Such rates and charges shall approximate commercial charges for comparable space and services, except that with respect to those buildings for which the Administrator of General Services is responsible for alterations only (as the term ‘alter’ is defined in section 13(5) of the Public Buildings Act of 1959 (73 Stat. 479), as amended (40 U.S.C. 612(5))), the rates charged the occupant for such services shall be fixed by the Administrator so as to recover only the approximate applicable cost incurred by him in providing such alterations. The Administrator may exempt anyone from the charges required by this subsection if he determines that such charges would be infeasible or impractical. To the extent any such exemption is granted, appropriations to the General Services Administration are authorized to reimburse the fund for any loss of revenue.
