### §7701. Findings

Congress finds that—

(1) the detection, control, eradication, suppression, prevention, or retardation of the spread of plant pests or noxious weeds is necessary for the protection of the agriculture, environment, and economy of the United States;

(2) biological control is often a desirable, low-risk means of ridding crops and other plants of plant pests and noxious weeds, and its use should be facilitated by the Department of Agriculture, other Federal agencies, and States whenever feasible;

(3) it is the responsibility of the Secretary to facilitate exports, imports, and interstate commerce in agricultural products and other commodities that pose a risk of harboring plant pests or noxious weeds in ways that will reduce, to the extent practicable, as determined by the Secretary, the risk of dissemination of plant pests or noxious weeds;

(4) decisions affecting imports, exports, and interstate movement of products regulated under this chapter shall be based on sound science;

(5) the smooth movement of enterable plants, plant products, biological control organisms, or other articles into, out of, or within the United States is vital to the United State's <sup>1</sup> economy and should be facilitated to the extent possible;

(6) export markets could be severely impacted by the introduction or spread of plant pests or noxious weeds into or within the United States;

(7) the unregulated movement of plant pests, noxious weeds, plants, certain biological control organisms, plant products, and articles capable of harboring plant pests or noxious weeds could present an unacceptable risk of introducing or spreading plant pests or noxious weeds;

(8) the existence on any premises in the United States of a plant pest or noxious weed new to or not known to be widely prevalent in or distributed within and throughout the United States could constitute a threat to crops and other plants or plant products of the United States and burden interstate commerce or foreign commerce; and

(9) all plant pests, noxious weeds, plants, plant products, articles capable of harboring plant pests or noxious weeds regulated under this chapter are in or affect interstate commerce or foreign commerce.

If the Secretary considers it necessary in order to prevent the dissemination of a plant pest or noxious weed that is new to or not known to be widely prevalent or distributed within and throughout the United States, the Secretary may hold, seize, quarantine, treat, apply other remedial measures to, destroy, or otherwise dispose of any plant, plant pest, noxious weed, biological control organism, plant product, article, or means of conveyance that—

(1) is moving into or through the United States or interstate, or has moved into or through the United States or interstate, and—

- (A) the Secretary has reason to believe is a plant pest or noxious weed or is infested with a plant pest or noxious weed at the time of the movement; or
- (B) is or has been otherwise in violation of this chapter;

(2) has not been maintained in compliance with a post-entry quarantine requirement; or

(3) is the progeny of any plant, biological control organism, plant product, plant pest, or noxious weed that is moving into or through the United States or interstate, or has moved into the United States or interstate, in violation of this chapter.

**(b) Authority to order an owner to treat or destroy**

**(1) In general**

The Secretary may order the owner of any plant, biological control organism, plant product, plant pest, noxious weed, article, or means of conveyance subject to action under subsection (a) to treat, apply other remedial measures to, destroy, or otherwise dispose of the plant, biological control organism, plant product, plant pest, noxious weed, article, or means of conveyance, without cost to the Federal Government and in the manner the Secretary considers appropriate.

**(2) Failure to comply**

If the owner fails to comply with the Secretary's order under this subsection, the Secretary may take an action authorized by subsection (a) and recover from the owner the costs of any care, handling, application of remedial measures, or disposal incurred by the Secretary in connection with actions taken under subsection (a).

**(c) Classification system**

**(1) Development required**

To facilitate control of noxious weeds, the Secretary may develop a classification system to

describe the status and action levels for noxious weeds. The classification system may include the current geographic distribution, relative threat, and actions initiated to prevent introduction or distribution.

## **(2) Management plans**

In conjunction with the classification system, the Secretary may develop integrated management plans for noxious weeds for the geographic region or ecological range where the noxious weed is found in the United States.

## **(d) Application of least drastic action**

No plant, biological control organism, plant product, plant pest, noxious weed, article, or means of conveyance shall be destroyed, exported, or returned to the shipping point of origin, or ordered to be destroyed, exported, or returned to the shipping point of origin under this section unless, in the opinion of the Secretary, there is no less drastic action that is feasible and that would be adequate to prevent the dissemination of any plant pest or noxious weed new to or not known to be widely prevalent or distributed within and throughout the United States.

### **§7760. State terminal inspection; transmission of mailed packages for State inspection; nonmailable matter; punishment for violations; rules and regulations by United States Postal Service**

When any State shall provide for terminal inspection of plants and plant products, and shall establish and maintain, at the sole expense of the State, such inspection at one or more places therein, the proper officials of said State may submit to the Secretary of Agriculture a list of plants and plant products and the plant pests transmitted thereby, that in the opinion of said officials should be subject to terminal inspection in order to prevent the introduction or dissemination in said State of pests injurious to agriculture. Upon his approval of said list, in whole or in part, the Secretary of Agriculture shall transmit the same to the United States Postal Service, and thereafter all packages containing any plants or plant products named in said approved lists shall, upon payment of postage therefor, be forwarded by the postmaster at the destination of said package to the proper State official at the nearest place where inspection is maintained. If the plants or plant products (including seed) are found upon inspection to be free from injurious pests and not in violation of a plant-quarantine law or plant-quarantine regulation of the United States Department of Agriculture or of the State of destination pertaining to such injurious pests, or if infected shall be disinfected by said official, they shall upon payment of postage therefor be returned to the postmaster at the place of inspection to be forward <sup>1</sup> to the person to whom they are addressed; but if found to be infected with injurious pests and incapable of satisfactory disinfection or in violation of a plant-quarantine law or plant-quarantine regulation of the United States Department of Agriculture or of the State of destination pertaining to such injurious pests, the State inspector shall so notify the postmaster at the place of inspection who shall promptly notify the sender of said plants or plant products that they will be returned to him upon his request and at his expense, or in default of such request that they will be turned over to the State authorities for destruction.

It shall be unlawful for any person, firm, or corporation to deposit in the United States mails any package containing any plant or plant product addressed to any place within a State maintaining inspection thereof, as herein defined, without plainly marking the package so that its contents may be readily ascertained by an inspection of the outside thereof. Whoever shall fail to so mark said packages shall be punished by a fine of not more than \$100.

The United States Postal Service is authorized and directed to make all needful rules and regulations for carrying out the purposes hereof.

### **(a) Findings**

Congress finds the following:

(1) Hass avocados are an integral food source in the United States that are a valuable and healthy part of the human diet and are enjoyed by millions of persons every year for a multitude of everyday and special occasions.

(2) Hass avocados are a significant tree fruit crop grown by many individual producers, but virtually all domestically produced Hass avocados for the commercial market are grown in the State of California.

(3) Hass avocados move in interstate and foreign commerce, and Hass avocados that do not move in interstate or foreign channels of commerce but only in intrastate commerce directly affect interstate commerce in Hass avocados.

(4) In recent years, large quantities of Hass avocados have been imported into the United States from other countries.

(5) The maintenance and expansion of markets in existence on October 28, 2000, and the development of new or improved markets or uses for Hass avocados are needed to preserve and strengthen the economic viability of the domestic Hass avocado industry for the benefit of producers and other persons associated with the producing, marketing, processing, and consuming of Hass avocados.

(6) An effective and coordinated program of promotion, research, industry information, and consumer information regarding Hass avocados is necessary for the maintenance, expansion, and development of domestic markets for Hass avocados.

### **(b) Purpose**

It is the purpose of this chapter to authorize the establishment, through the exercise of the powers provided in this chapter, of an orderly procedure for the development and financing (through an adequate assessment on Hass avocados sold by producers and importers in the United States) of an effective and coordinated program of promotion, research, industry information, and consumer information, including funds for marketing and market research activities, that is designed to—

(1) strengthen the position of the Hass avocado industry in the domestic marketplace; and

(2) maintain, develop, and expand markets and uses for Hass avocados in the domestic marketplace.

### **(c) Limitation**

Nothing in this chapter may be construed to provide for the control of production or otherwise limit the right of any person to produce, handle, or import Hass avocados.

**(7) Extra long staple cotton**

The term "extra long staple cotton" means cotton that—

(A) is produced from pure strain varieties of the Barbados species or any hybrid thereof, or other similar types of extra long staple cotton, designated by the Secretary, having characteristics needed for various end uses for which United States upland cotton is not suitable and grown in irrigated cotton-growing regions of the United States designated by the Secretary or other areas designated by the Secretary as suitable for the production of the varieties or types; and

**SUBCHAPTER I—DIRECT PAYMENTS AND COUNTER-CYCLICAL PAYMENTS**

**§7911. Establishment of base acres and payment acres for a farm**

**(a) Election by owner of base acres calculation method**

**(1) Alternative calculation methods**

For the purpose of making direct payments and counter-cyclical payments with respect to a farm, the Secretary shall give an owner of the farm an opportunity to elect 1 of the following as the method by which the base acres of all covered commodities on the farm are to be determined:

(A) Subject to paragraphs (3) and (4), the 4-year average of the following:

(i) Acreage planted on the farm to covered commodities for harvest, grazing, haying, silage, or other similar purposes for the 1998 through 2001 crop years.

(ii) Any acreage on the farm that the producers were prevented from planting during the 1998 through 2001 crop years to covered commodities because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, as determined by the Secretary.

(B) Subject to paragraph (3), the sum of the following:

(i) The contract acreage (as defined in section 7202 of this title) used by the Secretary to calculate the fiscal year 2002 payment authorized under section 7214 of this title for the covered commodities on the farm.

(ii) The 4-year average of eligible oilseed acreage on the farm for the 1998 through 2001 crop years, as determined by the Secretary under paragraph (2).

