

(b) It is the sense of the Congress that the regular business loan program of the Small Business Administration should be reviewed by the Congress at least once every two years. It is further the sense of the Congress that the Small Business Administration should submit its estimated needs for additional authorization for such program to the Congress at least one year in advance of the date on which such authorization is to be provided, in order to assure an orderly and recurring review of such program and to avoid emergency appeals for additional authorization. Compliance by the Small Business Administration with the foregoing policy will enable the Congress hereafter to provide additional authorization for such program on a two-year basis.

Review by Congress.

SEC. 2. (a) The Small Business Administration is empowered to make loans (either directly or in cooperation with banks or other lenders through agreements to participate on an immediate or deferred basis) to assist any firm to adjust to changed economic conditions resulting from increased competition from imported articles, but only if (1) an adjustment proposal of such firm has been certified by the Secretary of Commerce pursuant to the Trade Expansion Act of 1962, (2) the Secretary has referred such proposal to the Administration under that Act and the loan would provide part or all of the financial assistance necessary to carry out such proposal, and (3) the Secretary's certification is in force at the time the Administration makes the loan.

(b) The Small Business Administration's authority to make loans under this section shall be in addition to and separate from its authority to make loans under the Small Business Act. With respect to loans made under this section the Administration shall apply the provisions of sections 314, 315, 316, 318, 319, and 320 of the Trade Expansion Act of 1962 as though such loans had been made under section 314 of that Act.
