(Pub. L. 89–10, title III, §3241, as added Pub. L. 107–110, title III, §301, Jan. 8, 2002, 115 Stat. 1723.)

§6962. State administrative costs

For any fiscal year, a State educational agency may reserve not more than 1.5 percent (2 percent if the State educational agency distributes funds received under this subpart to local educational agencies on a competitive basis) of the amount allotted to such agency under section 6964 of this title to pay the costs of performing such agency's administrative functions under this subpart.

(Pub. L. 89–10, title III, §3242, as added Pub. L. 107–110, title III, §301, Jan. 8, 2002, 115 Stat. 1723.)

§6963. Withholding

Whenever the Secretary, after providing reasonable notice and opportunity for a hearing to any State educational agency, finds that there is a failure to comply with a requirement of any provision of this subpart, the Secretary shall notify that agency that further payments will not be made to the agency under this subpart or, in the discretion of the Secretary, that the State educational agency shall not make further payments under this subpart to specified local educational agencies whose

actions cause or are involved in such failure until the Secretary is satisfied that there is no longer any such failure to comply. Until the Secretary is so satisfied, no further payments shall be made to the State educational agency under this subpart, or payments by the State educational agency under this subpart shall be limited to local educational agencies whose actions did not cause or were not involved in the failure, as the case may be.

(Pub. L. 89–10, title III, §3243, as added Pub. L. 107–110, title III, §301, Jan. 8, 2002, 115 Stat. 1724.)

§6964. State allotments

(a) Payments

The Secretary shall, in accordance with the provisions of this section, make payments to State educational agencies for each of the fiscal years 2002 through 2008 for the purpose set forth in section 6961 of this title.

(b) Allotments

(1) In general

Except as provided in subsections (c) and (d) of this section, of the amount appropriated for each fiscal year for this subpart, each State participating in the program assisted under this subpart shall receive an allotment equal to the proportion of the number of immigrant children and youth who are enrolled in public elementary schools or secondary schools under the jurisdiction of each local educational agency described in paragraph (2), and in nonpublic elementary schools or secondary schools within the district served by each such local educational agency within such State, relative to the total number of immigrant children and youth so enrolled in all the States participating in the program assisted under this subpart.

(2) Eligible local educational agencies

A local educational agency referred to in paragraph (1) is a local educational agency for which the sum of the number of immigrant children and youth who are enrolled in public elementary schools or secondary schools under the jurisdiction of such agency, and in nonpublic elementary schools or secondary schools within the district served by such agency, during the fiscal year for which the payments are to be made under this subpart, is equal to at least—

(1) In general

Determinations by the Secretary under this section for any period with respect to the number of immigrant children and youth shall be made on the basis of data or estimates provided to the Secretary by each State educational agency in accordance with criteria established by the Secretary, unless the Secretary determines, after notice and opportunity for a hearing to the affected State educational agency, that such data or estimates are clearly erroneous.

(2) Special rule

No such determination with respect to the number of immigrant children and youth shall operate because of an underestimate or overestimate to deprive any State educational agency of the allotment under this section that such State would otherwise have received had such determination been made on the basis of accurate data.

(d) Reallotment

(1) In general

Whenever the Secretary determines that any amount of a payment made to a State under this subpart for a fiscal year will not be used by such State for carrying out the purpose for which the payment was made, the Secretary shall make such amount available for carrying out such purpose to one or more other States to the extent the Secretary determines that such other States will be able to use such additional amount for carrying out such purpose.

(2) Fiscal year

Any amount made available to a State from any appropriation for a fiscal year in accordance with paragraph (1) shall, for purposes of this subpart, be regarded as part of such State's payment (as determined under subsection (b) of this section) for such year, but shall remain available until the end of the succeeding fiscal year.

(e) Reservation of funds

(1) In general

Notwithstanding any other provision of this subpart, if the amount appropriated to carry out this subpart exceeds \$50,000,000 for a fiscal year, a State educational agency may reserve not more than 20 percent of such agency's payment under this subpart for such year to award grants, on a competitive basis, to local educational agencies within the State as follows:

(A) Agencies with immigrant children and youth

At least $\frac{1}{2}$ of the funds reserved under this paragraph shall be made available to eligible local educational agencies (as described in subsection (b)(2) of this section) within the State with the highest numbers and percentages of immigrant children and youth.

(B) Agencies with a sudden influx of children and youth

Funds reserved under this paragraph and not made available under subparagraph (A) may be distributed to local educational agencies within the State that are experiencing a sudden influx of immigrant children and youth and that are otherwise not eligible for assistance under this subpart.

(2) Use of grant funds

Each local educational agency receiving a grant under paragraph (1) shall use such grant funds to carry out the activities described in section 6967 of this title.

(Pub. L. 89–10, title III, §3244, as added Pub. L. 107–110, title III, §301, Jan. 8, 2002, 115 Stat. 1724.)

§6965. State applications

with entities carrying out other programs and activities assisted under this chapter, and other Acts as appropriate;

(3) provide an assurance that local educational agencies receiving funds under this subpart will coordinate the use of such funds with entities carrying out programs and activities assisted under part A of subchapter I of this chapter;

(4) provide assurances that such payments, with the exception of payments reserved under section 6964(e) of this title, will be distributed among local educational agencies within that State on the basis of the number of immigrant children and youth counted with respect to each such local educational agency under section 6964(b)(1) of this title;

(5) provide assurances that the State educational agency will not finally disapprove in whole or in part any application for funds received under this subpart without first affording the local educational agency submitting an application for such funds reasonable notice and opportunity for a hearing;

(6) provide for making such reports as the Secretary may reasonably require to perform the Secretary's functions under this subpart;

(7) provide assurances—

(A) that to the extent consistent with the number of immigrant children and youth enrolled in the nonpublic elementary schools or secondary schools within the district served by a local educational agency, such agency, after consultation with appropriate officials of such schools, shall provide for the benefit of such children and youth secular, neutral, and nonideological services, materials, and equipment necessary for the education of such children and youth;

(B) that the control of funds provided under this subpart for any materials or equipment, or property repaired, remodeled, or constructed with those funds shall be in a public agency for the uses and purpose provided in this subpart, and a public agency shall administer such funds and property; and

(C) that the provision of services pursuant to this paragraph shall be provided by employees of a public agency or through contract by such public agency with a person, association, agency, or corporation who or which, in the provision of such services, is independent of such nonpublic elementary school or secondary school and of any religious organization, and such employment or contract shall be under the control and supervision of such public agency, and the funds provided under this paragraph shall not be commingled with State or local funds;

(8) provide that funds reserved under section 6964(e) of this title be awarded on a competitive basis based on merit and need in accordance with such section; and

(9) provide an assurance that the State educational agency and local educational agencies in the State receiving funds under this subpart will comply with the requirements of section 6320(b) of this title.

(b) Application review

(1) In general

The Secretary shall review all applications submitted pursuant to this section by State educational agencies.

(2) Approval

The Secretary shall approve any application submitted by a State educational agency that meets the requirements of this section.

(3) Disapproval

The Secretary shall disapprove any application submitted by a State educational agency that does not meet the requirements of this section, but shall not finally disapprove an application except after providing reasonable notice, technical assistance, and an opportunity for a hearing to the State educational agency.

§6966. Administrative provisions

(a) Notification of amount

The Secretary, not later than June 1 of each year, shall notify each State educational agency that has an application approved under section 6965 of this title of the amount of such agency's allotment under section 6964 of this title for the succeeding year.

(b) Services to immigrant children and youth enrolled in nonpublic schools

If by reason of any provision of law a local educational agency is prohibited from providing educational services for immigrant children and youth enrolled in nonpublic elementary schools and secondary schools, as required by section 6965(a)(7) of this title, or if the Secretary determines that a local educational agency has substantially failed or is unwilling to provide for the participation on an equitable basis of such children and youth enrolled in such schools, the Secretary may waive such requirement and shall arrange for the provision of services, subject to the requirements of this subpart, to such children and youth. Such waivers shall be subject to consultation, withholding, notice, and judicial review requirements in accordance with the provisions of subchapter I of this chapter.

(3) To provide a continuing source of innovation and educational improvement, including support programs to provide library services and instructional and media materials.

(4) To meet the educational needs of all students, including at-risk youth.

(5) To develop and implement education programs to improve school, student, and teacher performance, including professional development activities and class size reduction programs.

(b) State and local responsibility

The State educational agency shall bear the basic responsibility for the administration of funds made available under this part, but it is the intent of Congress that the responsibility be carried out with a minimum of paperwork and that the responsibility for the design and implementation of programs assisted under this part be mainly that of local educational agencies, school superintendents and principals, and classroom teachers and supporting personnel, because local educational agencies and individuals have the most direct contact with students and are most likely to be able to design programs to meet the educational needs of students in their own school districts.

§7211a. Allocation to local educational agencies

(a) Distribution rule

(1) Allocation of base amounts

From the amount made available to a State educational agency under this part for a fiscal year, the State educational agency shall distribute, to local educational agencies within the State, an amount that is not less than 85 percent of the amount made available to the State educational agency under this part for fiscal year 2002, according to the relative enrollments in public and in private nonprofit schools within the jurisdictions of such local educational agencies, adjusted, in accordance with criteria approved by the Secretary, to provide higher per-pupil allocations to local educational agencies that have the greatest numbers or percentages of children whose education imposes a higher-than-average cost per child, such as—

- (A) children living in areas with high concentrations of economically disadvantaged families;
- (B) children from economically disadvantaged families; and

(C) children living in sparsely populated areas.

(2) Allocation of increased amounts

From the amount made available to a State educational agency under this part for a fiscal year that exceeds the amount made available to the agency under this part for fiscal year 2002, the State educational agency shall distribute 100 percent (or, in the case of a State educational agency receiving a minimum allotment under section 7211(a) of this title, not less than 50 percent, notwithstanding subsection (b) of this section) to local educational agencies within the State, on the same basis as the State educational agency distributes amounts under paragraph (1).

(b) Limitations and requirements

Not more than 15 percent of funds made available under section 7211 of this title for State programs under this part for any fiscal year may be used for State administration under section 7213 of this title.

(c) Calculation of enrollments

(1) In general

The calculation of relative enrollments under subsection (a)(1) of this section shall be on the basis of the total of—

(A) the number of children enrolled in public schools; and

(B) the number of children enrolled in private nonprofit schools that participated in programs assisted under this part, for the fiscal year preceding the fiscal year for which the determination is made.

(2) Rule of construction

Nothing in this subsection shall diminish the responsibility of each local educational agency to contact, on an annual basis, appropriate officials from private nonprofit schools within the areas served by such agencies in order to determine whether such schools desire that their children participate in programs assisted under this part.

(3) Adjustments

(A) State criteria

Relative enrollments calculated under subsection (a)(1) of this section shall be adjusted, in accordance with criteria approved by the Secretary under subparagraph (B), to provide higher per-pupil allocations only to local educational agencies that serve the greatest numbers or percentages of—

(i) children living in areas with high concentrations of economically disadvantaged families;

(ii) children from economically disadvantaged families; or

(iii) children living in sparsely populated areas.

(B) Review of criteria

The Secretary shall review criteria submitted by a State educational agency for adjusting allocations under paragraph (1) and shall approve such criteria only if the Secretary determines that such criteria are reasonably calculated to produce an adjusted allocation that reflects the relative needs of the State's local educational agencies based on the factors set forth in subparagraph (A).

(d) Payment of allocations

(1) Distribution

From the funds paid to a State educational agency under this subpart for a fiscal year, the State educational agency shall distribute to each eligible local educational agency that has submitted an application as required by section 7215b of this title the amount of such local educational agency's allocation, as determined under subsection (a) of this section.

(2) Additional funds

(A) Use

Additional funds resulting from higher per-pupil allocations provided to a local educational agency on the basis of adjusted enrollments of children described in subsection (a)(1) of this section may, in the discretion of the local educational agency, be allocated for expenditures to provide services for children enrolled in public schools and private nonprofit schools in direct proportion to the number of children described in subsection (a)(1) of this section and enrolled in such schools within the area served by the local educational agency.

(B) Allocation

In any fiscal year, any local educational agency that elects to allocate such additional funds in the manner described in subparagraph (A) shall allocate all additional funds to schools within the area served by the local educational agency in such manner.

(C) Rule of construction

Subparagraphs (A) and (B) may not be construed to require any school to limit the use of the additional funds described in subparagraph (A) to the provision of services to specific students or categories of students.

(b) Reduction of funds

The Secretary shall reduce the amount of the allotment of funds under this part in any fiscal year in the exact proportion by which the State educational agency fails to meet the requirements of subsection (a) of this section by falling below 90 percent of the fiscal effort per student or aggregate expenditures (using the measure most favorable to the State educational agency), and no such lesser amount shall be used for computing the effort or expenditures required under paragraph (1) for subsequent years.

(B) if such services, materials, and equipment are not feasible or necessary in one or more such private schools, as determined by the local educational agency after consultation with the appropriate private school officials, shall provide such other arrangements as will assure equitable participation of such children in the purposes and benefits of this part.

(2) Other provisions for services

If no program is carried out under paragraph (1) in the school district of a local educational agency, the State educational agency shall make arrangements, such as through contracts with nonprofit agencies or organizations, under which children in private schools in the district are provided with services and materials to the same extent as would have occurred if the local educational agency had received funds under this part.

(3) Application of requirements

The requirements of this section relating to the participation of children, teachers, and other personnel serving such children shall apply to programs carried out under this part by a State educational agency or local educational agency, whether directly or through grants to, or contracts with, other public or private agencies, institutions, or organizations.

(b) Equal expenditures

(1) In general

Expenditures for programs under subsection (a) of this section shall be equal (consistent with the number of children to be served) to expenditures for programs under this part for children enrolled in the public schools of the local educational agency.

(2) Concentrated programs

Taking into account the needs of the individual children and other factors that relate to the expenditures referred to in paragraph (1), and when funds available to a local educational agency

under this part are used to concentrate programs on a particular group, attendance area, or grade or age level, children enrolled in private schools who are included within the group, attendance area, or grade or age level selected for such concentration shall, after consultation with the appropriate private school officials, be assured equitable participation in the purposes and benefits of such programs.

(c) Administrative requirements

(1) Funds and property

The control of funds provided under this part, and title to materials, equipment, and property repaired, remodeled, or constructed with such funds, shall be in a public agency for the uses and purposes provided in this part, and a public agency shall administer such funds and property.

(2) Provision of services

Services provided under this part shall be provided by employees of a public agency or through contract by such a public agency with a person, association, agency, or corporation that, in the provision of such services, is independent of the private school and of any religious organizations, and such employment or contract shall be under the control and supervision of such a public agency. The funds provided under this part shall not be commingled with State or local funds.

(1) State prohibition

If a State educational agency or local educational agency is prohibited, by reason of any provision of law, from providing for the participation in programs of children enrolled in private elementary schools and secondary schools as required by subsections (a) through (c) of this section, the Secretary shall waive such requirements for the agency involved and shall arrange for the provision of services to such children through arrangements that shall be subject to the requirements of this section.