## **(2) Eligible oilseed acreage**

### **(A) Calculation**

For purposes of paragraph (1)(B)(ii), the eligible acreage for each oilseed on a farm during each of the 1998 through 2001 crop years shall be determined in the manner provided in paragraph (1)(A), except that the total acreage for all oilseeds on the farm for a crop year may not exceed the difference between—

(i) the total acreage determined under paragraph (1)(A) for all covered commodities for that crop year; and

(ii) the total contract acreage determined under paragraph (1)(B)(i).

### **(B) Effect of negative number**

If the subtraction performed under subparagraph (A) results in a negative number, the eligible oilseed acreage on the farm for that crop year shall be zero for purposes of determining the 4-year average.

### **(C) Offset of contract acreage**

The owner of a farm may increase the eligible acreage for an oilseed on the farm by reducing the contract acreage determined under paragraph (1)(B)(i) for 1 or more covered commodities on an acre-for-acre basis, except that the total base acreage for each oilseed on the farm may not exceed the 4-year average of each oilseed determined under paragraph (1)(B)(ii).

## **(3) Inclusion of all 4 years in average**

For the purpose of determining a 4-year acreage average under this subsection for a farm, the Secretary shall not exclude any crop year in which a covered commodity was not planted.

## **(4) Treatment of multiple planting or prevented planting**

For the purpose of determining under paragraph (1)(A) the acreage on a farm that producers planted or were prevented from planting during the 1998 through 2001 crop years to covered commodities, if the acreage that was planted or prevented from being planted was devoted to another covered commodity in the same crop year (other than a covered commodity produced under an established practice of double cropping), the owner may elect the commodity to be used for that crop year in determining the 4-year average, but may not include both the initial commodity and the subsequent commodity.

## **(b) Single election; time for election**

### **(1) Notice of election opportunity**

As soon as practicable after May 13, 2002, the Secretary shall provide notice to owners of farms

regarding their opportunity to make the election described in subsection (a). The notice shall include the following:

(A) Notice that the opportunity of an owner to make the election is being provided only once.

(B) Information regarding the manner in which the election must be made and the time periods and manner in which notice of the election must be submitted to the Secretary.

**(2) Election deadline**

Within the time period and in the manner prescribed pursuant to paragraph (1), the owner of a farm shall submit to the Secretary notice of the election made by the owner under subsection (a).

**(c) Effect of failure to make election**

If the owner of a farm fails to make the election under subsection (a) or fails to timely notify the Secretary of the election made, as required by subsection (b), the owner shall be deemed to have made the election described in subsection (a)(1)(B) to determine base acres for all covered commodities on the farm.

**(d) Application of election to all covered commodities**

The election made under subparagraph (A) or (B) of subsection (a)(1), or deemed to be made under subsection (c), with respect to a farm shall apply to all of the covered commodities on the farm.

**(e) Treatment of conservation reserve contract acreage**

**(1) In general**

The Secretary shall provide for an adjustment, as appropriate, in the base acres for covered commodities for a farm whenever either of the following circumstances occurs:

(A) A conservation reserve contract entered into under section 1231 of the Food Security Act of 1985 (16 U.S.C. 3831) with respect to the farm expires or is voluntarily terminated.

(B) Cropland is released from coverage under a conservation reserve contract by the Secretary.

**(2) Special payment rules**

For the crop year in which a base acres adjustment under paragraph (1) is first made, the owner of the farm shall elect to receive either direct payments and counter-cyclical payments with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

**(f) Payment acres**

The payment acres for a covered commodity on a farm shall be equal to 85 percent of the base acres for the covered commodity.

**(g) Prevention of excess base acres**

**(1) Required reduction**

If the sum of the base acres for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities for the farm or the base acres for peanuts for the farm under subchapter III so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

**(2) Other acreage**

For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for peanuts for the farm under subchapter III.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

(C) Any other acreage on the farm enrolled in a conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

### **(3) Selection of acres**

The Secretary shall give the owner of the farm the opportunity to select the base acres or the base acres for peanuts for the farm under subchapter III against which the reduction required by paragraph (1) will be made.

### **(4) Exception for double-cropped acreage**

In applying paragraph (1), the Secretary shall make an exception in the case of double cropping, as determined by the Secretary.

### **(5) Coordinated application of requirements**

The Secretary shall take into account section 7952(f) of this title when applying the requirements of this subsection.

### **(h) Permanent reduction in base acres**

The owner of a farm may reduce, at any time, the base acres for any covered commodity for the farm. The reduction shall be permanent and made in the manner prescribed by the Secretary.

## **§7912. Establishment of payment yield**

### **(a) Establishment and purpose**

For the purpose of making direct payments and counter-cyclical payments under this subchapter, the Secretary shall provide for the establishment of a payment yield for each farm for each covered commodity in accordance with this section.

### **(b) Use of farm program payment yield**

Except as otherwise provided in this section, the payment yield for each of the 2002 through 2007 crops of a covered commodity for a farm shall be the farm program payment yield established for the 1995 crop of the covered commodity under section 1465 of this title, as adjusted by the Secretary to account for any additional yield payments made with respect to that crop under section 1465(b)(2) of this title.

### **(c) Farms without farm program payment yield**

In the case of a farm for which a farm program payment yield is unavailable for a covered commodity (other than soybeans or other oilseeds), the Secretary shall establish an appropriate payment yield for the covered commodity on the farm taking into consideration the farm program payment yields applicable to the commodity under subsection (b) for similar farms, but before the yields for the similar farms are updated as provided in subsection (e).

### **(d) Payment yields for oilseeds**

#### **(1) Determination of average yield**

In the case of soybeans and each other oilseed, the Secretary shall determine the average yield per planted acre for the oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the oilseed was zero.

**(2) Adjustment for payment yield**

The payment yield for a farm for an oilseed shall be equal to the product of the following:

(A) The average yield for the oilseed determined under paragraph (1).

(B) The ratio resulting from dividing the national average yield for the oilseed for the 1981 through 1985 crops by the national average yield for the oilseed for the 1998 through 2001 crops.

**(3) Use of partial county average yield**

If the yield per planted acre for a crop of an oilseed for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that oilseed, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average under paragraph (1).

**(e) Opportunity to partially update yields used to determine counter-cyclical payments**

**(1) Election to update**

If the owner of a farm elects to use the base acres calculation method described in section 7911(a)(1)(A) of this title, the owner shall also have a 1-time opportunity to elect to use 1 of the methods described in paragraph (3) to partially update the payment yields that would otherwise be used in calculating any counter-cyclical payments for covered commodities on the farm.

**(2) Time for election**

The election under paragraph (1) shall be made at the same time and in the same manner as the Secretary prescribes for the election required under section 7911 of this title.

**(3) Methods of updating yields**

If the owner of a farm elects to update yields under this subsection, the payment yield for a covered commodity on the farm, for the purpose of calculating counter-cyclical payments only, shall be equal to the yield determined using either of the following:

(A) The sum of the following:

(i) The payment yield applicable for direct payments for the covered commodity on the farm.

(ii) 70 percent of the difference between—

(I) the average yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero; and

(II) the payment yield applicable for direct payments for the covered commodity on the farm.

(B) 93.5 percent of the average of the yield per planted acre for the crop of the covered commodity on the farm for the 1998 through 2001 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero.

**(4) Use of partial county average yield**

If the yield per planted acre for a crop of the covered commodity for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that commodity, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average yield under paragraph (3).

**(5) Application of election and method to all covered commodities**

The owner of a farm may not elect the method described in paragraph (3)(A) for 1 covered commodity on the farm and the method described in paragraph (3)(B) for other covered

commodities on the farm.

(Pub. L. 107–171, title I, §1102, May 13, 2002, 116 Stat. 147.)

**(1) First-time loan commodities**

For the 2002 crop of wool, mohair, honey, dry peas, lentils and small chickpeas, in the case of producers of such a crop that would be eligible for a loan deficiency payment under this section except for the fact that the producers lost beneficial interest in the crop prior to the date of publication of the regulations implementing this section, the producers shall be eligible for a loan deficiency payment as of the date producers marketed or otherwise lost beneficial interest in the crop, as determined by the Secretary.

The President shall carry out an import quota program during the period beginning on May 13, 2002, through July 31, 2008, as provided in this subsection.

**(B) Program requirements**

Except as provided in subparagraph (C), whenever the Secretary determines and announces that for any consecutive 4-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 13/32-inch cotton, delivered C.I.F. Northern Europe exceeds the Northern Europe price by more than 1.25 cents per pound, there shall immediately be in effect a special import quota.

**(C) Tight domestic supply**

During any month for which the Secretary estimates the season-ending United States upland cotton stocks-to-use ratio, as determined under subparagraph (D), to be below 16 percent, the Secretary, in making the determination under subparagraph (B), shall not adjust the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 13/32-inch cotton, delivered C.I.F. Northern Europe.

**(D) Season-ending United States stocks-to-use ratio**

For the purposes of making estimates under subparagraph (C), the Secretary shall, on a monthly basis, estimate and report the season-ending United States upland cotton stocks-to-use ratio, excluding projected raw cotton imports but including the quantity of raw cotton that has been imported into the United States during the marketing year.

**(E) Delayed application of threshold**

Through July 31, 2006, the Secretary shall make the calculation under subparagraph (B) without regard to the 1.25 cent threshold provided under that subparagraph.

**(2) Quantity**

The quota shall be equal to one week's consumption of upland cotton by domestic mills at the seasonally adjusted average rate of the most recent three months for which data are available.

