PROC. NO. 2914. NATIONAL EMERGENCY, 1950

Proc. No. 2914, Dec. 16, 1950, 15 F.R. 9029, 64 Stat. a454 provided:

WHEREAS recent events in Korea and elsewhere constitute a grave threat to the peace of the world and imperil the efforts of this country and those of the United Nations to prevent aggression and armed conflict; and

WHEREAS world conquest by communist imperialism is the goal of the forces of aggression that have been loosed upon the world; and

WHEREAS, if the goal of communist imperialism were to be achieved, the people of this country would no longer enjoy the full and rich life they have with God's help built for themselves and their children; they would no longer enjoy the blessings of the freedom of worshipping as they severally choose, the freedom of reading and listening to what they choose, the right of free speech including the right to criticize their Government, the right to choose those who conduct their Government, the right to engage freely in collective bargaining, the right to engage freely in their own business enterprises, and the many other freedoms and rights which are a part of our way of life; and

Whereas the increasing menace of the forces of communist aggression requires that the national defense of the United States be strengthened as speedily as possible:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do proclaim the existence of a national emergency, which requires that the military, naval, air, and civilian defenses of this country be strengthened as speedily as possible to the end that we may be able to repeal any and all threats against our national security and to fulfill our responsibilities in the efforts being made through the United Nations and otherwise to bring about lasting peace.

I summon all citizens to make a united effort for the security and well-being of our beloved country and to place its needs foremost in thought and action that the full moral and material strength of the Nation may be readied for the dangers which threaten us.

I summon our farmers, our workers in industry, and our businessmen to make a mighty production effort to meet the defense requirements of the Nation and to this end to eliminate all waste and inefficiency and to subordinate all lesser interests to the common good.

I summon every person and every community to make, with a spirit of neighborliness, whatever sacrifices are necessary for the welfare of the Nation.

I summon all State and local leaders and officials to cooperate fully with the military and civilian defense

agencies of the United States in the national defense program.

I summon all citizens to be loyal to the principles upon which our Nation is founded, to keep faith with our friends and allies, and to be firm in our devotion to the peaceful purposes for which the United Nations was founded.

I am confident that we will meet the dangers that confront us with courage and determination, strong in the faith that we can thereby “secure the Blessings of Liberty to ourselves and our Posterity.”

AND WHEREAS the treaties of the United States, in any war in which the United States is a neutral, require that the United States exert all the vigilance within their power to carry out their obligations as a neutral;

AND WHEREAS treaties of the United States require that the Panama Canal shall be free and open, on terms of entire equality, to the vessels of commerce and of war of all nations observing the rules laid down in Article 3 of the so-called Hay-Pauncefote treaty concluded between the United States and Great Britain, November 18, 1901:

NOW, THEREFORE, by virtue of the authority vested in me by section 5 of the Panama Canal Act, approved August 24, 1912 (ch. 390, sec. 5, 37 Stat. 562), as amended by the act of July 5, 1932 (ch. 425, 47 Stat. 578), I hereby prescribe the following regulations governing the passage and control of vessels through the Panama Canal or any part thereof, including the locks and approaches thereto, in any war in which the United States is a neutral;

1. Whenever considered necessary, in the opinion of the Governor of the Panama Canal, to prevent damage or injury to vessels or to prevent damage or injury to the Canal or its appurtenances, or to secure the observance of the rules, regulations, rights, or obligations of the United States, the Canal authorities may at any time, as a condition precedent to transit of the Canal, inspect any vessel, belligerent or neutral, other than a public vessel, including its crew and cargo, and, for and during the passage through the Canal, place armed guards thereon, and take full possession and control of such vessel and remove therefrom the officers and crew thereof and all other persons not specially authorized by the Canal authorities to go or remain on board thereof during such passage.

2. A public vessel of a belligerent or neutral nation shall be permitted to pass through the Canal only after

her commanding officer has given written assurance to the authorities of the Panama Canal that the rules, regulations, and treaties of the United States will be faithfully observed.

3. *Possession of cameras on board vessels; photographing from vessels.* While on board any vessel in transit through the Panama Canal, no person shall (a) have or remain in possession of any camera, or (b) make any photograph, sketch, picture, drawing, map, or graphical representation of any of the locks of the Panama Canal, or of any portion of any such lock, or of any area within or adjacent to any such lock, or of any object or structure within or upon any such area, without first obtaining the permission of the Governor of The Panama Canal, and promptly submitting the product obtained to the Governor for such action as he may deem necessary. The master of every vessel that transits the Panama Canal (a) shall prior to the beginning of each transit cause all cameras on board such vessel, or which are brought on board by embarking passengers, or otherwise, to be collected and delivered to him, and shall retain the said cameras in his possession, in a secure and inaccessible place, until the disembarkation of the original possessors thereof or until the transit through the Canal is completed, and (b) shall during such transit take such further action, in cooperation with the Canal authorities, as may be necessary to prevent the making, by any person on board such vessel in the waters of the Canal Zone, of any photograph, sketch, picture, drawing, map, or graphical representation which is forbidden by this paragraph; but these provisions shall not apply with respect to any person who has obtained permission as provided in this paragraph. Any person who shall violate any provision of this paragraph shall be punishable as provided in section 9 of title 2 of the [former] Canal Zone Code.

The foregoing regulations are in addition to the "Rules and Regulations for the Operation and Navigation of the Panama Canal and Approaches Thereto, including all Waters under its Jurisdiction" prescribed by Executive Order No. 4314 of September 25, 1925, as amended, and the provisions of proclamations and executive orders pertaining to the Canal Zone issued in conformity with the laws and treaties of the United States.

Cuba, including bases for ballistic missiles with a potential range covering most of North and South America;

WHEREAS by a Joint Resolution passed by the Congress of the United States and approved on October 3, 1962, it was declared that the United States is determined to prevent by whatever means may be necessary, including the use of arms, the Marxist-Leninist regime in Cuba from extending, by force or the threat of force, its aggressive or subversive activities to any part of this hemisphere, and to prevent in Cuba the creation or use of an externally supported military capability endangering the security of the United States; and

WHEREAS the Organ of Consultation of the American Republics meeting in Washington on October 23, 1962, recommended that the Member States, in accordance with Articles 6 and 8 of the Inter-American Treaty of Reciprocal Assistance, take all measures, individually and collectively, including the use of armed force, which they may deem necessary to ensure that the Government of Cuba cannot continue to receive from the Sino-Soviet powers military material and related supplies which may threaten the peace and security of the Continent and to prevent the missiles in Cuba with offensive capability from ever becoming an active threat to the peace and security of the Continent:

NOW, THEREFORE, I, JOHN F. KENNEDY, President of the United States of America, acting under and by virtue of the authority conferred upon me by the Constitution and statutes of the United States, in accordance with the aforementioned resolutions of the United States Congress and of the Organ of Consultation of the American Republics, and to defend the security of the United States, do hereby proclaim that the forces under my command are ordered, beginning at 2:00 P.M. Greenwich time October 24, 1962, to interdict, subject to the instructions herein contained, the delivery of offensive weapons and associated material to Cuba.

For the purposes of this Proclamation, the following are declared to be prohibited materiel:

Surface-to-surface missiles; bomber aircraft; bombs, air-to-surface rockets and guided missiles; warheads for any of the above weapons; mechanical or electronic equipment to support or operate the above items; and any other classes of materiel hereafter designated by the Secretary of Defense for the purpose of effectuating this Proclamation.

To enforce this order, the Secretary of Defense shall take appropriate measures to prevent the delivery of prohibited materiel to Cuba, employing the land, sea and air forces of the United States in cooperation with any forces that may be made available by other American States.

The Secretary of Defense may make such regulations and issue such directives as he deems necessary to ensure the effectiveness of this order, including the designation, within a reasonable distance of Cuba, of prohibited or restricted zones and of prescribed routes.

Any vessel or craft which may be proceeding toward Cuba may be intercepted and may be directed to identify itself, its cargo, equipment and stores and its ports of call, to stop, to lie to, to submit to visit and search, or to proceed as directed. Any vessel or craft which fails or refuses to respond to or comply with directions shall be subject to being taken into custody. Any vessel or craft which it is believed is en route to Cuba and may be carrying prohibited materiel or may itself constitute such materiel shall, wherever possible, be directed to proceed to another destination of its own choice and shall be taken into custody if it fails or refuses to obey such directions. All vessels or craft taken into custody shall be sent into a port of the United States for appropriate disposition.

In carrying out this order, force shall not be used except in case of failure or refusal to comply with directions, or with regulations or directives of the Secretary of Defense issued hereunder, after reasonable efforts have been made to communicate them to the vessel or craft, or in case of self-defense. In any case, force shall be used only to the extent necessary.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done in the City of Washington this twenty-third day of October in the year of our Lord nineteen hundred and sixty-two, and of the Independence of the United States of America the one hundred and eighty-seventh.

(a) Every enemy or ally of enemy insurance or reinsurance company, and every enemy or ally of enemy, doing business within the United States through an agency or branch office, or otherwise, may within thirty days after the passage of this Act [Oct. 6, 1917], apply to the President for a license to continue to do business; and, within thirty days after such application, the President may enter an order either granting or refusing to grant such license. The license, if granted, may be temporary or otherwise, and for such period of time, and may contain such provisions and conditions regulating the business, agencies, managers and trustees and the control and disposition of the funds of the company, or of such enemy or ally of enemy, as the President shall deem necessary for the safety of the United States; and any license granted hereunder may be revoked or regranted or renewed in such manner and at such times as the President shall determine: *Provided, however,* That reasonable notice of his intent to refuse to grant a license or to revoke a license granted to any reinsurance company shall be given by him to all insurance companies incorporated within the United States and known to the President to be doing business with such reinsurance company: *Provided further,* That no insurance company, organized within the United States, shall be obligated to continue any existing contract, entered into prior to the beginning of the war, with any enemy or ally of enemy insurance or reinsurance company, but any such company may abrogate and cancel any such contract by serving thirty days' notice in writing upon the President of its election to abrogate such contract.

For a period of thirty days after the passage of this Act [Oct. 6, 1917], and further pending the entry of such order by the President, after application made by any enemy or ally of enemy insurance or reinsurance company, within such thirty days as above provided, the provisions of the President's proclamation of April sixth, nineteen hundred and seventeen, relative to agencies in the United States of certain insurance companies, as modified by the provisions of the President's proclamation of July thirteenth, nineteen hundred and seventeen, relative to marine and war-risk insurance, shall remain in full force and effect so far as it applies to such German insurance companies, and the conditions of said proclamation of April sixth, nineteen hundred and seventeen, as modified by said proclamation of July thirteenth, nineteen hundred and seventeen, shall also during said period of thirty days after the passage of this Act [Oct. 6, 1917], and pending the order of the President as herein provided, apply to any enemy or ally of enemy insurance or reinsurance company, anything in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix] to the contrary notwithstanding. If no license is applied for within thirty days after the passage of this Act [Oct. 6, 1917], or if a license shall be refused to any enemy or ally of enemy, whether insurance or reinsurance company, or other person, making application, or if any license granted shall be revoked by the President, the provisions of sections three and sixteen hereof [sections 3 and 16 of this Appendix] shall forthwith apply to all trade or to any attempt to trade with, to, from, for, buy, on account of, or on behalf of, or for the benefit of such company or other person: *Provided, however,* That after such refusal or revocation, anything in this Act [said sections] to the contrary notwithstanding, it shall be lawful for a policyholder or for an insurance company, not an enemy or ally of enemy, holding insurance or having effected reinsurance in or with such enemy or ally of enemy insurance or reinsurance company, to receive payment of, and for such enemy or ally of enemy insurance or reinsurance company to pay any premium, return premium, claim, money, security, or other property due or which may become due on or in respect to such insurance or reinsurance in force at the date of such refusal or revocation of license; and nothing in this Act [said sections] shall vitiate or nullify then existing policies or contracts of insurance or reinsurance, or the conditions thereof; and any such policyholder or insurance company, not an enemy or ally of enemy, having any claim to or upon money or other property of the enemy or ally of enemy insurance or reinsurance company in the custody or control of the alien property custodian, hereinafter provided for, or of the Treasurer of the United States, may make application for the payment thereof and may institute suit as provided in section nine hereof [section 9 of this Appendix].

(b) During the present war, no enemy, or ally of enemy, and no partnership of which he is a member or was a member at the beginning of the war, shall for any purpose assume or use any name other than that by which such enemy or partnership was ordinarily known at the beginning of the war, except under license from the President.

§7. Lists of enemy or ally of enemy officers, directors or stockholders of corporations in United States; acts constituting trade with enemy prior to passage of Act; conveyance of property to custodian; voluntary payment to custodian by holder; acts under order, rule, or regulation

(a) Every corporation incorporated within the United States, and every unincorporated association, or company, or trustee, or trustees within the United States, issuing shares or certificates representing beneficial interests, shall, under such rules and regulations as the President may prescribe and, within sixty days after the passage of this Act [Oct. 6, 1917] and at such other times thereafter as the President may require, transmit to the alien property custodian a full list, duly sworn to, of every officer, director, or stockholder known to be, or whom the representative of such corporation, association, company, or trustee has reasonable cause to believe to be an enemy or ally of enemy resident within the territory, or a subject or citizen residing outside of the United States, of any nation with which the United States is at war, or resident within the territory, or a subject or citizen residing outside of the United States, of any ally of any nation with which the United States is at war, together with the amount of stock or shares owned by each such officer, director, or stockholder, or in which he has any interest.

The President may also require a similar list to be transmitted of all stock or shares owned on February third, nineteen hundred and seventeen, by any person now defined as an enemy or ally of

enemy, or in which any such person had any interest; and he may also require a list to be transmitted of all cases in which said corporation, association, company, or trustee has reasonable cause to believe that the stock or shares on February third, nineteen hundred and seventeen, were owned or are owned by such enemy or ally of enemy, though standing on the books in the name of another: *Provided, however,* That the name of any such officer, director, or stockholder, shall be stricken permanently or temporarily from such list by the alien property custodian when he shall be satisfied that he is not such enemy or ally of enemy.

Any person in the United States who holds or has or shall hold or have custody or control of any property beneficial or otherwise, alone or jointly with others, of, for, or on behalf of an enemy or ally of enemy, or of any person whom he may have reasonable cause to believe to be an enemy or ally of enemy and any person in the United States who is or shall be indebted in any way to an enemy or ally of enemy, or to any person whom he may have reasonable cause to believe to be an enemy or ally of enemy, shall, with such exceptions and under such rules and regulations as the President shall prescribe, and within thirty days after the passage of this Act [Oct. 6, 1917], or within thirty days after such property shall come within his custody or control, or after such debt shall become due, report the fact to the alien-property custodian by written statement under oath containing such particulars as said custodian shall require. The President may also require a similar report of all property so held, of, for, or on behalf of, and of all debts so owed to, any person now defined as an enemy or ally of enemy, on February third, nineteen hundred and seventeen: *Provided,* That the name of any person shall be stricken from the said report by the alien property custodian, either temporarily or permanently, when he shall be satisfied that such person is not an enemy or ally of enemy. The President may extend the time for filing the lists or reports required by this section for an additional period not exceeding ninety days.

(b) Nothing in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix] contained shall render valid or legal, or be construed to recognize as valid or legal, any act or transaction constituting trade with, to, from, for or on account of, or on behalf or for the benefit of an enemy performed or engaged in since the beginning of the war and prior to the passage of this Act [said sections] or any such act or transaction hereafter performed or engaged in except as authorized hereunder, which would otherwise have been or be void, illegal, or invalid at law. No conveyance, transfer, delivery, payment, or loan of money or other property, in violation of section three hereof [section 3 of this Appendix], made after the passage of this Act [Oct. 6, 1917] and not under license as herein provided shall confer or create any right or remedy in respect thereof; and no person shall by virtue of any assignment, indorsement, or delivery to him of any debt, bill, note, or other obligation or chose in action by, from, or on behalf of, or on account of, or for the benefit of an enemy or ally of enemy have any right or remedy against the debtor, obligor, or other person liable to pay, fulfill, or perform the same unless said assignment, indorsement, or delivery was made prior to the beginning of the war or shall be made under license as herein provided, or unless, if made after the beginning of the war and prior to the date of passage of this Act [Oct. 6, 1917], the person to whom the same was made shall prove lack of knowledge and of reasonable cause to believe on his part that the same was made by, from or on behalf of, or on account of, or for the benefit of an enemy or ally of enemy; and any person who knowingly pays, discharges, or satisfies any such debt, note, bill, or other obligation or chose in action shall, on conviction thereof, be deemed to violate section three hereof [section 3 of this Appendix]: *Provided,* That nothing in this Act [said sections] contained shall prevent the carrying out, completion, or performance of any contract, agreement, or obligation originally made with or entered into by an enemy or ally of enemy where, prior to the beginning of the war and not in contemplation thereof, the interest of such enemy or ally of enemy devolved by assignment or otherwise upon a person not an enemy or ally of enemy, and no enemy or ally of enemy will be benefited by such carrying out, completion, or performance otherwise than by release from obligation thereunder.

Nothing in this Act [said sections] shall be deemed to prevent payment of money belonging or owing to an enemy or ally of enemy to a person within the United States not an enemy or ally of enemy, for the benefit of such person or of any other person within the United States, not an enemy or ally of enemy, if the funds so paid shall have been received prior to the beginning of the war and

such payments arise out of transactions entered into prior to the beginning of the war, and not in contemplation thereof: *Provided*, That such payment shall not be made without the license of the President, general or special, as provided in this Act [said sections].

Nothing in this Act [said sections] shall be deemed to authorize the prosecution of any suit or action at law or in equity in any court within the United States by an enemy or ally of enemy prior to the end of the war, except as provided in section ten hereof [section 10 of this Appendix]: *Provided, however*, That an enemy or ally of enemy licensed to do business under this Act [said sections] may prosecute and maintain any such suit or action so far as the same arises solely out of the business transacted within the United States under such license and so long as such license remains in full force and effect: *And provided further*, That an enemy or ally of enemy may defend by counsel any suit in equity or action at law which may be brought against him.

Receipt of notice from the President to the effect that he has reasonable ground to believe that any person is an enemy or ally of enemy shall be prima facie defense to any one receiving the same, in any suit or action at law or in equity brought or maintained, or to any right or set-off or recoupment asserted by, such person and based on failure to complete or perform since the beginning of the war any contract or other obligation. In any prosecution under section sixteen hereof [section 16 of this Appendix] proof of receipt of notice from the President to the effect that he has reasonable cause to believe that any person is an enemy or ally of enemy shall be prima facie evidence that the person receiving such notice has reasonable cause to believe such other person to be an enemy or ally of enemy within the meaning of section three hereof [section 3 of this Appendix].

(c) If the President shall so require any money or other property including (but not thereby limiting the generality of the above) patents, copyrights, applications therefor, and rights to apply for the same, trade marks, choses in action, and rights and claims of every character and description owing or belonging to or held for, by, on account of, or on behalf of, or for the benefit of, an enemy or ally of enemy not holding a license granted by the President hereunder, which the President after investigation shall determine is so owning or so belongs or is so held, shall be conveyed, transferred, assigned, delivered, or paid over to the Alien Property Custodian, or the same may be seized by the Alien Property Custodian; and all property thus acquired shall be held, administered and disposed of as elsewhere provided in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix].

Any requirement made pursuant to this Act [said sections], or a duly certified copy thereof, may be filed, registered, or recorded in any office for the filing, registering, or recording of conveyances, transfers, or assignments of any such property or rights as may be covered by such requirement (including the proper office for filing, registering, or recording conveyances, transfers, or assignments of patents, copyrights, trade-marks, or any rights therein or any other rights); and if so filed, registered, or recorded shall impart the same notice and have the same force and effect as a duly executed conveyance, transfer, or assignment to the Alien Property Custodian so filed, registered, or recorded.

Whenever any such property shall consist of shares of stock or other beneficial interest in any corporation, association, or company or trust, it shall be the duty of the corporation, association, or company or trustee or trustees issuing such shares or any certificates or other instruments representing the same or any other beneficial interest to cancel upon its, his, or their books all shares of stock or other beneficial interest standing upon its, his, or their books in the name of any person or persons, or held for, on account of, or on behalf of, or for the benefit of any person or persons who shall have been determined by the President, after investigation, to be an enemy or ally of enemy, and which shall have been required to be conveyed, transferred, assigned, or delivered to the Alien Property Custodian or seized by him, and in lieu thereof to issue certificates or other instruments for such shares or other beneficial interest to the Alien Property Custodian or otherwise, as the Alien Property Custodian shall require.

The sole relief and remedy of any person having any claim to any money or other property heretofore or hereafter conveyed, transferred, assigned, delivered, or paid over to the Alien Property Custodian, or required so to be, or seized by him shall be that provided by the terms of this Act [said

sections], and in the event of sale or other disposition of such property by the Alien Property Custodian, shall be limited to and enforced against the net proceeds received therefrom and held by the Alien Property Custodian or by the Treasurer of the United States.

(d) If not required to pay, convey, transfer, assign, or deliver under the provisions of subsection (c) of this section, any person not an enemy or ally of enemy who owes to, or holds for, or on account of, or on behalf of, or for the benefit of an enemy or of an ally of enemy not holding a license granted by the President hereunder, any money or other property, or to whom any obligation or form of liability to such enemy or ally of enemy is presented for payment, may, at his option, with the consent of the President, pay, convey, transfer, assign, or deliver to the alien property custodian said money or other property under such rules and regulations as the President shall prescribe.

(e) No person shall be held liable in any court for or in respect to anything done or omitted in pursuance of any order, rule, or regulation made by the President under the authority of this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix].

Any payment, conveyance, transfer, assignment, or delivery of money or property made to the alien property custodian hereunder shall be a full acquittance and discharge for all purposes of the obligation of the person making the same to the extent of same. The President shall issue to every person so appointed a certificate of the appointment and authority of such person, and such certificate shall be received in evidence in all courts within the United States. Whenever any such certificate of authority shall be offered to any registrar, clerk, or other recording officer, Federal or otherwise, within the United States, such officer shall record the same in like manner as a power of attorney, and such record or a duly certified copy thereof shall be received in evidence in all courts of the United States or other courts within the United States.

§9. Claims to property transferred to custodian; notice of claim; filing; return of property; suits to recover; sale of claimed property in time of war or during national emergency

(a) Any person not an enemy or ally of enemy claiming any interest, right, or title in any money or other property which may have been conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian or seized by him hereunder and held by him or by the Treasurer of the United States, or to whom any debt may be owing from an enemy or ally of enemy whose property or any part thereof shall have been conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian or seized by him hereunder and held by him or by the Treasurer of the United States may file with the said custodian a notice of his claim under oath and in such form and containing such particulars as the said custodian shall require; and the President, if application is made therefor by

the claimant, may order the payment, conveyance, transfer, assignment, or delivery to said claimant of the money or other property so held by the Alien Property Custodian or by the Treasurer of the United States, or of the interest therein to which the President shall determine said claimant is entitled: *Provided*, That no such order by the President shall bar any person from the prosecution of any suit at law or in equity against the claimant to establish any right, title, or interest which he may have in such money or other property. If the President shall not so order within sixty days after the filing of such application or if the claimant shall have filed the notice as above required and shall have made no application to the President, said claimant may institute a suit in equity in the United States District Court for the District of Columbia or in the district court of the United States for the district in which such claimant resides, or, if a corporation, where it has its principal place of business (to which suit the Alien Property Custodian or the Treasurer of the United States, as the case may be, shall be made a party defendant), to establish the interest, right, title, or debt so claimed, and if so established the court shall order the payment, conveyance, transfer, assignment, or delivery to said claimant of the money or other property so held by the Alien Property Custodian or by the Treasurer of the United States or the interest therein to which the court shall determine said claimant is entitled. If suit shall be so instituted, then such money or property shall be retained in the custody of the Alien Property Custodian, or in the Treasury of the United States, as provided in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], and until any final judgment or decree which shall be entered in favor of the claimant shall be fully satisfied by payment or conveyance, transfer, assignment, or delivery by the defendant, or by the Alien Property Custodian, or Treasurer of the United States on order of the court, or until final judgment or decree shall be entered against the claimant or suit otherwise terminated: *Provided further*, That upon a determination made by the President, in time of war or during any national emergency declared by the President, that the interest and welfare of the United States require the sale of any property or interest or any part thereof claimed in any suit filed under this subsection and pending on or after the date of enactment [Oct. 22, 1962] of this proviso the Alien Property Custodian or any successor officer, or agency may sell such property or interest or part thereof, in conformity with law applicable to sales of property by him, at any time prior to the entry of final judgment in such suit. No such sale shall be made until thirty days have passed after the publication of notice in the Federal Register of the intention to sell. The net proceeds of any such sale shall be deposited in a special account established in the Treasury, and shall be held in trust by the Secretary of the Treasury pending the entry of final judgment in such suit. Any recovery of any claimant in any such suit in respect of the property or interest or part thereof so sold shall be satisfied from the net proceeds of such sale unless such claimant, within sixty days after receipt of notice of the amount of net proceeds of sale serves upon the Alien Property Custodian, or any successor officer or agency, and files with the court an election to waive all claims to the net proceeds, or any part thereof, and to claim just compensation instead. If the court finds that the claimant has established an interest, right, or title in any property in respect of which such an election has been served and filed, it shall proceed to determine the amount which will constitute just compensation for such interest, right, or title, and shall order payment to the claimant of the amount so determined. An order for the payment of just compensation hereunder shall be a judgment against the United States and shall be payable first from the net proceeds of the sale in an amount not to exceed the amount the claimant would have received had he elected to accept his proportionate part of the net proceeds of the sale, and the balance, if any, shall be payable in the same manner as are judgments in cases arising under section 1346 of title 28, United States Code. The Alien Property Custodian or any successor officer or agency shall, immediately upon the entry of final judgment, notify the Secretary of the Treasury of the determination by final judgment of the claimant's interest and right to the proportionate part of the net proceeds from the sale, and the final determination by judgment of the amount of just compensation in the event the claimant has elected to recover just compensation for the interest in the property he claimed.

(b) In respect of all money or other property conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian or seized by him hereunder and held by him or by the Treasurer of the United States, if the President shall determine that the owner thereof at the time such money or other property was required to be so conveyed, transferred, assigned, delivered, or paid to the Alien

Property Custodian or at the time when it was voluntarily delivered to him or was seized by him was—

Then the President, without any application being made therefor, may order the payment, conveyance, transfer, assignment, or delivery of such money or other property held by the Alien Property Custodian or by the Treasurer of the United States, or of the interest therein to which the President shall determine such person entitled, either to the said owner or to the person by whom said property was conveyed, transferred, assigned, delivered, or paid over to the Alien Property Custodian: *Provided*, That no person shall be deemed or held to be a citizen or subject of Germany or Austria or Hungary or Austria-Hungary for the purposes of this section, even though he was such citizen or subject at the time first specified in this subsection, if he has become or shall become, ipso facto or through exercise of option, a citizen or subject of any nation or State or free city other than Germany, Austria, or Hungary, (first) under the terms of such treaties of peace as have been or may be concluded subsequent to November 11, 1918, between Germany or Austria or Hungary (of the one part) and the United States and/or three or more of the following-named powers: The British Empire, France, Italy, and Japan (of the other part), or (second) under the terms of such treaties as have been or may be concluded in pursuance of the treaties of peace aforesaid between any nation, State, or free city (of the one part) whose territories, in whole or in part, on August 4, 1914, formed a portion of the territory of Germany or Austria-Hungary and the United States and/or three or more of the following-named powers: The British Empire, France, Italy, and Japan (of the other part). For the purposes of this section any citizen or subject of a State or free city which at the time of the proposed return of money or other property of such citizen or subject hereunder forms a part of the territory of any one of the following nations: Germany, Austria, or Hungary, shall be deemed to be a citizen or subject of such nation. And the receipt of the said owner or of the person by whom said money or other property was conveyed, transferred, assigned, delivered, or paid over to the Alien Property Custodian shall be a full acquittance and discharge of the Alien Property Custodian or the Treasurer of the United States, as the case may be, and of the United States in respect to all claims of all persons heretofore or hereafter claiming any right, title, or interest in said money or other property, or compensation or damages arising from the capture of such money or other property by the President or the Alien Property Custodian: *Provided further, however*, That except as herein provided no such action by the President shall bar any person from the prosecution of any suit at law or in equity to establish any right, title, or interest which he may have therein.

(c) Any person whose money or other property the President is authorized to return under the provisions of subsection (b) hereof may file notice of claim for the return of such money or other property, as provided in subsection (a) hereof, and thereafter may make application to the President for allowance of such claim and/or may institute suit in equity to recover such money or other property, as provided in said subsection, and with like effect. The President or the court, as the case may be, may make the same determinations with respect to citizenship and other relevant facts that the President is authorized to make under the provisions of subsection (b) hereof.

(d) Whenever an individual, deceased, would have been entitled, if living, to the return of any money or other property without filing the written consent provided for in subsection (m), then his legal representative may proceed for the return of such money or other property in the same manner as such individual might proceed if living, and such money or other property may be returned to such legal representative without requiring the appointment of an administrator, or an ancillary administrator, by a court in the United States, or to any such ancillary administrator, for distribution directly to the persons entitled thereto. Return in accordance with the provisions of this subsection may be made in any case where an application or court proceeding by any legal representative, under the provisions of this subsection before its amendment by the Settlement of War Claims Act of 1928 [Act Mar. 10, 1928, ch. 167, §12(a), 45 Stat. 271] is pending and undetermined at the time of the enactment of such Act. All bonds or other security given under the provisions of this subsection before such amendment shall be canceled or released and all sureties thereon discharged.

(e) No money or other property shall be returned nor any debt allowed under this section to any person who is a citizen or subject of any nation which was associated with the United States in the prosecution of the war, unless such nation in like case extends reciprocal rights to citizens of the United States: *Provided*, That any arrangement made by a foreign nation for the release of money

and other property of American citizens and certified by the Secretary of State to the Attorney General as fair and the most advantageous arrangement obtainable shall be regarded as meeting this requirement; nor in any event shall a debt be allowed under this section unless it was owing to and owned by the claimant prior to October 6, 1917, and as to claimants other than citizens of the United States unless it arose with reference to the money or other property held by the Alien Property Custodian or Treasurer of the United States hereunder; nor shall a debt be allowed under this section unless notice of the claim has been filed, or application therefor has been made, prior to the date of the enactment of the Settlement of War Claims Act of 1928 [Act Mar. 10, 1928, ch. 167, 45 Stat. 254].

(f) Except as herein provided, the money or other property conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian, shall not be liable to lien, attachment, garnishment, trustee process, or execution, or subject to any order or decree of any court.

(g) Whenever an individual, deceased, would have been entitled, if living, to the return of any money or other property upon filing the written consent provided for in subsection (m), then his legal representative may proceed for the return of such money or other property in the same manner as such individual might proceed if living, and such money or other property may be returned, upon filing the written consent provided for in subsection (m), to such legal representative without requiring the appointment of an administrator, or an ancillary administrator, by a court in the United States, or to any such ancillary administrator, for distribution to the persons entitled thereto. This subsection shall not be construed as extinguishing or diminishing any right which any citizen of the United States may have had under this subsection prior to its amendment by the Settlement of War Claims Act of 1928 [Act Mar. 10, 1928, ch. 167, §12(c), 45 Stat. 271] to receive in full his interest in the property of any individual dying before such amendment.

(h) The aggregate value of the money or other property returned under paragraphs (9) and (10) of subsection (b) to any one person, irrespective of the number of trusts involved, shall in no case exceed \$10,000.

(i) For the purposes of paragraphs (9) and (10) of subsection (b) of this section accumulated net income, dividends, interest, annuities, and other earnings, shall be considered as part of the principal.

(j) The Alien Property Custodian is authorized and directed to return to the person entitled thereto, whether or not an enemy or ally of enemy and regardless of the value, any patent, trademark, print, label, copyright, or right therein or claim thereto, which was conveyed, transferred, assigned, or delivered to the Alien Property Custodian, or seized by him, and which has not been sold, licensed, or otherwise disposed of under the provisions of this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], and to return any such patent, trademark, print, label, copyright, or right therein or claim thereto, which has been licensed, except that any patent, trade-mark, print, label, copyright, or right therein or claim thereto, which is returned by the Alien Property Custodian and which has been licensed, or in respect of which any contract has been entered into, or which is subject to any lien or encumbrance, shall be returned subject to the license, contract, lien, or encumbrance.

(k) Except as provided in section 27 [section 27 of this Appendix], paragraphs (12) to (22), both inclusive, of subsection (b) of this section shall apply to the proceeds received from the sale, license, or other disposition of any patent, trademark, print, label, copyright, or right therein or claim thereto, conveyed, transferred, assigned, or delivered to the Alien Property Custodian, or seized by him.

(l) This section shall apply to royalties paid to the Alien Property Custodian, in accordance with a judgment or decree in a suit brought under subsection (f) of section 10 [section 10(f) of this Appendix]; but shall not apply to any other money paid to the Alien Property Custodian under section 10 [section 10 of this Appendix].

(m) No money or other property shall be returned under paragraph (12), (13), (14), or (16) of subsection (b) or under subsection (g) or (n) or (to the extent therein provided) under subsection (p), unless the person entitled thereto files a written consent to a postponement of the return of an amount equal to 20 per centum of the aggregate value of such money or other property (at the time, as nearly as may be, of the return), as determined by the Alien Property Custodian, and the investment of such amount in accordance with the provisions of section 25 [section 25 of this Appendix]. Such amount shall be deducted from the money to be returned to such person, so far as possible, and the balance

shall be deducted from the proceeds of the sale of so much of the property as may be necessary, unless such person pays the balance to the Alien Property Custodian, except that no property shall be sold prior to the expiration of six years from the date of the enactment of the Settlement of War Claims Act of 1928 [Act Mar. 10, 1928, ch. 167, 45 Stat. 254] without the consent of the person entitled thereto. The amounts so deducted shall be returned to the persons entitled thereto as provided in subsection (f) of section 25 [section 25(f) of this Appendix]. The sale of any such property shall be made in accordance with the provisions of section 12 [section 12 of this Appendix], except that the provisions of such section relating to sales or resales to, or for the benefit of, citizens of the United States shall not be applicable. If such aggregate value of the money or other property to be returned under paragraph (12), (13), (14), or (16) of subsection (b) or under subsection (g) is less than \$2,000, then the written consent shall not be required and the money or other property shall be returned in full without the temporary retention and investment of 20 per centum thereof.

(n) In the case of property consisting of stock or other interest in any corporation, association, company, or trust, or of bonded or other indebtedness thereof, evidenced by certificates of stock or by bonds or by other certificates of interest therein or indebtedness thereof, or consisting of dividends or interest or other accruals thereon, where the right, title, and interest in the property (but not the actual certificate or bond or other certificate of interest or indebtedness) was conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian, or seized by him, if the President determines that the owner thereof or of any interest therein has acquired such ownership by assignment, transfer, or sale of such certificate or bond or other certificate of interest or indebtedness, (it being the intent of this subsection that such assignment, transfer, or sale shall not be deemed invalid hereunder by reason of such conveyance, transfer, assignment, delivery, or payment to the Alien Property Custodian or seizure by him) and that the written consent provided for in subsection (m) of this section has been filed, then the President may make in respect of such property an order of the same character, upon the same conditions, and with the same effect, as in cases provided for in subsection (b), including the benefits of subsection (c).

(o) The provisions of paragraph (12), (13), (14), (17), (18), (19), (20), (21), or (22) of subsection (b), or of subsection (m) or (n) of this section, and (except to the extent therein provided) the provisions of paragraph (16) of subsection (b), shall not be construed as diminishing or extinguishing any right under any other provision of this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix] in force immediately prior to the enactment of the Settlement of War Claims Act of 1928 [Act Mar. 10, 1928, ch. 167, 45 Stat. 254].

(p) The Alien Property Custodian shall transfer the money or other property in the trust of any partnership, association, or other unincorporated body of individuals, or corporation, the existence of which has terminated, to trusts in the names of the persons (including the German Government and members of the former ruling family) who have succeeded to its claim or interest; and the provisions of subsection (a) of this section relating to the collection of a debt (by order of the President or of a court) out of money or other property held by the Alien Property Custodian or the Treasurer of the United States shall be applicable to the debts of such successor and any such debt may be collected out of the money or other property in any of such trusts if not returnable under subsection (a) of this section. Subject to the above provisions as to the collection of debts, each such successor (except the German Government and members of the former ruling family) may proceed for the return of the amount so transferred to his trust, in the same manner as such partnership, association, or other unincorporated body of individuals, or corporation might proceed if still in existence. If such partnership, association, or other unincorporated body of individuals, or corporation, would have been entitled to the return of its money or other property only upon filing the written consent provided for in subsection (m), then the successor shall be entitled to the return under this subsection only upon filing such written consent.

§10. Acts permitted; applications for patents, or registration of trade-marks or copyrights; payment of tax in relation thereto; licenses under enemy owned patent or copyright; statements by licensees; term and cancellation; suits against licensees; restraining infringements; powers of attorney; keeping secret inventions

Nothing contained in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix] shall be held to make unlawful any of the following acts:

(a) Repealed. Aug. 8, 1946, ch. 910, §13, 60 Stat. 944.

(b) Any citizen of the United States, or any corporation organized within the United States, may, when duly authorized by the President, pay to an enemy or ally of enemy any tax, annuity, or fee which may be required by the laws of such enemy or ally of enemy nation in relation to patents and trade-marks, prints, labels, and copyrights; and any such citizen or corporation may file and prosecute an application for letters patent or for registration of trade-mark, print, label, or copyright in the country of an enemy, or of an ally of enemy after first submitting such application to the President and receiving license so to file and prosecute, and to pay the fees required by law and customary agents' fees, the maximum amount of which in each case shall be subject to the control of the President.

(c) Any citizen of the United States or any corporation organized within the United States desiring to manufacture, or cause to be manufactured, a machine, manufacture, composition of matter, or design, or to carry on, or to use any trade-mark, print, label or cause to be carried on, a process under any patent or copyrighted matter owned or controlled by an enemy or ally of enemy at any time during the existence of a state of war may apply to the President for a license; and the President is authorized to grant such a license, nonexclusive or exclusive as he shall deem best, provided he shall be of the opinion that such grant is for the public welfare, and that the applicant is able and intends in good faith to manufacture, or cause to be manufactured, the machine, manufacture, composition of matter, or design, or to carry on, or cause to be carried on, the process or to use the trade-mark, print, label or copyrighted matter. The President may prescribe the conditions of this license, including the fixing of prices of articles and products necessary to the health of the military and naval forces of the United States or the successful prosecution of the war, and the rules and regulations under which such license may be granted and the fee which shall be charged therefor, not exceeding \$100, and not exceeding one per centum of the fund deposited as hereinafter provided. Such license shall be a complete defense to any suit at law or in equity instituted by the enemy or ally of enemy owners of

the letters patent, trade-mark, print, label or copyright, or otherwise, against the licensee for infringement or for damages, royalty, or other money award on account of anything done by the licensee under such license, except as provided in subsection (f) hereof.

(d) The licensee shall file with the President a full statement of the extent of the use and enjoyment of the license, and of the prices received in such form and at such stated periods (at least annually) as the President may prescribe; and the licensee shall pay at such times as may be required to the alien property custodian not to exceed five per centum of the gross sums received by the licensee from the sale of said inventions or use of the trade-mark, print, label or copyrighted matter, or, if the President shall so order, five per centum of the value of the use of such inventions, trade-marks, prints, labels or copyrighted matter to the licensee as established by the President; and sums so paid shall be deposited by said alien property custodian forthwith in the Treasury of the United States as a trust fund for the said licensee and for the owner of the said patent, trade-mark, print, label or copyright registration as hereinafter provided, to be paid from the Treasury upon order of the court, as provided in subsection (f) of this section, or upon the direction of the alien property custodian.

(e) Unless surrendered or terminated as provided in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], any license granted hereunder shall continue during the term fixed in the license or in the absence of any such limitation during the term of the patent, trade-mark, print, label, or copyright registration under which it is granted. Upon violation by the licensee of any of the provisions of this Act [said sections], or of the conditions of the license, the President may, after due notice and hearing, cancel any license granted by him.

(f) The owner of any patent, trade-mark, print, label, or copyright under which a license is granted hereunder may, after the end of the war and until the expiration of one year thereafter, file a bill in equity against the licensee in the district court of the United States for the district in which the said licensee resides, or, if a corporation, in which it has its principal place of business (to which suit the Treasurer of the United States shall be made a party), for recovery from the said licensee for all use and enjoyment of the said patented invention, trade-mark, print, label, or copyrighted matter: *Provided, however,* That whenever suit is brought, as above, notice shall be filed with the alien property custodian within thirty days after date of entry of suit: *Provided further,* That the licensee may make any and all defenses which would be available were no license granted. The court on due proceedings had may adjudge and decree to the said owner payment of a reasonable royalty. The amount of said judgment and decree, when final, shall be paid on order of the court to the owner of the patent from the fund deposited by the licensee, so far as such deposit will satisfy said judgment and decree; and the said payment shall be in full or partial satisfaction of said judgment and decree, as the facts may appear; and if, after payment of all such judgments and decrees, there shall remain any balance of said deposit, such balance shall be repaid to the licensee on order of the alien property custodian. If no suit is brought within one year after the end of the war, or no notice is filed as above required, then the licensee shall not be liable to make any further deposits, and all funds deposited by him shall be repaid to him on order of the alien property custodian. Upon entry of suit and notice filed as above required, or upon repayment of funds as above provided, the liability of the licensee to make further reports to the President shall cease.

If suit is brought as above provided, the court may, at any time, terminate the license, and may, in such event, issue an injunction to restrain the licensee from infringement thereafter, or the court, in case the licensee, prior to suit, shall have made investment of capital based on possession of the license, may continue the license for such period and upon such terms and with such royalties as it shall find to be just and reasonable.

In the case of any such patent, trade-mark, print, label, or copyright, conveyed, assigned, transferred, or delivered to the Alien Property Custodian or seized by him, any suit brought under this subsection, within the time limited therein, shall be considered as having been brought by the owner within the meaning of this subsection, in so far as such suit relates to royalties for the period prior to the sale by the Alien Property Custodian of such patent, trade-mark, print, label, or

copyright, if brought either by the Alien Property Custodian or by the person who was the owner thereof immediately prior to the date such patent, trade-mark, print, label, or copyright was seized or otherwise acquired by the Alien Property Custodian.

(g) Any enemy, or ally of enemy, may institute and prosecute suits in equity against any person other than a licensee under this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix] to enjoin infringement of letters patent, trade-mark, print, label, and copyrights in the United States owned or controlled by said enemy or ally of enemy, in the same manner and to the extent that he would be entitled so to do if the United States was not at war: *Provided*, That no final judgment or decree shall be entered in favor of such enemy or ally of enemy by any court except after thirty days' notice to the alien property custodian. Such notice shall be in writing and shall be served in the same manner as civil process of Federal courts.

(h) All powers of attorney heretofore or hereafter granted by an enemy or ally of enemy to any person within the United States, in so far as they may be requisite to the performance of acts authorized in subsections (a) and (g) of this section, shall be valid.

(i) Whenever the publication of an invention by the granting of a patent may, in the opinion of the President, be detrimental to the public safety or defense, or may assist the enemy or endanger the successful prosecution of the war, he may order that the invention be kept secret and withhold the grant of a patent until the end of the war: *Provided*, That the invention disclosed in the application for said patent may be held abandoned upon it being established before or by the Under Secretary of Commerce for Intellectual Property and Director of the United States Patent and Trademark Office that, in violation of said order, said invention has been published or that an application for a patent therefor has been filed in any other country, by the inventor or his assigns or legal representatives, without the consent or approval of the commissioner or under a license of the President.

When an applicant whose patent is withheld as herein provided and who faithfully obeys the order of the President above referred to shall tender his invention to the Government of the United States for its use, he shall, if he ultimately receives a patent, have the right to sue for compensation in the United States Court of Federal Claims, such right to compensation to begin from the date of the use of the invention by the Government.

(a) The Alien Property Custodian is authorized to pay all taxes (including special assessments), heretofore or hereafter lawfully assessed by any body politic against any money or other property held by him or by the Treasurer of the United States under this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], and to pay the necessary expenses incurred by him or by any depositary for him in securing the possession, collection, or control of any such money or other property, or in protecting or administering the same. Such taxes and expenses shall be paid out of the money or other property against which such taxes are assessed or in respect of which such expenses are incurred, or (if such money or other property is insufficient) out of any other money or property held for the same person, notwithstanding the fact that a claim may have been filed or suit instituted under this Act [said sections]. No claim shall be filed with the Alien Property Custodian or allowed by him or by the President of the United States, nor shall any suit be instituted or maintained against the Alien Property Custodian or the Treasurer of the United States, or the United States, under any provisions of law, by any person who was an enemy or ally of enemy as defined in the Trading with the Enemy Act, as amended [said sections], and no allowance of any such claim now pending shall be made, nor judgment entered in any such suit heretofore or hereafter instituted, for the recovery of any deduction or deductions, heretofore or hereafter made by the Alien Property Custodian from money or properties, or income therefrom, held by him or by the Treasurer of the United States hereunder, for the general or administrative expenses of the office of the Alien Property Custodian, which deduction or deductions on the collection of any income do not exceed the sum of two per centum of such income or which on the return of any moneys or properties or income therefrom, do not exceed the sum of two per centum of the aggregate value thereof at the time or times as nearly as may be, of such deduction or deductions, or, for the recovery of any deduction or deductions heretofore or hereafter made by the Alien Property Custodian from money or properties or income therefrom held by him or by the Treasurer of the United States hereunder, for any and all necessary expenses incurred and actually disbursed by the Alien Property Custodian or by any depositary for him in securing the possession, collection or control of any such money or properties or income therefrom, or in protecting or administering the same, as said general or administrative and other expenses and said aggregate value of returned money or properties or income therefrom have been heretofore or shall be hereafter determined by said Alien Property Custodian.

(b) In the case of income, war-profits, excess-profits, or estate taxes imposed by any Act of

Congress, the amount thereof shall, under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, be computed in the same manner (except as hereinafter in this section provided) as though the money or other property had not been seized by or paid to the Alien Property Custodian, and shall be paid as far as practicable, in accordance with subsection (a) of this section. Pending final determination of the tax liability the Alien Property Custodian is authorized to return, in accordance with the provisions of this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], money or other property in any trust in such amounts as may be determined, under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, to be consistent with the prompt payment of the full amount of the internal-revenue taxes. Notwithstanding the expiration of any period of limitation provided by law, credit or refund of any income, war-profits, or excess-profits tax erroneously or illegally assessed or collected may be made or allowed if claim therefor was filed with the Commissioner of Internal Revenue by the Alien Property Custodian on or before February 15, 1933.

(c) So much of the net income of a taxpayer for the taxable year 1917, or any succeeding taxable year, as represents the gain derived from the sale or exchange by the Alien Property Custodian of any property conveyed, transferred, assigned, delivered, or paid to him, or seized by him, may at the option of the taxpayer be segregated from the net income and separately taxed at the rate of 30 per centum. This subsection shall be applied and the amount of net income to be so segregated shall be determined, under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury, as nearly as may be in the same manner as provided in section 208 of the Revenue Act of 1926 (relating to capital net gains), but without regard to the period for which the property was held by the Alien Property Custodian before its sale or exchange, and whether or not the taxpayer is an individual.

(d) Any property sold or exchanged by the Alien Property Custodian (whether before or after the date of the enactment of the Settlement of War Claims Act of 1928 [Mar. 10, 1928]) shall be considered as having been compulsorily or involuntarily converted, within the meaning of the income, excess-profits, and war-profits tax laws and regulations; and the provisions of such laws and regulations relating to such a conversion shall (under regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury) apply in the case of the proceeds of such sale or exchange. For the purpose of determining whether the proceeds of such conversion have been expended within such time as will entitle the taxpayer to the benefits of such laws and regulations relating to such a conversion, the date of the return of the proceeds to the person entitled thereto shall be considered as the date of the conversion.

(e) In case of any internal-revenue tax imposed in respect of property conveyed, transferred, assigned, delivered, or paid to the Alien Property Custodian, or seized by him, and imposed in respect of any period (in the taxable year 1917 or any succeeding taxable year) during which such property was held by him or by the Treasurer of the United States, no interest or civil penalty shall be assessed upon, collected from, or paid by or on behalf of, the taxpayer; nor shall any interest be credited or paid to the taxpayer in respect of any credit or refund allowed or made in respect of such tax.

(f) The benefits of subsections (c), (d), and (e) shall be extended to the taxpayer if claim therefor is filed before the expiration of the period of limitations properly applicable thereto, or before the expiration of six months after the date of the enactment of the Settlement of War Claims Act of 1928 [Mar. 10, 1928], whichever date is the later. The benefits of subsection (d) shall also be extended to the taxpayer if claim therefor is filed before the expiration of six months after the return of the proceeds.

