§1098bb. Waiver authority for response to military contingencies and national emergencies

(a) Waivers and modifications

(1) In general

Notwithstanding any other provision of law, unless enacted with specific reference to this section, the Secretary of Education (referred to in this part as the “Secretary”) may waive or modify any statutory or regulatory provision applicable to the student financial assistance programs under title IV of the Act [20 U.S.C. 1070 et seq., 42 U.S.C. 2751 et seq.] as the Secretary deems necessary in connection with a war or other military operation or national emergency to provide the waivers or modifications authorized by paragraph (2).

(2) Actions authorized

The Secretary is authorized to waive or modify any provision described in paragraph (1) as may be necessary to ensure that—

(A) recipients of student financial assistance under title IV of the Act who are affected individuals are not placed in a worse position financially in relation to that financial assistance because of their status as affected individuals;

(B) administrative requirements placed on affected individuals who are recipients of student financial assistance are minimized, to the extent possible without impairing the integrity of the student financial assistance programs, to ease the burden on such students and avoid inadvertent, technical violations or defaults;

(C) the calculation of “annual adjusted family income” and “available income”, as used in the determination of need for student financial assistance under title IV of the Act for any such affected individual (and the determination of such need for his or her spouse and dependents, if applicable), may be modified to mean the sums received in the first calendar year of the award year for which such determination is made, in order to reflect more accurately the financial condition of such affected individual and his or her family;

(D) the calculation under section 484B(b)(2) of the Act (20 U.S.C. 1091b(b)(2)) of the amount a student is required to return in the case of an affected individual may be modified so

that no overpayment will be required to be returned or repaid if the institution has documented (i) the student's status as an affected individual in the student's file, and (ii) the amount of any overpayment discharged; and

(E) institutions of higher education, eligible lenders, guaranty agencies, and other entities participating in the student assistance programs under title IV of the Act that are located in areas that are declared disaster areas by any Federal, State or local official in connection with a national emergency, or whose operations are significantly affected by such a disaster, may be granted temporary relief from requirements that are rendered infeasible or unreasonable by a national emergency, including due diligence requirements and reporting deadlines.

(b) Notice of waivers or modifications

(1) In general

Notwithstanding section 1232 of this title and section 553 of title 5, the Secretary shall, by notice in the Federal Register, publish the waivers or modifications of statutory and regulatory provisions the Secretary deems necessary to achieve the purposes of this section.

The Secretary is not required to exercise the waiver or modification authority under this section on a case-by-case basis.

(c) Impact report

The Secretary shall, not later than 15 months after first exercising any authority to issue a waiver or modification under subsection (a), report to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor and Pensions of the Senate on the impact of any waivers or modifications issued pursuant to subsection (a) on affected individuals and the programs under title IV of the Act [20 U.S.C. 1070 et seq., 42 U.S.C. 2751 et seq.], and the basis for such determination, and include in such report the Secretary's recommendations for changes to the statutory or regulatory provisions that were the subject of such waiver or modification.

(d) No delay in waivers and modifications

Sections 482(c) and 492 of the Higher Education Act of 1965 (20 U.S.C. 1089(c), 1098a) shall not apply to the waivers and modifications authorized or required by this part.

§1099b. Recognition of accrediting agency or association

(a) Criteria required

No accrediting agency or association may be determined by the Secretary to be a reliable authority as to the quality of education or training offered for the purposes of this chapter and part C of subchapter I of chapter 34 of title 42 or for other Federal purposes, unless the agency or association meets criteria established by the Secretary pursuant to this section. The Secretary shall, after notice and opportunity for a hearing, establish criteria for such determinations. Such criteria shall include an appropriate measure or measures of student achievement. Such criteria shall require that—

(1) the accrediting agency or association shall be a State, regional, or national agency or

association and shall demonstrate the ability and the experience to operate as an accrediting agency or association within the State, region, or nationally, as appropriate;

(2) such agency or association—

(A)(i) for the purpose of participation in programs under this chapter and part C of subchapter I of chapter 34 of title 42, has a voluntary membership of institutions of higher education and has as a principal purpose the accrediting of institutions of higher education; or

(ii) for the purpose of participation in other programs administered by the Department of Education or other Federal agencies, has a voluntary membership and has as its principal purpose the accrediting of institutions of higher education or programs;

(B) is a State agency approved by the Secretary for the purpose described in subparagraph (A); or

(C) is an agency or association that, for the purpose of determining eligibility for student assistance under this subchapter and part C of subchapter I of chapter 34 of title 42, conducts accreditation through (i) a voluntary membership organization of individuals participating in a profession, or (ii) an agency or association which has as its principal purpose the accreditation of programs within institutions, which institutions are accredited by another agency or association recognized by the Secretary;

(3) if such agency or association is an agency or association described in—

(A) subparagraph (A)(i) of paragraph (2), then such agency or association is separate and independent, both administratively and financially of any related, associated, or affiliated trade association or membership organization;

(B) subparagraph (B) of paragraph (2), then such agency or association has been recognized by the Secretary on or before October 1, 1991; or

(C) subparagraph (C) of paragraph (2) and such agency or association has been recognized by the Secretary on or before October 1, 1991, then the Secretary may waive the requirement that such agency or association is separate and independent, both administratively and financially of any related, associated, or affiliated trade association or membership organization upon a demonstration that the existing relationship has not served to compromise the independence of its accreditation process;

(4)(A) such agency or association consistently applies and enforces standards that respect the stated mission of the institution of higher education, including religious missions, and that ensure that the courses or programs of instruction, training, or study offered by the institution of higher education, including distance education or correspondence courses or programs, are of sufficient quality to achieve, for the duration of the accreditation period, the stated objective for which the courses or the programs are offered; and

(B) if such agency or association has or seeks to include within its scope of recognition the evaluation of the quality of institutions or programs offering distance education or correspondence education, such agency or association shall, in addition to meeting the other requirements of this subpart, demonstrate to the Secretary that—

(i) the agency or association's standards effectively address the quality of an institution's distance education or correspondence education in the areas identified in paragraph (5), except that—

(I) the agency or association shall not be required to have separate standards, procedures, or policies for the evaluation of distance education or correspondence education institutions or programs in order to meet the requirements of this subparagraph; and

(II) in the case that the agency or association is recognized by the Secretary, the agency or association shall not be required to obtain the approval of the Secretary to expand its scope of accreditation to include distance education or correspondence education, provided that the agency or association notifies the Secretary in writing of the change in scope; and

(ii) the agency or association requires an institution that offers distance education or

correspondence education to have processes through which the institution establishes that the student who registers in a distance education or correspondence education course or program is the same student who participates in and completes the program and receives the academic credit;

(5) the standards for accreditation of the agency or association assess the institution's—

(A) success with respect to student achievement in relation to the institution's mission, which may include different standards for different institutions or programs, as established by the institution, including, as appropriate, consideration of State licensing examinations, consideration of course completion, and job placement rates;

(B) curricula;

(C) faculty;

(D) facilities, equipment, and supplies;

(E) fiscal and administrative capacity as appropriate to the specified scale of operations;

(F) student support services;

(G) recruiting and admissions practices, academic calendars, catalogs, publications, grading and advertising;

(H) measures of program length and the objectives of the degrees or credentials offered;

(I) record of student complaints received by, or available to, the agency or association; and

(J) record of compliance with its program responsibilities under this subchapter and part C of subchapter I of chapter 34 of title 42 based on the most recent student loan default rate data provided by the Secretary, the results of financial or compliance audits, program reviews, and such other information as the Secretary may provide to the agency or association;

except that subparagraphs (A), (H), and (J) shall not apply to agencies or associations described in paragraph (2)(A)(ii) of this subsection;

(6) such an agency or association shall establish and apply review procedures throughout the accrediting process, including evaluation and withdrawal proceedings, which comply with due process procedures that provide—

(A) for adequate written specification of—

(i) requirements, including clear standards for an institution of higher education or program to be accredited; and

(ii) identified deficiencies at the institution or program examined;

(B) for sufficient opportunity for a written response, by an institution or program, regarding any deficiencies identified by the agency or association to be considered by the agency or association—

(i) within a timeframe determined by the agency or association; and

(ii) prior to final action in the evaluation and withdrawal proceedings;

(C) upon the written request of an institution or program, for an opportunity for the institution or program to appeal any adverse action under this section, including denial, withdrawal, suspension, or termination of accreditation, taken against the institution or program, prior to such action becoming final at a hearing before an appeals panel that—

(i) shall not include current members of the agency's or association's underlying decisionmaking body that made the adverse decision; and

(ii) is subject to a conflict of interest policy;

(D) for the right to representation and participation by counsel for an institution or program during an appeal of the adverse action;

(E) for a process, in accordance with written procedures developed by the agency or association, through which an institution or program, before a final adverse action based solely upon a failure to meet a standard or criterion pertaining to finances, may on one occasion seek

review of significant financial information that was unavailable to the institution or program prior to the determination of the adverse action, and that bears materially on the financial deficiencies identified by the agency or association;

(F) in the case that the agency or association determines that the new financial information submitted by the institution or program under subparagraph (E) meets the criteria of significance and materiality described in such subparagraph, for consideration by the agency or association of the new financial information prior to the adverse action described in such subparagraph becoming final; and

(G) that any determination by the agency or association made with respect to the new financial information described in subparagraph (E) shall not be separately appealable by the institution or program;

(7) such agency or association shall notify the Secretary and the appropriate State licensing or authorizing agency within 30 days of the accreditation of an institution or any final denial, withdrawal, suspension, or termination of accreditation or placement on probation of an institution, together with any other adverse action taken with respect to an institution; and

(8) such agency or association shall make available to the public, upon request, and to the Secretary, and the State licensing or authorizing agency a summary of any review resulting in a final accrediting decision involving denial, termination, or suspension of accreditation, together with the comments of the affected institution.

(b) “Separate and independent” defined

For the purpose of subsection (a)(3) of this section, the term “separate and independent” means that—

(1) the members of the postsecondary education governing body of the accrediting agency or association are not elected or selected by the board or chief executive officer of any related, associated, or affiliated trade association or membership organization;

(2) among the membership of the board of the accrediting agency or association there shall be one public member (who is not a member of any related trade or membership organization) for each six members of the board, with a minimum of one such public member, and guidelines are established for such members to avoid conflicts of interest;

(3) dues to the accrediting agency or association are paid separately from any dues paid to any related, associated, or affiliated trade association or membership organization; and

(4) the budget of the accrediting agency or association is developed and determined by the accrediting agency or association without review or resort to consultation with any other entity or organization.

(c) Operating procedures required

No accrediting agency or association may be recognized by the Secretary as a reliable authority as to the quality of education or training offered by an institution seeking to participate in the programs authorized under this subchapter and part C of subchapter I of chapter 34 of title 42, unless the agency or association—

(1) performs, at regularly established intervals, on-site inspections and reviews of institutions of higher education (which may include unannounced site visits) with particular focus on educational quality and program effectiveness, and ensures that accreditation team members are well-trained and knowledgeable with respect to their responsibilities, including those regarding distance education;

(2) monitors the growth of programs at institutions that are experiencing significant enrollment growth;

(3) requires an institution to submit for approval to the accrediting agency a teach-out plan upon the occurrence of any of the following events:

(6) requires that teach-out agreements among institutions are subject to approval by the accrediting agency or association consistent with standards promulgated by such agency or association;

(7) makes available to the public and the State licensing or authorizing agency, and submits to the Secretary, a summary of agency or association actions, including—

(A) the award of accreditation or reaccreditation of an institution;

(B) final denial, withdrawal, suspension, or termination of accreditation of an institution, and any findings made in connection with the action taken, together with the official comments of the affected institution; and

(C) any other adverse action taken with respect to an institution or placement on probation of an institution;

(A) that are publicly disclosed; and

(B) that include a statement of the criteria established by the institution regarding the transfer of credit earned at another institution of higher education.

(d) Length of recognition

No accrediting agency or association may be recognized by the Secretary for the purpose of this chapter and part C of subchapter I of chapter 34 of title 42 for a period of more than 5 years.

(e) Initial arbitration rule

The Secretary may not recognize the accreditation of any institution of higher education unless the institution of higher education agrees to submit any dispute involving the final denial, withdrawal, or termination of accreditation to initial arbitration prior to any other legal action.

(f) Jurisdiction

Notwithstanding any other provision of law, any civil action brought by an institution of higher education seeking accreditation from, or accredited by, an accrediting agency or association recognized by the Secretary for the purpose of this subchapter and part C of subchapter I of chapter 34 of title 42 and involving the denial, withdrawal, or termination of accreditation of the institution of higher education, shall be brought in the appropriate United States district court.

(g) Limitation on scope of criteria

Nothing in this chapter and part C of subchapter I of chapter 34 of title 42 shall be construed to permit the Secretary to establish criteria for accrediting agencies or associations that are not required by this section. Nothing in this chapter and part C of subchapter I of chapter 34 of title 42 shall be construed to prohibit or limit any accrediting agency or association from adopting additional standards not provided for in this section. Nothing in this section shall be construed to permit the Secretary to establish any criteria that specifies, defines, or prescribes the standards that accrediting agencies or associations shall use to assess any institution's success with respect to student achievement.

(h) Change of accrediting agency

The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is in the process of changing its accrediting agency or association, unless the eligible institution submits to the Secretary all materials relating to the prior accreditation, including materials demonstrating reasonable cause for changing the accrediting agency or association.

(i) Dual accreditation rule

The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is accredited, as an institution, by more than one accrediting agency or association, unless the institution submits to each such agency and association and to the Secretary the reasons for accreditation by more than one such agency or association and demonstrates to the Secretary reasonable cause for its accreditation by more than one agency or association. If the institution is accredited, as an institution, by more than one accrediting agency or association, the institution shall designate which agency's accreditation shall be utilized in determining the institution's eligibility for programs under this chapter and part C of subchapter I of chapter 34 of title 42.

(j) Impact of loss of accreditation

An institution may not be certified or recertified as an institution of higher education under section 1002 of this title and subpart 3 of this part or participate in any of the other programs authorized by this chapter and part C of subchapter I of chapter 34 of title 42 if such institution—

- (1) is not currently accredited by any agency or association recognized by the Secretary;

- (3) has withdrawn from accreditation voluntarily under a show cause or suspension order during the preceding 24 months, unless such order has been rescinded by the same accrediting agency.

(k) Religious institution rule

Notwithstanding subsection (j) of this section, the Secretary shall allow an institution that has had its accreditation withdrawn, revoked, or otherwise terminated, or has voluntarily withdrawn from an accreditation agency, to remain certified as an institution of higher education under section 1002 of this title and subpart 3 of this part for a period sufficient to allow such institution to obtain alternative accreditation, if the Secretary determines that the reason for the withdrawal, revocation, or termination—

- (1) is related to the religious mission or affiliation of the institution; and
- (2) is not related to the accreditation criteria provided for in this section.

(l) Limitation, suspension, or termination of recognition

(1) If the Secretary determines that an accrediting agency or association has failed to apply effectively the criteria in this section, or is otherwise not in compliance with the requirements of this section, the Secretary shall—

- (A) after notice and opportunity for a hearing, limit, suspend, or terminate the recognition of the agency or association; or
- (B) require the agency or association to take appropriate action to bring the agency or association into compliance with such requirements within a timeframe specified by the Secretary, except that—
 - (i) such timeframe shall not exceed 12 months unless the Secretary extends such period for good cause; and
 - (ii) if the agency or association fails to bring the agency or association into compliance within such timeframe, the Secretary shall, after notice and opportunity for a hearing, limit, suspend, or terminate the recognition of the agency or association.

- (2) The Secretary may determine that an accrediting agency or association has failed to apply

effectively the standards provided in this section if an institution of higher education seeks and receives accreditation from the accrediting agency or association during any period in which the institution is the subject of any interim action by another accrediting agency or association, described in paragraph (2)(A)(i), (2)(B), or (2)(C) of subsection (a) of this section, leading to the suspension, revocation, or termination of accreditation or the institution has been notified of the threatened loss of accreditation, and the due process procedures required by such suspension, revocation, termination, or threatened loss have not been completed.

(m) Limitation on Secretary's authority

The Secretary may only recognize accrediting agencies or associations which accredit institutions of higher education for the purpose of enabling such institutions to establish eligibility to participate in the programs under this chapter and part C of subchapter I of chapter 34 of title 42 or which accredit institutions of higher education or higher education programs for the purpose of enabling them to establish eligibility to participate in other programs administered by the Department of Education or other Federal agencies.

(n) Independent evaluation

(1) The Secretary shall conduct a comprehensive review and evaluation of the performance of all accrediting agencies or associations which seek recognition by the Secretary in order to determine whether such accrediting agencies or associations meet the criteria established by this section. The Secretary shall conduct an independent evaluation of the information provided by such agency or association. Such evaluation shall include—

(A) the solicitation of third-party information concerning the performance of the accrediting agency or association; and

(B) site visits, including unannounced site visits as appropriate, at accrediting agencies and associations, and, at the Secretary's discretion, at representative member institutions.

(2) The Secretary shall place a priority for review of accrediting agencies or associations on those agencies or associations that accredit institutions of higher education that participate most extensively in the programs authorized by this subchapter and part C of subchapter I of chapter 34 of title 42 and on those agencies or associations which have been the subject of the most complaints or legal actions.

(3) The Secretary shall consider all available relevant information concerning the compliance of the accrediting agency or association with the criteria provided for in this section, including any complaints or legal actions against such agency or association. In cases where deficiencies in the performance of an accreditation agency or association with respect to the requirements of this section are noted, the Secretary shall take these deficiencies into account in the recognition process. The Secretary shall not, under any circumstances, base decisions on the recognition or denial of recognition of accreditation agencies or associations on criteria other than those contained in this section. When the Secretary decides to recognize an accrediting agency or association, the Secretary shall determine the agency or association's scope of recognition. If the agency or association reviews institutions offering distance education courses or programs and the Secretary determines that the agency or association meets the requirements of this section, then the agency shall be recognized and the scope of recognition shall include accreditation of institutions offering distance education courses or programs.

(4) The Secretary shall maintain sufficient documentation to support the conclusions reached in the recognition process, and, if the Secretary does not recognize any accreditation agency or association, shall make publicly available the reason for denying recognition, including reference to the specific criteria under this section which have not been fulfilled.

(o) Regulations

The Secretary shall by regulation provide procedures for the recognition of accrediting agencies or associations and for the appeal of the Secretary's decisions. Notwithstanding any other provision of law, the Secretary shall not promulgate any regulation with respect to the standards of an

accreditation agency or association described in subsection (a)(5).

(p) Rule of construction

Nothing in subsection (a)(5) shall be construed to restrict the ability of—

(1) an accrediting agency or association to set, with the involvement of its members, and to apply, accreditation standards for or to institutions or programs that seek review by the agency or association; or

(2) an institution to develop and use institutional standards to show its success with respect to student achievement, which achievement may be considered as part of any accreditation review.

(q) Review of scope changes

The Secretary shall require a review, at the next available meeting of the National Advisory Committee on Institutional Quality and Integrity, of any change in scope undertaken by an agency or association under subsection (a)(4)(B)(i)(II) if the enrollment of an institution that offers distance education or correspondence education that is accredited by such agency or association increases by 50 percent or more within any one institutional fiscal year.

SUBPART 3—ELIGIBILITY AND CERTIFICATION PROCEDURES

§1099c. Eligibility and certification procedures

(a) General requirement

For purposes of qualifying institutions of higher education for participation in programs under this subchapter and part C of subchapter I of chapter 34 of title 42, the Secretary shall determine the legal authority to operate within a State, the accreditation status, and the administrative capability and financial responsibility of an institution of higher education in accordance with the requirements of this section.

(b) Single application form

The Secretary shall prepare and prescribe a single application form which—

(1) requires sufficient information and documentation to determine that the requirements of eligibility, accreditation, financial responsibility, and administrative capability of the institution of higher education are met;

(2) requires a specific description of the relationship between a main campus of an institution of higher education and all of its branches, including a description of the student aid processing that is performed by the main campus and that which is performed at its branches;

(3) requires—

(A) a description of the third party servicers of an institution of higher education; and

(B) the institution to maintain a copy of any contract with a financial aid service provider or loan servicer, and provide a copy of any such contract to the Secretary upon request;

(4) requires such other information as the Secretary determines will ensure compliance with the requirements of this subchapter and part C of subchapter I of chapter 34 of title 42 with respect to eligibility, accreditation, administrative capability and financial responsibility; and

(5) provides, at the option of the institution, for participation in one or more of the programs under part B or C of this subchapter.

(c) Financial responsibility standards

(1) The Secretary shall determine whether an institution has the financial responsibility required by this subchapter and part C of subchapter I of chapter 34 of title 42 on the basis of whether the institution is able—

(A) to provide the services described in its official publications and statements;

(B) to provide the administrative resources necessary to comply with the requirements of this subchapter and part C of subchapter I of chapter 34 of title 42; and

(C) to meet all of its financial obligations, including (but not limited to) refunds of institutional charges and repayments to the Secretary for liabilities and debts incurred in programs administered by the Secretary.

(2) Notwithstanding paragraph (1), if an institution fails to meet criteria prescribed by the Secretary regarding ratios that demonstrate financial responsibility, then the institution shall provide the Secretary with satisfactory evidence of its financial responsibility in accordance with paragraph (3). Such criteria shall take into account any differences in generally accepted accounting principles, and the financial statements required thereunder, that are applicable to for-profit, public, and nonprofit institutions. The Secretary shall take into account an institution's total financial circumstances in making a determination of its ability to meet the standards herein required.

(3) The Secretary shall determine an institution to be financially responsible, notwithstanding the institution's failure to meet the criteria under paragraphs (1) and (2), if—

(A) such institution submits to the Secretary third-party financial guarantees that the Secretary determines are reasonable, such as performance bonds or letters of credit payable to the Secretary, which third-party financial guarantees shall equal not less than one-half of the annual potential liabilities of such institution to the Secretary for funds under this subchapter and part C of subchapter I of chapter 34 of title 42, including loan obligations discharged pursuant to section 1087 of this title, and to students for refunds of institutional charges, including funds under this subchapter and part C of subchapter I of chapter 34 of title 42;

(B) such institution has its liabilities backed by the full faith and credit of a State, or its equivalent;

(C) such institution establishes to the satisfaction of the Secretary, with the support of a financial statement audited by an independent certified public accountant in accordance with generally accepted auditing standards, that the institution has sufficient resources to ensure against

the precipitous closure of the institution, including the ability to meet all of its financial obligations (including refunds of institutional charges and repayments to the Secretary for liabilities and debts incurred in programs administered by the Secretary); or

(D) such institution has met standards of financial responsibility, prescribed by the Secretary by regulation, that indicate a level of financial strength not less than those required in paragraph (2).

(4) If an institution of higher education that provides a 2-year or 4-year program of instruction for which the institution awards an associate or baccalaureate degree fails to meet the criteria imposed by the Secretary pursuant to paragraph (2), the Secretary shall waive that particular requirement for that institution if the institution demonstrates to the satisfaction of the Secretary that—

(A) there is no reasonable doubt as to its continued solvency and ability to deliver quality educational services;

(B) it is current in its payment of all current liabilities, including student refunds, repayments to the Secretary, payroll, and payment of trade creditors and withholding taxes; and

(C) it has substantial equity in school-occupied facilities, the acquisition of which was the direct cause of its failure to meet the criteria.

(5) The determination as to whether an institution has met the standards of financial responsibility provided for in paragraphs (2) and (3)(C) shall be based on an audited and certified financial statement of the institution. Such audit shall be conducted by a qualified independent organization or person in accordance with standards established by the American Institute of Certified Public Accountants. Such statement shall be submitted to the Secretary at the time such institution is considered for certification or recertification under this section. If the institution is permitted to be certified (provisionally or otherwise) and such audit does not establish compliance with paragraph (2), the Secretary may require that additional audits be submitted.

(6)(A) The Secretary shall establish requirements for the maintenance by an institution of higher education of sufficient cash reserves to ensure repayment of any required refunds.

(B) The Secretary shall provide for a process under which the Secretary shall exempt an institution of higher education from the requirements described in subparagraph (A) if the Secretary determines that the institution—

(i) is located in a State that has a tuition recovery fund that ensures that the institution meets the requirements of subparagraph (A);

(ii) contributes to the fund; and

(iii) otherwise has legal authority to operate within the State.

(d) Administrative capacity standard

The Secretary is authorized—

(1) to establish procedures and requirements relating to the administrative capacities of institutions of higher education, including—

(A) consideration of past performance of institutions or persons in control of such institutions with respect to student aid programs; and

(B) maintenance of records; and

(2) to establish such other reasonable procedures as the Secretary determines will contribute to ensuring that the institution of higher education will comply with administrative capability required by this subchapter and part C of subchapter I of chapter 34 of title 42.

(e) Financial guarantees from owners

(1) Notwithstanding any other provision of law, the Secretary may, to the extent necessary to protect the financial interest of the United States, require—

(A) financial guarantees from an institution participating, or seeking to participate, in a program under this subchapter and part C of subchapter I of chapter 34 of title 42, or from one or more individuals who the Secretary determines, in accordance with paragraph (2), exercise substantial control over such institution, or both, in an amount determined by the Secretary to be sufficient to

satisfy the institution's potential liability to the Federal Government, student assistance recipients, and other program participants for funds under this subchapter and part C of subchapter I of chapter 34 of title 42; and

(B) the assumption of personal liability, by one or more individuals who exercise substantial control over such institution, as determined by the Secretary in accordance with paragraph (2), for financial losses to the Federal Government, student assistance recipients, and other program participants for funds under this subchapter and part C of subchapter I of chapter 34 of title 42, and civil and criminal monetary penalties authorized under this subchapter and part C of subchapter I of chapter 34 of title 42.

(2)(A) The Secretary may determine that an individual exercises substantial control over one or more institutions participating in a program under this subchapter and part C of subchapter I of chapter 34 of title 42 if the Secretary determines that—

- (i) the individual directly or indirectly controls a substantial ownership interest in the institution;
- (ii) the individual, either alone or together with other individuals, represents, under a voting trust, power of attorney, proxy, or similar agreement, one or more persons who have, individually or in combination with the other persons represented or the individual representing them, a substantial ownership interest in the institution; or
- (iii) the individual is a member of the board of directors, the chief executive officer, or other executive officer of the institution or of an entity that holds a substantial ownership interest in the institution.