(2) Failure to comply

If the Secretary determines that a State educational agency or a local educational agency has substantially failed, or is unwilling, to provide for the participation on an equitable basis of children enrolled in private elementary schools and secondary schools as required by subsections (a) through (c) of this section, the Secretary may waive such requirements and shall arrange for the provision of services to such children through arrangements that shall be subject to the requirements of this section.

(e) Withholding of allotment or allocation

Pending final resolution of any investigation or complaint that could result in a waiver under subsection (d)(1) or (d)(2) of this section, the Secretary may withhold from the allotment or allocation of the affected State educational agency or local educational agency the amount estimated by the Secretary to be necessary to pay the cost of services to be provided by the Secretary under such subsection.

(f) Duration of determination

Any determination by the Secretary under this section shall continue in effect until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency or local educational agency to meet the requirements of subsections (a) through (c) of this section.

(g) Payment from State allotment

When the Secretary arranges for services under subsection (d) of this section, the Secretary shall, after consultation with the appropriate public school and private school officials, pay the cost of such services, including the administrative costs of arranging for those services, from the appropriate allotment of the State educational agency under this part.

(h) Review of determination

(1) Written objections

The Secretary shall not take any final action under this section until the State educational agency and the local educational agency affected by such action have had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why that action should not be taken.

(2) Court action

If a State educational agency or local educational agency is dissatisfied with the Secretary's final action after a proceeding under paragraph (1), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based the action, as provided in section 2112 of title 28.

(3) Remand to Secretary

The findings of fact by the Secretary with respect to a proceeding under paragraph (1), if supported by substantial evidence, shall be conclusive. The court, for good cause shown, may remand the case to the Secretary to take further evidence and the Secretary may make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive, if supported by substantial evidence.

(4) Court review

Upon the filing of a petition under paragraph (2), the court shall have jurisdiction to affirm the action of the Secretary or to set such action aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court upon certiorari or certification, as provided in section 1254 of title 28.

(3) Priority criteria

The criteria referred to in paragraph (1) are the following:

(B) The State—

(i) provides for one authorized public chartering agency that is not a local educational agency, such as a State chartering board, for each individual or entity seeking to operate a charter school pursuant to such State law; or

(C) The State ensures that each charter school has a high degree of autonomy over the charter school's budgets and expenditures.

(f) Amount criteria

In determining the amount of a grant to be awarded under this subpart to a State educational agency, the Secretary shall take into consideration the number of charter schools that are operating,

PART C—MAGNET SCHOOLS ASSISTANCE

§7231. Findings and purpose

(a) Findings

Congress makes the following findings:

- (1) Magnet schools are a significant part of the Nation's effort to achieve voluntary desegregation in our Nation's schools.
- (2) The use of magnet schools has increased dramatically since the inception of the magnet schools assistance program under this chapter, with approximately 2,000,000 students nationwide attending such schools, of whom more than 65 percent are non-white.
- (3) Magnet schools offer a wide range of distinctive programs that have served as models for

school improvement efforts.

(4) It is in the best interests of the United States—

(A) to continue the Federal Government's support of local educational agencies that are implementing court-ordered desegregation plans and local educational agencies that are voluntarily seeking to foster meaningful interaction among students of different racial and ethnic backgrounds, beginning at the earliest stage of such students' education;

(B) to ensure that all students have equitable access to a high quality education that will prepare all students to function well in a technologically oriented and a highly competitive economy comprised of people from many different racial and ethnic backgrounds; and

(C) to continue to desegregate and diversify schools by supporting magnet schools, recognizing that segregation exists between minority and nonminority students as well as among students of different minority groups.

(5) Desegregation efforts through magnet school programs are a significant part of our Nation's effort to achieve voluntary desegregation in schools and help to ensure equal educational opportunities for all students.

(b) Purpose

The purpose of this part is to assist in the desegregation of schools served by local educational agencies by providing financial assistance to eligible local educational agencies for—

(1) the elimination, reduction, or prevention of minority group isolation in elementary schools and secondary schools with substantial proportions of minority students, which shall include assisting in the efforts of the United States to achieve voluntary desegregation in public schools;

(2) the development and implementation of magnet school programs that will assist local educational agencies in achieving systemic reforms and providing all students the opportunity to meet challenging State academic content standards and student academic achievement standards;

(3) the development and design of innovative educational methods and practices that promote diversity and increase choices in public elementary schools and public secondary schools and public educational programs;

(4) courses of instruction within magnet schools that will substantially strengthen the knowledge of academic subjects and the attainment of tangible and marketable vocational, technological, and professional skills of students attending such schools;

(5) improving the capacity of local educational agencies, including through professional development, to continue operating magnet schools at a high performance level after Federal funding for the magnet schools is terminated; and

§7265a. Findings and purposes

(a) Findings

Congress finds the following:

(1) Alaska Natives and Native Hawaiians have been linked for over 200 years to the coastal towns of Salem, Massachusetts, and New Bedford, Massachusetts, through the China trade from Salem and whaling voyages from New Bedford.

(2) Nineteenth-century trading ships sailed from Salem, Massachusetts, around Cape Horn of South America, and up the Northwest coast of the United States to Alaska, where their crews traded with Alaska Native people for furs, and then went on to Hawaii to trade for sandalwood with Native Hawaiians before going on to China.

(3) During the 19th century, over 2,000 whaling voyages sailed out of New Bedford, Massachusetts to the Arctic region of Alaska, and joined Alaska Natives from Barrow, Alaska and other areas in the Arctic region in subsistence whaling activities.

(4) Many New Bedford whaling voyages continued on to Hawaii, where they joined Native Hawaiians from the neighboring islands.

(5) From those commercial and whaling voyages, a rich cultural exchange and strong trading relationships developed among the three peoples involved.

(6) In the past decades, awareness of the historical trading, cultural, and whaling links has faded among Alaska Natives, Native Hawaiians, and the people of the continental United States.

(7) In 2000, the Alaska Native Heritage Center in Alaska, the Bishop Museum in Hawaii, and the Peabody-Essex Museum in Massachusetts initiated the New Trade Winds project to use 21st-century technology, including the Internet, to educate students and their parents about historic and contemporary cultural and trading ties that continue to link the diverse cultures of the peoples involved.

(8) The New Bedford Whaling Museum, in partnership with the New Bedford Whaling National Historical Park, has developed a cultural exchange and educational program with the Inupiat Heritage Center in Barrow, Alaska to bring together the children, parents, and elders from the Arctic region of Alaska with children and families of Massachusetts to learn about their historical ties and about each other's contemporary cultures.

(9) Within the fast-growing cultural sector, meaningful educational and career opportunities based on traditional relationships exist for Alaska Natives, Native Hawaiians, and low-income youth in Massachusetts.

(10) Cultural institutions can provide practical, culturally relevant, education-related internship and apprentice programs, such as the Museum Action Corps at the Peabody-Essex Museum and similar programs at the New Bedford Oceanarium and other institutions, to prepare youths and their families for careers in the cultural sector.

(11) The resources of the institutions described in paragraphs (7) and (8) provide unique opportunities for illustrating and interpreting the contributions of Alaska Natives, Native Hawaiians, the whaling industry, and the China trade to the economic, social, and environmental history of the United States, for educating students and their parents, and for providing opportunities for internships and apprenticeships leading to careers with cultural institutions.

(b) Purposes

The purposes of this subpart are the following:

(1) To authorize and develop innovative culturally-based educational programs and cultural exchanges to assist Alaska Natives, Native Hawaiians, and children and families of Massachusetts linked by history and tradition to Alaska and Hawaii to learn about shared culture and traditions.

(2) To authorize and develop internship and apprentice programs to assist Alaska Natives, Native Hawaiians, and children and families of Massachusetts linked by history and tradition with Alaska and Hawaii to prepare for careers with cultural institutions.

(3) To supplement programs and authorities in the area of education to further the objectives of this subpart.

(4) To authorize and develop cultural and educational programs relating to any Federally

recognized Indian tribe in Mississippi.

SUBPART 21—WOMEN'S EDUCATIONAL EQUITY ACT

§7283. Short title and findings

(a) Short title

This subpart may be cited as the “Women's Educational Equity Act of 2001”.

(b) Findings

Congress finds that—

(1) since the enactment of title IX of the Education Amendments of 1972 [20 U.S.C. 1681 et seq.], women and girls have made strides in educational achievement and in their ability to avail themselves of educational opportunities;

(2) because of funding provided under the Women's Educational Equity Act of 2001 [20 U.S.C. 7283 et seq.], more curricula, training, and other educational materials concerning educational equity for women and girls are available for national dissemination;

(3) teaching and learning practices in the United States are frequently inequitable as such practices relate to women and girls, for example—

(A) sexual harassment, particularly that experienced by girls, undermines the ability of schools to provide a safe and equitable learning or workplace environment;

(B) classroom textbooks and other educational materials do not sufficiently reflect the experiences, achievements, or concerns of women and, in most cases, are not written by women or persons of color;

(C) girls do not take as many mathematics and science courses as boys, girls lose confidence in their mathematics and science ability as girls move through adolescence, and there are few women role models in the sciences; and

(D) pregnant and parenting teenagers are at high risk for dropping out of school and existing dropout prevention programs do not adequately address the needs of such teenagers;

(4) efforts to improve the quality of public education also must include efforts to ensure equal access to quality education programs for all women and girls;

(5) Federal support should address not only research and development of innovative model curricula and teaching and learning strategies to promote gender equity, but should also assist schools and local communities implement gender equitable practices;

(6) Federal assistance for gender equity must be tied to systemic reform, involve collaborative efforts to implement effective gender practices at the local level, and encourage parental participation; and

(7) excellence in education, high educational achievements and standards, and the full participation of women and girls in American society, cannot be achieved without educational equity for women and girls.

(1) In general

From amounts appropriated under section 7355c of this title for this subpart for a fiscal year that are not reserved under subsection (c) of this section, the Secretary shall award grants (from allotments made under paragraph (2)) for the fiscal year to State educational agencies that have applications submitted under section 7351b of this title approved to enable the State educational agencies to award grants to eligible local educational agencies for local authorized activities described in section 7351a(a) of this title.

(2) Allotment

From amounts described in paragraph (1) for a fiscal year, the Secretary shall allot to each State educational agency for that fiscal year an amount that bears the same ratio to those amounts as the number of students in average daily attendance served by eligible local educational agencies in the State for that fiscal year bears to the number of all such students served by eligible local educational agencies in all States for that fiscal year.

(3) Specially qualified agencies

(A) Eligibility and application

If a State educational agency elects not to participate in the program under this subpart or does not have an application submitted under section 7351b of this title approved, a specially qualified agency in such State desiring a grant under this subpart may submit an application under such section directly to the Secretary to receive an award under this subpart.

(B) Direct awards

(2) Award basis

A State educational agency shall award grants to eligible local educational agencies—

- (A) on a competitive basis;
- (B) according to a formula based on the number of students in average daily attendance served by the eligible local educational agencies or schools in the State; or
- (C) according to an alternative formula, if, prior to awarding the grants, the State educational agency demonstrates, to the satisfaction of the Secretary, that the alternative formula enables the State educational agency to allot the grant funds in a manner that serves equal or greater concentrations of children from families with incomes below the poverty line, relative to the concentrations that would be served if the State educational agency used the formula described in subparagraph (B).

(c) Reservations

From amounts appropriated under section 7355c of this title for this subpart for a fiscal year, the Secretary shall reserve—

- (1) one-half of 1 percent to make awards to elementary schools or secondary schools operated or supported by the Bureau of Indian Affairs, to carry out the activities authorized under this subpart; and

EXECUTIVE ORDER NO. 13336

Ex. Ord. No. 13336, Apr. 30, 2004, 69 F.R. 25295, which established the Interagency Working Group on American Indian and Alaska Native Education and required a study, report, and conference relating to American Indian and Alaska Native students’ achievement under the No Child Left Behind Act of 2001, was revoked by Ex. Ord. No. 13592, §5(c), Dec. 2, 2011, 76 F.R. 76607, set out below.

EX. ORD. NO. 13592. IMPROVING AMERICAN INDIAN AND ALASKA NATIVE EDUCATIONAL OPPORTUNITIES AND STRENGTHENING TRIBAL COLLEGES AND UNIVERSITIES

Ex. Ord. No. 13592, Dec. 2, 2011, 76 F.R. 76603, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby order as follows:

SECTION 1. *Policy.* The United States has a unique political and legal relationship with the federally recognized American Indian and Alaska Native (AI/AN) tribes across the country, as set forth in the Constitution of the United States, treaties, Executive Orders, and court decisions. For centuries, the Federal Government's relationship with these tribes has been guided by a trust responsibility—a long-standing commitment on the part of our Government to protect the unique rights and ensure the well-being of our Nation's tribes, while respecting their tribal sovereignty. In recognition of that special commitment—and in fulfillment of the solemn obligations it entails—Federal agencies must help improve educational opportunities provided to all AI/AN students, including students attending public schools in cities and in rural areas, students attending schools operated and funded by the Department of the Interior's Bureau of Indian Education (BIE), and students attending postsecondary institutions, including Tribal Colleges and Universities (TCUs). This is an urgent need. Recent studies show that AI/AN students are dropping out of school at an alarming rate, that our Nation has made little or no progress in closing the achievement gap between AI/AN students and their non-AI/AN student counterparts, and that many Native languages are on the verge of extinction.

It is the policy of my Administration to support activities that will strengthen the Nation by expanding educational opportunities and improving educational outcomes for all AI/AN students in order to fulfill our commitment to furthering tribal self-determination and to help ensure that AI/AN students have an opportunity to learn their Native languages and histories and receive complete and competitive educations that prepare them for college, careers, and productive and satisfying lives.

My Administration is also committed to improving educational opportunities for students attending TCUs. TCUs maintain, preserve, and restore Native languages and cultural traditions; offer a high-quality college education; provide career and technical education, job training, and other career-building programs; and often serve as anchors in some of the country's poorest and most remote areas.

SEC. 2. *Definitions.* (a) “Agency” means any executive department or agency designated by the Secretary of Education and the Secretary of the Interior to participate in this order.

(b) “Indian tribe” means an Indian or Alaska Native tribe, band, nation, pueblo, village, or community that the Secretary of the Interior acknowledges to exist as an Indian tribe pursuant to the Federally Recognized Indian Tribe List Act of 1994, 25 U.S.C. 479a [et seq.].

(c) “American Indian and Alaska Native” means a member of an Indian tribe, as membership is defined by the tribe.

(d) “Public school” means a Head Start center or a pre-kindergarten, elementary, or secondary school that is predominantly funded by public means through the Federal Government, a State, a local educational agency, or an Indian tribal government, including a school operated directly by or through contract or grant with the

BIE, an Indian tribe, or a State, county, or local government.

(e) “Tribal Colleges and Universities” are those institutions that are chartered by their respective Indian tribes through the sovereign authority of the tribes or by the Federal Government, and defined in section 316 of the Higher Education Act of 1965 (20 U.S.C. 1059c).

SEC. 3. White House Initiative on American Indian and Alaska Native Education.