Reestablishment of Office of Alien Property Custodian during World War II, see notes set out under section 6 of this Appendix.

§25. Investments by Custodian in participating certificates issued by Secretary of the Treasury; transfers to and payments from German, Austrian or Hungarian special deposit accounts; allocation of payments

(a)(1) The Alien Property Custodian is authorized and directed to invest, from time to time upon the request of the Secretary of the Treasury, out of the funds held by the Alien Property Custodian or by the Treasurer of the United States for the Alien Property Custodian, an amount not to exceed \$40,000,000 in the aggregate, in one or more participating certificates issued by the Secretary of the Treasury in accordance with the provisions of this section.

(2) When in the case of any trust written consent under subsection (m) of section 9 [section 9(m) of this Appendix] has been filed, an amount equal to the portion of such trust the return of which is temporarily postponed under such subsection shall be credited against the investment made under paragraph (1) of this subsection. If the total amount so credited is in excess of the amount invested under paragraph (1) of this subsection, the excess shall be invested by the Alien Property Custodian in accordance with the provisions of this subsection, without regard to the \$40,000,000 limitation in paragraph (1). If the amount invested under paragraph (1) of this subsection is in excess of the total amount so credited, such excess shall, from time to time on request of the Alien Property Custodian, be paid to him out of the funds in the German special deposit account created by section 4 of the Settlement of War Claims Act of 1928, and such payments shall have priority over any payments therefrom other than the payments under paragraph (1) of subsection (c) of such section (relating to expenses of administration).

(b) The Alien Property Custodian is authorized and directed to invest, in one or more participating certificates issued by the Secretary of the Treasury, out of the unallocated interest fund, as defined in section 28 [section 28 of this Appendix]—

(1) The sum of \$25,000,000. If, after the allocation under section 26 [section 26 of this Appendix] has been made, the amount of the unallocated interest fund allocated to the trust described in subsection (c) of such section is found to be in excess of \$25,000,000, such excess shall be invested by the Alien Property Custodian in accordance with the provisions of this subsection. If the amount so allocated is found to be less than \$25,000,000 any participating certificate or certificates that have been issued shall be corrected accordingly; and

(2) The balance of such unallocated interest fund remaining after the investment provided for in paragraph (1) and the payment of allocated earnings in accordance with the provisions of subsection

(b) of section 26 [section 26(b) of this Appendix] have been made.

(c) If the amount of such unallocated interest fund, remaining after the investment required by paragraph (1) of subsection (b) of this section has been made, is insufficient to pay the allocated earnings in accordance with subsection (b) of section 26 [section 26(b) of this Appendix], then the amount necessary to make up the deficiency shall be paid out of the funds in the German special deposit account created by section 4 of the Settlement of War Claims Act of 1928, and such payment shall have priority over any payments therefrom other than the payments under paragraph (1) of subsection (c) of such section (relating to expenses of administration) and the payments under paragraph (2) of subsection (a) of this section.

(d) The Alien Property Custodian is authorized and directed (after the payment of debts under section 9 [section 9 of this Appendix]) to transfer to the Secretary of the Treasury, for deposit in such special deposit account, all money and the proceeds of all property, including all income, dividends, interest, annuities, and earnings accumulated in respect thereof, owned by the German Government or any member of the former ruling family. All money and other property shall be held to be owned by the German Government (1) if no claim thereto has been filed with the Alien Property Custodian prior to the expiration of three years from the date of the enactment of the Settlement of War Claims Act of 1928 [Mar. 10, 1928], or (2) if any claim has been filed before the expiration of such period (whether before or after the enactment of such Act), then if the ownership thereof under any such claim is not established by a decision of the Alien Property Custodian or by suit in court instituted, under section 9 [section 9 of this Appendix], within one year after the decision of the Alien Property Custodian, or after the date of the enactment of the Settlement of War Claims Act of 1928, whichever date is later. The amounts so transferred under this subsection shall be credited upon the final payment due the United States from the German Government on account of the awards of the Mixed Claims Commission.

(e) The Secretary of the Treasury is authorized and directed to issue to the Alien Property Custodian, upon such terms and conditions and under such regulations as the Secretary of the Treasury may prescribe, one or more participating certificates, bearing interest payable annually (as nearly as may be) at the rate of 5 per centum per annum, as evidence of the investment by the Alien Property Custodian under subsection (a), and one or more non-interest bearing participating certificates, as evidence of the investment by the Alien Property Custodian under subsection (b). All such certificates shall evidence a participating interest, in accordance with, and subject to the priorities of, the provisions of section 4 of the Settlement of War Claims Act of 1928, in the funds in the German special deposit account created by such section, except that—

(1) The United States shall assume no liability, directly or indirectly, for the payment of any such certificates, or of the interest thereon, except out of funds in such special deposit account available therefor, and all such certificates shall so state on their face; and

(2) Such certificates shall not be transferable, except that the Alien Property Custodian may transfer any such participating certificate evidencing the interest of a substantial number of the owners of the money invested, to a trustee duly appointed by such owners.

(f) Any amount of principal or interest paid to the Alien Property Custodian in accordance with the provisions of subsection (c) of section 4 of the Settlement of War Claims Act of 1928 shall be allocated pro rata among the persons filing written consents under subsection (m) of section 9 of this Act [section 9(m) of this Appendix], and the amounts so allocated shall be paid to such persons. If any person to whom any amount is payable under this subsection has died (or if, in the case of a partnership, association, or other unincorporated body of individuals, or a corporation, its existence has terminated), payment shall be made to the persons determined by the Alien Property Custodian to be entitled thereto.

(g) The Alien Property Custodian is authorized and directed (after the payment of debts under section 9 [section 9 of this Appendix]) to transfer to the Secretary of the Treasury, for deposit in the special deposit account (Austrian or Hungarian, as the case may be), created by section 7 of the Settlement of War Claims Act of 1928, all money and the proceeds of all property, including all income, dividends, interest, annuities, and earnings accumulated in respect thereof, owned by the Austrian Government or any corporation all the stock of which was owned by or on behalf of the

Austrian Government (including the property of the Imperial Royal Tobacco Monopoly, also known under the name of K. K. Oesterreichische Tabak Regie), or owned by the Hungarian Government or by any corporation all the stock of which was owned by or on behalf of the Hungarian Government. Such allocation shall be based upon the earnings (determined by the Secretary of the Treasury) on the total amounts deposited under section 12 [section 12 of this Appendix].

(b) The Alien Property Custodian, when the allocation has been made, is authorized and directed to pay to each person entitled, in accordance with a final decision of a court of the United States or of the District of Columbia, or of an opinion of the Attorney General, to the distribution of any portion of such unallocated interest fund, the amount allocated to his trust, except as provided in subsection (c) of this section.

If the aggregate amount so allocated is in excess of \$25,000,000, an amount equal to the excess shall be invested in the same manner. Upon the repayment of any of the amounts so invested, under the provisions of section 4 of the Settlement of War Claims Act of 1928, the amount so repaid shall be distributed pro rata among such persons, notwithstanding any receipts or releases given by them.

(d) The unallocated interest fund shall be available for carrying out the provisions of this section, including the expenses of making the allocation.

§28. “Unallocated interest fund” defined

As used in this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], the term “unallocated interest fund” means the sum of (1) the earnings and profits accumulated prior to March 4, 1923, and attributable to investments and reinvestments under section 12 [section 12 of this Appendix] by the Secretary of the Treasury, plus (2) the earnings and profits accumulated on or after March 4, 1923, in respect of the earnings and profits referred to in clause (1) of this section.

(Oct. 6, 1917, ch. 106, §28, as added Mar. 10, 1928, ch. 167, §15, 45 Stat. 274.)

§29. Waiver by Custodian of demand for property; acceptance of less amount; approval of Attorney General

(a) Where the Alien Property Custodian has made demand or requirement for the conveyance, transfer, assignment, delivery, or payment to him of any money or other property of any enemy or ally of enemy (whether or not suit or proceeding for the enforcement thereof has been begun and whether or not any judgment or decree in respect thereof has been made or entered) and where the whole or any part of such money or other property would, if conveyed, transferred, assigned, delivered, or paid to him, be returnable under any provision of this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], the Alien Property Custodian may, in his discretion, and on such terms

and conditions as he may prescribe, waive such demand or requirement, or accept in full satisfaction of such demand, requirement, judgment, or decree, a less amount than that demanded or required by him.

(b) The Alien Property Custodian shall not make any such waiver or compromise except with the approval of the Attorney General; nor (if any part of such money or property would be returnable only upon the filing of the written consent required by subsection (m) of section 9 [section 9(m) of this Appendix]) unless, after compliance with the terms and conditions of such waiver or compromise, the Alien Property Custodian or the Treasurer of the United States will hold (in respect of such enemy or ally of enemy) for investment as provided in section 25 [section 25 of this Appendix], an amount equal to 20 per centum of the sum of (1) the value of the money or other property held by the Alien Property Custodian or the Treasurer of the United States at the time of such waiver or compromise, plus (2) the value of the money or other property to which the Alien Property Custodian would be entitled under such demand or requirement if the waiver or compromise had not been made.

(c) Where the Alien Property Custodian has made demand or requirement for the conveyance, transfer, assignment, delivery, or payment to him of any money or other property of any enemy or ally of enemy (whether or not suit or proceeding for the enforcement thereof has been begun and whether or not any judgment or decree in respect thereof has been made or entered) and where the interest or right of such enemy or ally of enemy in such money or property has not, prior to the enactment of the Settlement of War Claims Act of 1928 [Mar. 10, 1928], vested in enjoyment, the Alien Property Custodian may, in his discretion, and on such terms and conditions as he may prescribe, waive such demand and requirement, without compliance with the requirements of subsection (b) of this section, but only with the approval of the Attorney General.

(d) Nothing in this section shall be construed as requiring the Alien Property Custodian to make any waiver or compromise authorized by this section, and the Alien Property Custodian may proceed in respect of any demand or requirement referred to in subsection (a) or (c) as if this section had not been enacted.

(e) All money or other property received by the Alien Property Custodian as a result of any action or proceeding (whether begun before or after the enactment of the Settlement of War Claims Act of 1928 [Mar. 10, 1928], and whether or not for the enforcement of a demand or requirement as above specified) shall for the purposes of this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix] be considered as forming a part of the trust in respect of which such action or proceeding was brought, and shall be subject to return in the same manner and upon the same conditions as any other money or property in such trust, except as otherwise provided in subsection (b) of this section.

The President, or such officer or agency as he may designate, may return any property or interest vested in or transferred to the Alien Property Custodian (other than any property or interest acquired by the United States prior to December 18, 1941), or the net proceeds thereof, whenever the President or such officer or agency shall determine—

(1) that the person who has filed a notice of claim for return, in such form as the President or such officer or agency may prescribe, was the owner of such property or interest immediately prior to its vesting in or transfer to the Alien Property Custodian, or is the legal representative (whether or not appointed by a court in the United States), or successor in interest by inheritance, devise, bequest, or operation of law, of such owner; and

(2) that such owner, and legal representative or successor in interest, if any, are not—

(A) the Government of Germany, Japan, Bulgaria, Hungary, or Rumania; or

(B) a corporation or association organized under the laws of such nation: *Provided*, That any property or interest or proceeds which, but for the provisions of this subdivision (B), might be returned under this section to any such corporation or association, may be returned to the owner or owners of all the stock of such corporation or of all the proprietary and beneficial interest in such association, if their ownership of such stock or proprietary and beneficial interest existed immediately prior to vesting in or transfer to the Alien Property Custodian and continuously thereafter to the date of such return (without regard to purported divestments or limitations of such ownership by any government referred to in subdivision (A) hereof) and if such ownership was by one or more citizens of the United States or by one or more corporations organized under the laws of the United States or any State, Territory, or possession thereof, or the District of Columbia: *Provided further*, That such owner or owners shall succeed to those obligations limited in aggregate amount to the value of such property or interest or proceeds, which are lawfully assertible against the corporation or association by persons not ineligible to receive a return under this section; or

(C) an individual voluntarily resident at any time since December 7, 1941, within the territory

of such nation, other than a citizen of the United States or a diplomatic or consular officer of Italy or of any nation with which the United States has not at any time since December 7, 1941, been at war: *Provided*, That an individual who, while in the territory of a nation with which the United States has at any time since December 7, 1941, been at war, was deprived of life or substantially deprived of liberty pursuant to any law, decree, or regulation of such nation discriminating against political, racial, or religious groups, shall not be deemed to have voluntarily resided in such territory; or

(D) an individual who was at any time after December 7, 1941, a citizen or subject of Germany, Japan, Bulgaria, Hungary, or Rumania, and who on or after December 7, 1941, and prior to the date of the enactment of this section [Mar. 8, 1946], was present (other than in the service of the United States) in the territory of such nation or in any territory occupied by the military or naval forces thereof or engaged in any business in any such territory: *Provided*, That notwithstanding the provisions of this subdivision (D) return may be made to an individual who, as a consequence of any law, decree, or regulation of the nation of which he was then a citizen or subject, discriminating against political, racial, or religious groups, has at no time between December 7, 1941, and the time when such law, decree, or regulation was abrogated, enjoyed full rights of citizenship under the law of such nation: *And provided further*, That, notwithstanding the provisions of subdivision (C) hereof and of this subdivision (D), return may be made to an individual who at all times since December 7, 1941, was a citizen of the United States, or to an individual who, having lost United States citizenship solely by reason of marriage to a citizen or subject of a foreign country, reacquired such citizenship prior to September 29, 1950, if such individual would have been a citizen of the United States at all times since December 7, 1941, but for such marriage: *And provided further*, That the aggregate book value of returns made pursuant to the foregoing proviso shall not exceed \$9,000,000; and any return under such proviso may be made if the book value of any such return, taken together with the aggregate book value of returns already made under such proviso does not exceed \$9,000,000; and for the purposes of this proviso the term "book value" means the value, as of the time of vesting, entered on the books of the Alien Property Custodian for the purpose of accounting for the property or interest involved; or

(E) a foreign corporation or association which at any time after December 7, 1941, was controlled or 50 per centum or more of the stock of which was owned by any person or persons ineligible to receive a return under subdivisions (A), (B), (C), or (D) hereof: *Provided*, That notwithstanding the provisions of this subdivision (E) return may be made to a corporation or association so controlled or owned, if such corporation or association was organized under the laws of a nation any of whose territory was occupied by the military or naval forces of any nation with which the United States has at any time since December 7, 1941, been at war, and if such control or ownership arose after March 1, 1938, as an incident to such occupation and was terminated prior to the enactment of this section [Mar. 8, 1946];

and

(3) that the property or interest claimed, or the net proceeds of which are claimed, was not at any time after September 1, 1939, held or used, by or with the assent of the person who was the owner thereof immediately prior to vesting in or transfer to the Alien Property Custodian, pursuant to any arrangement to conceal any property or interest within the United States of any person ineligible to receive a return under subsection (a)(2) hereof;

(4) that the Alien Property Custodian has no actual or potential liability under the Renegotiation Act [section 1191 of this Appendix] or the Act of October 31, 1942 (56 Stat. 1013; 35 U.S.C. §§89 to 96), in respect of the property or interest or proceeds to be returned and that the claimant and his predecessor in interest, if any, have no actual or potential liability of any kind under the Renegotiation Act or the said Act of October 31, 1942; or in the alternative that the claimant has provided security or undertakings adequate to assure satisfaction of all such liabilities or that property or interest or proceeds to be retained by the Alien Property Custodian are adequate therefor; and

(5) that such return is in the interest of the United States.

(b) Extension of filing time limitation for redetermination of excessive profits

Notwithstanding the limitation prescribed in the Renegotiation Act [section 1191 of this Appendix] upon the time within which petitions may be filed in The Tax Court of the United States,¹ any person to whom any property or interest or proceeds are returned hereunder shall, for a period of ninety days (not counting Sunday or a legal holiday in the District of Columbia as the last day) following return, have the right to file such a petition for a redetermination in respect of any final order of the Renegotiation Board² determining excessive profits, made against the Alien Property Custodian, or of any determination, not embodied in an agreement, of excessive profits, so made by or on behalf of a Secretary.

(c) Inventions

Any person to whom any invention, whether patented or unpatented, or any right or interest therein is returned hereunder shall be bound by any notice or order issued or agreement made pursuant to the Act of October 31, 1942 (56 Stat. 1013; 35 U.S.C. §§89 to 96), in respect of such invention or right or interest, and such person to whom a licensor's interest is returned shall have all rights assertible by a licensor pursuant to section 2 of the said Act.

(d) Rights and duties

Except as otherwise provided herein, and except to the extent that the President or such officer or agency as he may designate may otherwise determine, any person to whom return is made hereunder shall have all rights, privileges, and obligations in respect to the property or interest returned or the proceeds of which are returned which would have existed if the property or interest had not vested in the Alien Property Custodian, but no cause of action shall accrue to such person in respect of any deduction or retention of any part of the property or interest or proceeds by the Alien Property Custodian for the purpose of paying taxes, costs, or expenses in connection with such property or interest or proceeds: *Provided*, That except as provided in subsections (b) and (c) hereof, no person to whom a return is made pursuant to this section, nor the successor in interest of such person, shall acquire or have any claim or right of action against the United States or any department, establishment or agency thereof, or corporation owned thereby, or against any person authorized or licensed by the United States, founded upon the retention, sale, or other disposition, or use, during the period it was vested in the Alien Property Custodian, of the returned property, interest, or proceeds. Any notice to the Alien Property Custodian in respect of any property or interest or proceeds shall constitute notice to the person to whom such property or interest or proceeds is returned and such person shall succeed to all burdens and obligations in respect of such property or interest or proceeds which accrued during the time of retention by the Alien Property Custodian, but the period during which the property or interest or proceeds returned were vested in the Alien Property Custodian shall not be included for the purpose of determining the application of any statute of limitations to the assertion of any rights by such person in respect of such property or interest or proceeds.

(e) Legal proceeding unaffected

No return hereunder shall bar the prosecution of any suit at law or in equity against a person to whom return has been made, to establish any right, title, or interest, which may exist or which may have existed at the time of vesting, in or to the property or interest returned, but no such suit may be prosecuted by any person ineligible to receive a return under subsection (a)(2) hereof. With respect to any such suit, the period during which the property or interest or proceeds returned were vested in the Alien Property Custodian shall not be included for the purpose of determining the application of any statute of limitations.

(f) Notice of intention

At least thirty days before making any return to any person other than a resident of the United States or a corporation organized under the laws of the United States, or any State, Territory, or possession thereof, or the District of Columbia, the President or such officer or agency as he may

designate shall publish in the Federal Register a notice of intention to make such return, specifying therein the person to whom return is to be made and the place where the property or interest or proceeds to be returned are located. Publication of a notice of intention to return shall confer no right of action upon any person to compel the return of any such property or interest or proceeds, and such notice of intention to return may be revoked by appropriate notice in the Federal Register. After publication of such notice of intention and prior to revocation thereof, the property or interest or proceeds specified shall be subject to attachment at the suit of any citizen or resident of the United States or any corporation organized under the laws of the United States, or any State, Territory, or possession thereof, or the District of Columbia, in the same manner as property of the person to whom return is to be made: *Provided*, That notice of any writ of attachment which may issue prior to return shall be served upon the Alien Property Custodian. Any such attachment proceeding shall be subject to the provisions of law relating to limitation of actions applicable to actions at law in the jurisdiction in which such proceeding is brought, but the period during which the property or interest or proceeds were vested in the Alien Property Custodian shall not be included for the purpose of determining the period of limitation. No officer of any court shall take actual possession, without the consent of the Alien Property Custodian, of any property or interest or proceeds so attached, and publication of a notice of revocation of intention to return shall invalidate any attachment with respect to the specified property or interest or proceeds, but if there is no such revocation, the President or such officer or agency as he may designate shall accord full effect to any such attachment in returning any such property or interest or proceeds.

(g) Payment of expenses of Custodian

Without limitation by or upon any other existing provision of law with respect to the payment of expenses by the Alien Property Custodian, the Custodian may retain or recover from any property or interest or proceeds returned pursuant to this section or section 9(a) of this Act [section 9(a) of this Appendix] an amount not exceeding that expended or incurred by him for the conservation, preservation, or maintenance of such property or interest or proceeds, or other property or interest or proceeds returned to the same person.

(h) Designation of successor organizations to receive heirless property; time for application; payment of funds: time, allocation, claims barred by acceptance and conditions

The President may designate one or more organizations as successors in interest to deceased persons who, if alive, would be eligible to receive returns under the provisos of subdivision (C) or (D) of subsection (a)(2) thereof.³ In the case of any organization not so designated before the date of enactment of this amendment, such organization may be so designated only if it applies for such designation within three months after such date of enactment.

The President, or such officer as he may designate, shall, before the expiration of the one-year period which begins on the date of enactment of this amendment, pay out of the War Claims Fund to organizations designated before or after the date of enactment of this amendment pursuant to this subsection the sum of \$500,000. If there is more than one such designated organization, such sum shall be allocated among such organizations in the proportions in which the proceeds of heirless property were distributed, pursuant to agreements to which the United States was a party, by the Intergovernmental Committee for Refugees and successor organizations thereto. Acceptance of payment pursuant to this subsection by any such organization shall constitute a full and complete discharge of all claims filed by such organization pursuant to this section, as it existed before the date of enactment of this amendment.

No payment may be made to any organization designated under this section unless it has given firm and responsible assurances approved by the President that (1) the payment will be used on the basis of need in the rehabilitation and settlement of persons in the United States who suffered substantial deprivation of liberty or failed to enjoy the full rights of citizenship within the meaning of subdivisions (C) and (D) of subsection (a)(2) of this section; (2) it will make to the President, with a copy to be furnished to the Congress, such reports (including a detailed annual report on the use of the payment made to it) and permit such examination of its books as the President, or such officer or agency as he may designate, may from time to time require; and (3) it will not use any part of such

payment for legal fees, salaries, or other administrative expenses connected with the filing of claims for such payment or for the recovery of any property or interest under this section.

As used in this subsection, “organization” means only a nonprofit charitable corporation incorporated on or before January 1, 1950, under the laws of any State of the United States or of the District of Columbia with the power to sue and be sued.

TRANSFER OF FUNCTIONS

Functions of Alien Property Custodian and Office of Alien Property Custodian, except those relating to property or interest in Philippines, vested in Attorney General. See notes set out under section 6 of this Appendix.

§34. Payment of debts

(a) Claims allowable; defenses

Any property or interest vested in or transferred to the Alien Property Custodian (other than any property or interest acquired by the United States prior to December 18, 1941), or the net proceeds thereof, shall be equitably applied by the Custodian in accordance with the provisions of this section to the payment of debts owed by the person who owned such property or interest immediately prior to its vesting in or transfer to the Alien Property Custodian. No debt claim shall be allowed under this section if it was not due and owing at the time of such vesting or transfer, or if it arose from any action or transactions prohibited by or pursuant to this Act [sections 1 to 6, 7 to 39, and 41 to 44 of

this Appendix] and not licensed or otherwise authorized pursuant thereto, or (except in the case of debt claims acquired by the Custodian) if it was at the time of such vesting or transfer due and owing to any person who has since the beginning of the war been convicted of violation of this Act, as amended [said sections], sections 1 to 6 of the Criminal Code, title I of the Act of June 15, 1917 (ch. 30, 40 Stat. 217), as amended; the Act of April 20, 1918 (ch. 59, 40 Stat. 534), as amended; the Act of June 8, 1934 ¹ (ch. 327, 52 Stat. 631), as amended; the Act of January 12, 1938 (ch. 2, 52 Stat. 3); title I, Alien Registration Act, 1940 (ch. 439, 54 Stat. 670); the Act of October 17, 1940 (ch. 897, 54 Stat. 1201); or the Act of June 25, 1942 (ch. 447, 56 Stat. 390). Any defense to the payment of such claims which would have been available to the debtor shall be available to the Custodian, except that the period from and after the beginning of the war shall not be included for the purpose of determining the application of any statute of limitations. Debt claims allowable hereunder shall include only those of citizens of the United States or of the Philippine Islands; those of corporations organized under the laws of the United States or any State, Territory, or possession thereof, or the District of Columbia or the Philippine Islands; those of other natural persons who are and have been since the beginning of the war residents of the United States and who have not during the war been interned or paroled pursuant to the Alien Enemy Act; and those acquired by the Custodian. Legal representatives (whether or not appointed by a court in the United States) or successors in interest by inheritance, devise, bequest, or operation of law or debt claimants, other than persons who would themselves be disqualified hereunder from allowance of a debt claim, shall be eligible for payment to the same extent as their principals or predecessors would have been.

(b) Time limit for filing claims; extension; notice

The Custodian shall fix a date or dates after which the filing of debt claims in respect of any or all debtors shall be barred, and may extend the time so fixed, and shall give at least sixty days' notice thereof by publication in the Federal Register. In no event shall the time extend beyond the expiration of two years from the date of the last vesting in or transfer to the Custodian of any property or interest of a debtor in respect of whose debts the date is fixed, or from the date of enactment of this section [Aug. 8, 1946], whichever is later. No debt shall be paid prior to the expiration of one hundred and twenty days after publication of the first such notice in respect of the debtor, nor in any event shall any payment of a debt claim be made out of any property or interest or proceeds in respect of which a suit or proceeding pursuant to this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix] for return is pending and was instituted prior to the expiration of such one hundred and twenty days.

(c) Examination of claims

The Custodian shall examine the claims, and such evidence in respect thereof as may be presented to him or as he may introduce into the record, and shall make a determination, with respect to each claim, of allowance or disallowance, in whole or in part.

(d) Funds for debt payments

Payment of debt claims shall be made only out of such money included in, or received as net proceeds from the sale, use, or other disposition of, any property or interest owned by the debtor immediately prior to its vesting in or transfer to the Alien Property Custodian, as shall remain after deduction of (1) the amount of the expenses of the Office of Alien Property Custodian (including both expenses in connection with such property or interest or proceeds thereof, and such portion as the Custodian shall fix of the other expenses of the Office of Alien Property Custodian), and of taxes, as defined in section 36 hereof [section 36 of this Appendix], paid by the Custodian in respect of such property or interest or proceeds, and (2) such amount, if any, as the Custodian may establish as a cash reserve for the future payment of such expenses and taxes. If the money available hereunder for the payment of debt claims against the debtor is insufficient for the satisfaction of all claims allowed by the Custodian, ratable payments shall be made in accordance with subsection (g) hereof to the extent permitted by the money available and additional payments shall be made whenever the Custodian shall determine that substantial further money has become available, through liquidation of any such property or interest or otherwise. The Custodian shall not be required through any

judgment of any court, levy of execution, or otherwise to sell or liquidate any property or interest vested in or transferred to him, for the purpose of paying or satisfying any debt claim.

(e) Amount payable; disallowance; notice; review; additional evidence; judgment

If the aggregate of debt claims filed as prescribed does not exceed the money from which, in accordance with subsection (d) of this section, payment may be made, the Custodian shall pay each claim to the extent allowed, and shall serve by registered mail, on each claimant whose claim is disallowed in whole or in part, a notice of such disallowance. Within sixty days after the date of mailing of the Custodian's determination, any debt claimant whose claim has been disallowed in whole or in part may file in the United States District Court for the District of Columbia a complaint for review of such disallowance naming the Custodian as defendant. Such complaint shall be served on the Custodian. The Custodian, within forty-five days after service on him, shall certify and file in said court a transcript of the record of proceedings in the Office of Alien Property Custodian with respect to the claim in question. Upon good cause shown such time may be extended by the court. Such record shall include the claim as filed, such evidence with respect thereto as may have been presented to the Custodian or introduced into the record by him, and the determination of the Custodian with respect thereto, including any findings made by him. The court may, in its discretion, take additional evidence, upon a showing that such evidence was offered to and excluded by the Custodian, or could not reasonably have been adduced before him or was not available to him. The court shall enter judgment affirming, modifying, or reversing the Custodian's determination, and directing payment in the amount, if any, which it finds due.

(f) Pro rata payments; notice; review; additional evidence; intervention; judgment

If the aggregate of debt claims filed as prescribed exceeds the money from which, in accordance with subsection (d) hereof, payment may be made, the Custodian shall prepare and serve by registered mail on all claimants a schedule of all debt claims allowed and the proposed payment to each claimant. In preparing such schedule, the Custodian shall assign priorities in accordance with the provisions of subsection (g) hereof. Within sixty days after the date of mailing of such schedule, any claimant considering himself aggrieved may file in the United States District Court for the District of Columbia a complaint for review of such schedule, naming the Custodian as defendant. A copy of such complaint shall be served upon the Custodian and on each claimant named in the schedule. The Custodian, within forty-five days after service on him, shall certify and file in said court a transcript of the record of proceedings in the Office of Alien Property Custodian with respect to such schedule. Upon good cause shown such time may be extended by the court. Such record shall include the claims in question as filed, such evidence with respect thereto as may have been presented to the Custodian or introduced into the record by him, any findings or other determinations made by the Custodian with respect thereto, and the schedule prepared by the Custodian. The court may, in its discretion, take additional evidence, upon a showing that such evidence was offered to and excluded by the Custodian or could not reasonably have been adduced before him or was not available to him. Any interested debt claimant who has filed a claim with the Custodian pursuant to this section, upon timely application to the court, shall be permitted to intervene in such review proceedings. The court shall enter judgment affirming or modifying the schedule as prepared by the Custodian and directing payment, if any be found due, pursuant to the schedule as affirmed or modified and to the extent of the money from which, in accordance with subsection (d) hereof, payment may be made. Pending the decision of the court on such complaint for review, and pending final determination of any appeal from such decision, payment may be made only to an extent, if any, consistent with the contentions of all claimants for review.

(g) Priority of claims

Debt claims shall be paid in the following order of priority: (1) Wage and salary claims, not to exceed \$600; (2) claims entitled to priority under sections 191 and 193 of title 31 ² of the United States Code [31 U.S.C. 3713(a) and 9309], except as provided in subsection (h) hereof, (3) all other claims for services rendered, for expenses incurred in connection with such services, for rent, for goods and materials delivered to the debtor, and for payments made to the debtor for goods or

services not received by the claimant; (4) all other debt claims. No payment shall be made to claimants within a subordinate class unless the money from which, in accordance with subsection (d) hereof, payment may be made permits payment in full of all allowed claims in every prior class.

(h) Priority as debt due United States

No debt of any kind shall be entitled to priority under any law of the United States or any State, Territory, or possession thereof, or the District of Columbia, solely by reason of becoming a debt due or owing to the United States as a result of its acquisition by the Alien Property Custodian.

(i) Exclusiveness of relief

The sole relief and remedy available to any person seeking satisfaction of a debt claim out of any property or interest which shall have been vested in or transferred to the Alien Property Custodian (other than any property or interest acquired by the United States prior to December 18, 1941), or the proceeds thereof, shall be the relief and remedy provided in this section, and suits for the satisfaction of debt claims shall not be instituted, prosecuted, or further maintained except in conformity with this section: *Provided*, That no person asserting any interest, right, or title in any property or interest or proceeds acquired by the Alien Property Custodian, shall be barred from proceeding pursuant to this Act [sections 1 to 6, and 7 to 39, and 41 to 44 of this Appendix] for the return thereof, by reason of any proceeding which he may have brought pursuant to this section; nor shall any security interest asserted by the creditor in any such property or interest or proceeds be deemed to have been waived solely by reason of such proceeding. The Alien Property Custodian shall treat all debt claims now filed with him as claims filed pursuant to this section. Nothing contained in this section shall bar any person from the prosecution of any suit at law or in equity against the original debtor or against any other person who may be liable for the payment of any debt for which a claim might have been filed hereunder. No purchaser, lessee, licensee, or other transferee of any property or interest from the Alien Property Custodian shall, solely by reason of such purchase, lease, license, or transfer, become liable for the payment of any debt owed by the person who owned such property or interest prior to its vesting in or transfer to the Alien Property Custodian. Payment by the Alien Property Custodian to any debt claimant shall constitute, to the extent of payment, a discharge of the indebtedness represented by the claim.

§36. Taxes

(a) Liability; exemptions

The vesting in or transfer to the Alien Property Custodian of any property or interest (other than any property or interest acquired by the United States prior to December 18, 1941), or the receipt by him of any earnings, increment, or proceeds thereof shall not render inapplicable any Federal, State,

Territorial, or local tax for any period prior or subsequent to the date of such vesting or transfer, nor render applicable the exemptions provided in title II of the Social Security Act [42 U.S.C. 401 et seq.] with respect to service performed in the employ of the United States Government or of any instrumentality of the United States.

(b) Payment by Custodian; liability of former owner; enforcement of tax liability; transfer of property

The Alien Property Custodian shall, notwithstanding the filing of any claim or the institution of any suit under this Act [sections 1 to 6, 7 to 39, and 41 to 44 of this Appendix], pay any tax incident to any such property or interest, or the earnings, increment, or proceeds thereof, at the earliest time appearing to him to be not contrary to the interest of the United States. The former owner shall not be liable for any such tax accruing while such property, interest, earnings, increment, or proceeds are held by the Alien Property Custodian, unless they are returned pursuant to this Act [said sections] without payment of such tax by the Alien Property Custodian. Every such tax shall be paid by the Alien Property Custodian to the same extent, as nearly as may be deemed practicable, as though the property or interest had not been vested in or transferred to the Alien Property Custodian, and shall be paid only out of the property or interest, or earnings, increment, or proceeds thereof, to which they are incident or out of other property or interests acquired from the same former owner, or earnings, increment, or proceeds thereof. Where any property or interest is transferred, otherwise than pursuant to section 9(a) or 32 hereof [section 9(a) or 32(a) of this Appendix], the Alien Property Custodian may transfer the property or interest free and clear of any tax, except to the extent of any lien for a tax existing and perfected at the date of vesting, and the proceeds of such transfer shall, for tax purposes, replace the property or interest in the hands of the Alien Property Custodian.

(c) Computation; suspension of limitations, etc.

Subject to the provisions of subsection (b) of this section, the manner of computing any Federal taxes, including without limitation by reason of this enumeration, the applicability in such computation of credits, deductions, and exemptions to which the former owner is or would be entitled, and the time and manner of any payment of such taxes and the extent of any compliance by the Custodian with provisions of Federal law and regulations applicable with respect to Federal taxes, shall be in accordance with regulations prescribed by the Commissioner of Internal Revenue with the approval of the Secretary of the Treasury to effectuate this section. Statutes of limitations on assessment, collection, refund, or credit of Federal taxes shall be suspended, with respect to any vested property or interest, or the earnings, increment or proceeds thereof, while vested and for six months thereafter; but no interest shall be paid upon any refund with respect to any period during which the statute of limitations is so suspended.

(d) “Tax” defined

The word “tax” as used in this section shall include, without limitation by reason of this enumeration, any property, income, excess-profits, war-profits, excise, estate and employment tax, import duty, and special assessment; and also any interest, penalty, additional amount, or addition thereto not arising from any act, omission, neglect, failure, or delay on the part of the Custodian.

Ex. Ord. No. 10244, May 17, 1951, 16 F.R. 4639, provided:

1. The Secretary of State and the Attorney General are hereby jointly designated as the officers authorized to conclude and give effect to agreements relating to the settlement of intercustodial conflicts involving enemy property made pursuant to the said act of September 28, 1950 [this section], and to exercise all powers incident thereto which are conferred by such act, including, without limitation, the powers to receive, transfer, release or return property, interests therein, or proceeds thereof.

§451. Short title; Congressional declaration of policy

(a) This Act may be cited as the "Military Selective Service Act".

(b) The Congress declares that an adequate armed strength must be achieved and maintained to

insure the security of this Nation.

(c) The Congress further declares that in a free society the obligations and privileges of serving in the armed forces and the reserve components thereof should be shared generally, in accordance with a system of selection which is fair and just, and which is consistent with the maintenance of an effective national economy.

(d) The Congress further declares, in accordance with our traditional military policy as expressed in the National Defense Act of 1916, as amended, that it is essential that the strength and organization of the National Guard, both Ground and Air, as an integral part of the first line defenses of this Nation, be at all times maintained and assured.

To this end, it is the intent of the Congress that whenever Congress shall determine that units and organizations are needed for the national security in excess of those of the Regular components of the Ground Forces and the Air Forces, and those in active service under this title [sections 451 to 471a of this Appendix], the National Guard of the United States, both Ground and Air, or such part thereof as may be necessary, together with such units of the Reserve components as are necessary for a balanced force, shall be ordered to active Federal service and continued therein so long as such necessity exists.

(e) The Congress further declares that adequate provision for national security requires maximum effort in the fields of scientific research and development, and the fullest possible utilization of the Nation's technological, scientific, and other critical manpower resources.

(f) The Congress further declares that the Selective Service System should remain administratively independent of any other agency, including the Department of Defense.

(a) Age limits; training in National Security Training Corps; physical and mental fitness; adequate training facilities; assignment to stations and units; training period; medical specialist categories

Except as otherwise provided in this title [sections 451 to 471a of this Appendix], every person required to register pursuant to section 3 of this title [section 453 of this Appendix] who is between the ages of eighteen years and six months and twenty-six years, at the time fixed for his registration, or who attains the age of eighteen years and six months after having been required to register pursuant to section 3 of this title [section 453 of this Appendix], or who is otherwise liable as provided in section 6(h) of this title [section 456(h) of this Appendix], shall be liable for training and service in the Armed Forces of the United States: *Provided*, That each registrant shall be immediately liable for classification and examination, and shall, as soon as practicable following his registration, be so classified and examined, both physically and mentally, in order to determine his availability for induction for training and service in the Armed Forces: *Provided further*, That, notwithstanding any other provision of law, any registrant who has failed or refused to report for induction shall continue to remain liable for induction and when available shall be immediately inducted. The President is authorized, from time to time, whether or not a state of war exists, to select and induct into the Armed Forces of the United States for training and service in the manner provided in this title [said sections] (including but not limited to selection and induction by age group or age groups) such number of persons as may be required to provide and maintain the strength of the Armed Forces.

At such time as the period of active service in the Armed Forces required under this title [said sections] of persons who have not attained the nineteenth anniversary of the day of their birth has been reduced or eliminated pursuant to the provisions of section 4(k) of this title [subsection (k) of this section], and except as otherwise provided in this title [said sections], every person who is required to register under this title [said sections] and who has not attained the nineteenth anniversary of the day of his birth on the date such period of active service is reduced or eliminated or who is otherwise liable as provided in section 6(h) of this title [section 456(h) of this Appendix], shall be liable for training in the National Security Training Corps: *Provided*, That persons deferred under the provisions of section 6 of this title [section 456 of this Appendix] shall not be relieved from liability for induction into the National Security Training Corps solely by reason of having exceeded the age of nineteen years during the period of such deferment. The President is authorized,

from time to time, whether or not a state of war exists, to select and induct for training in the National Security Training Corps as hereinafter provided such number of persons as may be required to further the purposes of this title [said sections].

No person shall be inducted into the Armed Forces for training and service or shall be inducted for training in the National Security Training Corps under this title [said sections] until his acceptability in all respects, including his physical and mental fitness, has been satisfactorily determined under standards prescribed by the Secretary of Defense: *Provided*, That the minimum standards for physical acceptability established pursuant to this subsection shall not be higher than those applied to persons inducted between the ages of 18 and 26 in January 1945: *Provided further*, That the passing requirement for the Armed Forces Qualification Test shall be fixed at a percentile score of 10 points: *And provided further*, That except in time of war or national emergency declared by the Congress the standards and requirements fixed by the preceding two provisos may be modified by the President under such rules and regulations as he may prescribe.

No persons shall be inducted for such training and service until adequate provision shall have been made for such shelter, sanitary facilities, water supplies, heating and lighting arrangements, medical care, and hospital accommodations for such persons as may be determined by the Secretary of Defense or the Secretary of Homeland Security to be essential to the public and personal health.

The persons inducted into the Armed Forces for training and service under this title [said sections] shall be assigned to stations or units of such forces. Persons inducted into the land forces of the United States pursuant to this title [said sections] shall be deemed to be members of the Army of the United States; persons inducted into the naval forces of the United States pursuant to this title [said sections] shall be deemed to be members of the United States Navy or the United States Marine Corps or the United States Coast Guard, as appropriate; and persons inducted into the air forces of the United States pursuant to this title [said sections] shall be deemed to be members of the Air Force of the United States.

Every person inducted into the Armed Forces pursuant to the authority of this subsection after the date of enactment of the 1951 Amendments to the Universal Military Training and Service Act [June 19, 1951] shall, following his induction, be given full and adequate military training for service in the armed force into which he is inducted for a period of not less than twelve weeks, and no such person shall, during this twelve weeks period, be assigned for duty at any installation located on land outside the United States, its Territories and possessions (including the Canal Zone): *Provided*, That no funds appropriated by the Congress shall be used for the purpose of transporting or maintaining in violation of the provisions of this paragraph any person inducted into, or enlisted, appointed, or ordered to active duty in, the Armed Forces under the provisions of this title [said sections].

No person, without his consent, shall be inducted for training and service in the Armed Forces or for training in the National Security Training Corps under this title [said sections], except as otherwise provided herein, after he has attained the twenty-sixth anniversary of the day of his birth.

(b) Length of service; release of individuals accepted into Army National Guard, Air National Guard, and other Reserve components

Each person inducted into the Armed Forces under the provisions of subsection (a) of this section shall serve on active training and service for a period of twenty-four consecutive months, unless sooner released, transferred, or discharged in accordance with procedures prescribed by the Secretary of Defense (or the Secretary of Homeland Security with respect to the United States Coast Guard) or as otherwise prescribed by subsection (d) of section 4 of this title [subsection (d) of this section]. The Secretaries of the Army, Navy, and Air Force, with the approval of the Secretary of Defense (and the Secretary of Homeland Security with respect to the United States Coast Guard), may provide, by regulations which shall be as nearly uniform as practicable, for the release from training and service in the armed forces prior to serving the periods required by this subsection of individuals who volunteered for and are accepted into organized units of the Army National Guard and Air National Guard and other reserve components.

(c) Opportunity to enlist in Regular Army; voluntary induction; volunteers under 18 years old

(1) Under the provisions of applicable laws and regulations any person between the ages of

eighteen years and six months and twenty-six years shall be offered an opportunity to enlist in the regular army for a period of service equal to that prescribed in subsection (b) of this section: *Provided*, That, notwithstanding the provisions of this or any other Act, any person so enlisting shall not have his enlistment extended without his consent until after a declaration of war or national emergency by the Congress after the date of enactment of the 1951 Amendments to the Universal Military Training and Service Act [June 19, 1951].

(2) Any enlisted member of any reserve component of the Armed Forces may, during the effective period of this Act, apply for a period of service equal to that prescribed in subsection (b) of this section and his application shall be accepted: *Provided*, That his services can be effectively utilized and that his physical and mental fitness for such service meet the standards prescribed by the head of the department concerned: *Provided further*, That active service performed pursuant to this section shall not prejudice his status as such member of such reserve component: *And provided further*, That any person who was a member of a reserve component on June 25, 1950, and who thereafter continued to serve satisfactorily in such reserve component, shall, if his application for active duty made pursuant to this paragraph is denied, be deferred from induction under this title [sections 451 to 471a of this Appendix] until such time as he is ordered to active duty or ceases to serve satisfactorily in such reserve component.

(3) Within the limits of the quota determined under sections 5(b) [section 455(b) of this Appendix] for the subdivision in which he resides, any person, between the ages of eighteen and twenty-six, shall be afforded an opportunity to volunteer for induction into the Armed Forces of the United States for the training and service prescribed in subsection (b), but no person who so volunteers shall be inducted for such training and service so long as he is deferred after classification.

(4) Within the limits of the quota determined under section 5(b) [section 455(b) of this Appendix] for the subdivision in which he resides, any person after attaining the age of seventeen shall with the written consent of his parents or guardian be afforded an opportunity to volunteer for induction into the Armed Forces of the United States for the training and service prescribed in subsection (b).

(5) Within the limits of the quota determined under section 5(b) [section 455(b) of this Appendix] for the subdivision in which he resides, at such time as induction into the National Security Training Corps is authorized pursuant to the provisions of this title [sections 451 to 471a of this Appendix], any person after attaining the age of seventeen shall with the written consent of his parents or guardian be afforded an opportunity to volunteer for induction into the National Security Training Corps for the training prescribed in subsection (k) of section 4 of this title [subsection (k) of this section].

(d) Transfer to Reserve component; period of service

(1) Each person who hereafter and prior to the enactment of the 1951 Amendments to the Universal Military Training and Service Act [June 19, 1951] is inducted, enlisted, or appointed and serves for a period of less than three years in one of the armed forces and meets the qualifications for enlistment or appointment in a reserve component of the armed force in which he serves, shall be transferred to a reserve component of such armed force, and until the expiration of a period of five years after such transfer, or until he is discharged from such reserve component, whichever occurs first, shall be deemed to be a member of such reserve component and shall be subject to such additional training and service as may now or hereafter be prescribed by law for such reserve component: *Provided*, That any such person who completes at least twenty-one months of service in the armed forces and who thereafter serves satisfactorily (1) on active duty in the armed forces under a voluntary extension for a period of at least one year, which extension is authorized, or (2) in an organized unit of any reserve component of any of the armed forces for a period of at least thirty-six consecutive months, shall, except in time of war or national emergency declared by the Congress, be relieved from any further liability under this subsection to serve in any reserve component of the armed forces of the United States, but nothing in this subsection shall be construed to prevent any such person, while in a reserve component of such forces, from being ordered or called to active duty in such forces.

(2) Each person who hereafter and prior to the enactment of the 1951 Amendments to the Universal Military Training and Service Act [June 19, 1951] is enlisted under the provisions of

subsection (g) of this section and who meets the qualifications for enlistment or appointment in a reserve component of the armed forces shall, upon discharge from such enlistment under honorable conditions, be transferred to a reserve component of the armed forces of the United States and shall serve therein for a period of six years or until sooner discharged. Each such person shall, so long as he is a member of such reserve component, be liable to be ordered to active duty, but except in time of war or national emergency declared by the Congress no such person shall be ordered to active duty, without his consent and except as hereinafter provided, for more than one month in any year. In case the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force determines that enlistment, enrollment, or appointment in, or assignment to, an organized unit of a reserve component or an officers' training program of the armed force in which he served is available to, and can without undue hardship be filled by, any such person, it shall be the duty of such person to enlist, enroll, or accept appointment in, or accept assignment to, such organized unit or officers' training program and to serve satisfactorily therein for a period of four years. Any such person who fails or refuses to perform such duty may be ordered to active duty, without his consent, for an additional period of not more than twelve consecutive months. Any such person who enlists or accepts appointment in any such organized unit and serves satisfactorily therein for a period of four years shall, except in time of war or national emergency declared by the Congress, be relieved from any further liability under this subsection to serve in any reserve component of the armed forces of the United States, but nothing in this subsection shall be construed to prevent any such person, while in a reserve component of such forces, from being ordered or called to active duty in such forces. The Secretary of Defense is authorized to prescribe regulations governing the transfer of such persons within and between reserve components of the armed forces and determining, for the purpose of the requirements of the foregoing provisions of this paragraph, the credit to be allowed any person so transferring for his previous service in one or more reserve components.

(3) Each person who, subsequent to June 19, 1951, and on or before August 9, 1955, is inducted, enlisted, or appointed, under any provision of law, in the Armed Forces, including the reserve components thereof, or in the National Security Training Corps prior to attaining the twenty-sixth anniversary of his birth, shall be required to serve on active training and service in the Armed Forces or in training in the National Security Training Corps, and in a reserve component, for a total period of eight years, unless sooner discharged on grounds of personal hardship, in accordance with regulations and standards prescribed by the Secretary of Defense (or the Secretary of Transportation with respect to the United States Coast Guard). Each such person, on release from active training and service in the Armed Forces or from training in the National Security Training Corps, shall, if physically and mentally qualified, be transferred to a reserve component of the Armed Forces, and shall serve therein for the remainder of the period which he is required to serve under this paragraph and shall be deemed to be a member of the reserve component during that period. If the Secretary of the Army, the Secretary of the Navy, or the Secretary of the Air Force, or the Secretary of Transportation with respect to the United States Coast Guard, determines that enlistment, enrollment, or appointment in, or assignment to, an organized unit of a reserve component or an officers' training program of the armed force in which he served is available to, and can, without undue personal hardship, be filled by such a person, that person shall enlist, enroll, or accept appointment in, or accept assignment to, the organized unit or officers' training program, and serve satisfactorily therein.