(B) The Secretary may determine that an entity exercises substantial control over one or more institutions participating in a program under this subchapter and part C of subchapter I of chapter 34 of title 42 if the Secretary determines that the entity directly or indirectly holds a substantial ownership interest in the institution.

(3) For purposes of this subsection, an ownership interest is defined as a share of the legal or beneficial ownership or control of, or a right to share in the proceeds of the operation of, an institution or institution's parent corporation. An ownership interest may include, but is not limited to—

- (A) a sole proprietorship;
- (B) an interest as a tenant-in-common, joint tenant, or tenant by the entireties;
- (C) a partnership; or
- (D) an interest in a trust.

(4) The Secretary shall not impose the requirements described in subparagraphs (A) and (B) of paragraph (1) on an institution that—

- (A) has not been subjected to a limitation, suspension, or termination action by the Secretary or a guaranty agency within the preceding 5 years;
- (B) has not had, during its 2 most recent audits of the institutions conduct of programs under this subchapter and part C of subchapter I of chapter 34 of title 42, an audit finding that resulted in the institution being required to repay an amount greater than 5 percent of the funds the institution received from programs under this subchapter and part C of subchapter I of chapter 34 of title 42 for any year;
- (C) meets and has met, for the preceding 5 years, the financial responsibility standards under subsection (c) of this section; and
- (D) has not been cited during the preceding 5 years for failure to submit audits required under this subchapter and part C of subchapter I of chapter 34 of title 42 in a timely fashion.

(5) For purposes of section 1094(c)(1)(G) of this title, this section shall also apply to individuals or organizations that contract with an institution to administer any aspect of an institution's student assistance program under this subchapter and part C of subchapter I of chapter 34 of title 42.

(6) Notwithstanding any other provision of law, any individual who—

(A) the Secretary determines, in accordance with paragraph (2), exercises substantial control over an institution participating in, or seeking to participate in, a program under this subchapter and part C of subchapter I of chapter 34 of title 42;

(B) is required to pay, on behalf of a student or borrower, a refund of unearned institutional charges to a lender, or to the Secretary; and

(C) willfully fails to pay such refund or willfully attempts in any manner to evade payment of such refund,

shall, in addition to other penalties provided by law, be liable to the Secretary for the amount of the refund not paid, to the same extent with respect to such refund that such an individual would be liable as a responsible person for a penalty under section 6672(a) of title 26 with respect to the nonpayment of taxes.

(f) Actions on applications and site visits

The Secretary shall ensure that prompt action is taken by the Department on any application required under subsection (b) of this section. The personnel of the Department of Education may conduct a site visit at each institution before certifying or recertifying its eligibility for purposes of any program under this subchapter and part C of subchapter I of chapter 34 of title 42. The Secretary shall establish priorities by which institutions are to receive site visits, and shall, to the extent practicable, coordinate such visits with site visits by States, guaranty agencies, and accrediting bodies in order to eliminate duplication, and reduce administrative burden.

(g) Time limitations on, and renewal of, eligibility

(h) Provisional certification of institutional eligibility

(1) Notwithstanding subsections (d) and (g) of this section, the Secretary may provisionally certify an institution's eligibility to participate in programs under this subchapter and part C of subchapter I of chapter 34 of title 42—

(A) for not more than one complete award year in the case of an institution of higher education seeking an initial certification; and

(B) for not more than 3 complete award years if—

(i) the institution's administrative capability and financial responsibility is being determined for the first time;

(ii) there is a complete or partial change of ownership, as defined under subsection (i) of this section, of an eligible institution; or

(iii) the Secretary determines that an institution that seeks to renew its certification is, in the judgment of the Secretary, in an administrative or financial condition that may jeopardize its ability to perform its financial responsibilities under a program participation agreement.

(2) Whenever the Secretary withdraws the recognition of any accrediting agency, an institution of higher education which meets the requirements of accreditation, eligibility, and certification on the day prior to such withdrawal, the Secretary may, notwithstanding the withdrawal, continue the eligibility of the institution of higher education to participate in the programs authorized by this subchapter and part C of subchapter I of chapter 34 of title 42 for a period not to exceed 18 months from the date of the withdrawal of recognition.

(3) If, prior to the end of a period of provisional certification under this subsection, the Secretary determines that the institution is unable to meet its responsibilities under its program participation agreement, the Secretary may terminate the institution's participation in programs under this subchapter and part C of subchapter I of chapter 34 of title 42.

(i) Treatment of changes of ownership

(1) An eligible institution of higher education that has had a change in ownership resulting in a change of control shall not qualify to participate in programs under this subchapter and part C of subchapter I of chapter 34 of title 42 after the change in control (except as provided in paragraph (3)) unless it establishes that it meets the requirements of section 1002 of this title (other than the requirements in subsections (b)(5) and (c)(3) ¹) and this section after such change in control.

(2) An action resulting in a change in control may include (but is not limited to)—

(4)(A) The Secretary may provisionally certify an institution seeking approval of a change in ownership based on the preliminary review by the Secretary of a materially complete application that is received by the Secretary within 10 business days of the transaction for which the approval is sought.

(B) A provisional certification under this paragraph shall expire not later than the end of the month following the month in which the transaction occurred, except that if the Secretary has not issued a decision on the application for the change of ownership within that period, the Secretary may continue such provisional certification on a month-to-month basis until such decision has been issued.

(j) Treatment of branches

(1) A branch of an eligible institution of higher education, as defined pursuant to regulations of the Secretary, shall be certified under this subpart before it may participate as part of such institution in a program under this subchapter and part C of subchapter I of chapter 34 of title 42, except that such branch shall not be required to meet the requirements of sections 1002(b)(1)(E) and 1002(c)(1)(C) of this title prior to seeking such certification. Such branch is required to be in existence at least 2 years after the branch is certified by the Secretary as a branch campus participating in a program under this subchapter and part C of subchapter I of chapter 34 of title 42, prior to seeking certification as a main campus or free-standing institution.

(2) The Secretary may waive the requirement of section 1001(a)(2) of this title for a branch that (A) is not located in a State, (B) is affiliated with an eligible institution, and (C) was participating in one or more programs under this subchapter and part C of subchapter I of chapter 34 of title 42 on or

before January 1, 1992.

(1) In general

A location of a closed institution of higher education shall be eligible as an additional location of an eligible institution of higher education, as defined pursuant to regulations of the Secretary, for the purposes of a teach-out described in section 1094(f) of this title, if such teach-out has been approved by the institution's accrediting agency.

(2) Special rule

During the period beginning on September 27, 2007, and ending on June 30, 2009, the Secretary shall plan and implement the pilot program under this subsection. During the planning and implementation, the Secretary shall consult with other Federal agencies with knowledge of, and experience with, auction programs, including the Federal Communication Commission and the Department of the Treasury.

(2) Origination and disbursement; applicability of section 1078–2

Beginning on July 1, 2009, the Secretary shall arrange for the origination and disbursement of all eligible Federal PLUS Loans in accordance with the provisions of this subsection and the provisions of section 1078–2 of this title that are not inconsistent with this subsection.

(3) Loan origination mechanism

The Secretary shall establish a loan origination auction mechanism that meets the following requirements:

(A) Auction for each State

The Secretary administers an auction under this paragraph for each State, under which eligible lenders compete to originate eligible Federal PLUS Loans under this paragraph at all institutions of higher education within such State.

(B) Prequalification process

The Secretary establishes a prequalification process for eligible lenders desiring to participate in an auction under this paragraph that contains, at a minimum—

- (i) a set of borrower benefits and servicing requirements each eligible lender shall meet in order to participate in such an auction;
- (ii) an assessment of each such eligible lender's capacity, including capital capacity, to participate effectively; and
- (iii) a commitment from such eligible lender that, if the lender has a winning bid under subparagraph (F), the lender will enter into the agreement required under subparagraph (G).

(C) Timing and origination

Each State auction takes place every 2 years, and the eligible lenders with the winning bids for the State are the only eligible lenders permitted to originate eligible Federal PLUS Loans made under this paragraph for the cohort of students at the institutions of higher education within the State until the students graduate from or leave the institutions of higher education.

(D) Bids

Each eligible lender's bid consists of the amount of the special allowance payment (after the application of section 1087–1(b)(2)(I)(v) of this title) the eligible lender proposes to accept from the Secretary with respect to the eligible Federal PLUS Loans made under this paragraph in lieu of the amount determined under section 1087–1(b)(2)(I) of this title.

(E) Maximum bid

The maximum bid allowable under this paragraph shall not exceed the amount of the special allowance payable on eligible Federal PLUS Loans made under this paragraph computed under section 1087–1(b)(2)(I) of this title (other than clauses (ii), (iii), (iv), and (vi) of such section), except that for purposes of the computation under this subparagraph, section 1087–1(b)(2)(I)(i)(III) of this title shall be applied by substituting “1.79 percent” for “2.34 percent”.

(F) Winning bids

The winning bids for each State auction shall be the 2 bids containing the lowest and the second lowest proposed special allowance payments, subject to subparagraph (E).

(G) Agreement with Secretary; compliance

(i) Agreement

Each eligible lender having a winning bid under subparagraph (F) shall enter into an agreement with the Secretary under which the eligible lender—

(I) agrees to originate eligible Federal PLUS Loans under this paragraph to each borrower who—

(aa) seeks an eligible Federal PLUS Loan under this paragraph to enable a dependent student to attend an institution of higher education within the State;

(bb) is eligible for an eligible Federal PLUS Loan; and

(cc) elects to borrow from the eligible lender; and

(II) agrees to accept a special allowance payment (after the application of section 1087–1(b)(2)(I)(v) of this title) from the Secretary with respect to the eligible Federal PLUS Loans originated under subclause (I) in the amount proposed in the second lowest winning bid described in subparagraph (F) for the applicable State auction.

(ii) Compliance

If an eligible lender with a winning bid under subparagraph (F) fails to enter into the agreement required under clause (i), or fails to comply with the terms of such agreement, the Secretary may sanction such eligible lender through one or more of the following:

(I) The assessment of a penalty on such eligible lender for any eligible Federal PLUS Loans that such eligible lender fails to originate under this paragraph in accordance with the agreement required under clause (i), in the amount of the additional costs (including the amounts of any increase in special allowance payments) incurred by the Secretary in obtaining another eligible lender to originate such eligible Federal PLUS Loans. The Secretary shall collect such penalty by—

(aa) reducing the amount of any payments otherwise due to such eligible lender from the Secretary by the amount of the penalty; or

(bb) requesting any other Federal agency to reduce the amount of any payments due to such eligible lender from such agency by the amount of the penalty, in accordance with section 3716 of title 31.

(II) A prohibition of bidding by such lender in other auctions under this section.

(III) The limitation, suspension, or termination of such eligible lender's participation in the loan program under part B.

(IV) Any other enforcement action the Secretary is authorized to take under part B.

(H) Sealed bids; confidentiality

All bids are sealed and the Secretary keeps the bids confidential, including following the announcement of the winning bids.

(I) Eligible lender of last resort

(i) In general

In the event that there is no winning bid under subparagraph (F), the students at the institutions of higher education within the State that was the subject of the auction shall be served by an eligible lender of last resort, as determined by the Secretary.

(ii) Determination of eligible lender of last resort

Prior to the start of any auction under this paragraph, eligible lenders that desire to serve as an eligible lender of last resort shall submit an application to the Secretary at such time and in such manner as the Secretary may determine. Such application shall include an assurance that the eligible lender will meet the prequalification requirements described in subparagraph (B).

(iii) Geographic location

The Secretary shall identify an eligible lender of last resort for each State.

(iv) Notification timing

The Secretary shall not identify any eligible lender of last resort until after the announcement of all the winning bids for a State auction for any year.

(v) Maximum special allowance

The Secretary is authorized to set a special allowance payment that shall be payable to a lender of last resort for a State under this subparagraph, which special allowance payment shall be kept confidential, including following the announcement of winning bids. The Secretary shall set such special allowance payment so that it incurs the lowest possible cost to the Federal Government, taking into consideration the lowest bid that was submitted in an auction for such State and the lowest bid submitted in a similar State, as determined by the Secretary.

(J) Guarantee against losses

Each eligible Federal PLUS Loan originated under this paragraph shall be insured by a guaranty agency in accordance with part B, except that, notwithstanding section 1078(b)(1)(G) of this title, such insurance shall be in an amount equal to 99 percent of the unpaid principal and interest due on the loan.

(K) Loan fees

The Secretary shall not collect a loan fee under section 1087–1(d) of this title with respect to an eligible Federal Plus Loan originated under this paragraph.

(L) Consolidation

(i) In general

An eligible lender who is permitted to originate eligible Federal PLUS Loans for a borrower under this paragraph shall have the option to consolidate such loans into 1 loan.

(ii) Notification

In the event a borrower with eligible Federal PLUS Loans made under this paragraph wishes to consolidate the loans, the borrower shall notify the eligible lender who originated the loans under this paragraph.

(iii) Limitation on eligible lender option to consolidate

The option described in clause (i) shall not apply if—

(I) the borrower includes in the notification in clause (ii) verification of consolidation terms and conditions offered by an eligible lender other than the eligible lender described in clause (i); and

(II) not later than 10 days after receiving such notification from the borrower, the eligible lender described in clause (i) does not agree to match such terms and conditions, or provide more favorable terms and conditions to such borrower than the offered terms and conditions described in subclause (I).

(iv) Consolidation of additional loans

If a borrower has a Federal Direct PLUS Loan or a loan made on behalf of a dependent student under section 1078–2 of this title and seeks to consolidate such loan with an eligible Federal PLUS Loan made under this paragraph, then the eligible lender that originated the borrower's loan under this paragraph may include in the consolidation under this subparagraph a Federal Direct PLUS Loan or a loan made on behalf of a dependent student under section 1078–2 of this title, but only if—

(I) in the case of a Federal Direct PLUS Loan, the eligible lender agrees, not later than 10 days after the borrower requests such consolidation from the lender, to match the consolidation terms and conditions that would otherwise be available to the borrower if the borrower consolidated such loans in the loan program under part C; or

(II) in the case of a loan made on behalf of a dependent student under section 1078–2 of

this title, the eligible lender agrees, not later than 10 days after the borrower requests such consolidation from the lender, to match the consolidation terms and conditions offered by an eligible lender other than the eligible lender that originated the borrower's loans under this paragraph.

(v) Special allowance on consolidation loans that include loans made under this paragraph

The applicable special allowance payment for loans consolidated under this paragraph shall be equal to the lesser of—

(I) the weighted average of the special allowance payment on such loans, except that in calculating such weighted average the Secretary shall exclude any Federal Direct PLUS Loan included in the consolidation; or

(II) the result of—

(aa) the average of the bond equivalent rates of the quotes of the 3-month commercial paper (financial) rates in effect for each of the days in such quarter as reported by the Federal Reserve in Publication H-15 (or its successor) for such 3-month period; plus

(bb) 1.59 percent.

(vi) Interest payment rebate fee

Any loan under section 1078-3 of this title consolidated under this paragraph shall not be subject to the interest payment rebate fee under section 1078-3(f) of this title.

(c) Required initial evaluation

The Secretary and Secretary of the Treasury shall jointly conduct an evaluation, in consultation with the Office of Management and Budget, the Congressional Budget Office, and the Comptroller General, of the pilot program carried out by the Secretary under this section. The evaluation shall determine—

(1) the extent of the savings to the Federal Government that are generated through the pilot program, compared to the cost the Federal Government would have incurred in operating the PLUS loan program under section 1078-2 of this title in the absence of the pilot program;

(2) the number of lenders that participated in the pilot program, and the extent to which the pilot program generated competition among lenders to participate in the auctions under the pilot program;

(3) the number and volume of loans made under the pilot program in each State;

(4) the effect of the transition to and operation of the pilot program on the ability of—

(A) lenders participating in the pilot program to originate loans made through the pilot program smoothly and efficiently;

(B) institutions of higher education participating in the pilot program to disburse loans made through the pilot program smoothly and efficiently; and

(C) parents to obtain loans made through the pilot program in a timely and efficient manner;

(5) the differential impact, if any, of the auction among the States, including between rural and non-rural States; and

(6) the feasibility of using the mechanism piloted to operate the other loan programs under part B of this subchapter.

(d) Reports

(1) In general

The Secretary and the Secretary of the Treasury shall submit to the authorizing committees—

(A) not later than September 1, 2010, a preliminary report regarding the findings of the evaluation described in subsection (c);

(B) not later than September 1, 2012, an interim report regarding such findings; and

(C) not later than September 1, 2013, a final report regarding such findings.

(2) Contents

The Secretary shall include, in each report required under subparagraphs (A), (B), and (C) of paragraph (1), any recommendations, that are based on the findings of the evaluation under subsection (c), for—

(A) improving the operation and administration of the auction; and

(B) improving the operation and administration of other loan programs under part B.

PART A—HISPANIC-SERVING INSTITUTIONS

PRIOR PROVISIONS

A prior part A consisted of sections 1102 to 1102j and related to State and local programs for teacher excellence prior to the general amendment of this subchapter by Pub. L. 105–244.

§1101. Findings; purpose; and program authority

(a) Findings

Congress makes the following findings:

(1) Hispanic Americans are at high risk of not enrolling or graduating from institutions of higher education.

(2) Disparities between the enrollment of non-Hispanic white students and Hispanic students in postsecondary education are increasing. Between 1973 and 1994, enrollment of white secondary school graduates in 4-year institutions of higher education increased at a rate two times higher than that of Hispanic secondary school graduates.

(3) Despite significant limitations in resources, Hispanic-serving institutions provide a significant proportion of postsecondary opportunities for Hispanic students.

(4) Relative to other institutions of higher education, Hispanic-serving institutions are underfunded. Such institutions receive significantly less in State and local funding, per full-time equivalent student, than other institutions of higher education.

(5) Hispanic-serving institutions are succeeding in educating Hispanic students despite significant resource problems that—

(A) limit the ability of such institutions to expand and improve the academic programs of such institutions; and

(B) could imperil the financial and administrative stability of such institutions.

(6) There is a national interest in remedying the disparities described in paragraphs (2) and (4) and ensuring that Hispanic students have an equal opportunity to pursue postsecondary opportunities.

(b) Purpose

The purpose of this subchapter is to—

(1) expand educational opportunities for, and improve the academic attainment of, Hispanic students; and

(2) expand and enhance the academic offerings, program quality, and institutional stability of colleges and universities that are educating the majority of Hispanic college students and helping large numbers of Hispanic students and other low-income individuals complete postsecondary degrees.

(c) Program authority

The Secretary shall provide grants and related assistance to Hispanic-serving institutions to enable such institutions to improve and expand their capacity to serve Hispanic students and other low-income individuals.

Prior to amendment, text read as follows: “After consultation with appropriate Federal and nonprofit agencies and organizations, the Secretary shall designate areas of national need. In making such designations, the Secretary shall take into account the extent to which the interest in the area is compelling, the extent to which other Federal programs support postbaccalaureate study in the area concerned, and an assessment of how the program could achieve the most significant impact with available resources.”

§1135b. Criteria for applications

(a) Selection of applications

The Secretary shall make grants to academic departments, programs and units of institutions of higher education on the basis of applications submitted in accordance with subsection (b) of this section. Applications shall be ranked on program quality by review panels of nationally recognized scholars and evaluated on the quality and effectiveness of the academic program and the achievement and promise of the students to be served. To the extent possible (consistent with other provisions of this section), the Secretary shall make awards that are consistent with recommendations of the review panels.

(b) Contents of applications

An academic department, program or unit of an institution of higher education, in the department, program or unit's application for a grant, shall—

- (1) describe the current academic program of the applicant for which the grant is sought;
- (2) provide assurances that the applicant will provide, from other non-Federal sources, for the purposes of the fellowship program under this subpart an amount equal to at least 25 percent of the

amount of the grant received under this subpart, which contribution may be in cash or in kind, fairly valued;

(3) set forth policies and procedures to assure that, in making fellowship awards under this subpart, the institution will seek talented students from traditionally underrepresented backgrounds, as determined by the Secretary;

(4) describe the number, types, and amounts of the fellowships that the applicant intends to offer with grant funds provided under this part;

(C) plan to pursue the highest possible degree available in their course of study at the institution;

(6) set forth policies and procedures to ensure that Federal funds made available under this subpart for any fiscal year will be used to supplement and, to the extent practical, increase the funds that would otherwise be made available for the purpose of this subpart and in no case to supplant those funds;

(7) provide assurances that, in the event that funds made available to the academic department, program or unit under this subpart are insufficient to provide the assistance due a student under the commitment entered into between the academic department, program or unit and the student, the academic department, program or unit will, from any funds available to the department, program or unit, fulfill the commitment to the student;

(8) provide that the applicant will comply with the limitations set forth in section 1135d of this title;

(9) provide assurances that the academic department will provide at least 1 year of supervised training in instruction for students; and

(1) In general

An academic department, program or unit of an institution of higher education shall make commitments to graduate students who are eligible students under section 1091 of this title (including students pursuing a doctoral degree after having completed a master's degree program at an institution of higher education) at any point in their graduate study to provide stipends for the length of time necessary for a student to complete the course of graduate study, but in no case longer than 5 years.

(2) Special rule

No such commitments shall be made to students under this subpart unless the academic department, program or unit has determined adequate funds are available to fulfill the commitment

from funds received or anticipated under this subpart, or from institutional funds.

(b) Amount of stipends

The Secretary shall make payments to institutions of higher education for the purpose of paying stipends to individuals who are awarded fellowships under this subpart. The stipends the Secretary establishes shall reflect the purpose of the program under this subpart to encourage highly talented students to undertake graduate study as described in this subpart. In the case of an individual who receives such individual's first stipend under this subpart in academic year 2009–2010 or any succeeding academic year, such stipend shall be set at a level of support equal to that provided by the National Science Foundation Graduate Research Fellowship Program for such academic year, except such amount shall be adjusted as necessary so as not to exceed the fellow's demonstrated level of need as determined under part E of subchapter IV of this chapter.

(c) Treatment of institutional payments

An institution of higher education that makes institutional payments for tuition and fees on behalf of individuals supported by fellowships under this subpart in amounts that exceed the institutional payments made by the Secretary pursuant to section 1135d(a) of this title may count such excess toward the amounts the institution is required to provide pursuant to section 1135b(b)(2) of this title.

(d) Academic progress required

Notwithstanding the provisions of subsection (a) of this section, no student shall receive an award—

(1) except during periods in which such student is maintaining satisfactory progress in, and devoting essentially full time to, study or research in the field in which such fellowship was awarded; or

(2) if the student is engaging in gainful employment other than part-time employment involved in teaching, research, or similar activities determined by the institution to be in support of the student's progress towards a degree.

In the case of any State which applies, contracts, or submits a plan for participation in any applicable program in which Federal funds are made available for assistance to local educational agencies through, or under the supervision of, the State educational agency of that State, such State shall submit (subject to the provisions of part C of title V of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 7231 et seq.]) to the Secretary a general application containing the assurances set forth in subsection (b) of this section. Such application may be submitted jointly for all programs covered by the application, or it may be submitted separately for each such program or for groups of programs. Each application submitted under this section must be approved by each official, agency, board, or other entity within the State which, under State law, is primarily responsible for supervision of the activities conducted under each program covered by the application.

(b) Assurances

An application submitted under subsection (a) of this section shall set forth assurances, satisfactory to the Secretary—

(1) that each program will be administered in accordance with all applicable statutes, regulations, program plans, and applications;

(2) that the control of funds provided under each program and title to property acquired with program funds will be in a public agency, or in a nonprofit private agency, institution, or organization if the statute authorizing the program provides for grants to such entities, and that the public agency or nonprofit private agency, institution, or organization will administer such funds and property;

(3) that the State will adopt and use proper methods of administering each applicable program, including—

(D) the dissemination throughout the State of information on program requirements and successful practices, and

(E) the correction of deficiencies in program operations that are identified through monitoring or evaluation;

(4) that the State will evaluate the effectiveness of covered programs in meeting their statutory

objectives, at such intervals (not less often than once every three years) and in accordance with such procedures as the Secretary may prescribe by regulation, and that the State will cooperate in carrying out any evaluation of each program conducted by or for the Secretary or other Federal official;

(5) that the State will use fiscal control and fund accounting procedures that will ensure proper disbursement of, and accounting for, Federal funds paid to the State under each program;

(6) that the State will make reports to the Secretary (including reports on the results of evaluations required under paragraph (4)) as may reasonably be necessary to enable the Secretary to perform his duties under each program, and that the State will maintain such records, in accordance with the requirements of section 1232f of this title, and afford access to the records as the Secretary may find necessary to carry out his duties;

(7) that the State will provide reasonable opportunities for the participation by local agencies, representatives of the class of individuals affected by each program and other interested institutions, organizations, and individuals in the planning for and operation of each program, including the following:

(A) the State will consult with relevant advisory committees, local agencies, interest groups, and experienced professionals in the development of program plans required by statute;

(B) the State will publish each proposed plan, in a manner that will ensure circulation throughout the State, at least sixty days prior to the date on which the plan is submitted to the Secretary or on which the plan becomes effective, whichever occurs earlier, with an opportunity for public comments on such plan to be accepted for at least thirty days;

(C) the State will hold public hearings on the proposed plans if required by the Secretary by regulation; and

(D) the State will provide an opportunity for interested agencies, organizations, and individuals to suggest improvements in the administration of the program and to allege that there has been a failure by any entity to comply with applicable statutes and regulations; and

(8) that none of the funds expended under any applicable program will be used to acquire equipment (including computer software) in any instance in which such acquisition results in a direct financial benefit to any organization representing the interests of the purchasing entity or its employees or any affiliate of such an organization.

(c) Effective term of general application

Each general application submitted under this section shall remain in effect for the duration of any program it covers. The Secretary shall not require the resubmission or amendment of that application unless required by changes in Federal or State law or by other significant changes in the circumstances affecting an assurance in that application.

(a) Conditions for availability of funds to educational agencies or institutions; inspection and review of education records; specific information to be made available; procedure for access to education records; reasonableness of time for such access; hearings; written explanations by parents; definitions

(1)(A) No funds shall be made available under any applicable program to any educational agency or institution which has a policy of denying, or which effectively prevents, the parents of students who are or have been in attendance at a school of such agency or at such institution, as the case may be, the right to inspect and review the education records of their children. If any material or document in the education record of a student includes information on more than one student, the parents of one of such students shall have the right to inspect and review only such part of such material or document as relates to such student or to be informed of the specific information contained in such part of such material. Each educational agency or institution shall establish appropriate procedures for the granting of a request by parents for access to the education records of their children within a reasonable period of time, but in no case more than forty-five days after the request has been made.