(a) *Establishment.* There is hereby established the White House Initiative on American Indian and Alaska Native Education (Initiative). The Secretary of Education and the Secretary of the Interior will co-chair the Initiative. The Secretary of Education shall appoint an Executive Director who shall be responsible for overseeing implementation of the Initiative. This individual shall be a senior-level, Department of Education official who shall serve as the Secretary of Education's senior policy advisor on Federal policies affecting AI/AN education.

The Executive Director shall work closely with the BIE Director and shall provide periodic reports to the Secretaries of Education and the Interior regarding progress achieved under the Initiative. The Executive Director shall coordinate frequent consultations with tribal officials and shall provide staff support for the National Advisory Council on Indian Education (NACIE), authorized by section 7141 of the Elementary and Secondary Education Act of 1965 (ESEA) (20 U.S.C. 7471).

(b) *Mission and Functions.* (1) The Initiative shall help expand educational opportunities and improve educational outcomes for all AI/AN students, including opportunities to learn their Native languages, cultures, and histories and receive complete and competitive educations that prepare them for college, careers, and productive and satisfying lives, by:

(i) working closely with the Executive Office of the President to help ensure AI/AN participation in the development and implementation of key Administration priorities;

(ii) strengthening the relationship between the Department of Education, which has substantial expertise and resources to help improve Indian education, and the Department of the Interior and its BIE, which directly operates or provides grants to tribes to operate an extensive primary, secondary, and college level school system for AI/AN children and young adults;

(iii) coordinating, in consultation with the Department of Education's Director of Indian Education, programs administered by the Department of Education and other executive branch agencies regarding AI/AN education;

(iv) serving as a liaison with other executive branch agencies on AI/AN issues and advising those agencies on how they might help to promote AI/AN educational opportunities;

(v) reporting on the development, implementation, and coordination of education policy and programs that affect AI/AN students;

(vi) furthering tribal sovereignty by supporting efforts, consistent with applicable law, to build the capacity of tribal educational agencies and TCUs to provide high-quality education services to AI/AN children;

(vii) developing in partnership with tribal educational agencies a more routine and streamlined process for entering into agreements for educational studies conducted on tribal lands;

(viii) developing sufficient data resources to inform progress on Federal performance indicators, in close collaboration with the Department of Education's National Center for Educational Statistics;

(ix) encouraging and coordinating Federal partnerships with public, private, philanthropic, and nonprofit entities to help increase the readiness of AI/AN students for school, college, and careers, and to help increase the number and percentage of AI/AN students completing college; and

(x) developing a national network of individuals, organizations, and communities to share best practices in AI/AN education and encouraging them to implement these practices.

(2) In order to help expand educational opportunities and improve education outcomes for AI/AN students, the Initiative shall promote, encourage, and undertake efforts, consistent with applicable law, to meet the following objectives:

(i) increasing the number and percentage of AI/AN children who enter kindergarten ready for success through improved access to high-quality early learning programs and services, including Native language immersion programs, that encourage the learning and development of AI/AN children from birth through age five;

(ii) supporting the expanded implementation of education reform strategies that have shown evidence of success in enabling AI/AN students to acquire a rigorous and well-rounded education and increasing their access to the support services that prepare them for college, careers, and civic involvement;

(iii) increasing the number and percentage of AI/AN students who have access to excellent teachers and school leaders, including effective science, technology, engineering, and mathematics (STEM), language, and

special education teachers, in part by supporting efforts to improve the recruitment, development, and retention of effective AI/AN teachers and other effective teachers and school leaders, particularly through TCUs;

(iv) reducing the AI/AN student dropout rate and helping a greater number and percentage of those students who stay in high school to be ready for college and careers by the time of their graduation and college completion, in part by promoting a positive school climate and supporting successful and innovative dropout-prevention and recovery strategies that better engage AI/AN youths in their learning and help them catch up academically;

(v) providing pathways that enable those who have dropped out to reenter educational or training programs and acquire degrees, certificates, or industry-recognized credentials and obtain quality jobs, and expanding access to high-quality education programs leading to career advancement, especially in the STEM fields, by supporting adult, career, and technical education;

(vi) increasing college access and completion for AI/AN students through strategies to strengthen the capacity of postsecondary institutions, particularly TCUs; and

(vii) helping to ensure that the unique cultural, educational, and language needs of AI/AN students are met.

(3) To facilitate a new partnership between the Department of Education and the Department of the Interior, to improve AI/AN education, the Executive Director shall work with the BIE Director and develop a Memorandum of Understanding (MOU) between the two Departments that will take advantage of both Departments' expertise, resources, and facilities. The MOU shall be completed within 120 days of the date of this order. Among other things, the MOU shall address how the Departments will collaborate in carrying out the policy set out in section 1 of this order.

(c) *Funding and Administrative Support.* Subject to the availability of appropriations, the Department of Education shall fund the Initiative, including NACIE. The Department shall also provide administrative support for the Initiative to the extent permitted by law and within existing appropriations.

The Working Group shall consist of senior officials from the Department of Education and the Department of the Interior and officials from the Departments of Justice, Agriculture, Labor, Health and Human Services, and Energy, the Environmental Protection Agency, and the White House Domestic Policy Council, as well as such additional agencies and offices as the Secretaries of Education and the Interior may designate. Senior officials shall be designated by the heads of their respective agencies and offices. The Secretaries of Education and the Interior shall serve as the co-chairs of the Interagency Working Group.

(e) *Federal Agency Plans.* (1) Each agency designated by the co-chairs as a member of the Interagency Working Group shall develop and implement a two-part, 4-year plan of the agency's efforts to fulfill the purposes of this order, with part one of the plan focusing on all AI/AN students except for those attending TCUs, and part two focusing on AI/AN students attending TCUs. Each agency plan shall include:

(i) annual performance indicators and appropriate measurable objectives with which the agency will measure its success in meeting the goals of this order;

(ii) information on how the agency intends to increase the capacity of educational agencies and institutions, including our Nation's public schools and TCUs, to deliver high-quality education and related social services to all AI/AN students; and

(iii) agency efforts to enhance the ability of these educational agencies and institutions serving AI/AN students to compete effectively for grants, contracts, cooperative agreements, and other Federal resources with which to serve the education needs of AI/AN students, and to encourage eligible schools and colleges serving those students to apply for Federal grants and participate in Federal education programs, as appropriate. Agency plans may also emphasize access to high-quality educational opportunities for AI/AN students, consistent with requirements of the ESEA, the Individuals with Disabilities Education Act, and other applicable Federal education statutes; the preservation and revitalization of tribal languages and cultural traditions; and innovative approaches to more seamlessly align early learning, elementary, and secondary education programs with the work of TCUs.

(2) *Submission.* Each agency shall submit its plan to the Initiative by a deadline established by the co-chairs. In consultation with NACIE, the Initiative shall then review agency plans and develop, for submission to the President, a synthesized interagency plan to achieve the aims of this order.

(3) *Annual Performance Reports.* Each agency shall submit to the Initiative an Annual Performance Report that measures the agency's performance against the objectives set forth in its plan. In consultation with NACIE, the Initiative shall review and combine Annual Performance Reports from the various agencies into one annual report, which shall be submitted to the Secretaries of Education and the Interior for review.

(f) *Private Sector.* In consultation with NACIE, and consistent with applicable law, the Interagency

Working Group, led by the Executive Director, shall encourage the private sector to assist State- and locally-operated public schools that serve large numbers of AI/AN students, including those attending our Nation's public schools, publicly-funded preschools, and TCUs, through increased use of such strategies as:

- (1) Providing funds to support the preservation and revitalization of Native languages and cultures;
- (2) Providing funds to support increased institutional endowments;
- (3) Helping these schools develop expertise in financial and facilities management, information systems, and curricula; and
- (4) Providing resources for the hiring and training of effective teachers and administrators.

SEC. 4. *Study*. In carrying out this order, the Secretaries of Education and the Interior shall study and collect information on the education of AI/AN students.

§7426. Integration of services authorized

(a) Plan

An entity receiving funds under this subpart may submit a plan to the Secretary for the integration of education and related services provided to Indian students.

(b) Consolidation of programs

Upon the receipt of an acceptable plan under subsection (a) of this section, the Secretary, in cooperation with each Federal agency providing grants for the provision of education and related

services to the entity, shall authorize the entity to consolidate, in accordance with such plan, the federally funded education and related services programs of the entity and the Federal programs, or portions of the programs, serving Indian students in a manner that integrates the program services involved into a single, coordinated, comprehensive program and reduces administrative costs by consolidating administrative functions.

(c) Programs affected

The funds that may be consolidated in a demonstration project under any such plan referred to in subsection (a) of this section shall include funds for any Federal program exclusively serving Indian children, or the funds reserved under any Federal program to exclusively serve Indian children, under which the entity is eligible for receipt of funds under a statutory or administrative formula for the purposes of providing education and related services that would be used to serve Indian students.

(d) Plan requirements

For a plan to be acceptable pursuant to subsection (b) of this section, the plan shall—

- (1) identify the programs or funding sources to be consolidated;
- (2) be consistent with the objectives of this section concerning authorizing the services to be integrated in a demonstration project;
- (3) describe a comprehensive strategy that identifies the full range of potential educational opportunities and related services to be provided to assist Indian students to achieve the objectives set forth in this subpart;

Upon receipt of the plan from an eligible entity, the Secretary shall consult with the Secretary of each Federal department providing funds to be used to implement the plan, and with the entity submitting the plan. The parties so consulting shall identify any waivers of statutory requirements or of Federal departmental regulations, policies, or procedures necessary to enable the entity to implement the plan. Notwithstanding any other provision of law, the Secretary of the affected department shall have the authority to waive any regulation, policy, or procedure promulgated by that department that has been so identified by the entity or department, unless the Secretary of the affected department determines that such a waiver is inconsistent with the objectives of this subpart or those provisions of the statute from which the program involved derives authority that are specifically applicable to Indian students.

(f) Plan approval

Within 90 days after the receipt of an entity's plan by the Secretary, the Secretary shall inform the entity, in writing, of the Secretary's approval or disapproval of the plan. If the plan is disapproved, the entity shall be informed, in writing, of the reasons for the disapproval and shall be given an opportunity to amend the plan or to petition the Secretary to reconsider such disapproval.

(g) Responsibilities of Department of Education

Not later than 180 days after January 8, 2002, the Secretary of Education, the Secretary of the Interior, and the head of any other Federal department or agency identified by the Secretary of Education, shall enter into an interdepartmental memorandum of agreement providing for the

- (1) the Secretary of the Interior, in the case of an entity meeting the definition of a contract or grant school under title XI of the Education Amendments of 1978 [25 U.S.C. 2001 et seq.]; or
- (2) the Secretary of Education, in the case of any other entity.

(h) Responsibilities of lead agency

The responsibilities of the lead agency shall include—

- (1) the use of a single report format related to the plan for the individual project, which shall be used by an eligible entity to report on the activities undertaken under the project;
- (2) the use of a single report format related to the projected expenditures for the individual project which shall be used by an eligible entity to report on all project expenditures;
- (3) the development of a single system of Federal oversight for the project, which shall be implemented by the lead agency; and
- (4) the provision of technical assistance to an eligible entity appropriate to the project, except that an eligible entity shall have the authority to accept or reject the plan for providing such technical assistance and the technical assistance provider.

(i) Report requirements

A single report format shall be developed by the Secretary, consistent with the requirements of this section. Such report format shall require that reports described in subsection (h) of this section, together with records maintained on the consolidated program at the local level, shall contain such information as will allow a determination that the eligible entity has complied with the requirements incorporated in its approved plan, including making a demonstration of student academic achievement, and will provide assurances to each Secretary that the eligible entity has complied with all directly applicable statutory requirements and with those directly applicable regulatory requirements that have not been waived.

(j) No reduction in amounts

In no case shall the amount of Federal funds available to an eligible entity involved in any demonstration project be reduced as a result of the enactment of this section.

(k) Interagency fund transfers authorized

The Secretary is authorized to take such action as may be necessary to provide for an interagency transfer of funds otherwise available to an eligible entity in order to further the objectives of this section.

(l) Administration of funds

(1) In general

Program funds for the consolidated programs shall be administered in such a manner as to allow for a determination that funds from a specific program are spent on allowable activities authorized under such program, except that the eligible entity shall determine the proportion of the funds granted that shall be allocated to such program.

(2) Separate records not required

Nothing in this section shall be construed as requiring the eligible entity to maintain separate records tracing any services or activities conducted under the approved plan to the individual programs under which funds were authorized for the services or activities, nor shall the eligible entity be required to allocate expenditures among such individual programs.

(m) Overage

The eligible entity may commingle all administrative funds from the consolidated programs and shall be entitled to the full amount of such funds (under each program's or agency's regulations). The overage (defined as the difference between the amount of the commingled funds and the actual administrative cost of the programs) shall be considered to be properly spent for Federal audit purposes, if the overage is used for the purposes provided for under this section.

(n) Fiscal accountability

Nothing in this part shall be construed so as to interfere with the ability of the Secretary or the lead agency to fulfill the responsibilities for the safeguarding of Federal funds pursuant to chapter 75 of title 31.

(o) Report on statutory obstacles to program integration

(1) Preliminary report

Not later than 2 years after January 8, 2002, the Secretary of Education shall submit a preliminary report to the Committee on Education and the Workforce and the Committee on Resources of the House of Representatives and the Committee on Health, Education, Labor, and Pensions and the Committee on Indian Affairs of the Senate on the status of the implementation of the demonstration projects authorized under this section.

The Secretary shall require that, as part of an application for a grant under this subpart, each applicant shall maintain a file, with respect to each Indian child for whom the local educational agency provides a free public education, that contains a form that sets forth information establishing the status of the child as an Indian child eligible for assistance under this subpart, and that otherwise meets the requirements of subsection (b) of this section.

(b) Forms

The form described in subsection (a) of this section shall include—

(1) either—

For purposes of determining whether a child is eligible to be counted for the purpose of computing the amount of a grant award under section 7423 of this title, the membership of the child, or any parent or grandparent of the child, in a tribe or band of Indians (as so defined) may be established by proof other than an enrollment number, notwithstanding the availability of an enrollment number for a member of such tribe or band. Nothing in subsection (b) of this section shall be construed to require the furnishing of an enrollment number.

(f) Monitoring and evaluation review

(1) In general

(A) Review

For each fiscal year, in order to provide such information as is necessary to carry out the responsibility of the Secretary to provide technical assistance under this subpart, the Secretary shall conduct a monitoring and evaluation review of a sampling of the recipients of grants under this subpart. The sampling conducted under this subparagraph shall take into account the size of and the geographic location of each local educational agency.

(B) Exception

A local educational agency may not be held liable to the United States or be subject to any penalty, by reason of the findings of an audit that relates to the date of completion, or the date of submission, of any forms used to establish, before April 28, 1988, the eligibility of a child for an entitlement under the Indian Elementary and Secondary School Assistance Act.

- (1) A count of the number of students in the schools certified by the Bureau.
- (2) A count of the number of students for whom the school has eligibility forms that comply with this section.

The Secretary may waive the requirement of paragraph (1) for a local educational agency, for not more than 1 year at a time, if the Secretary determines that the failure to comply with such requirement is due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the agency's financial resources.

