revenue and fees under this section for the fiscal year if the increase is necessary to provide operating reserves of carryover user fees for human generic drug activities for not more than the number of weeks specified in subparagraph (B) with respect to that fiscal year.

(B) NUMBER OF WEEKS.—The number of weeks specified in this subparagraph is—

(i) 8 weeks for fiscal year 2024;

(ii) 9 weeks for fiscal year 2025; and

(iii) 10 weeks for each of fiscal years 2026 and 2027.

(C) DECREASE.—If the Secretary has carryover balances for human generic drug activities in excess of 12 weeks of the operating reserves referred to in subparagraph (A), the Secretary shall decrease the fee revenue and fees referred to in subparagraph (A) to provide for not more than 12 weeks of the operating reserves.

(D) RATIONALE FOR ADJUSTMENT.—If an adjustment under this paragraph is made, the rationale for the amount of the increase or decrease (as applicable) in fee revenue and fees shall be contained in the annual Federal Register notice under subsection (a) publishing the fee revenue and fees for the fiscal year involved.

(d) ANNUAL FEE SETTING.—

(1) FISCAL YEARS 2023 THROUGH 2027.—Not later than 60 days before the first day of each of fiscal years 2023 through 2027, the Secretary shall establish the fees described in paragraphs (2) through (5) of subsection (a), based on the revenue amounts established under subsection (b) and the adjustments provided under subsection (c).

(2) FEE FOR ACTIVE PHARMACEUTICAL INGREDIENT INFORMATION NOT INCLUDED BY REFERENCE TO TYPE II ACTIVE PHARMACEUTICAL INGREDIENT DRUG MASTER FILE.—In establishing the fee under paragraph (1), the amount of the fee under subsection (a)(3)(F) shall be determined by multiplying—

(A) the sum of—

(i) the total number of the active pharmaceutical ingredients in the submission; and

(ii) for each such ingredient that is manufactured at more than 1 such facility, the total number of the additional facilities; and

(B) the amount equal to the drug master file fee established in subsection (a)(2) for the submission.

(e) LIMITATIONS.—

(1) IN GENERAL.—The total amount of fees charged, as adjusted under subsection (c), for a fiscal year may not exceed the total costs for the fiscal year for the resources allocated for human generic drug activities.

(2) LEASING AND NECESSARY EQUIPMENT.—Beginning on October 1, 2023, the authorities under section 17951(a)(12)(C) of this title shall include only leasing and necessary scientific equipment.

(f) IDENTIFICATION OF FACILITIES.—

(1) REQUIRED SUBMISSION OF FACILITY IDENTIFICATION.—Each person that owns a facility described in subsection (a)(4)(A) or a site or organization required to be identified by paragraph (3) shall submit to the Secretary the information required under this subsection each year. The information shall, for each fiscal year, be submitted, updated, or reconfirmed on or before June 1 of the previous fiscal year.

(2) INFORMATION REQUIRED TO BE SUBMITTED.—At a minimum, the submission required by paragraph (1) shall include for each such facility—

(A) identification of a facility identified in an approved or pending generic drug submission;

(B) whether the facility manufactures active pharmaceutical ingredients or finished dosage forms, or both;

(C) whether or not the facility is located within the United States and territories of the United States;

(D) whether the facility manufactures positron emission tomography drugs solely or in addition to other drugs;

(E) whether the facility manufactures drugs that are not generic drugs; and

(F) whether the facility is a contract manufacturing organization facility.

(3) CERTAIN SITES AND ORGANIZATIONS.—

(A) IN GENERAL.—Any person that owns or operates a site or organization described in subparagraph (B) shall submit to the Secretary information concerning the ownership, name, and address of the site or organization.

(B) SITES AND ORGANIZATIONS.—A site or organization is described in this subparagraph if it is identified in a generic drug submission and is—

(i) a site in which a bioanalytical study is conducted;

(ii) a clinical research organization;

(iii) a contract analytical testing site; or

(iv) a contract repackager site.

(C) NOTICE.—The Secretary may, by notice published in the Federal Register, specify the means and format for submission of the information under subparagraph (A) and may specify, as necessary for purposes of this section, any additional information to be submitted.

(D) INSPECTION AUTHORITY.—The Secretary's inspection authority under section 17504(a)(1) of this title shall extend to all such sites and organizations.

(g) EFFECT OF FAILURE TO PAY FEES.—

(1) GENERIC DRUG BACKLOG FEE.—Failure to pay the fee under subsection (a)(1) shall result in the Secretary placing the person that owns the abbreviated new drug application subject to that fee on a publicly available arrears list, such that no new abbreviated new drug applications or supplement submitted from that person, or any affiliate of that person, will be received within the meaning of section 13511(f)(1) of this title until the outstanding fee is paid.

(2) DRUG MASTER FILE FEE.—

(A) IN GENERAL.—Failure to pay the fee under subsection (a)(2) within 20 calendar days after the applicable due date under subparagraph (E) of subsection (a)(2) (as described in subsection (a)(2)(D)(ii)(I)) shall result in the Type II active pharmaceutical ingredient drug master file not being deemed available for reference.

(B) AVAILABLE FOR REFERENCE.—

(i) IN GENERAL.—Any generic drug submission submitted that references, by a letter of authorization, a Type II active pharmaceutical ingredient drug master file that has not been deemed available for reference shall not be received within the meaning of section 13511(f)(1) of this title unless the condition specified in clause (ii) is met.

(ii) CONDITION.—The condition specified in this clause is that the fee established under subsection (a)(2) has been paid within 20 calendar days of the Secretary providing the notification to the sponsor of the abbreviated new drug application or supplement of the failure of the

owner of the Type II active pharmaceutical ingredient drug master file to pay the drug master file fee as specified in subparagraph (C).

(C) NOTIFICATION.—

(i) IN GENERAL.—If an abbreviated new drug application or supplement to an abbreviated new drug application references a Type II active pharmaceutical ingredient drug master file for which a fee under subsection (a)(2)(A) has not been paid by the applicable date under subsection (a)(2)(E), the Secretary shall notify the sponsor of the abbreviated new drug application or supplement of the failure of the owner of the Type II active pharmaceutical ingredient drug master file to pay the applicable fee.

(ii) NOT RECEIVED.—If the fee is not paid within 20 calendar days of the Secretary providing the notification, the abbreviated new drug application or supplement to an abbreviated new drug application shall not be received within the meaning of section 13511(f)(1) of this title.

(3) ABBREVIATED NEW DRUG APPLICATION FEE.—Failure to pay a fee under subparagraph (A) or (F) of subsection (a)(3) within 20 calendar days of the applicable due date under subparagraph (C) of subsection (a)(3) shall result in the abbreviated new drug application or the prior approval supplement to an abbreviated new drug application not being received within the meaning of section 13511(f)(1) of this title until the outstanding fee is paid.

(4) GENERIC DRUG FACILITY FEE AND ACTIVE PHARMACEUTICAL INGREDIENT FACILITY FEE.—

(A) IN GENERAL.—Failure to pay the fee under subsection (a)(4) within 20 calendar days of the due date as specified in subparagraph (D) of subsection (a)(4) shall result in the following:

(i) ARREARS LIST.—The Secretary shall place the facility on a publicly available arrears list, such that no new abbreviated new drug application or supplement submitted from the person that is responsible for paying the fee, or any affiliate of that person, will be received within the

meaning of section 13511(f)(1) of this title.

(ii) SUBMISSION NOT TO BE RECEIVED.—Any new generic drug submission submitted that references such a facility shall not be received within the meaning of section 13511(f)(1) of this title if the outstanding facility fee is not paid within 20 calendar days of the Secretary providing the notification to the sponsor of the failure of the owner of the facility to pay the facility fee under subsection (a)(4)(C).

(iii) MISBRANDED.—All drugs or active pharmaceutical ingredients manufactured in such a facility or containing an ingredient manufactured in such a facility shall be deemed misbranded under section 13324 of this title.

(B) APPLICATION OF PENALTIES.—The penalties under this paragraph shall apply until the fee established by subsection (a)(4) is paid or the facility is removed from all generic drug submissions that refer to the facility.

(C) APPLICATION NOT TO BE RECEIVED ON NONPAYMENT.—

(i) NOTICE.—If an abbreviated new drug application or supplement to an abbreviated new drug application submitted references a facility for which a facility fee has not been paid by the applicable date under subsection (a)(4)(C), the Secretary shall notify the sponsor of the generic drug submission of the failure of the owner of the facility to pay the facility fee.

(ii) NOT TO BE RECEIVED.—If the facility fee is not paid within 20 calendar days of the Secretary providing the notification under clause (i), the abbreviated new drug application or supplement to an abbreviated new drug application shall not be received within the meaning of section 13511(f)(1) of this title.

(5) GENERIC DRUG APPLICANT PROGRAM FEE.—

(A) IN GENERAL.—A person that fails to pay a fee as required under subsection (a)(5) by the date that is 20 calendar days after the due

date, as specified in subparagraph (D) of subsection (a)(5), shall be subject to the following:

(i) The Secretary shall place the person on a publicly available arrears list.

(ii) Any abbreviated new drug application submitted by the generic drug applicant or an affiliate of the applicant shall not be received, within the meaning of section 13511(f)(1) of this title.

(iii) All drugs marketed pursuant to any abbreviated new drug application held by the applicant or an affiliate of the applicant shall be deemed misbranded under section 13324 of this title.

(B) APPLICATION OF PENALTIES.—The penalties under subparagraph (A) shall apply until the fee required under subsection (a)(5) is paid.

(h) LIMITATIONS.—

(1) IN GENERAL.—Fees under subsection (a) shall be refunded for a fiscal year, unless appropriations for salaries and expenses of the FDA for the fiscal year (excluding the amount of fees appropriated for the fiscal year) are equal to or greater than the amount of appropriations for the salaries

and expenses of the FDA for fiscal year 2009 (excluding the amount of fees appropriated for the fiscal year) multiplied by the adjustment factor (as defined in section 17951 of this title) applicable to the fiscal year involved.

(2) AUTHORITY.—If the Secretary does not assess fees under subsection (a) during any portion of a fiscal year and if at a later date in the fiscal year the Secretary may assess the fees, the Secretary may assess and collect the fees, without any modification in the rate, at any time in the fiscal year notwithstanding the provisions of subsection (a) relating to the date fees are to be paid.

(i) CREDITING AND AVAILABILITY OF FEES.—

(1) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts, subject to paragraph (2).

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salaries and expenses with fiscal year limitation. The sums transferred shall be available solely for human generic drug activities.

(2) COLLECTIONS AND APPROPRIATION ACTS.—

(A) IN GENERAL.—The fees authorized by this section—

(i) subject to subparagraph (C), shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation for the fiscal year; and

(ii) shall be available, for each fiscal year, to defray the costs of human generic drug activities (including the costs for an additional number of full-time equivalent positions in the Department to be engaged in those activities), only if the sum of the amounts allocated by the Secretary for the costs, excluding costs paid from fees col-

lected under this section, plus other costs for the maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, and other necessary materials and supplies in connection with human generic drug activities, is no less than $97,000,000 multiplied by the adjustment factor defined in section 17951(a)(3) of this title applicable to the fiscal year involved.

(B) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (A)(ii) in any fiscal year if the costs funded by appropriations and allocated as described in subclause (I) or (II) of subparagraph (A)(ii), as applicable, are not more than 10 percent below the level specified in subparagraph (A)(ii).

(C) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for the fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

(3) AUTHORIZATION OF APPROPRIATIONS.—For each of the fiscal years 2023 through 2027, there is authorized to be appropriated for fees under this section an amount equivalent to the total revenue amount determined under subsection (b) for the fiscal year, as adjusted under subsection (c), if applicable, or as otherwise affected under paragraph (2).

(j) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under subsection (a) within 30 calendar days after it is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

(k) CONSTRUCTION.—This section may not be construed to require that the number of full-time equivalent positions in the Department, for officers, employees, and advisory committees not engaged in human generic drug activities, be reduced to offset the number of officers, employees, and advisory committees engaged in the activities.

(l) POSITRON EMISSION TOMOGRAPHY DRUGS.—

(1) EXEMPTION FROM FEES.—Submission of an application for a positron emission tomography drug or active pharmaceutical ingredient for a positron emission tomography drug shall not require the payment of any fee under this section. Facilities

that solely produce positron emission tomography drugs shall not be required to pay a facility fee as established in subsection (a)(4).

(2) IDENTIFICATION REQUIREMENT.—Facilities that produce positron emission tomography drugs or active pharmaceutical ingredients of the drugs are required to be identified pursuant to subsection (f).

(m) DISPUTES CONCERNING FEES.—To qualify for the return of a fee claimed to have been paid in error under this section, a person shall submit to the Secretary a written request justifying the return within 180 calendar days after the fee was paid.

(n) SUBSTANTIALLY COMPLETE APPLICATIONS.—

(1) IN GENERAL.—An abbreviated new drug application that is not considered to be received within the meaning of section 13511(f)(1) of this title because of failure to pay an applicable fee under this section within the time period specified in subsection (g) shall be deemed not to have been ''substantially complete'' on the date of its submission within the meaning of section 13511(f)(2)(D)(ii)(II) of this title.

(2) EFFECT OF RECEIVING FEE.—An abbreviated new drug application that is not substantially complete on the date of its submission solely because

of failure to pay an applicable fee under paragraph (1) shall be deemed substantially complete and received within the meaning of section 13511(f)(1) of this title as of the date the applicable fee is received.

(o) INFORMATION ON ABBREVIATED NEW DRUG APPLICATIONS OWNED BY APPLICANTS AND THEIR AFFILIATES.—

(1) IN GENERAL.—By April 1 of each year, each person that owns an abbreviated new drug application, or a designated affiliate of the person, shall submit, on behalf of the person and the affiliates of the person, to the Secretary a list of—

(A) all approved abbreviated new drug applications owned by the person; and

(B) if any affiliate of the person also owns an abbreviated new drug application, all affiliates that own any such abbreviated new drug application and all approved abbreviated new drug applications owned by any such affiliate.

(2) FORMAT AND METHOD.—The Secretary shall specify in guidance the format and method for submission of lists under this subsection.

(p) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17953. Reauthorization; reporting requirements**

(a) PERFORMANCE REPORT.—

(1) GENERAL REQUIREMENTS.—Not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report concerning the progress of the FDA in achieving the goals identified in the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155) during the fiscal year and the future plans of the FDA for meeting the goals.

(2) REAL TIME REPORTING.—

(A) IN GENERAL.—Not later than 30 calendar days after the end of each quarter of each fiscal year for which fees are collected under this subchapter, the Secretary shall post the data described in subparagraph (B) on the FDA website, and may remove duplicative data from the annual report under this subsection.

(B) DATA.—The Secretary shall post the following data in accordance with subparagraph (A):

(i) The number and titles of draft and final guidance on topics related to human generic drug activities and whether the guidance documents were issued as required by statute or pursuant to a commitment under the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155).

(ii) The number and titles of public meetings held on topics related to human generic drug activities and whether the meetings were required by statute or pursuant to a commitment under the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155).

(3) RATIONALE FOR GDUFA PROGRAM CHANGES.—The Secretary shall include in the annual report under paragraph (1)—

(A) data, analysis, and discussion of the changes in the number of individuals hired as agreed on in the letters described in section 3001(b) of the Generic Drug User Fee Amend-

ments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155) and the number of remaining vacancies, the number of full-time equivalents funded by fees collected pursuant to section 17952 of this title, and the number of full-time equivalents funded by budget authority at the FDA by each division within the Center for Drug Evaluation and Research, the Center for Biologics Evaluation and Research, the Office of Regulatory Affairs, and the Office of the Commissioner;

(B) data, analysis, and discussion of the changes in the fee revenue amounts and costs for human generic drug activities, including—

(i) identifying drivers of the changes; and

(ii) changes in the total average cost per full-time equivalent in the generic drug review program;

(C) for each of the Center for Drug Evaluation and Research, the Center for Biologics Evaluation and Research, the Office of Regulatory Affairs, and the Office of the Commissioner, the number of employees for whom time reporting is required and the number of em-

ployees for whom time reporting is not required; and

(D) data, analysis, and discussion of the changes in the average full-time equivalent hours required to complete review of each type of abbreviated new drug application.

(4) ANALYSIS.—For each fiscal year, the Secretary shall include in the report an analysis of the following:

(A) The difference between the aggregate number of abbreviated new drug applications filed and the aggregate number of approvals or aggregate number of complete response letters issued by the agency, accounting for—

(i) the applications filed during 1 fiscal year for which a decision is not scheduled to be made until the following fiscal year; and

(ii) the aggregate number of applications for each fiscal year that did not meet the goals identified by the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155) for the applicable fiscal year.

(B) Relevant data to determine whether the FDA has met the performance enhancement goals identified by the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155) for the applicable fiscal year.

(C) The most common causes and trends for external or other circumstances that affected the ability of the Secretary to meet review time and performance enhancement goals identified by the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155).

(b) FISCAL REPORT.—Not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report on the implementation of the authority for the fees during the fiscal year and the use, by the FDA, of the fees collected for the fiscal year.

(c) CORRECTIVE ACTION REPORT.—For each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit a corrective action report to the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives and the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate. The report shall include the following information, as applicable:

(1) GOALS MET.—For each fiscal year, if the Secretary determines, based on the analysis under subsection (a)(4), that each of the goals identified by the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155) for the applicable fiscal year have been met, the corrective action report shall include recommendations on ways in which the Secretary can improve and streamline the abbreviated new drug application review process.

(2) GOALS MISSED.—For each of the goals identified by the letters described in section 3001(b) of the Generic Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title III, 136 Stat. 2155) for the applicable fiscal year that the Sec-

retary determines to not have been met, the corrective action report shall include—

(A) a detailed justification for the determination and a description, as applicable, of the types of circumstances and trends under which abbreviated new drug applications missed the review goal times but were approved during the first cycle review, or review goals were missed; and

(B) with respect to performance enhancement goals that were not achieved, a detailed description of efforts the FDA has put in place for the fiscal year in which the report is submitted to improve the ability of the agency to meet each such goal for the fiscal year.

(d) ENHANCED COMMUNICATION.—

(1) COMMUNICATIONS WITH CONGRESS.—Each fiscal year, as applicable and requested, representatives from the Centers with expertise in the review of human drugs shall meet with representatives from the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives to report on the contents described in the reports under this section.

(2) PARTICIPATION IN CONGRESSIONAL HEARING.—Each fiscal year, as applicable and requested, representatives from the FDA shall participate in a public hearing before the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, to report on the contents described in the reports under this section. The hearing shall occur not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter.

(e) PUBLIC AVAILABILITY.—The Secretary shall make the reports required under subsections (a) and (b) available to the public on the FDA website.

(f) REAUTHORIZATION.—

(1) CONSULTATION.—In developing recommendations to present to Congress with respect to the goals, and plans for meeting the goals, for human generic drug activities for the first 5 fiscal years after fiscal year 2027, and for the reauthorization of this subchapter for the fiscal years, the Secretary shall consult with—

(A) the Committee on Energy and Commerce of the House of Representatives;

(B) the Committee on Health, Education, Labor, and Pensions of the Senate;

(C) scientific and academic experts;

(D) health care professionals;

(E) representatives of patient and consumer advocacy groups; and

(F) the generic drug industry.

(2) PRIOR PUBLIC INPUT.—Prior to beginning negotiations with the generic drug industry on the reauthorization of this subchapter, the Secretary shall—

(A) publish a notice in the Federal Register requesting public input on the reauthorization;

(B) hold a public meeting at which the public may present its views on the reauthorization, including specific suggestions for changes to the goals referred to in subsection (a);

(C) provide a period of 30 days after the public meeting to obtain written comments from the public suggesting changes to this subchapter; and

(D) publish the comments on the FDA website.

(3) PERIODIC CONSULTATION.—Not less frequently than once every month during negotiations with the generic drug industry, the Secretary shall hold discussions with representatives of patient and consumer advocacy groups to continue discussions of their views on the reauthorization and their suggestions for changes to this subchapter as expressed under paragraph (2).

(4) UPDATES TO CONGRESS.—The Secretary, in consultation with regulated industry, shall provide regular updates on negotiations on the reauthorization of this subchapter to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives.

(5) PUBLIC REVIEW OF RECOMMENDATIONS.—After negotiations with the generic drug industry, the Secretary shall—

(A) present the recommendations developed under paragraph (1) to the congressional committees specified in paragraph (1);

(B) publish the recommendations in the Federal Register;

(C) provide for a period of 30 days for the public to provide written comments on the recommendations;

(D) hold a meeting at which the public may present its views on the recommendations; and

(E) after consideration of the public views and comments, revise the recommendations as necessary.

(6) TRANSMITTAL OF RECOMMENDATIONS.—Not later than January 15, 2027, the Secretary shall transmit to Congress the revised recommendations under paragraph (4), a summary of the views and comments received under paragraph (4), and any changes made to the recommendations in response to the views and comments.

(7) MINUTES OF NEGOTIATION MEETINGS.—

(A) PUBLIC AVAILABILITY.—The Secretary shall make publicly available, on the FDA website, minutes of all negotiation meetings conducted under this subsection between the FDA and the generic drug industry, not later than 30 days after each such negotiation meeting.

(B) CONTENT.—The minutes described under subparagraph (A) shall summarize, in sufficient detail, any substantive proposal made by any party to the negotiations as well as significant controversies or differences of opinion during the negotiations and their resolution.

(g) REPEAL OF SECTION.—This section is repealed on January 31, 2028.

# Subchapter VIII—Fees Relating to Biosimilar Biological Products

### § 17961. Definitions

(a) IN GENERAL.—In this subchapter:

(1) ADJUSTMENT FACTOR.—The term ''adjustment factor'' applicable to a fiscal year is the Consumer Price Index for urban consumers (Washington-Arlington-Alexandria, DC–VA–MD–WV; Not Seasonally Adjusted; All items) for September of the preceding fiscal year divided by the Index for September 2011.

(2) AFFILIATE.—The term ''affiliate'' means a business entity that has a relationship with a second business entity if, directly or indirectly—

(A) 1 business entity controls, or has the power to control, the other business entity; or

(B) a third party controls, or has power to control, both of the business entities.

(3) BIOSIMILAR BIOLOGICAL PRODUCT.—The term ''biosimilar biological product'' means a specific strength of a biological product in final dosage form for which a biosimilar biological product application has been approved.

(4) BIOSIMILAR BIOLOGICAL PRODUCT APPLICATION.—

(A) IN GENERAL.—Subject to subparagraph (B), the term ''biosimilar biological product application'' means an application for licensure of a biological product under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)).

(B) EXCLUSIONS.—The term ''biosimilar biological product application'' does not include—

(i) a supplement to such an application;

(ii) an application filed under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)) that cites as the reference product a bovine blood product for topical application licensed before Sep-

tember 1, 1992, or a large volume parenteral drug product approved before that date;

(iii) an application filed under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)) with respect to—

(I) whole blood or a blood component for transfusion;

(II) an in vitro diagnostic biological product; or

(III) a biological product for further manufacturing use only; or

(iv) an application for licensure under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)) that is submitted by a State or Federal Government entity for a product that is not distributed commercially.

(5) BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT MEETING.—The term ''biosimilar biological product development meeting'' means any meeting, other than a biosimilar initial advisory meeting, regarding the content of a development program, including a proposed design for, or data from, a study

intended to support a biosimilar biological product application.

(6) BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT PROGRAM.—The term ''biosimilar biological product development program'' means the program under this subchapter for expediting the process for the review of submissions in connection with biosimilar biological product development.

(7) BIOSIMILAR BIOLOGICAL PRODUCT ESTABLISHMENT.—

(A) IN GENERAL.—The term ''biosimilar biological product establishment'' means a foreign or domestic place of business—

(i) that is at 1 general physical location consisting of 1 or more buildings, all of which are within 5 miles of each other; and

(ii) at which 1 or more biosimilar biological products are manufactured in final dosage form.

(B) EXCLUSION.—For purposes of subparagraph (A)(ii), the term ''manufactured'' does not include packaging.

(8) BIOSIMILAR INITIAL ADVISORY MEETING.—

(A) IN GENERAL.—The term ''biosimilar initial advisory meeting'' means a meeting, if requested, that is limited to—

(i) a general discussion regarding whether licensure under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)) may be feasible for a particular product; and

(ii) if licensure may be feasible as described in clause (i), general advice on the expected content of the development program.

(B) EXCLUSION.—The term ''biosimilar initial advisory meeting'' does not include any meeting that involves substantive review of summary data or full study reports.

(9) COSTS OF RESOURCES ALLOCATED FOR THE PROCESS FOR THE REVIEW OF BIOSIMILAR BIOLOGICAL PRODUCT APPLICATIONS.—The term ''costs of resources allocated for the process for the review of biosimilar biological product applications'' means the expenses, in connection with the process for the review of biosimilar biological product applications, for—

(A) officers and employees of the FDA, contractors of the FDA, advisory committees, and costs related to the officers, employees, and committees and to contracts with the contractors;

(B) management of information, and the acquisition, maintenance, and repair of computer resources;

(C) leasing, maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, scientific equipment, and other necessary materials and supplies; and

(D) collection of fees under section 17962 of this title and accounting for resources allocated for the review of submissions in connection with biosimilar biological product development, biosimilar biological product applications, and supplements.

(10) FINAL DOSAGE FORM.—The term ''final dosage form'' means, with respect to a biosimilar biological product, a finished dosage form that is approved for administration to a patient without substantial further manufacturing (such as lyophilized products before reconstitution).

(11) FINANCIAL HOLD.—The term ''financial hold''—

(A) means an order issued by the Secretary to prohibit the sponsor of a clinical investigation from continuing the investigation if the Secretary determines that the investigation is intended to support a biosimilar biological product application and the sponsor has failed to pay any fee for the product required under subparagraph (A), (B), or (D) of section 17962(a)(1) of this title; and

(B) does not mean that any of the bases for a ''clinical hold'' under section 13510(c) of this title have been determined by the Secretary to exist concerning the investigation.

(12) PERSON.—The term ''person'' includes an affiliate of the person.

(13) PROCESS FOR THE REVIEW OF BIOSIMILAR BIOLOGICAL PRODUCT APPLICATIONS.—The term ''process for the review of biosimilar biological product applications'' means the following activities of the Secretary with respect to the review of submissions in connection with biosimilar biological product development, biosimilar biological product applications, and supplements:

(A) The activities necessary for the review of submissions in connection with biosimilar biological product development, biosimilar biological product applications, and supplements.

(B) Actions related to submissions in connection with biosimilar biological product development, the issuance of action letters that approve biosimilar biological product applications or that set forth in detail the specific deficiencies in the applications, and if appropriate, the actions necessary to place the applications in condition for approval.

(C) The inspection of biosimilar biological product establishments and other facilities undertaken as part of the Secretary's review of pending biosimilar biological product applications and supplements.

(D) Activities necessary for the release of lots of biosimilar biological products under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)).

(E) Monitoring of research conducted in connection with the review of biosimilar biological product applications.

(F) Postmarket safety activities with respect to biologics approved under biosimilar biological product applications or supplements, including the following activities:

(i) Collecting, developing, and reviewing safety information on biosimilar biological products, including adverse-event reports.

(ii) Developing and using improved adverse-event data-collection systems, including information technology systems.

(iii) Developing and using improved analytical tools to assess potential safety problems, including access to external databases.

(iv) Implementing and enforcing section 13515 of this title and section 13516 of this title.

(v) Carrying out section 13512(e) of this title.

(14) SUPPLEMENT.—The term ''supplement'' means a request to the Secretary to approve a change in a biosimilar biological product application that has been approved, including a supplement requesting that the Secretary determine that the bio-

similar biological product meets the standards for interchangeability described in section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)).

(b) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17962. Authority to assess and use biosimilar biological product fees**

(a) TYPES OF FEES.—The Secretary shall assess and collect fees in accordance with this section as follows:

(1) BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT PROGRAM FEES.—

(A) INITIAL BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT FEE.—

(i) IN GENERAL.—Each person that submits to the Secretary a meeting request described under clause (ii) or a clinical protocol for an investigational new drug protocol described under clause (iii) shall pay, for the product named in the meeting request or the investigational new drug application, the initial biosimilar biological product development fee established under subsection (c)(5).

(ii) MEETING REQUEST.—The meeting request described in this clause is a re-

quest for a biosimilar biological product development meeting for a product.

(iii) CLINICAL PROTOCOL FOR INVESTIGATIONAL NEW DRUG PROTOCOL.—A clinical protocol for an investigational new drug protocol described in this clause is a clinical protocol consistent with section 13510 of this title and any regulations promulgated under section 13510 of this title (referred to in this section as ''investigational new drug application'') describing an investigation that the Secretary determines is intended to support a biosimilar biological product application for a product.

(iv) DUE DATE.—The initial biosimilar biological product development fee shall be due by the earlier of—

(I) not later than 7 days after the Secretary grants a request for a biosimilar biological product development meeting; or

(II) the date of submission of an investigational new drug application describing an investigation that the

Secretary determines is intended to support a biosimilar biological product application.

(B) ANNUAL BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT FEE.—

(i) IN GENERAL.—A person that pays an initial biosimilar biological product development fee for a product shall pay for the product, beginning in the fiscal year following the fiscal year in which the initial biosimilar biological product development fee was paid, an annual fee established under subsection (c)(5) for the biosimilar biological product development program (referred to in this section as ''annual biosimilar biological product development fee''), except that, in the case that the product (including, where applicable, ownership of the relevant investigational new drug application) is transferred to a licensee, assignee, or successor of the person, and written notice of the transfer is provided to the Secretary, the licensee, assignee, or successor shall pay the annual

biosimilar biological product development fee.

(ii) DUE DATE.—The annual biosimilar biological product development fee for each fiscal year is due on the later of—

(I) the first business day on or after October 1 of that fiscal year; or

(II) the first business day after the enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section.

(iii) EXCEPTION.—The annual biosimilar biological product development fee for each fiscal year is due on the date specified in clause (ii), unless the person has—

(I) submitted a marketing application for the biological product that was accepted for filing;

(II) discontinued participation in the biosimilar biological product development program for the product under subparagraph (C); or

(III) been administratively removed from the biosimilar biological product development program for the product under subparagraph (E)(v).

(iv) REFUND.—

(I) IN GENERAL.—If a person submits a marketing application for a biosimilar biological product before October 1 of a fiscal year and the application is subsequently accepted for filing, the person may request a refund equal to the annual biosimilar biological product development fee paid by the person for the product for the fiscal year.

(II) REQUIREMENTS.—To qualify for consideration for a refund under this clause, a person shall submit to the Secretary a written request for the refund not later than 180 days after the marketing application is accepted for filing.

(C) DISCONTINUATION OF FEE OBLIGATION.—A person may discontinue participation in the biosimilar biological product development

program for a product, effective October 1 of a fiscal year, by, not later than August 1 of the preceding fiscal year—

(i) if no investigational new drug application concerning the product has been submitted, submitting to the Secretary a written declaration that the person has no present intention of further developing the product as a biosimilar biological product; or

(ii) if an investigational new drug application concerning the product has been submitted, withdrawing the investigational new drug application in accordance with part 312 of title 21, Code of Federal Regulations (or any successor regulations).

(D) REACTIVATION FEE.—

(i) IN GENERAL.—A person that has discontinued participation in the biosimilar biological product development program for a product under subparagraph (C), or that has been administratively removed from the program for a product under subparagraph (E)(v), shall, if the person seeks to resume participation in the program, pay

all annual biosimilar biological product development fees previously assessed for the product and still owed and a fee (referred to in this section as ''reactivation fee'') by the earlier of the following:

(I) Not later than 7 days after the Secretary grants a request by the person for a biosimilar biological product development meeting for the product (after the date on which the participation was discontinued or the date of administrative removal, as applicable).

(II) On the date of submission (after the date on which the participation was discontinued or the date of administrative removal, as applicable) by the person of an investigational new drug application describing an investigation that the Secretary determines is intended to support a biosimilar biological product application for that product.

(ii) APPLICATION OF ANNUAL FEE.—A person that pays a reactivation fee for a

product shall pay for the product, beginning in the next fiscal year, the annual biosimilar biological product development fee under subparagraph (B), except that, in the case that the product (including, where applicable, ownership of the relevant investigational new drug application) is transferred to a licensee, assignee, or successor of the person, and written notice of the transfer is provided to the Secretary, the licensee, assignee, or successor shall pay the annual biosimilar biological product development fee.

(E) EFFECT OF FAILURE TO PAY FEES.—

(i) NO BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT MEETINGS.—If a person has failed to pay an initial or annual biosimilar biological product development fee as required under subparagraph (A) or (B), or a reactivation fee as required under subparagraph (D), the Secretary shall not provide a biosimilar biological product development meeting relating to the product for which fees are owed.

(ii) NO RECEIPT OF INVESTIGATIONAL NEW DRUG APPLICATIONS.—Except in extraordinary circumstances, the Secretary shall not consider an investigational new drug application to have been received under section 13510(b) of this title if—

(I) the Secretary determines that the investigation is intended to support a biosimilar biological product application; and

(II) the sponsor has failed to pay an initial or annual biosimilar biological product development fee for the product as required under subparagraph (A) or (B), or a reactivation fee as required under subparagraph (D).

(iii) FINANCIAL HOLD.—Notwithstanding section 13510(b) of this title, except in extraordinary circumstances, the Secretary shall prohibit the sponsor of a clinical investigation from continuing the investigation if—

(I) the Secretary determines that the investigation is intended to sup-

port a biosimilar biological product application; and

(II) the sponsor has failed to pay an initial or annual biosimilar biological product development fee for the product as required under subparagraph (A) or (B), or a reactivation fee for the product as required under subparagraph (D).

(iv) NO ACCEPTANCE OF BIOSIMILAR BIOLOGICAL PRODUCT APPLICATIONS OR SUPPLEMENTS.—If a person has failed to pay an initial or annual biosimilar biological product development fee as required under subparagraph (A) or (B), or a reactivation fee as required under subparagraph (D), any biosimilar biological product application or supplement submitted by that person shall be considered incomplete and shall not be accepted for filing by the Secretary until all of those fees owed by the person have been paid.

(v) ADMINISTRATIVE REMOVAL FROM THE BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT PROGRAM.—If a person has

failed to pay an annual biosimilar biological product development fee for a product as required under subparagraph (B) for a period of 2 consecutive fiscal years, the Secretary may administratively remove the person from the biosimilar biological product development program for the product. At least 30 days prior to administratively removing a person from the biosimilar biological product development program for a product under this clause, the Secretary shall provide written notice to the person of the intended administrative removal.

(F) LIMITS REGARDING FEES.—

(i) REFUNDS.—Except as provided in subparagraph (B)(iv), the Secretary shall not refund any initial or annual biosimilar biological product development fee paid under subparagraph (A) or (B), or any reactivation fee paid under subparagraph (D).

(ii) NO WAIVERS, EXEMPTIONS, OR REDUCTIONS.—The Secretary shall not grant a waiver, exemption, or reduction of any initial or annual biosimilar biological

product development fee due or payable under subparagraph (A) or (B), or any reactivation fee due or payable under subparagraph (D).

(2) BIOSIMILAR BIOLOGICAL PRODUCT APPLICATION FEE.—

(A) IN GENERAL.—Each person that submits a biosimilar biological product application shall be subject to the following fees:

(i) A fee established under subsection (c)(5) for a biosimilar biological product application for which clinical data (other than comparative bioavailability studies) with respect to safety or effectiveness are required for approval.

(ii) A fee established under subsection (c)(5) for a biosimilar biological product application for which clinical data (other than comparative bioavailability studies) with respect to safety or effectiveness are not required for approval. The fee shall be equal to half of the amount of the fee described in clause (i).

(B) RULE OF APPLICABILITY; TREATMENT OF CERTAIN PREVIOUSLY PAID FEES.—Any

person that paid a fee under subparagraph (A), (B), or (D) of paragraph (1) for a product before October 1, 2017, but submits a biosimilar biological product application for that product after that date, shall—

(i) be subject to any biosimilar biological product application fees that may be assessed at the time when the biosimilar biological product application is submitted; and

(ii) be entitled to no reduction of the application fees based on the amount of fees paid for that product before October 1, 2017, under subparagraph (A), (B), or (D) of paragraph (1).

(C) PAYMENT DUE DATE.—Any fee required by subparagraph (A) shall be due on submission of the application for which the fee applies.

(D) EXCEPTION FOR PREVIOUSLY FILED APPLICATION.—If a biosimilar biological product application was submitted by a person that paid the fee for the application, was accepted for filing, and was not approved or was withdrawn prior to approval (without a waiver), the

submission of a biosimilar biological product application for the same product by the same person (or the person's licensee, assignee, or successor) shall not be subject to a fee under subparagraph (A).

(E) REFUND OF APPLICATION FEE IF APPLICATION REFUSED FOR FILING OR WITHDRAWN BEFORE FILING.—The Secretary shall refund 75 percent of the fee paid under this paragraph for any application that is refused for filing or withdrawn without a waiver before filing.

(F) FEES FOR APPLICATIONS PREVIOUSLY REFUSED FOR FILING OR WITHDRAWN BEFORE FILING.—A biosimilar biological product application that was submitted but was refused for filing, or was withdrawn before being accepted or refused for filing, shall be subject to the full fee under subparagraph (A) upon being resubmitted or filed over protest, unless the fee is waived under subsection (d).

(3) BIOSIMILAR BIOLOGICAL PRODUCT PROGRAM FEE.—

(A) IN GENERAL.—Each person that is named as the applicant in a biosimilar biologi-

cal product application shall pay the annual biosimilar biological product program fee established for a fiscal year under subsection (c)(5) for each biosimilar biological product that—

(i) is identified in the biosimilar biological product application approved as of October 1 of the fiscal year;

(ii) may be dispensed only under prescription pursuant to section 13103(a) of this title; and

(iii) as of October 1 of the fiscal year, does not appear on a list, developed and maintained by the Secretary, of discontinued biosimilar biological products.

(B) DUE DATE.—The biosimilar biological product program fee for a fiscal year shall be due on the later of—

(i) the first business day on or after October 1 of each such fiscal year; or

(ii) the first business day after the enactment of an appropriations Act providing for the collection and obligation of fees for the fiscal year under this section.

(C) ONE FEE PER PRODUCT PER YEAR.—The biosimilar biological product program fee

shall be paid only once for each product for each fiscal year.

(D) LIMITATION.—A person that is named as the applicant in a biosimilar biological product application shall not be assessed more than 5 biosimilar biological product program fees for a fiscal year for biosimilar biological products identified in the biosimilar biological product application.

(E) MOVEMENT TO DISCONTINUED LIST.—

(i) DATE OF INCLUSION.—If a written request to place a product on the list referenced in subparagraph (A) of discontinued biosimilar biological products is submitted to the Secretary on behalf of an applicant, and the request identifies the date the product is, or will be, withdrawn from sale, then for purposes of assessing the biosimilar biological product program fee, the Secretary shall consider the product to have been included on the list on the later of—

(I) the date the request was received; or

(II) if the product will be withdrawn from sale on a future date, the future date when the product is withdrawn from sale.

(ii) TREATMENT AS WITHDRAWN FROM SALE.—For purposes of clause (i), a product shall be considered withdrawn from sale once the applicant has ceased its own distribution of the product, whether or not the applicant has ordered recall of all previously distributed lots of the product, except that a routine, temporary interruption in supply shall not render a product withdrawn from sale.

(iii) SPECIAL RULE FOR PRODUCTS REMOVED FROM DISCONTINUED LIST.—If a biosimilar biological product that is identified in a biosimilar biological product application approved as of October 1 of a fiscal year appears, as of October 1 of that fiscal year, on the list referenced in subparagraph (A) of discontinued biosimilar biological products, and on any subsequent day during that fiscal year the biosimilar biological product does not appear on the

list, except as provided in subparagraph (D), each person that is named as the applicant in a biosimilar biological product application with respect to the product shall pay the annual biosimilar biological product program fee established for a fiscal year under subsection (c)(5) for the biosimilar biological product. Notwithstanding subparagraph (B), the fee shall be due on the last business day of the fiscal year and shall be paid only once for each such product for each fiscal year.

(b) FEE REVENUE AMOUNTS.—

(1) IN GENERAL.—For each of the fiscal years 2023 through 2027, fees under subsection (a) shall, except as provided in subsection (c), be established to generate a total revenue amount equal to the sum of—

(A) the annual base revenue for the fiscal year (as determined under paragraph (3));

(B) the dollar amount equal to the inflation adjustment for the fiscal year (as determined under subsection (c)(1));

(C) the dollar amount equal to the strategic hiring and retention adjustment (as determined under subsection (c)(2));

(D) the dollar amount equal to the capacity planning adjustment for the fiscal year (as determined under subsection (c)(3));

(E) the dollar amount equal to the operating reserve adjustment for the fiscal year, if applicable (as determined under subsection (c)(4));

(F) for fiscal year 2023 an additional amount of $4,428,886; and

(G) for fiscal year 2024 an additional amount of $320,569.

(2) ALLOCATION OF REVENUE AMOUNT AMONG FEES.—

(A) ALLOCATION.—The Secretary shall determine the percentage of the total revenue amount for a fiscal year to be derived from, respectively—

(i) initial and annual biosimilar biological product development fees and reactivation fees under subsection (a)(1);

(ii) biosimilar biological product application fees under subsection (a)(2); and

(iii) biosimilar biological product program fees under subsection (a)(3).

(B) BIOSIMILAR BIOLOGICAL PRODUCT DEVELOPMENT FEES.—The initial biosimilar biological product development fee under subsection (a)(1)(A) for a fiscal year shall be equal to the annual biosimilar biological product development fee under subsection (a)(1)(B) for that fiscal year.

(C) REACTIVATION FEE.—The reactivation fee under subsection (a)(1)(D) for a fiscal year shall be equal to twice the amount of the annual biosimilar biological product development fee under subsection (a)(1)(B) for that fiscal year.

(3) ANNUAL BASE REVENUE.—For purposes of paragraph (1), the dollar amount of the annual base revenue for a fiscal year shall be—

(A) for fiscal year 2023, $43,376,922; and

(B) for fiscal years 2024 through 2027, the dollar amount of the total revenue amount established under paragraph (1) for the previous fiscal year, excluding any adjustments to the revenue amount under subsection (c)(4).

(c) ADJUSTMENTS; ANNUAL FEE SETTING.—

(1) INFLATION ADJUSTMENT.—

(A) IN GENERAL.—For purposes of subsection (b)(1)(B), the dollar amount of the inflation adjustment to the annual base revenue for each fiscal year shall be equal to the product of—

(i) the annual base revenue for the fiscal year under subsection (b)(1)(A); and

(ii) the inflation adjustment percentage under subparagraph (B).

(B) INFLATION ADJUSTMENT PERCENTAGE.—The inflation adjustment percentage under this subparagraph for a fiscal year is equal to the sum of—

(i) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid with respect to the positions for the first 3 years of the preceding 4 fiscal years, multiplied by the proportion of personnel compensation and benefits costs to total costs of the process for the review of biosimilar biological product applications for the first 3 years of the preceding 4 fiscal years; and

(ii) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Arlington-Alexandria, DC–VA–MD–WV; Not Seasonally Adjusted; All items; Annual Index) for the first 3 years of the preceding 4 years of available data multiplied by the proportion of all costs other than personnel compensation and benefits costs to total costs of the process for the review of biosimilar biological product applications for the first 3 years of the preceding 4 fiscal years.

(2) STRATEGIC HIRING AND RETENTION ADJUSTMENT.—For each fiscal year, after the annual base revenue under subsection (b)(1)(A) is adjusted for inflation in accordance with paragraph (1), the Secretary shall increase the fee revenue and fees by $150,000.

(3) CAPACITY PLANNING ADJUSTMENT.—

(A) IN GENERAL.—For each fiscal year, the Secretary shall, in addition to the adjustments under paragraphs (1) and (2), adjust the fee revenue and fees under this section for a fiscal year to reflect changes in the resource ca-

pacity needs of the Secretary for the process for the review of biosimilar biological product applications.

(B) METHODOLOGY.—

(i) IN GENERAL.—For purposes of this paragraph, the Secretary shall employ the capacity planning methodology utilized by the Secretary in setting fees for fiscal year 2021, as described in the notice titled ''Biosimilar User Fee Rates for Fiscal Year 2021'' published in the Federal Register on August 4, 2020 (85 Fed. Reg. 47220).

(ii) WORKLOAD CATEGORIES.—The workload categories used in applying the methodology in forecasting shall include only the activities described in the notice described in clause (i) and, as feasible, additional activities that are directly related to the direct review of biosimilar biological product applications and supplements, including additional formal meeting types, the direct review of postmarketing commitments and requirements, the direct review of risk evaluation and mitigation strate-

gies, and the direct review of annual reports for approved biosimilar biological products.

(iii) EXCLUSIONS TO WORKLOAD CATEGORIES.—Subject to the exceptions in clause (ii), the Secretary shall not include as workload categories in applying the methodology in forecasting any non-core review activities, including those activities that the Secretary referenced for potential future use in the notice described in clause (i) but did not utilize in setting fees for fiscal year 2021.

(C) LIMITATIONS.—An adjustment under this paragraph shall not result in fee revenue for a fiscal year that is less than the sum of the amounts under subparagraphs (A), (B), and (C) of subsection (b)(1).

(D) PUBLICATION IN FEDERAL REGISTER.—The Secretary shall publish, in the Federal Register notice under paragraph (5), the fee revenue and fees resulting from the adjustment and the methodologies under this paragraph.

(4) OPERATING RESERVE ADJUSTMENT.—

(A) INCREASE.—For each fiscal year, the Secretary shall, in addition to adjustments under paragraphs (1), (2), and (3), increase the fee revenue and fees if the increase is necessary to provide for at least 10 weeks of operating reserves of carryover user fees for the process for the review of biosimilar biological product applications.

(B) DECREASE.—

(i) FISCAL YEAR 2024.—For fiscal year 2024, if the Secretary has carryover balances for the process for the review of biosimilar biological product applications in excess of 27 weeks of the operating reserves, the Secretary shall decrease the fee revenue and fees to provide for not more than 27 weeks of the operating reserves.

(ii) FISCAL YEAR 2025 AND SUBSEQUENT FISCAL YEARS.—For fiscal year 2025 and subsequent fiscal years, if the Secretary has carryover balances for the process for the review of biosimilar biological product applications in excess of 21 weeks of the operating reserves, the Secretary shall decrease the fee revenue and

fees to provide for not more than 21 weeks of the operating reserves.

(C) FEDERAL REGISTER NOTICE.—If an adjustment under subparagraph (A) or (B) is made, the rationale for the amount of the increase or decrease (as applicable) in fee revenue and fees shall be contained in the annual Federal Register notice under paragraph (5)(B) establishing fee revenue and fees for the fiscal year involved.

(5) ANNUAL FEE SETTING.—For each fiscal year, the Secretary shall, not later than 60 days before the start of that fiscal year—

(A) establish initial and annual biosimilar biological product development fees and reactivation fees under subsection (a)(1), biosimilar biological product application fees under subsection (a)(2), and biosimilar biological product program fees under subsection (a)(3), based on the revenue amounts established under subsection (b) and the adjustments provided under this subsection; and

(B) publish the fee revenue and fees in the Federal Register.

(6) LIMIT.—The total amount of fees assessed for a fiscal year under this section may not exceed, for the fiscal year, the total costs of resources allocated for the process for the review of biosimilar biological product applications.

(d) APPLICATION FEE WAIVER FOR SMALL BUSINESS.—

(1) DEFINITION OF SMALL BUSINESS.—In this subsection, the term ''small business'' means an entity that—

(A) has fewer than 500 employees, including employees of affiliates; and

(B) does not have a drug product that has been—

(i) approved under a human drug application (as defined in section 17906(a) of this title) or a biosimilar biological product application; and

(ii) introduced or delivered for introduction into interstate commerce.

(2) WAIVER OF APPLICATION FEE.—

(A) IN GENERAL.—The Secretary shall grant to a person that is named in a biosimilar biological product application a waiver from the application fee assessed to that person under

subsection (a)(2)(A) for the first biosimilar biological product application that a small business or its affiliate submits to the Secretary for review.

(B) SUBSEQUENT APPLICATIONS.—After a small business or its affiliate is granted such a waiver, the small business or its affiliate shall pay application fees for all subsequent biosimilar biological product applications submitted to the Secretary for review in the same manner as an entity that is not a small business.

(3) CONSIDERATIONS.—In determining whether to grant a waiver of a fee under paragraph (2), the Secretary shall consider only the circumstances and assets of the applicant involved and any affiliate of the applicant.

(e) EFFECT OF FAILURE TO PAY FEES.—A biosimilar biological product application or supplement submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for filing by the Secretary until all those fees owed by the person have been paid.

(f) CREDITING AND AVAILABILITY OF FEES.—

(1) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Subject to paragraph (2), fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts.

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salaries and expenses with fiscal year limitation. The sums transferred shall be available solely for the process for the review of biosimilar biological product applications.

(2) COLLECTIONS AND APPROPRIATION ACTS.—

(A) IN GENERAL.—Subject to subparagraphs (C) and (D), the fees authorized by this section shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation for the fiscal year.

(B) USE OF FEES AND LIMITATIONS.—

(i) IN GENERAL.—The fees authorized by this section shall be available, for each fiscal year, to defray the costs of resources allocated for the process for the review of biosimilar biological product applications (including the costs for an additional number of full-time equivalent positions in the Department to be engaged in the process for the review of biosimilar biological product applications), only if the sum of the amounts allocated by the Secretary for the costs, excluding costs paid from fees collected under this section, plus other costs for the maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, and other necessary materials and supplies in connection with the process for the review of biosimilar biological product applications, is no less than $20,000,000, multiplied by the adjustment factor applicable to the fiscal year involved.

(ii) LEASING AND NECESSARY EQUIPMENT.—The authorities under section

17961(a)(9)(C) of this title shall include only leasing and necessary scientific equipment.

(C) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (B)(i) in any fiscal year if the costs allocated as described in subparagraph (B)(i) are not more than 15 percent below the level specified in subparagraph (B)(i).

(D) PROVISION FOR EARLY PAYMENTS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for the fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

(3) AUTHORIZATION OF APPROPRIATIONS.—For each of fiscal years 2023 through 2027, there is authorized to be appropriated for fees under this section an amount equivalent to the total amount of fees assessed for the fiscal year under this section.

(g) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, the fee shall be treated as a claim of the United States

Government subject to subchapter II of chapter 37 of title 31.

(h) WRITTEN REQUESTS FOR WAIVERS AND RETURNS; DISPUTES CONCERNING FEES.—

(1) IN GENERAL.—To qualify for consideration for a waiver under subsection (d), or for the return of any fee paid under this section, including if the fee is claimed to have been paid in error, a person shall submit to the Secretary a written request justifying the waiver or return and, except as otherwise specified in this section, the written request shall be submitted to the Secretary not later than 180 days after the fee is due.

(2) INCLUSION OF LEGAL AUTHORITIES.—A request submitted under paragraph (1) shall include any legal authorities under which the request is made.

(i) CONSTRUCTION.—This section may not be construed to require that the number of full-time equivalent positions in the Department, for officers, employees, and advisory committees not engaged in the process for the review of biosimilar biological product applications, be reduced to offset the number of officers, employees, and advisory committees engaged in the process for the review of biosimilar biological product applications.

(j) REPEAL OF SECTION.—This section is repealed on October 1, 2027.

**§ 17963. Reauthorization; reporting requirements**

(a) PERFORMANCE REPORT.—

(1) GENERAL REQUIREMENTS.—Not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report concerning the progress of the FDA in achieving the goals identified in the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160) during the fiscal year and the future plans of the FDA for meeting the goals.

(2) ADDITIONAL INFORMATION.—The report under this subsection shall include the progress of the FDA in achieving the goals, and future plans for meeting the goals, including—

(A) information on all previous cohorts for which the Secretary has not given a complete response on all biosimilar biological product applications and supplements in the cohort;

(B) the number of original biosimilar biological product applications filed per fiscal year and the number of approvals issued by the agency for the applications; and

(C) the number of resubmitted original biosimilar biological product applications filed per fiscal year and the number of approval letters issued by the agency for the applications.

(3) REAL TIME REPORTING.—

(A) IN GENERAL.—Not later than 30 calendar days after the end of each quarter of each fiscal year for which fees are collected under this subchapter, the Secretary shall post the data described in subparagraph (B) for the quarter and on a cumulative basis for the fiscal year on the FDA website, and may remove duplicative data from the annual report under this subsection.

(B) DATA.—The Secretary shall post the following data in accordance with subparagraph (A):

(i) The number and titles of draft and final guidance on topics related to the process for the review of biosimilar biological product applications, and whether the

guidance documents were required by statute or pursuant to a commitment under the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160).

(ii) The number and titles of public meetings held on topics related to the process for the review of biosimilar biological product applications, and whether the meetings were required by statute or pursuant to a commitment under the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160).

(4) RATIONALE FOR BSUFA PROGRAM CHANGES.—The Secretary shall include in the annual report under paragraph (1)—

(A) data, analysis, and discussion of the changes in the number of individuals hired as agreed on in the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160) and the number of re-

maining vacancies, the number of full-time equivalents funded by fees collected pursuant to section 17962 of this title, and the number of full-time equivalents funded by budget authority at the FDA by each division within the Center for Drug Evaluation and Research, the Center for Biologics Evaluation and Research, the Office of Regulatory Affairs, and the Office of the Commissioner;

(B) data, analysis, and discussion of the changes in the fee revenue amounts and costs of resources allocated for the process for the review of biosimilar biological product applications, including identifying—

(i) drivers of the changes; and

(ii) changes in the average total cost per full-time equivalent in the biosimilar biological product review program;

(C) for each of the Center for Drug Evaluation and Research, the Center for Biologics Evaluation and Research, the Office of Regulatory Affairs, and the Office of the Commissioner, the number of employees for whom time reporting is required and the number of em-

ployees for whom time reporting is not required; and

(D) data, analysis, and discussion of the changes in the average full-time equivalent hours required to complete review of each type of biosimilar biological product application.

(5) ANALYSIS.—For each fiscal year, the Secretary shall include in the report an analysis of the following:

(A) The difference between the aggregate number of biosimilar biological product applications and supplements filed and the aggregate number of approvals issued by the agency, accounting for—

(i) the applications filed during 1 fiscal year for which a decision is not scheduled to be made until the following fiscal year; and

(ii) the aggregate number of applications for each fiscal year that did not meet the goals identified by the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160) for the applicable fiscal year.

(B) Relevant data to determine whether the Center for Drug Evaluation and Research and the Center for Biologics Evaluation and Research have met the performance enhancement goals identified by the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160) for the applicable fiscal year.

(C) The most common causes and trends for external or other circumstances affecting the ability of the Secretary to meet review time and performance enhancement goals identified by the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160).

(b) FISCAL REPORT.—Not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report on the implementation of the authority for the fees during

the fiscal year and the use, by the FDA, of the fees collected for the fiscal year.

(c) CORRECTIVE ACTION REPORT.—For each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit a corrective action report to the Committee on Energy and Commerce and Committee on Appropriations of the House of Representatives and the Committee on Health, Education, Labor, and Pensions and Committee on Appropriations of the Senate. The report shall include the following information, as applicable:

(1) GOALS MET.—For each fiscal year, if the Secretary determines, based on the analysis under subsection (a)(5), that each of the goals identified by the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022 (Public Law 117–180, div. F, title IV, 136 Stat. 2160) for the applicable fiscal year have been met, the corrective action report shall include recommendations on ways in which the Secretary can improve and streamline the biosimilar biological product application review process.

(2) GOALS MISSED.—For each of the goals identified by the letters described in section 4001(b) of the Biosimilar User Fee Amendments of 2022

(Public Law 117–180, div. F, title IV, 136 Stat. 2160) for the applicable fiscal year that the Secretary determines to not have been met, the corrective action report shall include—

(A) a justification for the determination and a description of the types of circumstances and trends, as applicable, under which biosimilar biological product applications missed the review goal times but were approved during the first cycle review, or review goals were missed; and

(B) with respect to performance enhancement goals that were not achieved, a description of efforts the FDA has put in place for the fiscal year in which the report is submitted to improve the ability of the agency to meet each such goal for the fiscal year.

(d) ENHANCED COMMUNICATION.—

(1) COMMUNICATIONS WITH CONGRESS.—Each fiscal year, as applicable and requested, representatives from the Centers with expertise in the review of human drugs shall meet with representatives from the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives

to report on the contents described in the reports under this section.

(2) PARTICIPATION IN CONGRESSIONAL HEARING.—Each fiscal year, as applicable and requested, representatives from the FDA shall participate in a public hearing before the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, to report on the contents described in the reports under this section. The hearing shall occur not later than 120 days after the end of each fiscal year for which fees are collected under this subchapter.

(e) PUBLIC AVAILABILITY.—The Secretary shall make the reports required under subsections (a) and (b) available to the public on the FDA website.

(f) REAUTHORIZATION.—

(1) CONSULTATION.—In developing recommendations to present to Congress with respect to the goals described in subsection (a), and plans for meeting the goals, for the process for the review of biosimilar biological product applications for the first 5 fiscal years after fiscal year 2027, and for the reauthorization of this subchapter for the fiscal years, the Secretary shall consult with—

(A) the Committee on Energy and Commerce of the House of Representatives;

(B) the Committee on Health, Education, Labor, and Pensions of the Senate;

(C) scientific and academic experts;

(D) health care professionals;

(E) representatives of patient and consumer advocacy groups; and

(F) the regulated industry.

(2) PRIOR PUBLIC INPUT.—Prior to beginning negotiations with the regulated industry on the reauthorization of this subchapter, the Secretary shall—

(A) publish a notice in the Federal Register requesting public input on the reauthorization;

(B) hold a public meeting at which the public may present its views on the reauthorization;

(C) provide a period of 30 days after the public meeting to obtain written comments from the public suggesting changes to this subchapter; and

(D) publish the comments on the FDA website.

(3) PERIODIC CONSULTATION.—Not less frequently than once every month during negotiations with the regulated industry, the Secretary shall hold discussions with representatives of patient and consumer advocacy groups to continue discussions of their views on the reauthorization and their suggestions for changes to this subchapter as expressed under paragraph (2).

(4) UPDATES TO CONGRESS.—The Secretary, in consultation with regulated industry, shall provide regular updates on negotiations on the reauthorization of this subchapter to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives.

(5) PUBLIC REVIEW OF RECOMMENDATIONS.—After negotiations with the regulated industry, the Secretary shall—

(A) present the recommendations developed under paragraph (1) to the congressional committees specified in paragraph (1);

(B) publish the recommendations in the Federal Register;

(C) provide for a period of 30 days for the public to provide written comments on the recommendations;

(D) hold a meeting at which the public may present its views on the recommendations; and

(E) after consideration of the public views and comments, revise the recommendations as necessary.

(6) TRANSMITTAL OF RECOMMENDATIONS.—Not later than January 15, 2027, the Secretary shall transmit to Congress the revised recommendations under paragraph (2), a summary of the views and comments received under paragraph (2), and any changes made to the recommendations in response to the views and comments.

(7) MINUTES OF NEGOTIATION MEETINGS.—

(A) PUBLIC AVAILABILITY.—The Secretary shall make publicly available, on the public FDA website, minutes of all negotiation meetings conducted under this subsection between the FDA and the regulated industry, not later than 30 days after each negotiation meeting.

(B) CONTENT.—The minutes described under subparagraph (A) shall summarize, in

sufficient detail, any substantive proposal made by any party to the negotiations as well as significant controversies or differences of opinion during the negotiations and their resolution.

(g) REPEAL OF SECTION.—This section is repealed on January 31, 2028.

# Subchapter IX—Fees Relating to Outsourcing Facilities

### § 17971. Definitions

In this subchapter:

(1) AFFILIATE.—The term ''affiliate'' has the meaning given the term in section 17906(a) of this title.

(2) GROSS ANNUAL SALES.—The term ''gross annual sales'' means the total worldwide gross annual sales, in United States dollars, for an outsourcing facility, including the sales of all the affiliates of the outsourcing facility.

(3) OUTSOURCING FACILITY.—The term ''outsourcing facility'' has the meaning given the term in section 13107(a) of this title.

(4) REINSPECTION.—The term ''reinspection'' means, with respect to an outsourcing facility, 1 or more inspections conducted under section 17504 of this title subsequent to an inspection conducted

under that section that identified noncompliance materially related to an applicable requirement of this subtitle, specifically to determine whether compliance has been achieved to the Secretary's satisfaction.

**§ 17972. Authority to assess and use outsourcing facility fees**

(a) ESTABLISHMENT AND REINSPECTION FEES.—

(1) IN GENERAL.—For each fiscal year, the Secretary shall, in accordance with this subsection, assess and collect—

(A) an annual establishment fee from each outsourcing facility; and

(B) a reinspection fee from each outsourcing facility subject to a reinspection in the fiscal year.

(2) MULTIPLE REINSPECTIONS.—An outsourcing facility subject to multiple reinspections in a fiscal year shall be subject to a reinspection fee for each reinspection.

(b) ESTABLISHMENT AND REINSPECTION FEE SETTING.—The Secretary shall—

(1) establish the amount of the establishment fee and reinspection fee to be collected under this section for each fiscal year based on the methodology described in subsection (c); and

(2) publish the fee amounts in a Federal Register notice not later than 60 calendar days before the start of each fiscal year.

(c) AMOUNT OF ESTABLISHMENT FEE AND REINSPECTION FEE.—

(1) IN GENERAL.—For each outsourcing facility in a fiscal year—

(A) except as provided in paragraph (4), the amount of the annual establishment fee under subsection (b) shall be equal to the sum of—

(i) $15,000, multiplied by the inflation adjustment factor described in paragraph (2); and

(ii) the small business adjustment factor described in paragraph (3); and

(B) the amount of any reinspection fee (if applicable) under subsection (b) shall be equal to $15,000, multiplied by the inflation adjustment factor described in paragraph (2).

(2) INFLATION ADJUSTMENT FACTOR.—

(A) IN GENERAL.—For each fiscal year, the fee amounts established in paragraph (1) shall be adjusted by the Secretary by notice,

published in the Federal Register, for a fiscal year by the amount equal to the sum of—

(i) 1;

(ii) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid with respect to the positions for the first 3 years of the preceding 4 fiscal years, multiplied by the proportion of personnel compensation and benefits costs to total costs of an average full-time equivalent position of the FDA for the first 3 years of the preceding 4 fiscal years; and

(iii) the average annual percent change that occurred in the Consumer Price Index for urban consumers (U.S. City Average; Not Seasonally Adjusted; All items; Annual Index) for the first 3 years of the preceding 4 years of available data multiplied by the proportion of all costs other than personnel compensation and benefits costs to total costs of an average full-time equivalent position of the FDA

for the first 3 years of the preceding 4 fiscal years.

(B) COMPOUNDED BASIS.—The adjustment made each fiscal year under subparagraph (A) shall be added on a compounded basis to the sum of all adjustments made each fiscal year after fiscal year 2014 under subparagraph (A).

(3) SMALL BUSINESS ADJUSTMENT FACTOR.—The small business adjustment factor described in this paragraph shall be an amount established by the Secretary for each fiscal year based on the Secretary's estimate of—

(A) the number of small businesses that will pay a reduced establishment fee for the fiscal year; and

(B) the adjustment to the establishment fee necessary to achieve total fees equaling the total fees that the Secretary would have collected if no entity qualified for the small business exception in paragraph (4).

(4) EXCEPTION FOR SMALL BUSINESSES.—

(A) IN GENERAL.—In the case of an outsourcing facility with gross annual sales of $1,000,000 or less in the 12 months ending

April 1 of the fiscal year immediately preceding the fiscal year in which the fees under this section are assessed, the amount of the establishment fee under subsection (b) for a fiscal year shall be equal to ⅓ of the amount calculated under paragraph (1)(A)(i) for the fiscal year.

(B) APPLICATION.—To qualify for the exception under this paragraph, a small business shall submit to the Secretary an application for the exception, in the form of a written request and in a format specified by the Secretary in guidance, certifying its gross annual sales for the 12 months ending April 1 of the fiscal year immediately preceding the fiscal year in which fees under this subsection are assessed. The application shall be submitted to the Secretary not later than April 30 of the immediately preceding fiscal year.

(5) CREDITING OF FEES.—In establishing the small business adjustment factor under paragraph (3) for a fiscal year, the Secretary shall—

(A) provide for the crediting of fees from the previous year to the next year if the Secretary overestimated the amount of the small

business adjustment factor for the previous fiscal year; and

(B) consider the need to account for any adjustment of fees and such other factors as the Secretary determines appropriate.

(d) USE OF FEES.—The Secretary shall make all of the fees collected pursuant to subparagraphs (A) and (B) of subsection (a)(1) available solely to pay for the costs of oversight of outsourcing facilities.

(e) NOT TO SUPPLANT OTHER FUNDS.—Funds received by the Secretary pursuant to this section shall be used to supplement and not to supplant any other Federal funds available to carry out the activities described in this section.

(f) CREDITING AND AVAILABILITY OF FEES.—

(1) AVAILABILITY FOR OBLIGATION.—Fees authorized under this section shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts.

(2) AVAILABLE UNTIL EXPENDED.—The fees are authorized to remain available until expended.

(3) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for sala-

ries and expenses with fiscal year limitation. The sums transferred shall be available solely for the purpose of paying the costs of oversight of outsourcing facilities.

(g) COLLECTION OF FEES.—

(1) ESTABLISHMENT FEE.—An outsourcing facility shall remit the establishment fee due under this section in a fiscal year when submitting a registration pursuant to section 13107(c) of this title for the fiscal year.

(2) REINSPECTION FEE.—The Secretary shall specify in the Federal Register notice described in subsection (b)(2) the manner in which reinspection fees assessed under this section shall be collected and the timeline for payment of the fees. A reinspection fee under this section shall be collected after the Secretary has conducted a reinspection of the outsourcing facility involved.

(3) EFFECT OF FAILURE TO PAY FEES.—

(A) REGISTRATION.—An outsourcing facility shall not be considered registered under section 13107(c) of this title in a fiscal year until the date that the outsourcing facility remits the establishment fee under this subsection for the fiscal year.

(B) MISBRANDING.—All drugs manufactured, prepared, propagated, compounded, or processed by an outsourcing facility for which any establishment fee or reinspection fee has not been paid, as required by this section, shall be deemed misbranded under chapter 133 of this title until the fees owed for the outsourcing facility under this section have been paid.

(4) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under this section within 30 calendar days after it is due, the fee shall be treated as a claim of the United States Government subject to provisions of subchapter II of chapter 37 of title 31.

(h) ANNUAL REPORT TO CONGRESS.—Not later than 120 calendar days after each fiscal year in which fees are assessed and collected under this section, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report to include a description of fees assessed and collected for the year, a summary description of entities paying the fees, a description of the hiring and placement of new staff, a description of the use of fee resources to sup-

port inspecting outsourcing facilities, and the number of inspections and reinspections of the facilities performed each year.

(i) AUTHORIZATION OF APPROPRIATIONS.—For each fiscal year, there is authorized to be appropriated for fees under this section an amount equivalent to the total amount of fees assessed for the fiscal year under this section.

# Subchapter X—Fees Relating to Over-the-Counter Drugs

### § 17976. Definitions

In this subchapter:

(1) AFFILIATE.—The term ''affiliate'' means a business entity that has a relationship with a second business entity if, directly or indirectly—

(A) 1 business entity controls, or has the power to control, the other business entity; or

(B) a third party controls, or has power to control, both of the business entities.

(2) CONTRACT MANUFACTURING ORGANIZATION FACILITY.—The term ''contract manufacturing organization facility'' means an OTC monograph drug facility where neither the owner of the manufacturing facility nor any affiliate of the owner or facility sells the OTC monograph drug produced at the

facility directly to wholesalers, retailers, or consumers in the United States.

(3) COSTS OF RESOURCES ALLOCATED FOR OTC MONOGRAPH DRUG ACTIVITIES.—The term ''costs of resources allocated for OTC monograph drug activities'' means the expenses, in connection with OTC monograph drug activities, for—

(A) officers and employees of the FDA, contractors of the FDA, advisory committees, and costs related to the officers, employees, and committees and costs related to contracts with the contractors;

(B) management of information, and the acquisition, maintenance, and repair of computer resources;

(C) leasing, maintenance, renovation, and repair of facilities and acquisition, maintenance, and repair of fixtures, furniture, scientific equipment, and other necessary materials and supplies; and

(D) collection of fees under section 17977 of this title and accounting for resources allocated for OTC monograph drug activities.

(4) FDA ESTABLISHMENT IDENTIFIER.—The term ''FDA establishment identifier'' means the

unique number automatically generated by the FDA's Field Accomplishments and Compliance Tracking System (FACTS) (or any successor system).

(5) OTC MONOGRAPH DRUG.—The term ''OTC monograph drug'' means a nonprescription drug without an approved new drug application that is governed by the provisions of section 13118 of this title.

(6) OTC MONOGRAPH DRUG ACTIVITIES.—The term ''OTC monograph drug activities'' means activities of the Secretary associated with OTC monograph drugs and inspection of facilities associated with the OTC monograph drugs, including the following activities:

(A) The activities necessary for review and evaluation of OTC monographs and OTC monograph order requests, including—

(i) orders proposing or finalizing applicable conditions of use for OTC monograph drugs;

(ii) orders affecting status regarding general recognition of safety and effectiveness of an OTC monograph ingredient or

combination of ingredients under specified conditions of use;

(iii) all OTC monograph drug development and review activities, including intra-agency collaboration;

(iv) regulation and policy development activities related to OTC monograph drugs;

(v) development of product standards for products subject to review and evaluation;

(vi) meetings referred to in section 13118(j) of this title;

(vii) review of labeling prior to issuance of orders related to OTC monograph drugs or conditions of use; and

(viii) regulatory science activities related to OTC monograph drugs.

(B) Inspections related to OTC monograph drugs.

(C) Monitoring of clinical and other research conducted in connection with OTC monograph drugs.

(D) Safety activities with respect to OTC monograph drugs, including—

(i) collecting, developing, and reviewing safety information on OTC monograph drugs, including adverse event reports;

(ii) developing and using improved adverse event data-collection systems, including information technology systems; and

(iii) developing and using improved analytical tools to assess potential safety risks, including access to external databases.

(E) Other activities necessary for implementation of section 13118 of this title.

(7) OTC MONOGRAPH DRUG FACILITY.—

(A) IN GENERAL.—The term ''OTC monograph drug facility'' means a foreign or domestic business or other entity that—

(i) is—

(I) under 1 management, either direct or indirect; and

(II) at 1 geographic location or address engaged in manufacturing or processing the finished dosage form of an OTC monograph drug;

(ii) includes a finished dosage form manufacturer facility in a contractual rela-

tionship with the sponsor of 1 or more OTC monograph drugs to manufacture or process the drugs; and

(iii) does not include a business or other entity whose only manufacturing or processing activities are 1 or more of the following: production of clinical research supplies, testing, or placement of outer packaging on packages containing multiple products, for such purposes as creating multipacks, when each monograph drug product contained within the overpackaging is already in a final packaged form prior to placement in the outer overpackaging.

(B) SEPARATE BUILDINGS OR LOCATIONS.—For purposes of subparagraph (A)(i)(II), separate buildings or locations within close proximity are considered to be at 1 geographic location or address if the activities conducted in the buildings or locations are—

(i) closely related to the same business enterprise;

(ii) under the supervision of the same local management; and

(iii) under a single FDA establishment identifier and capable of being inspected by the FDA during a single inspection.

(C) MULTIPLE MANAGEMENT.—If a business or other entity would meet criteria specified in subparagraph (A), but for being under multiple management, the business or other entity is deemed to constitute multiple facilities, 1 per management entity, for purposes of this paragraph.

(8) OTC MONOGRAPH DRUG MEETING.—The term ''OTC monograph drug meeting'' means any meeting regarding the content of a proposed OTC monograph order request.

(9) OTC MONOGRAPH ORDER REQUEST.—The term ''OTC monograph order request'' means a request for an order submitted under section 13118(c)(5) of this title.

(10) PERSON.—The term ''person'' includes an affiliate of a person.

(11) REQUESTOR.—The term ''requestor'' has the meaning given the term in section 13118 of this title.

(12) SPONSOR.—The term ''sponsor'' has the meaning given the term in section 13118 of this title.

(13) TIER 1 OTC MONOGRAPH ORDER REQUEST.—The term ''Tier 1 OTC monograph order request'' means any OTC monograph order request not determined to be a Tier 2 OTC monograph order request.

(14) TIER 2 OTC MONOGRAPH ORDER REQUEST.—

(A) IN GENERAL.—The term ''Tier 2 OTC monograph order request'' means, subject to subparagraph (B), an OTC monograph order request for—

(i) the reordering of existing information in the drug facts label of an OTC monograph drug;

(ii) the addition of information to the other information section of the drug facts label of an OTC monograph drug, as limited by section 201.66(c)(7) of title 21, Code of Federal Regulations (or any successor regulations);

(iii) modification to the directions for use section of the drug facts label of an

OTC monograph drug, if the modification conforms to changes made pursuant to section 13118(d)(3)(A) of this title;

(iv) the standardization of the concentration or dose of a specific finalized ingredient within a particular finalized monograph;

(v) a change to ingredient nomenclature to align with nomenclature of a standards-setting organization; or

(vi) addition of an interchangeable term in accordance with section 330.1 of title 21, Code of Federal Regulations (or any successor regulations).

(B) DETERMINATION BY SECRETARY.—The Secretary may, based on program implementation experience or other factors found appropriate by the Secretary, characterize any OTC monograph order request as a Tier 2 OTC monograph order request (including recharacterizing a request from Tier 1 to Tier 2) and publish the determination in a proposed order issued pursuant to section 13118 of this title.

**§ 17977. Authority to assess and use OTC monograph fees**

(a) TYPES OF FEES.—The Secretary shall assess and collect fees in accordance with this section as follows:

(1) FACILITY FEE.—

(A) IN GENERAL.—Each person that owns a facility identified as an OTC monograph drug facility on December 31 of the fiscal year or at any time during the preceding 12-month period shall be assessed an annual fee for each such facility as determined under subsection (c).

(B) EXCEPTIONS.—

(i) FACILITIES THAT CEASE ACTIVITIES.—A fee shall not be assessed under subparagraph (A) if the identified OTC monograph drug facility—

(I) has ceased all activities related to OTC monograph drugs prior to December 31 of the year immediately preceding the applicable fiscal year; and

(II) has updated its registration to reflect the change under the requirements for drug establishment registration set forth in section 13136 of this title.

(ii) CONTRACT MANUFACTURING ORGANIZATIONS.—The amount of the fee for a contract manufacturing organization facility shall be equal to $^2/_3$ of the amount of the fee for an OTC monograph drug facility that is not a contract manufacturing organization facility.

(C) AMOUNT.—The amount of fees established under subparagraph (A) shall be established under subsection (c).

(D) DUE DATE.—The facility fees required under subparagraph (A) shall be due on the later of—

(i) the first business day of June of that year; or

(ii) the first business day after the enactment of an appropriations Act providing for the collection and obligation of fees under this section for that year.

(2) OTC MONOGRAPH ORDER REQUEST FEE.—

(A) IN GENERAL.—Each person that submits an OTC monograph order request shall be subject to a fee for an OTC monograph order request. The amount of the fee shall be—

(i) for a Tier 1 OTC monograph order request, $500,000, adjusted for inflation for the fiscal year (as determined under subsection (c)(1)(B)); and

(ii) for a Tier 2 OTC monograph order request, $100,000, adjusted for inflation for the fiscal year (as determined under subsection (c)(1)(B)).

(B) DUE DATE.—The OTC monograph order request fees required under subparagraph (A) shall be due on the date of submission of the OTC monograph order request.

(C) EXCEPTION FOR CERTAIN SAFETY CHANGES.—A person that is named as the requestor in an OTC monograph order shall not be subject to a fee under subparagraph (A) if the Secretary finds that the OTC monograph order request seeks to change the drug facts labeling of an OTC monograph drug in a way that would add to or strengthen—

(i) a contraindication, warning, or precaution;

(ii) a statement about risk associated with misuse or abuse; or

(iii) an instruction about dosage and administration that is intended to increase the safe use of the OTC monograph drug.

(D) REFUND OF FEE IF ORDER REQUEST IS RECATEGORIZED AS A TIER 2 OTC MONOGRAPH ORDER REQUEST.—If the Secretary determines that an OTC monograph request initially characterized as Tier 1 shall be recharacterized as a Tier 2 OTC monograph order request, and the requestor has paid a Tier 1 fee in accordance with subparagraph (A)(i), the Secretary shall refund the requestor the difference between the Tier 1 and Tier 2 fees determined under subparagraphs (A)(i) and (A)(ii), respectively.

(E) REFUND OF FEE IF ORDER REQUEST REFUSED FOR FILING OR WITHDRAWN BEFORE FILING.—The Secretary shall refund 75 percent of the fee paid under subparagraph (B) for any order request that is refused for filing or was withdrawn before being accepted or refused for filing.

(F) FEES FOR ORDER REQUESTS PREVIOUSLY REFUSED FOR FILING OR WITHDRAWN BEFORE FILING.—An OTC monograph order

request that was submitted but was refused for filing, or was withdrawn before being accepted or refused for filing, shall be subject to the full fee under subparagraph (A) upon being resubmitted or filed over protest.

(G) REFUND OF FEE IF ORDER REQUEST WITHDRAWN.—

(i) IN GENERAL.—If an order request is withdrawn after the order request was filed, the Secretary may refund the fee or a portion of the fee if no substantial work was performed on the order request after the application was filed.

(ii) DISCRETION OF THE SECRETARY.—The Secretary shall have the sole discretion to refund a fee or a portion of the fee under this subparagraph.

(iii) REVIEWABILITY.—A determination by the Secretary concerning a refund under this subparagraph shall not be reviewable.

(3) REFUNDS.—

(A) IN GENERAL.—Other than refunds provided pursuant to any of subparagraphs (D) through (G) of paragraph (2), the Secretary

shall not refund any fee paid under paragraph (1) except as provided in subparagraph (B).

(B) DISPUTES CONCERNING FEES.—To qualify for the return of a fee claimed to have been paid in error under paragraph (1) or (2), a person shall submit to the Secretary a written request justifying the return within 180 calendar days after the fee was paid.

(4) NOTICE.—Within the timeframe specified in subsection (c), the Secretary shall publish in the Federal Register the amount of the fees under paragraph (1) for the fiscal year.

(b) FEE REVENUE AMOUNTS.—

(1) IN GENERAL.—For each of the fiscal years 2022 through 2025, fees under subsection (a)(1) shall be established to generate a total facility fee revenue amount equal to the sum of—

(A) the annual base revenue for the fiscal year (as determined under paragraph (2));

(B) the dollar amount equal to the inflation adjustment for the fiscal year (as determined under subsection (c)(1));

(C) the dollar amount equal to the operating reserve adjustment for the fiscal year, if

applicable (as determined under subsection (c)(2));

(D) additional direct cost adjustments (as determined under subsection (c)(3)); and

(E) additional dollar amounts for each fiscal year as follows:

(i) $7,000,000 for fiscal year 2022.

(ii) $6,000,000 for fiscal year 2023.

(iii) $7,000,000 for fiscal year 2024.

(iv) $3,000,000 for fiscal year 2025.

(2) ANNUAL BASE REVENUE.—For purposes of paragraphs (1)(A), the dollar amount of the annual base revenue for a fiscal year shall be, for fiscal years 2022 through 2025, the dollar amount of the total revenue amount established under this subsection for the previous fiscal year, not including any adjustments made under subsection (c)(2) or (c)(3).

(c) ADJUSTMENTS; ANNUAL FEE SETTING.—

(1) INFLATION ADJUSTMENT.—

(A) IN GENERAL.—For purposes of subsection (b)(1)(B), the dollar amount of the inflation adjustment to the annual base revenue for each fiscal year shall be equal to the product of—

(i) the annual base revenue for that fiscal year under subsection (b)(1); and

(ii) the inflation adjustment percentage under subparagraph (C).

(B) OTC MONOGRAPH ORDER REQUEST FEES.—For purposes of subsection (a)(2), the dollar amount of the inflation adjustment to the fee for OTC monograph order requests for each fiscal year shall be equal to the product of—

(i) the applicable fee under subsection (a)(2) for the preceding fiscal year; and

(ii) the inflation adjustment percentage under subparagraph (C).

(C) INFLATION ADJUSTMENT PERCENTAGE.—The inflation adjustment percentage under this subparagraph for a fiscal year is equal to, for each of fiscal years 2024 and 2025, the sum of—

(i) the average annual percent change in the cost, per full-time equivalent position of the FDA, of all personnel compensation and benefits paid with respect to the positions for the first 3 years of the preceding 4 fiscal years, multiplied by the proportion of personnel compensation and

benefits costs to total costs of OTC monograph drug activities for the first 3 years of the preceding 4 fiscal years; and

(ii) the average annual percent change that occurred in the Consumer Price Index for urban consumers (Washington-Baltimore, DC–MD–VA–WV; Not Seasonally Adjusted; All items; Annual Index) for the first 3 years of the preceding 4 years of available data multiplied by the proportion of all costs other than personnel compensation and benefits costs to total costs of OTC monograph drug activities for the first 3 years of the preceding 4 fiscal years.

(2) OPERATING RESERVE ADJUSTMENT.—

(A) IN GENERAL.—For each fiscal year, for purposes of subsection (b)(1)(C), the Secretary may, in addition to adjustments under paragraph (1), further increase the fee revenue and fees if such an adjustment is necessary to provide operating reserves of carryover user fees for OTC monograph drug activities for not more than the number of weeks specified in subparagraph (B).

(B) NUMBER OF WEEKS.—The number of weeks specified in this subparagraph is—

(i) 10 weeks for fiscal year 2024; and

(ii) 10 weeks for fiscal year 2025.

(C) DECREASE.—If the Secretary has carryover balances for OTC monograph drug activities in excess of 10 weeks of the operating reserves referred to in subparagraph (A), the Secretary shall decrease the fee revenue and fees referred to in the subparagraph to provide for not more than 10 weeks of the operating reserves.

(D) RATIONALE FOR ADJUSTMENT.—If an adjustment under this paragraph is made, the rationale for the amount of the increase or decrease (as applicable) in fee revenue and fees shall be contained in the annual Federal Register notice under paragraph (4) establishing fee revenue and fees for the fiscal year involved.

(3) ADDITIONAL DIRECT COST ADJUSTMENT.—The Secretary shall, in addition to adjustments under paragraphs (1) and (2), further increase the fee revenue and fees for purposes of subsection (b)(1)(D) by an amount equal to—

(A) $7,000,000 for fiscal year 2022;

(B) $4,000,000 for fiscal year 2023;

(C) $3,000,000 for fiscal year 2024; and

(D) $3,000,000 for fiscal year 2025.

(4) ANNUAL FEE SETTING.—The Secretary shall, for each fiscal year, not later than the second Monday in March that precedes the fiscal year—

(A) establish for the fiscal year, based on the revenue amounts under subsection (b) and the adjustments provided under this subsection—

(i) OTC monograph drug facility fees under subsection (a)(1); and

(ii) OTC monograph order request fees under subsection (a)(2); and

(B) publish the fee revenue amounts, facility fees, and OTC monograph order request fees in the Federal Register.

(d) IDENTIFICATION OF FACILITIES.—Each person that owns an OTC monograph drug facility shall submit to the Secretary the information required under this subsection each year. The information shall, for each fiscal year—

(1) be submitted as part of the requirements for drug establishment registration set forth in section 13136 of this title; and

(2) include for each facility, at a minimum, identification of the facility's business operation as that of an OTC monograph drug facility.

(e) EFFECT OF FAILURE TO PAY FEES.—

(1) OTC MONOGRAPH DRUG FACILITY FEE.—

(A) IN GENERAL.—Failure to pay the fee under subsection (a)(1) within 20 calendar days of the due date as specified in subparagraph (D) of that subsection shall result in the following:

(i) The Secretary shall place the facility on a publicly available arrears list.

(ii) All OTC monograph drugs manufactured in the facility or containing an ingredient manufactured in the facility shall be deemed misbranded under section 13329 of this title.

(B) APPLICATION OF PENALTIES.—The penalties under this paragraph shall apply until the fee established by subsection (a)(1) is paid.

(2) ORDER REQUESTS.—An OTC monograph order request submitted by a person subject to fees under subsection (a) shall be considered incomplete and shall not be accepted for filing by the Secretary

until all fees owed by the person under this section have been paid.

(3) MEETINGS.—A person subject to fees under this section shall be considered ineligible for OTC monograph drug meetings until all such fees owed by the person have been paid.

(f) CREDITING AND AVAILABILITY OF FEES.—

(1) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Fees authorized under subsection (a) shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriations Acts.

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salaries and expenses with fiscal year limitation. The sums transferred shall be available solely for OTC monograph drug activities.

(2) COLLECTIONS AND APPROPRIATION ACTS.—

(A) IN GENERAL.—Subject to subparagraph (C), the fees authorized by this section shall be collected and available in each fiscal year in an amount not to exceed the amount specified in appropriation Acts, or otherwise made available for obligation, for the fiscal year.

(B) USE OF FEES AND LIMITATION.—The fees authorized by this section shall be available to defray increases in the costs of the resources allocated for OTC monograph drug activities (including increases in the costs for an additional number of full-time equivalent positions in the Department to be engaged in the activities) only if the Secretary allocates for that purpose an amount for the fiscal year (excluding amounts from fees collected under this section) no less than $12,000,000, multiplied by the adjustment factor applicable to the fiscal year involved under subsection (c)(1).

(C) COMPLIANCE.—The Secretary shall be considered to have met the requirements of subparagraph (B) in any fiscal year if the costs funded by appropriations and allocated for OTC monograph drug activities are not more than 15

percent below the level specified in the subparagraph.

(D) PROVISION FOR EARLY PAYMENTS IN SUBSEQUENT YEARS.—Payment of fees authorized under this section for a fiscal year, prior to the due date for the fees, may be accepted by the Secretary in accordance with authority provided in advance in a prior year appropriations Act.

(3) AUTHORIZATION OF APPROPRIATIONS.—For each of the fiscal years 2021 through 2025, there is authorized to be appropriated for fees under this section an amount equal to the total amount of fees assessed for the fiscal year under this section.

(g) COLLECTION OF UNPAID FEES.—In any case where the Secretary does not receive payment of a fee assessed under subsection (a) within 30 calendar days after it is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

(h) CONSTRUCTION.—This section may not be construed to require that the number of full-time equivalent positions in the Department, for officers, employers, and advisory committees not engaged in OTC monograph drug activities, be reduced to offset the number of officers, em-

ployees, and advisory committees engaged in OTC monograph drug activities.

**§ 17978. Reauthorization; reporting requirements**

(a) PERFORMANCE REPORT.—Not later than 120 calendar days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report concerning the progress of the FDA in achieving the goals identified in the letters described in section 3861 of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136, div. A, title III, 134 Stat. 458) during the fiscal year and the future plans of the FDA for meeting the goals.

(b) FISCAL REPORT.—Not later than 120 calendar days after the end of each fiscal year for which fees are collected under this subchapter, the Secretary shall prepare and submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report on the implementation of the authority for the fees during the fiscal year and the use, by the FDA, of the fees collected for the fiscal year.

(c) PUBLIC AVAILABILITY.—The Secretary shall make the reports required under subsections (a) and (b) available to the public on the FDA website.

(d) REAUTHORIZATION.—

(1) CONSULTATION.—In developing recommendations to present to the Congress with respect to the goals described in subsection (a), and plans for meeting the goals, for OTC monograph drug activities for the first 5 fiscal years after fiscal year 2025, and for the reauthorization of this subchapter for the fiscal years, the Secretary shall consult with—

(A) the Committee on Energy and Commerce of the House of Representatives;

(B) the Committee on Health, Education, Labor, and Pensions of the Senate;

(C) scientific and academic experts;

(D) health care professionals;

(E) representatives of patient and consumer advocacy groups; and

(F) the regulated industry.

(2) PUBLIC REVIEW OF RECOMMENDATIONS.—After negotiations with the regulated industry, the Secretary shall—

(A) present the recommendations developed under paragraph (1) to the congressional committees specified in the paragraph;

(B) publish the recommendations in the Federal Register;

(C) provide for a period of 30 calendar days for the public to provide written comments on the recommendations;

(D) hold a meeting at which the public may present its views on the recommendations; and

(E) after consideration of the public views and comments, revise the recommendations as necessary.

(3) TRANSMITTAL OF RECOMMENDATIONS.—Not later than January 15, 2025, the Secretary shall transmit to the Congress the revised recommendations under paragraph (2), a summary of the views and comments received under the paragraph, and any changes made to the recommendations in response to the views and comments.

# Chapter 181—Information and Education

Sec.
18101. Information system.
18102. Electronic format for submissions.
18103. Education.

**§ 18101. Information system**

The Secretary shall establish and maintain an information system to track the status and progress of each application or submission (including a petition, notification, or other similar form of request) submitted to the FDA requesting agency action.

**§ 18102. Electronic format for submissions**

(a) DRUGS AND BIOLOGICS.—

(1) IN GENERAL.—Beginning no earlier than 24 months after the issuance of a final guidance issued after public notice and opportunity for comment, submissions under section 13503, 13510, or 13511 of this title or subsection (a) or (k) of section 351 of the Public Health Service Act (42 U.S.C. 262(a), (k)) shall be submitted in such electronic format as specified by the Secretary in the guidance.

(2) GUIDANCE CONTENTS.—In the guidance under paragraph (1), the Secretary may—

(A) provide a timetable for establishment by the Secretary of further standards for electronic submission as required by paragraph (1); and

(B) set forth criteria for waivers of and exemptions from the requirements of this subsection.

(3) EXCEPTION.—This subsection shall not apply to submissions described in section 14301 of this title.

(b) DEVICES.—

(1) IN GENERAL.—Beginning after the issuance of final guidance implementing this paragraph, presubmissions and submissions for devices under section 13136(k), 13140(h)(2)(A), 13142(c), 13142(d), 13142(f), 13152(g), 13152(m), or 14306 of this title or section 351 of the Public Health Service Act (42 U.S.C. 262), and any supplements to the presubmissions or submissions, shall include an electronic copy of the presubmissions or submissions.

(2) GUIDANCE CONTENTS.—In the guidance under paragraph (1), the Secretary may—

(A) provide standards for the electronic copy required under paragraph (1); and

(B) set forth criteria for waivers of and exemptions from the requirements of this subsection.

(3) PRESUBMISSIONS AND SUBMISSIONS SOLELY IN ELECTRONIC FORMAT.—

(A) IN GENERAL.—Beginning on such date as the Secretary specifies in the final guidance

issued under subparagraph (C), presubmissions and submissions for devices described in paragraph (1) (and any appeals of action taken by the Secretary with respect to the presubmissions or submissions) shall be submitted solely in such electronic format as specified by the Secretary in the guidance.

(B) DRAFT GUIDANCE.—The Secretary shall, not later than October 1, 2019, issue draft guidance providing for—

(i) any further standards for the submission by electronic format required under subparagraph (A);

(ii) a timetable for the establishment by the Secretary of the further standards; and

(iii) criteria for waivers of and exemptions from the requirements of this subsection.

(C) FINAL GUIDANCE.—The Secretary shall, not later than 1 year after the close of the public comment period on the draft guidance issued under subparagraph (B), issue final guidance.

**§ 18103. Education**

(a) IN GENERAL.—The Secretary shall conduct training and education programs for the employees of the FDA relating to the regulatory responsibilities and policies established by this subtitle, including programs for—

(1) scientific training;

(2) training to improve the skill of officers and employees authorized to conduct inspections under section 17504 of this title;

(3) training to achieve product specialization in the inspections; and

(4) training in administrative process and procedure and integrity issues.

(b) INTRAMURAL FELLOWSHIPS AND OTHER TRAINING PROGRAMS.—

(1) IN GENERAL.—The Secretary, acting through the Commissioner, may, through fellowships and other training programs, conduct and support intramural research training for predoctoral and postdoctoral scientists and physicians.

(2) VOLUNTARY SERVICES.—Any fellowships and training programs under this section or under section 19102(d)(2)(A)(ix) of this title may include provision by the scientists and physicians of services on a voluntary and uncompensated basis, as the Secretary determines appropriate. The scientists and

physicians shall be subject to all legal and ethical requirements otherwise applicable to officers or employees of the Department.

# Chapter 183—Environmental Impact Review

Sec.
18301. Environmental impact.

### § 18301. Environmental impact

Notwithstanding any other provision of law, an environmental impact statement prepared in accordance with the regulations published in part 25 of title 21, Code of Federal Regulations (as in effect on August 31, 1997) in connection with an action carried out under (or a recommendation or report relating to) this subtitle shall be deemed to meet the requirements for a detailed statement under section 102(2)(C) of the National Environmental Policy Act of 1969 (42 U.S.C. 4332(2)(C)).

# Chapter 185—National Uniformity for Nonprescription Drugs and Preemption for Labeling or Packaging of Cosmetics

Sec.
18501. National uniformity for nonprescription drugs.
18502. Preemption for labeling or packaging of cosmetics.

**§ 18501. National uniformity for nonprescription drugs**

(a) IN GENERAL.—Except as provided in subsection (b), (c)(1), (d), (e), or (f), a State or political subdivision of a State shall not establish or continue in effect any requirement—

(1) that relates to the regulation of a drug that is not subject to the requirements of subsection (a)(1) or (e)(1)(A) of section 13103 of this title; and

(2) that is not identical with or that is in addition to a requirement under this subtitle, the Poison Prevention Packaging Act of 1970 (15 U.S.C. 1471 et seq.), or the Fair Packaging and Labeling Act (15 U.S.C. 1451 et seq.).

(b) EXEMPTION.—

(1) IN GENERAL.—On application of a State or political subdivision of a State, the Secretary may by regulation, after notice and opportunity for written and oral presentation of views, exempt from subsection (a), under such conditions as may be prescribed in the regulation, a State or political subdivision requirement that—

(A) protects an important public interest that would otherwise be unprotected, including the health and safety of children;

(B) would not cause any drug to be in violation of any applicable requirement or prohibition under Federal law; and

(C) would not unduly burden interstate commerce.

(2) TIMELY ACTION.—The Secretary shall make a decision on the exemption of a State or political subdivision requirement under paragraph (1) not later than 120 days after receiving the application of the State or political subdivision under paragraph (1).

(c) SCOPE.—

(1) IN GENERAL.—This section shall not apply to—

(A) any State or political subdivision requirement that relates to the practice of pharmacy; or

(B) any State or political subdivision requirement that a drug be dispensed only on the prescription of a practitioner licensed by law to administer the drug.

(2) SAFETY OR EFFECTIVENESS.—For purposes of subsection (a), a requirement that relates to the regulation of a drug shall be deemed to include any requirement relating to public information or

any other form of public communication relating to a warning of any kind for a drug.

(d) EXCEPTIONS.—

(1) IN GENERAL.—In the case of a drug described in subsection (a)(1) that is not the subject of an application approved under chapter 135 of this title or section 507 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 357) (as in effect on November 20, 1997) or a final order under section 13118 of this title by the Secretary establishing conditions under which the drug is generally recognized as safe and effective, subsection (a) shall apply only with respect to a requirement of a State or political subdivision of a State that relates to the same subject as, but is not identical with or is in addition to—

(A) a regulation or order in effect with respect to the drug pursuant to a statute described in subsection (a)(2); or

(B) any other requirement in effect with respect to the drug pursuant to an amendment to such a statute made after November 20, 1997.

(2) STATE INITIATIVES.—This section shall not apply to a State requirement adopted by a State

public initiative or referendum enacted prior to September 1, 1997.

(e) NO EFFECT ON PRODUCT LIABILITY LAW.—Nothing in this section shall be construed to modify or otherwise affect any action or the liability of any person under the product liability law of any State.

(f) STATE ENFORCEMENT AUTHORITY.—Nothing in this section shall prevent a State or political subdivision of a State from enforcing, under any relevant civil or other enforcement authority, a requirement that is identical to a requirement of this subtitle.

**§ 18502. Preemption for labeling or packaging of cosmetics**

(a) IN GENERAL.—Except as provided in subsection (b), (d), or (e), a State or political subdivision of a State shall not establish or continue in effect any requirement for labeling or packaging of a cosmetic that is not identical with or that is in addition to a requirement specifically applicable to a particular cosmetic or class of cosmetics under this subtitle, the Poison Prevention Packaging Act of 1970 (15 U.S.C. 1471 et seq.), or the Fair Packaging and Labeling Act (15 U.S.C. 1451 et seq.).

(b) EXEMPTION.—On application of a State or political subdivision of a State, the Secretary may by regulation, after notice and opportunity for written and oral

presentation of views, exempt from subsection (a), under such conditions as may be prescribed in the regulation, a State or political subdivision requirement for labeling or packaging that—

(1) protects an important public interest that would otherwise be unprotected;

(2) would not cause a cosmetic to be in violation of any applicable requirement or prohibition under Federal law; and

(3) would not unduly burden interstate commerce.

(c) SCOPE.—For purposes of subsection (a), a reference to a State requirement that relates to the packaging or labeling of a cosmetic means any specific requirement relating to the same aspect of the cosmetic as a requirement specifically applicable to that particular cosmetic or class of cosmetics under this subtitle for packaging or labeling, including any State requirement relating to public information or any other form of public communication.

(d) NO EFFECT ON PRODUCT LIABILITY LAW.—Nothing in this section shall be construed to modify or otherwise affect any action or the liability of any person under the product liability law of any State.

(e) STATE INITIATIVE.—This section shall not apply to a State requirement adopted by a State public initiative or referendum enacted prior to September 1, 1997.

# Chapter 187—Safety Reports

See.
18701. Safety reports as admission.

## § 18701. Safety reports as admission

(a) PRODUCT; INCLUSIONS.—In this section, the term ''product'' includes a product that is a food, drug, device, dietary supplement, or cosmetic.

(b) CONSTRUCTION OF SUBMISSION.—With respect to any entity that submits or is required to submit a safety report or other information in connection with the safety of a product under this subtitle (and any release by the Secretary of that report or information), the report or information shall not be construed to reflect necessarily a conclusion by the entity or the Secretary that the report or information constitutes an admission that the product involved—

(1) malfunctioned;

(2) caused or contributed to an adverse experience; or

(3) otherwise caused or contributed to a death, serious injury, or serious illness.

(c) NON-ADMISSION; DENIAL.—An entity under subsection (b) need not admit, and may deny, that the report

or information submitted by the entity constitutes an admission that the product involved—

(1) malfunctioned;

(2) caused or contributed to an adverse experience; or

(3) caused or contributed to a death, serious injury, or serious illness.

# Chapter 189—Serious Adverse Event Reports

Sec.
18901. Serious adverse event reporting for nonprescription drugs.
18902. Serious adverse event reporting for dietary supplements.

## § 18901. Serious adverse event reporting for nonprescription drugs

(a) DEFINITIONS.—In this section:

(1) ADVERSE EVENT.—

(A) IN GENERAL.—The term ''adverse event'' means any health-related event associated with the use of a nonprescription drug that is adverse.

(B) INCLUSIONS.—The term ''adverse event'' includes—

(i) an event occurring from an overdose of the drug, whether accidental or intentional;

(ii) an event occurring from abuse of the drug;

(iii) an event occurring from withdrawal from the drug; and

(iv) any failure of expected pharmacological action of the drug.

(2) NONPRESCRIPTION DRUG.—The term ''nonprescription drug'' means a drug that is—

(A) not subject to section 13103(a) of this title; and

(B) not subject to approval in an application submitted under chapter 135 of this title.

(3) SERIOUS ADVERSE EVENT.—The term ''serious adverse event'' is an adverse event that—

(A) results in—

(i) death;

(ii) a life-threatening experience;

(iii) inpatient hospitalization;

(iv) a persistent or significant disability or incapacity; or

(v) a congenital anomaly or birth defect; or

(B) requires, based on reasonable medical judgment, a medical or surgical intervention to prevent an outcome described under subparagraph (A).

(4) SERIOUS ADVERSE EVENT REPORT.—The term ''serious adverse event report'' means a report that is required to be submitted to the Secretary under subsection (b).

(b) REPORTING REQUIREMENT.—

(1) IN GENERAL.—The manufacturer, packer, or distributor whose name (pursuant to section 13302(a)(1) of this title) appears on the label of a nonprescription drug marketed in the United States (referred to in this section as the ''responsible person'') shall submit to the Secretary any report received of a serious adverse event associated with the nonprescription drug when used in the United States, accompanied by a copy of the label on or within the retail package of the nonprescription drug.

(2) RETAILER.—A retailer whose name appears on the label described in paragraph (1) as a distributor may, by agreement, authorize the manufacturer or packer of the nonprescription drug to submit the required reports for the drugs to the Secretary so long as the retailer directs to the manufacturer or packer all adverse events associated with the drug that are reported to the retailer through

the address or telephone number described in section 13321 of this title.

(c) SUBMISSION OF REPORTS.—

(1) TIMING OF REPORTS.—The responsible person shall submit to the Secretary a serious adverse event report not later than 15 business days after the report is received through the address or phone number described in section 13321 of this title.

(2) NEW MEDICAL INFORMATION.—The responsible person shall submit to the Secretary any new medical information, related to a submitted serious adverse event report that is received by the responsible person within 1 year of the initial report, not later than 15 business days after the new information is received by the responsible person.

(3) CONSOLIDATION OF REPORTS.—The Secretary shall develop systems to ensure that duplicate reports of, and new medical information related to, a serious adverse event shall be consolidated into a single report.

(4) EXEMPTION.—The Secretary, after providing notice and an opportunity for comment from interested parties, may establish an exemption to the requirements under paragraphs (1) and (2) if the

Secretary determines that the exemption would have no adverse effect on public health.

(d) CONTENTS OF REPORTS.—Each serious adverse event report under this section shall be submitted to the Secretary using the MedWatch form, which may be modified by the Secretary for nonprescription drugs, and may be accompanied by additional information.

(e) MAINTENANCE AND INSPECTION OF RECORDS.—

(1) MAINTENANCE.—The responsible person shall maintain records related to each report of an adverse event received by the responsible person for a period of 6 years.

(2) RECORDS INSPECTION.—

(A) DEFINITION OF AUTHORIZED INDIVIDUAL.—In this paragraph, the term ''authorized individual'' means an officer or employee of the Department who has—

(i) appropriate credentials, as determined by the Secretary; and

(ii) been designated by the Secretary to have access to the records required under this section.

(B) IN GENERAL.—The responsible person shall permit an authorized individual, during an inspection pursuant to section 17504 of this

title, to have access to records required to be maintained under this section.

(f) PROTECTED INFORMATION.—A serious adverse event report submitted to the Secretary under this section, including any new medical information submitted under subsection (c)(2), or an adverse event report voluntarily submitted to the Secretary shall be considered to be—

(1) a safety report under section 18701 of this title, and may be accompanied by a statement, which shall be a part of any report that is released for public disclosure, that denies that the report or the records constitute an admission that the product involved caused or contributed to the adverse event; and

(2) a record about an individual under section 552a of title 5 and a medical or similar file the disclosure of which would constitute a violation of section 552 of title 5, and shall not be publicly disclosed unless all personally identifiable information is redacted.

(g) RULE OF CONSTRUCTION.—The submission of any adverse event report in compliance with this section shall not be construed as an admission that the nonprescription drug involved caused or contributed to the adverse event.

(h) PREEMPTION.—

(1) IN GENERAL.—A State or local government shall not establish or continue in effect any law, regulation, order, or other requirement, related to a mandatory system for adverse event reports for nonprescription drugs, that is not identical to or that is in addition to this section.

(2) EFFECT OF SECTION.—

(A) IN GENERAL.—Nothing in this section affects the authority of the Secretary to provide adverse event reports and information to any health, food, or drug officer or employee of any State, territory of the United States, or political subdivision of a State or territory of the United States, under a memorandum of understanding between the Secretary and the State, territory of the United States, or political subdivision.

(B) PERSONALLY-IDENTIFIABLE INFORMATION.—Notwithstanding any other provision of law, personally-identifiable information in adverse event reports provided by the Secretary to any health, food, or drug officer or employee of any State, territory of the United States, or political subdivision of a State or territory of the United States shall not—

(i) be made publicly available pursuant to any State or other law requiring disclosure of information or records; or

(ii) otherwise be disclosed or distributed to any party without the written consent of the Secretary and the person submitting the information to the Secretary.

(C) USE OF SAFETY REPORTS.—Nothing in this section permits a State, territory of the United States, or political subdivision of a State or territory of the United States to use any safety report received from the Secretary in a manner inconsistent with subsection (g) or section 18701 of this title.

(i) CONSISTENCY WITH INTERNATIONAL HARMONIZATION EFFORTS.—The Secretary may modify requirements under this section and the amendments made by section 2 of the Dietary Supplement and Nonprescription Drug Consumer Protection Act (Public Law 109–462, 120 Stat. 3469) in accordance with section 553 of title 5 to maintain consistency with international harmonization efforts over time.

**§ 18902. Serious adverse event reporting for dietary supplements**

(a) DEFINITIONS.—In this section:

(1) ADVERSE EVENT.—The term ''adverse event'' means any health-related event associated with the use of a dietary supplement that is adverse.

(2) SERIOUS ADVERSE EVENT.—The term ''serious adverse event'' is an adverse event that—

(A) results in—

(i) death;

(ii) a life-threatening experience;

(iii) inpatient hospitalization;

(iv) a persistent or significant disability or incapacity; or

(v) a congenital anomaly or birth defect; or

(B) requires, based on reasonable medical judgment, a medical or surgical intervention to prevent an outcome described under subparagraph (A).

(3) SERIOUS ADVERSE EVENT REPORT.—The term ''serious adverse event report'' means a report that is required to be submitted to the Secretary under subsection (b).

(b) REPORTING REQUIREMENT.—

(1) IN GENERAL.—The manufacturer, packer, or distributor of a dietary supplement whose name (pursuant to section 11305(1) of this title) appears

on the label of a dietary supplement marketed in the United States (referred to in this section as the ''responsible person'') shall submit to the Secretary any report received of a serious adverse event associated with the dietary supplement when used in the United States, accompanied by a copy of the label on or within the retail packaging of the dietary supplement.

(2) RETAILER.—A retailer whose name appears on the label described in paragraph (1) as a distributor may, by agreement, authorize the manufacturer or packer of the dietary supplement to submit the required reports for the dietary supplement to the Secretary so long as the retailer directs to the manufacturer or packer all adverse events associated with the dietary supplement that are reported to the retailer through the address or telephone number described in section 11319 of this title.

(c) SUBMISSION OF REPORTS.—

(1) TIMING OF REPORTS.—The responsible person shall submit to the Secretary a serious adverse event report not later than 15 business days after the report is received through the address or phone number described in section 11319 of this title.

(2) NEW MEDICAL INFORMATION.—The responsible person shall submit to the Secretary any new medical information, related to a submitted serious adverse event report that is received by the responsible person within 1 year of the initial report, not later than 15 business days after the new information is received by the responsible person.

(3) CONSOLIDATION OF REPORTS.—The Secretary shall develop systems to ensure that duplicate reports of, and new medical information related to, a serious adverse event shall be consolidated into a single report.

(4) EXEMPTION.—The Secretary, after providing notice and an opportunity for comment from interested parties, may establish an exemption to the requirements under paragraphs (1) and (2) if the Secretary determines that the exemption would have no adverse effect on public health.

(d) CONTENTS OF REPORTS.—Each serious adverse event report under this section shall be submitted to the Secretary using the MedWatch form, which may be modified by the Secretary for dietary supplements, and may be accompanied by additional information.

(e) MAINTENANCE AND INSPECTION OF RECORDS.—

(1) MAINTENANCE.—The responsible person shall maintain records related to each report of an adverse event received by the responsible person for a period of 6 years.

(2) RECORDS INSPECTION.—

(A) DEFINITION OF AUTHORIZED INDIVIDUAL.—In this paragraph, the term ''authorized individual'' means an officer or employee of the Department, who has—

(i) appropriate credentials, as determined by the Secretary; and

(ii) been designated by the Secretary to have access to the records required under this section.

(B) IN GENERAL.—The responsible person shall permit an authorized individual to have access to records required to be maintained under this section during an inspection pursuant to section 17504 of this title.

(f) PROTECTED INFORMATION.—A serious adverse event report submitted to the Secretary under this section, including any new medical information submitted under subsection (c)(2), or an adverse event report voluntarily submitted to the Secretary shall be considered to be—

(1) a safety report under section 18701 of this title, and may be accompanied by a statement, which shall be a part of any report that is released for public disclosure, that denies that the report or the records constitute an admission that the product involved caused or contributed to the adverse event; and

(2) a record about an individual under section 552a of title 5 and a medical or similar file the disclosure of which would constitute a violation of section 552 of title 5, and shall not be publicly disclosed unless all personally identifiable information is redacted.

(g) RULE OF CONSTRUCTION.—The submission of any adverse event report in compliance with this section shall not be construed as an admission that the dietary supplement involved caused or contributed to the adverse event.

(h) PREEMPTION.—

(1) IN GENERAL.—A State or local government shall not establish or continue in effect any law, regulation, order, or other requirement, related to a mandatory system for adverse event reports for dietary supplements, that is not identical to or that is in addition to this section.

(2) EFFECT OF SECTION.—

(A) IN GENERAL.—Nothing in this section affects the authority of the Secretary to provide adverse event reports and information to any health, food, or drug officer or employee of any State, territory of the United States, or political subdivision of a State or territory of the United States, under a memorandum of understanding between the Secretary and the State, territory of the United States, or political subdivision.

(B) PERSONALLY-IDENTIFIABLE INFORMATION.—Notwithstanding any other provision of law, personally-identifiable information in adverse event reports provided by the Secretary to any health, food, or drug officer or employee of any State, territory of the United States, or political subdivision of a State or territory of the United States, shall not—

(i) be made publicly available pursuant to any State or other law requiring disclosure of information or records; or

(ii) otherwise be disclosed or distributed to any party without the written consent of the Secretary and the person submitting the information to the Secretary.

(C) USE OF SAFETY REPORTS.—Nothing in this section permits a State, territory of the United States, or political subdivision of a State or territory of the United States, to use any safety report received from the Secretary in a manner inconsistent with subsection (g) or section 18701 of this title.

# Chapter 191—Reagan-Udall Foundation for the Food and Drug Administration

Sec.
19101. Definitions.
19102. Establishment and functions of the Foundation.
19103. Location of Foundation.
19104. Activities of the FDA.

## § 19101. Definitions

In this chapter:

(1) BOARD.—The term ''Board'' means the Board of Directors established under section 19102(d)(1)(A) of this title.

(2) FOUNDATION.—The term ''Foundation'' means the Reagan-Udall Foundation for the Food and Drug Administration established in section 19102(a)(1) of this title.

## § 19102. Establishment and functions of the Foundation

(a) ESTABLISHMENT.—

(1) IN GENERAL.—A nonprofit corporation to be known as the Reagan-Udall Foundation for the Food and Drug Administration shall be established in accordance with this section.

(2) HEAD.—The Foundation shall be headed by an Executive Director, appointed by the members of the Board of Directors under subsection (f).

(3) NOT A FEDERAL AGENCY.—The Foundation shall not be an agency or instrumentality of the United States Government.

(b) PURPOSE OF FOUNDATION.—The purpose of the Foundation is to advance the mission of the FDA to modernize medical, veterinary, food, food ingredient, and cosmetic product development, accelerate innovation, and enhance product safety.

(c) DUTIES OF THE FOUNDATION.—The Foundation shall—

(1) taking into consideration the Critical Path reports and priorities published by the FDA, identify unmet needs in—

(A) the development, manufacture, and evaluation of the safety and effectiveness, including postapproval, of devices (including diagnostics, biologics, and drugs); and

(B) the safety of food, food ingredients, and cosmetics, including the incorporation of more sensitive and predictive tools and devices to measure safety;

(2) establish goals and priorities to meet the unmet needs identified in paragraph (1);

(3) in consultation with the Secretary, identify existing and proposed Federal intramural and extramural research and development programs relating to the goals and priorities established under paragraph (2), coordinate Foundation activities with the programs, and minimize Foundation duplication of existing efforts;

(4) award grants to, or enter into contracts, memoranda of understanding, or cooperative agreements with, scientists and entities, which may include the FDA, university consortia, public-private partnerships, institutions of higher education, entities described in section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(3)) (and exempt from tax under section 501(a) of the Internal Revenue Code of 1986 (26 U.S.C. 501(a))), and industry, to efficiently and effectively advance the goals and priorities established under paragraph (2);

(5) recruit meeting participants and hold or sponsor (in whole or in part) meetings as appropriate to further the goals and priorities established under paragraph (2);

(6) release and publish information and data and, to the extent practicable, license, distribute, and release material, reagents, and techniques to maximize, promote, and coordinate the availability of the material, reagents, and techniques for use by the FDA, nonprofit organizations, and academic and industrial researchers to further the goals and priorities established under paragraph (2);

(7) ensure that—

(A) action is taken as necessary to obtain patents for inventions developed by the Foundation or with funds from the Foundation;

(B) action is taken as necessary to enable the licensing of inventions developed by the Foundation or with funds from the Foundation; and

(C) executed licenses, memoranda of understanding, material transfer agreements, contracts, and other like instruments, promote, to the maximum extent practicable, the broadest conversion to commercial and noncommercial

applications of licensed and patented inventions of the Foundation to further the goals and priorities established under paragraph (2);

(8) provide objective clinical and scientific information to the FDA and, upon request, to other Federal agencies to assist in agency determinations of how to ensure that regulatory policy accommodates scientific advances and meets the agency's public health mission;

(9) conduct annual assessments of the unmet needs identified in paragraph (1); and

(10) carry out such other activities consistent with the purposes of the Foundation as the Board determines appropriate.

(d) BOARD OF DIRECTORS.—

(1) ESTABLISHMENT.—

(A) IN GENERAL.—The Foundation shall have a Board of Directors, which shall be composed of ex officio and appointed members in accordance with this subsection. All appointed members of the Board shall be voting members.

(B) EX OFFICIO MEMBERS.—The ex officio members of the Board, who shall be nonvoting members of the Board, shall be the following individuals or their designees:

(i) The Commissioner.

(ii) The Director of the National Institutes of Health.

(C) APPOINTED MEMBERS.—

(i) IN GENERAL.—The initial members of the Board appointed by the ex officio members described in subsection (d)(1)(B) (as in effect on the day before the enactment of this title) shall consist of 14 individuals, of which 9 shall be from a list of candidates to be provided by the National Academy of Sciences and 5 shall be from lists of candidates provided by patient and consumer advocacy groups, professional scientific and medical societies, and industry trade organizations. Of the appointed members—

(I) 4 shall be representatives of the general pharmaceutical, device, food, cosmetic, and biotechnology industries;

(II) 3 shall be representatives of academic research organizations;

(III) 2 shall be representatives of patient or consumer advocacy organizations;

(IV) 1 shall be a representative of health care providers; and

(V) 4 shall be at-large members with expertise or experience relevant to the purpose of the Foundation.

(ii) ADDITIONAL MEMBERS.—

(I) AMENDMENT TO BYLAWS.—The Board, through an amendment to the bylaws of the Foundation, may provide that the number of voting members of the Board shall be a number (to be specified in the amendment) greater than 14.

(II) APPOINTMENT; LIMITATIONS.—Any Board positions that are established by any amendment under subclause (I) shall be appointed (by majority vote) by the individuals who, as of the date of the amendment, are voting members of the Board and individuals appointed under this subclause may represent any of the cat-

egories specified in subclauses (I) through (V) of clause (i), so long as no more than 30 percent of the total voting members of the Board (including members whose positions are established by the amendment) are representatives of the general pharmaceutical, device, food, cosmetic, and biotechnology industries.

(iii) REQUIREMENTS.—

(I) EXPERTISE.—The ex officio members, acting pursuant to clause (i), and the Board, acting pursuant to clause (ii), shall ensure that the Board membership includes individuals with expertise in areas, including the sciences, of developing, manufacturing, and evaluating the safety and effectiveness of devices, including diagnostics, biologics, and drugs, and the safety of food, food ingredients, and cosmetics.

(II) FEDERAL EMPLOYEES.—

(aa) EMPLOYEE OF THE FEDERAL GOVERNMENT.—In this

subclause, the term ''employee of the Federal Government'' does not include a special Government employee, as that term is defined in section 202(a) of title 18.

(bb) IN GENERAL.—No employee of the Federal Government shall be appointed as a member of the Board under this subparagraph or under paragraph (3)(B).

(D) CHAIR.—The ex officio members of the Board under subparagraph (B) shall designate an appointed member of the Board to serve as the Chair of the Board.

(2) DUTIES OF THE BOARD.—The Board shall—

(A) establish bylaws for the Foundation that—

(i) are published in the Federal Register and available for public comment;

(ii) establish policies for the selection of the officers, employees, agents, and contractors of the Foundation;

(iii) establish policies, including ethical standards, for the acceptance, solicitation, and disposition of donations and grants to the Foundation and for the disposition of the assets of the Foundation, including appropriate limits on the ability of donors to designate, by stipulation or restriction, the use or recipient of donated funds;

(iv) establish policies that would subject all employees, fellows, and trainees of the Foundation to the conflict of interest standards under section 208 of title 18;

(v) establish licensing, distribution, and publication policies that—

(I) support the widest and least restrictive use by the public of information and inventions developed by the Foundation or with Foundation funds to carry out the duties described in paragraphs (6) and (7) of subsection (c); and

(II) may include charging cost-based fees for published material produced by the Foundation;

(vi) specify principles for the review of proposals and awarding of grants and contracts that include peer review and that are consistent with those of the Foundation for the National Institutes of Health, to the extent determined practicable and appropriate by the Board;

(vii) specify a cap on administrative expenses for recipients of a grant, contract, or cooperative agreement from the Foundation;

(viii) establish policies for the execution of memoranda of understanding and cooperative agreements between the Foundation and other entities, including the FDA;

(ix) establish policies for funding training fellowships, whether at the Foundation, academic or scientific institutions, or the FDA, for scientists, doctors, and other professionals who are not employees of regulated industry, to foster greater understanding of and expertise in new scientific tools, diagnostics, manufacturing techniques, and potential barriers to trans-

lating basic research into clinical and regulatory practice;

(x) specify a process for annual Board review of the operations of the Foundation; and

(xi) establish specific duties of the Executive Director;

(B) prioritize and provide overall direction to the activities of the Foundation;

(C) evaluate the performance of the Executive Director; and

(D) carry out any other necessary activities regarding the functioning of the Foundation.

(3) TERMS AND VACANCIES.—

(A) TERM.—The term of office of each member of the Board appointed under paragraph (1)(C)(i), and the term of office of any member of the Board whose position is established pursuant to paragraph (1)(C)(ii), shall be 4 years, except that—

(i) the terms of offices for the members of the Board appointed under paragraph (1)(C)(i) shall be on a staggered basis (as established by the staggered expi-

ration of terms under this clause as in effect on the day before the enactment of this title); and

(ii) the terms of office for the individuals initially appointed to positions established pursuant to paragraph (1)(C)(ii) may be made to expire on a staggered basis, as determined by the individuals who, as of the date of the amendment establishing the positions, are members of the Board.

(B) VACANCY.—Any vacancy in the membership of the Board—

(i) shall not affect the power of the remaining members to execute the duties of the Board; and

(ii) shall be filled by appointment by the appointed members described in paragraph (1)(C) by majority vote.

(C) PARTIAL TERM.—If a member of the Board does not serve the full term applicable under subparagraph (A), the individual appointed under subparagraph (B) to fill the resulting vacancy shall be appointed for the re-

mainder of the term of the predecessor of the individual.

(D) SERVING PAST TERM.—A member of the Board may continue to serve after the expiration of the term of the member until a successor is appointed.

(4) COMPENSATION.—

(A) IN GENERAL.—Members of the Board may not receive compensation for service on the Board.

(B) OTHER EXPENSES.—Members of the Board may be reimbursed for travel, subsistence, and other necessary expenses incurred in carrying out the duties of the Board, as set forth in the bylaws issued by the Board.

(e) NONPROFIT STATUS.—In carrying out subsection (b), the Board shall establish such policies and bylaws under subsection (d), and the Executive Director shall carry out such activities under subsection (f), as may be necessary to ensure that the Foundation maintains status as an organization that—

(1) is described in section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(3)); and

(2) is, under section 501(a) of the Internal Revenue Code of 1986 (26 U.S.C. 501(a)), exempt from taxation.

(f) EXECUTIVE DIRECTOR.—

(1) IN GENERAL.—The Board shall appoint an Executive Director who shall serve at the pleasure of the Board. The Executive Director shall be responsible for the day-to-day operations of the Foundation and shall have such specific duties and responsibilities as the Board shall prescribe.

(2) COMPENSATION.—The compensation of the Executive Director shall be fixed by the Board.

(g) ADMINISTRATIVE POWERS.—In carrying out this chapter, the Board, acting through the Executive Director, may—

(1) adopt, alter, and use a corporate seal, which shall be judicially noticed;

(2) hire, promote, compensate, and discharge 1 or more officers, employees, and agents, as may be necessary, and define their duties;

(3) prescribe the manner in which—

(A) real or personal property of the Foundation is acquired, held, and transferred;

(B) general operations of the Foundation are to be conducted; and

(C) the privileges granted to the Board by law are exercised and enjoyed;

(4) with the consent of the applicable executive department or independent agency, use the information, services, and facilities of the department or agency in carrying out this section;

(5) enter into contracts with public and private organizations for the writing, editing, printing, and publishing of books and other material;

(6) hold, administer, invest, and spend any gift, devise, or bequest of real or personal property made to the Foundation under subsection (h);

(7) enter into such other contracts, leases, cooperative agreements, and other transactions as the Board considers appropriate to conduct the activities of the Foundation;

(8) modify, or consent to the modification of, any contract or agreement to which it is a party or in which it has an interest under this chapter;

(9) take such action as may be necessary to obtain patents and licenses for devices and procedures developed by the Foundation and its employees;

(10) sue and be sued in its corporate name, and complain and defend in courts of competent jurisdiction;

(11) appoint other groups of advisors as may be determined necessary to carry out the functions of the Foundation; and

(12) exercise other powers as set forth in this section, and such other incidental powers as are necessary to carry out its powers, duties, and functions in accordance with this chapter.

(h) ACCEPTANCE OF FUNDS FROM OTHER SOURCES.—The Executive Director may solicit and accept on behalf of the Foundation any funds, gifts, grants, devises, or bequests of real or personal property made to the Foundation, including from private entities, for the purposes of carrying out the duties of the Foundation.

(i) SERVICE OF FEDERAL EMPLOYEES.—Federal employees may serve on committees advisory to the Foundation and otherwise cooperate with and assist the Foundation in carrying out its functions, so long as the employees do not direct or control Foundation activities.

(j) DETAIL OF GOVERNMENT EMPLOYEES; FELLOWSHIPS.—

(1) DETAIL FROM FEDERAL AGENCIES.—

(A) IN GENERAL.—Federal employees may be detailed from Federal agencies to the Foundation at any time, with or without reimbursement to those agencies, and the detail shall be

without interruption or loss of civil service status or privilege.

(B) STATUTORY, REGULATORY, ETHICAL, AND PROCEDURAL STANDARDS.—Each employee detailed under subparagraph (A) shall abide by the statutory, regulatory, ethical, and procedural standards applicable to the employees of the agency from which the employee is detailed and those of the Foundation.

(2) VOLUNTARY SERVICE; ACCEPTANCE OF FEDERAL EMPLOYEES.—

(A) FOUNDATION.—The Executive Director of the Foundation may accept the services of employees detailed from Federal agencies with or without reimbursement to those agencies.

(B) FDA.—The Commissioner may accept the uncompensated services of Foundation fellows or trainees. The services shall be considered to be an undertaking of an activity under contract with the Secretary as described in section 17508 of this title.

(k) ANNUAL REPORTS.—

(1) REPORTS TO FOUNDATION.—Any recipient of a grant, contract, fellowship, memorandum of un-

derstanding, or cooperative agreement from the Foundation under this section shall submit to the Foundation a report on an annual basis for the duration of the grant, contract, fellowship, memorandum of understanding, or cooperative agreement, which report describes the activities carried out under the grant, contract, fellowship, memorandum of understanding, or cooperative agreement.

(2) REPORT TO CONGRESS AND THE COMMISSIONER.—The Executive Director shall submit to Congress and the Commissioner an annual report that—

(A) describes the activities of the Foundation and the progress of the Foundation in furthering the goals and priorities established under subsection (c)(2), including the practical impact of the Foundation on regulated product development;

(B) provides a specific accounting of the source and use of all funds used by the Foundation to carry out the activities; and

(C) provides information on how the results of Foundation activities could be incorporated into the regulatory and product review activities of the FDA.

(l) SEPARATION OF FUNDS.—The Executive Director shall ensure that the funds received from the Treasury are managed as individual programmatic funds under subsection (h), according to best accounting practices.

(m) FUNDING.—From amounts appropriated to the FDA for each fiscal year, the Commissioner shall transfer not less than $1,250,000 and not more than $5,000,000, to the Foundation to carry out subsections (a), (b), and (d) through (l).

**§ 19103. Location of Foundation**

The Foundation shall, if practicable, be located not more than 20 miles from the District of Columbia.

**§ 19104. Activities of the FDA**

(a) ASSESSMENT BY COMMISSIONER OF REPORT FROM FOUNDATION.—The Commissioner shall receive and assess the report submitted to the Commissioner by the Executive Director of the Foundation under section 19102(k)(2) of this title.

(b) REPORT TO CONGRESS.—The Commissioner shall submit to Congress an annual report summarizing the incorporation of the information provided by the Foundation in the report described under section 19102(k)(2) of this title and by other recipients of grants, contracts, memoranda of understanding, or cooperative agreements into regulatory and product review activities of the FDA.

(c) EFFECT OF CHAPTER ON GRANTS, CONTRACTS, MEMORANDA OF UNDERSTANDING, AND COOPERATIVE AGREEMENT.—The provisions of this chapter and section 14312 of this title do not affect any grant, contract, memorandum of understanding, or cooperative agreement between the FDA and any other entity entered into before, on, or after September 27, 2007.

# Division G—Imports and Exports

# Chapter 201—Imports and Exports

Sec.
20101. Imports and exports.
20102. Exports of certain unapproved products.
20103. Office of International Relations.
20104. Importation of prescription drugs.
20105. Foreign supplier verification program.
20106. Voluntary qualified importer program.
20107. Inspection of foreign food facilities.
20108. Accreditation of third-party auditors.
20109. Recognition of foreign government inspections.

## § 20101. Imports and exports

(a) IN GENERAL.—

(1) DELIVERY OF SAMPLES ON REQUEST BY SECRETARY.—The Secretary of the Treasury shall deliver to the Secretary, on the Secretary's request, samples of food, drugs, devices, tobacco products, and cosmetics that are being imported or offered for import into the United States, giving notice of the delivery to the owner or consignee, who may appear before the Secretary and have the right to introduce testimony.

(2) LIST OF ESTABLISHMENTS; SAMPLES FROM UNREGISTERED FOREIGN ESTABLISHMENTS.—The Secretary—

(A) shall furnish to the Secretary of the Treasury a list of establishments registered pursuant to section 13136(i) of this title or section 21106(h) of this title; and

(B) shall request that if any drugs, devices, or tobacco products manufactured, prepared, propagated, compounded, or processed in an establishment not registered pursuant to the provisions referred to in subparagraph (A) are imported or offered for import into the United States, samples of the drugs, devices, or tobacco products be delivered to the Secretary, with notice of the delivery to the owner or consignee, who may appear before the Secretary and have the right to introduce testimony.

(3) ARTICLES TO BE REFUSED ADMISSION.—

(A) IN GENERAL.—Any article described in clauses (i) through (v) shall be refused admission, except as provided in subsection (b), if it appears from the examination of the samples or otherwise that—

(i)(I) the article has been manufactured, processed, or packed under insanitary conditions; or

(II) in the case of a device, the methods used in, or the facilities or controls used for, the manufacture, packing, storage, or installation of the device do not conform to the requirements of section 13152(f) of this title;

(ii) the article is forbidden or restricted in sale in the country in which it was produced or from which it was exported;

(iii)(I) the article—

(aa) is adulterated, misbranded, or in violation of chapter 135 of this title or prohibited from introduction or delivery for introduction into interstate commerce under section 10501(36) of this title; or

(bb) is a controlled substance subject to an order under section 14320 of this title; or

(II) the importer (as defined in section 20105 of this title) is in violation of section 20105 of this title;

(iv) the recordkeeping requirements under section 32533 of this title (other than the requirements under subsection (f) of that section) have not been complied with regarding the article; or

(v) the article is being imported or offered for import in violation of section 10501(27) of this title.

(B) COUNTERFEIT DRUGS AND COUNTERFEIT DEVICES.—If it appears from the examination of the samples or otherwise that the article is a counterfeit drug or counterfeit device, the article shall be refused admission.

(C) CERTIFICATION OF COMPLIANCE WITH SUBTITLE.—With respect to an article of food, if importation of the food is subject to, but not compliant with, the requirement under subsection (q) that the food be accompanied by a certification or other assurance that the food meets applicable requirements of this subtitle, the article shall be refused admission.

(D) SERIOUS ADVERSE EVENT REPORTING.—If the article is subject to a requirement under section 17121, 18901, or 18902 of this title and if the Secretary has credible evidence or information indicating that the responsible person (as defined in section 17101, 18901, or 18902 of this title) has not complied with a requirement of section 17121, 18901, or 18902 of this title with respect to the article, or has not allowed access to records described in section 17121, 18901, or 18902 of this title, the article shall be refused admission, except as provided in subsection (b).

(E) EFFECT OF CERTAIN PROVISIONS ON ADMISSION OF NARCOTIC DRUGS.—Neither clause (ii) nor clause (v) of subparagraph (A) shall be construed to prohibit the admission of narcotic drugs, the importation of which is permitted under division B of subtitle V of this title.

(4) DESTRUCTION OF ARTICLES REFUSED ADMISSION.—

(A) IN GENERAL.—The Secretary of the Treasury shall cause the destruction of any article refused admission under this subsection

unless the article is exported, under regulations prescribed by the Secretary of the Treasury, within 90 days of the date of notice of the refusal or within such additional time as may be permitted pursuant to the regulations.

(B) DESTRUCTION WITHOUT OPPORTUNITY FOR EXPORT.—Notwithstanding subparagraph (A), the Secretary may destroy, without the opportunity for export, any drug or device refused admission under this section, if the drug or device—

(i) is valued at an amount that is $2,500 or less (or such higher amount as the Secretary of the Treasury may set by regulation pursuant to section 498(a)(1) of the Tariff Act of 1930 (19 U.S.C. 1498(a)(1))); and

(ii) was not brought into compliance as described under subsection (b).

(5) NOTICE AND OPPORTUNITY TO APPEAR AND INTRODUCE TESTIMONY.—

(A) ISSUANCE OF REGULATIONS.—The Secretary shall issue regulations providing for notice and an opportunity to appear before the Secretary and introduce testimony, as described

in paragraph (1), on destruction of a drug or device under paragraph (4).

(B) DUE PROCESS.—The regulations shall provide that prior to destruction, appropriate due process is available to the owner or consignee seeking to challenge the decision to destroy the drug or device.

(C) STORAGE AND DISPOSITION.—If the Secretary provides notice and an opportunity to appear and introduce testimony on the destruction of a drug or device, the Secretary shall store and, as applicable, dispose of the drug or device after the issuance of the notice, except that the owner and consignee shall remain liable for costs pursuant to subsection (c).

(D) COMBINED PROCESS.—The process may be combined with the notice and opportunity to appear before the Secretary and introduce testimony, as described in paragraph (1), as long as appropriate notice is provided to the owner or consignee.

(b) DISPOSITION OF REFUSED ARTICLES.—

(1) BOND.—Pending decision as to the admission of an article being imported or offered for import, the Secretary of the Treasury may authorize

delivery of the article to the owner or consignee on the execution by the owner or consignee of a good and sufficient bond providing for such payment of the liquidated damages in the event of default as may be required pursuant to regulations of the Secretary of the Treasury.

(2) CONDITION AND AUTHORIZATIONS RELATING TO BOND.—

(A) CONDITION.—Subparagraph (B) applies if it appears to the Secretary that—

(i) an article included within the provisions of subsection (a)(3)(A)(iii) can, by relabeling or other action, be brought into compliance with this subtitle or rendered other than a food, drug, device, or cosmetic; or

(ii) with respect to an article described in subsection (a)(3)(D), the responsible person (as defined in section 17101, 18901, or 18902 of this title) can take action that would ensure that the responsible person is in compliance with section 17121, 18901, or 18902 of this title, as the case may be.

(B) DEFERMENT OF DETERMINATION ON ADMISSION OF ARTICLE; OTHER AUTHORIZATIONS.—If the condition under subparagraph (A) applies—

(i) final determination as to admission of the article may be deferred; and

(ii) on filing of timely written application by the owner or consignee and the execution by the owner or consignee of a bond as provided in paragraph (1), the Secretary may, in accordance with regulations, authorize the applicant, or, with respect to subparagraph (A)(ii), the responsible person, to perform the relabeling or other action specified in the authorization (including destruction or export of rejected articles or portions of the articles, as may be specified in the Secretary's authorization).

(C) SUPERVISION OF ACTIONS.—All relabeling or other action pursuant to the authorization under subparagraph (B)(ii) shall, in accordance with regulations, be under the supervision of an officer or employee of the Department designated by the Secretary, or an officer

or employee of the Department of the Treasury designated by the Secretary of the Treasury.

(c) CHARGES CONCERNING REFUSED ARTICLES.—All expenses (including travel, per diem or subsistence, and salaries of officers or employees of the United States) in connection with the destruction provided for in subsection (a) and the supervision of the relabeling or other action authorized under subsection (b), the amount of the expenses to be determined in accordance with regulations, and all expenses in connection with the storage, cartage, or labor with respect to any article refused admission under subsection (a), shall be paid by the owner or consignee and, in default of the payment, shall constitute a lien against any future importations made by the owner or consignee.

(d) REIMPORTATION.—

(1) IN GENERAL.—

(A) DRUGS MANUFACTURED IN A STATE.—Except as provided in paragraph (2) and section 20104 of this title, a drug subject to section 13103(a) of this title or composed wholly or partly of insulin that is manufactured in a State and exported shall not be imported into the United States unless the drug is imported by the manufacturer of the drug.

(B) DRUGS MANUFACTURED OUTSIDE THE UNITED STATES.—Except as authorized by the Secretary in the case of a drug that appears on the drug shortage list under section 13125 of this title or in the case of importation pursuant to section 20104 of this title, a drug that is subject to section 13103(a)(1) of this title shall not be imported into the United States for commercial use if the drug is manufactured outside the United States, unless the manufacturer has authorized the drug to be marketed in the United States and has caused the drug to be labeled to be marketed in the United States.

(2) EMERGENCY MEDICAL CARE.—The Secretary may authorize the importation of a drug the importation of which is prohibited by paragraph (1) if the drug is required for emergency medical care.

(3) CONDITIONS FOR REIMPORTATION.—

(A) IN GENERAL.—Subject to subparagraph (B), no component of a drug, no component part or accessory of a device, or other article of a device requiring further processing, which is ready or suitable for use for health-related purposes, and no article of a food additive, color additive, or dietary supplement, in-

cluding a product in bulk form, shall be excluded from importation into the United States under subsection (a) if each of the following conditions is met:

(i) The importer of the article of a drug or device or importer of the article of a food additive, color additive, or dietary supplement submits to the Secretary, at the time of initial importation, a statement in accordance with the following:

(I) The statement provides that the article is intended to be further processed by the initial owner or consignee, or incorporated by the initial owner or consignee, into a drug, biological product, device, food, food additive, color additive, or dietary supplement that will be exported by the initial owner or consignee from the United States in accordance with subsection (e), section 20102 of this title, or section 351(h) of the Public Health Service Act (42 U.S.C. 262(h)).

(II) The statement identifies the manufacturer of the article and each

processor, packer, distributor, or other entity that had possession of the article in the chain of possession of the article from the manufacturer to the importer of the article.

(III) The statement is accompanied by such certificates of analysis as are necessary to identify the article, unless the article is a device or is an article described in paragraph (4).

(ii) At the time of initial importation and before the delivery of the article to the importer or the initial owner or consignee, the owner or consignee executes a good and sufficient bond providing for the payment of the liquidated damages in the event of default as may be required pursuant to regulations of the Secretary of the Treasury.

(iii) The article is used and exported by the initial owner or consignee in accordance with the intent described under clause (i)(I), except for any portions of the article that are destroyed.

(iv) The initial owner or consignee maintains records on the use or destruction of the article or portions of the article, as the case may be, and submits to the Secretary any such records requested by the Secretary.

(v) On request of the Secretary, the initial owner or consignee submits a report that provides an accounting of the exportation or destruction of the article or portions of the article, and the manner in which the owner or consignee complied with the requirements of this subparagraph.

(B) EXCEPTION.—Notwithstanding subparagraph (A), the Secretary may refuse admission to an article that otherwise would be imported into the United States under subparagraph (A) if the Secretary determines that there is credible evidence or information indicating that the article is not intended to be further processed by the initial owner or consignee, or incorporated by the initial owner or consignee, into a drug, biological product, device, food, food additive, color additive, or dietary

supplement that will be exported by the initial owner or consignee from the United States in accordance with subsection (e), section 20102 of this title, or section 351(h) of the Public Health Service Act (42 U.S.C. 262(h)).

(C) EFFECT OF SECTION.—This section may not be construed as affecting the responsibility of the Secretary to ensure that articles imported into the United States under the authority of subparagraph (A) meet each of the conditions established in subparagraph (A) for importation.

(4) COMPLIANCE WITH CERTAIN PROVISIONS OF THE PUBLIC HEALTH SERVICE ACT.—

(A) BLOOD, BLOOD COMPONENTS, SOURCE PLASMA, AND SOURCE LEUKOCYTES.—The importation into the United States of blood, blood components, source plasma, or source leukocytes or of a component, accessory, or part of the blood, blood components, source plasma, or source leukocytes is not permitted pursuant to paragraph (3) unless the importation complies with section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)) or the Secretary permits the importation under appropriate cir-

cumstances and conditions, as determined by the Secretary.

(B) TISSUE.—The importation of tissue or a component or part of tissue is not permitted pursuant to paragraph (3) unless the importation complies with section 361 of the Public Health Service Act (42 U.S.C. 264).

(e) EXPORTS.—

(1) IN GENERAL.—A food, drug, device, tobacco product or cosmetic intended for export shall not be deemed to be adulterated or misbranded under this subtitle, and a tobacco product intended for export shall not be deemed to be in violation of section 21107(e), 21108, 21112, or 21121(a) of this title, if it—

(A) accords to the specifications of the foreign purchaser;

(B) is not in conflict with the laws of the country to which it is intended for export;

(C) is labeled on the outside of the shipping package that it is intended for export; and

(D) is not sold or offered for sale in domestic commerce.

(2) DEVICES TO WHICH PARAGRAPH (1) IS INAPPLICABLE.—

(A) DEVICES.—A device under this subparagraph is a device—

(i) that does not comply with an applicable requirement of section 13141 or 13142 of this title;

(ii) that, under section 13152(g) of this title, is exempt from section 13141 or 13142 of this title; or

(iii) that is a banned device under section 13146 of this title.

(B) INAPPLICABILITY OF PARAGRAPH (1).—Paragraph (1) does not apply to any device under subparagraph (A) unless, in addition to the requirements of paragraph (1)—

(i) the Secretary has determined that the exportation of the device is not contrary to public health and safety and has the approval of the country to which it is intended for export; or

(ii) the device is eligible for export under section 20102 of this title.

(3) NEW ANIMAL DRUGS.—A new animal drug that requires approval under chapter 137 of this title shall not be exported pursuant to paragraph (1) if the drug has been banned in the United States.

(4) CERTIFICATION.—

(A) IN GENERAL.—

(i) REQUEST.—Any person that exports a food, drug, animal drug, or device may request that the Secretary—

(I) certify in writing that the exported food, drug, animal drug, or device meets the requirements of paragraph (1) or section 20102 of this title; or

(II) certify in writing that the food, drug, animal drug, or device being exported meets the applicable requirements of this subtitle on a showing that the food, drug, animal drug, or device meets the applicable requirements of this subtitle.

(ii) ISSUANCE.—The Secretary shall issue the certification under clause (i) within 20 days of the receipt of a request for the certification.

(B) FEE.—

(i) IN GENERAL.—If the Secretary issues a written export certification within the 20 days prescribed by subparagraph

(A), a fee not to exceed $175 may be charged for the certification.

(ii) ACCOUNT; AVAILABILITY.—Fees collected for a fiscal year pursuant to this subparagraph shall be credited to the appropriation account for salaries and expenses of the FDA and shall be available in accordance with appropriations Acts until expended without fiscal year limitation.

(iii) AMOUNT.—Fees under this subparagraph shall be collected in each fiscal year in an amount equal to the amount specified in appropriations Acts for the fiscal year and shall be collected and available only for the costs of the FDA.

(iv) LIMITATIONS RELATING TO FEES IN CONNECTION WITH WRITTEN EXPORT CERTIFICATIONS FOR FOOD.—

(I) AVAILABLE ONLY FOR COSTS OF ISSUANCE OF CERTIFICATIONS.—Fees under this subparagraph in connection with written export certifications for food shall be collected and available solely for the costs of the

FDA associated with issuing the certifications.

(II) FISCAL YEAR COSTS ONLY.—Fees under this subparagraph in connection with written export certifications for food may not be retained in an amount that exceeds the costs for the respective fiscal year.

(C) BASIS AND FORM.—For purposes of this paragraph, a certification by the Secretary shall be made on such basis, and in such form (including a publicly available listing) as the Secretary determines appropriate.

(D) DENIAL OF REQUEST FOR CERTIFICATION.—

(i) IN GENERAL.—

(I) DENIAL TO BE IN WRITING.—If the Secretary denies a request for certification under subparagraph (A)(i)(II) with respect to a device manufactured in an establishment (foreign or domestic) registered under section 13136 of this title, the Secretary shall—

(aa) provide in writing to the person seeking the certification the basis for the denial; and

(bb) specifically identify the finding on which the denial is based.

(II) SUBSTANTIVE SUMMARY OF SPECIFIC GROUNDS.—If the denial of a request as described in subclause (I) is based on grounds other than an injunction proceeding pursuant to section 10502 of this title, a seizure action pursuant to section 10504 of this title, or a recall designated Class I or Class II pursuant to part 7 of title 21, Code of Federal Regulations, and is based on the facility being out of compliance with part 820 of title 21, Code of Federal Regulations, the Secretary shall provide a substantive summary of the specific grounds for noncompliance identified by the Secretary.

(III) ESTABLISHMENTS THAT RECEIVED A REPORT UNDER SECTION 17504(b).—With respect to a device manufactured in an establishment that has received a report under section 17504(b) of this title, the Secretary shall not deny a request for certification as described in subclause (I) with respect to a device based solely on the issuance of that report if the owner, operator, or agent in charge of the establishment has agreed to a plan of correction in response to the report.

(ii) PROCESS FOR REQUESTING REVIEW OF DENIAL.—

(I) IN GENERAL.—The Secretary shall provide a process for a person that is denied a certification as described in clause (i)(I) to request a review that conforms to the standards of section 13148(b) of this title.

(II) REQUEST FOR REVIEW AFTER CORRECTIVE ACTIONS.—Notwithstanding any previous review con-

ducted pursuant to subclause (I), a person that has been denied a certification as described in clause (i)(I) may at any time request a review in order to present new information relating to actions taken by the person to address the reasons identified by the Secretary for the denial of certification, including evidence that corrective actions are being or have been implemented to address grounds for noncompliance identified by the Secretary.

(III) GUIDANCE.—The Secretary shall issue final guidance providing for a process to carry out this subparagraph.

(E) CERTIFICATES TO FOREIGN GOVERNMENTS.—

(i) APPLICABILITY TO CERTAIN DEVICES.—This paragraph applies to requests for certification under this subparagraph of a device manufactured by a device establishment located outside of the United States that is registered under section

13136 of this title, if the device is listed pursuant to section 13136(j) of this title, the device has been cleared, approved, or is not required to submit a premarket report pursuant to subsection (l) or (m) of section 13136 of this title, and the device is imported or offered for import into the United States.

(ii) ISSUANCE OF CERTIFICATION.—The Secretary shall issue the certification as described in clause (iii) if the device or devices for which certification is requested under this subparagraph meet the applicable requirements of this subtitle.

(iii) CERTIFICATION REQUIREMENTS.—

(I) FEE.—A certification for a device described in clause (i) shall be subject to the fee described in subparagraph (B).

(II) SAME MATERIAL INFORMATION AS CERTIFICATES TO FOREIGN GOVERNMENT.—Notwithstanding subparagraph (C), a certification for a device described in clause (i) shall ad-

dress and include the same material information as a ''Certificate to Foreign Government'' and shall have a document title including the words ''Certificate to Foreign Government''.

(iv) REQUIREMENTS AND PROCEDURES.—The requirements and procedures of subparagraph (D) shall apply to a denial of a certification under this subparagraph.

(f) LABELING OF EXPORTED DRUGS.—

(1) AUTHORITY TO COMPLY WITH FOREIGN COUNTRY REQUIREMENTS.—If a drug (other than insulin, an antibiotic drug, an animal drug, or a drug exported under section 20102 of this title) being exported in accordance with subsection (e) is being exported to a country that has different or additional labeling requirements or conditions for use and the country requires the drug to be labeled in accordance with those requirements or uses, the drug may be labeled in accordance with the requirements and conditions for use in the country to which the drug is being exported if it also is labeled in accordance with the requirements of this subtitle.

(2) LABELING TO STATE UNAPPROVED CONDITIONS OF USE.—

(A) IN GENERAL.—If, pursuant to paragraph (1), the labeling of an exported drug includes conditions for use that have not been approved under this subtitle, the labeling shall state that the conditions for use have not been approved under this subtitle.

(B) EXEMPTION.—A drug exported under section 20102 of this title is exempt from this section.

(g) WARNING NOTICE OF IMPORTATION IN VIOLATION OF SUBTITLE.—

(1) DEFINITION OF WARNING NOTICE.—In this subsection, the term ''warning notice'', with respect to the importation of a drug, means a communication from the Secretary (written or otherwise) notifying a person, or clearly suggesting to the person, that importing the drug for personal use is, or appears to be, a violation of this subtitle.

(2) CONDITIONS FOR WARNING INDIVIDUALS NOT IN THE BUSINESS OF IMPORTATION.—With respect to a prescription drug being imported or offered for import into the United States, the Secretary, in the case of an individual who is not in the

business of such an importation, may not send a warning notice to the individual unless the following conditions are met:

(A) The notice specifies, as applicable to the importation of the drug, that the Secretary has made a determination that—

(i) importation is in violation of subsection (a) because the drug is or appears to be adulterated, misbranded, or in violation of chapter 135 of this title;

(ii) importation is in violation of subsection (a) because the drug is or appears to be forbidden or restricted in sale in the country in which it was produced or from which it was exported;

(iii) importation is or appears to be in violation of subsection (d)(1); or

(iv) importation otherwise is or appears to be in violation of Federal law.

(B) The notice does not specify any provision described in subparagraph (A) that is not applicable to the importation of the drug.

(C) The notice states the reasons underlying the determination by the Secretary, including a brief application to the principal facts

involved of the provision of law described in subparagraph (A) that is the basis of the determination by the Secretary.

(h) PROTECTION AGAINST ADULTERATION OF FOOD.—

(1) INCREASE IN THE NUMBER OF INSPECTIONS.—The Secretary shall give high priority to increasing the number of inspections under this section for the purpose of enabling the Secretary to inspect food offered for import at ports of entry into the United States, with the greatest priority given to inspections to detect the intentional adulteration of food.

(2) IMPROVEMENTS TO INFORMATION MANAGEMENT SYSTEMS.—The Secretary shall give high priority to making necessary improvements to the information management systems of the FDA that contain information related to foods imported or offered for import into the United States for purposes of improving the ability of the Secretary to allocate resources, detect the intentional adulteration of food, and facilitate the importation of food that is in compliance with this subtitle.

(3) IMPROVING LINKAGES WITH REGULATORY AGENCIES, STATES, AND INDIAN TRIBES.—The Sec-

retary shall improve linkages with other regulatory agencies of the Federal Government that share responsibility for food safety, and shall, with respect to the safety, improve linkages with the States and Indian tribes (as defined in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304(e))).

(i) TESTING FOR RAPID DETECTION OF ADULTERATION OF FOOD.—

(1) RESEARCH ON THE DEVELOPMENT OF TESTS AND SAMPLING METHODOLOGIES.—For use in inspections of food under this section, the Secretary shall provide for research on the development of tests and sampling methodologies—

(A) whose purpose is to test food in order to rapidly detect the adulteration of the food, with the greatest priority given to detect the intentional adulteration of food; and

(B) whose results offer significant improvements over the available technology in terms of accuracy, timing, or costs.

(2) PRIORITIZING TESTS FOR INSPECTIONS AT PORTS OF ENTRY.—In providing for research under paragraph (1), the Secretary shall give priority to conducting research on the development of tests that

are suitable for inspections of food at ports of entry into the United States.

(3) COORDINATION.—In providing for research under paragraph (1), the Secretary shall, as appropriate, coordinate with the Director of the Centers for Disease Control and Prevention, the Director of the National Institutes of Health, the Administrator of the Environmental Protection Agency, and the Secretary of Agriculture.

(4) REPORT.—The Secretary shall annually submit to the Committee on Energy and Commerce of the House of Representatives, and the Committee on Health, Education, Labor, and Pensions of the Senate a report describing the progress made in research under paragraph (1), including progress regarding paragraph (2).

(j) TEMPORARY HOLDS AT PORTS OF ENTRY.—

(1) IN GENERAL.—If an officer or qualified employee of the FDA has credible evidence or information indicating that an article of food presents a threat of serious adverse health consequences or death to humans or animals, and the officer or qualified employee is unable to inspect, examine, or investigate the article upon the article being offered for import at a port of entry into the United States,

the officer or qualified employee shall request the Secretary of the Treasury to hold the food at the port of entry for a reasonable period of time, not to exceed 24 hours, for the purpose of enabling the Secretary to inspect, examine, or investigate the article as appropriate.

(2) REMOVING OR TRANSFERRING OF ARTICLE.—

(A) REMOVING ARTICLE TO SECURE FACILITY.—The Secretary shall request the Secretary of the Treasury to remove an article held under paragraph (1) to a secure facility, as appropriate.

(B) TRANSFER OF ARTICLE.—During the period of time that the article is held under paragraph (1) (including after removal under subparagraph (A)), the article shall not be transferred by any person from the port of entry into the United States for the article, or from the secure facility to which the article has been removed, as the case may be.

(C) EFFECT OF SUBSECTION (b).—Subsection (b) does not authorize the delivery of the article pursuant to the execution of a bond while the article is held under paragraph (1)

(including after removal under subparagraph (A)).

(3) REQUEST FOR HOLD BY OFFICER OR QUALIFIED EMPLOYEE OF THE FDA.—

(A) IN GENERAL.—An officer or qualified employee of the FDA may make a request under paragraph (1) only if the Secretary or an official designated by the Secretary approves the request.

(B) DESIGNATION OF OFFICIAL.—An official may not be designated under subparagraph (A) unless the official is the director of the district under this subtitle in which the article involved is located, or is an official senior to the director.

(4) NOTIFICATION OF STATE OF PORT OF ENTRY.—With respect to an article of food for which a request under paragraph (1) is made, the Secretary, promptly after the request is made, shall notify the State in which the port of entry involved is located that the request has been made, and as applicable, that the article is being held under this subsection.

(k) IMPORTATION BY DEBARRED PERSONS.—

(1) TEMPORARY HOLD AT PORT OF ENTRY.—

(A) IN GENERAL.—If an article of food is being imported or offered for import into the United States, and the importer, owner, or consignee of the article is a person that has been debarred under section 10506(b)(3) of this title, the article shall be held at the port of entry for the article, and may not be delivered to the person.

(B) EFFECT OF SUBSECTION (b).—Subsection (b) does not authorize the delivery of the article pursuant to the execution of a bond while the article is held under this subsection.

(C) REMOVAL TO SECURE FACILITY.—The article shall be removed to a secure facility, as appropriate.

(D) TRANSFER OF ARTICLE.—During the period of time that the article is held under this paragraph (including after removal under subparagraph (C)), the article shall not be transferred by any person from the port of entry into the United States for the article, or from the secure facility to which the article has been removed, as the case may be.

(2) DELIVERY TO PERSON NOT DEBARRED.—An article of food held under paragraph (1) may be

delivered to a person that is not a debarred person under section 10506(b)(3) of this title if the person affirmatively establishes, at the expense of the person, that the article complies with the requirements of this subtitle, as determined by the Secretary.

(l) FAILURE TO REGISTER.—

(1) TEMPORARY HOLD AT PORT OF ENTRY.—If an article of food is being imported or offered for import into the United States, and the article is from a foreign facility for which a registration has not been submitted to the Secretary under section 11117 of this title (or for which a registration has been suspended under section 11117 of this title), the article shall be held at the port of entry for the article, and may not be delivered to the importer, owner, or consignee of the article, until the foreign facility is registered under section 11117 of this title.

(2) EFFECT OF SUBSECTION (b).—Subsection (b) does not authorize the delivery of the article pursuant to the execution of a bond while the article is held under this subsection.

(3) REMOVAL TO SECURE FACILITY.—The article shall be removed to a secure facility, as appropriate.

(4) TRANSFER OF ARTICLE.—During the period of time that the article is held under this subsection (including after removal under paragraph (3)), the article shall not be transferred by any person from the port of entry into the United States for the article, or from the secure facility to which the article has been removed, as the case may be.

(m) PRIOR NOTICE OF IMPORTED FOOD SHIPMENTS.—

(1) REQUIRED SUBMISSION.—

(A) IN GENERAL.—In the case of an article of food that is being imported or offered for import into the United States, the Secretary, after consultation with the Secretary of the Treasury, shall by regulation require, for the purpose of enabling the article to be inspected at ports of entry into the United States, the submission to the Secretary of a notice providing the identity of—

(i) the article;

(ii) the manufacturer and shipper of the article;

(iii) if known within the specified period of time that notice is required to be provided, the grower of the article;

(iv) the country from which the article originates;

(v) the country from which the article is shipped;

(vi) any country to which the article has been refused entry; and

(vii) the anticipated port of entry for the article.

(B) REFUSED ADMISSION.—An article of food imported or offered for import without submission of the notice in accordance with the requirements under this paragraph shall be refused admission into the United States.

(C) EFFECT OF SECTION.—Nothing in this section may be construed as a limitation on the port of entry for an article of food.

(2) PROCEDURES.—

(A) PERIOD OF TIME FOR PROVISION OF NOTICE.—

(i) IN GENERAL.—Regulations under paragraph (1) shall require that a notice under paragraph (1) be provided by a specified period of time in advance of the time of the importation of the article of food involved or the offering of the food for

import, which period shall be no less than the minimum amount of time necessary for the Secretary to receive, review, and appropriately respond to the notification, but may not exceed 5 days.

(ii) FACTORS TO CONSIDER IN DETERMINING PERIOD OF TIME.—In determining the specified period of time required under this subparagraph, the Secretary may consider, but is not limited to consideration of, the effect on commerce of the period of time, the locations of the various ports of entry into the United States, the various modes of transportation, the types of food imported into the United States, and any other such consideration.

(iii) EFFECT OF CLAUSE (ii).—Nothing in clause (ii) may be construed as a limitation on the obligation of the Secretary to receive, review, and appropriately respond to any notice under paragraph (1).

(B) TEMPORARY HOLD AT PORT OF ENTRY.—

(i) IN GENERAL.—

(I) NOTICE NOT PROVIDED IN ADVANCE.—If an article of food is being imported or offered for import into the United States and a notice under paragraph (1) is not provided in advance in accordance with the requirements under paragraph (1), the article shall be held at the port of entry for the article, and may not be delivered to the importer, owner, or consignee of the article, until the notice is submitted to the Secretary and the Secretary examines the notice and determines that the notice is in accordance with the requirements under paragraph (1).

(II) EFFECT OF SUBSECTION (b).—Subsection (b) does not authorize the delivery of the article pursuant to the execution of a bond while the article is held under this clause.

(III) REMOVAL TO SECURE FACILITY.—The article shall be removed to a secure facility, as appropriate.

(IV) TRANSFER OF ARTICLE.—During the period of time that the article is held under this clause (including after removal under subclause (III)), the article shall not be transferred by any person from the port of entry into the United States for the article, or from the secure facility to which the article has been removed, as the case may be.

(ii) ARTICLE PRESENTING THREAT OF SERIOUS ADVERSE HEALTH CONSEQUENCES OR DEATH.—In carrying out clause (i) with respect to an article of food, the Secretary shall determine whether there is in the possession of the Secretary any credible evidence or information indicating that the article presents a threat of serious adverse health consequences or death to humans or animals.

(3) EFFECT OF SUBSECTION.—

(A) AUTHORITY OF SECRETARY TO OBTAIN INFORMATION.—This subsection may not be construed as limiting the authority of the Sec-

retary to obtain information under any other provision of this subtitle.

(B) FOOD WITHIN EXCLUSIVE JURISDICTION OF SECRETARY OF AGRICULTURE.—This subsection may not be construed as authorizing the Secretary to impose any requirements with respect to a food to the extent that it is within the exclusive jurisdiction of the Secretary of Agriculture pursuant to chapters 303, 313, and 317 of this title.

(n) LABELING OF FOOD REFUSED ADMISSION.—

(1) IN GENERAL.—If a food has been refused admission under subsection (a), other than a food that is required to be destroyed, the Secretary may require the owner or consignee of the food to affix to the container of the food a label that clearly and conspicuously bears the statement: ''UNITED STATES: REFUSED ENTRY''.

(2) EXPENSES.—All expenses in connection with affixing a label under paragraph (1) shall be paid by the owner or consignee of the food involved, and in default of the payment, shall constitute a lien against future importations made by the owner or consignee.

(3) DURATION OF REQUIREMENT.—A requirement under paragraph (1) remains in effect until the Secretary determines that the food involved has been brought into compliance with this subtitle.

(4) EFFECT OF SUBSECTION.—With respect to articles of food that are imported or offered for import into the United States, nothing in this subsection shall be construed to limit the authority of the Secretary or the Secretary of the Treasury to require the marking of refused articles of food under any other provision of law.

(o) REGISTRATION STATEMENT.—

(1) REFUSED ADMISSION.—If an article that is a device is being imported or offered for import into the United States, and the importer, owner, or consignee of the article does not, at the time of offering the article for import, submit to the Secretary a statement that identifies the registration under section 13136(i) of this title of each establishment that with respect to the article is required under section 13136(i) of this title to register with the Secretary, the article may be refused admission.

(2) TEMPORARY HOLD AT PORT OF ENTRY.—If the article is refused admission for failure to submit the statement described in paragraph (1), the article

shall be held at the port of entry for the article, and may not be delivered to the importer, owner, or consignee of the article, until the statement is submitted to the Secretary.

(3) EFFECT OF SUBSECTION (b).—Subsection (b) does not authorize the delivery of the article pursuant to the execution of a bond while the article is held under this subsection.

(4) REMOVAL TO SECURE FACILITY.—The article shall be removed to a secure facility, as appropriate.

(5) TRANSFER OF ARTICLE.—During the period of time that the article is held under this subsection (including after removal under paragraph (4)), the article shall not be transferred by any person from the port of entry into the United States for the article, or from the secure facility to which the article has been removed, as the case may be.

(p) REPORT.—

(1) IN GENERAL.—The Secretary shall annually submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives a report regarding—

(A) the nature, extent, and destination of United States tobacco product exports that do not conform to tobacco product standards established under this subtitle;

(B) the public health implications of the exports, including any evidence of a negative public health impact; and

(C) recommendations or assessments of policy alternatives available to Congress and the Executive Branch to reduce any negative public health impact caused by the exports.

(2) INFORMATION DISCLOSURE REQUIREMENTS.—The Secretary may establish appropriate information disclosure requirements to carry out this subsection.

(q) CERTIFICATIONS CONCERNING IMPORTED FOODS.—

(1) REQUIREMENT.—

(A) IN GENERAL.—The Secretary may require, as a condition of granting admission to an article of food imported or offered for import into the United States, that an entity described in paragraph (3) provide a certification, or such other assurances as the Secretary determines

appropriate, that the article of food complies with applicable requirements of this subtitle.

(B) FORM.—The certification or assurances may be provided—

(i) in the form of shipment-specific certificates;

(ii) in the form of a listing of certified facilities that manufacture, process, pack, or hold the food; or

(iii) in such other form as the Secretary may specify.

(2) FACTORS TO BE CONSIDERED IN REQUIRING CERTIFICATION.—The Secretary shall base the determination that an article of food is required to have a certification described in paragraph (1) on the risk of the food, including—

(A) known safety risks associated with the food;

(B) known food safety risks associated with the country, territory, or region of origin of the food;

(C) a finding by the Secretary, supported by scientific, risk-based evidence, that—

(i) the food safety programs, systems, and standards in the country, territory, or

region of origin of the food are inadequate to ensure that the article of food is as safe as a similar article of food that is manufactured, processed, packed, or held in the United States in accordance with the requirements of this subtitle; and

(ii) the certification would assist the Secretary in determining whether to refuse or admit the article of food under subsection (a); and

(D) information submitted to the Secretary in accordance with the process established in paragraph (7).

(3) CERTIFYING ENTITIES.—For purposes of paragraph (1), entities that shall provide the certification or assurances described in paragraph (1) are—

(A) an agency or a representative of the government of the country from which the article of food at issue originated, as designated by the Secretary; or

(B) such other persons or entities accredited pursuant to section 20108 of this title to provide the certification or assurance.

(4) RENEWAL AND REFUSAL OF CERTIFICATIONS.—The Secretary may—

(A) require that any certification or other assurance provided by an entity specified in paragraph (3) be renewed by the entity at such times as the Secretary determines appropriate; and

(B) refuse to accept any certification or assurance if the Secretary determines that the certification or assurance is not valid or reliable.

(5) ELECTRONIC SUBMISSION.—The Secretary shall provide for the electronic submission of certifications under this subsection.

(6) FALSE STATEMENTS.—Any statement or representation made by an entity described in paragraph (3) to the Secretary shall be subject to section 1001 of title 18.

(7) ASSESSMENT OF FOOD SAFETY PROGRAMS, SYSTEMS, AND STANDARDS.—If the Secretary determines that the food safety programs, systems, and standards in a foreign region, country, or territory are inadequate to ensure that an article of food is as safe as a similar article of food that is manufactured, processed, packed, or held in the United

States in accordance with the requirements of this subtitle, the Secretary shall, to the extent practicable, identify the inadequacies and establish a process by which the foreign region, country, or territory may inform the Secretary of improvements made to the food safety program, system, or standard and demonstrate that those controls are adequate to ensure that an article of food is as safe as a similar article of food that is manufactured, processed, packed, or held in the United States in accordance with the requirements of this subtitle.

(8) EFFECT OF SUBSECTION.—Nothing in this subsection and subsection (a)(3)(C) limits the authority of the Secretary to conduct inspections of imported food or to take such other steps as the Secretary considers appropriate to determine the admissibility of imported food.

(r) STANDARDS FOR ADMISSION OF IMPORTED DRUGS.—

(1) ELECTRONIC SUBMISSION OF INFORMATION DEMONSTRATING COMPLIANCE.—The Secretary may require, pursuant to the regulations promulgated under paragraph (4)(A), as a condition of granting admission to a drug imported or offered for import into the United States, that the importer electroni-

cally submit information demonstrating that the drug complies with applicable requirements of this subtitle.

(2) INFORMATION INCLUSIONS.—The information described under paragraph (1) may include—

(A) information demonstrating the regulatory status of the drug, such as the new drug application, abbreviated new drug application, or investigational new drug or drug master file number;

(B) facility information, such as proof of registration and the unique facility identifier;

(C) indication of compliance with current good manufacturing practice, testing results, certifications relating to satisfactory inspections, and compliance with the country of export regulations; and

(D) any other information considered necessary and appropriate by the Secretary to assess compliance of the article being offered for import.

(3) DOCUMENTATION.—Information requirements referred to in paragraph (2)(C) may, at the discretion of the Secretary, be satisfied—

(A) through representation by a foreign government, if an inspection is conducted by a foreign government using standards and practices as determined appropriate by the Secretary;

(B) through representation by a foreign government or an agency of a foreign government recognized under section 20109 of this title; or

(C) other appropriate documentation or evidence as described by the Secretary.

(4) REGULATIONS.—

(A) IN GENERAL.—

(i) PROMULGATION.—The Secretary shall promulgate final regulations implementing this subsection.

(ii) REGULATION REQUIREMENTS.—The regulation requirements shall be appropriate for the type of import, such as whether the drug is for import into the United States for use in preclinical research or in a clinical investigation under an investigational new drug exemption under section 13510 of this title.

(B) PROMULGATION CONSIDERATIONS; EXPEDITED CLEARANCE; RULEMAKING PROCEDURES.—In promulgating the regulations under subparagraph (A), the Secretary—

(i) may, as appropriate, take into account differences among importers and types of imports, and, based on the level of risk posed by the imported drug, provide for expedited clearance for those importers that volunteer to participate in partnership programs for highly compliant companies and pass a review of internal controls, including sourcing of foreign manufacturing inputs, and plant inspections; and

(ii) shall—

(I) issue a notice of proposed rulemaking that includes the proposed regulation;

(II) provide a period of not less than 60 days for comments on the proposed regulation; and

(III) publish the final regulation not less than 30 days before the effective date of the regulation.

(C) RESTRICTIONS.—Notwithstanding any other provision of law, the Secretary shall promulgate regulations implementing this subsection only as described in subparagraph (B).

(s) REGISTRATION OF COMMERCIAL IMPORTERS.—

(1) REGISTRATION.—The Secretary shall require a commercial importer of drugs—

(A) to be registered with the Secretary in a form and manner specified by the Secretary; and

(B) subject to paragraph (4), to submit, at the time of registration, a unique identifier for the principal place of business for which the importer is required to register under this subsection.

(2) REGULATIONS.—

(A) IN GENERAL.—The Secretary, in consultation with the Secretary of Homeland Security acting through U.S. Customs and Border Protection, shall promulgate regulations to establish good importer practices that specify the measures an importer shall take to ensure imported drugs are in compliance with the requirements of this subtitle and the Public Health Service Act (42 U.S.C. 201 et seq.).

(B) PROCEDURE.—In promulgating a regulation under subparagraph (A), the Secretary shall—

(i) issue a notice of proposed rulemaking that includes the proposed regulation;

(ii) provide a period of not less than 60 days for comments on the proposed regulation; and

(iii) publish the final regulation not less than 30 days before the regulation's effective date.

(C) RESTRICTIONS.—Notwithstanding any other provision of Federal law, in implementing this subsection, the Secretary shall promulgate regulations only as described in subparagraph (B).

(D) EFFECTIVE DATE.—In establishing the effective date of the regulations under subparagraph (A), the Secretary shall, in consultation with the Secretary of Homeland Security acting through U.S. Customs and Border Protection, as determined appropriate by the Secretary, provide a reasonable period of time for an importer of a drug to comply with good im-

porter practices, taking into account differences among importers and types of imports, including based on the level of risk posed by the imported product.

(3) DISCONTINUANCE OF REGISTRATION.—The Secretary shall discontinue the registration of any commercial importer of drugs that fails to comply with the regulations promulgated under this subsection.

(4) UNIQUE FACILITY IDENTIFIER.—

(A) IN GENERAL.—The Secretary shall specify the unique facility identifier system that shall be used by registrants under paragraph (1).

(B) DATE OF APPLICABILITY.—The requirement to include a unique facility identifier in a registration under paragraph (1) shall not apply until the date that the identifier system is specified by the Secretary under subparagraph (A).

(5) EXEMPTIONS.—The Secretary, by notice in the Federal Register, may establish exemptions from the requirements of this subsection.

(t) SINGLE SOURCE PATTERN OF IMPORTED ILLEGAL DRUGS.—If the Secretary determines that a person

subject to debarment as a result of engaging in a pattern of importing or offering for import controlled substances or drugs as described in section 10506(b)(3)(B)(iv) of this title, and the pattern is identified by the Secretary as offering for import from the same manufacturer, distributor, or importer the controlled substances or drugs, the Secretary may by order determine all drugs being offered for import from the person as adulterated or misbranded, unless the person can provide evidence otherwise.

(u) ILLICIT ARTICLES CONTAINING ACTIVE PHARMACEUTICAL INGREDIENTS.—

(1) IN GENERAL.—For purposes of this section, an article that is being imported or offered for import into the United States may be treated by the Secretary as a drug if the article—

(A) is not—

(i) accompanied by an electronic import entry for the article submitted using an authorized electronic data interchange system; and

(ii) designated in the system as an article regulated by the Secretary (which may include regulation as a drug, a device, a dietary supplement, or other product that is regulated under this subtitle); and

(B) is an ingredient that presents significant public health concern and is, or contains—

(i) an active ingredient in a drug—

(I) that is approved under chapter 135 of this title or licensed under section 351 of the Public Health Service Act (42 U.S.C. 262); or

(II) for which—

(aa) an investigational use exemption has been authorized under section 13510 of this title or section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)); and

(bb) a substantial clinical investigation has been instituted, and the investigation has been made public; or

(ii) a substance that has a chemical structure that is substantially similar to the chemical structure of an active ingredient in a drug or biological product described in subclause (I) or (II) of clause (i).

(2) EFFECT.—This subsection shall not be construed to bear on any determination of whether an article is a drug within the meaning of section 10101(a)(18) of this title, other than for the purposes described in paragraph (1).

**§ 20102. Exports of certain unapproved products**

(a) DEFINITIONS.—In this section:

(1) DRUG.—The term ''drug'' includes—

(A) drugs for human use; and

(B) biologicals under section 351 of the Public Health Service Act (42 U.S.C. 262) or the Act of March 4, 1913 (ch. 145, 37 Stat. 832) (commonly known as the Virus-Serum Toxin Act).

(2) SECRETARY.—The term ''Secretary'' means, in the case of a biological product that is required to be licensed under the Act of March 4, 1913 (ch. 145, 37 Stat. 832) (commonly known as the Virus-Serum Toxin Act), the Secretary of Agriculture.

(b) DRUGS OR DEVICES INTENDED FOR HUMAN OR ANIMAL USE THAT REQUIRE APPROVAL OR LICENSING.—

(1) EXPORT AUTHORIZATION.—A drug or device under paragraph (2) is adulterated, misbranded,

and in violation of the provisions referred to in paragraph (2) unless the export of the drug or device is, except as provided in subsection (g), authorized under subsection (c), (d), (e), or (f) or section 20101(e)(2) of this title.

(2) DRUG OR DEVICE.—A drug or device under this paragraph is a drug or device—

(A) that, in the case of a drug—

(i) requires—

(I) approval by the Secretary under chapter 135 of this title before the drug may be introduced or delivered for introduction into interstate commerce; or

(II) licensing by the Secretary under section 351 of the Public Health Service Act (42 U.S.C. 262) or by the Secretary of Agriculture under the Act of March 4, 1913 (ch. 145, 37 Stat. 832) before it may be introduced or delivered for introduction into interstate commerce;

(ii) does not have the approval or license described in clause (i); and

(iii) is not exempt from the provisions referred to in clause (i); and

(B) that, in the case of a device—

(i) does not comply with an applicable requirement under section 13141 or 13142 of this title;

(ii) under section 13152(g) of this title, is exempt from either section referred to in clause (i); or

(iii) is a banned device under section 13146 of this title.

(3) NOTIFICATION OF DISAPPROVAL.—If a drug or device described in paragraph (2) may be exported under subsection (c) and if an application for the drug or device under chapter 135 of this title, section 13142 of this title, or section 351 of the Public Health Service Act (42 U.S.C. 262) was disapproved, the Secretary shall notify the appropriate public health official of the country to which the drug will be exported of the disapproval.

(c) LIST OF ELIGIBLE COUNTRIES FOR EXPORT; CRITERIA FOR ADDITION TO LIST; DIRECT EXPORT; PETITION FOR EXEMPTION.—

(1) LIST OF COUNTRIES.—

(A) IN GENERAL.—A drug or device described in subsection (b) may be exported to any country if the drug or device complies with the laws of that country and has valid marketing authorization by the appropriate authority—

(i) in Australia, Canada, Israel, Japan, New Zealand, Switzerland, or South Africa; or

(ii) in the European Union or a country in the European Economic Area (the countries in the European Union and the European Free Trade Association) if the drug or device is marketed in that country or the drug or device is authorized for general marketing in the European Economic Area.

(B) DESIGNATION OF ADDITIONAL COUNTRIES.—

(i) IN GENERAL.—The Secretary may designate an additional country to be included in the list of countries described in clauses (i) and (ii) of subparagraph (A) if all of the following requirements are met in the country:

(I) Statutory or regulatory requirements that require the review of drugs and devices for safety and effectiveness by an entity of the government of the country and that authorize the approval of only those drugs and devices that have been determined to be safe and effective by experts employed by or acting on behalf of the entity and qualified by scientific training and experience to evaluate the safety and effectiveness of drugs and devices on the basis of adequate and well-controlled investigations, including clinical investigations, conducted by experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs and devices.

(II) Statutory or regulatory requirements that the methods used in, and the facilities and controls used for—

(aa) the manufacture, processing, and packing of drugs in

the country are adequate to preserve their identity, quality, purity, and strength; and

(bb) the manufacture, preproduction design validation, packing, storage, and installation of a device are adequate to ensure that the device will be safe and effective.

(III) Statutory or regulatory requirements for the reporting of adverse reactions to drugs and devices and procedures to withdraw approval and remove drugs and devices found not to be safe or effective.

(IV) Statutory or regulatory requirements that the labeling and promotion of drugs and devices must be in accordance with the approval of the drug or device.

(V) The valid marketing authorization system in the country is equivalent to the systems in the countries described in clauses (i) and (ii) of subparagraph (A).

(ii) NONDELEGATION.—The Secretary shall not delegate the authority granted under this subparagraph.

(C) REQUEST FOR DESIGNATION.—

(i) SUBMISSION OF DOCUMENTATION IN SUPPORT OF DESIGNATION.—An appropriate country official, manufacturer, or exporter may request the Secretary to take action under subparagraph (B) to designate an additional country or countries to be added to the list of countries described in clauses (i) and (ii) of subparagraph (A) by submitting documentation to the Secretary in support of the designation.

(ii) LETTER FROM COUNTRY INDICATING DESIRE TO BE DESIGNATED.—Any person other than a country requesting the designation shall include, along with the request, a letter from the country indicating the desire of the country to be designated.

(2) EXPORTATION OF DRUG TO UNLISTED COUNTRY.—A drug described in subsection (b) may

be directly exported to a country that is not listed in clause (i) or (ii) of paragraph (1)(A) if—

(A) the drug complies with the laws of that country and has valid marketing authorization by the responsible authority in that country; and

(B) the Secretary determines that all of the following requirements are met in that country:

(i) Statutory or regulatory requirements that require the review of drugs for safety and effectiveness by an entity of the government of the country and that authorize the approval of only those drugs that have been determined to be safe and effective by experts employed by or acting on behalf of the entity and qualified by scientific training and experience to evaluate the safety and effectiveness of drugs on the basis of adequate and well-controlled investigations, including clinical investigations, conducted by experts qualified by scientific training and experience to evaluate the safety and effectiveness of drugs.

(ii) Statutory or regulatory requirements that the methods used in, and the facilities and controls used for, the manufacture, processing, and packing of drugs in the country are adequate to preserve their identity, quality, purity, and strength.

(iii) Statutory or regulatory requirements for the reporting of adverse reactions to drugs and procedures to withdraw approval and remove drugs found not to be safe or effective.

(iv) Statutory or regulatory requirements that the labeling and promotion of drugs must be in accordance with the approval of the drug.

(3) PETITION TO EXPORT DRUG NOT MEETING APPROVAL REQUIREMENTS TO UNLISTED COUNTRY.—

(A) IN GENERAL.—The exporter of a drug described in subsection (b) that would not meet the conditions for approval under this subtitle or conditions for approval of a country described in clause (i) or (ii) of paragraph (1)(A) may petition the Secretary for authorization to export the drug to a country that is not de-

scribed in clause (i) or (ii) of paragraph (1)(A) or that is not described in paragraph (2).

(B) PERMISSION TO EXPORT.—The Secretary shall permit the export under subparagraph (A) if—

(i) the person exporting the drug—

(I) certifies that the drug would not meet the conditions for approval under this subtitle or the conditions for approval of a country described in clause (i) or (ii) of paragraph (1)(A); and

(II) provides the Secretary with credible scientific evidence, acceptable to the Secretary, that the drug would be safe and effective under the conditions of use in the country to which it is being exported; and

(ii) the appropriate health authority in the country to which the drug is being exported—

(I) requests approval of the export of the drug to the country;

(II) certifies that the health authority understands that the drug is

not approved under this subtitle or in a country described in clause (i) or (ii) of paragraph (1)(A); and

(III) concurs that the scientific evidence provided pursuant to clause (i) is credible scientific evidence that the drug would be reasonably safe and effective in the country.

(C) SECRETARIAL ACTION.—The Secretary shall take action on a request for export of a drug under this paragraph within 60 days of receiving the request.

(d) INVESTIGATIONAL USE EXEMPTION.—A drug or device intended for investigational use in any country described in clause (i) or (ii) of subsection (c)(1)(A) may be exported in accordance with the laws of that country and shall be exempt from regulation under section 13510 or 13152(g) of this title.

(e) ANTICIPATION OF MARKET AUTHORIZATION.—A drug or device intended for formulation, filling, packaging, labeling, or further processing in anticipation of market authorization in any country described in clause (i) or (ii) of subsection (c)(1)(A) may be exported for use in accordance with the laws of that country.

(f) DIAGNOSIS, PREVENTION, OR TREATMENT OF TROPICAL DISEASE.—

(1) IN GENERAL.—A drug or device that is used in the diagnosis, prevention, or treatment of a tropical disease or another disease not of significant prevalence in the United States and that does not otherwise qualify for export under this section shall, on approval of an application, be permitted to be exported if the Secretary finds that—

(A) the drug or device will not expose patients in the country to an unreasonable risk of illness or injury; and

(B) the probable benefit to health from the use of the drug or device (under conditions of use prescribed, recommended, or suggested in the labeling or proposed labeling of the drug or device) outweighs the risk of injury or illness from its use, taking into account the probable risks and benefits of currently available drug or device treatment.

(2) REPORTING REQUIREMENT.—The holder of an approved application for the export of a drug or device under this subsection shall report to the Secretary—

(A) the receipt of any credible information indicating that the drug or device is being or may have been exported from a country for which the Secretary made a finding under paragraph (1) to a country for which the Secretary cannot make such a finding; and

(B) the receipt of any information indicating adverse reactions to the drug.

(3) WITHDRAWAL OF APPROVED APPLICATION; PROHIBITION OF EXPORT.—

(A) WITHDRAWAL OF APPROVED APPLICATION.—The Secretary may, after providing the holder of an approved application under paragraph (1) an opportunity for an informal hearing, withdraw the approved application if the Secretary determines that—

(i) the drug or device for which the application is approved under paragraph (1) does not continue to meet the requirements of paragraph (1); or

(ii) the holder of the approved application under paragraph (1) has not made the report required by paragraph (2).

(B) PROHIBITION OF EXPORT.—If the Secretary determines that the holder of an ap-

proved application under paragraph (1) or an importer is exporting a drug or device from the United States to an importer and the importer is exporting the drug or device to a country for which the Secretary cannot make a finding under paragraph (1) and the export presents an imminent hazard, the Secretary shall—

(i) immediately prohibit the export of the drug or device to the importer;

(ii) provide the person exporting the drug or device from the United States prompt notice of the prohibition; and

(iii) afford the person an opportunity for an expedited hearing.

(g) PROHIBITION OF EXPORT OF DRUG OR DEVICE.—

(1) IN GENERAL.—A drug or device may not be exported under this section—

(A) if the drug or device is not manufactured, processed, packaged, and held in substantial conformity with current good manufacturing practice requirements or does not meet international standards as certified by an international standards organization recognized by the Secretary;

(B) if the drug or device is adulterated under subparagraph (A), (B)(i), or (C) of subsection (a)(2) of section 13101 of this title or under subsection (c) or (d) of section 13101 of this title;

(C) if the requirements of subparagraphs (A) through (D) of section 20101(e)(1) of this title have not been met;

(D)(i) if the drug or device is the subject of a notice by the Secretary or the Secretary of Agriculture of a determination that the probability of reimportation of the exported drug or device would present an imminent hazard to the public health and safety of the United States and the only means of limiting the hazard is to prohibit the export of the drug or device; or

(ii) if the drug or device presents an imminent hazard to the public health of the country to which the drug or device would be exported;

(E) if the labeling of the drug or device is not—

(i) in accordance with the requirements and conditions for use in—

(I) the country in which the drug or device received valid marketing authorization under subsection (c); and

(II) the country to which the drug or device would be exported; and

(ii) in the language and units of measurement of the country to which the drug or device would be exported or in the language designated by the country; or

(F) if the drug or device is not promoted in accordance with the labeling requirements set forth in subparagraph (E).

(2) CONSULTATION.—In making a finding under subparagraph (D)(ii), (E), or (F) of paragraph (1), the Secretary shall consult with the appropriate public health official in the affected country.

(h) NOTIFICATION OF SECRETARY.—

(1) LISTED COUNTRIES.—The exporter of a drug or device exported under subsection (c)(1) shall provide a simple notification to the Secretary identifying the drug or device when the exporter first begins to export the drug or device to any country listed in clause (i) or (ii) of subsection (c)(1)(A).

(2) UNLISTED COUNTRIES.—The exporter of a drug or device shall provide a simple notification to the Secretary identifying the drug or device and the country to which the drug or device is being exported when an exporter first begins to export a drug or device to a country that is not listed in clause (i) or (ii) of subsection (c)(1)(A) .

(3) RECORDS.—Any exporter of a drug or device shall maintain records of all drugs or devices exported and the countries to which they were exported.

(i) EXPORTATION OF INSULIN AND ANTIBIOTIC DRUGS.—Insulin and antibiotic drugs may be exported without regard to the requirements in this section if the insulin and antibiotic drugs meet the requirements of section 20101(e)(1) of this title.

**§ 20103. Office of International Relations**

(a) ESTABLISHMENT.—There is established in the Department an Office of International Relations.

(b) AGREEMENTS WITH FOREIGN COUNTRIES.—In carrying out the functions of the Office under subsection (a), the Secretary may enter into agreements with foreign countries to facilitate commerce in devices between the United States and the countries consistent with the re-

quirements of this subtitle. In the agreements, the Secretary shall encourage the mutual recognition of—

(1) good manufacturing practice regulations promulgated under section 13152(f) of this title; and

(2) other regulations and testing protocols as the Secretary determines to be appropriate.

(c) AUTHORITIES OF THE SECRETARY.—

(1) REDUCING BURDEN OF REGULATION AND HARMONIZATION OF REQUIREMENTS.—The Secretary shall support the Office of the United States Trade Representative, in consultation with the Secretary of Commerce, in meetings with representatives of other countries to discuss methods and approaches to reduce the burden of regulation and harmonize regulatory requirements if the Secretary determines that the harmonization continues consumer protections consistent with the purposes of this subtitle.

(2) ACCEPTANCE OF MUTUAL RECOGNITION AGREEMENTS.—The Secretary shall support the Office of the United States Trade Representative, in consultation with the Secretary of Commerce, in efforts to move toward the acceptance of mutual recognition agreements relating to the regulation of drugs, biological products, devices, foods, food addi-

tives, and color additives, and the regulation of good manufacturing practices, between the European Union and the United States.

(3) PARTICIPATION IN MEETINGS.—

(A) IN GENERAL.—The Secretary shall regularly participate in meetings with representatives of other foreign governments to discuss and reach agreement on methods and approaches to harmonize regulatory requirements.

(B) AUTHORITIES RELATING TO MEETINGS.—In carrying out subparagraph (A), the Secretary may participate in appropriate fora, including the International Medical Device Regulators Forum, and may—

(i) provide guidance to the fora on strategies, policies, directions, membership, and other activities of a forum as appropriate;

(ii) to the extent appropriate, solicit, review, and consider comments from industry, academia, health care professionals, and patient groups regarding the activities of the fora; and

(iii) to the extent appropriate, inform the public of the Secretary's activities within the fora, and share with the public any documentation relating to a forum's strategies, policies, and other activities.

(4) ARRANGEMENTS.—With respect to devices, the Secretary may, when appropriate, enter into arrangements with nations regarding methods and approaches to harmonizing regulatory requirements for activities, including inspections and common international labeling symbols.

(5) APPLICABILITY OF CERTAIN PROVISIONS.—Paragraphs (1) and (4) shall not apply with respect to products defined in section 10101(a)(17) of this title.

**§ 20104. Importation of prescription drugs**

(a) DEFINITIONS.—In this section:

(1) IMPORTER.—The term ''importer'' means a pharmacist or wholesaler.

(2) PHARMACIST.—The term ''pharmacist'' means a person licensed by a State to practice pharmacy, including the dispensing and selling of prescription drugs.

(3) PRESCRIPTION DRUG.—The term ''prescription drug'' means a drug subject to section 13103(a) of this title, except—

(A) a controlled substance (as defined in section 50101 of this title);

(B) a biological product (as defined in section 351 of the Public Health Service Act (42 U.S.C. 262));

(C) an infused drug (including a peritoneal dialysis solution);

(D) an intravenously injected drug;

(E) a drug that is inhaled during surgery; or

(F) a drug that is a parenteral drug, the importation of which pursuant to subsection (b) is determined by the Secretary to pose a threat to the public health, in which case section 20101(d)(1) of this title shall continue to apply.

(4) QUALIFYING LABORATORY.—The term ''qualifying laboratory'' means a laboratory in the United States that has been approved by the Secretary for the purposes of this section.

(5) WHOLESALER.—

(A) IN GENERAL.—The term ''wholesaler'' means a person licensed as a wholesaler or dis-

tributor of prescription drugs in the United States under section 13103(d)(2)(A) of this title.

(B) EXCLUSION.—The term ''wholesaler'' does not include a person authorized to import drugs under section 20101(d)(1) of this title.

(b) REGULATIONS.—The Secretary, after consultation with the United States Trade Representative and the Commissioner of U.S. Customs and Border Protection, shall promulgate regulations permitting pharmacists and wholesalers to import prescription drugs from Canada into the United States.

(c) LIMITATION.—The regulations under subsection (b) shall—

(1) require that safeguards be in place to ensure that each prescription drug imported under the regulations complies with—

(A) chapter 135 of this title (including with respect to being safe and effective for the intended use of the prescription drug);

(B) chapter 133 of this title and section 13101 of this title; and

(C) other applicable requirements of this subtitle;

(2) require that an importer of a prescription drug under the regulations comply with subsections (d)(1) and (e); and

(3) contain any additional provisions determined by the Secretary to be appropriate as a safeguard to protect the public health or as a means to facilitate the importation of prescription drugs.

(d) INFORMATION AND RECORDS.—

(1) IN GENERAL.—The regulations under subsection (b) shall require an importer of a prescription drug under subsection (b) to submit to the Secretary the following information and documentation:

(A) The name and quantity of the active ingredient of the prescription drug.

(B) A description of the dosage form of the prescription drug.

(C) The date on which the prescription drug is shipped.

(D) The quantity of the prescription drug that is shipped.

(E) The point of origin and destination of the prescription drug.

(F) The price paid by the importer for the prescription drug.

(G) Documentation from the foreign seller specifying—

(i) the original source of the prescription drug; and

(ii) the quantity of each lot of the prescription drug originally received by the seller from that source.

(H) The lot or control number assigned to the prescription drug by the manufacturer of the prescription drug.

(I) The name, address, telephone number, and professional license number (if any) of the importer.

(J)(i) In the case of a prescription drug that is shipped directly from the first foreign recipient of the prescription drug from the manufacturer:

(I) Documentation demonstrating that the prescription drug was received by the recipient from the manufacturer and subsequently shipped by the first foreign recipient to the importer.

(II) Documentation of the quantity of each lot of the prescription drug received by the first foreign recipient demonstrating

that the quantity being imported into the United States is not more than the quantity that was received by the first foreign recipient.

(III)(aa) In the case of an initial imported shipment, documentation demonstrating that each batch of the prescription drug in the shipment was statistically sampled and tested for authenticity and degradation.

(bb) In the case of any subsequent shipment, documentation demonstrating that a statistically valid sample of the shipment was tested for authenticity and degradation.

(ii) In the case of a prescription drug that is not shipped directly from the first foreign recipient of the prescription drug from the manufacturer, documentation demonstrating that each batch in each shipment offered for importation into the United States was statistically sampled and tested for authenticity and degradation.

(K) Certification from the importer or manufacturer of the prescription drug that the prescription drug—

(i) is approved for marketing in the United States and is not adulterated or misbranded; and

(ii) meets all labeling requirements under this subtitle.

(L) Laboratory records, including complete data derived from all tests necessary to ensure that the prescription drug is in compliance with established specifications and standards.

(M) Documentation demonstrating that the testing required by subparagraphs (J) and (L) was conducted at a qualifying laboratory.

(N) Any other information that the Secretary determines is necessary to ensure the protection of the public health.

(2) MAINTENANCE BY THE SECRETARY.—The Secretary shall maintain information and documentation submitted under paragraph (1) for such period of time as the Secretary determines to be necessary.

(e) TESTING.—The regulations under subsection (b)—

(1) shall require—

(A) that testing described in subparagraphs (J) and (L) of subsection (d)(1) be conducted by the importer or by the manufacturer of the prescription drug at a qualified laboratory; and

(B) if the tests are conducted by the importer—

(i) that information needed to authenticate the prescription drug being tested, and to confirm that the labeling of the prescription drug complies with labeling requirements under this subtitle, be supplied by the manufacturer of the prescription drug to the pharmacist or wholesaler; and

(ii) that the information supplied under clause (i) be kept in strict confidence and used only for purposes of testing or otherwise complying with this subtitle; and

(2) may include such additional provisions as the Secretary determines to be appropriate to provide for the protection of trade secrets and commercial or financial information that is privileged or confidential.

(f) REGISTRATION OF FOREIGN SELLERS.—Any establishment within Canada engaged in the distribution of a prescription drug that is imported or offered for importation into the United States shall register with the Secretary the name and place of business of the establishment and the name of the United States agent for the establishment.

(g) SUSPENSION OF IMPORTATION.—The Secretary shall require that importations of a specific prescription drug or importations by a specific importer under subsection (b) be immediately suspended on discovery of a pattern of importation of that specific prescription drug or by that specific importer of drugs that are counterfeit or in violation of any requirement under this section, until an investigation is completed and the Secretary determines that the public is adequately protected from counterfeit and violative prescription drugs being imported under subsection (b).

(h) APPROVED LABELING.—The manufacturer of a prescription drug shall provide an importer written authorization for the importer to use, at no cost, the approved labeling for the prescription drug.

(i) CHARITABLE CONTRIBUTIONS.—Notwithstanding any other provision of this section, section 20101(d)(1) of this title continues to apply to a prescription drug that

is donated or otherwise supplied at no charge by the manufacturer of the drug to a charitable or humanitarian organization (including the United Nations and affiliates) or to a government of a foreign country.

(j) WAIVER AUTHORITY FOR IMPORTATION BY INDIVIDUALS.—

(1) DECLARATIONS.—Congress declares that in the enforcement against individuals of the prohibition of importation of prescription drugs and devices, the Secretary should—

(A) focus enforcement on cases in which the importation by an individual poses a significant threat to public health; and

(B) exercise discretion to permit individuals to make importations in circumstances in which—

(i) the importation is clearly for personal use; and

(ii) the prescription drug or device imported does not appear to present an unreasonable risk to the individual.

(2) WAIVER AUTHORITY.—

(A) IN GENERAL.—The Secretary may grant to individuals, by regulation or on a case-by-case basis, a waiver of the prohibition of im-

portation of a prescription drug or device or class of prescription drugs or devices, under such conditions as the Secretary determines to be appropriate.

(B) GUIDANCE ON CASE-BY-CASE WAIVERS.—The Secretary shall publish, and update as necessary, guidance that accurately describes circumstances in which the Secretary will consistently grant waivers on a case-by-case basis under subparagraph (A), so that individuals may know with the greatest practicable degree of certainty whether a particular importation for personal use will be permitted.

(3) DRUGS IMPORTED FROM CANADA.—In particular, the Secretary shall by regulation grant individuals a waiver to permit individuals to import into the United States a prescription drug that—

(A) is imported from a licensed pharmacy for personal use by an individual, not for resale, in quantities that do not exceed a 90-day supply;

(B) is accompanied by a copy of a valid prescription;

(C) is imported from Canada, from a seller registered with the Secretary;

(D) is a prescription drug approved by the Secretary under division D;

(E) is in the form of a final finished dosage that was manufactured in an establishment registered under section 13136 of this title; and

(F) is imported under such other conditions as the Secretary determines to be necessary to ensure public safety.

(k) EFFECT OF SECTION.—Nothing in this section limits the authority of the Secretary relating to the importation of prescription drugs, other than with respect to section 20101(d)(1) of this title as provided in this section.

(l) CERTIFICATION REQUIRED FOR SECTION TO BE EFFECTIVE.—

(1) COMMENCEMENT OF PROGRAM.—This section shall become effective only if the Secretary certifies to Congress that the implementation of this section will—

(A) pose no additional risk to the public's health and safety; and

(B) result in a significant reduction in the cost of covered products to the American consumer.

(2) TERMINATION OF PROGRAM.—

(A) IN GENERAL.—If, after the date that is 1 year after the effective date of the regulations under subsection (b) and before the date that is 18 months after the effective date, the Secretary submits to Congress a certification that, in the opinion of the Secretary, based on substantial evidence obtained after the effective date, the benefits of implementation of this section do not outweigh any detriment of implementation of this section, this section shall cease to be effective as of the date that is 30 days after the date on which the Secretary submits the certification.

(B) PROCEDURE.—The Secretary shall not submit a certification under subparagraph (A) unless, after a hearing on the record under sections 556 and 557 of title 5, the Secretary—

(i)(I) determines that it is more likely than not that implementation of this section would result in an increase in the risk to the public health and safety;

(II) identifies specifically, in qualitative and quantitative terms, the nature of the increased risk;

(III) identifies specifically the causes of the increased risk; and

(IV)(aa) considers whether any measures can be taken to avoid, reduce, or mitigate the increased risk; and

(bb) if the Secretary determines that any measures described in item (aa) would require additional statutory authority, submits to Congress a report describing the legislation that would be required;

(ii) identifies specifically, in qualitative and quantitative terms, the benefits that would result from implementation of this section (including the benefit of reductions in the cost of covered products to consumers in the United States, allowing consumers to procure needed medication that consumers might not otherwise be able to procure without foregoing other necessities of life); and

(iii)(I) compares in specific terms the detriment identified under clause (i) with the benefits identified under clause (ii); and

(II) determines that the benefits do not outweigh the detriment.

