If a State fails to meet at least 90 percent of an agreed upon State adjusted level of performance for any of the core indicators of performance described in section 2323(b)(3) of this title, the eligible agency shall develop and implement a program improvement plan (with special consideration to performance gaps identified under section 2323(c)(2) of this title) in consultation with the appropriate agencies, individuals, and organizations during the first program year succeeding the program year for which the eligible agency failed to so meet the State adjusted level of performance for any of the core indicators of performance.

(2) Technical assistance

If the Secretary determines that an eligible agency is not properly implementing the eligible agency's responsibilities under section 2342 of this title, or is not making substantial progress in meeting the purposes of this chapter, based on the State's adjusted levels of performance, the Secretary shall work with the eligible agency to implement the improvement activities consistent with the requirements of this chapter.

(3) Subsequent action

(A) In general

The Secretary may, after notice and opportunity for a hearing, withhold from an eligible agency all, or a portion, of the eligible agency's allotment under paragraphs (2) and (3) of section 2322(a) of this title if the eligible agency—

(4) Funds resulting from reduced allotments

The Secretary shall use funds withheld under paragraph (3) for a State served by an eligible agency to provide technical assistance, to assist in the development of an improved State improvement plan, or for other improvement activities consistent with the requirements of this chapter for such State.

(1) Local evaluation

Each eligible agency shall evaluate annually, using the local adjusted levels of performance described in section 2323(b)(4) of this title, the career and technical education activities of each eligible recipient receiving funds under this subchapter.

(2) Plan

If, after reviewing the evaluation in paragraph (1), the eligible agency determines that an eligible recipient failed to meet at least 90 percent of an agreed upon local adjusted level of performance for any of the core indicators of performance described in section 2323(b)(4) of this title, the eligible recipient shall develop and implement a program improvement plan (with special consideration to performance gaps identified under section 2323(b)(4)(C)(ii)(II) of this title) in consultation with the eligible agency, appropriate agencies, individuals, and organizations during the first program year succeeding the program year for which the eligible recipient failed to so meet any of the local adjusted levels of performance for any of the core indicators of performance.

PART C—LOCAL PROVISIONS

§2351. Distribution of funds to secondary education programs

(1) Thirty percent

Thirty percent shall be allocated to such local educational agencies in proportion to the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency for the preceding fiscal year compared to the total number of such individuals who reside in the school districts served by all local educational agencies in the State for such preceding fiscal year, as determined on the basis of the most recent satisfactory—

(A) data provided to the Secretary by the Bureau of the Census for the purpose of determining eligibility under title I of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.]; or

(B) student membership data collected by the National Center for Education Statistics through the Common Core of Data survey system.

(2) Seventy percent

Seventy percent shall be allocated to such local educational agencies in proportion to the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency and are from families below the poverty level for the preceding fiscal year, as determined on the basis of the most recent satisfactory data used under section 1124(c)(1)(A) of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6333(c)(1)(A)],

compared to the total number of such individuals who reside in the school districts served by all the local educational agencies in the State for such preceding fiscal year.

(3) Adjustments

Each eligible agency, in making the allocations under paragraphs (1) and (2), shall adjust the data used to make the allocations to—

(A) reflect any change in school district boundaries that may have occurred since the data were collected; and

(B) include local educational agencies without geographical boundaries, such as charter schools and secondary schools funded by the Bureau of Indian Affairs.

(b) Waiver for more equitable distribution

The Secretary may waive the application of subsection (a) in the case of any eligible agency that submits to the Secretary an application for such a waiver that—

(1) demonstrates that a proposed alternative formula more effectively targets funds on the basis of poverty (as defined by the Office of Management and Budget and revised annually in accordance with section 9902(2) of title 42) to local educational agencies within the State than the formula described in subsection (a); and

(2) includes a proposal for such an alternative formula.

(c) Minimum allocation

(1) In general

Except as provided in paragraph (2), a local educational agency shall not receive an allocation under subsection (a) unless the amount allocated to such agency under subsection (a) is greater than $15,000. A local educational agency may enter into a consortium with other local educational agencies for purposes of meeting the minimum allocation requirement of this paragraph.

(2) Waiver

The eligible agency shall waive the application of paragraph (1) in any case in which the local educational agency—

(A)(i) is located in a rural, sparsely populated area; or

(ii) is a public charter school operating secondary school career and technical education programs; and

(B) demonstrates that the local educational agency is unable to enter into a consortium for purposes of providing activities under this part.

(3) Redistribution

Any amounts that are not allocated by reason of paragraph (1) or paragraph (2) shall be redistributed to local educational agencies that meet the requirements of paragraph (1) or (2) in accordance with the provisions of this section.

(d) Limited jurisdiction agencies

(1) In general

In applying the provisions of subsection (a), no eligible agency receiving assistance under this subchapter shall allocate funds to a local educational agency that serves only elementary schools, but shall distribute such funds to the local educational agency or regional educational agency that provides secondary school services to secondary school students in the same attendance area.

(2) Special rule

The amount to be allocated under paragraph (1) to a local educational agency that has jurisdiction only over secondary schools shall be determined based on the number of students that entered such secondary schools in the previous year from the elementary schools involved.

(e) Allocations to area career and technical education schools and educational service agencies

(1) In general

Each eligible agency shall distribute the portion of funds made available under section 2322(a)(1) of this title for any fiscal year by such eligible agency for career and technical education activities at the secondary level under this section to the appropriate area career and technical education school or educational service agency in any case in which the area career and technical education school or educational service agency, and the local educational agency concerned—

(A) have formed or will form a consortium for the purpose of receiving funds under this section; or

(B) have entered into or will enter into a cooperative arrangement for such purpose.

(2) Allocation basis

If an area career and technical education school or educational service agency meets the requirements of paragraph (1), then the amount that would otherwise be distributed to the local educational agency shall be allocated to the area career and technical education school, the educational service agency, and the local educational agency based on each school, agency or entity's relative share of students who are attending career and technical education programs (based, if practicable, on the average enrollment for the preceding 3 years).

(3) Appeals procedure

The eligible agency shall establish an appeals procedure for resolution of any dispute arising between a local educational agency and an area career and technical education school or an educational service agency with respect to the allocation procedures described in this section, including the decision of a local educational agency to leave a consortium or terminate a cooperative arrangement.

(f) Consortium requirements

(1) Alliance

Any local educational agency receiving an allocation that is not sufficient to conduct a program which meets the requirements of section 2355 of this title is encouraged to—

(A) form a consortium or enter into a cooperative agreement with an area career and technical education school or educational service agency offering programs that meet the requirements of section 2355 of this title;

(B) transfer such allocation to the area career and technical education school or educational service agency; and

(C) operate programs that are of sufficient size, scope, and quality to be effective.

(2) Funds to consortium

Funds allocated to a consortium formed to meet the requirements of this subsection shall be used only for purposes and programs that are mutually beneficial to all members of the consortium and can be used only for programs authorized under this subchapter. Such funds may not be reallocated to individual members of the consortium for purposes or programs benefitting only 1 member of the consortium.

(g) Data

The Secretary shall collect information from eligible agencies regarding the specific dollar allocations made available by the eligible agency for career and technical education programs under subsections (a), (b), (c), (d), and (e) and how these allocations are distributed to local educational agencies, area career and technical education schools, and educational service agencies, within the State in accordance with this section.

(h) Special rule

Each eligible agency distributing funds under this section shall treat a secondary school funded by the Bureau of Indian Affairs within the State as if such school were a local educational agency within the State for the purpose of receiving a distribution under this section.

(2) Formula

(b) Waiver for more equitable distribution

The Secretary may waive the application of subsection (a) if an eligible agency submits to the Secretary an application for such a waiver that—

(1) demonstrates that the formula described in subsection (a) does not result in a distribution of funds to the eligible institutions or consortia within the State that have the highest numbers of

economically disadvantaged individuals and that an alternative formula will result in such a distribution; and

SUBCHAPTER III—GENERAL PROVISIONS

PART A—FEDERAL ADMINISTRATIVE PROVISIONS

§2391. Fiscal requirements

(a) Supplement not supplant

Funds made available under this chapter for career and technical education activities shall supplement, and shall not supplant, non-Federal funds expended to carry out career and technical education activities and tech prep program activities.

(b) Maintenance of effort

(1) Determination

(A) In general

Except as provided in subparagraphs (B) and (C), no payments shall be made under this chapter for any fiscal year to a State for career and technical education programs or tech prep programs unless the Secretary determines that the fiscal effort per student or the aggregate expenditures of such State for career and technical education programs for the fiscal year preceding the fiscal year for which the determination is made, equaled or exceeded such effort

or expenditures for career and technical education programs for the second fiscal year preceding the fiscal year for which the determination is made.

(B) Computation

In computing the fiscal effort or aggregate expenditures pursuant to subparagraph (A), the Secretary shall exclude capital expenditures, special 1-time project costs, and the cost of pilot programs.

(C) Decrease in Federal support

If the amount made available for career and technical education programs under this chapter for a fiscal year is less than the amount made available for career and technical education programs under this chapter for the preceding fiscal year, then the fiscal effort per student or the aggregate expenditures of a State required by subparagraph (A) for the preceding fiscal year shall be decreased by the same percentage as the percentage decrease in the amount so made available.

(2) Waiver

The Secretary may waive the requirements of this section, with respect to not more than 5 percent of expenditures by any eligible agency for 1 fiscal year only, on making a determination that such waiver would be equitable due to exceptional or uncontrollable circumstances affecting the ability of the eligible agency to meet such requirements, such as a natural disaster or an unforeseen and precipitous decline in financial resources. No level of funding permitted under such a waiver may be used as the basis for computing the fiscal effort or aggregate expenditures required under this section for years subsequent to the year covered by such waiver. The fiscal effort or aggregate expenditures for the subsequent years shall be computed on the basis of the level of funding that would, but for such waiver, have been required.

The Congress finds that—

(1) guidance and counseling activities are an essential component to assure success in achieving the goals of many education programs: [1]

(3) increased and improved preparation of education professionals is needed in guidance and counseling, including administration of guidance and counseling programs at the State and local levels, with special emphasis on inservice training which takes educational professionals into the

workplaces of business and industry, the professions, and other occupational pursuits, and that increased and improved use of individuals employed in such pursuits are needed for effective guidance and counseling programs, including (A) bringing persons employed in such pursuits into schools, and (B) bringing students into such workplaces for observation of, and participation in, such pursuits, in order to acquaint the students with the nature of the work.

SUBCHAPTER I—GENERAL PROVISIONS

§3401. Congressional findings

The Congress finds that—

(1) education is fundamental to the development of individual citizens and the progress of the Nation;

(2) there is a continuing need to ensure equal access for all Americans to educational opportunities of a high quality, and such educational opportunities should not be denied because of race, creed, color, national origin, or sex;

(3) parents have the primary responsibility for the education of their children, and States, localities, and private institutions have the primary responsibility for supporting that parental role;

(4) in our Federal system, the primary public responsibility for education is reserved respectively to the States and the local school systems and other instrumentalities of the States;

(5) the American people benefit from a diversity of educational settings, including public and private schools, libraries, museums and other institutions, the workplace, the community, and the home;

(6) the importance of education is increasing as new technologies and alternative approaches to traditional education are considered, as society becomes more complex, and as equal opportunities in education and employment are promoted;

(7) there is a need for improvement in the management and coordination of Federal education programs to support more effectively State, local, and private institutions, students, and parents in carrying out their educational responsibilities;

(8) the dispersion of education programs across a large number of Federal agencies has led to fragmented, duplicative, and often inconsistent Federal policies relating to education;

(9) Presidential and public consideration of issues relating to Federal education programs is hindered by the present organizational position of education programs in the executive branch of the Government; and

(10) there is no single, full-time, Federal education official directly accountable to the President, the Congress, and the people.

(c) Funding under pre-existing programs

EX. ORD. NO. 13555. WHITE HOUSE INITIATIVE ON EDUCATIONAL EXCELLENCE FOR HISPANICS

Ex. Ord. No. 13555, Oct. 19, 2010, 75 F.R. 65417, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, to restore the country to its role as the global leader in education, to strengthen the Nation by expanding educational opportunities and improving educational outcomes for Hispanics and Latinos (Hispanics) of all ages, and to help ensure that all Hispanics receive an education that properly prepares them for college, productive careers, and satisfying lives, it is hereby ordered as follows:

SECTION 1. *Policy*. At more than 52 million strong, including 4 million in Puerto Rico, Hispanics constitute the country's largest and fastest growing minority group. They have had a profound and positive

impact on our country through, among other things, their community's strong commitment to family, faith, hard work, and service. Many Hispanics contribute to this Nation bilingually in the English and Spanish languages—a true asset for our country in an increasingly global, interdependent world.

Hispanic students are the largest minority group in our Nation's schools, numbering more than 11 million in our public elementary and secondary school system, and constituting more than 22 percent of all pre-K-12 students. Hispanic students face educational challenges of crisis proportions. Fewer than half of all Hispanic children participate in early childhood education programs, and far too few Hispanic students graduate from high school; of those who do complete high school, many are not adequately prepared for college. Only 12 percent of adult Hispanics have a bachelor's degree, and just 3 percent have completed graduate or professional degree programs. At the same time, large numbers of Hispanic adults lack the education or literacy skills they need to advance their careers; they also are less likely than members of other groups to have taken job- or career-related courses, with the exception of basic education classes, such as English as a second language.

Our country was built on and continues to thrive on its diversity, and there is no doubt that the future of the United States is inextricably linked to the future of the Hispanic community. To reach the ambitious education goals we have set for our Nation, as well as to ensure equality of opportunity for all, we must provide the opportunities that will enable Hispanic students to raise their educational attainment at every level of the American education system. America's future competitiveness in our global economy will be substantially enhanced by improving educational outcomes for Hispanics.

SEC. 2. *White House Initiative on Educational Excellence for Hispanics.*

(a) *Establishment*. There is established the White House Initiative on Educational Excellence for Hispanics (Initiative), to be housed in the Department of Education (Department). The mission of the Initiative shall be to help restore the United States to its role as the global leader in education and to strengthen the Nation by expanding educational opportunities and improving educational outcomes for Hispanics of all ages and by helping to ensure that all Hispanics receive a complete and competitive education that prepares them for college, a career, and productive and satisfying lives.

(b) *Initiative Administration*. There shall be an Executive Director of the Initiative, to be appointed by the Secretary of Education (Secretary). The Initiative shall be advised by the Commission established under section 3 of this order and supported by the Working Group established under subsection (c) of this section. The Department shall provide the staff, resources, and assistance for the Initiative and the Working Group. To the extent permitted by law, departments, agencies, and offices represented on the Working Group shall provide resources, including personnel detailed to the Initiative, to assist the Department in meeting the objectives of this order.

(c) *Interagency Working Group.*

(1) There is established the Federal Interagency Working Group on Educational Excellence for Hispanics (Working Group), which shall be convened and chaired by the Initiative's Executive Director.

(2) The Working Group shall consist of senior officials from the Department, the White House Domestic Policy Council, the Department of Labor, and the Department of Health and Human Services, as well as such additional departments, agencies, and offices as the President may designate. Senior officials shall be designated by the heads of their respective departments, agencies, and offices.

(3) The Initiative's Executive Director may establish subgroups of the Working Group to focus on different aspects of the educational system or educational challenges facing Hispanics, such as early childhood education, K?12 [sic] education, higher education, career and technical education, language acquisition, and adult education.

(d) *Initiative Objectives.*

(1) To expand educational opportunities, improve education outcomes, and deliver a complete and competitive education for all Hispanics, the Initiative shall, consistent with law, promote, encourage, and undertake efforts designed to meet the following objectives:

(i) increasing general understanding of the causes of the educational challenges faced by Hispanic students;

(ii) increasing the percentage of Hispanic children who enter kindergarten ready for success by improving access by Hispanics to high-quality programs and services that encourage the early learning and development of children from birth through age 5;

(iii) implementing successful and innovative education reform strategies and practices in America's public schools to ensure that Hispanic students, like their peers, receive a rigorous and well-rounded education, and have access to student support services that will prepare them for college, a career, and civic participation;

(iv) ensuring that all Hispanic students have access to excellent teachers and school leaders, in part by

supporting efforts to improve the recruitment, preparation, development, and retention of successful Hispanic teachers and school leaders and other effective teachers and school leaders responsible for the education of Hispanic students;

(v) reducing the dropout rate of Hispanic students and helping Hispanic students graduate from high school prepared for college and a career, in part by promoting a positive school climate and supporting successful and innovative dropout prevention and recovery strategies that better engage Hispanic youths in their learning, help them catch up academically, and provide those who have left the educational system with pathways to reentry;

(vi) increasing college access and success for Hispanic students and providing support to help ensure that a greater percentage of Hispanics complete college and contribute to the goal of having America again lead the world in the proportion of college graduates by 2020, in part through strategies to strengthen the capacity of Hispanic-Serving Institutions, community colleges, and other institutions of higher education serving large numbers of Hispanic students; and

(vii) enhancing the educational and life opportunities of Hispanics by fostering positive family and community engagement, improving the quality of, and expanding access to, adult education, literacy, and career and technical education, as well as increasing opportunities for education and career advancement in the fields of science, technology, engineering, and mathematics.

(2) In working to fulfill its mission and objectives, the Initiative shall, consistent with law:

(i) help ensure that Federal programs and initiatives administered by the Department and other agencies are serving and meeting the needs of Hispanic children, youths, and adults;

(ii) work closely with the Executive Office of the President on key Administration priorities related to the education of Hispanics;

(iii) increase the Hispanic community's participation in, and capacity to participate in, the Department's programs and education-related programs at other executive departments and agencies;

(iv) advise Department officials and, through the Working Group, other agency officials on issues related to the Hispanic community and the educational attainment of Hispanic students;

(v) advise the Secretary on the development, implementation, and coordination of educational programs and initiatives at the Department and other agencies designed to improve educational opportunities and outcomes for Hispanics of all ages;

(vi) encourage and develop partnerships with public, private, philanthropic, and nonprofit stakeholders to improve Hispanics' readiness for school, college, and career, as well as their college persistence and completion; and

(vii) develop a national network of individuals, organizations, and communities to share and implement best practices related to the education of Hispanics.

(3) The Initiative shall periodically publish reports on its activities. The Secretary and the Executive Director of the Initiative, in consultation with the Interagency Working Group and the Chair of the Commission established under section 3 of this order, may develop and submit to the President recommendations designed to advance and promote educational opportunities and attainment for Hispanics, including recommendations for short- and long-term initiatives.

(e) *Collaboration Among White House Initiatives*. The White House Initiatives on Educational Excellence for Hispanics, Historically Black Colleges and Universities, Tribal Colleges and Universities, and Asian-American and Pacific Islanders shall work together whenever appropriate in light of their shared objectives.

SEC. 3. *President's Advisory Commission on Educational Excellence for Hispanics*. There is established the President's Advisory Commission on Educational Excellence for Hispanics (Commission) in the Department.

(a) *Commission Mission and Scope*. The Commission shall advise the President and the Secretary on matters pertaining to the educational attainment of the Hispanic community, including:

(1) developing, implementing, and coordinating educational programs and initiatives at the Department and other agencies to improve educational opportunities and outcomes for Hispanics of all ages;

(2) increasing the participation of the Hispanic community and Hispanic-Serving Institutions in the Department's programs and in education programs at other agencies;

(3) engaging the philanthropic, business, nonprofit, and education communities in a national dialogue regarding the mission and objectives of this order; and

(4) establishing partnerships with public, private, philanthropic, and nonprofit stakeholders to meet the mission and policy objectives of this order.

The Commission shall meet periodically, but at least twice a year, and may work through task forces composed exclusively of Commission members, as appropriate.

(b) *Commission Membership and Chair*.

(1) The Commission shall consist of no more than 30 members appointed by the President. The Commission may include individuals with relevant experience or subject matter expertise that the President deems appropriate, as well as individuals who may serve as representatives of a variety of sectors, including the education sector (early childhood education, elementary and secondary education, higher education, career and technical education, and adult education), labor organizations, research institutions, corporate and financial institutions, public and private philanthropic organizations, and nonprofit and community-based organizations at the national, State, regional, or local levels.

(2) The President shall designate one of the members to serve as Chair of the Commission, who shall work with the Initiative's Executive Director to convene regular meetings of the Commission, determine its agenda, and direct its work, consistent with this order.

(c) *Commission Administration*. The Executive Director of the Initiative shall also serve as the Executive Director of the Commission and administer the work of the Commission. The Department shall provide funding and administrative support for the Commission, to the extent permitted by law. Members of the Commission shall serve without compensation but shall be allowed travel expenses, including per diem in lieu of subsistence, as authorized by law for persons serving intermittently in the Government service (5 U.S.C. 5701–5707). Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.) (Act), may apply to the administration of the Commission, any functions of the President under the Act, except that of reporting to the Congress, shall be performed by the Secretary, in accordance with the guidelines issued by the Administrator of General Services.

No. 13652, Sept. 30, 2013, 78 F.R. 61817, formerly set out as a note under section 14 of the Federal Advisory Committee Act in the Appendix to Title 5, Government Organization and Employees.

Term of President's Advisory Commission on Educational Excellence for Hispanics extended until Sept. 30, 2017, by Ex. Ord. No. 13708, Sept. 30, 2015, 80 F.R. 60271, set out as a note under section 14 of the Federal Advisory Committee Act in the Appendix to Title 5.

EX. ORD. NO. 13621. WHITE HOUSE INITIATIVE ON EDUCATIONAL EXCELLENCE FOR AFRICAN AMERICANS

Ex. Ord. No. 13621, July 26, 2012, 77 F.R. 45471, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America,

to restore the country to its role as the global leader in education, to strengthen the Nation by improving educational outcomes for African Americans of all ages, and to help ensure that all African Americans receive an education that properly prepares them for college, productive careers, and satisfying lives, it is hereby ordered as follows:

SECTION 1. *Policy*. Over the course of America's history, African American men and women have strengthened our Nation, including by leading reforms, overcoming obstacles, and breaking down barriers. In the less than 60 years since the *Brown* v. *Board of Education* decision put America on a path toward equal educational opportunity, America's educational system has undergone a remarkable transformation, and many African American children who attended the substandard segregated schools of the 1950s have grown up to see their children attend integrated elementary and secondary schools, colleges, and universities.