(B) No funds under any applicable program shall be made available to any State educational agency (whether or not that agency is an educational agency or institution under this section) that has a policy of denying, or effectively prevents, the parents of students the right to inspect and review the education records maintained by the State educational agency on their children who are or have been in attendance at any school of an educational agency or institution that is subject to the provisions of this section.

(C) The first sentence of subparagraph (A) shall not operate to make available to students in institutions of postsecondary education the following materials:

- (i) financial records of the parents of the student or any information contained therein;
- (ii) confidential letters and statements of recommendation, which were placed in the education records prior to January 1, 1975, if such letters or statements are not used for purposes other than those for which they were specifically intended;
- (iii) if the student has signed a waiver of the student's right of access under this subsection in accordance with subparagraph (D), confidential recommendations—
 - (I) respecting admission to any educational agency or institution,
 - (II) respecting an application for employment, and
 - (III) respecting the receipt of an honor or honorary recognition.

(D) A student or a person applying for admission may waive his right of access to confidential statements described in clause (iii) of subparagraph (C), except that such waiver shall apply to recommendations only if (i) the student is, upon request, notified of the names of all persons making confidential recommendations and (ii) such recommendations are used solely for the purpose for which they were specifically intended. Such waivers may not be required as a condition for admission to, receipt of financial aid from, or receipt of any other services or benefits from such agency or institution.

(2) No funds shall be made available under any applicable program to any educational agency or institution unless the parents of students who are or have been in attendance at a school of such agency or at such institution are provided an opportunity for a hearing by such agency or institution, in accordance with regulations of the Secretary, to challenge the content of such student's education records, in order to insure that the records are not inaccurate, misleading, or otherwise in violation of the privacy rights of students, and to provide an opportunity for the correction or deletion of any such inaccurate, misleading or otherwise inappropriate data contained therein and to insert into such records a written explanation of the parents respecting the content of such records.

(3) For the purposes of this section the term “educational agency or institution” means any public or private agency or institution which is the recipient of funds under any applicable program.

(4)(A) For the purposes of this section, the term “education records” means, except as may be

provided otherwise in subparagraph (B), those records, files, documents, and other materials which—

(ii) records maintained by a law enforcement unit of the educational agency or institution that were created by that law enforcement unit for the purpose of law enforcement;

(iii) in the case of persons who are employed by an educational agency or institution but who are not in attendance at such agency or institution, records made and maintained in the normal course of business which relate exclusively to such person in that person's capacity as an employee and are not available for use for any other purpose; or

(iv) records on a student who is eighteen years of age or older, or is attending an institution of postsecondary education, which are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his professional or paraprofessional capacity, or assisting in that capacity, and which are made, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, except that such records can be personally reviewed by a physician or other appropriate professional of the student's choice.

(6) For the purposes of this section, the term “student” includes any person with respect to whom an educational agency or institution maintains education records or personally identifiable information, but does not include a person who has not been in attendance at such agency or institution.

(A) other school officials, including teachers within the educational institution or local educational agency, who have been determined by such agency or institution to have legitimate educational interests, including the educational interests of the child for whom consent would otherwise be required;

(B) officials of other schools or school systems in which the student seeks or intends to enroll, upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;

(C)(i) authorized representatives of (I) the Comptroller General of the United States, (II) the Secretary, or (III) State educational authorities, under the conditions set forth in paragraph (3), or (ii) authorized representatives of the Attorney General for law enforcement purposes under the same conditions as apply to the Secretary under paragraph (3);

(E) State and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to State statute adopted—

(i) before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve the student whose records are released, or

(ii) after November 19, 1974, if—

(I) the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve, prior to adjudication, the student whose records are released; and

(II) the officials and authorities to whom such information is disclosed certify in writing to the educational agency or institution that the information will not be disclosed to any other party except as provided under State law without the prior written consent of the parent of the student.¹

(F) organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted;

(G) accrediting organizations in order to carry out their accrediting functions;

(H) parents of a dependent student of such parents, as defined in section 152 of title 26;

(I) subject to regulations of the Secretary, in connection with an emergency, appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons;

(J)(i) the entity or persons designated in a Federal grand jury subpoena, in which case the court shall order, for good cause shown, the educational agency or institution (and any officer, director, employee, agent, or attorney for such agency or institution) on which the subpoena is served, to not disclose to any person the existence or contents of the subpoena or any information furnished to the grand jury in response to the subpoena; and

(ii) the entity or persons designated in any other subpoena issued for a law enforcement purpose, in which case the court or other issuing agency may order, for good cause shown, the educational agency or institution (and any officer, director, employee, agent, or attorney for such agency or institution) on which the subpoena is served, to not disclose to any person the existence or contents of the subpoena or any information furnished in response to the subpoena;

(K) the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of State and local educational and other agencies and institutions receiving funding or providing benefits of 1 or more programs authorized under the Richard B. Nothing in subparagraph (E) of this paragraph shall prevent a State from further limiting the number or type of State or local officials who will continue to have access thereunder.

(2) No funds shall be made available under any applicable program to any educational agency or institution which has a policy or practice of releasing, or providing access to, any personally identifiable information in education records other than directory information, or as is permitted under paragraph (1) of this subsection, unless—

(B) except as provided in paragraph (1)(J), such information is furnished in compliance with judicial order, or pursuant to any lawfully issued subpoena, upon condition that parents and the students are notified of all such orders or subpoenas in advance of the compliance therewith by the educational institution or agency, except when a parent is a party to a court proceeding involving child abuse and neglect (as defined in section 3 of the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101 note)) or dependency matters, and the order is issued in the context of that proceeding, additional notice to the parent by the educational agency or institution is not required.

(3) Nothing contained in this section shall preclude authorized representatives of (A) the Comptroller General of the United States, (B) the Secretary, or (C) State educational authorities from having access to student or other records which may be necessary in connection with the audit and evaluation of Federally-supported education programs, or in connection with the enforcement of the Federal legal requirements which relate to such programs: *Provided*, That except when collection of personally identifiable information is specifically authorized by Federal law, any data collected by such officials shall be protected in a manner which will not permit the personal identification of students and their parents by other than those officials, and such personally identifiable data shall be destroyed when no longer needed for such audit, evaluation, and enforcement of Federal legal requirements.

(4)(A) Each educational agency or institution shall maintain a record, kept with the education records of each student, which will indicate all individuals (other than those specified in paragraph (1)(A) of this subsection), agencies, or organizations which have requested or obtained access to a student's education records maintained by such educational agency or institution, and which will indicate specifically the legitimate interest that each such person, agency, or organization has in obtaining this information. Such record of access shall be available only to parents, to the school official and his assistants who are responsible for the custody of such records, and to persons or organizations authorized in, and under the conditions of, clauses (A) and (C) of paragraph (1) as a means of auditing the operation of the system.

(B) With respect to this subsection, personal information shall only be transferred to a third party on the condition that such party will not permit any other party to have access to such information without the written consent of the parents of the student. If a third party outside the educational agency or institution permits access to information in violation of paragraph (2)(A), or fails to

destroy information in violation of paragraph (1)(F), the educational agency or institution shall be prohibited from permitting access to information from education records to that third party for a period of not less than five years.

(5) Nothing in this section shall be construed to prohibit State and local educational officials from having access to student or other records which may be necessary in connection with the audit and evaluation of any federally or State supported education program or in connection with the enforcement of the Federal legal requirements which relate to any such program, subject to the conditions specified in the proviso in paragraph (3).

(6)(A) Nothing in this section shall be construed to prohibit an institution of postsecondary education from disclosing, to an alleged victim of any crime of violence (as that term is defined in section 16 of title 18), or a nonforcible sex offense, the final results of any disciplinary proceeding conducted by such institution against the alleged perpetrator of such crime or offense with respect to such crime or offense.

(B) Nothing in this section shall be construed to prohibit an institution of postsecondary education from disclosing the final results of any disciplinary proceeding conducted by such institution against a student who is an alleged perpetrator of any crime of violence (as that term is defined in section 16 of title 18), or a nonforcible sex offense, if the institution determines as a result of that disciplinary proceeding that the student committed a violation of the institution's rules or policies with respect to such crime or offense.

(C) For the purpose of this paragraph, the final results of any disciplinary proceeding—

(i) shall include only the name of the student, the violation committed, and any sanction imposed by the institution on that student; and

(ii) may include the name of any other student, such as a victim or witness, only with the written consent of that other student.

(7)(A) Nothing in this section may be construed to prohibit an educational institution from disclosing information provided to the institution under section 14071 ² of title 42 concerning registered sex offenders who are required to register under such section.

Regulations established under this subsection shall include provisions controlling the use, dissemination, and protection of such data. No survey or data-gathering activities shall be conducted by the Secretary, or an administrative head of an education agency under an applicable program, unless such activities are authorized by law.

(d) Students' rather than parents' permission or consent

For the purposes of this section, whenever a student has attained eighteen years of age, or is attending an institution of postsecondary education, the permission or consent required of and the rights accorded to the parents of the student shall thereafter only be required of and accorded to the student.

(e) Informing parents or students of rights under this section

No funds shall be made available under any applicable program to any educational agency or institution unless such agency or institution effectively informs the parents of students, or the students, if they are eighteen years of age or older, or are attending an institution of postsecondary education, of the rights accorded them by this section.

(f) Enforcement; termination of assistance

The Secretary shall take appropriate actions to enforce this section and to deal with violations of

this section, in accordance with this chapter, except that action to terminate assistance may be taken only if the Secretary finds there has been a failure to comply with this section, and he has determined that compliance cannot be secured by voluntary means.

(g) Office and review board; creation; functions

The Secretary shall establish or designate an office and review board within the Department for the purpose of investigating, processing, reviewing, and adjudicating violations of this section and complaints which may be filed concerning alleged violations of this section. Except for the conduct of hearings, none of the functions of the Secretary under this section shall be carried out in any of the regional offices of such Department.

(h) Disciplinary records; disclosure

Nothing in this section shall prohibit an educational agency or institution from—

(1) including appropriate information in the education record of any student concerning disciplinary action taken against such student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community; or

(2) disclosing such information to teachers and school officials, including teachers and school officials in other schools, who have legitimate educational interests in the behavior of the student.

(A) the student is under the age of 21; and

(B) the institution determines that the student has committed a disciplinary violation with respect to such use or possession.

(2) State law regarding disclosure

Nothing in paragraph (1) shall be construed to supersede any provision of State law that prohibits an institution of higher education from making the disclosure described in subsection (a) of this section.

(j) Investigation and prosecution of terrorism

(1) In general

Notwithstanding subsections (a) through (i) of this section or any provision of State law, the Attorney General (or any Federal officer or employee, in a position not lower than an Assistant Attorney General, designated by the Attorney General) may submit a written application to a court of competent jurisdiction for an ex parte order requiring an educational agency or institution to permit the Attorney General (or his designee) to—

(B) for official purposes related to the investigation or prosecution of an offense described in paragraph (1)(A), retain, disseminate, and use (including as evidence at trial or in other administrative or judicial proceedings) such records, consistent with such guidelines as the Attorney General, after consultation with the Secretary, shall issue to protect confidentiality.

(2) Application and approval

(A) IN GENERAL.—An application under paragraph (1) shall certify that there are specific and articulable facts giving reason to believe that the education records are likely to contain

information described in paragraph (1)(A).

(B) The court shall issue an order described in paragraph (1) if the court finds that the application for the order includes the certification described in subparagraph (A).

(3) Protection of educational agency or institution

An educational agency or institution that, in good faith, produces education records in accordance with an order issued under this subsection shall not be liable to any person for that production.

The Secretary shall designate one of the judges of the Office to be the chief judge.

(d) Assignment of judges

For the purposes of conducting hearings described in subsection (a) of this section, the chief judge shall assign a judge to each case or class of cases. A judge shall be disqualified in any case in which the judge has a substantial interest, has been of counsel, is or has been a material witness, or is so related to or connected with any party or the party's attorney as to make it improper for the judge to be assigned to the case.

(e) Review and evidentiary functions

The judge shall review and may require that evidence be taken on the sufficiency of the preliminary departmental determination as set forth in section 1234a of this title.

(f) Conduct of proceedings; costs and fees of parties

(1) The proceedings of the Office shall be conducted according to such rules as the Secretary shall prescribe by regulation in conformance with the rules relating to hearings in title 5, sections 554, 556, and 557.

(2) The provisions of title 5, section 504, relating to costs and fees of parties, shall apply to the proceedings before the Department.

(g) Discovery; scope, time, etc.; issue and enforcement of subpoenas

(1) In order to secure a fair, expeditious, and economical resolution of cases and where the judge determines that the discovered information is likely to elicit relevant information with respect to an issue in the case, is not sought primarily for the purposes of delay or harassment, and would serve the ends of justice, the judge may order a party to—

- (A) produce relevant documents;
- (B) answer written interrogatories that inquire into relevant matters; and
- (C) have depositions taken.

The judge shall set a time limit of 90 days on the discovery period. The judge may extend this period for good cause shown. At the request of any party, the judge may establish a specific schedule for the conduct of discovery.

(2) In order to carry out the provisions of subsections (f)(1) and (g)(1) of this section, the judge is authorized to issue subpoenas and apply to the appropriate court of the United States for enforcement of a subpoena. The court may enforce the subpoena as if it pertained to a proceeding before that court.

(h) Mediation of disputes

The Secretary shall establish a process for the voluntary mediation of disputes pending before the Office. The mediator shall be agreed to by all parties involved in mediation and shall be independent of the parties to the dispute. In the mediation of disputes the Secretary shall consider mitigating circumstances and proportion of harm pursuant to section 1234b of this title. In accordance with rule 408 of the Federal Rules of Evidence, evidence of conduct or statements made in compromise negotiations shall not be admissible in proceedings before the Office. Mediation shall be limited to 120 days, except that the mediator may grant extensions of such period.

(i) Professional personnel; employment, assignment, or transfer

The Secretary shall employ, assign, or transfer sufficient professional personnel, including judges of the Office, to ensure that all matters brought before the Office may be dealt with in a timely manner.

§1234a. Recovery of funds

(a) Preliminary departmental decision; grounds of determination; notice requirements; prima facie case; amount of funds recoverable

(1) Whenever the Secretary determines that a recipient of a grant or cooperative agreement under an applicable program must return funds because the recipient has made an expenditure of funds that is not allowable under that grant or cooperative agreement, or has otherwise failed to discharge its obligation to account properly for funds under the grant or cooperative agreement, the Secretary shall give the recipient written notice of a preliminary departmental decision and notify the recipient of its right to have that decision reviewed by the Office and of its right to request mediation.

(2) In a preliminary departmental decision, the Secretary shall have the burden of establishing a prima facie case for the recovery of funds, including an analysis reflecting the value of the program

services actually obtained in a determination of harm to the Federal interest. The facts to serve as the basis of the preliminary departmental decision may come from an audit report, an investigative report, a monitoring report, or other evidence. The amount of funds to be recovered shall be determined on the basis of section 1234b of this title.

(3) For the purpose of paragraph (2), failure by a recipient to maintain records required by law, or to allow the Secretary access to such records, shall constitute a prima facie case.

(b) Review of preliminary departmental decision; form and contents of application for review; inadequate preliminary decisions; duties of recipient to subrecipients after preliminary decision; burden of proof

(1) A recipient that has received written notice of a preliminary departmental decision and that desires to have such decision reviewed by the Office shall submit to the Office an application for review not later than 60 days after receipt of notice of the preliminary departmental decision. The application shall be in the form and contain the information specified by the Office. As expeditiously as possible, the Office shall return to the Secretary for such action as the Secretary considers appropriate any preliminary departmental decision which the Office determines does not meet the requirements of subsection (a)(2) of this section.

(2) In cases where the preliminary departmental decision requests a recovery of funds from a State recipient, that State recipient may not recover funds from an affected local educational agency unless that State recipient has—

(A) transmitted a copy of the preliminary departmental decision to any affected subrecipient within 10 days of the date that the State recipient in a State administered program received such written notice; and

(B) consulted with each affected subrecipient to determine whether the State recipient should submit an application for review under paragraph (1).

(3) In any proceeding before the Office under this section, the burden shall be upon the recipient to demonstrate that it should not be required to return the amount of funds for which recovery is sought in the preliminary departmental decision under subsection (a) of this section.

(c) Time for hearing

A hearing shall be set 90 days after receipt of a request for review of a preliminary departmental decision by the Office, except that such 90-day requirement may be waived at the discretion of the judge for good cause.

(d) Review of findings of fact in preliminary decision; conclusiveness; remand; new or modified findings

(1) Upon review of a decision of the Office by the Secretary, the findings of fact by the Office, if supported by substantial evidence, shall be conclusive. However, the Secretary, for good cause shown, may remand the case to the Office to take further evidence, and the Office may thereupon make new or modified findings of fact and may modify its previous action. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(2) During the conduct of such review, there shall not be any ex parte contact between the Secretary and individuals representing the Department or the recipient.

(e) Time for filing petition for review of preliminary decision

Parties to the proceeding shall have 30 days to file a petition for review of a decision of the administrative law judges with the Office of the Secretary.

(f) Stay of collection or other adverse action by Secretary against recipient

(1) If a recipient submits a timely application for review of a preliminary departmental decision, the Secretary shall take no collection action until the decision of the Office upholding the preliminary Department decision in whole or in part becomes final agency action under subsection (g) of this section.

(2) If a recipient files a timely petition for judicial review under section 1234g of this title, the

Secretary shall take no collection action until judicial review is completed.

(3) The filing of an application for review under paragraph (1) or a petition for judicial review under paragraph (2) shall not affect the authority of the Secretary to take any other adverse action under this subchapter against the recipient.

(g) Preliminary decision as final agency action

A decision of the Office regarding the review of a preliminary departmental decision shall become final agency action 60 days after the recipient receives written notice of the decision unless the Secretary either—

(1) modifies or sets aside the decision, in whole or in part, in which case the decision of the Secretary shall become final agency action when the recipient receives written notice of the Secretary's action, or

(2) remands the decision to the Office.

(h) Publication of decisions as final agency actions

The Secretary shall publish decisions that have become final agency action under subsection (g) of this section in the Federal Register or in another appropriate publication within 60 days.

(i) Collection amounts and procedures

The amount of a preliminary departmental decision under subsection (a) of this section for which review has not been requested in accordance with subsection (b) of this section, and the amount sustained by a decision of the Office or the Secretary which becomes final agency action under subsection (g) of this section, may be collected by the Secretary in accordance with chapter 37 of title 31.

(j) Compromise of preliminary departmental decisions; preconditions; notice requirements

(1) Notwithstanding any other provision of law, the Secretary may, subject to the notice requirements of paragraph (2), compromise any preliminary departmental decision under this section which does not exceed the amount agreed to be returned by more than \$200,000, if the Secretary determines that (A) the collection of any or all or the amount thereof would not be practical or in the public interest, and (B) the practice which resulted in the preliminary departmental decision has been corrected and will not recur.

(2) Not less than 45 days prior to the exercise of the authority to compromise a preliminary departmental decision pursuant to paragraph (1), the Secretary shall publish in the Federal Register a notice of intention to do so. The notice shall provide interested persons an opportunity to comment on any proposed action under this subsection through the submission of written data, views, or arguments.

(k) Limitation period respecting return of funds

No recipient under an applicable program shall be liable to return funds which were expended in a manner not authorized by law more than 5 years before the recipient received written notice of a preliminary departmental decision.

(l) Foregoing of interest during period of administrative review

No interest shall be charged arising from a claim during the administrative review of the preliminary departmental decision.

§1234b. Measure of recovery

(a) Amount returned proportionate to extent of harm violation caused to an identifiable Federal interest; reduction; determination of identifiable Federal interest

(1) A recipient determined to have made an unallowable expenditure, or to have otherwise failed to discharge its responsibility to account properly for funds, shall be required to return funds in an amount that is proportionate to the extent of the harm its violation caused to an identifiable Federal interest associated with the program under which the recipient received the award. Such amount shall be reduced in whole or in part by an amount that is proportionate to the extent the mitigating circumstances caused the violation.

(2) For the purpose of paragraph (1), an identifiable Federal interest includes, but is not limited to, serving only eligible beneficiaries; providing only authorized services or benefits; complying with expenditure requirements and conditions (such as set-aside, excess cost, maintenance of effort, comparability, supplement-not-supplant, and matching requirements); preserving the integrity of planning, application, recordkeeping, and reporting requirements; and maintaining accountability for the use of funds.

(b) Reduction or waiver of amount based on mitigating circumstances; burden of proof; determination of mitigating circumstances; weight, etc., of written request for guidance

(1) When a State or local educational agency is determined to have made an unallowable expenditure, or to have otherwise failed to discharge its responsibility to account properly for funds, and mitigating circumstances exist, as described in paragraph (2), the judge shall reduce such amount by an amount that is proportionate to the extent the mitigating circumstances caused the violation. Furthermore, the judge is authorized to determine that no recovery is justified when mitigating circumstances warrant. The burden of demonstrating the existence of mitigating circumstances shall be upon the State or local educational agency.

(2) For the purpose of paragraph (1), mitigating circumstances exist only when it would be unjust to compel the recovery of funds because the State or local educational agency—

(A) actually and reasonably relied upon erroneous written guidance provided by the Department;

(B) made an expenditure or engaged in a practice after—

(i) the State or local educational agency submitted to the Secretary, in good faith, a written request for guidance with respect to the expenditure or practice at issue, and

(ii) a Department official did not respond within 90 days of receipt by the Department of such request; or

(C) actually and reasonably relied upon a judicial decree issued to the recipient.

(3) A written request for guidance as described in paragraph (2) sent by certified mail (return receipt requested) shall be conclusive proof of receipt by the Department.

(4) If the Secretary responds to a written request for guidance described in paragraph (2)(B) more than 90 days after its receipt, the State or local educational agency that submitted the request shall comply with the guidance received at the earliest practicable time.

(5) In order to demonstrate the existence of the mitigating circumstances described in paragraph (2)(B), the State or local educational agency shall demonstrate that—

(A) the written request for guidance accurately described the proposed expenditure or practice and included the facts necessary for a determination of its legality; and

(B) the written request for guidance contained a certification by the chief legal officer of the State educational agency that such officer had examined the proposed expenditure or practice and believed the proposed expenditure or practice was permissible under then applicable State and Federal law; and

(C) the State or local educational agency reasonably believed that the proposed expenditure or practice was permissible under then applicable State and Federal law.

(6) The Secretary shall disseminate to State educational agencies responses to written requests for guidance, described in paragraph (5), that reflect significant interpretations of applicable law or policy.

(c) Review of written requests for guidance on periodic basis

The Secretary shall periodically review the written requests for guidance submitted under this section to determine the need for new or supplementary regulatory or other guidance under applicable programs.

§1234c. Remedies for existing violations

(a) Whenever the Secretary has reason to believe that any recipient of funds under any applicable program is failing to comply substantially with any requirement of law applicable to such funds, the Secretary may—

(1) withhold further payments under that program, as authorized by section 1234d of this title;

(2) issue a complaint to compel compliance through a cease and desist order of the Office, as authorized by section 1234e of this title;

(3) enter into a compliance agreement with a recipient to bring it into compliance, as authorized by section 1234f of this title; or

The hearing shall be held before the Office and shall be conducted in accordance with the rules prescribed pursuant to subsections (f) and (g) of section 1234 of this title.

(d) Suspension of payments, authorities, etc.

(e) Findings of fact

Upon review of a decision of the Office by the Secretary, the findings of fact by the Office, if supported by substantial evidence, shall be conclusive. However, the Secretary, for good cause shown, may remand the case to the Office to take further evidence, and the Office may thereupon make new or modified findings of fact and may modify its previous action. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(f) Final agency action

The decision of the Office in any hearing under this section shall become final agency action 60 days after the recipient receives written notice of the decision unless the Secretary either—

(b) Procedures applicable

(1) Before entering into a compliance agreement with a recipient, the Secretary shall hold a hearing at which the recipient, affected students and parents or their representatives, and other

interested parties are invited to participate. The recipient shall have the burden of persuading the Secretary that full compliance with the applicable requirements of law is not feasible until a future date.

(2) If the Secretary determines, on the basis of all the evidence presented, that full compliance is genuinely not feasible until a future date, the Secretary shall make written findings to that effect and shall publish those findings, along with the substance of any compliance agreement, in the Federal Register.

(c) Contents

A compliance agreement under this section shall contain—

The Secretary may not take any action on the basis of a final agency action until judicial review is completed.

(b) Petition for review; filing of record

A recipient that desires judicial review of an action described in subsection (a) of this section shall, within 60 days of that action, file with the United States Court of Appeals for the circuit in which that recipient is located, a petition for review of such action. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(d) Scope of review; review by Supreme Court

The court shall have jurisdiction to affirm the action of the Office or the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court

§1234h. Use of recovered funds

(a) Repayment to recipient; factors considered

Whenever the Secretary recovers funds paid to a recipient under a grant or cooperative agreement made under an applicable program because the recipient made an expenditure of funds that was not allowable, or otherwise failed to discharge its responsibility to account properly for funds, the Secretary may consider those funds to be additional funds available for that program and may arrange to repay to the recipient affected by that action an amount not to exceed 75 percent of the recovered funds if the Secretary determines that—

- (1) the practices or procedures of the recipient that resulted in the violation of law have been corrected, and that the recipient is in all other respects in compliance with the requirements of that program, provided that the recipient was notified of any noncompliance with such requirements and given a reasonable period of time to remedy such noncompliance;
- (2) the recipient has submitted to the Secretary a plan for the use of those funds pursuant to the requirements of that program and, to the extent possible, for the benefit of the population that was affected by the failure to comply or by the misuse of funds that resulted in the recovery; and
- (3) the use of those funds in accordance with that plan would serve to achieve the purposes of the program under which the funds were originally paid.

(b) Terms and conditions of repayment

Any payments by the Secretary under this section shall be subject to such other terms and conditions as the Secretary considers necessary to accomplish the purposes of the affected programs, including—

- (1) the submission of periodic reports on the use of funds provided under this section; and
- (2) consultation by the recipient with students, parents, or representatives of the population that will benefit from the payments.