**§ 20105. Foreign supplier verification program**

(a) DEFINITION OF IMPORTER.—In this section, the term ''importer'' means, with respect to an article of food—

(1) the United States owner or consignee of the article of food at the time of entry of the article into the United States; or

(2) in a case in which there is no United States owner or consignee as described in paragraph (1), the United States agent or representative of a foreign owner or consignee of the article of food at the time of entry of the article into the United States.

(b) VERIFICATION REQUIREMENT.—Except as provided under subsections (f) and (g), each importer shall perform risk-based foreign supplier verification activities for the purpose of verifying that the food imported by the importer or agent of an importer is—

(1) produced in compliance with the requirements of section 11120 or 11121 of this title, as appropriate; and

(2) not adulterated under section 11102 of this title or misbranded under section 11323 of this title.

(c) GUIDANCE.—The Secretary shall issue guidance to assist importers in developing foreign supplier verification programs.

(d) REGULATIONS.—

(1) IN GENERAL.—The Secretary shall promulgate regulations to provide for the content of the foreign supplier verification program established under subsection (b).

(2) REQUIREMENTS.—The regulations promulgated under paragraph (1)—

(A) shall require that the foreign supplier verification program of each importer be adequate to provide assurances that each foreign supplier to the importer produces the imported food in compliance with—

(i) processes and procedures, including reasonably appropriate risk-based preventive controls, that provide the same level of public health protection as those required under section 11120 of this title or section 11121 of this title (taking into consideration variances granted under section 11121 of this title), as appropriate; and

(ii) sections 11102 and 11323 of this title; and

(B) shall include such other requirements as the Secretary considers necessary and appropriate to verify that food imported into the United States is as safe as food produced and sold within the United States.

(3) CONSIDERATIONS.—In promulgating regulations under this subsection, the Secretary shall, as appropriate, take into account differences among importers and types of imported foods, including based on the level of risk posed by the imported food.

(4) ACTIVITIES.—Verification activities under a foreign supplier verification program under this section may include monitoring records for shipments, lot-by-lot certification of compliance, annual on-site inspections, checking the hazard analysis and risk-based preventive control plan of the foreign supplier, and periodically testing and sampling shipments.

(e) RECORD MAINTENANCE AND ACCESS.—Records of an importer related to a foreign supplier verification program shall be maintained for a period of not less than 2 years and shall be made available promptly to an authorized representative of the Secretary on request.

(f) EXEMPTION OF SEAFOOD, JUICE, AND LOW-ACID CANNED FOOD FACILITIES IN COMPLIANCE WITH CERTAIN STANDARDS AND REGULATIONS.—

(1) IN GENERAL.—This section shall not apply to a facility if the owner, operator, or agent in charge of the facility is required to comply with, and is in compliance with, 1 of the following standards and regulations with respect to the facility:

(A) The Seafood Hazard Analysis Critical Control Points Program of the FDA.

(B) The Juice Hazard Analysis Critical Control Points Program of the FDA.

(C) The Thermally Processed Low-Acid Foods Packaged in Hermetically Sealed Containers standards of the FDA (or any successor standards).

(2) APPLICABILITY.—The exemption under paragraph (1)(C) shall apply only with respect to microbiological hazards that are regulated under the standards for Thermally Processed Low-Acid Foods Packaged in Hermetically Sealed Containers under part 113 of title 21, Code of Federal Regulations (or any successor regulations).

(g) ADDITIONAL EXEMPTIONS.—The Secretary, by notice published in the Federal Register, shall establish

an exemption from the requirements of this section for articles of food imported in small quantities for research and evaluation purposes or for personal consumption, provided that the foods are not intended for retail sale and are not sold or distributed to the public.

(h) PUBLICATION OF LIST OF PARTICIPANTS.—The Secretary shall publish and maintain on the FDA website a current list that includes the name of, location of, and other information considered necessary by the Secretary about, importers participating under this section.

**§ 20106. Voluntary qualified importer program**

(a) DEFINITION OF IMPORTER.—In this section, the term ''importer'' means the person that brings food, or causes food to be brought, from a foreign country into the customs territory of the United States.

(b) IN GENERAL.—The Secretary shall—

(1) in consultation with the Secretary of Homeland Security—

(A) establish a program to provide for the expedited review and importation of food offered for importation by importers that have voluntarily agreed to participate in the program; and

(B) consistent with section 20108 of this title, establish a process for the issuance of a

facility certification to accompany food offered for importation by importers that have voluntarily agreed to participate in the program; and

(2) issue a guidance document related to participation in, revocation of the participation in, reinstatement in, and compliance with, the program.

(c) VOLUNTARY PARTICIPATION.—An importer may request the Secretary to provide for the expedited review and importation of designated foods in accordance with the program established by the Secretary under subsection (b).

(d) NOTICE OF INTENT TO PARTICIPATE.—An importer that intends to participate in the program under this section in a fiscal year shall submit a notice and application to the Secretary of the intent at the time and in a manner established by the Secretary.

(e) ELIGIBILITY.—Eligibility shall be limited to an importer offering food for importation from a facility that has a certification described in subsection (b). In reviewing the applications and making determinations on the applications, the Secretary shall consider the risk of the food to be imported based on factors, such as the following:

(1) The known safety risks of the food to be imported.

(2) The compliance history of foreign suppliers used by the importer, as appropriate.

(3) The capability of the regulatory system of the country of export to ensure compliance with United States food safety standards for a designated food.

(4) The compliance of the importer with the requirements of section 20105 of this title.

(5) The recordkeeping, testing, inspections and audits of facilities, traceability of articles of food, temperature controls, and sourcing practices of the importer.

(6) The potential risk for intentional adulteration of the food.

(7) Any other factor that the Secretary determines appropriate.

(f) REVIEW AND REVOCATION.—Any importer qualified by the Secretary in accordance with the eligibility criteria set forth in this section shall be reevaluated not less often than once every 3 years and the Secretary shall promptly revoke the qualified importer status of any importer found not to be in compliance with the criteria.

(g) FALSE STATEMENTS.—Any statement or representation made by an importer to the Secretary shall be subject to section 1001 of title 18.

**§ 20107. Inspection of foreign food facilities**

(a) INSPECTION.—The Secretary—

(1) may enter into arrangements and agreements with foreign governments to facilitate the inspection of foreign facilities registered under section 11117 of this title; and

(2) shall direct resources to inspections of foreign facilities, suppliers, and food types, especially the facilities, suppliers, and food types that present a high risk (as identified by the Secretary), to help ensure the safety and security of the food supply of the United States.

(b) EFFECT OF INABILITY TO INSPECT.—

(1) REFUSED ADMISSION.—Notwithstanding any other provision of law, food shall be refused admission into the United States if it is from a foreign factory, warehouse, or other establishment of which the owner, operator, or agent in charge, or the government of the foreign country, refuses to permit entry of United States inspectors or other individuals designated by the Secretary, upon request, to inspect the factory, warehouse, or other establishment.

(2) TIME PERIOD FOR PERMITTING ENTRY.—For purposes of this subsection, an owner, operator, or agent in charge shall be considered to have re-

fused an inspection under paragraph (1) if the owner, operator, or agent in charge does not permit an inspection of a factory, warehouse, or other establishment during the 24-hour period after the request is submitted, or after such other time period, as agreed on by the Secretary and the foreign factory, warehouse, or other establishment.

**§ 20108. Accreditation of third-party auditors**

(a) DEFINITIONS.—In this section:

(1) ACCREDITATION BODY.—The term ''accreditation body'' means an authority that performs accreditation of third-party auditors.

(2) ACCREDITED THIRD-PARTY AUDITOR.—

(A) IN GENERAL.—The term ''accredited third-party auditor'' means a third-party auditor accredited by an accreditation body to conduct audits of eligible entities to certify that the eligible entities meet the applicable requirements of this section.

(B) INDIVIDUAL.—An accredited third-party auditor may be an individual who conducts food safety audits to certify that eligible entities meet the applicable requirements of this section.

(3) AUDIT AGENT.—The term ''audit agent'' means an individual who is an employee or agent of an accredited third-party auditor and, although not individually accredited, is qualified to conduct food safety audits on behalf of an accredited third-party auditor.

(4) CONSULTATIVE AUDIT.—The term ''consultative audit'' means an audit of an eligible entity—

(A) to determine whether the entity is in compliance with this subtitle and with applicable industry standards and practices; and

(B) the results of which are for internal purposes only.

(5) ELIGIBLE ENTITY.—The term ''eligible entity'' means a foreign entity, including a foreign facility registered under section 11117 of this title, in the food import supply chain that chooses to be audited by an accredited third-party auditor or the audit agent of the accredited third-party auditor.

(6) REGULATORY AUDIT.—The term ''regulatory audit'' means an audit of an eligible entity—

(A) to determine whether the entity is in compliance with this subtitle; and

(B) the results of which determine—

(i) whether an article of food manufactured, processed, packed, or held by the entity is eligible to receive a food certification under section 20101(q) of this title; or

(ii) whether a facility is eligible to receive a facility certification under section 20106(b) of this title for purposes of participating in the program under section 20106 of this title.

(7) THIRD-PARTY AUDITOR.—

(A) IN GENERAL.—The term ''third-party auditor'' means a foreign government, agency of a foreign government, foreign cooperative, or any other third party, as the Secretary determines appropriate in accordance with the model standards described in subsection (b)(2), that is eligible to be considered for accreditation to conduct food safety audits to certify that eligible entities meet the applicable requirements of this section.

(B) SINGLE INDIVIDUAL.—A third-party auditor may be an individual.

(C) AUDIT AGENTS.—A third-party auditor may employ or use audit agents to help conduct consultative and regulatory audits.

(b) ACCREDITATION SYSTEM.—

(1) ACCREDITATION BODIES.—

(A) RECOGNITION OF ACCREDITATION BODIES.—

(i) IN GENERAL.—The Secretary shall establish a system for the recognition of accreditation bodies that accredit third-party auditors to certify that eligible entities meet the applicable requirements of this section.

(ii) DIRECT ACCREDITATION.—If, by the date that is 2 years after the date of establishment of the system described in clause (i), the Secretary has not identified and recognized an accreditation body to meet the requirements of this section, the Secretary may directly accredit third-party auditors.

(B) NOTIFICATION.—Each accreditation body recognized by the Secretary shall submit to the Secretary a list of all accredited third-

party auditors accredited by the body and the audit agents of the auditors.

(C) REVOCATION OF RECOGNITION AS AN ACCREDITATION BODY.—The Secretary shall promptly revoke the recognition of any accreditation body found not to be in compliance with the requirements of this section.

(D) REINSTATEMENT.—The Secretary shall establish procedures to reinstate recognition of an accreditation body if the Secretary determines, based on evidence presented by the accreditation body, that revocation was inappropriate or that the body meets the requirements for recognition under this section.

(2) MODEL ACCREDITATION STANDARDS.—

(A) IN GENERAL.—The Secretary shall develop model standards, including requirements for regulatory audit reports, and each recognized accreditation body shall ensure that third-party auditors and audit agents of the auditors meet the standards in order to qualify the third-party auditors as accredited third-party auditors under this section.

(B) STANDARDS TO LOOK TO IN DEVELOPING MODEL STANDARDS.—In developing the

model standards, the Secretary shall look to standards in place on January 4, 2011, for guidance, to avoid unnecessary duplication of efforts and costs.

(c) THIRD-PARTY AUDITORS.—

(1) REQUIREMENTS FOR ACCREDITATION AS A THIRD-PARTY AUDITOR.—

(A) FOREIGN GOVERNMENTS.—Prior to accrediting a foreign government or an agency of a foreign government as an accredited third-party auditor, the accreditation body (or, in the case of direct accreditation under subsection (b)(1)(A)(ii), the Secretary) shall perform such reviews and audits of food safety programs, systems, and standards of the government or agency of the government as the Secretary considers necessary, including requirements under the model standards developed under subsection (b)(2), to determine that the foreign government or agency of the foreign government is capable of adequately ensuring that eligible entities or foods certified by the government or agency meet the requirements of this subtitle with respect to food manufactured, processed,

packed, or held for import into the United States.

(B) FOREIGN COOPERATIVES AND OTHER THIRD PARTIES.—Prior to accrediting a foreign cooperative that aggregates the products of growers or processors, or any other third party, to be an accredited third-party auditor, the accreditation body (or, in the case of direct accreditation under subsection (b)(1)(A)(ii), the Secretary) shall perform such reviews and audits of the training and qualifications of audit agents used by that cooperative or party and conduct such reviews of internal systems and such other investigation of the cooperative or party as the Secretary considers necessary, including requirements under the model standards developed under subsection (b)(2), to determine that each eligible entity certified by the cooperative or party has systems and standards in use to ensure that the entity or food meets the requirements of this subtitle.

(2) REQUIREMENT TO ISSUE CERTIFICATION OF ELIGIBLE ENTITIES OR FOODS.—

(A) IN GENERAL.—

(i) ISSUANCE BY THIRD-PARTY AUDITOR.—An accreditation body (or, in the case of direct accreditation under subsection (b)(1)(A)(ii), the Secretary) may not accredit a third-party auditor unless the third-party auditor agrees to issue a written and, as appropriate, electronic food certification, described in section 20101(q) of this title, or facility certification under section 20106(b) of this title, as appropriate, to accompany each food shipment for import into the United States from an eligible entity, subject to requirements set forth by the Secretary.

(ii) INCLUSION WITH OTHER DOCUMENTATION.—The written or electronic certification under clause (i) may be included with other documentation regarding the food shipment.

(iii) CONSIDERATIONS RELATING TO TARGETING INSPECTION RESOURCES.—The Secretary shall consider certifications under section 20101(q) of this title and participation in the voluntary qualified importer program described in section 20106

of this title when targeting inspection resources under section 11123 of this title.

(B) PURPOSE OF CERTIFICATION.—The Secretary shall use certification provided by accredited third-party auditors to—

(i) determine, in conjunction with any other assurances the Secretary may require under section 20101(q) of this title, whether a food satisfies the requirements of the section; and

(ii) determine whether a facility is eligible to be a facility from which food may be offered for import under the voluntary qualified importer program under section 20106 of this title.

(C) REQUIREMENTS FOR ISSUING CERTIFICATION.—

(i) IN GENERAL.—An accredited third-party auditor shall issue a food certification under section 20101(q) of this title or a facility certification described under section 20106(b) of this title only after conducting a regulatory audit and other activities that may be necessary to

establish compliance with the requirements of the sections.

(ii) PROVISION OF CERTIFICATION.—Only an accredited third-party auditor or the Secretary may provide a facility certification under section 20106(b) of this title. Only those parties described in section 20101(q)(3) of this title or the Secretary may provide a food certification under section 20101(q) of this title.

(3) AUDIT REPORT SUBMISSION REQUIREMENTS.—

(A) REQUIREMENTS IN GENERAL.—As a condition of accreditation, not later than 45 days after conducting an audit, an accredited third-party auditor or audit agent of the auditor shall prepare, and, in the case of a regulatory audit, submit, the audit report for each audit conducted, in a form and manner designated by the Secretary, which shall include—

(i) the identity of the persons at the audited eligible entity responsible for compliance with food safety requirements;

(ii) the dates of the audit;

(iii) the scope of the audit; and

(iv) any other information required by the Secretary that relates to or may influence an assessment of compliance with this subtitle.

(B) RECORDS.—Following any accreditation of a third-party auditor, the Secretary may, at any time, require the accredited third-party auditor to submit to the Secretary an on-site audit report and such other reports or documents required as part of the audit process, for any eligible entity certified by the third-party auditor or audit agent of the auditor. The report may include documentation that the eligible entity is in compliance with any applicable registration requirements.

(C) LIMITATION.—The requirement under subparagraph (B) shall not include any report or other documents resulting from a consultative audit by the accredited third-party auditor, except that the Secretary may access the results of a consultative audit in accordance with section 11116 of this title.

(4) REQUIREMENTS OF ACCREDITED THIRD-PARTY AUDITORS AND AUDIT AGENTS OF THE AUDITORS.—

(A) RISKS TO PUBLIC HEALTH.—If, at any time during an audit, an accredited third-party auditor or audit agent of the auditor discovers a condition that could cause or contribute to a serious risk to the public health, the auditor shall immediately notify the Secretary of—

(i) the identification of the eligible entity subject to the audit; and

(ii) the condition.

(B) TYPES OF AUDITS.—An accredited third-party auditor or audit agent of the auditor may perform consultative audits and regulatory audits of eligible entities.

(C) LIMITATIONS.—

(i) IN GENERAL.—An accredited third-party auditor may not perform a regulatory audit of an eligible entity if the agent has performed a consultative audit or a regulatory audit of the eligible entity during the previous 13-month period.

(ii) WAIVER.—The Secretary may waive the application of clause (i) if the Secretary determines that there is insufficient access to accredited third-party auditors in a country or region.

(5) CONFLICTS OF INTEREST.—

(A) THIRD-PARTY AUDITORS.—An accredited third-party auditor shall—

(i) not be owned, managed, or controlled by any person that owns or operates an eligible entity to be certified by the auditor;

(ii) in carrying out audits of eligible entities under this section, have procedures to ensure against the use of any officer or employee of the auditor that has a financial conflict of interest regarding an eligible entity to be certified by the auditor; and

(iii) annually make available to the Secretary disclosures of the extent to which the auditor and the officers and employees of the auditor have maintained compliance with clauses (i) and (ii) relating to financial conflicts of interest.

(B) AUDIT AGENTS.—An audit agent shall—

(i) not own or operate an eligible entity to be audited by the agent;

(ii) in carrying out audits of eligible entities under this section, have procedures to ensure that the agent does not have a financial conflict of interest regarding an eligible entity to be audited by the agent; and

(iii) annually make available to the Secretary disclosures of the extent to which the agent has maintained compliance with clauses (i) and (ii) relating to financial conflicts of interest.

(C) REGULATIONS.—The Secretary shall promulgate regulations to implement this section and to ensure that there are protections against conflicts of interest between an accredited third-party auditor and the eligible entity to be certified by the auditor or audited by the audit agent. The regulations shall include—

(i) requiring that audits performed under this section be unannounced;

(ii) a structure to decrease the potential for conflicts of interest, including timing and public disclosure, for fees paid by eligible entities to accredited third-party auditors; and

(iii) appropriate limits on financial affiliations between an accredited third-party auditor or audit agents of the auditor and any person that owns or operates an eligible entity to be certified by the auditor, as described in subparagraphs (A) and (B).

(6) WITHDRAWAL OF ACCREDITATION.—

(A) IN GENERAL.—The Secretary shall withdraw accreditation from an accredited third-party auditor—

(i) if food certified under section 20101(q) of this title or from a facility certified under section 20106(b) of this title by the third-party auditor is linked to an outbreak of foodborne illness that has a reasonable probability of causing serious adverse health consequences or death in humans or animals;

(ii) following an evaluation and finding by the Secretary that the third-party auditor no longer meets the requirements for accreditation; or

(iii) following a refusal to allow United States officials to conduct such audits and investigations as may be necessary

to ensure continued compliance with the requirements under this section.

(B) ADDITIONAL BASIS FOR WITHDRAWAL OF ACCREDITATION.—The Secretary may withdraw accreditation from an accredited third-party auditor in the case that the third-party auditor is accredited by an accreditation body for which recognition as an accreditation body under subsection (b)(1)(C) is revoked, if the Secretary determines that there is good cause for the withdrawal.

(C) EXCEPTION.—The Secretary may waive the application of subparagraph (A)(i) if the Secretary—

(i) conducts an investigation of the material facts related to the outbreak of human or animal illness; and

(ii) reviews the steps or actions taken by the third-party auditor to justify the certification and determines that the accredited third-party auditor satisfied the requirements under section 20101(q) of this title of certifying the food, or the requirements under section 20106(b) of this title of certifying the entity.

(7) REACCREDITATION.—The Secretary shall establish procedures to reinstate the accreditation of a third-party auditor for which accreditation has been withdrawn under paragraph (6)—

(A) if the Secretary determines, based on evidence presented, that the third-party auditor satisfies the requirements of this section and adequate grounds for revocation no longer exist; and

(B) in the case of a third-party auditor accredited by an accreditation body for which recognition as an accreditation body under subsection (b)(1)(C) is revoked—

(i) if the third-party auditor becomes accredited not later than 1 year after revocation of accreditation under paragraph (6)(A), through direct accreditation under subsection (b)(1)(A)(ii) or by an accreditation body in good standing; or

(ii) under such conditions as the Secretary may require for a third-party auditor under paragraph (6)(B).

(8) NEUTRALIZING COSTS.—

(A) REIMBURSEMENT PROGRAM.—The Secretary shall establish by regulation a reim-

bursement (user fee) program, similar to the method described in section 203(h) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1622(h)), by which the Secretary assesses fees and requires accredited third-party auditors and audit agents to reimburse the FDA for the work performed to establish and administer the accreditation system under this section.

(B) REVENUE-NEUTRAL; NO GENERATION OF SURPLUS REVENUE.—The Secretary—

(i) shall make operating the reimbursement program under this paragraph revenue-neutral; and

(ii) shall not generate surplus revenue from such a reimbursement mechanism.

(C) AVAILABILITY.—Fees authorized under this paragraph shall be collected and available for obligation only to the extent and in the amount provided in advance in appropriation Acts. The fees are authorized to remain available until expended.

(d) RECERTIFICATION OF ELIGIBLE ENTITIES.—An eligible entity shall apply for annual recertification by an accredited third-party auditor if the entity—

(1) intends to participate in the voluntary qualified importer program under section 20106 of this title; or

(2) is required to provide to the Secretary a certification under section 20101(q) of this title for any food from the entity.

(e) FALSE STATEMENTS.—A statement or representation shall be subject to section 1001 of title 18 if the statement or representation is made—

(1) by an employee or agent of an eligible entity to an accredited third-party auditor or audit agent; or

(2) by an accredited third-party auditor to the Secretary.

(f) MONITORING.—To ensure compliance with this section, the Secretary shall—

(1) periodically, or at least once every 4 years, reevaluate the accreditation bodies described in subsection (b)(1);

(2) periodically, or at least once every 4 years, evaluate the performance of each accredited third-party auditor, through the review of regulatory audit reports by the auditors, the compliance history, as available, of eligible entities certified by the auditors,

and any other measures considered necessary by the Secretary;

(3) at any time, conduct an onsite audit of any eligible entity certified by an accredited third-party auditor, with or without the auditor present; and

(4) take any other measures considered necessary by the Secretary.

(g) PUBLICLY AVAILABLE REGISTRY.—The Secretary shall establish a publicly available registry of accreditation bodies and of accredited third-party auditors, including the name of, contact information for, and other information considered necessary by the Secretary about the bodies and auditors.

(h) EFFECTS OF SECTION.—

(1) CERTAIN INSPECTIONS.—The audits performed under this section shall not be considered inspections under section 17504 of this title.

(2) INSPECTION AUTHORITY.—Nothing in this section affects the authority of the Secretary to inspect any eligible entity pursuant to this subtitle.

**§ 20109. Recognition of foreign government inspections**

(a) INSPECTION.—The Secretary—

(1) may enter into arrangements and agreements with a foreign government or an agency of a

foreign government to recognize the inspection of foreign establishments registered under section 13136(i) of this title in order to facilitate preapproval or risk-based inspections in accordance with the schedule established in paragraph (2) or (3) of section 13136(h) of this title;

(2) may enter into arrangements and agreements under this section only with a foreign government or an agency of a foreign government that the Secretary has determined as having the capability of conducting inspections that meet the applicable requirements of this subtitle; and

(3) shall perform such reviews and audits of drug safety programs, systems, and standards of a foreign government or agency for the foreign government as the Secretary considers necessary to determine that the foreign government or agency of the foreign government is capable of conducting inspections that meet the applicable requirements of this subtitle.

(b) RESULTS OF INSPECTION.—The results of inspections performed by a foreign government or an agency of a foreign government under this section may be used—

(1) as evidence of compliance with section 13101(a)(2)(B)(ii) or 20101(r) of this title; and

(2) for any other purposes as determined appropriate by the Secretary.

(c) PERIODIC REVIEW.—

(1) IN GENERAL.—Beginning not later than 1 year after December 29, 2022, the Secretary shall periodically assess whether additional arrangements and agreements with a foreign government or an agency of a foreign government, as allowed under this section, are appropriate.

(2) REPORTS TO CONGRESS.—Beginning not later than 4 years after December 29, 2022, and every 4 years thereafter, the Secretary shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report describing the findings and conclusions of each review conducted under paragraph (1).

21109. Notification and other remedies.
21110. Records and reports on tobacco products.
21111. Application for review of certain tobacco products.
21112. Modified risk tobacco products.

21113. Judicial review.
21114. Equal treatment of retail outlets.
21115. Jurisdiction of and coordination with the Federal Trade Commission.
21116. Regulation requirement.
21117. Preservation of State and local authority.
21118. Tobacco Products Scientific Advisory Committee.
21119. Drug products used to treat tobacco dependence.
21120. User fees.
21121. Labeling, recordkeeping, records inspection.

**§ 21101. Definitions**

In this chapter:

(1) ADDITIVE.—

(A) IN GENERAL.—The term ''additive'' means any substance the intended use of which results or may reasonably be expected to result, directly or indirectly, in its becoming a component or otherwise affecting the characteristic of any tobacco product (including any substances intended for use as a flavoring or coloring or in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting, or holding).

(B) EXCLUSIONS.—The term ''additive'' does not include tobacco or a pesticide chemical residue in or on raw tobacco or a pesticide chemical.

(2) BRAND.—The term ''brand'' means a variety of tobacco product distinguished by the tobacco used, tar content, nicotine content, flavoring used, size, filtration, packaging, logo, registered trade-

mark, brand name, identifiable pattern of colors, or any combination of those attributes.

(3) CIGARETTE.—

(A) IN GENERAL.—The term ''cigarette'' means a product that—

(i) is a tobacco product; and

(ii) meets the definition of the term ''cigarette'' in section 3(1) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1332(1)).

(B) INCLUSION.—The term ''cigarette'' includes tobacco, in any form, that is functional in the product, that, because of its appearance, the type of tobacco used in the filler, or its packaging and labeling, is likely to be offered to, or purchased by, consumers as a cigarette or as roll-your-own tobacco.

(4) CIGARETTE TOBACCO.—

(A) IN GENERAL.—The term ''cigarette tobacco'' means any product that consists of loose tobacco that is intended for use by consumers in a cigarette.

(B) APPLICABILITY OF CHAPTER TO CIGARETTE TOBACCO.—Unless otherwise stated, the

requirements applicable to cigarettes under this chapter shall also apply to cigarette tobacco.

(5) COMMERCE.—The term ''commerce'' has the meaning given the term in section 3(2) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1332(2)).

(6) COUNTERFEIT TOBACCO PRODUCT.—The term ''counterfeit tobacco product'' means a tobacco product (or the container or labeling of a tobacco product) that, without authorization, bears the trademark, trade name, or other identifying mark, imprint, or device, or any likeness of the trademark, trade name, or other identifying mark, imprint, or device, of a tobacco product listed in a registration under section 21106(i)(1) of this title.

(7) DISTRIBUTOR.—

(A) IN GENERAL.—The term ''distributor'', with respect to a tobacco product, means any person that furthers the distribution of a tobacco product, whether domestic or imported, at any point from the original place of manufacture to the person that sells or distributes the product to individuals for personal consumption.

(B) EXCLUSION.—Common carriers are not considered distributors for purposes of this chapter.

(8) ILLICIT TRADE.—The term ''illicit trade'' means any practice or conduct prohibited by law that relates to production, shipment, receipt, possession, distribution, sale, or purchase of tobacco products, including any practice or conduct intended to facilitate the activity.

(9) INDIAN COUNTRY.—The term ''Indian country'' has the meaning given the term in section 1151 of title 18.

(10) INDIAN TRIBE.—The term ''Indian tribe'' has the meaning given the term in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304(e)).

(11) LITTLE CIGAR.—The term ''little cigar'' means a product that—

(A) is a tobacco product; and

(B) meets the definition of the term ''little cigar'' in section 3(7) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1332(7)).

(12) NICOTINE.—

(A) IN GENERAL.—The term ''nicotine'' means the chemical substance named 3-(1-Methyl-2-pyrrolidinyl) pyridine or C[10]H[14]N[2].

(B) INCLUSIONS.—The term ''nicotine'' includes any salt or complex of nicotine.

(13) PACKAGE.—The term ''package'' means a pack, box, carton, or container of any kind or, if no other container, any wrapping (including cellophane), in which a tobacco product is offered for sale, sold, or otherwise distributed to consumers.

(14) RETAILER.—The term ''retailer'' means any person, government, or entity that sells tobacco products to individuals for personal consumption, or that operates a facility in which self-service displays of tobacco products are permitted.

(15) ROLL-YOUR-OWN TOBACCO.—The term ''roll-your-own tobacco'' means any tobacco product that, because of its appearance, type, packaging, or labeling, is suitable for use and likely to be offered to, or purchased by, consumers as tobacco for making cigarettes.

(16) SMALL TOBACCO PRODUCT MANUFACTURER.—

(A) IN GENERAL.—The term ''small tobacco product manufacturer'' means a tobacco product manufacturer that employs fewer than 350 employees.

(B) NUMBER OF EMPLOYEES.—For purposes of determining the number of employees of a manufacturer under subparagraph (A), the employees of a manufacturer are deemed to include the employees of each entity that controls, is controlled by, or is under common control with the manufacturer.

(17) SMOKE CONSTITUENT.—The term ''smoke constituent'' means any chemical or chemical compound in mainstream or sidestream tobacco smoke that either transfers from any component of the cigarette to the smoke or that is formed by the combustion or heating of tobacco, additives, or other component of the tobacco product.

(18) SMOKELESS TOBACCO.—The term ''smokeless tobacco'' means any tobacco product that consists of cut, ground, powdered, or leaf tobacco and that is intended to be placed in the oral or nasal cavity.

(19) TOBACCO PRODUCT MANUFACTURER.—The term ''tobacco product manufacturer'' means

any person, including any repacker or relabeler, that—

(A) manufactures, fabricates, assembles, processes, or labels a tobacco product; or

(B) imports a finished tobacco product for sale or distribution in the United States.

(20) TOBACCO WAREHOUSE.—

(A) INCLUSIONS.—Subject to subparagraphs (B) and (C), the term ''tobacco warehouse'' includes any person—

(i) that—

(I) removes foreign material from tobacco leaf through nothing other than a mechanical process;

(II) humidifies tobacco leaf with nothing other than potable water in the form of steam or mist; or

(III) de-stems, dries, and packs tobacco leaf for storage and shipment;

(ii) that performs no other actions with respect to tobacco leaf; and

(iii) that provides to any manufacturer to whom the person sells tobacco all information related to the person's actions

described in clause (i) that is necessary for compliance with this subtitle.

(B) EXCLUSIONS.—The term ''tobacco warehouse'' excludes any person that—

(i) reconstitutes tobacco leaf;

(ii) is a manufacturer, distributor, or retailer of a tobacco product; or

(iii) applies any chemical, additive, or substance to the tobacco leaf other than potable water in the form of steam or mist.

(C) APPLICABILITY.—The definition of the term ''tobacco warehouse'' in subparagraph (A) shall not apply to the extent to which the Secretary determines, through rulemaking, that regulation under this chapter of the actions described in subparagraph (A) is appropriate for the protection of the public health.

(21) UNITED STATES.—The term ''United States'' means the States of the United States and the District of Columbia, Puerto Rico, Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, Wake Island, Midway Islands, Kingman Reef, Johnston Atoll, and any other trust territory or possession of the United States.

**§ 21102. FDA authority over tobacco products**

(a) IN GENERAL.—Tobacco products, including modified risk tobacco products for which an order has been issued in accordance with section 21112 of this title, shall be regulated by the Secretary under this chapter and shall not be subject to the provisions of division D.

(b) APPLICABILITY.—This chapter shall apply to all cigarettes, cigarette tobacco, roll-your-own tobacco, and smokeless tobacco and to any other tobacco products that the Secretary by regulation considers to be subject to this chapter. This chapter shall also apply to any tobacco product containing nicotine that is not made or derived from tobacco.

(c) SCOPE.—

(1) IN GENERAL.—Nothing in this chapter (or any policy issued or regulation promulgated under this chapter), section 80101 or 80102 of this title, section 101(a) or 103 of the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, 123 Stat. 1783, 1833), or title II or title III of the Act (Public Law 111–31, 123 Stat. 1842, 1850) shall be construed to affect, expand, or limit the Secretary's authority over (including the authority to determine whether products may be regulated), or the regulation of, products under this subtitle that

are not tobacco products under division D or any other division.

(2) LIMITATION OF AUTHORITY.—

(A) TOBACCO LEAF.—

(i) INAPPLICABILITY OF CHAPTER.—This chapter shall not apply to tobacco leaf that is not in the possession of a manufacturer of tobacco products, or to the producers of tobacco leaf, including tobacco growers, tobacco warehouses, and tobacco grower cooperatives.

(ii) AUTHORITY OF FDA EMPLOYEES.—An employee of the FDA shall not have any authority to enter onto a farm owned by a producer of tobacco leaf without the written consent of the producer.

(B) EXCEPTION.—

(i) IN GENERAL.—Notwithstanding subparagraph (A), if a producer of tobacco leaf is also a tobacco product manufacturer or controlled by a tobacco product manufacturer, the producer shall be subject to this chapter in the producer's capacity as a manufacturer.

(ii) INAPPLICABILITY OF EXCEPTION.—The exception in this subparagraph shall not apply to a producer of tobacco leaf—

(I) that grows tobacco under a contract with a tobacco product manufacturer; and

(II) that is not otherwise engaged in the manufacturing process.

(C) RULE OF CONSTRUCTION.—Nothing in this chapter shall be construed to grant the Secretary authority to promulgate regulations on any matter that involves the production of tobacco leaf or a producer of tobacco leaf, other than activities by a manufacturer affecting production.

(d) RULEMAKING PROCEDURES.—

(1) APPLICABILITY OF CHAPTER 5 OF TITLE 5.—Each rulemaking under this chapter shall be in accordance with chapter 5 of title 5.

(2) EFFECT OF SUBSECTION.—This subsection shall not be construed to affect the rulemaking provisions of section 80101(a) of this title.

(e) CENTER FOR TOBACCO PRODUCTS.—The Secretary shall establish within the FDA the Center for To-

bacco Products, which shall report to the Commissioner in the same manner as the other agency centers within the FDA. The Center shall be responsible for the implementation of this chapter and related matters assigned by the Commissioner.

(f) OFFICE TO ASSIST SMALL TOBACCO PRODUCT MANUFACTURERS.—The Secretary shall establish within the FDA an identifiable office to provide technical and other nonfinancial assistance to small tobacco product manufacturers to assist them in complying with the requirements of this subtitle.

(g) CONSULTATION PRIOR TO RULEMAKING.—Prior to promulgating rules under this chapter, the Secretary shall endeavor to consult with other Federal agencies as appropriate.

**§ 21103. Adulterated tobacco products**

A tobacco product shall be deemed to be adulterated if—

(1) it consists in whole or in part of any filthy, putrid, or decomposed substance, or is otherwise contaminated by any added poisonous or added deleterious substance that may render the tobacco product injurious to health;

(2) it has been prepared, packed, or held under insanitary conditions by which it may have been con-

taminated with filth, or by which it may have been rendered injurious to health;

(3) its package is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health;

(4) the manufacturer or importer of the tobacco product fails to pay a user fee assessed to the manufacturer or importer pursuant to section 21120 of this title by the date specified in section 21120 of this title or by the 30th day after final agency action on a resolution of any dispute as to the amount of the fee;

(5) it is, or purports to be or is represented as, a tobacco product that is subject to a tobacco product standard established under section 21108 of this title unless the tobacco product is in all respects in conformity with the standard;

(6) it is—

(A) required by section 21111(b) of this title to have premarket review and does not have an order in effect under section 21111(d)(1)(A)(i) of this title; or

(B) in violation of an order under section 21111(d)(1)(A) of this title;

(7) the methods used in, or the facilities or controls used for, its manufacture, packing, or storage are not in conformity with applicable requirements under section 21107(e)(1) of this title or an applicable condition prescribed by an order under section 21107(e)(2) of this title; or

(8) it is in violation of section 21112 of this title.

**§ 21104. Misbranded tobacco products**

(a) IN GENERAL.—

(1) CONDITIONS.—A tobacco product shall be deemed to be misbranded—

(A) if its labeling is false or misleading in any particular;

(B) if in package form unless it bears a label containing—

(i) the name and place of business of the tobacco product manufacturer, packer, or distributor;

(ii) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count;

(iii) an accurate statement of the percentage of the tobacco used in the product that is domestically grown tobacco and the

percentage that is foreign grown tobacco; and

(iv) the statement required under section 21121(a) of this title;

(C) if any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed on the label or labeling with such conspicuousness (as compared with other words, statements, or designs in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(D) if it has an established name, unless its label bears, to the exclusion of any other nonproprietary name, its established name prominently printed in type as required by the Secretary by regulation;

(E) if the Secretary has issued regulations requiring that its labeling bear adequate directions for use, or adequate warnings against use by children, that are necessary for the protection of users unless its labeling conforms in all respects to the regulations;

(F) if it was manufactured, prepared, propagated, compounded, or processed in an establishment not registered under subsection (b), (c), (d), or (h) of section 21106 of this title, if it was not included in a list required by section 21106(i) of this title, if a notice or other information respecting it was not provided as required by subsection (i) or (j) of section 21106 of this title, or if it does not bear such symbols from the uniform system for identification of tobacco products prescribed under section 21106(e) of this title as the Secretary by regulation requires;

(G) if, in the case of any tobacco product distributed or offered for sale in any State—

(i) its advertising is false or misleading in any particular; or

(ii) it is sold or distributed in violation of section 21107(d)(5) of this title or of regulations prescribed under section 21107(d) of this title;

(H) unless, in the case of any tobacco product distributed or offered for sale in any State, the manufacturer, packer, or distributor of the tobacco product includes in all advertise-

ments and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to that tobacco product—

(i) a true statement of the tobacco product's established name as described in subparagraph (D), printed prominently; and

(ii) a brief statement of—

(I) the uses of the tobacco product and relevant warnings, precautions, side effects, and contraindications; and

(II) in the case of specific tobacco products made subject to a finding by the Secretary after notice and opportunity for comment that the action is appropriate to protect the public health, a full description of the components of the tobacco product or the formula showing quantitatively each ingredient of the tobacco product to the extent required in regulations that shall be issued by the Secretary after an opportunity for a hearing;

(I) if it is a tobacco product subject to a tobacco product standard established under section 21108 of this title, unless it bears such labeling as may be prescribed in the tobacco product standard; or

(J) if there was a failure or refusal—

(i) to comply with any requirement prescribed under section 21105 or 21109 of this title; or

(ii) to furnish any material or information required under section 21110 of this title.

(2) EXCEPTION RELATING TO LABELS.—Under paragraph (1)(B)(ii), reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Secretary.

(b) PRIOR APPROVAL OF LABEL STATEMENTS.—

(1) IN GENERAL.—The Secretary may, by regulation, require prior approval of statements made on the label of a tobacco product to ensure that the statements do not violate the misbranding provisions of subsection (a) and that the statements comply with other provisions of the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31,

123 Stat. 1776), including the amendments made by that Act, and chapter 701 of this title.

(2) NO PRIOR APPROVAL FOR CONTENT OF ADVERTISEMENTS.—A regulation issued under this subsection shall not require prior approval by the Secretary of the content of any advertisement, except for modified risk tobacco products as provided in section 21112 of this title.

(3) FEDERAL TRADE COMMISSION ACT.—An advertisement of a tobacco product published after June 22, 2009, shall not, with respect to the language of label statements as prescribed under section 4 of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333) and section 3 of the Comprehensive Smokeless Tobacco Health Education Act of 1986 (15 U.S.C. 4402) or the regulations issued under those sections, be subject to the provisions of sections 12 through 15 of the Federal Trade Commission Act (15 U.S.C. 52 through 55).

**§ 21105. Submission of health information to the Secretary**

(a) REQUIREMENT.—

(1) IN GENERAL.—Each tobacco product manufacturer or importer, or agents of the manufacturer

or importer, shall submit to the Secretary the following information:

(A) A listing of all ingredients, including tobacco, substances, compounds, and additives that were, as of not later than 6 months after June 22, 2009, added by the manufacturer to the tobacco, paper, filter, or other part of each tobacco product by brand and by quantity in each brand and subbrand.

(B) A description of the content, delivery, and form of nicotine in each tobacco product measured in milligrams of nicotine in accordance with regulations promulgated by the Secretary in accordance with section 4(e) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333(e)).

(C) A listing of all constituents, including smoke constituents as applicable, identified by the Secretary as harmful or potentially harmful to health in each tobacco product, and as applicable in the smoke of each tobacco product, by brand and by quantity in each brand and subbrand.

(D) All documents developed after June 22, 2009, that relate to health, toxicological, be-

havioral, or physiologic effects of current or future tobacco products, their constituents (including smoke constituents), ingredients, components, and additives.

(2) COMPLIANCE WITH REGULATIONS IN REPORTING CERTAIN INFORMATION.—The manufacturer, importer, or agent shall comply with regulations promulgated under section 21116 of this title in reporting information under paragraph (1)(C), as applicable.

(b) DATA SUBMISSION.—

(1) IN GENERAL.—At the request of the Secretary, each tobacco product manufacturer or importer of tobacco products, or agents of the manufacturer or importer, shall submit the following:

(A) Any or all documents (including underlying scientific information) relating to research activities, and research findings, conducted, supported, or possessed by the manufacturer (or agents of the manufacturer) on the health, toxicological, behavioral, or physiologic effects of tobacco products and their constituents (including smoke constituents), ingredients, components, and additives.

(B) Any or all documents (including underlying scientific information) relating to research activities, and research findings, conducted, supported, or possessed by the manufacturer (or agents of the manufacturer) that relate to the issue of whether a reduction in risk to health from tobacco products can occur on the employment of technology available or known to the manufacturer.

(C) Any or all documents (including underlying scientific or financial information) relating to marketing research involving the use of tobacco products or marketing practices and the effectiveness of the practices used by tobacco manufacturers and distributors.

(2) IMPORTERS.—An importer of a tobacco product not manufactured in the United States shall supply the information required of a tobacco product manufacturer under this subsection.

(c) TIME FOR SUBMISSION.—

(1) IN GENERAL.—At least 90 days prior to the delivery for introduction into interstate commerce of a tobacco product not on the market on June 22, 2009, the manufacturer of the product shall provide the information required under subsection (a).

(2) DISCLOSURE OF ADDITIVE.—If at any time a tobacco product manufacturer adds to its tobacco products a new tobacco additive or increases the quantity of an existing tobacco additive, the manufacturer shall, except as provided in paragraph (3), at least 90 days prior to the action, advise the Secretary of the action in writing.

(3) DISCLOSURE OF OTHER ACTIONS.—If at any time a tobacco product manufacturer eliminates or decreases an existing additive, or adds or increases an additive that has by regulation been designated by the Secretary as an additive that is not a human or animal carcinogen, or otherwise harmful to health under intended conditions of use, the manufacturer shall, within 60 days of the action, advise the Secretary of the action in writing.

(d) DATA LIST.—

(1) IN GENERAL.—The Secretary shall annually publish in a format that is understandable and not misleading to a lay person, and place on public display (in a manner determined by the Secretary) the list established under subsection (e).

(2) CONSUMER RESEARCH.—The Secretary shall conduct periodic consumer research to ensure that the list published under paragraph (1) is not

misleading to lay persons. Not later than 5 years after June 22, 2009, the Secretary shall submit to the appropriate committees of Congress a report on the results of the research, together with recommendations on whether the publication should be continued or modified.

(e) DATA COLLECTION.—The Secretary shall establish, and periodically revise as appropriate, a list of harmful and potentially harmful constituents, including smoke constituents, to health in each tobacco product by brand and by quantity in each brand and subbrand. The Secretary shall publish a public notice requesting the submission by interested persons of scientific and other information concerning the harmful and potentially harmful constituents in tobacco products and tobacco smoke.

**§ 21106. Annual registration**

(a) DEFINITIONS.—In this section:

(1) MANUFACTURE, PREPARATION, COMPOUNDING, OR PROCESSING.—The term ''manufacture, preparation, compounding, or processing'' shall include repackaging or otherwise changing the container, wrapper, or labeling of any tobacco product package in furtherance of the distribution of the tobacco product from the original place of manufac-

ture to the person that makes final delivery or sale to the ultimate consumer or user.

(2) NAME.—The term ''name'' shall include, in the case of a partnership, the name of each partner and, in the case of a corporation, the name of each corporate officer and director, and the State of incorporation.

(b) REGISTRATION BY OWNERS AND OPERATORS.—On or before December 31 of each year, each person that owns or operates any establishment in any State engaged in the manufacture, preparation, compounding, or processing of a tobacco product shall register with the Secretary the name, places of business, and all such establishments of that person.

(c) REGISTRATION BY NEW OWNERS AND OPERATORS.—Each person, on first engaging in the manufacture, preparation, compounding, or processing of a tobacco product in any establishment owned or operated in any State by that person, shall immediately register with the Secretary the name, place of business, and establishment of that person.

(d) REGISTRATION OF ADDED ESTABLISHMENTS.—Each person required to register under subsection (b) or (c) shall immediately register with the Secretary any additional establishment that the person owns or operates in

any State and in which the person begins the manufacture, preparation, compounding, or processing of a tobacco product.

(e) UNIFORM PRODUCT IDENTIFICATION SYSTEM.—The Secretary may by regulation prescribe a uniform system for the identification of tobacco products and may require that persons that are required to list the tobacco products under subsection (i) shall list the tobacco products in accordance with the system.

(f) PUBLIC ACCESS TO REGISTRATION INFORMATION.—The Secretary shall make available for inspection, to any person requesting the inspection, any registration filed under this section.

(g) BIENNIAL INSPECTION OF REGISTERED ESTABLISHMENTS.—Each establishment registered with the Secretary under this section shall be subject to inspection under section 17504 of this title or subsection (h), and each such establishment engaged in the manufacture, preparation, compounding, or processing of a tobacco product shall be so inspected by 1 or more officers or employees designated by the Secretary at least once in the 2-year period beginning with the date of registration of the establishment under this section and at least once in every successive 2-year period.

(h) REGISTRATION BY FOREIGN ESTABLISHMENTS.—

(1) IN GENERAL.—Any establishment within any foreign country engaged in the manufacture, preparation, compounding, or processing of a tobacco product shall register under this section under regulations promulgated by the Secretary.

(2) CONTENT OF REGULATIONS.—The regulations under paragraph (1) shall require the establishment to provide the information required by subsection (i) and shall include provisions for registration of the establishment on condition that adequate and effective means are available, by arrangement with the government of the foreign country or otherwise, to enable the Secretary to determine from time to time whether tobacco products manufactured, prepared, compounded, or processed in the establishment, if imported or offered for import into the United States, shall be refused admission on any of the grounds set forth in section 20101(a) of this title.

(i) REGISTRATION INFORMATION.—

(1) PRODUCT LIST.—Each person that registers with the Secretary under subsection (b), (c), (d), or (h) shall, at the time of registration under any such

subsection, file with the Secretary a list of all tobacco products that are being manufactured, prepared, compounded, or processed by that person for commercial distribution and that have not been included in any list of tobacco products filed by that person with the Secretary under this paragraph or paragraph (2) before the time of registration. The list shall be prepared in such form and manner as the Secretary may prescribe and shall be accompanied by—

(A) in the case of a tobacco product contained in the applicable list with respect to which a tobacco product standard has been established under section 21108 of this title or that is subject to section 21111 of this title, a reference to the authority for the marketing of the tobacco product and a copy of all labeling for the tobacco product;

(B) in the case of any other tobacco product contained in an applicable list, a copy of all consumer information and other labeling for the tobacco product, a representative sampling of advertisements for the tobacco product, and, on request made by the Secretary for good cause,

a copy of all advertisements for a particular tobacco product; and

(C) if the registrant filing a list has determined that a tobacco product contained in the list is not subject to a tobacco product standard established under section 21108 of this title, a brief statement of the basis on which the registrant made the determination if the Secretary requests such a statement with respect to that particular tobacco product.

(2) CONSULTATION WITH RESPECT TO FORMS.—The Secretary shall consult with the Secretary of the Treasury in developing the forms to be used for registration under this section to minimize the burden on those persons required to register with both the Secretary and the Tax and Trade Bureau of the Department of the Treasury.

(3) BIANNUAL REPORT OF ANY CHANGE IN PRODUCT LIST.—

(A) IN GENERAL.—Each person that registers with the Secretary under this section shall report to the Secretary once during the month of June of each year and once during the month of December of each year the following:

(i) A list of each tobacco product introduced by the registrant for commercial distribution that has not been included in any list previously filed by that person with the Secretary under this clause or paragraph (1).

(ii) If, since the date the registrant last made a report under this paragraph, the registrant has discontinued the manufacture, preparation, compounding, or processing for commercial distribution of a tobacco product included in a list filed under clause (i) or paragraph (1), notice of the discontinuance, the date of the discontinuance, and the identity of its established name.

(iii) If, since the date the registrant reported under clause (ii) a notice of discontinuance, the registrant has resumed the manufacture, preparation, compounding, or processing for commercial distribution of the tobacco product with respect to which the notice of discontinuance was reported, notice of the resumption, the date of the resumption, the identity of the

tobacco product by established name, and other information required by paragraph (1), unless the registrant has previously reported the resumption to the Secretary under this clause.

(iv) Any material change in any information previously submitted under this paragraph or paragraph (1).

(B) LIST REQUIREMENT.—A list under subparagraph (A)(i) shall list a tobacco product by its established name and shall be accompanied by the other information required by paragraph (1).

(j) REPORT PRECEDING INTRODUCTION OF CERTAIN SUBSTANTIALLY EQUIVALENT PRODUCTS INTO INTERSTATE COMMERCE.—

(1) DEFINITION OF SUBSTANTIALLY EQUIVALENT.—

(A) IN GENERAL.—In this subsection, the term ''substantially equivalent'' means, with respect to the tobacco product being compared to the predicate tobacco product, a tobacco product that the Secretary by order has found—

(i) to have the same characteristics as the predicate tobacco product; or

(ii) to have different characteristics and the information submitted contains information, including clinical data if considered necessary by the Secretary, that demonstrates that it is not appropriate to regulate the product under section 21111 of this title because the product does not raise different questions of public health.

(B) CHARACTERISTICS.—In subparagraph (A), the term ''characteristics'' means the materials, ingredients, design, composition, heating source, or other features of a tobacco product.

(C) LIMITATION.—A tobacco product shall not be found to be substantially equivalent to a predicate tobacco product that has been removed from the market at the initiative of the Secretary or that has been determined by a judicial order to be misbranded or adulterated.

(2) IN GENERAL.—Each person that is required to register under this section and that proposes to begin the introduction or delivery for introduction into interstate commerce for commercial distribution of a tobacco product intended for human use that was not commercially marketed (other than for test marketing) in the United States as of February 15,

2007, shall, at least 90 days prior to making the introduction or delivery, report to the Secretary (in such form and manner as the Secretary shall prescribe)—

(A) the basis for the person's determination that—

(i) the tobacco product is substantially equivalent, within the meaning of paragraph (1), to a tobacco product commercially marketed (other than for test marketing) in the United States as of February 15, 2007, or to a tobacco product that the Secretary has previously determined, pursuant to paragraph (1), is substantially equivalent and that is in compliance with the requirements of this subtitle; or

(ii) the tobacco product is modified within the meaning of paragraph (4), the modifications are to a product that is commercially marketed and in compliance with the requirements of this subtitle, and all of the modifications are covered by exemptions granted by the Secretary pursuant to paragraph (4); and

(B) action taken by the person to comply with the requirements under section 21108 of this title that are applicable to the tobacco product.

(3) APPLICATION TO CERTAIN PRODUCTS.—A report under this subsection for a tobacco product that was first introduced or delivered for introduction into interstate commerce for commercial distribution in the United States after February 15, 2007, and prior to the date that is 21 months after June 22, 2009, shall be submitted to the Secretary not later than 21 months after June 22, 2009.

(4) EXEMPTIONS.—

(A) IN GENERAL.—The Secretary may exempt, from the requirements of this subsection relating to the demonstration that a tobacco product is substantially equivalent within the meaning of paragraph (1), tobacco products that are modified by adding or deleting a tobacco additive, or increasing or decreasing the quantity of an existing tobacco additive, if the Secretary determines that—

(i) the modification would be a minor modification of a tobacco product that can be sold under this subtitle;

(ii) a report under this subsection is not necessary to ensure that permitting the tobacco product to be marketed would be appropriate for protection of the public health; and

(iii) an exemption is otherwise appropriate.

(B) REGULATIONS.—The Secretary shall issue regulations to implement this paragraph.

**§ 21107. General provisions respecting control of tobacco products**

(a) IN GENERAL.—Any requirement established by or under section 21103, 21104, 21106, or 21110 of this title applicable to a tobacco product shall apply to the tobacco product until the applicability of the requirement to the tobacco product has been changed by action taken under subsection (d) or under section 21108, 21111, or 21112 of this title, and any requirement under section 21103, 21104, 21106, or 21110 of this title that is inconsistent with a requirement imposed on the tobacco product under subsection (d) or under section 21108, 21111, or 21112 of this title shall not apply to the tobacco product.

(b) INFORMATION ON PUBLIC ACCESS AND COMMENT.—Each notice of proposed rulemaking or other notification under section 21108, 21109, 21110, 21111, or

21112 of this title or under this section, any other notice that is published in the Federal Register with respect to any other action taken under any of those sections and that states the reasons for the action, and each publication of findings required to be made in connection with rulemaking under any of those sections shall set forth—

(1) the manner in which interested persons may examine data and other information on which the notice or findings are based; and

(2) the period within which interested persons may present their comments on the notice or findings (including the need therefor) orally or in writing, which period shall be at least 60 days but may not exceed 90 days unless the time is extended by the Secretary by a notice published in the Federal Register stating good cause for the extension.

(c) LIMITED CONFIDENTIALITY OF INFORMATION.—Any information reported to or otherwise obtained by the Secretary or the Secretary's representative under subsection (e) or (f), or under section 17504, 21104, 21105, 21108, 21109, 21110, 21111, or 21112 of this title, that is exempt from disclosure under subsection (a) of section 552 of title 5 by reason of subsection (b)(4) of section 552 of title 5 shall be considered confidential and shall

not be disclosed, except that the information may be disclosed—

(1) to other officers or employees concerned with carrying out this chapter; or

(2) if disclosure is relevant in any proceeding under this chapter.

(d) RESTRICTIONS.—

(1) IN GENERAL.—

(A) SALE AND DISTRIBUTION; INCLUSIONS.—The Secretary may by regulation require restrictions on the sale and distribution of a tobacco product, including restrictions on the access to, and the advertising and promotion of, the tobacco product, if the Secretary determines that the regulation would be appropriate for the protection of the public health.

(B) ADVERTISING AND PROMOTION.—The Secretary may by regulation impose restrictions on the advertising and promotion of a tobacco product consistent with and to the full extent permitted by the First Amendment to the Constitution.

(C) DETERMINATION OF APPROPRIATENESS.—The finding as to whether a regulation under this paragraph would be appropriate for

the protection of the public health shall be determined with respect to the risks and benefits to the population as a whole, including users and nonusers of the tobacco product, and taking into account—

(i) the increased or decreased likelihood that existing users of tobacco products will stop using the tobacco products; and

(ii) the increased or decreased likelihood that those who do not use tobacco products will start using the tobacco products.

(D) LIMITATION.—A regulation under this paragraph shall not require that the sale or distribution of a tobacco product be limited to the written or oral authorization of a practitioner licensed by law to prescribe medical products.

(2) LABEL STATEMENTS.—The label of a tobacco product shall bear such appropriate statements of the restrictions required by a regulation under subsection (a) as the Secretary may in the regulation prescribe.

(3) LIMITATIONS.—

(A) IN GENERAL.—A restriction under paragraph (1) shall not—

(i) prohibit the sale of any tobacco product in face-to-face transactions by a specific category of retail outlets; or

(ii) establish a minimum age of sale of tobacco products to any person older than 21 years of age.

(B) MATCHBOOKS.—

(i) IN GENERAL.—For purposes of any regulations issued by the Secretary, matchbooks of conventional size containing not more than 20 paper matches, and that are customarily given away for free with the purchase of tobacco products, shall be considered as adult-written publications that shall be permitted to contain advertising.

(ii) TREATMENT.—Notwithstanding clause (i), if the Secretary finds that the treatment of matchbooks is not appropriate for the protection of the public health, the Secretary may determine by regulation that matchbooks shall not be considered adult-written publications.

(4) REMOTE SALES.—

(A) IN GENERAL.—The Secretary shall—

(i) within 18 months after June 22, 2009, promulgate regulations regarding the sale and distribution of tobacco products that occur through means other than a direct, face-to-face exchange between a retailer and a consumer to prevent the sale and distribution of tobacco products to individuals who have not attained the minimum age established by applicable law for the purchase of tobacco products, including requirements for age verification; and

(ii) within 2 years after June 22, 2009, issue regulations to address the promotion and marketing of tobacco products that are sold or distributed through means other than a direct, face-to-face exchange between a retailer and a consumer in order to protect individuals who have not attained the minimum age established by applicable law for the purchase of tobacco products.

(B) EFFECT OF PARAGRAPH.—Nothing in this paragraph limits the authority of the Sec-

retary to take additional actions under this subsection.

(5) MINIMUM AGE OF SALE.—It shall be unlawful for any retailer to sell a tobacco product to any individual younger than 21 years of age.

(e) GOOD MANUFACTURING PRACTICE REQUIREMENTS.—

(1) METHODS, FACILITIES, AND CONTROLS TO CONFORM.—

(A) IN GENERAL.—

(i) IN GENERAL.—In applying manufacturing restrictions to tobacco, the Secretary shall, in accordance with subparagraph (B), prescribe regulations (which may differ based on the type of tobacco product involved) requiring that the methods used in, and the facilities and controls used for, the manufacture, preproduction design validation (including a process to assess the performance of a tobacco product), packing, and storage of a tobacco product conform to current good manufacturing practice, or hazard analysis and critical control point methodology, as prescribed in the regulations to ensure that

the public health is protected and that the tobacco product is in compliance with this chapter.

(ii) TESTING FOR PESTICIDE CHEMICAL RESIDUES.—The regulations under clause (i) may provide for the testing of raw tobacco for pesticide chemical residues regardless of whether a tolerance for the chemical residues has been established.

(B) REQUIREMENTS.—The Secretary shall—

(i) before promulgating any regulation under subparagraph (A), afford the Tobacco Products Scientific Advisory Committee an opportunity to submit recommendations with respect to the regulation proposed to be promulgated;

(ii) before promulgating any regulation under subparagraph (A), afford opportunity for an oral hearing;

(iii) provide the Tobacco Products Scientific Advisory Committee a reasonable time to make its recommendation with respect to proposed regulations under subparagraph (A);

(iv) in establishing the effective date of a regulation promulgated under this subsection—

(I) take into account the differences in the manner in which the different types of tobacco products have historically been produced, the financial resources of the different tobacco product manufacturers, and the state of their existing manufacturing facilities; and

(II) provide for a reasonable period of time for the manufacturers to conform to good manufacturing practices; and

(v) not require any small tobacco product manufacturer to comply with a regulation under subparagraph (A) for at least 4 years following the effective date established by the Secretary for the regulation.

(2) EXEMPTIONS; VARIANCES.—

(A) PETITION.—Any person subject to any requirement prescribed under paragraph (1) may petition the Secretary for a permanent or

temporary exemption or variance from the requirement. The petition shall be submitted to the Secretary in such form and manner as the Secretary shall prescribe and shall—

(i) in the case of a petition for an exemption from a requirement, set forth the basis for the petitioner's determination that compliance with the requirement is not required to ensure that the tobacco product will be in compliance with this chapter;

(ii) in the case of a petition for a variance from a requirement, set forth the methods proposed to be used in, and the facilities and controls proposed to be used for, the manufacture, packing, and storage of the tobacco product in lieu of the methods, facilities, and controls prescribed by the requirement; and

(iii) contain such other information as the Secretary shall prescribe.

(B) REFERRAL TO THE TOBACCO PRODUCTS SCIENTIFIC ADVISORY COMMITTEE.—

(i) IN GENERAL.—The Secretary may refer to the Tobacco Products Scientific

Advisory Committee any petition submitted under subparagraph (A).

(ii) RECOMMENDATION.—The Tobacco Products Scientific Advisory Committee shall report its recommendations to the Secretary with respect to a petition referred to it within 60 days after the date of the petition's referral.

(C) DENIAL OR APPROVAL OF PETITION.—The Secretary shall by order deny or approve the petition within 60 days after the later of—

(i) the date the petition was submitted to the Secretary under subparagraph (A); or

(ii) the day after the petition was referred to the Tobacco Products Scientific Advisory Committee.

(D) APPROVAL.—The Secretary may approve—

(i) a petition for an exemption for a tobacco product from a requirement if the Secretary determines that compliance with the requirement is not required to ensure that the tobacco product will be in compliance with this chapter; and

(ii) a petition for a variance for a tobacco product from a requirement if the Secretary determines that the methods to be used in, and the facilities and controls to be used for, the manufacture, packing, and storage of the tobacco product in lieu of the methods, facilities, and controls prescribed by the requirement are sufficient to ensure that the tobacco product will be in compliance with this chapter.

(E) CONDITIONS.—An order of the Secretary approving a petition for a variance shall prescribe such conditions respecting the methods used in, and the facilities and controls used for, the manufacture, packing, and storage of the tobacco product to be granted the variance under the petition as may be necessary to ensure that the tobacco product will be in compliance with this chapter.

(F) DENIAL OR APPROVAL OF PETITION; HEARING.—After the issuance of an order under subparagraph (C) respecting a petition, the petitioner shall have an opportunity for an informal hearing on the order.

(f) RESEARCH AND DEVELOPMENT.—The Secretary may enter into contracts for research, testing, and demonstrations respecting tobacco products and may obtain tobacco products for research, testing, and demonstration purposes.

**§ 21108. Tobacco product standards**

(a) IN GENERAL.—

(1) SPECIAL RULES.—

(A) SPECIAL RULE FOR CIGARETTES.—

(i) IN GENERAL.—A cigarette or any of its component parts (including the tobacco, filter, or paper) shall not contain, as a constituent (including a smoke constituent) or additive, an artificial or natural flavor (other than tobacco or menthol) or an herb or spice, including strawberry, grape, orange, clove, cinnamon, pineapple, vanilla, coconut, licorice, cocoa, chocolate, cherry, or coffee, that is a characterizing flavor of the tobacco product or tobacco smoke.

(ii) EFFECT OF SUBPARAGRAPH ON AUTHORITY OF SECRETARY.—Nothing in this subparagraph shall be construed to limit the Secretary's authority to take ac-

tion under this subtitle applicable to menthol or any artificial or natural flavor, herb, or spice not specified in this subparagraph.

(B) ADDITIONAL SPECIAL RULE.—A tobacco product manufacturer shall not use tobacco, including foreign grown tobacco, that contains a pesticide chemical residue that is at a level greater than is specified by any tolerance applicable under Federal law to domestically grown tobacco.

(2) REVISION OF TOBACCO PRODUCT STANDARDS.—The Secretary may revise the tobacco product standards in paragraph (1) in accordance with subsection (c).

(3) ADDITIONAL TOBACCO PRODUCT STANDARDS.—

(A) IN GENERAL.—The Secretary may adopt tobacco product standards in addition to those in paragraph (1) if the Secretary finds that a tobacco product standard is appropriate for the protection of the public health.

(B) DETERMINATIONS.—

(i) CONSIDERATIONS.—In making a finding described in subparagraph (A), the

Secretary shall consider scientific evidence concerning—

(I) the risks and benefits to the population as a whole, including users and nonusers of tobacco products, of the proposed standard;

(II) the increased or decreased likelihood that existing users of tobacco products will stop using tobacco products; and

(III) the increased or decreased likelihood that those who do not use tobacco products will start using tobacco products.

(ii) ADDITIONAL CONSIDERATIONS.—In the event that the Secretary makes a determination, set forth in a proposed tobacco product standard in a proposed rule, that it is appropriate for the protection of public health to require the reduction or elimination of an additive, constituent (including a smoke constituent), or other component of a tobacco product because the Secretary has found that the additive, constituent, or other component is or may

be harmful, any party objecting to the proposed standard on the ground that the proposed standard will not reduce or eliminate the risk of illness or injury may provide, for the Secretary's consideration, scientific evidence that demonstrates that the proposed standard will not reduce or eliminate the risk of illness or injury.

(4) CONTENT OF TOBACCO PRODUCT STANDARDS.—A tobacco product standard established under this section for a tobacco product—

(A) shall include provisions that are appropriate for the protection of the public health, including provisions, if appropriate—

(i) for nicotine yields of the product;

(ii) for the reduction or elimination of other constituents, including smoke constituents, or harmful components of the product; or

(iii) relating to any other requirement under subparagraph (B);

(B) shall, if appropriate for the protection of the public health, include—

(i) provisions respecting the construction, components, ingredients, additives,

constituents, including smoke constituents, and properties of the tobacco product;

(ii) provisions for the testing (on a sample basis or, if necessary, on an individual basis) of the tobacco product;

(iii) provisions for the measurement of the tobacco product characteristics of the tobacco product;

(iv) provisions requiring that the results of each or of certain of the tests of the tobacco product required to be made under clause (ii) show that the tobacco product is in conformity with the portions of the standard for which the test or tests were required; and

(v) a provision requiring that the sale and distribution of the tobacco product be restricted but only to the extent that the sale and distribution of a tobacco product may be restricted under a regulation under section 21107(d) of this title;

(C) shall, if appropriate, require the use and prescribe the form and content of labeling for the proper use of the tobacco product; and

(D) shall require tobacco products containing foreign-grown tobacco to meet the same standards applicable to tobacco products containing domestically grown tobacco.

(5) TESTING.—The Secretary may provide for testing under paragraph (4)(B) by any person.

(6) PERIODIC REEVALUATION OF TOBACCO PRODUCT STANDARDS.—The Secretary shall provide for periodic evaluation of tobacco product standards established under this section to determine whether the standards should be changed to reflect new medical, scientific, or other technological data.

(7) INVOLVEMENT OF OTHER AGENCIES; INFORMED PERSONS.—In carrying out duties under this section, the Secretary shall endeavor to—

(A) use personnel, facilities, and other technical support available in other Federal agencies;

(B) consult with other Federal agencies concerned with standard setting and other nationally or internationally recognized standard-setting entities; and

(C) invite appropriate participation, through joint or other conferences, workshops, or other means, by informed persons represent-

ative of scientific, professional, industry, agricultural, or consumer organizations that in the Secretary's judgment can make a significant contribution.

(b) CONSIDERATIONS BY SECRETARY.—

(1) TECHNICAL ACHIEVABILITY.—The Secretary shall consider information submitted in connection with a proposed standard regarding the technical achievability of compliance with the standard, including with regard to any differences related to the technical achievability of compliance with the standard for products in the same class containing nicotine not made or derived from tobacco and products containing nicotine made or derived from tobacco.

(2) OTHER CONSIDERATIONS.—The Secretary shall consider all other information submitted in connection with a proposed standard, including information concerning the countervailing effects of the tobacco product standard on the health of adolescent tobacco users, adult tobacco users, or nontobacco users, such as the creation of a significant demand for contraband or other tobacco products that do not meet the requirements of this chapter and the significance of the demand.

(c) PROPOSED STANDARDS.—

(1) IN GENERAL.—The Secretary shall publish in the Federal Register a notice of proposed rulemaking for the establishment, amendment, or revocation of any tobacco product standard.

(2) REQUIREMENTS OF NOTICE.—A notice of proposed rulemaking for the establishment or amendment of a tobacco product standard for a tobacco product shall—

(A) set forth a finding with supporting justification that the tobacco product standard is appropriate for the protection of the public health;

(B) invite interested persons to submit a draft or proposed tobacco product standard for consideration by the Secretary;

(C) invite interested persons to submit comments on structuring the standard so that it does not advantage foreign-grown tobacco over domestically grown tobacco; and

(D) invite the Secretary of Agriculture to provide any information or analysis that the Secretary of Agriculture believes is relevant to the proposed tobacco product standard.

(3) FINDING.—A notice of proposed rulemaking for the revocation of a tobacco product standard shall set forth a finding with supporting justification that the tobacco product standard is no longer appropriate for the protection of the public health.

(4) COMMENT.—The Secretary shall provide for a comment period of not less than 60 days.

(d) PROMULGATION.—

(1) IN GENERAL.—After the expiration of the period for comment on a notice of proposed rulemaking published under subsection (c) respecting a tobacco product standard and after consideration of comments submitted under subsections (b) and (c) and any report from the Tobacco Products Scientific Advisory Committee, the Secretary shall—

(A) if the Secretary determines that the standard would be appropriate for the protection of the public health, promulgate a regulation establishing a tobacco product standard and publish in the Federal Register findings on the matters referred to in subsection (c); or

(B) publish a notice terminating the proceeding for the development of the standard together with the reasons for the termination.

(2) EFFECTIVE DATE.—

(A) IN GENERAL.—A regulation establishing a tobacco product standard shall set forth the date or dates on which the standard shall take effect, but any such regulation shall not take effect before 1 year after the date of its publication unless the Secretary determines that an earlier effective date is necessary for the protection of the public health.

(B) MINIMIZING LOSS TO TRADE.—The date or dates under subparagraph (A) shall be established so as to minimize, consistent with the public health, economic loss to, and disruption or dislocation of, domestic and international trade.

(C) FACTORS.—In establishing the effective date or dates, the Secretary shall consider information submitted in connection with a proposed product standard by interested parties, including manufacturers and tobacco growers, regarding the technical achievability of compliance with the standard, and including information concerning the existence of patents that make it impossible to comply in the timeframe envisioned in the proposed standard.

(D) SUBSTANTIAL CHANGES TO FARMING METHODS.—If the Secretary determines, based on the Secretary's evaluation of submitted comments, that a product standard can be met only by manufacturers requiring substantial changes to the methods of farming the domestically grown tobacco used by the manufacturer, the effective date of that product standard shall be not less than 2 years after the date of publication of the final regulation establishing the standard.

(3) LIMITATION ON POWER GRANTED TO THE FDA.—

(A) IN GENERAL.—The prohibition under subparagraph (B) applies because of the importance of a decision of the Secretary to issue a regulation—

(i) banning all cigarettes, all smokeless tobacco products, all little cigars, all cigars other than little cigars, all pipe tobacco, or all roll-your-own tobacco products; or

(ii) requiring the reduction of nicotine yields of a tobacco product to zero.

(B) PROHIBITION.—The Secretary is prohibited from taking actions described in subparagraph (A) under this subtitle.

(4) AMENDMENT; REVOCATION.—

(A) AUTHORITY.—The Secretary, on the Secretary's own initiative or on petition of an interested person, may by regulation, promulgated in accordance with the requirements of subsection (c) and paragraph (2), amend or revoke a tobacco product standard.

(B) EFFECTIVE DATE.—The Secretary may declare a proposed amendment of a tobacco product standard to be effective on and after its publication in the Federal Register and until the effective date of any final action taken on the amendment if the Secretary determines that making it effective as described in this subparagraph is in the public interest.

(5) REFERRAL TO THE TOBACCO PRODUCTS SCIENTIFIC ADVISORY COMMITTEE.—

(A) IN GENERAL.—The Secretary may refer a proposed regulation for the establishment, amendment, or revocation of a tobacco product standard to the Tobacco Products Scientific Advisory Committee for a report and

recommendation with respect to any matter involved in the proposed regulation that requires the exercise of scientific judgment.

(B) INITIATION OF REFERRAL.—The Secretary may make a referral under this paragraph—

(i) on the Secretary's own initiative; or

(ii) on the request of an interested person that demonstrates good cause for the referral, which request is made before the expiration of the period for submission of comments on the proposed regulation.

(C) PROVISION OF DATA.—If a proposed regulation is referred under this paragraph to the Tobacco Products Scientific Advisory Committee, the Secretary shall provide the Advisory Committee with the data and information on which the proposed regulation is based.

(D) REPORT AND RECOMMENDATION.—The Tobacco Products Scientific Advisory Committee shall, within 60 days after the referral of a proposed regulation under this paragraph and after independent study of the data and information furnished to it by the Secretary and

other data and information before it, submit to the Secretary a report and recommendation respecting the regulation, together with all underlying data and information and a statement of the reason or basis for the recommendation.

(E) PUBLIC AVAILABILITY.—The Secretary shall make a copy of each report and recommendation under subparagraph (D) publicly available.

**§ 21109. Notification and other remedies**

(a) NOTIFICATION.—

(1) In general—The Secretary may issue an order described in paragraph (2) if the Secretary determines that—

(A) a tobacco product that is introduced or delivered for introduction into interstate commerce for commercial distribution presents an unreasonable risk of substantial harm to the public health; and

(B) notification under this subsection is necessary to eliminate the unreasonable risk of the harm and no more practicable means is available under the provisions of this chapter (other than this section) to eliminate the risk.

(2) ORDER.—If the Secretary makes the determination described in paragraph (1), the Secretary may issue such order as may be necessary to ensure that adequate notification is provided in an appropriate form, by the persons and means best suited under the circumstances involved, to all persons that should properly receive the notification in order to eliminate the risk.

(3) MEANS OF NOTIFICATION.—The Secretary may order notification under this subsection by any appropriate means, including public service announcements.

(4) CONSULTATION.—Before issuing an order under this subsection, the Secretary shall consult with the persons that are to give notice under the order.

(b) NO EXEMPTION FROM OTHER LIABILITY.—

(1) IN GENERAL.—Compliance with an order issued under this section shall not relieve any person from liability under Federal or State law.

(2) DAMAGES; VALUE TO PLAINTIFF OF REMEDY UNDER ORDER TO BE CONSIDERED.—In awarding damages for economic loss in an action brought for the enforcement of any liability described in paragraph (1), the value to the plaintiff in the action

of any remedy provided under the order shall be taken into account.

(c) RECALL AUTHORITY.—

(1) IN GENERAL.—

(A) CEASING DISTRIBUTION.—If the Secretary finds that there is a reasonable probability that a tobacco product contains a manufacturing or other defect, not ordinarily contained in tobacco products on the market, that would cause serious, adverse health consequences or death, the Secretary shall issue an order requiring the appropriate person (including the manufacturers, importers, distributors, or retailers of the tobacco product) to immediately cease distribution of the tobacco product.

(B) HEARING.—The order shall provide the person subject to the order with an opportunity for an informal hearing, to be held not later than 10 days after the date of the issuance of the order, on the actions required by the order and on whether the order should be amended to require a recall of the tobacco product.

(C) INADEQUATE GROUNDS.—If, after providing an opportunity for a hearing under subparagraph (B), the Secretary determines that inadequate grounds exist to support the actions required by the order, the Secretary shall vacate the order.

(2) AMENDMENT OF ORDER TO REQUIRE RECALL.—

(A) IN GENERAL.—

(i) DETERMINATION THAT ORDER SHOULD INCLUDE RECALL.—If, after providing an opportunity for an informal hearing under paragraph (1), the Secretary determines that the order should be amended to include a recall of the tobacco product with respect to which the order was issued, the Secretary shall, except as provided in subparagraph (B), amend the order to require a recall.

(ii) TIMETABLE.—The Secretary shall specify a timetable in which the tobacco product recall will occur and shall require periodic reports to the Secretary describing the progress of the recall.

(B) NOTICE.—

(i) IN GENERAL.—An amended order under subparagraph (A)—

(I) shall not include recall of a tobacco product from individuals; and

(II) shall provide for notice to persons subject to the risks associated with the use of the tobacco product.

(ii) ASSISTANCE OF RETAILERS.—In providing the notice required by clause (i)(II), the Secretary may use the assistance of retailers and other persons that distributed the tobacco product.

(iii) PERSONS SUBJECT TO RISKS NOT IDENTIFIED.—If a significant number of the persons under clause (i)(II) cannot be identified, the Secretary shall notify the persons under section 17505(b) of this title.

(3) REMEDY NOT EXCLUSIVE.—The remedy provided by this subsection shall be in addition to remedies provided by subsection (a).

**§ 21110. Records and reports on tobacco products**

(a) IN GENERAL.—

(1) REQUIREMENT.—Each person that is a tobacco product manufacturer or importer of a tobacco

product shall establish and maintain such records, make such reports, and provide such information, as the Secretary may by regulation reasonably require to ensure that the tobacco product is not adulterated or misbranded and to otherwise protect public health.

(2) REGULATIONS.—Regulations prescribed under paragraph (1)—

(A) may require a tobacco product manufacturer or importer to report to the Secretary whenever the manufacturer or importer receives or otherwise becomes aware of information that reasonably suggests that one of its marketed tobacco products may have caused or contributed to a serious unexpected adverse experience associated with the use of the tobacco product or any significant increase in the frequency of a serious, expected adverse product experience;

(B) shall require reporting of other significant adverse tobacco product experiences as determined by the Secretary to be necessary to be reported;

(C) shall not impose requirements unduly burdensome to a tobacco product manufacturer or importer, taking into account—

(i) the cost of complying with the requirements;

(ii) the need for the protection of the public health; and

(iii) the implementation of this chapter;

(D) when prescribing the procedure for making requests for reports or information, shall require that each request made under the regulations for submission of a report or information to the Secretary state the reason or purpose for the request and identify to the fullest extent practicable the report or information;

(E) when requiring submission of a report or information to the Secretary, shall state the reason or purpose for the submission of the report or information and identify to the fullest extent practicable the report or information; and

(F) may not require that the identity of any patient or user be disclosed in records, reports, or information required under this subsection unless required—

(i) for the medical welfare of an individual;

(ii) when determining risks to public health of a tobacco product; or

(iii) when verifying a record, report, or information submitted under this chapter.

(3) PROFESSIONAL ETHICS OF THE MEDICAL PROFESSION.—In prescribing regulations under this subsection, the Secretary shall have due regard for the professional ethics of the medical profession and the interests of patients.

(4) CONFIDENTIALITY OF IDENTITY OF PATIENT TO CONTINUE TO BE APPLICABLE.—The prohibitions of paragraph (2)(F) continue to apply to records, reports, and information concerning any individual who has been a patient, irrespective of whether or when the individual ceases to be a patient.

(b) REPORTS OF REMOVALS AND CORRECTIONS.—

(1) IN GENERAL.—

(A) REPORT TO SECRETARY.—Except as provided in paragraph (2), the Secretary shall by regulation require a tobacco product manufacturer or importer of a tobacco product to report promptly to the Secretary any corrective action taken or removal from the market of a

tobacco product undertaken by the manufacturer or importer if the removal or correction was undertaken—

(i) to reduce a risk to health posed by the tobacco product; or

(ii) to remedy a violation of this chapter caused by the tobacco product that may present a risk to health.

(B) RECORD OF CORRECTION OR REMOVAL.—A tobacco product manufacturer or importer of a tobacco product that undertakes a corrective action or removal from the market of a tobacco product that is not required to be reported under this subsection shall keep a record of the correction or removal.

(2) EXCEPTION.—A report of the corrective action or removal of a tobacco product shall not be required under paragraph (1) if a report of the corrective action or removal is required and has been submitted under subsection (a).

**§ 21111. Application for review of certain tobacco products**

(a) DEFINITIONS.—In this section:

(1) NEW TOBACCO PRODUCT.—The term ''new tobacco product'' means—

(A) any tobacco product (including those products in test markets) that was not commercially marketed in the United States as of February 15, 2007; or

(B) any modification (including a change in design, any component, any part, or any constituent, including a smoke constituent, or in the content, delivery, or form of nicotine, or any other additive or ingredient) of a tobacco product in which the modified tobacco product was commercially marketed in the United States after February 15, 2007.

(2) SUBSTANTIALLY EQUIVALENT.—

(A) IN GENERAL.—The term ''substantially equivalent'' means, with respect to the tobacco product being compared to the predicate tobacco product, a tobacco product that the Secretary by order has found—

(i) to have the same characteristics as the predicate tobacco product; or

(ii) to have different characteristics and the information submitted contains information, including clinical data if considered necessary by the Secretary, that demonstrates that it is not appropriate to reg-

ulate the product under this section because the product does not raise different questions of public health.

(B) CHARACTERISTICS.—In subparagraph (A), the term ''characteristics'' means the materials, ingredients, design, composition, heating source, or other features of a tobacco product.

(C) LIMITATION.—A tobacco product may not be found to be substantially equivalent to a predicate tobacco product that has been removed from the market at the initiative of the Secretary or that has been determined by a judicial order to be misbranded or adulterated.

(b) EFFECT OF SUBMISSION OF PREMARKET REPORT RELATING TO SUBSTANTIALLY EQUIVALENT PRODUCT.—

(1) PREMARKET REVIEW REQUIRED.—

(A) NEW PRODUCTS.—An order under subsection (d)(1)(A)(i) for a new tobacco product is required unless—

(i) the manufacturer has submitted a report under section 21106(j) of this title and the Secretary has issued an order that the tobacco product—

(I) is substantially equivalent to a tobacco product commercially marketed (other than for test marketing) in the United States as of February 15, 2007; and

(II) is in compliance with the requirements of this subtitle; or

(ii) the tobacco product is exempt from the requirements of section 21106(j) of this title pursuant to a regulation issued under section 21106(j)(4) of this title.

(B) APPLICATION TO CERTAIN PRODUCTS.—

(i) IN GENERAL.—Except as provided in clause (ii), subparagraph (A) shall not apply to a tobacco product—

(I) that was first introduced or delivered for introduction into interstate commerce for commercial distribution in the United States after February 15, 2007, and prior to the date that is 21 months after June 22, 2009; and

(II) for which a report was submitted under section 21106(j) of this title within the 21-month period.

(ii) EXCEPTION.—Subparagraph (A) shall apply to a tobacco product described in clause (i) if the Secretary issues an order that the tobacco product is not substantially equivalent.

(2) HEALTH INFORMATION.—

(A) SUMMARY.—As part of a submission under section 21106(j) of this title respecting a tobacco product, the person required to file a premarket notification under that section shall provide an adequate summary of any health information related to the tobacco product or state that the information will be made available on request by any person.

(B) REQUIRED INFORMATION.—Any summary under subparagraph (A) respecting a tobacco product shall contain detailed information regarding data concerning adverse health effects and shall be made available to the public by the Secretary within 30 days of the issuance of a determination that the tobacco product is

substantially equivalent to another tobacco product.

(c) APPLICATION.—

(1) CONTENTS.—An application under this section shall contain—

(A) full reports of all information, published or known to, or that should reasonably be known to, the applicant, concerning investigations that have been made to show the health risks of the tobacco product and whether the tobacco product presents less risk than other tobacco products;

(B) a full statement of the components, ingredients, additives, and properties, and of the principle or principles of operation, of the tobacco product;

(C) a full description of the methods used in, and the facilities and controls used for, the manufacture, processing, and, when relevant, packing and installation of, the tobacco product;

(D) an identifying reference to any tobacco product standard under section 21108 of this title that would be applicable to any aspect of the tobacco product, and—

(i) adequate information to show that the aspect of the tobacco product fully meets the tobacco product standard; or

(ii) adequate information to justify any deviation from the standard;

(E) such samples of the tobacco product and of components of the tobacco product as the Secretary may reasonably require;

(F) specimens of the labeling proposed to be used for the tobacco product; and

(G) such other information relevant to the subject matter of the application as the Secretary may require.

(2) REFERRAL TO TOBACCO PRODUCTS SCIENTIFIC ADVISORY COMMITTEE.—On receipt of an application meeting the requirements set forth in paragraph (1), the Secretary may, on the Secretary's own initiative or on the request of an applicant, refer the application to the Tobacco Products Scientific Advisory Committee for reference and for submission (within such period as the Secretary may establish) of a report and recommendation respecting the application, together with all underlying data and the reasons or basis for the recommendation.

(d) ACTION ON APPLICATION.—

(1) DEADLINE.—

(A) IN GENERAL.—As promptly as possible, but not later than 180 days after the receipt of an application under subsection (c), the Secretary, after considering the report and recommendation submitted under subsection (c)(2), shall—

(i) issue an order that the new product may be introduced or delivered for introduction into interstate commerce if the Secretary finds that none of the grounds specified in paragraph (2) applies; or

(ii) issue an order that the new product may not be introduced or delivered for introduction into interstate commerce if the Secretary finds (and sets forth the basis for the finding as part of or accompanying the denial) that 1 or more grounds for denial specified in paragraph (2) apply.

(B) RESTRICTIONS ON SALE AND DISTRIBUTION.—An order under subparagraph (A)(i) may require that the sale and distribution of the tobacco product be restricted but only to the extent that the sale and distribution

of a tobacco product may be restricted under a regulation under section 21107(d) of this title.

(2) DENIAL OF APPLICATION.—The Secretary shall deny an application submitted under subsection (c) if, on the basis of the information submitted to the Secretary as part of the application and any other information before the Secretary with respect to the tobacco product, the Secretary finds that—

(A) there is a lack of a showing that permitting the tobacco product to be marketed would be appropriate for the protection of the public health;

(B) the methods used in, or the facilities or controls used for, the manufacture, processing, or packing of the tobacco product do not conform to the requirements of section 21107(e) of this title;

(C) based on a fair evaluation of all material facts, the proposed labeling is false or misleading in any particular; or

(D) the tobacco product is not shown to conform in all respects to a tobacco product standard in effect under section 21108 of this title, and there is a lack of adequate information to justify the deviation from the standard.

(3) DENIAL INFORMATION.—Any denial of an application shall, insofar as the Secretary determines to be practicable, be accompanied by a statement informing the applicant of the measures required to remove the application from deniable form (which measures may include further research by the applicant in accordance with 1 or more protocols prescribed by the Secretary).

(4) BASIS FOR FINDING.—For purposes of this section, the finding as to whether the marketing of a tobacco product for which an application has been submitted is appropriate for the protection of the public health shall be determined with respect to the risks and benefits to the population as a whole, including users and nonusers of the tobacco product, and taking into account—

(A) the increased or decreased likelihood that existing users of tobacco products will stop using the tobacco products; and

(B) the increased or decreased likelihood that those who do not use tobacco products will start using the tobacco products.

(5) BASIS FOR ACTION.—

(A) INVESTIGATIONS.—For purposes of paragraph (2)(A), whether permitting a tobacco

product to be marketed would be appropriate for the protection of the public health shall, when appropriate, be determined on the basis of well-controlled investigations, which may include 1 or more clinical investigations by experts qualified by training and experience to evaluate the tobacco product.

(B) OTHER EVIDENCE.—If the Secretary determines that there exists valid scientific evidence (other than evidence derived from investigations described in subparagraph (A)) that is sufficient to evaluate the tobacco product, the Secretary may authorize that the determination for purposes of paragraph (2)(A) be made on the basis of the evidence.

(e) WITHDRAWAL AND TEMPORARY SUSPENSION.—

(1) IN GENERAL.—The Secretary shall, on obtaining, if appropriate, advice on scientific matters from the Tobacco Products Scientific Advisory Committee, and after due notice and opportunity for informal hearing for a tobacco product for which an order was issued under subsection (d)(1)(A)(i), issue an order withdrawing the order that was issued under subsection (d)(1)(A)(i) if the Secretary finds—

(A) that the continued marketing of the tobacco product no longer is appropriate for the protection of the public health;

(B) that the application contained or was accompanied by an untrue statement of a material fact;

(C) that the applicant—

(i) has failed to establish a system for maintaining records, or has repeatedly or deliberately failed to maintain records or to make reports, required by an applicable regulation under section 21110 of this title;

(ii) has refused to permit access to, or copying or verification of, the records as required by section 17504 of this title; or

(iii) has not complied with the requirements of section 21106 of this title;

(D) on the basis of new information before the Secretary with respect to the tobacco product, evaluated together with the evidence before the Secretary when the application was reviewed, that the methods used in, or the facilities and controls used for, the manufacture, processing, packing, or installation of the to-

bacco product do not conform with the requirements of section 21107(e) of this title and were not brought into conformity with the requirements within a reasonable time after receipt of written notice from the Secretary of nonconformity;

(E) on the basis of new information before the Secretary, evaluated together with the evidence before the Secretary when the application was reviewed, that the labeling of the tobacco product, based on a fair evaluation of all material facts, is false or misleading in any particular and was not corrected within a reasonable time after receipt of written notice from the Secretary of the fact; or

(F) on the basis of new information before the Secretary, evaluated together with the evidence before the Secretary when the order was issued, that the tobacco product is not shown to conform in all respects to a tobacco product standard that is in effect under section 21108 of this title, compliance with which was a condition to the issuance of an order relating to the application, and that there is a lack of adequate

information to justify the deviation from the standard.

(2) APPEAL.—The holder of an application subject to an order issued under paragraph (1) withdrawing an order issued pursuant to subsection (d)(1)(A)(i) may, by petition filed on or before the 30th day after the date on which the holder receives notice of the withdrawal, obtain review of the withdrawal in accordance with section 21113 of this title.

(3) TEMPORARY SUSPENSION.—If, after providing an opportunity for an informal hearing, the Secretary determines there is reasonable probability that the continuation of distribution of a tobacco product under an order would cause serious, adverse health consequences or death, that is greater than ordinarily caused by tobacco products on the market, the Secretary shall by order temporarily suspend the authority of the manufacturer to market the product. If the Secretary issues such an order, the Secretary shall proceed expeditiously under paragraph (1) to withdraw the application.

(f) SERVICE OF ORDER.—An order issued by the Secretary under this section shall be served—

(1) in person by any officer or employee of the department designated by the Secretary; or

(2) by mailing the order by registered mail or certified mail addressed to the applicant at the applicant's last known address in the records of the Secretary.

(g) RECORDS.—

(1) IN GENERAL.—In the case of any tobacco product for which an order issued pursuant to subsection (d)(1)(A)(i) for an application filed under subsection (c) is in effect, the applicant shall establish and maintain such records, and make such reports to the Secretary, as the Secretary may by regulation, or by order with respect to the application, prescribe on the basis of a finding that the records and reports are necessary in order to enable the Secretary to determine, or facilitate a determination of, whether there is or may be grounds for withdrawing or temporarily suspending the order.

(2) ACCESS TO RECORDS.—Each person required under this section to maintain records, and each person in charge of custody of the records, shall, on request of an officer or employee designated by the Secretary, permit the officer or em-

ployee at all reasonable times to have access to and copy and verify the records.

(h) INVESTIGATIONAL TOBACCO PRODUCT EXEMPTION FOR INVESTIGATIONAL USE.—The Secretary may exempt tobacco products intended for investigational use from the provisions of this chapter under such conditions as the Secretary may by regulation prescribe.

**§ 21112. Modified risk tobacco products**

(a) DEFINITIONS.—In this section:

(1) MODIFIED RISK TOBACCO PRODUCT.—The term ''modified risk tobacco product'' means any tobacco product that is sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products.

(2) SOLD OR DISTRIBUTED FOR USE TO REDUCE HARM OR THE RISK OF TOBACCO-RELATED DISEASE ASSOCIATED WITH COMMERCIALLY MARKETED TOBACCO PRODUCTS.—

(A) IN GENERAL.—With respect to a tobacco product, the term ''sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products'' means a tobacco product—

(i) the label, labeling, or advertising of which represents explicitly or implicitly that—

(I) the tobacco product presents a lower risk of tobacco-related disease or is less harmful than 1 or more other commercially marketed tobacco products;

(II) the tobacco product or its smoke contains a reduced level of a substance or presents a reduced exposure to a substance; or

(III) the tobacco product or its smoke does not contain or is free of a substance;

(ii) the label, labeling, or advertising of which uses the descriptors ''light'', ''mild'', or ''low'' or similar descriptors; or

(iii) the tobacco product manufacturer of which has taken any action directed to consumers through the media or otherwise, other than by means of the tobacco product's label, labeling, or advertising, after June 22, 2009, respecting the tobacco product, which action would be reasonably

expected to result in consumers believing that the tobacco product or its smoke may present a lower risk of disease or is less harmful than 1 or more commercially marketed tobacco products, or presents a reduced exposure to, or does not contain or is free of, a substance or substances.

(B) LIMITATION.—A tobacco product shall not be considered to be sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products, except as described in subparagraph (A).

(C) SMOKELESS TOBACCO PRODUCT.—A smokeless tobacco product shall not be considered to be sold or distributed for use to reduce harm or the risk of tobacco-related disease associated with commercially marketed tobacco products solely because its label, labeling, or advertising uses the following phrases to describe the product and its use: ''smokeless tobacco'', ''smokeless tobacco product'', ''not consumed by smoking'', ''does not produce smoke'', ''smokefree'', ''smoke-free'', ''without smoke'', ''no smoke'', or ''not smoke''.

(b) IN GENERAL.—A person shall not introduce or deliver for introduction into interstate commerce any modified risk tobacco product unless an order issued pursuant to subsection (g) is effective with respect to the modified risk tobacco product.

(c) TOBACCO DEPENDENCE PRODUCTS.—A product that is intended to be used for the treatment of tobacco dependence, including smoking cessation, is not a modified risk tobacco product under this section if it has been approved as a drug or device by the FDA and is subject to the requirements of division D.

(d) FILING.—Any person may file with the Secretary an application for a modified risk tobacco product. The application shall include—

(1) a description of the proposed product and any proposed advertising and labeling;

(2) the conditions for using the product;

(3) the formulation of the product;

(4) sample product labels and labeling;

(5) all documents (including underlying scientific information) relating to research findings conducted, supported, or possessed by the tobacco product manufacturer relating to the effect of the product on tobacco-related diseases and health-related conditions, including information both favor-

able and unfavorable to the ability of the product to reduce risk or exposure and relating to human health;

(6) data and information on how consumers actually use the tobacco product; and

(7) such other information as the Secretary may require.

(e) PUBLIC AVAILABILITY.—The Secretary shall make the application described in subsection (d) publicly available (except matters in the application that are trade secrets or otherwise confidential commercial information) and shall request comments by interested persons on the information contained in the application and on the label, labeling, and advertising accompanying the application.

(f) TOBACCO PRODUCTS SCIENTIFIC ADVISORY COMMITTEE.—

(1) IN GENERAL.—The Secretary shall refer to the Tobacco Products Scientific Advisory Committee any application submitted under this section.

(2) RECOMMENDATIONS.—Not later than 60 days after the date an application is referred to the Tobacco Products Scientific Advisory Committee under paragraph (1), the Advisory Committee shall report its recommendations on the application to the Secretary.

(g) MARKETING.—

(1) MODIFIED RISK TOBACCO PRODUCTS.—Except as provided in paragraph (2), the Secretary shall, with respect to an application submitted under this section, issue an order that a modified risk tobacco product may be commercially marketed only if the Secretary determines that the applicant has demonstrated that the modified risk tobacco product, as it is actually used by consumers, will—

(A) significantly reduce harm and the risk of tobacco-related disease to individual tobacco users; and

(B) benefit the health of the population as a whole taking into account both users of tobacco products and individuals who do not currently use tobacco products.

(2) SPECIAL RULE FOR CERTAIN PRODUCTS.—

(A) IN GENERAL.—The Secretary may issue an order that a tobacco product may be introduced or delivered for introduction into interstate commerce, pursuant to an application under this section, with respect to a tobacco product that may not be commercially marketed under paragraph (1) if the Secretary makes the findings required under this paragraph and de-

termines that the applicant has demonstrated that—

(i) the order would be appropriate to promote the public health;

(ii) any aspect of the label, labeling, and advertising for the tobacco product that would cause the tobacco product to be a modified risk tobacco product under subsection (a) is limited to an explicit or implicit representation that the tobacco product or its smoke does not contain or is free of a substance or contains a reduced level of a substance, or presents a reduced exposure to a substance in tobacco smoke;

(iii) scientific evidence is not available and, using the best available scientific methods, cannot be made available without conducting long-term epidemiological studies for an application to meet the standards set forth in paragraph (1); and

(iv) the scientific evidence that is available without conducting long-term epidemiological studies demonstrates that a measurable and substantial reduction in morbidity or mortality among individual

tobacco users is reasonably likely in subsequent studies.

(B) ADDITIONAL FINDINGS REQUIRED.—To issue an order under subparagraph (A), the Secretary shall also find that the applicant has demonstrated that—

(i) the magnitude of the overall reductions in exposure to the substance or substances that are the subject of the application is substantial, the substance or substances are harmful, and the product as actually used exposes consumers to the specified reduced level of the substance or substances;

(ii) the tobacco product as actually used by consumers will not expose the consumers to higher levels of other harmful substances compared to the similar types of tobacco products then on the market unless the increases are minimal and the reasonably likely overall impact of use of the tobacco product remains a substantial and measurable reduction in overall morbidity and mortality among individual tobacco users;

(iii) testing of actual consumer perception shows that, as the applicant proposes to label and market the tobacco product, consumers will not be misled into believing that the tobacco product—

(I) is or has been demonstrated to be less harmful; or

(II) presents or has been demonstrated to present less of a risk of disease than 1 or more other commercially marketed tobacco products; and

(iv) issuance of an order with respect to the application is expected to benefit the health of the population as a whole taking into account both users of tobacco products and individuals who do not currently use tobacco products.

(C) CONDITIONS OF MARKETING.—

(i) IN GENERAL.—Applications subject to an order under this paragraph shall be limited to a term of not more than 5 years, but may be renewed on a finding by the Secretary that the requirements of this paragraph continue to be satisfied based on the filing of a new application.

(ii) AGREEMENTS BY APPLICANT.—An order under this paragraph shall be conditioned on the applicant's agreement to conduct postmarket surveillance and studies and to submit to the Secretary the results of the surveillance and studies to determine the impact of the order on consumer perception, behavior, and health and to enable the Secretary to review the accuracy of the determinations on which the order was based in accordance with a protocol approved by the Secretary.

(iii) ANNUAL SUBMISSION.—The results of the postmarket surveillance and studies described in clause (ii) shall be submitted annually.

(3) BASIS.—The determinations under paragraphs (1) and (2) shall be based on—

(A) the scientific evidence submitted by the applicant; and

(B) scientific evidence and other information that is made available to the Secretary.

(4) BENEFIT TO HEALTH OF INDIVIDUALS AND OF POPULATION AS A WHOLE.—In making the de-

terminations under paragraphs (1) and (2), the Secretary shall take into account—

(A) the relative health risks to individuals of the tobacco product that is the subject of the application;

(B) the increased or decreased likelihood that existing users of tobacco products who would otherwise stop using the products will switch to the tobacco product that is the subject of the application;

(C) the increased or decreased likelihood that individuals who do not use tobacco products will start using the tobacco product that is the subject of the application;

(D) the risks and benefits to individuals from the use of the tobacco product that is the subject of the application as compared to the use of products for smoking cessation approved under division D to treat nicotine dependence; and

(E) comments, data, and information submitted by interested persons.

(h) ADDITIONAL CONDITIONS FOR MARKETING.—

(1) ADVERTISING OR LABELING TO ENABLE PUBLIC TO COMPREHEND INFORMATION CON-

CERNING MODIFIED RISK.—The Secretary shall require, for the marketing of a tobacco product under this section, that any advertising or labeling concerning modified risk tobacco products enable the public to comprehend the information concerning modified risk and to understand the relative significance of the information in the context of total health and in relation to all of the diseases and health-related conditions associated with the use of tobacco products.

(2) COMPARATIVE CLAIMS.—

(A) IN GENERAL.—The Secretary may require, for the marketing of a tobacco product under this subsection, that a claim comparing a tobacco product to 1 or more other commercially marketed tobacco products compare the tobacco product to a commercially marketed tobacco product that is representative of that type of tobacco product on the market (for example, the average value of the top 3 brands of an established regular tobacco product).

(B) QUANTITATIVE COMPARISONS.—The Secretary may also require, for purposes of subparagraph (A), that the percent (or fraction) of change and identity of the reference tobacco

product and a quantitative comparison of the amount of the substance claimed to be reduced be stated in immediate proximity to the most prominent claim.

(3) LABEL DISCLOSURE.—

(A) IN GENERAL.—The Secretary may require the disclosure on the label of other substances in the tobacco product, or substances that may be produced by the consumption of that tobacco product, that may affect a disease or health-related condition or may increase the risk of other diseases or health-related conditions associated with the use of tobacco products.

(B) CONDITIONS OF USE.—If the conditions of use of the tobacco product may affect the risk of the tobacco product to human health, the Secretary may require the labeling of conditions of use.

(4) TIME.—An order issued under subsection (g)(1) shall be effective for a specified period of time.

(5) ADVERTISING.—The Secretary may require, with respect to a tobacco product for which an applicant obtained an order under subsection (g)(1), that

the product comply with requirements relating to advertising and promotion of the tobacco product.

(i) POSTMARKET SURVEILLANCE AND STUDIES.—

(1) IN GENERAL.—

(A) REQUIREMENT.—The Secretary shall require, with respect to a tobacco product for which an applicant obtained an order under subsection (g)(1), that the applicant conduct postmarket surveillance and studies for the tobacco product to determine the impact of the order issuance on consumer perception, behavior, and health, to enable the Secretary to review the accuracy of the determinations on which the order was based, and to provide information that the Secretary determines is otherwise necessary regarding the use or health risks involving the tobacco product.

(B) ANNUAL SUBMISSION OF RESULTS.—The results of postmarket surveillance and studies shall be submitted to the Secretary on an annual basis.

(2) SURVEILLANCE PROTOCOL.—

(A) SUBMISSION.—Each applicant required to conduct a surveillance of a tobacco product under paragraph (1) shall, within 30 days after

receiving notice that the applicant is required to conduct the surveillance, submit, for the approval of the Secretary, a protocol for the required surveillance.

(B) QUALIFICATIONS AND EXPERIENCE OF PRINCIPAL INVESTIGATOR.—The Secretary, within 60 days of the receipt of the protocol, shall determine if the principal investigator proposed to be used in the surveillance has sufficient qualifications and experience to conduct the surveillance and if the protocol will result in collection of the data or other information designated by the Secretary as necessary to protect the public health.

(j) WITHDRAWAL OF AUTHORIZATION.—The Secretary, after an opportunity for an informal hearing, shall withdraw an order under subsection (g) if the Secretary determines that—

(1) the applicant, based on new information, can no longer make the demonstrations required under subsection (g), or the Secretary can no longer make the determinations required under subsection (g);

(2) the application failed to include material information or included any untrue statement of material fact;

(3) any explicit or implicit representation that the tobacco product reduces risk or exposure is no longer valid, including if—

(A) a tobacco product standard is established pursuant to section 21108 of this title;

(B) an action is taken that affects the risks presented by other commercially marketed tobacco products that were compared to the tobacco product that is the subject of the application; or

(C) any postmarket surveillance or studies reveal that the order is no longer consistent with the protection of the public health;

(4) the applicant failed to conduct or submit the postmarket surveillance and studies required under subsection (g)(2)(C)(ii) or subsection (i); or

(5) the applicant failed to meet a condition imposed under subsection (h).

(k) DIVISION C OR D.—A tobacco product for which the Secretary has issued an order pursuant to subsection (g) shall not be subject to division C or D.

(l) IMPLEMENTING REGULATIONS OR GUIDANCE.—

(1) SCIENTIFIC EVIDENCE; CONTENTS.—The Secretary shall issue regulations or guidance (or any combination of regulations and guidance) on the scientific evidence required for assessment and ongoing review of modified risk tobacco products. The regulations or guidance shall—

(A) to the extent that adequate scientific evidence exists, establish minimum standards for scientific studies needed prior to issuing an order under subsection (g) to show that a substantial reduction in morbidity or mortality among individual tobacco users occurs for tobacco products described in subsection (g)(1) or is reasonably likely for tobacco products described in subsection (g)(2);

(B) include validated biomarkers, intermediate clinical endpoints, and other feasible outcome measures, as appropriate;

(C) establish minimum standards for postmarket studies that shall include regular and long-term assessments of health outcomes and mortality, intermediate clinical endpoints, consumer perception of harm reduction, and the impact on quitting behavior and new use of tobacco products, as appropriate;

(D) establish minimum standards for required postmarket surveillance, including ongoing assessments of consumer perception;

(E) require that data from the required studies and surveillance be made available to the Secretary prior to the decision on renewal of a modified risk tobacco product; and

(F) establish a reasonable timetable for the Secretary to review an application under this section.

(2) CONSULTATION.—The regulations or guidance issued under paragraph (1) shall be developed in consultation with the National Academy of Medicine, and with the input of other appropriate scientific and medical experts, on the design and conduct of the studies and surveillance.

(3) REVISION.—The regulations or guidance under paragraph (1) shall be revised on a regular basis as new scientific information becomes available.

(4) NEW TOBACCO PRODUCTS.—The Secretary shall issue a regulation or guidance that permits the filing of a single application for any tobacco product that is a new tobacco product under section 21111

of this title and that the applicant seeks to commercially market under this section.

(m) DISTRIBUTORS.—Except as provided in this section, a distributor shall not take any action with respect to a tobacco product that would reasonably be expected to result in consumers believing that the tobacco product or its smoke may present a lower risk of disease or is less harmful than 1 or more commercially marketed tobacco products, or presents a reduced exposure to, or does not contain or is free of, a substance or substances.

**§ 21113. Judicial review**

(a) DEFINITION OF RECORD.—In this section, the term ''record'' means—

(1) all notices and other matter published in the Federal Register with respect to a regulation or order reviewed;

(2) all information submitted to the Secretary with respect to the regulation or order;

(3) proceedings of any panel or advisory committee with respect to the regulation or order;

(4) any hearing held with respect to the regulation or order; and

(5) any other information identified by the Secretary, in the administrative proceeding held with re-

spect to the regulation or order, as being relevant to the regulation or order.

(b) RIGHT TO REVIEW.—

(1) IN GENERAL.—

(A) TIMING.—Any person described in subparagraph (B) may file a petition for judicial review as described in subparagraph (B) not later than 30 days after—

(i) the promulgation of a regulation under section 21108 of this title establishing, amending, or revoking a tobacco product standard; or

(ii) a denial of an application under section 21111(d) of this title.

(B) FILING.—Any person adversely affected by a regulation under subparagraph (A)(i) or a denial under subparagraph (A)(ii) may file a petition for judicial review of the regulation or denial with the United States Court of Appeals for the District of Columbia or for the circuit in which the person resides or in which the person's principal place of business is located.

(2) REQUIREMENTS.—

(A) COPY OF PETITION.—A copy of the petition filed under paragraph (1) shall be transmitted by the clerk of the court involved to the Secretary.

(B) RECORD OF PROCEEDINGS.—On receipt of a petition under subparagraph (A), the Secretary shall file in the court in which the petition was filed—

(i) the record of the proceedings on which the regulation or denial order was based; and

(ii) a statement of the reasons for the issuance of the regulation or denial order.

(c) STANDARD OF REVIEW.—On the filing of the petition under subsection (b) for judicial review of a regulation or denial order, the court shall have jurisdiction to review the regulation or denial order in accordance with chapter 7 of title 5 and to grant appropriate relief, including interim relief, as provided for in chapter 7 of title 5. A regulation or denial described in subsection (b) shall be reviewed in accordance with section 706(2)(A) of title 5.

(d) FINALITY OF JUDGMENT.—The judgment of the court affirming or setting aside, in whole or in part, any regulation or denial order shall be final, subject to review

by the Supreme Court on certiorari or certification, as provided in section 1254 of title 28.

(e) OTHER REMEDIES.—The remedies provided for in this section shall be in addition to, and not in lieu of, any other remedies provided by law.

(f) REASONS FOR ISSUANCE.—To facilitate judicial review, a regulation or order issued under section 21107, 21108, 21109, 21110, 21111, or 21117 of this title shall contain a statement of the reasons for the issuance of the regulation or order in the record of the proceedings held in connection with its issuance.

**§ 21114. Equal treatment of retail outlets**

The Secretary shall issue regulations to require that retail establishments for which the predominant business is the sale of tobacco products comply with any advertising restrictions applicable to retail establishments accessible to individuals under the age of 18.

**§ 21115. Jurisdiction of and coordination with the Federal Trade Commission**

(a) JURISDICTION.—

(1) IN GENERAL.—Except as expressly provided in this chapter, nothing in this chapter shall be construed as limiting or diminishing the authority of the Federal Trade Commission to enforce the laws

under its jurisdiction with respect to the advertising, sale, or distribution of tobacco products.

(2) ENFORCEMENT.—Any advertising that violates this chapter or a provision of the regulations referred to in section 80101 of this title is an unfair or deceptive act or practice under section 5(a) of the Federal Trade Commission Act (15 U.S.C. 45(a)) and shall be considered a violation of a rule promulgated under section 18 of the Federal Trade Commission Act (15 U.S.C. 57a).

(b) COORDINATION.—With respect to the requirements of section 4 of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333) and section 3 of the Comprehensive Smokeless Tobacco Health Education Act of 1986 (15 U.S.C. 4402)—

(1) the Chairman of the Federal Trade Commission shall coordinate with the Secretary concerning the enforcement of the Acts as the enforcement relates to unfair or deceptive acts or practices in the advertising of cigarettes or smokeless tobacco; and

(2) the Secretary shall consult with the Chairman of the Federal Trade Commission in revising the label statements and requirements under the sections.

**§ 21116. Regulation requirement**

(a) PROMULGATION.—Not later than 36 months after June 22, 2009, the Secretary shall promulgate regulations under this subtitle that meet the requirements of subsection (b).

(b) CONTENTS OF REGULATIONS.—The regulations promulgated under subsection (a)—

(1) shall require testing and reporting of tobacco product constituents, ingredients, and additives, including smoke constituents, by brand and subbrand that the Secretary determines should be tested to protect the public health, provided that, for purposes of the testing requirements of this paragraph, tobacco products manufactured and sold by a single tobacco product manufacturer that are identical in all respects except the labels, packaging design, logo, trade dress, trademark, brand name, or any combination thereof, shall be considered as a single brand; and

(2) may require that tobacco product manufacturers, packagers, or importers make disclosures relating to the results of the testing of tar and nicotine through labels or advertising or other appropriate means, and make disclosures regarding the results of the testing of other constituents, including smoke constituents, ingredients, or additives, that

the Secretary determines should be disclosed to the public to protect the public health and will not mislead consumers about the risk of tobacco-related disease.

(c) AUTHORITY.—The Secretary shall have the authority under this chapter to conduct or to require the testing, reporting, or disclosure of tobacco product constituents, including smoke constituents.

(d) SMALL TOBACCO PRODUCT MANUFACTURERS.—

(1) FIRST COMPLIANCE DATE.—The initial regulations promulgated under subsection (a) shall not impose requirements on small tobacco product manufacturers before the later of—

(A) the end of the 2-year period following the final promulgation of the regulations; or

(B) the initial date set by the Secretary for compliance with the regulations by manufacturers that are not small tobacco product manufacturers.

(2) TESTING AND REPORTING INITIAL COMPLIANCE PERIOD.—

(A) FOUR-YEAR PERIOD.—

(i) IN GENERAL.—The initial regulations promulgated under subsection (a) shall give each small tobacco product man-

ufacturer a 4-year period over which to conduct testing and reporting for all of its tobacco products.

(ii) TIMELINE.—Subject to paragraph (1), the end of the first year of the 4-year period shall coincide with the initial date of compliance under this section set by the Secretary with respect to manufacturers that are not small tobacco product manufacturers or the end of the 2-year period following the final promulgation of the regulations, as described in paragraph (1)(A).

(iii) REQUIREMENTS.—A small tobacco product manufacturer shall be required—

(I) to conduct the testing and reporting for 25 percent of its tobacco products during each year of the 4-year period; and

(II) to conduct the testing and reporting for its largest-selling tobacco products (as determined by the Secretary) before its other tobacco products, or in such other order of

priority as determined by the Secretary.

(B) CASE-BY-CASE DELAY.—

(i) UNDUE HARDSHIP.—Notwithstanding subparagraph (A), the Secretary may, on a case-by-case basis, delay the date by which an individual small tobacco product manufacturer must conduct testing and reporting for its tobacco products under this section based on a showing of undue hardship to the manufacturer.

(ii) LIMITATION.—Notwithstanding clause (i), the Secretary shall not extend the deadline for a small tobacco product manufacturer to conduct testing and reporting for all of its tobacco products beyond a total of 5 years after the initial date of compliance under this section set by the Secretary with respect to manufacturers that are not small tobacco product manufacturers.

(3) SUBSEQUENT AND ADDITIONAL TESTING AND REPORTING.—The regulations promulgated under subsection (a) shall provide that, with respect to any subsequent or additional testing and report-

ing of tobacco products required under this section, the testing and reporting by a small tobacco product manufacturer shall be conducted in accordance with the timeframes described in paragraph (2)(A), except that, in the case of a new product, or if there has been a modification described in section 21111(a)(1)(B) of this title of any product of a small tobacco product manufacturer since the last testing and reporting required under this section, the Secretary shall require that any subsequent or additional testing and reporting be conducted in accordance with the same timeframe applicable to manufacturers that are not small tobacco product manufacturers.

(4) JOINT LABORATORY TESTING SERVICES.—The Secretary shall allow any 2 or more small tobacco product manufacturers to join together to purchase laboratory testing services required by this section on a group basis in order to ensure that the manufacturers receive access to, and fair pricing of, the testing services.

(e) EXTENSIONS FOR LIMITED LABORATORY CAPACITY.—

(1) IN GENERAL.—The regulations promulgated under subsection (a) shall provide that a small to-

bacco product manufacturer shall not be considered to be in violation of this section before the deadline applicable under paragraphs (3) and (4), if—

(A) the tobacco products of the manufacturer are in compliance with all other requirements of this chapter; and

(B) the conditions described in paragraph (2) are met.

(2) CONDITIONS.—Notwithstanding the requirements of this section, the Secretary may delay the date by which a small tobacco product manufacturer must be in compliance with the testing and reporting required by this section until such time as the testing is reported if, not later than 90 days before the deadline for reporting in accordance with this section, a small tobacco product manufacturer provides evidence to the Secretary demonstrating that—

(A) the manufacturer has submitted the required tobacco products for testing to a laboratory and has done so sufficiently in advance of the deadline to create a reasonable expectation of completion by the deadline;

(B) the tobacco products currently are awaiting testing by the laboratory; and

(C) neither the laboratory nor any other laboratory is able to complete testing by the deadline at customary, nonexpedited testing fees.

(3) EXTENSION.—

(A) REVIEW AND VERIFICATION OF EVIDENCE.—The Secretary, taking into account the laboratory testing capacity that is available to tobacco product manufacturers, shall review and verify the evidence submitted by a small tobacco product manufacturer in accordance with paragraph (2).

(B) NOTIFICATION.—If the Secretary finds that the conditions described in paragraph (2) are met, the Secretary shall notify the small tobacco product manufacturer that the manufacturer shall not be considered to be in violation of the testing and reporting requirements of this section until the testing is reported or until 1 year after the reporting deadline has passed, whichever occurs sooner. If, however, the Secretary has not made a finding before the reporting deadline, the manufacturer shall not be considered to be in violation of the requirements until the Secretary finds that the conditions de-

scribed in paragraph (2) have not been met, or until 1 year after the reporting deadline, whichever occurs sooner.

(4) ADDITIONAL EXTENSION.—In addition to the time that may be provided under paragraph (3), the Secretary may provide further extensions of time, in increments of no more than 1 year, for required testing and reporting to occur if the Secretary determines, based on evidence properly and timely submitted by a small tobacco product manufacturer in accordance with paragraph (2), that a lack of available laboratory capacity prevents the manufacturer from completing the required testing during the period described in paragraph (3).

(f) RULE OF CONSTRUCTION.—Nothing in subsection (d) or (e) shall be construed to authorize the extension of any deadline, or to otherwise affect any timeframe, under any provision of this subtitle (other than this section), chapter 701 of this title, or the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, div. A, 123 Stat. 1776).

**§ 21117. Preservation of State and local authority**

(a) IN GENERAL.—

(1) PRESERVATION.—

(A) IN GENERAL.—Except as provided in paragraph (2)(A), nothing in this chapter, or rules promulgated under this chapter, shall be construed to limit the authority of a Federal agency (including the Armed Forces), a State or political subdivision of a State, or the government of an Indian tribe to enact, adopt, promulgate, and enforce any law, rule, regulation, or other measure with respect to tobacco products that is in addition to, or more stringent than, requirements established under this chapter, including a law, rule, regulation, or other measure—

(i) relating to or prohibiting the sale, distribution, possession, exposure to, access to, advertising and promotion of, or use of tobacco products by individuals of any age;

(ii) relating to information reporting to the State; or

(iii) relating to fire safety standards for tobacco products.

(B) TAXATION OF TOBACCO PRODUCTS.—A provision of this chapter shall not limit or otherwise affect any State, tribal, or local taxation of tobacco products.

(2) PREEMPTION OF CERTAIN STATE AND LOCAL REQUIREMENTS.—

(A) IN GENERAL.—A State or political subdivision of a State shall not establish or continue in effect with respect to a tobacco product any requirement that is different from, or in addition to, any requirement under the provisions of this chapter relating to tobacco product standards, premarket review, adulteration, misbranding, labeling, registration, good manufacturing standards, or modified risk tobacco products.

(B) EXCEPTION.—

(i) IN GENERAL.—Subparagraph (A) does not apply to requirements—

(I) relating to—

(aa) the sale, distribution, possession, or information reporting to the State of tobacco products by individuals of any age; or

(bb) exposure to, access to, the advertising and promotion of, or use of tobacco products by individuals of any age; or

(II) relating to fire safety standards for tobacco products.

(ii) INFORMATION DISCLOSED TO STATE.—Information disclosed to a State under subparagraph (A) that is exempt from disclosure under section 552(b)(4) of title 5 shall be treated as a trade secret and confidential information by the State.

(b) RULE OF CONSTRUCTION REGARDING PRODUCT LIABILITY.—No provision of this chapter relating to a tobacco product shall be construed to modify or otherwise affect any action or the liability of any person under the product liability law of any State.

**§ 21118. Tobacco Products Scientific Advisory Committee**

(a) DEFINITION OF ADVISORY COMMITTEE.—In this section, the term ''Advisory Committee'' means the Tobacco Products Scientific Advisory Committee established under subsection (b).

(b) ESTABLISHMENT.—The Secretary shall establish a 12-member advisory committee, to be known as the Tobacco Products Scientific Advisory Committee.

(c) MEMBERSHIP.—

(1) IN GENERAL.—

(A) MEMBERS.—The Secretary shall appoint as members of the Tobacco Products Scientific Advisory Committee individuals who are technically qualified by training and experience in medicine, medical ethics, science, or technology involving the manufacture, evaluation, or use of tobacco products, and who are of appropriately diversified professional backgrounds. The Advisory Committee shall be composed of—

(i) 7 individuals who are physicians, dentists, scientists, or health care professionals practicing in the area of oncology, pulmonology, cardiology, toxicology, pharmacology, addiction, or any other relevant specialty;

(ii) 1 individual who is an officer or employee of a State or local government or of the Federal Government;

(iii) 1 individual as a representative of the general public;

(iv) 1 individual as a representative of the interests of the tobacco manufacturing industry;

(v) 1 individual as a representative of the interests of the small business tobacco manufacturing industry, which position may be filled on a rotating, sequential basis by representatives of different small business tobacco manufacturers based on areas of expertise relevant to the topics being considered by the Advisory Committee; and

(vi) 1 individual as a representative of the interests of the tobacco growers.

(B) NONVOTING MEMBERS.—The members of the Advisory Committee appointed under clauses (iv), (v), and (vi) of subparagraph (A) shall serve as consultants to those described in clauses (i) through (iii) of subparagraph (A) and shall be nonvoting representatives.

(C) CONFLICTS OF INTEREST.—A member of the committee, other than a member appointed pursuant to clauses (iv), (v), and (vi) of subparagraph (A), shall not, during the member's tenure on the Advisory Committee or for the 18-month period prior to becoming a member, receive any salary, grants, or other payments or support from any business that manu-

factures, distributes, markets, or sells cigarettes or other tobacco products.

(2) LIMITATION.—The Secretary may not appoint to the Advisory Committee any individual who is in the regular full-time employ of the FDA or any agency responsible for the enforcement of this subtitle. The Secretary may appoint Federal officials as ex officio members.

(3) CHAIRPERSON.—The Secretary shall designate 1 of the members appointed under clauses (i), (ii), and (iii) of paragraph (1)(A) to serve as chairperson.

(d) DUTIES.—The Advisory Committee shall provide to the Secretary, as provided in this chapter, advice, information, and recommendations—

(1) on the effects of the alteration of the nicotine yields from tobacco products;

(2) on whether there is a threshold level below which nicotine yields do not produce dependence on the tobacco product involved; and

(3) on the Advisory Committee's review of other safety, dependence, or health issues relating to tobacco products as requested by the Secretary.

(e) COMPENSATION; SUPPORT; CHAPTER 10 OF TITLE 5.—

(1) COMPENSATION AND TRAVEL.—

(A) IN GENERAL.—A member of the Advisory Committee who is not an officer or employee of the United States, while attending conferences or meetings of the Advisory Committee or otherwise engaged in the Advisory Committee's business, shall be entitled to receive compensation at rates to be fixed by the Secretary, which may not exceed the daily equivalent of the rate in effect under the Senior Executive Schedule under section 5382 of title 5, for each day (including travel time) that the member is engaged in the Advisory Committee's business.

(B) TRAVEL.—While serving under subparagraph (A) away from the member's home or regular place of business, each member may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5 for individuals in the Government service employed intermittently.

(2) ADMINISTRATIVE SUPPORT.—The Secretary shall furnish the Advisory Committee clerical and other assistance.

(3) INAPPLICABILITY OF CHAPTER 10 OF TITLE 5.—Section 1013 of title 5 does not apply to the Advisory Committee.

(f) PROCEEDINGS OF ADVISORY PANELS AND COMMITTEES.—The Advisory Committee shall make and maintain a transcript of any proceeding of the Advisory Committee. The Advisory Committee shall delete from any transcript made under this subsection information that is exempt from disclosure under section 552(b) of title 5.

**§ 21119. Drug products used to treat tobacco dependence**

The Secretary shall—

(1) at the request of the applicant, consider designating products for smoking cessation, including nicotine replacement products, as fast track research and approval products within the meaning of section 13119 of this title;

(2) consider approving the extended use of nicotine replacement products (such as nicotine patches, nicotine gum, and nicotine lozenges) for the treatment of tobacco dependence; and

(3) review and consider the evidence for additional indications for nicotine replacement products, such as for craving relief or relapse prevention.

**§ 21120. User fees**

(a) ESTABLISHMENT OF QUARTERLY FEE.—The Secretary shall, in accordance with this section, assess user fees on, and collect the fees from, each manufacturer and importer of tobacco products subject to this chapter. The fees shall be assessed and collected with respect to each quarter of each fiscal year, and the total amount assessed and collected for a fiscal year shall be the amount specified in subsection (b)(1) for the fiscal year, subject to subsection (c).

(b) ASSESSMENT OF USER FEE.—

(1) AMOUNT OF ASSESSMENT.—The total amount of user fees authorized to be assessed and collected under subsection (a) for each fiscal year is $712,000,000.

(2) ALLOCATIONS OF ASSESSMENT BY CLASS OF TOBACCO PRODUCTS.—

(A) IN GENERAL.—The total user fees assessed and collected under subsection (a) each fiscal year with respect to each class of tobacco products shall be an amount that is equal to the applicable percentage of each class for the fiscal year multiplied by the amount specified in paragraph (1) for the fiscal year.

(B) APPLICABLE PERCENTAGE.—

(i) IN GENERAL.—For purposes of subparagraph (A), the applicable percentage for a fiscal year for each of the following classes of tobacco products shall be determined in accordance with clause (ii):

(I) Cigarettes.

(II) Cigars, including small cigars and cigars other than small cigars.

(III) Snuff.

(IV) Chewing tobacco.

(V) Pipe tobacco.

(VI) Roll-your-own tobacco.

(ii) ALLOCATIONS.—The applicable percentage of each class of tobacco product described in clause (i) for a fiscal year shall be the percentage determined under section 625(c) of the Fair and Equitable Tobacco Reform Act of 2004 (7 U.S.C. 518d(c)) for each class of tobacco product for the fiscal year.

(iii) REQUIREMENT OF REGULATIONS.—Notwithstanding clause (ii), user fees shall not be assessed on a class of tobacco products unless the class of tobacco

products is listed in section 21102(b) of this title or is deemed by the Secretary in a regulation under section 21102(b) of this title to be subject to this chapter.

(iv) REALLOCATIONS.—In the case of a class of tobacco products that is not listed in section 21102(b) of this title or deemed by the Secretary in a regulation under section 21102(b) of this title to be subject to this chapter, the amount of user fees that would otherwise be assessed to the class of tobacco products shall be reallocated to the classes of tobacco products that are subject to this chapter in the same manner and based on the same relative percentages otherwise determined under clause (ii).

(3) DETERMINATION OF USER FEE BY COMPANY.—

(A) IN GENERAL.—The total user fee to be paid by each manufacturer or importer of a particular class of tobacco products shall be determined for each quarter by multiplying—

(i) the manufacturer's or importer's percentage share as determined under paragraph (4); and

(ii) the portion of the user fee amount for the current quarter to be assessed on all manufacturers and importers of the class of tobacco products as determined under paragraph (2).

(B) NO FEE IN EXCESS OF PERCENTAGE SHARE.—A manufacturer or importer of tobacco products shall not be required to pay a user fee in excess of the percentage share of the manufacturer or importer.

(4) ALLOCATION OF ASSESSMENT WITHIN EACH CLASS OF TOBACCO PRODUCTS.—The percentage share of each manufacturer or importer of a particular class of tobacco products of the total user fee to be paid by all manufacturers or importers of that class of tobacco products shall be the percentage determined for purposes of allocations under subsections (e) through (h) of section 625 of the Fair and Equitable Tobacco Reform Act of 2004 (7 U.S.C. 518d(e) through (h)).

(5) ALLOCATION FOR CIGARS.—Notwithstanding paragraph (4), if a user fee assessment is

imposed on cigars, the percentage share of each manufacturer or importer of cigars shall be based on the excise taxes paid by the manufacturer or importer during the prior fiscal year.

(6) TIMING OF ASSESSMENT.—The Secretary shall notify each manufacturer and importer of tobacco products subject to this section of the amount of the quarterly assessment imposed on the manufacturer or importer under this subsection for each quarter of each fiscal year. The notifications shall occur not later than 30 days prior to the end of the quarter for which the assessment is made, and payments of all assessments shall be made by the last day of the quarter involved.

(7) MEMORANDUM OF UNDERSTANDING.—

(A) IN GENERAL.—The Secretary shall request the appropriate Federal agency to enter into a memorandum of understanding that provides for the regular and timely transfer from the head of the Federal agency to the Secretary of the information described in paragraphs (2)(B)(ii) and (4) and all necessary information regarding all tobacco product manufacturers and importers required to pay user fees. The Secretary shall maintain all disclosure restric-

tions established by the head of the Federal agency regarding the information provided under the memorandum of understanding.

(B) ASSURANCES.—For each fiscal year, the Secretary shall ensure that the FDA is able to determine the applicable percentages described in paragraph (2) and the percentage shares described in paragraph (4). The Secretary may carry out this subparagraph by entering into a contract with the head of the Federal agency referred to in subparagraph (A) to continue to provide the necessary information.

(c) CREDITING AND AVAILABILITY OF FEES.—

(1) DEFINITION OF TOBACCO REGULATION ACTIVITIES.—In this subsection, the term ''tobacco regulation activities'' means the activities of the FDA related to the regulation of tobacco products under this chapter, chapter 701 of this title, and the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, div. A, 123 Stat. 1776).

(2) IN GENERAL.—

(A) AVAILABILITY FOR OBLIGATION.—Fees authorized under subsection (a) shall be collected and available for obligation only to the

extent and in the amount provided in advance in appropriations Acts.

(B) AVAILABLE UNTIL EXPENDED.—The fees are authorized to remain available until expended.

(C) TRANSFERS.—Such sums as may be necessary may be transferred from the FDA salaries and expenses appropriation account without fiscal year limitation to the appropriation account for salaries and expenses with fiscal year limitation.

(3) AVAILABILITY.—

(A) IN GENERAL.—Fees appropriated under paragraph (4) are available only for the purpose of paying the costs of tobacco regulation activities.

(B) PROHIBITION AGAINST USE OF OTHER FUNDS.—Fees collected under subsection (a) are the only funds authorized to be made available for tobacco regulation activities.

(4) AUTHORIZATION OF APPROPRIATIONS.—For each fiscal year, there is authorized to be appropriated for fees under this section an amount equal to the amount specified in subsection (b)(1) for the fiscal year.

(d) COLLECTION OF UNPAID FEES.—In any case in which the Secretary does not receive payment of a fee assessed under subsection (a) within 30 days after it is due, the fee shall be treated as a claim of the United States Government subject to subchapter II of chapter 37 of title 31.

**§ 21121. Labeling, recordkeeping, records inspection**

(a) ORIGIN LABELING.—

(1) REQUIREMENT.—Beginning 1 year after June 22, 2009, the label, packaging, and shipping containers of tobacco products other than cigarettes for introduction or delivery for introduction into interstate commerce in the United States shall bear the statement ''sale only allowed in the United States''. Beginning 15 months after the issuance of the regulations required by section 4(d) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333(d)), as amended by section 201 of the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, 123 Stat. 1842), the label, packaging, and shipping containers of cigarettes for introduction or delivery for introduction into interstate commerce in the United States shall bear the statement ''Sale only allowed in the United States''.

(2) EFFECTIVE DATE.—The effective date specified in paragraph (1) shall be with respect to the date of manufacture, provided that, in any case, beginning 30 days after the effective date, a manufacturer shall not introduce into the domestic commerce of the United States any product, irrespective of the date of manufacture, that is not in conformance with paragraph (1).

(b) REGULATIONS CONCERNING RECORDKEEPING FOR TRACKING AND TRACING.—

(1) IN GENERAL.—The Secretary shall promulgate regulations regarding the establishment and maintenance of records by any person that manufactures, processes, transports, distributes, receives, packages, holds, exports, or imports tobacco products.

(2) INSPECTION.—In promulgating the regulations described in paragraph (1), the Secretary shall consider which records are needed for inspection to monitor the movement of tobacco products from the point of manufacture through distribution to retail outlets to assist in investigating potential illicit trade, smuggling, or counterfeiting of tobacco products.

(3) CODES.—The Secretary may require codes on the labels of tobacco products or other designs or devices for the purpose of tracking or tracing the tobacco products through the distribution system.

(4) SIZE OF BUSINESS.—The Secretary shall take into account the size of a business in promulgating regulations under this section.

(5) RECORDKEEPING BY RETAILERS.—The Secretary shall not require any retailer to maintain records relating to individual purchasers of tobacco products for personal consumption.

(c) RECORDS INSPECTION.—

(1) IN GENERAL.—If the Secretary has a reasonable belief that a tobacco product is part of an illicit trade or smuggling or is a counterfeit product, each person that manufactures, processes, transports, distributes, receives, holds, packages, exports, or imports tobacco products shall, at the request of an officer or employee designated by the Secretary, permit the officer or employee, at reasonable times and within reasonable limits and in a reasonable manner, on the presentation of appropriate credentials and a written notice to the person, to have access to and copy all records (including financial records) relating to the article that are needed to as-

sist the Secretary in investigating potential illicit trade, smuggling, or counterfeiting of tobacco products.

(2) INDIAN COUNTRY.—The Secretary shall not authorize an officer or employee of the government of any State to exercise authority under paragraph (1) on Indian country without the express written consent of the Indian tribe involved.

(d) KNOWLEDGE OF ILLEGAL TRANSACTION.—

(1) DEFINITION OF KNOWLEDGE.—In this subsection, the term ''knowledge'' as applied to a manufacturer or distributor means—

(A) the actual knowledge that the manufacturer or distributor had; or

(B) the knowledge that a reasonable person would have had under like circumstances or that would have been obtained on the exercise of due care.

(2) NOTIFICATION.—The manufacturer or distributor of a tobacco product shall promptly notify the Attorney General and the Secretary of the Treasury that the manufacturer or distributor has knowledge that reasonably supports the conclusion that a tobacco product manufactured or distributed

by the manufacturer or distributor that has left the control of the person may be or has been—

(A) imported, exported, distributed, or offered for sale in interstate commerce by a person without paying duties or taxes required by law; or

(B) imported, exported, distributed, or diverted for possible illicit marketing.

(e) CONSULTATION.—In carrying out this section, the Secretary shall consult with the Attorney General of the United States and the Secretary of the Treasury, as appropriate.

# Subtitle II—Supplemental Food and Drug Administration Provisions

## Chapter 251—General Provisions

Sec.
25101. Subtitle definitions.

### § 25101. Subtitle definitions

In this subtitle:

(1) DEPARTMENT.—The term ''Department'' means the Department of Health and Human Services.

(2) FDA.—The term ''FDA'' means the Food and Drug Administration established in section 10301 of this title.

(3) FDA WEBSITE.—The term ''FDA website'' means the internet website of the FDA.

(4) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

# Chapter 253—Organization and Administration

Sec.
25301. Office of Pediatric Therapeutics.
25302. Office of Minor Use and Minor Species Animal Drug Development.
25303. Nanotechnology.
25304. FDA Working Capital Fund.
25305. Accelerated approval council.
25306. Improving FDA guidance and communication.
25307. Food and Drug Administration Strategic Information Technology Plan.
25308. Office of Critical Foods; infant supply.
25309. International harmonization relating to modernizing clinical trials.

## § 25301. Office of Pediatric Therapeutics

(a) ESTABLISHMENT.—The Secretary shall establish an Office of Pediatric Therapeutics within the FDA.

(b) DUTIES.—The Office of Pediatric Therapeutics shall be responsible for coordination and facilitation of all activities of the FDA that may have any effect on a pediatric population or the practice of pediatrics or may in any other way involve pediatric issues, including increasing pediatric access to medical devices.

(c) STAFF.—The staff of the Office of Pediatric Therapeutics—

(1) shall coordinate with employees of the Department who exercise responsibilities relating to pediatric therapeutics; and

(2) shall include—

(A) 1 or more additional individuals with expertise concerning ethical issues presented by the conduct of clinical research in the pediatric population;

(B) subject to subsection (d), 1 or more additional individuals with necessary expertise in a pediatric subpopulation that is, as determined through consideration of the reports and recommendations issued by the National Academy of Medicine and the Comptroller General, less likely to be studied as a part of a written request issued under section 13112 of this title or an assessment under section 13113 of this title;

(C) 1 or more additional individuals with expertise in pediatric epidemiology; and

(D) 1 or more additional individuals with expertise in pediatrics as may be necessary to perform the activities described in subsection (b).

(d) NEONATOLOGY EXPERTISE.—At least 1 of the individuals described in subsection (c)(2)(B) shall have expertise in neonatology.

**§ 25302. Office of Minor Use and Minor Species Animal Drug Development**

(a) ESTABLISHMENT.—The Secretary shall establish within the Center for Veterinary Medicine (of the FDA), an Office of Minor Use and Minor Species Animal Drug Development that reports directly to the Director of the Center for Veterinary Medicine.

(b) RESPONSIBILITIES.—The Office established in subsection (a) shall be responsible for overseeing the development and legal marketing of new animal drugs for minor uses and minor species.

**§ 25303. Nanotechnology**

(a) IN GENERAL.—The Secretary shall intensify and expand activities related to enhancing scientific knowledge regarding nanomaterials included or intended for inclusion in products regulated under subtitle I of this title or other statutes administered by the FDA, to address issues relevant to the regulation of those products, including the potential toxicology of the nanomaterials, the potential benefit of new therapies derived from nanotechnology, the effects of the nanomaterials on biological systems, and the interaction of the nanomaterials with biological systems.

(b) ACTIVITIES.—In conducting activities related to nanotechnology, the Secretary may—

(1) assess scientific literature and data on general nanomaterials interactions with biological sys-

tems and on specific nanomaterials of concern to the FDA;

(2) in cooperation with other Federal agencies, develop and organize information using databases and models that will facilitate the identification of generalized principles and characteristics regarding the behavior of classes of nanomaterials with biological systems;

(3) promote FDA programs and participate in collaborative efforts, to further the understanding of the science of novel properties of nanomaterials that might contribute to toxicity;

(4) promote and participate in collaborative efforts to further the understanding of measurement and detection methods for nanomaterials;

(5) collect, synthesize, interpret, and disseminate scientific information and data related to the interactions of nanomaterials with biological systems;

(6) build scientific expertise on nanomaterials within the FDA, including field and laboratory expertise, for monitoring the production and presence of nanomaterials in domestic and imported products regulated under the Food and Drug Administration

Safety and Innovation Act (Public Law 112–144, 126 Stat. 993);

(7) ensure ongoing training, as well as dissemination of new information within the centers of the FDA, and more broadly across the FDA, to ensure timely, informed consideration of the most current science pertaining to nanomaterials;

(8) encourage the FDA to participate in international and national consensus standards activities pertaining to nanomaterials; and

(9) carry out other activities that the Secretary determines are necessary and consistent with the purposes described in paragraphs (1) through (8).

**§ 25304. FDA Working Capital Fund**

(a) DEFINITION OF FUND.—In this section, the term ''Fund'' means the Working Capital Fund established under subsection (b).

(b) IN GENERAL.—

(1) ESTABLISHMENT.—There is established in the Treasury of the United States a Working Capital Fund to be administered by the FDA, without fiscal year limitation, for the payment of salaries, travel, and other expenses necessary to the maintenance and operation of—

(A) a supply service for the purchase, storage, handling, issuance, packing, or shipping of stationery, supplies, materials, equipment, and blank forms, for which stocks may be maintained to meet, in whole or in part, the needs of the FDA and requisitions of other Government offices; and

(B) such other services as the Commissioner of Food and Drugs, subject to review by the Secretary, determines may be performed more advantageously as central services.

(2) REIMBURSEMENT.—The Fund shall be reimbursed from applicable discretionary resources, notwithstanding any otherwise applicable purpose limitations, available when services are performed or stock furnished, or in advance, on a basis of rates which shall include estimated or actual charges for personal services, materials, equipment, information technology, and other expenses.

(3) CHARGES FOR EQUIPMENT AND INFORMATION TECHNOLOGY.—Charges for equipment and information technology shall include costs associated with maintenance, repair, and depreciation (including improvement and replacement).

(c) EMERGENCY FUNDS EXCLUDED.—No amounts may be transferred pursuant to this section that are designated by the Congress as an emergency requirement pursuant to a concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985 (2 U.S.C. 900 et seq.).

**§ 25305. Accelerated approval council**

(a) IN GENERAL.—Not later than 1 year after December 29, 2022, the Secretary shall establish an intra-agency coordinating council (referred to in this subsection as the ''Council'') within the FDA to ensure the consistent and appropriate use of accelerated approval across the FDA, pursuant to section 13119(d) of this title.

(b) MEMBERSHIP.—The members of the Council shall consist of the following senior officials, or a designee of the official, from the FDA and relevant Centers:

(1) The Director of the Center for Drug Evaluation and Research.

(2) The Director of the Center for Biologics Evaluation and Research.

(3) The Director of the Oncology Center of Excellence.

(4) The Director of the Office of New Drugs.

(5) The Director of the Office of Orphan Products Development.

(6) The Director of the Office of Tissues and Advanced Therapies.

(7) The Director of the Office of Medical Policy.

(8) At least 3 directors of review divisions or offices overseeing products approved under accelerated approval, including at least 1 director in the Office of Neuroscience.

(c) DUTIES OF THE COUNCIL.—

(1) MEETINGS.—The Council shall convene not fewer than 3 times per calendar year to discuss issues related to accelerated approval, including any relevant cross-disciplinary approaches related to product review with respect to accelerated approval.

(2) POLICY DEVELOPMENT.—The Council shall directly engage with product review teams to support the consistent and appropriate use of accelerated approval across the FDA. That engagement may include—

(A) developing guidance for FDA staff and best practices for, and across, product review teams, including with respect to communication between sponsors and the FDA and the review of products under accelerated approval;

(B) providing training for product review teams; and

(C) advising review divisions on best practices with respect to product-specific development, review, and withdrawal of products under accelerated approval.

(d) PUBLICATION OF A REPORT.—Not later than 1 year after December 29, 2022, and annually thereafter, the Council shall publish on the public FDA website a report on the activities of the Council.

**§ 25306. Improving FDA guidance and communication**

(a) FDA REPORT AND IMPLEMENTATION OF GOOD GUIDANCE PRACTICES.—The Secretary shall develop, and publish on the FDA website—

(1) a report identifying best practices for the efficient prioritization, development, issuance, and use of guidance documents, within centers, across the FDA, and across other applicable agencies; and

(2) a plan for implementation of the best practices described in paragraph (1), including across other applicable agencies, that shall address—

(A) streamlining development and review of guidance documents within centers and across the FDA;

(B) streamlining processes for regulatory submissions to the FDA, including through the revision or issuance of guidance documents; and

(C) implementing innovative guidance development processes and practices and transitioning or updating guidance issued during the COVID–19 public health emergency, as appropriate.

(b) REPORT AND IMPLEMENTATION OF FDA BEST PRACTICES FOR COMMUNICATING WITH EXTERNAL STAKEHOLDERS.—The Secretary, acting through the Commissioner of Food and Drugs, shall develop and publish on the FDA website a report on the practices of the FDA to broadly communicate with external stakeholders, other than through guidance documents, that shall include—

(1) a review of the types and methods of public communication that the FDA uses to communicate and interact with medical product sponsors and other external stakeholders;

(2) the identification of best practices for the efficient development, issuance, and use of those communications; and

(3) a plan for implementation of best practices for communication with external stakeholders, that shall address—

(A) advancing the use of innovative forms of communication, including novel document types and formats, to provide increased regulatory clarity to product sponsors and other stakeholders, and advancing methods of communicating and interacting with medical product sponsors and other external stakeholders, including the use of tools such as product submission templates, webinars, and frequently asked questions communications;

(B) streamlining processes for regulatory submissions; and

(C) implementing innovative communication development processes and transitioning or updating communication practices used during the COVID–19 public health emergency, as appropriate.

(c) CONSULTATION.—In developing and publishing the report and implementation plan under this section, the Secretary shall consult with stakeholders, including researchers, academic organizations, pharmaceutical, biotechnology, and medical device developers, clinical re-

search organizations, clinical laboratories, health care providers, patient groups, and other appropriate stakeholders.

(d) MANNER OF ISSUANCE.—For purposes of carrying out this section, the Secretary may update an existing report or plan, and may combine the reports and implementation plans described in subsections (a) and (b) into 1 or more documents.

(e) TIMING.—The Secretary shall—

(1) not later than 1 year after December 29, 2022, publish a draft of the reports and plans required under this section; and

(2) not later than 180 days after publication of the draft reports and plans under paragraph (1)—

(A) publish a final report and plan; and

(B) begin implementation of the best practices pursuant to the final plan.

**§ 25307. Food and Drug Administration Strategic Information Technology Plan**

(a) IN GENERAL.—

(1) DEVELOPMENT AND SUBMISSION.—Not later than September 30, 2023, and at least every 4 years thereafter, the Secretary shall develop and submit to the appropriate committees of Congress and post on the FDA website, a coordinated infor-

mation technology strategic plan to modernize the information technology systems of the FDA.

(2) NAME OF REPORT.—Each report shall be known as the ''Food and Drug Administration Strategic Information Technology Plan'' (referred to in this section as ''Plan'').

(3) INCLUSION.—The first report may include the Data and Technology Modernization Strategy, as set forth in the letters described in section 1001(b) of the Prescription Drug User Fee Amendments of 2022 (Public Law 117–180, div. F, title I, 21 U.S.C. 379g note).

(b) CONTENT OF STRATEGIC PLAN.—The Plan shall include—

(1) agency-wide strategic goals and priorities for modernizing the information technology systems of the FDA to maximize the efficiency and effectiveness of the systems for enabling the FDA to fulfill its public health mission;

(2) specific activities and strategies for achieving the goals and priorities identified under paragraph (1), and specific milestones, metrics, and performance measures for assessing progress against those strategic goals and priorities;

(3) specific activities and strategies for improving and streamlining internal coordination and communication within the FDA, including for activities and communications related to signals of potential public health concerns;

(4) challenges and risks the FDA will face in meeting its strategic goals and priorities, and the activities the FDA will undertake to overcome those challenges and mitigate those risks;

(5) the ways in which the FDA will use the Plan to guide and coordinate the projects and activities of the FDA across its offices and centers; and

(6) a skills inventory, needs assessment, gap analysis, and initiatives to address skills gaps as part of a strategic approach to information technology human capital planning.

(c) EVALUATION OF PROGRESS.—Each Plan issued pursuant to this section, with the exception of the first Plan, shall include an evaluation of—

(1) the progress the Secretary has made, based on the metrics, benchmarks, and other milestones that measure successful development and implementation of information technology systems; and

(2) whether actions taken in response to the previous Plan improved the capacity of the FDA to

achieve the strategic goals and priorities set forth in previous Plans.

**§ 25308. Office of Critical Foods; infant supply**

(a) DEFINITION OF INFANT FORMULA.—In this section, the term ''infant formula'' has the meaning given the term in section 10101(a) of this title.

(b) OFFICE OF CRITICAL FOODS.—

(1) IN GENERAL.—The Secretary shall establish within the Center for Food Safety and Applied Nutrition an office to be known as the Office of Critical Foods. The Secretary shall appoint a Director to lead the Office.

(2) DUTIES.—The Office of Critical Foods shall be responsible for oversight, coordination, and facilitation of activities related to critical foods, as defined in section 10101(a) of this title.

(c) INFANT FORMULA FLEXIBILITIES.—The Secretary shall publish a list, on the website of the Department, providing information on how to identify appropriate substitutes for infant formula products in shortage that are relied on by infants and other individuals with inborn errors of metabolism or other serious health conditions.

(d) INTERNATIONAL HARMONIZATION OF INFANT FORMULA REQUIREMENTS.—The Secretary—

(1) shall participate in meetings with representatives from other countries to discuss methods and approaches to harmonizing regulatory requirements for infant formula, including with respect to inspections, labeling, and nutritional requirements; and

(2) may enter into arrangements or agreements regarding the regulatory requirements with other countries, as appropriate, including arrangements or agreements with a foreign government or agency of a foreign government to recognize the inspection of foreign establishments that manufacture infant formula for export to the United States.

(e) GUIDANCE RELATING TO INFORMATION TO INCLUDE IN PREMARKET SUBMISSIONS FOR NEW INFANT FORMULA.—Not later than 1 year after December 29, 2022, the Secretary shall issue guidance regarding information sponsors may consider including in submissions required under section 11114(d) of this title, including considerations for meeting each of the requirements of paragraphs (1), (2), and (3) of section 11114(d) of this title.

(f) COORDINATION WITH MANUFACTURER.—

(1) IN GENERAL.—

(A) COMMUNICATION FOLLOWING INSPECTION.—On completing an inspection of an infant formula manufacturing facility impacted

by a recall, the Secretary, acting through the Commissioner of Food and Drugs, shall provide the manufacturer involved a list of any actions necessary to—

(i) address deficiencies contributing to the potential adulteration or misbranding of product at the facility; and

(ii) safely restart production at the facility.

(B) RESPONSE TO MANUFACTURER.—Not later than 7 days after receiving a written communication from a manufacturer of infant formula containing corrective actions to address manufacturing deficiencies identified during an inspection of a facility engaged in the manufacturing of an infant formula impacted by a recall, the Secretary, acting through the Commissioner of Food and Drugs, shall provide a substantive response to the communication concerning the sufficiency of the proposed corrective actions.

(2) INSPECTIONS AND REINSPECTIONS.—

(A) TIMELY COMMUNICATION.—The Secretary shall ensure timely communication with a manufacturer of infant formula following an in-

spection of a facility engaged in the manufacturing of infant formula for consumption in the United States.

(B) TIMELY REINSPECTION.—If a reinspection of a manufacturer of an infant formula is required to ensure that the manufacturer completed any remediation actions or addressed any deficiencies, the Secretary shall reinspect the facility in a timely manner.

(C) PRIORITIZING OR EXPEDITING INSPECTION OR REINSPECTION.—The Secretary shall prioritize and expedite an inspection or reinspection of an establishment that could help mitigate or prevent a shortage of an infant formula.

(3) ANNUAL INSPECTIONS.—

(A) IN GENERAL.—Not later than 6 months after December 29, 2022, and not less than once per calendar year thereafter, the Secretary shall—

(i) conduct inspections, including unannounced inspections, of the facilities (including foreign facilities) of each manufacturer of an infant formula required to be registered under section 11114(c)(2)(A) of

this title, in accordance with a risk-based approach; and

(ii) ensure timely and effective internal coordination and alignment between the Office of Regulatory Affairs and the Center for Food Safety and Applied Nutrition.

(B) RELIANCE ON INSPECTIONS CONDUCTED BY FOREIGN REGULATORY AUTHORITIES AND STATE AGENCIES.—In meeting the inspection requirements under this subsection, the Secretary may rely on inspections conducted by foreign regulatory authorities, under arrangements or agreements, and conducted by State agencies under contract, memoranda of understanding, or any other obligation.

(g) NATIONAL STRATEGY ON INFANT FORMULA.—

(1) IN GENERAL.—The Secretary, in consultation with the Secretary of Agriculture and other heads of relevant departments and agencies, shall develop and issue, not later than 90 days after December 29, 2022, a national strategy on infant formula to increase the resiliency of the infant formula supply chain, protect against future contamination and other potential causes of supply disruptions and

shortages, and ensure parents and caregivers have access to infant formula and information they need.

(2) IMMEDIATE NATIONAL STRATEGY.—The national strategy under paragraph (1) shall include efforts—

(A) to increase the resiliency of the infant formula supply chain in the short-term by—

(i) assessing causes of any supply disruption or shortage of infant formula in existence as of December 29, 2022, and potential causes of future supply disruptions and shortages;

(ii) assessing and addressing immediate infant formula needs associated with the shortage; and

(iii) developing a plan to increase infant formula supply, including through increased competition; and

(B) to ensure the development and updating of education and communication materials for parents and caregivers that cover—

(i) where and how to find infant formula;

(ii) comparable infant formulas on the market;

(iii) what to do if a specialty infant formula is unavailable;

(iv) safe practices for handling infant formula; and

(v) other topics, as appropriate.

(3) LONG-TERM STRATEGY.—Not later than 90 days after the submission of the report described in section 3401(f)(2) of the Food and Drug Omnibus Reform Act of 2022 (Public Law 117–328, div. FF, title III, 136 Stat. 5839), the Secretary shall update the national strategy under paragraph (1) to include efforts to improve preparedness against infant formula shortages in the long-term by—

(A) outlining methods to improve information-sharing between the Federal Government and State and local governments, and other entities as appropriate, regarding shortages;

(B) recommending measures for protecting the integrity of the infant formula supply and preventing contamination;

(C) outlining methods to incentivize new infant formula manufacturers to increase supply and mitigate future shortages; and

(D) recommending other necessary authorities to gain insight into the supply chain

and risk for shortages, and to incentivize new infant formula manufacturers.

### § 25309. International harmonization relating to modernizing clinical trials

The Secretary shall, as appropriate, work with foreign regulators pursuant to memoranda of understanding or other arrangements governing the exchange of information to facilitate international harmonization of the regulation and use of decentralized clinical trials, digital technology in clinical trials, and seamless, concurrent, and other adaptive or innovative clinical trial designs.

## Chapter —Reserved

## Chapter 291—Guidance Documents

Sec.

29101. Guidance relating to serious adverse reporting for nonprescription drugs.
29102. Guidance relating to serious adverse reporting for dietary supplements.
29103. Guidance on pathogen-focused antibacterial drug development.
29104. Guidance document regarding product promotion using the internet.
29105. Guidance on abuse-deterrent products.
29106. Guidance relating to novel clinical trial designs.
29107. Guidance relating to neonatal studies.
29108. Guidance relating to inspections.
29109. Guidance relating to use of elements of investigations in the development of new animal drugs.
29110. Guidance relating to consultations with persons with expertise on evaluations on whether an in vitro diagnostic product meets the criteria for issuance of emergency use authorization.
29111. Guidance relating to platform technologies.
29112. Guidance relating to extending expiration dates for certain drugs.
29113. Guidance relating to discontinuance or interruption in the production of medical devices.
29114. Guidance relating to best practices and strategies for development of efficacy endpoints for rare diseases.
29115. Guidance relating to early-stage development meetings, novel clinical trial designs for postapproval studies, expedited procedures, and surrogate or intermediate clinical endpoints for accelerated approvals.
29116. Guidance relating to approval or licensure of antifungal therapies designed to treat Valley Fever.

29117. Guidance on device cybersecurity.
29118. Guidance relating to diversity action plans for clinical studies.
29119. Guidance relating to decentralized clinical studies.
29120. Guidance relating to clarifying the use of digital health technologies in clinical trials.
29121. Guidance relating to seamless and concurrent clinical trials.
29122. Guidance relating to provision of records or other information in advance of inspection of certain establishments, sites, or facilities.
29123. Guidance relating to processes and practices applicable to inspections of certain sites and facilities.
29124. Guidance relating to facilitating the use of real world evidence.

**§ 29101. Guidance relating to serious adverse reporting for nonprescription drugs**

The Secretary shall issue guidance on the minimum data elements that should be included in a serious adverse event report described in section 18901 of this title.

**§ 29102. Guidance relating to serious adverse reporting for dietary supplements**

The Secretary shall issue guidance on the minimum data elements that should be included in a serious adverse event report described in section 18902 of this title.

**§ 29103. Guidance on pathogen-focused antibacterial drug development**

(a) DRAFT GUIDANCE.—To facilitate the development of antibacterial drugs for serious or life-threatening bacterial infections, particularly in areas of unmet need, the Secretary shall publish draft guidance that—

(1) specifies how preclinical and clinical data can be utilized to inform an efficient and streamlined pathogen-focused antibacterial drug develop-

ment program that meets the approval standards of the FDA; and

(2) provides advice on approaches for the development of antibacterial drugs that target a more limited spectrum of pathogens.

(b) FINAL GUIDANCE.—After notice and opportunity for public comment on the draft guidance under subsection (a), the Secretary shall publish final guidance consistent with this section.

**§ 29104. Guidance document regarding product promotion using the internet**

The Secretary shall issue guidance that describes FDA policy regarding the promotion, using the internet (including social media), of medical products that are regulated by the FDA.

**§ 29105. Guidance on abuse-deterrent products**

The Secretary shall issue guidance on the development of abuse-deterrent drug products.

**§ 29106. Guidance relating to novel clinical trial designs**

(a) PROPOSALS FOR USE OF NOVEL CLINICAL TRIAL DESIGNS FOR DRUGS AND BIOLOGICAL PRODUCTS.—For purposes of assisting sponsors in incorporating complex adaptive and other novel trial designs into proposed clinical protocols and applications for new drugs under chap-

ter 135 of this title and biological products under section 351 of the Public Health Service Act (42 U.S.C. 262), the Secretary shall conduct a public meeting and issue guidance in accordance with subsection (b).

(b) GUIDANCE ADDRESSING USE OF NOVEL CLINICAL TRIAL DESIGNS.—

(1) IN GENERAL.—The Secretary, acting through the Commissioner of Food and Drugs, shall update or issue guidance addressing the use of complex adaptive and other novel trial design in the development and regulatory review and approval or licensure for drugs and biological products.

(2) CONTENTS.—The guidance under paragraph (1) shall address—

(A) the use of complex adaptive and other novel trial designs, including how the clinical trials proposed or submitted help to satisfy the substantial evidence standard under section 13505 of this title;

(B) how sponsors may obtain feedback from the Secretary on technical issues related to modeling and simulations prior to—

(i) completion of the modeling or simulations; or

(ii) the submission of resulting information to the Secretary;

(C) the types of quantitative and qualitative information that should be submitted for review; and

(D) recommended analysis methodologies.

(3) PUBLIC MEETING.—Prior to updating or issuing the guidance required by paragraph (1), the Secretary shall consult with stakeholders, including representatives of regulated industry, academia, patient advocacy organizations, consumer groups, and disease research foundations, through a public meeting to be held not later than 18 months after the December 13, 2016.

(4) TIMING.—The Secretary shall update or issue a draft version of the guidance required by paragraph (1) not later than 18 months after the date of the public meeting required by paragraph (3) and finalize the guidance not later than 1 year after the date on which the public comment period for the draft guidance closes.

**§ 29107. Guidance relating to neonatal studies**

The Secretary shall issue draft guidance on clinical pharmacology considerations for neonatal studies for drugs and biological products.

**§ 29108. Guidance relating to inspections**

(a) DRAFT GUIDANCE.—Not later than 18 months after August 18, 2017, the Secretary, acting through the Commissioner of Food and Drugs, shall issue draft guidance that—

(1) specifies—

(A) how the FDA will implement the processes and standards described in paragraph (1) of section 17504(h) of this title; and

(B) the requirements described in paragraph (2) of section 17504(h) of this title;

(2) provides for standardized methods for communications described in the paragraphs;

(3) establishes, with respect to inspections of both domestic and foreign device establishments (as referred to in section 13136(h)(2) of this title), a standard timeframe for the inspections—

(A) that occurs over consecutive days; and

(B) to which each investigator conducting such an inspection shall adhere unless the investigator identifies to the establishment involved a reason that more time is needed to conduct the inspection; and

(4) identifies practices for investigators and device establishments to facilitate the continuity of inspections of the establishments.

(b) FINAL GUIDANCE.—Not later than 1 year after providing notice and opportunity for public comment on the draft guidance issued under subsection (a), the Secretary shall issue final guidance to implement section 17504(h) of this title.

**§ 29109. Guidance relating to use of elements of investigations in the development of new animal drugs**

(a) DEFINITION OF ELEMENTS OF INVESTIGATIONS.—In this section, the term ''elements of investigations'' means—

(1) complex adaptive and other novel investigation designs;

(2) data from foreign countries;

(3) real-world evidence (including ongoing surveillance activities, observational studies, and registry data);

(4) biomarkers; and

(5) surrogate endpoints.

(b) IN GENERAL.—For purposes of assisting sponsors in incorporating elements of investigations into proposed clinical investigation protocols and applications for new animal drugs under chapter 137 of this title and section 14502 of this title, the Secretary shall issue guidance

addressing the use of elements of investigations in the development and regulatory review of the new animal drugs.

(c) CONTENTS.—The guidance under subsection (b) shall address—

(1) how—

(A) the Secretary will evaluate the elements of investigations proposed or submitted pursuant to section 13703(a)(2)(A) of this title; or

(B) to meet the commitment under section 14502(b)(2)(F) of this title; and

(2) how sponsors of the applications may obtain feedback from the Secretary on technical issues related to the investigations prior to the submission of an application to the Secretary.

(d) MEETING.—Prior to issuing the guidance under subsection (b), the Secretary shall consult with stakeholders, including representatives of regulated industry, consumer groups, academia, veterinarians, and food producers, through a public meeting to be held not later than 1 year after August 14, 2018.

(e) TIMING.—The Secretary shall issue a draft guidance under subsection (b) not later than 1 year after the date of the public meeting under subsection (d), and shall finalize the guidance not later than 1 year after the date

on which the public comment period on the draft guidance ends.

**§ 29110. Guidance relating to consultations with persons with expertise on evaluations on whether an in vitro diagnostic product meets the criteria for issuance of emergency use authorization**

Not later than 1 year after December 29, 2022, the Secretary shall issue draft guidance on consultations with persons under section 14309(i) of this title, including considerations concerning conflicts of interest, compensation arrangements, and information sharing. Not later than 1 year after the end of the public comment period on the draft guidance, the Secretary shall issue a revised draft guidance or final guidance.

**§ 29111. Guidance relating to platform technologies**

(a) ISSUANCE OF DRAFT GUIDANCE.—Not later than 1 year after December 29, 2022, the Secretary shall issue draft guidance on the implementation of section 13131 of this title.

(b) CONTENT INCLUSIONS.—The guidance shall include—

(1) examples of drugs that can be manufactured using platform technologies, including drugs that contain or consist of vectors and nucleic acids;

(2) information about the Secretary's review of platform technologies;

(3) information regarding submitting for designation;

(4) considerations for persons submitting a request for designation that have been granted a right of reference;

(5) the implementation of the designated platform technology designation program;

(6) efficiencies that may be achieved in the development and review of products that incorporate or utilize designated platform technologies; and

(7) recommendations and requirements for making and reporting manufacturing changes to a designated platform technology in accordance with sections 13120 and 13131(h) of this title, as applicable.

**§ 29112. Guidance relating to extending expiration dates for certain drugs**

Not later than 1 year after December 29, 2022, the Secretary shall issue draft guidance, or revise existing guidance, to address recommendations for sponsors of applications submitted under chapter 135 of this title or section 351 of the Public Health Service Act (42 U.S.C. 262) regarding—

(1) the submission of stability testing data in the applications, including considerations for data requirements that could be streamlined or reduced to facilitate faster review of longer proposed expiration dates;

(2) establishing in the labeling of drugs the longest feasible expiration date scientifically supported by the data, taking into consideration how extended expiration dates may—

(A) help prevent or mitigate drug shortages; and

(B) affect product quality; and

(3) the use of innovative approaches for drug and combination product stability modeling to support initial product expiration dates and expiration date extensions.

**§ 29113. Guidance relating to discontinuance or interruption in the production of medical devices**

(a) GUIDANCE ON VOLUNTARY NOTIFICATIONS OF DISCONTINUANCE OR INTERRUPTION OF DEVICE MANUFACTURE.—

(1) ISSUANCE OF DRAFT GUIDANCE.—Not later than 1 year after December 29, 2022, the Secretary

shall issue draft guidance to facilitate voluntary notifications under section 13130(i) of this title.

(2) CONTENT INCLUSIONS.—The guidance shall include—

(A) a description of circumstances in which a voluntary notification under section 13130(i) of this title may be appropriate;

(B) recommended timeframes for the notification;

(C) the process for receiving the notification; and

(D) actions the Secretary may take to mitigate or prevent a shortage resulting from a discontinuance or interruption in the manufacture of a device for which the notification is received.

(3) ISSUANCE OF FINAL GUIDANCE.—The Secretary shall issue final guidance not later than 1 year after the close of the comment period for the draft guidance.

(b) GUIDANCE ON DEVICE SHORTAGE NOTIFICATION REQUIREMENT.—

(1) ISSUANCE OR REVISION OF DRAFT GUIDANCE.—Not later than 1 year after December 29, 2022, the Secretary shall issue or revise draft guid-

ance regarding requirements under section 13130 of this title.

(2) CONTENT INCLUSION.—The guidance shall include a list of each device product code for which a manufacturer of the device is required to notify the Secretary in accordance with section 13130 of this title.

**§ 29114. Guidance relating to best practices and strategies for development of efficacy endpoints for rare diseases**

Not later than September 30, 2027, the Secretary shall issue guidance describing best practices and strategies for development of efficacy endpoints, including surrogate and intermediate endpoints, for rare diseases.

**§ 29115. Guidance relating to early-stage development meetings, novel clinical trial designs for postapproval studies, expedited procedures, and surrogate or intermediate clinical endpoints for accelerated approvals**

(a) IN GENERAL.—The Secretary shall issue guidance describing—

(1) how sponsor questions related to the identification of novel surrogate or intermediate clinical

endpoints may be addressed in early-stage development meetings with the FDA;

(2) the use of novel clinical trial designs that may be used to conduct appropriate postapproval studies as may be required under section 13119(d)(2)(A) of this title;

(3) the expedited procedures described in section 13119(d)(3)(B) of this title; and

(4) considerations related to the use of surrogate or intermediate clinical endpoints that may support the accelerated approval of an application under section 13119(d)(1)(A) of this title, including considerations in evaluating the evidence related to any such endpoints.

(b) FINAL GUIDANCE.—The Secretary shall issue—

(1) draft guidance under subsection (a) not later than 18 months after December 29, 2022; and

(2) final guidance not later than 1 year after the close of the public comment period on the draft guidance.

**§ 29116. Guidance relating to approval or licensure of antifungal therapies designed to treat Valley Fever**

(a) DRAFT GUIDANCE.—Not later than 3 years after December 29, 2022, the Secretary, acting through the

Commissioner of Food and Drugs, shall issue draft guidance for industry for the purposes of assisting entities seeking approval under chapter 135 of this title or licensure under section 351 of the Public Health Service Act (42 U.S.C. 262) of antifungal therapies designed to treat coccidioidomycosis (commonly known as Valley Fever).

(b) FINAL GUIDANCE.—Not later than 18 months after the close of the public comment period on the draft guidance issued pursuant to subsection (a), the Secretary, acting through the Commissioner of Food and Drugs, shall finalize the draft guidance.

(c) WORKSHOP.—To assist entities developing preventive vaccines for fungal infections and coccidioidomycosis, the Secretary shall hold a public workshop.

**§ 29117. Guidance on device cybersecurity**

(a) DEFINITION OF DEVICE.—In this section, the term ''device'' has the meaning given the term in section 10101(a) of this title.

(b) GUIDANCE UPDATE.—Not later than 2 years after December 29, 2022, and periodically thereafter as appropriate, the Secretary, in consultation with the Director of the Cybersecurity and Infrastructure Security Agency, shall review and, as appropriate and after soliciting and receiving feedback from device manufacturers, health care providers, third-party-device servicers, patient advo-

cates, and other appropriate stakeholders, update the guidance entitled ''Content of Premarket Submissions for Management of Cybersecurity in Medical Devices'' (or a successor document).

(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to affect the Secretary's authority related to ensuring that there is a reasonable assurance of the safety and effectiveness of devices, which may include ensuring that there is a reasonable assurance of the cybersecurity of certain cyber devices, including for devices approved or cleared prior to December 29, 2022.

**§ 29118. Guidance relating to diversity action plans for clinical studies**

(a) IN GENERAL.—The Secretary shall update or issue guidance relating to—

(1) the format and content of the diversity action plans required by sections 13526 and 13152(g)(9) of this title pertaining to the sponsor's goals for clinical study enrollment, disaggregated by age group, sex, and racial and ethnic demographic characteristics of clinically relevant study populations, and may include characteristics such as geographic location and socioeconomic status, including with respect to—

(A) the rationale for the sponsor's enrollment goals, which may include—

(i) the estimated prevalence or incidence in the United States of the disease or condition for which the drug or device is being investigated in the relevant clinical trial, if the estimated prevalence or incidence is known or can be determined based on available data;

(ii) what is known about the disease or condition for which the drug or device is being investigated;

(iii) any relevant pharmacokinetic or pharmacogenomic data;

(iv) what is known about the patient population for the disease or condition, including, to the extent data is available—

(I) demographic information, which may include age group, sex, race, geographic location, socioeconomic status, and ethnicity;

(II) non-demographic factors, including co-morbidities affecting the patient population; and

(III) potential barriers to enrolling diverse participants, such as patient population size, geographic location, and socioeconomic status; and

(v) any other data or information relevant to selecting appropriate enrollment goals, disaggregated by demographic subgroup, such as the inclusion of pregnant and lactating women; and

(B) an explanation for how the sponsor intends to meet the goals, including demographic-specific outreach and enrollment strategies, study-site selection, clinical study inclusion and exclusion practices, and any diversity training for study personnel;

(2) submission of any modifications to the diversity action plan;

(3) considerations for the public posting by a sponsor of key information from the diversity action plan that would be useful to patients and providers on the sponsor's website, as appropriate;

(4) criteria that the Secretary will consider in assessing whether to grant a sponsor's request to waive the requirement to submit a diversity action

plan under section 13526(d) or 13152(g)(9)(C) of this title; and

(5) how sponsors may include in regular reports otherwise required by the Secretary—

(A) the sponsor's progress in meeting the goals referred to in paragraph (1)(A); and

(B) any updates needed to be made to a diversity action plan referred to in paragraph (1) to help meet goals referred to in paragraph (1)(A); and

(C) if the sponsor does not expect to meet goals referred to in paragraph (1)(A), the sponsor's reasons for why the sponsor does not expect to meet the goals.

(b) ISSUANCE.—The Secretary shall—

(1) not later than 12 months after December 29, 2022, issue new draft guidance or update existing draft guidance described in subsection (a); and

(2) not later than 9 months after closing the comment period on the draft guidance, finalize the guidance.

**§ 29119. Guidance relating to decentralized clinical studies**

(a) DEFINITION OF DECENTRALIZED CLINICAL STUDY.—In this section, the term ''decentralized clinical

study'' means a clinical study in which some or all of the study-related activities occur at a location separate from the investigator's location.

(b) IN GENERAL.—The Secretary shall—

(1) not later than 1 year after December 29, 2022, issue or revise draft guidance that includes recommendations to clarify and advance the use of decentralized clinical studies to support the development of drugs and devices, including recommendations for how to advance the use of flexible and novel clinical trial designs and to help improve trial participant engagement, recruitment, enrollment, and retention of a meaningfully diverse clinical population, including with respect to race, ethnicity, age, sex, and geographic location, when appropriate; and

(2) not later than 1 year after closing the comment period on the draft guidance, finalize the guidance.

(c) CONTENT.—The guidance under subsection (b) shall address the following:

(1) Recommendations related to digital health technology or other assessment options, such as telehealth, local laboratories, local health care providers, or other options for remote data collection, that could support decentralized clinical studies, including

guidance on considerations for selecting technological platforms and mediums, data collection and use, data integrity and security, and communication to study participants through digital technology.

(2) Recommendations for subject recruitment, retention, and engagement, including considerations for sponsors to minimize or reduce burdens for clinical study participants through the use of digital health technology, telehealth, local health care providers and laboratories, health care provider home visits, direct-to-participant engagement, electronic informed consent, or other means, as appropriate.

(3) Recommendations with respect to the evaluation of data collected within a decentralized clinical study setting.

(4) Recommendations for methods of remote data collection, including clinical trial participant experience data, through the use of digital health technologies, telemedicine, local laboratories, local health care providers, or other options for data collection.

(5) Considerations for sponsors to minimize or reduce burdens for clinical trial participants associated with participating in a clinical trial, such as the use of digital technologies, telemedicine, local laboratories, local health care providers, or other data col-

lection or assessment options, health care provider home visits, direct-to-participant shipping of investigational drugs and devices, and electronic informed consent, as appropriate.

(6) Recommendations regarding conducting decentralized clinical trials to facilitate and encourage meaningful diversity among clinical trial participants, including with respect to race, ethnicity, age, sex, and geographic location, as appropriate.

(7) Recommendations for strategies and methods for recruiting, retaining, and engaging with clinical trial participants, including communication regarding the role of clinical trial participants and community partners to facilitate clinical trial recruitment and engagement, including with respect to diverse and underrepresented populations, as appropriate.

(8) Considerations for review and oversight by sponsors and institutional review boards, including remote trial oversight.

(9) Recommendations for decentralized clinical trial protocol designs and processes for evaluating the proposed clinical trial designs.

(10) Recommendations related to digital health technology and other remote assessment tools that

may support decentralized clinical trials, including guidance on appropriate technological platforms and tools, data collection and use, data integrity, and communication to clinical trial participants through the technology.

(11) A description of the manner in which the Secretary will assess or evaluate data collected within a decentralized clinical trial to support the development of the drug or device, if the manner is different from that used for a nondecentralized trial.

(12) Considerations for sponsors to validate digital technologies and establish appropriate clinical endpoints for use in decentralized trials.

(13) Considerations for privacy and security of personally identifiable information of trial participants.

(14) Considerations for conducting clinical trials using centralized approaches in conjunction with decentralized approaches.

**§ 29120. Guidance relating to clarifying the use of digital health technologies in clinical trials**

(a) IN GENERAL.—Not later than 1 year after December 29, 2022, the Secretary shall issue or revise draft guidance regarding the appropriate use of digital health

technologies in clinical trials to help improve recruitment for, retention in, participation in, and data collection during, clinical trials, and provide for novel clinical trial designs utilizing the technology for purposes of supporting the development of, and review of applications for, drugs and devices. Not later than 18 months after the end of the public comment period on the draft guidance, the Secretary shall issue a revised draft guidance or final guidance.

(b) CONTENT.—The guidance described in subsection (a) shall include—

(1) recommendations for data collection methodologies by which sponsors may incorporate the use of digital health technologies in clinical trials to collect data remotely from trial participants;

(2) considerations for privacy and security protections for data collected during a clinical trial, including—

(A) recommendations for the protection of trial participant data that are collected or used in research using digital health technologies;

(B) compliance with the regulations promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (Pub. L. 104–191, 42 U.S.C. 1320d–2

note), subpart B of part 50 of title 21, Code of Federal Regulations, subpart C of part 56 of title 21, Code of Federal Regulations, the Federal policy for the protection of human subjects under subpart A of part 46 of title 45, Code of Federal Regulations (commonly known as the ''Common Rule''), and part 2 of title 42, Code of Federal Regulations (or any successor regulations); and

(C) recommendations for the protection of clinical trial participant data against cybersecurity threats, as applicable;

(3) considerations on data collection methods to help increase recruitment of clinical trial participants and the level of participation of the participants, reduce burden on clinical trial participants, and optimize data quality;

(4) recommendations for the use of electronic methods to obtain informed consent from clinical trial participants, taking into consideration applicable Federal law, including subpart B of part 50 of title 21, Code of Federal Regulations, or successor regulations, and, as appropriate, State law;

(5) best practices for communication between sponsors and the Secretary on the development of data collection methods;

(6) the appropriate format to submit the data to the Secretary;

(7) a description of the manner in which the Secretary may assess or evaluate data collected through digital health technologies to support the development of the drug or device;

(8) recommendations regarding the data and information needed to demonstrate that a digital health technology is fit-for-purpose for a clinical trial, and a description of how the Secretary will evaluate the data and information; and

(9) recommendations for increasing access to, and the use of, digital health technologies in clinical trials to facilitate the inclusion of diverse and underrepresented populations, as appropriate, including considerations for access to, and the use of, digital health technologies in clinical trials by people with disabilities and pediatric populations.

**§ 29121. Guidance relating to seamless and concurrent clinical trials**

(a) IN GENERAL.—Not later than 1 year after December 29, 2022, the Secretary shall issue or revise draft

guidance on the use of seamless, concurrent, and other innovative clinical trial designs to support the expedited development and review of applications for drugs, as appropriate. Not later than 18 months after the public comment period on the draft guidance ends, the Secretary shall issue a revised draft guidance or final guidance.

(b) CONTENT.—The guidance described in subsection (a) shall include—

(1) recommendations on the use of expansion cohorts and other seamless clinical trial designs to assess different aspects of product candidates in 1 continuous trial, including how the clinical trial designs can be used as part of meeting the substantial evidence standard under section 13505 of this title;

(2) recommendations on the use of clinical trial designs that involve the concurrent conduct of different or multiple clinical trial phases, and the concurrent conduct of preclinical testing, to expedite the development of new drugs and facilitate the timely collection of data;

(3) recommendations for how to streamline trial logistics and facilitate the efficient collection and analysis of clinical trial data, including any planned interim analyses and how the analyses could be used

to streamline the product development and review processes;

(4) considerations to assist sponsors in ensuring the rights, safety, and welfare of clinical trial participants, maintaining compliance with good clinical practice regulations, minimizing risks to clinical trial data integrity, and ensuring the reliability of clinical trial results;

(5) recommendations for communication between sponsors and the FDA on the development of seamless, concurrent, or other adaptive clinical trial designs, including review of, and feedback on, clinical trial protocols; and

(6) a description of the manner in which the Secretary will assess or evaluate data collected through seamless, concurrent, or other adaptive clinical trial designs to support the development of drugs.

**§ 29122. Guidance relating to provision of records or other information in advance of inspection of certain establishments, sites, or facilities**

(a) IN GENERAL.—The Secretary shall issue or update guidance describing—

(1) circumstances in which the Secretary intends to issue requests for records or other information in advance of, or in lieu of, an inspection under section 17504(a)(4) of this title;

(2) processes for responding to the requests electronically or in physical form; and

(3) factors the Secretary intends to consider in evaluating whether the records and other information are provided within a reasonable timeframe, within reasonable limits, and in a reasonable manner, accounting for resource and other limitations that may exist, including for small businesses.

(b) TIMING.—The Secretary shall—

(1) not later than 1 year after December 29, 2022, issue draft guidance under subsection (a); and

(2) not later than 1 year after the close of the comment period for the draft guidance, issue final guidance under subsection (a).

**§ 29123. Guidance relating to processes and practices applicable to inspections of certain sites and facilities**

(a) IN GENERAL.—The Secretary shall issue guidance describing the processes and practices applicable to inspections of sites and facilities described in section 17504(a)(5)(C)(i) of this title, including with respect to

the types of records and information required to be provided, best practices for communication between the FDA and industry in advance of or during an inspection or request for records or other information, and other inspections-related conduct, to the extent not specified in existing publicly available FDA guides and manuals for the inspections.

(b) TIMING.—The Secretary shall—

(1) not later than 18 months after December 29, 2022, issue draft guidance under subsection (a); and

(2) not later than 1 year after the close of the public comment period for the draft guidance, issue final guidance under subsection (a).

**§ 29124. Guidance relating to facilitating the use of real world evidence**

(a) IN GENERAL.—Not later than 1 year after December 29, 2022, the Secretary shall issue or revise existing guidance on considerations for the use of real world data and real world evidence to support regulatory decision-making, as follows:

(1) DRUGS.—

(A) IN GENERAL.—With respect to drugs, the guidance shall address the use of the data and evidence to support the approval of a drug

application under chapter 135 of this title or a biological product application under section 351 of the Public Health Service Act (42 U.S.C. 262), and to support an investigational use exemption submission under section 13510 of this title or section 351(a)(3) of the Public Health Service Act (42 U.S.C. 262(a)(3)).

(B) CONSIDERATIONS TO INCLUDE IN GUIDANCE.—The guidance shall include considerations for the inclusion, in the applications and submissions described in subparagraph (A), of real world data and real world evidence obtained as a result of the use of drugs authorized for emergency use under section 14306 of this title, and considerations for standards and methodologies for collection and analysis of real world evidence included in those applications and submissions, as appropriate.

(2) DEVICES.—

(A) IN GENERAL.—With respect to devices, the guidance shall address the use of the data and evidence to support the approval, clearance, or classification of a device pursuant to an application or submission submitted under section 13136(k), 13140(h)(2), or 13142 of this title,

to support an investigational use exemption submission under section 13152(g) of this title, and to support a determination by the Secretary for purposes of section 353 of the Public Health Service Act (42 U.S.C. 263a) (including the category described under subsection (d)(3) of that section).

(B) CONSIDERATIONS TO INCLUDE IN GUIDANCE.—The guidance shall include considerations for the inclusion, in the applications and submissions described in subparagraph (A), of real world data and real world evidence obtained as a result of the use of devices authorized for emergency use under section 14306 of this title, including considerations related to a determination under section 353(d)(3) of the Public Health Service Act (42 U.S.C. 263a(d)(3)), and considerations for standards and methodologies for collection and analysis of real world evidence included in those applications, submissions, or determinations, as appropriate.

(b) INFORMATION DISCLOSURE.—Nothing in this section and in section 3629(b) of the Food and Drug Omnibus Reform Act of 2022 (Pub. L. 117–328, div. FF,

title III, 136 Stat. 5892) shall be construed to authorize the disclosure of information that is prohibited from disclosure under section 1905 of title 18, or subject to withholding under subsection (b)(4) of section 552 of title 5.

# Chapter —Reserved

# Subtitle III—Food

# Chapter 301—Adulterated or Misbranded Foods

Sec.
30101. Suspension of importation of adulterated articles.
30102. Oleomargarine, butterine, or imitation butter or cheese.
30103. Introduction into, or sale in, State, territory of the United States, or District of Columbia of dairy or food products falsely labeled or branded.
30104. Criminal penalties.

## § 30101. Suspension of importation of adulterated articles

(a) PROCLAMATION BY PRESIDENT.—If the President is satisfied that there is good reason to believe that any importation is being made, or is about to be made, into the United States, from any foreign country, of any article used for human food or drink that is adulterated to an extent dangerous to the health or welfare of the people of the United States, or any of the people of the United States, the President may issue a proclamation suspending the importation of the articles from the country for such period of time as the President may consider necessary to prevent the importation.

(b) UNLAWFUL ACT.—It shall be unlawful to import articles into the United States in violation of a proclamation issued under subsection (a) during the period the proclamation is in effect.

**§ 30102. Oleomargarine, butterine, or imitation butter or cheese**

Any article known as oleomargarine, butterine, imitation, process, renovated, or adulterated butter, or imitation cheese, or any substance in the semblance of butter or cheese that is not the usual product of the dairy and not made exclusively of pure and unadulterated milk or cream, transported into any State, territory of the United States, or the District of Columbia, and remaining in the State, territory of the United States, or the District of Columbia, respectively, for use, consumption, sale, or storage in the State, territory of the United States, or the District of Columbia, respectively, shall, on the arrival within the limits of the State, territory of the United States, or the District of Columbia, respectively, be subject to the operation and effect of the laws of the State, territory of the United States, or the District of Columbia, respectively, enacted in the exercise of its police powers to the same extent and in the same manner as though the article or substance had been produced in the State, territory of the United States, or the District of Columbia, re-

spectively, and shall not be exempt from those laws by reason of being introduced in the State, territory of the United States, or the District of Columbia, respectively, in original packages or otherwise.

**§ 30103. Introduction into, or sale in, State, territory of the United States, or District of Columbia of dairy or food products falsely labeled or branded**

A person shall not—

(1) introduce into any State, territory of the United States, or the District of Columbia from any other State, territory of the United States, or the District of Columbia, or sell in the District of Columbia or in any territory of the United States, any dairy or food products that are falsely labeled or branded as to the State or territory of the United States in which they are made, produced, or grown; or

(2) cause an action described in paragraph (1) to be done by another.

**§ 30104. Criminal penalties**

(a) IN GENERAL.—Any person that violates section 30103 of this title or causes another to violate section 30103 of this title shall be fined under title 18 but not less than $500.

(b) JURISDICTION.—The district court of the United States for the district in which the violation under subsection (a) is committed shall have jurisdiction for the prosecution of the violation.

# Chapter 303—Meat Inspection

**Subchapter I—Inspection Requirements; Adulteration and Misbranding**

Sec.
30301. Definitions.
30302. Congressional statement of findings.
30303. Examination of animals prior to slaughter; use of humane methods.
30304. Post mortem examination of carcasses.
30305. Examination of carcasses brought into slaughtering or packing establishments.
30306. Inspection and labeling of meat food products.
30307. Labeling, marking, and container requirements.
30308. Sanitary inspection and regulation of slaughtering and packing establishments.
30309. Examination of animals and food products of the animals slaughtered and prepared during nighttime.
30310. Prohibited acts.
30311. Devices, marks, labels, and certificates; simulations.
30312. Notification.
30313. Plans and reassessments.
30314. Inspection of carcasses, meat of which is intended for export.
30315. Certificates of condition from inspectors of meat for export.
30316. Clearance prohibited to vessel carrying meat for export without inspector's certificate.
30317. Delivery of inspectors' certificates.
30318. Marking, labeling, or other identification of articles relating to the kinds of animals from which derived; separate preparations.
30319. Imports.
30320. Appointment of inspectors.
30321. Bribery of or gifts to inspectors or other officers and acceptance of gifts.
30322. Exemptions from inspection requirements.
30323. Storage and handling regulations.
30324. Inapplicability of certain requirements to catfish.

**Subchapter II—Meat Processors and Related Industries**

30341. Prohibition of subchapter I inspection of articles not intended for use as human food.
30342. Recordkeeping requirements.
30343. Registration of business, name of person, and trade names.
30344. Regulation of transactions, transportation, or importation of animals to prevent use as human food.
30345. Federal provisions applicable to State or territorial business transactions.

**Subchapter III—Federal and State Cooperation**

30356. Federal and State cooperation.

**Subchapter IV—Other Provisions**

30361. Refusal or withdrawal of inspection services based on certain convictions.
30362. Administrative detention.
30363. Seizure and condemnation.
30364. Federal court jurisdiction.
30365. Assaulting, resisting, or impeding certain persons; murder.
30366. Minor violations.
30367. Other Federal laws applicable to administration and enforcement of chapter.
30368. Prohibition of additional or different requirements.
30369. Applicability of subtitle I.
30370. Safe Meat and Poultry Inspection Panel.

**Subchapter V—Inspections by Federal and State Agencies**

30381. Interstate shipment of meat inspected by Federal and State agencies for certain small establishments.

# Subchapter I—Inspection Requirements; Adulteration and Misbranding

## § 30301. Definitions

In this chapter, except as otherwise specified:

(1) ADULTERATED.—

(A) In general—The term ''adulterated'' shall apply to any carcass, part of a carcass, meat, or meat food product under 1 or more of the following circumstances:

(i) It bears or contains any poisonous or deleterious substance that may render it injurious to health, but in case the substance is not an added substance, the article shall not be considered adulterated under this clause if the quantity of the substance in or on the article does not ordinarily render it injurious to health.

(ii)(I) It bears or contains (by reason of administration of any substance to the live animal or otherwise) any added poisonous or added deleterious substance (other than one which is a pesticide chemical in or on a raw agricultural commodity, a food additive, or a color additive) that may, in the judgment of the Secretary, make the article unfit for human food.

(II) It is, in whole or in part, a raw agricultural commodity and the commodity bears or contains a pesticide chemical that is unsafe within the meaning of section 11110 of this title.

(III) It bears or contains any food additive that is unsafe within the meaning of section 11111 of this title.

(IV) It bears or contains any color additive that is unsafe within the meaning of section 17701 of this title.

(iii) It consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food.

(iv) It has been prepared, packed, or held under insanitary conditions by which it may have become contaminated with filth, or by which it may have been rendered injurious to health.

(v) It is, in whole or in part, the product of an animal that has died otherwise than by slaughter.

(vi) Its container is composed, in whole or in part, of any poisonous or deleterious substance that may render the contents injurious to health.

(vii) It has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to section 11111 of this title.

(viii)(I) Any valuable constituent of the article has been, in whole or in part, omitted or abstracted from the article.

(II) Any substance has been substituted, wholly or in part, for the article.

(III) Damage or inferiority of the article has been concealed in any manner.

(IV) Any substance has been added to the article or mixed or packed with the article so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

(ix) It is margarine containing animal fat and any of the raw material used in the margarine consisted in whole or in part of any filthy, putrid, or decomposed substance.

(B) PESTICIDE CHEMICAL, FOOD ADDITIVE, COLOR ADDITIVE PROHIBITED BY REGULATION.—An article that is not adulterated under subclause (II), (III), or (IV) of subparagraph (A)(ii) shall be deemed adulterated if use of the pesticide chemical, food additive, or color additive in or on the article is prohibited by regulations of the Secretary in establishments at which inspection is maintained under this subchapter.

(2) AMENABLE SPECIES.—The term ''amenable species'' means—

(A) those species subject to the provisions of this chapter on November 9, 2005;

(B) all fish of the order Siluriformes; and

(C) any additional species of livestock that the Secretary considers appropriate.

(3) ANIMAL FOOD MANUFACTURER.—The term ''animal food manufacturer'' means any person, firm, or corporation engaged in the business of manufacturing or processing animal food derived wholly or in part from carcasses, or parts or products of the carcasses, of cattle, sheep, swine, goats, horses, mules, or other equines.

(4) CAPABLE OF USE AS HUMAN FOOD.—The term ''capable of use as human food'' shall apply to any carcass, or part or product of a carcass, of any animal, unless it is denatured or otherwise identified as required by regulations prescribed by the Secretary to deter its use as human food, or it is naturally inedible by humans.

(5) COLOR ADDITIVE.—The term ''color additive'' has the meaning given the term in subtitle I of this title.

(6) COMMERCE.—The term ''commerce'' means commerce—

(A) between any State, any territory of the United States, or the District of Columbia, and any place outside of the State, the territory of

the United States, or the District of Columbia; or

(B) within—

(i) any territory of the United States not organized with a legislative body; or

(ii) the District of Columbia.

(7) FIRM.—The term ''firm'' means any partnership, association, or other unincorporated business organization.

(8) FOOD ADDITIVE.—The term ''food additive'' has the meaning given the term in subtitle I of this title.

(9) LABEL.—The term ''label'' means a display of written, printed, or graphic matter on the immediate container (not including package liners) of any article.

(10) LABELING.—The term ''labeling'' means all labels and other written, printed, or graphic matter—

(A) on any article or any of its containers or wrappers; or

(B) accompanying the article.

(11) MEAT BROKER.—The term ''meat broker'' means any person, firm, or corporation engaged in the business of buying or selling carcasses, parts of

carcasses, meat, or meat food products of cattle, sheep, swine, goats, horses, mules, or other equines on commission, or otherwise negotiating purchases or sales of the articles other than for the meat broker's own account or as an employee of another person, firm, or corporation.

(12) MEAT FOOD PRODUCT.—

(A) IN GENERAL.—The term ''meat food product'' means any product capable of use as human food that is made wholly or in part from any meat or other portion of the carcass of any cattle, sheep, swine, or goats, except products—

(i) that contain meat or other portions of the carcasses only in a relatively small proportion or that historically have not been considered by consumers as products of the meat food industry; and

(ii) that are exempted from definition as a meat food product by the Secretary under such conditions as the Secretary may prescribe to ensure that the meat or other portions of the carcasses contained in the product are not adulterated and that the products are not represented as meat food products.

(B) EQUINES.—The term ''meat food product'' as applied to food products of equines shall have a meaning comparable to that provided in this paragraph with respect to cattle, sheep, swine, and goats.

(13) MISBRANDED.—

(A) IN GENERAL.—The term ''misbranded'' shall apply to any carcass, part of a carcass, meat, or meat food product under 1 or more of the following circumstances:

(i) Its labeling is false or misleading in any particular.

(ii) It is offered for sale under the name of another food.

(iii) It is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word ''imitation'' and immediately after that word, the name of the food imitated.

(iv) Its container is made, formed, or filled so as to be misleading.

(v) It is in a package or other container, unless it bears a label showing—

(I) the name and place of business of the manufacturer, packer, or distributor; and

(II) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count.

(vi) Any word, statement, or other information required by or under authority of this chapter to appear on the label or other labeling is not prominently placed on the label or other labeling with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(vii) It purports to be or is represented as a food for which a definition and standard of identity or composition has been prescribed by regulations of the Secretary under section 30307 of this title unless—

(I) it conforms to the definition and standard; and

(II) its label bears the name of the food specified in the definition and standard and, to the extent that may be required by the regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in the food;

(viii) It purports to be or is represented as a food for which a standard of fill of container has been prescribed by regulations of the Secretary under section 30307 of this title, and it falls below the standard of fill of container applicable to the food, unless its label bears, in such manner and form as the regulations specify, a statement that it falls below the standard.

(ix) It is not subject to the provisions of clause (vii), unless its label bears—

(I) the common or usual name of the food, if any; and

(II) in case it is fabricated from 2 or more ingredients, the common or usual name of each ingredient, except that spices, flavorings, and colorings

may, when authorized by the Secretary, be designated as spices, flavorings, and colorings without naming each.

(x) It purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the Secretary, after consultation with the Secretary of Health and Human Services, determines to be, and by regulations prescribes as, necessary in order fully to inform purchasers as to its value for those uses.

(xi) It bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact.

(xii) It fails to bear, directly on the article or on its container, as the Secretary may by regulations prescribe, the inspection legend and, unrestricted by any of the foregoing, such other information as the Secretary may require in the regulations to ensure that it will not have false or mis-

leading labeling and that the public will be informed of the manner of handling required to maintain the article in a wholesome condition.

(B) REASONABLE VARIATIONS; SMALL PACKAGES.—Under subparagraph (A)(v)(II), reasonable variations may be permitted, and exemptions as to small packages may be established, by regulations prescribed by the Secretary.

(C) COMPLIANCE WITH CERTAIN LABELING REQUIREMENTS IMPRACTICABLE OR RESULTS IN DECEPTION OR UNFAIR COMPETITION.—To the extent that compliance with the requirements of subparagraph (A)(ix)(II) is impracticable, or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the Secretary.

(D) ARTIFICIAL FLAVORINGS, ARTIFICIAL COLORINGS, AND CHEMICAL PRESERVATIVES.—To the extent that compliance with the requirements of subparagraph (A)(xi) is impracticable, exemptions shall be established by regulations promulgated by the Secretary.

(14) OFFICIAL CERTIFICATE.—The term ''official certificate'' means any certificate prescribed by regulations of the Secretary for issuance by an inspector or other person performing official functions under this chapter.

(15) OFFICIAL DEVICE.—The term ''official device'' means any device prescribed or authorized by the Secretary for use in applying any official mark.

(16) OFFICIAL INSPECTION LEGEND.—The term ''official inspection legend'' means any symbol prescribed by regulations of the Secretary showing that an article was inspected and passed in accordance with this chapter.

(17) OFFICIAL MARK.—The term ''official mark'' means the official inspection legend or any other symbol prescribed by regulations of the Secretary to identify the status of any article or animal under this chapter.

(18) PESTICIDE CHEMICAL.—The term ''pesticide chemical'' has the meaning given the term in subtitle I of this title.

(19) PREPARED.—The term ''prepared'' means slaughtered, canned, salted, rendered, boned, cut up, or otherwise manufactured or processed.

(20) RAW AGRICULTURAL COMMODITY .—The term ''raw agricultural commodity'' has the meaning given the term in subtitle I of this title.

(21) RENDERER.—The term ''renderer'' means any person, firm, or corporation engaged in the business of rendering carcasses, or parts or products of the carcasses, of cattle, sheep, swine, goats, horses, mules, or other equines, except rendering conducted under inspection or exemption under this subchapter.

(22) SECRETARY.—The term ''Secretary'' means the Secretary of Agriculture or the Secretary's delegate.

(23) STATE.—The term ''State'' means any State of the United States or Puerto Rico.

(24) TERRITORY OF THE UNITED STATES.—The term ''territory of the United States'' means Guam, the Virgin Islands, American Samoa, or any other territory (including a possession) of the United States.

(25) UNITED STATES.—The term ''United States'' means the States, the District of Columbia, and the territories of the United States.

**§ 30302. Congressional statement of findings**

(a) IN GENERAL.—Congress finds the following:

(1) Meat and meat food products are an important source of the Nation's total supply of food.

(2) Meat and meat food products are consumed throughout the Nation and the major portion of meat and meat food products moves in interstate or foreign commerce.

(3) It is essential in the public interest that the health and welfare of consumers be protected by ensuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged.

(4) Unwholesome, adulterated, or misbranded meat or meat food products—

(A) impair the effective regulation of meat and meat food products in interstate or foreign commerce;

(B) are injurious to the public welfare;

(C) destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products; and

(D) result in—

(i) sundry losses to livestock producers and processors of meat and meat food products; and

(ii) injury to consumers.

(5) The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally.

(b) ARTICLES AND ANIMALS IN INTERSTATE AND FOREIGN COMMERCE.—Because of the findings in subsection (a), Congress finds—

(1) that all articles and animals that are regulated under this chapter are either in interstate or foreign commerce or substantially affect interstate or foreign commerce; and

(2) that regulation by the Secretary and cooperation by the States and other jurisdictions as contemplated by this chapter are appropriate—

(A) to prevent and eliminate burdens on interstate and foreign commerce;

(B) to effectively regulate interstate and foreign commerce; and

(C) to protect the health and welfare of consumers.

**§ 30303. Examination of animals prior to slaughter; use of humane methods**

(a) EXAMINATION OF ANIMALS BEFORE SLAUGHTERING.—

(1) IN GENERAL.—For the purpose of preventing the use in commerce of meat and meat food products that are adulterated, the Secretary shall examine and inspect, through inspectors appointed for that purpose, all amenable species before they are allowed to enter into any slaughtering, packing, meat-canning, rendering, or similar establishment in which they are to be slaughtered and in which the meat and meat food products of the amenable species are to be used in commerce.

