Such lands shall be selected by the State of Alaska with the approval of the Secretary of Agriculture as to national forest lands and with the approval of the Secretary of the Interior as to other public lands: *Provided*, That nothing herein contained shall affect any valid existing claim, location, or entry under the laws of the United States, whether for homestead, mineral, right-of-way, or other purpose whatsoever, or shall affect the rights of any such owner, claimant, locator, or entryman to the full use and enjoyment of the land so occupied: *Provided further*, That for the purposes of this section the term ‘public lands of the United States in Alaska which are vacant, unappropriated, and unreserved’ shall include, without limiting the use thereof, the retained or reserved interest of the United States in lands which have been disposed of with a reservation to the United States of all minerals or any specified mineral or minerals.

“(b) The State of Alaska, in addition to any other grants made in this section, is hereby granted and shall be entitled to select, within thirty-five years after the admission of Alaska into the Union, not to exceed one hundred and two million five hundred and fifty thousand acres from the public lands of the United States in Alaska which are vacant, unappropriated, and unreserved at the time of their selection: *Provided*, That nothing herein contained shall affect any valid existing claim, location, or entry under the laws of the United States, whether for homestead, mineral, right-of-way, or other purpose whatsoever, or shall affect the rights of any such owner, claimant, locator, or entryman to the full use and enjoyment of the lands so occupied: *And provided further*, That no selection hereunder shall be made in the area north and west of the line described in section 10 without approval of the President or his designated representative.

“(c) Block 32, and the structures and improvements thereon, in the city of Juneau are granted to the State of Alaska for any or all of the following purposes or a combination thereof: A residence for the Governor, a State museum, or park and recreational use.

“(d) Block 19, and the structures and improvements thereon, and the interests of the United States in blocks C and 7, and the structures and improvements thereon, in the city of Juneau, are hereby granted to the State of Alaska.

“(e) All real and personal property of the United States situated in the Territory of Alaska which is specifically used for the sole purpose of conservation and protection of the fisheries and wildlife of Alaska, under the provisions of the Alaska game law of July 1, 1943 (57 Stat. 301; 48 U.S.C., secs 192–211), as amended, and under the provisions of the Alaska commercial fisheries, laws of June 26, 1906 (34 Stat. 478; 48 U.S.C., secs. 230–239 and 241–242), and June 6, 1924 (43 Stat. 465; 48 U.S.C., secs. 221–228), as supplemented and amended, shall be transferred and conveyed to the State of Alaska by the appropriate Federal agency: *Provided*, That the administration and management of the fish and wildlife resources of Alaska shall be retained by the Federal Government under existing laws until the first day of the first calendar

year following the expiration of ninety calendar days after the Secretary of the Interior certifies to the Congress that the Alaska State Legislature has made adequate provision for the administration, management, and conservation of said resources in the broad national interest: *Provided*, That such transfer shall not include lands withdrawn or otherwise set apart as refuges or reservations for the protection of wildlife nor facilities utilized in connection therewith, or in connection with general research activities relating to fisheries or wildlife. Sums of money that are available for apportionment or which the Secretary of the Interior shall have apportioned as of the date the State of Alaska shall be deemed to be admitted into the Union, for wildlife restoration in the Territory of Alaska, pursuant to section 8(a) of the Act of September 2, 1937, as amended (16 U.S.C., sec. 669g-1), and for fish restoration and management in the Territory of Alaska, pursuant to section 12 of the Act of August 9, 1950 (16 U.S.C., sec. 777k), shall continue to be available for the period, and under the terms and conditions in effect at the time, the apportionments are made. Commencing with the year during which Alaska is admitted into the Union, the Secretary of the Treasury, at the close of each fiscal year, shall pay to the State of Alaska 70 per centum of the net proceeds, as determined by the Secretary of the Interior, derived during such fiscal year from all sales of sealskins or sea otter skins made in accordance with the provisions of the Fur Seal Act of 1966 [16 U.S.C. 1151 et seq.]. In arriving at the net proceeds, there shall be deducted from the receipts from all sales all costs to the United States in carrying out the provisions of the Fur Seal Act of 1966, including, but not limited to, the costs of handling and dressing the skins, the costs of making the sales, and all expenses incurred in the administration of the Pribilof Islands, and the payments made to any municipal corporation established pursuant to section 206 of the Fur Seal Act of 1966 [16 U.S.C. 1166] and to the civil service retirement and disability fund pursuant to section 208 of the Fur Seal Act of 1966 [16 U.S.C. 1168]. In administering the Pribilof Islands fund established by section 407 of the Fur Seal Act of 1966 [16 U.S.C. 1187], the Secretary shall consult with the State of Alaska annually. Nothing in this Act shall be construed as affecting the rights of the United States under the provisions of the Fur Seal Act of 1966 and the Northern Pacific Halibut Act of 1937 (16 U.S.C. 772-772i).

“(f) Five per centum of the proceeds of sale of public lands lying within said State which shall be sold by the United States subsequent to the admission of said State into the Union, after deducting all the expenses incident to such sales, shall be paid to said State to be used for the support of the public schools within said State.

“(g) Except as provided in subsection (a), all lands granted in quantity to and authorized to be selected by the State of Alaska by this Act shall be selected in such manner as the laws of the State may provide, and in conformity with such regulations as the Secretary of the Interior may prescribe. All selections shall be made in reasonably compact tracts, taking into account the situation and potential uses of the lands involved, and each tract selected shall contain at least five thousand seven hundred and sixty acres unless isolated from other tracts open to selection or, in the case of selections under subsec. (a) of this section, one hundred and sixty acres. The authority to make selections shall never be alienated or bargained away, in whole or in part, by the State. Upon the revocation of any order of withdrawal in Alaska, the order of revocation shall provide for a period of not less than ninety days before the date on which it otherwise becomes effective, if subsequent to the admission of Alaska into the Union, during which period the State of Alaska shall have a preferred right of selection, subject to the requirements of this Act, except as against prior existing valid rights or as against equitable claims subject to allowance and confirmation. Such preferred right of selection shall have precedence over the preferred right of application created by section 4 of the Act of September 27, 1944 (58 Stat. 748; 43 U.S.C., sec. 282), as now or hereafter amended, but not over other preference rights now conferred by law. Where any lands desired by the State are unsurveyed at the time of their selection, the Secretary of the Interior shall survey the exterior boundaries of the area requested without any interior subdivision thereof and shall issue a patent for such selected area in terms of the exterior boundary survey; where any lands desired by the State are surveyed at the time of their selection, the boundaries of the area requested shall conform to the public land subdivisions established by the approval of the survey. All lands duly selected by the State of Alaska pursuant to this Act shall be patented to the State by the Secretary of the Interior. Following the selection of lands by the State and the tentative approval of such selection by the Secretary of the Interior or his designee, but prior to the issuance of final patent, the State is hereby authorized to execute conditional leases and to make conditional sales of such selected lands. As used in this subsection, the words ‘equitable claims subject to allowance and confirmation’ include, without limitation, claims of holders of permits issued by the Department of Agriculture on lands eliminated from national forests, whose permits have been terminated only because of such elimination and who own valuable improvements on such lands. As to all selections made by the State after January 1, 1979, pursuant to section 6(b) of this Act, the Secretary of the Interior, in his discretion, may waive the minimum tract selection size where he determines that such a reduced selection size would be in the national interest and would result in a better land ownership pattern.

“(h) Any lease, permit, license, or contract issued under the Mineral Leasing Act of February 25, 1920 (41 Stat. 437; 30 U.S.C. 181 and the following), as amended, or under the Alaska Coal Leasing Act of October 20, 1914 (38 Stat. 741; 30 U.S.C. 432 and the following), as amended, shall have the effect of withdrawing the lands subject thereto from selection by the State of Alaska under this Act, unless an application to select such lands is filed with the Secretary of the Interior within a period of ten years after the date of the admission of Alaska into the Union. Such selections shall be made only from lands that are otherwise open to selection under this Act. When all of the lands subject to a lease, permit, license, or contract are selected, the patent for the lands so selected shall vest in the State of Alaska all the right, title, and interest of the United States in and to that lease, permit, license, or contract that remains outstanding on the effective date of the patent, including the right to all the rentals, royalties, and other payments accruing after that date under that lease, permit, license, or contract, and including any authority that may have been retained by the United States to modify the terms and conditions of that lease, permit, license, or contract: *Provided*, That nothing herein contained shall affect the continued validity of any such lease, permit, license, or contract or any rights arising thereunder. Where only a portion of the lands subject to a lease, permit, license, or contract are selected, there shall be reserved to the United States the mineral or minerals subject to that lease, permit, license, or contract, together with such further rights as may be necessary to the full and complete enjoyment of all rights, privileges, and benefits under or with respect to that lease, permit, license, or contract; upon the termination of the lease, permit, license, or contract, title to the minerals so reserved to the United States shall pass to the State of Alaska.

“(i) All grants made or confirmed under this Act shall include mineral deposits. The grants of mineral lands to the State of Alaska under subsections (a) and (b) of this section are made upon the express condition that all sales, grants, deeds, or patents for any of the mineral lands so granted shall be subject to and contain a reservation to the State of all of the minerals in the lands so sold, granted, deeded, or patented, together with the right to prospect for, mine, and remove the same. Mineral deposits in such lands shall be subject to lease by the State as the State legislature may direct: *Provided*, That any lands or minerals hereafter disposed of contrary to the provisions of this section shall be forfeited to the United States by appropriate proceedings instituted by the Attorney General for that purpose in the United States District Court for the District of Alaska.

“(j) The schools and colleges provided for in this Act shall forever remain under the exclusive control of the State, or its governmental subdivisions, and no part of the proceeds arising from the sale or disposal of any lands granted herein for educational purposes shall be used for the support of any sectarian or denominational school, college, or university.

“(k) Grants previously made to the Territory of Alaska are hereby confirmed and transferred to the State of Alaska upon its admission. Effective upon the admission of the State of Alaska into the Union, section 1 of the Act of March 4, 1915 (38 Stat. 1214; 48 U.S.C., sec. 353), as amended, and the last sentence of section 35 of the Act of February 25, 1920 (41 Stat. 450; 30 U.S.C., sec. 191), as amended, are repealed and all lands therein reserved under the provisions of section 1 as of the date of this Act [July 7, 1958] shall, upon the admission of said State into the Union, be granted to said State for the purposes for which they were reserved; but such repeal shall not affect any outstanding lease, permit, license, or contract issued under said section 1, as amended, or any rights or powers with respect to such lease, permit, license, or contract, and shall not affect the disposition of the proceeds or income derived prior to such repeal from any lands reserved under said section 1, as amended, or derived thereafter from any disposition of the reserved lands or an interest therein made prior to such repeal.

“(l) The grants provided for in this Act shall be in lieu of the grant of land for purposes of internal improvements made to new States by section 8 of the Act of September 4, 1841 (5 Stat. 455), and sections 2378 and 2379 of the Revised Statutes (43 U.S.C., sec. 857), and in lieu of the swampland grant made by the Act of September 28, 1850 (9 Stat. 520), and section 2479 of the Revised Statutes (43 U.S.C., sec. 982), and in lieu of the grant of thirty thousand acres for each Senator and Representative in Congress made by the Act of July 2, 1862, as amended (12 Stat. 503; 7 U.S.C., secs. 301–308), which grants are hereby declared not to extend to the State of Alaska.

“(m) The Submerged Lands Act of 1953 (Public Law 31, Eighty-third Congress, first session; 67 Stat. 29) shall be applicable to the State of Alaska and the said State shall have the same rights as do existing States thereunder.

“(n) The minimum tract selection size is waived with respect to a selection made by the State of Alaska under subsection (a) for the following selections:

National Forest Community Grant Application Number	Area Name	Est. Acres
209	Yakutat Airport Addition	111
264	Bear Valley (Portage)	120
284	Hyder-Fish Creek	61
310	Elfin Cove	37
384	Edna Bay Admin Site	37
390	Point Hilda	29.

“(o)(1) The State of Alaska may elect to convert a selection filed under subsection (b) to a selection under subsection (a) by notifying the Secretary of the Interior in writing.

“(2) If the State of Alaska makes an election under paragraph (1), the entire selection shall be converted to a selection under subsection (a).

“(3) The Secretary of the Interior shall not convey a total of more than 400,000 acres of public domain land selected under subsection (a) or converted under paragraph (1) to a public domain selection under subsection (a).

“(4) Conversion of a selection under paragraph (1) shall not increase the survey obligation of the United States with respect to the land converted.

“(p) All selection applications of the State of Alaska that are on file with the Secretary of the Interior under the public domain provisions of subsection (a) on the date of enactment of this subsection [Dec. 10, 2004] and any selection applications that are converted to a subsection (a) selection under subsection (o)(1) are approved as suitable for community or recreational purposes. (As amended Pub. L. 86–70, §2(b), June 25, 1959, 73 Stat. 141; Pub. L. 86–173, Aug. 18, 1959, 73 Stat. 395; Pub. L. 86–786, §§3, 4, Sept. 14, 1960, 74 Stat. 1025; Pub. “SEC. 7. [Certification by President; proclamation for elections.] Upon enactment of this Act, it shall be the duty of the President of the United States, not later than July 3, 1958, to certify such fact to the Governor of Alaska. Thereupon the Governor, on or after July 3, 1958, and not later than August 1, 1958, shall issue his proclamation for the elections, as hereinafter provided, for officers of all elective offices and in the manner provided for by the constitution of the proposed State of Alaska, but the officers so elected shall in any event include two Senators and one Representative in Congress.

“SEC. 8. [Election of officers; date; propositions; certification of voting results; proclamation by President; laws in effect.] (a) The proclamation of the Governor of Alaska required by section 7 shall provide for holding of a primary election and a general election on dates to be fixed by the Governor of Alaska: *Provided*, That the general election shall not be held later than December 1, 1958, and at such elections the officers required to be elected as provided in section 7 shall be, and officers for other elective offices provided for in the constitution of the proposed State of Alaska may be, chosen by the people. Such elections shall be held, and the qualifications of voters thereat shall be, as prescribed by the constitution of the proposed State of Alaska for the election of members of the proposed State legislature. The returns thereof shall be made and certified in such manner as the constitution of the proposed State of Alaska may prescribe. The Governor of Alaska shall certify the results of said elections to the President of the United States.

“(b) At an election designated by proclamation of the Governor of Alaska, which may be the general election held pursuant to subsection (a) of this section, or a Territorial general election, or a special election, there shall be submitted to the electors qualified to vote in said election, for adoption or rejection, by separate ballot on each, the following propositions:

“ ‘(1) Shall Alaska immediately be admitted into the Union as a State?

“ ‘(2) The boundaries of the State of Alaska shall be as prescribed in the Act of Congress approved ____ (date of approval of this Act) and all claims of this State to any areas of land or sea outside the boundaries so prescribed are hereby irrevocably relinquished to the United States.

“ ‘(3) All provisions of the Act of Congress approved ____ (date of approval of this Act) reserving rights or powers to the United States, as well as those prescribing the terms or conditions of the grants of lands or other property therein made to the State of Alaska, are consented to fully by said State and its people.’

“In the event each of the foregoing propositions is adopted at said election by a majority of the legal votes

cast on said submission, the proposed constitution of the proposed State of Alaska, ratified by the people at the election held on April 24, 1956, shall be deemed amended accordingly. In the event any one of the foregoing propositions is not adopted at said election by a majority of the legal votes cast on said submission, the provisions of this Act shall thereupon cease to be effective.

“The Governor of Alaska is hereby authorized and directed to take such action as may be necessary or appropriate to insure the submission of said propositions to the people. The return of the votes cast on said propositions shall be made by the election officers directly to the Secretary of Alaska, who shall certify the results of the submission to the Governor. The Governor shall certify the results of said submission, as so ascertained, to the President of the United States.

“(c) If the President shall find that the propositions set forth in the preceding subsection have been duly adopted by the people of Alaska, the President, upon certification of the returns of the election of the officers required to be elected as provided in section 7 of this Act, shall thereupon issue his proclamation announcing the results of said election as so ascertained. Upon the issuance of said proclamation by the President, the State of Alaska shall be deemed admitted into the Union as provided in section 1 of this Act.

“Until the said State is so admitted into the Union, all of the officers of said Territory, including the Delegate in Congress from said Territory, shall continue to discharge the duties of their respective offices. Upon the issuance of said proclamation by the President of the United States and the admission of the State of Alaska into the Union, the officers elected at said election, and qualified under the provisions of the constitution and laws of said State, shall proceed to exercise all the functions pertaining to their offices in or under or by authority of the government of said State, and officers not required to be elected at said initial election shall be selected or continued in office as provided by the constitution and laws of said State. The Governor of said State shall certify the election of the Senators and Representative in the manner required by law, and the said Senators and Representative shall be entitled to be admitted to seats in Congress and to all the rights and privileges of Senators and Representatives of other States in the Congress of the United States.

“(d) Upon admission of the State of Alaska into the Union as herein provided, all of the Territorial laws then in force in the Territory of Alaska shall be and continue in full force and effect throughout said State except as modified or changed by this Act, or by the constitution of the State, or as thereafter modified or changed by the legislature of the State. All of the laws of the United States shall have the same force and effect within said State as elsewhere within the United States. As used in this paragraph, the term ‘Territorial laws’ includes (in addition to laws enacted by the Territorial Legislature of Alaska) all laws or parts thereof enacted by the Congress the validity of which is dependent solely upon the authority of the Congress to provide for the government of Alaska prior to the admission of the State of Alaska into the Union, and the term ‘laws of the United States’ includes all laws or parts thereof enacted by the Congress that (1) apply to or within Alaska at the time of the admission of the State of Alaska into the Union, (2) are not ‘Territorial laws’ as defined in this paragraph, and (3) are not in conflict with any other provisions of this Act.

“SEC. 9. [House of Representatives membership.] The State of Alaska upon its admission into the Union shall be entitled to one Representative until the taking effect of the next reapportionment, and such Representative shall be in addition to the membership of the House of Representatives as now prescribed by law: *Provided*, That such temporary increase in the membership shall not operate to either increase or decrease the permanent membership of the House of Representatives as prescribed in the Act of August 8, 1911 (37 Stat. 13) nor shall such temporary increase affect the basis of apportionment established by the Act of November 15, 1941 (55 Stat. 761; 2 U.S.C., sec. 2a), for the Eighty-third Congress and each Congress thereafter.

“SEC. 10. [National defense withdrawals; jurisdiction.] (a) The President of the United States is hereby authorized to establish, by Executive order or proclamation, one or more special national defense withdrawals within the exterior boundaries of Alaska, which withdrawal or withdrawals may thereafter be terminated in whole or in part by the President.

“(b) Special national defense withdrawals established under subsection (a) of this section shall be confined to those portions of Alaska that are situated to the north or west of the following line: Beginning at the point where the Porcupine River crosses the international boundary between Alaska and Canada; thence along a line parallel to, and five miles from, the right bank of the main channel of the Porcupine River to its confluence with the Yukon River; thence along a line parallel to, and five miles from, the right bank of the main channel of the Yukon River to its most southerly point of intersection with the meridian of longitude 160 degrees west of Greenwich; thence south to the intersection of said meridian with the Kuskokwim River; thence along a line parallel to, and five miles from the right bank of the Kuskokwim River to the mouth of said river; thence along the shoreline of Kuskokwim Bay to its intersection with the meridian of longitude 162 degrees 30 minutes west of Greenwich; thence south to the intersection of said meridian with the parallel of latitude 57 degrees 30 minutes north; thence east to the intersection of said parallel with the meridian of longitude 156

degrees west of Greenwich; thence south to the intersection of said meridian with the parallel of latitude 50 degrees north.

“(c) Effective upon the issuance of such Executive order or proclamation, exclusive jurisdiction over all special national defense withdrawals established under this section is hereby reserved to the United States, which shall have sole legislative, judicial, and executive power within such withdrawals, except as provided hereinafter. The exclusive jurisdiction so established shall extend to all lands within the exterior boundaries of each such withdrawal, and shall remain in effect with respect to any particular tract or parcel of land only so long as such tract or parcel remains within the exterior boundaries of such a withdrawal. The laws of the State of Alaska shall not apply to areas within any special national defense withdrawal established under this section while such areas remain subject to the exclusive jurisdiction hereby authorized: *Provided, however,* That such exclusive jurisdiction shall not prevent the execution of any process, civil or criminal, of the State of Alaska, upon any person found within said withdrawals: *And provided further,* That such exclusive jurisdiction shall not prohibit the State of Alaska from enacting and enforcing all laws necessary to establish voting districts, and the qualification and procedures for voting in all elections.

“(d) During the continuance in effect of any special national defense withdrawal established under this section, or until the Congress otherwise provides, such exclusive jurisdiction shall be exercised within each such withdrawal in accordance with the following provisions of law:

“(1) All laws enacted by the Congress that are of general application to areas under the exclusive jurisdiction of the United States, including, but without limiting the generality of the foregoing, those provisions of title 18, United States Code, that are applicable within the special maritime and territorial jurisdiction of the United States as defined in section 7 of said title, shall apply to all areas within such withdrawals.

“(2) In addition, any areas within the withdrawals that are reserved by Act of Congress or by Executive action for a particular military or civilian use of the United States shall be subject to all laws enacted by the Congress that have application to lands withdrawn for that particular use, and any other areas within the withdrawals shall be subject to all laws enacted by the Congress that are of general application to lands withdrawn for defense purposes of the United States.

“(3) To the extent consistent with the laws described in paragraphs (1) and (2) of this subsection and with regulations made or other actions taken under their authority, all laws in force within such withdrawals immediately prior to the creation thereof by Executive order or proclamation shall apply within the withdrawals and, for this purpose, are adopted as laws of the United States: *Provided, however,* That the laws of the State or Territory relating to the organization or powers of municipalities or local political subdivisions, and the laws or ordinances of such municipalities or political subdivisions shall not be adopted as laws of the United States.