(c) Availability of funds

Notwithstanding any other provisions of law, the funds made available under this section shall remain available for expenditure for a period of time deemed reasonable by the Secretary, but in no case to exceed more than three fiscal years following the later of—

- (1) the fiscal year in which final agency action under section 1234a(e) of this title is taken; or
- (2) if such recipient files a petition for judicial review, the fiscal year in which final judicial action under section 1234g of this title is taken.

SUBCHAPTER I—GENERAL PROVISIONS

§1400. Short title; findings; purposes

(a) Short title

This chapter may be cited as the “Individuals with Disabilities Education Act”.

(b) Omitted

(c) Findings

Congress finds the following:

(1) Disability is a natural part of the human experience and in no way diminishes the right of individuals to participate in or contribute to society. Improving educational results for children with disabilities is an essential element of our national policy of ensuring equality of opportunity, full participation, independent living, and economic self-sufficiency for individuals with disabilities.

(2) Before the date of enactment of the Education for All Handicapped Children Act of 1975 (Public Law 94–142), the educational needs of millions of children with disabilities were not being fully met because—

(A) the children did not receive appropriate educational services;

(B) the children were excluded entirely from the public school system and from being educated with their peers;

(C) undiagnosed disabilities prevented the children from having a successful educational experience; or

(D) a lack of adequate resources within the public school system forced families to find services outside the public school system.

(3) Since the enactment and implementation of the Education for All Handicapped Children Act of 1975, this chapter has been successful in ensuring children with disabilities and the families of such children access to a free appropriate public education and in improving educational results for children with disabilities.

(4) However, the implementation of this chapter has been impeded by low expectations, and an insufficient focus on applying replicable research on proven methods of teaching and learning for children with disabilities.

(5) Almost 30 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by—

(A) having high expectations for such children and ensuring their access to the general education curriculum in the regular classroom, to the maximum extent possible, in order to—
(i) meet developmental goals and, to the maximum extent possible, the challenging expectations that have been established for all children; and
(ii) be prepared to lead productive and independent adult lives, to the maximum extent possible;

(B) strengthening the role and responsibility of parents and ensuring that families of such children have meaningful opportunities to participate in the education of their children at school and at home;

(C) coordinating this chapter with other local, educational service agency, State, and Federal school improvement efforts, including improvement efforts under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.], in order to ensure that such children benefit from such efforts and that special education can become a service for such children rather than a place where such children are sent;

(D) providing appropriate special education and related services, and aids and supports in the regular classroom, to such children, whenever appropriate;

(E) supporting high-quality, intensive preservice preparation and professional development for all personnel who work with children with disabilities in order to ensure that such personnel have the skills and knowledge necessary to improve the academic achievement and functional performance of children with disabilities, including the use of scientifically based instructional practices, to the maximum extent possible;

(F) providing incentives for whole-school approaches, scientifically based early reading programs, positive behavioral interventions and supports, and early intervening services to reduce the need to label children as disabled in order to address the learning and behavioral needs of such children;

(G) focusing resources on teaching and learning while reducing paperwork and requirements that do not assist in improving educational results; and

(H) supporting the development and use of technology, including assistive technology devices and assistive technology services, to maximize accessibility for children with disabilities.

(6) While States, local educational agencies, and educational service agencies are primarily responsible for providing an education for all children with disabilities, it is in the national interest that the Federal Government have a supporting role in assisting State and local efforts to educate children with disabilities in order to improve results for such children and to ensure equal protection of the law.

(7) A more equitable allocation of resources is essential for the Federal Government to meet its responsibility to provide an equal educational opportunity for all individuals.

(8) Parents and schools should be given expanded opportunities to resolve their disagreements in positive and constructive ways.

(9) Teachers, schools, local educational agencies, and States should be relieved of irrelevant and unnecessary paperwork burdens that do not lead to improved educational outcomes.

(10)(A) The Federal Government must be responsive to the growing needs of an increasingly diverse society.

(B) America's ethnic profile is rapidly changing. In 2000, 1 of every 3 persons in the United States was a member of a minority group or was limited English proficient.

(C) Minority children comprise an increasing percentage of public school students.

(D) With such changing demographics, recruitment efforts for special education personnel should focus on increasing the participation of minorities in the teaching profession in order to provide appropriate role models with sufficient knowledge to address the special education needs of these students.

(11)(A) The limited English proficient population is the fastest growing in our Nation, and the

growth is occurring in many parts of our Nation.

(B) Studies have documented apparent discrepancies in the levels of referral and placement of limited English proficient children in special education.

(C) Such discrepancies pose a special challenge for special education in the referral of, assessment of, and provision of services for, our Nation's students from non-English language backgrounds.

(12)(A) Greater efforts are needed to prevent the intensification of problems connected with mislabeling and high dropout rates among minority children with disabilities.

(B) More minority children continue to be served in special education than would be expected from the percentage of minority students in the general school population.

(C) African-American children are identified as having intellectual disabilities and emotional disturbance at rates greater than their White counterparts.

(D) In the 1998–1999 school year, African-American children represented just 14.8 percent of the population aged 6 through 21, but comprised 20.2 percent of all children with disabilities.

(E) Studies have found that schools with predominately White students and teachers have placed disproportionately high numbers of their minority students into special education.

(13)(A) As the number of minority students in special education increases, the number of minority teachers and related services personnel produced in colleges and universities continues to decrease.

(B) The opportunity for full participation by minority individuals, minority organizations, and Historically Black Colleges and Universities in awards for grants and contracts, boards of organizations receiving assistance under this chapter, peer review panels, and training of professionals in the area of special education is essential to obtain greater success in the education of minority children with disabilities.

(14) As the graduation rates for children with disabilities continue to climb, providing effective transition services to promote successful post-school employment or education is an important measure of accountability for children with disabilities.

(d) Purposes

The purposes of this chapter are—

(1)(A) to ensure that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living;

(B) to ensure that the rights of children with disabilities and parents of such children are protected; and

(C) to assist States, localities, educational service agencies, and Federal agencies to provide for the education of all children with disabilities;

(2) to assist States in the implementation of a statewide, comprehensive, coordinated, multidisciplinary, interagency system of early intervention services for infants and toddlers with disabilities and their families;

(3) to ensure that educators and parents have the necessary tools to improve educational results for children with disabilities by supporting system improvement activities; coordinated research and personnel preparation; coordinated technical assistance, dissemination, and support; and technology development and media services; and

(4) to assess, and ensure the effectiveness of, efforts to educate children with disabilities.

(b) Outlying areas and freely associated States; Secretary of the Interior

(B) Special rule

The provisions of Public Law 95–134, permitting the consolidation of grants by the outlying areas, shall not apply to funds provided to the outlying areas or the freely associated States under this section.

(d) Allocations to States

(1) In general

After reserving funds for technical assistance, and for payments to the outlying areas, the freely associated States, and the Secretary of the Interior under subsections (b) and (c) for a fiscal year, the Secretary shall allocate the remaining amount among the States in accordance with this subsection.

(2) Special rule for use of fiscal year 1999 amount

If a State received any funds under this section for fiscal year 1999 on the basis of children aged 3 through 5, but does not make a free appropriate public education available to all children with disabilities aged 3 through 5 in the State in any subsequent fiscal year, the Secretary shall compute the State's amount for fiscal year 1999, solely for the purpose of calculating the State's allocation in that subsequent year under paragraph (3) or (4), by subtracting the amount allocated to the State for fiscal year 1999 on the basis of those children.

(3) Increase in funds

If the amount available for allocations to States under paragraph (1) for a fiscal year is equal to or greater than the amount allocated to the States under this paragraph for the preceding fiscal year, those allocations shall be calculated as follows:

(A) Allocation of increase

Except as provided in subparagraph (B), the Secretary shall allocate for the fiscal year—

(I) to each State the amount the State received under this section for fiscal year 1999;

(III) 15 percent of those remaining funds to States on the basis of the States' relative populations of children described in subclause (II) who are living in poverty.

(ii) Data

For the purpose of making grants under this paragraph, the Secretary shall use the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.

(B) Limitations

Notwithstanding subparagraph (A), allocations under this paragraph shall be subject to the following:

(i) Preceding year allocation

No State's allocation shall be less than its allocation under this section for the preceding fiscal year.

(ii) Minimum

No State's allocation shall be less than the greatest of—

(I) the sum of—

(aa) the amount the State received under this section for fiscal year 1999; and

(II) the sum of—

(aa) the amount the State received under this section for the preceding fiscal year; and

(bb) that amount multiplied by the percentage by which the increase in the funds appropriated for this section from the preceding fiscal year exceeds 1.5 percent; or

(III) the sum of—

(aa) the amount the State received under this section for the preceding fiscal year; and

(bb) that amount multiplied by 90 percent of the percentage increase in the amount appropriated for this section from the preceding fiscal year.

- (I) the amount the State received under this section for the preceding fiscal year; and
- (II) that amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated under this section from the preceding fiscal year.

(C) Ratable reduction

If the amount available for allocations under this paragraph is insufficient to pay those allocations in full, those allocations shall be ratably reduced, subject to subparagraph (B)(i).

(4) Decrease in funds

If the amount available for allocations to States under paragraph (1) for a fiscal year is less than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

(A) Amounts greater than fiscal year 1999 allocations

If the amount available for allocations is greater than the amount allocated to the States for fiscal year 1999, each State shall be allocated the sum of—

- (i) the amount the State received under this section for fiscal year 1999; and
- (ii) an amount that bears the same relation to any remaining funds as the increase the State received under this section for the preceding fiscal year over fiscal year 1999 bears to the total of all such increases for all States.

(B) Amounts equal to or less than fiscal year 1999 allocations

(i) In general

If the amount available for allocations under this paragraph is equal to or less than the amount allocated to the States for fiscal year 1999, each State shall be allocated the amount the State received for fiscal year 1999.

(ii) Ratable reduction

If the amount available for allocations under this paragraph is insufficient to make the allocations described in clause (i), those allocations shall be ratably reduced.

(2) Other State-level activities

(A) State-level activities

(i) In general

For fiscal year 2007 and each subsequent fiscal year, the State may reserve the maximum amount the State was eligible to reserve under the preceding sentence for fiscal year 2006 (cumulatively adjusted by the rate of inflation as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor).

(ii) Small State adjustment

Notwithstanding clause (i) and except as provided in clause (iii), in the case of a State for which the maximum amount reserved for State administration is not greater than \$850,000, the State may reserve for the purpose of carrying out State-level activities for each of the fiscal years 2005 and 2006, not more than 10.5 percent from the amount of the State's allocation under subsection (d) for each of the fiscal years 2005 and 2006, respectively. (iii) Exception

If a State does not reserve funds under paragraph (3) for a fiscal year, then—

(I) in the case of a State that is not described in clause (ii), for fiscal year 2005 or 2006, clause (i) shall be applied by substituting “9.0 percent” for “10 percent”; and

(xi) To provide technical assistance to schools and local educational agencies, and direct services, including supplemental educational services as defined in 6316(e) of this title to children with disabilities, in schools or local educational agencies identified for improvement under section 6316 of this title on the sole basis of the assessment results of the disaggregated subgroup of children with disabilities, including providing professional development to special and regular education teachers, who teach children with disabilities, based on scientifically based research to improve educational instruction, in order to improve academic achievement to meet or exceed the objectives established by the State under section 6311(b)(2)(G) of this title.

(3) Local educational agency risk pool

(A) In general

(i) Reservation of funds

For the purpose of assisting local educational agencies (including a charter school that is a local educational agency or a consortium of local educational agencies) in addressing the needs of high need children with disabilities, each State shall have the option to reserve for each fiscal year 10 percent of the amount of funds the State reserves for State-level activities under paragraph (2)(A)—

The State educational agency shall establish the State's definition of a high need child with a disability, which definition shall be developed in consultation with local educational agencies.

(ii) State plan

The State educational agency shall develop, not later than 90 days after the State reserves funds under this paragraph, annually review, and amend as necessary, a State plan for the high cost fund. Such State plan shall—

(E) Legal fees

The disbursements under subparagraph (D) shall not support legal fees, court costs, or other

costs associated with a cause of action brought on behalf of a child with a disability to ensure a free appropriate public education for such child.

(F) Assurance of a free appropriate public education

Nothing in this paragraph shall be construed—

(i) to limit or condition the right of a child with a disability who is assisted under this subchapter to receive a free appropriate public education pursuant to section 1412(a)(1) of this title in the least restrictive environment pursuant to section 1412(a)(5) of this title; or

(H) Medicaid services not affected

Disbursements provided under this paragraph shall not be used to pay costs that otherwise would be reimbursed as medical assistance for a child with a disability under the State medicaid program under title XIX of the Social Security Act [42 U.S.C. 1396 et seq.].

(I) Remaining funds

Funds reserved under subparagraph (A) in any fiscal year but not expended in that fiscal year pursuant to subparagraph (D) shall be allocated to local educational agencies for the succeeding fiscal year in the same manner as funds are allocated to local educational agencies under subsection (f) for the succeeding fiscal year.

(4) Inapplicability of certain prohibitions

A State may use funds the State reserves under paragraphs (1) and (2) without regard to—

(A) the prohibition on commingling of funds in section 1412(a)(17)(B) of this title; and

(B) the prohibition on supplanting other funds in section 1412(a)(17)(C) of this title.

(5) Report on use of funds

As part of the information required to be submitted to the Secretary under section 1412 of this title, each State shall annually describe how amounts under this section—

under section 1419 of this title and who previously received services under subchapter III until such children enter, or are eligible under State law to enter, kindergarten, or elementary school as appropriate.

(f) Subgrants to local educational agencies

(1) Subgrants required

Each State that receives a grant under this section for any fiscal year shall distribute any funds the State does not reserve under subsection (e) to local educational agencies (including public charter schools that operate as local educational agencies) in the State that have established their eligibility under section 1413 of this title for use in accordance with this subchapter.

(2) Procedure for allocations to local educational agencies

For each fiscal year for which funds are allocated to States under subsection (d), each State shall allocate funds under paragraph (1) as follows:

(A) Base payments

The State shall first award each local educational agency described in paragraph (1) the amount the local educational agency would have received under this section for fiscal year 1999, if the State had distributed 75 percent of its grant for that year under section 1411(d) of this title as section 1411(d) was then in effect.

(B) Allocation of remaining funds

After making allocations under subparagraph (A), the State shall—

(i) allocate 85 percent of any remaining funds to those local educational agencies on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the local educational agency's jurisdiction; and

(ii) allocate 15 percent of those remaining funds to those local educational agencies in accordance with their relative numbers of children living in poverty, as determined by the State educational agency.

(3) Reallocation of funds

If a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all children with disabilities residing in the area served by that local educational agency with State and local funds, the State educational agency may reallocate any portion of the funds under this subchapter that are not needed by that local educational agency to provide a free appropriate public education to other local educational agencies in the State that are not adequately providing special education and related services to all children with disabilities residing in the areas served by those other local educational agencies.

(g) Definitions

In this section:

(1) Average per-pupil expenditure in public elementary schools and secondary schools in the United States

The term “average per-pupil expenditure in public elementary schools and secondary schools in the United States” means—

(A) without regard to the source of funds—

(i) the aggregate current expenditures, during the second fiscal year preceding the fiscal year for which the determination is made (or, if satisfactory data for that year are not available, during the most recent preceding fiscal year for which satisfactory data are available) of all local educational agencies in the 50 States and the District of Columbia; plus

(ii) any direct expenditures by the State for the operation of those agencies; divided by

The Secretary of the Interior shall be responsible for meeting all of the requirements of this subchapter for those children, in accordance with paragraph (2).

(C) Additional requirement

With respect to all other children aged 3 to 21, inclusive, on reservations, the State educational agency shall be responsible for ensuring that all of the requirements of this subchapter are implemented.

(2) Submission of information

The Secretary of Education may provide the Secretary of the Interior amounts under paragraph (1) for a fiscal year only if the Secretary of the Interior submits to the Secretary of Education information that—

(A) demonstrates that the Department of the Interior meets the appropriate requirements, as determined by the Secretary of Education, of sections 1412 of this title (including monitoring and evaluation activities) and 1413 of this title;

(B) includes a description of how the Secretary of the Interior will coordinate the provision of services under this subchapter with local educational agencies, tribes and tribal organizations, and other private and Federal service providers;

(C) includes an assurance that there are public hearings, adequate notice of such hearings, and an opportunity for comment afforded to members of tribes, tribal governing bodies, and affected local school boards before the adoption of the policies, programs, and procedures related to the requirements described in subparagraph (A);

(D) includes an assurance that the Secretary of the Interior will provide such information as the Secretary of Education may require to comply with section 1418 of this title;

(E) includes an assurance that the Secretary of the Interior and the Secretary of Health and Human Services have entered into a memorandum of agreement, to be provided to the Secretary of Education, for the coordination of services, resources, and personnel between their respective Federal, State, and local offices and with State and local educational agencies and other entities to facilitate the provision of services to Indian children with disabilities residing on or near reservations (such agreement shall provide for the apportionment of responsibilities and costs, including child find, evaluation, diagnosis, remediation or therapeutic measures, and (where

appropriate) equipment and medical or personal supplies as needed for a child to remain in school or a program); and

(F) includes an assurance that the Department of the Interior will cooperate with the Department of Education in its exercise of monitoring and oversight of this application, and any agreements entered into between the Secretary of the Interior and other entities under this subchapter, and will fulfill its duties under this subchapter.

(3) Applicability

The Secretary shall withhold payments under this subsection with respect to the information described in paragraph (2) in the same manner as the Secretary withholds payments under section 1416(e)(6) of this title.

(4) Payments for education and services for Indian children with disabilities aged 3 through 5

(A) In general

With funds appropriated under subsection (i), the Secretary of Education shall make payments to the Secretary of the Interior to be distributed to tribes or tribal organizations (as defined under section 450b of title 25) or consortia of tribes or tribal organizations to provide for the coordination of assistance for special education and related services for children with disabilities aged 3 through 5 on reservations served by elementary schools and secondary schools for Indian children operated or funded by the Department of the Interior. The amount of such payments under subparagraph (B) for any fiscal year shall be equal to 20 percent of the amount allotted under subsection (b)(2).

(B) Distribution of funds

The Secretary of the Interior shall distribute the total amount of the payment under subparagraph (A) by allocating to each tribe, tribal organization, or consortium an amount based on the number of children with disabilities aged 3 through 5 residing on reservations as reported annually, divided by the total of those children served by all tribes or tribal organizations.

(C) Submission of information

To receive a payment under this paragraph, the tribe or tribal organization shall submit such figures to the Secretary of the Interior as required to determine the amounts to be allocated under subparagraph (B). This information shall be compiled and submitted to the Secretary of Education.

(D) Use of funds

The funds received by a tribe or tribal organization shall be used to assist in child find, screening, and other procedures for the early identification of children aged 3 through 5, parent training, and the provision of direct services. These activities may be carried out directly or through contracts or cooperative agreements with the BIA, local educational agencies, and other public or private nonprofit organizations. The tribe or tribal organization is encouraged to involve Indian parents in the development and implementation of these activities. The Secretary of the Interior shall include a summary of this information on a biennial basis in the report to the Secretary of Education required under this subsection. The Secretary of Education may require any additional information from the Secretary of the Interior.

Such plan shall provide for the coordination of services benefiting those children from whatever source, including tribes, the Indian Health Service, other BIA divisions, and other Federal agencies. In developing the plan, the Secretary of the Interior shall consult with all interested and involved parties. The plan shall be based on the needs of the children and the system best suited for meeting those needs, and may involve the establishment of cooperative agreements between the BIA, other Federal agencies, and other entities. The plan shall also be distributed upon request to States, State educational agencies and local educational agencies, and other agencies providing services to infants, toddlers, and children with disabilities, to tribes, and to other interested parties.

(6) Establishment of advisory board

§1412. State eligibility

(a) In general

A State is eligible for assistance under this subchapter for a fiscal year if the State submits a plan that provides assurances to the Secretary that the State has in effect policies and procedures to ensure that the State meets each of the following conditions:

(1) Free appropriate public education

(A) In general

A free appropriate public education is available to all children with disabilities residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have

been suspended or expelled from school.

(B) Limitation

The obligation to make a free appropriate public education available to all children with disabilities does not apply with respect to children—

(i) aged 3 through 5 and 18 through 21 in a State to the extent that its application to those children would be inconsistent with State law or practice, or the order of any court, respecting the provision of public education to children in those age ranges; and

(ii) aged 18 through 21 to the extent that State law does not require that special education and related services under this subchapter be provided to children with disabilities who, in the educational placement prior to their incarceration in an adult correctional facility—

(I) were not actually identified as being a child with a disability under section 1401 of this title; or

(II) did not have an individualized education program under this subchapter.

(C) State flexibility

A State that provides early intervention services in accordance with subchapter III to a child who is eligible for services under section 1419 of this title, is not required to provide such child with a free appropriate public education.

(2) Full educational opportunity goal

The State has established a goal of providing full educational opportunity to all children with disabilities and a detailed timetable for accomplishing that goal.

(3) Child find

(A) In general

All children with disabilities residing in the State, including children with disabilities who are homeless children or are wards of the State and children with disabilities attending private schools, regardless of the severity of their disabilities, and who are in need of special education and related services, are identified, located, and evaluated and a practical method is developed and implemented to determine which children with disabilities are currently receiving needed special education and related services.

(B) Construction

Nothing in this chapter requires that children be classified by their disability so long as each child who has a disability listed in section 1401 of this title and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under this subchapter.

(4) Individualized education program

An individualized education program, or an individualized family service plan that meets the requirements of section 1436(d) of this title, is developed, reviewed, and revised for each child with a disability in accordance with section 1414(d) of this title.

(5) Least restrictive environment

(A) In general

To the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are not disabled, and special classes, separate schooling, or other removal of children with disabilities from the regular educational environment occurs only when the nature or severity of the disability of a child is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

(B) Additional requirement

(i) In general

A State funding mechanism shall not result in placements that violate the requirements of subparagraph (A), and a State shall not use a funding mechanism by which the State distributes funds on the basis of the type of setting in which a child is served that will result in the failure to provide a child with a disability a free appropriate public education according to the unique needs of the child as described in the child's IEP.

(ii) Assurance

If the State does not have policies and procedures to ensure compliance with clause (i), the State shall provide the Secretary an assurance that the State will revise the funding mechanism as soon as feasible to ensure that such mechanism does not result in such placements.

(6) Procedural safeguards

(A) In general

Children with disabilities and their parents are afforded the procedural safeguards required by section 1415 of this title.

(B) Additional procedural safeguards

Procedures to ensure that testing and evaluation materials and procedures utilized for the purposes of evaluation and placement of children with disabilities for services under this chapter will be selected and administered so as not to be racially or culturally discriminatory. Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

(7) Evaluation

Children with disabilities are evaluated in accordance with subsections (a) through (c) of section 1414 of this title.

(8) Confidentiality

Agencies in the State comply with section 1417(c) of this title (relating to the confidentiality of records and information).

(9) Transition from subchapter III to preschool programs

Children participating in early intervention programs assisted under subchapter III, and who will participate in preschool programs assisted under this subchapter, experience a smooth and effective transition to those preschool programs in a manner consistent with section 1437(a)(9) of this title. By the third birthday of such a child, an individualized education program or, if consistent with sections 1414(d)(2)(B) and 1436(d) of this title, an individualized family service plan, has been developed and is being implemented for the child. The local educational agency will participate in transition planning conferences arranged by the designated lead agency under section 1435(a)(10) of this title.

(10) Children in private schools

(A) Children enrolled in private schools by their parents

(i) In general

To the extent consistent with the number and location of children with disabilities in the State who are enrolled by their parents in private elementary schools and secondary schools in the school district served by a local educational agency, provision is made for the participation of those children in the program assisted or carried out under this subchapter by providing for such children special education and related services in accordance with the following requirements, unless the Secretary has arranged for services to those children under subsection (f):

(I) Amounts to be expended for the provision of those services (including direct services to parentally placed private school children) by the local educational agency shall be equal

to a proportionate amount of Federal funds made available under this subchapter.

(II) In calculating the proportionate amount of Federal funds, the local educational agency, after timely and meaningful consultation with representatives of private schools as described in clause (iii), shall conduct a thorough and complete child find process to determine the number of parentally placed children with disabilities attending private schools located in the local educational agency.

(III) Such services to parentally placed private school children with disabilities may be provided to the children on the premises of private, including religious, schools, to the extent consistent with law.

(IV) State and local funds may supplement and in no case shall supplant the proportionate amount of Federal funds required to be expended under this subparagraph.

(V) Each local educational agency shall maintain in its records and provide to the State educational agency the number of children evaluated under this subparagraph, the number of children determined to be children with disabilities under this paragraph, and the number of children served under this paragraph.

(ii) Child find requirement

(I) In general

The requirements of paragraph (3) (relating to child find) shall apply with respect to children with disabilities in the State who are enrolled in private, including religious, elementary schools and secondary schools.

(II) Equitable participation

The child find process shall be designed to ensure the equitable participation of parentally placed private school children with disabilities and an accurate count of such children.

(III) Activities

In carrying out this clause, the local educational agency, or where applicable, the State educational agency, shall undertake activities similar to those activities undertaken for the agency's public school children.

(IV) Cost

The cost of carrying out this clause, including individual evaluations, may not be considered in determining whether a local educational agency has met its obligations under clause (i).

(V) Completion period

Such child find process shall be completed in a time period comparable to that for other students attending public schools in the local educational agency.

(iii) Consultation

To ensure timely and meaningful consultation, a local educational agency, or where appropriate, a State educational agency, shall consult with private school representatives and representatives of parents of parentally placed private school children with disabilities during the design and development of special education and related services for the children, including regarding—

(I) the child find process and how parentally placed private school children suspected of having a disability can participate equitably, including how parents, teachers, and private school officials will be informed of the process;

(II) the determination of the proportionate amount of Federal funds available to serve parentally placed private school children with disabilities under this subparagraph, including the determination of how the amount was calculated;

(III) the consultation process among the local educational agency, private school officials, and representatives of parents of parentally placed private school children with

disabilities, including how such process will operate throughout the school year to ensure that parentally placed private school children with disabilities identified through the child find process can meaningfully participate in special education and related services;

(IV) how, where, and by whom special education and related services will be provided for parentally placed private school children with disabilities, including a discussion of types of services, including direct services and alternate service delivery mechanisms, how such services will be apportioned if funds are insufficient to serve all children, and how and when these decisions will be made; and

(V) how, if the local educational agency disagrees with the views of the private school officials on the provision of services or the types of services, whether provided directly or through a contract, the local educational agency shall provide to the private school officials a written explanation of the reasons why the local educational agency chose not to provide services directly or through a contract.