(2) ANIMALS WITH DISEASE TO BE SLAUGHTERED AND EXAMINED SEPARATELY.—All amenable species found on the inspection under paragraph (1) to show symptoms of disease shall be set apart and slaughtered separately from all other cattle, sheep, swine, goats, horses, mules, or other equines, and if slaughtered separately, the carcasses of the cattle, sheep, swine, goats, horses, mules, or other equines shall be subject to a careful examination and inspection, all as provided by the rules and regulations to be prescribed by the Secretary, as provided for in this subchapter.

(b) HUMANE METHODS OF SLAUGHTER.—

(1) IN GENERAL.—For the purpose of preventing the inhumane slaughtering of livestock, the Secretary shall examine and inspect, through inspectors appointed for that purpose, the method by which amenable species are slaughtered and handled in connection with slaughter in the slaughtering establishments inspected under this chapter.

(2) REFUSAL TO INSPECT.—The Secretary may refuse to provide inspection to a new slaughtering establishment or may temporarily suspend inspection at a slaughtering establishment if the Secretary finds that any cattle, sheep, swine, goats, horses, mules, or other equines have been slaughtered or handled in connection with slaughter at the establishment by any method not in accordance with Public Law 85–765 (7 U.S.C. 1901 et seq.) until the establishment furnishes assurances satisfactory to the Secretary that all slaughtering and handling in connection with slaughter of livestock shall be in accordance with a method in accordance with Public Law 85–765 (7 U.S.C. 1901 et seq.).

**§ 30304. Post mortem examination of carcasses**

(a) IN GENERAL.—For the purpose of preventing the use in commerce of meat and meat food products that are

adulterated, the Secretary shall conduct, through inspectors appointed for that purpose, a post mortem examination and inspection of the carcasses and parts of the carcasses of all amenable species to be prepared at any slaughtering, meat-canning, salting, packing, rendering, or similar establishment in any State, territory of the United States, or the District of Columbia as articles of commerce that are capable of use as human food.

(b) INSPECTED AND PASSED.—The carcasses and parts of the carcasses of all the animals under subsection (a) found to be not adulterated shall be marked, stamped, tagged, or labeled as ''Inspected and passed''.

(c) INSPECTED AND CONDEMNED.—

(1) IN GENERAL.—The inspectors shall label, mark, stamp, or tag as ''Inspected and condemned'' all carcasses and parts of the carcasses of animals under subsection (a) found to be adulterated.

(2) DESTRUCTION.—All carcasses and parts of carcasses inspected and condemned under paragraph (1) shall be destroyed for food purposes by the establishment described in subsection (a) in the presence of an inspector.

(3) REMOVAL OF INSPECTORS.—The Secretary may remove inspectors from any establishment described in subsection (a) that fails to destroy as de-

scribed in paragraph (2) any condemned carcass or part of a carcass.

(d) REINSPECTION.—

(1) IN GENERAL.—Inspectors, after the first inspection under this section, shall, when they consider it necessary, reinspect the carcasses or parts of the carcasses to determine whether, since the first inspection, the carcasses or parts have become adulterated.

(2) DESTRUCTION.—If any carcass or any part of a carcass shall, on examination and inspection subsequent to the first examination and inspection, be found to be adulterated, it shall be destroyed for food purposes by the establishment described in subsection (a) in the presence of an inspector.

(3) REMOVAL OF INSPECTORS.—The Secretary may remove inspectors from any establishment that fails to destroy as described in paragraph (2) any condemned carcass or part of a carcass.

**§ 30305. Examination of carcasses brought into slaughtering or packing establishments**

(a) CARCASSES AND PARTS.—Sections 30301 through 30304 of this title shall apply to all carcasses or parts of carcasses of amenable species or the meat or meat products of amenable species that may be brought into

any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, and the examination and inspection shall be had before the carcasses or parts of the carcasses shall be allowed to enter into any department in which the carcasses or the parts are to be treated and prepared for meat food products.

(b) MEAT FOOD PRODUCTS.—Sections 30301 through 30304 of this title shall also apply to all such products, that, after having been issued from any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, shall be returned to the same or to any similar establishment in which the inspection is maintained.

(c) LIMITATION OF ENTRY.—The Secretary may limit the entry of carcasses, parts of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this subchapter is maintained, under such conditions as the Secretary may prescribe, to ensure that allowing the entry of the articles into the inspected establishments will be consistent with the purposes of this chapter.

**§ 30306. Inspection and labeling of meat food products**

(a) IN GENERAL.—

(1) EXAMINATION AND INSPECTION.—For the purpose of preventing the use in commerce of meat and meat food products that are adulterated, the Secretary shall examine and inspect, through inspectors appointed for that purpose, all meat food products prepared for commerce in any slaughtering, meat-canning, salting, packing, rendering, or similar establishment.

(2) ACCESS.—For the purposes of any examination and inspection under paragraph (1), inspectors shall have access at all times, by day or night, whether the establishment is being operated or not, to every part of the establishment.

(3) INSPECTED AND PASSED.—The inspectors shall mark, stamp, tag, or label as ''Inspected and passed'' all meat food products examined and inspected under paragraph (1) that are found to be not adulterated.

(4) INSPECTED AND CONDEMNED.—

(A) IN GENERAL.—The inspectors shall label, mark, stamp, or tag as ''Inspected and condemned'' all meat food products examined and inspected under paragraph (1) that are found to be adulterated.

(B) DESTRUCTION.—All condemned meat food products under subparagraph (A) shall be destroyed for food purposes by the establishment described in paragraph (1) in the presence of an inspector.

(C) REMOVAL OF INSPECTORS.—The Secretary may remove inspectors from any establishment that fails to destroy as described in subparagraph (B) the condemned meat food products.

(5) PRESERVATIVES.—

(A) IN GENERAL.—Subject to the rules and regulations of the Secretary, the provisions of this section with regard to preservatives shall not apply to meat food products for export to any foreign country and that are prepared or packed according to the specifications or directions of the foreign purchaser, if no substance is used in the preparation or packing of the meat food products in conflict with the laws of the foreign country to which the meat food products are to be exported.

(B) DOMESTIC USE.—If the meat food products under subparagraph (A) are to be sold or offered for sale for domestic use or consump-

tion, subparagraph (A) shall not exempt the meat food products from the operation of all the other provisions of this chapter.

(b) CERTAIN FISH.—In the case of an examination and inspection under subsection (a) of a meat food product derived from any fish described in section 30301(2)(B) of this title, the Secretary shall take into account the conditions under which the fish is raised and transported to a processing establishment.

**§ 30307. Labeling, marking, and container requirements**

(a) LABELING RECEPTACLES OR COVERINGS OF MEAT OR MEAT FOOD PRODUCTS INSPECTED AND PASSED.—

(1) IN GENERAL.—If any meat or meat food product prepared for commerce that has been inspected as provided in sections 30303 through 30306 of this title and marked ''Inspected and passed'' is placed or packed in any can, pot, tin, canvas, or other receptacle or covering in any establishment in which inspection under the provisions of this chapter is maintained, the person, firm, or corporation preparing the product shall attach a label to the can, pot, tin, canvas, or other receptacle or covering, under the supervision of an inspector,

which label shall state that the contents of the receptacle or covering have been ''inspected and passed'' under the provisions of this chapter.

(2) INSPECTION AND EXAMINATION COMPLETED ONLY AFTER ENCLOSURE.—An inspection and examination of any meat or meat food product deposited or enclosed in any can, tin, pot, canvas, or other receptacle or covering in any establishment in which inspection under the provisions of this chapter is maintained shall not be deemed to be complete until the meat or meat food product has been sealed or enclosed in the can, tin, pot, canvas, or other receptacle or covering under the supervision of an inspector.

(b) INFORMATION ON ARTICLES OR CONTAINERS.—All carcasses, parts of carcasses, meat, and meat food products inspected at any establishment under the authority of this subchapter and found to be not adulterated, shall, at the time they leave the establishment, bear, in distinctly legible form, directly on the carcasses, parts, meat, and meat food products or on their containers, as the Secretary may require, the information required under section 30301(13) of this title.

(c) TYPE STYLES AND SIZES IN LABELING; DEFINITIONS AND STANDARDS OF IDENTITY OR COMPOSITION; STANDARDS OF FILL OF CONTAINER.—

(1) IN GENERAL.—The Secretary, if the Secretary determines the action is necessary for the protection of the public, may prescribe—

(A) the styles and sizes of type to be used with respect to—

(i) material required to be incorporated in labeling to avoid false or misleading labeling in marketing; and

(ii) labeling any articles or animals subject to this subchapter or subchapter II; and

(B) definitions and standards of identity or composition for articles subject to this subchapter and standards of fill of container for the articles not inconsistent with any such standards established under subtitle I of this title.

(2) CONSULTATION WITH SECRETARY OF HEALTH AND HUMAN SERVICES.—There shall be consultation between the Secretary and the Secretary of Health and Human Services prior to the issuance of the standards under this subchapter or

subtitle I of this title relating to articles subject to this chapter to avoid inconsistency in the standards and possible impairment of the coordinated effective administration of this chapter and subtitle I of this title.

(3) CONSULTATION WITH ADVISORY COMMITTEE.—There shall be consultation between the Secretary and an appropriate advisory committee provided for in section 30356 of this title, prior to the issuance of the standards under this chapter, to avoid, insofar as feasible, inconsistency between Federal and State standards.

(d) SALES OF ARTICLES UNDER FALSE OR MISLEADING NAME.—An article subject to this subchapter shall not be sold or offered for sale by any person, firm, or corporation, in commerce, under any name or other marking or labeling that is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers that are not false or misleading and that are approved by the Secretary are permitted.

(e) WITHHOLDING OF USE.—

(1) IN GENERAL.—If the Secretary has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use

with respect to any article subject to this subchapter is false or misleading in any particular, the Secretary may direct that the use be withheld unless the marking, labeling, or container is modified in such manner as the Secretary may prescribe so that it will not be false or misleading.

(2) HEARING.—If the person, firm, or corporation using or proposing to use the marking, labeling or container does not accept the determination of withholding of the Secretary under paragraph (1), the person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall be withheld, if the Secretary directs the withholding, pending hearing and final determination by the Secretary.

(3) APPEALS.—

(A) IN GENERAL.—A determination of withholding under this subsection by the Secretary shall be conclusive unless, within 30 days after receipt of notice of the final determination, the person, firm, or corporation adversely affected by the final determination appeals to the United States court of appeals for the circuit in which the person, firm, or corporation has its principal place of business or to the

United States Court of Appeals for the District of Columbia Circuit.

(B) APPLICABILITY OF CERTAIN PROVISIONS.—The provisions of section 204 of the Packers and Stockyards Act, 1921 (7 U.S.C. 194) shall be applicable to appeals taken under this section.

(f) LAMB AND MUTTON.—The Secretary, consistent with United States international obligations, shall establish standards for the labeling of sheep carcasses, parts of sheep carcasses, sheepmeat, and sheepmeat food products.

**§ 30308. Sanitary inspection and regulation of slaughtering and packing establishments**

(a) IN GENERAL.—The Secretary shall—

(1) inspect, through experts in sanitation or other competent inspectors, all slaughtering, meat canning, salting, packing, rendering, or similar establishments in which amenable species are slaughtered and in which the meat and meat food products of the amenable species are prepared for commerce as may be necessary to inform the Secretary concerning the sanitary conditions of the establishments; and

(2) prescribe the rules and regulations of sanitation under which the establishments shall be maintained.

(b) ADULTERATED MEAT AND MEAT FOOD PRODUCTS.—If the sanitary conditions of any establishment under subsection (a) are such that the meat or meat food products are rendered adulterated, the Secretary shall refuse to allow the meat or meat food products to be labeled, marked, stamped, or tagged as ''inspected and passed''.

**§ 30309. Examination of animals and food products of the animals slaughtered and prepared during nighttime**

The Secretary shall examine and inspect all amenable species, and the food products of the amenable species, slaughtered and prepared in the establishments described in section 30308 of this title for the purposes of commerce, which examination and inspection are to be made—

(1) during the nighttime; or

(2) if the slaughtering of the amenable species or the preparation of the food products is conducted during the nighttime, during the daytime.

**§ 30310. Prohibited acts**

A person, firm, or corporation shall not, with respect to any cattle, sheep, swine, goats, horses, mules, or other

equines, or any carcasses, parts of carcasses, meat, or meat food products of any such animals—

(1) slaughter any such animals or prepare any such articles that are capable of use as human food at any establishment preparing any such articles for commerce, except in compliance with the requirements of this chapter;

(2) slaughter or handle in connection with slaughter any such animals in any manner not in accordance with Public Law 85–765 (7 U.S.C. 1901 et seq.);

(3) sell, transport, offer for sale or transportation, or receive for transportation, in commerce—

(A) any such articles that—

(i) are capable of use as human food; and

(ii) are adulterated or misbranded at the time of the sale, transportation, offer for sale or transportation, or receipt for transportation; or

(B) any articles required to be inspected under this subchapter unless they have been inspected under this subchapter and passed;

(4) do, with respect to any such articles that are capable of use as human food, any act while they

are being transported in commerce or held for sale after the transportation, which is intended to cause or has the effect of causing the articles to be adulterated or misbranded.

**§ 30311. Devices, marks, labels, and certificates; simulations**

(a) DEVICES TO BE MADE UNDER AUTHORIZATION OF SECRETARY.—A brand manufacturer, printer, or other person, firm, or corporation shall not cast, print, lithograph, or otherwise make any device containing any official mark or simulation of an official mark, or any label bearing any such mark or simulation, or any form of official certificate or simulation of an official certificate, except as authorized by the Secretary.

(b) OTHER MISCONDUCT.—A person, firm, or corporation shall not—

(1) forge any official device, mark, or certificate;

(2) without authorization from the Secretary, use any official device, mark, or certificate, or simulation of an official device, mark, or certificate, or alter, detach, deface, or destroy any official device, mark, or certificate;

(3) contrary to the regulations prescribed by the Secretary, detach, deface, or destroy, or fail to use, any official device, mark, or certificate;

(4) knowingly possess, without promptly notifying the Secretary or the Secretary's representative—

(A) any official device or any counterfeit, simulated, forged, or improperly altered official certificate;

(B) any device or label bearing any counterfeit, simulated, forged, or improperly altered official mark; or

(C) any carcass of any animal, or part or product of the carcass, bearing any counterfeit, simulated, forged, or improperly altered official mark;

(5) knowingly make any false statement in any shipper's certificate or other nonofficial or official certificate provided for in the regulations prescribed by the Secretary; or

(6) knowingly represent that any article has been inspected and passed, or exempted, under this chapter if, in fact, it has, respectively, not been inspected and passed, or exempted.

**§ 30312. Notification**

Any establishment subject to inspection under this chapter that believes, or has reason to believe, that an adulterated or misbranded meat or meat food product received by or originating from the establishment has entered into commerce shall promptly notify the Secretary with regard to the type, amount, origin, and destination of the meat or meat food product.

**§ 30313. Plans and reassessments**

The Secretary shall require that each establishment subject to inspection under this chapter shall, at a minimum—

(1) prepare and maintain current procedures for the recall of all meat or meat food products produced and shipped by the establishment;

(2) document each reassessment of the process control plans of the establishment; and

(3) upon request, make the procedures and reassessed process control plans available to inspectors appointed by the Secretary for review and copying.

**§ 30314. Inspection of carcasses, meat of which is intended for export**

The Secretary shall carefully inspect the carcasses and parts of the carcasses of all amenable species, the meat of which, fresh, salted, canned, corned, packed, cured, or otherwise prepared, is intended and offered for

export to any foreign country, at such times and places and in such manner as the Secretary may consider proper.

**§ 30315. Certificates of condition from inspectors of meat for export**

For the purpose of section 30314 of this title, the Secretary may appoint inspectors who shall be authorized to give an official certificate stating the condition in which the cattle, sheep, swine, goats, horses, mules, or other equines, and the meat of those animals, are found.

**§ 30316. Clearance prohibited to vessel carrying meat for export without inspector's certificate**

A clearance shall not be given to any vessel having on board any fresh, salted, canned, corned, or packed beef, mutton, pork, goat, or equine meat for export to and sale in a foreign country from any port in the United States, until the owner or shipper of the meat obtains from an inspector appointed under the provisions of this chapter a certificate that the amenable species were sound and healthy at the time of inspection, and that their meat is sound and wholesome, unless the Secretary waives the requirements of the certificate for the country to which the amenable species or meats are to be exported.

**§ 30317. Delivery of inspectors' certificates**

(a) AUTHORITY TO GIVE OFFICIAL CERTIFICATES.—The inspectors provided for under this subchapter shall

be authorized to give official certificates of the condition of the carcasses and products of amenable species.

(b) COPIES TO BE DELIVERED.—One copy of each certificate granted under this chapter shall be filed in the Department of Agriculture, another copy shall be delivered to the owner or shipper, and if the amenable species, or their carcasses and products, are sent abroad, a third copy shall be delivered to the chief officer of the vessel on which the shipment is made.

**§ 30318. Marking, labeling, or other identification of articles relating to the kinds of animals from which derived; separate preparations**

(a) IN GENERAL.—A person, firm, or corporation shall not sell, transport, offer for sale or transportation, or receive for transportation, in commerce, any carcasses of species designated by regulations in effect on November 9, 2005, or parts of the carcasses, or the meat or meat food products of the carcasses, unless they are plainly and conspicuously marked or labeled or otherwise identified as required by regulations prescribed by the Secretary to show the kinds of animals from which they were derived.

(b) PREPARATION IN SEPARATE ESTABLISHMENTS.—If required by the Secretary, with respect to establishments at which inspection is maintained under this

subchapter, the animals and their carcasses, parts of the carcasses, meat, and meat food products shall be prepared in establishments separate from those in which other amenable species are slaughtered or their carcasses, parts of carcasses, meat, or meat food products are prepared.

**§ 30319. Imports**

(a) REQUIREMENTS FOR IMPORTATION.—

(1) IN GENERAL.—Carcasses, parts of carcasses, meat, or meat food products of cattle, sheep, swine, goats, horses, mules, or other equines that are capable of use as human food shall not be imported into the United States—

(A) if the articles are adulterated or misbranded; and

(B) unless they comply with all the inspection and building construction standards, and all other provisions of this chapter and regulations issued under this chapter applicable to the articles in commerce within the United States.

(2) HUMAN METHODS OF SLAUGHTER.—Carcasses, parts of carcasses, meat, or meat food products described in paragraph (1) shall not be imported into the United States unless the livestock from which they were produced was slaughtered and

handled in connection with slaughter in accordance with Public Law 85–765 (7 U.S.C. 1901 et seq.).

(3) TREATMENT AS DOMESTIC ARTICLES.—All imported articles under this subsection shall, on entry into the United States, be deemed and treated as domestic articles subject to the other provisions of this chapter and subtitle I of this title.

(4) MARKING AND LABELING AS REQUIRED BY REGULATIONS.—All imported articles under this subsection shall be marked and labeled as required by the regulations for imported articles.

(5) EFFECT OF SECTION ON PURCHASE BY INDIVIDUAL FOR CONSUMPTION.—Nothing in this section applies to any individual who purchases meat or meat products outside the United States for the individual's own consumption except that the total amount of the meat or meat products shall not exceed 50 pounds.

(b) TERMS AND CONDITIONS FOR DESTRUCTION.—The Secretary may prescribe the terms and conditions for the destruction of all articles described in subsection (a) that are imported contrary to this section, unless—

(1) they are exported by the consignee within the time fixed for exportation by the Secretary; or

(2) in the case of articles that are not in compliance with the chapter solely because of misbranding, the articles are brought into compliance with the chapter under supervision of authorized representatives of the Secretary.

(c) PAYMENT OF STORAGE, CARTAGE, AND LABOR CHARGES.—All charges for storage, cartage, and labor with respect to any article that is imported contrary to this section shall be paid by the owner or consignee, and in default of the payment, shall constitute a lien against the article and any other article thereafter imported under this chapter by or for the owner or consignee.

(d) PROHIBITION.—The knowing importation of any article contrary to this section is prohibited.

(e) INSPECTION AND OTHER STANDARDS.—

(1) IN GENERAL.—Notwithstanding any other provision of law, all carcasses, parts of carcasses, meat, and meat food products of cattle, sheep, swine, goats, horses, mules, or other equines, capable of use as human food, offered for importation into the United States shall be subject to the inspection, sanitary, quality, species verification, and residue standards applied to products produced in the United States.

(2) ENTRY NOT PERMITTED.—Any imported meat articles described in paragraph (1) that do not meet the standards shall not be permitted entry in to the United States.

(3) ENFORCEMENT.—The Secretary shall enforce this subsection through—

(A) the imposition of random inspections for the species verification and for residues; and

(B) random sampling and testing of internal organs and fat of the carcasses for residues at the point of slaughter by the exporting country in accordance with methods approved by the Secretary.

(4) CERTIFICATION RELATING TO COMPLIANCE WITH UNITED STATES STANDARDS.—

(A) IN GENERAL.—Each foreign country from which the meat articles under this subsection are offered for importation into the United States shall obtain a certification issued by the Secretary stating that the country maintains a program using reliable analytical methods to ensure compliance with the United States standards for residues in the meat articles.

(B) ENTRY NOT PERMITTED.—A meat article under this subsection shall not be permitted entry into the United States from a country for which the Secretary has not issued a certification under subparagraph (A).

(C) PERIODIC REVIEW; REVOCATION.—The Secretary shall periodically review the certifications and shall revoke any certification if the Secretary determines that the country involved is not maintaining a program that uses reliable analytical methods to ensure compliance with United States standards for residues in the meat articles.

(D) INSPECTION OF INDIVIDUAL ESTABLISHMENTS.—The consideration of any application for a certification under this subsection and the review of any such certification, by the Secretary, shall include the inspection of individual establishments to ensure that the inspection program of the foreign country involved is meeting the United States standards.

(f) ADMINISTRATION OF ANIMAL DRUGS OR ANTIBIOTICS.—The Secretary may prescribe terms and conditions under which amenable species that have been administered an animal drug or antibiotic banned for use in the

United States may be imported for slaughter and human consumption. A person shall not enter amenable species into the United States in violation of any order issued under this subsection by the Secretary.

(g) RECIPROCAL MEAT INSPECTION REQUIREMENT.—

(1) DEFINITIONS.—In this subsection:

(A) MEAT ARTICLES.—The term ''meat articles'' means carcasses, meat, and meat food products of cattle, sheep, swine, goats, horses, mules, or other equines, that are capable of use as human food.

(B) STANDARDS.—The term ''standards'' means inspection, building construction, sanitary, quality, species verification, residue, and other standards that are applicable to meat articles.

(2) STANDARDS OF FOREIGN COUNTRIES NOT RELATED TO PUBLIC HEALTH.—On request of the Committee on Agriculture or the Committee on Ways and Means of the House of Representatives or the Committee on Agriculture, Nutrition, and Forestry or the Committee on Finance of the Senate, or at the initiative of the Secretary, the Secretary shall, as soon as practicable, determine whether a par-

ticular foreign country applies standards for the importation of meat articles from the United States that are not related to public health concerns about end-product quality that can be substantiated by reliable analytical methods.

(3) CONSULTATION; RECOMMENDATION TO PRESIDENT.—If the Secretary determines that a foreign country applies standards described in paragraph (2)—

(A) the Secretary shall consult with the United States Trade Representative; and

(B) within 30 days after the determination of the Secretary under paragraph (2), the Secretary and the United States Trade Representative shall recommend to the President whether action should be taken under paragraph (4).

(4) PROHIBITION OF IMPORTATION BY PRESIDENT.—Within 30 days after receiving a recommendation for action under paragraph (3), the President shall, if and for such time as the President considers appropriate, prohibit imports into the United States of any meat articles produced in the foreign country unless it is determined that the meat articles produced in that country meet the standards

applicable to meat articles in commerce within the United States.

(5) RELATIONSHIP TO OTHER ACTIONS.—The action authorized under paragraph (4) may be used instead of, or in addition to, any other action taken under any other law.

**§ 30320. Appointment of inspectors**

(a) IN GENERAL.—The Secretary shall appoint from time to time inspectors to examine and inspect—

(1) all amenable species, the inspection of which is provided for under this subchapter;

(2) all carcasses and parts of carcasses of the species described in paragraph (1);

(3) all meats and meat food products of the carcasses described in paragraph (2); and

(4) the sanitary conditions of all establishments in which the meat and meat food products described in paragraph (3) are prepared.

(b) REFUSAL TO STAMP, MARK, TAG, OR LABEL.—The inspectors under subsection (a) shall refuse to stamp, mark, tag, or label any carcass or any part of the carcass, or meat food product from the carcass, prepared in any establishment described in subsection (a), until the article is inspected and found to be not adulterated.

(c) OTHER DUTIES.—The inspectors under subsection (a) shall perform such other duties as are provided by this chapter and by the rules and regulations to be prescribed by the Secretary.

(d) RULES AND REGULATIONS.—The Secretary shall, from time to time, make such rules and regulations as are necessary for the efficient execution of the provisions of this chapter.

(e) RULES AND REGULATIONS RELATING TO INSPECTIONS AND EXAMINATIONS.—All inspections and examinations made under this chapter shall be made according to this chapter and made in such manner as described in the rules and regulations prescribed by the Secretary not inconsistent with provisions of this chapter.

**§ 30321. Bribery of or gifts to inspectors or other officers and acceptance of gifts**

(a) PERSON THAT GIVES BRIBERY.—Any person, firm, or corporation, or any agent or employee of any person, firm, or corporation, that shall give, pay, or offer, directly or indirectly, to any inspector, deputy inspector, chief inspector, or any other officer or employee of the United States authorized to perform any of the duties prescribed by this chapter or by the rules and regulations of the Secretary any money or other thing of value, with intent to influence the inspector, deputy inspector, chief in-

spector, or other officer or employee of the United States in the discharge of any duty provided for in this chapter, shall be, on conviction, imprisoned not less than 1 year nor more than 3 years and fined under title 18 but not less than $5,000.

(b) OFFICER OR EMPLOYEE THAT ACCEPTS BRIBERY.—Any inspector, deputy inspector, chief inspector, or other officer or employee of the United States authorized to perform any of the duties prescribed by this chapter who accepts any money, gift, or other thing of value from any person, firm, or corporation, or officers, agents, or employees of the person, firm, or corporation, given with intent to influence the officer or employee's official action, or that receives or accepts from any person, firm, or corporation engaged in commerce any gift, money, or other thing of value, given with any purpose or intent, shall be, on conviction, summarily discharged from office and shall be imprisoned not less than 1 year nor more than 3 years and fined under title 18 but not less than $1,000.

**§ 30322. Exemptions from inspection requirements**

(a) PERSONAL SLAUGHTERING AND CUSTOM SLAUGHTERING.—

(1) IN GENERAL.—The provisions of this subchapter requiring inspection of the slaughter of animals and the preparation of the carcasses, parts of

carcasses, meat, and meat food products at establishments conducting the operations for commerce shall not apply—

(A) to the slaughtering by any individual of animals of the individual's own raising, and the preparation by the individual and transportation in commerce of the carcasses, parts of the carcasses, meat, and meat food products of the animals exclusively for use by the individual and members of the individual's household and the individual's nonpaying guests and employees;

(B) to the custom slaughter, by any person, firm, or corporation, of cattle, sheep, swine or goats delivered by the owner of the cattle, sheep, swine or goats for the slaughter, and the preparation by the slaughterer and transportation in commerce of the carcasses, parts of the carcasses, meat, and meat food products of the animals, exclusively for use, in the household of the owner, by the owner and members of the owner's household and the owner's nonpaying guests and employees; or

(C) to the custom preparation, by any person, firm, or corporation, of carcasses, parts of

the carcasses, meat, or meat food products, derived—

(i) from the slaughter by any individual of cattle, sheep, swine, or goats of the individual's own raising; or

(ii) from game animals, delivered by the owner of the cattle, sheep, swine, or goats for the custom preparation, and transportation in commerce of the custom prepared articles, exclusively for use in the household of the owner, by the owner and members of the owner's household and the owner's nonpaying guests and employees.

(2) EXEMPTION FOR CUSTOM OPERATIONS AT ESTABLISHMENTS.—In cases in which a person, firm, or corporation engages in custom operations described in paragraph (1) at an establishment at which inspection under this subchapter is maintained, the Secretary may exempt from the inspection at the establishment any animals slaughtered or any meat or meat food products otherwise prepared on the custom basis.

(3) EXEMPTION ONLY ON COMPLIANCE WITH REGULATIONS.—Custom operations at any establishment shall be exempt from inspection requirements

as provided by this section only if the establishment complies with regulations that the Secretary may promulgate to ensure—

(A) that any carcasses, parts of carcasses, meat, or meat food products wherever handled on a custom basis, or any containers or packages containing the articles, are separated at all times from carcasses, parts of carcasses, meat, or meat food products prepared for sale, and that all such articles prepared on a custom basis, or any containers or packages containing the articles, are plainly marked ''Not for Sale'' immediately after being prepared and kept so identified until delivered to the owner; and

(B) that the establishment conducting the custom operation is maintained and operated in a sanitary manner.

(b) TERRITORIAL EXEMPTION.—

(1) IN GENERAL.—The Secretary may, under such sanitary conditions as the Secretary may by regulations prescribe, exempt from the inspection requirements of this subchapter the slaughter of animals, and the preparation of carcasses, parts of the carcasses, meat, and meat food products, by any person, firm, or corporation in any territory of the

United States not organized with a legislative body solely for distribution within the territory of the United States if the Secretary determines—

(A) that it is impracticable to provide the inspection within the limits of funds appropriated for administration of this chapter; and

(B) that the exemption will otherwise facilitate enforcement of this chapter.

(2) REFUSAL, WITHDRAWAL, OR MODIFICATION OF EXEMPTION.—The Secretary may refuse, withdraw, or modify any exemption under this subsection in the discretion of the Secretary if the Secretary determines that the action is necessary to effectuate the purposes of this chapter.

(c) PIZZAS CONTAINING MEAT FOOD PRODUCTS.—

(1) IN GENERAL.—Under such terms and conditions as the Secretary shall prescribe through rules and regulations issued under section 30323 of this title that may be necessary to ensure food safety and protect public health such as special handling procedures, the Secretary shall exempt pizzas containing a meat food product from the inspection requirements of this chapter if—

(A) the meat food product components of the pizzas have been prepared, inspected, and

passed in a cured or cooked form as ready-to-eat in compliance with the requirements of this chapter; and

(B) the pizzas are to be served in public or private nonprofit institutions.

(2) WITHDRAWAL OR MODIFICATION OF EXEMPTION.—The Secretary may withdraw or modify any exemption under this subsection if the Secretary determines that the action is necessary to ensure food safety and to protect public health.

(3) REINSTATEMENT; FURTHER MODIFICATION.—The Secretary may reinstate or further modify any exemption withdrawn or modified under this subsection.

(d) APPLICABLE ADULTERATION AND MISBRANDING PROVISIONS.—The adulteration and misbranding provisions of this subchapter, other than the requirement of the inspection legend, shall apply to articles that are exempted from inspection or not required to be inspected under this section.

**§ 30323. Storage and handling regulations**

(a) IN GENERAL.—The Secretary may by regulations prescribe conditions under which carcasses, parts of carcasses, meat, and meat food products of cattle, sheep, swine, goats, horses, mules, or other equines, capable of

use as human food, shall be stored or otherwise handled by any person, firm, or corporation engaged in the business of buying, selling, freezing, storing, or transporting, in or for commerce, or importing, the articles, if the Secretary considers the action necessary to ensure that the articles will not be adulterated or misbranded when delivered to the consumer.

(b) VIOLATION.—Violation of a regulation under subsection (a) is prohibited.

(c) REGULATION BY STATE OR TERRITORY OF THE UNITED STATES.—The regulations under subsection (a) shall not apply to the storage or handling of the articles at any retail store or other establishment in any State or organized territory of the United States that would be subject to this section only because of purchases in commerce, if the storage and handling of the articles at the establishment is regulated under the laws of the State or territory of the United States in which the establishment is located, in a manner which the Secretary, after consultation with the appropriate advisory committee provided for in section 30356 of this title, determines is adequate to effectuate the purposes of this section.

### § 30324. Inapplicability of certain requirements to catfish

Notwithstanding any other provision of this chapter, the requirements of sections 30303, 30304, 30305, 30310(2), and 30322 of this title shall not apply to any fish described in section 30301(2)(B) of this title.

## Subchapter II—Meat Processors and Related Industries

### § 30341. Prohibition of subchapter I inspection of articles not intended for use as human food

(a) IN GENERAL.—Inspection shall not be provided under subchapter I at any establishment for the slaughter of cattle, sheep, swine, goats, horses, mules, or other equines, or the preparation of any carcasses or parts or products of the animals, that are not intended for use as human food, but the articles shall, prior to their offer for sale or transportation in commerce, unless naturally inedible by humans, be denatured or otherwise identified as prescribed by regulations of the Secretary to deter their use for human food.

(b) PROHIBITION OF PURCHASE, SALE, OR TRANSPORT.—A person, firm, or corporation shall not buy, sell, transport, or offer for sale or transportation, or receive for transportation, in commerce, or import, any carcasses, parts of carcasses, meat, or meat food products of any animals listed under subsection (a), that are not intended

for use as human food unless they are denatured or otherwise identified as required by the regulations of the Secretary or are naturally inedible by humans.

**§ 30342. Recordkeeping requirements**

(a) IN GENERAL.—

(1) CLASSES OF PERSONS, FIRMS, AND CORPORATIONS.—The following classes of persons, firms, and corporations shall keep such records as will fully and correctly disclose all transactions involved in their businesses:

(A) Any persons, firms, or corporations that engage, for commerce, in the business of slaughtering any cattle, sheep, swine, goats, horses, mules, or other equines, or preparing, freezing, packaging, or labeling any carcasses, or parts or products of carcasses, of any such animals, for use as human food or animal food.

(B) Any persons, firms, or corporations that engage in the business of buying or selling (as meat brokers, wholesalers or otherwise), or transporting in commerce, or storing in or for commerce, or importing, any carcasses, or parts or products of carcasses, of any animals under subparagraph (A).

(C) Any persons, firms, or corporations that engage in business, in or for commerce, as renderers, or engage in the business of buying, selling, or transporting, in commerce, or importing, any dead, dying, disabled, or diseased cattle, sheep, swine, goats, horses, mules, or other equines, or parts of the carcasses of any such animals that died otherwise than by slaughter.

(2) ACCESS.—All persons, firms, and corporations subject to the requirements under paragraph (1) shall, at all reasonable times on notice by an authorized representative of the Secretary, afford the representative access to their places of business and opportunity to examine the facilities, inventory, and records of inventory, to copy all the records, and to take reasonable samples of their inventory on payment of the fair market value for the samples.

(b) PERIOD OF MAINTENANCE.—Any record required to be maintained by this section shall be maintained for such period of time as the Secretary may by regulations prescribe.

**§ 30343. Registration of business, name of person, and trade names**

Unless, when required by regulations of the Secretary, a person, firm, or corporation has registered with the Secretary the person's, firm's, or corporation's name, and the address of each place of business at which, and all trade names under which, the person, firm, or corporation conducts business described in paragraph (1), (2), (3), or (4), the person, firm, or corporation shall not—

(1) engage in business, in or for commerce, as a meat broker, renderer, or animal food manufacturer;

(2) engage in business in commerce as a wholesaler of any carcasses, or parts or products of the carcasses, of any cattle, sheep, swine, goats, horses, mules, or other equines, whether intended for human food or other purposes;

(3) engage in business as a public warehouseman storing any articles described in paragraph (2) in or for commerce; or

(4) engage in the business of buying, selling, or transporting in commerce, or importing, any dead, dying, disabled, or diseased animals of the specified kinds under paragraph (2), or parts of the carcasses of any such animals that died otherwise than by slaughter.

**§ 30344. Regulation of transactions, transportation, or importation of animals to prevent use as human food**

A person, firm, or corporation engaged in the business of buying, selling, or transporting in commerce, or importing, dead, dying, disabled, or diseased animals, or any parts of the carcasses of any animals that died otherwise than by slaughter, shall not buy, sell, transport, offer for sale or transportation, or receive for transportation, in commerce, or import, any dead, dying, disabled, or diseased cattle, sheep, swine, goats, horses, mules, or other equines, or parts of the carcasses of any such animals that died otherwise than by slaughter, unless the transaction, transportation, or importation is made in accordance with such regulations as the Secretary may prescribe to ensure that the animals, or the unwholesome parts or products of the animals, will be prevented from being used for human food purposes.

**§ 30345. Federal provisions applicable to State or territorial business transactions**

(a) IN GENERAL.—The authority conferred on the Secretary by section 30342, 30343, or 30344 of this title with respect to persons, firms, and corporations engaged in the specified kinds of business in or for commerce may be exercised with respect to persons, firms, or corporations engaged, in any State or organized territory of the United

States, in those kinds of business but not in or for commerce, if the Secretary determines, after consultation with an appropriate advisory committee provided for in section 30356 of this title, that the State or territory of the United States does not have at least equal authority under its laws or the authority is not exercised in a manner to effectuate the purposes of this chapter, including the State or territory of the United States providing for the Secretary or the Secretary's representative being afforded access to the places of business and the facilities, inventories, and records of the inventories, and the taking of reasonable samples, if the Secretary determines necessary in carrying out the Secretary's responsibilities under this chapter.

(b) TREATMENT OF PERSONS AS IF ENGAGED IN COMMERCE.—In a case described in paragraph (1), the provisions of section 30342, 30343, or 30344 of this title, respectively, shall apply to the persons, firms, and corporations to the same extent and in the same manner as if they were engaged in the business in or for commerce and the transactions involved were in commerce.

# Subchapter III—Federal and State Cooperation

### § 30356. Federal and State cooperation

(a) DEFINITION OF STATE.—In this section, the term ''State'' means any State (including Puerto Rico) or organized territory of the United States.

(b) IN GENERAL.—

(1) POLICY.—It is the policy of Congress to protect the consuming public from meat and meat food products that are adulterated or misbranded and to assist in efforts by State and other government agencies to accomplish this objective.

(2) AUTHORITIES.—In furtherance of the policy under paragraph (1), the following shall apply:

(A) DEVELOPMENT AND ADMINISTRATION OF STATE MEAT INSPECTION PROGRAM EQUAL TO SUBCHAPTER I ANTE AND POST MORTEM INSPECTION, REINSPECTION, AND SANITATION REQUIREMENTS.—The Secretary may, if the Secretary determines that it would effectuate the purposes of this chapter, cooperate with the appropriate State agency in developing and administering a State meat inspection program in any State that has enacted a State meat inspection law that imposes mandatory ante mortem

and post mortem inspection, reinspection, and sanitation requirements that are at least equal to those under subchapter I, with respect to all or certain classes of persons engaged in the State in slaughtering cattle, sheep, swine, goats, or equines, or preparing the carcasses, parts of the carcasses, meat, or meat food products, of any such animals for use as human food solely for distribution within the State.

(B) DEVELOPMENT AND ADMINISTRATION OF STATE PROGRAM WITH AUTHORITIES EQUAL TO SUBCHAPTER II AUTHORITIES; COOPERATION WITH FEDERAL AGENCIES.—The Secretary may, if the Secretary determines that it would effectuate the purposes of this chapter—

(i) cooperate with appropriate State agencies in developing and administering State programs under State laws containing authorities at least equal to those provided in subchapter II; and

(ii) cooperate with other agencies of the United States in carrying out any provisions of this chapter.

(C) SCOPE OF COOPERATION.—

(i) IN GENERAL.—Cooperation with State agencies under this section may include furnishing to the appropriate State agency—

(I) advisory assistance in planning and otherwise developing an adequate State program under the State law; and

(II) technical and laboratory assistance and training (including necessary curricular and instructional materials and equipment), and financial and other aid for administration of such a program.

(ii) AMOUNT OF FEDERAL CONTRIBUTION.—The amount to be contributed to any State by the Secretary under this section from Federal funds for any year shall not exceed 50 percent of the estimated total cost of the cooperative program.

(iii) ALLOCATION.—The Federal funds shall be allocated among the States desiring to cooperate on an equitable basis.

(iv) CONDITION; ADEQUATE ADMINISTRATION.—The cooperation and payment

shall be contingent at all times on the administration of the State program in a manner that the Secretary, in consultation with the appropriate advisory committee appointed under subparagraph (D), considers adequate to effectuate the purposes of this section.

(D) ADVISORY COMMITTEES.—The Secretary may appoint advisory committees consisting of such representatives of appropriate State agencies as the Secretary and the State agencies may designate to consult with the Secretary concerning State and Federal programs with respect to meat inspection and other matters within the scope of this chapter, including evaluating State programs for purposes of this chapter and obtaining better coordination and more uniformity among the State programs and between the Federal and State programs and adequate protection of consumers.

(c) SINGLE STATE AGENCY.—

(1) IN GENERAL.—The appropriate State agency with which the Secretary may cooperate under this chapter shall be a single agency in the State that is primarily responsible for the coordination of

the State programs having objectives similar to those under this chapter.

(2) TREATMENT OF SUBORDINATE GOVERNMENTAL UNIT.—If the State program includes performance of certain functions by a municipality or other subordinate governmental unit, the unit shall be deemed to be a part of the State agency for purposes of this section.

(d) STATE MEAT INSPECTION REQUIREMENTS.—

(1) DESIGNATED STATES.—

(A) NOTIFICATION.—If the Secretary has reason to believe, by 30 days prior to the expiration of 2 years after December 15, 1967, that a State has failed to develop or is not enforcing, with respect to all establishments within its jurisdiction (except those that would be exempted from Federal inspection under paragraph (2)) at which cattle, sheep, swine, goats, or equines are slaughtered, or their carcasses, or parts or products of the carcasses, are prepared for use as human food, solely for distribution within the State, and the products of the establishments, requirements at least equal to those imposed under subchapters I and IV, the Sec-

retary shall promptly notify the Governor of the State of this fact.

(B) PROVISIONS APPLICABLE TO DESIGNATED STATES.—If the Secretary determines, after consultation with the Governor of the State, or representative selected by the Governor, that the requirements have not been developed and activated, the Secretary shall promptly, after the expiration of the 2-year period, designate the State as one in which the provisions of subchapters I and IV shall apply to operations and transactions wholly within the State.

(C) AUTHORIZED DELAY.—If the Secretary has reason to believe that the State will activate the requirements within 1 additional year, the Secretary may delay the designation for that period, and not designate the State, if the Secretary determines at the end of the year that the State then has the requirements in effective operation.

(D) PUBLICATION OF DESIGNATION.—The Secretary shall publish any designation under this paragraph in the Federal Register and, on the expiration of 30 days after the publication,

the provisions of subchapters I and IV shall apply to operations and transactions and to persons, firms, and corporations engaged in operations and transactions in the State to the same extent and in the same manner as if the operations and transactions were conducted in or for commerce.

(E) REVOCATION OF DESIGNATION.—On request of the Governor, the Secretary shall revoke a designation under this paragraph if the Secretary determines that the State has developed and will enforce requirements at least equal to those imposed under subchapter I and subchapter IV.

(F) ADULTERATED MEAT AND MEAT FOOD PRODUCTS BEING DISTRIBUTED WITHIN A STATE.—

(i) NOTIFICATION OF GOVERNOR BY SECRETARY.—Notwithstanding any other provision of this section, if the Secretary determines that any establishment within a State is producing adulterated meat or meat food products for distribution within the State that would clearly endanger the public health, the Secretary shall notify the

Governor of the State and the appropriate advisory committee provided by section 30356 of this title of the fact for effective action under State or local law.

(ii) NO STATE ACTION TAKEN.—If the State does not take action to prevent the endangering of the public health within a reasonable time after the notice, as determined by the Secretary, in light of the risk to public health, the Secretary may immediately designate the establishment described in clause (i) as subject to the provisions of subchapters I and IV, and on the designation, the establishment and operator of the establishment shall be subject to those provisions as though engaged in commerce until such time as the Secretary determines that the State has developed and will enforce requirements at least equal to those imposed under subchapters I and IV.

(2) RETAIL ESTABLISHMENTS AND RESTAURANTS.—

(A) IN GENERAL.—The provisions of this chapter requiring inspection of the slaughter of

animals and the preparation of carcasses, parts of carcasses, meat, and meat food products shall not apply to operations of types traditionally and usually conducted at retail stores and restaurants, if conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of the articles to consumers at the establishments if the establishments are subject to the inspection provisions only under this subsection.

(B) OPERATIONS AT A RESTAURANT CENTRAL KITCHEN.—

(i) IN GENERAL.—For the purposes of this paragraph, operations conducted at a restaurant central kitchen facility shall be considered as being conducted at a restaurant if the restaurant central kitchen prepares meat or meat food products that are ready to eat when they leave the facility and are served in meals or as entrees only to customers at restaurants owned or operated by the same person, firm, or corporation owning or operating the facility.

(ii) APPLICABILITY OF PROVISION.—The facility described in clause (i) shall be

subject to the provisions of section 30342 of this title.

(iii) INSPECTIONS.—The facility described in clause (i) may be subject to the inspection requirements under subchapter I for as long as the Secretary considers necessary, if the Secretary determines that the sanitary conditions or practices of the facility or the processing procedures or methods at the facility are such that any of its meat or meat food products are rendered adulterated.

(3) TERMINATION; REDESIGNATION.—

(A) TERMINATION OF DESIGNATION.—If the Secretary determines that any State designated under this subsection has developed and will enforce State meat inspection requirements at least equal to those imposed under subchapters I and IV, with respect to the operations and transactions within the State that are regulated under paragraph (1), the Secretary shall terminate the designation of the State under this subsection.

(B) REDESIGNATION.—The termination under subparagraph (A) shall not preclude the

subsequent redesignation of the State at any time on 30 days' notice to the Governor and publication in the Federal Register in accordance with this subsection, and any State may be designated on the notice and publication at any time after the period specified in this subsection whether the State has previously been designated, on the Secretary determining that it is not effectively enforcing requirements at least equal to those imposed under subchapters I and IV.

(4) ANNUAL REVIEW AND REPORT.—The Secretary shall periodically, but at least annually, review the requirements, including the enforcement of the requirements, of the States not designated under this subsection, with respect to the slaughter, and the preparation, storage, handling, and distribution of carcasses, parts of carcasses, meat, and meat food products, of the animals, and inspection of the operations.

# Subchapter IV—Other Provisions

## § 30361. Refusal or withdrawal of inspection services based on certain convictions

(a) REFUSAL OR WITHDRAWAL.—

(1) IN GENERAL.—The Secretary may (for such period, or indefinitely, as the Secretary considers necessary to effectuate the purposes of this chapter) refuse to provide, or withdraw, inspection services under subchapter I with respect to any establishment if the Secretary determines, after opportunity for a hearing is accorded to the applicant for, or recipient of, the service, that the applicant or recipient is unfit to engage in any business requiring inspection under subchapter I because the applicant or recipient, or anyone responsibly connected with the applicant or recipient, has been convicted, in any Federal or State court, based on the acquiring, handling, or distributing of unwholesome, mislabeled, or deceptively packaged food or on fraud in connection with transactions in food, of—

(A) any felony; or

(B) more than 1 violation of any law, other than a felony.

(2) RESPONSIBLY CONNECTED.—For the purpose of this section an individual shall be deemed to be responsibly connected with the business if the individual was a partner, officer, director, holder, or owner of 10 percent or more of its voting stock, or an employee in a managerial or executive capacity.

(b) FINALITY AND CONCLUSIVENESS OF DETERMINATION.—

(1) IN GENERAL.—The determination and order of the Secretary with respect to the determination under this section shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files an application for judicial review within 30 days after the effective date of the order in the appropriate court as provided in section 30364 of this title.

(2) JUDICIAL REVIEW; BASIS.—Judicial review of any order under paragraph (1) shall be on the record on which the determination and order are based.

(c) EFFECT OF SECTION.—This section does not affect other provisions of this chapter for withdrawal of inspection services under subchapter I from establishments failing to maintain sanitary conditions or to destroy condemned carcasses, parts, meat, or meat food products.

**§ 30362. Administrative detention**

(a) IN GENERAL.—If any carcass, part of a carcass, meat, or meat food product of cattle, sheep, swine, goats, horses, mules, or other equines, or any product exempted from the definition of a meat food product, or any dead, dying, disabled, or diseased cattle, sheep, swine, goat, or

equine is found by any authorized representative of the Secretary on any premises in which it is held for purposes of, or during or after distribution in, commerce or otherwise subject to subchapter I or II, and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of the provisions of subchapter I or of any other Federal law or the laws of any State or territory of the United States, or the District of Columbia, or that the article or animal has been, or is intended to be, distributed in violation of any such provisions, it may be detained by the representative for a period not to exceed 20 days, pending action under section 30363 of this title or notification of any Federal, State, or other governmental authorities having jurisdiction over the article or animal.

(b) REMOVAL OF ARTICLE.—The article or animal detained under subsection (a) shall not be moved by any person, firm, or corporation from the place at which it is located while detained under subsection (a), until released by the representative.

(c) OFFICIAL MARKS.—All official marks may be required by the representative to be removed from the article or animal before it is released unless it appears to the sat-

isfaction of the Secretary that the article or animal is eligible to retain the marks.

**§ 30363. Seizure and condemnation**

(a) PROCEEDINGS.—

(1) IN GENERAL.—

(A) SEIZURE AND CONDEMNATION.—Any article described in subparagraph (B) shall be liable to be proceeded against and seized and condemned, at any time, on a filing of an action in any United States district court or other proper court as provided in section 30364 of this title within the jurisdiction of which the article or animal is found.

(B) ARTICLES; ANIMALS.—An article described in this subparagraph is any carcass, part of a carcass, meat, or meat food product of cattle, sheep, swine, goats, horses, mules, or other equines, or any dead, dying, disabled, or diseased cattle, sheep, swine, goat, or equine, that is being transported in commerce or otherwise subject to subchapter I or II, or is held for sale in the United States after the transportation, and that—

(i) is or has been prepared, sold, transported, or otherwise distributed or of-

fered or received for distribution in violation of this chapter;

(ii) is capable of use as human food and is adulterated or misbranded; or

(iii) in any other way, is in violation of this chapter.

(2) DISPOSITION.—

(A) IN GENERAL.—If the article or animal is condemned, it shall, after entry of the decree—

(i) be distributed in accordance with paragraph (5); or

(ii) be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the Treasury of the United States, but the article or animal shall not be sold contrary to the provisions of this chapter, or the laws of the jurisdiction in which it is sold.

(B) BOND.—On the execution and delivery of a good and sufficient bond conditioned that the article or animal shall not be sold or otherwise disposed of contrary to the provisions of

this chapter, or the laws of the jurisdiction in which disposition is made, the court may direct that the article or animal be delivered to the owner of the article or animal subject to such supervision by authorized representatives of the Secretary as is necessary to ensure compliance with the applicable laws.

(3) COURT COSTS; STORAGE AND OTHER EXPENSES.—If a decree of condemnation is entered against the article or animal and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses, shall be awarded against the person, if any, intervening as claimant of the article or animal.

(4) ADMIRALTY PROCEEDINGS; UNITED STATES AS NAMED PARTY.—Proceedings under this section shall conform, as nearly as may be, to the proceedings in admiralty, except that either party may demand trial by jury of any issue of fact joined in any case, and all such proceedings shall be brought by and in the name of the United States.

(5) DISTRIBUTION.—

(A) IN GENERAL.—An article that is condemned under paragraph (1) may as the court may direct, after entry of the decree, be distrib-

uted without charge to nonprofit, private entities or to Federal, State, or local government entities engaged in the distribution of food without charge to individuals, if the article—

(i) has been inspected under this chapter and found to be wholesome and not to be adulterated within the meaning of clauses (i) through (vii) and (ix) of section 30301(1)(A) of this title and a determination is made at the time of the entry of the decree that the article is wholesome and not adulterated; and

(ii) is plainly marked ''Not for Sale'' on the article or its container.

(B) LEGAL RESPONSIBILITY OF THE UNITED STATES.—The United States may not be held legally responsible for any article that is distributed under subparagraph (A) to a nonprofit, private entity or to a Federal, State, or local government entity, if the article—

(i) was found after inspection under this chapter to be wholesome and not adulterated within the meaning of clauses (i) through (vii) and (ix) of section 30301(1)(A) of this title and a determina-

tion was made at the time of the entry of the decree that the article was wholesome and not adulterated; and

(ii) was plainly marked ''Not for Sale'' on the article or its container.

(C) LEGAL RESPONSIBILITY OF PERSON FROM WHOM ARTICLE WAS SEIZED AND CONDEMNED.—The person from whom the article was seized and condemned may not be held legally responsible for the article, if the article—

(i) was found after inspection under this chapter to be wholesome and not adulterated within the meaning of clauses (i) through (vii) and (ix) of section 30301(1)(A) of this title and a determination was made at the time of the entry of the decree that the article was wholesome and not adulterated; and

(ii) was plainly marked ''Not for Sale'' on the article or its container.

(b) CONDEMNATION OR SEIZURE UNDER OTHER PROVISIONS UNAFFECTED.—The provisions of this section shall not derogate from authority for condemnation or seizure conferred by other provisions of this chapter, or other laws.

**§ 30364. Federal court jurisdiction**

The United States district courts, the District Court of Guam, the District Court of the Virgin Islands, the highest court of American Samoa, and the United States courts of the other territories of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain violations of, this chapter, and shall have jurisdiction in all other kinds of cases arising under this chapter, except as provided in section 30307(e) of this title.

**§ 30365. Assaulting, resisting, or impeding certain persons; murder**

(a) IN GENERAL.—Any individual who forcibly assaults, resists, opposes, impedes, intimidates, or interferes with any individual while engaged in or on account of the performance of the latter's official duties under this chapter shall be imprisoned not more than 3 years, fined under title 18, or both.

(b) USE OF DEADLY OR DANGEROUS WEAPON.—Any individual who, in the commission of acts described in subsection (a), uses a deadly or dangerous weapon, shall be imprisoned not more than 10 years, fined under title 18, or both.

(c) MURDER.—Any individual who kills any individual while engaged in or on account of the performance of the latter's official duties under this chapter shall be

punished as provided under sections 1111 and 1114 of title 18.

**§ 30366. Minor violations**

(a) IN GENERAL.—Any person, firm, or corporation that violates any provision of this chapter for which no other criminal penalty is provided by this chapter shall, on conviction, be imprisoned not more than 1 year, fined under title 18, or both.

(b) INTENT TO DEFRAUD.—If a violation under subsection (a) involves intent to defraud, or any distribution or attempted distribution of an article that is adulterated (except as defined in section 30301(1)(A)(viii) of this title), the person, firm, or corporation shall be imprisoned not more than 3 years, fined under title 18, or both.

(c) GOOD FAITH.—A person, firm, or corporation shall not be subject to penalties under this section for receiving for transportation any article or animal in violation of this chapter if the receipt was made in good faith, unless the person, firm, or corporation refuses to furnish on request of a representative of the Secretary—

(1) the name and address of the individual from whom the person, firm, or corporation received the article or animal; and

(2) copies of all documents, if any, pertaining to the delivery of the article or animal to the person, firm, or corporation.

(d) EFFECT OF CHAPTER ON REPORTING OF MINOR VIOLATIONS.—Nothing in this chapter shall be construed as requiring the Secretary to report for prosecution or for the institution of civil action or injunction proceedings minor violations of this chapter if the Secretary believes that the public interest will be adequately served by a suitable written notice of warning.

**§ 30367. Other Federal laws applicable to administration and enforcement of chapter**

(a) IN GENERAL.—For the efficient administration and enforcement of this chapter, the provisions (including penalties) of sections 6, 8, 9, and 10 of the Federal Trade Commission Act (15 U.S.C. 46, 48, 49, 50) (except subsections (c) through (h) of section 6 of the Act (15 U.S.C. 46)), are made applicable to the jurisdiction, powers, and duties of the Secretary in administering and enforcing the provisions of this chapter and to any person, firm, or corporation with respect to whom the authority is exercised.

(b) PROSECUTION OF INQUIRY.—The Secretary, or such agents as the Secretary may designate, may prosecute any inquiry necessary to the Secretary's duties under this chapter in any part of the United States.

(c) AUHTORITY OF THE COURTS.—The powers conferred by sections 9 and 10 of the Federal Trade Commission Act (15 U.S.C. 49, 50) on the district courts of the United States may be exercised for the purposes of this chapter by any court designated in section 30364 of this title.

**§ 30368. Prohibition of additional or different requirements**

(a) PROHIBITION AGAINST ADDITIONAL OR DIFFERENT REQUIREMENTS RELATING TO PREMISES, FACILITIES, AND OPERATIONS; AUTHORITY TO IMPOSE RECORDKEEPING REQUIREMENTS.—Requirements within the scope of this chapter with respect to premises, facilities, and operations of any establishment at which inspection is provided under subchapter I that are in addition to, or different than, those made under this chapter may not be imposed by any State, territory of the United States, or the District of Columbia, except that any such jurisdiction may impose recordkeeping and other requirements within the scope of section 30342 of this title, if consistent with section 30342 of this title, with respect to the establishment.

(b) PROHIBITION AGAINST ADDITIONAL OR DIFFERENT STANDARDS AND LABELING REQUIREMENTS.—Marking, labeling, packaging, or ingredient requirements

in addition to, or different than, those made under this chapter may not be imposed by any State, territory of the United States, or the District of Columbia with respect to articles prepared at any establishment under inspection in accordance with the requirements under subchapter I, but any State, territory of the United States, or the District of Columbia may, consistent with the requirements under this chapter, exercise concurrent jurisdiction with the Secretary over articles required to be inspected under subchapter I, for the purpose of preventing the distribution for human food purposes of any such articles that are adulterated or misbranded and are outside of such an establishment, or, in the case of imported articles that are not at such an establishment, after their entry into the United States.

(c) EFFECT OF CHAPTER.—This chapter does not preclude any State, territory of the United States, or the District of Columbia from making requirements or taking other action, consistent with this chapter, with respect to any other matters regulated under this chapter.

**§ 30369. Applicability of subtitle I**

(a) EFFECT ON AUTHORITIES UNDER SUBTITLE I.—Notwithstanding any other provisions of law, including section 10321(a) of this title, the provisions of this chapter

shall not derogate from any authority conferred by subtitle I of this title prior to December 15, 1967.

(b) APPLICABILITY OF DETAINER AUTHORITY TO REPRESENTATIVE OF SECRETARY OF HEALTH AND HUMAN SERVICES.—The detainer authority conferred by section 30362 of this title shall apply to any authorized representative of the Secretary of Health and Human Services for purposes of the enforcement of subtitle I of this title with respect to any carcass, part of a carcass, meat, or meat food product of cattle, sheep, swine, goats, or equines that is outside any premises at which inspection is being maintained under this chapter, and for those purposes, the first reference to the Secretary in section 30362 of this title shall be deemed to refer to the Secretary of Health and Human Services.

**§ 30370. Safe Meat and Poultry Inspection Panel**

(a) DEFINITION OF PANEL.—In this section, the term ''Panel'' means the Safe Meat and Poultry Inspection Panel established in subsection (b).

(b) ESTABLISHMENT.—There is established in the Department of Agriculture a permanent advisory panel to be known as the ''Safe Meat and Poultry Inspection Panel''.

(c) DUTIES.—

(1) REVIEW AND EVALUATION.—The Panel shall review and evaluate, as the Panel considers necessary, the adequacy, necessity, safety, cost effectiveness, and scientific merit of—

(A) inspection procedures of, and work rules and worker relations involving Federal employees employed in, plants inspected under this chapter;

(B) informal petitions or proposals for changes in inspection procedures, processes, and techniques of plants inspected under this chapter;

(C) formal changes in meat inspection regulations promulgated under this chapter, whether in notice, proposed, or final form; and

(D) such other matters as may be referred to the Panel by the Secretary regarding the quality or effectiveness of a safe and cost-effective meat inspection system under this chapter.

(2) REPORTS.—

(A) IN GENERAL.—The Panel shall submit to the Secretary a report on the results of each review and evaluation carried out under paragraph (1), including such recommendations as the Panel considers appropriate.

(B) REPORTS ON FORMAL CHANGES.—In the case of a report concerning a formal change in meat inspection regulations, the report shall be made within the time limits prescribed for formal comments on the changes.

(C) PUBLICATION IN FEDERAL REGISTER.—Each report of the Panel to the Secretary shall be published in the Federal Register.

(d) SECRETARIAL RESPONSE.—Not later than 90 days after the publication of a Panel report under subsection (c)(2)(C), the Secretary shall publish in the Federal Register any response required of the Secretary to the report.

(e) COMPOSITION OF PANEL.—The Panel shall be composed of 7 members, not fewer than 5 of whom shall be from the food science, meat science, or poultry science profession, appointed to staggered terms not to exceed 3 years by the Secretary from nominations received from the National Institutes of Health and the Federation of American Societies of Food Animal Science and based on the professional qualifications of the nominees.

(f) NOMINATIONS.—

(1) INITIAL PANEL.—In constituting the initial panel, the Secretary shall solicit 6 nominees from

the National Institutes of Health and 6 nominees from the Federation of American Societies of Food Animal Science for membership on the Panel.

(2) VACANCIES.—Any subsequent vacancy on the Panel shall be filled by the Secretary after soliciting 2 nominees from the National Institutes of Health and 2 nominees from the Federation of American Societies of Food Animal Science.

(3) REQUIREMENTS FOR NOMINEES.—

(A) IN GENERAL.—Each nominee provided under paragraph (1) or (2) shall have a background in public health issues and a scientific expertise in food, meat, or poultry science or in veterinary science.

(B) SUBMISSION OF INFORMATION.—The Secretary may require nominees to submit such information as the Secretary considers necessary prior to completing the selection process.

(4) ADDITIONAL NOMINEES.—If any list of nominees provided under paragraph (1) or (2) is unsatisfactory to the Secretary, the Secretary may request the nominating entities to submit an additional list of nominees.

(g) TRAVEL EXPENSES.—While away from the home or regular place of business of a member of the Panel in

the performance of services for the Panel, the member shall be allowed travel expenses, including per diem in lieu of subsistence, at the same rate as an individual employed intermittently in the Government service would be allowed under section 5703 of title 5.

(h) CONFLICTS OF INTEREST.—The Secretary shall promulgate regulations regarding conflicts of interest with respect to the members of the Panel.

(i) EXEMPTION.—Chapter 10 of title 5 and title XVIII of the Food and Agriculture Act of 1977 (7 U.S.C. 2281 et seq.) shall not apply to the Panel.

(j) FUNDING.—From funds available to the Secretary to carry out this chapter and chapter 313 of this title, the Secretary shall allocate such sums as may be necessary to carry out this section.

# Subchapter V—Inspections by Federal and State Agencies

## §30381. Interstate shipment of meat inspected by Federal and State agencies for certain small establishments

(a) DEFINITIONS.—In this section:

(1) APPROPRIATE STATE AGENCY.—The term ''appropriate State agency'' means a State agency described in section 30356(c) of this title.

(2) DESIGNATED PERSONNEL.—The term ''designated personnel'' means inspection personnel of a State agency that have undergone all necessary inspection training and certification to assist the Secretary in the administration and enforcement of this chapter, including rules and regulations issued under this chapter.

(3) ELIGIBLE ESTABLISHMENT.—The term ''eligible establishment'' means an establishment that is in compliance with—

(A) the State inspection program of the State in which the establishment is located; and

(B) this chapter, including rules and regulations issued under this chapter.

(4) MEAT ITEM.—The term ''meat item'' means—

(A) a portion of meat; or

(B) a meat food product.

(5) SELECTED ESTABLISHMENT.—The term ''selected establishment'' means an eligible establishment that is selected by the Secretary, in coordination with the appropriate State agency of the State in which the eligible establishment is located, under subsection (b) to ship carcasses, portions of carcasses, and meat items in interstate commerce.

(b) AUTHORITY OF SECRETARY TO ALLOW SHIPMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), the Secretary, in coordination with the appropriate State agency of the State in which an establishment is located, may select the establishment to ship carcasses, portions of carcasses, and meat items in interstate commerce, and place on each carcass, portion of a carcass, and meat item shipped in interstate commerce a Federal mark, stamp, tag, or label of inspection, if—

(A) the carcass, portion of carcass, or meat item qualifies for the mark, stamp, tag, or label of inspection under the requirements of this chapter;

(B) the establishment is an eligible establishment; and

(C) inspection services for the establishment are provided by designated personnel.

(2) PROHIBITED ESTABLISHMENTS.—In carrying out paragraph (1), the Secretary, in coordination with an appropriate State agency, shall not select an establishment that—

(A) on average, employs more than 25 employees (including supervisory and non-

supervisory employees), as defined by the Secretary;

(B) as of June 18, 2008, ships in interstate commerce carcasses, portions of carcasses, or meat items that are inspected by the Secretary in accordance with this chapter;

(C)(i) is a Federal establishment;

(ii) was a Federal establishment that was reorganized on a later date under the same name or a different name or person by the person, firm, or corporation that controlled the establishment as of June 18, 2008; or

(iii) was a State establishment as of June 18, 2008, that—

(I) as of June 18, 2008, employed more than 25 employees; and

(II) was reorganized on a later date by the person, firm, or corporation that controlled the establishment as of June 18, 2008;

(D) is in violation of this chapter;

(E) is located in a State that does not have a State inspection program; or

(F) is the subject of a transition carried out in accordance with a procedure developed by the Secretary under paragraph (3)(A).

(3) ESTABLISHMENTS THAT EMPLOY MORE THAN 25 EMPLOYEES.—

(A) DEVELOPMENT OF PROCEDURE.—The Secretary may develop a procedure to transition to a Federal establishment any establishment under this section that, on average, consistently employs more than 25 employees.

(B) ELIGIBILITY OF CERTAIN ESTABLISHMENTS.—

(i) IN GENERAL.—A State establishment that employs more than 25 employees but less than 35 employees as of June 18, 2008, may be selected as a selected establishment under this subsection.

(ii) PROCEDURES.—A State establishment shall be subject to the procedures established under subparagraph (A).

(c) REIMBURSEMENT OF STATE COSTS.—The Secretary shall reimburse a State for costs related to the inspection of selected establishments in the State in accordance with Federal requirements in an amount of not less than 60 percent of eligible State costs.

(d) COORDINATION BETWEEN FEDERAL AND STATE AGENCIES.—

(1) IN GENERAL.—The Secretary shall designate an employee of the Federal Government as State coordinator for each appropriate State agency—

(A) to provide oversight and enforcement of this subchapter; and

(B) to oversee the training and inspection activities of designated personnel of the State agency.

(2) SUPERVISION.—A State coordinator shall be under the direct supervision of the Secretary.

(3) DUTIES OF STATE COORDINATOR.—

(A) IN GENERAL.—A State coordinator shall visit selected establishments with a frequency that is appropriate to ensure that selected establishments are operating in a manner that is consistent with this chapter (including regulations and policies under this chapter).

(B) QUARTERLY REPORTS.—A State coordinator shall, on a quarterly basis, submit to the Secretary a report that describes the status of each selected establishment that is under the jurisdiction of the State coordinator with respect to the level of compliance of each selected

establishment with the requirements of this chapter.

(C) IMMEDIATE NOTIFICATION REQUIREMENT.—If a State coordinator determines that any selected establishment that is under the jurisdiction of the State coordinator is in violation of any requirement of this chapter, the State coordinator shall—

(i) immediately notify the Secretary of the violation; and

(ii) deselect the selected establishment or suspend inspection at the selected establishment.

(4) PERFORMANCE EVALUATIONS.—Performance evaluations of State coordinators designated under this subsection shall be conducted by the Secretary as part of the Federal agency management control system.

(e) AUDITS.—Not later than 2 years after the effective date described in subsection (j), and not less often than every 3 years thereafter, the Inspector General of the Department of Agriculture shall conduct an audit of each activity taken by the Secretary under this section for the period covered by the audit to determine compliance with this section.

(f) TECHNICAL ASSISTANCE DIVISION.—

(1) ESTABLISHMENT.—The Secretary shall establish in the Food Safety and Inspection Service of the Department of Agriculture a technical assistance division to coordinate the initiatives of any other appropriate agency of the Department of Agriculture to provide—

(A) outreach, education, and training to very small or certain small establishments (as defined by the Secretary); and

(B) grants to appropriate State agencies to provide outreach, technical assistance, education, and training to very small or certain small establishments (as defined by the Secretary).

(2) PERSONNEL.—The technical assistance division shall be comprised of individuals that, as determined by the Secretary—

(A) are of a quantity sufficient to carry out the duties of the technical assistance division; and

(B) possess appropriate qualifications and expertise relating to the duties of the technical assistance division.

(g) TRANSITION GRANTS.—The Secretary may provide grants to appropriate State agencies to assist the appropriate State agencies in helping establishments covered by subchapter III to transition to selected establishments.

(h) VIOLATIONS.—Any selected establishment that the Secretary determines to be in violation of any requirement of this chapter shall be transitioned to a Federal establishment in accordance with a procedure developed by the Secretary under subsection (b)(3)(A).

(i) EFFECT.—Nothing in this section limits the jurisdiction of the Secretary with respect to the regulation of meat and meat products under this chapter.

(j) EFFECTIVE DATE.—

(1) IN GENERAL.—This section takes effect on the date on which the Secretary, after providing a period of public comment (including through the conduct of public meetings or hearings), promulgates final regulations to carry out this section.

(2) REQUIREMENT.—The Secretary shall promulgate final regulations in accordance with paragraph (1).

# Chapter 305—Supplemental Federal Meat Inspection Provisions

Sec.
30501. Inspection extended to reindeer.
30502. Purchase of tags, labels, stamps, and certificates.
30503. Inspection costs.
30504. Protection of religious freedom and ritual slaughter.

30505. Pasteurization of meat and poultry.
30506. Expansion of Food Safety Inspection Service activities.
30507. Grants for improvements to meat and poultry facilities to allow for interstate shipment.

**§ 30501. Inspection extended to reindeer**

The provisions of the meat inspection law may be extended to the inspection of reindeer.

**§ 30502. Purchase of tags, labels, stamps, and certificates**

The Secretary may expend appropriations for meat inspection for the purchase of printed tags, labels, stamps, and certificates without regard to existing laws applicable to public printing.

**§ 30503. Inspection costs**

(a) DEFINITION OF HOLIDAY.—The term ''holiday'', for the purposes of assessment or reimbursement of the cost of inspection performed under chapter 303 of this title, means the legal public holidays specified by Congress in section 6103(a) of title 5.

(b) OVERTIME AND HOLIDAY WORK COSTS.—The cost of inspection rendered under the requirements of laws relating to Federal inspection of meat and meat food products shall be borne by the United States except the cost of overtime and holiday pay paid pursuant to section 10703 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 2219a).

**§ 30504. Protection of religious freedom and ritual slaughter**

(a) DEFINITION OF RITUAL SLAUGHTER.—In this section, the term ''ritual slaughter'' means slaughter in accordance with section 2(b) of Public Law 85–765 (7 U.S.C. 1902(b)).

(b) IN GENERAL.—Nothing in the Humane Methods of Slaughter Act of 1978 (Public Law 95–445, 92 Stat. 1069) shall be construed to prohibit, abridge, or in any way hinder the religious freedom of any person or group.

(c) EXEMPTION.—Notwithstanding any provision of the Humane Methods of Slaughter Act of 1978 (Public Law 95–445, 92 Stat. 1069), in order to protect freedom of religion, ritual slaughter and the handling or other preparation of livestock for ritual slaughter are exempted from the terms of that Act.

**§ 30505. Pasteurization of meat and poultry**

The Secretary shall conduct an education program regarding the availability and safety of processes and treatments that eliminate or substantially reduce the level of pathogens on meat, meat food products, poultry, and poultry products.

**§ 30506. Expansion of Food Safety Inspection Service activities**

The Secretary may utilize existing authorities to give high priority to enhancing and expanding the capacity of

the Food Safety Inspection Service to conduct activities to—

(1) enhance the ability of the Service to inspect and ensure the safety and wholesomeness of meat and poultry products;

(2) improve the capacity of the Service to inspect international meat and meat products, poultry and poultry products, and egg products at points of origin and at ports of entry;

(3) strengthen the ability of the Service to collaborate with relevant agencies within the Department of Agriculture and with other entities in the Federal Government, the States, and Indian tribes (as defined in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304(e))) through the sharing of information and technology; and

(4) otherwise expand the capacity of the Service to protect against the threat of bioterrorism.

**§ 30507. Grants for improvements to meat and poultry facilities to allow for interstate shipment**

(a) IN GENERAL.—The Secretary shall make grants to meat and poultry slaughter and processing facilities described in subsection (b) (including the facilities operating

under State inspection or the facilities that are exempt from Federal inspection) to assist the facilities with respect to costs incurred in making improvements to the facilities and carrying out other planning activities necessary—

(1) to obtain a Federal grant of inspection under chapter 303 or 313 of this title, as applicable; or

(2) to operate as a State-inspected facility that is compliant with—

(A) chapter 303 of this title under the cooperative interstate shipment program established under section 30381 of this title; or

(B) chapter 313 of this title under the cooperative interstate shipment program established under section 31325 of this title.

(b) ELIGIBLE FACILITIES.—To be eligible for a grant under this section, a meat or poultry slaughter or processing facility shall be—

(1) in operation as of the date on which the facility submits to the Secretary an application for the grant; and

(2) seeking—

(A) to obtain a Federal grant of inspection described in subsection (a)(1); or

(B) to be eligible for inspection under a cooperative interstate shipment program described in subparagraph (A) or (B), as applicable, of subsection (a)(2), in a State that participates in that program.

(c) ELIGIBLE ACTIVITIES.—A facility that receives a grant under this section may use the grant amount for—

(1) the modernization or expansion of existing facilities;

(2) the modernization of equipment;

(3) compliance with packaging and labeling requirements under applicable law;

(4) compliance with safety requirements under applicable law;

(5) the development of processes to ensure food safety; and

(6) such other purposes as the Secretary determines to be appropriate.

(d) GRANT REQUIREMENTS.—

(1) AMOUNT.—The amount of a grant under this section shall not exceed $200,000.

(2) CONDITION.—As a condition of receiving a grant under this section, a grant recipient shall agree that the grant recipient shall make a payment (or payments) to the Secretary in an amount equal

to the amount of the grant if the recipient, within 36 months of receiving the grant—

(A) as applicable—

(i) is not subject to inspection under chapter 303 or 313 of this title, as applicable; or

(ii) is not eligible for inspection under a cooperative interstate shipment program described in subparagraph (A) or (B), as applicable, of subsection (a)(2); or

(B) is not making a good faith effort to be subject to the inspection or to be eligible under such a cooperative interstate shipment program, as applicable.

(3) MATCHING FUNDS.—The Secretary shall require a recipient of a grant under this section to provide matching non-Federal funds in an amount equal to the amount of the grant.

(e) REPORTS.—

(1) REPORTS ON GRANTS MADE.—Beginning not later than 1 year after the date on which the first grant is awarded under this section, and continuing annually thereafter through the year that is 10 years after the date on which the final grant is awarded under this section, the Secretary shall sub-

mit to the Committee on Agriculture and the Committee on Appropriations of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry and the Committee on Appropriations of the Senate a report on grants made under this section, including—

(A) any facilities that used a grant awarded under this section to carry out eligible activities described in subsection (c) during the year covered by the report; and

(B) the operational status of facilities that were awarded grants under this section.

(2) REPORT ON THE COOPERATIVE INTERSTATE SHIPMENT PROGRAM.—The Secretary shall submit to the Committee on Agriculture and the Committee on Appropriations of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry and the Committee on Appropriations of the Senate a report describing any recommendations, developed in consultation with all States, for possible improvements to the cooperative interstate shipment programs under sections 30381 and 31325 of this title.

(f) FUNDING.—Of the funds of the Treasury not otherwise appropriated, there is appropriated to carry out

this section $60,000,000 for the period of fiscal years 2021 through 2023, to remain available until expended.

# Chapter 307—Filled Milk

Sec.
30701. Definitions.
30702. Manufacture, shipment, or delivery for shipment in interstate or foreign commerce prohibited.
30703. Criminal penalties.
30704. Regulations for enforcement.

## § 30701. Definitions

In this chapter:

(1) FILLED MILK.—

(A) IN GENERAL.—The term ''filled milk'' means any milk, cream, or skimmed milk, whether or not condensed, evaporated, concentrated, powdered, dried, or desiccated, to which has been added, or which has been blended or compounded with, any fat or oil other than milk fat, so that the resulting product is in imitation or semblance of milk, cream, or skimmed milk, whether or not condensed, evaporated, concentrated, powdered, dried, or desiccated.

(B) EXCLUSIONS.—The term ''filled milk'' does not include any distinctive proprietary food compound not readily mistaken in taste for milk or cream or for evaporated, condensed, or powdered milk, or cream, if the compound—

(i) is prepared and designed for feeding infants and young children and customarily used on the order of a physician;

(ii) is packed in individual cans containing not more than 16½ ounces and bearing a label in bold type that the content is to be used only for feeding infants and young children; and

(iii) is shipped in interstate or foreign commerce exclusively to physicians, wholesale and retail druggists, orphan asylums, child-welfare associations, hospitals, and similar institutions and generally disposed of by those entities.

(2) INTERSTATE COMMERCE.—The term ''interstate or foreign commerce'' means commerce—

(A) between any State, territory (including a possession) of the United States, or the District of Columbia, and any place outside the State, territory of the United States, or the District of Columbia;

(B) between points within the same State or territory (including a possession) of the United States, or within the District of Columbia, but through any place outside of the State,

territory of the United States, or the District of Columbia; or

(C) within any territory (including a possession) of the United States or within the District of Columbia.

(3) PERSON.—The term ''person'' includes an individual, partnership, corporation, or association.

**§ 30702. Manufacture, shipment, or delivery for shipment in interstate or foreign commerce prohibited**

(a) ADULTERATION; FRAUD.—Filled milk is declared to be an adulterated article of food, injurious to the public health, and its sale is declared to constitute a fraud on the public.

(b) UNLAWFUL ACTS.—It shall be unlawful for any person to manufacture filled milk within any territory (including a possession) of the United States, or within the District of Columbia, or to ship or deliver filled milk for shipment in interstate or foreign commerce.

**§ 30703. Criminal penalties**

(a) IN GENERAL.—Any person violating any provision of this chapter shall, on conviction, be imprisoned not more than 1 year, fined under title 18, or both.

(b) ACTS OF AGENTS DEEMED ACTS OF PRINCIPALS.—When construing and enforcing the provisions of

this chapter, the act, omission, or failure of any person acting for or employed by any individual, partnership, corporation, or association, within the scope of the person's employment or office, shall be deemed the act, omission, or failure, of the individual, partnership, corporation, or association, as well as of the person.

### § 30704. Regulations for enforcement

The Secretary of Health and Human Services shall make and enforce the regulations as may, in the Secretary's judgment, be necessary to carry out this chapter.

# Chapter 309—Importation of Milk and Cream

Sec.
30901. Definitions.
30902. Prohibition of importation without permit.
30903. Milk or cream unfit for importation.
30904. Compliance; permits.
30905. Unlawful receiving of imported milk or cream.
30906. Criminal penalties.
30907. Authorization of appropriations.
30908. Repeal of inconsistent laws.
30909. Nonpreemption.

### § 30901. Definitions

In this chapter:

(1) PERSON.—The term ''person'' means an individual, partnership, association, or corporation.

(2) UNITED STATES.—The term ''United States'' means the 50 States and the District of Columbia.

**§ 30902. Prohibition of importation without permit**

The importation into the United States of milk and cream is prohibited unless the person by whom the milk or cream is shipped or transported into the United States holds a valid permit from the Secretary of Health and Human Services.

**§ 30903. Milk or cream unfit for importation**

Milk or cream is unfit for importation if—

(1) all cows producing the milk or cream are not healthy and a physical examination of all the cows has not been made within 1 year previous to the milk being offered for importation;

(2) the milk or cream, if raw, is not produced from cows that have passed a tuberculin test applied by an authorized official veterinarian of the United States, or of the country in which the milk or cream is produced, within 1 year previous to the time of the importation, showing that the cows are free from tuberculosis;

(3) the sanitary conditions of the dairy farm or plant in which the milk or cream is produced or handled do not score at least 50 points out of 100 points according to the methods for scoring as provided by the score cards used by the Secretary of Health and Human Services at the time the dairy farms or plants are scored;

(4)(A) in the case of raw milk, the number of bacteria per cubic centimeter exceeds 300,000;

(B) in the case of raw cream, the number of bacteria per cubic centimeter exceeds 750,000;

(C) in the case of pasteurized milk, the number of bacteria per cubic centimeter exceeds 100,000; or

(D) in the case of pasteurized cream, the number of bacteria per cubic centimeter exceeds 500,000; or

(5) the temperature of milk or cream at the time of importation exceeds 50 degrees Fahrenheit.

**§ 30904. Compliance; permits**

(a) IN GENERAL.—

(1) INSPECTIONS.—The Secretary of Health and Human Services shall cause such inspections to be made as are necessary to ensure that milk and cream are produced and handled so as to comply with the provisions of section 30903 of this title.

(2) PERMITS.—In all cases in which the Secretary of Health and Human Services finds that milk or cream is produced and handled so as not to be unfit for importation under paragraphs (1), (2), and (3) of section 30903 of this title, the Secretary of Health and Human Services shall issue to persons

applying for importation permits to ship milk or cream into the United States.

(3) AUTHORITY TO ACCEPT STATEMENT IN LIEU OF INSPECTION.—In lieu of inspections under this subsection, the Secretary of Health and Human Services may accept a certified statement signed by an accredited official of an authorized department of any foreign government or of any State of the United States or any municipality of the foreign government or the State that the provisions in paragraphs (1), (2), and (3) of section 30903 of this title have been complied with.

(4) FORM OF CERTIFIED STATEMENTS; REGULATIONS.—The certified statement under paragraph (3) of the accredited official of an authorized department of any foreign government shall be in the form prescribed by the Secretary of Health and Human Services, who shall prescribe the form and the rules and regulations regulating the issuance of permits to import milk or cream into the United States.

(b) WAIVER OF CERTAIN REQUIREMENTS.—

(1) PARAGRAPH (4) OF SECTION 30903.—

(A) IN GENERAL.—The Secretary of Health and Human Services may, in the discretion of the Secretary of Health and Human

Services, waive the requirement of paragraph (4) of section 30903 of this title when issuing permits to operators of condenseries in which milk or cream is used if sterilization of the milk or cream is a necessary process.

(B) LIMITATION.—Notwithstanding subparagraph (A), milk or cream shall not be imported if the bacterial count of the milk or cream exceeds 1,200,000 per cubic centimeter.

(C) DISTANCE REQUIREMENT.—Notwithstanding subparagraph (A), paragraph (4) of section 30903 of this title shall not be waived unless the farm producing the milk to be imported is within a radius of 15 miles of the condensery in which it is to be processed.

(D) REVOCATION OF PERMIT; CRIMINAL PENALTIES.—If milk or cream imported under a waiver authorized under this paragraph is sold, used, or disposed of in its raw state or otherwise than as condensed milk by any person, the permit shall be revoked and the importer shall be subject to fine, imprisonment, or other penalty prescribed by this chapter.

(2) PARAGRAPHS (2) AND (5) OF SECTION 30903.—

(A) IN GENERAL.—The Secretary of Health and Human Services shall waive the requirements of paragraphs (2) and (5) of section 30903 of this title with regard to milk when issuing permits to operators of, or to producers for delivery to, creameries and condensing plants in the United States within 20 miles of the point of production of the milk, and which creameries and condensing plants import no raw milk except for pasteurization or condensing.

(B) REVOCATION OF PERMIT; CRIMINAL PENALTIES.—If milk imported under a waiver authorized under this paragraph is sold, used, or disposed of in its raw state, or otherwise than as pasteurized, condensed, or evaporated milk by any person, the permit shall be revoked and the importer shall be subject to fine, imprisonment, or other penalty prescribed by this chapter.

(c) REGULATIONS.—

(1) IN GENERAL.—The Secretary of Health and Human Services shall make and enforce such regulations as may, in the judgment of the Secretary of

Health and Human Services, be necessary to carry out this chapter—

(A) for the handling of milk and cream; and

(B) for the inspection of milk, cream, cows, barns, and other facilities used in—

(i) the production and handling of milk or cream; and

(ii) the handling, keeping, transporting, and importing of milk or cream.

(2) INSPECTIONS; TEMPORARY PERMITS.—Unless and until the Secretary of Health and Human Services provides for inspections to ascertain that paragraphs (1), (2), and (3) of section 30903 of this title have been complied with, the Secretary of Health and Human Services shall issue temporary permits to any applicants for the temporary permits to ship or transport milk or cream into the United States.

(d) SUSPENSION OR REVOCATION OF PERMITS.—The Secretary of Health and Human Services may suspend or revoke any permit for the shipment of milk or cream into the United States if the Secretary of Health and Human Services finds that—

(1) the holder of the permit failed to comply with or violated this chapter or any of the regulations made under this chapter; or

(2) the milk or cream brought or shipped by the holder of the permit into the United States is not produced and handled in conformity with, or that the quality of the milk or cream does not conform to, all of the provisions of section 30903 of this title.

**§ 30905. Unlawful receiving of imported milk or cream**

It shall be unlawful for any person in the United States to receive milk or cream imported into the United States unless the importation is in accordance with this chapter.

**§ 30906. Criminal penalties**

Any person that knowingly violates this chapter shall, in addition to all other penalties prescribed by law, be imprisoned for not more than 1 year, fined under title 18 but not less than $50, or both.

**§ 30907. Authorization of appropriations**

There is authorized to be appropriated, out of amounts in the Treasury not otherwise appropriated, the sum of $50,000 annually, to enable the Secretary of Health and Human Services to carry out the provisions of this chapter.

**§ 30908. Repeal of inconsistent laws**

Any laws or parts of laws inconsistent with this chapter are repealed.

**§ 30909. Nonpreemption**

Nothing in this chapter is intended or shall be construed to affect the powers of any State, or any political subdivision of a State, to regulate the shipment of milk or cream into, or the handling, sale, or other disposition of milk or cream in, the State or political subdivision after the milk or cream has been lawfully imported under the provisions of this chapter.

# Chapter 311—Oleomargarine

Sec.
31101. Congressional declaration of policy regarding oleomargarine sales.
31102. Contravention of State laws.

**§ 31101. Congressional declaration of policy regarding oleomargarine sales**

(a) IN GENERAL.—Congress finds and declares that the sale, or the serving in public eating places, of colored oleomargarine or colored margarine without clear identification as such or which is otherwise adulterated or misbranded within the meaning of subtitle I of this title—

(1) depresses the market in interstate commerce for butter and for oleomargarine or margarine clearly identified and neither adulterated nor misbranded; and

(2) constitutes a burden on interstate commerce in the articles.

(b) EXISTENCE OF BURDEN IRRESPECTIVE OF SOURCE.—The burden on interstate commerce exists, irrespective of whether the oleomargarine or margarine originates from an interstate source or from the State in which it is sold.

**§ 31102. Contravention of State laws**

Nothing in section 31101 of this title and the Act of March 16, 1950 (ch. 61, 64 Stat. 20) shall be construed as authorizing the possession, sale, or serving of colored oleomargarine or colored margarine in any State or territory of the United States in contravention of the laws of the State or territory of the United States.

# Chapter 313—Poultry and Poultry Products Inspection

Sec.
31301. Definitions.
31302. Congressional declaration of policy.
31303. Federal and State cooperation in development and administration of State poultry product inspection programs.
31304. Inspection in official establishments.
31305. Operation of premises, facilities, and equipment.
31306. Labeling and container standards.
31307. Prohibited acts.
31308. Compliance by all establishments.
31309. Miscellaneous activities subject to regulation.
31310. Offenses and punishment.
31311. Reporting of violations.
31312. Rules and regulations.
31313. Exemptions.
31314. Limitations on entry of poultry products and other materials into official establishments.
31315. Imports.
31316. Refusal or withdrawal of inspection services based on certain convictions.
31317. Administrative detention.

31318. Seizure and condemnation.
31319. Federal court jurisdiction.
31320. Other Federal laws applicable for administration and enforcement of chapter.
31321. State or local regulations.
31322. Applicability of subtitle I.
31323. Inspection and administration costs.
31324. Safe Meat and Poultry Inspection Panel.
31325. Interstate shipment of poultry inspected by Federal and State agencies for certain small establishments.

**§ 31301. Definitions**

In this chapter:

(1) ADULTERATED.—

(A) IN GENERAL.—The term ''adulterated'' shall apply to any poultry product under 1 or more of the following circumstances:

(i) It bears or contains any poisonous or deleterious substance that may render it injurious to health. In case the substance is not an added substance, the article shall not be considered adulterated under this clause if the quantity of the substance in or on the article does not ordinarily render it injurious to health.

(ii)(I) It bears or contains (by reason of administration of any substance to the live poultry or otherwise) any added poisonous or added deleterious substance (other than one that is a pesticide chemical in or on a raw agricultural commodity, a

food additive, or a color additive) that may, in the judgment of the Secretary, make the article unfit for human food.

(II) It is, in whole or in part, a raw agricultural commodity and the commodity bears or contains a pesticide chemical that is unsafe within the meaning of section 11110 of this title.

(III) It bears or contains any food additive that is unsafe within the meaning of section 11111 of this title.

(IV) It bears or contains any color additive that is unsafe within the meaning of section 17701 of this title.

(iii) It consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food.

(iv) It has been prepared, packed, or held under insanitary conditions by which it may have become contaminated with filth, or by which it may have been rendered injurious to health.

(v) It is, in whole or in part, the product of any poultry that has died otherwise than by slaughter.

(vi) Its container is composed, in whole or in part, of any poisonous or deleterious substance that may render the contents injurious to health.

(vii) It has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to section 11111 of this title.

(viii)(I) Any valuable constituent of the article has been in whole or in part omitted or abstracted from the article.

(II) Any substance has been substituted, wholly or in part, for the article

(III) Damage or inferiority of the article has been concealed in any manner.

(IV) Any substance has been added to the article or mixed or packed with the article so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

(B) PESTICIDE CHEMICAL, FOOD ADDITIVE, COLOR ADDITIVE PROHIBITED BY REGULATION.—An article that is not otherwise deemed adulterated under subclause (II), (III), or (IV) of subparagraph (A)(ii) shall be deemed adulterated if use of the pesticide chemical, food additive, or color additive in or on the article is prohibited by regulations of the Secretary in official establishments.

(2) ANIMAL FOOD MANUFACTURER.—The term ''animal food manufacturer'' means any person engaged in the business of manufacturing or processing animal food derived wholly or in part from carcasses, or parts or products of the carcasses, of poultry.

(3) CAPABLE OF USE AS HUMAN FOOD.—The term ''capable of use as human food'' shall apply to any carcass, or part or product of a carcass, of any poultry, unless it is denatured or otherwise identified as required by regulations prescribed by the Secretary to deter its use as human food, or it is naturally inedible by humans.

(4) COLOR ADDITIVE.—The term ''color additive'' has the meaning given the term in section 10101 of this title.

(5) COMMERCE.—The term ''commerce'' means commerce—

(A) between any State, any territory of the United States, or the District of Columbia, and any place outside the State or territory of the United States, or the District of Columbia; or

(B) within any territory of the United States not organized with a legislative body, or the District of Columbia.

(6) CONTAINER.—The term ''container'' includes any box, can, tin, cloth, plastic, or other receptacle, wrapper, or cover.

(7) FOOD ADDITIVE.—The term ''food additive'' has the meaning given the term in section 10101 of this title.

(8) IMMEDIATE CONTAINER.—The term ''immediate container'' includes—

(A) any consumer package; and

(B) any other container in which poultry products, not consumer packaged, are packed.

(9) INSPECTION SERVICE.—The term ''inspection service'' means the official Government service within the Department of Agriculture designated by the Secretary as having the responsibility for carrying out the provisions of this chapter.

(10) INSPECTOR.—The term ''inspector'' means—

(A) an employee or official of the Federal Government authorized by the Secretary to inspect poultry and poultry products under the authority of this chapter; or

(B) any employee or official of the government of any State, territory of the United States, or the District of Columbia authorized by the Secretary to inspect poultry and poultry products under this chapter, under an agreement entered into between the Secretary and the appropriate State or other agency.

(11) LABEL.—The term ''label'' means a display of written, printed, or graphic matter on any article or the immediate container (not including packaged liners) of any article.

(12) LABELING.—The term ''labeling'' means all labels and other written, printed, or graphic matter—

(A) on any article or any of its containers or wrappers; or

(B) accompanying the article.

(13) MISBRANDED.—

(A) IN GENERAL.—The term ''misbranded'' shall apply to any poultry product under 1 or more of the following circumstances:

(i) Its labeling is false or misleading in any particular.

(ii) It is offered for sale under the name of another food.

(iii) It is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word ''imitation'' and immediately after that word, the name of the food imitated.

(iv) Its container is made, formed, or filled so as to be misleading.

(v) Unless it bears a label showing—

(I) the name and the place of business of the manufacturer, packer, or distributor; and

(II) an accurate statement of the quantity of the product in terms of weight, measure, or numerical count.

(vi) Any word, statement, or other information required by or under authority of this chapter to appear on the label or other labeling is not prominently placed on

the label or labeling with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(vii) It purports to be or is represented as a food for which a definition and standard of identity or composition has been prescribed by regulations of the Secretary under section 31306 of this title unless—

(I) it conforms to the definition and standard; and

(II) its label bears the name of the food specified in the definition and standard and, to the extent that may be required by the regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in the food.

(viii) It purports to be or is represented as a food for which a standard or standards of fill of container have been

prescribed by regulations of the Secretary under section 31306 of this title, and it falls below the standard of fill of container applicable to the food, unless its label bears, in such manner and form as the regulations specify, a statement that it falls below the standard.

(ix) It is not subject to the provisions of clause (vii), unless its label bears—

(I) the common or usual name of the food, if any; and

(II) in case it is fabricated from 2 or more ingredients, the common or usual name of each ingredient, except that spices, flavorings, and colorings may, if authorized by the Secretary, be designated as spices, flavorings, and colorings without naming each.

(x) It purports to be or is represented for special dietary uses unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the Secretary, after consultation with the Secretary of Health and Human Services, determines to be, and by regulations

prescribes as, necessary in order fully to inform purchasers as to its value for those uses.

(xi) It bears or contains any artificial flavoring, artificial coloring, or chemical preservative unless it bears labeling stating that fact.

(xii) It fails to bear on its containers, and in the case of nonconsumer packaged carcasses (if the Secretary requires), directly on the nonconsumer packaged carcasses, as the Secretary may by regulations prescribe, the official inspection legend and official establishment number of the establishment where the article was processed, and, unrestricted by any of the foregoing, such other information as the Secretary may require in the regulations to ensure that the article will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the article in a wholesome condition.

(B) SMALL PACKAGES AND ARTICLES NOT IN PACKAGES AND CONTAINERS.—Under sub-

paragraph (A)(v)(II), reasonable variations may be permitted, and exemptions as to small packages or articles not in packages or other containers may be established, by regulations prescribed by the Secretary.

(C) COMPLIANCE WITH CERTAIN LABELING REQUIREMENTS IMPRACTICABLE OR RESULTS IN DECEPTION OR UNFAIR COMPETITION.—To the extent that compliance with the requirements of subparagraph (A)(ix)(II) is impracticable or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the Secretary.

(D) ARTIFICIAL FLAVORINGS, ARTIFICIAL COLORINGS, AND CHEMICAL PRESERVATIVES.—To the extent that compliance with the requirements of subparagraph (A)(xi) is impracticable, exemptions shall be established by regulations promulgated by the Secretary.

(14) OFFICIAL CERTIFICATE.—The term ''official certificate'' means any certificate prescribed by regulations of the Secretary for issuance by an inspector or other person performing official functions under this chapter.

(15) OFFICIAL DEVICE.—The term ''official device'' means any device prescribed or authorized by the Secretary for use in applying any official mark.

(16) OFFICIAL ESTABLISHMENT.—The term ''official establishment'' means any establishment as determined by the Secretary at which inspection of the slaughter of poultry, or the processing of poultry products, is maintained under the authority of this chapter.

(17) OFFICIAL INSPECTION LEGEND.—The term ''official inspection legend'' means any symbol prescribed by regulations of the Secretary showing that an article was inspected for wholesomeness in accordance with this chapter.

(18) OFFICIAL MARK.—The term ''official mark'' means the official inspection legend or any other symbol prescribed by regulation of the Secretary to identify the status of any article or poultry under this chapter.

(19) PACKAGE.—The term package'' includes any box, can, tin, cloth, plastic, or other receptacle, wrapper, or cover.

(20) PERSON.—The term ''person'' means any individual, partnership, corporation, association, or other business unit.

(21) PESTICIDE CHEMICAL.—The term ''pesticide chemical'' has the meaning given the term in section 10101 of this title.

(22) POULTRY.—The term ''poultry'' means any domesticated bird, whether live or dead.

(23) POULTRY PRODUCT.—

(A) IN GENERAL.—The term ''poultry product'' means—

(i) any poultry carcass, or part of a poultry carcass; or

(ii) any product that is made wholly or in part from any poultry carcass or part of a poultry carcass.

(B) EXCLUSIONS.—The term ''poultry product'' does not include a product—

(i) that contains poultry ingredients only in a relatively small proportion or historically has not been considered by consumers as a product of the poultry food industry; and

(ii) that is exempted by the Secretary from definition as a poultry product under such conditions as the Secretary may prescribe to ensure that the poultry ingredients in the product are not adulterated and

that the product is not represented as a poultry product.

(24) POULTRY PRODUCTS BROKER.—The term ''poultry products broker'' means any person engaged in the business of buying or selling poultry products on commission, or otherwise negotiating purchases or sales of the articles other than for the person's own account or as an employee of another person.

(25) PROCESSED.—The term ''processed'' means slaughtered, canned, salted, stuffed, rendered, boned, cut up, or otherwise manufactured or processed.

(26) RAW AGRICULTURAL COMMODITY.—The term ''raw agricultural commodity'' has the meaning given the term in section 10101 of this title.

(27) RENDERER.—The term ''renderer'' means any person engaged in the business of rendering carcasses, or parts or products of the carcasses, of poultry, except rendering conducted under inspection or exemption under this chapter.

(28) SECRETARY.—The term ''Secretary'' means the Secretary of Agriculture or a delegate of the Secretary of Agriculture.

(29) SHIPPING CONTAINER.—The term ''shipping container'' means any container used or intended for use in packaging the product packed in an immediate container.

(30) STATE.—Except as otherwise provided in this chapter, the term ''State'' means any State of the United States or Puerto Rico.

(31) TERRITORY OF THE UNITED STATES.—The term ''territory of the United States'' means Guam, American Samoa, the Virgin Islands, or any other territory (including a possession) of the United States.

(32) UNITED STATES.—The term ''United States'' means the States, the District of Columbia, and the territories of the United States.

**§ 31302. Congressional declaration of policy**

(a) POLICY.—It is the policy of Congress to provide for the inspection of poultry and poultry products and otherwise regulate the processing and distribution of the articles as prescribed in this chapter to prevent the movement or sale in interstate or foreign commerce of, or the burdening of interstate or foreign commerce by, poultry products that are adulterated or misbranded.

(b) INTENT.—It is the intent of Congress that when poultry and poultry products are condemned because of

disease, the reason for condemnation in those instances shall be supported by scientific fact, information, or criteria, and the condemnation under this chapter shall be achieved through uniform inspection standards and uniform applications of the standards.

**§ 31303. Federal and State cooperation in development and administration of State poultry product inspection programs**

(a) DEFINITION OF STATE.—In this section, the term ''State'' means any State, Puerto Rico, or organized territory of the United States.

(b) AUTHORITIES OF THE SECRETARY TO COOPERATE.—It is the policy of Congress to protect the consuming public from poultry products that are adulterated or misbranded and to assist in efforts by State and other government agencies to accomplish this objective. In furtherance of this policy, the following are authorized:

(1) DEVELOPMENT AND ADMINISTRATION OF A STATE POULTRY PRODUCT INSPECTION PROGRAM.—The Secretary may, if the Secretary determines that it would effectuate the purposes of this chapter, cooperate with the appropriate State agency in developing and administering a State poultry product inspection program in any State that has enacted a mandatory State poultry product inspection law that

imposes ante mortem and post mortem inspection, reinspection, and sanitation requirements that are at least equal to those under this chapter, with respect to all or certain classes of persons engaged in the State in slaughtering poultry or processing poultry products for use as human food solely for distribution within the State.

(2) COOPERATION WITH STATE AND FEDERAL AGENCIES.—

(A) IN GENERAL.—The Secretary may, if the Secretary determines that it would effectuate the purposes of this chapter—

(i) cooperate with appropriate State agencies in developing and administering State programs under State laws containing authorities at least equal to those provided in section 31309 of this title; and

(ii) cooperate with other agencies of the United States in carrying out any provisions of this chapter.

(B) EXAMINATIONS, INVESTIGATIONS, AND INSPECTIONS.—In carrying out the provisions of this chapter, the Secretary may conduct such examinations, investigations, and inspections as the Secretary determines practicable through

any officer or employee of any State, territory of the United States, or the District of Columbia commissioned by the Secretary for that purpose.

(3) ASSISTANCE PROVIDED IN COOPERATION WITH STATE AGENCIES.—

(A) IN GENERAL.—Cooperation with State agencies under this section may include furnishing to the appropriate State agency—

(i) advisory assistance in planning and otherwise developing an adequate State program under the State law; and

(ii) technical and laboratory assistance and training (including necessary curricular and instructional materials and equipment), and financial and other aid for administration of such a program.

(B) FEDERAL CONTRIBUTION AMOUNT.—

(i) IN GENERAL.—The amount to be contributed to any State by the Secretary under this section from Federal funds for any year shall not exceed 50 percent of the estimated total cost of the cooperative program.

(ii) EQUITABLE ALLOCATION.—The Federal funds under clause (i) shall be allocated among the States desiring to cooperate on an equitable basis.

(C) CONDITION RELATING TO ADEQUACY OF ADMINISTRATION.—The cooperation and payment under this paragraph shall be contingent at all times on the administration of the State program in a manner which the Secretary, in consultation with the appropriate advisory committee appointed under paragraph (4), considers adequate to effectuate the purposes of this section.

(4) APPOINTMENT OF ADVISORY COMMITTEES.—The Secretary may appoint advisory committees consisting of such representatives of appropriate State agencies as the Secretary and the State agencies may designate to consult with the Secretary concerning State and Federal programs with respect to poultry product inspection and other matters within the scope of this chapter, including evaluating State programs for purposes of this chapter, and obtaining better coordination and more uniformity among the State programs and between the Federal

and State programs and adequate protection of consumers.

(c) APPROPRIATE STATE AGENCY.—

(1) IN GENERAL.—The appropriate State agency with which the Secretary may cooperate under this chapter shall be a single agency in the State that is primarily responsible for the coordination of the State programs having objectives similar to those under this chapter.

(2) PERFORMANCE BY SUBORDINATE GOVERNMENTAL UNIT OF STATE.—If a State program described in paragraph (1) includes performance of certain functions by a municipality or other subordinate governmental unit, the unit shall be deemed to be a part of the State agency for purposes of this section.

(d) INTRASTATE ACTIVITIES.—

(1) DESIGNATED STATES.—

(A) NOTIFICATION.—If the Secretary has reason to believe that a State has failed to develop, or is not enforcing, with respect to all establishments within its jurisdiction (except those that would be exempted from Federal inspection under paragraph (2)) at which poultry are slaughtered, or poultry products are proc-

essed for use as human food, solely for distribution within the State, and the products of the establishments, requirements at least equal to those imposed under sections 31301, 31302, 31304, 31305, 31306, 31307, 31308, 31310, 31311, 31312, 31313, 31314, 31315, 31316, 31317, 31318, 31319, and 31320 of this title, the Secretary shall promptly notify the Governor of the State of this fact.

(B) SECTIONS OF THIS CHAPTER APPLICABLE TO DESIGNATED STATES.—If the Secretary determines, after consultation with the Governor of the State, or representative selected by the Governor, that the requirements have not been developed and activated, the Secretary shall promptly designate the State as one in which the provisions of the sections referred to in subparagraph (A) shall apply to operations and transactions wholly within the State.

(C) PUBLICATION OF DESIGNATION.—The Secretary shall publish any designation under this paragraph in the Federal Register and, on the expiration of 30 days after the publication, the provisions of the sections referred to in subparagraph (A) shall apply to operations and

transactions and to persons engaged in the operations and transactions in the State to the same extent and in the same manner as if the operations and transactions were conducted in or for commerce.

(D) ADULTERATED POULTRY PRODUCTS BEING DISTRIBUTED WITHIN A STATE.—

(i) NOTIFICATION OF GOVERNOR BY SECRETARY.—Notwithstanding any other provision of this section, if the Secretary determines that any establishment within a State is producing adulterated poultry products for distribution in the State that would clearly endanger the public health, the Secretary shall notify the Governor of the State and the appropriate advisory committee provided for by subsection (b)(4) of the fact for effective action under State or local law.

(ii) NO STATE ACTION TAKEN.—If the State does not take action to prevent the endangering of the public health described in clause (i) within a reasonable time after the notice, as determined by the Secretary, in light of the risk to public health, the

Secretary may immediately designate the establishment described in clause (i) as subject to the provisions of the sections referred to in subparagraph (A), and on the designation, the establishment and operator of the establishment shall be subject to the provisions as though engaged in commerce until such time as the Secretary determines that the State has developed and will enforce requirements at least equal to those imposed under the sections.

(2) RETAIL ESTABLISHMENTS AND RESTAURANTS.—

(A) IN GENERAL.—The provisions of this chapter requiring inspection of the slaughter of poultry and the processing of poultry products shall not apply to operations of types traditionally and usually conducted at retail stores and restaurants, if conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of the articles to consumers at the establishments if the establishments are subject to the inspection provisions only under this subsection.

(B) OPERATIONS AT A RESTAURANT CENTRAL KITCHEN.—

(i) IN GENERAL.—For the purposes of this paragraph, operations conducted at a restaurant central kitchen facility shall be considered as being conducted at a restaurant if the restaurant central kitchen prepares poultry products that are ready to eat when they leave the facility and are served in meals or as entrees only to customers at restaurants owned or operated by the same person owning or operating the facility.

(ii) APPLICABILITY OF PROVISION.—The facility described in clause (i) shall be subject to the provisions of section 31309(b) of this title.

(iii) INSPECTIONS.—The facility described in clause (i) may be subject to the inspection requirements of this chapter for as long as the Secretary considers necessary, if the Secretary determines that the sanitary conditions or practices of the facility or the processing procedures or meth-

ods at the facility are such that any of its poultry products are rendered adulterated.

(3) TERMINATION; REDESIGNATION.—

(A) TERMINATION OF DESIGNATION.—If the Secretary determines that any State designated under this subsection has developed and will enforce State poultry products inspection requirements at least equal to those imposed under the sections referred to in paragraph (1)(A), with respect to the operations and transactions within the State that are regulated under paragraph (1), the Secretary shall terminate the designation of the State under this subsection.

(B) REDESIGNATION.—The termination under subparagraph (A) shall not preclude the subsequent redesignation of the State at any time on 30 days' notice to the Governor and publication in the Federal Register in accordance with this subsection, and any State may be designated on the notice and publication, at any time after the period specified in this subsection whether the State has previously been designated, on the Secretary determining that it is not effectively enforcing requirements at least

equal to those imposed under the sections referred to in paragraph (1)(A).

(4) ANNUAL REVIEW AND REPORT.—The Secretary shall periodically, but at least annually, review the requirements, including the enforcement of the requirements, of the States not designated under this subsection, with respect to the slaughter, and the processing, storage, handling, and distribution of poultry products, and inspection of the operations.

**§ 31304. Inspection in official establishments**

(a) ANTE MORTEM INSPECTION.—For the purpose of preventing the entry into or flow or movement in commerce of, or the burdening of commerce by, any poultry product that is capable of use as human food and is adulterated, the Secretary shall conduct (if and to the extent considered by the Secretary necessary), through inspectors, ante mortem inspection of poultry in each official establishment processing poultry or poultry products for commerce or otherwise subject to inspection under this chapter.

(b) POST MORTEM INSPECTION.—The Secretary, whenever processing operations are being conducted, shall conduct—

(1) through inspectors, post mortem inspection of the carcass of each bird processed; and

(2) at any time, as the Secretary considers necessary, such quarantine, segregation, and reinspection of poultry and poultry products capable of use as human food in each official establishment processing the poultry or poultry products for commerce or otherwise subject to inspection under this chapter.

(c) CONDEMNATION.—

(1) IN GENERAL.—All poultry carcasses and parts of the carcasses and other poultry products found to be adulterated shall be condemned and shall, if no appeal is taken from the determination of condemnation, be destroyed for human food purposes under the supervision of an inspector.

(2) REPROCESSING.—Carcasses, parts, and products, which may by reprocessing be made not adulterated, need not be condemned and destroyed as described in paragraph (1) if so reprocessed under the supervision of an inspector and, after the reprocessing, found to be not adulterated.

(3) APPEALS.—

(A) IN GENERAL.—If an appeal is taken from the determination of condemnation, the carcasses, parts, or products shall be appropriately marked and segregated pending com-

pletion of an appeal inspection, which appeal shall be at the cost of the appellant if the Secretary determines that the appeal is frivolous.

(B) DETERMINATION OF CONDEMNATION SUSTAINED.—If the determination of condemnation is sustained, the carcasses, parts, and products shall be destroyed for human food purposes under the supervision of an inspector.

**§ 31305. Operation of premises, facilities, and equipment**

(a) SANITARY PRACTICES.—Each official establishment slaughtering poultry or processing poultry products for commerce or otherwise subject to inspection under this chapter shall have such premises, facilities, and equipment, and be operated in accordance with such sanitary practices, as are required by regulations promulgated by the Secretary for the purpose of preventing the entry into or flow or movement in commerce, or a burdensome effect on commerce, of poultry products that are adulterated.

(b) REFUSAL OF INSPECTION.—The Secretary shall refuse to render inspection to any establishment whose premises, facilities, or equipment, or the operation thereof, fail to meet the requirements of this section.

**§ 31306. Labeling and container standards**

(a) REQUIREMENTS FOR SHIPPING CONTAINERS AND IMMEDIATE CONTAINERS.—

(1) IN GENERAL.—All poultry products inspected at any official establishment under this chapter and found to be not adulterated, shall, at the time they leave the establishment, bear, in distinctly legible form, on their shipping containers and immediate containers as the Secretary may require, the information required under section 31301(13) of this title.

(2) NONCONSUMER PACKAGED CARCASSES.—In addition to paragraph (1), the Secretary, if the Secretary determines that the action is practicable and necessary for the protection of the public, may require nonconsumer packaged carcasses at the time they leave the establishment to bear directly on the nonconsumer packaged carcasses in distinctly legible form any information required under section 31301(13) of this title.

(b) LABELING REQUIREMENTS.—

(1) IN GENERAL.—The Secretary, if the Secretary determines that the action is necessary for the protection of the public, may prescribe—

(A) the styles and sizes of type to be used with respect to material required to be incor-

porated in labeling to avoid false or misleading labeling in marking and labeling any articles or poultry subject to this chapter; and

(B) definitions and standards of identity or composition for articles subject to this chapter and standards of fill of container for the articles not inconsistent with any such standards established under subtitle I of this title.

(2) CONSULTATIONS.—

(A) SECRETARY OF HEALTH AND HUMAN SERVICES.—The Secretary and the Secretary of Health and Human Services shall consult prior to the issuance of the standards under this chapter or subtitle I of this title relating to articles subject to this chapter to avoid inconsistency in the standards and possible impairment of the coordinated effective administration of this chapter and subtitle I of this title.

(B) ADVISORY COMMITTEES.—The Secretary and an appropriate advisory committee provided for in section 31303 of this title shall consult, prior to the issuance of the standards under this chapter, to avoid, to the extent feasible, inconsistency between Federal and State standards.

(c) FALSE OR MISLEADING MARKING OR LABELING; MISLEADING FORM OR SIZE OF CONTAINER; USE OF TRADE NAMES.—An article subject to this chapter shall not be sold or offered for sale by any person in commerce, under any name or other marking or labeling that is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers that are not false or misleading and that are approved by the Secretary are permitted.

(d) WITHHOLDING USE OF FALSE OR MISLEADING MARK, LABELING, OR CONTAINER SIZE OR FORM.—

(1) IN GENERAL.—If the Secretary has reason to believe that any marking, labeling, or size or form of any container in use or proposed for use with respect to any article subject to this chapter is false or misleading in any particular, the Secretary may direct that the use be withheld unless the marking, labeling, or container is modified in such manner as the Secretary may prescribe so that it will not be false or misleading.

(2) HEARING REQUEST.—If the person using or proposing to use the marking, labeling, or container does not accept the determination of the Secretary, the person may request a hearing, but the use of the

marking, labeling, or container shall, if the Secretary directs, be withheld pending hearing and final determination by the Secretary.

(3) APPEALS.—

(A) IN GENERAL.—Any final determination by the Secretary shall be conclusive unless, within 30 days after receipt of notice of the final determination, the person adversely affected by the final determination appeals to the United States Court of Appeals for the circuit in which the person has its principal place of business or to the United States Court of Appeals for the District of Columbia Circuit.

(B) APPLICABILITY OF CERTAIN PROVISIONS.—The provisions of section 204 of the Packers and Stockyards Act, 1921 (7 U.S.C. 194) shall be applicable to appeals taken under this section.

**§ 31307. Prohibited acts**

(a) IN GENERAL.—A person shall not—

(1) slaughter any poultry or process any poultry products that are capable of use as human food at any establishment processing any poultry or poultry products for commerce, except in compliance with the requirements of this chapter;

(2) sell, transport, offer for sale or transportation, or receive for transportation, in commerce—

(A) any poultry products that are capable of use as human food and are adulterated or misbranded at the time of the sale, transportation, offer for sale or transportation, or receipt for transportation; or

(B) any poultry products required to be inspected under this chapter unless they have been inspected and passed;

(3) do, with respect to any poultry products that are capable of use as human food, any act while they are being transported in commerce or held for sale after the transportation, which act is intended to cause or has the effect of causing the products to be adulterated or misbranded;

(4) sell, transport, offer for sale or transportation, or receive for transportation, in commerce or from an official establishment, any slaughtered poultry from which the blood, feathers, feet, head, or viscera have not been removed in accordance with regulations promulgated by the Secretary, except as may be authorized by regulations of the Secretary; or

(5) use to the person's own advantage, or reveal other than to the authorized representatives of the Federal Government or any State or other government in their official capacity, or as ordered by a court in any judicial proceedings, any information acquired under the authority of this chapter concerning any matter that is entitled to protection as a trade secret.

(b) MAKING OF DEVICES CONTAINING MARKS AND CERTIFICATES.—A brand manufacturer, printer, or other person shall not cast, print, lithograph, or otherwise make any device containing any official mark or simulation of an official mark, any label bearing any such mark or simulation, or any form of official certificate or simulation of an official certificate, except as authorized by the Secretary.

(c) FORGED OR COUNTERFEIT MARKS AND CERTIFICATES.—A person shall not —

(1) forge any official device, mark, or certificate;

(2) without authorization from the Secretary, use any official device, mark, or certificate, or simulation of an official device, mark, or certificate, or alter, detach, deface, or destroy any official device, mark, or certificate;

(3) contrary to the regulations prescribed by the Secretary, detach, deface, or destroy, or fail to use, any official device, mark, or certificate;

(4) knowingly possess, without promptly notifying the Secretary or the Secretary's representative—

(A) any official device or any counterfeit, simulated, forged, or improperly altered official certificate;

(B) any device or label bearing any counterfeit, simulated, forged, or improperly altered official mark; or

(C) any carcass of any poultry, or part or product of the carcass, bearing any counterfeit, simulated, forged, or improperly altered official mark;

(5) knowingly make any false statement in any shipper's certificate or other nonofficial or official certificate provided for in the regulations prescribed by the Secretary; or

(6) knowingly represent that any article has been inspected and passed, or exempted, under this chapter if, in fact, it has not been, respectively, so inspected and passed, or exempted.

**§ 31308. Compliance by all establishments**

(a) IN GENERAL.—An establishment processing poultry or poultry products for commerce otherwise subject to this chapter shall not process any poultry or poultry products except in compliance with this chapter.

(b) NOTIFICATION.—Any establishment subject to inspection under this chapter that believes, or has reason to believe, that an adulterated or misbranded poultry or poultry product received by or originating from the establishment has entered into commerce shall promptly notify the Secretary with regard to the type, amount, origin, and destination of the poultry or poultry product.

(c) PLANS AND REASSESSMENTS.—The Secretary shall require that each establishment subject to inspection under this chapter shall, at a minimum—

(1) prepare and maintain current procedures for the recall of all poultry or poultry products produced and shipped by the establishment;

(2) document each reassessment of the process control plans of the establishment; and

(3) on request, make the procedures and reassessed process control plans available to inspectors appointed by the Secretary for review and copying.

**§ 31309. Miscellaneous activities subject to regulation**

(a) ARTICLES NOT INTENDED FOR USE AS HUMAN FOOD.—

(1) INSPECTION.—Inspection shall not be provided under this chapter at any establishment for the slaughter of poultry or the processing of any carcasses or parts or products of poultry, which are not intended for use as human food, but the articles shall, prior to their offer for sale or transportation in commerce, unless naturally inedible by humans, be denatured or otherwise identified as prescribed by regulations of the Secretary to deter their use for human food.

(2) SALE, PURCHASE, OR TRANSPORT.—A person shall not buy, sell, transport, or offer for sale or transportation, or receive for transportation, in commerce, or import, any poultry carcasses or parts or products of the carcasses that are not intended for use as human food unless they are denatured or otherwise identified as required by the regulations of the Secretary or are naturally inedible by humans.

(b) RECORDKEEPING REQUIREMENTS; ACCESS TO PLACES OF BUSINESS.—

(1) REQUIREMENTS.—The classes of persons under paragraph (2)—

(A) shall, for such period of time as the Secretary may by regulations prescribe, not to exceed 2 years unless otherwise directed by the

Secretary for good cause shown, keep such records as are properly necessary for the effective enforcement of this chapter in order to ensure against adulterated or misbranded poultry products for the American consumer; and

(B) shall, at all reasonable times, on notice by an authorized representative of the Secretary, afford the representative access to their places of business and opportunity to examine the facilities, inventory, and records of inventory, to copy all the records, and to take reasonable samples of their inventory on payment of the fair market value for the samples.

(2) CLASSES OF PERSONS.—The classes of persons under this paragraph are the following:

(A) Any person that engages in the business of slaughtering any poultry or processing, freezing, packaging, or labeling any carcasses, or parts or products of carcasses, of any poultry, for commerce, for use as human food or animal food.

(B) Any person that engages in the business of buying or selling (as poultry products brokers, wholesalers or otherwise), or transporting, in commerce, storing in or for com-

merce, or importing any carcasses, or parts or products of carcasses, of any poultry.

(C) Any person that engages in business, in or for commerce, as a renderer, or engages in the business of buying, selling, or transporting, in commerce, or importing, any dead, dying, disabled, or diseased poultry or parts of the carcasses of any poultry that died otherwise than by slaughter.

(c) REGISTRATION OF BUSINESS.—Unless when required by regulations of the Secretary, a person has registered with the Secretary the person's name, and the address of each place of business at which, and all trade names under which, the person conducts the business, the person shall not—

(1) engage in business, in or for commerce, as a poultry products broker, renderer, or animal food manufacturer;

(2) engage in business in commerce as a wholesaler of any carcasses, or parts or products of the carcasses, of any poultry, whether intended for human food or other purposes;

(3) engage in business as a public warehouseman storing any articles described in paragraph (2) in or for commerce; or

(4) engage in the business of buying, selling, or transporting in commerce, or importing, any dead, dying, disabled, or diseased poultry, or parts of the carcasses of any poultry that died otherwise than by slaughter.

(d) REGULATION OF TRANSACTIONS, TRANSPORTATION, OR IMPORTATION.—A person engaged in the business of buying, selling, or transporting in commerce, or importing, dead, dying, disabled, or diseased poultry, or any parts of the carcasses of any poultry that died otherwise than by slaughter, shall not buy, sell, transport, offer for sale or transportation, or receive for transportation, in commerce, or import, any dead, dying, disabled, or diseased poultry or parts of the carcasses of any poultry that died otherwise than by slaughter, unless the transaction, transportation, or importation is made in accordance with such regulations as the Secretary may prescribe to ensure that the poultry, or the unwholesome parts or products of the poultry, will be prevented from being used for human food.

(e) FEDERAL PROVISIONS APPLICABLE TO STATE OR TERRITORIAL BUSINESS TRANSACTIONS OF A LOCAL NATURE AND NOT SUBJECT TO LOCAL AUTHORITY.—

(1) IN GENERAL.—The authority conferred on the Secretary by subsection (b), (c), or (d) with re-

spect to persons engaged in the specified kinds of business in or for commerce may be exercised with respect to persons engaged, in any State or organized territory of the United States, in those kinds of business but not in or for commerce, if the Secretary determines, after consultation with an appropriate advisory committee provided for in section 31303 of this title, that the State or territory of the United States does not have at least equal authority under its laws or the authority is not exercised in a manner to effectuate the purposes of this chapter, including the State or territory of the United States providing for the Secretary or the Secretary's representative being afforded access to the places of business and the facilities, inventories, and records of inventories, and the taking of reasonable samples, if the Secretary determines necessary in carrying out the Secretary's responsibilities under this chapter.

(2) TREATMENT OF BUSINESS AS IN OR FOR COMMERCE.—In a case described in paragraph (1), the provisions of subsection (b), (c), or (d), respectively, shall apply to the persons described in paragraph (1) to the same extent and in the same manner as if they were engaged in the business in or for

commerce and the transactions involved were in commerce.

**§ 31310. Offenses and punishment**

(a) PENALTIES.—

(1) IN GENERAL.—Any person that violates the provisions of section 31307, 31308, 31309, 31312, or 31315 of this title shall be imprisoned not more than 1 year, fined under title 18, or both.

(2) INTENT TO DEFRAUD.—If the violation described in paragraph (1) involves intent to defraud, or any distribution or attempted distribution of an article that is adulterated (except as defined in section 31301(1)(A)(viii) of this title), the person shall be imprisoned not more than 3 years, fined under title 18, or both.

(3) SCOPE OF LIABILITY.—In construing or enforcing the provisions of the sections referred to in paragraph (1), the act, omission, or failure of any person acting for or employed by any individual, partnership, corporation, or association within the scope of the person's employment or office shall be deemed the act, omission, or failure of the individual, partnership, corporation, or association, as well as of the person.

(b) PERSONS IMPEDING ENFORCEMENT.—

(1) IN GENERAL.—Any person that forcibly assaults, resists, opposes, impedes, intimidates, or interferes with any individual while engaged in or on account of the performance of the individual's official duties under this chapter shall be imprisoned not more than 3 years, fined under title 18, or both.

(2) USE OF DEADLY OR DANGEROUS WEAPON.—Any person that, in the commission of any act under paragraph (1), uses a deadly or dangerous weapon, shall be imprisoned not more than 10 years, fined under title 18, or both.

(3) MURDER.—A person that kills an individual while engaged in or on account of the performance of the individual's official duties under this chapter shall be punished as provided under sections 1111 and 1114 of title 18.

(c) LIABILITY OF CARRIER.—A carrier shall not be subject to the penalties of this chapter, other than the penalties for violation of section 31309 of this title, by reason of the carrier's receipt, carriage, holding, or delivery, in the usual course of business, as a carrier, of poultry or poultry products, owned by another person unless—

(1) the carrier has knowledge, or is in possession, of facts that would cause a reasonable person to believe that the poultry or poultry products—

(A) were not inspected or marked in accordance with this chapter; or

(B) were otherwise not eligible for transportation under this chapter; or

(2) the carrier refuses to furnish on request of a representative of the Secretary—

(A) the name and address of the person from whom the carrier received the poultry or poultry products; and

(B) copies of all documents, if any, pertaining to the delivery of the poultry or poultry products to the carrier.

**§ 31311. Reporting of violations**

(a) NOTICE AND OPPORTUNITY TO PRESENT VIEWS.—Before any violation of this chapter is reported by the Secretary to any United States attorney for institution of a criminal proceeding, the person against whom the proceeding is contemplated shall be given reasonable notice of the alleged violation and opportunity to present the person's views orally or in writing with regard to the contemplated proceeding.

(b) EFFECT ON ISSUANCE OF WRITTEN NOTICE OR WARNING.—Nothing in this chapter shall be construed as requiring the Secretary to report for criminal prosecution violations of this chapter if the Secretary believes that the

public interest will be adequately served and compliance with the chapter obtained by a suitable written notice or warning.

**§ 31312. Rules and regulations**

(a) STORAGE AND HANDLING OF POULTRY PRODUCTS.—The Secretary may by regulations prescribe conditions under which poultry products capable of use as human food shall be stored or otherwise handled by any person engaged in the business of buying, selling, freezing, storing, or transporting, in or for commerce, or importing, the articles, if the Secretary considers the action necessary to ensure that the articles will not be adulterated or misbranded when delivered to the consumer. Violation of any such regulation is prohibited.

(b) OTHER NECESSARY RULES AND REGULATIONS.—The Secretary shall promulgate such other rules and regulations as are necessary to carry out this chapter.

(c) ORAL PRESENTATION OF VIEWS.—In applying the provisions of section 553(c) of title 5 to proposed rulemaking under this chapter, an opportunity for the oral presentation of views shall be accorded all interested persons.

**§ 31313. Exemptions**

(a) PERSONS EXEMPTED.—The Secretary shall, by regulation and under such conditions relating to sanitary

standards, practices, and procedures as the Secretary may prescribe, exempt from specific provisions of this chapter—

(1) retail dealers with respect to poultry products sold directly to consumers in individual retail stores, if the only processing operation performed by the retail dealers is the cutting up of poultry products on the premises in which the sales to consumers are made; and

(2) persons slaughtering, processing, or otherwise handling poultry or poultry products that have been or are to be processed as required by recognized religious dietary laws, to the extent that the Secretary determines necessary to avoid conflict with the requirements while still effectuating the purposes of this chapter.

(b) TERRITORIAL EXEMPTION.—The Secretary may, under such sanitary conditions as the Secretary may by regulations prescribe, exempt from the inspection requirements of this chapter the slaughter of poultry, and the processing of poultry products, by any person in any territory of the United States not organized with a legislative body, solely for distribution within the territory of the United States, if the Secretary determines that it is impracticable to provide the inspection within the limits of

funds appropriated for administration of this chapter and that the exemption will aid in the effective administration of this chapter.

(c) PERSONAL SLAUGHTERING; CUSTOM SLAUGHTERING.—

(1) IN GENERAL.—

(A) PERSONS EXEMPTED.—The Secretary shall, by regulation and under such conditions, including sanitary standards, practices, and procedures, as the Secretary may prescribe, exempt from specific provisions of this chapter—

(i) the slaughtering by any person of poultry of the person's own raising, and the processing by the person and transportation in commerce of the poultry products exclusively for use by the person and members of the person's household and the person's nonpaying guests and employees;

(ii) the custom slaughter by any person of poultry delivered by the owner of the poultry for the slaughter, and the processing by the slaughterer and transportation in commerce of the poultry products exclusively for use, in the household of the owner, by the owner and members of the

owner's household and the owner's non-paying guests and employees, except that the custom slaughterer shall not engage in the business of buying or selling any poultry products capable of use as human food;

(iii) the slaughtering of poultry and processing of poultry products in any State, territory of the United States, or the District of Columbia by any poultry producer on the poultry producer's own premises with respect to sound and healthy poultry raised on the poultry producer's premises and the distribution, by any person, of the poultry products derived from those operations, which distribution is solely within the jurisdiction of the State, territory of the United States, or the District of Columbia, if, in lieu of other labeling requirements, the poultry products are identified with the name and address of the poultry producer, and if they are not otherwise misbranded, and are sound, clean, and fit for human food when distributed; and

(iv) the slaughtering of sound and healthy poultry or the processing of poultry products of the poultry in any State, territory of the United States, or the District of Columbia by any poultry producer or other person for distribution by the poultry producer or other person, which distribution is solely within the jurisdiction of the State, territory of the United States, or the District of Columbia, and which distribution is made directly to household consumers, restaurants, hotels, and boarding houses, for use in their own dining rooms, or in the preparation of meals for sales direct to consumers, if, in lieu of other labeling requirements, the poultry products are identified with the name and address of the processor, and if they are not otherwise misbranded and are sound, clean, and fit for human food when distributed by the processor.

(B) INAPPLICABILITY OF CERTAIN EXEMPTIONS.—The exemptions provided for in clauses (iii) and (iv) of subparagraph (A) shall not apply if the poultry producer or other person

engages in the current calendar year in the business of buying or selling any poultry or poultry products other than as specified in those clauses.

(2) SMALL ENTERPRISES.—In addition to the specific exemptions provided under this subsection, the Secretary shall, if the Secretary determines that the protection of consumers from adulterated or misbranded poultry products will not be impaired by the action, provide by regulation, consistent with paragraph (3), for the exemption of the operation and products of small enterprises (including poultry producers), not exempted under paragraph (1), that are engaged in any State, territory of the United States, or the District of Columbia in slaughtering or cutting up poultry for distribution as carcasses or parts of carcasses solely for distribution within the jurisdiction of the State, territory of the United States, or the District of Columbia, from such provisions of this chapter as the Secretary considers appropriate, while still protecting the public from adulterated or misbranded products, under such conditions, including sanitary requirements, as the Secretary shall prescribe to effectuate the purposes of this chapter.

(3) INAPPLICABILITY OF CERTAIN EXEMPTIONS.—

(A) IN GENERAL.—An exemption under clause (iii) or (iv) of paragraph (1)(A), or paragraph (2), shall not apply to any poultry producer or other person that, in the current calendar year—

(i) slaughters or processes the products of more than 20,000 poultry; or

(ii) slaughters or processes the products of poultry at a facility used for slaughtering or processing of the products of poultry by any other poultry producer or person.

(B) EXEMPTION ON DETERMINATION BY SECRETARY.—Notwithstanding subparagraph (A)(ii), the Secretary may grant the exemption to any poultry producer or other person if the Secretary determines, on application of the poultry producer or other person, that granting the exemption will not impair effectuating the purposes of this chapter.

(4) INAPPLICABILITY OF CHAPTER.—The provisions of this chapter shall not apply to poultry pro-

ducers with respect to poultry of their own raising on their own farms if—

(A) the producers slaughter not more than 1,000 poultry during the calendar year for which this exemption is being determined;

(B) the poultry producers do not engage in buying or selling poultry products other than those produced from poultry raised on their own farms; and

(C) none of the poultry moves in commerce (as defined in section 31301 of this title).

(d) PIZZAS CONTAINING POULTRY PRODUCTS.—

(1) IN GENERAL.—Under such terms and conditions as the Secretary shall prescribe through rules and regulations issued under this section, which terms and conditions may be necessary to ensure food safety and protect public health, such as special handling procedures, the Secretary shall exempt pizzas containing a poultry product from the inspection requirements of this chapter if—

(A) the poultry product components of the pizzas have been prepared, inspected, and passed in a cured or cooked form as ready-to-eat in compliance with the requirements of this chapter; and

(B) the pizzas are to be served in public or private nonprofit institutions.

(2) WITHDRAWAL OR MODIFICATION OF EXEMPTION; REINSTATEMENT.—The Secretary may withdraw or modify any exemption under this subsection if the Secretary determines that the action is necessary to ensure food safety and to protect public health. The Secretary may reinstate or further modify any exemption withdrawn or modified under this subsection.

(e) APPLICABILITY OF ADULTERATION AND MISBRANDING PROVISIONS TO ARTICLES EXEMPTED FROM INSPECTION.—The adulteration and misbranding provisions of this chapter, other than the requirement of the inspection legend, shall apply to articles that are exempted from inspection under this section, except as otherwise specified under subsections (a) and (d).

(f) SUSPENSION OR TERMINATION OF EXEMPTION.—The Secretary may by order suspend or terminate any exemption under this section with respect to any person if the Secretary finds that the action will aid in effectuating the purposes of this chapter.

**§ 31314. Limitations on entry of poultry products and other materials into official establishments**

The Secretary may limit the entry of poultry products and other materials into any official establishment, under such conditions as the Secretary may prescribe to ensure that allowing the entry of the articles into the inspected establishments will be consistent with the purposes of this chapter.

**§ 31315. Imports**

(a) COMPLIANCE WITH STANDARDS AND REGULATIONS; STATUS AFTER IMPORTATION.—

(1) IN GENERAL.—Any slaughtered poultry, or parts or products of slaughtered poultry, of any kind shall not be imported into the United States unless they are healthful, wholesome, fit for human food, not adulterated, and contain no dye, chemical, preservative, or ingredient that renders them unhealthful, unwholesome, adulterated, or unfit for human food and unless they also comply with the rules and regulations made by the Secretary to ensure that imported poultry or poultry products comply with the standards provided for in this chapter.

(2) TREATMENT AS DOMESTIC SLAUGHTERED POULTRY.—All imported, slaughtered poultry, or parts or products of imported, slaughtered poultry,

shall, after entry into the United States in compliance with the rules and regulations described in paragraph (1), be deemed and treated as domestic, slaughtered poultry, or parts or products of domestic, slaughtered poultry, within the meaning and subject to the provisions of this chapter and subtitle I of this title and Acts amendatory of, supplemental to, or in substitution for this chapter or subtitle I of this title.

(b) RULES AND REGULATIONS; DESTRUCTION AND EXPORTATION OF REFUSED IMPORTS.—The Secretary may make rules and regulations to carry out this section, and in the rules and regulations, the Secretary may prescribe the terms and conditions for the destruction of all slaughtered poultry, or parts or products of slaughtered poultry, offered for entry and refused admission into the United States unless the slaughtered poultry, or parts or products of slaughtered poultry, are exported by the consignee within the time fixed for the exportation in the rules and regulations.

(c) STORAGE, CARTAGE, AND LABOR CHARGES FOR IMPORTS REFUSED ADMISSION.—All charges for storage, cartage, and labor with respect to any product that is refused admission pursuant to this section shall be paid by the owner or consignee, and in default of the payment

shall constitute a lien against any other products subsequently imported by or for the owner or consignee.

(d) EQUIVALENT STANDARDS.—

(1) DEFINITION OF SANITARY PROTECTION.—In this subsection, the term ''sanitary protection'' means protection to safeguard public health.

(2) IN GENERAL.—Notwithstanding any other provision of law, all poultry, or parts or products of poultry, capable of use as human food offered for importation into the United States shall—

(A) be subject to inspection, sanitary, quality, species verification, and residue standards that achieve a level of sanitary protection equivalent to that achieved under United States standards; and

(B) have been processed in facilities and under conditions that achieve a level of sanitary protection equivalent to that achieved under United States standards.

(3) EQUIVALENCE.—

(A) IN GENERAL.—The Secretary may treat as equivalent to a United States standard a standard of an exporting country described in paragraph (2) if the exporting country provides the Secretary with scientific evidence or other

information, in accordance with risk assessment methodologies determined appropriate by the Secretary, to demonstrate that the standard of the exporting country achieves the level of sanitary protection achieved under the United States standard.

(B) DETERMINATION OF NONEQUIVALENCE.—The Secretary may—

(i) determine, on a scientific basis, that the standard of the exporting country does not achieve the level of protection that the Secretary considers appropriate; and

(ii) provide the basis for the determination in writing to the exporting country on request.

(4) IMPORTED ARTICLES THAT DO NOT MEET STANDARDS.—Any imported poultry article under this subsection that does not meet the standards that achieve the level of sanitary protection equivalent to that achieved under United States standards shall not be permitted entry into the United States.

(5) ENFORCEMENT.—The Secretary shall enforce this subsection through—

(A) random inspections for the species verification and for residues; and

(B) random sampling and testing of internal organs and fat of carcasses for residues at the point of slaughter by the exporting country, in accordance with methods approved by the Secretary.

**§ 31316. Refusal or withdrawal of inspection services based on certain convictions**

(a) REFUSAL OR WITHDRAWAL.—

(1) IN GENERAL.—The Secretary may (for such period, or indefinitely, as the Secretary considers necessary to effectuate the purposes of this chapter) refuse to provide, or withdraw, inspection service under this chapter with respect to any establishment if the Secretary determines, after opportunity for a hearing is accorded to the applicant for, or recipient of, the service, that the applicant or recipient is unfit to engage in any business requiring inspection under this chapter because the applicant or recipient or anyone responsibly connected with the applicant or recipient, has been convicted, in any Federal or State court, within the previous 10 years of—

(A) any felony or more than 1 misdemeanor under any law based on the acquiring, handling, or distributing of adulterated, mislabeled, or deceptively packaged food or

fraud in connection with transactions in food; or

(B) any felony, involving fraud, bribery, extortion, or any other act or circumstances indicating a lack of the integrity needed for the conduct of operations affecting the public health.

(2) RESPONSIBLY CONNECTED.—For the purpose of this subsection, a person shall be deemed to be responsibly connected with the business if the person was a partner, officer, director, holder, or owner of 10 percent or more of its voting stock, or employee in a managerial or executive capacity.

(b) HEARING TO DETERMINE VALIDITY OF WITHDRAWAL OR REFUSAL OF INSPECTION SERVICES.—On the withdrawal of inspection service from any official establishment for failure to destroy condemned poultry products as required under section 31304 of this title, or other failure of an official establishment to comply with the requirements as to premises, facilities, or equipment, or the operation of the premises, facilities, or equipment, as provided in section 31305 of this title, or the refusal of inspection service to any applicant for inspection service because of failure to comply with any requirements under section 31305 of this title, the applicant for, or recipient

of, the service shall, on request, be afforded opportunity for a hearing with respect to the merits or validity of the action, but the withdrawal or refusal shall continue in effect unless otherwise ordered by the Secretary.

(c) FINALITY AND CONCLUSIVENESS OF DETERMINATION.—

(1) IN GENERAL.—The determination and order of the Secretary when made after opportunity for hearing, with respect to withdrawal or refusal of inspection service under this chapter, shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within 30 days after the effective date of the order in the United States Court of Appeals as provided in section 31306 of this title.

(2) BASIS.—Judicial review of any order under paragraph (1) shall be based on the record on which the determination and order are based.

(3) APPLICABILITY OF CERTAIN PROVISIONS.—The provisions of section 204 of the Packers and Stockyards Act, 1921 (7 U.S.C. 194) shall be applicable to appeals taken under this section.

**§ 31317. Administrative detention**

(a) IN GENERAL.—If any poultry product, any product exempted from the definition of a poultry product, or

any dead, dying, disabled, or diseased poultry is found by any authorized representative of the Secretary on any premises in which it is held for purposes of, or during or after distribution in, commerce or otherwise subject to this chapter, and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of the provisions of this chapter or of any other Federal law or the laws of any State, territory of the United States, or the District of Columbia, or that it has been or is intended to be, distributed in violation of any such provisions, the article—

(1) may be detained by the representative for a period not to exceed 20 days, pending action under section 31318 of this title or notification of any Federal, State, or other governmental authorities having jurisdiction over the article or poultry; and

(2) shall not be moved by any person, from the place at which it is located when detained under paragraph (1), until released by the representative.

(b) MARKS.—All official marks may be required by the representative to be removed from the article or poultry before it is released unless it appears to the satisfaction of the Secretary that the article or poultry is eligible to retain the marks.

**§ 31318. Seizure and condemnation**

(a) PROCEEDINGS.—

(1) IN GENERAL.—

(A) SEIZURE AND CONDEMNATION.—Any poultry product or any dead, dying, disabled, or diseased poultry described in subparagraph (B) shall be liable to be proceeded against and seized and condemned, at any time, on a filing of an action in any United States district court or other proper court as provided in section 31319 of this title within the jurisdiction of which the article or poultry is found.

(B) POULTRY PRODUCT OR DEAD, DYING, DISABLED, OR DISEASED POULTRY.—Poultry products or dead, dying, disabled, or diseased poultry under this subparagraph are those that are being transported in commerce or otherwise subject to this chapter, or are held for sale in the United States after the transportation, and that—

(i) are or have been processed, sold, transported, or otherwise distributed or offered or received for distribution in violation of this chapter;

(ii) are capable of use as human food and are adulterated or misbranded; or

(iii) in any other way are in violation of this chapter.

(2) EFFECT OF CONDEMNATION.—

(A) IN GENERAL.—If the article or poultry is condemned, it shall, after entry of the decree—

(i) be distributed in accordance with paragraph (5); or

(ii) be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the Treasury, but the article or poultry shall not be sold contrary to the provisions of this chapter, or the laws of the jurisdiction in which it is sold.

(B) BOND.—On the execution and delivery of a good and sufficient bond conditioned that the article or poultry shall not be sold or otherwise disposed of contrary to the provisions of this chapter, or the laws of the jurisdiction in which disposal is made, the court may direct that the article or poultry be delivered to the owner of the article subject to such supervision by authorized representatives of the Secretary

as is necessary to ensure compliance with the applicable laws.

(3) COSTS AND EXPENSES.—When a decree of condemnation is entered against the article or poultry and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses, shall be awarded against the person, if any, intervening as claimant of the article or poultry.

(4) ADMIRALTY PROCEEDINGS; UNITED STATES AS NAMED PARTY.—The procedure for actions under this section shall conform, as nearly as may be, to the procedure in admiralty, except that either party may demand trial by jury of any issue of fact joined in any case, and all such actions shall be brought by and in the name of the United States.

(5) DISTRIBUTION.—

(A) IN GENERAL.—An article that is condemned under paragraph (1) may as the court may direct, after entry of the decree, be distributed without charge to nonprofit, private entities or to Federal, State, or local government entities engaged in the distribution of food without charge to individuals, if the article—

(i) is capable of use as a human food;

(ii) has been inspected under this chapter and found to be wholesome and not to be adulterated within the meaning of clauses (i) through (vii) of section 31301(1)(A) of this title and a determination is made at the time of the entry of the decree that the article is wholesome and not so adulterated; and

(iii) is plainly marked ''Not for Sale'' on the article or its container.

(B) LEGAL RESPONSIBILITY OF THE UNITED STATES.—The United States may not be held legally responsible for any article that is distributed under subparagraph (A) to a nonprofit, private entity, or to a Federal, State, or local government entity, if the article—

(i) was found after inspection under this chapter to be wholesome and not adulterated within the meaning of clauses (i) through (vii) of section 31301(1)(A) of this title and a determination was made at the time of the entry of the decree that the article was wholesome and not so adulterated; and

(ii) was plainly marked ''Not for Sale'' on the article or its container.

(C) LEGAL RESPONSIBILITY OF PERSON FROM WHOM ARTICLE WAS SEIZED AND CONDEMNED.—The person from whom the article was seized and condemned may not be held legally responsible for the article, if the article—

(i) was found after inspection under this chapter to be wholesome and not adulterated within the meaning of clauses (i) through (vii) of section 31301(1)(A) of this title and a determination was made at the time of entry of the decree that the article was wholesome and not so adulterated; and

(ii) was plainly marked ''Not for Sale'' on the article or its container.

(b) CONDEMNATION OR SEIZURE UNDER OTHER PROVISIONS UNAFFECTED.—The provisions of this section shall not derogate from authority for condemnation or seizure conferred by other provisions of this chapter, or other laws.

**§ 31319. Federal court jurisdiction**

(a) IN GENERAL.—The United States district courts, the District Court of Guam, the District Court of the Virgin Islands, the highest court of American Samoa, and

the United States courts of the other territories of the United States are vested with jurisdiction specifically to enforce, and to prevent and restrain violations of, this chapter, and shall have jurisdiction in all other kinds of cases arising under this chapter, except as provided in section 31306(d) or 31316 of this title.

(b) UNITED STATES AS NAMED PARTY.—All proceedings for the enforcement or to restrain violations of this chapter shall be by and in the name of the United States.

(c) SUBPOENAS.—Subpoenas for witnesses who are required to attend a court of the United States, in any district, may run into any other district in any such proceeding.

**§ 31320. Other Federal laws applicable for administration and enforcement of chapter**

(a) IN GENERAL.—For the efficient administration and enforcement of this chapter, the provisions (including penalties) of sections 6, 8, 9, and 10 of the Federal Trade Commission Act (15 U.S.C. 46, 48, 49, 50), except paragraphs (c) through (h) of section 6 of the Act (15 U.S.C. 46), are made applicable to the jurisdiction, powers, and duties of the Secretary in administering and enforcing the provisions of this chapter and to any person with respect to whom the authority is exercised.

(b) PROSECUTION OF INQUIRY.—The Secretary, in person or by such agents as the Secretary may designate, may prosecute any inquiry necessary to the Secretary's duties under this chapter in any part of the United States.

(c) AUTHORITY OF THE COURTS.—The powers conferred by sections 9 and 10 of the Federal Trade Commission Act (15 U.S.C. 49, 50) on the district courts of the United States may be exercised for the purposes of this chapter by any court designated in section 31319 of this title.

**§ 31321. State or local regulations**

(a) PROHIBITION AGAINST ADDITIONAL OR DIFFERENT REQUIREMENTS RELATING TO PREMISES, FACILITIES, AND OPERATIONS; AUTHORITY TO IMPOSE RECORDKEEPING REQUIREMENTS.—Requirements within the scope of this chapter with respect to premises, facilities, and operations of any official establishment that are in addition to, or different than those made under this chapter may not be imposed by any State, territory of the United States, or the District of Columbia, except that any such jurisdiction may impose recordkeeping and other requirements within the scope of section 31309(b) of this title, if consistent with that provision, with respect to any such establishment.

(b) PROHIBITION AGAINST ADDITIONAL OR DIFFERENT MARKING, LABELING, PACKAGING, OR INGREDIENT REQUIREMENTS.—

(1) IN GENERAL.—Marking, labeling, packaging, or ingredient requirements (or storage or handling requirements found by the Secretary to unduly interfere with the free flow of poultry products in commerce) in addition to, or different than, those made under this chapter may not be imposed by any State, territory of the United States, or the District of Columbia with respect to articles prepared at any official establishment in accordance with the requirements under this chapter.

(2) CONCURRENT JURISDICTION.—Any State, territory of the United States, or the District of Columbia may, consistent with the requirements under this chapter, exercise concurrent jurisdiction with the Secretary over articles required to be inspected under this chapter for the purpose of preventing the distribution for human food purposes of any such articles that are adulterated or misbranded and are outside of an official establishment. In the case of imported articles that are not at an official establishment, concurrent jurisdiction maybe be exercised after their entry into the United States.

(c) EFFECT OF CHAPTER.—This chapter shall not preclude any State, territory of the United States, or the District of Columbia from making requirements or taking other action, consistent with this chapter, with respect to any other matters regulated under this chapter.

**§ 31322. Applicability of subtitle I**

(a) EXEMPTION FROM APPLICABILITY.—Poultry and poultry products shall be exempt from the provisions of subtitle I of this title to the extent of the application or extension to the poultry or poultry products of the provisions of this chapter, except that the provisions of this chapter shall not derogate from any authority conferred by subtitle I of this title prior to August 18, 1968.

(b) APPLICABILITY OF DETAINER AUTHORITY TO REPRESENTATIVE OF SECRETARY OF HEALTH AND HUMAN SERVICES.—The detainer authority conferred by section 31317 of this title shall apply to any authorized representative of the Secretary of Health and Human Services for purposes of the enforcement of subtitle I of this title with respect to any poultry carcass, or part or product of a poultry carcass, that is outside any official establishment, and for those purposes, the first reference to the Secretary in section 31317 of this title shall be deemed to refer to the Secretary of Health and Human Services.

**§ 31323. Inspection and administration costs**

(a) DEFINITION OF HOLIDAY.—The term ''holiday'', for the purposes of assessment or reimbursement of the cost of inspection performed under this chapter, means the legal public holidays specified by Congress in section 6103(a) of title 5.

(b) OVERTIME AND HOLIDAY WORK COSTS.—The cost of inspection rendered under the requirements of this chapter shall be borne by the United States, except the cost of overtime and holiday pay paid pursuant to section 10703 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 2219a).

**§ 31324. Safe Meat and Poultry Inspection Panel**

(a) REVIEW AND EVALUATION.—The advisory panel known as the Safe Meat and Poultry Inspection Panel established by section 30370 of this title shall review and evaluate, as the Panel considers necessary, the adequacy, necessity, safety, cost-effectiveness, and scientific merit of—

(1) inspection procedures of, and work rules and worker relations involving Federal employees employed in, plants inspected under this chapter;

(2) informal petitions or proposals for changes in inspection procedures, processes, and techniques of plants inspected under this chapter;

(3) formal changes in poultry inspection regulations promulgated under this chapter, whether in notice, proposed, or final form; and

(4) such other matters as may be referred to the Panel by the Secretary regarding the quality or effectiveness of a safe and cost-effective poultry inspection system under this chapter.

(b) REPORTS.—

(1) IN GENERAL.—The Safe Meat and Poultry Inspection Panel shall submit to the Secretary a report on the results of each review and evaluation carried out under subsection (a), including such recommendations as the Panel considers appropriate.

(2) REPORTS ON FORMAL CHANGES.—In the case of a report concerning a formal change in poultry inspection regulations, the report shall be made within the time limits prescribed for formal comments on the changes.

**§ 31325. Interstate shipment of poultry inspected by Federal and State agencies for certain small establishments**

(a) DEFINITIONS.—In this section:

(1) APPROPRIATE STATE AGENCY.—The term ''appropriate State agency'' means a State agency described in section 31303(b)(1) of this title.

(2) DESIGNATED PERSONNEL.—The term ''designated personnel'' means inspection personnel of a State agency who have undergone all necessary inspection training and certification to assist the Secretary in the administration and enforcement of this chapter, including rules and regulations issued under this chapter.

(3) ELIGIBLE ESTABLISHMENT.—The term ''eligible establishment'' means an establishment that is in compliance with—

(A) the State inspection program of the State in which the establishment is located; and

(B) this chapter, including rules and regulations issued under this chapter.

(4) POULTRY ITEM.—The term ''poultry item'' means—

(A) a portion of poultry; or

(B) a poultry product.

(5) SELECTED ESTABLISHMENT.—The term ''selected establishment'' means an eligible establishment that is selected by the Secretary, in coordination with the appropriate State agency of the State in which the eligible establishment is located, under subsection (b) to ship poultry items in interstate commerce.

(b) AUTHORITY OF SECRETARY TO ALLOW SHIPMENTS.—

(1) IN GENERAL.—Subject to paragraph (2), the Secretary, in coordination with the appropriate State agency of the State in which an establishment is located, may select the establishment to ship poultry items in interstate commerce, and place on each poultry item shipped in interstate commerce a Federal mark, stamp, tag, or label of inspection, if—

(A) the poultry item qualifies for the Federal mark, stamp, tag, or label of inspection under the requirements of this chapter;

(B) the establishment is an eligible establishment; and

(C) inspection services for the establishment are provided by designated personnel.

(2) PROHIBITED ESTABLISHMENTS.—In carrying out paragraph (1), the Secretary, in coordination with an appropriate State agency, shall not select an establishment that—

(A) on average, employs more than 25 employees (including supervisory and non-supervisory employees), as defined by the Secretary;

(B) as of June 18, 2008, ships in interstate commerce carcasses, portions of carcasses, or poultry items that are inspected by the Secretary in accordance with this chapter;

(C)(i) is a Federal establishment;

(ii) was a Federal establishment as of June 18, 2008, and was reorganized on a later date under the same name or a different name or person by the person, firm, or corporation that controlled the establishment as of June 18, 2008; or

(iii) was a State establishment as of June 18, 2008, that—

(I) as of June 18, 2008, employed more than 25 employees; and

(II) was reorganized on a later date by the person, firm, or corporation that controlled the establishment as of June 18, 2008;

(D) is in violation of this chapter;

(E) is located in a State that does not have a State inspection program; or

(F) is the subject of a transition carried out in accordance with a procedure developed by the Secretary under paragraph (3)(A).

(3) ESTABLISHMENTS THAT EMPLOY MORE THAN 25 EMPLOYEES.—

(A) DEVELOPMENT OF PROCEDURE.—The Secretary may develop a procedure to transition to a Federal establishment any establishment under this section that, on average, consistently employs more than 25 employees.

(B) ELIGIBILITY OF CERTAIN ESTABLISHMENTS.—

(i) IN GENERAL.—A State establishment that employs more than 25 employees but fewer than 35 employees as of June 18, 2008, may be selected as a selected establishment under this subsection.

(ii) PROCEDURES.—A State establishment shall be subject to the procedures established under subparagraph (A) beginning on the date that is 3 years after the effective date described in subsection (i).

(c) REIMBURSEMENT OF STATE COSTS.—The Secretary shall reimburse a State for costs related to the inspection of selected establishments in the State in accordance with Federal requirements in an amount of not less than 60 percent of eligible State costs.

(d) COORDINATION BETWEEN FEDERAL AND STATE AGENCIES.—

(1) IN GENERAL.—The Secretary shall designate an employee of the Federal Government as State coordinator for each appropriate State agency—

(A) to provide oversight and enforcement of this section; and

(B) to oversee the training and inspection activities of designated personnel of the State agency.

(2) SUPERVISION.—A State coordinator shall be under the direct supervision of the Secretary.

(3) DUTIES OF STATE COORDINATOR.—

(A) IN GENERAL.—A State coordinator shall visit selected establishments with a frequency that is appropriate to ensure that selected establishments are operating in a manner that is consistent with this chapter (including regulations and policies under this chapter).

(B) QUARTERLY REPORTS.—A State coordinator shall, on a quarterly basis, submit to the Secretary a report that describes the status of each selected establishment that is under the jurisdiction of the State coordinator with re-

spect to the level of compliance of each selected establishment with the requirements of this chapter.

(C) IMMEDIATE NOTIFICATION REQUIREMENT.—If a State coordinator determines that any selected establishment that is under the jurisdiction of the State coordinator is in violation of any requirement of this chapter, the State coordinator shall—

(i) immediately notify the Secretary of the violation; and

(ii) deselect the selected establishment or suspend inspection at the selected establishment.

(4) PERFORMANCE EVALUATIONS.—Performance evaluations of State coordinators designated under this subsection shall be conducted by the Secretary as part of the Federal agency management control system.

(e) AUDITS.—Not later than 2 years after the effective date described in subsection (i), and not less often than every 3 years thereafter, the Inspector General of the Department of Agriculture shall conduct an audit of each activity taken by the Secretary under this section for the

period covered by the audit to determine compliance with this section.

(f) TRANSITION GRANTS.—The Secretary may provide grants to appropriate State agencies to assist the appropriate State agencies in helping establishments covered by this chapter to transition to selected establishments.

(g) VIOLATIONS.—Any selected establishment that the Secretary determines to be in violation of any requirement of this chapter shall be transitioned to a Federal establishment in accordance with a procedure developed by the Secretary under subsection (b)(3)(A).

(h) EFFECT.—Nothing in this section limits the jurisdiction of the Secretary with respect to the regulation of poultry and poultry products under this chapter.

(i) EFFECTIVE DATE.—

(1) IN GENERAL.—This section takes effect on the date on which the Secretary, after providing a period of public comment (including through the conduct of public meetings or hearings), promulgates final regulations to carry out this section.

(2) REQUIREMENT.—The Secretary shall promulgate final regulations in accordance with paragraph (1).

# Chapter 315—Supplemental Poultry and Poultry Products Inspection Provisions

Sec.
31501. Applicability of chapter requirements to birds of the order Ratitae.

### § 31501. Applicability of chapter requirements to birds of the order Ratitae

Establishments in the United States that slaughter or process birds of the order Ratitae, such as ostriches, emus and rheas, and squab, for distribution in commerce as human food shall be subject to the ante mortem and post mortem inspection, reinspection, and sanitation requirements of chapter 313 of this title rather than the voluntary poultry inspection program of the Department of Agriculture under section 203 of the Agricultural Marketing Act of 1946 (7 U.S.C. 1622).

# Chapter 317—Egg Products Inspection

31722. State or local regulation.
31723. Inspection and administration costs.
31724. Annual report to congressional committees.

**§ 31701. Definitions**

In this chapter:

(1) ADULTERATED.—

(A) IN GENERAL.—The term ''adulterated'' applies to any egg or egg product under 1 or more of the following circumstances:

(i) It bears or contains any poisonous or deleterious substance that may render it injurious to health. In case the substance is not an added substance, the article shall not be considered adulterated under this clause if the quantity of the substance in or on the article does not ordinarily render it injurious to health.

(ii)(I) It bears or contains any added poisonous or added deleterious substance (other than one that is a pesticide chemical in or on a raw agricultural commodity, a food additive, or a color additive) that

may, in the judgment of the Secretary, make the article unfit for human food.

(II) It is, in whole or in part, a raw agricultural commodity and the commodity bears or contains a pesticide chemical that is unsafe within the meaning of section 11110 of this title.

(III) It bears or contains any food additive that is unsafe within the meaning of section 11111 of this title.

(IV) It bears or contains any color additive that is unsafe within the meaning of section 17701 of this title.

(iii) It consists in whole or in part of any filthy, putrid, or decomposed substance, or it is otherwise unfit for human food.

(iv) It has been prepared, packaged, or held under insanitary conditions by which it may have become contaminated with filth, or by which it may have been rendered injurious to health.

(v) It is an egg that has been subjected to incubation or the product of any egg that has been subjected to incubation.

(vi) Its container is composed, in whole or in part, of any poisonous or deleterious substance that may render the contents injurious to health.

(vii) It has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to section 11111 of this title.

(viii)(I) Any valuable constituent of the article has been in whole or in part omitted or abstracted from the article.

(II) Any substance has been substituted, wholly or in part, for the article.

(III) Damage or inferiority of the article has been concealed in any manner.

(IV) Any substance has been added to the article or mixed or packed with the article so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

(B) PESTICIDE CHEMICAL, FOOD ADDITIVE, COLOR ADDITIVE PROHIBITED BY REGULATION.—An article that is not otherwise

deemed adulterated under subclause (II), (III), or (IV) of subparagraph (A)(ii) shall be deemed adulterated if use of the pesticide chemical, food additive, or color additive, in or on the article, is prohibited by regulations of the Secretary in official plants.

(2) CAPABLE OF USE AS HUMAN FOOD.—The term ''capable of use as human food'' shall apply to any egg or egg product, unless it is denatured, or otherwise identified, as required by regulations prescribed by the Secretary to deter its use as human food.

(3) COLOR ADDITIVE.—The term ''color additive'' has the meaning given the term in section 10101 of this title.

(4) COMMERCE.—The term ''commerce'' means interstate, foreign, or intrastate commerce.

(5) CONTAINER.—The term ''container'' includes any box, can, tin, plastic, or other receptacle, wrapper, or cover.

(6) EGG.—

(A) IN GENERAL.—The term ''egg'' means the shell egg of the domesticated chicken, turkey, duck, goose, or guinea.

(B) CHECK.—The term ''check'' means an egg that has a broken shell or crack in the shell but has its shell membranes intact and contents not leaking.

(C) CLEAN AND SOUND SHELL EGG.—The term ''clean and sound shell egg'' means any egg whose shell is free of adhering dirt or foreign material and is not cracked or broken.

(D) DIRTY EGG.—The term ''dirty egg'' means an egg that has a shell that is unbroken and has adhering dirt or foreign material.

(E) INCUBATOR REJECT.—The term ''incubator reject'' means an egg that has been subjected to incubation and has been removed from incubation during the hatching operations as infertile or otherwise unhatchable.

(F) INEDIBLE.—The term ''inedible'' means eggs of the following descriptions: black rots, yellow rots, white rots, mixed rots (addled eggs), sour eggs, eggs with green whites, eggs with stuck yolks, moldy eggs, musty eggs, eggs showing blood rings, and eggs containing embryo chicks (at or beyond the blood ring stage).

(G) LEAKER.—The term ''leaker'' means an egg that has a crack or break in the shell

and shell membranes to the extent that the egg contents are exposed or are exuding or free to exude through the shell.

(H) LOSS.—The term ''loss'' means an egg that is unfit for human food—

(i) because it is—

(I) smashed or broken so that its contents are leaking;

(II) overheated, frozen, or contaminated; or

(III) an incubator reject; or

(ii) because it contains a bloody white, large meat spots, a large quantity of blood, or other foreign material.

(I) RESTRICTED EGG.—The term ''restricted egg'' means any check, dirty egg, incubator reject, inedible, leaker, or loss.

(7) EGG HANDLER.—The term ''egg handler'' means any person that engages in any business in commerce that involves buying or selling any eggs (as a poultry producer or otherwise), processing any egg products, or otherwise using any eggs in the preparation of human food.

(8) EGG PRODUCT.—The term ''egg product'' means any dried, frozen, or liquid eggs, with or

without added ingredients, except products that contain eggs only in a relatively small proportion or historically have not been, in the judgment of the Secretary, considered by consumers as products of the egg food industry, and that may be exempted by the Secretary under such conditions as the Secretary may prescribe to ensure that the egg ingredients are not adulterated and the products are not represented as egg products.

(9) FAIR PACKAGING AND LABELING ACT.—The term ''Fair Packaging and Labeling Act'' means the Fair Packaging and Labeling Act (15 U.S.C. 1451 et seq.) and Acts amendatory of or supplementary to the Fair Packaging and Labeling Act.

(10) FOOD ADDITIVE.—The term ''food additive'' has the meaning given the term in section 10101 of this title.

(11) IMMEDIATE CONTAINER.—The term ''immediate container'' means—

(A) any consumer package; or

(B) any other container in which egg products, not consumer packaged, are packed.

(12) INSPECTION.—The term ''inspection'' means the application of such inspection methods

and techniques as are considered necessary by the responsible Secretary to carry out this chapter.

(13) INSPECTOR.—The term ''inspector'' means—

(A) any employee or official of the Federal Government authorized to inspect eggs or egg products under the authority of this chapter; or

(B) any employee or official of the government of any State or local jurisdiction authorized by the Secretary to inspect eggs or egg products under the authority of this chapter, under an agreement entered into between the Secretary and the appropriate State or other agency.

(14) MISBRANDED.—The term ''misbranded'' shall apply to egg products that are not labeled and packaged in accordance with the requirements prescribed by regulations of the Secretary under section 31706 of this title.

(15) OFFICIAL CERTIFICATE.—The term ''official certificate'' means any certificate prescribed by regulations of the Secretary for issuance by an inspector or other person performing official functions under this chapter.

(16) OFFICIAL DEVICE.—The term ''official device'' means any device prescribed or authorized by the Secretary for use in applying any official mark.

(17) OFFICIAL INSPECTION LEGEND.—The term ''official inspection legend'' means any symbol prescribed by regulations of the Secretary showing that egg products were inspected in accordance with this chapter.

(18) OFFICIAL MARK.—The term ''official mark'' means the official inspection legend or any other symbol prescribed by regulations of the Secretary to identify the status of any article under this chapter.

(19) OFFICIAL PLANT.—The term ''official plant'' means any plant, as determined by the Secretary, at which inspection of the processing of egg products is maintained by the Department of Agriculture under the authority of this chapter.

(20) OFFICIAL STANDARDS.—The term ''official standards'' means the standards of quality, grades, and weight classes for eggs, in effect on the effective date of this chapter, or as amended under the Agricultural Marketing Act of 1946 (7 U.S.C. 1621 et seq.).

(21) PACKAGE.—The term ''package'' includes any box, can, tin, plastic, or other receptacle, wrapper, or cover.

(22) PASTEURIZE.—The term ''pasteurize'' means the subjecting of each particle of egg products to heat or other treatments to destroy harmful viable micro-organisms by such processes as may be prescribed by regulations of the Secretary.

(23) PERSON.—The term ''person'' means any individual, partnership, corporation, association, or other business unit.

(24) PESTICIDE CHEMICAL.—The term ''pesticide chemical,'' has the meaning given the term in section 10101 of this title.

(25) PLANT.—The term ''plant'' means any place of business in which egg products are processed.

(26) PROCESSING.—The term ''processing'' means manufacturing egg products, including breaking eggs or filtering, mixing, blending, pasteurizing, stabilizing, cooling, freezing, drying, or packaging egg products.

(27) RAW AGRICULTURAL COMMODITY.—The term ''raw agricultural commodity'' has the meaning given the term in section 10101 of this title.

(28) SECRETARY.—The term ''Secretary'' means the Secretary of Agriculture or the Secretary's delegate.

(29) SHIPPING CONTAINER.—The term ''shipping container'' means any container used in packaging a product packed in an immediate container.

(30) STATE.—The term ''State'' means any State, the District of Columbia, Puerto Rico, and the Virgin Islands.

(31) UNITED STATES.—The term ''United States'' means the States.

**§ 31702. Congressional statement of findings**

(a) IN GENERAL.—Congress finds the following:

(1) Eggs and egg products are an important source of the Nation's total supply of food, and are used in food in various forms.

(2) Eggs and egg products are consumed throughout the Nation and the major portion of eggs and egg products moves in interstate or foreign commerce.

(3) It is essential, in the public interest, that the health and welfare of consumers be protected by the adoption of measures prescribed in this chapter for ensuring that eggs and egg products distributed to them and used in products consumed by them are

wholesome, otherwise not adulterated, and properly labeled and packaged.

(4) Lack of effective regulation for the handling or disposition of unwholesome, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs—

(A) is injurious to the public welfare;

(B) destroys markets for wholesome, not adulterated, and properly labeled and packaged eggs and egg products; and

(C) results in—

(i) sundry losses to producers and processors; and

(ii) injury to consumers.

(5) Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally.

(b) EGG PRODUCTS AND QUALITIES OF EGGS IN INTERSTATE AND FOREIGN COMMERCE.—Because of the findings in subsection (a), Congress finds—

(1) that all egg products and the qualities of eggs that are regulated under this chapter are either

in interstate or foreign commerce or substantially affect interstate or foreign commerce; and

(2) that regulation by the Secretary and the Secretary of Health and Human Services, and cooperation by the States and other jurisdictions, as contemplated by this chapter, are appropriate—

(A) to prevent and eliminate burdens on interstate and foreign commerce;

(B) to effectively regulate interstate and foreign commerce; and

(C) to protect the health and welfare of consumers.

**§ 31703. Congressional declaration of policy**

It is the policy of Congress to provide for the inspection of certain egg products, restrictions on the disposition of certain qualities of eggs, and uniformity of standards for eggs, and otherwise regulate the processing and distribution of eggs and egg products as prescribed in this chapter to prevent the movement or sale for human food of eggs and egg products that are adulterated or misbranded or otherwise in violation of this chapter.

**§ 31704. Inspection of egg products**

(a) PROCESSING OPERATIONS AND ESTABLISHMENTS.—

(1) IN GENERAL.—For the purpose of preventing the entry into or flow or movement in commerce of, or the burdening of commerce by, any egg product that is capable of use as human food and is misbranded or adulterated, the Secretary shall, whenever processing operations are being conducted, continuously inspect, in accordance with the regulations promulgated under this chapter, the processing of egg products, in each plant processing egg products for commerce, unless exempted under section 31714 of this title.

(2) FOOD MANUFACTURING ESTABLISHMENTS, INSTITUTIONS, AND RESTAURANTS.—Without restricting the application of paragraph (1) to other kinds of establishments within its provisions, any food manufacturing establishment, institution, or restaurant that uses any eggs that do not meet the requirements of section 31714(a)(1) of this title in the preparation of any articles for human food shall be deemed to be a plant processing egg products, with respect to the operations.

(b) AUTHORITY OF SECRETARY TO RETAIN, SEGREGATE, AND REINSPECT.—The Secretary, at any time, shall retain, segregate, and reinspect, as the Secretary

considers necessary, eggs and egg products capable of use as human food in each official plant.

(c) CONDEMNATION.—

(1) IN GENERAL.—Eggs and egg products found to be adulterated at official plants shall be condemned and, if no appeal is taken from the determination of condemnation, the articles shall be destroyed for human food purposes under the supervision of an inspector.

(2) ARTICLES THAT MAY BE REPROCESSED.—Articles that may, by reprocessing, be made not adulterated need not be condemned and destroyed if reprocessed under the supervision of an inspector and, after the reprocessing, found not to be adulterated.

(3) APPEALS.—

(A) IN GENERAL.—If an appeal is taken from a determination of condemnation under paragraph (1), the eggs or egg products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the Secretary determines that the appeal is frivolous.

(B) DETERMINATION OF CONDEMNATION SUSTAINED.—If the determination of condemnation is sustained, the eggs or egg products shall be destroyed for human food purposes under the supervision of an inspector.

(d) INSPECTIONS OF BUSINESS PREMISES, FACILITIES, INVENTORY, OPERATIONS, AND RECORDS.—

(1) INSPECTIONS BY SECRETARY.—The Secretary shall cause such other inspections to be made of the business premises, facilities, inventory, operations, and records of egg handlers, and the records and inventory of other persons required to keep records under section 31710 of this title, as the Secretary considers appropriate (and in the case of shell egg packers, packing eggs for the ultimate consumer, at least once each calendar quarter) to ensure that only eggs fit for human food are used for that purpose, and otherwise to ensure compliance by egg handlers and other persons with the requirements of section 31707 of this title.

(2) INSPECTIONS BY SECRETARY OF HEALTH AND HUMAN SERVICES.—The Secretary of Health and Human Services shall inspect as described in paragraph (1), as the Secretary of Health and Human Services considers appropriate, to ensure

compliance with the requirements at food manufacturing establishments, institutions, and restaurants, other than plants processing egg products.

(3) ACCESS.—Representatives of the Secretary and the Secretary of Health and Human Services shall be afforded access to all places of business described in this subsection for purposes of making the inspections provided for in this chapter.

(e) REFRIGERATION AND LABELING REQUIREMENTS.—

(1) IN GENERAL.—Subject to paragraphs (2), (3), and (4), the Secretary shall make such inspections as the Secretary considers appropriate of a facility of an egg handler (including a transport vehicle) to determine if shell eggs destined for the ultimate consumer—

(A) are being held under refrigeration at an ambient temperature of no greater than 45 degrees Fahrenheit after packing; and

(B) contain labeling that indicates that refrigeration is required.

(2) SHELL EGG PACKERS.—In the case of a shell egg packer packing eggs for the ultimate consumer, the Secretary shall make an inspection in ac-

cordance with paragraph (1) at least once each calendar quarter.

(3) INSPECTIONS BY SECRETARY OF HEALTH AND HUMAN SERVICES.—The Secretary of Health and Human Services shall cause such inspections to be made as the Secretary considers appropriate to ensure compliance with the requirements of paragraph (1) at food manufacturing establishments, institutions, and restaurants, other than plants packing eggs.

(4) CERTAIN EGG HANDLERS NOT SUBJECT TO INSPECTION.—The Secretary shall not make an inspection as provided in paragraph (1) on any egg handler with a flock of not more than 3,000 layers.

(5) ACCESS.—Any representative of the Secretary or the Secretary of Health and Human Services shall be afforded access to a place of business referred to in this subsection, including a transport vehicle, for purposes of making an inspection required under this subsection.

**§ 31705. Sanitary operating practices in official plants**

(a) PREMISES, FACILITIES, AND EQUIPMENT.—Each official plant shall be operated in accordance with such sanitary practices and shall have such premises, facilities,

and equipment as are required by regulations promulgated by the Secretary to carry out this chapter, including requirements for segregation and disposition of restricted eggs.

(b) REFUSAL BY SECRETARY TO INSPECT NONCONFORMING PLANTS.—The Secretary shall refuse to render inspection to any plant whose premises, facilities, or equipment, or the operation of the plant, fail to meet the requirements of this section.

**§ 31706. Pasteurization and labeling of egg products at official plants**

(a) PASTEURIZATION; CONTENTS OF LABEL.—Egg products inspected at any official plant under the authority of this chapter and found not to be adulterated—

(1) shall be pasteurized before they leave the official plant, except as otherwise permitted by regulations of the Secretary; and

(2) shall, at the time they leave the official plant, bear in distinctly legible form on their shipping containers or immediate containers, or both, if required by regulations of the Secretary—

(A) the official inspection legend and official plant number of the plant in which the products were processed; and

(B) such other information as the Secretary may require by regulations to describe the products adequately and to ensure that they will not have false or misleading labeling.

(b) FALSE OR MISLEADING LABELING OR CONTAINER; UNAPPROVED CONTAINERS.—

(1) IN GENERAL.—A labeling or container shall not be used for egg products at official plants if the labeling or container is false or misleading or has not been approved as required by the regulations of the Secretary.

(2) WITHHOLDING OF USE OF LABELING OR CONTAINER.—If the Secretary has reason to believe that any labeling or the size or form of any container in use or proposed for use with respect to egg products at any official plant is false or misleading in any particular, the Secretary may direct that the use be withheld unless the labeling or container is modified in such manner as the Secretary may prescribe so that it will not be false or misleading.

(3) REQUEST FOR HEARING.—If the person using or proposing to use the labeling or container does not accept the determination of the Secretary under paragraph (1), the person may request a hearing, but the use of the labeling or container

shall, if the Secretary directs, be withheld pending hearing and final determination by the Secretary.

(4) CONCLUSIVENESS OF FINAL DETERMINATION; APPEALS.—

(A) IN GENERAL.—Any final determination by the Secretary under paragraph (3) shall be conclusive unless, within 30 days after receipt of notice of the final determination, the person adversely affected by the final determination appeals to the United States court of appeals for the circuit in which the person has the person's principal place of business or to the United States Court of Appeals for the District of Columbia Circuit.

(B) APPLICABILITY OF CERTAIN PROVISIONS.—The provisions of section 204 of the Packers and Stockyards Act, 1921 (7 U.S.C. 194) shall be applicable to appeals taken under this section.

**§ 31707. Prohibited acts**

(a) RESTRICTED EGGS.—

(1) PERSONS.—A person shall not buy, sell, or transport, offer to buy or sell, or offer or receive for transportation, in any business in commerce, any restricted eggs, capable of use as human food, except

as authorized by regulations of the Secretary under such conditions as the Secretary may prescribe to ensure that only eggs fit for human food are used for human food.

(2) EGG HANDLERS.—An egg handler shall not possess with intent to use, or use, any restricted eggs in the preparation of human food for commerce except that the restricted eggs may be possessed and used if authorized by regulations of the Secretary under such conditions as the Secretary may prescribe to ensure that only eggs fit for human food are used for human food.

(b) COMPLIANCE WITH CHAPTER.—

(1) IN GENERAL.—A person shall not process any egg products for commerce at any plant except in compliance with this chapter.

(2) PERSONS.—A person shall not buy, sell, or transport, offer to buy or sell, or offer or receive for transportation, in commerce any egg products required to be inspected under this chapter unless the egg products have been inspected under this chapter and are labeled and packaged in accordance with section 31706 of this title.

(3) OPERATORS OF OFFICIAL PLANTS; SANITATION PRACTICES.—An operator of any official plant

shall not fail to comply with section 31705(a) of this title or the regulations under the section.

(4) OPERATORS OF OFFICIAL PLANTS; ADULTERATED OR MISBRANDED EGG PRODUCTS.—An operator of any official plant shall not allow any egg products to be moved from the plant if the egg products are adulterated or misbranded and capable of use as human food.

(c) EGG HANDLERS; POSSESSION OF EGGS UNDER CERTAIN CONDITIONS.—An egg handler shall not possess any eggs after the eggs have been packed into a container that is destined for the ultimate consumer unless the eggs are stored and transported under refrigeration at an ambient temperature of no greater than 45 degrees Fahrenheit, as prescribed by rules and regulations promulgated by the Secretary.

(d) VIOLATION OF CERTAIN PROVISIONS.—A person shall not violate any provision of section 31709, 31710, or 31716 of this title.

(e) MARKS AND CERTIFICATES; MISREPRESENTATIONS; ACCESS.—A person shall not—

(1) manufacture, cast, print, lithograph, or otherwise make any device containing any official mark or simulation of the official mark, any label bearing any such mark or simulation, or any form of official

certificate or simulation of the official certificate, except as authorized by the Secretary;

(2) forge or alter any official device, mark, or certificate;

(3) without authorization from the Secretary—

(A) use any official device, mark, or certificate, or simulation of the official device, mark, or certificate, or detach, deface, or destroy any official device or mark; or

(B) use any labeling or container ordered to be withheld from use under section 31706 of this title after final judicial affirmance of the order or expiration of the time for appeal if no appeal is taken under that section;

(4) contrary to the regulations prescribed by the Secretary, detach, deface, or destroy, or fail to use, any official device, mark, or certificate;

(5) knowingly possess, without promptly notifying the Secretary or the Secretary's representative—

(A) any official device or any counterfeit, simulated, forged, or improperly altered official certificate;

(B) any device or label bearing any counterfeit, simulated, forged, or improperly altered official mark; or

(C) any eggs or egg products bearing any counterfeit, simulated, forged, or improperly altered official mark;

(6) knowingly make any false statement in any shipper's certificate or other nonofficial or official certificate provided for in the regulations prescribed by the Secretary;

(7) knowingly represent that any article has been inspected or exempted, under this chapter, when in fact, the article has, respectively, not been inspected or exempted; or

(8) refuse access, at any reasonable time, to any representative of the Secretary or the Secretary of Health and Human Services, to any plant or other place of business subject to inspection under this chapter.

(f) FEDERAL OFFICIALS AND EMPLOYEES.—An individual, while an official or employee of the Federal Government or any State or local governmental agency, or after holding the office or the employment, shall not use to the individual's own advantage, or reveal other than to the authorized representatives of the Federal Government

or any State or other government in their official capacity, or as ordered by a court in a judicial proceeding, any information acquired under this chapter concerning any matter that is entitled to protection as a trade secret.

**§ 31708. Cooperation with appropriate State and other governmental agencies**

(a) IN GENERAL.—The Secretary shall, if the Secretary determines that it would effectuate the purposes of this chapter, cooperate with appropriate State and other governmental agencies, in carrying out this chapter.

(b) EXAMINATIONS, INVESTIGATIONS, AND INSPECTIONS.—In carrying out this chapter, the Secretary may conduct such examinations, investigations, and inspections as the Secretary determines practicable through any officer or employee of any such agency commissioned by the Secretary for the purpose of carrying out this chapter.

(c) REIMBURSEMENT.—The Secretary shall reimburse the States and other agencies for the costs incurred by the States and agencies in the cooperative programs.

**§ 31709. Eggs and egg products not intended for use as human food**

(a) INSPECTIONS; DENATURING OR OTHERWISE IDENTIFYING.—Inspection shall not be provided under this chapter at any plant for the processing of any egg products that are not intended for use as human food,

but the articles, prior to their offer for sale or transportation in commerce, shall be denatured or otherwise identified as prescribed by regulations of the Secretary to deter their use for human food.

(b) PROHIBITION ON SALES AND TRANSPORT.—A person shall not buy, sell, or transport, offer to buy or sell, or offer or receive for transportation, in commerce, any restricted eggs or egg products that are not intended for use as human food unless they are denatured or otherwise identified as required by the regulations of the Secretary.

**§ 31710. Recordkeeping requirements**

For the purpose of enforcing the provisions of this chapter and the regulations promulgated under this chapter, all persons engaged in the business of transporting, shipping, or receiving any eggs or egg products in commerce or holding the articles received in commerce, and all egg handlers—

(1) shall maintain such records showing, for such time and in such form and manner, as the Secretary or the Secretary of Health and Human Services may prescribe, to the extent that they are concerned therewith, the receipt, delivery, sale, movement, and disposition of all eggs and egg products handled by the persons and egg handlers; and

(2) shall, on the request of an authorized representative of the Secretary or the Secretary of Health and Human Services, permit the representative at reasonable times to have access to and to copy all the records.

**§ 31711. Enforcement provisions**

(a) PENALTIES FOR PROHIBITED ACTS.—

(1) IN GENERAL.—Any person that commits any offense prohibited by section 31707 of this title shall be imprisoned for not more than 1 year, fined not more than $5,000, or both.

(2) INTENT TO DEFRAUD; KNOWN ADULTERATION.—If a violation under paragraph (1) involves intent to defraud, or any distribution or attempted distribution of any article that is known to be adulterated (except as defined in section 31701(1)(A)(viii) of this title), the person shall be imprisoned for not more than 3 years, fined not more than $10,000, or both.

(b) PERSONS PREVENTING ENFORCEMENT.—

(1) IN GENERAL.—Any person that forcibly assaults, resists, opposes, impedes, intimidates, or interferes with an individual while engaged in or on account of the performance of the individual's offi-

cial duties under this chapter shall be imprisoned not more than 3 years, fined under title 18, or both.

(2) USE OF DEADLY OR DANGEROUS WEAPON.—Any person that, in the commission of any act under paragraph (1), uses a deadly or dangerous weapon, shall be imprisoned not more than 10 years, fined under title 18, or both.

(3) MURDER.—Any person that kills an individual while engaged in or on account of the performance of the individual's official duties under this chapter shall be punished as provided under sections 1111 and 1112 of title 18.

(c) CIVIL PENALTY.—

(1) IN GENERAL.—

(A) AMOUNT; SEPARATE OFFENSE.—Except as otherwise provided in this subsection, any person that violates any provision of this chapter or any regulation issued under this chapter, other than a violation for which a criminal penalty has been imposed under this chapter, may be assessed a civil penalty by the Secretary of not more than $5,000 for each violation. Each violation to which this subparagraph applies shall be considered a separate offense.

(B) HEARING.—A civil penalty shall not be assessed against any person under this subsection unless the person is given notice and opportunity for a hearing on the record before the Secretary in accordance with sections 554 and 556 of title 5.

(C) WRITTEN ORDER; REVIEW.—The amount of the civil penalty imposed under this subsection—

(i) shall be assessed by the Secretary, by written order, taking into account the gravity of the violation, degree of culpability, and history of prior offenses; and

(ii) may be reviewed only as provided in paragraph (2).

(2) FINALITY AND CONCLUSIVENESS OF ORDER; JUDICIAL REVIEW.—

(A) IN GENERAL.—The determination and order of the Secretary under this subsection shall be final and conclusive unless the person against whom a violation is found under paragraph (1) files an application for judicial review within 30 days after service of the order in the United States court of appeals for the circuit in which the person has the person's principal

place of business or in the United States Court of Appeals for the District of Columbia Circuit.

(B) BASIS OF JUDICIAL REVIEW.—Judicial review of any order under subparagraph (A) shall be based on the record on which the determination and order are based.

(C) ADDITIONAL EVIDENCE.—If the court determines that additional evidence needs to be taken, the court shall order the hearing to be reopened for the purpose of taking additional evidence in such manner and on such terms and conditions as the court considers proper. The Secretary may modify the findings of the Secretary as to the facts, or make new findings, on the basis of the additional evidence so taken.

(3) FAILURE TO PAY.—

(A) REFERRAL TO ATTORNEY GENERAL.—If any person fails to pay an assessment of a civil penalty after the civil penalty has become a final and unappealable order, or after the appropriate court of appeals has entered a final judgment in favor of the Secretary, the Secretary shall refer the matter to the Attorney General.

(B) INSTITUTION OF CIVIL ACTION.—The Attorney General shall institute a civil action to recover the amount assessed in an appropriate district court of the United States.

(C) VALIDITY AND APPROPRIATENESS OF ORDER NOT SUBJECT TO REVIEW.—In the collection action, the validity and appropriateness of the Secretary's order imposing the civil penalty shall not be subject to review.

(4) TREASURY.—All civil penalties collected under this subsection shall be paid into the Treasury.

(5) COMPROMISING, MODIFYING, REMITTING CIVIL PENALTY.—The Secretary may compromise, modify, or remit, with or without conditions, any civil penalty assessed under this subsection.

(6) APPLICABILITY.—Paragraph (1) shall not apply to an official plant.

(d) SCOPE OF LIABILITY FOR VIOLATIONS.—In construing or enforcing the provisions of section 31707 of this title, the act, omission, or failure of any person acting for or employed by any individual, partnership, corporation, or association within the scope of the person's employment or office shall in every case be deemed the act, omission,

or failure of the individual, partnership, corporation, or association, as well as of the person.

(e) PENALTIES APPLICABLE TO CARRIERS OR WAREHOUSEMEN.—A carrier or warehouseman shall not be subject to the penalties of this chapter, other than the penalties for violation of section 31710 of this title or subsection (c), by reason of the carrier's or the warehouseman's receipt, carriage, holding, or delivery, in the usual course of business, as a carrier or warehouseman of eggs or egg products owned by another person unless—

(1) the carrier or warehouseman has knowledge, or is in possession, of facts that would cause a reasonable person to believe that the eggs or egg products were not eligible for transportation under, or were otherwise in violation of, this chapter; or

(2) the carrier or warehouseman refuses to furnish on request of a representative of the Secretary—

(A) the name and address of the person from whom the carrier or warehouseman received the eggs or egg products; and

(B) copies of all documents, if any, pertaining to the delivery of the eggs or egg products to, or by, the carrier or warehouseman.

**§ 31712. Procedures prior to reporting to attorney general for institution of criminal proceeding**

(a) NOTICE AND OPPORTUNITY TO PRESENT VIEWS.—Before the Secretary or Secretary of Health and Human Services reports any violation of this chapter to any United States attorney for institution of a criminal proceeding, the person against whom the proceeding is contemplated shall be given reasonable notice of the alleged violation and opportunity to present the person's views orally or in writing with regard to the contemplated proceeding.

(b) EFFECT ON ISSUANCE OF WRITTEN NOTICE OR WARNING.—Nothing in this chapter shall be construed as requiring the Secretary or Secretary of Health and Human Services to report for criminal prosecution violations of this chapter if the Secretary or Secretary of Health and Human Services believes that the public interest will be adequately served and compliance with this chapter obtained by a suitable written notice of warning or an action to assess civil penalties.

**§ 31713. Rules and regulations**

The Secretary shall promulgate such rules and regulations as the Secretary considers necessary to carry out this chapter, and shall be responsible for the administra-

tion and enforcement of this chapter except as otherwise provided in section 31704(d) of this title.

**§ 31714. Exemption of certain activities**

(a) REGULATION FOR EXEMPTIONS.—The Secretary may, by regulation and under such conditions and procedures as the Secretary may prescribe, exempt from specific provisions of this chapter—

(1) the sale, transportation, possession, or use of eggs that contain no more restricted eggs than are allowed by the tolerance in the official standards of United States consumer grades for shell eggs;

(2) the processing of egg products at any plant in which the facilities and operating procedures meet such sanitary standards as may be prescribed by the Secretary, and in which the eggs received or used in the manufacture of egg products contain no more restricted eggs than are allowed by the official standards of United States consumer grades for shell eggs, and the egg products processed at the plant;

(3) the sale of eggs by any poultry producer from the poultry producer's own flocks directly to a household consumer exclusively for use by the consumer and members of the consumer's household and the consumer's nonpaying guests and employees,

and the transportation, possession, and use of the eggs in accordance with this subsection;

(4) the processing of egg products by any poultry producer from eggs of the poultry producer's own flocks' production for sale of the products directly to a household consumer exclusively for use by the consumer and members of the consumer's household and the consumer's nonpaying guests and employees, and the egg products processed when handled in accordance with this subsection;

(5) the sale of eggs by any shell egg packer on the shell egg packer's own premises directly to household consumers for use by the consumer and members of the consumer's household and the consumer's nonpaying guests and employees, and the transportation, possession, and use of the eggs in accordance with this subsection;

(6) for such period of time (not to exceed 2 years) during the initiation of operations under this chapter as the Secretary determines is impracticable to provide inspection, the processing of egg products at any class of plants and the egg products processed at the plants; and

(7) the sale of eggs by any egg producer with an annual egg production from a flock of 3,000 or fewer hens.

(b) SUSPENSION OR TERMINATION OF CERTAIN EXEMPTIONS.—The Secretary may immediately suspend or terminate any exemption under paragraph (2) or (6) of subsection (a) at any time with respect to any person, if the conditions of exemption prescribed by this section or the regulations of the Secretary are not being met.

(c) MODIFICATION OR REVOCATION OF EXEMPTIONS.—The Secretary may modify or revoke any regulation granting exemption under this chapter if the Secretary considers the action appropriate to effectuate the purposes of this chapter.

**§ 31715. Limitation on entry of eggs and egg products and other materials into official plants**

The Secretary may limit the entry of eggs and egg products and other materials into official plants under such conditions as the Secretary may prescribe to ensure that allowing the entry of the articles into the plants will be consistent with the purposes of this chapter.

**§ 31716. Imports**

(a) AUTHORIZATION FOR IMPORTATION OF RESTRICTED EGGS.—

(1) RESTRICTED EGGS.—Restricted eggs capable of use as human food shall not be imported into the United States except as authorized by regulations of the Secretary.

(2) EGG PRODUCTS.—Egg products capable of use as human food shall not be imported into the United States unless they were processed under an approved continuous inspection system of the government of the foreign country of origin or subdivision of the foreign country and are labeled and packaged in accordance with, and otherwise comply with the standards of, this chapter and regulations issued under this chapter applicable to the articles within the United States.

(3) CERTIFICATION FOR EGGS RELATING TO TEMPERATURE.—Eggs packed into a container that is destined for the ultimate consumer shall not be imported into the United States unless the eggs are accompanied by a certification that the eggs have at all times after packaging been stored and transported under refrigeration at an ambient temperature of no greater than 45 degrees Fahrenheit, as required by sections 31704(e) and 31707(c) of this title.

(4) TREATMENT AS DOMESTIC ARTICLES.—

(A) IN GENERAL.—All imported articles under this subsection shall, on entry into the United States, be deemed and treated as domestic articles subject to the other provisions of this chapter.

(B) REQUIRED LABELING.—The articles described in paragraph (1) shall be labeled as required by the regulations for imported articles.

(C) EFFECT OF SECTION.—Nothing in this section applies to eggs or egg products purchased outside the United States by any individual for consumption by the individual and members of the individual's household and the individual's nonpaying guests and employees.

(b) TERMS AND CONDITIONS FOR DESTRUCTION.—The Secretary may prescribe the terms and conditions for the destruction of all articles described in subsection (a) that are imported contrary to this section, unless—

(1) they are exported by the consignee within the time fixed for the exportation by the Secretary; or

(2) in the case of articles that are not in compliance solely because of misbranding, the articles are brought into compliance with this chapter under

supervision of authorized representatives of the Secretary.

(c) PAYMENT OF STORAGE, CARTAGE, AND LABOR CHARGES BY OWNER OR CONSIGNEE.—All charges for storage, cartage, and labor with respect to any article that is imported contrary to this section shall be paid by the owner or consignee, and in default of the payment shall constitute a lien against the article and any other article thereafter imported under this chapter by or for the owner or consignee.

(d) PROHIBITION.—The importation of any article contrary to this section is prohibited.

**§ 31717. Refusal or withdrawal of inspection services**

(a) IN GENERAL.—The Secretary (for such period, or indefinitely, as the Secretary considers necessary to effectuate the purposes of this chapter) may refuse to provide or may withdraw inspection service under this chapter with respect to any plant if the Secretary determines, after opportunity for a hearing is accorded to the applicant for, or recipient of, the service, that the applicant or recipient is unfit to engage in any business requiring inspection under this chapter because the applicant or recipient or anyone responsibly connected with the applicant or recipient has been convicted in any Federal or State court, within the previous 10 years, of—

(1) any felony or more than 1 misdemeanor under any law based on—

(A) the acquiring, handling, or distributing of adulterated, mislabeled, or deceptively packaged food; or

(B) fraud in connection with transactions in food; or

(2) any felony involving fraud, bribery, extortion, or any other act or circumstances indicating a lack of the integrity needed for the conduct of operations affecting the public health.

(b) RESPONSIBLY CONNECTED.—For the purpose of this section, a person shall be deemed to be responsibly connected with the business if the person is a partner, officer, director, holder, or owner of 10 percent or more of its voting stock, or employee in a managerial or executive capacity.

(c) FINALITY AND CONCLUSIVENESS OF ORDER; JUDICIAL REVIEW.—

(1) IN GENERAL.—The determination and order of the Secretary with respect to the refusal or withdrawal under this section shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within 30 days after the effective date of the order

in the United States court of appeals for the circuit in which the applicant or recipient has its principal place of business or in the United States Court of Appeals for the District of Columbia Circuit.

(2) BASIS.—Judicial review of any order under this section shall be on the record on which the determination and order are based.

(3) APPLICABILITY OF CERTAIN PROVISIONS.—The provisions of section 204 of the Packers and Stockyards Act, 1921 (7 U.S.C. 194) shall be applicable to appeals taken under this section.

(d) EFFECT OF SECTION.—This section shall not affect other provisions of this chapter for refusal of inspection services.

**§ 31718. Detention of articles**

(a) IN GENERAL.—If any eggs or egg products subject to this chapter are found, by any authorized representative of the Secretary, on any premises, and there is reason to believe that they are or have been processed, bought, sold, possessed, used, transported, or offered or received for sale or transportation in violation of this chapter or that they are in any other way in violation of this chapter, or if any restricted eggs capable of use as human food are found, by any authorized representative of the Secretary, in the possession of any person not authorized

to acquire the eggs under the regulations of the Secretary, the articles may be detained by the representative for a reasonable period but not to exceed 20 days, pending action under section 31719 of this title or notification of any Federal, State, or other governmental authorities having jurisdiction over the articles.

(b) REMOVAL.—The articles detained under subsection (a) shall not be moved by any person from the place at which they are located while the articles are detained until released by the representative.

(c) MARKS.—All official marks may be required by the representative to be removed from the articles before they are released unless it appears to the satisfaction of the Secretary that the articles are eligible to retain the marks.

(d) APPLICABILITY OF DETAINER AUTHORITY TO REPRESENTATIVE OF SECRETARY OF HEALTH AND HUMAN SERVICES.—The detainer authority conferred on representatives of the Secretary by this section shall also apply to any authorized representative of the Secretary of Health and Human Services for the purposes of section 31704(d) of this title, with respect to any eggs or egg products that are outside any plant processing egg products.

**§ 31719. Seizure and condemnation proceedings**

(a) IN GENERAL.—The following articles shall be liable to be proceeded against and seized and condemned, at any time, on a complaint in any United States district court or other proper court as provided in section 31720 of this title within the jurisdiction of which the articles are found:

(1) Any eggs or egg products that are or have been processed, bought, sold, possessed, used, transported, or offered or received for sale or transportation, in violation of this chapter, or in any other way are in violation of this chapter.

(2) Any restricted eggs, capable of use as human food, in the possession of any person not authorized to acquire the eggs under the regulations of the Secretary.

(b) DISPOSITION OF ARTICLES.—

(1) IN GENERAL.—If the articles under subsection (a) are condemned, they shall, after entry of the decree, be disposed of by destruction or sale as the court may direct.

(2) PROCEEDS.—The proceeds, if the articles are sold under paragraph (1), less the court costs and fees, and storage and other proper expenses, shall be paid into the Treasury.

(3) LIMITATION ON DISPOSITION BY SALE.—The articles under paragraph (1) shall not be sold contrary to this chapter, subtitle I of this title, the Fair Packaging and Labeling Act, or the laws of the jurisdiction in which they are sold.

(c) BOND.—On the execution and delivery of a good and sufficient bond conditioned that the articles shall not be sold or otherwise disposed of contrary to this chapter, subtitle I of this title, the Fair Packaging and Labeling Act, or the laws of the jurisdiction in which disposition is made, the court may direct that they be delivered to the owner of the articles subject to such supervision by authorized representatives of the Secretary as is necessary to ensure compliance with the applicable laws.