“(4) All functions vested in the United States magistrate judges by the laws described in this subsection shall continue to be performed within the withdrawals by such magistrate judges.

“(5) All functions vested in any municipal corporation, school district, or other local political subdivision by the laws described in this subsection shall continue to be performed within the withdrawals by such corporation, district, or other subdivision, and the laws of the State or the laws or ordinances of such municipalities or local political subdivision shall remain in full force and effect notwithstanding any withdrawal made under this section.

“(6) All other functions vested in the government of Alaska or in any officer or agency thereof, except judicial functions over which the United States District Court for the District of Alaska is given jurisdiction by this Act or other provisions of law, shall be performed within the withdrawals by such civilian individuals or civilian agencies and in such manner as the President shall from time to time, by Executive order, direct or authorize.

“(7) The United States District Court for the District of Alaska shall have original jurisdiction, without regard to the sum or value of any matter in controversy, over all civil actions arising within such withdrawals under the laws made applicable thereto by this subsection, as well as over all offenses committed within the withdrawals.

“(e) Nothing contained in subsection (d) of this section shall be construed as limiting the exclusive jurisdiction established in the United States by subsection (c) of this section or the authority of the Congress to implement such exclusive jurisdiction by appropriate legislation, or as denying to persons now or hereafter residing within any portion of the areas described in subsection (b) of this section the right to vote at all elections held within the political subdivisions as prescribed by the State of Alaska where they respectively reside, or as limiting the jurisdiction conferred on the United States District Court for the District of Alaska by any other provision of law, or as continuing in effect laws relating to the Legislature of the Territory of Alaska. Nothing contained in this section shall be construed as limiting any authority otherwise vested in the

Congress or the President. (As amended Pub. L. 90-578, title IV, §402(b)(2), Oct. 17, 1968, 82 Stat. 1118; Pub. L. 101-650, title III, §321, Dec. 1, 1990, 104 Stat. 5117.)

“(b) Notwithstanding the admission of the State of Alaska into the Union, authority is reserved in the United States, subject to the proviso hereinafter set forth, for the exercise by the Congress of the United States of the power of exclusive legislation, as provided by article I, section 8, clause 17, of the Constitution of the United States, in all cases whatsoever over such tracts or parcels of land as, immediately prior to the admission of said State, are owned by the United States and held for military, naval, Air Force, or Coast Guard purposes, including naval petroleum reserve numbered 4, whether such lands were acquired by cession and transfer to the United States by Russia and set aside by Act of Congress or by Executive order or proclamation of the President or the Governor of Alaska for the use of the United States, or were acquired by the United States by purchase, condemnation, donation, exchange, or otherwise: *Provided*, (i) That the State of Alaska shall always have the right to serve civil or criminal process within the said tracts or parcels of land in suits or prosecutions for or on account of rights acquired, obligations incurred, or crimes committed within the said State but outside of the said tracts or parcels of land; (ii) that the reservation of authority in the United States for the exercise by the Congress of the United States of the power of exclusive legislation over the lands aforesaid shall not operate to prevent such lands from being a part of the State of Alaska, or to prevent the said State from exercising over or upon such lands, concurrently with the United States, any jurisdiction whatsoever which it would have in the absence of such reservation of authority and which is consistent with the laws hereafter enacted by the Congress pursuant to such reservation of authority; and (iii) that such power of exclusive legislation shall rest and remain in the United States only so long as the particular tract or parcel of land involved is owned by the United States and used for military, naval, Air Force, or Coast Guard purposes. The provisions of this subsection shall not apply to lands within such special national defense withdrawal or withdrawals as may be established pursuant to section 10 of this Act until such lands cease to be subject to the exclusive jurisdiction reserved to the United States by that section. Upon the issuance of said proclamation by the President, the State of Hawaii shall be deemed admitted into the Union as provided in section 1 of this Act.

ADMINISTRATIVE TREATMENT OF PUERTO RICO AS A STATE

Memorandum of President of the United States, Nov. 30, 1992, 57 F.R. 57093, provided:

Memorandum for the Heads of Executive Departments and Agencies

Puerto Rico is a self-governing territory of the United States whose residents have been United States citizens since 1917 and have fought valorously in five wars in the defense of our Nation and the liberty of others.

On July 25, 1952, as a consequence of steps taken by both the United States Government and the people of Puerto Rico voting in a referendum, a new constitution was promulgated establishing the Commonwealth of Puerto Rico. The Commonwealth structure provides for self-government in respect of internal affairs and administration, subject to relevant portions of the Constitution and the laws of the United States. As long as Puerto Rico is a territory, however, the will of its people regarding their political status should be ascertained periodically by means of a general right of referendum or specific referenda sponsored either by the United States Government or the Legislature of Puerto Rico.

Because Puerto Rico's degree of constitutional self-government, population, and size set it apart from other areas also subject to Federal jurisdiction under Article IV, section 3, clause 2 of the Constitution, I hereby direct all Federal departments, agencies, and officials, to the extent consistent with the Constitution and the laws of the United States, henceforward to treat Puerto Rico administratively as if it were a State, except insofar as doing so with respect to an existing Federal program or activity would increase or decrease Federal receipts or expenditures, or would seriously disrupt the operation of such program or activity. With respect to a Federal program or activity for which no fiscal baseline has been established, this memorandum shall not be construed to require that such program or activity be conducted in a way that increases or decreases Federal receipts or expenditures relative to the level that would obtain if Puerto Rico were treated other than as a State.

If any matters arise involving the fundamentals of Puerto Rico's status, they shall be referred to the Office of the President.

This guidance shall remain in effect until Federal legislation is enacted altering the current status of Puerto Rico in accordance with the freely expressed wishes of the people of Puerto Rico.

The memorandum for the heads of executive departments and agencies on this subject, issued July 25, 1961 [26 F.R. 6695], is hereby rescinded.

This memorandum shall be published in the Federal Register.

GEORGE BUSH.

§1421i. Income tax

(a) Applicability of Federal laws; separate tax

The income-tax laws in force in the United States of America and those which may hereafter be enacted shall be held to be likewise in force in Guam: *Provided*, That notwithstanding any other provision of law, the Legislature of Guam may levy a separate tax on all taxpayers in an amount not to exceed 10 per centum of their annual income tax obligation to the Government of Guam.

(b) Guam Territorial income tax

The income-tax laws in force in Guam pursuant to subsection (a) of this section shall be deemed to impose a separate Territorial income tax, payable to the government of Guam, which tax is designated the “Guam Territorial income tax”.

(c) Enforcement of tax

The administration and enforcement of the Guam Territorial income tax shall be performed by or under the supervision of the Governor. Any function needful to the administration and enforcement of the income-tax laws in force in Guam pursuant to subsection (a) of this section shall be performed by any officer or employee of the government of Guam duly authorized by the Governor (either directly, or indirectly by one or more redelegations of authority) to perform such function.

(d) “Income-tax laws” defined; administration and enforcement; rules and regulations

(1) The income-tax laws in force in Guam pursuant to subsection (a) of this section include but are not limited to the following provisions of the Internal Revenue Code of 1986, where not manifestly inapplicable or incompatible with the intent of this section: Subtitle A [26 U.S.C. 1 et seq.] (not including chapter 2 [26 U.S.C. 1401 et seq.] and section 931 [26 U.S.C. 931]); chapters 24 and 25 of subtitle C [26 U.S.C. 3401 et seq. and 3501 et seq.], with reference to the collection of income tax at source on wages; and all provisions of subtitle F [26 U.S.C. 6001 et seq.] which apply to the income tax, including provisions as to crimes, other offenses, and forfeitures contained in chapter 75 [26 U.S.C. 7201 et seq.]. For the period after 1950 and prior to the effective date of the repeal of any provision of the Internal Revenue Code of 1939 which corresponds to one or more of those provisions of the Internal Revenue Code of 1986 which are included in the income-tax laws in force in Guam pursuant to subsection (a) of this section, such income-tax laws include but are not limited to such provisions of the Internal Revenue Code of 1939.

(2) The Governor or his delegate shall have the same administrative and enforcement powers and remedies with regard to the Guam Territorial income tax as the Secretary of the Treasury, and other United States officials of the executive branch, have with respect to the United States income tax. Needful rules and regulations not inconsistent with the regulations prescribed under section 7654(e) of the Internal Revenue Code of 1986 [26 U.S.C. 7654(e)] for enforcement of the Guam Territorial income tax shall be prescribed by the Governor. The Governor or his delegate shall have authority to issue, from time to time, in whole or in part, the text of the income-tax laws in force in Guam pursuant to subsection (a) of this section.

(3) In applying as the Guam Territorial income tax the income-tax laws in force in Guam pursuant to subsection (a) of this section, the rate of tax under sections 871, 881, 884, 1441, 1442, 1443, 1445, and 1446 of the Internal Revenue Code of 1986 [26 U.S.C. 871, 881, 884, 1441, 1442, 1443, 1445, and 1446] on any item of income from sources within Guam shall be the same as the rate which would apply with respect to such item were Guam treated as part of the United States for purposes of the treaty obligations of the United States. The preceding sentence shall not apply to determine the rate of tax on any item of income received from a Guam payor if, for any taxable year, the taxes of the Guam payor were rebated under Guam law. For purposes of this subsection, the term “Guam payor” means the person from whom the item of income would be deemed to be received for purposes of claiming treaty benefits were Guam treated as part of the United States.

(e) Substitution of terms

In applying as the Guam Territorial income tax the income-tax laws in force in Guam pursuant to subsection (a) of this section, except where it is manifestly otherwise required, the applicable

provisions of the Internal Revenue Codes of 1986 and 1939, shall be read so as to substitute “Guam” for “United States”, “Governor or his delegate” for “Secretary or his delegate”, “Governor or his delegate” for “Commissioner of Internal Revenue” and “Collector of Internal Revenue”, “District Court of Guam” for “district court” and with other changes in nomenclature and other language, including the omission of inapplicable language, where necessary to effect the intent of this section.

(f) Criminal offenses; prosecution

Any act or failure to act with respect to the Guam Territorial income tax which constitutes a criminal offense under chapter 75 of subtitle F of the Internal Revenue Code of 1986 [26 U.S.C. 7201 et seq.], or the corresponding provisions of the Internal Revenue Code of 1939, as included in the income-tax laws in force in Guam pursuant to subsection (a) of this section, shall be an offense against the government of Guam and may be prosecuted in the name of the government of Guam by the appropriate officers thereof.

(g) Liens

The government of Guam shall have a lien with respect to the Guam Territorial income tax in the same manner and with the same effect, and subject to the same conditions, as the United States has a lien with respect to the United States income tax. Such lien in respect of the Guam Territorial income tax shall be enforceable in the name of and by the government of Guam. Where filing of a notice of lien is prescribed by the income-tax laws in force in Guam pursuant to subsection (a) of this section, such notice shall be filed in the Office of the Clerk of the District Court of Guam.

(h) Jurisdiction of District Court; suits for recovery or collection of taxes; payment of judgment

(1) Notwithstanding any provision of section 1424 of this title or any other provision of law to the contrary, the District Court of Guam shall have exclusive original jurisdiction over all judicial proceedings in Guam, both criminal and civil, regardless of the degree of the offense or of the amount involved, with respect to the Guam Territorial income tax.

(2) Suits for the recovery of any Guam Territorial income tax alleged to have been erroneously or illegally assessed or collected, or of any penalty claimed to have been collected without authority, or of any sum alleged to have been excessive or in any manner wrongfully collected, under the income-tax laws in force in Guam, pursuant to subsection (a) of this section, may, regardless of the amount of claim, be maintained against the government of Guam subject to the same statutory requirements as are applicable to suits for the recovery of such amounts maintained against the United States in the United States district courts with respect to the United States income tax. When any judgment against the government of Guam under this paragraph has become final, the Governor shall order the payment of such judgments out of any unencumbered funds in the treasury of Guam.

(3) Execution shall not issue against the Governor or any officer or employee of the government of Guam on a final judgment in any proceeding against him for any acts or for the recovery of money exacted by or paid to him and subsequently paid into the treasury of Guam, in performing his official duties under the income-tax laws in force in Guam pursuant to subsection (a) of this section, if the court certifies that—

(A) probable cause existed; or

(B) such officer or employee acted under the directions of the Governor or his delegate.

When such certificate has been issued, the Governor shall order the payment of such judgment out of any unencumbered funds in the treasury of Guam.

(4) A civil action for the collection of the Guam Territorial income tax, together with fines, penalties, and forfeitures, or for the recovery of any erroneous refund of such tax, may be brought in the name of and by the government of Guam in the District Court of Guam or in any district court of the United States or in any court having the jurisdiction of a district court of the United States.

(5) The jurisdiction conferred upon the District Court of Guam by this subsection shall not be subject to transfer to any other court by the legislature, notwithstanding section 1424(a) of this title. (Aug. 1, 1950, ch. 512, §31, 64 Stat. 392; Pub. L. 85–688, §1, Aug. 20, 1958, 72 Stat. 681; Pub. L.

Until the laws of Guam shall make such provision the method of electing the legislature shall remain as it is upon the date of enactment of this Act."

§1423a. Power of legislature; limitation on indebtedness of Guam; bond issues; guarantees for purchase by Federal Financing Bank of Guam Power Authority bonds or other obligations; interest rates; default

The legislative power of Guam shall extend to all rightful subjects of legislation not inconsistent with the provisions of this chapter and the laws of the United States applicable to Guam. Taxes and assessments on property, internal revenues, sales, license fees, and royalties for franchises, privileges, and concessions may be imposed for purposes of the government of Guam as may be uniformly provided by the Legislature of Guam, and when necessary to anticipate taxes and revenues, bonds and other obligations may be issued by the government of Guam: *Provided, however,* That no public indebtedness of Guam shall be authorized or allowed in excess of 10 per centum of the aggregate tax valuation of the property in Guam. Bonds or other obligations of the government of Guam payable solely from revenues derived from any public improvement or undertaking shall not be considered public indebtedness of Guam within the meaning of this section. All bonds issued by the government of Guam or by its authority shall be exempt, as to principal and interest, from taxation by the Government of the United States or by the government of Guam, or by any State or Territory or any political subdivision thereof, or by the District of Columbia. The Secretary of the Interior (hereafter in this section referred to as "Secretary") is authorized to guarantee for purchase by the Federal Financing Bank bonds or other obligations of the Guam Power Authority maturing on or before December 31, 1978, which shall be issued in order to refinance short-term notes due or existing on June 1, 1976 and other indebtedness not evidenced by bonds or notes in an aggregate amount of not more than \$36 million, and such bank, in addition to its other powers, is authorized to purchase, receive or otherwise acquire these same. The interest rate on obligations purchased by the Federal Financing Bank shall be not less than a rate determined by the Secretary of the Treasury taking into consideration the current average market yield on outstanding marketable obligations of the United States of comparable maturities, adjusted to the nearest one-eighth of 1 per centum, plus 1 per centum per annum. The Secretary, with the concurrence of the Secretary of the Treasury, may extend the guarantee provision of the previous sentence until December 31, 1980. The Secretary, upon determining that the Guam Power Authority is unable to refinance on reasonable terms the obligations purchased by the Federal Financing Bank under the fifth sentence of this section by December 31, 1980, may, with the concurrence of the Secretary of the Treasury, guarantee for purchase by the Federal Financing Bank; and such bank is authorized to purchase, obligations of the Guam Power Authority issued to refinance the principal amount of the obligations guaranteed under the fifth sentence of this section. The obligations that refinance such principal amount shall mature not later than December 31, 1990, and shall bear interest at a rate determined in accordance with section 2285 of title 12. At the request of the Board of Directors of the Guam Power Authority for a second refinancing agreement and conditioned on the approval of the Government of Guam pursuant to the law of Guam, and conditioned on the establishment of an independent rate-making authority by the Government of Guam, the Secretary may guarantee for purchase by the Federal Financing Bank, on or before December 31, 1984, according to an agreement that shall provide for—

- (a) substantially equal semiannual installments of principal and interest;
- (b) maturity of obligations no later than December 31, 2004;
- (c) authority for the Secretary, should there be a violation of a provision of this legislation, or covenants or stipulations contained in the refinancing document and after giving sixty days notice of such violation to the Guam Power Authority and the Governor of Guam, to dismiss members of the Board of Directors or the general manager of the Guam Power Authority, and (1) appoint in their place members or a general manager who shall serve at the pleasure of the Secretary, or (2) contract for the management of the Guam Power Authority; and
- (d) an annual simple interest rate of seven per centum; and

the Federal Financing Bank shall purchase such Guam Power Authority obligations if such Guam Power Authority obligations are issued to refinance the principal amount scheduled to mature on December 31, 1990. Should such second refinancing occur, (1) the independent rate-making authority to be established by the Government of Guam, or in its absence, the Board of Directors of the Guam Power Authority, shall establish rates sufficient to satisfy all financial obligations and future capital investment needs of the Guam Power Authority that shall be consistent with generally accepted rate-making practices of public utilities, and (2) the Government of Guam shall not modify the requirements of such refinancing agreement without agreement of the Secretary. There are authorized to be appropriated to the Secretary of the Interior for payment to the Federal Financing Bank such sums as are necessary to pay (1) the repurchase payment required under the fifth paragraph of the December 31, 1980, note from the Guam Power Authority to the Federal Financing Bank and any subsequent repurchase payments required under the second refinancing agreement, and (2) the interest rate differential between the seven per centum to be paid by the Guam Power Authority and the second refinancing agreement and the interest rate that would otherwise be determined in accordance with the above cited section 2285 of title 12. Should the Guam Power Authority fail to pay in full any installment of interest or principal when due on the bonds or other obligations guaranteed under this section, the Secretary of the Treasury, upon notice from the Secretary shall deduct and pay to the Federal Financing Bank or the Secretary, according to their respective interests, such unpaid amounts from sums collected and payable pursuant to section 1421h of this title. Notwithstanding any other provision of law, Acts making appropriations may provide for the withholding of any payments from the United States to the government of Guam which may be or may become due pursuant to any law and offset the amount of such withheld payments against any claim the United States may have against the government of Guam or the Guam Power Authority pursuant to this guarantee. For the purpose of this chapter, under section 3713(a) of title 31 the term “person” includes the government of Guam and the Guam Power Authority. The Secretary may place such stipulations as he deems appropriate on the bonds or other obligations he guarantees. (Aug. 1, 1950, ch. 512, §11, 64 Stat. 387; Pub. L. 94–395, Sept. 3, 1976, 90 Stat. 1199; Pub. L. 96–205, title III, §303, Mar. 12, 1980, 94 Stat. 88; Pub. L. 98–454, title II, §203, Oct. 5, 1984, 98 Stat. 1733; Pub. 1976—Pub. L. 94–395 inserted provisions relating to authority of Secretary of the Interior to guarantee for purchase by the Federal Financing Bank bonds or other obligations of the Guam Power Authority maturing on or before Dec. 31, 1978.

It shall choose from its members its own officers, determine its rules and procedure, not inconsistent with this chapter, and keep a journal. CODIFICATION

The source of most sections of this chapter is the Revised Statutes enacted in 1873 and other early statutes. The Revised Statutes can no longer apply to contiguous territory because no such territory now exists. As to noncontiguous territory, Guam, Puerto Rico, and the Virgin Islands each has its own organic act, providing a complete system of government, legislative, executive, and judicial. The Canal Zone has its own code of laws. The independence of the Philippine Islands was recognized by Proc. No. 2695, eff. July 4, 1946, set out as a note under section 1394 of Title 22, Foreign Relations and Intercourse. The other possessions, such as Samoa, are covered by special provisions set out elsewhere in this title.

In order to minimize the burden caused by existing application and reporting procedures for certain grant-in-aid programs available to the Virgin Islands, Guam, American Samoa, the Trust Territory of the Pacific Islands, and the Government of the Northern Mariana Islands (hereafter referred to as “Insular Areas”) it is declared to be the policy of the Congress, notwithstanding any provision of law to the contrary, that:

(a) Any department or agency of the Government of the United States which administers any Act of Congress which specifically provides for making grants to any Insular Area under which payments received may be used by such Insular Area only for certain specified purposes (other than

direct payments to classes of individuals) may, acting through appropriate administrative authorities of such department or agency, consolidate any or all grants made to such area for any fiscal year or years.

(b) Any consolidated grant for any insular area shall not be less than the sum of all grants which such area would otherwise be entitled to receive for such year.

(c) The funds received under a consolidated grant shall be expended in furtherance of the programs and purposes authorized for any of the grants which are being consolidated, which are authorized under any of the Acts administered by the department or agency making the grant, and which would be applicable to grants for such programs and purposes in the absence of the consolidation, but the Insular Areas shall determine the proportion of the funds granted which shall be allocated to such programs and purposes.

(d) Each department or agency making grants-in-aid shall, by regulations published in the Federal Register, provide the method by which any Insular Area may submit (i) a single application for a consolidated grant for any fiscal year period, but not more than one such application for a consolidated grant shall be required by any department or agency unless notice of such requirement is transmitted to the appropriate committees of the United States Congress together with a complete explanation of the necessity for requiring such additional applications and (ii) a single report to such department or agency with respect to each such consolidated grant: *Provided*, That nothing in this paragraph shall preclude such department or agency from providing adequate procedures for accounting, auditing, evaluating, and reviewing any programs or activities receiving benefits from any consolidated grant. The administering authority of any department or agency, in its discretion, may (i) waive any requirement for matching funds otherwise required by law to be provided by the Insular Area involved and (ii) waive the requirement that any Insular Area submit an application or report in writing with respect to any consolidated grant.