(B) Future determinations

The Secretary shall not use the reduced amount of the agency's expenditures for the fiscal year preceding the fiscal year for which a waiver is granted to determine compliance with paragraph (1) for any succeeding fiscal year, but shall use the amount of expenditures that would have been required to comply with paragraph (1) in the absence of the waiver.

(d) Reallocations

The Secretary may reallocate, in a manner that the Secretary determines will best carry out the purpose of this subpart, any amounts that—

(1) based on estimates made by local educational agencies or other information, the Secretary determines will not be needed by such agencies to carry out approved programs under this subpart; or

(2) otherwise become available for reallocation under this subpart.

PRIOR PROVISIONS

Provisions naming former part B (§7901 et seq.) of subchapter IX of this chapter as the “Native Hawaiian Education Act” were contained in section 7901 of this title, prior to the general amendment of subchapter IX by Pub. L. 107–110.

A prior section 7511, Pub. L. 89–10, title VII, §7201, as added Pub. L. 103–382, title I, §101, Oct. 20, 1994, 108 Stat. 3737, set forth short title of the Foreign Language Assistance Act of 1994, prior to the general amendment of this subchapter by Pub. L. 107–110.

§7512. Findings

Congress finds the following:

(1) Native Hawaiians are a distinct and unique indigenous people with a historical continuity to the original inhabitants of the Hawaiian archipelago, whose society was organized as a nation and internationally recognized as a nation by the United States, Britain, France, and Japan, as evidenced by treaties governing friendship, commerce, and navigation.

(2) At the time of the arrival of the first nonindigenous people in Hawaii in 1778, the Native Hawaiian people lived in a highly organized, self-sufficient subsistence social system based on a communal land tenure system with a sophisticated language, culture, and religion.

(3) A unified monarchal government of the Hawaiian Islands was established in 1810 under Kamehameha I, the first King of Hawaii.

(4) From 1826 until 1893, the United States recognized the sovereignty and independence of the Kingdom of Hawaii, which was established in 1810 under Kamehameha I, extended full and complete diplomatic recognition to the Kingdom of Hawaii, and entered into treaties and conventions with the Kingdom of Hawaii to govern friendship, commerce and navigation in 1826, 1842, 1849, 1875, and 1887.

(5) In 1893, the sovereign, independent, internationally recognized, and indigenous government of Hawaii, the Kingdom of Hawaii, was overthrown by a small group of non-Hawaiians, including United States citizens, who were assisted in their efforts by the United States Minister, a United States naval representative, and armed naval forces of the United States. Because of the participation of United States agents and citizens in the overthrow of the Kingdom of Hawaii, in 1993 the United States apologized to Native Hawaiians for the overthrow and the deprivation of the rights of Native Hawaiians to self-determination through Public Law 103–150 (107 Stat. 1510).

(6) In 1898, the joint resolution entitled “Joint Resolution to provide for annexing the Hawaiian Islands to the United States”, approved July 7, 1898 (30 Stat. 750), ceded absolute title of all lands held by the Republic of Hawaii, including the government and crown lands of the former Kingdom of Hawaii, to the United States, but mandated that revenue generated from the lands be used “solely for the benefit of the inhabitants of the Hawaiian Islands for educational and other public purposes”.

(7) By 1919, the Native Hawaiian population had declined from an estimated 1,000,000 in 1778 to an alarming 22,600, and in recognition of this severe decline, Congress enacted the Hawaiian Homes Commission Act, 1920 (42 Stat. 108), which designated approximately 200,000 acres of ceded public lands for homesteading by Native Hawaiians.

(8) Through the enactment of the Hawaiian Homes Commission Act, 1920, Congress affirmed the special relationship between the United States and the Native Hawaiians, which was described by then Secretary of the Interior Franklin K. Lane, who said: “One thing that impressed me . . . was the fact that the natives of the island who are our wards, I should say, and for whom in a sense we are trustees, are falling off rapidly in numbers and many of them are in poverty.”.

(9) In 1938, Congress again acknowledged the unique status of the Hawaiian people by including in the Act of June 20, 1938 (52 Stat. 781, chapter 530; 16 U.S.C. 391b, 391b–1, 392b, 392c, 396, 396a), a provision to lease lands within the National Parks extension to Native Hawaiians and to permit fishing in the area “only by native Hawaiian residents of said area or of adjacent villages and by visitors under their guidance.”.

(10) Under the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, approved March 18, 1959 (73 Stat. 4), the United States transferred responsibility for the administration of the Hawaiian Home Lands to the State of Hawaii but reaffirmed the trust relationship between the United States and the Hawaiian people by retaining the exclusive power to enforce the trust, including the power to approve land exchanges and amendments to such Act affecting the rights of beneficiaries under such Act.

(11) In 1959, under the Act entitled “An Act to provide for the admission of the State of Hawaii into the Union”, the United States also ceded to the State of Hawaii title to the public lands formerly held by the United States, but mandated that such lands be held by the State “in public trust” and reaffirmed the special relationship that existed between the United States and the Hawaiian people by retaining the legal responsibility to enforce the public trust responsibility of

the State of Hawaii for the betterment of the conditions of Native Hawaiians, as defined in section 201(a) of the Hawaiian Homes Commission Act, 1920.

(12) The United States has recognized and reaffirmed that—

(A) Native Hawaiians have a cultural, historic, and land-based link to the indigenous people who exercised sovereignty over the Hawaiian Islands, and that group has never relinquished its claims to sovereignty or its sovereign lands;

(B) Congress does not extend services to Native Hawaiians because of their race, but because of their unique status as the indigenous people of a once sovereign nation as to whom the United States has established a trust relationship;

(C) Congress has also delegated broad authority to administer a portion of the Federal trust responsibility to the State of Hawaii;

(D) the political status of Native Hawaiians is comparable to that of American Indians and Alaska Natives; and

(E) the aboriginal, indigenous people of the United States have—

(i) a continuing right to autonomy in their internal affairs; and

(ii) an ongoing right of self-determination and self-governance that has never been extinguished.

(13) The political relationship between the United States and the Native Hawaiian people has been recognized and reaffirmed by the United States, as evidenced by the inclusion of Native Hawaiians in—

(A) the Native American Programs Act of 1974 (42 U.S.C. 2991 et seq.);

(B) the American Indian Religious Freedom Act (42 U.S.C. 1996[, 1996a]);

(C) the National Museum of the American Indian Act (20 U.S.C. 80q et seq.);

(D) the Native American Graves Protection and Repatriation Act (25 U.S.C. 3001 et seq.);

(E) the National Historic Preservation Act (16 U.S.C. 470 et seq.);

(F) the Native American Languages Act (25 U.S.C. 2901 et seq.);

(G) the American Indian, Alaska Native, and Native Hawaiian Culture and Art Development Act (20 U.S.C. 4401 et seq.);

(H) the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.); and

(I) the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.).

(14) In 1981, Congress instructed the Office of Education to submit to Congress a comprehensive report on Native Hawaiian education. The report, entitled the “Native Hawaiian Educational Assessment Project”, was released in 1983 and documented that Native Hawaiians scored below parity with regard to national norms on standardized achievement tests, were disproportionately represented in many negative social and physical statistics indicative of special educational needs, and had educational needs that were related to their unique cultural situation, such as different learning styles and low self-image.

(15) In recognition of the educational needs of Native Hawaiians, in 1988, Congress enacted title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988 (102 Stat. 130) to authorize and develop supplemental educational programs to address the unique conditions of Native Hawaiians.

(16) In 1993, the Kamehameha Schools Bishop Estate released a 10-year update of findings of the Native Hawaiian Educational Assessment Project, which found that despite the successes of the programs established under title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988, many of the same educational needs still existed for Native Hawaiians. Subsequent reports by the Kamehameha Schools Bishop Estate and other organizations have generally confirmed those findings. For example—

(A) educational risk factors continue to start even before birth for many Native Hawaiian children, including—

(i) late or no prenatal care;

(ii) high rates of births by Native Hawaiian women who are unmarried; and

(iii) high rates of births to teenage parents;

(B) Native Hawaiian students continue to begin their school experience lagging behind other students in terms of readiness factors such as vocabulary test scores;

(C) Native Hawaiian students continue to score below national norms on standardized education achievement tests at all grade levels;

(D) both public and private schools continue to show a pattern of lower percentages of Native Hawaiian students in the uppermost achievement levels and in gifted and talented programs;

(E) Native Hawaiian students continue to be overrepresented among students qualifying for special education programs provided to students with learning disabilities, mild intellectual disabilities, emotional impairment, and other such disabilities;

(F) Native Hawaiians continue to be underrepresented in institutions of higher education and among adults who have completed four or more years of college;

(G) Native Hawaiians continue to be disproportionately represented in many negative social and physical statistics indicative of special educational needs, as demonstrated by the fact that—

(i) Native Hawaiian students are more likely to be retained in grade level and to be excessively absent in secondary school;

(ii) Native Hawaiian students have the highest rates of drug and alcohol use in the State of Hawaii; and

(iii) Native Hawaiian children continue to be disproportionately victimized by child abuse and neglect; and

(H) Native Hawaiians now comprise over 23 percent of the students served by the State of Hawaii Department of Education, and there are and will continue to be geographically rural, isolated areas with a high Native Hawaiian population density.

(17) In the 1998 National Assessment of Educational Progress, Hawaiian fourth-graders ranked 39th among groups of students from 39 States in reading. Given that Hawaiian students rank among the lowest groups of students nationally in reading, and that Native Hawaiian students rank the lowest among Hawaiian students in reading, it is imperative that greater focus be placed on beginning reading and early education and literacy in Hawaii.

(18) The findings described in paragraphs (16) and (17) are inconsistent with the high rates of literacy and integration of traditional culture and Western education historically achieved by Native Hawaiians through a Hawaiian language-based public school system established in 1840 by Kamehameha III.

(19) Following the overthrow of the Kingdom of Hawaii in 1893, Hawaiian medium schools were banned. After annexation, throughout the territorial and statehood period of Hawaii, and until 1986, use of the Hawaiian language as an instructional medium in education in public schools was declared unlawful. The declaration caused incalculable harm to a culture that placed a very high value on the power of language, as exemplified in the traditional saying: “I ka ‘lelo n ke ola; I ka ‘lelo n ka make. In the language rests life; In the language rests death.”.

(20) Despite the consequences of over 100 years of nonindigenous influence, the Native Hawaiian people are determined to preserve, develop, and transmit to future generations their ancestral territory and their cultural identity in accordance with their own spiritual and traditional beliefs, customs, practices, language, and social institutions.

(21) The State of Hawaii, in the constitution and statutes of the State of Hawaii—

(A) reaffirms and protects the unique right of the Native Hawaiian people to practice and perpetuate their culture and religious customs, beliefs, practices, and language;

(B) recognizes the traditional language of the Native Hawaiian people as an official language of the State of Hawaii, which may be used as the language of instruction for all subjects and grades in the public school system; and

(C) promotes the study of the Hawaiian culture, language, and history by providing a

Hawaiian education program and using community expertise as a suitable and essential means to further the program.

Provisions naming former part C (§7931 et seq.) of subchapter IX of this chapter as the “Alaska Native Educational Equity, Support and Assistance Act” were contained in section 7931 of this title, prior to the general amendment of subchapter IX by Pub. L. 107–110.

A prior section 7541, Pub. L. 89–10, title VII, §7301, as added Pub. L. 103–382, title I, §101, Oct. 20, 1994, 108 Stat. 3739, set forth findings and purpose of emergency immigrant education program, prior to the general amendment of this subchapter by Pub. L. 107–110. See section 6961 of this title.

§7542. Findings

Congress finds and declares the following:

- (1) The attainment of educational success is critical to the betterment of the conditions, long-term well-being, and preservation of the culture of Alaska Natives.
- (2) It is the policy of the Federal Government to encourage the maximum participation by Alaska Natives in the planning and the management of Alaska Native education programs.
- (3) Alaska Native children enter and exit school with serious educational handicaps.
- (4) The educational achievement of Alaska Native children is far below national norms. Native performance on standardized tests is low, Native student dropout rates are high, and Natives are significantly underrepresented among holders of baccalaureate degrees in the State of Alaska. As a result, Native students are being denied their opportunity to become full participants in society by grade school and high school educations that are condemning an entire generation to an underclass status and a life of limited choices.
- (5) The programs authorized in this part, combined with expanded Head Start, infant learning, and early childhood education programs, and parent education programs, are essential if educational handicaps are to be overcome.
- (6) The sheer magnitude of the geographic barriers to be overcome in delivering educational

services in rural Alaska and Alaska villages should be addressed through the development and implementation of innovative, model programs in a variety of areas.

(7) Native children should be afforded the opportunity to begin their formal education on a par with their non-Native peers. The Federal Government should lend support to efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for all students.

SUBCHAPTER VIII—IMPACT AID

PRIOR PROVISIONS

Provisions similar to those in this subchapter were contained in chapters 13 (§236 et seq.) and 19 (§631 et seq.) of this title prior to repeal by Pub. L. 103–382, §331.

§7701. Purpose

In order to fulfill the Federal responsibility to assist with the provision of educational services to federally connected children in a manner that promotes control by local educational agencies with little or no Federal or State involvement, because certain activities of the Federal Government, such as activities to fulfill the responsibilities of the Federal Government with respect to Indian tribes and activities under section 571 of title 50, Appendix, place a financial burden on the local educational agencies serving areas where such activities are carried out, and to help such children meet challenging State standards, it is the purpose of this subchapter to provide financial assistance to local educational agencies that—

(1) experience a substantial and continuing financial burden due to the acquisition of real property by the United States;

(2) educate children who reside on Federal property and whose parents are employed on Federal property;

(3) educate children of parents who are in the military services and children who live in low-rent housing;

(4) educate heavy concentrations of children whose parents are civilian employees of the Federal Government and do not reside on Federal property; or

(5) need special assistance with capital expenditures for construction activities because of the enrollments of substantial numbers of children who reside on Federal lands and because of the difficulty of raising local revenue through bond referendums for capital projects due to the inability to tax Federal property.

(Pub. L. 89–10, title VIII, §8001, as added Pub. L. 103–382, title I, §101, Oct. 20, 1994, 108 Stat. 3749; amended Pub. L. 106–398, §1 [[div. A], title XVIII, §1802], Oct. 30, 2000, 114 Stat. 1654,

AMENDMENTS

2003—Pub. L. 108–189 substituted “section 571” for “section 574” in introductory provisions.

2000—Pub. L. 106–398, §1 [[div. A], title XVIII, §1802(1)], in introductory provisions, inserted “in a manner that promotes control by local educational agencies with little or no Federal or State involvement” after “educational services to federally connected children” and “; such as activities to fulfill the responsibilities of the Federal Government with respect to Indian tribes and activities under section 574 of title 50, Appendix,” after “certain activities of the Federal Government”.

(5) which read as follows: “experience sudden and substantial increases or decreases in enrollments because of military realignments; or”.