(iv) Written affirmation

When timely and meaningful consultation as required by clause (iii) has occurred, the local educational agency shall obtain a written affirmation signed by the representatives of participating private schools, and if such representatives do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation of the consultation process to the State educational agency.

(v) Compliance

(I) In general

A private school official shall have the right to submit a complaint to the State educational agency that the local educational agency did not engage in consultation that was meaningful and timely, or did not give due consideration to the views of the private school official.

(II) Procedure

If the private school official wishes to submit a complaint, the official shall provide the basis of the noncompliance with this subparagraph by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency. If the private school official is dissatisfied with the decision of the State educational agency, such official may submit a complaint to the Secretary by providing the basis of the noncompliance with this subparagraph by the local educational agency to the Secretary, and the State educational agency shall forward the appropriate documentation to the Secretary.

(vi) Provision of equitable services

(I) Directly or through contracts

The provision of services pursuant to this subparagraph shall be provided—

- (aa) by employees of a public agency; or
- (bb) through contract by the public agency with an individual, association, agency, organization, or other entity.

(II) Secular, neutral, nonideological

Special education and related services provided to parentally placed private school children with disabilities, including materials and equipment, shall be secular, neutral, and nonideological.

(vii) Public control of funds

The control of funds used to provide special education and related services under this subparagraph, and title to materials, equipment, and property purchased with those funds, shall be in a public agency for the uses and purposes provided in this chapter, and a public agency shall administer the funds and property.

(B) Children placed in, or referred to, private schools by public agencies

(i) In general

Children with disabilities in private schools and facilities are provided special education and related services, in accordance with an individualized education program, at no cost to their parents, if such children are placed in, or referred to, such schools or facilities by the State or appropriate local educational agency as the means of carrying out the requirements of this subchapter or any other applicable law requiring the provision of special education and related services to all children with disabilities within such State.

(ii) Standards

In all cases described in clause (i), the State educational agency shall determine whether such schools and facilities meet standards that apply to State educational agencies and local educational agencies and that children so served have all the rights the children would have if served by such agencies.

(C) Payment for education of children enrolled in private schools without consent of or referral by the public agency

(i) In general

Subject to subparagraph (A), this subchapter does not require a local educational agency to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made a free appropriate public education available to the child and the parents elected to place the child in such private school or facility.

(ii) Reimbursement for private school placement

If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private elementary school or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made a free appropriate public education available to the child in a timely manner prior to that enrollment.

(iii) Limitation on reimbursement

The cost of reimbursement described in clause (ii) may be reduced or denied—

(I) if—

(aa) at the most recent IEP meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide a free appropriate public education to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

(bb) 10 business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in item (aa);

(II) if, prior to the parents' removal of the child from the public school, the public agency informed the parents, through the notice requirements described in section 1415(b)(3) of this title, of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for such evaluation; or

(III) upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(iv) Exception

Notwithstanding the notice requirement in clause (iii)(I), the cost of reimbursement—

(I) shall not be reduced or denied for failure to provide such notice if—

- (aa) the school prevented the parent from providing such notice;
- (bb) the parents had not received notice, pursuant to section 1415 of this title, of the notice requirement in clause (iii)(I); or
- (cc) compliance with clause (iii)(I) would likely result in physical harm to the child; and

(II) may, in the discretion of a court or a hearing officer, not be reduced or denied for failure to provide such notice if—

- (aa) the parent is illiterate or cannot write in English; or
- (bb) compliance with clause (iii)(I) would likely result in serious emotional harm to the child.

(11) State educational agency responsible for general supervision

(A) In general

The State educational agency is responsible for ensuring that—

- (i) the requirements of this subchapter are met;
- (ii) all educational programs for children with disabilities in the State, including all such programs administered by any other State agency or local agency—
 - (I) are under the general supervision of individuals in the State who are responsible for educational programs for children with disabilities; and
 - (II) meet the educational standards of the State educational agency; and

(iii) in carrying out this subchapter with respect to homeless children, the requirements of subtitle B of title VII of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.) are met.

(B) Limitation

Subparagraph (A) shall not limit the responsibility of agencies in the State other than the State educational agency to provide, or pay for some or all of the costs of, a free appropriate public education for any child with a disability in the State.

(C) Exception

Notwithstanding subparagraphs (A) and (B), the Governor (or another individual pursuant to State law), consistent with State law, may assign to any public agency in the State the responsibility of ensuring that the requirements of this subchapter are met with respect to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons.

(12) Obligations related to and methods of ensuring services

(A) Establishing responsibility for services

The Chief Executive Officer of a State or designee of the officer shall ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each public agency described in subparagraph (B) and the State educational agency, in order to ensure that all services described in subparagraph (B)(i) that are needed to ensure a free appropriate public education are provided, including the provision of such services during the pendency of any dispute under clause (iii). Such agreement or mechanism shall include the following:

(i) Agency financial responsibility

An identification of, or a method for defining, the financial responsibility of each agency for providing services described in subparagraph (B)(i) to ensure a free appropriate public education to children with disabilities, provided that the financial responsibility of each

public agency described in subparagraph (B), including the State medicaid agency and other public insurers of children with disabilities, shall precede the financial responsibility of the local educational agency (or the State agency responsible for developing the child's IEP).

(ii) Conditions and terms of reimbursement

The conditions, terms, and procedures under which a local educational agency shall be reimbursed by other agencies.

(iii) Interagency disputes

Procedures for resolving interagency disputes (including procedures under which local educational agencies may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.

(iv) Coordination of services procedures

Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in subparagraph (B)(i).

(B) Obligation of public agency

(i) In general

If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy pursuant to subparagraph (A), to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in section 1401(1) relating to assistive technology devices, 1401(2) relating to assistive technology services, 1401(26) relating to related services, 1401(33) relating to supplementary aids and services, and 1401(34) of this title relating to transition services) that are necessary for ensuring a free appropriate public education to children with disabilities within the State, such public agency shall fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to subparagraph (A) or an agreement pursuant to subparagraph (C).

(ii) Reimbursement for services by public agency

If a public agency other than an educational agency fails to provide or pay for the special education and related services described in clause (i), the local educational agency (or State agency responsible for developing the child's IEP) shall provide or pay for such services to the child. Such local educational agency or State agency is authorized to claim reimbursement for the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism described in subparagraph (A)(i) according to the procedures established in such agreement pursuant to subparagraph (A)(ii).

(C) Special rule

The requirements of subparagraph (A) may be met through—

- (i) State statute or regulation;
- (ii) signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or
- (iii) other appropriate written methods as determined by the Chief Executive Officer of the State or designee of the officer and approved by the Secretary.

(13) Procedural requirements relating to local educational agency eligibility

The State educational agency will not make a final determination that a local educational agency is not eligible for assistance under this subchapter without first affording that agency reasonable notice and an opportunity for a hearing.

(14) Personnel qualifications

(A) In general

The State educational agency has established and maintains qualifications to ensure that personnel necessary to carry out this subchapter are appropriately and adequately prepared and trained, including that those personnel have the content knowledge and skills to serve children with disabilities.

(B) Related services personnel and paraprofessionals

The qualifications under subparagraph (A) include qualifications for related services personnel and paraprofessionals that—

- (i) are consistent with any State-approved or State-recognized certification, licensing, registration, or other comparable requirements that apply to the professional discipline in which those personnel are providing special education or related services;
- (ii) ensure that related services personnel who deliver services in their discipline or profession meet the requirements of clause (i) and have not had certification or licensure requirements waived on an emergency, temporary, or provisional basis; and
- (iii) allow paraprofessionals and assistants who are appropriately trained and supervised, in accordance with State law, regulation, or written policy, in meeting the requirements of this subchapter to be used to assist in the provision of special education and related services under this subchapter to children with disabilities.

(C) Qualifications for special education teachers

The qualifications described in subparagraph (A) shall ensure that each person employed as a special education teacher in the State who teaches elementary school, middle school, or secondary school is highly qualified by the deadline established in section 6319(a)(2) of this title.

(D) Policy

In implementing this section, a State shall adopt a policy that includes a requirement that local educational agencies in the State take measurable steps to recruit, hire, train, and retain highly qualified personnel to provide special education and related services under this subchapter to children with disabilities.

(E) Rule of construction

Notwithstanding any other individual right of action that a parent or student may maintain under this subchapter, nothing in this paragraph shall be construed to create a right of action on behalf of an individual student for the failure of a particular State educational agency or local educational agency staff person to be highly qualified, or to prevent a parent from filing a complaint about staff qualifications with the State educational agency as provided for under this subchapter.

(15) Performance goals and indicators

The State—

- (A) has established goals for the performance of children with disabilities in the State that—
 - (i) promote the purposes of this chapter, as stated in section 1400(d) of this title;
 - (ii) are the same as the State's definition of adequate yearly progress, including the State's objectives for progress by children with disabilities, under section 6311(b)(2)(C) of this title;
 - (iii) address graduation rates and dropout rates, as well as such other factors as the State may determine; and
 - (iv) are consistent, to the extent appropriate, with any other goals and standards for children established by the State;

(B) has established performance indicators the State will use to assess progress toward achieving the goals described in subparagraph (A), including measurable annual objectives for progress by children with disabilities under section 6311(b)(2)(C)(v)(II)(cc) of this title; and

(C) will annually report to the Secretary and the public on the progress of the State, and of children with disabilities in the State, toward meeting the goals established under subparagraph (A), which may include elements of the reports required under section 6311(h) of this title.

(16) Participation in assessments

(A) In general

All children with disabilities are included in all general State and districtwide assessment programs, including assessments described under section 6311 of this title, with appropriate accommodations and alternate assessments where necessary and as indicated in their respective individualized education programs.

(B) Accommodation guidelines

The State (or, in the case of a districtwide assessment, the local educational agency) has developed guidelines for the provision of appropriate accommodations.

(C) Alternate assessments

(i) In general

The State (or, in the case of a districtwide assessment, the local educational agency) has developed and implemented guidelines for the participation of children with disabilities in alternate assessments for those children who cannot participate in regular assessments under subparagraph (A) with accommodations as indicated in their respective individualized education programs.

(ii) Requirements for alternate assessments

The guidelines under clause (i) shall provide for alternate assessments that—

(I) are aligned with the State's challenging academic content standards and challenging student academic achievement standards; and

(II) if the State has adopted alternate academic achievement standards permitted under the regulations promulgated to carry out section 6311(b)(1) of this title, measure the achievement of children with disabilities against those standards.

(iii) Conduct of alternate assessments

The State conducts the alternate assessments described in this subparagraph.

(D) Reports

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) makes available to the public, and reports to the public with the same frequency and in the same detail as it reports on the assessment of nondisabled children, the following:

(i) The number of children with disabilities participating in regular assessments, and the number of those children who were provided accommodations in order to participate in those assessments.

(ii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(I).

(iii) The number of children with disabilities participating in alternate assessments described in subparagraph (C)(ii)(II).

(iv) The performance of children with disabilities on regular assessments and on alternate assessments (if the number of children with disabilities participating in those assessments is sufficient to yield statistically reliable information and reporting that information will not reveal personally identifiable information about an individual student), compared with the achievement of all children, including children with disabilities, on those assessments.

(E) Universal design

The State educational agency (or, in the case of a districtwide assessment, the local educational agency) shall, to the extent feasible, use universal design principles in developing

and administering any assessments under this paragraph.

(17) Supplementation of State, local, and other Federal funds

(A) Expenditures

Funds paid to a State under this subchapter will be expended in accordance with all the provisions of this subchapter.

(B) Prohibition against commingling

Funds paid to a State under this subchapter will not be commingled with State funds.

(C) Prohibition against supplantation and conditions for waiver by Secretary

Except as provided in section 1413 of this title, funds paid to a State under this subchapter will be used to supplement the level of Federal, State, and local funds (including funds that are not under the direct control of State or local educational agencies) expended for special education and related services provided to children with disabilities under this subchapter and in no case to supplant such Federal, State, and local funds, except that, where the State provides clear and convincing evidence that all children with disabilities have available to them a free appropriate public education, the Secretary may waive, in whole or in part, the requirements of this subparagraph if the Secretary concurs with the evidence provided by the State.

(18) Maintenance of State financial support

(A) In general

The State does not reduce the amount of State financial support for special education and related services for children with disabilities, or otherwise made available because of the excess costs of educating those children, below the amount of that support for the preceding fiscal year.

(B) Reduction of funds for failure to maintain support

The Secretary shall reduce the allocation of funds under section 1411 of this title for any fiscal year following the fiscal year in which the State fails to comply with the requirement of subparagraph (A) by the same amount by which the State fails to meet the requirement.

(C) Waivers for exceptional or uncontrollable circumstances

The Secretary may waive the requirement of subparagraph (A) for a State, for 1 fiscal year at a time, if the Secretary determines that—

- (i) granting a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State; or
- (ii) the State meets the standard in paragraph (17)(C) for a waiver of the requirement to supplement, and not to supplant, funds received under this subchapter.

(D) Subsequent years

If, for any year, a State fails to meet the requirement of subparagraph (A), including any year for which the State is granted a waiver under subparagraph (C), the financial support required of the State in future years under subparagraph (A) shall be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

(19) Public participation

Prior to the adoption of any policies and procedures needed to comply with this section (including any amendments to such policies and procedures), the State ensures that there are public hearings, adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.

(20) Rule of construction

In complying with paragraphs (17) and (18), a State may not use funds paid to it under this subchapter to satisfy State-law mandated funding obligations to local educational agencies, including funding based on student attendance or enrollment, or inflation.

(21) State advisory panel

(A) In general

The State has established and maintains an advisory panel for the purpose of providing policy guidance with respect to special education and related services for children with disabilities in the State.

(B) Membership

Such advisory panel shall consist of members appointed by the Governor, or any other official authorized under State law to make such appointments, be representative of the State population, and be composed of individuals involved in, or concerned with, the education of children with disabilities, including—

(C) Special rule

A majority of the members of the panel shall be individuals with disabilities or parents of children with disabilities (ages birth through 26).

- (v) advise the State educational agency in developing and implementing policies relating to the coordination of services for children with disabilities.

(22) Suspension and expulsion rates

(A) In general

The State educational agency examines data, including data disaggregated by race and ethnicity, to determine if significant discrepancies are occurring in the rate of long-term suspensions and expulsions of children with disabilities—

- (i) among local educational agencies in the State; or
- (ii) compared to such rates for nondisabled children within such agencies.

(B) Review and revision of policies

If such discrepancies are occurring, the State educational agency reviews and, if appropriate, revises (or requires the affected State or local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with this chapter.

(23) Access to instructional materials

(A) In general

The State adopts the National Instructional Materials Accessibility Standard for the purposes of providing instructional materials to blind persons or other persons with print disabilities, in a timely manner after the publication of the National Instructional Materials Accessibility Standard in the Federal Register.

(B) Rights of State educational agency

Nothing in this paragraph shall be construed to require any State educational agency to coordinate with the National Instructional Materials Access Center. If a State educational agency chooses not to coordinate with the National Instructional Materials Access Center, such agency shall provide an assurance to the Secretary that the agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

(C) Preparation and delivery of files

If a State educational agency chooses to coordinate with the National Instructional Materials Access Center, not later than 2 years after December 3, 2004, the agency, as part of any print instructional materials adoption process, procurement contract, or other practice or instrument used for purchase of print instructional materials, shall enter into a written contract with the publisher of the print instructional materials to—

- (i) require the publisher to prepare and, on or before delivery of the print instructional materials, provide to the National Instructional Materials Access Center electronic files containing the contents of the print instructional materials using the National Instructional Materials Accessibility Standard; or
- (ii) purchase instructional materials from the publisher that are produced in, or may be rendered in, specialized formats.

(D) Assistive technology

In carrying out this paragraph, the State educational agency, to the maximum extent possible, shall work collaboratively with the State agency responsible for assistive technology programs.

(iii) Specialized formats

The term “specialized formats” has the meaning given the term in section 1474(e)(3)(D) of this title.

(24) Overidentification and disproportionality

The State has in effect, consistent with the purposes of this chapter and with section 1418(d) of this title, policies and procedures designed to prevent the inappropriate overidentification or

disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment described in section 1401 of this title.

(25) Prohibition on mandatory medication

(A) In general

The State educational agency shall prohibit State and local educational agency personnel from requiring a child to obtain a prescription for a substance covered by the Controlled Substances Act (21 U.S.C. 801 et seq.) as a condition of attending school, receiving an evaluation under subsection (a) or (c) of section 1414 of this title, or receiving services under this chapter.

(B) Rule of construction

Nothing in subparagraph (A) shall be construed to create a Federal prohibition against teachers and other school personnel consulting or sharing classroom-based observations with parents or guardians regarding a student's academic and functional performance, or behavior in the classroom or school, or regarding the need for evaluation for special education or related services under paragraph (3).

(b) State educational agency as provider of free appropriate public education or direct services

If the State educational agency provides free appropriate public education to children with disabilities, or provides direct services to such children, such agency—

(1) shall comply with any additional requirements of section 1413(a) of this title, as if such agency were a local educational agency; and

(2) may use amounts that are otherwise available to such agency under this subchapter to serve those children without regard to section 1413(a)(2)(A)(i) of this title (relating to excess costs).

(c) Exception for prior State plans

(1) In general

If a State has on file with the Secretary policies and procedures that demonstrate that such State meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the Secretary shall consider such State to have met such requirement for purposes of receiving a grant under this subchapter.

(2) Modifications made by State

Subject to paragraph (3), an application submitted by a State in accordance with this section shall remain in effect until the State submits to the Secretary such modifications as the State determines necessary. This section shall apply to a modification to an application to the same extent and in the same manner as this section applies to the original plan.

(3) Modifications required by the Secretary

If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by a Federal court or a State's highest court, or there is an official finding of noncompliance with Federal law or regulations, then the Secretary may require a State to modify its application only to the extent necessary to ensure the State's compliance with this subchapter.

(d) Approval by the Secretary

(1) In general

If the Secretary determines that a State is eligible to receive a grant under this subchapter, the Secretary shall notify the State of that determination.

(2) Notice and hearing

The Secretary shall not make a final determination that a State is not eligible to receive a grant under this subchapter until after providing the State—

- (A) with reasonable notice; and
- (B) with an opportunity for a hearing.

(e) Assistance under other Federal programs

Nothing in this chapter permits a State to reduce medical and other assistance available, or to alter eligibility, under titles V and XIX of the Social Security Act [42 U.S.C. 701 et seq., 1396 et seq.] with respect to the provision of a free appropriate public education for children with disabilities in the State.

(f) By-pass for children in private schools

(1) In general

If, on December 2, 1983, a State educational agency was prohibited by law from providing for the equitable participation in special programs of children with disabilities enrolled in private elementary schools and secondary schools as required by subsection (a)(10)(A), or if the Secretary determines that a State educational agency, local educational agency, or other entity has substantially failed or is unwilling to provide for such equitable participation, then the Secretary shall, notwithstanding such provision of law, arrange for the provision of services to such children through arrangements that shall be subject to the requirements of such subsection.

(2) Payments

(A) Determination of amounts

If the Secretary arranges for services pursuant to this subsection, the Secretary, after consultation with the appropriate public and private school officials, shall pay to the provider of such services for a fiscal year an amount per child that does not exceed the amount determined by dividing—

- (i) the total amount received by the State under this subchapter for such fiscal year; by
- (ii) the number of children with disabilities served in the prior year, as reported to the Secretary by the State under section 1418 of this title.

(B) Withholding of certain amounts

Pending final resolution of any investigation or complaint that may result in a determination under this subsection, the Secretary may withhold from the allocation of the affected State educational agency the amount the Secretary estimates will be necessary to pay the cost of services described in subparagraph (A).

(C) Period of payments

The period under which payments are made under subparagraph (A) shall continue until the Secretary determines that there will no longer be any failure or inability on the part of the State educational agency to meet the requirements of subsection (a)(10)(A).

(3) Notice and hearing

(A) In general

The Secretary shall not take any final action under this subsection until the State educational agency affected by such action has had an opportunity, for not less than 45 days after receiving written notice thereof, to submit written objections and to appear before the Secretary or the Secretary's designee to show cause why such action should not be taken.

(B) Review of action

If a State educational agency is dissatisfied with the Secretary's final action after a proceeding under subparagraph (A), such agency may, not later than 60 days after notice of such action, file with the United States court of appeals for the circuit in which such State is located a petition for review of that action. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary. The Secretary thereupon shall file in the court the record of the

proceedings on which the Secretary based the Secretary's action, as provided in section 2112 of title 28.

(C) Review of findings of fact

The findings of fact by the Secretary, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Secretary to take further evidence, and the Secretary may thereupon make new or modified findings of fact and may modify the Secretary's previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

(D) Jurisdiction of court of appeals; review by United States Supreme Court

Upon the filing of a petition under subparagraph (B), the United States court of appeals shall have jurisdiction to affirm the action of the Secretary or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

§1413. Local educational agency eligibility

(a) In general

A local educational agency is eligible for assistance under this subchapter for a fiscal year if such agency submits a plan that provides assurances to the State educational agency that the local educational agency meets each of the following conditions:

(1) Consistency with State policies

The local educational agency, in providing for the education of children with disabilities within its jurisdiction, has in effect policies, procedures, and programs that are consistent with the State policies and procedures established under section 1412 of this title.

(2) Use of amounts

(A) In general

Amounts provided to the local educational agency under this subchapter shall be expended in accordance with the applicable provisions of this subchapter and—

- (i) shall be used only to pay the excess costs of providing special education and related services to children with disabilities;
- (ii) shall be used to supplement State, local, and other Federal funds and not to supplant such funds; and
- (iii) shall not be used, except as provided in subparagraphs (B) and (C), to reduce the level of expenditures for the education of children with disabilities made by the local educational agency from local funds below the level of those expenditures for the preceding fiscal year.

(B) Exception

Notwithstanding the restriction in subparagraph (A)(iii), a local educational agency may reduce the level of expenditures where such reduction is attributable to—

- (i) the voluntary departure, by retirement or otherwise, or departure for just cause, of special education personnel;
- (ii) a decrease in the enrollment of children with disabilities;
- (iii) the termination of the obligation of the agency, consistent with this subchapter, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the State educational agency, because the child—
 - (I) has left the jurisdiction of the agency;
 - (II) has reached the age at which the obligation of the agency to provide a free appropriate public education to the child has terminated; or
 - (III) no longer needs such program of special education; or

(iv) the termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

(C) Adjustment to local fiscal effort in certain fiscal years

(i) Amounts in excess

Notwithstanding clauses (ii) and (iii) of subparagraph (A), for any fiscal year for which the allocation received by a local educational agency under section 1411(f) of this title exceeds the amount the local educational agency received for the previous fiscal year, the local educational agency may reduce the level of expenditures otherwise required by subparagraph (A)(iii) by not more than 50 percent of the amount of such excess.

(ii) Use of amounts to carry out activities under ESEA

If a local educational agency exercises the authority under clause (i), the agency shall use an amount of local funds equal to the reduction in expenditures under clause (i) to carry out activities authorized under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.].

(iii) State prohibition

Notwithstanding clause (i), if a State educational agency determines that a local educational agency is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a) or the State educational agency has taken action against the local educational agency under section 1416 of this title, the State

educational agency shall prohibit the local educational agency from reducing the level of expenditures under clause (i) for that fiscal year.

(iv) Special rule

The amount of funds expended by a local educational agency under subsection (f) shall count toward the maximum amount of expenditures such local educational agency may reduce under clause (i).

(D) Schoolwide programs under title I of the ESEA

Notwithstanding subparagraph (A) or any other provision of this subchapter, a local educational agency may use funds received under this subchapter for any fiscal year to carry out a schoolwide program under section 1114 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6314], except that the amount so used in any such program shall not exceed—

(i) the number of children with disabilities participating in the schoolwide program; multiplied by

(ii)(I) the amount received by the local educational agency under this subchapter for that fiscal year; divided by

(II) the number of children with disabilities in the jurisdiction of that agency.

(3) Personnel development

The local educational agency shall ensure that all personnel necessary to carry out this subchapter are appropriately and adequately prepared, subject to the requirements of section 1412(a)(14) of this title and section 2122 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6622].

(4) Permissive use of funds

(A) Uses

Notwithstanding paragraph (2)(A) or section 1412(a)(17)(B) of this title (relating to commingled funds), funds provided to the local educational agency under this subchapter may be used for the following activities:

(i) Services and aids that also benefit nondisabled children

For the costs of special education and related services, and supplementary aids and services, provided in a regular class or other education-related setting to a child with a disability in accordance with the individualized education program of the child, even if 1 or more nondisabled children benefit from such services.

(ii) Early intervening services

To develop and implement coordinated, early intervening educational services in accordance with subsection (f).

(iii) High cost education and related services

To establish and implement cost or risk sharing funds, consortia, or cooperatives for the local educational agency itself, or for local educational agencies working in a consortium of which the local educational agency is a part, to pay for high cost special education and related services.

(B) Administrative case management

A local educational agency may use funds received under this subchapter to purchase appropriate technology for recordkeeping, data collection, and related case management activities of teachers and related services personnel providing services described in the individualized education program of children with disabilities, that is needed for the implementation of such case management activities.

(5) Treatment of charter schools and their students

In carrying out this subchapter with respect to charter schools that are public schools of the local educational agency, the local educational agency—

(A) serves children with disabilities attending those charter schools in the same manner as the local educational agency serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the local educational agency has a policy or practice of providing such services on the site to its other public schools; and

(B) provides funds under this subchapter to those charter schools—

(i) on the same basis as the local educational agency provides funds to the local educational agency's other public schools, including proportional distribution based on relative enrollment of children with disabilities; and

(ii) at the same time as the agency distributes other Federal funds to the agency's other public schools, consistent with the State's charter school law.

(6) Purchase of instructional materials

(A) In general

Not later than 2 years after December 3, 2004, a local educational agency that chooses to coordinate with the National Instructional Materials Access Center, when purchasing print instructional materials, shall acquire the print instructional materials in the same manner and subject to the same conditions as a State educational agency acquires print instructional materials under section 1412(a)(23) of this title.