For termination of Trust Territory of the Pacific Islands, see note set out preceding section 1681 of this title.

§1492. Energy resources of Caribbean and Pacific insular areas

(a) Congressional findings

The Congress finds that—

(1) the Caribbean and Pacific insular areas of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, and Palau are virtually completely dependent on imported sources of energy;

(2) the dependence of such areas on imported sources of energy coupled with the increasing cost and the uncertain availability and supply of such sources of energy will continue to frustrate the political, social, and economic development of such areas by placing increasingly severe fiscal burdens on the local governments of these areas;

(3) these insular areas are endowed with a variety of renewable sources of energy which, if developed, would alleviate their dependence on imported sources of energy, relieve the fiscal burden on local governments imposed by the costs of imported fuel, and strengthen the base for political, social, and economic development;

(4) appropriate technologies are presently available to develop the renewable energy resources of these insular areas but that comprehensive energy plans have not been adequately developed to meet the energy demands of these areas from renewable energy resources;

(5) electric power transmission and distribution lines in insular areas are inadequate to withstand damage caused by the hurricanes and typhoons which frequently occur in insular areas and such damage often costs millions of dollars to repair; and

(6) the refinement of renewable energy technologies since the publication of the 1982 Territorial Energy Assessment prepared pursuant to subsection (c) of this section reveals the need to reassess the state of energy production, consumption, infrastructure, reliance on imported energy, opportunities for energy conservation and increased energy efficiency, and indigenous sources in regard to the insular areas.

(b) Congressional declaration of policy

The Congress declares that it is the policy of the Federal Government to—

(1) develop the renewable energy resources of the Caribbean and Pacific insular areas of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, and Palau; and

(2) to assist other insular areas in the Caribbean and Pacific Basin in the development of their renewable energy resources.

(c) Comprehensive energy plan

The Secretary of Energy or any administrative official who may succeed him shall prepare a comprehensive energy plan with emphasis on indigenous renewable sources of energy for Puerto Rico, the Virgin Islands, Guam, American Samoa, the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands and Palau. The plan shall be prepared with the approval of the Secretary of the Interior and in cooperation with the chief executive officer of each insular area by—

(1) surveying existing sources and uses of energy;

(2) estimating future energy needs to the year 2020, giving due consideration to a range of economic development possibilities;

(3) assessing, in depth, the availability and potential for development of indigenous energy sources, including solar, wind, hydropower, ocean current and tidal, biogas, biofuel, geothermal and ocean thermal energy conversion;

(4) assessing the mix of energy sources (including fossil fuels) and identifying those technologies that are needed to meet the projected demands for energy; and

(5) drafting long-term energy plans for such insular areas with the objective of minimizing their reliance on energy imports and making maximum use of their indigenous energy resources.

(d) Demonstration of cost effective renewable energy technologies

The Secretary of Energy or any administrative official who may succeed him, with the approval of the Secretary of the Interior, as part of the comprehensive energy planning may demonstrate those indigenous renewable energy technologies which are determined to be most cost effective through the use of existing programs and may implement any projects or programs contained in recommendations of the plan.

(e) Updating of plans; submission to Congress

(1) The Secretary of the Interior, in consultation with the Secretary of Energy and the head of government of each insular area, shall update the plans required under subsection (c) of this section by—

(A) updating the contents required by subsection (c) of this section;

(B) drafting long-term energy plans for such insular areas with the objective of reducing, to the extent feasible, their reliance on energy imports by the year 2012, increasing energy conservation and energy efficiency, and maximizing, to the extent feasible, use of indigenous energy sources; and

(C) drafting long-term energy transmission line plans for such insular areas with the objective that the maximum percentage feasible of electric power transmission and distribution lines in each insular area be protected from damage caused by hurricanes and typhoons.

(2) In carrying out this subsection, the Secretary of Energy shall identify and evaluate the strategies or projects with the greatest potential for reducing the dependence on imported fossil fuels as used for the generation of electricity, including strategies and projects for—

(A) improved supply-side efficiency of centralized electrical generation, transmission, and distribution systems;

(B) improved demand-side management through—

(i) the application of established standards for energy efficiency for appliances;

(ii) the conduct of energy audits for business and industrial customers; and

(iii) the use of energy savings performance contracts;

(C) increased use of renewable energy, including—
 (i) solar thermal energy for electric generation;
 (ii) solar thermal energy for water heating in large buildings, such as hotels, hospitals, government buildings, and residences;
 (iii) photovoltaic energy;
 (iv) wind energy;
 (v) hydroelectric energy;
 (vi) wave energy;
 (vii) energy from ocean thermal resources, including ocean thermal-cooling for community air conditioning;
 (viii) water vapor condensation for the production of potable water;
 (ix) fossil fuel and renewable hybrid electrical generation systems; and
 (x) other strategies or projects that the Secretary may identify as having significant potential;
and

(D) fuel substitution and minimization with indigenous biofuels, such as coconut oil.

(3) In carrying out this subsection, for each insular area with a significant need for distributed generation, the Secretary of Energy shall identify and evaluate the most promising strategies and projects described in subparagraphs (C) and (D) of paragraph (2) for meeting that need.

(4) In assessing the potential of any strategy or project under paragraphs (2) and (3), the Secretary of Energy shall consider—

(A) the estimated cost of the power or energy to be produced, including—
 (i) any additional costs associated with the distribution of the generation; and
 (ii) the long-term availability of the generation source;

(B) the capacity of the local electrical utility to manage, operate, and maintain any project that may be undertaken; and

(C) other factors the Secretary of Energy considers to be appropriate.

(5) Not later than 1 year after August 8, 2005, the Secretary of the Interior shall submit to the Committee on Energy and Natural Resources of the Senate, the Committee on Resources of the House of Representatives, and the Committee on Energy and Commerce of the House of Representatives, the updated plans for each insular area required by this subsection.

(f) Authorization of appropriations

There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this section.

(g) Financial assistance

(1) The Secretary of Energy may grant financial assistance, not to exceed \$2,000,000 annually, to insular area governments or private sector persons working in cooperation with insular area governments to carry out projects to evaluate the feasibility of, develop options for, and encourage the adoption of energy efficiency and renewable energy measures which reduce the dependency of the insular areas on imported fuels, improve the quality of the environment, and promote development in the insular areas.

(2) Any applicant for financial assistance under this subsection must evidence coordination and cooperation with, and support from, the affected local energy institutions.

(3) In determining the amount of financial assistance to be provided for a proposed project, the Secretary shall consider—

(A) whether the measure will reduce the relative dependence of the insular area on imported fuels;

(B) the ease and costs of operation and maintenance of any facilities contemplated as a part of the project;

(C) whether the project will rely on the use of conservation measures or indigenous, renewable energy resources that were identified in the 1982 Territorial Energy Assessment or that are identified by the Secretary as consistent with the purposes of this subsection;

(D) whether the measure will contribute significantly to development and the quality of the environment in the insular area; and

(E) any other factors which the Secretary may determine to be relevant to a particular project.

(4) POWER LINE GRANTS FOR INSULAR AREAS.—

(A) **IN GENERAL.**—The Secretary of the Interior is authorized to make grants to governments of insular areas of the United States to carry out eligible projects to protect electric power transmission and distribution lines in such insular areas from damage caused by hurricanes and typhoons.

(B) **ELIGIBLE PROJECTS.**—The Secretary of the Interior may award grants under subparagraph (A) only to governments of insular areas of the United States that submit written project plans to the Secretary for projects that meet the following criteria:

(i) The project is designed to protect electric power transmission and distribution lines located in 1 or more of the insular areas of the United States from damage caused by hurricanes and typhoons.

(ii) The project is likely to substantially reduce the risk of future damage, hardship, loss, or suffering.

(iii) The project addresses 1 or more problems that have been repetitive or that pose a significant risk to public health and safety.

(iv) The project is not likely to cost more than the value of the reduction in direct damage and other negative impacts that the project is designed to prevent or mitigate. The cost benefit analysis required by this criterion shall be computed on a net present value basis.

(v) The project design has taken into consideration long-term changes to the areas and persons it is designed to protect and has manageable future maintenance and modification requirements.

(vi) The project plan includes an analysis of a range of options to address the problem it is designed to prevent or mitigate and a justification for the selection of the project in light of that analysis.

(vii) The applicant has demonstrated to the Secretary that the matching funds required by subparagraph (D) are available.

(C) **PRIORITY.**—When making grants under this paragraph, the Secretary of the Interior shall give priority to grants for projects which are likely to—

(i) have the greatest impact on reducing future disaster losses; and

(ii) best conform with plans that have been approved by the Federal Government or the government of the insular area where the project is to be carried out for development or hazard mitigation for that insular area.

(D) **MATCHING REQUIREMENT.**—The Federal share of the cost for a project for which a grant is provided under this paragraph shall not exceed 75 percent of the total cost of that project. The non-Federal share of the cost may be provided in the form of cash or services.

(E) **TREATMENT OF FUNDS FOR CERTAIN PURPOSES.**—Grants provided under this paragraph shall not be considered as income, a resource, or a duplicative program when determining eligibility or benefit levels for Federal major disaster and emergency assistance.

(F) **AUTHORIZATION OF APPROPRIATIONS.**—There are authorized to be appropriated to carry out this paragraph \$6,000,000 for each fiscal year beginning after August 8, 2005.

(5) For the purposes of this subsection—

(A) the term “insular area” means American Samoa, the Commonwealth of the Northern Mariana Islands, the Commonwealth of Puerto Rico, the Federated States of Micronesia, Guam,

the Republic of the Marshall Islands, the Republic of Palau, and the Virgin Islands; and

(B) the term “1982 Territorial Energy Assessment” means the comprehensive energy plan prepared by the Secretary of Energy pursuant to subsection (c) of this section.

In case any of the officers whose signatures appear on the bonds or coupons shall cease to be such officers before delivery of such bonds, such signature, whether manual or facsimile, shall nevertheless be valid and sufficient for all purposes, the same as if such officers had remained in office until such delivery. The bonds so issued shall bear interest at a rate not to exceed that specified by the legislature. All bonds issued by the government of the Virgin Islands, including specifically interest thereon, shall be exempt from taxation by the Government of the United States, or by the government of the Virgin Islands or any political subdivision thereof, or by any State, territory, or possession or by any political subdivision of any State, territory, or possession, or by the District of Columbia.

(B) Bonds or other obligations issued pursuant to this paragraph (ii) shall not be a debt of the United States, nor shall the United States be liable thereon.

(iii)(A) The legislature of the government of the Virgin Islands may cause to be issued after September 30, 1984, industrial development bonds (within the meaning of section 103(b)(2) ¹ of title 26).

§1574b. Federal guarantee for issuance of revenue bonds or other obligations

(a) Application to Secretary of the Interior; contents

When authorized under subsection (b) of section 1574a of this title, the government of the Virgin Islands may apply to the Secretary of the Interior (hereinafter referred to as the “Secretary”) for a guarantee of any issue of bonds or other obligations authorized to be issued under subsection (a) of section 1574a of this title. Any such application shall contain such information as the Secretary may prescribe.

(b) Terms and conditions of guarantee or commitment to guarantee; determination by Secretary of approval

The Secretary is authorized, with the approval of the Secretary of the Treasury, to guarantee and to enter into commitments to guarantee, upon such terms and conditions as he may prescribe, payment of principal and interest on bonds and other obligations issued by the government of the Virgin Islands under subsection (a) of section 1574a of this title. No guarantee or commitment to guarantee shall be made unless the Secretary determines—

(1) that the proceeds of such issue will be used only for public works or other capital projects, except that \$28,000,000 of the guaranteed bonding authority will be used for water producing and power projects, including maintenance and overhaul of electrical generating and distribution mechanisms, and \$12,000,000 of the guaranteed bonding authority will be used for repair and improvements of the water distribution and storage systems;

(2) taking into account anticipated expenditures by the government of the Virgin Islands while the bonds or other obligations forming a part of such issue will be outstanding, all outstanding obligations of the government of the Virgin Islands which will mature while the bonds or other obligations forming a part of such issue will be outstanding, and such other factors as he deems pertinent, that the revenues expected to be received under section 7652(b)(3) of title 26 will be sufficient to pay the principal of, and interest on, the bonds or other obligations forming a part of such issue;

(3) that credit is not otherwise available on reasonable terms and conditions and that there is reasonable assurance of repayment, and

(4) that the maturity of any obligations to be guaranteed does not exceed thirty years or 90 per centum of the useful life of the physical assets to be financed by the obligation, whichever is less as determined by the Secretary.

(c) Administrative costs; deposit of fees

The Secretary shall charge and collect fees in amounts sufficient in his judgment to cover the costs of administering this section. Fees collected under this subsection shall be deposited in the revolving fund created under subsection (g) of this section.

(d) Conclusiveness and incontestability; pledge of full faith and credit

Any guarantee made by the Secretary shall be conclusive evidence of the eligibility of the obligation for such guarantee, and the validity of any guarantee so made shall be incontestable, except for fraud or material misrepresentation, in the hands of the holder of the guaranteed

obligation. Such guarantee shall constitute a pledge of the full faith and credit of the United States for such obligation.

(e) Interest on guaranteed obligations taxable

The interest on any obligation guaranteed under this section shall be included in gross income for purposes of chapter 1 of the Internal Revenue Code of 1986 [26 U.S.C. 1 et seq.].

(f) Maximum amount guaranteed; time limitations on commitments to guarantee, obligation of guaranteed but unobligated funds, and repayment of unobligated proceeds of bonds or other obligations

The aggregate principal amount of obligations which may be guaranteed under this Act shall not exceed \$101,000,000. No commitment to guarantee may be issued by the Secretary, and no guaranteed but unobligated funds may be obligated by the government of the Virgin Islands after October 1, 1990. After October 1, 1990, any unobligated proceeds of bonds or other obligations issued by the government of the Virgin Islands pursuant to this section shall be repaid immediately by the government of the Virgin Islands to the lenders with the agreed upon interest. Should there be any delay in the government of the Virgin Islands' making such repayment, the Secretary shall deduct the requisite amounts from moneys under his control that would otherwise be paid to the government of the Virgin Islands under section 7652(b)(3) of title 26.

(g) Revolving fund; establishment; submission of budget to Congress; payments; transfers from fund to general fund of Treasury; issuance and sale of notes or other obligations for guarantees

(1) There is hereby created within the Treasury a separate fund (hereinafter referred to as "the fund") which shall be available to the Secretary without fiscal year limitation as revolving fund for the purpose of this Act. A business-type budget for the fund shall be prepared, transmitted to the Congress, considered, and enacted in the manner prescribed by law (sections 9103 and 9104 of title 31) for wholly owned Government corporations.

(2) All expenses, including reimbursements to other government accounts, and payments pursuant to operations of the Secretary under this Act shall be paid from the fund. If at any time the Secretary determines that moneys in the fund exceed the present and any reasonably prospective future requirements of the fund, such excess may be transferred to the general fund of the Treasury.

(3) If at any time the moneys available in the fund are insufficient to enable the Secretary to discharge his responsibilities under guarantees under this Act, he shall issue to the Secretary of the Treasury notes or other obligations in such forms and denominations, bearing such maturities, and subject to such terms and conditions, as may be prescribed by the Secretary of the Treasury. Redemption of such notes or obligations shall be made by the Secretary from appropriations which are hereby authorized for this purpose. Such notes or other obligations shall bear interest at a rate determined by the Secretary of the Treasury, which shall not be less than a rate determined by taking into consideration the average market yield on outstanding marketable obligations of the United States of comparable maturities during the month preceding the issuance of the notes or other obligations. §1575. Legislative procedure

(a) Quorum and method of voting on bills

The number of members of the legislature needed to constitute a quorum shall be determined by the laws of the Virgin Islands. No bill shall become a law unless it shall have been passed at a meeting, at which a quorum was present, by the affirmative vote of a majority of the members present and voting, which vote shall be by yeas and nays.

(b) Enacting clause of acts

The enacting clause of all acts shall be as follows: “Be it enacted by the Legislature of the Virgin Islands”.

(c) Governor's message and budget

The Governor shall submit at the opening of each regular session of the legislature a message on the state of the Virgin Islands and a budget of estimated receipts and expenditures, which shall be the basis of the appropriation bills for the ensuing fiscal year, which shall commence on the first day of July or such other date as the Legislature of the Virgin Islands may determine.

(d) Approval and disapproval of bills

Every bill passed by the legislature shall, before it becomes a law, be presented to the Governor. If the Governor approves the bill, he shall sign it. If the Governor disapproves the bill, he shall, except as hereinafter provided, return it, with his objections, to the legislature within ten days (Sundays excepted) after it shall have been presented to him. If the Governor does not return the bill within such period, it shall be a law in like manner as if he had signed it, unless the legislature by adjournment prevents its return, in which case it shall be a law if signed by the Governor within thirty days after it shall have been presented to him; otherwise it shall not be a law. When a bill is returned by the Governor to the legislature with his objections, the legislature shall enter his objections at large on its journal and, upon motion of a member of the legislature, proceed to reconsider the bill. If, after such reconsideration, two-thirds of all the members of the legislature pass the bill, it shall be a law. If any bill presented to the Governor contains several items of appropriation of money, he may object to one or more of such items, or any part or parts, portion or portions thereof, while approving the other items, parts, or portions of the bill. In such a case he shall append to the bill, at the time of signing it, a statement of the items, or parts or portions thereof, to which he objects, and the items, or parts or portions thereof, so objected to shall not take effect, unless the legislature, after reconsideration upon motion of a member thereof, passes such items, parts, or portions so objected to by a vote of two-thirds of all the members of the legislature.

(e) Use of prior appropriations upon failure to pass appropriation bills

If at the termination of any fiscal year the legislature shall have failed to pass appropriation bills providing for payment of the obligations and necessary current expenses of the government of the

Virgin Islands for the ensuing fiscal year, then the several sums appropriated in the last appropriation bills for the objects and purposes therein specified, so far as the same may be applicable, shall be deemed to be reappropriated item by item.

(f) Journal of proceedings; contents

The legislature shall keep a journal of its proceedings and publish the same. Every bill passed by the legislature and the yeas and nays on any question shall be entered on the journal.

(g) Transmittal of laws to Congress

A listing of all laws enacted by the legislature each year shall be transmitted with the annual report to Congress required pursuant to section 1591 of this title.

The Governor of the Virgin Islands, together with the Lieutenant Governor, shall be elected by a majority of the votes cast by the people who are qualified to vote for the members of the legislature of the Virgin Islands. The Governor and Lieutenant Governor shall be chosen jointly, by the casting by each voter of a single vote applicable to both officers. If no candidates receive a majority of the votes cast in any election, on the fourteenth day thereafter a run-off election shall be held between the candidates for Governor and Lieutenant Governor receiving the highest and second highest number of votes cast. The first election for Governor and Lieutenant Governor shall be held on November 3, 1970. Thereafter, beginning with the year 1974, the Governor and Lieutenant Governor shall be elected every four years at the general election. The Governor and Lieutenant Governor shall hold office for a term of four years and until their successors are elected and qualified. No person who has been elected Governor for two full successive terms shall be again eligible to hold that office until one full term has intervened. The term of the elected Governor and Lieutenant Governor shall commence on the first Monday of January following the date of election.

No person shall be eligible for election to the office of Governor or Lieutenant Governor unless he is an eligible voter and has been for five consecutive years immediately preceding the election a citizen of the United States and a bona fide resident of the Virgin Islands and will be, at the time of taking office, at least thirty years of age. While in Saint Croix the Governor may reside in Government House on Saint Croix, which house, together with land appurtenant thereto is also transferred to the government of the Virgin Islands.

The Governor shall have general supervision and control of all the departments, bureaus, agencies, and other instrumentalities of the executive branch of the government of the Virgin Islands. He may grant pardons and reprieves and remit fines and forfeitures for offenses against local laws. He may veto any legislation as provided in this chapter. He shall appoint, and may remove, all officers and employees of the executive branch of the government of the Virgin Islands, except as otherwise provided in this or any other Act of Congress, or under the laws of the Virgin Islands, and shall commission all officers that he may be authorized to appoint. Whenever it becomes necessary, in case of disaster, invasion, insurrection, or rebellion or imminent danger thereof, or to prevent or suppress lawless violence, he may summon the posse comitatus or call out the militia or request assistance of the senior military or naval commander of the Armed Forces of the United States in the Virgin Islands or Puerto Rico, which may be given at the discretion of such commander if not disruptive of, or inconsistent with, his Federal responsibilities. He may, in case of rebellion or invasion or imminent danger thereof, when the public safety requires it, proclaim the islands, insofar as they are under the jurisdiction of the government of the Virgin Islands, to be under martial law. The members of the legislature shall meet forthwith on their own initiative and may, by a two-thirds vote, revoke such proclamation.

The Governor shall prepare, publish, and submit to the Congress and the Secretary of the Interior a comprehensive annual financial report in conformance with the standards of the National Council on Governmental Accounting within one hundred and twenty days after the close of the fiscal year. The comprehensive annual financial report shall include statistical data as set forth in the standards of the National Council on Governmental Accounting relating to the physical, economic, social, and political characteristics of the government, and any other information required by the Congress. The Governor shall also make such other reports at such other times as may be required by the Congress or under applicable Federal law. He shall have the power to issue executive orders and regulations not in conflict with any applicable law. He may recommend bills to the legislature and give expression to his views on any matter before that body.

§1593. Initiative and recall

(a) Grant of rights

The people of the Virgin Islands shall have the rights of initiative and recall to be exercised as provided in subsection (b) and subsection (c) of this section, respectively.