(d) COURT COSTS; STORAGE AND OTHER EXPENSES.—If a decree of condemnation is entered against the articles and the articles are released under bond, or destroyed, court costs and fees, and storage and other proper expenses, shall be awarded against the person, if any, intervening as claimant of the articles.

(e) APPLICABILITY OF ADMIRALTY AND MARITIME RULES.—Proceedings under this section shall conform, as nearly as may be, to the supplemental rules for certain admiralty and maritime claims, except that either party may demand trial by jury of any issue of fact joined in

any case, and all such proceedings shall be brought by and in the name of the United States.

(f) CONDEMNATION OR SEIZURE UNDER OTHER PROVISIONS UNAFFECTED.—This section does not derogate from authority for condemnation or seizure conferred by other provisions of this chapter or by other laws.

**§ 31720. Jurisdiction of district courts**

(a) IN GENERAL.—The United States district courts and the District Court of the Virgin Islands are vested with jurisdiction specifically to enforce, and to prevent and restrain violations of, this chapter, and shall have jurisdiction in all other cases arising under this chapter, except as provided in section 31717 of this title.

(b) UNITED STATES AS NAMED PARTY.—All proceedings for the enforcement or to restrain violations of this chapter shall be by and in the name of the United States.

(c) SUBPOENAS.—Subpoenas for witnesses who are required to attend a court of the United States, in any district, may run into any other district in any such proceeding.

**§ 31721. Other Federal laws applicable for administration and enforcement of chapter**

(a) IN GENERAL.—For the efficient administration and enforcement of this chapter, the provisions (including

penalties) of sections 6, 8, 9, and 10 of the Federal Trade Commission Act (15 U.S.C. 46, 48, 49, 50), except subsections (c) through (h) of section 6 of the Act (15 U.S.C. 46(c) through (h)), are made applicable to the jurisdiction, powers, and duties of the Secretary in administering and enforcing the provisions of this chapter and to any person with respect to whom the authority is exercised.

(b) PROSECUTION OF INQUIRY.—The Secretary, or such agents as the Secretary may designate, may prosecute any inquiry necessary to the Secretary's duties under this chapter in any part of the United States.

(c) AUTHORITY OF THE COURTS.—The powers conferred by sections 9 and 10 of the Federal Trade Commission Act (15 U.S.C. 49, 50) on the district courts of the United States may be exercised for the purposes of this chapter by any court designated in section 31720 of this title.

**§ 31722. State or local regulation**

(a) PROHIBITION AGAINST ADDITIONAL OR DIFFERENT REQUIREMENTS RELATING TO PREMISES, FACILITIES, AND OPERATIONS; AUTHORITY TO IMPOSE RECORDKEEPING REQUIREMENTS.—Requirements within the scope of this chapter with respect to premises, facilities, and operations of any official plant that are in addition to or different than those made under this chapter may

not be imposed by any State or local jurisdiction except that any State or local jurisdiction may impose record-keeping and other requirements within the scope of section 31710 of this title, if consistent with section 31710 of this title, with respect to any official plant.

(b) PROHIBITION AGAINST ADDITIONAL OR DIFFERENT STANDARDS AND LABELING REQUIREMENTS.—

(1) IN GENERAL.—For eggs that have moved or are moving in interstate or foreign commerce—

(A) a State or local jurisdiction shall not require the use of standards of quality, condition, weight, quantity, or grade that are in addition to or different from the official Federal standards;

(B) with respect to egg handlers specified in paragraphs (1) and (2) of section 31704(e) of this title, a State or local jurisdiction shall not impose temperature requirements pertaining to eggs packaged for the ultimate consumer that are in addition to, or different from, Federal requirements; and

(C) a State or local jurisdiction other than those in noncontiguous areas of the United States shall not require labeling to show the

State or other geographical area of production or origin.

(2) NAME, ADDRESS, AND LICENSE NUMBER ON CONTAINER.—Paragraph (1) shall not preclude a State from requiring that the name, address, and license number of the person processing or packaging eggs be shown on each container.

(c) PROHIBITION AGAINST ADDITIONAL OR DIFFERENT LABELING, PACKAGING, OR INGREDIENT REQUIREMENTS.—With respect to egg products processed at any official plant in accordance with the requirements under this chapter, subtitle I of this title, and the Fair Packaging and Labeling Act (15 U.S.C. 1451 et seq.), labeling, packaging, or ingredient requirements, in addition to or different than those made under this chapter, subtitle I of this title, and the Fair Packaging and Labeling Act (15 U.S.C. 1451 et seq.), may not be imposed by any State or local jurisdiction.

(d) JURISDICTION CONFERRED TO PREVENT DISTRIBUTION OF ARTICLES IN VIOLATION OF LAWS.—Notwithstanding this section, any State or local jurisdiction may exercise jurisdiction with respect to eggs and egg products to prevent the distribution for human food purposes of eggs and egg products that are outside of an official plant and are in violation of this chapter, subtitle I

of this title, and the Fair Packaging and Labeling Act (15 U.S.C. 1451 et seq.) or any State or local law consistent with this chapter, subtitle I of this title, and the Fair Packaging and Labeling Act (15 U.S.C. 1451 et seq.)

(e) EFFECT OF CHAPTER ON STATE LAW.—Except as provided in this section, the provisions of this chapter shall not invalidate any law or other provisions of any State or other jurisdiction in the absence of a conflict with this chapter.

(f) EFFECT OF CHAPTER ON FEDERAL LAWS AND ON AUTHORITY OF SECRETARY OF HEALTH AND HUMAN SERVICES.—This chapter does not affect the applicability of subtitle I of this title, the Fair Packaging and Labeling Act, or other Federal laws to eggs, egg products, or other food products or diminish any authority conferred on the Secretary of Health and Human Services or other Federal officials by such other laws, except that the Secretary shall have exclusive jurisdiction to regulate official plants processing egg products and operations of the official plants as to all matters within the scope of this chapter.

**§ 31723. Inspection and administration costs**

(a) DEFINITION OF HOLIDAY.—The term ''holiday'', for the purposes of assessment or reimbursement of the cost of inspection performed under this chapter, means the

legal public holidays specified by Congress in section 6103(a) of title 5.

(b) OVERTIME AND HOLIDAY WORK COSTS.—

(1) IN GENERAL.—The cost of inspection rendered under the requirements of this chapter, and other costs of administration of this chapter, shall be borne by the United States, except that the cost of overtime and holiday work performed in official plants subject to the provisions of this chapter at such rates as the Secretary may determine shall be borne by the official plants.

(2) AVAILABILITY OF AMOUNTS.—Amounts received by the Secretary from official plants under this section shall be available without fiscal year limitation to carry out this chapter.

**§ 31724. Annual report to congressional committees**

Not later than March 1 of each year, the Secretary shall submit to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a comprehensive and detailed written report with respect to—

(1)(A) the processing, storage, handling, and distribution of eggs and egg products subject to this chapter;

(B) the inspection of establishments operated in connection with the process, storage, and handling described in subparagraph (A);

(C) the effectiveness of the operation of the inspection, including the effectiveness of the operations of State egg inspection programs; and

(D) recommendations for legislation to improve the program; and

(2) the administration of section 31716 of this title during the immediately preceding calendar year, including—

(A) a certification by the Secretary that foreign plants exporting eggs or egg products to the United States have complied with this chapter and regulations issued under this chapter;

(B) the names and locations of plants authorized or permitted to export eggs or egg products to the United States;

(C) the number of inspectors employed by the Department of Agriculture in the calendar year concerned who were assigned to inspect plants referred to in subparagraph (B) and the frequency with which each of those plants was inspected by the inspectors;

(D)(i) the number of inspectors that were licensed by each country from which any imports were received and that were assigned, during the calendar year concerned, to inspect the imports and the facilities in which the imports were handled; and

(ii) the frequency and effectiveness of the inspections under clause (i);

(E) the total volume of eggs and egg products that was imported into the United States during the calendar year concerned from each country, including a separate itemization of the volume of each major category of the imports from each country during the year, and a detailed report of rejections of plants and products because of failure to meet appropriate standards prescribed by this chapter; and

(F) recommendations for legislation to improve the program.

# Chapter 319—Pesticide Monitoring Improvement

Sec.
31901. Pesticide monitoring and enforcement information.
31902. Foreign pesticide information.
31903. Pesticide analytical methods.

**§ 31901. Pesticide monitoring and enforcement information**

(a) DATA MANAGEMENT SYSTEMS.—

(1) IN GENERAL.—The Secretary of Health and Human Services shall place in effect computerized data management systems for the Food and Drug Administration under which the Food and Drug Administration will—

(A) record, summarize, and evaluate the results of its program for monitoring food products for pesticide residues;

(B) identify gaps in its pesticide monitoring program in the monitoring of—

(i) pesticides;

(ii) food products; and

(iii) food from specific countries and from domestic sources;

(C) detect trends in the presence of pesticide residues in food products and identify public health problems emerging from the occurrence of pesticide residues in food products;

(D) focus its testing resources for monitoring pesticide residues in food on detecting those residues that pose a public health concern;

(E) prepare summaries of the information listed in subsection (b); and

(F) provide information to assist the Environmental Protection Agency in carrying out its responsibilities under the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136 et seq.) and subtitle I of this title.

(2) MAKING OF SUMMARY.—As soon as practicable, the Secretary of Health and Human Services shall develop a means to enable the computerized data management systems placed into effect under paragraph (1) to make the summary described in subsection (c).

(3) RELATIONSHIP WITH OTHER LAWS.—

(A) SUBTITLE I.—Paragraph (1) does not limit the authority of the Food and Drug Administration to—

(i) use the computerized data management systems placed in effect under paragraph (1) to facilitate the regulation of any substance or product covered under the requirements of subtitle I of this title; or

(ii) develop additional data management systems to facilitate the regulation described in clause (i).

(B) COMPLIANCE WITH REGULATIONS ON COMPUTER SYSTEM DESIGN AND PROCUREMENT.—In placing into effect the computerized data management systems under paragraph (1) and in carrying out paragraph (2), the Secretary of Health and Human Services shall comply with applicable regulations governing computer system design and procurement.

(b) INFORMATION.—The Food and Drug Administration shall use the computerized data management systems placed into effect under subsection (a)(1) to prepare a summary of—

(1) information on—

(A) the types of imported and domestically produced food products analyzed for compliance with the requirements of subtitle I of this title regarding the presence of pesticide residues;

(B) the number of samples of each such food product analyzed for the compliance by country of origin;

(C) the pesticide residues that may be detected using the testing methods employed;

(D) the pesticide residues in the food detected and the levels detected;

(E) the compliance status of each sample of the food tested and the violation rate for each country-product combination; and

(F) the action taken with respect to each sample of the food found to be in violation of subtitle I of this title and its ultimate disposition; and

(2) information on—

(A) the country of origin of each imported food product referred to in paragraph (1)(A); and

(B) the United States district of entry for each such imported food product.

(c) VOLUME DATA.—

(1) SUMMARY.—The Food and Drug Administration shall use the computerized data management systems placed into effect under subsection (a)(1) to summarize the volume of each type of food product subject to the requirements of subtitle I of this title that is imported into the United States and that has an entry value that exceeds an amount established by the Secretary of Health and Human Services.

(2) SORTING OF SUMMARY.—The summary shall be made by country of origin and district of entry.

(3) DATABASE FROM OTHER FEDERAL AGENCIES.—Information with respect to volumes of food products to be included in the summary shall, to the extent feasible, be obtained from databases of other Federal agencies.

(d) COMPILATION.—

(1) INFORMATION.—The Secretary of Health and Human Services shall annually compile a summary of the information described in subsection (b) with respect to the previous year.

(2) VOLUME DATA.—When the Food and Drug Administration is able to make summaries under subsection (c), the Secretary of Health and Human Services shall include in the compilation under paragraph (1) a compilation of the information described in subsection (c).

(3) AVAILABILITY.—Compilations under this subsection shall be made available to Federal and State agencies and other interested persons.

**§ 31902. Foreign pesticide information**

(a) COOPERATIVE AGREEMENTS.—The Secretary of Health and Human Services shall enter into cooperative agreements with the governments of the countries that are the major sources of food imports into the United States subject to pesticide residue monitoring by the Food and

Drug Administration for the purpose of improving the ability of the Food and Drug Administration to ensure compliance with the pesticide tolerance requirements of subtitle I of this title with regard to imported food.

(b) INFORMATION ACTIVITIES.—

(1) IN GENERAL.—The cooperative agreements entered into under subsection (a) with governments of foreign countries shall specify the action to be taken by the parties to the agreements to accomplish the purpose described in subsection (a), including the means by which the governments of the foreign countries will provide to the Secretary of Health and Human Services current information identifying each of the pesticides used in the production, transportation, and storage of food products imported from production regions of the countries into the United States.

(2) NO AGREEMENT; INSUFFICIENT INFORMATION TO ENSURE EFFECTIVE PROGRAM.—In the case of a foreign country with which the Secretary of Health and Human Services is unable to enter into an agreement under subsection (a) or for which the information provided under paragraph (1) is insufficient to ensure an effective pesticide monitoring program, the Secretary of Health and Human Serv-

ices shall, to the extent practicable, obtain the information described in paragraph (1) with respect to the country from other Federal or international agencies or private sources.

(3) ENSURING APPROPRIATE FDA OFFICES RECEIVE INFORMATION.—The Secretary of Health and Human Services shall ensure that appropriate offices of the Food and Drug Administration that are engaged in the monitoring of imported food for pesticide residues receive the information obtained under paragraph (1) or (2).

(4) AVAILABILITY OF INFORMATION TO STATE AGENCIES.—The Secretary of Health and Human Services shall make available any information obtained under paragraph (1) or (2) to State agencies engaged in the monitoring of imported food for pesticide residues other than information obtained from private sources the disclosure of which to the agencies is restricted.

(c) COORDINATION WITH OTHER AGENCIES.—The Secretary of Health and Human Services shall—

(1) notify in writing the Department of Agriculture, the Environmental Protection Agency, and the Department of State at the initiation of negotia-

tions with a foreign country to develop a cooperative agreement under subsection (a); and

(2) coordinate the activities of the Department of Health and Human Services with the activities of the agencies referred to in paragraph (1), as appropriate, during the course of the negotiations.

**§ 31903. Pesticide analytical methods**

The Secretary of Health and Human Services shall, in consultation with the Administrator of the Environmental Protection Agency—

(1) develop a detailed long-range plan and timetable for research that is necessary for the development of and validation of—

(A) new and improved analytical methods capable of detecting at 1 time the presence of multiple pesticide residues in food; and

(B) rapid pesticide analytical methods; and

(2) conduct a review to determine whether the use of rapid pesticide analytical methods by the Secretary of Health and Human Services would enable the Secretary of Health and Human Services to improve the cost-effectiveness of monitoring and enforcement activities under subtitle I of this title, including increasing the number of pesticide residues that can be detected and the number of tests for

pesticide residues that can be conducted in a cost-effective manner.

# Chapter 321—Food Allergen Labeling and Consumer Protection

Sec.
32101. Inspections relating to food allergens.
32102. Gluten-free labeling.
32103. Improvement and publication of data on food-related allergic responses.

## § 32101. Inspections relating to food allergens

The Secretary of Health and Human Services shall conduct inspections, consistent with section 17504 of this title, of facilities in which foods are manufactured, processed, packed, or held—

(1) to ensure that the entities operating the facilities comply with practices to reduce or eliminate cross-contact of a food with residues of major food allergens that are not intentional ingredients of the food; and

(2) to ensure that major food allergens are properly labeled on foods.

## § 32102. Gluten-free labeling

The Secretary of Health and Human Services shall issue a final rule to define, and permit use of, the term ''gluten-free'' on the labeling of foods.

### § 32103. Improvement and publication of data on food-related allergic responses

The Secretary of Health and Human Services, acting through the Director of the Centers for Disease Control and Prevention and in consultation with the Commissioner of Food and Drugs, shall improve (including by educating physicians and other health care providers) the collection of, and publish as it becomes available, national data on—

(1) the prevalence of food allergies;

(2) the incidence of clinically significant or serious adverse events related to food allergies; and

(3) the use of different modes of treatment for and prevention of allergic responses to foods.

# Chapter 323—Food Safety

Sec.
32301. Ensuring the safety of pet food.
32302. Ensuring efficient and effective communications during a recall.
32303. State and Federal cooperation.
32304. Enhanced aquaculture and seafood inspection.
32305. Consultation regarding genetically engineered seafood products.
32306. Annual report to Congress.
32307. Publication of annual reports.
32308. Rule of construction.

### § 32301. Ensuring the safety of pet food

(a) PROCESSING AND INGREDIENT STANDARDS.—The Secretary of Health and Human Services (referred to in this chapter as the ''Secretary''), in consultation with the Association of American Feed Control Officials and other relevant stakeholder groups, including veterinary

medical associations, animal health organizations, and pet food manufacturers, shall by regulation establish—

(1) processing standards for pet food; and

(2) updated standards for the labeling of pet food that include nutritional and ingredient information.

(b) EARLY WARNING SURVEILLANCE SYSTEMS AND NOTIFICATION DURING PET FOOD RECALLS.—The Secretary shall establish an early warning and surveillance system to identify adulteration of the pet food supply and outbreaks of illness associated with pet food. In establishing the system, the Secretary shall—

(1) consider using surveillance and monitoring mechanisms similar to, or in coordination with, those used to monitor human or animal health, such as the Foodborne Diseases Active Surveillance Network (FoodNet) and PulseNet of the Centers for Disease Control and Prevention, the Food Emergency Response Network of the Food and Drug Administration and the Department of Agriculture, and the National Animal Health Laboratory Network of the Department of Agriculture;

(2) consult with relevant professional associations and private sector veterinary hospitals;

(3) work with the National Companion Animal Surveillance Program, the Health Alert Network, or other notification networks as appropriate to inform veterinarians and relevant stakeholders during any recall of pet food; and

(4) use such information and conduct such other activities as the Secretary considers appropriate.

**§ 32302. Ensuring efficient and effective communications during a recall**

The Secretary shall, during an ongoing recall of human or pet food regulated by the Secretary—

(1) work with companies, relevant professional associations, and other organizations to collect and aggregate information pertaining to the recall;

(2) use existing networks of communication, including electronic forms of information dissemination, to enhance the quality and speed of communication with the public; and

(3) post information regarding recalled human and pet foods on the internet website of the Food and Drug Administration in a single location, which shall include a searchable database of recalled human foods and a searchable database of recalled

pet foods, that is easily accessed and understood by the public.

**§ 32303. State and Federal cooperation**

(a) IN GENERAL.—The Secretary shall work with the States in undertaking activities and programs that assist in improving the safety of food, including fresh and processed produce, so that State food safety programs and activities conducted by the Secretary function in a coordinated and cost-effective manner. With the assistance provided under subsection (b), the Secretary shall encourage States to—

(1) establish, continue, or strengthen State food safety programs, especially with respect to the regulation of retail commercial food establishments; and

(2) establish procedures and requirements for ensuring that processed produce under the jurisdiction of State food safety programs is not unsafe for human consumption.

(b) ASSISTANCE.—The Secretary may provide to a State, for planning, developing, and implementing a food safety program described in subsection (a)—

(1) advisory assistance;

(2) technical assistance, training, and laboratory assistance (including necessary materials and equipment); and

(3) financial and other assistance.

(c) SERVICE AGREEMENTS.—The Secretary may, under an agreement entered into with a Federal, State, or local agency, use, on a reimbursable basis or otherwise, the personnel, services, and facilities of the agency to carry out the responsibilities of the agency under this section. An agreement entered into with a State agency under this subsection may provide for training of State employees.

**§ 32304. Enhanced aquaculture and seafood inspection**

(a) HEIGHTENED INSPECTIONS.—The Secretary may enhance, as necessary, the inspection regime of the Food and Drug Administration for aquaculture and seafood, consistent with obligations of the United States under international agreements and United States law.

(b) PARTNERSHIPS WITH STATES.—On the request by any State, the Secretary may enter into partnership agreements, as soon as practicable after the request is made, to implement inspection programs to Federal standards regarding the importation of aquaculture and seafood.

**§ 32305. Consultation regarding genetically engineered seafood products**

The Commissioner of Food and Drugs shall consult with the Assistant Administrator of the National Marine

Fisheries Service of the National Oceanic and Atmospheric Administration to produce a report on any environmental risks associated with genetically engineered seafood products, including the impact on wild fish stocks.

**§ 32306. Annual report to Congress**

The Secretary shall, on an annual basis, submit to the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate and the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives a report that includes, with respect to the preceding 1-year period—

(1) the number and amount of food products regulated by the Food and Drug Administration imported into the United States, aggregated by country and type of food;

(2) a listing of the number of Food and Drug Administration inspectors of imported food products referenced in paragraph (1) and the number of Food and Drug Administration inspections performed on the products; and

(3) aggregated data on the findings of the inspections, including data related to violations of subtitle I of this title, and enforcement actions used to follow up on the findings and violations.

**§ 32307. Publication of annual reports**

(a) IN GENERAL.—The Commissioner of Food and Drugs shall annually submit to Congress and publish on the internet website of the Food and Drug Administration a report concerning the results of the Food and Drug Administration's pesticide residue monitoring program, which report includes—

(1) information and analysis similar to that contained in the report entitled ''Food and Drug Administration Pesticide Program Residue Monitoring 2003'' as released in June of 2005;

(2) based on an analysis of previous samples, an identification of products or countries (for imports) that require special attention and additional study based on a comparison with equivalent products manufactured, distributed, or sold in the United States (including details on the plans for the additional studies), including in the initial report (and subsequent reports as determined necessary) the results and analysis of the Ginseng Dietary Supplements Special Survey as described on page 13 of the report entitled ''Food and Drug Administration Pesticide Program Residue Monitoring 2003'';

(3) information on the relative number of interstate and imported shipments of each tested com-

modity that were sampled, including recommendations on—

(A) whether sampling—

(i) is statistically significant; and

(ii) provides confidence intervals or other related statistical information; and

(B) whether the number of samples should be increased and the details of any plans to provide for the increase; and

(4) a description of whether certain commodities are being improperly imported as another commodity, including a description of additional steps that are being planned to prevent the smuggling.

(b) COMPLETION DATE.—Annual reports under subsection (a) shall be completed by June 1 of each year for the data collected for the year that was 2 years prior to the year in which the report is published.

(c) MEMORANDUM OF UNDERSTANDING.—The Commissioner of Food and Drugs, the Administrator of the Food Safety and Inspection Service, the Department of Commerce, and the head of the Agricultural Marketing Service shall enter into a memorandum of understanding to permit inclusion of data in the reports under subsection (a), which data relates to testing carried out by the Food Safety and Inspection Service and the Agricultural Mar-

keting Service on meat, poultry, eggs, and certain raw agricultural products, respectively.

**§ 32308. Rule of construction**

(a) DIETARY SUPPLEMENTS.—Nothing in this chapter (or an amendment made by title X of the Food and Drug Administration Amendments Act of 2007 (Public Law 110–85, 121 Stat. 962)) shall be construed to affect—

(1) the regulation of dietary supplements under the Dietary Supplement Health and Education Act of 1994 (Public Law 103–417, 108 Stat. 4325); or

(2) the adverse event reporting system for dietary supplements under section 18902 of this title.

(b) JURISDICTION OF SECRETARIES.—Nothing in this chapter (or an amendment made by title X of the Food and Drug Administration Amendments Act of 2007 (Public Law 110–85, 121 Stat. 962)) shall be construed to alter the jurisdiction between the Secretary of Agriculture and the Secretary, under applicable statutes and regulations.

# Chapter 325—Food Safety Modernization

**Subchapter I—General Provisions**

Sec.

32501. Definition of foodborne illness outbreak.

**Subchapter II—Improving Capacity To Prevent Food Safety Problems**

32511. Performance standards.

32512. National Agriculture and Food Defense Strategy.

32513. Food and Agriculture Coordinating Councils.
32514. Building domestic capacity.
32515. Food allergy and anaphylaxis management.
32516. Alcohol-related facilities.

**Subchapter III—Improving Capacity To Detect and Respond to Food Safety Problems**

32531. Food emergency response network.
32532. Integrated consortium of laboratory networks.
32533. Enhancing tracking and tracing of food and recordkeeping.
32534. Surveillance.
32535. Decontamination and disposal standards and plans.

**Subchapter IV—Improving the Safety of Imported Food**

32551. Inspection by the Secretary of Commerce.
32552. Foreign offices of the Food and Drug Administration.
32553. Smuggled food.

**Subchapter V—Miscellaneous Provisions**

32561. Effect of food safety modernization provisions on jurisdiction and authorities.
32562. Effect of food safety modernization provisions on compliance with international agreements.

# Subchapter I—General Provisions

## § 32501. Definition of foodborne illness outbreak

In this chapter, the term ''foodborne illness outbreak'' means the occurrence of 2 or more cases of a similar illness resulting from the ingestion of a certain food.

# Subchapter II—Improving Capacity To Prevent Food Safety Problems

## § 32511. Performance standards

(a) IN GENERAL.—The Secretary of Health and Human Services (referred to in this chapter as the ''Secretary'') shall, in coordination with the Secretary of Agriculture, not less frequently than every 2 years, review and evaluate relevant health data and other relevant information, including from toxicological and epidemiological stud-

ies and analyses, current Good Manufacturing Practices issued by the Secretary relating to food, and relevant recommendations of relevant advisory committees, including the Food Advisory Committee, to determine the most significant foodborne contaminants.

(b) GUIDANCE DOCUMENTS AND REGULATIONS.—Based on the review and evaluation conducted under subsection (a), and when appropriate to reduce the risk of serious illness or death to humans or animals or to prevent adulteration of the food under section 11102 of this title or to prevent the spread of communicable disease by food under section 361 of the Public Health Service Act (42 U.S.C. 264), the Secretary shall issue contaminant-specific and science-based guidance documents (including guidance documents regarding action levels) or regulations. The guidance documents (including guidance documents regarding action levels) or regulations—

(1) shall apply to products or product classes;

(2) shall, where appropriate, differentiate between food for human consumption and food intended for consumption by animals other than humans; and

(3) shall not be written to be facility-specific.

(c) NO DUPLICATION OF EFFORTS.—The Secretary shall coordinate with the Secretary of Agriculture to avoid issuing duplicative guidance on the same contaminants.

(d) REVIEW.—The Secretary shall periodically review and revise, as appropriate, the guidance documents (including guidance documents regarding action levels) or regulations issued under this section.

**§ 32512. National Agriculture and Food Defense Strategy**

(a) DEVELOPMENT AND SUBMISSION OF STRATEGY.—

(1) IN GENERAL.—The Secretary and the Secretary of Agriculture, in coordination with the Secretary of Homeland Security, shall prepare and submit to the relevant committees of Congress, and make publicly available on the internet websites of the Department of Health and Human Services and the Department of Agriculture, the National Agriculture and Food Defense Strategy (referred to in this section as the ''Strategy'').

(2) IMPLEMENTATION PLAN.—The Strategy shall include an implementation plan for use by the Secretaries described under paragraph (1) in carrying out the Strategy.

(3) RESEARCH.—The Strategy shall include a coordinated research agenda for use by the Secretaries described under paragraph (1) in conducting research to support the goals and activities described in paragraphs (1) and (2) of subsection (b).

(4) REVISIONS.—Not later than 4 years after the date on which the Strategy is submitted to the relevant committees of Congress under paragraph (1), and not less frequently than every 4 years thereafter, the Secretary and the Secretary of Agriculture, in coordination with the Secretary of Homeland Security, shall revise and submit to the relevant committees of Congress the Strategy.

(5) CONSISTENCY WITH EXISTING PLANS.—The Strategy described in paragraph (1) shall be consistent with—

(A) the National Incident Management System;

(B) the National Response Framework;

(C) the National Infrastructure Protection Plan;

(D) the National Preparedness Goals; and

(E) other relevant national strategies.

(b) COMPONENTS.—

(1) IN GENERAL.—The Strategy shall include a description of the process to be used by the Department of Health and Human Services, the Department of Agriculture, and the Department of Homeland Security—

(A) to achieve each goal described in paragraph (2); and

(B) to evaluate the progress made by Federal, State, local, and tribal governments towards the achievement of each goal described in paragraph (2).

(2) GOALS.—The Strategy shall include a description of the process to be used by the Department of Health and Human Services, the Department of Agriculture, and the Department of Homeland Security to achieve the following goals:

(A) PREPAREDNESS GOAL.—Enhance the preparedness of the agriculture and food system by—

(i) conducting vulnerability assessments of the agriculture and food system;

(ii) mitigating vulnerabilities of the system;

(iii) improving communication and training relating to the system;

(iv) developing and conducting exercises to test decontamination and disposal plans;

(v) developing modeling tools to improve event consequence assessment and decision support; and

(vi) preparing risk communication tools and enhancing public awareness through outreach.

(B) DETECTION GOAL.—Improve agriculture and food system detection capabilities by—

(i) identifying contamination in food products at the earliest possible time; and

(ii) conducting surveillance to prevent the spread of diseases.

(C) EMERGENCY RESPONSE GOAL.—Ensure an efficient response to agriculture and food emergencies by—

(i) immediately investigating animal disease outbreaks and suspected food contamination;

(ii) preventing additional human illnesses;

(iii) organizing, training, and equipping animal, plant, and food emergency response teams of—

(I) the Federal Government; and

(II) State, local, and tribal governments;

(iv) designing, developing, and evaluating training and exercises carried out under agriculture and food defense plans; and

(v) ensuring consistent and organized risk communication to the public by—

(I) the Federal Government;

(II) State, local, and tribal governments; and

(III) the private sector.

(D) RECOVERY GOAL.—Secure agriculture and food production after an agriculture or food emergency by—

(i) working with the private sector to develop business recovery plans to rapidly resume agriculture, food production, and international trade;

(ii) conducting exercises of the plans described in subparagraph (C) with the goal of long-term recovery results;

(iii) rapidly removing, and effectively disposing of—

(I) contaminated agriculture and food products; and

(II) infected plants and animals; and

(iv) decontaminating and restoring areas affected by an agriculture or food emergency.

(3) EVALUATION.—The Secretary, in coordination with the Secretary of Agriculture and the Secretary of Homeland Security, shall—

(A) develop metrics to measure progress for the evaluation process described in paragraph (1)(B); and

(B) report on the progress measured in subparagraph (A) as part of the Strategy.

(c) LIMITED DISTRIBUTION.—In the interest of national security, the Secretary and the Secretary of Agriculture, in coordination with the Secretary of Homeland Security, may determine the manner and format in which the Strategy is made publicly available on the internet

websites of the Department of Health and Human Services, the Department of Homeland Security, and the Department of Agriculture, as described in subsection (a)(1).

**§ 32513. Food and Agriculture Coordinating Councils**

The Secretary of Homeland Security, in coordination with the Secretary and the Secretary of Agriculture, shall, within 180 days of January 4, 2011, and annually thereafter, submit to the relevant committees of Congress, and make publicly available on the internet website of the Department of Homeland Security, a report on the activities of the Food and Agriculture Government Coordinating Council and the Food and Agriculture Sector Coordinating Council, including the progress of the Councils on—

(1) facilitating partnerships between public and private entities to help coordinate and enhance the protection of the agriculture and food system of the United States;

(2) providing for the regular and timely interchange of information between each Council, which information relates to the security of the agriculture and food system (including intelligence information);

(3) identifying best practices and methods for improving the coordination among Federal, State, local, and private sector preparedness and response plans for agriculture and food defense; and

(4) recommending methods by which to protect the economy and the public health of the United States from the effects of—

(A) animal or plant disease outbreaks;

(B) food contamination; and

(C) natural disasters affecting agriculture and food.

**§ 32514. Building domestic capacity**

(a) IN GENERAL.—

(1) INITIAL REPORT.—The Secretary, in coordination with the Secretary of Agriculture and the Secretary of Homeland Security, shall, not later than 2 years after January 4, 2011, submit to Congress a comprehensive report that identifies programs and practices that are intended to promote the safety and supply chain security of food and to prevent outbreaks of foodborne illness and other food-related hazards that can be addressed through preventive activities. The report shall include a description of the following:

(A) Analysis of the need for further regulations or guidance to industry.

(B) Outreach to food industry sectors, including through the Food and Agriculture Coordinating Councils referred to in section 32513

of this title, to identify potential sources of emerging threats to the safety and security of the food supply and preventive strategies to address those threats.

(C) Systems to ensure the prompt distribution to the food industry of information and technical assistance concerning preventive strategies.

(D) Communication systems to ensure that information about specific threats to the safety and security of the food supply are rapidly and effectively disseminated.

(E) Surveillance systems and laboratory networks to rapidly detect and respond to foodborne illness outbreaks and other food-related hazards, including how the systems and networks are integrated.

(F) Outreach, education, and training provided to States and local governments to build State and local food safety and food defense capabilities, including progress in implementing strategies developed under sections 32512 and 32534 of this title.

(G) The estimated resources needed to effectively implement the programs and practices

identified in the report developed in this section over a 5-year period.

(H) The impact of requirements under this chapter and under amendments made by the FDA Food Safety Modernization Act (Public Law 111–353, 124 Stat. 3885) on certified organic farms and facilities (as defined in section 11117 of this title).

(I) Specific efforts taken pursuant to the agreements authorized under section 11123(d) of this title, together with, as necessary, a description of any additional authorities necessary to improve seafood safety.

(2) BIENNIAL REPORTS.—On a biennial basis following the submission of the report under paragraph (1), the Secretary shall submit to Congress a report that—

(A) reviews previous food safety programs and practices;

(B) outlines the success of those programs and practices;

(C) identifies future programs and practices; and

(D) includes information related to any matter described in subparagraphs (A) through (H) of paragraph (1), as necessary.

(b) RISK-BASED ACTIVITIES.—The report developed under subsection (a)(1) shall describe methods that seek to ensure that resources available to the Secretary for food safety-related activities are directed at those actions most likely to reduce risks from food, including the use of preventive strategies and allocation of inspection resources. The Secretary shall promptly undertake those risk-based actions that are identified during the development of the report as likely to contribute to the safety and security of the food supply.

(c) CAPABILITY FOR LABORATORY ANALYSES; RESEARCH.—The report developed under subsection (a)(1) shall provide a description of methods to increase capacity to undertake analyses of food samples promptly after collection, to identify new and rapid analytical techniques, including commercially-available techniques that can be employed at ports of entry and by Food Emergency Response Network laboratories, and to provide for well-equipped and staffed laboratory facilities and progress toward laboratory accreditation under section 11124 of this title.

(d) INFORMATION TECHNOLOGY.—The report developed under subsection (a)(1) shall include a description of such information technology systems as may be needed to identify risks and receive data from multiple sources, including foreign governments, State, local, and tribal governments, other Federal agencies, the food industry, laboratories, laboratory networks, and consumers. The information technology systems that the Secretary describes shall also provide for the integration of the facility registration system under section 11117 of this title and the prior notice system under section 20101(m) of this title with other information technology systems that are used by the Federal Government for the processing of food offered for import into the United States.

(e) AUTOMATED RISK ASSESSMENT.—The report developed under subsection (a)(1) shall include a description of progress toward developing and improving an automated risk assessment system for food safety surveillance and allocation of resources.

(f) TRACEBACK AND SURVEILLANCE REPORT.—The Secretary shall include in the report developed under subsection (a)(1) an analysis of the FDA's performance in foodborne illness outbreaks during the 5-year period preceding January 4, 2011, involving fruits and vegetables that are raw agricultural commodities (as defined in sec-

tion 10101(a) of this title) and recommendations for enhanced surveillance, outbreak response, and traceability. The findings and recommendations shall address communication and coordination with the public, industry, and State and local governments, as such communication and coordination relates to outbreak identification and traceback.

(g) BIENNIAL FOOD SAFETY AND FOOD DEFENSE RESEARCH PLAN.—The Secretary, the Secretary of Agriculture, and the Secretary of Homeland Security shall, on a biennial basis, submit to Congress a joint food safety and food defense research plan which may include studying the long-term health effects of foodborne illness. The biennial plan shall include a list and description of projects conducted during the previous 2-year period and the plan for projects to be conducted during the subsequent 2-year period.

(h) EFFECTIVENESS OF PROGRAMS ADMINISTERED BY THE DEPARTMENT.—

(1) IN GENERAL.—To determine whether existing Federal programs administered by the Department of Health and Human Services are effective in achieving the stated goals of the programs, the Secretary shall—

(A) conduct an annual evaluation of each program of the Department of Health and Human Services to determine the effectiveness of each program in achieving legislated intent, purposes, and objectives; and

(B) submit to Congress a report concerning the evaluation.

(2) CONTENT.—The report described under paragraph (1)(B) shall—

(A) include conclusions concerning the reasons that the existing programs have proven successful or not successful and what factors contributed to the conclusions;

(B) include recommendations for consolidation and elimination to reduce duplication and inefficiencies in the programs at the Department of Health and Human Services as identified during the evaluation conducted under this subsection; and

(C) be made publicly available in a publication entitled ''Guide to the U.S. Department of Health and Human Services Programs''.

(i) UNIQUE IDENTIFICATION NUMBERS.—

(1) IN GENERAL.—Not later than 1 year after January 4, 2011, the Secretary, acting through the

Commissioner of Food and Drugs, shall conduct a study regarding the need for, and challenges associated with, development and implementation of a program that requires a unique identification number for each food facility registered with the Secretary and, as appropriate, each broker that imports food into the United States. The study shall include an evaluation of the costs associated with development and implementation of such a system, and make recommendations about what new authorities, if any, would be necessary to develop and implement such a system.

(2) REPORT.—Not later than 15 months after January 4, 2011, the Secretary shall submit to Congress a report that describes the findings of the study conducted under paragraph (1) and that includes any recommendations determined appropriate by the Secretary.

**§ 32515. Food allergy and anaphylaxis management**

(a) DEFINITIONS.—In this section:

(1) EARLY CHILDHOOD EDUCATION PROGRAM.—The term ''early childhood education program'' means—

(A) a Head Start program or an Early Head Start program carried out under the Head Start Act (42 U.S.C. 9831 et seq.);

(B) a State-licensed or State-regulated child care program or school; or

(C) a State prekindergarten program that serves children from birth through kindergarten.

(2) ELEMENTARY SCHOOL.—The term ''elementary school'' has the meaning given the term in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

(3) LOCAL EDUCATION AGENCY.—The term ''local educational agency'' has the meaning given the term in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

(4) PARENT.—The term ''parent'' has the meaning given the term in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

(5) SCHOOL.—The term ''school'' includes public—

(A) kindergartens;

(B) elementary schools; and

(C) secondary schools.

(6) SECONDARY SCHOOL.—The term ''secondary school'' has the meaning given the term in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).

(b) ESTABLISHMENT OF VOLUNTARY FOOD ALLERGY AND ANAPHYLAXIS MANAGEMENT GUIDELINES.—

(1) ESTABLISHMENT.—

(A) IN GENERAL.—The Secretary, in consultation with the Secretary of Education, shall—

(i) develop guidelines to be used on a voluntary basis to develop plans for individuals to manage the risk of food allergy and anaphylaxis in schools and early childhood education programs; and

(ii) make the guidelines available to local educational agencies, schools, early childhood education programs, and other interested entities and individuals to be implemented on a voluntary basis only.

(B) APPLICABILITY OF FERPA.—Each plan described in subparagraph (A) that is developed for an individual shall be considered an education record for the purpose of section 444 of

the General Education Provisions Act (20 U.S.C. 1232g).

(2) CONTENTS.—The voluntary guidelines developed by the Secretary under paragraph (1) shall address each of the following and may be updated as the Secretary determines necessary:

(A) Parental obligation to provide the school or early childhood education program, prior to the start of every school year, with—

(i) documentation from their child's physician or nurse—

(I) supporting a diagnosis of food allergy, and any risk of anaphylaxis, if applicable;

(II) identifying any food to which the child is allergic;

(III) describing, if appropriate, any prior history of anaphylaxis;

(IV) listing any medication prescribed for the child for the treatment of anaphylaxis;

(V) detailing emergency treatment procedures in the event of a reaction;

(VI) listing the signs and symptoms of a reaction; and

(VII) assessing the child's readiness for self-administration of prescription medication; and

(ii) a list of substitute meals that may be offered to the child by school or early childhood education program food service personnel.

(B) The creation and maintenance of an individual plan for food allergy management, in consultation with the parent, tailored to the needs of each child with a documented risk for anaphylaxis, including any procedures for the self-administration of medication by the child in instances where—

(i) the child is capable of self-administering medication; and

(ii) the self-administration is not prohibited by State law.

(C) Communication strategies between individual schools or early childhood education programs and providers of emergency medical services, including appropriate instructions for emergency medical response.

(D) Strategies to reduce the risk of exposure to anaphylactic causative agents in classrooms and common school or early childhood education program areas such as cafeterias.

(E) The dissemination of general information on life-threatening food allergies to school or early childhood education program staff, parents, and children.

(F) Food allergy management training of school or early childhood education program personnel who regularly come into contact with children with life-threatening food allergies.

(G) The authorization and training of school or early childhood education program personnel to administer epinephrine when the nurse is not immediately available.

(H) The timely accessibility of epinephrine by school or early childhood education program personnel when the nurse is not immediately available.

(I) The creation of a plan contained in each individual plan for food allergy management that addresses the appropriate response to an incident of anaphylaxis of a child while the child is engaged in extracurricular programs of

a school or early childhood education program, such as non-academic outings and field trips, before-school and after-school programs or before-early child education and after-early child education programs, and school-sponsored or early childhood education program-sponsored programs held on weekends.

(J) Maintenance of information for each administration of epinephrine to a child at risk for anaphylaxis and prompt notification to parents.

(K) Other elements the Secretary determines necessary for the management of food allergies and anaphylaxis in schools and early childhood education programs.

(3) RELATION TO STATE LAW.—Nothing in this section or the guidelines developed by the Secretary under paragraph (1) shall be construed to preempt State law, including any State law regarding whether students at risk for anaphylaxis may self-administer medication.

(c) SCHOOL-BASED FOOD ALLERGY MANAGEMENT GRANTS.—

(1) IN GENERAL.—The Secretary may award grants to local educational agencies to assist the

agencies with implementing voluntary food allergy and anaphylaxis management guidelines described in subsection (b).

(2) APPLICATION.—

(A) IN GENERAL.—To be eligible to receive a grant under this subsection, a local educational agency shall submit an application to the Secretary at such time, in such manner, and including such information as the Secretary may reasonably require.

(B) CONTENTS.—Each application submitted under subparagraph (A) shall include—

(i) an assurance that the local educational agency has developed plans in accordance with the food allergy and anaphylaxis management guidelines described in subsection (b);

(ii) a description of the activities to be funded by the grant in carrying out the food allergy and anaphylaxis management guidelines, including—

(I) how the guidelines will be carried out at individual schools served by the local educational agency;

(II) how the local educational agency will inform parents and students of the guidelines in place;

(III) how school nurses, teachers, administrators, and other school-based staff will be made aware of, and given training on, when applicable, the guidelines in place; and

(IV) any other activities that the Secretary determines appropriate;

(iii) an itemization of how grant funds received under this subsection will be expended;

(iv) a description of how adoption of the guidelines and implementation of grant activities will be monitored; and

(v) an agreement by the local educational agency to report information required by the Secretary to conduct evaluations under this subsection.

(3) USE OF FUNDS.—Each local educational agency that receives a grant under this subsection may use the grant funds for the following:

(A) Purchase of materials and supplies, including limited medical supplies such as epi-

nephrine and disposable wet wipes, to support carrying out the food allergy and anaphylaxis management guidelines described in subsection (b).

(B) In partnership with local health departments, school nurse, teacher, and personnel training for food allergy management.

(C) Programs that educate students as to the presence of, and policies and procedures in place related to, food allergies and anaphylactic shock.

(D) Outreach to parents.

(E) Any other activities consistent with the guidelines described in subsection (b).

(4) DURATION OF AWARDS.—The Secretary may award grants under this subsection for a period of not more than 2 years. In the event the Secretary conducts a program evaluation under this subsection, funding in the second year of the grant, where applicable, shall be contingent on a successful program evaluation by the Secretary after the first year.

(5) LIMITATION ON GRANT FUNDING.—The Secretary may not provide grant funding to a local educational agency under this subsection after the

local educational agency has received 2 years of grant funding under this subsection.

(6) MAXIMUM AMOUNT OF ANNUAL AWARDS.—A grant awarded under this subsection may not be made in an amount that is more than $50,000 annually.

(7) PRIORITY.—In awarding grants under this subsection, the Secretary shall give priority to local educational agencies with the highest percentages of children who are counted under section 1124(c) of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 6333(c)).

(8) MATCHING FUNDS.—

(A) IN GENERAL.—The Secretary may not award a grant under this subsection unless the local educational agency agrees that, with respect to the costs to be incurred by the local educational agency in carrying out the grant activities, the local educational agency shall make available (directly or through donations from public or private entities) non-Federal funds toward the costs in an amount equal to not less than 25 percent of the amount of the grant.

(B) DETERMINATION OF AMOUNT OF NON-FEDERAL CONTRIBUTION.—Non-Federal funds

required under subparagraph (A) may be cash or in-kind, including plant, equipment, or services. Amounts provided by the Federal Government, and any portion of any service subsidized by the Federal Government, may not be included in determining the amount of the non-Federal funds.

(9) ADMINISTRATIVE FUNDS.—A local educational agency that receives a grant under this subsection may use not more than 2 percent of the grant amount for administrative costs related to carrying out this subsection.

(10) PROGRESS AND EVALUATIONS.—At the completion of the grant period referred to in paragraph (4), a local educational agency shall provide the Secretary with information on how grant funds were spent and the status of implementation of the food allergy and anaphylaxis management guidelines described in subsection (b).

(11) SUPPLEMENT NOT SUPPLANT.—Grant funds received under this subsection shall be used to supplement, and not supplant, non-Federal funds and any other Federal funds available to carry out the activities described in this subsection.

(d) VOLUNTARY NATURE OF GUIDELINES.—

(1) IN GENERAL.—The food allergy and anaphylaxis management guidelines developed by the Secretary under subsection (b) are voluntary. Nothing in this section or the guidelines developed by the Secretary under subsection (b) shall be construed to require a local educational agency to implement the guidelines.

(2) EXCEPTION.—Notwithstanding paragraph (1), the Secretary may enforce an agreement by a local educational agency to implement food allergy and anaphylaxis management guidelines as a condition of the receipt of a grant under subsection (c).

**§ 32516. Alcohol-related facilities**

(a) IN GENERAL.—Except as provided by sections 32561 and 32562 of this title, and except as provided by sections 102, 206, 207, 302, 304, and 402 of the FDA Food Safety Modernization Act (Public Law 111–353, 124 Stat. 3885) and amendments made by those sections of that Act, nothing in this chapter or amendments made by the FDA Food Safety Modernization Act (Public Law 111–353, 124 Stat. 3885) shall be construed to apply to a facility that—

(1) under the Federal Alcohol Administration Act (27 U.S.C. 201 et seq.) or chapter 51 of subtitle E of the Internal Revenue Code of 1986 (26 U.S.C.

5001 et seq.) is required to obtain a permit or to register with the Secretary of the Treasury as a condition of doing business in the United States; and

(2) under section 11117 of this title is required to register as a facility because the facility is engaged in manufacturing, processing, packing, or holding 1 or more alcoholic beverages, with respect to the activities of the facility that relate to the manufacturing, processing, packing, or holding of alcoholic beverages.

(b) LIMITED RECEIPT AND DISTRIBUTION OF NON-ALCOHOL FOOD.—Subsection (a) shall not apply to a facility engaged in the receipt and distribution of any non-alcohol food, except that subsection (a) shall apply to a facility described in subsection (a) that receives and distributes non-alcohol food, provided the food is received and distributed—

(1) in a prepackaged form that prevents any direct human contact with the food; and

(2) in amounts that constitute not more than 5 percent of the overall sales of the facility, as determined by the Secretary of the Treasury.

(c) RULE OF CONSTRUCTION.—Except as provided in subsections (a) and (b), this section shall not be construed to exempt any food, other than alcoholic beverages, as de-

fined in section 203 of the Federal Alcohol Administration Act (27 U.S.C. 214), from the requirements of this chapter or the amendments made by the FDA Food Safety Modernization Act (Public Law 111–353, 124 Stat. 3885).

# Subchapter III—Improving Capacity To Detect and Respond to Food Safety Problems

### § 32531. Food emergency response network

The Secretary, in coordination with the Secretary of Agriculture, the Secretary of Homeland Security, and State, local, and tribal governments shall, not later than 180 days after January 4, 2011, biennially submit to the relevant committees of Congress, and make publicly available on the internet website of the Department of Health and Human Services, a report on the progress in implementing a national food emergency response laboratory network that—

(1) provides ongoing surveillance, rapid detection, and surge capacity for large-scale food-related emergencies, including intentional adulteration of the food supply;

(2) coordinates the food laboratory capacities of State, local, and tribal food laboratories, including the adoption of novel surveillance and identification

technologies and the sharing of data between Federal agencies and State laboratories to develop national situational awareness;

(3) provides accessible, timely, accurate, and consistent food laboratory services throughout the United States;

(4) develops and implements a methods repository for use by Federal, State, and local officials;

(5) responds to food-related emergencies; and

(6) is integrated with relevant laboratory networks administered by other Federal agencies.

**§ 32532. Integrated consortium of laboratory networks**

(a) IN GENERAL.—The Secretary of Homeland Security, in coordination with the Secretary, the Secretary of Agriculture, the Secretary of Commerce, and the Administrator of the Environmental Protection Agency, shall maintain an agreement through which relevant laboratory network members, as determined by the Secretary of Homeland Security, shall—

(1) agree on common laboratory methods to reduce the time required—

(A) to detect and respond to foodborne illness outbreaks; and

(B) to facilitate the sharing of knowledge and information relating to animal health, agriculture, and human health;

(2) identify means by which laboratory network members could work cooperatively—

(A) to optimize national laboratory preparedness; and

(B) to provide surge capacity during emergencies; and

(3) engage in ongoing dialogue and build relationships that will support a more effective and integrated response during emergencies.

(b) REPORTING REQUIREMENT.—The Secretary of Homeland Security shall, on a biennial basis, submit to the relevant committees of Congress, and make publicly available on the internet website of the Department of Homeland Security, a report on the progress of the integrated consortium of laboratory networks, as established under subsection (a), in carrying out this section.

**§ 32533. Enhancing tracking and tracing of food and recordkeeping**

(a) PILOT PROJECTS.—

(1) IN GENERAL.—Not later than 270 days after January 4, 2011, the Secretary, taking into account recommendations from the Secretary of Agri-

culture and representatives of State departments of health and agriculture, shall establish pilot projects in coordination with the food industry to explore and evaluate methods to rapidly and effectively identify recipients of food to prevent or mitigate a foodborne illness outbreak and to address credible threats of serious adverse health consequences or death to humans or animals as a result of the food being adulterated under section 11102 of this title or misbranded under section 11323 of this title.

(2) CONTENT.—The Secretary shall conduct 1 or more pilot projects under paragraph (1) in coordination with the processed food sector and 1 or more pilot projects under paragraph (1) in coordination with processors or distributors of fruits and vegetables that are raw agricultural commodities. The Secretary shall ensure that the pilot projects under paragraph (1) reflect the diversity of the food supply and include at least 3 different types of foods that have been the subject of significant outbreaks during the 5-year period preceding January 4, 2011, and are selected to—

(A) develop and demonstrate methods for rapid and effective tracking and tracing of

foods in a manner that is practicable for facilities of varying sizes, including small businesses;

(B) develop and demonstrate appropriate technologies, including technologies existing on January 4, 2011, that enhance the tracking and tracing of food; and

(C) inform the promulgation of regulations under subsection (d).

(3) REPORT.—Not later than 18 months after January 4, 2011, the Secretary shall report to Congress on the findings of the pilot projects under this subsection together with recommendations for improving the tracking and tracing of food.

(b) ADDITIONAL DATA GATHERING.—

(1) IN GENERAL.—The Secretary, in coordination with the Secretary of Agriculture and multiple representatives of State departments of health and agriculture, shall assess—

(A) the costs and benefits associated with the adoption and use of several product tracing technologies, including technologies used in the pilot projects under subsection (a);

(B) the feasibility of the technologies for different sectors of the food industry, including small businesses; and

(C) whether the technologies are compatible with the requirements of this subsection.

(2) REQUIREMENTS.—To the extent practicable, in carrying out paragraph (1), the Secretary shall—

(A) evaluate domestic and international product tracing practices in commercial use;

(B) consider international efforts, including an assessment of whether product tracing requirements developed under this section are compatible with global tracing systems, as appropriate; and

(C) consult with a diverse and broad range of experts and stakeholders, including representatives of the food industry, agricultural producers, and nongovernmental organizations that represent the interests of consumers.

(c) PRODUCT TRACING SYSTEM.—The Secretary, in consultation with the Secretary of Agriculture, shall, as appropriate, establish within the Food and Drug Administration a product tracing system to receive information that improves the capacity of the Secretary to effectively and rapidly track and trace food that is in the United States or offered for import into the United States. Prior to the establishment of the product tracing system, the

Secretary shall examine the results of applicable pilot projects and shall ensure that the activities of the system are adequately supported by the results of the pilot projects.

(d) ADDITIONAL RECORDKEEPING REQUIREMENTS FOR HIGH-RISK FOODS.—

(1) IN GENERAL.—

(A) NOTICE OF PROPOSED RULEMAKING.—To rapidly and effectively identify recipients of a food to prevent or mitigate a foodborne illness outbreak and to address credible threats of serious adverse health consequences or death to humans or animals as a result of the food being adulterated under section 11102 of this title or misbranded under section 11323 of this title, not later than 2 years after January 4, 2011, the Secretary shall publish a notice of proposed rulemaking to establish recordkeeping requirements, in addition to the requirements under section 11116 of this title and subpart J of part 1 of title 21, Code of Federal Regulations (or any successor regulations), for facilities that manufacture, process, pack, or hold foods that the Secretary

designates under paragraph (2) as high-risk foods.

(B) EFFECTIVE DATE OF ADDITIONAL REQUIREMENTS.—The Secretary shall set an appropriate effective date for the additional recordkeeping requirements for foods designated as high risk that takes into account the length of time necessary to comply with the requirements.

(C) REQUIREMENTS.—The requirements shall—

(i) relate only to information that is reasonably available and appropriate;

(ii) be science-based;

(iii) not prescribe specific technologies for the maintenance of records;

(iv) ensure that the public health benefits of imposing additional recordkeeping requirements outweigh the cost of compliance with the requirements;

(v) be scale-appropriate and practicable for facilities of varying sizes and capabilities with respect to costs and recordkeeping burdens, and not require the creation and maintenance of duplicate records

where the information is contained in other company records kept in the normal course of business;

(vi) minimize the number of different recordkeeping requirements for facilities that handle more than 1 type of food;

(vii) to the extent practicable, not require a facility to change business systems to comply with the requirements;

(viii) allow any person subject to this subsection to maintain records required under this subsection at a central or reasonably accessible location provided that the records can be made available to the Secretary not later than 24 hours after the Secretary requests the records;

(ix) include a process by which the Secretary may issue a waiver of the requirements under this subsection if the Secretary determines that the requirements would result in an economic hardship for an individual facility or a type of facility;

(x) be commensurate with the known safety risks of the designated food;

(xi) take into account international trade obligations;

(xii) not require—

(I) a full pedigree, or a record of the complete previous distribution history of the food from the point of origin of the food;

(II) records of recipients of a food beyond the immediate subsequent recipient of the food; or

(III) product tracking to the case level by persons subject to the requirements; and

(xiii) include a process by which the Secretary may remove a high-risk food designation developed under paragraph (2) for a food or type of food.

(2) DESIGNATION OF HIGH-RISK FOODS.—

(A) IN GENERAL.—Not later than 1 year after January 4, 2011, and after that date, as the Secretary determines necessary, the Secretary shall designate high-risk foods for which the additional recordkeeping requirements described in paragraph (1) are appropriate and

necessary to protect the public health. Each designation shall be based on—

(i) the known safety risks of a particular food, including the history and severity of foodborne illness outbreaks attributed to the food, taking into consideration foodborne illness data collected by the Centers for Disease Control and Prevention;

(ii) the likelihood that a particular food has a high potential risk for microbiological or chemical contamination or would support the growth of pathogenic microorganisms due to the nature of the food or the processes used to produce the food;

(iii) the point in the manufacturing process of the food where contamination is most likely to occur;

(iv) the likelihood of contamination and steps taken during the manufacturing process to reduce the possibility of contamination;

(v) the likelihood that consuming a particular food will result in a foodborne

illness due to contamination of the food; and

(vi) the likely or known severity, including health and economic impacts, of a foodborne illness attributed to a particular food.

(B) LIST OF HIGH-RISK FOODS.—

(i) IN GENERAL.—At the time the Secretary promulgates the final rules under paragraph (1), the Secretary shall publish the list of the foods designated under subparagraph (A) as high-risk foods on the internet website of the Food and Drug Administration.

(ii) UPDATES.—The Secretary may update the list to designate new high-risk foods and to remove foods that are no longer deemed to be high-risk foods, provided that each update to the list is consistent with the requirements of this subsection and notice of the update is published in the Federal Register.

(3) PROTECTION OF SENSITIVE INFORMATION.—In promulgating regulations under this subsection, the Secretary shall take appropriate meas-

ures to ensure that there are effective procedures to prevent the unauthorized disclosure of any trade secret or confidential information that is obtained by the Secretary pursuant to this section, including—

(A) periodic risk assessment and planning to prevent unauthorized release; and

(B) controls to—

(i) prevent unauthorized reproduction of trade secret or confidential information;

(ii) prevent unauthorized access to trade secret or confidential information; and

(iii) maintain records with respect to access by any person to trade secret or confidential information maintained by the agency.

(4) PUBLIC INPUT.—During the comment period in the notice of proposed rulemaking under paragraph (1), the Secretary shall conduct not fewer than 3 public meetings in diverse geographical areas of the United States to provide persons in different regions an opportunity to comment.

(5) RETENTION OF RECORDS.—Except as otherwise provided in this subsection, the Secretary may require that a facility retain records under this sub-

section for not more than 2 years, taking into consideration the risk of spoilage, loss of value, or loss of palatability of the applicable food when determining the appropriate timeframes.

(6) LIMITATIONS.—

(A) FARM-TO-SCHOOL PROGRAMS.—In establishing requirements under this subsection, the Secretary shall, in consultation with the Secretary of Agriculture, consider the impact of requirements on farm-to-school or farm-to-institution programs of the Department of Agriculture and other farm-to-school and farm-to-institution programs outside the Department of Agriculture, and shall modify the requirements under this subsection, as appropriate, with respect to the programs so that the requirements do not place undue burdens on farm-to-school or farm-to-institution programs.

(B) IDENTITY-PRESERVED LABELS WITH RESPECT TO FARM SALES OF FOOD THAT IS PRODUCED AND PACKAGED ON A FARM.—The requirements under this subsection shall not apply to a food that is produced and packaged on a farm if—

(i) the packaging of the food maintains the integrity of the product and prevents subsequent contamination or alteration of the product; and

(ii) the labeling of the food includes the name, complete address (street address, town, State, country, and zip or other postal code), and business phone number of the farm, unless the Secretary waives the requirement to include a business phone number of the farm, as appropriate, to accommodate a religious belief of the individual in charge of the farm.

(C) FISHING VESSELS.—The requirements under this subsection with respect to a food that is produced through the use of a fishing vessel (as defined in section 3(18) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1802(18))) shall be limited to the requirements under subparagraph (F) until such time as the food is sold by the owner, operator, or agent in charge of the fishing vessel.

(D) COMMINGLED RAW AGRICULTURAL COMMODITIES.—

(i) DEFINITIONS.—In this subparagraph:

(I) COMMINGLED RAW AGRICULTURAL COMMODITY.—

(aa) IN GENERAL.—The term ''commingled raw agricultural commodity'' means any commodity that is combined or mixed after harvesting, but before processing.

(bb) EXCLUSIONS.—The term ''commingled raw agricultural commodity'' does not include types of fruits and vegetables that are raw agricultural commodities for which the Secretary has determined that standards promulgated under section 11121 of this title would minimize the risk of serious adverse health consequences or death.

(II) PROCESSING.—The term ''processing'' means operations that alter the general state of the com-

modity, such as canning, cooking, freezing, dehydration, milling, grinding, pasteurization, or homogenization.

(ii) LIMITATION ON EXTENT OF TRACING.—Recordkeeping requirements under this subsection with regard to any commingled raw agricultural commodity shall be limited to the requirements under subparagraph (F).

(E) EXEMPTION OF OTHER FOODS.—The Secretary may, by notice in the Federal Register, modify the requirements under this subsection with respect to, or exempt a food or a type of facility from, the requirements of this subsection (other than the requirements under subparagraph (F), if applicable) if the Secretary determines that product tracing requirements for the food (such as bulk or commingled ingredients that are intended to be processed to destroy pathogens) or type of facility are not necessary to protect the public health.

(F) RECORDKEEPING REGARDING PREVIOUS SOURCES AND SUBSEQUENT RECIPIENTS.—In the case of a person or food to which

a limitation or exemption under subparagraph (C), (D), or (E) applies, if the person, or a person that manufactures, processes, packs, or holds the food, is required to register with the Secretary under section 11117 of this title with respect to the manufacturing, processing, packing, or holding of the applicable food, the Secretary shall require the person to maintain records that identify the immediate previous source of the food and the immediate subsequent recipient of the food.

(G) GROCERY STORES.—With respect to a sale of a food described in subparagraph (H) to a grocery store, the Secretary shall not require the grocery store to maintain records under this subsection other than records documenting the farm that was the source of the food. The Secretary shall not require that the records be kept for more than 180 days.

(H) FARM SALES TO CONSUMERS.—The Secretary shall not require a farm to maintain any distribution records under this subsection with respect to a sale of a food described in subparagraph (I) (including a sale of a food that is produced and packaged on the farm), if

the sale is made by the farm directly to a consumer.

(I) SALE OF A FOOD.—A sale of a food described in this subparagraph is a sale of a food in which—

(i) the food is produced on a farm; and

(ii) the sale is made by the owner, operator, or agent in charge of the farm directly to a consumer or grocery store.

(7) NO IMPACT ON NON-HIGH-RISK FOODS.—

(A) IN GENERAL.—The recordkeeping requirements established under paragraph (1) shall have no effect on foods that are not designated by the Secretary under paragraph (2) as high-risk foods.

(B) APPLICABLE RECORDKEEPING REQUIREMENTS.—Foods described in subparagraph (A) shall be subject solely to the recordkeeping requirements under section 11116 of this title and subpart J of part 1 of title 21, Code of Federal Regulations (or any successor regulations).

(e) EVALUATION AND RECOMMENDATIONS.—

(1) REPORT.—Not later than 1 year after the effective date of the final rule promulgated under subsection (d)(1), the Comptroller General shall submit to Congress a report, taking into consideration the costs of compliance and other regulatory burdens on small businesses and Federal, State, and local food safety practices and requirements, that evaluates the public health benefits and risks, if any, of limiting—

(A) the product tracing requirements under subsection (d) to foods identified under paragraph (2) of subsection (d), including whether the requirements provide adequate assurance of traceability in the event of intentional adulteration, including by acts of terrorism; and

(B) the participation of restaurants in the recordkeeping requirements.

(2) DETERMINATION AND RECOMMENDATIONS.—In conducting the evaluation and report under paragraph (1), if the Comptroller General determines that the limitations described in paragraph (1) do not adequately protect the public health, the Comptroller General shall submit to Congress recommendations, if appropriate, regarding record-

keeping requirements for restaurants and additional foods, in order to protect the public health.

(f) FARMS.—

(1) REQUEST FOR INFORMATION.—Notwithstanding subsection (d), during an active investigation of a foodborne illness outbreak, or if the Secretary determines it is necessary to protect the public health and prevent or mitigate a foodborne illness outbreak, the Secretary, in consultation and coordination with State and local agencies responsible for food safety, as appropriate, may request that the owner, operator, or agent of a farm identify potential immediate recipients, other than consumers, of an article of the food that is the subject of the investigation if the Secretary reasonably believes the article of food—

(A) is adulterated under section 11102 of this title;

(B) presents a threat of serious adverse health consequences or death to humans or animals; and

(C) was adulterated as described in subparagraph (A) on a particular farm (as defined in section 1.227 of title 21, Code of Federal Regulations (or any successor regulation)).

(2) MANNER OF REQUEST.—In making a request under paragraph (1), the Secretary, in consultation and coordination with State and local agencies responsible for food safety, as appropriate, shall issue a written notice to the owner, operator, or agent of the farm to which the article of food has been traced. The individual providing the notice shall present to the owner, operator, or agent appropriate credentials and shall deliver the notice at reasonable times and within reasonable limits and in a reasonable manner.

(3) DELIVERY OF INFORMATION REQUESTED.—The owner, operator, or agent of a farm shall deliver the information requested under paragraph (1) in a prompt and reasonable manner. The information may consist of records kept in the normal course of business, and may be in electronic or non-electronic format.

(4) LIMITATION.—A request made under paragraph (1) shall not include a request for information relating to the finances, pricing of commodities produced, personnel, research, sales (other than information relating to shipping), or other disclosures that may reveal trade secrets or confidential information from the farm to which the article of food

has been traced, other than information necessary to identify potential immediate recipients of the food. Section 10501(10) of this title and section 552 of title 5 shall apply with respect to any confidential commercial information that is disclosed to the Food and Drug Administration in the course of responding to a request under paragraph (1).

(5) RECORDS.—Except with respect to identifying potential immediate recipients in response to a request under this subsection, nothing in this subsection requires the establishment or maintenance by farms of new records.

(g) NO LIMITATION ON COMMINGLING OF FOOD.—Nothing in this section shall be construed to authorize the Secretary to impose any limitation on the commingling of food.

(h) SMALL ENTITY COMPLIANCE GUIDE.—Not later than 180 days after promulgation of a final rule under subsection (d), the Secretary shall issue a small entity compliance guide setting forth in plain language the requirements of the regulations under subsection (d) to assist small entities, including farms and small businesses, in complying with the recordkeeping requirements under subsection (d).

(i) FLEXIBILITY FOR SMALL BUSINESSES.—Notwithstanding any other provision of law, the regulations promulgated under subsection (d) shall apply—

(1) to small businesses (as defined by the Secretary in section 11120 of this title) beginning on the date that is 1 year after the effective date of the final regulations promulgated under subsection (d); and

(2) to very small businesses (as defined by the Secretary in section 11120 of this title) beginning on the date that is 2 years after the effective date of the final regulations promulgated under subsection (d).

**§ 32534. Surveillance**

(a) FOODBORNE ILLNESS SURVEILLANCE SYSTEMS.—

(1) IN GENERAL.—The Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall enhance foodborne illness surveillance systems to improve the collection, analysis, reporting, and usefulness of data on foodborne illnesses by—

(A) coordinating Federal, State, and local foodborne illness surveillance systems, including complaint systems, and increasing participation

in national networks of public health and food regulatory agencies and laboratories;

(B) facilitating sharing of surveillance information on a more timely basis among governmental agencies, including the Food and Drug Administration, the Department of Agriculture, the Department of Homeland Security, and State and local agencies, and with the public;

(C) developing improved epidemiological tools for obtaining quality exposure data and microbiological methods for classifying cases;

(D) augmenting the systems to improve attribution of a foodborne illness outbreak to a specific food;

(E) expanding capacity of the systems, including working toward automatic electronic searches, for implementation of identification practices, including fingerprinting strategies, for foodborne infectious agents, to identify new or rarely documented causes of foodborne illness and submit standardized information to a centralized database;

(F) allowing timely public access to aggregated, de-identified surveillance data;

(G) at least annually, publishing current reports on findings from the systems;

(H) establishing a flexible mechanism for rapidly initiating scientific research by academic institutions;

(I) integrating foodborne illness surveillance systems and data with other biosurveillance and public health situational awareness capabilities at the Federal, State, and local levels, including by sharing foodborne illness surveillance data with the National Biosurveillance Integration Center; and

(J) performing other activities as determined appropriate by the Secretary.

(2) WORKING GROUP.—The Secretary shall support and maintain a diverse working group of experts and stakeholders from Federal, State, and local food safety and health agencies, the food and food testing industries, consumer organizations, and academia. The working group shall provide the Secretary, through at least annual meetings of the working group and an annual public report, advice and recommendations on an ongoing and regular basis regarding the improvement of foodborne illness

surveillance and implementation of this section, including advice and recommendations on—

(A) the priority needs of regulatory agencies, the food industry, and consumers for information and analysis on foodborne illness and its causes;

(B) opportunities to improve the effectiveness of initiatives at the Federal, State, and local levels, including coordination and integration of activities among Federal agencies, and between the Federal, State, and local levels of government;

(C) improvement in the timeliness and depth of access by regulatory and health agencies, the food industry, academic researchers, and consumers to foodborne illness aggregated, de-identified surveillance data collected by government agencies at all levels, including data compiled by the Centers for Disease Control and Prevention;

(D) key barriers at Federal, State, and local levels to improving foodborne illness surveillance and the utility of the surveillance for preventing foodborne illness;

(E) the capabilities needed for establishing automatic electronic searches of surveillance data; and

(F) specific actions to reduce barriers to improvement, implement the working group's recommendations, and achieve the purposes of this section, with measurable objectives and timelines, and identification of resource and staffing needs.

(b) IMPROVING FOOD SAFETY AND DEFENSE CAPACITY AT THE STATE AND LOCAL LEVEL.—

(1) IN GENERAL.—The Secretary shall develop and implement strategies to leverage and enhance the food safety and defense capacities of State and local agencies to achieve the following goals:

(A) Improve foodborne illness outbreak response and containment.

(B) Accelerate foodborne illness surveillance and outbreak investigation, including—

(i) rapid shipment of clinical isolates from clinical laboratories to appropriate State laboratories; and

(ii) conducting more standardized illness outbreak interviews.

(C) Strengthen the capacity of State and local agencies to carry out inspections and enforce safety standards.

(D) Improve the effectiveness of Federal, State, and local partnerships to coordinate food safety and defense resources and reduce the incidence of foodborne illness.

(E) Share information on a timely basis among public health and food regulatory agencies, with the food industry, with health care providers, and with the public.

(F) Strengthen the capacity of State and local agencies to achieve the goals described in section 32512 of this title.

(2) REVIEW.—In developing the strategies required by paragraph (1), the Secretary shall, not later than 1 year after January 4, 2011, complete a review of State and local capacities, and needs for enhancement, which may include a survey with respect to—

(A) staffing levels and expertise available to perform food safety and defense functions;

(B) laboratory capacity to support surveillance, outbreak response, inspection, and enforcement activities;

(C) information systems to support data management and sharing of food safety and defense information among State and local agencies and with counterparts at the Federal level; and

(D) other State and local activities and needs as determined appropriate by the Secretary.

**§ 32535. Decontamination and disposal standards and plans**

(a) IN GENERAL.—The Administrator of the Environmental Protection Agency (referred to in this section as the ''Administrator''), in coordination with the Secretary, Secretary of Homeland Security, and Secretary of Agriculture, shall provide support for, and technical assistance to, State, local, and tribal governments in preparing for, assessing, decontaminating, and recovering from an agriculture or food emergency.

(b) DEVELOPMENT OF STANDARDS.—In carrying out subsection (a), the Administrator, in coordination with the Secretary, Secretary of Homeland Security, Secretary of Agriculture, and State, local, and tribal governments, shall develop and disseminate specific standards and protocols to undertake clean-up, clearance, and recovery activities

following the decontamination and disposal of specific threat agents and foreign animal diseases.

(c) DEVELOPMENT OF MODEL PLANS.—In carrying out subsection (a), the Administrator, the Secretary, and the Secretary of Agriculture shall jointly develop and disseminate model plans for—

(1) the decontamination of individuals, equipment, and facilities following an intentional contamination of agriculture or food; and

(2) the disposal of large quantities of animals, plants, or food products that have been infected or contaminated by specific threat agents and foreign animal diseases.

(d) EXERCISES.—In carrying out subsection (a), the Administrator, in coordination with the entities described in subsection (b), shall conduct exercises at least annually to evaluate and identify weaknesses in the decontamination and disposal model plans described in subsection (c). The exercises shall be carried out, to the maximum extent practicable, as part of the national exercise program under section 648(b)(1) of the Post-Katrina Emergency Management Reform Act of 2006 (6 U.S.C. 748(b)(1)).

(e) MODIFICATIONS.—Based on the exercises described in subsection (d), the Administrator, in coordination with the entities described in subsection (b), shall re-

view and modify as necessary the plans described in subsection (c) not less frequently than biennially.

(f) PRIORITIZATION.—The Administrator, in coordination with the entities described in subsection (b), shall develop standards and plans under subsections (b) and (c) in an identified order of priority that takes into account—

(1) highest-risk biological, chemical, and radiological threat agents;

(2) agents that could cause the greatest economic devastation to the agriculture and food system; and

(3) agents that are most difficult to clean or remediate.

# Subchapter IV—Improving the Safety of Imported Food

### § 32551. Inspection by the Secretary of Commerce

(a) IN GENERAL.—The Secretary of Commerce, in coordination with the Secretary, may send 1 or more inspectors to a country or facility of an exporter from which seafood imported into the United States originates. The inspectors shall assess practices and processes used in connection with the farming, cultivation, harvesting, preparation for market, or transportation of the seafood and may provide technical assistance related to the activities.

(b) INSPECTION REPORT.—

(1) IN GENERAL.—The Secretary, in coordination with the Secretary of Commerce, shall—

(A) prepare an inspection report for each inspection conducted under subsection (a);

(B) provide the report to the country or exporter that is the subject of the report; and

(C) provide a 30-day period during which the country or exporter may provide a rebuttal or other comments on the findings of the report to the Secretary.

(2) DISTRIBUTION AND USE OF REPORT.—The Secretary shall consider the inspection reports described in paragraph (1) in distributing inspection resources under section 11123 of this title.

**§ 32552. Foreign offices of the Food and Drug Administration**

(a) IN GENERAL.—The Secretary shall establish offices of the Food and Drug Administration in foreign countries selected by the Secretary to provide assistance to the appropriate governmental entities of the countries with respect to measures to provide for the safety of articles of food and other products regulated by the Food and Drug Administration exported by the country to the United States, including by directly conducting risk-based

inspections of the articles and supporting the inspections by the governmental entity.

(b) CONSULTATION.—In establishing the foreign offices described in subsection (a), the Secretary shall consult with the Secretary of State, the Secretary of Homeland Security, and the United States Trade Representative.

**§ 32553. Smuggled food**

(a) DEFINITION OF SMUGGLED FOOD.—In this subsection, the term ''smuggled food'' means any food that a person introduces into the United States through fraudulent means or with the intent to defraud or mislead.

(b) IN GENERAL.—The Secretary shall, in coordination with the Secretary of Homeland Security, develop and implement a strategy to better identify smuggled food and prevent entry of the food into the United States.

(c) NOTIFICATION TO HOMELAND SECURITY.—Not later than 10 days after the Secretary identifies a smuggled food that the Secretary believes would cause serious adverse health consequences or death to humans or animals, the Secretary shall provide to the Secretary of Homeland Security a notification under section 11119(n) of this title describing the smuggled food and, if available, the names of the individuals or entities that attempted to import the food into the United States.

(d) PUBLIC NOTIFICATION.—The Secretary shall promptly issue a press release describing a smuggled food and shall use other emergency communication or recall networks, as appropriate, to warn consumers and vendors about the potential threat described in this subsection if the Secretary—

(1) identifies the smuggled food;

(2) reasonably believes exposure to the food would cause serious adverse health consequences or death to humans or animals; and

(3) reasonably believes that the food has entered domestic commerce and is likely to be consumed.

(e) EFFECT OF SECTION.—Nothing in this section affects the authority of the Secretary to issue public notifications under other circumstances.

# Subchapter V—Miscellaneous Provisions

### § 32561. Effect of food safety modernization provisions on jurisdiction and authorities

Nothing in this chapter or an amendment made by the FDA Food Safety Modernization Act (Public Law 111–353, 124 Stat. 3885) shall be construed—

(1) to alter the jurisdiction between the Secretary of Agriculture and the Secretary, under appli-

cable statutes, regulations, or agreements regarding voluntary inspection of non-amenable species under the Agricultural Marketing Act of 1946 (7 U.S.C. 1621 et seq.);

(2) to alter the jurisdiction between the Alcohol and Tobacco Tax and Trade Bureau and the Secretary, under applicable statutes and regulations;

(3) to limit the authority of the Secretary under—

(A) subtitle I of this title (as the Federal Food, Drug, and Cosmetic Act was in effect on January 3, 2011); or

(B) the Public Health Service Act (42 U.S.C. 201 et seq.) as in effect on January 3, 2011;

(4) to alter or limit the authority of the Secretary of Agriculture under the laws administered by the Secretary of Agriculture, including—

(A) chapter 303 of this title;

(B) chapter 313 of this title;

(C) chapter 317 of this title;

(D) the United States Grain Standards Act (7 U.S.C. 71 et seq.);

(E) the Packers and Stockyards Act, 1921 (7 U.S.C. 181 et seq.);

(F) the United States Warehouse Act (7 U.S.C. 241 et seq.);

(G) the Agricultural Marketing Act of 1946 (7 U.S.C. 1621 et seq.); and

(H) the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with the amendments made by the Agricultural Marketing Agreement Act of 1937 (ch. 296, 50 Stat. 246); or

(5) to alter, impede, or affect the authority of the Secretary of Homeland Security under the Homeland Security Act of 2002 (6 U.S.C. 101 et seq.) or any other statute, including any authority related to securing the borders of the United States, managing ports of entry, or agricultural import and entry inspection activities.

**§ 32562. Effect of food safety modernization provisions on compliance with international agreements**

Nothing in this chapter or an amendment made by the FDA Food Safety Modernization Act (Public Law 111–353, 124 Stat. 3885) shall be construed in a manner inconsistent with the agreement establishing the World Trade Organization or any other treaty or international agreement to which the United States is a party.

Sec.
39901. Consumer education.
39902. Food safety and security strategy.
39903. Regulation of export of shrimp to the United States.

## § 39901. Consumer education

The Secretary of Health and Human Services shall carry out activities that educate consumers about—

(1) the availability of nutrition information in the label or labeling of food; and

(2) the importance of that information in maintaining healthy dietary practices.

## § 39902. Food safety and security strategy

The President's Council on Food Safety (as established by Executive Order No. 13100) shall, in consultation with the Secretary of Transportation, the Secretary of the Treasury, other relevant Federal agencies, the food industry, consumer and producer groups, scientific organizations, and the States, develop a crisis communications and education strategy with respect to bioterrorist threats to the food supply. The strategy shall address threat assessments, technologies and procedures for securing food processing and manufacturing facilities and modes of transportation, response and notification procedures, and risk communications to the public.

**§ 39903. Regulation of export of shrimp to the United States**

(a) IN GENERAL.—The Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs (''Commissioner''), shall develop and, if the Secretary determines it feasible, implement a number of options for regulating the export of shrimp to the United States from other countries, including the 3 largest exporting countries by volume to the United States over the last 3 calendar years, such as sampling of products prior to export to the United States, increasing foreign inspections of export facilities, increased seafood importer inspections, foreign surveillance inspections at overseas manufacturing sites, enhanced import screening, higher rates of examination and sampling, use of third-party audits, and formal seafood arrangements with foreign competent authorities.

(b) PRIORITY CONSIDERATIONS.—The Commissioner shall especially give priority consideration to the following with the funds appropriated:

(1) That appropriate controls are applied to shrimp feed and production ponds, processing plants, and facilities throughout the chain of distribution to determine compliance with seafood safety requirements.

(2) Dedicate its inspectional effort to determine compliance with seafood arrangements, once established, from any dedicated funds.

(3) Provide an annual report to the Committee before the end of fiscal years 2021, 2022, and 2023 with the reporting requirement goal being to provide the Committee information related to FDA's oversight of the safety of shrimp products imported into the United States.

# Subtitle IV—Pharmacology, Drugs, and Devices

# Chapter 401—Practice of Pharmacy and Sale of Poisons in Consular Districts in China

Sec.
40101. General provisions.
40102. Unlawful acts.
40103. Practitioners and other businesses.
40104. Application for license; qualifications.
40105. Issuance of license.
40106. Display of license in pharmacy.
40107. Revocation of license.
40108. Unlawful sales.
40109. Inapplicability of section 40108.
40110. Poisons.
40111. Pharmacist; unauthorized use of title.
40112. Prescription records.
40113. Criminal penalties; enforcement.
40114. Fraudulent representations to evade or defeat restrictions.

## § 40101. General provisions

(a) DEFINITION OF CONSUL.—In this chapter, the term ''consul'' means the consular officer in charge of the district concerned.

(b) POISON LABELING.—For the purpose of this chapter, a box, bottle, or other package shall not be regarded as having been labeled ''Poison'' unless the word ''Poison'' appears conspicuously on the box, bottle, or package, printed in plain, uncondensed gothic letters in red ink.

**§ 40102. Unlawful acts**

(a) UNLAWFUL MANAGEMENT OR COMPOUNDING IN CONSULAR DISTRICTS OF THE UNITED STATES IN CHINA.—Except as provided in this chapter, it is unlawful in the consular districts of the United States in China for any individual whose permanent allegiance is due to the United States, which individual is not licensed as a pharmacist within the meaning of this chapter—

(1) to conduct or manage any pharmacy, drug or chemical store, apothecary shop, or other place of business—

(A) for the retailing, compounding, or dispensing of any drugs, chemicals, or poisons; or

(B) for the compounding of physicians' prescriptions;

(2) to keep exposed for sale at retail, any drugs, chemicals, or poisons;

(3) to compound, dispense, or sell, at retail, any drug, chemical, poison, or pharmaceutical prepara-

tion on the prescription of a physician, or otherwise; or

(4) to compound physicians' prescriptions, except as an aid to and under the proper supervision of a pharmacist licensed under this chapter.

(b) UNLAWFUL COMPOUNDING, DISPENSING, OR SELLING.—It is unlawful for any individual, firm, or corporation owing permanent allegiance to the United States, which individual, firm, or corporation owns (partly or wholly) or manages a pharmacy, drug store, or other place of business, to cause or permit any individual other than a licensed pharmacist to compound, dispense, or sell at retail any drug, medicine, or poison, except as an aid to and under the proper supervision of a licensed pharmacist.

(c) EMPLOYMENT OF CHINESE SUBJECTS.—

(1) DEFINITION OF PHARMACY EMPLOYER.—In this subsection, the term ''pharmacy employer'' means an individual, firm, or corporation whose permanent allegiance is due to the United States and that owns (partly or wholly) or manages a pharmacy, drug store, or other place of business.

(2) ALLOWABLE EMPLOYMENT.—If necessary, a pharmacy employer may employ Chinese subjects to compound, dispense, or sell at retail any drug, medicine, or poison, if the character, ability, and attain-

ment of at least 21 years of age of the Chinese subjects are certified by at least—

(A) 2 recognized and reputable practitioners of medicine; or

(B) 2 pharmacists licensed under this chapter whose permanent allegiance is due to the United States.

**§ 40103. Practitioners and other businesses**

Nothing in section 40102 of this title shall be construed—

(1) to interfere with any recognized and reputable practitioner of medicine, dentistry, or veterinary surgery in the compounding of the practitioner's own prescriptions, or to prevent the practitioner from supplying to the practitioner's patients such medicines as the practitioner may consider proper, except as provided in this chapter;

(2) to interfere with the exclusively wholesale business of any individual, firm, or corporation whose permanent allegiance is due to the United States, which individual, firm, or corporation is dealing and licensed as a pharmacist or has in the individual's, firm's, or corporation's employ at least 1 individual that is licensed as a pharmacist, except as provided in this chapter; or

(3) to interfere with the sale, by any individual, firm, or corporation whose permanent allegiance is due to the United States (other than pharmacists), of poisonous substances sold exclusively for use in the arts, or as insecticides, if the substances are sold in unbroken packages bearing labels having plainly printed on them—

(A) the name of the contents;

(B) the word ''Poison'';

(C) if practicable, the name of at least 1 suitable antidote; and

(D) the name and address of the vendor.

**§ 40104. Application for license; qualifications**

(a) APPLICATION.—Each individual whose permanent allegiance is due to the United States desiring to practice as a pharmacist in the consular districts in China—

(1) shall file with the consul an application, verified under oath, setting forth—

(A) the name and age of the applicant;

(B) the place or places at which the applicant pursued, and the time spent in, the study of pharmacy;

(C) the experience that the applicant has had in compounding physicians' prescriptions

under the direction of a licensed pharmacist; and

(D) the name and location of the school or college of pharmacy, if any, of which the applicant is a graduate; and

(2) shall submit evidence sufficient to show to the satisfaction of the consul that the applicant is of good moral character and not addicted to the use of alcoholic liquors or narcotic drugs so as to render the applicant unfit to practice pharmacy.

(b) QUALIFICATIONS.—Applicants under this section—

(1) shall be not less than 21 years of age; and

(2)(A) shall have had at least 4 years of experience in the practice of pharmacy; or

(B) shall have served 3 years under the instruction of a regularly licensed pharmacist.

(c) GRADUATES OF SCHOOL OR COLLEGE OF PHARMACY.—Any applicant who has graduated from a school or college of pharmacy recognized by the proper board of a State, territory (including a possession) of the United States, or the District of Columbia as in good standing shall be entitled to practice on presentation of the applicant's diploma.

**§ 40105. Issuance of license**

If the applicant for a license as a pharmacist has complied with the requirements of section 40104 of this title, the consul shall issue to the applicant a license that entitles the applicant to practice pharmacy in the consular districts of the United States in China, subject to the provisions of this chapter.

**§ 40106. Display of license in pharmacy**

Each license to practice pharmacy shall be conspicuously displayed by the individual to whom the license has been issued in the pharmacy, drug store, or place of business, if any, of which the individual is the owner or part owner or manager.

**§ 40107. Revocation of license**

(a) IN GENERAL.—The license of any individual, whose permanent allegiance is due to the United States, to practice pharmacy in the consular districts of the United States in China may be revoked by the consul—

(1) if the individual is found—

(A) to have obtained the license by fraud, to be addicted to the use of any narcotic or stimulant, or to be suffering from physical or mental disease, in such manner and to such extent as to render it expedient that in the interests of the public, the individual's license be canceled; or

(B) to be of an immoral character; or

(2) if the individual is convicted in any court of competent jurisdiction of any offense involving moral turpitude.

(b) INVESTIGATION AND JUDGMENT BY CONSUL.—The consul—

(1) shall investigate any case in which the consul discovers, or it appears to the consul's satisfaction, that any license issued under this chapter is revocable; and

(2) shall, after full hearing, if in the consul's judgment the facts warrant revocation, revoke the license.

**§ 40108. Unlawful sales**

(a) IN GENERAL.—Except as provided under subsection (b), it shall be unlawful for any individual, firm, or corporation whose permanent allegiance is due to the United States, either personally or by an agent or as the agent of any other individual or of any firm or corporation, to sell, furnish, or give away—

(1) any cocaine, salts of cocaine, or preparation containing cocaine or salts of cocaine;

(2) any morphine or preparation containing morphine or salts of morphine;

(3) any opium or preparation containing opium; or

(4) any chloral hydrate or preparation containing chloral hydrate.

(b) EXCEPTION.—Selling, furnishing, or giving away an article as described in subsection (a) is not unlawful if done on the original written order or prescription of a recognized and reputable practitioner of medicine, dentistry, or veterinary medicine, which order or prescription shall be dated and shall contain the name of the individual for whom prescribed, or, if ordered by a practitioner of veterinary medicine, shall state the kind of animal for which ordered and shall be signed by the individual giving the order or prescription.

(c) RECORDKEEPING.—The individual, firm, or corporation that compounds or dispenses the article ordered or prescribed under subsection (b) shall, for a period of 3 years, retain on file the order or prescription under subsection (b).

(d) SUBSEQUENT COMPOUNDING OR DISPENSING.—The article ordered or prescribed shall not be compounded or dispensed after the first time except on the written order of the original prescriber.

**§ 40109. Inapplicability of section 40108**

(a) IN GENERAL.—Section 40108 of this title shall not apply—

(1) to preparations containing—

(A) not more than 2 grains of opium;

(B) not more than ¼ grain of morphine;

(C) not more than ¼ grain of cocaine; or

(D) not more than 2 grains of chloral hydrate in the fluid ounce, or, of a solid preparation, in 1 avoirdupois ounce;

(2) to preparations sold in good faith for diarrhea and cholera, each bottle or package of which is accompanied by specific directions for use and caution against habitual use;

(3) to liniments or ointments sold in good faith as liniments or ointments, respectively, when plainly labeled ''for external use only''; or

(4) to powder of ipecac and opium, commonly known as Dover's powder, when sold in quantities not exceeding 20 grains.

(b) EFFECT OF PROVISIONS ON GIVING HABITUAL USERS SPECIFIED SUBSTANCES.—

(1) IN GENERAL.—This section and section 40108 of this title shall not be construed to permit the selling, furnishing, giving away, or prescribing for the use of any habitual users of the same—

(A) any cocaine, salts of cocaine, or preparation containing cocaine or salts of cocaine;

(B) morphine or salts of morphine, or preparations containing morphine or salts of morphine;

(C) any opium or preparation containing opium; or

(D) any chloral hydrate or preparation containing chloral hydrate.

(2) INAPPLICABILITY.—Paragraph (1) shall not be construed to prevent any recognized or reputable practitioner of medicine whose permanent allegiance is due to the United States from furnishing in good faith for the use of any habitual user of narcotic drugs who is under the practitioner's professional care such substances as the practitioner may consider necessary for the treatment of the habitual user, if the prescriptions are not given or the substances are not furnished for the purpose of evading the provisions of this section or section 40108 of this title.

(c) EFFECT ON WHOLESALE.—This section and section 40108 of this title shall not apply to sales at wholesale between jobbers, manufacturers, and retail druggists, hospitals, and scientific or public institutions.

**§ 40110. Poisons**

(a) UNLAWFUL ACTS.—

(1) IN GENERAL.—It shall be unlawful for any individual, firm, or corporation whose permanent allegiance is due to the United States to sell or deliver to any other individual any substance described in paragraph (2), or any poisonous compound, combination, or preparation of a substance described in paragraph (2)—

(A) except as provided in this section; and

(B) if the applicant is less than 18 years of age, except on the written order of an individual known or believed to be an adult.

(2) SUBSTANCES.—The substances referred to in paragraph (1) are the following:

(A) The compounds of and salts of antimony, arsenic, barium, chromium, copper, gold, lead, mercury, silver, and zinc.

(B) The caustic hydrates of sodium and potassium.

(C) Solution or water of ammonia, methyl alcohol, paregoric, the concentrated mineral acids, oxalic and hydrocyanic acids and their salts, yellow phosphorus, Paris green, and carbolic acid.

(D) The essential oils of almonds, pennyroyal, tansy, rue, and savin.

(E) Croton oil, creosote, chloroform, cantharides, or aconite, belladonna, bitter almonds, colchicum, cotton root, cocculus indicus, conium, cannabis indica, digitalis, ergot, hyoscyamus, ignatia, lobelia, nux vomica, physostigma, phytolacca, strophanthus, stramonium, and veratrum viride.

(F) Any of the poisonous alkaloids or alkaloidal salts derived from the substances listed in subparagraphs (A) through (E), or any other poisonous alkaloids or their salts, or any other virulent poison.

(b) AUTHORIZED SALE AND DELIVERY.—Prior to sale or delivery of a substance described in subsection (a)—

(1) it shall first be learned, by due inquiry, that—

(A) the individual to whom delivery is about to be made is aware of the poisonous character of the substance; and

(B) the substance is desired for a lawful purpose; and

(2) the box, bottle, or other package shall be plainly labeled with the name of the substance, the word ''Poison'', the name of at least 1 suitable antidote, if practicable, and the name and address of the individual, firm, or corporation dispensing the substance.

(c) RECORDKEEPING.—

(1) IN GENERAL.—Before delivery of a substance described in subsection (a), except solution or water of ammonia and sulphate of copper, there shall be recorded in a book—

(A) the name of the article;

(B) the quantity delivered;

(C) the purpose for which the article is to be used;

(D) the date of delivery;

(E) the name and address of the individual for whom the article is procured; and

(F) the name of the individual personally dispensing the article.

(2) MAINTENANCE.—The owner of the book under paragraph (1) shall preserve the book for at least 3 years after the date of the last entry in the book.

(d) ARTICLES DISPENSED ON ORDER OF INDIVIDUALS BELIEVED TO BE PRACTITIONERS.—Subsections (a) through (c) shall not apply to articles dispensed on the order of individuals believed by the dispenser to be recognized and reputable practitioners of medicine, dentistry, or veterinary surgery.

(e) LABELING AT THE REQUEST OF PHYSICIAN.—If a physician writes on the physician's prescription a request that an article be marked or labeled ''Poison'', the pharmacist shall, in the case of liquids, place the liquid in a colored glass, roughened bottle, of the kind commonly known in trade as a ''poison bottle'', and, in the case of dry substances, the pharmacist shall place a poison label on the container.

(f) SALES AT WHOLESALE TO LICENSED PHARMACISTS.—The record of sale and delivery described in subsection (c) shall not be required of manufacturers and wholesalers that sell a substance described in subsection (a) at wholesale to licensed pharmacists, but the box, bottle, or other package containing the substance, when sold at wholesale, shall be properly labeled with the name of the substance, the word ''Poison'', and the name and address of the manufacturer or wholesaler.

(g) LABELING AND RECORDKEEPING FOR CERTAIN SUBSTANCES.—It is not necessary, in sales either at

wholesale or at retail, to place a poison label on, or to record the delivery of—

(1) the sulphide of antimony, or the oxide or carbonate of zinc, or of colors ground in oil and intended for use as paints, or calomel;

(2) preparations containing any of the substances named in this section, if a single box, bottle, or other package, or if the bulk of ½ fluid ounce or the weight of ½ avoirdupois ounce, does not contain more than an adult medicinal dose of the substance;

(3) liniments or ointments sold in good faith as liniments or ointments, respectively, if plainly labeled ''For external use only''; or

(4) preparations put up and sold in the form of pills, tablets, or lozenges, containing any of the substances enumerated in this section and intended for internal use, if the dose recommended does not contain more than ¼ of an adult medicinal dose of the substance.

**§ 40111. Pharmacist; unauthorized use of title**

It shall be unlawful for any individual whose permanent allegiance is due to the United States, which individual is not legally licensed as a pharmacist, to take, use, or exhibit the title of pharmacist, or licensed or registered

pharmacist, or the title of druggist or apothecary, or any other title or description of like import.

**§ 40112. Prescription records**

(a) IN GENERAL.—Each individual, firm, or corporation whose permanent allegiance is due to the United States, which individual, firm, or corporation owns, partly owns, or manages a drug store or pharmacy, shall keep in the individual's, firm's, or corporation's place of business a suitable book or file, in which shall be preserved for a period of not less than 3 years the original of every prescription compounded or dispensed at the drug store or pharmacy, or a copy of the prescription, except if the preservation of the original is required by section 40108 or 40109 of this title.

(b) PROVISION UPON REQUEST.—On request, the owner, part owner, or manager of the drug store or pharmacy under subsection (a) shall furnish to the prescribing physician, or to the individual for whom the prescription was compounded or dispensed, a true and correct copy of the prescription.

(c) INSPECTIONS.—Any prescription required by section 40108 or 40109 of this title, and any prescription for, or register of sales of, substances mentioned in those sections shall at all times be open to inspection by author-

ized consular officers in the consular districts of the United States in China.

(d) NAME OF DRUG AND DIRECTIONS ON CONTAINERS.—An individual, firm, or corporation whose permanent allegiance is due to the United States shall not, in a consular district, compound or dispense any drug or deliver the drug to any other individual without marking on the container of the drug the name of the drug or drugs contained in the container and directions for using the drug.

**§ 40113. Criminal penalties; enforcement**

(a) CRIMINAL PENALTIES.—

(1) IN GENERAL.—Any individual, firm, or corporation, whose permanent allegiance is due to the United States, that violates this chapter shall be imprisoned for not less than 1 month and not more than 60 days, fined under title 18 but not less than $50, or both.

(2) SEPARATE AND DISTINCT OFFENSE.—If the offense is continuing in its character, each week or part of a week during which the offense continues shall constitute a separate and distinct offense.

(b) ENFORCEMENT.—Consular and judicial officers of the United States in China shall enforce the provisions of this chapter.

### § 40114. Fraudulent representations to evade or defeat restrictions

An individual, firm, or corporation whose permanent allegiance is due to the United States seeking to procure in the consular districts of the United States in China any substance the sale of which is regulated by this chapter shall not make any fraudulent representations so as to evade or defeat the restrictions imposed in this chapter.

# Chapter 403—Improvements on Regulation of Drugs

Sec.
40301. Data requirements for drugs and biologics.
40302. Approval procedures and current good manufacturing requirements for positron emission tomography drugs.
40303. Approval of radiopharmaceuticals.
40304. Minimizing differences in the review and approval of biologics license applications and new drug applications.
40305. Regulations for over-the-counter sunscreen products.

### § 40301. Data requirements for drugs and biologics

(a) IN GENERAL.—The Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, shall issue guidance that describes when abbreviated study reports may be submitted, in lieu of full reports, with a new drug application under section 13503 of this title and with a biologics license application under section 351 of the Public Health Service Act (42 U.S.C. 262) for certain types of studies.

(b) CONTENTS.—The guidance under subsection (a) shall describe the kinds of studies for which abbreviated

reports are appropriate and the appropriate abbreviated report formats.

**§ 40302. Approval procedures and current good manufacturing requirements for positron emission tomography drugs**

(a) DEFINITION OF COMPOUNDED POSITRON EMISSION TOMOGRAPHY DRUG.—In this section, the term ''compounded positron emission tomography drug'' has the meaning given the term in section 10101 of this title.

(b) PROCEDURES AND REQUIREMENTS.—

(1) IN GENERAL.—In order to take account of the special characteristics of positron emission tomography drugs and the special techniques and processes required to produce these drugs, not later than 2 years after November 21, 1997, the Secretary shall establish—

(A) appropriate procedures for the approval of positron emission tomography drugs pursuant to chapter 135 of this title; and

(B) appropriate current good manufacturing practice requirements for positron emission tomography drugs.

(2) CONSIDERATIONS AND CONSULTATION.—In establishing the procedures and requirements required by paragraph (1), the Secretary of Health

and Human Services shall take due account of any relevant differences between not-for-profit institutions that compound the drugs for their patients and commercial manufacturers of the drugs. Prior to establishing the procedures and requirements, the Secretary of Health and Human Services shall consult with patient advocacy groups, professional associations, manufacturers, and physicians and scientists licensed to make or use positron emission tomography drugs.

(c) SUBMISSION OF NEW DRUG APPLICATIONS AND ABBREVIATED NEW DRUG APPLICATIONS.—

(1) IN GENERAL.—Except as provided in paragraph (2), the Secretary of Health and Human Services shall not require the submission of new drug applications under section 13503 of this title or abbreviated new drug applications under section 13511 of this title for compounded positron emission tomography drugs that are not adulterated drugs described in section 13101(a)(2)(B)(iii) of this title for a period of 4 years after November 21, 1997, or for 2 years after the date on which the Secretary establishes procedures and requirements under subsection (b), whichever is longer.

(2) EXCEPTION FOR VOLUNTARY SUBMISSIONS.—Nothing in this chapter or in the Food and Drug Administration Modernization Act of 1997 (Public Law 105–115, 111 Stat. 2296) shall prohibit the voluntary submission of applications described in paragraph (1) or the review of the applications by the Secretary.

(3) PROVISIONS NOT TO EXEMPT POSITRON EMISSION TOMOGRAPHY DRUGS FROM SECTION 13510.—Nothing in this chapter or in the Food and Drug Administration Modernization Act of 1997 (Public Law 105–115, 111 Stat. 2296) shall constitute an exemption for a positron emission tomography drug from the requirements of regulations issued under section 13510 of this title.

**§ 40303. Approval of radiopharmaceuticals**

(a) DEFINITION.—In this section, the term ''radiopharmaceutical'' means—

(1) an article—

(A) that is intended for use in the diagnosis or monitoring of a disease or a manifestation of a disease in humans; and

(B) that exhibits spontaneous disintegration of unstable nuclei with the emission of nuclear particles or photons; or

(2) any nonradioactive reagent kit or nuclide generator that is intended to be used in the preparation of any article described in paragraph (1).

(b) REGULATIONS.—

(1) IN GENERAL.—The Secretary of Health and Human Services, after consultation with patient advocacy groups, associations, physicians licensed to use radiopharmaceuticals, and the regulated industry, shall issue regulations governing the approval of radiopharmaceuticals.

(2) CONTENTS.—The regulations shall provide that the determination of the safety and effectiveness of a radiopharmaceutical under chapter 135 of this title or section 351 of the Public Health Service Act (42 U.S.C. 262) shall include—

(A) consideration of the proposed use of the radiopharmaceutical in the practice of medicine;

(B) the pharmacological and toxicological activity of the radiopharmaceutical (including any carrier or ligand component of the radiopharmaceutical); and

(C) the estimated absorbed radiation dose of the radiopharmaceutical.

(c) SPECIAL RULE.—In the case of a radiopharmaceutical, the indications for which the radiopharmaceutical is approved for marketing may, in appropriate cases, refer to manifestations of disease (such as biochemical, physiological, anatomic, or pathological processes) common to, or present in, 1 or more disease states.

### § 40304. Minimizing differences in the review and approval of biologics license applications and new drug applications

The Secretary of Health and Human Services shall take measures to minimize differences in the review and approval of products required to have approved biologics license applications under section 351 of the Public Health Service Act (42 U.S.C. 262) and products required to have approved new drug applications under section 13503(a) of this title.

### § 40305. Regulations for over-the-counter sunscreen products

The Secretary of Health and Human Services shall issue regulations for over-the-counter sunscreen products for the prevention or treatment of sunburn.

# Chapter 405—Biomaterials Access Assurance

Sec.
40501. Definitions.
40502. General requirements; applicability; preemption.
40503. Liability of biomaterials suppliers.

40504. Procedures for dismissal of civil actions against biomaterials suppliers.
40505. Subsequent impleader of dismissed biomaterials supplier.

**§ 40501. Definitions**

In this chapter:

(1) BIOMATERIALS SUPPLIER.—

(A) IN GENERAL.—The term ''biomaterials supplier'' means an entity that directly or indirectly supplies a component part or raw material for use in the manufacture of an implant.

(B) INCLUSIONS.—The term ''biomaterials supplier'' includes any person that—

(i) has submitted master files to the Secretary for purposes of premarket approval of a medical device; or

(ii) licenses a biomaterials supplier to produce component parts or raw materials.

(2) CLAIMANT.—

(A) IN GENERAL.—The term ''claimant'' means any person that brings a civil action, or on whose behalf a civil action is brought, arising from harm allegedly caused directly or indirectly by an implant, including a person other than the individual—

(i)(I) into whose body the implant is placed, or

(II) with whose blood or tissue the implant is in contact; and

(ii) who claims to have suffered harm as a result of the implant.

(B) ACTION BROUGHT ON BEHALF OF AN ESTATE.—With respect to an action brought on behalf of or through the estate of a deceased individual into whose body the implant was placed or with whose blood or tissue the implant was in contact, the term ''claimant'' includes the decedent that is the subject of the action.

(C) ACTION BROUGHT ON BEHALF OF A MINOR OR INCOMPETENT.—With respect to an action brought on behalf of or through a minor or incompetent, the term ''claimant'' includes the parent or guardian of the minor or incompetent.

(D) EXCLUSIONS.—The term ''claimant'' does not include—

(i) a provider of professional health care services in any case in which—

(I) the sale or use of an implant is incidental to the services; and

(II) the essence of the professional health care services provided is

the furnishing of judgment, skill, or services;

(ii) a person acting in the capacity of a manufacturer, seller, or biomaterials supplier; or

(iii) a person alleging harm caused by either the silicone gel or the silicone envelope utilized in a breast implant containing silicone gel, except that—

(I) neither the exclusion provided by this clause nor any other provision of this chapter may be construed as a finding that silicone gel (or any other form of silicone) may or may not cause harm; and

(II) the existence of the exclusion under this clause may not—

(aa) be disclosed to a jury in any civil action or other proceeding; and

(bb) except as necessary to establish the applicability of this chapter, otherwise be presented in any civil action or other proceeding.

(3) COMPONENT PART.—

(A) IN GENERAL.—The term ''component part'' means a manufactured piece of an implant.

(B) CERTAIN COMPONENTS.—The term ''component part'' includes a manufactured piece of an implant that—

(i) has significant non-implant applications; and

(ii) alone, has no implant value or purpose, but when combined with other component parts and materials, constitutes an implant.

(4) HARM.—

(A) IN GENERAL.—The term ''harm'' means—

(i) any injury to or damage suffered by an individual;

(ii) any illness, disease, or death of that individual resulting from that injury or damage; and

(iii) any loss to that individual or any other individual resulting from that injury or damage.

(B) EXCLUSION.—The term ''harm'' does not include any commercial loss or loss of or damage to an implant.

(5) IMPLANT.—The term ''implant'' means—

(A) a medical device that is intended by the manufacturer of the device—

(i) to be placed into a surgically or naturally formed or existing cavity of the body for a period of at least 30 days; or

(ii) to remain in contact with bodily fluids or internal human tissue through a surgically produced opening for a period of less than 30 days; and

(B) suture materials used in implant procedures.

(6) MANUFACTURER.—The term ''manufacturer'' means any person that, with respect to an implant—

(A) is engaged in the manufacture, preparation, propagation, compounding, or processing (as defined in section 13136(a) of this title) of the implant; and

(B) is required—

(i) to register with the Secretary pursuant to section 13136 of this title and the regulations issued under that section; and

(ii) to include the implant on a list of devices filed with the Secretary pursuant to section 13136(j) of this title and the regulations issued under that section.

(7) MEDICAL DEVICE.—The term ''medical device'' means a device, as defined in section 10101(a) of this title, and includes any device component of any combination product as that term is used in section 13104 of this title.

(8) RAW MATERIAL.—The term ''raw material'' means a substance or product that—

(A) has a generic use; and

(B) may be used in an application other than an implant.

(9) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

(10) SELLER.—

(A) IN GENERAL.—The term ''seller'' means a person that, in the course of a business conducted for that purpose, sells, distributes, leases, packages, labels, or otherwise places an implant in the stream of commerce.

(B) EXCLUSIONS.—The term ''seller'' does not include—

(i) a seller or lessor of real property;

(ii) a provider of professional health care services in any case in which—

(I) the sale or use of the implant is incidental to the services; and

(II) the essence of the professional health care services provided is the furnishing of judgment, skill, or services; or

(iii) any person that acts in only a financial capacity with respect to the sale of an implant.

**§ 40502. General requirements; applicability; preemption**

(a) GENERAL REQUIREMENTS.—

(1) IN GENERAL.—In any civil action covered by this chapter, a biomaterials supplier may—

(A) raise any exclusion from liability set forth in section 40503 of this title; and

(B) make a motion for dismissal or for summary judgment as set forth in section 40504 of this title.

(2) PROCEDURES.—Notwithstanding any other provision of law, a Federal or State court in which an action covered by this chapter is pending shall, in connection with a motion under section 40504 or 40505 of this title, use the procedures set forth in this chapter.

(b) APPLICABILITY.—

(1) IN GENERAL.—Except as provided in paragraph (2), this chapter applies to any civil action brought by a claimant, whether in a Federal or State court, on the basis of any legal theory, for harm allegedly caused, directly or indirectly, by an implant.

(2) EXCLUSION.—A civil action brought by a purchaser of a medical device, purchased for use in providing professional health care services, for loss or damage to an implant or for commercial loss to the purchaser—

(A) shall not be considered an action that is subject to this chapter; and

(B) shall be governed by applicable commercial or contract law.

(c) SCOPE OF PREEMPTION.—

(1) IN GENERAL.—This chapter supersedes any State law regarding recovery for harm caused by an

implant and any rule of procedure applicable to a civil action to recover damages for the harm only to the extent that this chapter establishes a rule of law applicable to the recovery of the damages.

(2) APPLICABILITY OF OTHER LAWS.—Any issue that arises under this chapter and that is not governed by a rule of law applicable to the recovery of damages described in paragraph (1) shall be governed by applicable Federal or State law.

(d) EFFECT OF CHAPTER.—Nothing in this chapter may be construed—

(1) to affect any defense available to a defendant under any other provisions of Federal or State law in an action alleging harm caused by an implant; or

(2) to create a cause of action or Federal court jurisdiction pursuant to section 1331 or 1337 of title 28 that otherwise would not exist under applicable Federal or State law.

**§ 40503. Liability of biomaterials suppliers**

(a) IN GENERAL.—Except as provided in section 40505 of this title, a biomaterials supplier shall not be liable for harm to a claimant caused by an implant unless the supplier is liable—

(1) as a manufacturer of the implant, as provided in subsection (b);

(2) as a seller of the implant, as provided in subsection (c); or

(3) for furnishing raw materials or component parts for the implant that failed to meet applicable contractual requirements or specifications, as provided in subsection (d).

(b) LIABILITY AS MANUFACTURER.—

(1) IN GENERAL.—A biomaterials supplier may, to the extent required and permitted by any other applicable law, be liable for harm to a claimant caused by an implant if the biomaterials supplier is the manufacturer of the implant.

(2) GROUNDS FOR LIABILITY.—The biomaterials supplier may be considered the manufacturer of the implant that allegedly caused harm to a claimant only if the biomaterials supplier—

(A)(i) registered or was required to register with the Secretary pursuant to section 13136 of this title and the regulations issued under that section; and

(ii) included or was required to include the implant on a list of devices filed with the Sec-

retary pursuant to section 13136(j) of this title and the regulations issued under that section;

(B) is the subject of a declaration issued by the Secretary pursuant to paragraph (3) that states that the supplier, with respect to the implant that allegedly caused harm to the claimant, was required to—

(i) register with the Secretary under section 13136 of this title, and the regulations issued under that section, but failed to do so; or

(ii) include the implant on a list of devices filed with the Secretary pursuant to section 13136(j) of this title and the regulations issued under that section, but failed to do so; or

(C) is related by common ownership or control to a person meeting all the requirements described in subparagraph (A) or (B), if the court deciding a motion to dismiss in accordance with section 40504(c)(3)(B)(i) of this title finds, on the basis of affidavits submitted in accordance with section 40504 of this title, that it is necessary to impose liability on the biomaterials supplier as a manufacturer because

the related manufacturer meeting the requirements of subparagraph (A) or (B) lacks sufficient financial resources to satisfy any judgment that the court feels it is likely to enter should the claimant prevail.

(3) ADMINISTRATIVE PROCEDURES.—

(A) IN GENERAL.—The Secretary may issue a declaration described in paragraph (2)(B) on the motion of the Secretary or on petition by any person, after providing—

(i) notice to the affected persons; and

(ii) an opportunity for an informal hearing.

(B) DOCKETING AND FINAL DECISION.—Immediately on receipt of a petition filed pursuant to this paragraph, the Secretary shall docket the petition. Not later than 120 days after the petition is filed, the Secretary shall issue a final decision on the petition.

(C) APPLICABILITY OF STATUTE OF LIMITATIONS.—Any applicable statute of limitations shall toll during the period from the time a claimant files a petition with the Secretary under this paragraph until—

(i) the Secretary issues a final decision on the petition; or

(ii) the petition is withdrawn.

(D) STAY PENDING PETITION FOR DECLARATION.—If a claimant has filed a petition for a declaration with respect to a defendant, and the Secretary has not issued a final decision on the petition, the court shall stay all proceedings with respect to that defendant until such time as the Secretary issues a final decision on the petition.

(c) LIABILITY AS SELLER.—A biomaterials supplier may, to the extent required and permitted by any other applicable law, be liable as a seller for harm to a claimant caused by an implant only if—

(1) the biomaterials supplier—

(A) held title to the implant and then acted as a seller of the implant after its initial sale by the manufacturer; or

(B) acted under contract as a seller to arrange for the transfer of the implant directly to the claimant after the initial sale by the manufacturer of the implant; or

(2) the biomaterials supplier is related by common ownership or control to a person meeting all the

requirements described in paragraph (1), if a court deciding a motion to dismiss in accordance with section 40504(c)(3)(B)(ii) of this title finds, on the basis of affidavits submitted in accordance with section 40504 of this title, that it is necessary to impose liability on the biomaterials supplier as a seller because the related seller meeting the requirements of paragraph (1) lacks sufficient financial resources to satisfy any judgment that the court feels it is likely to enter should the claimant prevail.

(d) LIABILITY FOR FAILURE TO MEET APPLICABLE CONTRACTUAL REQUIREMENTS OR SPECIFICATIONS.—A biomaterials supplier may, to the extent required and permitted by any other applicable law, be liable for harm to a claimant caused by an implant if the claimant in an action shows, by a preponderance of the evidence, that—

(1) the biomaterials supplier supplied raw materials or component parts for use in the implant that—

(A) did not constitute the product described in the contract between the biomaterials supplier and the person that contracted for the supplying of the product; or

(B) failed to meet any specifications that were—

(i) accepted, pursuant to applicable law, by the biomaterials supplier;

(ii) published by the biomaterials supplier;

(iii) provided by the biomaterials supplier to the person that contracted for the product;

(iv) contained in a master file that was submitted by the biomaterials supplier to the Secretary and that is currently maintained by the biomaterials supplier for purposes of premarket approval of medical devices; or

(v) included in the submissions for purposes of premarket approval or review by the Secretary under section 13136, 13140, 13142, or 13152 of this title, which specifications received clearance from the Secretary if the specifications were accepted, pursuant to applicable law, by the biomaterials supplier; and

(2) the failure to meet applicable contractual requirements or specifications was an actual and proximate cause of the harm to the claimant.

**§ 40504. Procedures for dismissal of civil actions against biomaterials suppliers**

(a) MOTION TO DISMISS.—A defendant may, at any time during which a motion to dismiss may be filed under applicable law, move to dismiss an action against it on the grounds that the defendant is a biomaterials supplier and 1 or more of the following apply:

(1) The defendant is not liable as a manufacturer, as provided in section 40503(b) of this title.

(2) The defendant is not liable as a seller, as provided in section 40503(c) of this title.

(3) The defendant is not liable for furnishing raw materials or component parts for the implant that failed to meet applicable contractual requirements or specifications, as provided in section 40503(d) of this title.

(4) The claimant did not name the manufacturer as a party to the action, as provided in subsection (b).

(b) MANUFACTURER OF IMPLANT SHALL BE NAMED A PARTY.—In any civil action covered by this chapter, the claimant shall be required to name the manufacturer of the implant as a party to the action, unless—

(1) the manufacturer is subject to service of process solely in a jurisdiction in which the biomate-

rials supplier is not domiciled or subject to a service of process; or

(2) a claim against the manufacturer is barred by applicable law or rule of practice.

(c) PROCEEDING ON MOTION TO DISMISS.—The following rules shall apply to any proceeding on a motion to dismiss filed by a defendant under this section:

(1) EFFECT OF MOTION TO DISMISS ON DISCOVERY.—

(A) IN GENERAL.—Except as provided in subparagraph (B), if a defendant files a motion to dismiss under subsection (a), no discovery shall be permitted in connection with the action that is the subject of the motion, other than discovery necessary to determine a motion to dismiss for lack of jurisdiction, until such time as the court rules on the motion to dismiss.

(B) DISCOVERY.—If a defendant files a motion to dismiss under subsection (a)(3) on the grounds that it did not furnish raw materials or component parts for the implant that failed to meet applicable contractual requirements or specifications, the court may permit discovery limited to issues that are directly relevant to—

(i) the pending motion to dismiss; or

(ii) the jurisdiction of the court.

(2) AFFIDAVITS.—

(A) DEFENDANT.—A defendant may submit affidavits supporting the grounds for dismissal contained in its motion to dismiss under subsection (a). If the motion is made under subsection (a)(1), the defendant may submit an affidavit demonstrating that the defendant has not included the implant on a list, if any, filed with the Secretary pursuant to section 13136(j) of this title.

(B) CLAIMANT.—In response to a motion to dismiss, the claimant may submit affidavits demonstrating that—

(i) the Secretary has, with respect to the defendant and the implant that allegedly caused harm to the claimant, issued a declaration pursuant to section 40503(b)(2)(B) of this title; or

(ii) the defendant is a seller of the implant that is liable under section 40503(c) of this title.

(3) BASIS OF RULING ON MOTION TO DISMISS.—The court shall rule on a motion to dismiss

filed under subsection (a) solely on the basis of the pleadings and affidavits of the parties made pursuant to this subsection. The court shall grant a motion to dismiss filed under subsection (a)—

(A) unless the claimant submits a valid affidavit that demonstrates that the defendant is not a biomaterials supplier;

(B) unless the court determines, to the extent raised in the pleadings and affidavits, that 1 or more of the following apply:

(i) the defendant may be liable as a manufacturer, as provided in section 40503(b) of this title;

(ii) the defendant may be liable as a seller, as provided in section 40503(c) of this title; or

(iii) the defendant may be liable for furnishing raw materials or component parts for the implant that failed to meet applicable contractual requirements or specifications, as provided in section 40503(d) of this title; or

(C) if the claimant did not name the manufacturer as a party to the action, as provided in subsection (b).

(4) TREATMENT OF MOTION AS MOTION FOR SUMMARY JUDGMENT.—The court may treat a motion to dismiss as a motion for summary judgment subject to subsection (d) to determine whether the pleadings and affidavits, in connection with the action, raise genuine issues of material fact concerning whether the defendant furnished raw materials or component parts of the implant that failed to meet applicable contractual requirements or specifications as provided in section 40503(d) of this title.

(d) SUMMARY JUDGMENT.—

(1) IN GENERAL.—

(A) BASIS FOR ENTRY OF JUDGMENT.—If a biomaterials supplier's motion to dismiss is to be treated as a motion for summary judgment under subsection (c)(4) or if a biomaterials supplier moves for summary judgment, the biomaterials supplier shall be entitled to entry of judgment without trial if the court finds there is no genuine issue of material fact for each applicable element set forth in paragraphs (1) and (2) of section 40503(d) of this title.

(B) ISSUES OF MATERIAL FACT.—With respect to a finding made under subparagraph (A), the court shall consider a genuine issue of

material fact to exist only if the evidence submitted by the claimant would be sufficient to allow a reasonable jury to reach a verdict for the claimant if the jury found the evidence to be credible.

(2) DISCOVERY MADE PRIOR TO A RULING ON A MOTION FOR SUMMARY JUDGMENT.—If, under applicable rules, the court permits discovery prior to a ruling on a motion for summary judgment governed by section 40503(d) of this title, the discovery shall be limited solely to establishing whether a genuine issue of material fact exists as to the applicable elements set forth in paragraphs (1) and (2) of section 40503(d) of this title.

(3) DISCOVERY WITH RESPECT TO A BIOMATERIALS SUPPLIER.—A biomaterials supplier shall be subject to discovery in connection with a motion seeking dismissal or summary judgment on the basis of the inapplicability of section 40503(d) of this title or the failure to establish the applicable elements of section 40503(d) of this title solely to the extent permitted by the applicable Federal or State rules for discovery against nonparties.

(e) DISMISSAL WITH PREJUDICE.—An order granting a motion to dismiss or for summary judgment pursu-

ant to this section shall be entered with prejudice, except to the extent that the moving defendant may be rejoined to the action as provided in section 40505 of this title.

(f) MANUFACTURER CONDUCT OF LITIGATION.—The manufacturer of an implant that is the subject of an action covered under this chapter shall be permitted to conduct litigation on any motion for summary judgment or dismissal filed by a biomaterials supplier who is a defendant under this section on behalf of the supplier if the manufacturer and any other defendant in the action enter into a valid and applicable contractual agreement under which the manufacturer agrees to bear the cost of the litigation or to conduct the litigation.

**§ 40505. Subsequent impleader of dismissed biomaterials supplier**

(a) IMPLEADING OF DISMISSED DEFENDANT.—A court, on motion by a manufacturer or a claimant within 90 days after entry of a final judgment in an action by the claimant against a manufacturer, and notwithstanding any otherwise applicable statute of limitations, may implead a biomaterials supplier who has been dismissed from the action pursuant to this chapter if—

(1) the manufacturer has made an assertion, in a motion or other pleading filed with the court, in an opening or closing statement at trial, or as part

of a claim for contribution or indemnification, and the court finds based on the court's independent review of the evidence contained in the record of the action, that under applicable law—

(A) the negligence or intentionally tortious conduct of the dismissed supplier was an actual and proximate cause of the harm to the claimant; and

(B) the manufacturer's liability for damages should be reduced in whole or in part because of the negligence or intentionally tortious conduct; or

(2) the claimant has moved to implead the supplier and the court finds, based on the court's independent review of the evidence contained in the record of the action, that under applicable law—

(A) the negligence or intentionally tortious conduct of the dismissed supplier was an actual and proximate cause of the harm to the claimant; and

(B) the claimant is unlikely to be able to recover the full amount of its damages from the remaining defendants.

(b) STANDARD OF LIABILITY.—Notwithstanding any preliminary finding under subsection (a), a biomaterials

supplier who has been impleaded into an action covered by this chapter, as provided for in this section—

(1) may, prior to entry of judgment on the claim against it, supplement the record of the proceeding that was developed prior to the grant of the motion for impleader under subsection (a); and

(2) may be found liable to a manufacturer or a claimant only to the extent required and permitted by any applicable State or Federal law other than this chapter.

(c) DISCOVERY.—Nothing in this section shall give a claimant or any other party the right to obtain discovery from a biomaterials supplier at any time prior to grant of a motion for impleader beyond that allowed under section 40504 of this title.

# Chapter 407—Federal Trade Commission Review of Agreements Relating to Generic Drugs and Brand Name Drugs

40707. Effect of chapter.

## § 40701. Definitions

In this chapter:

(1) ANDA.—The term ''ANDA'' means an abbreviated drug application, as defined under section 10101(a) of this title.

(2) ASSISTANT ATTORNEY GENERAL.—The term ''Assistant Attorney General'' means the Assistant Attorney General in charge of the Antitrust Division of the Department of Justice.

(3) BIOSIMILAR BIOLOGICAL PRODUCT.—The term ''biosimilar biological product'' means a biological product for which a biosimilar biological product application under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)) is approved.

(4) BIOSIMILAR BIOLOGICAL PRODUCT APPLICANT.—The term ''biosimilar biological product applicant'' means a person that has filed or received approval for a biosimilar biological product application under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)).

(5) BIOSIMILAR BIOLOGICAL PRODUCT APPLICATION.—The term ''biosimilar biological product application'' means an application under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)) for licensure of a biological product as biosimilar to, or interchangeable with, a reference product.

(6) BRAND NAME DRUG.—The term ''brand name drug'' means a drug for which an application is approved under section 13504 of this title, including an application referred to in section 13503(b) of this title, or a biological product for which an application is approved under section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)).

(7) BRAND NAME DRUG COMPANY.—The term ''brand name drug company'' means the party that holds the approved application referred to in paragraph (6) for a brand name drug that is a listed drug in an ANDA or a reference product in a biosimilar biological product application, or a party that is the owner of a patent for which information is submitted for the drug under section 13503 or 13504 of this title or the owner, or exclusive licensee, of a patent included in a list provided under section 351(l)(3) of the Public Health Service Act (42 U.S.C. 262(l)(3)).

(8) COMMISSION.—The term ''Commission'' means the Federal Trade Commission.

(9) GENERIC DRUG.—The term ''generic drug'' means a drug for which an application under section 13511 of this title is approved.

(10) GENERIC DRUG APPLICANT.—The term ''generic drug applicant'' means a person that has filed or received approval for an ANDA under section 13511 of this title.

(11) LISTED DRUG.—The term ''listed drug'' means a brand name drug that is listed under section 13511(h) of this title.

(12) REFERENCE PRODUCT.—The term ''reference product'' has the meaning given the term in section 351(i) of the Public Health Service Act (21 U.S.C. 262(i)).

**§ 40702. Notification of agreements**

(a) AGREEMENT WITH BRAND NAME DRUG COMPANY.—

(1) REQUIREMENT.—

(A) IN GENERAL.—A generic drug applicant that has submitted an ANDA containing a certification under section 13511(c)(1)(G)(iv) of this title or a biosimilar biological product applicant that has submitted a biosimilar biological product application and a brand name drug company that enter into an agreement described in paragraph (2) shall each file the agreement in accordance with subsection (c).

(B) DATE OF FILING.—The agreement shall be filed prior to the date of the first commercial marketing of the generic drug that is the subject of the ANDA or the biosimilar biological product that is the subject of the biosimilar biological product application, as applicable.

(2) SUBJECT MATTER OF AGREEMENT.—An agreement described in this paragraph between a generic drug applicant or a biosimilar biological product applicant and a brand name drug company is an agreement regarding—

(A) the manufacture, marketing, or sale of the brand name drug that is the listed drug in the ANDA or the reference product in the biosimilar biological product application involved;

(B) the manufacture, marketing, or sale of the generic drug for which the ANDA was submitted or of the biosimilar biological product for which the biosimilar biological product application was submitted; or

(C) as applicable—

(i) the 180-day period referred to in section 13511(f)(2)(D) of this title as it

applies to the ANDA or to any other ANDA based on the same listed drug; or

(ii) any of the time periods referred to in section 351(k)(6) of the Public Health Service Act (42 U.S.C. 262(k)(6)) as the period applies to the biosimilar biological product application or to any other biosimilar biological product application based on the same reference product.

(b) AGREEMENT WITH ANOTHER GENERIC DRUG APPLICANT OR BIOSIMILAR BIOLOGICAL PRODUCT APPLICANT.—

(1) REQUIREMENT.—

(A) GENERIC DRUGS.—A generic drug applicant that has submitted an ANDA containing a certification under section 13511(c)(1)(G)(iv) of this title with respect to a listed drug and another generic drug applicant that has submitted an ANDA containing such a certification for the same listed drug, where the generic drug applicants enter into an agreement described in paragraph (2), shall each file the agreement in accordance with subsection (c). The agreement shall be filed prior to the date of the first commercial marketing of either of

the generic drugs for which the ANDAs were submitted.

(B) BIOSIMILAR BIOLOGICAL PRODUCTS.—A biosimilar biological product applicant that has submitted a biosimilar biological product application that references a reference product and another biosimilar biological product applicant that has submitted a biosimilar biological product application that references the same reference product, where the biosimilar biological product applicants enter into an agreement described in paragraph (2), shall each file the agreement in accordance with subsection (c). The agreement shall be filed prior to the date of the first commercial marketing of either of the biosimilar biological products for which the biosimilar biological product applications were submitted.

(2) SUBJECT MATTER OF AGREEMENT.—An agreement described in this paragraph is, as applicable—

(A) an agreement between 2 or more generic drug applicants regarding the 180-day period referred to in section 13511(f)(2)(D) of

this title as it applies to the ANDAs with which the agreement is concerned;

(B) an agreement between 2 or more biosimilar biological product applicants regarding a time period referred to in section 351(k)(6) of the Public Health Service Act (42 U.S.C. 262(k)(6)) as it applies to the biosimilar biological product; or

(C) an agreement between 2 or more biosimilar biological product applicants regarding the manufacture, marketing, or sale of a biosimilar biological product.

(c) FILING.—

(1) AGREEMENT.—The parties that are required in subsection (a) or (b) to file an agreement in accordance with this subsection shall file with the Assistant Attorney General and the Commission the text of the agreement, except that the parties are not required to file an agreement that solely concerns—

(A) purchase orders for raw material supplies;

(B) equipment and facility contracts;

(C) employment or consulting contracts; or

(D) packaging and labeling contracts.

(2) OTHER AGREEMENTS.—The parties that are required in subsection (a) or (b) to file an agreement in accordance with this subsection shall file with the Assistant Attorney General and the Commission the text of any agreements between the parties that are not described in those subsections and are contingent on, provide a contingent condition for, were entered into within 30 days of, or are otherwise related to an agreement that is required in subsection (a) or (b) to be filed in accordance with this subsection.

(3) AGREEMENTS NOT REDUCED TO TEXT.—In the event that any agreement required in subsection (a) or (b) to be filed in accordance with this subsection has not been reduced to text, each of the parties involved shall file written descriptions of the agreement that are sufficient to disclose all the terms and conditions of the agreement.

**§ 40703. Filing deadline**

Any filing required under section 40702 of this title shall be filed with the Assistant Attorney General and the Commission not later than 10 business days after the date the agreements are executed.

**§ 40704. Disclosure exemption**

(a) IN GENERAL.—Except as may be relevant to any administrative or judicial action or proceeding, any information or documentary material filed with the Assistant Attorney General or the Commission pursuant to this chapter—

(1) shall be exempt from disclosure under section 552 of title 5; and

(2) shall not be made public.

(b) EFFECT OF SECTION.—Nothing in this section is intended to prevent disclosure to either body of Congress or to any authorized committee or subcommittee of Congress.

**§ 40705. Enforcement**

(a) CIVIL PENALTY.—

(1) IN GENERAL.—Any brand name drug company, generic drug applicant, or biosimilar biological product applicant that fails to comply with any provision of this chapter shall be liable for a civil penalty of not more than $11,000, for each day during which the entity is in violation of this chapter.

(2) AUTHORIZED PLAINTIFFS.—The civil penalty under paragraph (1) may be recovered in a civil action brought by the United States, or brought by the Commission in accordance with the procedures

established in section 16(a)(1) of the Federal Trade Commission Act (15 U.S.C. 56(a)(1)).

(b) COMPLIANCE AND EQUITABLE RELIEF.—If any brand name drug company, generic drug applicant, or biosimilar biological product applicant fails to comply with any provision of this chapter, the United States district court may order compliance, and may grant such other equitable relief as the court in its discretion determines necessary or appropriate, on application of the Assistant Attorney General or the Commission.

**§ 40706. Rulemaking**

The Commission, with the concurrence of the Assistant Attorney General and by rule in accordance with section 553 of title 5, consistent with the purposes of this chapter—

(1) may define the terms used in this chapter;

(2) may exempt classes of persons or agreements from the requirements of this chapter; and

(3) may prescribe such other rules as may be necessary and appropriate to carry out the purposes of this chapter.

**§ 40707. Effect of chapter**

Any action taken by the Assistant Attorney General or the Commission, or any failure of the Assistant Attorney General or the Commission to take action, under this

chapter shall not at any time bar any proceeding or any action with respect to any agreement between a brand name drug company and a generic drug applicant or a biosimilar biological product applicant, any agreement between generic drug applicants, or any agreement between biosimilar biological product applicants, under any other provision of law, nor shall any filing under this chapter constitute or create a presumption of any violation of any competition laws.

# Chapter 409—Substance Use Disorder Prevention

Sec.
40901. Clarifying FDA regulation of non-addictive pain products.
40902. Evidence-based opioid analgesic prescribing guidelines and report.
40903. Strengthening FDA and CBP Coordination and capacity.
40904. FDA and U.S. Customs and Border Protection cooperation.
40905. Access to increased drug disposal.

## § 40901. Clarifying FDA regulation of non-addictive pain products

(a) DEFINITIONS.—In this section:

(1) MEDICAL PRODUCT.—The term ''medical product'' means—

(A) a drug (as defined in section 10101(a) of this title);

(B) a biological product (as defined in section 351(i) of the Public Health Service Act (42 U.S.C. 262(i))); or

(C) a device (as defined in section 10101(a) of this title).

(2) OPIOID-SPARING.—The term ''opioid-sparing'' means reducing, replacing, or avoiding the use of opioids or other controlled substances intended to treat acute or chronic pain.

(b) PUBLIC MEETINGS.—Not later than 1 year after October 24, 2018, the Secretary of Health and Human Services (referred to in this section as the ''Secretary''), acting through the Commissioner of Food and Drugs, shall hold not less than 1 public meeting to address the challenges and barriers of developing non-addictive medical products intended to treat acute or chronic pain or addiction, which may include—

(1) the manner by which the Secretary may incorporate the risks of misuse and abuse of a controlled substance (as defined in section 50101 of this title) into the risk benefit assessments under section 13136(k) or 13142(c) of this title, or sections 13505 and 13506 of this title, as applicable;

(2) the application of novel clinical trial designs (consistent with section 29106 of this title), use of real-world evidence (consistent with section 13117 of this title), and use of patient experience data (consistent with section 14319 of this title) for the devel-

opment of non-addictive medical products intended to treat pain or addiction;

(3) the evidentiary standards and the development of opioid-sparing data for inclusion in the labeling of medical products intended to treat acute or chronic pain; and

(4) the application of eligibility criteria under sections 13119 and 13144 of this title for non-addictive medical products intended to treat pain or addiction.

(c) GUIDANCE.—Not less than 1 year after the public meetings are conducted under subsection (b), the Secretary shall issue 1 or more final guidance documents, or update existing guidance documents, to help address challenges to developing non-addictive medical products to treat pain or addiction. The guidance documents shall include information regarding—

(1) how the Food and Drug Administration may apply sections 13119 and 13144 of this title to non-addictive medical products intended to treat pain or addiction, including the circumstances under which the Secretary—

(A) may apply the eligibility criteria under sections 13119 and 13144 of this title to non-

addictive medical products intended to treat pain or addiction;

(B) considers the risk of addiction of controlled substances approved to treat pain when establishing unmet medical need; and

(C) considers pain, pain control, or pain management in assessing whether a disease or condition is a serious or life-threatening disease or condition;

(2) the methods by which sponsors may evaluate acute and chronic pain, endpoints for non-addictive medical products intended to treat pain, the manner in which endpoints and evaluations of efficacy will be applied across and within review divisions, taking into consideration the etiology of the underlying disease, and the manner in which sponsors may use surrogate endpoints, intermediate endpoints, and real-world evidence;

(3) the manner in which the Food and Drug Administration will assess evidence to support the inclusion of opioid-sparing data in the labeling of non-addictive medical products intended to treat acute or chronic pain, including—

(A) alternative data collection methodologies, including the use of novel clinical trial de-

signs (consistent with section 29106 of this title) and real-world evidence (consistent with section 13117 of this title), including patient registries and patient reported outcomes, as appropriate, to support product labeling;

(B) ethical considerations of exposing subjects to controlled substances in clinical trials to develop opioid-sparing data and considerations on data collection methods that reduce harm, which may include the reduction of opioid use as a clinical benefit;

(C) endpoints, including primary, secondary, and surrogate endpoints, to evaluate the reduction of opioid use;

(D) best practices for communication between sponsors and the agency on the development of data collection methods, including the initiation of data collection; and

(E) the appropriate format in which to submit the data results to the Secretary; and

(4) the circumstances under which the Food and Drug Administration considers misuse and abuse of a controlled substance (as defined in section 50101 of this title) in making the risk benefit assessment under paragraphs (2) and (4) of section

13505(b) of this title and in finding that a drug is unsafe under paragraph (1) or (2) of section 13506(b) of this title.

**§ 40902. Evidence-based opioid analgesic prescribing guidelines and report**

(a) GUIDELINES.—The Commissioner of Food and Drugs shall develop evidence-based opioid analgesic prescribing guidelines for the indication-specific treatment of acute pain only for the relevant therapeutic areas where the guidelines do not exist.

(b) PUBLIC INPUT.—In developing the guidelines under subsection (a), the Commissioner of Food and Drugs shall—

(1) consult with stakeholders, which may include conducting a public meeting of medical professional societies (including any State-based societies), health care providers, State medical boards, medical specialties (including pain medicine specialty) societies, patient groups, pharmacists, academic or medical research entities, and other entities with experience in health care, as appropriate;

(2) collaborate with the Director of the Centers for Disease Control and Prevention, as applicable and appropriate, and other Federal agencies with relevant expertise as appropriate; and

(3) provide for a notice and comment period consistent with section 17501(h) of this title for the submission of comments by the public.

(c) REPORT.—Not later than 1 year after October 24, 2018, or, if earlier, at the time the guidelines under subsection (a) are finalized, the Commissioner of Food and Drugs shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate, and post on the public website of the Food and Drug Administration, a report on how the Food and Drug Administration will utilize the guidelines under subsection (a) to protect the public health and a description of the public health need with respect to each such indication-specific treatment guideline.

(d) UPDATES.—The Commissioner of Food and Drugs shall periodically—

(1) update the guidelines under subsection (a), informed by public input described in subsection (b); and

(2) submit to the committees specified in subsection (c) and post on the public website of the Food and Drug Administration an updated report under the subsection.

(e) STATEMENT TO ACCOMPANY GUIDELINES AND RECOMMENDATIONS.—The Commissioner of Food and Drugs shall ensure that opioid analgesic prescribing guidelines and other recommendations developed under this section are accompanied by a clear statement that the guidelines or recommendations, as applicable—

(1) are intended to help inform clinical decision-making by prescribers and patients; and

(2) are not intended to be used for the purposes of restricting, limiting, delaying, or denying coverage for, or access to, a prescription issued for a legitimate medical purpose by an individual practitioner acting in the usual course of professional practice.

**§ 40903. Strengthening FDA and CBP Coordination and capacity**

(a) IN GENERAL.—

(1) COORDINATION.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary''), acting through the Commissioner of Food and Drugs, shall coordinate with the Secretary of Homeland Security to carry out activities related to customs and border protection and in response to illegal controlled substances and drug imports, including at sites of import (such as international mail facilities), which activities will provide

improvements to the facilities, technologies, and inspection capacity.

(2) MEMORANDUM OF UNDERSTANDING.—The Secretary and the Secretary of Homeland Security may carry out the activities under paragraph (1) through a memorandum of understanding between the Food and Drug Administration and U.S. Customs and Border Protection.

(b) FDA IMPORT FACILITIES AND INSPECTION CAPACITY.—

(1) IN GENERAL.—In carrying out this section, the Secretary shall, in collaboration with the Secretary of Homeland Security and the Postmaster General, provide that import facilities in which the Food and Drug Administration operates or carries out activities related to drug imports within the international mail facilities include—

(A) facility upgrades and improved capacity in order to increase and improve inspection and detection capabilities, which may include, as the Secretary determines appropriate—

(i) improvements to facilities, such as upgrades or renovations, and support for the maintenance of existing import facili-

ties and sites to improve coordination between Federal agencies;

(ii) improvements in equipment and information technology enhancement to identify unapproved, counterfeit, or other unlawful controlled substances for destruction;

(iii) the construction of, or upgrades to, laboratory capacity for purposes of detection and testing of imported goods;

(iv) upgrades to the security of import facilities; and

(v) innovative technology and equipment to facilitate improved and near-real-time information sharing between the Food and Drug Administration, the Department of Homeland Security, and the United States Postal Service; and

(B) innovative technology, including controlled substance detection and testing equipment and other applicable technology, in order to collaborate with U.S. Customs and Border Protection to share near-real-time information, including information about test results, as appropriate.

(2) INNOVATIVE TECHNOLOGY.—Any technology used in accordance with paragraph (1)(B) shall be interoperable with technology used by other relevant Federal agencies, including U.S. Customs and Border Protection, as the Secretary determines appropriate and practicable.

(c) REPORT.—Not later than 6 months after October 24, 2018, the Secretary, in consultation with the Secretary of Homeland Security and the Postmaster General, shall report to the Committee on Energy and Commerce and the Committee on Homeland Security of the House of Representatives and the Committee on Health, Education, Labor, and Pensions and the Committee on Homeland Security and Governmental Affairs of the Senate on the implementation of this section, including a summary of progress made toward near-real-time information sharing and the interoperability of the technologies.

**§ 40904. FDA and U.S. Customs and Border Protection cooperation**

(a) IN GENERAL.—

(1) LIST OF CONTROLLED SUBSTANCES.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary''), acting through the Commissioner of Food and Drugs and in consultation with U.S. Customs and Border Pro-

tection, shall develop and periodically update a mutually agreed on list of the controlled substances that the Secretary will refer to U.S. Customs and Border Protection, unless the Secretary and U.S. Customs and Border Protection agree otherwise, when the controlled substances are offered for import via international mail and appear to violate division A or B of subtitle V of this title, subtitle I of this title, or any other applicable law.

(2) TRANSFER OF CONTROLLED SUBSTANCES.—The Secretary shall transfer controlled substances on the list to U.S. Customs and Border Protection. If the Secretary identifies additional packages that appear to be the same as the package containing a controlled substance, the additional packages may also be transferred to U.S. Customs and Border Protection. U.S. Customs and Border Protection shall receive the packages consistent with the requirements of division A of subtitle V of this title.

(b) REPORT.—Not later than 9 months after October 24, 2018, the Secretary, acting through the Commissioner of Food and Drugs and in consultation with the Secretary of Homeland Security, shall report to the Committee on Energy and Commerce of the House of Representatives

and the Committee on Health, Education, Labor, and Pensions of the Senate on the implementation of this section.

**§ 40905. Access to increased drug disposal**

(a) DEFINITIONS.—In this section:

(1) ATTORNEY GENERAL.—The term ''Attorney General'' means the Attorney General, acting through the Assistant Attorney General for the Office of Justice Programs.

(2) AUTHORIZED COLLECTOR.—The term ''authorized collector'' means a narcotic treatment program, a hospital or clinic with an on-site pharmacy, a retail pharmacy, or a reverse distributor, that is authorized as a collector under section 1317.40 of title 21, Code of Federal Regulations (or any successor regulation).

(3) COVERED GRANT.—The term ''covered grant'' means a grant awarded under subsection (b).

(4) ELIGIBLE COLLECTOR.—The term ''eligible collector'' means a person that is eligible to be an authorized collector.

(b) AUTHORITY TO MAKE GRANTS.—The Attorney General shall award grants to States to enable the States to increase the participation of eligible collectors as authorized collectors.

(c) APPLICATION.—A State desiring a covered grant shall submit to the Attorney General an application that, at a minimum—

(1) identifies the single State agency that oversees pharmaceutical care and will be responsible for complying with the requirements of the grant;

(2) details a plan to increase participation rates of eligible collectors as authorized collectors; and

(3) describes how the State will select eligible collectors to be served under the grant.

(d) USE OF GRANT FUNDS.—A State that receives a covered grant, and any subrecipient of the grant, may use the grant amounts only for the costs of installation, maintenance, training, purchasing, and disposal of controlled substances associated with the participation of eligible collectors as authorized collectors.

(e) ELIGIBILITY FOR GRANT.—The Attorney General shall award a covered grant to 5 States, not less than 3 of which shall be States in the lowest quartile of States based on the participation rate of eligible collectors as authorized collectors, as determined by the Attorney General.

(f) DURATION OF GRANTS.—The Attorney General shall determine the period of years for which a covered grant is made to a State.

(g) ACCOUNTABILITY AND OVERSIGHT.—A State that receives a covered grant shall submit to the Attorney General a report, at such time and in such manner as the Attorney General may reasonably require, that—

(1) lists the ultimate recipients of the grant amounts;

(2) describes the activities undertaken by the State using the grant amounts; and

(3) contains performance measures relating to the effectiveness of the grant, including changes in the participation rate of eligible collectors as authorized collectors.

(h) DURATION OF PROGRAM.—The Attorney General may award covered grants for each of the first 5 fiscal years beginning after October 24, 2018.

# Chapter 411—Coronavirus Aid, Relief, and Economic Security

Sec.
41101. Drugs excluded from the over-the-counter drug review.
41102. Confidentiality.

## § 41101. Drugs excluded from the over-the-counter drug review

(a) IN GENERAL.—Nothing in subtitle F of the Coronavirus Aid, Relief, and Economic Security Act (Pub. L. 116–136, div. A, title III, 134 Stat. 435) (or the amendments made by the subtitle) shall apply to any nonprescription drug (as defined in section 13118(a) of this

title) that was excluded by the Food and Drug Administration from the Over-the-Counter Drug Review in accordance with the paragraph numbered 25 on page 9466 of volume 37 of the Federal Register, published on May 11, 1972.

(b) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to preclude or limit the applicability of any provision of subtitle I of this title (other than those provisions in subtitle I that were added or amended by subtitle F of the Coronavirus Aid, Relief, and Economic Security Act (Pub. L. 116–136, div. A, title III, 134 Stat. 435)).

**§ 41102. Confidentiality**

Nothing in the amendments made by section 3112 of the Coronavirus Aid, Relief, and Economic Security Act (Pub. L. 116–136, div. A, title III, 134 Stat. 362) shall be construed as authorizing the Secretary to disclose any information that is a trade secret or confidential information subject to section 552(b)(4) of title 5 or section 1905 of title 18.

# Chapter 413—Accelerating Access to Critical Therapies for ALS

Sec.
41301. Grants for research on therapies for ALS.
41302. HHS public-private partnership for rare neurodegenerative diseases.
41303. ALS and other rare neurodegenerative disease action plan.
41304. FDA rare neurodegenerative disease grant program.

**§ 41301. Grants for research on therapies for ALS**

(a) DEFINITIONS.—In this section:

(1) PARTICIPATING CLINICAL TRIAL.—The term ''participating clinical trial'' means a phase 3 clinical trial conducted pursuant to an exemption under section 13510 of this title or section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)) to investigate a drug intended to prevent, diagnose, mitigate, treat, or cure amyotrophic lateral sclerosis.

(2) PARTICIPATING CLINICAL TRIAL SITE.—The term ''participating clinical trial site'' means a health care facility, or network of facilities, at which patients participating in a participating clinical trial receive an investigational drug through the trial.

(3) PARTICIPATING ENTITY.—The term ''participating entity'' means a participating clinical trial site sponsored by a small business concern (as defined in section 3(a) of the Small Business Act (15 U.S.C. 632(a))) that is the sponsor of a drug that is the subject of an investigational new drug application under section 13510 of this title to prevent, diagnose, mitigate, treat, or cure amyotrophic lateral sclerosis.

(b) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall award grants to participating entities for

purposes of scientific research utilizing data from expanded access to investigational drugs for individuals who are not otherwise eligible for clinical trials for the prevention, diagnosis, mitigation, treatment, or cure of amyotrophic lateral sclerosis. In the case of a participating entity seeking such a grant, an expanded access request must be submitted, and allowed to proceed by the Secretary, under section 14301 of this title and part 312 of title 21, Code of Federal Regulations (or any successor regulations), before the application for the grant is submitted.

(c) APPLICATION.—

(1) IN GENERAL.—A participating entity seeking a grant under this section shall submit to the Secretary an application at such time, in such manner, and containing such information as the Secretary shall specify.

(2) USE OF DATA.—An application submitted under paragraph (1) shall include a description of how data generated through an expanded access request under section 14301 of this title with respect to the investigational drug involved will be used to support research or development related to the prevention, diagnosis, mitigation, treatment, or cure of amyotrophic lateral sclerosis.

(3) NONINTERFERENCE WITH CLINICAL TRIALS.—An application submitted under paragraph (1) shall include a description of how the proposed expanded access program will be designed so as not to interfere with patient enrollment in ongoing clinical trials for investigational therapies for the prevention, diagnosis, mitigation, treatment, or cure of amyotrophic lateral sclerosis.

(d) SELECTION.—Consistent with sections 406 and 492 of the Public Health Service Act (42 U.S.C. 284a, 289a), the Secretary shall, in determining whether to award a grant under this section, confirm that—

(1) the grant will be used to support a scientific research objective relating to the prevention, diagnosis, mitigation, treatment, or cure of amyotrophic lateral sclerosis (as described in subsection (b));

(2) the grant shall not have the effect of diminishing eligibility for, or impeding enrollment of, ongoing clinical trials for the prevention, diagnosis, mitigation, treatment, or cure of amyotrophic lateral sclerosis by determining that individuals who receive expanded access to investigational drugs through the grant are not eligible for enrollment in—

(A) ongoing clinical trials that are registered on ClinicalTrials.gov (or successor

website), with respect to a drug for the prevention, diagnosis, mitigation, treatment, or cure of amyotrophic lateral sclerosis; or

(B) clinical trials for the prevention, diagnosis, mitigation, treatment, or cure of amyotrophic lateral sclerosis for which an exemption under section 13510 of this title has been granted by the Food and Drug Administration and that are expected to begin enrollment within 1 year; and

(3) the resulting project funded by the grant will allow for equitable access to investigational drugs by minority and underserved populations.

(e) USE OF FUNDS.—A participating entity shall use funds received through the grant—

(1) to pay the manufacturer or sponsor for the direct costs of the investigational drug, as authorized under section 312.8(d) of title 21, Code of Federal Regulations (or successor regulations), to prevent, diagnose, mitigate, treat, or cure amyotrophic lateral sclerosis that is the subject of an expanded access request described in subsection (b), if the costs are justified as part of peer review of the grant;

(2) for the entity's direct costs incurred in providing the drug consistent with the research mission of the grant; or

(3) for the direct and indirect costs of the entity in conducting research with respect to the drug.

(f) SUNSET.—The Secretary may not award grants under this section on or after September 30, 2026.

**§ 41302. HHS public-private partnership for rare neurodegenerative diseases**

(a) DEFINITIONS.—

(1) ELIGIBLE ENTITY.—The term ''eligible entity'' means an entity that—

(A) is—

(i) an institution of higher education (as the term is defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001)) or a consortium of those institutions; or

(ii) an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(3)) and exempt from tax under section 501(a) of that Code;

(B) has experienced personnel with clinical and other technical expertise in the field of bio-

medical sciences and demonstrated connection to the patient population;

(C) demonstrates to the Secretary's satisfaction that the entity is capable of identifying and establishing collaborations between public and private entities and individuals with expertise in neurodegenerative diseases, including patients, to facilitate—

(i) development and critical evaluation of tools, methods, and processes—

(I) to characterize neurodegenerative diseases and their natural history;

(II) to identify molecular targets for neurodegenerative diseases; and

(III) to increase efficiency, predictability, and productivity of clinical development of therapies, including advancement of rational therapeutic development and establishment of clinical trial networks; and

(ii) securing funding for the Partnership (as defined in this subsection) from Federal and non-Federal governmental

sources, foundations, and private individuals; and

(D) provides an assurance that the entity will not accept funding for a Partnership project from any organization that manufactures or distributes products regulated by the Food and Drug Administration unless the entity provides assurances in its agreement with the Secretary that the results of the project will not be influenced by any source of funding.

(2) PARTNERSHIP.—The term ''Partnership'' means the Public-Private Partnership for Neurodegenerative Diseases established under subsection (b).

(3) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

(b) ESTABLISHMENT.—The Secretary shall implement a Public-Private Partnership for Neurodegenerative Diseases between the National Institutes of Health, the Food and Drug Administration, and 1 or more eligible entities through cooperative agreements, contracts, or other appropriate mechanisms with the eligible entities, for the purpose of advancing the understanding of neurodegenerative diseases and fostering the development

of treatments for amyotrophic lateral sclerosis and other rare neurodegenerative diseases. The Partnership shall—

(1) establish partnerships and consortia with other public and private entities and individuals with expertise in amyotrophic lateral sclerosis and other rare neurodegenerative diseases for the purposes described in this subsection;

(2) focus on advancing regulatory science and scientific research that will support and accelerate the development and review of drugs for patients with amyotrophic lateral sclerosis and other rare neurodegenerative diseases; and

(3) foster the development of effective drugs that improve the lives of people that suffer from amyotrophic lateral sclerosis and other rare neurodegenerative diseases.

(c) GIFTS.—

(1) IN GENERAL.—The Partnership may solicit and accept gifts, grants, and other donations, establish accounts, and invest and expend funds in support of basic research and research associated with phase 3 clinical trials conducted with respect to investigational drugs that are the subjects of expanded access requests under section 14301 of this title.

(2) USE.—In addition to any amounts appropriated for purposes of carrying out this section, the Partnership may use, without further appropriation, any funds derived from a gift, grant, or other donation accepted pursuant to paragraph (1).

**§ 41303. ALS and other rare neurodegenerative disease action plan**

(a) IN GENERAL.—Not later than 6 months after December 23, 2021, the Commissioner of Food and Drugs shall publish on the website of the Food and Drug Administration an action plan describing actions the Food and Drug Administration intends to take during the 5-year period following publication of the plan with respect to program enhancements, policy development, regulatory science initiatives, and other appropriate initiatives to—

(1) foster the development of safe and effective drugs that improve or extend, or both, the lives of people living with amyotrophic lateral sclerosis and other rare neurodegenerative diseases; and

(2) facilitate access to investigational drugs for amyotrophic lateral sclerosis and other rare neurodegenerative diseases.

(b) CONTENTS.—The initial action plan published under subsection (a) shall—

(1) identify appropriate representation from within the Food and Drug Administration to be responsible for implementation of the action plan;

(2) include elements to facilitate—

(A) interactions and collaboration between the Food and Drug Administration, including the review centers of the Food and Drug Administration, and stakeholders including patients, sponsors, and the external biomedical research community;

(B) consideration of cross-cutting clinical and regulatory policy issues, including consistency of regulatory advice and decisionmaking;

(C) identification of key regulatory science and policy issues critical to advancing development of safe and effective drugs; and

(D) enhancement of collaboration and engagement of the relevant centers and offices of the Food and Drug Administration with other operating divisions within the Department of Health and Human Services, the Partnership, and the broader neurodegenerative disease community; and

(3) be subject to revision, as determined appropriate by the Secretary of Health and Human Services.

**§ 41304. FDA rare neurodegenerative disease grant program**

The Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, shall award grants and contracts to public and private entities to cover the costs of research on, and development of interventions intended to prevent, diagnose, mitigate, treat, or cure, amyotrophic lateral sclerosis and other rare neurodegenerative diseases in adults and children, including costs incurred with respect to the development and critical evaluation of tools, methods, and processes—

(1) to characterize such neurodegenerative diseases and their natural history;

(2) to identify molecular targets for such neurodegenerative diseases; and

(3) to increase efficiency and productivity of clinical development of therapies, including through—

(A) the use of master protocols and adaptive and addon clinical trial designs; and

(B) efforts to establish new or leverage existing clinical trial networks.

# Chapter 415—Medical Marijuana and Cannabidiol Research Expansion

**Subchapter I—General Provisions**
Sec.
41501. Definitions.
**Subchapter II—Registrations for Marijuana Research**
41511. Adequate and uninterrupted supply.
41512. Security requirements.
41513. Prohibition against reinstating interdisciplinary review process for non-NIH-funded researchers.
**Subchapter III—Development of Food and Drug Administration-Approved Drugs Using Cannabidiol and Marijuana**
41521. Medical research on cannabidiol.
41522. Registration for the commercial production and distribution of FDA-approved drugs.
**Subchapter IV—Doctor-Patient Relationship**
41531. Discussing harms and benefits of marijuana and marijuana derivatives as a treatment.
**Subchapter V—Federal Research**
41541. Federal research.

# Subchapter I—General Provisions

## § 41501. Definitions

In this Act:

(1) APPROPRIATELY REGISTERED.—The term ''appropriately registered'' means, with respect to an individual or entity, that the individual or entity is registered under division A of subtitle V of this title to engage in the type of activity that is carried out by the individual or entity with respect to a controlled substance on the schedule that is applicable to cannabidiol or marijuana, as applicable.

(2) CANNABIDIOL .—The term ''cannabidiol'' means—

(A) the substance, cannabidiol, as derived from marijuana that has a delta-9-tetrahydrocannabinol level that is greater than 0.3 percent; and

(B) the synthetic equivalent of the substance described in subparagraph (A).

(3) CONTROLLED SUBSTANCE.—The term ''controlled substance'' has the meaning given the term in section 50101 of this title.

(4) COVERED INSTITUTION OF HIGHER EDUCATION.—The term ''covered institution of higher education'' means an institution of higher education (as defined in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001))—

(A) that—

(i) has highest or higher research activity, as defined by the Carnegie Classification of Institutions of Higher Education; or

(ii) is an accredited medical school or an accredited school of osteopathic medicine; and

(B) that is appropriately registered under division A of subtitle V of this title.

(5) DISPENSE.—The term ''dispense'' has the meaning given the term in section 50101 of this title.

(6) DISTRIBUTE.—The term ''distribute'' has the meaning given the term in section 50101 of this title.

(7) DRUG.—The term ''drug'' has the meaning given the term in section 10101(a)(18) of this title.

(8) MANUFACTURE.—The term ''manufacture'' has the meaning given the term in section 50101 of this title.

(9) MARIJUANA.—The term ''marijuana'' has the meaning given the term in section 50101 of this title.

(10) MEDICAL RESEARCH FOR DRUG DEVELOPMENT.—The term ''medical research for drug development'' means medical research that is—

(A) a preclinical study or clinical investigation conducted in accordance with section 13510 of this title or otherwise permitted by the Department of Health and Human Services to determine the potential medical benefits of marijuana or cannabidiol as a drug; and

(B) conducted by a covered institution of higher education, practitioner, or manufacturer

that is appropriately registered under division A of subtitle V of this title.

(11) PRACTITIONER.—The term ''practitioner'' has the meaning given the term in section 50101 of this title.

(12) STATE.—The term ''State'' means a State, the District of Columbia, and any territory of the United States.

# Subchapter II—Registrations for Marijuana Research

### § 41511. Adequate and uninterrupted supply

(a) IN GENERAL.—On an annual basis, the Attorney General, in consultation with the Secretary of Health and Human Services, shall assess whether there is an adequate and uninterrupted supply of marijuana, including of specific strains, for research purposes.

(b) REPORT TO CONGRESS.—If the Attorney General, in consultation with the Secretary of Health and Human Services, determines there is an inadequate or interrupted supply of marijuana, including of specific strains for research purposes, the Attorney General shall report to Congress within 60 days of the determination on at least—

(1) the factors contributing to the inadequate or interrupted supply of marijuana;

(2) expected impacts of the inadequate or interrupted supply on ongoing research protocols; and

(3) specific steps the Attorney General will take to restore an adequate and uninterrupted supply of marijuana, including of specific strains, for research purposes.

**§ 41512. Security requirements**

(a) IN GENERAL.—An individual or entity engaged in researching marijuana or its components shall store it in a securely locked, substantially constructed cabinet.

(b) REQUIREMENTS FOR OTHER MEASURES.—Any other security measures required by the Attorney General to safeguard against diversion shall be consistent with those required for practitioners conducting research on other controlled substances in schedules I and II in section 50302(c) of this title that have a similar risk of diversion and abuse.

**§ 41513. Prohibition against reinstating interdisciplinary review process for non-NIH-funded researchers**

The Secretary of Health and Human Services may not—

(1) reinstate the Public Health Service interdisciplinary review process described in the guidance entitled ''Guidance on Procedures for the Provision

of Marijuana for Medical Research'' (issued on May 21, 1999); or

(2) require another review of scientific protocols that is applicable only to research on marijuana or its components.

# Subchapter III—Development of Food and Drug Administration-Approved Drugs Using Cannabidiol and Marijuana

### § 41521. Medical research on cannabidiol

Notwithstanding any provision of division A of subtitle V of this title, chapter 81 of title 41, or any other Federal law, an appropriately registered covered institution of higher education, practitioner, or manufacturer may manufacture, distribute, dispense, or possess marijuana or cannabidiol if the marijuana or cannabidiol is manufactured, distributed, dispensed, or possessed, respectively, for purposes of medical research for drug development or subsequent commercial production in accordance with section 41522 of this title.

### § 41522. Registration for the commercial production and distribution of FDA-approved drugs

The Attorney General shall register an applicant to manufacture or distribute cannabidiol or marijuana for the purpose of commercial production of a drug containing

or derived from marijuana that is approved by the Secretary of Health and Human Services under chapter 135 of this title, in accordance with the applicable requirements under subsection (b) or (c) of section 50503 of this title.

# Subchapter IV—Doctor-Patient Relationship

### § 41531. Discussing harms and benefits of marijuana and marijuana derivatives as a treatment

It shall not be a violation of division A of subtitle V of this title for a State-licensed physician to discuss—

(1) the currently known potential harms and benefits of marijuana derivatives, including cannabidiol, as a treatment with the legal guardian of the patient of the physician if the patient is a child; or

(2) the currently known potential harms and benefits of marijuana and marijuana derivatives, including cannabidiol, as a treatment with the patient or the legal guardian of the patient of the physician if the patient is a legal adult.

# Subchapter V—Federal Research

### § 41541. Federal research

(a) IN GENERAL.—Not later than 1 year after December 2, 2022, the Secretary of Health and Human Serv-

ices, in coordination with the Director of the National Institutes of Health and the heads of other relevant Federal agencies, shall submit to the Caucus on International Narcotics Control, the Committee on the Judiciary, and the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce and the Committee on the Judiciary of the House of Representatives a report on—

(1) the potential therapeutic effects of cannabidiol or marijuana on serious medical conditions, including intractable epilepsy;

(2) the potential effects of marijuana, including—

(A) the effect of increasing delta-9-tetrahydrocannabinol levels on the human body and developing adolescent brains; and

(B) the effect of various delta-9-tetrahydrocannabinol levels on cognitive abilities, such as those that are required to operate motor vehicles or other heavy equipment; and

(3) the barriers associated with researching marijuana or cannabidiol in States that have legalized the use of those substances, which shall include—

(A) recommendations as to how the barriers might be overcome, including whether public-private partnerships or Federal-State research partnerships may or should be implemented to provide researchers with access to additional strains of marijuana and cannabidiol; and

(B) recommendations as to what safeguards must be in place to verify—

(i) that the levels of tetrahydrocannabinol, cannabidiol, or other cannabinoids contained in products obtained from the States are accurate; and

(ii) that the products do not contain harmful or toxic components.

(b) ACTIVITIES.—To the extent practicable, the Secretary of Health and Human Services, either directly or through awarding grants, contacts, or cooperative agreements, shall expand and coordinate the activities of the National Institutes of Health and other relevant Federal agencies to better determine the effects of cannabidiol and marijuana, as outlined in the report submitted under paragraphs (1) and (2) of subsection (a).

# Chapter —Reserved

# Chapter 495—Miscellaneous

Sec.
49501. Revision of United States Pharmacopeia; development of analysis and mechanical and physical tests.
49502. Grants and contracts for development of drugs for rare diseases and conditions.
49503. Adverse-event reporting.
49504. Accelerated approval of priority countermeasures.
49505. Effect of provisions on drugs used by licensed veterinarians.
49506. Reports relating to pediatric uses of drugs.
49507. Report on reclassification of devices.
49508. Clinical trials.
49509. Communication plan relating to benefits and risks of medical products particularly on underrepresented populations.
49510. Enhanced communication.
49511. Recommendations regarding education programs for prescribers of opioids.
49512. National Centers of Excellence in Advanced and Continuous Pharmaceutical Manufacturing.
49513. Variations from current good manufacturing practices relating to combination products and manufacturing processes.
49514. Report relating to software functions.
49515. Predictable review timelines of vaccines by the Advisory Committee on Immunization Practices.
49516. Regulations relating to over-the-counter hearing aids.
49517. Annual report on inspections.
49518. Expedited development and review of medical products for emergency uses.
49519. Actions for delays of generic drugs and biosimilar biological products.
49520. Resources regarding cybersecurity of devices.
49521. Third party data transparency.
49522. Annual summary report on progress to increase diversity in clinical studies.

## § 49501. Revision of United States Pharmacopeia; development of analysis and mechanical and physical tests

The Secretary of Health and Human Services, in carrying out subtitle I of this title, may cooperate with associations and scientific societies in the revision of the United States Pharmacopeia and in the development of methods of analysis and mechanical and physical tests

necessary to carry out the work of the Food and Drug Administration.

**§ 49502. Grants and contracts for development of drugs for rare diseases and conditions**

(a) DEFINITIONS.—In this section:

(1) MEDICAL FOOD.—The term ''medical food'' means a food that is formulated to be consumed or administered enterally under the supervision of a physician and that is intended for the specific dietary management of a disease or condition for which distinctive nutritional requirements, based on recognized scientific principles, are established by medical evaluation.

(2) QUALIFIED TESTING.—The term ''qualified testing'' means—

(A) human clinical testing—

(i) that is carried out under an exemption for a drug for a rare disease or condition under section 13510 of this title (or regulations issued under section 13510 of this title); and

(ii) that occurs before the date on which an application with respect to the drug is submitted under section 13503 of

this title or under section 351 of the Public Health Service Act (42 U.S.C. 262);

(B) preclinical testing involving a drug for a rare disease or condition that occurs after the date the drug is designated under section 13902 of this title and before the date on which an application with respect to the drug is submitted under section 13503 of this title or under section 351 of the Public Health Service Act (42 U.S.C. 262); and

(C) prospectively planned and designed observational studies and other analyses conducted to assist in the understanding of the natural history of a rare disease or condition and in the development of a therapy, including studies and analyses to—

(i) develop or validate a drug development tool related to a rare disease or condition; or

(ii) understand the full spectrum of the disease manifestations, including describing genotypic and phenotypic variability and identifying and defining distinct subpopulations affected by a rare disease or condition.

(3) RARE DISEASE OR CONDITION.—

(A) IN GENERAL.—The term ''rare disease or condition'' means—

(i) in the case of a drug, any disease or condition that—

(I) affects fewer than 200,000 persons in the United States; or

(II) affects more than 200,000 in the United States and for which there is no reasonable expectation that the cost of developing and making available in the United States a drug for the disease or condition will be recovered from sales in the United States of the drug;

(ii) in the case of a medical device, any disease or condition that occurs so infrequently in the United States that there is no reasonable expectation that a medical device for the disease or condition will be developed without assistance under subsection (b); and

(iii) in the case of a medical food, any disease or condition that occurs so infrequently in the United States that there is

no reasonable expectation that a medical food for the disease or condition will be developed without assistance under subsection (b).

(B) BASIS FOR DETERMINATIONS.—Determinations under subparagraph (A) with respect to any drug shall be made on the basis of the facts and circumstances as of the date the request for designation of the drug under section 13902 of this title is made.

(b) AUTHORITY OF SECRETARY.—The Secretary of Health and Human Services may make grants to and enter into contracts with public and private entities and individuals to assist in—

(1) defraying the costs of developing drugs for rare diseases or conditions, including qualified testing expenses;

(2) defraying the costs of developing medical devices for rare diseases or conditions;

(3) defraying the costs of developing medical foods for rare diseases or conditions; and

(4) developing regulatory science pertaining to the chemistry, manufacturing, and controls of individualized medical products to treat individuals with rare diseases or conditions.

(c) AUTHORIZATION OF APPROPRIATIONS.—For grants and contracts under subsection (b), there is authorized to be appropriated $30,000,000 for each of fiscal years 2023 through 2027.

**§ 49503. Adverse-event reporting**

(a) TOLL-FREE NUMBER IN LABELING.—

(1) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall promulgate a final rule requiring that the labeling of each drug for which an application is approved under chapter 135 of this title (regardless of the date on which approved) include the toll-free number maintained by the Secretary for the purpose of receiving reports of adverse events regarding drugs and a statement that the number is to be used for reporting purposes only, not to receive medical advice.

(2) REGULATION REQUIREMENTS.—

(A) BROADEST CONSUMER AUDIENCE.—The rule shall provide for the implementation of the labeling requirement in a manner that the Secretary considers to be most likely to reach the broadest consumer audience.

(B) MINIMIZING COST ON PHARMACY PROFESSION.—In promulgating the rule, the Sec-

retary shall seek to minimize the cost of the rule on the pharmacy profession.

(b) DRUGS WITH PEDIATRIC MARKET EXCLUSIVITY.—

(1) REFERRAL TO OFFICE OF PEDIATRIC THERAPEUTICS.—

(A) IN GENERAL.—During the 1 year beginning on the date on which a drug receives a period of market exclusivity under section 13112 of this title, any report of an adverse event regarding the drug that the Secretary receives shall be referred to the Office of Pediatric Therapeutics.

(B) REVIEW BY PEDIATRIC ADVISORY COMMITTEE.—In considering the report, the Director of the Office of Pediatric Therapeutics shall provide for the review of the report by the Pediatric Advisory Committee, including obtaining any recommendations of the Pediatric Advisory Committee regarding whether the Secretary should take action under subtitle I of this title in response to the report.

(2) RULE OF CONSTRUCTION.—Paragraph (1) may not be construed as restricting the authority of the Secretary to continue carrying out the activities

described in the paragraph regarding a drug after the 1-year period described in the paragraph regarding the drug has expired.

**§ 49504. Accelerated approval of priority countermeasures**

(a) DEFINITIONS.—In this section:

(1) PRIORITY COUNTERMEASURE.—The term ''priority countermeasure'' has the meaning given the term in section 319F(e)(4) of the Public Health Service Act (42 U.S.C. 247d–6(e)(4)).

(2) PRIORITY DRUG OR BIOLOGICAL PRODUCT.—The term ''priority drug or biological product'' means a drug or biological product that is the subject of a drug or biologics application referred to in section 101(4) of the Food and Drug Administration Modernization Act of 1997 (Public Law 105–115, 111 Stat. 2298).

(b) DESIGNATION AS A FAST-TRACK PRODUCT.—

(1) IN GENERAL.—The Secretary of Health and Human Services may designate a priority countermeasure as a fast-track product pursuant to section 13119 of this title.

(2) TIMING.—The designation under paragraph (1) may be made prior to the submission of—

(A) a request for designation by the sponsor or applicant; or

(B) an application for the investigation of the drug under section 13510 of this title or section 351(a)(3) of the Public Health Service Act (42 U.S.C. 262(a)(3)).

(3) EFFECT OF SUBSECTION.—Nothing in this subsection shall be construed to prohibit a sponsor or applicant from declining the designation.

(c) USE OF ANIMAL TRIALS.—A drug for which approval is sought under section 13503 of this title or section 351 of the Public Health Service Act (42 U.S.C. 262) on the basis of evidence of effectiveness that is derived from animal studies pursuant to section 123 of the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (Public Law 107–188, 116 Stat. 613) may be designated as a fast track product for purposes of this section.

(d) PRIORITY REVIEW OF DRUGS AND BIOLOGICAL PRODUCTS.—A priority countermeasure that is a drug or biological product shall be considered a priority drug or biological product for purposes of performance goals for priority drugs or biological products agreed to by the Commissioner of Food and Drugs.

**§ 49505. Effect of provisions on drugs used by licensed veterinarians**

Subtitle A of title IX of the Food and Drug Administration Amendments Act of 2007 (Public Law 110–85, 121 Stat. 922), and the amendments made by the subtitle, shall have no effect on the use of drugs approved under chapter 135 of this title by, or on the lawful written or oral order of, a licensed veterinarian within the context of a veterinarian-client-patient relationship, as provided for under section 13702(e) of this title.

**§ 49506. Reports relating to pediatric uses of drugs**

(a) IN GENERAL.—Not later than 4 years after July 9, 2012, and every 5 years thereafter, the Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall prepare and submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, and make publicly available, including through posting on the internet website of the Food and Drug Administration, a report on the implementation of sections 13112 and 13113 of this title.

(b) CONTENTS.—Each report under subsection (a) shall include—

(1) an assessment of the effectiveness of sections 13112 and 13113 of this title in improving information about pediatric uses for approved drugs

and biological products, including the number and type of labeling changes made since July 9, 2012, and the importance of the uses in the improvement of the health of children;

(2) the number of required studies under section 13113 of this title that have not met the initial deadline provided under section 13113 of this title, including—

(A) the number of deferrals and deferral extensions granted and the reasons the extensions were granted;

(B) the number of waivers and partial waivers granted; and

(C) the number of letters issued under section 13113(d) of this title;

(3) an assessment of the timeliness and effectiveness of pediatric study planning since July 9, 2012, including the number of initial pediatric study plans not submitted in accordance with the requirements of section 13113(e) of this title and any resulting rulemaking;

(4) the number of written requests issued, accepted, and declined under section 13112 of this title since July 9, 2012, and a listing of any impor-

tant gaps in pediatric information as a result of the declined requests;

(5) a description and current status of referrals made under section 13112(n) of this title;

(6) an assessment of the effectiveness of studying biological products in pediatric populations under sections 13112 and 13113 of this title and section 409I of the Public Health Service Act (42 U.S.C. 284m);

(7)(A) the efforts made by the Secretary to increase the number of studies conducted in the neonatal population (including efforts made to encourage the conduct of appropriate studies in neonates by companies with products that have sufficient safety and other information to make the conduct of the studies ethical and safe); and

(B) the results of those efforts;

(8)(A) the number and importance of drugs and biological products for children with cancer that are being tested as a result of the programs under sections 13112 and 13113 of this title and under section 409I of the Public Health Service Act (42 U.S.C. 284m); and

(B) any recommendations for modifications to the programs that would lead to new and better

therapies for children with cancer, including a detailed rationale for each recommendation;

(9) any recommendations for modification to the programs that would improve pediatric drug research and increase pediatric labeling of drugs and biological products;

(10) an assessment of the successes of and limitations to studying drugs for rare diseases under sections 13112 and 13113 of this title;

(11) an assessment of the impact of the amendments to section 13113 of this title made by the FDA Reauthorization Act of 2017 (Public Law 115–52, 131 Stat. 1044) on pediatric research and labeling of drugs and biological products and pediatric labeling of molecularly targeted drugs and biological products for the treatment of cancer;

(12) an assessment of the efforts of the Secretary to implement the plan developed under section 505(c) of the FDA Reauthorization Act of 2017 (Public Law 115–52, 131 Stat. 1046) regarding earlier submission of pediatric studies under sections 13112 and 13113 of this title and section 351(m) of the Public Health Service Act (42 U.S.C. 262(m)), including—

(A) the average length of time after the approval of an application under section 13503(a) of this title or section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)) before studies conducted pursuant to section 13112 or 13113 of this title or section 351(m) of the Public Health Service Act (42 U.S.C. 262(m)) are completed, submitted, and incorporated into labeling;

(B) the average length of time after the receipt of a proposed pediatric study request before the Secretary responds to the request;

(C) the average length of time after the submission of a proposed pediatric study request before the Secretary issues a written request for the studies;

(D) the number of written requests issued for each investigational new drug or biological product prior to the submission of an application under section 13503(a) of this title or section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)); and

(E) the average number, and range of numbers, of amendments to written requests issued, and the time the Secretary requires to

review and act on proposed amendments to written requests;

(13) a list of sponsors of applications or holders of approved applications who received exclusivity under section 13112 of this title or section 351(m) of the Public Health Service Act (42 U.S.C. 262(m)) after receiving a letter issued under section 13113(d)(1) of this title for any drug or biological product before the studies referred to in the letter were completed and submitted;

(14) a list of assessments and investigations required under section 13113 of this title;

(15) the number of requests under section 13112 of this title for molecular targeted cancer drugs (as defined by section 13113(a)(1)(B) of this title), approved prior to 3 years after August 18, 2017, which requests have been issued by the Food and Drug Administration, and the number of the requests that have been completed; and

(16) the Secretary's assessment of the overall impact of the amendments made by section 504 of the FDA Reauthorization Act of 2017 (Public Law 115–52, 131 Stat. 1039) on the conduct and effectiveness of pediatric cancer research and the orphan

drug program, as well any subsequent recommendations.

(c) STAKEHOLDER COMMENT.—At least 180 days prior to the submission of each report under subsection (a), the Secretary shall consult with representatives of patient groups (including pediatric patient groups), consumer groups, regulated industry, academia, and other interested parties to obtain any recommendations or information relevant to the report including suggestions for modifications that would improve pediatric drug research and pediatric labeling of drugs and biological products.

**§ 49507. Report on reclassification of devices**

The Secretary of Health and Human Services shall annually post on the internet website of the Food and Drug Administration—

(1) the number and type of class I and class II devices reclassified as class II or class III in the previous calendar year under section 13140(g)(1) of this title;

(2) the number and type of class II and class III devices reclassified as class I or class II in the previous calendar year under section 13140(g)(1) of this title; and

(3) the number and type of devices reclassified in the previous calendar year under section 13142 of this title.

**§ 49508. Clinical trials**

(a) DEFINITION OF QUALIFIED INFECTIOUS DISEASE PRODUCT.—In this section, the term ''qualified infectious disease product'' has the meaning given the term in section 13116(a)(1) of this title.

(b) REVIEW AND REVISION OF GUIDANCE DOCUMENTS.—

(1) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall review and, as appropriate, revise not fewer than 3 guidance documents per year, which shall include—

(A) reviewing the guidance documents of the Food and Drug Administration for the conduct of clinical trials with respect to antibacterial and antifungal drugs; and

(B) as appropriate, revising the guidance documents to reflect developments in scientific and medical information and technology and to ensure clarity regarding the procedures and requirements for approval of antibacterial and

antifungal drugs under division D of subtitle I of this title.

(2) ISSUES FOR REVIEW.—At a minimum, the review under paragraph (1) shall address the appropriate animal models of infection, in vitro techniques, valid microbiological surrogate markers, the use of noninferiority versus superiority trials, trial enrollment, data requirements, and appropriate delta values for noninferiority trials.

(3) RULE OF CONSTRUCTION.—Except to the extent to which the Secretary makes revisions under paragraph (1)(B), nothing in this section shall be construed to repeal or otherwise affect the guidance documents of the Food and Drug Administration.

(c) RECOMMENDATIONS FOR INVESTIGATIONS.—

(1) REQUEST.—The sponsor of a drug intended to be designated as a qualified infectious disease product may request that the Secretary provide written recommendations for nonclinical and clinical investigations that the Secretary believes may be necessary to be conducted with the drug before the drug may be approved under chapter 135 of this title for use in treating, detecting, preventing, or identifying a qualifying pathogen, as defined in section 13116 of this title.

(2) RECOMMENDATIONS.—If the Secretary has reason to believe that a drug for which a request is made under this subsection is a qualified infectious disease product, the Secretary shall provide the person making the request written recommendations for the nonclinical and clinical investigations that the Secretary believes, on the basis of information available to the Secretary at the time of the request, would be necessary for approval under chapter 135 of this title of the drug for the use described in paragraph (1).

**§ 49509. Communication plan relating to benefits and risks of medical products particularly on underrepresented populations**

(a) COMMUNICATION PLAN.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary''), acting through the Commissioner of Food and Drugs, shall review and modify, as necessary, the Food and Drug Administration's communication plan to inform and educate health care providers and patients on the benefits and risks of medical products, with particular focus on underrepresented subpopulations, including racial subgroups.

(b) CONTENT.—The communication plan described under subsection (a)—

(1) shall take into account—

(A) the goals and principles set forth in the Strategic Action Plan to Reduce Racial and Ethnic Health Disparities issued by the Department of Health and Human Services;

(B) the nature of the medical product; and

(C) health and disease information available from other agencies within the Department of Health and Human Services, as well as any new means of communicating health and safety benefits and risks related to medical products;

(2) taking into account the nature of the medical product, shall address the best strategy for communicating safety alerts, labeled indications for the medical products, changes to the label or labeling of medical products (including black-box warnings, health advisories, and health and safety benefits and risks), particular actions to be taken by health care professionals and patients, any information identifying particular subpopulations, and any other relevant information as determined appropriate to enhance communication, including varied means of electronic communication; and

(3) shall include a process for implementation of any improvements or other modifications determined to be necessary.

(c) POSTING OF COMMUNICATION PLAN ON THE OFFICE OF MINORITY HEALTH WEBSITE.—The Secretary, acting through the Commissioner of Food and Drugs, shall publicly post the communication plan on the internet website of the Office of Minority Health of the Food and Drug Administration, and provide links to any other appropriate internet website, and seek public comment on the communication plan.

**§ 49510. Enhanced communication**

(a) SUBMISSIONS FROM STATE BOARDS OF PHARMACY.—In a manner specified by the Secretary of Health and Human Services (referred to in this section as the ''Secretary''), the Secretary shall receive submissions from State boards of pharmacy—

(1) describing actions taken against compounding pharmacies, as described in subsection (b); or

(2) expressing concerns that a compounding pharmacy may be acting contrary to section 13106 of this title.

(b) CONTENT OF SUBMISSIONS FROM STATE BOARDS OF PHARMACY.—An action referred to in sub-

section (a)(1) is, with respect to a pharmacy that compounds drugs, any of the following:

(1) The issuance of a warning letter, or the imposition of sanctions or penalties, by a State for a violation of a State's pharmacy regulation pertaining to compounding.

(2) The suspension or revocation of a State-issued pharmacy license or registration for a violation of a State's pharmacy regulation pertaining to compounding.

(3) The recall of a compounded drug due to concerns relating to the quality or purity of the drug.

(c) CONSULTATION.—The Secretary shall implement subsection (a) in consultation with the National Association of Boards of Pharmacy.

(d) NOTIFYING STATE BOARDS OF PHARMACY.—The Secretary shall immediately notify State boards of pharmacy when—

(1) the Secretary receives a submission under subsection (a)(1); or

(2) the Secretary makes a determination that a pharmacy is acting contrary to section 13106 of this title.

**§ 49511. Recommendations regarding education programs for prescribers of opioids**

The Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, as part of the Food and Drug Administration's evaluation of the Extended-Release/Long-Acting Opioid Analgesics Risk Evaluation and Mitigation Strategy, and in consultation with relevant stakeholders, shall develop recommendations regarding education programs for prescribers of opioids pursuant to this chapter, including recommendations on—

(1) which prescribers should participate in those programs; and

(2) how often participation in those programs is necessary.

**§ 49512. National Centers of Excellence in Advanced and Continuous Pharmaceutical Manufacturing**

(a) DEFINITIONS.—In this section:

(1) ADVANCED AND CONTINUOUS PHARMACEUTICAL MANUFACTURING.—The term ''advanced and continuous pharmaceutical manufacturing'' refers to a method, or a combination of methods, of pharmaceutical manufacturing, which method or combination—

(A) incorporates a novel technology, or uses an established technique or technology in

a new or innovative way, that enhances drug quality or improves the manufacturing process for a drug, including processes that may apply to advanced therapies and the production of biological products, such as cell and gene therapies; or

(B) continuously feeds input materials into and transforms those input materials within the process, and continuously removes the output materials from the system, utilizing an integrated manufacturing process that consists of a series of 2 or more simultaneous unit operations.

(2) BIOLOGICAL PRODUCT.—The term ''biological product'' has the meaning given the term in section 351(i) of the Public Health Service Act (42 U.S.C. 262(i)).

(3) DRUG.—The term ''drug'' has the meaning given the term in section 10101(a)(18) of this title.

(4) FDA.—The term ''FDA'' means the Food and Drug Administration.

(5) INSTITUTION OF HIGHER EDUCATION.—The term ''institution of higher education'' has the meaning given the term in section 101(a) of the Higher Education Act of 1965 (20 U.S.C. 1001(a)).

(6) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

(b) IN GENERAL.—The Secretary, acting through the Commissioner of Food and Drugs—

(1) may, to support the advancement, development, and implementation of advanced and continuous pharmaceutical manufacturing—

(A) solicit requests for designation as National Centers of Excellence in Advanced and Continuous Pharmaceutical Manufacturing (in this section referred to as a ''National Center of Excellence'');

(B) beginning not later than 1 year after December 29, 2022, designate as National Centers of Excellence institutions of higher education or consortia of institutions of higher education that—

(i) request the designation; and

(ii) meet the eligibility criteria specified in subsection (d); and

(C) award grants to those institutions or consortia of institutions; and

(2) shall designate under paragraph (1) not more than 5 institutions of higher education or consortia of institutions of higher education.

(c) REQUEST FOR DESIGNATION.—A request for designation under subsection (b) shall be made to the Secretary at such time, in such manner, and containing such information as the Secretary may require.

(d) ELIGIBILITY CRITERIA FOR DESIGNATION.—To be eligible to receive a designation under this section, an institution of higher education or consortium of institutions of higher education shall include in its request for designation a description of the institution's or consortium's—

(1) physical capacity and technical capabilities to conduct advanced research on, and to develop and implement, advanced and continuous pharmaceutical manufacturing;

(2) collaboration or partnerships with other institutions of higher education, nonprofit organizations, and large and small pharmaceutical manufacturers, including generic and nonprescription manufacturers, contract manufacturers, and other relevant entities;

(3) proven capacity to design, develop, implement, and demonstrate new, highly effective technologies for use in advanced and continuous pharmaceutical manufacturing;

(4) proven ability to facilitate training of a qualified workforce for advanced research on, and development and implementation of, advanced and continuous pharmaceutical manufacturing; and

(5)(A) experience in participating in and leading advanced and continuous pharmaceutical manufacturing technology partnerships with other institutions of higher education, nonprofit organizations, and large and small pharmaceutical manufacturers, including generic and nonprescription manufacturers, contract manufacturers, and other relevant entities, to—

(i) support the implementation of advanced or continuous pharmaceutical manufacturing for companies manufacturing or seeking to manufacture in the United States;

(ii) support Federal agencies with technical assistance and workforce training, which may include regulatory and quality metric guidance as applicable, and hands-on training, for advanced and continuous pharmaceutical manufacturing;

(iii) organize and conduct advanced research and development activities, with respect to advanced or continuous pharmaceutical man-

ufacturing, needed to develop new and more effective technology, and to develop and support technological leadership;

(iv) develop best practices for designing, developing, and implementing advanced and continuous pharmaceutical manufacturing processes; and

(v) identify and assess workforce needs for advanced and continuous pharmaceutical manufacturing, and address those workforce needs, which may include the development and implementing of training programs; or

(B) a plan, to be implemented within 2 years, to establish partnerships described in subparagraph (A).

(e) TERMINATION OF DESIGNATION.—The Secretary may terminate the designation of any National Center of Excellence designated under this section if the Secretary determines that the National Center of Excellence no longer meets the criteria specified in subsection (d). Not later than 90 days before the effective date of the termination, the Secretary shall provide written notice to the National Center of Excellence, including the rationale for the termination.

(f) CONDITIONS FOR DESIGNATION.—As a condition of designation as a National Center of Excellence under this section, the Secretary shall require that an institution of higher education or consortium of institutions of higher education enter into an agreement with the Secretary under which the institution or consortium agrees—

(1) to collaborate directly with the FDA to publish the reports required by subsection (h);

(2) to share data with the FDA regarding best practices and research generated through the funding under subsection (g);

(3) to develop, along with industry partners (which may include large and small pharmaceutical manufacturers, including generic and nonprescription manufacturers, and contract research organizations or contract manufacturers that carry out drug development and manufacturing activities) and another institution or consortium designated under this section, if any, a strategic plan for developing an advanced and continuous pharmaceutical manufacturing workforce;

(4) to develop, along with industry partners and other institutions or consortia designated under this section, a strategic plan for strengthening existing, and developing new, partnerships with other institu-

tions of higher education or consortia of institutions of higher education, or nonprofit organizations; and

(5) to provide an annual report to the FDA regarding the designee's activities under this section, including a description of how the designee continues to meet and make progress on the criteria specified in subsection (d).

(g) FUNDING.—

(1) IN GENERAL.—The Secretary shall award funding, through grants, contracts, or cooperative agreements, to the entities designated as National Centers of Excellence under this section for the purposes of supporting the advanced research on, and development and implementation of, advanced and continuous pharmaceutical manufacturing, and recommending improvements to advanced and continuous pharmaceutical manufacturing, including—

(A) expanding capacity for advanced research on, and development of, advanced and continuous pharmaceutical manufacturing; and

(B) implementing advanced research capacity and capabilities in advanced and continuous pharmaceutical manufacturing suitable for accelerating the development of drug products needed to respond to public health threats, miti-

gate or prevent drug shortages, address drug quality issues and supply chain disruptions, and other circumstances with respect to which the Secretary may determine the rapid development of new products or new manufacturing processes may be appropriate.

(2) CONSISTENCY WITH FDA MISSION.—As a condition on receipt of funding under this subsection, a National Center of Excellence shall consider any input from the Secretary regarding the use of funding related to—

(A) best practices to increase, and provide for the advancement of, advanced and continuous pharmaceutical manufacturing through the National Center of Excellence; and

(B) the extent to which activities conducted by the National Center of Excellence are consistent with the mission of the FDA.

(3) RULE OF CONSTRUCTION.—Nothing in this section shall be construed as precluding a National Center for Excellence designated under this section from receiving funds under any other provision of the 21st Century Cures Act (Public Law 114–255, 130 Stat. 1033) or any other Federal law.

(h) ANNUAL REVIEW AND REPORTS.—

(1) ANNUAL REPORT TO CONGRESS.—Beginning not later than 1 year after the date on which the first designation is made under subsection (b), and annually thereafter, the Secretary shall—

(A) submit to Congress a report describing the activities, partnerships and collaborations, Federal policy recommendations, previous and continuing funding, and findings of, and any other applicable information from, the National Centers of Excellence designated under this section;

(B) include in the report an accounting of the Federal administrative expenses described in subsection (i)(2) over the reporting period; and

(C) make the report available to the public in an easily accessible electronic format on the website of the FDA.

(2) CENTER OF EXCELLENCE REPORT.—An entity receiving a grant under this section shall, not later than 1 year after receiving the grant, and annually thereafter for the duration of the grant period, submit to the Secretary a summary of programs and activities funded under the grant.

(3) PERIODIC REVIEW.—The Secretary shall periodically review the National Centers of Excellence designated under this section to ensure that the National Centers of Excellence continue to meet the criteria for designation under this section.

(4) ADDITIONAL REPORT TO CONGRESS.—Not later than 1 year after the date on which the first designation is made under subsection (b), the Secretary, in consultation with the National Centers of Excellence designated under this section, shall submit a report to the Congress on the role of the FDA in supporting advanced and continuous pharmaceutical manufacturing, including—

(A) a national framework of principles related to the implementation of advanced and continuous pharmaceutical manufacturing;

(B) a plan for the development of Federal regulations and guidance to support and facilitate the incorporation of advanced or continuous manufacturing into the development of pharmaceuticals;

(C) a plan for development of Federal regulations or guidance related to the review of advanced and continuous pharmaceutical manufacturing, including how those manufacturing

practices may be incorporated into the review of medical product applications; and

(D) a summary of relevant feedback related to improving advanced and continuous pharmaceutical manufacturing solicited from the public, which may include other institutions of higher education, nonprofit organizations, and large and small pharmaceutical manufacturers, including generic and nonprescription manufacturers, and contract manufacturers, and other relevant entities.

(i) AUTHORIZATION OF APPROPRIATIONS.—

(1) IN GENERAL.—There is authorized to be appropriated to carry out this section $100,000,000 for fiscal years 2026 and 2027.

(2) FEDERAL ADMINISTRATIVE EXPENSES.—Of the amounts made available to carry out this section for a fiscal year, the Secretary shall not use more than 8 percent for Federal administrative expenses, including training, technical assistance, reporting, and evaluation.

**§ 49513. Variations from current good manufacturing practices relating to combination products and manufacturing processes**

(a) IN GENERAL.—Not later than 18 months after December 13, 2016, the Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall identify types of combination products and manufacturing processes with respect to which the Secretary proposes that good manufacturing practices may be adopted—

(1) that vary from the requirements set forth in section 4.4 of title 21, Code of Federal Regulations (or any successor regulations); or

(2) that the Secretary proposes can satisfy the requirements in section 4.4 of title 21, Code of Federal Regulations, through alternative or streamlined mechanisms.

(b) PUBLICATION OF PROPOSED LIST.—The Secretary shall identify the types, variations from the requirements, and the mechanisms, in a proposed list published in the Federal Register.

(c) PUBLICATION OF FINAL LIST.—After a public comment period regarding the appropriate good manufacturing practices for the types, the Secretary shall publish a final list in the Federal Register, notwithstanding section 553 of title 5.

(d) RISK-BASED EVALUATION.—The Secretary shall evaluate the types, variations, and mechanisms using a risk-based approach.

(e) REVIEW OF FINAL LIST.—The Secretary shall periodically review the final list.

**§ 49514. Report relating to software functions**

The Secretary of Health and Human Services (referred to in this section as the ''Secretary''), after consultation with agencies and offices of the Department of Health and Human Services involved in health information technology, shall publish a report, not later than 2 years after December 13, 2016, and every 2 years thereafter, that—

(1) includes input from outside experts, such as representatives of patients, consumers, health care providers, startup companies, health plans or other third-party payers, venture capital investors, information technology vendors, health information technology vendors, small businesses, purchasers, employers, and other stakeholders with relevant expertise, as determined by the Secretary;

(2) examines information available to the Secretary on any risks and benefits to health associated with software functions described in section 13152(o)(1) of this title; and

(3) summarizes findings regarding the impact of the software functions on patient safety, including best practices to promote safety, education, and competency related to the functions.

**§ 49515. Predictable review timelines of vaccines by the Advisory Committee on Immunization Practices**

(a) DEFINITION OF ADVISORY COMMITTEE.—In this section, the term ''Advisory Committee'' means the Advisory Committee on Immunization Practices established by the Secretary pursuant to section 222 of the Public Health Service Act (42 U.S.C. 217a), acting through the Director of the Centers for Disease Control and Prevention.

(b) CONSIDERATION OF NEW VACCINES.—On the licensure of any vaccine or any new indication for a vaccine, the Advisory Committee shall, as appropriate, consider the use of the vaccine at its next regularly scheduled meeting.

(c) ADDITIONAL INFORMATION.—If the Advisory Committee does not make a recommendation with respect to the use of a vaccine at the Advisory Committee's first regularly scheduled meeting after the licensure of the vaccine or any new indication for the vaccine, the Advisory Committee shall provide an update on the status of the Advisory Committee's review.

(d) CONSIDERATION FOR BREAKTHROUGH THERAPIES AND FOR POTENTIAL USE DURING PUBLIC HEALTH EMERGENCY.—The Advisory Committee shall make recommendations with respect to the use of certain vaccines in a timely manner, as appropriate, including vaccines that—

(1) are designated as a breakthrough therapy under section 13119 of this title and licensed under section 351 of the Public Health Service Act (42 U.S.C. 262); or

(2) could be used in a public health emergency.

**§ 49516. Regulations relating to over-the-counter hearing aids**

(a) REGULATIONS TO ESTABLISH CATEGORY.—

(1) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall issue final regulations to establish a category of over-the-counter hearing aids (as defined in section 13152(q) of this title).

(2) REQUIREMENTS.—In promulgating the regulations under paragraph (1), the Secretary shall—

(A) include requirements that provide reasonable assurances of the safety and effectiveness of over-the-counter hearing aids;

(B) include requirements that establish or adopt output limits appropriate for over-the-counter hearing aids;

(C) include requirements for appropriate labeling of over-the-counter hearing aids, including—

(i) requirements that the labeling include a conspicuous statement that the device is only intended for adults age 18 and older;

(ii) information on how consumers may report adverse events;

(iii) information on any contraindications, conditions, or symptoms of medically treatable causes of hearing loss; and

(iv) advisements to consult promptly with a licensed health care practitioner; and

(D) describe the requirements under which the sale of over-the-counter hearing aids is permitted, without the supervision, prescription, or other order, involvement, or intervention of a licensed person, to consumers through in-person transactions, by mail, or online.

(3) PREMARKET NOTIFICATION.—The Secretary shall make findings under section 13136(m) of this title to determine whether over-the-counter hearing aids (as defined in section 13152(q) of this title) require a report under section 13136(k) of this title to provide reasonable assurance of safety and effectiveness.

(4) EFFECT ON STATE LAW.—A State or local government shall not establish or continue in effect any law, regulation, order, or other requirement specifically related to hearing products that would restrict or interfere with the servicing, marketing, sale, dispensing, use, customer support, or distribution of over-the-counter hearing aids (as defined in section 13152(q) of this title) through in-person transactions, by mail, or online, that is different from, in addition to, or otherwise not identical to, the regulations promulgated under this subsection, including any State or local requirement for the supervision, prescription, or other order, involvement, or intervention of a licensed person for consumers to access over-the-counter hearing aids.