§7702. Payments relating to Federal acquisition of real property

(a) In general

Where the Secretary, after consultation with any local educational agency and with the appropriate State educational agency, determines—

(1) that the United States owns Federal property in the local educational agency, and that such property—

(A) has been acquired by the United States since 1938;

(B) was not acquired by exchange for other Federal property in the local educational agency which the United States owned before 1939; and

(C) had an assessed value (determined as of the time or times when so acquired) aggregating 10 percent or more of the assessed value of—

(i) all real property in the local educational agency (similarly determined as of the time or times when such Federal property was so acquired); or

(ii) all real property in the local educational agency as assessed in the first year preceding or succeeding acquisition, whichever is greater, only if—

- (I) the assessment of all real property in the local educational agency is not made at the same time or times that such Federal property was so acquired and assessed; and
- (II) State law requires an assessment be made of property so acquired; and

(2) that such agency is not being substantially compensated for the loss in revenue resulting from such ownership by increases in revenue accruing to the agency from the conduct of Federal activities with respect to such Federal property,

then such agency shall be eligible to receive the amount described in subsection (b) or (h) of this section.

(b) Amount

(1) In general

(A)(i)(I) Subject to subclauses (II) and (III), the amount that a local educational agency shall be paid under subsection (a) of this section for a fiscal year shall be calculated in accordance with paragraph (2).

(II) Except as provided in subclause (III), the Secretary may not reduce the amount of a payment under this section to a local educational agency for a fiscal year by (aa) the amount equal to the amount of revenue, if any, the agency received during the previous fiscal year from activities conducted on Federal property eligible under this section and located in a school district served by the agency, including amounts received from any Federal department or agency (other than the Department of Education) from such activities, by reason of receipt of such revenue, or (bb) any other amount by reason of receipt of such revenue.

(III) If the amount equal to the sum of (aa) the proposed payment under this section to a local educational agency for a fiscal year and (bb) the amount of revenue described in subclause (II)(aa) received by the agency during the previous fiscal year, exceeds the maximum amount the agency is eligible to receive under this section for the fiscal year involved, then the Secretary shall reduce the amount of the proposed payment under this section by an amount equal to such excess amount.

(ii) For purposes of clause (i), the amount of revenue that a local educational agency receives during the previous fiscal year from activities conducted on Federal property shall not include payments received by the agency from the Secretary of Defense to support—

- (I) the operation of a domestic dependent elementary or secondary school; or
- (II) the provision of a free public education to dependents of members of the Armed Forces residing on or near a military installation.

(B) If funds appropriated under section 7714(a) of this title are insufficient to pay the amount determined under subparagraph (A), the Secretary shall calculate the payment for each eligible local educational agency in accordance with subsection (h) of this section.

(C) Notwithstanding any other provision of this subsection, a local educational agency may not be paid an amount under this section that, when added to the amount such agency receives under section 7703(b) of this title, exceeds the maximum amount that such agency is eligible to receive for such fiscal year under section 7703(b)(1)(C) of this title, or the maximum amount that such agency is eligible to receive for such fiscal year under this section, whichever is greater.

(2) Application of current levied real property tax rate

In calculating the amount that a local educational agency is eligible to receive for a fiscal year, the Secretary shall apply the current levied real property tax rate for current expenditures levied by fiscally independent local educational agencies, or imputed for fiscally dependent local educational agencies, to the current annually determined estimated taxable value of such acquired Federal property.

(3) Determination of taxable value for eligible Federal property

(A) In general

In determining the estimated taxable value of such acquired Federal property for fiscal year

2010 and each succeeding fiscal year, the Secretary shall—

(i) first determine the total taxable value for the purpose of levying property tax for school purposes for current expenditures of real property located within the boundaries of such local educational agency;

(ii) then determine the per acre value of the eligible Federal property by dividing the total taxable value as determined in clause (i) by the difference between the total acres located within the boundaries of the local educational agency and the number of Federal acres eligible under this section; and

(iii) then determine the total taxable value of the eligible Federal property by multiplying the per acre value as calculated under clause (ii) by the number of Federal acres eligible under this section.

(B) Special rule

In the case of Federal property eligible under this section that is within the boundaries of 2 or more local educational agencies, such a local educational agency may ask the Secretary to calculate the per acre value of each such local educational agency as provided under subparagraph (A) and apply the average of these per acre values to the acres of the Federal property in such agency.

(c) Applicability to Tennessee Valley Authority Act

For the purpose of this section, any real property with respect to which payments are being made under section 13 of the Tennessee Valley Authority Act of 1933 [16 U.S.C. 831l] shall not be regarded as Federal property.

(d) Ownership by United States

The United States shall be deemed to own Federal property for the purposes of this chapter, where—

(1) prior to the transfer of Federal property, the United States owned Federal property meeting the requirements of subparagraphs (A), (B), and (C) of subsection (a)(1) of this section; and

(2) the United States transfers a portion of the property referred to in paragraph (1) to another nontaxable entity, and the United States—

(A) restricts some or any construction on such property;

(B) requires that the property be used in perpetuity for the public purposes for which the property was conveyed;

(C) requires the grantee of the property to report to the Federal Government (or its agent) regarding information on the use of the property;

(D) except with the approval of the Federal Government (or its agent), prohibits the sale, lease, assignment, or other disposal of the property unless such sale, lease, assignment, or other disposal is to another eligible government agency; and

(E) reserves to the Federal Government a right of reversion at any time the Federal Government (or its agent) deems it necessary for the national defense.

(e) Local educational agency containing Forest Service land and serving certain counties

Beginning with fiscal year 1995, a local educational agency shall be deemed to meet the requirements of subsection (a)(1)(C) of this section if such local educational agency meets the following requirements:

(1) Acreage and acquisition by the Forest Service

The local educational agency serves a school district that contains between 20,000 and 60,000 acres of land that has been acquired by the Forest Service of the Department of Agriculture between 1915 and 1990, as demonstrated by written evidence from the Forest Service satisfactory to the Secretary.

(2) County charter

The local educational agency serves a county chartered under State law in 1875 or 1890.

(f) Special rule

(1) Beginning with fiscal year 1994, and notwithstanding any other provision of law limiting the period during which fiscal year 1994 funds may be obligated, the Secretary shall treat the local educational agency serving the Wheatland R–II School District, Wheatland, Missouri, as meeting the eligibility requirements of section 2(a)(1)(C) of the Act of September 30, 1950 (Public Law 874, 81st Congress) (as such section was in effect on the day preceding October 20, 1994) (20 U.S.C. 237(a)(1)(C)) or subsection (a)(1)(C) of this section.

(2) For each fiscal year beginning with fiscal year 1999, the Secretary shall treat the Webster School District, Day County, South Dakota as meeting the eligibility requirements of subsection (a)(1)(C) of this section.

(3) For each fiscal year beginning with fiscal year 2000, the Secretary shall treat the Central Union, California; Island, California; Hill City, South Dakota; and Wall, South Dakota local educational agencies as meeting the eligibility requirements of subsection (a)(1)(C) of this section.

(g) Former districts

(1) In general

Where the school district of any local educational agency described in paragraph (2) is formed at any time after 1938 by the consolidation of two or more former school districts, such agency may elect (at any time such agency files an application under section 7705 of this title) for any fiscal year after fiscal year 1994 to have (A) the eligibility of such local educational agency, and (B) the amount which such agency shall be eligible to receive, determined under this section only with respect to such of the former school districts comprising such consolidated school districts as such agency shall designate in such election.

(2) Eligible local educational agencies

A local educational agency referred to in paragraph (1) is any local educational agency that, for fiscal year 1994 or any preceding fiscal year, applied for and was determined eligible under section 2(c) of the Act of September 30, 1950 (Public Law 874, 81st Congress) as such section was in effect for such fiscal year.

(h) Payments with respect to fiscal years in which insufficient funds are appropriated

For any fiscal year for which the amount appropriated under section 7714(a) of this title is insufficient to pay to each eligible local educational agency the full amount determined under subsection (b) of this section, the Secretary shall make payments to each local educational agency under this section as follows:

(1) Foundation payments for pre-2010 recipients

(A) In general

The Secretary shall first make a foundation payment to each local educational agency that is determined by the Secretary to be eligible to receive a payment under this section for the fiscal year involved and that filed a timely application, and met, or has been determined by statute to meet, the eligibility requirements of subsection (a) for fiscal year 2009.

(B) Amount

(i) In general

The amount of a payment under subparagraph (A) for a local educational agency shall be

equal to the greater of 90 percent of the payment the local educational agency received from dollars appropriated for fiscal year 2009 or 90 percent of the average payment that the local educational agency received from dollars appropriated for fiscal years 2006, 2007, 2008, and 2009, and shall be calculated without regard to the maximum payment provisions in subsection (b)(1)(C).

(ii) Exception

In calculating such average payment for a local educational agency that did not receive a payment under subsection (b) for 1 or more of the fiscal years between fiscal year 2006 and 2009, inclusive, the lowest such payment made to the agency for fiscal year 2006, 2007, 2008, or 2009, shall be treated as the payment that the agency received under subsection (b) for each fiscal year for which the agency did not receive such a payment.

(C) Insufficient appropriations

If the amount appropriated under section 7714(a) of this title is insufficient to pay the full amount determined under this paragraph for all eligible local educational agencies for the fiscal year, then the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

(2) Foundation payments for new applicants

(A) First year

From any amounts remaining after making payments under paragraph (1) and subsection (i)(1) for the fiscal year involved, the Secretary shall make a payment, in an amount determined in accordance with subparagraph (C), to each local educational agency that the Secretary determines eligible for a payment under this section for a fiscal year after fiscal year 2009 and that did not receive a payment under paragraph (1) for the fiscal year for which such agency was determined eligible for such payment.

(B) Second and succeeding years

For any succeeding fiscal year after the first fiscal year that a local educational agency receives a foundation payment under subparagraph (A), the amount of the local educational agency's foundation payment under this paragraph for such succeeding fiscal year shall be equal to the local educational agency's foundation payment under this paragraph for the first fiscal year.

(C) Amounts

The amount of a payment under subparagraph (A) for a local educational agency shall be determined as follows:

(i) Calculate the local educational agency's maximum payment under subsection (b).

(ii) Calculate the percentage that the amount appropriated under section 7714(a) of this title for the most recent fiscal year for which the Secretary has completed making payments under this section is of the total maximum payments for such fiscal year for all local educational agencies eligible for a payment under subsection (b) and multiply the agency's maximum payment by such percentage.

(iii) Multiply the amount determined under clause (ii) by 90 percent.

(D) Insufficient funds

If the amount appropriated under section 7714(a) of this title is insufficient to pay the full amount determined under this paragraph for all eligible local educational agencies for the fiscal year, then the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

(3) Remaining funds

From any funds remaining after making payments under paragraphs (1) and (2) for the fiscal year involved, the Secretary shall make a payment to each local educational agency that received a foundation payment under paragraph (1) or (2) or subsection (i)(1), for the fiscal year involved in

an amount that bears the same relation to the remainder as a percentage share determined for the local educational agency (by dividing the maximum amount that the agency is eligible to receive under subsection (b) by the total of the maximum amounts for all such agencies) bears to the percentage share determined (in the same manner) for all local educational agencies eligible to receive a payment under this section for the fiscal year involved, except that, for the purpose of calculating a local educational agency's maximum amount under subsection (b), data from the most current fiscal year shall be used.

(4) Data

For each local educational agency that received a payment under this section for fiscal year 2010 through the fiscal year in which the Impact Aid Improvement Act of 2012 is enacted, the Secretary shall not make a payment under paragraph (3) to a local educational agency that fails to submit, within 60 days of the date the Secretary notifies the agency that the information is needed, the data necessary to calculate the maximum amount of a payment under subsection (b) for that local educational agency.

(i) Special payments

(1) In general

For any fiscal year beginning with fiscal year 2000 for which the amount appropriated to carry out this section exceeds the amount so appropriated for fiscal year 1996 and for which subsection (b)(1)(B) of this section applies, the Secretary shall use the remainder described in subsection (h)(3) of this section for the fiscal year involved (not to exceed the amount equal to the difference between (A) the amount appropriated to carry out this section for fiscal year 1997 and (B) the amount appropriated to carry out this section for fiscal year 1996) to increase the payment that would otherwise be made under this section to not more than 50 percent of the maximum amount determined under subsection (b) of this section for any local educational agency described in paragraph (2).

(2) Local educational agency described

A local educational agency described in this paragraph is a local educational agency that—

(j) Repealed. Pub. L. 107–110, title VIII, §801(d), Jan. 8, 2002, 115 Stat. 1948

(k) Special rule

For purposes of payments under this section for each fiscal year beginning with fiscal year 1998—

- (1) the Secretary shall, for the Stanley County, South Dakota local educational agency, calculate payments as if subsection (e) of this section had been in effect for fiscal year 1994; and
- (2) the Secretary shall treat the Delaware Valley, Pennsylvania local educational agency as if it had filed a timely application under section 2 of Public Law 81–874 for fiscal year 1994.

(l) Prior year data

Notwithstanding any other provision of this section, in determining the eligibility of a local educational agency for a payment under subsection (b) or (h)(4)(B) ¹ of this section for a fiscal year, and in calculating the amount of such payment, the Secretary—

- (1) shall use data from the prior fiscal year with respect to the Federal property involved, including data with respect to the assessed value of the property and the real property tax rate for current expenditures levied against or imputed to the property; and
- (2) shall use data from the second prior fiscal year with respect to determining the amount of

revenue referred to in subsection (b)(1)(A)(i) of this section.

(m) Eligibility

(1) Old Federal property

Except as provided in paragraph (2), a local educational agency that is eligible to receive a payment under this section for Federal property acquired by the Federal Government, before October 30, 2000, shall be eligible to receive the payment only if the local educational agency submits an application for a payment under this section not later than 7 years after October 30, 2000.

(2) Combined Federal property

A local educational agency that is eligible to receive a payment under this section for Federal property acquired by the Federal Government before October 30, 2000, shall be eligible to receive the payment if—

(n) Loss of eligibility

(1) In general

Notwithstanding any other provision of this section, the Secretary shall make a minimum payment to a local educational agency described in paragraph (2), for the first fiscal year that the agency loses eligibility for assistance under this section as a result of property located within the school district served by the agency failing to meet the definition of Federal property under section 7713(5)(C)(iii) of this title, in an amount equal to 90 percent of the amount received by the agency under this section for the preceding year.

(2) Local educational agency described

(C) resided on Indian lands;

(D)(i) had a parent on active duty in the uniformed services (as defined by section 101 of title 37) but did not reside on Federal property; or

(ii) had a parent who is an official of, and has been accredited by, a foreign government and is a foreign military officer but did not reside on Federal property;

(E) resided in low-rent housing;

(F) resided on Federal property and is not described in subparagraph (A) or (B); or

(G) resided with a parent employed on Federal property situated—

(i) in whole or in part in the county in which such agency is located, or in whole or in part in such agency if such agency is located in more than one county; or

(ii) if not in such county, in whole or in part in the same State as such agency.

(2) Determination of weighted student units

For the purpose of computing the basic support payment under subsection (b) of this section, the Secretary shall calculate the total number of weighted student units for a local educational agency by adding together the results obtained by the following computations:

(A) Multiply the number of children described in subparagraphs (A) and (B) of paragraph (1) by a factor of 1.0.