(B) Rights of local educational agency

Nothing in this paragraph shall be construed to require a local educational agency to coordinate with the National Instructional Materials Access Center. If a local educational agency chooses not to coordinate with the National Instructional Materials Access Center, the local educational agency shall provide an assurance to the State educational agency that the local educational agency will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.

(7) Information for State educational agency

The local educational agency shall provide the State educational agency with information necessary to enable the State educational agency to carry out its duties under this subchapter, including, with respect to paragraphs (15) and (16) of section 1412(a) of this title, information relating to the performance of children with disabilities participating in programs carried out under this subchapter.

(8) Public information

The local educational agency shall make available to parents of children with disabilities and to the general public all documents relating to the eligibility of such agency under this subchapter.

(9) Records regarding migratory children with disabilities

The local educational agency shall cooperate in the Secretary's efforts under section 1308 of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6398] to ensure the linkage of records pertaining to migratory children with a disability for the purpose of electronically exchanging, among the States, health and educational information regarding such children.

(b) Exception for prior local plans

(1) In general

If a local educational agency or State agency has on file with the State educational agency policies and procedures that demonstrate that such local educational agency, or such State agency, as the case may be, meets any requirement of subsection (a), including any policies and procedures filed under this subchapter as in effect before the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the State educational agency shall consider such local educational agency or State agency, as the case may be, to have met such requirement for purposes of receiving assistance under this subchapter.

(2) Modification made by local educational agency

Subject to paragraph (3), an application submitted by a local educational agency in accordance with this section shall remain in effect until the local educational agency submits to the State educational agency such modifications as the local educational agency determines necessary.

(3) Modifications required by State educational agency

If, after the effective date of the Individuals with Disabilities Education Improvement Act of 2004, the provisions of this chapter are amended (or the regulations developed to carry out this chapter are amended), there is a new interpretation of this chapter by Federal or State courts, or there is an official finding of noncompliance with Federal or State law or regulations, then the State educational agency may require a local educational agency to modify its application only to the extent necessary to ensure the local educational agency's compliance with this subchapter or State law.

(c) Notification of local educational agency or State agency in case of ineligibility

If the State educational agency determines that a local educational agency or State agency is not eligible under this section, then the State educational agency shall notify the local educational agency or State agency, as the case may be, of that determination and shall provide such local educational agency or State agency with reasonable notice and an opportunity for a hearing.

(d) Local educational agency compliance**(1) In general**

If the State educational agency, after reasonable notice and an opportunity for a hearing, finds that a local educational agency or State agency that has been determined to be eligible under this section is failing to comply with any requirement described in subsection (a), the State educational agency shall reduce or shall not provide any further payments to the local educational agency or State agency until the State educational agency is satisfied that the local educational agency or State agency, as the case may be, is complying with that requirement.

(2) Additional requirement

Any State agency or local educational agency in receipt of a notice described in paragraph (1) shall, by means of public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency.

(3) Consideration

In carrying out its responsibilities under paragraph (1), the State educational agency shall consider any decision made in a hearing held under section 1415 of this title that is adverse to the local educational agency or State agency involved in that decision.

(e) Joint establishment of eligibility**(1) Joint establishment****(A) In general**

A State educational agency may require a local educational agency to establish its eligibility jointly with another local educational agency if the State educational agency determines that the local educational agency will be ineligible under this section because the local educational agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.

(B) Charter school exception

A State educational agency may not require a charter school that is a local educational agency to jointly establish its eligibility under subparagraph (A) unless the charter school is explicitly permitted to do so under the State's charter school law.

(2) Amount of payments

If a State educational agency requires the joint establishment of eligibility under paragraph (1), the total amount of funds made available to the affected local educational agencies shall be equal to the sum of the payments that each such local educational agency would have received under section 1411(f) of this title if such agencies were eligible for such payments.

(3) Requirements

Local educational agencies that establish joint eligibility under this subsection shall—

(A) adopt policies and procedures that are consistent with the State's policies and procedures under section 1412(a) of this title; and

(B) be jointly responsible for implementing programs that receive assistance under this subchapter.

(4) Requirements for educational service agencies

(A) In general

If an educational service agency is required by State law to carry out programs under this subchapter, the joint responsibilities given to local educational agencies under this subsection shall—

(i) not apply to the administration and disbursement of any payments received by that educational service agency; and

(ii) be carried out only by that educational service agency.

(B) Additional requirement

Notwithstanding any other provision of this subsection, an educational service agency shall provide for the education of children with disabilities in the least restrictive environment, as required by section 1412(a)(5) of this title.

(f) Early intervening services

(1) In general

A local educational agency may not use more than 15 percent of the amount such agency receives under this subchapter for any fiscal year, less any amount reduced by the agency pursuant to subsection (a)(2)(C), if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade 12 (with a particular emphasis on students in kindergarten through grade 3) who have not been identified as needing special education or related services but who need additional academic and behavioral support to succeed in a general education environment.

(2) Activities

In implementing coordinated, early intervening services under this subsection, a local educational agency may carry out activities that include—

(A) professional development (which may be provided by entities other than local educational agencies) for teachers and other school staff to enable such personnel to deliver scientifically based academic instruction and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and

(B) providing educational and behavioral evaluations, services, and supports, including scientifically based literacy instruction.

(3) Construction

Nothing in this subsection shall be construed to limit or create a right to a free appropriate public education under this subchapter.

(4) Reporting

Each local educational agency that develops and maintains coordinated, early intervening services under this subsection shall annually report to the State educational agency on—

- (A) the number of students served under this subsection; and
- (B) the number of students served under this subsection who subsequently receive special education and related services under this chapter during the preceding 2-year period.

(5) Coordination with Elementary and Secondary Education Act of 1965

Funds made available to carry out this subsection may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under, the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.] if such funds are used to supplement, and not supplant, funds made available under the Elementary and Secondary Education Act of 1965 for the activities and services assisted under this subsection.

(g) Direct services by the State educational agency

(1) In general

A State educational agency shall use the payments that would otherwise have been available to a local educational agency or to a State agency to provide special education and related services directly to children with disabilities residing in the area served by that local educational agency, or for whom that State agency is responsible, if the State educational agency determines that the local educational agency or State agency, as the case may be—

- (A) has not provided the information needed to establish the eligibility of such local educational agency or State agency under this section;
- (B) is unable to establish and maintain programs of free appropriate public education that meet the requirements of subsection (a);
- (C) is unable or unwilling to be consolidated with 1 or more local educational agencies in order to establish and maintain such programs; or
- (D) has 1 or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of such children.

(2) Manner and location of education and services

The State educational agency may provide special education and related services under paragraph (1) in such manner and at such locations (including regional or State centers) as the State educational agency considers appropriate. Such education and services shall be provided in accordance with this subchapter.

(h) State agency eligibility

Any State agency that desires to receive a subgrant for any fiscal year under section 1411(f) of this title shall demonstrate to the satisfaction of the State educational agency that—

- (1) all children with disabilities who are participating in programs and projects funded under this subchapter receive a free appropriate public education, and that those children and their parents are provided all the rights and procedural safeguards described in this subchapter; and
- (2) the agency meets such other conditions of this section as the Secretary determines to be appropriate.

(i) Disciplinary information

The State may require that a local educational agency include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit such statement to the same extent that such disciplinary information is included in, and transmitted with, the student records of nondisabled children. The statement may include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child. If the State adopts such a policy, and the child transfers from 1 school to another, the transmission of any of the child's records shall include both the child's current individualized education program and any such statement of current or previous disciplinary action that has been taken against the child.

(j) State agency flexibility

(1) Adjustment to State fiscal effort in certain fiscal years

For any fiscal year for which the allotment received by a State under section 1411 of this title exceeds the amount the State received for the previous fiscal year and if the State in school year 2003–2004 or any subsequent school year pays or reimburses all local educational agencies within the State from State revenue 100 percent of the non-Federal share of the costs of special education and related services, the State educational agency, notwithstanding paragraphs (17) and (18) of section 1412(a) of this title and section 1412(b) of this title, may reduce the level of expenditures from State sources for the education of children with disabilities by not more than 50 percent of the amount of such excess.

(2) Prohibition

Notwithstanding paragraph (1), if the Secretary determines that a State educational agency is unable to establish, maintain, or oversee programs of free appropriate public education that meet the requirements of this subchapter, or that the State needs assistance, intervention, or substantial intervention under section 1416(d)(2)(A) of this title, the Secretary shall prohibit the State educational agency from exercising the authority in paragraph (1).

(3) Education activities

If a State educational agency exercises the authority under paragraph (1), the agency shall use funds from State sources, in an amount equal to the amount of the reduction under paragraph (1), to support activities authorized under the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.] or to support need based student or teacher higher education programs.

(4) Report

For each fiscal year for which a State educational agency exercises the authority under paragraph (1), the State educational agency shall report to the Secretary the amount of expenditures reduced pursuant to such paragraph and the activities that were funded pursuant to paragraph (3).

(5) Limitation

Notwithstanding paragraph (1), a State educational agency may not reduce the level of expenditures described in paragraph (1) if any local educational agency in the State would, as a result of such reduction, receive less than 100 percent of the amount necessary to ensure that all children with disabilities served by the local educational agency receive a free appropriate public education from the combination of Federal funds received under this chapter and State funds received from the State educational agency.

§1414. Evaluations, eligibility determinations, individualized education programs, and educational placements

(a) Evaluations, parental consent, and reevaluations

(1) Initial evaluations

(A) In general

A State educational agency, other State agency, or local educational agency shall conduct a full and individual initial evaluation in accordance with this paragraph and subsection (b), before the initial provision of special education and related services to a child with a disability under this subchapter.

(B) Request for initial evaluation

Consistent with subparagraph (D), either a parent of a child, or a State educational agency, other State agency, or local educational agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

(C) Procedures

(i) In general

Such initial evaluation shall consist of procedures—

(I) to determine whether a child is a child with a disability (as defined in 1401 of this title) within 60 days of receiving parental consent for the evaluation, or, if the State establishes a timeframe within which the evaluation must be conducted, within such timeframe; and

(II) to determine the educational needs of such child.

(ii) Exception

The relevant timeframe in clause (i)(I) shall not apply to a local educational agency if—

(I) a child enrolls in a school served by the local educational agency after the relevant timeframe in clause (i)(I) has begun and prior to a determination by the child's previous local educational agency as to whether the child is a child with a disability (as defined in section 1401 of this title), but only if the subsequent local educational agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent local educational agency agree to a specific time when the evaluation will be completed; or

(II) the parent of a child repeatedly fails or refuses to produce the child for the evaluation.

(D) Parental consent

(i) In general

(I) Consent for initial evaluation

The agency proposing to conduct an initial evaluation to determine if the child qualifies as a child with a disability as defined in section 1401 of this title shall obtain informed consent from the parent of such child before conducting the evaluation. Parental consent for evaluation shall not be construed as consent for placement for receipt of special education and related services.

(II) Consent for services

An agency that is responsible for making a free appropriate public education available to a child with a disability under this subchapter shall seek to obtain informed consent from the parent of such child before providing special education and related services to the child.

(ii) Absence of consent

(I) For initial evaluation

If the parent of such child does not provide consent for an initial evaluation under clause (i)(I), or the parent fails to respond to a request to provide the consent, the local educational agency may pursue the initial evaluation of the child by utilizing the procedures described in section 1415 of this title, except to the extent inconsistent with State law relating to such parental consent.

(II) For services

If the parent of such child refuses to consent to services under clause (i)(II), the local educational agency shall not provide special education and related services to the child by utilizing the procedures described in section 1415 of this title.

(III) Effect on agency obligations

If the parent of such child refuses to consent to the receipt of special education and related services, or the parent fails to respond to a request to provide such consent—

(aa) the local educational agency shall not be considered to be in violation of the requirement to make available a free appropriate public education to the child for the failure to provide such child with the special education and related services for which the local educational agency requests such consent; and

(bb) the local educational agency shall not be required to convene an IEP meeting or develop an IEP under this section for the child for the special education and related services for which the local educational agency requests such consent.

(iii) Consent for wards of the State

(I) In general

If the child is a ward of the State and is not residing with the child's parent, the agency shall make reasonable efforts to obtain the informed consent from the parent (as defined in section 1401 of this title) of the child for an initial evaluation to determine whether the child is a child with a disability.

(II) Exception

The agency shall not be required to obtain informed consent from the parent of a child for an initial evaluation to determine whether the child is a child with a disability if—

(aa) despite reasonable efforts to do so, the agency cannot discover the whereabouts of the parent of the child;

(bb) the rights of the parents of the child have been terminated in accordance with State law; or

(cc) the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.

(E) Rule of construction

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

(2) Reevaluations

(A) In general

A local educational agency shall ensure that a reevaluation of each child with a disability is conducted in accordance with subsections (b) and (c)—

- (i) if the local educational agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
- (ii) if the child's parents or teacher requests a reevaluation.

(B) Limitation

A reevaluation conducted under subparagraph (A) shall occur—

- (i) not more frequently than once a year, unless the parent and the local educational agency agree otherwise; and
- (ii) at least once every 3 years, unless the parent and the local educational agency agree that a reevaluation is unnecessary.

(b) Evaluation procedures

(1) Notice

The local educational agency shall provide notice to the parents of a child with a disability, in accordance with subsections (b)(3), (b)(4), and (c) of section 1415 of this title, that describes any evaluation procedures such agency proposes to conduct.

(2) Conduct of evaluation

In conducting the evaluation, the local educational agency shall—

(A) use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information, including information provided by the parent, that may assist in determining—

- (i) whether the child is a child with a disability; and
- (ii) the content of the child's individualized education program, including information related to enabling the child to be involved in and progress in the general education curriculum, or, for preschool children, to participate in appropriate activities;

(B) not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability or determining an appropriate educational program for the child; and

(C) use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

(3) Additional requirements

Each local educational agency shall ensure that—

(A) assessments and other evaluation materials used to assess a child under this section—

- (i) are selected and administered so as not to be discriminatory on a racial or cultural basis;
- (ii) are provided and administered in the language and form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is not feasible to so provide or administer;
- (iii) are used for purposes for which the assessments or measures are valid and reliable;
- (iv) are administered by trained and knowledgeable personnel; and
- (v) are administered in accordance with any instructions provided by the producer of such assessments;

(B) the child is assessed in all areas of suspected disability;

(C) assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided; and

(D) assessments of children with disabilities who transfer from 1 school district to another school district in the same academic year are coordinated with such children's prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion

of full evaluations.

(4) Determination of eligibility and educational need

Upon completion of the administration of assessments and other evaluation measures—

(A) the determination of whether the child is a child with a disability as defined in section 1401(3) of this title and the educational needs of the child shall be made by a team of qualified professionals and the parent of the child in accordance with paragraph (5); and

(B) a copy of the evaluation report and the documentation of determination of eligibility shall be given to the parent.

(5) Special rule for eligibility determination

In making a determination of eligibility under paragraph (4)(A), a child shall not be determined to be a child with a disability if the determinant factor for such determination is—

(A) lack of appropriate instruction in reading, including in the essential components of reading instruction (as defined in section 6368(3) of this title);

(B) lack of instruction in math; or

(C) limited English proficiency.

(6) Specific learning disabilities

(A) In general

Notwithstanding section 1406(b) of this title, when determining whether a child has a specific learning disability as defined in section 1401 of this title, a local educational agency shall not be required to take into consideration whether a child has a severe discrepancy between achievement and intellectual ability in oral expression, listening comprehension, written expression, basic reading skill, reading comprehension, mathematical calculation, or mathematical reasoning.

(B) Additional authority

In determining whether a child has a specific learning disability, a local educational agency may use a process that determines if the child responds to scientific, research-based intervention as a part of the evaluation procedures described in paragraphs (2) and (3).

(c) Additional requirements for evaluation and reevaluations

(1) Review of existing evaluation data

As part of an initial evaluation (if appropriate) and as part of any reevaluation under this section, the IEP Team and other qualified professionals, as appropriate, shall—

(A) review existing evaluation data on the child, including—

(i) evaluations and information provided by the parents of the child;

(ii) current classroom-based, local, or State assessments, and classroom-based observations; and

(iii) observations by teachers and related services providers; and

(B) on the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine—

(i) whether the child is a child with a disability as defined in section 1401(3) of this title, and the educational needs of the child, or, in case of a reevaluation of a child, whether the child continues to have such a disability and such educational needs;

(ii) the present levels of academic achievement and related developmental needs of the child;

(iii) whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and

(iv) whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the

individualized education program of the child and to participate, as appropriate, in the general education curriculum.

(2) Source of data

The local educational agency shall administer such assessments and other evaluation measures as may be needed to produce the data identified by the IEP Team under paragraph (1)(B).

(3) Parental consent

Each local educational agency shall obtain informed parental consent, in accordance with subsection (a)(1)(D), prior to conducting any reevaluation of a child with a disability, except that such informed parental consent need not be obtained if the local educational agency can demonstrate that it had taken reasonable measures to obtain such consent and the child's parent has failed to respond.

(4) Requirements if additional data are not needed

If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability and to determine the child's educational needs, the local educational agency—

(A) shall notify the child's parents of—

- (i) that determination and the reasons for the determination; and
- (ii) the right of such parents to request an assessment to determine whether the child continues to be a child with a disability and to determine the child's educational needs; and

(B) shall not be required to conduct such an assessment unless requested to by the child's parents.

(5) Evaluations before change in eligibility

(A) In general

Except as provided in subparagraph (B), a local educational agency shall evaluate a child with a disability in accordance with this section before determining that the child is no longer a child with a disability.

(B) Exception

(i) In general

The evaluation described in subparagraph (A) shall not be required before the termination of a child's eligibility under this subchapter due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for a free appropriate public education under State law.

(ii) Summary of performance

For a child whose eligibility under this subchapter terminates under circumstances described in clause (i), a local educational agency shall provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals.

(d) Individualized education programs

(1) Definitions

In this chapter:

(A) Individualized education program

(i) In general

The term “individualized education program” or “IEP” means a written statement for each child with a disability that is developed, reviewed, and revised in accordance with this section and that includes—

(bb) meet each of the child's other educational needs that result from the child's disability;

(III) a description of how the child's progress toward meeting the annual goals described in subclause (II) will be measured and when periodic reports on the progress the child is making toward meeting the annual goals (such as through the use of quarterly or other periodic reports, concurrent with the issuance of report cards) will be provided;

(IV) a statement of the special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the child, or on behalf of the child, and a statement of the program modifications or supports for school personnel that will be provided for the child—

(aa) to advance appropriately toward attaining the annual goals;

(bb) to be involved in and make progress in the general education curriculum in accordance with subclause (I) and to participate in extracurricular and other nonacademic activities; and

(cc) to be educated and participate with other children with disabilities and nondisabled children in the activities described in this subparagraph;

(V) an explanation of the extent, if any, to which the child will not participate with nondisabled children in the regular class and in the activities described in subclause (IV)(cc);

(VI)(aa) a statement of any individual appropriate accommodations that are necessary to measure the academic achievement and functional performance of the child on State and districtwide assessments consistent with section 1412(a)(16)(A) of this title; and

(bb) if the IEP Team determines that the child shall take an alternate assessment on a particular State or districtwide assessment of student achievement, a statement of why—

(AA) the child cannot participate in the regular assessment; and

(BB) the particular alternate assessment selected is appropriate for the child;

(VII) the projected date for the beginning of the services and modifications described in subclause (IV), and the anticipated frequency, location, and duration of those services and modifications; and

(VIII) beginning not later than the first IEP to be in effect when the child is 16, and updated annually thereafter—

(bb) the transition services (including courses of study) needed to assist the child in reaching those goals; and

(cc) beginning not later than 1 year before the child reaches the age of majority under State law, a statement that the child has been informed of the child's rights under this

chapter, if any, that will transfer to the child on reaching the age of majority under section 1415(m) of this title.

(ii) Rule of construction

Nothing in this section shall be construed to require—

(I) that additional information be included in a child's IEP beyond what is explicitly required in this section; and

(II) the IEP Team to include information under 1 component of a child's IEP that is already contained under another component of such IEP.

(B) Individualized education program team

The term “individualized education program team” or “IEP Team” means a group of individuals composed of—

(i) the parents of a child with a disability;

(ii) not less than 1 regular education teacher of such child (if the child is, or may be, participating in the regular education environment);

(iii) not less than 1 special education teacher, or where appropriate, not less than 1 special education provider of such child;

(iv) a representative of the local educational agency who—

(v) an individual who can interpret the instructional implications of evaluation results, who may be a member of the team described in clauses (ii) through (vi);

(vi) at the discretion of the parent or the agency, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate; and

(vii) whenever appropriate, the child with a disability.

(C) IEP Team attendance

(i) Attendance not necessary

A member of the IEP Team shall not be required to attend an IEP meeting, in whole or in part, if the parent of a child with a disability and the local educational agency agree that the attendance of such member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.

(ii) Excusal

A member of the IEP Team may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if—

(I) the parent and the local educational agency consent to the excusal; and

(II) the member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior to the meeting.

(iii) Written agreement and consent required

A parent's agreement under clause (i) and consent under clause (ii) shall be in writing.

(D) IEP Team transition

In the case of a child who was previously served under subchapter III, an invitation to the initial IEP meeting shall, at the request of the parent, be sent to the subchapter III service coordinator or other representatives of the subchapter III system to assist with the smooth transition of services.

(2) Requirement that program be in effect

(A) In general

At the beginning of each school year, each local educational agency, State educational agency, or other State agency, as the case may be, shall have in effect, for each child with a disability in the agency's jurisdiction, an individualized education program, as defined in paragraph (1)(A).

(B) Program for child aged 3 through 5

In the case of a child with a disability aged 3 through 5 (or, at the discretion of the State educational agency, a 2-year-old child with a disability who will turn age 3 during the school year), the IEP Team shall consider the individualized family service plan that contains the material described in section 1436 of this title, and that is developed in accordance with this section, and the individualized family service plan may serve as the IEP of the child if using that plan as the IEP is—

- (i) consistent with State policy; and
- (ii) agreed to by the agency and the child's parents.

(C) Program for children who transfer school districts

(i) In general

(I) Transfer within the same State

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in the same State, the local educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency adopts the previously held IEP or develops, adopts, and implements a new IEP that is consistent with Federal and State law.

(II) Transfer outside State

In the case of a child with a disability who transfers school districts within the same academic year, who enrolls in a new school, and who had an IEP that was in effect in another State, the local educational agency shall provide such child with a free appropriate public education, including services comparable to those described in the previously held IEP, in consultation with the parents until such time as the local educational agency conducts an evaluation pursuant to subsection (a)(1), if determined to be necessary by such agency, and develops a new IEP, if appropriate, that is consistent with Federal and State law.

(ii) Transmittal of records

To facilitate the transition for a child described in clause (i)—

(I) the new school in which the child enrolls shall take reasonable steps to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous school in which the child was enrolled, pursuant to section 99.31(a)(2) of title 34, Code of Federal Regulations; and

(II) the previous school in which the child was enrolled shall take reasonable steps to promptly respond to such request from the new school.

(3) Development of IEP

(A) In general

In developing each child's IEP, the IEP Team, subject to subparagraph (C), shall consider—

- (i) the strengths of the child;
- (ii) the concerns of the parents for enhancing the education of their child;
- (iii) the results of the initial evaluation or most recent evaluation of the child; and
- (iv) the academic, developmental, and functional needs of the child.

(B) Consideration of special factors

The IEP Team shall—

(i) in the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

(ii) in the case of a child with limited English proficiency, consider the language needs of the child as such needs relate to the child's IEP;

(iii) in the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child;

(iv) consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and

(v) consider whether the child needs assistive technology devices and services.

(C) Requirement with respect to regular education teacher

A regular education teacher of the child, as a member of the IEP Team, shall, to the extent appropriate, participate in the development of the IEP of the child, including the determination of appropriate positive behavioral interventions and supports, and other strategies, and the determination of supplementary aids and services, program modifications, and support for school personnel consistent with paragraph (1)(A)(i)(IV).

(D) Agreement

In making changes to a child's IEP after the annual IEP meeting for a school year, the parent of a child with a disability and the local educational agency may agree not to convene an IEP meeting for the purposes of making such changes, and instead may develop a written document to amend or modify the child's current IEP.

(E) Consolidation of IEP Team meetings

To the extent possible, the local educational agency shall encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.

(F) Amendments

Changes to the IEP may be made either by the entire IEP Team or, as provided in subparagraph (D), by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent shall be provided with a revised copy of the IEP with the amendments incorporated.

(4) Review and revision of IEP**(A) In general**

The local educational agency shall ensure that, subject to subparagraph (B), the IEP Team—

(i) reviews the child's IEP periodically, but not less frequently than annually, to determine whether the annual goals for the child are being achieved; and

(ii) revises the IEP as appropriate to address—

(I) any lack of expected progress toward the annual goals and in the general education curriculum, where appropriate;

(II) the results of any reevaluation conducted under this section;

(III) information about the child provided to, or by, the parents, as described in subsection (c)(1)(B);

(IV) the child's anticipated needs; or

(V) other matters.

(B) Requirement with respect to regular education teacher

A regular education teacher of the child, as a member of the IEP Team, shall, consistent with paragraph (1)(C), participate in the review and revision of the IEP of the child.

(5) Multi-year IEP demonstration

(A) Pilot program

(i) Purpose

The purpose of this paragraph is to provide an opportunity for States to allow parents and local educational agencies the opportunity for long-term planning by offering the option of developing a comprehensive multi-year IEP, not to exceed 3 years, that is designed to coincide with the natural transition points for the child.

(ii) Authorization

In order to carry out the purpose of this paragraph, the Secretary is authorized to approve not more than 15 proposals from States to carry out the activity described in clause (i).

(iii) Proposal

(I) In general

A State desiring to participate in the program under this paragraph shall submit a proposal to the Secretary at such time and in such manner as the Secretary may reasonably require.