(5) NO EFFECT ON PRIVATE REMEDIES.—Nothing in this section shall be construed to modify or otherwise affect the ability of any person to exercise

a private right of action under any State or Federal product liability, tort, warranty, contract, or consumer protection law.

(b) GUIDANCE.—The final guidance of the Department of Health and Human Services entitled ''Regulatory Requirements for Hearing Aid Devices and Personal Sound Amplification Products'' shall clarify which products, on the basis of claims or other marketing, advertising, or labeling material, meet the definition of a device in section 10101 of this title and which products meet the definition of a personal sound amplification product, as set forth in the guidance.

**§ 49517. Annual report on inspections**

Not later than 120 days after the end of each fiscal year, the Secretary of Health and Human Services shall post on the website of the Food and Drug Administration information related to inspections of facilities necessary for approval of a drug under section 13504 or 13511 of this title or approval of a device under section 13142 of this title that were conducted during the previous fiscal year. The information shall include the following:

(1) The median time following a request from staff of the Food and Drug Administration reviewing an application or report to the beginning of the inspection, including—

(A) the median time for drugs described in section 13511(k)(1)(A) of this title;

(B) the median time for drugs for which a notification has been submitted in accordance with section 13122(b) of this title during the previous fiscal year; and

(C) the median time for drugs on the drug shortage list in effect under section 13125 of this title at the time of the request.

(2) The median time from the issuance of a report pursuant to section 17504(b) of this title to the sending of a warning letter, issuance of an import alert, or holding of a regulatory meeting for inspections for which the Secretary concluded that regulatory or enforcement action was indicated, including the median time for each category of drugs listed in subparagraphs (A) through (C) of paragraph (1).

(3) The median time from the sending of a warning letter, issuance of an import alert, or holding of a regulatory meeting related to conditions observed by the Secretary during an inspection, to the time at which the Secretary concludes that corrective actions to resolve the conditions have been taken.

(4) The number of facilities that failed to implement adequate corrective or preventive actions

following a report issued pursuant to section 17504(b) of this title, resulting in a withhold recommendation for an application under review, including the number of the facilities manufacturing each category of drugs listed in subparagraphs (A) through (C) of paragraph (1).

**§ 49518. Expedited development and review of medical products for emergency uses**

(a) DEFINITION OF MEDICAL PRODUCT.—In this section, the term ''medical product'' means a drug (as defined in section 10101 of this title), a device (as defined in section 10101 of this title), or a biological product (as defined in section 351 of the Public Health Service Act (42 U.S.C. 262)).

(b) IN GENERAL.—The Secretary of Defense may request that the Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, take actions to expedite the development of a medical product, review of investigational new drug applications under section 13510 of this title, review of investigational device exemptions under section 13152(g) of this title, and review of applications for approval and clearance of medical products under chapter 135 of this title, sections 13136(k) and 13142 of this title, and section 351 of the Public Health Service Act (42 U.S.C. 262), including applications for li-

censing of vaccines or blood as biological products under section 351 of the Public Health Service Act (42 U.S.C. 262), or applications for review of regenerative medicine advanced therapy products under section 13119(h) of this title, if there is a military emergency, or significant potential for a military emergency, involving a specific and imminently life-threatening risk to United States military forces of attack with an agent or agents, and the medical product that is the subject of the application, submission, or notification would be reasonably likely to diagnose, prevent, treat, or mitigate the life-threatening risk.

(c) ACTIONS.—On a request by the Secretary of Defense under subsection (b), the Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, shall take action to expedite the development and review of an applicable application or notification with respect to a medical product described in subsection (b), which may include, as appropriate—

(1) holding meetings with the sponsor and the review team throughout the development of the medical product;

(2) providing timely advice to, and interactive communication with, the sponsor regarding the development of the medical product to ensure that the development program to gather the nonclinical and

clinical data necessary for approval or clearance is as efficient as practicable;

(3) involving senior managers and experienced review staff, as appropriate, in a collaborative, cross-disciplinary review;

(4) assigning a cross-disciplinary project lead for the review team to facilitate an efficient review of the development program and to serve as a scientific liaison between the review team and the sponsor;

(5) taking steps to ensure that the design of the clinical trials is as efficient as practicable, when scientifically appropriate, such as by minimizing the number of patients exposed to a potentially less efficacious treatment;

(6) applying any applicable Food and Drug Administration program intended to expedite the development and review of a medical product; and

(7) in appropriate circumstances, permitting expanded access to the medical product during the investigational phase, in accordance with applicable requirements of the Food and Drug Administration.

(d) ENHANCED COLLABORATION AND COMMUNICATION.—Unless the Secretary of Defense determines that any meetings described in this subsection are not nec-

essary, in order to facilitate enhanced collaboration and communication with respect to the most current priorities of the Department of Defense—

(1) the Food and Drug Administration shall meet with the Department of Defense and any other appropriate development partners, such as the Biomedical Advanced Research and Development Authority, on a semi-annual basis for the purposes of conducting a full review of the relevant products in the Department of Defense portfolio; and

(2) the Director of the Center for Biologics Evaluation and Research shall meet quarterly with the Department of Defense to discuss the development status of regenerative medicine advanced therapy, blood, and vaccine medical products and projects that are the highest priorities to the Department of Defense (which may include freeze dried plasma products and platelet alternatives).

**§ 49519. Actions for delays of generic drugs and biosimilar biological products**

(a) DEFINITIONS.—In this section:

(1) COMMERCIALLY REASONABLE, MARKET-BASED TERMS.—The term ''commercially reasonable, market-based terms'' means—

(A) a nondiscriminatory price for the sale of the covered product at or below, but not greater than, the most recent wholesale acquisition cost for the drug, as defined in section 1847A(c)(6)(B) of the Social Security Act (42 U.S.C. 1395w–3a(c)(6)(B));

(B) a schedule for delivery that results in the transfer of the covered product to the eligible product developer consistent with the timing under subsection (b)(2)(A)(iv); and

(C) no additional conditions are imposed on the sale of the covered product.

(2) COVERED PRODUCT.—

(A) IN GENERAL.—The term ''covered product'' means—

(i) any drug approved under section 13504 or 13511 of this title or biological product licensed under subsection (a) or (k) of section 351 of the Public Health Service Act (42 U.S.C. 262);

(ii) any combination of a drug or biological product described in clause (i); or

(iii) any product, including any device, that is marketed or intended for use with

such a drug or biological product, when reasonably necessary—

(I) to support approval of an application under chapter 135 of this title, or section 351 of the Public Health Service Act (42 U.S.C. 262), as applicable; or

(II) otherwise to meet the requirements for approval under chapter 135 of this title, or section 351 of the Public Health Service Act (42 U.S.C. 262).

(B) EXCLUSION.—The term ''covered product'' does not include any drug or biological product that appears on the drug shortage list in effect under section 13125 of this title, unless—

(i) the drug or biological product has been on the drug shortage list in effect under section 13125 of this title continuously for more than 6 months; or

(ii) the Secretary determines that inclusion of the drug or biological product as a covered product is likely to contribute to alleviating or preventing a shortage.

(3) DEVICE.—The term ''device'' has the meaning given the term in section 10101 of this title.

(4) ELIGIBLE PRODUCT DEVELOPER.—The term ''eligible product developer'' means a person that seeks to develop a product for approval pursuant to an application for approval under section 13503(b) or 13511 of this title or for licensing pursuant to an application under section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)).

(5) LICENSE HOLDER.—The term ''license holder'' means the holder of an application approved under section 13504 or 13511 of this title or the holder of a license under subsection (a) or (k) of section 351 of the Public Health Service Act (42 U.S.C. 262) for a covered product.

(6) REMS.—The term ''REMS'' means a risk evaluation and mitigation strategy under section 13111 of this title.

(7) REMS WITH ETASU.—The term ''REMS with ETASU'' means a REMS that contains elements to assure safe use under section 13111(f) of this title.

(8) SECRETARY.—The term ''Secretary'' means the Secretary of Health and Human Services.

(9) SINGLE, SHARED SYSTEM OF ELEMENTS TO ENSURE SAFE USE.—The term ''single, shared system of elements to ensure safe use'' means a single, shared system of elements to ensure safe use under section 13111(f) of this title.

(10) SUFFICIENT QUANTITIES.—The term ''sufficient quantities'' means an amount of a covered product that the eligible product developer determines allows the eligible product developer to—

(A) conduct testing to support an application under—

(i) section 13503(b) or 13511 of this title; or

(ii) section 351(k) of the Public Health Service Act (42 U.S.C. 262(k)); and

(B) fulfill any regulatory requirements relating to approval of such an application.

(b) CIVIL ACTION FOR FAILURE TO PROVIDE SUFFICIENT QUANTITIES OF A COVERED PRODUCT.—

(1) IN GENERAL.—An eligible product developer may bring a civil action against the license holder for a covered product seeking relief under this subsection in an appropriate district court of the United States alleging that the license holder has declined

to provide sufficient quantities of the covered product to the eligible product developer on commercially reasonable, market-based terms.

(2) ELEMENTS.—

(A) IN GENERAL.—To prevail in a civil action brought under paragraph (1), an eligible product developer shall prove, by a preponderance of the evidence—

(i) that—

(I) the covered product is not subject to a REMS with ETASU; or

(II) if the covered product is subject to a REMS with ETASU—

(aa) the eligible product developer has obtained a covered product authorization from the Secretary in accordance with subparagraph (B); and

(bb) the eligible product developer has provided a copy of the covered product authorization to the license holder;

(ii) that, as of the date on which the civil action is filed, the eligible product developer has not obtained sufficient quan-

tities of the covered product on commercially reasonable, market-based terms;

(iii) that the eligible product developer has submitted a written request to purchase sufficient quantities of the covered product to the license holder, and the request—

(I) was sent to a named corporate officer of the license holder;

(II) was made by certified or registered mail with return receipt requested;

(III) specified—

(aa) an individual as the point of contact for the license holder to direct communications related to the sale of the covered product to the eligible product developer; and

(bb) a means for electronic and written communications with that individual; and

(IV) specified an address to which the covered product was to be

shipped on reaching an agreement to transfer the covered product; and

(iv) that the license holder has not delivered to the eligible product developer sufficient quantities of the covered product on commercially reasonable, market-based terms—

(I) for a covered product that is not subject to a REMS with ETASU, by the date that is 31 days after the date on which the license holder received the request for the covered product; and

(II) for a covered product that is subject to a REMS with ETASU, by 31 days after the later of—

(aa) the date on which the license holder received the request for the covered product; or

(bb) the date on which the license holder received a copy of the covered product authorization issued by the Secretary in accordance with subparagraph (B).

(B) AUTHORIZATION FOR COVERED PRODUCT SUBJECT TO A REMS WITH ETASU.—

(i) REQUEST.—An eligible product developer may submit to the Secretary a written request for the eligible product developer to be authorized to obtain sufficient quantities of an individual covered product subject to a REMS with ETASU.

(ii) AUTHORIZATION.—Not later than 120 days after the date on which a request under clause (i) is received, the Secretary shall, by written notice, authorize the eligible product developer to obtain sufficient quantities of an individual covered product subject to a REMS with ETASU for purposes of—

(I) development and testing that does not involve human clinical trials, if the eligible product developer has agreed to comply with any conditions the Secretary determines necessary; or

(II) development and testing that involves human clinical trials, if the eligible product developer has—

(aa)(AA) submitted protocols, informed consent documents, and informational materials for testing that include protections that provide safety protections comparable to those provided by the REMS for the covered product; or

(BB) otherwise satisfied the Secretary that the protections will be provided; and

(bb) met any other requirements the Secretary may establish.

(iii) NOTICE.—A covered product authorization issued under this subparagraph shall state that the provision of the covered product by the license holder under the terms of the authorization will not be a violation of the REMS for the covered product.

(3) AFFIRMATIVE DEFENSE.—In a civil action brought under paragraph (1), it shall be an affirmative defense, on which the defendant has the burden of persuasion by a preponderance of the evidence—

(A) that, on the date on which the eligible product developer requested to purchase sufficient quantities of the covered product from the license holder—

(i) neither the license holder nor any of its agents, wholesalers, or distributors was engaged in the manufacturing or commercial marketing of the covered product; and

(ii) neither the license holder nor any of its agents, wholesalers, or distributors otherwise had access to inventory of the covered product to supply to the eligible product developer on commercially reasonable, market-based terms;

(B) that—

(i) the license holder sells the covered product through agents, distributors, or wholesalers;

(ii) the license holder has placed no restrictions, explicit or implicit, on its agents, distributors, or wholesalers to sell covered products to eligible product developers; and

(iii) the covered product can be purchased by the eligible product developer in sufficient quantities on commercially reasonable, market-based terms from the agents, distributors, or wholesalers of the license holder; or

(C) that the license holder made an offer to the individual specified pursuant to paragraph (2)(A)(iii)(III), by a means of communication (electronic, written, or both) specified pursuant to that paragraph, to sell sufficient quantities of the covered product to the eligible product developer at commercially reasonable market-based terms—

(i) for a covered product that is not subject to a REMS with ETASU, by the date that is 14 days after the date on which the license holder received the request for the covered product, and the eligible product developer did not accept the offer by the date that is 7 days after the date on which the eligible product developer received the offer from the license holder; or

(ii) for a covered product that is subject to a REMS with ETASU, by the date that is 20 days after the date on which the license holder received the request for the covered product, and the eligible product developer did not accept the offer by the date that is 10 days after the date on which the eligible product developer received the offer from the license holder.

(4) REMEDIES.—

(A) IN GENERAL.—If an eligible product developer prevails in a civil action brought under paragraph (1), the court shall—

(i) order the license holder to provide to the eligible product developer without delay sufficient quantities of the covered product on commercially reasonable, market-based terms;

(ii) award to the eligible product developer reasonable attorney's fees and costs of the civil action; and

(iii) award to the eligible product developer a monetary amount sufficient to deter the license holder from failing to provide eligible product developers with suffi-

cient quantities of a covered product on commercially reasonable, market-based terms, if the court finds, by a preponderance of the evidence—

(I) that the license holder delayed providing sufficient quantities of the covered product to the eligible product developer without a legitimate business justification; or

(II) that the license holder failed to comply with an order issued under clause (i).

(B) MAXIMUM MONETARY AMOUNT.—A monetary amount awarded under subparagraph (A)(iii) shall not be greater than the revenue that the license holder earned on the covered product during the period—

(i) beginning on—

(I) for a covered product that is not subject to a REMS with ETASU, the date that is 31 days after the date on which the license holder received the request; or

(II) for a covered product that is subject to a REMS with ETASU, the

date that is 31 days after the later of—

(aa) the date on which the license holder received the request; or

(bb) the date on which the license holder received a copy of the covered product authorization issued by the Secretary in accordance with paragraph (2)(B); and

(ii) ending on the date on which the eligible product developer received sufficient quantities of the covered product.

(C) AVOIDANCE OF DELAY.—The court may issue an order under subparagraph (A)(i) before conducting further proceedings that may be necessary to determine whether the eligible product developer is entitled to an award under clause (ii) or (iii) of subparagraph (A), or the amount of the award.

(c) LIMITATION OF LIABILITY.—A license holder for a covered product shall not be liable for any claim under Federal, State, or local law arising out of the failure of an eligible product developer to follow adequate safeguards

to ensure safe use of the covered product during development or testing activities described in this section, including transportation, handling, use, or disposal of the covered product by the eligible product developer.

(d) RULE OF CONSTRUCTION.—

(1) DEFINITION.—In this subsection, the term ''antitrust laws''—

(A) has the meaning given the term in subsection (a) of the first section of the Clayton Act (15 U.S.C. 12); and

(B) includes section 5 of the Federal Trade Commission Act (15 U.S.C. 45) to the extent that the section applies to unfair methods of competition.

(2) ANTITRUST LAWS.—Nothing in this section shall be construed to limit the operation of any provision of the antitrust laws.

(e) RULE OF CONSTRUCTION.—Nothing in this section, section 13111 of this title, or the amendments made by subsections (d) and (f) of section 610 of division N of the Further Consolidated Appropriations Act, 2020 (Public Law 116–94, 133 Stat. 3135, 3136) shall be construed as—

(1) prohibiting a license holder from providing an eligible product developer access to a covered

product in the absence of an authorization under this section; or

(2) in any way negating the applicability of a REMS with ETASU, as otherwise required under such section 13111 of this title, with respect to the covered product.

**§ 49520. Resources regarding cybersecurity of devices**

(a) DEFINITION OF DEVICE.—In this section, the term ''device'' has the meaning given the term in section 10101(a) of this title.

(b) UPDATING PUBLIC INFORMATION.—Not later than 180 days after December 29, 2022, and not less than annually thereafter, the Secretary of Health and Human Services shall update public information provided by the Food and Drug Administration, including on the website of the Food and Drug Administration, with information regarding improving cybersecurity of devices, which information shall include information on—

(1) identifying and addressing cyber vulnerabilities for health care providers, health systems, and device manufacturers; and

(2) how the entities under paragraph (1) may access support through the Cybersecurity and Infrastructure Security Agency and other Federal entities, including the Department of Health and

Human Services, to improve the cybersecurity of devices.

(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to affect the Secretary's authority related to ensuring that there is a reasonable assurance of the safety and effectiveness of devices, which may include ensuring that there is a reasonable assurance of the cybersecurity of certain cyber devices, including for devices approved or cleared prior to December 29, 2022.

**§ 49521. Third party data transparency**

(a) IN GENERAL.—To the extent the Secretary of Health and Human Services (''Secretary'') relies on any data, analysis, or other information or findings provided by entities that has been funded in whole or in part by, or otherwise performed under contract with, the Food and Drug Administration, in regulatory decision-making with respect to devices, the Secretary shall—

(1) request access to the datasets, inputs, clinical or other assumptions, methods, analytical code, results, and other components underlying or comprising the analysis, conclusions, or other findings on which the Secretary seeks to rely; and

(2) in the event that information described in paragraph (1) is used to support regulatory decision-making, and as otherwise appropriate, to the extent

practicable, provide the manufacturer or manufacturers subject to the decision a summary of the information, subject to protection of confidential commercial information or trade secret information or personally identifiable information.

(b) REPORT.—Not later than September 30, 2023, and biennially thereafter, the Secretary shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, and publish on the website of the Food and Drug Administration, a report on the number of postmarket device signals communications issued by the Secretary, the sources of data for the signals, and how the signals were revised or resolved.

(c) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to require the delay of any regulatory decision-making or other action of the Food and Drug Administration.

**§ 49522. Annual summary report on progress to increase diversity in clinical studies**

(a) IN GENERAL.—Beginning not later than 2 years after December 29, 2022, and each year thereafter, the Secretary of Health and Human Services shall submit to Congress, and publish on the public website of the Food and Drug Administration, a report that—

(1) summarizes, in aggregate, the diversity action plans received pursuant to section 13526 or 13152(g)(9) of this title; and

(2) contains information, in the aggregate, on—

(A) for drugs, biological products, and devices approved, licensed, cleared, or classified under chapter 135 of this title or section 13136(k), 13140(h)(2), or 13142 of this title, or section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)), whether the clinical studies conducted with respect to the applications met the demographic subgroup enrollment goals from the diversity action plan submitted for the applications; and

(B) the reasons provided, if any, for why enrollment goals from submitted diversity action plans were not met.

(b) CONFIDENTIALITY.—Nothing in this section shall be construed as authorizing the Secretary to disclose any information that is a trade secret or confidential information subject to section 552(b)(4) of title 5 or section 1905 of title 18.

# Subtitle V—Comprehensive Drug Abuse Prevention and Control

# Division A—Controlled Substances

# Chapter 501—General Provisions

Sec.
50101. Definitions.
50102. Congressional findings and declarations.

## § 50101. Definitions

In this division:

(1) ADDICT.—The term ''addict'' means any individual who habitually uses any narcotic drug so as to endanger the public morals, health, safety, or welfare, or who is so far addicted to the use of narcotic drugs as to have lost the power of self-control with reference to the individual's addiction.

(2) ADMINISTER.—The term ''administer'' refers to the direct application, whether the application is by injection, inhalation, ingestion, or any other means, of a controlled substance to the body of a patient or research subject by—

(A) a practitioner (or, in the practitioner's presence, by the practitioner's authorized agent); or

(B) the patient or research subject at the direction and in the presence of the practitioner.

(3) AGENT.—

(A) IN GENERAL.—The term ''agent'', when referring to an agent of a manufacturer, distributor, or dispenser, means an authorized person that acts on behalf of or at the direction of the manufacturer, distributor, or dispenser.

(B) EXCLUSION.—The term ''agent'' does not include a common or contract carrier, public warehouseman, or employee of the carrier or warehouseman, when acting in the usual and lawful course of the carrier's or warehouseman's business.

(4) ANABOLIC STEROID.—

(A) IN GENERAL.—The term ''anabolic steroid'' means any drug or hormonal substance chemically and pharmacologically related to testosterone (other than estrogens, progestins, corticosteroids, and dehydroepiandrosterone).

(B) INCLUSIONS.—The term ''anabolic steroid'' includes—

(i) androstanediol—

(I) 3β,17β-dihydroxy-5α-androstane; and

(II) 3α,17β-dihydroxy-5α-androstane;

(ii) androstanedione (5α-androstan-3,17-dione);

(iii) androstenediol—

(I) 1-androstenediol (3β,17β-dihydroxy-5α-androst-1-ene);

(II) 1-androstenediol (3α,17β-dihydroxy-5α-androst-1-ene);

(III) 4-androstenediol (3β,17β-dihydroxy-androst-4-ene); and

(IV) 5-androstenediol (3β,17β-dihydroxy-androst-5-ene);

(iv) androstenedione—

(I) 1-androstenedione ([5α]-androst-1-en-3,17-dione);

(II) 4-androstenedione (androst-4-en-3,17-dione); and

(III) 5-androstenedione (androst-5-en-3,17-dione);

(v) bolasterone (7α,17α-dimethyl-17β-hydroxyandrost-4-en-3-one);

(vi) boldenone (17β-hydroxyandrost-1,4,-diene-3-one);

(vii) calusterone (7β,17α-dimethyl-17β-hydroxyandrost-4-en-3-one);

(viii) clostebol (4-chloro-17β-hydroxyandrost-4-en-3-one);

(ix) dehydrochloromethyltestosterone (4-chloro-17β-hydroxy-17α-methyl-androst-1,4-dien-3-one);

(x) Δ1-dihydrotestosterone (a.k.a. ''1-testosterone'') (17β-hydroxy-5α-androst-1-en-3-one);

(xi) 4-dihydrotestosterone (17β-hydroxy-androstan-3-one);

(xii) drostanolone (17β-hydroxy-2α-methyl-5α-androstan-3-one);

(xiii) ethylestrenol (17α-ethyl-17β-hydroxyestr-4-ene);

(xiv) fluoxymesterone (9-fluoro-17α-methyl-11β,17β-dihydroxyandrost-4-en-3-one);

(xv) formebolone (2-formyl-17α-methyl-11α,17β-dihydroxyandrost-1,4-dien-3-one);

(xvi) furazabol (17α-methyl-17β-hydroxyandrostano[2,3-c]-furazan);

(xvii) 13β-ethyl-17β-hydroxygon-4-en-3-one;

(xviii) 4-hydroxytestosterone (4,17β-dihydroxy-androst-4-en-3-one);

(xix) 4-hydroxy-19-nortestosterone (4,17β-dihydroxy-estr-4-en-3-one);

(xx) mestanolone (17α-methyl-17β-hydroxy-5α-androstan-3-one);

(xxi) mesterolone (1α-methyl-17β-hydroxy-[5α]-androstan-3-one);

(xxii) methandienone (17α-methyl-17β-hydroxyandrost-1,4-dien-3-one);

(xxiii) methandriol (17α-methyl-3β,17β-dihydroxyandrost-5-ene);

(xxiv) methenolone (1-methyl-17β-hydroxy-5α-androst-1-en-3-one);

(xxv) 17α-methyl-3β, 17β-dihydroxy-5α-androstane;

(xxvi) 17α-methyl-3α,17β-dihydroxy-5α-androstane;

(xxvii) 17α-methyl-3β,17β-dihydroxyandrost-4-ene;

(xxviii) 17α-methyl-4-hydroxynandrolone (17α-methyl-4-hydroxy-17β-hydroxyestr-4-en-3-one);

(xxix) methyldienolone (17α-methyl-17β-hydroxyestra-4,9(10)-dien-3-one);

(xxx) methyltrienolone (17α-methyl-17β-hydroxyestra-4,9-11-trien-3-one);

(xxxi) methyltestosterone (17α-methyl-17β-hydroxyandrost-4-en-3-one);

(xxxii) mibolerone (7α,17α-dimethyl-17β-hydroxyestr-4-en-3-one);

(xxxiii) 17α-methyl-Δ1-dihydrotestosterone (17β-hydroxy-17α-methyl-5α-androst-1-en-3-one) (a.k.a. ''17-α-methyl-1-testosterone'');

(xxxiv) nandrolone (17β-hydroxyestr-4-en-3-one);

(xxxv) norandrostenediol—

(I) 19-nor-4-androstenediol (3β, 17β-dihydroxyestr-4-ene);

(II) 19-nor-4-androstenediol (3α, 17β-dihydroxyestr-4-ene);

(III) 19-nor-5-androstenediol (3β, 17β-dihydroxyestr-5-ene); and

(IV) 19-nor-5-androstenediol (3α, 17β-dihydroxyestr-5-ene);

(xxxvi) norandrostenedione—

(I) 19-nor-4-androstenedione (estr-4-en-3,17-dione); and

(II) 19-nor-5-androstenedione (estr-5-en-3,17-dione;

(xxxvii) norbolethone (13β,17α-diethyl-17β-hydroxygon-4-en-3-one);

(xxxviii) norclostebol (4-chloro-17β-hydroxyestr-4-en-3-one);

(xxxix) norethandrolone (17α-ethyl-17β-hydroxyestr-4-en-3-one);

(xl) normethandrolone (17α-methyl-17β-hydroxyestr-4-en-3-one);

(xli) oxandrolone (17α-methyl-17β-hydroxy-2-oxa-[5α]-androstan-3-one);

(xlii) oxymesterone (17α-methyl-4,17β-dihydroxyandrost-4-en-3-one);

(xliii) oxymetholone (17α-methyl-2-hydroxymethylene-17β-hydroxy-[5α]-androstan-3-one);

(xliv) stanozolol (17α-methyl-17β-hydroxy-[5α]-androst-2-eno[3,2-c]-pyrazole);

(xlv) stenbolone (17β-hydroxy-2-methyl-[5α]-androst-1-en-3-one);

(xlvi) testolactone (13-hydroxy-3-oxo-13,17-secoandrosta-1,4-dien-17-oic acid lactone);

(xlvii) testosterone (17β-hydroxyandrost-4-en-3-one);

(xlviii) tetrahydrogestrinone (13β,17α-diethyl-17β-hydroxygon-4,9,11-trien-3-one);

(xlix) trenbolone (17β-hydroxyestr-4,9,11-trien-3-one);

(l) 5α-Androstan-3,6,17-trione;

(li) 6-bromo-androstan-3,17-dione;

(lii) 6-bromo-androsta-1,4-diene-3,17-dione;

(liii) 4-chloro-17α-methyl-androsta-1,4-diene-3,17β-diol;

(liv) 4-chloro-17α-methyl-androst-4-ene-3β,17β-diol;

(lv) 4-chloro-17α-methyl-17β-hydroxy-androst-4-en-3-one;

(lvi) 4-chloro-17α-methyl-17β-hydroxy-androst-4-ene-3,11-dione;

(lvii) 4-chloro-17α-methyl-androsta-1,4-diene-3,17β-diol;

(lviii) 2α,17α-dimethyl-17β-hydroxy-5α-androstan-3-one;

(lix) 2α,17α-dimethyl-17β-hydroxy-5β-androstan-3-one;

(lx) 2α,3α-epithio-17α-methyl-5α-androstan-17β-ol;

(lxi) [3,2-c]-furazan-5α-androstan-17β-ol;

(lxii) 3β-hydroxy-estra-4,9,11-trien-17-one;

(lxiii) 17α-methyl-androst-2-ene-3,17β-diol;

(lxiv) 17α-methyl-androsta-1,4-diene-3,17β-diol;

(lxv) Estra-4,9,11-triene-3,17-dione;

(lxvi) 18a-Homo-3-hydroxy-estra-2,5(10)-dien-17-one;

(lxvii) 6α-Methyl-androst-4-ene-3,17-dione;

(lxviii) 17α-Methyl-androstan-3-hydroxyimine-17β-ol;

(lxix) 17α-Methyl-5α-androstan-17β-ol;

(lxx) 17β-Hydroxy-androstano[2,3-d]isoxazole;

(lxxi) 17β-Hydroxy-androstano[3,2-c]isoxazole;

(lxxii) 4-Hydroxy-androst-4-ene-3,17-dione[3,2-c]pyrazole-5α-androstan-17β-ol;

(lxxiii) [3,2-c]pyrazole-androst-4-en-17β-ol;

(lxxiv) [3,2-c]pyrazole-5α-androstan-17β-ol; and

(lxxv) any salt, ester, or ether of a drug or substance described in this paragraph.

(C) SCHEDULED BY ATTORNEY GENERAL.—The substances excluded under subparagraph (B) may at any time be scheduled by the Attorney General in accordance with the authority and requirements of subsections (a) through (c) of section 50301 of this title.

(D) EXCLUSIONS.—

(i) IN GENERAL.—Except as provided in clause (ii), the term ''anabolic steroid'' does not include an anabolic steroid that is expressly intended for administration through implants to cattle or other nonhuman species and that has been approved by the Secretary for the administration.

(ii) PRESCRIBING, DISPENSING, OR DISTRIBUTING FOR HUMAN USE.—If any person prescribes, dispenses, or distributes

the steroid described in clause (i) for human use, the person shall be considered to have prescribed, dispensed, or distributed an anabolic steroid within the meaning of subparagraphs (A) through (C).

(E) DRUG OR SUBSTANCE NOT LISTED BUT DERIVED FROM LISTED ANABOLIC STEROID.—

(i) IN GENERAL.—Subject to clause (ii), a drug or hormonal substance (other than estrogens, progestins, corticosteroids, and dehydroepiandrosterone) that is not listed in subparagraph (B) and is derived from, or has a chemical structure substantially similar to, 1 or more anabolic steroids listed in subparagraph (B) shall be considered to be an anabolic steroid for purposes of this division if—

(I) the drug or substance has been created or manufactured with the intent of producing a drug or other substance that either—

(aa) promotes muscle growth; or

(bb) otherwise causes a pharmacological effect similar to that of testosterone; or

(II) the drug or substance has been, or is intended to be, marketed or otherwise promoted in any manner suggesting that consuming it will promote muscle growth or any other pharmacological effect similar to that of testosterone.

(ii) NOT CONSIDERED DRUG OR HORMONAL SUBSTANCE.—A substance shall not be considered to be a drug or hormonal substance for purposes of this subparagraph if it—

(I) is—

(aa) an herb or other botanical;

(bb) a concentrate, metabolite, or extract of, or a constituent isolated directly from, an herb or other botanical; or

(cc) a combination of 2 or more substances described in item (aa) or (bb);

(II) is a dietary ingredient for purposes of subtitle I of this title; and

(III) is not anabolic or androgenic.

(iii) BURDEN.—In accordance with section 50915(a) of this title, any person claiming the benefit of an exemption or exception under clause (ii) shall bear the burden of going forward with the evidence with respect to the exemption or exception.

(5) AT RETAIL.—The term ''at retail'', with respect to the sale or purchase of a scheduled listed chemical product, means a sale or purchase for personal use, respectively.

(6) BROKER.—The term ''broker'' means a person that assists in arranging an international transaction in a listed chemical by—

(A) negotiating contracts;

(B) serving as an agent or intermediary; or

(C) bringing together a buyer and seller, a buyer and transporter, or a seller and transporter.

(7) CHEMICAL MIXTURE.—

(A) IN GENERAL.—The term ''chemical mixture'' means a combination of 2 or more

chemical substances, at least 1 of which is not a list I chemical or a list II chemical.

(B) EXCLUSIONS.—The term ''chemical mixture'' does not include any combination of a list I chemical or a list II chemical with another chemical that is present solely as an impurity.

(8) CONTROL.—The term ''control'' means to add a drug or other substance, or immediate precursor, to a schedule under chapter 503 of this title, whether by transfer from another schedule or otherwise.

(9) CONTROLLED SUBSTANCE.—

(A) IN GENERAL.—The term ''controlled substance'' means a drug or other substance, or immediate precursor, included in schedule I, II, III, IV, or V under chapter 503 of this title.

(B) EXCLUSION.—The term ''controlled substance'' does not include distilled spirits, wine, malt beverages, or tobacco, as those terms are defined or used in subtitle E of the Internal Revenue Code of 1986 (26 U.S.C. 5001 et seq.).

(10) CONTROLLED SUBSTANCE ANALOGUE.—

(A) IN GENERAL.—Except as provided in subparagraph (C), the term ''controlled substance analogue'' means a substance—

(i) the chemical structure of which is substantially similar to the chemical structure of a controlled substance in schedule I or II;

(ii) that has a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance in schedule I or II; or

(iii) with respect to a particular person, that the person represents or intends to have a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled substance in schedule I or II.

(B) DESIGNATION AS LISTED CHEMICAL.—The designation of gamma butyrolactone or any

other chemical as a listed chemical pursuant to paragraph (30) or (31) does not preclude a finding pursuant to subparagraph (A) that the chemical is a controlled substance analogue.

(C) EXCLUSIONS.—The term ''controlled substance analogue'' does not include—

(i) a controlled substance;

(ii) any substance for which there is an approved new drug application;

(iii) with respect to a particular person, any substance, if an exemption is in effect for investigational use, for that person, under chapter 135 of this title to the extent conduct with respect to the substance is pursuant to the exemption; or

(iv) any substance to the extent not intended for human consumption before such an exemption takes effect with respect to that substance.

(11) CONVENTION ON PSYCHOTROPIC SUBSTANCES.—The term ''Convention on Psychotropic Substances'' means the Convention on Psychotropic Substances, done at Vienna, Austria February 21, 1971 (32 UST 543; TIAS 9725).

(12) COUNTERFEIT SUBSTANCE.—The term ''counterfeit substance'' means a controlled substance that, or the container or labeling of which, without authorization—

(A) bears the trademark, trade name, or other identifying mark, imprint, number, or device, or any likeness of the trademark, trade name, or other identifying mark, imprint, number, or device, of a manufacturer, distributor, or dispenser other than the person or persons that in fact manufactured, distributed, or dispensed the substance; and

(B) falsely purports or is represented to be the product of, or to have been distributed by, the other manufacturer, distributor, or dispenser.

(13) DELIVER, DISTRIBUTE, OR DISPENSE BY MEANS OF THE INTERNET.—The term ''deliver, distribute, or dispense by means of the internet'' refers, respectively, to any delivery, distribution, or dispensing of a controlled substance that is caused or facilitated by means of the internet.

(14) DELIVERY.—The term ''delivery'' means the actual, constructive, or attempted transfer of a

controlled substance or a listed chemical, whether or not there exists an agency relationship.

(15) DEPRESSANT OR STIMULANT SUBSTANCE.—The term ''depressant or stimulant substance'' means—

(A) a drug that contains any quantity of barbituric acid or any of the salts of barbituric acid;

(B) a drug that contains any quantity of—

(i) amphetamine or any of its optical isomers;

(ii) any salt of amphetamine or any salt of an optical isomer of amphetamine; or

(iii) any substance that the Attorney General, after investigation, has found to be, and by regulation designated as, habit forming because of its stimulant effect on the central nervous system;

(C) lysergic acid diethylamide; or

(D) any drug that contains any quantity of a substance that the Attorney General, after investigation, has found to have, and by regulation designated as having, a potential for abuse because of its depressant or stimulant effect on

the central nervous system or its hallucinogenic effect.

(16) DETOXIFICATION TREATMENT.—The term ''detoxification treatment'' means the dispensing, for a period not in excess of 180 days, of a narcotic drug in decreasing doses to an individual in order to alleviate adverse physiological or psychological effects incident to withdrawal from the continuous or sustained use of a narcotic drug and as a method of bringing the individual to a narcotic drug-free state within the period.

(17) DISPENSE.—

(A) IN GENERAL.—The term ''dispense'' means to deliver a controlled substance to an ultimate user or research subject by, or pursuant to the lawful order of, a practitioner, including the prescribing and administering of a controlled substance and the packaging, labeling, or compounding necessary to prepare the substance for the delivery.

(B) DISPENSER.—The term ''dispenser'' means a practitioner that delivers a controlled substance to an ultimate user or research subject as described in subparagraph (A).

(18) DISTRIBUTE.—

(A) IN GENERAL.—The term ''distribute'' means to deliver (other than by administering or dispensing) a controlled substance or a listed chemical.

(B) DISTRIBUTOR.—The term ''distributor'' means a person that delivers a controlled substance or a listed chemical as described in subparagraph (A).

(19) DRUG.—The term ''drug'' has the meaning given the term in section 10101(a) of this title.

(20) DRUG ENFORCEMENT ADMINISTRATION.—The term ''Drug Enforcement Administration'' means the Drug Enforcement Administration in the Department of Justice.

(21) FELONY.—The term ''felony'' means any Federal or State offense classified by applicable Federal or State law as a felony.

(22) FELONY DRUG OFFENSE.—The term ''felony drug offense'' means an offense that is punishable by imprisonment for more than 1 year under any law of the United States or of a State or foreign country that prohibits or restricts conduct relating to narcotic drugs, marihuana, anabolic steroids, or depressant or stimulant substances.

(23) FENTANYL-RELATED SUBSTANCE.—The term ''fentanyl-related substance'' has the meaning given the term in section 50302(c)(1)(E)(i) of this title.

(24) FILLING NEW PRESCRIPTIONS FOR CONTROLLED SUBSTANCES IN SCHEDULE III, IV, OR V.—The term ''filling new prescriptions for controlled substances in schedule III, IV, or V'' means filling a prescription for an individual for a controlled substance in schedule III, IV, or V, if—

(A) the pharmacy dispensing that prescription has previously dispensed to the patient a controlled substance other than by means of the internet and pursuant to the valid prescription of a practitioner that meets the applicable requirements of subsections (b) and (c) of section 50509 of this title (in this paragraph referred to as the ''original prescription'');

(B) the pharmacy contacts the practitioner that issued the original prescription at the request of that individual to determine whether the practitioner will authorize the issuance of a new prescription for that individual for the controlled substance described in subparagraph (A); and

(C) the practitioner, acting in the usual course of professional practice, determines there is a legitimate medical purpose for the issuance of the new prescription.

(25) HOMEPAGE.—The term ''homepage'' means the opening or main page or screen of the website of an online pharmacy that is viewable on the internet.

(26) IMMEDIATE PRECURSOR.—The term ''immediate precursor'' means a substance—

(A) that the Attorney General has found to be and by regulation designated as being the principal compound used, or produced primarily for use, in the manufacture of a controlled substance;

(B) that is an immediate chemical intermediary used or likely to be used in the manufacture of the controlled substance; and

(C) the control of which is necessary to prevent, curtail, or limit the manufacture of the controlled substance.

(27) INTERNATIONAL TRANSACTION.—The term ''international transaction'' means a transaction involving the shipment of a listed chemical across an international border (other than a United

States border) in which a broker or trader located in the United States participates.

(28) INTERNET.—The term ''internet'' means collectively the myriad of computer and telecommunications facilities, including equipment and operating software, that comprise the interconnected worldwide network of networks that employ the Transmission Control Protocol/Internet Protocol, or any predecessor or successor protocol to the protocol, to communicate information of all kinds by wire or radio.

(29) ISOMER.—

(A) IN GENERAL.—The term ''isomer'' means the optical isomer, except as used in schedule I(C) and schedule II(A)(iv).

(B) CERTAIN SCHEDULES.—In schedule I(C), the term ''isomer'' means any optical, positional, or geometric isomer. In schedule II(A)(iv), the term ''isomer'' means any optical or geometric isomer.

(30) LIST I CHEMICAL.—

(A) IN GENERAL.—The term ''list I chemical'' means a chemical specified by regulation of the Attorney General as a chemical that—

(i) is used in manufacturing a controlled substance in violation of this division; and

(ii) is important to the manufacture of the controlled substances.

(B) INCLUSIONS.—The term ''list I chemical'' includes (until otherwise specified by regulation of the Attorney General, as considered appropriate by the Attorney General or on petition to the Attorney General by any person) the following:

(i) Anthranilic acid, its esters, and its salts.

(ii) Benzyl cyanide.

(iii) Ephedrine, its salts, optical isomers, and salts of optical isomers.

(iv) Ergonovine and its salts.

(v) Ergotamine and its salts.

(vi) N-Acetylanthranilic acid, its esters, and its salts.

(vii) Norpseudoephedrine, its salts, optical isomers, and salts of optical isomers.

(viii) Phenylacetic acid, its esters, and its salts.

(ix) Phenylpropanolamine, its salts, optical isomers, and salts of optical isomers.

(x) Piperidine and its salts.

(xi) Pseudoephedrine, its salts, optical isomers, and salts of optical isomers.

(xii) 3,4-Methylenedioxyphenyl-2-propanone.

(xiii) Methylamine.

(xiv) Ethylamine.

(xv) Propionic anhydride.

(xvi) Isosafrole.

(xvii) Safrole.

(xviii) Piperonal.

(xix) N-Methylephedrine.

(xx) N-methylpseudoephedrine.

(xxi) Hydriodic acid.

(xxii) Benzaldehyde.

(xxiii) Nitroethane.

(xxiv) Gamma butyrolactone.

(xxv) Any salt, optical isomer, or salt of an optical isomer of the chemicals listed in clauses (xiii) through (xxi).

(31) LIST II CHEMICAL.—

(A) IN GENERAL.—The term ''list II chemical'' means a chemical (other than a list I chemical) specified by regulation of the Attorney General as a chemical that is used in manufacturing a controlled substance in violation of this division.

(B) INCLUSIONS.—The term ''list II chemical'' includes (until otherwise specified by regulation of the Attorney General, as considered appropriate by the Attorney General or on petition to the Attorney General by any person) the following chemicals:

(i) Acetic anhydride.

(ii) Acetone.

(iii) Benzyl chloride.

(iv) Ethyl ether.

(v) Potassium permanganate.

(vi) 2-Butanone (or Methyl Ethyl Ketone).

(vii) Toluene.

(viii) Iodine.

(ix) Hydrochloric gas.

(32) LISTED CHEMICAL.—The term ''listed chemical'' means any list I chemical or any list II chemical.

(33) MAINTENANCE TREATMENT.—The term ''maintenance treatment'' means the dispensing, for a period in excess of 21 days, of a narcotic drug in the treatment of an individual for dependence on heroin or other morphine-like drugs.

(34) MANUFACTURE.—

(A) IN GENERAL.—The term ''manufacture'' means the production, preparation, propagation, compounding, or processing of a drug or other substance, either directly or indirectly or by extraction from substances of natural origin, or independently by means of chemical synthesis or by a combination of extraction and chemical synthesis.

(B) INCLUSIONS.—The term ''manufacture'' includes any packaging or repackaging of a substance under subparagraph (A) or labeling or relabeling of its container.

(C) EXCLUSIONS.—The term ''manufacture'' does not include the preparation, compounding, packaging, or labeling of a drug or other substance in conformity with applicable State or local law by a practitioner as an incident to the practitioner's administration or dis-

pensing of the drug or substance in the course of the practitioner's professional practice.

(D) MANUFACTURER.—The term ''manufacturer'' means a person that manufactures a drug or other substance.

(35) MARIHUANA.—

(A) IN GENERAL.—Subject to subparagraph (B), the terms ''marihuana'' and ''marijuana'' mean—

(i) all parts of the plant Cannabis sativa L., whether growing or not;

(ii) the seeds of the plant Cannabis sativa L.;

(iii) the resin extracted from any part of the plant Cannabis sativa L.; and

(iv) every compound, manufacture, salt, derivative, mixture, or preparation of the plant Cannabis sativa L., its seeds or resin.

(B) EXCLUSIONS.—The terms ''marihuana'' and ''marijuana'' do not include—

(i) hemp, as defined in section 297A of the Agricultural Marketing Act of 1946 (7 U.S.C. 1639o); or

(ii) the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted from the mature stalks), fiber, oil, or cake, or the sterilized seed of the plant that is incapable of germination.

(36) MOBILE RETAIL VENDOR.—The term ''mobile retail vendor'' means a person or entity that makes sales at retail from a stand that is intended to be temporary, or is capable of being moved from 1 location to another, whether the stand is located within or on the premises of a fixed facility (such as a kiosk at a shopping center or an airport) or whether the stand is located on unimproved real estate (such as a lot or field leased for retail purposes).

(37) NARCOTIC DRUG.—

(A) IN GENERAL.—The term ''narcotic drug'' means any of the following whether produced directly or indirectly by extraction from substances of vegetable origin, or independently

by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(i) Opium, opiates, derivatives of opium and opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of the isomers, esters, ethers, and salts is possible within the specific chemical designation.

(ii) Poppy straw and concentrate of poppy straw.

(iii) Coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed.

(iv) Cocaine, its salts, optical and geometric isomers, and salts of isomers.

(v) Ecgonine, its derivatives, their salts, isomers, and salts of isomers.

(vi) Any compound, mixture, or preparation that contains any quantity of any of the substances referred to in clauses (i) through (v).

(B) EXCLUSIONS.—The term ''narcotic drug'' does not include the isoquinoline alkaloids of opium.

(38) ONLINE PHARMACY.—

(A) IN GENERAL.—The term ''online pharmacy'' means a person, entity, or internet site, whether in the United States or abroad, that knowingly or intentionally delivers, distributes, or dispenses, or offers or attempts to deliver, distribute, or dispense, a controlled substance by means of the internet.

(B) EXCLUSIONS.—The term ''online pharmacy'' does not include—

(i) manufacturers or distributors registered under subsection (b), (c), (f), or (g) of section 50503 of this title that do not dispense controlled substances to an unregistered individual or entity;

(ii) nonpharmacy practitioners that are registered under section 50503(h) of this title and whose activities are authorized by that registration;

(iii) any hospital or other medical facility that is operated by a Federal agency (including the Armed Forces), provided the

hospital or other facility is registered under section 50503(h) of this title;

(iv) a health care facility owned or operated by an Indian tribe or tribal organization, only to the extent the facility is carrying out a contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5301 et seq.);

(v) any agent or employee of any hospital or facility referred to in clause (iii) or (iv), provided the agent or employee is lawfully acting in the usual course of business or employment, and within the scope of the official duties of the agent or employee, with the hospital or facility, and, with respect to agents or employees of health care facilities specified in clause (iv), only to the extent the individuals are furnishing services pursuant to the contracts or compacts described in clause (iv);

(vi) mere advertisements that do not attempt to facilitate an actual transaction involving a controlled substance;

(vii) a person, entity, or internet site that is not in the United States and does

not facilitate the delivery, distribution, or dispensing of a controlled substance by means of the internet to any person in the United States;

(viii) a pharmacy registered under section 50503(h) of this title whose dispensing of controlled substances via the internet consists solely of—

(I) refilling prescriptions for controlled substances in schedule III, IV, or V, as defined in paragraph (45); or

(II) filling new prescriptions for controlled substances in schedule III, IV, or V, as defined in paragraph (24); or

(ix) any other persons for whom the Attorney General and the Secretary have jointly, by regulation, found it to be consistent with effective controls against diversion and otherwise consistent with the public health and safety to exempt from the definition of an ''online pharmacy''.

(39) OPIATE; OPIOID.—The term ''opiate'' or ''opioid'' means any drug or other substance having an addiction-forming or addiction-sustaining liability

similar to morphine or being capable of conversion into a drug having the addiction-forming or addiction-sustaining liability.

(40) OPIUM POPPY.—The term ''opium poppy'' means the plant of the species Papaver somniferum L., except the seed of the plant.

(41) POPPY STRAW.—The term ''poppy straw'' means all parts, except the seeds, of the opium poppy, after mowing.

(42) PRACTICE OF TELEMEDICINE.—The term ''practice of telemedicine'' means the practice of medicine in accordance with applicable Federal and State laws by a practitioner (other than a pharmacist) that is at a location remote from the patient and is communicating with the patient, or health care professional who is treating the patient, using a telecommunications system referred to in section 1834(m) of the Social Security Act (42 U.S.C. 1395m(m)), which practice—

(A) is being conducted—

(i) while the patient is being treated by, and physically located in, a hospital or clinic registered under section 50503(h) of this title; and

(ii) by a practitioner—

(I) acting in the usual course of professional practice;

(II) acting in accordance with applicable State law; and

(III) registered under section 50503(h) of this title in the State in which the patient is located, unless the practitioner—

(aa) is exempted from the registration in all States under section 50502(d) of this title; or

(bb) is—

(AA) an employee or contractor of the Department of Veterans Affairs that is acting in the scope of the employment or contract; and

(BB) registered under section 50503(h) of this title in any State or is utilizing the registration of a hospital or clinic operated by the Department of Veterans Af-

fairs registered under section 50503(h) of this title;

(B) is being conducted while the patient is being treated by, and in the physical presence of, a practitioner—

(i) acting in the usual course of professional practice;

(ii) acting in accordance with applicable State law; and

(iii) registered under section 50503(h) of this title in the State in which the patient is located, unless the practitioner—

(I) is exempted from the registration in all States under section 50502(d) of this title; or

(II) is—

(aa) an employee or contractor of the Department of Veterans Affairs that is acting in the scope of the employment or contract; and

(bb) registered under section 50503(h) of this title in any State or is using the registration of a hospital or clinic operated by

the Department of Veterans Affairs registered under section 50503(h) of this title;

(C) is being conducted by a practitioner—

(i) that is an employee or contractor of the Indian Health Service, or is working for an Indian tribe or tribal organization under its contract or compact with the Indian Health Service under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5301 et seq.);

(ii) that is acting within the scope of the employment, contract, or compact described in clause (i); and

(iii) that is designated as an Internet Eligible Controlled Substances Provider by the Secretary under section 50512(g)(2) of this title;

(D)(i) is being conducted during a public health emergency declared by the Secretary under section 319 of the Public Health Service Act (42 U.S.C. 247d); and

(ii) involves patients located in such areas, and such controlled substances, as the Secretary, with the concurrence of the Attorney

General, designates, provided that the designation shall not be subject to the procedures prescribed by subchapter II of chapter 5 of title 5;

(E) is being conducted by a practitioner that has obtained from the Attorney General a special registration under section 50512(h) of this title;

(F) is being conducted—

(i) in a medical emergency situation—

(I) that prevents the patient from being in the physical presence of a practitioner registered under section 50503(h) of this title that is an employee or contractor of the Veterans Health Administration acting in the usual course of business and employment and within the scope of the official duties or contract of that employee or contractor;

(II) that prevents the patient from being physically present at a hospital or clinic operated by the Department of Veterans Affairs registered under section 50503(h) of this title;

(III) during which the primary care practitioner of the patient or a practitioner otherwise practicing telemedicine within the meaning of this paragraph is unable to provide care or consultation; and

(IV) that requires immediate intervention by a health care practitioner using controlled substances to prevent what the practitioner reasonably believes in good faith will be imminent and serious clinical consequences, such as further injury or death; and

(ii) by a practitioner who—

(I) is an employee or contractor of the Veterans Health Administration acting within the scope of that employment or contract;

(II) is registered under section 50503(h) of this title in any State or is utilizing the registration of a hospital or clinic operated by the Department of Veterans Affairs registered

under section 50503(h) of this title; and

(III) issues a controlled substance prescription in this emergency context that is limited to a maximum of a 5-day supply which may not be extended or refilled; or

(G) is being conducted under any other circumstances that the Attorney General and the Secretary have jointly, by regulation, determined to be consistent with effective controls against diversion and otherwise consistent with the public health and safety.

(43) PRACTITIONER.—The term ''practitioner'' means a physician, dentist, veterinarian, scientific investigator, pharmacy, hospital, or other person licensed, registered, or otherwise permitted, by the United States or the jurisdiction in which the person practices or does research, to distribute, dispense, conduct research with respect to, administer, or use in teaching or chemical analysis, a controlled substance in the course of professional practice or research.

(44) PRODUCTION.—The term ''production'' includes the manufacture, planting, cultivation, growing, or harvesting of a controlled substance.

(45) REFILLING PRESCRIPTIONS FOR CONTROLLED SUBSTANCES IN SCHEDULE III, IV, OR V.—

(A) IN GENERAL.—The term ''refilling prescriptions for controlled substances in schedule III, IV, or V'' means the dispensing of a controlled substance in schedule III, IV, or V in accordance with refill instructions issued by a practitioner as part of a valid prescription that meets the requirements of subsections (b) and (c) of section 50509 of this title, as appropriate.

(B) EXCLUSIONS.—The term ''refilling prescriptions for controlled substances in schedule III, IV, or V'' does not include the issuance of a new prescription to an individual for a controlled substance that individual was previously prescribed.

(46) REGULAR CUSTOMER.—The term ''regular customer'' means, with respect to a regulated person, a customer with whom the regulated person has an established business relationship that is reported to the Attorney General.

(47) REGULAR IMPORTER.—The term ''regular importer'' means, with respect to a listed chemical, a person that has an established record as an importer of that listed chemical that is reported to the Attorney General.

(48) REGULATED PERSON.—The term ''regulated person'' means a person that manufactures, distributes, imports, or exports a listed chemical, a tableting machine, or an encapsulating machine or that acts as a broker or trader for an international transaction involving a listed chemical, a tableting machine, or an encapsulating machine.

(49) REGULATED SELLER.—

(A) IN GENERAL.—The term ''regulated seller'' means a retail distributor (including a pharmacy or a mobile retail vendor).

(B) EXCLUSIONS.—The term ''regulated seller'' does not include an employee or agent of a distributor described in subparagraph (A).

(50) REGULATED TRANSACTION.—

(A) IN GENERAL.—The term ''regulated transaction'' means—

(i) a distribution, receipt, sale, importation, or exportation of, or an international transaction involving shipment of,

a listed chemical, or if the Attorney General establishes a threshold amount for a specific listed chemical, a threshold amount, including a cumulative threshold amount for multiple transactions (as determined by the Attorney General, in consultation with the chemical industry and taking into consideration the quantities normally used for lawful purposes), of a listed chemical; and

(ii) a distribution, importation, or exportation of a tableting machine or encapsulating machine.

(B) EXCLUSIONS.—The term ''regulated transaction'' does not include—

(i) a domestic lawful distribution in the usual course of business between agents or employees of a single regulated person;

(ii) a delivery of a listed chemical to or by a common or contract carrier for carriage in the lawful and usual course of the business of the common or contract carrier, or to or by a warehouseman for storage in the lawful and usual course of

the business of the warehouseman, except that if the carriage or storage is in connection with the distribution, importation, or exportation of a listed chemical to a third person, this clause does not relieve a distributor, importer, or exporter from compliance with section 50511 of this title;

(iii) any category of transaction, or any category of transaction for a specific listed chemical or chemicals, specified by regulation of the Attorney General as excluded from this definition as unnecessary for enforcement of this division or division B;

(iv) any transaction in a listed chemical that is contained in a drug that may be marketed or distributed lawfully in the United States under subtitle I of this title, subject to clause (v), unless—

(I) the Attorney General has determined under section 50304 of this title that the drug or group of drugs is being diverted to obtain the listed chemical for use in the illicit production of a controlled substance; and

(II) the quantity of the listed chemical contained in the drug included in the transaction or multiple transactions equals or exceeds the threshold established for that chemical by the Attorney General;

(v) any transaction in a scheduled listed chemical product that is a sale at retail by a regulated seller or a distributor required to submit reports under section 50511(b)(3) of this title; or

(vi) any transaction in a chemical mixture that the Attorney General has by regulation designated as exempt from the application of this division or division B based on a finding that the mixture is formulated in such a way that it cannot be easily used in the illicit production of a controlled substance and that the listed chemical or chemicals contained in the mixture cannot be readily recovered.

(51) RETAIL DISTRIBUTOR.—

(A) IN GENERAL.—The term ''retail distributor'' means a grocery store, general merchandise store, drug store, or other entity or

person whose activities as a distributor relating to ephedrine, pseudoephedrine, or phenylpropanolamine products are limited almost exclusively to sales for personal use, both in number of sales and volume of sales, either directly to walk-in customers or in face-to-face transactions by direct sales.

(B) ENTITIES.—For purposes of this paragraph, entities are defined by reference to the Standard Industrial Classification (SIC) code, as follows:

(i) A grocery store is an entity within SIC code 5411.

(ii) A general merchandise store is an entity within SIC codes 5300 through 5399 and 5499.

(iii) A drug store is an entity within SIC code 5912.

(52) SCHEDULED LISTED CHEMICAL PRODUCT.—

(A) IN GENERAL.—The term ''scheduled listed chemical product'' means, subject to subparagraph (C), a product that—

(i) contains ephedrine, pseudoephedrine, or phenylpropanolamine; and

(ii) may be marketed or distributed lawfully in the United States under subtitle I of this title as a nonprescription drug.

(B) INCLUSIONS.—Each reference in subparagraph (A)(i) to ephedrine, pseudoephedrine, or phenylpropanolamine includes each of the salts, optical isomers, and salts of optical isomers of the chemical.

(C) EXCLUSIONS.—The term ''scheduled listed chemical product'' does not include a product described in subparagraph (A) if the product contains a chemical specified in subparagraph (A) that the Attorney General has under section 50301(a) of this title added to any of the schedules under section 50302(c) of this title. In the absence of any such scheduling by the Attorney General, a chemical specified in subparagraph (A) may not be considered to be a controlled substance.

(53) SECRETARY.—The term ''Secretary'', unless the context otherwise indicates, means the Secretary of Health and Human Services.

(54) SERIOUS BODILY INJURY.—The term ''serious bodily injury'' means bodily injury that involves—

(A) a substantial risk of death;

(B) protracted and obvious disfigurement; or

(C) protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

(55) SERIOUS DRUG FELONY.—The term ''serious drug felony'' means an offense described in section 924(e)(2) of title 18 for which—

(A) the offender served a term of imprisonment of more than 12 months; and

(B) the offender's release from any term of imprisonment was within 15 years of the commencement of the instant offense.

(56) SERIOUS VIOLENT FELONY.—The term ''serious violent felony'' means—

(A) an offense described in section 3559(c)(2) of title 18 for which the offender

served a term of imprisonment of more than 12 months; and

(B) any offense that would be a felony violation of section 113 of title 18, if the offense were committed in the special maritime and territorial jurisdiction of the United States, for which the offender served a term of imprisonment of more than 12 months.

(57) SINGLE CONVENTION ON NARCOTIC DRUGS.—The term ''Single Convention on Narcotic Drugs'' means the Single Convention on Narcotic Drugs, 1961, done at New York, New York March 30, 1961 (18 UST 1407; TIAS 6298).

(58) STATE.—The term ''State'' means a State, the District of Columbia, and any commonwealth or territory (including a possession) of the United States.

(59) SUSPICIOUS ORDER.—The term ''suspicious order'' includes—

(A) an order of a controlled substance of unusual size;

(B) an order of a controlled substance deviating substantially from a normal pattern; and

(C) orders of controlled substances of unusual frequency.

(60) TRADER.—The term ''trader'' has the meaning given the term ''broker'' in paragraph (6).

(61) ULTIMATE USER.—The term ''ultimate user'' means an individual who has lawfully obtained, and who possesses, a controlled substance for the individual's own use or for the use of a member of the individual's household or for an animal owned by the individual or by a member of the individual's household.

(62) UNITED STATES.—The term ''United States'', when used in a geographic sense, means all places and waters, continental or insular, subject to the jurisdiction of the United States.

**§ 50102. Congressional findings and declarations**

Congress makes the following findings and declarations:

(1) Many of the drugs included within this division have a useful and legitimate medical purpose and are necessary to maintain the health and general welfare of the American people.

(2) The illegal importation, manufacture, distribution, and possession and improper use of controlled substances have a substantial and detri-

mental effect on the health and general welfare of the American people.

(3) A major portion of the traffic in controlled substances flows through interstate and foreign commerce. Incidents of the traffic that are not an integral part of the interstate or foreign flow, such as manufacture, local distribution, and possession, nonetheless have a substantial and direct effect on interstate commerce because—

(A) after manufacture, many controlled substances are transported in interstate commerce;

(B) controlled substances distributed locally usually have been transported in interstate commerce immediately before their distribution; and

(C) controlled substances possessed commonly flow through interstate commerce immediately prior to the possession.

(4) Local distribution and possession of controlled substances contribute to swelling the interstate traffic in those controlled substances.

(5) Controlled substances manufactured and distributed intrastate cannot be differentiated from controlled substances manufactured and distributed

interstate. Thus, it is not feasible to distinguish, in terms of controls, between controlled substances manufactured and distributed interstate and controlled substances manufactured and distributed intrastate.

(6) Federal control of the intrastate incidents of the traffic in controlled substances is essential to the effective control of the interstate incidents of the traffic.

(7) The United States is a party to the Single Convention on Narcotic Drugs and other international conventions designed to establish effective control over international and domestic traffic in controlled substances.

# Chapter 503—Authority To Control; Standards and Schedules

Sec.
50301. Authority and criteria for classification of substances.
50302. Schedules of controlled substances.
50303. Treatment of controlled substance analogues.
50304. Removal of exemption of certain drugs.

## § 50301. Authority and criteria for classification of substances

(a) RULES AND REGULATIONS OF ATTORNEY GENERAL.—

(1) IN GENERAL.—The Attorney General shall apply the provisions of this division to the controlled substances listed in the schedules established by sec-

tion 50302 of this title and to any other drug or other substance added to the schedules under this division. Except as provided in subsections (d) and (e), the Attorney General may by rule—

(A) add to such a schedule or transfer between the schedules any drug or other substance if the Attorney General—

(i) finds that the drug or other substance has a potential for abuse; and

(ii) makes with respect to the drug or other substance the findings prescribed by subsection (b) of section 50302 of this title for the schedule in which the drug is to be placed; or

(B) remove any drug or other substance from the schedules if the Attorney General finds that the drug or other substance does not meet the requirements for inclusion in any schedule.

(2) HEARING.—Rules of the Attorney General under this subsection shall be made on the record after opportunity for a hearing pursuant to the rulemaking procedures prescribed by subchapter II of chapter 5 of title 5.

(3) INITIATION OF PROCEEDINGS.—Proceedings for the issuance, amendment, or repeal of the rules may be initiated by the Attorney General—

(A) on the Attorney General's own motion;

(B) at the request of the Secretary; or

(C) on the petition of any interested party.

(b) EVALUATION OF DRUGS AND OTHER SUBSTANCES.—

(1) REQUEST FOR SCIENTIFIC AND MEDICAL EVALUATION AND FOR RECOMMENDATIONS FROM SECRETARY.—The Attorney General shall, before initiating proceedings under subsection (a) to control a drug or other substance or to remove a drug or other substance entirely from the schedules, and after gathering the necessary data, request from the Secretary a scientific and medical evaluation, and the Secretary's recommendations, as to whether the drug or other substance should be controlled or removed as a controlled substance.

(2) FACTORS TO BE CONSIDERED BY SECRETARY.—In making the evaluation and recommendations, the Secretary shall consider the factors listed in paragraphs (2), (3), (6), (7), and (8) of subsection (c) and any scientific or medical con-

siderations involved in paragraphs (1), (4), and (5) of subsection (c).

(3) RECOMMENDATIONS WITH RESPECT TO SCHEDULE.—The recommendations of the Secretary shall include recommendations with respect to the appropriate schedule, if any, under which the drug or other substance should be listed.

(4) FORMAT; DEADLINE.—The evaluation and the recommendations of the Secretary shall be made in writing and submitted to the Attorney General within a reasonable time.

(5) BINDING NATURE OF RECOMMENDATIONS.—The recommendations of the Secretary to the Attorney General shall be binding on the Attorney General as to the scientific and medical matters, and if the Secretary recommends that a drug or other substance not be controlled, the Attorney General shall not control the drug or other substance.

(6) SUBSTANTIAL EVIDENCE OF POTENTIAL FOR ABUSE.—If the Attorney General determines that these facts and all other relevant data constitute substantial evidence of potential for abuse such as to warrant control or substantial evidence that the drug or other substance should be removed entirely from the schedules, they Attorney General

shall initiate proceedings for control or removal, as the case may be, under subsection (a).

(c) FACTORS DETERMINATIVE OF CONTROL OR REMOVAL FROM SCHEDULES.—In making any finding under subsection (a) or under section 50302(b) of this title, the Attorney General shall consider the following factors with respect to each drug or other substance proposed to be controlled or removed from the schedules:

(1) Its actual or relative potential for abuse.

(2) Scientific evidence of its pharmacological effect, if known.

(3) The state of current scientific knowledge regarding the drug or other substance.

(4) Its history and current pattern of abuse.

(5) The scope, duration, and significance of abuse.

(6) What, if any, risk there is to the public health.

(7) Its psychic or physiological dependence liability.

(8) Whether the substance is an immediate precursor of a substance already controlled under this division.

(d) INTERNATIONAL TREATIES, CONVENTIONS, AND PROTOCOLS REQUIRING CONTROL.—

(1) CONTROL REQUIRED BY OBLIGATIONS.—If control is required by United States obligations under international treaties, conventions, or protocols in effect on October 27, 1970, the Attorney General shall issue an order controlling the drug under the schedule that the Attorney General considers most appropriate to carry out the obligations, without regard to—

(A) the findings required by subsection (a) or section 50302(b) of this title; and

(B) the procedures prescribed by subsections (a) and (b).

(2) RESPONSIBILITIES OF THE SECRETARY.—

(A) NOTIFICATION FROM SECRETARY-GENERAL OF UNITED NATIONS RELATING TO INFORMATION TRANSMITTED BY OR TO WORLD HEALTH ORGANIZATION.—If the Secretary of State receives notification from the Secretary-General of the United Nations that information has been transmitted by or to the World Health Organization, pursuant to article 2 of the Convention on Psychotropic Substances, that may justify adding a drug or other substance to one of the schedules of the Convention on Psychotropic Substances, transferring a drug or sub-

stance from one schedule to another, or deleting it from the schedules, the Secretary of State shall immediately transmit the notice to the Secretary who shall publish it in the Federal Register and provide opportunity to interested persons to submit to the Secretary comments respecting the scientific and medical evaluations that the Secretary is to prepare respecting the drug or substance. The Secretary shall prepare for transmission through the Secretary of State to the World Health Organization such medical and scientific evaluations as may be appropriate regarding the possible action that could be proposed by the World Health Organization respecting the drug or substance with respect to which a notice was transmitted under this subparagraph.

(B) INFORMATION RELATING TO COMMISSION ON NARCOTIC DRUGS OF THE UNITED NATIONS.—If the Secretary of State receives information that the Commission on Narcotic Drugs of the United Nations proposes to decide whether to add a drug or other substance to one of the schedules of the Convention on Psychotropic Substances, transfer a drug or substance from

one schedule to another, or delete it from the schedules, the Secretary of State shall transmit timely notice, to the Secretary, of the information and the Secretary shall publish a summary of the information in the Federal Register and provide opportunity to interested persons to submit to the Secretary comments respecting the recommendation that the Secretary is to furnish, pursuant to this subparagraph, respecting the proposal. The Secretary shall evaluate the proposal and furnish a recommendation to the Secretary of State, which recommendation shall be binding on the representative of the United States in discussions and negotiations relating to the proposal.

(3) NOTIFICATION OF SCHEDULING DECISION.—If the United States receives notification of a scheduling decision pursuant to article 2 of the Convention on Psychotropic Substances that a drug or other substance has been added or transferred to a schedule specified in the notification or receives notification (referred to in this subsection as a ''schedule notice'') that existing legal controls applicable under this division to a drug or substance and the controls required by subtitle I of this title do not

meet the requirements of the schedule of the Convention on Psychotropic Substances in which the drug or substance has been placed, the Secretary, after consultation with the Attorney General, shall first determine whether existing legal controls under this division applicable to the drug or substance and the controls required by subtitle I of this title meet the requirements of the schedule specified in the notification or schedule notice and shall take the following action:

(A) If the requirements are met by the existing controls but the Secretary nonetheless believes that more stringent controls should be applied to the drug or substance, the Secretary shall recommend to the Attorney General that the Attorney General initiate proceedings for scheduling the drug or substance, pursuant to subsections (a) and (b), to apply the more stringent controls.

(B) If the requirements are not met by the existing controls and the Secretary concurs in the scheduling decision or schedule notice transmitted by the notification, the Secretary shall recommend to the Attorney General that the Attorney General initiate proceedings for sched-

uling the drug or substance under the appropriate schedule pursuant to subsections (a) and (b).

(C) If the requirements are not met by the existing controls and the Secretary does not concur in the scheduling decision or schedule notice transmitted by the notification, the Secretary shall—

(i) if the Secretary determines that additional controls are necessary to protect the public health and safety, recommend to the Attorney General that the Attorney General initiate proceedings for scheduling the drug or substance pursuant to subsections (a) and (b), to apply the additional controls;

(ii) request the Secretary of State to transmit a notice of qualified acceptance, within the period specified in the Convention on Psychotropic Substances, pursuant to paragraph 7 of article 2 of the Convention on Psychotropic Substances, to the Secretary-General of the United Nations;

(iii) request the Secretary of State to transmit a notice of qualified acceptance as

prescribed in clause (ii) and request the Secretary of State to ask for a review by the Economic and Social Council of the United Nations, in accordance with paragraph 8 of article 2 of the Convention on Psychotropic Substances, of the scheduling decision; or

(iv) in the case of a schedule notice, request the Secretary of State to take appropriate action under the Convention on Psychotropic Substances to initiate proceedings to remove the drug or substance from the schedules under the Convention on Psychotropic Substances or to transfer the drug or substance to a schedule under the Convention on Psychotropic Substances different from the one specified in the schedule notice.

(4) ACTIONS BY ATTORNEY GENERAL.—

(A) TEMPORARY ORDER.—

(i) IN GENERAL.—If the Attorney General determines, after consultation with the Secretary, that proceedings initiated under recommendations made under subparagraph (B) or (C)(i) of paragraph (3)

will not be completed within the time period required by paragraph 7 of article 2 of the Convention on Psychotropic Substances, the Attorney General, after consultation with the Secretary and after providing interested persons opportunity to submit comments respecting the requirements of the temporary order to be issued under this clause, shall issue a temporary order controlling the drug or substance under schedule IV or V, whichever is most appropriate to carry out the minimum United States obligations under paragraph 7 of article 2 of the Convention on Psychotropic Substances.

(ii) EXCEPTING DRUG OR SUBSTANCE FROM APPLICATION OF CERTAIN PROVISIONS.—As a part of the order, the Attorney General shall, after consultation with the Secretary, except the drug or substance from the application of any provision of chapter 505 of this title that the Attorney General finds is not required to carry out the United States obligations

under paragraph 7 of article 2 of the Convention on Psychotropic Substances.

(iii) NOTICE OF QUALIFIED ACCEPTANCE.—In the case of proceedings initiated under paragraph (3)(B), the Attorney General, concurrently with the issuance of the order, shall request the Secretary of State to transmit a notice of qualified acceptance to the Secretary-General of the United Nations pursuant to paragraph 7 of article 2 of the Convention on Psychotropic Substances.

(iv) EXPIRATION.—A temporary order issued under this subparagraph controlling a drug or other substance subject to proceedings initiated under subsections (a) and (b) shall expire on the effective date of the application to the drug or substance of the controls resulting from the proceedings.

(B) ORDER CONTROLLING THE DRUG OR SUBSTANCE UNDER SCHEDULE IV OR V.—

(i) IN GENERAL.—After a notice of qualified acceptance of a scheduling decision with respect to a drug or other sub-

stance is transmitted to the Secretary-General of the United Nations in accordance with clause (ii) or (iii) of paragraph (3)(C) or after a request has been made under paragraph (3)(C)(iv) with respect to a drug or substance described in a schedule notice, the Attorney General, after consultation with the Secretary and after providing interested persons opportunity to submit comments respecting the requirements of the order to be issued under this clause, shall issue an order controlling the drug or substance under schedule IV or V, whichever is most appropriate to carry out the minimum United States obligations under paragraph 7 of article 2 of the Convention on Psychotropic Substances in the case of a drug or substance for which a notice of qualified acceptance was transmitted or whichever the Attorney General determines is appropriate in the case of a drug or substance described in a schedule notice.

(ii) EXCEPTING DRUG OR SUBSTANCE FROM APPLICATION OF CERTAIN PROVI-

SIONS.—As a part of the order, the Attorney General shall, after consultation with the Secretary, except the drug or substance from the application of any provision of chapter 505 of this title that the Attorney General finds is not required to carry out the United States obligations under paragraph 7 of article 2 of the Convention on Psychotropic Substances.

(iii) EXPIRATION ON RECEIPT OF REVIEW DECISION.—

(I) REVIEW.—Expiration under subclause (II) shall apply if, as a result of a review under paragraph 8 of article 2 of the Convention on Psychotropic Substances of the scheduling decision with respect to which a notice of qualified acceptance was transmitted in accordance with clause (ii) or (iii) of paragraph (3)(C)—

(aa) the scheduling decision is reversed; and

(bb) the drug or substance subject to the scheduling decision is not required to be controlled

under schedule IV or V to carry out the minimum United States obligations under paragraph 7 of article 2 of the Convention on Psychotropic Substances.

(II) EXPIRATION.—An order issued under this subparagraph with respect to the drug or substance under subclause (I)(bb) shall expire on receipt by the United States of the decision to reverse under subclause (I)(aa).

(iv) EXPIRATION ON RECEIPT OF NOTICE OF ACTION.—If, as a result of action taken pursuant to action initiated under a request transmitted under paragraph (3)(C)(iv), the drug or substance with respect to which the action was taken is not required to be controlled under schedule IV or V, the order issued under this subparagraph with respect to the drug or substance shall expire on receipt by the United States of a notice of the action taken with respect to the drug or sub-

stance under the Convention on Psychotropic Substances.

(C) EFFECT OF FINDINGS AND PROCEDURES TO ORDERS.—An order issued under subparagraph (A) or (B) may be issued without regard to—

(i) the findings required by subsection (a) or section 50302(b) of this title; and

(ii) the procedures prescribed by subsection (a) or (b).

(5) EFFECT OF CERTAIN PROVISIONS ON REQUESTS FOR REVIEW OF SCHEDULING DECISIONS UNDER CONVENTION.—Nothing in the amendments made by the Psychotropic Substances Act of 1978 (Public Law 95–633, 92 Stat. 3768) or the regulations or orders promulgated thereunder shall be construed to preclude requests by the Secretary or the Attorney General through the Secretary of State, pursuant to article 2 or other applicable provisions of the Convention on Psychotropic Substances, for review of scheduling decisions under the Convention on Psychotropic Substances, based on new or additional information.

(e) IMMEDIATE PRECURSORS.—The Attorney General may, without regard to the findings required by sub-

section (a) or section 50302(b) of this title and without regard to the procedures prescribed by subsections (a) and (b), place an immediate precursor in the same schedule in which the controlled substance of which it is an immediate precursor is placed or in any other schedule with a higher numerical designation. If the Attorney General designates a substance as an immediate precursor and places it in a schedule, other substances shall not be placed in a schedule solely because they are its precursors.

(f) ABUSE POTENTIAL.—If, at the time a new drug application is submitted to the Secretary for any drug having a stimulant, depressant, or hallucinogenic effect on the central nervous system, it appears that the drug has an abuse potential, the information shall be forwarded by the Secretary to the Attorney General.

(g) EXCLUSION OF NON-NARCOTIC SUBSTANCES SOLD OVER THE COUNTER WITHOUT A PRESCRIPTION.—

(1) IN GENERAL.—The Attorney General shall by regulation exclude any non-narcotic drug that contains a controlled substance from the application of this division and division B if the drug may, under subtitle I of this title, be lawfully sold over the counter without a prescription.

(2) DEXTROMETHORPHAN.—Dextromethorphan shall not be deemed to be included in any schedule

by reason of enactment of this division unless controlled pursuant to subsections (a) through (f).

(3) COMPOUND, MIXTURE, OR PREPARATION CONTAINING A CONTROLLED SUBSTANCE.—The Attorney General may, by regulation, exempt any compound, mixture, or preparation containing a controlled substance from the application of all or any part of this division if the Attorney General finds that the compound, mixture, or preparation meets the requirements of one of the following categories:

(A) A mixture, or preparation containing a non-narcotic controlled substance, which mixture or preparation is approved for prescription use, and which contains 1 or more other active ingredients that are not listed in any schedule and that are included in a schedule in the combinations, quantity, proportion, or concentration as to vitiate the potential for abuse.

(B) A compound, mixture, or preparation that contains any controlled substance, that is not for administration to a human being or animal, and that is packaged in such form or concentration, or with adulterants or denaturants, so that as packaged, it does not present any significant potential for abuse.

(C) On the recommendation of the Secretary, a compound, mixture, or preparation that contains any anabolic steroid, that is intended for administration to a human being or an animal, and that, because of its concentration, preparation, formulation or delivery system, does not present any significant potential for abuse.

(h) TEMPORARY SCHEDULING TO AVOID IMMINENT HAZARDS TO PUBLIC SAFETY.—

(1) IN GENERAL.—

(A) AUTHORITY.—If the Attorney General finds that the scheduling of a substance in schedule I on a temporary basis is necessary to avoid an imminent hazard to the public safety, the Attorney General may, by order and without regard to the requirements of subsection (b) relating to the Secretary, schedule the substance in schedule I if the substance is not listed in any other schedule in section 50302 of this title or if no exemption or approval is in effect for the substance under chapter 135 of this title.

(B) ORDER.—An order under subparagraph (A) may not be issued before the expiration of 30 days from—

(i) the date of the publication by the Attorney General of a notice in the Federal Register of the intention to issue the order and the grounds on which the order is to be issued; and

(ii) the date the Attorney General has transmitted the notice required by paragraph (4).

(2) EXPIRATION.—The scheduling of a substance under this subsection shall expire at the end of 2 years from the date of the issuance of the order scheduling the substance, except that the Attorney General may, during the pendency of proceedings under subsection (a)(1)(A) with respect to the substance, extend the temporary scheduling for up to 1 year.

(3) REQUIRED CONSIDERATIONS RELATING TO FINDING OF IMMINENT HAZARD.—When issuing an order under paragraph (1), the Attorney General shall be required to consider, with respect to the finding of an imminent hazard to the public safety, only those factors set forth in paragraphs (4), (5),

and (6) of subsection (c), including actual abuse, diversion from legitimate channels, and clandestine importation, manufacture, or distribution.

(4) NOTICE TO AND RESPONSE BY SECRETARY.—The Attorney General shall transmit notice of an order proposed to be issued under paragraph (1) to the Secretary. In issuing an order under paragraph (1), the Attorney General shall take into consideration any comments submitted by the Secretary in response to a notice transmitted pursuant to this paragraph.

(5) ORDER TO BE VACATED ON SUBSEQUENT RULEMAKING.—An order issued under paragraph (1) with respect to a substance shall be vacated on the conclusion of a subsequent rulemaking proceeding initiated under subsection (a) with respect to the substance.

(6) JUDICIAL REVIEW.—An order issued under paragraph (1) is not subject to judicial review.

(i) TEMPORARY AND PERMANENT SCHEDULING OF RECENTLY EMERGED ANABOLIC STEROIDS.—

(1) IN GENERAL.—The Attorney General may issue a temporary order adding a drug or other substance to the definition of anabolic steroids if the Attorney General finds that—

(A) the drug or other substance satisfies the criteria for being considered an anabolic steroid under section 50101(4) of this title but is not listed in that section or by regulation of the Attorney General as being an anabolic steroid; and

(B) adding the drug or other substance to the definition of anabolic steroids will assist in preventing abuse or misuse of the drug or other substance.

(2) EFFECTIVE DATE OF ORDER; PUBLICATION; GROUNDS; EXPIRATION.—

(A) IN GENERAL.—An order issued under paragraph (1) shall not take effect until 30 days after the date of the publication by the Attorney General of a notice in the Federal Register of the intention to issue the order and the grounds on which the order is to be issued.

(B) EXPIRATION.—The order shall expire not later than 24 months after the date it becomes effective, except that the Attorney General may, during the pendency of proceedings under paragraph (6), extend the temporary scheduling order for up to 6 months.

(3) NOTICE TO AND RESPONSE BY SECRETARY.—The Attorney General shall transmit notice of an order proposed to be issued under paragraph (1) to the Secretary. In issuing an order under paragraph (1), the Attorney General shall take into consideration any comments submitted by the Secretary in response to a notice transmitted pursuant to this paragraph.

(4) ORDER TO BE VACATED ON SUBSEQUENT RULEMAKING.—A temporary scheduling order issued under paragraph (1) shall be vacated on the issuance of a permanent scheduling order under paragraph (6).

(5) JUDICIAL REVIEW.—An order issued under paragraph (1) is not subject to judicial review.

(6) PERMANENT ORDER.—The Attorney General may, by rule, issue a permanent order adding a drug or other substance to the definition of anabolic steroids if the drug or other substance satisfies the criteria for being considered an anabolic steroid under section 50101(4) of this title. The rulemaking may be commenced simultaneously with the issuance of the temporary order issued under paragraph (1).

(j) INTERIM FINAL RULE; DATE OF ISSUANCE; PROCEDURE FOR FINAL RULE.—

(1) ISSUANCE.—With respect to a drug referred to in subsection (f), if the Secretary recommends that the Attorney General control the drug in schedule II, III, IV, or V pursuant to subsections (a) and (b), the Attorney General shall, not later than 90 days after the date described in paragraph (2), issue an interim final rule controlling the drug in accordance with the subsections and section 50302(b) of this title using the procedures described in paragraph (3).

(2) DATE.—The date described in this paragraph shall be the later of—

(A) the date on which the Attorney General receives the scientific and medical evaluation and the scheduling recommendation from the Secretary in accordance with subsection (b); or

(B) the date on which the Attorney General receives notification from the Secretary that the Secretary has approved an application under section 13504, chapter 137, or section 14502 of this title or section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)), or indexed a drug under section 14503 of this

title, with respect to the drug described in paragraph (1).

(3) PROCEDURE.—A rule issued by the Attorney General under paragraph (1) shall become immediately effective as an interim final rule without requiring the Attorney General to demonstrate good cause for the regulation. The interim final rule shall give interested persons the opportunity to comment and to request a hearing. After the conclusion of the proceedings, the Attorney General shall issue a final rule in accordance with the scheduling criteria of subsections (b), (c), and (d) and section 50302(b) of this title.

**§ 50302. Schedules of controlled substances**

(a) ESTABLISHMENT.—

(1) IN GENERAL.—There are established 5 schedules of controlled substances, to be known as schedules I, II, III, IV, and V.

(2) SUBSTANCES.—The schedules shall initially consist of the substances listed in this section.

(3) ANNUAL UPDATE AND PUBLICATION.—The schedules established by this section shall be updated and republished on an annual basis.

(b) PLACEMENT ON SCHEDULES.—Except where control is required by United States obligations under an

international treaty, convention, or protocol, in effect on October 27, 1970, and except in the case of an immediate precursor, a drug or other substance may not be placed in any schedule unless the findings required for the schedule are made with respect to the drug or other substance. The findings required for each of the schedules are as follows:

(1) SCHEDULE I.—

(A) The drug or other substance has a high potential for abuse.

(B) The drug or other substance has no currently accepted medical use in treatment in the United States.

(C) There is a lack of accepted safety for use of the drug or other substance under medical supervision.

(2) SCHEDULE II.—

(A) The drug or other substance has a high potential for abuse.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States or a currently accepted medical use with severe restrictions.

(C) Abuse of the drug or other substances may lead to severe psychological or physical dependence.

(3) SCHEDULE III.—

(A) The drug or other substance has a potential for abuse less than the drugs or other substances in schedules I and II.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to moderate or low physical dependence or high psychological dependence.

(4) SCHEDULE IV.—

(A) The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule III.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule III.

(5) SCHEDULE V.—

(A) The drug or other substance has a low potential for abuse relative to the drugs or other substances in schedule IV.

(B) The drug or other substance has a currently accepted medical use in treatment in the United States.

(C) Abuse of the drug or other substance may lead to limited physical dependence or psychological dependence relative to the drugs or other substances in schedule IV.

(c) INITIAL SCHEDULES OF CONTROLLED SUBSTANCES.—Schedules I, II, III, IV, and V shall, unless and until amended pursuant to section 50301 of this title, consist of the following drugs or other substances, by whatever official name, common or usual name, chemical name, or brand name designated:

(1) SCHEDULE I.—

(A) OPIATES.—Unless specifically excepted or unless listed in another schedule, any of the following opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of the isomers, esters, ethers, and salts is possible within the specific chemical designation:

(i) Acetylmethadol.

(ii) Allylprodine.

(iii) Alphacetylmethadol.

(iv) Alphameprodine.

(v) Alphamethadol.

(vi) Benzethidine.

(vii) Betacetylmethadol.

(viii) Betameprodine.

(ix) Betamethadol.

(x) Betaprodine.

(xi) Clonitazene.

(xii) Dextromoramide.

(xiii) Dextrorphan.

(xiv) Diampromide.

(xv) Diethylthiambutene.

(xvi) Dimenoxadol.

(xvii) Dimepheptanol.

(xviii) Dimethylthiambutene.

(xix) Dioxaphetyl butyrate.

(xx) Dipipanone.

(xxi) Ethylmethylthiambutene.

(xxii) Etonitazene.

(xxiii) Etoxeridine.

(xxiv) Furethidine.

(xxv) Hydroxypethidine.

(xxvi) Ketobemidone.

(xxvii) Levomoramide.

(xxviii) Levophenacylmorphan.

(xxix) Morpheridine.

(xxx) Noracymethadol.

(xxxi) Norlevorphanol.

(xxxii) Normethadone.

(xxxiii) Norpipanone.

(xxxiv) Phenadoxone.

(xxxv) Phenampromide.

(xxxvi) Phenomorphan.

(xxxvii) Phenoperidine.

(xxxviii) Piritramide.

(xxxix) Proheptazine.

(xl) Properidine.

(xli) Racemoramide.

(xlii) Trimeperidine.

(B) OPIUM DERIVATIVES.—Unless specifically excepted or unless listed in another schedule, any of the following opium derivatives, their salts, isomers, and salts of isomers whenever the existence of the salts, isomers, and salts of isomers is possible within the specific chemical designation:

(i) Acetorphine.

(ii) Acetyldihydrocodeine.

(iii) Benzylmorphine.

(iv) Codeine methylbromide.

(v) Codeine-N-Oxide.

(vi) Cyprenorphine.

(vii) Desomorphine.

(viii) Dihydromorphine.

(ix) Etorphine.

(x) Heroin.

(xi) Hydromorphinol.

(xii) Methyldesorphine.

(xiii) Methylhydromorphine.

(xiv) Morphine methylbromide.

(xv) Morphine methylsulfonate.

(xvi) Morphine-N-Oxide.

(xvii) Myrophine.

(xviii) Nicocodeine.

(xix) Nicomorphine.

(xx) Normorphine.

(xxi) Pholcodine.

(xxii) Thebacon.

(C) HALLUCINOGENIC SUBSTANCES.—Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation that contains any quantity of the following hallucinogenic substances, or

that contains any of their salts, isomers, and salts of isomers whenever the existence of the salts, isomers, and salts of isomers is possible within the specific chemical designation:

(i) 3,4-methylenedioxy amphetamine.

(ii) 5-methoxy-3,4-methylenedioxy amphetamine.

(iii) 3,4,5-trimethoxy amphetamine.

(iv) Bufotenine.

(v) Diethyltryptamine.

(vi) Dimethyltryptamine.

(vii) 4-methyl-2,5-dimethoxyamphetamine.

(viii) Ibogaine.

(ix) Lysergic acid diethylamide.

(x) Marihuana.

(xi) Mescaline.

(xii) Peyote.

(xiii) N-ethyl-3-piperidyl benzilate.

(xiv) N-methyl-3-piperidyl benzilate.

(xv) Psilocybin.

(xvi) Psilocyn.

(xvii) Tetrahydrocannabinols, except for tetrahydrocannabinols in hemp (as defined under section 297A of the Agricul-

tural Marketing Act of 1946 (7 U.S.C. 1639o)).

(xviii) 4-methylmethcathinone (Mephedrone).

(xix) 3,4-methylenedioxypyrovalerone (MDPV).

(xx) 2-(2,5-Dimethoxy-4-ethylphenyl)ethanamine (2C–E).

(xxi) 2-(2,5-Dimethoxy-4-methylphenyl)ethanamine (2C–D).

(xxii) 2-(4-Chloro-2,5-dimethoxyphenyl)ethanamine (2C–C).

(xxiii) 2-(4-Iodo-2,5-dimethoxyphenyl)ethanamine (2C–I).

(xxiv) 2-[4-(Ethylthio)-2,5-dimethoxyphenyl]ethanamine (2C–T–2).

(xxv) 2-[4-(Isopropylthio)-2,5-dimethoxyphenyl]ethanamine (2C–T–4).

(xxvi) 2-(2,5-Dimethoxyphenyl)ethanamine (2C–H).

(xxvii) 2-(2,5-Dimethoxy-4-nitrophenyl)ethanamine (2C–N).

(xxviii) 2-(2,5-Dimethoxy-4-(n)-propylphenyl)ethanamine (2C–P).

(D) CANNABIMIMETIC AGENTS.—

(i) DEFINITION OF CANNABIMIMETIC AGENTS.—In clause (ii):

(I) IN GENERAL.—The term ''cannabimimetic agents'' means any substance that is a cannabinoid receptor type 1 (CB1 receptor) agonist as demonstrated by binding studies and functional assays within any of the following structural classes:

(aa) 2-(3-hydroxycyclohexyl)phenol with substitution at the 5-position of the phenolic ring by alkyl or alkenyl, whether or not substituted on the cyclohexyl ring to any extent.

(bb) 3-(1-naphthoyl)indole or 3-(1-naphthylmethane)indole by substitution at the nitrogen atom of the indole ring, whether or not further substituted on the indole ring to any extent, whether or not substituted on the naphthoyl or naphthyl ring to any extent.

(cc) 3-(1-naphthoyl)pyrrole by substitution at the nitrogen atom of the pyrrole ring, whether or not further substituted in the pyrrole ring to any extent, whether or not substituted on the naphthoyl ring to any extent.

(dd) 1-(1-naphthylmethylene)indene by substitution of the 3-position of the indene ring, whether or not further substituted in the indene ring to any extent, whether or not substituted on the naphthyl ring to any extent.

(ee) 3-phenylacetylindole or 3-benzoylindole by substitution at the nitrogen atom of the indole ring, whether or not further substituted in the indole ring to any extent, whether or not substituted on the phenyl ring to any extent.

(II) INCLUSIONS.—The term ''cannabimimetic agents'' includes—

(aa) 5-(1,1-dimethylheptyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol (CP–47,497);

(bb) 5-(1,1-dimethyloctyl)-2-[(1R,3S)-3-hydroxycyclohexyl]-phenol (cannabicyclohexanol or CP–47,497 C8-homolog);

(cc) 1-pentyl-3-(1-naphthoyl)indole (JWH–018 and AM678);

(dd) 1-butyl-3-(1-naphthoyl)indole (JWH–073);

(ee) 1-hexyl-3-(1-naphthoyl)indole (JWH–019);

(ff) 1-[2-(4-morpholinyl)ethyl]-3-(1-naphthoyl)indole (JWH–200);

(gg) 1-pentyl-3-(2-methoxyphenylacetyl)indole (JWH–250);

(hh) 1-pentyl-3-[1-(4-methoxynaphthoyl)]indole (JWH–081);

(ii) 1-pentyl-3-(4-methyl-1-naphthoyl)indole (JWH–122);

(jj) 1-pentyl-3-(4-chloro-1-naphthoyl)indole (JWH–398);

(kk) 1-(5-fluoropentyl)-3-(1-naphthoyl)indole (AM2201);

(ll) 1-(5-fluoropentyl)-3-(2-iodobenzoyl)indole (AM694);

(mm) 1-pentyl-3-[(4-methoxy)-benzoyl]indole (SR–19 and RCS–4);

(nn) 1-cyclohexylethyl-3-(2-methoxyphenylacetyl)indole (SR–18 and RCS–8); and

(oo) 1-pentyl-3-(2-chlorophenylacetyl)indole (JWH–203).

(ii) IN GENERAL.—Unless specifically exempted or unless listed in another schedule, any material, compound, mixture, or preparation that contains any quantity of cannabimimetic agents, or that contains their salts, isomers, and salts of isomers whenever the existence of the salts, isomers, and salts of isomers is possible within the specific chemical designation.

(E) FENTANYL-RELATED SUBSTANCE.—

(i) DEFINITION OF FENTANYL-RELATED SUBSTANCE.—

(I) IN GENERAL.—In clause (ii), except as provided in subclause (II), the term ''fentanyl-related substance'' means any substance that is structurally related to fentanyl by one or more of the following modifications:

(aa) By replacement of the phenyl portion of the phenethyl group by any monocycle, whether or not further substituted in or on the monocycle.

(bb) By substitution in or on the phenethyl group with alkyl, alkenyl, alkoxyl, hydroxyl, halo, haloalkyl, amino, or nitro groups.

(cc) By substitution in or on the piperidine ring with alkyl, alkenyl, alkoxyl, ester, ether, hydroxyl, halo, haloalkyl, amino, or nitro groups.

(dd) By replacement of the aniline ring with any aromatic monocycle whether or not further

substituted in or on the aromatic monocycle.

(ee) By replacement of the N-propionyl group with another acyl group.

(II) NOT TREATED AS FENTANYL-RELATED SUBSTANCE.—A substance that satisfies the definition of the term ''fentanyl-related substance'' in subclause (I) shall nonetheless not be treated as a fentanyl-related substance subject to this schedule if the substance is—

(aa) controlled by action of the Attorney General under section 50301 of this title; or

(bb) otherwise expressly listed in a schedule other than this schedule.

(III) AUTHORITY TO PUBLISH LIST IN THE FEDERAL REGISTER.—

(aa) IN GENERAL.—The Attorney General may by order publish in the Federal Register a list of substances that satisfy the

definition of the term ''fentanyl-related substance'' in subclause (I).

(bb) ABSENCE OF SUBSTANCE FROM LIST.—The absence of a substance from a list published under item (aa) does not negate the control status of the substance under this schedule if the substance satisfies the definition of the term ''fentanyl-related substance'' in subclause (I).

(ii) IN GENERAL.—Unless specifically exempted or unless listed in another schedule, any material, compound, mixture, or preparation that contains any quantity of a fentanyl-related substance, or that contains the salts, isomers, and salts of isomers of a fentanyl-related substance whenever the existence of the salts, isomers, and salts of isomers is possible within the specific chemical designation.

(2) SCHEDULE II.—

(A) IN GENERAL.—Unless specifically excepted or unless listed in another schedule, any

of the following substances whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(i) Opium and opiate, and any salt, compound, derivative, or preparation of opium or opiate.

(ii) Any salt, compound, derivative, or preparation of the salt, compound, or derivative that is chemically equivalent or identical with any of the substances referred to in clause (i), except that these substances shall not include the isoquinoline alkaloids of opium.

(iii) Opium poppy and poppy straw.

(iv)(I) Coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed;

(II) cocaine, its salts, optical and geometric isomers, and salts of isomers;

(III) ecgonine, its derivatives, their salts, isomers, and salts of isomers; or

(IV) any compound, mixture, or preparation that contains any quantity of any of the substances referred to in this clause.

(B) OPIATES.—Unless specifically excepted or unless listed in another schedule, any of the following opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of the isomers, esters, ethers, and salts is possible within the specific chemical designation:

(i) Alphaprodine.

(ii) Anileridine.

(iii) Bezitramide.

(iv) Dihydrocodeine.

(v) Diphenoxylate.

(vi) Fentanyl.

(vii) Isomethadone.

(viii) Levomethorphan.

(ix) Levorphanol.

(x) Metazocine.

(xi) Methadone.

(xii) Methadone-Intermediate, 4-cyano-2-dimethylamino-4,4-diphenyl butane.

(xiii) Moramide-Intermediate, 2-methyl-3-morpholino-1, 1-diphenylpropane-carboxylic acid.

(xiv) Pethidine.

(xv) Pethidine-Intermediate-A, 4-cyano-1-methyl-4-phenylpiperidine.

(xvi) Pethidine-Intermediate-B, ethyl-4-phenylpiperidine-4-carboxylate.

(xvii) Pethidine-Intermediate-C, 1-methyl-4-phenylpiperidine-4-carboxylic acid.

(xviii) Phenazocine.

(xix) Piminodine.

(xx) Racemethorphan.

(xxi) Racemorphan.

(C) LIQUID CONTAINING METHAMPHETAMINE.—Unless specifically excepted or unless listed in another schedule, any injectable liquid that contains any quantity of methamphetamine, including its salts, isomers, and salts of isomers.

(3) SCHEDULE III.—

(A) SUBSTANCES WITH STIMULANT EFFECT.—Unless specifically excepted or unless listed in another schedule, any material, com-

pound, mixture, or preparation that contains any quantity of the following substances having a stimulant effect on the central nervous system:

(i) Amphetamine, its salts, optical isomers, and salts of its optical isomers.

(ii) Phenmetrazine and its salts.

(iii) Any substance (except an injectable liquid) that contains any quantity of methamphetamine, including its salts, isomers, and salts of isomers.

(iv) Methylphenidate.

(B) SUBSTANCES WITH DEPRESSANT EFFECT.—Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation that contains any quantity of the following substances having a depressant effect on the central nervous system:

(i) Any substance that contains any quantity of a derivative of barbituric acid, or any salt of a derivative of barbituric acid.

(ii) Chorhexadol.

(iii) Glutethimide.

(iv) Lysergic acid.

(v) Lysergic acid amide.

(vi) Methyprylon.

(vii) Phencyclidine.

(viii) Sulfondiethylmethane.

(ix) Sulfonethylmethane.

(x) Sulfonmethane.

(C) NALORPHINE.—Nalorphine.

(D) NARCOTIC DRUGS.—Unless specifically excepted or unless listed in another schedule, any material, compound, mixture, or preparation containing limited quantities of any of the following narcotic drugs, or any salts of the following narcotic drugs:

(i) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with an equal or greater quantity of an isoquinoline alkaloid of opium.

(ii) Not more than 1.8 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with 1 or more active, non-narcotic ingredients in recognized therapeutic amounts.

(iii) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with a fourfold or greater quantity of an isoquinoline alkaloid of opium.

(iv) Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with 1 or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(v) Not more than 1.8 grams of dihydrocodeine per 100 milliliters or not more than 90 milligrams per dosage unit, with 1 or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(vi) Not more than 300 milligrams of ethylmorphine per 100 milliliters or not more than 15 milligrams per dosage unit, with 1 or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(vii) Not more than 500 milligrams of opium per 100 milliliters or per 100 grams, or not more than 25 milligrams per dosage unit, with 1 or more active, nonnar-

cotic ingredients in recognized therapeutic amounts.

(viii) Not more than 50 milligrams of morphine per 100 milliliters or per 100 grams with 1 or more active, nonnarcotic ingredients in recognized therapeutic amounts.

(E) ANABOLIC STEROIDS.—Anabolic steroids.

(4) SCHEDULE IV.—

(A) Barbital.

(B) Chloral betaine.

(C) Chloral hydrate.

(D) Ethchlorvynol.

(E) Ethinamate.

(F) Methohexital.

(G) Meprobamate.

(H) Methylphenobarbital.

(I) Paraldehyde.

(J) Petrichloral.

(K) Phenobarbital.

(5) SCHEDULE V.—Any compound, mixture, or preparation containing any of the following limited quantities of narcotic drugs, which shall include 1 or more nonnarcotic active medicinal ingredients in suf-

ficient proportion to confer on the compound, mixture, or preparation valuable medicinal qualities other than those possessed by the narcotic drug alone:

(A) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams.

(B) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams.

(C) Not more than 100 milligrams of ethylmorphine per 100 milliliters or per 100 grams.

(D) Not more than 2.5 milligrams of diphenoxylate and not less than 25 micrograms of atropine sulfate per dosage unit.

(E) Not more than 100 milligrams of opium per 100 milliliters or per 100 grams.

**§ 50303. Treatment of controlled substance analogues**

(a) IN GENERAL.—A controlled substance analogue shall, to the extent intended for human consumption, be treated, for the purposes of any Federal law, as a controlled substance in schedule I.

(b) DETERMINATION.—In determining whether a controlled substance analogue was intended for human

consumption under subsection (a), the following factors may be considered, along with any other relevant factors:

(1) The marketing, advertising, and labeling of the substance.

(2) The known efficacy or usefulness of the substance for the marketed, advertised, or labeled purpose.

(3) The difference between the price at which the substance is sold and the price at which the substance it is purported to be or advertised as is normally sold.

(4) The diversion of the substance from legitimate channels and the clandestine importation, manufacture, or distribution of the substance.

(5) Whether the defendant knew or should have known that the substance was intended to be consumed by injection, inhalation, ingestion, or any other immediate means.

(6) Any controlled substance analogue that is manufactured, formulated, sold, distributed, or marketed with the intent to avoid the provisions of existing drug laws.

(c) LIMITATION.—For purposes of this section, evidence that a substance was not marketed, advertised, or labeled for human consumption, by itself, shall not be suf-

ficient to establish that the substance was not intended for human consumption.

**§ 50304. Removal of exemption of certain drugs**

(a) REMOVAL OF EXEMPTION.—The Attorney General shall by regulation remove from exemption under section 50101(50)(B)(iv) of this title a drug or group of drugs that the Attorney General finds is being diverted to obtain a listed chemical for use in the illicit production of a controlled substance.

(b) FACTORS TO BE CONSIDERED.—In removing a drug or group of drugs from exemption under subsection (a), the Attorney General shall consider, with respect to a drug or group of drugs that is proposed to be removed from exemption—

(1) the scope, duration, and significance of the diversion;

(2) whether the drug or group of drugs is formulated in such a way that it cannot be easily used in the illicit production of a controlled substance; and

(3) whether the listed chemical can be readily recovered from the drug or group of drugs.

(c) SPECIFICITY OF DESIGNATION.—The Attorney General shall limit the designation of a drug or a group of drugs removed from exemption under subsection (a) to

the most particularly identifiable type of drug or group of drugs for which evidence of diversion exists unless there is evidence, based on the pattern of diversion and other relevant factors, that the diversion will not be limited to that particular drug or group of drugs.

(d) REINSTATEMENT OF EXEMPTION WITH RESPECT TO PARTICULAR DRUG PRODUCTS.—

(1) REINSTATEMENT.—On application by a manufacturer of a particular drug product that has been removed from exemption under subsection (a), the Attorney General shall by regulation reinstate the exemption with respect to that particular drug product if the Attorney General determines that the particular drug product is manufactured and distributed in a manner that prevents diversion.

(2) FACTORS TO BE CONSIDERED.—In deciding whether to reinstate the exemption with respect to a particular drug product under paragraph (1), the Attorney General shall consider—

(A) the package sizes and manner of packaging of the drug product;

(B) the manner of distribution and advertising of the drug product;

(C) evidence of diversion of the drug product;

(D) any actions taken by the manufacturer to prevent diversion of the drug product; and

(E) such other factors as are relevant to and consistent with the public health and safety, including the factors described in subsection (b) as applied to the drug product.

(3) STATUS PENDING APPLICATION FOR REINSTATEMENT.—A transaction involving a particular drug product that is the subject of a bona fide pending application for reinstatement of exemption filed with the Attorney General not later than 60 days after a regulation removing the exemption is issued pursuant to subsection (a) shall not be considered to be a regulated transaction if the transaction occurs during the pendency of the application and, if the Attorney General denies the application, during the period of 60 days following the date on which the Attorney General denies the application, unless—

(A) the Attorney General has evidence that, applying the factors described in subsection (b) to the drug product, the drug product is being diverted; and

(B) the Attorney General so notifies the applicant.

(4) AMENDMENT AND MODIFICATION.—A regulation reinstating an exemption under paragraph (1) may be modified or revoked with respect to a particular drug product on a finding that—

(A) applying the factors described in subsection (b) to the drug product, the drug product is being diverted; or

(B) there is a significant change in the data that led to the issuance of the regulation.

# Chapter 505—Registration of Manufacturers, Distributors, and Dispensers of Controlled Substances

Sec.
50501. Rules and regulations.
50502. Persons required to register.
50503. Registration requirements.
50504. Denial, revocation, or suspension of registration.
50505. Labeling and packaging.
50506. Production quotas for controlled substances.
50507. Records and reports of registrants.
50508. Order forms.
50509. Prescriptions.
50510. Delivery of a controlled substance by a pharmacy to an administering practitioner.
50511. Regulation of listed chemicals and certain machines.
50512. Additional requirements relating to online pharmacies and telemedicine.
50513. Suspicious orders.

## § 50501. Rules and regulations

The Attorney General may promulgate rules and regulations and charge reasonable fees relating to the registration and control of the manufacture, distribution, and

dispensing of controlled substances and to listed chemicals.

**§ 50502. Persons required to register**

(a) PERIOD OF REGISTRATION.—

(1) MANUFACTURERS AND DISTRIBUTORS.—Each person that manufactures or distributes any controlled substance or list I chemical, or that proposes to engage in the manufacture or distribution of any controlled substance or list I chemical, shall obtain annually a registration issued by the Attorney General in accordance with the rules and regulations promulgated by the Attorney General.

(2) DISPENSERS.—Each person that dispenses, or that proposes to dispense, any controlled substance, shall obtain from the Attorney General a registration issued in accordance with the rules and regulations promulgated by the Attorney General. The Attorney General shall, by regulation, determine the period of the registration. A registration under this paragraph shall not be issued for less than 1 year or for more than 3 years.

(3) MODIFICATION, TRANSFER, AND TERMINATION OF REGISTRATION TO MANUFACTURE, DISTRIBUTE, OR DISPENSE CONTROLLED SUBSTANCES.—

(A) IN GENERAL.—Except as provided in subparagraph (C), the registration of any registrant under this division to manufacture, distribute, or dispense controlled substances or list I chemicals terminates when the registrant—

(i) dies;

(ii) ceases legal existence;

(iii) discontinues business or professional practice; or

(iv) surrenders the registration.

(B) NOTIFICATION REQUIREMENT FOR CERTAIN REGISTRANTS.—In the case of such a registrant who ceases legal existence or discontinues business or professional practice, the registrant shall promptly notify the Attorney General in writing of that fact.

(C) ASSIGNMENT OF REGISTRATION OR OTHER AUTHORITY.—A registration under this division to manufacture, distribute, or dispense controlled substances or list I chemicals, and any authority conferred by the registration, may not be assigned or otherwise transferred except on such conditions as the Attorney General may specify and then only pursuant to written consent. A registrant to whom a reg-

istration is assigned or transferred pursuant to the preceding sentence may not manufacture, distribute, or dispense controlled substances or list I chemicals pursuant to the registration until the Attorney General receives the written consent.

(D) DISCONTINUATION OF BUSINESS OR PROFESSIONAL PRACTICE.—In the case of a registrant under this division to manufacture, distribute, or dispense controlled substances or list I chemicals desiring to discontinue business or professional practice altogether or with respect to controlled substances and list I chemicals (without assigning or transferring the business or professional practice to another entity), the registrant shall return to the Attorney General for cancellation—

(i) the registrant's certificate of registration;

(ii) any unexecuted order forms in the registrant's possession; and

(iii) any other documentation that the Attorney General may require.

(b) AUTHORIZED ACTIVITIES.—A person registered by the Attorney General under this division to manufac-

ture, distribute, or dispense controlled substances or list I chemicals may possess, manufacture, distribute, or dispense the substances or chemicals (including any such activity in the conduct of research) to the extent authorized by the person's registration and in conformity with the other provisions of this division.

(c) EXCEPTIONS.—The following persons shall not be required to register and may lawfully possess any controlled substance or list I chemical under this division:

(1) An agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance or list I chemical if the agent or employee is acting in the usual course of the agent's or employee's business or employment.

(2) A common or contract carrier or warehouseman, or an employee of the carrier or warehouseman, whose possession of the controlled substance or list I chemical is in the usual course of the carrier's, warehouseman's, or employee's business or employment.

(3) An ultimate user who possesses the substance for a purpose specified in section 50101(61) of this title.

(4) An agent or employee of a research institution that is conducting research with a controlled substance if—

(A) the agent or employee is acting within the scope of the professional practice of the agent or employee;

(B) another agent or employee of the institution is registered to conduct research with a controlled substance in the same schedule;

(C) the researcher who is registered as described in subparagraph (B)—

(i) informs the Attorney General of the name, position title, and employing institution of the agent or employee who is not separately registered;

(ii) authorizes that agent or employee to perform research under the registration of the registered researcher; and

(iii) affirms that any act taken by that agent or employee involving a controlled substance shall be attributable to the registered researcher, as if the researcher had directly committed the act, for purposes of any proceeding under section 50504(a) of this title to suspend or re-

voke the registration of the registered researcher; and

(D) the Attorney General does not, within 30 days of receiving the information, authorization, and affirmation described in subparagraph (C), refuse, for a reason listed in section 50504(a) of this title, to allow the agent or employee to possess the substance without a separate registration.

(d) WAIVER.—The Attorney General may, by regulation, waive the requirement for registration of certain manufacturers, distributors, or dispensers if the Attorney General finds it consistent with the public health and safety.

(e) SEPARATE REGISTRATION.—

(1) IN GENERAL.—A separate registration shall be required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances or list I chemicals.

(2) VETERINARIANS.—Notwithstanding paragraph (1), a registrant who is a veterinarian shall not be required to have a separate registration in order to transport and dispense controlled substances in the usual course of veterinary practice at

a site other than the registrant's registered principal place of business or professional practice, so long as the site of transporting and dispensing is located in a State in which the veterinarian is licensed to practice veterinary medicine and is not a principal place of business or professional practice.

(3) MOBILE MEDICATION UNITS.—Notwithstanding paragraph (1), a registrant that is dispensing, pursuant to section 50503(i) of this title, narcotic drugs to individuals for maintenance treatment or detoxification treatment shall not be required to have a separate registration to incorporate 1 or more mobile medication units into the registrant's practice to dispense the narcotics at locations other than the registrant's principal place of business or professional practice described in paragraph (1), so long as the registrant meets such standards for operation of a mobile medication unit as the Attorney General may establish.

(4) SINGLE REGISTRATION FOR RELATED RESEARCH SITES.—

(A) IN GENERAL.—Notwithstanding paragraph (1), a person registered to conduct research with a controlled substance under sec-

tion 50503(h) of this title may conduct the research under a single registration if—

(i) the research occurs exclusively on sites all of which are—

(I) within the same city or county; and

(II) under the control of the same institution, organization, or agency; and

(ii) before commencing the research, the researcher notifies the Attorney General of each site where—

(I) the research will be conducted; or

(II) the controlled substance will be stored or administered.

(B) NOTIFICATION.—A site described in subparagraph (A) shall be included in a registration described in that subparagraph only if the researcher has notified the Attorney General of the site—

(i) in the application for the registration; or

(ii) before the research is conducted, or before the controlled substance is stored or administered, at the site.

(C) REGULATIONS.—The Attorney General may, in consultation with the Secretary, issue regulations addressing, with respect to research sites described in subparagraph (A)—

(i) the manner in which controlled substances may be delivered to the research sites;

(ii) the storage and security of controlled substances at the research sites;

(iii) the maintenance of records for the research sites; and

(iv) any other matters necessary to ensure effective controls against diversion at the research sites.

(f) INSPECTION.—

(1) IN GENERAL.—The Attorney General may inspect the establishment of a registrant or applicant for registration in accordance with the rules and regulations promulgated by the Attorney General.

(2) SECOND CONTROLLED SUBSTANCE.—

(A) If a person is registered to conduct research with a controlled substance and applies

for a registration, or for a modification of a registration, to conduct research with a second controlled substance that is in the same schedule as the first controlled substance, or is in a schedule with a higher numerical designation than the schedule of the first controlled substance, a new inspection by the Attorney General of the registered location is not required.

(B) EFFECT OF SUBPARAGRAPH (A).—Nothing in subparagraph (A) shall prohibit the Attorney General from conducting an inspection that the Attorney General determines necessary to ensure that a registrant maintains effective controls against diversion.

(g) DELIVERY OF CONTROLLED SUBSTANCES BY ULTIMATE USERS FOR DISPOSAL.—

(1) IN GENERAL.—An ultimate user who has lawfully obtained a controlled substance in accordance with this division may, without being registered, deliver the controlled substance to another person for the purpose of disposal of the controlled substance if—

(A) the person receiving the controlled substance is authorized under this division to engage in the disposal; and

(B) the disposal takes place in accordance with regulations issued by the Attorney General to prevent diversion of controlled substances.

(2) CONSIDERATIONS AND REQUIREMENTS RELATING TO REGULATIONS.—In developing regulations under this subsection, the Attorney General shall take into consideration the public health and safety, as well as the ease and cost of program implementation and participation by various communities. The regulations may not require any entity to establish or operate a delivery or disposal program.

(3) LONG-TERM CARE FACILITIES.—The Attorney General may, by regulation, authorize long-term care facilities, as defined by the Attorney General by regulation, to dispose of controlled substances on behalf of ultimate users who reside, or have resided, at the long-term care facilities in a manner that the Attorney General determines will provide effective controls against diversion and be consistent with the public health and safety.

(4) DEATH OF USER.—If an individual dies while lawfully in possession of a controlled substance for personal use, any person lawfully entitled to dispose of the decedent's property may deliver the controlled substance to another person for the purpose

of disposal under the same conditions as provided in paragraph (1) for an ultimate user.

(5) DISPOSAL OF CONTROLLED SUBSTANCES OF A HOSPICE PATIENT BY EMPLOYEES OF A QUALIFIED HOSPICE PROGRAM.—

(A) DEFINITIONS.—In this paragraph:

(i) EMPLOYEE OF A QUALIFIED HOSPICE PROGRAM.—The term ''employee of a qualified hospice program'' means a physician, physician assistant, nurse, or other individual who—

(I) is employed by, or pursuant to arrangements made by, a qualified hospice program;

(II)(aa) is licensed to perform medical or nursing services by the jurisdiction in which the person receiving hospice care was located; and

(bb) is acting within the scope of the employment in accordance with applicable State law; and

(III) has completed training through the qualified hospice program regarding the disposal of controlled substances in a secure and responsible

manner so as to discourage abuse, misuse, or diversion.

(ii) HOSPICE CARE.—The term ''hospice care'' has the meaning given the term in section 1861(dd) of the Social Security Act (42 U.S.C. 1395x(dd)).

(iii) HOSPICE PROGRAM.—The term ''hospice program'' has the meaning given the term in section 1861(dd) of the Social Security Act (42 U.S.C. 1395x(dd)).

(iv) QUALIFIED HOSPICE PROGRAM.—The term ''qualified hospice program'' means a hospice program that—

(I) has written policies and procedures for assisting in the disposal of the controlled substances of an individual receiving hospice care after the individual's death;

(II) at the time when the controlled substances are first ordered—

(aa) provides a copy of the written policies and procedures to the patient or patient representative and family;

(bb) discusses the policies and procedures with the patient or patient representative and the family in a language and manner that they understand to ensure that these parties are educated regarding the safe disposal of controlled substances; and

(cc) documents in the patient's clinical record that the written policies and procedures were provided and discussed; and

(III) at the time following the disposal of the controlled substances—

(aa) documents in the patient's clinical record the type of controlled substance, dosage, route of administration, and quantity so disposed; and

(bb) the time, date, and manner in which that disposal occurred.

(B) IN GENERAL.—In the case of an individual receiving hospice care, an employee of a

qualified hospice program, acting within the scope of employment, may handle, without being registered under this section, any controlled substance that was lawfully dispensed to the individual receiving hospice care, for the purpose of disposal of the controlled substance so long as the disposal occurs onsite in accordance with all applicable Federal, State, tribal, and local law and—

(i) the disposal occurs after the death of the individual receiving hospice care;

(ii) the controlled substance is expired; or

(iii)(I) the employee is—

(aa) the physician of the individual receiving hospice care; and

(bb) registered under section 50503(h) of this title; and

(II) the individual no longer requires the controlled substance because the plan of care of the individual has been modified.

(C) GUIDANCE.—The Attorney General may issue guidance to hospice programs to assist the hospice programs in satisfying the requirements under this paragraph.

(D) RULE OF CONSTRUCTION RELATING TO STATE AND LOCAL LAW.—Nothing in this paragraph shall be construed to prevent a State or local government from imposing additional controls or restrictions relating to the regulation of the disposal of controlled substances in hospice care or hospice programs.

(h) CONTINUATION OF RESEARCH ON SUBSTANCES NEWLY ADDED TO SCHEDULE I.—If a person is conducting research on a substance when the substance is added to schedule I, and the person is already registered to conduct research with a controlled substance in schedule I—

(1) not later than 90 days after the scheduling of the newly scheduled substance, the person shall submit a completed application for registration or modification of the existing registration, to conduct research on the substance, in accordance with regulations issued by the Attorney General for purposes of this paragraph;

(2) the person may, notwithstanding subsections (a) and (b), continue to conduct the research on the substance until—

(A) the person withdraws the application described in paragraph (1); or

(B) the Attorney General serves on the person an order to show cause proposing the denial of the application under section 50504(c) of this title;

(3) if the Attorney General serves an order to show cause as described in paragraph (2)(B) and the person requests a hearing, the hearing shall be held on an expedited basis and not later than 45 days after the request is made, except that the hearing may be held at a later time if requested by the person; and

(4) if the person sends a copy of the application described in paragraph (1) to a manufacturer or distributor of the substance, receipt of the copy by the manufacturer or distributor shall constitute sufficient evidence that the person is authorized to receive the substance.

(i) TREATMENT OF CERTAIN MANUFACTURING ACTIVITIES AS COINCIDENT TO RESEARCH.—

(1) IN GENERAL.—Except as provided in paragraph (3), a person that is registered to perform research on a controlled substance may perform manufacturing activities with small quantities of that substance, including activities described in paragraph

(2), without being required to obtain a manufacturing registration, if—

(A) the activities are performed for the purpose of the research; and

(B) the activities and the quantities of the substance involved in the activities are stated in—

(i) a notification submitted to the Attorney General under section 50503(n) of this title;

(ii) a research protocol filed with an application for registration approval under section 50503(h) of this title; or

(iii) a notification to the Attorney General that includes—

(I) the name of the registrant; and

(II) an attestation that the research to be conducted with the small quantities of manufactured substance is consistent with the scope of the research that is the basis for the registration.

(2) ACTIVITIES INCLUDED.—Activities permitted under paragraph (1) include—

(A) processing the substance to create extracts, tinctures, oils, solutions, derivatives, or other forms of the substance consistent with—

(i) the information provided as part of a notification submitted to the Attorney General under section 50503(n) of this title; or

(ii) a research protocol filed with an application for registration approval under section 50503(h) of this title; and

(B) dosage form development studies performed for the purpose of requesting an investigational new drug exemption under section 13510 of this title.

(3) EXCEPTION REGARDING MARIHUANA.—The authority under paragraph (1) to manufacture substances does not include the authority to grow marihuana.

**§ 50503. Registration requirements**

(a) DEFINITIONS.—In this section:

(1) AUTHORIZING MEDICAL PROFESSIONAL.—The term ''authorizing medical professional'' means an emergency or other physician, or another medical professional (including an advanced practice registered nurse or physician assistant)—

(A) who is registered under this division;

(B) who is acting within the scope of the registration; and

(C) whose scope of practice under a State license or certification includes the ability to provide verbal orders.

(2) DESIGNATED LOCATION.—The term ''designated location'' means a location designated by an emergency medical services agency under subsection (l)(5).

(3) EMERGENCY MEDICAL SERVICES.—The term ''emergency medical services'' means emergency medical response and emergency mobile medical services provided outside of a fixed medical facility.

(4) EMERGENCY MEDICAL SERVICES AGENCY.—The term ''emergency medical services agency'' means an organization providing emergency medical services, including such an organization that—

(A) is governmental (including fire-based and hospital-based agencies), nongovernmental (including hospital-based agencies), private, or volunteer-based;

(B) provides emergency medical services by ground, air, or otherwise; and

(C) is authorized by the State in which the organization is providing the services to provide emergency medical care, including the administering of controlled substances, to members of the general public on an emergency basis.

(5) EMERGENCY MEDICAL SERVICES PROFESSIONAL.—The term ''emergency medical services professional'' means a health care professional (including a nurse, paramedic, or emergency medical technician) licensed or certified by the State in which the professional practices and credentialed by a medical director of the respective emergency medical services agency to provide emergency medical services within the scope of the professional's State license or certification.

(6) EMERGENCY MEDICAL SERVICES VEHICLE.—The term ''emergency medical services vehicle'' means an ambulance, fire apparatus, supervisor truck, or other vehicle used by an emergency medical services agency for the purpose of providing or facilitating emergency medical care and transport or transporting controlled substances to and from the registered and designated locations.

(7) FACTORS AS MAY BE RELEVANT TO AND CONSISTENT WITH THE PUBLIC HEALTH AND SAFE-

TY.—The term ''factors as may be relevant to and consistent with the public health and safety'' means factors that are relevant to and consistent with the findings contained in section 50102 of this title.

(8) HOSPITAL-BASED.—The term ''hospital-based'' means, with respect to an agency, owned or operated by a hospital.

(9) MEDICAL DIRECTOR.—The term ''medical director'' means a physician who is registered under subsection (h) and who provides medical oversight for an emergency medical services agency.

(10) MEDICAL OVERSIGHT.—The term ''medical oversight'' means supervision of the provision of medical care by an emergency medical services agency.

(11) REGISTERED EMERGENCY MEDICAL SERVICES AGENCY.—The term ''registered emergency medical services agency'' means—

(A) an emergency medical services agency that is registered pursuant to subsection (l); or

(B) a hospital-based emergency medical services agency that is covered by the registration of the hospital under subsection (h).

(12) REGISTERED LOCATION.—The term ''registered location'' means a location that appears on

the certificate of registration issued to an emergency medical services agency under subsection (h) or (l), which shall be where the agency receives controlled substances from distributors.

(13) SPECIFIC STATE AUTHORITY.—The term ''specific State authority'' means a governmental agency or other such authority, including a regional oversight and coordinating body, that, pursuant to State law or regulation, develops clinical protocols regarding the delivery of emergency medical services in the geographic jurisdiction of the agency or authority within the State that may be adopted by medical directors.

(14) STANDING ORDER.—The term ''standing order'' means a written medical protocol in which a medical director determines in advance the medical criteria that must be met before administering controlled substances to individuals in need of emergency medical services.

(15) VERBAL ORDER.—The term ''verbal order'' means an oral directive that is given through any method of communication including by radio or telephone, directly to an emergency medical services professional, to contemporaneously administer a controlled substance to individuals in need of emergency

medical services outside the physical presence of the medical director or authorizing medical professional.

(b) MANUFACTURERS OF CONTROLLED SUBSTANCES IN SCHEDULE I OR II.—The Attorney General shall register an applicant to manufacture controlled substances in schedule I or II if the Attorney General determines that the registration is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971. In determining the public interest, the following factors shall be considered:

(1) Maintenance of effective controls against diversion of particular controlled substances and any controlled substance in schedule I or II compounded from the particular controlled substances into other than legitimate medical, scientific, research, or industrial channels, by limiting the importation and bulk manufacture of the controlled substances to a number of establishments that can produce an adequate and uninterrupted supply of these substances under adequately competitive conditions for legitimate medical, scientific, research, and industrial purposes.

(2) Compliance with applicable State and local law.

(3) Promotion of technical advances in the art of manufacturing these substances and the development of new substances.

(4) Prior conviction record of applicant under Federal and State laws relating to the manufacture, distribution, or dispensing of the substances.

(5) Past experience in the manufacture of controlled substances, and the existence in the establishment of effective controls against diversion.

(6) Such other factors as may be relevant to and consistent with the public health and safety.

(c) DISTRIBUTORS OF CONTROLLED SUBSTANCES IN SCHEDULE I OR II.—The Attorney General shall register an applicant to distribute a controlled substance in schedule I or II unless the Attorney General determines that the issuance of the registration is inconsistent with the public interest. In determining the public interest, the following factors shall be considered:

(1) Maintenance of effective controls against diversion of particular controlled substances into other than legitimate medical, scientific, and industrial channels.

(2) Compliance with applicable State and local law.

(3) Prior conviction record of applicant under Federal or State laws relating to the manufacture, distribution, or dispensing of the substances.

(4) Past experience in the distribution of controlled substances.

(5) Such other factors as may be relevant to and consistent with the public health and safety.

(d) MANUFACTURERS OF MARIJUANA FOR RESEARCH PURPOSES.—

(1) APPLICATION TO MANUFACTURE.—

(A) IN GENERAL.—As it relates to applications to manufacture marijuana for research purposes, when the Attorney General places a notice in the Federal Register to increase the number of entities registered under this division to manufacture marijuana to supply appropriately registered researchers in the United States, the Attorney General shall, not later than 60 days after the date on which the Attorney General receives a completed application—

(i) approve the application; or

(ii) request supplemental information.

(B) APPLICATION DEEMED COMPLETE.—For purposes of subparagraph (A), an application shall be deemed complete when the appli-

cant has submitted documentation showing each of the following:

(i) The requirements designated in the notice in the Federal Register are satisfied.

(ii) The requirements under this division are satisfied.

(iii) The applicant will limit the transfer and sale of any marijuana manufactured under this subsection—

(I) to researchers who are registered under this division to conduct research with controlled substances in schedule I; and

(II) for purposes of use in preclinical research or in a clinical investigation pursuant to an investigational new drug exemption under section 13510 of this title.

(iv) The applicant will transfer or sell any marijuana manufactured under this subsection only with prior, written consent for the transfer or sale by the Attorney General.

(v) The applicant has completed the application and review process under subsection (b) for the bulk manufacture of controlled substances in schedule I.

(vi) The applicant has established and begun operation of a process for storage and handling of controlled substances in schedule I, including for inventory control and monitoring security in accordance with section 41512 of this title.

(vii) The applicant is licensed, by each State in which the applicant will conduct operations under this subsection, to manufacture marijuana, if that State requires such a license.

(C) ACTION ON APPLICATION AFTER RECEIPT OF SUPPLEMENTAL INFORMATION.—Not later than 30 days after the date on which the Attorney General receives supplemental information requested under subparagraph (A)(ii) with respect to an application, the Attorney General shall approve or deny the application.

(2) DENIAL; WRITTEN EXPLANATION.—If an application described in this subsection is denied, the

Attorney General shall provide a written explanation of the basis of denial to the applicant.

(e) LIMITS OF AUTHORIZED ACTIVITIES.—Registration granted under subsections (b) and (c) shall not entitle a registrant to—

(1) manufacture or distribute controlled substances in schedule I or II other than those specified in the registration; or

(2) manufacture any quantity of those controlled substances in excess of the quota assigned pursuant to section 50506 of this title.

(f) MANUFACTURERS OF CONTROLLED SUBSTANCES IN SCHEDULE III, IV, OR V.—The Attorney General shall register an applicant to manufacture controlled substances in schedule III, IV, or V, unless the Attorney General determines that the issuance of the registration is inconsistent with the public interest. In determining the public interest, the following factors shall be considered:

(1) Maintenance of effective controls against diversion of particular controlled substances and any controlled substance in schedule III, IV, or V compounded from the particular controlled substances into other than legitimate medical, scientific, or industrial channels.

(2) Compliance with applicable State and local law.

(3) Promotion of technical advances in the art of manufacturing these substances and the development of new substances.

(4) Prior conviction record of applicant under Federal or State laws relating to the manufacture, distribution, or dispensing of the substances.

(5) Past experience in the manufacture, distribution, and dispensing of controlled substances, and the existence in the establishment of effective controls against diversion.

(6) Such other factors as may be relevant to and consistent with the public health and safety.

(g) DISTRIBUTORS OF CONTROLLED SUBSTANCES IN SCHEDULE III, IV, OR V.—The Attorney General shall register an applicant to distribute controlled substances in schedule III, IV, or V, unless the Attorney General determines that the issuance of the registration is inconsistent with the public interest. In determining the public interest, the following factors shall be considered:

(1) Maintenance of effective controls against diversion of particular controlled substances into other than legitimate medical, scientific, and industrial channels.

(2) Compliance with applicable State and local law.

(3) Prior conviction record of applicant under Federal or State laws relating to the manufacture, distribution, or dispensing of the substances.

(4) Past experience in the distribution of controlled substances.

(5) Such other factors as may be relevant to and consistent with the public health and safety.

(h) RESEARCH BY PRACTITIONERS.—

(1) REGISTRATION.—

(A) IN GENERAL.—The Attorney General shall register practitioners (including pharmacies, as distinguished from pharmacists) to dispense, or conduct research with, controlled substances in schedule II, III, IV, or V and shall modify the registrations of pharmacies so registered to authorize them to dispense controlled substances by means of the internet, if the applicant is authorized to dispense, or conduct research with respect to, controlled substances under the laws of the State in which the applicant practices.

(B) DENIAL OF APPLICATION OR MODIFICATION; FACTORS.—The Attorney General

may deny an application for the registration or the modification of registration if the Attorney General determines that the issuance of the registration or modification would be inconsistent with the public interest. In determining the public interest, the following factors shall be considered:

(i) The recommendation of the appropriate State licensing board or professional disciplinary authority.

(ii) The applicant's experience in dispensing, or conducting research with respect to, controlled substances.

(iii) The applicant's conviction record under Federal or State laws relating to the manufacture, distribution, or dispensing of controlled substances.

(iv) Compliance with applicable State, Federal, or local laws relating to controlled substances.

(v) Such other conduct that may threaten the public health and safety.

(C) SEPARATE REGISTRATION.—Separate registration under this chapter for practitioners engaging in research with controlled substances

in schedule II, III, IV, or V, that are already registered under this chapter in another capacity, shall not be required.

(2) CONDUCTING RESEARCH WITH SCHEDULE I.—

(A) REFERRAL TO SECRETARY.—Registration applications by practitioners wishing to conduct research with controlled substances in schedule I shall be referred to the Secretary, who shall determine the qualifications and competency of each practitioner requesting registration, as well as the merits of the research protocol. The Secretary, in determining the merits of each research protocol, shall consult with the Attorney General as to effective procedures to adequately safeguard against diversion of the controlled substances from legitimate medical or scientific use. Registration for the purpose of bona fide research with controlled substances in schedule I by a practitioner deemed qualified by the Secretary may be denied by the Attorney General only on a ground specified in section 50504(a) of this title.

(B) MARIJUANA.—

(i) IN GENERAL.—The Attorney General shall register a practitioner to conduct research with marijuana (including any derivative, extract, preparation, and compound of marijuana) if—

(I) the applicant's research protocol has been reviewed and allowed—

(aa) by the Secretary under section 13510 of this title;

(bb) by the National Institutes of Health or another Federal agency that funds scientific research; or

(cc) pursuant to sections 1301.18 and 1301.32 of title 21, Code of Federal Regulations (or any successor regulations); and

(II) the applicant has demonstrated to the Attorney General that there are effective procedures in place to adequately safeguard against diversion of the marijuana for legitimate medical or scientific use pursuant to section 41512 of this title, including demonstrating that the secu-

rity measures are adequate for storing the quantity of marijuana the applicant would be authorized to possess.

(ii) DENIAL OF APPLICATION.—The Attorney General may deny an application for registration under this subparagraph only if the Attorney General determines that the issuance of the registration would be inconsistent with the public interest. In determining the public interest, the Attorney General shall consider the factors listed in—

(I) clauses (ii) through (v) of paragraph (1)(B); and

(II) clause (i) of paragraph (1)(B), if the applicable State requires practitioners conducting research to register with a board or authority described in that clause (i).

(iii) APPROVAL OF APPLICATION OR REQUEST FOR SUPPLEMENTAL INFORMATION.—

(I) IN GENERAL.—Not later than 60 days after the date on which the Attorney General receives a complete

application for registration under this subparagraph, the Attorney General shall—

(aa) approve the application; or

(bb) request supplemental information.

(II) DEEMED COMPLETE.—For purposes of subclause (I), an application shall be deemed complete when the applicant has submitted documentation showing that the requirements under clause (i) are satisfied.

(iv) PERIOD TO APPROVE OR DENY APPLICATION AFTER RECEIPT OF SUPPLEMENTAL INFORMATION.—Not later than 30 days after the date on which the Attorney General receives supplemental information as described in clause (iii)(I)(bb) in connection with an application described in this subparagraph, the Attorney General shall approve or deny the application.

(v) DENIAL; WRITTEN EXPLANATION.—If an application described in this subparagraph is denied, the Attorney

General shall provide a written explanation of the basis of denial to the applicant.

(vi) DRUG ENFORCEMENT ADMINISTRATION.—

(I) NOTIFICATION OR REVIEW NOT REQUIRED; NO CHANGES TO MARIJUANA OR CANNABIDIOL.—If the Attorney General grants an application for registration under clause (i), the registrant may amend or supplement the research protocol without notification to, or review by, the Drug Enforcement Administration if the registrant does not change—

(aa) the quantity or type of marijuana or cannabidiol (including any derivative, extract, preparation, and compound of marijuana or cannabidiol);

(bb) the source of the marijuana or cannabidiol; or

(cc) the conditions under which the marijuana or cannabidiol is stored, tracked, or administered.

(II) NOTIFICATION REQUIRED; CHANGES TO MARIJUANA OR CANNABIDIOL.—

(aa) IN GENERAL.—If a registrant under clause (i) seeks to change the type of marijuana or cannabidiol (including any derivative, extract, preparation, and compound of marijuana or cannabidiol), the source of the marijuana or cannabidiol, or the conditions under which the marijuana or cannabidiol is stored, tracked, or administered, the registrant shall notify the Attorney General via registered mail, or an electronic means permitted by the Attorney General, not later than 30 days before implementing an amended or supplemental research protocol.

(bb) NO OBJECTION FROM ATTORNEY GENERAL.—A registrant may proceed with an amended or supplemental re-

search protocol described in item (aa) if the Attorney General does not explicitly object during the 30-day period beginning on the date on which the Attorney General receives the notice under item (aa).

(cc) NEED FOR ADDITIONAL SECURITY MEASURES AS BASIS FOR OBJECTION.—The Attorney General may object to an amended or supplemental research protocol under this subclause only if additional security measures are needed to safeguard against diversion or abuse.

(dd) ADDRESSING ADDITIONAL SECURITY MEASURES; NOTIFICATION.—If a registrant under clause (i) seeks to address additional security measures identified by the Attorney General under item (cc), the registrant shall notify the Attorney General via registered mail, or an

electronic means permitted by the Attorney General, not later than 30 days before implementing an amended or supplemental research protocol.

(ee) NO OBJECTION FROM ATTORNEY GENERAL.—A registrant may proceed with an amended or supplemental research protocol described in item (dd) if the Attorney General does not explicitly object during the 30-day period beginning on the date on which the Attorney General receives the notice under item (dd).

(III) NOTIFICATION REQUIRED; CHANGES IN QUANTITY OF MARIJUANA OR CANNABIDIOL WITHOUT IMPACTING CERTAIN FACTORS.—

(aa) IN GENERAL.—If a registrant under clause (i) seeks to change the quantity of marijuana needed for research and the change in quantity does not im-

pact the factors described in item (bb) or (cc) of subclause (I), the registrant shall notify the Attorney General via registered mail or using an electronic means permitted by the Attorney General.

(bb) CONTENT OF NOTIFICATION.—A notification under item (aa) shall include—

(AA) the Drug Enforcement Administration registration number of the registrant;

(BB) the quantity of marijuana or cannabidiol already obtained;

(CC) the quantity of additional marijuana or cannabidiol needed to complete the research; and

(DD) an attestation that the change in quantity does not impact the source of the marijuana or cannabidiol or the conditions

under which the marijuana or cannabidiol is stored, tracked, or administered.

(cc) The Attorney General shall ensure that—

(AA) any registered mail return receipt with respect to a notification under item (aa) is submitted for delivery to the registrant providing the notification not later than 3 days after receipt of the notification by the Attorney General; and

(BB) notice of receipt of a notification using an electronic means permitted under item (aa) is provided to the registrant providing the notification not later than 3 days after receipt of the notification by the Attorney General.

(dd) WHEN TO PROCEED WITH RESEARCH AFTER SUBMISSION OF NOTIFICATION.—

(AA) IN GENERAL.—On and after the date described in subitem (BB), a registrant that submits a notification in accordance with item (aa) may proceed with the research as if the change in quantity has been approved on that date, unless the Attorney General notifies the registrant of an objection described in item (ee).

(BB) DATE.—The date described in this subitem is the date on which a registrant submitting a notification under item (aa) receives the registered mail return receipt with respect to the notification or the date on which the registrant receives

notice that the notification using an electronic means permitted under item (aa) was received by the Attorney General, as the case may be.

(ee) NOTIFICATION DEEMED APPROVED; OBJECTION BY ATTORNEY GENERAL.—A notification submitted under item (aa) shall be deemed to be approved unless the Attorney General, not later than 10 days after receiving the notification, explicitly objects based on a finding that the change in quantity—

(AA) does impact the source of the marijuana or cannabidiol or the conditions under which the marijuana or cannabidiol is stored, tracked, or administered; or

(BB) necessitates that the registrant implement additional security measures to

safeguard against diversion or abuse.

(IV) EFFECT OF CLAUSE.—Nothing in this clause shall limit the authority of the Secretary over requirements related to research protocols, including changes in—

(aa) the method of administration of marijuana or cannabidiol;

(bb) the dosing of marijuana or cannabidiol; and

(cc) the number of individuals or patients involved in research.

(3) EFFECT OF CONVENTION ON PSYCHOTROPIC SUBSTANCES.—Article 7 of the Convention on Psychotropic Substances shall not be construed to prohibit, or impose additional restrictions on, research involving drugs or other substances scheduled under the convention, which research is conducted in conformity with this subsection and other applicable provisions of this division.

(i) PRACTITIONERS DISPENSING NARCOTIC DRUGS FOR NARCOTIC TREATMENT.—Practitioners that dispense

narcotic drugs (other than narcotic drugs in schedule III, IV, or V) to individuals for maintenance treatment or detoxification treatment shall obtain annually a separate registration for that purpose. The Attorney General shall register an applicant to dispense narcotic drugs to individuals for maintenance treatment or detoxification treatment (or both)—

(1) if the applicant is a practitioner that is determined by the Secretary to be qualified (under standards established by the Secretary) to engage in the treatment with respect to which registration is sought;

(2) if the Attorney General determines that the applicant will comply with standards established by the Attorney General respecting—

(A) the security of stocks of narcotic drugs for the treatment; and

(B) the maintenance of records (in accordance with section 50507 of this title) on the drugs; and

(3) if the Secretary determines that the applicant will comply with standards established by the Secretary (after consultation with the Attorney General) respecting the quantities of narcotic drugs

which may be provided for unsupervised use by individuals in the treatment.

(j) APPLICANTS FOR DISTRIBUTION OF LIST I CHEMICALS.—The Attorney General shall register an applicant to distribute a list I chemical unless the Attorney General determines that registration of the applicant is inconsistent with the public interest. Registration under this subsection shall not be required for the distribution of a drug product that is exempted under clause (iv) or (v) of section 50101(50)(B) of this title. In determining the public interest for the purposes of this subsection, the Attorney General shall consider—

(1) maintenance by the applicant of effective controls against diversion of listed chemicals into other than legitimate channels;

(2) compliance by the applicant with applicable Federal, State, and local law;

(3) any prior conviction record of the applicant under Federal or State laws relating to controlled substances or to chemicals controlled under Federal or State law;

(4) any past experience of the applicant in the manufacture and distribution of chemicals; and

(5) such other factors as may be relevant to and consistent with the public health and safety.

(k) REGISTRATION TO MANUFACTURE CERTAIN CONTROLLED SUBSTANCES FOR USE ONLY IN A CLINICAL TRIAL.—

(1) MANUFACTURERS OF CONTROLLED SUBSTANCES UNDER SCHEDULE III, IV, OR V.—For purposes of registration to manufacture a controlled substance under subsection (f) for use only in a clinical trial, the Attorney General shall register the applicant, or serve an order to show cause on the applicant in accordance with section 50504(c) of this title, not later than 180 days after the date on which the application is accepted for filing.

(2) MANUFACTURERS OF CONTROLLED SUBSTANCES UNDER SCHEDULE I OR II.—For purposes of registration to manufacture a controlled substance under subsection (b) for use only in a clinical trial, the Attorney General shall, in accordance with the regulations issued by the Attorney General, issue a notice of application not later than 90 days after the application is accepted for filing. Not later than 90 days after the date on which the period for comment pursuant to the notice ends, the Attorney General shall register the applicant, or serve an order to show cause on the applicant in accordance with section 50504(c) of this title, unless the Attorney Gen-

eral has granted a hearing on the application under section 51708(i) of this title.

(l) EMERGENCY MEDICAL SERVICES THAT ADMINISTER CONTROLLED SUBSTANCES.—

(1) REGISTRATION.—For the purpose of enabling emergency medical services professionals to administer controlled substances in schedule II, III, IV, or V to ultimate users receiving emergency medical services in accordance with the requirements of this subsection, the Attorney General—

(A) shall register an emergency medical services agency if the agency submits an application demonstrating it is authorized to conduct the activity under the laws of each State in which the agency practices; and

(B) may deny an application for the registration if the Attorney General determines that the issuance of the registration would be inconsistent with the requirements of this subsection or the public interest based on the factors listed in subsection (h).

(2) OPTION FOR SINGLE REGISTRATION.—In registering an emergency medical services agency pursuant to paragraph (1), the Attorney General shall allow the agency the option of a single registra-

tion in each State where the agency administers controlled substances in lieu of requiring a separate registration for each location of the emergency medical services agency.

(3) HOSPITAL-BASED AGENCY.—If a hospital-based emergency medical services agency is registered under subsection (h), the agency may use the registration of the hospital to administer controlled substances in accordance with this subsection without being registered under this subsection.

(4) ADMINISTRATION OUTSIDE PHYSICAL PRESENCE OF MEDICAL DIRECTOR OR AUTHORIZING MEDICAL PROFESSIONAL.—Emergency medical services professionals of a registered emergency medical services agency may administer controlled substances in schedule II, III, IV, or V outside the physical presence of a medical director or authorizing medical professional in the course of providing emergency medical services if the administration is—

(A) authorized by the law of the State in which it occurs; and

(B) pursuant to—

(i) a standing order that is issued and adopted by 1 or more medical directors of

the agency, including any such order that may be developed by a specific State authority; or

(ii) a verbal order that is—

(I) issued in accordance with a policy of the agency; and

(II) provided by a medical director or authorizing medical professional in response to a request by the emergency medical services professional with respect to a specific patient—

(aa) in the case of a mass casualty incident; or

(bb) to ensure the proper care and treatment of a specific patient.

(5) DELIVERY.—A registered emergency medical services agency may deliver controlled substances from a registered location of the agency to an unregistered location of the agency only if the agency—

(A) designates the unregistered location for the delivery; and

(B) notifies the Attorney General at least 30 days prior to first delivering controlled substances to the unregistered location.

(6) STORAGE.—A registered emergency medical services agency may store controlled substances—

(A) at a registered location of the agency;

(B) at any designated location of the agency or in an emergency services vehicle situated at a registered or designated location of the agency; or

(C) in an emergency medical services vehicle used by the agency that is—

(i) traveling from, or returning to, a registered or designated location of the agency in the course of responding to an emergency; or

(ii) otherwise actively in use by the agency under circumstances that provide for security of the controlled substances consistent with the requirements established by regulations of the Attorney General.

(7) DELIVERY NOT TREATED AS DISTRIBUTION.—The delivery of controlled substances by a registered emergency medical services agency pursu-

ant to this subsection shall not be treated as distribution for purposes of section 50508 of this title.

(8) RESTOCKING OF EMERGENCY MEDICAL SERVICES VEHICLES AT A HOSPITAL.—Notwithstanding subsection (a)(11), a registered emergency medical services agency may receive controlled substances from a hospital for purposes of restocking an emergency medical services vehicle following an emergency response, and without being subject to the requirements of section 50508 of this title, provided all of the following conditions are satisfied:

(A) The registered or designated location of the agency where the vehicle is primarily situated maintains a record of the receipt in accordance with paragraph (9).

(B) The hospital maintains a record of the delivery to the agency in accordance with section 50507 of this title.

(C) If the vehicle is primarily situated at a designated location, the location notifies the registered location of the agency within 72 hours of the vehicle receiving the controlled substances.

(9) MAINTENANCE OF RECORDS.—

(A) IN GENERAL.—A registered emergency medical services agency shall maintain records in accordance with subsections (a) and (b) of section 50507 of this title of all controlled substances that are received, administered, or otherwise disposed of pursuant to the agency's registration, without regard to section 50507(c)(1)(A)(ii) of this title.

(B) REQUIREMENTS.—The records—

(i) shall include records of deliveries of controlled substances between all locations of the agency; and

(ii) shall be maintained, whether electronically or otherwise, at each registered and designated location of the agency where the controlled substances involved are received, administered, or otherwise disposed of.

(10) OTHER REQUIREMENTS.—A registered emergency medical services agency, under the supervision of a medical director, shall be responsible for ensuring that—

(A) all emergency medical services professionals who administer controlled substances

using the agency's registration act in accordance with the requirements of this subsection;

(B) the recordkeeping requirements of paragraph (9) are met with respect to a registered location and each designated location of the agency;

(C) the applicable physical security requirements established by regulation of the Attorney General are complied with wherever controlled substances are stored by the agency in accordance with paragraph (6); and

(D) the agency maintains, at a registered location of the agency, a record of the standing orders issued or adopted in accordance with paragraph (9).

(11) REGULATIONS.—The Attorney General may issue regulations—

(A) specifying, with regard to delivery of controlled substances under paragraph (5)—

(i) the types of locations that may be designated under paragraph (5); and

(ii) the manner in which a notification under paragraph (5)(B) must be made;

(B) specifying, with regard to the storage of controlled substances under paragraph (6),

the manner in which the substances must be stored at registered and designated locations, including in emergency medical service vehicles; and

(C) addressing the ability of hospitals, emergency medical services agencies, registered locations, and designated locations to deliver controlled substances to each other in the event of—

(i) shortages of the substances;

(ii) a public health emergency; or

(iii) a mass casualty event.

(12) RULE OF CONSTRUCTION.—Nothing in this subsection and subsection (a) shall be construed—

(A) to limit the authority vested in the Attorney General by other provisions of this division to take measures to prevent diversion of controlled substances; or

(B) to override the authority of any State to regulate the provision of emergency medical services consistent with this subsection.

(m) REQUIRED TRAINING FOR PRESCRIBERS.—

(1) DEFINITIONS.—In this subsection:

(A) FIRST APPLICABLE REGISTRATION.—The term ''first applicable registration'' means the first registration or renewal of registration by a qualified practitioner under this section that occurs on or after the date that is 180 days after December 29, 2022.

(B) QUALIFIED PRACTITIONER.—The term ''qualified practitioner'' means a practitioner that—

(i) is licensed under State law to prescribe controlled substances; and

(ii) is not solely a veterinarian.

(2) TRAINING REQUIRED.—As a condition on registration under this section to dispense controlled substances in schedule II, III, IV, or V, the Attorney General shall require any qualified practitioner, beginning with the first applicable registration for the practitioner, to meet the following:

(A) If the practitioner is a physician (as defined under section 1861(r) of the Social Security Act (42 U.S.C. 1395x(r)), the practitioner meets 1 or more of the following conditions:

(i) The physician holds a board certification in addiction psychiatry or addic-

tion medicine from the American Board of Medical Specialties.

(ii) The physician holds a board certification from the American Board of Addiction Medicine.

(iii) The physician holds a board certification in addiction medicine from the American Osteopathic Association.

(iv) The physician has, with respect to the treatment and management of patients with opioid or other substance use disorders, or the safe pharmacological management of dental pain and screening, brief intervention, and referral for appropriate treatment of patients with or at risk of developing opioid or other substance use disorders, completed not less than 8 hours of training (through classroom situations, seminars at professional society meetings, electronic communications, or otherwise) that is provided by—

(I) the American Society of Addiction Medicine, the American Academy of Addiction Psychiatry, the American Medical Association, the

American Osteopathic Association, the American Dental Association, the American Association of Oral and Maxillofacial Surgeons, the American Psychiatric Association, or any other organization accredited by the Accreditation Council for Continuing Medical Education (ACCME) or the Commission for Continuing Education Provider Recognition (CCEPR);

(II) any organization accredited by a State medical society accreditor that is recognized by the ACCME or the CCEPR;

(III) any organization accredited by the American Osteopathic Association to provide continuing medical education; or

(IV) any organization approved by the Assistant Secretary for Mental Health and Substance Use, the ACCME, or the CCEPR.

(v) The physician graduated in good standing from an accredited school of allopathic medicine, osteopathic medicine,

dental surgery, or dental medicine in the United States during the 5-year period immediately preceding the date on which the physician first registers or renews under this section and has successfully completed a comprehensive allopathic or osteopathic medicine curriculum or accredited medical residency or dental surgery or dental medicine curriculum that included not fewer than 8 hours of training on—

(I) treating and managing patients with opioid or other substance use disorders, including the appropriate clinical use of all drugs approved by the Food and Drug Administration for the treatment of a substance use disorder; or

(II) the safe pharmacological management of dental pain and screening, brief intervention, and referral for appropriate treatment of patients with or at risk of developing opioid and other substance use disorders.

(B) If the practitioner is not a physician (as defined under section 1861(r) of the Social Security Act (42 U.S.C. 1395x(r)), the practitioner—

(i) is legally authorized by the State to dispense controlled substances under schedule II, III, IV, or V;

(ii) is dispensing the controlled substances described in clause (i) within the State in accordance with all applicable State laws; and

(iii) meets 1 or more of the following conditions:

(I) The practitioner has completed not fewer than 8 hours of training with respect to the treatment and management of patients with opioid or other substance use disorders (through classroom situations, seminars at professional society meetings, electronic communications, or otherwise) provided by the American Society of Addiction Medicine, the American Academy of Addiction Psychiatry, the American Medical Asso-

ciation, the American Osteopathic Association, the American Nurses Credentialing Center, the American Psychiatric Association, the American Association of Nurse Practitioners, the American Academy of Physician Associates, or any other organization approved or accredited by the Assistant Secretary for Mental Health and Substance Use or the Accreditation Council for Continuing Medical Education.

(II) The practitioner has graduated in good standing from an accredited physician assistant school or accredited school of advanced practice nursing in the United States during the 5-year period immediately preceding the date on which the practitioner first registers or renews under this section and has successfully completed a comprehensive physician assistant or advanced practice nursing curriculum that included not fewer than 8 hours of training on treating

and managing patients with opioid and other substance use disorders, including the appropriate clinical use of all drugs approved by the Food and Drug Administration for the treatment of a substance use disorder.

(3) ONE-TIME TRAINING.—

(A) IN GENERAL.—The Attorney General shall not require any qualified practitioner to complete the training described in clauses (iv) and (v) of paragraph (2)(A) or clauses (i) and (ii) of paragraph (2)(B) more than once.

(B) NOTIFICATION.—Not later than 90 days after December 29, 2022, the Attorney General shall provide to qualified practitioners a single written, electronic notification of the training described in clauses (iv) and (v) of paragraph (2)(A) or clauses (i) and (ii) of paragraph (2)(B).

(4) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed—

(A) to preclude the use, by a qualified practitioner, of training received pursuant to this subsection to satisfy registration require-

ments of a State or for some other lawful purpose; or

(B) to preempt any additional requirements by a State related to the dispensing of controlled substances under schedule II, III, IV, or V.

(n) SPECIAL PROVISIONS FOR PRACTITIONERS CONDUCTING CERTAIN RESEARCH WITH SCHEDULE I CONTROLLED SUBSTANCES.—

(1) IN GENERAL.—Notwithstanding subsection (h), a practitioner may conduct research described in paragraph (2) with one or more schedule I substances in accordance with subparagraph (A) or (B) of paragraph (3).

(2) RESEARCH SUBJECT TO EXPEDITED PROCEDURES.—Research described in this paragraph is research that—

(A) is with respect to a drug that is the subject of an investigational use exemption under section 13510 of this title; or

(B) is—

(i) conducted by the Department of Health and Human Services, the Department of Defense, or the Department of Veterans Affairs; or

(ii) funded partly or entirely by a grant, contract, cooperative agreement, or other transaction from the Department of Health and Human Services, the Department of Defense, or the Department of Veterans Affairs.

(3) EXPEDITED PROCEDURES.—

(A) RESEARCHER WITH A CURRENT SCHEDULE I OR II RESEARCH REGISTRATION.—

(i) IN GENERAL.—If a practitioner is registered to conduct research with a controlled substance in schedule I or II, the practitioner may conduct research under this subsection on and after the date that is 30 days after the date on which the practitioner sends a notice to the Attorney General containing the following information, with respect to each substance with which the practitioner will conduct the research:

(I) The chemical name of the substance.

(II) The quantity of the substance to be used in the research.

(III) A demonstration that the research is in the category described in paragraph (2), which demonstration may be satisfied—

(aa) in the case of a grant, contract, cooperative agreement, or other transaction, or intramural research project, by identifying the sponsoring agency and supplying the number of the grant, contract, cooperative agreement, other transaction, or project; or

(bb) in the case of an application under section 13510 of this title, by supplying the application number and the sponsor of record on the application.

(IV) A demonstration that the researcher is authorized to conduct research with respect to the substance under the laws of the State in which the research will take place.

(ii) VERIFICATION OF INFORMATION BY HHS OR VA.—On request from the At-

torney General, the Secretary of Health and Human Services, the Secretary of Defense, or the Secretary of Veterans Affairs, as appropriate, shall verify information submitted by an applicant under clause (i)(III).

(B) RESEARCHER WITHOUT A CURRENT SCHEDULE I OR II RESEARCH REGISTRATION.—

(i) IN GENERAL.—If a practitioner is not registered to conduct research with a controlled substance in schedule I or II, the practitioner may send a notice to the Attorney General containing the information listed in subparagraph (A)(i), with respect to each substance with which the practitioner will conduct the research.

(ii) ATTORNEY GENERAL ACTION.—The Attorney General shall—

(I) treat the notice received under clause (i) as a sufficient application for a research registration; and

(II) not later than 45 days of receiving the notice that contains all information required under subparagraph (A)(i)—

(aa) register the applicant; or

(bb) serve an order to show cause upon the applicant in accordance with section 50504(c) of this title.

(4) ELECTRONIC SUBMISSIONS.—The Attorney General shall provide a means to permit a practitioner to submit a notification under paragraph (3) electronically.

(5) LIMITATION ON AMOUNTS.—A practitioner conducting research with a schedule I substance under this subsection may only possess the amounts of schedule I substance identified in—

(A) the notification to the Attorney General under paragraph (3); or

(B) a supplemental notification that the practitioner may send if the practitioner needs additional amounts for the research, which supplemental notification shall include—

(i) the name of the practitioner;

(ii) the additional quantity needed of the substance; and

(iii) an attestation that the research to be conducted with the substance is con-

sistent with the scope of the research that was the subject of the notification under paragraph (3).

(6) IMPORTATION AND EXPORTATION REQUIREMENTS NOT AFFECTED.—Nothing in this subsection alters the requirements of division B, regarding the importation and exportation of controlled substances.

(7) INSPECTOR GENERAL REPORT.—Not later than 1 year after July 16, 2025, the Inspector General of the Department of Justice shall complete a study, and submit to Congress a report on the study, about research described in paragraph (2) with fentanyl.

(o) TRANSPARENCY REGARDING SPECIAL PROCEDURES.—

(1) IN GENERAL.—If the Attorney General determines, with respect to a controlled substance, that an application by a practitioner to conduct research with the substance should be considered under a process, or subject to criteria, different from the process or criteria applicable to applications to conduct research with other controlled substances in the same schedule, the Attorney General shall make

public, including by posting on the website of the Drug Enforcement Administration—

(A) the identities of all substances for which the determinations have been made;

(B) the process and criteria that shall be applied to applications to conduct research with those substances; and

(C) how the process and criteria described in subparagraph (B) differ from the process and criteria applicable to applications to conduct research with other controlled substances in the same schedule.

(2) TIMING OF POSTING.—The Attorney General shall make the information described in paragraph (1) public on making a determination described in that paragraph, regardless of whether a practitioner has submitted an application described in paragraph (1) at that time.

**§ 50504. Denial, revocation, or suspension of registration**

(a) GROUNDS.—

(1) CONTROLLED SUBSTANCE OR A LIST I CHEMICAL.—A registration pursuant to section 50503 of this title to manufacture, distribute, or dispense a controlled substance or a list I chemical may

be suspended or revoked by the Attorney General on a finding that the registrant—

(A) has materially falsified any application filed pursuant to or required by this division or division B;

(B) has been convicted of a felony under this division or division B or any other law of the United States, or of any State, relating to any substance defined in this division as a controlled substance or a list I chemical;

(C) has had the registrant's State license or registration suspended, revoked, or denied by competent State authority and is no longer authorized by State law to engage in the manufacturing, distribution, or dispensing of controlled substances or list I chemicals or has had the suspension, revocation, or denial of the registrant's registration recommended by competent State authority;

(D) has committed such acts as would render the registrant's registration under section 50503 of this title inconsistent with the public interest as determined under that section; or

(E) has been excluded (or directed to be excluded) from participation in a program pursuant to section 1128(a) of the Social Security Act (42 U.S.C. 1320a–7(a)).

(2) NARCOTIC DRUG FOR MAINTENANCE TREATMENT OR DETOXIFICATION TREATMENT.—A registration pursuant to section 50503(i) of this title to dispense a narcotic drug for maintenance treatment or detoxification treatment may be suspended or revoked by the Attorney General on a finding that the registrant has failed to comply with any standard referred to in section 50503(i) of this title.

(b) LIMITS OF REVOCATION OR SUSPENSION.—The Attorney General may limit revocation or suspension of a registration to the particular controlled substance or list I chemical with respect to which grounds for revocation or suspension exist.

(c) SERVICE OF SHOW CAUSE ORDER; PROCEEDINGS.—

(1) IN GENERAL.—Before taking action pursuant to this section, or pursuant to a denial of registration under section 50503 of this title, the Attorney General shall serve on the applicant or registrant an order to show cause why registration should not be denied, revoked, or suspended.

(2) ORDER REQUIREMENTS.—An order to show cause under paragraph (1) shall—

(A) contain a statement of the basis for the denial, revocation, or suspension, including specific citations to any laws or regulations alleged to be violated by the applicant or registrant;

(B) direct the applicant or registrant to appear before the Attorney General at a time and place stated in the order, but not less than 30 days after the date of receipt of the order; and

(C) notify the applicant or registrant of the opportunity to submit a corrective action plan on or before the date of appearance.

(3) REVIEW OF CORRECTIVE ACTION PLAN; DETERMINATION BY ATTORNEY GENERAL.—On review of any corrective action plan submitted by an applicant or registrant pursuant to paragraph (2), the Attorney General shall determine whether denial, revocation, or suspension proceedings should be discontinued, or deferred for the purposes of modification, amendment, or clarification to the plan.

(4) PROCEEDINGS.—Proceedings to deny, revoke, or suspend shall be conducted pursuant to this

section in accordance with subchapter II of chapter 5 of title 5. The proceedings shall be independent of, and not in lieu of, criminal prosecutions or other proceedings under this division or any other law of the United States.

(5) APPLICABILITY TO IMMEDIATE SUSPENSION ORDERS.—The requirements of this subsection shall not apply to the issuance of an immediate suspension order under subsection (d).

(d) SUSPENSION OF REGISTRATION IN CASES OF IMMINENT DANGER.—

(1) DEFINITION OF IMMINENT DANGER TO THE PUBLIC HEALTH OR SAFETY.—In this subsection, the phrase ''imminent danger to the public health or safety'' means that, due to the failure of the registrant to maintain effective controls against diversion or otherwise comply with the obligations of a registrant under this division or division B, there is a substantial likelihood of an immediate threat that death, serious bodily harm, or abuse of a controlled substance will occur in the absence of an immediate suspension of the registration.

(2) IN GENERAL.—

(A) AUTHORITY.—The Attorney General may, in the Attorney General's discretion, sus-

pend any registration simultaneously with the institution of proceedings under this section, in cases in which the Attorney General finds that there is an imminent danger to the public health or safety.

(B) FAILURE TO COMPLY WITH STANDARD.—A failure to comply with a standard referred to in section 50503(i) of this title may be treated under this subsection as grounds for immediate suspension of a registration granted under that section.

(C) EFFECTIVE PERIOD.—A suspension under this subsection shall continue in effect until the conclusion of the proceedings, including judicial review of the suspension, unless sooner withdrawn by the Attorney General or dissolved by a court of competent jurisdiction.

(e) SUSPENSION AND REVOCATION OF QUOTAS.—The suspension or revocation of a registration under this section shall operate to suspend or revoke any quota applicable under section 50506 of this title.

(f) DISPOSITION OF CONTROLLED SUBSTANCES OR LIST I CHEMICALS.—

(1) UNDER SEAL.—In the event the Attorney General suspends or revokes a registration granted

under section 50503 of this title, all controlled substances or list I chemicals owned or possessed by the registrant pursuant to the registration at the time of suspension or the effective date of the revocation order, as the case may be, may, in the discretion of the Attorney General, be placed under seal.

(2) DISPOSITION; SALE.—No disposition may be made of any controlled substances or list I chemicals under seal until the time for taking an appeal has elapsed or until all appeals have been concluded except that a court may at any time order the sale, on application for the sale, of perishable controlled substances or list I chemicals.

(3) PROCEEDS.—Any order under paragraph (2) shall require the deposit of the proceeds of the sale with the court.

(4) FORFEITURE AND DISPOSITION ON REVOCATION ORDER BECOMING FINAL.—On a revocation order becoming final, all such controlled substances or list I chemicals (or proceeds of sale deposited in court) shall be forfeited to the United States, and the Attorney General shall dispose of the controlled substances or list I chemicals in accordance with section 50911(e) of this title. All right, title, and interest in the controlled substances or list I chemicals

shall vest in the United States on a revocation order becoming final.

(g) SEIZURE OR PLACEMENT UNDER SEAL OF CONTROLLED SUBSTANCES OR LIST I CHEMICALS.—

(1) IN GENERAL.—The Attorney General may, in the Attorney General's discretion, seize or place under seal any controlled substances or list I chemicals owned or possessed by a registrant whose registration has expired or who has ceased to practice or do business in the manner contemplated by the registrant's registration.

(2) PERSON FOR WHOM ITEMS ARE TO BE HELD.—The controlled substances or list I chemicals shall be held for the benefit of the registrant, or the registrant's successor in interest.

(3) NOTIFICATION OF PROCEDURES FOR RETURN OF SEIZED ITEMS.—The Attorney General shall notify a registrant, or the registrant's successor in interest, who has any controlled substance or list I chemical seized or placed under seal of the procedures to be followed to secure the return of the controlled substance or list I chemical and the conditions under which it will be returned.

(4) DATE ON WHICH ITEMS MAY BE DISPOSED.—The Attorney General may not dispose of

any controlled substance or list I chemical seized or placed under seal under this subsection until the expiration of 180 days from the date the substance or chemical was seized or placed under seal.

(h) DEBARMENT OF CERTAIN REGISTRANTS.—The Attorney General may issue an order to prohibit, conditionally or unconditionally, and permanently or for such period as the Attorney General may determine, any person from being registered under this division to manufacture, distribute, or dispense a controlled substance or a list I chemical, if the Attorney General finds that—

(1) the person meets or has met any of the conditions for suspension or revocation of registration under subsection (a); and

(2) the person has a history of prior suspensions or revocations of registration.

**§ 50505. Labeling and packaging**

(a) SYMBOL.—It shall be unlawful to distribute a controlled substance in a commercial container unless the container, when and as required by regulations of the Attorney General, bears a label (as defined in section 10101(a) of this title) containing an identifying symbol for the substance in accordance with the regulations. A different symbol shall be required for each schedule of controlled substances.

(b) UNLAWFUL DISTRIBUTION WITHOUT IDENTIFYING SYMBOL.—It shall be unlawful for the manufacturer of any controlled substance to distribute the substance unless the labeling (as defined in section 10101(a) of this title) of the substance contains, when and as required by regulations of the Attorney General, the identifying symbol required under subsection (a).

(c) WARNING ON LABEL.—The Secretary shall prescribe regulations under section 13103(a) of this title which shall provide that the label of a drug listed in schedule II, III, or IV shall, when dispensed to or for a patient, contain a clear, concise warning that it is a crime to transfer the drug to any person other than the patient.

(d) CONTAINERS TO BE SECURELY SEALED.—It shall be unlawful to distribute a controlled substance in schedule I or II, or a narcotic drug in schedule III or IV, unless the bottle or other container, stopper, covering, or wrapper of the controlled substance or the narcotic drug is securely sealed as required by regulations of the Attorney General.

(e) FALSE LABELING OF ANABOLIC STEROIDS.—

(1) IN GNEERAL.—It shall be unlawful to import, export, manufacture, distribute, dispense, or possess with intent to manufacture, distribute, or dispense, an anabolic steroid or product containing

an anabolic steroid, unless the steroid or product bears a label clearly identifying an anabolic steroid or product containing an anabolic steroid by the nomenclature used by the International Union of Pure and Applied Chemistry (IUPAC).

(2) EXEMPTION.—

(A) IN GENERAL.—A product described in subparagraph (B) is exempt from the IUPAC nomenclature requirement of this subsection if the product is labeled in the manner required under subtitle I of this title.

(B) PRODUCT.—A product is described in this subparagraph if the product—

(i) is the subject of an approved application as described in section 13503 or 13511 of this title; or

(ii) is exempt from the provisions of chapter 135 of this title relating to new drugs because—

(I) it is intended solely for investigational use as described in section 13510 of this title; and

(II) the product is being used exclusively for purposes of a clinical trial

that is the subject of an effective investigational new drug application.

**§ 50506. Production quotas for controlled substances**

(a) ESTABLISHMENT OF TOTAL ANNUAL NEEDS.—

(1) IN GENERAL.—The Attorney General shall determine the total quantity and establish production quotas for each basic class of controlled substance in schedules I and II and for ephedrine, pseudoephedrine, and phenylpropanolamine to be manufactured each calendar year to provide for the estimated medical, scientific, research, and industrial needs of the United States, for lawful export requirements, and for the establishment and maintenance of reserve stocks. Except as provided in paragraph (2), production quotas shall be established in terms of quantities of each basic class of controlled substance and not in terms of individual pharmaceutical dosage forms prepared from or containing such a controlled substance.

(2) AGGREGATE OR INDIVIDUAL PRODUCTION QUOTA OR PROCUREMENT QUOTA IN TERMS OF PHARMACEUTICAL DOSAGE FORMS.—The Attorney General may, if the Attorney General determines it will assist in avoiding the overproduction, shortages, or diversion of a controlled substance, establish an

aggregate or individual production quota under this subsection, or a procurement quota established by the Attorney General by regulation, in terms of pharmaceutical dosage forms prepared from or containing the controlled substance.

(b) INDIVIDUAL MANUFACTURING QUOTAS; REVISED QUOTAS.—

(1) LIMITATION OR REDUCTION.—The Attorney General shall limit or reduce individual manufacturing quotas to the extent necessary to prevent the aggregate of individual quotas from exceeding the amount determined necessary each year by the Attorney General under subsection (a).

(2) REVISION.—The quota of each registered manufacturer for each basic class of controlled substance in schedule I or II or for ephedrine, pseudoephedrine, or phenylpropanolamine shall be revised in the same proportion as the limitation or reduction of the aggregate of the quotas.

(3) SUBTRACTION.—If any registrant, before the issuance of a limitation or reduction in quota, has manufactured in excess of the registrant's revised quota, the amount of the excess shall be subtracted from the registrant's quota for the following year.

(c) MANUFACTURING QUOTAS FOR REGISTERED MANUFACTURERS.—

(1) IN GENERAL.—On or before December 1 of each year, on application for a manufacturing quota by a registered manufacturer, the Attorney General shall fix a manufacturing quota for the basic classes of controlled substances in schedules I and II and for ephedrine, pseudoephedrine, and phenylpropanolamine that the manufacturer seeks to produce.

(2) APPLICABILITY OF PROVISIONS.—The quota shall be subject to the provisions of subsections (a) and (b).

(3) DETERMINATIONS AND CONSIDERATIONS BY ATTORNEY GENERAL.—In fixing the quotas, the Attorney General shall determine the manufacturer's estimated disposal, inventory, and other requirements for the calendar year, and, in making the Attorney General's determination, the Attorney General shall consider the manufacturer's current rate of disposal, the trend of the national disposal rate during the preceding calendar year, the manufacturer's production cycle and inventory position, the economic availability of raw materials, yield and sta-

bility problems, emergencies such as strikes and fires, and other factors.

(d) QUOTAS FOR REGISTRANTS WHO HAVE NOT MANUFACTURED A BASIC CLASS OF CONTROLLED SUBSTANCE DURING 1 OR MORE PRECEDING YEARS.—

(1) IN GENERAL.—The Attorney General shall, on application and subject to the provisions of subsections (a) and (b), fix a quota for a basic class of controlled substance in schedule I or II for any registrant who has not manufactured that basic class of controlled substance or ephedrine, pseudoephedrine, or phenylpropanolamine during 1 or more preceding calendar years.

(2) CONSIDERATIONS BY ATTORNEY GENERAL.—In fixing the quota, the Attorney General shall take into account the registrant's reasonably anticipated requirements for the current year, and, in making the Attorney General's determination of the requirements, the Attorney General shall consider such factors specified in subsection (c) as may be relevant.

(e) QUOTA INCREASES.—

(1) APPLICATION.—At any time during the year, any registrant who has applied for or received a manufacturing quota for a basic class of controlled

substance in schedule I or II or for ephedrine, pseudoephedrine, or phenylpropanolamine may apply for an increase in that quota to meet the registrant's estimated disposal, inventory, and other requirements during the remainder of that year.

(2) CONSIDERATION OF OCCURRENCES SINCE INITIAL QUOTA APPLICATION.—In passing on the application, the Attorney General shall take into consideration any occurrences since the filing of the registrant's initial quota application that may require an increased manufacturing rate by the registrant during the balance of the year.

(3) CONSIDERATION OF AGGREGATE AMOUNT.—In passing on the application, the Attorney General may also take into account the amount, if any, by which the determination of the Attorney General under subsection (a) exceeds the aggregate of the quotas of all registrants under this section.

(f) INCIDENTAL PRODUCTION EXCEPTION.—

(1) IN GENERAL.—Notwithstanding any other provisions of this division, a registration or quota shall not be required for the manufacture of the quantities of controlled substances in schedules I and II or ephedrine, pseudoephedrine, or phenylpropanolamine, which quantities incidentally and

necessarily result from the manufacturing process used for the manufacture of a controlled substance or of ephedrine, pseudoephedrine, or phenylpropanolamine with respect to which its manufacturer is registered under this division.

(2) RESTRICTIONS.—The Attorney General may, by regulation, prescribe restrictions on the retention and disposal of the incidentally produced substances or chemicals under paragraph (1).

(g) REFERENCE TO EPHEDRINE, PSEUDOEPHEDRINE, OR PHENYLPROPANOLAMINE.—Each reference in this section to ephedrine, pseudoephedrine, or phenylpropanolamine includes each of the salts, optical isomers, and salts of optical isomers of the chemical.

(h) QUOTAS APPLICABLE TO DRUGS IN SHORTAGE.—

(1) IN GENERAL.—

(A) ACTIONS BY ATTORNEY GENERAL.—Not later than 30 days after the receipt of a request described in paragraph (2), the Attorney General shall—

(i) complete review of the request; and

(ii)(I) as necessary to address a shortage of a controlled substance, increase the

aggregate and individual production quotas under this section applicable to the controlled substance and any ingredient in the controlled substance to the level requested; or

(II) if the Attorney General determines that the level requested is not necessary to address a shortage of a controlled substance, provide a written response detailing the basis for the Attorney General's determination.

(B) AVAILABILITY OF RESPONSE ON FDA WEBSITE.—The Secretary shall make the written response provided under subparagraph (A)(ii)(II) available to the public on the internet website of the Food and Drug Administration.

(2) REQUEST.—A request is described in this paragraph if—

(A) the request pertains to a controlled substance on the list of drugs in shortage maintained under section 13125 of this title;

(B) the request is submitted by the manufacturer of the controlled substance; and

(C) the controlled substance is in schedule II.

(i) COVERED CONTROLLED SUBSTANCES.—

(1) DEFINITION OF COVERED CONTROLLED SUBSTANCE.—In this subsection, the term ''covered controlled substance'' means fentanyl, oxycodone, hydrocodone, oxymorphone, or hydromorphone.

(2) ESTIMATION OF AMOUNT OF DIVERSION.—

(A) IN GENERAL.—In establishing any quota under this section, or any procurement quota established by the Attorney General by regulation, for a covered controlled substance, the Attorney General shall estimate the amount of diversion of the covered controlled substance that occurs in the United States.

(B) CONSIDERATIONS.—In estimating diversion under this paragraph, the Attorney General—

(i) shall consider information the Attorney General, in consultation with the Secretary, determines reliable on rates of overdose deaths and abuse and overall public health impact related to the covered controlled substance in the United States; and

(ii) may take into consideration whatever other sources of information the Attorney General determines reliable.

(C) QUOTA REDUCTIONS.—After estimating the amount of diversion of a covered controlled substance, the Attorney General shall make appropriate quota reductions, as determined by the Attorney General, from the quota the Attorney General would have otherwise established had the diversion not been considered.

(3) INCREASED AGGREGATE PRODUCTION QUOTA.—

(A) IN GENERAL.—For any year for which the approved aggregate production quota for a covered controlled substance is higher than the approved aggregate production quota for the covered controlled substance for the previous year, the Attorney General, in consultation with the Secretary, shall include in the final order an explanation of why the public health benefits of increasing the quota clearly outweigh the consequences of having an increased volume of the covered controlled substance available for sale, and potential diversion, in the United States.

(B) ANNUAL REPORT.—Not later than 1 year after October 24, 2018, and every year thereafter, the Attorney General shall submit to the Committee on the Judiciary, the Committee on Health, Education, Labor, and Pensions, and the Committee on Appropriations of the Senate and the Committee on the Judiciary, the Committee on Energy and Commerce, and the Committee on Appropriations of the House of Representatives the following information with regard to each covered controlled substance:

(i) An anonymized count of the total number of manufacturers issued individual manufacturing quotas that year for the covered controlled substance.

(ii) An anonymized count of how many such manufacturers were issued an approved manufacturing quota that was higher than the quota issued to that manufacturer for the covered controlled substance in the previous year.

(4) REPORT.—Not later than 1 year after October 24, 2018, the Attorney General shall submit to Congress a report on how the Attorney General, when fixing and adjusting production and manufac-

turing quotas under this section for covered controlled substances, will—

(A) take into consideration changes in the accepted medical use of the covered controlled substances; and

(B) work with the Secretary on methods to appropriately and anonymously estimate the type and amount of covered controlled substances that are submitted for collection from approved drug collection receptacles, mail-back programs, and take-back events.

(j) ATTORNEY GENERAL REPORT ON DRUG SHORTAGES.—The Attorney General shall annually submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on the Judiciary of the Senate a report on drug shortages that—

(1) identifies the number of requests received under subsection (h), the average review time for the requests, the number of requests granted and denied under subsection (h), and, for each of the requests denied under subsection (h), the basis for the denial;

(2) describes the coordination between the Drug Enforcement Administration and Food and Drug Administration on efforts to prevent or alleviate drug shortages; and

(3) identifies drugs containing a controlled substance subject to this section when such a drug is determined by the Secretary to be in shortage.

**§ 50507. Records and reports of registrants**

(a) INVENTORY.—Except as provided in subsection (c)—

(1) each registrant shall, as soon as the registrant first engages in the manufacture, distribution, or dispensing of controlled substances, and every 2 years, make a complete and accurate record of all stocks of the controlled substances on hand, except that the regulations prescribed under this section shall permit each such biennial inventory to be prepared on the registrant's regular general physical inventory date (if any) that is nearest to and does not vary by more than 6 months from the biennial date that would otherwise apply;

(2) on the effective date of each regulation of the Attorney General controlling a substance that immediately prior to that date was not a controlled substance, each registrant under this division manufacturing, distributing, or dispensing the substance shall make a complete and accurate record of all stocks of the substance on hand; and

(3) each registrant under this division manufacturing, distributing, or dispensing a controlled substance shall maintain, on a current basis, a complete and accurate record of each controlled substance manufactured, received, sold, delivered, or otherwise disposed of by the registrant, except that this paragraph shall not require the maintenance of a perpetual inventory.

(b) AVAILABILITY OF RECORDS.—Each inventory or other record required under this section—

(1) shall be in accordance with, and contain such relevant information as may be required by, regulations of the Attorney General;

(2) shall—

(A) be maintained separately from all other records of the registrant; or

(B) in the case of nonnarcotic controlled substances, be in such form that information required by the Attorney General is readily retrievable from the ordinary business records of the registrant; and

(3) shall be kept and be available, for at least 2 years, for inspection and copying by officers or employees of the United States authorized by the Attorney General.

(c) INAPPLICABILITY.—

(1) IN GENERAL.—Subsections (a) and (b) shall not apply—

(A)(i) to the prescribing of controlled substances in schedule II, III, IV, or V by practitioners acting in the lawful course of their professional practice unless the substance is prescribed in the course of maintenance or detoxification treatment of an individual; or

(ii) to the administering of a controlled substance in schedule II, III, IV, or V unless the practitioner regularly engages in the dispensing or administering of controlled substances and charges the practitioner's patients, either separately or together with charges for other professional services, for substances so dispensed or administered or unless the substance is administered in the course of maintenance treatment or detoxification treatment of an individual;

(B)(i) to the use of controlled substances, at establishments registered under this division that keep records with respect to the substances, in research conducted in conformity

with an exemption granted under section 13510 or 13711 of this title;

(ii) to the use of controlled substances, at establishments registered under this division that keep records with respect to the substances, in preclinical research or in teaching; or

(C) to the extent of any exemption granted to any person, with respect to all or part of the provisions, by the Attorney General by or pursuant to regulation on the basis of a finding that the application of the provisions (or part of the provisions) to the person is not necessary for carrying out the purposes of this division.

(2) EFFECT OF COVENTION.—Nothing in the Convention on Psychotropic Substances shall be construed as superseding or otherwise affecting the provisions of subparagraphs (A)(ii), (B), and (C) of paragraph (1).

(d) PERIODIC REPORTS TO ATTORNEY GENERAL.—

(1) MANUFACTURERS AND DISRIBUTORS.—Each manufacturer registered under section 50503 of this title shall, at such time and in such form as the Attorney General may require, make periodic reports to the Attorney General of every sale, delivery,

or other disposal by the manufacturer of any controlled substance, and each distributor shall make the reports with respect to narcotic controlled substances, identifying by the registration number assigned under this division the person or establishment (unless exempt from registration under section 50502(d) of this title) to whom the sale, delivery, or other disposal was made.

(2) PHARMACY.—

(A) IN GENERAL.—Each pharmacy with a modified registration under section 50503(h) of this title that authorizes the dispensing of controlled substances by means of the internet shall report to the Attorney General the controlled substances it dispenses, in the amount specified, and in such time and manner as the Attorney General by regulation shall require, except that the Attorney General, under this paragraph, may not require any pharmacy to report any information other than the total quantity of each controlled substance that the pharmacy has dispensed each month.

(B) REPORTING NOT REQUIRED UNLESS THRESHOLD IS MET.—For purposes of this paragraph, no reporting shall be required unless

the pharmacy has met 1 of the following thresholds in the month for which the reporting is required:

(i) 100 or more prescriptions dispensed.

(ii) 5,000 or more dosage units of all controlled substances combined.

(e) REPORTING AND RECORDKEEPING REQUIREMENTS OF DRUG CONVENTIONS.—In addition to the reporting and recordkeeping requirements under any other provision of this division, each manufacturer registered under section 50503 of this title shall, with respect to narcotic and nonnarcotic controlled substances manufactured by it, make such reports to the Attorney General, and maintain such records, as the Attorney General may require to enable the United States to meet its obligations under articles 19 and 20 of the Single Convention on Narcotic Drugs and article 16 of the Convention on Psychotropic Substances. The Attorney General shall administer the requirements of this subsection in such a manner as to avoid the unnecessary imposition of duplicative requirements under this division on manufacturers subject to the requirements of this subsection.

(f) AVAILABILITY OF INFORMATION RELATING TO DISTRIBUTOR REGISTRANTS AND OPIOIDS DISTRIBUTED.—

(1) IN GENERAL.—The Attorney General shall, not less frequently than quarterly, make the following information available to manufacturer and distributor registrants through the Automated Reports and Consolidated Orders System, or any subsequent automated system developed by the Drug Enforcement Administration to monitor selected controlled substances:

(A) The total number of distributor registrants that distribute controlled substances to a pharmacy or practitioner registrant, aggregated by the name and address of each pharmacy and practitioner registrant.

(B) The total quantity and type of opioids distributed, listed by Administration Controlled Substances Code Number, to each pharmacy and practitioner registrant described in subparagraph (A).

(2) TIMING OF AVAILABILITY.—The information required to be made available under paragraph (1) shall be made available not later than the 30th

day of the first month following the quarter to which the information relates.

(3) DUTY TO REVIEW INFORMATION.—

(A) IN GENERAL.—All registered manufacturers and distributors shall be responsible for reviewing the information made available by the Attorney General under this subsection.

(B) AVAILABILITY OF INFORMATION TO BE TAKEN INTO ACCOUNT IN DETERMINING WHETHER TO INITIATE PROCEEDINGS.—In determining whether to initiate proceedings under this division against a registered manufacturer or distributor based on the failure of the registrant to maintain effective controls against diversion or otherwise comply with the requirements of this division or the regulations issued under this division, the Attorney General may take into account that the information made available under this subsection was available to the registrant.

(g) INVESTIGATIONAL USES OF DRUGS; PROCEDURES.—Regulations under sections 13136(j) and 13510 of this title, relating to investigational use of drugs, shall include such procedures as the Secretary, after consultation with the Attorney General, determines are necessary

to ensure the security and accountability of controlled substances used in research to which the regulations apply.

(h) CHANGE OF ADDRESS.—Each registrant under this division shall be required to report any change of professional or business address in such manner as the Attorney General shall by regulation require.

(i) REPORTING REQUIREMENTS FOR GHB.—In the case of a drug product containing gamma hydroxybutyric acid for which an application has been approved under chapter 135 of this title, the Attorney General may, in addition to any other requirements that apply under this section with respect to such a drug product, establish any of the following as reporting requirements:

(1) Each person that is registered as a manufacturer of bulk or dosage form, or as a packager, repackager, labeler, relabeler, or distributor, shall report acquisition and distribution transactions quarterly, not later than the 15th day of the month succeeding the quarter for which the report is submitted, and annually report end-of-year inventories.

(2) All annual inventory reports shall be filed not later than January 15 of the year following that for which the report is submitted and include data on the stocks of the drug product, drug substance, bulk drug, and dosage forms on hand as of the close

of business December 31, indicating whether materials reported are in storage or in process of manufacturing.

(3) Each person that is registered as a manufacturer of bulk or dosage form shall report all manufacturing transactions, both inventory increases, including purchases, transfers, and returns, and reductions from inventory, including sales, transfers, theft, destruction, and seizure, and shall provide data on material manufactured, manufactured from other material, use in manufacturing other material, and use in manufacturing dosage forms.

(4) All reports under this section must include the registered person's registration number as well as the registration numbers, names, and other identifying information of vendors, suppliers, and customers, sufficient to allow the Attorney General to track the receipt and distribution of the drug.

(5) Each dispensing practitioner shall maintain for each prescription the name of the prescribing practitioner, the prescribing practitioner's Federal and State registration numbers, with the expiration dates of the registrations, verification that the prescribing practitioner possesses the appropriate registration to prescribe the controlled substance, the

patient's name and address, the name of the patient's insurance provider, and documentation by a medical practitioner licensed and registered to prescribe the drug of the patient's medical need for the drug. The information shall be available for inspection and copying by the Attorney General.

(6) Section 50511(b)(3) of this title applies with respect to gamma hydroxybutyric acid to the same extent and in the same manner as that section applies with respect to the chemicals and drug products specified in subparagraph (A)(i) of section 50511(b)(3) of this title.

(j) REPORTS TO BE IN ELECTRONIC FORMAT.—All of the reports required under this section shall be provided in an electronic format.

**§ 50508. Order forms**

(a) UNLAWFUL DISTRIBUTION OF CONTROLLED SUBSTANCES.—It shall be unlawful for any person to distribute a controlled substance in schedule I or II to another except in pursuance of a written order of the person to whom the substance is distributed, made on a form to be issued by the Attorney General in blank in accordance with subsection (d) and regulations prescribed by the Attorney General pursuant to this section.

(b) INAPPLICABILITY OF PROVISIONS.—Subsection (a) shall not apply to—

(1) the exportation of the substances from the United States in conformity with division B;

(2) the delivery of such a substance to or by a common or contract carrier for carriage in the lawful and usual course of its business, or to or by a warehouseman for storage in the lawful and usual course of its business, but if the carriage or storage is in connection with the distribution by the owner of the substance to a third person, this paragraph shall not relieve the distributor from compliance with subsection (a); or

(3) the delivery of such a substance for the purpose of disposal by an ultimate user, long-term care facility, or other person acting in accordance with section 50502(g) of this title.

(c) PRESERVATION AND AVAILABILITY.—

(1) PERSON DISTRIBUTING SUBSTANCE.—Each person that in pursuance of an order required under subsection (a) distributes a controlled substance shall preserve the order for a period of 2 years, and shall make the order available for inspection and copying by Federal officers and employees authorized for that purpose by the Attorney General, and

by officers or employees of States or their political subdivisions who are charged with the enforcement of State or local laws regulating the production, or regulating the distribution or dispensing, of controlled substances and who are authorized under the laws to inspect the orders.

(2) PERSON GIVING ORDER.—Each person that gives an order required under subsection (a) shall, at or before the time of giving the order, make or cause to be made a duplicate of the order on a form to be issued by the Attorney General in blank in accordance with subsection (d) and regulations prescribed by the Attorney General pursuant to this section, and shall, if the order is accepted, preserve the duplicate for a period of 2 years and make it available for inspection and copying by the officers and employees described in paragraph (1).

(d) ISSUANCE.—

(1) IN GENERAL.—The Attorney General shall issue forms pursuant to subsections (a) and (c)(2) only to persons validly registered under section 50503 of this title (or exempted from registration under section 50502(d) of this title). If any such form is issued to a person, the Attorney General shall, before delivery of the form, insert in the form

the name of the person, and it shall be unlawful for any other person—

(A) to use the form for the purpose of obtaining controlled substances; or

(B) to furnish the form to any person with intent to procure the distribution of the substances.

(2) FEES.—The Attorney General may charge reasonable fees for the issuance of the forms in such amounts as the Attorney General may prescribe for the purpose of covering the cost to the United States of issuing the forms, and other necessary activities in connection with the issuance.

(e) UNLAWFUL ACTS.—It shall be unlawful for any person to obtain, by means of order forms issued under this section, controlled substances for any purpose other than their use, distribution, dispensing, or administration in the conduct of a lawful business in the substances or in the course of the person's professional practice or research.

**§ 50509. Prescriptions**

(a) SCHEDULE II SUBSTANCES.—Except if dispensed directly by a practitioner, other than a pharmacist, to an ultimate user, a controlled substance in schedule II, which is a prescription drug as determined under subtitle I of

this title, shall not be dispensed without the written prescription of a practitioner, except that in emergency situations, as prescribed by the Secretary by regulation after consultation with the Attorney General, the drug may be dispensed on oral prescription in accordance with section 13103(a) of this title. Prescriptions shall be retained in conformity with the requirements of section 50507 of this title. No prescription for a controlled substance in schedule II may be refilled.

(b) SCHEDULES III AND IV SUBSTANCES.—Except if dispensed directly by a practitioner, other than a pharmacist, to an ultimate user, a controlled substance in schedule III or IV, which is a prescription drug as determined under subtitle I of this title, shall not be dispensed without a written or oral prescription in conformity with section 13103(a) of this title. The prescriptions may not be filled or refilled more than 6 months after the date of the filling or refilling, or be refilled more than 5 times after the date of the prescription unless renewed by the practitioner.

(c) SCHEDULE V SUBSTANCES.—A controlled substance in schedule V, which is a drug, shall not be distributed or dispensed other than for a medical purpose.

(d) NON-PRESCRIPTION DRUGS WITH ABUSE POTENTIAL.—If it appears to the Attorney General that a

drug not considered to be a prescription drug under subtitle I of this title should be considered a prescription drug under the subtitle because of its abuse potential, the Attorney General shall so advise the Secretary and furnish to the Secretary all available data relevant to the advice.

(e) CONTROLLED SUBSTANCES DISPENSED BY MEANS OF THE INTERNET.—

(1) DEFINITIONS.—In this subsection:

(A) COVERING PRACTITIONER.—The term ''covering practitioner'' means, with respect to a patient, a practitioner that conducts a medical evaluation (other than an in-person medical evaluation) at the request of a practitioner that—

(i) has conducted at least 1 in-person medical evaluation of the patient or an evaluation of the patient through the practice of telemedicine, within the previous 24 months; and

(ii) is temporarily unavailable to conduct the evaluation of the patient.

(B) IN-PERSON MEDICAL EVALUATION.—

(i) IN GENERAL.—The term ''in-person medical evaluation'' means a medical evaluation that is conducted with the pa-

tient in the physical presence of the practitioner, without regard to whether portions of the evaluation are conducted by other health professionals.

(ii) EFFECT OF CLAUSE (i).—Nothing in clause (i) shall be construed to imply that 1 in-person medical evaluation demonstrates that a prescription has been issued for a legitimate medical purpose within the usual course of professional practice.

(C) VALID PRESCRIPTION.—The term ''valid prescription'' means a prescription that is issued for a legitimate medical purpose in the usual course of professional practice by—

(i) a practitioner that has conducted at least 1 in-person medical evaluation of the patient; or

(ii) a covering practitioner.

(2) IN GENERAL.—No controlled substance that is a prescription drug as determined under subtitle I of this title may be delivered, distributed, or dispensed by means of the internet without a valid prescription.

(3) INAPPLICABILITY.—Nothing in this subsection applies to—

(A) the delivery, distribution, or dispensing of a controlled substance by a practitioner engaged in the practice of telemedicine; or

(B) the dispensing or selling of a controlled substance pursuant to practices as determined by the Attorney General by regulation, which shall be consistent with effective controls against diversion.

(f) PARTIAL FILLS OF SCHEDULE II CONTROLLED SUBSTANCES.—

(1) PARTIAL FILLS.—A prescription for a controlled substance in schedule II may be partially filled if—

(A) it is not prohibited by State law;

(B) the prescription is written and filled in accordance with this division, regulations prescribed by the Attorney General, and State law;

(C) the partial fill is requested by the patient or the practitioner that wrote the prescription; and

(D) the total quantity dispensed in all partial fillings does not exceed the total quantity prescribed.

(2) REMAINING PORTIONS.—

(A) IN GENERAL.—Except as provided in subparagraph (B), remaining portions of a partially filled prescription for a controlled substance in schedule II—

(i) may be filled; and

(ii) shall be filled not later than 30 days after the date on which the prescription is written.

(B) EMERGENCY SITUATIONS.—In emergency situations, as described in subsection (a), the remaining portions of a partially filled prescription for a controlled substance in schedule II—

(i) may be filled; and

(ii) shall be filled not later than 72 hours after the prescription is issued.

(3) EFFECT OF SUBSECTION.—Nothing in this subsection shall be construed to affect the authority of the Attorney General to allow a prescription for a controlled substance in schedule III, IV, or V to be partially filled.

(g) PROGRAMS AND MATERIALS FOR TRAINING ON CERTAIN CIRCUMSTANCES UNDER WHICH A PHARMACIST MAY DECLINE TO FILL A PRESCRIPTION.—

(1) IN GENERAL.—The Secretary, in consultation with the Administrator of the Drug Enforcement Administration, Commissioner of Food and Drugs, Director of the Centers for Disease Control and Prevention, and Assistant Secretary for Mental Health and Substance Use, shall develop and disseminate not later than 1 year after December 29, 2022, and update periodically thereafter, as appropriate, materials for pharmacists, health care providers, and patients on—

(A) circumstances under which a pharmacist may, consistent with this section and regulations under this section, including section 1306.04 of title 21, Code of Federal Regulations, decline to fill a prescription for a controlled substance because the pharmacist suspects the prescription is fraudulent, forged, or of doubtful, questionable, or suspicious origin; and

(B) other Federal requirements pertaining to declining to fill a prescription under the circumstances described in subparagraph (A), including the partial fill of prescriptions for certain controlled substances.

(2) MATERIALS INCLUDED.—In developing materials under paragraph (1), the Secretary shall include information for—

(A) pharmacists on how to verify the identity of the patient;

(B) pharmacists on how to decline to fill a prescription and actions to take after declining to fill a prescription; and

(C) other health care practitioners and the public on a pharmacist's ability to decline to fill prescriptions in certain circumstances and a description of those circumstances (as described in the materials developed under paragraph (1)(A)).

(3) STAKEHOLDER INPUT.—In developing the programs and materials required under paragraph (1), the Secretary shall seek input from relevant national, State, and local associations, boards of pharmacy, medical societies, licensing boards, health care practitioners, and patients, including individuals with chronic pain.

(4) MATERIALS FOR TRAINING ON VERIFICATION OF IDENTITY.—Not later than 1 year after December 29, 2022, the Secretary, after seek-

ing stakeholder input in accordance with paragraph (3), shall—

(A) update the materials developed under paragraph (1) to include information for pharmacists on how to verify the identity of the patient; and

(B) disseminate, as appropriate, the updated materials.

**§ 50510. Delivery of a controlled substance by a pharmacy to an administering practitioner**

(a) IN GENERAL.—Notwithstanding section 50101(17) of this title, a pharmacy may deliver a controlled substance to a practitioner in accordance with a prescription that meets the requirements of this division and the regulations issued by the Attorney General under this division, for the purpose of administering the controlled substance by the practitioner, if—

(1) the controlled substance is delivered by the pharmacy to the prescribing practitioner or the practitioner administering the controlled substance, as applicable, at the location listed on the practitioner's certificate of registration issued under this division;

(2) the controlled substance is a narcotic drug in schedule III, IV, or V to be administered for the purpose of maintenance or detoxification treatment

and is to be administered by injection or implantation;

(3) the pharmacy and the practitioner are authorized to conduct the activities specified in this section under the law of the State in which the activities take place;

(4) the prescription is not issued to supply any practitioner with a stock of controlled substances for the purpose of general dispensing to patients;

(5) except as provided in subsection (b), the controlled substance is to be administered only to the patient named on the prescription not later than 45 days after the date of receipt of the controlled substance by the practitioner; and

(6) notwithstanding any exceptions under section 50507 of this title, the prescribing practitioner, and the practitioner administering the controlled substance, as applicable, maintain complete and accurate records of all controlled substances delivered, received, administered, or otherwise disposed of under this section, including the persons to whom controlled substances were delivered and such other information as may be required by regulations of the Attorney General.