(e) Pay and allowances

With respect to the persons inducted for training and service under this title [sections 451 to 471a of this Appendix] there shall be paid, allowed, and extended the same pay, allowances, pensions, disability and death compensation, and other benefits as are provided by law in the case of other enlisted men of like grades and length of service of that component of the armed forces to which they are assigned. Section 3 of the Act of July 25, 1947 (Public Law 239, Eightieth Congress), is amended by deleting therefrom the following: "Act of March 7, 1942 (56 Stat. 143 to 148, ch. 166), as amended". The Act of March 7, 1942 (56 Stat. 143 to 148), as amended, is made applicable to persons inducted into the armed forces pursuant to this title [said sections].

(f) Additional compensation from civilian sources

Notwithstanding any other provision of law, any person who is inducted into the armed forces under this Act and who, before being inducted, was receiving compensation from any person may, while serving under that induction, receive compensation from that person.

(g) Occupational deferment recommendations by National Security Council

The National Security Council shall periodically advise the Director of the Selective Service System and coordinate with him the work of such State and local volunteer advisory committees which the Director of Selective Service may establish, with respect to the identification, selection, and deferment of needed professional and scientific personnel and those engaged in, and preparing for, critical skills and other essential occupations. In the performance of its duties under this subsection the National Security Council shall consider the needs of both the Armed Forces and the civilian segment of the population.

(i), (j) Omitted

(k) Reduction of periods of service; establishment of National Security Training Corps; composition; service; pay

(1) Upon a finding by him that such action is justified by the strength of the Armed Forces in the light of international conditions, the President, upon recommendation of the Secretary of Defense, is authorized, by Executive order, which shall be uniform in its application to all persons inducted under this title [sections 451 to 471a of this Appendix] but which may vary as to age groups, to provide for (A) decreasing periods of service under this title [said sections] but in no case to a lesser period of time than can be economically utilized, or (B) eliminating periods of service required under this title [said sections].

(2) Whenever the Congress shall by concurrent resolution declare—

(A) that the period of active service required of any age group or groups of persons inducted under this title [said sections] should be decreased to any period less than twenty-four months which may be designated in such resolution; or

(B) that the period of active service required of any age group or groups of persons inducted under this title [said sections] should be eliminated,

the period of active service in the Armed Forces of the age group or groups designated in any such resolution shall be so decreased or eliminated, as the case may be. Whenever the period of active service required under this title [said sections] of persons who have not attained the nineteenth anniversary of the day of their birth has been reduced or eliminated by the President or as a result of the adoption of a concurrent resolution of the Congress in accordance with the foregoing provisions of this section, all individuals then or thereafter liable for registration under this title [said sections] who on that date have not attained the nineteenth anniversary of the day of their birth and have not been inducted into the Armed Forces shall be liable, effective on such date, for induction into the National Security Training Corps as hereinafter established for initial military training for a period of six months.

(3), (4) Repealed. Pub. L. 89-554, §8(a), Sept. 6, 1966, 80 Stat. 656.

(5) The Commission shall, subject to the direction of the President, exercise general supervision over the training of the National Security Training Corps, which training shall be basic military training. The Commission shall establish such policies and standards with respect to the conduct of the training of members of the National Security Training Corps as are necessary to carry out the purposes of this Act. The Commission shall make adequate provisions for the moral and spiritual welfare of members of the National Security Training Corps. The Secretary of Defense shall designate the military departments to carry out such training. Each military department so designated shall carry out such military training in accordance with the policies and standards of the Commission. The military department or departments so designated to carry out such military training shall, subject to the approval of the Secretary of Defense, and subject to the policies and

standards established by the Commission, determine the type or types of basic military training to be given to members of the National Security Training Corps.

(6) Repealed. Pub. L. 89-554, §8(a), Sept. 6, 1966, 80 Stat. 656.

(7) Not later than four months following confirmation of the members of the Commission, the Commission shall submit to the Congress legislative recommendations which shall include, but not be limited to—

(A) a broad outline for a program deemed by the Commission and approved by the Secretary of Defense to be appropriate to assure that the training carried out under the provisions of this Act shall be of a military nature, but nothing contained in this paragraph shall be construed to grant to the Commission the authority to prescribe the basic type or types of military training to be given members of the National Security Training Corps;

(B) measures for the personal safety, health, welfare and morals of members of the National Security Training Corps;

(C) a code of conduct, together with penalties for violation thereof;

(D) measures deemed necessary to implement the policies and standards established under the provisions of paragraph (5) of this subsection; and

(E) disability and death benefits and other benefits, and the obligations, duties, liabilities and responsibilities, to be granted to or imposed upon members of the National Security Training Corps.

All legislative recommendations submitted under this paragraph shall be referred to the Committees on Armed Services of the two Houses, and each of such committees shall, not later than the expiration of the first period of 45 calendar days of continuous sessions of the Congress, following the date on which the recommendations provided for in this paragraph are transmitted to the Congress, report thereon to its House: *Provided*, That any bill or resolution reported with respect to such recommendations shall be privileged and may be called up by any member of either House but shall be subject to amendment as if it were not so privileged.

(8) No person shall be inducted into the National Security Training Corps until after—

(A) a code of conduct, together with penalties for violation thereof, and measures providing for disability and death benefits have been enacted into law; and

(B) such other legislative recommendations as are provided for in paragraph (7) shall have been considered and such recommendations or any portion thereof shall have been enacted with or without amendments into law; and

(C) the period of service required under this title [sections 451 to 471a of this Appendix] of persons who have not attained the nineteenth anniversary of the day of their birth has been reduced or eliminated by the President or as a result of the adoption of a concurrent resolution of the Congress in accordance with paragraph (2) of this subsection.

(9) Six months following the commencement of induction of persons into the National Security Training Corps, and semiannually thereafter, the Commission shall submit to the Congress a comprehensive report describing in detail the operation of the National Security Training Corps, including the number of persons inducted therein, a list of camps and stations at which training is being conducted, a report on the number of deaths and injuries occurring during such training and the causes thereof, an estimate of the performance of the persons inducted therein, including an analysis of the disciplinary problems encountered during the preceding six months, the number of civilian employees of the Commission and the administrative costs of the Commission. Simultaneously, there shall be submitted to the Congress by the Secretary of Defense a report setting forth an estimate of the value of the training conducted during the preceding six months, the cost of the training program chargeable to the appropriations made to the Department of Defense, and the number of personnel of the Armed Forces directly engaged in the conduct of such training.

PROC. NO. 3945. RANDOM SELECTION FOR MILITARY SERVICE

Proc. No. 3945, Nov. 26, 1969, 34 F.R. 19017, 83 Stat. 972, provided:

WHEREAS section 5(a)(1) of the Military Selective Service Act of 1967, as amended (50 U.S.C. App. 455(a)(1)) [now the Military Selective Service Act], provides that selection of persons for training and service under that Act shall be made in an impartial manner without discrimination on account of race or color, under such rules and regulations as the President may prescribe; and

WHEREAS section 5(a)(2) of that Act (50 U.S.C. App. 455(a)(2)) limited the President's authority to prescribe rules and regulations by requiring, in effect, the selection of registrants through a method known as “oldest first”; and

WHEREAS such section 5(a)(2) has been repealed by Public Law 91–124 of November 26, 1969:

NOW, THEREFORE, I, RICHARD NIXON, President of the United States of America, acting under and by virtue of the authority vested in me by section 5(a) of the Military Selective Service Act of 1967, as amended, and having determined that a method of random selection will provide the most equitable basis for selection of registrants for military training and service, do hereby proclaim the following:

That a random selection sequence will be established by a drawing to be conducted in Washington, D.C., on December 1, 1969, and will be applied nationwide. The random selection method will use 366 days to represent the birthdays (month and day only) of all registrants who, prior to January 1, 1970, shall have attained their nineteenth year of age but not their twenty-sixth. The drawing, commencing with the first day selected and continuing until all 366 days are drawn, shall be accomplished impartially.

On the day designated above, a supplemental drawing or drawings will be conducted to determine alphabetically the random selection sequence by name among registrants who have the same birthday.

The random selection sequence obtained as described above shall determine the order of selection of registrants who prior to January 1, 1970, shall have attained their nineteenth year of age but not their twenty-sixth and who are not volunteers and not delinquents. New random selection sequences shall be established, in a similar manner, for registrants who attain their nineteenth year of age on or after January 1, 1970.

The random sequence number determined for any registrant shall apply to him so long as he remains subject to induction for military training and service by random selection.

IN WITNESS WHEREOF, I have hereunto set my hand this twenty-sixth day of November, in the year of our Lord nineteen hundred and sixty-nine, and of the Independence of the United States of America the one hundred and ninety-fourth.

RICHARD NIXON.

Any person who subsequent to June 24, 1948, serves on active duty for a period of not less than twelve months in the armed forces of a nation with which the United States is associated in mutual defense activities as defined by the President, may be exempted from training and service, but not from registration, in accordance with regulations prescribed by the President, except that no such exemption shall be granted to any person who is a national of a country which does not grant reciprocal privileges to citizens of the United States: *Provided*, That any active duty performed prior to June 24, 1948, by a person in the armed forces of a country allied with the United States during World War II and with which the United States is associated in such mutual defense activities, shall be credited in the computation of such twelve-month period: *Provided further*, That any person who is in a medical, dental, or allied specialist category not otherwise deferred or exempted under this subsection shall be liable for registration and training and service until the thirty-fifth anniversary of the date of his birth.

(2) Commissioned officers of the Public Health Service and members of the Reserve of the Public Health Service while on active duty and assigned to staff the various offices and bureaus of the Public Health Service, including the National Institutes of Health, or assigned to the Coast Guard, the Bureau of Prisons, Department of Justice, the Environmental Protection Agency, or the Environmental Science Services Administration ¹ or who are assigned to assist Indian tribes, groups, bands, or communities pursuant to the Act of August 5, 1954 (68 Stat. 674), as amended [42 U.S.C. 2001 et seq.], shall not be required to be registered under section 3 [section 453 of this Appendix] and shall be relieved from liability for training and service under section 4 [section 454 of this Appendix]. (A) the local board determines that he is regularly enlisted or commissioned in any organized unit of a reserve component of the armed force in which he served, provided such unit is reasonably accessible to such person without unduly interrupting his normal pursuits and activities (including attendance at a college or university in which he is regularly enrolled), or in a reserve component (other than in an organized unit) of such armed force in any case in which enlistment or commission in an organized unit of a reserve component of such armed force is not available to him; or

(B) the local board determines that enlistment or commission in a reserve component of such armed force is not available to him or that he has voluntarily enlisted or accepted appointment in an organized unit of a reserve component of an armed force other than the armed force in which he served.

Nothing in this paragraph shall be deemed to be applicable to any person to whom paragraph (1) of this subsection is applicable.

(3) Except as provided in section 5(a) of this Act [section 455(a) of this Appendix], and notwithstanding any other provision of this Act, no person who (A) has served honorably on active duty after September 16, 1940, for a period of not less than one year in the Army, the Air Force, the Navy, the Marine Corps, or the Coast Guard, or (B) subsequent to September 16, 1940, was discharged for the convenience of the Government after having served honorably on active duty for a period of not less than six months in the Army, the Air Force, the Navy, the Marine Corps, or the Coast Guard, or (C) has served for a period of not less than twenty-four months (i) as a commissioned officer in the Public Health Service or (ii) as a commissioned officer in the Coast and Geodetic Survey,² shall be liable for induction for training and service under this Act, except after a declaration of war or national emergency made by the Congress subsequent to the date of enactment of this title [June 24, 1948].

(4) No person who is honorably discharged upon the completion of an enlistment pursuant to section 4(c) [section 454(c) of this Appendix] shall be liable for induction for training and service under this title [sections 451 to 471a of this Appendix], except after a declaration of war or national emergency made by the Congress subsequent to the date of enactment of this title [June 24, 1948].

(5) For the purposes of computation of the periods of active duty referred to in paragraphs (1), (2), or (3) of this subsection, no credit shall be allowed for—

(A) periods of active duty training performed as a member of a reserve component pursuant to an order or call to active duty solely for training purposes;

(B) periods of active duty in which the service consisted solely of training under the Army specialized training program, the Army Air Force college training program, or any similar program under the jurisdiction of the Navy, Marine Corps, or Coast Guard;

(C) periods of active duty as a cadet at the United States Military Academy or United States Coast Guard Academy, or as a midshipman at the United States Naval Academy, or in a preparatory school after nomination as a principal, alternate, or candidate for admission to any of such academies; or

(D) periods of active duty in any of the armed forces while being processed for entry into or separation from any educational program or institution referred to in paragraphs (B) or (C);

(c)(1) Persons who, on February 1, 1951, were members of organized units of the federally recognized National Guard, the federally recognized Air National Guard, the Officers' Reserve Corps, the Regular Army Reserve, the Air Force Reserve, the Enlisted Reserve Corps, the Naval Reserve, the Marine Corps Reserve, the Coast Guard Reserve, or the Public Health Service Reserve, shall, so long as they continue to be such members and satisfactorily participate in scheduled drills and training periods as prescribed by the Secretary of Defense, be exempt from training and service by induction under the provisions of this title [sections 451 to 471a of this Appendix], but shall not be exempt from registration unless on active duty.

- (2)(A) Any person, other than a person referred to in subsection (d) of this section, who—
- (i) prior to the issuance of orders for him to report for induction; or
 - (ii) prior to the date scheduled for his induction and pursuant to a proclamation by the Governor of a State to the effect that the authorized strength of any organized unit of the National Guard of that State cannot be maintained by the enlistment or appointment of persons who have not been issued orders to report for induction under this title [sections 451 to 471a of this Appendix]; or
 - (iii) prior to the date scheduled for his induction and pursuant to a determination by the President that the strength of the Ready Reserve of the Army Reserve, Naval Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve cannot be maintained by the enlistment or appointment of persons who have not been issued orders to report for induction under this title [sections 451 to 471a of this Appendix];

enlists or accepts appointment, before attaining the age of 26 years, in the Ready Reserve of any Reserve component of the Armed Forces, the Army National Guard, or the Air National Guard, shall be deferred from training and service under this title [sections 451 to 471a of this Appendix] so long as he serves satisfactorily as a member of an organized unit of such Reserve or National Guard in accordance with section 10147 of title 10 or section 502 of title 32, United States Code, as the case may be, or satisfactorily performs such other Ready Reserve service as may be prescribed by the Secretary of Defense. Enlistments or appointments under subparagraphs (ii) and (iii) of this clause may be accepted notwithstanding the provisions of section 15(d) of this title [section 465(d) of this Appendix]. Notwithstanding the provisions of subsection (h) of this section, no person deferred under this clause who has completed six years of such satisfactory service as a member of the Ready Reserve or National Guard, and who during such service has performed active duty for training with an armed force for not less than twelve consecutive weeks, shall be liable for induction for training and service under this Act, except after a declaration of war or national emergency made by the Congress after August 9, 1955. In no event shall the number of enlistments or appointments made under authority of this paragraph in any fiscal year in any Reserve component of the Armed Forces or in the Army National Guard or the Air National Guard cause the personnel strength of such Reserve component or the Army National Guard or the Air National Guard, as the case may be, to exceed the personnel strength for which funds have been made available by the Congress for such fiscal year.

(B) A person who, under any provision of law, is exempt or deferred from training and service under this Act by reason of membership in a reserve component, the Army National Guard, or the Air National Guard, as the case may be, shall, if he becomes a member of another reserve component, the Army National Guard, or the Air National Guard, as the case may be, continue to be exempt or deferred to the same extent as if he had not become a member of another reserve component, the Army National Guard, or the Air National Guard, as the case may be, so long as he continues to serve satisfactorily.

(C) Except as provided in subsection (b) and the provisions of this subsection, no person who becomes a member of a reserve component after February 1, 1951, shall thereby be exempt from registration or training and service by induction under the provisions of this Act.

(D) Notwithstanding any other provision of this Act, the President, under such rules and regulations as he may prescribe, may provide that any person enlisted or appointed after October 4, 1961, in the Ready Reserve of any reserve component of the Armed Forces (other than under section 12103 of title 10, United States Code), the Army National Guard, or the Air National Guard, prior to attaining age of twenty-six years, or any person enlisted or appointed in the Army National Guard or the Air National Guard or enlisted in the Ready Reserve of any reserve component prior to attaining the age of eighteen years and six months and deferred under the prior provisions of this paragraph as amended by the Act of October 4, 1961, Public Law 87-378 (75 Stat. 807), or under section 262 of the Armed Forces Reserve Act of 1952, as amended [50 U.S.C. 1013], who fails to serve satisfactorily during his obligated period of service as a member of such Ready Reserve or National Guard or the Ready Reserve of another reserve component or the National Guard of which he becomes a member, may be selected for training and service and inducted into the armed force of

which such reserve component is a part, prior to the selection and induction of other persons liable therefor.

(d)(1) Within such numbers as may be prescribed by the Secretary of Defense, any person who (A) has been or may hereafter be selected for enrollment or continuance in the senior division, Reserve Officers' Training Corps, or the Air Reserve Officers' Training Corps, or the Naval Reserve Officers' Training Corps, or the naval and Marine Corps officer candidate training program established by the Act of August 13, 1946 (60 Stat. 1057), as amended, or the Reserve officers' candidate program of the Navy, or the platoon leaders' class of the Marine Corps, or the officer procurement programs of the Coast Guard and the Coast Guard Reserve, or appointed an ensign, United States Navy Reserve, while undergoing professional training; (B) agrees, in writing, to accept a commission, if tendered, and to serve, subject to order of the Secretary of the military department having jurisdiction over him (or the Secretary of Homeland Security with respect to the United States Coast Guard), not less than two years on active duty after receipt of a commission; and (C) agrees to remain a member of a regular or reserve component until the eighth anniversary of the receipt of a commission in accordance with his obligation under the first sentence of section 651 of title 10, United States Code, or until the sixth anniversary of the receipt of a commission in accordance with his obligation under the second sentence of section 651 of title 10, United States Code, shall be deferred from induction under this title [sections 451 to 471a of this Appendix] until after completion or termination of the course of instruction and so long as he continues in a regular or reserve status upon being commissioned, but shall not be exempt from registration. Such persons, except those persons who have previously completed an initial period of military training or an equivalent period of active military training and service, shall be required while enrolled in such programs to complete a period of training equal (as determined under regulations approved by the Secretary of Defense or the Secretary of Homeland Security with respect to the United States Coast Guard) in duration and type of training to an initial period of military training. There shall be added to the obligated active commissioned service of any person who has agreed to perform such obligatory service in return for financial assistance while attending a civilian college under any such training program a period of not to exceed one year. Except as provided in paragraph (5), upon the successful completion by any person of the required course of instruction under any program listed in clause (A) of the first sentence of this paragraph, such person shall be tendered a commission in the appropriate reserve component of the Armed Forces if he is otherwise qualified for such appointment. If, at the time of, or subsequent to, such appointment, the armed force in which such person is commissioned does not require his service on active duty in fulfillment of the obligation undertaken by him in compliance with clause (B) of the first sentence of this paragraph, such person shall be ordered to active duty for training with such armed force in the grade in which he was commissioned for a period of active duty for training of not more than six months (not including duty performed under section 10147 of title 10, United States Code), as determined by the Secretary of the military department concerned to be necessary to qualify such person for a mobilization assignment. Upon being commissioned and assigned to a reserve component, such person shall be required to serve therein, or in a reserve component of any other armed force in which he is later appointed, until the eighth anniversary of the receipt of such commission pursuant to the provisions of this section. So long as such person performs satisfactory service, as determined under regulations prescribed by the Secretary of Defense, he shall be deferred from training and service under the provisions of this Act. If such person fails to perform satisfactory service, and such failure is not excused under regulations prescribed by the Secretary of Defense, his commission may be revoked by the Secretary of the military department concerned.

(2) In addition to the training programs enumerated in paragraph (1) of this subsection, and under such regulations as the Secretary of Defense (or the Secretary of the Treasury ³ with respect to the United States Coast Guard) may approve, the Secretaries of the military departments and the Secretary of the Treasury ³ are authorized to establish officer candidate programs leading to the commissioning of persons on active duty. Any person heretofore or hereafter enlisted in the Army Reserve, the Navy Reserve, the Marine Corps Reserve, the Air Force Reserve, or the Coast Guard Reserve who thereafter has been or may be commissioned therein upon graduation from an Officers'

Candidate School of such Armed Force shall, if not ordered to active duty as a commissioned officer, be deferred from training and service under the provisions of this Act so long as he performs satisfactory service as a commissioned officer in an appropriate unit of the Ready Reserve, as determined under regulations prescribed by the Secretary of the department concerned. If such person fails to perform satisfactory service in such unit, and such failure is not excused under such regulations, his commission may be revoked by such Secretary.

(3) Nothing in this subsection shall be deemed to preclude the President from providing, by regulations prescribed under subsection (h) of this section, for the deferment from training and service of any category or categories of students for such periods of time as he may deem appropriate.

(4) Omitted.

(5) Notwithstanding paragraph (1), upon the successful completion by any person of the required course of instruction under any Reserve Officers' Training Corps program listed in clause (A) of the first sentence of paragraph (1) and subject to the approval of the Secretary of the military department having jurisdiction over him, such person may, without being relieved of his obligation under that sentence, be tendered, and accept, a commission in the National Oceanic and Atmospheric Administration instead of a commission in the appropriate reserve component of the Armed Forces. If he does not serve on active duty as a commissioned officer of the National Oceanic and Atmospheric Administration for at least six years, he shall, upon discharge therefrom, be tendered a commission in the appropriate reserve component of the Armed Forces, if he is otherwise qualified for such appointment, and, in fulfillment of his obligation under the first sentence of paragraph (1), remain a member of a reserve component until the sixth anniversary of the receipt of his commission in the National Oceanic and Atmospheric Administration. While a member of a reserve component he may, in addition to as otherwise provided by law, be ordered to active duty for such period that, when added to the period he served on active duty as a commissioned officer of the National Oceanic and Atmospheric Administration, equals two years.

(e) Fully qualified and accepted aviation cadet applicants of the Army, Navy, or Air Force who have signed an agreement of service shall, in such numbers as may be designated by the Secretary of Defense, be deferred, during the period covered by the agreement but not to exceed four months, from induction for training and service under this title [sections 451 to 471a of this Appendix] but shall not be exempt from registration.

(f) The Vice President of the United States; the governors of the several States, Territories, and possessions, and all other officials chosen by the voters of the entire State, Territory, or possession; members of the legislative bodies of the United States and of the several States, Territories, and possessions; judges of the courts of record of the United States and of the several States, Territories, possessions, and the District of Columbia shall, while holding such offices, be deferred from training and service under this title [sections 451 to 471a of this Appendix] in the armed forces of the United States.

(g)(1) Regular or duly ordained ministers of religion, as defined in this title [sections 451 to 471a of this Appendix], shall be exempt from training and service, but not from registration, under this title [said sections].

(2) Students preparing for the ministry under the direction of recognized churches or religious organizations, who are satisfactorily pursuing full-time courses of instruction in recognized theological or divinity schools, or who are satisfactorily pursuing full-time courses of instruction leading to their entrance into recognized theological or divinity schools in which they have been preenrolled, shall be deferred from training and service, but not from registration, under this title [sections 451 to 471a of this Appendix]. Persons who are or may be deferred under the provisions of this subsection shall remain liable for training and service in the Armed Forces under the provisions of section 4(a) of this Act [section 454(a) of this Appendix] until the thirty-fifth anniversary of the date of their birth. The foregoing sentence shall not be construed to prevent the exemption or continued deferment of such persons if otherwise exempted or deferrable under any other provision of this Act.

(h) Except as otherwise provided in this subsection the President is authorized, under such rules

and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces of any or all categories of persons whose employment in industry, agriculture, or other occupations or employment, or whose continued service in an Office (other than an Office described in subsection (f)) under the United States or any State, territory, or possession, or the District of Columbia, or whose activity in study, research, or medical, dental, veterinary, optometric, osteopathic, scientific, pharmaceutical, chiropractic, chiropodial, or other endeavors is found to be necessary to the maintenance of the national health, safety, or interest: *Provided*, That no person within any such category shall be deferred except upon the basis of his individual status: *Provided further*, That persons who are or may be deferred under the provisions of this section shall remain liable for training and service in the Armed Forces under the provisions of section 4(a) of this Act [section 454(a) of this Appendix] until the thirty-fifth anniversary of the date of their birth. This proviso shall not be construed to prevent the continued deferment of such persons if otherwise deferrable under any other provisions of this Act. The President is also authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces (1) of any or all categories of persons in a status with respect to persons (other than wives alone, except in cases of extreme hardship) dependent upon them for support which renders their deferment advisable, and (2) of any or all categories of those persons found to be physically, mentally, or morally deficient or defective. For the purpose of determining whether or not the deferment of any person is advisable, because of his status with respect to persons dependent upon him for support, any payments of allowances which are payable by the United States to the dependents of persons serving in the Armed Forces of the United States shall be taken into consideration, but the fact that such payments of allowances are payable shall not be deemed conclusively to remove the grounds for deferment when the dependency is based upon financial considerations and shall not be deemed to remove the ground for deferment when the dependency is based upon other than financial considerations and cannot be eliminated by financial assistance to the dependents. Except as otherwise provided in this subsection, the President is also authorized, under such rules and regulations as he may prescribe, to provide for the deferment from training and service in the Armed Forces of any or all categories of persons who have children, or wives and children, with whom they maintain a bona fide family relationship in their homes. No deferment from such training and service in the Armed Forces shall be made in the case of any individual except upon the basis of the status of such individual. There shall be posted in a conspicuous place at the office of each local board a list setting forth the names and classifications of those persons who have been classified by such local board. The President may, in carrying out the provisions of this title [sections 451 to 471a of this Appendix], recommend criteria for the classification of persons subject to induction under this title [said sections], and to the extent that such action is determined by the President to be consistent with the national interest, recommend that such criteria be administered uniformly throughout the United States whenever practicable; except that no local board, appeal board, or other agency of appeal of the Selective Service System shall be required to postpone or defer any person by reason of his activity in study, research, or medical, dental, veterinary, optometric, osteopathic, scientific, pharmaceutical, chiropractic, chiropodial, or other endeavors found to be necessary to the maintenance of the national health, safety, or interest solely on the basis of any test, examination, selection system, class standing, or any other means conducted, sponsored, administered, or prepared by any agency or department of the Federal Government, or any private institution, corporation, association, partnership, or individual employed by an agency or department of the Federal Government.

(i)(1) Any person who is satisfactorily pursuing a full-time course of instruction at a high school or similar institution of learning and is issued an order for induction shall, upon the facts being presented to the local board, have his induction postponed (A) until the time of his graduation therefrom, or (B) until he attains the twentieth anniversary of his birth, or (C) until he ceases satisfactorily to pursue such course of instruction, whichever is the earliest. Notwithstanding the preceding sentence, any person who attains the twentieth anniversary of his birth after beginning his last academic year of high school shall have his induction postponed until the end of that academic year if and so long as he continues to pursue satisfactorily a full-time course of instruction.

(2) Any person who while satisfactorily pursuing a full-time course of instruction at a college, university, or similar institution is ordered to report for induction under this title [sections 451 to 471a of this Appendix], shall, upon the appropriate facts being presented to the local board, have his induction postponed (A) until the end of the semester or term, or academic year in the case of his last academic year, or (B) until he ceases satisfactorily to pursue such course of instruction, whichever is the earlier.

(j) Nothing contained in this title [sections 451 to 471a of this Appendix] shall be construed to require any person to be subject to combatant training and service in the armed forces of the United States who, by reason of religious training and belief, is conscientiously opposed to participation in war in any form. As used in this subsection, the term “religious training and belief” does not include essentially political, sociological, or philosophical views, or a merely personal moral code. Any person claiming exemption from combatant training and service because of such conscientious objections whose claim is sustained by the local board shall, if he is inducted into the armed forces under this title [said sections], be assigned to noncombatant service as defined by the President, or shall, if he is found to be conscientiously opposed to participation in such noncombatant service, in lieu of such induction, be ordered by his local board, subject to such regulations as the President may prescribe, to perform for a period equal to the period prescribed in section 4(b) [section 454(b) of this Appendix] such civilian work contributing to the maintenance of the national health, safety, or interest as the Director may deem appropriate and any such person who knowingly fails or neglects to obey any such order from his local board shall be deemed, for the purposes of section 12 of this title [section 462 of this Appendix], to have knowingly failed or neglected to perform a duty required of him under this title [said sections]. The Director shall be responsible for finding civilian work for persons exempted from training and service under this subsection and for the placement of such persons in appropriate civilian work contributing to the maintenance of the national health, safety, or interest.

(k) No exception from registration, or exemption or deferment from training and service, under this title [sections 451 to 471a of this Appendix], shall continue after the cause therefor ceases to exist.

(l) Notwithstanding any other provisions of law, no person between the ages of eighteen and twenty-one shall be discharged from service in the armed forces of the United States while this title [sections 451 to 471a of this Appendix] is in effect because such person entered such service without the consent of his parent or guardian.

(m) No person shall be relieved from training and service under this title [sections 451 to 471a of this Appendix] by reason of conviction of a criminal offense, except where the offense of which he has been convicted may be punished by death, or by imprisonment for a term exceeding one year.

(n) In the case of any registrant whose principal place of employment is located outside the appeal board area in which the local board having jurisdiction over the registrant is located, any occupational deferment made under subsection (h) of this section may, within five days after such deferment is made, be submitted for review and decision to the appeal board having jurisdiction over the area in which is located the principal place of employment of the registrant. Such decision of the appeal board shall be final unless modified or changed by the President, and such decision shall be made public.

(o) Except during the period of a war or a national emergency declared by Congress, no person may be inducted for training and service under this title [sections 451 to 471a of this Appendix] unless he volunteers for such induction—

(1) if the father or the mother or a brother or a sister of such person was killed in action or died in line of duty while serving in the Armed Forces after December 31, 1959, or died subsequent to such date as a result of injuries received or disease incurred in line of duty during such service, or

(2) during any period of time in which the father or the mother or a brother or a sister of such person is in a captured or missing status as a result of such service.

As used in this subsection, the term “brother” or “sister” means a brother of the whole blood or a sister of the whole blood, as the case may be.

No judicial review shall be made of the classification or processing of any registrant by local boards, appeal boards, or the President, except as a defense to a criminal prosecution instituted under section 12 of this title [section 462 of this Appendix], after the registrant has responded either affirmatively or negatively to an order to report for induction or for civilian work in the case of a registrant determined to be opposed to participation in war in any form: *Provided*, That such review shall go to the question of the jurisdiction herein reserved to local boards, appeal boards, and the President only when there is no basis in fact for the classification assigned to such registrant. (b) Any proposed rule or regulation as published by the Director shall be furnished to the officials required to be consulted pursuant to subsection (a). The Director may (not less than 30 days after publication in the FEDERAL REGISTER) issue such rule or regulation as published unless, within 10 days after being furnished with the proposed rule or regulation as published, any such official shall notify the Director that he disagrees therewith and requests that the matter be referred to the President for decision.

(c) Any rule or regulation issued by the Director pursuant to this Order shall be published in the FEDERAL REGISTER with (1) a statement reciting compliance with the prepublication requirement of section 13(b) of the Act [section 463(b) of this Appendix], and (2) either (i) approval of such rule or regulation by the President, or (ii) a certification of the Director that he has requested the views of the officials required to be consulted pursuant to subsection (a) and that none of them has timely requested that the matter be referred to the President for decision. Such rule or regulation shall be effective upon such publication in the FEDERAL REGISTER or on such later date as may be specified therein.

SEC. 3. Nothing in this Order shall be deemed to (i) authorize the exercise by the Director of the President's authority to waive the requirements of section 13(b) of the Act [section 463(b) of this Appendix], or (ii)

derogate from the authority of the President himself to waive the requirements of such section 13(b), or (iii) derogate from the authority of the President himself to issue such rules or regulations as he may deem necessary to carry out the provisions of the Act.

Information furnished to the Director by the Secretary under this subsection shall be used only for the purpose of the enforcement of this Act.

(f)(1) Except as provided in subsection (g), any person who is required under section 3 [section 453 of this Appendix] to present himself for and submit to registration under such section and fails to do so in accordance with any proclamation issued under such section, or in accordance with any rule or regulation issued under such section, shall be ineligible for any form of assistance or benefit provided under title IV of the Higher Education Act of 1965 [20 U.S.C. 1070 et seq.; 42 U.S.C. 2751 et seq.].

Such methods may include requiring institutions of higher education to provide a list to the Secretary of Education or to the Director of persons who have submitted such statements of compliance.

(4) The Secretary of Education, in consultation with the Director, shall issue regulations to implement the requirements of this subsection. Such regulations shall provide that any person to whom the Secretary of Education proposes to deny assistance or benefits under title IV [20 U.S.C. 1070 et seq.; 42 U.S.C. 2751 et seq.] for failure to meet the registration requirements of section 3 [section 453 of this Appendix] and regulations issued thereunder shall be given notice of the proposed denial and shall have a suitable period (of not less than thirty days) after such notice to provide the Secretary with information and materials establishing that he has complied with the registration requirement under section 3. Such regulations shall also provide that the Secretary may afford such person an opportunity for a hearing to establish his compliance or for any other purpose.

(g) A person may not be denied a right, privilege, or benefit under Federal law by reason of failure to present himself for and submit to registration under section 3 [section 453 of this Appendix] if—

(1) the requirement for the person to so register has terminated or become inapplicable to the person; and

(2) the person shows by a preponderance of the evidence that the failure of the person to register was not a knowing and willful failure to register.

PROC. NO. 4313. PROGRAM FOR RETURN OF VIETNAM ERA DRAFT EVADERS AND MILITARY DESERTERS

Proc. No. 4313, Sept. 16, 1974, 39 F.R. 33293, 88 Stat. 2504, as amended by Proc. No. 4345, Jan. 30, 1975, 40 F.R. 4893, 89 Stat. 1236; Proc. No. 4353, Feb. 28, 1975, 40 F.R. 8931, 10433, 89 Stat. 1246, provided:

The United States withdrew the last of its forces from the Republic of Vietnam on March 28, 1973.

In the period of its involvement in armed hostilities in Southeast Asia, the United States suffered great losses. Millions served their country, thousands died in combat, thousands more were wounded, others are still listed as missing in action.

Over a year after the last American combatant had left Vietnam, the status of thousands of our countrymen—convicted, charged, investigated or still sought for violations of the Military Selective Service Act [see References in Text note set out under section 451 of this Appendix] or of the Uniform Code of Military Justice [10 U.S.C. 801 et seq.]—remains unresolved.

In furtherance of our national commitment to justice and mercy these young Americans should have the chance to contribute a share to the rebuilding of peace among ourselves and with all nations. They should be allowed the opportunity to earn return to their country, their communities, and their families, upon their agreement to a period of alternate service in the national interest, together with an acknowledgment of their allegiance to the country and its Constitution.

Desertion in time of war is a major, serious offense; failure to respond to the country's call for duty is also a serious offense. Reconciliation among our people does not require that these acts be condoned. Yet, reconciliation calls for an act of mercy to bind the Nation's wounds and to heal the scars of divisiveness.

NOW, THEREFORE, I, GERALD R. FORD, President of the United States, pursuant to my powers under Article II, Sections 1, 2 and 3 of the Constitution, do hereby proclaim a program to commence immediately to afford reconciliation to Vietnam era draft evaders and military deserters upon the following terms and conditions:

1. *Draft Evaders*—An individual who allegedly unlawfully failed under the Military Selective Service Act [see References in Text note set out under section 451 of this Appendix] or any rule or regulation promulgated thereunder, to register or register on time, to keep the local board informed of his current address, to report for or submit to preinduction or induction examination, to report for or submit to induction itself, or to report for or submit to, or complete service under section 6(j) of such Act [section 456(j) of this Appendix] during the period from August 4, 1964 to March 28, 1973, inclusive, and who has not been adjudged guilty in a trial for such offense, will be relieved of prosecution and punishment for such offense if he:

(i) presents himself to a United States Attorney before March 31, 1975,

(ii) executes an agreement acknowledging his allegiance to the United States and pledging to fulfill a period of alternate service under the auspices of the Director of Selective Service, and

(iii) satisfactorily completes such service.

The alternate service shall promote the national health, safety, or interest. No draft evader will be given the privilege of completing a period of alternate service by service in the Armed Forces.

However, this program will not apply to an individual who is precluded from re-entering the United States under 8 U.S.C. 1182(a)(22) or other law. Additionally, if individuals eligible for this program have other criminal charges outstanding, their participation in the program may be conditioned upon, or postponed until

after, final disposition of the other charges has been reached in accordance with law.

The period of service shall be twenty-four months, which may be reduced by the Attorney General because of mitigating circumstances.

2. *Military Deserters*—A member of the armed forces who has been administratively classified as a deserter by reason of unauthorized absence and whose absence commenced during the period from August 4, 1964 to March 28, 1973, inclusive, will be relieved of prosecution and punishment under Articles 85, 86 and 87 of the Uniform Code of Military Justice [10 U.S.C. 885, 886, 887] for such absence and for offenses directly related thereto if before March 31, 1975 he takes an oath of allegiance to the United States and executes an agreement with the Secretary of the Military Department from which he absented himself or for members of the Coast Guard, with the Secretary of Transportation, pledging to fulfill a period of alternate service under the auspices of the Director of Selective Service. The alternate service shall promote the national health, safety, or interest.

The period of service shall be twenty-four months, which may be reduced by the Secretary of the appropriate Military Department, or Secretary of Transportation for members of the Coast Guard, because of mitigating circumstances.

However, if a member of the armed forces has additional outstanding charges pending against him under the Uniform Code of Military Justice [10 U.S.C. 801 et seq.], his eligibility to participate in this program may be conditioned upon, or postponed until after, final disposition of the additional charges has been reached in accordance with law.

Each member of the armed forces who elects to seek relief through this program will receive an undesirable discharge. Thereafter, upon satisfactory completion of a period of alternate service prescribed by the Military Department or Department of Transportation, such individual will be entitled to receive, in lieu of his undesirable discharge, a clemency discharge in recognition of his fulfillment of the requirements of the program. Such clemency discharge shall not bestow entitlement to benefits administered by the Veterans Administration.

Procedures of the Military Departments implementing this Proclamation will be in accordance with guidelines established by the Secretary of Defense, present Military Department regulations notwithstanding.

3. *Presidential Clemency Board*—By Executive Order I have this date established a Presidential Clemency Board which will review the records of individuals within the following categories: (i) those who have been convicted of draft evasion offenses as described above, (ii) those who have received a punitive or undesirable discharge from service in the armed forces for having violated Article 85, 86, or 87 of the Uniform Code of Military Justice [10 U.S.C. 885, 886, 887] between August 4, 1964 and March 28, 1973, or are serving sentences of confinement for such violations. Where appropriate, the Board may recommend that clemency be conditioned upon completion of a period of alternate service. However, if any clemency discharge is recommended, such discharge shall not bestow entitlement to benefits administered by the Veterans Administration.

4. *Alternate Service*—In prescribing the length of alternate service in individual cases, the Attorney General, the Secretary of the appropriate Department, or the Clemency Board shall take into account such honorable service as an individual may have rendered prior to his absence, penalties already paid under law, and such other mitigating factors as may be appropriate to seek equity among those who participate in this program.

IN WITNESS WHEREOF, I have hereunto set my hand this sixteenth day of September in the year of our Lord nineteen hundred seventy-four, and of the Independence of the United States of America the one hundred and ninety-ninth.

By virtue of the authority vested in me as President of the United States by Section 2 of Article II of the Constitution of the United States, and in the interest of the internal management of the Government, it is ordered as follows:

SECTION 1. There is hereby established in the Executive Office of the President a board of 9 members, which shall be known as the Presidential Clemency Board. The members of the Board shall be appointed by the President, who shall also designate its Chairman. The President may appoint such additional members to the board as he shall from time to time determine to be necessary to carry out its functions.

SEC. 2. The Board, under such regulations as it may prescribe, shall examine the cases of persons who apply for Executive clemency prior to March 31, 1975, and who (i) have been convicted of violating Section 12 or 6(j) of the Military Selective Service Act (50 App. U.S.C. §462) [this section and section 456(j) of this Appendix], or of any rule or regulation promulgated pursuant to that section, for acts committed between August 4, 1964 and March 28, 1973, inclusive, or (ii) have received punitive or undesirable discharges as a consequence of violations of Articles 85, 86 or 87 of the Uniform Code of Military Justice (10 U.S.C. §§885, 886, 887) that occurred between August 4, 1964 and March 28, 1973, inclusive, or are serving sentences of confinement for such violations. SEC. 3. The Board shall report to the President its findings and recommendations as to whether Executive clemency should be granted or denied in any case. In the case of an individual discharged from the armed forces with a punitive or undesirable discharge, the Board may recommend to the President that a clemency discharge be substituted for a punitive or undesirable discharge. Determination of any period of alternate service shall be in accord with the Proclamation [Proc. No. 4313, set out above] announcing a program for the return of Vietnam era draft evaders and military deserters.

SEC. 4. The Board shall give priority consideration to those applicants who are presently confined and have been convicted only of an offense set forth in section 2 of this order, and who have no outstanding criminal charges.

SEC. 9. The Board shall submit its final recommendations to the President not later than September 15, 1975, at which time it shall cease to exist.

§468. Utilization of industry

(a) Placement of orders; Congressional action: notification of committees of certain proposed payment orders, resolution of disapproval, continuity of session, computation of period; “small business” defined

Whenever the President after consultation with and receiving advice from the National Security Resources Board ¹ determines that it is in the interest of the national security for the Government to obtain prompt delivery of any articles or materials the procurement of which has been authorized by the Congress exclusively for the use of the armed forces of the United States, or for the use of the Atomic Energy Commission,¹ he is authorized, through the head of any Government agency, to place with any person operating a plant, mine, or other facility capable of producing such articles or materials an order for such quantity of such articles or materials as the President deems appropriate, except that no order which requires payments thereunder in excess of \$25,000,000 shall be placed with any person unless the Committees on Armed Services of the Senate and the House of Representatives have been notified in writing of such proposed order and 60 days of continuous session of Congress have expired following the date on which such notice was transmitted to such Committees and neither House of Congress has adopted, within such 60-day period, a resolution disapproving such order. For purposes of the preceding sentence, the continuity of a session of Congress is broken only by an adjournment of the Congress sine die, and the days on which either House is not in session because of an adjournment of more than 3 days to a day certain are excluded in the computation of such 60-day period. Any person with whom an order is placed pursuant to the provisions of this section shall be advised that such order is placed pursuant to the provisions of this section. Under any such program of national procurement, the President shall recognize the valid claim of American small business to participate in such contracts, in such manufactures, and in such distribution of materials, and small business shall be granted a fair share of the orders placed, exclusively for the use of the armed forces or for other Federal agencies now or hereafter designated in this section. For the purposes of this section, a business enterprise shall be determined to be “small business” if (1) its position in the trade or industry of which it is a part is not dominant, (2) the number of its employees does not exceed 500, and (3) it is independently owned and operated.

(b) Precedence of Government placed orders

It shall be the duty of any person with whom an order is placed pursuant to the provisions of subsection (a), (1) to give such order such precedence with respect to all other orders (Government or private) theretofore or thereafter placed with such person as the President may prescribe, and (2) to fill such order within the period of time prescribed by the President or as soon thereafter as possible.

(c) Failure to give precedence; Government possession

In case any person with whom an order is placed pursuant to the provisions of subsection (a) of this section refuses or fails—

(1) to give such order such precedence with respect to all other orders (Government or private) theretofore or thereafter placed with such person as the President may have prescribed;

(2) to fill such order within the period of time prescribed by the President or as soon thereafter as possible as determined by the President;

(3) to produce the kind or quality of articles or materials ordered; or

(4) to furnish the quantity, kind, and quality of articles or materials ordered at such price as shall be negotiated between such person and the Government agency concerned; or in the event of failure to negotiate a price, to furnish the quantity, kind, and quality of articles or materials ordered at such price as he may subsequently be determined to be entitled to receive under subsection (d);

(c) Court in which application may be made

When under this Act [sections 501 to 515 and 516 to 597b of this Appendix] any application is required to be made to a court in which no proceeding has already been commenced with respect to the matter, such application may be made to any court which would otherwise have jurisdiction over the matter.

(Oct. 17, 1940, ch. 888, title I, §102, as added Pub. L. 108–189, §1, Dec. 19, 2003, 117 Stat. 2837.)

PRIOR PROVISIONS

A prior section 512, acts Oct. 17, 1940, ch. 888, art. I, §102, 54 Stat. 1179; Pub. L. 102–12, §9(2), Mar. 18, 1991, 105 Stat. 39, related to territorial application, jurisdiction of courts, and form of procedure, prior to the general amendment of this Act by Pub. L. 108–189.

§513. Protection of persons secondarily liable

(a) Extension of protection when actions stayed, postponed, or suspended

Whenever pursuant to this Act [sections 501 to 515 and 516 to 597b of this Appendix] a court stays, postpones, or suspends (1) the enforcement of an obligation or liability, (2) the prosecution of a suit or proceeding, (3) the entry or enforcement of an order, writ, judgment, or decree, or (4) the performance of any other act, the court may likewise grant such a stay, postponement, or suspension to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily subject to the obligation or liability the performance or enforcement of which is stayed, postponed, or suspended.

(b) Vacation or set-aside of judgments

When a judgment or decree is vacated or set aside, in whole or in part, pursuant to this Act [sections 501 to 515 and 516 to 597b of this Appendix], the court may also set aside or vacate, as the

case may be, the judgment or decree as to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily liable on the contract or liability for the enforcement of the judgment or decree.

(c) Bail bond not to be enforced during period of military service

A court may not enforce a bail bond during the period of military service of the principal on the bond when military service prevents the surety from obtaining the attendance of the principal. The court may discharge the surety and exonerate the bail, in accordance with principles of equity and justice, during or after the period of military service of the principal.

(d) Waiver of rights

(1) Waivers not precluded

This Act [sections 501 to 515 and 516 to 597b of this Appendix] does not prevent a waiver in writing by a surety, guarantor, endorser, accommodation maker, comaker, or other person (whether primarily or secondarily liable on an obligation or liability) of the protections provided under subsections (a) and (b). Any such waiver is effective only if it is executed as an instrument separate from the obligation or liability with respect to which it applies.

(2) Waiver invalidated upon entrance to military service

If a waiver under paragraph (1) is executed by an individual who after the execution of the waiver enters military service, or by a dependent of an individual who after the execution of the waiver enters military service, the waiver is not valid after the beginning of the period of such military service unless the waiver was executed by such individual or dependent during the period specified in section 106 [section 516 of this Appendix].

TITLE II—GENERAL RELIEF

PRIOR PROVISIONS

A prior section 520, acts Oct. 17, 1940, ch. 888, art. II, §200, 54 Stat. 1180; Pub. L. 86–721, §§1, 2, Sept. 8, 1960, 74 Stat. 820, related to default judgments, affidavits, bonds, and attorneys for persons in service, prior to the general amendment of this Act by Pub. L. 108–189. See section 521 of this Appendix.

§521. Protection of servicemembers against default judgments

(a) Applicability of section

This section applies to any civil action or proceeding, including any child custody proceeding, in which the defendant does not make an appearance.

(b) Affidavit requirement

(1) Plaintiff to file affidavit

In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit—

(A) stating whether or not the defendant is in military service and showing necessary facts to support the affidavit; or

(B) if the plaintiff is unable to determine whether or not the defendant is in military service, stating that the plaintiff is unable to determine whether or not the defendant is in military service.

(2) Appointment of attorney to represent defendant in military service

If in an action covered by this section it appears that the defendant is in military service, the court may not enter a judgment until after the court appoints an attorney to represent the defendant. If an attorney appointed under this section to represent a servicemember cannot locate the servicemember, actions by the attorney in the case shall not waive any defense of the servicemember or otherwise bind the servicemember.

(3) Defendant's military status not ascertained by affidavit

If based upon the affidavits filed in such an action, the court is unable to determine whether the defendant is in military service, the court, before entering judgment, may require the plaintiff to file a bond in an amount approved by the court. If the defendant is later found to be in military service, the bond shall be available to indemnify the defendant against any loss or damage the defendant may suffer by reason of any judgment for the plaintiff against the defendant, should the judgment be set aside in whole or in part. The bond shall remain in effect until expiration of the time for appeal and setting aside of a judgment under applicable Federal or State law or regulation or under any applicable ordinance of a political subdivision of a State. The court may issue such orders or enter such judgments as the court determines necessary to protect the rights of the defendant under this Act [sections 501 to 515 and 516 to 597b of this Appendix].

(4) Satisfaction of requirement for affidavit

The requirement for an affidavit under paragraph (1) may be satisfied by a statement, declaration, verification, or certificate, in writing, subscribed and certified or declared to be true under penalty of perjury.