(b) Initiative

(1) An initiative may enact, amend, or repeal any law, except that an initiative shall not be used to repeal a law declared by the legislature at the time of passage to be an emergency law necessary for the preservation of the public health, safety, or peace.

(2) An initiative that proposes a reduction of taxes shall also provide for an equivalent reduction of expenditures or an equivalent increase in revenues from other sources.

(3) An initiative shall address one subject only and matters reasonably related to that subject.

(4) The ballot question shall be in such form that a “yes” vote is a vote in favor of the proposal and a “no” vote is a vote against the proposal.

(5) A copy of the proposed initiative petition, including a complete text of the proposed law and containing signatures equal to at least 1 percent of the voters of each legislative district or 4 percent of all voters of the Virgin Islands must be submitted to the Supervisor of Elections prior to circulation for ballot qualification. The Supervisor of Elections must determine within 10 days after the submission whether the preliminary signatures are sufficient. If so determined, the Supervisor of Elections shall refer the preliminary petition to an initiative titling board consisting of the Attorney General, the Supervisor of Elections, and the legislative counsel of the legislature. The board shall, in an open hearing, prepare the official ballot title, the submission question, and a summary of the initiative proposal, and this preparation shall be completed within 30 days after the referral.

(6) After the ballot title has been written, proponents of the initiative proposal shall have a maximum of 180 days to circulate the petition. Petitions containing signatures equal to at least 10 percent of the voters of each legislative district or 41 percent of all voters of the Virgin Islands must be submitted to the Supervisor of Elections. The Supervisor shall have 15 days to determine that the minimum number of valid signatures are contained in the petition and he shall forward the certified proposal to the legislature which must accept or reject the measure within 30 days. If approved, the initiative shall take effect in accordance with its terms. If the legislature does not approve, the initiative shall be submitted to the voters at the next general election, unless the legislature approves a special election for this purpose. The legislature may submit its own version of the initiative to the voters. Should both measures be approved by the voters, the measure receiving the higher number of votes shall prevail. The voters shall have a clear alternative of rejecting either version or the entire proposition.

(7) An initiative submitted to the voters shall take effect if the initiative is approved by a majority of persons voting and if a majority of the voters of the Virgin Islands vote on the initiative. An

initiative may not be vetoed by the Governor, and when approved by the voters, may not be amended or repealed by the legislature during the 3-year period after its approval unless the legislature acts by a two-thirds majority.

(8) The legislature may provide the manner in which petitions shall be circulated, filed, certified, and the ballot question shall be submitted to the voters.

(c) Recall

(1) An elected public official of the Virgin Islands may be removed from office by a recall election carried out under this subsection. The grounds for recall are any of the following: lack of fitness, incompetence, neglect of duty, or corruption.

(2) A recall election may be initiated by a two-thirds vote of the members of the legislature or by a petition under this subsection.

(3) Prior to circulation a recall petition which identifies by name and office the official being recalled and which states the grounds for recall shall be submitted to the Supervisor of Elections. The sponsors of the recall petition shall be allowed a period of 60 days after such submission for filing with the Supervisor of Elections a list of signatures equal in number to at least 50 percent of the whole number of votes cast for that office in the last general election at which that office was filled. The Supervisor of Elections shall have 15 days in which to determine whether the minimum number of valid signatures are contained in the recall petition.

(4) A special recall election shall be held with respect to an elected public official not earlier than 30 days after a vote of the legislature under paragraph (2) or a determination of the board of elections under paragraph (3), as the case may be, and not later than 60 days after such vote or determination.

(5) An official shall be removed from office upon approval of the recall in an election in which at least two-thirds of the number of persons voting for such official in the last preceding general election at which such official was elected vote in favor of recall and in which those so voting constitute a majority of all those participating in such recall election.

(6) No recall election shall be held with respect to an elected public official—

(A) during the first year of the first term of office of the official; or

(B) less than 3 months before a general election for the office.

(d) “Law” and “voter” defined

As used in this section, the term—

(1) “law” means a law of the Virgin Islands; and

(2) “voter” means a registered voter who is eligible to vote on the issue or for the office involved.

The Buck Island Reef National Monument, situated off the northeast coast of Saint Croix Island in the Virgin Islands of the United States, was established by Proclamation No. 3443 of December 28, 1961 (76 Stat. 1441). It now has been determined that approximately thirty acres of submerged land should be added to the monument site in order to insure the proper care and management of the shoals, rocks, undersea coral reef formations and other objects of scientific and historical interest pertaining to this National Monument.

These thirty acres of submerged lands are presently owned in fee by the United States. They will be conveyed to the Government of the Virgin Islands on February 3, 1975, pursuant to Section 1(a) of Public Law 93–435 (88 Stat. 1210) [subsec. The aforementioned thirty acres of submerged lands are contiguous to the site of the Buck Island Reef National Monument, constitute a part of the ecological community of the Buck Island Reef, and will not enlarge the monument boundaries beyond the smallest area compatible with its proper care and management.

NOW, THEREFORE, I, GERALD R. FORD, President of the United States of America, by virtue of the authority vested in me by Section 1(b)(vii) of Public Law 93–435 (88 Stat. 1210) [subsec. The amendment made by paragraph (2) of section 2 [adding subsecs. (c) and (d) of this section] shall take effect on January 1, 2005.”

FINDINGS

Pub. L. 108–376, §1, Oct. 30, 2004, 118 Stat. 2200, provided that: “Congress finds the following:

“(1) It is in the national interest that qualifying members of the Armed Forces on active duty and other overseas voters be allowed to vote in Federal elections.

“(2) Since 1980, when the first election for the Congressional Delegate from American Samoa was held, general elections have been held in the first week of November in even-numbered years and runoff elections have been held 2 weeks later.

“(3) This practice of holding a run-off election 2 weeks after a general election deprives members of the Armed Forces on active duty and other overseas voters of the opportunity to participate in the Federal election process in American Samoa.

“(4) Prior to and since September 11, 2001, and due to limited air service, mail delays, and other considerations, it has been and remains impossible for absentee ballots to be prepared and returned within a 2-week period.

“(5) American Samoa law requiring members of the Armed Forces on active duty and other overseas voters to register in person also prevents participation in the Federal election process and is contrary to the Uniformed and Overseas Citizens Absentee Voting Act [42 U.S.C. 1973ff et seq.].

“(6) Given that 49 states elect their Representatives to the United States House of Representatives by plurality, it is in the national interest for American Samoa to do the same until such time as the American Samoa Legislature establishes primary elections and declares null and void the local practice of requiring members of the Armed Forces on active duty and other overseas voters to register in person which is contrary to the federal Uniformed and Overseas Citizens Absentee Voting Act.”

§1733. Qualifications for Office of Delegate

To be eligible for the office of Delegate a candidate shall—

- (a) be at least twenty-five years of age on the date of the election;
- (b) owe allegiance to the United States;
- (c) be an inhabitant of the Territory of American Samoa; and
- (d) not be, on the date of the election, a candidate for any other office.

(Pub. L. 95–556, §3, Oct. 31, 1978, 92 Stat. 2078; Pub. L. 95–584, §3, Nov. 2, 1978, 92 Stat. 2483.)

AMENDMENTS

1978—Subsec. (b). Pub. L. 95–584 substituted allegiance requirement for provision requiring United States citizenship for at least seven years prior to the date of the election.

§1734. Territorial government; determination of election procedure

Acting pursuant to legislation enacted in accordance with section 9, article II of the American Samoan Revised Constitution, the territorial government will determine the order of names on the ballot for election of Delegate, the method by which a special election to fill a vacancy in the office of Delegate shall be conducted, the method by which ties between candidates for the office of Delegate shall be resolved, and all other matters of local application pertaining to the election and the office of Delegate not otherwise expressly provided for herein.

(Pub. L. 95–556, §4, Oct. 31, 1978, 92 Stat. 2078.)

§1735. Operation of Office; compensation, allowances, and benefits; privileges and immunities

Until the Rules of the House of Representatives are amended to provide otherwise, the Delegate from American Samoa shall receive the same compensation, allowances, and benefits as a Member of the House of Representatives, and shall be entitled to whatever privileges and immunities that are, or hereinafter may be, granted to the nonvoting Delegate from the Territory of Guam.

(Pub. L. 95–556, §5, Oct. 31, 1978, 92 Stat. 2078; Pub. L. 97–357, title IV, §401, Oct. 19, 1982, 96 Stat. 1711.)

AMENDMENTS

1982—Pub. L. 97–357 struck out proviso limiting clerk hire allowance for Delegate from American Samoa to 50 per centum of clerk hire allowance of a Member of House of Representatives.

EFFECTIVE DATE OF 1982 AMENDMENT

Pub. L. 97–357, title IV, §401, Oct. 19, 1982, 96 Stat. 1711, provided that the amendment made by section 401 is effective Jan. 1, 1983.

“Now, therefore, the Marianas Political Status Commission, being the duly appointed representative of the people of the Northern Mariana Islands, and the Personal Representative of the President of the United States have entered into this Covenant in order to establish a self-governing commonwealth for the Northern Mariana Islands within the American political system and to define the future relationship between the Northern Mariana Islands and the United States. This Covenant will be mutually binding when it is approved by the United States, by the Mariana Islands District Legislature and by the people of the Northern Mariana Islands in a plebiscite, constituting on their part a sovereign act of self-determination.

When it sits as an appellate court, the District Court will consist of three judges, at least one of whom will be a judge of a court of record of the Northern Mariana Islands.

“(b) The laws of the United States regarding coastal shipments and the conditions of employment, including the wages and hours of employees, will apply to the activities of the United States Government and its contractors in the Northern Mariana Islands.

The Commission will consist of seven persons (at least four of whom will be citizens of the Trust Territory of the Pacific Islands who are and have been for at least five years domiciled continuously in the Northern Mariana Islands at the time of their appointments) who will be representative of the federal, local, private and public interests in the applicability of laws of the United States to the Northern Mariana Islands. The United States will bear the cost of the work of the Commission.

“SECTION 505. “(c) References in the Internal Revenue Code to Guam will be deemed also to refer to the Northern Mariana Islands, where not otherwise distinctly expressed or manifestly incompatible with the intent thereof or of this Covenant.

“SECTION 602. The Government of the Northern Mariana Islands may by local law impose such taxes, in

addition to those imposed under Section 601, as it deems appropriate and provide for the rebate of any taxes received by it, except that the power of the Government of the Northern Mariana Islands to rebate collections of the local territorial income tax received by it will be limited to taxes on income derived from sources within the Northern Mariana Islands.

“SECTION 603. (a) The Northern Mariana Islands will not be included within the customs territory of the United States.

“SECTION 606. (a) Not later than at the time this Covenant is approved, that portion of the Trust Territory Social Security Retirement Fund attributable to the Northern Mariana Islands will be transferred to the Treasury of the United States, to be held in trust as a separate fund to be known as the ‘Northern Mariana Islands Social Security Retirement Fund’. This fund will be administered by the United States in accordance with the social security laws of the Trust Territory of the Pacific Islands in effect at the time of such transfer, which may be modified by the Government of the Northern Mariana Islands only in a manner which does not create any additional differences between the social security laws of the Trust Territory of the Pacific Islands and the laws described in Subsection (b). The United States will supplement such fund if necessary to assure that persons receive benefits therefrom comparable to those they would have received from the Trust Territory Social Security Retirement Fund under the laws applicable thereto on the day preceding the establishment of the Northern Mariana Islands Social Security Retirement Fund, so long as the rate of contributions thereto also remains comparable.

“(b) Those laws of the United States which impose excise and self-employment taxes to support or which provide benefits from the United States Social Security System will on January 1 of the first calendar year following the termination of the Trusteeship Agreement or upon such earlier date as may be agreed to by the Government of the Northern Mariana Islands and the Government of the United States become applicable to the Northern Mariana Islands as they apply to Guam. (As amended Pub. L. 98–213, §9, Dec. 8, 1983, 97 Stat. 1461.)

“(c) At such time as the laws described in Subsection (b) become applicable to the Northern Mariana Islands:

“(1) the Northern Mariana Islands Social Security Retirement Fund will be transferred into the appropriate Federal Social Security Trust Funds;

“(2) prior contributions by or on behalf of persons domiciled in the Northern Mariana Islands to the Trust Territory Social Security Retirement Fund or the Northern Mariana Islands Social Security Retirement Fund will be considered to have been made to the appropriate Federal Social Security Trust Funds for the purpose of determining eligibility of those persons in the Northern Mariana Islands for benefits under those laws; and

“(3) persons domiciled in the Northern Mariana Islands who are eligible for or entitled to social security benefits under the laws of the Trust Territory of the Pacific Islands or of the Northern Mariana

Islands will not lose their entitlement and will be eligible for or entitled to benefits under the laws described in Subsection (b).

“SECTION 607. (a) All bonds or other obligations issued by the Government of the Northern Mariana Islands or by its authority will be exempt, as to principal and interest, from taxation by the United States, or by any State, territory or possession of the United States, or any political subdivision of any of them.

“(b) During the initial seven year period of financial assistance provided for in Section 702, and during such subsequent periods of financial assistance as may be agreed, the Government of the Northern Mariana Islands will authorize no public indebtedness (other than bonds or other obligations of the Government payable solely from revenues derived from any public improvement or undertaking) in excess of ten percentum of the aggregate assessed valuation of the property within the Northern Mariana Islands.

“ARTICLE VII

“UNITED STATES FINANCIAL ASSISTANCE

“SECTION 701. The Government of the United States will assist the Government of the Northern Mariana Islands in its efforts to achieve a progressively higher standard of living for its people as part of the American economic community and to develop the economic resources needed to meet the financial responsibilities of local self-government. To this end, the United States will provide direct multi-year financial support to the Government of the Northern Mariana Islands for local government operations, for capital improvement programs and for economic development. The initial period of such support will be seven years, as provided in Section 702.

“SECTION 702. Approval of this Covenant by the United States will constitute a commitment and pledge of the full faith and credit of the United States for the payment, as well as an authorization for the appropriation, of the following guaranteed annual levels of direct grant assistance to the Government of the Northern Mariana Islands for each of the seven fiscal years following the effective date of this Section:

“(a) \$8.25 million for budgetary support for government operations, of which \$250,000 each year will be reserved for a special education training fund connected with the change in the political status of the Northern Mariana Islands;

“(b) \$4 million for capital improvement projects, of which \$500,000 each year will be reserved for such projects on the Island of Tinian and \$500,000 each year will be reserved for such projects on the Island of Rota; and

“(c) \$1.75 million for an economic development loan fund, of which \$500,000 each year will be reserved for small loans to farmers and fishermen and to agricultural and marine cooperatives, and of which \$250,000 each year will be reserved for a special program of low interest housing loans for low income families.

“SECTION 703. (a) The United States will make available to the Northern Mariana Islands the full range of federal programs and services available to the territories of the United States. Funds provided under Section 702 will be considered to be local revenues when used as the local share required to obtain federal programs and services. (As amended Pub. L. 104–208, div. A, title I, §101(d) [title I], Sept. 30, 1996, 110 Stat. 3009–181, 3009–196.)

(As amended Pub. L. 110–229, title VII, §702(g)(1)(C), May 8, 2008, 122 Stat. 864.)

“SECTION 704. “(b) Approval of this Covenant by the United States will constitute an authorization for the appropriation of a pro-rata share of the funds provided under Section 702 for the period between the effective date of this Section and the beginning of the next succeeding fiscal year.

“(c) The amounts stated in Section 702 will be adjusted for each fiscal year by a percentage which will be the same as the percentage change in the United States Department of Commerce composite price index using the beginning of Fiscal Year 1975 as the base.

“(d) Upon expiration of the seven year period of guaranteed annual direct grant assistance provided by

Section 702, the annual level of payments in each category listed in Section 702 will continue until Congress appropriates a different amount or otherwise provides by law.

All right, title and interest of the Government of the Trust Territory of the Pacific Islands in and to real property in the Northern Mariana Islands on the date of the signing of this Covenant or thereafter acquired in any manner whatsoever will, no later than upon the termination of the Trusteeship Agreement, be transferred to the Government of the Northern Mariana Islands. All right, title and interest of the Government of the Trust Territory of the Pacific Islands in and to all personal property on the date of the signing of this Covenant or thereafter acquired in any manner whatsoever will, no later than upon the termination of the Trusteeship Agreement, be distributed equitably in a manner to be determined by the Government of the Trust Territory of the Pacific Islands in consultation with those concerned, including the Government of the Northern Mariana Islands.

“SECTION 802. (a) The following property will be made available to the Government of the United States by lease to enable it to carry out its defense responsibilities:

“(1) on Tinian Island, approximately 17,799 acres (7,203 hectares) and the waters immediately adjacent thereto;

“(2) on Saipan Island, approximately 177 acres (72 hectares) at Tanapag Harbor; and

“(3) on Farallon de Medinilla Island, approximately 206 acres (83 hectares) encompassing the entire island, and the waters immediately adjacent thereto.

“(b) The United States affirms that it has no present need for or present intention to acquire any greater interest in property listed above than that which is granted to it under Subsection 803(a), or to acquire any property in addition to that listed in Subsection (a), above, in order to carry out its defense responsibilities.

“SECTION 803. (a) The Government of the Northern Mariana Islands will lease the property described in Subsection 802(a) to the Government of the United States for a term of fifty years, and the Government of the United States will have the option of renewing this lease for all or part of such property for an additional term of fifty years if it so desires at the end of the first term.

“(b) The Government of the United States will pay to the Government of the Northern Mariana Islands in full settlement of this lease, including the second fifty year term of the lease if extended under the renewal option, the total sum of \$19,520,600, determined as follows:

“(1) for that property on Tinian Island, \$17.5 million;

“(2) for that property at Tanapag Harbor on Saipan Island, \$2 million; and

“(3) for that property known as Farallon de Medinilla, \$20,600.

The sum stated in this Subsection will be adjusted by a percentage which will be the same as the percentage change in the United States Department of Commerce composite price index from the date of signing the Covenant.

“(c) A separate Technical Agreement Regarding Use of Land To Be Leased by the United States in the Northern Mariana Islands will be executed simultaneously with this Covenant. The terms of the lease to the United States will be in accordance with this Section and with the terms of the Technical Agreement. The Technical Agreement will also contain terms relating to the leaseback of property, to the joint use arrangements for San Jose Harbor and West Field on Tinian Island, and to the principles which will govern the social structure relations between the United States military and the Northern Mariana Islands civil authorities.

“(d) From the property to be leased to it in accordance with this Covenant the Government of the United States will lease back to the Government of the Northern Mariana Islands, in accordance with the Technical Agreement, for the sum of one dollar per acre per year, approximately 6,458 acres (2,614 hectares) on Tinian Island and approximately 44 acres (18 hectares) at Tanapag Harbor on Saipan Island, which will be used for purposes compatible with their intended military use.

“(e) From the property to be leased to it at Tanapag Harbor on Saipan Island the Government of the United States will make available to the Government of the Northern Mariana Islands 133 acres (54 hectares) at no cost. This property will be set aside for public use as an American memorial park to honor the American and Marianas dead in the World War II Marianas Campaign. The \$2 million received from the Government of the United States for the lease of this property will be placed into a trust fund, and used for the development and maintenance of the park in accordance with the Technical Agreement.

“SECTION 804. (a) The Government of the United States will cause all agreements between it and the Government of the Trust Territory of the Pacific Islands which grant to the Government of the United States use or other rights in real property in the Northern Mariana Islands to be terminated upon or before the

effective date of the Section. All right, title and interest of the Government of the Trust Territory of the Pacific Islands in and to any real property with respect to which the Government of the United States enjoys such use or other rights will be transferred to the Government of the Northern Mariana Islands at the time of such termination. From the time such right, title and interest is so transferred the Government of the Northern Mariana Islands will assure the Government of the United States the continued use of the real property then actively used by the Government of the United States for civilian governmental purposes on terms comparable to those enjoyed by the Government of the United States under its arrangements with the Government of the Trust Territory of the Pacific Islands on the date of the signature of this Covenant.

“(b) All facilities at Isely Field developed with federal aid and all facilities at that field usable for the landing and take-off of aircraft will be available to the United States for use by military and naval aircraft, in common with other aircraft, at all times without charge, except, if the use by military and naval aircraft shall be substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining the facilities so used may be charged at a rate established by agreement between the Government of the Northern Mariana Islands and the Government of the United States.

“SECTION 805. Except as otherwise provided in this Article, and notwithstanding the other provisions of this Covenant, or those provisions of the Constitution, treaties or laws of the United States applicable to the Northern Mariana Islands, the Government of the Northern Mariana Islands, in view of the importance of the ownership of land for the culture and traditions of the people of the Northern Mariana Islands, and in order to protect them against exploitation and to promote their economic advancement and self-sufficiency:

“(a) will until twenty-five years after the termination of the Trusteeship Agreement, and may thereafter, regulate the alienation of permanent and long-term interests in real property so as to restrict the acquisition of such interests to persons of Northern Mariana Islands descent; and

“(b) may regulate the extent to which a person may own or hold land which is now public land.

“SECTION 806. (a) The United States will continue to recognize and respect the scarcity and special importance of land in the Northern Mariana Islands. If the United States must acquire any interest in real property not transferred to it under this Covenant, it will follow the policy of seeking to acquire only the minimum area necessary to accomplish the public purpose for which the real property is required, of seeking only the minimum interest in real property necessary to support such public purpose, acquiring title only if the public purpose cannot be accomplished if a lesser interest is obtained, and of seeking first to satisfy its requirement by acquiring an interest in public rather than private real property.