(b) MODIFICATION OF NUMBER OF DAYS BEFORE WHICH CONTROLLED SUBSTANCE SHALL BE ADMINISTERED.—The Attorney General, in coordination with the Secretary, may modify the number of days described in subsection (a)(5). Any modification under this subsection shall be for a period of not less than 7 days.

**§ 50511. Regulation of listed chemicals and certain machines**

(a) RECORD OF REGULATED TRANSACTIONS.—

(1) IN GENERAL.—Each regulated person that engages in a regulated transaction involving a listed chemical, a tableting machine, or an encapsulating machine shall keep a record of the transaction for 2 years after the date of the transaction.

(2) CONTENTS; ACCESS.—A record under this subsection shall be retrievable and shall include the date of the regulated transaction, the identity of each party to the regulated transaction, a statement of the quantity and form of the listed chemical, a description of the tableting machine or encapsulating machine, and a description of the method of transfer. The record shall be available for inspection and copying by the Attorney General.

(3) DUTIES OF PARTIES RELATING TO PROOF OF IDENTITY.—It is the duty of each regulated per-

son that engages in a regulated transaction to identify each other party to the transaction. It is the duty of such other party to present proof of identity to the regulated person. The Attorney General shall specify by regulation the types of documents and other evidence that constitute proof of identity for purposes of this paragraph.

(b) REPORTS TO ATTORNEY GENERAL.—

(1) CERTAIN IRREGULARITIES.—

(A) CONTENTS.—Each regulated person shall report to the Attorney General, in such form and manner as the Attorney General shall prescribe by regulation—

(i) any regulated transaction involving an extraordinary quantity of a listed chemical, an uncommon method of payment or delivery, or any other circumstance that the regulated person believes may indicate that the listed chemical will be used in violation of this division;

(ii) any proposed regulated transaction with a person whose description or other identifying characteristic the Attorney General furnishes in advance to the regulated person;

(iii) any unusual or excessive loss or disappearance of a listed chemical under the control of the regulated person; and

(iv) any regulated transaction in a tableting machine or an encapsulating machine.

(B) WHEN TO REPORT.—Each report under subparagraph (A)(i) shall be made at the earliest practicable opportunity after the regulated person becomes aware of the circumstance involved.

(C) TRANSACTIONS WITH PERSONS IDENTIFIED BY ATTORNEY GENERAL.—A regulated person may not complete a transaction with a person whose description or identifying characteristic is furnished to the regulated person under subparagraph (A)(ii) unless the transaction is approved by the Attorney General.

(D) GUIDANCE DOCUMENTS.—The Attorney General shall make available to regulated persons guidance documents describing transactions and circumstances for which reports are required under clauses (i) and (iii) of subparagraph (A).

(2) LISTED CHEMICALS.—

(A) IN GENERAL.—A regulated person that manufactures a listed chemical shall report annually to the Attorney General, in such form and manner and containing such specific data as the Attorney General shall prescribe by regulation, information concerning listed chemicals manufactured by the person.

(B) INAPPLICABILITY.—The requirement of subparagraph (A) shall not apply to the manufacture of a drug product that is exempted under section 50101(50)(B)(iv) of this title.

(3) MAIL ORDER REPORTING.—

(A) DEFINITIONS.—In this paragraph:

(i) DRUG PRODUCT.—The term ''drug product'' means an active ingredient in dosage form that has been approved or otherwise may be lawfully marketed under subtitle I of this title for distribution in the United States.

(ii) VALID PRESCRIPTION.—The term ''valid prescription'' means a prescription that is issued for a legitimate medical purpose by an individual practitioner licensed by law to administer and prescribe the drugs concerned and acting in the usual

course of the practitioner's professional practice.

(B) IN GENERAL.—

(i) SUBMISSION OF REPORT.—Each regulated person described in clause (ii) shall, on a monthly basis, submit a report of each transaction described in clause (ii) conducted during the previous month to the Attorney General in such form, containing such data, and at such times as the Attorney General shall establish by regulation.

(ii) REGULATED PERSON.—A regulated person described in this clause is a regulated person that engages in a transaction with a nonregulated person or that engages in an export transaction that—

(I) involves ephedrine, pseudoephedrine, or phenylpropanolamine (including drug products containing these chemicals); and

(II) uses or attempts to use the Postal Service or any private or commercial carrier.

(C) DATA.—The data required for the reports under subparagraph (B) shall include—

(i) the name of the purchaser;

(ii) the quantity and form of the ephedrine, pseudoephedrine, or phenylpropanolamine purchased; and

(iii) the address to which the ephedrine, pseudoephedrine, or phenylpropanolamine was sent.

(D) TRANSACTIONS NOT SUBJECT TO REPORTING REQUIREMENT.—Except as provided in subparagraph (E), the following distributions to a nonregulated person, and the following export transactions, shall not be subject to the reporting requirement in subparagraph (B):

(i) Distributions of sample packages of drug products if the packages contain not more than 2 solid dosage units or the equivalent of 2 dosage units in liquid form, not to exceed 10 milliliters of liquid per package, and not more than 1 package is distributed to an individual or residential address in any 30-day period.

(ii) Distributions of drug products by retail distributors that may not include

face-to-face transactions to the extent that the distributions are consistent with the activities authorized for a retail distributor as specified in section 50101(51) of this title, except that this clause does not apply to sales of scheduled listed chemical products at retail.

(iii) Distributions of drug products to a resident of a long-term care facility (as that term is defined in regulations prescribed by the Attorney General) or distributions of drug products to a long-term care facility for dispensing to or for use by a resident of that facility.

(iv) Distributions of drug products pursuant to a valid prescription.

(v) Exports that have been reported to the Attorney General pursuant to section 51704 or 51719 of this title or that are subject to a waiver granted under section 51719(f)(2) of this title.

(vi) Any quantity, method, or type of distribution or any quantity, method, or type of distribution of a specific listed chemical (including specific formulations or

drug products) or of a group of listed chemicals (including specific formulations or drug products) that the Attorney General has excluded by regulation from the reporting requirement on the basis that the reporting is not necessary for the enforcement of this division or division B.

(E) REVOCATION.—The Attorney General may revoke any or all of the exemptions listed in subparagraph (D) for an individual regulated person if the Attorney General finds that drug products distributed by the regulated person are being used in violation of this division or division B. The regulated person shall be notified of the revocation, which will be effective on receipt by the person of the notice, as provided in section 51719(c)(1) of this title, and shall have the right to an expedited hearing as provided in section 51719(c)(2) of this title.

(c) CONFIDENTIALITY OF INFORMATION OBTAINED BY ATTORNEY GENERAL.—

(1) IN GENERAL.—Except as provided in paragraph (2), any information obtained by the Attorney General under this section that is exempt from disclosure under section 552(a) of title 5, by reason of

section 552(b)(4) of title 5, is confidential and may not be disclosed to any person.

(2) DISCLOSURE.—Information referred to in paragraph (1) may be disclosed only—

(A) to an officer or employee of the United States engaged in carrying out this division, division B, or the customs laws;

(B) if relevant in any investigation or proceeding for the enforcement of this division, division B, or the customs laws;

(C) if necessary to comply with an obligation of the United States under a treaty or other international agreement; or

(D) to a State or local official or employee in conjunction with the enforcement of controlled substances laws or chemical control laws.

(3) ACTIONS BY ATTORNEY GENERAL TO PREVENT OR LIMIT DISCLOSURE.—The Attorney General shall—

(A) take such action as may be necessary to prevent unauthorized disclosure of information by any person to whom the information is disclosed under paragraph (2); and

(B) issue guidelines that limit, to the maximum extent feasible, the disclosure of propri-

etary business information, including the names or identities of United States exporters of listed chemicals, to any person to whom the information is disclosed under paragraph (2).

(4) CIVIL ACTION.—Any person that is aggrieved by a disclosure of information in violation of this section may bring a civil action against the violator for appropriate relief.

(5) CIVIL ACTION AGAINST PERSONNEL OF THE DEA.—Notwithstanding paragraph (4), a civil action may not be brought under the paragraph against investigative or law enforcement personnel of the Drug Enforcement Administration.

(d) SCHEDULED LISTED CHEMICALS; RESTRICTIONS ON SALES QUANTITY; REQUIREMENTS REGARDING NON-LIQUID FORMS.—With respect to ephedrine base, pseudoephedrine base, or phenylpropanolamine base in a scheduled listed chemical product—

(1) the quantity of the base sold at retail in the product by a regulated seller, or a distributor required to submit reports by subsection (b)(3), may not, for any purchaser, exceed a daily amount of 3.6 grams, without regard to the number of transactions; and

(2) the seller or distributor may not sell the product in nonliquid form (including gel caps) at retail unless the product is packaged in blister packs, each blister containing not more than 2 dosage units, or if the use of blister packs is technically infeasible, the product is packaged in unit dose packets or pouches.

(e) SCHEDULED LISTED CHEMICALS; BEHIND-THE-COUNTER ACCESS; LOGBOOK REQUIREMENT; TRAINING OF SALES PERSONNEL; PRIVACY PROTECTIONS.—

(1) REQUIREMENTS REGARDING RETAIL TRANSACTIONS.—

(A) IN GENERAL.—Each regulated seller shall ensure that, subject to subparagraph (F), sales by the seller of a scheduled listed chemical product at retail are made in accordance with the following:

(i) BEHIND-THE COUNTER PLACEMENT.—In offering the product for sale, the seller places the product such that customers do not have direct access to the product before the sale is made (in this paragraph referred to as ''behind-the-counter'' placement). For purposes of this paragraph, a behind-the-counter placement

of a product includes circumstances in which the product is stored in a locked cabinet that is located in an area of the facility involved to which customers do have direct access.

(ii) DELIVERY BY SELLER.—The seller delivers the product directly into the custody of the purchaser.

(iii) LOGBOOK.—The seller maintains, in accordance with criteria issued by the Attorney General, a written or electronic list of the sales that identifies the products by name, the quantity sold, the names and addresses of purchasers, and the dates and times of the sales (which list is referred to in this subsection as the ''logbook''), except that the requirement does not apply to any purchase by an individual of a single sales package if that package contains not more than 60 milligrams of pseudoephedrine.

(iv) REQUIREMENTS RELATING TO TAKING OF INFORMATION AND SIGNATURE DURING SALE.—In the case of a sale to which the requirement of clause (iii) applies, the seller does not sell such a prod-

uct unless the sale is made in accordance with the following:

(I) The prospective purchaser—

(aa) presents an identification card that provides a photograph and is issued by a State or the Federal Government, or a document that, with respect to identification, is considered acceptable for purposes of sections 274a.2(b)(1)(v)(A) and 274a.2(b)(1)(v)(B) of title 8, Code of Federal Regulations (as in effect on or after March 9, 2006); and

(bb) signs the written logbook and enters in the logbook the prospective purchaser's name and address and the date and time of the sale, or for transactions involving an electronic logbook, the purchaser provides a signature by—

(AA) signing a device presented by the seller that

captures signatures in an electronic format;

(BB) signing a bound paper book; or

(CC) signing a printed document that includes, for the purchaser, the name of each product sold, the quantity sold, the name and address of the purchaser, and the date and time of the sale.

(II) In the case of subclause (I)(bb)(AA), the device shall display the notice described in clause (v). Any device used shall preserve each signature in a manner that clearly links that signature to the other electronically captured logbook information relating to the prospective purchaser providing that signature.

(III) In the case of subclause (I)(bb)(BB), the bound paper book shall include, for the purchaser—

(aa) a printed sticker affixed to the bound paper book at the time of sale, which printed sticker displays—

(AA) the name of each product sold, the quantity sold, the name and address of the purchaser, and the date and time of the sale; or

(BB) a unique identifier which can be linked to the information listed in subitem (AA) in electronic form; or

(bb) a unique identifier that can be linked to the information under item (aa) and that is written into the book by the seller at the time of sale.

(IV) In the case of subclause (III), the purchaser shall sign adjacent to the printed sticker or written unique identifier related to that sale. The bound paper book shall display the notice described in clause (v).

(V) In the case of subclause (I)(bb)(CC), the document shall be printed by the seller at the time of the sale. The document shall contain a clearly identified signature line for a purchaser to sign. The printed document shall display the notice described in clause (v). Each signed document shall be inserted into a binder or other secure means of document storage immediately after the purchaser signs the document.

(VI) The seller enters in the logbook the name of the product and the quantity sold. The information may be captured through electronic means, including through electronic data capture through bar code reader or similar technology.

(VII) The logbook maintained by the seller includes the prospective purchaser's name, address, and the date and time of the sale, as follows:

(aa) If the purchaser enters the information, the seller must

determine that the name entered in the logbook corresponds to the name provided on the identification and that the date and time entered are correct.

(bb) If the seller enters the information, the prospective purchaser must verify that the information is correct.

(cc) The information may be captured through electronic means, including through electronic data capture through bar code reader or similar technology.

(v) NOTICE RELATING TO FALSE STATEMENTS OR MISREPRESENTATIONS.—The written or electronic logbook includes, in accordance with criteria of the Attorney General, a notice to purchasers that entering false statements or misrepresentations in the logbook, or supplying false information or identification that results in the entry of false statements or misrepresentations, may subject the purchasers to criminal penalties under section 1001 of title

18, which notice specifies the maximum fine and term of imprisonment under the section.

(vi) PERIOD OF MAINTENANCE OF LOGBOOK.—Regardless of whether the logbook entry is written or electronic, the seller maintains each entry in the logbook for not fewer than 2 years after the date on which the entry is made.

(vii) SELF-CERTIFICATION BY SELLERS.—In the case of individuals who are responsible for delivering the products into the custody of purchasers or who deal directly with purchasers by obtaining payments for the products, the seller has submitted to the Attorney General a self-certification that all such individuals have, in accordance with criteria under subparagraph (B)(ii), undergone training provided by the seller to ensure that the individuals understand the requirements that apply under this subsection and subsection (d).

(viii) MAINTENANCE OF CERTIFICATION AND RECORDS.—The seller maintains a copy of the certification and

records demonstrating that individuals referred to in clause (vii) have undergone the training.

(ix) MOBILE RETAIL VENDORS.—If the seller is a mobile retail vendor—

(I) the seller complies with clause (i) by placing the product in a locked cabinet; and

(II) the seller does not sell more than 7.5 grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base in the products per customer during a 30-day period.

(B) ADDITIONAL PROVISIONS REGARDING CERTIFICATIONS AND TRAINING.—

(i) IN GENERAL.—A regulated seller may not sell any scheduled listed chemical product at retail unless the seller has submitted to the Attorney General the self-certification referred to in subparagraph (A)(vii). The certification is not effective for purposes of the preceding sentence unless, in addition to provisions regarding the training of individuals referred to in the subparagraph, the certification includes a

statement that the seller understands each of the requirements that apply under this paragraph and under subsection (d) and agrees to comply with the requirements.

(ii) ISSUANCE OF CRITERIA; SELF-CERTIFICATION.—The Attorney General shall by regulation establish criteria for certifications under this paragraph. The criteria shall—

(I) provide that the certifications are self-certifications provided through the program under clause (iii);

(II) provide that a separate certification is required for each place of business at which a regulated seller sells scheduled listed chemical products at retail; and

(III) include criteria for training under subparagraph (A)(vii).

(iii) PROGRAM FOR REGULATED SELLERS.—The Attorney General shall establish a program regarding the certifications and training in accordance with the following:

(I) The program shall be carried out through an internet site of the

Department of Justice and such other means as the Attorney General determines to be appropriate.

(II) The program shall inform regulated sellers that section 1001 of title 18 applies to the certifications.

(III) The program shall make available to the sellers an explanation of the criteria under clause (ii).

(IV) The program shall be designed to permit the submission of the certifications through the internet site.

(V) The program shall be designed to automatically provide the explanation referred to in subclause (III), and an acknowledgement that the Department of Justice has received a certification, without requiring direct interactions of regulated sellers with staff of the Department of Justice (other than the provision of technical assistance, as appropriate).

(iv) AVAILABILITY OF CERTIFICATION TO STATE AND LOCAL OFFICIALS.—

Promptly after receiving a certification under subparagraph (A)(vii), the Attorney General shall make available a copy of the certification to the appropriate State and local officials.

(v) PUBLICATION OF LIST OF SELF-CERTIFIED PERSONS.—The Attorney General shall develop and make available a list of all persons who are currently self-certified in accordance with this section. This list shall be made publicly available on the website of the Drug Enforcement Administration in an electronically downloadable format.

(C) PRIVACY PROTECTIONS.—In order to protect the privacy of individuals who purchase scheduled listed chemical products, the Attorney General shall by regulation establish restrictions on disclosure of information in logbooks under subparagraph (A)(iii). The regulations shall—

(i) provide for the disclosure of the information as appropriate to the Attorney General and to State and local law enforcement agencies; and

(ii) prohibit accessing, using, or sharing information in the logbooks for any purpose other than to ensure compliance with this division or to facilitate a product recall to protect public health and safety.

(D) FALSE STATEMENTS OR MISREPRESENTATIONS BY PURCHASERS.—For purposes of section 1001 of title 18, entering information in the logbook under subparagraph (A)(iii) shall be considered a matter within the jurisdiction of the executive, legislative, or judicial branch of the Government of the United States.

(E) GOOD FAITH PROTECTION.—A regulated seller who in good faith releases information in a logbook under subparagraph (A)(iii) to Federal, State, or local law enforcement authorities is immune from civil liability for the release unless the release constitutes gross negligence or intentional, wanton, or willful misconduct.

(F) INAPPLICABILITY OF REQUIREMENTS TO CERTAIN SALES.—Subparagraph (A) does not apply to the sale at retail of a scheduled listed chemical product if a report on the sales

transaction is required to be submitted to the Attorney General under subsection (b)(3).

(G) CERTAIN MEASURES REGARDING THEFT AND DIVERSION.—A regulated seller may take reasonable measures to guard against employing individuals who may present a risk with respect to the theft and diversion of scheduled listed chemical products, which may include, notwithstanding State law, asking applicants for employment whether they have been convicted of any crime involving or related to the products or controlled substances.

(2) MAIL-ORDER REPORTING; VERIFICATION OF IDENTITY OF PURCHASER; 30-DAY RESTRICTION ON QUANTITIES FOR INDIVIDUAL PURCHASERS.—Each regulated person that makes a sale at retail of a scheduled listed chemical product and is required under subsection (b)(3) to submit a report of the sales transaction to the Attorney General is subject to the following:

(A) The person shall, prior to shipping the product, confirm the identity of the purchaser in accordance with procedures established by the Attorney General. The Attorney General shall by regulation establish the procedures.

(B) The person may not sell more than 7.5 grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base in the products per customer during a 30-day period.

(C) Each regulated person that makes a sale at retail of a scheduled listed chemical product and is required under subsection (b)(3) to submit a report of the sales transaction to the Attorney General may not sell any scheduled listed chemical product at retail unless the regulated person has submitted to the Attorney General a self-certification including a statement that the seller understands each of the requirements that apply under this paragraph and under subsection (d) and agrees to comply with the requirements. The Attorney General shall by regulation establish criteria for certifications of mail-order distributors that are consistent with the criteria established for the certifications of regulated sellers under paragraph (1)(B).

(3) EXEMPTIONS FOR CERTAIN PRODUCTS.—On the application of a manufacturer of a scheduled listed chemical product, the Attorney General may by regulation provide that the product is exempt

from paragraphs (1) and (2) and from subsection (d) if the Attorney General determines that the product cannot be used in the illicit manufacture of methamphetamine.

**§ 50512. Additional requirements relating to online pharmacies and telemedicine**

(a) IN GENERAL.—An online pharmacy shall display in a visible and clear manner on its homepage a statement that it complies with the requirements of this section with respect to the delivery or sale or offer for sale of controlled substances and shall at all times display on the homepage of its internet site a declaration of compliance in accordance with this section.

(b) LICENSURE.—Each online pharmacy shall comply with the requirements of State law concerning the licensure of pharmacies in each State from which it, and in each State to which it, delivers, distributes, or dispenses or offers to deliver, distribute, or dispense controlled substances by means of the internet, pursuant to applicable licensure requirements, as determined by each such State.

(c) INTERNET PHARMACY SITE DISCLOSURE INFORMATION.—Each online pharmacy shall post in a visible and clear manner on the homepage of each internet site it operates, or on a page directly linked to the homepage in which the hyperlink is also visible and clear on the

homepage, the following information for each pharmacy that delivers, distributes, or dispenses controlled substances pursuant to orders made on, through, or on behalf of, that website:

(1) The name and address of the pharmacy as it appears on the pharmacy's Drug Enforcement Administration certificate of registration.

(2) The pharmacy's telephone number and email address.

(3) The name, professional degree, and States of licensure of the pharmacist-in-charge, and a telephone number at which the pharmacist-in-charge can be contacted.

(4) A list of the States in which the pharmacy is licensed to dispense controlled substances.

(5) A certification that the pharmacy is registered under this chapter to deliver, distribute, or dispense, by means of the internet, controlled substances.

(6) The name, address, telephone number, professional degree, and States of licensure of any practitioner that has a contractual relationship to provide medical evaluations or issue prescriptions for controlled substances, through referrals from the website or at the request of the owner or operator

of the website, or any employee or agent of the owner or operator.

(7) The following statement, unless revised by the Attorney General by regulation: ''This online pharmacy will only dispense a controlled substance to a person who has a valid prescription issued for a legitimate medical purpose based upon a medical relationship with a prescribing practitioner. This includes at least one prior in-person medical evaluation or medical evaluation via telemedicine in accordance with applicable requirements of section 309.''.

(d) NOTIFICATION.—

(1) IN GENERAL.—Thirty days prior to offering a controlled substance for sale, delivery, distribution, or dispensing, the online pharmacy shall notify the Attorney General, in such form and manner as the Attorney General shall determine, and the State boards of pharmacy in any States in which the online pharmacy offers to sell, deliver, distribute, or dispense controlled substances.

(2) CONTENTS.—The notification required under paragraph (1) shall include—

(A) the information required to be posted on the online pharmacy's internet site under subsection (c) and shall notify the Attorney

General and the applicable State boards of pharmacy, under penalty of perjury, that the information disclosed on its internet site under subsection (c) is true and accurate;

(B) the online pharmacy's internet site address and a certification that the online pharmacy shall notify the Attorney General of any change in the address at least 30 days in advance; and

(C) the Drug Enforcement Administration registration numbers of any pharmacies and practitioners referred to in subsection (c), as applicable.

(e) DECLARATION OF COMPLIANCE.—On and after the date on which it makes the notification under subsection (d), each online pharmacy shall display on the homepage of its internet site, in such form as the Attorney General shall by regulation require, a declaration that it has made the notification to the Attorney General.

(f) REPORTS.—Any statement, declaration, notification, or disclosure required under this section shall be considered a report required to be kept under this chapter.

(g) NOTICE AND DESIGNATIONS CONCERNING INDIAN TRIBES.—

(1) IN GENERAL.—For purposes of sections 50101(38) and 50912(c)(6)(B) of this title, the Secretary shall notify the Attorney General, at such times and in such manner as the Secretary and the Attorney General determine appropriate, of the Indian tribes or tribal organizations with which the Secretary has contracted or compacted under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5301 et seq.) for the tribes or tribal organizations to provide pharmacy services.

(2) DESIGNATIONS.—

(A) IN GENERAL.—The Secretary may designate a practitioner described in subparagraph (B) as an Internet Eligible Controlled Substances Provider. The designations shall be made only in cases in which the Secretary has found that there is a legitimate need for the practitioner to be so designated because the population served by the practitioner is in a sufficiently remote location that access to medical services is limited.

(B) PRACTITIONERS.—A practitioner described in this subparagraph is a practitioner that is an employee or contractor of the Indian Health Service, or is working for an Indian

tribe or tribal organization under its contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5301 et seq.) with the Indian Health Service.

(h) SPECIAL REGISTRATION FOR TELEMEDICINE.—

(1) IN GENERAL.—The Attorney General may issue to a practitioner a special registration to engage in the practice of telemedicine for purposes of section 50101(42)(E) of this title if the practitioner, on application for the special registration—

(A) demonstrates a legitimate need for the special registration; and

(B) is registered under section 50503(h) of this title in the State in which the patient will be located when receiving the telemedicine treatment, unless the practitioner—

(i) is exempted from the registration in all States under section 50502(d) of this title; or

(ii) is an employee or contractor of the Department of Veterans Affairs that is acting in the scope of the employment or contract and is registered under section 50503(h) of this title in any State or is utilizing the registration of a hospital or

clinic operated by the Department of Veterans Affairs registered under section 50503(h) of this title.

(2) REGULATIONS.—Not later than 1 year after October 24, 2018, in consultation with the Secretary, the Attorney General shall promulgate final regulations specifying—

(A) the limited circumstances in which a special registration under this subsection may be issued; and

(B) the procedure for obtaining a special registration under this subsection.

(3) DENIALS.—Proceedings to deny an application for registration under this subsection shall be conducted in accordance with section 50504(c) of this title.

(i) REPORTING OF TELEMEDICINE BY VETERANS HEALTH ADMINISTRATION DURING MEDICAL EMERGENCY SITUATIONS.—

(1) IN GENERAL.—Any practitioner issuing a prescription for a controlled substance under the authorization to conduct telemedicine during a medical emergency situation described in section 50101(42)(F) of this title shall report to the Secretary of Veterans Affairs the authorization of that

emergency prescription, in accordance with such requirements as the Secretary of Veterans Affairs shall, by regulation, establish.

(2) TO ATTORNEY GENERAL.—Not later than 30 days after the date that a prescription described in paragraph (1) is issued, the Secretary of Veterans Affairs shall report to the Attorney General the authorization of that emergency prescription.

(j) CLARIFICATION CONCERNING PRESCRIPTION TRANSFERS.—Any transfer between pharmacies of information relating to a prescription for a controlled substance shall meet the applicable requirements under regulations promulgated by the Attorney General under this division.

**§ 50513. Suspicious orders**

(a) REPORTING.—Each registrant shall—

(1) design and operate a system to identify suspicious orders for the registrant;

(2) ensure that the system designed and operated under paragraph (1) by the registrant complies with applicable Federal and State privacy laws; and

(3) on discovering a suspicious order or series of orders, notify the Administrator of the Drug Enforcement Administration and the Special Agent in Charge of the Division Office of the Drug Enforce-

ment Administration for the area in which the registrant is located or conducts business.

(b) SUSPICIOUS ORDER DATABASE.—

(1) IN GENERAL.—The Attorney General shall establish a centralized database for collecting reports of suspicious orders.

(2) SATISFACTION OF REPORTING REQUIREMENTS.—If a registrant reports a suspicious order to the centralized database established under paragraph (1), the registrant shall be considered to have complied with the requirement under subsection (a)(3) to notify the Administrator of the Drug Enforcement Administration and the Special Agent in Charge of the Division Office of the Drug Enforcement Administration for the area in which the registrant is located or conducts business.

(c) SHARING INFORMATION WITH STATES.—

(1) IN GENERAL.—The Attorney General shall prepare and make available information regarding suspicious orders in a State, including information in the database established under subsection (b)(1), to the point of contact for purposes of administrative, civil, and criminal oversight relating to the diversion of controlled substances for the State, as

designated by the Governor or chief executive officer of the State.

(2) TIMING.—The Attorney General shall provide information in accordance with paragraph (1) within a reasonable period of time after obtaining the information.

(3) COORDINATION.—In establishing the process for the provision of information under this subsection, the Attorney General shall coordinate with States to ensure that the Attorney General has access to information, as permitted under State law, possessed by the States relating to prescriptions for controlled substances that will assist in enforcing Federal law.

# Chapter 507—Offenses and Penalties

Sec.
50701. Prohibited acts A.
50702. Prohibited acts B.
50703. Prohibited acts C.
50704. Penalties for simple possession.
50705. Civil penalty for possession of small amounts of certain controlled substances.
50706. Attempt and conspiracy.
50707. Additional penalties.
50708. Continuing criminal enterprise.
50709. Transportation safety offenses.
50710. Information for sentencing.
50711. Proceedings to establish prior convictions.
50712. Application of treaties and other international agreements.
50713. Criminal forfeitures.
50714. Investment of illicit drug profits.
50715. Alternative fine.
50716. Maintaining drug-involved premises.
50717. Creating substantial risk of harm to human life while illegally manufacturing controlled substance.

50718. Distribution to individuals under age 21.
50719. Distribution or manufacturing in or near schools and colleges and other facilities.
50720. Consecutive sentence for manufacturing or distributing methamphetamine on premises where children are present or reside.
50721. Employment or use of persons under 18 years of age in drug operations.
50722. Denial of Federal benefits to drug traffickers and possessors.
50723. Drug paraphernalia.
50724. Stealing or transporting anhydrous ammonia.

**§ 50701. Prohibited acts A**

(a) UNLAWFUL ACTS.—Except as authorized by this division, it shall be unlawful for any person knowingly or intentionally—

(1) to manufacture, distribute, or dispense, or possess with intent to manufacture, distribute, or dispense, a controlled substance; or

(2) to create, distribute, or dispense, or possess with intent to distribute or dispense, a counterfeit substance.

(b) PENALTIES.—Except as otherwise provided in section 50709, 50718, 50719, or 50721 of this title, any person that violates subsection (a) shall be sentenced as follows:

(1) CERTAIN SPECIFIC SUBSTANCES.—

(A) SPECIFIED SUBSTANCES.—

(i) QUANTITIES.—A person shall be sentenced as described in clause (ii) in the case of the person's violation of subsection (a) involving—

(I) 1 kilogram or more of a mixture or substance containing a detectable amount of heroin;

(II) 5 kilograms or more of a mixture or substance containing a detectable amount of—

(aa) coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed;

(bb) cocaine, its salts, optical and geometric isomers, and salts of isomers;

(cc) ecgonine, its derivatives, their salts, isomers, and salts of isomers; or

(dd) any compound, mixture, or preparation which contains any quantity of any of the substances referred to in items (aa) through (cc);

(III) 280 grams or more of a mixture or substance described in subclause (II) that contains cocaine base;

(IV) 100 grams or more of phencyclidine (PCP) or 1 kilogram or more of a mixture or substance containing a detectable amount of phencyclidine (PCP);

(V) 10 grams or more of a mixture or substance containing a detectable amount of lysergic acid diethylamide (LSD);

(VI) 400 grams or more of a mixture or substance containing a detectable amount of N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide or 100 grams or more of a mixture or substance containing a detectable amount of any analogue of N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide or a fentanyl-related substance;

(VII) 1000 kilograms or more of a mixture or substance containing a detectable amount of marihuana, or 1,000 or more marihuana plants regardless of weight; or

(VIII) 50 grams or more of methamphetamine, its salts, isomers, and salts of its isomers or 500 grams or more of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers.

(ii) PERSON.—

(I) IN GENERAL.—A person that violates subsection (a) as described in clause (i) shall be sentenced to a term of imprisonment which may be not less than 10 years or more than life and if death or serious bodily injury results from the use of the substance shall be not less than 20 years or more than life, a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $10,000,000 if the defendant is an individual or $50,000,000 if the defendant is other than an individual, or both.

(II) PRIOR CONVICTION.—If any person commits such a violation after

a prior conviction for a serious drug felony or serious violent felony has become final, the person shall be sentenced to a term of imprisonment of not less than 15 years and not more than life imprisonment and if death or serious bodily injury results from the use of the substance shall be sentenced to life imprisonment, a fine not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $20,000,000 if the defendant is an individual or $75,000,000 if the defendant is other than an individual, or both.

(III) TWO OR MORE PRIOR CONVICTIONS.—If any person commits a violation of this subparagraph or of section 50709, 50718, 50719, or 50721 of this title after 2 or more prior convictions for a serious drug felony or serious violent felony have become final, the person shall be sentenced to a term of imprisonment of

not less than 25 years and fined in accordance with subclause (II).

(iii) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any sentence under this subparagraph shall, in the absence of a prior conviction described in clause (ii), impose a term of supervised release of at least 5 years in addition to the term of imprisonment and shall, if there was such a prior conviction, impose a term of supervised release of at least 10 years in addition to the term of imprisonment.

(iv) PROBATION; SUSPENSION OF SENTENCE.—Notwithstanding any other provision of law, the court shall not place on probation or suspend the sentence of any person sentenced under this subparagraph.

(v) PAROLE.—No person sentenced under this subparagraph shall be eligible for parole during the term of imprisonment imposed in the sentence.

(B) SPECIFIED SUBSTANCES.—

(i) QUANTITIES.—A person shall be sentenced as described in clause (ii) in the

case of the person's violation of subsection (a) involving—

(I) 100 grams or more of a mixture or substance containing a detectable amount of heroin;

(II) 500 grams or more of a mixture or substance containing a detectable amount of—

(aa) coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed;

(bb) cocaine, its salts, optical and geometric isomers, and salts of isomers;

(cc) ecgonine, its derivatives, their salts, isomers, and salts of isomers; or

(dd) any compound, mixture, or preparation which contains any quantity of any of the substances referred to in items (aa) through (cc);

(III) 28 grams or more of a mixture or substance described in subclause (II) that contains cocaine base;

(IV) 10 grams or more of phencyclidine (PCP) or 100 grams or more of a mixture or substance containing a detectable amount of phencyclidine (PCP);

(V) 1 gram or more of a mixture or substance containing a detectable amount of lysergic acid diethylamide (LSD);

(VI) 40 grams or more of a mixture or substance containing a detectable amount of N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide or 10 grams or more of a mixture or substance containing a detectable amount of any analogue of N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide or a fentanyl-related substance;

(VII) 100 kilograms or more of a mixture or substance containing a detectable amount of marihuana, or 100

or more marihuana plants regardless of weight; or

(VIII) 5 grams or more of methamphetamine, its salts, isomers, and salts of its isomers or 50 grams or more of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers.

(ii) PERSON.—

(I) IN GENERAL.—A person that violates subsection (a) as described in clause (i) shall be sentenced to a term of imprisonment which may not be less than 5 years and not more than 40 years and if death or serious bodily injury results from the use of the substance shall be not less than 20 years or more than life, a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $5,000,000 if the defendant is an individual or $25,000,000 if the defendant is other than an individual, or both.

(II) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a serious drug felony or serious violent felony has become final, the person shall be sentenced to a term of imprisonment which may not be less than 10 years and not more than life imprisonment and if death or serious bodily injury results from the use of the substance shall be sentenced to life imprisonment, a fine not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $8,000,000 if the defendant is an individual or $50,000,000 if the defendant is other than an individual, or both.

(iii) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any sentence imposed under this subparagraph shall, in the absence of a prior conviction described in clause (ii), include a term of supervised release of at least 4 years in addition to the term of imprisonment and

shall, if there was such a prior conviction, include a term of supervised release of at least 8 years in addition to the term of imprisonment.

(iv) PROBATION; SUSPENSION OF SENTENCE.—Notwithstanding any other provision of law, the court shall not place on probation or suspend the sentence of any person sentenced under this subparagraph.

(v) PAROLE.—No person sentenced under this subparagraph shall be eligible for parole during the term of imprisonment imposed in the sentence.

(C) CONTROLLED SUBSTANCE IN SCHEDULE I OR II; GAMMA HYDROXYBUTYRIC ACID; FLUNITRAZEPAM.—

(i) IN GENERAL.—In the case of a person's violation of subsection (a) involving a controlled substance in schedule I or II, gamma hydroxybutyric acid (including when scheduled as an approved drug product for purposes of section 61302(2) of this title), or 1 gram of flunitrazepam, except as provided in subparagraphs (A), (B), and (D), the person shall be sentenced

to a term of imprisonment of not more than 20 years and if death or serious bodily injury results from the use of the substance shall be sentenced to a term of imprisonment of not less than 20 years or more than life, a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $1,000,000 if the defendant is an individual or $5,000,000 if the defendant is other than an individual, or both.

(ii) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a felony drug offense has become final, the person shall be sentenced to a term of imprisonment of not more than 30 years and if death or serious bodily injury results from the use of the substance shall be sentenced to life imprisonment, a fine not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $2,000,000 if the defendant is an individual or $10,000,000 if the defendant is other than an individual, or both.

(iii) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any sentence imposing a term of imprisonment under this subparagraph shall, in the absence of a prior conviction described in clause (ii), impose a term of supervised release of at least 3 years in addition to the term of imprisonment and shall, if there was such a prior conviction, impose a term of supervised release of at least 6 years in addition to the term of imprisonment.

(iv) PROBATION; SUSPENSION OF SENTENCE; PAROLE.—Notwithstanding any other provision of law, the court shall not place on probation or suspend the sentence of any person sentenced under the provisions of this subparagraph which provide for a mandatory term of imprisonment if death or serious bodily injury results, nor shall a person so sentenced be eligible for parole during the term of such a sentence.

(D) MARIHUANA; HASHISH.—

(i) IN GENERAL.—In the case of a person's violation of subsection (a) involving less than 50 kilograms of marihuana,

except in the case of 50 or more marihuana plants regardless of weight, 10 kilograms of hashish, or 1 kilogram of hashish oil, the person shall, except as provided in paragraphs (4) and (5), be sentenced to a term of imprisonment of not more than 5 years, a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $250,000 if the defendant is an individual or $1,000,000 if the defendant is other than an individual, or both.

(ii) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a felony drug offense has become final, the person shall be sentenced to a term of imprisonment of not more than 10 years, a fine not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $500,000 if the defendant is an individual or $2,000,000 if the defendant is other than an individual, or both.

(iii) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any

sentence imposing a term of imprisonment under this subparagraph shall, in the absence of a prior conviction described in clause (ii), impose a term of supervised release of at least 2 years in addition to the term of imprisonment and shall, if there was such a prior conviction, impose a term of supervised release of at least 4 years in addition to the term of imprisonment.

(E) CONTROLLED SUBSTANCE IN SCHEDULE III.—

(i) IN GENERAL.—Except as provided in subparagraphs (C) and (D), in the case of a person's violation of subsection (a) involving any controlled substance in schedule III, the person shall be sentenced to a term of imprisonment of not more than 10 years and if death or serious bodily injury results from the use of the substance shall be sentenced to a term of imprisonment of not more than 15 years, a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $500,000 if the defendant is an individual

or $2,500,000 if the defendant is other than an individual, or both.

(ii) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a felony drug offense has become final, the person shall be sentenced to a term of imprisonment of not more than 20 years and if death or serious bodily injury results from the use of the substance shall be sentenced to a term of imprisonment of not more than 30 years, a fine not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $1,000,000 if the defendant is an individual or $5,000,000 if the defendant is other than an individual, or both.

(iii) SUPERVISED RELEASE.—Any sentence imposing a term of imprisonment under this subparagraph shall, in the absence of a prior conviction described in clause (ii), impose a term of supervised release of at least 2 years in addition to the term of imprisonment and shall, if there was such a prior conviction, impose a term

of supervised release of at least 4 years in addition to the term of imprisonment.

(2) CONTROLLED SUBSTANCE IN SCHEDULE IV.—

(A) IN GENERAL.—In the case of a person's violation of subsection (a) involving a controlled substance in schedule IV, the person shall be sentenced to a term of imprisonment of not more than 5 years, a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $250,000 if the defendant is an individual or $1,000,000 if the defendant is other than an individual, or both.

(B) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a felony drug offense has become final, the person shall be sentenced to a term of imprisonment of not more than 10 years, a fine not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $500,000 if the defendant is an individual or $2,000,000 if the defendant is other than an individual, or both.

(C) SUPERVISED RELEASE.—Any sentence imposing a term of imprisonment under this

paragraph shall, in the absence of a prior conviction described in subparagraph (B), impose a term of supervised release of at least 1 year in addition to the term of imprisonment and shall, if there was such a prior conviction, impose a term of supervised release of at least 2 years in addition to the term of imprisonment.

(3) CONTROLLED SUBSTANCE IN SCHEDULE V.—

(A) IN GENERAL.—In the case of a person's violation of subsection (a) involving a controlled substance in schedule V, the person shall be sentenced to a term of imprisonment of not more than 1 year, a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $100,000 if the defendant is an individual or $250,000 if the defendant is other than an individual, or both.

(B) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a felony drug offense has become final, the person shall be sentenced to a term of imprisonment of not more than 4 years, a fine not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or

$200,000 if the defendant is an individual or $500,000 if the defendant is other than an individual, or both.

(C) SUPERVISED RELEASE.—Any sentence imposing a term of imprisonment under this paragraph may, if there was a prior conviction, impose a term of supervised release of not more than 1 year, in addition to the term of imprisonment.

(4) SMALL AMOUNT OF MARIHUANA FOR NO REMUNERATION.—Notwithstanding paragraph (1)(D), any person that violates subsection (a) by distributing a small amount of marihuana for no remuneration shall be treated as provided in section 50704 of this title and section 3607 of title 18.

(5) CULTIVATING OR MANUFACTURING A CONTROLLED SUBSTANCE ON FEDERAL PROPERTY.—

(A) IN GENERAL.—Any person that violates subsection (a) by cultivating or manufacturing a controlled substance on Federal property shall be imprisoned as provided in this subsection, shall be fined as provided in subparagraph (B), or both.

(B) FINE.—A fine provided in this subparagraph is any amount not to exceed—

(i) the amount authorized in accordance with this section;

(ii) the amount authorized in accordance with the provisions of title 18;

(iii) $500,000 if the defendant is an individual; or

(iv) $1,000,000 if the defendant is other than an individual.

(6) KNOWING OR INTENTIONAL USE OF A POISON, CHEMICAL, OR OTHER HAZARDOUS SUBSTANCE ON FEDERAL LAND.—

(A) IN GENERAL.—Any person that violates subsection (a), or attempts to do so, and is described in subparagraph (B) shall be fined in accordance with title 18, imprisoned not more than 5 years, or both.

(B) PERSON.—A person is described in this subparagraph if the person knowingly or intentionally uses a poison, chemical, or other hazardous substance on Federal land, and, by the use—

(i) creates a serious hazard to humans, wildlife, or domestic animals;

(ii) degrades or harms the environment or natural resources; or

(iii) pollutes an aquifer, spring, stream, river, or body of water.

(7) DISTRIBUTION.—

(A) DEFINITION.—In this paragraph, the term ''without that individual's knowledge'' means that the individual is unaware that a substance with the ability to alter that individual's ability to appraise conduct or to decline participation in or communicate unwillingness to participate in conduct is administered to the individual.

(B) IN GENERAL.—Whoever, with intent to commit a crime of violence, as defined in section 16 of title 18 (including rape), against an individual, violates subsection (a) by distributing a controlled substance or controlled substance analogue to that individual without that individual's knowledge, shall be imprisoned not more than 20 years and fined in accordance with title 18.

(c) OFFENSES INVOLVING LISTED CHEMICALS.—

(1) PENALTIES.—Any person described in paragraph (2) shall be fined in accordance with title 18 or imprisoned not more than 20 years in the case of a violation of subparagraph (A) or (B) of paragraph

(2) involving a list I chemical or not more than 10 years in the case of a violation of this subsection other than a violation of subparagraph (A) or (B) of paragraph (2) involving a list I chemical, or both.

(2) PERSON.—A person is described in this paragraph if the person knowingly or intentionally—

(A) possesses a listed chemical with intent to manufacture a controlled substance except as authorized by this division;

(B) possesses or distributes a listed chemical knowing, or having reasonable cause to believe, that the listed chemical will be used to manufacture a controlled substance except as authorized by this division; or

(C) with the intent of causing the evasion of the recordkeeping or reporting requirements of section 50511 of this title, or the regulations issued under section 50511 of this title, receives or distributes a reportable amount of any listed chemical in units small enough so that the making of records or filing of reports under section 50511 of this title is not required.

(d) BOOBYTRAPS ON FEDERAL PROPERTY.—

(1) DEFINITION OF BOOBYTRAP.—In this subsection:

(A) IN GENERAL.—The term ''boobytrap'' means any concealed or camouflaged device designed to cause bodily injury when triggered by any action of any unsuspecting person making contact with the device.

(B) INCLUSIONS.—The term ''boobytrap'' includes guns, ammunition, or explosive devices attached to trip wires or other triggering mechanisms, sharpened stakes, and lines or wires with hooks attached.

(2) IN GENERAL.—Any person that assembles, maintains, places, or causes to be placed a boobytrap on Federal property where a controlled substance is being manufactured, distributed, or dispensed shall be sentenced to a term of imprisonment for not more than 10 years, fined under title 18, or both.

(3) PRIOR CONVICTIONS.—If any person commits such a violation after 1 or more prior convictions for an offense punishable under this subsection, the person shall be sentenced to a term of imprisonment of not more than 20 years, fined under title 18, or both.

(e) WRONGFUL DISTRIBUTION OR POSSESSION OF LISTED CHEMICALS.—

(1) DISTRIBUTION.—Whoever knowingly distributes a listed chemical in violation of this division (other than in violation of a recordkeeping or reporting requirement of section 50511 of this title) shall, except to the extent that subparagraph (L), (M), or (N) of section 50702(a)(1) of this title applies, be fined under title 18, imprisoned not more than 5 years, or both.

(2) POSSESSION.—Whoever possesses any listed chemical, with knowledge that the recordkeeping or reporting requirements of section 50511 of this title have not been adhered to, if, after the knowledge is acquired, the person does not take immediate steps to remedy the violation shall be fined under title 18, imprisoned not more than 1 year, or both.

(f) INTERNET SALES OF DATE RAPE DRUGS.—

(1) DEFINITIONS.—In this subsection:

(A) AUTHORIZED PURCHASER.—The term ''authorized purchaser'' means any of the following persons, provided the person has acquired the controlled substance in accordance with this division and division B:

(i) An individual with a valid prescription that is issued for a legitimate medical purpose in the usual course of professional

practice that is based on a qualifying medical relationship by a practitioner registered by the Attorney General. A ''qualifying medical relationship'' means a medical relationship that exists when the practitioner has conducted at least 1 medical evaluation with the authorized purchaser in the physical presence of the practitioner, without regard to whether portions of the evaluation are conducted by other health professionals. The preceding sentence shall not be construed to imply that 1 medical evaluation demonstrates that a prescription has been issued for a legitimate medical purpose within the usual course of professional practice.

(ii) Any practitioner or other registrant that is otherwise authorized by the practitioner's or other registrant's registration to dispense, procure, purchase, manufacture, transfer, distribute, import, or export the substance under this division or division B.

(iii) A person or entity providing documentation that establishes the name, ad-

dress, and business of the person or entity and that provides a legitimate purpose for using any date rape drug for which a prescription is not required.

(B) DATE RAPE DRUG.—

(i) IN GENERAL.—The term ''date rape drug'' means—

(I) gamma hydroxybutyric acid (GHB) or any controlled substance analogue of GHB, including gamma butyrolactone (GBL) or 1,4–butanediol;

(II) ketamine;

(III) flunitrazepam; or

(IV) any substance that the Attorney General designates, pursuant to the rulemaking procedures prescribed by section 553 of title 5, to be used in committing rape or sexual assault.

(ii) REMOVAL BY RULEMAKING.—The Attorney General may remove any substance from the list of date rape drugs pursuant to the rulemaking authority described in clause (i)(IV).

(2) IN GENERAL.—

(A) PENALTIES.—A person described in subparagraph (B) shall be fined under this division, imprisoned not more than 20 years, or both.

(B) PERSON.—A person described in this subparagraph is a person that knowingly uses the internet to distribute a date rape drug to another person, knowing or with reasonable cause to believe that—

(i) the drug would be used in the commission of criminal sexual conduct; or

(ii) the other person is not an authorized purchaser.

(3) REGULATIONS RELATING TO RECORDKEEPING AND REPORTING.—The Attorney General may promulgate regulations for recordkeeping and reporting by persons handling 1,4–butanediol in order to implement and enforce the provisions of this section. Any record or report required by the regulations shall be considered a record or report required under this division or division B.

(g) OFFENSES INVOLVING DISPENSING OF CONTROLLED SUBSTANCES BY MEANS OF THE INTERNET.—

(1) IN GENERAL.—It shall be unlawful for any person to knowingly or intentionally—

(A) deliver, distribute, or dispense a controlled substance by means of the internet, except as authorized by this division; or

(B) aid or abet (as the terms are used in section 2 of title 18) any activity described in subparagraph (A) that is not authorized by this division.

(2) EXAMPLES.—Examples of activities that violate paragraph (1) include knowingly or intentionally—

(A) delivering, distributing, or dispensing a controlled substance by means of the internet by an online pharmacy that is not validly registered with a modification authorizing the activity as required by section 50503(h) of this title (unless exempt from the registration);

(B) writing a prescription for a controlled substance for the purpose of delivery, distribution, or dispensation by means of the internet in violation of section 50509(e) of this title;

(C) serving as an agent, intermediary, or other entity that causes the internet to be used to bring together a buyer and seller to engage

in the dispensing of a controlled substance in a manner not authorized by section 50503(h) or 50509(e) of this title;

(D) offering to fill a prescription for a controlled substance based solely on a consumer's completion of an online medical questionnaire; and

(E) making a material false, fictitious, or fraudulent statement or representation in a notification or declaration under subsection (d) or (e), respectively, of section 50512 of this title.

(3) INAPPLICABILITY.—

(A) IN GENERAL.—This subsection does not apply to—

(i) the delivery, distribution, or dispensation of controlled substances by nonpractitioners to the extent authorized by their registration under this division;

(ii) the placement on the internet of material that merely advocates the use of a controlled substance or includes pricing information without attempting to propose or facilitate an actual transaction involving a controlled substance; or

(iii) except as provided in subparagraph (B), any activity that is limited to—

(I) the provision of a telecommunications service, or of an Internet access service or Internet information location tool (as those terms are defined in section 231 of the Communications Act of 1934 (47 U.S.C. 231)); or

(II) the transmission, storage, retrieval, hosting, formatting, or translation (or any combination of those activities) of a communication, without selection or alteration of the content of the communication, except that deletion of a particular communication or material made by another person in a manner consistent with section 230(c) of the Communications Act of 1934 (47 U.S.C. 230(c)) shall not constitute the selection or alteration of the content of the communication.

(B) EXCEPTIONS.—The exceptions under subclauses (I) and (II) of subparagraph (A)(iii)

shall not apply to a person acting in concert with a person that violates paragraph (1).

(4) KNOWING OR INTENTIONAL VIOLATION.—Any person that knowingly or intentionally violates this subsection shall be sentenced in accordance with subsection (b).

(h) TEN-YEAR INJUNCTION AS ADDITIONAL PENALTY.—In addition to any other applicable penalty, any person convicted of a felony violation of this section relating to the receipt, distribution, manufacture, exportation, or importation of a listed chemical may be enjoined from engaging in any transaction involving a listed chemical for not more than 10 years.

**§ 50702. Prohibited acts B**

(a) UNLAWFUL ACTS.—

(1) IN GENERAL.—It shall be unlawful for any person—

(A) that is subject to the requirements of chapter 505 of this title to distribute or dispense a controlled substance in violation of section 50509 of this title;

(B) that is a registrant to distribute or dispense a controlled substance not authorized by the person's registration to another registrant or other authorized person or to manufacture a

controlled substance not authorized by the person's registration;

(C) that is a registrant to distribute a controlled substance in violation of section 50505 of this title;

(D) to remove, alter, or obliterate a symbol or label required by section 50505 of this title;

(E) to refuse or negligently fail to make, keep, or furnish any record, report, notification, declaration, order or order form, statement, invoice, or information required under this division or division B;

(F) to refuse any entry into any premises or inspection authorized by this division or division B;

(G) to remove, break, injure, or deface a seal placed on controlled substances pursuant to section 50504(f) or 50911 of this title or to remove or dispose of substances so placed under seal;

(H) to use, to the person's own advantage, or to reveal, other than to authorized officers or employees of the United States, or to the courts when relevant in any judicial proceeding under this division or division B, any information ac-

quired in the course of an inspection authorized by this division concerning any method or process which as a trade secret is entitled to protection, or to use, to the person's own advantage, or to reveal (other than as authorized by section 50511 of this title) any information that is confidential under section 50511 of this title;

(I) that is a regulated person to engage in a regulated transaction without obtaining the identification required by section 50511(a)(3) of this title;

(J) negligently to fail to keep a record or make a report under section 50511 of this title or negligently to fail to self-certify as required under section 50511 of this title;

(K) to distribute a laboratory supply to a person that uses, or attempts to use, that laboratory supply to manufacture a controlled substance or a listed chemical, in violation of this division or division B, with reckless disregard for the illegal uses to which that laboratory supply will be put;

(L) that is a regulated seller, or a distributor required to submit reports under section 50511(b)(3) of this title—

(i) to sell at retail a scheduled listed chemical product in violation of section 50511(d)(1) of this title, knowing at the time of the transaction involved (independent of consulting the logbook under section 50511(e)(1)(A)(iii) of this title) that the transaction is a violation; or

(ii) to knowingly or recklessly sell at retail such a product in violation of section 50511(d)(2) of this title;

(M) that is a regulated seller to knowingly or recklessly sell at retail a scheduled listed chemical product in violation of section 50511(e) of this title;

(N) that is a regulated seller or an employee or agent of the seller to disclose, in violation of regulations under section 50511(e)(1)(C) of this title, information in logbooks under section 50511(e)(1)(A)(iii) of this title, or to refuse to provide such a logbook to Federal, State, or local law enforcement authorities;

(O) to distribute a scheduled listed chemical product to a regulated seller, or to a regulated person referred to in section

50511(b)(3)(B) of this title, unless the regulated seller or regulated person is, at the time of the distribution, currently registered with the Drug Enforcement Administration, or on the list of persons referred to under section 50511(e)(1)(B)(v) of this title;

(P) to violate section 50505(e) of this title; or

(Q) in the case of a registered manufacturer or distributor of opioids, to fail to review the most recent information, directly related to the customers of the manufacturer or distributor, made available by the Attorney General in accordance with section 50507(f) of this title.

(2) PROVISIONS THAT APPLY TO CERTAIN SUBPARAGRAPHS IN PARAGRAPH (1).—

(A) LABORATORY SUPPLY.—In paragraph (1)(K), the term ''laboratory supply'' means a listed chemical or any chemical, substance, or item on a special surveillance list published by the Attorney General, which contains chemicals, products, materials, or equipment used in the manufacture of controlled substances and listed chemicals.

(B) REBUTTABLE PRESUMPTION.—For purposes of paragraph (1)(K), there is a rebuttable presumption of reckless disregard at trial if the Attorney General notifies a firm in writing that a laboratory supply sold by the firm, or any other person or firm, has been used by a customer of the notified firm, or distributed further by that customer, for the unlawful production of controlled substances or listed chemicals a firm distributes and 2 weeks or more after the notification the notified firm distributes a laboratory supply to the customer.

(C) ACCESS TO LIST OF PERSONS.—For purposes of paragraph (1)(O), if the distributor is temporarily unable to access the list of persons referred to under section 50511(e)(1)(B)(v) of this title, the distributor may rely on a written, faxed, or electronic copy of a certificate of self-certification submitted by the regulated seller or regulated person, provided the distributor confirms within 7 business days of the distribution that the regulated seller or regulated person is on the list referred to under section 50511(e)(1)(B)(v) of this title.

(b) MANUFACTURE.—It shall be unlawful for any person that is a registrant to manufacture a controlled substance in schedule I or II, or ephedrine, pseudoephedrine, or phenylpropanolamine or any of the salts, optical isomers, or salts of optical isomers of the chemical, that is—

(1) not expressly authorized by the person's registration and by a quota assigned to the person pursuant to section 50506 of this title; or

(2) in excess of a quota assigned to the person pursuant to section 50506 of this title.

(c) CRIMINAL PENALTIES.—

(1) IN GENERAL.—If a violation of this section is prosecuted by an information or indictment which alleges that the violation was committed knowingly and the trier of fact specifically finds that the violation was so committed, the person shall, except as otherwise provided in paragraph (2) or (3), be sentenced to imprisonment of not more than 1 year, a fine under title 18, or both.

(2) PRIOR CONVICTIONS.—If a violation referred to in paragraph (1) was committed after 1 or more prior convictions of the offender for an offense punishable under this subsection, or for a crime under any other provision of this division or division

B or other law of the United States relating to narcotic drugs, marihuana, or depressant or stimulant substances, have become final, the person shall be sentenced to a term of imprisonment of not more than 2 years, a fine under title 18, or both.

(3) LIMITATION ON CERTAIN CRIMINAL FINES.—In the case of a violation described in paragraph (1) that was a violation of subparagraph (E), (J), or (Q) of subsection (a)(1) committed by a registered manufacturer or distributor of opioids that relates to the reporting of suspicious orders for opioids, failing to maintain effective controls against diversion of opioids, or failing to review the most recent information made available by the Attorney General in accordance with section 50507(f) of this title, the criminal fine under title 18 shall not exceed $500,000.

(d) CIVIL PENALTIES.—

(1) IN GENERAL.—

(A) VIOLATIONS OF THIS SECTION.—Except as provided in subparagraph (B), (C), or (D) and paragraph (2), any person that violates this section shall, with respect to any such violation, be subject to a civil penalty of not more than $25,000. The district courts of the United

States (or, where there is no district court of the United States in the case of any territory (including a possession) of the United States, then the court in the territory of the United States having the jurisdiction of a district court of the United States in cases arising under the Constitution and laws of the United States) shall have jurisdiction in accordance with section 1355 of title 28 to enforce this paragraph.

(B) VIOLATIONS OF SUBPARAGRAPHS (E), (J), AND (Q) OF SUBSECTION (a)(1).—

(i) IN GENERAL.—Except as provided in clause (ii), in the case of a violation of subparagraph (E), (J), or (Q) of subsection (a)(1), the civil penalty shall not exceed $10,000.

(ii) VIOLATION COMMITTED BY REGISTERED MANUFACTURER OR DISTRIBUTOR OF OPIOIDS.—In the case of a violation described in clause (i) committed by a registered manufacturer or distributor of opioids and related to the reporting of suspicious orders for opioids, failing to maintain effective controls against diversion of opioids, or failing to review the most recent

information made available by the Attorney General in accordance with section 50507(f) of this title, the penalty shall not exceed $100,000.

(C) VIOLATIONS OF SUBSECTION (a)(1)(P).—In the case of a violation of subsection (a)(1)(P) by an importer, exporter, manufacturer, or distributor (other than as provided in subparagraph (D)), the civil penalty shall not exceed $500,000 per violation. For purposes of this subparagraph, a violation is defined as each instance of importation, exportation, manufacturing, distribution, or possession with intent to manufacture or distribute, in violation of subsection (a)(1)(P).

(D) SPECIFIC VIOLATIONS OF SUBSECTION (a)(1)(P).—

(i) DEFINITION OF AT THE RETAIL LEVEL.—In this subparagraph, the term ''at the retail level'' refers to products sold, or held for sale, directly to the consumer for personal use.

(ii) IN GENERAL.—In the case of a distribution, dispensing, or possession with intent to distribute or dispense in violation

of subsection (a)(1)(P) at the retail level, the civil penalty shall not exceed $1000 per violation. Each package, container or other separate unit containing an anabolic steroid that is distributed, dispensed, or possessed with intent to distribute or dispense at the retail level in violation of subsection (a)(1)(P) shall be considered a separate violation.

(2) ADDITIONAL PENALTIES FOR BUSINESSES.—In addition to the penalties set forth elsewhere in this division or division B, any business that violates subsection (a)(1)(K) shall, with respect to the first such violation, be subject to a civil penalty of not more than $250,000, but shall not be subject to criminal penalties under this section, and shall, for any succeeding violation, be subject to a civil penalty of not more than $250,000 or double the last previously imposed penalty, whichever is greater.

(3) RELATIONSHIP TO CRIMINAL OFFENSES.—Except under the conditions specified in subsection (c), a violation of this section does not constitute a crime, and a judgment for the United States and imposition of a civil penalty pursuant to paragraph

(1) shall not give rise to any disability or legal disadvantage based on conviction for a criminal offense.

(4) PROHIBITION OF SALE BY ORDER DUE TO CERTAIN VIOLATIONS.—

(A) IN GENERAL.—If a regulated seller, or a distributor required to submit reports under section 50511(b)(3) of this title, violates subsection (a)(1)(L), or if a regulated seller violates subsection (a)(1)(M), the Attorney General may by order prohibit the seller or distributor (as the case may be) from selling any scheduled listed chemical product. Any sale of such a product in violation of such an order is subject to the same penalties that apply under subsection (c)(2).

(B) PROCEDURES.—An order under subparagraph (A) may be imposed only through the same procedures that apply under section 50504(c) of this title for an order to show cause.

**§ 50703. Prohibited acts C**

(a) UNLAWFUL ACTS.—It shall be unlawful for any person knowingly or intentionally—

(1) to distribute, if the person is a registrant, a controlled substance classified in schedule I or II,

in the course of the person's legitimate business, except pursuant to an order or an order form as required by section 50508 of this title;

(2) to use in the course of the manufacture, distribution, or dispensing of a controlled substance, or to use for the purpose of acquiring or obtaining a controlled substance, a registration number that is fictitious, revoked, suspended, expired, or issued to another person;

(3) to acquire or obtain possession of a controlled substance by misrepresentation, fraud, forgery, deception, or subterfuge;

(4)(A) to furnish false or fraudulent material information in, or omit any material information from, any application, report, record, or other document required to be made, kept, or filed under this division or division B; or

(B) to present false or fraudulent identification where the person is receiving or purchasing a listed chemical and the person is required to present identification under section 50511(a) of this title;

(5) to make, distribute, or possess any punch, die, plate, stone, or other thing designed to print, imprint, or reproduce the trademark, trade name, or other identifying mark, imprint, or device of another

or any likeness of any of the foregoing on any drug or container or labeling of the drug or container so as to render the drug a counterfeit substance;

(6) to possess any 3-neck round-bottom flask, tableting machine, encapsulating machine, or gelatin capsule, or any equipment, chemical, product, or material that may be used to manufacture a controlled substance or listed chemical, knowing, intending, or having reasonable cause to believe, that it will be used to manufacture a controlled substance or listed chemical in violation of this division or division B;

(7) to manufacture, distribute, export, or import any 3-neck round-bottom flask, tableting machine, encapsulating machine, or gelatin capsule, or any equipment, chemical, product, or material that may be used to manufacture a controlled substance or listed chemical, knowing, intending, or having reasonable cause to believe, that it will be used to manufacture a controlled substance or listed chemical in violation of this division or division B or, in the case of an exportation, in violation of this division or division B or of the laws of the country to which it is exported;

(8) to create a chemical mixture for the purpose of evading a requirement of section 50511 of this

title or to receive a chemical mixture created for that purpose; or

(9) to distribute, import, or export a list I chemical without the registration required by this division or division B.

(b) COMMUNICATION FACILITY.—

(1) DEFINITION OF COMMUNICATION FACILITY.—In this subsection, the term ''communication facility'' means any and all public and private instrumentalities used or useful in the transmission of writing, signs, signals, pictures, or sounds of all kinds and includes mail, telephone, wire, radio, and all other means of communication.

(2) IN GENERAL.—It shall be unlawful for any person knowingly or intentionally to use any communication facility in committing or in causing or facilitating the commission of any act or acts constituting a felony under any provision of this division or division B.

(3) SEPARATE OFFENSE.—Each separate use of a communication facility shall be a separate offense under this subsection.

(c) ADVERTISEMENT.—

(1) DEFINITION OF ADVERTISEMENT.—In this subsection:

(A) INCLUSIONS.—The term ''advertisement'' includes, in addition to its ordinary meaning, such advertisements as those for a catalog of schedule I controlled substances and any similar written advertisement that has the purpose of seeking or offering illegally to receive, buy, or distribute a schedule I controlled substance.

(B) EXCLUSIONS.—The term ''advertisement'' does not include material that merely advocates the use of a similar material, that advocates a position or practice, and that does not attempt to propose or facilitate an actual transaction in a schedule I controlled substance.

(2) WRITTEN ADVERTISEMENTS.—It shall be unlawful for any person to place in any newspaper, magazine, handbill, or other publications, any written advertisement knowing that it has the purpose of seeking or offering illegally to receive, buy, or distribute a schedule I controlled substance.

(3) INTERNET ADVERTISEMENTS.—

(A) IN GENERAL.—It shall be unlawful for any person to knowingly or intentionally use the internet, or cause the internet to be used, to advertise the sale of, or to offer to sell, distribute,

or dispense, a controlled substance where the sale, distribution, or dispensing is not authorized by this division or division B.

(B) EXAMPLES.—Examples of activities that violate subparagraph (A) include knowingly or intentionally causing the placement on the internet of an advertisement that refers to or directs prospective buyers to internet sellers of controlled substances who are not registered with a modification under section 50503(h) of this title.

(C) INAPPLICABILITY.—Subparagraph (A) does not apply to material that—

(i) merely advertises the distribution of controlled substances by nonpractitioners to the extent authorized by their registration under this division; or

(ii) merely advocates the use of a controlled substance or includes pricing information without attempting to facilitate an actual transaction involving a controlled substance.

(d) CRIMINAL PENALTIES.—

(1) IN GENERAL.—

(A) PENALTIES.—Except as provided in paragraph (2), any person that violates this section shall be sentenced to a term of imprisonment of not more than 4 years, a fine under title 18, or both.

(B) PRIOR CONVICTIONS.—If any person commits such a violation after 1 or more prior convictions of the person for violation of this section, or for a felony under any other provision of this division or division B or other law of the United States relating to narcotic drugs, marihuana, or depressant or stimulant substances, have become final, the person shall be sentenced to a term of imprisonment of not more than 8 years, a fine under title 18, or both.

(2) MANUFACTURE OF METHAMPHETAMINE.—

(A) IN GENERAL.—Any person that, with the intent to manufacture or to facilitate the manufacture of methamphetamine, violates paragraph (6) or (7) of subsection (a), shall be sentenced to a term of imprisonment of not more than 10 years, a fine under title 18, or both.

(B) PRIOR CONVICTIONS.—

(i) IN GENERAL.—A person shall be sentenced to a term of imprisonment of not more than 20 years, a fine under title 18, or both if the person commits a violation under subparagraph (A) after 1 or more prior convictions of that person, which prior conviction or convictions are described in clause (ii), has become final.

(ii) PRIOR CONVICTIONS.—A prior conviction is described in this clause if the prior conviction is—

(I) for a violation of paragraph (6) or (7) of subsection (a);

(II) for a felony under any other provision of this division or division B; or

(III) under any other law of the United States or any State relating to controlled substances or listed chemicals.

(e) ADDITIONAL PENALTIES.—In addition to any other applicable penalty, any person convicted of a felony violation of this section relating to the receipt, distribution, manufacture, exportation, or importation of a listed chemical may be enjoined from engaging in any trans-

action involving a listed chemical for not more than 10 years.

(f) INJUNCTIONS.—

(1) IN GENERAL.—In addition to any penalty provided in this section, the Attorney General may commence a civil action for appropriate declaratory or injunctive relief relating to violations of this section or section 50702 or 50716 of this title.

(2) JURISDICTION.—Any action under this subsection may be brought in the district court of the United States for the district in which the defendant is located or resides or is doing business.

(3) ORDERS AND JUDGMENTS TO RESTRAIN VIOLATIONS.—Any order or judgment issued by the court pursuant to this subsection shall be tailored to restrain violations of this section or section 50702 of this title.

(4) PROCEDURE.—The court shall proceed as soon as practicable to the hearing and determination of such an action. An action under this subsection is governed by the Federal Rules of Civil Procedure (28 U.S.C. App.) except that, if an indictment has been returned against the respondent, discovery is governed by the Federal Rules of Criminal Procedure (18 U.S.C. App.).

**§ 50704. Penalties for simple possession**

(a) DEFINITION OF DRUG, NARCOTIC, OR CHEMICAL OFFENSE.—In this section, the term ''drug, narcotic, or chemical offense'' means any offense that proscribes the possession, distribution, manufacture, cultivation, sale, transfer, or the attempt or conspiracy to possess, distribute, manufacture, cultivate, sell, or transfer any substance the possession of which is prohibited under this division.

(b) UNLAWFUL ACTS; PENALTIES.—

(1) POSSESSION OF CONTROLLED SUBSTANCE.—It shall be unlawful for any person knowingly or intentionally to possess a controlled substance unless the substance was obtained directly, or pursuant to a valid prescription or order, from a practitioner, while acting in the course of the practitioner's professional practice, or except as otherwise authorized by this division or division B.

(2) POSSESSION OF LIST I CHEMICAL.—It shall be unlawful for any person knowingly or intentionally to possess any list I chemical obtained pursuant to or under authority of a registration issued to that person under section 50503 or 51708 of this title if that registration has been revoked or suspended, if that registration has expired, or if the

person has ceased to do business in the manner contemplated by the person's registration.

(3) PURCHASE AT RETAIL.—It shall be unlawful for any person to knowingly or intentionally purchase at retail during a 30-day period more than 9 grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base in a scheduled listed chemical product, except that, of the 9 grams, not more than 7.5 grams may be imported by means of shipping through any private or commercial carrier or the Postal Service.

(4) PENALTIES.—Any person that violates this subsection may be sentenced to a term of imprisonment of not more than 1 year, shall be fined a minimum of $1,000, or both.

(5) PRIOR CONVICTION.—If the person under paragraph (4) commits the offense after a prior conviction under this division or division B, or a prior conviction for any drug, narcotic, or chemical offense chargeable under the law of any State, has become final, the person shall be sentenced to a term of imprisonment for not less than 15 days but not more than 2 years, and shall be fined a minimum of $2,500.

(6) 2 OR MORE PRIOR CONVICTIONS.—If the person under paragraph (4) commits the offense after 2 or more prior convictions under this division or division B, or 2 or more prior convictions for any drug, narcotic, or chemical offense chargeable under the law of any State, or a combination of 2 or more such offenses have become final, the person shall be sentenced to a term of imprisonment for not less than 90 days but not more than 3 years, and shall be fined a minimum of $5,000.

(7) POSSESSION OF FLUNITRAZEPAM.—Notwithstanding any penalty provided in this subsection, any person convicted under this subsection for the possession of flunitrazepam shall be imprisoned for not more than 3 years, shall be fined as otherwise provided in this section, or both.

(8) SUSPENSION OR DEFERMENT.—The imposition or execution of a minimum sentence required to be imposed under this subsection shall not be suspended or deferred.

(9) COSTS OF INVESTIGATION AND PROSECUTION.—On conviction, a person that violates this subsection shall be fined the reasonable costs of the investigation and prosecution of the offense, including the costs of prosecution of an offense as defined

in sections 1918 and 1920 of title 28, except that this paragraph shall not apply and a fine under this section need not be imposed if the court determines under title 18 that the defendant lacks the ability to pay.

**§ 50705. Civil penalty for possession of small amounts of certain controlled substances**

(a) IN GENERAL.—Any individual who knowingly possesses a controlled substance that is listed in section 50701(b)(1)(A) of this title in violation of section 50704 of this title in an amount that, as specified by regulation of the Attorney General, is a personal use amount shall be liable to the United States for a civil penalty in an amount not to exceed $10,000 for each such violation.

(b) INCOME AND NET ASSETS.—The income and net assets of an individual shall not be relevant to the determination whether to assess a civil penalty under this section or to prosecute the individual criminally. However, in determining the amount of a penalty under this section, the income and net assets of an individual shall be considered.

(c) PRIOR CONVICTION.—A civil penalty may not be assessed under this section if the individual previously was convicted of a Federal or State offense relating to a controlled substance.

(d) LIMITATION ON NUMBER OF ASSESSMENTS.—A civil penalty may not be assessed on an individual under this section on more than 2 separate occasions.

(e) ASSESSMENT.—

(1) IN GENERAL.—A civil penalty under this section may be assessed by the Attorney General only by an order made on the record after opportunity for a hearing in accordance with section 554 of title 5.

(2) NOTICE.—The Attorney General shall provide written notice to the individual who is the subject of the proposed order informing the individual of the opportunity to receive such a hearing with respect to the proposed order.

(3) REQUEST.—The hearing may be held only if the individual makes a request for the hearing before the expiration of the 30-day period beginning on the date the notice is issued.

(f) COMPROMISE.—The Attorney General may compromise, modify, or remit, with or without conditions, any civil penalty imposed under this section.

(g) JUDICIAL REVIEW.—

(1) IN GENERAL.—If the Attorney General issues an order pursuant to subsection (e) after a hearing described in subsection (e), the individual

who is the subject of the order may, before the expiration of the 30-day period beginning on the date the order is issued, bring a civil action in the appropriate district court of the United States.

(2) STANDARD OF REVIEW; RIGHTS.—In an action described in paragraph (1), the law and the facts of the violation and the assessment of the civil penalty shall be determined de novo, and shall include the right of a trial by jury, the right to counsel, and the right to confront witnesses. The facts of the violation shall be proved beyond a reasonable doubt.

(h) CIVIL ACTION.—

(1) COMMENCEMENT BY ATTORNEY GENERAL.—If an individual does not request a hearing pursuant to subsection (e) and the Attorney General issues an order pursuant to subsection (e), or if an individual does not under subsection (g) seek judicial review of such an order, the Attorney General may commence a civil action in any appropriate district court of the United States for the purpose of recovering the amount assessed and an amount representing interest at a rate computed in accordance with section 1961 of title 28.

(2) INTEREST.—The interest shall accrue from the expiration of the 30-day period described in subsection (g).

(3) JUDICIAL REVIEW.—In an action under this subsection, the decision of the Attorney General to issue the order, and the amount of the penalty assessed by the Attorney General, shall not be subject to review.

(i) LIMITATION.—The Attorney General may not under this section commence proceeding against an individual after the expiration of the 5-year period beginning on the date on which the individual allegedly violated subsection (a).

(j) EXPUNGEMENT PROCEDURES.—

(1) IN GENERAL.—The Attorney General shall dismiss the proceedings under this section against an individual on application of the individual at any time after the expiration of 3 years if—

(A) the individual has not previously been assessed a civil penalty under this section;

(B) the individual has paid the assessment;

(C) the individual has complied with any conditions imposed by the Attorney General;

(D) the individual has not been convicted of a Federal or State offense relating to a controlled substance; and

(E) the individual agrees to submit to a drug test, and the test shows the individual to be drug free.

(2) RETENTION OF RECORD.—A nonpublic record of a disposition under this subsection shall be retained by the Department of Justice solely for the purpose of determining in any subsequent proceeding whether the person qualified for a civil penalty or expungement under this section.

(3) FAILURE TO ACKNOWLEDGE PROCEEDING NOT GROUNDS FOR PERJURY.—If a record is expunged under this subsection, an individual concerning whom such an expungement has been made shall not be held, after the expungement, under any provision of law to be guilty of perjury, false swearing, or making a false statement by reason of the individual's failure to recite or acknowledge a proceeding under this section or the results of the proceeding in response to an inquiry made of the individual for any purpose.

**§ 50706. Attempt and conspiracy**

Any person that attempts or conspires to commit any offense defined in this division shall be subject to the same penalties as those prescribed for the offense, the commission of which was the object of the attempt or conspiracy.

**§ 50707. Additional penalties**

Any penalty imposed for violation of this division shall be in addition to, and not in lieu of, any civil or administrative penalty or sanction authorized by law.

**§ 50708. Continuing criminal enterprise**

(a) PENALTIES; FORFEITURES.—

(1) DEFINITION OF CONTINUING CRIMINAL ENTERPRISE.—In this subsection, a person is engaged in a continuing criminal enterprise if—

(A) the person violates any provision of this division or division B the punishment for which is a felony; and

(B) the violation is a part of a continuing series of violations of this division or division B—

(i) that are undertaken by the person in concert with 5 or more other persons with respect to whom the person occupies a position of organizer, a supervisory position, or any other position of management; and

(ii) from which the person obtains substantial income or resources.

(2) IN GENERAL.—Any person that engages in a continuing criminal enterprise shall be sentenced—

(A) to a term of imprisonment which may not be less than 20 years and which may be up to life imprisonment;

(B) to a fine not to exceed the greater of that authorized in accordance with the provisions of title 18 or $2,000,000 if the defendant is an individual or $5,000,000 if the defendant is other than an individual; and

(C) to the forfeiture prescribed in section 50713 of this title.

(3) PRIOR CONVICTIONS.—If any person engages in an activity under paragraph (2) after 1 or more prior convictions of the person under this section have become final, the person shall be sentenced—

(A) to a term of imprisonment which may not be less than 30 years and which may be up to life imprisonment;

(B) to a fine not to exceed the greater of twice the amount authorized in accordance with the provisions of title 18 or $4,000,000 if the

defendant is an individual or $10,000,000 if the defendant is other than an individual; and

(C) to the forfeiture prescribed in section 50713 of this title.

(b) LIFE IMPRISONMENT FOR ENGAGING IN CONTINUING CRIMINAL ENTERPRISE.—Any person that engages in a continuing criminal enterprise shall be imprisoned for life and fined in accordance with subsection (a), if—

(1) the person is the principal administrator, organizer, or leader of the enterprise or is 1 of several such principal administrators, organizers, or leaders; and

(2)(A) the violation referred to in subsection (a)(1)(A) involved at least 300 times the quantity of a substance described in section 50701(b)(1)(B) of this title; or

(B) the enterprise, or any other enterprise in which the defendant was the principal or 1 of several principal administrators, organizers, or leaders, received $10 million dollars in gross receipts during any 12-month period of its existence for the manufacture, importation, or distribution of a substance described in section 50701(b)(1)(B) of this title.

(c) SUSPENSION OF SENTENCE AND PROBATION PROHIBITED.—In the case of any sentence imposed under this section, imposition or execution of the sentence shall not be suspended, probation shall not be granted, and the Act of July 15, 1932 (ch. 492, D.C. Code §§24–403 through 24–407), shall not apply.

(d) DEATH PENALTY.—

(1) DEFINITION OF LAW ENFORCEMENT OFFICER.—In this subsection, the term ''law enforcement officer'' means a public servant authorized by law or by a Government agency or Congress to conduct or engage in the prevention, investigation, prosecution, or adjudication of an offense, and includes those engaged in corrections, probation, or parole functions.

(2) IN GENERAL.—In addition to the other penalties set forth in this section—

(A) any person engaging in or working in furtherance of a continuing criminal enterprise, or any person engaging in an offense punishable under section 50701(b)(1)(A) or 51710(b)(1) of this title which person intentionally kills or counsels, commands, induces, procures, or causes the intentional killing of an individual (and the counseling, commanding, inducing, procuring, or causing results in the kill-

ing), shall be sentenced to any term of imprisonment, which shall not be less than 20 years, and which may be up to life imprisonment, or may be sentenced to death; and

(B) any person, during the commission of, in furtherance of, or while attempting to avoid apprehension, prosecution, or service of a prison sentence for, a felony violation of this division or division B which person intentionally kills or counsels, commands, induces, procures, or causes the intentional killing of any Federal, State, or local law enforcement officer engaged in, or on account of, the performance of the officer's official duties (and the counseling, commanding, inducing, procuring, or causing results in the killing), shall be sentenced to any term of imprisonment, which shall not be less than 20 years, and which may be up to life imprisonment, or may be sentenced to death.

(e) SPECIAL PROVISION FOR METHAMPHETAMINE.—For the purposes of subsection (b), in the case of a continuing criminal enterprise involving methamphetamine or its salts, isomers, or salts of isomers, subsection (b)(2)(A) shall be applied by substituting ''200'' for ''300'', and sub-

section (b)(2)(B) shall be applied by substituting ''$5,000,000'' for ''$10 million dollars''.

**§ 50709. Transportation safety offenses**

(a) DEFINITIONS.—In this section:

(1) SAFETY REST AREA.—The term ''safety rest area'' means a roadside facility with parking facilities for the rest or other needs of motorists.

(2) TRUCK STOP.—The term ''truck stop'' means a facility (including any parking lot appurtenant to the facility) that—

(A) has the capacity to provide fuel or service, or both, to any commercial motor vehicle (as defined in section 31301 of title 49), operating in commerce (as defined in that section); and

(B) is located within 2,500 feet of the National System of Interstate and Defense Highways or the Federal-Aid Primary System.

(b) FIRST OFFENSE.—A person that violates section 50701(a)(1) or 50716 of this title by distributing or possessing with intent to distribute a controlled substance in or on, or within 1,000 feet of, a truck stop or safety rest area is (except as provided in subsection (c)) subject to—

(1) twice the maximum punishment authorized by section 50701(b) of this title; and

(2) twice any term of supervised release authorized by section 50701(b) of this title for a first offense.

(c) SUBSEQUENT OFFENSE.—A person that violates section 50701(a)(1) or 50716 of this title by distributing or possessing with intent to distribute a controlled substance in or on, or within 1,000 feet of, a truck stop or a safety rest area after a prior conviction or convictions under subsection (b) have become final is subject to—

(1) 3 times the maximum punishment authorized by section 50701(b) of this title; and

(2) 3 times any term of supervised release authorized by section 50701(b) of this title for a first offense.

**§ 50710. Information for sentencing**

Except as otherwise provided in this division, no limitation shall be placed on the information concerning the background, character, and conduct of a person convicted of an offense which a court of the United States may receive and consider for the purpose of imposing an appropriate sentence under this division or division B.

**§ 50711. Proceedings to establish prior convictions**

(a) INFORMATION FILED BY UNITED STATES ATTORNEY.—

(1) REQUIRED FILING.—

(A) IN GENERAL.—A person that stands convicted of an offense under this chapter shall not be sentenced to increased punishment by reason of 1 or more prior convictions, unless before trial, or before entry of a plea of guilty, the United States attorney files an information with the court (and serves a copy of the information on the person or counsel for the person) stating in writing the previous convictions to be relied on.

(B) FACTS NOT OBTAINED BY TRIAL OR ENTRY OF GUILTY PLEA.—On a showing by the United States attorney that facts regarding prior convictions could not with due diligence be obtained prior to trial or before entry of a plea of guilty, the court may postpone the trial or the taking of the plea of guilty for a reasonable period for the purpose of obtaining the facts.

(C) CLERICAL MISTAKES.—Clerical mistakes in the information may be amended at any time prior to the pronouncement of sentence.

(2) LIMITATION.—An information may not be filed under this section if the increased punishment that may be imposed is imprisonment for a term in

excess of 3 years unless the person waived or was afforded prosecution by indictment for the offense for which the increased punishment may be imposed.

(b) AFFIRMATION OR DENIAL OF PREVIOUS CONVICTION.—If the United States attorney files an information under this section, the court shall after conviction but before pronouncement of sentence inquire of the person with respect to whom the information was filed whether the person affirms or denies that the person has been previously convicted as alleged in the information, and shall inform the person that any challenge to a prior conviction that is not made before sentence is imposed may not be raised to attack the sentence.

(c) DENIAL; WRITTEN RESPONSE; HEARING.—

(1) DENIAL.—

(A) FILING OF RESPONSE.—If the person denies any allegation of the information of prior conviction, or claims that any conviction alleged is invalid, the person shall file a written response to the information. A copy of the response shall be served on the United States attorney.

(B) HEARING.—The court shall hold a hearing to determine any issues raised by the

response which would except the person from increased punishment.

(C) FAILURE TO INCLUDE COMPLETE CRIMINAL RECORD DOES NOT INVALIDATE NOTICE.—The failure of the United States attorney to include in the information the complete criminal record of the person or any facts in addition to the convictions to be relied on shall not constitute grounds for invalidating the notice given in the information required by subsection (a)(1).

(D) COURT HEARING.—The hearing shall be before the court without a jury and either party may introduce evidence.

(E) BURDEN OF PROOF.—Except as otherwise provided in paragraph (2), the United States attorney shall have the burden of proof beyond a reasonable doubt on any issue of fact.

(F) FINDINGS OF FACT AND CONCLUSIONS OF LAW BY THE COURT.—At the request of either party, the court shall enter findings of fact and conclusions of law.

(2) CONSTITUTIONAL VIOLATION.—

(A) CLAIM.—A person claiming that a conviction alleged in the information was obtained

in violation of the Constitution of the United States shall set forth the person's claim, and the factual basis for the claim, with particularity in the person's response to the information.

(B) BURDEN OF PROOF.—The person shall have the burden of proof by a preponderance of the evidence on any issue of fact raised by the response.

(3) CHALLENGE TO PRIOR CONVICTION.—Any challenge to a prior conviction, not raised by response to the information before an increased sentence is imposed in reliance on the prior conviction, shall be waived unless good cause is shown for failure to make a timely challenge.

(d) IMPOSITION OF SENTENCE.—

(1) IN GENERAL.—If the person files no response to the information, or if the court determines, after hearing, that the person is subject to increased punishment by reason of prior convictions, the court shall proceed to impose sentence on the person as provided by this chapter.

(2) POSTPONING SENTENCE TO ALLOW FOR APPEAL.—If the court determines that the person has not been convicted as alleged in the information,

that a conviction alleged in the information is invalid, or that the person is otherwise not subject to an increased sentence as a matter of law, the court shall, at the request of the United States attorney, postpone sentence to allow an appeal from that determination. If no such request is made, the court shall impose sentence as provided by this chapter. The person may appeal from an order postponing sentence as if sentence had been pronounced and a final judgment of conviction entered.

(e) STATUTE OF LIMITATIONS.—A person that stands convicted of an offense under this chapter shall not challenge the validity of any prior conviction alleged under this section that occurred more than 5 years before the date of the information alleging the prior conviction.

**§ 50712. Application of treaties and other international agreements**

Nothing in the Single Convention on Narcotic Drugs, the Convention on Psychotropic Substances, or other treaties or international agreements shall be construed to limit the provision of treatment, education, or rehabilitation as alternatives to conviction or criminal penalty for offenses involving any drug or other substance subject to control under any such treaty or agreement.

**§ 50713. Criminal forfeitures**

(a) PROPERTY.—Property subject to criminal forfeiture under this section includes—

(1) real property, including things growing on, affixed to, and found in land; and

(2) tangible and intangible personal property, including rights, privileges, interests, claims, and securities.

(b) PROPERTY SUBJECT TO CRIMINAL FORFEITURE.—

(1) IN GENERAL.—Any person convicted of a violation of this division or division B punishable by imprisonment for more than 1 year shall forfeit to the United States, irrespective of any provision of State law—

(A) any property constituting, or derived from, any proceeds the person obtained, directly or indirectly, as the result of the violation;

(B) any of the person's property used, or intended to be used, in any manner or part, to commit, or to facilitate the commission of, the violation; and

(C) in the case of a person convicted of engaging in a continuing criminal enterprise in violation of section 50708 of this title, in addition to any property described in subparagraph

(A) or (B), any of the person's interest in, claims against, and property or contractual rights affording a source of control over, the continuing criminal enterprise.

(2) ORDER.—The court, in imposing sentence on the person, shall order, in addition to any other sentence imposed pursuant to this division or division B, that the person forfeit to the United States all property described in this subsection.

(3) DEFENDANT DERIVING PROFITS FROM OFFENSE.—In lieu of a fine otherwise authorized by this chapter, a defendant who derives profits or other proceeds from an offense may be fined not more than twice the gross profits or other proceeds.

(c) THIRD PARTY TRANSFERS.—All right, title, and interest in property described in subsection (b) vests in the United States on the commission of the act giving rise to forfeiture under this section. Any such property that is subsequently transferred to a person other than the defendant may be the subject of a special verdict of forfeiture, and after the special verdict, shall be ordered forfeited to the United States, unless the transferee establishes in a hearing pursuant to subsection (n) that the transferee is a bona fide purchaser for value of the property who at the time of purchase was reasonably without

cause to believe that the property was subject to forfeiture under this section.

(d) REBUTTABLE PRESUMPTION.—There is a rebuttable presumption at trial that any property of a person convicted of a felony under this division or division B is subject to forfeiture under this section if the United States establishes by a preponderance of the evidence that—

(1) the property was acquired by the person during the period of the violation of this division or division B or within a reasonable time after the period; and

(2) there was no likely source for the property other than the violation of this division or division B.

(e) PROTECTIVE ORDERS.—

(1) IN GENERAL.—

(A) ACTION BY COURT TO PRESERVE AVAILABILITY OF PROPERTY FOR FORFEITURE.—On application of the United States, the court may enter a restraining order or injunction, require the execution of a satisfactory performance bond, or take any other action to preserve the availability of property described in subsection (b) for forfeiture under this section—

(i) on the filing of an indictment or information charging a violation of this division or division B for which criminal forfeiture may be ordered under this section and alleging that the property with respect to which the order is sought would, in the event of conviction, be subject to forfeiture under this section; or

(ii) prior to the filing of such an indictment or information, if, after notice to persons appearing to have an interest in the property and opportunity for a hearing, the court determines that—

(I) there is a substantial probability that the United States will prevail on the issue of forfeiture and that failure to enter the order will result in the property being destroyed, removed from the jurisdiction of the court, or otherwise made unavailable for forfeiture; and

(II) the need to preserve the availability of the property through the entry of the requested order outweighs the hardship on any party

against whom the order is to be entered.

(B) EFFECTIVE DATE OF ORDER UNDER SUBPARAGRAPH (A)(ii).—An order entered pursuant to subparagraph (A)(ii) shall be effective for not more than 90 days, unless extended by the court for good cause shown or unless an indictment or information described in subparagraph (A)(i) has been filed.

(2) TEMPORARY RESTRAINING ORDER.—

(A) CONDITIONS.—A temporary restraining order under this subsection may be entered on application of the United States without notice or opportunity for a hearing when an information or indictment has not yet been filed with respect to the property, if the United States demonstrates—

(i) that there is probable cause to believe that the property with respect to which the order is sought would, in the event of conviction, be subject to forfeiture under this section; and

(ii) that provision of notice will jeopardize the availability of the property for forfeiture.

(B) EXPIRATION.—A temporary restraining order under this paragraph shall expire not more than 14 days after the date on which it is entered, unless extended for good cause shown or unless the party against whom it is entered consents to an extension for a longer period.

(C) HEARING.—A hearing requested concerning a temporary restraining order entered under this paragraph shall be held at the earliest possible time and prior to the expiration of the temporary restraining order.

(3) EVIDENCE INADMISSIBLE UNDER FEDERAL RULES OF EVIDENCE.—The court may receive and consider, at a hearing held pursuant to this subsection, evidence and information that would be inadmissible under the Federal Rules of Evidence (28 U.S.C. App.).

(4) ORDER TO REPATRIATE AND DEPOSIT.—

(A) IN GENERAL.—Pursuant to its authority to enter a pretrial restraining order under this section, the court may order a defendant to repatriate any property that may be seized and forfeited, and to deposit that property pending trial in the registry of the court, or with the

United States Marshals Service or the Secretary of the Treasury, in an interest-bearing account, if appropriate.

(B) FAILURE TO COMPLY.—Failure to comply with an order under this subsection, or an order to repatriate property under subsection (p), shall be punishable as a civil or criminal contempt of court, and may also result in an enhancement of the sentence of the defendant under the obstruction of justice provision of the Federal Sentencing Guidelines.

(f) WARRANT OF SEIZURE.—The United States may request the issuance of a warrant authorizing the seizure of property subject to forfeiture under this section in the same manner as provided for a search warrant. If the court determines that there is probable cause to believe that the property to be seized would, in the event of conviction, be subject to forfeiture and that an order under subsection (e) may not be sufficient to ensure the availability of the property for forfeiture, the court shall issue a warrant authorizing the seizure of the property.

(g) EXECUTION.—

(1) ORDER.—On entry of an order of forfeiture under this section, the court shall authorize the Attorney General to seize all property ordered forfeited

on such terms and conditions as the court considers proper.

(2) ACTIONS TO PROTECT INTEREST OF THE UNITED STATES.—Following entry of an order declaring the property forfeited, the court may, on application of the United States, enter appropriate restraining orders or injunctions, require the execution of satisfactory performance bonds, appoint receivers, conservators, appraisers, accountants, or trustees, or take any other action to protect the interest of the United States in the property ordered forfeited.

(3) INCOME DERIVED FROM PROPERTY TO OFFSET EXPENSES.—Any income accruing to or derived from property ordered forfeited under this section may be used to offset ordinary and necessary expenses to the property that are required by law, or that are necessary to protect the interests of the United States or third parties.

(h) DISPOSITION OF PROPERTY.—

(1) IN GENERAL.—Following the seizure of property ordered forfeited under this section, the Attorney General shall direct the disposition of the property by sale or any other commercially feasible means, making due provision for the rights of any innocent persons.

(2) PROPERTY RIGHT OR INTEREST NOT TO REVERT TO DEFENDANT.—Any property right or interest not exercisable by, or transferable for value to, the United States shall expire and shall not revert to the defendant, nor shall the defendant or any person acting in concert with the defendant or on the defendant's behalf be eligible to purchase forfeited property at any sale held by the United States.

(3) INTEREST OF OTHER PERSON.—On application of a person, other than the defendant or a person acting in concert with the defendant or on the defendant's behalf, the court may restrain or stay the sale or disposition of the property pending the conclusion of any appeal of the criminal case giving rise to the forfeiture, if the applicant demonstrates that proceeding with the sale or disposition of the property will result in irreparable injury, harm, or loss to the applicant.

(i) AUTHORITY OF THE ATTORNEY GENERAL.—With respect to property ordered forfeited under this section, the Attorney General may—

(1) grant petitions for mitigation or remission of forfeiture, restore forfeited property to victims of a violation of this division, or take any other action to protect the rights of innocent persons which ac-

tion is in the interest of justice and is not inconsistent with the provisions of this section;

(2) compromise claims arising under this section;

(3) award compensation to persons providing information resulting in a forfeiture under this section;

(4) direct the disposition by the United States, in accordance with the provisions of section 50911(e) of this title, of all property ordered forfeited under this section by public sale or any other commercially feasible means, making due provision for the rights of innocent persons; and

(5) take appropriate measures necessary to safeguard and maintain property ordered forfeited under this section pending its disposition.

(j) APPLICABILITY OF CIVIL FORFEITURE PROVISIONS.—Except to the extent that they are inconsistent with the provisions of this section, the provisions of section 50911(d) of this title shall apply to a criminal forfeiture under this section.

(k) BAR ON INTERVENTION.—Except as provided in subsection (n), a party claiming an interest in property subject to forfeiture under this section shall not—

(1) intervene in a trial or appeal of a criminal case involving the forfeiture of the property under this section; or

(2) commence an action at law or equity against the United States concerning the validity of the party's alleged interest in the property subsequent to the filing of an indictment or information alleging that the property is subject to forfeiture under this section.

(l) JURISDICTION TO ENTER ORDERS.—The district courts of the United States shall have jurisdiction to enter orders as provided in this section without regard to the location of any property that may be subject to forfeiture under this section or that has been ordered forfeited under this section.

(m) DEPOSITIONS.—To facilitate the identification and location of property declared forfeited and to facilitate the disposition of petitions for remission or mitigation of forfeiture, after the entry of an order declaring property forfeited to the United States, the court may, on application of the United States, order that the testimony of any witness relating to the property forfeited be taken by deposition and that any designated book, paper, document, record, recording, or other material not privileged be produced at the same time and place, in the same manner

as provided for the taking of depositions under Rule 15 of the Federal Rules of Criminal Procedure (18 U.S.C. App.).

(n) THIRD PARTY INTERESTS.—

(1) PUBLICATION OF ORDER; WRITTEN NOTICE.—Following the entry of an order of forfeiture under this section, the United States shall publish notice of the order and of its intent to dispose of the property in such manner as the Attorney General may direct. The United States may also, to the extent practicable, provide direct written notice to any person known to have alleged an interest in the property that is the subject of the order of forfeiture as a substitute for published notice as to those persons so notified.

(2) PETITION FOR HEARING.—Any person, other than the defendant, asserting a legal interest in property that has been ordered forfeited to the United States pursuant to this section may, within 30 days of the final publication of notice or the person's receipt of notice under paragraph (1), whichever is earlier, petition the court for a hearing to adjudicate the validity of the person's alleged interest in the property. The hearing shall be held before the court alone, without a jury.

(3) CONTENTS OF PETITION.—The petition shall be signed by the petitioner under penalty of perjury and shall set forth the nature and extent of the petitioner's right, title, or interest in the property, the time and circumstances of the petitioner's acquisition of the right, title, or interest in the property, any additional facts supporting the petitioner's claim, and the relief sought.

(4) DATE ON WHICH HEARING IS TO BE HELD; CONSOLIDATION.—The hearing on the petition shall, to the extent practicable and consistent with the interests of justice, be held within 30 days of the filing of the petition. The court may consolidate the hearing on the petition with a hearing on any other petition filed by a person other than the defendant under this subsection.

(5) HEARING PROCEDURES.—At the hearing, the petitioner may testify and present evidence and witnesses on the petitioner's own behalf, and cross-examine witnesses who appear at the hearing. The United States may present evidence and witnesses in rebuttal and in defense of its claim to the property and cross-examine witnesses who appear at the hearing. In addition to testimony and evidence presented at the hearing, the court shall consider the relevant

portions of the record of the criminal case that resulted in the order of forfeiture.

(6) AMENDMENT OF ORDER OF FORFEITURE.—The court shall amend the order of forfeiture in accordance with its determination under this paragraph if, after the hearing, the court determines that the petitioner has established by a preponderance of the evidence that—

(A) the petitioner has a legal right, title, or interest in the property, and the right, title, or interest renders the order of forfeiture invalid in whole or in part because the right, title, or interest was vested in the petitioner rather than the defendant or was superior to any right, title, or interest of the defendant at the time of the commission of the acts that gave rise to the forfeiture of the property under this section; or

(B) the petitioner is a bona fide purchaser for value of the right, title, or interest in the property and was at the time of purchase reasonably without cause to believe that the property was subject to forfeiture under this section.

(7) CLEAR TITLE TO PROPERTY.—Following the court's disposition of all petitions filed under this subsection, or if no such petitions are filed fol-

lowing the expiration of the period provided in paragraph (2) for the filing of the petitions, the United States shall have clear title to property that is the subject of the order of forfeiture and may warrant good title to any subsequent purchaser or transferee.

(o) CONSTRUCTION.—The provisions of this section shall be liberally construed to effectuate its remedial purposes.

(p) FORFEITURE OF SUBSTITUTE PROPERTY.—

(1) IN GENERAL.—Paragraph (2) shall apply, if any property described in subsection (b), as a result of any act or omission of the defendant—

(A) cannot be located upon the exercise of due diligence;

(B) has been transferred or sold to, or deposited with, a third party;

(C) has been placed beyond the jurisdiction of the court;

(D) has been substantially diminished in value; or

(E) has been commingled with other property which cannot be divided without difficulty.

(2) SUBSTITUTE PROPERTY.—In any case described in any of subparagraphs (A) through (E) of paragraph (1), the court shall order the forfeiture of

any other property of the defendant, up to the value of any property described in subparagraphs (A) through (E) of paragraph (1), as applicable.

(3) RETURN OF PROPERTY TO JURISDICTION.—In the case of property described in paragraph (1)(C), the court may, in addition to any other action authorized by this subsection, order the defendant to return the property to the jurisdiction of the court so that the property may be seized and forfeited.

(q) RESTITUTION FOR CLEANUP OF CLANDESTINE LABORATORY SITES.—The court, when sentencing a defendant convicted of an offense under this division or division B involving the manufacture, the possession, or the possession with intent to distribute, of amphetamine or methamphetamine, shall—

(1) order restitution as provided in sections 3612 and 3664 of title 18;

(2) order the defendant to reimburse the United States, the State or local government concerned, or both the United States and the State or local government concerned for the costs incurred by the United States or the State or local government concerned, as the case may be, for the cleanup associated with the manufacture of amphetamine or meth-

amphetamine by the defendant, or on premises or in property that the defendant owns, resides, or does business in; and

(3) order restitution to any person injured as a result of the offense as provided in section 3663A of title 18.

**§ 50714. Investment of illicit drug profits**

(a) DEFINITION OF ENTERPRISE.—In this section, the term ''enterprise'' includes any individual, partnership, corporation, association, or other legal entity, and any union or group of individuals associated in fact although not a legal entity.

(b) PROHIBITION.—

(1) IN GENERAL.—It shall be unlawful for any person that has received any income derived, directly or indirectly, from a violation of this division or division B punishable by imprisonment for more than 1 year in which the person has participated as a principal within the meaning of section 2 of title 18, to use or invest, directly or indirectly, any part of the income, or the proceeds of the income, in acquisition of any interest in, or the establishment or operation of, any enterprise that is engaged in, or the activities of which affect, interstate or foreign commerce.

(2) PURCHASE OF SECURITIES NOT UNLAWFUL IF CERTAIN CONDITIONS MET.—A purchase of securities on the open market for purposes of investment, and without the intention of controlling or participating in the control of the issuer, or of assisting another to do so, shall not be unlawful under this section if the securities of the issuer held by the purchaser, the members of the purchaser's immediate family, and the purchaser's or the members' accomplices in any violation of this division or division B after the purchase do not amount in the aggregate to 1 percent of the outstanding securities of any 1 class, and do not confer, either in law or in fact, the power to elect 1 or more directors of the issuer.

(c) PENALTY.—Whoever violates this section shall be fined under title 18 or imprisoned not more than 10 years, or both.

(d) CONSTRUCTION.—The provisions of this section shall be liberally construed to effectuate its remedial purposes.

**§ 50715. Alternative fine**

In lieu of a fine otherwise authorized by this chapter, a defendant that derives profits or other proceeds from

an offense may be fined not more than twice the gross profits or other proceeds.

**§ 50716. Maintaining drug-involved premises**

(a) UNLAWFUL ACTS.—Except as authorized by this division, it shall be unlawful to—

(1) knowingly open, lease, rent, use, or maintain any place, whether permanently or temporarily, for the purpose of manufacturing, distributing, or using any controlled substance; or

(2) manage or control any place, whether permanently or temporarily, either as an owner, lessee, agent, employee, occupant, or mortgagee, and knowingly and intentionally rent, lease, profit from, or make available for use, with or without compensation, the place for the purpose of unlawfully manufacturing, storing, distributing, or using a controlled substance.

(b) CRIMINAL PENALTIES.—Any person that violates subsection (a) shall be sentenced to a term of imprisonment of not more than 20 years, a fine of not more than $500,000 or an alternative amount provided under title 18, or both, or, if the violator is a person other than an individual, a fine of $2,000,000 or an alternative amount provided under title 18.

(c) VIOLATION AS OFFENSE AGAINST PROPERTY.—A violation of subsection (a) shall be considered an offense against property for purposes of section 3663A(c)(1)(A)(ii) of title 18.

(d) CIVIL PENALTIES.—

(1) IN GENERAL.—Any person that violates subsection (a) shall be subject to a civil penalty of not more than the greater of—

(A) $250,000; or

(B) 2 times the gross receipts, either known or estimated, that were derived from each violation that is attributable to the person.

(2) MORE THAN 1 DEFENDANT.—If a civil penalty is calculated under paragraph (1)(B), and there is more than 1 defendant, the court may apportion the penalty between multiple violators, but each violator shall be jointly and severally liable for the civil penalty under this subsection.

(e) DECLARATORY AND INJUNCTIVE REMEDIES.—Any person that violates subsection (a) shall be subject to declaratory and injunctive remedies as set forth in section 50703(f) of this title.

**§ 50717. Creating substantial risk of harm to human life while illegally manufacturing controlled substance**

Whoever, while manufacturing a controlled substance in violation of this division, or attempting to do so, or transporting or causing to be transported materials, including chemicals, to do so, creates a substantial risk of harm to human life shall be fined in accordance with title 18, imprisoned not more than 10 years, or both.

**§ 50718. Distribution to individuals under age 21**

(a) FIRST OFFENSE.—

(1) IN GENERAL.—Except as provided in section 50719 of this title, any individual at least 18 years of age, or any other person other than an individual, that violates section 50701(a)(1) of this title by distributing a controlled substance to an individual under 21 years of age is (except as provided in subsection (b)) subject to—

(A) twice the maximum punishment authorized by section 50701(b) of this title for a first offense involving the same controlled substance and schedule; and

(B) at least twice any term of supervised release authorized by section 50701(b) of this title for a first offense involving the same controlled substance and schedule.

(2) MINIMUM TERM OF IMPRISONMENT.—Except to the extent a greater minimum sentence is otherwise provided by section 50701(b) of this title, a term of imprisonment under this subsection shall be not less than 1 year. The mandatory minimum sentencing provisions of this subsection shall not apply to offenses involving 5 grams or less of marihuana.

(b) SECOND OFFENSE.—

(1) IN GENERAL.—Except as provided in section 50719 of this title, any individual at least 18 years of age, or any other person other than an individual, that violates section 50701(a)(1) of this title by distributing a controlled substance to an individual under 21 years of age after a prior conviction under subsection (a) (or under section 303(b)(2) of the Federal Food, Drug, and Cosmetic Act, as amended by section 3 of Public Law 90–639 (82 Stat. 1362) and as in effect prior to May 1, 1971) has become final, is subject to—

(A) 3 times the maximum punishment authorized by section 50701(b) of this title for a second or subsequent offense involving the same controlled substance and schedule; and

(B) at least 3 times any term of supervised release authorized by section 50701(b) of this title for a second or subsequent offense involving the same controlled substance and schedule.

(2) MINIMUM TERM OF IMPRISONMENT.—Except to the extent a greater minimum sentence is otherwise provided by section 50701(b) of this title, a term of imprisonment under this subsection shall be not less than 1 year.

(3) THIRD AND SUBSEQUENT CONVICTIONS.—Penalties for third and subsequent convictions shall be governed by section 50701(b)(1)(A) of this title.

**§ 50719. Distribution or manufacturing in or near schools and colleges and other facilities**

(a) DEFINITIONS.—In this section:

(1) PLAYGROUND.—The term ''playground'' means any outdoor facility (including any parking lot appurtenant to the outdoor facility) intended for recreation, open to the public, and with any portion of the facility containing 3 or more separate apparatuses intended for the recreation of children, including sliding boards, swingsets, and teeterboards.

(2) YOUTH CENTER.—The term ''youth center'' means any recreational facility or gymnasium (in-

cluding any parking lot appurtenant to the recreational facility or gymnasium), intended primarily for use by individuals under 18 years of age, which regularly provides athletic, civic, or cultural activities.

(3) VIDEO ARCADE FACILITY.—The term ''video arcade facility'' means any facility, legally accessible to individuals under 18 years of age, intended primarily for the use of pinball and video machines for amusement containing a minimum of 10 pinball or video machines.

(4) SWIMMING POOL.—The term ''swimming pool'' includes any parking lot appurtenant to the swimming pool.

(b) PENALTY.—

(1) IN GENERAL.—Any person that violates section 50701(a)(1) of this title or section 50716 of this title by distributing, possessing with intent to distribute, or manufacturing a controlled substance in or on, or within 1,000 feet of, the real property comprising a public or private elementary, vocational, or secondary school or a public or private college, junior college, or university, or a playground, or housing facility owned by a public housing authority, or within 100 feet of a public or private

youth center, public swimming pool, or video arcade facility, is (except as provided in subsection (c)) subject to—

(A) twice the maximum punishment authorized by section 50701(b) of this title; and

(B) at least twice any term of supervised release authorized by section 50701(b) of this title for a first offense.

(2) FINES.—A fine up to twice that authorized by section 50701(b) of this title may be imposed in addition to any term of imprisonment authorized by this subsection.

(3) MINIMUM TERM OF IMPRISONMENT.—Except to the extent a greater minimum sentence is otherwise provided by section 50701(b) of this title, a person shall be sentenced under this subsection to a term of imprisonment of not less than 1 year.

(4) OFFENSES INVOLVING 5 GRAMS OR LESS OF MARIHUANA.—The mandatory minimum sentencing provisions of this subsection shall not apply to offenses involving 5 grams or less of marihuana.

(c) SECOND OFFENDERS.—

(1) IN GENERAL.—Any person that violates section 50701(a)(1) of this title or section 50716 of this title by distributing, possessing with intent to

distribute, or manufacturing a controlled substance in or on, or within 1,000 feet of, the real property comprising a public or private elementary, vocational, or secondary school or a public or private college, junior college, or university, or a playground, or housing facility owned by a public housing authority, or within 100 feet of a public or private youth center, public swimming pool, or video arcade facility, after a prior conviction under subsection (b) has become final, is punishable—

(A) by the greater of—

(i) a term of imprisonment of not less than 3 years and not more than life imprisonment; or

(ii) 3 times the maximum punishment authorized by section 50701(b) of this title for a first offense; and

(B) at least 3 times any term of supervised release authorized by section 50701(b) of this title for a first offense.

(2) FINES.—A fine up to 3 times that authorized by section 50701(b) of this title may be imposed in addition to any term of imprisonment authorized by this subsection.

(3) MINIMUM TERM OF IMPRISONMENT.—Except to the extent a greater minimum sentence is otherwise provided by section 50701(b) of this title, a person shall be sentenced under this subsection to a term of imprisonment of not less than 3 years.

(4) THIRD AND SUBSEQUENT CONVICTIONS.—Penalties for third and subsequent convictions shall be governed by section 50701(b)(1)(A) of this title.

(d) EMPLOYING CHILDREN TO DISTRIBUTE DRUGS NEAR SCHOOLS OR PLAYGROUNDS.—

(1) IN GENERAL.—Notwithstanding any other law, any person described in paragraph (2) is subject to a term of imprisonment, a fine, or both, up to triple those authorized by section 50701 of this title.

(2) PERSON.—A person is described in this paragraph if the person is an individual at least 18 years of age, or any other person other than an individual, that knowingly and intentionally—

(A) employs, hires, uses, persuades, induces, entices, or coerces an individual under 18 years of age to violate this section; or

(B) employs, hires, uses, persuades, induces, entices, or coerces an individual under 18 years of age to assist in avoiding detection

or apprehension for any offense under this section by any Federal, State, or local law enforcement official.

(e) SUSPENSION OF SENTENCE; PROBATION; PAROLE.—In the case of any mandatory minimum sentence imposed under this section, imposition or execution of the sentence shall not be suspended and probation shall not be granted. An individual convicted under this section shall not be eligible for parole until the individual has served the mandatory minimum term of imprisonment as provided by this section.

**§ 50720. Consecutive sentence for manufacturing or distributing methamphetamine on premises where children are present or reside**

A person that violates section 50701(a)(1) of this title by manufacturing or distributing, or possessing with intent to manufacture or distribute, methamphetamine or its salts, isomers, or salts of isomers on premises in which an individual who is under the age of 18 years is present or resides, shall, in addition to any other sentence imposed, be imprisoned for a period of any term of years but not more than 20 years, fined, or both.

**§ 50721. Employment or use of persons under 18 years of age in drug operations**

(a) UNLAWFUL ACTS.—It shall be unlawful for any individual at least 18 years of age, or any other person other than an individual, to knowingly and intentionally—

(1) employ, hire, use, persuade, induce, entice, or coerce an individual under 18 years of age to violate any provision of this division or division B;

(2) employ, hire, use, persuade, induce, entice, or coerce an individual under 18 years of age to assist in avoiding detection or apprehension for any offense of this division or division B by any Federal, State, or local law enforcement official; or

(3) receive a controlled substance from an individual under 18 years of age, other than an immediate family member, in violation of this division or division B.

(b) PENALTY FOR FIRST OFFENSE.—Any individual at least 18 years of age, or any other person other than an individual, that violates subsection (a) is subject to twice the maximum punishment otherwise authorized and at least twice any term of supervised release otherwise authorized for a first offense. Except to the extent a greater minimum sentence is otherwise provided, a term of imprisonment under this subsection shall not be less than 1 year.

(c) PENALTY FOR SUBSEQUENT OFFENSES.—Any individual at least 18 years of age, or any other person other than an individual, that violates subsection (a), after a prior conviction under subsection (a) has become final, is subject to 3 times the maximum punishment otherwise authorized and at least 3 times any term of supervised release otherwise authorized for a first offense. Except to the extent a greater minimum sentence is otherwise provided, a term of imprisonment under this subsection shall not be less than 1 year. Penalties for third and subsequent convictions shall be governed by section 50701(b)(1)(A) of this title.

(d) PENALTY FOR PROVIDING OR DISTRIBUTING CONTROLLED SUBSTANCE TO UNDERAGE INDIVIDUAL.—

(1) IN GENERAL.—Any person described in paragraph (2) shall be subject to a term of imprisonment for not more than 5 years or a fine under title 18, or both, in addition to any other punishment authorized by this section.

(2) PERSON.—A person described in this paragraph is an individual at least 18 years of age, or any other person other than an individual, that violates paragraph (1) or (2) of subsection (a)—

(A) by knowingly providing or distributing a controlled substance or a controlled substance

analogue to any individual under 18 years of age; or

(B) if the individual employed, hired, or used is 14 years of age or younger.

(e) SUSPENSION OF SENTENCE; PROBATION; PAROLE.—In any case of any sentence imposed under this section, imposition or execution of the sentence shall not be suspended and probation shall not be granted. An individual convicted under this section of an offense for which a mandatory minimum term of imprisonment is applicable shall not be eligible for parole until the individual has served the mandatory term of imprisonment as enhanced by this section.

(f) DISTRIBUTION OF CONTROLLED SUBSTANCE TO PREGNANT INDIVIDUAL.—Except as authorized by this division, it shall be unlawful for any person to knowingly or intentionally provide or distribute any controlled substance to a pregnant individual in violation of any provision of this division. Any person that violates this subsection shall be subject to the provisions of subsections (b), (c), and (e).

**§ 50722. Denial of Federal benefits to drug traffickers and possessors**

(a) DEFINITIONS.—In this section:

(1) FEDERAL BENEFIT.—The term ''Federal benefit''—

(A) means the issuance of any grant, contract, loan, professional license, or commercial license provided by an agency of the United States or by appropriated funds of the United States; and

(B) does not include any retirement, welfare, social security, health, disability, veterans benefit, public housing, or other similar benefit, or any other benefit for which payments or services are required for eligibility.

(2) VETERANS BENEFIT.—The term ''veterans benefit'' means all benefits provided to veterans, their families, or survivors by virtue of the service of a veteran in the Armed Forces of the United States.

(b) DRUG TRAFFICKERS.—

(1) IN GENERAL.—Any individual who is convicted of any Federal or State offense consisting of the distribution of controlled substances shall—

(A) at the discretion of the court, on the first conviction for such an offense, be ineligible for any or all Federal benefits for up to 5 years after the conviction;

(B) at the discretion of the court, on a second conviction for such an offense, be ineligible for any or all Federal benefits for up to 10 years after the conviction; and

(C) on a third or subsequent conviction for such an offense, be permanently ineligible for all Federal benefits.

(2) EXCLUDED BENEFITS.—The benefits that are denied under this subsection shall not include benefits relating to long-term drug treatment programs for addiction for any individual who, if there is a reasonable body of evidence to substantiate the declaration, declares oneself to be an addict and submits oneself to a long-term treatment program for addiction, or is deemed to be rehabilitated pursuant to rules established by the Secretary.

(c) DRUG POSSESSORS.—

(1) IN GENERAL.—

(A) PENALTIES.—Any individual who is convicted of any Federal or State offense involving the possession of a controlled substance shall—

(i) on the first conviction for such an offense and at the discretion of the court—

(I) be ineligible for any or all Federal benefits for up to 1 year;

(II) be required to successfully complete an approved drug treatment program that includes periodic testing to ensure that the individual remains drug free;

(III) be required to perform appropriate community service; or

(IV) be subject to any combination of subclause (I), (II), or (III); and

(ii) on a second or subsequent conviction for such an offense, be ineligible for all Federal benefits for up to 5 years after the conviction as determined by the court.

(B) COURT DISCRETION AND IMPOSITION OF PENALTIES.—The court shall continue to have the discretion in subparagraph (A)(i). In imposing penalties and conditions under subparagraph (A)(i), the court may require that the completion of the conditions imposed by subclause (II) or (III) of subparagraph (A)(i) be a requirement for the reinstatement of benefits under subparagraph (A)(i)(I).

(2) WAIVER.—The penalties and conditions that may be imposed under this subsection shall be waived in the case of an individual who, if there is a reasonable body of evidence to substantiate the declaration, declares oneself to be an addict and submits oneself to a long-term treatment program for addiction, or is deemed to be rehabilitated pursuant to rules established by the Secretary.

(d) SUSPENSION OF PERIOD OF INELIGIBILITY.—The period of ineligibility referred to in subsections (b) and (c) shall be suspended if the individual—

(1) completes a supervised drug rehabilitation program after becoming ineligible under this section;

(2) has otherwise been rehabilitated; or

(3) has made a good faith effort to gain admission to a supervised drug rehabilitation program, but is unable to do so because of inaccessibility or unavailability of such a program, or the inability of the individual to pay for such a program.

(e) INAPPLICABILITY OF THIS SECTION TO GOVERNMENT WITNESSES.—The penalties provided by this section shall not apply to any individual who cooperates or testifies with the Government in the prosecution of a Federal or State offense or who is in a Government witness protection program.

(f) INDIANS AND INDIAN TRIBES.—Nothing in this section shall be construed to affect the obligation of the United States to any Indian or Indian tribe arising out of any treaty, statute, executive order, or the trust responsibility of the United States owing to the Indian or Indian tribe. Nothing in this subsection shall exempt any individual Indian from the sanctions provided for in this section, provided that no individual Indian shall be denied any benefit under Federal Indian programs comparable to those described in subsection (a)(1)(B) or (a)(2).

**§ 50723. Drug paraphernalia**

(a) DEFINITION OF DRUG PARAPHERNALIA.—

(1) IN GENERAL.—The term ''drug paraphernalia'' means any equipment, product, or material of any kind that is primarily intended or designed for use in manufacturing, compounding, converting, concealing, producing, processing, preparing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance, possession of which is unlawful under this division.

(2) INCLUSIONS.—The term ''drug paraphernalia'' includes items primarily intended or designed for use in ingesting, inhaling, or otherwise introducing marihuana, cocaine, hashish, hashish oil,

PCP, methamphetamine, or amphetamines into the human body, such as—

(A) metal, wooden, acrylic, glass, stone, plastic, or ceramic pipes with or without screens, permanent screens, hashish heads, or punctured metal bowls;

(B) water pipes;

(C) carburetion tubes and devices;

(D) smoking and carburetion masks;

(E) roach clips (meaning objects used to hold burning material, such as a marihuana cigarette, that has become too small or too short to be held in the hand);

(F) miniature spoons with level capacities of $^{1}/_{10}$ cubic centimeter or less;

(G) chamber pipes;

(H) carburetor pipes;

(I) electric pipes;

(J) air-driven pipes;

(K) chillums;

(L) bongs;

(M) ice pipes or chillers;

(N) wired cigarette papers; or

(O) cocaine freebase kits.

(b) IN GENERAL.—It is unlawful for any person—

(1) to sell or offer for sale drug paraphernalia;

(2) to use the mails or any other facility of interstate commerce to transport drug paraphernalia; or

(3) to import or export drug paraphernalia.

(c) CRIMINAL PENALTIES.—Any person convicted of an offense under subsection (b) shall be imprisoned for not more than 3 years and fined under title 18.

(d) SEIZURE AND FORFEITURE.—Any drug paraphernalia involved in any violation of subsection (b) shall be subject to seizure and forfeiture on the conviction of a person for the violation. The drug paraphernalia shall be delivered to the Administrator of General Services, who may order the drug paraphernalia destroyed or may authorize its use for law enforcement or educational purposes by Federal, State, or local authorities.

(e) FACTORS CONSIDERED IN DETERMINATION OF WHAT CONSTITUTES DRUG PARAPHERNALIA.—In determining whether an item constitutes drug paraphernalia, in addition to all other logically relevant factors, the following may be considered:

(1) Instructions, oral or written, provided with the item concerning its use.

(2) Descriptive materials accompanying the item that explain or depict its use.

(3) National and local advertising concerning its use.

(4) The manner in which the item is displayed for sale.

(5) Whether the owner, or anyone in control of the item, is a legitimate supplier of like or related items to the community, such as a licensed distributor or dealer of tobacco products.

(6) Direct or circumstantial evidence of the ratio of sales of the item to the total sales of the business enterprise.

(7) The existence and scope of legitimate uses of the item in the community.

(8) Expert testimony concerning its use.

(f) EXEMPTIONS.—This section shall not apply to—

(1) any person authorized by local, State, or Federal law to manufacture, possess, or distribute the items; or

(2) any item that, in the normal lawful course of business, is imported, exported, transported, or sold through the mail or by any other means, and traditionally intended for use with tobacco products, including any pipe, paper, or accessory.

**§ 50724. Stealing or transporting anhydrous ammonia**

(a) UNLAWFUL ACTS.—It is unlawful for any person, knowing, intending, or having reasonable cause to believe that any anhydrous ammonia will be used to manufacture a controlled substance in violation of this chapter—

(1) to steal the anhydrous ammonia; or

(2) to transport the anhydrous ammonia, if stolen, across State lines.

(b) PENALTIES.—Any person that violates subsection (a) shall be imprisoned, fined, or both, in accordance with section 50703(d) of this title as if the violation were a violation of a provision of section 50703 of this title.

# Chapter 509—Administrative and Enforcement Provisions

Sec.
50901. Attorney General.
50902. Education and research programs of Attorney General.
50903. Cooperative arrangements.
50904. Advisory committees.
50905. Administrative hearings.
50906. Subpoenas.
50907. Judicial review.
50908. Powers of enforcement personnel.
50909. Search warrants.
50910. Administrative inspections and warrants.
50911. Forfeitures.
50912. Injunctions.
50913. Notice and opportunity to present views.
50914. Immunity and privilege.
50915. Burden of proof; liabilities.
50916. Payments and advances.
50917. Coordination and consolidation of post-seizure administration.
50918. Production control of controlled substances.
50919. Review of Federal sales of chemicals usable to manufacture controlled substances.

**§ 50901. Attorney General**

(a) DELEGATION OF FUNCTIONS.—The Attorney General may delegate any of the Attorney General's functions under this division to any officer or employee of the Department of Justice.

(b) RULES AND REGULATIONS.—The Attorney General may promulgate and enforce any rules, regulations, and procedures that the Attorney General may consider necessary and appropriate for the efficient execution of the Attorney General's functions under this division.

(c) ACCEPTANCE OF DEVISES, BEQUESTS, GIFTS, AND DONATIONS.—The Attorney General may accept in the name of the Department of Justice any form of devise, bequest, gift, or donation where the donor intends to donate property for the purpose of preventing or controlling the abuse of controlled substances. The Attorney General may take all appropriate steps to secure possession of the property and may sell, assign, transfer, or convey any the property other than moneys.

**§ 50902. Education and research programs of Attorney General**

(a) AUTHORIZATION.—The Attorney General may carry out educational and research programs directly related to enforcement of the laws under the Attorney General's jurisdiction concerning drugs or other substances

that are or may be subject to control under this division. The programs may include—

(1) educational and training programs on drug abuse and controlled substances law enforcement for local, State, tribal, and Federal personnel;

(2) studies or special projects designed to compare the deterrent effects of various enforcement strategies on drug use and abuse;

(3) studies or special projects designed to assess and detect accurately the presence in the human body of drugs or other substances that are or may be subject to control under this division, including the development of rapid field identification methods that would enable agents to detect microquantities of the drugs or other substances;

(4) studies or special projects designed to evaluate the nature and sources of the supply of illegal drugs throughout the country;

(5) studies or special projects to develop more effective methods to prevent diversion of controlled substances into illegal channels; and

(6) studies or special projects to develop information necessary to carry out the Attorney General's functions under section 50301 of this title.

(b) CONTRACTS.—The Attorney General may enter into contracts for the educational and research activities without performance bonds and without regard to section 6101 of title 41.

(c) IDENTIFICATION OF RESEARCH POPULATIONS; AUTHORIZATION TO WITHHOLD.—The Attorney General may authorize persons engaged in research to withhold the names and other identifying characteristics of persons who are the subjects of the research. Persons that obtain this authorization may not be compelled in any Federal, State, tribal, or local civil, criminal, administrative, legislative, or other proceeding to identify the subjects of research for which the authorization was obtained.

(d) EFFECT OF TREATIES AND OTHER INTERNATIONAL AGREEMENTS ON CONFIDENTIALITY.—Nothing in the Single Convention on Narcotic Drugs, the Convention on Psychotropic Substances, or other treaties or international agreements shall be construed to limit, modify, or prevent the protection of the confidentiality of patient records or of the names and other identifying characteristics of research subjects as provided by any Federal, State, or local law or regulation.

(e) USE OF CONTROLLED SUBSTANCES IN RESEARCH.—The Attorney General, on the Attorney General's own motion or at the request of the Secretary, may

authorize the possession, distribution, and dispensing of controlled substances by persons engaged in research. Persons that obtain this authorization shall be exempt from State or Federal prosecution for possession, distribution, and dispensing of controlled substances to the extent authorized by the Attorney General.

(f) PROGRAM TO CURTAIL DIVERSION OF PRECURSOR AND ESSENTIAL CHEMICALS.—The Attorney General shall maintain an active program, both domestic and international, to curtail the diversion of precursor chemicals and essential chemicals used in the illicit manufacture of controlled substances.

**§ 50903. Cooperative arrangements**

(a) COOPERATION OF ATTORNEY GENERAL WITH LOCAL, STATE, TRIBAL, AND FEDERAL AGENCIES.—The Attorney General shall cooperate with local, State, tribal, and Federal agencies concerning traffic in controlled substances and in suppressing the abuse of controlled substances. To carry out this subsection, the Attorney General may—

(1) arrange for the exchange of information between governmental officials concerning the use and abuse of controlled substances;

(2) cooperate in the institution and prosecution of cases in the courts of the United States and before the licensing boards and courts of the States;

(3) conduct training programs on controlled substance law enforcement for local, State, tribal, and Federal personnel;

(4) maintain in the Department of Justice a unit that will accept, catalog, file, and otherwise utilize all information and statistics, including records of controlled substance abusers and other controlled substance law offenders, that may be received from Federal, State, tribal, and local agencies, and make the information available for Federal, State, tribal, and local law enforcement purposes;

(5) conduct programs of eradication aimed at destroying wild or illicit growth of plant species from which controlled substances may be extracted;

(6) assist State, tribal, and local governments in suppressing the diversion of controlled substances from legitimate medical, scientific, and commercial channels by—

(A) making periodic assessments of the capabilities of State, tribal, and local governments to adequately control the diversion of controlled substances;

(B) providing advice and counsel to State, tribal, and local governments on the methods by which the governments may strengthen their controls against diversion; and

(C) establishing cooperative investigative efforts to control diversion; and

(7) notwithstanding any other provision of law, enter into contractual agreements with State, tribal, and local law enforcement agencies to provide for cooperative enforcement and regulatory activities under this division and division B.

(b) REQUESTS BY ATTORNEY GENERAL FOR ASSISTANCE FROM FEDERAL AGENCIES OR INSTRUMENTALITIES.—When requested by the Attorney General, an agency or instrumentality of the Federal Government shall furnish assistance, including technical advice, to the Attorney General for carrying out the functions of the Attorney General under this division, except that the agency or instrumentality shall not be required to furnish the name of, or other identifying information about, a patient or research subject whose identity it has undertaken to keep confidential.

(c) AVAILABILITY OF STANDARDIZED REPORT RELATING TO DISTRIBUTION PATTERNS FOR SCHEDULE II

CONTROLLED SUBSTANCES THAT HAVE THE HIGHEST ABUSE.—

(1) IN GENERAL.—The Attorney General shall, once every 6 months, prepare and make available to regulatory, licensing, attorneys general, and law enforcement agencies of States a standardized report—

(A) that contains descriptive and analytic information on the actual distribution patterns, as gathered through the Automated Reports and Consolidated Orders System, or any subsequent automated system, pursuant to section 50507 of this title; and

(B) that includes detailed amounts, outliers, and trends of distributor and pharmacy registrants, in the States, for the controlled substances contained in schedule II, that, in the discretion of the Attorney General, are determined to have the highest abuse.

(2) COURT ACTIONS.—If the Attorney General publishes the report described in paragraph (1) once every 6 months as required under paragraph (1), nothing in this subsection shall be construed to create a cause of action in any court to challenge the sufficiency of the information or to compel the At-

torney General to produce any documents or reports referred to in this subsection.

(d) GRANTS BY ATTORNEY GENERAL.—

(1) IN GENERAL.—The Attorney General may make grants, in accordance with paragraphs (2), (3), and (4), to State, tribal, and local governments to assist in meeting the costs of—

(A) collecting and analyzing data on the diversion of controlled substances;

(B) conducting investigations and prosecutions of the diversions;

(C) improving regulatory controls and other authorities to control the diversions;

(D) programs to prevent the diversions;

(E) preventing and detecting forged prescriptions; and

(F) training law enforcement and regulatory personnel to improve the control of the diversions.

(2) APPLICATION REQUIRED.—A grant shall not be made under paragraph (1) unless an application for the grant is submitted to the Attorney General in such form and manner as the Attorney General may prescribe.

(3) COST-SHARING.—A grant under this subsection—

(A) shall not exceed 80 percent of the costs for which the grant is made; and

(B) shall not be made unless the recipient of the grant provides assurances satisfactory to the Attorney General that the recipient will obligate funds to meet the remaining 20 percent of the costs.

(4) REVIEW OF ACTIVITIES.—The Attorney General shall review the activities carried out with grants under paragraph (1) and shall report annually to Congress on the activities.

**§ 50904. Advisory committees**

(a) IN GENERAL.—The Attorney General may from time to time appoint committees to advise the Attorney General with respect to preventing and controlling the abuse of controlled substances.

(b) COMPENSATION.—Members of the committees may be entitled to receive compensation at the rate of $100 for each day (including travel time) during which they are engaged in the actual performance of duties.

(c) TRAVEL EXPENSES.—While traveling on official business in the performance of duties for the committees, members of the committees shall be allowed expenses of

travel, including per diem instead of subsistence, in accordance with subchapter I of chapter 57 of title 5.

**§ 50905. Administrative hearings**

(a) POWER OF ATTORNEY GENERAL.—In carrying out the functions of the Attorney General under this division, the Attorney General may hold hearings, sign and issue subpoenas, administer oaths, examine witnesses, and receive evidence at any place in the United States.

(b) PROCEDURES APPLICABLE.—Except as otherwise provided in this division, notice shall be given and hearings shall be conducted under appropriate procedures of subchapter II of chapter 5 of title 5.

**§ 50906. Subpoenas**

(a) AUTHORIZATION OF USE BY ATTORNEY GENERAL.—

(1) IN GENERAL.—In any investigation relating to the functions of the Attorney General under this division with respect to controlled substances, listed chemicals, tableting machines, or encapsulating machines, the Attorney General may subpoena witnesses, compel the attendance and testimony of witnesses, and require the production of any records (including books, papers, documents, and other tangible things that constitute or contain evidence) that

the Attorney General finds relevant or material to the investigation.

(2) JURISDICTION; LIMITATION.—The attendance of witnesses and the production of records may be required from any place in any State, territory of the United States, or any other place subject to the jurisdiction of the United States at any designated place of hearing, except that a witness shall not be required to appear at any hearing more than 500 miles distant from the place in which the witness was served with a subpoena.

(3) PAYMENT OF WITNESSES.—Witnesses summoned under this section shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

(b) SERVICE.—

(1) DESIGNATED PERSON TO SERVE.—A subpoena issued under this section may be served by any person designated in the subpoena to serve it.

(2) NATURAL PERSONS.—Service on a natural person may be made by personal delivery of the subpoena to the natural person.

(3) OTHER ENTITIES.—Service may be made on a domestic or foreign corporation or on a partnership or other unincorporated association that is sub-

ject to suit under a common name, by delivering the subpoena to an officer, to a managing or general agent, or to any other agent authorized by appointment or by law to receive service of process.

(4) AFFIDAVIT.—The affidavit of the person serving the subpoena entered on a true copy of the subpoena by the person serving it shall be proof of service.

(c) ENFORCEMENT.—

(1) CONTUMACY.—In the case of contumacy by or refusal to obey a subpoena issued to any person, the Attorney General may invoke the aid of any court of the United States within the jurisdiction of which the investigation is carried on or of which the subpoenaed person is an inhabitant, or in which the subpoenaed person carries on business or may be found, to compel compliance with the subpoena.

(2) COURT ORDER.—The court may issue an order requiring the subpoenaed person to appear before the Attorney General to produce records, if so ordered, or to give testimony touching the matter under investigation.

(3) CONTEMPT.—Any failure to obey the order of the court may be punished by the court as a contempt of court. All process in any such case may be

served in any judicial district in which the person may be found.

**§ 50907. Judicial review**

(a) IN GENERAL.—All final determinations, findings, and conclusions of the Attorney General under this division shall be final and conclusive decisions of the matters involved, except that any person aggrieved by a final decision of the Attorney General may obtain review of the decision in the United States Court of Appeals for the District of Columbia or for the circuit in which the person's principal place of business is located on petition filed with the court and delivered to the Attorney General within 30 days after notice of the decision.

(b) SUBSTANTIAL EVIDENCE.—Findings of fact by the Attorney General, if supported by substantial evidence, shall be conclusive.

**§ 50908. Powers of enforcement personnel**

(a) IN GENERAL.—Any officer or employee of the Drug Enforcement Administration or any State, tribal, or local law enforcement officer designated by the Attorney General may—

(1) carry firearms;

(2) execute and serve search warrants, arrest warrants, administrative inspection warrants, sub-

poenas, and summonses issued under the authority of the United States;

(3) make arrests without warrant—

(A) for any offense against the United States committed in the officer's or employee's presence; or

(B) for any felony, cognizable under the laws of the United States, if the officer or employee has probable cause to believe that the person to be arrested has committed or is committing a felony;

(4) make seizures of property pursuant to the provisions of this division; and

(5) perform such other law enforcement duties as the Attorney General may designate.

(b) TREATMENT OF STATE AND LOCAL LAW ENFORCEMENT OFFICERS.—State and local law enforcement officers performing functions under this section shall not be deemed Federal employees and shall not be subject to provisions of law relating to Federal employees, except that the officers shall be subject to section 3374(c) of title 5.

**§ 50909. Search warrants**

A search warrant relating to offenses involving controlled substances may be served at any time of the day

or night if the judge or United States magistrate judge issuing the warrant is satisfied that there is probable cause to believe that grounds exist for the warrant and for its service at that time.

**§ 50910. Administrative inspections and warrants**

(a) DEFINITIONS.—In this section:

(1) CONTROLLED PREMISES.—The term ''controlled premises'' means—

(A) places in which original or other records or documents required under this division are kept or required to be kept; and

(B) places, including factories, warehouses, and other establishments, and conveyances, in which persons registered under section 50503 of this title (or exempt from registration under section 50502(d) of this title or by regulation of the Attorney General) or regulated persons may lawfully hold, manufacture, distribute, dispense, administer, or otherwise dispose of controlled substances or listed chemicals or in which records relating to those activities are maintained.

(2) PROBABLE CAUSE.—The term ''probable cause'' means a valid public interest in the effective enforcement of this division or regulations under this

division sufficient to justify administrative inspections of the area, premises, building, or conveyance, or contents of the premises, building, or conveyance, in the circumstances specified in the application for the warrant.

(b) GRANT OF AUTHORITY; SCOPE OF INSPECTIONS.—

(1) IN GENERAL.—For the purpose of inspecting, copying, and verifying the correctness of records, reports, or other documents required to be kept or made under this division and otherwise facilitating the carrying out of the functions of the Attorney General under this division, the Attorney General may, in accordance with this section, enter controlled premises and conduct administrative inspections of the controlled premises, and of the things specified in this section, relevant to those functions.

(2) INSPECTORS.—

(A) DESIGNATION.—The entries and inspections under paragraph (1) shall be carried out through officers or employees (referred to in this subsection as ''inspectors'') designated by the Attorney General.

(B) CREDENTIALS; NOTICE OF INSPECTION AUTHORITY.—Any inspector under subparagraph (A) shall have the right to enter the controlled premises and conduct the inspection at reasonable times, on stating the inspector's purpose and presenting to the owner, operator, or agent in charge of the premises—

(i) appropriate credentials; and

(ii) a written notice of the inspector's inspection authority (which notice in the case of an inspection requiring, or in fact supported by, an administrative inspection warrant shall consist of the warrant).

(3) AUTHORITIES.—Except as may otherwise be indicated in an applicable inspection warrant, the inspector shall have the right—

(A) to inspect and copy records, reports, and other documents required to be kept or made under this division;

(B) to inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished drugs, listed chemicals, and other substances or materials, containers, and labeling found in the containers, and, except as provided

in paragraph (4), all other things in the controlled premises (including records, files, papers, processes, controls, and facilities) appropriate for verification of the records, reports, and documents referred to in subparagraph (A) or otherwise bearing on the provisions of this division; and

(C) to inventory any stock of any controlled substance or listed chemical in the controlled substance and obtain samples of any such substance or chemical.

(4) LIMITATION OF INSPECTION.—Except when the owner, operator, or agent in charge of the controlled premises consents in writing, an inspection authorized by this section shall not extend to—

(A) financial data;

(B) sales data other than shipment data; or

(C) pricing data.

(c) SITUATIONS NOT REQUIRING WARRANTS.—A warrant under this section shall not be required for the inspection of books and records pursuant to an administrative subpoena issued in accordance with section 50906 of this title, nor for entries and administrative inspections (including seizures of property)—

(1) with the consent of the owner, operator, or agent in charge of the controlled premises;

(2) in situations presenting imminent danger to health or safety;

(3) in situations involving inspection of conveyances, in which situation there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(4) in any other exceptional or emergency circumstance in which time or opportunity to apply for a warrant is lacking; or

(5) in any other situations in which a warrant is not constitutionally required.

(d) ADMINISTRATIVE INSPECTION WARRANTS.—Issuance and execution of administrative inspection warrants shall be as follows:

(1) IN GENERAL.—Any judge of the United States or of a State court of record, or any United States magistrate judge, may, within the judge's or magistrate judge's territorial jurisdiction, and on proper oath or affirmation showing probable cause, issue warrants for the purpose of conducting administrative inspections authorized by this division or regulations under this division, and seizures of property appropriate to the inspections.

(2) REQUIREMENTS FOR ISSUANCE.—

(A) IN GENERAL.—A warrant shall issue only on an affidavit of an officer or employee having knowledge of the facts alleged, sworn to before the judge or magistrate judge and establishing the grounds for issuing the warrant.

(B) SATISFACTION OF GROUNDS; IDENTIFICATION OF AREAS, PURPOSE, AND TYPE OF PROPERTY.—If the judge or magistrate judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, the judge or magistrate judge shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any.

(C) IDENTIFICATION OF ITEMS TO BE SEIZED.—The warrant shall identify the items or types of property to be seized, if any.

(D) OTHER CONTENTS.—The warrant shall be directed to a person authorized under subsection (b)(2) to execute it. The warrant shall state the grounds for its issuance and the name of the person or persons whose affidavit has been taken in support of the issuance. It

shall command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified, and, if appropriate, shall direct the seizure of the property specified. The warrant shall direct that it be served during normal business hours. It shall designate the judge or magistrate judge to whom it shall be returned.

(3) MANNER OF EXECUTION.—

(A) PERIOD FOR EXECUTION.—A warrant issued pursuant to this section shall be executed and returned within 10 days of its date unless, on a showing by the United States of a need for additional time, the judge or magistrate judge allows additional time in the warrant.

(B) SEIZURE.—If property is seized pursuant to a warrant, the person executing the warrant shall give to the person from whom or from whose premises the property was taken a copy of the warrant and a receipt for the property taken or shall leave the copy and receipt at the place from which the property was taken.

(C) INVENTORY OF PROPERTY SEIZED.—The return of the warrant shall be made promptly and shall be accompanied by a written

inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if they are present, or in the presence of at least 1 credible person other than the person making the inventory, and shall be verified by the person executing the warrant. The judge or magistrate judge, upon request, shall deliver a copy of the inventory to the person from whom or from whose premises the property was taken and the applicant for the warrant.

(4) ATTACHMENT TO WARRANT; FILING BY JUDGE OR MAGISTRATE.—The judge or magistrate judge who has issued a warrant under this section shall attach to the warrant a copy of the return and all papers filed in connection with the warrant and shall file them with the clerk of the district court of the United States for the judicial district in which the inspection was made.

**§ 50911. Forfeitures**

(a) SUBJECT PROPERTY.—The following shall be subject to forfeiture to the United States and no property right shall exist in them:

(1) All controlled substances that have been manufactured, distributed, dispensed, or acquired in violation of this division.

(2) All raw materials, products, and equipment of any kind that are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance or listed chemical in violation of this division.

(3) All property that is used, or intended for use, as a container for property described in paragraph (1), (2), or (9).

(4) All conveyances, including aircraft, vehicles, or vessels, that are used, or are intended for use, to transport or in any manner to facilitate the transportation, sale, receipt, possession, or concealment of property described in paragraph (1), (2), or (9).

(5) All books, records, and research, including formulas, microfilm, tapes, and data that are used, or intended for use, in violation of this division.

(6) All moneys, negotiable instruments, securities, or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance or listed chemical in violation of this division, all proceeds traceable to such an exchange, and all moneys, negotiable instruments, and

securities used or intended to be used to facilitate any violation of this division.

(7) All real property, including any right, title, and interest (including any leasehold interest) in the whole of any lot or tract of land and any appurtenances or improvements, that is used, or intended to be used, in any manner or part, to commit, or to facilitate the commission of, a violation of this division punishable by more than 1 year's imprisonment.

(8) All controlled substances that have been possessed in violation of this division.

(9) All listed chemicals, all drug manufacturing equipment, all tableting machines, all encapsulating machines, and all gelatin capsules, that have been imported, exported, manufactured, possessed, distributed, dispensed, acquired, or intended to be distributed, dispensed, acquired, imported, or exported, in violation of this division or division B.

(10) Any drug paraphernalia (as defined in section 50723 of this title).

(11) Any firearm (as defined in section 921 of title 18) used or intended to be used to facilitate the transportation, sale, receipt, possession, or concealment of property described in paragraph (1) or (2) and any proceeds traceable to the property.

(b) SEIZURE PROCEDURES.—Any property subject to forfeiture to the United States under this section may be seized by the Attorney General in the manner set forth in section 981(b) of title 18.

(c) CUSTODY OF ATTORNEY GENERAL.—Property taken or detained under this section shall not be repleviable, but shall be deemed to be in the custody of the Attorney General, subject only to the orders and decrees of the court or the official having jurisdiction of the property. If property is seized under this division, the Attorney General may—

(1) place the property under seal;

(2) remove the property to a place designated by the Attorney General; or

(3) require that the General Services Administration take custody of the property and remove it, if practicable, to an appropriate location for disposition in accordance with law.

(d) OTHER LAWS AND PROCEEDINGS APPLICABLE.—

(1) IN GENERAL.—The provisions set forth in paragraph (2) shall apply to seizures and forfeitures incurred, or alleged to have been incurred, under any of the provisions of this division, to the extent

applicable and not inconsistent with the provisions of this section.

(2) PROVISIONS.—The provisions set forth in this paragraph are the provisions of law relating to—

(A) the seizure, summary and judicial forfeiture, and condemnation of property for violation of the customs laws;

(B) the disposition of the property or the proceeds from the sale of the property;

(C) the remission or mitigation of the forfeitures; and

(D) the compromise of claims.

(3) DUTIES.—Such duties as are imposed on the customs officer or any other person with respect to the seizure and forfeiture of property under the customs laws shall be performed with respect to seizures and forfeitures of property under this division by the officers, agents, or other persons as may be authorized or designated for that purpose by the Attorney General, except to the extent that the duties arise from seizures and forfeitures effected by any customs officer.

(e) DISPOSITION OF FORFEITED PROPERTY.—

(1) IN GENERAL.—If property is civilly or criminally forfeited under this division, the Attorney General may—

(A) retain the property for official use or, in the manner provided with respect to transfers under section 616 of the Tariff Act of 1930 (19 U.S.C. 1616a), transfer the property to any Federal agency or to any State or local law enforcement agency that participated directly in the seizure or forfeiture of the property;

(B) except as provided in paragraph (4), sell, by public sale or any other commercially feasible means, any forfeited property that is not required to be destroyed by law and that is not harmful to the public;

(C) require that the General Services Administration take custody of the property and dispose of it in accordance with law;

(D) forward it to the Drug Enforcement Administration for disposition (including delivery for medical or scientific use to any Federal or State agency under regulations of the Attorney General); or

(E) transfer the forfeited personal property or the proceeds of the sale of any forfeited personal or real property to any foreign country that participated directly or indirectly in the seizure or forfeiture of the property, if the transfer—

(i) has been agreed to by the Secretary of State;

(ii) is authorized in an international agreement between the United States and the foreign country; and

(iii) is made to a country that, if applicable, has been certified under section 490(b) of The Foreign Assistance Act of 1961 (22 U.S.C. 2291j(b)).

(2) PROCEEDS FROM SALE.—

(A) IN GENERAL.—

(i) USE.—The proceeds from any sale under paragraph (1)(B) and any moneys forfeited under this division shall be used to pay—

(I) all property expenses of the proceedings for forfeiture and sale including expenses of seizure, mainte-

nance of custody, advertising, and court costs; and

(II) awards of up to $100,000 to any individual who provides original information that leads to the arrest and conviction of a person that kills or kidnaps a Federal drug law enforcement agent.

(ii) AWARD TO BE PAID AT DISCRETION OF ATTORNEY GENERAL.—Any award paid for information concerning the killing or kidnapping of a Federal drug law enforcement agent, as provided in clause (i)(II), shall be paid at the discretion of the Attorney General.

(B) BALANCE TO BE DEPOSITED.—The Attorney General shall forward to the Secretary of the Treasury for deposit in accordance with section 524(c) of title 28, any amounts of the moneys and proceeds remaining after payment of the expenses provided in subparagraph (A), except that, with respect to forfeitures conducted by the Postal Service, the Postal Service shall deposit in the Postal Service Fund, under

section 2003(b)(7) of title 39, the moneys and proceeds.

(3) PROPERTY TRANSFERRED TO STATE OR LOCAL LAW ENFORCEMENT AGENCY.—The Attorney General shall ensure that any property transferred to a State or local law enforcement agency under paragraph (1)(A)—

(A) has a value that bears a reasonable relationship to the degree of direct participation of the State or local agency in the law enforcement effort resulting in the forfeiture, taking into account the total value of all property forfeited and the total law enforcement effort with respect to the violation of law on which the forfeiture is based; and

(B) will serve to encourage further cooperation between the recipient State or local agency and Federal law enforcement agencies.

(4) USE AS PUBLIC RECREATIONAL OR HISTORIC AREA BY STATES.—

(A) REQUEST.—With respect to real property described in subparagraph (B), if the chief executive officer of the State involved submits to the Attorney General a request for purposes of subparagraph (B), the authority established

in subparagraph (B) is in lieu of the authority established in paragraph (1)(B).

(B) CONDITIONS FOR TRANSFER.—In the case of property described in paragraph (1)(B) that is civilly or criminally forfeited under this division, if the property is real property that is appropriate for use as a public area reserved for recreational or historic purposes or for the preservation of natural conditions, the Attorney General, on the request of the chief executive officer of the State in which the property is located, may transfer title to the property to the State, either without charge or for a nominal charge, through a legal instrument providing that—

(i) the use will be the principal use of the property; and

(ii) title to the property reverts to the United States in the event that the property is used otherwise.

(f) FORFEITURE AND DESTRUCTION OF SCHEDULE I AND II SUBSTANCES.—

(1) FORFEITURE.—

(A) CONTRABAND ITEMS.—The following shall be deemed contraband and seized and summarily forfeited to the United States:

(i) All controlled substances in schedule I or II that are possessed, transferred, sold, or offered for sale in violation of the provisions of this division.

(ii) All dangerous, toxic, or hazardous raw materials or products subject to forfeiture under subsection (a)(2).

(iii) Any equipment or container subject to forfeiture under paragraph (2) or (3) of subsection (a) that cannot be separated safely from the raw materials or products.

(B) UNKNOWN OWNERS.—All substances in schedule I or II that are seized or come into the possession of the United States, the owners of which are unknown, shall be deemed contraband and summarily forfeited to the United States.

(2) DESTRUCTION.—The Attorney General may direct the destruction of—

(A) all controlled substances in schedule I or II seized for violation of this division;

(B) all dangerous, toxic, or hazardous raw materials or products subject to forfeiture under subsection (a)(2); and

(C) any equipment or container subject to forfeiture under paragraph (2) or (3) of subsection (a) that cannot be separated safely from the raw materials or products under such circumstances as the Attorney General may consider necessary.

(g) PLANTS.—

(1) FORFEITURE.—All species of plants from which controlled substances in schedules I and II may be derived that have been planted or cultivated in violation of this division, or of which the owners or cultivators are unknown, or that are wild growths, may be seized and summarily forfeited to the United States.

(2) REGISTRATION.—The failure, upon demand by the Attorney General or an authorized agent of the Attorney General, of the person in occupancy or in control of land or premises on which the species of plants are growing or being stored, to produce an appropriate registration, or proof that the person is the holder of an appropriate registration, shall constitute authority for the seizure and forfeiture.

(3) ENTRY BY ATTORNEY GENERAL.—The Attorney General, or an authorized agent of the Attorney General, shall have authority to enter on any land, or into any dwelling pursuant to a search warrant, to cut, harvest, carry off, or destroy the plants.

(h) VESTING OF TITLE IN UNITED STATES.—All right, title, and interest in property described in subsection (a) shall vest in the United States on commission of the act giving rise to forfeiture under this section.

(i) STAY OF CIVIL FORFEITURE PROCEEDINGS.—The provisions of section 981(g) of title 18 regarding the stay of a civil forfeiture proceeding shall apply to forfeitures under this section.

(j) VENUE.—In addition to the venue provided for in section 1395 of title 28 or any other provision of law, in the case of property of a defendant charged with a violation that is the basis for forfeiture of the property under this section, a proceeding for forfeiture under this section may be brought in the judicial district in which the defendant owning the property is found or in the judicial district in which the criminal prosecution is brought.

(k) AGREEMENT BETWEEN ATTORNEY GENERAL AND POSTAL SERVICE FOR PERFORMANCE OF FUNCTIONS.—The functions of the Attorney General under this section shall be carried out by the Postal Service pursuant

to such agreement as may be entered into between the Attorney General and the Postal Service.

**§ 50912. Injunctions**

(a) JURISDICTION.—The district courts of the United States and all courts exercising general jurisdiction in the territories (including possessions) of the United States shall have jurisdiction in proceedings in accordance with the Federal Rules of Civil Procedure (28 U.S.C. App.) to enjoin violations of this division.

(b) JURY TRIAL.—In case of an alleged violation of an injunction or restraining order issued under this section, trial shall, on demand of the accused, be by a jury in accordance with the Federal Rules of Civil Procedure (28 U.S.C. App.).

(c) STATE CAUSE OF ACTION PERTAINING TO ONLINE PHARMACIES.—

(1) IN GENERAL.—In any case in which a State has reason to believe that an interest of the residents of that State has been or is being threatened or adversely affected by the action of a person, entity, or internet site that violates the provisions of section 50503(h), 50509(e), or 50512 of this title, the State may bring a civil action on behalf of the residents in a district court of the United States with appropriate jurisdiction—

(A) to enjoin the conduct that violates this section;

(B) to enforce compliance with this section;

(C) to obtain damages, restitution, or other compensation, including civil penalties under section 50702(b) of this title; and

(D) to obtain such other legal or equitable relief as the court may find appropriate.

(2) SERVICE; INTERVENTION.—

(A) SERVICE.—Prior to filing a complaint under paragraph (1), the State shall serve a copy of the complaint on the Attorney General and on the United States Attorney for the judicial district in which the complaint is to be filed. In any case in which the prior service is not feasible, the State shall serve the complaint on the Attorney General and the appropriate United States Attorney on the same day that the State's complaint is filed in Federal district court of the United States. The proceedings shall be independent of, and not in lieu of, criminal prosecutions or any other proceedings under this division or any other laws of the United States.

(B) INTERVENTION.—On receiving notice respecting a civil action pursuant to this section, the United States shall have the right to intervene in the action and, on intervening under this subparagraph, to be heard on all matters arising in the action, and to file petitions for appeal.

(C) FEDERAL RULES OF CIVIL PROCEDURE.—Service of a State's complaint on the United States as required in this paragraph shall be made in accordance with the requirements of rule 4(i)(1) of the Federal Rules of Civil Procedure (28 U.S.C. App.).

(3) POWERS CONFERRED BY STATE LAW.—For purposes of bringing any civil action under paragraph (1), nothing in this division prevents an attorney general of a State from exercising the powers conferred on the attorney general of a State by the laws of the State to conduct investigations or to administer oaths or affirmations or to compel the attendance of witnesses of or the production of documentary or other evidence.

(4) VENUE.—Any civil action brought under paragraph (1) in a district court of the United States may be brought in the district in which the

defendant is found, is an inhabitant, or transacts business or in which venue is proper under section 1391 of title 28. Process in the action may be served in any district in which the defendant is an inhabitant or in which the defendant may be found.

(5) NO PRIVATE RIGHT OF ACTION.—No private right of action is created under this subsection.

(6) LIMITATION.—A civil action shall not be brought under paragraph (1) against—

(A) the United States;

(B) an Indian tribe or tribal organization, to the extent the tribe or tribal organization is lawfully carrying out a contract or compact under the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5301 et seq.); or

(C) any employee of the United States or the Indian tribe or tribal organization, provided the employee is acting in the usual course of business or employment, and within the scope of the official duties of the employee relating to the business or employment.

**§ 50913. Notice and opportunity to present views**

Before any violation of this division is reported by the Administrator of the Drug Enforcement Administra-

tion to any United States attorney for institution of a criminal proceeding, the Administrator may require that the person against whom the proceeding is contemplated is given appropriate notice and an opportunity to present the person's views, either orally or in writing, with regard to the contemplated proceeding.

**§ 50914. Immunity and privilege**

(a) REFUSAL TO TESTIFY.—

(1) IN GENERAL.—If a witness refuses, on the basis of the privilege of the witness against self-incrimination, to testify or provide other information in a proceeding before a court or grand jury of the United States, involving a violation of this division, and the person presiding over the proceeding communicates to the witness an order issued under this section, the witness may not refuse to comply with the order on the basis of the privilege of the witness against self-incrimination.

(2) CRIMINAL CASE AGAINST WITNESS.—Testimony or other information compelled under the order issued under subsection (b) and information obtained by the exploitation of the testimony or other information shall not be used against the witness in any criminal case, including any criminal case brought in a court of a State, except a prosecu-

tion for perjury, giving a false statement, or otherwise failing to comply with the order.

(b) ORDER OF UNITED STATES DISTRICT COURT.—In the case of any individual who has been or may be called to testify or provide other information at any proceeding before a court or grand jury of the United States, the United States district court for the judicial district in which the proceeding is or may be held shall issue, on the request of the United States attorney for the district, an order requiring the individual to give any testimony or provide any other information that the individual refuses to give or provide on the basis of the individual's privilege against self-incrimination.

(c) REQUEST BY UNITED STATES ATTORNEY.—A United States attorney may, with the approval of the Attorney General or the Deputy Attorney General, the Associate Attorney General, or any Assistant Attorney General designated by the Attorney General, request an order under subsection (b) when in the judgment of the United States attorney—

(1) the testimony or other information from the individual may be necessary to the public interest; and

(2) the individual has refused or is likely to refuse to testify or provide other information on the

basis of the privilege of the individual against self-incrimination.

**§ 50915. Burden of proof; liabilities**

(a) EXEMPTIONS AND EXCEPTIONS; PRESUMPTION IN SIMPLE POSSESSION OFFENSES.—

(1) IN GENERAL.—It shall not be necessary for the United States to negative any exemption or exception set forth in this division in any complaint, information, indictment, or other pleading or in any trial, hearing, or other proceeding under this division, and the burden of going forward with the evidence with respect to the exemption or exception shall be on the person claiming its benefit.

(2) LABEL AS EVIDENCE.—In the case of a person charged under section 50704(b) of this title with the possession of a controlled substance, any label identifying the substance for purposes of section 13103(a)(2) of this title shall be admissible in evidence and shall be prima facie evidence that the substance was obtained pursuant to a valid prescription from a practitioner while acting in the course of the practitioner's professional practice.

(b) REGISTRATION AND ORDER FORMS.—In the absence of proof that a person is the authorized holder of an appropriate registration or order form issued under

this division, the person shall be presumed not to be the holder of the registration or form, and the burden of going forward with the evidence with respect to the registration or form shall be on the person.

(c) USE OF VEHICLES, VESSELS, AND AIRCRAFT.—The burden of going forward with the evidence to establish that a vehicle, vessel, or aircraft used in connection with controlled substances in schedule I was used in accordance with the provisions of this division shall be on the persons engaged in the use.

(d) IMMUNITY OF FEDERAL, STATE, LOCAL AND OTHER OFFICIALS.—Except as provided in sections 2234 and 2235 of title 18, civil or criminal liability shall not be imposed by virtue of this division on any authorized Federal officer lawfully engaged in the enforcement of this division, or on any authorized officer of any State, territory (including any possession) of the United States, political subdivision of the State or territory (including any possession) of the United States, or the District of Columbia, who is lawfully engaged in the enforcement of any law or municipal ordinance relating to controlled substances.

**§ 50916. Payments and advances**

(a) PAYMENT TO INFORMERS.—The Attorney General may pay any person, from funds appropriated for the

Drug Enforcement Administration, for information concerning a violation of this division, such sums as the Attorney General may consider appropriate, without reference to any moieties or rewards to which the person may otherwise be entitled by law.

(b) REIMBURSEMENT FOR PURCHASE OF CONTROLLED SUBSTANCES.—Moneys expended from appropriations of the Drug Enforcement Administration for purchase of controlled substances and subsequently recovered shall be reimbursed to the current appropriation for the Administration.

(c) ADVANCE OF FUNDS FOR ENFORCEMENT PURPOSES.—The Attorney General may direct the advance of funds by the Department of the Treasury in connection with the enforcement of this division.

(d) DRUG POLLUTION FUND.—

(1) ESTABLISHMENT.—There is established in the Treasury a trust fund to be known as the ''Drug Pollution Fund'' (referred to in this subsection as the ''Fund''), consisting of amounts appropriated or credited to the Fund under section 50701(b)(6) of this title.

(2) AMOUNTS APPROPRIATED.—There are appropriated to the Fund amounts equivalent to the fines imposed under section 50701(b)(6) of this title.

(3) AVAILABILITY.—Amounts in the Fund shall be available, as provided in appropriations Acts, for the purpose of making payments in accordance with paragraph (4) for the cleanup of certain pollution resulting from the actions referred to in section 50701(b)(6) of this title.

(4) PAYMENTS.—

(A) IN GENERAL.—The Secretary of the Treasury, after consultation with the Attorney General, shall make payments under paragraph (3), in such amounts as the Secretary of the Treasury determines appropriate, to the heads of executive agencies or departments that meet the requirements of subparagraph (B).

(B) APPLICATION BY AGENCIES.—In order to receive a payment under paragraph (3), the head of an executive agency or department shall submit an application in such form and containing such information as the Secretary of the Treasury shall by regulation require. The application shall contain a description of the fine imposed under section 50701(b)(6) of this title, the circumstances surrounding the imposition of the fine, and the type and severity of pollution

that resulted from the actions to which the fine applies.

(5) TREATMENT FOR PURPOSES OF THE INTERNAL REVENUE CODE.—For purposes of subchapter B of chapter 98 of the Internal Revenue Code of 1986 (26 U.S.C. 9601 et seq.), the Fund established under this subsection shall be treated in the same manner as a trust fund established under subchapter A of that chapter (26 U.S.C. 9501 et seq.).

**§ 50917. Coordination and consolidation of post-seizure administration**

The Attorney General and the Secretary of the Treasury shall take such action as may be necessary to develop and maintain a joint plan to coordinate and consolidate post-seizure administration of property seized under this division, division B, or provisions of the customs laws relating to controlled substances.

**§ 50918. Production control of controlled substances**

(a) DEFINITIONS.—In this section:

(1) SECRETARY.—The term ''Secretary'' means the Secretary of Agriculture.

(2) STATE.—The term ''State'' means each of the 50 States, the District of Columbia, Puerto Rico, Guam, the Virgin Islands, American Samoa, or the Northern Mariana Islands.

(b) PERSONS INELIGIBLE FOR FEDERAL AGRICULTURAL PROGRAM BENEFITS.—Notwithstanding any other provision of law, any person that is convicted under Federal or State law of planting, cultivation, growing, producing, harvesting, or storing a controlled substance in any crop year shall be ineligible for—

(1) as to any commodity produced during that crop year, and the 4 succeeding crop years, by the person—

(A) any price support or payment made available under the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.), the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), or any other Act;

(B) a farm storage facility loan made under section 4(h) of the Commodity Credit Corporation Charter Act (15 U.S.C. 714b(h));

(C) crop insurance under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.);

(D) a disaster payment made under the Agricultural Act of 1949 (7 U.S.C. 1421 et seq.); or

(E) a loan made, insured, or guaranteed under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) or any

other provision of law administered by the Farmers Home Administration; or

(2) a payment made under section 4 or 5 of the Commodity Credit Corporation Charter Act (15 U.S.C. 714b, 714c) for the storage of an agricultural commodity that is—

(A) produced during that crop year, or any of the 4 succeeding crop years, by the person; and

(B) acquired by the Commodity Credit Corporation.

(c) REGULATIONS.—The Secretary shall issue such regulations as the Secretary determines are necessary to carry out this section, including regulations that—

(1) define the term ''person'';

(2) govern the determination of persons that shall be ineligible for program benefits under this section; and

(3) protect the interests of tenants and sharecroppers.

**§ 50919. Review of Federal sales of chemicals usable to manufacture controlled substances**

A Federal agency may not sell from the stocks of the agency any chemical that, as determined by the Administrator of the Drug Enforcement Administration, could be

used in the manufacture of a controlled substance unless the Administrator certifies in writing to the head of the agency that there is no reasonable cause to believe that the sale of the chemical would result in the illegal manufacture of a controlled substance.

# Chapter 511—Miscellaneous

Sec.
51101. Effect of provisions.
51102. Preemption.
51103. Payment of tort claims.

## § 51101. Effect of provisions

(a) EFFECT ON SUBTITLE I OF THIS TITLE.—Nothing in this division, division B, and the Comprehensive Drug Abuse Prevention and Control Act of 1970 (Public Law 91–513, 84 Stat. 1236), except sections 51102 and 51103 of this title and part G of title II of the Act (Public Law 91–513, 84 Stat. 1281) and, to the extent of any inconsistency, sections 50507(e) and 50509 of this title, shall be construed as in any way affecting, modifying, repealing, or superseding the provisions of subtitle I of this title.

(b) EFFECT OF CERTAIN PROVISIONS ON ELECTRONIC PRESCRIPTIONS FOR CONTROLLED SUBSTANCES.—Nothing in the Ryan Haight Online Pharmacy Consumer Protection Act of 2008 (Public Law 110–425, 122 Stat. 4820) or the amendments made by the Act shall

be construed as authorizing, prohibiting, or limiting the use of electronic prescriptions for controlled substances.

(c) EFFECT OF CERTAIN PROVISIONS ON SECTION 51102 OF THIS TITLE.—Section 711 of the Combat Methamphetamine Epidemic Act of 2005 (Public Law 109–177, 120 Stat. 256) and the amendments made by that section may not be construed as having any legal effect on section 51102 of this title as applied to the regulation of scheduled listed chemical products.

**§ 51102. Preemption**

No provision of this division shall be construed as indicating an intent on the part of Congress to occupy the field in which that provision operates, including criminal penalties, to the exclusion of any State law on the same subject matter that would otherwise be within the authority of the State, unless there is a positive conflict between that provision of this division and that State law so that the two cannot consistently stand together.

**§ 51103. Payment of tort claims**

Notwithstanding section 2680(k) of title 28, the Attorney General, in carrying out the functions of the Department of Justice under this division, may pay tort claims in the manner authorized by section 2672 of title 28, if the claims arise in a foreign country in connection

with the operations of the Drug Enforcement Administration abroad.

## § 51701. Definitions

(a) IN GENERAL.—In this division:

(1) CUSTOMS TERRITORY OF THE UNITED STATES.—The term ''customs territory of the United States'' has the meaning given the term by general note 2 of the Harmonized Tariff Schedule of the United States.

(2) IMPORT.—The term ''import'' means, with respect to any article, any bringing in or introduc-

tion of the article into any area (whether the bringing in or introduction constitutes an importation within the meaning of the tariff laws of the United States).

(b) APPLICABILITY OF DEFINED TERMS IN SECTION 50101.—Each term defined in section 50101 of this title shall have the same meaning for purposes of this division as the term has for purposes of division A.

**§ 51702. Importation of controlled substances**

(a) CONTROLLED SUBSTANCES IN SCHEDULE I OR II AND NARCOTIC DRUGS IN SCHEDULE III, IV, OR V.—

(1) IN GENERAL.—It shall be unlawful to import into the customs territory of the United States from any place outside of the customs territory of the United States (but within the United States), or to import into the United States from any place outside of the United States, any controlled substance in schedule I or II of division A, any narcotic drug in schedule III, IV, or V of division A, or ephedrine, pseudoephedrine, or phenylpropanolamine, except as described in paragraph (2).

(2) EXCEPTION.—Notwithstanding paragraph (1), the following may be imported as described in paragraph (1) under such regulations as the Attorney General shall prescribe:

(A) Such amounts of crude opium, poppy straw, concentrate of poppy straw, and coca leaves, and of ephedrine, pseudoephedrine, and phenylpropanolamine, as the Attorney General finds to be necessary to provide for medical, scientific, or other legitimate purposes.

(B) Such amounts of any controlled substance in schedule I or II or any narcotic drug in schedule III, IV, or V that the Attorney General finds to be necessary to provide for the medical, scientific, or other legitimate needs of the United States—

(i) during an emergency in which domestic supplies of the substance or drug are found by the Attorney General to be inadequate;

(ii) in any case in which the Attorney General finds that competition among domestic manufacturers of the controlled substance is inadequate and will not be rendered adequate by the registration of additional manufacturers under section 50503 of this title; or

(iii) in any case in which the Attorney General finds that the controlled substance

is in limited quantities exclusively for scientific, analytical, or research uses.

(3) CRUDE OPIUM.—No crude opium may be imported under this subsection for the purpose of manufacturing heroin or smoking opium.

(b) NONNARCOTIC CONTROLLED SUBSTANCES IN SCHEDULE III, IV, OR V.—It shall be unlawful to import into the customs territory of the United States from any place outside of the customs territory of the United States (but within the United States), or to import into the United States from any place outside of the United States, any nonnarcotic controlled substance in schedule III, IV, or V, unless the nonnarcotic controlled substance—

(1) is imported for medical, scientific, or other legitimate uses; and

(2) is imported pursuant to such notification, or declaration, or in the case of any nonnarcotic controlled substance in schedule III, such import permit, notification, or declaration, as the Attorney General may by regulation prescribe, except that if a nonnarcotic controlled substance in schedule IV or V is also listed in schedule I or II of the Convention on Psychotropic Substances, it shall be imported pursuant to the import permit requirements, pre-

scribed by regulation of the Attorney General, as are required by the Convention.

(c) COCA LEAVES.—In addition to the amount of coca leaves authorized to be imported into the United States under subsection (a), the Attorney General may permit the importation of additional amounts of coca leaves. All cocaine and ecgonine (and all salts, derivatives, and preparations from which cocaine or ecgonine may be synthesized or made) contained in the additional amounts of coca leaves imported under this subsection shall be destroyed under the supervision of an authorized representative of the Attorney General.

(d) APPLICATION FOR INCREASED IMPORTATION OF EPHEDRINE, PSEUDOEPHEDRINE, OR PHENYLPROPANOLAMINE.—

(1) IN GENERAL.—With respect to a registrant under section 51708 of this title that may, under subsection (a)(2)(A), import ephedrine, pseudoephedrine, or phenylpropanolamine, the registrant may apply, at any time during the year, for an increase in the amount of the chemical that the registrant may import, and the Attorney General may approve the application if the Attorney General determines that the approval is necessary to provide

for medical, scientific, or other legitimate purposes regarding the chemical.

(2) PROCEDURES.—With respect to the application under paragraph (1), the following shall apply:

(A) APPROVAL OR DENIAL.—Not later than 60 days after receiving the application, the Attorney General shall approve or deny the application.

(B) EFFECTIVE PERIOD OF APPROVAL.—In approving the application, the Attorney General shall specify the period of time for which the approval is in effect, or shall provide that the approval is effective until the registrant involved is notified in writing by the Attorney General that the approval is terminated.

(C) DEEMED APPROVED.—If the Attorney General does not approve or deny the application before the expiration of the 60-day period under subparagraph (A), the application is deemed to be approved, and the approval remains in effect until the Attorney General notifies the registrant in writing that the approval is terminated.

(e) REFERENCE TO EPHEDRINE, PSEUDOEPHEDRINE, OR PHENYLPROPANOLAMINE.—

Each reference in this section to ephedrine, pseudoephedrine, or phenylpropanolamine includes each of the salts, optical isomers, and salts of optical isomers of the chemical.

**§ 51703. Exportation of controlled substances**

(a) NARCOTIC DRUGS IN SCHEDULE I, II, III, OR IV.—It shall be unlawful to export from the United States any narcotic drug in schedule I, II, III, or IV unless—

(1) it is exported to a country that is a party to—

(A) the International Opium Convention of 1912 for the Suppression of the Abuses of Opium, Morphine, Cocaine, and Derivative Drugs, or to the International Opium Convention, signed at Geneva February 19, 1925;

(B) the Convention for Limiting the Manufacture and Regulating the Distribution of Narcotic Drugs, concluded at Geneva July 13, 1931, as amended by the protocol signed at Lake Success on December 11, 1946, and the protocol bringing under international control drugs outside the scope of the convention of July 13, 1931, for limiting the manufacture and regulating the distribution of narcotic drugs (as amended by the protocol signed at

Lake Success on December 11, 1946), signed at Paris November 19, 1948; or

(C) the Single Convention on Narcotic Drugs;

(2) the country has instituted and maintains, in conformity with the conventions to which it is a party, a system for the control of imports of narcotic drugs that the Attorney General considers adequate;

(3) the narcotic drug is consigned to a holder of such permits or licenses as may be required under the laws of the country of import, and a permit or license to import the drug has been issued by the country of import;

(4) substantial evidence is furnished to the Attorney General by the exporter that—

(A) the narcotic drug is to be applied exclusively to medical or scientific uses within the country of import; and

(B) there is an actual need for the narcotic drug for medical or scientific uses within the country; and

(5) a permit to export the narcotic drug in each instance has been issued by the Attorney General.

(b) EXCEPTION FOR EXPORTATION FOR SPECIAL SCIENTIFIC PURPOSES.—Notwithstanding subsection (a),

the Attorney General may authorize any narcotic drug (including crude opium and coca leaves) in schedule I, II, III, or IV to be exported from the United States to a country that is a party to any of the international instruments mentioned in subsection (a) if the particular drug is to be applied to a special scientific purpose in the country of destination and the authorities of the country will permit the importation of the particular drug for that purpose.

(c) NONNARCOTIC CONTROLLED SUBSTANCES IN SCHEDULE I OR II.—It shall be unlawful to export from the United States any nonnarcotic controlled substance in schedule I or II unless—

(1) it is exported to a country that has instituted and maintains a system that the Attorney General considers adequate for the control of imports of the substances;

(2) the controlled substance is consigned to a holder of such permits or licenses as may be required under the laws of the country of import;

(3) substantial evidence is furnished to the Attorney General that—

(A) the controlled substance is to be applied exclusively to medical, scientific, or other

legitimate uses within the country to which exported;

(B) it will not be exported from the country; and

(C) there is an actual need for the controlled substance for medical, scientific, or other legitimate uses within the country; and

(4) a permit to export the controlled substance in each instance has been issued by the Attorney General.

(d) EXCEPTION FOR EXPORTATION FOR SPECIAL SCIENTIFIC PURPOSES.—Notwithstanding subsection (c), the Attorney General may authorize any nonnarcotic controlled substance in schedule I or II to be exported from the United States if the particular substance is to be applied to a special scientific purpose in the country of destination and the authorities of the country will permit the importation of the particular drug for that purpose.

(e) NONNARCOTIC CONTROLLED SUBSTANCES IN SCHEDULE III OR IV; CONTROLLED SUBSTANCES IN SCHEDULE V.—It shall be unlawful to export from the United States to any other country any nonnarcotic controlled substance in schedule III or IV or any controlled substances in schedule V unless—

(1) there is furnished (before export) to the Attorney General documentary proof that importation is not contrary to the laws or regulations of the country of destination for consumption for medical, scientific, or other legitimate purposes;

(2) it is exported pursuant to such notification or declaration, or in the case of any nonnarcotic controlled substance in schedule III, such export permit, notification, or declaration as the Attorney General may by regulation prescribe; and

(3) in the case of a nonnarcotic controlled substance in schedule IV or V that is also listed in schedule I or II of the Convention on Psychotropic Substances, it is exported pursuant to such export permit requirements, prescribed by regulation of the Attorney General, as are required by the Convention.

(f) EXCEPTION FOR EXPORTATION FOR SUBSEQUENT EXPORT.—Notwithstanding subsections (a)(4) and (c)(3), the Attorney General may authorize any controlled substance that is in schedule I or II, or is a narcotic drug in schedule III or IV, to be exported from the United States to a country for subsequent export from that country to another country, if each of the following conditions is met:

(1) Both the country to which the controlled substance is exported from the United States (referred to in this subsection as the ''first country'') and the country to which the controlled substance is exported from the first country (referred to in this subsection as the ''second country'') are parties to the Single Convention on Narcotic Drugs and the Convention on Psychotropic Substances.

(2) The first country and the second country have each instituted and maintain, in conformity with the Conventions, a system of controls of imports of controlled substances that the Attorney General considers adequate.

(3) With respect to the first country, the controlled substance is consigned to a holder of such permits or licenses as may be required under the laws of the country, and a permit or license to import the controlled substance has been issued by the country.

(4) With respect to the second country, substantial evidence is furnished to the Attorney General by the person that will export the controlled substance from the United States that—

(A) the controlled substance is to be consigned to a holder of such permits or licenses

as may be required under the laws of the country, and a permit or license to import the controlled substance is to be issued by the country; and

(B) the controlled substance is to be applied exclusively to medical, scientific, or other legitimate uses within the country.

(5)(A) The controlled substance will not be exported from the second country, except that the controlled substance may be exported from a second country that is a member of the European Economic Area to another country that is a member of the European Economic Area, provided that the first country is also a member of the European Economic Area.

(B) Subsequent to any reexportation described in subparagraph (A), a controlled substance may continue to be exported from any country that is a member of the European Economic Area to any other such country, if—

(i) the conditions applicable with respect to the first country under paragraphs (1), (2), (3), (4), (6), and (7) are met by each subsequent country from which the controlled substance is exported pursuant to this paragraph; and

(ii) the conditions applicable with respect to the second country under paragraphs (1), (2), (3), (4), (6), and (7) are met by each subsequent country to which the controlled substance is exported pursuant to this paragraph.

(6)(A) Within 30 days after the controlled substance is exported from the first country to the second country, the person that exported the controlled substance from the United States delivers to the Attorney General documentation certifying that the export from the first country has occurred.

(B) In the case of reexportation among members of the European Economic Area, within 30 days after each reexportation, the person that exported the controlled substance from the United States delivers to the Attorney General—

(i) documentation certifying that the reexportation has occurred; and

(ii) information concerning the consignee, country, and product.

(7) A permit to export the controlled substance from the United States has been issued by the Attorney General.

(g) LIMITATION.—Subject to paragraphs (5) and (6) of subsection (f) in the case of any controlled substance

in schedule I or II or any narcotic drug in schedule III or IV, the Attorney General shall not promulgate nor enforce any regulation, subregulatory guidance, or enforcement policy that impedes reexportation of any controlled substance among European Economic Area countries, including by promulgating or enforcing any requirement that—

(1) reexportation from the first country to the second country or reexportation from the second country to another country occur within a specified period of time; or

(2) information concerning the consignee, country, and product be provided prior to exportation of the controlled substance from the United States or prior to each reexportation among members of the European Economic Area.

**§ 51704. Transshipment and in-transit shipment of controlled substances**

(a) CONTROLLED SUBSTANCES IN SCHEDULE I.—

(1) IN GENERAL.—Notwithstanding sections 51702, 51703, and 51707 of this title, if the conditions in paragraph (2) are met, a controlled substance in schedule I may—

(A) be imported into the United States for transshipment to another country; or

(B) be transferred or transshipped from 1 vessel, vehicle, or aircraft to another vessel, vehicle, or aircraft within the United States for immediate exportation.

(2) CONDITIONS.—The importation, transfer, or transshipment under paragraph (1) may be made only if the controlled substance under paragraph (1) is imported, transferred, or transshipped—

(A) for scientific, medical, or other legitimate purposes in the country of destination; and

(B) with the prior written approval of the Attorney General (which shall be granted or denied within 21 days of the request).

(b) CONTROLLED SUBSTANCES IN SCHEDULE II, III, OR IV.—A controlled substance in schedule II, III, or IV may be imported, transferred, or transshipped as described in subsection (a) only if advance notice is given to the Attorney General in accordance with regulations of the Attorney General.

**§ 51705. Possession on board vessels**

It shall be unlawful for any person to bring or possess on board any vessel or aircraft, or on board any vehicle of a carrier, arriving in or departing from the United States or the customs territory of the United States, a

controlled substance in schedule I or II or a narcotic drug in schedule III or IV, unless the substance or drug is a part of the cargo entered in the manifest or part of the official supplies of the vessel, aircraft, or vehicle.

**§ 51706. Exemption authority**

(a) INDIVIDUAL POSSESSING CONTROLLED SUBSTANCE.—

(1) IN GENERAL.—Subject to paragraph (2), the Attorney General may by regulation exempt from subsections (a) and (b) of section 51702 of this title and from sections 51703, 51704, and 51705 of this title any individual who has a controlled substance (except a substance in schedule I) in the individual's possession for the individual's personal medical use, or for administration to an animal accompanying the individual, if the individual lawfully obtained the substance and the individual makes such declaration (or gives such other notification) as the Attorney General may by regulation require.

(2) NO VALID PRESCRIPTION.—

(A) IN GENERAL.—Notwithstanding any exemption under paragraph (1), a United States resident who enters the United States through an international land border with a controlled substance (except a substance in

schedule I) for which the individual does not possess a valid prescription issued by a practitioner in accordance with applicable Federal and State law (or documentation that verifies the issuance of such a prescription to that individual) may not import the controlled substance into the United States in an amount that exceeds 50 dosage units of the controlled substance.

(B) MINIMUM FEDERAL REQUIREMENT.—Subparagraph (A) is a minimum Federal requirement and shall not be construed to limit a State from imposing any additional requirement.

(C) EFFECT OF SUBPARAGRAPH (A).—Subparagraph (A) shall not be construed to affect the jurisdiction of the Secretary under subtitle I of this title.

(b) COMPOUND, MIXTURE, OR PREPARATION.—The Attorney General may by regulation except any compound, mixture, or preparation containing any depressant or stimulant substance listed in subparagraph (A) or (B) of section 50302(c)(3) of this title (which relates to schedule III), in section 50302(c)(4) of this title (which relates to schedule IV), or in section 50302(c)(5) of this title (which

relates to schedule V) from the application of all or any part of this division if—

(1) the compound, mixture, or preparation contains 1 or more active medicinal ingredients not having a depressant or stimulant effect on the central nervous system; and

(2) the ingredients are included in the compound, mixture, or preparation in such combinations, quantity, proportion, or concentration as to vitiate the potential for abuse of the substances that do have a depressant or stimulant effect on the central nervous system.

**§ 51707. Persons required to register**

(a) COVERAGE.—Unless there is in effect with respect to a person a registration issued by the Attorney General under section 51708 of this title, or unless the person is exempt from registration under subsection (b), the person shall not—

(1) import into the customs territory of the United States from any place outside of the customs territory of the United States (but within the United States), or import into the United States from any place outside of the United States, any controlled substance or list I chemical; or

(2) export from the United States any controlled substance or list I chemical.

(b) EXEMPTIONS.—

(1) PERSONS.—The following persons shall not be required to register under this section and may lawfully possess a controlled substance or list I chemical:

(A) An agent or an employee of any importer or exporter registered under section 51708 of this title if the agent or employee is acting in the usual course of the agent's or employee's business or employment.

(B) A common or contract carrier or warehouseman, or an employee of the carrier or warehouseman, whose possession of any controlled substance or list I chemical is in the usual course of the carrier's, warehouseman's, or employee's business or employment.

(C) An ultimate user who possesses the substance for a purpose specified in section 50101(61) of this title and in conformity with an exemption granted under section 51706(a) of this title.

(2) WAIVER.—The Attorney General may, by regulation, waive the requirement for registration of

certain importers and exporters if the Attorney General finds it consistent with the public health and safety, and may authorize any such importer or exporter to possess controlled substances or list I chemicals for purposes of importation and exportation.

**§ 51708. Registration requirements**

(a) APPLICANTS TO IMPORT OR EXPORT CONTROLLED SUBSTANCES IN SCHEDULE I OR II.—

(1) IN GENERAL.—The Attorney General shall register an applicant to import or export a controlled substance in schedule I or II if the Attorney General determines that the registration is consistent with the public interest and with United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971.

(2) FACTORS.—In determining the public interest under subparagraph (A), the factors enumerated in paragraphs (1) through (6) of section 50503(b) of this title shall be considered.

(b) ACTIVITY LIMITED TO SPECIFIED SUBSTANCES.—Registration granted under this section shall not entitle a registrant to import or export controlled substances other than specified in the registration.

(c) OTHER APPLICANTS.—

(1) APPLICANTS TO IMPORT CONTROLLED SUBSTANCES IN SCHEDULE III, IV, OR V OR TO EXPORT CONTROLLED SUBSTANCES IN SCHEDULE III OR IV.—

(A) IN GENERAL.—The Attorney General shall register an applicant to import a controlled substance in schedule III, IV, or V or to export a controlled substance in schedule III or IV, unless the Attorney General determines that the issuance of the registration is inconsistent with the public interest.

(B) FACTORS.—In determining the public interest under subparagraph (A), the factors enumerated in paragraphs (1) through (6) of section 50503(f) of this title shall be considered.

(2) APPLICANTS TO IMPORT OR EXPORT LIST I CHEMICALS.—

(A) IN GENERAL.—The Attorney General shall register an applicant to import or export a list I chemical unless the Attorney General determines that registration of the applicant is inconsistent with the public interest. Registration under this subsection shall not be required for the import or export of a drug product that

is exempted under section 50101(50)(B)(iv) of this title.

(B) FACTORS.—In determining the public interest under subparagraph (A), the Attorney General shall consider the factors specified in section 50503(j) of this title.

(d) DENIAL OF APPLICATION.—

(1) DENIAL OF SUBSECTION (a) APPLICATION.—The Attorney General may deny an application for registration under subsection (a) if the Attorney General is unable to determine that the registration is consistent with the public interest (as described in subsection (a)) and with the United States obligations under international treaties, conventions, or protocols in effect on May 1, 1971.

(2) DENIAL OF SUBSECTION (c) APPLICATION; REVOCATION OR SUSPENSION OF SUBSECTIONS (a) AND (c) REGISTRATIONS.—The Attorney General may deny an application for registration under subsection (c), or revoke or suspend a registration under subsection (a) or (c), if the Attorney General determines that the registration is inconsistent with the public interest (as described in subsection (a) or (c)) or with the United States obligations under

international treaties, conventions, or protocols in effect on May 1, 1971.

(3) LIMITATION OF REVOCATION OR SUSPENSION.—The Attorney General may limit the revocation or suspension of a registration to the particular controlled substance, or substances, or list I chemical or chemicals, with respect to which grounds for revocation or suspension exist.

(4) ORDER TO SHOW CAUSE; PROCEEDINGS TO DENY, REVOKE, OR SUSPEND.—

(A) ORDER TO SHOW CAUSE.—Before taking action pursuant to this subsection, the Attorney General shall serve on the applicant or registrant an order to show cause as to why the registration should not be denied, revoked, or suspended. The order to show cause shall contain a statement of the basis of the order and shall call on the applicant or registrant to appear before the Attorney General, or the designee of the Attorney General, at a time and place stated in the order, but not less than 30 days after the date of receipt of the order.

(B) PROCEEDINGS TO DENY, REVOKE, OR SUSPEND.—Proceedings to deny, revoke, or suspend shall be conducted pursuant to this sub-

section in accordance with subchapter II of chapter 5 of title 5. The proceedings shall be independent of, and not in lieu of, criminal prosecutions or other proceedings under this division or any other law of the United States.

(5) SUSPENSION OF REGISTRATION AND INSTITUTION OF PROCEEDINGS.—The Attorney General may, in the discretion of the Attorney General, suspend any registration simultaneously with the institution of proceedings under this subsection, in cases in which the Attorney General finds that there is an imminent danger to the public health and safety. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review of the proceedings, unless sooner withdrawn by the Attorney General or dissolved by a court of competent jurisdiction.

(6) SEIZURE AND FORFEITURE.—

(A) IN GENERAL.—In the event that the Attorney General suspends or revokes a registration granted under this section, all controlled substances or list I chemicals owned or possessed by the registrant pursuant to the registration at the time of suspension or the effective date of the revocation order, as the case

may be, may, in the discretion of the Attorney General, be seized or placed under seal.

(B) DISPOSITION.—A disposition shall not be made of any controlled substances or list I chemicals under seal until the time for taking an appeal has elapsed or until all appeals have been concluded, except that a court, on application for sale, may at any time order the sale of perishable controlled substances or list I chemicals. The order shall require the deposit of the proceeds of the sale with the court.

(C) FORFEITURE.—On a revocation order becoming final, all such controlled substances or list I chemicals (or proceeds of the sale under subparagraph (B) that have been deposited with the court) shall be forfeited to the United States, and the Attorney General shall dispose of the controlled substances or list I chemicals in accordance with section 50911(e) of this title.

(e) REGISTRATION PERIOD.—No registration shall be issued under this division for a period in excess of 1 year. Unless the regulations of the Attorney General otherwise provide, sections 50502(f), 50505, 50507, and 50511 of this title shall apply to persons registered under this sec-

tion to the same extent the sections apply to persons registered under section 50503 of this title.

(f) RULES AND REGULATIONS.—The Attorney General may promulgate rules and regulations and charge reasonable fees relating to the registration and control of importers and exporters of controlled substances or listed chemicals.

(g) SCOPE OF AUTHORIZED ACTIVITY.—Persons registered by the Attorney General under this section to import or export controlled substances or list I chemicals may import or export (and for the purpose of the importing or exporting, may possess) the substances or chemicals to the extent authorized by their registration and in conformity with the other provisions of this division and division A.

(h) SEPARATE REGISTRATIONS FOR EACH PRINCIPAL PLACE OF BUSINESS.—A separate registration shall be required at each principal place of business in which the applicant imports or exports controlled substances or list I chemicals.

(i) HEARING FOR BULK MANUFACTURERS.—Except in emergency situations as described in section 51702(a)(2)(B)(i) of this title, prior to issuing a registration under this section to a bulk manufacturer of a controlled substance in schedule I or II, and prior to issuing

a regulation under section 51702(a) of this title authorizing the importation of the substance, the Attorney General shall give manufacturers holding registrations for the bulk manufacture of the substance an opportunity for a hearing.

**§ 51709. Possession, manufacture, or distribution of controlled substance**

(a) MANUFACTURE OR DISTRIBUTION FOR PURPOSE OF UNLAWFUL IMPORTATION.—It shall be unlawful for any person to manufacture or distribute a controlled substance in schedule I or II or flunitrazepam or a listed chemical intending, knowing, or having reasonable cause to believe that the substance or chemical will be unlawfully imported into the United States or into waters within a distance of 12 miles of the coast of the United States.

(b) MANUFACTURE OR DISTRIBUTION OF LISTED CHEMICAL FOR PURPOSE OF MANUFACTURE OR UNLAWFUL IMPORTATION OF CONTROLLED SUBSTANCE.—It shall be unlawful for any person to manufacture or distribute a listed chemical—

(1) intending or knowing that the listed chemical will be used to manufacture a controlled substance; and

(2) intending, knowing, or having reasonable cause to believe that the controlled substance will be unlawfully imported into the United States.

(c) POSSESSION, MANUFACTURE, OR DISTRIBUTION BY PERSON ON BOARD AIRCRAFT.—It shall be unlawful for any United States citizen on board any aircraft, or any person on board an aircraft owned by a United States citizen or registered in the United States, to—

(1) manufacture or distribute a controlled substance or listed chemical; or

(2) possess a controlled substance or listed chemical with intent to distribute.

(d) ACTS COMMITTED OUTSIDE TERRITORIAL JURISDICTION OF UNITED STATES.—This section is intended to reach acts of manufacture or distribution committed outside the territorial jurisdiction of the United States.

**§ 51710. Prohibited acts A**

(a) UNLAWFUL ACTS.—A person shall be punished as provided in subsection (b) if the person—

(1) contrary to section 50505, 51702, 51703, or 51707 of this title, knowingly or intentionally imports or exports a controlled substance;

(2) contrary to section 51705 of this title, knowingly or intentionally brings or possesses on

board a vessel, aircraft, or vehicle a controlled substance; or

(3) contrary to section 51709 of this title, manufactures, possesses with intent to distribute, or distributes a controlled substance.

(b) PENALTIES.—

(1) SPECIFIED SUBSTANCES.—

(A) QUANTITIES.—A person shall be sentenced as described in subparagraph (B) in the case of the person's violation of subsection (a) involving—

(i) 1 kilogram or more of a mixture or substance containing a detectable amount of heroin;

(ii) 5 kilograms or more of a mixture or substance containing a detectable amount of—

(I) coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed;

(II) cocaine, its salts, optical and geometric isomers, and salts or isomers;

(III) ecgonine, its derivatives, their salts, isomers, and salts of isomers; or

(IV) any compound, mixture, or preparation that contains any quantity of any of the substances referred to in subclauses (I) through (III);

(iii) 280 grams or more of a mixture or substance described in clause (ii) which contains cocaine base;

(iv) 100 grams or more of phencyclidine (PCP) or 1 kilogram or more of a mixture or substance containing a detectable amount of phencyclidine (PCP);

(v) 10 grams or more of a mixture or substance containing a detectable amount of lysergic acid diethylamide (LSD);

(vi) 400 grams or more of a mixture or substance containing a detectable amount of N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide or 100 grams or more of a mixture or substance containing a detectable amount of any analogue of N-phenyl-N-[1-(2-phenylethyl)-4-

piperidinyl] propanamide or a fentanyl-related substance;

(vii) 1000 kilograms or more of a mixture or substance containing a detectable amount of marihuana; or

(viii) 50 grams or more of methamphetamine, its salts, isomers, and salts of its isomers or 500 grams or more of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers.

(B) PENALTIES.—A person committing a violation described in subparagraph (A) shall be sentenced to a term of imprisonment of not less than 10 years and not more than life and if death or serious bodily injury results from the use of the substance shall be sentenced to a term of imprisonment of not less than 20 years and not more than life, fined not to exceed the greater of that authorized in accordance with the provisions of title 18 or $10,000,000 if the defendant is an individual or $50,000,000 if the defendant is other than an individual, or both.

(C) PRIOR CONVICTION; DEATH OR SERIOUS BODILY INJURY.—If any person commits

such a violation after a prior conviction for a serious drug felony or serious violent felony has become final, the person shall be sentenced to a term of imprisonment of not less than 15 years and not more than life imprisonment and if death or serious bodily injury results from the use of the substance shall be sentenced to life imprisonment, fined not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $20,000,000 if the defendant is an individual or $75,000,000 if the defendant is other than an individual, or both.

(D) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any sentence under this paragraph shall, in the absence a prior conviction described in subparagraph (C), impose a term of supervised release of at least 5 years in addition to the term of imprisonment and shall, if there was such a prior conviction, impose a term of supervised release of at least 10 years in addition to the term of imprisonment.

(E) PROBATION; SUSPENSION OF SENTENCE.—Notwithstanding any other provision of law, the court shall not place on probation or

suspend the sentence of any person sentenced under this paragraph.

(F) PAROLE.—A person sentenced under this paragraph shall not be eligible for parole during the term of imprisonment imposed in the sentence.

(2) SPECIFIED SUBSTANCES IN LESSER QUANTITIES.—

(A) QUANTITIES.—A person shall be sentenced as described in subparagraph (B) in the case of the person's violation of subsection (a) involving—

(i) 100 grams or more of a mixture or substance containing a detectable amount of heroin;

(ii) 500 grams or more of a mixture or substance containing a detectable amount of—

(I) coca leaves, except coca leaves and extracts of coca leaves from which cocaine, ecgonine, and derivatives of ecgonine or their salts have been removed;

(II) cocaine, its salts, optical and geometric isomers, and salts or isomers;

(III) ecgonine, its derivatives, their salts, isomers, and salts of isomers; or

(IV) any compound, mixture, or preparation that contains any quantity of any of the substances referred to in subclauses (I) through (III);

(iii) 28 grams or more of a mixture or substance described in clause (ii) which contains cocaine base;

(iv) 10 grams or more of phencyclidine (PCP) or 100 grams or more of a mixture or substance containing a detectable amount of phencyclidine (PCP);

(v) 1 gram or more of a mixture or substance containing a detectable amount of lysergic acid diethylamide (LSD);

(vi) 40 grams or more of a mixture or substance containing a detectable amount of N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide or 10 grams or more of a mixture or substance containing

a detectable amount of any analogue of N-phenyl-N-[1-(2-phenylethyl)-4-piperidinyl] propanamide or a fentanyl-related substance;

(vii) 100 kilograms or more of a mixture or substance containing a detectable amount of marihuana; or

(viii) 5 grams or more of methamphetamine, its salts, isomers, and salts of its isomers or 50 grams or more of a mixture or substance containing a detectable amount of methamphetamine, its salts, isomers, or salts of its isomers.

(B) PENALTIES.—A person committing a violation described in subparagraph (A) shall be sentenced to a term of imprisonment of not less than 5 years and not more than 40 years and if death or serious bodily injury results from the use of the substance shall be sentenced to a term of imprisonment of not less than 20 years and not more than life, fined not to exceed the greater of that authorized in accordance with the provisions of title 18 or $5,000,000 if the defendant is an individual or

$25,000,000 if the defendant is other than an individual, or both.

(C) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a serious drug felony or serious violent felony has become final, the person shall be sentenced to a term of imprisonment of not less than 10 years and not more than life imprisonment and if death or serious bodily injury results from the use of the substance shall be sentenced to life imprisonment, fined not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $8,000,000 if the defendant is an individual or $50,000,000 if the defendant is other than an individual, or both.

(D) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any sentence imposed under this paragraph shall, in the absence of such a prior conviction, include a term of supervised release of at least 4 years in addition to the term of imprisonment and shall, if there was such a prior conviction, include a term of supervised release of at least 8 years in addition to the term of imprisonment.

(E) PROBATION; SUSPENSION OF SENTENCE.—Notwithstanding any other provision of law, the court shall not place on probation or suspend the sentence of any person sentenced under this paragraph.

(F) PAROLE.—A person sentenced under this paragraph shall not be eligible for parole during the term of imprisonment imposed in the sentence.

(3) CONTROLLED SUBSTANCE IN SCHEDULE I OR II; GAMMA HYDROXYBUTYRIC ACID; FLUNITRAZEPAM.—

(A) IN GENERAL.—In the case of a violation under subsection (a) involving a controlled substance in schedule I or II, gamma hydroxybutyric acid (including when scheduled as an approved drug product for purposes of section 61302(2) of this title), or flunitrazepam, the person committing the violation shall, except as provided in paragraphs (1), (2), and (4), be sentenced to a term of imprisonment of not more than 20 years and if death or serious bodily injury results from the use of the substance shall be sentenced to a term of imprisonment of not less than 20 years and not more than life,

fined not to exceed the greater of that authorized in accordance with the provisions of title 18 or $1,000,000 if the defendant is an individual or $5,000,000 if the defendant is other than an individual, or both.