(c) Penalty for making or using false affidavit

A person who makes or uses an affidavit permitted under subsection (b) (or a statement, declaration, verification, or certificate as authorized under subsection (b)(4)) knowing it to be false, shall be fined as provided in title 18, United States Code, or imprisoned for not more than one year, or both.

(d) Stay of proceedings

In an action covered by this section in which the defendant is in military service, the court shall grant a stay of proceedings for a minimum period of 90 days under this subsection upon application of counsel, or on the court's own motion, if the court determines that—

- (1) there may be a defense to the action and a defense cannot be presented without the presence of the defendant; or
- (2) after due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists.

(e) Inapplicability of section 202 procedures

A stay of proceedings under subsection (d) shall not be controlled by procedures or requirements under section 202 [section 522 of this Appendix].

(f) Section 202 protection

If a servicemember who is a defendant in an action covered by this section receives actual notice of the action, the servicemember may request a stay of proceeding under section 202 [section 522 of this Appendix].

(g) Vacation or setting aside of default judgments

(1) Authority for court to vacate or set aside judgment

If a default judgment is entered in an action covered by this section against a servicemember during the servicemember's period of military service (or within 60 days after termination of or release from such military service), the court entering the judgment shall, upon application by or on behalf of the servicemember, reopen the judgment for the purpose of allowing the servicemember to defend the action if it appears that—

- (A) the servicemember was materially affected by reason of that military service in making a defense to the action; and
- (B) the servicemember has a meritorious or legal defense to the action or some part of it.

(2) Time for filing application

An application under this subsection must be filed not later than 90 days after the date of the termination of or release from military service.

(h) Protection of bona fide purchaser

If a court vacates, sets aside, or reverses a default judgment against a servicemember and the vacating, setting aside, or reversing is because of a provision of this Act [sections 501 to 515 and 516 to 597b of this Appendix], that action shall not impair a right or title acquired by a bona fide purchaser for value under the default judgment.

(Oct. 17, 1940, ch. 888, title II, §201, as added Pub. L. 108–189, §1, Dec. 19, 2003, 117 Stat. 2840; amended Pub. L. 110–181, div. A, title V, §584(a), Jan. 28, 2008, 122 Stat. 128.)

PRIOR PROVISIONS

A prior section 521, act Oct. 17, 1940, ch. 888, art. II, §201, 54 Stat. 1181, related to stay of proceedings where military service affects conduct thereof, prior to the general amendment of this Act by Pub. L. 108–189. See section 522 of this Appendix.

- (2) has received notice of the action or proceeding.

(b) Stay of proceedings

(1) Authority for stay

At any stage before final judgment in a civil action or proceeding in which a servicemember described in subsection (a) is a party, the court may on its own motion and shall, upon application by the servicemember, stay the action for a period of not less than 90 days, if the conditions in paragraph (2) are met.

(2) Conditions for stay

An application for a stay under paragraph (1) shall include the following:

(A) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the servicemember's ability to appear and stating a date when the servicemember will be available to appear.

(B) A letter or other communication from the servicemember's commanding officer stating that the servicemember's current military duty prevents appearance and that military leave is not authorized for the servicemember at the time of the letter.

(c) Application not a waiver of defenses

An application for a stay under this section does not constitute an appearance for jurisdictional purposes and does not constitute a waiver of any substantive or procedural defense (including a defense relating to lack of personal jurisdiction).

(d) Additional stay

(1) Application

A servicemember who is granted a stay of a civil action or proceeding under subsection (b) may apply for an additional stay based on continuing material affect of military duty on the servicemember's ability to appear. Such an application may be made by the servicemember at the time of the initial application under subsection (b) or when it appears that the servicemember is unavailable to prosecute or defend the action. The same information required under subsection (b)(2) shall be included in an application under this subsection.

(2) Appointment of counsel when additional stay refused

If the court refuses to grant an additional stay of proceedings under paragraph (1), the court shall appoint counsel to represent the servicemember in the action or proceeding.

(e) Coordination with section 201

A servicemember who applies for a stay under this section and is unsuccessful may not seek the protections afforded by section 201 [section 521 of this Appendix].

(f) Inapplicability to section 301

The protections of this section do not apply to section 301 [section 531 of this Appendix].

(b) Reduction or waiver of fines or penalties

If a servicemember fails to perform an obligation arising under a contract and a penalty is incurred arising from that nonperformance, a court may reduce or waive the fine or penalty if—

(1) the servicemember was in military service at the time the fine or penalty was incurred; and

(2) the ability of the servicemember to perform the obligation was materially affected by such military service.

(1) Stay of enforcement of real estate contracts

(A) In the case of an obligation payable in installments under a contract for the purchase of real estate, or secured by a mortgage or other instrument in the nature of a mortgage upon real estate, the court may grant a stay of the enforcement of the obligation—

(i) during the servicemember's period of military service; and

(ii) from the date of termination of or release from military service, or from the date of application if made after termination of or release from military service.

(B) Any stay under this paragraph shall be—

PRIOR PROVISIONS

A prior section 592, act Oct. 17, 1940, ch. 888, art. VII, §702, as added Pub. L. 102–12, §4, Mar. 18, 1991, 105 Stat. 34; amended Pub. L. 104–106, div. L. 108–189. See section 593 of this Appendix.

§593. Professional liability protection

(a) Applicability

This section applies to a servicemember who—

(1) after July 31, 1990, is ordered to active duty (other than for training) pursuant to sections 688, 12301(a), 12301(g), 12302, 12304, 12306, or 12307 of title 10, United States Code, or who is ordered to active duty under section 12301(d) of such title during a period when members are on active duty pursuant to any of the preceding sections; and

(2) immediately before receiving the order to active duty—

(A) was engaged in the furnishing of health-care or legal services or other services determined by the Secretary of Defense to be professional services; and

(B) had in effect a professional liability insurance policy that does not continue to cover claims filed with respect to the servicemember during the period of the servicemember's active duty unless the premiums are paid for such coverage for such period.

(b) Suspension of coverage

(1) Suspension

Coverage of a servicemember referred to in subsection (a) by a professional liability insurance policy shall be suspended by the insurance carrier in accordance with this subsection upon receipt of a written request from the servicemember by the insurance carrier.

(2) Premiums for suspended contracts

A professional liability insurance carrier—

(A) may not require that premiums be paid by or on behalf of a servicemember for any professional liability insurance coverage suspended pursuant to paragraph (1); and

(B) shall refund any amount paid for coverage for the period of such suspension or, upon the election of such servicemember, apply such amount for the payment of any premium becoming due upon the reinstatement of such coverage.

(3) Nonliability of carrier during suspension

A professional liability insurance carrier shall not be liable with respect to any claim that is based on professional conduct (including any failure to take any action in a professional capacity) of a servicemember that occurs during a period of suspension of that servicemember's professional liability insurance under this subsection.

(4) Certain claims considered to arise before suspension

For the purposes of paragraph (3), a claim based upon the failure of a professional to make adequate provision for a patient, client, or other person to receive professional services or other assistance during the period of the professional's active duty service shall be considered to be based on an action or failure to take action before the beginning of the period of the suspension of professional liability insurance under this subsection, except in a case in which professional services were provided after the date of the beginning of such period.

(c) Reinstatement of coverage

(1) Reinstatement required

Professional liability insurance coverage suspended in the case of any servicemember pursuant to subsection (b) shall be reinstated by the insurance carrier on the date on which that servicemember transmits to the insurance carrier a written request for reinstatement.

(2) Time and premium for reinstatement

The request of a servicemember for reinstatement shall be effective only if the servicemember transmits the request to the insurance carrier within 30 days after the date on which the servicemember is released from active duty. The insurance carrier shall notify the servicemember of the due date for payment of the premium of such insurance. Such premium shall be paid by the servicemember within 30 days after receipt of that notice.

(3) Period of reinstated coverage

The period for which professional liability insurance coverage shall be reinstated for a servicemember under this subsection may not be less than the balance of the period for which coverage would have continued under the insurance policy if the coverage had not been suspended.

(d) Increase in premium

(1) Limitation on premium increases

An insurance carrier may not increase the amount of the premium charged for professional liability insurance coverage of any servicemember for the minimum period of the reinstatement of such coverage required under subsection (c)(3) to an amount greater than the amount chargeable for such coverage for such period before the suspension.

(2) Exception

Paragraph (1) does not prevent an increase in premium to the extent of any general increase in the premiums charged by that carrier for the same professional liability coverage for persons similarly covered by such insurance during the period of the suspension.

(e) Continuation of coverage of unaffected persons

This section does not—

(1) require a suspension of professional liability insurance protection for any person who is not a person referred to in subsection (a) and who is covered by the same professional liability insurance as a person referred to in such subsection; or

(2) relieve any person of the obligation to pay premiums for the coverage not required to be suspended.

(f) Stay of civil or administrative actions

(1) Stay of actions

A civil or administrative action for damages on the basis of the alleged professional negligence or other professional liability of a servicemember whose professional liability insurance coverage has been suspended under subsection (b) shall be stayed until the end of the period of the suspension if—

(A) the action was commenced during the period of the suspension;

(B) the action is based on an act or omission that occurred before the date on which the

suspension became effective; and

(C) the suspended professional liability insurance would, except for the suspension, on its face cover the alleged professional negligence or other professional liability negligence or other professional liability of the servicemember.

(2) Date of commencement of action

Whenever a civil or administrative action for damages is stayed under paragraph (1) in the case of any servicemember, the action shall have been deemed to have been filed on the date on which the professional liability insurance coverage of the servicemember is reinstated under subsection (c).

(g) Effect of suspension upon limitations period

In the case of a civil or administrative action for which a stay could have been granted under subsection (f) by reason of the suspension of professional liability insurance coverage of the defendant under this section, the period of the suspension of the coverage shall be excluded from the computation of any statutory period of limitation on the commencement of such action.

(h) Death during period of suspension

If a servicemember whose professional liability insurance coverage is suspended under subsection (b) dies during the period of the suspension—

(1) the requirement for the grant or continuance of a stay in any civil or administrative action against such servicemember under subsection (f)(1) shall terminate on the date of the death of such servicemember; and

(2) the carrier of the professional liability insurance so suspended shall be liable for any claim for damages for professional negligence or other professional liability of the deceased servicemember in the same manner and to the same extent as such carrier would be liable if the servicemember had died while covered by such insurance but before the claim was filed.

(2) Increases of general applicability not precluded

Paragraph (1) does not prevent an increase in premium to the extent of any general increase in the premiums charged by the carrier of the health care insurance for the same health insurance coverage for persons similarly covered by such insurance during the period between the termination and the reinstatement.

**TEMPORARY APPOINTMENTS, PROMOTIONS, ETC., OF NAVY,
MARINE CORPS, AND COAST GUARD OFFICERS**

ACT JUNE 30, 1942, CH. 462, 56 STAT. 463

§§806 to 810. Omitted

CODIFICATION

Sections 806 to 810 were omitted as terminated pursuant to section 814 of this Appendix.

Section 806, act June 30, 1942, ch. 462, §1, 56 Stat. 463, suspended the provisions of existing law relating to periodic computations for the purpose of determining the authorized number of commissioned officers in the various grades of the line of the Regular Navy and of the Marine Corps, the permanent promotion or advancement of all officers of the Navy and Marine Corps, and the involuntary retirement or honorable discharge of such officers by reason of failure of selection or upon completion of designated periods of service. Under section 813 of this Appendix, this section also applied to officer personnel of the Coast Guard. This section was repealed insofar as it related to the Navy and Marine Corps by act Aug. 7, 1947, ch. 512, title IV, §426(a), 61 Stat. 880. It was superseded with respect to the Coast Guard by section 42 of Title 14, Coast Guard.

Section 807, act June 30, 1942, ch. 462, §2, 56 Stat. 464, related to the number of rear admirals entitled to pay and allowances of rear admirals of the upper half. It was repealed insofar as it related to the Navy and Marine Corps by act Aug. 7, 1947, ch. 512, title IV, §426(a), 61 Stat. 880, and superseded with respect to the Coast Guard by section 462 of former Title 14, Coast Guard, which is covered by section 202 of Title 37, Pay and Allowances of the Uniformed Services.

Section 808, act June 30, 1942, ch. 462, §3, 56 Stat. 464, provided for modification of age limits for original appointments to commissioned rank in staff corps.

Section 809, act June 30, 1942, ch. 462, §4, 56 Stat. 464, which was an amendment of provisions concerning appointment of certain reserve officers to regular Navy or Marine Corps, was a permanent provision under section 814 of this Appendix, and was set out as sections 737a and 853c–2a of former Title 34, Navy, which were repealed by act Aug. 10, 1956, ch. 1041, §53, 70A Stat. 641. See sections 2104, 2106, and 6914 of Title 10, Armed Forces.

Section 810, act June 30, 1942, ch. 462, §5, 56 Stat. 465, related to temporarily promoted officers, pay and allowances, and date of acceptance of appointment. It was repealed insofar as it related to the Navy and Marine Corps by act Aug. 7, 1947, ch. 512, title IV, §426(a), 61 Stat. 880, and reenacted as section 350k of former Title 34, Navy, by act May 22, 1950, ch. 193, §3, 64 Stat. 187. Although section 810 applied to the Coast Guard under section 813 of this Appendix, it was superseded in this respect by section 350k of Title 34, which applied to the Coast Guard under section 350j of former Title 34. Sections 350j and 350k of former Title 34 were repealed by act Aug. 10, 1956, ch. 1041, §53, 70A Stat. 641, and replaced by sections 5597 and 5787 of Title 10, Armed Forces, section 351 of Title 14, Coast Guard, and section 212(f) of Title 42, The Public Health and Welfare.

§811. Repealed. Feb. 21, 1946, ch. 34, §11(b), 60 Stat. 29

Section, act June 30, 1942, ch. 462, §6, 56 Stat. 465, related to retired grade and pay of officers retired for age while serving under temporary promotion. See section 6151 of Title 10, Armed Forces.

§§812 to 814. Omitted

CODIFICATION

Sections 812 to 814 were omitted as terminated pursuant to section 814 of this Appendix.

Section 812, act June 30, 1942, ch. 462, §7, 56 Stat. 465, amended sections 350 and 350i of former Title 34, Navy. It was repealed insofar as it related to the Navy and Marine Corps by act Aug. 7, 1947, ch. 512, title IV, §426(a), 61 Stat. 880. It was superseded with respect to the Coast Guard by act June 3, 1948, ch. 395, 62 Stat. 302.

Section 813, act June 30, 1942, ch. 462, §8, 56 Stat. 465, provided: “The provisions of this Act [sections 806 to 814 of this Appendix] except as may be necessary to adapt the said provisions to the Coast Guard, shall apply to officer personnel of the Coast Guard in like manner and to the same extent and with the same relative conditions in all respects as are provided for the officer personnel of the Navy and Marine Corps.” It appears that section 808 of this Appendix does not apply to the Coast Guard since it has no staff officers and that section 809 does not apply because it amends provisions relating only to the Navy and Marine Corps. As pointed out in notes under sections 806, 807, 810, and 812, they have been superseded with respect to the Coast Guard.

Section 814, act June 30, 1942, ch. 462, §9, 56 Stat. 465, prohibited any reduction of pay by virtue of sections 806 to 814 of this Appendix, and provided for termination of sections 806 to 814 of this Appendix on June 30 of fiscal year following that in which World War II ended. See Termination of State of War notes preceding section 1, of this Appendix. See note for former section 809 of this Appendix for its disposition, such section having been excepted from the termination provisions.

“If a petition for certiorari is filed in Case No. 676 this order shall take effect and be carried out at the expiration of 30 days after the final disposition of Case No. 676.”

vessel were not a public vessel.

(2) Vessel managers

(A) Eligibility for contract

A person, including a shipyard, is eligible for a contract for the management of a vessel in the Ready Reserve Force if the Secretary determines, at a minimum, that the person has—

(1) Availability

The availability of NDRF or Ready Reserve Force (RRF) resources and the impact of such use on NDRF and RRF mission support to the defense and homeland security requirements of the Government.

(2) Interference

Whether the such ¹ use of vessels will support the mission of the Maritime Administration and not significantly interfere with NDRF vessel maintenance, repair, safety, readiness, and resource availability.

Whether safety precautions will be taken, including indemnification of liability when applicable.

(4) Cost

Whether any costs incurred by such use will be funded as a reimbursable transaction between Federal agencies, as applicable.

§§1751 to 1763. Omitted

PAYMENT OF BALANCE OF AWARDS TO PHILIPPINES

Pub. L. 87–616, Aug. 30, 1962, 76 Stat. 411, as amended by Pub. L. 88–94, §3, Aug. 12, 1963, 77 Stat. 122, provided:

“[SEC. 1. *Conditions; limitations on amount*]. That the Foreign Claims Settlement Commission (hereafter in this Act referred to as the ‘Commission’) shall provide, out of funds appropriated pursuant to this Act, for the payment of the unpaid balance of awards heretofore made by the Philippine War Damage Commission under title I of the Philippine Rehabilitation Act of 1946 [sections 1751 to 1763 of this Appendix]. No payment shall be made under this Act to any person, or to his successors in interest, on account of any award unless payment was made on such award under the Philippine Rehabilitation Act of 1946 [sections 1751 to 1806 of this Appendix], and the maximum amount paid under this Act, when added to amounts paid under the Philippine Rehabilitation Act of 1946 [sections 1751 to 1806 of this Appendix] and section 7 of the War Claims Act of 1948 [section 2006 of this Appendix] on account of any claim shall not exceed the aggregate amount of claims approved in favor of such claimant after reduction under the last proviso of section 102(a) of the Philippine Rehabilitation Act of 1946 [section 1752(a) of this Appendix], or \$25,000, whichever is the lesser. All payments under this Act in amounts over 25,000 pesos or equivalent value in dollars shall be subject to the provisions of section 104(c) of the Philippine Rehabilitation Act of 1946 [section 1754(c) of this Appendix].

“SEC. 2. [*Applications; commencement and duration of period; determination of Commission*]. Within sixty days after the enactment of this Act [Aug. 30, 1962], or of legislation appropriating for administration expenses incurred in carrying out this Act, whichever is later, the Commission shall prescribe and publish in the Federal Register and give appropriate publicity in the Republic of the Philippines concerning the period, not in excess of twelve additional months, within which application must be filed under this Act. The Commission shall complete its determination and take final action with respect to applications filed under this Act not later than one year after the last date on which applications may be filed.

“SEC. 3. [*Publicity to payments provisions; notice to claimants*]. The Commission shall give maximum publicity in the Republic of the Philippines to the provisions of this Act, and through utilization of the records of the former Philippine War Damage Commission shall attempt to notify individual claimants of their right to file applications for payment under this Act, by mailing notice thereof to the last known address of such claimants as shown by such records.

“SEC. 4. [*Notice of approval or denial of applications; hearings; finality of determinations*]. The Commission shall notify all applicants of the approval or denial of their applications and, if approved, shall notify such applicants of the amount for which such applications are approved. Any applicant whose application is denied, or is approved for less than the amount of such application, shall be entitled, under such regulations as the Commission may prescribe, to a hearing before the Commission or its representative with respect to such application. Upon such hearing, the Commission may affirm, modify, or reverse its former

action with respect to such application, including a denial or reduction in the amount of award theretofore approved. All findings of the Commission concerning the persons to whom compensation pursuant to this Act is payable, and the amounts thereof, shall be conclusive and not be reviewable by any court.

“SEC. 5. [*Payments; exchange rate; medium; extraterritorial claimants; purchasers of claims; Educational Programs Fund; reversion of funds to United States Treasury*]. (a) Each award made under this Act shall be certified to the Secretary of the Treasury in terms of United States currency on the basis of the rate of exchange (that is, P/2 equals \$1) which was applied in the Philippine Rehabilitation Act of 1946 [sections 1751 to 1806 of this Appendix], for payment out of sums appropriated pursuant to section 8 of this Act. Such payments shall be made in accordance with such regulations as the Secretary of the Treasury may prescribe. Payments authorized under this Act shall be made in United States dollars or in Philippine pesos at the option of the Secretary of the Treasury; however, notwithstanding the last sentence of the first section of this Act, payment shall not be made outside of the Republic of the Philippines to any claimant residing outside the Republic of the Philippines unless he establishes to the satisfaction of the Commission that since the date of the loss or damage on account of which the original award was made he has heretofore invested in such manner as furthered the rehabilitation or economic development of the Philippines an amount not less than the claims approved in his favor after reduction under the last proviso of section 102(a) of the Philippine Rehabilitation Act of 1946 [section 1752(a) of this Appendix]. Any balance of the appropriation made pursuant to section 8 remaining after the payments authorized by the first section of this Act have been made and after any administrative expenses incurred by the Commission in connection with such payments have been paid shall be paid into a special fund in the United States Treasury to be used for the purpose of furthering educational exchange and other educational programs to the mutual advantage of the Republic of the Philippines and the United States in such manner as the Presidents of those two Republics shall from time to time determine. There shall be withheld from the payment authorized by the preceding sentence a sum equal to the difference between \$73,000,000 (less administrative expenses) and the total amount which would have been paid to the claimants under the provisions of Public Law 87–616, which sum shall revert to the general funds in the United States Treasury. The acceptance by any claimant of a payment under this Act shall be considered to be in full satisfaction and final settlement of all claims of such claimant arising out of awards for war damage compensation made by the Philippine War Damage Commission. Payment shall not be made under this Act on any claim filed under the Philippine Rehabilitation Act of 1946 [sections 1751 to 1806 of this Appendix] or under this Act which was acquired from a predecessor in interest by purchase, except where such purchase was in the ordinary course of business in connection with the acquisition of all assets of a business firm.

“(b) Such of the records of the Philippine War Damage Commission as the Foreign Claims Settlement Commission may deem necessary for carrying out its functions under this Act shall be transferred to the Foreign Claims Settlement Commission.

“SEC. 6. [*Remuneration for services to applicants; prohibition against certain payments; penalties; forfeitures; recovery of payments*]. (a) The total remuneration on account of services rendered or to be rendered to or on behalf of any applicant in connection with any application filed under this Act shall not exceed 5 per centum of the amount paid by the Commission on account of such application. Any agreement to the contrary shall be unlawful and void. Whoever, subject to the jurisdiction of the United States, violates this subsection shall be fined not more than \$5,000 or imprisoned for not more than one year, or both. Where any payment is made in violation of this subsection, the Commission shall take such action as may be appropriate to recover the same.

“(b) Notwithstanding the provisions of subsection (a), no sum shall be paid by any claimant directly or indirectly to, or received or accepted by, any former commissioner or employee of the Philippine War Damage Commission or their assigns, or any person employed by or associated with any such former commissioner or employee in connection with the preparation, filing, allowance, or collection of any claim under this Act, as compensation on account of services rendered or as reimbursement on account of expenses incurred in connection with any application filed under this Act. Whoever, subject to the jurisdiction of the United States, makes a payment in violation of the provisions of this subsection shall be fined not more than \$5,000 or imprisoned for not more than one year or both. Whoever, subject to the jurisdiction of the United States, receives or accepts a payment in violation of this subsection, shall be fined not more than \$5,000 or imprisoned for not more than five years or both. Whoever, subject to the jurisdiction of the United States, receives or accepts a payment in violation of this subsection, shall forfeit to the Government of the United States a sum equal to three times the amount of such payment, and the Commission shall take action to recover such sum from the person receiving the payment.

“SEC. 7. [*Application of International Claims Settlement Act of 1949*]. For the purposes of carrying out this Act, the following provisions of the International Claims Settlement Act of 1949 [section 1621 et seq. of Title

22, Foreign Relations and Intercourse] shall, to the extent not inconsistent with this Act, be applicable in the administration of this Act: Subsections (c), (d), (e), and (i) of section 4 [section 1623 of Title 22]; subsections (d) and (e) of section 7 [section 1626 of Title 22]; and subsection (c) of section 7 [section 1626 of Title 22] except that with respect to applicants not subject to the jurisdiction of the United States, references in such subsection (c) to the Comptroller General of the United States shall be deemed to refer to the Secretary of the Treasury.

“SEC. 8. [*Appropriations for payment of awards and administrative expenses*]. There is authorized to be appropriated not more than \$73,000,000 to make payments on awards certified pursuant to this Act, plus such additional sums as may be necessary for the administrative expenses of the Commission and of the Secretary of the Treasury in carrying out this Act.”

(a) Invitation of purchase proposals; notice and advertisement; period for receipt of proposals; data to accompany proposals

The Commission shall invite, upon adequate notice and advertisement, proposals for the purchase of the Government-owned rubber-producing facilities, hereafter referred to as the “facilities”. The period for the receipt of proposals shall be determined and publicly announced by the Commission, and in no event shall be less than six months after the first day on which proposals may be received pursuant to the advertisement. The advertisement shall be in such form, contain such specifications and reservations, and be published in such manner as the Commission in its discretion determines will best effectuate the purposes of this Act [sections 1941 to 1941y of this Appendix]. All data concerning such facilities which in the judgment of the Commission may be reasonably required for the submission of a bona fide proposal shall be furnished by the Commission upon request by any prospective purchaser unless the Commission has reason to believe that such prospective purchaser has not identified his principal, or is not financially responsible, or is a poor security risk.

(b) Form and contents of proposals

Proposals shall be in writing, and shall contain, among other things—

(1) identification of the person in whose behalf the proposal is submitted, including the business affiliation of such person;

(2) the facility or facilities which are proposed to be purchased, and the order of preference if more than one facility is proposed to be purchased; or the order of preference if proposals are submitted on more than one facility, if only one facility is proposed to be purchased;

(3) the arrangements or plans, if any, formal or informal, for the supply of feedstock to, and the disposition of the end products of, the respective facilities proposed to be purchased;

(4) the amount proposed to be paid for each of the facilities, and, if such amount is not to be paid in cash, then the principal terms of the financing arrangement proposed;

(5) the general terms and conditions which the prospective purchaser of a copolymer facility would be willing to accept in order to make the end product of such facility available for sale to small business enterprises, and the general terms and conditions which the prospective purchaser of a butadiene or styrene facility would be willing to accept in order to make the end product of such facility available for sale to purchasers of copolymer facilities; and

(6) such other information as the Commission in its notice and advertisement for proposals shall require be set forth in proposals including the prospective purchaser's acceptance of the terms, conditions, restrictions and reservations contained in subsection (h) of this section, and the interest rate to be charged on the purchase-money mortgage referred to in subsection (e) of this section.

(c) Disclosure of contents of proposals

Should it become necessary to the effective prosecution of the disposal program, the Commission may, after the termination of the period for the submission of proposals provided for in subsection (a) of this section, disclose the contents of the proposals at such time, in such manner, and to such extent as it deems appropriate.

(d) Deposit of cash or Government bonds to accompany proposals

Proposals shall be accompanied by a deposit of cash or United States Government bonds of face amount equal to 2½ per centum of the gross amount proposed to be paid but not exceeding \$250,000 for each facility: *Provided, however,* That the deposit required in the case of a proposal for one of a number of facilities on an alternative basis shall be the same as would be required if such proposal were for only the facility for which the particular prospective purchaser proposed to pay the highest amount. Except in the case of purchasers, deposits made hereunder shall be refunded without interest and not later than upon the termination of the period for congressional review as provided in section 9 of this Act [section 1941g of this Appendix]. In the case of purchasers, deposits made hereunder shall be applied without interest to the purchase price: *Provided, however,* That upon the closing of the contract of sale the purchaser shall be required to substitute cash equal to the face amount of the Government bonds then held in connection with such purchaser's proposal.

(e) Payment of purchase price; amount and terms of mortgages

Payment of the purchase price may be made in part by a first lien purchase-money mortgage, in an amount not to exceed 75 per centum of the purchase price. The terms of any such mortgage obligation, to be determined by negotiation, shall provide among other things for a maturity of not more than ten years, periodic amortization, and a uniform interest rate of not less than 3 per centum per annum.

(f) Negotiation with those submitting proposals

Promptly after the termination of the period for the receipt of proposals, pursuant to subsection (a) of this section, and for such period thereafter not less than seven months as may be determined and publicly announced by the Commission, it shall negotiate with those submitting proposals for the purpose of entering into definitive contracts of sale.

(g) Securing of additional information from those submitting proposals

Nothing contained in this Act [sections 1941 to 1941y of this Appendix] shall be construed to prevent the Commission from securing such additional information from those submitting proposals

at any time as the Commission may deem necessary or appropriate to fulfill its responsibilities under this Act [said sections].

(h) National security clause in contracts of sale

All contracts of sale and instruments in execution thereof shall contain a national security clause having terms, conditions, restrictions and reservations which will assure the prompt availability of the rubber-producing facilities, or facilities of equivalent capacity, for the production of synthetic rubber and the component materials thereof for a period of ten years from the date of the contract.

(i) Effective date of contracts of sale; time for transfer of possession of facilities; failure to complete transfer prior to termination date

Subject to the conditions prescribed in section 24 of this Act [section 1941v of this Appendix], any contract of sale shall become fully effective upon the expiration of the period for congressional review provided for in section 9 of this Act [section 1941g of this Appendix] unless the Congress within such period has disapproved such sale. The transfer of possession of all of the rubber-producing facilities to be sold shall be made as promptly as is practicable after the effective date, in accordance with the terms of the contracts, but in any event within a period terminating sixty days after the expiration of the period for congressional review as provided in section 9(b) of this Act [section 1941g(b) of this Appendix]. The failure to complete transfer of possession prior to said termination date shall not give rise to or be the basis of rescission of the contract of sale.

(j) Limitation on Government rubber sales

Upon termination of the transfer period, as provided in subsection (i) of this section, the operating agency last designated by the President shall make no further sales of synthetic rubber and its component materials except as otherwise provided in this Act [sections 1941 to 1941y of this Appendix].

(k) Offer of Government rubber for sale to purchasers of facilities after termination of transfer period

During the period of one year following the termination of the transfer period, the operating agency last designated by the President shall offer for sale to the purchasers of the facilities the synthetic rubber and its component materials held by it at a price determined in accordance with its pricing policy prevailing at the close of the transfer period, in amounts prorated in accordance with the ratio of the capacity of each such facility purchased to the total capacity of all facilities of the same type sold. Any synthetic rubber or component materials not purchased by an eligible purchaser during periodic intervals, as determined by the operating agency, shall be made available to other eligible purchasers on a like equitable basis. Any synthetic rubber or component materials not sold during such one-year period shall thereafter be disposed of in such manner as said agency deems advisable.

Section 6 of act Mar. 21, 1956, ch. 89, 70 Stat. 53, provided that:

“(a) Notwithstanding any provision of the Rubber Producing Facilities Disposal Act of 1953, as amended [sections 1941 to 1941x of this Appendix], or of this Act [enacting section 1941y and provisions set out as notes under sections 1941r and 1941y of this Appendix], the Rubber Producing Facilities Disposal Commission may enter into contracts of sale and may from time to time enter into leases for all or any part of the catalyst manufacturing equipment now situated in Baltimore, Maryland, and generally described in the Commission's brochure M–2 dated March 1954.

“(b) Except as provided in this paragraph, each such lease or contract may be made on such terms and conditions, including type of use and duration (up to fifteen years) of any lease, as the Commission deems advisable in the public interest. Before making such sale or lease, the Commission shall secure the advice of the Attorney General as to whether the proposed sale or lease would tend to create or maintain a situation inconsistent with the antitrust laws. Each such lease or contract of sale shall contain a national security clause, containing such terms and for such duration (ten years or less) as the Commission deems desirable in the public interest, and any such lease shall provide for the recapture of the equipment thereby leased and the termination of the lease, if the President determines that the national interest so requires.

“The price for any part or all of such equipment shall be an amount which the Commission determines to be the maximum amount obtainable in the public interest, but not less than fair value as determined by the Commission.

“(c) Any of such equipment not sold or leased under subsection (a) shall be placed and maintained in adequate standby condition pursuant to, and be otherwise subject to, the provisions of section 8 of the Rubber Producing Facilities Disposal Act of 1953 [this section] (other than the provision prohibiting leases).

- (5) the program to be followed to place in standby condition the rubber-producing facilities not sold;
- (6) an inventory report concerning the Government's current stocks of synthetic rubber and its component materials;

(b) Time of submission of report; period for action by Congress

The report shall be submitted to both Houses of Congress on the same day. Upon the expiration of sixty days of continuous session of the Congress following the date upon which the report is submitted to it, the Commission shall proceed to carry out the contracts and proposals, as outlined in its report, to the extent that such contracts and proposals are not disapproved by either House of Congress by a resolution within the sixty-day period.

(c) Computation of period for Congressional action

(d) Restriction on sale or lease of rubber-producing facilities

No rubber-producing facility shall be sold or leased except in accordance with this Act [sections 1941 to 1941y of this Appendix] or in accordance with section 7(d)(4) of the Rubber Act of 1948, as amended [section 1926(d)(4) of this Appendix].

Notwithstanding any other provisions of this Act [sections 1941 to 1941y of this Appendix], the Commission may, after securing the advice of the Attorney General as to whether the proposed lease would tend to create or maintain a situation inconsistent with the antitrust laws, enter into leases for the alcohol-butadiene facilities for a period of not less than one year, nor more than three years:

Provided, That any such lease shall contain among other things (1) a national security clause, and (2) provisions for the recapture of such facilities by the Government and the termination of the lease, if the President determines that the national interest so requires. Not less than sixty days prior to said lease the Commission shall request such advice from the Attorney General who shall give the same within forty-five days of the receipt of such request.

§1941u. Congressional resolutions respecting facilities

(a) Resolutions as rules of Congress; changes

The provisions of this section are enacted by the Congress:

(1) As an exercise of the rule-making power of the Senate and the house of Representatives, respectively, and as such they shall be considered as part of the rules of each House, respectively, but applicable only with respect to the procedure to be followed in such House in the case of resolutions (as defined in subsection (b)); and such rules shall supersede other rules only to the extent that they are inconsistent therewith; and

(2) With full recognition of the constitutional right of either House to change such rules (so far as relating to the procedure in such House) at any time, in the same manner and to the same extent as in the case of any other rule of such House.

(b) Form of resolution

As used in this section, the term “resolution” means only a resolution of either of the two Houses of Congress, the matter after the resolving clause of which is as follows: (1) “That the _____ does not favor sale of the facilities as recommended in the report of the Rubber Producing Facilities Disposal Commission.”, the blank therein being filled with the name of the resolving House; or (2) “That the _____ does not favor the sale of the _____ as recommended in the report of the Rubber Producing Facilities Disposal Commission.”, the first blank therein being filled with the name of the resolving House and the other blank being filled with a description of the facility or facilities proposed to be sold.

No amendment to such motion shall be in order, and it shall not be in order to move to reconsider the vote by which such motion is agreed to or disagreed to.

(e) Motion to consider resolution; amendment

(1) Where the committee has reported, or has been discharged from further consideration of, a resolution with respect to a facility or facilities, it shall at any time thereafter be in order (even though a previous motion to the same effect has been disagreed to) to move to proceed to the consideration of such resolution. Each such lease may be for such duration and each such lease or contract of sale may be made on such terms (including type of use) as the Commission or such other agency deems advisable in the public interest: *Provided*, That each such lease or contract of sale shall contain, among other provisions, a national security clause, and each such lease shall contain provisions for the recapture of the tank cars leased by the Government and the termination of the lease, if the President determines that the national interest so requires. §1989a. Statement of the Congress

(a) With regard to individuals of Japanese ancestry

The Congress recognizes that, as described by the Commission on Wartime Relocation and Internment of Civilians, a grave injustice was done to both citizens and permanent resident aliens of Japanese ancestry by the evacuation, relocation, and internment of civilians during World War II. As the Commission documents, these actions were carried out without adequate security reasons and without any acts of espionage or sabotage documented by the Commission, and were motivated largely by racial prejudice, wartime hysteria, and a failure of political leadership. The excluded individuals of Japanese ancestry suffered enormous damages, both material and intangible, and there were incalculable losses in education and job training, all of which resulted in significant human suffering for which appropriate compensation has not been made. For these fundamental violations of the basic civil liberties and constitutional rights of these individuals of Japanese ancestry, the Congress apologizes on behalf of the Nation.

(b) With respect to the Aleuts

The Congress recognizes that, as described by the Commission on Wartime Relocation and Internment of Civilians, the Aleut civilian residents of the Pribilof Islands and the Aleutian Islands west of Unimak Island were relocated during World War II to temporary camps in isolated regions of southeast Alaska where they remained, under United States control and in the care of the United States, until long after any potential danger to their home villages had passed. The United States failed to provide reasonable care for the Aleuts, and this resulted in widespread illness, disease, and death among the residents of the camps; and the United States further failed to protect Aleut personal and community property while such property was in its possession or under its control. The United States has not compensated the Aleuts adequately for the conversion or destruction of personal property, and the conversion or destruction of community property caused by the United States military occupation of Aleut villages during World War II. There is no remedy for injustices suffered by the Aleuts during World War II except an Act of Congress providing appropriate compensation for those losses which are attributable to the conduct of United States forces and other officials and employees of the United States.

§1989b–1. Remedies with respect to criminal convictions

(a) Review of convictions

The Attorney General is requested to review any case in which an individual living on the date of the enactment of this Act [Aug. 10, 1988] was, while a United States citizen or permanent resident alien of Japanese ancestry, convicted of a violation of—

- (1) Executive Order Numbered 9066, dated February 19, 1942;
- (2) the Act entitled “An Act to provide a penalty for violation of restrictions or orders with respect to persons entering, remaining in, leaving, or committing any act in military areas or zones”, approved March 21, 1942 (56 Stat. 173); or
- (3) any other Executive order, Presidential proclamation, law of the United States, directive of the Armed Forces of the United States, or other action taken by or on behalf of the United States or its agents, representatives, officers, or employees, respecting the evacuation, relocation, or internment of individuals solely on the basis of Japanese ancestry;

on account of the refusal by such individual, during the evacuation, relocation, and internment period, to accept treatment which discriminated against the individual on the basis of the individual's Japanese ancestry.

(b) Recommendations for pardons

Based upon any review under subsection (a), the Attorney General is requested to recommend to the President for pardon consideration those convictions which the Attorney General considers appropriate.

(c) Action by the President

App. 1989b–4].”

§1989b–4. Restitution

(a) Location and payment of eligible individuals

(1) In general

Subject to paragraph (7), the Attorney General shall, subject to the availability of funds appropriated to the Fund for such purpose, pay out of the Fund to each eligible individual the sum of \$20,000, unless such individual refuses, in the manner described in paragraph (5), to accept the payment.

(2) Location of eligible individuals

The Attorney General shall identify and locate, without requiring any application for payment and using records already in the possession of the United States Government, each eligible individual. The Attorney General should use funds and resources available to the Attorney General, including those described in subsection (c), to attempt to complete such identification and location within 12 months after the date of the enactment of this Act [Aug. 10, 1988]. Any eligible individual may notify the Attorney General that such individual is an eligible individual, and may provide documentation therefor. The Attorney General shall designate an officer or employee to whom such notification and documentation may be sent, shall maintain a list of all individuals who submit such notification and documentation, and shall, subject to the availability of funds appropriated for such purpose, encourage, through a public awareness campaign, each eligible individual to submit his or her current address to such officer or employee. To the extent that resources referred to in the second sentence of this paragraph are not sufficient to complete the identification and location of all eligible individuals, there are authorized to be appropriated such sums as may be necessary for such purpose. In any case, the identification and location of all eligible individuals shall be completed within 12 months after the appropriation of funds under the preceding sentence. Failure to be identified and located by the end of the 12-month period specified in the preceding sentence shall not preclude an eligible individual from receiving payment under this section.

(3) Benefit of the doubt

When, after consideration of all evidence and relevant material for determining whether an individual is an eligible individual, there is an approximate balance of positive and negative evidence regarding the merits of an issue material to the determination of eligibility, the benefit of the doubt in resolving each such issue shall be given to such individual.

(4) Notice from the Attorney General

The Attorney General shall, when funds are appropriated to the Fund for payments to an eligible individual under this section, notify that eligible individual in writing of his or her eligibility for payment under this section. Such notice shall inform the eligible individual that—

(A) acceptance of payment under this section shall be in full satisfaction of all claims against the United States arising out of acts described in section 108(2)(B) [section 1989b–7(2)(B) of this Appendix], and

(B) each eligible individual who does not refuse, in the manner described in paragraph (5), to accept payment under this section within 18 months after receiving such written notice shall be deemed to have accepted payment for purposes of paragraph (6).

(5) Effect of refusal to accept payment

If an eligible individual refuses, in a written document filed with the Attorney General, to accept any payment under this section, the amount of such payment shall remain in the Fund and no payment may be made under this section to such individual at any time after such refusal.

(6) Payment in full settlement of claims against the United States

The acceptance of payment by an eligible individual under this section shall be in full satisfaction of all claims against the United States arising out of acts described in section 108(2)(B) [section 1989b–7(2)(B) of this Appendix]. This paragraph shall apply to any eligible individual who does not refuse, in the manner described in paragraph (5), to accept payment under this section within 18 months after receiving the notification from the Attorney General referred to in paragraph (4).

(7) Exclusion of certain individuals

No payment may be made under this section to any individual who, after September 1, 1987, accepts payment pursuant to an award of a final judgment or a settlement on a claim against the United States for acts described in section 108(2)(B) [section 1989b–7(2)(B) of this Appendix], or to any surviving spouse, child, or parent of such individual to whom paragraph (8) applies.

(8) Payments in the case of deceased persons

(A) In the case of an eligible individual who is deceased at the time of payment under this section, such payment shall be made only as follows:

(i) If the eligible individual is survived by a spouse who is living at the time of payment, such payment shall be made to such surviving spouse.

(ii) If there is no surviving spouse described in clause (i), such payment shall be made in equal shares to all children of the eligible individual who are living at the time of payment.

(iii) If there is no surviving spouse described in clause (i) and if there are no children described in clause (ii), such payment shall be made in equal shares to the parents of the eligible individual who are living at the time of payment.

If there is no surviving spouse, children, or parents described in clauses (i), (ii), and (iii), the amount of such payment shall remain in the Fund, and may be used only for the purposes set forth in section 106(b) [section 1989b–5(b) of this Appendix].

(B) After the death of an eligible individual, this subsection and subsections (c) and (f) shall apply to the individual or individuals specified in subparagraph (A) to whom payment under this section will be made, to the same extent as such subsections apply to the eligible individual.

(C) For purposes of this paragraph—

(i) the “spouse” of an eligible individual means a wife or husband of an eligible individual who was married to that eligible individual for at least 1 year immediately before the death of the eligible individual;

(ii) a “child” of an eligible individual includes a recognized natural child, a stepchild who lived with the eligible individual in a regular parent-child relationship, and an adopted child; and

(iii) a “parent” of an eligible individual includes fathers and mothers through adoption.

(b) Order of payments

The Attorney General shall endeavor to make payments under this section to eligible individuals in the order of date of birth (with the oldest individual on the date of the enactment of this Act [Aug. 10, 1988] (or, if applicable, that individual's survivors under paragraph (8)) receiving full payment first), until all eligible individuals have received payment in full.

(c) Resources for locating eligible individuals

In attempting to locate any eligible individual, the Attorney General may use any facility or resource of any public or nonprofit organization or any other record, document, or information that may be made available to the Attorney General.

(d) Administrative costs not paid from the Fund

No costs incurred by the Attorney General in carrying out this section shall be paid from the Fund or set off against, or otherwise deducted from, any payment under this section to any eligible individual.

(e) Termination of duties of Attorney General

The duties of the Attorney General under this section shall cease 180 days after the Fund terminates.

(f) Clarification of treatment of payments under other laws

Amounts paid to an eligible individual under this section—

(1) shall be treated for purposes of the internal revenue laws of the United States as damages for human suffering; and

(2) shall not be included as income or resources for purposes of determining eligibility to receive benefits described in section 3803(c)(2)(C) of title 31, United States Code ¹ or available under any other law administered by the Secretary of Veterans Affairs, or for purposes of determining the amount of such benefits.

(g) Liability of United States limited to amount in Fund

(1) General rule

An eligible individual may be paid under this section only from amounts in the Fund.

(2) Coordination with other provisions

Nothing in this title [sections 1989b to 1989b–9 of this Appendix] shall authorize the payment to an eligible individual by the United States Government of any amount authorized by this section from any source other than the Fund.

(3) Order in which unpaid claims to be paid

If at any time the Fund has insufficient funds to pay all eligible individuals at such time, such eligible individuals shall, to the extent permitted under paragraph (1), be paid in full in the order specified in subsection (b).

(h) Judicial review

(1) Review by the Court of Federal Claims

A claimant may seek judicial review of a denial of compensation under this section solely in the United States Court of Federal Claims, which shall review the denial upon the administrative record and shall hold unlawful and set aside the denial if it is found to be arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law.

(2) Applicability

This subsection shall apply only to any claim filed in court on or after the date of the enactment of this subsection [Sept. 27, 1992].

be necessary to carry out its functions. Officers and employees of any other department or agency of the Government may, with the consent of the head of such department or agency, be assigned to assist the Commission in carrying out its functions. The Commission may, with the consent of the head of any other department or agency of the Government, utilize the facilities and services of such department or agency in carrying out the functions of the Commission.

(b) Rules and regulations; delegation of functions; time limit on filing of claims

The Commission may prescribe such rules and regulations as may be necessary to enable it to carry out its functions, and may delegate functions to any member, officer, or employee of the Commission. The Commission shall give public notice of the time when, and the limit of time within which, claims may be filed, which notice shall be published in the Federal Register. The limit of time within which claims may be filed with the Commission shall in no event be later than March 31, 1952. The Commission shall take immediate action to advise all persons entitled to file claims under the provisions of this title [sections 2001 to 2016 of this Appendix] administered by the Commission of their rights under such provisions, and to assist them in the preparation and filing of their claims.

(c) Subpenas; issuance; contempt; witness fees; administration of oaths

(1) For the purpose of any hearing, examination, or investigation under this title [sections 2001 to 2016 of this Appendix], the Commission and those employees designated by the Commission shall have the power to issue subpenas requiring persons to appear and testify or to appear and produce documents, or both, at any designated place where such hearing, examination, or investigation is being held. The Commission or any employee so designated shall, upon application of a claimant, issue to such claimant subpenas requiring the attendance and testimony of witnesses or the production of documents, or both, required by such claimant in hearings upon his claim: *Provided*, That the claimant making such application pay the witness fees and mileage of any witness or witnesses subpoenaed upon his request. The production of a person's documents at any place other than his place of business shall not be required, however, in any case in which, prior to the return date specified in the subpoena with respect thereto, such person either has furnished the issuer of the subpoena with a copy of such documents (certified by such person under oath to be a true and correct copy) or has entered into a stipulation with the issuer of the subpoena as to the information contained in such documents.

(2) The Commission may, in case of a failure or refusal on the part of any person to comply with any such subpoena, invoke the aid of any United States district court within the jurisdiction of which the hearing, examination, or investigation is being conducted, or such person resides or transacts business. Such court may issue an order requiring such person to appear at the designated place of hearing, examination, or investigation, there to give or produce testimony or documentary evidence concerning the matter in question. Any failure to obey such order of the court shall be punishable by such court as a contempt thereof. All process in any such case may be served in the judicial district wherein such person resides or transacts business or wherever such person may be found.

§2062. Declaration of policy

(a) Findings

Congress finds that—

(1) the security of the United States is dependent on the ability of the domestic industrial base to supply materials and services for the national defense and to prepare for and respond to military conflicts, natural or man-caused disasters, or acts of terrorism within the United States;

(2) to ensure the vitality of the domestic industrial base, actions are needed—

- (A) to promote industrial resources preparedness in the event of domestic or foreign threats to the security of the United States;
- (B) to support continuing improvements in industrial efficiency and responsiveness;
- (C) to provide for the protection and restoration of domestic critical infrastructure operations under emergency conditions; and
- (D) to respond to actions taken outside of the United States that could result in reduced supplies of strategic and critical materials, including energy, necessary for national defense and the general economic well-being of the United States;

(3) in order to provide for the national security, the national defense preparedness effort of the United States Government requires—

- (A) preparedness programs to respond to both domestic emergencies and international threats to national defense;
- (B) measures to improve the domestic industrial base for national defense;
- (C) the development of domestic productive capacity to meet—
 - (i) essential national defense needs that can result from emergency conditions; and
 - (ii) unique technological requirements; and

(D) the diversion of certain materials and facilities from ordinary use to national defense purposes, when national defense needs cannot otherwise be satisfied in a timely fashion;

(4) to meet the requirements referred to in this subsection, this Act [sections 2061 to 2170, 2171, and 2172 of this Appendix] provides the President with an array of authorities to shape national defense preparedness programs and to take appropriate steps to maintain and enhance the domestic industrial base;

(5) in order to ensure national defense preparedness, it is necessary and appropriate to assure the availability of domestic energy supplies for national defense needs;

(6) to further assure the adequate maintenance of the domestic industrial base, to the maximum extent possible, domestic energy supplies should be augmented through reliance on renewable energy sources (including solar, geothermal, wind, and biomass sources), more efficient energy storage and distribution technologies, and energy conservation measures;

(7) much of the industrial capacity that is relied upon by the United States Government for military production and other national defense purposes is deeply and directly influenced by—

- (A) the overall competitiveness of the industrial economy of the United States; and
- (B) the ability of industries in the United States, in general, to produce internationally competitive products and operate profitably while maintaining adequate research and development to preserve competitiveness with respect to military and civilian production; and

(8) the inability of industries in the United States, especially smaller subcontractors and suppliers, to provide vital parts and components and other materials would impair the ability to sustain the Armed Forces of the United States in combat for longer than a short period.