**(5) Preferential tariff treatment**

The quantity under a special import quota shall be considered to be an in-quota quantity for purposes of—

- (A) section 2703(d) of title 19;
- (B) section 3203 of title 19;
- (C) section 2463(d) of title 19; and

**(c) Limited global import quota for upland cotton**

**(1) In general**

The President shall carry out an import quota program that provides that whenever the Secretary determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of

the average price of such quality of cotton in the markets for the preceding 36 months, notwithstanding any other provision of law, there shall immediately be in effect a limited global import quota subject to the following conditions:

**(A) Quantity**

The quantity of the quota shall be equal to 21 days of domestic mill consumption of upland cotton at the seasonally adjusted average rate of the most recent 3 months for which data are available.

**(B) Quantity if prior quota**

If a quota has been established under this subsection during the preceding 12 months, the quantity of the quota next established under this subsection shall be the smaller of 21 days of domestic mill consumption calculated under subparagraph (A) or the quantity required to increase the supply to 130 percent of the demand.

**(C) Preferential tariff treatment**

The quantity under a limited global import quota shall be considered to be an in-quota quantity for purposes of—

- (i) section 2703(d) of title 19;
- (ii) section 3203 of title 19;
- (iii) section 2463(d) of title 19; and

The term "limited global import quota" means a quantity of imports that is not subject to the over-quota tariff rate of a tariff-rate quota.

**(E) Quota entry period**

When a quota is established under this subsection, cotton may be entered under the quota during the 90-day period beginning on the date the quota is established by the Secretary.

**(2) No overlap**

### **(a) Average yield and acreage average for historic peanut producers**

#### **(1) Determination of average yield**

##### **(A) In general**

The Secretary shall determine, for each historic peanut producer, the average yield for peanuts on each farm on which the historic peanut producer planted peanuts for harvest for the 1998 through 2001 crop years, excluding any crop year in which the producer did not plant or was prevented from planting peanuts.

#### **(2) Determination of acreage average**

##### **(A) In general**

The Secretary shall determine, for each historic peanut producer, the 4-year average of the following:

For the purposes of determining the 4-year acreage average for an historic peanut producer under this paragraph, the Secretary shall not exclude any crop year in which the producer did not plant peanuts.

##### **(C) Proportional shares**

If more than 1 historic peanut producer shared in the risk of producing the crop on a farm, the historic peanut producers shall receive their proportional share of the number of acres planted (or prevented from being planted) to peanuts for harvest on the farm based on the sharing arrangement that was in effect among the producers for the crop.

#### **(3) Time for determinations**

The Secretary shall make the determinations required by this subsection as soon as practicable after May 13, 2002.

#### **(4) Special considerations**

In making the determinations required by this subsection, the Secretary shall take into account changes in the number, identity, or interest of producers sharing in the risk of producing a peanut crop since the 1998 crop year, including providing a method for the assignment of average acres and average yield to a farm—

- (A) when an historic peanut producer is no longer living;
- (B) when an entity composed of historic peanut producers has been dissolved; or
- (C) in other appropriate situations, as determined by the Secretary.

**(b) Assignment of average yields and average acreage to farms**

**(1) Assignment by historic peanut producers**

Not later than March 31, 2003, an historic peanut producer shall submit to the Secretary notice of the assignments made by the producer under this subsection. If an historic peanut producer fails to submit the notice by that date, the notice shall be submitted in such other manner as the Secretary may prescribe.

**(f) Prevention of excess base acres for peanuts**

**(1) Required reduction**

If the sum of the base acres for peanuts for a farm, together with the acreage described in paragraph (2), exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for peanuts for the farm or the base acres for 1 or more covered commodities under subchapter I for the farm so that the sum of the base acres for peanuts and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

**(2) Other acreage**

For purposes of paragraph (1), the Secretary shall include the following:

(A) Any base acres for the farm under subchapter I.

(B) Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.).

##### **(2) Treatment of 2001 crop**

Part VI of subtitle B of title III of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1357–1359a), as in effect on the day before May 13, 2002, shall continue to apply with respect to the 2001 crop of peanuts notwithstanding the amendment made by paragraph (1). Section 7958(g)(2) of this title shall also apply to the 2001 crop of peanuts.

#### **(b) Compensation contract required**

##### **(1) In general**

The Secretary shall offer to enter into a contract with each person that the Secretary determines is an eligible peanut quota holder under subsection (f) for the purpose of providing compensation for the lost value of the quota on account of the repeal of the marketing quota program for peanuts under subsection (a).

##### **(2) Payment period**

The Secretary shall make payments under the contracts during fiscal years 2002 through 2006.

#### **(c) Time for payment**

##### **(1) Payment in installments**

The payments required under the contracts shall be provided in 5 equal installments not later than September 30 of each of fiscal years 2002 through 2006.

##### **(2) Single payment**

At the request of an eligible peanut quota holder entitled to payments under a contract, the Secretary shall provide the entire payment amount determined under subsection (d) with respect to the eligible peanut quota holder for the 5 fiscal years in a single lump sum during the fiscal year specified by the eligible peanut quota holder.

#### **(d) Payment amount**

The amount of the payment for a fiscal year to an eligible peanut quota holder under a contract shall be equal to the product obtained by multiplying—

(1) \$0.11 per pound; by

(2) the number of pounds of quota with respect to which the person qualifies as a peanut quota

holder under subsection (f).

**(e) Assignment of payments**

The provisions of section 590h(g) of title 16, relating to assignment of payments, shall apply to the payments made under the contracts. A person making an assignment of the payment, or the assignee, shall provide the Secretary with notice, in such manner as the Secretary may require, of any assignment made under this subsection.

**(f) Eligible peanut quota holder**

**(1) In general**

Except as otherwise provided in this subsection, the Secretary shall consider a person to be an eligible peanut quota holder for the purposes of this section if the person, as of May 13, 2002, owned a farm that, also as of that date, was eligible for a permanent peanut quota under section 358–1(b) of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358–1(b)), irrespective of temporary leases, transfers of quotas for seed, or quotas for experimental purposes.

**(2) Effect of purchase contract**

If there was a written contract for the purchase of all or a portion of a farm described in paragraph (1) as of May 13, 2002, and the parties to the sale are unable to agree to the disposition of eligibility for payments under this section, the Secretary, taking into account any incomplete permanent transfer of quota that has otherwise been agreed to, shall provide for the equitable division of the payments among the parties by adjusting the determination of who is the eligible peanut quota holder with respect to particular pounds of the quota.

**(3) Effect of agreement for permanent quota transfer**

If the Secretary determines that there was in existence, as of May 13, 2002, an agreement for the permanent transfer of quota, but that the transfer was not completed by that date, the Secretary shall consider the peanut quota holder to be the party to the agreement who, as of that date, was the owner of the farm to which the quota was to be transferred.

**(4) Protected bases**

A person that owns a farm with a peanut poundage quota which is protected under a conservation reserve program contract entered into under section 3831 of title 16 shall be considered to be an eligible quota holder with respect to the protected poundage.

**(5) Secretarial discretion**

Notwithstanding the preceding paragraphs, the Secretary may declare a person to be the eligible peanut quota holder with respect to certain pounds of quota or otherwise for purposes of this section if the Secretary considers the declaration is needed to insure a fair and equitable administration of the payments provided for in this section, so long as the Secretary does not, in exercising this authority, effectively increase the total quota in excess of the quota that was available to all producers for the 2001 crop year for other than seed or experimental use.

**(6) Limitation on quantity of quota held**

A person shall be considered an eligible peanut quota holder for purposes of this section only with respect to that number of permanent pounds that qualifies the person as a peanut quota holder under one of the preceding paragraphs. The determination of the peanut poundage amount for which the person qualifies shall be made based on the 2001 crop quota levels and shall take into account sales of the farm that occurred before May 13, 2002, and any permanent transfers of quota that took place before that date, consistent with the preceding paragraphs. The Secretary shall not take into account, or allow eligibility for, quotas for seed, granted as experimental quotas, or obtained by temporary lease or transfer.

**(g) Successions in payment eligibility and attachment of eligibility to persons**

**(1) Eligibility attaches to persons**

Once a person is eligible for payments under this section, as determined under subsection (f),

the continued eligibility of the person for the payments does not run with a farm, but shall remain with the person for the term of this section irrespective of whether the person sells, or continues to have an interest in, the farm that had the quota that qualified the person as an eligible peanut quota holder under subsection (f) and irrespective of whether the person has a continuing interest in the production of peanuts.

## **(2) Succession**

If a person eligible for payments under this section dies, in the case of an individual, or ceases to exist, in the case of other persons, the payment eligibility of the person shall pass to the person's personal or organizational successor, as determined by the Secretary.

### **BIOFUELS AND RURAL ECONOMIC DEVELOPMENT**

Memorandum of President of the United States, May 5, 2009, 74 F.R. 21531, provided:

Memorandum for the Secretary of Agriculture, the Secretary of Energy, [and] the Administrator of the Environmental Protection Agency

In the Nation's ongoing efforts to achieve energy independence, biomass and biofuels promise to play a key role by providing the Nation with homegrown sustainable energy options and energizing our economy with new industries and jobs. While producing clean renewable fuels locally is a powerful engine of economic growth, they must be developed and used in a way that limits environmental impact. Today, the Environmental Protection Agency (EPA) is issuing a Notice of Proposed Rulemaking, as required by the Energy Independence and Security Act of 2007, to set new national renewable fuel standards and implement

those standards. The public will have an opportunity to provide input on this proposal through a 60-day comment period, and the EPA is conducting peer reviews on key aspects of the environmental impact assessments within the proposal.