(II) Content

The proposal shall include—

(aa) assurances that the development of a multi-year IEP under this paragraph is optional for parents;

(bb) assurances that the parent is required to provide informed consent before a comprehensive multi-year IEP is developed;

(cc) a list of required elements for each multi-year IEP, including—

(AA) measurable goals pursuant to paragraph (1)(A)(i)(II), coinciding with natural transition points for the child, that will enable the child to be involved in and make progress in the general education curriculum and that will meet the child's other needs that result from the child's disability; and

(BB) measurable annual goals for determining progress toward meeting the goals described in subitem (AA); and

(dd) a description of the process for the review and revision of each multi-year IEP, including—

(AA) a review by the IEP Team of the child's multi-year IEP at each of the child's natural transition points;

(BB) in years other than a child's natural transition points, an annual review of the child's IEP to determine the child's current levels of progress and whether the annual goals for the child are being achieved, and a requirement to amend the IEP, as appropriate, to enable the child to continue to meet the measurable goals set out in the IEP;

(CC) if the IEP Team determines on the basis of a review that the child is not making sufficient progress toward the goals described in the multi-year IEP, a requirement that the local educational agency shall ensure that the IEP Team carries out a more thorough review of the IEP in accordance with paragraph (4) within 30 calendar days; and

(DD) at the request of the parent, a requirement that the IEP Team shall conduct a review of the child's multi-year IEP rather than or subsequent to an annual review.

(B) Report

Beginning 2 years after December 3, 2004, the Secretary shall submit an annual report to the Committee on Education and the Workforce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate regarding the effectiveness of the program under this paragraph and any specific recommendations for broader implementation of such program, including—

(i) reducing—

(I) the paperwork burden on teachers, principals, administrators, and related service providers; and

(II) noninstructional time spent by teachers in complying with this subchapter;

(ii) enhancing longer-term educational planning;

(iii) improving positive outcomes for children with disabilities;

(iv) promoting collaboration between IEP Team members; and

(v) ensuring satisfaction of family members.

(C) Definition

In this paragraph, the term “natural transition points” means those periods that are close in time to the transition of a child with a disability from preschool to elementary grades, from elementary grades to middle or junior high school grades, from middle or junior high school grades to secondary school grades, and from secondary school grades to post-secondary activities, but in no case a period longer than 3 years.

(6) Failure to meet transition objectives

If a participating agency, other than the local educational agency, fails to provide the transition services described in the IEP in accordance with paragraph (1)(A)(i)(VIII), the local educational agency shall reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.

(7) Children with disabilities in adult prisons

(A) In general

The following requirements shall not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:

(i) The requirements contained in section 1412(a)(16) of this title and paragraph (1)(A)(i)(VI) (relating to participation of children with disabilities in general assessments).

(ii) The requirements of items (aa) and (bb) of paragraph (1)(A)(i)(VIII) (relating to transition planning and transition services), do not apply with respect to such children whose eligibility under this subchapter will end, because of such children's age, before such children will be released from prison.

(B) Additional requirement

If a child with a disability is convicted as an adult under State law and incarcerated in an adult prison, the child's IEP Team may modify the child's IEP or placement notwithstanding the requirements of sections ¹ 1412(a)(5)(A) of this title and paragraph (1)(A) if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(e) Educational placements

Each local educational agency or State educational agency shall ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

(f) Alternative means of meeting participation

When conducting IEP team ² meetings and placement meetings pursuant to this section, section 1415(e) of this title, and section 1415(f)(1)(B) of this title, and carrying out administrative matters under section 1415 of this title (such as scheduling, exchange of witness lists, and status

conferences), the parent of a child with a disability and a local educational agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

§1415. Procedural safeguards

(a) Establishment of procedures

Any State educational agency, State agency, or local educational agency that receives assistance under this subchapter shall establish and maintain procedures in accordance with this section to ensure that children with disabilities and their parents are guaranteed procedural safeguards with respect to the provision of a free appropriate public education by such agencies.

(b) Types of procedures

The procedures required by this section shall include the following:

(1) An opportunity for the parents of a child with a disability to examine all records relating to such child and to participate in meetings with respect to the identification, evaluation, and educational placement of the child, and the provision of a free appropriate public education to such child, and to obtain an independent educational evaluation of the child.

(2)(A) Procedures to protect the rights of the child whenever the parents of the child are not known, the agency cannot, after reasonable efforts, locate the parents, or the child is a ward of the State, including the assignment of an individual to act as a surrogate for the parents, which surrogate shall not be an employee of the State educational agency, the local educational agency, or any other agency that is involved in the education or care of the child. In the case of—

(i) a child who is a ward of the State, such surrogate may alternatively be appointed by the judge overseeing the child's care provided that the surrogate meets the requirements of this paragraph; and

(ii) an unaccompanied homeless youth as defined in section 11434a(6) of title 42, the local educational agency shall appoint a surrogate in accordance with this paragraph.

(C) Additional authority

If school personnel seek to order a change in placement that would exceed 10 school days and the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to subparagraph (E), the relevant disciplinary procedures applicable to children without disabilities may be applied to the child in the same manner and for the same duration in which the procedures would be applied to children without disabilities, except as provided in section 1412(a)(1) of this title although it may be provided in an interim alternative educational setting.

(ii) Manifestation

If the local educational agency, the parent, and relevant members of the IEP Team determine that either subclause (I) or (II) of clause (i) is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

(F) Determination that behavior was a manifestation

If the local educational agency, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child's disability, the IEP Team shall—

(A) In general

A child who has not been determined to be eligible for special education and related services under this subchapter and who has engaged in behavior that violates a code of student conduct, may assert any of the protections provided for in this subchapter if the local educational agency had knowledge (as determined in accordance with this paragraph) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

(B) Basis of knowledge

A local educational agency shall be deemed to have knowledge that a child is a child with a disability if, before the behavior that precipitated the disciplinary action occurred—

(ii) Limitations

If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under this subsection, the evaluation shall be conducted in an expedited manner. If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency shall provide special education and related services in accordance with this subchapter, except that, pending the results of the evaluation, the child shall remain in the educational placement determined by school authorities.

(6) Referral to and action by law enforcement and judicial authorities**(A) Rule of construction**

Nothing in this subchapter shall be construed to prohibit an agency from reporting a crime committed by a child with a disability to appropriate authorities or to prevent State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

(A) provide for the review and, if appropriate, revision of the policies, procedures, and practices used in such identification or placement to ensure that such policies, procedures, and practices comply with the requirements of this chapter;

(B) require any local educational agency identified under paragraph (1) to reserve the maximum amount of funds under section 1413(f) of this title to provide comprehensive coordinated early intervening services to serve children in the local educational agency, particularly children in those groups that were significantly overidentified under paragraph (1); and

(C) require the local educational agency to publicly report on the revision of policies, practices, and procedures described under subparagraph (A).

§1419. Preschool grants

(a) In general

The Secretary shall provide grants under this section to assist States to provide special education and related services, in accordance with this subchapter—

(1) to children with disabilities aged 3 through 5, inclusive; and

(2) at the State's discretion, to 2-year-old children with disabilities who will turn 3 during the school year.

(b) Eligibility

A State shall be eligible for a grant under this section if such State—

(1) is eligible under section 1412 of this title to receive a grant under this subchapter; and

(2) makes a free appropriate public education available to all children with disabilities, aged 3 through 5, residing in the State.

(c) Allocations to States

(1) In general

The Secretary shall allocate the amount made available to carry out this section for a fiscal year among the States in accordance with paragraph (2) or (3), as the case may be.

(2) Increase in funds

If the amount available for allocations to States under paragraph (1) for a fiscal year is equal to or greater than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

(A) Allocation

(i) In general

Except as provided in subparagraph (B), the Secretary shall—

(I) allocate to each State the amount the State received under this section for fiscal year 1997;

(II) allocate 85 percent of any remaining funds to States on the basis of the States' relative populations of children aged 3 through 5; and

(III) allocate 15 percent of those remaining funds to States on the basis of the States' relative populations of all children aged 3 through 5 who are living in poverty.

(ii) Data

For the purpose of making grants under this paragraph, the Secretary shall use the most recent population data, including data on children living in poverty, that are available and satisfactory to the Secretary.

(B) Limitations

Notwithstanding subparagraph (A), allocations under this paragraph shall be subject to the following:

(i) Preceding years

No State's allocation shall be less than its allocation under this section for the preceding

fiscal year.

(ii) Minimum

No State's allocation shall be less than the greatest of—

(I) the sum of—

- (aa) the amount the State received under this section for fiscal year 1997; and
- (bb) 1/3 of 1 percent of the amount by which the amount appropriated under subsection (j) for the fiscal year exceeds the amount appropriated for this section for fiscal year 1997;

(II) the sum of—

- (aa) the amount the State received under this section for the preceding fiscal year; and
- (bb) that amount multiplied by the percentage by which the increase in the funds appropriated under this section from the preceding fiscal year exceeds 1.5 percent; or

(III) the sum of—

- (aa) the amount the State received under this section for the preceding fiscal year; and
- (bb) that amount multiplied by 90 percent of the percentage increase in the amount appropriated under this section from the preceding fiscal year.

(iii) Maximum

Notwithstanding clause (ii), no State's allocation under this paragraph shall exceed the sum of—

- (I) the amount the State received under this section for the preceding fiscal year; and
- (II) that amount multiplied by the sum of 1.5 percent and the percentage increase in the amount appropriated under this section from the preceding fiscal year.

(C) Ratable reductions

If the amount available for allocations under this paragraph is insufficient to pay those allocations in full, those allocations shall be ratably reduced, subject to subparagraph (B)(i).

(3) Decrease in funds

If the amount available for allocations to States under paragraph (1) for a fiscal year is less than the amount allocated to the States under this section for the preceding fiscal year, those allocations shall be calculated as follows:

(A) Allocations

If the amount available for allocations is greater than the amount allocated to the States for fiscal year 1997, each State shall be allocated the sum of—

- (i) the amount the State received under this section for fiscal year 1997; and
- (ii) an amount that bears the same relation to any remaining funds as the increase the State received under this section for the preceding fiscal year over fiscal year 1997 bears to the total of all such increases for all States.

(B) Ratable reductions

If the amount available for allocations is equal to or less than the amount allocated to the States for fiscal year 1997, each State shall be allocated the amount the State received for fiscal year 1997, ratably reduced, if necessary.

(d) Reservation for State activities

(1) In general

Each State may reserve not more than the amount described in paragraph (2) for administration and other State-level activities in accordance with subsections (e) and (f).

(2) Amount described

For each fiscal year, the Secretary shall determine and report to the State educational agency an

amount that is 25 percent of the amount the State received under this section for fiscal year 1997, cumulatively adjusted by the Secretary for each succeeding fiscal year by the lesser of—

(A) the percentage increase, if any, from the preceding fiscal year in the State's allocation under this section; or

(B) the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers published by the Bureau of Labor Statistics of the Department of Labor.

(e) State administration

(1) In general

For the purpose of administering this section (including the coordination of activities under this subchapter with, and providing technical assistance to, other programs that provide services to children with disabilities) a State may use not more than 20 percent of the maximum amount the State may reserve under subsection (d) for any fiscal year.

(2) Administration of subchapter III

Funds described in paragraph (1) may also be used for the administration of subchapter III.

(f) Other State-level activities

Each State shall use any funds the State reserves under subsection (d) and does not use for administration under subsection (e)—

(1) for support services (including establishing and implementing the mediation process required by section 1415(e) of this title), which may benefit children with disabilities younger than 3 or older than 5 as long as those services also benefit children with disabilities aged 3 through 5;

(2) for direct services for children eligible for services under this section;

(3) for activities at the State and local levels to meet the performance goals established by the State under section 1412(a)(15) of this title;

(4) to supplement other funds used to develop and implement a statewide coordinated services system designed to improve results for children and families, including children with disabilities and their families, but not more than 1 percent of the amount received by the State under this section for a fiscal year;

(5) to provide early intervention services (which shall include an educational component that promotes school readiness and incorporates preliteracy, language, and numeracy skills) in accordance with subchapter III to children with disabilities who are eligible for services under this section and who previously received services under subchapter III until such children enter, or are eligible under State law to enter, kindergarten; or

(6) at the State's discretion, to continue service coordination or case management for families who receive services under subchapter III.

(g) Subgrants to local educational agencies

(1) Subgrants required

Each State that receives a grant under this section for any fiscal year shall distribute all of the grant funds that the State does not reserve under subsection (d) to local educational agencies in the State that have established their eligibility under section 1413 of this title, as follows:

(A) Base payments

The State shall first award each local educational agency described in paragraph (1) the amount that agency would have received under this section for fiscal year 1997 if the State had distributed 75 percent of its grant for that year under section 1419(c)(3) of this title, as such section was then in effect.

(B) Allocation of remaining funds

After making allocations under subparagraph (A), the State shall—

(i) allocate 85 percent of any remaining funds to those local educational agencies on the basis of the relative numbers of children enrolled in public and private elementary schools

and secondary schools within the local educational agency's jurisdiction; and
(ii) allocate 15 percent of those remaining funds to those local educational agencies in accordance with their relative numbers of children living in poverty, as determined by the State educational agency.

(2) Reallocation of funds

If a State educational agency determines that a local educational agency is adequately providing a free appropriate public education to all children with disabilities aged 3 through 5 residing in the area served by the local educational agency with State and local funds, the State educational agency may reallocate any portion of the funds under this section that are not needed by that local educational agency to provide a free appropriate public education to other local educational agencies in the State that are not adequately providing special education and related services to all children with disabilities aged 3 through 5 residing in the areas the other local educational agencies serve.

(h) Subchapter III inapplicable

Subchapter III does not apply to any child with a disability receiving a free appropriate public education, in accordance with this subchapter, with funds received under this section.

(i) State defined

In this section, the term “State” means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico.

(j) Authorization of appropriations

There are authorized to be appropriated to carry out this section such sums as may be necessary. (Pub. L. 91–230, title VI, §619, as added Pub. L. 108–446, title I, §101, Dec. 3, 2004, 118 Stat. 2740.)

SUBCHAPTER III—INFANTS AND TODDLERS WITH DISABILITIES

§1431. Findings and policy

(a) Findings

Congress finds that there is an urgent and substantial need—

(1) to enhance the development of infants and toddlers with disabilities, to minimize their potential for developmental delay, and to recognize the significant brain development that occurs during a child's first 3 years of life;

(2) to reduce the educational costs to our society, including our Nation's schools, by minimizing the need for special education and related services after infants and toddlers with disabilities reach school age;

(3) to maximize the potential for individuals with disabilities to live independently in society;

(4) to enhance the capacity of families to meet the special needs of their infants and toddlers with disabilities; and

(5) to enhance the capacity of State and local agencies and service providers to identify, evaluate, and meet the needs of all children, particularly minority, low-income, inner city, and rural children, and infants and toddlers in foster care.

(b) Policy

It is the policy of the United States to provide financial assistance to States—

(1) to develop and implement a statewide, comprehensive, coordinated, multidisciplinary, interagency system that provides early intervention services for infants and toddlers with disabilities and their families;

(2) to facilitate the coordination of payment for early intervention services from Federal, State, local, and private sources (including public and private insurance coverage);

(3) to enhance State capacity to provide quality early intervention services and expand and improve existing early intervention services being provided to infants and toddlers with disabilities and their families; and

(4) to encourage States to expand opportunities for children under 3 years of age who would be at risk of having substantial developmental delay if they did not receive early intervention services.

(3) A timely, comprehensive, multidisciplinary evaluation of the functioning of each infant or toddler with a disability in the State, and a family-directed identification of the needs of each family of such an infant or toddler, to assist appropriately in the development of the infant or toddler.

(10) A single line of responsibility in a lead agency designated or established by the Governor for carrying out—

(A) the general administration and supervision of programs and activities receiving assistance under section 1433 of this title, and the monitoring of programs and activities used by the State to carry out this subchapter, whether or not such programs or activities are receiving assistance made available under section 1433 of this title, to ensure that the State complies with this subchapter;

(5) Procedures to protect the rights of the infant or toddler whenever the parents of the infant or toddler are not known or cannot be found or the infant or toddler is a ward of the State, including the assignment of an individual (who shall not be an employee of the State lead agency, or other State agency, and who shall not be any person, or any employee of a person, providing early intervention services to the infant or toddler or any family member of the infant or toddler) to act as a surrogate for the parents.

(6) Written prior notice to the parents of the infant or toddler with a disability whenever the State agency or service provider proposes to initiate or change, or refuses to initiate or change, the identification, evaluation, or placement of the infant or toddler with a disability, or the provision of appropriate early intervention services to the infant or toddler.

(7) Procedures designed to ensure that the notice required by paragraph (6) fully informs the parents, in the parents' native language, unless it clearly is not feasible to do so, of all procedures available pursuant to this section.

(A) In general

If a public agency other than an educational agency fails to provide or pay for the services pursuant to an agreement required under paragraph (1), the local educational agency or State agency (as determined by the Chief Executive Officer or designee) shall provide or pay for the provision of such services to the child.

(B) Reimbursement

Such local educational agency or State agency is authorized to claim reimbursement for the services from the public agency that failed to provide or pay for such services and such public agency shall reimburse the local educational agency or State agency pursuant to the terms of the interagency agreement or other mechanism required under paragraph (1).

The requirements of paragraph (1) may be met through—

- (A) State statute or regulation;
- (B) signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or
- (C) other appropriate written methods as determined by the Chief Executive Officer of the State or designee of the officer and approved by the Secretary through the review and approval of the State's application pursuant to section 1437 of this title.

(c) Reduction of other benefits

Nothing in this subchapter shall be construed to permit the State to reduce medical or other assistance available or to alter eligibility under title V of the Social Security Act [42 U.S.C. 701 et seq.] (relating to maternal and child health) or title XIX of the Social Security Act [42 U.S.C. 1396 et seq.] (relating to medicaid for infants or toddlers with disabilities) within the State.

SUBCHAPTER IV—NATIONAL ACTIVITIES TO IMPROVE EDUCATION OF CHILDREN WITH DISABILITIES

§1450. Findings

Congress finds the following:

(1) The Federal Government has an ongoing obligation to support activities that contribute to positive results for children with disabilities, enabling those children to lead productive and independent adult lives.

(2) Systemic change benefiting all students, including children with disabilities, requires the involvement of States, local educational agencies, parents, individuals with disabilities and their families, teachers and other service providers, and other interested individuals and organizations to develop and implement comprehensive strategies that improve educational results for children with disabilities.

(3) State educational agencies, in partnership with local educational agencies, parents of children with disabilities, and other individuals and organizations, are in the best position to improve education for children with disabilities and to address their special needs.

(4) An effective educational system serving students with disabilities should—

(A) maintain high academic achievement standards and clear performance goals for children

with disabilities, consistent with the standards and expectations for all students in the educational system, and provide for appropriate and effective strategies and methods to ensure that all children with disabilities have the opportunity to achieve those standards and goals;

(B) clearly define, in objective, measurable terms, the school and post-school results that children with disabilities are expected to achieve; and

(C) promote transition services and coordinate State and local education, social, health, mental health, and other services, in addressing the full range of student needs, particularly the needs of children with disabilities who need significant levels of support to participate and learn in school and the community.

(5) The availability of an adequate number of qualified personnel is critical—

(A) to serve effectively children with disabilities;

(B) to assume leadership positions in administration and direct services;

(C) to provide teacher training; and

(D) to conduct high quality research to improve special education.

(6) High quality, comprehensive professional development programs are essential to ensure that the persons responsible for the education or transition of children with disabilities possess the skills and knowledge necessary to address the educational and related needs of those children.

(7) Models of professional development should be scientifically based and reflect successful practices, including strategies for recruiting, preparing, and retaining personnel.

(8) Continued support is essential for the development and maintenance of a coordinated and high quality program of research to inform successful teaching practices and model curricula for educating children with disabilities.

(9) Training, technical assistance, support, and dissemination activities are necessary to ensure that subchapters II and III are fully implemented and achieve high quality early intervention, educational, and transitional results for children with disabilities and their families.

(10) Parents, teachers, administrators, and related services personnel need technical assistance and information in a timely, coordinated, and accessible manner in order to improve early intervention, educational, and transitional services and results at the State and local levels for children with disabilities and their families.

(11) Parent training and information activities assist parents of a child with a disability in dealing with the multiple pressures of parenting such a child and are of particular importance in—

(A) playing a vital role in creating and preserving constructive relationships between parents of children with disabilities and schools by facilitating open communication between the parents and schools; encouraging dispute resolution at the earliest possible point in time; and discouraging the escalation of an adversarial process between the parents and schools;

(B) ensuring the involvement of parents in planning and decisionmaking with respect to early intervention, educational, and transitional services;

(C) achieving high quality early intervention, educational, and transitional results for children with disabilities;

(D) providing such parents information on their rights, protections, and responsibilities under this chapter to ensure improved early intervention, educational, and transitional results for children with disabilities;

(E) assisting such parents in the development of skills to participate effectively in the education and development of their children and in the transitions described in section 1473(b)(6) of this title;

(F) supporting the roles of such parents as participants within partnerships seeking to improve early intervention, educational, and transitional services and results for children with disabilities and their families; and

(G) supporting such parents who may have limited access to services and supports, due to economic, cultural, or linguistic barriers.

(12) Support is needed to improve technological resources and integrate technology, including universally designed technologies, into the lives of children with disabilities, parents of children with disabilities, school personnel, and others through curricula, services, and assistive technologies.

Each such State educational agency shall use the minimum amount described in subparagraph (A) for the activities described in the State educational agency's competitive grant award document for that year, unless the Secretary approves a request from the State educational agency to spend the funds on other activities.

(3) Minimum allotment

The amount of any State educational agency's allotment under this subsection for any fiscal year shall not be less than—

- (A) the greater of \$500,000 or $\frac{1}{2}$ of 1 percent of the total amount available under this subsection for that year, in the case of each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico; and

(a) Prohibition against discrimination; exceptions

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance, except that:

(1) Classes of educational institutions subject to prohibition

in regard to admissions to educational institutions, this section shall apply only to institutions of vocational education, professional education, and graduate higher education, and to public institutions of undergraduate higher education;

(2) Educational institutions commencing planned change in admissions

in regard to admissions to educational institutions, this section shall not apply (A) for one year from June 23, 1972, nor for six years after June 23, 1972, in the case of an educational institution which has begun the process of changing from being an institution which admits only students of one sex to being an institution which admits students of both sexes, but only if it is carrying out a plan for such a change which is approved by the Secretary of Education or (B) for seven years from the date an educational institution begins the process of changing from being an institution which admits only students of only one sex to being an institution which admits students of both sexes, but only if it is carrying out a plan for such a change which is approved by the Secretary of Education, whichever is the later;

(3) Educational institutions of religious organizations with contrary religious tenets

this section shall not apply to an educational institution which is controlled by a religious organization if the application of this subsection would not be consistent with the religious tenets of such organization;

(4) Educational institutions training individuals for military services or merchant marine

this section shall not apply to an educational institution whose primary purpose is the training of individuals for the military services of the United States, or the merchant marine;

(5) Public educational institutions with traditional and continuing admissions policy

in regard to admissions this section shall not apply to any public institution of undergraduate higher education which is an institution that traditionally and continually from its establishment has had a policy of admitting only students of one sex;

(6) Social fraternities or sororities; voluntary youth service organizations

this section shall not apply to membership practices—

(A) of a social fraternity or social sorority which is exempt from taxation under section 501(a) of title 26, the active membership of which consists primarily of students in attendance at an institution of higher education, or

(B) of the Young Men's Christian Association, Young Women's Christian Association, Girl Scouts, Boy Scouts, Camp Fire Girls, and voluntary youth service organizations which are so exempt, the membership of which has traditionally been limited to persons of one sex and principally to persons of less than nineteen years of age;

(7) Boy or Girl conferences

this section shall not apply to—

(A) any program or activity of the American Legion undertaken in connection with the organization or operation of any Boys State conference, Boys Nation conference, Girls State conference, or Girls Nation conference; or

(B) any program or activity of any secondary school or educational institution specifically for—

(i) the promotion of any Boys State conference, Boys Nation conference, Girls State conference, or Girls Nation conference; or

(ii) the selection of students to attend any such conference;

(8) Father-son or mother-daughter activities at educational institutions

this section shall not preclude father-son or mother-daughter activities at an educational institution, but if such activities are provided for students of one sex, opportunities for reasonably comparable activities shall be provided for students of the other sex; and

(9) Institution of higher education scholarship awards in “beauty” pageants

this section shall not apply with respect to any scholarship or other financial assistance awarded

by an institution of higher education to any individual because such individual has received such award in any pageant in which the attainment of such award is based upon a combination of factors related to the personal appearance, poise, and talent of such individual and in which participation is limited to individuals of one sex only, so long as such pageant is in compliance with other nondiscrimination provisions of Federal law.

(b) Preferential or disparate treatment because of imbalance in participation or receipt of Federal benefits; statistical evidence of imbalance

Nothing contained in subsection (a) of this section shall be interpreted to require any educational institution to grant preferential or disparate treatment to the members of one sex on account of an imbalance which may exist with respect to the total number or percentage of persons of that sex participating in or receiving the benefits of any federally supported program or activity, in comparison with the total number or percentage of persons of that sex in any community, State, section, or other area: *Provided*, That this subsection shall not be construed to prevent the consideration in any hearing or proceeding under this chapter of statistical evidence tending to show that such an imbalance exists with respect to the participation in, or receipt of the benefits of, any such program or activity by the members of one sex.

(c) “Educational institution” defined

For purposes of this chapter an educational institution means any public or private preschool, elementary, or secondary school, or any institution of vocational, professional, or higher education, except that in the case of an educational institution composed of more than one school, college, or department which are administratively separate units, such term means each such school, college, or department.

SUBCHAPTER I—EQUAL EDUCATIONAL OPPORTUNITIES

PART 1—POLICY AND PURPOSE

§1701. Congressional declaration of policy

(a) Entitlement to equal educational opportunity; neighborhood as appropriate basis

The Congress declares it to be the policy of the United States that—

- (1) all children enrolled in public schools are entitled to equal educational opportunity without

regard to race, color, sex, or national origin; and

(2) the neighborhood is the appropriate basis for determining public school assignments.

(b) Purpose

In order to carry out this policy, it is the purpose of this subchapter to specify appropriate remedies for the orderly removal of the vestiges of the dual school system.

(Pub. L. 93–380, title II, §202, Aug. 21, 1974, 88 Stat. 514.)

EFFECTIVE DATE

Chapter effective on and after sixtieth day after Aug. 21, 1974, see section 2(c) of Pub. L. 93–380, set out as a note under section 1221–1 of this title.