However, substantial obstacles to equal educational opportunity still remain in America's educational system. African Americans lack equal access to highly effective teachers and principals, safe schools, and challenging college-preparatory classes, and they disproportionately experience school discipline and referrals to special education. African American student achievement not only lags behind that of their domestic peers by an average of two grade levels, but also behind students in almost every other developed nation. Over a third of African American students do not graduate from high school on time with a regular high school diploma, and only four percent of African American high school graduates interested in college are college-ready across a range of subjects. An even greater number of African American males do not graduate with a regular high school diploma, and African American males also experience disparate rates of incarceration.

Significantly improving the educational outcomes of African Americans will provide substantial benefits for our country by, among other things, increasing college completion rates, productivity, employment rates, and the number of African American teachers. Enhanced educational outcomes lead to more productive careers, improved economic opportunity, and greater social well-being for all Americans. Complementing the role of Historically Black Colleges and Universities (HBCUs) in preparing generations of African American students for successful careers, and the work of my Administration's separate White House Initiative on Historically Black Colleges and Universities, this new Initiative's focus on improving all the sequential levels of education will produce a more effective educational continuum for all African American students.

To reach the ambitious education goals we have set for our Nation, as well as to ensure equality of access and opportunity for all, we must provide the support that will enable African American students to improve their level of educational achievement through rigorous and well-rounded academic and support services that will prepare them for college, a career, and a lifetime of learning.

SEC. 2. *White House Initiative on Educational Excellence for African Americans*. (a) *Establishment*. There is hereby established the White House Initiative on Educational Excellence for African Americans (Initiative), to be housed in the Department of Education (Department). There shall be an Executive Director of the Initiative, to be appointed by the Secretary of Education (Secretary). The Initiative shall be supported by the Interagency Working Group established under subsection (c) of this section and advised by the Commission established under section 3 of this order.

(b) *Mission and Functions*.

(1) The Initiative will help to restore the United States to its role as the global leader in education; strengthen the Nation by improving educational outcomes for African Americans of all ages; and help ensure that African Americans receive a complete and competitive education that prepares them for college, a satisfying career, and productive citizenship.

(2) The Initiative will complement and reinforce the Historically Black Colleges and Universities Initiative established by Executive Order 13532 of February 26, 2010, and together, they both will support enhanced educational outcomes for African Americans at every level of the American education system, including early childhood education; elementary, secondary, and postsecondary education; career and technical education; and adult education.

(3) To help expand educational opportunities, improve educational outcomes, and deliver a complete and competitive education for all African Americans, the Initiative shall, consistent with applicable law, promote, encourage, and undertake efforts designed to meet the following objectives:

(i) increasing general understanding of the causes of the educational challenges faced by African American students, whether they are in urban, suburban, or rural learning environments;

(ii) increasing the percentage of African American children who enter kindergarten ready for success by improving their access to high-quality programs and services that enable early learning and development of children from birth through age 5;

(iii) decreasing the disproportionate number of referrals of African American children from general education to special education by addressing the root causes of the referrals and eradicating discriminatory

referrals;

(iv) implementing successful and innovative education reform strategies and practices in America's public schools to ensure that African American students receive a rigorous and well-rounded education in safe and healthy environments, and have access to high-level, rigorous course work and support services that will prepare them for college, a career, and civic participation;

(v) ensuring that all African American students have comparable access to the resources necessary to obtain a high-quality education, including effective teachers and school leaders, in part by supporting efforts to improve the recruitment, preparation, development, and retention of successful African American teachers and school leaders and other effective teachers and school leaders responsible for the education of African American students;

(vi) reducing the dropout rate of African American students and helping African American students graduate from high school prepared for college and a career, in part by promoting a positive school climate that does not rely on methods that result in disparate use of disciplinary tools, and by supporting successful and innovative dropout prevention and recovery strategies that better engage African American youths in their learning, help them catch up academically, and provide those who have left the educational system with pathways to reentry;

(vii) increasing college access and success for African American students and providing support to help ensure that a greater percentage of African Americans complete college and contribute to the goal of having America again lead the world in the proportion of adults who are college graduates by 2020, in part through strategies to strengthen the capacity of institutions of higher education that serve large numbers of African American students, including community colleges, HBCUs, Predominantly Black Institutions (PBIs), and other institutions; and

(viii) enhancing the educational and life opportunities of African Americans by fostering positive family and community engagement in education; reducing racial isolation and resegregation of elementary and secondary schools to promote understanding and tolerance among all Americans; improving the quality of, and expanding access to, adult education, literacy, and career and technical education; and increasing opportunities for education and career advancement in the fields of science, technology, engineering, and mathematics.

(4) In working to fulfill its mission and objectives, the Initiative shall, consistent with applicable law:

(i) identify evidence-based best practices that can provide African American students a rigorous and well-rounded education in safe and healthy environments, as well as access to support services, which will prepare them for college, a career, and civic participation;

(ii) develop a national network of individuals, organizations, and communities to share and implement best practices related to the education of African Americans, including those identified as most at risk;

(iii) help ensure that Federal programs and initiatives administered by the Department and other agencies are serving and meeting the educational needs of African Americans, including by encouraging agencies to incorporate best practices into appropriate discretionary programs where permitted by law;

(iv) work closely with the Executive Office of the President on key Administration priorities related to the education of African Americans;

(v) increase the participation of the African American community, including institutions that serve that community, in the Department's programs and in education-related programs at other agencies;

(vi) advise the officials of the Department and other agencies on issues related to the educational attainment of African Americans;

(vii) advise the Secretary on the development, implementation, and coordination of educational programs and initiatives at the Department and other agencies that are designed to improve educational opportunities and outcomes for African Americans of all ages; and

(viii) encourage and develop partnerships with public, private, philanthropic, and nonprofit stakeholders to improve African Americans' readiness for school, college, and career, as well as their college persistence and completion.

(5) The Initiative shall periodically publish reports on its activities. The Secretary and the Executive Director of the Initiative, in consultation with the Working Group and the Chair of the Commission established under subsection (c) of this section and section 3 of this order, respectively, may develop and submit to the President recommendations designed to advance and promote educational opportunities and attainment for African Americans.

(c) *Interagency Working Group*.

(1) There is established the Federal Interagency Working Group on Educational Excellence for African Americans (Working Group), which shall be convened and chaired by the Initiative's Executive Director and that shall support the efforts of the Initiative described in subsection (b) of this section.

(2) The Working Group shall consist of senior officials from the Department, the White House Domestic Policy Council, the Department of Justice, the Department of Labor, the Department of Health and Human Services, the National Science Foundation, the Department of Defense, and such additional agencies and offices as the President may subsequently designate. Senior officials shall be designated by the heads of their respective agencies and offices.

(3) The Initiative's Executive Director may establish subgroups of the Working Group to focus on different aspects of the educational system (such as early childhood education, K–12 education, higher education (including HBCUs and PBIs), career and technical education, adult education, or correctional education and reengagement) or educational challenges facing particular populations of African Americans (such as young men, disconnected or out-of-school youth, individuals with disabilities, children identified as gifted and talented, single-parent households, or adults already in the workforce).

(d) *Administration*. The Department shall provide funding and administrative support for the Initiative and the Working Group, to the extent permitted by law and within existing appropriations. To the extent permitted by law, other agencies and offices represented on the Working Group may detail personnel to the Initiative, to assist the Department in meeting the objectives of this order.

(e) *Collaboration Among White House Initiatives*. The Initiative may collaborate with the White House Initiatives on American Indian and Alaska Native Education, Educational Excellence for Hispanics, Asian-American and Pacific Islanders, and (consistent with section 3(c) of this order) Historically Black Colleges and Universities, whenever appropriate in light of their shared objectives.

SEC. 3. *President's Advisory Commission on Educational Excellence for African Americans*. (a) *Establishment*. There is established in the Department the President's Advisory Commission on Educational Excellence for African Americans (Commission).

(b) *Commission Mission and Scope*. The Commission shall advise the President and the Secretary on matters pertaining to the educational attainment of the African American community, including:

(1) the development, implementation, and coordination of educational programs and initiatives at the Department and other agencies to improve educational opportunities and outcomes for African Americans of all ages;

(2) efforts to increase the participation of the African American community and institutions that serve the African American community in the Department's programs and in education programs at other agencies;

(3) efforts to engage the philanthropic, business, nonprofit, and education communities in a national dialogue on the mission and objectives of this order; and

(4) the establishment of partnerships with public, private, philanthropic, and nonprofit stakeholders to meet the mission and policy objectives of this order.

The Commission shall meet periodically, but at least twice a year.

(c) *Commission Membership and Chair*.

(1) The Commission shall consist of not more than 25 members appointed by the President. The President shall designate one member of the Commission to serve as Chair. The Executive Director of the Initiative shall also serve as the Executive Director of the Commission and administer the work of the Commission. The Chair of the Commission shall work with the Executive Director to convene regular meetings of the Commission, determine its agenda, and direct its work, consistent with this order.

(2) The Commission may include individuals with relevant experience or subject-matter expertise that the President deems appropriate, as well as individuals who may serve as representatives of a variety of sectors, including the education sector (early childhood education, elementary and secondary education, higher education (including HBCUs and PBIs), career and technical education, and adult education), labor organizations, research institutions, the military, corporate and financial institutions, public and private philanthropic organizations, and nonprofit and community-based organizations at the national, State, regional, or local levels.

(3) In addition to the 25 members appointed by the President, the Commission shall also include two members from the President's Board of Advisors on Historically Black Colleges and Universities (Board), designated by the President. In turn, the Board will henceforth include two members from the Commission, designated by the President. This reciprocal arrangement will foster direct communication and vital consultations that will benefit both bodies.

(4) The Executive Director of the Commission and the Executive Director of the Board shall convene at least one annual joint meeting between the Commission and the Board for the purpose of sharing information and forging collaborative courses of action designed to fulfill their respective missions. Such meetings shall be in addition to other prescribed meetings of the Commission or Board.

(5) The Executive Director of the Commission shall be a non-voting, ex officio member of the Board and shall be the Commission's liaison to the Board; and the Executive Director of the Board shall be a non-voting,

ex officio member of the Commission and shall be the Board's liaison to the Commission.

(d) *Commission Administration*. The Department shall provide funding and administrative support for the Commission, to the extent permitted by law and within existing appropriations. Insofar as the Federal Advisory Committee Act, as amended (5 U.S.C. App.) (the "Act"), may apply to the administration of the Commission, any functions of the President under the Act, except that of reporting to the Congress, shall be performed by the Secretary, in accordance with the guidelines issued by the Administrator of General Services.

SEC. 4. *General Provisions*. (a) The heads of agencies shall assist and provide information to the Initiative as may be necessary to carry out the functions of the Initiative, consistent with applicable law.

(1) the authority granted by law to an executive department, agency, or the head thereof; or

(2) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(c) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(d) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

EXTENSION OF TERM OF PRESIDENT'S ADVISORY COMMISSION ON EDUCATIONAL EXCELLENCE FOR AFRICAN AMERICANS

Term of President's Advisory Commission on Educational Excellence for African Americans extended until Sept. 30, 2015, by Ex. Ord. No. 13652, Sept. 30, 2013, 78 F.R. 61817, formerly set out as a note under section 14 of the Federal Advisory Committee Act in the Appendix to Title 5, Government Organization and Employees.

Term of President's Advisory Commission on Educational Excellence for African Americans extended until Sept. 30, 2017, by Ex. Ord. No. 13708, Sept. 30, 2015, 80 F.R. 60271, set out as a note under section 14 of the Federal Advisory Committee Act in the Appendix to Title 5.

CREATING AND EXPANDING LADDERS OF OPPORTUNITY FOR BOYS AND YOUNG MEN OF COLOR

Memorandum of President of the United States, Feb. 27, 2014, 79 F.R. 12923, provided:

Memorandum for the Heads of Executive Departments and Agencies

Over the course of my Administration, we have made consistent progress on important goals such as reducing high school dropout rates and lowering unemployment and crime. Yet as the Congress, State and local governments, research institutions, and leading private-sector organizations have all recognized, persistent gaps in employment, educational outcomes, and career skills remain for many boys and young men of color throughout their lives.

Many boys and young men of color will arrive at kindergarten less prepared than their peers in early language and literacy skills, leaving them less likely to finish school. Labor-force participation rates for young men of color have dropped, and far too many lack the skills they need to succeed. The disproportionate number of African American and Hispanic young men who are unemployed or involved in the criminal justice system undermines family and community stability and is a drag on State and Federal budgets. And, young men of color are far more likely to be victims of murder than their white peers, accounting for almost half of the country's murder victims each year. These outcomes are troubling, and they represent only a portion of the social and economic cost to our Nation when the full potential of so many boys and young men is left unrealized.

By focusing on the critical challenges, risk factors, and opportunities for boys and young men of color at key life stages, we can improve their long-term outcomes and ability to contribute to the Nation's competiveness, economic mobility and growth, and civil society. Unlocking their full potential will benefit not only them, but all Americans.

Therefore, I am establishing the My Brother's Keeper initiative, an interagency effort to improve measurably the expected educational and life outcomes for and address the persistent opportunity gaps faced by boys and young men of color. The initiative will help us determine the public and private efforts that are working and how to expand upon them, how the Federal Government's own policies and programs can better

support these efforts, and how to better involve State and local officials, the private sector, and the philanthropic community.

By the authority vested in me as President by the Constitution and the laws of the United States of America, I hereby direct the following:

SECTION 1. *My Brother's Keeper Task Force*. (a) There is established a My Brother's Keeper Task Force (Task Force) to develop a coordinated Federal effort to improve significantly the expected life outcomes for boys and young men of color (including African Americans, Hispanic Americans, and Native Americans) and their contributions to U.S. prosperity. The Task Force shall be chaired by the Assistant to the President and Cabinet Secretary. In addition to the Chair, the Task Force shall consist of the following members:

(i) the Attorney General;

(ii) the Secretary of Agriculture;

(iii) the Secretary of Commerce;

(iv) the Secretary of Defense;

(v) the Secretary of Education;

(vi) the Secretary of Health and Human Services;

(vii) the Secretary of Housing and Urban Development;

(viii) the Secretary of the Interior;

(ix) the Secretary of Labor;

(x) the Secretary of Transportation;

(xi) the Director of the Office of Management and Budget;

(xii) the Chair of the Council of Economic Advisers;

(xiii) the Director of the Office of Personnel Management;

(xiv) the Administrator of the Small Business Administration;

(xv) the Chief Executive Officer of the Corporation for National and Community Service;

(xvi) the Assistant to the President for Intergovernmental Affairs and Public Engagement;

(xvii) the Director of the Domestic Policy Council;

(xviii) the Director of the Office of Science and Technology Policy;

(xix) the Director of the National Economic Council; and

(xx) the heads of such other executive departments, agencies, and offices as the Chair may, from time to time, designate.

(b) A member of the Task Force may designate a senior-level official who is from the member's department, agency, or office, and is a full-time officer or employee of the Federal Government, to perform the day-to-day Task Force functions of the member. At the direction of the Chair, the Task Force may establish subgroups consisting exclusively of Task Force members or their designees under this subsection, as appropriate.

(c) The Deputy Secretary of Education shall serve as Executive Director of the Task Force, determine its agenda, convene regular meetings of the Task Force, and supervise its work under the direction of the Chair. The Department of Education shall provide funding and administrative support for the Task Force to the extent permitted by law and within existing appropriations. §3601. Congressional statement of findings and purposes

(a) The Congress finds that—

(1) exposure to asbestos fibers has been identified over a long period of time and by reputable medical and scientific evidence as significantly increasing the incidence of cancer and other severe

or fatal diseases, such as asbestosis;

(2) medical evidence has suggested that children may be particularly vulnerable to environmentally induced cancers;

(3) medical science has not established any minimum level of exposure to asbestos fibers which is considered to be safe to individuals exposed to the fibers;

(4) substantial amounts of asbestos, particularly in sprayed form, have been used in school buildings, especially during the period 1946 through 1972;

(5) partial surveys in some States have indicated that (A) in a number of school buildings materials containing asbestos fibers have become damaged or friable, causing asbestos fibers to be dislodged into the air, and (B) asbestos concentrations far exceeding normal ambient air levels have been found in school buildings containing such damaged materials;

(6) the presence in school buildings of friable or easily damaged asbestos creates an unwarranted hazard to the health of the school children and school employees who are exposed to such materials;

(7) the Department of Health and Human Services and the Environmental Protection Agency, as well as several States, have attempted to publicize the potential hazards to school children and employees from exposure to asbestos fibers, but there is no systematic program for identifying hazardous conditions in schools or for remedying those conditions;

(8) because there is no Federal health standard regulating the concentration of asbestos fibers in noncommercial workplace environments such as schools, school employees and students may be exposed to hazardous concentrations of asbestos fibers in the school buildings which they use each day;

(9) without an improved program of information distribution, technical and scientific assistance, and financial support, many local educational agencies and States will not be able to mitigate the potential asbestos hazards in their schools; and

(10) the effective regulation of interstate commerce for the protection of the public health requires the establishment of programs under this chapter to identify and mitigate hazards from exposure to asbestos fibers and materials emitting such fibers.

(b) It is the purpose of this chapter to—

(1) direct the Secretary of Education to establish a task force to assist States and local educational agencies to ascertain the extent of the danger to the health of school children and employees from asbestos materials in schools;

(2) require States receiving administrative funds for any applicable program (as defined under section 1221(c)(1)(A) [1] of this title) to prepare a plan describing the manner in which information relating to programs established under this chapter shall be distributed to local educational agencies;

(3) provide scientific, technical, and financial assistance to State educational agencies and local educational agencies to enable them to conduct an asbestos detection program to identify asbestos hazards in schools;

(4) provide loans to local educational agencies for the mitigation of asbestos hazards which constitute an imminent hazard to the health and safety of school children and employees; and

(5) assure that no employee of any local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools.

(3) the review of applications for grants and loans under sections 3604 and 3605 of this title, and the submission to the Secretary of recommendations respecting the approval or disapproval of such applications;

(4) the review of any guidelines established by the Environmental Protection Agency for identifying those schools in which exposure to asbestos fibers constitutes a health problem and for taking appropriate corrective actions at such schools, in order to determine whether any modifications of such guidelines should be recommended to the Secretary under paragraph (5); and

(5) providing the Secretary with assistance in formulating standards and procedures under section 3606 of this title by—

(A) submitting to the Secretary relevant information concerning the results of the review made under paragraph (4) of this subsection; and

(B) recommending such modifications to the guidelines referred to in such paragraph as the Task Force considers appropriate.

In carrying out its duties under this subsection, the Task Force shall avoid, to the maximum extent practicable, duplicating similar activities undertaken by the Environmental Protection Agency.

(f) Termination

The Task Force shall cease to exist at the end of the 180-day period beginning on the date that the authority of the Secretary to make loans under section 3605 of this title has expired.

§3604. Asbestos hazards detection program

(a) Grants to local and State educational agencies for Federal share; duration of granting authority; amount of Federal share

(1)(A) The Secretary may make grants to local educational agencies for the Federal share of the costs of carrying out an asbestos detection program meeting the standards established by the Secretary under section 3606(a)(1) of this title. Grants may be made under this section only during the two-year period beginning on June 14, 1980.

(B) The Secretary may make grants to State educational agencies for the Federal share of the costs of carrying out any asbestos detection program if—

(i) the State, through the State educational agency or some other appropriate State agency, is making grants to local educational agencies for asbestos hazard detection programs, and

(ii) such programs meet the standards established by the Secretary under section 3606(a)(1) of this title.

(C) Grants may be made under this section only during the two-year period beginning after June 14, 1980.

(2) Subject to the second sentence of this paragraph, the Federal share of the costs referred to in paragraph (1) shall be 50 percent. Upon a determination by the Secretary that an applicant has

limited fiscal resources and would be unable to participate in the program under this section without receiving from the Federal Government, as its Federal share of such costs, an amount greater than the amount permitted under the first sentence of this paragraph, the Secretary may increase the Federal share which may be paid to such applicant by such amount as the Secretary considers appropriate to permit the applicant to participate in the program.

(b) Application for grants; procedures applicable for approval; programs completed before January 1, 1976; determinations respecting amount of grant

(1) No grant may be made under this section unless an application has been submitted to and approved by the Secretary, after consultation with the Task Force. The Secretary may not approve an application unless the application—

(A) contains a description of the methods to be used by the local educational agency, or in the case of an application by the State educational agency the methods to be used by the local educational agencies receiving grants from the State, to determine whether hazardous concentrations of asbestos fibers or materials emitting such fibers exist in school buildings under the jurisdiction of such agency;

(B) contains an estimate of the total cost of the detection program, including such detailed descriptions of the costs of each component of the program as the Secretary may require;

(C) designates the party which shall conduct the testing for the detection program and describes such party's qualifications for conducting such testing;

(D) contains assurances that the program shall be carried out in accordance with standards established by the Secretary under section 3606(a)(1) of this title and that any party employed to conduct such testing shall satisfy the competency standards established under such section; and

(E) contains such other information or assurances as the Secretary may require.

(2) The Secretary shall provide the Task Force with a copy of any application submitted to the Secretary under paragraph (1).

(3) No grant may be awarded by the Secretary under this section for asbestos hazards detection programs conducted before June 14, 1980, unless the applicant has submitted an application to the Secretary—

(A) containing the information required under paragraph (1); and

(B) providing assurances that any program for which a grant is sought was carried out in a manner which substantially conforms to the requirements established by the Secretary under section 3606(a)(1) of this title.

No grant may be awarded under this section for any asbestos hazards detection program completed before January 1, 1976.

(4) After reviewing the application submitted under this section, together with any recommendations made by the Task Force, the Secretary shall determine the amount of any grant to be awarded under this section. Funds may be awarded by the Secretary for the administrative costs incurred in the preparation and supervision of the asbestos detection program and for the following activities:

(A) Visual inspections of school buildings.

(B) The sampling of building and insulation materials.

(C) Appropriate tests to determine the level of asbestos content in suspected materials, and tests determined to be essential to detect the likelihood of imminent danger to persons within school buildings.