In order to shepherd our Nation's development of this important industry and to coordinate interagency policy, I hereby establish a Biofuels Interagency Working Group (Working Group), to be co-chaired by the Secretaries of Agriculture and Energy and the Administrator of the EPA. This Working Group will coordinate with the National Science and Technology Council's Biomass Research and Development Board in undertaking its work. The responsibilities of the Working Group shall include:

(a) Developing the Nation's first comprehensive biofuel market development program, which shall use existing authorities and identify new policies to support the development of next-generation biofuels, increase flexible fuel vehicle use, and assist in retail marketing efforts;

(b) Coordinating infrastructure policies affecting the supply, secure transport, and distribution of biofuels; and

(c) Identifying new policy options to promote the environmental sustainability of biofuels feedstock production, taking into consideration land use, habitat conservation, crop management practices, water efficiency and water quality, as well as lifecycle assessments of greenhouse gas emissions.

Alongside the Working Group's efforts, the Secretary of Agriculture may pursue other important biofuel development efforts. The Rural Development Act of 1972 and the Rural Development Policy Act of 1980 direct the Secretary of Agriculture to develop, in coordination with State and local governments, a nationwide rural development program to assure rural America's health and prosperity. In keeping with that mandate, and recognizing the key role rural America will play in the development of biofuel technology and development, I request that the Secretary of Agriculture take the following steps, to the extent permitted by law:

(a) Immediately begin restructuring existing investments in renewable fuels as needed to preserve industry employment; and

(b) Develop a comprehensive approach to accelerating the investment in and production of American biofuels and reducing our dependence on fossil fuels by providing, within 30 days, under the authorities made available in the Food, Conservation, and Energy Act of 2008:

(i) Loan guarantees for the development, construction, and retrofitting of commercial-scale biorefineries and grants to help pay for the development and construction costs of demonstration-scale biorefineries;

(ii) Expedited funding to encourage biorefineries to replace the use of fossil fuels in plant operations by installing new biomass energy systems or producing new energy from renewable biomass;

(iii) Expedited funding to biofuels producers to encourage production of next-generation biofuels from cellulosic biomass and other feedstocks;

(iv) Expansion of the Renewable Energy Systems and Energy Efficiency Improvements Program, which has been renamed the Rural Energy for America Program, to include hydroelectric source technologies, energy audits, and higher loan guarantee limits; and

(v) Guidance and support for collection, harvest, storage, and transportation assistance for eligible materials for use in biomass conversion facilities.

This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

The Secretary of Agriculture is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

### DRIVING INNOVATION AND CREATING JOBS IN RURAL AMERICA THROUGH BIOBASED AND SUSTAINABLE PRODUCT PROCUREMENT

Memorandum of President of the United States, Feb. 21, 2012, 77 F.R. 10939, as amended by Ex. Ord. No. 13693, §16(b), Mar. 19, 2015, 80 F.R. 15880, provided:

Memorandum for the Heads of Executive Departments and Agencies

The BioPreferred program—established by the Farm Security and Rural Investment Act of 2002 (Public Law 107–171) (2002 Farm Bill), and strengthened by the Food, Conservation[, and Energy Act of 2008 (Public Law 110–234 [probably should refer to Public Law 110–246]) (2008 Farm Bill)—is intended to increase Federal procurement of biobased products to promote rural economic development, create new jobs, and provide new markets for farm commodities. Biobased and sustainable products help to increase our energy security and independence.

The Federal Government, with leadership from the Department of Agriculture (USDA), has made significant strides in implementing the BioPreferred program. It is one of the key elements in my efforts to promote sustainable acquisition throughout the Government under [former] Executive Order 13514 of October 5, 2009 (Federal Leadership in Environmental, Energy, and Economic Performance). Further efforts will drive innovation and economic growth and create jobs at marginal cost to the American public.

The goal of this memorandum is to ensure that executive departments and agencies (agencies) effectively execute Federal procurement requirements for biobased products, including those requirements identified in [former] Executive Order 13514 and prescribed in the 2002 Farm Bill, as amended by the 2008 Farm Bill. It is vital that these efforts are in accord and carefully coordinated with other Federal procurement requirements.

Therefore, I direct that agencies take the following steps to significantly increase Federal procurement of biobased and other sustainable products.

SECTION 1. [Revoked by Ex. Ord. No. 13693, §16(b), Mar. 19, 2015, 80 F.R. 15880.]

SEC. 2. *Biobased Product Designations*. The USDA has already designated 64 categories of biobased products for preferred Federal procurement. Although these categories represent an estimated 9,000 individual products, less than half of the known biobased products are currently included in the preference program. Increasing the number of products subject to the Federal procurement preference will increase procurement of biobased products. Therefore, I direct the Secretary of Agriculture to:

(a) increase both the number of categories of biobased products designated and individual products eligible for preferred purchasing by 50 percent within 1 year of the date of this memorandum; and

(b) establish a web-based process whereby biobased product manufacturers can request USDA to establish a new product category for designation. The USDA shall determine the merit of the request and, if the product category is deemed eligible, propose designation within 180 days of the request.

SEC. 3. *Changes in Procurement Mechanisms*. Several actions can be taken to facilitate improvement in and compliance with the requirements to purchase biobased products. To achieve these changes, I direct:

(a) the Senior Sustainability Officers and Chief Acquisition Officers of all agencies to randomly sample procurement actions (such as solicitations and awards) to verify that biobased considerations are included as appropriate. Agencies shall include results of these sampling efforts in the Sustainability/Energy scorecard reported to OMB;

(b) the Secretary of Agriculture to work with relevant officials in agencies that have electronic product procurement catalogs to identify and implement solutions to increase the visibility of biobased and other sustainable products;

(c) the Senior Sustainability Officers of all agencies that have established agency-specific product specifications, in coordination with any other appropriate officials, to review and revise all specifications under their control to assure that, wherever possible and appropriate, such specifications require the use of sustainable products, including USDA-designated biobased products, and that any language prohibiting the use of biobased products is removed. The review shall be on a 4-year cycle. Significant review should be completed within 1 year of the date of this memorandum, and the results of the reviews shall be annually reported to OMB and the Office of Science and Technology Policy (OSTP); and

(d) the Secretary of Agriculture to amend USDA's automated contract writing system, the Integrated Acquisition System, to serve as a model for biobased product procurement throughout the Federal Government by adding elements related to acquisition planning, evaluation factors for source selection, and specifications and requirements. Once completed, USDA shall share the model with all agencies and, as appropriate, assist any agency efforts to adopt similar mechanisms.

SEC. 4. *Small Business Assistance*. A majority of the biobased product manufacturers and vendors selling biobased products and services that use biobased products to the Federal Government are small businesses. To improve the ability of small businesses to sell these products and services to the Federal Government, I direct:

(a) the Secretary of Commerce, in consultation with the Secretary of Agriculture, to use relevant programs of the Department, such as the Manufacturing Extension Partnership network, to improve the performance and competitiveness of biobased product manufacturers;

(b) the Secretary of Agriculture to work cooperatively with Procurement Technical Assistance Center programs located across the Nation to provide training and assistance to biobased product companies to make these companies aware of the BioPreferred program and opportunities to sell biobased products to Federal,

State, and local government agencies; and

(c) the Secretary of Agriculture to develop training within 6 months of the date of this memorandum for small businesses on the BioPreferred program and the opportunities it presents, and the Administrator of the Small Business Administration (SBA) to disseminate that training to Small Business Development Centers and feature it on the SBA website.

**SEC. 5. Reporting.** The Federal Government should obtain the most reliable information to gauge its progress in purchasing biobased products, including measuring the annual number of procurements that include direct purchase of biobased products, the annual number of construction and service contracts that include the purchase of biobased products, and the annual volume and type of biobased products the Federal Government purchases. I direct that:

(a) within 1 year of the date of this memorandum, the Federal Acquisition Regulatory Council shall propose an amendment to the Federal Acquisition Regulation to require reporting of biobased product purchases, to be made public on an annual basis; and

(b) following the promulgation of the proposed amendment referenced in subsection (a) of this section, the Secretary of Agriculture, in consultation with the Chief Acquisition Officers Council, shall develop a reporting template to facilitate the annual reporting requirement.

**SEC. 6. Jobs Creation Research.** Biobased products are creating jobs across America. These innovative products are creating new markets for agriculture and expanding opportunities in rural America. Therefore, I direct the Secretary of Agriculture to prepare a report on job creation and the economic impact associated with the biobased product industry to be submitted to the President through the Domestic Policy Council and OSTP within 2 years of the date of this memorandum. The study shall include:

(a) the number of American jobs originating from the biobased product industry annually over the last 10 years, including the job changes in specific sectors;

(b) the dollar value of the current domestic biobased products industry, including intermediates, feedstocks, and finished products, but excluding biofuels;

(c) a forecast for biobased job creation potential over the next 10 years;

(d) a forecast for growth in the biobased industry over the next 10 years; and

(e) jobs data for both biofuels and biobased products, but shall generate separate data for each category.

**SEC. 7. Education and Outreach.** In compliance with the 2002 Farm Bill, several agencies established agency promotion programs to support the biobased products procurement preference. The Federal Acquisition Institute has added biobased procurement training to its course offerings. To assure both formal and informal educational and outreach instruction on the BioPreferred program are in place and being implemented by each agency, I direct:

(a) the Secretary of Agriculture to update all existing USDA BioPreferred and related sustainable acquisition training materials within 1 year of the date of this memorandum;

(b) the Senior Sustainability Officers and Chief Acquisition Officers of agencies to work cooperatively with the Secretary of Agriculture to immediately implement such BioPreferred program agency education and outreach programs as are necessary to meet the requirements of this memorandum and relevant statutes; and

(c) the Secretary of Agriculture to work actively with the Committee for Purchase From People Who Are Blind or Severely Disabled to promote education and outreach to program, technical, and contracting personnel, and to purchase card holders on BioPreferred AbilityOne products.

**SEC. 8. General Provisions.** (a) This memorandum shall apply to an agency with respect to the activities, personnel, resources, and facilities of the agency that are located within the United States. The head of an agency may provide that this memorandum shall apply in whole or in part with respect to the activities, personnel, resources, and facilities of the agency that are not located within the United States, if the head of the agency determines that such application is in the interest of the United States.