(B) PRIOR CONVICTION.—If any person commits such a violation after a prior conviction for a felony drug offense has become final, the person shall be sentenced to a term of imprisonment of not more than 30 years and if death or serious bodily injury results from the use of the substance shall be sentenced to life imprisonment, fined not to exceed the greater of twice that authorized in accordance with the provisions of title 18 or $2,000,000 if the defendant is an individual or $10,000,000 if the defendant is other than an individual, or both.

(C) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any sentence imposing a term of imprisonment under this paragraph shall, in the absence of a prior conviction under subparagraph (B), impose a term of supervised release of at least 3 years in addition to the term of imprisonment and shall, if there was such a prior conviction, impose a

term of supervised release of at least 6 years in addition to the term of imprisonment.

(D) PROBATION; SUSPENSION OF SENTENCE.—Notwithstanding subparagraph (C), and notwithstanding any other provision of law, the court shall not place on probation or suspend the sentence of any person sentenced under the provisions of this paragraph which provide for a mandatory term of imprisonment if death or serious bodily injury results.

(4) MARIHUANA; HASHISH.—In the case of a violation under subsection (a) with respect to less than 50 kilograms of marihuana, except in the case of 100 or more marihuana plants regardless of weight, less than 10 kilograms of hashish, or less than 1 kilogram of hashish oil, the person committing the violation shall be sentenced in accordance with section 50701(b)(1)(D) of this title.

(5) CONTROLLED SUBSTANCE IN SCHEDULE III.—In the case of a violation of subsection (a) involving a controlled substance in schedule III, the person shall be sentenced in accordance with section 50701(b)(1) of this title.

(6) CONTROLLED SUBSTANCE IN SCHEDULE IV.—In the case of a violation of subsection (a) in-

volving a controlled substance in schedule IV, the person shall be sentenced in accordance with section 50701(b)(2) of this title.

(7) CONTROLLED SUBSTANCE IN SCHEDULE V.—In the case of a violation of subsection (a) involving a controlled substance in schedule V, the person shall be sentenced in accordance with section 50701(b)(3) of this title.

(c) PENALTY FOR IMPORTATION OR EXPORTATION.—A person shall be fined in accordance with title 18, imprisoned not more than 20 years in the case of a violation of paragraph (1) or (3) involving a list I chemical or not more than 10 years in the case of a violation of this subsection other than a violation of paragraph (1) or (3) involving a list I chemical, or both, if the person knowingly or intentionally—

(1) imports or exports a listed chemical with intent to manufacture a controlled substance in violation of this division or division A;

(2) exports a listed chemical in violation of the laws of the country to which the chemical is exported or serves as a broker or trader for an international transaction involving a listed chemical, if the transaction is in violation of the laws of the country to which the chemical is exported;

(3) imports or exports a listed chemical knowing, or having reasonable cause to believe, that the chemical will be used to manufacture a controlled substance in violation of this division or division A;

(4) exports a listed chemical, or serves as a broker or trader for an international transaction involving a listed chemical, knowing, or having reasonable cause to believe, that the chemical will be used to manufacture a controlled substance in violation of the laws of the country to which the chemical is exported;

(5) imports or exports a listed chemical, with the intent to evade the reporting or recordkeeping requirements of section 51719 of this title applicable to the importation or exportation by falsely representing to the Attorney General that the importation or exportation qualifies for a waiver of the 15-day notification requirement granted pursuant to paragraph (2) or (3) of section 51719(f) of this title by misrepresenting the actual country of final destination of the listed chemical or the actual listed chemical being imported or exported;

(6) imports a listed chemical in violation of section 51702 of this title, imports or exports such a chemical in violation of section 51707 or 51719 of

this title, or transfers such a chemical in violation of section 51719(d) of this title; or

(7) manufactures, possesses with intent to distribute, or distributes a listed chemical in violation of section 51709 of this title.

**§ 51711. Foreign terrorist organizations and terrorist persons and groups**

(a) DEFINITION OF ANYTHING OF PECUNIARY VALUE.—In this section, the term ''anything of pecuniary value'' has the meaning given the term in section 1958(b)(1) of title 18.

(b) PROHIBITED ACTS.—

(1) IN GENERAL.—Whoever engages in conduct that would be punishable under section 50701(a) of this title if committed within the jurisdiction of the United States, or attempts or conspires to do so, knowing or intending to provide, directly or indirectly, anything of pecuniary value to any person or organization that has engaged or engages in terrorist activity (as defined in section 212(a)(3)(B) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(3)(B))) or terrorism (as defined in section 140(d)(2) of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (22 U.S.C. 2656f(d)(2))), shall be sentenced to a term of im-

prisonment of not less than twice the minimum punishment under section 50701(b)(1) of this title, and not more than life, fined in accordance with the provisions of title 18, or both.

(2) SUPERVISED RELEASE.—Notwithstanding section 3583 of title 18, any sentence imposed under this subsection shall include a term of supervised release of at least 5 years in addition to the term of imprisonment.

(c) JURISDICTION.—There is jurisdiction over an offense under this section if—

(1) the prohibited drug activity or the terrorist offense is in violation of the criminal laws of the United States;

(2) the offense, the prohibited drug activity, or the terrorist offense occurs in or affects interstate or foreign commerce;

(3) an offender provides anything of pecuniary value for a terrorist offense that causes or is designed to cause death or serious bodily injury to a national of the United States while that national is outside the United States, or substantial damage to the property of a legal entity organized under the laws of the United States (including any of its States, districts, commonwealths, territories, or pos-

sessions) while that property is outside of the United States;

(4) the offense or the prohibited drug activity occurs in whole or in part outside of the United States (including on the high seas), and a perpetrator of the offense or the prohibited drug activity is a national of the United States or a legal entity organized under the laws of the United States (including any of its States, districts, commonwealths, territories, or possessions); or

(5) after the conduct required for the offense occurs, an offender is brought into or found in the United States, even if the conduct required for the offense occurs outside the United States.

(d) PROOF REQUIREMENTS.—To violate subsection (b), a person must have knowledge that the person or organization has engaged or engages in terrorist activity (as defined in section 212(a)(3)(B) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(3)(B))) or terrorism (as defined in section 140(d)(2) of the Foreign Relations Authorization Act, Fiscal Years 1988 and 1989 (22 U.S.C. 2656f(d)(2))).

**§ 51712. Prohibited acts B**

Any person that violates section 51704 of this title or fails to notify the Attorney General of an importation

or exportation under section 51719 of this title shall be subject to the following penalties:

(1) CIVIL PENALTIES.—Except as provided in paragraph (2), any such person shall, with respect to any such violation, be subject to a civil penalty of not more than $25,000. Paragraphs (1) and (3) of section 50702(d) of this title shall apply to any civil penalty assessed under this paragraph.

(2) CRIMINAL PENALTIES.—If such a violation is prosecuted by an information or indictment that alleges that the violation was committed knowingly or intentionally and the trier of fact specifically finds that the violation was so committed, the person shall be sentenced to imprisonment for not more than 1 year, fined under title 18, or both.

**§ 51713. Second or subsequent offenses**

(a) TERM OF IMPRISONMENT AND FINE.—

(1) IN GENERAL.—Any person convicted of any offense under this division is, if the offense is a second or subsequent offense, punishable by a term of imprisonment twice that otherwise authorized, by twice the fine otherwise authorized, or by both.

(2) CERTAIN OFFENSES.—If the conviction is for an offense punishable under section 51710(b) of this title, and if it is the offender's second or subse-

quent offense, the court shall impose, in addition to any term of imprisonment and fine, twice the term of supervised release otherwise authorized.

(b) DETERMINATION OF STATUS.—For purposes of this section, a person shall be considered convicted of a second or subsequent offense if, prior to the commission of the offense, 1 or more prior convictions of the person for a felony drug offense have become final.

(c) PROCEDURES APPLICABLE.—Section 50711 of this title shall apply with respect to any proceeding to sentence a person under this section.

**§ 51714. Attempt and conspiracy**

Any person that attempts or conspires to commit any offense defined in this division shall be subject to the same penalties as those prescribed for the offense, the commission of which was the object of the attempt or conspiracy.

**§ 51715. Additional penalties**

Any penalty imposed for violation of this division shall be in addition to, and not in lieu of, any civil or administrative penalty or sanction authorized by law.

**§ 51716. Applicability of chapter 509 of this title**

(a) IN GENERAL.—Chapter 509 of this title shall apply with respect to functions of the Attorney General (and of officers and employees of the Drug Enforcement Administration) under this division, to administrative and

judicial proceedings under this division, and to violations of this division, to the same extent that the chapter applies to functions of the Attorney General (and the officers and employees) under division A, to the proceedings under division A, and to violations of division A.

(b) REFERENCES.—For purposes of the application of this section to section 50910 or 50911 of this title, any reference in section 50910 or 50911 of this title to ''this division'' shall be deemed to be a reference to this division, any reference to section 50503 of this title shall be deemed to be a reference to section 51708 of this title, and any reference to section 50502(d) of this title shall be deemed to be a reference to section 51707(b)(2) of this title.

**§ 51717. Authority of Secretary of the Treasury**

Nothing in this division and division A shall derogate from the authority of the Secretary of the Treasury under the customs and related laws.

**§ 51718. Criminal forfeitures**

Section 50713 of this title, relating to criminal forfeitures, shall apply in every respect to a violation of this division punishable by imprisonment for more than 1 year.

**§ 51719. Notification, suspension of shipment, and penalties with respect to importation and exportation of listed chemicals**

(a) NOTIFICATION PRIOR TO TRANSACTION.—Each regulated person that imports or exports a listed chemical shall notify the Attorney General of the importation or exportation not later than 15 days before the transaction is to take place.

(b) REGULAR CUSTOMERS OR IMPORTERS.—

(1) INAPPLICABILITY OF REQUIREMENT.—

(A) IN GENERAL.—The Attorney General shall provide by regulation for circumstances in which the requirement of subsection (a) does not apply to a transaction between a regulated person and a regular customer or to a transaction that is an importation by a regular importer.

(B) WHEN NOTIFICATION IS REQUIRED.—At the time of any importation or exportation constituting a transaction referred to in subparagraph (A), the regulated person shall notify the Attorney General of the transaction.

(2) QUALIFICATION AS REGULAR CUSTOMER OR REGULAR IMPORTER.—The regulations under this subsection shall provide that the initial notification under subsection (a) with respect to a customer of

a regulated person or to an importer shall, on the expiration of the 15-day period, qualify the customer as a regular customer or the importer as a regular importer, unless the Attorney General otherwise notifies the regulated person in writing.

(c) SUSPENSION OF IMPORTATION OR EXPORTATION; DISQUALIFICATION OF REGULAR CUSTOMERS OR IMPORTERS.—

(1) IN GENERAL.—

(A) ORDER.—The Attorney General may order the suspension of any importation or exportation of a listed chemical (other than a regulated transaction to which the requirement of subsection (a) does not apply by reason of subsection (b)) or may disqualify any regular customer or regular importer on the ground that the chemical may be diverted to the clandestine manufacture of a controlled substance (without regard to the form of the chemical that may be diverted, including the diversion of a finished drug product to be manufactured from bulk chemicals to be transferred).

(B) EFFECT OF WRITTEN NOTICE OF ORDER.—From and after the time when the Attorney General provides written notice of the

order (including a statement of the legal and factual basis for the order) to the regulated person, the regulated person may not carry out the transaction.

(2) HEARING.—On written request to the Attorney General, a regulated person to whom an order applies under paragraph (1) is entitled to an agency hearing on the record in accordance with subchapter II of chapter 5 of title 5. The hearing shall be held on an expedited basis and not later than 45 days after the request is made, except that the hearing may be held at a later time, if requested by the regulated person.

(d) INFORMATION REQUIRED IN NOTICE.—

(1) DEFINITIONS.—In this subsection:

(A) EXPORTER.—The term ''exporter'' means a regulated person that exports a listed chemical.

(B) IMPORTER.—The term ''importer'' means a regulated person that imports a listed chemical.

(C) TRANSFER.—The term ''transfer'', with respect to a listed chemical, includes the sale of the chemical.

(D) TRANSFEREE.—The term ''transferee'' means a person to whom an importer or exporter transfers a listed chemical.

(2) IN GENERAL.—

(A) NAME OF TRANSFEREE; QUANTITY.—Information provided in a notice under subsection (a) or (b) shall include the name of the person to whom the importer or exporter involved intends to transfer the listed chemical involved, and the quantity of the chemical to be transferred.

(B) DATE OF TRANSFER.—In the case of a notice under subsection (b) submitted by a regular importer, if the transferee identified in the notice is not a regular customer, the importer may not transfer the listed chemical until after the expiration of the 15-day period beginning on the date on which the notice is submitted to the Attorney General.

(C) UPDATE FOR CHANGE OF CIRCUMSTANCES.—

(i) IN GENERAL.—After a notice under subsection (a) or (b) is submitted to the Attorney General, if circumstances change and the importer or exporter will

not be transferring the listed chemical to the transferee identified in the notice, or will be transferring a greater quantity of the chemical than specified in the notice, the importer or exporter shall update the notice to identify the most recent prospective transferee or the most recent quantity or both (as the case may be) and may not transfer the listed chemical until after the expiration of the 15-day period beginning on the date on which the update is submitted to the Attorney General, except that the 15-day restriction does not apply if the prospective transferee identified in the update is a regular customer.

(ii) SUBSEQUENT UPDATES.—Clause (i) applies with respect to changing circumstances regarding a transferee or quantity identified in an update to the same extent and in the same manner as clause (i) applies with respect to changing circumstances regarding a transferee or quantity identified in the original notice under subsection (a) or (b).

(D) EXPIRATION OF 15-DAY PERIOD.—In the case of a transfer of a listed chemical that is subject to a 15-day restriction under subparagraph (B) or (C), the transferee involved shall, on the expiration of the 15-day period, be considered to qualify as a regular customer, unless the Attorney General otherwise notifies the importer or exporter involved in writing.

(3) SUSPENSION; DISQUALIFICATION.—With respect to a transfer of a listed chemical with which a notice or update referred to in paragraph (2) is concerned:

(A) IN GENERAL.—The Attorney General, in accordance with the same procedures as apply under subsection (c)(2)—

(i) may order the suspension of the transfer of the listed chemical by the importer or exporter involved, except for a transfer to a regular customer, on the ground that the chemical may be diverted to the clandestine manufacture of a controlled substance (without regard to the form of the chemical that may be diverted, including the diversion of a finished drug product to be manufactured from bulk

chemicals to be transferred), subject to the Attorney General ordering the suspension before the expiration of the 15-day period referred to in paragraph (2) with respect to the importation or exportation (in any case in which such a period applies); and

(ii) may, for purposes of clause (i) and paragraph (2), disqualify a regular customer on the ground described in clause (i).

(B) EFFECT OF WRITTEN NOTICE OF ORDER.—From and after the time when the Attorney General provides written notice of the order under subparagraph (A) (including a statement of the legal and factual basis for the order) to the importer or exporter, the importer or exporter may not carry out the transfer.

(e) BROKER OR TRADER FOR INTERNATIONAL TRANSACTION IN LISTED CHEMICAL.—A person located in the United States that is a broker or trader for an international transaction in a listed chemical that is a regulated transaction solely because of that person's involvement as a broker or trader shall, with respect to that transaction, be subject to all of the notification, reporting,

recordkeeping, and other requirements placed on exporters of listed chemicals by this division and division A.

(f) APPLICABILITY OF NOTIFICATION REQUIREMENT TO EXPORTS OF LISTED CHEMICAL.—

(1) COUNTRY-WIDE.—The Attorney General may by regulation require that the 15-day notification requirement of subsection (a) apply to all exports of a listed chemical to a specified country, regardless of the status of certain customers in the country as regular customers, if the Attorney General finds that the notification is necessary to support effective chemical diversion control programs or is required by treaty or other international agreement to which the United States is a party.

(2) WAIVER FOR EXPORTS.—The Attorney General may by regulation waive the 15-day notification requirement for exports of a listed chemical to a specified country if the Attorney General determines that the notification is not required for effective chemical diversion control. If the notification requirement is waived, exporters of the listed chemical shall be required to submit to the Attorney General reports of individual exportations or periodic reports of the exportation of the listed chemical, at such

time or times and containing such information as the Attorney General shall establish by regulation.

(3) WAIVER FOR IMPORTS.—The Attorney General may by regulation waive the 15-day notification requirement for the importation of a listed chemical if the Attorney General determines that the notification is not necessary for effective chemical diversion control. If the notification requirement is waived, importers of the listed chemical shall be required to submit to the Attorney General reports of individual importations or periodic reports of the importation of the listed chemical, at such time or times and containing such information as the Attorney General shall establish by regulation.

(g) RETURN DECLARATION.—

(1) IN GENERAL.—Within 30 days after a transaction covered by this section is completed, the importer or exporter shall send the Attorney General a return declaration containing particulars of the transaction, including the date, quantity, chemical, container, name of transferees, and such other information as the Attorney General may specify in regulations.

(2) IMPORTERS.—For importers, a single return declaration may include the particulars of both

the importation and distribution. If the importer has not distributed all chemicals imported by the end of the initial 30-day period, the importer shall file supplemental return declarations no later than 30 days from the date of any further distribution, until the distribution or other disposition of all chemicals imported pursuant to the import notification or any update is accounted for.

(h) IMPORTATION AND DISTRIBUTION OF EPHEDRINE, PSEUDOEPHEDRINE, OR PHENYLPROPANOLAMINE.—

(1) IN GENERAL.—With respect to a regulated person importing ephedrine, pseudoephedrine, or phenylpropanolamine (referred to in this section as an ''importer''), a notice of importation under subsection (a) or (b) shall include all information known to the importer on the chain of distribution of the chemical from the manufacturer to the importer.

(2) FOREIGN-CHAIN DISTRIBUTORS.—For the purpose of preventing or responding to the diversion of ephedrine, pseudoephedrine, or phenylpropanolamine for use in the illicit production of methamphetamine, the Attorney General may, in the case of any person that is a manufacturer or distributor of the chemical in the chain of distribution referred to in

paragraph (1) (which person is referred to in this subsection as a ''foreign-chain distributor''), request that the foreign-chain distributor provide to the Attorney General information known to the foreign-chain distributor on the distribution of the chemical, including sales.

(3) REFUSAL TO COOPERATE BY FOREIGN-CHAIN DISTRIBUTOR.—

(A) IN GENERAL.—If the Attorney General determines that a foreign-chain distributor is refusing to cooperate with the Attorney General in obtaining the information referred to in paragraph (2), the Attorney General may, in accordance with procedures that apply under subsection (c), issue an order prohibiting the importation of ephedrine, pseudoephedrine, or phenylpropanolamine in any case in which the foreign-chain distributor is part of the chain of distribution for the chemical.

(B) PUBLICATION OF ORDER.—Not later than 60 days prior to issuing the order, the Attorney General shall publish in the Federal Register a notice of intent to issue the order.

(C) RESTRICTION NOT APPLICABLE DURING 60-DAY PERIOD.—During the 60-day pe-

riod, imports of the chemical with respect to the foreign-chain distributor may not be restricted under this paragraph.

(i) EXCEPTION FOR IODINE.—

(1) IN GENERAL.—Iodine shall not be subject to the requirements for listed chemicals provided in this section.

(2) EFFECT OF EXCEPTION.—The exception made by paragraph (1) shall not limit the authority of the Attorney General to impose the requirements for listed chemicals provided in this section.

# Subtitle VI—Drug Control and Enforcement

# Chapter 601—Smuggling of Controlled Substances

Sec.
60101. Smuggling of controlled substances; investigations.
60102. Service of subpoena.
60103. Contempt proceedings.

## § 60101. Smuggling of controlled substances; investigations

(a) IN GENERAL.—For the purpose of any investigation that, in the opinion of the Secretary of the Treasury, is necessary and proper to the enforcement of section 545 of title 18 with respect to any controlled substance, the Secretary of the Treasury may administer oaths and affirmations, subpoena witnesses, compel their attendance,

take evidence, and require the production of records (including books, papers, documents, and tangible things that constitute or contain evidence) relevant or material to the investigation.

(b) JURISDICTION; LIMITATION.—The attendance of witnesses and the production of records may be required from any place within the customs territory of the United States, except that a witness shall not be required to appear at any hearing distant more than 100 miles from the place where the witness was served with a subpoena.

(c) PAYMENTS TO WITNESSES.—Witnesses summoned by the Secretary shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

(d) OATHS AND AFFIRMATIONS.—Oaths and affirmations may be made at any place subject to the jurisdiction of the United States.

**§ 60102. Service of subpoena**

(a) IN GENERAL.—A subpoena of the Secretary of the Treasury may be served by any person designated in the subpoena to serve it.

(b) NATURAL PERSONS.—Service on a natural person may be made by personal delivery of the subpoena to the natural person.

(c) OTHER ENTITIES.—Service may be made on a domestic or foreign corporation or on a partnership or other unincorporated association that is subject to suit under a common name, by delivering the subpoena to an officer, a managing or general agent, or any other agent authorized by appointment or by law to receive service of process.

(d) AFFIDAVIT.—The affidavit of the person serving the subpoena entered on a true copy of the subpoena by the person serving it shall be proof of service.

**§ 60103. Contempt proceedings**

(a) CONTUMACY.—In case of contumacy by, or refusal to obey a subpoena issued to, any person, the Secretary of the Treasury may invoke the aid of any court of the United States within the jurisdiction of which the investigation is carried on or of which the subpoenaed person is an inhabitant, carries on business, or may be found, to compel compliance with the subpoena of the Secretary of the Treasury.

(b) COURT ORDER.—The court may issue an order requiring the subpoenaed person to appear before the Secretary of the Treasury to produce records, if so ordered, or to give testimony relating to the matter under investigation.

(c) CONTEMPT.—Any failure to obey the order of the court may be punished by the court as a contempt of

court. All process in any such case may be served in the judicial district in which the subpoenaed person is an inhabitant or in which the person may be found.

# Chapter 603—Drug Abuse Prevention, Treatment, and Rehabilitation

Sec.
60301. Congressional declaration of national policy.
60302. Notice relating to the control of dangerous drugs.
60303. Drug abuse prevention function appropriations.
60304. Special project grants and contracts.
60305. Records and audit.
60306. Contract authority.

## § 60301. Congressional declaration of national policy

(a) GENERAL POLICY AND PURPOSE; GOALS.—Congress declares that it is the policy of the United States and the purpose of this chapter—

(1) to focus the comprehensive resources of the Federal Government and bring them to bear on drug abuse with the objective of significantly reducing the incidence, as well as the social and personal costs, of drug abuse in the United States; and

(2) to develop and ensure the implementation of a comprehensive, coordinated long-term Federal strategy to combat drug abuse.

(b) SPECIFIC POLICY AND PURPOSE.—To reach the goals in subsection (a), Congress further declares that it is the policy of the United States and the purpose of this chapter to meet the problems of drug abuse through—

(1) comprehensive Federal, State, and local planning for, and effective use of, Federal assistance to States and to community-based programs to meet the urgent needs of special populations, in coordination with all other governmental and nongovernmental sources of assistance;

(2) the development and support of community-based prevention programs;

(3) the development and encouragement of effective occupational prevention and treatment programs within the Government and in cooperation with the private sector; and

(4) increased Federal commitment to research into the behavioral and biomedical etiology of, the treatment of, and the mental and physical health and social and economic consequences of, drug abuse.

**§ 60302. Notice relating to the control of dangerous drugs**

(a) IN GENERAL.—The Attorney General shall, prior to initiating any proceeding under section 50301(a) of this title, give the President timely notice of the determination described in this section, whenever the Attorney General determines that there is evidence that—

(1) a drug or other substance, which is not a controlled substance (as defined in section 50101 of this title), has a potential for abuse; or

(2) a controlled substance should be transferred or removed from a schedule under section 50302 of this title.

(b) INFORMATION FORWARDED TO ATTORNEY GENERAL.—Information forwarded to the Attorney General pursuant to section 50301(f) of this title shall also be forwarded by the Secretary of Health and Human Services to the President.

**§ 60303. Drug abuse prevention function appropriations**

Any request for appropriations by a Federal agency shall specify—

(1) on a line item basis, that part of the appropriations that the Federal agency is requesting to carry out its drug abuse prevention functions; and

(2) the authorization of the appropriations requested to carry out each of its drug abuse prevention functions.

**§ 60304. Special project grants and contracts**

(a) SCOPE OF PROGRAMS.—

(1) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the

''Secretary''), acting through the National Institute on Drug Abuse, may make grants to and enter into contracts with individuals and public and private nonprofit entities—

(A) to provide training seminars, educational programs, and technical assistance for the development, demonstration, and evaluation of drug abuse prevention, treatment, and rehabilitation programs; and

(B) to conduct demonstration and evaluation projects, with a high priority on prevention and early intervention projects and on identifying new and more effective drug abuse prevention, treatment, and rehabilitation programs.

(2) PRIORITY.—

(A) IN GENERAL.—In the implementation of the Secretary's authority under this section, the Secretary shall accord a high priority to applications for grants or contracts for primary prevention programs.

(B) PRIMARY PREVENTION PROGRAMS.—For purposes of subparagraph (A), primary prevention programs include programs designed to discourage persons from beginning drug abuse.

(3) FUNDING NOT LIMITED TO OPIATE ABUSE.—To the extent that appropriations authorized under this section are used to fund treatment services, the Secretary shall not limit the funding to treatment for opiate abuse, but shall also provide support for treatment for non-opiate drug abuse including polydrug abuse.

(4) FUNDING FOR ALCOHOL ABUSE.—Nothing shall prevent the use of funds provided under this section for programs and projects aimed at the prevention, treatment, and rehabilitation of alcohol abuse and alcoholism as well as drug abuse.

(b) COORDINATION OF APPLICATIONS FOR PROGRAMS IN A STATE.—

(1) IN GENERAL.—In carrying out this section, the Secretary shall require coordination of all applications for programs in a State and shall not give precedence to public agencies over private agencies, institutions, and organizations, or to State agencies over local agencies.

(2) EVALUATION BY STATE AGENCY.—

(A) SUBMISSION FOR REVIEW TO STATE AGENCY.—Each applicant within a State, on filing the applicant's application with the Secretary for a grant or contract under this sec-

tion, shall submit a copy of its application for review by the State agency (if any) responsible for the administration of drug abuse prevention activities.

(B) REVIEW PERIOD.—The State agency shall be given not more than 30 days from the date of receipt of the application to submit to the Secretary, in writing, an evaluation of the project set forth in the application.

(C) REQUIRED EVALUATION COMMENTS.—The evaluation shall include comments on the relationship of the project to other projects pending and approved and to any State comprehensive plan for treatment and prevention of drug abuse.

(D) COPY OF EVALUATION TO BE FURNISHED TO APPLICANT.—The State shall furnish the applicant a copy of the evaluation.

(E) WAIVER.—A State, if it desires, may, in writing, waive its rights under this paragraph.

(3) CRITERIA FOR APPROVAL.—Approval of any application for a grant or contract under this section by the Secretary, including the earmarking of financial assistance for a program or project, may be

granted only if the application substantially meets a set of criteria that—

(A) provide that the activities and services for which assistance under this section is sought will be substantially administered by or under the supervision of the applicant;

(B) provide for such methods of administration as are necessary for the proper and efficient operation of the programs or projects; and

(C) provide for such fiscal control and fund accounting procedures as may be necessary to ensure proper disbursement of and accounting for Federal funds paid to the applicant.

(4) PROPOSED PERFORMANCE STANDARDS OR RESEARCH PROTOCOL.—Each applicant within a State, on filing the applicant's application with the Secretary for a grant or contract to provide treatment or rehabilitation services shall provide a proposed performance standard or standards, to measure, or research protocol to determine, the effectiveness of the treatment or rehabilitation program or project.

(c) PROGRAMS AND PROJECTS AIMED AT UNDERSERVED GROUPS.—The Secretary shall encourage the

submission of and give special consideration to applications under this section to programs and projects aimed at underserved populations such as racial and ethnic minorities, Native Americans (including Native Hawaiians and Native American Pacific Islanders), youth, the elderly, women, disabled individuals, and families of drug abusers.

(d) PAYMENTS.—Payment under grants or contracts under this section may be made in advance or by way of reimbursement and in such installments as the Secretary may determine.

(e) PREVENTION AND TREATMENT SERVICES.—Projects and programs for which grants and contracts are made or entered into under this section shall, in the case of prevention and treatment services, seek to—

(1) be responsive to special requirements of disabled individuals in receiving the services;

(2) whenever possible, be community-based, ensure care of good quality in general community care facilities and under health insurance plans, and be integrated with, and provide for the active participation of, a wide range of public and nongovernmental agencies, organizations, institutions, and individuals;

(3) where a substantial number of the individuals in the population served by the project or program are of limited English-speaking ability—

(A) utilize the services of outreach workers fluent in the language spoken by a predominant number of the individuals and develop a plan and make arrangements responsive to the needs of the population for providing services to the extent practicable in the language and cultural context most appropriate to the individuals; and

(B) identify an individual who is fluent both in that language and English and whose responsibilities shall include providing guidance to the individuals of limited English-speaking ability and to appropriate staff members with respect to cultural sensitivities and bridging linguistic and cultural differences; and

(4) if appropriate, utilize existing community resources (including community mental health centers).

(f) AUTHORIZATION BY CHIEF EXECUTIVE OFFICER OF STATE REQUIRED.—

(1) IN GENERAL.—A grant shall not be made under this section to a State or to any entity within the government of a State unless the grant application has been authorized by the chief executive officer of the State.

(2) MAXIMUM AMOUNT AND DURATION OF GRANTS.—A grant or contract shall not be made under this section for a period in excess of 5 years.

(3) AMOUNT LIMITATION PER FISCAL YEAR.—The amount of any grant or contract under this section may not exceed 100 percent of the cost of carrying out the grant or contract in the first fiscal year for which the grant or contract is made under this section, 80 percent of the cost in the second fiscal year for which the grant or contract is made under this section, 70 percent of the cost in the third fiscal year for which the grant or contract is made under this section, and 60 percent of the cost in each of the fourth and fifth fiscal years for which the grant or contract is made under this section.

**§ 60305. Records and audit**

(a) ASSISTANCE RECORDS; CONTENTS.—Each recipient of assistance under section 60304 of this title pursuant to grants or contracts entered into under other than competitive bidding procedures shall keep—

(1) such records as the Secretary of Health and Human Services shall prescribe, including records that fully disclose—

(A) the amount and disposition by the recipient of the proceeds of the grant or contract;

(B) the total cost of the project or undertaking in connection with which the grant or contract is given or used; and

(C) the amount of that portion of the cost of the project or undertaking supplied by other sources; and

(2) such other records as will facilitate an effective audit.

(b) ACCESS TO PERTINENT INFORMATION FOR AUDIT AND EXAMINATION.—The Secretary of Health and Human Services and Comptroller General, or any of their authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of the recipients that are pertinent to the grants or contracts.

**§ 60306. Contract authority**

The authority of the Secretary of Health and Human Services to enter into contracts under section 60304 of this title shall be effective for any fiscal year only to such extent or in such amounts as are provided in advance by appropriation Acts.

# Chapter 605—Drug Free Communities

**Subchapter I—General Provisions**

Sec.
60501. Definitions.
60502. Purposes.
60503. Authorization of appropriations.

**Subchapter II—Drug-Free Communities Support Program**

60511. Establishment of drug-free communities support program.
60512. Program authorization.
60513. Information collection and dissemination with respect to grant recipients.
60514. Technical assistance and training.
60515. Supplemental grants for coalition mentoring activities.

# Subchapter I—General Provisions

## § 60501. Definitions

In this chapter:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator appointed by the Director under section 60511(c) of this title.

(2) COMMUNITY.—The term ''community'' has the meaning given the term by the Administrator.

(3) DIRECTOR.—The term ''Director'' means the Director of National Drug Control Policy.

(4) ELIGIBLE COALITION.—The term ''eligible coalition'' means a coalition that meets the applicable criteria under section 60512(a) of this title.

(5) GRANT RECIPIENT.—The term ''grant recipient'' means the recipient of a grant award under section 60512 of this title.

(6) NONPROFIT ORGANIZATION.—The term ''nonprofit organization'' means an organization described under section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(3)) that is exempt from taxation under section 501(a) of the Internal Revenue Code of 1986 (26 U.S.C. 501(a)).

(7) PROGRAM.—The term ''Program'' means the program established under section 60511(a) of this title.

(8) SUBSTANCE USE AND MISUSE.—The term ''substance use and misuse'' means—

(A) the illegal use or misuse of drugs, including substances for which a listing is in effect under any of schedules I through V under section 50302 of this title;

(B) the misuse of inhalants or over-the-counter drugs; or

(C) the use of alcohol, tobacco, or other related product as the use is prohibited by State or local law.

(9) YOUTH.—The term ''youth'' has the meaning given the term by the Administrator.

**§ 60502. Purposes**

The purposes of this chapter are—

(1) to reduce substance use and misuse among youth in communities throughout the United States, and over time, to reduce substance use and misuse among adults;

(2) to strengthen collaboration among communities, the Federal Government, and State, local, and tribal governments;

(3) to enhance intergovernmental cooperation and coordination on the issue of substance use and misuse among youth;

(4) to serve as a catalyst for increased citizen participation and greater collaboration among all sectors and organizations of a community that first demonstrates a long-term commitment to reducing substance use and misuse among youth;

(5) to rechannel resources from the fiscal year 1998 Federal drug control budget to provide technical assistance, guidance, and financial support to communities that demonstrate a long-term commitment in reducing substance use and misuse among youth;

(6) to disseminate to communities timely information regarding the state-of-the-art practices and initiatives that have proven to be effective in reducing substance use and misuse among youth;

(7) to enhance, not supplant, local community initiatives for reducing substance use and misuse among youth; and

(8) to encourage the creation of and support for community anti-drug coalitions throughout the United States.

**§ 60503. Authorization of appropriations**

(a) IN GENERAL.—There is authorized to be appropriated to the Office of National Drug Control Policy to carry out this chapter $99,000,000 for each of fiscal years 2018 through 2023.

(b) ADMINISTRATIVE COSTS.—Not more than 8 percent of the funds appropriated to carry out this chapter may be used by the Office of National Drug Control Policy to pay administrative costs associated with the responsibilities of the Office under this chapter.

# Subchapter II—Drug-Free Communities Support Program

**§ 60511. Establishment of drug-free communities support program**

(a) ESTABLISHMENT.—The Director shall establish a program to support communities in the development and implementation of comprehensive, long-term plans and programs to prevent and treat substance use and misuse among youth.

(b) PROGRAM.—In carrying out the Program, the Director shall—

(1) make and track grants to grant recipients;

(2) provide for technical assistance and training, data collection, and dissemination of information on state-of-the-art practices that the Director

determines to be effective in reducing substance use and misuse; and

(3) provide for the general administration of the Program.

(c) ADMINISTRATION.—The Director shall appoint an Administrator to carry out the Program.

(d) CONTRACTING.—The Director may employ any necessary staff and may enter into contracts or agreements with national drug control agencies, including interagency agreements to delegate authority for the execution of grants and for such other activities necessary to carry out this chapter.

**§ 60512. Program authorization**

(a) GRANT ELIGIBILITY.—To be eligible to receive an initial grant or a renewal grant under this subchapter, a coalition shall meet each of the following criteria:

(1) APPLICATION.—The coalition shall submit an application to the Administrator in accordance with section 60513(a)(2) of this title.

(2) MAJOR SECTOR INVOLVEMENT.—

(A) IN GENERAL.—The coalition shall consist of 1 or more representatives of each of the following categories:

(i) Youth.

(ii) Parents.

(iii) Businesses.

(iv) The media.

(v) Schools.

(vi) Organizations serving youth.

(vii) Law enforcement.

(viii) Religious or fraternal organizations.

(ix) Civic and volunteer groups.

(x) Health care professionals.

(xi) State, local, or tribal governmental agencies with expertise in the field of substance use and misuse (including, if applicable, the State authority with primary authority for substance use and misuse).

(xii) Other organizations involved in reducing substance use and misuse.

(B) ELECTED OFFICIALS.—If feasible, in addition to representatives from the categories listed in subparagraph (A), the coalition shall have an elected official (or a representative of an elected official) from—

(i) the Federal Government; and

(ii) the government of the appropriate State and political subdivision of the State

or the governing body or an Indian tribe (as that term is defined in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304(e))).

(C) REPRESENTATION.—An individual who is a member of the coalition may serve on the coalition as a representative of not more than 1 category listed under subparagraph (A).

(3) COMMITMENT.—The coalition shall demonstrate, to the satisfaction of the Administrator—

(A) that the representatives of the coalition have worked together on substance use and misuse reduction initiatives, that, at a minimum, includes initiatives that target drugs referenced in section 60501(8)(A) of this title, for a period of not less than 6 months, acting through entities such as task forces, subcommittees, or community boards; and

(B) substantial participation from volunteer leaders in the community involved (especially in cooperation with individuals involved with youth such as parents, teachers, coaches, youth workers, and members of the clergy).

(4) MISSION AND STRATEGIES.—The coalition shall, with respect to the community involved—

(A) have as its principal mission the reduction of substance use and misuse, which, at a minimum, includes the use and abuse of drugs referenced in section 60501(8)(A) of this title, in a comprehensive and long-term manner, with a primary focus on youth in the community;

(B) describe and document the nature and extent of the substance use and misuse problem, which, at a minimum, includes the use and abuse of drugs referenced in section 60501(8)(A) of this title, in the community;

(C)(i) provide a description of substance use and misuse prevention and treatment programs and activities, which, at a minimum, includes programs and activities relating to the use and abuse of drugs referenced in section 60501(8)(A) of this title, in existence at the time of the grant application; and

(ii) identify substance use and misuse programs and service gaps, which, at a minimum, includes programs and gaps relating to the use and abuse of drugs referenced in section 60501(8)(A) of this title, in the community;

(D) develop a strategic plan to reduce substance use and misuse among youth, which, at a minimum, includes the use and abuse of drugs referenced in section 60501(8)(A) of this title, in a comprehensive and long-term fashion; and

(E) work to develop a consensus regarding the priorities of the community to combat substance use and misuse among youth, which, at a minimum, includes the use and abuse of drugs referenced in section 60501(8)(A) of this title.

(5) SUSTAINABILITY.—The coalition shall demonstrate that the coalition is an ongoing concern by demonstrating that the coalition—

(A) is—

(i)(I) a nonprofit organization; or

(II) an entity that the Administrator determines to be appropriate; or

(ii) part of, or is associated with, an established legal entity;

(B) receives financial support (including, in the discretion of the Administrator, in-kind contributions) from non-Federal sources; and

(C) has a strategy to solicit substantial financial support from non-Federal sources to ensure that the coalition and the programs operated by the coalition are self-sustaining.

(6) ACCOUNTABILITY.—The coalition shall—

(A) establish a system to measure and report outcomes—

(i) consistent with common indicators and evaluation protocols established by the Administrator; and

(ii) approved by the Administrator;

(B) conduct—

(i) for an initial grant under this subchapter, an initial benchmark survey of drug use among youth (or use local surveys or performance measures available or accessible in the community at the time of the grant application); and

(ii) biennial surveys (or incorporate local surveys in existence at the time of the evaluation) to measure the progress and effectiveness of the coalition; and

(C) provide assurances that the entity conducting an evaluation under this paragraph, or

from which the coalition receives information, has experience—

(i) in gathering data related to substance use and misuse among youth; or

(ii) in evaluating the effectiveness of community anti-drug coalitions.

(7) ADDITIONAL CRITERIA.—The Director shall not impose any eligibility criteria on new applicants or renewal grantees not provided in this chapter.

(b) GRANT AMOUNTS.—

(1) IN GENERAL.—

(A) GRANTS.—

(i) IN GENERAL.—Subject to clause (iv), for a fiscal year, the Administrator may grant to an eligible coalition under this paragraph, an amount not to exceed the amount of non-Federal funds raised by the coalition, including in-kind contributions, for that fiscal year.

(ii) SUSPENSION OF GRANTS.—If the grant recipient fails to continue to meet the criteria specified in subsection (a), the Administrator may suspend the grant, after providing written notice to the grant recipient and an opportunity to appeal.

(iii) RENEWAL GRANTS.—Subject to clause (iv), the Administrator may award a renewal grant to a grant recipient under this subparagraph for each fiscal year following the fiscal year for which an initial grant is awarded, in an amount not to exceed the amount of non-Federal funds raised by the coalition, including in-kind contributions, for that fiscal year, during the 4-year period following the period of the initial grant.

(iv) LIMITATION.—The amount of a grant award under this subparagraph may not exceed $125,000 for a fiscal year.

(B) COALITION AWARDS.—

(i) IN GENERAL.—Except as provided in clause (ii), the Administrator may, with respect to a community, make a grant to 1 eligible coalition that represents that community.

(ii) EXCEPTION.—The Administrator may make a grant to more than 1 eligible coalition that represents a community if—

(I) the eligible coalitions demonstrate that the coalitions are collaborating with one another; and

(II) each of the coalitions has independently met the requirements set forth in subsection (a).

(2) RURAL COALITION GRANTS.—

(A) IN GENERAL.—

(i) AUTHORITY; WAIVER.—In addition to awarding grants under paragraph (1), to stimulate the development of coalitions in sparsely populated and rural areas, the Administrator may award a grant in accordance with this section to a coalition that represents a county with a population that does not exceed 30,000 individuals. In awarding a grant under this paragraph, the Administrator may waive any requirement under subsection (a) if the Administrator considers that waiver to be appropriate.

(ii) MATCHING REQUIREMENT.—Subject to subparagraph (C), for a fiscal year, the Administrator may grant to an eligible coalition under this paragraph, an amount

not to exceed the amount of non-Federal funds raised by the coalition, including in-kind contributions, for that fiscal year.

(iii) SUSPENSION OF GRANTS.—If the grant recipient fails to continue to meet any criteria specified in subsection (a) that has not been waived by the Administrator pursuant to clause (i), the Administrator may suspend the grant, after providing written notice to the grant recipient and an opportunity to appeal.

(B) RENEWAL GRANTS.—The Administrator may award a renewal grant to an eligible coalition that is a grant recipient under this paragraph for each fiscal year following the fiscal year for which an initial grant is awarded, in an amount not to exceed the amount of non-Federal funds raised by the coalition, including in-kind contributions, during the 4-year period following the period of the initial grant.

(C) LIMITATIONS.—

(i) AMOUNT.—The amount of a grant award under this paragraph shall not exceed $125,000 for a fiscal year.

(ii) AWARDS.—With respect to a county referred to in subparagraph (A), the Administrator may award a grant under this section to not more than 1 eligible coalition that represents the county.

(3) ADDITIONAL GRANTS.—

(A) IN GENERAL.—Subject to subparagraph (F), the Administrator may award an additional grant under this paragraph to an eligible coalition awarded a grant under paragraph (1) or (2) for any first fiscal year after the end of the 4-year period following the period of the initial grant under paragraph (1) or (2), as the case may be.

(B) SCOPE OF GRANTS.—A coalition awarded a grant under paragraph (1) or (2), including a renewal grant under the paragraph, may not be awarded another grant under the paragraph, and is eligible for an additional grant under this section only under this paragraph.

(C) NO PRIORITY FOR APPLICATIONS.—The Administrator may not afford a higher priority in the award of an additional grant under this paragraph than the Administrator would

afford the applicant for the grant if the applicant were submitting an application for an initial grant under paragraph (1) or (2) rather than an application for a grant under this paragraph.

(D) RENEWAL GRANTS.—Subject to subparagraph (F), the Administrator may award a renewal grant to a grant recipient under this paragraph for each fiscal year of the 4-fiscal-year period following the first fiscal year for which the initial additional grant is awarded in an amount not to exceed the following:

(i) For the first and second fiscal years of the 4-fiscal-year period, the amount of the non-Federal funds, including in-kind contributions, raised by the coalition for the applicable fiscal year is not less than 125 percent of the amount awarded.

(ii) For the third and fourth fiscal years of the 4-fiscal-year period, the amount of the non-Federal funds, including in-kind contributions, raised by the coalition for the applicable fiscal year is not

less than 150 percent of the amount awarded.

(E) SUSPENSION.—If a grant recipient under this paragraph fails to continue to meet the criteria specified in subsection (a), the Administrator may suspend the grant, after providing written notice to the grant recipient and an opportunity to appeal.

(F) LIMITATION.—The amount of a grant award under this paragraph may not exceed $125,000 for a fiscal year.

(4) PROCESS FOR SUSPENSION.—A grantee shall not be suspended or terminated under paragraph (1)(A)(ii), (2)(A)(iii), or (3)(E) unless that grantee is afforded a fair, timely, and independent appeal prior to the suspension or termination.

(c) TREATMENT OF FUNDS FOR COALITIONS REPRESENTING CERTAIN ORGANIZATIONS.—Funds appropriated for the substance use and misuse activities of a coalition that includes a representative of the Bureau of Indian Affairs, the Indian Health Service, or a tribal government agency with expertise in the field of substance use and misuse may be counted as non-Federal funds raised by the coalition for purposes of this section.

(d) PRIORITY IN AWARDING GRANTS.—In awarding grants under subsection (b)(1)(A)(i), priority shall be given to a coalition serving economically disadvantaged areas.

**§ 60513. Information collection and dissemination with respect to grant recipients**

(a) COALITION INFORMATION.—

(1) GENERAL AUDITING AUTHORITY.—For the purpose of audit and examination, the Administrator—

(A) shall have access to any books, documents, papers, and records that are pertinent to any grant or grant renewal request under this chapter; and

(B) may periodically request information from a grant recipient to ensure that the grant recipient meets the applicable criteria under section 60512(a) of this title.

(2) APPLICATION PROCESS.—The Administrator shall issue a request for proposal regarding, with respect to the grants awarded under section 60512 of this title, the application process, grant renewal, and suspension or withholding of renewal grants. Each application under this paragraph shall

be in writing and shall be subject to review by the Administrator.

(3) REPORTING.—The Administrator shall, to the maximum extent practicable and in a manner consistent with applicable law, minimize reporting requirements by a grant recipient and expedite any application for a renewal grant made under this subchapter.

(b) DATA COLLECTION AND DISSEMINATION.—

(1) IN GENERAL.—The Administrator may collect data from—

(A) national substance use and misuse organizations that work with eligible coalitions, community anti-drug coalitions, Federal agencies, or State or local governments and the governing bodies of Indian tribes; and

(B) any other entity or organization that carries out activities that relate to the purposes of the Program.

(2) ACTIVITIES OF ADMINISTRATOR.—The Administrator may—

(A) evaluate the utility of specific initiatives relating to the purposes of the Program;

(B) conduct an evaluation of the Program; and

(C) disseminate information described in this subsection to—

(i) eligible coalitions and other substance use and misuse organizations; and

(ii) the general public.

(3) CONSULTATION.—The Administrator shall carry out activities under this subsection in consultation with the National Community Antidrug Coalition Institute.

(4) LIMITATION ON USE OF CERTAIN FUNDS FOR EVALUATION OF PROGRAM.—Amounts for activities under paragraph (2)(B) may not be derived from amounts under section 60503(a) of this title except for amounts that are available under section 60503(b) of this title for administrative costs.

**§ 60514. Technical assistance and training**

(a) IN GENERAL.—

(1) TECHNICAL ASSISTANCE AND AGREEMENTS.—With respect to any grant recipient or other organization, the Administrator may—

(A) offer technical assistance and training; and

(B) enter into contracts and cooperative agreements.

(2) COORDINATION OF PROGRAMS.—The Administrator may facilitate the coordination of programs between a grant recipient and other organizations and entities.

(b) TRAINING.—The Administrator may provide training to any representative designated by a grant recipient in—

(1) coalition building;

(2) task force development;

(3) mediation and facilitation, direct service, assessment and evaluation; or

(4) any other activity related to the purposes of the Program.

**§ 60515. Supplemental grants for coalition mentoring activities**

(a) AUTHORITY TO MAKE GRANTS.—As part of the Program, the Director may award an initial grant under this subsection, and renewal grants under subsection (f), to any coalition awarded a grant under section 60512 of this title that meets the criteria specified in subsection (d) in order to fund coalition mentoring activities by the coalition in support of the Program.

(b) TREATMENT WITH OTHER GRANTS.—

(1) SUPPLEMENT.—A grant awarded to a coalition under this section is in addition to any grant

awarded to the coalition under section 60512 of this title.

(2) REQUIREMENT FOR BASIC GRANT.—A coalition may not be awarded a grant under this section for a fiscal year unless the coalition was awarded a grant or renewal grant under section 60512(b) of this title for that fiscal year.

(c) APPLICATION.—A coalition seeking a grant under this section shall submit to the Administrator an application for the grant in such form and manner as the Administrator may require.

(d) CRITERIA.—A coalition meets the criteria specified in this subsection if the coalition—

(1) has been in existence for at least 5 years;

(2) has achieved, by or through its own efforts, measurable results in the prevention and treatment of substance use and misuse among youth;

(3) has staff or members willing to serve as mentors for persons seeking to start or expand the activities of other coalitions in the prevention and treatment of substance use and misuse;

(4) has demonstrable support from some members of the community in which the coalition mentoring activities to be supported by the grant under this section are to be carried out; and

(5) submits to the Administrator a detailed plan for the coalition mentoring activities to be supported by the grant under this section.

(e) USE OF GRANT FUNDS.—A coalition awarded a grant under this section shall use the grant amount for mentoring activities to support and encourage the development of new, self-supporting community coalitions that are focused on the prevention and treatment of substance use and misuse in the new coalitions' communities. The mentoring coalition shall encourage the development in accordance with the plan submitted by the mentoring coalition under subsection (d)(5).

(f) RENEWAL GRANTS.—The Administrator may make a renewal grant to any coalition awarded a grant under subsection (a), or a previous renewal grant under this subsection, if the coalition, at the time of application for the renewal grant—

(1) continues to meet the criteria specified in subsection (d); and

(2) has made demonstrable progress in the development of 1 or more new, self-supporting community coalitions that are focused on the prevention and treatment of substance use and misuse.

(g) GRANT AMOUNTS.—

(1) IN GENERAL.—Subject to paragraphs (2) and (3), the total amount of grants awarded to a coalition under this section for a fiscal year may not exceed the amount of non-Federal funds raised by the coalition, including in-kind contributions, for that fiscal year. Funds appropriated for the substance use and misuse activities of a coalition that includes a representative of the Bureau of Indian Affairs, the Indian Health Service, or a tribal government agency with expertise in the field of substance use and misuse may be counted as non-Federal funds raised by the coalition.

(2) INITIAL GRANTS.—The amount of the initial grant awarded to a coalition under subsection (a) may not exceed $75,000.

(3) RENEWAL GRANTS.—The total amount of renewal grants awarded to a coalition under subsection (f) for any fiscal year may not exceed $75,000.

(h) FISCAL YEAR LIMITATION ON AMOUNT AVAILABLE FOR GRANTS.—The total amount available for grants under this section, including renewal grants under subsection (f), in any fiscal year may not exceed the amount equal to 5 percent of the amount authorized to

be appropriated by section 60503(a) of this title for that fiscal year.

(i) PRIORITY IN AWARDING INITIAL GRANTS.—In awarding initial grants under this section, priority shall be given to a coalition that expressly proposes to provide mentorship to a coalition or aspiring coalition serving economically disadvantaged areas.

# Chapter 607—Other Coalition Grants

Sec.
60701. National Community Antidrug Coalition Institute.
60702. Prohibition against duplication of effort.
60703. Community-based coalition enhancement grants to address local drug crises.

## § 60701. National Community Antidrug Coalition Institute

(a) IN GENERAL.—The Director of National Drug Control Policy shall make a competitive grant to provide for the continuation of the National Community Antidrug Coalition Institute.

(b) ELIGIBLE ORGANIZATIONS.—An organization eligible for the grant under subsection (a) is any national nonprofit organization that represents, provides technical assistance and training to, and has special expertise and broad, national-level experience in community antidrug coalitions under chapter 605 of this title.

(c) USE OF GRANT AMOUNT.—The organization that receives the grant under subsection (a) shall continue a National Community Antidrug Coalition Institute to—

(1) provide education, training, and technical assistance for coalition leaders and community teams, with emphasis on the development of coalitions serving economically disadvantaged areas;

(2) develop and disseminate evaluation tools, mechanisms, and measures to better assess and document coalition performance measures and outcomes; and

(3) bridge the gap between research and practice by translating knowledge from research into practical information.

(d) ADMINISTRATION OF GRANT.—

(1) DURATION.—With respect to a grant made under subsection (a) in fiscal year 2020, the term of the grant shall be 4 years.

(2) DISBURSEMENT.—To the extent amounts are provided in appropriation Acts for the grant, the Director of National Drug Control Policy shall disburse the amount of the grant made under subsection (a) on an annual basis.

**§ 60702. Prohibition against duplication of effort**

The Director of National Drug Control Policy shall ensure that the same or similar activities are not carried out, through the use of funds for administrative costs provided under subchapter II of chapter 605 of this title or funds provided under section 60701 of this title, by more than 1 recipient of the funds.

**§ 60703. Community-based coalition enhancement grants to address local drug crises**

(a) DEFINITIONS.—In this section:

(1) ADMINISTRATOR.—The term ''Administrator'' means the Administrator of the Substance Abuse and Mental Health Services Administration.

(2) DIRECTOR.—The term ''Director'' means the Director of National Drug Control Policy.

(3) ELIGIBLE ENTITY.—The term ''eligible entity'' means an organization that—

(A) on or before the date of submitting an application for a grant under this section, receives or has received a grant under chapter 605 of this title; and

(B) has documented, using local data, rates of abuse of opioids or methamphetamines at levels that are—

(i) significantly higher than the national average as determined by the Sec-

retary (including appropriate consideration of the results of the Monitoring the Future Survey published by the National Institute on Drug Abuse and the National Survey on Drug Use and Health published by the Substance Abuse and Mental Health Services Administration); or

(ii) higher than the national average, as determined by the Secretary (including appropriate consideration of the results of the surveys described in clause (i)), over a sustained period of time.

(4) EMERGING DRUG ABUSE ISSUE.—The term ''emerging drug abuse issue'' means a substance use disorder within an area involving—

(A) a sudden increase in demand for particular drug abuse treatment services relative to previous demand; and

(B) a lack of resources in the area to address the emerging problem.

(5) LOCAL DRUG CRISIS.—The term ''local drug crisis'' means, with respect to the area served by an eligible entity—

(A) a sudden increase in the abuse of opioids or methamphetamines, as documented by local data;

(B) the abuse of prescription medications, specifically opioids or methamphetamines, that is significantly higher than the national average, over a sustained period of time, as documented by local data; or

(C) a sudden increase in opioid-related deaths, as documented by local data.

(6) OPIOID.—The term ''opioid'' means any drug having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having the addiction-forming or addiction-sustaining liability.

(b) PROGRAM AUTHORIZED.—The Director, in coordination with the Administrator, may make grants to eligible entities to implement comprehensive community-wide strategies that address local drug crises and emerging drug abuse issues within the area served by the eligible entity.

(c) APPLICATION.—

(1) IN GENERAL.—An eligible entity seeking a grant under this section shall submit an application to the Director at such time, in such manner, and

accompanied by such information as the Director may require.

(2) CRITERIA.—As part of an application for a grant under this section, the Director shall require an eligible entity to submit a detailed, comprehensive, multisector plan for addressing the local drug crisis or emerging drug abuse issue within the area served by the eligible entity.

(d) USE OF FUNDS.—An eligible entity shall use a grant received under this section—

(1) for programs designed to implement comprehensive community-wide prevention strategies to address the local drug crisis in the area served by the eligible entity, in accordance with the plan submitted under subsection (c)(2);

(2) to obtain specialized training and technical assistance from the organization funded under section 60701 of this title; and

(3) for programs designed to implement comprehensive community-wide strategies to address emerging drug abuse issues in the community.

(e) SUPPLEMENT NOT SUPPLANT.—An eligible entity shall use Federal funds received under this section only to supplement the funds that would, in the absence of those Federal funds, be made available from other Federal

and non-Federal sources for the activities described in this section, and not to supplant those funds.

(f) EVALUATION.—A grant under this section shall be subject to the same evaluation requirements and procedures as the evaluation requirements and procedures imposed on the recipient of a grant under the chapter 605 of this title. Evaluation requirements to which a grant under this section is subject may also include an evaluation of the effectiveness at reducing abuse of opioids or methamphetamines.

(g) LIMITATION ON ADMINISTRATIVE EXPENSES.—Not more than 8 percent of the amounts made available to carry out this section for a fiscal year may be used to pay for administrative expenses.

(h) DELEGATION AUTHORITY.—The Director may enter into an interagency agreement with the Administrator to delegate authority for the execution of grants and for such other activities as may be necessary to carry out this section.

(i) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out this section, there are authorized to be appropriated $5,000,000 for each of fiscal years 2017 through 2021.

# Chapter 609—Office of National Drug Control Policy

Sec.
60901. Definitions.
60902. Office of National Drug Control Policy.
60903. Appointment and duties of Director and Deputy Directors.
60904. Coordination with National Drug Control Program agencies in demand reduction, supply reduction, and State and local affairs.
60905. Development, submission, implementation, and assessment of National Drug Control Strategy.
60906. High Intensity Drug Trafficking Areas Program.
60907. Emerging Threats Committee, Emerging Threat Response Plans, and media campaign.
60908. United States Interdiction Coordinator and Interdiction Committee.
60909. Requirement for disclosure of Federal sponsorship of all Federal advertising or other communication materials.
60910. Authorization of appropriations.
60911. Awards for demonstration programs by local partnerships to coerce abstinence in chronic hard-drug users under community supervision through the use of drug testing and sanctions.

## § 60901. Definitions

In this chapter:

(1) AGENCY.—The term ''agency'' has the meaning given the term ''executive agency'' in section 102 of title 31.

(2) APPROPRIATE CONGRESSIONAL COMMITTEES.—

(A) IN GENERAL.—The term ''appropriate congressional committees'' means—

(i) the Committee on the Judiciary, the Committee on Appropriations, and the Committee on Health, Education, Labor, and Pensions of the Senate; and

(ii) the Committee on Oversight and Government Reform, the Committee on the Judiciary, the Committee on Energy and Commerce, and the Committee on Appropriations of the House of Representatives.

(B) SUBMISSION TO CONGRESS.—Any submission to Congress shall mean submission to the appropriate congressional committees.

(3) DEMAND REDUCTION.—The term ''demand reduction'' means any activity conducted by a National Drug Control Program agency, other than an enforcement activity, that is intended to reduce or prevent the use of drugs or support, expand, or provide treatment and recovery efforts, including—

(A) education about the dangers of illicit drug use;

(B) services, programs, or strategies to prevent substance use disorder, including evidence-based education campaigns, community-based prevention programs, collection and disposal of unused prescription drugs, and services to at-risk populations to prevent or delay initial use of an illicit drug;

(C) substance use disorder treatment;

(D) support for long-term recovery from substance use disorders;

(E) drug-free workplace programs;

(F) drug testing, including the testing of employees;

(G) interventions for illicit drug use and dependence;

(H) expanding availability of access to health care services for the treatment of substance use disorders;

(I) international drug control coordination and cooperation with respect to activities described in this paragraph;

(J) pre-arrest and post-arrest criminal justice interventions such as diversion programs, drug courts, and the provision of evidence-based treatment to individuals with substance use disorders who are arrested or under some form of criminal justice supervision, including medication-assisted treatment;

(K) other coordinated and joint initiatives among Federal, State, local, and Tribal agencies to promote comprehensive drug control strategies designed to reduce the demand for, and the availability of, illegal drugs;

(L) international illicit drug use education, prevention, treatment, recovery, research, and rehabilitation activities, and interventions for illicit drug use and dependence; and

(M) research related to illicit drug use and any of the activities described in this paragraph.

(4) DIRECTOR.—The term ''Director'' means the Director of National Drug Control Policy.

(5) DRUG.—The term ''drug'' has the meaning given the term ''controlled substance'' in section 50101 of this title.

(6) DRUG CONTROL.—The term ''drug control'' means any activity conducted by a National Drug Control Program agency involving supply reduction or demand reduction.

(7) EMERGING DRUG THREAT.—The term ''emerging drug threat'' means the occurrence of a new and growing trend in the use of an illicit drug or class of drugs, including rapid expansion in the supply of or demand for the drug or class of drugs.

(8) ILLICIT DRUG USE; ILLICIT DRUGS; ILLEGAL DRUGS.—The terms ''illicit drug use'', ''illicit drugs'', and ''illegal drugs'' include the illegal or illicit use of prescription drugs.

(9) LAW ENFORCEMENT; DRUG LAW ENFORCEMENT.—The term ''law enforcement'' or ''drug law enforcement'' means all efforts by a Federal, State, local, or Tribal government agency to enforce the drug laws of the United States or any State, including investigation, arrest, prosecution, and incarceration or other punishments or penalties.

(10) NATIONAL DRUG CONTROL PROGRAM.—The term ''National Drug Control Program'' means programs, policies, and activities undertaken by National Drug Control Program agencies pursuant to the responsibilities of the National Drug Control Program agencies under the National Drug Control Strategy, including any activities involving supply reduction, demand reduction, or State, local, and Tribal affairs.

(11) NATIONAL DRUG CONTROL PROGRAM AGENCY.—

(A) IN GENERAL.—The term ''National Drug Control Program agency'' means any agency (or bureau, office, independent agency, board, division, commission, subdivision, unit, or other component of the agency) that is responsible for implementing any aspect of the National Drug Control Strategy, including any

agency that receives Federal funds to implement any aspect of the National Drug Control Strategy.

(B) EXCLUSION.—The term ''National Drug Control Program agency'' does not include any agency that receives funds for drug control activity solely under the National Intelligence Program or the Joint Military Intelligence Program.

(12) NATIONAL DRUG CONTROL STRATEGY.—The term ''National Drug Control Strategy'' or ''Strategy'' means the strategy developed and submitted to Congress under section 60905 of this title, including any report, plan, or strategy required to be incorporated into or issued concurrently with the strategy.

(13) NONPROFIT ORGANIZATION.—The term ''nonprofit organization'' means an organization that is described in section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(3)) and exempt from tax under section 501(a) of the Internal Revenue Code of 1986 (26 U.S.C. 501(a)).

(14) OFFICE.—The term ''Office'' means the Office of National Drug Control Policy established under section 60902(a) of this title.

(15) STATE, LOCAL, AND TRIBAL AFFAIRS.—The term ''State, local, and Tribal affairs'' means domestic activities conducted by a National Drug Control Program agency that are intended to reduce the availability and use of illegal drugs, including—

(A) coordination and enhancement of Federal, State, local, and Tribal law enforcement drug control efforts;

(B) coordination and enhancement of efforts among National Drug Control Program agencies and State, local, and Tribal demand reduction and supply reduction agencies;

(C) coordination and enhancement of Federal, State, local, and Tribal law enforcement initiatives to gather, analyze, and disseminate information and law enforcement intelligence relating to drug control among domestic law enforcement agencies; and

(D) other coordinated and joint initiatives among Federal, State, local, and Tribal agencies to promote comprehensive drug control strategies designed to reduce the demand for, and the availability of, illegal drugs.

(16) SUBSTANCE USE DISORDER TREATMENT.—The term ''substance use disorder treat-

ment'' means an evidence-based, professionally directed, deliberate, and planned regimen including evaluation, observation, medical monitoring, and rehabilitative services and interventions such as pharmacotherapy, behavioral therapy, and individual and group counseling, on an inpatient or outpatient basis, to help patients with substance use disorder reach recovery.

(17) SUPPLY REDUCTION.—The term ''supply reduction'' means any activity or program conducted by a National Drug Control Program agency that is intended to reduce the availability or use of illegal drugs in the United States or abroad, including—

(A) law enforcement outside the United States;

(B) domestic law enforcement;

(C) source country programs, including economic development programs primarily intended to reduce the production or trafficking of illicit drugs;

(D) activities to control international trafficking in, and availability of, illegal drugs, including—

(i) accurate assessment and monitoring of international drug production and interdiction programs and policies; and

(ii) coordination and promotion of compliance with international treaties relating to the production, transportation, or interdiction of illegal drugs;

(E) activities to conduct and promote international law enforcement programs and policies to reduce the supply of drugs;

(F) activities to facilitate and enhance the sharing of domestic and foreign intelligence information among National Drug Control Program agencies, relating to the production and trafficking of drugs in the United States and in foreign countries;

(G) activities to prevent the diversion of drugs for their illicit use; and

(H) research related to any of the activities described in this paragraph.

**§ 60902. Office of National Drug Control Policy**

(a) ESTABLISHMENT OF OFFICE.—There is established in the Executive Office of the President an Office of National Drug Control Policy, which shall—

(1) lead the national drug control effort, including coordinating with the National Drug Control Program agencies;

(2) coordinate and oversee the implementation of the national drug control policy, including the National Drug Control Strategy;

(3) assess and certify the adequacy of National Drug Control Programs and the budget for those programs;

(4) evaluate the effectiveness of national drug control policy efforts, including the National Drug Control Program agencies' programs, by developing and applying specific goals and performance measurements and monitoring the agencies' program-level spending;

(5) identify and respond to emerging drug threats related to illicit drug use;

(6) administer the Drug-Free Communities Program, the High Intensity Drug Trafficking Areas Program, and other grant programs directly authorized to be administered by the Office in furtherance of the National Drug Control Strategy; and

(7) facilitate broad-scale information sharing and data standardization among Federal, State, and

local entities to support the national drug control efforts.

(b) ACCESS BY CONGRESS.—The location of the Office in the Executive Office of the President shall not be construed as affecting access by Congress, or any committee of the House of Representatives or the Senate, to any—

(1) information, document, or study in the possession of, or conducted by or at the direction of, the Director; or

(2) personnel of the Office.

(c) OFFICE OF NATIONAL DRUG CONTROL POLICY GIFT FUND.—

(1) ESTABLISHMENT.—There is established in the Treasury a fund (''Fund'') for the receipt of gifts, both real and personal, for the purpose of aiding or facilitating the work of the Office under section 60903(c) of this title.

(2) CONTRIBUTIONS.—The Office may accept, hold, and administer contributions to the Fund.

(3) USE OF AMOUNTS DEPOSITED.—Amounts deposited in the Fund are authorized to be appropriated, to remain available until expended for authorized purposes at the discretion of the Director.

(4) ETHICS GUIDELINES.—The Director shall establish written guidelines setting forth the criteria to be used in determining whether a gift or donation should be declined under this subsection because the acceptance of the gift or donation would—

(A) reflect unfavorably on the ability of the Director or the Office, or any employee of the Office, to carry out responsibilities or official duties under this chapter in a fair and objective manner; or

(B) compromise the integrity or the appearance of integrity of programs or services provided under this chapter or of any official involved in those programs or services.

(5) REGISTRY OF GIFTS.—The Director shall maintain a list of—

(A) the source and amount of each gift or donation accepted by the Office; and

(B) the source and amount of each gift or donation accepted by a contractor to be used in its performance of a contract for the Office.

(6) REPORT TO CONGRESS.—The Director shall include in the annual assessment under section 60905(g) of this title a copy of the registry maintained under paragraph (5).

(d) AUTHORITIES RELATING TO GIFTS.—The Office may accept, hold, administer, and utilize gifts, both real and personal, public and private, without fiscal year limitation, for the purpose of aiding or facilitating the work of the Office.

**§ 60903. Appointment and duties of Director and Deputy Directors**

(a) APPOINTMENT.—

(1) IN GENERAL.—

(A) DIRECTOR.—

(i) IN GENERAL.—There shall be at the head of the Office a Director who shall hold the same rank and status as the head of an executive department listed in section 101 of title 5.

(ii) APPOINTMENT.—The Director shall be appointed by the President, by and with the advice and consent of the Senate, and shall serve at the pleasure of the President.

(B) DEPUTY DIRECTOR OF NATIONAL DRUG CONTROL POLICY.—There shall be a Deputy Director of National Drug Control Policy (referred to in this subsection as the ''Deputy Director'') who shall report directly to the Di-

rector, and who shall be appointed by the President, and shall serve at the pleasure of the President.

(C) COORDINATORS.—The following coordinators shall be appointed by the Director:

(i) United States Performance Budget Coordinator, as described in subsection (c)(5).

(ii) United States Interdiction Coordinator, as described in section 60908 of this title.

(iii) United States Emerging and Continuing Threats Coordinator, as described in section 60907 of this title.

(iv) United States State, Local, and Tribal Affairs Coordinator, to carry out the activities described in subsection (j).

(v) United States Demand Reduction Coordinator, as described in subparagraph (D).

(D) DEMAND REDUCTION COORDINATOR.—The Director shall designate or appoint a United States Demand Reduction Coordinator to be responsible for the activities described in section 60901(3) of this title. For

purposes of carrying out the previous sentence, the Director shall designate or appoint an appointee in the Senior Executive Service or an appointee in a position at level 15 of the General Schedule (or equivalent).

(2) DUTIES OF DEPUTY DIRECTOR OF NATIONAL DRUG CONTROL POLICY.—The Deputy Director of National Drug Control Policy shall—

(A) carry out the duties and powers prescribed by the Director; and

(B) serve as the Director in the absence of the Director or during any period in which the office of the Director is vacant.

(3) ACTING DIRECTOR.—If the Director dies, resigns, or is otherwise unable to perform the functions and duties of the office, the Deputy Director shall perform the functions and duties of the Director temporarily in an acting capacity pursuant to subchapter III of chapter 33 of title 5.

(4) PROHIBITION.—An individual shall not serve as Director or Deputy Director while serving in any other position in the Federal Government.

(5) PROHIBITION ON POLITICAL CAMPAIGNING.—Any officer or employee of the Office who is appointed to that position by the President,

by and with the advice and consent of the Senate, may not participate in Federal election campaign activities, except that the officer or employee is not prohibited by this paragraph from making contributions to individual candidates.

(6) PROHIBITION ON THE USE OF FUNDS FOR BALLOT INITIATIVES.—Funds authorized under this chapter shall not be obligated for the purpose of expressly advocating the passage or defeat of a State or local ballot initiative.

(b) RESPONSIBILITIES OF THE DIRECTOR.—The Director—

(1) shall assist the President in the establishment of policies, goals, objectives, and priorities for the National Drug Control Program;

(2) shall promulgate the National Drug Control Strategy under section 60905(a) of this title and submit each report under section 60905(g)(1) of this title in accordance with section 60905 of this title;

(3) shall coordinate and oversee the implementation by the National Drug Control Program agencies of the policies, goals, objectives, and priorities established under paragraph (1) and the fulfillment of the responsibilities of the National Drug Control Program agencies under the National Drug Control

Strategy and make recommendations to National Drug Control Program agency heads with respect to implementation of Federal counter-drug programs;

(4) shall make such recommendations to the President as the Director determines are appropriate regarding changes in the organization, management, and budgets of National Drug Control Program agencies, and changes in the allocation of personnel to and within those National Drug Control Program agencies, to implement the policies, goals, priorities, and objectives established under paragraph (1) and the National Drug Control Strategy;

(5) shall consult with and assist State and local governments with respect to the formulation and implementation of National Drug Control Policy and their relations with the National Drug Control Program agencies;

(6) shall appear before duly constituted committees and subcommittees of the House of Representatives and of the Senate to represent the drug policies of the Executive Branch;

(7) shall notify any National Drug Control Program agency if its policies are not in compliance with the responsibilities of the National Drug Control Program agency under the National Drug Con-

trol Strategy, transmit a copy of each notification to the President and the appropriate congressional committees, and maintain a copy of each notification;

(8) shall provide, by July 1 of each year, budget recommendations, including requests for specific initiatives that are consistent with the priorities of the President under the National Drug Control Strategy, to the heads of departments and agencies with responsibilities under the National Drug Control Program, which recommendations shall—

(A) apply to the next budget year scheduled for formulation under chapter 11 of title 31, and each of the 4 subsequent fiscal years; and

(B) address funding priorities developed in the National Drug Control Strategy;

(9) may serve as the representative of the President in appearing before Congress on all issues relating to the National Drug Control Program;

(10) shall, in any matter affecting national security interests, work in conjunction with the Assistant to the President for National Security Affairs;

(11) may serve as spokesperson of the Administration of the President on drug issues;

(12) shall ensure that no Federal funds appropriated to the Office of National Drug Control Policy shall be expended for any study or contract relating to the legalization (for a medical use or any other use) of a substance listed in schedule I of section 50302 of this title and take such actions as necessary to oppose any attempt to legalize the use of a substance (in any form) that—

(A) is listed in schedule I of section 50302 of this title; and

(B) has not been approved for use for medical purposes by the Food and Drug Administration;

(13) shall submit to the appropriate congressional committees on an annual basis, not later than 60 days after the date of the last day of the applicable period, a summary of—

(A) each of the evaluations received by the Director under section 60905(g)(2) of this title; and

(B) the progress of each National Drug Control Program agency toward the drug control program goals of the National Drug Control Program agency using the performance

measures for the National Drug Control Program agency developed under this chapter;

(14) shall ensure that drug prevention and drug treatment research and information is effectively disseminated by National Drug Control Program agencies to State and local governments and nongovernmental entities involved in demand reduction by—

(A) encouraging formal consultation between any National Drug Control Program agency that conducts or sponsors research, and any National Drug Control Program agency that disseminates information in developing research and information product development agendas;

(B) encouraging the National Drug Control Program agencies (as appropriate) to develop and implement dissemination plans that specifically target State and local governments and nongovernmental entities involved in demand reduction; and

(C) supporting the substance abuse information clearinghouse administered by the Administrator of the Substance Abuse and Mental Health Services Administration and established

in section 501(d)(16) of the Public Health Service Act (42 U.S.C. 290aa(d)(16)) by—

(i) encouraging all National Drug Control Program agencies to provide all appropriate and relevant information; and

(ii) supporting the dissemination of information to all interested entities;

(15) shall coordinate with the private sector to promote private research and development of medications to treat addiction;

(16) shall monitor and evaluate the allocation of resources among Federal law enforcement agencies in response to significant local and regional drug trafficking and production threats;

(17) shall submit an annual report to Congress detailing how the Office of National Drug Control Policy has consulted with and assisted State, local, and Tribal governments with respect to the formulation and implementation of the National Drug Control Strategy and other relevant issues; and

(18) in order to formulate the national drug control policies, goals, objectives, and priorities—

(A) shall consult with and assist—

(i) State and local governments;

(ii) National Drug Control Program agencies;

(iii) each committee, working group, council, or other entity established under this chapter, as appropriate;

(iv) the public;

(v) appropriate congressional committees; and

(vi) any other person in the discretion of the Director; and

(B) may—

(i) establish advisory councils;

(ii) acquire data from agencies; and

(iii) request data from any other entity.

(c) NATIONAL DRUG CONTROL PROGRAM BUDGET.—

(1) RESPONSIBILITIES OF NATIONAL DRUG CONTROL PROGRAM AGENCIES.—

(A) IN GENERAL.—For each fiscal year, the head of each department, agency, or program of the Federal Government with responsibilities under the National Drug Control Program Strategy shall transmit to the Director a copy of the proposed drug control budget re-

quest of the department, agency, or program at the same time as that budget request is submitted to the head's superior (and before submission to the Office of Management and Budget) in the preparation of the budget of the President submitted to Congress under section 1105(a) of title 31.

(B) SUBMISSION OF DRUG CONTROL BUDGET REQUESTS.—The head of each National Drug Control Program agency shall ensure timely development and submission to the Director of each proposed drug control budget request transmitted pursuant to this paragraph, in such format as may be designated by the Director with the concurrence of the Director of the Office of Management and Budget.

(C) CONTENT OF DRUG CONTROL BUDGET REQUESTS.—A drug control budget request submitted by a department, agency, or program under this paragraph shall include all requests for funds for any drug control activity undertaken by that department, agency, or program, including demand reduction, supply reduction, and State, local, and Tribal affairs (including any drug law enforcement activities). If an ac-

tivity has both drug control and nondrug control purposes or applications, the department, agency, or program shall estimate by a documented calculation the total funds requested for that activity that would be used for drug control, and shall set forth in its request the basis and method for making the estimate.

(2) NATIONAL DRUG CONTROL PROGRAM BUDGET PROPOSAL.—For each fiscal year, following the transmission of proposed drug control budget requests to the Director under paragraph (1), the Director shall, in consultation with the head of each National Drug Control Program agency and the head of each major national organization that represents law enforcement officers, agencies, or associations—

(A) develop a consolidated National Drug Control Program budget proposal designed to implement the National Drug Control Strategy and to inform Congress and the public about the total amount proposed to be spent on all supply reduction, demand reduction, and State, local, and Tribal affairs (including any drug law enforcement), and other drug control activities by the Federal Government, which shall con-

form to the content requirements set forth in paragraph (1)(C) and include—

(i) the funding level for each National Drug Control Program agency; and

(ii) alternative funding structures that could improve progress on achieving the goals of the National Drug Control Strategy; and

(B) submit the consolidated budget proposal to the President and Congress.

(3) REVIEW AND CERTIFICATION OF BUDGET REQUESTS AND BUDGET SUBMISSIONS OF NATIONAL DRUG CONTROL PROGRAM AGENCIES.—

(A) IN GENERAL.—The Director shall review each drug control budget request submitted to the Director under paragraph (1).

(B) REVIEW OF BUDGET REQUESTS.—

(i) INADEQUATE REQUESTS.—If the Director concludes that a budget request submitted under paragraph (1) is inadequate, in whole or in part, to implement the objectives of the National Drug Control Strategy with respect to the department, agency, or program at issue for the year for which the request is submitted,

the Director shall submit to the head of the applicable National Drug Control Program agency a written description of funding levels and specific initiatives that would, in the determination of the Director, make the request adequate to implement those objectives.

(ii) ADEQUATE REQUESTS.—If the Director concludes that a budget request submitted under paragraph (1) is adequate to implement the objectives of the National Drug Control Strategy with respect to the department, agency, or program at issue for the year for which the request is submitted, the Director shall submit to the head of the applicable National Drug Control Program agency a written statement confirming the adequacy of the request.

(iii) RECORD.—The Director shall maintain a record of each description submitted under clause (i) and each statement submitted under clause (ii).

(C) SPECIFIC REQUESTS.—The Director shall not confirm the adequacy of any budget request that requests a level of funding that will

not enable achievement of the goals of the National Drug Control Strategy, including any budget request that—

(i) requests funding for Federal law enforcement activities that do not adequately compensate for transfers of drug enforcement resources and personnel to law enforcement and investigation activities;

(ii) requests funding for law enforcement activities on the borders of the United States that do not adequately direct resources to drug interdiction and enforcement;

(iii) requests funding for substance use disorder prevention and treatment activities that do not provide adequate results and accountability measures; and

(iv) requests funding for drug treatment activities that do not adequately support and enhance Federal drug treatment programs and capacity.

(D) AGENCY RESPONSE.—

(i) IN GENERAL.—The head of a National Drug Control Program agency that

receives a description under subparagraph (B)(i) shall include the funding levels and initiatives described by the Director in the budget submission for that National Drug Control Program agency to the Office of Management and Budget.

(ii) IMPACT STATEMENT.—The head of a National Drug Control Program agency that has altered its budget submission under this subparagraph shall include as an appendix to the budget submission for that National Drug Control Program agency to the Office of Management and Budget an impact statement that summarizes—

(I) the changes made to the budget under this subparagraph; and

(II) the impact of those changes on the ability of that National Drug Control Program agency to perform its other responsibilities, including any impact on specific missions or programs of the National Drug Control Program agency.

(iii) CONGRESSIONAL NOTIFICATION.—The head of a National Drug Con-

trol Program agency shall submit a copy of any impact statement under clause (ii) to the Senate and the House of Representatives and the appropriate congressional committees, at the time the budget for that National Drug Control Program agency is submitted to Congress under section 1105(a) of title 31.

(E) CERTIFICATION OF BUDGET SUBMISSIONS.—

(i) IN GENERAL.—At the time a National Drug Control Program agency submits its budget request to the Office of Management and Budget, the head of the National Drug Control Program agency shall submit a copy of the budget request to the Director.

(ii) CERTIFICATION.—The Director shall—

(I) review each budget submission submitted under clause (i);

(II) based on the review under subclause (I), make a determination as to whether the budget submission of a National Drug Control Program

agency includes the funding levels and initiatives described in subparagraph (B); and

(III) submit to the appropriate congressional committees—

(aa) a written statement that—

(AA) certifies that the budget submission includes sufficient funding; or

(BB) decertifies the budget submission as not including sufficient funding;

(bb) a copy of the description made under subparagraph (B); and

(cc) the budget recommendations made under subsection (b)(8).

(4) REPROGRAMMING AND TRANSFER REQUESTS.—

(A) IN GENERAL.—A National Drug Control Program agency shall not submit to Congress a reprogramming or transfer request with respect to any amount of appropriated funds in

an amount exceeding $5,000,000 or 10 percent of a specific program or account that is included in the National Drug Control Program budget unless the request has been approved by the Director. If the Director has not responded to a request for reprogramming subject to this subparagraph within 30 days after receiving notice of the request having been made, the request shall be deemed approved by the Director under this subparagraph and forwarded to Congress.

(B) APPEAL.—The head of any National Drug Control Program agency may appeal to the President any disapproval by the Director of a reprogramming or transfer request under this paragraph.

(5) PERFORMANCE BUDGET COORDINATOR.—

(A) DESIGNATION.—The Director shall designate or appoint a United States Performance Budget Coordinator to—

(i) ensure that the Director has sufficient information necessary to analyze the performance of each National Drug Control Program agency, the impact Federal funding has had on the goals in the Strat-

egy, and the likely contributions to the goals of the Strategy based on funding levels of each National Drug Control Program agency, to make an independent assessment of the budget request of each National Drug Control Program agency under this subsection;

(ii) advise the Director on agency budgets, performance measures and targets, and additional data and research needed to make informed policy decisions under this section and section 60905 of this title; and

(iii) perform other duties as may be determined by the Director with respect to measuring or assessing performance or agency budgets.

(B) DETERMINATION OF POSITION.—For purposes of carrying out subparagraph (A), the Director shall designate or appoint an appointee in the Senior Executive Service or an appointee in a position at level 15 of the General Schedule (or equivalent).

(6) BUDGET ESTIMATE OR REQUEST; SUBMISSION TO CONGRESS.—Whenever the Director sub-

mits any budget estimate or request to the President or the Office of Management and Budget, the Director shall concurrently transmit to the appropriate congressional committees a detailed statement of the budgetary needs of the Office to execute its mission based on the good faith assessment of the Director.

(d) POWERS OF THE DIRECTOR.—In carrying out subsection (b), the Director may—

(1) select, appoint, employ, and fix compensation of such officers and employees of the Office as may be necessary to carry out the functions of the Office under this chapter;

(2) subject to subsection (e)(3), request the head of a department, agency, or program of the Federal Government to place department, agency, or program personnel who are engaged in drug control activities on temporary detail to another department, agency, or program in order to implement the National Drug Control Strategy, and the head of the department, agency, or program shall comply with the request;

(3) use for administrative purposes, on a reimbursable basis, the available services, equipment, personnel, and facilities of Federal, State, and local agencies;

(4) procure the services of experts and consultants in accordance with section 3109 of title 5, relating to appointments in the Federal Service, at rates of compensation for individuals not to exceed the daily equivalent of the rate of pay payable under level IV of the Executive Schedule under section 5311 of title 5;

(5) accept and use gifts and donations of property from Federal, State, and local government agencies, and from the private sector, as authorized in section 60902(c) of this title;

(6) use the mails in the same manner as any other department or agency of the Executive Branch;

(7) monitor implementation of the National Drug Control Program, including—

(A) conducting program and performance audits and evaluations; and

(B) requesting assistance from the Inspector General of the relevant agency in the audits and evaluations;

(8) transfer funds made available to a National Drug Control Program agency for National Drug Control Strategy programs and activities to another account within the National Drug Control Program

agency or to another National Drug Control Program agency for National Drug Control Strategy programs and activities, except that—

(A) the authority under this paragraph may be limited in an annual appropriations Act or other provision of Federal law;

(B) the Director may exercise the authority under this paragraph only with the concurrence of the head of each affected agency;

(C) in the case of an interagency transfer, the total amount of transfers under this paragraph may not exceed 3 percent of the total amount of funds made available for National Drug Control Strategy programs and activities to the agency from which those funds are to be transferred;

(D) funds transferred to an agency under this paragraph may be used only to increase the funding for programs or activities authorized by law;

(E) the Director shall—

(i) submit to the appropriate congressional committees and any other applicable committees of jurisdiction, a reprogramming or transfer request in advance of any

transfer under this paragraph in accordance with the regulations of the affected agency; and

(ii) annually submit to the appropriate congressional committees a report describing the effect of all transfers of funds made pursuant to this paragraph or subsection (c)(4) during the 12-month period preceding the date on which the report is submitted; and

(F) funds may only be used for—

(i) expansion of demand reduction activities;

(ii) interdiction of illicit drugs on the high seas, in United States territorial waters, and at United States ports of entry by officers and employees of National Drug Control Program agencies and domestic and foreign law enforcement officers;

(iii) accurate assessment and monitoring of international drug production and interdiction programs and policies;

(iv) activities to facilitate and enhance the sharing, among National Drug Control

Program agencies, of domestic and foreign intelligence information related to the production and trafficking of drugs in the United States and foreign countries; and

(v) research related to any of these activities;

(9) issue to the head of a National Drug Control Program agency a fund control notice described in subsection (f) to ensure compliance with the National Drug Control Program Strategy and notify the appropriate congressional committees of any fund control notice issued in accordance with subsection (f)(5); and

(10) participate in the drug certification process pursuant to section 490 of the Foreign Assistance Act of 1961 (22 U.S.C. 2291j) and section 706 of the Foreign Relations Authorization Act, Fiscal Year 2003 (22 U.S.C. 2291j–1).

(e) PERSONNEL DETAILED TO OFFICE.—

(1) EVALUATIONS.—Notwithstanding any provision of chapter 43 of title 5, the Director shall perform the evaluation of the performance of any employee detailed to the Office for purposes of the applicable performance appraisal system established under the chapter for any rating period, or part of

the rating period, that the employee is detailed to the Office.

(2) COMPENSATION.—

(A) BONUS PAYMENTS.—Subject to the availability of appropriations, the Director may provide periodic bonus payments to any employee detailed to the Office.

(B) RESTRICTIONS.—An amount paid under this paragraph to an employee for any period—

(i) shall not be greater than 20 percent of the basic pay paid or payable to the employee for the period; and

(ii) shall be in addition to the basic pay of the employee.

(C) AGGREGATE AMOUNT.—The aggregate amount paid during any fiscal year to an employee detailed to the Office as basic pay, awards, bonuses, and other compensation shall not exceed the annual rate payable at the end of the fiscal year for positions at level III of the Executive Schedule.

(3) MAXIMUM NUMBER OF DETAILEES.—The maximum number of personnel who may be detailed to another department or agency (including the Of-

fice) under subsection (d)(2) during any fiscal year is—

(A) for the Department of Defense, 50; and

(B) for any other department or agency, 10.

(f) FUND CONTROL NOTICES.—

(1) IN GENERAL.—A fund control notice may direct that all or part of an amount appropriated to the National Drug Control Program agency account be obligated by—

(A) months, fiscal year quarters, or other time periods; and

(B) activities, functions, projects, or object classes.

(2) UNAUTHORIZED OBLIGATION OR EXPENDITURE PROHIBITED.—An officer or employee of a National Drug Control Program agency shall not make or authorize an expenditure or obligation contrary to a fund control notice issued by the Director.

(3) DISCIPLINARY ACTION FOR VIOLATION.—In the case of a violation of paragraph (2) by an officer or employee of a National Drug Control Program agency, the head of the National Drug Control Program agency, on the request of and in consultation

with the Director, may subject the officer or employee to appropriate administrative discipline, including, when circumstances warrant, suspension from duty without pay or removal from office.

(4) CONGRESSIONAL NOTICE.—A copy of each fund control notice shall be transmitted to the appropriate congressional committees.

(5) RESTRICTIONS.—The Director shall not issue a fund control notice to direct that all or part of an amount appropriated to the National Drug Control Program agency account be obligated, modified, or altered in any manner contrary, in whole or in part, to a specific appropriation or statute.

(g) INAPPLICABILITY TO CERTAIN PROGRAMS.—The provisions of this section shall not apply to the National Intelligence Program, the Joint Military Intelligence Program, and Tactical and Related Activities, unless the program or an element of the program is designated as a National Drug Control Program—

(1) by the President; or

(2) jointly by—

(A) in the case of the National Intelligence Program, the Director and the Director of National Intelligence; or

(B) in the case of the Joint Military Intelligence Program and Tactical and Related Activities, the Director, the Director of National Intelligence, and the Secretary of Defense.

(h) CONSTRUCTION.—Nothing in this chapter shall be construed as derogating the authorities and responsibilities of the Director of National Intelligence or the Director of the Central Intelligence Agency contained in the National Security Act of 1947 (50 U.S.C. 3001 et seq.), the Central Intelligence Agency Act of 1949 (50 U.S.C. 3501 et seq.), or any other law.

(i) MODEL ACTS PROGRAM.—

(1) IN GENERAL.—The Director shall provide for or shall enter into an agreement with a nonprofit organization to—

(A) advise States on establishing laws and policies to address illicit drug use issues; and

(B) revise model State drug laws and draft supplementary model State laws to take into consideration changes in illicit drug use issues in the State involved.

(2) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this subsection $1,250,000 for each of fiscal years 2018 through 2023.

(j) STATE, LOCAL, AND TRIBAL AFFAIRS COORDINATOR.—The Director shall designate or appoint a United States State, Local, and Tribal Affairs Coordinator to perform the duties of the Office outlined in this section and section 60905 of this title and such other duties as may be determined by the Director with respect to coordination of drug control efforts between agencies and State, local, and Tribal governments. For purposes of carrying out the previous sentence, the Director shall designate or appoint an appointee in the Senior Executive Service or an appointee in a position at level 15 of the General Schedule (or equivalent).

(k) HARM REDUCTION PROGRAMS.—When developing the national drug control policy, any policy of the Director, including policies relating to syringe exchange programs for intravenous drug users, shall be based on the best available medical and scientific evidence regarding the effectiveness of the policy in promoting individual health and preventing the spread of infectious disease and the impact of the policy on drug addiction and use. In making any policy relating to harm reduction programs, the Director shall consult with the National Institutes of Health and the National Academy of Sciences.

**§ 60904. Coordination with National Drug Control Program agencies in demand reduction, supply reduction, and State and local affairs**

(a) ACCESS TO INFORMATION.—

(1) IN GENERAL.—On the request of the Director, the head of any National Drug Control Program agency shall cooperate with and provide to the Director any statistics, studies, reports, and other information prepared or collected by the National Drug Control Program agency concerning the responsibilities of the National Drug Control Program agency under the National Drug Control Strategy that relate to—

(A) drug control; or

(B) the manner in which amounts made available to that National Drug Control Program agency for drug control are being used by that National Drug Control Program agency.

(2) PROTECTION OF INTELLIGENCE INFORMATION.—

(A) IN GENERAL.—The authorities conferred on the Office and the Director by this chapter shall be exercised in a manner consistent with provisions of the National Security Act of 1947 (50 U.S.C. 3001 et seq.). The Di-

rector of National Intelligence shall prescribe such regulations as may be necessary to protect information provided pursuant to this chapter regarding intelligence sources and methods.

(B) DUTY OF OTHER DIRECTORS TO RENDER ASSISTANCE.—The Director of National Intelligence and the Director of the Central Intelligence Agency shall, to the maximum extent practicable in accordance with subparagraph (A), render full assistance and support to the Office and the Director.

(3) REQUIRED REPORTS.—

(A) SECRETARY OF AGRICULTURE AND SECRETARY OF THE INTERIOR.—Not later than July 1 of each year, the Secretary of Agriculture and the Secretary of the Interior shall jointly submit to the Director and the appropriate congressional committees an assessment of the quantity of illegal drug cultivation and manufacturing in the United States on land owned or under the jurisdiction of the Federal Government for the preceding year.

(B) SECRETARY OF HOMELAND SECURITY.—Not later than July 1 of each year, the Secretary of Homeland Security shall submit to

the Director and the appropriate congressional committees information for the preceding year regarding—

(i) the number and type of seizures of drugs by each component of the Department of Homeland Security seizing drugs, as well as statistical information on the geographic areas of the seizures; and

(ii) the number of air and maritime patrol hours primarily dedicated to drug supply reduction missions undertaken by each component of the Department of Homeland Security.

(C) SECRETARY OF DEFENSE.—The Secretary of Defense shall, by July 1 of each year, submit to the Director and the appropriate congressional committees information for the preceding year regarding the number of air and maritime patrol hours primarily dedicated to drug supply reduction missions undertaken by each component of the Department of Defense.

(D) ATTORNEY GENERAL.—The Attorney General shall, by July 1 of each year, submit to the Director and the appropriate congressional

committees information for the preceding year regarding the number and type of—

(i) arrests for drug violations;

(ii) prosecutions for drug violations by United States Attorneys; and

(iii) seizures of drugs by each component of the Department of Justice seizing drugs, as well as statistical information on the geographic areas of the seizures.

(b) CERTIFICATION OF POLICY CHANGES TO DIRECTOR.—

(1) IN GENERAL.—Subject to paragraph (2), the head of a National Drug Control Program agency shall, unless exigent circumstances require otherwise, notify the Director in writing regarding any proposed change in policies relating to the activities of that National Drug Control Program agency under the National Drug Control Program prior to implementation of the change. The Director shall promptly review the proposed change and certify to the head of that National Drug Control Program agency in writing whether the change is consistent with the National Drug Control Strategy.

(2) EXCEPTION.—If prior notice of a proposed change under paragraph (1) is not practicable—

(A) the head of the National Drug Control Program agency shall notify the Director of the proposed change as soon as practicable; and

(B) on the notification, the Director shall review the change and certify to the head of that National Drug Control Program agency in writing whether the change is consistent with the National Drug Control Strategy.

(c) GENERAL SERVICES ADMINISTRATION.—The Administrator of General Services shall provide to the Director, on a reimbursable basis, such administrative support services as the Director may request.

(d) ACCOUNTING OF FUNDS EXPENDED.—

(1) IN GENERAL.—Not later than February 1 of each year, in accordance with guidance issued by the Director, the head of each National Drug Control Program agency shall submit to the Director a detailed accounting of all funds expended by the National Drug Control Program agency for National Drug Control Program activities during the previous fiscal year and shall ensure that the detailed accounting is authenticated for the previous fiscal year by the Inspector General for the National Drug Control Program agency prior to the submission to the Director as frequently as determined by the Inspec-

tor General but not less frequently than every 3 years.

(2) SUBMISSION TO CONGRESS.—The Director shall submit to Congress not later than April 1 of each year the information submitted to the Director under paragraph (1).

(e) DRUG COURT TRAINING AND TECHNICAL ASSISTANCE PROGRAM.—

(1) GRANTS AUTHORIZED.—The Director may make a grant to a nonprofit organization for the purpose of providing training and technical assistance to drug courts.

(2) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this subsection $2,000,000 for each of fiscal years 2018 through 2023.

(f) TRACKING SYSTEM FOR FEDERALLY FUNDED GRANT PROGRAMS.—

(1) ESTABLISHMENT.—The Director, or the head of an agency designated by the Director, in coordination with the Secretary of Health and Human Services, shall track federally funded grant programs to—

(A) ensure that the public has electronic access to information identifying—

(i) all drug control grants and pertinent identifying information for each grant; and

(ii) any available performance metrics, evaluations, or other information indicating the effectiveness of the programs;

(B) facilitate efforts to identify duplication, overlap, or gaps in funding to provide increased accountability of federally funded grants for substance use disorder treatment, prevention, and enforcement; and

(C) identify barriers that may impede applicants in the grant application process.

(2) NATIONAL DRUG CONTROL PROGRAM AGENCIES.—The head of each National Drug Control Program agency shall—

(A) provide to the Director a complete list of all drug control program grant programs and any other relevant information for inclusion in the system developed under paragraph (1); and

(B) annually update the list.

(3) UPDATING EXISTING SYSTEMS.—The Director may meet the requirements of this subsection by utilizing, updating, or improving existing Federal in-

formation systems to ensure that they meet the requirements of this subsection.

(4) REPORT.—Not later than 3 years after October 24, 2018, the Comptroller General shall submit to Congress a report examining implementation of this subsection.

**§ 60905. Development, submission, implementation, and assessment of National Drug Control Strategy**

(a) IN GENERAL.—

(1) STATEMENT OF DRUG POLICY PRIORITIES.—The Director shall release a statement of drug control policy priorities in the calendar year of a Presidential inauguration following the inauguration, but not later than April 1.

(2) NATIONAL DRUG CONTROL STRATEGY SUBMITTED BY THE PRESIDENT.—Not later than the first Monday in February following the year in which the term of the President commences, and every 2 years thereafter, the President (through the Director) shall submit to Congress a National Drug Control Strategy.

(b) DEVELOPMENT OF THE NATIONAL DRUG CONTROL STRATEGY.—

(1) PROMULGATION.—The Director shall promulgate the National Drug Control Strategy, which shall set forth a comprehensive plan to reduce illicit drug use and the consequences of illicit drug use in the United States by limiting the availability of and reducing the demand for illegal drugs and promoting prevention, early intervention, treatment, and recovery support for individuals with substance use disorders.

(2) STATE AND LOCAL COMMITMENT.—The Director shall seek the support and commitment of State, local, and Tribal officials in the formulation and implementation of the National Drug Control Strategy.

(3) STRATEGY BASED ON EVIDENCE.—The Director shall ensure that the National Drug Control Strategy is based on the best available evidence regarding the policies that are most effective in reducing the demand for and supply of illegal drugs.

(4) PROCESS FOR DEVELOPMENT AND SUBMISSION OF NATIONAL DRUG CONTROL STRATEGY.—In developing and effectively implementing the National Drug Control Strategy, the Director—

(A) shall consult with—

(i) the heads of the National Drug Control Program agencies;

(ii) each Coordinator listed in section 60903 of this title;

(iii) the Interdiction Committee and the Emerging Threats Committee;

(iv) the appropriate congressional committees and any other committee of jurisdiction;

(v) State, local, and Tribal officials;

(vi) private citizens and organizations, including community and faith-based organizations, with experience and expertise in demand reduction;

(vii) private citizens and organizations with experience and expertise in supply reduction; and

(viii) appropriate representatives of foreign governments; and

(B) in satisfying the requirements of subparagraph (A), shall ensure, to the maximum extent possible, that State, local, and Tribal officials and relevant private organizations commit to support and take steps to achieve the

goals and objectives of the National Drug Control Strategy.

(c) CONTENTS OF THE NATIONAL DRUG CONTROL STRATEGY.—

(1) IN GENERAL.—The National Drug Control Strategy submitted under subsection (a)(2) shall include the following:

(A) A mission statement detailing the major functions of the National Drug Control Program.

(B) Comprehensive, research-based, long-range, and quantifiable goals for reducing illicit drug use, and the consequences of illicit drug use in the United States.

(C) Annual quantifiable and measurable objectives and specific targets to accomplish long-term quantifiable goals that the Director determines may be achieved during each year beginning on the date on which the National Drug Control Strategy is submitted.

(D) A 5-year projection for the National Drug Control Program and budget priorities.

(E) A review of international, State, local, and private sector drug control activities to ensure that the United States pursues coordinated

and effective drug control at all levels of government.

(F) A description of how each goal established under subparagraph (B) will be achieved, including for each goal—

(i) a list of each relevant National Drug Control Program agency and the related programs, activities, and available assets of each of those National Drug Control Program agencies and the role of each of those programs, activities, and assets in achieving the goal;

(ii) a list of relevant stakeholders and the role of each of those stakeholders in achieving the goal;

(iii) an estimate of Federal funding and other resources needed to achieve the goal;

(iv) a list of each existing or new coordinating mechanism needed to achieve the goal; and

(v) a description of the Office's role in facilitating the achievement of the goal.

(G) For each year covered by the Strategy, a performance evaluation plan for each goal es-

tablished under subparagraph (B) for each National Drug Control Program agency, including—

(i) specific performance measures for each National Drug Control Program agency;

(ii) annual and, to the extent practicable, quarterly objectives and targets for each performance measure; and

(iii) an estimate of Federal funding and other resources needed to achieve each performance objective and target.

(H) A list identifying existing data sources or a description of data collection needed to evaluate performance, including a description of how the Director will obtain the data.

(I) A list of any anticipated challenges to achieving the National Drug Control Strategy goals and planned actions to address the challenges.

(J) A description of how each goal established under subparagraph (B) was determined, including—

(i) a description of each required consultation and a description of how the consultation was incorporated; and

(ii) data, research, or other information used to inform the determination to establish the goal.

(K) A description of the current prevalence of illicit drug use in the United States, including both the availability of illicit drugs and the prevalence of substance use disorders.

(L) Such other statistical data and information as the Director considers appropriate to demonstrate and assess trends relating to illicit drug use, the effects and consequences of illicit drug use (including the effects on children), supply reduction, demand reduction, drug-related law enforcement, and the implementation of the National Drug Control Strategy.

(M) A systematic plan for increasing data collection to enable real time surveillance of drug control threats, developing analysis and monitoring capabilities, and identifying and addressing policy questions related to the National Drug Control Strategy and National Drug Control Program, which shall include—

(i) a list of policy-relevant questions for which the Director and each National Drug Control Program agency intends to develop evidence to support the National Drug Control Program and the National Drug Control Strategy;

(ii) a list of data the Director and each National Drug Control Program agency intends to collect, use, or acquire to facilitate the use of evidence in drug control policymaking and monitoring;

(iii) a list of methods and analytical approaches that may be used to develop evidence to support the National Drug Control Program and the National Drug Control Strategy and related policy;

(iv) a list of any challenges to developing evidence to support policymaking, including any barriers to accessing, collecting, or using relevant data;

(v) a description of the steps the Director and the head of each National Drug Control Program agency will take to effectuate the plan; and

(vi) any other relevant information as determined by the Director.

(N) A plan to expand treatment of substance use disorders, which shall—

(i) identify unmet needs for treatment for substance use disorders and a strategy for closing the gap between available and needed treatment;

(ii) describe the specific roles and responsibilities of the relevant National Drug Control Program agencies for implementing the plan;

(iii) identify the specific resources required to enable the relevant National Drug Control Program agencies to implement that strategy; and

(iv) identify the resources, including private sources, required to eliminate the unmet need for evidence-based substance use disorder treatment.

(2) CONSULTATION.—In developing the plan required under paragraph (1)(M), the Director shall consult with the following:

(A) The public.

(B) Any evaluation or analysis units and personnel of the Office.

(C) Office officials responsible for implementing privacy policy.

(D) Office officials responsible for data governance.

(E) The appropriate congressional committees.

(F) Any other individual or entity as determined by the Director.

(3) ADDITIONAL STRATEGIES.—

(A) IN GENERAL.—The Director shall include in the National Drug Control Strategy the additional strategies described under this paragraph and shall comply with the following:

(i) Provide a copy of the additional strategies to the appropriate congressional committees and to the Committee on Armed Services and the Committee on Homeland Security of the House of Representatives, and the Committee on Homeland Security and Governmental Affairs and the Committee on Armed Services of the Senate.

(ii) Issue the additional strategies in consultation with the head of each relevant National Drug Control Program agency, any relevant official of a State, local, or Tribal government, and the government of any other relevant country.

(iii) Not change any existing agency authority or construe any strategy described under this paragraph to amend or modify any law governing interagency relationship but may include recommendations about changes to the authority or law.

(iv) Present separately from the rest of any strategy described under this paragraph any information that is classified under criteria established by an executive order, or the public disclosure of which, as determined by the Director or the head of any relevant National Drug Control Program agency, would be detrimental to the law enforcement or national security activities of any Federal, State, local, or Tribal agency.

(B) REQUIREMENT FOR SOUTHWEST BORDER COUNTERNARCOTICS STRATEGY.—

(i) PURPOSES.—The Southwest Border Counternarcotics Strategy shall—

(I) set forth the Federal Government's strategy for preventing the illegal trafficking of drugs across the international border between the United States and Mexico, including through ports of entry and between ports of entry on that border;

(II) state the specific roles and responsibilities of the relevant National Drug Control Program agencies for implementing that strategy; and

(III) identify the specific resources required to enable the relevant National Drug Control Program agencies to implement that strategy.

(ii) SPECIFIC CONTENT RELATED TO DRUG TUNNELS BETWEEN THE UNITED STATES AND MEXICO.—The Southwest Border Counternarcotics Strategy shall include—

(I) a strategy to end the construction and use of tunnels and subterranean passages that cross the

international border between the United States and Mexico for the purpose of illegal trafficking of drugs across the border; and

(II) recommendations for criminal penalties for persons that construct or use such a tunnel or subterranean passage for that purpose.

(C) REQUIREMENT FOR NORTHERN BORDER COUNTERNARCOTICS STRATEGY.—

(i) PURPOSES.—The Northern Border Counternarcotics Strategy shall—

(I) set forth the strategy of the Federal Government for preventing the illegal trafficking of drugs across the international border between the United States and Canada, including through ports of entry and between ports of entry on the border;

(II) state the specific roles and responsibilities of each relevant National Drug Control Program agency for implementing the strategy;

(III) identify the specific resources required to enable the relevant

National Drug Control Program agencies to implement the strategy;

(IV) be designed to promote, and not hinder, legitimate trade and travel; and

(V) reflect the unique nature of small communities along the international border between the United States and Canada, ongoing cooperation and coordination with Canadian law enforcement authorities, and variations in the volumes of vehicles and pedestrians crossing through ports of entry along the international border between the United States and Canada.

(ii) SPECIFIC CONTENT RELATED TO CROSS-BORDER INDIAN RESERVATIONS.—The Northern Border Counternarcotics Strategy shall include—

(I) a strategy to end the illegal trafficking of drugs to or through Indian reservations on or near the international border between the United States and Canada; and

(II) recommendations for additional assistance, if any, needed by Tribal law enforcement agencies relating to the strategy, including an evaluation of Federal technical and financial assistance, infrastructure capacity building, and interoperability deficiencies.

(4) CLASSIFIED INFORMATION.—Any contents of the National Drug Control Strategy that involve information properly classified under criteria established by an executive order shall be presented to Congress separately from the rest of the National Drug Control Strategy.

(5) SELECTION OF DATA AND INFORMATION.—In selecting data and information for inclusion in the National Drug Control Strategy, the Director shall ensure—

(A) the inclusion of data and information that will permit analysis of current trends against previously compiled data and information where the Director believes the analysis enhances long-term assessment of the National Drug Control Strategy; and

(B) the inclusion of data and information to permit a standardized and uniform assessment of the effectiveness of drug treatment programs in the United States.

(d) SUBMISSION OF REVISED NATIONAL DRUG CONTROL STRATEGY.—The President may submit to Congress a revised National Drug Control Strategy that meets the requirements of this section—

(1) at any time, on a determination of the President, in consultation with the Director, that the National Drug Control Strategy in effect is not sufficiently effective; or

(2) if a new President or Director takes office.

(e) FAILURE OF DIRECTOR TO SUBMIT NATIONAL DRUG CONTROL STRATEGY.—If the Director does not submit a National Drug Control Strategy to Congress in accordance with subsection (a)(2), not later than 5 days after the first Monday in February following the year in which the term of the President commences, the Director shall send a notification to the appropriate congressional committees—

(1) explaining why the Strategy was not submitted; and

(2) specifying the date by which the Strategy will be submitted.

(f) DRUG CONTROL DATA DASHBOARD.—

(1) IN GENERAL.—The Director shall collect and disseminate, as appropriate, such information as the Director determines is appropriate, but not less than the information described in this subsection. The data shall be publicly available in a machine-readable format on the online portal of the Office, and to the extent practicable on the Drug Control Data Dashboard.

(2) ESTABLISHMENT.—The Director shall publish to the online portal of the Office in a machine-readable, sortable, and searchable format, or to the extent practicable, establish and maintain a data dashboard on the online portal of the Office to be known as the ''Drug Control Data Dashboard''. To the extent practicable, when establishing the Drug Control Data Dashboard, the Director shall ensure that the user interface of the dashboard is constructed with modern design standards. To the extent practicable, the data made available on the dashboard shall be publicly available in a machine-readable format and searchable by year, agency, drug, and location.

(3) DATA.—The data included in the Drug Control Data Dashboard shall be updated quarterly

to the extent practicable, but not less frequently than annually, and shall include, at a minimum, the following:

(A) For each substance identified by the Director as having a significant impact on the prevalence of illicit drug use—

(i) data sufficient to show the quantities of the substance available in the United States, including—

(I) the total amount seized and disrupted in the calendar year and each of the previous 3 calendar years, including to the extent practicable the amount seized by State, local, and Tribal governments;

(II) the known and estimated flows into the United States from all sources in the calendar year and each of the previous 3 calendar years;

(III) the total amount of known flows that could not be interdicted or disrupted in the calendar year and each of the previous 3 calendar years;

(IV) the known and estimated levels of domestic production in the

calendar year and each of the previous 3 calendar years, including the levels of domestic production if the drug is a prescription drug, as determined under subtitle I of this title, for which a listing is in effect under section 50302 of this title;

(V) the average street price for the calendar year and the highest known street price during the preceding 10-year period; and

(VI) to the extent practicable, related prosecutions by State, local, and Tribal governments; and

(ii) data sufficient to show the frequency of use of the substance, including—

(I) use of the substance in the workplace and productivity lost by the use;

(II) use of the substance by arrestees, probationers, and parolees;

(III) crime and criminal activity related to the substance; and

(IV) to the extent practicable, related prosecutions by State, local, and Tribal governments.

(B) For the calendar year and each of the previous 3 years, data sufficient to show, disaggregated by State and, to the extent feasible, by region within a State, county, or city, the following:

(i) The number of fatal and non-fatal overdoses caused by each drug identified under subparagraph (A)(i).

(ii) The prevalence of substance use disorders.

(iii) The number of individuals who have received substance use disorder treatment, including medication assisted treatment, for a substance use disorder, including treatment provided through publicly financed health care programs.

(iv) The extent of the unmet need for substance use disorder treatment, including the unmet need for medication-assisted treatment.

(C) Data sufficient to show the extent of prescription drug diversion, trafficking, and

misuse in the calendar year and each of the previous 3 calendar years.

(D) Any quantifiable measures the Director determines to be appropriate to detail progress toward the achievement of the goals of the National Drug Control Strategy.

(g) DEVELOPMENT OF AN ANNUAL NATIONAL DRUG CONTROL ASSESSMENT.—

(1) TIMING.—Not later than the first Monday in February of each year, the Director shall submit to the President, Congress, and the appropriate congressional committees, a report assessing the progress of each National Drug Control Program agency toward achieving each goal, objective, and target contained in the National Drug Control Strategy applicable to the prior fiscal year.

(2) PROCESS FOR DEVELOPMENT OF THE ANNUAL ASSESSMENT.—Not later than November 1 of each year, the head of each National Drug Control Program agency shall submit, in accordance with guidance issued by the Director, to the Director an evaluation of progress by the National Drug Control Program agency with respect to the National Drug Control Strategy goals using the performance measures for the National Drug Control Program agency

developed under this chapter, including progress with respect to—

(A) success in achieving the goals of the National Drug Control Strategy;

(B) success in reducing domestic and foreign sources of illegal drugs;

(C) success in expanding access to and increasing the effectiveness of substance use disorder treatment;

(D) success in protecting the borders of the United States (and in particular the Southwestern border of the United States) from penetration by illegal narcotics;

(E) success in reducing crime associated with drug use in the United States;

(F) success in reducing the negative health and social consequences of drug use in the United States;

(G) implementation of evidence-based substance use disorder treatment and prevention programs in the United States and improvements in the adequacy and effectiveness of the programs; and

(H) success in increasing the prevention of illicit drug use.

(3) CONTENTS OF THE ANNUAL ASSESSMENT.—The Director shall include in the annual assessment required under paragraph (1)—

(A) a summary of each evaluation received by the Director under paragraph (2);

(B) a summary of the progress of each National Drug Control Program agency toward the National Drug Control Strategy goals of the National Drug Control Program agency using the performance measures for the National Drug Control Program agency developed under this chapter; and

(C) an assessment of the effectiveness of each National Drug Control Program agency and National Drug Control Program in achieving the National Drug Control Strategy for the previous year, including a specific evaluation of whether the applicable goals, measures, objectives, and targets for the previous year were met.

(4) BASIS.—The assessments required under this subsection shall be based on the performance measurement system described in subsection (h).

(h) PERFORMANCE MEASUREMENT SYSTEM.—Not later than February 1 of each year, the Director shall sub-

mit to Congress, as part of the National Drug Control Strategy, a description of a national drug control performance measurement system, that—

(1) develops 2-year and 5-year performance measures and targets for each National Drug Control Strategy goal and objective established for reducing drug use, availability, and the consequences of drug use;

(2) describes the sources of information and data that will be used for each performance measure incorporated into the performance measurement system;

(3) identifies major programs and activities of the National Drug Control Program agencies that support the goals and annual objectives of the National Drug Control Strategy;

(4) evaluates the contribution of demand reduction and supply reduction implemented by each National Drug Control Program agency in support of the National Drug Control Strategy;

(5) monitors consistency between the drug-related goals and objectives of the National Drug Control Program agencies and ensures that each agency's goals and budgets support and are fully consistent with the National Drug Control Strategy;

(6) coordinates the development and implementation of national drug control data collection and reporting systems to support policy formulation and performance measurement, including an assessment of—

(A) the quality of current drug use measurement instruments and techniques to measure supply reduction and demand reduction;

(B) the adequacy of the coverage of existing national drug use measurement instruments and techniques to measure the illicit drug user population, and groups that are at risk for illicit drug use;

(C) the adequacy of the coverage of existing national treatment outcome monitoring systems to measure the effectiveness of drug abuse treatment in reducing illicit drug use and criminal behavior during and after the completion of substance abuse treatment; and

(D) the actions the Director shall take to correct any deficiencies and limitations identified pursuant to subparagraphs (A) and (B); and

(7) develops performance measures and targets for the National Drug Control Strategy for supple-

mental strategies (the Southwest Border, Northern Border, and Caribbean Border Counternarcotics Strategies) to effectively evaluate region-specific goals, and to the extent the performance measurement system does not adequately measure the effectiveness of the supplemental strategies, as determined by the Director, those strategies may evaluate interdiction efforts at and between ports of entry, interdiction technology, intelligence sharing, diplomacy, and other appropriate metrics, specific to each supplemental strategies region, as determined by the Director.

(i) MODIFICATIONS.—A description of any modifications made during the preceding year to the national drug performance measurement system described in subsection (h) shall be included in each report submitted under subsection (g).

**§ 60906. High Intensity Drug Trafficking Areas Program**

(a) DEFINITIONS.—In this section:

(1) HIDTA.—The term ''HIDTA'' means high intensity drug trafficking area.

(2) PROGRAM.—The term ''Program'' means the High Intensity Drug Trafficking Areas Program established under subsection (b).

(b) ESTABLISHMENT.—

(1) IN GENERAL.—There is established in the Office a program to be known as the High Intensity Drug Trafficking Areas Program.

(2) PURPOSE.—The purpose of the Program is to reduce drug trafficking and drug production in the United States by—

(A) facilitating cooperation among Federal, State, local, and tribal law enforcement agencies to share information and implement coordinated enforcement activities;

(B) enhancing law enforcement intelligence sharing among Federal, State, local, and tribal law enforcement agencies;

(C) providing reliable law enforcement intelligence to law enforcement agencies needed to design effective enforcement strategies and operations; and

(D) supporting coordinated law enforcement strategies that maximize use of available resources to reduce the supply of illegal drugs in designated areas and in the United States as a whole.

(c) DESIGNATION.—

(1) IN GENERAL.—The Director, in consultation with the Attorney General, the Secretary of the Treasury, the Secretary of Homeland Security, heads of the National Drug Control Program agencies, and the Governor of each applicable State, may designate any specified area of the United States as a HIDTA.

(2) ACTIVITIES.—After making a designation under paragraph (1) and to provide Federal assistance to the area so designated, the Director may—

(A) obligate such sums as are appropriated for the Program;

(B) direct the temporary reassignment of Federal personnel to the area, subject to the approval of the head of the department or agency that employs the personnel;

(C) take any other action authorized under section 60903 of this title to provide increased Federal assistance to those areas; and

(D) coordinate activities under this section (specifically administrative, recordkeeping, and funds management activities) with State, local, and tribal officials.

(d) PETITIONS FOR DESIGNATION.—The Director shall establish regulations under which a coalition of inter-

ested law enforcement agencies from an area may petition for designation as a HIDTA. The regulations shall provide for a regular review by the Director of the petition, including a recommendation regarding the merit of the petition to the Director by a panel of qualified, independent experts.

(e) FACTORS FOR CONSIDERATION.—In considering whether to designate an area under this section as a HIDTA, the Director shall consider, in addition to such other criteria as the Director considers to be appropriate, the extent to which—

(1) the area is a significant center of illegal drug production, manufacturing, importation, or distribution;

(2) State, local, and tribal law enforcement agencies have committed resources to respond to the drug trafficking problem in the area, thereby indicating a determination to respond aggressively to the problem;

(3) drug-related activities in the area are having a significant harmful impact in the area, and in other areas of the country; and

(4) a significant increase in allocation of Federal resources is necessary to respond adequately to drug-related activities in the area.

(f) ORGANIZATION OF HIDTAS.—

(1) EXECUTIVE BOARD AND OFFICERS.—To be eligible for funds appropriated under this section, each HIDTA shall be governed by an Executive Board. The Executive Board shall designate a chairman, vice chairman, and any other officers to the Executive Board that it determines are necessary.

(2) RESPONSIBILITIES.—The Executive Board of a HIDTA shall be responsible for—

(A) providing direction and oversight in establishing and achieving the goals of the HIDTA;

(B) managing the funds of the HIDTA;

(C) reviewing and approving all funding proposals consistent with the overall objective of the HIDTA; and

(D) reviewing and approving all reports to the Director on the activities of the HIDTA.

(3) BOARD REPRESENTATION.—None of the funds appropriated under this section may be expended for any HIDTA, or for a partnership or region of a HIDTA, if the Executive Board for the HIDTA, region, or partnership, does not apportion an equal number of votes between representatives of participating Federal agencies and representatives of

participating State, local, and tribal agencies. Where it is impractical for an equal number of representatives of Federal agencies and State, local, and tribal agencies to attend a meeting of an Executive Board in person, the Executive Board may use a system of proxy votes or weighted votes to achieve the voting balance required by this paragraph.

(4) NO AGENCY RELATIONSHIP.—The eligibility requirements of this section are intended to ensure the responsible use of Federal funds. Nothing in this section is intended to create an agency relationship between individual HIDTAs and the Federal Government.

(g) USE OF FUNDS.—The Director shall ensure that not more than a total of 5 percent of Federal funds appropriated for the Program are expended for substance use disorder treatment programs and drug prevention programs.

(h) COUNTERTERRORISM ACTIVITIES.—

(1) ASSISTANCE AUTHORIZED.—The Director may authorize use of resources available for the Program to assist Federal, State, local, and tribal law enforcement agencies in investigations and activities related to terrorism and prevention of terrorism, especially but not exclusively with respect to the inves-

tigations and activities that are also related to drug trafficking.

(2) LIMITATION.—The Director shall ensure—

(A) that assistance provided under paragraph (1) remains incidental to the purpose of the Program to reduce drug availability and carry out drug-related law enforcement activities; and

(B) that significant resources of the Program are not redirected to activities exclusively related to terrorism, except on a temporary basis under extraordinary circumstances, as determined by the Director.

(i) ROLE OF DRUG ENFORCEMENT ADMINISTRATION.—The Director, in consultation with the Attorney General, shall ensure that a representative of the Drug Enforcement Administration is included in the Intelligence Support Center for each HIDTA.

(j) ANNUAL HIDTA PROGRAM BUDGET SUBMISSIONS.—As part of the documentation that supports the President's annual budget request for the Office, the Director shall submit to Congress a budget justification that includes—

(1) the amount proposed for each HIDTA, conditional on a review by the Office of the request sub-

mitted by the HIDTA and the performance of the HIDTA, with supporting narrative descriptions and rationale for each request;

(2) a detailed justification that explains—

(A) the reasons for the proposed funding level (including how the funding level was determined based on a current assessment of the drug trafficking threat in each HIDTA);

(B) how the funding will ensure that the goals and objectives of each such area will be achieved; and

(C) how the funding supports the National Drug Control Strategy; and

(3) the amount of HIDTA funds used to investigate and prosecute organizations and individuals trafficking in methamphetamine in the prior calendar year, and a description of how those funds were used.

(k) EMERGING THREAT RESPONSE FUND.—

(1) IN GENERAL.—Subject to the availability of appropriations, the Director may expend up to 10 percent of the amounts appropriated under this section on a discretionary basis, to respond to any emerging drug trafficking threat in an existing HIDTA, or to establish a new HIDTA or expand an

existing HIDTA, in accordance with the criteria established under paragraph (2).

(2) CONSIDERATION OF IMPACT.—In allocating funds under this subsection, the Director shall consider—

(A) the impact of activities funded on reducing overall drug traffic in the United States, or minimizing the probability that an emerging drug trafficking threat will spread to other areas of the United States; and

(B) such other criteria as the Director considers appropriate.

(l) EVALUATION OF HIDTA PROGRAM AS PART OF NATIONAL DRUG CONTROL STRATEGY.—For each designated HIDTA, the Director shall submit, as part of the annual National Drug Control Strategy report, a report that—

(1) describes—

(A) the specific purposes for the HIDTA; and

(B) the specific long-term and short-term goals and objectives for the HIDTA; and

(2) includes an evaluation of the performance of the HIDTA in accomplishing the specific long-term and short-term goals and objectives identified under

section 707(k)(1)(B) of the Office of National Drug Control Policy Reauthorization Act of 1988, as amended by section 301 of the Office of National Drug Control Policy Reauthorization Act of 2006 (Public Law 109–469, 120 Stat. 3522).

(m) ASSESSMENT OF DRUG ENFORCEMENT TASK FORCES IN HIDTAS.—As part of each annual National Drug Control Strategy report, the Director shall submit to Congress a report—

(1) assessing the number and operation of all federally funded drug enforcement task forces within each HIDTA; and

(2) describing—

(A) each Federal, State, local, and tribal drug enforcement task force operating in the HIDTA;

(B) how the task forces coordinate with each other, with any HIDTA task force, and with investigations receiving funds from the Organized Crime and Drug Enforcement Task Force;

(C) what steps, if any, each task force takes to share information regarding drug trafficking and drug production with other federally

funded drug enforcement task forces in the HIDTA;

(D) the role of the HIDTA in coordinating the sharing of the information among task forces;

(E) the nature and extent of cooperation by each Federal, State, local, and tribal participant in ensuring that the information is shared among law enforcement agencies and with the HIDTA;

(F) the nature and extent to which information sharing and enforcement activities are coordinated with joint terrorism task forces in the HIDTA; and

(G) any recommendations for measures needed to ensure that task force resources are utilized efficiently and effectively to reduce the availability of illegal drugs in the HIDTAs.

(n) ASSESSMENT OF LAW ENFORCEMENT INTELLIGENCE SHARING IN THE PROGRAM.—As part of each annual National Drug Control Strategy report, the Director, in consultation with the Director of National Intelligence, shall submit to Congress a report evaluating—

(1) existing and planned law enforcement intelligence systems supported by each HIDTA, or uti-

lized by task forces receiving any funding under the Program, including the extent to which the systems ensure access and availability of law enforcement intelligence to Federal, State, local, and tribal law enforcement agencies within the HIDTA and outside of it;

(2) the extent to which Federal, State, local, and tribal law enforcement agencies participating in each HIDTA are sharing law enforcement intelligence information to assess current drug trafficking threats and design appropriate enforcement strategies; and

(3) the measures needed to improve effective sharing of information and law enforcement intelligence regarding drug trafficking and drug production among Federal, State, local, and tribal law enforcement participating in a HIDTA, and between the agencies and similar agencies outside the HIDTA.

(o) COORDINATION OF LAW ENFORCEMENT INTELLIGENCE SHARING WITH ORGANIZED CRIME DRUG ENFORCEMENT TASK FORCE PROGRAM.—The Director, in consultation with the Attorney General, shall ensure that any drug enforcement intelligence obtained by the Intelligence Support Center for each HIDTA is shared, on a

timely basis, with the drug intelligence fusion center operated by the Organized Crime Drug Enforcement Task Force of the Department of Justice.

(p) USE OF FUNDS TO COMBAT METHAMPHETAMINE TRAFFICKING.—

(1) REQUIREMENT.—As part of the documentation that supports the President's annual budget request for the Office, the Director shall submit to Congress a report describing the use of HIDTA funds to investigate and prosecute organizations and individuals trafficking in methamphetamine in the prior calendar year.

(2) CONTENTS.—The report shall include—

(A) the number of methamphetamine manufacturing facilities discovered through HIDTA-funded initiatives in the previous fiscal year;

(B) the amounts of methamphetamine or listed chemicals (as that term is defined in section 50101 of this title) seized by HIDTA-funded initiatives in the area during the previous year; and

(C) law enforcement intelligence and predictive data from the Drug Enforcement Administration showing patterns and trends in

abuse, trafficking, and transportation in methamphetamine and listed chemicals.

(3) CERTIFICATION.—Before the Director awards any funds to a HIDTA, the Director shall certify that the law enforcement entities participating in that HIDTA are providing laboratory seizure data to the national clandestine laboratory database at the El Paso Intelligence Center.

(q) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Office to carry out this section $280,000,000 for fiscal year 2023.

(r) SPECIFIC PURPOSES.—

(1) IN GENERAL.—The Director shall ensure that, of the amounts appropriated for a fiscal year for the Program, at least $7,000,000 is used in HIDTAs with severe neighborhood safety and illegal drug distribution problems.

(2) REQUIRED USES.—The funds used under paragraph (1) shall be used to ensure the safety of neighborhoods and the protection of communities, including the prevention of the intimidation of witnesses of illegal drug distribution and related activities and the establishment of, or support for, programs that provide protection or assistance to witnesses in court proceedings.

(3) BEST PRACTICE MODELS.—The Director shall work with HIDTAs to develop and maintain best practice models to assist State, local, and tribal governments in addressing witness safety, relocation, financial and housing assistance, or any other services related to witness protection or assistance in cases of illegal drug distribution and related activities. The Director shall ensure dissemination of the best practice models to each HIDTA.

(s) DRUG OVERDOSE RESPONSE STRATEGY IMPLEMENTATION.—The Director may use funds appropriated to carry out this section to implement a drug overdose response strategy in HIDTAs on a nationwide basis by—

(1) coordinating multi-disciplinary efforts to prevent, reduce, and respond to drug overdoses, including the uniform reporting of fatal and non-fatal overdoses to public health and safety officials;

(2) increasing data sharing among public safety and public health officials concerning drug-related abuse trends, including new psychoactive substances, and related crime; and

(3) enabling collaborative deployment of prevention, intervention, and enforcement resources to address substance use addiction and narcotics trafficking.

(t) SUPPLEMENTAL GRANTS.—The Director is authorized to use not more than $10,000,000 of the amounts otherwise appropriated to carry out this section to provide supplemental competitive grants to HIDTAs that have experienced high seizures of fentanyl and new psychoactive substances for the purposes of—

(1) purchasing portable equipment to test for fentanyl and other substances;

(2) training law enforcement officers and other first responders on best practices for handling fentanyl and other substances; and

(3) purchasing protective equipment, including overdose reversal drugs.

**§ 60907. Emerging Threats Committee, Emerging Threat Response Plans, and media campaign**

(a) EMERGING AND CONTINUING THREATS COORDINATOR.—The Director shall designate or appoint a United States Emerging and Continuing Threats Coordinator to perform the duties of that position described in this section and such other duties as may be determined by the Director. For purposes of carrying out the previous sentence, the Director shall designate or appoint an appointee in the Senior Executive Service or an appointee in a position at level 15 of the General Schedule (or equivalent).

(b) EMERGING THREATS COMMITTEE.—

(1) IN GENERAL.—The Emerging Threats Committee shall—

(A) monitor evolving and emerging drug threats in the United States;

(B) identify and discuss evolving and emerging drug trends in the United States using the criteria required to be established under paragraph (6);

(C) assist in the formulation and oversee implementation of any Emerging Threat Response Plan described in subsection (d);

(D) provide such other advice to the Emerging and Continuing Threats Coordinator and Director concerning strategy and policies for emerging drug threats and trends as the Emerging Threats Committee determines to be appropriate; and

(E) disseminate, and facilitate the sharing with Federal, State, local, and Tribal officials and other entities (as determined by the Director) of, pertinent information and data relating to—

(i) recent trends in drug supply and demand;

(ii) fatal and nonfatal overdoses;

(iii) demand for and availability of evidence-based substance use disorder treatment, including the extent of the unmet treatment need, and treatment admission trends;

(iv) recent trends in drug interdiction, supply, and demand from State, local, and Tribal law enforcement agencies; and

(v) other subject matter as determined necessary by the Director.

(2) CHAIRPERSON.—The Director shall designate one of the members of the Emerging Threats Committee to serve as Chairperson.

(3) MEMBERS.—The Director shall appoint other members of the Committee, which shall include—

(A) representatives from National Drug Control Program agencies or other agencies;

(B) representatives from State, local, and Tribal governments; and

(C) representatives from other entities as designated by the Director.

(4) MEETINGS.—The members of the Emerging Threats Committee shall meet, in person and not

through any delegate or representative, not less frequently than once per calendar year, before June 1. At the call of the Director or the Chairperson, the Emerging Threats Committee may hold additional meetings as the members may choose.

(5) CONTRACT, AGREEMENT, AND OTHER AUTHORITY.—The Director may award contracts, enter into interagency agreements, manage individual projects, and conduct other activities in support of the identification of emerging drug threats and in support of the development, implementation, and assessment of any Emerging Threat Response Plan.

(6) CRITERIA TO IDENTIFY EMERGING DRUG THREATS.—The Emerging Threats Committee shall develop and recommend to the Director criteria to be used to identify an emerging drug threat or the termination of an emerging drug threat designation based on information gathered by the Emerging Threats Committee, statistical data, and other evidence.

(c) DESIGNATION.—

(1) IN GENERAL.—The Director, in consultation with the Emerging and Continuing Threats Coordinator, the Emerging Threats Committee, and the head of each National Drug Control Program

agency, may designate an emerging drug threat in the United States.

(2) STANDARDS FOR DESIGNATION.—The Director, in consultation with the Emerging and Continuing Threats Coordinator, shall promulgate and make publicly available standards by which a designation under paragraph (1) and the termination of the designation may be made. In developing the standards, the Director shall consider the recommendations of the Emerging Threats Committee and other criteria the Director considers to be appropriate.

(3) PUBLIC STATEMENT REQUIRED.—The Director shall publish a public written statement on the portal of the Office explaining the designation of an emerging drug threat or the termination of the designation and shall notify the appropriate congressional committees of the availability of the statement when a designation or termination of the designation has been made.

(d) EMERGING THREAT RESPONSE PLAN.—

(1) PUBLIC AVAILABILITY OF PLAN.—Not later than 90 days after making a designation under subsection (c), the Director shall publish and make publicly available an Emerging Threat Response Plan

and notify the President and the appropriate congressional committees of the Emerging Threat Response Plan's availability.

(2) TIMING.—Concurrently with the annual submissions under section 60905(g) of this title, the Director shall update the Emerging Threat Response Plan and report on implementation of the Emerging Threat Response Plan, until the Director issues the public statement required under subsection (c)(3) to terminate the emerging drug threat designation.

(3) CONTENTS OF AN EMERGING THREAT RESPONSE PLAN.—The Director shall include in the Emerging Threat Response Plan required under this subsection—

(A) a comprehensive strategic assessment of the emerging drug threat, including the current availability of, demand for, and effectiveness of evidence-based prevention, treatment, and enforcement programs and efforts to respond to the emerging drug threat;

(B) comprehensive, research-based, short-term and long-term, and quantifiable goals for addressing the emerging drug threat, including for reducing the supply of the drug designated

as the emerging drug threat and for expanding the availability and effectiveness of evidence-based substance use disorder treatment and prevention programs to reduce the demand for the emerging drug threat;

(C) performance measures pertaining to the Emerging Threat Response Plan's goals, including quantifiable and measurable objectives and specific targets;

(D) the level of funding needed to implement the Emerging Threat Response Plan, including whether funding is available to be reprogrammed or transferred to support implementation of the Emerging Threat Response Plan or whether additional appropriations are necessary to implement the Emerging Threat Response Plan;

(E) an implementation strategy for the media campaign under subsection (f), including goals as described under subparagraph (B) and performance measures, objectives, and targets, as described under subparagraph (C); and

(F) any other information necessary to inform the public of the status, progress, or response to an emerging drug threat.

(4) IMPLEMENTATION.—

(A) IN GENERAL.—Not later than 120 days after the date on which a designation is made under subsection (c), the Director, in consultation with the President, the appropriate congressional committees, and the head of each National Drug Control Program agency, shall issue guidance on implementation of the Emerging Threat Response Plan described in this subsection to the National Drug Control Program agencies and any other relevant agency determined to be necessary by the Director.

(B) EMERGING AND CONTINUING THREATS COORDINATOR'S RESPONSIBILITIES.—The Emerging and Continuing Threats Coordinator shall—

(i) direct the implementation of the plan among the agencies identified in the Emerging Threat Response Plan, State, local, and Tribal governments, and other relevant entities;

(ii) facilitate information-sharing between agencies identified in the Emerging Threat Response Plan, State, local, and

Tribal governments, and other relevant entities; and

(iii) monitor implementation of the Emerging Threat Response Plan by coordinating the development and implementation of collection and reporting systems to support performance measurement and adherence to the Emerging Threat Response Plan by agencies identified in the Emerging Threat Response Plan, where appropriate.

(C) REPORTING.—Not later than 180 days after the date on which a designation is made under subsection (c) and in accordance with subparagraph (A), the head of each agency identified in the Emerging Threat Response Plan shall submit to the Emerging and Continuing Threats Coordinator a report on implementation of the Emerging Threat Response Plan.

(e) EVALUATION OF MEDIA CAMPAIGN.—On designation of an emerging drug threat, the Director shall evaluate whether a media campaign would be appropriate to address that threat.

(f) NATIONAL ANTI-DRUG MEDIA CAMPAIGN.—

(1) IN GENERAL.—The Director shall, to the extent feasible and appropriate, conduct a national anti-drug media campaign (referred to in this subsection as the ''national media campaign'') in accordance with this subsection for the purposes of—

(A) preventing substance abuse among people in the United States;

(B) educating the public about the dangers and negative consequences of substance use and abuse, including patient and family education about the characteristics and hazards of substance abuse and methods to safeguard against substance use, to include the safe disposal of prescription medications;

(C) supporting evidence-based prevention programs targeting the attitudes, perception, and beliefs of persons concerning substance use and intentions to initiate or continue the use;

(D) encouraging individuals affected by substance use disorders to seek treatment and providing the individuals with information on—

(i) how to recognize addiction issues;

(ii) what forms of evidence-based treatment options are available; and

(iii) how to access the treatment;

(E) combating the stigma of addiction and substance use disorders, including the stigma of treating the disorders with medication-assisted treatment therapies; and

(F) informing the public about the dangers of any drug identified by the Director as an emerging drug threat as appropriate.

(2) USE OF FUNDS.—

(A) IN GENERAL.—Amounts made available to carry out this subsection for the national media campaign may be used only for the following:

(i) The purchase of media time and space, including the strategic planning for, tracking, and accounting of, any such purchase.

(ii) Creative and talent costs, consistent with subparagraph (B)(i).

(iii) Advertising production costs, which may include television, radio, internet, social media, and other commercial marketing venues.

(iv) Testing and evaluation of advertising.

(v) Evaluation of the effectiveness of the national media campaign.

(vi) Costs of contracts to carry out activities authorized by this subsection.

(vii) Partnerships with professional and civic groups, community-based organizations, including faith-based organizations, and government organizations related to the national media campaign.

(viii) Entertainment industry outreach, interactive outreach, media projects and activities, public information, news media outreach, and corporate sponsorship and participation.

(ix) Operational and management expenses.

(B) SPECIFIC REQUIREMENTS.—

(i) CREATIVE SERVICES.—In using amounts for creative and talent costs under subparagraph (A)(ii), the Director shall use creative services donated at no cost to the Government wherever feasible and may procure creative services only for advertising—

(I) responding to high-priority or emergent campaign needs that cannot timely be obtained at no cost; or

(II) intended to reach a minority, ethnic, or other special audience that cannot reasonably be obtained at no cost.

(ii) TESTING AND EVALUATION OF ADVERTISING.—In using amounts for testing and evaluation of advertising under subparagraph (A)(iv), the Director shall test all advertisements prior to use in the national media campaign to ensure that the advertisements are effective with the target audience and meet industry-accepted standards. The Director may waive this requirement for advertisements using no more than 10 percent of the purchase of advertising time purchased under this subsection in a fiscal year and no more than 10 percent of the advertising space purchased under this subsection in a fiscal year, if the advertisements respond to emergent and time-sensitive campaign needs or the advertisements will not be

widely utilized in the national media campaign.

(iii) CONSULTATION.—For the planning of the campaign under paragraph (1), the Director may consult with—

(I) the head of any appropriate National Drug Control Program agency;

(II) experts on the designated drug;

(III) State, local, and Tribal government officials and relevant agencies;

(IV) communications professionals;

(V) the public; and

(VI) appropriate congressional committees.

(iv) EVALUATION OF EFFECTIVENESS OF NATIONAL MEDIA CAMPAIGN.—In using amounts for the evaluation of the effectiveness of the national media campaign under subparagraph (A)(v), the Director shall—

(I) designate an independent entity to evaluate by April 20 of each

year the effectiveness of the national media campaign based on data from—

(aa) the Monitoring the Future Study published by the Department of Health and Human Services;

(bb) the National Survey on Drug Use and Health; and

(cc) other relevant studies or publications, as determined by the Director, including tracking and evaluation data collected according to marketing and advertising industry standards; and

(II) ensure that the effectiveness of the national media campaign is evaluated in a manner that enables consideration of whether the national media campaign has contributed to changes in attitude or behaviors among the target audience with respect to substance use and such other measures of evaluation as the Director determines are appropriate.

(3) ADVERTISING.—In carrying out this subsection, the Director shall ensure that sufficient funds are allocated to meet the stated goals of the national media campaign.

(4) RESPONSIBILITIES AND FUNCTIONS UNDER THE PROGRAM.—

(A) IN GENERAL.—The Director shall determine the overall purposes and strategy of the national media campaign.

(B) DIRECTOR.—

(i) IN GENERAL.—The Director shall approve—

(I) the strategy of the national media campaign;

(II) all advertising and promotional material used in the national media campaign; and

(III) the plan for the purchase of advertising time and space for the national media campaign.

(ii) IMPLEMENTATION.—The Director shall be responsible for implementing a focused national media campaign to meet the purposes set forth in paragraph (1) and shall ensure that—

(I) information disseminated through the campaign is accurate and scientifically valid; and

(II) the campaign is designed using strategies demonstrated to be the most effective at achieving the goals and requirements of paragraph (1), which may include—

(aa) a media campaign, as described in paragraph (2);

(bb) local-specific, regional-specific, or population-specific messaging;

(cc) the development of websites to publicize and disseminate information;

(dd) conducting outreach and providing educational resources for parents;

(ee) collaborating with law enforcement agencies; and

(ff) providing support for school-based public health education classes to improve teen

knowledge about the effects of substance use.

(5) PROHIBITIONS.—None of the amounts made available under paragraph (2) may be obligated or expended for any of the following:

(A) To supplant current anti-drug community-based coalitions.

(B) To supplant pro bono public service time donated by national and local broadcasting networks for other public service campaigns.

(C) For partisan political purposes, or to express advocacy in support of or to defeat any clearly identified candidate, clearly identified ballot initiative, or clearly identified legislative or regulatory proposal.

(D) To fund advertising that features any elected officials, individuals seeking elected office, cabinet level officials, or other Federal officials employed pursuant to Schedule C under subpart C of part 213 of title 5, Code of Federal Regulations.

(E) To fund advertising that does not contain a primary message intended to reduce or prevent substance use.

(F) To fund advertising containing a primary message intended to promote support for the national media campaign or private sector contributions to the national media campaign.

(6) MATCHING REQUIREMENT.—

(A) IN GENERAL.—Amounts made available under paragraph (2) for media time and space shall be matched by an equal amount of non-Federal funds for the national media campaign, or be matched with in-kind contributions of the same value.

(B) NO-COST MATCH ADVERTISING DIRECT RELATIONSHIP REQUIREMENT.—The Director shall ensure that not less than 85 percent of no-cost match advertising directly relates to substance abuse prevention consistent with the specific purposes of the national media campaign.

(C) NO-COST MATCH ADVERTISING NOT DIRECTLY RELATED.—The Director shall ensure that no-cost match advertising that does not directly relate to substance abuse prevention consistent with the purposes of the national media campaign includes a clear anti-drug message.

The anti-drug message is not required to be the primary message of the match advertising.

(7) FINANCIAL AND PERFORMANCE ACCOUNTABILITY.—The Director shall cause to be performed—

(A) audits and reviews of costs of the national media campaign pursuant to section 4706 of title 41; and

(B) an audit to determine whether the costs of the national media campaign are allowable under chapter 43 of title 41.

(8) REPORT TO CONGRESS.—The Director shall submit on an annual basis a report to Congress that describes—

(A) the strategy of the national media campaign and whether specific objectives of the national media campaign were accomplished;

(B) steps taken to ensure that the national media campaign operates in an effective and efficient manner consistent with the overall strategy and focus of the national media campaign;

(C) plans to purchase advertising time and space;

(D) policies and practices implemented to ensure that Federal funds are used responsibly

to purchase advertising time and space and eliminate the potential for waste, fraud, and abuse;

(E) all contracts entered into with a corporation, partnership, or individual working on behalf of the national media campaign;

(F) the results of any financial audit of the national media campaign;

(G) a description of any evidence used to develop the national media campaign;

(H) specific policies and steps implemented to ensure compliance with this section;

(I) a detailed accounting of the amount of funds obligated during the previous fiscal year for carrying out the national media campaign, including each recipient of funds, the purpose of each expenditure, the amount of each expenditure, any available outcome information, and any other information necessary to provide a complete accounting of the funds expended; and

(J) a review and evaluation of the effectiveness of the national media campaign strategy for the past year.

(9) REQUIRED NOTICE FOR COMMUNICATION FROM THE OFFICE.—Any communication, including an advertisement, paid for or otherwise disseminated by the Office directly or through a contract awarded by the Office shall include a prominent notice informing the audience that the communication was paid for by the Office.

(g) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Office to carry out this section $25,000,000 for fiscal year 2023.

**§ 60908. United States Interdiction Coordinator and Interdiction Committee**

(a) UNITED STATES INTERDICTION COORDINATOR.—

(1) IN GENERAL.—The Director shall designate or appoint an appointee in the Senior Executive Service or an appointee in a position at level 15 of the General Schedule (or equivalent) as the United States Interdiction Coordinator to perform the duties of that position described in paragraph (2) and such other duties as may be determined by the Director with respect to coordination of efforts to interdict illicit drugs from entering the United States.

(2) RESPONSIBILITIES.—The United States Interdiction Coordinator shall be responsible to the Director for—

(A) coordinating the interdiction activities of the National Drug Control Program Agencies to ensure consistency with the National Drug Control Strategy;

(B) on behalf of the Director, developing and issuing, on or before September 1 of each year and in accordance with paragraph (4), a National Interdiction Command and Control Plan to ensure the coordination and consistency described in subparagraph (A);

(C) assessing the sufficiency of assets committed to illicit drug interdiction by the relevant National Drug Control Program Agencies; and

(D) advising the Director on the efforts of each National Drug Control Program Agency to implement the National Interdiction Command and Control Plan.

(3) STAFF.—The Director shall assign such permanent staff of the Office as the Director considers appropriate to assist the United States Interdiction Coordinator to carry out the responsibilities described in paragraph (2), and may request that

appropriate National Drug Control Program Agencies detail or assign staff to assist in carrying out the responsibilities.

(4) NATIONAL INTERDICTION COMMAND AND CONTROL PLAN.—

(A) PURPOSES.—The National Interdiction Command and Control Plan shall—

(i) set forth the Government's strategy for drug interdiction;

(ii) state the specific roles and responsibilities of the relevant National Drug Control Program Agencies for implementing that strategy; and

(iii) identify the specific resources required to enable the relevant National Drug Control Program Agencies to implement that strategy.

(B) CONSULTATION WITH OTHER AGENCIES.—Before submission of the National Drug Control Strategy or annual assessment required under section 60905 of this title, as applicable, the United States Interdiction Coordinator shall issue the National Interdiction Command and Control Plan in consultation with the other

members of the Interdiction Committee described in subsection (b).

(C) REPORT TO CONGRESS.—On or before September 1 of each year, the Director, acting through the United States Interdiction Coordinator, shall provide to the appropriate congressional committees, to the Committee on Armed Services and the Committee on Homeland Security of the House of Representatives, and to the Committee on Homeland Security and Governmental Affairs and the Committee on Armed Services of the Senate a report that—

(i) includes—

(I) a copy of that year's National Interdiction Command and Control Plan, including information about how each National Drug Control Program Agency conducting drug interdiction activities is engaging with relevant international partners;

(II) information for the previous 10 years regarding the number and type of seizures of drugs by each National Drug Control Program Agency conducting drug interdiction activities

and statistical information on the geographic areas of the seizures; and

(III) information for the previous 10 years regarding the number of air and maritime patrol hours undertaken by each National Drug Control Program Agency conducting drug interdiction activities and statistical information on the geographic areas in which the patrol hours took place; and

(ii) may include recommendations for changes to existing agency authorities or laws governing interagency relationships.

(D) CLASSIFIED ANNEX.—Each report required to be submitted under subparagraph (C) shall be in unclassified form, but may include a classified annex.

(b) INTERDICTION COMMITTEE.—

(1) IN GENERAL.—The Interdiction Committee shall meet to—

(A) discuss and resolve issues related to the coordination, oversight, and integration of international, border, and domestic drug interdiction efforts in support of the National Drug Control Strategy;

(B) review the annual National Interdiction Command and Control Plan, and provide advice to the Director and the United States Interdiction Coordinator concerning that Plan and how to strengthen international partnerships to better achieve the goals of that Plan; and

(C) provide such other advice to the Director concerning drug interdiction strategy and policies as the Interdiction Committee determines is appropriate.

(2) CHAIRPERSON.—The Director shall designate one of the members of the Interdiction Committee to serve as Chairperson.

(3) MEETINGS.—The members of the Interdiction Committee shall meet, in person and not through any delegate or representative, at least once per calendar year, before June 1. At the call of the Director or the Chairperson, the Interdiction Committee may hold additional meetings, which shall be attended by the members in person, or through such delegates or representatives as the members may choose.

(4) REPORT.—Not later than September 30 of each year, the Chairperson of the Interdiction Com-

mittee shall submit to the Director and to the appropriate congressional committees a report describing the results of the meetings and any significant findings of the Interdiction Committee during the previous 12 months. The report required under this paragraph shall be in unclassified form, but may include a classified annex.

(c) INTERNATIONAL COORDINATION.—The Director may facilitate international drug control coordination efforts.

**§ 60909. Requirement for disclosure of Federal sponsorship of all Federal advertising or other communication materials**

(a) DEFINITION OF ADVERTISEMENT OR OTHER COMMUNICATION.—In this section, the term ''advertisement or other communication'' includes—

(1) an advertisement disseminated in any form, including by print or any electronic means; and

(2) a communication by an individual in any form, including by speech, print, or any electronic means.

(b) REQUIREMENT.—Each advertisement or other communication paid for by the Office, either directly or through a contract awarded by the Office, shall include a prominent notice informing the target audience that the

advertisement or other communication is paid for by the Office.

**§ 60910. Authorization of appropriations**

There are authorized to be appropriated to carry out this chapter except activities otherwise specified, to remain available until expended, $18,400,000 for fiscal year 2023.

**§ 60911. Awards for demonstration programs by local partnerships to coerce abstinence in chronic hard-drug users under community supervision through the use of drug testing and sanctions**

(a) DEFINITION OF ELIGIBLE PARTNERSHIP.—In this section, the term ''eligible partnership'' means a working group whose application to the Director—

(1) identifies the roles played, and certifies the involvement of, 2 or more agencies or organizations, which may include—

(A) State, local, or tribal agencies (such as those carrying out police, probation, prosecution, courts, corrections, parole, or treatment functions);

(B) Federal agencies (such as the Drug Enforcement Agency, the Bureau of Alcohol, Tobacco, Firearms, and Explosives, and United States Attorney offices); and

(C) community-based organizations;

(2) includes a qualified researcher;

(3) includes a plan for using judicial or other criminal justice authority to administer drug tests to individuals described in subsection (b) at least twice a week, and to swiftly and certainly impose a known set of graduated sanctions for non-compliance with community-release provisions relating to drug abstinence (whether imposed as a pre-trial, probation, or parole condition or otherwise);

(4) includes a strategy for responding to a range of substance use and abuse problems and a range of criminal histories;

(5) includes a plan for integrating data infrastructure among the agencies and organizations included in the eligible partnership to enable seamless, real-time tracking of individuals described in subsection (b); and

(6) includes a plan to monitor and measure the progress toward reducing the percentage of the population of individuals described in subsection (b) who, on being summoned for a drug test, either fail to show up or test positive for drugs.

(b) AWARDS REQUIRED.—The Director shall make competitive awards to fund demonstration programs by el-

igible partnerships for the purpose of reducing the use of illicit drugs by chronic hard-drug users living in the community while under the supervision of the criminal justice system.

(c) USE OF AWARD AMOUNTS.—Award amounts received under this section shall be used—

(1) to support the efforts of the agencies, organizations, and researchers included in the eligible partnership;

(2) to develop and field a drug testing and graduated sanctions program for chronic hard-drug users living in the community under criminal justice supervision; and

(3) to assist individuals described in subsection (b) by strengthening rehabilitation efforts through such means as job training, drug treatment, or other services.

# Chapter 611—Foreign Narcotics Kingpin Designation

Sec.
61101. Definitions.
61102. Policy.
61103. Purpose.
61104. Public identification of significant foreign narcotics traffickers and required reports.
61105. Blocking assets and prohibiting transactions.
61106. Authorities.
61107. Penalties.

## § 61101. Definitions

In this chapter:

(1) CONTROLLED SUBSTANCE.—The term ''controlled substance'' has the meaning given the term in section 50101 of this title.

(2) ENTITY.—The term ''entity'' means a partnership, joint venture, association, corporation, organization, network, group, or subgroup, or any form of business collaboration.

(3) FOREIGN PERSON.—The term ''foreign person'' means any citizen or national of a foreign state or any entity not organized under the laws of the United States, but does not include a foreign state.

(4) LISTED CHEMICAL.—The term ''listed chemical'' has the meaning given the term in section 50101 of this title.

(5) NARCOTIC DRUG.—The term ''narcotic drug'' has the meaning given the term in section 50101 of this title.

(6) NARCOTICS TRAFFICKING.—The term ''narcotics trafficking'' means any illicit activity to cultivate, produce, manufacture, distribute, sell, finance, or transport narcotic drugs, controlled substances, or listed chemicals, or otherwise endeavor or attempt to do so, or to assist, abet, conspire, or collude with others to do so.

(7) PERSON.—The term ''person'' means an individual or entity.

(8) SIGNIFICANT FOREIGN NARCOTICS TRAFFICKER.—The term ''significant foreign narcotics trafficker'' means any foreign person that plays a significant role in international narcotics trafficking, that the President has determined to be appropriate for sanctions pursuant to this chapter, and that the President has publicly identified in the report required under subsection (b) or (h)(1) of section 61104 of this title.

(9) UNITED STATES PERSON.—The term ''United States person'' means any United States citizen or national, permanent resident alien, entity organized under the laws of the United States (including its foreign branches), or person within the United States.

**§ 61102. Policy**

It is the policy of the United States to apply economic and other financial sanctions to significant foreign narcotics traffickers and their organizations worldwide to protect the national security, foreign policy, and economy of the United States from the threat of the activities of international narcotics traffickers and their organizations.

**§ 61103. Purpose**

The purpose of this chapter is to provide authority for the identification of, and application of sanctions on a worldwide basis to, significant foreign narcotics traffickers, their organizations, and the foreign persons that provide support to those significant foreign narcotics traffickers and their organizations, whose activities threaten the national security, foreign policy, and economy of the United States.

**§ 61104. Public identification of significant foreign narcotics traffickers and required reports**

(a) PROVISION OF INFORMATION TO THE PRESIDENT.—The Secretary of the Treasury, the Attorney General, the Secretary of Defense, the Secretary of State, and the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)) shall consult among themselves and provide the appropriate and necessary information to enable the President to submit the report under subsection (b). This information shall also be provided to the Director of National Drug Control Policy.

(b) PUBLIC IDENTIFICATION AND SANCTIONING OF SIGNIFICANT FOREIGN NARCOTICS TRAFFICKERS.—

(1) IN GENERAL.—

(A) SUBMISSION.—Not later than June 1 of each year, the President shall submit a report described in subparagraph (B) to the following committees:

(i) Permanent Select Committee on Intelligence of the House of Representatives.

(ii) The Committees on the Judiciary, Foreign Relations, Armed Services, and Ways and Means of the House of Representatives.

(iii) the Select Committee on Intelligence of the Senate.

(iv) The Committees on the Judiciary, Foreign Relations, Armed Services, and Finance of the Senate.

(B) REPORT.—A report described in this subparagraph is a report—

(i) identifying publicly the foreign persons that the President determines are appropriate for sanctions pursuant to this chapter; and

(ii) detailing publicly the President's intent to impose sanctions on those signifi-

cant foreign narcotics traffickers pursuant to this chapter.

(2) EXCLUSION OF PERSONS ON WHICH SANCTIONS ARE ALREADY IN EFFECT.—The report required in this subsection shall not include information on persons on which United States sanctions imposed under this chapter, or otherwise on account of narcotics trafficking, are already in effect.

(c) UNCLASSIFIED REPORT REQUIRED.—The report required by subsection (b) shall be submitted in unclassified form and made available to the public.

(d) CLASSIFIED REPORT.—

(1) IN GENERAL.—Not later than July 1 of each year, the President shall provide the Permanent Select Committee on Intelligence of the House of Representatives and the Select Committee on Intelligence of the Senate with a report in classified form describing in detail the status of the sanctions imposed under this chapter, including the personnel and resources directed towards the imposition of the sanctions during the preceding fiscal year, and providing background information with respect to newly-identified significant foreign narcotics traffickers and their activities.

(2) ACTIONS BY PRESIDENT.—The classified report shall describe actions the President intends to undertake or has undertaken with respect to the significant foreign narcotics traffickers.

(3) ADDITIONAL OBLIGATION.—The report required under this subsection is in addition to the President's obligations to keep the intelligence committees of Congress fully and currently informed pursuant to the provisions of the National Security Act of 1947 (50 U.S.C. 3001 et seq.).

(e) EXCLUSION OF CERTAIN INFORMATION.—

(1) INTELLIGENCE.—Notwithstanding any other provision of this section, the reports described in subsections (b) and (d) shall not disclose the identity of any person, if the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)) determines that the disclosure could compromise an intelligence operation, activity, source, or method of the United States.

(2) LAW ENFORCEMENT.—Notwithstanding any other provision of this section, the reports described in subsections (b) and (d) shall not disclose the name of any person if the Attorney General, in co-

ordination as appropriate with the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, and the Secretary of the Treasury, determines that the disclosure could reasonably be expected to—

(A) compromise the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution that furnished information on a confidential basis;

(B) jeopardize the integrity or success of an ongoing criminal investigation or prosecution;

(C) endanger the life or physical safety of any person; or

(D) cause substantial harm to physical property.

(f) NOTIFICATION REQUIRED.—

(1) NOTIFICATION OF COMMITTEES ON DETERMINATION.—Whenever the Attorney General, or the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)), makes a determination under subsection (e), the At-

torney General, or the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)), shall notify the Permanent Select Committee on Intelligence of the House of Representatives and the Select Committee on Intelligence of the Senate, and explain the reasons for the determination.

(2) ANNUAL SUBMISSION.—The notification required under this subsection shall be submitted to the Permanent Select Committee on Intelligence of the House of Representatives and the Select Committee on Intelligence of the Senate on an annual basis.

(g) DETERMINATIONS NOT TO APPLY SANCTIONS.—

(1) IN GENERAL.—The President may waive the application to a significant foreign narcotics trafficker of any sanction authorized by this chapter if the President determines that the application of sanctions under this chapter would significantly harm the national security of the United States.

(2) NOTIFICATION OF COMMITTEES.—When the President determines not to apply sanctions that are authorized by this chapter to any significant foreign

narcotics trafficker, the President shall notify, not later than 21 days after making the determination—

(A) the Permanent Select Committee on Intelligence of the House of Representatives,

(B) the Committees on the Judiciary, Foreign Relations, Armed Services, and Ways and Means of the House of Representatives;

(C) the Select Committee on Intelligence of the Senate; and

(D) the Committees on the Judiciary, Foreign Relations, Armed Services, and Finance of the Senate.

(h) CHANGES IN DETERMINATIONS TO IMPOSE SANCTIONS.—

(1) ADDITIONAL DETERMINATIONS.—

(A) IN GENERAL.—If, at any time after the report required under subsection (b), the President finds that a foreign person is a significant foreign narcotics trafficker and the foreign person has not been publicly identified in a report required under subsection (b), the President shall submit an additional public report containing the information described in subsection (b) with respect to the foreign person to—

(i) the Permanent Select Committee on Intelligence of the House of Representatives;

(ii) the Committees on the Judiciary, Foreign Relations, Armed Services, and Ways and Means of the House of Representatives;

(iii) the Select Committee on Intelligence of the Senate; and

(iv) the Committees on the Judiciary, Foreign Relations, Armed Services, and Finance of the Senate.

(B) TREATMENT.—The President may apply sanctions authorized under this chapter to the significant foreign narcotics trafficker identified in the report submitted under subparagraph (A) as if the trafficker were originally included in the report submitted pursuant to subsection (b).

(C) NOTIFICATION OF SECRETARY OF THE TREASURY.—The President shall notify the Secretary of the Treasury of any determination made under this paragraph.

(2) REVOCATION OF DETERMINATION.—

(A) ISSUANCE OF PUBLIC NOTICE.—Whenever the President finds that a foreign person that has been publicly identified as a significant foreign narcotics trafficker in the report required under subsection (b) or this subsection no longer engages in those activities for which sanctions under this chapter may be applied, the President shall issue public notice of the finding.

(B) NOTIFICATION OF COMMITTEES.—Not later than the date of the public notice issued pursuant to subparagraph (A), the President shall notify, in writing and in classified or unclassified form, the following committees of actions taken under this paragraph and a description of the basis for the actions:

(i) The Permanent Select Committee on Intelligence of the House of Representatives.

(ii) The Committees on the Judiciary, Foreign Relations, Armed Services, and Ways and Means of the House of Representatives.

(iii) The Select Committee on Intelligence of the Senate.

(iv) The Committees on the Judiciary, Foreign Relations, Armed Services, and Finance of the Senate.

(i) PROTECTION OF CLASSIFIED INFORMATION IN FEDERAL COURT CHALLENGES RELATING TO DESIGNATIONS.—In any judicial review of a determination made under this section, if the determination was based on classified information (as defined in section 1(a) of the Classified Information Procedures Act (18 U.S.C. App.)), the information may be submitted to the reviewing court ex parte and in camera. This subsection does not confer or imply any right to judicial review.

**§ 61105. Blocking assets and prohibiting transactions**

(a) APPLICABILITY OF SANCTIONS.—A significant foreign narcotics trafficker publicly identified in the report required under subsection (b) or (h)(1) of section 61104 of this title and foreign persons designated by the Secretary of the Treasury pursuant to subsection (b) shall be subject to any and all sanctions as authorized by this chapter. The application of sanctions on any foreign person pursuant to subsection (b) or (h)(1) of section 61104 of this title or subsection (b) shall remain in effect until revoked pursuant to section 61104(h)(2) of this title or subsection (e)(1)(A) or waived pursuant to section 61104(g)(1) of this title.

(b) BLOCKING OF ASSETS.—Except to the extent provided in regulations, orders, instructions, licenses, or directives issued pursuant to this chapter, and notwithstanding any contract entered into or any license or permit granted prior to the date on which the President submits the report required under subsection (b) or (h)(1) of section 61104 of this title, there are blocked as of the date of the submission, and any date after the date of the submission, all property and interests in property within the United States, or within the possession or control of any United States person, that are owned or controlled by—

(1) any significant foreign narcotics trafficker publicly identified by the President in the report required under subsection (b) or (h)(1) of section 61104 of this title;

(2) any foreign person that the Secretary of the Treasury, in consultation with the Attorney General, the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)), the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, and the Secretary of State, designates as materially assisting in,

providing financial or technological support for or to, or providing goods or services in support of the international narcotics trafficking activities of a significant foreign narcotics trafficker so identified in the report required under subsection (b) or (h)(1) of section 61104 of this title, or foreign persons designated by the Secretary of the Treasury pursuant to this subsection;

(3) any foreign person that the Secretary of the Treasury, in consultation with the Attorney General, the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)), the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, and the Secretary of State, designates as owned, controlled, or directed by, or acting for or on behalf of, a significant foreign narcotics trafficker so identified in the report required under subsection (b) or (h)(1) of section 61104 of this title, or foreign persons designated by the Secretary of the Treasury pursuant to this subsection; and

(4) any foreign person that the Secretary of the Treasury, in consultation with the Attorney General, the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)), the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, and the Secretary of State, designates as playing a significant role in international narcotics trafficking.

(c) PROHIBITED TRANSACTIONS.—Except to the extent provided in regulations, orders, instructions, licenses, or directives issued pursuant to this chapter, and notwithstanding any contract entered into or any license or permit granted prior to the date on which the President submits the report required under subsection (b) or (h)(1) of section 61104 of this title, the following transactions are prohibited:

(1) Any transaction or dealing by a United States person, or within the United States, in property or interests in property of any significant foreign narcotics trafficker so identified in the report required pursuant to subsection (b) or (h)(1) of section 61104 of this title, and foreign persons des-

ignated by the Secretary of the Treasury pursuant to subsection (b).

(2) Any transaction or dealing by a United States person, or within the United States, that evades or avoids, or has the effect of evading or avoiding, and any endeavor, attempt, or conspiracy to violate, any of the prohibitions contained in this chapter.

(d) LAW ENFORCEMENT AND INTELLIGENCE ACTIVITIES NOT AFFECTED.—Nothing in this chapter prohibits or otherwise limits the authorized law enforcement or intelligence activities of the United States, or the law enforcement activities of any State or subdivision of a State.

(e) IMPLEMENTATION.—

(1) IN GENERAL.—The Secretary of the Treasury, in consultation with the Attorney General, the Director of the Central Intelligence Agency or the Director of National Intelligence (as appropriate under section 1081 of the National Security Intelligence Reform Act of 2004 (50 U.S.C. 3001 note)), the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of Defense, and the Secretary of State, may take such actions as may be necessary to carry out this chapter, including—

(A) making those designations authorized by paragraphs (2), (3), and (4) of subsection (b) and revocation of those designations;

(B) promulgating rules and regulations permitted under this chapter; and

(C) employing all powers conferred on the Secretary of the Treasury under this chapter.

(2) FEDERAL AGENCIES.—Each agency of the United States shall take all appropriate measures within its authority to carry out the provisions of this chapter.

(3) AVAILABILITY OF RECORDS AND INFORMATION.— Section 552(a)(3) of title 5 shall not apply to any record or information obtained or created in the implementation of this chapter.

**§ 61106. Authorities**

(a) IN GENERAL.—To carry out the purposes of this chapter, the Secretary of the Treasury may, under such regulations as the Secretary of the Treasury may prescribe, by means of instructions, licenses, or otherwise—

(1) investigate, regulate, or prohibit—

(A) any transactions in foreign exchange, currency, or securities, which transactions are by any person subject to the jurisdiction of the United States, or which transactions are with

respect to any property subject to the jurisdiction of the United States; and

(B) transfers of credit or payments between, by, through, or to any banking institution, to the extent that the transfers or payments involve any interests of any foreign country or a national of a foreign country, which transfers or payments are by any person subject to the jurisdiction of the United States, or which transfers or payments are with respect to any property subject to the jurisdiction of the United States; and

(2) investigate, block during the pendency of an investigation, regulate, direct and compel, nullify, void, prevent, or prohibit any acquisition, holding, withholding, use, transfer, withdrawal, transportation, placement into foreign or domestic commerce of, or dealing in, or exercising any right, power, or privilege with respect to, or transaction involving, any property in which any foreign country or a national of a foreign country has any interest, which acquisition, holding, withholding, use, transfer, withdrawal, transportation, placement, dealing, exercising, or transaction is by any person, or is with re-

spect to any property, subject to the jurisdiction of the United States.

(b) RECORDKEEPING.—Pursuant to subsection (a), the Secretary of the Treasury may require recordkeeping, reporting, and production of documents to carry out the purposes of this chapter.

(c) DEFENSES.—

(1) COMPLIANCE.—Full and actual compliance with any regulation, order, license, instruction, or direction issued under this chapter shall be a defense in any proceeding alleging a violation of any of the provisions of this chapter.

(2) GOOD FAITH.—A person shall not be held liable in any court for or with respect to anything done or omitted in good faith in connection with the administration of, or pursuant to, and in reliance on this chapter, or any regulation, instruction, or direction issued under this chapter.

(d) RULEMAKING.—The Secretary of the Treasury may issue such other regulations or orders, including regulations prescribing recordkeeping, reporting, and production of documents, definitions, licenses, instructions, or directions, as may be necessary for the exercise of the authorities granted by this chapter.

**§ 61107. Penalties**

(a) CRIMINAL PENALTIES.—

(1) IN GENERAL.—A person that willfully violates the provisions of this chapter, or any license, rule, or regulation issued pursuant to this chapter, or willfully neglects or refuses to comply with any order of the President issued under this chapter shall be—

(A) imprisoned for not more than 10 years;

(B) fined in the amount provided in title 18 or, in the case of an entity, fined not more than $10,000,000; or

(C) both.

(2) OFFICER, DIRECTOR, OR AGENT.—Any officer, director, or agent of any entity who knowingly participates in a violation of the provisions of this chapter shall be imprisoned for not more than 30 years, fined not more than $5,000,000, or both.

(b) CIVIL PENALTIES.—The Secretary of the Treasury may impose a civil penalty not to exceed $1,000,000 on any person that violates any license, order, rule, or regulation issued in compliance with the provisions of this chapter.

(c) JUDICIAL REVIEW OF CIVIL PENALTY.—Any penalty imposed under subsection (b) shall be subject to judi-

cial review only to the extent provided in section 702 of title 5.

# Chapter 613—Date-Rape Drug Prohibition

Sec.
61301. Definition of GHB.
61302. Emergency scheduling of GHB.
61303. Investigations and prosecutions relating to violations that result in or contribute to rape and other crimes.
61304. Annual report on date-rape drugs; national awareness campaign.

## § 61301. Definition of GHB

In this chapter, the term ''GHB'' means gamma hydroxybutyric acid.

## § 61302. Emergency scheduling of GHB

Congress finds that the abuse of illicit GHB is an imminent hazard to the public safety. Accordingly, the Attorney General, notwithstanding sections 50301(a), 50301(b), 50301(c), and 50302 of this title, shall issue a final order that schedules GHB (together with its salts, isomers, and salts of isomers) in the same schedule under section 50302(c) of this title as would apply to a scheduling of a substance by the Attorney General under section 50301(h)(1) of this title (relating to imminent hazards to the public safety), except as follows:

(1) DRUGS FOR INVESTIGATIONAL USE.—

(A) IN GENERAL.—For purposes of any requirements that relate to the physical security of registered manufacturers and registered dis-

tributors, the final order shall treat GHB, when the drug is manufactured, distributed, or possessed in accordance with an exemption under section 13510 of this title (whether the exemption involved is authorized before, on, or after February, 18, 2000), as being in the same schedule as that recommended by the Secretary of Health and Human Services for the drug when the drug is the subject of an authorized investigational new drug application (relating to section 13510 of this title).

(B) RECOMMENDATION.—The recommendation referred to in subparagraph (A) is contained in the first paragraph of the letter transmitted on May 19, 1999, by the Secretary of Health and Human Services (acting through the Assistant Secretary for Health) to the Attorney General (acting through the Deputy Administrator of the Drug Enforcement Administration), which letter was in response to the letter transmitted by the Attorney General (acting through the Deputy Administrator of the Drug Enforcement Administration) on September 16, 1997.

(C) PUBLICATION.—In publishing the final order in the Federal Register, the Attorney General shall publish a copy of the letter that was transmitted by the Secretary of Health and Human Services.

(2) DRUG PRODUCT WITH AN APPROVED NEW DRUG APPLICATION.—

(A) IN GENERAL.—In the case of GHB that is contained in a drug product for which an application is approved under chapter 135 of this title (whether the application involved is approved before, on, or after February 18, 2000), the final order shall schedule the drug in the same schedule as that recommended by the Secretary of Health and Human Services for authorized formulations of the drug.

(B) RECOMMENDATION.—The recommendation referred to in subparagraph (A) is contained in the last sentence of the fourth paragraph of the letter (transmitted on May 19, 1999) referred to in paragraph (1).

**§ 61303. Investigations and prosecutions relating to violations that result in or contribute to rape and other crimes**

(a) IN GENERAL.—The Attorney General, in consultation with the Administrator of the Drug Enforcement Administration and the Director of the Federal Bureau of Investigation, shall—

(1) develop—

(A) model protocols for the collection of toxicology specimens and the taking of victim statements in connection with investigations into and prosecutions related to possible violations of division A of subtitle V of this title or other Federal or State laws that result in or contribute to rape, other crimes of violence, or other crimes involving abuse of GHB, other controlled substances, or ''designer drugs''; and

(B) model training materials for law enforcement personnel involved in the investigations; and

(2) make the protocols and training materials available to Federal, State, and local personnel responsible for the investigations.

(b) GRANT.—The Attorney General shall make a grant, in such amount and to such public or private person or entity as the Attorney General considers appropriate,

for the development of forensic field tests to assist law enforcement officials in detecting the presence of GHB and related substances.

**§ 61304. Annual report on date-rape drugs; national awareness campaign**

(a) DEFINITION OF DATE-RAPE DRUGS.—In this section, the term ''date-rape drugs'' means GHB and its salts, isomers, and salts of isomers and such other drugs or substances as the Secretary of Health and Human Services (referred to in this section as ''Secretary''), after consultation with the Attorney General, determines to be appropriate.

(b) ANNUAL REPORT.—The Secretary shall annually submit to Congress reports, each of which provides an estimate of the number of incidents of the abuse of date-rape drugs that occurred during the most recent 1-year period for which data are available.

(c) NATIONAL AWARENESS CAMPAIGN.—

(1) DEVELOPMENT OF PLAN; RECOMMENDATIONS OF ADVISORY COMMITTEE.—

(A) IN GENERAL.—The Secretary, in consultation with the Attorney General, shall develop a plan for carrying out a national campaign to educate individuals described in subparagraph (B) on the following:

(i) The dangers of date-rape drugs.

(ii) The applicability of division A of subtitle V of this title to date-rape drugs, including penalties under the division.

(iii) Recognizing the symptoms that indicate that an individual may be a victim of date-rape drugs, including symptoms with respect to sexual assault.

(iv) Appropriately responding when an individual has the symptoms described in clause (iii).

(B) INTENDED POPULATION.—The individuals referred to in subparagraph (A) are young adults, youths, law enforcement personnel, educators, school nurses, counselors of rape victims, and emergency room personnel in hospitals.

(C) ADVISORY COMMITTEE.—Not later than 180 days after February 18, 2000, the Secretary shall establish an advisory committee to make recommendations to the Secretary regarding the plan under subparagraph (A). The advisory committee shall be composed of individuals who collectively possess expertise on the

effects of date-rape drugs and on detecting and controlling the drugs.

(2) IMPLEMENTATION OF PLAN.—Not later than 180 days after the date on which the advisory committee under paragraph (1) is established, the Secretary, in consultation with the Attorney General, shall commence carrying out the national campaign under the paragraph in accordance with the plan developed under the paragraph. The campaign may be carried out directly by the Secretary and through grants and contracts.

# Chapter 615—United States Anti-Doping Agency

Sec.
61501. Definitions.
61502. Designation of United States Anti-Doping Agency.
61503. Records, audit, and report.
61504. Authorization of appropriations.

## § 61501. Definitions

In this chapter:

(1) AMATEUR ATHLETE.—The term ''amateur athlete'' has the meaning given the term in section 220501(b)(1) of title 36.

(2) AMATEUR ATHLETIC COMPETITION.—The term ''amateur athletic competition'' has the meaning given the term in section 220501(b)(2) of title 36.

(3) UNITED STATES OLYMPIC AND PARALYMPIC COMMITTEE.—The term ''United States Olympic and Paralympic Committee'' means the organization established by the Ted Stevens Olympic and Amateur Sports Act (36 U.S.C. 220501 et seq.).

**§ 61502. Designation of United States Anti-Doping Agency**

(a) IN GENERAL.—The United States Anti-Doping Agency—

(1) shall—

(A) serve as the independent anti-doping organization for the amateur athletic competitions recognized by the United States Olympic and Paralympic Committee;

(B) be responsible for certifying in advance any testing conducted by international organizations under the World Anti-Doping Code for international amateur athletes and athletic competitions occurring within the jurisdiction of the United States; and

(C) be recognized worldwide as the independent national anti-doping organization for the United States;

(2) shall ensure that athletes participating in amateur athletic activities recognized by the United

States Olympic and Paralympic Committee are prevented from using performance-enhancing drugs or prohibited performance-enhancing methods adopted by the Agency;

(3) shall implement anti-doping education, research, testing, and adjudication programs to prevent United States amateur athletes participating in any activity recognized by the United States Olympic and Paralympic Committee from using performance-enhancing drugs or prohibited performance-enhancing methods adopted by the Agency;

(4) shall serve as the United States representative responsible for coordination with other anti-doping organizations coordinating amateur athletic competitions recognized by the United States Olympic and Paralympic Committee to ensure the integrity of athletic competition, the health of the athletes, and the prevention of use by United States amateur athletes of performance-enhancing drugs or prohibited performance-enhancing methods adopted by the Agency; and

(5) shall promote a positive youth sport experience by using a portion of the funding of the United States Anti-Doping Agency to provide educational materials on sportsmanship, character building, and

healthy performance for the athletes, parents, and coaches who participate in youth sports.

(b) DUE PROCESS IN ARBITRATION PROCEEDINGS.—Any action taken by the United States Anti-Doping Agency to enforce a policy, procedure, or requirement of the United States Anti-Doping Agency against a person with respect to a violation of Federal law, including an investigation, a disciplinary action, a sanction, or any other administrative action, shall be carried out in a manner that provides due process protection to the person.

**§ 61503. Records, audit, and report**

(a) RECORDS.—The United States Anti-Doping Agency shall keep correct and complete records of account.

(b) REPORT.—The United States Anti-Doping Agency shall submit an annual report to Congress that includes—

(1) an audit conducted and submitted in accordance with section 10101 of title 36; and

(2) a description of the activities of the agency.

**§ 61504. Authorization of appropriations**

There are authorized to be appropriated to the United States Anti-Doping Agency—

(1) for fiscal year 2025, $16,900,000;

(2) for fiscal year 2026, $17,700,000;

(3) for fiscal year 2027, $18,500,000;

(4) for fiscal year 2028, $19,800,000;

(5) for fiscal year 2029, $22,100,000;

(6) for fiscal year 2030, $24,900,000; and

(7) for fiscal year 2031, $23,700,000.

# Chapter 617—National Methamphetamine Information Clearinghouse

Sec.
61701. Definitions.
61702. Establishment of clearinghouse and advisory council.
61703. NMIC requirements and review.

## § 61701. Definitions

In this chapter:

(1) COUNCIL.—The term ''Council'' means the National Methamphetamine Advisory Council established under section 61702(b)(1) of this title.

(2) DRUG-ENDANGERED CHILDREN.—The term ''drug-endangered children'' means children whose physical, mental, or emotional health are at risk because of the production, use, or other effects of methamphetamine production or use by another person.

(3) NATIONAL METHAMPHETAMINE INFORMATION CLEARINGHOUSE.—

(A) IN GENERAL.—The term ''National Methamphetamine Information Clearinghouse''

means the information clearinghouse established under section 61702(a) of this title.

(B) NMIC.—The term ''NMIC'' means the National Methamphetamine Information Clearinghouse.

(4) QUALIFIED ENTITY.—The term ''qualified entity'' means a State, local, or tribal government, school board, or public health, law enforcement, nonprofit, community anti-drug coalition, or other nongovernmental organization providing services related to methamphetamines.

**§ 61702. Establishment of clearinghouse and advisory council**

(a) CLEARINGHOUSE.—There is established, under the supervision of the Attorney General, an information clearinghouse to be known as the National Methamphetamine Information Clearinghouse.

(b) ADVISORY COUNCIL.—

(1) IN GENERAL.—There is established an advisory council to be known as the National Methamphetamine Advisory Council.

(2) MEMBERSHIP.—The Council shall consist of 10 members appointed by the Attorney General—

(A) not fewer than 3 of whom shall be representatives of law enforcement agencies;

(B) not fewer than 4 of whom shall be representatives of nongovernmental and nonprofit organizations providing services or training and implementing programs or strategies related to methamphetamines; and

(C) 1 of whom shall be a representative of the Department of Health and Human Services.

(3) PERIOD OF APPOINTMENT; VACANCIES.—Members shall be appointed for 3 years. Any vacancy in the Council shall not affect its powers, and shall be filled in the same manner as the original appointment.

(4) PERSONNEL MATTERS.—

(A) TRAVEL EXPENSES.—The members of the Council shall be allowed travel expenses, including per diem in lieu of subsistence, at rates authorized for employees of agencies under subchapter I of chapter 57 of title 5, while away from their homes or regular places of business in the performance of services for the Council.

(B) NO COMPENSATION.—The members of the Council shall not receive compensation for the performance of the duties of a member of the Council.

**§ 61703. NMIC requirements and review**

(a) IN GENERAL.—The NMIC shall promote sharing information regarding successful law enforcement, treatment, environmental, prevention, social services, and other programs related to the production, use, or effects of methamphetamine and grants available for the programs.

(b) COMPONENTS.—

(1) IN GENERAL.—The NMIC shall include—

(A) a toll-free number; and

(B) a website that provides a searchable database, which website—

(i) provides information on the short-term and long-term effects of methamphetamine use;

(ii) provides information regarding methamphetamine treatment and prevention programs and strategies and programs for drug-endangered children, including descriptions of successful programs and strategies and contact information for the programs and strategies;

(iii) provides information regarding grants for methamphetamine-related programs, including contact information and links to websites;

(iv) allows a qualified entity to submit items to be posted on the website regarding successful public or private programs or other useful information related to the production, use, or effects of methamphetamine;

(v) includes a restricted section that may only be accessed by a law enforcement organization and that contains successful strategies, training techniques, and other information that the Council determines helpful to law enforcement agency efforts to identify or combat the production, use, or effects of methamphetamine;

(vi) allows public access to all information not in a restricted section; and

(vii) contains any additional information the Council determines may be useful in identifying or combating the production, use, or effects of methamphetamine.

(2) FUNDS.—Thirty days after the website in paragraph (1)(B) is operational, no funds shall be expended to continue the website methresources.gov.

(c) REVIEW OF POSTED INFORMATION.—

(1) IN GENERAL.—Not later than 30 days after the date of submission of an item by a qualified entity for posting on the website described in subsection (b)(1)(B), the Council shall review the item—

(A) to evaluate and determine whether the item, as submitted or as modified, meets the requirements for posting; and

(B) to determine, in consultation with the Attorney General, whether the item should be posted in a restricted section of the website.

(2) DETERMINATION.—Not later than 45 days after the date of submission of the item, the Council shall—

(A) post the item on the website described in subsection (b)(1)(B); or

(B) notify the qualified entity that submitted the item regarding the reason the item shall not be posted and modifications, if any, that the qualified entity may make to allow the item to be posted.

# Chapter 619—Sanctions With Respect to Foreign Traffickers of Illicit Synthetic Opioids

**Subchapter I—General Provisions**

Sec.
61901. Definitions.

**Subchapter II—Sanctions With Respect to Foreign Opioid Traffickers**

61911. Identification of foreign opioid traffickers.
61912. Imposition of sanctions.
61913. Description of sanctions.
61914. Designation of transactions of sanctioned persons as of primary money laundering concern.
61915. Waivers.
61916. Procedures for judicial review of classified information.
61917. Briefings on implementation.

**Subchapter III—Other Matters**

61931. Director of National Intelligence program on use of intelligence resources in efforts to sanction foreign opioid traffickers.
61932. Authorization of appropriations.
61933. Regulatory authority.
61934. Termination.
61935. Exception relating to importation of goods.

# Subchapter I—General Provisions

## § 61901. Definitions

In this chapter:

(1) ALIEN.—The term ''alien'' has the meaning given the term in section 101 of the Immigration and Nationality Act (8 U.S.C. 1101).

(2) APPROPRIATE CONGRESSIONAL COMMITTEES AND LEADERSHIP.—The term ''appropriate congressional committees and leadership'' means—

(A) the Committee on Appropriations, the Committee on Armed Services, the Committee on Banking, Housing, and Urban Affairs, the Committee on Foreign Relations, the Committee on Homeland Security and Governmental Affairs, the Committee on the Judiciary, the Select Committee on Intelligence, and the

majority leader and the minority leader of the Senate; and

(B) the Committee on Appropriations, the Committee on Armed Services, the Committee on Financial Services, the Committee on Foreign Affairs, the Committee on Homeland Security, the Committee on the Judiciary, the Committee on Oversight and Reform, the Permanent Select Committee on Intelligence, and the Speaker and the minority leader of the House of Representatives.

(3) CONTROLLED SUBSTANCE.—The term ''controlled substance'' has the meaning given the term in section 50101 of this title.

(4) ENTITY.—The term ''entity'' means a partnership, joint venture, association, corporation, organization, network, group, or subgroup, or any form of business collaboration.

(5) FOREIGN OPIOID TRAFFICKER.—The term ''foreign opioid trafficker'' means any foreign person that the President determines plays a significant role in opioid trafficking.

(6) FOREIGN PERSON.—

(A) IN GENERAL.—The term ''foreign person'' means—

(i) any citizen or national of a foreign country; or

(ii) any entity not organized under the laws of the United States or a jurisdiction within the United States.

(B) EXCLUSION.—The term ''foreign person'' does not include the government of a foreign country.

(7) KNOWINGLY.—The term ''knowingly'', with respect to conduct, a circumstance, or a result, means that a person has actual knowledge, or should have known, of the conduct, the circumstance, or the result.

(8) LISTED CHEMICAL.—The term ''listed chemical'' has the meaning given the term in section 50101 of this title.

(9) NARCOTIC DRUG.—The term ''narcotic drug'' has the meaning given the term in section 50101 of this title.

(10) NATIONAL.—The term ''national'' has the meaning given the term in section 101 of the Immigration and Nationality Act (8 U.S.C. 1101).

(11) NATIONAL OF THE UNITED STATES.—The term ''national of the United States'' has the mean-

ing given the term in section 101 of the Immigration and Nationality Act (8 U.S.C. 1101).

(12) OPIOID.—The term ''opioid'' has the meaning given the term in section 50101 of this title.

(13) OPIOID TRAFFICKING.—The term ''opioid trafficking'' means any illicit activity—

(A) to produce, manufacture, distribute, sell, or knowingly finance or transport—

(i) synthetic opioids, including controlled substances that are synthetic opioids and listed chemicals that are synthetic opioids; or

(ii) active pharmaceutical ingredients or chemicals that are used in the production of controlled substances that are synthetic opioids;

(B) to attempt to carry out an activity described in subparagraph (A); or

(C) to assist, abet, conspire, or collude with other persons to carry out an activity described in subparagraph (A).

(14) PERSON.—The term ''person'' means an individual or entity.

(15) UNITED STATES PERSON.—The term ''United States person'' means—

(A) any citizen or national of the United States;

(B) any alien lawfully admitted for permanent residence in the United States;

(C) any entity organized under the laws of the United States or any jurisdiction within the United States (including a foreign branch of the entity); or

(D) any person located in the United States.

# Subchapter II—Sanctions With Respect to Foreign Opioid Traffickers

## §61911. Identification of foreign opioid traffickers

(a) PUBLIC REPORT.—

(1) IN GENERAL.—The President shall submit to the appropriate congressional committees and leadership, in accordance with subsection (c), a report—

(A) identifying the foreign persons that the President determines are foreign opioid traffickers;

(B) detailing progress the President has made in implementing this subchapter; and

(C) providing an update on cooperative efforts with the governments of Mexico, the People's Republic of China, and other countries of concern with respect to combating foreign opioid traffickers.

(2) IDENTIFICATION OF ADDITIONAL PERSONS.—If, at any time after submitting a report required by paragraph (1) and before the submission of the next such report, the President determines that a foreign person not identified in the report is a foreign opioid trafficker, the President shall submit to the appropriate congressional committees and leadership an additional report containing the information required by paragraph (1) with respect to the foreign person.

(3) EXCLUSION.—The President shall not be required to include in a report under paragraph (1) or (2) any persons with respect to which the United States has imposed, before the date of the report, sanctions under this subchapter or any other provision of law with respect to opioid trafficking.

(4) FORM OF REPORT.—

(A) IN GENERAL.—Each report required by paragraph (1) or (2) shall be submitted in unclassified form but may include a classified annex.

(B) AVAILABILITY TO PUBLIC.—The unclassified portion of a report required by paragraph (1) or (2) shall be made available to the public.

(b) CLASSIFIED REPORT.—

(1) IN GENERAL.—The President shall submit to the appropriate congressional committees and leadership, in accordance with subsection (c), a report, in classified form—

(A) describing in detail the status of sanctions imposed under this subchapter, including the personnel and resources directed toward the imposition of the sanctions during the preceding fiscal year;

(B) providing background information with respect to persons newly identified as foreign opioid traffickers and their illicit activities;

(C) describing actions the President intends to undertake or has undertaken to implement this subchapter; and

(D) providing a strategy for identifying additional foreign opioid traffickers.

(2) EFFECT ON OTHER REPORTING REQUIREMENTS.—The report required by paragraph (1) is in addition to, and does not delimit or restrict, the obligations of the President to keep Congress fully and currently informed pursuant to the provisions of the National Security Act of 1947 (50 U.S.C. 3001 et seq.).

(c) SUBMISSION OF REPORTS.—Not later than 180 days after December 20, 2019, and annually thereafter until December 20, 2024, the President shall submit the reports required by subsections (a) and (b) to the appropriate congressional committees and leadership.

(d) EXCLUSION OF CERTAIN INFORMATION.—

(1) INTELLIGENCE.—Notwithstanding any other provision of this section, a report required by subsection (a) or (b) shall not disclose the identity of any person if the Director of National Intelligence determines that the disclosure could compromise an intelligence operation, activity, source, or method of the United States.

(2) LAW ENFORCEMENT.—Notwithstanding any other provision of this section, a report required by subsection (a) or (b) shall not disclose the identity

of any person if the Attorney General, in coordination, as appropriate, with the Director of the Federal Bureau of Investigation, the Administrator of the Drug Enforcement Administration, the Secretary of the Treasury, the Secretary of State, and the head of any other appropriate Federal law enforcement agency, determines that the disclosure could reasonably be expected—

(A) to compromise the identity of a confidential source, including a State, local, or foreign agency or authority or any private institution that furnished information on a confidential basis;

(B) to jeopardize the integrity or success of an ongoing criminal investigation or prosecution;

(C) to endanger the life or physical safety of any individual; or

(D) to cause substantial harm to physical property.

(3) NOTIFICATION REQUIRED.—If the Director of National Intelligence makes a determination under paragraph (1) or the Attorney General makes a determination under paragraph (2), the Director of National Intelligence or the Attorney General, as

the case may be, shall notify the appropriate congressional committees and leadership of the determination and the reasons for the determination.

(4) RULE OF CONSTRUCTION.—Nothing in this section may be construed to authorize or compel the disclosure of information determined by the President to be law enforcement information, classified information, national security information, or other information the disclosure of which is prohibited by any other provision of law.

(e) PROVISION OF INFORMATION REQUIRED FOR REPORTS.—The Secretary of the Treasury, the Attorney General, the Secretary of Defense, the Secretary of State, the Secretary of Homeland Security, and the Director of National Intelligence shall consult among themselves and provide to the President and the Director of National Drug Control Policy the appropriate and necessary information to enable the President to submit the reports required by subsection (a).

**§ 61912. Imposition of sanctions**

The President shall impose 5 or more of the sanctions described in section 61913 of this title with respect to each foreign person that is an entity, and 4 or more of the sanctions with respect to each foreign person that is an individual, that—

(1) is identified as a foreign opioid trafficker in a report submitted under section 61911(a) of this title; or

(2) the President determines is—

(A) owned, controlled, or directed by such a foreign opioid trafficker;

(B) knowingly supplying or sourcing precursors for such a foreign opioid trafficker; or

(C) knowingly acting for or on behalf of such a foreign opioid trafficker.

**§ 61913. Description of sanctions**

(a) IN GENERAL.—The sanctions that may be imposed with respect to a foreign person under section 61912 of this title are the following:

(1) LOANS FROM UNITED STATES FINANCIAL INSTITUTIONS.—The United States Government may prohibit any United States financial institution from making loans or providing credits to the foreign person.

(2) PROHIBITIONS ON FOREIGN FINANCIAL INSTITUTIONS.—

(A) IN GENERAL.—The following prohibitions may be imposed with respect to a foreign person that is a financial institution:

(i) PROHIBITION ON DESIGNATION AS PRIMARY DEALER.—Neither the Board of Governors of the Federal Reserve System nor the Federal Reserve Bank of New York may designate, or permit the continuation of any prior designation of, the financial institution as a primary dealer in United States Government debt instruments.

(ii) PROHIBITION ON SERVICE AS A REPOSITORY OF GOVERNMENT FUNDS.—The financial institution may not serve as an agent of the United States Government or serve as a repository for United States Government funds.

(B) AGGREGATION OF SANCTIONS.—The imposition of either sanction under clause (i) or (ii) of subparagraph (A) shall be treated as 1 sanction for purposes of section 61912 of this title, and the imposition of both sanctions shall be treated as 2 sanctions for purposes of that section.

(3) PROCUREMENT BAN.—The United States Government may not procure, or enter into any con-

tract for the procurement of, any goods or services from the foreign person.

(4) FOREIGN EXCHANGE.—The President may, pursuant to such regulations as the President may prescribe, prohibit any transactions in foreign exchange that are subject to the jurisdiction of the United States and in which the foreign person has any interest.

(5) BANKING TRANSACTIONS.—The President may, pursuant to such regulations as the President may prescribe, prohibit any transfers of credit or payments between financial institutions or by, through, or to any financial institution, to the extent that the transfers or payments are subject to the jurisdiction of the United States and involve any interest of the foreign person.

(6) PROPERTY TRANSACTIONS.—The President may, pursuant to such regulations as the President may prescribe, prohibit any person from—

(A) acquiring, holding, withholding, using, transferring, withdrawing, or transporting any property—

(i) that is subject to the jurisdiction of the United States; and

(ii) with respect to which the foreign person has any interest;

(B) dealing in or exercising any right, power, or privilege with respect to the property; or

(C) conducting any transaction involving the property.

(7) BAN ON INVESTMENT IN EQUITY OR DEBT OF SANCTIONED PERSON.—The President may, pursuant to such regulations or guidelines as the President may prescribe, prohibit any United States person from investing in or purchasing significant amounts of equity or debt instruments of the foreign person.

(8) EXCLUSION OF CORPORATE OFFICERS.—The President may direct the Secretary of State to deny a visa to, and the Secretary of Homeland Security to exclude from the United States, any alien that the President determines is a corporate officer or principal of, or a shareholder with a controlling interest in, the foreign person.

(9) SANCTIONS ON PRINCIPAL EXECUTIVE OFFICERS.—The President may impose on a principal executive officer of the foreign person, or on an individual performing similar functions and with similar

authorities as the officer, any of the sanctions described in paragraphs (1) through (8) that are applicable.

(b) PENALTIES.—A person that violates, attempts to violate, conspires to violate, or causes a violation of any regulation, license, or order issued to carry out subsection (a) shall be subject to the penalties set forth in subsections (b) and (c) of section 206 of the International Emergency Economic Powers Act (50 U.S.C. 1705(b), (c)) to the same extent as a person that commits an unlawful act described in subsection (a) of that section.

(c) EXCEPTIONS.—

(1) INTELLIGENCE AND LAW ENFORCEMENT ACTIVITIES.—Sanctions under this section shall not apply with respect to—

(A) any activity subject to the reporting requirements under title V of the National Security Act of 1947 (50 U.S.C. 3091 et seq.); or

(B) any authorized intelligence or law enforcement activities of the United States.

(2) COMPLIANCE WITH INTERNATIONAL OBLIGATIONS.—Sanctions under subsection (a)(8) shall not apply to an alien if admitting the alien into the United States is necessary to permit the United States to comply with—

(A) the Agreement regarding the Headquarters of the United Nations, signed at Lake Success June 26, 1947, and entered into force November 21, 1947, between the United Nations and the United States (TIAS 1676);

(B) the Convention on Consular Relations, done at Vienna April 24, 1963, and entered into force March 19, 1967 (21 UST 77; TIAS 6820); or

(C) other applicable international obligations.

(d) IMPLEMENTATION.—The President may exercise all authorities provided under sections 203 and 205 of the International Emergency Economic Powers Act (50 U.S.C. 1702 and 1704) to carry out this section.

**§ 61914. Designation of transactions of sanctioned persons as of primary money laundering concern**

(a) IN GENERAL.—If the Secretary of the Treasury determines that reasonable grounds exist for concluding that one or more financial institutions operating outside of the United States, one or more classes of transactions within, or involving, a jurisdiction outside of the United States, or one or more types of accounts within, or involving, a jurisdiction outside of the United States, is of pri-

mary money laundering concern in connection with illicit opioid trafficking, the Secretary of the Treasury may, by order, regulation, or otherwise as permitted by law—

(1) require domestic financial institutions and domestic financial agencies to take one or more of the special measures provided for in section 9714(a)(1) of the Combating Russian Money Laundering Act (Public Law 116–283, div. H, title XCVII, subtitle B, 31 U.S.C. 5318A note); or

(2) prohibit, or impose conditions on, certain transmittals of funds (to be defined by the Secretary of the Treasury) by any domestic financial institution or domestic financial agency, if the transmittal of funds involves any such institution, class of transaction, or type of accounts.

(b) CLASSIFIED INFORMATION.—In any judicial review of a finding of the existence of a primary money laundering concern, or of the requirement for one or more special measures with respect to a primary money laundering concern made under this section, if the designation, imposition, or both were based on classified information (as defined in section 1(a) of the Classified Information Procedures Act (18 U.S.C. App.)), the information may be submitted by the Secretary of the Treasury to the reviewing court ex parte and in camera. This subsection does

not confer or imply any right to judicial review of any finding made or any requirement imposed under this section.