(c) Reporting requirements for recipients

Local and State educational agencies receiving grants under this section shall file a report with the Secretary, not later than 120 days after the award of such grant, describing the detection activities which were undertaken, the results of the asbestos detection program, and plans for mitigating any imminent hazards which were detected by the testing. The report shall include a detailed accounting of the funds used to carry out the detection program.

(d) Availability of appropriated funds for education and technical assistance programs

During the period in which grants may be made under this section, not more than 20 percent of the funds appropriated to carry out this section may be made available by the Secretary to the Task Force to conduct education and technical assistance programs related to the detection of asbestos hazards in school buildings and the implementation of appropriate actions to mitigate such hazards.

(Pub. L. 96–270, §5, June 14, 1980, 94 Stat. 491.)

§3605. Asbestos Hazards Control Loan Program

(a) Establishment; administration; loans to local educational agencies for share of project costs; project criteria; increase in amount of loans

(1) There is established within the Department of Education an Asbestos Hazards Control Loan Program (hereinafter in this chapter referred to as the "Loan Program"), which shall be administered by the Secretary in accordance with this section.

(2) The Secretary may make loans under this section to local educational agencies in an amount equal to 50 percent of the costs of carrying out projects for—

(A) the containment or removal of any materials containing asbestos in school buildings in which such materials pose an imminent hazard to the health and safety of children or employees;

(B) the replacement of the asbestos materials removed from school buildings with other appropriate building materials; and

(C) making repairs which the Secretary determines to be necessary to restore school buildings to conditions comparable to those existing before containment or removal activities were undertaken under subparagraph (A).

Loans may be made under this section only for projects affecting more than 2,500 square feet of surface and in which the asbestos material to be contained or removed consists of a minimum asbestos level, as determined by the Secretary under section 3606(a)(2) of this title.

(3) If the Secretary determines that an applicant has limited fiscal resources and would be unable to carry out the projects described in paragraph (2) without receiving a loan under this section for an amount greater than the amount permitted under such paragraph, the Secretary may increase the amount of the loan payable to such applicant to an amount the Secretary considers appropriate to enable the applicant to carry out such projects.

(b) Loan agreements; required terms; additional terms and conditions

Loans under this section shall be made pursuant to loan agreements which shall provide for the following terms:

(1) The loan shall not bear any interest except as otherwise provided under paragraph (5).

(2) The loan shall have a maturity period of not more than 20 years (as determined by the Secretary) and shall be repayable during such period at such times and in such amounts as the Secretary may specify in the loan agreement.

(3) Repayment of the loan shall be made to the Secretary of the Treasury for deposit in the general fund of the Treasury.

Such loans shall be subject to such other terms and conditions as the Secretary may establish for the protection of the financial interest of the United States and in furtherance of the purposes of this chapter.

(c) Application for loans; procedures applicable for approval; projects completed before January 1, 1976

(1) No loan may be made under this section unless an application has been submitted to and approved by the Secretary, after consultation with the Task Force, within the two-year period beginning on June 14, 1980. The Secretary may not approve an application unless—

(A) the application contains such information as the Secretary may require, including

information describing—

(i) the nature of the asbestos problem for which the loan is sought;

(ii) the asbestos content of the material to be contained or removed by the local educational agency, as determined under preliminary testing which was conducted in accordance with the standards established by the Secretary under section 3606(a)(1) of this title, or, in the case of testing conducted before June 14, 1980, was conducted in a manner which substantially conforms to such standards; and

(iii) the methods which will be used to contain or remove the asbestos materials, in accordance with section 3606(b) of this title, and any other pertinent details relating to the project or projects to be conducted by the applicant (as described in subsection (a)(2) of this section); and

(B) the application contains assurances that—

(i) any employee engaged in any activity to carry out programs under this section shall be notified in writing by the local educational agency conducting the program of the hazards of working with asbestos, and shall be required to utilize all appropriate safety procedures to minimize health risks;

(ii) no child or school employee shall be permitted in the vicinity of any asbestos containment or removal activity; and

(iii) the local educational agency shall pay employees engaged in containment, removal, or replacement activities to carry out programs under this section at reasonable rates of pay, as established by the Secretary on the basis of prevailing wage rates in the location of such work.

(2) The Secretary shall provide the Task Force with a copy of any application submitted to the Secretary under paragraph (1).

(3) No loans may be made by the Secretary under this section for projects described in subsection (a)(2) of this section which commenced before the availability of loans under the Loan Program unless the local educational agency submits to the Secretary an application which—

(A) meets the requirements of paragraph (1); and

(B) contains assurances that any work already completed by the applicant has been carried out in substantial conformity with section 3606(b) of this title.

No loan may be awarded under this section for any project described in subsection (a)(2) of this section which was completed before January 1, 1976.

(d) Reporting requirements for Secretary

During each of the three calendar years after 1980, the Secretary shall submit before February 1 of such year a report to the appropriate committees of the House of Representatives and the Senate, which shall—

(1) describe the number of loans made in the preceding calendar year and specify each applicant for and recipient of a loan;

(2) describe the nature of the asbestos problem of each applicant;

(3) describe the types of programs for which loans were made;

(4) specify the estimated total costs of such programs to the recipients of loans and specify the amount of loans made under the Loan Program; and

(5) specify the number of loan applications which were disapproved during the preceding calendar year and describe the reasons for such disapprovals.

(Pub. L. 96–270, §6, June 14, 1980, 94 Stat. 492.)

§3606. Standards and safety procedures

(a) Establishment and distribution to designated State agency or unit; establishment of criteria for loan program eligibility

(A) procedures for testing the level of asbestos fibers in schools, including safety measures to be followed in conducting such tests;

(B) standards for evaluating (on the basis of such tests) the likelihood of the leakage of asbestos fibers into the school environment; and

(C) standards for determining which contractors are qualified to carry out the testing and evaluation described in this paragraph.

(2) After consulting with the Task Force, the Secretary shall establish criteria to be used for determining eligibility for loans under section 3605 of this title. The criteria shall be based on the assessment of the extent of the health hazards posed by the presence of asbestos fibers in schools, as determined in accordance with standards under paragraph (1)(B) of this subsection.

(b) Establishment of regulations

After reviewing recommendations submitted to the Secretary by the Task Force under section 3602(e)(5) of this title, the Secretary, with the concurrence of the Task Force, shall by regulation establish—

(1) procedures to be used by local educational agencies, in programs for which loans are made under section 3605 of this title, for—

(A) containing and removing asbestos materials in school buildings;

(B) replacing the asbestos materials removed from school buildings with other appropriate building materials; and

(C) restoring such school buildings to conditions comparable to those existing before asbestos containment or removal activities were undertaken; and

(2) standards for determining which contractors are qualified to carry out the activities referred to in paragraph (1).

(c) Avoidance of duplication of similar activities of Environmental Protection Agency

In carrying out his duties under this section, the Secretary shall avoid, to the maximum extent practicable, duplicating similar activities undertaken by the Environmental Protection Agency.

(Pub. L. 96–270, §7, June 14, 1980, 94 Stat. 494.)

§3607. Recovery of costs by United States

(a) Suit by United States on behalf of grant or loan recipient for recovery of costs of activities of recipient; proceeds of judgment

(1) As a condition of the award of any grant under section 3604 of this title or loan under section 3605 of this title, the recipient of any such grant or loan shall permit the United States to sue on behalf of such recipient any person determined by the Attorney General to be liable to the recipient for the costs of any activities undertaken by the recipient under such sections.

(2) The proceeds from any judgment recovered in any suit brought by the United States under paragraph (1) (or, if the recipient files a similar suit on its own behalf, the proceeds from any judgment recovered by the recipient in such suit) shall be used to repay to the United States, to the extent that the proceeds are sufficient to provide for such repayment, an amount equal to the sum of—

(A) the amount of any grant made to the recipient under section 3604 of this title;

(B) the amount outstanding on any loan made to the recipient under section 3605 of this title; and

(C) an amount equal to the interest which would have been charged on such loan were the loan made by a commercial lender at prevailing interest rates (as determined by the Secretary).

(b) Investigation and report by Attorney General respecting feasibility of recovery of costs from any person determined by Attorney General to be liable

The Attorney General shall conduct an investigation to determine whether, by using all available means, the United States should or could recover, from any person determined by the Attorney General to be liable for such costs, the amounts expended by the United States to carry out this chapter. Within one year after June 14, 1980, the Attorney General shall submit to the Congress a report containing the results of the study, together with any appropriate recommendations.

(c) Expeditious proceedings by Attorney General

If the Attorney General determines in the report under subsection (b) of this section that the United States should seek to recover the amounts expended by the United States to carry out this chapter, the Attorney General shall proceed in an expeditious manner to recover such amounts from the persons referred to in subsection (b) of this section.

(Pub. L. 96–270, §8, June 14, 1980, 94 Stat. 495.)

§3608. Employee protection

No State or local educational agency receiving assistance under this chapter may discharge any employee or otherwise discriminate against any employee with respect to the employee's compensation, terms, conditions, or privileges of employment because the employee has brought to the attention of the public information concerning any asbestos problem in the school buildings within the jurisdiction of such agency.

(Pub. L. 96–270, §9, June 14, 1980, 94 Stat. 496.)

§3609. Retained rights

Except as otherwise provided in section 3607 of this title, nothing in this chapter shall—

(1) affect the right of any party to seek legal redress in connection with the purchase or installation of asbestos materials in schools or any claim of disability or death related to exposure to asbestos in a school setting; or

(2) affect the rights of any party under any other law.

SUBCHAPTER V—ASBESTOS SCHOOL HAZARD ABATEMENT

§4011. Findings and purpose

(a) Findings

The Congress finds that—

(1) exposure to asbestos fibers has been identified over a long period of time and by reputable medical and scientific evidence as significantly increasing the incidence of cancer and other severe or fatal diseases, such as asbestosis;

(2) medical evidence has suggested that children may be particularly vulnerable to environmentally induced cancers;

(3) medical science has not established any minimum level of exposure to asbestos fibers which is considered to be safe to individuals exposed to the fibers;

(4) substantial amounts of asbestos, particularly in sprayed form, have been used in school buildings, especially during the period 1946 through 1972;

(5) partial surveys in some States have indicated that (A) in a number of school buildings materials containing asbestos fibers have become damaged or friable, causing asbestos fibers to be dislodged into the air, and (B) asbestos concentration far exceeding normal ambient air levels have been found in school buildings containing such damaged materials;

(6) the presence in school buildings of friable or easily damaged asbestos creates an unwarranted hazard to the health of the school children and school employees who are exposed to such materials;

(7) the Department of Health and Human Services and the Environmental Protection Agency, as well as several States, have attempted to publicize the potential hazards to school children and employees from exposure to asbestos fibers, but there is no systematic program for remedying hazardous conditions in schools;

(8) because there is no Federal health standard regulating the concentration of asbestos fibers in noncommercial workplace environments such as schools, school employees and students may be exposed to hazardous concentrations of asbestos fibers in the school buildings which they use each day;

(9) without a program of information distribution, technical and scientific assistance, and financial support, many local educational agencies and States will not be able to mitigate the potential asbestos hazards in their schools; and

(10) the effective regulation of interstate commerce for the protection of the public health requires the establishment of programs under this subchapter to mitigate hazards from exposure to asbestos fibers and materials emitting such fibers.

(b) Purpose

It is the purpose of this subchapter to—

(1) direct the Administrator of the Environmental Protection Agency to establish a program to assist States and local educational agencies to ascertain the extent of the danger to the health of school children and employees from asbestos materials in schools;

(2) provide continuing scientific and technical assistance to State and local agencies to enable them to identify and abate asbestos hazards in schools;

(3) provide financial assistance for the abatement of asbestos threats to the health and safety of school children or employees; and

(4) assure that no employee of any local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools.

SHORT TITLE OF 1990 AMENDMENT

Pub. L. 101–637, §1, Nov. 28, 1990, 104 Stat. 4589, provided that: "This Act [enacting section 2656 of Title 15, Commerce and Trade, amending this section, sections 4012 to 4022 of this title, and sections 2643, 2646, and 2647 of Title 15, enacting provisions set out as notes under this section and sections 2646 and 2656 of Title 15, and amending provisions set out as a note under this section] may be cited as the 'Asbestos School Hazard Abatement Reauthorization Act of 1990'."

SHORT TITLE

SPub. L. 98–377, title V, §501, Aug. 11, 1984, 98 Stat. 1287, as amended by Pub. L. 101–637, §14(a)(1), Nov. 28, 1990, 104 Stat. 4594, provided that: "This title [enacting this subchapter] may be cited as the 'Asbestos School Hazard Abatement Act of 1984'."

FINDINGS AND PURPOSES

Pub. L. 101–637, §2, Nov. 28, 1990, 104 Stat. 4589, provided that:

"(a) FINDINGS.—Congress finds the following:

"(1) The Environmental Protection Agency has estimated that more than forty-four thousand school buildings contain friable asbestos, exposing more than fifteen million school children and one million five hundred thousand school employees to unwarranted health hazards.

"(2) All elementary and secondary schools are required by the Asbestos Hazard Emergency Response Act [of 1986, see Short Title of 1986 Amendment note set out under section 2601 of Title 15, Commerce and Trade] to inspect for asbestos, develop an asbestos management plan, and implement such plan.

"(3) The Environmental Protection Agency has estimated it will cost local education agencies more than $3,000,000,000 to comply with the Asbestos Hazard Emergency Response Act.

"(4) Without a continuing program of information assistance, technical and scientific assistance, training, and financial support, many local educational agencies will be unable to carry out sufficient response actions to prevent the release of asbestos fibers into the air.

"(5) Without the provisions of sufficient financial support, the cost to local educational agencies of implementing asbestos response actions may have an adverse impact in their educational mission.

"(6) The effective regulation of interstate commerce for the protection of human health and the environment requires the continuation of programs to mitigate hazards of asbestos fibers and materials emitting such fibers.

"(b) PURPOSES.—The purposes of this Act [see Short Title of 1990 Amendment note above] are the following:

"(1) To direct the Environmental Protection Agency to maintain a program to assist local schools in carrying out their responsibilities under the Asbestos Hazard Emergency Response Act.

"(2) To provide continuing scientific and technical assistance to State and local agencies to enable them to identify and abate asbestos health hazards.

"(3) To provide financial assistance to State and local agencies for training of persons involved with inspections and abatement of asbestos, for conducting necessary reinspections of school buildings, and for the actual abatement of asbestos threats to the health and safety of school children or employees.

"(4) To assure that no employee of a local educational agency suffers any disciplinary action as a result of calling attention to potential asbestos hazards which may exist in schools."

§4012. Asbestos hazard abatement program

(C) the means of abating the threat posed by asbestos and asbestos containing materials;

(2) the distribution of the information described in paragraph (1) (in any appropriate form such as pamphlets, reports, or instructions) to State and local educational agencies and to other institutions, including parent and employee organizations, for the purpose of carrying out activities described in this subchapter;

(3) not later than November 15 of each year for which this subchapter is authorized, the development and distribution of applications, or notifications to all local educational agencies of the availability of application forms including information for obtaining such forms; and

(4) the review of applications for financial assistance, and the approval or disapproval of such applications, in accordance with the provisions of section 4014 of this title.

(Pub. L. 98–377, title V, §503, Aug. 11, 1984, 98 Stat. 1288; Pub. L. 101–637, §§4, 14(a)(3), (b)(3), (4), Nov. 28, 1990, 104 Stat. 4590, 4594, 4595.)

SUBCHAPTER VIII—EQUAL ACCESS

§4071. Denial of equal access prohibited

(a) Restriction of limited open forum on basis of religious, political, philosophical, or other speech content prohibited

It shall be unlawful for any public secondary school which receives Federal financial assistance and which has a limited open forum to deny equal access or a fair opportunity to, or discriminate against, any students who wish to conduct a meeting within that limited open forum on the basis of the religious, political, philosophical, or other content of the speech at such meetings.

(b) "Limited open forum" defined

A public secondary school has a limited open forum whenever such school grants an offering to or opportunity for one or more noncurriculum related student groups to meet on school premises during noninstructional time.

(c) Fair opportunity criteria

Schools shall be deemed to offer a fair opportunity to students who wish to conduct a meeting within its limited open forum if such school uniformly provides that—

(1) the meeting is voluntary and student-initiated;

(2) there is no sponsorship of the meeting by the school, the government, or its agents or employees;

(3) employees or agents of the school or government are present at religious meetings only in a nonparticipatory capacity;

(4) the meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and

(5) nonschool persons may not direct, conduct, control, or regularly attend activities of student groups.

(d) Construction of subchapter with respect to certain rights

Nothing in this subchapter shall be construed to authorize the United States or any State or

political subdivision thereof—

(1) to influence the form or content of any prayer or other religious activity;

(2) to require any person to participate in prayer or other religious activity;

(3) to expend public funds beyond the incidental cost of providing the space for student-initiated meetings;

(4) to compel any school agent or employee to attend a school meeting if the content of the speech at the meeting is contrary to the beliefs of the agent or employee;

(5) to sanction meetings that are otherwise unlawful;

(6) to limit the rights of groups of students which are not of a specified numerical size; or

(7) to abridge the constitutional rights of any person.

(e) Federal financial assistance to schools unaffected

Notwithstanding the availability of any other remedy under the Constitution or the laws of the United States, nothing in this subchapter shall be construed to authorize the United States to deny or withhold Federal financial assistance to any school.

(f) Authority of schools with respect to order, discipline, well-being, and attendance concerns

Nothing in this subchapter shall be construed to limit the authority of the school, its agents or employees, to maintain order and discipline on school premises, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

(2) The President of the Institute shall provide for the deposit into the capital endowment fund of a capital contribution by the Institute in an amount equal to the amount of each Federal contribution and any earnings on amounts in the capital endowment fund.

At the end of the two-year period, the entire principal and interest of the funds deposited for this period, including the Federal matching portion, shall accrue, without reservation, to the Institute and may be withdrawn, in whole or in part, to defray expenses associated with capital acquisition and improvement of the Institute referred to in paragraph (1).

Such special obligations shall bear interest at a rate equal to the average rate of interest, computed as to the end of the calendar month next preceding the date of such issue, borne by all marketable interest-bearing obligations of the United States then forming a part of the public debt; except that where such average rate is not a multiple of one-eighth of 1 per centum, the rate of interest of such special obligations shall be the multiple of one-eighth of 1 per centum next lower than such average rate. The purposes for which obligations of the United States may be issued under the Second Liberty Bond Act, as amended, are hereby extended to authorize the issuance at par of special obligations exclusively to the fund. 5509. National Environmental Education and Training Foundation.

§5501. Findings and policy

(a) Findings

The Congress finds that—

(1) Threats to human health and environmental quality are increasingly complex, involving a wide range of conventional and toxic contaminants in the air and water and on the land.

(2) There is growing evidence of international environmental problems, such as global warming, ocean pollution, and declines in species diversity, and that these problems pose serious threats to human health and the environment on a global scale.

(3) Environmental problems represent as significant a threat to the quality of life and the economic vitality of urban areas as they do the natural balance of rural areas.

(4) Effective response to complex environmental problems requires understanding of the natural and built environment, awareness of environmental problems and their origins (including those in urban areas), and the skills to solve these problems.

(5) Development of effective solutions to environmental problems and effective implementation of environmental programs requires a well educated and trained, professional work force.

(6) Current Federal efforts to inform and educate the public concerning the natural and built

environment and environmental problems are not adequate.

(7) Existing Federal support for development and training of professionals in environmental fields is not sufficient.

(8) The Federal Government, acting through the Environmental Protection Agency, should work with local education institutions, State education agencies, not-for-profit educational and environmental organizations, noncommercial educational broadcasting entities, and private sector interests to support development of curricula, special projects, and other activities, to increase understanding of the natural and built environment and to improve awareness of environmental problems.

(9) The Federal Government, acting through the coordinated efforts of its agencies and with the leadership of the Environmental Protection Agency, should work with local education institutions, State education agencies, not-for-profit educational and environmental organizations, noncommercial educational broadcasting entities, and private sector interests to develop programs to provide increased emphasis and financial resources for the purpose of attracting students into environmental engineering and assisting them in pursuing the programs to complete the advanced technical education required to provide effective problem solving capabilities for complex environmental issues.

(10) Federal natural resource agencies such as the United States Forest Service have a wide range of environmental expertise and a long history of cooperation with educational institutions and technology transfer that can assist in furthering the purposes of the [1] chapter.

(b) Policy

It is the policy of the United States to establish and support a program of education on the environment, for students and personnel working with students, through activities in schools, institutions of higher education, and related educational activities, and to encourage postsecondary students to pursue careers related to the environment.

(Pub. L. 101–619, §2, Nov. 16, 1990, 104 Stat. 3325.)

SUBCHAPTER I—NATIONAL EDUCATION GOALS

§5811. Purpose

The purpose of this subchapter is to establish National Education Goals.

(Pub. L. 103–227, title I, §101, Mar. 31, 1994, 108 Stat. 130.)

§5812. National Education Goals

The Congress declares that the National Education Goals are the following:

(1) School readiness

(A) By the year 2000, all children in America will start school ready to learn.

(B) The objectives for this goal are that—

(i) all children will have access to high-quality and developmentally appropriate preschool programs that help prepare children for school;

(ii) every parent in the United States will be a child's first teacher and devote time each day to helping such parent's preschool child learn, and parents will have access to the training and support parents need; and

(iii) children will receive the nutrition, physical activity experiences, and health care needed to arrive at school with healthy minds and bodies, and to maintain the mental alertness necessary to be prepared to learn, and the number of low-birthweight babies will be significantly reduced through enhanced prenatal health systems.

(2) School completion

(A) By the year 2000, the high school graduation rate will increase to at least 90 percent.

(B) The objectives for this goal are that—

(i) the Nation must dramatically reduce its school dropout rate, and 75 percent of the students who do drop out will successfully complete a high school degree or its equivalent; and

(ii) the gap in high school graduation rates between American students from minority backgrounds and their non-minority counterparts will be eliminated.

(3) Student achievement and citizenship

(A) By the year 2000, all students will leave grades 4, 8, and 12 having demonstrated competency over challenging subject matter including English, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography, and every school in America will ensure that all students learn to use their minds well, so they may be prepared for responsible citizenship, further learning, and productive employment in our Nation's modern economy.