(b) Statement of policy

It is the policy of the United States that—

(1) to ensure the adequacy of productive capacity and supply, Federal departments and agencies that are responsible for national defense acquisition should continuously assess the capability of the domestic industrial base to satisfy production requirements under both peacetime and emergency conditions, specifically evaluating the availability of adequate production sources, including subcontractors and suppliers, materials, skilled labor, and professional and technical personnel;

(2) every effort should be made to foster cooperation between the defense and commercial sectors for research and development and for acquisition of materials, components, and equipment;

(3) plans and programs to carry out the purposes of this Act [sections 2061 to 2170, 2171, and

2172 of this Appendix] should be undertaken with due consideration for promoting efficiency and competition;

(4) in providing United States Government financial assistance under this Act [sections 2061 to 2170, 2171, and 2172 of this Appendix] to correct a domestic industrial base shortfall, the President should give consideration to the creation or maintenance of production sources that will remain economically viable after such assistance has ended;

(5) authorities under this Act [sections 2061 to 2170, 2171, and 2172 of this Appendix] should be used to reduce the vulnerability of the United States to terrorist attacks, and to minimize the damage and assist in the recovery from terrorist attacks that occur in the United States;

(6) in order to ensure productive capacity in the event of an attack on the United States, the United States Government should encourage the geographic dispersal of industrial facilities in the United States to discourage the concentration of such productive facilities within limited geographic areas that are vulnerable to attack by an enemy of the United States;

(7) to ensure that essential national defense requirements are met, consideration should be given to stockpiling strategic materials, to the extent that such stockpiling is economical and feasible; and

(8) in the construction of any industrial facility owned by the United States Government, in the rendition of any financial assistance by the United States Government for the construction, expansion, or improvement of any industrial facility, and in the production of goods and services, under this Act [sections 2061 to 2170, 2171, and 2172 of this Appendix] or any other provision of law, each department and agency of the United States Government should apply, under the coordination of the Federal Emergency Management Agency, when practicable and consistent with existing law and the desirability for maintaining a sound economy, the principle of geographic dispersal of such facilities in the interest of national defense.

§2091. Presidential authorization for the national defense

(a) Expediting production and deliveries or services

(1) Authorized activities

To reduce current or projected shortfalls of industrial resources, critical technology items, or essential materials needed for national defense purposes, subject to such regulations as the President may prescribe, the President may authorize a guaranteeing agency to provide guarantees of loans by private institutions for the purpose of financing any contractor, subcontractor, provider of critical infrastructure, or other person in support of production capabilities or supplies that are deemed by the guaranteeing agency to be necessary to create, maintain, expedite, expand, protect, or restore production and deliveries or services essential to the national defense.

(2) Presidential determinations required

Except during a period of national emergency declared by Congress or the President, a loan guarantee may be entered into under this section only if the President determines that—

(A) the loan guarantee is for an activity that supports the production or supply of an industrial resource, critical technology item, or material that is essential for national defense purposes;

(B) without a loan guarantee, credit is not available to the loan applicant under reasonable terms or conditions sufficient to finance the activity;

(C) the loan guarantee is the most cost effective, expedient, and practical alternative for meeting the needs of the Federal Government;

(D) the prospective earning power of the loan applicant and the character and value of the security pledged provide a reasonable assurance of repayment of the loan to be guaranteed;

(E) the loan to be guaranteed bears interest at a rate determined by the Secretary of the Treasury to be reasonable, taking into account the then-current average yield on outstanding obligations of the United States with remaining periods of maturity comparable to the maturity of the loan;

(F) the loan agreement for the loan to be guaranteed provides that no provision of the loan agreement may be amended or waived without the consent of the fiscal agent of the United States for the guarantee; and

(G) the loan applicant has provided or will provide—

(i) an assurance of repayment, as determined by the President; and

(ii) security—

(I) in the form of a performance bond, insurance, collateral, or other means acceptable to the fiscal agent of the United States; and

(II) in an amount equal to not less than 20 percent of the amount of the loan.

(3) Limitations on loans

Loans under this section may be—

(A) made or guaranteed under the authority of this section only to the extent that an appropriations Act—

(i) provides, in advance, budget authority for the cost of such guarantees, as defined in section 502 of the Federal Credit Reform Act of 1990 (2 U.S.C. 661a); and

(ii) establishes a limitation on the total loan principal that may be guaranteed; and

(B) made without regard to the limitations of existing law, other than section 1341 of title 31, United States Code.

(b) Fiscal agents of the United States

(1) In general

Any Federal agency or any Federal reserve bank, when designated by the President, is hereby authorized to act, on behalf of any guaranteeing agency, as fiscal agent of the United States in the making of such contracts of guarantee and in otherwise carrying out the purposes of this section.

(2) Funds

All such funds as may be necessary to enable any fiscal agent described in paragraph (1) to carry out any guarantee made by it on behalf of any guaranteeing agency shall be supplied and disbursed by or under authority from such guaranteeing agency.

(3) Limit on liability

No fiscal agent described in paragraph (1) shall have any responsibility or accountability, except as agent in taking any action pursuant to or under authority of this section.

(4) Reimbursements

Each fiscal agent described in paragraph (1) shall be reimbursed by each guaranteeing agency for all expenses and losses incurred by such fiscal agent in acting as agent on behalf of such guaranteeing agency, including, notwithstanding any other provision of law, attorneys' fees and expenses of litigation.

(c) Oversight

(1) In general

All actions and operations of fiscal agents under authority of or pursuant to this section shall be subject to the supervision of the President, and to such regulations as the President may prescribe.

(2) Other authority

The President is authorized to prescribe—

(A) either specifically or by maximum limits or otherwise, rates of interest, guarantee and commitment fees, and other charges which may be made in connection with loans, discounts, advances, or commitments guaranteed by the guaranteeing agencies through fiscal agents under this section; and

(B) regulations governing the forms and procedures (which shall be uniform to the extent practicable) to be utilized in connection with such guarantees.

(d) Aggregate guarantee amounts

(1) Industrial resource and critical technology shortfalls

(A) In general

If the making of any guarantee or obligation of the Federal Government under this title [sections 2091 to 2094 of this Appendix] relating to a domestic industrial base shortfall would cause the aggregate outstanding amount of all guarantees for such shortfall to exceed \$50,000,000, any such guarantee may be made only—

(i) if the President has notified the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives in writing of the proposed guarantee; and

(ii) after the 30-day period following the date on which notice under clause (i) is provided.

(B) Waivers authorized

The requirements of subparagraph (A) may be waived—

- (i) during a period of national emergency declared by Congress or the President; or
- (ii) upon a determination by the President, on a nondelegable basis, that a specific guarantee is necessary to avert an industrial resource or critical technology item shortfall that would severely impair national defense capability.

(2) Other limitations

The authority conferred by this section shall not be used primarily to prevent the financial insolvency or bankruptcy of any person, unless—

(A) the President certifies that the insolvency or bankruptcy would have a direct and substantially adverse effect upon national defense production; and

(B) a copy of the certification under subparagraph (A), together with a detailed justification thereof, is transmitted to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives not later than 10 days prior to the exercise of that authority for such use.

§2092. Loans to private business enterprises

(a) Loan authority

To reduce current or projected shortfalls of industrial resources, critical technology items, or materials essential for the national defense, the President may make provision for loans to private business enterprises (including nonprofit research corporations and providers of critical infrastructure) for the creation, maintenance, expansion, protection, or restoration of capacity, the development of technological processes, or the production of essential materials, including the exploration, development, and mining of strategic and critical metals and minerals.

(b) Conditions of loans

Loans may be made under this section on such terms and conditions as the President deems necessary, except that—

- (1) financial assistance may be extended only to the extent that it is not otherwise available

from private sources on reasonable terms; and

(2) during periods of national emergency declared by the Congress or the President, no such loan may be made unless the President determines that—

(A) the loan is for an activity that supports the production or supply of an industrial resource, critical technology item, or material that is essential to the national defense;

(B) without the loan, United States industry cannot reasonably be expected to provide the needed capacity, technological processes, or materials in a timely manner;

(C) the loan is the most cost-effective, expedient, and practical alternative method for meeting the need;

(D) the prospective earning power of the loan applicant and the character and value of the security pledged provide a reasonable assurance of repayment of the loan in accordance with the terms of the loan, as determined by the President; and

(E) the loan bears interest at a rate determined by the Secretary of the Treasury to be reasonable, taking into account the then-current average yield on outstanding obligations of the United States with remaining periods of maturity comparable to the maturity of the loan.

(c) Limitations on loans

Loans under this section may be—

(1) made or guaranteed under the authority of this section only to the extent that an appropriations Act—

(A) provides, in advance, budget authority for the cost of such guarantees, as defined in section 502 of the Federal Credit Reform Act of 1990 (2 U.S.C. 661a); and

(B) establishes a limitation on the total loan principal that may be guaranteed; and

(2) made without regard to the limitations of existing law, other than section 1341 of title 31, United States Code.

(d) Aggregate loan amounts

(1) In general

If the making of any loan under this section to correct a shortfall would cause the aggregate outstanding amount of all obligations of the Federal Government under this title [sections 2091 to 2094 of this Appendix] relating to such shortfall to exceed \$50,000,000, such loan may be made only—

(A) if the President has notified the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives, in writing, of the proposed loan; and

(B) after the 30-day period following the date on which notice under subparagraph (A) is provided.

§2093. Other presidential action authorized

(a) In general

(1) In general

To create, maintain, protect, expand, or restore domestic industrial base capabilities essential for the national defense, the President may make provision—

(A) for purchases of or commitments to purchase an industrial resource or a critical technology item, for Government use or resale;

(B) for the encouragement of exploration, development, and mining of critical and strategic materials, and other materials;

(C) for the development of production capabilities; and

(D) for the increased use of emerging technologies in security program applications and the rapid transition of emerging technologies—

(i) from Government-sponsored research and development to commercial applications; and

(ii) from commercial research and development to national defense applications.

(2) Treatment of certain agricultural commodities

A purchase for resale under this subsection shall not include that part of the supply of an agricultural commodity which is domestically produced, except to the extent that such domestically produced supply may be purchased for resale for industrial use or stockpiling.

(3) Terms of sales

No commodity purchased under this subsection shall be sold at less than—

(A) the established ceiling price for such commodity, except that minerals, metals, and materials shall not be sold at less than the established ceiling price, or the current domestic market price, whichever is lower; or

(B) if no ceiling price has been established, the higher of—

(i) the current domestic market price for such commodity; or

(ii) the minimum sale price established for agricultural commodities owned or controlled by the Commodity Credit Corporation, as provided in section 407 of the Agricultural Act of 1949 (7 U.S.C. 1427).

(4) Delivery dates

No purchase or commitment to purchase any imported agricultural commodity shall specify a delivery date which is more than 1 year after the date of termination of this section.

(5) Presidential determinations

Except as provided in paragraph (7), the President may not execute a contract under this subsection unless the President determines that—

(A) the industrial resource, material, or critical technology item is essential to the national defense; and

(B) without Presidential action under this section, United States industry cannot reasonably be expected to provide the capability for the needed industrial resource, material, or critical technology item in a timely manner.

(6) Notification to Congress of shortfall

(A) In general

Except as provided in paragraph (7), the President shall provide written notice to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives of a domestic industrial base shortfall prior to taking action under this subsection to remedy the shortfall. The notice shall include the determinations made by the President under paragraph (5).

(B) Aggregate amounts

If the taking of any action under this subsection to correct a domestic industrial base shortfall would cause the aggregate outstanding amount of all such actions for such shortfall to exceed \$50,000,000, the action or actions may be taken only after the 30-day period following the date on which the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives have been notified in writing of the proposed action.

(7) Waivers authorized

The requirements of paragraphs (1) through (6) may be waived—

(A) during a period of national emergency declared by the Congress or the President; or

(B) upon a determination by the President, on a nondelegable basis, that action is necessary to avert an industrial resource or critical technology item shortfall that would severely impair national defense capability.

(b) Exemption for certain limitations

Subject to the limitations in subsection (a), purchases and commitments to purchase and sales under subsection (a) may be made without regard to the limitations of existing law (other than section 1341 of title 31, United States Code), for such quantities, and on such terms and conditions, including advance payments, and for such periods, but not extending beyond a date that is not more than 10 years from the date on which such purchase, purchase commitment, or sale was initially made, as the President deems necessary, except that purchases or commitments to purchase involving higher than established ceiling prices (or if no such established ceiling prices exist, currently prevailing market prices) or anticipated loss on resale shall not be made, unless it is determined that supply of the materials could not be effectively increased at lower prices or on terms more favorable to the Government, or that such purchases are necessary to assure the availability to the United States of overseas supplies.

(c) Presidential findings

(1) In general

The President may take the actions described in paragraph (2), if the President finds that—

(A) under generally fair and equitable ceiling prices, for any raw or nonprocessed material, there will result a decrease in supplies from high-cost sources of such material, and that the continuation of such supplies is necessary to carry out the objectives of this title [sections 2091 to 2094 of this Appendix]; or

(B) an increase in cost of transportation is temporary in character and threatens to impair maximum production or supply in any area at stable prices of any materials.

(2) Subsidy payments authorized

Upon a finding under paragraph (1), the President may make provision for subsidy payments on any such domestically produced material, other than an agricultural commodity, in such amounts

and in such manner (including purchases of such material and its resale at a loss), and on such terms and conditions, as the President determines to be necessary to ensure that supplies from such high-cost sources are continued, or that maximum production or supply in such area at stable prices of such materials is maintained, as the case may be.

(d) Incidental authority

The procurement power granted to the President by this section shall include the power to transport and store and have processed and refined any materials procured under this section.

(e) Installation of equipment in industrial facilities

(1) Installation authorized

If the President determines that such action will aid the national defense, the President is authorized—

(A) to procure and install additional equipment, facilities, processes or improvements to plants, factories, and other industrial facilities owned by the Federal Government;

(B) to procure and install equipment owned by the Federal Government in plants, factories, and other industrial facilities owned by private persons;

(C) to provide for the modification or expansion of privately owned facilities, including the modification or improvement of production processes, when taking actions under section 301 [section 2091 of this Appendix], 302 [section 2092 of this Appendix], or this section; and

(D) to sell or otherwise transfer equipment owned by the Federal Government and installed under this subsection to the owners of such plants, factories, or other industrial facilities.

(2) Indemnification

The owner of any plant, factory, or other industrial facility that receives equipment owned by the Federal Government under this section shall agree—

(A) to waive any claim against the United States under section 107 or 113 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9607 and 9613); and

(B) to indemnify the United States against any claim described in paragraph (1) made by a third party that arises out of the presence or use of equipment owned by the Federal Government.

(f) Excess metals, minerals, and materials

(1) In general

Notwithstanding any other provision of law to the contrary, metals, minerals, and materials acquired pursuant to this section which, in the judgment of the President, are excess to the needs of programs under this Act [sections 2061 to 2170, 2171, and 2172 of this Appendix], shall be transferred to the National Defense Stockpile established by the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 et seq.), when the President deems such action to be in the public interest.

(2) Transfers at no charge

Transfers made pursuant to this subsection shall be made without charge against or reimbursement from funds appropriated for the purposes of the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 et seq.), except that costs incident to such transfer, other than acquisition costs, shall be paid or reimbursed from such funds.

(g) Substitutes

When, in the judgement of the President, it will aid the national defense, the President may make provision for the development of substitutes for strategic and critical materials, critical components, critical technology items, and other industrial resources.

(Sept. 8, 1950, ch. 932, title III, §303, as added Pub. L. 111–67, §7, Sept. 30, 2009, 123 Stat. 2013.)

Subject to subparagraph (F), the President or the Committee may initiate a review under subparagraph (A) of—

(b) Prior to the Committee or a department or agency proposing risk mitigation measures to the parties to a transaction, the department or agency seeking to propose any such measure shall prepare and provide to the Committee a written statement that: (1) identifies the national security risk posed by the transaction based on factors including the threat (taking into account the Director of National Intelligence's threat analysis), vulnerabilities, and potential consequences; and (2) sets forth the risk mitigation measures the department or

agency believes are reasonably necessary to address the risk. If the Committee agrees that mitigation is appropriate and approves the risk mitigation measures, the lead agency shall seek to negotiate such measures with the parties to the transaction.

(c) A risk mitigation measure shall not, except in extraordinary circumstances, require that a party to a transaction recognize, state its intent to comply with, or consent to the exercise of any authorities under existing provisions of law.

(d) The lead agency designated for the purpose of monitoring a risk mitigation measure shall seek to ensure that adequate resources are available for such monitoring. When designating a lead agency for those purposes, the Secretary of the Treasury shall consider the agency's views on the adequacy of its resources for such purposes.

DEFENSE OFFSETS DISCLOSURE

Pub. L. 106–113, div. B, §1000(a)(7) [div. B, title XII, subtitle D], Nov. 29, 1999, 113 Stat. 1536, 1501A–500, provided that:

“SEC. 1241. SHORT TITLE.

“This subtitle may be cited as the ‘Defense Offsets Disclosure Act of 1999’.

“SEC. 1242. FINDINGS AND DECLARATION OF POLICY.

“(a) **FINDINGS.**—Congress makes the following findings:

“(1) A fair business environment is necessary to advance international trade, economic stability, and development worldwide, is beneficial for American workers and businesses, and is in the United States national interest.

“(2) In some cases, mandated offset requirements can cause economic distortions in international defense trade and undermine fairness and competitiveness, and may cause particular harm to small- and medium-sized businesses.

“(3) The use of offsets may lead to increasing dependence on foreign suppliers for the production of United States weapons systems.

“(4) The offset demands required by some purchasing countries, including some close allies of the United States, equal or exceed the value of the base contract they are intended to offset, mitigating much of the potential economic benefit of the exports.

“(5) Offset demands often unduly distort the prices of defense contracts.

“(6) In some cases, United States contractors are required to provide indirect offsets which can negatively impact nondefense industrial sectors.

“(7) Unilateral efforts by the United States to prohibit offsets may be impractical in the current era of globalization and would severely hinder the competitiveness of the United States defense industry in the global market.

“(8) The development of global standards to manage and restrict demands for offsets would enhance United States efforts to mitigate the negative impact of offsets.

“(b) **DECLARATION OF POLICY.**—It is the policy of the United States to monitor the use of offsets in international defense trade, to promote fairness in such trade, and to ensure that foreign participation in the production of United States weapons systems does not harm the economy of the United States.

“SEC. 1244. SENSE OF CONGRESS.

“It is the sense of Congress that—

“(1) the executive branch should pursue efforts to address trade fairness by establishing reasonable, business-friendly standards for the use of offsets in international business transactions between the United States and its trading partners and competitors;

“(2) the Secretary of Defense, the Secretary of State, the Secretary of Commerce, and the United States Trade Representative, or their designees, should raise with other industrialized nations at every suitable venue the need for transparency and reasonable standards to govern the role of offsets in international defense trade;

“(3) the United States Government should enter into discussions regarding the establishment of multilateral standards for the use of offsets in international defense trade through the appropriate multilateral fora, including such organizations as the Transatlantic Economic Partnership, the Wassenaar Arrangement, the G–8, and the World Trade Organization; and

DOMESTIC MINERALS PROGRAM EXTENSION

ACT AUG. 7, 1953, CH. 339, 67 STAT. 417

Sec.

§2181. Congressional declaration of policy

It is recognized that the continued dependence on overseas sources of supply for strategic or critical minerals and metals during periods of threatening world conflict or of political instability within those nations controlling the sources of supply of such materials gravely endangers the present and future economy and security of the United States. It is therefore declared to be the policy of the Congress that each department and agency of the Federal Government charged with responsibilities concerning the discovery, development, production, and acquisition of strategic or critical minerals and metals shall undertake to decrease further and to eliminate where possible the dependency of the United States on overseas sources of supply of each such material.

§2401. Congressional findings

The Congress makes the following findings:

(1) The ability of United States citizens to engage in international commerce is a fundamental concern of United States policy.

(2) Exports contribute significantly to the economic well-being of the United States and the stability of the world economy by increasing employment and production in the United States, and by earning foreign exchange, thereby contributing favorably to the trade balance. The restriction of exports from the United States can have serious adverse effects on the balance of payments and on domestic employment, particularly when restrictions applied by the United States are more extensive than those imposed by other countries.

(3) It is important for the national interest of the United States that both the private sector and the Federal Government place a high priority on exports, consistent with the economic, security, and foreign policy objectives of the United States.

(4) The availability of certain materials at home and abroad varies so that the quantity and composition of United States exports and their distribution among importing countries may affect the welfare of the domestic economy and may have an important bearing upon fulfillment of the foreign policy of the United States.

(5) Exports of goods or technology without regard to whether they make a significant contribution to the military potential of individual countries or combinations of countries may adversely affect the national security of the United States.

(6) Uncertainty of export control policy can inhibit the efforts of United States business and work to the detriment of the overall attempt to improve the trade balance of the United States.

(7) Unreasonable restrictions on access to world supplies can cause worldwide political and economic instability, interfere with free international trade, and retard the growth and development of nations.

(8) It is important that the administration of export controls imposed for national security purposes give special emphasis to the need to control exports of technology (and goods which contribute significantly to the transfer of such technology) which could make a significant contribution to the military potential of any country or combination of countries which would be detrimental to the national security of the United States.

(9) Minimization of restrictions on exports of agricultural commodities and products is of critical importance to the maintenance of a sound agricultural sector, to a positive contribution to the balance of payments, to reducing the level of Federal expenditures for agricultural support

programs, and to United States cooperation in efforts to eliminate malnutrition and world hunger.

(10) It is important that the administration of export controls imposed for foreign policy purposes give special emphasis to the need to control exports of goods and substances hazardous to the public health and the environment which are banned or severely restricted for use in the United States, and which, if exported, could affect the international reputation of the United States as a responsible trading partner.

(11) Availability to controlled countries of goods and technology from foreign sources is a fundamental concern of the United States and should be eliminated through negotiations and other appropriate means whenever possible.

(12) Excessive dependence of the United States, its allies, or countries sharing common strategic objectives with the United States, on energy and other critical resources from potential adversaries can be harmful to the mutual and individual security of all those countries.

§2402. Congressional declaration of policy

The Congress makes the following declarations:

(1) It is the policy of the United States to minimize uncertainties in export control policy and to encourage trade with all countries with which the United States has diplomatic or trading relations, except those countries with which such trade has been determined by the President to be against the national interest.

(2) It is the policy of the United States to use export controls only after full consideration of the impact on the economy of the United States and only to the extent necessary—

(A) to restrict the export of goods and technology which would make a significant contribution to the military potential of any other country or combination of countries which would prove detrimental to the national security of the United States;

(B) to restrict the export of goods and technology where necessary to further significantly the foreign policy of the United States or to fulfill its declared international obligations; and

(C) to restrict the export of goods where necessary to protect the domestic economy from the excessive drain of scarce materials and to reduce the serious inflationary impact of foreign demand.

(3) It is the policy of the United States (A) to apply any necessary controls to the maximum extent possible in cooperation with all nations, and (B) to encourage observance of a uniform export control policy by all nations with which the United States has defense treaty commitments or common strategic objectives.

(4) It is the policy of the United States to use its economic resources and trade potential to further the sound growth and stability of its economy as well as to further its national security and foreign policy objectives.

(5) It is the policy of the United States—

(A) to oppose restrictive trade practices or boycotts fostered or imposed by foreign countries against other countries friendly to the United States or against any United States person;

(B) to encourage and, in specified cases, require United States persons engaged in the export of goods or technology or other information to refuse to take actions, including furnishing information or entering into or implementing agreements, which have the effect of furthering or supporting the restrictive trade practices or boycotts fostered or imposed by any foreign country against a country friendly to the United States or against any United States person; and

(C) to foster international cooperation and the development of international rules and institutions to assure reasonable access to world supplies.

(6) It is the policy of the United States that the desirability of subjecting, or continuing to subject, particular goods or technology or other information to United States export controls should be subjected to review by and consultation with representatives of appropriate United States Government agencies and private industry.

(7) It is the policy of the United States to use export controls, including license fees, to secure the removal by foreign countries of restrictions on access to supplies where such restrictions have or may have a serious domestic inflationary impact, have caused or may cause a serious domestic shortage, or have been imposed for purposes of influencing the foreign policy of the United States. In effecting this policy, the President shall make reasonable and prompt efforts to secure the removal or reduction of such restrictions, policies, or actions through international cooperation and agreement before imposing export controls. No action taken in fulfillment of the policy set forth in this paragraph shall apply to the export of medicine or medical supplies.

(8) It is the policy of the United States to use export controls to encourage other countries to take immediate steps to prevent the use of their territories or resources to aid, encourage, or give sanctuary to those persons involved in directing, supporting, or participating in acts of international terrorism. To achieve this objective, the President shall make reasonable and prompt efforts to secure the removal or reduction of such assistance to international terrorists through international cooperation and agreement before imposing export controls.

(9) It is the policy of the United States to cooperate with other countries with which the United States has defense treaty commitments or common strategic objectives in restricting the export of goods and technology which would make a significant contribution to the military potential of any country or combination of countries which would prove detrimental to the security of the United States and of those countries with which the United States has defense treaty commitments or common strategic objectives, and to encourage other friendly countries to cooperate in restricting the sale of goods and technology that can harm the security of the United States.

(10) It is the policy of the United States that export trade by United States citizens be given a high priority and not be controlled except when such controls (A) are necessary to further fundamental national security, foreign policy, or short supply objectives, (B) will clearly further such objectives, and (C) are administered consistent with basic standards of due process.

(11) It is the policy of the United States to minimize restrictions on the export of agricultural commodities and products.

(12) It is the policy of the United States to sustain vigorous scientific enterprise. To do so involves sustaining the ability of scientists and other scholars freely to communicate research findings, in accordance with applicable provisions of law, by means of publication, teaching, conferences, and other forms of scholarly exchange.

(13) It is the policy of the United States to control the export of goods and substances banned or severely restricted for use in the United States in order to foster public health and safety and to prevent injury to the foreign policy of the United States as well as to the credibility of the United States as a responsible trading partner.

(14) It is the policy of the United States to cooperate with countries which are allies of the United States and countries which share common strategic objectives with the United States in minimizing dependence on imports of energy and other critical resources from potential adversaries and in developing alternative supplies of such resources in order to minimize strategic threats posed by excessive hard currency earnings derived from such resource exports by countries with policies adverse to the security interests of the United States.

§2403. General provisions

(a) Types of licenses

Under such conditions as may be imposed by the Secretary which are consistent with the provisions of this Act [sections 2401 to 2420 of this Appendix], the Secretary may require any of the following types of export licenses:

(1) A validated license, authorizing a specific export, issued pursuant to an application by the exporter.

(2) Validated licenses authorizing multiple exports, issued pursuant to an application by the exporter, in lieu of an individual validated license for each such export, including, but not limited

to, the following:

(A) A distribution license, authorizing exports of goods to approved distributors or users of the goods in countries other than controlled countries, except that the Secretary may establish a type of distribution license appropriate for consignees in the People's Republic of China. The Secretary shall grant the distribution license primarily on the basis of the reliability of the applicant and foreign consignees with respect to the prevention of diversion of goods to controlled countries. The Secretary shall have the responsibility of determining, with the assistance of all appropriate agencies, the reliability of applicants and their immediate consignees. The Secretary's determination shall be based on appropriate investigations of each applicant and periodic reviews of licensees and their compliance with the terms of licenses issued under this Act [sections 2401 to 2420 of this Appendix]. Factors such as the applicant's products or volume of business, or the consignees' geographic location, sales distribution area, or degree of foreign ownership, which may be relevant with respect to individual cases, shall not be determinative in creating categories or general criteria for the denial of applications or withdrawal of a distribution license.

(B) A comprehensive operations license, authorizing exports and reexports of technology and related goods, including items from the list of militarily critical technologies developed pursuant to section 5(d) of this Act [section 2404(d) of this Appendix] which are included on the control list in accordance with that section, from a domestic concern to and among its foreign subsidiaries, affiliates, joint venturers, and licensees that have long-term, contractually defined relations with the exporter, are located in countries other than controlled countries (except the People's Republic of China), and are approved by the Secretary. The Secretary shall grant the license to manufacturing, laboratory, or related operations on the basis of approval of the exporter's systems of control, including internal proprietary controls, applicable to the technology and related goods to be exported rather than approval of individual export transactions. The Secretary and the Commissioner of Customs, consistent with their authorities under section 12(a) of this Act [section 2411(a) of this Appendix] and with the assistance of all appropriate agencies, shall periodically, but not less frequently than annually, perform audits of licensing procedures under this subparagraph in order to assure the integrity and effectiveness of those procedures.

(C) A project license, authorizing exports of goods or technology for a specified activity.

(D) A service supply license, authorizing exports of spare or replacement parts for goods previously exported.

(3) A general license, authorizing exports, without application by the exporter.

(4) Such other licenses as may assist in the effective and efficient implementation of this Act [sections 2401 to 2420 of this Appendix].

(b) Control list

The Secretary shall establish and maintain a list (hereinafter in this Act [sections 2401 to 2420 of this Appendix] referred to as the "control list") stating license requirements (other than for general licenses) for exports of goods and technology under this Act [sections 2401 to 2420 of this Appendix].

(c) Foreign availability

In accordance with the provisions of this Act [sections 2401 to 2420 of this Appendix], the President shall not impose export controls for foreign policy or national security purposes on the export from the United States of goods or technology which he determines are available without restriction from sources outside the United States in sufficient quantities and comparable in quality to those produced in the United States so as to render the controls ineffective in achieving their purposes, unless the President determines that adequate evidence has been presented to him demonstrating that the absence of such controls would prove detrimental to the foreign policy or national security of the United States. In complying with the provisions of this subsection, the President shall give strong emphasis to bilateral or multilateral negotiations to eliminate foreign

availability. The Secretary and the Secretary of Defense shall cooperate in gathering information relating to foreign availability, including the establishment and maintenance of a jointly operated computer system.

(d) Right of export

No authority or permission to export may be required under this Act [sections 2401 to 2420 of this Appendix], or under regulations issued under this Act [sections 2401 to 2420 of this Appendix], except to carry out the policies set forth in section 3 of this Act [section 2402 of this Appendix].

(e) Delegation of authority

The President may delegate the power, authority, and discretion conferred upon him by this Act [sections 2401 to 2420 of this Appendix] to such departments, agencies, or officials of the Government as he may consider appropriate, except that no authority under this Act [sections 2401 to 2420 of this Appendix] may be delegated to, or exercised by, any official of any department or agency the head of which is not appointed by the President, by and with the advice and consent of the Senate. The President may not delegate or transfer his power, authority, and discretion to overrule or modify any recommendation or decision made by the Secretary, the Secretary of Defense, or the Secretary of State pursuant to the provisions of this Act [sections 2401 to 2420 of this Appendix].

(f) Notification of public; consultation with business

The Secretary shall keep the public fully apprised of changes in export control policy and procedures instituted in conformity with this Act [sections 2401 to 2420 of this Appendix] with a view to encouraging trade. The Secretary shall meet regularly with representatives of a broad spectrum of enterprises, labor organizations, and citizens interested in or affected by export controls, in order to obtain their views on United States export control policy and the foreign availability of goods and technology.

(g) Fees

No fee may be charged in connection with the submission or processing of an export license application.

(b) The power, authority and discretion conferred upon the President in Section 3(8) of the Act [section 2402(8) of this Appendix], which directs that every reasonable effort be made to secure the removal or reduction of assistance by foreign countries to international terrorists through cooperation and agreement, are delegated to the Secretary of State, with the power of successive redelegation.

By the authority vested in me as President by the Constitution and the laws of the United States of America, including but not limited to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et. seq.*) (“the Act”), and in order to take additional steps with respect to the national emergency described and declared in Executive Order No. 12924 of August 19, 1994 [listed in a table under section 1701 of Title 50, War and

National Defense], and continued on August 15, 1995, I, WILLIAM J. CLINTON, President of the United States of America, find that it is necessary for the procedures set forth below to apply to export license applications submitted under the Act and the Export Administration Regulations (15 C.F.R. Part 730 *et. seq.*) (“the Regulations”) or under any renewal of, or successor to, the Export Administration Act of 1979, as amended (50 U.S.C. App. 2401 *et. seq.*) (“the Export Administration Act”), and the Regulations. Accordingly, it is hereby ordered as follows:

SECTION 1. *License Review.* To the extent permitted by law and consistent with Executive Order No. 12924 of August 19, 1994, the power, authority, and discretion conferred upon the Secretary of Commerce (“the Secretary”) under the Export Administration Act to require, review, and make final determinations with regard to export licenses, documentation, and other forms of information submitted to the Department of Commerce pursuant to the Act and the Regulations or under any renewal of, or successor to, the Export Administration Act and the Regulations, with the power of successive redelegation, shall continue. The Departments of State, Defense, and Energy each shall have the authority to review any export license application submitted to the Department of Commerce pursuant to the Act and the Regulations or under any renewal of, or successor to, the Export Administration Act and the Regulations. The Secretary may refer license applications to other United States Government departments or agencies for review as appropriate. In the event that a department or agency determines that certain types of applications need not be referred to it, such department or agency shall notify the Department of Commerce as to the specific types of such applications that it does not wish to review. All departments or agencies shall promptly respond, on a case-by-case basis, to requests from other departments or agencies for historical information relating to past license applications.

SEC. 2. *Determinations.* (a) All license applications submitted under the Act and the Regulations or any renewal of, or successor to, the Export Administration Act and the Regulations, shall be resolved or referred to the President no later than 90 calendar days after registration of the completed license application.

(b) The following actions related to processing a license application submitted under the Act and the Regulations or any renewal of, or successor to, the Export Administration Act and the Regulations shall not be counted in calculating the time periods prescribed in this order:

(1) *Agreement of the Applicant.* Delays upon which the Secretary and the applicant mutually agree.

(2) *Preliminary Checks.* Preliminary checks through government channels that may be required to establish the identity and reliability of the recipient of items controlled under the Act and the Regulations or any renewal of, or successor to, the Export Administration Act and the Regulations, provided that:

(A) the need for such preliminary check is established by the Secretary, or by another department or agency if the request for preliminary check is made by such department or agency;

(B) the Secretary requests the preliminary check within 5 days of the determination that it is necessary; and

(C) the Secretary completes the analysis of the result of the preliminary check within 5 days.

(3) *Requests for Government-To-Government Assurances.* Requests for government-to-government assurances of suitable end-use of items approved for export under the Act and the Regulations or any renewal of, or successor to, the Export Administration Act and the Regulations, when failure to obtain such assurances would result in rejection of the application, provided that:

(A) the request for such assurances is sent to the Secretary of State within 5 days of the determination that the assurances are required;

(B) the Secretary of State initiates the request of the relevant government within 10 days thereafter; and

(C) the license is issued within 5 days of the Secretary's receipt of the requested assurances. Whenever such preliminary checks and assurances are not requested within the time periods set forth above, they must be accomplished within the time periods established by this section.

(4) *Multilateral Reviews.* Multilateral review of a license application as provided for under the Act and the Regulations or any renewal of, or successor to, the Export Administration Act and the Regulations, as long as multilateral review is required by the relevant multilateral regime.

(5) *Consultations.* Consultation with other governments, if such consultation is provided for by a relevant multilateral regime or bilateral arrangement as a precondition for approving a license.

SEC. 3. *Initial Processing.* Within 9 days of registration of any license application, the Secretary shall, as appropriate:

(a) request additional information from the applicant. The time required for the applicant to supply the additional information shall not be counted in calculating the time periods prescribed in this section.

(b) refer the application and pertinent information to agencies or departments as stipulated in section 1 of this order, and forward to the agencies any relevant information submitted by the applicant that could not be reduced to electronic form.

(c) assure that the stated classification on the application is correct; return the application if a license is not

required; and, if referral to other departments or agencies is not required, grant the application or notify the applicant of the Secretary's intention to deny the application.

SEC. 4. *Department or Agency Review.* (a) Each reviewing department or agency shall specify to the Secretary, within 10 days of receipt of a referral as specified in subsection 3(b), any information not in the application that would be required to make a determination, and the Secretary shall promptly request such information from the applicant. If, after receipt of the information so specified or other new information, a reviewing department or agency concludes that additional information would be required to make a determination, it shall promptly specify that additional information to the Secretary, and the Secretary shall promptly request such information from the applicant. The time that may elapse between the date the information is requested by the reviewing department or agency and the date the information is received by the reviewing department or agency shall not be counted in calculating the time periods prescribed in this order. Such information specified by reviewing departments or agencies is in addition to any information that may be requested by the Department of Commerce on its own initiative during the first 9 days after registration of an application.

(b) Within 30 days of receipt of a referral and all required information, a department or agency shall provide the Secretary with a recommendation either to approve or deny the license application. As appropriate, such recommendation may be with the benefit of consultation and discussions in interagency groups established to provide expertise and coordinate interagency consultation. A recommendation that the Secretary deny a license shall include a statement of the reasons for such recommendation that are consistent with the provisions of the Act and the Regulations or any renewal of, or successor to, the Export Administration Act and the Regulations and shall cite both the statutory and the regulatory bases for the recommendation to deny. A department or agency that fails to provide a recommendation within 30 days with a statement of reasons and the statutory and regulatory bases shall be deemed to have no objection to the decision of the Secretary.

SEC. 5. *Interagency Dispute Resolution.* (a) *Committees.* (1)(A) *Export Administration Review Board.* The Export Administration Review Board ("the Board"), which was established by Executive Order No. 11533 of June 4, 1970 [formerly set out above], and continued in Executive Order No. 12002 of July 7, 1977 [set out above], is hereby continued. The Board shall have as its members, the Secretary, who shall be Chair of the Board, the Secretary of State, the Secretary of Defense, and the Secretary of Energy[.] The Chairman of the Joint Chiefs of Staff and the Director of Central Intelligence shall be nonvoting members of the Board. No alternate Board members shall be designated, but the acting head or deputy head of any member department or agency may serve in lieu of the head of the concerned department or agency. The Board may invite the heads of other United States Government departments or agencies, other than the departments or agencies represented by the Board members, to participate in the activities of the Board when matters of interest to such departments or agencies are under consideration.

(B) The Secretary may, from time to time, refer to the Board such particular export license matters, involving questions of national security or other major policy issues, as the Secretary shall select. The Secretary shall also refer to the Board any other such export license matter, upon the request of any other member of the Board or the head of any other United States Government department or agency having any interest in such matter. The Board shall consider the matters so referred to it, giving due consideration to the foreign policy of the United States, the national security, the domestic economy, and concerns about the proliferation of armaments, weapons of mass destruction, missile delivery systems, and advanced conventional weapons and shall make recommendations thereon to the Secretary.

(2) *Advisory Committee on Export Policy.* An Advisory Committee on Export Policy ("ACEP") is established and shall have as its members the Assistant Secretary of Commerce for Export Administration, who shall be Chair of the ACEP, and Assistant Secretary-level representatives of the Departments of State, Defense, and Energy[.] Appropriate representatives of the Joint Chiefs of Staff and of the Nonproliferation Center of the Central Intelligence Agency shall be nonvoting members of the ACEP. Representatives of the departments or agencies shall be the appropriate Assistant Secretary or equivalent (or appropriate acting Assistant Secretary or equivalent in lieu of the Assistant Secretary or equivalent) of the concerned department or agency, or appropriate Deputy Assistant Secretary or equivalent (or the appropriate acting Deputy Assistant Secretary or equivalent in lieu of the Deputy Assistant Secretary or equivalent) of the concerned department or agency. Regardless of the department or agency representative's rank, such representative shall speak and vote at the ACEP on behalf of the appropriate Assistant Secretary or equivalent of such department or agency. The ACEP may invite Assistant Secretary-level representatives of other United States Government departments or agencies, other than the departments and agencies represented by the ACEP members, to participate in the activities of the ACEP when matters of interest to such departments or agencies are under consideration.

(3)(A) *Operating Committee.* An Operating Committee ("OC") of the ACEP is established. The Secretary

shall appoint its Chair, who shall also serve as Executive Secretary of the ACEP. Its other members shall be representatives of appropriate agencies in the Departments of Commerce, State, Defense, and Energy[.] The appropriate representatives of the Joint Chiefs of Staff and the Nonproliferation Center of the Central Intelligence Agency shall be nonvoting members of the OC. The OC may invite representatives of other United States Government departments or agencies, other than the departments and agencies represented by the OC members, to participate in the activities of the OC when matters of interest to such departments or agencies are under consideration.

(B) The OC shall review all license applications on which the reviewing departments and agencies are not in agreement. The Chair of the OC shall consider the recommendations of the reviewing departments and agencies and inform them of his or her decision on any such matters within 14 days after the deadline for receiving department and agency recommendations. However, for license applications concerning commercial communication satellites and hot-section technologies for the development, production, and overhaul of commercial aircraft engines that are transferred from the United States Munitions List to the Commerce Control List pursuant to regulations issued by the Departments of Commerce and State after the date of this order, the Chair of the OC shall inform reviewing departments and agencies of the majority vote decision of the OC. As described below, any reviewing department or agency may appeal the decision of the Chair of the OC, or the majority vote decision of the OC in cases concerning the commercial communication satellites and hot-section technologies described above, to the Chair of the ACEP. In the absence of a timely appeal, the Chair's decision (or the majority vote decision in the case of license applications concerning the commercial communication satellites and hot-section technologies described above) will be final.

(b) *Resolution Procedures.* (1) If any department or agency disagrees with a licensing determination of the Department of Commerce made through the Chair of the OC (or a majority vote decision of the OC in the case of license applications concerning the commercial communication satellites and the hot-section technologies described in section 5(a)(3)(B)), it may appeal the matter to the ACEP for resolution. A department or agency must appeal a matter within 5 days of such a decision. Appeals must be in writing from an official appointed by the President, by and with the advice and consent of the Senate, or an officer properly acting in such capacity, and must cite both the statutory and the regulatory bases for the appeal. The ACEP shall review all departments' and agencies' information and recommendations, and the Chair of the ACEP shall inform the reviewing departments and agencies of the majority vote decision of the ACEP within 11 days from the date of receiving notice of the appeal. Within 5 days of the majority vote decision, any dissenting department or agency may appeal the decision by submitting a letter from the head of the department or agency to the Secretary in his or her capacity as the Chair of the Board. Such letter shall cite both the statutory and the regulatory bases for the appeal. Within the same 5-day period, the Secretary may call a meeting on his or her own initiative to consider a license application. In the absence of a timely appeal, the majority vote decision of the ACEP shall be final.

(2) The Board shall review all departments' and agencies' information and recommendations, and such other export control matters as may be appropriate. The Secretary shall inform the reviewing departments and agencies of the majority vote of the Board within 11 days from the date of receiving notice of appeal. Within 5 days of the decision, any department or agency dissenting from the majority vote decision of the Board may appeal the decision by submitting a letter from the head of the dissenting department or agency to the President. In the absence of a timely appeal, the majority vote decision of the Board shall be final.

SEC. 6. *Encryption Products.* In conducting the license review described in section 1 above, with respect to export controls of encryption products that are or would be, on November 15, 1996, designated as defense articles in Category XIII of the United States Munitions List and regulated by the United States Department of State pursuant to the Arms Export Control Act, 22 U.S.C. 2778 *et seq.*, but that subsequently are placed on the Commerce Control List in the Export Administration Regulations, the Departments of State, Defense, Energy, and Justice shall have the opportunity to review any export license application submitted to the Department of Commerce. The Department of Justice shall, with respect to such encryption products, be a voting member of the Export Administration Review Board described in section 5(a)(1) of this order and of the Advisory Committee on Export Policy described in section 5(a)(2) of this order. The Department of Justice shall be a full member of the Operating Committee of the ACEP described in section 5(a)(3) of this order, and of any other committees and consultation groups reviewing export controls with respect to such encryption products.

SEC. 7. The license review process in this order shall take effect beginning with those license applications registered by the Secretary 60 days after the date of this order and shall continue in effect to the extent not inconsistent with any renewal of the Export Administration Act, or with any successor to that Act.

SEC. 8. *Judicial Review.* This order is intended only to improve the internal management of the executive branch and is not intended to, and does not, create any rights to administrative or judicial review, or any other right or benefit or trust responsibility, substantive or procedural, enforceable by a party against the United

States, its agencies or instrumentalities, its officers or employees, or any other person.

WILLIAM J. CLINTON.

EX. ORD. NO. 13026. ADMINISTRATION OF EXPORT CONTROLS ON ENCRYPTION PRODUCTS

Ex. Ord. No. 13026, Nov. 15, 1996, 61 F.R. 58767, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including but not limited to the International Emergency Economic Powers Act (50 U.S.C. 1701 *et seq.*), and in order to take additional steps with respect to the national emergency described and declared in Executive Order 12924 of August 19, 1994 [listed in a table under section 1701 of Title 50, War and National Defense], and continued on August 15, 1995, and on August 14, 1996, I, WILLIAM J. CLINTON, President of the United States of America, have decided that the provisions set forth below shall apply to administration of the export control system maintained by the Export Administration Regulations, 15 CFR Part 730 *et seq.* (“the EAR”). Accordingly, it is hereby ordered as follows:

SECTION 1. *Treatment of Encryption Products.* In order to provide for appropriate controls on the export and foreign dissemination of encryption products, export controls of encryption products that are or would be, on this date, designated as defense articles in Category XIII of the United States Munitions List and regulated by the United States Department of State pursuant to the Arms Export Control Act, 22 U.S.C. 2778 *et seq.* (“the AECA”), but that subsequently are placed on the Commerce Control List in the EAR, shall be subject to the following conditions: (a) I have determined that the export of encryption products described in this section could harm national security and foreign policy interests even where comparable products are or appear to be available from sources outside the United States, and that facts and questions concerning the foreign availability of such encryption products cannot be made subject to public disclosure or judicial review without revealing or implicating classified information that could harm United States national security and foreign policy interests. Accordingly, sections 4(c) and 6(h)(2)–(4) of the Export Administration Act of 1979 (“the EAA”), 50 U.S.C. App. 2403(c) and 2405(h)(2)–(4), as amended and as continued in effect by Executive Order 12924 of August 19, 1994, and by notices of August 15, 1995, and August 14, 1996, all other analogous provisions of the EAA relating to foreign availability, and the regulations in the EAR relating to such EAA provisions, shall not be applicable with respect to export controls on such encryption products. Notwithstanding this, the Secretary of Commerce (“Secretary”) may, in his discretion, consider the foreign availability of comparable encryption products in determining whether to issue a license in a particular case or to remove controls on particular products, but is not required to issue licenses in particular cases or to remove controls on particular products based on such consideration;

(b) [Amended Ex. Ord. No. 12981, set out above;]

(c) Because the export of encryption software, like the export of other encryption products described in this section, must be controlled because of such software's functional capacity, rather than because of any possible informational value of such software, such software shall not be considered or treated as “technology,” as that term is defined in section 16 of the EAA (50 U.S.C. App. 2415) and in the EAR (61 Fed. Reg. 12714, March 25, 1996);

(d) With respect to encryption products described in this section, the Secretary shall take such actions, including the promulgation of rules, regulations, and amendments thereto, as may be necessary to control the export of assistance (including training) to foreign persons in the same manner and to the same extent as the export of such assistance is controlled under the AECA, as amended by section 151 of Public Law 104–164 [see 22 U.S.C. 2778(b)(1)(A)];

(e) Appropriate controls on the export and foreign dissemination of encryption products described in this section may include, but are not limited to, measures that promote the use of strong encryption products and the development of a key recovery management infrastructure; and

(f) Regulation of encryption products described in this section shall be subject to such further conditions as the President may direct.

SEC. 2. *Effective Date.* The provisions described in section 1 shall take effect as soon as any encryption products described in section 1 are placed on the Commerce Control List in the EAR.