(c) AVAILABILITY OF INFORMATION.—The exemptions from, and prohibitions on, search and disclosure referred to in section 9714(c) of the Combating Russian Money Laundering Act (Public Law 116–283, div. H, title XCVII, subtitle B, 31 U.S.C. 5318A note) shall apply to any report or record of report filed pursuant to a requirement imposed under subsection (a). For purposes of section 552 of title 5, this subsection shall be considered a statute described in subsection (b)(3)(B) of that section.

(d) PENALTIES.—The penalties referred to in section 9714(d) of the Combating Russian Money Laundering Act (Public Law 116–283, div. H, title XCVII, subtitle B, 31 U.S.C. 5318A note) shall apply to violations of any order, regulation, special measure, or other requirement imposed under subsection (a), in the same manner and to the same extent as described in that section 9714(d).

(e) INJUNCTIONS.—The Secretary of the Treasury may bring a civil action to enjoin a violation of any order, regulation, special measure, or other requirement imposed under subsection (a) in the same manner and to the same extent as described in section 9714(e) of the Combating Russian Money Laundering Act (Public Law 116–283, div. H, title XCVII, subtitle B, 31 U.S.C. 5318A note).

**§ 61915. Waivers**

(a) WAIVER FOR STATE-OWNED ENTITIES IN COUNTRIES THAT COOPERATE IN MULTILATERAL ANTI-TRAFFICKING EFFORTS.—

(1) IN GENERAL.—The President may waive for a period of not more than 12 months the application of sanctions under this subchapter with respect to an entity that is owned or controlled, directly or indirectly, by a foreign government or any political subdivision, agency, or instrumentality of a foreign government, if, not less than 15 days before the waiver is to take effect, the President certifies to the appropriate congressional committees and leadership that the foreign government is closely cooperating with the United States in efforts to prevent opioid trafficking.

(2) CERTIFICATION.—

(A) IN GENERAL.—The President may certify under paragraph (1) that a foreign government is closely cooperating with the United States in efforts to prevent opioid trafficking if that government is—

(i) implementing domestic laws to schedule all fentanyl analogues as controlled substances; and

(ii) doing 2 or more of the activities listed under subparagraph (B).

(B) ACTIVITIES.—The activities listed under this subparagraph are the following:

(i) Implementing substantial improvements in regulations involving the chemical and pharmaceutical production and export of illicit opioids.

(ii) Implementing substantial improvements in judicial regulations to combat transnational criminal organizations that traffic opioids.

(iii) Increasing efforts to prosecute foreign opioid traffickers.

(iv) Increasing intelligence sharing and law enforcement cooperation with the United States with respect to opioid trafficking.

(3) SUBSEQUENT RENEWAL OF WAIVER.—The President may renew a waiver under paragraph (1) for subsequent periods of not more than 12 months each if, not less than 15 days before the renewal is to take effect, the Secretary of State certifies to the appropriate congressional committees and leadership that the government of the country to which the

waiver applies has effectively implemented and is effectively enforcing the measures that formed the basis for the certification under paragraph (2).

(b) WAIVERS FOR NATIONAL SECURITY AND ACCESS TO PRESCRIPTION MEDICATIONS.—

(1) IN GENERAL.—The President may waive the application of sanctions under this subchapter if the President determines that the application of the sanctions would harm—

(A) the national security interests of the United States; or

(B) subject to paragraph (2), the access of United States persons to prescription medications.

(2) MONITORING.—The President shall establish a monitoring program to verify that a person that receives a waiver under paragraph (1)(B) is not trafficking illicit opioids.

(3) NOTIFICATION.—Not later than 15 days after making a determination under paragraph (1), the President shall notify the appropriate congressional committees and leadership of the determination and the reasons for the determination.

(c) HUMANITARIAN WAIVER.—The President may waive, for renewable periods of 180 days, the application

of the sanctions under this subchapter if the President certifies to the appropriate congressional committees and leadership that the waiver is necessary for the provision of humanitarian assistance.

**§ 61916. Procedures for judicial review of classified information**

(a) IN GENERAL.—If a finding under this subchapter, or a prohibition, condition, or penalty imposed as a result of the finding, is based on classified information (as defined in section 1(a) of the Classified Information Procedures Act (18 U.S.C. App.)) and a court reviews the finding or the imposition of the prohibition, condition, or penalty, the President may submit the information to the court ex parte and in camera.

(b) RULE OF CONSTRUCTION.—Nothing in this section shall be construed—

(1) to confer or imply any right to judicial review of any finding under this subchapter, or any prohibition, condition, or penalty imposed as a result of the finding; or

(2) to limit or restrict any other practice, procedure, right, remedy, or safeguard that—

(A) relates to the protection of classified information; and

(B) is available to the United States in connection with any type of administrative hearing, litigation, or other proceeding.

**§ 61917. Briefings on implementation**

Not later than 90 days after December 20, 2019, and every 180 days thereafter until the December 20, 2024, the President, acting through the Secretary of State and the Director of National Intelligence, in coordination with the Secretary of the Treasury, shall provide to the appropriate congressional committees and leadership a comprehensive briefing on efforts to implement this subchapter.

# Subchapter III—Other Matters

**§ 61931. Director of National Intelligence program on use of intelligence resources in efforts to sanction foreign opioid traffickers**

(a) DEFINITION OF INTELLIGENCE COMMUNITY.—In this section, the term ''intelligence community'' has the meaning given the term in section 3(4) of the National Security Act of 1947 (50 U.S.C. 3003(4)).

(b) PROGRAM REQUIRED.—

(1) IN GENERAL.—The Director of National Intelligence shall, in consultation with the Director of National Drug Control Policy, carry out a program to allocate and enhance the use of resources of the

intelligence community, including intelligence collection and analysis, to assist the Secretary of the Treasury, the Secretary of State, and the Administrator of the Drug Enforcement Administration in efforts to identify and impose sanctions with respect to foreign opioid traffickers under subchapter II.

(2) FOCUS ON ILLICIT FINANCE.—To the extent practicable, efforts described in paragraph (1) shall—

(A) take into account specific illicit finance risks related to narcotics trafficking; and

(B) be developed in consultation with the Undersecretary of the Treasury for Terrorism and Financial Crimes, appropriate officials of the Office of Intelligence and Analysis of the Department of the Treasury, the Director of the Financial Crimes Enforcement Network, and appropriate Federal law enforcement agencies.

(c) REVIEW OF COUNTERNARCOTICS EFFORTS OF THE INTELLIGENCE COMMUNITY.—The Director of National Intelligence shall, in coordination with the Director of National Drug Control Policy, carry out a comprehensive review of the current intelligence collection priorities of the intelligence community for counternarcotics pur-

poses in order to identify whether the priorities are appropriate and sufficient in light of the number of lives lost in the United States each year due to use of illegal drugs.

(d) REPORTS AND BRIEFINGS.—

(1) REPORTS AND BRIEFINGS ON PROGRAM.—

(A) ANNUAL REPORTS.—Not later than 90 days after December 20, 2019, and annually thereafter, the Director of National Intelligence and the Director of National Drug Control Policy shall jointly submit to the appropriate congressional committees and leadership a report on the status and accomplishments of the program required by subsection (b) during the year ending on the date of the report.

(B) SEMIANNUAL BRIEFINGS.—On a semiannual basis, the Director of National Intelligence and the Director of National Drug Control Policy shall jointly brief the appropriate congressional committees and leadership on the status and accomplishments of the program required by subsection (b).

(2) REPORT ON REVIEW.—Not later than 120 days after December 20, 2019, the Director of National Intelligence, in consultation with the Director of National Drug Control Policy and other relevant

agencies, shall submit to the appropriate congressional committees and leadership—

(A) a comprehensive description of the results of the review required by subsection (c); and

(B) an assessment of whether—

(i) the priorities described in that subsection are appropriate and sufficient in light of the number of lives lost in the United States each year due to use of illegal drugs; and

(ii) any changes to the priorities are necessary.

**§ 61932. Authorization of appropriations**

(a) DEFINITION OF APPROPRIATE COMMITTEES OF CONGRESS.—In this section, the term ''appropriate committees of Congress'' means—

(1) the Committee on Armed Services, the Committee on Banking, Housing, and Urban Affairs, the Committee on Foreign Relations, the Select Committee on Intelligence, the Committee on the Judiciary, and the Committee on Appropriations of the Senate; and

(2) the Committee on Armed Services, the Committee on Financial Services, the Committee on

Foreign Affairs, the Permanent Select Committee on Intelligence, the Committee on Oversight and Reform, and the Committee on Appropriations of the House of Representatives.

(b) DEPARTMENT OF THE TREASURY.—There are authorized to be appropriated to the Secretary of the Treasury such sums as may be necessary for fiscal year 2020 to carry out operations and activities of the Department of the Treasury solely for purposes of carrying out this chapter and the Fentanyl Sanctions Act (Public Law 116–92, title LXXII, 133 Stat. 2261).

(c) SUPPLEMENT NOT SUPPLANT.—Amounts authorized to be appropriated by subsection (b) shall supplement and not supplant other amounts available to carry out operations and activities described in the subsection.

(d) NOTIFICATION REQUIREMENT.—Amounts authorized to be appropriated by subsection (b) may not be obligated until 15 days after the date on which the President notifies the appropriate committees of Congress of the President's intention to obligate the funds.

**§ 61933. Regulatory authority**

Not later than 90 days after December 20, 2019, the President shall issue such regulations as are necessary to carry out this chapter and the Fentanyl Sanctions Act (Public Law 116–92, title LXXII, 133 Stat. 2261), in-

cluding guidance with respect to the activities that are included under the definition of ''opioid trafficking'' under section 61901 of this title.

**§ 61934. Termination**

The provisions of this chapter and the Fentanyl Sanctions Act (Public Law 116–92, title LXXII, 133 Stat. 2261), and any sanctions imposed pursuant to this chapter, shall terminate on December 20, 2026.

**§ 61935. Exception relating to importation of goods**

(a) DEFINITION OF GOOD.—In this section, the term ''good'' means any article, natural or manmade substance, material, supply, or manufactured product, including inspection and test equipment, and excluding technical data.

(b) IN GENERAL.—The authorities and requirements to impose sanctions under this chapter shall not include the authority or a requirement to impose sanctions on the importation of goods.

# Chapter 621—International Sports Doping

Sec.
62101. Definitions.
62102. Major international doping fraud conspiracies.
62103. Criminal penalties and statute of limitations.
62104. Coordination and sharing of information with USADA.

**§ 62101. Definitions**

In this chapter:

(1) ANTI-DOPING ORGANIZATION.—The term ''anti-doping organization'' has the meaning given the term in Article 2 of the Convention.

(2) ATHLETE.—The term ''athlete'' has the meaning given the term in Article 2 of the Convention.

(3) CODE.—The term ''Code'' means the World Anti-Doping Code most recently adopted by WADA on March 5, 2003.

(4) CONVENTION.—The term ''Convention'' means the United Nations Educational, Scientific, and Cultural Organization International Convention Against Doping in Sport, done at Paris October 19, 2005 (TIAS 08-1001.2), and ratified by the United States in 2008.

(5) MAJOR INTERNATIONAL SPORTS COMPETITION.—The term ''major international sports competition''—

(A) means a competition—

(i) in which 1 or more United States athletes and 3 or more athletes from other countries participate;

(ii) that is governed by the anti-doping rules and principles of the Code; and

(iii) in which—

(I) the competition organizer or sanctioning body receives sponsorship or other financial support from an organization doing business in the United States; or

(II) the competition organizer or sanctioning body receives compensation for the right to broadcast the competition in the United States; and

(B) includes a competition that is a single event or a competition that consists of a series of events held at different times which, when combined, qualify an athlete or team for an award or other recognition.

(6) PERSON.—The term ''person'' means any individual, partnership, corporation, association, or other entity.

(7) PROHIBITED METHOD.—The term ''prohibited method'' has the meaning given the term in Article 2 of the Convention.

(8) PROHIBITED SUBSTANCE.—The term ''prohibited substance'' has the meaning given the term in Article 2 of the Convention.

(9) SCHEME IN COMMERCE.—The term ''scheme in commerce'' means any scheme effectuated in whole or in part through the use in interstate or foreign commerce of any facility for transportation or communication.

(10) USADA.—The term ''USADA'' means the United States Anti-Doping Agency.

(11) WADA.—The term ''WADA'' means the World Anti-Doping Agency.

**§ 62102. Major international doping fraud conspiracies**

(a) IN GENERAL.—It shall be unlawful for any person, other than an athlete, to knowingly carry into effect, attempt to carry into effect, or conspire with any other person to carry into effect a scheme in commerce to influence by use of a prohibited substance or prohibited method any major international sports competition.

(b) EXTRATERRITORIAL JURISDICTION.—There is extraterritorial Federal jurisdiction over an offense under this section.

**§ 62103. Criminal penalties and statute of limitations**

(a) IN GENERAL.—

(1) CRIMINAL PENALTY.—A person that violates section 62102 of this title shall be sentenced to a term of imprisonment for not more than 10 years,

fined $250,000 if the person is an individual or $1,000,000 if the defendant is other than an individual, or both.

(2) FORFEITURE.—Any property, real or personal, tangible or intangible, may be seized and criminally forfeited to the United States if that property—

(A) is used or intended to be used, in any manner, to commit or facilitate a violation of section 62102 of this title; or

(B) constitutes or is traceable to the proceeds taken, obtained, or retained in connection with or as a result of a violation of section 62102 of this title.

(b) LIMITATION ON PROSECUTION.—

(1) IN GENERAL.—A person shall not be prosecuted, tried, or punished for violation of section 62102 of this title unless the indictment is returned or the information is filed within 10 years after the date on which the offense was completed.

(2) TOLLING.—On application in the United States, filed before a return of an indictment, indicating that evidence of an offense under this chapter is in a foreign country, the district court before which a grand jury is impaneled to investigate the

offense shall suspend the running of the statute of limitations under this section for the offense if the court finds by a preponderance of the evidence that an official request has been made for the evidence and that it reasonably appears, or reasonably appeared at the time the request was made, that the evidence is, or was, in the foreign country.

### § 62104. Coordination and sharing of information with USADA

Except as otherwise prohibited by law and except in cases in which the integrity of a criminal investigation would be affected, in furtherance of the obligation of the United States under Article 7 of the Convention, the Department of Justice, the Department of Homeland Security, and the Food and Drug Administration shall coordinate with USADA with regard to any investigation related to a potential violation of section 62102 of this title, including sharing with USADA all information in the possession of the Department of Justice, the Department of Homeland Security, or the Food and Drug Administration which may be relevant to any such potential violation.

# Chapter 623—Fentanyl Eradication and Narcotics Deterrence

**Subchapter I—General Provisions**

Sec.
62301. Definitions.

**Subchapter II—Sanctions in Response to National Emergency Relating to Fentanyl Trafficking**

62311. Policy.

62312. Use of national emergency authorities; reporting.

62313. Imposition of sanctions with respect to fentanyl trafficking by transnational criminal organizations.

62314. Penalties; waivers; exceptions.

62315. Treatment of forfeited property of transnational criminal organizations.

**Subchapter III— Anti-Money Laundering Reports**

62331. Treatment of transnational criminal organizations in suspicious transactions reports of the financial crimes enforcement network.

**Subchapter IV—Exception Relating to Importation of Goods**

62341. Exception relating to importation of goods.

# Subchapter I—General Provisions

## § 62301. Definitions

In this chapter:

(1) APPROPRIATE CONGRESSIONAL COMMITTEES.—The term ''appropriate congressional committees'' means—

(A) the Committee on Banking, Housing, and Urban Affairs of the Senate;

(B) the Committee on Foreign Relations of the Senate;

(C) the Committee on Financial Services of the House of Representatives; and

(D) the Committee on Foreign Affairs of the House of Representatives.

(2) FOREIGN PERSON.—

(A) IN GENERAL.—The term ''foreign person'' means—

(i) any citizen or national of a foreign country; or

(ii) any entity not organized under the laws of the United States or a jurisdiction within the United States.

(B) EXCLUSION.—The term ''foreign person'' does not include the government of a foreign country.

(3) KNOWINGLY.—The term ''knowingly'', with respect to conduct, a circumstance, or a result, means that a person has actual knowledge, or should have known, of the conduct, the circumstance, or the result.

(4) TRAFFICKING.—The term ''trafficking'', with respect to fentanyl, fentanyl precursors, or other related opioids, has the meaning given the term ''opioid trafficking'' in section 61901 of this title.

(5) TRANSNATIONAL CRIMINAL ORGANIZATION.—The term ''transnational criminal organization'' includes—

(A) any organization designated as a significant transnational criminal organization under part 590 of title 31, Code of Federal Regulations;

(B) any of the organizations known as—

(i) the Sinaloa Cartel;

(ii) the Jalisco New Generation Cartel;

(iii) the Gulf Cartel;

(iv) the Los Zetas Cartel;

(v) the Juarez Cartel;

(vi) the Tijuana Cartel;

(vii) the Beltran-Leyva Cartel; or

(viii) La Familia Michoacana; or

(C) any successor organization to an organization described in subparagraph (B) or as otherwise determined by the President.

(6) UNITED STATES PERSON.—The term ''United States person'' means—

(A) a United States citizen or an alien lawfully admitted for permanent residence to the United States;

(B) an entity organized under the laws of the United States or of any jurisdiction within the United States, including a foreign branch of the entity; or

(C) any person in the United States.

# Subchapter II—Sanctions in Response to National Emergency Relating to Fentanyl Trafficking

## § 62311. Policy

It shall be the policy of the United States to apply economic and other financial sanctions to those who engage in the international trafficking of fentanyl, fentanyl precursors, or other related opioids to protect the national security, foreign policy, and economy of the United States.

## § 62312. Use of national emergency authorities; reporting

(a) IN GENERAL.—The President may exercise all authorities provided under sections 203 and 205 of the International Emergency Economic Powers Act (50 U.S.C. 1702 and 1704) to carry out this subchapter.

(b) REPORT REQUIRED.—

(1) IN GENERAL.—The President shall annually submit to the appropriate congressional committees a report on actions taken by the Executive Branch pursuant to this subchapter and any national emergency declared with respect to the trafficking of fentanyl and trade in other illicit drugs, including—

(A) the issuance of any new or revised regulations, policies, or guidance;

(B) the imposition of sanctions;

(C) the collection of relevant information from outside parties;

(D) the issuance or closure of general licenses, specific licenses, and statements of licensing policy by the Office of Foreign Assets Control;

(E) a description of any pending enforcement cases; and

(F) the implementation of mitigation procedures.

(2) FORM OF REPORT.—Each report required under paragraph (1) shall be submitted in unclassified form, but may include the matters required under subparagraphs (C), (D), (E), and (F) of that paragraph in a classified annex.

**§ 62313. Imposition of sanctions with respect to fentanyl trafficking by transnational criminal organizations**

(a) IN GENERAL.—The President shall impose the sanctions described in subsection (b) with respect to any foreign person the President determines—

(1) is knowingly involved in the significant trafficking of fentanyl, fentanyl precursors, or other related opioids, including the significant trafficking by a transnational criminal organization; or

(2) otherwise is knowingly involved in significant activities of a transnational criminal organization relating to the trafficking of fentanyl, fentanyl precursors, or other related opioids.

(b) SANCTIONS.—The President, pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.), may block and prohibit all transactions in property and interests in property of a foreign person described in subsection (a) if the property and interests in property are in the United States, come within the United States, or are or come within the possession or control of a United States person.

(c) REPORT REQUIRED.—The President shall annually submit to the appropriate congressional committees a report on actions taken by the Executive Branch with respect to the foreign persons identified under subsection (a).

**§ 62314. Penalties; waivers; exceptions**

(a) PENALTIES.—Any person that violates, attempts to violate, conspires to violate, or causes a violation of this subchapter or any regulation, license, or order issued to carry out this subchapter shall be subject to the penalties set forth in subsections (b) and (c) of section 206 of the International Emergency Economic Powers Act (50 U.S.C. 1705(b), (c)) to the same extent as a person that

commits an unlawful act described in section 206(a) of that Act.

(b) NATIONAL SECURITY WAIVER.—The President may waive the application of sanctions under this subchapter with respect to a foreign person if the President determines that the waiver is in the national security interest of the United States.

(c) EXCEPTIONS.—

(1) INTELLIGENCE ACTIVITIES.—This subchapter shall not apply with respect to activities subject to the reporting requirements under title V of the National Security Act of 1947 (50 U.S.C. 3091 et seq.) or any authorized intelligence activities of the United States.

(2) COMPLIANCE WITH INTERNATIONAL OBLIGATIONS AND LAW ENFORCEMENT ACTIVITIES.—Sanctions under this subchapter shall not apply with respect to an alien if admitting or paroling the alien into the United States is necessary—

(A) to permit the United States to comply with the Agreement regarding the Headquarters of the United Nations, signed at Lake Success on June 26, 1947 (TIAS 1676; 61 Stat. 3416), or other applicable international obligations of the United States; or

(B) to carry out or assist law enforcement activity of the United States.

(3) HUMANITARIAN EXEMPTION.—The President may not impose sanctions under this subchapter with respect to any person for conducting or facilitating a transaction for the sale of agricultural commodities, food, medicine, or medical devices or for the provision of humanitarian assistance.

**§ 62315. Treatment of forfeited property of transnational criminal organizations**

(a) TRANSFER OF FORFEITED PROPERTY TO FORFEITURE FUNDS.—

(1) COVERED FORFEITED PROPERTY DEFINED.—In this subsection, the term ''covered forfeited property'' means property—

(A) forfeited to the United States under chapter 46 or section 1963 of title 18; and

(B) that belonged to or was possessed by an individual affiliated with or connected to a transnational criminal organization subject to sanctions under—

(i) this subchapter;

(ii) chapter 619 of this title; or

(iii) Executive Order 14059 (50 U.S.C. 1701 note; 86 Federal Register 71549 (December 17, 2021)).

(2) IN GENERAL.—Any covered forfeited property shall be deposited into the Department of the Treasury Forfeiture Fund established under section 9705 of title 31 or the Department of Justice Assets Forfeiture Fund established under section 524(c) of title 28.

(3) REPORT REQUIRED.—Not later than 180 days after April 24, 2024, and every 180 days thereafter, the President shall submit to the appropriate congressional committees a report on any deposits made under paragraph (2) during the 180-day period preceding submission of the report.

(b) BLOCKED ASSETS UNDER TERRORISM RISK INSURANCE ACT OF 2002.—Nothing in this subchapter may be construed to affect the treatment of blocked assets of a terrorist party described in section 201(a) of the Terrorism Risk Insurance Act of 2002 (28 U.S.C. 1610 note).

# Subchapter III—Anti-Money Laundering Reports

## § 62331. Treatment of transnational criminal organizations in suspicious transactions reports of the financial crimes enforcement network

(a) FILING INSTRUCTIONS.—Not later than 180 days after April 24, 2024, the Director of the Financial Crimes Enforcement Network shall issue guidance or instructions to United States financial institutions for filing reports on suspicious transactions required under section 1010.320 of title 31, Code of Federal Regulations, related to suspected fentanyl trafficking by transnational criminal organizations.

(b) PRIORITIZATION OF REPORTS RELATING TO FENTANYL TRAFFICKING OR TRANSNATIONAL CRIMINAL ORGANIZATIONS.—The Director shall prioritize research into reports described in subsection (a) that indicate a connection to trafficking of fentanyl or related synthetic opioids or financing of suspected transnational criminal organizations.

## Subchapter IV—Exception Relating to Importation of Goods

### § 62341. Exception relating to importation of goods

(a) DEFINITION OF GOOD.—In this section, the term ''good'' means any article, natural or manmade substance, material, supply or manufactured product, including inspection and test equipment, and excluding technical data.

(b) IN GENERAL.—The authority or a requirement to block and prohibit all transactions in all property and interests in property under this chapter shall not include the authority or a requirement to impose sanctions on the importation of goods.

## Chapter —Reserved

## Chapter 699—Miscellaneous Drug Control and Enforcement Provisions

Sec.

69901. Placement of Pipradrol and SPA in schedule IV to carry out obligation under Convention on Psychotropic Substances.
69902. Interagency coordination.
69903. Regulations for expedited administrative forfeiture procedures.
69904. Constructive seizure procedures.
69905. Exemption of certain substances from production regulations.
69906. Diversion Control Fee Account.
69907. Denial of assistance and benefits for certain drug-related convictions.
69908. Sanctioning for testing positive for controlled substances.
69909. Support for international efforts to control methamphetamine and precursors.
69910. Public-private education program.
69911. Educational program for police departments.
69912. Annual report on development and deployment of narcotics detection technologies.
69913. Authorization of use of environmentally approved herbicides to eliminate illicit narcotics crops.
69914. Combating amphetamine and methamphetamine manufacturing and trafficking.

69915. Antidrug messages on Federal Government internet websites.
69916. Coordination with United States Trade Representative.
69917. Smuggling methamphetamine or methamphetamine precursor chemicals into the United States while using facilitated entry programs.
69918. Semiannual reports to Congress.
69919. Grants to reduce production of methamphetamines from anhydrous ammonia.
69920. Identification and publication of list of products containing anabolic steroids.
69921. Prescription drug take back expansion.
69922. GAO Audit.
69923. Dispensation of narcotic drugs for the purpose of relieving acute withdrawal symptoms from opioid use disorder.
69924. Methamphetamine as an emerging drug threat.
69925. Information sharing.
69926. Eliminating requirement relating to opioid treatment programs.

### § 69901. Placement of Pipradrol and SPA in schedule IV to carry out obligation under Convention on Psychotropic Substances

For the purpose of carrying out the minimum United States obligations under paragraph 7 of article 2 of the Convention on Psychotropic Substances, done at Vienna, Austria February 21, 1971 (32 UST 543; TIAS 9725), with respect to pipradrol and SPA (also known as (-)-1-dimethylamino-1,2-diphenylethane), the Attorney General shall by order, made without regard to sections 50301 and 50302 of this title, place the drugs in schedule IV of section 50302(c) of this title.

### § 69902. Interagency coordination

The Secretary of Education, the Secretary of Health and Human Services, and the Secretary of Labor shall each designate an officer or employee of the Department of Education, the Department of Health and Human Services, and the Department of Labor, respectively, to

coordinate interagency drug abuse prevention activities to prevent duplication of effort.

**§ 69903. Regulations for expedited administrative forfeiture procedures**

(a) PERSONAL USE QUANTITIES OF A CONTROLLED SUBSTANCE.—In this section, the term ''personal use quantities of a controlled substance'' shall not include sweepings or other evidence of non-personal use amounts.

(b) IN GENERAL.—The Attorney General and the Secretary of the Treasury shall prescribe regulations for expedited administrative procedures for seizures under paragraphs (4), (6), and (7) of section 50911(a) of this title, section 596 of the Tariff Act of 1930 (19 U.S.C. 1595a(a)), and section 80303 of title 49 for violations involving the possession of personal use quantities of a controlled substance.

(c) SPECIFICATIONS.—

(1) IN GENERAL.—The regulations prescribed pursuant to subsection (b) shall—

(A) minimize the adverse impact caused by prolonged detention; and

(B) provide for a final administrative determination of the case within 21 days of seizure, or provide a procedure by which the de-

fendant can obtain release of the property pending a final determination of the case.

(2) CONDITIONS FOR RETURN.—The regulations shall provide that the appropriate agency official rendering a final determination shall immediately return the property if—

(A) the owner or interested party did not know of or consent to the violation;

(B) the owner establishes a valid, good faith interest in the seized property as owner or otherwise; and

(C)(i) the owner establishes that the owner at no time had any knowledge or reason to believe that the property in which the owner claims an interest was being or would be used in a violation of the law; and

(ii) in a case in which the owner at any time had, or should have had, knowledge or reason to believe that the property in which the owner claims an interest was being or would be used in a violation of the law, the owner did what reasonably could be expected to prevent the violation.

(3) ACTING IN A NORMAL AND CUSTOMARY MANNER TO ASCERTAIN PROPERTY USE.—An owner

shall not have the seized property returned under this subsection if the owner had not acted in a normal and customary manner to ascertain how the property would be used.

(d) NOTICE.—At the time of seizure or on issuance of a summons to appear under subsection (e), the officer making the seizure shall furnish to any person in possession of the conveyance a written notice specifying the procedures under this section. At the earliest practicable opportunity after determining ownership of the seized conveyance, the head of the agency that seizes the conveyance shall furnish a written notice to the owner and other interested parties (including lienholders) of the legal and factual basis of the seizure.

(e) SUMMONS IN LIEU OF SEIZURE OF COMMERCIAL FISHING INDUSTRY VESSELS.—

(1) IN GENERAL.—The Attorney General, the Secretary of the Treasury, and the Secretary of Transportation shall prescribe joint regulations providing for issuance of a summons to appear in lieu of seizure of a commercial fishing industry vessel as defined in paragraph (12), (13), or (14) of section 2101 of title 46 for violations involving the possession of personal use quantities of a controlled substance.

(2) APPLICABILITY.—The regulations under paragraph (1) shall apply when the violation is committed on a commercial fishing industry vessel that is proceeding to or from a fishing area or intermediate port of call, or is actively engaged in fishing operations.

(3) EFFECT OF SECTION.—The authority provided under this section shall not affect existing authority to arrest an individual for drug-related offenses or to release that individual into the custody of the vessel's master.

(4) PROCEDURES.—On answering a summons to appear, the procedures set forth in subsections (b), (c), and (d) shall apply.

(5) EFFECT ON JURISDICTION.—The jurisdiction of the district court for any forfeiture incurred shall not be affected by the use of a summons under this section.

**§ 69904. Constructive seizure procedures**

The Secretary of Transportation and the Secretary of the Treasury, in order to avoid the devastating economic effects on innocent owners of seizures of their vessels, shall develop a procedure for constructive seizure of vessels of the United States that are—

(1) engaged in commercial service as defined in section 2101 of title 46; and

(2) suspected of being used for committing violations of law involving personal use quantities of controlled substances.

**§ 69905. Exemption of certain substances from production regulations**

(a) DRUGS FOR TREATMENT OF RARE DISEASES.—The Attorney General may exempt a drug listed in section 50101(4) of this title from any production regulations otherwise issued under division A of subtitle V of this title as may be necessary to ensure adequate supplies of the drug for medical purposes if the Attorney General finds that the drug is—

(1) approved by the Food and Drug Administration as an accepted treatment for a rare disease or condition, as defined in section 13902 of this title; and

(2) does not have a significant potential for abuse.

(b) DATE OF ISSUANCE OF REGULATIONS.—The Attorney General shall issue regulations implementing this section.

**§ 69906. Diversion Control Fee Account**

(a) DEFINITIONS.—In this section:

(1) CONTROLLED SUBSTANCE AND CHEMICAL DIVERSION CONTROL ACTIVITIES.—The term ''controlled substance and chemical diversion control activities'' means those activities related to the registration and control of the manufacture, distribution, dispensing, importation, and exportation of controlled substances and listed chemicals.

(2) DIVERSION CONTROL PROGRAM.—The term ''diversion control program'' means the controlled substance and chemical diversion control activities of the Drug Enforcement Administration.

(b) IN GENERAL.—There is established in the general fund of the Treasury a separate account which shall be known as the Diversion Control Fee Account. For each fiscal year, the following shall apply:

(1) AMOUNTS TO BE DEPOSITED.—There shall be deposited as offsetting receipts into that account all fees collected by the Drug Enforcement Administration, in excess of $15,000,000, for the operation of its diversion control program.

(2) AVAILABILITY; REIMBURSEMENTS.—Amounts deposited into the Diversion Control Fee Account shall remain available until expended and shall be refunded out of that account by the Secretary of the Treasury, at least on a quarterly basis,

to reimburse the Drug Enforcement Administration for expenses incurred in the operation of the diversion control program. The reimbursements shall be made without distinguishing between expenses related to controlled substance activities and expenses related to chemical activities.

(3) FEE SETTING.—Fees charged by the Drug Enforcement Administration under its diversion control program shall be set at a level that ensures the recovery of the full costs of operating the various aspects of the diversion control program.

(4) ESTIMATES IN BUDGET REQUEST TO BE FOLLOWED.—The amount required to be refunded from the Diversion Control Fee Account for each fiscal year shall be refunded in accordance with estimates made in the budget request of the Attorney General for those fiscal years. Any proposed changes in the amounts designated in the budget requests shall be made only after notification to the Committees on Appropriations of the House of Representatives and the Senate 15 days in advance.

**§ 69907. Denial of assistance and benefits for certain drug-related convictions**

(a) DEFINITION OF STATE.—In this section, the term ''State'' has the meaning given the term—

(1) in section 419(5) of the Social Security Act (42 U.S.C. 619(5)), when referring to assistance provided under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); and

(2) in section 3 of the Food and Nutrition Act of 2008 (7 U.S.C. 2012), when referring to the supplemental nutrition assistance program (as defined in that section) or any State program carried out under that Act (7 U.S.C. 2011 et seq.).

(b) IN GENERAL.—An individual convicted (under Federal or State law) of any offense that is classified as a felony by the law of the jurisdiction involved and that has as an element the possession, use, or distribution of a controlled substance (as defined in section 50101 of this title) shall not be eligible for—

(1) assistance under any State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.); or

(2) benefits under the supplemental nutrition assistance program (as defined in section 3 of the Food and Nutrition Act of 2008 (7 U.S.C. 2012)) or any State program carried out under that Act (7 U.S.C. 2011 et seq.).

(c) EFFECTS ON ASSISTANCE AND BENEFITS FOR OTHERS.—

(1) PROGRAM OF TEMPORARY ASSISTANCE FOR NEEDY FAMILIES.—The amount of assistance otherwise required to be provided under a State program funded under part A of title IV of the Social Security Act (42 U.S.C. 601 et seq.) to the family members of an individual to whom subsection (b) applies shall be reduced by the amount that would have otherwise been made available to the individual under that part.

(2) BENEFITS UNDER THE FOOD AND NUTRITION ACT OF 2008.—The amount of benefits otherwise required to be provided to a household under the supplemental nutrition assistance program (as defined in section 3 of the Food and Nutrition Act of 2008 (7 U.S.C. 2012)), or any State program carried out under that Act (7 U.S.C. 2011 et seq.), shall be determined by considering the individual to whom subsection (b) applies not to be a member of the household, except that the income and resources of the individual shall be considered to be income and resources of the household.

(d) ENFORCEMENT.—A State that has not exercised its authority under subsection (e)(1)(A) shall require each

individual applying for assistance or benefits referred to in subsection (b), during the application process, to state, in writing, whether the individual, or any member of the household of the individual, has been convicted of a crime described in subsection (b).

(e) LIMITATIONS.—

(1) STATE ELECTIONS.—

(A) OPT OUT.—A State may, by specific reference in a law enacted after August 22, 1996, exempt any or all individuals domiciled in the State from the application of subsection (b).

(B) LIMIT PERIOD OF PROHIBITION.—A State may, by law enacted after August 22, 1996, limit the period for which subsection (b) shall apply to any or all individuals domiciled in the State.

(2) INAPPLICABILITY TO CONVICTIONS OCCURRING ON OR BEFORE AUGUST 22, 1996.—Subsection (b) shall not apply to a conviction if the conviction is for conduct occurring on or before August 22, 1996.

(f) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to deny the following Federal benefits:

(1) Emergency medical services under title XIX of the Social Security Act (42 U.S.C. 1396 et seq.).

(2) Short-term, noncash, in-kind emergency disaster relief.

(3)(A) Public health assistance for immunizations.

(B) Public health assistance for testing and treatment of communicable diseases if the Secretary of Health and Human Services determines that it is necessary to prevent the spread of the disease.

(4) Prenatal care.

(5) Job training programs.

(6) Drug treatment programs.

**§ 69908. Sanctioning for testing positive for controlled substances**

Notwithstanding any other provision of law, States shall not be prohibited by the Federal Government from testing welfare recipients for use of controlled substances nor from sanctioning welfare recipients who test positive for use of controlled substances.

**§ 69909. Support for international efforts to control methamphetamine and precursors**

The Attorney General, in consultation with the Secretary of State, shall coordinate international drug enforcement efforts to decrease the movement of meth-

amphetamine and methamphetamine precursors into the United States.

**§ 69910. Public-private education program**

(a) ADVISORY PANEL.—The Attorney General shall establish an advisory panel consisting of an appropriate number of representatives from Federal, State, tribal, and local law enforcement and regulatory agencies with experience in investigating and prosecuting illegal transactions of precursor chemicals. The Attorney General shall convene the panel as often as necessary to develop and coordinate educational programs for wholesale and retail distributors of precursor chemicals and supplies.

(b) CONTINUATION OF EFFORTS.—The Attorney General shall continue—

(1) to maintain an active program of seminars and training to educate wholesale and retail distributors of precursor chemicals and supplies regarding the identification of suspicious transactions and their responsibility to report the transactions; and

(2) to provide assistance to State, tribal, and local law enforcement and regulatory agencies to facilitate the establishment and maintenance of educational programs for distributors of precursor chemicals and supplies.

**§ 69911. Educational program for police departments**

The Attorney General may—

(1) create educational materials regarding the use of controlled substances (as defined in section 50101 of this title) in the furtherance of rapes and sexual assaults; and

(2) disseminate those materials to police departments throughout the United States.

**§ 69912. Annual report on development and deployment of narcotics detection technologies**

(a) REPORT REQUIREMENT.—Not later than December 1 of each year, the Director of National Drug Control Policy shall submit to Congress and the President a report on the development and deployment of narcotics detection technologies by Federal agencies. Each report shall be prepared in consultation with the Secretary of Defense, the Secretary of State, the Secretary of Homeland Security, and the Secretary of the Treasury.

(b) MATTERS TO BE INCLUDED.—Each report under subsection (a) shall include—

(1) a description of each project implemented by a Federal agency relating to the development or deployment of narcotics detection technology;

(2) the agency responsible for each project described in paragraph (1);

(3) the amount of funds obligated or expended to carry out each project described in paragraph (1) during the fiscal year in which the report is submitted or during any fiscal year preceding the fiscal year in which the report is submitted;

(4) the amount of funds estimated to be obligated or expended for each project described in paragraph (1) during any fiscal year after the fiscal year in which the report is submitted to Congress; and

(5) a detailed timeline for implementation of each project described in paragraph (1).

**§ 69913. Authorization of use of environmentally approved herbicides to eliminate illicit narcotics crops**

The Secretary of State, the Attorney General, the Secretary of Agriculture, the Secretary of Defense, the Director of National Drug Control Policy, and the Administrator of the Environmental Protection Agency may support the development and use of environmentally approved herbicides to eliminate illicit narcotics crops, including coca, cannabis, and opium poppy, both in the United States and in foreign countries.

**§ 69914. Combating amphetamine and methamphetamine manufacturing and trafficking**

(a) ACTIVITIES.—To combat the illegal manufacturing and trafficking in amphetamine and methamphetamine, the Administrator (referred to in this section as ''Administrator'') of the Drug Enforcement Administration (referred to in this section as ''Administration'') may—

(1) assist State and local law enforcement in small and mid-sized communities in all phases of investigations related to the manufacturing and trafficking, including assistance with foreign-language interpretation;

(2) staff additional regional enforcement and mobile enforcement teams related to the manufacturing and trafficking;

(3) establish additional resident offices and posts of duty to assist State and local law enforcement in rural areas in combating the manufacturing and trafficking;

(4) provide the Special Operations Division of the Administration with additional agents and staff to collect, evaluate, interpret, and disseminate critical intelligence targeting the command and control operations of major amphetamine and methamphetamine manufacturing and trafficking organizations;

(5) enhance the investigative and related functions of the Chemical Control Program of the Administration to implement more fully the provisions of the Comprehensive Methamphetamine Control Act of 1996 (Public Law 104–237, 110 Stat. 3099);

(6) design an effective means of requiring an accurate accounting of the import and export of list I chemicals, and coordinate investigations relating to the diversion of the chemicals;

(7) develop a computer infrastructure sufficient to receive, process, analyze, and redistribute time-sensitive enforcement information from suspicious order reporting to field offices of the Administration and other law enforcement and regulatory agencies, including the continuing development of the Suspicious Order Reporting and Tracking System (SORTS) and the Chemical Transaction Database (CTRANS) of the Administration;

(8) establish an education, training, and communication process in order to alert the industry to current trends and emerging patterns in the illegal manufacturing of amphetamine and methamphetamine; and

(9) carry out such other activities as the Administrator considers appropriate.

(b) ADDITIONAL POSITIONS AND PERSONNEL.—

(1) IN GENERAL.—In carrying out activities under subsection (a), the Administrator may establish in the Administration not more than 50 full-time positions, including not more than 31 special-agent positions, and may appoint personnel to the positions.

(2) PARTICULAR POSITIONS.—In carrying out activities under paragraphs (5) through (8) of subsection (a), the Administrator may establish in the Administration not more than 15 full-time positions, including not more than 10 diversion investigator positions, and may appoint personnel to the positions. Positions established under this paragraph are in addition to positions established under paragraph (1).

(c) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated for the Administration for each fiscal year $9,500,000 for purposes of carrying out the activities authorized by subsection (a) and employing personnel in positions established under subsection (b), of which $3,000,000 shall be available for activities under paragraphs (5) through (8) of subsection (a) and for employing personnel in positions established under subsection (b)(2).

**§ 69915. Antidrug messages on Federal Government internet websites**

(a) IN GENERAL.—The head of each agency and establishment of the Federal Government shall, in consultation with the Director of National Drug Control Policy, place antidrug messages on appropriate internet websites controlled by the agency or establishment, which messages shall, where appropriate, contain an electronic hyperlink to the internet website, if any, of the Office of National Drug Control Policy.

(b) NATIONAL AERONAUTICS AND SPACE ADMINISTRATION.—The Administrator of the National Aeronautics and Space Administration, in consultation with the Director of National Drug Control Policy, shall place antidrug messages on internet sites controlled by the National Aeronautics and Space Administration.

**§ 69916. Coordination with United States Trade Representative**

In implementing sections 713 through 717 and section 721 of the Combat Methamphetamine Epidemic Act of 2005 (Public Law 109–177, title VII, 120 Stat. 264, 267), the Attorney General shall consult with the United States Trade Representative to ensure implementation complies with all applicable international treaties and obligations of the United States.

**§ 69917. Smuggling methamphetamine or methamphetamine precursor chemicals into the United States while using facilitated entry programs**

(a) ENHANCED PRISON SENTENCE.—The sentence of imprisonment imposed on a person convicted of an offense under division A or B of subtitle V of this title, involving methamphetamine or any listed chemical that is defined in section 50101 of this title, shall, if the offense is committed under the circumstance described in subsection (b), be increased by a consecutive term of imprisonment of not more than 15 years.

(b) CIRCUMSTANCES.—For purposes of subsection (a), the circumstance described in this subsection is that the offense described in subsection (a) was committed by a person that—

(1) was enrolled in, or that was acting on behalf of any person or entity enrolled in, any dedicated commuter lane, alternative or accelerated inspection system, or other facilitated entry program administered or approved by the Federal Government for use in entering the United States; and

(2) committed the offense while entering the United States, using the lane, system, or program.

(c) PERMANENT INELIGIBILITY.—Any person whose term of imprisonment is increased under subsection (a)

shall be permanently and irrevocably barred from being eligible for or using any lane, system, or program described in subsection (b)(1).

**§ 69918. Semiannual reports to Congress**

(a) IN GENERAL.—The Attorney General shall, on a semiannual basis, submit to the congressional committees and organizations specified in subsection (b) reports that describe—

(1) the allocation of the resources of the Drug Enforcement Administration and the Federal Bureau of Investigation for the investigation and prosecution of alleged violations of division A of subtitle V of this title involving methamphetamine; and

(2) the measures being taken to give priority in the allocation of the resources to the violations involving—

(A) persons alleged to have imported into the United States substantial quantities of methamphetamine or scheduled listed chemical products;

(B) persons alleged to have manufactured methamphetamine; and

(C) circumstances in which the violations have endangered children.

(b) CONGRESSIONAL COMMITTEES.—The congressional committees and organizations referred to in subsection (a) are—

(1) in the House of Representatives, the Committee on the Judiciary, the Committee on Energy and Commerce, and the Committee on Oversight and Government Reform; and

(2) in the Senate, the Committee on the Judiciary, the Committee on Commerce, Science, and Transportation, and the Caucus on International Narcotics Control.

**§ 69919. Grants to reduce production of methamphetamines from anhydrous ammonia**

(a) DEFINITIONS.—In this section:

(1) ELIGIBLE ENTITY.—The term ''eligible entity'' means—

(A) a producer of agricultural commodities;

(B) a cooperative association, a majority of the members of which produce or process agricultural commodities; or

(C) a person in the trade or business of—

(i) selling an agricultural product (including an agricultural chemical) at retail, predominantly to farmers and ranchers; or

(ii) aerial and ground application of an agricultural chemical.

(2) NURSE TANK.—The term ''nurse tank'' shall be considered to be a cargo tank (within the meaning of section 173.315(m) of title 49, Code of Federal Regulations, as in effect on June 18, 2008).

(b) GRANT AUTHORITY.—The Secretary of Agriculture may make a grant to an eligible entity to enable the eligible entity to obtain and add to an anhydrous ammonia fertilizer nurse tank a physical lock or a substance to reduce the amount of methamphetamine that can be produced from any anhydrous ammonia removed from the nurse tank.

(c) GRANT AMOUNT.—The amount of a grant made under this section to an eligible entity shall be the product obtained by multiplying—

(1) an amount not less than $40 and not more than $60, as determined by the Secretary; and

(2) the number of fertilizer nurse tanks of the eligible entity.

**§ 69920. Identification and publication of list of products containing anabolic steroids**

(a) IN GENERAL.—The Attorney General may, in the Attorney General's discretion, collect data and analyze products to determine whether they contain anabolic steroids and are properly labeled in accordance with section 50505(e) of this title. The Attorney General may publish in the Federal Register or on the website of the Drug Enforcement Administration a list of products that the Attorney General has determined, based on substantial evidence—

(1) contain an anabolic steroid; and

(2) are not labeled in accordance with section 50505(e) of this title.

(b) ABSENCE FROM LIST.—The absence of a product from the list referred to in subsection (a) shall not constitute evidence that the product does not contain an anabolic steroid.

**§ 69921. Prescription drug take back expansion**

(a) DEFINITION OF COVERED ENTITY.—In this section, the term ''covered entity'' means—

(1) a State, local, or tribal law enforcement agency;

(2) a manufacturer, distributor, or reverse distributor of prescription medications;

(3) a retail pharmacy;

(4) a registered narcotic treatment program;

(5) a hospital or clinic with an onsite pharmacy;

(6) an eligible long-term care facility; or

(7) any other entity authorized by the Drug Enforcement Administration to dispose of prescription medications.

(b) PROGRAM AUTHORIZED.—The Attorney General, in coordination with the Administrator of the Drug Enforcement Administration, the Secretary of Health and Human Services, and the Director of National Drug Control Policy, shall coordinate with covered entities in expanding or making available disposal sites for unwanted prescription medications.

**§ 69922. GAO Audit**

Not later than 4 years after October 24, 2018, and every 4 years thereafter, the Comptroller General of the United States shall—

(1) conduct an audit relating to the programs and operations of—

(A) the Office of National Drug Control Policy; and

(B) certain programs within the Office of National Drug Control Policy, including—

(i) the High Intensity Drug Trafficking Areas Program;

(ii) the Drug-Free Communities Program; and

(iii) the campaign under section 60907(f) of this title; and

(2) submit to the Director of National Drug Control Policy and to the Committee on the Judiciary, the Committee on Appropriations, and the Committee on Health, Education, Labor, and Pensions of the Senate and to the Committee on Oversight and Government Reform, the Committee on the Judiciary, the Committee on Energy and Commerce, and the Committee on Appropriations of the House of Representatives a report containing an evaluation of and recommendations on the—

(A) policies and activities of the programs and operations subject to the audit;

(B) economy, efficiency, and effectiveness in the administration of the reviewed programs and operations; and

(C) policy or management changes needed to prevent and detect fraud and abuse in the programs and operations.

**§ 69923. Dispensation of narcotic drugs for the purpose of relieving acute withdrawal symptoms from opioid use disorder**

Not later than 180 days after December 11, 2020, the Attorney General shall revise section 1306.07(b) of title 21, Code of Federal Regulations, so that practitioners, in accordance with applicable State, Federal, or local laws relating to controlled substances, are allowed to dispense not more than a 3-day supply of narcotic drugs to 1 person or for 1 person's use at 1 time for the purpose of initiating maintenance treatment or detoxification treatment (or both).

**§ 69924. Methamphetamine as an emerging drug threat**

(a) IN GENERAL.—Congress declares methamphetamine an emerging drug threat, as defined in section 60901 of this title, in the United States.

(b) REQUIRED EMERGING THREAT RESPONSE PLAN.—Not later than 90 days after March 14, 2022, the Director of National Drug Control Policy shall establish and implement an Emerging Threat Response Plan that is specific to methamphetamine in accordance with section 60907(d) of this title.

**§ 69925. Information sharing**

Except as otherwise prohibited by law and except in cases in which the integrity of a criminal investigation

would be affected, pursuant to the obligation of the United States under Article 7 of the International Convention Against Doping in Sport, done at Paris October 19, 2005 (TIAS 08-1001.2), and ratified by the United States in 2008, the Attorney General, the Secretary of Homeland Security, and the Commissioner of Food and Drugs shall provide to the United States Anti-Doping Agency any relevant information relating to the prevention of the use of performance-enhancing drugs or the prohibition of performance-enhancing methods.

### § 69926. Eliminating requirement relating to opioid treatment programs

Not later than 18 months after December 29, 2022, the Secretary of Health and Human Services shall revise section 8.12(e)(1) of title 42, Code of Federal Regulations, or successor regulations, to eliminate the requirement that an opioid treatment program only admit an individual for treatment under the program if the individual has been addicted to opioids for at least 1 year before being so admitted for treatment.

# Subtitle VII—Cosmetics

# Chapter 701—Modernization of Cosmetics Regulation

Sec.
70101. Confidentiality.
70102. Talc-containing cosmetics.

**§ 70101. Confidentiality**

(a) IN GENERAL.—The Secretary of Health and Human Services shall take appropriate measures to ensure that there are in effect effective procedures to prevent the unauthorized disclosure of any trade secret or confidential commercial information that is obtained by the Secretary of Health and Human Services pursuant to the Modernization of Cosmetics Regulation Act of 2022 (Public Law 117-328, div. FF, title III, subtitle E, 136 Stat. 5847), including the amendments made by that Act.

(b) CLARIFICATION.—Nothing in the Modernization of Cosmetics Regulation Act of 2022 (Public Law 117-328, div. FF, title III, subtitle E, 136 Stat. 5847), including the amendments made by that Act, shall be construed to authorize the disclosure of information that is prohibited from disclosure under section 10501(10) of this title or section 1905 of title 18 or that is subject to withholding under section 552(b)(4) of title 5.

**§ 70102. Talc-containing cosmetics**

The Secretary of Health and Human Services—

(1) not later than 1 year December 29, 2022, shall promulgate proposed regulations to establish and require standardized testing methods for detecting and identifying asbestos in talc-containing cosmetic products; and

(2) not later than 180 days after the date on which the public comment period on the proposed regulations closes, shall issue the final regulations.

# Subtitle VIII—Tobacco

# Chapter 801—Family Smoking Prevention and Tobacco Control

Sec.
80101. Final rule.
80102. Guidance relating to civil penalties for violations relating to sale of tobacco products.
80103. Enforcement action plan for advertising and promotion restrictions.
80104. Studies of progress and effectiveness.
80105. Effect of chapter and other related provisions.

## § 80101. Final rule

(a) CIGARETTES AND SMOKELESS TOBACCO.—

(1) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall publish in the Federal Register a final rule regarding cigarettes and smokeless tobacco, which final rule—

(A) is deemed to be issued under chapter 211 of this title; and

(B) shall be deemed to be in compliance with all applicable provisions of chapter 5 of title 5 and all other provisions of law relating to rulemaking procedures.

(2) CONTENTS OF RULE.—Except as provided in this subsection, the final rule published under paragraph (1) shall be identical in its provisions to

part 897 of the regulations promulgated by the Secretary in the issue of the Federal Register dated August 28, 1996 (61 Fed. Reg. 44615 through 44618). The rule shall—

(A) provide for the designation of jurisdictional authority that is in accordance with this subsection in accordance with this chapter and the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, 123 Stat. 1776) and the amendments made by that Act;

(B) strike Subpart C—Labels and section 897.32(c);

(C) strike paragraphs (a), (b), and (i) of section 897.3 and insert definitions of the terms ''cigarette'', ''cigarette tobacco'', and ''smokeless tobacco'' as defined in section 21101 of this title;

(D) insert ''or roll-your-own paper'' in section 897.34(a) after ''other than cigarettes or smokeless tobacco'';

(E) include such modifications to section 897.30(b), if any, that the Secretary determines are appropriate in light of governing First Amendment case law, including the decision of the Supreme Court of the United States in

Lorillard Tobacco Co. v. Reilly (533 U.S. 525 (2001));

(F) become effective on June 22, 2010; and

(G) amend paragraph (d) of section 897.16 to read as follows:

''(d)(1) Except as provided in subparagraph (2), no manufacturer, distributor, or retailer may distribute or cause to be distributed any free samples of cigarettes, smokeless tobacco, or other tobacco products (as such term is defined in section 201 of the Federal Food, Drug, and Cosmetic Act).

''(2)(A) Subparagraph (1) does not prohibit a manufacturer, distributor, or retailer from distributing or causing to be distributed free samples of smokeless tobacco in a qualified adult-only facility.

''(B) This subparagraph does not affect the authority of a State or local government to prohibit or otherwise restrict the distribution of free samples of smokeless tobacco.

''(C) For purposes of this paragraph, the term 'qualified adult-only facility' means a facility or restricted area that—

''(i) requires each person present to provide to a law enforcement officer (whether on or off duty) or to a secu-

rity guard licensed by a governmental entity government-issued identification showing a photograph and at least the minimum age established by applicable law for the purchase of smokeless tobacco;

''(ii) does not sell, serve, or distribute alcohol;

''(iii) is not located adjacent to or immediately across from (in any direction) a space that is used primarily for youth-oriented marketing, promotional, or other activities;

''(iv) is a temporary structure constructed, designated, and operated as a distinct enclosed area for the purpose of distributing free samples of smokeless tobacco in accordance with this subparagraph;

''(v) is enclosed by a barrier that—

''(I) is constructed of, or covered with, an opaque material (except for entrances and exits);

''(II) extends from no more than 12 inches above the ground or floor (which area at the bottom of the barrier must be covered with material that restricts visibility but may allow airflow) to at least 8 feet above the ground or floor (or to the ceiling); and

''(III) prevents persons outside the qualified adult-only facility from seeing into the qualified adult-only facility, unless they make unreasonable efforts to do so; and

''(vi) does not display on its exterior—

''(I) any tobacco product advertising;

''(II) a brand name other than in conjunction with words for an area or enclosure to identify an adult-only facility; or

''(III) any combination of words that would imply to a reasonable observer that the manufacturer, distributor, or retailer has a sponsorship that would violate section 897.34(c).

''(D) Distribution of samples of smokeless tobacco under this subparagraph permitted to be taken out of the qualified adult-only facility shall be limited to 1 package per adult consumer containing no more than 0.53 ounces (15 grams) of smokeless tobacco. If such package of smokeless tobacco contains individual portions of smokeless tobacco, the individual portions of smokeless tobacco shall not exceed 8 individual portions and the collective weight of such individual portions shall not exceed 0.53 ounces (15 grams). Any manufacturer, distributor, or retailer who distributes or causes to be distributed free samples also shall take reasonable steps to ensure that the above amounts are limited to one such package per adult consumer per day.

''(3) Notwithstanding subparagraph (2), no manufacturer, distributor, or retailer may distribute or cause to be distributed any free samples of smokeless tobacco—

''(A) to a sports team or entertainment group; or

''(B) at any football, basketball, baseball, soccer, or hockey event or any other sporting or entertainment event determined by the Secretary to be covered by this subparagraph.

''(4) The Secretary shall implement a program to ensure compliance with this paragraph and submit a report to the Congress on such compliance not later than 18 months after the date of enactment of the Family Smoking Prevention and Tobacco Control Act.

''(5) Nothing in this paragraph shall be construed to authorize any person to distribute or cause to be distributed any sample of a tobacco product to any individual who has not attained the minimum age established by applicable law for the purchase of such product.''.

(3) AMENDMENTS TO RULE.—Prior to making amendments to the rule published under paragraph (1), the Secretary shall promulgate a proposed rule in accordance with chapter 5 of title 5.

(4) RULE OF CONSTRUCTION.—Except as provided in paragraph (3) nothing in this section shall be construed to limit the authority of the Secretary to amend, in accordance with chapter 5 of title 5, the regulation promulgated pursuant to this section, including the provisions of the regulation relating to distribution of free samples.

(5) ENFORCEMENT OF RETAIL SALE PROVISIONS.—The Secretary shall ensure that the provisions of this chapter, the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, 123 Stat. 1776), the amendments made by that Act, and the implementing regulations (including the provisions, amendments, and regulations relating to the retail sale of tobacco products) are enforced with respect to the United States and Indian tribes.

(6) QUALIFIED ADULT-ONLY FACILITY.—A qualified adult-only facility (as the term is defined in section 1140.16(d) of title 21, Code of Federal Regulations) that is also a retailer and that commits a violation as a retailer shall not be subject to the limitations in section 80102 of this title and shall be subject to penalties applicable to a qualified adult-only facility.

(7) CONGRESSIONAL REVIEW PROVISIONS.—Section 801 of title 5 shall not apply to the final rule published under paragraph (1).

(b) LIMITATION ON ADVISORY OPINIONS.—As of June 22, 2009, the following documents issued by the Food and Drug Administration shall not constitute advisory opinions under section 10.85(d)(1) of title 21, Code of Federal Regulations, except as they apply to tobacco

products, and shall not be cited by the Secretary of Health and Human Services or the Food and Drug Administration as binding precedent:

(1) The preamble to the proposed rule in the document titled ''Regulations Restricting the Sale and Distribution of Cigarettes and Smokeless Tobacco Products To Protect Children and Adolescents'' (60 Fed. Reg. 41314 through 41372 (Aug. 11, 1995)).

(2) The document titled ''Nicotine in Cigarettes and Smokeless Tobacco Products Is A Drug and These Products Are Nicotine Delivery Devices Under the Federal Food, Drug, and Cosmetic Act'' (60 Fed. Reg. 41453 through 41787 (Aug. 11, 1995)).

(3) The preamble to the final rule in the document titled ''Regulations Restricting the Sale and Distribution of Cigarettes and Smokeless Tobacco to Protect Children and Adolescents'' (61 Fed. Reg. 44396 through 44615 (Aug. 28, 1996)).

(4) The document titled ''Nicotine in Cigarettes and Smokeless Tobacco Is a Drug and These Products are Nicotine Delivery Devices Under the Federal Food, Drug, and Cosmetic Act: Jurisdictional

Determination'' (61 Fed. Reg. 44619 through 45318 (Aug. 28, 1996)).

**§ 80102. Guidance relating to civil penalties for violations relating to sale of tobacco products**

(a) IN GENERAL.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall issue guidance—

(1) defining the term ''repeated violation'', as used in section 10503(f)(8) of this title, as including at least 5 violations of particular requirements over a 36-month period at a particular retail outlet that constitute a repeated violation and providing for civil penalties in accordance with subsection (b);

(2) providing for timely and effective notice by certified or registered mail or personal delivery to the retailer of each alleged violation at a particular retail outlet prior to conducting a follow-up compliance check, the notice to be sent to the location specified on the retailer's registration or to the retailer's registered agent if the retailer has provided the agent information to the Food and Drug Administration prior to the violation;

(3) providing for a hearing pursuant to the procedures established through regulations of the Food and Drug Administration for assessing civil money

penalties, including at a retailer's request a hearing by telephone or at the nearest regional or field office of the Food and Drug Administration, and providing for an expedited procedure for the administrative appeal of an alleged violation;

(4) providing that a person may not be charged with a violation at a particular retail outlet unless the Secretary has provided notice to the retailer of all previous violations at that outlet;

(5) establishing that civil money penalties for multiple violations shall increase from 1 violation to the next violation pursuant to subsection (b) within the time periods provided for in the subsection;

(6) providing that good faith reliance on the presentation of a false government-issued photographic identification that contains a date of birth does not constitute a violation of any minimum age requirement for the sale of tobacco products if the retailer has taken effective steps to prevent the violations, including—

(A) adopting and enforcing a written policy against sales to minors;

(B) informing its employees of all applicable laws;

(C) establishing disciplinary sanctions for employee noncompliance; and

(D) requiring its employees to verify age by way of photographic identification or electronic scanning device; and

(7) providing for the Secretary, in determining whether to impose a no-tobacco-sale order and in determining whether to compromise, modify, or terminate such an order, to consider whether the retailer has taken effective steps to prevent violations of the minimum age requirements for the sale of tobacco products, including the steps listed in paragraph (6).

(b) PENALTIES FOR VIOLATIONS.—

(1) TRAINING PROGRAM.—For purposes of paragraph (2), the term ''approved training program'' means a training program that complies with standards developed by the Food and Drug Administration for the program.

(2) IN GENERAL.—The amount of the civil penalty to be applied for violations of section 21107(d)(5) of this title or of restrictions promulgated under section 21107(d) of this title, as described in subsection (a), shall be as follows:

(A) With respect to a retailer with an approved training program, the amount of the civil penalty shall not exceed—

(i) in the case of the first violation, $0.00 together with the issuance of a warning letter to the retailer;

(ii) in the case of a second violation within a 12-month period, $250;

(iii) in the case of a third violation within a 24-month period, $500;

(iv) in the case of a fourth violation within a 24-month period, $2,000;

(v) in the case of a fifth violation within a 36-month period, $5,000; and

(vi) in the case of a sixth or subsequent violation within a 48-month period, $10,000 as determined by the Secretary on a case-by-case basis.

(B) With respect to a retailer that does not have an approved training program, the amount of the civil penalty shall not exceed—

(i) in the case of the first violation, $250;

(ii) in the case of a second violation within a 12-month period, $500;

(iii) in the case of a third violation within a 24-month period, $1,000;

(iv) in the case of a fourth violation within a 24-month period, $2,000;

(v) in the case of a fifth violation within a 36-month period, $5,000; and

(vi) in the case of a sixth or subsequent violation within a 48-month period, $10,000 as determined by the Secretary on a case-by-case basis.

(3) CONSIDERATION OF STATE PENALTIES.—The Secretary shall coordinate with the States in enforcing the provisions of this chapter and the Family Smoking Prevention and Tobacco Act (Public Law 111–31, div. A, 123 Stat. 1776) and, for purposes of mitigating a civil penalty to be applied for a violation by a retailer of section 21107(d)(5) of this title or of any restriction promulgated under section 21107(d) of this title, shall consider the amount of any penalties paid by the retailer to a State for the same violation.

**§ 80103. Enforcement action plan for advertising and promotion restrictions**

(a) ACTION PLAN.—

(1) DEVELOPMENT.—The Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall develop and publish an action plan to enforce restrictions adopted pursuant to section 21107 of this title, or pursuant to section 80101(a) of this title, on promotion and advertising of menthol and other cigarettes to youth.

(2) CONSULTATION.—The action plan required by paragraph (1) shall be developed in consultation with public health organizations and other stakeholders with demonstrated expertise and experience in serving minority communities.

(3) PRIORITY.—The action plan required by paragraph (1) shall include provisions designed to ensure enforcement of the restrictions described in paragraph (1) in minority communities.

(b) STATE AND LOCAL ACTIVITIES.—

(1) INFORMATION ON AUTHORITY.—The Secretary shall inform State, local, and tribal governments of the authority provided to those governments under section 5(c) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1334(c)) or preserved by those governments under section 21117 of this title.

(2) COMMUNITY ASSISTANCE.—At the request of communities seeking assistance to prevent underage tobacco use, the Secretary shall provide the assistance, including assistance with strategies to address the prevention of underage tobacco use in communities with a disproportionate use of menthol cigarettes by minors.

**§ 80104. Studies of progress and effectiveness**

(a) FDA REPORT.—Not later than 3 years after June 22, 2009, and not less than every 2 years thereafter, the Secretary of Health and Human Services (referred to in this section as the ''Secretary'') shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives, a report concerning—

(1) the progress of the Food and Drug Administration in implementing this chapter and the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, 123 Stat. 1776), including major accomplishments, objective measurements of progress, and the identification of any areas that have not been fully implemented;

(2) impediments identified by the Food and Drug Administration to progress in implementing this chapter and the Family Smoking Prevention

and Tobacco Control Act (Public Law 111–31, 123 Stat. 1776) and to meeting statutory timeframes;

(3) data on the number of new product applications received under section 21111 of this title and modified risk tobacco product applications received under section 21112 of this title, and the number of applications acted on under each category; and

(4) data on the number of full-time equivalents engaged in implementing this chapter and the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, 123 Stat. 1776).

(b) GAO REPORT.—The Comptroller General shall conduct a study of, and submit to the Committees described in subsection (a) a report concerning—

(1) the adequacy of the authority and resources provided to the Secretary for this chapter and the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, 123 Stat. 1776) to carry out its goals and purposes; and

(2) any recommendations for strengthening that authority to more effectively protect the public health with respect to the manufacture, marketing, and distribution of tobacco products.

(c) PUBLIC AVAILABILITY.—The Secretary and the Comptroller General, respectively, shall make the reports

required under subsections (a) and (b) available to the public, including by posting the reports on the respective internet websites of the Food and Drug Administration and the Government Accountability Office.

**§ 80105. Effect of chapter and other related provisions**

(a) IN GENERAL.—Nothing in this chapter or the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, div. A, 123 Stat. 1776) (or an amendment made by the Act) shall be construed to—

(1) establish a precedent with regard to any other industry, situation, circumstance, or legal action; or

(2) affect any action pending in Federal, State, or tribal court, or any agreement, consent decree, or contract of any kind.

(b) AGRICULTURAL ACTIVITIES.—The provisions of this chapter or the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, div. A, 123 Stat. 1776) (or an amendment made by the Act) that authorize the Secretary of Health and Human Services (referred to in this section as the ''Secretary'') to take certain actions with regard to tobacco and tobacco products shall not be construed to affect any authority of the Secretary of Agri-

culture under existing law regarding the growing, cultivation, or curing of raw tobacco.

(c) REVENUE ACTIVITIES.—The provisions of this chapter or the Family Smoking Prevention and Tobacco Control Act (Public Law 111–31, div. A, 123 Stat. 1776) (or an amendment made by the Act) that authorize the Secretary to take certain actions with regard to tobacco products shall not be construed to affect any authority of the Secretary of the Treasury under chapter 52 of the Internal Revenue Code of 1986 (26 U.S.C. 5701 et seq.).

Sec.
89901. Reporting on tobacco regulation activities.

## § 89901. Reporting on tobacco regulation activities

(a) IN GENERAL.—For each fiscal year for which fees are collected under section 21120 of this title, the Secretary of Health and Human Services shall, not later than 180 days after the end of the fiscal year, prepare and submit to the Committee on Energy and Commerce and the Committee on Appropriations of the House of Representatives, and the Committee on Health, Education, Labor, and Pensions and the Committee on Appropriations of the Senate, an annual report that contains the information required under subsection (b).

(b) REQUIRED INFORMATION.—Each report submitted under subsection (a) shall contain the following information for the previous fiscal year:

(1) Total annual user fee collections.

(2) Total amount of fees obligated.

(3) The amount of unobligated carryover balance from fees collected.

(4) The amount obligated by the Center for Tobacco Products for each of the following activities:

(A) Compliance and enforcement.

(B) Public education campaigns.

(C) Scientific research and research infrastructure.

(D) Communications.

(E) Leadership, management oversight, and administrative services.

(F) Related overhead activities.

(5) The numbers of applications, categorized by class of tobacco product and review pathway under sections 21106, 21111, and 21112 of this title, that were—

(A) submitted;

(B) pending;

(C) accepted;

(D) refused to file;

(E) withdrawn;

(F) denied;

(G) authorized for marketing under an order;

(H) issued a deficiency letter or environmental information request letter; or

(I) referred to the Tobacco Products Scientific Advisory Committee.

(6) The number and titles of draft and final guidance documents and proposed and final regulations issued on topics related to the process for the review of tobacco product applications, whether the regulations and guidance documents were issued as required by statute or by other legal or regulatory requirements, and whether the issuance met the deadlines set forth by the applicable statute or other requirements.

(7) The number and titles of public meetings related to the review of tobacco product applications by the Center for Tobacco Products or other offices or centers within the Food and Drug Administration.

(8) The number of pre-submission meetings relating to applications under section 21111 of this title, including the number of meeting requests re-

ceived, the number of meetings held, and the median amount of time between when the meeting requests were made and when the meeting requests were granted or denied.

(9) The number of full-time equivalent employees funded pursuant to fees collected under section 21120 of this title, including identification of the centers and offices within the Food and Drug Administration in which the positions are located.

(10) The number of inspections and investigations conducted at domestic and foreign establishments required to register under section 21106 of this title.

(11) The total number of compliance and enforcement actions issued or taken with respect to tobacco products, including warning letters, civil money penalties, no-tobacco-sale orders, and other enforcement actions (including seizures, injunctions, and criminal prosecution).

(c) PUBLIC AVAILABILITY.—The Secretary of Health and Human Services shall make the reports required under this section available to the public on the website of the Food and Drug Administration.

(d) LIMITATIONS.—Reporting under this section shall include best estimates for any reporting category for which

the Food and Drug Administration does not have precise calculations. Those best estimates shall be accompanied with an explanatory statement for why the Food and Drug Administration does not have access to, or cannot calculate, the exact figure and a date by which the Food and Drug Administration will update its internal accounting procedures to allow for reporting with precise calculations. If a category is successfully reported by the Food and Drug Administration with regard to another type of user fee but is provided a best estimate by the Center for Tobacco Products, the explanatory statement shall include information regarding how the Food and Drug Administration will align systems and apply learning across the agency to allow for accurate reporting.

**SEC. 4. CONFORMING AMENDMENTS.**

(1) TITLE 5.—

(A) Section 3113(2) of title 5, United States Code, is amended by striking ''section 1010(a) of the Controlled Substances Import and Export Act (21 U.S.C. 960(a))'' and inserting ''section 51710(a) of title 21''.

(B) Section 8105(a)(1)(B) of the Fighting Opioid Abuse in Transportation Act (Public Law 115–271, 5 U.S.C. 7301 note) is amended by striking ''section 202 of the Controlled Sub-

stances Act (21 U.S.C. 812)'' and inserting ''section 50302 of title 21, United States Code,''.

(2) TITLE 6.—Section 843(b)(1)(A) of the Homeland Security Act of 2002 (6 U.S.C. 413(b)(1)(A)) is amended by striking ''section 702(7) of the Office of National Drug Control Policy Reauthorization Act of 1998 (as last in effect)'' and inserting ''section 60901(11) of title 21, United States Code''.

(3) TITLE 7.—

(A) FEDERAL INSECTICIDE, FUNGICIDE, AND RODENTICIDE ACT.—

(i) Section 2 of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136) is amended as follows:

(I) Subsection (u) is amended—

(aa) by striking ''section 201(w) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(w))'' and inserting ''section 10101(a)(33) of title 21, United States Code'';

(bb) by striking ''section 201(x) of such Act (21 U.S.C.

321(x))'' and inserting ''section 10101(a)(3) of such title''; and

(cc) by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(II) Subsection (bb) is amended by striking ''section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a)'' and inserting ''section 11110 of title 21, United States Code''.

(III) Subsection (mm)(1)(B) is amended by striking ''a tolerance under section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a and 348) or a food additive regulation under section 409 of such Act'' and inserting ''a tolerance under section 11110 of title 21, United States Code, or a food additive regulation under section 11111 of such title''.

(ii) Section 4(g)(2) of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136a–1(g)(2)) is amended—

(I) in subparagraph (A)(i)—

(aa) by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''; and

(bb) by striking ''section 408(q)(1)(C) of that Act (21 U.S.C. 346a(q)(1)(C))'' and inserting ''section 408(q)(1)(C) of the Federal Food, Drug, and Cosmetic Act (ch. 675), as amended by section 405 of the Food Quality Protection Act of 1996 (Public Law 104–170, title IV, 110 Stat. 1534)''.

(II) in subparagraph (E)—

(aa) in clause (i), by striking ''section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a)'' and inserting

''section 11110 of title 21, United States Code'';

(bb) in clause (ii), by striking ''requirements of that Act'' and inserting ''requirements of subtitle I of title 21, United States Code''; and

(cc) in clause (v), by striking ''section 408 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 11110 of title 21, United States Code,''.

(iii) Section 24(c)(3) of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136v(c)(3)) is amended—

(I) by striking ''under the Federal Food, Drug, and Cosmetic Act'' and inserting ''under subtitle I of title 21, United States Code,''; and

(II) by striking ''inconsistent with the Federal Food, Drug, and Cosmetic Act'' and inserting ''inconsistent with subtitle I of title 21, United States Code''.

(iv) Section 33 of the Federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. 136w–8) is amended—

(I) in subsection (b)(2)(B)(ii), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''; and

(II) in subsection (f)(4)(B)(iv)(II), by striking ''section 408 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a)'' and inserting ''section 11110 of title 21, United States Code''.

(B) FOOD, AGRICULTURE, CONSERVATION, AND TRADE ACT OF 1990.—

(i) Section 1327(a) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 138f(a)) is amended by striking ''this subtitle, the Federal Meat Inspection Act (21 U.S.C. 601 et seq.), or the Poultry Products Inspection Act (21 U.S.C. 451 et seq.)'' and inserting ''this subtitle or chapter 303 or 313 of title 21, United States Code,''.

(ii) Section 1330 of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 138i) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(C) PUBLIC LAW 86–341.—Section 201(a) of Public Law 86–341 (7 U.S.C. 1431c(a)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(D) PUBLIC LAW 106–387.—Section 1(a) [title VII, §729(2)] of Public Law 106–387 is amended (7 U.S.C. 1622 note) is amended by striking ''the Federal Meat Inspection Act (21 U.S.C. 601 et seq.), the Poultry Products Inspection Act (21 U.S.C. 451 et seq.), or the Egg Products Inspection Act (21 U.S.C. 1031 et seq.)'' and inserting ''chapter 303, 313, or 317 of title 21, United States Code''.

(E) AGRICULTURAL MARKETING ACT OF 1946.—

(i) Section 291(2) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1639(2))

is amended by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(ii) Section 292(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1639a(c)) is amended—

(I) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code'';

(II) in paragraph (2) (matter before subparagraph (A)), by striking ''the Federal Meat Inspection Act (21 U.S.C. 601 et seq.), the Poultry Products Inspection Act (21 U.S.C. 451 et seq.), or the Egg Products Inspection Act (21 U.S.C. 1031 et seq.)'' and inserting ''chapter 303, 313, or 317 of title 21, United States Code,'';

(III) in paragraph (2)(A), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et

seq.)'' and inserting ''subtitle I of title 21, United States Code''; and

(IV) in paragraph (2)(B)(ii), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(iii) Section 294(b)(1) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1639c(b)(1)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(iv) Section 295(a) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1639i(a)) is amended by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(v) Section 297D(c) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1639r(c)) is amended—

(I) in paragraph (1), by striking ''the Federal Food, Drug, and Cos-

metic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''; and

(II) in paragraph (3)(A)(i), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(F) FOOD AND NUTRITION ACT OF 2008.—

(i) Section 6(b)(1)(B) of the Food and Nutrition Act of 2008 (7 U.S.C. 2015(b)(1)(B)) is amended—

(I) in clause (ii)(II), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''; and

(II) in clause (iii)(II), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(ii) Section 12(b)(3)(C) of the Food and Nutrition Act of 2008 (7 U.S.C. 2021(b)(3)(C)) is amended by striking

''section 802 of title 21, United States Code'' and inserting ''section 50101 of title 21, United States Code''.

(G) FARM SECURITY AND RURAL INVESTMENT ACT OF 2002.—Section 10703(a)(1) of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 2219a(a)(1)) is amended by striking ''the Federal Meat Inspection Act (21 U.S.C. 601 et seq.) or the Poultry Products Inspection Act (21 U.S.C. 451 et seq.)'' and inserting ''chapter 303 or 313 of title 21, United States Code,''.

(H) COMPETITIVE, SPECIAL, AND FACILITIES RESEARCH GRANT ACT.—Subsection (e)(1)(B) of the Competitive, Special, and Facilities Research Grant Act (7 U.S.C. 3157(e)(1)(B)) is amended by striking ''sections 408 and 409 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a, 348)'' and inserting ''sections 11110 and 11111 of title 21, United States Code''.

(I) NATIONAL NUTRITION MONITORING AND RELATED RESEARCH ACT OF 1990.—Section 301(c)(3) of the National Nutrition Monitoring and Related Research Act of 1990 (7

U.S.C. 5341(c)(3)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(J) PUBLIC LAW 101–624.—Section 1672(f)(3)(F) of Public Law 101–624 (7 U.S.C. 5925(f)(3)(F)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(K) ORGANIC FOODS PRODUCTION ACT OF 1990.—Section 2120(c)(6) of the Organic Foods Production Act of 1990 (7 U.S.C. 6519(c)(6)) is amended—

(i) in subparagraph (A)—

(I) in clause (i), by striking ''the Federal Meat Inspection Act (21 U.S.C. 601 et seq.)'' and inserting ''chapter 303 of title 21, United States Code'';

(II) in clause (ii), by striking ''the Poultry Products Inspection Act (21 U.S.C. 451 et seq.)'' and inserting ''chapter 313 of title 21, United States Code''; and

(III) in clause (iii), by striking ''the Egg Products Inspection Act (21 U.S.C. 1031 et seq.)'' and inserting ''chapter 317 of title 21, United States Code''; and

(ii) in subparagraph (B), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(L) AGRICULTURAL RESEARCH, EXTENSION, AND EDUCATION REFORM ACT OF 1998.—

(i) Section 405(a) of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7625(a)) is amended by striking ''section 1011(d) of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''section 10327(d) of title 21, United States Code,''.

(ii) Section 604(b)(2)(A) of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7642(b)(2)(A)) is amended by striking ''section 512(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C.

360b(a));'' and inserting ''section 13702 of title 21, United States Code;''.

(iii) Section 614(b)(3) of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7653(b)(3)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(M) AGRICULTURAL BIOTERRORISM PROTECTION ACT OF 2002.—Section 212(g)(1)(C) of the Agricultural Bioterrorism Protection Act of 2002 (7 U.S.C. 8401(g)(1)(C)) is amended—

(i) in clause (i), by striking ''or registered under any of the Acts specified in clause (ii),'' and inserting ''or registered under any of the provisions specified in clause (ii),''; and

(ii) in clause (ii)—

(I) in the matter before subclause (I), by striking ''the Acts specified in this clause are the following:'' and inserting ''the provisions specified in this clause are the following:''; and

(II) in subclause (I), by striking ''The Federal Food, Drug, and Cosmetic Act.'' and inserting ''Subtitle I of title 21, United States Code.''

(4) TITLE 8.—

(A) Section 101(a)(43)(B) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(43)(B)) is amended by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''.

(B) Section 212(a)(2) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(2)) is amended—

(i) in subparagraph (A)(i)(II), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''; and

(ii) in subparagraph (C)(i), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(C) Section 237(a)(2)(B)(i) of the Immigration and Nationality Act (8 U.S.C. 1227(a)(2)(B)(i)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(5) TITLE 10.—

(A) Section 1602(e) of the National Defense Authorization Act for Fiscal Year 2004 (Public Law 108–136, 10 U.S.C. 113 note) is amended—

(i) in paragraph (1)(A)—

(I) by striking ''section 505(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355)'' and inserting ''section 13502 of title 21, United States Code,''; and

(II) by striking ''section 515 or cleared under section 510(k) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360e and 360)'' and inserting ''section 13142 or cleared under section 13136(k) of title 21, United States Code,''.

(ii) in paragraph (2) (matter before subparagraph (A))—

(I) by striking ''section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1))'' and inserting ''section 10101(a)(18) of title 21, United States Code''; and

(II) by striking ''section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(h))'' and inserting ''section 10101(a)(16) of title 21, United States Code''.

(B) Section 274(b)(4)(A)(i) of title 10, United States Code, is amended by striking ''The Controlled Substances Act (21 U.S.C. 801 et seq.) or the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.).'' and inserting ''Division A or B of subtitle V of title 21.''.

(C) Section 912a(b)(3) of title 10, United States Code, is amended by striking ''section 202 of the Controlled Substances Act (21 U.S.C. 812)'' and inserting ''section 50302 of title 21''.

(D) Section 1074g of title 10, United States Code, is amended—

(i) in subsection (h), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21'';

(ii) in subsection (i)(3), by striking ''section 503(b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(b))'' and inserting ''section 13103(a) of title 21''; and

(iii) in subsection (i)(4), by striking ''section 503(b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(b))'' and inserting ''section 13103(a) of title 21''.

(E) Section 705(f) of the John Warner National Defense Authorization Act for Fiscal Year 2007 (Public Law 109–364, 10 U.S.C. 1074g note) is amended—

(i) in paragraph (3), by striking ''section 503(b) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13103(a) of title 21, United States Code''; and

(ii) in paragraph (4), by striking ''section 503(b) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13103(a) of title 21, United States Code''.

(F) Section 1107 of title 10, United States Code is amended—

(i) in subsection (f)—

(I) in paragraph (1), by striking ''section 505(i)(4) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(i)(4))'' and inserting ''section 13510(d) of title 21'';

(II) in paragraph (2), by striking ''section 505(i) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13510 of title 21'';

(III) in paragraph (4)(A), by striking ''section 505(i) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(i))'' and inserting ''section 13510 of title 21''; and

(IV) in paragraph (4)(B), by striking ''section 505(i)(4) of the Federal Food, Drug, and Cosmetic Act

(21 U.S.C. 355(i)(4))'' and inserting ''section 13510(d) of title 21''; and

(ii) in subsection (g)—

(I) in paragraph (1), by striking ''section 505(i) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(i))'' and inserting ''section 13510 of title 21''; and

(II) in paragraph (2), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355)'' and inserting ''chapter 135 of title 21''.

(G) Section 731(a)(3) (matter before subparagraph (A)) of the Strom Thurmond National Defense Authorization Act for Fiscal Year 1999 (Public Law 105–261, 10 U.S.C. 1107 note) is amended by striking ''paragraph (4) of section 505(i) of the Federal Food, Drug, and Cosmetic Act (or under any antecedent provision of law or regulations) that has been granted under that section (or antecedent provision of law or regulations)'' and inserting ''subsection (d) of section 13510 of title 21, United States Code, or under any antecedent provision

of law or regulations, that has been granted under that section, or antecedent provision of law or regulations,''.

(H) Section 1107a of title 10, United States Code, is amended—

(i) in subsection (a)—

(I) in paragraph (1)—

(aa) by striking ''section 564 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14306 of title 21'';

(bb) by striking ''section 564(e)(1)(A)(ii)(III) of such Act'' and inserting ''section 14306(f)(1)(A)(ii)(III) of such title''; and

(cc) by striking ''paragraph (1)(A) or (2)(A) of such section 564(e),'' and inserting ''paragraph (1)(A) or (2)(A) of such section 14306(f),''; and

(II) in paragraph (2), by striking ''section 564 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14306 of title 21'';

(ii) in subsection (b)—

(I) by striking ''section 564(e)(1)(A)(ii)(III) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14306(f)(1)(A)(ii)(III) of title 21'';

(II) by striking ''section 564(e)(1)(A)(ii)(I) or (II) of such Act'' and inserting ''section 14306(f)(1)(A)(ii)(I) or (II) of such title''; and

(III) by striking ''paragraph (1)(A) or (2)(A) of such section 564(e)'' and inserting ''paragraph (1)(A) or (2)(A) of such section 14306(f); and

(iii) in subsection (c)—

(I) by striking ''section 564(a)(1) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14306(b)(1) of title 21''; and

(II) by striking ''section 564(b)(1)(B) of such Act'' and inserting ''section 14306(c)(1)(B) of such title''.

(6) TITLE 12.—Section 1120(b)(1)(A) of the Right to Financial Privacy Act of 1978 (12 U.S.C. 3420(b)(1)(A)) is amended by striking ''the Controlled Substance Act, the Controlled Substances Import and Export Act,'' and inserting ''division A or B of subtitle V of title 21, United States Code,''.

(7) TITLE 15.—

(A) FEDERAL TRADE COMMISSION ACT.—

(i) Section 14(a) of the Federal Trade Commission Act (15 U.S.C. 54(a)) is amended by striking ''the Meat Inspection Act approved March 4, 1907, as amended,'' and inserting ''chapter 303 of title 21, United States Code,''.

(ii) Section 15(f) (matter before paragraph (1)) of the Federal Trade Commission Act (15 U.S.C. 55(f) (matter before paragraph (1)) is amended by striking ''and section 407 of the Federal Food, Drug, and Cosmetic Act, as amended'' in the matter before paragraph (1).

(B) TEXTILE FIBER PRODUCTS IDENTIFICATION ACT.—Section 12(a)(8) of the Textile Fiber Products Identification Act (15 U.S.C. 70j(a)(8)) is amended by striking ''the Federal

Food, Drug and Cosmetic Act of 1938, as amended'' and inserting ''subtitle I of title 21, United States Code''.

(C) INTERNATIONAL ANTI-BRIBERY AND FAIR COMPETITION ACT OF 1998.—Section 5(e)(1) of the International Anti-Bribery and Fair Competition Act of 1998 (Public Law 105–366, 15 U.S.C. 78dd–1 note) is amended by striking ''section 514 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 884)'' and inserting ''section 50914 of title 21, United States Code''.

(D) SMALL BUSINESS ACT.—Section 27(a)(2)(D)(ii) of the Small Business Act (15 U.S.C. 654(a)(2)(D)(ii)) is amended by striking ''chapter 2 of the National Narcotics Leadership Act of 1988 (21 U.S.C. 1521 et seq.)'' and inserting ''chapter 605 of title 21, United States Code''.

(E) FEDERAL HAZARDOUS SUBSTANCES ACT.—

(i) Section 19 of the Federal Hazardous Substances Act (Public Law 86–613, 15 U.S.C. 401 note) is amended by striking ''the Federal Food, Drug, and

Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(ii) Section 2(f)(2) of the Federal Hazardous Substances Act (15 U.S.C. 1261(f)(2)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(iii) Section 18(a) of the Federal Hazardous Substances Act (Public Law 86–613, 15 U.S.C. 1261 note) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(iv) Section 3(e)(1) of the Federal Hazardous Substances Act (15 U.S.C. 1262(e)(1)) is amended—

(I) by striking ''subsection (e) of section 701 of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''subsection (e) of section 17501 of title 21, United States Code,''; and

(II) by striking ''subsections (f) and (g) of such section 701'' and in-

serting ''subsections (f) and (g) of such section 17501''.

(v) Section 4(f) of the Federal Hazardous Substances Act (15 U.S.C. 1263(f)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(vi) Section 23(b)(1) of the Federal Hazardous Substances Act (15 U.S.C. 1277(b)(1)) is amended by striking ''the Federal Food, Drug, and Cosmetics Act'' and inserting ''subtitle I of title 21, United States Code''.

(F) FEDERAL CIGARETTE LABELING AND ADVERTISING ACT.—

(i) Section 4 of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1333) is amended—

(I) in subsection (b)(4), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code'';

(II) in subsection (d) (as added by section 202(b) of the Family

Smoking Prevention and Tobacco Control Act (Public Law 111–31, div. A, 123 Stat. 1845)), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''; and

(III) in subsection (e)(3), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(ii) Section 5(a) of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. 1334(a)) is amended by striking ''section 903(a)(2) or section 920(a) of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''section 21104(a)(1)(B) or 21121(a) of title 21, United States Code,''.

(G) FAIR PACKAGING AND LABELING ACT.—

(i) Section 13 of the Fair Packaging and Labeling Act (Public Law 89–755, 15 U.S.C. 1451 note) is amended by striking ''the Federal Food, Drug, and Cosmetic

Act'' and inserting ''subtitle I of title 21, United States Code''.

(ii) Section 5 of the Fair Packaging and Labeling Act (15 U.S.C. 1454) is amended—

(I) in subsection (a), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''; and

(II) in subsection (c)(3), by striking ''section 201(f) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(19) of title 21, United States Code''.

(iii) Section 6 of the Fair Packaging and Labeling Act (15 U.S.C. 1455) is amended—

(I) in subsection (a), by striking ''subsections (e), (f), and (g) of section 701 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 371(e), (f), and (g)'' and inserting ''subsections (e), (f), and (g) of section

17501 of title 21, United States Code''; and

(II) in subsection (b), by striking ''subsections (e), (f), and (g) of section 701 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 371(e), (f), and (g))'' and inserting ''subsections (e), (f), and (g) of section 17501 of title 21, United States Code,''.

(iv) Section 7 of the Fair Packaging and Labeling Act (15 U.S.C. 1456) is amended—

(I) in subsection (a)—

(aa) by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code'';

(bb) by striking ''chapter III of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 105 of title 21, United States Code''; and

(cc) by striking ''section 303 of that Act (21 U.S.C. 333)'' and inserting ''section 10503 of title 21, United States Code,''; and

(II) in subsection (c), by striking ''section 801(a) and (b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 381)'' and inserting ''subsections (a) and (b) of section 20101 of title 21, United States Code''.

(v) Section 10(a) of the Fair Packaging and Labeling Act (15 U.S.C. 1459(a)) is amended—

(I) in the matter before paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''; and

(II) in paragraph (3), by striking ''section 503(b)(1) or 506 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(b)(1) and 356)'' and inserting ''section 13103(a)(1) of title 21, United States Code''.

(vi) Section 11(b) of the Fair Packaging and Labeling Act (15 U.S.C. 1460(b)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(H) POISON PREVENTION PACKAGING ACT OF 1970.—

(i) Section 2(2)(B) of the Poison Prevention Packaging Act of 1970 (15 U.S.C. 1471(2)(B)) is amended by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(ii) Section 5(a) of the Poison Prevention Packaging Act of 1970 (15 U.S.C. 1474(a)) is amended—

(I) by striking ''subsection (e) of section 701 of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''subsection (e) of section 17501 of title 21, United States Code,''; and

(II) by striking ''subsections (f) and (g) of such section 701'' and in-

serting ''subsections (f) and (g) of such section 17501''.

(I) CHILD NICOTINE POISONING PREVENTION ACT OF 2015.—Section 2(b)(1)(A) of the Child Nicotine Poisoning Prevention Act of 2015 (15 U.S.C. 1472a(b)(1)(A)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code,''.

(J) CONSUMER PRODUCT SAFETY ACT.—

(i) Section 3(a)(5) of the Consumer Product Safety Act (15 U.S.C. 2052(a)(5)) is amended—

(I) in subparagraph (H), by striking ''drugs, devices, or cosmetics (as such terms are defined in sections 201(g), (h), and (i) of the Federal Food, Drug, and Cosmetic Act)'' and inserting ''cosmetics, devices, or drugs (as such terms are defined in paragraphs (10), (16), and (18) of section 10101(a) of title 21, United States Code)''; and

(II) in subparagraph (I)—

(aa) by striking ''section 201(f) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(19) of title 21, United States Code'';

(bb) by striking ''sections 4 (e) and (f) of the Poultry Products Inspection Act'' and inserting ''paragraphs (22) and (23) of section 31301 of title 21, United States Code'';

(cc) by striking ''section 1(j) of the Federal Meat Inspection Act'' and inserting ''section 30301(12) of title 21, United States Code''; and

(dd) by striking ''section 4 of the Egg Products Inspection Act'' and inserting ''section 31701 of title 21, United States Code''.

(ii) Section 30(a) of the Consumer Product Safety Act (15 U.S.C. 2079(a)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (15 U.S.C. 301 et

seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(iii) Section 31(a) of the Consumer Product Safety Act (15 U.S.C. 2080(a)) is amended—

(I) by striking ''sections 355 (1) and (2) of the Public Health Service Act'' and inserting ''paragraphs (2) and (3) of section 14101 of title 21, United States Code''; and

(II) by striking ''subpart 3 of part F of title III of the Public Health Service Act'' and inserting ''chapter 141 of title 21, United States Code''.

(K) ANTI-DRUG ABUSE ACT OF 1988.—Section 2404(b) of the Anti-Drug Abuse Act of 1988 (15 U.S.C. 2057a(b)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(L) CRIME CONTROL ACT OF 1990.—Section 3202(b) of the Crime Control Act of 1990 (15 U.S.C. 2057b(b)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act''

and inserting ''subtitle I of title 21, United States Code''.

(M) TOXIC SUBSTANCES CONTROL ACT.—Section 3(2)(B) of the Toxic Substances Control Act (15 U.S.C. 2602(2)(B)) is amended—

(i) in clause (vi), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101 of title 21, United States Code''; and

(ii) in the matter after clause (vi)—

(I) by striking ''sections 4(e) and (f) of the Poultry Products Inspection Act'' and inserting ''paragraphs (22) and (23) of section 31301 of title 21, United States Code'';

(II) by striking ''section 1(j) of the Federal Meat Inspection Act'' and inserting ''section 30301(12) of title 21, United States Code''; and

(III) by striking ''section 4 of the Egg Products Inspection Act'' and inserting ''section 31701 of title 21, United States Code''.

(N) COMPREHENSIVE SMOKELESS TOBACCO HEALTH EDUCATION ACT OF 1986.—

(i) Section 3 of the Comprehensive Smokeless Tobacco Health Education Act of 1986 (15 U.S.C. 4402) is amended—

(I) in subsection (b)(4), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''; and

(II) in subsection (d), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(ii) Section 9(1) of the Comprehensive Smokeless Tobacco Health Education Act of 1986 (15 U.S.C. 4408(1)) is amended by striking ''section 900(18) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 21101(18) of title 21, United States Code''.

(O) STEEL AND ALUMINUM ENERGY CONSERVATION AND TECHNOLOGY COMPETITIVENESS ACT OF 1988.—Section 11 of the Steel and Aluminum Energy Conservation and Technology Competitiveness Act of 1988 (15 U.S.C. 5110) is amended—

(i) in subsection (a), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21, United States Code''; and

(ii) in subsection (b), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21, United States Code''.

(P) NATIONAL AERONAUTICS AND SPACE ADMINISTRATION AUTHORIZATION ACT.—Section 215 of the National Aeronautics and Space Administration Authorization Act, Fiscal Year 1989 (Public Law 100–685, 15 U.S.C. 5110 note) is amended—

(i) in subsection (a), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21, United States Code''; and

(ii) in subsection (b), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21, United States Code''.

(8) TITLE 16.—

(A) Section 15002(c) of the National Forest System Drug Control Act of 1986 (16

U.S.C. 559b(c)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(B) Section 15003(2) of the National Forest System Drug Control Act of 1986 (16 U.S.C. 559c(2)) is amended by striking ''section 401 of Controlled Substances Act (21 U.S.C. 841)'' and inserting ''section 50701 of title 21, United States Code,''.

(C) Section 15004 of the National Forest System Drug Control Act of 1986 (16 U.S.C. 559d) is amended—

(i) in paragraph (2), by striking ''section 401 of the Controlled Substances Act (21 U.S.C. 841)'' and inserting ''section 50701 of title 21, United States Code'';

(ii) in paragraph (3), by striking ''section 511 of the Controlled Substances Act (21 U.S.C. 881) for violations of the Controlled Substances Act'' and inserting ''section 50911 of title 21, United States Code, for violations of division A of subtitle V of title 21, United States Code,''; and

(iii) in paragraph (5), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21, United States Code,''.

(9) TITLE 18.—

(A) PART I, CRIMES.—

(i) Section 24(a)(2) of title 18, United States Code, is amended by striking ''section 301 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 331)'' and inserting '', section 10501 of title 21''.

(ii) Section 36(a) of title 18, United States Code, is amended—

(I) in paragraph (1), by striking ''section 408(c) of the Controlled Substances Act (21 U.S.C. 848(c))'' and inserting ''section 50708(a)(1) of title 21'';

(II) in paragraph (2), by striking ''section 406 of the Controlled Substances Act (21 U.S.C. 846) section 1013 of the Controlled Substances Import and Export Act (21 U.S.C. 963)'' and inserting ''section 50706 or 51714 of title 21''; and

(III) in paragraph (3), by striking ''section 401(b)(1)(A) of the Controlled Substances Act (21 U.S.C. 841(b)(1)(A)) or section 1010(b)(1) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)(1))'' and inserting ''section 50701(b)(1)(A) or 51710(b)(1) of title 21''.

(iii) Section 38(d)(2) of title 18, United States Code, is amended by striking ''section 413 of the Comprehensive Drug Abuse and Prevention Act of 1970 (21 U.S.C. 853)'' and inserting ''section 50713 of title 21''.

(iv) Section 42(a)(1) of title 18, United States Code, is amended by striking ''Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21''.

(v) Section 175b(d)(2)(D) of title 18, United States Code, is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(vi) Section 229B(b) of title 18, United States Code, is amended—

(I) in paragraph (1) (matter before subparagraph (A)), by striking ''subsections (b) through (p) of section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853)'' and inserting ''subsections (a) and (c) through (p) of section 50713 of title 21'';

(II) in paragraph (1)(A), by striking '' 'this subchapter or subchapter II' '' and inserting '' 'this division or division B' '';

(III) in paragraph (1)(B), by striking '' 'subsection (a)' shall be deemed'' and inserting '' 'subsection (b)' shall be deemed''; and

(IV) in paragraph (2)—

(aa) in subparagraph (A), by striking ''section 413(e)(2) of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853(e)(2))'' and

inserting ''section 50713(e)(2) of title 21''; and

(bb) in subparagraph (C), by striking ''section 413(e)(2) and (3) of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853(e)(2) and (3))'' and inserting ''paragraphs (2) and (3) of section 50713(e) of title 21''.

(vii) Section 342 of title 18, United States Code, is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(viii) Section 521 of title 18, United States Code, is amended—

(I) in subsection (c)(1), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''; and

(II) in subsection (d)(3)(B)(i), by striking ''section 102 of the Controlled Substances Act (21 U.S.C.

802)'' and inserting ''section 50101 of title 21''.

(ix) Section 670(e) of title 18, United States Code, is amended—

(I) in paragraph (3), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101 of title 21''; and

(II) in paragraph (5), by striking ''section 5(b) of the Orphan Drug Act'' and inserting ''section 49502(a) of title 21''.

(x) Section 793(h)(3) (matter before subparagraph (A)) of title 18, United States Code, is amended by striking ''subsections (b), (c), and (e) through (p) of section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853(b), (c), and (e)–(p))'' and inserting ''subsections (a), (c), and (e) through (p) of section 50713 of title 21''.

(xi) Section 794(d)(3) (matter before subparagraph (A)) of title 18, United States Code, is amended by striking ''subsections (b), (c), and (e) through (p) of

section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853(b), (c), and (e)–(p))'' and inserting ''subsections (a), (c), and (e) through (p) of section 50713 of title 21''.

(xii) Section 798(d)(3) (matter before subparagraph (A)) of title 18, United States Code, is amended by striking ''subsections (b), (c), and (e) through (p) of section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853(b), (c), and (e)–(p)),'' and inserting ''subsections (a), (c), and (e) through (p) of section 50713 of title 21''.

(xiii) Section 842 of title 18, United States Code, is amended—

(I) in subsection (d)(5), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''; and

(II) in subsection (i)(3), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(xiv) Section 922 of title 18, United States Code, is amended—

(I) in subsection (d)(3), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21'';

(II) in subsection (g)(3), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''; and

(III) in subsection (s)(3)(B)(iii), by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21''.

(xv) Section 924 of title 18, United States Code, is amended—

(I) in subsection (c)(2), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.), the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.),'' and inserting ''division A or B of subtitle V of title 21'';

(II) in subsection (d)(3)(B), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.) or the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.);'' and inserting ''division A or B of subtitle V of title 21;'';

(III) in subsection (e)(2)(A)—

(aa) in clause (i), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.), the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.),'' and inserting ''division A or B of subtitle V of title 21''; and

(bb) in clause (ii), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21'';

(IV) in subsection (g)—

(aa) in paragraph (2), by striking ''the Controlled Substances Act (21 U.S.C. 801 et

seq.), the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.),'' and inserting ''division A or B of subtitle V of title 21''; and

(bb) in paragraph (3), by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21''; and

(V) in subsection (k)(1)(A), by striking ''the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.)'' and inserting ''division B of subtitle V of title 21''.

(xvi) Section 929(a)(2) of title 18, United States Code, is amended by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.), the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.),'' and inserting ''division A or B of subtitle V of title 21''.

(xvii) Section 981 of title 18, United States Code, is amended—

(I) in subsection (a)(1)(B)(i), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21'';

(II) in subsection (b)(4)(A), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21''; and

(III) in subsection (k)(1)(A), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.),'' and inserting ''division A of subtitle V of title 21,''.

(xviii) Section 982(b)(1) of title 18, United States Code, is amended by striking ''section 413 (other than subsection (d) of that section) of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853)'' and inserting ''section 50713 (other than subsection (d) of that section) of title 21''.

(xix) Section 983(i)(2)(C) of title 18, United States Code, is amended by striking ''the Federal Food, Drug, and Cos-

metic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21''.

(xx) Section 986 of title 18, United States Code, is amended—

(I) in subsection (a), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21''; and

(II) in subsection (d)(1) (matter before subparagraph (A)), by striking ''section 413(n) of the Controlled Substances Act (21 U.S.C. 853(n))'' and inserting ''section 50713(n) of title 21''.

(xxi) Section 1028(g) of title 18, United States Code, is amended by striking ''section 413 (other than subsection (d) of that section) of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853)'' and inserting ''section 50713 (other than subsection (d) of that section) of title 21''.

(xxii) Section 1029(c)(2) of title 18, United States Code, is amended by striking ''section 413 of the Controlled Sub-

stances Act'' and inserting ''section 50713 of title 21''.

(xxiii) Section 1030(i)(2) of title 18, United States Code, is amended by striking ''section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853)'' and inserting ''section 50713 of title 21''.

(xxiv) Section 1037(c)(2) of title 18, United States Code, is amended by striking ''section 413 of the Controlled Substances Act (21 U.S.C. 853), other than subsection (d) of that section,'' and inserting ''section 50713 of title 21, other than subsection (d) of that section,''.

(xxv) Section 1365(h) of title 18, United States Code, is amended—

(I) in paragraph (1)(A), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21''; and

(II) in paragraph (2), by striking ''section 201(m) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C.

321(m))'' and inserting ''section 10101(a)(28) of title 21''.

(xxvi) Section 1467(b) of title 18, United States Code, is amended by striking ''section 413 of the Controlled Substances Act (21 U.S.C. 853), with the exception of subsections (a) and (d),'' and inserting ''section 50713 of title 21, with the exception of subsections (b) and (d),''.

(xxvii) Section 1593(b)(4) of title 18, United States Code, is amended by striking ''section 413 (other than subsection (d) of such section) of the Controlled Substances Act (21 U.S.C. 853)'' and inserting ''section 50713 (other than subsection (d) of such section) of title 21''.

(xxviii) Section 1791(d)(3) of title 18, United States Code, is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(xxix) Section 1841(b)(2) of title 18, United States Code, is amended by striking ''Section 408(e) of the Controlled Substances Act of 1970 (21 U.S.C. 848(e))''

and inserting ''Section 50708(d) of title 21''.

(xxx) Section 1864(a)(1) of title 18, United States Code, is amended by striking ''the Controlled Substances Act,'' and inserting ''division A of subtitle V of title 21,''.

(xxxi) Section 1952(b)(i)(1) of title 18, United States Code, is amended by striking ''section 102(6) of the Controlled Substances Act'' and inserting ''section 50101(9) of title 21''.

(xxxii) Section 1956(c)(7) of title 18, United States Code, is amended—

(I) in subparagraph (B)(i), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21'';

(II) in subparagraph (C), by striking ''section 408 of the Controlled Substances Act (21 U.S.C. 848);'' and inserting ''section 50708 of title 21;''; and

(III) in subparagraph (D), by striking ''section 422 of the Con-

trolled Substances Act'' and inserting ''section 50723 of title 21''.

(xxxiii) Section 1961(1) of title 18, United States Code, is amended—

(I) in subparagraph (A), by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21''; and

(II) in subparagraph (D), by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21''.

(xxxiv) Section 2118 of title 18, United States Code, is amended—

(I) in subsection (a) (matter before paragraph (1)), by striking ''section 302 of the Controlled Substances Act (21 U.S.C. 822)'' and inserting ''section 50502 of title 21'';

(II) in subsection (b) (matter before paragraph (1)), by striking ''section 302 of the Controlled Substances Act (21 U.S.C. 822)'' and inserting ''section 50502 of title 21''; and

(III) in subsection (e)(1), by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21''.

(xxxv) Section 2253(b) of title 18, United States Code, is amended by striking ''Section 413 of the Controlled Substances Act (21 U.S.C. 853) with the exception of subsections (a) and (d)'' and inserting ''Section 50713 of title 21 with the exception of subsections (b) and (d)''.

(xxxvi) Section 2320(f)(6) of title 18, United States Code, is amended by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21''.

(xxxvii) Section 2323(b)(2)(A) of title 18, United States Code, is amended by striking ''section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853), other than subsection (d) of that section'' and inserting ''section 50713 of title 21, other than subsection (d) of that section''.

(xxxviii) Section 2328(b) of title 18, United States Code, is amended by striking ''section 413 of the Controlled Substances Act (21 U.S.C. 853), other than subsection (d) of that section,'' and inserting ''section 50713 of title 21, other than subsection (d) of that section,''.

(xxxix) Section 2332b(g)(5)(B)(iv) of title 18, United States Code, is amended by striking ''section 1010A of the Controlled Substances Import and Export Act'' and inserting ''section 51711 of title 21''.

(xl) Section 2333(e) of title 18, United States Code, is amended by striking ''section 805(b) of the Foreign Narcotics Kingpin Designation Act (21 U.S.C. 1904(b))'' and inserting ''section 61105(b) of title 21''.

(xli) Section 2429(c) of title 18, United States Code, is amended by striking ''section 413 (other than subsection (d) of such section) of the Controlled Substances Act (21 U.S.C. 853)'' and inserting ''section 50713 (other than subsection (d) of such section) of title 21''.

(B) PART II, CRIMINAL PROCEDURE.—

(i) Section 3142 of title 18, United States Code, is amended—

(I) in subsection (c)(1)(B)(ix), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21'';

(II) in subsection (e)(3)(A), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.), the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.),'' and inserting ''division A or B of subtitle V of title 21''; and

(III) in subsection (f)(1)(C), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.), the Controlled Substances Import and Export Act (21 U.S.C. 951 et seq.),'' and inserting ''division A or B of subtitle V of title 21''.

(ii) Section 7304(e) of the Anti-Drug Abuse Act of 1988 (Public Law 100–690, 18 U.S.C. 3154 note) is amended by strik-

ing ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''.

(iii) Section 3553(f) of title 18, United States Code, is amended—

(I) in the matter before paragraph (1), by striking ''section 401, 404, or 406 of the Controlled Substances Act (21 U.S.C. 841, 844, 846), section 1010 or 1013 of the Controlled Substances Import and Export Act (21 U.S.C. 960, 963),'' and inserting ''section 50701, 50704, 50706, 51710, or 51714 of title 21''; and

(II) in paragraph (4), by striking ''section 408 of the Controlled Substances Act'' and inserting ''section 50708 of title 21''.

(iv) Section 3554 of title 18, United States Code, is amended—

(I) by striking ''title II or III of the Comprehensive Drug Abuse Prevention and Control Act of 1970'' and

inserting ''division A or B of subtitle V of title 21,''; and

(II) by striking ''section 413 of the Comprehensive Drug Abuse and Control Act of 1970'' and inserting ''section 50713 of title 21''.

(v) Section 3559 of title 18, United States Code, is amended—

(I) in subsection (c)(2)(H)—

(aa) in clause (i), by striking ''section 401(b)(1)(A) or 408 of the Controlled Substances Act (21 U.S.C. 841(b)(1)(A), 848) or section 1010(b)(1)(A) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)(1)(A))'' and inserting ''section 50701(b)(1)(A), 50708, or 51710(b)(1)(A)(i) of title 21''; and

(bb) in clause (ii), by striking ''section 401(b)(1)(A) or 408 of the Controlled Substances Act (21 U.S.C. 841(b)(1)(A), 848) or section 1010(b)(1)(A) of the

Controlled Substances Import and Export Act (21 U.S.C. 960(b)(1)(A))'' and inserting ''section 50701(b)(1)(A), 50708, or 51710(b)(1)(A)(i) of title 21''; and

(II) in subsection (c)(4), by striking ''section 411(a) of the Controlled Substances Act (21 U.S.C. 851(a))'' and inserting ''section 50711(a) of title 21''.

(vi) Section 3563(b)(7) of title 18, United States Code, is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(vii) Section 3582(e) of title 18, United States Code, is amended by striking ''the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 801 et seq.)'' and inserting ''division A or B of subtitle V of title 21''.

(viii) Section 3591(b) of title 18, United States Code, is amended—

(I) in paragraph (1), by striking ''section 408(c)(1) of the Controlled Substances Act (21 U.S.C. 848(c)(1))'' and inserting ''section 50708(a)(1)(A) of title 21''; and

(II) in paragraph (2), by striking ''section 408(c)(1) of the Controlled Substances Act (21 U.S.C. 848(c)(1))'' and inserting ''section 50708(a)(1)(A) of title 21''.

(ix) Section 3592 of title 18, United States Code, is amended—

(I) in subsection (c)—

(aa) in paragraph (12), by striking ''title II or III of the Comprehensive Drug Abuse Prevention and Control Act of 1970'' and inserting ''division A or B of subtitle V of title 21''; and

(bb) in paragraph (13)—

(AA) by striking ''section 408(c) of the Controlled Substances Act (21 U.S.C. 848(c))'' and inserting ''sec-

tion 50708(a)(1) of title 21''; and

(BB) by striking ''section 418 of that Act (21 U.S.C. 859)'' and inserting ''section 50718 of title 21''; and

(II) in subsection (d)—

(aa) in paragraph (2), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21'';

(bb) in paragraph (3), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21'';

(cc) in paragraph (5), by striking ''section 418 of the Controlled Substances Act (21 U.S.C. 859)'' and inserting ''section 50718 of title 21'';

(dd) in paragraph (6), by striking ''section 419 of the Con-

trolled Substances Act (21 U.S.C. 860)'' and inserting ''section 50719 of title 21'';

(ee) in paragraph (7), by striking ''section 420 of the Controlled Substances Act (21 U.S.C. 861)'' and inserting ''section 50721 of title 21''; and

(ff) in paragraph (8), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(x) Section 3607 of title 18, United States Code, is amended—

(I) in subsection (a), in the matter before paragraph (1), by striking ''section 404 of the Controlled Substances Act (21 U.S.C. 844)'' and inserting ''section 50704 of title 21''; and

(II) in subsection (c), by striking ''section 404 of the Controlled Substances Act (21 U.S.C. 844)'' and inserting ''section 50704 of title 21''.

(xi) Section 3612 of title 18, United States Code, is amended—

(I) in subsection (j)—

(aa) in paragraph (1), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21''; and

(bb) in paragraph (2), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21''; and

(II) in subsection (k)—

(aa) in paragraph (1), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21'';

(bb) in paragraph (2)(A), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21''; and

(cc) in paragraph (3)(A), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21''.

(xii) Section 3632(d)(4)(D) of title 18, United States Code, is amended—

(I) in clause (lviii), by striking ''Section 401(a) of the Controlled Substances Act (21 U.S.C. 841)'' and inserting ''Section 50701(a) of title 21'';

(II) in clause (lxv), by striking ''Subparagraph (A)(i) or (B)(i) of section 401(b)(1) of the Controlled Substances Act (21 U.S.C. 841(b)(1)) or paragraph (1)(A) or (2)(A) of section 1010(b) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)),'' and inserting ''Subparagraph (A)(i)(I) or (B)(i)(I) of section 50701(b)(1) of title 21 or paragraph (1)(A)(i) or (2)(A)(i) of section 51710(b) of title 21,'';

(III) in clause (lxvi), by striking ''Subparagraph (A)(vi) or (B)(vi) of section 401(b)(1) of the Controlled Substances Act (21 U.S.C. 841(b)(1)) or paragraph (1)(F) or (2)(F) of section 1010(b) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)),'' and inserting ''Subparagraph (A)(i)(VI) or (B)(i)(VI) of section 50701(b)(1) of title 21 or paragraph (1)(A)(vi) or (2)(A)(vi) of section 51710(b) of title 21,'';

(IV) in clause (lxvii), by striking ''Subparagraph (A)(viii) or (B)(viii) of section 401(b)(1) of the Controlled Substances Act (21 U.S.C. 841(b)(1)) or paragraph (1)(H) or (2)(H) of section 1010(b) the Controlled Substances Import and Export Act (21 U.S.C. 960(b)),'' and inserting ''Subparagraph (A)(i)(VIII) or (B)(i)(VIII) of section 50701(b)(1) of title 21 or paragraph (1)(A)(viii) or (2)(A)(viii) of section 51710(b) title 21,''; and

(V) in clause (lxviii), in the matter before subclause (I), by striking ''Subparagraph (A) or (B) of section 401(b)(1) of the Controlled Substances Act (21 U.S.C. 841(b)(1)) or paragraph (1) or (2) of section 1010(b) of the Controlled Substances Import and Export Act (21 U.S.C. 960(b)),'' and inserting ''Subparagraph (A) or (B) of section 50701(b)(1) of title 21 or paragraph (1) or (2) of section 51710(b) of title 21,''.

(xiii) Section 3663 of title 18, United States Code, is amended—

(I) in subsection (a)(1)(A), by striking ''section 401, 408(a), 409, 416, 420, or 422(a) of the Controlled Substances Act (21 U.S.C. 841, 848(a), 849, 856, 861, 863)'' and inserting ''section 50701, 50708(a), 50709, 50716, 50721, or 50723(b) of title 21''; and

(II) in subsection (c)—

(aa) in paragraph (1), by striking ''section 401, 408(a), 409, 416, 420, or 422(a) of the Controlled Substances Act (21 U.S.C. 841, 848(a), 849, 856, 861, 863)'' and inserting ''section 50701, 50708(a), 50709, 50716, 50721, or 50723(b) of title 21''; and

(bb) in paragraph (4), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21''.

(xiv) Section 3663A(c)(1)(A)(ii) of title 18, United States Code, is amended by striking ''section 416(a) of the Controlled Substances Act (21 U.S.C. 856(a))'' and inserting ''section 50716(a) of title 21''.

(C) PART IV, CORRECTION OF YOUTHFUL OFFENDERS.—

(i) Section 5032 of title 18, United States Code, is amended—

(I) in the first paragraph, by striking ''section 401 of the Controlled Substances Act (21 U.S.C. 841), or section 1002(a), 1003, 1005, 1009, or 1010(b)(1), (2), or (3) of the Controlled Substances Import and Export Act (21 U.S.C. 952(a), 953, 955, 959, 960(b)(1), (2), (3)),'' and inserting ''section 50701, 51702(a), 51703, 51705, or 51709 of title 21, paragraphs (1), (2), or (3) of section 51710(b) of title 21, or''; and

(II) in the fourth paragraph—

(aa) by striking ''section 401 of the Controlled Substances Act (21 U.S.C. 841), or section 1002(a), 1005, or 1009 of the Controlled Substances Import and Export Act (21 U.S.C. 952(a), 955, 959),'' and inserting ''section 50701, 51702(a), 51705, or 51709 of title 21,''; and

(bb) by striking ''subsection (b)(1)(A), (B), or (C), (d), or (e)

of section 401 of the Controlled Substances Act, or section 1002(a), 1003, 1009, or 1010(b)(1), (2), or (3) of the Controlled Substances Import and Export Act (21 U.S.C. 952(a), 953, 959, 960(b)(1), (2), (3)),'' and inserting ''subparagraph (A), (B), or (C) of section 50701(b)(1) of title 21, subsection (d) or (h) of section 50701 of title 21, section 51702(a), 51703, or 51709 of title 21, or paragraph (1), (2), or (3) of section 51710(b) of title 21,''.

(ii) Section 5038 of title 18, United States Code, is amended—

(I) in subsection (d), by striking ''section 401 of the Controlled Substances Act or section 1001(a), 1005, or 1009 of the Controlled Substances Import and Export Act,'' and inserting ''section 50701, 51701(a), 51705, or 51709 of title 21,''; and

(II) in subsection (f), by striking ''section 401 of the Controlled Substances Act or section 1001(a), 1005, or 1009 of the Controlled Substances Import and Export Act,'' and inserting ''section 50701, 51701(a), 51705, or 51709 of title 21,''.

(10) TITLE 19.—

(A) Section 401(m) of the Tariff Act of 1930 (19 U.S.C. 1401(m)) is amended—

(i) in the matter before paragraph (1), by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21, United States Code''; and

(ii) in paragraph (2), by striking ''the Controlled Substances Import and Export Act'' and inserting ''division B of subtitle V of title 21, United States Code''.

(B) Section 583 of the Tariff Act of 1930 (19 U.S.C. 1583) is amended—

(i) in subsection (a)(2)(C), by striking ''Section 1003 of the Controlled Substances Import and Export Act (relating to exportation of controlled substances) (21

U.S.C. 953)'' and inserting ''Section 51703 of title 21, United States Code (relating to exportation of controlled substances)''; and

(ii) in subsection (c)(1)(C), by striking ''section 202 of the Controlled Substances Act (21 U.S.C. 812)'' and inserting ''section 50302 of title 21, United States Code''.

(C) Section 584(a)(2) of the Tariff Act of 1930 (19 U.S.C. 1584(a)(2)) is amended by striking ''sections 102(18) and 102(16), respectively, of the Controlled Substances Act (21 U.S.C. 802(18) and 802(16))'' and inserting ''sections 50101(39) and 50101(35), respectively, of title 21, United States Code''.

(D) Section 596(c)(1)(B) of the Tariff Act of 1930 (19 U.S.C. 1595a(c)(1)(B)) is amended by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.),'' and inserting ''division A of subtitle V of title 21, United States Code,''.

(E) Section 607(b) of the Tariff Act of 1930 (19 U.S.C. 1607(b)) is amended by striking ''section 102 of the Controlled Substances

Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(F) Section 606 of the Trade Act of 1974 (19 U.S.C. 2484) is amended by striking ''section 202 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 812)'' and inserting ''section 50302 of title 21, United States Code''.

(G) Section 492 of the Trade Agreements Act of 1979 (19 U.S.C. 2578a) is amended—

(i) in subsection (b), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code,''; and

(ii) in subsection (c), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(11) TITLE 20.—

(A) Section 892(f)(3)(A)(i) of the Higher Education Act of 1965 (20 U.S.C. 1161w(f)(3)(A)(i)) is amended by striking ''section 102 of the Controlled Substances Act (21

U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(B) Section 612(a)(25)(A) of the Individuals with Disabilities Education Act (20 U.S.C. 1412(a)(25)(A)) is amended by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21, United States Code,''.

(C) Section 615(k)(7) of the Individuals with Disabilities Education Act (20 U.S.C. 1415(k)(7)) is amended—

(i) in subparagraph (A), by striking ''section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c))'' and inserting ''section 50302(c) of title 21, United States Code''; and

(ii) in subparagraph (B), by striking ''under that Act'' and inserting ''under division A of subtitle V of title 21, United States Code,''.

(D) Section 4001(c) (matter before paragraph (1)) of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7101(c) (matter before paragraph (1)) is amended by striking ''section 102 of the Controlled Sub-

stances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code,''.

(E) Section 4102(2) of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7112(2)) is amended by striking ''section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c))'' and inserting ''section 50302(c) of title 21, United States Code''.

(12) TITLE 21.—

(A) 21ST CENTURY CURES ACT.—Section 3043 of the 21st Century Cures Act (21 U.S.C. 356 note) is amended by inserting after ''or an amendment made by this subtitle'' the parenthetical ''(except the amendment made by section 3042 of this Act)''.

(B) PUBLIC HEALTH SECURITY AND BIOTERRORISM PREPAREDNESS AND RESPONSE ACT OF 2002.—Section 122 of the Public Health Security and Bioterrorism Preparedness and Response Act of 2002 (21 U.S.C. 356–1) is amended to read as follows:

**''§ 122. DEFINITIONS**

''For the purposes of this title:

''(1) PRIORITY COUNTERMEASURE.—The term 'priority countermeasure' has the meaning given such term in section 319F(e)(4) of the Public Health Service Act (42 U.S.C. 247d–6(e)(4)).

''(2) PRIORITY DRUGS OR BIOLOGICAL PRODUCTS.—The term 'priority drugs or biological products' means a drug or biological product that is the subject of a drug or biologics application referred to in section 101(4) of the Food and Drug Administration Modernization Act of 1997 (Public Law 105–115, 111 Stat. 2298).''

(13) TITLE 22.—

(A) Section 22 of the Inter-American Development Bank Act (22 U.S.C. 283s) is amended by striking ''the Comprehensive Drug Abuse Prevention and Control Act of 1970'' and inserting ''division A of subtitle V of title 21, United States Code''.

(B) Section 13 of the International Development Association Act (22 U.S.C. 284k) is amended by striking ''the Comprehensive Drug Abuse Prevention and Control Act of 1970'' and inserting ''division A of subtitle V of title 21, United States Code''.

(C) Section 19 of the Asian Development Bank Act (22 U.S.C. 285p) is amended by striking ''the Comprehensive Drug Abuse Prevention and Control Act of 1970'' and inserting ''division A of subtitle V of title 21, United States Code''.

(D) Section 481(e)(6) of the Foreign Assistance Act of 1961 (22 U.S.C. 2291(e)(6)) is amended by striking ''paragraph (33) of section 102 of the Controlled Substances Act (21 U.S.C. 802(33))'' and inserting ''section 50101(32) of title 21, United States Code''.

(E) Section 599H of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1991 (Public Law 101–513, 22 U.S.C. 2291 note) is amended—

(i) in subsection (a)(2), by striking ''section 102 of the Controlled Substances Act (21 USC 802)'' and inserting ''section 50101 of title 21, United States Code''; and

(ii) in subsection (e), by striking ''the Federal Food, Drug and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(F) Section 2018(d)(3) of the International Narcotics Control Act of 1986 (Public Law 99–570, title II, 22 U.S.C. 2291 note) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(G) Section 36(k)(9) of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2708(k)(9)) is amended by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21, United States Code''.

(H) Section 42(e) of the State Department Basic Authorities Act of 1956 (22 U.S.C. 2714(e)) is amended—

(i) in paragraph (1), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''; and

(ii) in paragraph (2)(A), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.) or the Controlled Substances Import and Export Act (21 U.S.C. 951 et

seq.)'' and inserting ''division A or B of subtitle V of title 21, United States Code''.

(I) Section 902 of the Trade Sanctions Reform and Export Enhancement Act of 2000 (22 U.S.C. 7201) is amended—

(i) in paragraph (4), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''; and

(ii) in paragraph (5), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(J) Section 221(b)(4) of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism (22 U.S.C. 7210(4)) is amended by striking ''the Foreign Narcotics Kingpin Designation Act (Public Law 106–120)'' and inserting ''chapter 611 of title 21, United States Code''.

(K) Section 101 of the Comprehensive Iran Sanctions, Accountability, and Divestment Act of 2010 (22 U.S.C. 8511) is amended—

(i) in paragraph (7), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''; and

(ii) in paragraph (8), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(L) Section 212(c) of the Iran Threat Reduction and Syria Human Rights Act of 2012 (22 U.S.C. 8722(c)) is amended—

(i) in paragraph (2), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''; and

(ii) in paragraph (3), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and insert-

ing ''section 10101 of title 21, United States Code''.

(M) Section 1242(a) of the Iran Freedom and Counter-Proliferation Act of 2012 (22 U.S.C. 8801(a)) is amended—

(i) in paragraph (10), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''; and

(ii) in paragraph (11), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(N) Section 111(d) of the Countering Iran's Destabilizing Activities Act of 2017 (22 U.S.C. 9410(d)) is amended—

(i) in paragraph (3), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''; and

(ii) in paragraph (4), by striking ''section 201 of the Federal Food, Drug, and

Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(14) TITLE 23.—

(A) Section 159 of title 23, United States Code, is amended—

(i) in subsection (a)(3)(A)(i)(I), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21''; and

(ii) in subsection (c)(2)(A), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21''.

(B) Section 2006(d) of the Highway Safety Act of 1991 (Public Law 102–240, title II, part A, 23 U.S.C. 403 note) is amended by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21, United States Code''.

(C) Section 9005(i)(1) of the Drunk Driving Prevention Act of 1988 (Public Law 100–690, title IX, subtitle A, 23 U.S.C. 403 note) is amended by striking ''section 102(6) of the

Controlled Substance Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21, United States Code,''.

(15) TITLE 25.—

(A) Section 4(3)(D)(i)(I) of the Indian Law Enforcement Reform Act (25 U.S.C. 2803(3)(D)(i)(I)) is amended—

(i) in item (aa), by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21, United States Code''; and

(ii) in item (cc), by striking ''section 731 of the USA PATRIOT Improvement and Reauthorization Act of 2005 (21 U.S.C. 865)'' and inserting ''section 69917 of title 21, United States Code''.

(B) Section 4(3) of the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4103(3)) is amended by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''.

(16) TITLE 26.—

(A) Section 45C of the Internal Revenue Code of 1986 (26 U.S.C. 45C) is amended—

(i) in subsection (b)(2)(A)—

(I) in clause (i), by striking ''section 505(i) of the Federal Food, Drug, and Cosmetic Act (or regulations issued under such section),'' and inserting ''section 13510 of title 21, United States Code, or regulations issued under such section,'';

(II) in clause (ii)(I), by striking ''section 526 of such Act'' and inserting ''section 13902 of such title'';

(III) in clause (ii)(II), by striking ''section 505(b) of such Act'' and inserting ''section 13503 of such title''; and

(IV) in clause (iii), by striking ''such section 526 applies'' and inserting ''such section 13902 applies'';

(ii) in subsection (b)(2)(B), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code''; and

(iii) in subsection (d)—

(I) in paragraph (1) (matter after subparagraph (B)), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code''; and

(II) in paragraph (2)(B), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code,''.

(B) Section 170(e)(3)(A)(iv) of the Internal Revenue Code of 1986 (26 U.S.C. 170(e)(3)(A)(iv)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act, as amended,'' and inserting ''subtitle I of title 21, United States Code,''.

(C) Section 280E of the Internal Revenue Code of 1986 (26 U.S.C. 280E) is amended by striking ''the Controlled Substances Act'' and inserting ''section 50302 of title 21, United States Code''.

(D) Section 9008(e)(2) of the Patient Protection and Affordable Care Act (Public Law

111–148, 26 U.S.C. note prec. 4001) is amended—

(i) in subparagraph (A)(i), by striking ''section 505(b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(b))'' and inserting ''section 13503 of title 21, United States Code''; and

(ii) in subparagraph (B), by striking ''section 503(b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(b))'' and inserting ''section 13103(a) of title 21, United States Code''.

(17) TITLE 28.—

(A) Section 524(c) of title 28, United States Code, is amended—

(i) in paragraph (1)(G), by striking ''the Controlled Substances Act, the Controlled Substances Import and Export Act,'' and inserting ''division A or B of subtitle V of title 21,''; and

(ii) in paragraph (4)(D)—

(I) in clause (i), by striking ''paragraph (2) of section 413(q) of the Controlled Substances Act (21 U.S.C. 853(q))'' and inserting ''para-

graph (2) of section 50713(q) of title 21''; and

(II) in clause (ii), by striking ''paragraph (1) or (3) of section 413(q) of the Controlled Substances Act'' and inserting ''paragraph (1) or (3) of section 50713(q) of title 21''.

(B) Section 994 of title 28, United States Code, is amended—

(i) in subsection (h)—

(I) in paragraph (1)(B), by striking ''section 401 of the Controlled Substances Act (21 U.S.C. 841), sections 1002(a), 1005, and 1009 of the Controlled Substances Import and Export Act (21 U.S.C. 952(a), 955, and 959),'' and inserting ''sections 50701, 51702(a), 51705, and 51709 of title 21''; and

(II) in paragraph (2)(B), by striking ''section 401 of the Controlled Substances Act (21 U.S.C. 841), sections 1002(a), 1005, and 1009 of the Controlled Substances Import and Export Act (21 U.S.C.

952(a), 955, and 959),'' and inserting ''sections 50701, 51702(a), 51705, and 51709 of title 21''; and

(ii) in subsection (i)(5), by striking ''section 401 or 1010 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 841 and 960)'' and inserting ''section 50701 or 51710 of title 21''.

(C) Section 2201(b) of title 28, United States Code, is amended by striking ''section 505 or 512 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 or 137 of title 21''.

(D) Section 2254(h) of title 28, United States Code, is amended by striking ''section 408 of the Controlled Substances Act'' and inserting ''section 50708 of title 21''.

(E) Section 2255(g) of title 28, United States Code, is amended by striking ''section 408 of the Controlled Substances Act'' and inserting ''section 50708 of title 21''.

(F) Section 2461(c) of title 28, United States Code, is amended—

(i) by striking ''section 413 of the Controlled Substances Act (21 U.S.C. 853)'' and inserting ''section 50713 of title 21''; and

(ii) by striking ''such Act'' and inserting ''division A of subtitle V of title 21''.

(18) TITLE 29.—

(A) Section 7(10) of the Rehabilitation Act of 1973 (29 U.S.C. 705(10)) is amended—

(i) in subparagraph (A), by striking ''section 202 of the Controlled Substances Act (21 U.S.C. 812)'' and inserting ''section 50302 of title 21, United States Code''; and

(ii) in subparagraph (B)—

(I) in the first sentence, by striking ''under the Controlled Substances Act.'' and inserting ''under division A of subtitle V of title 21, United States Code.''; and

(II) in the last sentence, by striking ''by the Controlled Substances Act'' and inserting ''by division A of subtitle V of title 21, United States Code,''.

(B) Section 904(c)(2) of the Food and Drug Administration Safety and Innovation Act (Public Law 112–144, 29 U.S.C. 792 note) is amended by striking ''section 503(b)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(b)(1))'' and inserting ''section 13103(a)(1) of title 21, United States Code''.

(D) Section 504(e)(1)(A) of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1854(e)(1)(A)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(E) Section 7(f)(1) of the Employee Polygraph Protection Act of 1988 (29 U.S.C. 2006(f)(1)) is amended by striking ''section 202

of the Controlled Substances Act (21 U.S.C. 812)'' and inserting ''section 50302 of title 21, United States Code''.

(F) Section 152(b)(2)(C)(i) of the Workforce Innovation and Opportunity Act (29 U.S.C. 3202(b)(2)(C)(i)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(19) TITLE 31.—

(A) Section 5317(c)(1)(B) of title 31, United States Code, is amended by striking ''section 413 of the Controlled Substances Act'' and inserting ''section 50713 of title 21''.

(B) Section 5332(b) of title 31, United States Code, is amended—

(i) in paragraph (3), by striking ''section 413 of the Controlled Substances Act'' and inserting ''section 50713 of title 21''; and

(ii) in paragraph (4), by striking ''section 413(p) of the Controlled Substances Act'' and inserting ''section 50713(p) of title 21''.

(20) TITLE 33.—Section 105(i)(1) of the Marine Protection, Research, and Sanctuaries Act of 1972 (33 U.S.C. 1415(i)(1)) is amended by striking ''sections 413 and 511 of the Controlled Substances Act (21 U.S.C. 853, 881)'' and inserting ''sections 50713 and 50911 of title 21, United States Code''.

(21) TITLE 34.—

(A) Section 3025 of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10705) is amended—

(i) in paragraph (4), by striking ''section 202(c) of the Controlled Substances Act (21 U.S.C. 812(c))'' and inserting ''section 50302(c) of title 21, United States Code''; and

(ii) in paragraph (5), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''.

(B) Section 90102 of the Violent Crime Control and Law Enforcement Act of 1994 (34 U.S.C. 12521) is amended by striking ''section 419 of the Controlled Substances Act (21

U.S.C. 860)'' and inserting ''section 50719 of title 21, United States Code''.

(C) Section 90103(b) of the Violent Crime Control and Law Enforcement Act of 1994 (34 U.S.C. 12522(b) is amended—

(i) in paragraph (1), by striking ''section 404 of the Controlled Substances Act'' and inserting ''section 50704 of title 21, United States Code,''; and

(ii) in paragraph (2), by striking ''section 401(b) of the Controlled Substances Act'' and inserting ''section 50701(b) of title 21, United States Code,''.

(D) Section 180102(b) (matter before paragraph (1)) of the Violent Crime Control and Law Enforcement Act of 1994 (34 U.S.C. 12541(b) (matter before paragraph (1))) is amended by striking ''section 503(a) of the Controlled Substances Act (21 U.S.C. 873(a))'' and inserting ''section 50903(a) of title 21, United States Code,''.

(22) TITLE 35.—

(A) Section 156 of title 35, United States Code, is amended—

(i) in subsection (d)(2)(A)(ii), by striking ''the Federal Food, Drug, and Cosmetic Act,'' and inserting ''subtitle I of title 21,'';

(ii) in subsection (d)(2)(B)(i), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(iii) in subsection (f)(1)(B), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(iv) in subsection (f)(2)(A), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(v) in subsection (f)(2)(B), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(vi) in subsection (f)(4)(B), by striking ''Any reference to section 503, 505, 512, or 515 is a reference to section 503, 505, 512, or 515 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''Any reference to chapter 135 or 137 or

to section 13142 is a reference to chapter 135 or 137 or to section 13142, respectively, of title 21'';

(vii) in subsection (f)(5), by striking ''section 201(y) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(23) of title 21'';

(viii) in subsection (g)(1)(B)(i)—

(I) by striking ''under subsection (i) of section 505 or subsection (d) of section 507'' and inserting ''under section 13510 of title 21''; and

(II) by striking ''under section 351, 505, or 507'' and inserting ''under section 351 or under chapter 135'';

(ix) in subsection (g)(1)(B)(ii) by striking ''under section 351, subsection (b) of section 505, or section 507'' and inserting ''under section 351 or under section 13503 of title 21'';

(x) in subsection (g)(2)(B)(i), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(xi) in subsection (g)(2)(B)(ii), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(xii) in subsection (g)(3)(B)(i), by striking ''under section 515'' and inserting ''under section 13142'';

(xiii) in subsection (g)(3)(B)(ii)—

(I) by striking ''submitted with respect to the device under section 515'' and inserting ''submitted with respect to the device under section 13142'';

(II) by striking ''under such Act'' and inserting ''under subtitle I of title 21'';

(III) by striking ''initially submitted under section 515(f)(5)'' and inserting ''initially submitted under section 13142(f)(5)''; and

(IV) by striking ''completed under section 515(f)(6)'' and inserting ''completed under section 13142(f)(6)'';

(xiv) in subsection (g)(4)(B)(i)—

(I) by striking ''subsection (j) of section 512'' and inserting ''section 13711 of title 21''; and

(II) by striking ''under section 512'' and inserting under ''under chapter 137'';

(xv) in subsection (g)(4)(B)(ii)—

(I) by striking ''subsection (b) of section 512'' and inserting ''section 13703 of title 21''; and

(II) by striking ''under such section'' and inserting ''under chapter 137'';

(xvi) in subsection (g)(6)(C), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(xvii) in subsection (i)(1)—

(I) in the matter before subparagraph (A), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21''; and

(II) in subparagraph (A), by striking ''or Federal Food, Drug, and

Cosmetic Act'' and inserting ''or subtitle I of title 21''; and

(xviii) in subsection (i)(2)—

(I) in subparagraph (A)(ii), by striking ''section 505(b) or 512(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13503 or 13704 of title 21'';

(II) in subparagraph (B), by striking ''section 571(b) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14502(c) of title 21'';

(III) in subparagraph (C), by striking ''section 572(d) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14503(d) of title 21''; and

(IV) in subparagraph (D), by striking ''section 201(j) of the Controlled Substances Act'' and inserting ''section 50301(j) of title 21''.

(B) Section 257(c)(2)(A) of title 35, United States Code, is amended by striking ''under section 505(j)(2)(B)(iv)(II) of the Fed-

eral Food, Drug, and Cosmetic Act (21 U.S.C. 355(j)(2)(B)(iv)(II)),'' and inserting ''under section 13511(c)(3)(D)(ii) of title 21,''.

(C) Section 271(e) of title 35, United States Code, is amended—

(i) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21'';

(ii) in paragraph (2)(A)—

(I) by striking ''section 505(j) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13511 of title 21''; and

(II) by striking ''section 505(b)(2) of such Act'' and inserting ''section 13503(b) of title 21'';

(iii) in paragraph (2)(B), by striking ''section 512 of such Act'' and inserting ''chapter 137 of title 21''; and

(iv) in paragraph (5)—

(I) by striking ''under subsection (b)(2)(A)(iv) or (j)(2)(A)(vii)(IV) of section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355),'' and inserting ''under section

13503(b)(1)(D) or 13511(c)(1)(G)(iv) of title 21,'';

(II) by striking ''subsection (b) of such section'' and inserting ''section 13503 of title 21''; and

(III) by striking ''subsection (b)(3) or (j)(2)(B) of such section'' and inserting ''section 13503(c) or 13511(c)(3) of title 21''.

(D) Section 287(c)(3)(B) of title 35, United States Code, is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21''.

(23) TITLE 38.—

(A) Section 902 of the Jason Simcakoski Memorial and Promise Act (Public Law 114–198, 38 U.S.C. 1701 note) is amended—

(i) in paragraph (1), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''; and

(ii) in paragraph (4), by striking ''the Federal Food, Drug, and Cosmetic Act (21

U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code,''.

(B) Section 1730B(c)(1) of title 38, United States Code, is amended by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21''.

(C) Section 1730C(e) of title 38, United States Code, is amended by striking ''the Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21''.

(D) Section 7309A(f) of title 38, United States Code, is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(E) Section 7334(b)(2) of title 38, United States Code, is amended by striking ''the Drug Abuse Office and Treatment Act of 1972 (21 U.S.C. 1101 et seq.)'' and inserting ''the Drug Abuse Prevention, Treatment, and Rehabilitation Act''.

(24) TITLE 40.—Section 1306(h)(3)(A) of title 40, United States Code, is amended by striking ''the

Controlled Substances Act (21 U.S.C. 801 et seq.)'' and inserting ''division A of subtitle V of title 21''.

(25) TITLE 41.—Section 8101(a)(2) of title 41, United States Code, is amended by striking ''section 202 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 812)'' and inserting ''section 50302 of title 21''.

(26) TITLE 42.—

(A) PUBLIC HEALTH SERVICE ACT.—

(i) Section 2 of the Public Health Service Act (42 U.S.C. 201) is amended—

(I) in subsection (f), by striking ''355(5),''; and

(II) in subsection (q), by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''.

(ii) Section 227 of the Public Health Service Act (42 U.S.C. 236) is amended—

(I) in subsection (c)—

(aa) in paragraph (1)(A), by striking ''subchapter B of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chap-

ter 139 of title 21, United States Code,'';

(bb) in paragraph (1)(B), by striking ''such subchapter;'' and inserting ''such chapter,''; and

(cc) in paragraph (5)—

(AA) by striking ''section 505(i) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13510 of title 21, United States Code,''; and

(BB) by striking ''section 505(c) of such Act'' and inserting ''section 13504 of such title''; and

(II) in subsection (e)—

(aa) in paragraph (1), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code,''; and

(bb) in the matter after paragraph (3), by striking ''sec-

tion 5 of the Orphan Drug Act'' and inserting ''section 49502 of title 21, United States Code,''.

(iii) Section 248(e)(2)(A)(i) of the Public Health Service Act (42 U.S.C. 238q(e)(2)(A)(i)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(iv) Section 302(a) of the Public Health Service Act (42 U.S.C. 242(a)) is amended—

(I) in the second sentence, by striking ''the Controlled Substances Act and Controlled Substances Import and Export Act,'' and inserting ''divisions A and B of subtitle V of title 21, United States Code,'';

(II) in the last sentence, by striking ''control under such Acts'' and inserting ''control under such divisions A and B''; and

(III) in the last sentence, by striking ''importation requirements under such Acts'' and inserting ''im-

portation requirements under such divisions A and B''.

(v) Section 319E of the Public Health Service Act (42 U.S.C. 247d–5) is amended—

(I) in subsection (g)—

(aa) in paragraph (1), by striking ''section 506(h) of the Federal Food, Drug, and Cosmetic Act;'' and inserting ''section 13119(i) of title 21, United States Code;''; and

(bb) in paragraph (3)(B), by striking ''section 506(h) of the Federal Food, Drug, and Cosmetic Act.'' and inserting ''section 13119(i) of title 21, United States Code.''; and

(II) in subsection (j)(1)—

(aa) in the matter before subparagraph (A), by striking ''section 506(h) of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''section 13119(i)

of title 21, United States Code,'';

and

(bb) in subparagraph (B)(ii), by striking ''such section 506(h)'' and inserting ''such section 13119(i)''.

(vi) Section 319F–1(a)(2)(A) (matter before clause (i)) of the Public Health Service Act (42 U.S.C. 247d–6a(a)(2)(A) (matter before clause(i))) is amended—

(I) by striking ''section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1))'' and inserting ''section 10101(a)(18) of title 21, United States Code''; and

(II) by striking ''section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(h))'' and inserting ''section 10101(a)(16) of title 21, United States Code''.

(vii) Section 319F–2(c)(1)(B) of the Public Health Service Act (42 U.S.C. 247d–6b(c)(1)(B)) is amended—

(I) in the matter before clause (i)—

(aa) by striking ''section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1))'' and inserting ''section 10101(a)(18) of title 21, United States Code''; and

(bb) by striking ''section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(h))'' and inserting ''section 10101(a)(16) of title 21, United States Code'';

(II) in clause (i)(III)(aa), by striking ''chapter V of the Federal Food, Drug, and Cosmetic Act'' and inserting ''division D of subtitle I of title 21, United States Code,''; and

(III) in clause (ii), by striking ''section 564 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14306 of title 21, United States Code''.

(viii) Section 319F–3 of the Public Health Service Act (42 U.S.C. 247d–6d) is amended—

(I) in subsection (b)(8)(B), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code'';

(II) in subsection (c)(5)(A) (matter before clause (i)), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code'';

(III) in subsection (c)(5)(B)(i)—

(aa) by striking ''section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13510 or 13152(g) of title 21, United States Code'';

(bb) by striking ''section 564 of such Act'' and inserting ''section 14306 of such title''; and

(cc) by striking ''chapter V of such Act'' and inserting ''division D of subtitle I of such title'';

(IV) in subsection (c)(5)(B)(ii)(I)—

(aa) by striking ''section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13510 or 13152(g) of title 21, United States Code'';

(bb) by striking ''section 564 of such Act'' and inserting ''section 14306 of such title''; and

(cc) by striking ''chapter 5 of such Act'' and inserting ''division D of subtitle I of such title'';

(V) in subsection (c)(5)(C)(i)(I), by striking ''any provision of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''any provision of subtitle I of title 21, United States Code,'';

(VI) in subsection (c)(5)(C)(i)(II), by striking ''under the Federal Food, Drug, and Cosmetic Act,'' and inserting ''under sub-

title I of title 21, United States Code,'';

(VII) in subsection (i)(1)(C)—

(aa) by striking ''section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(g)(1))'' and inserting ''section 10101(a)(18) of title 21, United States Code)'';

(bb) by striking ''section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(h))'' and inserting ''section 10101(a)(16) of title 21, United States Code)''; and

(cc) by striking ''section 564, 564A, or 564B of the Federal Food, Drug, and Cosmetic Act;'' and inserting ''section 14306, 14307, or 14308 of title 21, United States Code;'';

(VIII) in subsection (i)(7) (matter before subparagraph (A))—

(aa) by striking ''section 201(g)(1) of the Federal Food,

Drug, and Cosmetic Act (21 U.S.C. 321(g)(1))'' and inserting ''section 10101(a)(18) of title 21, United States Code)''; and

(bb) by striking ''section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321(h))'' and inserting ''section 10101(a)(16) of title 21, United States Code)''; and

(IX) in subsection (i)(7)(B)—

(aa) in clause (i), by striking ''chapter V of the Federal Food, Drug, and Cosmetic Act'' and inserting ''division D of subtitle I of title 21, United States Code,'';

(bb) in clause (ii), by striking ''section 505(i) or 520(g) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13510 or 13152(g) of title 21, United States Code''; and

(cc) in clause (iii), by striking ''section 564, 564A, or 564B

of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14306, 14307, or 14308 of title 21, United States Code''.

(ix) Section 319L of the Public Health Service Act (42 U.S.C. 247d–7e) is amended—

(I) in subsection (a)(6)(A)(ii), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(II) in subsection (a)(6)(B)(i), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(III) in subsection (e)(2)(C), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(IV) in subsection (e)(4)(B)(iii), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting

''subtitle I of title 21, United States Code,''; and

(V) in subsection (c)(4)(C)(i), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(x)(I) Section 7102(a) of the Patient Protection and Affordable Care Act (Public Law 111–148, 124 Stat. 823) is amended by striking ''Subsection (d) of section 340B of the Public Health Service Act (42 U.S.C. 256b) is amended to read as follows:'' and inserting ''Section 340B of the Public Health Service Act (42 U.S.C. 256b) is amended by adding at the end the following:''.

(II) The amendment made by subclause (I) shall take effect on January 1, 2010.

(xi) Section 340B of the Public Health Service Act (42 U.S.C. 256b) is amended—

(I) in subsection (d)(2)(B)(v)(III), by striking ''Pre-

scription Drug Marketing Act (21 U.S.C. 353)'' and inserting ''Prescription Drug Marketing Act of 1987 (Public Law 100–293, 102 Stat. 95)''; and

(II) in subsection (e), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code,''.

(xii) Section 351 of the Public Health Service Act (42 U.S.C. 262) is amended—

(I) in subsection (a)—

(aa) in paragraph (2)(B), by striking ''section 505B of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13113 of title 21, United States Code'';

(bb) in paragraph (2)(D), by striking ''sections 505(o), 505(p), and 505–1 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''sections 13110, 13515,

and 13516 of title 21, United States Code";

(cc) in paragraph (2)(E)(i), by striking "subparagraph (B) of section 505(c)(5) of the Federal Food, Drug, and Cosmetic Act" and inserting "section 13504(e)(3) of title 21, United States Code"; and

(dd) in paragraph (2)(E)(ii), by striking "section 505(c)(5) of the Federal Food, Drug, and Cosmetic Act" and inserting "section 13504(e) of title 21, United States Code";

(II) in subsection (g), by striking "the Federal Food, Drug, and Cosmetic Act (U.S.C., 1940 edition, title 21, ch. 9)" and inserting "subtitle I of title 21, United States Code";

(III) in subsection (h) (matter after paragraph (3))—

(aa) by striking "the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321 et. seq.)"

and inserting ''subtitle I of title 21, United States Code,''; and

(bb) by striking ''section 801(e)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 381(e)).'' and inserting ''section 20101(e) of title 21, United States Code.'';

(IV) in subsection (j)—

(aa) by striking ''The Federal Food, Drug, and Cosmetic Act, including the requirements under sections 505(o), 505(p), and 505–1 of such Act'' and inserting ''Subtitle I of title 21, United States Code, including the requirements under sections 13111, 13515, and 13516 of such title''; and

(bb) by striking ''section 505 of such Act.'' and inserting ''chapter 135 of such title.'';

(V) in subsection (k)(5)(C), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting

''subtitle I of title 21, United States Code,'';

(VI) in subsection (k)(8)(A), by striking ''section 701(h) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 17501(h) of title 21, United States Code,'';

(VII) in subsection (m)(1)—

(aa) by striking ''subsections (a), (d), (e), (f), (h), (i), (j), (k), (l), (n), and (p) of section 505A of the Federal Food, Drug, and Cosmetic Act'' and inserting ''subsections (a), (d), (e), (f), (h), (i), (j), (k), (l) and (n) of section 13112 of title 21, United States Code,''; and

(bb) by striking ''subsection (b) or (c) of section 505A of the Federal Food, Drug, and Cosmetic Act'' and inserting ''subsection (b) or (c) of section 13112 of title 21, United States Code'';

(VIII) in subsection (m)(2)—

(aa) in the matter before subparagraph (A), by striking ''section 505A(d)(4) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13112(d)(4) of title 21, United States Code''; and

(bb) in subparagraph (B)—

(AA) by striking ''section 526'' and inserting ''section 13902 of title 21, United States Code,''; and

(BB) by striking ''section 527(a)'' and inserting ''section 13903(a) of title 21, United States Code,'';

(IX) in subsection (m)(3)—

(aa) in the matter before subparagraph (A), by striking ''section 505A(d)(4) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13112(d)(4) of title 21, United States Code''; and

(bb) in subparagraph (B)—

(AA) by striking ''section 526'' and inserting ''section 13902 of title 21, United States Code,''; and

(BB) by striking ''section 527(a)'' and inserting ''section 13903(a) of title 21, United States Code,'';

(X) in subsection (m)(4), by striking ''section 505A(d)(4)'' and inserting ''section 13112(d)(4) of title 21, United States Code,''; and

(XI) in subsection (n)(1)—

(aa) by striking ''under the Controlled Substances Act,'' and inserting ''under division A of subtitle V of title 21, United States Code,''; and

(bb) by striking ''section 201(j) of the Controlled Substances Act'' and inserting ''section 50301(j) of title 21, United States Code''.

(xiii) Section 351A(g)(2) of the Public Health Service Act (42 U.S.C. 262a(g)(2)) is amended—

(I) in subparagraph (A), by striking ''under any of the Acts specified in subparagraph (B),'' and inserting ''under any of the provisions specified in subparagraph (B),'';

(II) in subparagraph (B)—

(aa) in the matter before clause (i), by striking ''the Acts specified in this subparagraph'' and inserting ''the provisions specified in this subparagraph'';

(bb) in clause (i), by striking ''The Federal Food, Drug, and Cosmetic Act.'' and inserting ''Subtitle I of title 21, United States Code.''; and

(cc) in clause (iii), by striking ''; 21 U.S.C. 151–159''; and

(III) in subparagraph (C)(ii), in the matter before subclause (I), by striking ''the Acts specified in subparagraph (B),'' and inserting ''the

provisions specified in subparagraph (B),''.

(xiv) Section 392A(d)(1) of the Public Health Service Act (42 U.S.C. 280b–1(d)(1)) is amended by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''.

(xv) Section 399L(d)(3) of the Public Health Service Act (42 U.S.C. 280g(d)(3)) is amended—

(I) in subparagraph (B), by striking ''section 503(b) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13103(a) of title 21, United States Code''; and

(II) in subparagraph (C), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101 of title 21, United States Code,''.

(xvi) Section 399O(k)(1) of the Public Health Service Act (42 U.S.C. 280g–3(k)(1)) is amended—

(I) by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''; and

(II) by striking ''section 202 of such Act'' and inserting ''section 50302 of such title''.

(xvii) Section 402 of the Public Health Service Act (42 U.S.C. 282) is amended—

(I) in subsection (i)(3)(A), by striking ''section 505(i) of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''section 13510 of title 21, United States Code,'';

(II) in subsection (i)(3)(B)(i), by striking ''section 561(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14301(d) of title 21, United States Code'';

(III) in subsection (i)(5), by striking ''section 736 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 17907 of title 21, United States Code,'';

(IV) in subsection (j)(1)(A)(ii)(I), by striking ''section 510(k), 515, or 520(m) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13136(k), 13142, or 13152(m) of title 21, United States Code,'';

(V) in subsection (j)(1)(A)(ii)(II), by striking ''section 522 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13154 of title 21, United States Code'';

(VI) in subsection (j)(1)(A)(iii)(I), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,'';

(VII) in subsection (j)(1)(A)(vi), by striking ''section 201(h) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(16) of title 21, United States Code'';

(VIII) in subsection (j)(1)(A)(vii), by striking ''section 201(g) of the Federal Food, Drug,

and Cosmetic Act'' and inserting ''section 10101(a)(18) of title 21, United States Code,'';

(IX) in subsection (j)(2)(A)(ii)(II)(gg)—

(aa) by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,''; and

(bb) by striking ''section 561 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14301 of title 21, United States Code,'';

(X) in subsection (j)(2)(D)(ii)(I), by striking ''section 510(k) of the Federal Food, Drug, and Cosmetic Act, or approval under section 515 or 520(m) of such Act'' and inserting ''section 13136(k) of title 21, United States Code, or approval under section 13142 or 13152(m) of such title'';

(XI) in subsection (j)(2)(D)(iv)(I), by striking ''section 503(g) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13104 of title 21, United States Code,'';

(XII) in subsection (j)(3)(A)(ii)(I)(bb), by striking ''section 505A or 505B of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''section 13112 or 13113 of title 21, United States Code,'';

(XIII) in subsection (j)(3)(A)(ii)(I)(dd), by striking ''section 505(l)(2) of the Federal Food, Drug, and Cosmetic Act.'' and inserting ''section 13513(b) of title 21, United States Code.'';

(XIV) in subsection (j)(3)(A)(ii)(I)(ee)—

(aa) by striking ''section 515 of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''section 13142 of title 21, United States Code,'';

(bb) by striking ''section 520(h)(1) of such Act,'' and inserting ''section 13152(h)(1) of such title,''; and

(cc) by striking ''report under section 510(k) of such Act, the section 510(k) summary of the safety and effectiveness'' and inserting ''report under section 13136(k) of such title, the section 13136(k) summary of the safety and effectiveness'';

(XV) in subsection (j)(3)(C) (matter before clause (i))—

(aa) by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,''; and

(bb) by striking ''cleared under section 510(k) of the Federal Food, Drug, and Cosmetic Act or approved under section 515 or 520(m) of such Act,'' and inserting ''cleared under section

13136(k) of title 21, United States Code, or approved under section 13142 or 13152(m) of such title,'';

(XVI) in subsection (j)(3)(D)(ii)(I)(aa), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,'';

(XVII) in subsection (j)(3)(D)(ii)(I)(bb), by striking ''section 510(k) of the Federal Food, Drug, and Cosmetic Act or approved under section 515 or 520(m) of such Act.'' and inserting ''section 13136(k) of title 21, United States Code, or approved under section 13142 or 13152(m) of such title.'';

(XVIII) in subsection (j)(3)(D)(ii)(II)(aa), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,'';

(XIX) in subsection (j)(3)(D)(ii)(II)(bb), by striking ''section 510(k) of the Federal Food, Drug, and Cosmetic Act and not approved under section 515 or section 520(m) of such Act'' and inserting ''section 13136(k) of title 21, United States Code, and not approved under section 13142 or section 13152(m) of such title'';

(XX) in subsection (j)(3)(E)(iv)—

(aa) by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,'';

(bb) by striking ''cleared under section 510(k) or initially approved under section 515 or 520(m) of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''cleared under section 13136(k) of title 21, United States Code, or initially approved

under section 13142 or 13152(m) of title 21, United States Code,'';

(cc) by striking ''such section 505'' and inserting ''such chapter 135''; and

(dd) by striking ''under such section 510(k), or approved under such section 515 or 520(m), as applicable.'' and inserting ''under such section 13136(k), or approved under such section 13142 or 13152(m), as applicable.'';

(XXI) in subsection (j)(3)(E)(v)(I)—

(aa) in the matter before item (aa)—

(AA) by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code''; and

(BB) by striking ''section 510(k), or approval under section 515 or 520(m), of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13136(k), or approval under section 13142 or 13152(m), of title 21, United States Code,'';

(bb) in item (aa)—

(AA) by striking ''such section 505,'' and inserting ''such chapter 135,''; and

(BB) by striking ''cleared under such section 510(k), or approved under such section 515 or 520(m);'' and inserting ''cleared under such section 13136(k), or approved under such section 13142 or 13152(m);'';

(cc) in item (bb), by striking ''such section 505, 351, 510(k),

515, or 520(m); or'' and inserting ''such chapter 135, such section 351, or such section 13136(k), 13142, or 13152(m); or''; and

(dd) in item (cc), by striking ''such section 505, 351, 510(k), 515, or 520(m)'' and inserting ''such chapter 135, such section 351, or such section 13136(k), 13142, or 13152(m)'';

(XXII) in subsection (j)(3)(E)(v)(II), by striking ''under section 351 of this Act or section 505, 510(k), 515, or 520(m) of the Federal Food, Drug, and Cosmetic Act, as applicable'' and inserting ''under section 351 of this Act, chapter 135 of title 21, United States Code, or section 13136(k), 13142, or 13152(m) of title 21, United States Code, as applicable'';

(XXIII) in subsection (j)(4)(A), by striking ''section 505, 510(k), 515, or 520(m) of the Federal Food, Drug,

and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code, or section 13136(k), 13142, or 13152(m) of title 21, United States Code,'';

(XXIV) in subsection (j)(4)(B)(ii)(I)—

(aa) by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,'';

(bb) by striking ''section 510(k) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13136(k) of title 21, United States Code,''; and

(cc) by striking ''section 515 or section 520(m) of such Act'' and inserting ''section 13142 or section 13152(m) of such title''; and

(XXV) in subsection (j)(5)(B)—

(aa) by striking ''section 505 of the Federal Food, Drug,

and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code'';

(bb) by striking ''section 515 of such Act, section 520(m) of such Act'' and inserting ''section 13142 of such title, section 13152(m) of such title''; and

(cc) by striking ''section 510(k) of such Act'' and inserting ''section 13136(k) of such title''.

(xviii) Section 409I(c) of the Public Health Service Act (42 U.S.C. 284m(c)) is amended—

(I) in paragraph (1)—

(aa) in the matter before subparagraph (A), by striking ''subsection (b) or (c) of section 505A of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''subsection (b) or (c) of section 13112 of title 21, United States Code,'';

(bb) in subparagraph (A)(i), by striking ''section 505(j) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13511 of title 21, United States Code,''; and

(cc) in subparagraph (B)—

(AA) by striking ''section 505(b)(1) of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''section 13503(a) of title 21, United States Code,'';

(BB) by striking ''subsection (c)(3)(E)(ii), (c)(3)(E)(iii), (c)(3)(E)(iv), (j)(5)(F)(ii), (j)(5)(F)(iii), or (j)(5)(F)(iv) of section 505 of the Federal Food, Drug, and Cosmetic Act,'' and inserting ''subsection (c)(5)(A), (c)(5)(B), or (c)(5)(C) of section 13504 of title 21, United States Code, or subsection

(f)(6)(A), (f)(6)(B), or (f)(6)(C) of section 13511 of title 21, United States Code,''; and

(CC) by striking ''section 527 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13903 of title 21, United States Code,'';

(II) in paragraph (2), by striking ''subsection (b) or (c) of section 505A of the Federal Food, Drug, and Cosmetic Act'' and inserting ''subsection (b) or (c) of section 13112 of title 21, United States Code,'';

(III) in paragraph (6)(B)(i) (matter before subclause (I)), by striking ''section 505A(d)(4) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13112(d)(4) of title 21, United States Code'';

(IV) in paragraph (10), by striking ''the Federal Food, Drug, and

Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''; and

(V) in paragraph (11), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(xix) Section 479(b)(2) (matter before subparagraph (A)) of the Public Health Service Act (42 U.S.C. 287(b)(2) (matter before subparagraph (A))) is amended by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code''.

(xx) Section 480 of the Public Health Service Act (42 U.S.C. 287a) is amended—

(I) in subsection (a)—

(aa) in paragraph (2), by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101 of title 21, United States Code''; and

(bb) in paragraph (3) (matter before subparagraph (A))—

(AA) by striking ''section 201(g)(1) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(18) of title 21, United States Code)''; and

(BB) by striking ''section 201(h) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(16) of title 21, United States Code''; and

(II) in subsection (c)(5)(C), by striking ''section 565 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14309 of title 21, United States Code''.

(xxi) Section 485C(d) of the Public Health Service Act (42 U.S.C. 287c–11(d)) is amended by striking ''section 201(ff) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section

10101(a)(17) of title 21, United States Code''.

(xxii) Section 498B(e)(2) of the Public Health Service Act (42 U.S.C. 289g–2(e)(2)) is amended by striking ''section 201(b) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(24) of title 21, United States Code''.

(xxiii) Section 519B(e)(7) of the Public Health Service Act (42 U.S.C. 290bb–25b(e)(7)) is amended by striking ''the Drug-Free Communities Act of 1997'' and inserting ''chapter 605 of title 21, United States Code''.

(xxiv) Section 520E–4(c) (matter before paragraph (1)) of the Public Health Service Act (42 U.S.C. 290bb–36d(c) (matter before paragraph (1))) is amended by striking ''information on any qualified practitioner that is certified to prescribe medication for opioid dependency under section 303(h)(2)(B) of the Controlled Substances Act'' and inserting ''information on any practitioner who prescribes

narcotic drugs in schedule III, IV, or V of section 50302 of title 21, United States Code, for the purpose of maintenance or detoxification treatment''.

(xxv) Section 544 of the Public Health Service Act (42 U.S.C. 290dd–3) is amended—

(I) in subsection (a)—

(aa) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(bb) in paragraph (4)—

(AA) in the matter before subparagraph (A), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(BB) in subparagraph (B), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act''

and inserting ''chapter 135 of title 21, United States Code,'';

(II) in subsection (c)—

(aa) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(bb) in paragraph (2), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(cc) in paragraph (3), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(dd) in paragraph (4), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(III) in subsection (d)(1)—

(aa) in subparagraph (A), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(bb) in subparagraph (B), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(cc) in subparagraph (C), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(xxvi) Section 545 of the Public Health Service Act (42 U.S.C. 290ee) is amended—

(I) in subsection (a)—

(aa) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(bb) in paragraph (3), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(cc) in paragraph (4), in the matter before subparagraph (A), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(dd) in paragraph (5), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(II) in subsection (b), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(III) in subsection (c)—

(aa) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and in-

serting ''subtitle I of title 21, United States Code,'';

(bb) in paragraph (2), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(cc) in paragraph (3), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(IV) in subsection (f), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(xxvii) Section 546 of the Public Health Service Act (42 U.S.C. 290ee–1) is amended—

(I) in subsection (a), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(II) in subsection (c)—

(aa) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(bb) in paragraph (2), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(III) in subsection (d), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(IV) in subsection (f)—

(aa) in paragraph (1), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(bb) in paragraph (2), by striking ''the Federal Food, Drug, and Cosmetic Act'' and in-

serting ''subtitle I of title 21, United States Code,''.

(xxviii) Section 548 of the Public Health Service Act (42 U.S.C. 290ee–3) is amended—

(I) in subsection (a)—

(aa) in paragraph (1), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''; and

(bb) in paragraph (4), by striking ''section 202(c) of the Controlled Substances Act'' and inserting ''section 50302(c) of title 21, United States Code''; and

(II) in subsection (b)(5)(A)—

(aa) in clause (i), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(bb) in clause (ii)(I)—

(AA) in item (aa), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(BB) in item (bb), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(xxix) Section 552(g)(1)(B)(i) of the Public Health Service Act (42 U.S.C. 290ee–7(g)(1)(B)(i)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(xxx) Section 1711(b) of the Public Health Service Act (42 U.S.C. 300u–16(b)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(xxxi) Section 2122(b)(2) of the Public Health Service Act (42 U.S.C. 300aa–22(b)(2)) is amended—

(I) in the matter before subparagraph (A), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(II) in subparagraph (B), by striking ''compliance with such Act and section'' and inserting ''compliance with such subtitle and section''.

(II) in subsection (b)(1)(A), by striking ''subsection (b) of such section 503'' and inserting ''subsection (a) of such section 13103''.

(iv) Section 1612(b)(26) (matter before subparagraph (A)) of the Social Security Act (42 U.S.C. 1382a(b)(26)) is amended by striking ''section 5(b)(2) of the Orphan Drug Act'' and inserting ''sec-

tion 49502(a)(3) of title 21, United States Code''.

(v) Section 1833 of the Social Security Act (42 U.S.C. 1395l) is amended—

(I) in subsection (t)—

(aa) in paragraph (2) (matter after subparagraph (H)), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code'';

(bb) in paragraph (6)(A)(i), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13902 of title 21, United States Code,''; and

(cc) in paragraph (6)(B)(iv)(II)—

(AA) by striking ''section 515 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section

13142 of title 21, United States Code,'';

(BB) by striking ''under section 510(k) of such Act,'' and inserting ''under section 13136(k) of such title,'';

(CC) by striking ''requirements of section 510(k) of such Act'' and inserting ''requirements of section 13136(k) of such title'';

(DD) by striking ''subsection (l) or (m) of section 510 of such Act'' and inserting ''subsection (l) or (m) of section 13136 of such title''; and

(EE) by striking ''section 520(g) of such Act'' and inserting ''section 13152(g) of such title''; and

(II) in subsection (bb)(3)(B), by striking ''section 202 of the Controlled Substances Act'' and inserting

''section 50302 of title 21, United States Code,''.

(vi) Section 1834 of the Social Security Act (42 U.S.C. 1395m) is amended—

(I) in subsection (a)(14)—

(aa) in subparagraph (G)(i), by striking ''section 513(a)(1)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(c)(1)(C)),'' and inserting ''section 13140(c)(1)(C) of title 21, United States Code,'';

(bb) in subparagraph (H)(i), by striking ''section 513(a)(1)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(c)(1)(C)),'' and inserting ''section 13140(c)(1)(C) of title 21, United States Code,''; and

(cc) in subparagraph (I)(i), by striking ''section 513(a)(1)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(c)(1)(C)),'' and inserting

''section 13140(c)(1)(C) of title 21, United States Code,''; and

(II) in subsection (o)(3)(C)(ii), by striking ''section 202 of the Controlled Substances Act'' and inserting ''section 50302 of title 21, United States Code,''.

(vii) Section 1847(a)(2)(A) of the Social Security Act (42 U.S.C. 1395w–3(a)(2)(A)) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(viii) Section 1847B(b)(4)(C) (matter after clause (ii)) of the Social Security Act (42 U.S.C. 1395w–3b (matter after clause (ii))) is amended by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''.

(ix) Section 1860D–14A (g)(2)(A) of the Social Security Act (42 U.S.C. 1395w–114a(g)(2)(A)) is amended by striking ''section 505(b) of the Federal, Food, Drug, and Cosmetic Act or'' and inserting

''section 13503 of title 21, United States Code, or''.

(x) Section 1861(jjj)(1)(A) of the Social Security Act (42 U.S.C. 1395x(jjj)(1)(A)) is amended by striking ''section 505 of the Federal, Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,''.

(xi) Section 1862 of the Social Security Act (42 U.S.C. 1395y) is amended—

(I) in subsection (c)(1)(C), by striking ''subsection (e) of section 505 of the Federal, Food, Drug, and Cosmetic Act'' and inserting ''section 13506 of title 21, United States Code,''; and

(II) in subsection (l)(1), by striking ''section 701(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 371(h))'' and inserting ''section 17501(h) of title 21, United States Code''.

(xii) Section 1866F(a)(2)(A) of the Social Security Act (42 U.S.C. 1395cc–6(a)(2)(A)) is amended by striking ''sec-

tion 505 of the Federal, Food, Drug, and Cosmetic Act'' and inserting ''chapter 135 of title 21, United States Code,''.

(xiii) Section 1905(ee)(1)(A) of the Social Security Act (42 U.S.C. 1396d(ee)(1)(A)) is amended by striking ''section 505 of the Federal, Food, Drug, and Cosmetic Act (21 U.S.C. 355),'' and inserting ''chapter 135 of title 21, United States Code,''.

(xiv) Section 1927 of the Social Security Act (42 U.S.C. 1396r–8) is amended—

(I) in subsection (b)(3)(A)(i)(I), by striking ''section 505(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13504 of title 21, United States Code'';

(II) in subsection (b)(3)(A)(i)(II), by striking ''section 505(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13504 of title 21, United States Code'';

(III) in subsection (b)(3)(A)(ii), by striking ''section 505(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13504 of title 21, United States Code'';

(IV) in subsection (c)(1)(C)(i) (matter before subclause (I)), by striking ''section 505(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13504 of title 21, United States Code'';

(V) in subsection (c)(1)(C)(ii)(IV), by striking ''section 505(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13504 of title 21, United States Code'';

(VI) in subsection (d)(4)(C), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,'';

(VII) in subsection (k)(1)(C)—

(aa) in the subparagraph heading, by striking ''505(c)'' and inserting ''13504''; and

(bb) in the subparagraph text, by striking ''section 505(c) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13504 of title 21, United States Code'';

(VIII) in subsection (k)(2)(A)(i), by striking ''section 505 or 507 of the Federal Food, Drug, and Cosmetic Act or which is approved under section 505(j) of such Act'' and inserting ''chapter 135 of title 21, United States Code, or which is approved under section 13511 of such title'';

(IX) in subsection (k)(2)(A)(ii)(II)—

(aa) by striking ''section 201(p) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 10101(a)(34) of title 21, United States Code'';

(bb) by striking ''section 301, 302(a), or 304(a) of such Act'' and inserting ''section 10501, 10502(a), or 10504(a) of such title''; and

(cc) by striking ''section 502(f) or 505(a) of such Act'' and inserting ''section 13305 or 13502 of such title'';

(X) in subsection (k)(2)(A)(iii)(II), by striking ''section 505(e) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13506 of title 21, United States Code,'';

(XI) in subsection (k)(2)(C), by striking ''section 506 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 506 of the Federal Food, Drug, and Cosmetic Act (as in effect before November 21, 1997)''; and

(XII) in subsection (k)(6), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting

''subtitle I of title 21, United States Code,''.

(xv) Section 1944(h)(1) of the Social Security Act (42 U.S.C. 1396w–3a(h)(1)) is amended by striking ''section 202(c) of the Controlled Substances Act'' and inserting ''section 50302(c) of title 21, United States Code,''.

(xvi) Section 1945A(i)(1)(A)(ii)(II) of the Social Security Act (42 U.S.C. 1396w–4a(i)(1)(A)(ii)(II)) is amended by striking ''section 529(a)(3) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360ff(a)(3))'' and inserting ''section 13905(a)(3) of title 21, United States Code''.

(C) OTHER ACTS.—

(i) BIOLOGICS PRICE COMPETITION AND INNOVATION ACT OF 2009.—

(I) Section 7002(e) of the Biologics Price Competition and Innovation Act of 2009 (Public Law 111–148, 42 U.S.C. 262 note) is amended—

(aa) in paragraph (2) (matter before subparagraph (A)), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355)'' and inserting ''chapter 135 of title 21, United States Code,'';

(cc) in paragraph (3), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355)'' and inserting ''chapter 135 of title 21, United States Code,'';

(dd) in paragraph (4)(A), by striking ''section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355)'' and inserting ''chapter 135 of title 21, United States Code,'';

(ee) in paragraph (4)(B)(i)—

(AA) by striking ''subsection (b) or (j) of section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355)'' and inserting ''section 13503 or 13511 of title 21, United States Code,''; and

(BB) by striking ''such section 505'' and inserting ''chapter 135 of title 21, United States Code,'';

(ff) in paragraph (4)(B)(ii)(I), in the matter before item (aa), by striking ''section 505(j)(7) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13511(h) of title 21, United States Code'';

(gg) in paragraph (4)(B)(ii)(I)(aa), by striking ''subparagraph (C) of such section 505(j)(7)'' and inserting ''paragraph (3) of such section 13511(h)'';

(hh) in paragraph (4)(B)(ii)(III)—

(AA) by striking ''subsection (c) or (j) of section 505 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13504 or 13511 of title 21, United States Code,''; and

(BB) by striking ''section 505(j)(7) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13511(h) of title 21, United States Code,'';

(ii) in paragraph (4)(B)(iv)(I)(aa)—

(AA) by striking ''section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act or clauses (vii) and (viii) of section 505(j)(2)(A) of such Act'' and inserting ''section 13503(b) of title 21, United

States Code, or subparagraphs (G) and (H) of section 13511(c)(1) of such title''; and

(BB) by striking '' section 505(j)(7) of such Act'' and inserting ''section 13511(h) of such title'';

(jj) in paragraph (4)(B)(iv)(I)(bb)(AA), by striking ''section 505(c)(3)(E), 505(j)(5)(B)(iv), 505(j)(5)(F), 505A, 505E, or 527 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13112, 13116, 13504(c)(5), 13511(f)(2)(D), 13511(f)(6), or 13903 of title 21, United States Code'';

(kk) in paragraph (4)(B)(iv)(I)(bb)(BB)—

(AA) by striking ''section 505(b)(2) of the Federal Food, Drug, and Cosmetic Act'' and inserting

"section 13503(b) of title 21, United States Code,";

(BB) by striking "subparagraph (A), (B), or (C) of section 505(c)(3) of such Act" and inserting "paragraph (1), (2), or (3) of section 13504(c) of such title";

(CC) by striking "section 505(j) of such Act" and inserting "section 13511 of such title"; and

(DD) by striking "clause (i), (ii), or (iii) of section 505(j)(5)(B) of such Act" and inserting "subparagraph (A), (B), or (C) of section 13511(f)(2) of such title"; and

(ll) in paragraph (4)(B)(v)—

(AA) by striking "section 505(j)(7) of the Federal Food, Drug, and Cosmetic Act" and inserting "section

13511(h) of title 21, United States Code''; and

(BB) by striking ''section 505(b)(1)(A) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 13503(a)(1)(A) of title 21, United States Code,''.

(II) Section 7002(h) of the Biologics Price Competition and Innovation Act of 2009 (Public Law 111–148, 42 U.S.C. 262 note) is amended—

(aa) in the matter before paragraph (1), by striking ''section 526 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360bb)'' and inserting ''section 13902 of title 21, United States Code,''; and

(bb) in paragraph (1), by striking ''section 527(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360cc(a));''

and inserting ''section 13903(a) of title 21, United States Code;''.

(ii) NATIONAL ORGAN TRANSPLANT ACT.—Section 301(c)(3) of the National Organ Transplant Act (42 U.S.C. 274e(c)(3)) is amended by striking ''section 201(b) of the Federal Food, Drug and Cosmetic Act'' and inserting ''section 10101(a)(24) of title 21, United States Code''.

(iii) FOOD AND DRUG ADMINISTRATION AMENDMENTS ACT OF 2007.—Section 801(d)(2) of the Food and Drug Administration Amendments Act of 2007 (Public Law 110–85, 42 U.S.C. 282 note) is amended by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code''.

(iv) BEST PHARMACEUTICALS FOR CHILDREN ACT.—Section 14 of the Best Pharmaceuticals for Children Act (42 U.S.C. 284m–1) is amended—

(I) in subsection (b)(2)—

(aa) in subparagraph (A), by striking ''sections 501, 502, 505, 505A, 505B, 510(k), 515, and 520(m) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''chapters 133 and 135 of title 21, United States Code, and sections 13101, 13112, 13113, 13136(k), 13142, and 13152(m) of title 21, United States Code''; and

(bb) in subparagraph (D), by striking ''section 565(a) of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 14309(a) of title 21, United States Code''; and

(II) in subsection (d), by striking ''sections 505A, 505B, and 520(m) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355a, 355c, and 360j(m))'' and inserting ''sections 13112, 13113, and 13152(m) of title 21, United States Code''.

(v) COMPREHENSIVE ADDICTION AND RECOVERY ACT OF 2016.—

(I) Section 701(c)(1)(B) of the Comprehensive Addiction and Recovery Act of 2016 (42 U.S.C. 290aa–15(1)(B)) is amended by striking ''section 103'' and inserting ''section 60703 of title 21, United States Code''.

(II) Section 701(e) of the Comprehensive Addiction and Recovery Act of 2016 (Public Law 114–198, 42 U.S.C. 290aa–15 note) is amended by striking ''section 103'' and inserting ''section 60703 of title 21, United States Code''.

(III) Section 701(d)(1)(A) of the Comprehensive Addiction and Recovery Act of 2016 (42 U.S.C. 290aa–16(1)(A)) is amended by striking ''section 103'' and inserting ''section 60703 of title 21, United States Code''.

(IV) Section 102(a) of the Comprehensive Addiction and Recovery

Act of 2016 (42 U.S.C. 290bb–25g(a)) is amended—

(aa) in paragraph (1)(B), by striking ''section 309(f) of the Controlled Substances Act'' and inserting ''section 50509(f) of title 21, United States Code''; and

(bb) in paragraph (2)(E), by striking ''section 309(f) of the Controlled Substances Act'' and inserting ''section 50509(f) of title 21, United States Code''.

(vi) SUBSTANCE USE-DISORDER PREVENTION THAT PROMOTES OPIOID RECOVERY AND TREATMENT FOR PATIENTS AND COMMUNITIES ACT.—Section 7081(b) of the Substance Use-Disorder Prevention that Promotes Opioid Recovery and Treatment for Patients and Communities Act (42 U.S.C. 290dd–4(b)) is amended—

(I) in paragraph (4)(B), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)''

and inserting ''subtitle I of title 21, United States Code,''; and

(II) in paragraph (5)(A), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 301 et seq.)'' and inserting ''subtitle I of title 21, United States Code,''.

(vii) MEDICARE PRESCRIPTION DRUG, IMPROVEMENT, AND MODERNIZATION ACT OF 2003.—

(I) Section 1013(a) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (42 U.S.C. 299b–7(a)) is amended—

(aa) in paragraph (3)(C)(ii)(I), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code,''; and

(bb) in paragraph (4)(B), by striking ''the Federal Food, Drug, and Cosmetic Act'' and inserting ''subtitle I of title 21, United States Code''.

(II) Section 302(c)(1)(B) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (Public Law 108–173, 42 U.S.C. 1395m note) is amended by striking ''section 513(a)(1)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(a)(1)(C))'' and inserting ''section 13140(c)(1)(C) of title 21, United States Code,''.

(viii) NATIONAL CHILDHOOD VACCINE INJURY ACT OF 1986.—Section 313(a)(1)(A) of the National Childhood Vaccine Injury Act of 1986 (Public Law 99–660, title III, 42 U.S.C. 300aa–1 note) is amended by striking ''section 102'' and inserting ''section 20102 of title 21, United States Code''.

(ix) SAFE DRINKING WATER ACT.—Section 1457 of the Safe Drinking Water Act (42 U.S.C. 300j–17) is amended—

(I) by striking ''section 408(p)(3)(B) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 346a(p)(3)(B))'' and inserting ''sec-

tion 11110(q)(3)(B) of title 21, United States Code,'';

(II) by striking ''by section 408(p) of such Act'' and inserting ''by section 11110(q) of such title''; and

(III) by striking ''of section 408(p) of such Act'' and inserting ''of section 11110(q) of such title''.

(x) UNITED STATES HOUSING ACT OF 1937.—

(I) Section 3(b)(9) of the United States Housing Act of 1937 (42 U.S.C. 1437a(b)(9)) is amended by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''.

(II) Section 6 of the United States House Act of 1937 (42 U.S.C. 1437d) is amended—

(aa) in subsection (l) (matter after paragraph (9)(2)), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''sec-

tion 50101 of title 21, United States Code''; and

(bb) in subsection (t)(7)(B), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(III) Section 8(f)(5) of the United States Housing Act of 1937 (42 U.S.C. 1437f(f)(5)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(xi) ANTI-DRUG ABUSE ACT OF 1988.—Section 3601 of the Anti-Drug Abuse Act of 1988 (42 U.S.C. 11851) is amended—

(I) in paragraph (2), by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21, United States Code''; and

(II) in paragraph (3), by striking ''section 102(32) of the Controlled Substances Act (21 U.S.C. 802(32))'' and inserting ''section 50101(10) of title 21, United States Code''.

(xii) CHILD NUTRITION ACT OF 1966.—Section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786) is amended—

(I) in subsection (f)(15)(A), by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321 et seq.)'' and inserting ''subtitle I of title 21, United States Code'';

(II) in subsection (f)(15)(B)—

(aa) by striking ''complies with such Act'' and inserting ''complies with subtitle I of title 21, United States Code,''; and

(bb) by striking ''pursuant to such Act'' and inserting ''pursuant to that subtitle I'';

(III) in subsection (o)(1)(B), by striking ''section 102 of the Controlled Substances Act (21 U.S.C.

802)'' and inserting ''section 50101 of title 21, United States Code''; and

(IV) in subsection (p)(4), by striking ''section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853), other than subsection (d) of that section'' and inserting ''section 50713 of title 21, United States Code, other than subsection (d) of that section''.

(xiii) NATIONAL SCIENCE FOUNDATION AUTHORIZATION ACT OF 1988.—Section 118 of the National Science Foundation Authorization Act of 1988 (Public Law 100–570, 42 U.S.C. 1875 note) is amended—

(I) in subsection (a), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21, United States Code''; and

(II) in subsection (b), by striking ''the Controlled Substances Act'' and inserting ''division A of subtitle V of title 21, United States Code''.

(xiv) CIVIL RIGHTS ACT OF 1964.—Section 703(k)(3) of the Civil Rights Act of 1964 (42 U.S.C. 2000e–2(k)(3)) is amended—

(I) by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21, United States Code''; and

(II) by striking ''by the Controlled Substances Act'' and inserting ''by division A of subtitle V of title 21, United States Code,''.

(xv) MEDICAL DEVICE AMENDMENTS OF 1976.—Section 10 of the Medical Device Amendments of 1976 (42 U.S.C. 3512) is amended by striking ''the Federal Food, Drug, and Cosmetic Act, as amended by this Act'' and inserting ''subtitle I of title 21, United States Code''.

(xvi) FAIR HOUSING ACT.—

(I) Section 802(h) (matter after paragraph (3)) of the Fair Housing Act (42 U.S.C. 3602(h) (matter after paragraph (3))) is amended by strik-

ing ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(II) Section 807(b)(4) of the Fair Housing Act (42 U.S.C. 3607(b)(4)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(xvii) ENERGY POLICY AND CONSERVATION ACT.—Section 321(36)(C)(ii)(I) of the Energy Policy and Conservation Act (42 U.S.C. 6291(36)(C)(ii)(I)) is amended by striking ''section 513 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360c);'' and inserting ''section 13140 of title 21, United States Code;''.

(xviii) CLEAN AIR ACT.—Section 601(8) (matter before subparagraph (A)) of the Clean Air Act (42 U.S.C. 7671(8) (matter before subparagraph (A))) is amended—

(I) by striking ''the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code''; and

(II) by striking ''drug (as defined in the Federal Food, Drug, and Cosmetic Act)'' and inserting ''drug (as defined in subtitle I of title 21, United States Code)''.

(xix) COMPREHENSIVE ENVIRONMENTAL RESPONSE, COMPENSATION, AND LIABILITY ACT OF 1980.—Section 101(39)(D)(ii)(I) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601(39)(D)(ii)(I)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(xx) COMMUNITY SERVICES BLOCK GRANT ACT.—Section 678G(a)(3) of the Community Services Block Grant Act (42 U.S.C. 9919(a)(3)) is amended by striking

''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(xxi) HEALTH CARE QUALITY IMPROVEMENT ACT OF 1986.—Section 432(c) of the Health Care Quality Improvement Act of 1986 (42 U.S.C. 11152(c)) is amended by striking ''section 304 of the Controlled Substances Act'' and inserting ''section 50504 of title 21, United States Code''.

(xxii) PUBLIC AND ASSISTED HOUSING DRUG ELIMINATION ACT OF 1990.—Section 5126(1) of the Public and Assisted Housing Drug Elimination Act of 1990 (42 U.S.C. 11905(1)) is amended by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(xxiii) DRUG-FREE PUBLIC HOUSING ACT OF 1988.—Section 5145(1) of the Drug-Free Public Housing Act of 1988 (42 U.S.C. 11924(1)) is amended by strik-

ing ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''.

(xxiv) AMERICAN WITH DISABILITIES ACT OF 1990.—

(I) Section 101(6) of the American with Disabilities Act of 1990 (42 U.S.C. 12111(6)) is amended—

(aa) in subparagraph (A)—

(AA) in the first sentence, by striking ''under the Controlled Substances Act (21 U.S.C. 812)'' and inserting ''under division A of subtitle V of title 21, United States Code''; and

(BB) in the second sentence, by striking ''by the Controlled Substances Act'' and inserting ''by division A of subtitle V of title 21, United States Code,''; and

(bb) in subparagraph (B), by striking ''section 202 of the

Controlled Substances Act'' and inserting ''section 50302 of title 21, United States Code''.

(II) Section 511(d) of the American with Disabilities Act of 1990 (42 U.S.C. 12210(d)) is amended—

(aa) in paragraph (1)—

(AA) in the first sentence, by striking ''under the Controlled Substances Act (21 U.S.C. 812)'' and inserting ''under division A of subtitle V of title 21, United States Code''; and

(BB) in the second sentence, by striking ''by the Controlled Substances Act'' and inserting ''by division A of subtitle V of title 21, United States Code,''; and

(bb) in paragraph (2), by striking ''section 202 of the Controlled Substances Act'' and inserting ''section 50302 of title 21, United States Code''.

(xxv) NATIONAL AND COMMUNITY SERVICE ACT OF 1990.—Section 146(e)(4) of the National and Community Service Act of 1990 (42 U.S.C. 12602(e)(4)) is amended by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21, United States Code''.

(xxvi) Section 106(d)(2)(C) of the Medicare Access and CHIP Reauthorization Act of 2015 (42 U.S.C. 18122(2)(C)) is amended by striking ''section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321)'' and inserting ''section 10101 of title 21, United States Code,''.

(27) TITLE 46.—

(A) Section 2101(8) of title 46, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(B) Section 70502(a) of title 46, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Preven-

tion and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(C) Section 70503(a)(2) of title 46, United States Code, is amended by striking ''section 511(a) of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 881(a))'' and inserting ''section 50911(a) of title 21''.

(D) Section 70506 of title 46, United States Code, is amended—

(i) in subsection (a)—

(I) by striking ''section 1010 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 960)'' and inserting ''section 51710 of title 21'';

(II) by striking ''section 1012(b) of that Act (21 U.S.C. 962(b))'' and inserting ''section 51713(b) of title 21''; and

(III) by striking ''section 1012 of that Act (21 U.S.C. 962)'' and inserting ''section 51713 of title 21''; and

(ii) in subsection (c)(1), by striking ''the Controlled Substances Act (21 U.S.C.

812)'' and inserting ''division A of subtitle V of title 21''.

(E) Section 70507(a) of title 46, United States Code, is amended—

(i) by striking ''section 511(a) of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 881(a))'' and inserting ''section 50911(a) of title 21''; and

(ii) by striking ''forfeited under section 511 of that Act (21 U.S.C. 881)'' and inserting ''forfeited under section 50911 of that title''.

(28) TITLE 48.—

(A) Section 5004 of the United States Insular Areas Drug Abuse Act of 1986 (48 U.S.C. 1494b) is amended—

(i) in subsection (a)(1)(C), by striking ''the Controlled Substances Import and Export Act (21 U.S.C. 951–970)'' and inserting ''division B of subtitle V of title 21, United States Code''; and

(ii) in subsection (c)(1)(C), by striking ''the Controlled Substances Import and Export Act (21 U.S.C. 951–970)'' and in-

serting ''division B of subtitle V of title 21, United States Code''.

(B) Section 102(a)(1)(B) of the Compact of Free Association Act of 1985 (48 U.S.C. 1902(a)(1)(B)) is amended by striking ''section 102(6) of the United States Controlled Substances Act'' and inserting ''section 50101(9) of title 21, United States Code,''.

(C) Section 103(a)(1)(B) of the Compact of Free Association Act of 1985 (48 U.S.C. 1903(a)(1)(B)) is amended by striking ''section 102(6) of the United States Controlled Substances Act'' and inserting ''section 50101(9) of title 21, United States Code,''.

(D) Section 201(a) of Public Law 101–219 (48 U.S.C. 1972(a)) is amended—

(i) in paragraph (1), by striking ''part C of the Controlled Substances Act (21 U.S.C. 821 et seq.)'' and inserting ''chapter 505 of title 21, United States Code,''; and

(ii) in paragraph (2), by striking ''subsection (a) of section 1003 of the Controlled Substances Act (21 U.S.C. 953)''

and inserting ''subsection (a) of section 51703 of title 21, United States Code''.

(29) TITLE 49.—

(A) Section 5331(a)(1) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(B) Section 5701(a)(1) of title 49, United States Code, is amended—

(i) in subparagraph (A), by striking ''section 416 of the Federal Food, Drug, and Cosmetic Act'' and inserting ''section 11118 of title 21'';

(ii) in subparagraph (B), by striking ''section 402 of the Federal Meat Inspection Act (21 U.S.C. 672)'' and inserting ''section 30362 of title 21''; and

(iii) in subparagraph (C), by striking ''section 19 of the Poultry Products Inspection Act (21 U.S.C. 467a)'' and inserting ''section 31317 of title 21''.

(C) Section 20140(a) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Preven-

tion and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(D) Section 30301(3) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(E) Section 31102(c)(2)(O)(iii) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(F) Section 31301(5) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(G) Section 31306(a) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(H) Section 44106(a) of title 49, United States Code, is amended by striking ''section

102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(I) Section 44111(b)(2) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(J) Section 7210(4)(B)(i) of the Federal Aviation Administration Drug Enforcement Assistance Act of 1988 (Public Law 100–690, 49 U.S.C. 44111 note) is amended by striking ''section 102 of the Controlled Substances Act'' and inserting ''section 50101 of title 21, United States Code''.

(K) Section 44703(g)(1) (matter before subparagraph (A)) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(L) Section 44710(a) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Preven-

tion and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(M) Section 44713(d)(1) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(N) Section 45101 of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(O) Section 46306(c)(1) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(P) Section 46317(b)(1) of title 49, United States Code, is amended by striking ''section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802)'' and inserting ''section 50101 of title 21''.

(Q) Section 80302(a)(1) of title 49, United States Code, is amended—

(i) by striking ''a narcotic drug (as defined in section 102 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 802))'' and inserting ''a narcotic drug (as defined in section 50101 of title 21)''; and

(ii) by striking ''including marihuana (as defined in section 102 of that Act (21 U.S.C. 802))'' and inserting ''including marihuana (as defined in section 50101 of that title)''.

(30) TITLE 50.—

(A) Section 4(e)(3) of the Subversive Activities Control Act of 1950 (50 U.S.C. 783(e)(3)) is amended by striking ''subsections (b), (c), and (e) through (p) of section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853(b), (c), and (e)–(p))'' and inserting ''subsections (a), (c), and (e) through (p) of section 50713 of title 21, United States Code,''.

(B) Section 3002 of the Intelligence Reform and Terrorism Prevention Act of 2004 (50 U.S.C. 3343) is amended—

(i) in subsection (a)(1), by striking ''section 102 of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101 of title 21, United States Code''; and

(ii) in subsection (b), by striking ''section 102(1) of the Controlled Substances Act (21 U.S.C. 802)'' and inserting ''section 50101(1) of title 21, United States Code''.

(C) Section 1760(d)(2) of the Export Controls Act of 2018 (50 U.S.C. 4819(d)(2)) is amended by striking ''section 413 of the Comprehensive Drug Abuse Prevention and Control Act of 1970 (21 U.S.C. 853), other than subsection (d) of such section'' and inserting ''section 50713 of title 21, United States Code, other than subsection (d) of such section''.

(31) TITLE 51.—Section 31102(a) of title 51, United States Code, is amended by striking ''section 102(6) of the Controlled Substances Act (21 U.S.C. 802(6))'' and inserting ''section 50101(9) of title 21''.

(32) FENTANYL SANCTIONS ACT.—

(A) Section 7217 of the Fentanyl Sanctions Act (Public Law 116–92, title LXXII, 133 Stat. 2269) is amended—

(i) by redesignating subsections (a) and (b) as subsections (b) and (c); and

(ii) by inserting before subsection (b), as redesignated, the following new subsection (a):

''(a) DEFINITIONS.—In this section, the terms defined in section 61901 of title 21, United States Code, have the meanings given the terms in that section.''; and

(B) Section 7221 of the Fentanyl Sanctions Act (Public Law 116–92, title LXXII, 133 Stat. 2270) is amended—

(i) by redesignating subsections (a) through (g) as subsections (b) through (h);

(ii) by inserting before subsection (b), as redesignated, the following new subsection (a):

''(a) DEFINITIONS.—In this section, the terms defined in section 61901 of title 21, United States Code, have the meanings given the terms in that section.''; and

(iii) by adding at the end the following:

''(i) AUTHORIZATION OF APPROPRIATIONS.—Of the amount authorized to be appropriated by section 1403 for fiscal year 2020 and available for Drug Interdiction and Counter-Drug Activities, Defense-wide, as specified in the funding table in section 4501, the Secretary of Defense may, notwithstanding section 2215 of title 10, United States Code, transfer $5,000,000 to the Commission on Combating Synthetic Opioid Trafficking established under section 7221 in order to carry out the duties of the Commission.''.

(33) CONSOLIDATED APPROPRIATIONS ACT, 2023.—Effective on the date of enactment of the Consolidated Appropriations Act, 2023 (Public Law 117–328, 136 Stat. 4459), section 3503(b)(2) of the Modernization of Cosmetics Regulation Act of 2022 (Public Law 117-328, div. FF, title III, subtitle E, 136 Stat. 5859) is amended by striking ''as added by section 802,'' and inserting ''as added by section 3502,''.

**SEC. 5. TRANSITIONAL AND SAVINGS PROVISIONS.**

(a) DEFINITIONS.—In this section:

(1) SOURCE PROVISION.—The term ''source provision'' means a provision of law that is replaced by a title 21 provision.

(2) TITLE 21 PROVISION.—The term ''title 21 provision'' means a provision of title 21, United States Code, that is enacted by section 3.

(b) CUTOFF DATE.—The title 21 provisions replace certain provisions of law enacted on or before July 30, 2025. If a law enacted after that date amends or repeals a source provision, that law is deemed to amend or repeal, as the case may be, the corresponding title 21 provision. If a law enacted after that date is otherwise inconsistent with a title 21 provision or a provision of this Act, that law supersedes the title 21 provision or provision of this Act to the extent of the inconsistency.

(c) ORIGINAL DATE OF ENACTMENT UNCHANGED.—A title 21 provision is deemed to have been enacted on the date of enactment of the corresponding source provision.

(d) REFERENCES TO TITLE 21 PROVISIONS.—A reference to a title 21 provision is deemed to refer to the corresponding source provision.

(e) REFERENCES TO SOURCE PROVISIONS.—A reference to a source provision, including a reference in a regulation, order, or other law, is deemed to refer to the corresponding title 21 provision.

(f) REGULATIONS, ORDERS, AND OTHER ADMINISTRATIVE ACTIONS.—A regulation, order, or other admin-

istrative action in effect under a source provision continues in effect under the corresponding title 21 provision.

(g) ACTIONS TAKEN AND OFFENSES COMMITTED.—An action taken or an offense committed under a source provision is deemed to have been taken or committed under the corresponding title 21 provision.

**SEC. 6. REPEALS.**

The following provisions of law are repealed, except with respect to rights and duties that matured, penalties that were incurred, or proceedings that were begun before the date of enactment of this Act:

Schedule of Laws Repealed

| Act | Section | United States Code Former Classification |
|---|---|---|
| Act of Aug. 30, 1890, ch. 839 | 4 | 21 U.S.C. 18. |
| Act of May 9, 1902, ch. 784 | 1 | 21 U.S.C. 25. |
| Act of July 1, 1902, ch. 1357 | 1 | 21 U.S.C. 16. |