“(b) The United States may, upon prior written notice to the Government of the Northern Mariana Islands, acquire for public purposes in accordance with federal laws and procedures any interest in real property in the Northern Mariana Islands by purchase, lease, exchange, gift or otherwise under such terms and conditions as may be negotiated by the parties. The United States will in all cases attempt to acquire any interest in real property for public purposes by voluntary means under this Subsection before exercising the power of eminent domain. No interest in real property will be acquired unless duly authorized by the Congress of the United States and appropriations are available therefor.

“(c) In the event it is not possible for the United States to obtain an interest in real property for public purposes by voluntary means, it may exercise within the Commonwealth the power of eminent domain to the same extent and in the same manner as it has and can exercise the power of eminent domain in a State of the Union. The power of eminent domain will be exercised within the Commonwealth only to the extent necessary and in compliance with applicable United States laws, and with full recognition of the due process required by the United States Constitution.

“ARTICLE IX

PROC. NO. 4534. CONSTITUTION OF NORTHERN MARIANA ISLANDS

On February 15, 1975, the Marianas Political Status Commission, the duly appointed representative of the

people of the Northern Mariana Islands, and the Personal Representative of the President of the United States signed a Covenant, the purpose of which is to provide for the eventual establishment of a Commonwealth of the Northern Mariana Islands in political union with the United States of America [set out above]. This Covenant was subsequently approved by the Mariana Islands District Legislature and by the people of the Northern Mariana Islands voting in a plebiscite. The Covenant was approved by the Congress of the United States by joint resolution approved March 24, 1976 (Public Law 94-241; 90 Stat. 263) [48 U.S.C. 1801 et seq.].

In accordance with the provisions of Article II of the Covenant, the people of the Northern Mariana Islands have formulated and approved a Constitution which was submitted to me on behalf of the Government of the United States on April 21, 1977, for approval on the basis of its consistency with the Covenant and those provisions of the Constitution, treaties and laws of the United States to be applicable to the Northern Mariana Islands. Pursuant to the provisions of Section 202 of the Covenant, the Constitution of the Northern Mariana Islands will be deemed to have been approved by the Government of the United States six months after the date of submission to the President unless sooner approved or disapproved.

The six-month period of Section 202 of the Covenant having expired on October 22, 1977, I am pleased to announce that the Constitution of the Northern Mariana Islands is hereby deemed approved.

NOW, THEREFORE, I, JIMMY CARTER, President of the United States of America, do hereby proclaim as follows:

SECTION 1. The Constitution of the Northern Mariana Islands shall come into full force and effect at eleven o'clock on the morning of January 9, 1978, Northern Mariana Islands local time.

SEC. 2. Sections 102, 103, 204, 304, Article IV, Sections 501, 502, 505, 601-605, 607, Article VII, Sections 802-805, 901 and 902 of the Covenant shall come into full force and effect on the date and at the time specified in Section 1 of this Proclamation.

SEC. 3. The authority of the President under Section 1004 of the Covenant to suspend the application of any provision of law to or in the Northern Mariana Islands until the termination of the Trusteeship Agreement is hereby reserved.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-fourth day of October, in the year of our Lord nineteen hundred seventy-seven, and of the Independence of the United States of America the two hundred and second.

PROC. NO. 5564. COVENANT WITH COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS, AND COMPACTS OF FREE ASSOCIATION WITH FEDERATED STATES OF MICRONESIA AND REPUBLIC OF THE MARSHALL ISLANDS; EFFECTIVE DATES

Proc. No. 5564, Nov. 3, 1986, 51 F.R. 40399, provided:

Since July 18, 1947, the United States has administered the United Nations Trust Territory of the Pacific Islands ("Trust Territory"), which includes the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, and Palau.

On February 15, 1975, after extensive status negotiations, the United States and the Marianas Political Status Commission concluded a Covenant to establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States ("Covenant") [set out above]. Sections 101, 1002, and 1003(c) of the Covenant provide that the Northern Mariana Islands will become a self-governing Commonwealth in political union with and under the sovereignty of the United States. This Covenant was approved by the Congress by Public Law 94-241 of March 24, 1976, 90 Stat. 263 [48 U.S.C. 1801 et seq.]. Although many sections of the Covenant became effective in 1976 and 1978, certain sections have not previously entered into force.

On October 1, 1982, the Government of the United States and the Government of the Federated States of Micronesia concluded a Compact of Free Association, establishing a relationship of Free Association between the two Governments [see Compact of Free Association, 48 U.S.C. 1901 note]. On June 25, 1983, the Government of the United States and the Government of the Marshall Islands concluded a Compact of Free Association, establishing a relationship of Free Association between the two Governments [see Compact of Free Association, 48 U.S.C. 1901 note]. Pursuant to Sections 111 and 121 of the Compacts, the Federated States of Micronesia and the Republic of the Marshall Islands become self-governing and have the right to conduct foreign affairs in their own name and right upon the effective date of their respective Compacts. Each Compact comes into effect upon (1) mutual agreement between the Government of the United States, acting in fulfillment of its responsibilities as Administering Authority of the Trust Territory of the Pacific Islands, and the other Government; (2) the approval of the Compact by the two Governments, in accordance with their constitutional processes; and (3) the conduct of a plebiscite in that jurisdiction. In the Federated States of Micronesia, the Compact has been approved by the Government in accordance with its constitutional processes, and in a United Nations-observed plebiscite on June 21, 1983, a sovereign act of self-determination. In the Marshall Islands, the Compact has been approved by the Government in accordance with its constitutional processes, and in a United Nations-observed plebiscite on September 7, 1983, a sovereign act of self-determination. In the United States the Compacts have been approved by Public Law 99-239 of January 14, 1986, 99 Stat. 1770 [48 U.S.C. 1901 et seq., 2001 et seq.].

On January 10, 1986, the Government of the United States and the Government of the Republic of Palau concluded a Compact of Free Association, establishing a similar relationship of Free Association between the two Governments [48 U.S.C. 1931 note]. On October 16, 1986, the Congress of the United States approved the Compact of Free Association with the Republic of Palau. In the Republic of Palau, the Compact approval process has not yet been completed. Until the future political status of Palau is resolved, the United States will continue to discharge its responsibilities in Palau as Administering Authority under the Trusteeship Agreement.

On May 28, 1986, the Trusteeship Council of the United Nations concluded that the Government of the United States had satisfactorily discharged its obligations as the Administering Authority under the terms of the Trusteeship Agreement and that the people of the Northern Mariana Islands, the Federated States of Micronesia, and the Republic of the Marshall Islands had freely exercised their right to self-determination, and considered that it was appropriate for that Agreement to be terminated. The Council asked the United States to consult with the governments concerned to agree on a date for entry into force of their respective new status agreements.

On October 15, 1986, the Government of the United States and the Government of the Republic of the Marshall Islands agreed, pursuant to Section 411 of the Compact of Free Association, that as between the United States and the Republic of the Marshall Islands, the effective date of the Compact shall be October 21, 1986.

On October 24, 1986, the Government of the United States and the Government of the Federated States of Micronesia agreed, pursuant to Section 411 of the Compact of Free Association, that as between the United States and the Federated States of Micronesia, the effective date of the Compact shall be November 3, 1986.

On October 24, 1986, the United States advised the Secretary General of the United Nations that, as a consequence of consultations held between the United States Government and the Government of the Marshall Islands, agreement had been reached that the Compact of Free Association with the Marshall Islands entered fully into force on October 21, 1986. The United States further advised the Secretary General that, as a result of consultations with their governments, agreement had been reached that the Compact of Free Association with the Federated States of Micronesia and the Covenant with the Commonwealth of the Northern Mariana Islands would enter into force on November 3, 1986.

As of this day, November 3, 1986, the United States has fulfilled its obligations under the Trusteeship Agreement with respect to the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall

Islands, and the Federated States of Micronesia, and they are self-governing and no longer subject to the Trusteeship. In taking these actions, the United States is implementing the freely expressed wishes of the peoples of the Northern Mariana Islands, the Federated States of Micronesia, and the Marshall Islands.

NOW, THEREFORE, I, RONALD REAGAN, by the authority vested in me as President by the Constitution and laws of the United States of America, including Section 1002 of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America, and Sections 101 and 102 of the Joint Resolution to approve the "Compact of Free Association", and for other purposes, approved on January 14, 1986 (Public Law 99-239) [48 U.S.C. 1901 et seq., 2001 et seq.], do hereby find, declare, and proclaim as follows:

SECTION 1. I determine that the Trusteeship Agreement for the Pacific Islands is no longer in effect as of October 21, 1986, with respect to the Republic of the Marshall Islands, as of November 3, 1986, with respect to the Federated States of Micronesia, and as of November 3, 1986, with respect to the Northern Mariana Islands. This constitutes the determination referred to in Section 1002 of the Covenant.

SEC. 2. (a) Sections 101, 104, 301, 302, 303, 506, 806, and 904 of the Covenant are effective as of 12:01 a.m., November 4, 1986, Northern Mariana Islands local time.

(b) The Commonwealth of the Northern Mariana Islands in political union with and under the sovereignty of the United States of America is fully established on the date and at the time specified in Section 2(a) of this Proclamation.

(c) The domiciliaries of the Northern Mariana Islands are citizens of the United States to the extent provided for in Sections 301 through 303 of the Covenant on the date and at the time specified in this Proclamation.

(d) I welcome the Commonwealth of the Northern Mariana Islands into the American family and congratulate our new fellow citizens.

SEC. 3. (a) The Compact of Free Association with the Republic of the Marshall Islands is in full force and effect as of October 21, 1986, and the Compact of Free Association with the Federated States of Micronesia is in full force and effect as of November 3, 1986.

(b) I am gratified that the people of the Federated States of Micronesia and the Republic of the Marshall Islands, after nearly forty years of Trusteeship, have freely chosen to establish a relationship of Free Association with the United States.

IN WITNESS WHEREOF, I have hereunto set my hand this third day of November, in the year of our Lord nineteen hundred and eighty-six, and of the Independence of the United States of America the two hundred and eleventh.

RONALD REAGAN.

In fiscal year 2003, the payment to the Commonwealth of the Northern Mariana Islands shall be \$5,420,000. Such payments shall be subject to an equal local match and all other requirements set forth in the Agreement of the Special Representatives on Future Federal Financial Assistance of the Northern Mariana Islands, executed on December 17, 1992 between the special representative of the President of the United States and special representatives of the Governor of the Northern Mariana Islands with any additional amounts otherwise made available under this section in any fiscal year and not required to meet the schedule of payments in this subsection to be provided as set forth in subsection (c) of this section until Congress otherwise provides by law.

(c) Specific allocations for capital infrastructure projects

The additional amounts referred to in subsection (b) of this section shall be made available to the Secretary for obligation as follows:

(1) for fiscal years 1996 through 2001, \$4,580,000 annually for capital infrastructure projects as Impact Aid for Guam under section 1904(e)(6) ¹ of this title;

The specific projects to be funded in American Samoa shall be set forth in a five-year plan for infrastructure assistance developed by the Secretary of the Interior in consultation with the American Samoa Government and updated annually and submitted to the Congress concurrent with the budget justifications for the Department of the Interior. In developing budget recommendations for capital infrastructure funding, the Secretary shall indicate the highest priority projects, consider the extent to which particular projects are part of an overall master plan, whether such project has been reviewed by the Corps of Engineers and any recommendations made as a result of such review, the extent to which a set-aside for maintenance would enhance the life of the project, the degree to which a local cost-share requirement would be consistent with local economic and fiscal capabilities, and may propose an incremental set-aside, not to exceed \$2,000,000 per year, to remain available without fiscal year limitation, as an emergency fund in the event of natural or other disasters to supplement other assistance in the repair, replacement, or hardening of essential facilities: *Provided further*, That the cumulative amount set aside for such emergency fund may not exceed \$10,000,000 at any time. ⁴

(d) Resettlement of Rongelap Atoll

Within the amounts allocated for infrastructure pursuant to this section, and subject to the specific allocations made in subsection (c) of this section, additional contributions may be made, as set forth in appropriations Acts, to assist in the resettlement of Rongelap Atoll: *Provided*, That the total of all contributions from any Federal source after April 26, 1996, may not exceed \$32,000,000 and shall be contingent upon an agreement, satisfactory to the President, that such contributions are a full and final settlement of all obligations of the United States to assist in the resettlement of Rongelap ⁵

Atoll and that such funds will be expended solely on resettlement activities and will be properly audited and accounted for. In order to provide such contributions in a timely manner, each Federal agency providing assistance or services, or conducting activities, in the Republic of the Marshall Islands, is authorized to make funds available through the Secretary of the Interior, to assist in the resettlement of Rongelap. Nothing in this subsection shall be construed to limit the provision of ex gratia assistance pursuant to section 1905(c)(2) of this title including for individuals choosing not to resettle at Rongelap, except that no such assistance for such individuals may be provided until the Secretary notifies the Congress that the full amount of all funds necessary for resettlement at Rongelap has been provided.

§1806. Immigration and transition

(a) Application of the Immigration and Nationality Act and establishment of a transition program

(1) In general

Subject to paragraphs (2) and (3), effective on the first day of the first full month commencing 1 year after May 8, 2008 (hereafter referred to as the “transition program effective date”), the provisions of the “immigration laws” (as defined in section 101(a)(17) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(17))) shall apply to the Commonwealth of the Northern Mariana Islands (referred to in this section as the “Commonwealth”), except as otherwise provided in this section.

(2) Transition period

There shall be a transition period beginning on the transition program effective date and ending on December 31, 2014, except as provided in subsections (b) and (d), during which the Secretary of Homeland Security, in consultation with the Secretary of State, the Attorney General, the Secretary of Labor, and the Secretary of the Interior, shall establish, administer, and enforce a transition program to regulate immigration to the Commonwealth, as provided in this section (hereafter referred to as the “transition program”).

(3) Delay of commencement of transition period

(A) In general

The Secretary of Homeland Security, in the Secretary's sole discretion, in consultation with the Secretary of the Interior, the Secretary of Labor, the Secretary of State, the Attorney

General, and the Governor of the Commonwealth, may determine that the transition program effective date be delayed for a period not to exceed more than 180 days after such date.

(B) Congressional notification

The Secretary of Homeland Security shall notify the Congress of a determination under subparagraph (A) not later than 30 days prior to the transition program effective date.

(C) Congressional review

A delay of the transition program effective date shall not take effect until 30 days after the date on which the notification under subparagraph (B) is made.

(4) Requirement for regulations

The transition program shall be implemented pursuant to regulations to be promulgated, as appropriate, by the head of each agency or department of the United States having responsibilities under the transition program.

(5) Interagency agreements

The Secretary of Homeland Security, the Secretary of State, the Secretary of Labor, and the Secretary of the Interior shall negotiate and implement agreements among their agencies to identify and assign their respective duties so as to ensure timely and proper implementation of the provisions of this section. The agreements should address, at a minimum, procedures to ensure that Commonwealth employers have access to adequate labor, and that tourists, students, retirees, and other visitors have access to the Commonwealth without unnecessary delay or impediment. The agreements may also allocate funding between the respective agencies tasked with various responsibilities under this section.

(6) Certain education funding

In addition to fees charged pursuant to section 286(m) of the Immigration and Nationality Act (8 U.S.C. 1356(m)) to recover the full costs of providing adjudication services, the Secretary of Homeland Security shall charge an annual supplemental fee of \$150 per nonimmigrant worker to each prospective employer who is issued a permit under subsection (d) of this section during the transition period. Such supplemental fee shall be paid into the Treasury of the Commonwealth government for the purpose of funding ongoing vocational educational curricula and program development by Commonwealth educational entities.

(7) Asylum

Section 208 of the Immigration and Nationality Act (8 U.S.C. 1158) shall not apply during the transition period to persons physically present in the Commonwealth or arriving in the Commonwealth (whether or not at a designated port of arrival), including persons brought to the Commonwealth after having been interdicted in international or United States waters.

(b) Numerical limitations for nonimmigrant workers

An alien, if otherwise qualified, may seek admission to Guam or to the Commonwealth during the transition program as a nonimmigrant worker under section 101(a)(15)(H) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)) without counting against the numerical limitations set forth in section 214(g) of such Act (8 U.S.C. 1184(g)). This subsection does not apply to any employment to be performed outside of Guam or the Commonwealth. Not later than 3 years following the transition program effective date, the Secretary of Homeland Security shall issue a report to the Committee on Energy and Natural Resources and the Committee on the Judiciary of the Senate and the Committee on Natural Resources and the Committee on the Judiciary of the House of Representatives projecting the number of asylum claims the Secretary anticipates following the termination of the transition period, the efforts the Secretary has made to ensure appropriate interdiction efforts, provide for appropriate treatment of asylum seekers, and prepare to accept and adjudicate asylum claims in the Commonwealth.

(c) Nonimmigrant investor visas

(1) In general

Notwithstanding the treaty requirements in section 101(a)(15)(E) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(E)), during the transition period, the Secretary of Homeland Security may, upon the application of an alien, classify an alien as a CNMI-only nonimmigrant under section 101(a)(15)(E)(ii) of the Immigration and Nationality Act (8 U.S.C.

1101(a)(15)(E)(ii)) if the alien—

(A) has been admitted to the Commonwealth in long-term investor status under the immigration laws of the Commonwealth before the transition program effective date;

(B) has continuously maintained residence in the Commonwealth under long-term investor status;

(C) is otherwise admissible; and

(D) maintains the investment or investments that formed the basis for such long-term investor status.

(2) Requirement for regulations

Not later than 60 days before the transition program effective date, the Secretary of Homeland Security shall publish regulations in the Federal Register to implement this subsection.

(d) Special provision to ensure adequate employment; Commonwealth only transitional workers

An alien who is seeking to enter the Commonwealth as a nonimmigrant worker may be admitted to perform work during the transition period subject to the following requirements:

(1) Such an alien shall be treated as a nonimmigrant described in section 101(a)(15) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)), including the ability to apply, if otherwise eligible, for a change of nonimmigrant classification under section 248 of such Act (8 U.S.C. 1258) or adjustment of status under this section and section 245 of such Act (8 U.S.C. 1255).

(2) The Secretary of Homeland Security shall establish, administer, and enforce a system for allocating and determining the number, terms, and conditions of permits to be issued to prospective employers for each such nonimmigrant worker described in this subsection who would not otherwise be eligible for admission under the Immigration and Nationality Act (8 U.S.C. 1101 et seq.). In adopting and enforcing this system, the Secretary shall also consider, in good faith and not later than 30 days after receipt by the Secretary, any comments and advice submitted by the Governor of the Commonwealth. This system shall provide for a reduction in the allocation of permits for such workers on an annual basis to zero, during a period not to extend beyond December 31, 2014, unless extended pursuant to paragraph 5 of this subsection. In no event shall a permit be valid beyond the expiration of the transition period. This system may be based on any reasonable method and criteria determined by the Secretary of Homeland Security to promote the maximum use of, and to prevent adverse effects on wages and working conditions of, workers authorized to be employed in the United States, including lawfully admissible freely associated state citizen labor. No alien shall be granted nonimmigrant classification or a visa under this subsection unless the permit requirements established under this paragraph have been met.

(3) The Secretary of Homeland Security shall set the conditions for admission of such an alien under the transition program, and the Secretary of State shall authorize the issuance of nonimmigrant visas for such an alien. Such a visa shall not be valid for admission to the United States, as defined in section 101(a)(38) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(38)), except admission to the Commonwealth. An alien admitted to the Commonwealth on the basis of such a visa shall be permitted to engage in employment only as authorized pursuant to the transition program.

(4) Such an alien shall be permitted to transfer between employers in the Commonwealth during the period of such alien's authorized stay therein, without permission of the employee's current or prior employer, within the alien's occupational category or another occupational category the Secretary of Homeland Security has found requires alien workers to supplement the resident workforce.

(5)(A) Not later than 180 days prior to the expiration of the transition period, or any extension thereof, the Secretary of Labor, in consultation with the Secretary of Homeland Security, the Secretary of Defense, the Secretary of the Interior, and the Governor of the Commonwealth, shall ascertain the current and anticipated labor needs of the Commonwealth and determine whether an extension of up to 5 years of the provisions of this subsection is necessary to ensure an adequate number of workers will be available for legitimate businesses in the Commonwealth. For the purpose of this subparagraph, a business shall not be considered legitimate if it engages directly or indirectly in prostitution, trafficking in minors, or any other activity that is illegal under Federal or local law. The determinations of whether a business is legitimate and to what extent, if any, it may require alien workers to supplement the resident workforce, shall be made by the Secretary of Homeland Security, in the Secretary's sole discretion.

(B) If the Secretary of Labor determines that such an extension is necessary to ensure an adequate number of workers for legitimate businesses in the Commonwealth, the Secretary of Labor may, through notice published in the Federal Register, provide for an additional extension period of up to 5 years.

(C) In making the determination of whether alien workers are necessary to ensure an adequate number of workers for legitimate businesses in the Commonwealth, and if so, the number of such workers that are necessary, the Secretary of Labor may consider, among other relevant factors—

- (i) government, industry, or independent workforce studies reporting on the need, or lack thereof, for alien workers in the Commonwealth's businesses;
- (ii) the unemployment rate of United States citizen workers residing in the Commonwealth;
- (iii) the unemployment rate of aliens in the Commonwealth who have been lawfully admitted for permanent residence;
- (iv) the number of unemployed alien workers in the Commonwealth;
- (v) any good faith efforts to locate, educate, train, or otherwise prepare United States citizen residents, lawful permanent residents, and unemployed alien workers already within the Commonwealth, to assume those jobs;
- (vi) any available evidence tending to show that United States citizen residents, lawful permanent residents, and unemployed alien workers already in the Commonwealth are not willing to accept jobs of the type offered;
- (vii) the extent to which admittance of alien workers will affect the compensation, benefits, and living standards of existing workers within those industries and other industries authorized to employ alien workers; and
- (viii) the prior use, if any, of alien workers to fill those industry jobs, and whether the industry requires alien workers to fill those jobs.