SEC. 3. *Judicial Review.* This order is intended only to improve the internal management of the executive branch and to ensure the implementation of appropriate controls on the export and foreign dissemination of encryption products. It is not intended to, and does not, create any rights to administrative or judicial review,

or any other right or benefit or trust responsibility, substantive or procedural, enforceable by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

§2404. National security controls

(a) Authority

(1) In order to carry out the policy set forth in section 3(2)(A) of this Act [section 2402(2)(A) of this Appendix], the President may, in accordance with the provisions of this section, prohibit or curtail the export of any goods or technology subject to the jurisdiction of the United States or exported by any person subject to the jurisdiction of the United States. The authority contained in this subsection includes the authority to prohibit or curtail the transfer of goods or technology within the United States to embassies and affiliates of controlled countries. For purposes of the preceding sentence, the term “affiliates” includes both governmental entities and commercial entities that are controlled in fact by controlled countries. The authority contained in this subsection shall be exercised by the Secretary, in consultation with the Secretary of Defense, and such other departments and agencies as the Secretary considers appropriate, and shall be implemented by means of export licenses described in section 4(a) of this Act [section 2403(a) of this Appendix].

(2) Whenever the Secretary makes any revision with respect to any goods or technology, or with respect to the countries or destinations, affected by export controls imposed under this section, the Secretary shall publish in the Federal Register a notice of such revision and shall specify in such notice that the revision relates to controls imposed under the authority contained in this section.

(3) In issuing regulations to carry out this section, particular attention shall be given to the difficulty of devising effective safeguards to prevent a country that poses a threat to the security of the United States from diverting critical technologies to military use, the difficulty of devising effective safeguards to protect critical goods, and the need to take effective measures to prevent the reexport of critical technologies from other countries to countries that pose a threat to the security of the United States.

(4)(A) No authority or permission may be required under this section to reexport any goods or technology subject to the jurisdiction of the United States to any country which maintains export controls on such goods or technology cooperatively with the United States pursuant to the agreement

of the group known as the Coordinating Committee, or pursuant to an agreement described in subsection (k) of this section. The Secretary may require any person reexporting any goods or technology under this subparagraph to notify the Secretary of such reexports.

(B) Notwithstanding subparagraph (A), the Secretary may require authority or permission to reexport the following:

- (i) supercomputers;
- (ii) goods or technology for sensitive nuclear uses (as defined by the Secretary);
- (iii) devices for surreptitious interception of wire or oral communications; and
- (iv) goods or technology intended for such end users as the Secretary may specify by regulation.

(5)(A) Except as provided in subparagraph (B), no authority or permission may be required under this section to reexport any goods or technology subject to the jurisdiction of the United States from any country when the goods or technology to be reexported are incorporated in another good and—

- (i) the value of the controlled United States content of that other good is 25 percent or less of the total value of the good; or
- (ii) the export of the goods or technology to a controlled country would require only notification of the participating governments of the Coordinating Committee.

For purposes of this paragraph, the “controlled United States content” of a good means those goods or technology subject to the jurisdiction of the United States which are incorporated in the good, if the export of those goods or technology from the United States to a country, at the time that the good is exported to that country, would require a validated license.

(B) The Secretary may by regulation provide that subparagraph (A) does not apply to the reexport of a supercomputer which contains goods or technology subject to the jurisdiction of the United States.

(6) Not later than 90 days after the date of the enactment of this paragraph [Aug. 23, 1988], the Secretary shall issue regulations to carry out paragraphs (4) and (5). Such regulations shall define the term “supercomputer” for purposes of those paragraphs.

(b) Policy toward individual countries

(1) In administering export controls for national security purposes under this section, the President shall establish as a list of controlled countries those countries set forth in section 620(f) of the Foreign Assistance Act of 1961 [22 U.S.C. 2370(f)], except that the President may add any country to or remove any country from such list of controlled countries if he determines that the export of goods or technology to such country would or would not (as the case may be) make a significant contribution to the military potential of such country or a combination of countries which would prove detrimental to the national security of the United States. In determining whether a country is added to or removed from the list of controlled countries, the President shall take into account—

- (A) the extent to which the country's policies are adverse to the national security interests of the United States;
- (B) the country's Communist or non-Communist status;
- (C) the present and potential relationship of the country with the United States;
- (D) the present and potential relationships of the country with countries friendly or hostile to the United States;
- (E) the country's nuclear weapons capability and the country's compliance record with respect to multilateral nuclear weapons agreements to which the United States is a party; and
- (F) such other factors as the President considers appropriate.

Nothing in the preceding sentence shall be interpreted to limit the authority of the President provided in this Act [sections 2401 to 2420 of this Appendix] to prohibit or curtail the export of any goods or technology to any country to which exports are controlled for national security purposes other than countries on the list of controlled countries specified in this paragraph. The President shall review not less frequently than every three years in the case of controls maintained cooperatively with other nations, and annually in the case of all other controls, United States policy toward

individual countries to determine whether such policy is appropriate in light of the factors set forth in this paragraph.

(2)(A) Except as provided in subparagraph (B), no authority or permission may be required under this section to export goods or technology to a country which maintains export controls on such goods or technology cooperatively with the United States pursuant to the agreement of the group known as the Coordinating Committee or pursuant to an agreement described in subsection (k) of this section, if the export of such goods or technology to the People's Republic of China or a controlled country on the date of the enactment of the Export Enhancement Act of 1988 [Aug. 23, 1988] would require only notification of the participating governments of the Coordinating Committee.

(B)(i) The Secretary may require a license for the export of goods or technology described in subparagraph (A) to such end users as the Secretary may specify by regulation.

(ii) The Secretary may require any person exporting goods or technology under this paragraph to notify the Secretary of those exports.

(C) The Secretary shall, within 3 months after the date of the enactment of the Export Enhancement Act of 1988 [Aug. 23, 1988], determine which countries referred to in subparagraph (A) are implementing an effective export control system consistent with principles agreed to in the Coordinating Committee, including the following:

(i) national laws providing appropriate civil and criminal penalties and statutes of limitations sufficient to deter potential violations;

(ii) a program to evaluate export license applications that includes sufficient technical expertise to assess the licensing status of exports and ensure the reliability of end-users;

(iii) an enforcement mechanism that provides authority for trained enforcement officers to investigate and prevent illegal exports;

(iv) a system of export control documentation to verify the movement of goods and technology; and

(v) procedures for the coordination and exchange of information concerning violations of the agreement of the Coordinating Committee.

The Secretary shall, at least once each year, review the determinations made under the preceding sentence with respect to all countries referred to in subparagraph (A). The Secretary may, as appropriate, add countries to, or remove countries from, the list of countries that are implementing an effective export control system in accordance with this subparagraph. No authority or permission to export may be required for the export of goods or technology to a country on such list.

(3)(A) No authority or permission may be required under this section to export to any country, other than a controlled country, any goods or technology if the export of the goods or technology to controlled countries would require only notification of the participating governments of the Coordinating Committee.

(B) The Secretary may require any person exporting any goods or technology under subparagraph (A) to notify the Secretary of those exports.

(c) Control list

(1) The Secretary shall establish and maintain, as part of the control list, a list of all goods and technology subject to export controls under this section. Such goods and technology shall be clearly identified as being subject to controls under this section.

(2) The Secretary of Defense and other appropriate departments and agencies shall identify goods and technology for inclusion on the list referred to in paragraph (1). Those items which the Secretary and the Secretary of Defense concur shall be subject to export controls under this section shall comprise such list. If the Secretary and the Secretary of Defense are unable to concur on such items, as determined by the Secretary, the Secretary of Defense may, within 20 days after receiving notification of the Secretary's determination, refer the matter to the President for resolution. The Secretary of Defense shall notify the Secretary of any such referral. The President shall, not later than 20 days after such referral, notify the Secretary of his determination with respect to the inclusion of such items on the list. Failure of the Secretary of Defense to notify the President or the

Secretary, or failure of the President to notify the Secretary, in accordance with this paragraph, shall be deemed by the Secretary to constitute concurrence in the implementation of the actions proposed by the Secretary regarding the inclusion of such items on the list.

(3) The Secretary shall conduct partial reviews of the list established pursuant to this subsection at least once each calendar quarter in order to carry out the policy set forth in section 3(2)(A) of this Act [section 2402(2)(A) of this Appendix] and the provisions of this section, and shall promptly make such revisions of the list as may be necessary after each such review. Before beginning each quarterly review, the Secretary shall publish notice of that review in the Federal Register. The Secretary shall provide a 30-day period during each review for comment and the submission of data, with or without oral presentation, by interested Government agencies and other affected or potentially affected parties. After consultation with appropriate Government agencies, the Secretary shall make a determination of any revisions in the list within 30 days after the end of the review period. The concurrence or approval of any other department or agency is not required before any such revision is made. The Secretary shall publish in the Federal Register any revisions in the list, with an explanation of the reasons for the revisions. The Secretary shall use the data developed from each review in formulating United States proposals relating to multilateral export controls in the group known as the Coordinating Committee. The Secretary shall further assess, as part of each review, the availability from sources outside the United States of goods and technology comparable to those subject to export controls imposed under this section. All goods and technology on the list shall be reviewed at least once each year. The provisions of this paragraph apply to revisions of the list which consist of removing items from the list or making changes in categories of, or other specifications in, items on the list.

(4) The appropriate technical advisory committee appointed under subsection (h) of this section shall be consulted by the Secretary with respect to changes, pursuant to paragraph (2) or (3), in the list established pursuant to this subsection, and such technical advisory committee may submit recommendations to the Secretary with respect to such changes. The Secretary shall consider the recommendations of the technical advisory committee and shall inform the committee of the disposition of its recommendations.

(5)(A) Not later than 6 months after the date of the enactment of this paragraph [Aug. 23, 1988], the following shall no longer be subject to export controls under this section:

(i) All goods or technology the export of which to controlled countries on the date of the enactment of the Export Enhancement Act of 1988 [Aug. 23, 1988] would require only notification of the participating governments of the Coordinating Committee, except for those goods or technology on which the Coordinating Committee agrees to maintain such notification requirement.

(ii) All medical instruments and equipment, subject to the provisions of subsection (m) of this section.

(B) The Secretary shall submit to the Congress annually a report setting forth the goods and technology from which export controls have been removed under this paragraph.

(6)(A) Notwithstanding subsection (f) or (h)(6) of this section, any export control imposed under this section which is maintained unilaterally by the United States shall expire 6 months after the date of the enactment of this paragraph [Aug. 23, 1988], or 6 months after the export control is imposed, whichever date is later, except that—

(i) any such export controls on those goods or technology for which a determination of the Secretary that there is no foreign availability has been made under subsection (f) or (h)(6) of this section before the end of the applicable 6-month period and is in effect may be renewed for periods of not more than 6 months each, and

(ii) any such export controls on those goods or technology with respect to which the President, by the end of the applicable 6-month period, is actively pursuing negotiations with other countries to achieve multilateral export controls on those goods or technology may be renewed for 2 periods of not more than 6 months each.

(B) Export controls on goods or technology described in clause (i) or (ii) of subparagraph (A) may be renewed only if, before each renewal, the President submits to the Congress a report setting forth all the controls being renewed and stating the specific reasons for such renewal.

(7) Notwithstanding any other provision of this subsection, after 1 year has elapsed since the last review in the Federal Register on any item within a category on the control list the export of which to the People's Republic of China would require only notification of the members of the group known as the Coordinating Committee, an export license applicant may file an allegation with the Secretary that such item has not been so reviewed within such 1-year period. Within 90 days after receipt of such allegation, the Secretary—

(A) shall determine the truth of the allegation;

(B) shall, if the allegation is confirmed, commence and complete the review of the item; and

(C) shall, pursuant to such review, submit a finding for publication in the Federal Register.

In such finding, the Secretary shall identify those goods or technology which shall remain on the control list and those goods or technology which shall be removed from the control list. If such review and submission for publication are not completed within that 90-day period, the goods or technology encompassed by such item shall immediately be removed from the control list.

(d) Militarily critical technologies

(1) The Secretary, in consultation with the Secretary of Defense, shall review and revise the list established pursuant to subsection (c), as prescribed in paragraph (3) of such subsection, for the purpose of insuring that export controls imposed under this section cover and (to the maximum extent consistent with the purposes of this Act [sections 2401 to 2420 of this Appendix]) are limited to militarily critical goods and technologies and the mechanisms through which such goods and technologies may be effectively transferred.

(2) The Secretary of Defense shall bear primary responsibility for developing a list of militarily critical technologies. In developing such list, primary emphasis shall be given to—

(A) arrays of design and manufacturing know-how,

(B) keystone manufacturing, inspection, and test equipment,

(C) goods accompanied by sophisticated operation, application, or maintenance know-how, and

(D) keystone equipment which would reveal or give insight into the design and manufacture of a United States military system,

which are not possessed by, or available in fact from sources outside the United States to, controlled countries and which, if exported, would permit a significant advance in a military system of any such country.

(3) The list referred to in paragraph (2) shall be sufficiently specific to guide the determinations of any official exercising export licensing responsibilities under this Act [sections 2401 to 2420 of this Appendix].

(4) The Secretary and the Secretary of Defense shall integrate items on the list of militarily critical technologies into the control list in accordance with the requirements of subsection (c) of this section. The integration of items on the list of militarily critical technologies into the control list shall proceed with all deliberate speed. Any disagreement between the Secretary and the Secretary of Defense regarding the integration of an item on the list of militarily critical technologies into the control list shall be resolved by the President. Except in the case of a good or technology for which a validated license may be required under subsection (f)(4) or (h)(6) of this section, a good or technology shall be included on the control list only if the Secretary finds that controlled countries do not possess that good or technology, or a functionally equivalent good or technology, and the good or technology or functionally equivalent good or technology is not available in fact to a controlled country from sources outside the United States in sufficient quantity and of comparable quality so that the requirement of a validated license for the export of such good or technology is or would be ineffective in achieving the purpose set forth in subsection (a) of this section. The Secretary and the Secretary of Defense shall jointly submit a report to the Congress, not later than 1 year after the date of the enactment of the Export Administration Amendments Act of 1985 [July 12,

1985], on actions taken to carry out this paragraph. For the purposes of this paragraph, assessment of whether a good or technology is functionally equivalent shall include consideration of the factors described in subsection (f)(3) of this section.

(5) The Secretary of Defense shall establish a procedure for reviewing the goods and technology on the list of militarily critical technologies on an ongoing basis for the purpose of removing from the list of militarily critical technologies any goods or technology that are no longer militarily critical. The Secretary of Defense may add to the list of militarily critical technologies any good or technology that the Secretary of Defense determines is militarily critical, consistent with the provisions of paragraph (2) of this subsection. If the Secretary and the Secretary of Defense disagree as to whether any change in the list of militarily critical technologies by the addition or removal of a good or technology should also be made in the control list, consistent with the provisions of the fourth sentence of paragraph (4) of this subsection, the President shall resolve the disagreement.

(6) The establishment of adequate export controls for militarily critical technology and keystone equipment shall be accompanied by suitable reductions in the controls on the products of that technology and equipment.

(7) The Secretary of Defense shall, not later than 1 year after the date of the enactment of the Export Administration Amendments Act of 1985 [July 12, 1985], report to the Congress on efforts by the Department of Defense to assess the impact that the transfer of goods or technology on the list of militarily critical technologies to controlled countries has had or will have on the military capabilities of those countries.

(e) Export licenses

(1) The Congress finds that the effectiveness and efficiency of the process of making export licensing determinations under this section is severely hampered by the large volume of validated export license applications required to be submitted under this Act [sections 2401 to 2420 of this Appendix]. Accordingly, it is the intent of Congress in this subsection to encourage the use of the multiple validated export licenses described in section 4(a)(2) of this Act [section 2403(a)(2) of this Appendix] in lieu of individual validated licenses.

(2) To the maximum extent practicable, consistent with the national security of the United States, the Secretary shall require a validated license under this section for the export of goods or technology only if—

(A) the export of such goods or technology is restricted pursuant to a multilateral agreement, formal or informal, to which the United States is a party and, under the terms of such multilateral agreement, such export requires the specific approval of the parties to such multilateral agreement;

(B) with respect to such goods or technology, other nations do not possess capabilities comparable to those possessed by the United States; or

(C) the United States is seeking the agreement of other suppliers to apply comparable controls to such goods or technology and, in the judgment of the Secretary, United States export controls on such goods or technology, by means of such license, are necessary pending the conclusion of such agreement.

(3) The Secretary, subject to the provisions of subsection (l) of this section, shall not require an individual validated export license for replacement parts which are exported to replace on a one-for-one basis parts that were in a good that has been lawfully exported from the United States.

(4) The Secretary shall periodically review the procedures with respect to the multiple validated export licenses, taking appropriate action to increase their utilization by reducing qualification requirements or lowering minimum thresholds, to combine procedures which overlap, and to eliminate those procedures which appear to be of marginal utility.

(5) The export of goods subject to export controls under this section shall be eligible, at the discretion of the Secretary, for a distribution license and other licenses authorizing multiple exports of goods, in accordance with section 4(a)(2) of this Act [section 2403(a)(2) of this Appendix]. The export of technology and related goods subject to export controls under this section shall be eligible for a comprehensive operations license in accordance with section 4(a)(2)(B) of this Act [section 2403(a)(2)(B) of this Appendix].

(6) Any application for a license for the export to the People's Republic of China of any good on which export controls are in effect under this section, without regard to the technical specifications of the good, for the purpose of demonstration or exhibition at a trade show shall carry a presumption of approval if—

(A) the United States exporter retains title to the good during the entire period in which the good is in the People's Republic of China; and

(B) the exporter removes the good from the People's Republic of China no later than at the conclusion of the trade show.

(f) Foreign availability

(1) Foreign availability to controlled countries

(A) The Secretary, in consultation with the Secretary of Defense and other appropriate Government agencies and with appropriate technical advisory committees established pursuant to subsection (h) of this section, shall review, on a continuing basis, the availability to controlled countries, from sources outside the United States, including countries which participate with the United States in multilateral export controls, of any goods or technology the export of which requires a validated license under this section. In any case in which the Secretary determines, in accordance with procedures and criteria which the Secretary shall by regulation establish, that any such goods or technology are available in fact to controlled countries from such sources in sufficient quantity and of comparable quality so that the requirement of a validated license for the export of such goods or technology is or would be ineffective in achieving the purpose set forth in subsection (a) of this section, the Secretary may not, after the determination is made, require a validated license for the export of such goods or technology during the period of such foreign availability, unless the President determines that the absence of export controls under this section on the goods or technology would prove detrimental to the national security of the United States. In any case in which the President determines under this paragraph that export controls under this section must be maintained notwithstanding foreign availability, the Secretary shall publish that determination, together with a concise statement of its basis and the estimated economic impact of the decision.

(B) The Secretary shall approve any application for a validated license which is required under this section for the export of any goods or technology to a controlled country and which meets all other requirements for such an application, if the Secretary determines that such goods or technology will, if the license is denied, be available in fact to such country from sources outside the United States, including countries which participate with the United States in multilateral export controls, in sufficient quantity and of comparable quality so that denial of the license would be ineffective in achieving the purpose set forth in subsection (a) of this section, unless the President determines that approving the license application would prove detrimental to the national security of the United States. In any case in which the Secretary makes a determination of foreign availability under this subparagraph with respect to any goods or technology, the Secretary shall determine whether a determination of foreign availability under subparagraph (A) with respect to such goods or technology is warranted.

(2) Foreign availability to other than controlled countries

(A) The Secretary shall review, on a continuing basis, the availability to countries other than controlled countries, from sources outside the United States, of any goods or technology the export of which requires a validated license under this section. If the Secretary determines, in accordance with procedures which the Secretary shall establish, that any goods or technology in sufficient quantity and of comparable quality are available in fact from sources outside the United States (other than availability under license from a country which maintains export controls on such goods or technology cooperatively with the United States pursuant to the agreement of the group known as the Coordinating Committee or pursuant to an agreement described in subsection (k) of this section), the Secretary may not, after the determination is made and during the period of such foreign availability, require a validated license for the export of such goods or technology to any country (other than a controlled country) to which the country from which the goods or

technology is available does not place controls on the export of such goods or technology. The requirement with respect to a validated license in the preceding sentence shall not apply if the President determines that the absence of export controls under this section on the goods or technology would prove detrimental to the national security of the United States. In any case in which the President determines under this paragraph that export controls under this section must be maintained notwithstanding foreign availability, the Secretary shall publish that determination, together with a concise statement of its basis and the estimated economic impact of the decision.

(B) The Secretary shall approve any application for a validated license which is required under this section for the export of any goods or technology to a country (other than a controlled country) and which meets all other requirements for such an application, if the Secretary determines that such goods or technology are available from foreign sources to that country under the criteria established in subparagraph (A), unless the President determines that approving the license application would prove detrimental to the national security of the United States. In any case in which the Secretary makes a determination of foreign availability under this subparagraph with respect to any goods or technology, the Secretary shall determine whether a determination of foreign availability under subparagraph (A) with respect to such goods or technology is warranted.

(3) Procedures for making determinations

(A) The Secretary shall make a foreign availability determination under paragraph (1) or (2) on the Secretary's own initiative or upon receipt of an allegation from an export license applicant that such availability exists. In making any such determination, the Secretary shall accept the representations of applicants made in writing and supported by reasonable evidence, unless such representations are contradicted by reliable evidence, including scientific or physical examination, expert opinion based upon adequate factual information, or intelligence information. In making determinations of foreign availability, the Secretary may consider such factors as cost, reliability, the availability and reliability of spare parts and the cost and quality thereof, maintenance programs, durability, quality of end products produced by the item proposed for export, and scale of production. For purposes of this subparagraph, "evidence" may include such items as foreign manufacturers' catalogues, brochures, or operations or maintenance manuals, articles from reputable trade publications, photographs, and depositions based upon eyewitness accounts.

(B) In a case in which an allegation is received from an export license applicant, the Secretary shall, upon receipt of the allegation, submit for publication in the Federal Register notice of such receipt. Within 4 months after receipt of the allegation, the Secretary shall determine whether the foreign availability exists, and shall so notify the applicant. If the Secretary has determined that the foreign availability exists, the Secretary shall, upon making such determination, submit the determination for review to other departments and agencies as the Secretary considers appropriate. The Secretary's determination of foreign availability does not require the concurrence or approval of any official, department, or agency to which such a determination is submitted. Not later than 1 month after the Secretary makes the determination, the Secretary shall respond in writing to the applicant and submit for publication in the Federal Register, that—

(i) the foreign availability does exist and—

(I) the requirement of a validated license has been removed,

(II) the President has determined that export controls under this section must be maintained notwithstanding the foreign availability and the applicable steps are being taken under paragraph (4), or

(III) in the case of a foreign availability determination under paragraph (1), the foreign availability determination will be submitted to a multilateral review process in accordance with the agreement of the Coordinating Committee for a period of not more than 4 months beginning on the date of the publication; or

(ii) the foreign availability does not exist.

In any case in which the submission for publication is not made within the time period specified in the preceding sentence, the Secretary may not thereafter require a license for the export of the

goods or technology with respect to which the foreign availability allegation was made. In the case of a foreign availability determination under paragraph (1) to which clause (i)(III) applies, no license for such export may be required after the end of the 9-month period beginning on the date on which the allegation is received.

(4) Negotiations to eliminate foreign availability

(A) In any case in which export controls are maintained under this section notwithstanding foreign availability, on account of a determination by the President that the absence of the controls would prove detrimental to the national security of the United States, the President shall actively pursue negotiations with the governments of the appropriate foreign countries for the purpose of eliminating such availability. No later than the commencement of such negotiations, the President shall notify in writing the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Foreign Affairs of the House of Representatives that he has begun such negotiations and why he believes it is important to national security that export controls on the goods or technology involved be maintained.

(B) If, within 6 months after the President's determination that export controls be maintained, the foreign availability has not been eliminated, the Secretary may not, after the end of that 6-month period, require a validated license for the export of the goods or technology involved. The President may extend the 6-month period described in the preceding sentence for an additional period of 12 months if the President certifies to the Congress that the negotiations involved are progressing and that the absence of the export controls involved would prove detrimental to the national security of the United States. Whenever the President has reason to believe that goods or technology subject to export controls for national security purposes by the United States may become available from other countries to controlled countries and that such availability can be prevented or eliminated by means of negotiations with such other countries, the President shall promptly initiate negotiations with the governments of such other countries to prevent such foreign availability.

(C) After an agreement is reached with a country pursuant to negotiations under this paragraph to eliminate or prevent foreign availability of goods or technology, the Secretary may not require a validated license for the export of such goods or technology to that country.

(5) Expedited licenses for items available to countries other than controlled countries

(A) In any case in which the Secretary finds that any goods or technology from foreign sources is of similar quality to goods or technology the export of which requires a validated license under this section and is available to a country other than a controlled country without effective restrictions, the Secretary shall designate such goods or technology as eligible for export to such country under this paragraph.

(B) In the case of goods or technology designated under subparagraph (A), then 20 working days after the date of formal filing with the Secretary of an individual validated license application for the export of those goods or technology to an eligible country, a license for the transaction specified in the application shall become valid and effective and the goods or technology are authorized for export pursuant to such license unless the license has been denied by the Secretary on account of an inappropriate end user. The Secretary may extend the 20-day period provided in the preceding sentence for an additional period of 15 days if the Secretary requires additional time to consider the application and so notifies the applicant.

(C) The Secretary may make a foreign availability determination under subparagraph (A) on the Secretary's own initiative, upon receipt of an allegation from an export license applicant that such availability exists, or upon the submission of a certification by a technical advisory committee of appropriate jurisdiction that such availability exists. Upon receipt of such an allegation or certification, the Secretary shall publish notice of such allegation or certification in the Federal Register and shall make the foreign availability determination within 30 days after such receipt and publish the determination in the Federal Register. In the case of the failure of the Secretary to

make and publish such determination within that 30-day period, the goods or technology involved shall be deemed to be designated as eligible for export to the country or countries involved, for purposes of subparagraph (B).

(D) The provisions of paragraphs (1), (2), (3), and (4) do not apply with respect to determinations of foreign availability under this paragraph.

(6) Office of Foreign Availability

The Secretary shall establish in the Department of Commerce an Office of Foreign Availability, which shall be under the direction of the Under Secretary of Commerce for Export Administration. The Office shall be responsible for gathering and analyzing all the necessary information in order for the Secretary to make determinations of foreign availability under this Act [sections 2401 to 2420 of this Appendix]. The Secretary shall make available to the Committee on Foreign Affairs of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate at the end of each 6-month period during a fiscal year information on the operations of the Office, and on improvements in the Government's ability to assess foreign availability, during that 6-month period, including information on the training of personnel, the use of computers, and the use of Commercial Service Officers of the United States and Foreign Commercial Service. Such information shall also include a description of representative determinations made under this Act [sections 2401 to 2420 of this Appendix] during that 6-month period that foreign availability did or did not exist (as the case may be), together with an explanation of such determinations.

(7) Sharing of information

Each department or agency of the United States, including any intelligence agency, and all contractors with any such department or agency, shall, upon the request of the Secretary and consistent with the protection of intelligence sources and methods, furnish information to the Office of Foreign Availability concerning foreign availability of goods and technology subject to export controls under this Act [sections 2401 to 2420 of this Appendix]. Each such department or agency shall allow the Office of Foreign Availability access to any information from a laboratory or other facility within such department or agency.

(8) Removal of controls on less sophisticated goods or technology

In any case in which ¹ Secretary may not, pursuant to paragraph (1), (2), (3), or (4) of this subsection or paragraph (6) of subsection (h) of this section, require a validated license for the export of goods or technology, then the Secretary may not require a validated license for the export of any similar goods or technology whose function, technological approach, performance thresholds, and other attributes that form the basis for export controls under this section do not exceed the technical parameters of the goods or technology from which the validated license requirement is removed under the applicable paragraph.

(9) Notice of all foreign availability assessments

Whenever the Secretary undertakes a foreign availability assessment under this subsection or subsection (h)(6), the Secretary shall publish notice of such assessment in the Federal Register.

(10) Availability defined

For purposes of this subsection and subsections (f) and (h), the term “available in fact to controlled countries” includes production or availability of any goods or technology in any country—

- (A) from which the goods or technology is not restricted for export to any controlled country;
- or
- (B) in which such export restrictions are determined by the Secretary to be ineffective.

For purposes of subparagraph (B), the mere inclusion of goods or technology on a list of goods or technology subject to bilateral or multilateral national security export controls shall not alone constitute credible evidence that a country provides an effective means of controlling the export of such goods or technology to controlled countries.

(g) Indexing

(1) In order to ensure that requirements for validated licenses and other licenses authorizing multiple exports are periodically removed as goods or technology subject to such requirements becomes obsolete with respect to the national security of the United States, regulations issued by the Secretary may, where appropriate, provide for annual increases in the performance levels of goods or technology subject to any such licensing requirement. The regulations issued by the Secretary shall establish as one criterion for the removal of goods or technology from such license requirements the anticipated needs of the military of controlled countries. Any such goods or technology which no longer meets the performance levels established by the regulations shall be removed from the list established pursuant to subsection (c) of this section unless, under such exceptions and under such procedures as the Secretary shall prescribe, any other department or agency of the United States objects to such removal and the Secretary determines, on the basis of such objection, that the goods or technology shall not be removed from the list. The Secretary shall also consider, where appropriate, removing site visitation requirements for goods and technology which are removed from the list unless objections described in this subsection are raised.

(2)(A) In carrying out this subsection, the Secretary shall conduct annual reviews of the performance levels of goods or technology—

- (i) which are eligible for export under a distribution license,
- (ii) below which exports to the People's Republic of China require only notification of the governments participating in the group known as the Coordinating Committee, and
- (iii) below which no authority or permission to export may be required under subsection (b)(2) or (b)(3) of this section.

The Secretary shall make appropriate adjustments to such performance levels based on these reviews.

(B) In any case in which the Secretary receives a request which—

- (i) is to revise the qualification requirements or minimum thresholds of any goods eligible for export under a distribution license, and
- (ii) is made by an exporter of such goods, representatives of an industry which produces such goods, or a technical advisory committee established under subsection (h) of this section,

the Secretary, after consulting with other appropriate Government agencies and technical advisory committees established under subsection (h) of this section, shall determine whether to make such revision, or some other appropriate revision, in such qualification requirements or minimum thresholds. In making this determination, the Secretary shall take into account the availability of the goods from sources outside the United States. The Secretary shall make a determination on a request made under this subparagraph within 90 days after the date on which the request is filed. If the Secretary's determination pursuant to such a request is to make a revision, such revision shall be implemented within 120 days after the date on which the request is filed and shall be published in the Federal Register.

(h) Technical advisory committees

(1) Upon written request by representatives of a substantial segment of any industry which produces any goods or technology subject to export controls under this section or being considered for such controls because of their significance to the national security of the United States, the Secretary shall appoint a technical advisory committee for any such goods or technology which the Secretary determines are difficult to evaluate because of questions concerning technical matters, worldwide availability, and actual utilization of production and technology, or licensing procedures. Each such committee shall consist of representatives of United States industry and Government, including the Departments of Commerce, Defense, and State, the intelligence community, and, in the discretion of the Secretary, other Government departments and agencies. No person serving on any such committee who is a representative of industry shall serve on such committee for more than four consecutive years.

(2) Technical advisory committees established under paragraph (1) shall advise and assist the Secretary, the Secretary of Defense, and any other department, agency, or official of the Government of the United States to which the President delegates authority under this Act [sections 2401 to 2420 of this Appendix], with respect to actions designed to carry out the policy set forth in section 3(2)(A) of this Act [section 2402(2)(A) of this Appendix]. Such committees, where they have expertise in such matters, shall be consulted with respect to questions involving (A) technical matters, (B) worldwide availability and actual utilization of production technology, (C) licensing procedures which affect the level of export controls applicable to any goods or technology, (D) revisions of the control list (as provided in subsection (c)(4)), including proposed revisions of multilateral controls in which the United States participates, (E) the issuance of regulations, and (F) any other questions relating to actions designed to carry out the policy set forth in section 3(2)(A) of this Act [section 2402(2)(A) of this Appendix]. Nothing in this subsection shall prevent the Secretary or the Secretary of Defense from consulting, at any time, with any person representing industry or the general public, regardless of whether such person is a member of a technical advisory committee. Members of the public shall be given a reasonable opportunity, pursuant to regulations prescribed by the Secretary, to present evidence to such committees.

(3) Upon request of any member of any such committee, the Secretary may, if the Secretary determines it appropriate, reimburse such member for travel, subsistence, and other necessary expenses incurred by such member in connection with the duties of such member.

(4) Each such committee shall elect a chairman, and shall meet at least every three months at the call of the chairman, unless the chairman determines, in consultation with the other members of the committee, that such a meeting is not necessary to achieve the purposes of this subsection. Each such committee shall be terminated after a period of 2 years, unless extended by the Secretary for additional periods of 2 years. The Secretary shall consult each such committee with respect to such termination or extension of that committee.

(5) To facilitate the work of the technical advisory committees, the Secretary, in conjunction with other departments and agencies participating in the administration of this Act [sections 2401 to 2420 of this Appendix], shall disclose to each such committee adequate information, consistent with national security, pertaining to the reasons for the export controls which are in effect or contemplated for the goods or technology with respect to which that committee furnishes advice.

(6) Whenever a technical advisory committee certifies to the Secretary that goods or technology with respect to which such committee was appointed have become available in fact, to controlled countries, from sources outside the United States, including countries which participate with the United States in multilateral export controls, in sufficient quantity and of comparable quality so that requiring a validated license for the export of such goods or technology would be ineffective in achieving the purpose set forth in subsection (a) of this section, the technical advisory committee shall submit that certification to the Congress at the same time the certification is made to the Secretary, together with the documentation for the certification. The Secretary shall investigate the foreign availability so certified and, not later than 90 days after the certification is made, shall submit a report to the technical advisory committee and the Congress stating that—

(A) the Secretary has removed the requirement of a validated license for the export of the goods or technology, on account of the foreign availability,

(B) the Secretary has recommended to the President that negotiations be conducted to eliminate the foreign availability, or

(C) the Secretary has determined on the basis of the investigation that the foreign availability does not exist.

To the extent necessary, the report may be submitted on a classified basis. In any case in which the Secretary has recommended to the President that negotiations be conducted to eliminate the foreign availability, the President shall actively pursue such negotiations with the governments of the appropriate foreign countries. If, within 6 months after the Secretary submits such report to the Congress, the foreign availability has not been eliminated, the Secretary may not, after the end of that 6-month period, require a validated license for the export of the goods or technology involved.

The President may extend the 6-month period described in the preceding sentence for an additional period of 12 months if the President certifies to the Congress that the negotiations involved are progressing and that the absence of the export control involved would prove detrimental to the national security of the United States. After an agreement is reached with a country pursuant to negotiations under this paragraph to eliminate foreign availability of goods or technology, the Secretary may not require a validated license for the export of such goods or technology to that country.

(i) Multilateral export controls

Recognizing the ineffectiveness of unilateral controls and the importance of uniform enforcement measures to the effectiveness of multilateral controls, the President shall enter into negotiations with the governments participating in the group known as the Coordinating Committee (hereinafter in this subsection referred to as the “Committee”) with a view toward accomplishing the following objectives:

(1) Enhanced public understanding of the Committee's purpose and procedures, including publication of the list of items controlled for export by agreement of the Committee, together with all notes, understandings, and other aspects of such agreement of the Committee, and all changes thereto.

(2) Periodic meetings of high-level representatives of participating governments for the purpose of coordinating export control policies and issuing policy guidance to the Committee.

(3) Strengthened legal basis for each government's export control system, including, as appropriate, increased penalties and statutes of limitations.

(4) Harmonization of export control documentation by the participating governments to verify the movement of goods and technology subject to controls by the Committee.

(5) Improved procedures for coordination and exchange of information concerning violations of the agreement of the Committee.

(6) Procedures for effective implementation of the agreement through uniform and consistent interpretations of export controls agreed to by the governments participating in the Committee.

(7) Coordination of national licensing and enforcement efforts by governments participating in the Committee, including sufficient technical expertise to assess the licensing status of exports and to ensure end-use verification.

(8) More effective procedures for enforcing export controls, including adequate training, resources, and authority for enforcement officers to investigate and prevent illegal exports.

(9) Agreement to provide adequate resources to enhance the functioning of individual national export control systems and of the Committee.

(10) Improved enforcement and compliance with the agreement through elimination of unnecessary export controls and maintenance of an effective control list.

(11) Agreement to enhance cooperation among members of the Committee in obtaining the agreement of governments outside the Committee to restrict the export of goods and technology on the International Control List, to establish an ongoing mechanism in the Committee to coordinate planning and implementation of export control measures related to such agreements, and to remove items from the International Control List if such items continue to be available to controlled countries or if the control of the items no longer serves the common strategic objectives of the members of the Committee.

For purposes of reviews of the International Control List, the President may include as advisors to the United States delegation to the Committee representatives of industry who are knowledgeable with respect to the items being reviewed.

(j) Commercial agreements with certain countries

(1) Any United States firm, enterprise, or other nongovernmental entity which enters into an agreement with any agency of the government of a controlled country, that calls for the

encouragement of technical cooperation and that is intended to result in the export from the United States to the other party of unpublished technical data of United States origin, shall report to the Secretary the agreement with such agency in sufficient detail.

(2) The provisions of paragraph (1) shall not apply to colleges, universities, or other educational institutions.

(k) Negotiations with other countries

The Secretary of State, in consultation with the Secretary of Defense, the Secretary of Commerce, and the heads of other appropriate departments and agencies, shall be responsible for conducting negotiations with other countries, including those countries not participating in the group known as the Coordinating Committee, regarding their cooperation in restricting the export of goods and technology in order to carry out the policy set forth in section 3(9) of this Act [section 2402(9) of this Appendix], as authorized by subsection (a) of this section, including negotiations with respect to which goods and technology should be subject to multilaterally agreed export restrictions and what conditions should apply for exceptions from those restrictions. In cases where such negotiations produce agreements on export restrictions comparable in practice to those maintained by the Coordinating Committee, the Secretary shall treat exports, whether by individual or multiple licenses, to countries party to such agreements in the same manner as exports to members of the Coordinating Committee are treated, including the same manner as exports are treated under subsection (b)(2) of this section and section 10(o) of this Act [section 2409(o) of this Appendix].

(l) Diversion of controlled goods or technology

(1) Whenever there is reliable evidence, as determined by the Secretary, that goods or technology which were exported subject to national security controls under this section to a controlled country have been diverted to an unauthorized use or consignee in violation of the conditions of an export license, the Secretary for as long as that diversion continues—

(A) shall deny all further exports, to or by the party or parties responsible for that diversion or who conspired in that diversion, of any goods or technology subject to national security controls under this section, regardless of whether such goods or technology are available from sources outside the United States; and

(B) may take such additional actions under this Act [sections 2401 to 2420 of this Appendix] with respect to the party or parties referred to in subparagraph (A) as the Secretary determines are appropriate in the circumstances to deter the further unauthorized use of the previously exported goods or technology.

(2) As used in this subsection, the term “unauthorized use” means the use of United States goods or technology in the design, production, or maintenance of any item on the United States Munitions List, or the military use of any item on the International Control List of the Coordinating Committee.

(m) Goods containing controlled parts and components

Export controls may not be imposed under this section, or under any other provision of law, on a good solely on the basis that the good contains parts or components subject to export controls under this section if such parts or components—

- (1) are essential to the functioning of the good,
- (2) are customarily included in sales of the good in countries other than controlled countries,
- and
- (3) comprise 25 percent or less of the total value of the good,

unless the good itself, if exported, would by virtue of the functional characteristics of the good as a whole make a significant contribution to the military potential of a controlled country which would prove detrimental to the national security of the United States.

(n) Security measures

The Secretary and the Commissioner of Customs, consistent with their authorities under section 12(a) of this Act [section 2411(a) of this Appendix], and in consultation with the Director of the

Federal Bureau of Investigation, shall provide advice and technical assistance to persons engaged in the manufacture or handling of goods or technology subject to export controls under this section to develop security systems to prevent violations or evasions of those export controls.

(o) Recordkeeping

The Secretary, the Secretary of Defense, and any other department or agency consulted in connection with a license application under this Act [sections 2401 to 2420 of this Appendix] or a revision of a list of goods or technology subject to export controls under this Act [sections 2401 to 2420 of this Appendix], shall make and keep records of their respective advice, recommendations, or decisions in connection with any such license application or revision, including the factual and analytical basis of the advice, recommendations, or decisions.

(p) National Security Control Office

To assist in carrying out the policy and other authorities and responsibilities of the Secretary of Defense under this section, there is established in the Department of Defense a National Security Control Office under the direction of the Under Secretary of Defense for Policy. The Secretary of Defense may delegate to that office such of those authorities and responsibilities, together with such ancillary functions, as the Secretary of Defense considers appropriate.

(q) Exclusion for agricultural commodities

This section does not authorize export controls on agricultural commodities, including fats, oils, and animal hides and skins.

In assessing foreign availability with respect to license applications, uncorroborated representations by applicants shall not be deemed sufficient evidence of foreign availability.”

Subsec. (f)(4). Pub. L. 99–64, §107(c), (j)(2), substituted first three sentences for “sentence providing that in any case in which, in accordance with this subsection, export controls are imposed under this section notwithstanding foreign availability, the President shall take steps to initiate negotiations with the governments of the appropriate foreign countries for the purpose of eliminating such availability”, and substituted “controlled countries” for “countries to which exports are controlled under this section”.

Subsec. (g). Pub. L. 99–64, §105(e), amended subsec. (g) generally. Prior to amendment, subsec. (g) read as follows: “In order to ensure that requirements for validated licenses and qualified general licenses are periodically removed as goods or technology subject to such requirements become obsolete with respect to the national security of the United States, regulations issued by the Secretary may, where appropriate, provide for annual increases in the performance levels of goods or technology subject to any such licensing requirement. Any such goods or technology which no longer meet the performance levels established by the latest such increase shall be removed from the list established pursuant to subsection (c) of this section unless, under such exceptions and under such procedures as the Secretary shall prescribe, any other department or agency of the United States objects to such removal and the Secretary determines, on the basis of such objection, that the goods or technology shall not be removed from the list. The Secretary shall also consider, where appropriate, removing site visitation requirements for goods and technology which are removed from the list unless objections described in this subsection are raised.”

(A) to (C) and concluding provision.

Subsec. (i)(3). Pub. L. 99–64, §105(f)(1), (2), redesignated par. Subsec. (k). Pub. L. 99–64, §105(h), inserted “, including those countries not participating in the group known as the Coordinating Committee,” after “conducting negotiations with other countries”, and inserted provision that, in cases where such negotiations produce agreements on export restrictions comparable in practice to those maintained by the Coordinating Committee, the Secretary shall treat exports, whether by individual or multiple licenses, to countries party to such agreements in the same manner as exports to members of the Coordinating Committee are treated, including the same manner as exports are treated under subsection (b)(2) of this section and section 10(o) of this Act.

Subsec. (l). Pub. L. 99–64, §105(i), struck out “to military use” after “Diversion” in heading, and amended text of subsec. (l), generally. Prior to amendment, subsec. (l) read as follows:

“(1) Whenever there is reliable evidence that goods or technology, which were exported subject to national security controls under this section to a country to which exports are controlled for national security purposes, have been diverted to significant military use in violation of the conditions of an export license, the Secretary for as long as that diversion to significant military use continues—

“(A) shall deny all further exports to the party responsible for that diversion of any goods or technology subject to national security controls under this section which contribute to that particular military use, regardless of whether such goods or technology are available to that country from sources outside the United States; and

(A) as are feasible to deter the further military use of the previously exported goods or technology.

“(a) FINDINGS.—Congress makes the following findings:

“(1) Export controls remain an important element of the national security policy of the United States.

“(2) It is in the national security interest that United States export control policy be effective in preventing the transfer, to potential adversaries or combatants of the United States, of technology that threatens the national security or defense of the United States.

“(3) It is in the national security interest that the United States monitor aggressively the export of militarily critical technology in order to prevent its diversion to potential adversaries or combatants of the United States.

“(4) The Department of Defense relies increasingly on commercial and dual-use technologies, products, and processes to support United States military capabilities and economic strength.

“(5) The maintenance of the military advantage of the United States depends on effective export controls on dual-use items and technologies that are critical to the military capabilities of the Armed Forces.

“(b) SENSE OF CONGRESS.—It is the sense of Congress that—

“(1) the Secretary of Defense should evaluate license applications for the export of militarily critical commodities the export of which is controlled for national security reasons if those commodities are to be exported to certain countries of concern;

“(2) the Secretary of Defense should identify the dual-use items and technologies that are critical to the military capabilities of the Armed Forces, including the military use made of such items and technologies;

“(3) upon identification by the Secretary of Defense of the dual-use items and technologies referred to in paragraph (2), the President should ensure effective export controls or use unilateral export controls on dual-use items and technologies that are critical to the military capabilities of the Armed Forces (regardless of the availability of such items or technologies overseas) with respect to the countries that—

“(A) pose a threat to the national security interests of the United States; and

“(B) are not members in good standing of bilateral or multilateral agreements to which the United States is a party on the use of such items and technologies; and

“(4) the President, upon recommendation of the Secretary of Defense, should ensure effective controls on the re-export by other countries of dual-use items and technologies that are critical to the military capabilities of the Armed Forces.

“(c) ANNUAL REPORT.—(1) Not later than December 1 of each year through 1999, the President shall submit to the committees specified in paragraph (4) a report on the effect of the export control policy of the United States on the national security interests of the United States.

“(ii) the categories of items that may be exported from the United States with an individual license, and in such cases, any licensing conditions normally required and the policy grounds used for approvals and denials; and

“(iii) the categories of items that may be exported under a general license designated ‘G-DEST’.

“(C) For each category of items listed under subparagraph (B)—

“(i) a statement whether a prohibition, control, or licensing requirement on a category of items is imposed pursuant to an international multilateral agreement or is unilateral;

“(ii) a statement whether a prohibition, control, or licensing requirement on a category of items is imposed by the other members of an international agreement or is unilateral;

“(iii) when the answer under either clause (i) or clause (ii) is unilateral, a statement concerning the efforts being made to ensure that the prohibition, control, or licensing requirement is made multilateral; and

“(iv) a statement on what impact, if any, a unilateral prohibition is having, or would have, on preventing the rogue nation or potential adversary from attaining the items in question for military purposes.

“(D) A description of United States policy on sharing satellite imagery that has military significance and a discussion of the criteria for determining the imagery that has that significance.

“(E) A description of the relationship between United States policy on the export of space launch vehicle technology and the Missile Technology Control Regime.

“(F) An assessment of United States efforts to support the inclusion of additional countries in the Missile Technology Control Regime.

“(G) An assessment of the ongoing efforts made by potential participant countries in the Missile Technology Control Regime to meet the guidelines established by the Missile Technology Control Regime.

“(H) A discussion of the history of the space launch vehicle programs of other countries, including a discussion of the military origins and purposes of such programs and the current level of military involvement in such programs.

“(3) The President shall submit the report in unclassified form, but may include a classified annex.

“(4) The committees referred to in paragraph (1) are the following:

“(A) The Committee on Armed Services and the Committee on Foreign Relations of the Senate.

“(B) The Committee on National Security [now Committee on Armed Services] and the Committee on International Relations [now Committee on Foreign Affairs] of the House of Representatives.

“(5) For purposes of this subsection, the term ‘Missile Technology Control Regime’ means the policy statement announced on April 16, 1987, between the United States, the United Kingdom, the Federal Republic of Germany, France, Italy, Canada, and Japan to restrict sensitive missile-relevant transfers based on the Missile Technology Control Regime Annex, and any amendment thereto.”

“(a) DEPARTMENT OF DEFENSE REVIEW.—Any application to the Secretary of Commerce for a license for the export of a class 2, class 3, or class 4 biological pathogen to a country identified to the Secretary under subsection (c) as a country that is known or suspected to have a biological weapons program shall be referred to the Secretary of Defense for review. The Secretary of Defense shall notify the Secretary of Commerce within 15 days after receipt of an application under the preceding sentence whether the export of such biological pathogen pursuant to the license would be contrary to the national security interests of the United States.

“(b) DENIAL OF LICENSE IF CONTRARY TO NATIONAL SECURITY INTEREST.—A license described in subsection (a) shall be denied by the Secretary of Commerce if it is determined that the export of such biological pathogen to that country would be contrary to the national security interests of the United States.

“(c) IDENTIFICATION OF COUNTRIES KNOWN OR SUSPECTED TO HAVE A PROGRAM TO DEVELOP OFFENSIVE BIOLOGICAL WEAPONS.—(1) The Secretary of Defense shall determine, for the purposes of this section, those countries that are known or suspected to have a program to develop offensive biological weapons. Upon making such determination, the Secretary shall provide to the Secretary of Commerce a list of those countries.

“(2) The Secretary of Defense shall update the list under paragraph (1) on a regular basis. Whenever a country is added to or deleted from such list, the Secretary shall notify the Secretary of Commerce.

