

Public Law 86-529

AN ACT

To authorize the Secretary of the Interior to construct, operate, and maintain the Norman project, Oklahoma, and for other purposes.

June 27, 1960
[S. 1892]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior is authorized to construct, operate, and maintain the Norman Federal reclamation project, Oklahoma, in accordance with the Federal reclamation laws (Act of June 17, 1902, and Acts amendatory thereof or supplemental thereto), except so far as those laws are inconsistent with this Act, for the principal purposes of storing, regulating, and furnishing water for municipal, domestic, and industrial use, and for controlling floods, and, as incidents to the foregoing for the additional purposes of regulating the flow of the Little River, providing for the conservation and development of fish and wildlife, and of enhancing recreational opportunities. The Norman project shall consist of the following principal work: A reservoir on Little River near Norman, Oklahoma, pumping plants, pipelines, and other conduits for furnishing water for municipal, domestic, and industrial use.

Norman project,
Okla.
Construction.

43 USC 391 et
seq.

The Secretary may enter into suitable contracts with municipal organizations, or other organizations as defined in section 2, Reclamation Project Act of 1939 (53 Stat. 1187), to undertake with non-Federal financing the construction of pumping plants, pipelines, and other conduits, or of any of such works, for furnishing water for municipal, domestic, and industrial use, and to advance to such organizations during the construction period funds to cover an appropriate share of the costs thereof attributable to furnishing water to Tinker Air Force Base.

Contracts.

43 USC 485a.

SEC. 2. In constructing, operating, and maintaining the Norman project, the Secretary shall allocate proper costs thereof in accordance with the following conditions:

Conditions.

(a) Allocations to flood control, recreation, and the conservation and development of fish and wildlife and water supply for Tinker Air Force Base shall be nonreturnable.

(b) Allocations to municipal water supply, including domestic, manufacturing, and industrial uses, with the exception of that for Tinker Air Force Base, shall be repayable to the United States by the water users through contracts with municipal corporations, or other organizations as defined by section 2, Reclamation Project Act of 1939 (53 Stat. 1187), under the provisions of the Federal reclamation laws, and to the extent appropriate, under the Water Supply Act of 1958. Such contracts shall be precedent to the commencement of construction of any project unit affecting the individual municipalities, and shall provide for repayment of construction costs allocated to municipal water supply in not to exceed fifty years from the date water is first delivered for that purpose: *Provided*, That the water users' organization be responsible for the disposal and sale of all water surplus to its requirements, and that the revenues therefrom shall be used by the organization for the retirement of project debt payment, payment of interest, and payment of operation and maintenance cost. The interest rate used for purposes of computing interest during construction and interest on the unpaid balance shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from date of issue.

43 USC 485a.

72 Stat. 319.
43 USC 390b and
note.

(c) Upon the completion of the payment of the water users' construction cost obligation, together with the interest thereon, the water users shall have a permanent right to the use of that portion of the project allocable to municipal water supply purposes, subject, if the project is then operated by the United States, to payment of a reasonable annual charge by the Secretary of the Interior sufficient to pay all operation and maintenance charges and a fair share of the administrative costs applicable to the project.

SEC. 3. Contracts may be entered into with the water users' organization pursuant to the provisions of this Act without regard to the last sentence of subsection (c) of section 9 of the Reclamation Project Act of 1939.

53 Stat. 1193.
43 USC 485h.

Transfer of operation.

SEC. 4. The Secretary is authorized to transfer to the project water users the care, operation, and maintenance of the works herein authorized, and, if such transfer is made, to deduct from the obligation of the water users the reasonable capitalized equivalent of that portion of the estimated operation and maintenance cost of the undertaking which, if the United States continues to operate the project, would be allocated to flood control and fish and wildlife purposes. Prior to taking over the care, operation, and maintenance of said works, the water users' organization shall obligate itself to operate them in accordance with criteria specified by the Secretary of the Army with respect to flood control and the Secretary of the Interior with respect to fish and wildlife: *Provided*, That operation and maintenance and replacement cost of furnishing water supply to Tinker Air Force Base, as contemplated in the plan of development, shall be provided by an appropriate agreement between the Secretary of Defense and the water users' organization.