(b) The head of an agency shall manage activities, personnel, resources, and facilities of the agency that are not located within the United States, and with respect to which the head of the agency has not made a determination under subsection (a) of this section, in a manner consistent with the policies set forth in this memorandum, to the extent the head of the agency determines practicable.

(c) For purposes of this memorandum, "biobased product" shall have the meaning set forth in section 8101(4) of title 7, United States Code.

(d) This memorandum is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(e) The Secretary of Agriculture is hereby authorized and directed to publish this memorandum in the Federal Register.

BARACK OBAMA.

**(3) Source of matching funds**

Matching funds required pursuant to this subsection from a grant recipient shall be derived from non-Federal funds.

**(d) Project cap**

The total amount of grants under the Program for a community wood energy system project or innovative wood product facility project may not exceed—

(8) Other technical, economic, conservation, and environmental criteria that the Secretary considers appropriate.

**(f) Grant priorities**

In selecting applicants for grants under the Program, the Secretary shall give priority to proposals that use the most stringent control technology that has been required or achieved in practice for a wood-fired boiler and—

(1) would be carried out in a location where markets are needed for the low-value, low-quality wood;

(2) would be carried out in a location with limited access to natural gas pipelines;

(3) would include the use or retrofitting (or both) of existing sawmill facilities located in a location where the average annual unemployment rate exceeded the national average unemployment rate by more than 1 percent during the previous calendar year; or

(4) would be carried out in a location where the project will aid with forest restoration.

## **(g) Limitations**

### **(1) Capacity of community wood energy systems**

A community wood energy system acquired with grant funds under the Program shall not exceed nameplate capacity of 5 megawatts of thermal energy or combined thermal and electric energy.

### SUBCHAPTER I—DEPARTMENT OF AGRICULTURE

#### §8401. Regulation of certain biological agents and toxins

##### (a) Regulatory control of certain biological agents and toxins

###### (1) List of biological agents and toxins

###### (A) In general

The Secretary of Agriculture shall by regulation establish and maintain a list of each biological agent and each toxin that the Secretary determines has the potential to pose a severe threat to animal or plant health, or to animal or plant products.

###### (B) Criteria

In determining whether to include an agent or toxin on the list under subparagraph (A), the Secretary shall—

(i) consider—

- (I) the effect of exposure to the agent or toxin on animal or plant health, and on the production and marketability of animal or plant products;
- (II) the pathogenicity of the agent or the toxicity of the toxin and the methods by which the agent or toxin is transferred to animals or plants;
- (III) the availability and effectiveness of pharmacotherapies and prophylaxis to treat and prevent any illness caused by the agent or toxin;
- (IV)(aa) whether such inclusion would have a substantial negative impact on the research and development of solutions for the animal or plant disease caused by the agent or toxin; and
- (bb) whether the negative impact described in item (aa) would substantially outweigh the risk posed by the agent or toxin to animal or plant health if it is not included on the list; and
- (V) any other criteria that the Secretary considers appropriate to protect animal or plant health, or animal or plant products; and

(ii) consult with appropriate Federal departments and agencies and with scientific experts representing appropriate professional groups.

## **(2) Biennial review**

The Secretary shall review and republish the list under paragraph (1) biennially, or more often as needed, and shall by regulation revise the list as necessary in accordance with such paragraph.

## **(b) Regulation of transfers of listed agents and toxins**

The Secretary shall by regulation provide for—

(1) the establishment and enforcement of safety procedures for the transfer of listed agents and toxins, including measures to ensure—

- (A) proper training and appropriate skills to handle such agents and toxins; and
- (B) proper laboratory facilities to contain and dispose of such agents and toxins;

(2) the establishment and enforcement of safeguard and security measures to prevent access to such agents and toxins for use in domestic or international terrorism or for any other criminal purpose;

(3) the establishment of procedures to protect animal and plant health, and animal and plant products, in the event of a transfer or potential transfer of such an agent or toxin in violation of the safety procedures established under paragraph (1) or the safeguard and security measures established under paragraph (2); and

(4) appropriate availability of biological agents and toxins for research, education, and other legitimate purposes.

## **(c) Possession and use of listed agents and toxins**

The Secretary shall by regulation provide for the establishment and enforcement of standards and procedures governing the possession and use of listed agents and toxins, including the provisions described in paragraphs (1) through (4) of subsection (b), in order to protect animal and plant health, and animal and plant products.

## **(d) Registration; identification; database**

### **(1) Registration**

Regulations under subsections (b) and (c) shall require registration with the Secretary of the possession, use, and transfer of listed agents and toxins, and shall include provisions to ensure that persons seeking to register under such regulations have a lawful purpose to possess, use, or transfer such agents and toxins, including provisions in accordance with subsection (e)(6).

## **(2) Identification; database**

Regulations under subsections (b) and (c) shall require that registration include (if available to the person registering) information regarding the characterization of listed agents and toxins to facilitate their identification, including their source. The Secretary shall maintain a national database that includes the names and locations of registered persons, the listed agents and toxins such persons are possessing, using, or transferring, and information regarding the characterization of such agents and toxins.

## **(e) Safeguard and security requirements for registered persons**

### **(1) In general**

Regulations under subsections (b) and (c) shall include appropriate safeguard and security requirements for persons possessing, using, or transferring a listed agent or toxin commensurate with the risk such agent or toxin poses to animal and plant health, and animal and plant products (including the risk of use in domestic or international terrorism). The Secretary shall establish such requirements in collaboration with the Secretary of Homeland Security and the Attorney General, and shall ensure compliance with such requirements as part of the registration system under such regulations.

### **(2) Limiting access to listed agents and toxins**

Requirements under paragraph (1) shall include provisions to ensure that registered persons—

(A) provide access to listed agents and toxins to only those individuals whom the registered person involved determines have a legitimate need to handle or use such agents and toxins;

(B) submit the names and other identifying information for such individuals to the Secretary and the Attorney General, promptly after first determining that the individuals need access under subparagraph (A), and periodically thereafter while the individuals have such access, not less frequently than once every five years; and

(C)(i) in the case of listed agents and toxins that are not overlap agents and toxins (as defined in subsection (g)(1)(A)(ii)), limit or deny access to such agents and toxins by individuals whom the Attorney General has identified as within any category under paragraph (3)(B), if limiting or denying such access by the individuals involved is determined appropriate by the Secretary, in consultation with the Attorney General; and

(ii) in the case of listed agents and toxins that are overlap agents—

(I) deny access to such agents and toxins by individuals whom the Attorney General has identified as within any category referred to in paragraph (3)(B)(i); and

Any order by the court authorizing the disclosure of information that the United States believes could compromise national security or an investigation by any law enforcement agency shall be subject to the processes set forth in subparagraphs (A) and (B)(i) of section 2339B(f)(5) of title 18 (relating to interlocutory appeal and expedited consideration).

**(1) Required reduction**

If the sum of the base acres for a farm, together with the acreage described in paragraph (2) exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities for the farm or the base acres for peanuts for the farm so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

**(2) Other acreage**

## **(2) Required action by Secretary**

### **(A) In general**

The Secretary shall proportionately reduce base acres on a farm for covered commodities for land that has been subdivided and developed for multiple residential units or other nonfarming uses if the size of the tracts and the density of the subdivision is such that the land is unlikely to return to the previous agricultural use, unless the producers on the farm demonstrate that the land—

- (i) remains devoted to commercial agricultural production; or
- (ii) is likely to be returned to the previous agricultural use.

### **(B) Requirement**

The Secretary shall establish procedures to identify land described in subparagraph (A).

## **(3) Review and report**

## §8712. Payment yields

### (a) Establishment and purpose

- (i) The average yield for the designated oilseed or pulse crop determined under paragraph (1).
- (ii) The ratio resulting from dividing the national average yield for the designated oilseed or pulse crop for the 1981 through 1985 crops by the national average yield for the designated oilseed or pulse crop for the 1998 through 2001 crops.

##### (B) No national average yield information available

To the extent that national average yield information for a designated oilseed or pulse crop is not available, the Secretary shall use such information as the Secretary determines to be fair and equitable to establish a national average yield under this section.

#### (3) Use of partial county average yield

If the yield per planted acre for a crop of a designated oilseed or pulse crop for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that designated oilseed or pulse crop, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average under paragraph (1).

#### (4) No historic yield data available

In the case of establishing yields for designated oilseeds and eligible pulse crops, if historic yield data is not available, the Secretary shall use the ratio for dry peas calculated under paragraph (2)(A)(ii) in determining the yields for designated oilseeds and eligible pulse crops, as determined to be fair and equitable by the Secretary.

### **§9012. Base acres**

#### **(a) Retention or 1-time reallocation of base acres**

##### **(1) Election required**

###### **(A) Notice of election opportunity**

As soon as practicable after February 7, 2014, the Secretary shall provide notice to the owners of a farm regarding their opportunity to make an election, in the manner provided in this subsection—

- (i) to retain base acres, including any generic base acres, as provided in paragraph (2); or
- (ii) in lieu of retaining base acres, to reallocate base acres, other than any generic base acres, as provided in paragraph (3).

###### **(B) Content of notice**

The notice under subparagraph (A) shall include the following:

- (i) Information that the opportunity of an owner to make the election is being provided only once.
- (ii) Information regarding the manner in which the owner must make the election and the manner of notifying the Secretary of the election.
- (iii) Information regarding the deadline before which the owner must notify the Secretary of the election to be in effect beginning with the 2014 crop year.

###### **(C) Effect of failure to make election**

If the owner of a farm fails to make the election under this subsection, or fails to timely notify the Secretary of the election as required by subparagraph (B)(iii), the owner shall be deemed to have elected to retain base acres, including generic base acres, as provided in paragraph (2).