(B) The objectives for this goal are that—

(i) the academic performance of all students at the elementary and secondary level will increase significantly in every quartile, and the distribution of minority students in each quartile will more closely reflect the student population as a whole;

(ii) the percentage of all students who demonstrate the ability to reason, solve problems, apply knowledge, and write and communicate effectively will increase substantially;

(iii) all students will be involved in activities that promote and demonstrate good citizenship, good health, community service, and personal responsibility;

(iv) all students will have access to physical education and health education to ensure they are healthy and fit;

(v) the percentage of all students who are competent in more than one language will substantially increase; and

(vi) all students will be knowledgeable about the diverse cultural heritage of this Nation and about the world community.

(4) Teacher education and professional development

(A) By the year 2000, the Nation's teaching force will have access to programs for the continued improvement of their professional skills and the opportunity to acquire the knowledge and skills needed to instruct and prepare all American students for the next century.

(B) The objectives for this goal are that—

(i) all teachers will have access to preservice teacher education and continuing professional development activities that will provide such teachers with the knowledge and skills needed to teach to an increasingly diverse student population with a variety of educational, social, and health needs;

(ii) all teachers will have continuing opportunities to acquire additional knowledge and skills needed to teach challenging subject matter and to use emerging new methods, forms of

assessment, and technologies;

(iii) States and school districts will create integrated strategies to attract, recruit, prepare, retrain, and support the continued professional development of teachers, administrators, and other educators, so that there is a highly talented work force of professional educators to teach challenging subject matter; and

(iv) partnerships will be established, whenever possible, among local educational agencies, institutions of higher education, parents, and local labor, business, and professional associations to provide and support programs for the professional development of educators.

(5) Mathematics and science

(A) By the year 2000, United States students will be first in the world in mathematics and science achievement.

(B) The objectives for this goal are that—

(i) mathematics and science education, including the metric system of measurement, will be strengthened throughout the system, especially in the early grades;

(ii) the number of teachers with a substantive background in mathematics and science, including the metric system of measurement, will increase by 50 percent; and

(iii) the number of United States undergraduate and graduate students, especially women and minorities, who complete degrees in mathematics, science, and engineering will increase significantly.

(6) Adult literacy and lifelong learning

(A) By the year 2000, every adult American will be literate and will possess the knowledge and skills necessary to compete in a global economy and exercise the rights and responsibilities of citizenship.

(B) The objectives for this goal are that—

(i) every major American business will be involved in strengthening the connection between education and work;

(ii) all workers will have the opportunity to acquire the knowledge and skills, from basic to highly technical, needed to adapt to emerging new technologies, work methods, and markets through public and private educational, vocational, technical, workplace, or other programs;

(iii) the number of quality programs, including those at libraries, that are designed to serve more effectively the needs of the growing number of part-time and midcareer students will increase substantially;

(iv) the proportion of the qualified students, especially minorities, who enter college, who complete at least two years, and who complete their degree programs will increase substantially;

(v) the proportion of college graduates who demonstrate an advanced ability to think critically, communicate effectively, and solve problems will increase substantially; and

(vi) schools, in implementing comprehensive parent involvement programs, will offer more adult literacy, parent training and life-long learning opportunities to improve the ties between home and school, and enhance parents' work and home lives.

(7) Safe, disciplined, and alcohol- and drug-free schools

(A) By the year 2000, every school in the United States will be free of drugs, violence, and the unauthorized presence of firearms and alcohol and will offer a disciplined environment conducive to learning.

(B) The objectives for this goal are that—

(i) every school will implement a firm and fair policy on use, possession, and distribution of drugs and alcohol;

(ii) parents, businesses, governmental and community organizations will work together to ensure the rights of students to study in a safe and secure environment that is free of drugs and crime, and that schools provide a healthy environment and are a safe haven for all children;

(iii) every local educational agency will develop and implement a policy to ensure that all

schools are free of violence and the unauthorized presence of weapons;

(iv) every local educational agency will develop a sequential, comprehensive kindergarten through twelfth grade drug and alcohol prevention education program;

(v) drug and alcohol curriculum should be taught as an integral part of sequential, comprehensive health education;

(vi) community-based teams should be organized to provide students and teachers with needed support; and

(vii) every school should work to eliminate sexual harassment.

(8) Parental participation

(A) By the year 2000, every school will promote partnerships that will increase parental involvement and participation in promoting the social, emotional, and academic growth of children.

(B) The objectives for this Goal are that—

(i) every State will develop policies to assist local schools and local educational agencies to establish programs for increasing partnerships that respond to the varying needs of parents and the home, including parents of children who are disadvantaged or bilingual, or parents of children with disabilities;

(ii) every school will actively engage parents and families in a partnership which supports the academic work of children at home and shared educational decisionmaking at school; and

(iii) parents and families will help to ensure that schools are adequately supported and will hold schools and teachers to high standards of accountability.

FINDINGS

Pub. L. 106–25, §2, Apr. 29, 1999, 113 Stat. 41, provided that: "Congress makes the following findings:

"(1) States differ substantially in demographics, in school governance, and in school finance and funding. The administrative and funding mechanisms that help schools in one State improve may not prove successful in other States.

"(2) Although the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6301 et seq.] and other Federal education statutes afford flexibility to State educational agencies and local educational agencies in implementing Federal programs, certain requirements of Federal education statutes or regulations may impede local efforts to reform and improve education.

"(3) By granting waivers of certain statutory and regulatory requirements, the Federal Government can

remove impediments for local educational agencies in implementing educational reforms and raising the achievement levels of all children.

"(4) State educational agencies are closer to local school systems, implement statewide educational reforms with both Federal and State funds, and are responsible for maintaining accountability for local activities consistent with State standards and assessment systems. Therefore, State educational agencies are often in the best position to align waivers of Federal and State requirements with State and local initiatives.

"(5) The Education Flexibility Partnership Demonstration Act [former 20 U.S.C. 5891(e)] allows State educational agencies the flexibility to waive certain Federal requirements, along with related State requirements, but allows only 12 States to qualify for such waivers.

"(6) Expansion of waiver authority will allow for the waiver of statutory and regulatory requirements that impede implementation of State and local educational improvement plans, or that unnecessarily burden program administration, while maintaining the intent and purposes of affected programs, such as the important focus on improving mathematics and science performance under title II of the Elementary and Secondary Education Act of 1965 [20 U.S.C. 6601 et seq.] (Dwight D. Eisenhower Professional Development Program), and maintaining such fundamental requirements as those relating to civil rights, educational equity, and accountability.

"(7) To achieve the State goals for the education of children in the State, the focus must be on results in raising the achievement of all students, not process."

§5891b. Educational flexibility program

(a) Educational flexibility program

(1) Program authorized

(A) In general

The Secretary may carry out an educational flexibility program under which the Secretary authorizes a State educational agency that serves an eligible State to waive statutory or regulatory requirements applicable to one or more programs described in subsection (b), other than requirements described in subsection (c), for any local educational agency, educational service agency, or school within the State.

(ii) if the State has adopted new challenging State academic standards under section 1111(b)(1) of the Elementary and Secondary Education Act of 1965, as a result of the amendments made to such Act [20 U.S.C. 6301 et seq.] by the Every Student Succeeds Act, made substantial progress (as determined by the Secretary) toward developing and implementing such standards and toward producing the report cards required under section 1111(h) of such Act;

(B) will hold local educational agencies, educational service agencies, and schools accountable for meeting the educational goals described in the local applications submitted under paragraph (4) and for engaging in technical assistance and, as applicable and appropriate, implementing comprehensive support and improvement activities and targeted support and improvement activities under section 1111(d) of the Elementary and Secondary Education Act of 1965; and

(ii) Approval

The Secretary may approve an application described in subparagraph (A) only if the Secretary determines that such application demonstrates substantial promise of assisting the State educational agency and affected local educational agencies, educational service agencies, and schools within the State in carrying out comprehensive educational reform, after considering—

(II) the comprehensiveness and quality of the educational flexibility plan described in subparagraph (A);

(III) the ability of the educational flexibility plan to ensure accountability for the activities and goals described in such plan;

(bb) take into account the performance of local educational agencies, educational

service agencies, or schools, and students, particularly those affected by waivers;

(V) the significance of the State statutory or regulatory requirements relating to education that will be waived; and

(VI) the quality of the State educational agency's process for approving applications for waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) and for monitoring and evaluating the results of such waivers.

(4) Local application

(A) In general

Each local educational agency, educational service agency, or school requesting a waiver of a Federal statutory or regulatory requirement as described in paragraph (1)(A) and any relevant State statutory or regulatory requirement from a State educational agency shall submit an application to the State educational agency at such time, in such manner, and containing such information as the State educational agency may reasonably require. Each such application shall—

A State educational agency shall evaluate an application submitted under subparagraph (A) in accordance with the State's educational flexibility plan described in paragraph (3)(A).

(C) Approval

A State educational agency shall not approve an application for a waiver under this paragraph unless—

(I) is applicable to such agency or school, respectively; and

(II) may include innovative methods to leverage resources to improve program efficiencies that benefit students;

(ii) the waiver of Federal statutory or regulatory requirements as described in paragraph (1)(A) will assist the local educational agency, educational service agency, or school in reaching its educational goals, particularly goals with respect to school and student performance; and

(iii) the State educational agency is satisfied that the underlying purposes of the statutory requirements of each program for which a waiver is granted will continue to be met.

(D) Termination

The State educational agency shall annually review the performance of any local educational agency, educational service agency, or school granted a waiver of Federal statutory or regulatory requirements as described in paragraph (1)(A) in accordance with the evaluation

requirement described in paragraph (3)(A)(v), and shall terminate or temporarily suspend any waiver granted to the local educational agency, educational service agency, or school if the State educational agency determines, after notice and an opportunity for a hearing, that—

(i) there is compelling evidence of systematic waste, fraud, or abuse;

(ii) the performance of the local educational agency, educational service agency, or school with respect to meeting the accountability requirement described in paragraph (2)(C) and the goals described in subparagraph (A)(iii) has been inadequate to justify continuation of such waiver;

(iii) student achievement in the local educational agency, educational service agency, or school has decreased; or

(iv) substantial progress has not been made toward meeting the long-term goals and measurements of interim progress established by the State under section 1111(c)(4)(A)(i) of the Elementary and Secondary Education Act of 1965.

(5) Oversight and reporting

(A) Oversight

(B) State reports

(i) Annual reports

The State educational agency shall submit to the Secretary an annual report on the results of such oversight and the impact of the waivers on school and student performance.

(ii) Performance data

Not later than 2 years after the date a State is designated an Ed-Flex Partnership State, each such State shall include, as part of the State's annual report submitted under clause (i), data demonstrating the degree to which progress has been made toward meeting the State's educational objectives. The data, when applicable, shall include—

(I) information on the total number of waivers granted for Federal and State statutory and regulatory requirements under this section, including the number of waivers granted for each type of waiver;

(II) information describing the effect of the waivers on the implementation of State and local educational reforms pertaining to school and student performance;

(III) information describing the relationship of the waivers to the performance of schools and students affected by the waivers; and

(IV) an assurance from State program managers that the data reported under this section are reliable, complete, and accurate, as defined by the State, or a description of a plan for improving the reliability, completeness, and accuracy of such data as defined by the State.

(C) Secretary's reports

The Secretary shall annually—

(i) make each State report submitted under subparagraph (B) available to Congress and the public; and

(ii) submit to Congress a report that summarizes the State reports and describes the effects that the educational flexibility program under this section had on the implementation of State and local educational reforms and on the performance of students affected by the waivers.

(6) Duration of Federal waivers

(A) In general

(i) Duration

The Secretary shall approve the application of a State educational agency under paragraph (3) for a period of not more than 5 years.

(ii) Automatic extension during review

The Secretary shall automatically extend the authority of a State to continue as an Ed-Flex Partnership State until the Secretary has—

(I) completed the performance review of the State educational agency's educational flexibility plan as described in subparagraph (B); and

(II) issued a final decision on any pending request for renewal that was submitted by the State educational agency.

(iii) Extension of approval

The Secretary may extend the authority of a State to continue as an Ed-Flex Partnership State if the Secretary determines that the authority of the State educational agency to grant waivers—

(I) has been effective in enabling such State or affected local educational agencies, educational service agencies, or schools to carry out their State or local reform plans and to continue to meet the accountability requirement described in paragraph (2)(C); and

(II) has improved student performance.

(B) Performance review

(i) In general

Following the expiration of an approved educational flexibility program for a State that is designated an Ed-Flex Partnership State, the Secretary shall have not more than 180 days to complete a review of the performance of the State educational agency in granting waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) to determine if the State educational agency—

(I) has achieved, or is making substantial progress towards achieving, the objectives described in the application submitted pursuant to paragraph (3)(A)(iii) and the specific long-term goals and measurements of interim progress established under section 1111(c)(4)(A)(i) of the Elementary and Secondary Education Act of 1965; and

(II) demonstrates that local educational agencies, educational service agencies, or schools affected by the waiver authority or waivers have achieved, or are making progress toward achieving, the desired goals described in the application submitted pursuant to paragraph (4)(A)(iii).

(ii) Termination of authority

The Secretary shall terminate the authority of a State educational agency to grant waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) if the Secretary determines, after providing the State educational agency with notice and an opportunity for a hearing, that such agency's performance has been inadequate to justify continuation of such authority based on such agency's performance against the specific long-term goals and measurements of interim progress established under section 1111(c)(4)(A)(i) of the Elementary and Secondary Education Act of 1965.

(C) Renewal

(i) In general

Each State educational agency desiring to renew an approved educational flexibility program under this section shall submit a request for renewal to the Secretary not later than the date of expiration of the approved educational flexibility program.

(iii) Determination

In deciding whether to extend a request of a State educational agency for the authority to

(I) has made progress toward achieving the objectives described in the State application submitted pursuant to paragraph (3)(A)(iii); and

(II) demonstrates in the request that local educational agencies, educational service agencies, or schools affected by the waiver authority or waivers have made progress toward achieving the desired goals described in the local application submitted pursuant to paragraph (4)(A)(iii).

(D) Termination

(i) In general

The Secretary shall terminate or temporarily suspend the authority of a State educational agency to grant waivers under this section if the Secretary determines that—

(I) there is compelling evidence of systematic waste, fraud or abuse; or

(II) after notice and an opportunity for a hearing, such agency's performance (including performance with respect to meeting the objectives described in paragraph (3)(A)(iii)) has been inadequate to justify continuation of such authority.

(ii) Limited compliance period

A State whose authority to grant such waivers has been terminated shall have not more than 1 additional fiscal year to come into compliance in order to seek renewal of the authority to grant waivers under this section.

(7) Public notice and comment

(B) shall provide the opportunity for parents, educators, school administrators, and all other interested members of the community to comment regarding the proposed waiver authority or waiver;

(C) shall provide the opportunity described in subparagraph (B) in accordance with any applicable State law specifying how the comments may be received, and how the comments may be reviewed by any member of the public; and

(D) shall submit the comments received with the application of the agency or school to the Secretary or the State educational agency, as appropriate.

(H) use of Federal funds to supplement, not supplant, non-Federal funds; and

SUBCHAPTER IX—EDUCATIONAL RESEARCH AND IMPROVEMENT

§6001. Short title

This subchapter may be cited as the "Educational Research, Development, Dissemination, and Improvement Act of 1994".

(Pub. L. 103–227, title IX, §901, Mar. 31, 1994, 108 Stat. 212.)

REFERENCES IN TEXT

This subchapter, referred to in text, was in the original "this title", meaning title IX of Pub. L. 103–227, Mar. 31, 1994, 108 Stat. 212, which enacted this subchapter, amended sections 2422, 3155, 3412, 3419, 3462, and 4085b of this title, repealed section 1221e of this title, and enacted provisions set out as notes under sections 1221e and 3155 of this title.

§6002. Findings

The Congress finds as follows with respect to improving education in the United States:

(1) A majority of public schools in the United States are failing to prepare students to achieve the National Education Goals. The Federal Government should support an extensive program of educational research, development, dissemination, replication and assistance to identify and support the best responses for the challenges ahead. A significant investment in attaining a deeper understanding of the processes of learning and schooling and developing new ideas holds the best hope of making a substantial difference to the lives of every student in the United States. The Office of Educational Research and Improvement within the Department of Education should be at the center of this campaign in order to coordinate such efforts.

(2) The Federal role in educational research has been closely identified with youths who are socioeconomically disadvantaged, are minorities, belong to a language minority, or have a disability. The Federal commitment to education was sufficient to serve not more than—

(A) in 1993, 1 out of every 6 low-income children in need of preschool education;

(B) in 1990, 3 out of every 5 children in need of remediation;

(C) in 1991, 1 out of every 5 children in need of bilingual education; and

(D) in 1992, 1 out of every 20 youths eligible for assistance under the Job Training Partnership Act.

(3) The failure of the Federal Government to adequately invest in educational research and development has denied the United States a sound foundation of knowledge on which to design school improvements. The educational achievement of minority children is of particular concern because at least half of the public school students in 25 of the largest cities of the United States are minority children, and demographers project that, by the year 2005, almost all urban public school students will be minority children or other children in poverty.

(4) The investment goal of the Federal research, development, and dissemination function should be at least 1 percent of the total amount of funds spent on education.

(5) Nationwide model programs and reliable interventions should be demonstrated and replicated, and for such purposes, programs should be established to conduct research and evaluations, and to disseminate information.

(6) The Office should develop a national dissemination policy that will advance the goal of placing a national treasure chest of research results, models, and materials at the disposal of the education decisionmakers of the United States.

(7) A National Educational Research Policy and Priorities Board should be established to work collaboratively with the Assistant Secretary to forge a national consensus with respect to a long-term agenda for educational research, development, dissemination, and the activities of the Office.

(8) Existing research and development entities should adopt expanded, proactive roles and new institutions should be created to promote knowledge development necessary to accelerate the application of research findings to high priority areas.

(9) Greater use should be made of existing technologies in efforts to improve the educational

system of the United States, including efforts to disseminate research findings.

(10) Minority educational researchers are inadequately represented throughout the Department of Education, but particularly in the Office. The Office therefore should assume a leadership position in the recruitment, retention, and promotion of qualified minority educational researchers.

(11) The coordination of the mission of the Office with that of other components of the Department of Education is critical. The Office should improve the coordination of the educational research, development, and dissemination function with those of other Federal agencies.

§6062. Funding for Individuals with Disabilities Education Act

(a) Findings

The Congress finds that—

(1) the Individuals with Disabilities Education Act [20 U.S.C. 1400 et seq.] was established with the commitment of forty percent Federal funding but currently receives only eight percent Federal funding;

(2) this funding shortfall is particularly burdensome to school districts and schools in low-income areas which serve higher than average proportions of students with disabilities and have fewer local resources to contribute; and

(3) it would cost the Federal Government approximately $10,000,000,000 each year to fully fund the Individuals with Disabilities Education Act.

(b) Sense of Congress

It is the sense of the Congress that the Federal Government should provide States and communities with adequate resources under the Individuals with Disabilities Education Act [20 U.S.C. 1400 et seq.] as soon as reasonably possible, through the reallocation of noneducation funds within the current budget monetary constraints.

(3) an examination of what incentives or assistance might be provided to States to develop improvement plans that adequately address the needs of children with disabilities;

(4) the relation of the Goals 2000: Educate America Act [20 U.S.C. 5801 et seq.] to other Federal laws governing or affecting the education of children with disabilities; and

(d) Notice

The prohibitions in subsections (a) through (c) of this section shall be incorporated by publication of a notice in the Federal Register by the Secretary (in consultation with the heads of other affected agencies) and by such agency heads in funding arrangements involving the provision of children's services administered by such heads. Such prohibitions shall be effective 90 days after such notice is published, or 270 days after March 31, 1994, whichever occurs first.

(e) Special waiver

(1) In general

On receipt of an application, the head of the Federal agency may grant a special waiver to a person described in subsection (a) of this section who employs individuals who are members of a labor organization and provide children's services pursuant to a collective bargaining agreement that—

Each day a violation continues shall constitute a separate violation. For the purpose of the prohibition in subsection (c) of this section, the term "person" shall mean the head of the applicable Federal agency or the contractor of such agency providing the services to children.

(2) Administrative proceeding

A civil penalty may be assessed in a written notice, or an administrative compliance order may be issued, by the Secretary only after an opportunity for a hearing in accordance with section 554

of title 5. Before making such assessment or issuing such order, or both, the Secretary shall give written notice thereof to such person by certified mail with return receipt and provide therein an opportunity to request in writing not later than 30 days after the date of receipt of such notice such hearing. The notice shall reasonably describe the violation and be accompanied with the procedures for such hearing and a simple form to request such hearing if such person desires to use such form. If a hearing is requested, the Secretary shall establish by such certified notice the time and place for such hearing which should be located, to the greatest extent possible, at a location convenient to such person. (C) such other matters as justice may require.

(4) Modification

The Secretary may, as appropriate, compromise, modify, or remit, with or without conditions, any civil penalty or administrative compliance order. In the case of a civil penalty, the amount, as finally determined by the Secretary or agreed upon in compromise, may be deducted from any sums that the United States or its agencies or instrumentalities owes to the person against whom the penalty is assessed.

(5) Petition for review

Any person aggrieved by a penalty assessed or an order issued, or both, by the Secretary under this section may file a petition for judicial review thereof with the United States Court of Appeals for the District of Columbia Circuit or for any other circuit in which the person resides or transacts business. Such person shall provide a copy thereof to the Secretary or the Secretary's designee. The petition shall be filed within 30 days after the Secretary's assessment or order, or both, are final and have been provided to such person by certified mail. The Secretary shall promptly provide to the court a certified copy of the transcript of any hearing held under this section and a copy of the notice or order.

(6) Failure to comply

If a person fails to pay an assessment of a civil penalty or comply with an order, after either or both are final under this section, or after a court under paragraph (5) has entered a final judgment in favor of the Secretary, the Attorney General, at the request of the Secretary, shall recover the amount of the civil penalty (plus interest at then currently prevailing rates from the day either or both are final) or enforce the order in an action brought in the appropriate district court of the United States. In such action, the validity and appropriateness of the penalty or order or the amount of the penalty shall not be subject to review.