(6) The Secretary of Homeland Security may authorize the admission of a spouse or minor child accompanying or following to join a worker admitted pursuant to this subsection.

(e) Persons lawfully admitted under the Commonwealth immigration law

(1) Prohibition on removal

(A) In general

Subject to subparagraph (B), no alien who is lawfully present in the Commonwealth pursuant to the immigration laws of the Commonwealth on the transition program effective date shall be removed from the United States on the grounds that such alien's presence in the Commonwealth is in violation of section 212(a)(6)(A) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(6)(A)), until the earlier of the date—

- (i) of the completion of the period of the alien's admission under the immigration laws of the Commonwealth; or
- (ii) that is 2 years after the transition program effective date.

(B) Limitations

Nothing in this subsection shall be construed to prevent or limit the removal under

subparagraph 212(a)(6)(A) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(6)(A)) of such an alien at any time, if the alien entered the Commonwealth after May 8, 2008, and the Secretary of Homeland Security has determined that the Government of the Commonwealth has violated section 702(i) of the Consolidated Natural Resources Act of 2008.

(2) Employment authorization

An alien who is lawfully present and authorized to be employed in the Commonwealth pursuant to the immigration laws of the Commonwealth on the transition program effective date shall be considered authorized by the Secretary of Homeland Security to be employed in the Commonwealth until the earlier of the date—

(A) of expiration of the alien's employment authorization under the immigration laws of the Commonwealth; or

(B) that is 2 years after the transition program effective date.

(3) Registration

The Secretary of Homeland Security may require any alien present in the Commonwealth on or after the transition period effective date to register with the Secretary in such a manner, and according to such schedule, as he may in his discretion require. Paragraphs (1) and (2) of this subsection shall not apply to any alien who fails to comply with such registration requirement. Notwithstanding any other law, the Government of the Commonwealth shall provide to the Secretary all Commonwealth immigration records or other information that the Secretary deems necessary to assist the implementation of this paragraph or other provisions of the Consolidated Natural Resources Act of 2008. Nothing in this paragraph shall modify or limit section 262 of the Immigration and Nationality Act (8 U.S.C. 1302) or other provision of the Immigration and Nationality Act [8 U.S.C. 1101 et seq.] relating to the registration of aliens.

(4) Removable aliens

Except as specifically provided in paragraph (1)(A) of this subsection, nothing in this subsection shall prohibit or limit the removal of any alien who is removable under the Immigration and Nationality Act.

(5) Prior orders of removal

The Secretary of Homeland Security may execute any administratively final order of exclusion, deportation or removal issued under authority of the immigration laws of the United States before, on, or after the transition period effective date, or under authority of the immigration laws of the Commonwealth before the transition period effective date, upon any subject of such order found in the Commonwealth on or after the transition period effective date, regardless whether the alien has previously been removed from the United States or the Commonwealth pursuant to such order.

(f) Effect on other laws

The provisions of this section and of the immigration laws, as defined in section 101(a)(17) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(17)), shall, on the transition program effective date, supersede and replace all laws, provisions, or programs of the Commonwealth relating to the admission of aliens and the removal of aliens from the Commonwealth.

(g) Accrual of time for purposes of section 212(a)(9)(B) of the Immigration and Nationality Act

No time that an alien is present in the Commonwealth in violation of the immigration laws of the Commonwealth shall be counted for purposes of inadmissibility under section 212(a)(9)(B) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(9)(B)).

(h) Report on nonresident guestworker population

The Secretary of the Interior, in consultation with the Secretary of Homeland Security, and the Governor of the Commonwealth, shall report to the Congress not later than 2 years after May 8, 2008. The report shall include—

(1) the number of aliens residing in the Commonwealth;

(2) a description of the legal status (under Federal law) of such aliens;

- (3) the number of years each alien has been residing in the Commonwealth;
- (4) the current and future requirements of the Commonwealth economy for an alien workforce; and
- (5) such recommendations to the Congress, as the Secretary may deem appropriate, related to whether or not the Congress should consider permitting lawfully admitted guest workers lawfully residing in the Commonwealth on May 8, 2008, to apply for long-term status under the immigration and nationality laws of the United States.

“(b) AVOIDING ADVERSE EFFECTS.—In recognition of the Commonwealth's unique economic circumstances, history, and geographical location, it is the intent of the Congress that the Commonwealth be given as much flexibility as possible in maintaining existing businesses and other revenue sources, and developing new economic opportunities, consistent with the mandates of this subtitle. “(b) The membership of each Joint Committee shall comprise selected senior officials of each of the two

participating Governments. The senior United States military commander in the Pacific area shall be the senior United States member of each Joint Committee. For the meetings of each Joint Committee, each of the two participating Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

“(c) Unless otherwise mutually agreed, each Joint Committee shall meet semi-annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. A Joint Committee also shall meet promptly upon request of either of its members. Upon notification by the Government of the United States, the Joint Committees so notified shall meet promptly in a combined session to consider matters within the jurisdiction of more than one Joint Committee. Each Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree.

“(d) Unresolved issues in each Joint Committee shall be referred to the Governments concerned for resolution, and the Government of the Marshall Islands or the Federated States of Micronesia shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Marshall Islands and the Federated States of Micronesia in accordance with its constitutional processes.

Assistance provided pursuant to this subsection shall also extend to, but not be limited to, prevention and prosecution of violations of the laws of the United States and the laws of the Federated States of Micronesia related to terrorism, espionage, racketeer influenced and corrupt organizations, and financial transactions which advance the interests of any person engaging in unlawful activities, as well as the schedule of offenses set forth in Appendix A of the subsidiary agreement to section 175 of the Compact.

(2) Technical and training assistance

Pursuant to sections 224 and 226 of the Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government of the Federated States of Micronesia to develop and adequately enforce laws of the Federated States of Micronesia and to cooperate with the United States in the enforcement of criminal laws of the United States. (B) the Congress has had 30 days (excluding days on which both Houses of Congress are not in session) to review the findings of the President.

(3) Report

The President shall complete the review under paragraph (2) and shall report the findings no later than 60 days after the President's receipt of such plans.

(4) Views and comments

The report shall include the views of the Secretary of the Interior, the Administrator of the Agency for International Development, and the heads of such other Executive departments as the President may decide to include in the report, as well as any comments which the Federated States of Micronesia may wish to have included.

In accordance with section 233 of the Compact, the President of the United States, in consultation with the Comptroller General of the United States, shall negotiate with the Government of the Federated States of Micronesia modifications to the “Agreement Concerning Procedures for the Implementation of United States Economic Assistance, Programs and Services Provided in the Compact of Free Association”, which shall provide as follows:

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The

Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least three years after the date such grant or assistance was provided and in a manner that permits such grants, assistance, and payments to be accounted for distinct from any other funds of the Government of the Federated States of Micronesia.

(3) Representative status for GAO representatives

The Comptroller General and his duly authorized representatives shall be accorded the status set forth in Article V of Title One of the Compact.

As part of the annual report submitted by the Government of the Federated States of Micronesia under section 211 of the Compact, the Government shall include annual financial statements which account for the use of all of the funds provided by the Government of the United States to the Government under the Compact or otherwise. Such financial statements shall be prepared in accordance with generally accepted accounting procedures, except as may otherwise be mutually agreed. Not later than 180 days after the end of the United States fiscal year with respect to which such funds were provided, each such statement shall be submitted to the President for audit and transmission to the Congress.

As used in this subsection, the term “audits” includes financial, program, and management audits, including determining—

(2) In the event that the President determines that an investment management firm selected by the Government of the Marshall Islands does not meet the requirements specified in Article I of the Section 177 Agreement, the United States shall invoke the conference and dispute resolution procedures of Article II of Title Four of the Compact. Pending the resolution of such a dispute and until a qualified Fund Manager has been designated, the Government of the Marshall Islands shall place the funds paid by the United States pursuant to Article I of the Section 177 Agreement into an interest-bearing escrow account. act as Fund Manager in place of the firm first (or subsequently) selected by such Government, the Government of the Marshall Islands shall so notify the President of the United States, identifying the firm selected by such Government to become Fund Manager, and the President shall proceed to evaluate the qualifications of such identified firm.

(4) At the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(5) An annual report concerning all actions of the Fund Manager pursuant to the Section 177 Agreement and this joint resolution, including information prepared by the Fund Manager, shall be transmitted by the Government of the Marshall Islands to the Congress. Such report shall include such information (whether received from the Fund Manager or any other source) as relates to the disbursements provided for in Article II of the Section 177 Agreement. Such report shall be made public.

In approving the Compact, the Congress understands and intends that the peoples of Bikini, Enewetak, Rongelap, and Utrik, who were affected by the United States nuclear weapons testing program in the Marshall Islands, will receive the amounts of \$75,000,000 (Bikini); \$48,750,000 (Enewetak),² \$37,500,000 (Rongelap); and \$22,500,000 (Utrik), respectively, which amounts shall be paid out of proceeds from the fund established under Article I, section 1 of the subsidiary agreement for the implementation of section 177 of the Compact. The amounts specified in this subsection shall be in addition to any amounts which may be awarded to claimants pursuant to Article IV of the subsidiary agreement for the implementation of Section 177 of the Compact.

(g) Espousal provisions

(1) It is the intention of the Congress of the United States that the provisions of section 177 of the Compact of Free Association and the Agreement between the Government of the United States and the Government of the Marshall Islands for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) constitute a full and final settlement of all claims described in Articles X and XI of the Section 177 Agreement, and that any such claims be terminated and barred except insofar as provided for in the Section 177 Agreement.

(2) In furtherance of the intention of Congress as stated in paragraph (1) of this subsection, the Section 177 Agreement is hereby ratified and approved. It is the explicit understanding and intent of Congress that the jurisdictional limitations set forth in Article XII of such Agreement are enacted solely and exclusively to accomplish the objective of Article X of such Agreement and only as a clarification of the effect of Article X, and are not to be construed or implemented separately from Article X.

(h) DOE radiological health care program; USDA agricultural and food programs

(1) Marshall Islands program

Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, the President (either through an appropriate department or agency of the United States or by contract with a United States firm) shall continue to provide special medical care and logistical support thereto for the remaining 174 members of the population of Rongelap and Utrik who were exposed to radiation resulting from the 1954 United States thermonuclear “Bravo” test, pursuant to Public Laws 95–134 and 96–205. Such medical care and its accompanying logistical support shall total \$22,500,000 over the first 11 years of the Compact.

(2) Agricultural and food programs

Notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first fifteen years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm or by a grant to the Government of the Republic of the Marshall Islands which

may further contract only with a United States firm or a Republic of the Marshall Islands firm, the owners, officers and majority of the employees of which are citizens of the United States or the Republic of the Marshall Islands) shall provide technical and other assistance—

(A) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak;

(B) without reimbursement, to continue the food programs of the Bikini, Rongelap, Utrik, and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes. The President shall ensure the assistance provided under these programs reflects the changes in the population since the inception of such programs.

(3) Payments

Payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(i) Rongelap

(1) Because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) The purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: “The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978”, dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) It is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(j) Four atoll health care program

(1) Services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177

of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who were affected by the consequences of the United States nuclear testing program, pursuant to the program described in Public Law 95–134 and Public Law 96–205 and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) At the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) The Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(k) Enjebi Community Trust Fund

Notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the “Enjebi Community Trust Fund” (hereafter in this subsection referred to as the “Fund”), and shall credit to the Fund the amount of \$7,500,000. Such amount, which shall be ex gratia, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) Enjebi trust agreement

The Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of 250 million dollars.

(2) Monitor conditions

Upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) Resettlement of Enjebi

In the event that the United States determines that the people of Enjebi can within 25 years of January 14, 1986, resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan

developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

- (A) Establish a community on Enjebi Island for the use of the people of Enjebi.
- (B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) Resettlement of other location

In the event that the United States determines that within 25 years of January 14, 1986, the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with a plan, developed by the Enewetak Local Government Council and the people of Enjebi and concurred with by the Government of the Marshall Islands, to assure consistency with the government's overall economic development plan.

(5) Interest from Fund

Prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) Disclaimer of liability

Neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(l) Bikini Atoll cleanup

(1) Declaration of policy

The Congress hereby determines and declares that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraphs (2) and (3) of this subsection.

(2) Cleanup funds

There are hereby authorized to be appropriated such sums as are necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84-0425 (D. Ha.).

(3) Conditions of funding

The funds referred to in paragraph (2) shall be made available pursuant to Article VI, Section 1 of the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(m) Agreement on audits

In accordance with section 233 of the Compact, the President of the United States, in consultation with the Comptroller General of the United States, shall negotiate with the Government of the Marshall Islands an agreement which shall provide as follows:

(1) General authority of GAO to audit

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

- (i) all grants, program assistance, and other assistance provided to the Government of the Marshall Islands under Articles I and II of Title Two of the Compact; and
- (ii) any other assistance provided by the Government of the United States to the Government of the Marshall Islands.

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 233 of the Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) GAO access to records

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least three years after the date such grant or assistance was provided and in a manner that permits such grants, assistance, and payments to be accounted for distinct from any other funds of the Government of the Marshall Islands.

(3) Representative status for GAO representatives

The Comptroller General and his duly authorized representatives shall be accorded the status set forth in Article V of Title One of the Compact.

(4) Annual financial statements

As part of the annual report submitted by the Government of the Marshall Islands under section 211 of the Compact, the Government shall include annual financial statements which account for the use of all of the funds provided by the Government of the United States to the Government under the Compact or otherwise. Such financial statements shall be prepared in accordance with generally accepted accounting procedures, except as may otherwise be mutually agreed. Not later than 180 days after the end of the United States fiscal year with respect to which such funds were provided, each such statement shall be submitted to the President for audit and transmission to the Congress.

(5) “Audits” defined

As used in this subsection, the term “audits” includes financial, program, and management audits, including determining—

(A) whether the Government of the Marshall Islands has met the requirements set forth in the Compact, or any related agreement entered into under the Compact, regarding the purposes for which such grants and other assistance are to be used; and

(B) the propriety of the financial transactions of the Government of the Marshall Islands pursuant to such grants or assistance.

(6) Cooperation by Marshall Islands

The Government of the Marshall Islands will cooperate fully with the Comptroller General of the United States in the conduct of such audits as the Comptroller General determines necessary to enable the Comptroller General to fully discharge his responsibilities under this joint resolution.

§1904. Interpretation of and United States policy regarding Compact of Free Association

(a) Human rights

In approving the Compact, the Congress notes the conclusion in the Statement of Intent of the Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that “our recommendation of a free associated state is indissolubly linked to our desire for such a democratic, representative, constitutional government” and notes that such desire and intention are reaffirmed and embodied in the Constitutions of the Federated States of Micronesia and the Marshall Islands. The Congress also notes and specifically endorses the preamble to the Compact, which affirms that the governments of the parties to the Compact are founded upon respect for human rights and fundamental freedoms for all. The Secretary of State shall include in the annual reports on the status of internationally recognized human rights in foreign countries, which are submitted to the Congress pursuant to sections 116 and 502B of the Foreign Assistance Act of 1961 [22 U.S.C. 2151n, 2304], a full and complete report regarding the status of internationally recognized human rights in the Federated States of Micronesia and the Marshall Islands.

(b) Immigration

The rights of a bona fide naturalized citizen of the Marshall Islands or the Federated States of Micronesia to enter the United States, to lawfully engage therein in occupations, and to establish residence therein as a non-immigrant, pursuant to the provisions of section 141(a)(3) of the Compact, shall not extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(c) Nonalienation of lands

The Congress endorses and encourages the maintenance of the policies of the Government of the Federated States of Micronesia and the Government of the Marshall Islands to regulate, in accordance with their Constitutions and laws, the alienation of permanent and long-term interests in real property so as to restrict the acquisition of such interests to persons of Federated States of Micronesia citizenship and Marshall Islands citizenship, respectively.

(d) Nuclear waste disposal

In approving the Compact, the Congress understands that the Government of the Federated States of Micronesia and the Government of the Marshall Islands will not permit any other government or any nongovernmental party to conduct, in the Marshall Islands or in the Federated States of Micronesia, any of the activities specified in subsection (a) of section 314 of the Compact.

(e) Impact of Compact on U.S. areas

(1) Statement of congressional intent

In approving the Compact, it is not the intent of the Congress to cause any adverse consequences for the United States territories and commonwealths or the State of Hawaii.

(2) Annual reports and recommendations

One year after January 14, 1986, and at one year intervals thereafter, the Governor of any of the United States territories or commonwealths or the State of Hawaii may report to the Secretary of the Interior by February 1 of each year with respect to the impacts of the compacts of free association on the Governor's respective jurisdiction. The Secretary of the Interior shall review and forward any such reports to the Congress with the comments of the Administration. The Secretary of the Interior shall, either directly or, subject to available technical assistance funds, through a grant to the affected jurisdiction, provide for a census of Micronesians at intervals no greater than 5 years from each decennial United States census using generally acceptable statistical methodologies for each of the impact jurisdictions where the Governor requests such assistance, except that the total expenditures to carry out this sentence may not exceed \$300,000 in

any year. Reports submitted pursuant to this paragraph (hereafter in this subsection referred to as “reports”) shall identify any adverse consequences resulting from the Compact and shall make recommendations for corrective action to eliminate those consequences. The reports shall pay particular attention to matters relating to trade, taxation, immigration, labor laws, minimum wages, social systems and infrastructure, and environmental regulation. With regard to immigration, the reports shall include statistics concerning the number of persons availing themselves of the rights described in section 141(a) of the Compact during the year covered by each report. With regard to trade, the reports shall include an analysis of the impact on the economy of American Samoa resulting from imports of canned tuna into the United States from the Federated States of Micronesia and the Marshall Islands.

(3) Other views

In preparing the reports, the President shall request the views of the Government of the State of Hawaii, and the governments of each of the United States territories and commonwealths, the Federated States of Micronesia, the Marshall Islands, and Palau, and shall transmit the full text of any such views to the Congress as part of such reports.

(4) Commitment of Congress to redress adverse consequences

The Congress hereby declares that, if any adverse consequences to United States territories and commonwealths or the State of Hawaii result from implementation of the Compact of Free Association, the Congress will act sympathetically and expeditiously to redress those adverse consequences.

(5) “United States territories and commonwealths” defined

As used in this subsection, the term “United States territories and commonwealths” means the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(6) Impact costs

There are hereby authorized to be appropriated for fiscal years beginning after September 30, 1985, such sums as may be necessary to cover the costs, if any, incurred by the State of Hawaii, the territories of Guam and American Samoa, and the Commonwealth of the Northern Mariana Islands resulting from any increased demands placed on educational and social services by immigrants from the Marshall Islands and the Federated States of Micronesia.

(f) Fisheries management

In clarification of Title One, Article II, section 121(b)(1) of the Compact:

(1) Nothing in the Compact or this joint resolution shall be interpreted as recognition by the United States of any claim by the Federated States of Micronesia or by the Marshall Islands to jurisdiction or authority over highly migratory species of fish during the time such species of fish are found outside the territorial sea of the Federated States of Micronesia or the Marshall Islands.

(2) It is the understanding of Congress that none of the monies made available pursuant to the Compact or this joint resolution will be used by either the Federated States of Micronesia or the Marshall Islands for enforcement actions against any vessel of the United States on the basis of fishing by any such vessel for highly migratory species of fish outside the territorial sea of the Federated States of Micronesia or the Marshall Islands, respectively, in the absence of a licensing agreement.

(3) Appropriate United States officials shall apply the policies and provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.) and the Fishermen's Protective Act of 1967 (22 U.S.C. 1971 et seq.) with regard to any action taken by the Federated States of Micronesia or the Marshall Islands affecting any vessel of the United States engaged in fishing for highly migratory species of fish in waters outside the territorial seas of the Federated States of Micronesia or the Marshall Islands, respectively. For the purpose of applying the provisions of section 5 of the Fishermen's Protective Act of 1967 (22 U.S.C. 1975), monies made available to either the Federated States of Micronesia or the Marshall Islands pursuant to the

provisions of the Compact or this joint resolution shall be treated as “assistance to the government of such country under the Foreign Assistance Act of 1961” [22 U.S.C. 2151 et seq.]. For purposes of this Act only, certification by the President in accordance with such section 5 shall be accompanied by a report to Congress on the basis for such certification, and such certification shall have no effect if by law Congress so directs prior to the expiration of 60 days during which Congress is in continuous session following the date of such certification.

(4) For the purpose of paragraphs (1) and (3) of this subsection—

(B) The terms “fishing” and “highly migratory species” have the same meanings as provided in paragraphs (10) and (14),¹ respectively, of section 3 of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1802(10) and (14)).

(5)(A) It is the policy of the United States of America—

(i) to negotiate and conclude with the governments of the Central, Western, and South Pacific Ocean, including the Federated States of Micronesia and the Marshall Islands, a regional licensing agreement setting forth agreed terms of access for United States tuna vessels fishing in the region; and

(ii) that such an agreement should overcome existing jurisdictional differences and provide for a mutually beneficial relationship between the United States and the Pacific Island States that will promote the development of the tuna and other latent fisheries resources of the Central, Western, and South Pacific Ocean and the economic development of the region.

(B) At such time as an agreement referred to in subparagraph (A) is submitted to the Senate for advice and consent to ratification, the Secretary of State, after consultation with the Secretary of Commerce and other interested agencies and concerned governments, shall submit to the Congress a proposed long term regional fisheries development program which may include, but not be limited to—

(i) exploration for, and stock assessment of, tuna and other fish;

(ii) improvement of harvesting techniques;

(iii) gear development;

“ARTICLE V

“GENERAL PROVISIONS

“SECTION 351

“(a) The Government of the United States and the Government of the Federated States of Micronesia shall continue to maintain a Joint Committee empowered to consider disputes arising under the implementation of this Title and its related agreements.

