National bank
branches in for-
eign countries.
39 Stat. 755.
12 USC 601-632.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 25 of the Federal Reserve Act, as amended, is amended by adding the following new paragraph at the end thereof:

"Regulations issued by the Board of Governors of the Federal Reserve System under this section, in addition to regulating powers which a foreign branch may exercise under other provisions of law, may authorize such a foreign branch, subject to such conditions and requirements as such regulations may prescribe, to exercise such further powers as may be usual in connection with the transaction of the business of banking in the places where such foreign branch shall transact business. Such regulations shall not authorize a foreign branch to engage in the general business of producing, distributing, buying or selling goods, wares, or merchandise; nor, except to such limited extent as the Board may deem to be necessary with respect to securities issued by any 'foreign state' as defined in section 25(b) of this Act, shall such regulations authorize a foreign branch to engage or participate, directly or indirectly, in the business of underwriting, selling, or distributing securities."

To authorize the Secretary of the Interior to construct, operate, and maintain the Mann Creek Federal reclamation project, Idaho, and for other purposes.

August 16, 1962
[S. 405]

Mann Creek Fed-
eral reclamation
project, Idaho.

43 USC 371 note.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That for the purposes of providing irrigation water for approximately fifty-one hundred acres, conserving and developing fish and wildlife, and providing recreational benefits, the Secretary of the Interior, acting pursuant to the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto), is authorized to construct, operate, and maintain the facilities of the Mann Creek Federal reclamation project, Idaho. The principal works of the project shall consist of a dam and reservoir, diversion facilities from the reservoir, and drainage facilities.

SEC. 2. The base period provided in subsection (d), section 9, of the Reclamation Project Act of 1939, as amended, for repayment of the construction costs properly chargeable to any block of lands and assigned to be repaid by irrigators shall be forty years, exclusive of

any development period, from the time water is first delivered to that block. Costs allocated to irrigation in excess of the amount determined by the Secretary to be within the ability of the irrigators to repay within the repayment period or periods herein specified, shall be returned to the reclamation fund within such period or periods from revenues derived by the Secretary of the Interior from the disposition of power marketed through the Federal power system in southern Idaho.

SEC. 3. (a) The Secretary of the Interior is authorized, in connection with the Mann Creek project, to construct minimum basic public recreation facilities, and to acquire such lands as may be necessary for that purpose, substantially in accordance with the plan in the report of the Secretary of the Interior, but such facilities (other than those necessary to protect the project works and the visiting public) shall not be constructed until an agreement has been executed by the State of Idaho, an agency or political subdivision thereof, or an appropriate local agency or organization to assume the management and operation of the facilities. The cost of constructing such facilities shall be nonreimbursable and nonreturnable under the reclamation laws.

Recreation facilities, construction.

(b) The Secretary may make such reasonable provision in the works authorized by this Act as he finds to be required for the conservation and development of fish and wildlife in accordance with the provisions of the Fish and Wildlife Coordination Act (48 Stat. 401, as amended; 16 U.S.C. 661, and the following), and the portion of the construction costs allocated to these purposes, together with an appropriate share of the operation, maintenance, and replacement costs therefor, shall be nonreimbursable and nonreturnable. Before the works are transferred to an irrigation water users' organization for care, operation, and maintenance, the organization shall have agreed to operate them in such fashion, satisfactory to the Secretary, as to achieve the benefits to fish and wildlife on which the allocation of costs therefor is predicated, and to return the works to the United States for care, operation, and maintenance in the event of failure to comply with his requirements to achieve such benefits.

Fish and wildlife, conservation.

60 Stat. 1080;
72 Stat. 563.

SEC. 4. There is hereby authorized to be appropriated for construction of the works herein authorized the sum of \$3,490,000 (April 1961 prices). There are also authorized to be appropriated such sums as may be required for the operation and maintenance of said works.

Appropriation.