#### **(2) Retention of base acres**

##### **(A) Election to retain**

For the purpose of applying this subchapter to a covered commodity, the Secretary shall give an owner of a farm an opportunity to elect to retain all of the base acres for each covered commodity on the farm.

**(B) Treatment of generic base acres**

Generic base acres are automatically retained.

**(3) Reallocation of base acres**

**(A) Election to reallocate**

For the purpose of applying this subchapter to covered commodities, the Secretary shall give an owner of a farm an opportunity to elect to reallocate all of the base acres for covered commodities on the farm, as in effect on September 30, 2013, among those covered commodities planted on the farm at any time during the 2009 through 2012 crop years.

**(B) Reallocation formula**

The reallocation of base acres among covered commodities on a farm shall be in proportion to the ratio of—

(i) the 4-year average of—

(I) the acreage planted on the farm to each covered commodity for harvest, grazing, haying, silage, or other similar purposes for the 2009 through 2012 crop years; and

(II) any acreage on the farm that the producers were prevented from planting during the 2009 through 2012 crop years to that covered commodity because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, as determined by the Secretary; to

(ii) the 4-year average of—

(I) the acreage planted on the farm to all covered commodities for harvest, grazing, haying, silage, or other similar purposes for such crop years; and

(II) any acreage on the farm that the producers were prevented from planting during such crop years to covered commodities because of drought, flood, or other natural disaster, or other condition beyond the control of the producers, as determined by the Secretary.

**(C) Treatment of generic base acres**

Generic base acres are retained and may not be reallocated under this paragraph.

**(D) Inclusion of all 4 years in average**

For the purpose of determining a 4-year acreage average under subparagraph (B) for a farm, the Secretary shall not exclude any crop year in which a covered commodity was not planted.

**(E) Treatment of multiple planting or prevented planting**

For the purpose of determining under subparagraph (B) the acreage on a farm that producers planted or were prevented from planting during the 2009 through 2012 crop years to covered commodities, if the acreage that was planted or prevented from being planted was devoted to another covered commodity in the same crop year (other than a covered commodity produced under an established practice of double cropping), the owner may elect the commodity to be used for that crop year in determining the 4-year average, but may not include both the initial commodity and the subsequent commodity.

**(F) Limitation**

The reallocation of base acres among covered commodities on a farm under this paragraph may not result in a total number of base acres (including generic base acres) for the farm in excess of the number of base acres in effect for the farm on September 30, 2013.

**(4) Application of election to all covered commodities**

The election made under this subsection, or deemed to be made under paragraph (1)(C), with

respect to a farm shall apply to all of the covered commodities on the farm.

**(b) Adjustment of base acres**

**(1) In general**

Notwithstanding the election made under subsection (a), the Secretary shall provide for an adjustment, as appropriate, in the base acres for covered commodities for a farm and any generic base acres for the farm whenever any of the following circumstances occur:

(A) A conservation reserve contract entered into under section 1231 of the Food Security Act of 1985 (16 U.S.C. 3831) with respect to the farm expires or is voluntarily terminated.

(B) Cropland is released from coverage under a conservation reserve contract by the Secretary.

(C) The producer has eligible oilseed acreage as the result of the Secretary designating additional oilseeds, which shall be determined in the same manner as eligible oilseed acreage under section 8711(a)(1)(D) of this title.

**(2) Special conservation reserve acreage payment rules**

For the crop year in which a base acres adjustment under subparagraph (A) or (B) of paragraph (1) is first made, the owner of the farm shall elect to receive price loss coverage or agriculture risk coverage with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

**(c) Prevention of excess base acres**

**(1) Required reduction**

Notwithstanding the election made under subsection (a), if the sum of the base acres for a farm, including generic base acres, and the acreage described in paragraph (2) exceeds the actual cropland acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities or generic base acres for the farm so that the sum of the base acres, including generic base acres, and the acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

**(2) Other acreage**

For purposes of paragraph (1), the Secretary shall include the following:

(A) Any acreage on the farm enrolled in—

(i) the conservation reserve program established under subchapter B of chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3831 et seq.); or

(ii) a wetland reserve easement under section 1265C of the Food Security Act of 1985 (16 U.S.C. 3865c).

(B) Any other acreage on the farm enrolled in a Federal conservation program for which payments are made in exchange for not producing an agricultural commodity on the acreage.

(C) If the Secretary designates additional oilseeds, any eligible oilseed acreage, which shall be determined in the same manner as eligible oilseed acreage under subsection (b)(1)(C).

**(3) Selection of acres**

The Secretary shall give the owner of the farm the opportunity to select the base acres for a covered commodity or generic base acres for the farm against which the reduction required by paragraph (1) will be made.

**(4) Exception for double-cropped acreage**

In applying paragraph (1), the Secretary shall make an exception in the case of double cropping, as determined by the Secretary.

**(d) Reduction in base acres**

**(1) Reduction at option of owner**

**(A) In general**

The owner of a farm may reduce, at any time, the base acres for any covered commodity or generic base acres for the farm.

**(B) Effect of reduction**

A reduction under subparagraph (A) shall be permanent and made in a manner prescribed by the Secretary.

**(2) Required action by Secretary**

**(A) In general**

The Secretary shall proportionately reduce base acres, including any generic base acres, on a farm for land that has been subdivided and developed for multiple residential units or other nonfarming uses if the size of the tracts and the density of the subdivision is such that the land is unlikely to return to the previous agricultural use, unless the producers on the farm demonstrate that the land—

- (i) remains devoted to commercial agricultural production; or
- (ii) is likely to be returned to the previous agricultural use.

**(B) Requirement**

The Secretary shall establish procedures to identify land described in subparagraph (A).

**(3) Treatment of base acres on farms entirely planted to grass or pasture**

**(A) In general**

In the case of a farm on which all of the cropland was planted to grass or pasture (including cropland that was idle or fallow), as determined by the Secretary, during the period beginning on January 1, 2009, and ending on December 31, 2017, the Secretary shall maintain all base acres and payment yields for the covered commodities on the farm, except that no payment shall be made with respect to those base acres under section 9016 or 9017 of this title for the 2019 through 2023 crop years.

**(B) Ineligibility**

The producers on a farm for which all of the base acres are maintained under subparagraph (A) shall be ineligible for the option to change the election applicable to the producers on the farm under section 9015(h) of this title.

**(4) Prohibition on reconstitution of farm**

The Secretary shall ensure that producers on a farm do not reconstitute the farm to void or change the treatment of base acres under this section.

**AMENDMENTS**

**2018**—Subsec. (c)(2)(A). Pub. L. 115–334, §1102(a), added subpar. (A) and struck out former subpar. (A) which read as follows: "Any acreage on the farm enrolled in the conservation reserve program or wetlands reserve program (or successor programs) under chapter 1 of subtitle D of title XII of the Food Security Act of 1985 (16 U.S.C. 3830 et seq.)."

Subsec. (d)(3), (4). Pub. L. 115–334, §1102(b), added pars. (3) and (4).

**§9013. Payment yields**

**(a) Establishment and purpose**

For the purpose of making price loss coverage payments under section 9016 of this title, the Secretary shall provide for the establishment of a yield for each farm for any designated oilseed for which a payment yield was not established under section 8712 of this title in accordance with this section.

**(b) Payment yields for designated oilseeds**

**(1) Determination of average yield**

In the case of oilseeds designated before December 20, 2018, the Secretary shall determine the average yield per planted acre for the designated oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the designated oilseed was zero.

**(2) Adjustment for payment yield**

**(A) In general**

The payment yield for a farm for an oilseed designated before December 20, 2018, shall be equal to the product of the following:

- (i) The average yield for the designated oilseed determined under paragraph (1).
- (ii) The ratio resulting from dividing the national average yield for the designated oilseed for the 1981 through 1985 crops by the national average yield for the designated oilseed for the 1998 through 2001 crops.

**(B) No national average yield information available**

To the extent that national average yield information for an oilseed designated before December 20, 2018, is not available, the Secretary shall use such information as the Secretary determines to be fair and equitable to establish a national average yield under this section.

**(3) Use of county average yield**

If the yield per planted acre for a crop of an oilseed designated before December 20, 2018, for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that designated oilseed, the Secretary shall assign a yield for that crop year equal to 75 percent of the county yield for the purpose of determining the average under paragraph (1).

**(4) Treatment of oilseeds designated after certain date**

In the case of oilseeds designated on or after December 20, 2018, the payment yield shall be equal to 90 percent of the average of the yield per planted acre for the most recent 5 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the covered commodity was zero.

**(c) Effect of lack of payment yield**

**(1) Establishment by Secretary**

In the case of a covered commodity on a farm for which base acres have been established or that is planted on generic base acres, if no payment yield is otherwise established for the covered commodity on the farm, the Secretary shall establish an appropriate payment yield for the covered commodity on the farm under paragraph (2).

**(2) Use of similarly situated farms**

To establish an appropriate payment yield for a covered commodity on a farm as required by paragraph (1), the Secretary shall take into consideration the farm program payment yields applicable to that covered commodity for similarly situated farms. The use of such data in an appeal, by the Secretary or by the producer, shall not be subject to any other provision of law.

**(d) Single opportunity to update yields**

**(1) Election to update**

At the sole discretion of the owner of a farm, the owner of a farm shall have a 1-time

opportunity to update, on a covered-commodity-by-covered-commodity basis, the payment yield that would otherwise be used in calculating any price loss coverage payment for each covered commodity on the farm for which the election is made.