EX. ORD. NO. 13153. ACTIONS TO IMPROVE LOW-PERFORMING SCHOOLS

Ex. Ord. No. 13153, May 3, 2000, 65 F.R. 26475, provided:

By the authority vested in me as President by the Constitution and the laws of the United States of America, including the Elementary and Secondary Education Act of 1965 (ESEA) [20 U.S.C. 6301 et seq.], the Department of Education Appropriations Act, 2000 (as contained in Public Law 106–113) [Pub. L. 106–113, div. B, §1000(a)(4) [title III], Nov. 29, 1999, 113 Stat. 1535, 1501A–242, see Tables for classification], and in order to take actions to improve low-performing schools, it is hereby ordered as follows:

SECTION 1. *Policy*. Since 1993, this Administration has sought to raise standards for students and to increase accountability in public education while investing more resources in elementary and secondary schools. While much has been accomplished—there has been progress in math and reading achievement, particularly for low-achieving students and students in our highest poverty schools—much more can be done, especially for low-performing schools.

SEC. 2. *Technical Assistance and Capacity Building*. (a) The Secretary of Education ("Secretary") shall work with State and local educational agencies ("LEAs") to develop and implement a comprehensive strategy for providing technical assistance and other assistance to States and LEAs to strengthen their capacity to improve the performance of schools identified as low performing. This comprehensive strategy shall include a number of steps, such as:

(1) providing States, school districts, and schools receiving funds from the school improvement fund established by Public Law 106–113, as well as other districts and schools identified for school improvement or corrective action under Title I of the ESEA [20 U.S.C. 6301 et seq.], with access to the latest research and information on best practices, including research on instruction and educator professional development, and with the opportunity to learn from exemplary schools and exemplary State and local intervention strategies and from each other, in order to improve achievement for all students in the low-performing schools;

(2) determining effective ways of providing low-performing schools with access to resources from other Department of Education programs, such as funds from the Comprehensive School Reform Demonstration Program, the Reading Excellence Act [Pub. L. 105–277, div. A, §101(f) [title VIII], Oct. 21, 1998, 112 Stat. 2681–337, 2681–391, see Tables for classification], the Eisenhower Professional Development Program, the Class Size Reduction Program, and the 21st Century Community Learning Centers Program, and to make effective use of these funds and Title I funds;

(3) providing States and LEAs with information on effective strategies to improve the quality of the teaching force, including strategies for recruiting and retaining highly qualified teachers in high-poverty schools, and implementing research-based professional development programs aligned with challenging standards;

(4) helping States and school districts build partnerships with technical assistance providers, including, but not limited to, federally funded laboratories and centers, foundations, businesses, community-based organizations, institutions of higher education, reform model providers, and other organizations that can help local schools improve;

(5) identifying previously low-performing schools that have made significant achievement gains, and States and school districts that have been effective in improving the achievement of all students in low-performing schools, which can serve as models and resources;

(6) providing assistance and information on how to effectively involve parents in the school-improvement process, including effectively involving and informing parents at the beginning of the school year about improvement goals for their school as well as the goals for their own children, and reporting on progress made in achieving these goals;

(7) providing States and LEAs with information on effective approaches to school accountability, including the effectiveness of such strategies as school reconstitution, peer review teams, and financial rewards and incentives;

(8) providing LEAs with information and assistance on the design and implementation of approaches

to choice among public schools that create incentives for improvement throughout the local educational agency, especially in the lowest-performing schools, and that maximize the opportunity of students in low-performing schools to attend a higher-performing public school;

(9) exploring the use of well-trained tutors to raise student achievement through initiatives such as "America Reads," "America Counts," and other work-study opportunities to help low-performing schools;

(10) using a full range of strategies for disseminating information about effective practices, including interactive electronic communications;

(11) working with the Department of Interior, Bureau of Indian Affairs (BIA), to provide technical assistance to BIA-funded low-performing schools; and

(12) taking other steps that can help improve the quality of teaching and instruction in low-performing schools.

(b) The Secretary shall, to the extent permitted by law, take whatever steps the Secretary finds necessary and appropriate to redirect the resources and technical assistance capability of the Department of Education ("Department") to assist States and localities in improving low-performing schools, and to ensure that the dissemination of research to help turn around low-performing schools is a priority of the Department.

SEC. 3. *School Improvement Report*. To monitor the progress of LEAs and schools in turning around failing schools, including those receiving grants from the School Improvement Fund, the Secretary shall prepare an annual School Improvement Report, to be published in September of each year, beginning in 2000. The report shall:

(a) describe trends in the numbers of LEAs and schools identified as needing improvement and subsequent changes in the academic performance of their students;

(b) identify best practices and significant research findings that can be used to help turn around low-performing LEAs and schools; and

(c) document ongoing efforts as a result of this order and other Federal efforts to assist States and local school districts in intervening in low-performing schools, including improving teacher quality. This report shall be publicly accessible.

SEC. 4. *Compliance Monitoring System*. Consistent with the implementation of the School Improvement Fund, the Secretary shall strengthen the Department's monitoring of ESEA requirements for identifying and turning around low-performing schools, as well as any new requirements established for the School Improvement Fund by Public Law 106–113. The Secretary shall give priority to provisions that have the greatest bearing on identifying and turning around low-performing schools, including sections 1116 and 1117 of the ESEA [former 20 U.S.C. 6316, 6317], and to developing an ongoing, focused, and systematic process for monitoring these provisions. This improved compliance monitoring shall be designed to:

(a) ensure that States and LEAs comply with ESEA requirements;

(b) assist States and LEAs in implementing effective procedures and strategies that reflect the best research available, as well as the experience of successful schools, school districts, and States as they address similar objectives and challenges; and

(c) assist States, LEAs, and schools in making the most effective use of available Federal resources.

SEC. 5. *Consultation*. The Secretary shall, where appropriate, consult with executive agencies, State and local education officials, educators, community-based groups, and others in carrying out this Executive order.

SEC. 6. *Judicial Review*. This order is intended only to improve the internal management of the executive branch and is not intended to, and does not create any right or benefit, substantive or procedural, enforceable at law or equity by a party against the United States, its agencies or instrumentalities, its officers or employees, or any other person.

WILLIAM J. CLINTON.

(i) In general

Each State shall demonstrate that the challenging State academic standards are aligned with entrance requirements for credit-bearing coursework in the system of public higher education in the State and relevant State career and technical education standards.

Nothing in this chapter shall be construed to authorize public institutions of higher education to determine the specific challenging State academic standards required under this paragraph.

(E) Alternate academic achievement standards for students with the most significant cognitive disabilities

(i) In general

The State may, through a documented and validated standards-setting process, adopt alternate academic achievement standards for students with the most significant cognitive disabilities, provided those standards—

(I) are aligned with the challenging State academic content standards under subparagraph (A);

(II) promote access to the general education curriculum, consistent with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.);

(III) reflect professional judgment as to the highest possible standards achievable by such students;

(IV) are designated in the individualized education program developed under section 614(d)(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(3)) for each such student as the academic achievement standards that will be used for the student; and

(V) are aligned to ensure that a student who meets the alternate academic achievement standards is on track to pursue postsecondary education or employment, consistent with the purposes of Public Law 93–112 [29 U.S.C. 701 et seq.], as in effect on July 22, 2014.

(ii) Prohibition on any other alternate or modified academic achievement standards

A State shall not develop, or implement for use under this part, any alternate academic achievement standards for children with disabilities that are not alternate academic achievement standards that meet the requirements of clause (i).

(2) Academic assessments

(A) In general

Each State plan shall demonstrate that the State educational agency, in consultation with local educational agencies, has implemented a set of high-quality student academic assessments in mathematics, reading or language arts, and science. The State retains the right to implement such assessments in any other subject chosen by the State.

(B) Requirements

The assessments under subparagraph (A) shall—

(i) except as provided in subparagraph (D), be—

(I) the same academic assessments used to measure the achievement of all public elementary school and secondary school students in the State; and

(II) administered to all public elementary school and secondary school students in the State;

(ii) be aligned with the challenging State academic standards, and provide coherent and timely information about student attainment of such standards and whether the student is

performing at the student's grade level;

(iii) be used for purposes for which such assessments are valid and reliable, consistent with relevant, nationally recognized professional and technical testing standards, objectively measure academic achievement, knowledge, and skills, and be tests that do not evaluate or assess personal or family beliefs and attitudes, or publicly disclose personally identifiable information;

(iv) be of adequate technical quality for each purpose required under this chapter and consistent with the requirements of this section, the evidence of which shall be made public, including on the website of the State educational agency;

(v)(I) in the case of mathematics and reading or language arts, be administered—

(bb) at least once in grades 9 through 12;

(II) in the case of science, be administered not less than one time during—

(aa) grades 3 through 5;

(cc) grades 10 through 12; and

(III) in the case of any other subject chosen by the State, be administered at the discretion of the State;

(vi) involve multiple up-to-date measures of student academic achievement, including measures that assess higher-order thinking skills and understanding, which may include measures of student academic growth and may be partially delivered in the form of portfolios, projects, or extended performance tasks;

(vii) provide for—

(I) the participation in such assessments of all students;

(II) the appropriate accommodations, such as interoperability with, and ability to use, assistive technology, for children with disabilities (as defined in section 602(3) of the Individuals with Disabilities Education Act (20 U.S.C. 1401(3))), including students with the most significant cognitive disabilities, and students with a disability who are provided accommodations under an Act other than the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), necessary to measure the academic achievement of such children relative to the challenging State academic standards or alternate academic achievement standards described in paragraph (1)(E); and

(III) the inclusion of English learners, who shall be assessed in a valid and reliable manner and provided appropriate accommodations on assessments administered to such students under this paragraph, including, to the extent practicable, assessments in the language and form most likely to yield accurate data on what such students know and can do in academic content areas, until such students have achieved English language proficiency, as determined under subparagraph (G);

(viii) at the State's discretion—

(I) be administered through a single summative assessment; or

(II) be administered through multiple statewide interim assessments during the course of the academic year that result in a single summative score that provides valid, reliable, and transparent information on student achievement or growth;

(ix) notwithstanding clause (vii)(III), provide for assessments (using tests in English) of reading or language arts of any student who has attended school in the United States (not including the Commonwealth of Puerto Rico) for 3 or more consecutive school years, except that if the local educational agency determines, on a case-by-case individual basis, that academic assessments in another language or form would likely yield more accurate and reliable information on what such student knows and can do, the local educational agency

may make a determination to assess such student in the appropriate language other than English for a period that does not exceed 2 additional consecutive years, provided that such student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what such student knows and can do on tests (written in English) of reading or language arts;

(x) produce individual student interpretive, descriptive, and diagnostic reports, consistent with clause (iii), regarding achievement on such assessments that allow parents, teachers, principals, and other school leaders to understand and address the specific academic needs of students, and that are provided to parents, teachers, and school leaders, as soon as is practicable after the assessment is given, in an understandable and uniform format, and to the extent practicable, in a language that parents can understand;

(xi) enable results to be disaggregated within each State, local educational agency, and school by—

(I) each major racial and ethnic group;

(II) economically disadvantaged students as compared to students who are not economically disadvantaged;

(III) children with disabilities as compared to children without disabilities;

(IV) English proficiency status;

(V) gender; and

(VI) migrant status,

except that such disaggregation shall not be required in the case of a State, local educational agency, or a school in which the number of students in a subgroup is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student;

(xii) enable itemized score analyses to be produced and reported, consistent with clause (iii), to local educational agencies and schools, so that parents, teachers, principals, other school leaders, and administrators can interpret and address the specific academic needs of students as indicated by the students' achievement on assessment items; and

(xiii) be developed, to the extent practicable, using the principles of universal design for learning.

(C) Exception for advanced mathematics in middle school

A State may exempt any 8th grade student from the assessment in mathematics described in subparagraph (B)(v)(I)(aa) if—

(i) such student takes the end-of-course assessment the State typically administers to meet the requirements of subparagraph (B)(v)(I)(bb) in mathematics;

(ii) such student's achievement on such end-of-course assessment is used for purposes of subsection (c)(4)(B)(i), in lieu of such student's achievement on the mathematics assessment required under subparagraph (B)(v)(I)(aa), and such student is counted as participating in the assessment for purposes of subsection (c)(4)(B)(vi); [4] and

(iii) in high school, such student takes a mathematics assessment pursuant to subparagraph (B)(v)(I)(bb) that—

(I) is any end-of-course assessment or other assessment that is more advanced than the assessment taken by such student under clause (i) of this subparagraph; and

(II) shall be used to measure such student's academic achievement for purposes of subsection (c)(4)(B)(i).

(D) Alternate assessments for students with the most significant cognitive disabilities

(i) Alternate assessments aligned with alternate academic achievement standards

A State may provide for alternate assessments aligned with the challenging State academic standards and alternate academic achievement standards described in paragraph (1)(E) for students with the most significant cognitive disabilities, if the State—

(I) consistent with clause (ii), ensures that, for each subject, the total number of students assessed in such subject using the alternate assessments does not exceed 1 percent of the total number of all students in the State who are assessed in such subject;

(II) ensures that the parents of such students are clearly informed, as part of the process for developing the individualized education program (as defined in section 614(d)(1)(A) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(1)(A)))—

(aa) that their child's academic achievement will be measured based on such alternate standards; and

(bb) how participation in such assessments may delay or otherwise affect the student from completing the requirements for a regular high school diploma;

(III) promotes, consistent with the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), the involvement and progress of students with the most significant cognitive disabilities in the general education curriculum;

(IV) describes in the State plan the steps the State has taken to incorporate universal design for learning, to the extent feasible, in alternate assessments;

(V) describes in the State plan that general and special education teachers, and other appropriate staff—

(aa) know how to administer the alternate assessments; and

(bb) make appropriate use of accommodations for students with disabilities on all assessments required under this paragraph;

(VI) develops, disseminates information on, and promotes the use of appropriate accommodations to increase the number of students with significant cognitive disabilities—

(aa) participating in academic instruction and assessments for the grade level in which the student is enrolled; and

(bb) who are tested based on challenging State academic standards for the grade level in which the student is enrolled; and

(VII) does not preclude a student with the most significant cognitive disabilities who takes an alternate assessment based on alternate academic achievement standards from attempting to complete the requirements for a regular high school diploma.

Subject to the authority and requirements for the individualized education program team for a child with a disability under section 614(d)(1)(A)(i)(VI)(bb) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)(1)(A)(i)(VI)(bb)), such team, consistent with the guidelines established by the State and required under section 612(a)(16)(C) of such Act (20 U.S.C. 1412(c)(16)(C)) [5] and clause (i)(II) of this subparagraph, shall determine when a child with a significant cognitive disability shall participate in an alternate assessment aligned with the alternate academic achievement standards.

(II) Prohibition on local cap

Nothing in this subparagraph shall be construed to permit the Secretary or a State educational agency to impose on any local educational agency a cap on the percentage of students administered an alternate assessment under this subparagraph, except that a local educational agency exceeding the cap applied to the State under clause (i)(I) shall submit information to the State educational agency justifying the need to exceed such cap.

(III) State support

A State shall provide appropriate oversight, as determined by the State, of any local educational agency that is required to submit information to the State under subclause (II).

(IV) Waiver authority

This subparagraph shall be subject to the waiver authority under section 7861 of this title.

(E) State authority

If a State educational agency provides evidence, which is satisfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt challenging State academic standards, and academic assessments aligned with such standards, which will be applicable to all students enrolled in the State's public elementary schools and secondary schools, then the State educational agency may meet the requirements of this subsection by—

(i) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, and limiting their applicability to students served under this part; or

(ii) adopting and implementing policies that ensure that each local educational agency in the State that receives grants under this part will adopt academic content and student academic achievement standards, and academic assessments aligned with such standards, which—

(I) meet all of the criteria in this subsection and any regulations regarding such standards and assessments that the Secretary may publish; and

(II) are applicable to all students served by each such local educational agency.

(F) Language assessments

(i) In general

Each State plan shall identify the languages other than English that are present to a significant extent in the participating student population of the State and indicate the languages for which annual student academic assessments are not available and are needed.

(ii) Secretarial assistance

The State shall make every effort to develop such assessments and may request assistance from the Secretary if linguistically accessible academic assessment measures are needed. Upon request, the Secretary shall assist with the identification of appropriate academic assessment measures in the needed languages, but shall not mandate a specific academic assessment or mode of instruction.

(G) Assessments of English language proficiency

(i) In general

Each State plan shall demonstrate that local educational agencies in the State will provide for an annual assessment of English proficiency of all English learners in the schools served by the State educational agency.

(ii) Alignment

The assessments described in clause (i) shall be aligned with the State's English language proficiency standards described in paragraph (1)(F).

(H) Locally-selected assessment

(i) In general

Nothing in this paragraph shall be construed to prohibit a local educational agency from administering a locally-selected assessment in lieu of the State-designed academic assessment under subclause (I)(bb) and subclause (II)(cc) of subparagraph (B)(v), if the local educational agency selects a nationally-recognized high school academic assessment that has been approved for use by the State as described in clause (iii) or (iv) of this subparagraph.

(ii) State technical criteria

To allow for State approval of nationally-recognized high school academic assessments

that are available for local selection under clause (i), a State educational agency shall establish technical criteria to determine if any such assessment meets the requirements of clause (v).

(iii) State approval

If a State educational agency chooses to make a nationally-recognized high school assessment available for selection by a local educational agency under clause (i), which has not already been approved under this clause, such State educational agency shall—

(I) conduct a review of the assessment to determine if such assessment meets or exceeds the technical criteria established by the State educational agency under clause (ii);

(II) submit evidence in accordance with subsection (a)(4) that demonstrates such assessment meets the requirements of clause (v); and

(III) after fulfilling the requirements of subclauses (I) and (II), approve such assessment for selection and use by any local educational agency that requests to use such assessment under clause (i).

(iv) Local educational agency option

(I) Local educational agency

If a local educational agency chooses to submit a nationally-recognized high school academic assessment to the State educational agency, subject to the approval process described in subclause (I) and subclause (II) of clause (iii) to determine if such assessment fulfills the requirements of clause (v), the State educational agency may approve the use of such assessment consistent with clause (i).

(II) State educational agency

Upon such approval, the State educational agency shall approve the use of such assessment in any other local educational agency in the State that subsequently requests to use such assessment without repeating the process described in subclauses (I) and (II) of clause (iii).

(v) Requirements

To receive approval from the State educational agency under clause (iii), a locally-selected assessment shall—

(I) be aligned to the State's academic content standards under paragraph (1), address the depth and breadth of such standards, and be equivalent in its content coverage, difficulty, and quality to the State-designed assessments under this paragraph (and may be more rigorous in its content coverage and difficulty than such State-designed assessments);

(II) provide comparable, valid, and reliable data on academic achievement, as compared to the State-designed assessments, for all students and for each subgroup of students defined in subsection (c)(2), with results expressed in terms consistent with the State's academic achievement standards under paragraph (1), among all local educational agencies within the State;

(III) meet the requirements for the assessments under subparagraph (B) of this paragraph, including technical criteria, except the requirement under clause (i) of such subparagraph; and

(IV) provide unbiased, rational, and consistent differentiation between schools within the State to meet the requirements of subsection (c).

(vi) Parental notification

A local educational agency shall notify the parents of high school students served by the local educational agency—

(I) of its request to the State educational agency for approval to administer a locally-selected assessment; and

(II) upon approval, and at the beginning of each subsequent school year during which the locally selected assessment will be administered, that the local educational agency will

be administering a different assessment than the State-designed assessments under subclause (I)(bb) and subclause (II)(cc) of subparagraph (B)(v).

(I) Deferral

A State may defer the commencement, or suspend the administration, but not cease the development, of the assessments described in this paragraph, for 1 year for each year for which the amount appropriated for grants under part B is less than $369,100,000.

(J) Adaptive assessments

(i) In general

Subject to clause (ii), a State retains the right to develop and administer computer adaptive assessments as the assessments described in this paragraph, provided the computer adaptive assessments meet the requirements of this paragraph, except that—

(I) subparagraph (B)(i) shall not be interpreted to require that all students taking the computer adaptive assessment be administered the same assessment items; and

(II) such assessment—

(aa) shall measure, at a minimum, each student's academic proficiency based on the challenging State academic standards for the student's grade level and growth toward such standards; and

(bb) may measure the student's level of academic proficiency and growth using items above or below the student's grade level, including for use as part of a State's accountability system under subsection (c).

(ii) Students with the most significant cognitive disabilities and English learners

In developing and administering computer adaptive assessments—

(I) as the assessments allowed under subparagraph (D), a State shall ensure that such computer adaptive assessments—

(aa) meet the requirements of this paragraph, including subparagraph (D), except such assessments shall not be required to meet the requirements of clause (i)(II); and

(bb) assess the student's academic achievement to measure, in the subject being assessed, whether the student is performing at the student's grade level; and

(II) as the assessments required under subparagraph (G), a State shall ensure that such computer adaptive assessments—

(aa) meet the requirements of this paragraph, including subparagraph (G), except such assessment shall not be required to meet the requirements of clause (i)(II); and

(bb) assess the student's language proficiency, which may include growth towards such proficiency, in order to measure the student's acquisition of English.

(K) Rule of construction on parent rights

Nothing in this paragraph shall be construed as preempting a State or local law regarding the decision of a parent to not have the parent's child participate in the academic assessments under this paragraph.

(L) Limitation on assessment time

Subject to Federal or State requirements related to assessments, evaluations, and accommodations, each State may, at the sole discretion of such State, set a target limit on the aggregate amount of time devoted to the administration of assessments for each grade, expressed as a percentage of annual instructional hours.

(3) Exception for recently arrived English learners

(A) Assessments

With respect to recently arrived English learners who have been enrolled in a school in one of the 50 States in the United States or the District of Columbia for less than 12 months, a State may choose to—

(i) exclude—

(I) such an English learner from one administration of the reading or language arts assessment required under paragraph (2); and

(II) such an English learner's results on any of the assessments required under paragraph (2)(B)(v)(I) or (2)(G) for the first year of the English learner's enrollment in such a school for the purposes of the State-determined accountability system under subsection (c); or

(ii)(I) assess, and report the performance of, such an English learner on the reading or language arts and mathematics assessments required under paragraph (2)(B)(v)(I) in each year of the student's enrollment in such a school; and

(II) for the purposes of the State-determined accountability system—

(aa) for the first year of the student's enrollment in such a school, exclude the results on the assessments described in subclause (I);

(bb) include a measure of student growth on the assessments described in subclause (I) in the second year of the student's enrollment in such a school; and

(cc) include proficiency on the assessments described in subclause (I) in the third year of the student's enrollment in such a school, and each succeeding year of such enrollment.