“(b) The membership of the Joint Committee shall comprise selected senior officials of the two Governments. The senior United States military commander in the Pacific area shall be the senior United States member of the Joint Committee. For the meetings of the Joint Committee, each of the two Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

“(c) Unless otherwise mutually agreed, the Joint Committee shall meet annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. The Joint Committee also shall meet promptly upon request of either of its members. The Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree. Upon notification by the Government of the United States, the Joint Committee of the United States and the Federated States of Micronesia shall meet promptly in a combined session with the Joint Committee established and maintained by the Government of the United States and the Republic of the Marshall Islands to consider matters within the jurisdiction of the two Joint Committees.

“(d) Unresolved issues in the Joint Committee shall be referred to the Governments for resolution, and the Government of the Federated States of Micronesia shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

“SECTION 352

“In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Federated States of Micronesia under Titles One, Two and Four and to the responsibility of the Government of the Federated States of Micronesia to assure the well-being of its people.

“SECTION 353

“(a) The Government of the United States shall not include the Government of the Federated States of Micronesia as a named party to a formal declaration of war, without that Government's consent.

“(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Federated States of Micronesia, which arise out of armed conflict subsequent to November 3, 1986, and which are:

“(1) petitions to the Government of the United States for redress; or

“(2) claims in any manner against the government, citizens, nationals or entities of any third country.

“(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

If at any time the Government of the United States, or the Government of the Federated States of Micronesia, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, in which case the provisions of sections 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Federated States of Micronesia), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

“(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Federated States of Micronesia, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Federated States of Micronesia pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Federated States of Micronesia during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Federated States of Micronesia in accordance with its constitutional processes.

“(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Federated States of Micronesia further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of the Federated States of Micronesia shall refrain from actions which the Government of the United States determines, after appropriate consultation with that Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Federated States of Micronesia or the Republic of the Marshall Islands. However, the relief from liability to the United States Government referred to in the preceding sentence means only relief in the form of the foreign tax credit (or deduction in lieu thereof) available with respect to the income taxes of a possession of the United States, and relief in the form of the exclusion under section 911 of the Internal Revenue Code of 1986. “ARTICLE V

“GENERAL PROVISIONS

“SECTION 351

“(a) The Government of the United States and the Government of the Republic of the Marshall Islands shall continue to maintain a Joint Committee empowered to consider disputes arising under the implementation of this Title and its related agreements.

“(b) The membership of the Joint Committee shall comprise selected senior officials of the two Governments. The senior United States military commander in the Pacific area shall be the senior United States member of the Joint Committee. For the meetings of the Joint Committee, each of the two Governments may designate additional or alternate representatives as appropriate for the subject matter under consideration.

“(c) Unless otherwise mutually agreed, the Joint Committee shall meet annually at a time and place to be designated, after appropriate consultation, by the Government of the United States. The Joint Committee also shall meet promptly upon request of either of its members. The Joint Committee shall follow such procedures, including the establishment of functional subcommittees, as the members may from time to time agree. Upon notification by the Government of the United States, the Joint Committee of the United States and the Republic of the Marshall Islands shall meet promptly in a combined session with the Joint Committee established and maintained by the Government of the United States and the Government of the Federated States of Micronesia to consider matters within the jurisdiction of the two Joint Committees.

“(d) Unresolved issues in the Joint Committee shall be referred to the Governments for resolution, and the Government of the Republic of the Marshall Islands shall be afforded, on an expeditious basis, an opportunity to raise its concerns with the United States Secretary of Defense personally regarding any unresolved issue which threatens its continued association with the Government of the United States.

“SECTION 352

“In the exercise of its authority and responsibility under Title Three, the Government of the United States shall accord due respect to the authority and responsibility of the Government of the Republic of the Marshall Islands under Titles One, Two and Four and to the responsibility of the Government of the Republic of the Marshall Islands to assure the well-being of its people.

“SECTION 353

“(a) The Government of the United States shall not include the Government of the Republic of the Marshall Islands as a named party to a formal declaration of war, without that Government's consent.

“(b) Absent such consent, this Compact, as amended, is without prejudice, on the ground of belligerence or the existence of a state of war, to any claims for damages which are advanced by the citizens, nationals or Government of the Republic of the Marshall Islands, which arise out of armed conflict subsequent to October 21, 1986, and which are:

“(1) petitions to the Government of the United States for redress; or

“(2) claims in any manner against the government, citizens, nationals or entities of any third country.

“(c) Petitions under section 353(b)(1) shall be treated as if they were made by citizens of the United States.

“SECTION 354

agreement pursuant to section 441, or amended pursuant to Article III of Title Four. If at any time the Government of the United States, or the Government of the Republic of the Marshall Islands, acting unilaterally, terminates this Title, such unilateral termination shall be considered to be termination of the entire Compact, as amended, in which case the provisions of sections 442 and 452 (in the case of termination by the Government of the United States) or sections 443 and 453 (in the case of termination by the Government of the Republic of the Marshall Islands), with the exception of paragraph (3) of subsection (a) of section 452 or paragraph (3) of subsection (a) of section 453, as the case may be, shall apply.

“(b) The Government of the United States recognizes, in view of the special relationship between the Government of the United States and the Government of the Republic of the Marshall Islands, and in view of the existence of the separate agreement regarding mutual security concluded with the Government of the Republic of the Marshall Islands pursuant to sections 321 and 323, that, even if this Title should terminate, any attack on the Republic of the Marshall Islands during the period in which such separate agreement is in effect, would constitute a threat to the peace and security of the entire region and a danger to the United States. In the event of such an attack, the Government of the United States would take action to meet the danger to the United States and to the Republic of the Marshall Islands in accordance with its constitutional processes.

“(c) As reflected in Article 21(1)(b) of the Trust Fund Agreement, the Government of the United States and the Government of the Republic of the Marshall Islands further recognize, in view of the special relationship between their countries, that even if this Title should terminate, the Government of Republic of the Marshall Islands shall refrain from actions which the Government of the United States determines, after appropriate consultation with that Government, to be incompatible with its authority and responsibility for security and defense matters in or relating to the Republic of the Marshall Islands or the Federated States of Micronesia. “SECTION 424

(a) Law enforcement assistance

Pursuant to sections 222 and 224 of the U.S.-FSM Compact, the United States shall provide non-reimbursable technical and training assistance as appropriate, including training and equipment for postal inspection of illicit drugs and other contraband, to enable the Government of the Federated States of Micronesia to develop and adequately enforce laws of the Federated States of Micronesia and to cooperate with the United States in the enforcement of criminal laws of the United States. Funds appropriated pursuant to section 1921d(j) of this title may be used to reimburse State or local agencies providing such assistance.

(b) Agreement on audits

The Comptroller General (and his duly authorized representatives) shall have the authorities necessary to carry out his responsibilities under section 232 of the U.S.-FSM Compact and the agreement referred to in section 462(b)(4) of the U.S.-FSM Compact, including the following authorities:

(1) General authority of the Comptroller General to audit

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 232 of the U.S.-FSM Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority

to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(4) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that at the end of 15 years after the effective date of the Compact, the firm then acting as Fund Manager shall transfer to the Government of the Marshall Islands, or to such account as such Government shall so notify the Fund Manager, all remaining funds and assets being managed by the Fund Manager under the Section 177 Agreement.

(II) a determination on whether the surveys and analyses indicate any significant change in the health risks to the people of Enewetak from the contaminants within the Cactus Crater containment structure.

(iii) Funding for groundwater monitoring

The Secretary of the Interior shall make available to the Department of Energy, Marshall Islands Program, from funds available for the Technical Assistance Program of the Office of Insular Affairs, the amounts necessary to conduct the radiochemical analysis of groundwater under clause(i)(II).

(2) Agricultural and food programs

(A) In general

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that notwithstanding any other provision of law, upon the request of the Government of the Marshall Islands, for the first fifteen years after the effective date of the Compact, the President (either through an appropriate department or agency of the United States or by contract with a United States firm or by a grant to the Government of the Republic of the Marshall Islands which may further contract only with a United States firm or a Republic of the Marshall Islands firm, the owners, officers and majority of the employees of which are citizens of the United States or the Republic of the Marshall Islands) shall provide technical and other assistance—

(i) without reimbursement, to continue the planting and agricultural maintenance program on Enewetak, as provided in subparagraph (C); and

(ii) without reimbursement, to continue the food programs of the Bikini and Enewetak people described in section 1(d) of Article II of the Subsidiary Agreement for the Implementation of Section 177 of the Compact and for continued waterborne transportation of agricultural products to Enewetak including operations and maintenance of the vessel used for such purposes.

(B) Population changes

The President shall ensure the assistance provided under these programs reflects the changes in the population since the inception of such programs.

(C) Planting and agricultural maintenance program

(i) In general

The planting and agricultural maintenance program on Enewetak shall be funded at a level of not less than \$1,300,000 per year, as adjusted for inflation under section 218 of the U.S.-RMI Compact.

(ii) Authorization and continuing appropriation

There is hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for each

fiscal year from 2004 through 2023, \$1,300,000, as adjusted for inflation under section 218 of the U.S.-RMI Compact, for grants to carry out the planting and agricultural maintenance program.

(3) Payments

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that payments under this subsection shall be provided to such extent or in such amounts as are necessary for services and other assistance provided pursuant to this subsection. It is the sense of Congress that after the periods of time specified in paragraphs (1) and (2) of this subsection, consideration will be given to such additional funding for these programs as may be necessary.

(g) Rongelap

(1) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that because Rongelap was directly affected by fallout from a 1954 United States thermonuclear test and because the Rongelap people remain unconvinced that it is safe to continue to live on Rongelap Island, it is the intent of Congress to take such steps (if any) as may be necessary to overcome the effects of such fallout on the habitability of Rongelap Island, and to restore Rongelap Island, if necessary, so that it can be safely inhabited. Accordingly, it is the expectation of the Congress that the Government of the Marshall Islands shall use such portion of the funds specified in Article II, section 1(e) of the subsidiary agreement for the implementation of section 177 of the Compact as are necessary for the purpose of contracting with a qualified scientist or group of scientists to review the data collected by the Department of Energy relating to radiation levels and other conditions on Rongelap Island resulting from the thermonuclear test. It is the expectation of the Congress that the Government of the Marshall Islands, after consultation with the people of Rongelap, shall select the party to review such data, and shall contract for such review and for submission of a report to the President of the United States and the Congress as to the results thereof.

(2) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that the purpose of the review referred to in paragraph (1) of this subsection shall be to establish whether the data cited in support of the conclusions as to the habitability of Rongelap Island, as set forth in the Department of Energy report entitled: “The Meaning of Radiation for Those Atolls in the Northern Part of the Marshall Islands That Were Surveyed in 1978”, dated November 1982, are adequate and whether such conclusions are fully supported by the data. If the party reviewing the data concludes that such conclusions as to habitability are fully supported by adequate data, the report to the President of the United States and the Congress shall so state. If the party reviewing the data concludes that the data are inadequate to support such conclusions as to habitability or that such conclusions as to habitability are not fully supported by the data, the Government of the Marshall Islands shall contract with an appropriate scientist or group of scientists to undertake a complete survey of radiation and other effects of the nuclear testing program relating to the habitability of Rongelap Island. Such sums as are necessary for such survey and report concerning the results thereof and as to steps needed to restore the habitability of Rongelap Island are authorized to be made available to the Government of the Marshall Islands.

(3) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that it is the intent of Congress that such steps (if any) as are necessary to restore the habitability of Rongelap Island and return the Rongelap people to their homeland will be taken by the United States in consultation with the Government of the Marshall Islands and, in accordance with its authority under the Constitution of the Marshall Islands, the Rongelap local government council.

(4) There are hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for fiscal year 2005, \$1,780,000; for fiscal year 2006, \$1,760,000; and for fiscal year 2007, \$1,760,000, as the final contributions of the United States to the Rongelap Resettlement Trust Fund as established pursuant to Public Law 102–154 (105 Stat. 1009), for the purposes of establishing a food importation program as a part of the overall resettlement program of Rongelap Island.

(h) Four atoll health care program

(1) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that services provided by the United States Public Health Service or any other United States agency pursuant to section 1(a) of Article II of the Agreement for the Implementation of Section 177 of the Compact (hereafter in this subsection referred to as the “Section 177 Agreement”) shall be only for services to the people of the Atolls of Bikini, Enewetak, Rongelap, and Utrik who were affected by the consequences of the United States nuclear testing program, pursuant to the program described in Public Law 95–134 (91 Stat. 1159) and Public Law 96–205 (94 Stat. 84) and their descendants (and any other persons identified as having been so affected if such identification occurs in the manner described in such public laws). Nothing in this subsection shall be construed as prejudicial to the views or policies of the Government of the Marshall Islands as to the persons affected by the consequences of the United States nuclear testing program.

(2) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that at the end of the first year after the effective date of the Compact and at the end of each year thereafter, the providing agency or agencies shall return to the Government of the Marshall Islands any unexpended funds to be returned to the Fund Manager (as described in Article I of the Section 177 Agreement) to be covered into the Fund to be available for future use.

(3) In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that the Fund Manager shall retain the funds returned by the Government of the Marshall Islands pursuant to paragraph (2) of this subsection, shall invest and manage such funds, and at the end of 15 years after the effective date of the Compact, shall make from the total amount so retained and the proceeds thereof annual disbursements sufficient to continue to make payments for the provision of health services as specified in paragraph (1) of this subsection to such extent as may be provided in contracts between the Government of the Marshall Islands and appropriate United States providers of such health services.

(i) Enjebi Community Trust Fund

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that notwithstanding any other provision of law, the Secretary of the Treasury shall establish on the books of the Treasury of the United States a fund having the status specified in Article V of the subsidiary agreement for the implementation of Section 177 of the Compact, to be known as the “Enjebi Community Trust Fund” (hereafter in this subsection referred to as the “Fund”), and shall credit to the Fund the amount of \$7,500,000. Such amount, which shall be ex gratia, shall be in addition to and not charged against any other funds provided for in the Compact and its subsidiary agreements, this joint resolution, or any other Act. Upon receipt by the President of the United States of the agreement described in this subsection, the Secretary of the Treasury, upon request of the Government of the Marshall Islands, shall transfer the Fund to the Government of the Marshall Islands, provided that the Government of the Marshall Islands agrees as follows:

(1) Enjebi trust agreement

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that the Government of the Marshall Islands and the Enewetak Local Government Council, in consultation with the people of Enjebi, shall provide for the creation of the Enjebi Community Trust Fund and the employment of the manager of the Enewetak Fund established pursuant to the Section 177 Agreement as trustee and manager of the Enjebi Community Trust Fund, or, should the manager of the Enewetak Fund not be acceptable to the people of Enjebi, another United States investment manager with substantial experience in the administration of trusts and with funds under management in excess of \$250,000,000.

(2) Monitor conditions

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that upon the request of the Government of the Marshall Islands, the United States shall monitor the radiation and other conditions on Enjebi and within one year of receiving such a request shall report to the Government of the Marshall Islands when the people of Enjebi may resettle Enjebi under circumstances where the radioactive contamination at Enjebi, including contamination

derived from consumption of locally grown food products, can be reduced or otherwise controlled to meet whole body Federal radiation protection standards for the general population, including mean annual dose and mean 30-year cumulative dose standards.

(3) Resettlement of Enjebi

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in the event that the United States determines that the people of Enjebi can within 25 years of January 14, 1986, resettle Enjebi under the conditions set forth in paragraph (2) of this subsection, then upon such determination there shall be available to the people of Enjebi from the Fund such amounts as are necessary for the people of Enjebi to do the following, in accordance with a plan developed by the Enewetak Local Government Council and the people of Enjebi, and concurred with by the Government of the Marshall Islands to assure consistency with the government's overall economic development plan:

(A) Establish a community on Enjebi Island for the use of the people of Enjebi.

(B) Replant Enjebi with appropriate food-bearing and other vegetation.

(4) Resettlement of other location

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that in the event that the United States determines that within 25 years of January 14, 1986, the people of Enjebi cannot resettle Enjebi without exceeding the radiation standards set forth in paragraph (2) of this subsection, then the fund manager shall be directed by the trust instrument to distribute the Fund to the people of Enjebi for their resettlement at some other location in accordance with a plan, developed by the Enewetak Local Government Council and the people of Enjebi and concurred with by the Government of the Marshall Islands, to assure consistency with the government's overall economic development plan.

(5) Interest from Fund

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that prior to and during the distribution of the corpus of the Fund pursuant to paragraphs (3) and (4) of this subsection, the people of Enjebi may, if they so request, receive the interest earned by the Fund on no less frequent a basis than quarterly.

(6) Disclaimer of liability

In the joint resolution of January 14, 1986 (Public Law 99–239) Congress provided that neither under the laws of the Marshall Islands nor under the laws of the United States, shall the Government of the United States be liable for any loss or damage to person or property in respect to the resettlement of Enjebi by the people of Enjebi, pursuant to the provision of this subsection or otherwise.

(j) Bikini Atoll cleanup

(1) Declaration of policy

In the joint resolution of January 14, 1986 (Public Law 99–239), the Congress determined and declared that it is the policy of the United States, to be supported by the full faith and credit of the United States, that because the United States, through its nuclear testing and other activities, rendered Bikini Atoll unsafe for habitation by the people of Bikini, the United States will fulfill its responsibility for restoring Bikini Atoll to habitability, as set forth in paragraph (2) and (3) of this subsection.

(2) Cleanup funds

The joint resolution of January 14, 1986 (Public Law 99–239) authorized to be appropriated such sums as necessary to implement the settlement agreement of March 15, 1985, in *The People of Bikini, et al. against United States of America, et al.*, Civ. No. 84–0425 (D. Ha.).

(3) Conditions of funding

In the joint resolution of January 14, 1986 (Public Law 99–239) the Congress provided that the funds referred to in paragraph (2) were to be made available pursuant to Article VI, Section 1 of

the Compact Section 177 Agreement upon completion of the events set forth in the settlement agreement referred to in paragraph (2) of this subsection.

(k) Agreement on audits

The Comptroller General (and his duly authorized representatives) shall have the authorities necessary to carry out his responsibilities under section 232 of the U.S.-RMI Compact and the agreement referred to in section 462(b)(4) of the U.S.-RMI Compact, including the following authorities:

(1) General authority of the Comptroller General to audit

(A) The Comptroller General of the United States (and his duly authorized representatives) shall have the authority to audit—

(i) all grants, program assistance, and other assistance provided to the Government of the Republic of the Marshall Islands under Articles I and II of Title Two of the U.S.-RMI Compact; and

(ii) any other assistance provided by the Government of the United States to the Government of the Republic of the Marshall Islands.

Such authority shall include authority for the Comptroller General to conduct or cause to be conducted any of the audits provided for in section 232 of the U.S.-RMI Compact. The authority provided in this paragraph shall continue for at least three years after the last such grant has been made or assistance has been provided.

(B) The Comptroller General (and his duly authorized representatives) shall also have authority to review any audit conducted by or on behalf of the Government of the United States. In this connection, the Comptroller General shall have access to such personnel and to such records, documents, working papers, automated data and files, and other information relevant to such review.

(2) Comptroller General access to records

(A) In carrying out paragraph (1), the Comptroller General (and his duly authorized representatives) shall have such access to the personnel and (without cost) to records, documents, working papers, automated data and files, and other information relevant to such audits. The Comptroller General may duplicate any such records, documents, working papers, automated data and files, or other information relevant to such audits.

(B) Such records, documents, working papers, automated data and files, and other information regarding each such grant or other assistance shall be maintained for at least five years after the date such grant or assistance was provided and in a manner that permits such grants, assistance and payments to be accounted for distinct from any other funds of the Government of the Republic of the Marshall Islands.

(3) Status of Comptroller General representatives

The Comptroller General and his duly authorized representatives shall be immune from civil and criminal process relating to words spoken or written and all acts performed by them in their official capacity and falling within their functions, except insofar as such immunity may be expressly waived by the Government of the United States. The Comptroller General and his duly authorized representatives shall not be liable to arrest or detention pending trial, except in the case of a grave crime and pursuant to a decision by a competent judicial authority, and such persons shall enjoy immunity from seizure of personal property, immigration restrictions, and laws relating to alien registration, fingerprinting, and the registration of foreign agents. Such persons shall enjoy the same taxation exemptions as are set forth in Article 34 of the Vienna Convention on Diplomatic Relations. The privileges, exemptions and immunities accorded under this paragraph are not for the personal benefit of the individuals concerned but are to safeguard the independent exercise of their official functions. Without prejudice to those privileges, exemptions and immunities, it is the duty of all such persons to respect the laws and regulations of the Government of the Republic of the Marshall Islands.

(4) Audits defined

As used in this subsection, the term “audits” includes financial, program, and management audits, including determining—

(A) whether the Government of the Republic of the Marshall Islands has met the requirements set forth in the U.S.-RMI Compact, or any related agreement entered into under the U.S.-RMI Compact, regarding the purposes for which such grants and other assistance are to be used; and

(1) Statement of policy

It is the policy of the United States that payment of funds by the Government of the Marshall Islands to the landowners of Kwajalein Atoll in accordance with the land use agreement dated October 19, 1982, or as amended or superseded, and any related allocation agreements, is required in order to ensure that the Government of the United States will be able to fulfill its obligation and responsibilities under Title Three of the U.S.-RMI Compact and the subsidiary agreements concluded pursuant to the U.S.-RMI Compact.