## **(2) Method of updating yields for covered commodities**

If the owner of a farm elects to update yields under paragraph (1), the payment yield for a covered commodity on the farm, for the purpose of calculating price loss coverage payments only, shall be equal to the product obtained by multiplying—

(A) 90 percent;

(B) the average of the yield per planted acre for the crop of covered commodities on the farm for the 2013 through 2017 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the covered commodity was zero; and

(C) subject to paragraph (3), the ratio obtained by dividing—

(i) the average of the 2008 through 2012 national average yield per planted acre for the covered commodity, as determined by the Secretary; by

(ii) the average of the 2013 through 2017 national average yield per planted acre for the covered commodity, as determined by the Secretary.

## **(3) Limitation**

In no case shall the ratio obtained under paragraph (2)(C) be less than 90 percent or greater than 100 percent.

## **(4) Use of county average yield**

For the purposes of determining the average yield per planted acre under paragraph (2)(B), if the yield per planted acre for a crop of a covered commodity for a farm for any of the crop years described in that subparagraph was less than 75 percent of the average of county yields for those crop years for that commodity, the Secretary shall assign a yield for that crop year equal to 75 percent of the average of the 2013 through 2017 county yield for the covered commodity.

## **(5) Upland cotton conversion**

In the case of seed cotton, for purposes of determining the average of the yield per planted acre under this subsection, the average yield for seed cotton per planted acre shall be equal to 2.4 times the average yield for upland cotton per planted acre.

## **(6) Time for election**

An election under this subsection shall be made at a time and manner so as to be in effect beginning with the 2020 crop year, as determined by the Secretary.

## **(e) Payment yield for seed cotton**

### **(1) Payment yield**

Subject to paragraph (2), the payment yield for seed cotton for a farm shall be equal to 2.4 times the payment yield for upland cotton for the farm established under section 8714(e)(3) of this title (as in effect on September 30, 2013).

### **(2) Update**

At the sole discretion of the owner of a farm with a yield for upland cotton described in paragraph (1), the owner of the farm shall have a 1-time opportunity to update the payment yield for upland cotton for the farm, as provided in subsection (d), for the purpose of calculating the payment yield for seed cotton under paragraph (1).

Subsec. (d). Pub. L. 115–334, §1103(b), added subsec. (d) and struck out former subsec. (d) which consisted of pars. (1) to (4) relating to election to update payment yield, time for election, method of updating yields, and use of county average yield, respectively.

Subsec. (e). Pub. L. 115–123 added subsec. (e).

### **EFFECTIVE DATE OF 2018 AMENDMENT**

Amendment by Pub. L. 115–123 applicable beginning with the 2018 crop year, see section 60101(a)(13) of Pub. L. 115–123, set out as a note under section 9011 of this title.

## **§9014. Payment acres**

### **(a) Determination of payment acres**

#### **(1) General rule**

For the purpose of price loss coverage and agriculture risk coverage when county coverage has been selected under section 9015(b)(1) of this title, but subject to subsection (e), the payment acres for each covered commodity on a farm shall be equal to 85 percent of the base acres for the covered commodity on the farm.

#### **(2) Effect of individual coverage**

In the case of agriculture risk coverage when individual coverage has been selected under section 9015(b)(2) of this title, but subject to subsection (e), the payment acres for a farm shall be equal to 65 percent of the base acres for all of the covered commodities on the farm.

### **(b) Treatment of generic base acres**

#### **(1) In general**

In the case of generic base acres, price loss coverage payments and agriculture risk coverage payments are made only with respect to generic base acres planted to a covered commodity for the crop year.

#### **(2) Attribution**

With respect to a farm containing generic base acres, for the purpose of applying paragraphs (1) and (2) of subsection (a), generic base acres on the farm are attributed to a covered commodity in the following manner:

(A) If a single covered commodity is planted and the total acreage planted exceeds the generic base acres on the farm, the generic base acres are attributed to that covered commodity in an amount equal to the total number of generic base acres.

(B) If multiple covered commodities are planted and the total number of acres planted to all covered commodities on the farm exceeds the generic base acres on the farm, the generic base acres are attributed to each of the covered commodities on the farm on a pro rata basis to reflect the ratio of—

- (i) the acreage planted to a covered commodity on the farm; to
- (ii) the total acreage planted to all covered commodities on the farm.

(C) If the total number of acres planted to all covered commodities on the farm does not exceed the generic base acres on the farm, the number of acres planted to a covered commodity is attributed to that covered commodity.

#### **(3) Treated as additional acreage**

When generic base acres are planted to a covered commodity or acreage planted to a covered commodity is attributed to generic base acres, the generic base acres are in addition to other base acres on the farm.

#### **(4) Seed cotton**

**(A) In general**

Not later than 90 days after February 9, 2018, the Secretary shall require the owner of a farm to allocate all generic base acres on the farm under subparagraph (B) or (C), or both.

**(B) No recent history of covered commodities**

In the case of a farm on which no covered commodities (including seed cotton) were planted or were prevented from being planted at any time during the 2009 through 2016 crop years, the owner of such farm shall allocate generic base acres on the farm to unassigned crop base for which no payments may be made under section 9016 or 9017 of this title.

**(C) Recent history of covered commodities**

In the case of a farm not described in subparagraph (B), the owner of such farm shall allocate generic base acres on the farm—

(i) subject to subparagraph (D), to seed cotton base acres in a quantity equal to the greater of—

(I) 80 percent of the generic base acres on the farm; or

(II) the average number of seed cotton acres planted or prevented from being planted on the farm during the 2009 through 2012 crop years (not to exceed the total generic base acres on the farm); or

(ii) to base acres for covered commodities (including seed cotton), by applying subparagraphs (B), (D), (E), and (F) of section 9012(a)(3) of this title.

**(D) Treatment of residual generic base acres**

In the case of a farm on which generic base acres are allocated under subparagraph (C)(i), the residual generic base acres shall be allocated to unassigned crop base for which no payments may be made under section 9016 or 9017 of this title.

**(E) Effect of failure to allocate**

In the case of a farm not described in subparagraph (B) for which the owner of the farm fails to make an election under subparagraph (C), the owner of the farm shall be deemed to have elected to allocate all generic base acres in accordance with subparagraph (C)(i).

**(c) Exclusion**

The quantity of payment acres determined under subsection (a) may not include any crop subsequently planted during the same crop year on the same land for which the first crop is eligible for price loss coverage payments or agriculture risk coverage payments, unless the crop was approved for double cropping in the county, as determined by the Secretary.

**(d) Effect of minimal payment acres**

**(1) Prohibition on payments**

Notwithstanding any other provision of this chapter, a producer on a farm may not receive price loss coverage payments or agriculture risk coverage payments if the sum of the base acres on the farm is 10 acres or less, as determined by the Secretary, unless the sum of the base acres on the farm, when combined with the base acres of other farms in which the producer has an interest, is more than 10 acres.

**(2) Exceptions**

Paragraph (1) does not apply to a producer that is—

(A) a socially disadvantaged farmer or rancher (as defined in section 2003(e) of this title);

(B) a limited resource farmer or rancher, as defined by the Secretary;

(C) a beginning farmer or rancher (as defined in subsection (a) of section 2279 of this title);

or

(D) a veteran farmer or rancher (as defined in subsection (a) of section 2279 of this title).

**(e) Effect of planting fruits and vegetables**

### **(1) Reduction required**

In the manner provided in this subsection, payment acres on a farm shall be reduced in any crop year in which fruits, vegetables (other than mung beans and pulse crops), or wild rice have been planted on base acres on a farm.

### **(2) Price loss coverage and county coverage**

In the case of price loss coverage payments and agricultural risk coverage payments using county coverage, the reduction under paragraph (1) shall be the amount equal to the base acres planted to crops referred to in such paragraph in excess of 15 percent of base acres.

### **(3) Individual coverage**

In the case of agricultural risk coverage payments using individual coverage, the reduction under paragraph (1) shall be the amount equal to the base acres planted to crops referred to in such paragraph in excess of 35 percent of base acres.

### **(4) Reduction exceptions**

No reduction to payment acres shall be made under this subsection if—

(A) cover crops or crops referred to in paragraph (1) are grown solely for conservation purposes and not harvested for use or sale, as determined by the Secretary; or

(B) in any region in which there is a history of double-cropping covered commodities with crops referred to in paragraph (1) and such crops were so double-cropped on the base acres, as determined by the Secretary.

### **(5) Effect of reduction**

For each crop year for which fruits, vegetables (other than mung beans and pulse crops), or wild rice are planted to base acres on a farm for which a reduction in payment acres is made under this subsection, the Secretary shall consider such base acres to be planted, or prevented from being planted, to a covered commodity for purposes of any adjustment or reduction of base acres for the farm under section 9012 of this title.

### **(f) Unassigned crop base**

The Secretary shall maintain information on generic base acres on a farm allocated as unassigned crop base under subsection (b)(4).

## **§9015. Producer election**

### **(a) Election required**

For the 2014 through 2018 crop years (except as provided in subsection (g)) and for the 2019 through 2023 crop years (subject to subsection (h)), all of the producers on a farm shall make a 1-time, irrevocable election to obtain—

#### **(2) Effect of failure to make unanimous election**

If all the producers on a farm fail to make a unanimous election under paragraph (1), the

producers on the farm shall be deemed to have elected price loss coverage under section 9016 of this title for acres allocated on the farm to seed cotton.

## **(h) Option to change election**

### **(1) In general**

For the 2021 crop year and each crop year thereafter, all of the producers on a farm may change the election under subsection (a), subsection (c), or this subsection, as applicable, to price loss coverage or agriculture risk coverage, as applicable.