(B) English learner subgroup

With respect to a student previously identified as an English learner and for not more than 4 years after the student ceases to be identified as an English learner, a State may include the results of the student's assessments under paragraph (2)(B)(v)(I) within the English learner subgroup of the subgroups of students (as defined in subsection (c)(2)(D)) for the purposes of the State-determined accountability system.

(c) Statewide accountability system

(1) In general

Each State plan shall describe a statewide accountability system that complies with the requirements of this subsection and subsection (d).

(2) Subgroup of students

In this subsection and subsection (d), the term "subgroup of students" means—

(A) economically disadvantaged students;

(B) students from major racial and ethnic groups;

(C) children with disabilities; and

(D) English learners.

(3) Minimum number of students

Each State shall describe—

(A) with respect to any provisions under this part that require disaggregation of information by each subgroup of students—

(i) the minimum number of students that the State determines are necessary to be included to carry out such requirements and how that number is statistically sound, which shall be the same State-determined number for all students and for each subgroup of students in the State;

(ii) how such minimum number of students was determined by the State, including how the State collaborated with teachers, principals, other school leaders, parents, and other stakeholders when determining such minimum number; and

(iii) how the State ensures that such minimum number is sufficient to not reveal any personally identifiable information.

(4) Description of system

The statewide accountability system described in paragraph (1) shall be based on the challenging State academic standards for reading or language arts and mathematics described in subsection (b)(1) to improve student academic achievement and school success. In designing such system to meet the requirements of this part, the State shall carry out the following:

(A) Establishment of long-term goals

Establish ambitious State-designed long-term goals, which shall include measurements of interim progress toward meeting such goals—

(i) for all students and separately for each subgroup of students in the State—

(I) for, at a minimum, improved—

(aa) academic achievement, as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

(bb) high school graduation rates, including—

(AA) the four-year adjusted cohort graduation rate; and

(BB) at the State's discretion, the extended-year adjusted cohort graduation rate, except that the State shall set a more rigorous long-term goal for such graduation rate, as compared to the long-term goal set for the four-year adjusted cohort graduation rate;

(II) for which the term set by the State for such goals is the same multi-year length of time for all students and for each subgroup of students in the State; and

(III) that, for subgroups of students who are behind on the measures described in items (aa) and (bb) of subclause (I), take into account the improvement necessary on such measures to make significant progress in closing statewide proficiency and graduation rate gaps; and

(ii) for English learners, for increases in the percentage of such students making progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline.

(B) Indicators

Except for the indicator described in clause (iv), annually measure, for all students and separately for each subgroup of students, the following indicators:

(i) For all public schools in the State, based on the long-term goals established under subparagraph (A), academic achievement—

(I) as measured by proficiency on the annual assessments required under subsection (b)(2)(B)(v)(I); and

(II) at the State's discretion, for each public high school in the State, student growth, as measured by such annual assessments.

(ii) For public elementary schools and secondary schools that are not high schools in the State—

(I) a measure of student growth, if determined appropriate by the State; or

(II) another valid and reliable statewide academic indicator that allows for meaningful differentiation in school performance.

(iii) For public high schools in the State, and based on State-designed long term goals established under subparagraph (A)—

(I) the four-year adjusted cohort graduation rate; and

(II) at the State's discretion, the extended-year adjusted cohort graduation rate.

(iv) For public schools in the State, progress in achieving English language proficiency, as defined by the State and measured by the assessments described in subsection (b)(2)(G), within a State-determined timeline for all English learners—

(I) in each of the grades 3 through 8; and

(II) in the grade for which such English learners are otherwise assessed under subsection (b)(2)(B)(v)(I) during the grade 9 through grade 12 period, with such progress being measured against the results of the assessments described in subsection (b)(2)(G) taken in

the previous grade.

(v)(I) For all public schools in the State, not less than one indicator of school quality or student success that—

(aa) allows for meaningful differentiation in school performance;

(bb) is valid, reliable, comparable, and statewide (with the same indicator or indicators used for each grade span, as such term is determined by the State); and

(cc) may include one or more of the measures described in subclause (II).

(II) For purposes of subclause (I), the State may include measures of—

(III) [6] student engagement;

(IV) [6] educator engagement;

(V) [6] student access to and completion of advanced coursework;

(VI) [6] postsecondary readiness;

(VII) [6] school climate and safety; and

(VIII) [6] any other indicator the State chooses that meets the requirements of this clause.

(C) Annual meaningful differentiation

Establish a system of meaningfully differentiating, on an annual basis, all public schools in the State, which shall—

(i) be based on all indicators in the State's accountability system under subparagraph (B), for all students and for each of [7] subgroup of students, consistent with the requirements of such subparagraph;

(ii) with respect to the indicators described in clauses (i) through (iv) of subparagraph (B) afford—

(I) substantial weight to each such indicator; and

(II) in the aggregate, much greater weight than is afforded to the indicator or indicators utilized by the State and described in subparagraph (B)(v), in the aggregate; and

(iii) include differentiation of any such school in which any subgroup of students is consistently underperforming, as determined by the State, based on all indicators under subparagraph (B) and the system established under this subparagraph.

(D) Identification of schools

Based on the system of meaningful differentiation described in subparagraph (C), establish a State-determined methodology to identify—

(i) beginning with school year 2017–2018, and at least once every three school years thereafter, one statewide category of schools for comprehensive support and improvement, as described in subsection (d)(1), which shall include—

(I) not less than the lowest-performing 5 percent of all schools receiving funds under this part in the State;

(II) all public high schools in the State failing to graduate one third or more of their students; and

(III) public schools in the State described under subsection (d)(3)(A)(i)(II); and

(ii) at the discretion of the State, additional statewide categories of schools.

(E) Annual measurement of achievement

(i) Annually measure the achievement of not less than 95 percent of all students, and 95 percent of all students in each subgroup of students, who are enrolled in public schools on the assessments described under subsection (b)(2)(v)(I).

(ii) For the purpose of measuring, calculating, and reporting on the indicator described in subparagraph (B)(i), include in the denominator the greater of—

(I) 95 percent of all such students, or 95 percent of all such students in the subgroup, as the case may be; or

(II) the number of students participating in the assessments.

(iii) Provide a clear and understandable explanation of how the State will factor the requirement of clause (i) of this subparagraph into the statewide accountability system.

(F) Partial attendance

(i) In the case of a student who has not attended the same school within a local educational agency for at least half of a school year, the performance of such student on the indicators described in clauses (i), (ii), (iv), and (v) of subparagraph (B)—

(I) may not be used in the system of meaningful differentiation of all public schools as described in subparagraph (C) for such school year; and

(II) shall be used for the purpose of reporting on the State and local educational agency report cards under subsection (h) for such school year.

(ii) In the case of a high school student who has not attended the same school within a local educational agency for at least half of a school year and has exited high school without a regular high school diploma and without transferring to another high school that grants a regular high school diploma during such school year, the local educational agency shall, in order to calculate the graduation rate pursuant to subparagraph (B)(iii), assign such student to the high school—

(I) at which such student was enrolled for the greatest proportion of school days while enrolled in grades 9 through 12; or

(II) in which the student was most recently enrolled.

(5) Accountability for charter schools

The accountability provisions under this chapter shall be overseen for charter schools in accordance with State charter school law.

(d) School support and improvement activities

(1) Comprehensive support and improvement

(A) In general

Each State educational agency receiving funds under this part shall notify each local educational agency in the State of any school served by the local educational agency that is identified for comprehensive support and improvement under subsection (c)(4)(D)(i).

(B) Local educational agency action

Upon receiving such information from the State, the local educational agency shall, for each school identified by the State and in partnership with stakeholders (including principals and other school leaders, teachers, and parents), locally develop and implement a comprehensive support and improvement plan for the school to improve student outcomes, that—

(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against State-determined long-term goals;

(ii) includes evidence-based interventions;

(iii) is based on a school-level needs assessment;

(iv) identifies resource inequities, which may include a review of local educational agency and school-level budgeting, to be addressed through implementation of such comprehensive support and improvement plan;

(v) is approved by the school, local educational agency, and State educational agency; and

(vi) upon approval and implementation, is monitored and periodically reviewed by the State educational agency.

(C) State educational agency discretion

With respect to any high school in the State identified under subsection (c)(4)(D)(i)(II), the

State educational agency may—

(i) permit differentiated improvement activities that utilize evidence-based interventions in the case of such a school that predominantly serves students—

(I) returning to education after having exited secondary school without a regular high school diploma; or

(II) who, based on their grade or age, are significantly off track to accumulate sufficient academic credits to meet high school graduation requirements, as established by the State; and

(ii) in the case of such a school that has a total enrollment of less than 100 students, permit the local educational agency to forego implementation of improvement activities required under this paragraph.

(D) Public school choice

(i) In general

A local educational agency may provide all students enrolled in a school identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i) with the option to transfer to another public school served by the local educational agency, unless such an option is prohibited by State law.

(ii) Priority

In providing students the option to transfer to another public school, the local educational agency shall give priority to the lowest-achieving children from low-income families, as determined by the local educational agency for the purposes of allocating funds to schools under section 6313(a)(3) of this title.

(iii) Treatment

A student who uses the option to transfer to another public school shall be enrolled in classes and other activities in the public school to which the student transfers in the same manner as all other students at the public school.

(iv) Special rule

A local educational agency shall permit a student who transfers to another public school under this paragraph to remain in that school until the student has completed the highest grade in that school.

(v) Funding for transportation

A local educational agency may spend an amount equal to not more than 5 percent of its allocation under subpart 2 of this part to pay for the provision of transportation for students who transfer under this paragraph to the public schools to which the students transfer.

(2) Targeted support and improvement

(A) In general

Each State educational agency receiving funds under this part shall, using the meaningful differentiation of schools described in subsection (c)(4)(C)—

(i) notify each local educational agency in the State of any school served by the local educational agency in which any subgroup of students is consistently underperforming, as described in subsection (c)(4)(C)(iii); and

(ii) ensure such local educational agency provides notification to such school with respect to which subgroup or subgroups of students in such school are consistently underperforming as described in subsection (c)(4)(C)(iii).

(B) Targeted support and improvement plan

Each school receiving a notification described in this paragraph, in partnership with stakeholders (including principals and other school leaders, teachers and parents), shall develop

and implement a school-level targeted support and improvement plan to improve student outcomes based on the indicators in the statewide accountability system established under subsection (c)(4), for each subgroup of students that was the subject of notification that—

(i) is informed by all indicators described in subsection (c)(4)(B), including student performance against long-term goals;

(ii) includes evidence-based interventions;

(iii) is approved by the local educational agency prior to implementation of such plan;

(iv) is monitored, upon submission and implementation, by the local educational agency; and

(v) results in additional action following unsuccessful implementation of such plan after a number of years determined by the local educational agency.

(C) Additional targeted support

A plan described in subparagraph (B) that is developed and implemented in any school receiving a notification under this paragraph from the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State's methodology under subsection (c)(4)(D) shall also identify resource inequities (which may include a review of local educational agency and school level budgeting), to be addressed through implementation of such plan.

(D) Special rule

The State educational agency, based on the State's differentiation of schools under subsection (c)(4)(C) for school year 2017–2018, shall notify local educational agencies of any schools served by the local educational agency in which any subgroup of students, on its own, would lead to identification under subsection (c)(4)(D)(i)(I) using the State's methodology under subsection (c)(4)(D), after which notification of such schools under this paragraph shall result from differentiation of schools pursuant to subsection (c)(4)(C)(iii).

(3) Continued support for school and local educational agency improvement

To ensure continued progress to improve student academic achievement and school success in the State, the State educational agency—

(A) shall—

(i) establish statewide exit criteria for—

(I) schools identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i), which, if not satisfied within a State-determined number of years (not to exceed four years), shall result in more rigorous State-determined action, such as the implementation of interventions (which may include addressing school-level operations); and

(II) schools described in paragraph (2)(C), which, if not satisfied within a State-determined number of years, shall, in the case of such schools receiving assistance under this part, result in identification of the school by the State for comprehensive support and improvement under subsection (c)(4)(D)(i)(III);

(ii) periodically review resource allocation to support school improvement in each local educational agency in the State serving—

(I) a significant number of schools identified for comprehensive support and improvement under subsection (c)(4)(D)(i); and

(II) a significant number of schools implementing targeted support and improvement plans under paragraph (2); and

(iii) provide technical assistance to each local educational agency in the State serving a significant number of—

(I) schools implementing comprehensive support and improvement plans under paragraph (1); or

(II) schools implementing targeted support and improvement plans under paragraph (2); and

(B) may—

(i) take action to initiate additional improvement in any local educational agency with—

(I) a significant number of schools that are consistently identified by the State for comprehensive support and improvement under subsection (c)(4)(D)(i) and not meeting exit criteria established by the State under subparagraph (A)(i)(I); or

(II) a significant number of schools implementing targeted support and improvement plans under paragraph (2); and

(ii) consistent with State law, establish alternative evidence-based State determined strategies that can be used by local educational agencies to assist a school identified for comprehensive support and improvement under subsection (c)(4)(D)(i).

(4) Rule of construction for collective bargaining

Nothing in this subsection shall be construed to alter or otherwise affect the rights, remedies, and procedures afforded to school or local educational agency employees under Federal, State, or local laws (including applicable regulations or court orders) or under the terms of collective bargaining agreements, memoranda of understanding, or other agreements between such employers and their employees.

(e) Prohibition

(1) In general

Nothing in this chapter shall be construed to authorize or permit the Secretary—

(A) when promulgating any rule or regulation, to promulgate any rule or regulation on the development or implementation of the statewide accountability system established under this section that would—

(i) add new requirements that are inconsistent with or outside the scope of this part;

(ii) add new criteria that are inconsistent with or outside the scope of this part; or

(iii) be in excess of statutory authority granted to the Secretary;

(B) as a condition of approval of the State plan, or revisions or amendments to, the State plan, or approval of a waiver request submitted under section 7861 of this title, to—

(i) require a State to add any requirements that are inconsistent with or outside the scope of this part;

(ii) require a State to add or delete one or more specific elements of the challenging State academic standards; or

(iii) prescribe—

(I) numeric long-term goals or measurements of interim progress that States establish for all students, for any subgroups of students, and for English learners with respect to English language proficiency, under this part, including—

(aa) the length of terms set by States in designing such goals; or

(bb) the progress expected from any subgroups of students in meeting such goals;

(II) specific academic assessments or assessment items that States or local educational agencies use to meet the requirements of subsection (b)(2) or otherwise use to measure student academic achievement or student growth under this part;

(III) indicators that States use within the State accountability system under this section, including any requirement to measure student growth, or, if a State chooses to measure student growth, the specific metrics used to measure such growth under this part;

(IV) the weight of any measure or indicator used to identify or meaningfully differentiate schools, under this part;

(V) the specific methodology used by States to meaningfully differentiate or identify

schools under this part;

(VI) any specific school support and improvement strategies or activities that State or local educational agencies establish and implement to intervene in, support, and improve schools and improve student outcomes under this part;

(VII) exit criteria established by States under subsection (d)(3)(A)(i);

(VIII) provided that the State meets the requirements in subsection (c)(3), a minimum number of students established by a State under such subsection;

(IX) any aspect or parameter of a teacher, principal, or other school leader evaluation system within a State or local educational agency;

(X) indicators or specific measures of teacher, principal, or other school leader effectiveness or quality; or

(XI) the way in which the State factors the requirement under subsection (c)(4)(E)(i) into the statewide accountability system under this section; or

(C) to issue new non-regulatory guidance that—

(i) in seeking to provide explanation of requirements under this section for State or local educational agencies, either in response to requests for information or in anticipation of such requests, provides a strictly limited or exhaustive list to illustrate successful implementation of provisions under this section; or

(ii) purports to be legally binding; or

(D) to require data collection under this part beyond data derived from existing Federal, State, and local reporting requirements.

(2) Defining terms

In carrying out this part, the Secretary shall not, through regulation or as a condition of approval of the State plan or revisions or amendments to the State plan, promulgate a definition of any term used in this part, or otherwise prescribe any specification for any such term, that is inconsistent with or outside the scope of this part or is in violation of paragraph (1).

(f) Existing State law

Nothing in this section shall be construed to alter any State law or regulation granting parents authority over schools that repeatedly failed to make adequate yearly progress under this part, as in effect on the day before December 10, 2015.

(g) Other plan provisions

(1) Descriptions

Each State plan shall describe—

(A) how the State will provide assistance to local educational agencies and individual elementary schools choosing to use funds under this part to support early childhood education programs;

(B) how low-income and minority children enrolled in schools assisted under this part are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers, and the measures the State educational agency will use to evaluate and publicly report the progress of the State educational agency with respect to such description (except that nothing in this subparagraph shall be construed as requiring a State to develop or implement a teacher, principal, or other school leader evaluation system);

(C) how the State educational agency will support local educational agencies receiving assistance under this part to improve school conditions for student learning, including through reducing—

(i) incidences of bullying and harassment;

(ii) the overuse of discipline practices that remove students from the classroom; and

(iii) the use of aversive behavioral interventions that compromise student health and safety;

(D) how the State will support local educational agencies receiving assistance under this part in meeting the needs of students at all levels of schooling (particularly students in the middle grades and high school), including how the State will work with such local educational agencies to provide effective transitions of students to middle grades and high school to decrease the risk of students dropping out;

(E) the steps a State educational agency will take to ensure collaboration with the State agency responsible for administering the State plans under parts B and E of title IV of the Social Security Act (42 U.S.C. 621 et seq. and 670 et seq.) to ensure the educational stability of children in foster care, including assurances that—

(i) any such child enrolls or remains in such child's school of origin, unless a determination is made that it is not in such child's best interest to attend the school of origin, which decision shall be based on all factors relating to the child's best interest, including consideration of the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement;

(ii) when a determination is made that it is not in such child's best interest to remain in the school of origin, the child is immediately enrolled in a new school, even if the child is unable to produce records normally required for enrollment;

(iii) the enrolling school shall immediately contact the school last attended by any such child to obtain relevant academic and other records; and

(iv) the State educational agency will designate an employee to serve as a point of contact for child welfare agencies and to oversee implementation of the State agency responsibilities required under this subparagraph, and such point of contact shall not be the State's Coordinator for Education of Homeless Children and Youths under section 722(d)(3) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11432(d)(3));

§6313. Eligible school attendance areas

(a) Determination

(1) In general

A local educational agency shall use funds received under this part only in eligible school attendance areas.

(2) Eligible school attendance areas

For the purposes of this part—

(A) the term "school attendance area" means, in relation to a particular school, the geographical area in which the children who are normally served by that school reside; and

(B) the term "eligible school attendance area" means a school attendance area in which the percentage of children from low-income families is at least as high as the percentage of children from low-income families served by the local educational agency as a whole.

(3) Ranking order

(A) Ranking

Except as provided in subparagraph (B), if funds allocated in accordance with subsection (c) are insufficient to serve all eligible school attendance areas, a local educational agency shall—

(i) annually rank, without regard to grade spans, such agency's eligible school attendance areas in which the concentration of children from low-income families exceeds 75 percent from highest to lowest according to the percentage of children from low-income families; and

(ii) serve such eligible school attendance areas in rank order.

(B) Exception

A local educational agency may lower the threshold in subparagraph (A)(i) to 50 percent for high schools served by such agency.

(4) Remaining funds

If funds remain after serving all eligible school attendance areas under paragraph (3), a local educational agency shall—

(A) annually rank such agency's remaining eligible school attendance areas from highest to lowest either by grade span or for the entire local educational agency according to the percentage of children from low-income families; and

(B) serve such eligible school attendance areas in rank order either within each grade-span grouping or within the local educational agency as a whole.

(5) Measures

(A) In general

Except as provided in subparagraph (B), a local educational agency shall use the same measure of poverty, which measure shall be the number of children aged 5 through 17 in poverty counted in the most recent census data approved by the Secretary, the number of children eligible for a free or reduced price lunch under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.), the number of children in families receiving assistance under the State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.], or the number of children eligible to receive medical assistance under the Medicaid Program, or a composite of such indicators, with respect to all school attendance areas in the local educational agency—

(i) to identify eligible school attendance areas;

(ii) to determine the ranking of each area; and

(iii) to determine allocations under subsection (c).

(B) Secondary schools

For measuring the number of students in low-income families in secondary schools, the local educational agency shall use the same measure of poverty, which shall be—

(i) the measure described under subparagraph (A); or

(ii) subject to meeting the conditions of subparagraph (C), an accurate estimate of the number of students in low-income families in a secondary school that is calculated by applying the average percentage of students in low-income families of the elementary school attendance areas as calculated under subparagraph (A) that feed into the secondary school to the number of students enrolled in such school.

(C) Measure of poverty

The local educational agency shall have the option to use the measure of poverty described in subparagraph (B)(ii) after—

(i) conducting outreach to secondary schools within such agency to inform such schools of the option to use such measure; and

(ii) a majority of such schools have approved the use of such measure.

(6) Exception

This subsection shall not apply to a local educational agency with a total enrollment of less than 1,000 children.

(7) Waiver for desegregation plans

The Secretary may approve a local educational agency's written request for a waiver of the requirements of subsections (a) and (c) of this section, and permit such agency to treat as eligible, and serve, any school that children attend with a State-ordered, court-ordered school desegregation plan or a plan that continues to be implemented in accordance with a State-ordered or court-ordered desegregation plan, if—

(A) the number of economically disadvantaged children enrolled in the school is at least 25 percent of the school's total enrollment; and

(B) the Secretary determines on the basis of a written request from such agency and in accordance with such criteria as the Secretary establishes, that approval of that request would further the purposes of this part.