(2) Failure to pay

(A) In general

If the Government of the Marshall Islands fails to make payments in accordance with paragraph (1), the Government of the United States shall initiate procedures under section 313 of the U.S.-RMI Compact and consult with the Government of the Marshall Islands with respect to the basis for the nonpayment of funds.

(B) Resolution

The United States shall expeditiously resolve the matter of any nonpayment of funds required under paragraph (1) pursuant to section 313 of the U.S.-RMI Compact and the authority and responsibility of the Government of the United States for security and defense matters in or relating to the Marshall Islands. This paragraph shall be enforced, as may be necessary, in accordance with section 1921d(e) of this title.

(3) Disposition of increased payments pending new land use agreement

Until such time as the Government of the Marshall Islands and the landowners of Kwajalein Atoll have concluded an agreement amending or superseding the land use agreement reflecting the terms of and consistent with the Military Use Operating Rights Agreement dated October 19, 1982, any amounts paid by the United States to the Government of the Marshall Islands in excess of the amounts required to be paid pursuant to the land use agreement dated October 19, 1982, shall be paid into, and held in, an interest bearing escrow account in a United States financial institution by the Government of the Republic of the Marshall Islands. At such time, the funds and interest held in escrow shall be paid to the landowners of Kwajalein in accordance with the new land use agreement. If no such agreement is concluded by the date which is five years after December 17, 2003, then such funds and interest shall, unless otherwise mutually agreed between the Government of the United States of America and the Government of the Republic of the Marshall Islands, be returned to the U.S. Treasury.

(4) Notifications and report

(A) The Government of the Republic of the Marshall Islands shall notify the Government of the

United States of America when an agreement amending or superseding the land use agreement dated October 19, 1982, is concluded.

(B) If no agreement amending or superseding the land use agreement dated October 19, 1982 is concluded by the date five years after December 17, 2003, then the President shall report to Congress on the intentions of the United States with respect to the use of Kwajalein Atoll after 2016, on any plans to relocate activities carried out on Kwajalein Atoll, and on the disposition of the funds and interest held in escrow under paragraph (3).

(5) Assistance

The President is authorized to make loans and grants to the Government of the Marshall Islands to address the special needs of the community at Ebeye, Kwajalein Atoll, and other Marshallese communities within the Kwajalein Atoll, pursuant to development plans adopted in accordance with applicable laws of the Marshall Islands. The loans and grants shall be subject to such other terms and conditions as the President, in the discretion of the President, may determine are appropriate.

§1921c. Interpretation of and United States policy regarding U.S.-FSM Compact and U.S.-RMI Compact

(a) Human rights

In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress notes the conclusion in the Statement of Intent of the Report of The Future Political Status Commission of the Congress of Micronesia in July, 1969, that “our recommendation of a free associated state is indissolubly linked to our desire for such a democratic, representative, constitutional government” and notes that such desire and intention are reaffirmed and embodied in the Constitutions of the Federated States of Micronesia and the Republic of the Marshall Islands. Congress also notes and specifically endorses the preamble to the U.S.-FSM Compact and the U.S.-RMI Compact, which affirms that the governments of the parties to the U.S.-FSM Compact and the U.S.-RMI Compact are founded upon

respect for human rights and fundamental freedoms for all. The Secretary of State shall include in the annual reports on the status of internationally recognized human rights in foreign countries, which are submitted to Congress pursuant to sections 2151n and 2304 of title 22, a full and complete report regarding the status of internationally recognized human rights in the Federated States of Micronesia and the Republic of the Marshall Islands.

(b) Immigration and passport security

(1) Naturalized citizens

The rights of a bona fide naturalized citizen of the Federated States of Micronesia or the Republic of the Marshall Islands to enter the United States, to lawfully engage therein in occupations, and to establish residence therein as a nonimmigrant, to the extent such rights are provided under section 141 of the U.S.-FSM Compact and the U.S.-RMI Compact, shall not be deemed to extend to any such naturalized citizen with respect to whom circumstances associated with the acquisition of the status of a naturalized citizen are such as to allow a reasonable inference, on the part of appropriate officials of the United States and subject to United States procedural requirements, that such naturalized status was acquired primarily in order to obtain such rights.

(2) Passports

It is the sense of Congress that up to \$250,000 of the grant assistance provided to the Federated States of Micronesia pursuant to section 211(a)(4) of the U.S.-FSM Compact, and up to \$250,000 of the grant assistance provided to the Republic of the Marshall Islands pursuant to section 211(a)(4) of the U.S.-RMI Compact (or a greater amount of the section 211(a)(4) grant, if mutually agreed between the Government of the United States and the government of the Federated States of Micronesia or the government of the Republic of the Marshall Islands), be used for the purpose of increasing the machine-readability and security of passports issued by such jurisdictions. It is further the sense of Congress that such funds be obligated by September 30, 2004 and in the amount and manner specified by the Secretary of State in consultation with the Secretary of Homeland Security and, respectively, with the government of the Federated States of Micronesia and the government of the Republic of the Marshall Islands. The United States Government is authorized to require that passports used for the purpose of seeking admission under section 141 of the U.S.-FSM Compact and the U.S.-RMI Compact contain the security enhancements funded by such assistance.

(3) Information-sharing

It is the sense of Congress that the governments of the Federated States of Micronesia and the Republic of the Marshall Islands develop, prior to October 1, 2004, the capability to provide reliable and timely information as may reasonably be required by the Government of the United States in enforcing criminal and security-related grounds of inadmissibility and deportability under the Immigration and Nationality Act, as amended [8 U.S.C. 1101 et seq.], and shall provide such information to the Government of the United States.

(4) Transition; construction of sections 141(a)(3) and 141(a)(4) of the U.S.-FSM Compact and U.S.-RMI Compact

The words “the effective date of this Compact, as amended” in sections 141(a)(3) and 141(a)(4) of the U.S.-FSM Compact and the U.S.-RMI Compact shall be construed to read, “on the day prior to the enactment by the United States Congress of the Compact of Free Association Amendments Act of 2003.”.

(c) Nonalienation of lands

Congress endorses and encourages the maintenance of the policies of the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands to regulate, in accordance with their Constitutions and laws, the alienation of permanent interests in real property so as to restrict the acquisition of such interests to persons of Federated States of Micronesia citizenship and the Republic of the Marshall Islands citizenship, respectively.

(d) Nuclear waste disposal

In approving the U.S.-FSM Compact and the U.S.-RMI Compact, Congress understands that the Government of the Federated States of Micronesia and the Government of the Republic of the Marshall Islands will not permit any other government or any nongovernmental party to conduct, in the Republic of the Marshall Islands or in the Federated States of Micronesia, any of the activities specified in subsection (a) of section 314 of the U.S.-FSM Compact and the U.S.-RMI Compact.

(e) Impact of the U.S.-FSM Compact and the U.S.-RMI Compact on the State of Hawaii, Guam, the Commonwealth of the Northern Mariana Islands and American Samoa; related authorization and continuing appropriation

(1) Statement of congressional intent

In reauthorizing the U.S.-FSM Compact and the U.S.-RMI Compact, it is not the intent of Congress to cause any adverse consequences for an affected jurisdiction.

(2) Definitions

For the purposes of this part—

(A) the term “affected jurisdiction” means American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, or the State of Hawaii; and

(B) the term “qualified nonimmigrant” means a person, or their children under the age of 18, admitted or resident pursuant to section 141 of the U.S.-RMI or U.S.-FSM Compact, or section 141 of the Palau Compact who, as of a date referenced in the most recently published enumeration is a resident of an affected jurisdiction. As used in this subsection, the term “resident” shall be a person who has a “residence,” as that term is defined in section 101(a)(33) of the Immigration and Nationality Act, as amended [8 U.S.C. 1101(a)(33)].

(3) Authorization and continuing appropriation

There is hereby authorized and appropriated to the Secretary of the Interior, out of any funds in the Treasury not otherwise appropriated, to remain available until expended, for each fiscal year from 2004 through 2023, \$30,000,000 for grants to affected jurisdictions to aid in defraying costs incurred by affected jurisdictions as a result of increased demands placed on health, educational, social, or public safety services or infrastructure related to such services due to the residence in affected jurisdictions of qualified nonimmigrants from the Republic of the Marshall Islands, the Federated States of Micronesia, or the Republic of Palau. The grants shall be—

(A) awarded and administered by the Department of the Interior, Office of Insular Affairs, or any successor thereto, in accordance with regulations, policies and procedures applicable to grants so awarded and administered; and

(B) used only for health, educational, social, or public safety services, or infrastructure related to such services, specifically affected by qualified nonimmigrants.

(4) Enumeration

The Secretary of the Interior shall conduct periodic enumerations of qualified nonimmigrants in each affected jurisdiction. The enumerations—

(A) shall be conducted at such intervals as the Secretary of the Interior shall determine, but no less frequently than every five years, beginning in fiscal year 2003;

(B) shall be supervised by the United States Bureau of the Census or such other organization as the Secretary of the Interior may select; and

(C) after fiscal year 2003, shall be funded by the Secretary of the Interior by deducting such sums as are necessary, but not to exceed \$300,000 as adjusted for inflation pursuant to section 217 of the U.S.-FSM Compact with fiscal year 2003 as the base year, per enumeration, from funds appropriated pursuant to the authorization contained in paragraph (3) of this subsection.

(5) Allocation

The Secretary of the Interior shall allocate to the government of each affected jurisdiction, on the basis of the results of the most recent enumeration, grants in an aggregate amount equal to the total amount of funds appropriated under paragraph (3) of this subsection, as reduced by any

deductions authorized by subparagraph (C) of paragraph (4) of this subsection, multiplied by a ratio derived by dividing the number of qualified nonimmigrants in such affected jurisdiction by the total number of qualified nonimmigrants in all affected jurisdictions.

(6) Authorization for health care reimbursement

PROC. NO. 6726. PLACING INTO FULL FORCE AND EFFECT COMPACT OF FREE ASSOCIATION WITH REPUBLIC OF PALAU

Proc. No. 6726, Sept. 27, 1994, 59 F.R. 49777, provided:

Since July 18, 1947, the United States has administered the United Nations Trust Territory of the Pacific Islands (“Trust Territory”), which has included the Northern Mariana Islands, the Federated States of Micronesia, the Marshall Islands, and Palau.

On November 3, 1986, a Covenant between the United States and the Northern Mariana Islands [48 U.S.C. 1801 note] came into force. This Covenant established the Commonwealth of the Northern Mariana Islands as a self-governing Commonwealth in political union with and under the sovereignty of the United States.

On October 21, 1986, in the case of the Republic of the Marshall Islands, and on November 3, 1986, in the case of the Federated States of Micronesia, Compacts of Free Association with the United States [48 U.S.C.

1901 note] became effective. Under the Compacts, the Federated States of Micronesia and the Republic of the Marshall Islands became self-governing sovereign states, in free association with the United States. Following the changes in political status of the Northern Mariana Islands, the Marshall Islands, and the Federated States of Micronesia, the Trusteeship Agreement ceased to be applicable to those entities and only Palau remained as the Trust Territory of the Pacific Islands.

On January 10, 1986, the Government of the United States and the Government of Palau concluded a Compact of Free Association [set out above] similar to those that the United States entered into with the Republic of the Marshall Islands and with the Federated States of Micronesia. As in those instances, it was specified that the Compact with Palau would come into effect upon (1) mutual agreement between the Government of the United States, acting in fulfillment of its responsibilities as Administering Authority of the Trust Territory of the Pacific Islands, and the Government of Palau; (2) the approval of the Compact by the two Governments, in accordance with their constitutional processes; and (3) the approval of the Compact by plebiscite in Palau.

In Palau the Compact has been approved by the Government in accordance with its constitutional processes and by a United Nations-observed plebiscite on November 9, 1993, a sovereign act of self-determination. In the United States the Compact was approved by Public Law 99-658 of November 14, 1986 [48 U.S.C. 1931 et seq.], and Public Law 101-219 of December 12, 1989 [48 U.S.C. 1951 et seq.].

On May 25, 1994, the Trusteeship Council of the United Nations concluded that the Government of the United States had satisfactorily discharged its obligations as the Administering Authority under the terms of the Trusteeship Agreement and that the people of Palau had freely exercised their right to self-determination and considered that it was appropriate for the Trusteeship Agreement to be terminated. The Council asked the United States to consult with the Government of Palau and to agree on a date, on or about October 1, 1994, for entry into force of their new status agreement.

On July 15, 1994, the Government of the United States and the Government of the Republic of Palau agreed, pursuant to section 411 of the Compact of Free Association, that as between the United States and the Republic of Palau, the effective date of the Compact shall be October 1, 1994.

As of this day, September 27, 1994, the United States has fulfilled its obligations under the Trusteeship Agreement with respect to the Republic of Palau. On October 1, 1994, the Compact will enter into force between the United States and the Republic of Palau, and Palau will thereafter be self-governing and no longer subject to the Trusteeship. In taking these actions, the United States is implementing the freely expressed wishes of the people of Palau.

NOW, THEREFORE, I, WILLIAM J. CLINTON, President of the United States of America, by the authority vested in me by the Constitution and laws of the United States, including sections 101 and 102 of the Joint Resolution to approve the "Compact of Free Association" between the United States and the Government of Palau, and for other purposes, approved on November 14, 1986 (Public Law 99-658) [48 U.S.C. 1931, 1932], and section 101 of the Joint Resolution to authorize entry into force of the Compact of Free Association between the United States and the Government of Palau, and for other purposes, approved on December 12, 1989 (Public Law 101-219) [48 U.S.C. 1951], and pursuant to section 1002 of the Covenant to Establish a Commonwealth of the Northern Mariana Islands in Political Union with the United States of America [48 U.S.C. 1801 note], and consistent with sections 101 and 102 of the Joint Resolution to approve the "Compact of Free Association" and for other purposes, approved on January 14, 1986 (Public Law 99-239) [48 U.S.C. 1901, 1902], do hereby find, declare, and proclaim as follows:

SECTION 1. I determine that the Trusteeship Agreement for the Pacific Islands will be no longer in effect with respect to the Republic of Palau as of October 1, 1994, at one minute past one o'clock p.m. local time in Palau. This constitutes the determination referred to in section 1002 of the Covenant with the Northern Mariana Islands (Public Law 94-241).

SEC. 2. The Compact of Free Association with the Republic of Palau will be in full force and effect as of October 1, 1994, at one minute past one o'clock p.m. local time in Palau.

SEC. 3. I am gratified that the people of the Republic of Palau, after 47 years of Trusteeship, have freely chosen to establish a relationship of Free Association with the United States.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-seventh day of September, in the year of our Lord nineteen hundred and ninety-four, and of the Independence of the United States of America the two hundred and nineteenth.

WILLIAM J. CLINTON.

Funds so credited and merged shall be available for the same time period as the appropriations to which the funds are credited and merged.

(b) Inventory and study of natural, historic, and other resources

The Secretary of the Interior shall conduct, upon request of Palau, the Federated States of Micronesia or the Marshall Islands, and through the Director of the National Park Service, a comprehensive inventory and study of the most unique and significant natural, historical, cultural, and recreational resources of Palau, the Federated States of Micronesia or the Marshall Islands. Areas or sites exhibiting such qualities shall be described and evaluated with the objective of the preservation of their values and their careful use and appreciation by the public, along with a determination of their potential for attracting tourism. The inventory and study shall also identify areas or sites which, if they were located in the United States, would qualify to be listed on the Registry of Natural Landmarks and the National Register of Historic Places.

(c) Omitted

(d) Peleliu and Angaur

Not later than one year after November 14, 1986, the Secretary of Agriculture, after appropriate studies conducted in consultation with the Government of Palau, shall report to the President and the Congress concerning the feasibility and cost of rehabilitating and restoring the fertility of the topsoil of the islands of Peleliu and Angaur. Upon the request of the Government of Palau, the President shall make the report of the Secretary of Agriculture available to the Government of Palau. Technical assistance to accomplish such rehabilitation and restoration, if feasible, may be provided to the Government of Palau on a nonreimbursable basis, subject to the availability of appropriated funds.

(e) Power generation

Neither the Secretary of the Treasury nor any other officer or agent of the United States shall pay or transfer any portion of the sum and amounts payable to the Government of Palau pursuant to this joint resolution to any party other than the Government of Palau, except under the procedures established by the Compact and its related agreements. No funds appropriated pursuant to the Compact, this Act, or any other Act for grants or other assistance to Palau may be used to satisfy any obligation or expense incurred by Palau prior to November 14, 1986, with respect to any contract or debt related to any electrical generating plant or related facilities entered into or incurred by Palau which has not been specifically authorized by Congress in advance, except that the Government of Palau may use any portion of the annual grant under section 211(b) ¹ not required to be devoted to the energy needs of those parts of Palau not served by its central power generating facilities and any portion of the funds under section 212(b) of the Compact for such purpose.

(f) Reduction of appropriations

Amounts appropriated to be paid pursuant to section 177 of Article I of Title One or Articles I and III of Title Two of the Compact of Free Association with the Federated States of Micronesia and the Marshall Islands, as set forth in Title II of the Compact of Free Association Act of 1985, or pursuant to section 103(h), 103(k), or 105(m) of such Act [48 U.S.C. 1903(h), (k), 1905(m)] (Public Law 99–239), or pursuant to Article I of Title Two of the Compact with Palau, as set forth in Title II of this joint resolution, or subsection (l) ² of this section shall not be reduced, notwithstanding Public Law 99–177, Public Law 99–366, and other law enacted to implement Public Law 99–177, or any other provision of law.

(g) Understandings, interpretations, and policy statements

The Congress reaffirms all of the understandings, interpretations, and policy statements contained in Public Law 99–239 (99 Stat. 1770) [48 U.S.C. 1901 et seq., 2001 et seq.]. Congressional Resolution 4–60 adopted by the 4th Congress of the Federated States of Micronesia on March 26, 1986 and Resolution No. 62 adopted by the Nitijela of the Marshall Islands on February 18, 1986 do not exclude, limit or modify any provision of the Compact of Free Association as approved by the United States. To the extent that any understandings, interpretations, and policy statements contained in such Resolutions are inconsistent with the provisions of Public Law 99–239, the United States does not concur therein. The President shall take such steps, including but not limited to, communicating with the Governments of the Federated States of Micronesia and the Republic of the Marshall Islands, as may be necessary to preserve all rights of the United States in connection with interpretation and implementation of such Public Law.

(h) Additional provisions relating to Title Three of Compact

(1) The Government of the United States recognizes and respects the scarcity and special

importance of land in Palau. In making any designation of land pursuant to section 322 of the Compact, the Government of the United States shall follow the policy of requesting the minimum area necessary to accomplish the required security and defense purpose, of requesting only the minimum interest in real property necessary to support such purpose, and of requesting first to satisfy the requirement through public real property, where available, rather than through private real property.

(2) The Armed Forces of other nations invited to use military areas and facilities in Palau pursuant to section 312 of the Compact shall be permitted only as it is incident to the authority and under the control of the United States. The activities of such third country forces shall be subject to the same limitations and restrictions applicable to the authority of the United States under the terms of the Compact.

(3) The Government of the United States considers “Exclusive use” areas established for the United States pursuant to Title Three of the Compact to be “within the jurisdiction of Palau,” as that term is used in section 324 of the Compact.

(i) Availability of appropriations

Notwithstanding any other provision of law, funds appropriated for the Compact of Free Association, Public Law 99–239 [48 U.S.C. 1901 et seq., 2001 et seq.], or this joint resolution, in the act of making supplemental appropriations for fiscal year 1986, shall remain available until expended.

(j) Authority to contract or make payments

(1), (2) Omitted

(3) No authority under this subsection to enter into contracts or to make payments shall be effective except to the extent and in such amounts as provided in advance in appropriations Acts. Any provision of this subsection which authorizes the enactment of new budget authority shall be effective only for fiscal years beginning after September 30, 1985.

(k) Annual report

The Departments of Energy and Interior are directed to provide the Committees on Appropriations of the House and Senate with a report by December 1 of each fiscal year detailing how funds were spent during the previous fiscal year for the special medical care and logistical support program for Rongelap and Utrik and for the agriculture and food programs for Eniwetok and Bikini as referenced in Section 103(h) of Public Law 99–239 [48 U.S.C. 1903(h)]. The report shall also specify the anticipated needs during the current and following fiscal years in order to meet the radiological health care and logistical support program for Rongelap and Utrik and the planting, agricultural maintenance, and food programs for Eniwetok and Bikini. It is the sense of the Congress that the special medical care and logistical support program for Rongelap and Utrik and for the agriculture and food programs for Eniwetok and Bikini described in section 103(h) of Public Law 99–239 represent special and continuing moral commitments of the United States which will be annually funded to the extent of the need of the populations of such atolls for such assistance.

CHAPTER 19—PACIFIC POLICY REPORTS

Sec.	
2001.	Findings.
2002.	Reports.
2003.	Conference.
2004.	Administrative matters.

§2001. Findings

The Congress finds that—

(1) the United States does not have a clearly defined policy for United States noncontiguous Pacific areas (including the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the State of Hawaii, and the State of Alaska) and for United States-associated noncontiguous Pacific areas (including the Federated States of Micronesia, the Marshall Islands, and Palau);

(2) the Federal Government has often failed to consider the implications for, effects on, and potential of noncontiguous Pacific areas in the formulation and conduct of foreign and domestic policy, to the detriment of both the attainment of the objectives of Federal policy and noncontiguous Pacific areas;

(3) policies and programs designed for the United States as a whole may impose inappropriate standards on noncontiguous Pacific areas because of their unique circumstances and needs; and

(4) the present Federal organizational arrangements for liaison with (and providing assistance to) the insular areas may not be adequate—

(A) to coordinate the delivery of Federal programs and services to noncontiguous Pacific areas;