(B) Multiply the number of children described in paragraph (1)(C) by a factor of 1.25.

(C) Multiply the number of children described in subparagraphs (A) and (B) of paragraph (1) by a factor of .35 if the local educational agency has—

(i) a number of such children described in such subparagraphs which exceeds 5,000; and

(ii) an average daily attendance for all children which exceeds 100,000.

(D) Multiply the number of children described in subparagraph (D) of paragraph (1) by a factor of .20.

(E) Multiply the number of children described in subparagraph (E) of paragraph (1) by a factor of .10.

(F) Multiply the number of children described in subparagraphs (F) and (G) of paragraph (1) by a factor of .05.

(3) Special rule

The Secretary shall only compute a payment for a local educational agency for children described in subparagraph (F) or (G) of paragraph (1) if the number of such children equals or exceeds 1,000 or such number equals or exceeds 10 percent of the total number of students in average daily attendance in the schools of such agency.

(4) Military installation and Indian housing undergoing renovation or rebuilding

(A) Military installation housing

Beginning in fiscal year 2014, in determining the amount of a payment for a local educational agency for children described in paragraph (1)(D)(i), the Secretary shall consider those children as if they were children described in paragraph (1)(B) if the Secretary determines, on the basis of a certification provided to the Secretary by a designated representative of the Secretary of

Defense, that those children would have resided in housing on Federal property if the housing was not undergoing renovation or rebuilding. The total number of children treated as children described in paragraph (1)(B) shall not exceed the lessor of—

- (i) the total number of children eligible under paragraph (1)(B) for the year prior to the initiation of the housing project on Federal property undergoing renovation or rebuilding; or
- (ii) the total number of Federally connected children enrolled at the local educational agency as stated in the application filed for the payment for the year for which the determination is made.

(B) Indian lands

Beginning in fiscal year 2014, in determining the amount of a payment for a local educational agency that received a payment for children that resided on Indian lands in accordance with paragraph (1)(C) for the fiscal year prior to the fiscal year for which the local educational agency is making an application, the Secretary shall consider those children to be children described in paragraph (1)(C) if the Secretary determines on the basis of a certification provided to the Secretary by a designated representative of the Secretary of the Interior or the Secretary of Housing and Urban Development that those children would have resided in housing on Indian lands if the housing was not undergoing renovation or rebuilding. The total number of children treated as children described in paragraph (1)(C) shall not exceed the lessor of—

- (i) the total number of children eligible under paragraph (1)(C) for the year prior to the initiation of the housing project on Indian lands undergoing renovation or rebuilding; or
- (ii) the total number of Federally connected children enrolled at the local educational agency as stated in the application filed for the payment for the year for which the determination is made.

(C) Eligible housing

Renovation or rebuilding shall be defined as projects considered as capitalization, modernization, or restoration, as defined by the Secretary of Defense or the Secretary of the Interior (as the case may be) and are projects that last more than 30 days, but do not include “sustainment projects” such as painting, carpeting, or minor repairs.

(5) Military “Build to Lease” program housing

(A) In general

For purposes of computing the amount of payment for a local educational agency for children identified under paragraph (1), the Secretary shall consider children residing in housing initially acquired or constructed under the former section 2828(g) of title 10 (commonly known as the “Build to Lease” program), as added by section 801 of the Military Construction Authorization Act, 1984, to be children described under paragraph (1)(B) if the property described is within the fenced security perimeter of the military facility upon which such housing is situated.

(B) Additional requirements

If the property described in subparagraph (A) is not owned by the Federal Government, is subject to taxation by a State or political subdivision of a State, and thereby generates revenues for a local educational agency that is applying to receive a payment under this section, then the Secretary—

- (i) shall require the local educational agency to provide certification from an appropriate official of the Department of Defense that the property is being used to provide military housing; and
- (ii) shall reduce the amount of the payment under this section by an amount equal to the amount of revenue from such taxation received in the second preceding fiscal year by such local educational agency, unless the amount of such revenue was taken into account by the State for such second preceding fiscal year and already resulted in a reduction in the amount of State aid paid to such local educational agency.

(b) Basic support payments; insufficient appropriations; State with only one local educational

agency

(1) Basic support payments

(A) In general

From the amount appropriated under section 7714(b) of this title for a fiscal year, the Secretary is authorized to make basic support payments to eligible local educational agencies with children described in subsection (a) of this section.

(B) Eligibility

A local educational agency is eligible to receive a basic support payment under subparagraph (A) for a fiscal year with respect to a number of children determined under subsection (a)(1) of this section only if the number of children so determined with respect to such agency amounts to the lesser of—

- (i) at least 400 such children; or
- (ii) a number of such children which equals at least 3 percent of the total number of children who were in average daily attendance, during such year, at the schools of such agency and for whom such agency provided free public education.

(C) Maximum amount

The maximum amount that a local educational agency is eligible to receive under this paragraph for any fiscal year is the sum of the total weighted student units, as computed under subsection (a)(2) of this section, multiplied by the greater of—

- (i) one-half of the average per-pupil expenditure of the State in which the local educational agency is located for the third fiscal year preceding the fiscal year for which the determination is made;
- (ii) one-half of the average per-pupil expenditure of all of the States for the third fiscal year preceding the fiscal year for which the determination is made;
- (iii) the comparable local contribution rate certified by the State, as determined under regulations prescribed to carry out the Act of September 30, 1950 (Public Law 874, 81st Congress), as such regulations were in effect on January 1, 1994; or
- (iv) the average per-pupil expenditure of the State in which the local educational agency is located, multiplied by the local contribution percentage.

(D) Data

If satisfactory data from the third preceding fiscal year are not available for any of the expenditures described in clause (i) or (ii) of subparagraph (C), the Secretary shall use data from the most recent fiscal year for which data that are satisfactory to the Secretary are available.

(E) Special rule

For purposes of determining the comparable local contribution rate under subparagraph (C)(iii) for a local educational agency described in section 222.39(c)(3) of title 34, Code of Federal Regulations, that had its comparable local contribution rate for fiscal year 1998 calculated pursuant to section 222.39 of title 34, Code of Federal Regulations, the Secretary shall determine such comparable local contribution rate as the rate upon which payments under this subsection for fiscal year 2000 were made to the local educational agency adjusted by the percentage increase or decrease in the per pupil expenditure in the State serving the local educational agency calculated on the basis of the second most recent preceding school year compared to the third most recent preceding school year for which school year data are available.

(F) Increase in local contribution rate due to unusual geographic factors

If the current expenditures in those local educational agencies which the Secretary has determined to be generally comparable to the local educational agency for which a computation is made under subparagraph (C) are not reasonably comparable because of unusual geographical

factors which affect the current expenditures necessary to maintain, in such agency, a level of education equivalent to that maintained in such other agencies, then the Secretary shall increase the local contribution rate for such agency under subparagraph (C)(iii) by such an amount which the Secretary determines will compensate such agency for the increase in current expenditures necessitated by such unusual geographical factors. The amount of any such supplementary payment may not exceed the per-pupil share (computed with regard to all children in average daily attendance), as determined by the Secretary, of the increased current expenditures necessitated by such unusual geographic factors.

(G) Beginning with fiscal year 2002, for the purpose of calculating a payment under this paragraph for a local educational agency whose local contribution rate was computed under subparagraph (C)(iii) for the previous year, the Secretary shall use a local contribution rate that is not less than 95 percent of the rate that the LEA received for the preceding year.

(2) Basic support payments for heavily impacted local educational agencies

(A) In general

(i) From the amount appropriated under section 7714(b) of this title for a fiscal year, the Secretary is authorized to make basic support payments to eligible heavily impacted local educational agencies with children described in subsection (a) of this section.

(ii) A local educational agency that receives a basic support payment under this paragraph for a fiscal year shall not be eligible to receive a basic support payment under paragraph (1) for that fiscal year.

(B) Eligibility for continuing heavily impacted local educational agencies

(i) In general

A heavily impacted local educational agency is eligible to receive a basic support payment under subparagraph (A) with respect to a number of children determined under subsection (a)(1) of this section if the agency—

(I) received an additional assistance payment under subsection (f) of this section (as such subsection was in effect on the day before October 30, 2000) for fiscal year 2000; and

(II)(aa) is a local educational agency whose boundaries are the same as a Federal military installation;

(bb) has an enrollment of children described in subsection (a)(1) of this section that constitutes a percentage of the total student enrollment of the agency which is not less than 35 percent, has a per-pupil expenditure that is less than the average per-pupil expenditure of the State in which the agency is located or the average per-pupil expenditure of all States (whichever average per-pupil expenditure is greater), except that a local educational agency with a total student enrollment of less than 350 students shall be deemed to have satisfied such per-pupil expenditure requirement, and has a tax rate for general fund purposes which is not less than 95 percent of the average tax rate for general fund purposes of local educational agencies in the State;

(cc) has an enrollment of children described in subsection (a)(1) of this section that constitutes a percentage of the total student enrollment of the agency which is not less than 30 percent, and has a tax rate for general fund purposes which is not less than 125 percent of the average tax rate for general fund purposes for comparable local educational agencies in the State;

(dd) has a total student enrollment of not less than 25,000 students, of which not less than 50 percent are children described in subsection (a)(1) of this section and not less than 6,000 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1) of this section; or

(ee) meets the requirements of subsection (f)(2) of this section applying the data requirements of subsection (f)(4) of this section (as such subsections were in effect on the day before October 30, 2000).

(ii) Loss of eligibility

A heavily impacted local educational agency that met the requirements of clause (i) for a fiscal year shall be ineligible to receive a basic support payment under subparagraph (A) if the agency fails to meet the requirements of clause (i) for a subsequent fiscal year, except that such agency shall continue to receive a basic support payment under this paragraph for the fiscal year for which the ineligibility determination is made.

(iii) Resumption of eligibility

A heavily impacted local educational agency described in clause (i) that becomes ineligible under such clause for 1 or more fiscal years may resume eligibility for a basic support payment under this paragraph for a subsequent fiscal year only if the agency meets the requirements of clause (i) for that subsequent fiscal year, except that such agency shall not receive a basic support payment under this paragraph until the fiscal year succeeding the fiscal year for which the eligibility determination is made.

(C) Eligibility for new heavily impacted local educational agencies

(i) In general

A heavily impacted local educational agency that did not receive an additional assistance payment under subsection (f) of this section (as such subsection was in effect on the day before October 30, 2000) for fiscal year 2000 is eligible to receive a basic support payment under subparagraph (A) for fiscal year 2002 and any subsequent fiscal year with respect to a number of children determined under subsection (a)(1) of this section only if the agency is a local educational agency whose boundaries are the same as a Federal military installation (or if the agency is a qualified local educational agency as described in clause (iv)), or the agency—

(I) has an enrollment of children described in subsection (a)(1) of this section that constitutes a percentage of the total student enrollment of the agency that—

(aa) is not less than 50 percent if such agency receives a payment on behalf of children described in subparagraphs (F) and (G) of such subsection; or

(bb) is not less than 40 percent if such agency does not receive a payment on behalf of such children;

(II)(aa) for a local educational agency that has a total student enrollment of 350 or more students, has a per-pupil expenditure that is less than the average per-pupil expenditure of the State in which the agency is located; or

(bb) for a local educational agency that has a total student enrollment of less than 350 students, has a per-pupil expenditure that is less than the average per-pupil expenditure of a comparable local education agency or three comparable local educational agencies in the State in which the local educational agency is located; and

(III) has a tax rate for general fund purposes that is at least 95 percent of the average tax rate for general fund purposes of comparable local educational agencies in the State.

(ii) Resumption of eligibility

A heavily impacted local educational agency described in clause (i) that becomes ineligible under such clause for 1 or more fiscal years may resume eligibility for a basic support payment under this paragraph for a subsequent fiscal year only if the agency is a local educational agency whose boundaries are the same as a Federal military installation (or if the agency is a qualified local educational agency as described in clause (iv)), or meets the requirements of clause (i), for that subsequent fiscal year, except that such agency shall continue to receive a basic support payment under this paragraph for the fiscal year for which the ineligibility determination is made.

(iii) Application

With respect to the first fiscal year for which a heavily impacted local educational agency described in clause (i) applies for a basic support payment under subparagraph (A), or with

respect to the first fiscal year for which a heavily impacted local educational agency applies for a basic support payment under subparagraph (A) after becoming ineligible under clause (i) for 1 or more preceding fiscal years, the agency shall apply for such payment at least 1 year prior to the start of that first fiscal year.

(iv) Qualified local educational agency

A qualified local educational agency described in this clause is an agency that meets the following requirements:

- (I) The boundaries of the agency are the same as island property designated by the Secretary of the Interior to be property that is held in trust by the Federal Government.
- (II) The agency has no taxing authority.
- (III) The agency received a payment under paragraph (1) for fiscal year 2001.

(D) Maximum amount for regular heavily impacted local educational agencies

(i) Except as provided in subparagraph (E), the maximum amount that a heavily impacted local educational agency is eligible to receive under this paragraph for any fiscal year is the sum of the total weighted student units, as computed under subsection (a)(2) of this section and subject to clause (ii), multiplied by the greater of—

- (I) four-fifths of the average per-pupil expenditure of the State in which the local educational agency is located for the third fiscal year preceding the fiscal year for which the determination is made; or
- (II) four-fifths of the average per-pupil expenditure of all of the States for the third fiscal year preceding the fiscal year for which the determination is made.

(ii)(I) For a local educational agency with respect to which 35 percent or more of the total student enrollment of the schools of the agency are children described in subparagraph (D) or (E) (or a combination thereof) of subsection (a)(1) of this section, the Secretary shall calculate the weighted student units of such children for purposes of subsection (a)(2) of this section by multiplying the number of such children by a factor of 0.55.

(II) For a local educational agency that has an enrollment of 100 or fewer children described in subsection (a)(1) of this section, the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) of this section by multiplying the number of such children by a factor of 1.75.

(III) For a local educational agency that does not qualify under (B)(i)(II)(aa) ¹ of this subsection and has an enrollment of more than 100 but not more than 1,000 children described in subsection (a)(1) of this section, the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) of this section by multiplying the number of such children by a factor of 1.25.

(E) Maximum amount for large heavily impacted local educational agencies

(i)(I) Subject to clause (ii), the maximum amount that a heavily impacted local educational agency described in subclause (II) is eligible to receive under this paragraph for any fiscal year shall be determined in accordance with the formula described in paragraph (1)(C).

(II) A heavily impacted local educational agency described in this subclause is a local educational agency that has a total student enrollment of not less than 25,000 students, of which not less than 50 percent are children described in subsection (a)(1) of this section and not less than 6,000 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1) of this section.

(ii) For purposes of calculating the maximum amount described in clause (i), the factor used in determining the weighted student units under subsection (a)(2) of this section with respect to children described in subparagraphs (A) and (B) of subsection (a)(1) of this section shall be 1.35.