### **(2) Applicability**

An election change under paragraph (1) shall apply to—

- (A) the crop year for which the election change is made; and

If all of the producers on a farm make the election under section 9015(a) of this title to obtain

agriculture risk coverage, the Secretary shall make agriculture risk coverage payments (beginning with the 2019 crop year, based on the physical location of the farm) to producers on the farm if the Secretary determines that, for any of the 2014 through 2018 crop years or the 2019 through 2023 crop years, as applicable—

- (1) the actual crop revenue determined under subsection (b) for the crop year; is less than
- (2) the agriculture risk coverage guarantee determined under subsection (c) for the crop year.

## **(b) Actual crop revenue**

### **(1) County coverage**

In the case of county coverage, the amount of the actual crop revenue for a county for a crop year of a covered commodity shall be equal to the product obtained by multiplying—

- (A) the actual average county yield per planted acre for the covered commodity, as determined by the Secretary; and

### **(2) Individual coverage**

In the case of individual coverage, the amount of the actual crop revenue for a producer on a farm for a crop year shall be based on the producer's share of all covered commodities planted on all farms for which individual coverage has been selected and in which the producer has an interest, to be determined by the Secretary as follows:

- (A) For each covered commodity, the product obtained by multiplying—
  - (i) the total production of the covered commodity on such farms, as determined by the Secretary; and
  - (ii) the higher of—
    - (I) the national average market price received by producers during the 12-month marketing year, as determined by the Secretary; or
    - (II) the national average loan rate for a marketing assistance loan for the covered commodity in effect for such crop year under subchapter II.

## **(c) Agriculture risk coverage guarantee**

### **(1) In general**

The agriculture risk coverage guarantee for a crop year for a covered commodity shall equal 86 percent of the benchmark revenue.

### **(2) Benchmark revenue for county coverage**

In the case of county coverage, the benchmark revenue shall be the product obtained by multiplying—

- (A) subject to paragraphs (4) and (5), the average historical county yield as determined by the Secretary for the most recent 5 crop years, excluding each of the crop years with the highest and lowest yields; and
- (B) subject to paragraph (6), the national average market price received by producers during the 12-month marketing year for the most recent 5 crop years, excluding each of the crop years with the highest and lowest prices.

### **(3) Benchmark revenue for individual coverage**

In the case of individual coverage, the benchmark revenue for a producer on a farm for a crop year shall be based on the producer's share of all covered commodities planted on all farms for which individual coverage has been selected and in which the producer has an interest, to be determined by the Secretary as follows:

(A) For each covered commodity for each of the most recent 5 crop years, the product obtained by multiplying—

(i) subject to paragraph (4), the yield per planted acre for the covered commodity on such farms, as determined by the Secretary; by

(ii) subject to paragraph (6), the national average market price received by producers during the 12-month marketing year.

(B) For each covered commodity, the average of the revenues determined under subparagraph (A) for the most recent 5 crop years, excluding each of the crop years with the highest and lowest revenues.

(C) For each of the 2014 through 2023 crop years, the sum of the amounts determined under subparagraph (B) for all covered commodities on such farms, but adjusted to reflect the ratio between the total number of acres planted on such farms to a covered commodity and the total acres of all covered commodities planted on such farms.

#### **(4) Yield conditions**

##### **(A) 2014 through 2018 crop years**

Effective for the 2014 through 2018 crop years, if the yield per planted acre for the covered commodity or historical county yield per planted acre for the covered commodity for any of the 5 most recent crop years, as determined by the Secretary, is less than 70 percent of the transitional yield, as determined by the Secretary, the amounts used for any of those years in paragraph (2)(A) or (3)(A)(i) shall be 70 percent of the transitional yield.

##### **(B) 2019 through 2023 crop years**

Effective for the 2019 through 2023 crop years, if the yield per planted acre for the covered commodity or historical county yield per planted acre for the covered commodity for any of the 5 most recent crop years, as determined by the Secretary, is less than 80 percent of the transitional yield, as determined by the Secretary, the amounts used for any of those years in paragraph (2)(A) or (3)(A)(i) shall be 80 percent of the transitional yield.

#### **(5) Trend-adjusted yield**

The Secretary shall calculate and use a trend-adjusted yield factor to adjust the yield determined under paragraph (2)(A) and subsection (b)(1)(A), taking into consideration, but not exceeding, the trend-adjusted yield factor that is used to increase yield history under the endorsement under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) for that crop and county.

#### **(6) Low national average market price**

##### **(A) Reference price**

For the 2014 through 2018 crop years, if the national average market price received by producers during the 12-month marketing year for any of the 5 most recent crop years is lower than the reference price for the covered commodity, the Secretary shall use the reference price for any of those years for the amounts in paragraph (2)(B) or (3)(A)(ii).

##### **(B) Effective reference price**

For the 2019 through 2023 crop years, if the national average market price received by producers during the 12-month marketing year for any of the 5 most recent crop years is lower than the effective reference price for the covered commodity, the Secretary shall use the effective reference price for any of those years for the amounts in paragraph (2)(B) or (3)(A)(ii).

#### **(d) Payment rate**

##### **(1) In general**

The payment rate for a covered commodity, in the case of county coverage, or a farm, in the case of individual coverage, shall be equal to the lesser of—

(A) the amount that—

- (i) the agriculture risk coverage guarantee for the crop year applicable under subsection (c); exceeds
- (ii) the actual crop revenue for the crop year applicable under subsection (b); or

(B) 10 percent of the benchmark revenue for the crop year applicable under subsection (c).

## **(2) Announcement**

Not later than 30 days after the end of each applicable 12-month marketing year for each covered commodity, the Secretary shall publish the payment rate determined under paragraph (1) for each county.

## **(e) Payment amount**

If agriculture risk coverage payments are required to be paid for any of the 2014 through 2023 crop years, the amount of the agriculture risk coverage payment for the crop year shall be determined by multiplying—

- (1) the payment rate determined under subsection (d); and
- (2) the payment acres determined under section 9014 of this title.

## **(f) Time for payments**

If the Secretary determines that agriculture risk coverage payments are required to be provided for the covered commodity, payments shall be made beginning October 1, or as soon as practicable thereafter, after the end of the applicable marketing year for the covered commodity.

## **(g) Additional duties of the Secretary**

In providing agriculture risk coverage, the Secretary shall—

(1) to the maximum extent practicable, use all available information and analysis, including data mining, to check for anomalies in the determination of agriculture risk coverage payments;

(2) calculate a separate actual crop revenue and agriculture risk coverage guarantee for irrigated and nonirrigated covered commodities;

(3) in the case of individual coverage, assign an average yield for a farm on the basis of the yield history of representative farms in the State, region, or crop reporting district, as determined by the Secretary, if the Secretary determines that the farm has planted acreage in a quantity that is insufficient to calculate a representative average yield for the farm;

(4) effective for the 2014 through 2018 crop years, in the case of county coverage, assign an actual or benchmark county yield for each planted acre for the crop year for the covered commodity on the basis of the yield history of representative farms in the State, region, or crop reporting district, as determined by the Secretary, if—

(A) the Secretary cannot establish the actual or benchmark county yield for each planted acre for a crop year for a covered commodity in the county in accordance with subsection (b)(1) or (c)(2); or

**(2) Establishment**

**(A) In general**

The President shall carry out an import quota program beginning on August 1, 2014, as provided in this subsection.

**(B) Program requirements**

Whenever the Secretary determines and announces that for any consecutive 4-week period, the Friday through Thursday average price quotation for the lowest-priced United States growth, as quoted for Middling (M) 13/32-inch cotton, delivered to a definable and significant international market, as determined by the Secretary, exceeds the prevailing world market price, there shall immediately be in effect a special import quota.

**(3) Quantity**

The quota shall be equal to the consumption during a 1-week period of cotton by domestic mills at the seasonally adjusted average rate of the most recent 3 months for which official data of the Department of Agriculture are available or, in the absence of sufficient data, as estimated by the Secretary.

**(4) Application**

The quota shall apply to upland cotton purchased not later than 90 days after the date of the Secretary's announcement under paragraph (2) and entered into the United States not later than 180 days after that date.

**(5) Overlap**

A special quota period may be established that overlaps any existing quota period if required by paragraph (2), except that a special quota period may not be established under this subsection if a quota period has been established under subsection (b).

**(6) Preferential tariff treatment**

The quantity under a special import quota shall be considered to be an in-quota quantity for purposes of—

- (A) section 2703(d) of title 19;
- (B) section 3203 of title 19;
- (C) section 2463(d) of title 19; and

- (ii) production of the current crop; and
- (iii) imports to the latest date available during the marketing year.

**(2) Program**

The President shall carry out an import quota program that provides that whenever the Secretary determines and announces that the average price of the base quality of upland cotton, as determined by the Secretary, in the designated spot markets for a month exceeded 130 percent of the average price of the quality of cotton in the markets for the preceding 36 months, notwithstanding any other provision of law, there shall immediately be in effect a limited global import quota subject to the following conditions:

**(A) Quantity**

The quantity of the quota shall be equal to 21 days of domestic mill consumption of upland cotton at the seasonally adjusted average rate of the most recent 3 months for which official data of the Department of Agriculture are available or, in the absence of sufficient data, as estimated by the Secretary.

**(B) Quantity if prior quota**

If a quota has been established under this subsection during the preceding 12 months, the quantity of the quota next established under this subsection shall be the smaller of 21 days of domestic mill consumption calculated under subparagraph (A) or the quantity required to increase the supply to 130 percent of the demand.

**(C) Preferential tariff treatment**

**(4) Review or audit**

The Secretary may conduct such review or audit of the records of a domestic user under this subsection as the Secretary determines necessary to carry out this subsection.

**(5) Improper use of assistance**

If the Secretary determines, after a review or audit of the records of the domestic user, that economic adjustment assistance under this subsection was not used for the purposes specified in paragraph (3), the domestic user shall be—