(b) Local educational agency discretion

(1) In general

Notwithstanding subsection (a)(2) of this section, a local educational agency may—

(A) designate as eligible any school attendance area or school in which at least 35 percent of the children are from low-income families;

(B) use funds received under this part in a school that is not in an eligible school attendance area, if the percentage of children from low-income families enrolled in the school is equal to or greater than the percentage of such children in a participating school attendance area of such agency;

(C) designate and serve a school attendance area or school that is not eligible under this section, but that was eligible and that was served in the preceding fiscal year, but only for 1 additional fiscal year; and

(D) elect not to serve an eligible school attendance area or eligible school that has a higher percentage of children from low-income families if—

(i) the school meets the comparability requirements of section 6321(c) of this title;

(ii) the school is receiving supplemental funds from other State or local sources that are spent according to the requirements of section 6314 or 6315 of this title; and

(iii) the funds expended from such other sources equal or exceed the amount that would be provided under this part.

(2) Special rule

Notwithstanding paragraph (1)(D), the number of children attending private elementary schools and secondary schools who are to receive services, and the assistance such children are to receive under this part, shall be determined without regard to whether the public school attendance area in which such children reside is assisted under subparagraph (A).

(c) Allocations

(1) In general

A local educational agency shall allocate funds received under this part to eligible school attendance areas or eligible schools, identified under subsections (a) and (b) of this section, in rank order, on the basis of the total number of children from low-income families in each area or school.

(2) Special rule

(A) In general

Except as provided in subparagraph (B), the per-pupil amount of funds allocated to each school attendance area or school under paragraph (1) shall be at least 125 percent of the per-pupil amount of funds a local educational agency received for that year under the poverty criteria described by the local educational agency in the plan submitted under section 6312 of this title, except that this paragraph shall not apply to a local educational agency that only serves schools in which the percentage of such children is 35 percent or greater.

(B) Exception

A local educational agency may reduce the amount of funds allocated under subparagraph (A) for a school attendance area or school by the amount of any supplemental State and local funds expended in that school attendance area or school for programs that meet the requirements of section 6314 or 6315 of this title.

(3) Reservation of funds

(A) In general

A local educational agency shall reserve such funds as are necessary under this part, determined in accordance with subparagraphs (B) and (C), to provide services comparable to those provided to children in schools funded under this part to serve—

(i) homeless children and youths, including providing educationally related support services to children in shelters and other locations where children may live;

(ii) children in local institutions for neglected children; and

(iii) if appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

(B) Method of determination

The share of funds determined under subparagraph (A) shall be determined—

(i) based on the total allocation received by the local educational agency; and

(ii) prior to any allowable expenditures or transfers by the local educational agency.

(C) Homeless children and youths

Funds reserved under subparagraph (A)(i) may be—

(i) determined based on a needs assessment of homeless children and youths in the local educational agency, taking into consideration the number and needs of homeless children and youths in the local educational agency, and which needs assessment may be the same needs assessment as conducted under section 11433(b)(1) of title 42; and

(ii) used to provide homeless children and youths with services not ordinarily provided to other students under this part, including providing—

(I) funding for the liaison designated pursuant to section 11432(g)(1)(J)(ii) of title 42; and

(II) transportation pursuant to section 11432(g)(1)(J)(iii) of such title.

(4) Financial incentives and rewards reservation

A local educational agency may reserve such funds as are necessary from those funds received by the local educational agency under subchapter II of this chapter, and not more than 5 percent of those funds received by the local educational agency under subpart 2 of this part, to provide

financial incentives and rewards to teachers who serve in schools eligible under this section and identified for comprehensive support and improvement activities or targeted support and improvement activities under section 6311(d) of this title for the purpose of attracting and retaining qualified and effective teachers.

(5) Early childhood education

A local educational agency may reserve funds made available to carry out this section to provide early childhood education programs for eligible children.

§6314. Schoolwide programs

(a) In general

(1) Use of funds for schoolwide programs

(A) Eligibility

A local educational agency may consolidate and use funds under this part, together with other Federal, State, and local funds, in order to upgrade the entire educational program of a school that serves an eligible school attendance area in which not less than 40 percent of the children are from low-income families, or not less than 40 percent of the children enrolled in the school are from such families.

(B) Exception

A school that serves an eligible school attendance area in which less than 40 percent of the children are from low-income families, or a school for which less than 40 percent of the children enrolled in the school are from such families, may operate a schoolwide program under this section if the school receives a waiver from the State educational agency to do so, after taking into account how a schoolwide program will best serve the needs of the students in the school served under this part in improving academic achievement and other factors.

(2) Identification of students not required

(A) In general

No school participating in a schoolwide program shall be required to identify—

(i) particular children under this part as eligible to participate in a schoolwide program; or

(ii) individual services as supplementary.

(B) Supplemental funds

In accordance with the method of determination described in section 6321(b)(2) of this title, a school participating in a schoolwide program shall use funds available to carry out this section only to supplement the amount of funds that would, in the absence of funds under this part, be made available from non-Federal sources for the school, including funds needed to provide services that are required by law for children with disabilities and English learners.

(3) Exemption from statutory and regulatory requirements

(A) Exemption

Except as provided in paragraph (2), the Secretary may, through publication of a notice in the Federal Register, exempt schoolwide programs under this section from statutory or regulatory provisions of any other noncompetitive formula grant program administered by the Secretary (other than formula or discretionary grant programs under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.), except as provided in section 613(a)(2)(D) of such Act (20 U.S.C. 1413(a)(2)(D))), or any discretionary grant program administered by the Secretary, to support schoolwide programs if the intent and purposes of such other programs are met.

(B) Requirements

A school that chooses to use funds from such other programs shall not be relieved of the requirements relating to health, safety, civil rights, student and parental participation and

involvement, services to private school children, comparability of services, maintenance of effort, uses of Federal funds to supplement, not supplant non-Federal funds (in accordance with the method of determination described in section 6321(b)(2) of this title), or the distribution of funds to State educational agencies or local educational agencies that apply to the receipt of funds from such programs.

(C) Records

A school that chooses to consolidate and use funds from different Federal programs under this section shall not be required to maintain separate fiscal accounting records, by program, that identify the specific activities supported by those particular funds as long as the school maintains records that demonstrate that the schoolwide program, considered as a whole, addresses the intent and purposes of each of the Federal programs that were consolidated to support the schoolwide program.

(b) Schoolwide program plan

An eligible school operating a schoolwide program shall develop a comprehensive plan (or amend a plan for such a program that was in existence on the day before December 10, 2015) that—

(1) is developed during a 1-year period, unless—

(A) the local educational agency determines, in consultation with the school, that less time is needed to develop and implement the schoolwide program; or

(B) the school is operating a schoolwide program on the day before December 10, 2015, in which case such school may continue to operate such program, but shall develop amendments to its existing plan during the first year of assistance after that date to reflect the provisions of this section;

(2) is developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, administrators (including administrators of programs described in other parts of this subchapter), the local educational agency, to the extent feasible, tribes and tribal organizations present in the community, and, if appropriate, specialized instructional support personnel, technical assistance providers, school staff, if the plan relates to a secondary school, students, and other individuals determined by the school;

(3) remains in effect for the duration of the school's participation under this part, except that the plan and its implementation shall be regularly monitored and revised as necessary based on student needs to ensure that all students are provided opportunities to meet the challenging State academic standards;

(4) is available to the local educational agency, parents, and the public, and the information contained in such plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand; and

(5) if appropriate and applicable, is developed in coordination and integration with other Federal, State, and local services, resources, and programs, such as programs supported under this chapter, violence prevention programs, nutrition programs, housing programs, Head Start programs, adult education programs, career and technical education programs, and schools implementing comprehensive support and improvement activities or targeted support and improvement activities under section 6311(d) of this title;

(6) is based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging State academic standards, particularly the needs of those children who are failing, or are at-risk of failing, to meet the challenging State academic standards and any other factors as determined by the local educational agency; and

(7) includes a description of—

(A) the strategies that the school will be implementing to address school needs, including a description of how such strategies will—

(i) provide opportunities for all children, including each of the subgroups of students (as

defined in section 6311(c)(2) of this title) to meet the challenging State academic standards;

(ii) use methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education; and

(iii) address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, through activities which may include—

(I) counseling, school-based mental health programs, specialized instructional support services, mentoring services, and other strategies to improve students' skills outside the academic subject areas;

(II) preparation for and awareness of opportunities for postsecondary education and the workforce, which may include career and technical education programs and broadening secondary school students' access to coursework to earn postsecondary credit while still in high school (such as Advanced Placement, International Baccalaureate, dual or concurrent enrollment, or early college high schools);

(III) implementation of a schoolwide tiered model to prevent and address problem behavior, and early intervening services, coordinated with similar activities and services carried out under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.);

(IV) professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers, particularly in high-need subjects; and

(V) strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs; and

(B) if programs are consolidated, the specific State educational agency and local educational agency programs and other Federal programs that will be consolidated in the schoolwide program.

A school that operates a schoolwide program under this section may use funds available under this part to establish or enhance preschool programs for children who are under 6 years of age.

(d) Delivery of services

The services of a schoolwide program under this section may be delivered by nonprofit or for-profit external providers with expertise in using evidence-based or other effective strategies to improve student achievement.

(e) Use of funds for dual or concurrent enrollment programs

(1) In general

A secondary school operating a schoolwide program under this section may use funds received under this part to operate dual or concurrent enrollment programs that address the needs of low-achieving secondary school students and those at risk of not meeting the challenging State academic standards.

(2) Flexibility of funds

A secondary school using funds received under this part for a dual or concurrent enrollment program described in paragraph (1) may use such funds for any of the costs associated with such program, including the costs of—

(A) training for teachers, and joint professional development for teachers in collaboration with career and technical educators and educators from institutions of higher education, where appropriate, for the purpose of integrating rigorous academics in such program;

(B) tuition and fees, books, required instructional materials for such program, and innovative delivery methods; and

(C) transportation to and from such program.

(3) Rule of construction

Nothing in this subsection shall be construed to impose on any State any requirement or rule regarding dual or concurrent enrollment programs that is inconsistent with State law.

(b) School parent and family engagement policy

(1) In general

To the extent consistent with the number of eligible children identified under section 6315(c) of this title in the school district served by a local educational agency who are enrolled in private elementary schools and secondary schools, a local educational agency shall—

(A) after timely and meaningful consultation with appropriate private school officials, provide such children, on an equitable basis and individually or in combination, as requested by the officials to best meet the needs of such children, special educational services, instructional services (including evaluations to determine the progress being made in meeting such students' academic needs), counseling, mentoring, one-on-one tutoring, or other benefits under this part (such as dual or concurrent enrollment, educational radio and television, computer equipment and materials, other technology, and mobile educational services and equipment) that address their needs; and

services and activities developed pursuant to section 6318 of this title.

(2) Secular, neutral, nonideological

Such educational services or other benefits, including materials and equipment, shall be secular, neutral, and nonideological.

(3) Equity

(A) In general

Educational services and other benefits for such private school children shall be equitable in comparison to services and other benefits for public school children participating under this part, and shall be provided in a timely manner.

The proportional share of funds shall be determined based on the total amount of funds received by the local educational agency under this part prior to any allowable expenditures or transfers by the local educational agency.

(B) Obligation of funds

Funds allocated to a local educational agency for educational services and other benefits to eligible private school children shall be obligated in the fiscal year for which the funds are received by the agency.

(C) Notice of allocation

Each State educational agency shall provide notice in a timely manner to the appropriate private school officials in the State of the allocation of funds for educational services and other benefits under this part that the local educational agencies have determined are available for eligible private school children.

(D) Term of determination

The local educational agency may determine the equitable share under subparagraph (A) each year or every 2 years.

The local educational agency, or, in a case described in subsection (b)(6)(C), the State educational agency involved, may provide services under this section directly or through contracts with public and private agencies, organizations, and institutions.

(b) Consultation

(1) In general

To ensure timely and meaningful consultation, a local educational agency shall consult with appropriate private school officials during the design and development of such agency's programs under this part. Such agency and private school officials shall both have the goal of reaching

agreement on how to provide equitable and effective programs for eligible private school children, the results of which agreement shall be transmitted to the ombudsman designated under subsection (a)(3)(B). Such process shall include consultation on issues such as—

(A) how the children's needs will be identified;

(B) what services will be offered;

(C) how, where, and by whom the services will be provided;

(D) how the services will be academically assessed and how the results of that assessment will be used to improve those services;

(I) whether the agency shall provide services directly or through a separate government agency, consortium, entity, or third-party contractor;

Such meetings shall continue throughout implementation and assessment of services provided under this section.

(4) Discussion

Such consultation shall include a discussion of service delivery mechanisms a local educational agency can use to provide equitable services to eligible private school children.

(5) Documentation

Each local educational agency shall maintain in the agency's records and provide to the State educational agency involved a written affirmation signed by officials of each participating private

school that the meaningful consultation required by this section has occurred. The written affirmation shall provide the option for private school officials to indicate such officials' belief that timely and meaningful consultation has not occurred or that the program design is not equitable with respect to eligible private school children. If such officials do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation that such consultation has, or attempts at such consultation have, taken place to the State educational agency.

(6) Compliance

(A) In general

A private school official shall have the right to file a complaint with the State educational agency asserting that the local educational agency did not engage in consultation that was meaningful and timely, did not give due consideration to the views of the private school official, or did not make a decision that treats the private school students equitably as required by this section.

(B) Procedure

If the private school official wishes to file a complaint, the official shall provide the basis of the noncompliance with this section by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency.

(ii) demonstrated that the local educational agency involved has not met the requirements of this section in accordance with the procedures for making such a request, as prescribed by the State educational agency.

(c) Allocation for equitable service to private school students

(1) Calculation

A local educational agency shall have the final authority, consistent with this section, to calculate the number of children, ages 5 through 17, who are from low-income families and attend private schools by—

(A) using the same measure of low income used to count public school children;

(B) using the results of a survey that, to the extent possible, protects the identity of families of private school students, and allowing such survey results to be extrapolated if complete actual data are unavailable;

(C) applying the low-income percentage of each participating public school attendance area, determined pursuant to this section, to the number of private school children who reside in that school attendance area; or

(D) using an equated measure of low income correlated with the measure of low income used to count public school children.

(2) Complaint process

Any dispute regarding low-income data for private school students shall be subject to the complaint process authorized in section 7883 of this title.

(d) Public control of funds

(1) In general

In the provision of such services, such employee, individual, association, agency, or organization shall be independent of such private school and of any religious organization, and such employment or contract shall be under the control and supervision of such public agency.

(e) Standards for a bypass

If a local educational agency is prohibited by law from providing for the participation in programs on an equitable basis of eligible children enrolled in private elementary schools and secondary schools, or if the Secretary determines that a local educational agency has substantially failed or is unwilling, to provide for such participation, as required by this section, the Secretary shall—

(1) waive the requirements of this section for such local educational agency;

(2) arrange for the provision of services to such children through arrangements that shall be subject to the requirements of this section and sections 7883 and 7884 of this title; and

(3) in making the determination under this subsection, consider one or more factors, including the quality, size, scope, and location of the program and the opportunity of eligible children to participate.

(b) Federal funds to supplement, not supplant, non-Federal funds

(1) In general

A State educational agency or local educational agency shall use Federal funds received under this part only to supplement the funds that would, in the absence of such Federal funds, be made available from State and local sources for the education of students participating in programs assisted under this part, and not to supplant such funds.

(2) Compliance

To demonstrate compliance with paragraph (1), a local educational agency shall demonstrate that the methodology used to allocate State and local funds to each school receiving assistance under this part ensures that such school receives all of the State and local funds it would otherwise

receive if it were not receiving assistance under this part.

(3) Special rule

No local educational agency shall be required to—

(A) identify that an individual cost or service supported under this part is supplemental; or

(B) provide services under this part through a particular instructional method or in a particular instructional setting in order to demonstrate such agency's compliance with paragraph (1).

(4) Prohibition

Nothing in this section shall be construed to authorize or permit the Secretary to prescribe the specific methodology a local educational agency uses to allocate State and local funds to each school receiving assistance under this part.

(5) Timeline

A local educational agency—

(B) Substantially comparable services

If the local educational agency is serving all of such agency's schools under this part, such agency may receive funds under this part only if such agency will use State and local funds to provide services that, taken as a whole, are substantially comparable in each school.

(C) Basis

A local educational agency may meet the requirements of subparagraphs (A) and (B) on a grade-span by grade-span basis or a school-by-school basis.

(2) Written assurance

(A) Equivalence

Each local educational agency assisted under this part shall—

Amendment by Pub. L. 114–95 effective Dec. 10, 2015, except with respect to certain noncompetitive programs and competitive programs, see section 5 of Pub. L. 114–95, set out as a note under section 6301 of this title.

§6333. Basic grants to local educational agencies

(a) Amount of grants

(1) Grants for local educational agencies and Puerto Rico

Except as provided in paragraph (4) and in section 6338 of this title, the grant that a local educational agency is eligible to receive under this section for a fiscal year is the amount determined by multiplying—

(A) the number of children counted under subsection (c) of this section; and

(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent, or more than 48 percent, of the average per-pupil expenditure in the United States.

(2) Calculation of grants

(A) Allocations to local educational agencies

The Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) of this section for local educational agencies, unless the Secretary and the Secretary of Commerce determine that some or all of those data are unreliable or that their use would be otherwise inappropriate, in which case—

(i) the two Secretaries shall publicly disclose the reasons for their determination in detail; and

(ii) paragraph (3) shall apply.

(B) Allocations to large and small local educational agencies

(i) For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section for each local educational agency.

(ii) The amount of a grant under this section for each large local educational agency shall be the amount determined under clause (i).

(iii) For small local educational agencies, the State educational agency may either—

(I) distribute grants under this section in amounts determined by the Secretary under clause (i); or

(II) use an alternative method approved by the Secretary to distribute the portion of the State's total grants under this section that is based on those small agencies.

(iv) An alternative method under clause (iii)(II) shall be based on population data that the State educational agency determines best reflect the current distribution of children in poor families among the State's small local educational agencies that meet the eligibility criteria of subsection (b) of this section.

(v) If a small local educational agency is dissatisfied with the determination of its grant by the State educational agency under clause (iii)(II), it may appeal that determination to the Secretary, who shall respond not later than 45 days after receipt of such appeal.

(vi) As used in this subparagraph—

(I) the term "large local educational agency" means a local educational agency serving an area with a total population of 20,000 or more; and

(II) the term "small local educational agency" means a local educational agency serving an area with a total population of less than 20,000.

(3) Allocations to counties

(A) Calculation

For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) of this section for counties, and State educational agencies shall suballocate county amounts to local

educational agencies, in accordance with regulations issued by the Secretary.

(B) Direct allocations

In any State in which a large number of local educational agencies overlap county boundaries, or for which the State believes it has data that would better target funds than allocating them by county, the State educational agency may apply to the Secretary for authority to make the allocations under this subpart for a particular fiscal year directly to local educational agencies without regard to counties.

(C) Allocations to local educational agencies

If the Secretary approves the State educational agency's application under subparagraph (B), the State educational agency shall provide the Secretary an assurance that such allocations shall be made—

(i) using precisely the same factors for determining a grant as are used under this subpart; or

(ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

(D) Appeal

The State educational agency shall provide the Secretary an assurance that it will establish a procedure through which a local educational agency that is dissatisfied with its determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

(4) Puerto Rico

(A) In general

For each fiscal year, the grant that the Commonwealth of Puerto Rico shall be eligible to receive under this section shall be the amount determined by multiplying the number of children counted under subsection (c) of this section for the Commonwealth of Puerto Rico by the product of—

(i) subject to subparagraph (B), the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and

(ii) 32 percent of the average per-pupil expenditure in the United States.

(B) Minimum percentage

The percentage in subparagraph (A)(i) shall not be less than—

(i) for fiscal year 2002, 77.5 percent;

(ii) for fiscal year 2003, 80.0 percent;

(iii) for fiscal year 2004, 82.5 percent;

(iv) for fiscal year 2005, 85.0 percent;

(v) for fiscal year 2006, 92.5 percent; and

(vi) for fiscal year 2007 and succeeding fiscal years, 100.0 percent.

(C) Limitation

If the application of subparagraph (B) would result in any of the 50 States or the District of Columbia receiving less under this subpart than it received under this subpart for the preceding fiscal year, the percentage in subparagraph (A) shall be the greater of—

(i) the percentage in subparagraph (A)(i);

(ii) the percentage specified in subparagraph (B) for the preceding fiscal year; or

(iii) the percentage used for the preceding fiscal year.

(b) Minimum number of children to qualify

A local educational agency is eligible for a basic grant under this section for any fiscal year only if the number of children counted under subsection (c) of this section for that agency is both—

(1) 10 or more; and

(2) more than 2 percent of the total school-age population in the agency's jurisdiction.

(c) Children to be counted

(1) Categories of children

The number of children to be counted for purposes of this section is the aggregate of—

(A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2);

(B) the number of children (determined under paragraph (4) for either the preceding year as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children (other than such institutions operated by the United States), but not counted pursuant to subpart 1 of part D of this subchapter for the purposes of a grant to a State agency, or being supported in foster homes with public funds; and

(C) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4).

(2) Determination of number of children

For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local educational agency contains two or more counties in their entirety, then each county will be treated as if such county were a separate local educational agency for purposes of calculating grants under this part. The total of grants for such counties shall be allocated to such a local educational agency, which local educational agency shall distribute to schools in each county within such agency a share of the local educational agency's total grant that is no less than the county's share of the population counts used to calculate the local educational agency's grant.

(3) Population updates

(A) In general

In fiscal year 2002 and each subsequent fiscal year, the Secretary shall use updated data on the number of children, aged 5 to 17, inclusive, from families below the poverty level for counties or local educational agencies, published by the Department of Commerce, unless the Secretary and the Secretary of Commerce determine that the use of the updated population data would be inappropriate or unreliable. If appropriate and reliable data are not available annually, the Secretary shall use data which are updated every 2 years.

(B) Inappropriate or unreliable data

If the Secretary and the Secretary of Commerce determine that some or all of the data referred to in subparagraph (A) are inappropriate or unreliable, the Secretary and the Secretary of Commerce shall publicly disclose their reasons.