(F) Data

For purposes of providing assistance under this paragraph the Secretary—

(i) shall use student, revenue, expenditure, and tax data from the third fiscal year preceding the fiscal year for which the local educational agency is applying for assistance under this paragraph; and

(ii) except as provided in subparagraph (C)(i)(I), shall include all of the children described in subparagraphs (F) and (G) of subsection (a)(1) of this section enrolled in schools of the local educational agency in determining (I) the eligibility of the agency for assistance under this paragraph, and (II) the amount of such assistance if the number of such children meet the requirements of subsection (a)(3) of this section.

(G) Determination of average tax rates for general fund purposes

For the purpose of determining average tax rates for general fund purposes for local educational agencies in a State under this paragraph (except under subparagraph (C)(i)(II)(bb)), the Secretary shall use either—

(i) the average tax rate for general fund purposes for comparable local educational agencies, as determined by the Secretary in regulations; or

(ii) the average tax rate of all the local educational agencies in the State.

(H) Eligibility for heavily impacted local educational agencies affected by privatization of military housing

(i) Eligibility

For any fiscal year, a heavily impacted local educational agency that received a basic support payment under this paragraph for the prior fiscal year, but is ineligible for such payment for the current fiscal year under subparagraph (B), (C), (D), or (E), as the case may be, by reason of the conversion of military housing units to private housing described in clause (iii), shall be deemed to meet the eligibility requirements under subparagraph (B) or (C), as the case may be, for the period during which the housing units are undergoing such conversion.

(ii) Amount of payment

The amount of a payment to a heavily impacted local educational agency for a fiscal year by reason of the application of clause (i), and calculated in accordance with subparagraph (D) or (E), as the case may be, shall be based on the number of children in average daily attendance in the schools of such agency for the fiscal year and under the same provisions of subparagraph (D) or (E) under which the agency was paid during the prior fiscal year.

(iii) Conversion of military housing units to private housing described

For purposes of clause (i), “conversion of military housing units to private housing” means the conversion of military housing units to private housing units pursuant to subchapter IV of chapter 169 of title 10 or pursuant to any other related provision of law.

(3) Payments with respect to fiscal years in which insufficient funds are appropriated

(A) In general

For any fiscal year in which the sums appropriated under section 7714(b) of this title are insufficient to pay to each local educational agency the full amount computed under paragraphs (1) and (2), the Secretary shall make payments in accordance with this paragraph.

(B) Learning opportunity threshold payments in lieu of payments under paragraph (1)

(i) For fiscal years described in subparagraph (A), the Secretary shall compute a learning opportunity threshold payment (hereafter in this subchapter referred to as the “threshold payment”) in lieu of basic support payments under paragraph (1) by multiplying the amount obtained under paragraph (1)(C) by the total percentage obtained by adding—

(I) the percentage of federally connected children for each local educational agency determined by calculating the fraction, the numerator of which is the total number of children described under subsection (a)(1) of this section and the denominator of which is the total number of children in average daily attendance at the schools served by such agency; and

(II) the percentage that funds under paragraph (1)(C) represent of the total budget of the local educational agency, determined by calculating the fraction, the numerator of which is the total amount of funds calculated for each local educational agency under this paragraph, and the denominator of which is the total current expenditures for such agency in the second preceding fiscal year for which the determination is made.

(ii) Such total percentage used to calculate threshold payments under paragraph (1) shall not exceed 100.

(iii) For the purpose of determining the percentages described in subclauses (I) and (II) of clause (i) that are applicable to the local educational agency providing free public education to students in grades 9 through 12 residing on Hanscom Air Force Base, Massachusetts, the Secretary shall consider only that portion of such agency's total enrollment of students in grades 9 through 12 when calculating the percentage under such subclause (I) and only that portion of the total current expenditures attributed to the operation of grades 9 through 12 in such agency when calculating the percentage under subclause (II).

(iv) In the case of a local educational agency that has a total student enrollment of fewer than 1,000 students and that has a per-pupil expenditure that is less than the average per-pupil expenditure of the State in which the agency is located or less than the average per-pupil expenditure of all the States, the total percentage used to calculate threshold payments under clause (i) shall not be less than 40 percent.

(C) Learning opportunity threshold payments in lieu of payments under paragraph (2)

For fiscal years described in subparagraph (A), the learning opportunity threshold payment in lieu of basic support payments under paragraph (2) shall be equal to the amount obtained under subparagraph (D) or (E) of paragraph (2), as the case may be.

(D) Ratable distribution

For fiscal years described in subparagraph (A), the Secretary shall make payments as a ratable distribution based upon the computations made under subparagraphs (B) and (C).

(4) States with only one local educational agency

(A) In general

In any of the 50 States of the United States in which there is only one local educational agency, the Secretary shall, for purposes of subparagraphs (B) and (C) of paragraph (1) or subparagraphs (B) through (D) of paragraph (2), as the case may be, paragraph (3) of this subsection, and subsection (e) of this section, consider each administrative school district in the State to be a separate local educational agency.

(B) Computation of maximum amount of basic support payment and threshold payment

In computing the maximum payment amount under paragraph (1)(C) or subparagraph (D) or (E) of paragraph (2), as the case may be, and the learning opportunity threshold payment under subparagraph (B) or (C) of paragraph (3), as the case may be, for an administrative school district described in subparagraph (A)—

(i) the Secretary shall first determine the maximum payment amount and the total current expenditures for the State as a whole; and

(ii) the Secretary shall then—

(I) proportionately allocate such maximum payment amount among the administrative school districts on the basis of the respective weighted student units of such districts; and

(II) proportionately allocate such total current expenditures among the administrative school districts on the basis of the respective number of students in average daily attendance at such districts.

(5) Local educational agencies affected by removal of Federal property

(A) In general

In computing the amount of a basic support payment under this subsection for a fiscal year for a local educational agency described in subparagraph (B), the Secretary shall meet the additional requirements described in subparagraph (C).

(B) Local educational agency described

A local educational agency described in this subparagraph is a local educational agency with respect to which Federal property (i) located within the boundaries of the agency, and (ii) on which one or more children reside who are receiving a free public education at a school of the agency, is transferred by the Federal Government to another entity in any fiscal year beginning on or after October 30, 2000, so that the property is subject to taxation by the State or a political subdivision of the State.

(C) Additional requirements

The additional requirements described in this subparagraph are the following:

(i) For each fiscal year beginning after the date on which the Federal property is transferred, a child described in subparagraph (B) who continues to reside on such property and who continues to receive a free public education at a school of the agency shall be deemed to be a child who resides on Federal property for purposes of computing under the applicable subparagraph of subsection (a)(1) of this section the amount that the agency is eligible to receive under this subsection.

(ii)(I) For the third fiscal year beginning after the date on which the Federal property is transferred, and for each fiscal year thereafter, the Secretary shall, after computing the amount that the agency is otherwise eligible to receive under this subsection for the fiscal year involved, deduct from such amount an amount equal to the revenue received by the agency for the immediately preceding fiscal year as a result of the taxable status of the former Federal property.

(II) For purposes of determining the amount of revenue to be deducted in accordance with subclause (I), the local educational agency—

(aa) shall provide for a review and certification of such amount by an appropriate local tax authority; and

(bb) shall submit to the Secretary a report containing the amount certified under item (aa).

(c) Prior year data

(1) In general

Except as provided in subsections (b)(1)(D), (b)(2), and paragraph (2), all calculations under this section shall be based on data for each local educational agency from not later than the fiscal year preceding the fiscal year for which the agency is making application for payment.

(2) Exception

Calculations for a local educational agency that is newly established by a State shall, for the first year of operation of such agency, be based on data from the fiscal year for which the agency is making application for payment.

(d) Children with disabilities

(1) In general

From the amount appropriated under section 7714(c) of this title for a fiscal year, the Secretary shall pay to each eligible local educational agency, on a pro rata basis, the amounts determined by—

(A) multiplying the number of children described in subparagraphs (A)(ii), (B) and (C) of subsection (a)(1) of this section who are eligible to receive services under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) by a factor of 1.0; and

(B) multiplying the number of children described in subparagraph (D) of subsection (a)(1) of this section who are eligible to receive services under such Act by a factor of 0.5.

(2) Use of funds

A local educational agency that receives funds under paragraph (1) shall use such funds to provide a free appropriate public education to children described in paragraph (1) in accordance with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.).

(e) Hold harmless

(1) In general

Subject to paragraphs (2) and (3), the total amount the Secretary shall pay a local educational agency under subsection (b) of this section—

(A) for fiscal year 2001 shall not be less than 85 percent of the total amount that the local educational agency received under subsections (b) and (f) of this section for fiscal year 2000; and

(B) for fiscal year 2002 shall not be less than 70 percent of the total amount that the local educational agency received under subsections (b) and (f) of this section for fiscal year 2000.

(2) Maximum amount

The total amount provided to a local educational agency under subparagraph (A) or (B) of paragraph (1) for a fiscal year shall not exceed the maximum basic support payment amount for such agency determined under paragraph (1) or (2) of subsection (b) of this section, as the case may be.

(3) Ratable reductions

(A) In general

If the sums made available under this subchapter for any fiscal year are insufficient to pay the full amounts that all local educational agencies in all States are eligible to receive under paragraph (1) for such year, then the Secretary shall ratably reduce the payments to all such agencies for such year.

(B) Additional funds

If additional funds become available for making payments under paragraph (1) for such fiscal year, payments that were reduced under subparagraph (A) shall be increased on the same basis as such payments were reduced.

(f) Other funds

Notwithstanding any other provision of law, a local educational agency receiving funds under this section may also receive funds under section 386 of the National Defense Authorization Act for Fiscal Year 1993 or such section's successor authority.

(g) Maintenance of effort

A local educational agency may receive funds under subsection (b) of this section and section 7702 of this title for any fiscal year only if the State educational agency finds that either the combined fiscal effort per student or the aggregate expenditures of that agency and the State with respect to the provision of free public education by that agency for the preceding fiscal year was not less than 90 percent of such combined fiscal effort or aggregate expenditures for the second preceding fiscal year.

(e) Complaints

(1) In general

(A) Any tribe, or its designee, which has students in attendance at a local educational agency may, in its discretion and without regard to the requirements of any other provision of law, file a written complaint with the Secretary regarding any action of a local educational agency taken pursuant to, or relevant to, the requirements of this section.

(B) Within ten working days from receipt of a complaint, the Secretary shall—

(i) designate a time and place for a hearing into the matters relating to the complaint at a location in close proximity to the local educational agency involved, or if the Secretary determines there is good cause, at some other location convenient to both the tribe, or its designee, and the local educational agency;

If the local educational agency rejects the determination of the Secretary and a tribe exercises the option under section 1101(d) of the Education Amendments of 1978, to have education services provided either directly by the Bureau of Indian Affairs or by contract with the Bureau of Indian Affairs, any Indian students affiliated with that tribe who wish to remain in attendance at the local educational agency against whom the complaint which led to the tribal action under such subsection (d) of this section was lodged may be counted with respect to that local educational agency for the purpose of receiving funds under section 7703 of this title. In such event, funds under such section shall not be withheld pursuant to paragraph (8) and no further complaints with respect to such students may be filed under paragraph (1).

§7709. State consideration of payments in providing State aid

(a) General prohibition

Except as provided in subsection (b) of this section, a State may not—

(1) consider payments under this subchapter in determining for any fiscal year—

- (A) the eligibility of a local educational agency for State aid for free public education; or
- (B) the amount of such aid; or

(2) make such aid available to local educational agencies in a manner that results in less State aid to any local educational agency that is eligible for such payment than such agency would receive if such agency were not so eligible.

(b) State equalization plans

(1) In general

A State may reduce State aid to a local educational agency that receives a payment under section 7702 or 7703(b) of this title (except the amount calculated in excess of 1.0 under section 7703(a)(2)(B) of this title and, with respect to a local educational agency that receives a payment under section 7703(b)(2) of this title, the amount in excess of the amount that the agency would receive if the agency were deemed to be an agency eligible to receive a payment under section 7703(b)(1) of this title and not section 7703(b)(2) of this title) for any fiscal year if the Secretary determines, and certifies under subsection (c)(3)(A) of this section, that the State has in effect a program of State aid that equalizes expenditures for free public education among local educational agencies in the State.

(2) Computation

(A) In general

For purposes of paragraph (1), a program of State aid equalizes expenditures among local educational agencies if, in the second fiscal year preceding the fiscal year for which the determination is made, the amount of per-pupil expenditures made by, or per-pupil revenues available to, the local educational agency in the State with the highest such per-pupil expenditures or revenues did not exceed the amount of such per-pupil expenditures made by, or per-pupil revenues available to, the local educational agency in the State with the lowest such expenditures or revenues by more than 25 percent.

(B) Other factors

In making a determination under this subsection, the Secretary shall—

- (i) disregard local educational agencies with per-pupil expenditures or revenues above the 95th percentile or below the 5th percentile of such expenditures or revenues in the State; and
- (ii) take into account the extent to which a program of State aid reflects the additional cost of providing free public education in particular types of local educational agencies, such as those that are geographically isolated, or to particular types of students, such as children with disabilities.

(3) Exception

Notwithstanding paragraph (2), if the Secretary determines that the State has substantially revised its program of State aid, the Secretary may certify such program for any fiscal year only if—

- (A) the Secretary determines, on the basis of projected data, that the State's program will meet the disparity standard described in paragraph (2) for the fiscal year for which the determination is made; and
- (B) the State provides an assurance to the Secretary that, if final data do not demonstrate that

the State's program met such standard for the fiscal year for which the determination is made, the State will pay to each affected local educational agency the amount by which the State reduced State aid to the local educational agency.

(c) Procedures for review of State equalization plans

(1) Written notice

(A) In general

Any State that wishes to consider payments described in subsection (b)(1) of this section in providing State aid to local educational agencies shall submit to the Secretary, not later than 120 days before the beginning of the State's fiscal year, a written notice of such State's intention to do so.

(B) Contents

Such notice shall be in the form and contain the information the Secretary requires, including evidence that the State has notified each local educational agency in the State of such State's intention to consider such payments in providing State aid.

(2) Opportunity to present views

Before making a determination under subsection (b) of this section, the Secretary shall afford the State, and local educational agencies in the State, an opportunity to present their views.

(3) Qualification procedures

If the Secretary determines that a program of State aid qualifies under subsection (b) of this section, the Secretary shall—

(A) certify the program and so notify the State; and

(B) afford an opportunity for a hearing, in accordance with section 7711(a) of this title, to any local educational agency adversely affected by such certification.

(4) Nonqualification procedures

If the Secretary determines that a program of State aid does not qualify under subsection (b) of this section, the Secretary shall—

(A) so notify the State; and

(B) afford an opportunity for a hearing, in accordance with section 7711(a) of this title, to the State, and to any local educational agency adversely affected by such determination.

(d) Treatment of State aid

(1) In general

If a State has in effect a program of State aid for free public education for any fiscal year, which is designed to equalize expenditures for free public education among the local educational agencies of that State, payments under this subchapter for any fiscal year may be taken into consideration by such State in determining the relative—

(A) financial resources available to local educational agencies in that State; and

(B) financial need of such agencies for the provision of free public education for children served by such agency, except that a State may consider as local resources funds received under this subchapter only in proportion to the share that local tax revenues covered under a State equalization program are of total local tax revenues.