Construction limitation.

SEC. 5. Construction of the Norman project herein authorized may be undertaken in such units or stages as in the opinion of the Secretary best serves the project requirements and the relative needs for water of the several municipal users. Repayment contracts negotiated in connection with each unit or stage of construction shall be subject to the terms and conditions of section 2 of this Act.

Recreational facilities.

SEC. 6. The Secretary may, upon conclusion of a suitable agreement with any qualified agency of the State of Oklahoma or a political subdivision thereof for assumption of the administration, operation, and maintenance thereof at the earliest practicable date, construct or permit the construction of public park and recreational facilities on lands owned by the United States adjacent to the reservoirs of the Norman project, when such use is determined by the Secretary not to be contrary to the public interest, all under such rules and regulations as the Secretary may prescribe. No recreational use of any area to which this section applies shall be permitted which is inconsistent with the laws of the State of Oklahoma for the protection of fish and game and the protection of the public health, safety, and welfare. The Federal costs of constructing the facilities authorized by this section shall be limited to the nonreimbursable costs of the Norman project for minimum basic recreational facilities as determined by the Secretary.

SEC. 7. Expenditures for the Norman Reservoir may be made without regard to the soil survey and land classification requirements of the Interior Department Appropriation Act, 1954 (43 U.S.C. 390a).

67 Stat. 266.
Appropriation.
Limitation.

SEC. 8. There is hereby authorized to be appropriated for construction of the works authorized by this Act not to exceed \$19,042,000, plus or minus such amounts, if any, as may be justified by reason of ordinary fluctuation in construction costs as indicated by engineering cost indices applicable to the type of construction involved herein: *Provided*, That such basic amount shall not exceed \$12,920,000 in the

event the aqueduct system is not constructed by the Federal Government. There are also authorized to be appropriated such sums as may be required for the operation and maintenance of said works.

SEC. 9. Section 5(f) of the Act entitled "An Act to authorize the Secretary of the Interior to construct, operate, and maintain the Colorado River storage project and participating projects, and for other purposes", approved April 11, 1956 (70 Stat. 109), is amended effective June 1, 1960, to read as follows: "The interest rate applicable to each unit of the storage project and each participating project for purposes of computing interest during construction and interest on the unpaid balance shall be determined by the Secretary of the Treasury, as of the beginning of the fiscal year in which construction is initiated, on the basis of the computed average interest rate payable by the Treasury upon its outstanding marketable public obligations, which are neither due nor callable for redemption for fifteen years from the date of issue."

Approved June 27, 1960.

43 USC 620d.
Interest rate.

Public Law 86-530

AN ACT

To amend sections 1 and 5b of the Life Insurance Act for the District of Columbia.

June 27, 1960
[H. R. 10584]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) subparagraph (i) of paragraph (1) of subsection (c) of section 1 of chapter V of the Life Insurance Act (D.C. Code, section 35-701(c)(1)(i)) is amended to read as follows:

Life Insurance
Act, D. C.
Amendment.
62 Stat. 28.

"(i) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, the Commissioners 1941 Standard Ordinary Mortality Table for such policies issued prior to the operative date of the last paragraph of section 5b(d) of this chapter, and the Commissioners 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date; provided that for any category of such policies issued on female risks all modified net premiums and present values referred to in this section may be calculated according to an age not more than three years younger than the actual age of the insured."

Mortality tables.

62 Stat. 32.

(b) Clause (B) of paragraph (2) of such subsection (D.C. Code, sec. 35-701(c)(2)(B)) is amended to read as follows:

Female risks.

62 Stat. 29.

"(B) A net one-year term premium for such benefits provided for in the first policy year.

"Reserves according to the Commissioners reserve valuation method for (i) life-insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, (ii) annuity and pure endowment contracts, (iii) disability and accidental death benefits in all policies and contracts, and (iv) all other benefits, except life insurance and endowment benefits in life-insurance policies, shall be calculated by a method consistent with the principles of this paragraph (2), except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums."

Reserve valuation.

SEC. 2. (a) Subsection (d) of section 5b of chapter V of the Life Insurance Act (D.C. Code, sec. 35-705b(d)) is amended to read as follows:

62 Stat. 32.