“(3) Determination under this subsection of countries that are known or suspected to have a program to develop offensive biological weapons shall be made in consultation with the Secretary of State and the intelligence community.

“(d) DEFINITION.—For purposes of this section, the term ‘class 2, class 3, or class 4 biological pathogen’ means any biological pathogen that is characterized by the Centers for Disease Control as a class 2, class 3, or class 4 biological pathogen.”

§2405. Foreign policy controls

(a) Authority

(1) In order to carry out the policy set forth in paragraph (2)(B), (7), (8), or (13) of section 3 of this Act [section 2402(2)(B), (7), (8), or (13) of this Appendix], the President may prohibit or curtail the exportation of any goods, technology, or other information subject to the jurisdiction of the United States or exported by any person subject to the jurisdiction of the United States, to the extent necessary to further significantly the foreign policy of the United States or to fulfill its declared international obligations. The authority granted by this subsection shall be exercised by the Secretary, in consultation with the Secretary of State, the Secretary of Defense, the Secretary of Agriculture, the Secretary of the Treasury, the United States Trade Representative, and such other departments and agencies as the Secretary considers appropriate, and shall be implemented by means of export licenses issued by the Secretary.

(2) Any export control imposed under this section shall apply to any transaction or activity undertaken with the intent to evade that export control, even if that export control would not otherwise apply to that transaction or activity.

(3) Export controls maintained for foreign policy purposes shall expire on December 31, 1979, or one year after imposition, whichever is later, unless extended by the President in accordance with subsections (b) and (f). Any such extension and any subsequent extension shall not be for a period of more than one year.

(4) Whenever the Secretary denies any export license under this subsection, the Secretary shall specify in the notice to the applicant of the denial of such license that the license was denied under the authority contained in this subsection, and the reasons for such denial, with reference to the criteria set forth in subsection (b) of this section. The Secretary shall also include in such notice what, if any, modifications in or restrictions on the goods or technology for which the license was sought would allow such export to be compatible with controls implemented under this section, or the Secretary shall indicate in such notice which officers and employees of the Department of Commerce who are familiar with the application will be made reasonably available to the applicant for consultation with regard to such modifications or restrictions, if appropriate.

(5) In accordance with the provisions of section 10 of this Act [section 2409 of this Appendix], the Secretary of State shall have the right to review any export license application under this section which the Secretary of State requests to review.

(6) Before imposing, expanding, or extending export controls under this section on exports to a country which can use goods, technology, or information available from foreign sources and so incur little or no economic costs as a result of the controls, the President should, through diplomatic means, employ alternatives to export controls which offer opportunities of distinguishing the United States from, and expressing the displeasure of the United States with, the specific actions of that country in response to which the controls are proposed. Such alternatives include private discussions with foreign leaders, public statements in situations where private diplomacy is unavailable or not effective, withdrawal of ambassadors, and reduction of the size of the diplomatic staff that the country involved is permitted to have in the United States.

(b) Criteria

(1) Subject to paragraph (2) of this subsection, the President may impose, extend, or expand export controls under this section only if the President determines that—

(A) such controls are likely to achieve the intended foreign policy purpose, in light of other factors, including the availability from other countries of the goods or technology proposed for such controls, and that foreign policy purpose cannot be achieved through negotiations or other alternative means;

(B) the proposed controls are compatible with the foreign policy objectives of the United States and with overall United States policy toward the country to which exports are to be subject to the proposed controls;

(C) the reaction of other countries to the imposition, extension, or expansion of such export controls by the United States is not likely to render the controls ineffective in achieving the intended foreign policy purpose or to be counterproductive to United States foreign policy

interests;

(D) the effect of the proposed controls on the export performance of the United States, the competitive position of the United States in the international economy, the international reputation of the United States as a supplier of goods and technology, or on the economic well-being of individual United States companies and their employees and communities does not exceed the benefit to United States foreign policy objectives; and

(E) the United States has the ability to enforce the proposed controls effectively.

(2) With respect to those export controls in effect under this section on the date of the enactment of the Export Administration Amendments Act of 1985 [July 12, 1985], the President, in determining whether to extend those controls, as required by subsection (a)(3) of this section, shall consider the criteria set forth in paragraph (1) of this subsection and shall consider the foreign policy consequences of modifying the export controls.

(c) Consultation with industry

The Secretary in every possible instance shall consult with and seek advice from affected United States industries and appropriate advisory committees established under section 135 of the Trade Act of 1974 [19 U.S.C. 2155] before imposing any export control under this section. Such consultation and advice shall be with respect to the criteria set forth in subsection (b)(1) and such other matters as the Secretary considers appropriate.

(d) Consultation with other countries

When imposing export controls under this section, the President shall, at the earliest appropriate opportunity, consult with the countries with which the United States maintains export controls cooperatively, and with such other countries as the President considers appropriate, with respect to the criteria set forth in subsection (b)(1) and such other matters as the President considers appropriate.

(e) Alternative means

Before resorting to the imposition of export controls under this section, the President shall determine that reasonable efforts have been made to achieve the purposes of the controls through negotiations or other alternative means.

(f) Consultation with Congress

(1) The President may impose or expand export controls under this section, or extend such controls as required by subsection (a)(3) of this section, only after consultation with the Congress, including the Committee on Foreign Affairs of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate.

(2) The President may not impose, expand, or extend export controls under this section until the President has submitted to the Congress a report—

(A) specifying the purpose of the controls;

(B) specifying the determinations of the President (or, in the case of those export controls described in subsection (b)(2), the considerations of the President) with respect to each of the criteria set forth in subsection (b)(1), the bases for such determinations (or considerations), and any possible adverse foreign policy consequences of the controls;

(C) describing the nature, the subjects, and the results of, or the plans for, the consultation with industry pursuant to subsection (c) and with other countries pursuant to subsection (d);

(D) specifying the nature and results of any alternative means attempted under subsection (e), or the reasons for imposing, expanding, or extending the controls without attempting any such alternative means; and

(E) describing the availability from other countries of goods or technology comparable to the goods or technology subject to the proposed export controls, and describing the nature and results of the efforts made pursuant to subsection (h) to secure the cooperation of foreign governments in controlling the foreign availability of such comparable goods or technology.

Such report shall also indicate how such controls will further significantly the foreign policy of the United States or will further its declared international obligations.

(3) To the extent necessary to further the effectiveness of the export controls, portions of a report required by paragraph (2) may be submitted to the Congress on a classified basis, and shall be subject to the provisions of section 12(c) of this Act [section 2411(c) of this Appendix].

(4) In the case of export controls under this section which prohibit or curtail the export of any agricultural commodity, a report submitted pursuant to paragraph (2) shall be deemed to be the report required by section 7(g)(3)(A) of this Act [section 2406(g)(3)(A) of this Appendix].

(5) In addition to any written report required under this section, the Secretary, not less frequently than annually, shall present in oral testimony before the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Foreign Affairs of the House of Representatives a report on policies and actions taken by the Government to carry out the provisions of this section.

(g) Exclusion for medicine and medical supplies and for certain food exports

This section does not authorize export controls on medicine or medical supplies. This section also does not authorize export controls on donations of goods (including, but not limited to, food, educational materials, seeds and hand tools, medicines and medical supplies, water resources equipment, clothing and shelter materials, and basic household supplies) that are intended to meet basic human needs. Before export controls on food are imposed, expanded, or extended under this section, the Secretary shall notify the Secretary of State in the case of export controls applicable with respect to any developed country and shall notify the Administrator of the Agency for International Development in the case of export controls applicable with respect to any developing country. The Secretary of State with respect to developed countries, and the Administrator with respect to developing countries, shall determine whether the proposed export controls on food would cause measurable malnutrition and shall inform the Secretary of that determination. If the Secretary is informed that the proposed export controls on food would cause measurable malnutrition, then those controls may not be imposed, expanded, or extended, as the case may be, unless the President determines that those controls are necessary to protect the national security interests of the United States, or unless the President determines that arrangements are insufficient to ensure that the food will reach those most in need. Each such determination by the Secretary of State or the Administrator of the Agency for International Development, and any such determination by the President, shall be reported to the Congress, together with a statement of the reasons for that determination. It is the intent of Congress that the President not impose export controls under this section on any goods or technology if he determines that the principal effect of the export of such goods or technology would be to help meet basic human needs. This subsection shall not be construed to prohibit the President from imposing restrictions on the export of medicine or medical supplies or of food under the International Emergency Economic Powers Act [50 U.S.C 1701 et seq.]. This subsection shall not apply to any export control on medicine, medical supplies, or food, except for donations, which is in effect on the date of the enactment of the Export Administration Amendments Act of 1985 [July 12, 1985]. Notwithstanding the preceding provisions of this subsection, the President may impose export controls under this section on medicine, medical supplies, food, and donations of goods in order to carry out the policy set forth in paragraph (13) of section 3 of this Act [section 2402(13) of this Appendix].

(h) Foreign availability

(1) In applying export controls under this section, the President shall take all feasible steps to initiate and conclude negotiations with appropriate foreign governments for the purpose of securing the cooperation of such foreign governments in controlling the export to countries and consignees to which the United States export controls apply of any goods or technology comparable to goods or technology controlled under this section.

(2) Before extending any export control pursuant to subsection (a)(3) of this section, the President shall evaluate the results of his actions under paragraph (1) of this subsection and shall include the results of that evaluation in his report to the Congress pursuant to subsection (f) of this section.

(3) If, within 6 months after the date on which export controls under this section are imposed or

expanded, or within 6 months after the date of the enactment of the Export Administration Amendments Act of 1985 [July 12, 1985] in the case of export controls in effect on such date of enactment, the President's efforts under paragraph (1) are not successful in securing the cooperation of foreign governments described in paragraph (1) with respect to those export controls, the Secretary shall thereafter take into account the foreign availability of the goods or technology subject to the export controls. If the Secretary affirmatively determines that a good or technology subject to the export controls is available in sufficient quantity and comparable quality from sources outside the United States to countries subject to the export controls so that denial of an export license would be ineffective in achieving the purposes of the controls, then the Secretary shall, during the period of such foreign availability, approve any license application which is required for the export of the good or technology and which meets all requirements for such a license. The Secretary shall remove the good or technology from the list established pursuant to subsection (l) of this section if the Secretary determines that such action is appropriate.

(4) In making a determination of foreign availability under paragraph (3) of this subsection, the Secretary shall follow the procedures set forth in section 5(f)(3) of this Act [section 2404(f)(3) of this Appendix].

(i) International obligations

The provisions of subsections (b), (c), (d), (e), (g), and (h) shall not apply in any case in which the President exercises the authority contained in this section to impose export controls, or to approve or deny export license applications, in order to fulfill obligations of the United States pursuant to treaties to which the United States is a party or pursuant to other international agreements.

(j) Countries supporting international terrorism

(1) A validated license shall be required for the export of goods or technology to a country if the Secretary of State has made the following determinations:

(A) The government of such country has repeatedly provided support for acts of international terrorism.

(B) The export of such goods or technology could make a significant contribution to the military potential of such country, including its military logistics capability, or could enhance the ability of such country to support acts of international terrorism.

(2) The Secretary and the Secretary of State shall notify the Committee on Foreign Affairs of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs and the Committee on Foreign Relations of the Senate at least 30 days before issuing any validated license required by paragraph (1).

(3) Each determination of the Secretary of State under paragraph (1)(A), including each determination in effect on the date of the enactment of the Antiterrorism and Arms Export Amendments Act of 1989 [Dec. 12, 1989], shall be published in the Federal Register.

(4) A determination made by the Secretary of State under paragraph (1)(A) may not be rescinded unless the President submits to the Speaker of the House of Representatives and the chairman of the Committee on Banking, Housing, and Urban Affairs and the chairman of the Committee on Foreign Relations of the Senate—

(A) before the proposed rescission would take effect, a report certifying that—

(i) there has been a fundamental change in the leadership and policies of the government of the country concerned;

(ii) that government is not supporting acts of international terrorism; and

(iii) that government has provided assurances that it will not support acts of international terrorism in the future; or

(B) at least 45 days before the proposed rescission would take effect, a report justifying the rescission and certifying that—

(i) the government concerned has not provided any support for international terrorism during the preceding 6-month period; and

(ii) the government concerned has provided assurances that it will not support acts of international terrorism in the future.

(5)(A) As used in paragraph (1), the term “repeatedly provided support for acts of international terrorism” shall include the recurring use of any part of the territory of the country as a sanctuary for terrorists or terrorist organizations.

(B) In this paragraph—

(i) the term “territory of a country” means the land, waters, and airspace of the country; and

(ii) the term “sanctuary” means an area in the territory of a country—

(I) that is used by a terrorist or terrorist organization—

(aa) to carry out terrorist activities, including training, financing, and recruitment; or

(bb) as a transit point; and

(II) the government of which expressly consents to, or with knowledge, allows, tolerates, or disregards such use of its territory.

(6) The Secretary and the Secretary of State shall include in the notification required by paragraph (2)—

(A) a detailed description of the goods or services to be offered, including a brief description of the capabilities of any article for which a license to export is sought;

(B) the reasons why the foreign country or international organization to which the export or transfer is proposed to be made needs the goods or services which are the subject of such export or transfer and a description of the manner in which such country or organization intends to use such articles, services, or design and construction services;

(C) the reasons why the proposed export or transfer is in the national interest of the United States;

(D) an analysis of the impact of the proposed export or transfer on the military capabilities of the foreign country or international organization to which such export or transfer would be made;

(E) an analysis of the manner in which the proposed export would affect the relative military strengths of countries in the region to which the goods or services which are the subject of such export would be delivered and whether other countries in the region have comparable kinds and amounts of articles, services, or design and construction services; and

(F) an analysis of the impact of the proposed export or transfer on the United States relations with the countries in the region to which the goods or services which are the subject of such export would be delivered.

(k) Negotiations with other countries

(1) Countries participating in certain agreements

The Secretary of State, in consultation with the Secretary, the Secretary of Defense, and the heads of other appropriate departments and agencies, shall be responsible for conducting negotiations with those countries participating in the groups known as the Coordinating Committee, the Missile Technology Control Regime, the Australia Group, and the Nuclear Suppliers’ Group, regarding their cooperation in restricting the export of goods and technology in order to carry out—

(A) the policy set forth in section 3(2)(B) of this Act [section 2402(2)(B) of this Appendix], and

(B) United States policy opposing the proliferation of chemical, biological, nuclear, and other weapons and their delivery systems, and effectively restricting the export of dual use components of such weapons and their delivery systems, in accordance with this subsection and subsections (a) and (l).

Such negotiations shall cover, among other issues, which goods and technology should be subject to multilaterally agreed export restrictions, and the implementation of the restrictions consistent

with the principles identified in section 5(b)(2)(C) of this Act [section 2404(b)(2)(C) of this Appendix].

(2) Other countries

The Secretary of State, in consultation with the Secretary, the Secretary of Defense, and the heads of other appropriate departments and agencies, shall be responsible for conducting negotiations with countries and groups of countries not referred to in paragraph (1) regarding their cooperation in restricting the export of goods and technology consistent with purposes set forth in paragraph (1). In cases where such negotiations produce agreements on export restrictions that the Secretary, in consultation with the Secretary of State and the Secretary of Defense, determines to be consistent with the principles identified in section 5(b)(2)(C) of this Act [section 2404(b)(2)(C) of this Appendix], the Secretary may treat exports, whether by individual or multiple licenses, to countries party to such agreements in the same manner as exports are treated to countries that are MTCR adherents.

(3) Review of determinations

The Secretary shall annually review any determination under paragraph (2) with respect to a country. For each such country which the Secretary determines is not meeting the requirements of an effective export control system in accordance with section 5(b)(2)(C) [section 2404(b)(2)(C) of this Appendix], the Secretary shall restrict or eliminate any preferential licensing treatment for exports to that country provided under this subsection.

(I) Missile technology

(1) Determination of controlled items

The Secretary, in consultation with the Secretary of State, the Secretary of Defense, and the heads of other appropriate departments and agencies—

(A) shall establish and maintain, as part of the control list established under this section, a list of all dual use goods and technology on the MTCR Annex; and

(B) may include, as part of the control list established under this section, goods and technology that would provide a direct and immediate impact on the development of missile delivery systems and are not included in the MTCR Annex but which the United States is proposing to the other MTCR adherents to have included in the MTCR Annex.

(2) Requirement of individual validated licenses

The Secretary shall require an individual validated license for—

(A) any export of goods or technology on the list established under paragraph (1) to any country; and

(B) any export of goods or technology that the exporter knows is destined for a project or facility for the design, development, or manufacture of a missile in a country that is not an MTCR adherent.

(3) Policy of denial of licenses

(A) Licenses under paragraph (2) should in general be denied if the ultimate consignee of the goods or technology is a facility in a country that is not an adherent to the Missile Technology Control Regime and the facility is designed to develop or build missiles.

(B) Licenses under paragraph (2) shall be denied if the ultimate consignee of the goods or technology is a facility in a country the government of which has been determined under subsection (j) to have repeatedly provided support for acts of international terrorism.

(4) Consultation with other departments

(A) A determination of the Secretary to approve an export license under paragraph (2) for the export of goods or technology to a country of concern regarding missile proliferation may be made only after consultation with the Secretary of Defense and the Secretary of State for a period of 20

days. The countries of concern referred to in the preceding sentence shall be maintained on a classified list by the Secretary of State, in consultation with the Secretary and the Secretary of Defense.

(B) Should the Secretary of Defense disagree with the determination of the Secretary to approve an export license to which subparagraph (A) applies, the Secretary of Defense shall so notify the Secretary within the 20 days provided for consultation on the determination. The Secretary of Defense shall at the same time submit the matter to the President for resolution of the dispute. The Secretary shall also submit the Secretary's recommendation to the President on the license application.

(C) The President shall approve or disapprove the export license application within 20 days after receiving the submission of the Secretary of Defense under subparagraph (B).

(D) Should the Secretary of Defense fail to notify the Secretary within the time period prescribed in subparagraph (B), the Secretary may approve the license application without awaiting the notification by the Secretary of Defense. Should the President fail to notify the Secretary of his decision on the export license application within the time period prescribed in subparagraph (C), the Secretary may approve the license application without awaiting the President's decision on the license application.

(E) Within 10 days after an export license is issued under this subsection, the Secretary shall provide to the Secretary of Defense and the Secretary of State the license application and accompanying documents issued to the applicant, to the extent that the relevant Secretary indicates the need to receive such application and documents.

(5) Information sharing

The Secretary shall establish a procedure for information sharing with appropriate officials of the intelligence community, as determined by the Director of Central Intelligence, and other appropriate Government agencies, that will ensure effective monitoring of transfers of MTCR equipment or technology and other missile technology.

(m) Chemical and biological weapons

(1) Establishment of list

The Secretary, in consultation with the Secretary of State, the Secretary of Defense, and the heads of other appropriate departments and agencies, shall establish and maintain, as part of the list maintained under this section, a list of goods and technology that would directly and substantially assist a foreign government or group in acquiring the capability to develop, produce, stockpile, or deliver chemical or biological weapons, the licensing of which would be effective in barring acquisition or enhancement of such capability.

(2) Requirement for validated licenses

The Secretary shall require a validated license for any export of goods or technology on the list established under paragraph (1) to any country of concern.

(3) Countries of concern

For purposes of paragraph (2), the term "country of concern" means any country other than—

(A) a country with whose government the United States has entered into a bilateral or multilateral arrangement for the control of goods or technology on the list established under paragraph (1); and

(B) such other countries as the Secretary of State, in consultation with the Secretary and the Secretary of Defense, shall designate consistent with the purposes of the Chemical and Biological Weapons Control and Warfare Elimination Act of 1991 [22 U.S.C. 5601 et seq.].

(n) Crime control instruments

(1) Crime control and detection instruments and equipment shall be approved for export by the Secretary only pursuant to a validated export license. Notwithstanding any other provision of this Act [sections 2401 to 2420 of this Appendix]—

(A) any determination of the Secretary of what goods or technology shall be included on the list

established pursuant to subsection (l) ¹ of this section as a result of the export restrictions imposed by this subsection shall be made with the concurrence of the Secretary of State, and

(B) any determination of the Secretary to approve or deny an export license application to export crime control or detection instruments or equipment shall be made in concurrence with the recommendations of the Secretary of State submitted to the Secretary with respect to the application pursuant to section 10(e) of this Act [section 2409(e) of this Appendix],

except that, if the Secretary does not agree with the Secretary of State with respect to any determination under subparagraph (A) or (B), the matter shall be referred to the President for resolution.

(2) The provisions of this subsection shall not apply with respect to exports to countries which are members of the North Atlantic Treaty Organization or to Japan, Australia, or New Zealand, or to such other countries as the President shall designate consistent with the purposes of this subsection and section 502B of the Foreign Assistance Act of 1961 [22 U.S.C. 2304].

(o) Control list

The Secretary shall establish and maintain, as part of the control list, a list of any goods or technology subject to export controls under this section, and the countries to which such controls apply. The Secretary shall clearly identify on the control list which goods or technology, and which countries or destinations, are subject to which types of controls under this section. Such list shall consist of goods and technology identified by the Secretary of State, with the concurrence of the Secretary. If the Secretary and the Secretary of State are unable to agree on the list, the matter shall be referred to the President. Such list shall be reviewed not less frequently than every three years in the case of controls maintained cooperatively with other countries, and annually in the case of all other controls, for the purpose of making such revisions as are necessary in order to carry out this section. During the course of such review, an assessment shall be made periodically of the availability from sources outside the United States, or any of its territories or possessions, of goods and technology comparable to those controlled for export from the United States under this section.

(p) Effect on existing contracts and licenses

The President may not, under this section, prohibit or curtail the export or reexport of goods, technology, or other information—

(1) in performance of a contract or agreement entered into before the date on which the President reports to the Congress, pursuant to subsection (f) of this section, his intention to impose controls on the export or reexport of such goods, technology, or other information, or

(2) under a validated license or other authorization issued under this Act [sections 2401 to 2420 of this Appendix],

unless and until the President determines and certifies to the Congress that—

(A) a breach of the peace poses a serious and direct threat to the strategic interest of the United States,

(B) the prohibition or curtailment of such contracts, agreements, licenses, or authorizations will be instrumental in remedying the situation posing the direct threat, and

(C) the export controls will continue only so long as the direct threat persists.

(q) Extension of certain controls

Those export controls imposed under this section with respect to South Africa which were in effect on February 28, 1982, and ceased to be effective on March 1, 1982, September 15, 1982, or January 20, 1983, shall become effective on the date of the enactment of this subsection [July 12, 1985], and shall remain in effect until 1 year after such date of enactment. At the end of that 1-year period, any of those controls made effective by this subsection may be extended by the President in accordance with subsections (b) and (f) of this section.

(r) Expanded authority to impose controls

(1) In any case in which the President determines that it is necessary to impose controls under this

section without any limitation contained in subsection (c), (d), (e), (g), (h), or (m) ² of this section, the President may impose those controls only if the President submits that determination to the Congress, together with a report pursuant to subsection (f) of this section with respect to the proposed controls, and only if a law is enacted authorizing the imposition of those controls. If a joint resolution authorizing the imposition of those controls is introduced in either House of Congress within 30 days after the Congress receives the determination and report of the President, that joint resolution shall be referred to the Committee on Banking, Housing, and Urban Affairs of the Senate and to the appropriate committee of the House of Representatives. §2406. Short supply controls

(a) Authority

(1) In order to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix], the President may prohibit or curtail the export of any goods subject to the

jurisdiction of the United States or exported by any person subject to the jurisdiction of the United States. In curtailing exports to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix], the President shall allocate a portion of export licenses on the basis of factors other than a prior history of exportation. Such factors shall include the extent to which a country engages in equitable trade practices with respect to United States goods and treats the United States equitably in times of short supply.

(2) Upon imposing quantitative restrictions on exports of any goods to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix], the Secretary shall include in a notice published in the Federal Register with respect to such restrictions an invitation to all interested parties to submit written comments within 15 days from the date of publication on the impact of such restrictions and the method of licensing used to implement them.

(3) In imposing export controls under this section, the President's authority shall include, but not be limited to, the imposition of export license fees.

(b) Monitoring

(1) In order to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix], the Secretary shall monitor exports, and contracts for exports, of any good (other than a commodity which is subject to the reporting requirements of section 812 ¹ of the Agricultural Act of 1970 [7 U.S.C. 612c–3]) when the volume of such exports in relation to domestic supply contributes, or may contribute, to an increase in domestic prices or a domestic shortage, and such price increase or shortage has, or may have, a serious adverse impact on the economy or any sector thereof. Any such monitoring shall commence at a time adequate to assure that the monitoring will result in a data base sufficient to enable policies to be developed, in accordance with section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix], to mitigate a short supply situation or serious inflationary price rise or, if export controls are needed, to permit imposition of such controls in a timely manner. Information which the Secretary requires to be furnished in effecting such monitoring shall be confidential, except as provided in paragraph (2) of this subsection.

(2) The results of such monitoring shall, to the extent practicable, be aggregated and included in weekly reports setting forth, with respect to each item monitored, actual and anticipated exports, the destination by country, and the domestic and worldwide price, supply, and demand. Such reports may be made monthly if the Secretary determines that there is insufficient information to justify weekly reports.

(3) The Secretary shall consult with the Secretary of Energy to determine whether monitoring or export controls under this section are warranted with respect to exports of facilities, machinery, or equipment normally and principally used, or intended to be used, in the production, conversion, or transportation of fuels and energy (except nuclear energy), including, but not limited to, drilling rigs, platforms, and equipment; petroleum refineries, natural gas processing, liquefaction, and gasification plants; facilities for production of synthetic natural gas or synthetic crude oil; oil and gas pipelines, pumping stations, and associated equipment; and vessels for transporting oil, gas, coal, and other fuels.

(c) Petitions for monitoring or controls

(1)(A) Any entity, including a trade association, firm, or certified or recognized union or group of workers, that is representative of an industry or a substantial segment of an industry that processes metallic materials capable of being recycled may transmit a written petition to the Secretary requesting the monitoring of exports or the imposition of export controls, or both, with respect to any such material, in order to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix].

(B) Each petition shall be in such form as the Secretary shall prescribe and shall contain information in support of the action requested. The petition shall include any information reasonably available to the petitioner indicating that each of the criteria set forth in paragraph (3)(A) of this subsection is satisfied.

(2) Within 15 days after receipt of any petition described in paragraph (1), the Secretary shall publish a notice in the Federal Register. The notice shall—

- (A) include the name of the material that is the subject of the petition,
- (B) include the Schedule B number of the material as set forth in the Statistical Classification of Domestic and Foreign Commodities Exported from the United States,
- (C) indicate whether the petitioner is requesting that controls or monitoring, or both, be imposed with respect to the exportation of such material, and
- (D) provide that interested persons shall have a period of 30 days beginning on the date of publication of such notice to submit to the Secretary written data, views or arguments, with or without opportunity for oral presentation, with respect to the matter involved.

At the request of the petitioner or any other entity described in paragraph (1)(A) with respect to the material that is the subject of the petition, or at the request of any entity representative of producers or exporters of such material, the Secretary shall conduct public hearings with respect to the subject of the petition, in which case the 30-day period may be extended to 45 days.

(3)(A) Within 45 days after the end of the 30- or 45-day period described in paragraph (2), as the case may be, the Secretary shall determine whether to impose monitoring or controls, or both, on the export of the material that is the subject of the petition, in order to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix]. In making such determination, the Secretary shall determine whether—

- (i) there has been a significant increase, in relation to a specific period of time, in exports of such material in relation to domestic supply and demand;
- (ii) there has been a significant increase in the domestic price of such material or a domestic shortage of such material relative to demand;
- (iii) exports of such material are as important as any other cause of a domestic price increase or shortage relative to demand found under clause (ii);
- (iv) a domestic price increase or shortage relative to demand found under clause (ii) has significantly adversely affected or may significantly adversely affect the national economy or any sector thereof, including a domestic industry; and
- (v) monitoring or controls, or both, are necessary in order to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix].

(B) The Secretary shall publish in the Federal Register a detailed statement of the reasons for the Secretary's determination pursuant to subparagraph (A) of whether to impose monitoring or controls, or both, including the findings of fact in support of that determination.

(4) Within 15 days after making a determination under paragraph (3) to impose monitoring or controls on the export of a material, the Secretary shall publish in the Federal Register proposed regulations with respect to such monitoring or controls. Within 30 days after the publication of such proposed regulations, and after considering any public comments on the proposed regulations, the Secretary shall publish and implement final regulations with respect to such monitoring or controls.

(5) For purposes of publishing notices in the Federal Register and scheduling public hearings pursuant to this subsection, the Secretary may consolidate petitions, and responses to such petitions, which involve the same or related materials.

(6) If a petition with respect to a particular material or group of materials has been considered in accordance with all the procedures prescribed in this subsection, the Secretary may determine, in the absence of significantly changed circumstances, that any other petition with respect to the same material or group of materials which is filed within 6 months after the consideration of the prior petition has been completed does not merit complete consideration under this subsection.

(7) The procedures and time limits set forth in this subsection with respect to a petition filed under this subsection shall take precedence over any review undertaken at the initiative of the Secretary with respect to the same subject as that of the petition.

(8) The Secretary may impose monitoring or controls, on a temporary basis, on the export of a metallic material after a petition is filed under paragraph (1)(A) with respect to that material but before the Secretary makes a determination under paragraph (3) with respect to that material only if—

- (A) the failure to take such temporary action would result in irreparable harm to the entity filing the petition, or to the national economy or segment thereof, including a domestic industry, and
- (B) the Secretary considers such action to be necessary to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix].

(9) The authority under this subsection shall not be construed to affect the authority of the Secretary under any other provision of this Act [sections 2401 to 2420 of this Appendix], except that if the Secretary determines, on the Secretary's own initiative, to impose monitoring or controls, or both, on the export of metallic materials capable of being recycled, under the authority of this section, the Secretary shall publish the reasons for such action in accordance with paragraph (3)(A) and (B) of this subsection.

(10) Nothing contained in this subsection shall be construed to preclude submission on a confidential basis to the Secretary of information relevant to a decision to impose or remove monitoring or controls under the authority of this Act [sections 2401 to 2420 of this Appendix], or to preclude consideration of such information by the Secretary in reaching decisions required under this subsection. The provisions of this paragraph shall not be construed to affect the applicability of section 552(b) of title 5, United States Code.

(d) Domestically produced crude oil

(1) Notwithstanding any other provision of this Act [sections 2401 to 2420 of this Appendix] and notwithstanding subsection (u) of section 28 of the Mineral Leasing Act of 1920 (30 U.S.C. 185), no domestically produced crude oil transported by pipeline over right-of-way granted pursuant to section 203 of the Trans-Alaska Pipeline Authorization Act (43 U.S.C. 1652) (except any such crude oil which (A) is exported to an adjacent foreign country to be refined and consumed therein in exchange for the same quantity of crude oil being exported from that country to the United States; such exchange must result through convenience or increased efficiency of transportation in lower prices for consumers of petroleum products in the United States as described in paragraph (2)(A)(ii) of this subsection, (B) is temporarily exported for convenience or increased efficiency of transportation across parts of an adjacent foreign country and reenters the United States, or (C) is transported to Canada, to be consumed therein, in amounts not to exceed an annual average of 50,000 barrels per day, in addition to exports under subparagraphs (A) and (B), except that any ocean transportation of such oil shall be by vessels documented under section 12106 ¹ of title 46, United States Code) may be exported from the United States, or any of its territories and possessions, subject to paragraph (2) of this subsection.

(2) Crude oil subject to the prohibition contained in paragraph (1) may be exported only if—

(A) the President so recommends to the Congress after making and publishing express findings that exports of such crude oil, including exchanges—

(i) will not diminish the total quantity or quality of petroleum refined within, stored within, or legally committed to be transported to and sold within the United States;

(ii) will, within 3 months following the initiation of such exports or exchanges, result in (I) acquisition costs to the refiners which purchase the imported crude oil being lower than the acquisition costs such refiners would have to pay for the domestically produced oil in the absence of such an export or exchange, and (II) not less than 75 percent of such savings in costs being reflected in wholesale and retail prices of products refined from such imported crude oil;

(iii) will be made only pursuant to contracts which may be terminated if the crude oil supplies of the United States are interrupted, threatened, or diminished;

(iv) are clearly necessary to protect the national interest; and

(v) are in accordance with the provisions of this Act [sections 2401 to 2420 of this Appendix]; and

(B) the President includes such findings in his recommendation to the Congress and the Congress, within 60 days after receiving that recommendation, agrees to a joint resolution which approves such exports on the basis of those findings, and which is thereafter enacted into law.

(3) Notwithstanding any other provision of this section or any other provision of law, including subsection (u) of section 28 of the Mineral Leasing Act of 1920 [30 U.S.C. 185(u)], the President may export oil to any country pursuant to a bilateral international oil supply agreement entered into by the United States with such nation before June 25, 1979, or to any country pursuant to the International Emergency Oil Sharing Plan of the International Energy Agency.

(e) Refined petroleum products

(1) In any case in which the President determines that it is necessary to impose export controls on refined petroleum products in order to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix], the President shall notify the Congress of that determination. The President shall also notify the Congress if and when he determines that such export controls are no longer necessary. During any period in which a determination that such export controls are necessary is in effect, no refined petroleum product may be exported except pursuant to an export license specifically authorizing such export. Not later than 5 days after an application for a license to export any refined petroleum product or residual fuel oil is received, the Secretary shall notify the Congress of such application, together with the name of the exporter, the destination of the proposed export, and the amount and price of the proposed export. Such notification shall be made to the chairman of the Committee on Foreign Affairs of the House of Representatives and the chairman of the Committee on Banking, Housing, and Urban Affairs of the Senate.

(2) The Secretary may not grant such license during the 30-day period beginning on the date on which notification to the Congress under paragraph (1) is received, unless the President certifies in writing to the Speaker of the House of Representatives and the President pro tempore of the Senate that the proposed export is vital to the national interest and that a delay in issuing the license would adversely affect that interest.

(3) This subsection shall not apply to (A) any export license application for exports to a country with respect to which historical export quotas established by the Secretary on the basis of past trading relationships apply, or (B) any license application for exports to a country if exports under the license would not result in more than 250,000 barrels of refined petroleum products being exported from the United States to such country in any fiscal year.

(4) For purposes of this subsection, “refined petroleum product” means gasoline, kerosene, distillates, propane or butane gas, diesel fuel, and residual fuel oil refined within the United States or entered for consumption within the United States.

(5) The Secretary may extend any time period prescribed in section 10 of this Act [section 2409 of this Appendix] to the extent necessary to take into account delays in action by the Secretary on a license application on account of the provisions of this subsection.

(f) Certain petroleum products

Petroleum products refined in United States Foreign Trade Zones, or in the United States Territory of Guam, from foreign crude oil shall be excluded from any quantitative restrictions imposed under this section except that, if the Secretary finds that a product is in short supply, the Secretary may issue such regulations as may be necessary to limit exports.

(g) Agricultural commodities

(1) The authority conferred by this section shall not be exercised with respect to any agricultural commodity, including fats and oils or animal hides or skins, without the approval of the Secretary of Agriculture. The Secretary of Agriculture shall not approve the exercise of such authority with respect to any such commodity during any period for which the supply of such commodity is determined by the Secretary of Agriculture to be in excess of the requirements of the domestic economy except to the extent the President determines that such exercise of authority is required to carry out the policies set forth in subparagraph (A) or (B) of paragraph (2) of section 3 of this Act [section 2402(2)(A) or (B) of this Appendix]. The Secretary of Agriculture shall, by exercising the authorities which the Secretary of Agriculture has under other applicable provisions of law, collect data with respect to export sales of animal hides and skins.

(2) Upon approval of the Secretary, in consultation with the Secretary of Agriculture, agricultural commodities purchased by or for use in a foreign country may remain in the United States for export at a later date free from any quantitative limitations on export which may be imposed to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix] subsequent to such approval. The Secretary may not grant such approval unless the Secretary receives adequate assurance and, in conjunction with the Secretary of Agriculture, finds (A) that such commodities will eventually be exported, (B) that neither the sale nor export thereof will result in an excessive drain of scarce materials and have a serious domestic inflationary impact, (C) that storage of such commodities in the United States will not unduly limit the space available for storage of domestically owned commodities, and (D) that the purpose of such storage is to establish a reserve of such commodities for later use, not including resale to or use by another country. The Secretary may issue such regulations as may be necessary to implement this paragraph.

(3)(A) If the President imposes export controls on any agricultural commodity in order to carry out the policy set forth in paragraph (2)(B), (2)(C), (7), or (8) of section 3 of this Act [section 2402(2)(B), (2)(C), (7), or (8) of this Appendix], the President shall immediately transmit a report on such action to the Congress, setting forth the reasons for the controls in detail and specifying the period of time, which may not exceed 1 year, that the controls are proposed to be in effect. If the Congress, within 60 days after the date of its receipt of the report, adopts a joint resolution pursuant to paragraph (4) approving the imposition of the export controls, then such controls shall remain in effect for the period specified in the report, or until terminated by the President, whichever occurs first. If the Congress, within 60 days after the date of its receipt of such report, fails to adopt a joint resolution approving such controls, then such controls shall cease to be effective upon the expiration of that 60-day period.

(B) The provisions of subparagraph (A) and paragraph (4) shall not apply to export controls—

(i) which are extended under this Act [sections 2401 to 2420 of this Appendix] if the controls, when imposed, were approved by the Congress under subparagraph (A) and paragraph (4); or

(ii) which are imposed with respect to a country as part of the prohibition or curtailment of all exports to that country.

(4)(A) For purposes of this paragraph, the term “joint resolution” means only a joint resolution the matter after the resolving clause of which is as follows: “That, pursuant to section 7(g)(3) of the Export Administration Act of 1979, the President may impose export controls as specified in the report submitted to the Congress on .”, with the blank space being filled with the appropriate date.

(B) On the day on which a report is submitted to the House of Representatives and the Senate under paragraph (3), a joint resolution with respect to the export controls specified in such report shall be introduced (by request) in the House by the chairman of the Committee on Foreign Affairs, for himself and the ranking minority member of the Committee, or by Members of the House designated by the chairman and ranking minority member; and shall be introduced (by request) in the Senate by the majority leader of the Senate, for himself and the minority leader of the Senate, or by Members of the Senate designated by the majority leader and minority leader of the Senate. If either House is not in session on the day on which such a report is submitted, the joint resolution shall be introduced in that House, as provided in the preceding sentence, on the first day thereafter on which that House is in session.

(C) All joint resolutions introduced in the House of Representatives shall be referred to the appropriate committee and all joint resolutions introduced in the Senate shall be referred to the Committee on Banking, Housing, and Urban Affairs.

(D) If the committee of either House to which a joint resolution has been referred has not reported the joint resolution at the end of 30 days after its referral, the committee shall be discharged from further consideration of the joint resolution or of any other joint resolution introduced with respect to the same matter.

(E) A joint resolution under this paragraph shall be considered in the Senate in accordance with the provisions of section 601(b)(4) of the International Security Assistance and Arms Export Control

Act of 1976. For the purpose of expediting the consideration and passage of joint resolutions reported or discharged pursuant to the provisions of this paragraph, it shall be in order for the Committee on Rules of the House of Representatives to present for consideration a resolution of the House of Representatives providing procedures for the immediate consideration of a joint resolution under this paragraph which may be similar, if applicable, to the procedures set forth in section 601(b)(4) of the International Security Assistance and Arms Export Control Act of 1976.

(F) In the case of a joint resolution described in subparagraph (A), if, before the passage by one House of a joint resolution of that House, that House receives a resolution with respect to the same matter from the other House, then—

- (i) the procedure in that House shall be the same as if no joint resolution had been received from the other House; but
- (ii) the vote on final passage shall be on the joint resolution of the other House.

(5) In the computation of the period of 60 days referred to in paragraph (3) and the period of 30 days referred to in subparagraph (D) of paragraph (4), there shall be excluded the days on which either House of Congress is not in session because of an adjournment of more than 3 days to a day certain or because of an adjournment of the Congress sine die.

(h) Barter agreements

(1) The exportation pursuant to a barter agreement of any goods which may lawfully be exported from the United States, for any goods which may lawfully be imported into the United States, may be exempted, in accordance with paragraph (2) of this subsection, from any quantitative limitation on exports (other than any reporting requirement) imposed to carry out the policy set forth in section 3(2)(C) of this Act [section 2402(2)(C) of this Appendix].

(2) The Secretary shall grant an exemption under paragraph (1) if the Secretary finds, after consultation with the appropriate department or agency of the United States, that—

(A) for the period during which the barter agreement is to be performed—

(i) the average annual quantity of the goods to be exported pursuant to the barter agreement will not be required to satisfy the average amount of such goods estimated to be required annually by the domestic economy and will be surplus thereto; and

(ii) the average annual quantity of the goods to be imported will be less than the average amount of such goods estimated to be required annually to supplement domestic production; and

(B) the parties to such barter agreement have demonstrated adequately that they intend, and have the capacity, to perform such barter agreement.

(3) For purposes of this subsection, the term “barter agreement” means any agreement which is made for the exchange, without monetary consideration, of any goods produced in the United States for any goods produced outside of the United States.

(4) This subsection shall apply only with respect to barter agreements entered into after the effective date of this Act [September 30, 1979].

(i) Unprocessed red cedar

(1) The Secretary shall require a validated license, under the authority contained in subsection (a) of this section, for the export of unprocessed western red cedar (*Thuja plicata*) logs, harvested from State or Federal lands. The Secretary shall impose quantitative restrictions upon the export of unprocessed western red cedar logs during the 3-year period beginning on the effective date of this Act [September 30, 1979] as follows:

(A) Not more than thirty million board feet scribner of such logs may be exported during the first year of such 3-year period.

(B) Not more than fifteen million board feet scribner of such logs may be exported during the second year of such period.

(C) Not more than five million board feet scribner of such logs may be exported during the third

year of such period.

After the end of such 3-year period, no unprocessed western red cedar logs harvested from State or Federal lands may be exported from the United States.

(2) To the maximum extent practicable, the Secretary shall utilize the multiple validated export licenses described in section 4(a)(2) of this Act [section 2403(a)(2) of this Appendix] in lieu of validated licenses for exports under this subsection.

(3) The Secretary shall allocate export licenses to exporters pursuant to this subsection on the basis of a prior history of exportation by such exporters and such other factors as the Secretary considers necessary and appropriate to minimize any hardship to the producers of western red cedar and to further the foreign policy of the United States.

(4) Unprocessed western red cedar logs shall not be considered to be an agricultural commodity for purposes of subsection (g) of this section.

(5) As used in this subsection, the term “unprocessed western red cedar” means red cedar timber which has not been processed into—

(A) lumber of American Lumber Standards Grades of Number 3 dimension or better, or Pacific Lumber Inspection Bureau Export R-List Grades of Number 3 common or better;

(B) chips, pulp, and pulp products;

(C) veneer and plywood;

(D) poles, posts, or pilings cut or treated with preservative for use as such and not intended to be further processed; or

(E) shakes and shingles.

(j) Effect of controls on existing contracts

The export restrictions contained in subsection (i) of this section and any export controls imposed under this section shall not affect any contract to harvest unprocessed western red cedar from State lands which was entered into before October 1, 1979, and the performance of which would make the red cedar available for export. Any export controls imposed under this section on any agricultural commodity (including fats, oils, and animal hides and skins) or on any forest product or fishery product, shall not affect any contract to export entered into before the date on which such controls are imposed. For purposes of this subsection, the term “contract to export” includes, but is not limited to, an export sales agreement and an agreement to invest in an enterprise which involves the export of goods or technology.

(k) Oil exports for use by United States military facilities

For purposes of subsection (d) of this section, and for purposes of any export controls imposed under this Act [sections 2401 to 2420 of this Appendix], shipments of crude oil, refined petroleum products, or partially refined petroleum products from the United States for use by the Department of Defense or United States-supported installations or facilities shall not be considered to be exports.

§2407. Foreign boycotts

(a) Prohibitions and exceptions

(1) For the purpose of implementing the policies set forth in subparagraph (A) or (B) of paragraph (5) of section 3 of this Act [section 2402(5)(A) or (B) of this Appendix], the President shall issue regulations prohibiting any United States person, with respect to his activities in the interstate or foreign commerce of the United States, from taking or knowingly agreeing to take any of the following actions with intent to comply with, further, or support any boycott fostered or imposed by a foreign country against a country which is friendly to the United States and which is not itself the object of any form of boycott pursuant to United States law or regulation:

(A) Refusing, or requiring any other person to refuse, to do business with or in the boycotted country, with any business concern organized under the laws of the boycotted country, with any national or resident of the boycotted country, or with any other person, pursuant to an agreement with, a requirement of, or a request from or on behalf of the boycotting country. The mere absence of a business relationship with or in the boycotted country with any business concern organized under the laws of the boycotted country, with any national or resident of the boycotted country, or with any other person, does not indicate the existence of the intent required to establish a violation of regulations issued to carry out this subparagraph.

(B) Refusing, or requiring any other person to refuse, to employ or otherwise discriminating against any United States person on the basis of race, religion, sex, or national origin of that person or of any owner, officer, director, or employee of such person.

(C) Furnishing information with respect to the race, religion, sex, or national origin of any United States person or of any owner, officer, director, or employee of such person.

(D) Furnishing information about whether any person has, has had, or proposes to have any business relationship (including a relationship by way of sale, purchase, legal or commercial representation, shipping or other transport, insurance, investment, or supply) with or in the boycotted country, with any business concern organized under the laws of the boycotted country, with any national or resident of the boycotted country, or with any other person which is known or

believed to be restricted from having any business relationship with or in the boycotting country. Nothing in this paragraph shall prohibit the furnishing of normal business information in a commercial context as defined by the Secretary.

(E) Furnishing information about whether any person is a member of, has made contributions to, or is otherwise associated with or involved in the activities of any charitable or fraternal organization which supports the boycotted country.

(F) Paying, honoring, confirming, or otherwise implementing a letter of credit which contains any condition or requirement compliance with which is prohibited by regulations issued pursuant to this paragraph, and no United States person shall, as a result of the application of this paragraph, be obligated to pay or otherwise honor or implement such letter of credit.

(2) Regulations issued pursuant to paragraph (1) shall provide exceptions for—

(A) complying or agreeing to comply with requirements (i) prohibiting the import of goods or services from the boycotted country or goods produced or services provided by any business concern organized under the laws of the boycotted country or by nationals or residents of the boycotted country, or (ii) prohibiting the shipment of goods to the boycotting country on a carrier of the boycotted country, or by a route other than that prescribed by the boycotting country or the recipient of the shipment;

(B) complying or agreeing to comply with import and shipping document requirements with respect to the country of origin, the name of the carrier and route of shipment, the name of the supplier of the shipment or the name of the provider of other services, except that no information knowingly furnished or conveyed in response to such requirements may be stated in negative, blacklisting, or similar exclusionary terms, other than with respect to carriers or route of shipment as may be permitted by such regulations in order to comply with precautionary requirements protecting against war risks and confiscation;

(C) complying or agreeing to comply in the normal course of business with the unilateral and specific selection by a boycotting country, or national or resident thereof, of carriers, insurers, suppliers of services to be performed within the boycotting country or specific goods which, in the normal course of business, are identifiable by source when imported into the boycotting country;

(D) complying or agreeing to comply with export requirements of the boycotting country relating to shipments or transshipments of exports to the boycotted country, to any business concern of or organized under the laws of the boycotted country, or to any national or resident of the boycotted country;

(E) compliance by an individual or agreement by an individual to comply with the immigration or passport requirements of any country with respect to such individual or any member of such individual's family or with requests for information regarding requirements of employment of such individual within the boycotting country; and

(F) compliance by a United States person resident in a foreign country or agreement by such person to comply with the laws of that country with respect to his activities exclusively therein, and such regulations may contain exceptions for such resident complying with the laws or regulations of that foreign country governing imports into such country of trademarked, trade named, or similarly specifically identifiable products, or components of products for his own use, including the performance of contractual services within that country, as may be defined by such regulations.

(3) Regulations issued pursuant to paragraphs (2)(C) and (2)(F) shall not provide exceptions from paragraphs (1)(B) and (1)(C).

(4) Nothing in this subsection may be construed to supersede or limit the operation of the antitrust or civil rights laws of the United States.

(5) This section shall apply to any transaction or activity undertaken, by or through a United States person or any other person, with intent to evade the provisions of this section as implemented by the regulations issued pursuant to this subsection, and such regulations shall expressly provide that the exceptions set forth in paragraph (2) shall not permit activities or agreements (expressed or implied

by a course of conduct, including a pattern of responses) otherwise prohibited, which are not within the intent of such exceptions.