(2) Prohibition

A State may not take into consideration payments under this subchapter before such State's program of State aid has been certified by the Secretary under subsection (c)(3) of this section.

(e) Remedies for State violations

(1) In general

The Secretary or any aggrieved local educational agency may, not earlier than 150 days after an adverse determination by the Secretary against a State for violation of subsections (a) or (d)(2) of

this section or for failure to carry out an assurance under subsection (b)(3)(B) of this section, and if an administrative proceeding has not been concluded within such time, bring an action in a United States district court against such State for such violations or failure.

(2) Immunity

A State shall not be immune under the 11th amendment to the Constitution of the United States from an action described in paragraph (1).

(3) Relief

The court shall grant such relief as the court determines is appropriate.

- (2) the same grant or contract announcement process and application process is used for all eligible providers in the State or outlying area.

(d) Special rule

Each eligible agency awarding a grant or contract under this section shall not use any funds made available under this part for adult education and literacy activities for the purpose of supporting or providing programs, services, or activities for individuals who are not individuals described in subparagraphs (A) and (B) of section 9202(1) of this title, except that such agency may use such funds for such purpose if such programs, services, or activities are related to family literacy services. In providing family literacy services under this part, an eligible provider shall attempt to coordinate with programs and services that are not assisted under this part prior to using funds for adult education and literacy activities under this part for activities other than adult education activities.

(e) Considerations

In awarding grants or contracts under this section, the eligible agency shall consider—

(1) the degree to which the eligible provider will establish measurable goals for participant outcomes;

(2) the past effectiveness of an eligible provider in improving the literacy skills of adults and families, and, after the 1-year period beginning with the adoption of an eligible agency's performance measures under section 9212 of this title, the success of an eligible provider receiving funding under this part in meeting or exceeding such performance measures, especially with respect to those adults with the lowest levels of literacy;

(3) the commitment of the eligible provider to serve individuals in the community who are most in need of literacy services, including individuals who are low-income or have minimal literacy skills;

(4) whether or not the program—

(A) is of sufficient intensity and duration for participants to achieve substantial learning gains; and

(B) uses instructional practices, such as phonemic awareness, systematic phonics, fluency, and reading comprehension that research has proven to be effective in teaching individuals to read;

(5) whether the activities are built on a strong foundation of research and effective educational practice;

(6) whether the activities effectively employ advances in technology, as appropriate, including the use of computers;

(7) whether the activities provide learning in real life contexts to ensure that an individual has the skills needed to compete in the workplace and exercise the rights and responsibilities of citizenship;

(8) whether the activities are staffed by well-trained instructors, counselors, and administrators;

(9) whether the activities coordinate with other available resources in the community, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, one-stop centers, job training programs, and social service agencies;

(10) whether the activities offer flexible schedules and support services (such as child care and transportation) that are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs;

(11) whether the activities maintain a high-quality information management system that has the capacity to report participant outcomes and to monitor program performance against the eligible agency performance measures; and

(12) whether the local communities have a demonstrated need for additional English literacy programs.

(Pub. L. 105–220, title II, §231, Aug. 7, 1998, 112 Stat. 1070.)

§9242. Local application

Each eligible provider desiring a grant or contract under this part shall submit an application to the eligible agency containing such information and assurances as the eligible agency may require, including—

(1) a description of how funds awarded under this part will be spent; and

(2) a description of any cooperative arrangements the eligible provider has with other agencies, institutions, or organizations for the delivery of adult education and literacy activities.

(Pub. L. 105–220, title II, §232, Aug. 7, 1998, 112 Stat. 1072.)

§9243. Local administrative cost limits

(a) In general

Subject to subsection (b) of this section, of the amount that is made available under this part to an eligible provider—

(1) not less than 95 percent shall be expended for carrying out adult education and literacy activities; and

(2) the remaining amount, not to exceed 5 percent, shall be used for planning, administration, personnel development, and interagency coordination.

(b) Special rule

In cases where the cost limits described in subsection (a) of this section are too restrictive to allow for adequate planning, administration, personnel development, and interagency coordination, the eligible provider shall negotiate with the eligible agency in order to determine an adequate level of funds to be used for noninstructional purposes.

(Pub. L. 105–220, title II, §233, Aug. 7, 1998, 112 Stat. 1072.)

SUBPART 4—GENERAL PROVISIONS

§9251. Administrative provisions

(a) Supplement not supplant

Funds made available for adult education and literacy activities under this part shall supplement and not supplant other State or local public funds expended for adult education and literacy activities.

(b) Maintenance of effort

(1) In general

(A) Determination

An eligible agency may receive funds under this part for any fiscal year if the Secretary finds that the fiscal effort per student or the aggregate expenditures of such eligible agency for adult education and literacy activities, in the second preceding fiscal year, was not less than 90 percent of the fiscal effort per student or the aggregate expenditures of such eligible agency for adult education and literacy activities, in the third preceding fiscal year.

(B) Proportionate reduction

Subject to paragraphs (2), (3), and (4), for any fiscal year with respect to which the Secretary determines under subparagraph (A) that the fiscal effort or the aggregate expenditures of an eligible agency for the preceding program year were less than such effort or expenditures for the second preceding program year, the Secretary—

(i) shall determine the percentage decreases in such effort or in such expenditures; and

(ii) shall decrease the payment made under this part for such program year to the agency for adult education and literacy activities by the lesser of such percentages.

(2) Computation

In computing the fiscal effort and aggregate expenditures under paragraph (1), the Secretary shall exclude capital expenditures and special one-time project costs.

(3) Decrease in Federal support

If the amount made available for adult education and literacy activities under this part for a fiscal year is less than the amount made available for adult education and literacy activities under this part for the preceding fiscal year, then the fiscal effort per student and the aggregate

expenditures of an eligible agency required in order to avoid a reduction under paragraph (1)(B) shall be decreased by the same percentage as the percentage decrease in the amount so made available.

(4) Waiver

The Secretary may waive the requirements of this subsection for 1 fiscal year only, if the Secretary determines that a waiver would be equitable due to exceptional or uncontrollable circumstances, such as a natural disaster or an unforeseen and precipitous decline in the financial resources of the State or outlying area of the eligible agency. If the Secretary grants a waiver under the preceding sentence for a fiscal year, the level of effort required under paragraph (1) shall not be reduced in the subsequent fiscal year because of the waiver.

§9401. Purposes

The purposes of this chapter are—

(1) to increase the availability of voluntary programs, services, and activities that support early childhood development, increase parent effectiveness, and promote the learning readiness of young children so that young children enter school ready to learn;

(2) to support parents, child care providers, and caregivers who want to incorporate early learning activities into the daily lives of young children;

(3) to remove barriers to the provision of an accessible system of early childhood learning programs in communities throughout the United States;

(4) to increase the availability and affordability of professional development activities and compensation for caregivers and child care providers; and

(5) to facilitate the development of community-based systems of collaborative service delivery models characterized by resource sharing, linkages between appropriate supports, and local planning for services.

(Pub. L. 106–554, §1(a)(1) [title VIII, §802], Dec. 21, 2000, 114 Stat. 2763, 2763A–80.)

SHORT TITLE; FINDINGS

Pub. L. 106–554, §1(a)(1) [title VIII, §801], Dec. 21, 2000, 114 Stat. 2763, 2763A–79, provided that:

“(a) SHORT TITLE.—This title [enacting this chapter] may be cited as the ‘Early Learning Opportunities Act’.

“(b) FINDINGS.—Congress finds that—

“(1) medical research demonstrates that adequate stimulation of a young child's brain between birth and age 5 is critical to the physical development of the young child's brain;

“(2) parents are the most significant and effective teachers of their children, and they alone are responsible for choosing the best early learning opportunities for their child;

“(3) parent education and parent involvement are critical to the success of any early learning program or activity;

“(4) the more intensively parents are involved in their child's early learning, the greater the cognitive and noncognitive benefits to their children;

“(5) many parents have difficulty finding the information and support the parents seek to help their children grow to their full potential;

“(6) each day approximately 13,000,000 young children, including 6,000,000 infants or toddlers, spend some or all of their day being cared for by someone other than their parents;

“(7) quality early learning programs, including those designed to promote effective parenting, can increase the literacy rate, the secondary school graduation rate, the employment rate, and the college enrollment rate for children who have participated in voluntary early learning programs and activities;

“(8) early childhood interventions can yield substantial advantages to participants in terms of emotional and cognitive development, education, economic well-being, and health, with the latter two

advantages applying to the children's families as well;

“(9) participation in quality early learning programs, including those designed to promote effective parenting, can decrease the future incidence of teenage pregnancy, welfare dependency, at-risk behaviors, and juvenile delinquency for children;

“(10) several cost-benefit analysis studies indicate that for each \$1 invested in quality early learning programs, the Federal Government can save over \$5 by reducing the number of children and families who participate in Federal Government programs like special education and welfare;

“(11) for children placed in the care of others during the workday, the low salaries paid to the child care staff, the lack of career progression for the staff, and the lack of child development specialists involved in early learning and child care programs, make it difficult to attract and retain the quality of staff necessary for a positive early learning experience;

“(12) Federal Government support for early learning has primarily focused on out-of-home care programs like those established under the Head Start Act [42 U.S.C. 9831 et seq.], the Child Care and Development Block Grant [Act] of 1990 [42 U.S.C. 9858 et seq.], and part C of the Individuals with Disabilities Education Act [20 U.S.C. 1431 et seq.], and these programs—

“(A) serve far fewer than half of all eligible children;

“(B) are not primarily designed to provide support for parents who care for their young children in the home; and

“(C) lack a means of coordinating early learning opportunities in each community; and

“(13) by helping communities increase, expand, and better coordinate early learning opportunities for children and their families, the productivity and creativity of future generations will be improved, and the Nation will be prepared for continued leadership in the 21st century.”

For the purposes of this paragraph the term “facilities” includes the use of facilities, but the term “equipment” means donated equipment and not the use of equipment.

EX. ORD. NO. 13646. ESTABLISHING THE PRESIDENT'S ADVISORY COUNCIL ON FINANCIAL CAPABILITY FOR YOUNG AMERICANS

Ex. Ord. No. 13646, June 25, 2013, 78 F.R. 39159, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

SECTION 1. *Policy.* To contribute to the Nation's future financial stability and increase upward economic mobility, it is the policy of the Federal Government to promote financial capability among young Americans and encourage building the financial capability of young people at an early stage in schools, families,

communities, and the workplace. By starting early, young people can begin to learn the difference between wants and needs, the importance and power of saving, and the positive and productive role money can play in their lives. Having a basic understanding of money management from an early age will make our young people better equipped to tackle more complex financial decisions in their transition to adulthood, when critical decisions about financing higher education and saving for retirement can have lasting consequences for financial security. Strengthening the financial capability of our young people is an investment in our Nation's economic prosperity.

Financial capability is the capacity, based on knowledge, skills, and access, to manage financial resources prudently and effectively. Efforts to improve financial capability, which should be based on evidence of effectiveness, empower individuals to make informed choices, plan and set goals, avoid pitfalls, know where to seek help, and take other actions to better their present and long-term financial well-being.

SEC. 2. Establishment of the Council. There is established within the Department of the Treasury the President's Advisory Council on Financial Capability for Young Americans (Council).

SEC. 3. Membership and Operation of the Council. (a) The Council shall consist of:

(ii) not more than 22 members appointed by the President from among individuals not employed by the Federal Government.

(b) Members of the Council shall include individuals with demonstrated experience or clear commitment to improving the financial capability of young people, such as individuals working with youth-serving organizations; educators and education policy experts; business leaders and employers of young workers; State, tribal, and local government policy makers; financial services providers; and innovators in financial capability. The composition of the Council shall reflect the views of diverse stakeholders.

(c) The Secretary shall invite the Director of the Bureau of Consumer Financial Protection to participate as a member of the Council, to the extent consistent with the Bureau's statutory authorities and legal obligations.

(d) The President shall designate a Chair and a Vice Chair from among the members of the Council appointed pursuant to subsection (a)(ii) of this section.

(e) Subject to the direction of the Secretary, the Chair shall convene and preside at meetings of the Council, determine its agenda, direct its work, and, as appropriate to deal with particular subjects, establish and direct the work of subgroups of the Council that shall consist exclusively of members of the Council.

(f) The Vice Chair shall perform:

(i) the duties of the Chair when the position of Chair is vacant; and

(ii) such other functions as the Chair may from time to time assign.

SEC. 4. Functions of the Council. To assist in implementing the policy set forth in section 1 of this order, the Council shall:

(a) collect information and views concerning financial capability from:

(i) executive departments and agencies (agencies), including members of the Financial Literacy and Education Commission established under title V of the Fair and Accurate Credit Transactions Act of 2003 (20 U.S.C. 9702);

(ii) State, local, territorial, and tribal officials; and

(iii) financial capability innovators, educators and education policy experts, financial services providers, corporate leaders, and employers of young workers, as well as other experts;

(b) advise the President and the Secretary on means to effectively implement the policy set forth in section 1 of this order, including means to:

(i) build strong public-private partnerships between and among members of the Financial Literacy and Education Commission; other agencies; State, tribal, and local governments; and private entities to coordinate the use of high quality financial capability resources and practices in schools, families, communities, and elsewhere in order to build the financial capability of young Americans;

(ii) support ongoing research and evaluation of financial education and capability activities aimed at young people to determine and disseminate effective approaches;

(iii) effectively assess the financial capability, including both financial knowledge and financial behaviors, of young Americans;

(iv) identify and develop strategies to pilot financial capability approaches in schools and among young people that are likely to have significant effects on young Americans' financial capability, and determine ways to test and implement such innovations in a large-scale and sustainable manner;

(v) identify, develop, and measure the effectiveness of technology-driven approaches to promote financial capability among young people;

(vi) identify and test promising and tested approaches for increasing planning, saving, and investing for

retirement by young people; and

(vii) promote the importance of starting to plan and act early for financial success broadly among Americans through public awareness campaigns or other means;

(c) periodically report to the President, through the Secretary, on:

(i) progress made in implementing the policy set forth in section 1 of this order; and

(ii) recommended means to further implement the policy set forth in section 1 of this order, including with respect to the matters set forth in subsection (b) of this section; and

(d) where appropriate in providing advice and recommendations, take into consideration the particular needs of traditionally underserved populations—including women and minorities.

SEC. 5. *Administration of the Council.* (a) To the extent permitted by law, the Department of the Treasury shall provide funding and administrative support for the Council, as determined by the Secretary, to implement this order.

(e) The Secretary shall designate an official within the Department of the Treasury to serve as an Executive Director to supervise the administrative support for the Council.

SEC. 6. *Termination of the Council.* Unless extended by the President, the Council shall terminate 2 years after the date of this order.

SEC. 7. *General Provisions.* (a) Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.) (the “Act”), may apply to the Council, any functions of the President under the Act, except for that of reporting to the Congress, shall be performed by the Secretary in accordance with the guidelines issued by the Administrator of General Services.

(b) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department, agency, or the head thereof, or the status of that department or agency within the Federal Government; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.