(C) Criteria of poverty

In determining the families that are below the poverty level, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census, as the criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(4) Other children to be counted

(A) For the purpose of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under a State program funded under part A of title IV of the Social Security Act [42 U.S.C. 601 et seq.]; and in making such determinations, the Secretary shall use the criteria of

poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of four in such form as those criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

(B) The Secretary shall determine the number of such children and the number of children aged 5 through 17 living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the caseload data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary's determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination.

(C) Except for the data on children living in institutions for neglected or delinquent children, the Secretary of Health and Human Services shall collect and transmit the information required by this subparagraph to the Secretary not later than January 1 of each year.

(D) For the purpose of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

(5) Estimate

When requested by the Secretary, the Secretary of Commerce shall make a special updated estimate of the number of children of such ages who are from families below the poverty level (as determined under paragraph (1)(A)) in each school district, and the Secretary is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

(d) State minimum

Notwithstanding section 6332 of this title, the aggregate amount allotted for all local educational agencies within a State may not be less than the lesser of—

(1) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

(2) the average of—

(A) the amount calculated in paragraph (1), above; and

(B) the number of children in such State counted under subsection (c) of this section in the fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

(i) 6,500; or

(ii) 15 percent of the total number of children aged 5 through 17 in the agency.

(B) Notwithstanding section 6332 of this title, no State shall receive less than the lesser of—

(I) the amount calculated under clause (i); and

(II) the greater of—

(aa) $340,000; or

(A) the number of children counted under section 6333(c) of this title for that fiscal year; and

(B) the amount in section 6333(a)(1)(B) of this title for each State except the Commonwealth of Puerto Rico, and the amount in section 6333(a)(4) of this title for the Commonwealth of Puerto Rico.

(3) Amount

The amount of the additional grant for which an eligible local educational agency or county is eligible under this section for any fiscal year shall be an amount which bears the same ratio to the amount available to carry out this section for that fiscal year as the product determined under paragraph (2) for such local educational agency for that fiscal year bears to the sum of such products for all local educational agencies in the United States for that fiscal year.

(4) Local allocations

(A) Grant amounts under this section shall be determined in accordance with section 6333(a)(2), (3), and (4) of this title.

(B) For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, a State may reserve not more than 2 percent of its allocation under this section to make grants to local educational agencies that meet the criteria of paragraph (1)(A)(i) or (ii) and are in ineligible counties that do not meet these criteria.

(b) Small States

In any State for which on January 8, 2002, the number of children counted under section 6333(c) of this title is less than 0.25 percent of the number of those children counted for all States, the State educational agency shall allocate funds under this section among the local educational agencies in the State either—

§6335. Targeted grants to local educational agencies

(a) Eligibility of local educational agencies

(1) In general

A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

(A) the number of children in the local educational agency counted under section 6333(c) of this title, before application of the weighted child count described in subsection (c) of this section, is at least 10; and

(B) if the number of children counted for grants under section 6333(c) of this title, before application of the weighted child count described in subsection (c) of this section, is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

(2) Special rule

For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

(b) Grants for local educational agencies, the District of Columbia, and the Commonwealth of Puerto Rico

(1) In general

The amount of the grant that a local educational agency in a State (other than the Commonwealth of Puerto Rico) is eligible to receive under this section for any fiscal year shall be the product of—

(A) the weighted child count determined under subsection (c) of this section; and

(B) the amount determined under section 6333(a)(1)(B) of this title.

(2) Puerto Rico

For each fiscal year, the amount of the grant the Commonwealth of Puerto Rico is eligible to receive under this section shall be equal to the number of children counted under subsection (c) of this section for the Commonwealth of Puerto Rico, multiplied by the amount determined in section 6333(a)(4) of this title for the Commonwealth of Puerto Rico.

(c) Weighted child count

(1) Weights for allocations to counties

(A) In general

For each fiscal year for which the Secretary uses county population data to calculate grants, the weighted child count used to determine a county's allocation under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

(B) By percentage of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title for that county who constitute not more than 15.00 percent, inclusive, of the county's total population aged 5 to 17, inclusive, multiplied by 1.0;

(ii) the number of such children who constitute more than 15.00 percent, but not more than 19.00 percent, of such population, multiplied by 1.75;

(iii) the number of such children who constitute more than 19.00 percent, but not more than 24.20 percent, of such population, multiplied by 2.5;

(iv) the number of such children who constitute more than 24.20 percent, but not more than 29.20 percent, of such population, multiplied by 3.25; and

Notwithstanding subparagraph (A), the weighting factor for the Commonwealth of Puerto Rico under this paragraph shall not be greater than the total number of children counted under section 6333(c) of this title multiplied by 1.82.

(2) Weights for allocations to local educational agencies

(A) In general

For each fiscal year for which the Secretary uses local educational agency data, the weighted child count used to determine a local educational agency's grant under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

(B) By percentage of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title for that local educational agency who constitute not more than 15.58 percent, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

(v) the number of such children who constitute more than 38.24 percent of such population, multiplied by 4.0.

(C) By number of children

The amount referred to in subparagraph (A) is determined by adding—

(i) the number of children determined under section 6333(c) of this title who constitute not more than 691, inclusive, of the agency's total population aged 5 to 17, inclusive, multiplied by 1.0;

(ii) the number of such children between 692 and 2,262, inclusive, in such population, multiplied by 1.5;

Grant amounts under this section shall be calculated in the same manner as grant amounts are calculated under section 6333(a)(2) and (3) of this title.

(e) State minimum

Notwithstanding any other provision of this section or section 6332 of this title, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

(1) 0.35 percent of the total amount available to carry out this section; or

(2) the average of—

(A) 0.35 percent of the total amount available to carry out this section; and

(B) 150 percent of the national average grant under this section per child described in section 6333(c) of this title, without application of a weighting factor, multiplied by the State's total number of children described in section 6333(c) of this title, without application of a weighting factor.

(B) State minimum

Notwithstanding any other provision of this section or section 6332 of this title, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

(B) Commonwealth of Puerto Rico

The effort factor for the Commonwealth of Puerto Rico shall be equal to the lowest effort factor calculated under subparagraph (A) for any State.

(3) Equity factor

(A) Determination

(i) In general

Except as provided in subparagraph (B), the Secretary shall determine the equity factor under this section for each State in accordance with clause (ii).

For each State, the Secretary shall compute a weighted coefficient of variation for the per-pupil expenditures of local educational agencies in accordance with subclauses (II), (III), and (IV).

(II) Variation

In computing coefficients of variation, the Secretary shall weigh the variation between per-pupil expenditures in each local educational agency and the average per-pupil expenditures in the State according to the number of pupils served by the local educational agency.

(III) Number of pupils

In determining the number of pupils under this paragraph served by each local educational agency and in each State, the Secretary shall multiply the number of children counted under section 6333(c) of this title by a factor of 1.4.

(IV) Enrollment requirement

In computing coefficients of variation, the Secretary shall include only those local educational agencies with an enrollment of more than 200 students.

(B) Special rule

The equity factor for a State that meets the disparity standard described in section 222.162 of title 34, Code of Federal Regulations (as such section was in effect on the day preceding January 8, 2002) or a State with only one local educational agency shall be not greater than 0.10.

(c) Use of funds; eligibility of local educational agencies

All funds awarded to each State under this section shall be allocated to local educational agencies under the following provisions. Within local educational agencies, funds allocated under this section shall be distributed to schools on a basis consistent with section 6313 of this title, and may only be used to carry out activities under this part. A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

(1) the number of children in the local educational agency counted under section 6333(c) of this title, before application of the weighted child count described in paragraph (3),[1] is at least 10; and

(2) if the number of children counted for grants under section 6333(c) of this title, before application of the weighted child count described in paragraph (3), [1] is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

(d) Allocation of funds to eligible local educational agencies

Funds received by States under this section shall be allocated within States to eligible local educational agencies on the basis of weighted child counts calculated in accordance with paragraph (1), (2), or (3), as appropriate for each State.

(5) demonstrates comparability to the statewide assessments under section 6311(b)(2) of this title in content coverage, difficulty, and quality.

(j) Transition

(1) In general

(A) Operation of innovative assessment system

If, after a State's approved demonstration authority period or 2-year extension, the State educational agency has met all the requirements of this section, including having scaled the innovative assessment system up to statewide use, and demonstrated that such system is of high quality, as described in subparagraph (B), the State shall be permitted to operate the innovative assessment system approved under the program of demonstration authority under this section for the purposes of subsections (b)(2) and (c) of section 6311 of this title.

(B) High quality

Such system shall be considered of high quality if the Secretary, through the peer-review process described in section 6311(a)(4) of this title, determines that—

(i) the innovative assessment system meets all of the requirements of this section;

(ii) the State has examined the effects of the system on other measures of student success, including indicators in the accountability system under section 6311(c)(4)(B) of this title;

(iii) the innovative assessment system provides coherent and timely information about student achievement based on the challenging State academic standards, including objective measurement of academic achievement, knowledge, and skills that are valid, reliable, and consistent with relevant, nationally-recognized professional and technical standards;

(iv) the State has solicited feedback from teachers, principals, other school leaders, and parents about their satisfaction with the innovative assessment system; and

(v) the State has demonstrated that the same innovative assessment system was used to measure—

(I) the achievement of all students that participated in such innovative assessment system; and

(II) not less than the percentage of such students overall and in each of the subgroups of students, as defined in section 6311(c)(2) of this title, as measured under section 6311(c)(4)(E) of this title, as were assessed under the assessment required by section 6311(b)(2) of this title.

(2) Baseline

For the purposes of the evaluation described in paragraph (1), the baseline year shall be considered the first year that each local educational agency in the State used the innovative assessment system.

(3) Waiver authority

A State may request, and the Secretary shall review such request and may grant, a delay of the withdrawal of authority under subsection (i) for the purpose of providing the State with the time necessary to implement the innovative assessment system statewide, if, at the conclusion of the State's approved demonstration authority period and 2-year extension—

(A) the State has met all of the requirements of this section, except transition to full statewide use of the innovative assessment system; and

(B) the State continues to comply with the other requirements of this section, and demonstrates a high-quality plan for transition to statewide use of the innovative assessment system in a reasonable period of time.

(k) Available funds

A State may use funds available under section 6361 of this title to carry out this section.

(l) Consortium

A consortium of States may apply to participate in the program of demonstration authority under this section, and the Secretary may provide each State member of such consortium with such authority if each such State member meets all of the requirements of this section. Such consortium shall be subject to the limitation described in subsection (b)(3)(B) during the initial 3 years of the demonstration authority.

(m) Dissemination of best practices

(1) In general

Following the publication of the progress report described in subsection (c), the Director of the Institute of Education Sciences, in consultation with the Secretary, shall collect and disseminate the best practices on the development and implementation of innovative assessment systems that meet the requirements of this section, including best practices regarding the development of—

(A) summative assessments that—

(i) meet the requirements of section 6311(b)(2)(B) of this title;

(ii) are comparable with statewide assessments under section 6311(b)(2) of this title; and

(iii) include assessment tasks that determine proficiency or mastery of State-approved competencies aligned to challenging State academic standards;

(B) effective supports for local educational agencies and school staff to implement innovative assessment systems;

(C) effective engagement and support of teachers in developing and scoring assessments and the use of high-quality professional development;

(D) effective supports for all students, particularly each of the subgroups of students, as defined in section 6311(c)(2) of this title, participating in the innovative assessment system; and

(E) standardized and calibrated scoring rubrics, and other strategies, to ensure inter-rater reliability and comparability of determinations of mastery or proficiency across local educational agencies and the State.

(2) Publication

The Secretary shall make the information described in paragraph (1) available on the website of the Department and shall publish an update to the information not less often than once every 3 years.

§6392. Program authorized

In order to carry out the purpose of this part, the Secretary shall make grants to State educational agencies, or combinations of such agencies, to establish or improve, directly or through local operating agencies, programs of education for migratory children in accordance with this part.

(Pub. L. 89–10, title I, §1302, as added Pub. L. 107–110, title I, §101, Jan. 8, 2002, 115 Stat. 1571.)

PRIOR PROVISIONS

A prior section 6392, Pub. L. 89–10, title I, §1302, as added Pub. L. 103–382, title I, §101, Oct. 20, 1994, 108 Stat. 3585, authorized migratory children education program, prior to the general amendment of this subchapter by Pub. L. 107–110.

§6393. State allocations

(a) State allocations

Except as provided in subsection (c), each State (other than the Commonwealth of Puerto Rico) is entitled to receive under this part an amount equal to the product of—

(1) the sum of—

(A) the average number of identified eligible migratory children aged 3 through 21 residing in the State, based on data for the preceding 3 years; and

(B) the number of identified eligible migratory children, aged 3 through 21, who received services under this part in summer or intersession programs provided by the State during the previous year; multiplied by

(2) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this paragraph shall not be less than 32 percent, nor more than 48 percent, of the average per-pupil expenditure in the United States.

(b) Hold harmless

Notwithstanding subsection (a), for each of fiscal years 2017 through 2019, no State shall receive less than 90 percent of the State's allocation under this section for the preceding fiscal year.

(c) Allocation to Puerto Rico

(1) In general

For each fiscal year, the grant that the Commonwealth of Puerto Rico shall be eligible to receive under this part shall be the amount determined by multiplying the number of children who would be counted under subsection (a)(1) if such subsection applied to the Commonwealth of Puerto Rico by the product of—

(A) the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States, subject to paragraphs (2) and (3); and

(B) 32 percent of the average per-pupil expenditure in the United States.

(2) Minimum percentage

The percentage described in paragraph (1)(A) shall not be less than 85 percent.

(3) Limitation

If the application of paragraph (2) for any fiscal year would result in any of the 50 States or the District of Columbia receiving less under this part than it received under this part for the preceding fiscal year, then the percentage described in paragraph (1)(A) that is used for the Commonwealth of Puerto Rico for the fiscal year for which the determination is made shall be the greater of the percentage in paragraph (1)(A) for such fiscal year or the percentage used for the preceding fiscal year.

(d) Ratable reductions; reallocations

(1) In general

(A) Ratable reductions

If, after the Secretary reserves funds under section 6398(c) of this title, the amount appropriated to carry out this part for any fiscal year is insufficient to pay in full the amounts for which all States are eligible, the Secretary shall ratably reduce each such amount.

(B) Reallocation

If additional funds become available for making such payments for any fiscal year, the Secretary shall allocate such funds to States in amounts that the Secretary determines will best carry out the purposes of this part.

(2) Special rule

(A) Further reductions

The Secretary shall further reduce the amount of any grant to a State under this part for any fiscal year if the Secretary determines, based on available information on the numbers and needs of migratory children in the State and the program proposed by the State to address such needs, that such amount exceeds the amount required under section 6394 of this title.

(B) Reallocation

The Secretary shall reallocate such excess funds to other States whose grants under this part would otherwise be insufficient to provide an appropriate level of services to migratory children, in such amounts as the Secretary determines are appropriate.

(e) Consortium arrangements

(1) In general

In the case of a State that receives a grant of $1,000,000 or less under this section, the Secretary shall consult with the State educational agency to determine whether consortium arrangements with another State or other appropriate entity would result in delivery of services in a more

effective and efficient manner.

(2) Proposals

Any State, regardless of the amount of such State's allocation, may submit a consortium arrangement to the Secretary for approval.

(3) Approval

The Secretary shall approve a consortium arrangement under paragraph (1) or (2) if the proposal demonstrates that the arrangement will—

(A) reduce administrative costs or program function costs for State programs; and

(B) make more funds available for direct services to add substantially to the academic achievement of children to be served under this part.

(f) Determining numbers of eligible children

In order to determine the identified number of migratory children residing in each State for purposes of this section, the Secretary shall—

(1) use the most recent information that most accurately reflects the actual number of migratory children;

(2) develop and implement a procedure for monitoring the accuracy of such information;

(3) develop and implement a procedure for more accurately reflecting cost factors for different types of summer and intersession program designs;

(4) adjust the number of migratory children who reside in each State to take into account—

(A) the unique needs of those children participating in effective special programs provided under this part that operate during the summer and intersession periods; and

(B) the additional costs of operating such programs; and

(5) conduct an analysis of the options for adjusting the formula so as to better direct services to migratory children, including the most at-risk migratory children.

(g) Nonparticipating States

In the case of a State desiring to receive an allocation under this part for a fiscal year that did not receive an allocation for the previous fiscal year or that has been participating for less than 3 consecutive years, the Secretary shall calculate the State's number of identified migratory children aged 3 through 21 for purposes of subsection (a)(1)(A) by using the most recent data available that identifies the migratory children residing in the State until data is available to calculate the 3-year average number of such children in accordance with such subsection.

The Secretary is authorized to enter into local flexibility demonstration agreements—

(A) for not more than 3 years with local educational agencies that are selected under subsection (c) and submit proposed agreements that meet the requirements of subsection (d); and

(2) Flexibility

Except as described in subsection (d)(1)(I), the Secretary is authorized to waive, for local educational agencies entering into agreements under this section, any provision of this chapter that would otherwise prevent such agency from using eligible Federal funds as part of such agreement.

(c) Selection of local educational agencies

(1) In general

The Secretary may enter into local flexibility demonstration agreements with not more than 50 local educational agencies with an approved application under subsection (d).

(2) Selection

Beginning with the 2019–2020 academic year, the Secretary may extend funding flexibility authorized under this section to any local educational agency that submits and has approved an application under subsection (d), as long as a significant majority of the demonstration agreements with local educational agencies described in paragraph (1) meet the requirements of subsection (d)(2) and subsection (e)(1) as of the end of the 2018–2019 academic year.

(d) Required terms of local flexibility demonstration agreement

(1) Application

Each local educational agency that desires to participate in the program under this section shall submit, at such time and in such form as the Secretary may prescribe, an application to enter into a local flexibility demonstration agreement with the Secretary in order to develop and implement a school funding system based on weighted per-pupil allocations that meets the requirements of this section. The application shall include—

(i) the weights used to allocate funds within such system;

(ii) the local educational agency's legal authority to use State and local education funds consistent with this section;

(iii) how such system will meet the requirements of paragraph (2); and

(iv) how such system will support the academic achievement of students, including low-income students, the lowest-achieving students, English learners, and children with disabilities;

(B) a list of funding sources, including eligible Federal funds, the local educational agency will include in such system;

(C) a description of the amount and percentage of total local educational agency funding, including State and local education funds and eligible Federal funds, that will be allocated through such system;

(E) the per-pupil amount of eligible Federal funds each school served by the agency received in the preceding fiscal year, disaggregated by the programs supported by the eligible Federal funds;

(F) a description of how such system will ensure that any eligible Federal funds allocated through the system will meet the purposes of each Federal program supported by such funds, including serving students from low-income families, English learners, migratory children, and children who are neglected, delinquent, or at risk, as applicable;

(G) an assurance that the local educational agency developed and will implement the local flexibility demonstration agreement in consultation with teachers, principals, other school leaders (including charter school leaders in a local educational agency that has charter schools), administrators of Federal programs impacted by the agreement, parents, community leaders, and other relevant stakeholders;

(H) an assurance that the local educational agency will use fiscal control and sound accounting procedures that ensure proper disbursement of, and accounting for, eligible Federal funds consolidated and used under such system;

(I) an assurance that the local educational agency will continue to meet the requirements of sections 6320, 6321, and 7881 of this title; and

(J) an assurance that the local educational agency will meet the requirements of all applicable Federal civil rights laws in carrying out the agreement and in consolidating and using funds under the agreement.

(2) Requirements of the system

(A) In general

A local educational agency's school funding system based on weighted per-pupil allocations shall—

(i) except as allowed under clause (iv), allocate a significant portion of funds, including State and local education funds and eligible Federal funds, to the school level based on the number of students in a school and a formula developed by the agency under this section that determines per-pupil weighted amounts;

(ii) use weights or allocation amounts that allocate substantially more funding to English learners, students from low-income families, and students with any other characteristics associated with educational disadvantage chosen by the local educational agency, than to other students;

(iii) ensure that each high-poverty school receives, in the first year of the demonstration agreement—

(I) more per-pupil funding, including from Federal, State, and local sources, for low-income students than such funding received for low-income students in the year prior to entering into a demonstration agreement under this section; and

(II) at least as much per-pupil funding, including from Federal, State, and local sources, for English learners as such funding received for English learners in the year prior to entering into a demonstration agreement under this section;

(B) Percentage

In establishing the percentage described in subparagraph (A)(iv) for the system, the local educational agency shall demonstrate that the percentage—

(i) under such subparagraph is sufficient to carry out the purposes of the demonstration agreement under this section and to meet each of the requirements of this subsection; and

(ii) of State and local education funds and eligible Federal funds that are not allocated through the local educational agency's school funding system based on weighted per-pupil allocations, does not undermine or conflict with the requirements of the demonstration agreement under this section.

(C) Expenditures

After allocating funds through the system, the local educational agency shall charge schools for the per-pupil expenditures of State and local education funds and eligible Federal funds, including actual personnel expenditures (including staff salary differentials for years of employment) for instructional staff and actual nonpersonnel expenditures.

(e) Continued demonstration

Each local educational agency with an approved application under subsection (d) shall annually—

(B) less per-pupil funding, including from Federal, State, and local sources, for English learners;

(2) make public and report to the Secretary the per-pupil expenditures (including actual personnel expenditures that include staff salary differentials for years of employment, and actual non-personnel expenditures) of State and local education funds and eligible Federal funds for each school served by the agency, disaggregated by each quartile of students attending the school based on student level of poverty and by each major racial or ethnic group in the school, for the preceding fiscal year;

(3) make public the total number of students enrolled in each school served by the agency and the number of students enrolled in each such school disaggregated by each of the subgroups of students, as defined in section 6311(c)(2) of this title; and

The Secretary may, after providing notice and an opportunity for a hearing (including the opportunity to provide supporting evidence as provided for in subsection (i)), terminate a local

flexibility demonstration agreement under this section if there is evidence that the local educational agency has failed to comply with the terms of the agreement and the requirements under subsections (d) and (e).

(i) Evidence

If a local educational agency believes that the Secretary's determination under subsection (h) is in error for statistical or other substantive reasons, the local educational agency may provide supporting evidence to the Secretary, and the Secretary shall consider that evidence before making a final determination.
