TITLE III—CANE RIVER CREOLE NATIONAL HISTORIC PARK

Cane River
Creole National

National
Heritage

16 USC 410ccc
note.

SEC. 301. SHORT TITLE.

Titles III and IV of this Act may be cited as the “Cane River Creole National Historical Park and National Heritage Area Act”.

SEC. 302. FINDINGS AND PURPOSES.

16 USC 410ccc.

(a) FINDINGS.—The Congress finds that—

(1) the Natchitoches area along Cane River, established in 1714, is the oldest permanent settlement in the Louisiana Purchase territory;

(2) the Cane River area is the locale of the development of Creole culture, from French-Spanish interactions of the early 18th century of today’s living communities;

(3) the Cane River, historically a segment of the Red River, provided the focal point for early settlement, serving as a transportation route upon which commerce and communication reached all parts of the colony;

(4) although a number of Creole structures, sites, and landscapes exist in Louisiana and elsewhere, unlike the Cane River area, most are isolated examples, and lack original outbuilding complexes or integrity;

(5) the Cane River area includes a great variety of historical features with original elements in both rural and urban settings and a cultural landscape that represents various aspects of Creole culture, providing the base for a holistic approach to understanding the broad continuum of history within the region;

(6) the Cane River region includes the Natchitoches National Historic Landmark District, composed of approximately 300 publicly and privately owned properties, four other national historic landmarks, and other structures and sites that may meet criteria for landmark significance following further study;

(7) historic preservation within the Cane River area has greatly benefitted from individuals and organizations that have strived to protect their heritage and educate others about their rich history; and

(8) because of the complexity and magnitude of preservation needs in the Cane River area, and the vital need for a culturally sensitive approach, a partnership approach is desirable for addressing the many preservation and educational needs.

(b) PURPOSES.—The purposes of titles III and IV of this Act are to—

(1) recognize the importance of the Cane River Creole culture as a nationally significant element of the cultural heritage of the United States;

(2) establish a Cane River Creole National Historical Park to serve as the focus of interpretive and educational programs on the history of the Cane River area and to assist in the preservation of certain historic sites along the river; and

(3) establish a Cane River National Heritage Area and Commission to be undertaken in partnership with the State of Louisiana, the City of Natchitoches, local communities and settlements of the Cane River area, preservation organizations,

and private landowners, with full recognition that programs must fully involve the local communities and landowners.

16 USC 410ccc-1. **SEC. 303. ESTABLISHMENT OF CANE RIVER CREOLE NATIONAL HISTORICAL PARK.**

(a) **IN GENERAL.**—In order to assist in the preservation and interpretation of, and education concerning, the Creole culture and diverse history of the Natchitoches region, and to provide technical assistance to a broad range of public and private landowners and preservation organizations, there is hereby established the Cane River Creole National Historical Park in the State of Louisiana (hereinafter in titles III and IV of this Act referred to as the “historical park”).

(b) **AREA INCLUDED.**—The historical park shall consist of lands and interests therein as follows:

The Secretary may also enter into cooperative agreements for the purpose of facilitating the preservation of important historic sites and structures identified in the historical park's general management plan or other heritage elements related to the heritage of the Cane River region. Such cooperative agreements shall specify that the National Park Service shall have reasonable rights of access for operational and visitor use needs and that preservation treatments will meet the Secretary's standards for rehabilitation of historic buildings.