(b) Foreign policy controls

(1) In addition to the regulations issued pursuant to subsection (a) of this section, regulations issued under section 6 of this Act [section 2405 of this Appendix] shall implement the policies set forth in section 3(5) [section 2402(5) of this Appendix].

(2) Such regulations shall require that any United States person receiving a request for the furnishing of information, the entering into or implementing of agreements, or the taking of any other action referred to in section 3(5) [section 2402(5) of this Appendix] shall report that fact to the Secretary, together with such other information concerning such request as the Secretary may require for such action as the Secretary considers appropriate for carrying out the policies of that section. Such person shall also report to the Secretary whether such person intends to comply and whether such person has complied with such request. Any report filed pursuant to this paragraph shall be made available promptly for public inspection and copying, except that information regarding the quantity, description, and value of any goods or technology to which such report relates may be kept confidential if the Secretary determines that disclosure thereof would place the United States person involved at a competitive disadvantage. The Secretary shall periodically transmit summaries of the information contained in such reports to the Secretary of State for such action as the Secretary of State, in consultation with the Secretary, considers appropriate for carrying out the policies set forth in section 3(5) of this Act [section 2402(5) of this Appendix].

(c) Preemption

The provisions of this section and the regulations issued pursuant thereto shall preempt any law, rule, or regulation of any of the several States or the District of Columbia, or any of the territories or possessions of the United States, or of any governmental subdivision thereof, which law, rule, or regulation pertains to participation in, compliance with, implementation of, or the furnishing of information regarding restrictive trade practices or boycotts fostered or imposed by foreign countries against other countries.

(Pub. L. 96–72, §8, Sept. 29, 1979, 93 Stat. 521.)

PRIOR PROVISIONS

A prior section 2407, Pub. L. 91–184, §8, Dec. 30, 1969, 83 Stat. 846; Pub. L. 95–52, title II, §203(b), June 22, 1977, 91 Stat. 247, relating to exemption from administrative procedure and judicial review provisions, expired on Sept. 30, 1979.

DELEGATION OF FUNCTIONS

Functions conferred upon President under this section delegated to Secretary of Commerce by Ex. Ord. No. 12214, May 2, 1980, 45 F.R. 29783, set out under section 2403 of this Appendix.

§2408. Procedures for hardship relief from export controls

(a) Filing of petitions

Any person who, in such person's domestic manufacturing process or other domestic business operation, utilizes a product produced abroad in whole or in part from a good historically obtained from the United States but which has been made subject to export controls, or any person who historically has exported such a good, may transmit a petition of hardship to the Secretary requesting an exemption from such controls in order to alleviate any unique hardship resulting from the imposition of such controls. A petition under this section shall be in such form as the Secretary shall prescribe and shall contain information demonstrating the need for the relief requested.

(b) Decision of Secretary

Not later than 30 days after receipt of any petition under subsection (a), the Secretary shall transmit a written decision to the petitioner granting or denying the requested relief. Such decision

shall contain a statement setting forth the Secretary's basis for the grant or denial. Any exemption granted may be subject to such conditions as the Secretary considers appropriate.

(c) Factors to be considered

For purposes of this section, the Secretary's decision with respect to the grant or denial of relief from unique hardship resulting directly or indirectly from the imposition of export controls shall reflect the Secretary's consideration of factors such as the following:

(1) Whether denial would cause a unique hardship to the petitioner which can be alleviated only by granting an exception to the applicable regulations. In determining whether relief shall be granted, the Secretary shall take into account—

(A) ownership of material for which there is no practicable domestic market by virtue of the location or nature of the material;

(B) potential serious financial loss to the applicant if not granted an exception;

(C) inability to obtain, except through import, an item essential for domestic use which is produced abroad from the good under control;

(D) the extent to which denial would conflict, to the particular detriment of the applicant, with other national policies including those reflected in any international agreement to which the United States is a party;

(E) possible adverse effects on the economy (including unemployment) in any locality or region of the United States; and

(F) other relevant factors, including the applicant's lack of an exporting history during any base period that may be established with respect to export quotas for the particular good.

(2) The effect a finding in favor of the applicant would have on attainment of the basic objectives of the short supply control program.

In all cases, the desire to sell at higher prices and thereby obtain greater profits shall not be considered as evidence of a unique hardship, nor will circumstances where the hardship is due to imprudent acts or failure to act on the part of the petitioner.

(Pub. L. 96–72, §9, Sept. 29, 1979, 93 Stat. 524.)

PRIOR PROVISIONS

A prior section 2408, Pub. L. 91–184, §9, Dec. 30, 1969, 83 Stat. 846, relating to providing information to exporters, expired on Sept. 30, 1979.

§2409. Procedures for processing export license applications; other inquiries

(a) Primary responsibility of Secretary

(1) All export license applications required under this Act [sections 2401 to 2420 of this Appendix] shall be submitted by the applicant to the Secretary. All determinations with respect to any such application shall be made by the Secretary, subject to the procedures provided in this section.

(2) It is the intent of the Congress that a determination with respect to any export license application be made to the maximum extent possible by the Secretary without referral of such application to any other department or agency of the Government.

(3) To the extent necessary, the Secretary shall seek information and recommendations from the Government departments and agencies concerned with aspects of United States domestic and foreign policies and operations having an important bearing on exports. Such departments and agencies shall cooperate fully in rendering such information and recommendations.

(b) Initial screening

Within 10 days after the date on which any export license application is submitted pursuant to subsection (a)(1), the Secretary shall—

(1) send the applicant an acknowledgment of the receipt of the application and the date of the receipt;

(2) submit to the applicant a written description of the procedures required by this section, the responsibilities of the Secretary and of other departments and agencies with respect to the application, and the rights of the applicant;

(3) return the application without action if the application is improperly completed or if additional information is required, with sufficient information to permit the application to be properly resubmitted, in which case if such application is resubmitted, it shall be treated as a new application for the purpose of calculating the time periods prescribed in this section;

(4) determine whether it is necessary to refer the application to any other department or agency and, if such referral is determined to be necessary, inform the applicant of any such department or agency to which the application will be referred; and

(5) determine whether it is necessary to submit the application to a multilateral review process, pursuant to a multilateral agreement, formal or informal, to which the United States is a party and, if so, inform the applicant of this requirement.

(c) Action on certain applications

Except as provided in subsection (o), in each case in which the Secretary determines that it is not necessary to refer an application to any other department or agency for its information and recommendations, a license shall be formally issued or denied within 60 days after a properly completed application has been submitted pursuant to this section.

(d) Referral to other departments and agencies

Except in the case of exports described in subsection (o), in each case in which the Secretary determines that it is necessary to refer an application to any other department or agency for its information and recommendations, the Secretary shall, within 20 days after the submission of a properly completed application—

(1) refer the application, together with all necessary analysis and recommendations of the Department of Commerce, concurrently to all such departments or agencies; and

(2) if the applicant so requests, provide the applicant with an opportunity to review for accuracy any documentation to be referred to any such department or agency with respect to such application for the purpose of describing the export in question in order to determine whether such documentation accurately describes the proposed export.

Notwithstanding the 10-day period set forth in subsection (b), in the case of exports described in subsection (o), in each case in which the Secretary determines that it is necessary to refer an application to any other department or agency for its information and recommendations, the Secretary shall, immediately upon receipt of the properly completed application, refer the application to such department or agency for its review. Such review shall be concurrent with that of the Department of Commerce.

(e) Action by other departments and agencies

(1) Any department or agency to which an application is referred pursuant to subsection (d) shall submit to the Secretary the information or recommendations requested with respect to the application. The information or recommendations shall be submitted within 20 days after the department or agency receives the application or, in the case of exports described in subsection (o), before the expiration of the time periods permitted by that subsection. Except as provided in paragraph (2), any such department or agency which does not submit its recommendations within the time period prescribed in the preceding sentence shall be deemed by the Secretary to have no objection to the approval of such application.

(2)(A) Except in the case of exports described in subsection (o), if the head of any such department or agency notifies the Secretary before the expiration of the time period provided in paragraph (1) for submission of its recommendations that more time is required for review by such department or agency, such department or agency shall have an additional 20-day period to submit

its recommendations to the Secretary. If such department or agency does not submit its recommendations within the time period prescribed by the preceding sentence, it shall be deemed by the Secretary to have no objection to the approval of such application.

(B) In the case of exports described in subsection (o), if the head of any such department or agency notifies the Secretary, before the expiration of the 15-day period provided in subsection (o)(1), that more time is required for review by such department or agency, the Secretary shall notify the applicant, pursuant to subsection (o)(1)(C), that additional time is required to consider the application, and such department or agency shall have additional time to consider the application within the limits permitted by subsection (o)(2). If such department or agency does not submit its recommendations within the time periods permitted under subsection (o), it shall be deemed by the Secretary to have no objection to the approval of such application.

(f) Action by Secretary

(1) Within 60 days after receipt of the recommendations of other departments and agencies with respect to a license application, as provided in subsection (e), the Secretary shall formally issue or deny the license. In deciding whether to issue or deny a license, the Secretary shall take into account any recommendation of a department or agency with respect to the application in question. In cases where the Secretary receives conflicting recommendations, the Secretary shall, within the 60-day period provided for in this subsection, take such action as may be necessary to resolve such conflicting recommendations. The provisions of this paragraph shall not apply in the case of exports described in subsection (o).

(2) In cases where the Secretary receives questions or negative considerations or recommendations from any other department or agency with respect to an application, the Secretary shall, to the maximum extent consistent with the national security and foreign policy of the United States, inform the applicant in writing of the specific questions raised and any such negative considerations or recommendations. Before a final determination with respect to the application is made, the applicant shall be entitled—

(A) to respond in writing to such questions, considerations, or recommendations within 30 days after receipt of such information from the Secretary; and

(B) upon the filing of a written request with the Secretary within 15 days after the receipt of such information, to respond in person to the department or agency raising such questions, considerations, or recommendations.

The provisions of this paragraph shall not apply in the case of exports described in subsection (o).

(3) In cases where the Secretary has determined that an application should be denied, the applicant shall be informed in writing, within 5 days after such determination is made, of—

(A) the determination,

(B) the statutory basis for the proposed denial,

(C) the policies set forth in section 3 of this Act [section 2402 of this Appendix] which would be furthered by the proposed denial,

(D) what if any modifications in or restrictions on the goods or technology for which the license was sought would allow such export to be compatible with export controls imposed under this Act [sections 2401 to 2420 of this Appendix],

(E) which officers and employees of the Department of Commerce who are familiar with the application will be made reasonably available to the applicant for considerations with regard to such modifications or restrictions, if appropriate,

(F) to the extent consistent with the national security and foreign policy of the United States, the specific considerations which led to the determination to deny the application, and

(G) the availability of appeal procedures.

The Secretary shall allow the applicant at least 30 days to respond to the Secretary's determination before the license application is denied. In the event decisions on license applications are deferred inconsistent with the provisions of this section, the applicant shall be so informed in writing within 5 days after such deferral.

(4) If the Secretary determines that a particular application or set of applications is of exceptional importance and complexity, and that additional time is required for negotiations to modify the application or applications, the Secretary may extend any time period prescribed in this section. The Secretary shall notify the Congress and the applicant of such extension and the reasons therefor. The provisions of this paragraph shall not apply in the case of exports described in subsection (o).

(g) Special procedures for Secretary of Defense

(1) Notwithstanding any other provision of this section, the Secretary of Defense is authorized to review any proposed export of any goods or technology to any country to which exports are controlled for national security purposes and, whenever the Secretary of Defense determines that the export of such goods or technology will make a significant contribution, which would prove detrimental to the national security of the United States, to the military potential of any such country, to recommend to the President that such export be disapproved.

(2) Notwithstanding any other provision of law, the Secretary of Defense shall determine, in consultation with the Secretary, and confirm in writing the types and categories of transactions which should be reviewed by the Secretary of Defense in order to make a determination referred to in paragraph (1). Whenever a license or other authority is requested for the export to any country to which exports are controlled for national security purposes of goods or technology within any such type or category, the Secretary shall notify the Secretary of Defense of such request, and the Secretary may not issue any license or other authority pursuant to such request before the expiration of the period within which the President may disapprove such export. The Secretary of Defense shall carefully consider any notification submitted by the Secretary pursuant to this paragraph and, not later than 20 days after notification of the request, shall—

(A) recommend to the President and the Secretary that he disapprove any request for the export of the goods or technology involved to the particular country if the Secretary of Defense determines that the export of such goods or technology will make a significant contribution, which would prove detrimental to the national security of the United States, to the military potential of such country or any other country;

(B) notify the Secretary that he would recommend approval subject to specified conditions; or

(C) recommend to the Secretary that the export of goods or technology be approved.

Whenever the Secretary of Defense makes a recommendation to the President pursuant to paragraph (2)(A), the Secretary shall also submit his recommendation to the President on the request to export if the Secretary differs with the Secretary of Defense. If the President notifies the Secretary, within 20 days after receiving a recommendation from the Secretary of Defense, that he disapproves such export, no license or other authority may be issued for the export of such goods or technology to such country. If the Secretary of Defense fails to make a recommendation or notification under this paragraph within the 20-day period specified in the third sentence, or if the President, within 20 days after receiving a recommendation from the Secretary of Defense with respect to an export, fails to notify the Secretary that he approves or disapproves the export, the Secretary shall approve or deny the request for a license or other authority to export without such recommendation or notification.

(3) The Secretary shall approve or disapprove a license application, and issue or deny a license, in accordance with the provisions of this subsection, and, to the extent applicable, in accordance with the time periods and procedures otherwise set forth in this section.

(h) Multilateral controls

In any case in which an application, which has been finally approved under subsection (c), (f), or (g) of this section, is required to be submitted to a multilateral review process, pursuant to a multilateral agreement, formal or informal, to which the United States is a party, the license shall not be issued as prescribed in such subsections, but the Secretary shall notify the applicant of the approval of the application (and the date of such approval) by the Secretary subject to such multilateral review. The license shall be issued upon approval of the application under such multilateral review. If such multilateral review has not resulted in a determination with respect to the

application within 40 days after such date, the Secretary's approval of the license shall be final and the license shall be issued, unless the Secretary determines that issuance of the license would prove detrimental to the national security of the United States. At the time at which the Secretary makes such a determination, the Secretary shall notify the applicant of the determination and shall notify the Congress of the determination, the reasons for the determination, the reasons for which the multilateral review could not be concluded within such 40-day period, and the actions planned or being taken by the United States Government to secure conclusion of the multilateral review. At the end of every 40-day period after such notification to Congress, the Secretary shall advise the applicant and the Congress of the status of the application, and shall report to the Congress in detail on the reasons for the further delay and any further actions being taken by the United States Government to secure conclusion of the multilateral review. In addition, at the time at which the Secretary issues or denies the license upon conclusion of the multilateral review, the Secretary shall notify the Congress of such issuance or denial and of the total time required for the multilateral review.

(i) Records

The Secretary and any department or agency to which any application is referred under this section shall keep accurate records with respect to all applications considered by the Secretary or by any such department or agency, including, in the case of the Secretary, any dissenting recommendations received from any such department or agency.

(j) Appeal and court action

(1) The Secretary shall establish appropriate procedures for any applicant to appeal to the Secretary the denial of an export license application of the applicant.

(2) In any case in which any action prescribed in this section is not taken on a license application within the time periods established by this section (except in the case of a time period extended under subsection (f)(4) of which the applicant is notified), the applicant may file a petition with the Secretary requesting compliance with the requirements of this section. When such petition is filed, the Secretary shall take immediate steps to correct the situation giving rise to the petition and shall immediately notify the applicant of such steps.

(3) If, within 20 days after a petition is filed under paragraph (2), the processing of the application has not been brought into conformity with the requirements of this section, or the application has been brought into conformity with such requirements but the Secretary has not so notified the applicant, the applicant may bring an action in an appropriate United States district court for a restraining order, a temporary or permanent injunction, or other appropriate relief, to require compliance with the requirements of this section. The United States district courts shall have jurisdiction to provide such relief, as appropriate.

(k) Changes in requirements for applications

Except as provided in subsection (b)(3) of this section, in any case in which, after a license application is submitted, the Secretary changes the requirements for such a license application, the Secretary may request appropriate additional information of the applicant, but the Secretary may not return the application to the applicant without action because it fails to meet the changed requirements.

(l) Other inquiries

(1) In any case in which the Secretary receives a written request asking for the proper classification of a good or technology on the control list, the Secretary shall, within 10 working days after receipt of the request, inform the person making the request of the proper classification.

(2) In any case in which the Secretary receives a written request for information about the applicability of export license requirements under this Act [sections 2401 to 2420 of this Appendix] to a proposed export transaction or series of transactions, the Secretary shall, within 30 days after receipt of the request, reply with that information to the person making the request.

(m) Small business assistance

Not later than 120 days after the date of the enactment of this subsection [July 12, 1985], the Secretary shall develop and transmit to the Congress a plan to assist small businesses in the export licensing application process under this Act [sections 2401 to 2420 of this Appendix]. The plan shall include, among other things, arrangements for counseling small businesses on filing applications and identifying goods or technology on the control list, proposals for seminars and conferences to educate small businesses on export controls and licensing procedures, and the preparation of informational brochures. The Secretary shall, not later than 120 days after the date of the enactment of the Export Enhancement Act of 1988 [Aug. 23, 1988], report to the Congress on steps taken to implement the plan developed under this subsection to assist small businesses in the export licensing application process.

(n) Reports on license applications

(1) Not later than 180 days after the date of the enactment of this subsection [July 12, 1985], and not later than the end of each 3-month period thereafter, the Secretary shall submit to the Committee on Foreign Affairs of the House of Representatives and to the Committee on Banking, Housing, and Urban Affairs of the Senate a report listing—

(A) all applications on which action was completed during the preceding 3-month period and which required a period longer than the period permitted under subsection (c), (f)(1), or (h) of this section, as the case may be, before notification of a decision to approve or deny the application was sent to the applicant; and

(B) in a separate section, all applications which have been in process for a period longer than the period permitted under subsection (c), (f)(1), or (h) of this section, as the case may be, and upon which final action has not been taken.

(2) With regard to each application, each listing shall identify—

(A) the application case number;

(B) the value of the goods or technology to which the application relates;

(C) the country of destination of the goods or technology;

(D) the date on which the application was received by the Secretary;

(E) the date on which the Secretary approved or denied the application;

(F) the date on which the notification of approval or denial of the application was sent to the applicant; and

(G) the total number of days which elapsed between receipt of the application, in its properly completed form, and the earlier of the last day of the 3-month period to which the report relates, or the date on which notification of approval or denial of the application was sent to the applicant.

(3) With respect to an application which was referred to other departments or agencies, the listing shall also include—

(A) the departments or agencies to which the application was referred;

(B) the date or dates of such referral; and

(C) the date or dates on which recommendations were received from those departments or agencies.

(4) With respect to an application referred to any other department or agency which did not submit or has not submitted its recommendations on the application within the period permitted under subsection (e) of this section to submit such recommendations, the listing shall also include—

(A) the office responsible for processing the application and the position of the officer responsible for the office; and

(B) the period of time that elapsed before the recommendations were submitted or that has elapsed since referral of the application, as the case may be.

(5) Each report shall also provide an introduction which contains—

(A) a summary of the number of applications described in paragraph (1)(A) and (B) of this subsection, and the value of the goods or technology involved in the applications, grouped

according to—

(i) the number of days which elapsed before action on the applications was completed, or which has elapsed without action on the applications being completed, as follows: 61 to 75 days, 76 to 90 days, 91 to 105 days, 106 to 120 days, and more than 120 days; and

(ii) the number of days which elapsed before action on the applications was completed, or which has elapsed without action on the applications being completed, beyond the period permitted under subsection (c), (f)(1), or (h) of this section for the processing of applications, as follows: not more than 15 days, 16 to 30 days, 31 to 45 days, 46 to 60 days, and more than 60 days; and

(B) a summary by country of destination of the number of applications described in paragraph (1)(A) and (B) of this subsection, and the value of the goods or technology involved in the applications, on which action was not completed within 60 days.

(o) Exports to members of Coordinating Committee

(1) Fifteen working days after the date of formal filing with the Secretary of an individual validated license application for the export of goods or technology to a country that maintains export controls on such goods or technology pursuant to the agreement of the governments participating in the group known as the Coordinating Committee, a license for the transaction specified in the application shall become valid and effective and the goods or technology are authorized for export pursuant to such license unless—

The President shall notify the Congress of each action taken under this section. This section, except subsections (h) and (j), applies only to violations that occur after the date of the enactment of the Export Enhancement Act of 1988 [Aug. 23, 1988].

(A) products or services provided under contracts or other binding agreements (as such terms are defined by the President in regulations) entered into before the date on which the President notifies the Congress of the intention to impose the sanctions;

(C) component parts, but not finished products, essential to United States products or production;

(D) routine servicing and maintenance of products; or

(E) information and technology.

(d) Exclusion

The President shall not apply sanctions under this section to a parent, affiliate, subsidiary, and successor entity of a foreign person if the President determines that—

(1) the term “component part” means any article which is not usable for its intended functions without being imbedded in or integrated into any other product and which, if used in production of a finished product, would be substantially transformed in that process;

(2) the term “finished product” means any article which is usable for its intended functions without being imbedded or integrated into any other product, but in no case shall such term be deemed to include an article produced by a person other than a sanctioned person that contains parts or components of the sanctioned person if the parts or components have been substantially transformed during production of the finished product; and

(3) the term “sanctioned person” means a foreign person, and any parent, affiliate, subsidiary, or successor entity of the foreign person, upon whom sanctions have been imposed under this section.

(f) Subsequent modifications of sanctions

The President may, after consultation with the Congress, limit the scope of sanctions applied to a parent, affiliate, subsidiary, or successor entity of the foreign person determined to have committed the violation on account of which the sanctions were imposed if the President determines that—

(1) the parent, affiliate, subsidiary, or successor entity (as the case may be) has not, on the basis of available evidence, itself violated the export control regulation involved, either directly or through a course of conduct;

(2) the government with jurisdiction over the parent, affiliate, subsidiary, or successor entity has improved its export control system as measured by the criteria set forth in subsection (d)(2);

(3) the parent, affiliate, subsidiary, or successor entity, has instituted improvements in internal controls sufficient to detect and prevent violations of the export control regime implemented under paragraph (2); and

(4) the impact of the sanctions imposed on the parent, affiliate, subsidiary, or successor entity is proportionate to the increased defense expenditures imposed on the United States.

Notwithstanding the preceding sentence, the President may not limit the scope of the sanction referred to in subsection (b)(1) with respect to the parent of the foreign person determined to have committed the violation, until that sanction has been in effect for at least 2 years.

(g) Reports to Congress

The President shall include in the annual report submitted under section 14 [section 2413 of this Appendix], a report on the status of any sanctions imposed under this section, including any exceptions, exclusions, or modifications of sanctions that have been applied under subsection (c), (d), or (f).

(h) Discretionary imposition of sanctions

If the President determines that a foreign person has violated a regulation issued by a country to control exports for national security purposes pursuant to the agreement of the group known as the Coordinating Committee, but in a case in which subsection (a)(2) may not apply, the President may apply the sanctions referred to in subsection (b) against that foreign person for a period of not more than 5 years.

(i) Compensation for diversion of militarily critical technologies to controlled countries

(1) In cases in which sanctions have been applied against a foreign person under subsection (a), the President shall initiate discussions with the foreign person and the government with jurisdiction over that foreign person regarding compensation on the part of the foreign person in an amount proportionate to the costs of research and development and procurement of new defensive systems by the United States and the allies of the United States to counteract the effect of the technological advance achieved by the Soviet Union as a result of the violation by that foreign person.

(2) The President shall, at the time that discussions are initiated under paragraph (1), report to the Congress that such discussions are being undertaken, and shall report to the Congress the outcome of those discussions.

(j) Other actions by the President

Upon making a determination under subsection (a) or (h), the President shall—

(1) initiate consultations with the foreign government with jurisdiction over the foreign person who committed the violation involved, in order to seek prompt remedial action by that government;

(2) initiate discussions with the governments participating in the Coordinating Committee regarding the violation and means to ensure that similar violations do not occur; and

(3) consult with and report to the Congress on the nature of the violation and the actions the President proposes to take, or has taken, to rectify the situation.

(k) Damages for certain violations

(1) In any case in which the President makes a determination under subsection (a), the Secretary of Defense shall determine the costs of restoring the military preparedness of the United States on account of the violation involved. The Secretary of Defense shall notify the Attorney General of his determination, and the Attorney General may bring an action for damages, in any appropriate district court of the United States, to recover such costs against the person who committed the violation, any person that is owned or controlled by the person who committed the violation, and any person who owns and controls the person who committed the violation.

(3) ¹ The total amount awarded in any case brought under paragraph (2) ¹ shall be determined by the court in light of the facts and circumstances, but shall not exceed the amount of the net loss to the national security of the United States. An action under this subsection shall be commenced not later than 3 years after the violation occurs, or one year after the violation is discovered, whichever is later.

§2410b. Missile proliferation control violations

(a) Violations by United States persons

(1) Sanctions

(A) If the President determines that a United States person knowingly—

(i) exports, transfers, or otherwise engages in the trade of any item on the MTCR Annex, in violation of the provisions of section 38 (22 U.S.C. 2778) or chapter 7 of the Arms Export Control Act [22 U.S.C. 2797 et seq.], section 5 or 6 of this Act [section 2404 or 2405 of this Appendix], or any regulations or orders issued under any such provisions,

then the President shall impose the applicable sanctions described in subparagraph (B).

(B) The sanctions which apply to a United States person under subparagraph (A) are the following:

(i) If the item on the MTCR Annex involved in the export, transfer, or trade is missile equipment or technology within category II of the MTCR Annex, then the President shall deny to such United States person, for a period of 2 years, licenses for the transfer of missile equipment or technology controlled under this Act [sections 2401 to 2420 of this Appendix].

(ii) If the item on the MTCR Annex involved in the export, transfer, or trade is missile equipment or technology within category I of the MTCR Annex, then the President shall deny to such United States person, for a period of not less than 2 years, all licenses for items the export of which is controlled under this Act [sections 2401 to 2420 of this Appendix].

(2) Discretionary sanctions

In the case of any determination referred to in paragraph (1), the Secretary may pursue any

other appropriate penalties under section 11 of this Act [section 2410 of this Appendix].

(3) Waiver

The President may waive the imposition of sanctions under paragraph (1) on a person with respect to a product or service if the President certifies to the Congress that—

(A) the product or service is essential to the national security of the United States; and

(B) such person is a sole source supplier of the product or service, the product or service is not available from any alternative reliable supplier, and the need for the product or service cannot be met in a timely manner by improved manufacturing processes or technological developments.

(b) Transfers of missile equipment or technology by foreign persons

(1) Sanctions

(A) Subject to paragraphs (3) through (7), if the President determines that a foreign person, after the date of the enactment of this section [Nov. 5, 1990], knowingly—

(i) exports, transfers, or otherwise engages in the trade of any MTCR equipment or technology that contributes to the design, development, or production of missiles in a country that is not an MTCR adherent and would be, if it were United States-origin equipment or technology, subject to the jurisdiction of the United States under this Act [sections 2401 to 2420 of this Appendix],

(ii) conspires to or attempts to engage in such export, transfer, or trade, or

(iii) facilitates such export, transfer, or trade by any other person,

or if the President has made a determination with respect to a foreign person under section 73(a) of the Arms Export Control Act [22 U.S.C. 2797b(a)], then the President shall impose on that foreign person the applicable sanctions under subparagraph (B).

(B) The sanctions which apply to a foreign person under subparagraph (A) are the following:

(i) If the item involved in the export, transfer, or trade is within category II of the MTCR Annex, then the President shall deny, for a period of 2 years, licenses for the transfer to such foreign person of missile equipment or technology the export of which is controlled under this Act [sections 2401 to 2420 of this Appendix].

(ii) If the item involved in the export, transfer, or trade is within category I of the MTCR Annex, then the President shall deny, for a period of not less than 2 years, licenses for the transfer to such foreign person of items the export of which is controlled under this Act [sections 2401 to 2420 of this Appendix].

(iii) If, in addition to actions taken under clauses (i) and (ii), the President determines that the export, transfer, or trade has substantially contributed to the design, development, or production of missiles in a country that is not an MTCR adherent, then the President shall prohibit, for a period of not less than 2 years, the importation into the United States of products produced by that foreign person.

(2) Inapplicability with respect to MTCR adherents

Paragraph (1) does not apply with respect to—

(A) any export, transfer, or trading activity that is authorized by the laws of an MTCR adherent, if such authorization is not obtained by misrepresentation or fraud; or

(3) Effect of enforcement actions by MTCR adherents

Sanctions set forth in paragraph (1) may not be imposed under this subsection on a person with respect to acts described in such paragraph or, if such sanctions are in effect against a person on account of such acts, such sanctions shall be terminated, if an MTCR adherent is taking judicial or

other enforcement action against that person with respect to such acts, or that person has been found by the government of an MTCR adherent to be innocent of wrongdoing with respect to such acts.

(4) Advisory opinions

The Secretary, in consultation with the Secretary of State and the Secretary of Defense, may, upon the request of any person, issue an advisory opinion to that person as to whether a proposed activity by that person would subject that person to sanctions under this subsection. Any person who relies in good faith on such an advisory opinion which states that the proposed activity would not subject a person to such sanctions, and any person who thereafter engages in such activity, may not be made subject to such sanctions on account of such activity.

(5) Waiver and report to Congress

(A) In any case other than one in which an advisory opinion has been issued under paragraph (4) stating that a proposed activity would not subject a person to sanctions under this subsection, the President may waive the application of paragraph (1) to a foreign person if the President determines that such waiver is essential to the national security of the United States.

(B) In the event that the President decides to apply the waiver described in subparagraph (A), the President shall so notify the Congress not less than 20 working days before issuing the waiver. Such notification shall include a report fully articulating the rationale and circumstances which led the President to apply the waiver.

(6) Additional waiver

The President may waive the imposition of sanctions under paragraph (1) on a person with respect to a product or service if the President certifies to the Congress that—

(A) the product or service is essential to the national security of the United States; and

(B) such person is a sole source supplier of the product or service, the product or service is not available from any alternative reliable supplier, and the need for the product or service cannot be met in a timely manner by improved manufacturing processes or technological developments.

(7) Exceptions

The President shall not apply the sanction under this subsection prohibiting the importation of the products of a foreign person—

(A) in the case of procurement of defense articles or defense services—

(i) under existing contracts or subcontracts, including the exercise of options for production quantities to satisfy requirements essential to the national security of the United States;

(ii) if the President determines that the person to which the sanctions would be applied is a sole source supplier of the defense articles and services, that the defense articles or services are essential to the national security of the United States, and that alternative sources are not readily or reasonably available; or

(iii) if the President determines that such articles or services are essential to the national security of the United States under defense coproduction agreements or NATO Programs of Cooperation;

(B) to products or services provided under contracts entered into before the date on which the President publishes his intention to impose the sanctions; or

(C) to—

(i) spare parts,

(ii) component parts, but not finished products, essential to United States products or production,

(iii) routine services and maintenance of products, to the extent that alternative sources are not readily or reasonably available, or

§2410c. Chemical and biological weapons proliferation sanctions

(a) Imposition of sanctions

(1) Determination by the President

Except as provided in subsection (b)(2), the President shall impose both of the sanctions described in subsection (c) if the President determines that a foreign person, on or after October 28, 1991, has knowingly and materially contributed—

(A) through the export from the United States of any goods or technology that are subject to

the jurisdiction of the United States under this Act [sections 2401 to 2420 of this Appendix], or (B) through the export from any other country of any goods or technology that would be, if they were United States goods or technology, subject to the jurisdiction of the United States under this Act [sections 2401 to 2420 of this Appendix],

to the efforts by any foreign country, project, or entity described in paragraph (2) to use, develop, produce, stockpile, or otherwise acquire chemical or biological weapons.

(2) Countries, projects, or entities receiving assistance

Paragraph (1) applies in the case of—

(A) any foreign country that the President determines has, at any time after January 1, 1980—

- (i) used chemical or biological weapons in violation of international law;
- (ii) used lethal chemical or biological weapons against its own nationals; or
- (iii) made substantial preparations to engage in the activities described in clause (i) or (ii);

Sanctions shall be imposed pursuant to paragraph (1) on—

(A) the foreign person with respect to which the President makes the determination described in that paragraph;

(C) any foreign person that is a parent or subsidiary of that foreign person if that parent or subsidiary knowingly assisted in the activities which were the basis of that determination; and

(b) Consultations with and actions by foreign government of jurisdiction

(1) Consultations

If the President makes the determinations described in subsection (a)(1) with respect to a foreign person, the Congress urges the President to initiate consultations immediately with the government with primary jurisdiction over that foreign person with respect to the imposition of sanctions pursuant to this section.

(2) Actions by government of jurisdiction

In order to pursue such consultations with that government, the President may delay imposition of sanctions pursuant to this section for a period of up to 90 days. Following these consultations, the President shall impose sanctions unless the President determines and certifies to the Congress that that government has taken specific and effective actions, including appropriate penalties, to terminate the involvement of the foreign person in the activities described in subsection (a)(1). The President may delay imposition of sanctions for an additional period of up to 90 days if the President determines and certifies to the Congress that that government is in the process of taking the actions described in the preceding sentence.

(A) in the case of procurement of defense articles or defense services—

- (i) under existing contracts or subcontracts, including the exercise of options for production quantities to satisfy United States operational military requirements;
- (ii) if the President determines that the person or other entity to which the sanctions would otherwise be applied is a sole source supplier of the defense articles or services, that the defense articles or services are essential, and that alternative sources are not readily or reasonably available; or
- (iii) if the President determines that such articles or services are essential to the national security under defense coproduction agreements;

(B) to products or services provided under contracts entered into before the date on which the President publishes his intention to impose sanctions;

(e) Waiver

(1) Criterion for waiver

The President may waive the application of any sanction imposed on any person pursuant to this section, after the end of the 12-month period beginning on the date on which that sanction was imposed on that person, if the President determines and certifies to the Congress that such waiver is important to the national security interests of the United States.

(2) Notification of and report to Congress

If the President decides to exercise the waiver authority provided in paragraph (1), the President shall so notify the Congress not less than 20 days before the waiver takes effect. Such notification

shall include a report fully articulating the rationale and circumstances which led the President to exercise the waiver authority.

§2411. Enforcement

(a) General authority

(1) To the extent necessary or appropriate to the enforcement of this Act [sections 2401 to 2420 of this Appendix] or to the imposition of any penalty, forfeiture, or liability arising under the Export Control Act of 1949 [former sections 2021 to 2032 of this Appendix] or the Export Administration Act of 1969 [former sections 2401 to 2413 of this Appendix], the head of any department or agency exercising any function thereunder (and officers or employees of such department or agency specifically designated by the head thereof) may make such investigations within the United States, and the Commissioner of Customs (and officers or employees of the United States Customs Service specifically designated by the Commissioner) may make such investigations outside of the United States, and the head of such department or agency (and such officers or employees) may obtain such information from, require such reports or the keeping of such records by, make such inspection of the books, records, and other writings, premises, or property of, and take the sworn testimony of, any person. In addition, such officers or employees may administer oaths or affirmations, and may by subpoena require any person to appear and testify or to appear and produce books, records, and other writings, or both, and in the case of contumacy by, or refusal to obey a subpoena issued to, any such person, a district court of the United States, after notice to any such person and hearing, shall have jurisdiction to issue an order requiring such person to appear and give testimony or to appear and produce books, records, and other writings, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof. In addition to the authority conferred by this paragraph, the Secretary (and officers or employees of the Department of Commerce designated by the Secretary) may conduct, outside the United States, pre-license investigations and post-shipment verifications of items licensed for export, and investigations in the enforcement of section 8 of this Act [section 2407 of this Appendix].

(2)(A) Subject to subparagraph (B) of this paragraph, the United States Customs Service is authorized, in the enforcement of this Act [sections 2401 to 2420 of this Appendix], to search, detain (after search), and seize goods or technology at those ports of entry or exit from the United States

where officers of the Customs Service are authorized by law to conduct such searches, detentions, and seizures, and at those places outside the United States where the Customs Service, pursuant to agreements or other arrangements with other countries, is authorized to perform enforcement activities.

(B) An officer of the United States Customs Service may do the following in carrying out enforcement authority under this Act [sections 2401 to 2420 of this Appendix]:

(i) Stop, search, and examine a vehicle, vessel, aircraft, or person on which or whom such officer has reasonable cause to suspect there are any goods or technology that has been, is being, or is about to be exported from the United States in violation of this Act [sections 2401 to 2420 of this Appendix].

(ii) Search any package or container in which such officer has reasonable cause to suspect there are any goods or technology that has been, is being, or is about to be exported from the United States in violation of this Act [sections 2401 to 2420 of this Appendix].

(iii) Detain (after search) or seize and secure for trial any goods or technology on or about such vehicle, vessel, aircraft, or person, or in such package or container, if such officer has probable cause to believe the goods or technology has been, is being, or is about to be exported from the United States in violation of this Act [sections 2401 to 2420 of this Appendix].

(iv) Make arrests without warrant for any violation of this Act [sections 2401 to 2420 of this Appendix] committed in his or her presence or view or if the officer has probable cause to believe that the person to be arrested has committed or is committing such a violation.

The arrest authority conferred by clause (iv) of this subparagraph is in addition to any arrest authority under other laws. The Customs Service may not detain for more than 20 days any shipment of goods or technology eligible for export under a general license under section 4(a)(3) [section 2403(a)(3) of this Appendix]. In a case in which such detention is on account of a disagreement between the Secretary and the head of any other department or agency with export license authority under other provisions of law concerning the export license requirements for such goods or technology, such disagreement shall be resolved within that 20-day period. At the end of that 20-day period, the Customs Service shall either release the goods or technology, or seize the goods or technology as authorized by other provisions of law.

(3)(A) Subject to subparagraph (B) of this paragraph, the Secretary shall have the responsibility for the enforcement of section 8 of this Act [section 2407 of this Appendix] and, in the enforcement of the other provisions of this Act [sections 2401 to 2420 of this Appendix], the Secretary is authorized to search, detain (after search), and seize goods or technology at those places within the United States other than those ports specified in paragraph (2)(A) of this subsection. The search, detention (after search), or seizure of goods or technology at those ports and places specified in paragraph (2)(A) may be conducted by officers or employees of the Department of Commerce designated by the Secretary with the concurrence of the Commissioner of Customs or a person designated by the Commissioner.

(ii) Make arrests without warrant for any violation of this Act [sections 2401 to 2420 of this Appendix] committed in his or her presence or view, or if the officer or employee has probable cause to believe that the person to be arrested has committed or is committing such a violation.

(iii) Carry firearms in carrying out any activity described in clause (i) or (ii).

(4) The authorities first conferred by the Export Administration Amendments Act of 1985 under paragraph (3) shall be exercised pursuant to guidelines approved by the Attorney General. Such guidelines shall be issued not later than 120 days after the date of the enactment of the Export

Administration Amendments Act of 1985 [July 12, 1985].

(8) For purposes of this section, a reference to the enforcement of this Act [sections 2401 to 2420 of this Appendix] or to a violation of this Act [sections 2401 to 2420 of this Appendix] includes a reference to the enforcement or a violation of any regulation, order, or license issued under this Act [sections 2401 to 2420 of this Appendix].

(1) Except as otherwise provided by the third sentence of section 8(b)(2) [section 2407(b)(2) of this Appendix] and by section 11(c)(2)(C) of this Act [section 2410(c)(2)(C) of this Appendix], information obtained under this Act [sections 2401 to 2420 of this Appendix] on or before June 30, 1980, which is deemed confidential, including Shippers' Export Declarations, or with reference to which a request for confidential treatment is made by the person furnishing such information, shall be exempt from disclosure under section 552 of title 5, United States Code, and such information shall not be published or disclosed unless the Secretary determines that the withholding thereof is contrary to the national interest. Information obtained under this Act [sections 2401 to 2420 of this Appendix] after June 30, 1980, may be withheld only to the extent permitted by statute, except that information obtained for the purpose of consideration of, or concerning, license applications under this Act [sections 2401 to 2420 of this Appendix] shall be withheld from public disclosure unless the release of such information is determined by the Secretary to be in the national interest. Enactment of this subsection shall not affect any judicial proceeding commenced under section 552 of title 5, United States Code, to obtain access to boycott reports submitted prior to October 31, 1976, which was pending on May 15, 1979; but such proceeding shall be continued as if this Act [sections 2401 to 2420 of this Appendix] had not been enacted.

(2) Nothing in this Act [sections 2401 to 2420 of this Appendix] shall be construed as authorizing the withholding of information from the Congress or from the Government Accountability Office. All information obtained at any time under this Act [sections 2401 to 2420 of this Appendix] or previous Acts regarding the control of exports, including any report or license application required under this Act [sections 2401 to 2420 of this Appendix], shall be made available to any committee or subcommittee of Congress of appropriate jurisdiction upon request of the chairman or ranking minority member of such committee or subcommittee. No such committee or subcommittee, or member thereof, shall disclose any information obtained under this Act [sections 2401 to 2420 of this Appendix] or previous Acts regarding the control of exports which is submitted on a confidential basis unless the full committee determines that the withholding of that information is contrary to the

The provisions of this paragraph shall not apply to information subject to the restrictions set forth in section 9 of title 13, United States Code; and return information, as defined in subsection (b) of section 6103 of the Internal Revenue Code of 1986 [26 U.S.C. 6103(b)], may be disclosed only as authorized by such section. The Secretary and the Commissioner of Customs, upon request, shall exchange any licensing and enforcement information with each other which is necessary to facilitate enforcement efforts and effective license decisions. The Secretary, the Attorney General, and the Commissioner of Customs shall consult on a continuing basis with one another and with the heads of other departments and agencies which obtain information subject to this paragraph, in order to facilitate the exchange of such information.

(d) Reporting requirements

In the administration of this Act [sections 2401 to 2420 of this Appendix], reporting requirements shall be so designed as to reduce the cost of reporting, recordkeeping, and export documentation required under this Act [sections 2401 to 2420 of this Appendix] to the extent feasible consistent with effective enforcement and compilation of useful trade statistics. Reporting, recordkeeping, and export documentation requirements shall be periodically reviewed and revised in the light of developments in the field of information technology.

(e) Simplification of regulations

The Secretary, in consultation with appropriate United States Government departments and agencies and with appropriate technical advisory committees established under section 5(h) [section 2404(h) of this Appendix], shall review the regulations issued under this Act [sections 2401 to 2420 of this Appendix] and the commodity control list in order to determine how compliance with the provisions of this Act [sections 2401 to 2420 of this Appendix] can be facilitated by simplifying such regulations, by simplifying or clarifying such list, or by any other means.

§2411a. Omitted

CODIFICATION

A prior section 2411a, Pub. L. 91–184, §13, as added Pub. L. 95–52, title I, §102, June 22, 1977, 91 Stat. 235, authorizing appropriations to carry out purposes of provisions of Export Administration Act of 1969, expired on Sept. 30, 1979.

§2412. Administrative procedure and judicial review

(a) Exemption

Except as provided in section 11(c)(2) [section 2410(c)(2) of this Appendix] and subsection (c) of this section, the functions exercised under this Act [sections 2401 to 2420 of this Appendix] are excluded from the operation of sections 551, 553 through 559, and 701 through 706 of title 5, United States Code.

(b) Public participation

It is the intent of the Congress that, to the extent practicable, all regulations imposing controls on exports under this Act [sections 2401 to 2420 of this Appendix] be issued in proposed form with meaningful opportunity for public comment before taking effect. In cases where a regulation imposing controls under this Act [sections 2401 to 2420 of this Appendix] is issued with immediate effect, it is the intent of the Congress that meaningful opportunity for public comment also be provided and that the regulation be reissued in final form after public comments have been fully considered.

(c) Procedures relating to civil penalties and sanctions

(1) In any case in which a civil penalty or other civil sanction (other than a temporary denial order or a penalty or sanction for a violation of section 8 [section 2407 of this Appendix]) is sought under section 11 of this Act [section 2410 of this Appendix], the charged party is entitled to receive a formal complaint specifying the charges and, at his or her request, to contest the charges in a hearing before an administrative law judge. Subject to the provisions of this subsection, any such hearing shall be conducted in accordance with sections 556 and 557 of title 5, United States Code. With the approval of the administrative law judge, the Government may present evidence in camera in the presence of the charged party or his or her representative. After the hearing, the administrative law judge shall make findings of fact and conclusions of law in a written decision, which shall be referred to the Secretary. The Secretary shall, in a written order, affirm, modify, or vacate the decision of the administrative law judge within 30 days after receiving the decision. The order of the Secretary shall be final and is not subject to judicial review, except as provided in paragraph (3).

(2) The proceedings described in paragraph (1) shall be concluded within a period of 1 year after the complaint is submitted, unless the administrative law judge extends such period for good cause shown.

(3) The order of the Secretary under paragraph (1) shall be final, except that the charged party may, within 15 days after the order is issued, appeal the order in the United States Court of Appeals for the District of Columbia Circuit, which shall have jurisdiction of the appeal. The court may, while the appeal is pending, stay the order of the Secretary. The court may review only those issues necessary to determine liability for the civil penalty or other sanction involved. In an appeal filed under this paragraph, the court shall set aside any finding of fact for which the court finds there is not substantial evidence on the record and any conclusion of law which the court finds to be arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law.

(4) An administrative law judge referred to in this subsection shall be appointed by the Secretary from among those considered qualified for selection and appointment under section 3105 of title 5,

United States Code. Any person who, for at least 2 of the 10 years immediately preceding the date of the enactment of the Export Administration Amendments Act of 1985 [July 12, 1985], has served as a hearing commissioner of the Department of Commerce shall be included among those considered as qualified for selection and appointment to such position.

(d) Imposition of temporary denial orders

(1) In any case in which it is necessary, in the public interest, to prevent an imminent violation of this Act [sections 2401 to 2420 of this Appendix] or any regulation, order, or license issued under this Act [sections 2401 to 2420 of this Appendix], the Secretary may, without a hearing, issue an order temporarily denying United States export privileges (hereinafter in this subsection referred to as a “temporary denial order”) to a person. A temporary denial order may be effective no longer than 180 days unless renewed in writing by the Secretary for additional 180-day periods in order to prevent such an imminent violation, except that a temporary denial order may be renewed only after notice and an opportunity for a hearing is provided.

(2) A temporary denial order shall define the imminent violation and state why the temporary denial order was granted without a hearing. The person or persons subject to the issuance or renewal of a temporary denial order may file an appeal of the issuance or renewal of the temporary denial order with an administrative law judge who shall, within 10 working days after the appeal is filed, recommend that the temporary denial order be affirmed, modified, or vacated. Parties may submit briefs and other material to the judge. The recommendation of the administrative law judge shall be submitted to the Secretary who shall either accept, reject, or modify the recommendation by written order within 5 working days after receiving the recommendation. The written order of the Secretary under the preceding sentence shall be final and is not subject to judicial review, except as provided in paragraph (3). The temporary denial order shall be affirmed only if it is reasonable to believe that the order is required in the public interest to prevent an imminent violation of this Act [sections 2401 to 2420 of this Appendix] or any regulation, order, or license issued under this Act [sections 2401 to 2420 of this Appendix]. All materials submitted to the administrative law judge and the Secretary shall constitute the administrative record for purposes of review by the courts.

(3) An order of the Secretary affirming, in whole or in part, the issuance of a temporary denial order may, within 15 days after the order is issued, be appealed by a person subject to the order to the United States Court of Appeals for the District of Columbia Circuit, which shall have jurisdiction of the appeal. The court may review only those issues necessary to determine whether the standard for issuing the temporary denial order has been met. The court shall vacate the Secretary's order if the court finds that the Secretary's order is arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law.

(e) Appeals from license denials

A determination of the Secretary, under section 10(f) of this Act [section 2409(f) of this Appendix], to deny a license may be appealed by the applicant to an administrative law judge who shall have the authority to conduct proceedings to determine only whether the item sought to be exported is in fact on the control list. Such proceedings shall be conducted within 90 days after the appeal is filed. Any determination by an administrative law judge under this subsection and all materials filed before such judge in the proceedings shall be reviewed by the Secretary, who shall either affirm or vacate the determination in a written decision within 30 days after receiving the determination. The Secretary's written decision shall be final and is not subject to judicial review. Subject to the limitations provided in section 12(c) of this Act [section 2411(c) of this Appendix], the Secretary's decision shall be published in the Federal Register.

The preceding sentence does not require the concurrence or approval of any official, department, or agency to which such regulations are submitted.

(c) Amendments to regulations

If the Secretary proposes to amend regulations issued under this Act [sections 2401 to 2420 of this Appendix], the Secretary shall report to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Foreign Affairs of the House of Representatives on the intent and rationale of such amendments.