SHORT TITLE

Pub. L. 93–380, title II, §201, Aug. 21, 1974, 88 Stat. 514, provided that: “This title [enacting this chapter and section 1228 of this title and amending section 1608 of this title] may be cited as the ‘Equal Educational Opportunities Act of 1974’.”

§1702. Congressional findings

(a) Dual school systems as denial of equal protection; depletion of financial resources of local educational agencies; transportation of students; inadequacy of guidelines

The Congress finds that—

(1) the maintenance of dual school systems in which students are assigned to schools solely on the basis of race, color, sex, or national origin denies to those students the equal protection of the laws guaranteed by the fourteenth amendment;

(2) for the purpose of abolishing dual school systems and eliminating the vestiges thereof, many local educational agencies have been required to reorganize their school systems, to reassign students, and to engage in the extensive transportation of students;

(3) the implementation of desegregation plans that require extensive student transportation has, in many cases, required local educational agencies to expend large amounts of funds, thereby depleting their financial resources available for the maintenance or improvement of the quality of educational facilities and instruction provided;

(4) transportation of students which creates serious risks to their health and safety, disrupts the educational process carried out with respect to such students, and impinges significantly on their educational opportunity, is excessive;

(5) the risks and harms created by excessive transportation are particularly great for children enrolled in the first six grades; and

(6) the guidelines provided by the courts for fashioning remedies to dismantle dual school systems have been, as the Supreme Court of the United States has said, “incomplete and imperfect,” and have not established, a clear, rational, and uniform standard for determining the extent to which a local educational agency is required to reassign and transport its students in order to eliminate the vestiges of a dual school system.

(b) Necessity of Congress to specify appropriate remedies for elimination of dual school systems

For the foregoing reasons, it is necessary and proper that the Congress, pursuant to the powers granted to it by the Constitution of the United States, specify appropriate remedies for the elimination of the vestiges of dual school systems, except that the provisions of this chapter are not intended to modify or diminish the authority of the courts of the United States to enforce fully the fifth and fourteenth amendments to the Constitution of the United States.

(Pub. L. 93–380, title II, §203, Aug. 21, 1974, 88 Stat. 514.)

PART 2—UNLAWFUL PRACTICES

§1703. Denial of equal educational opportunity prohibited

No State shall deny equal educational opportunity to an individual on account of his or her race, color, sex, or national origin, by—

(a) the deliberate segregation by an educational agency of students on the basis of race, color, or national origin among or within schools;

(b) the failure of an educational agency which has formerly practiced such deliberate segregation to take affirmative steps, consistent with part 4 of this subchapter, to remove the vestiges of a dual school system;

(c) the assignment by an educational agency of a student to a school, other than the one closest to his or her place of residence within the school district in which he or she resides, if the assignment results in a greater degree of segregation of students on the basis of race, color, sex, or national origin among the schools of such agency than would result if such student were assigned to the school closest to his or her place of residence within the school district of such agency providing the appropriate grade level and type of education for such student;

(d) discrimination by an educational agency on the basis of race, color, or national origin in the employment, employment conditions, or assignment to schools of its faculty or staff, except to fulfill the purposes of subsection (f) below;

(e) the transfer by an educational agency, whether voluntary or otherwise, of a student from one school to another if the purpose and effect of such transfer is to increase segregation of students on the basis of race, color, or national origin among the schools of such agency; or

(f) the failure by an educational agency to take appropriate action to overcome language barriers that impede equal participation by its students in its instructional programs.

(Pub. L. 93–380, title II, §204, Aug. 21, 1974, 88 Stat. 515.)

§1704. Balance not required

The failure of an educational agency to attain a balance, on the basis of race, color, sex, or national origin, of students among its schools shall not constitute a denial of equal educational opportunity, or equal protection of the laws.

(Pub. L. 93–380, title II, §205, Aug. 21, 1974, 88 Stat. 515.)

§1705. Assignment on neighborhood basis not a denial of equal educational opportunity

Subject to the other provisions of this subchapter, the assignment by an educational agency of a student to the school nearest his place of residence which provides the appropriate grade level and type of education for such student is not a denial of equal educational opportunity or of equal protection of the laws unless such assignment is for the purpose of segregating students on the basis of race, color, sex, or national origin, or the school to which such student is assigned was located on its site for the purpose of segregating students on such basis.

(Pub. L. 93–380, title II, §206, Aug. 21, 1974, 88 Stat. 515.)

PART 3—ENFORCEMENT

§1706. Civil actions by individuals denied equal educational opportunities or by Attorney General

An individual denied an equal educational opportunity, as defined by this subchapter may institute a civil action in an appropriate district court of the United States against such parties, and for such relief, as may be appropriate. The Attorney General of the United States (hereinafter in this chapter referred to as the “Attorney General”), for or in the name of the United States, may also institute such a civil action on behalf of such an individual.

(Pub. L. 93–380, title II, §207, Aug. 21, 1974, 88 Stat. 516.)

§1707. Population changes without effect, per se, on school population changes

When a court of competent jurisdiction determines that a school system is desegregated, or that it meets the constitutional requirements, or that it is a unitary system, or that it has no vestiges of a dual system, and thereafter residential shifts in population occur which result in school population changes in any school within such a desegregated school system, such school population changes so occurring shall not, per se, constitute a cause for civil action for a new plan of desegregation or for modification of the court approved plan.

(Pub. L. 93–380, title II, §208, Aug. 21, 1974, 88 Stat. 516.)

§1708. Jurisdiction of district courts

The appropriate district court of the United States shall have and exercise jurisdiction of proceedings instituted under section 1706 of this title.

(Pub. L. 93–380, title II, §209, Aug. 21, 1974, 88 Stat. 516.)

§1709. Intervention by Attorney General

Whenever a civil action is instituted under section 1706 of this title by an individual, the Attorney General may intervene in such action upon timely application.

(Pub. L. 93–380, title II, §210, Aug. 21, 1974, 88 Stat. 516.)

§1710. Civil actions by Attorney General; notice of violations; certification respecting undertaking appropriate remedial action

The Attorney General shall not institute a civil action under section 1706 of this title before he—

(a) gives to the appropriate educational agency notice of the condition or conditions which, in his judgment, constitute a violation of part 2 of this subchapter; and

(b) certifies to the appropriate district court of the United States that he is satisfied that such educational agency has not, within a reasonable time after such notice, undertaken appropriate remedial action.

(Pub. L. 93–380, title II, §211, Aug. 21, 1974, 88 Stat. 516.)

PART 4—REMEDIES

§1712. Formulating remedies; applicability

In formulating a remedy for a denial of equal educational opportunity or a denial of the equal

protection of the laws, a court, department, or agency of the United States shall seek or impose only such remedies as are essential to correct particular denials of equal educational opportunity or equal protection of the laws.

(Pub. L. 93–380, title II, §213, Aug. 21, 1974, 88 Stat. 516.)

§1713. Priority of remedies

In formulating a remedy for a denial of equal educational opportunity or a denial of the equal protection of the laws, which may involve directly or indirectly the transportation of students, a court, department, or agency of the United States shall consider and make specific findings on the efficacy in correcting such denial of the following remedies and shall require implementation of the first of the remedies set out below, or of the first combination thereof which would remedy such denial:

(a) assigning students to the schools closest to their places of residence which provide the appropriate grade level and type of education for such students, taking into account school capacities and natural physical barriers;

(b) assigning students to the schools closest to their places of residence which provide the appropriate grade level and type of education for such students, taking into account only school capacities;

(c) permitting students to transfer from a school in which a majority of the students are of their race, color, or national origin to a school in which a minority of the students are of their race, color, or national origin;

(d) the creation or revision of attendance zones or grade structures without requiring transportation beyond that described in section 1714 of this title;

(e) the construction of new schools or the closing of inferior schools;

(f) the construction or establishment of magnet schools; or

(g) the development and implementation of any other plan which is educationally sound and administratively feasible, subject to the provisions of sections 1714 and 1715 of this title.

(Pub. L. 93–380, title II, §214, Aug. 21, 1974, 88 Stat. 517.)

§1714. Transportation of students

(a) Limitation to school closest or next closest to place of residence

No court, department, or agency of the United States shall, pursuant to section 1713 of this title, order the implementation of a plan that would require the transportation of any student to a school other than the school closest or next closest to his place of residence which provides the appropriate grade level and type of education for such student.

(b) Health risks; impingement on educational process

No court, department, or agency of the United States shall require directly or indirectly the transportation of any student if such transportation poses a risk to the health of such student or constitutes a significant impingement on the educational process with respect to such student.

(c) School population changes resulting from population changes

When a court of competent jurisdiction determines that a school system is desegregated, or that it meets the constitutional requirements, or that it is a unitary system, or that it has no vestiges of a dual system, and thereafter residential shifts in population occur which result in school population changes in any school within such a desegregated school system, no educational agency because of such shifts shall be required by any court, department, or agency of the United States to formulate, or implement any new desegregation plan, or modify or implement any modification of the court approved desegregation plan, which would require transportation of students to compensate wholly or in part for such shifts in school population so occurring.

(Pub. L. 93–380, title II, §215, Aug. 21, 1974, 88 Stat. 517.)

§1715. District lines

In the formulation of remedies under section 1712 or 1713 of this title the lines drawn by a State, subdividing its territory into separate school districts, shall not be ignored or altered except where it is established that the lines were drawn for the purpose, and had the effect, of segregating children among public schools on the basis of race, color, sex, or national origin.

(Pub. L. 93–380, title II, §216, Aug. 21, 1974, 88 Stat. 518.)

§1716. Voluntary adoption of remedies

Nothing in this subchapter prohibits an educational agency from proposing, adopting, requiring, or implementing any plan of desegregation, otherwise lawful, that is at variance with the standards set out in this subchapter nor shall any court, department, or agency of the United States be prohibited from approving implementation of a plan which goes beyond what can be required under this subchapter, if such plan is voluntarily proposed by the appropriate educational agency.

(Pub. L. 93–380, title II, §217, Aug. 21, 1974, 88 Stat. 518.)

§1717. Reopening proceedings

A parent or guardian of a child, or parents or guardians of children similarly situated, transported to a public school in accordance with a court order, or an educational agency subject to a court order or a desegregation plan under title VI of the Civil Rights Act of 1964 [42 U.S.C. 2000d et seq.] in effect on August 21, 1974, and intended to end segregation of students on the basis of race, color, or national origin, may seek to reopen or intervene in the further implementation of such court order, currently in effect, if the time or distance of travel is so great as to risk the health of the student or significantly impinge on his or her educational process.

§1718. Limitation on court orders; termination of orders conditioned upon compliance with fifth and fourteenth amendments; statement of basis for termination orders; stay of termination orders

Any court order requiring, directly or indirectly, the transportation of students for the purpose of remedying a denial of the equal protection of the laws may, to the extent of such transportation, be terminated if the court finds the defendant educational agency has satisfied the requirements of the fifth or fourteenth amendments to the Constitution, whichever is applicable, and will continue to be in compliance with the requirements thereof. (1) the forced transportation of elementary and secondary school students in implementation of the constitutional requirement for the desegregation of such schools is controversial and difficult under the best planning and administration; and

(2) the forced transportation of elementary and secondary school students after the commencement of an academic school year is educationally unsound and administratively inefficient.

(b) Student transportation orders incidental to student transfers pursuant to school desegregation plans effective beginning with academic school year

Notwithstanding any other provisions of law, no order of a court, department, or agency of the United States, requiring the transportation of any student incident to the transfer of that student from one elementary or secondary school to another such school in a local educational agency pursuant to a plan requiring such transportation for the racial desegregation of any school in that agency, shall be effective until the beginning of an academic school year.

§2001. Congressional statement of findings

The Congress finds that—

because a high regard for the public trust and a lively exercise of political talents were outstanding characteristics of the thirty-third President of the United States;

because a special interest of the man from Independence in American history and a broad knowledge and understanding of the American political and economic system gained by study and experience in county and National Government culminated in the leadership of America

remembered for the quality of his character, courage, and commonsense;

because of the desirability of encouraging young people to recognize and provide service in the highest and best traditions of the American political system at all levels of government, it is especially appropriate to honor former President Harry S Truman through the creation of a perpetual education scholarship program to develop increased opportunities for young Americans to prepare and pursue careers in public service.

§2101. Congressional declaration of findings and purpose

(a) The Congress hereby finds and declares—

(1) that the diversity inherent in American folklife has contributed greatly to the cultural richness of the Nation and has fostered a sense of individuality and identity among the American people;

(2) that the history of the United States effectively demonstrates that building a strong nation does not require the sacrifice of cultural differences;

(3) that American folklife has a fundamental influence on the desires, beliefs, values, and character of the American people;

(4) that it is appropriate and necessary for the Federal Government to support research and scholarship in American folklife in order to contribute to an understanding of the complex problems of the basic desires, beliefs, and values of the American people in both rural and urban areas;

(5) that the encouragement and support of American folklife, while primarily a matter for private and local initiative, is also an appropriate matter of concern to the Federal Government; and

(6) that it is in the interest of the general welfare of the Nation to preserve, support, revitalize, and disseminate American folklife traditions and arts.

(b) It is therefore the purpose of this subchapter to establish in the Library of Congress an American Folklife Center to preserve and present American folklife.

SHORT TITLE

Pub. L. 94–201, §1, Jan. 2, 1976, 89 Stat. 1129, provided: “That this Act [enacting this subchapter] may be cited as the ‘American Folklife Preservation Act’.”

Pub. L. 106–380, §1, Oct. 27, 2000, 114 Stat. 1447, provided that: “This Act [enacting subchapter II of this chapter] may be cited as the ‘Veterans’ Oral History Project Act’.”

FINDINGS AND PURPOSE OF 1998 AMENDMENT

Pub. L. 105–275, title III, §312(a), Oct. 21, 1998, 112 Stat. 2457, provided that:

“(1) FINDINGS.—Congress makes the following findings:

“(A) The American Folklife Center in the Library of Congress was created by Congress in 1976,

building on the vast expertise and archival material existing at the Library since 1928.

“(B) As an instrumentality of the Congress, it is fitting that the American Folklife Center should have a direct and close relationship with the representatives of the people, who are best able to oversee the ongoing activities of the Center to preserve and promote the cultural traditions of the people, and to ensure that the resources of the Center be readily available to all Americans.

“(C) In over 20 years since its creation, the American Folklife Center in the Library of Congress has—

“(i) increased the size of the Archive of Folk Culture from 500,000 to 1,500,000 multi-format ethnographic items;

“(ii) engaged in 15 cultural surveys and field documentation projects in all regions of the country;

“(iii) provided publications, documentary equipment on loan, and advisory and reference service to persons and institutions in all 50 States;

“(iv) produced exhibitions and other educational programs on American Folklife at the Library and around the country;

“(v) begun sharing its unique collections in digital form via the Internet; and

“(vi) served as a national center for the professions of folklore, ethnomusicology, and cultural studies.

“(D) Congress has consistently provided encouragement and support of American Folklife as an appropriate matter of concern to the Federal Government, passing legislation to reauthorize the Center eight times since its creation in 1976.

“(E) The American Folklife Center is the only unit in the Library of Congress which is not permanently authorized. Since its establishment in 1976, the Center's collections and activities have been fully and successfully integrated into the Library of Congress. It is useful to statutorily conform the American Folklife Center with the rest of the Library of Congress.

“(2) PURPOSE.—It is the purpose of this section [amending sections 2103, 2106, and 2107 of this title and enacting provisions set out as a note under section 2103 of this title] to authorize permanently the American Folklife Center in the Library of Congress to preserve and present American Folklife.”

SUBCHAPTER II—VETERANS’ ORAL HISTORY

§2141. Findings; purpose

(a) Findings

Congress finds as follows:

(1) Military service during a time of war is the highest sacrifice a citizen may make for his or her country.

(2) 4,700,000 Americans served in World War I, 16,500,000 Americans served in World War II, 6,800,000 Americans served in the Korean Conflict, 9,200,000 Americans served in the Vietnam Conflict, 3,800,000 Americans served in the Persian Gulf War, and countless other Americans served in military engagements overseas throughout the 20th century.

(3) The Department of Veterans Affairs reports that there are almost 19,000,000 war veterans living in this Nation today.

(4) Today there are only approximately 3,400 living veterans of World War I, and of the some 6,000,000 veterans of World War II alive today, almost 1,500 die each day.

(5) Oral histories are of immeasurable value to historians, researchers, authors, journalists, film makers, scholars, students, and citizens of all walks of life.

(6) War veterans possess an invaluable resource in their memories of the conflicts in which they served, and can provide a rich history of our Nation and its people through the retelling of those memories, yet frequently those who served during times of conflict are reticent to family and friends about their experiences.

(7) It is in the Nation's best interest to collect and catalog oral histories of American war veterans so that future generations will have original sources of information regarding the lives and times of those who served in war and the conditions under which they endured, so that

Americans will always remember those who served in war and may learn first-hand of the heroics, tediousness, horrors, and triumphs of war.

(8) The Library of Congress, as the Nation's oldest Federal cultural institution and largest and most inclusive library in human history (with nearly 119,000,000 items in its multimedia collection) ¹ is an appropriate repository to collect, preserve, and make available to the public an archive of these oral histories. The Library's American Folklife Center has expertise in the management of documentation projects and experience in the development of cultural and educational programs for the public.

(b) Purpose

Amounts necessary for increasing such payments to States to comply with the preceding sentence shall be obtained by ratably reducing the amounts to be paid to other States.

(B) Special rule

In the case of a qualifying State, the minimum allotment under subparagraph (A) for a fiscal year for the qualifying State shall be the lesser of—

(cc) \$827,671.

(ii) Qualifying State

Any such reallotment among other States shall occur on such dates during the same year as the Secretary shall

fix, and shall be made on the basis of criteria established by regulation. No funds may be reallocated for any use other than the use for which the funds were appropriated. (i) the allotment ratio in no case shall be more than 0.60 or less than 0.40; and

(ii) the allotment ratio for the Commonwealth of Puerto Rico and the United States Virgin Islands shall be 0.60.

(2) Promulgation

The allotment ratios shall be promulgated by the Secretary for each fiscal year between October 1 and December 31 of the fiscal year preceding the fiscal year for which the determination is made. (4) Funds resulting from reduced allotments

The Secretary shall use funds withheld under paragraph (3) for a State served by an eligible agency to provide technical assistance, to assist in the development of an improved State

(1) Local evaluation

Each eligible agency shall evaluate annually, using the local adjusted levels of performance described in section 2323(b)(4) of this title, the career and technical education activities of each eligible recipient receiving funds under this subchapter.

(2) Plan

If, after reviewing the evaluation in paragraph (1), the eligible agency determines that an eligible recipient failed to meet at least 90 percent of an agreed upon local adjusted level of performance for any of the core indicators of performance described in section 2323(b)(4) of this title, the eligible recipient shall develop and implement a program improvement plan (with special consideration to performance gaps identified under section 2323(b)(4)(C)(ii)(II) of this title) in consultation with the eligible agency, appropriate agencies, individuals, and organizations during the first program year succeeding the program year for which the eligible recipient failed to so meet any of the local adjusted levels of performance for any of the core indicators of performance.

(3) Technical assistance

If the eligible agency determines that an eligible recipient is not properly implementing the eligible recipient's responsibilities under section 2354 of this title, or is not making substantial progress in meeting the purposes of this chapter, based on the local adjusted levels of performance, the eligible agency shall work with the eligible recipient to implement improvement activities consistent with the requirements of this chapter.

(4) Subsequent action

(A) In general

- (i) fails to implement an improvement plan as described in paragraph (2);
- (ii) fails to make any improvement in meeting any of the local adjusted levels of performance for the core indicators of performance identified under paragraph (2) within the first program year of implementation of its improvement plan described in paragraph (2); or
- (iii) fails to meet at least 90 percent of an agreed upon local adjusted level of performance for the same core indicator of performance for 3 consecutive years.

(B) Waiver for exceptional circumstances

In determining whether to impose sanctions under subparagraph (A), the eligible agency may waive imposing sanctions—

- (i) due to exceptional or uncontrollable circumstances, such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the eligible recipient; or

PART C—LOCAL PROVISIONS

§2351. Distribution of funds to secondary education programs

(a) Distribution rules

Except as provided in section 2353 of this title and as otherwise provided in this section, each eligible agency shall distribute the portion of funds made available under section 2322(a)(1) of this title to carry out this section to local educational agencies within the State as follows:

(1) Thirty percent

Thirty percent shall be allocated to such local educational agencies in proportion to the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency for the preceding fiscal year compared to the total number of such individuals who reside in the school districts served by all local educational agencies in the State for such preceding fiscal year, as determined on the basis of the most recent satisfactory—

(A) data provided to the Secretary by the Bureau of the Census for the purpose of determining eligibility under title I of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.]; or

(B) student membership data collected by the National Center for Education Statistics through the Common Core of Data survey system.

(2) Seventy percent

Seventy percent shall be allocated to such local educational agencies in proportion to the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency and are from families below the poverty level for the preceding fiscal year, as determined on the basis of the most recent satisfactory data used under section 1124(c)(1)(A) of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6333(c)(1)(A)], compared to the total number of such individuals who reside in the school districts served by all the local educational agencies in the State for such preceding fiscal year.

(3) Adjustments

Each eligible agency, in making the allocations under paragraphs (1) and (2), shall adjust the data used to make the allocations to—

(A) reflect any change in school district boundaries that may have occurred since the data were collected; and

(B) include local educational agencies without geographical boundaries, such as charter schools and secondary schools funded by the Bureau of Indian Affairs.

(b) Waiver for more equitable distribution

The Secretary may waive the application of subsection (a) in the case of any eligible agency that submits to the Secretary an application for such a waiver that—

(1) demonstrates that a proposed alternative formula more effectively targets funds on the basis of poverty (as defined by the Office of Management and Budget and revised annually in accordance with section 9902(2) of title 42) to local educational agencies within the State than the formula described in subsection (a); and

(2) includes a proposal for such an alternative formula.

(c) Minimum allocation

(1) In general

Except as provided in paragraph (2), a local educational agency shall not receive an allocation under subsection (a) unless the amount allocated to such agency under subsection (a) is greater than \$15,000. A local educational agency may enter into a consortium with other local educational agencies for purposes of meeting the minimum allocation requirement of this paragraph.

(2) Waiver

The eligible agency shall waive the application of paragraph (1) in any case in which the local educational agency—

(A)(i) is located in a rural, sparsely populated area; or

(ii) is a public charter school operating secondary school career and technical education programs; and

(B) demonstrates that the local educational agency is unable to enter into a consortium for purposes of providing activities under this part.

(3) Redistribution

Any amounts that are not allocated by reason of paragraph (1) or paragraph (2) shall be redistributed to local educational agencies that meet the requirements of paragraph (1) or (2) in accordance with the provisions of this section.

(d) Limited jurisdiction agencies

(1) In general

In applying the provisions of subsection (a), no eligible agency receiving assistance under this subchapter shall allocate funds to a local educational agency that serves only elementary schools, but shall distribute such funds to the local educational agency or regional educational agency that provides secondary school services to secondary school students in the same attendance area.

(2) Special rule

The amount to be allocated under paragraph (1) to a local educational agency that has jurisdiction only over secondary schools shall be determined based on the number of students that entered such secondary schools in the previous year from the elementary schools involved.

(e) Allocations to area career and technical education schools and educational service agencies

(1) In general

Each eligible agency shall distribute the portion of funds made available under section 2322(a)(1) of this title for any fiscal year by such eligible agency for career and technical education activities at the secondary level under this section to the appropriate area career and technical education school or educational service agency in any case in which the area career and technical education school or educational service agency, and the local educational agency concerned—

(A) have formed or will form a consortium for the purpose of receiving funds under this section; or

(B) have entered into or will enter into a cooperative arrangement for such purpose.

(2) Allocation basis

If an area career and technical education school or educational service agency meets the requirements of paragraph (1), then the amount that would otherwise be distributed to the local educational agency shall be allocated to the area career and technical education school, the educational service agency, and the local educational agency based on each school, agency or entity's relative share of students who are attending career and technical education programs (based, if practicable, on the average enrollment for the preceding 3 years).

(3) Appeals procedure

The eligible agency shall establish an appeals procedure for resolution of any dispute arising between a local educational agency and an area career and technical education school or an educational service agency with respect to the allocation procedures described in this section, including the decision of a local educational agency to leave a consortium or terminate a cooperative arrangement.

(f) Consortium requirements

(1) Alliance

Any local educational agency receiving an allocation that is not sufficient to conduct a program which meets the requirements of section 2355 of this title is encouraged to—

(A) form a consortium or enter into a cooperative agreement with an area career and technical education school or educational service agency offering programs that meet the requirements of section 2355 of this title;

(B) transfer such allocation to the area career and technical education school or educational service agency; and

(C) operate programs that are of sufficient size, scope, and quality to be effective.

(2) Funds to consortium

Funds allocated to a consortium formed to meet the requirements of this subsection shall be used only for purposes and programs that are mutually beneficial to all members of the consortium and can be used only for programs authorized under this subchapter. Such funds may not be reallocated to individual members of the consortium for purposes or programs benefitting only 1 member of the consortium.

(g) Data

The Secretary shall collect information from eligible agencies regarding the specific dollar allocations made available by the eligible agency for career and technical education programs under subsections (a), (b), (c), (d), and (e) and how these allocations are distributed to local educational agencies, area career and technical education schools, and educational service agencies, within the State in accordance with this section.

(h) Special rule

Each eligible agency distributing funds under this section shall treat a secondary school funded by the Bureau of Indian Affairs within the State as if such school were a local educational agency within the State for the purpose of receiving a distribution under this section.

(2) Formula

Each eligible institution or consortium of eligible institutions shall be allocated an amount that bears the same relationship to the portion of funds made available under section 2322(a)(1) of this title to carry out this section for any fiscal year as the sum of the number of individuals who are Federal Pell Grant recipients and recipients of assistance from the Bureau of Indian Affairs enrolled in programs meeting the requirements of section 2355 of this title offered by such institution or consortium in the preceding fiscal year bears to the sum of the number of such recipients enrolled in such programs within the State for such year.

(b) Waiver for more equitable distribution

The Secretary may waive the application of subsection (a) if an eligible agency submits to the Secretary an application for such a waiver that—

- (1) demonstrates that the formula described in subsection (a) does not result in a distribution of funds to the eligible institutions or consortia within the State that have the highest numbers of economically disadvantaged individuals and that an alternative formula will result in such a distribution; and
